## HON. E. E. JACKSON.

Subject to the decision of the Democratic State Convention.

Our town is in need of a supply of wholesome drinking water. The underground supply has long since become unfit for use, on account of the decaying animal matter from the cemeteries and from impurities carried from our streets; especially is this the case in the central portions of the town. When the town is rebuilt, the demand for water works will be even greater, as many of the stores on Main St. will have dwellings above. If individual capital can be found to undertake the enterprise, let us look it up, if not let the town furnish the means. A good water supply not only furnishes the luxury of wholesome drinking water and cleanly streets, but lessens our insurance—an item of consideration.

—Straws that indicate the direction of the wind in Kent.

From the News:  
Senator E. E. Jackson's friends are warmly active for the gubernatorial prize, and claim a solid Eastern Shore delegation for him, with the exception possibly of one or two counties. Senator Jackson not only has the requisite intellectual ability for this office but is also a man of most generous heart. He has large means, but was never a fool because of it. He is a man of the people and most popular where best known.

From the Transcript:  
Senator Jackson of Wicomico will undoubtedly go to the State convention with a good lively influential Eastern Shore delegation. In the lower part of the Peninsula, he is especially strong, and in Kent he has warm friends who urge his claims. Mr. Jackson, from the present outlook is just as likely to be struck by gubernatorial lightning as any other good man.

—Twenty-two years ago the last gun of the Civil war was fired. What has been the result? Is there dimensions of hatred now existing between the opposing armies that made that vast region of country from the Atlantic across the Mississippi one great battle field? The voice of the people cries no! The victor has lost the pride of conquest and the vanquished does not remember the pain of defeat.

The Southern as well as the Northern soldiers are serving the same government and in harmony. No Federal soldier now doubts the patriotism of a Confederate and vice versa. Both are honored and respected by each other, and as an evidence of this fact it is only necessary to say that the graves of all soldiers in the civil war irrespective of North or South were decorated here Monday last by the E. O. C. Ord Post. So it was all over the country. The New York Star asked this question and no bly answers it.

What has produced this pacification unparalleled in the history of the race? Nothing can have produced it except the institutions under which we live. It is the spirit of American freedom that has spread this perfect peace over the land.

Americans have been taught to trust to the judgment, the conscience, the good will of men. That trust the very foundation of the Republic, has proved able to solve political problems which have been thought to be insoluble. It is not shown to be stronger than the edict by which the Jews were driven out of Spain, or than the Revocation by which the Protestants were driven out of France. It has been shown to be more effective than any disabilities such as were placed on Catholics in England and on the Covenanters in Scotland.

The day that is dedicated to memories of the war brings to the people's thoughts that benign spirit of liberty which has grown out of man's love for his fellow, and to which we owe our greatest happiness and the peace after strife that now blesses us.

—The pretty fields of wheat to be seen all over the county, with an equal number of very poor ones interspersed among them, plainly demonstrate one fact, and that is that early seeding is the surest guarantee of a good crop. Our winters are so severe and unfavorable that, unless the wheat plants get a vigorous start in autumn, they are so nearly killed by spring that all the favorable weather we have cannot atone for the injury done.

In Pennsylvania, we are told, the farmers make it a point to have their wheat in the ground by the middle of September, and in the great wheat-growing counties of Maryland it is considered that the wheat seeding season is ended by or before the first of October. With us, most farmers will not plant their wheat before October, and many are even as late as November before completing their seeding. Taking the whole routine of the best crops nine times out of ten. Let our farmers consider these things in all their bearings, adding to them the wisdom of their years of experience and good results are sure to follow. Let them look beyond the confines of their own county, too, and consider the methods employed by successful farmers elsewhere. Much can be learned in this way. The time has come when the farmer must think as well as work.—Removal and News.

—Many thousands of dollars have been lost by the discovery of blight in Southern New Jersey, and it is said that some growers who depended almost exclusively on this crop have been ruined. The destruction has been so serious as that from grape rot. The disease has shown itself in the past several years, and has been growing more and more common, and it is said that there will not be a good crop this season.—Removal and News.

Philadelphia, May 31, 1897.

You can order what you want by mail, if you can't come to the store yourself.

There's just as much art in the coarse Hamburg Embroideries as in the finest we've got. The designs are as handsome. The same kind of a machine takes every stitch. If there were a few more stitches in each pattern the price would be twice, three times, may be four times what it now is.

You'll be surprised when you see these Hamburgs that so little money'll buy them.

Flouncings, 35c. to \$1.25.  
Flouncings, 25 to 75c.  
All-overs, 25 to 50c.  
Narrowes, 2 to 10c.

For light stubbing around, climbing hills, tramping on sand or grass, there's nothing for the hot months better than Canvas Shoes, leather or rubber soles.

Women's, Misses', Men's, or Boys' Canvas, \$1.75 to \$2. Children's, \$1.25 to \$1.75.

Straw Slippers, daintily turned, light enough for fairy feet, cool, cosy. You think of Cinderella. No finer work of the kind was ever done. Black and fancy colors, \$1.50. Precisely the same styles that sold last year \$2.50 to \$4. These slippers will not be sent out on approval, and will only be exchanged for a different size.

Saves money and worry to buy the Underwear things ready-made. Overstocked manufacturers want cash, that's our—your—opportunity.

Dressing Sacks, many styles, 40 cents to \$1.00. Muslin Skirts, tucked or embroidered ruffle, 75 cents to \$1.25. Extra sizes from \$1 to \$5.

Nurses' Aprons and Caps. Latest designs in Lace-trimmed Underwear. Whatever else you'll be likely to look for.

Two special items in Fowne's (London) Silk Mitts: Black pure Silk Jersey Mitts, open-work face, 37½ cents. Black extra quality pure Silk Jersey Mitts, 50 cents. These mitts are strikingly different from usual goods at the prices.

Amateur Athletes. Tender hands, of course. Blisters, jams, arnica, misery, of course. Why either? Read the answer in the new "Bicycle Gloves." Just as good for ball playing or rowing. \$1.25.

Mexican Hammocks. The most reliable. Weather proof, fast colors, 14 feet long, 6 feet wide; weigh 4 pounds. White or colored. \$1.25. You'll be asked \$1.50 for a shorter, lighter, poorer Mexican Hammock in some of the stores.

More of the men's Linen—all-the-way-through Collars and Cuffs have come from Virgo, Middleton & Co., London. Collars 25 cents, Cuffs 40 cents. It's a wonder where so many of them go!

Summer stationery in convenient form for Tourists. In writing papers "Tuxedo," "Westmoreland," "Zitka" and 150 other popular grades in boxes, 12 cents to \$1.50. The New papers by the quire or ream, with latest shapes in envelopes. Short notice orders get special care.

Not fit alone, you want fit and quality in clothes. They are poor, mean things (common enough, too) in which you get just a little of either. The fit is easy to judge; you must be cloth-wise to know quality. Eyes and fingers must be trained. How many of you have eyes and fingers trained in that way? You must trust somebody.

Man or Boy, we've the Clothes for rough or for best in every stuff that's suited to the season.

The little child who was born in a ravine about half a mile east of Perryopolis, Fayette County, Pa., is still in operation and propelled, as he is called, by a stream flowing down a rugged, red, called after the founder of the mill. The child is, as might be expected, a rude structure. Originally it consisted of but one story, and the lines were Washington left off and the improvements, as they were, began at a plainly discernible. The name of the present proprietor is Samuel Smith, who takes pride in the fact that it is the best of its kind in the South. Smith, since it passed from the possession of the illustrious founder. To the east of this is to be seen two of the block houses in which Washington's slaves were housed—the only ones remaining that show the remains of their occupancy. Still further east on the elevation stands the house of Mr. Harney, one of the original owners of that portion of the grant to Washington upon which Perryopolis was built.—Pittsburgh Leader.

FOR GOVERNOR OF MARYLAND:  
**HON. E. E. JACKSON.**  
Subject to the decision of the Democratic State Convention.

The New York Star has undertaken to make \$125,000 by subscriptions, ranging from one cent to ten dollars, to erect a monument to Gen. Grant in Riverside Park, New York. During the three first days of this week, nearly one thousand dollars was contributed. It seems to us that the Star has a big work to perform, but then the Star is an enterprising journal and need to doing big things.

After six futile efforts, the Diocese of Boston has succeeded in obtaining an executive head in the person of Bishop Adams, late missionary Bishop of Mexico and Arizona. But little is known of Bishop Adams in this Diocese, but we have every reason to believe that he is well qualified for the duties of the high and holy office to which he is called, since he was once chosen by the House of Bishops for a similar trust. It is to be hoped too, that the embarrassing situation of the Diocese has terminated happily.

Cardinal Gibbons, of Baltimore, seems to be home at last. A public reception was given him in Baltimore on his return. Mayor Hodges and the City Council participating. What business any municipal government in this country has participating in an oration to a church dignitary, we fail to see. That Cardinal Gibbons has a right to go to Rome and return as often as his Roman Catholic subjects see fit to send him, no one doubts. He has a right, too, to be received with as much demonstration as his church members see fit to make; but neither the government of Baltimore nor that of any other city in the Union, should participate. The Roman Catholic Church is not supposed to be any part of the government, local or general.

**Death of Ex-Vice President Wheeler.**  
OF NEW YORK. Mr. A. Wheeler, formerly United States Senator, died at his home in New York City, Saturday morning, June 10, 1887, at the age of 69 years. He had been ill for some time, and was suffering from pneumonia and neuritis, and was also afflicted with catarrh of the bladder. The night of the 3d of March last he was seized with a chill, followed by a sinking spell, and then by fever, and for hours his physician thought him dying. He never fully rallied from that attack, and his mind and body wasted together. There was nothing of the brain, and for weeks he had been irrational. This brain affliction was the immediate cause of his death. On Monday last he sank into a condition of unconsciousness, from which he never fully aroused, except for a moment or two at a time, and from Wednesday he had not spoken, nor given any sign of recognition of his friends. Mr. Wheeler had no near relative, but the relatives of his deceased wife and personal friends were with him during his last illness.

A New War in Rowan County, Ky.

LOUISVILLE, June 8.—A special gives the following particulars of the reopening of hostilities in Kentucky's most lawless county—Rowan. Yesterday the town marshal of Morehead, John Mannin, had a warrant for the arrest of Jack and William Logan, sons of the notorious Dr. Henry D. Logan, who is now in the Lexington jail on a charge of murder. Mannin went to the house of the Logan boys to arrest them. An old lady told him they were not in. He told her that he would have to search the house, and proceeded to do so. As he ascended the stairway the Logan boys, who were concealed above, fired upon him, inflicting fatal wounds. Mannin's posse of two men, who were with him, then returned the fire of the Logan boys, killing them both.

Stanley's Expedition.

LONDON, June 8.—A dispatch from St. Paul de Leonde says: "The latest Congo expedition is to the effect that Stanley's expedition is making a successful progress up the river, owing to the fact that the vessels were heavily laden. The expedition passed the confluence of Kani river on May 6, and Stanley expected to arrive at Bolobo on May 8. A slight accident has happened to the engines of the steamer Peace, which was soon rectified. Otherwise all was well."

Russian Diplomatic Dismissal.

LONDON, June 8.—A dispatch to the Cologne Gazette from St. Petersburg says that M. Salomoff and M. Tatischeff, formerly Russian ambassadors at Berlin, have been dismissed from the diplomatic service of Russia for publishing secret official documents in connection with the controversy between the North German Gazette and the Russian press, and that Editor Katkoff, of the Moscow Gazette, has been reprimanded for publishing the documents.

Send a letter for what you want and our buyers will make the selection for you.  
**The Sporting Goods.**  
First and foremost, Tennis. Healthful, graceful, social Tennis. Not such a temper-tryer and character shower as Croquet. A man or woman can have a mean streak and not show it at Tennis. No skill or much skill, what's the odds? There's lots of innocent fun in it for both sexes, just the same. We've Tennis things as you can find them nowhere else. Not simply this Racket or that Racket, but all Rackets that are above the mean. A fairly good Racket for \$1.45, then up and up. Our Nonpareil, \$4, has nearly every Racket virtue; you pay nothing for name. If you prefer a Wright & Ditson, a Peck & Snyder, a Reach, a Horsman, a Spaulding or a Granbery, its here and generally for less than the maker would charge you.  
All the Tennis sundries—Balls, Nets, Poles and what not in the same way. And we give a discount to clubs.  
Tennis Suits and Shoes too. Athletic Suits (Jersey Trunks and Jackets) navy and black, \$2 and 4; striped \$4. Men's Bathing Suits, \$2.50 to 4; special, striped Jersey, \$6 and 7. Swimming Tights 25 to 50 cents.  
White Turkish Bath Robes \$4 and 5.  
Women's Flannel Bathing Suits \$2.50 to 5.50; Jersey Bathing Suits, exclusive styles, \$6 to 7. Black Jersey Stocking, cork soles, canvas covered, \$1.25. Bathing Hats and Caps 20 to 85 cents.  
Bicycle Hose 75 cents to \$1.25. Striped Bicycle Jerseys \$2.50 and 5.  
If your hands are tender no need to blister and jam them. The new Bicycle Gloves \$1.25.  
Sporting things, except those for wear, are in the Basement. All the leading makes. Croquet Sets, 90 cents to \$1.00; Base Balls 5 cents to \$1.50; Bats 10 to 75 cents; also Masks, Belts, Caps and the like. Cricket Goods, Dumb Bells, Tents, Indian Clubs, Archery Outfits, and dozens of other things as well as a complete line of Abbey & Imbrie's Fishing Tackle.  
A list of the Sporting Goods, with the Wanamaker prices, for the asking.

Wick Gingham in stripes and plaids.  
The richest, most audacious of the Gingham brood. They're from north of the Tweed. Scotch thoroughness in every thread; French taste and sprightliness in every tint and fancy touch. A this season sensation. They've been 40 cents; to-day 30.  
With them the Corded Gingham. A little simpler in make. No bunches or hunches in the twine-like threads that form the stripes and plaids. Maybe you'll think them as handsome. Hundreds of women have when Cords and Wicks were each 40 cents. The Cords are 25 now.  
Both in pleasing color-combinations.

Colored skirts. Summer skirts. Plenty of stuff in them; good stuff. Trimming, too, even on the cheapest. Think of a decent, presentable skirt, for 20 cents! Somebody's loss is your gain. Skirts for 20c, 30c, 40c, 50c, 60c, 75c, \$1, 1.25, 1.50, and 2.00.  
Dressing Sacques in Cambric, Lawn or Nainsook, plain or with embroidered ruffles, 75c, \$1, 1.25, 1.50, 2 and 5. Those very elaborately trimmed with real or imitation lace, \$10 to 40.  
A few soiled or odd lots for half.  
Best Tapestry Carpets. New styles. This season's make. Not an undesirable design in the lot. We want them to go quickly; that's why the price is 75 cents.  
The China Mattings we told you of the other day are swinging out, but the assortment of patterns is still complete. 25 cents, or \$3 for a 40-yard roll. There's a 2 1/2 Market street window full of them. It's a window that worries the Matting men about town.  
All sorts of Rugs for Summer Cottages at low prices. Real Daghestans \$8, 10 and 12.  
JOHN WANAMAKER.  
Cheesest, Thirtieth and Market streets and City Hall square.

**Representatives of the people** of Caroline, Talbot and Queen Anne's counties met at Salisbury, Md., in convention on Saturday to receive the report of the Board of Commissioners of the same counties, and to elect a new Board of Commissioners for the ensuing year. The report of the Board was read and approved. The following were elected: **Caroline County**, J. E. Smith, President; D. H. Smith, Secretary; and **Queen Anne's County**, J. E. Smith, President; D. H. Smith, Secretary. The convention adjourned until the next year.

**Consumption Cured.** An old physician, retired from practice, having been placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma, and all Throat and Lung Affections, and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full particulars for preparing and using. Sent by mail by addressing with stamp, naming this paper—W. A. Noyes, 149 Power Street, Boston, N. Y.

**How My Back Aches!** I have been suffering from a severe attack of Catarrh of the Bladder, and a painful inflammation of the Prostate Gland, for several months. I have tried every remedy, but without success. I have been advised to use Dr. Williams' Pink Pills, and I have done so. I feel that I am now getting well, and I am able to do my usual work. I am very much indebted to Dr. Williams for his medicine. I have been suffering from a severe attack of Catarrh of the Bladder, and a painful inflammation of the Prostate Gland, for several months. I have tried every remedy, but without success. I have been advised to use Dr. Williams' Pink Pills, and I have done so. I feel that I am now getting well, and I am able to do my usual work. I am very much indebted to Dr. Williams for his medicine.

**What a true beautiful world we live in!** Nature gives us a grandeur of mountains, a grandeur of clouds, a grandeur of life, a grandeur of joy. We can do no better when in perfect health, but how often do the majority of people feel like giving it up, disheartened, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof, that *Green's August Flower*, will make them free from disease, as when born. Dr. Williams' Pink Pills, will make them free from disease, as when born. Dr. Williams' Pink Pills, will make them free from disease, as when born.

**One of the warmest legal contests** which has ever occurred in Worcester county came to a close last night. The case in question, which has been in court for eight days, was a suit brought by John L. Bates against the New York, Philadelphia and Norfolk Railroad to recover \$773.31 salary claimed to be due him as superintendent of construction of that road. The railroad company had for counsel Hon. John W. Griffen, Hon. Henry Page and Geo. W. Parnell. The plaintiff's counsel were John H. Handy, of Baltimore; Clayton J. Parnell, Geo. M. Uphur and Wm. Sydney Wilson. The jury at midnight returned a verdict in favor of plaintiff for the full amount asked for.

**A Happy Man at Salisbury.** Mr. J. E. Smith, of Salisbury, Md., writes: "I have been suffering from a severe attack of Catarrh of the Bladder, and a painful inflammation of the Prostate Gland, for several months. I have tried every remedy, but without success. I have been advised to use Dr. Williams' Pink Pills, and I have done so. I feel that I am now getting well, and I am able to do my usual work. Wednesday night was selected as the time, when the affair terminated as above stated.

**Fire at Pittsville.**  
Smith Lubinski & Co.'s store and stock of goods valued at \$2100 were totally destroyed by fire in Pittsville Tuesday night. No one knows when the store caught fire. **A Temperance Lecture.**

A lecture on temperance was given in the Court-House Monday night by Mrs. Lucy Washington, organizer of the "Woman's Christian Temperance Union."

The house was well filled by both ladies and gentlemen. Mrs. Washington delivered an eloquent and interesting address.

After the address, a "Woman's Christian Temperance Union" was organized as follows: Mrs. T. E. Martindale, president; Mrs. L. D. Collier, Mrs. Emory L. Williams and Mrs. James Cannon, vice-presidents; Mrs. Maggie Cooper, recording secretary; Mrs. Nannie Boggs, corresponding secretary; Mrs. M. J. Eckels, treasurer. Several names were taken as members of the Union.

**Quantico Letter.**

Quantico, June 16.—Nearly all the strawberry money is already in the hands of the merchants and milliners. If there is any class of people benefited by the culture of small fruits it is the merchant.

Messrs. T. R. Jones & Bro. shipped six quarts of raspberries a few days ago which netted them \$4.10. The fruit was of the Hessel variety.

Farmers have begun harvesting wheat. The prospect is for a good yield.

The Farmers' Club met at G. B. Bounds' today. Some of the best farmers from all over the county were present. After looking over Mr. Bounds' crops which are looking well, officers for the ensuing year were elected as follows: V. S. Gurdy, president; A. J. Crawford, vice-president; and A. L. Jones, secretary. Refreshments were then served, after which the meeting adjourned.

**Wicomico Boys Honor.**

This has been a great week with college young men. It was Commencement week. In the role of honors Wicomico gets her share. Her boys did their best and that was good. As Hoboken Institute of Technology, Mr. W. Forester Parsons graduated at the head of his class. His father, Milton A. Parsons, Esq., left here Tuesday, and was present at the Commencement Exercises on Thursday evening.

Mr. Irving Pollitt, a member of the Sophomore class, was honorably mentioned, and in addition received a gold medal.

Mr. Pollitt was also selected one of the three in the Webster Society to contest the oratorical prize between the Webster and Irving Societies. We have received a card of invitation from Mr. S. K. Forman, for two years principal of the Salisbury High School, to attend the Commencement at Dickinson College, Carlisle, on June 30. Notwithstanding, Mr. Forman has only been in this institute one year, he graduates with distinction.

**Standing of Wicomico Loan Association.**

The first quarter of the Building and Loan Association, ended May 30th. The amount of stock subscribed to that date was \$55,000. Since that time considerable stock has been added to this amount.

A public sale on dues and entrance fees to that date was \$2,284.25. \$1,900.00 of this has been loaned on first mortgage, \$65.62 paid for supply of account books, and the balance was in the treasury at that time, but has since been placed on interest. The class of security taken on investments will warrant anyone in subscribing to the stock at an investment. Every one who contemplates the building of a "small home for himself" should take stock in the association. It is a most successful one, and a most successful one.

**A Good Case of Insanity.**

Information reached here Wednesday of a case of insanity in Tyaskin. A colored man named Robert was taken to the asylum at Quantico for the purpose of inspecting it. The law regarding the house is strictly carried out. Officers there are in a state of excitement. Two chronic loafers were found in the institution. Dr. Lee will be in the town of Quantico on Tuesday. On Tuesday he will call on E. E. Jackson. He will then go to the town of Salisbury and call on the Board of State's Prison.

time previous to her marriage when she had been very much attached to a young lady in Tyaskin, but just before her marriage a widow, after a short courtship, supplanted the young man and married the lady. After an unhappy life of about four months, by mutual consent they separated, and then Wilson retired to his plantation. A marriage was soon arranged upon, but when that they could not marry until she obtained a divorce from her husband, Wilson became greatly depressed in spirits, grew very melancholy, and gradually insane—requiring constant attention for fear he might commit suicide. His belief is that he is dying, and declares that he will die soon.

Ever since Mr. Wilson began to show signs of mental weakness he has been attended by Dr. Langford. The case is one and one in which a great deal of sympathy is manifested.

**Important Changes in the School Law.**  
At a meeting of the State Board of Education held at the State Normal School, Baltimore, May 25, last, the following important "By-Laws" were passed: "An examination in the principal and methods of teaching shall be held to the subjects now required from teachers of both grades to take effect on and after January 1888."

The examination is to embrace not more than ten subjects in each book as follows: Normal Methods, Smith's Methods of Teaching, or Ray's methods of Teaching, or "One of the 30th of June 1887, teacher's certificates shall be arranged by the Examiners, under the sanction of the county School Board, as follows: First Grade, First Grade, First Grade, Second Grade, Second Grade, First Grade, Second Grade, Second Grade, Second Grade, Second Grade.

The grade shall be determined, as required by law, by the literary qualifications of the teacher; but the grade shall be determined by the professional ability of the teacher as exhibited in the school-room, and vouched for by the County Commissioners. Certificate of graduates of the State Normal School shall be subject to the same law; Diplomas of the State Normal School shall be reckoned as First Grade, First Grade. Says Prof. Newell, the State Supt. "This latter by-law contemplates an important change in the present mode of displaying certificates. The grade shows what the teacher has done in the usual literary examination. The class is heretofore to be an evidence of his power as a teacher, both as regards instruction and discipline."

It cannot be marked on a first certificate, nor until the examiner has visited the school, observed the methods and estimated the results. The class number may be raised or lowered at the close of a school year, according to circumstances. This mode of marking entails a serious responsibility on the examiner, but the advantage will more than compensate for the additional labor. We agree with the professor that the Board has placed upon the county examiners a great responsibility especially if the salaries of teachers are to be regulated by the class of certificates held, as is the case now. It will readily be seen what vast power and responsibility will rest upon him.

**Sabbath School Convention.**

Mr. Harold of Salisbury, Secretary of Convention, furnishes the following notes:

The Southern Sabbath School Association of the Presbytery of New Castle, held its second Annual Convention at Princess Anne, Maryland, on Tuesday and Wednesday, June 13th and 14th. About two years ago the Presbytery of New Castle divided its Sabbath Schools into three districts—the northern, middle and southern—and called upon the schools of each district to organize Associations and hold annual conventions to promote unity and interest in Sabbath school work. The Southern district, including the schools from the vicinity of Harrington and Lewes, Del., Southward, in June 1885 a handful of Sabbath school workers assembled in Berlin and organized the Southern Sabbath School Association.

Rev. M. J. Eckels was elected President and it is mainly through his efforts, assisted by a few earnest workers, that an interest in this sort of work, which is new to this section, has been aroused.

On June 10th and 11th, 1886, the first Convention was held in the Wicomico Presbyterian Church, Salisbury. Delegates and visitors from ten schools were present and interesting sessions were held, in which Sabbath school work in all its branches was discussed.

The Second Annual Convention, convened in the Manokin Presbyterian Church, Princess Anne, on Tuesday evening, June 14th.

Twenty-four delegates, representing 10 schools were present, besides a number of visitors drawn thither by their interest in the work.

Mr. J. V. L. Graham and Elder Witmer of Baltimore, presided at the Convention, and gave interesting facts regarding the established and the Sabbath school. Heretofore and looked the running and up-lifting influence of Sabbath schools on children in general.

The President, Rev. M. J. Eckels responded in a short but pleasing address, in which he explained the objects of the Association.

Reports were received from 13 schools, showing for the most part a flourishing condition and an improvement over last year.

The Convention was addressed by Mr. J. V. L. Graham of Baltimore, on the topic "Teachers." Mr. Graham is Superintendent of the Sabbath school of the Episcopal Church, which has a regular attendance of 200 to 1000 each Sunday. From the lessons of his own experience, Mr. Graham gave an earnest, instructive address on the qualifications of a Sabbath school teacher; the preparation they should give to the lesson and the best methods of pastoral work.

Mr. W. S. Dickinson, of Pocomoke, read a practical paper on "The Financial Support of the Sabbath school." This subject was discussed at length and in a spirited manner by several delegates.

Rev. Dr. C. T. Jones, of Princess Anne, delivered an eloquent and forcible address on "The Importance of the Sabbath school to the success of the Church." He argued clearly that the Sabbath school was indispensable to the success and prosperity of the Church.

Rev. M. J. Eckels, of Salisbury, addressed the children of the Manokin Sabbath school during the afternoon session. He applied the lessons to be learned from his subject in a clear and pleasing manner and held the children's attention with a skillful hand.

A high class choir, consisting of delegates and scholars, was taken in charge by Miss Wilcox of the First Church, Baltimore, and sang the Sabbath school hymns.

through knowledge of the lesson, which was very deep and thorough. During the Wednesday evening session a strong earnest paper by Dr. J. A. Smith, of Salisbury, on "Christ Teaching a Model for Sabbath School Teachers" was read by Mr. E. L. Waller.

The day topic, "Questions and answers" exercises in the Sabbath school, was handled by Mr. T. V. Graham, in a suggestive and interesting manner.

One of the most interesting features of the convention was the question box, into which delegates and others put questions on Sabbath school work of every kind. When opportunity offered these were taken out, read and answered and discussed by different persons.

Before adjournment, resolutions were passed thanking the presiding body for their kind and helpful hospitality. Mr. Crisfield, for his address of welcome; Elder Witmer and Mr. Graham, for their counsel and instruction; and the President, for the able manner in which he had conducted the service.

Among the Sabbath school present, other than those already mentioned, were: Mr. M. J. Eckels, Mrs. Belle Fowler, Mrs. Belle Jones and Misses Bettie Simons and Nannie Waller.

The next annual convention will be held at Pocomoke, in June, 1888.

FOR GOVERNOR OF MARYLAND:

HON. E. E. JACKSON.

Subject to the decision of the Democratic State Convention.

Democratic Primaries.

The Democratic Conservative voters of

Wicomico County are requested to meet

at the usual places for holding elections

in the several districts on

SATURDAY, JULY 9TH, 1887,

at the hour of 2 o'clock, p. m., for the

purpose of electing three delegates from

each of said districts to represent them in

a County Convention to be held in the

Court House, in Salisbury, on

TUESDAY, JULY 12TH,

which Convention shall elect four dele-

gates to represent Wicomico County in the

State Convention to be held in Bal-

timore, Md., on

THURSDAY, JULY 27TH,

for the purpose of nominating a candi-

date for Governor, a candidate for Com-

ptroller of the Treasury and a candidate

for Attorney General of the State.

ELIOT E. JACKSON,

WILLIAM L. LAW,

THOMAS W. H. WHITE,

Dem. Central Com. for Wicomico Co.

—V. S. Gordy is president of the Tur-

ner's Club of Quantico.—*Eastern Ledger.*

Politically speaking we have no Turner

Clubs in this county. Ours are all Jack-

son Clubs. At Quantico there is a Farm-

ers' Club of which Mr. V. S. Gordy is

president. Our esteemed contemporary

will see that he has made a grievous mis-

take.

State of the National Finances.

The following statement in regard to

the national finances is authorized by

the Treasury Department: "The esti-

mated receipts and expenditures, of the

government in the months of July and

August show that there will be a decrease

rather than an increase of the treasury

surplus during that time. After provid-

ing for the \$10,716,000 of the 3 per cent

bonds due July 1, the surplus will be

about \$37,000,000. The pension appropria-

tion of \$78,075,000 for the fiscal year

ending June 30, 1887, is already exhaust-

ed, consequently the pension bureau re-

quires that when the new appropriation

becomes available on July 1, it will draw

\$12,000,000 for the payment of pensions.

This will leave in the treasury a surplus

of \$25,000,000. The government assets

in national bank deposits, on July 1,

will about equal that sum, so that sub-

stantially the whole government balance

will thus be available for the current

business of the country on July 1, and

will probably continue thus available for

some months, for the amount of the gov-

ernment deposits in national banks con-

stantly increases, and in August another

\$12,000,000 will be drawn for pensions.

Accruing interest and ordinary expenses

will require \$27,000,000 in July and

August, and the receipts for those

months will be about \$65,000,000, leaving

on September 1 a surplus less than on

July 1 of say \$38,000,000. Other con-

siderations should be noted as affecting

the influence of the treasury upon the

finances of the country. One is that of

the above estimated receipts more than

\$1,000,000 will come, not from taxation,

but from the profit on the coinage of the

silver dollar. Another is that during

July and August the government will ex-

pend at least \$4,000,000 in the purchase

of silver bullion, which sum is not in-

cluded in the above estimated expendi-

tures. Another is that \$7,000,000 of the

surplus is got by calling back that amount

of trade dollars expended and melted into

bars. Last year the treasury surplus in

July and August ranged from \$75,000,000

to \$85,000,000, as against from \$18,000,000

to \$29,000,000 this year when a compari-

son is made upon the same basis, while

the deposits in national banks deposi-

taries are much larger. During the fi-

scal year ending June 30, 1887, the cir-

An Attempt to Fire His Store.

Sol. Ackerman, who has been a

tempting to burn his store house on

evening last week. The hearing was be-

fore Justice Bell. Major Stewart, the

State's attorney, appeared for the State,

and Hon. Charles H. Bisson for the ac-

cused. The evidence was that a daughter

of W. H. Seth, who lives next to Ac-

kerman's store, late in the evening saw

him come out, pull off a piece of weather

boarding and stuff something under it.

Mr. Seth examined the place and found

some bagging there saturated with coal

oil. Ackerman was warned that he had

better leave, and did so the next day,

We must say a few words for our Children's Department. We made almost a life-long study of the needs of the children's trade and the reduction of juvenile wearing apparel. We are proud to say that the great care we take in the manufacture of children's clothing, the judgment we exercise in the selection of the modishness of our display and women's variety of goods we keep in stock, combined to rank us first in this department as we are leaders in every branch of our business. We will be glad to have you visit our store and see our goods and prices, but we will and do extend a cordial invitation to every person who will come to the store whenever you come to the City. Our Children's Hat Department is another interesting feature of our store. We have the latest in the style this season in Children's Hats and sell at prices fully a third less than you'll have to pay at Habley & Gay.
