It must be a magnificent thing to abide under shadow of the State Capitol and especially to publish a news paper there. It is there that all the independence and self-reliance of our nation are developed. In this novel field the editor flourishes undisturbed by friends, enemies or patrons. In this independence and self-reliance he is at perfect liberty to attack whom he will. If a prominent state official is not at his bidding, then he is at perfect liberty to attack him and vilify him in the most unscrupulous manner. If either of the two parties commonly called the Democratic and Republican parties fail to seize upon any of the noble suggestions of such an editor they must come in for their share of his spleen. It must be a glorious thing to own a paper that you are not compelled to run in the interest of any individual party or corporation but purely upon the Utopian theory and the European plan. Such a luxury doubtless fall to the lot of Eastern Shore editors.

The selection of a presiding officer for the next Maryland Senate we understand is already being discussed, and in that connection the name of Hon. Robert F. Brattan of Somerset county has been used. Both the qualifications of that gentleman for the position and the demands of the county which he represents have strong claims for the honor. Mr. Brattan is a man well qualified for the position. He would not only have the confidence of his own party but, that of his opponents. He is a man of strong personality and decision of character; but he adds a thorough knowledge of parliamentary usage. While he is a Democrat in every sense of the word, he is not such an ultra partisan as to be objectionable to any faction of the party. The honor is one that he has well earned, being elected by a majority of three hands from a county that usually goes Republican. It would be a recognition of his noble effort and triumphant success in that memorable contest.

The honor of presiding over the Senate is a plum that has not fallen to Somerset for many years, although she has frequently been represented by men that would grace that chair.

The selection of Mr. Brattan would be gratifying to the party in this county, and, we believe, generally on the Eastern Shore.

Five Suffrage Seats.

The New York Catholic News has received a telegram from Rome announcing that St. Paul, Minn., which was recently created an archdiocese, has been divided and henceforth will have five suffrage seats—Winona, St. Cloud and Duluth, Minn., and Jamestown and St. Mary's, Dakota. Right Rev. Martin Marz, O. S. B. D., now Vice Apostolic of Dakota, will be Bishop of St. Paul, Rev. Joseph P. Cotter, now pastor of St. Thomas's Church, Winona, will be Bishop of Winona; Rev. James McFadden, now pastor of the Immaculate Conception Church, Minneapolis, will be Bishop of Duluth; Rev. John Shanley of the Cathedral, St. Paul, Minn., will be Bishop of Jamestown.

Faintly.

Literally means bad air. Poisonous gases arising from low, marshy land, from decaying vegetable matter, are breathed into the lungs, taken up by the blood, and unless the vital fluid is purified by the use of a good medicine like Hood's Sarsaparilla, the unfortunate victim is soon overpowered. Where the more advanced cases, where terrible fever prevails, this successful medicine has effected remarkable cures. Those who are exposed to malarial or other poisoning should keep the blood pure by taking Hood's Sarsaparilla.

WEDDING BELLS.

AMANDA ELIZABETH DENNIS.

Through the soft, romantic glamour of September's waning light, Like a feather on the zephyr, A song-lark in his flight, A bridegroom came to the altar, And a bride came to the altar, And a bride came to the altar, And a bride came to the altar.

In the lamp-glow's amber lustre, Seated I, musingly, each line, 'Till it seemed another spirit, Caught and held in twilight, mine, And I stood within the glory Of a day of full moon-side.

With the grandeur of the mountains Looming up on every side, And the molten moon-lit sun-glow Seemed to tremble, shake, and thrill, Like leaves a-rock, in Summer, With the song-lark's vibrant thrill.

And the full sonorous chords Of melodious wedding-bells Swept about the nuptial mountains In delicious, low, sweet strains.

And over the sacred aisle, In my vision, saw I there, A bonny maiden clad in rain, With crystal tears in her hair, And beside her stood one, waiting, Woman-clothed, soldier-brave, 'Till the bells were hushed to whispers, And the golden wedding bells.

Swelled in solemn intonation— Clear as crystal diamond-cut— 'Till the words had joined together Let no golden wedding bells.

Then again the bells chimed ringing, Cleft the vibrant, gold-lit air, And a soldier led his bride—wife, Down the sacred, flow'ring-walked stair.

Then the vision slowly faded, Like the sunset of the land, And only lamp-glow lingered On the misty in my hand.

And a thousand leagues of beauty— Mountain-crests and sylvan dells— Stratched between me and the ringing Of the golden wedding bells.

Yet, a noon mellow echo Trembled down the vibrant air And I watched a gallant soldier, With a maiden sweet and fair.

The Heirs Get the Deeds.

The celebrated case of the heirs of the late United States Senator Allen T. Caperton against Berry, Rich and others came up before Judge Jackson, of the United States Court at Parkersburg, W. Va., Saturday last. The suit was brought to clear a title to immense tracts of land in Webster, Upshur, Braxton and other counties. Something like 200,000 to 300,000 acres of land in dispute, Judge Jackson gave a decree in favor of the Caperton heirs on the Rich suit, clearing the title in about 100,000 acres of land in this suit and settling the controversy as to the other large tracts. The land in dispute is well timbered and also contains great coal and mineral beds. This land had all been sold to Senator Caperton and others, with the agreement that it was to be taken and paid for when the title was cleared.

Objects to Receiving the Indians.

Secretary Powell has received a letter from Gov. Powie, of North Carolina, objecting to five decisive terms to the transfer of chief Geronimo and his band of Apaches from their present location at Mount Vernon Barracks, Ala., to a tract of land in North Carolina. The Secretary intimated the department will probably take no immediate steps towards the transfer view of the nearness of the session of Congress, during which the case will undoubtedly be discussed. He added that he had been told by the medical officers of the army that it would be exceedingly dangerous to move the Indians at this time of year owing to their extreme susceptibility to lung disease. They have become well acclimated at Mount Vernon, and a sudden change of climate might be too much for their health.

Deposing Alleged Southern Outrages.

The projected meeting of Salisbury District, Delaware, Conference, M. E. Church, recently adopted resolutions denouncing alleged outrages upon colored people in Southern States, expressing regret that prominent men in both church and State are encouraging and participating in such acts, criticizing the indifference of the executive authorities in the South on the subject, deploring "the ominous silence of many preachers, teachers, editors and representatives and influential men and women, white and colored, who should be outspoken in their condemnation" and recommending an appeal to the federal authorities in case the State and county governments fail to suppress such disorders. The resolutions were subsequently indorsed by the colored republican club of Pocomoke City, Md.

Merit Wins.

We desire to say to our citizens, that for years have been selling Dr. King's New Discovery, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. E. Riall White M. D., Druggist.

A Large Purchase.

The New York and New Orleans Coal and Iron Company have recently purchased 64,000 acres of coal, iron and timber lands in Tennessee. The entire length of the property is 18 miles. Expert mining engineers say that there are 1,250,000,000 tons of red soft coal and 300,000,000 tons of brown hematite. On the same property are six workable veins of coal, varying from the blood and feet in thickness, and estimated to contain 537,000,000 tons of coal, or enough to last the United States for five years.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that can be cured by taking Hall's Catarrh Cure. F. J. Cheney & Co., Props., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by him.

GENERAL NEWS.

Items Clipped from our Exchanges from all Quarters of the Globe.

The contract for the printing at the next session of the Maryland Legislature was awarded to George T. Melvin at \$11,300.

Gov. Beaver, of Pennsylvania, has been asked to furnish \$100,000 to condition the work of clearing the streets of Johnstown, which was to have been stopped to-day.

W. D. Chipley, mayor of Pensacola, Fla., has written to Secretary Blaine asking that the delegates from Central and South America be taken to Pensacola and Birmingham, Ala.

The Jim Crow who died at Augusta, Ga., the other day was not an actor. He was a brave soldier, stood six feet nine, weighed 200 pounds, and when he put his foot down he had the floor.

At Titusville, Fla., Sunday night, W. H. Adams, a postal clerk, died from the effects of a rattlesnake bite. He accidentally stepped on the snake as he was walking on the public highway.

Do not despair of curing your skin headache when you can so easily obtain Carter's Little Liver Pills. They will effect a prompt and permanent cure. Their action is mild and natural.

Jim White, of Memphis, recently thought it would be very funny to write his name and address on the back of a dollar bill. But one of Pinkerton's saw it and remembered that Jim was "wanted." Jim is therefore in jail with plenty of leisure to kick himself for being so funny.

Action has been commenced by Attorney-General Tabor, of New York, against the Assembly calling contractor, John Smith, in the Supreme Court of Onondaga County, to recover the sum of \$250,000. The Albany county Tuesday arrested Mr. Smith, who gave bail in the sum of \$50,000.

The National Civil-Servant Reform League, in session at Philadelphia, adjourned Wednesday, after re-electing Wm. C. Curtis president and adopting resolutions severely criticizing the Harrison administration. Papers by R. H. Eans, of Boston, and Charles J. Bonaparte, of Baltimore, were read.

A colony of 150 German families in Shelby county, Ia., in revolt against the prohibition policy, has secured a tract of land near Greenville, Tex., and will emigrate in the spring. The 20,000 majority vote against prohibition in the latter State convinces them that must be the real land of liberty to drink beer.

Mr. Thomas Ryan, the United States minister to Mexico, arrived in Washington Monday. It is understood that his return to this country is in part for the purpose of conferring with Secretary Blaine and the President in regard to the lead-ore question, and ascertaining the policy to be pursued by the United States.

Annie Jennesse Miller is about to start, in New England, on her woman's dress reform tour, and announces that her lectures "will be illustrated by elegant costumes, ten or a dozen in number, which she will exhibit on her own person, changing the dress every ten minutes until all the various styles are shown."

The International American Congress opened at Washington Wednesday. Secretary Blaine delivered an address of welcome, and was elected president of the congress. President Harrison held an informal reception in honor of the delegates in the afternoon, and at night they were elegantly entertained at a banquet by Mr. Blaine.

Joseph Boyle, a New York osteopath, speaking of the late cost coat, says: "The war has changed the manner of dress. I'm afraid it has settled over our beds and smothered the oysters. We had an oyster which ran 1,800 to the barrel, and it was the fattest oyster I ever saw. It made a great hit in New York, but I don't know how it is coming out."

John Chamberlain, of Perryville, a brakeman on the Philadelphia, Wilmington and Baltimore railroad, while engaged in coupling cars on the local freight train at Northeast, Md., Monday afternoon, fell or was knocked down. The wheels of one car passed over his leg, injuring it so badly that it will probably have to be amputated. Mr. Chamberlain's brother was instantly killed by being struck by an engine at Perryville, Md., a few years ago.

The hearing of the cases of George Rice versus the Cincinnati, Washington Baltimore Railroad Company and others, and George Rice versus the Baltimore and Annapolis Railroad Company, commenced for hearing before the interstate commerce commission for October 1, 1889, has been postponed at petitioner's request to November 19, 1889, at 10 o'clock a. m., at the office of the commission in Washington.

The two-masted schooner George C. Finney, with a cargo of 20,000 bushels of wheat from Toledo, encountered a waterspout on Lake Erie while off Port Colborne Wednesday, and when it left she was barely afloat. The foremast was gone to the deck, the mainmast was broken off half way down and the jib boom was twisted out. Offshore, only the mainmast was visible. The crew of the Finney say they had already avoided four waterspouts when the fifth one struck them.

A safe cure for all the disorders of the liver and blood is Laxador, the "golden" household remedy and specific for all malarial troubles. Price 25 cts.

100 Doses One Dollar

Wanamaker's.

PHILADELPHIA, Monday, Sept. 30, 1889.

If there were an official inspection, a census of merchandise, the statement about the Autumn Dress Goods now here would be that they surpass in elegance, completeness and number of styles, without doubt in quantity as well, the united total of all other Dress Goods stocks in this city. This statement is made advisedly.

There is a feeling of depression as one turns from even a superficial study of this stock to writing of it. The simple truth told in the most prosaic style would make a story that would challenge credulity. Shall we attempt to interest you by detailed description? Our best sense answers "no." Then "no" it is.

A study of Art in Dress Goods is always attractive. Don't laugh, but there is an art feeling in the stuffs. You would be dull, indeed, were you to look over these products of infinite skill and patience without feeling. The dollars they cost, the machines that made them, the boxes that packed them, the ships that carried them, the mechanical processes that cleansed the wool, and spun and dyed the threads, may very properly be mere items of money and commerce. Not so the thought that designed the beautiful things as you see them.

The art of the Orient and the Occident; the Persian palm and the Scotch tartan; nature in flower, fern and seaweed; figures and forms of the imagination are all in them.

This is not only the biggest but the best selected stock. The prices are very low—the least (quality considered) in the market.

So much for our Dress Goods stock in its entirety.

Now we point to a short dozen of the littler priced ones:

At 25 cents:
Crown, elegant. Heavy serge waist, they say it's a stuff that will never wear out. Black, brown, navy, green, red, blue, and all the latest shades. A regular 50c stuff, for 25c.

Many of the farmers of this county are about finished seeding wheat. The season this year will probably be larger in several past seasons.

—Mr. Hugh Martin, son of Dr. M. H. Martin of Seaford, Del., is now engaged as a seaman for the Peninsula Bank and is expected to return to Salisbury.

The Sons of Temperance are scheduled to meet at their headquarters on Monday evening at half past seven. A full meeting is desired.

During the storm last Tuesday afternoon lightning struck an electric light pole near Mr. Herbert Hinch's store in town. The damage was slight.

Mr. George Byrd of Rockaway, who has been purchased from Mrs. E. W. Wrote the lot on Newton street in erecting a two story dwelling.

The store of Mr. J. Manko will be closed until half past six this afternoon. The proprietors will observe the day of Atonement.

Mr. Walter C. Humphreys is still ill in his room. His indisposition is at first took the form of a bilious attack, but has developed into intermittent fever.

There are fifty-three students in the first department of the Salisbury School. Many of them are from country, and a few come from outside county.

Messrs. R. E. Powell & Co., have so the services of Miss Carpenter, a trimmer of Baltimore, to superintend the management of their millinery department.

Mr. Joseph D. King, operator for the P. & N. railroad at Salisbury, has transferred temporarily to Cape City where he will act in the case of night dispatcher.

Mr. Marvin J. Eckels preached a able, logical and argumentative sermon to the Salisbury district Sunday night. A large audience was present to hear the discourse.

Steamer Florence which has been removed from the Mahan in Salisbury week and is now undergoing repairs. Messrs. Grier have undertaken.

James H. Farlow was named as a member from Salisbury district county commissioners at their meeting instead of James Parrell as in our report of the proceedings the last meeting.

Sydney Parsons took his last long last Wednesday an eight year old German Carp which was in inches long. This is a good for so young a fish. Mr. Parsons also stocked pond of the carp.

Layfield, a colored man of Salisbury was wounded in the head, sustaining the great accomplishment of Achilles, perhaps during his in the Federal army, received \$1101 from the government back pension.

Levin M. Wilson, who is not only a well known public man, but a farmer of the county as well, has named the latter occupation and with his family from his farm at Springs to the town, where he is in the future.

Cranberry bogs are yielding this season. The crop in Salisbury is being harvested now, but for several seasons past, but by Parsons, who is superintending the gathering of the crop, that the quality is excellent.

T. J. Callaway left Salisbury morning for Cambridge, Md., will continue to follow his trade as quite popular as a barber with his late employer, Mr. James we wish him success in the future. William Parsons is now with

"THE OLD FOLKS."

"To Meeting in To Town Hall in Salisbury, Maryland, Monday Night."

The words of ye commonwealth, their families, a host of their friends, a multitude of acquaintances, and a few of the colored servants, who occupied seats in the gallery, visited "ye town hall in Salisbury borough" through the rain Monday evening to be present at "Ye Old Folks' Concert." To Governor's family, ye mayor of ye town, his wife and his daughters and his son, ye Judge and his lady, ye town council, ye preachers of ye borough and their households, were guests of Madame Margaret Taylor, who assisted by her maid of honor and knights of freedom, entertained her distinguished company with harp and song.

The entertainment began with the "Mexican Serenade," by the orchestra under the direction of Dr. John S. Fulton and composed of Miss Dorra Cannon, Messrs. George S. Williams, John Jennings, Arthur Kennerly, Morris Walton and Benjamin Taylor. At the conclusion of the "serenade," which was really a melody, the curtain rose and a unique and picturesque stage scene, consisting of a chorus of thirty-four young ladies and gentlemen all clad in continental costume with hand shaped snuff boxes and other requisites in hand. Some of the ladies were engaged in knitting, in the centre of the stage sat a quilling frame at which others were busily occupied in plying the needle, while at one side could be seen the patient industrious old grand-dame clad in sombre hues and brass-bowed spectacles, assiduously turning a spinning wheel and reeling off pretty white balls of yarn, meanwhile her face beaming with genial smiles for her young companion. As the curtain rose the happy chorus singers stepped out to the foot lights and burst forth into "Auld Lang Syne," the music of which filled with a rhythmic swell the large auditorium of Ullman's Grand Opera House.

Some of the scenes which followed were enthusiastically received by the audience, and the "Old Oaken Bucket" and "Tenting on the Old Camp-ground" made a profound impression.

Following the grand old songs which were sung: "Auld Lang Syne," "Robin Adair," "There's a Sign in the Heart," "Home Again," "Kathleen Maureen," "Old Dog Tray," "Her Bright Smile Haunts me Still," "Come Where the Bells are Ringing," "Annie Laurie," "Bonnie Dundee," "Coming Thro' the Rye," "Piano Solo—'Old Black Joe,'" "Lorena," "Beautiful Venice," "Tenting on the Old Camp-ground," "Ben Bol," "Lullaby," "The Old Oaken Bucket," "Single Side," "Bonnie Blue Bird," "Folk at Home," "Continental Farewell Glee."

The following were the Old Folks: "Margaret Payne," Miss Dorra Cannon; "Annie Laurie," Mrs. W. S. Gentry; "Bird of Freedom," Dr. John S. Fulton; "Olivia Primrose," Miss Maggie Fulton; "John Dewberry," Dr. S. A. Graham; "Rosa Varden," Mrs. E. D. Williams; "Priscilla Allen," Mrs. E. T. Fowles; "Jehovah," Mr. E. T. Fowles; "Jonathan Evergreen," Mr. T. A. Smith; "Sunlight Nickerbocker," Mr. G. S. Williams; "Rembrandt Pendergrass," Mr. M. V. Brewington; "Jacob Langley," Mr. J. D. King; "Tillie Sparrow," Miss Nettie Williams; "The Simple Life," Mr. W. S. Gentry; "Pussycat Kickerbocker," Miss Rose Woodcock; "Phoebe Gosselin," Mrs. J. R. T. Laws; "Dorcas Gosselin," Miss Nannie Fulton; "Kathleen Maureen," Miss Nettie Taylor; "The Bells are Ringing," Mr. J. Jennings; "Kathleen Maureen," Mr. Arthur Kennerly; "Joshua Flint," Mr. Benjamin Taylor; "Waydown South," Mr. J. Jennings; "Kathleen Maureen," Miss Grace White; "Moses Rutledge," Mr. Morris B. Walton; "Solomon Pendergrass," Mr. Wm. M. Cooper.

Miss Dorra Cannon, who conceived the plan of the concert, deserves the many complimentary expressions which have been uttered for her pluck and energy in making an unequalled success of her single-handed undertaking, and her piano performances were positively superb. She, however, was assisted and supported by Dr. John S. Fulton and others, whose musical talent is unquestioned. To these and all others who gave a helping hand, no matter how small a degree, Miss Cannon wishes to express her sincere thanks, and especially to those regular theological students, to attend lectures in several other departments of the university. He will leave this week—Baltimore Sun.

Mr. Eldridge is well and favorably known in this county, having creditably filled his father's unfinished appointments on Union Circuit after the latter's death, which occurred in 1884 at B. C. Springs.

Unclaimed Letters.
The following is a list of letters, remaining in the Salisbury (Md.) Post office, Wednesday October 2, 1889:
"Ladies' List"—Miss Rebecca A. Blodgett, Mrs. E. B. Williams, Mrs. A. Parsons, Miss Lillie F. Morris, Mrs. Doris J. Dickole, Mrs. Nettie Nelson, Mrs. A. R. White, Mrs. Annie Humford.
"Gives List"—Noah Kirkwood, Rev. J. W. Hall, Perry Wood, Henry Shockley, Robert W. Shanon, Samuel Leogard, (3) Francis Jones.
Persons calling for these letters will please say they are advertised.
G. R. KIRBY, Postmaster.

—The widow and children of the late Aaron W. Hill received this week from the Improved Order of Heptasophia of this city, \$2000, the value of a policy held by Mr. Hill in that order. This is the second time in the concise this year, the other deceased member being Mr. George A. Parsons, who dropped dead suddenly while at work last spring, and whose heirs received \$2000. The beneficiaries in this order got from \$1000 to \$5000.

CORRESPONDENCE.

Items Gathered from the Various Sections of the County.

REXINGTON, Oct. 3.—Mrs. Anna Darby is teaching as principal of Barren Creek school.

J. E. Taylor & Co. are closing up their work of canning for the season. Owing to the deferred frost, the tomato crop continues longer than usual.

Isaac S. Bennett is erecting a large and handsome residence near his store. J. W. Bradley is also building a very commodious residence at Spring Grove near here.

The largest crowd of people seen here for many years was here on Friday of last week. The occasion was the immigration of ten persons who had professed conversion at a meeting being held in a tent on the road from here to Barren Creek. Rev. Mr. Toy of Vienna officiated.

PITTSVILLE, Oct. 3.—The recent cooler weather seems to have diminished the number of sick people so that to use the old phrase often attributed to the doctors it is "distressingly healthy."

Elisha H. Hamblin and family moved from this place last week to Onancock, Va., this makes the third family that has gone to that place from this, within the last few months. Mr. Hamblin moved his entire stock of merchandise, and will engage in the same kind of business there.

Rev. J. H. Daugherty paid a visit a few days ago. He is looking very well. This is his second year on Kent Island, and the place seems to agree with him very well, indeed.

Miss Stone, wife of our minister, is still sick; she has been sick now for several weeks.

The new M. E. Church will be dedicated next Sunday, and they are expecting a large concourse of people there.

Although we have one general store less in this little village, the liquor business seems to be increasing, another shop of this kind being opened this week, so now we have three groceries in full blast.

Politics are scarcely ever heard of, before the primary meeting was held we heard a great deal, and the district seemed to contain quite a large number of Statesmen, Constitutional lawyers, and patriots, but since the Convention met and nominated a ticket there is no treating going on, and hence no patriotism, no enthusiasm, no interest apparent in the matter at all.

Excuse brevity, am sick myself.

DELMAR, Oct. 3.—Conductor and Mrs. Wilson Pierce returned Monday from a trip to Maine.

Rev. A. Caldwell was a delegate from the Missionary Baptist Church to the Philadelphia, Baptist, Association this week.

Miss Isora Morris of Lewes has been visiting her sister Miss Maggie Vassar. William J. Downing of this town has been made superintendent of the Peninsula State and Bank Co., at Salisbury.

Mr. S. E. Foyker left Saturday to resume teaching at Cambridge, Va. The rate to Washington for the Knight Templar Conclave will be \$5.00 round trip, tickets sold 5th to 9th, good till 31st October.

Some of our streets are being improved. Curbing has been put down and sidewalks built up, thanks to our town commissioners. The annual financial statement of the board has been published.

John Cooper recently of Salisbury has opened a confectionery store here.

Work on Alfred Waller's new dwelling house is progressing.

Wm. T. Sirmom has a building in course of construction.

A burglar entered the store of Cooper Wilson & Co. near midnight of Tuesday last, and carried off \$200.00, which it is hoped will be taken by our home capitalists and business men. The object is to purchase the plant, wire, patronage and all privileges of the present company now in Salisbury.

Mr. A. A. Gillis has the books of the new company in hand and will receive any subscriptions at his store, and give all desired information. He and Mr. Towdlin will canvass the city soon.

Court Proceedings.
The only case which has occupied the attention of the court since we went to press last week, is the Scott land case, Page and Williams for plaintiff, Ellegood and Robert F. Graham for defendant. The jury in the case was drawn last Friday and as we go to press to-day, they retire to their room for a verdict. The grand jury was discharged last Saturday.

Judge Holland has presided alone since Monday. Chief Judge Irving was detained at home owing to the death of a member of the family. Night sessions have been held this week in order to get through with the work. Court will probably adjourn to-day.

—News was received here last Tuesday that Miss Eugenia Bial formerly of this county was hopelessly ill of typhoid fever, at Laurel, Prince George's county where she has been engaged in teaching for the past year or two. Later in the week it was reported that her condition was slightly improved. Miss Bial, with her sister Miss Sarah, visited friends and relatives here last summer, and was greatly favored in society circles. We hope that we have heard the worst and that the next news will be bright.

—The young gentlemen of Salisbury purpose giving a new seat Thursday evening at Ullman's Grand Opera house to Miss Josephine Towdlin, whose early departure from Salisbury is much regretted by her numerous friends here. She will join her Aunt in Florida about the 20th of this month.

—Mr. Marion V. Brewington will receive the subscriptions at the New office for the score next Thursday night. Our young gentlemen may leave the amount of their assessments with him.

—"Wedding Bells" is the name of a little poem by Miss Amanda Ellsberry, which she has just produced and appears in this issue of the ADVERTISER.

AMID THE PEACH AND STRAWBERRY.

Things that Happen in the Great Peninsula Garden "Between the Rays."

George W. Rodden, one of the leading peach-growers of Caroline county, Md., died at his residence, near Denton, Monday, in his sixty-ninth year. Mr. Rodden leaves a large family, two of whom are prominent business men. He was a brother to ex-Sheriff J. G. Rodden, of Denton.

Two new engines passed down the Delaware road Saturday. One of them was for the Baltimore and Eastern Shore railroad, and it was named the Governor Jackson. The other was for the Atlantic and Northern road. It was named the Harry Dand and its number was 24. It was built by the Pittsburg Locomotive Works—Clayton Cal.

Daniel J. Kilmon, of Royal Oak, was found dead in a ditch by the roadside on the Oxford Ferry road, in St. Michaels district at an early hour Tuesday night. His horse and carriage was near by, the horse standing quietly with the reins over its head. There were some marks of violence on Mr. Kilmon's body. Justice Robinson held an inquest last yesterday afternoon. The verdict is not known.—Baltimore Ledger.

Messrs. Ellis & Doward, of Salisbury, have recently made for Mrs. V. S. Townsend, of this town, two pretty marble monuments, which have been placed in the M. E. Churchyard, one over the remains of her husband, Mr. Vaughn S. Townsend, and the other over those of her brother, Mr. Charles E. Townsend. Messrs. Ellis & Doward understand their business thoroughly and give general satisfaction to all customers.—Shore Hill Messenger.

Hon. A. B. Roe raised upon his farm near town a basket of superior tomatoes which he exhibited in Greenboro, Md. One of the tomatoes weighed 1 1/2 pounds and was required to fill the basket and the weight was thirty-eight pounds. One tomato measured twenty-eight inches in circumference. The exhibit was sent to Eastern Park, where it will be shown by Lister's Chemical Co., of Baltimore, as the product of their fertilizers.—Greenboro Free Press.

A Prescher's meeting of the Salisbury District, Delaware Conference, colored, was held in this town last week. The meeting took place in the Metropolitan Church, and there were about eighteen ministers present, of which number we possessed a high degree of intelligence. The meeting was in session two days. Our reporter says there were several interesting papers read and many important questions discussed. A series of resolutions were passed relative to the treatment and condition of the colored race in some of the southern states.—Princeton Ann Herald.

On Sunday last a homing pigeon lighted at Postmaster West's and, while among the pigeons of his son Charlie, was captured. An examination showed the pigeon to be numbered X2864, and it had stamped upon its right wing the name of Chas. 14th, of 813 Poplar street, Philadelphia, Pa. West immediately communicated with the owner and was instructed to release the pigeon on the first clear day. The bird had evidently lost its bearing during last week's storm and, becoming tired and confused, dropped among Charlie's pigeons to rest.—Greenboro Free Press.

Mr. Daniel M. Henry, Jr., whose sickness was noted last week, is now dangerously ill at his residence in Cambridge. He is suffering from acute Bright's disease complicated by symptoms of malarial fever. His physicians, Dr. Thomas B. Steele and Dr. Brice W. Goldsborough, are in constant attendance. His condition is not very hopeful.

The Rev. Wm. Munford the newly called rector of Salisbury Parish P. C. Church visited the Parish last Monday. While here he had a consultation with the vestry and signified his intention to accept the call. He has arranged to be here on Sunday, Oct. 20th. He will probably move his family here during the week preceding that date. Mr. Munford was strongly recommended to the Parish by Bishop Adams who considers him one of the most successful parish workers he has ever known. The ladies of St. Peter's guild are having the rectory refurnished and papered preparatory to his occupying it.

—Nature seems to have been extravagant the season just past with the potato crop. From all directions come reports of an abundant yield of large, first class tubers, and some of the individual specimens have assumed curious and extravagant contours in their growth. We mentioned last week the multitudinous specimen shown by Mr. H. D. Parker and grown on a lot of J. J. Morris farm near town. Last Thursday, Mr. Wm. C. Mitchell brought us a white potato which weighed six inches in length.

—Rev. A. T. de Larnay makes the following announcement of divine service in Spring Hill and Steeple Parishes for the first week in October: Sunday, 6th, at Quantico Holy Communion at 10.30 a. m.; service at Spring Hill at 3.30 p. m.; and at Quantico at 7.30 p. m. On Wednesday, 8th, Service at B. C. Springs at 7.30 p. m.

—Mr. J. Manko has the east window of his double clothing store very handsomely trimmed with ready-made clothing and hats. Autumn leaves are strewn around in the windows. By a careful and artistic blending of colors, Mr. Manko has succeeded in making the whole effect very pleasing.

—Mrs. Sallis Cannon showed us a quilt last Tuesday which was ninety years old. The quilt belonged to Mrs. Cannon's grand-mother and was made entirely of home-spun material. It was quilted in a most exquisite and intricate manner. It was used in the "Old Folks' Concert" Tuesday evening.

—Mr. Wilbur F. Pollitt, son of Anthony Pollitt, Esq., of Rockaway, Md., has since grown quite violent. Dr. Dennis & Fulton have been called to see him. Mr. Pollitt is about twenty years old. Urged to leave is said to be the cause of his derangement.

—Rev. George R. Reed, D. D., LL. D., President of Dickinson College will preach (D. V.) in the Asbury Methodist Episcopal Church on tomorrow (Sunday) night. This will be a rare treat for our citizens, as Dr. Reed is one of the most eloquent Divines of his denomination and of this country.

—J. Bergen's is the place to go for exquisite shades in dress goods and beautiful lines of trimmings.

—The finest line of ladies' hats and bonnets in Salisbury may be found at J. Bergen's.

JACOBS OIL

REMEDY FOR RHEUMATISM, BRUISES, AND SPRAINS.

Evidence, Fresh, New, Strong.

Dr. J. C. Jacobs, of New York, has made a rich study of the old Central mine. He discovered a mother lode, and there are now 35,000 tons of ore in sight, which will assay over 300 ounces of silver and 50 ounces of lead to the ton. The total value of the ore is estimated at \$10,000,000, which makes this the richest strike in the history of these diggings. Thomas took hold of the mine when other managers declared that it was played out.

A Challenge.—The proprietors of Dr. Bull's Cough Syrup hereby challenge the Faculty to prescribe a remedy more effective than theirs.

I cordially recommend Salivation Oil to all suffering with rheumatism. Jos. S. Fox, Catle Dealer, 117 North Broadway, Baltimore, Md.

the past seasons places it beyond ANY other Fertilizer on the Market, especially for clover. And we take this method of soliciting orders for Fall wheat sowing. And we would earnestly request farmers who propose buying from us, to give us their orders early—at least two or three weeks before they need it—so we can be sure to supply them. We want to supply the demand, yet it costs too much money to carry a large stock over till next year.

All are invited to attend these meetings and hear the issues of the day discussed. All Democrats should be there. Meetings in afternoon will commence at 3 o'clock; at night at 7 o'clock. By order

CENTRAL COMMITTEE.

—We had occasion to note sometime ago the fact that some Delaware parties had made purchases of land in this county with a view of growing peaches. Since then, W. F. Cansey Esq., has purchased of Hon. E. Stanley Toddvin a tract of twelve hundred acres, on Quantico Creek, with the same view.

Mr. Cansey thinks that the peach business in Delaware has had its day. He looks at the matter in a very sensible manner. The lands of central and northern Delaware, he reasons, cost at least three times as much as our lands and the chances are that when the orchard is about ready to begin bearing, it will become diseased and consequently turn out to be worthless. Every thing points to this county as being the peach centre in a few years.

—It is reported that prices of pork and bread stuff have greatly advanced in Germany on account of the great scarcity of these articles. Protection in that country works in the opposite direction from what it does in this. American pork is excluded from the empire under the pretext as is well known of liability to trichinae. The cereal crop throughout Europe was short, and coal has advanced one dollar and twenty-five cents per ton within the last six months.

We say protection works differently from what it does in this country. There the farmer is protected by excluding foreign farm products. Here, the farmer is the man that suffers, of all others. A queer method that is, to get rich by taking money out of one pocket and putting it into the other, or rather by robbing one member of the family, to enrich another member of the same family.

Made insane by Reading.

NEWARK, N. J., Oct. 15.—Catherine Gough, of No. 105 Ferguson street, attempted to stab her husband this afternoon. She became suddenly insane while reading about the death of Linnaeus Fiske in New York. She imagined that her husband wanted to kill her by electricity. She had refused to leave the house since Saturday, fearing injury from electric wires. She was taken to police headquarters for examination.

LETTER FROM HON. T. W. H. WHITE.

Freeland, Oct. 15.—To save persons the trouble of inquiring as to what I might do or have to say about the incoming election, I state publicly through your columns, that I will support no man as a representative of this county to our General Assembly, that undertakes to ignore the actions of the last General Assembly in passing what is known as the famous Eel Bill and who also ignores the fact of our highly esteemed Governor for signing the same and making the same a law. I have heard that those who signed the Eel Bill at the time of its passage say that it was not the sentiment of the Assembly but sympathy for my weakened condition, or illness. This idea before an intelligent people is simply preposterous, and only intended to be damaging to the cause. But brother Democrats—opponents of the Eel Bill for it is only such I address—don't fret for I am asking for no public position at your hands. Knowing you I do to be my enemies and my enemy to all people where food fish is known to inhabit the waters in company with Eels from the fresh water streams of Africa, where exist the monster Gymnotus Electricus to the seemingly insignificant anguilla that inhabit our fresh water streams, though you may not intend it, you are an enemy to all lovers of food fish. It was not the Eel Bill nor any other action of the mind that brought on my illness, but the rooms hot and dry as parchments, so different from my manner of living, that brought about the change in my health. No, sir, it was not sympathy—but the full display of facts that brought to light so many ways with a not a ray to be registered in the House and only three in the Senate, and one that we might consider most important of the ways in the Senate told me afterward that he might have voted for the amendment, as the display of the fish and eels just before the fact that the Eel Bill was the most powerful proof he ever saw. Many think that because they are so numerous they cannot be destroyed. What an idea for any of this powerful American people to present. We are not to fight an enemy because he is strong or his numbers great? Ridiculous—persistent effort effects wonders, even the little school-boy knows that a mere lad stopped the action, that conquered the great Duke, of Wellington that nation, with all his great resources and great wealth, ability did not do. They can be exterminated. And the humble hand that holds the poor man's ballot can do it by teaching those in authority or desiring to be, the necessity of listening to their reasonable pleadings and though not the same kind of argument that the lad used with the great Duke, they obtain the answer and get their desire which according to the modern mathematical idea is correct. Why is it that good men of pure common sense jump to conclusions as a defense to encourage some act pertaining to the destruction of these monsters, or for the protection of food fish? Is it because a little Eel swims upon the daily fish of their crated hand would have a tendency to lower their dignity, if so God save the county, state and government from the action of any such. Nothing was ever too humble or humiliating for me, if honorable, to do for the people, as a whole, but to do nothing that I promise not to do, and to do everything that I promise to do, was my calling. No man can say to the contrary.

Now I hope this will answer every inquiry as to how I stand in the incoming election, but hope that the candidates for the house may explain themselves satisfactorily to my mind on the hustings, and thereby reveal my zealous support, as also many who feel as I do about this matter. The enemies of the Eel Bill, the Eel Bill, will be long ere they are a stranger among us. Nature has doubtless placed the eel here as the great destroyer of food fish, as she has many other pests to useful articles of food. For they are fully prepared to do damage to the most minute extent as the small ones not larger than needles can go into the most secret places that the spawn can find, by their mother fish deposited, for like their mother serpent they can swallow an egg larger than the stoutest body and as it is well known to all that everything that lays an egg or brings forth young tries to secure it, can readily see how well prepared these pests are to enter the smallest crevices and thereby get the last egg, deposited by another fish. What I have said I don't mean to be in the form of a threat but I said this when I supposed no representative from this county would ask to ignore the actions of the last Assembly in passing this Bill, and the Governor for signing it. According to the reports received by me from all over the State even as low down as Deal's Island, all report more fish this year than there has been for many.

Who is it that can say that the million fish rot saved here are not replaced the entire bay with more fish than usual as good results come from all over?

On a visit to Deal's Island, many told me there had been more summer fish there than in the last fifty years before. An old man by the name of Abbott, a noted fisherman for thirty years told me he was fully satisfied that it was the catching of eels that brought about this result. In short, proofs are being given from the last year, and they will convince that the destruction of eels will bring about eventually a grand result.

Now friends, what do we send representatives from our county for? If it is not to good for our condition; if it is not to good for they to us as own constituents.

Very truly, your humble servant,
THOMAS W. H. WHITE.

Citizen Train's Health Questioned.

Boston, Oct. 16.—Lawyer E. A. Snow yesterday requested a writ of habeas corpus in George Francis Train's case on the ground that he is non-compos mentis, but Judge Devine refused. Lawyer Snow claims that Mr. Train cannot be legally held under a civil process in this Commonwealth until the courts have decided by expert testimony that he is of sound mind, and they are bound to give full faith to the certificate of a medical board on the testimony of Surgeon General Hamilton, who found that he was non-compos mentis in 1873.

A dispatch from Manchester, Ohio, says that R. H. Ellison, president of the Manchester bank, suspended payment Monday and assigned to W. C. Blair, T. J. Shelton and W. J. Fowall. It is said the assets are \$50,000; liabilities \$70,000.

The American Boiler Manufacturers' Association held its annual session at Pittsburgh Tuesday with about 150 delegates in attendance. The day was devoted almost entirely to addresses by the officers and perfecting the organization.

Two men were killed and six wounded Monday at Henny, Henry county, Ala., in a conflict between the town authorities and members of the Farmers' Alliance about the collection of license warrants employed at the Alliance warehouse.

The first Legislature of South Dakota met at Pierre Tuesday, and the delegates were sworn in. Governor Mallette delivered his inaugural address. The Legislature adjourned to meet Wednesday, for the purpose of balloting for United States Senators.

The first assembly of the Democratic Societies of Pennsylvania was held at Philadelphia Tuesday. The president, ex-Lieut. Gov. Chancey F. Black, of York, made a stirring speech, and letters were read from ex-Governor Cleveland and Congressman Randall.

The board of pardons at Harrisburg, Pa., having declined to interfere in the case of Pietro Baranovski, sentenced to be hanged at Pottsville, Pa., on Wednesday, October 23, for the murder of two women, it is certain that his execution will take place on that date.

The machinery of the Mount Auburn inclined plane railway at Cincinnati, snapping a cable and allowing the cars to descend, killed nine persons and damaged rapidly from the top to the bottom of the place. Five of the occupants were killed and four injured.

Gov. Say of Alabama, has sold to parties in New York \$984,000 worth of Alabama bonds bearing four per cent. interest, to replace the same amount of six per cent. bonds which were destroyed by fire in 1880. The price paid for the four per cents. was one hundred and one cent.

Chief Arthur and staff arrived at Denver, Col., late Monday night, and Tuesday morning a special train of Pullman coaches arrived over the Union Pacific, bringing three hundred delegates to the convention of the Brotherhood of Locomotive Engineers, which will convene Thursday.

Ex-Congressman Steele, whose name has been mentioned in connection with the pension commission, had his left arm broken by the wheel of his carriage coming off while he was driving Monday, near Marion, Indiana. Mr. Steele, who accompanied him, also had his left arm broken.

The United States government officers have arrested the distiller of Froburg, Workum, at Lynchburg, Ohio, for carrying out of the United States by equalizing shortages from shrinkage packages before the gauger measured the contents. The whisky seized amounts to more than a million gallons.

H. D. Gregg, for many years private secretary of Gen. Sheridan when the General was at the head of the army, and for some time a department clerk at Washington, and later a newspaper man at Omaha, Neb., was sentenced to the penitentiary at Kansas City Tuesday for five years for horse-stealing.

William M. Bateman, a member of the North Carolina Farmers' Alliance, and Steadfast Unionist, was elected to the North Carolina State fair, at Raleigh, Tuesday, in the presence of several thousand people. The bride and groom wore white cotton bagging made in North Carolina. Mr. Bateman took this method of showing his hatred of the jub bagging trust.

A writer on the Chicago Globe, who had moved into a new boarding-house, says: "About 1 o'clock this morning I was awakened by vigorous shouts of 'He's a liar! Ah! he is a perjurer! He is a malignant pest!' He is a wart on the face of the nation. The writer discovered the sounds to be a rehearsal by 'the big lawyer for the defense in the Cronin case.'"

Sergius E. Shevich, of New York, speaking at an anarchist meeting in Chicago Sunday, pronounced the hanging of Chicago anarchists the 'greatest crime ever committed by man,' and declared that Chicago would be the Paris of America—the city of revolutions. The audience cheered these sentiments. They hissed the stars and stripes and cheered the red flag.

The Mackerel Catch of the Massachusetts fishermen is reported to be unusually small this season. The total Gloucester receipts to September 1st were only 4,796 barrels, against 11,069 to the same date last year, and 10,718 to September 1st, 1887. And even '87 and '88 were both years of great scarcity in mackerel. Nothing short of a miracle can bring the catch up to what it was last year.

JOHN W. WAMAKER.

To Raise the Price of Oysters.

LATIMER, DEL. Oct. 15.—The adjourned meeting of the oyster dealers will pack up the oysters to the Nantuxco House, in Seaford, to-day. Crisfield, Marion, Westover, Cambridge, Secretary Creek, and Seaford packers were largely represented. Owing to the severe storm on the coast, the delegation from Baltimore and Oxford and intermediate points failed to reach Cambridge in time to make connections with the Seaford train. Telegrams, however, were sent expressing sympathy in the movement and regretting their inability to reach their destination. Owing to there not being a full representation an adjournment was made to meet in Cambridge Friday of this week, when definite action will be taken to control the output and to dictate prices.

Forty-nine packers of Baltimore, Md., agreed to raise the prices about twenty per cent. over last year. After a hot debate this was accepted, to take effect immediately. The packers of the other oyster centers will be expected to follow. Low oysters to be sold for less than one dollar per gallon for inferior stock.

Permanent officers were elected, as follows: President, Col. W. H. Stevens, Seaford; Secretary, George W. Woodford, Cambridge; Treasurer, John E. Dutton, Seaford.

The spirit of the packers is to make the movement a success. It is undoubtedly one of the strongest combines in oyster history, they are backed by several million dollars. They do not intend to dictate prices for the oyster, but will regulate prices for their employees, which number more than thirty thousand.

Mr. Stratton for President Office.

Somerset county has noted favorably the very complimentary nomination by the Salisbury Advertiser of Senator Robert F. Stratton, of this county, for the presidency of the United States.

Mr. Stratton, who is a native of Somerset county, has been elected to the Senate of Maryland. If Wisconsin county urges his selection, with his large Democratic majority backing his choice, such backing should be a great way to confirm the nomination of Mr. Stratton.

Mr. Stratton has a long record of experience in legislative work should be a strong argument in his favor. He has served one term in the House of Delegates and is now completing his third term in the Senate. In the Senate he has served on the Finance Committee and another as Chairman of the Committee on Judicial Proceedings—the two most important committees of the General Assembly. In addition to these he is the oldest Senator in point of service who will have a seat in that body, we believe. He is a holding over Senator, moreover, and the custom of that branch of the legislature is always to select its Presiding Officer from the holding over Senators. His fitness for the position, and his qualifications will be conceded without argument. We do not see why Somerset should not have this honor given her in the choice of her Senator—Margaret.

The New Director of the Mint.

Edward O. Leach, who was, Monday, appointed director of the mint, is a District man, although his parents were from New York State, where his relatives now reside. Mr. Leach was born in Washington, Dec. 9, 1850. His father, D. T. Leach, was well known in the city of learning and piety. Two of his brothers are ministers of the Methodist Church, one of them, Rev. S. V. Leach, being one of the most distinguished ministers of the New York Conference. Mr. Leach graduated from the College in 1869, taking the second honor in his class. He also graduated in law from the National University of this District, and was admitted to the bar in 1878. Upon the death of his father he was appointed in the Treasury Department upon the recommendation of General Francis A. Walker. He entered the department at the lowest grade of clerkship in 1881. Upon the creation of the position of Director of the Mint, he was appointed to it, where he has served continuously, passing through all the grades of clerkship up to his present position, "computer of bullion," the salary of which was increased by Congress on account of his efficiency.—Washington Star.

Bayard Taylor's Mother.

WEST CHESTER, Pa., Oct. 14.—The aged mother of the late distinguished poet, scholar and traveler, Bayard Taylor, celebrated her 80th birthday anniversary on Sunday, Oct. 13, at her home in Kennett Square. She was surrounded by her remaining children, several grand children and a number of her nearest friends, representing Philadelphia, New York, Wilmington and other points. The party passed in a social way, the young and old living with each other in doing all in their power to make their aged host as happy as possible.

Mr. Taylor was a typical old lady of refinement and tastes in the garb of the Chester county farmer. Her hair was white, but her step was as firm as a young man's, and her eyes were as bright as the sun.

THE G. H. TOADVIN LUMBER CO.

The new Enterprise at Elizabeth City,
North Carolina.

The "Advertiser" newspaper published at

Elizabeth City, N. C., gives the following

account of our fellow townsmen's enter-

prise in this city:

On Wednesday of last week, the 9th

day of October 1888, the large planing

mill of the G. H. Toadvin Lumber Com-

pany, located on Knobs Creek was start-

ed on its mission of working 12 to 15

million feet of lumber annually, and well

qualified it seems for such steady and

hard work. The entire construction

of the buildings, machinery and ware-

houses have been done in the most sub-

stantial manner by experienced work-

men. The saw mill, one of the feeders

to this huge planing mill is located on

the river, with a frontage of 600 feet, the

proprietor who is Capt. James Y. Olds

assisted by his two sons, is a lumber

man of long experience and thorough

training. His log pond will hold five

thousand logs, his mill will saw out 30,

000 feet daily, his dry kiln will discharge

30,000 feet, while the engine is 75 horse

power and is put down in the most ap-

proved style. This enormous mill is

supplied by the cut of several miles,

which is brought to them in huge lum-

ber schooners in addition to the supply

from the old saw mill. Every facility

for handling the lumber and doing the

work is secured, the rail road switches

run just where wanted, to both of the

mill, while every water facility is under

control, the entire roofing is of metal,

and the engine and fire room are abso-

lutely fire proof. Sixty hands are now

occupied at the planing mill and twenty

five at the saw mill. Mr. D. H. Straugh-

an is the efficient manager of the planing

mill, while the entire management

of the saw mill is under the ever vigil-

ant eye of Capt. Jas. Y. Olds.

Mr. Straughan is assisted by his son

Chas. Straughan; Lonnie Sandelin has

charge of the office, W. J. Calloway

is in charge of the engine, and Mr. Minus

Farlow is master of machinery, all of

whom are experienced in their work.

The proprietors of the mills are thor-

oughly active business men, who are

largely endowed with good social qual-

ities, they are workers on the word, but

are not adverse to a joke being said

with their laborers. They work most

harmoniously together, and each one

seems specially fitted for his particu-

lar branch of work.

This firm is composed of G. H. Toad-

vin, Thomas W. Smith, and Randolph

Humphreys.

Observations on the Schools.

We are pleased to see another im-

provement in our schools, that of a new

series of arithmetic. Our present arith-

metics has done much toward improv-

ing our school work, and this selection is

another evidence of his determination to

keep our schools to the front.

The change of arithmetic is a good

one and must result to the advantage of

the pupils. This is an age of improv-

ment and especially in school books. The

old books, Davies', though good, have

had their day in this country, and when

they were brought into use they were

expected to give place to a better work.

We find Ficklin's elementary

and National arithmetics present the

science to the student in a bright attrac-

tive manner, gradually leading him from

one subject to another, and teaching him

to trust his own ability. There is a com-

bination of oral and written work thus

giving confidence with knowledge. The

new work seems to be made plain by a

regular and comprehensive process of

advancement. There is a vast amount

of work so arranged and simplified as to

be learned in a very short time. The

work we consider highly commendable

and it ought to infuse new life into our

schools. It certainly reflects credit on

our schools as well as upon its intro-

ducer.

Mr. William Fulton's Marriage.

The Baltimore Sun of Thursday con-

tains the following account of Mr. Wil-

liam Fulton's marriage, at Greenstone

last Wednesday: Mr. William Fulton,

agent for the Pennsylvania Railroad

Company at this place, and Miss Lida,

daughter of H. B. Sinners, were married

here at Holy Trinity Church to-day. The

bride attended by Mrs. J. E. Elligood,

Grievous, brother-in-law of the bride,

who attended her to the altar and then

gave her in marriage, Miss Ella Hor-

sey, Ella Moore, Fannie Bernard and

Lida Downer, four little girls dressed

in white and each carrying a basket of

beautiful flowers, acted as maids of hon-

or. The ushers were Drs. Clarence

Grievous and F. R. Malone, and Messrs.

F. R. Roe, Edward C. Fulton, Al. Har-

castle and J. D. Plummer. Passing up

the aisle the ushers turned aside the

bride and her maid to enter the church

and approach the altar, where she was

met by the groom, accompanied by his

attendant, Mr. Enos S. Turpin. Rev. F.

B. Adams, rector, officiated. After the

wedding the bride couple departed for a

Western trip. The bride was in garnet,

with hat to match, and carried a large

bouquet of Marsechal Niel buds.
