Hi Carlos,

UMBC recently implemented a digital repository, ScholarWorks@UMBC, here: <https://mdsoar.org/handle/11603/14>. We're trying to add more publications so that ScholarWorks better showcases what we do at UMBC. I'm wondering if you'd give me permission to put your paper "Simulation of multi-pulse coaxial helicity injection in the Sustained Spheromak Physics Experiment" in ScholarWorks@UMBC? The publisher does allow articles to be posted in institutional repositories with a 1 year embargo. If you're good with that, please simply reply "yes" and I'll add it with the embargo. Thanks.
