LOCAL NEWS.

Engage your harvest hands in time.

Some thunder showers occasionally.

Now trying out the door and window screens.

Linens suits don't look uncomfortable now.

The schooners L. T. Dumack and F. C. Todd are receiving a neat coat of paint.

His Honor, Judge Charles F. Goldsborough, was in town at the Peninsula House on Thursday last.

Bro. Smith, of the *Sheld* has paid a visit to Ocean City. See his report of the hotels in another column.

The schooner *Ridg* has received a fine coat of paint, and sailed for Baltimore light for a cargo of merchandise.

Wonder what will be the population of our town according to the enumeration that will be made a few weeks hence?

The census man will do something that no one else can if he succeeds in finding out the ages of some of the "girls."

Every mother-in-law should recommend Dr. Bull's Baby Syrup for her grand-children and thus keep peace in the family.

The Chestertown *Transcript* has just entered its 10th year. Since the commencement of its successful career it has never missed an issue.

New subscribers to the *Advertiser* are coming in rapidly. The Presidential campaign will be open in a few weeks and now is a good time to subscribe.

SOMERSET'S WHEAT CROP.—We learn from several of our neighbors in Somerset county that their wheat crop will be the best they have had for several years.

LARGE COIT.—Mr. Thomas W. Waller, of this county, has a colt two years old April 1st, 1880, which weighs nine hundred and thirty pounds. Who can beat this colt?

PICNIC.—The young ladies and gentlemen of this town, we learn, intend having a picnic some time very soon, but it will be confined to the young entirely, no old people being allowed.

ACQUITTED.—The trial of Ex-Senator Wm. J. Aydelotte, indicted for indecent assault upon Mrs. Falk, of Pocomoke City, terminated at Snow Hill on Wednesday evening last, in his acquittal.

PRESENTATION.—The kind-hearted, whole-souled people of Grindstone Hill, Worcester county, on the 28th of May presented the life of Rev. T. J. Prettyman with a costly and handsome dress.

ERRATA CORRECTED.—Last week in our lead column in the arguments in the Turpin trial our printers made us say "murder in the first degree," when it was plainly written in the "second degree."

INCREDIBLE TRUTH.—We note as an evidence of the increasing trade of the Messrs. Uman Bros., of this town, a large package shipped by them to El Dorado, Kansas. They receive orders from a long way off.

MARKED.—On the 2nd inst., at the M. E. church, Onancock, Va., by Rev. R. E. Jones, assisted by Rev. L. E. Barrett, Rev. E. C. Stephenson, Mr. Lena S. Leatherberry, daughter of Rev. P. A. Leatherberry, of Onancock, Va.

LOST POCKET BOOK.—Sometime during last week, in the streets of Salisbury, I lost my pocket book containing papers of value with my name on them. Any person finding the same will be rewarded by returning it to the ADVERTISER'S OFFICE. THOS. W. WALLER.

FRONT.—The refreshing shower on Wednesday was followed by a small frost on Thursday morning. We hope we may be favored with one good rain, for long, as the ground has not been wet three inches deep in this neighborhood since March.

ARRIVED.—The schooner J. H. Elliott, Capt. L. Marshall, arrived from Baltimore on Thursday with merchandise for Messrs. Humphreys & Tilghman and others. L. E. Jones, of the Eastern Shore Steamboat Company have now on their line three steamers, the "Helen," "Magie" and "Tanger."

INVITATION.—Master George Todd has our thanks for an invitation to be present at the Ninth Oratorical contest between the Irving and Webster Literary Societies, of the Western Maryland College, at Westminster, Md., on Tuesday evening, June 16th, 1880.

THANKS.—Col. Jesse K. Hines, Insurance Commissioner, has our thanks for a copy of his very elaborate report, made to his Excellency, the Governor of the State. After we have had sufficient time to peruse it, we may have occasion to further notice it.

CORRECTED TIME TABLES.—This week we give the summer schedule of the P. W. & E. R. R., Delaware Division. Also it will be seen by referring to the column headed "The Eastern Shore Steamboat Company" have now on their line three steamers, the "Helen," "Magie" and "Tanger."

HOTEL OPENING.—The Atlantic Hotel, at Ocean City, will open on the 23rd inst., and will be one of the most complete and comfortable hotels on the coast. We predict for friends of a first-rate run of business this season, and hope he may be amply compensated for his extensive outlay.

DIED.—Mr. John Murphy, publisher and book seller, of Baltimore, died last week at the Carrollton Hotel, when he and his family were boarding. He was one of Baltimore's most worthy and distinguished citizens. We have known the deceased for many years, and always esteemed him as one of the best men.

JOB PRINTING.—Our merchants and others.

It is not always perfectly safe to soothe the baby with opium preparations, but you can rely on Dr. Bull's Baby Syrup; it contains nothing injurious.

WICOMICO'S WHEAT CROP.—The wheat crop of this county will be above the average. We have conversed with a number of farmers, all of whom say that while the straw will be light, the grain will be good and plump. The weather is favorable during harvest and a good yield of excellent wheat may be expected.

PROCEEDINGS.—In another column will be seen the proceedings of the County Convention, which assembled here on Tuesday last, to send delegates to the State Convention to be held in Baltimore on the 9th inst. The delegates, all anti-ring, were elected on the first ballot, which was a surprise to the managers here.

LIST OF LETTERS REMAINING IN THE SALISBURY, WICOMICO COUNTY, Md., post-office June 5, 1880.
Miss Anson, Capt. George L. Fields, Zerkel Phillips, Mrs. Martha Hunter, Ebenezer Waller, Helen Winder.
Persons calling for any of the above named letters will please send for advertisement. W. H. CATHELL, P. M.

THE GRANT BOOM.—It seems perfectly easy to some for Grant to be elected to the third term, but one thing we do know that Kendall's Spavin Cure is the very best liniment ever discovered for any ailment on horses and for rheumatism or any deep-seated pain in man. It is used at all seasons of the year with wonderful success. Read the advertisement for Kendall's Spavin Cure in another column.

CENSUS EXAMINERS.—The census enumerators marched forth on Tuesday morning last comprising an army larger than Gen. Jackson commanded at New Orleans, where he gained one of his most brilliant victories. This has been an unlucky week for old maids, bachelors, widows and widowers, whose fortunes are not quite made, as they have been required to say how long they have been here, etc.

IMPROVEMENTS AT THE DEPOT.—There has been great improvement made at our depot recently. The old building has been completely overhauled and renovated. Before the change it only had one waiting room, but now it has two—one for the ladies and one for the gentlemen. The agents office has been remodeled, and is now both convenient and roomy. The building has also been painted, and many changes made which adds to its appearance and convenience.

KNIGHT'S HISTORY OF ENGLAND.—This great work is approaching completion but one more volume remaining to be issued. English statesmen and critics speak in high terms of it, and eminent students in our own country pronounce it unequalled. As one reads it, he agrees more and more with the opinion of Lord Brougham, who said of it that "nothing has ever appeared superior, if anything has been published equal, to the account of the state of commerce, government and society at different periods." Vol. VII. Carlisle, Hamilton & Co., Publishers, 11 K. Funk & Co., 10 and 12 Dey Street, New York.

HE WANTED IT DONE ACCORDING TO LAW.—Mr. H. Kellum came to our law office last week and told us the following story: A boy named Wilson Leonard, col'd., was drowned in the Wicomico Falls mill pond, and about the time of the accident a colored man came up just as some boys had drawn the body from the water covered with mud, and kicking. The fellow said, "Put that boy back in the water; you had no right to get him out 'till a jury comes. Dat is de law, and you must 'bey it." So the boy was put back into the water, and away leg investment. After a time he was again drawn from the water, washed a great deal cleaner, but not a lick manifested itself. He is buried.

A GRACEFUL COMPLIMENT.—On last Thursday week Conrad R. Jordan, Esq., one of our oldest merchants, received from Company G. of the Sixth Regiment Pennsylvania National Guards, a flag and red to be placed over the grave of his son Edward. The flag was decorated with the words "Died for his Country." Being a great favorite with his Company and all who knew him, his Company and Regiment still remember him, as was evinced by their presentation of the American flag and red to be placed over his grave, through General Hotchkiss, commander, in a complimentary letter.

BEAUTIFUL TRIBUTE.—The congregation of St. Peter's P. E. Church, of this town, have added another beautiful tribute to the memory of their late pastor, Rev. Wm. Fulton, by erecting over his grave in the "Parsons' Cemetery" a marble tablet. It is gotten in design, and of the finest Vermont marble, surpassing in beauty of polish and smoothness the best Italian marble, and it is said, much more durable. It stands eight feet high, the component parts being base, sub-base, tablet, plinth and cross. Upon the tablet is this inscription: "Looking unto Jesus, the Author and Finisher of our faith." Rev. Wm. Fulton, D. D., born Nov. 2d, 1827, entered into rest December 6th 1877. For years a faithful minister of the church, when death Thou didst open the Kingdom of Heaven to all believers." On the good a tablet made of marble, and upon the tablet is this inscription: "Looking unto Jesus, the Author and Finisher of our faith." Rev. Wm. Fulton, D. D., born Nov. 2d, 1827, entered into rest December 6th 1877. For years a faithful minister of the church, when death Thou didst open the Kingdom of Heaven to all believers." On the good a tablet made of marble, and upon the tablet is this inscription: "Looking unto Jesus, the Author and Finisher of our faith." Rev. Wm. Fulton, D. THE CHICAGO CONVENTION.

Republicans have gone to military men long enough to disgust the people at large, and by taking a pure, honest and capable man from some civil station the Democrats will insure the success of their party, the triumph of the civil over the military power, and the restoration of peace, order and law.

Congressmen Hoar and Blaine and Hawley say that the nomination is a strong one, but they all agree that there is not now a doubtful Southern State and that the contest will be in Indiana, California, New York, Connecticut and New Jersey. Senator Windom, when asked for his opinion, said: "I think that the nomination settles all of our difficulties and is an excellent one."—*Baltic Gazette*.

Steele, Baltimore, and Hon. J. T. C. Hopkins, of Harford county. The nominees were all elected without dissent. Resolutions were then adopted empowering the State central committee to inquire as to the disqualifications of electors, and to fill any vacancy caused by an elector being disqualified; also empowering the several delegations to fill any vacancy that may occur among the delegates to Cincinnati, and the convention adjourned *sine die*.

minutes before had been so happy and so hopeful of ultimate victory, lost all further concern in the animated scene going on before him. He sat in his seat pale, with his eyes cast on the floor, a perceptible quiver on his lips, and addressed no further remarks to any one. State after State was called, and the Maine battalion as they came up in successive order marched over and ranged themselves under the standard of Garfield.

In person Gen. Garfield is six feet high, broad-shouldered and strongly built. He has an unusually large head that seems to be three-fourths forehead, light brown hair and beard; large, light blue eyes, a prominent nose and full cheeks.

—Excursion time is drawing near.

—Where are you going this summer?

—New potatoes have appeared in our market.

—Eggs are quoted by our merchants as scarce.

—Take care of yourself, avoid the sun and ice water.

—Lamb and green peas are the favorite dishes just now.

—The Atlantic Hotel, Ocean City, opens on the 23rd inst.

—Shad are played out, and whortleberries are now in season.

—Harvest is now at hand, and the heat crop will be a fine one.

—It is difficult to draw the line between spring lamb and mutton.

—What will be the programme here for the celebration of the Fourth?

—Our streets were lighted with naphtha for the first time on Wednesday night.

—Dysentery is very prevalent in this section; caused evidently by the dry weather.

—Mr. C. F. Holland is having a new house built in front of his residence in Camden.

—The name of Barren Creek, Wisconsin county, post-office has been changed to "Russum."

—Now is the time to hatch out the Sunday School picnic. The scholars are getting anxious.

—The churchyard at the M. E. church has been very much improved by being laid out in squares.

—Thoroughgood's blacksmith shop was on fire last Tuesday. No alarm given and damage small.

—An excursion to Fortress Monroe and other points of interest is one of the probabilities for July.

—Mr. Harry Penaul, who has been south for the past two or three years, returns home the latter part of last week.

—W. T. Vallant will preach in the M. P. church, this place to-morrow at 11 A. M. and 8 P. M. You are invited.

—Two of Salisbury's nice young men were fined this week for walking over the drawbridge while it was being turned.

—The congregation of the Methodist Protestant church have had erected a new fence in front of their edifice.

—Nearly all the schooners that belong here have received a fresh coat of paint, and as a consequence, are now looking their best.

—The plank sidewalks in some portions of the town are in a very dilapidated condition, and would be better if taken up entirely.

—Hand Fooks, Esq., known as the Chief Justice, has been re-appointed a Justice of the Peace, and can be found at his home at 21st.

—Rev. Franklin Pierce, of Crozier Theological Seminary, will preach in the Methodist Church to-morrow (Sunday) morning and evening.

—Green peas sometimes produce a queer effect on those who indulge in them. They are said to be very stimulating and to contain much alcohol.

—Notwithstanding the extra expenses incurred by the county by the Turpin trial, our county levy is this year seven cents less in the hundred dollars than was in 1879.

—Foggy tea is a simple remedy to quiet the baby, and this innocent cup is embodied in Dr. Bull's Baby Syrup, which puts the baby to sleep and drives the evil one of opiate. Price 25cts.

—Mr. Ames Quilo from Crisfield, Md., is now visiting Salisbury. His musical talents might be appreciated here his bills not so long, and did he not come with the reputation of a first-class sucker.

—The excessively dry weather has caused fish which "hardly ever" leave salt water, to come up within a mile of town. Mr. A. A. Parsons has caught several crocodiles lately, and the black-perch fishing is said to be splendid near town.

SUNDAY SCHOOL EXHIBITION.—There will be a Sunday School exhibition at St. John's, near Powellville, Saturday, July 1st. The exhibition will consist of music, speaking, &c. The public are cordially invited.

REPAINTED.—The Methodist Episcopal Church South is now receiving a fresh coat of paint, which will enhance the appearance of the building considerably. Wm. J. Aikman is doing the work.

INDEBTED TO THE WHORTLEBERRIES.—Foresters have greatly reduced the whortleberry crop this year, while the dry season has also been materially. The berries, which have been in abundance in town, are now scarce.

THE NEW WELL.—The large well to furnish water for the protection from fire of the upper part of Camden is now nearly completed. It is situated on John White's property, he having kindly consented to let it be placed there free of charge. As the value of all property in town is enhanced by fire protection, it may yet turn out to be a very profitable investment for the old gentleman.

FISHING PARTY.—We understand that several of our young men are trying to get up a fishing party, and charter the schooner *Thos. B. Taylor* for about a ten days cruise. We hope they will be successful, as the trip will be a very enjoyable one to all who participate.

IMPROVEMENT.—Messrs. R. K. Truitt & Sons have made another great improvement in the appearance of their drug store by putting in large show windows in front. This greatly enhances the beauty of their already very pretty drug store.

LOST.—On Tuesday evening, June 1st, between the Pivot Bridge and the residence of Col. Wm. J. Leonard, an OBLONG GOLD PIN, with the name "Mary" engraved on the inside. The finder will be liberally rewarded by returning the same to Col. Wm. J. Leonard.

PERSONAL.—There Honors Judges Irving and Wilson, Hons. John W. Crisfield, R. F. Bratten, John H. Handy, Cols. Henry Page and James H. Hardy, R. J. Henry, B. Jones Taylor, and other prominent gentlemen were registered at the Peninsula House during the week.

A FINE YIELD OF WOOL.—Mr. Edward C. Leggett, of Kent Island, Md., from seven ewes clipped 1100 pounds, or an average of 150 pounds to the sheep, and thinks that 14 pounds about the average of his flock. This is the best we have heard from this season. If anybody on the Eastern Shore, or off of it, can beat it, we should like to hear from them.

CELEBRATION AT DELMAR.—There will be a grand celebration at Delmar on the 3rd of July, under the auspices of the Red Men. There will be a picnic in which several Sunday Schools will participate. The Delmar Singing Association will furnish music for the occasion. All persons are respectfully invited to attend.

ONE CENT.—A postal card was written in the office of the SALISBURY ADVERTISER on the 17th day of December, 1879, directed around the world. It left San Francisco, Cal., on Christmas Day, Hong Kong, China, April 17th, 1880, arriving at New York June 7th, and at Salisbury June 8th, making the circuit of the globe in nine days less than six months. Postmasters were directed to keep it going, but the one at Hong Kong detained it a month.

LIST OF LETTERS REMAINING IN THE SALISBURY, WISCONSIN COUNTY, MD., POST-OFFICE JUNE 11, 1880.

Levin Adkins, Miss Annie Bell Bird, Mrs. L. Collins, Miss Bertha Desiles, Miss Levia Deshields, Mrs. Rosa Morris, Miss Martha E. Marvel, W. W. Robertson, Mrs. Rhoda A. Smith, Miss Georgiana Wilson.

Persons calling for any of the above named letters will please say they are advertised. W. H. CATHELL, P. M.

FINE WHEAT.—Mr. H. N. Crawford left at our station on Tuesday a crop of wheat with seed six inches long. This variety is destined to become very popular in this climate and profitable to the farmers. He also left a bunch of Canada, which has a much shorter head, but a heavy, plump grain.

Mr. Crawford has a good wheat farm, while it is also well adapted to stock raising. We hope we shall hear from him again, as he is an enterprising farmer.

HAYES' OLD FOLKS' CONCERT.—The officers of the Salisbury Circulating Library have very fortunately secured this quartet of singers to give one of their celebrated entertainments on Tuesday night, June 22nd, in the COURT HOUSE.

As this musical troupe promises to be of a tone that will, without a doubt, suit the taste of all lovers of fine music, it is earnestly requested that the town will show its generosity by giving them a full house and good receipts for the Library's benefit. Admission 25 cents.

ATTENTION.—In another column of today's paper will be found the card of Thomas Perry, attorney-at-law, to which we desire to call the attention of our readers. Mr. Perry is a graduate of Washington College, and has been recently admitted to the bar. A good scholar, a painstaking, careful and painstaking lawyer, we predict for him a promising and honorable career. As will be seen from his card he proposes to make the trustee business and collection of debts specialties, and persons who have business in his hands will always find him prompt and reliable.

THE TURPIN TRIAL.—The motion for a new trial in the case of John W. Turpin, convicted of murder in the second degree for the killing of Wm. H. Carrington, was on Wednesday last overruled. His Honor, Chief Justice Irving delivering the decision. Sentence was of course suspended, until the court Appeals shall determine upon the exceptions taken at this trial in May last.

His Honor Judge Goldsborough, being detained at home by illness, Hons. L. E. H. Irving and E. K. Wilson sat in judgment upon the motion. The prisoner bears up wonderfully under his misfortune, and seems hopeful of success before the Court of Appeals.

OCEAN CITY.—Ocean City, our summer resort, has grown to proportions which makes it a certainty that the enterprise is an entire success. Those people who designed, located and founded it deserve the gratitude of our people.

Among the most active spirits were Dr. H. R. Pitts, Col. B. J. Henry, Col. L. Shovel, B. Jones Taylor, Esq., Hon. Stephen Tabor, of N. Y., Hon. Robert Fowler and many other good men, whose memories should be esteemed by all.

The "Little City by the Sea" has gained a notoriety and a reputation for its variety, while the press of Worcester, Wisconsin and elsewhere, as well as on other parts of the Peninsula and the city of Baltimore deserve mention for the part it has taken in the work of building up our Ocean City—for every Marylander and every American of the Peninsula has been proud to be proud of its growth, prosperity and popularity.

May its course be one of prosperity, always attracting to its shore many of our best citizens and the best people of the whole country.

The Newspaper Business.

Here is how a brother journalist puts it: We suppose that many people think that newspaper men are persistent dunces, let a farmer place himself in a similar business position and see if he would not do the same. Suppose he raised one thousand bushels of wheat, and his neighbor should come and buy a bushel, and the price was a small matter of only two dollars or less, and the neighbor says "I will hand you the amount in a few days." As the farmer did not want to be small about the matter he says all right, and the man leaves with the wheat. Another comes in the same way until the whole of the one thousand bushels of wheat are trusted out to one thousand different persons, and not one of the purchasers concerns himself about it, for it is a small amount that he owes the farmer, and of course that would not help him. He does not realize that the farmer has frittered away all his large crop of wheat, and that its value is due him in a thousand little dribbles, and that he is seriously "embarrassed" in his business because his neighbor treat it as a little matter. But if all would pay him promptly, which they could do as well as not, it would be a very large amount to the farmer, and enable him to carry on his business without difficulty. The above comparison is too true of the difficulties that the newspaper man has to contend with.

Cambridge has always been noted for its innumerable drinking water. It is the inhabitants of that town propose to remedy this evil by sinking artesian wells. Five of these wells have already been successfully sunk, one to the depth of eighty feet, and the water obtained from them is said to be excellent.

Rev. Mr. Minor of this place is about to resign his pastorate at Del. He will deliver his first sermon and administer the sacrament on Sunday next at the Episcopal Church in Milford. He has resided with us but a few months and his relations as minister and pastor in this community have been exemplary and blameless.—*Denton Union*.

The Carroll County Commissioners applied the axe of retrenchment of charges allowed to the sheriff. The board of prisoners at the jail has been cut down from fifty to thirty cents per day, and for taking prisoners to the penitentiary \$50, and to \$10 each where more than one is taken at a time. Formerly the sheriff got \$25 for each prisoner taken to that institution.

The army work made its appearance suddenly last week and in certain sections has caused considerable apprehension as to the amount of damage they are capable of doing. They are voracious feeders and destroy every leaf in their onward march. Their every energy is bent on destruction. They seem to be the worst in the "Necks" near the bay side, and have eaten blades and stems from many wheat fields, thus failing to supply the appetite of the tender stalks, have been cut out of the wheat, now in the midst of its growth.

Andrew Spear, Samuel Truitt, J. F. Deane, Henry Blanchard, John Farris, and others, in "White Hall" Neck, they covered the ground, and it is feared each enemy secured a nest on destruction. The fight is to keep them from the corn fields. To do this the farmers have had to dig ditches with pickaxe and shovel around their fields. Sunday was a day of toil. It went, throughout the "Necks" in beating with these voracious pests. Wesley Jones went out on Sunday morning to find they had invaded his corn field and with a solid line from side to

side had advanced as far as the row destroying every green vestige before them. There was only one thing to do; stop their course or lose his crop. He guarded his horses to the shore and ran a fence directly across the field and depended it with spades. Though they can "climb" wheat stalks they cannot, it seems, climb perpendicular earth banks and are eventually destroyed by the sun or starvation. They have utterly destroyed ten acres of corn for Alex. Pleasanton, five for Samuel Truitt and several others have been sufferers.—*Smyrna Times*.

Agricultural Column.

Time—How it Acts on Land.

Now that time is being so extensively used on land in portions of this and other States, we will endeavor to give you some reliable, to point out, for the benefit of farmers generally, the mode of its action. Dr. Randall, in his admirable work on "Sheep Husbandry in the South," referring to time, says: "Time acts mechanically and chemically on soils. It stiffens loose soils and opens up stiff ones. It neutralizes acid substances in the soil; it forms compounds as well as promotes the dissolution of existing ones inimical to plants. But its chief object is to produce food for plants by its chemical action on the organic matter contained in the soil."

"Hence," says Dr. Johnson, "time has little or no effect on soils destitute of organic (vegetable) matter," and that under its influence "the organic matter disappears more rapidly than it otherwise would do."

This statement of the distinguished author about the organic matter of a soil disappearing more rapidly under the influence of time than it otherwise would is undoubtedly true, and therefore in applying lime to land great care should be taken not to apply it in excess, otherwise great and permanent injury might result. Successful cropping, for a time, will no doubt result from the application of lime, but when applied in excess it is only to that extent robbing the soil of its crop-producing elements, just as the excessive or continuous use of stimulants robs the human system of its physical as well as intellectual powers. There can be no doubt that the proper use of stimulants may, and often does, prolong life for many years, yet it is equally true that excessive indulgence in them wrecks the physical system and brings the loftiest intellect to the lowest point of degradation. And thus it is, as Dr. Johnson says, "scarcely practicable to restore fertility to soils, even of the best natural quality, which have been thus treated."

Now, if it be true, as no doubt it is, that, by the continuous or excessive use of lime, the organic matter in a soil is completely removed, let us see whether it is not practical to restore this organic matter to the soil in the shape of green crops and animal manures. Johnson further says that "the fertility of the soil upon which lime is applied will remain as long as the time is an adequate supply of organic matter in the soil for the time to act upon." Thier says that "while lime can never supersede the use of dung, it renders the latter more energetic in its action." Now, as dung is composed almost entirely of vegetable and animal matter, it follows, as a matter of course, that if we furnish this vegetable matter in the shape of green crops and animal manures for the time to act upon, the fertility of the land must be restored. This is a self-evident proposition, and needs no other proof. Lime must, therefore, be used in conjunction with organic matter either added in the soil or placed there in the shape of green crops or animal manures. And thus it appears that the crop-producing effects of lime depends, first, upon the presence of organic matter in the soil, and secondly, upon the composition and physical character of the soil itself.—Baltimore.

The Best Five Breeds of Sheep.

From our exchanges, which do not give the authorship, we take the following well-digested account of the several breeds of sheep most favorably regarded in this country:

First.—The Merino is a breed originally Spanish, but now generally existing over Europe and the United States, and very extensively in Australia. Merino constitutes a great part of the wealth which flows into the new continent from its exports. The Merino has large limbs, and the male has large spiral horns which do not rise above the head. The skin of the neck is loose and pendulous, the cheeks and forehead bearing wool. The fleece is fine, long, soft and twisted in silken ringlets abounding in oil which attracting dust, gives it a dingy appearance until scoured, after which it is silky and white. This variety is valuable mainly for the excellence of its wool.

Second.—The Leicester sheep is regarded in Europe as one of the most valuable of the long wools. This breed, in the present improved condition, is the result of the skill and care of Mr. Bakewell, of England, who soon after the middle of last century, began to make experiments for the improvement of the old Leicester sheep. "It was then a large coarse-boned sheep, not easily fattened, with coarse wool weighing about ten pounds to the fleece. The new Leicester, or present breed, has wool moderate in weight, and of better quality, weighing seven or eight pounds, and easily made very fine. The color is white, and both sexes are hornless, with tall faces tinged with blue, and low carriage. Other breeds of long wools in England have been greatly improved by crossing with this Lincolnshire, Romney, Marsh, etc. In this country the Leicester are large and coarse, but easily fattened, and with good mutton; the wool moderately long, lustreless, and without gloss. Altogether this variety is not generally in great esteem.

Third.—The Lincolnshire is a large, long animal, bakes long to nature, has a long, flat, long head quite bare of wool, with a good face, rather thin, slightly kinky, with some gloss. But altogether the Lincolnshire has greatly improved of late years, their legs being shorter and the wool more glossy; yet the fleece not being equal in quality to some other breeds, they have not met with general favor, and are rarely adopted by our wool-growers as a breed.

Fourth.—The Southdown is one of the most popular breeds both in England and the United States, and have, by crossing, produced what are called Hampshiredowns, Shropshiredowns, Oxforddowns, and prairie downs, all larger and coarser, but retaining the Southdown marks and characteristics, all producing valuable wool and making good mutton. But the Southdown must be regarded as the head of all these, both for wool and table use, the crossing of this breed having added nothing to the originals in either quality. The Southdowns are exceedingly neat in form both in head and body, with gray faces and legs well covered with wool, the fleece short, thick and soft, the outer surface often appearing as smooth, as the nicely clipped. The body is straight, with well sprung ribs, broad, level back,

and keep flanks, all well covered with wool. This breed stands at the head of all breeds of sheep for superior table qualities, but does not rank so high for quantity and quality of wool. The Southdowns derive their origin, and name from chalkdowns of the south of England, but are not adapted to a cold climate.

Fifth.—the most important and valuable of all breeds of sheep is the Cotswold or Gloucester, the wool of which has been held in great esteem since the fourteenth century, and has generally commanded a higher price than any other. In 1424, Edward VI., of England, sent a present of Cotswold rams to Henry of Castile, and in 1468 he sent a similar present to John Aragon. So the Cotswolds reach back to a right honorable age and right royal patrons. But in modern times the Cotswolds have been greatly improved by crossing with the Leicester, producing a shorter wool and better mutton than in former times. The Cotswold of to-day has a long, straight body, well rounded ribs, flanking low down, good, full twisted, broad back, full and low in bristled, a neat, stylish head, broad between the eyes, neatly tapering mouth short legs, with good jaws and legs covered with wool, and altogether a pretty and stylish body, covered with fine, long, wavy wool, which is glossy and very valuable, and in great demand. The face in this breed is sometimes gray, but not generally so. They are more docile than any other breed, and take on flesh very kindly, making good mutton, but not considered in this respect equal to Southdowns. Yet, all things considered, the Cotswold is the best and most profitable breed for the wool-grower, and we would earnestly advise them to continue to improve their flocks until they shall be as near thoroughbreds as possible. It costs a little to raise and take care of a good animal as an indifferent one, while the thoroughbred will yield a fleece from twelve to twenty-five pounds, worth twice as much per pound as the fleece of a common sheep, which would weigh three or four pounds.

KENDALL'S SPAVIN CURE.

The most successful remedy ever discovered, as it is certain in its effects and does not injure.

From REV. P. N. BRANFORD, President of the St. Albans District.

Dr. R. J. KENDALL & Co., Gentles: In reply to your letter I will make you a few remarks with regard to your Spavin Cure. I wish to say that I have used your Spavin Cure for several years, and have found it to be a most valuable remedy. It has cured many of my horses, and I have been able to keep them in good condition. I have also used it on my own horse, and it has cured him of his spavin. I have also used it on my own horse, and it has cured him of his spavin. I have also used it on my own horse, and it has cured him of his spavin.

PERSEVERANCE WILL TELL! Stoughton, Mass. March 16th, 1888.

It has cured many of my horses, and I have been able to keep them in good condition. I have also used it on my own horse, and it has cured him of his spavin. I have also used it on my own horse, and it has cured him of his spavin. I have also used it on my own horse, and it has cured him of his spavin.

KENDALL'S SPAVIN CURE. 4209 Paul Street, Frankford, Philadelphia, Pa.

R. J. KENDALL & Co., Gentles: I wish to say that I have used your Spavin Cure for several years, and have found it to be a most valuable remedy. It has cured many of my horses, and I have been able to keep them in good condition. I have also used it on my own horse, and it has cured him of his spavin. I have also used it on my own horse, and it has cured him of his spavin. I have also used it on my own horse, and it has cured him of his spavin.

STATEMENT MADE UNDER OATH.

To Whom it May Concern:—In the year 1871 I treated with Kendall's Spavin Cure, a horse of mine named "Kendall's Spavin Cure," which was a yearling colt, and was afflicted with a severe case of spavin. I used the cure for several months, and it cured him of his spavin. I have also used it on my own horse, and it has cured him of his spavin. I have also used it on my own horse, and it has cured him of his spavin.

KENDALL'S SPAVIN CURE FOR HUMAN FLESH. Baker & Co., Dr. R. J. KENDALL & Co., Gentles: I wish to say that I have used your Spavin Cure for several years, and have found it to be a most valuable remedy. It has cured many of my horses, and I have been able to keep them in good condition. I have also used it on my own horse, and it has cured him of his spavin. I have also used it on my own horse, and it has cured him of his spavin.

KENDALL'S SPAVIN CURE. I am sure in its effects, and it is as certain as it does not blister, and yet it is penetrating and powerful for its use. It has cured many of my horses, and I have been able to keep them in good condition. I have also used it on my own horse, and it has cured him of his spavin. I have also used it on my own horse, and it has cured him of his spavin.

LOCAL NEWS.

The new street lights give great satisfaction to the citizens.

Refreshing showers have been the order of the day and night this week.

Growners say that peach shipments will commence much earlier this season than heretofore.

It must be true because every one says "Kendall's Spavin Cure" is the best thing known. Read the advertisement.

Our packets are doing a successful trade this spring, and making excellent time between here and Baltimore.

"Kendall's Spavin Cure" is highly recommended by Prof. Williams the wonderful Horse trainer. Read advertisement.

"My Mother-in-law is a walking advertisement for Dr. Bull's Baby Syrup," a subscriber remarked yesterday; "she recommends it everywhere."

Some of our delinquents have not yet attended to their subscriptions. We hope they will not forsake us much longer, as we need the money.

The facts that moonlight nights were made for love would seem to indicate that the moon must have some influence on the tide.

Elder F. A. Chick will preach in the O. S. Baptist meeting-house this (Saturday) afternoon at 3 o'clock, also to-morrow (Sunday) morning and night.

Those who keep dogs that kill sheep, go fishing after the 20th day of May, or catch oysters, etc., should read the Local Laws. See supplements for sale at this office.

LEVY LIST.—We note several typographical errors in the Levy List on our first page, which will be corrected next week.

NEW STEAMER.—The steamer Canton recently built for the Baltimore & Ohio Railroad, and used to convey cars from Locust Point to Canton, is a huge structure, and a model of grace and beauty, and will carry sixteen cars at a time.

HIGH AUTHORITY.—Dr. W. E. Scott, President of the College of Physicians, Montreal, writes: "I have recommended Golden's Liebig's Liquid Extract of Beef as the best preparation used for debility, indigestion, dyspepsia and loss of appetite." Sold by all Druggists.

ORGANS.—Those in want of fine instrument should not hesitate in sending their orders to the Siron Organ Co., Delmar, Del., as it will be seen by testimonials from purchasers, which have been published in these columns, that they have given entire satisfaction.

THE REHOBOTH CAMP.—The Rehoboth campmeeting will begin July 6th and continue four weeks. Two-story tents \$10 for two weeks; \$15 for the whole time. Single-story tents \$5 for two weeks; \$10 for the whole time. Apply to Rev. C. W. Prettyman, Lewes, Del.

LOST.—On Tuesday evening, June 1st, between the Pivot Bridge and the residence of Col. Wm. J. Leonard, an O. B. LONG GOLD PIN, with the name "Mary" engraved on the inside. The finder will be liberally rewarded by returning the same to Col. Wm. J. Leonard.

IMPROVEMENT.—The congregation of the Methodist Episcopal Church are having built a new fence around their churchyard. In addition to this they have had the yard laid off in squares, with gravelled walks, when completed it will add much to the appearance of the church.

WHO IS TO BLAME?—Some of our subscribers and advertisers complain that they do not get their paper regularly. We cannot tell whose fault it is, as we are careful to send all subscribers and advertisers our paper. We hope if the fault is in the mails or letter-carriers that they will speedily reform their ways.

PRIMARY MEETINGS.—We understand that our primaries will be held about the 10th or 17th of July, to send delegates to the Convention which appoints three delegates to represent Wicomico county in the Congressional Convention, which meets in Salisbury on the first day of September.

NOTICE TO TEACHERS.—On Wednesday and Thursday, the 16th and 17th of June, we propose holding our annual examination of teachers in the High School building, beginning at 9 o'clock. We hope all teachers required to hold certificates will present themselves, as this will be the final examination of the year. THOS. PERRY, Exam.

MARRIED.—At the residence of the bride's parents, on the 9th inst., by the Rev. J. L. Stroughn, Mr. Henry Seabrook and Miss Elmore Bodd, both of this county.

In the M. E. Church at Barren Creek, on the 11th inst., by the Rev. J. L. Stroughn, Capt. Wm. G. Ellis and Miss Julia Goslee, both of this county.

NEW CHURCH.—The colored people of our town are making an active effort to raise funds for the erection of a new place of worship. They have sold their old edifice, and removed the school house in there, for the purpose of allowing room for the new building, we hope they may be successful in raising the sufficient amount.

—Would you care to have a word of advice worth a great deal? Never tamper with your Baby's health by using opiates and other dangerous articles to quiet its Stomach troubles, etc., use Dr. Bull's Baby Syrup instead. Price 25 cents.

DANCING CLASSES.—The young gentlemen and ladies of Salisbury are making an effort to get up a class for a dancing school to begin in about two weeks. We understand the class will be limited in number but not in age. Those desiring to "trip the light fantastic toe," should apply to the committee immediately.

HOME CAMPMEETINGS.—Four home campmeetings will be held on Stockton Circuit, M. E. church, this season, commencing at Girdletree on Thursday, July 1st. At Stockton, Remson's and Good Will in succession. Board and horse feed can be had at low rates. The people are invited to attend by the Pastor, Rev. T. J. Prettyman.

DAMAGED BY A SCHOONER.—We learn that the schooner William Penn, ice laden, was coming up the Wicomico on Saturday afternoon last, when off Shad Point being suddenly struck by the heavy squall, became unmanageable, and ran into the railway and several small schooners lying there considerably damaging three of them. The ice schooner was not materially damaged.

RAVENOUS CREATURES.—The army worms, which are now vexing the mind of the farmer, are most voracious eaters. It is said they will devour the blades and heads from the wheat, take the head for a third course, suck the sap out of the stock for desert, and then pull it up by the roots and pick their teeth with the straw.

ARRIVED.—The large schooner William Penn, which brought a cargo of ice from Maine for Messrs. Ulman Bros., arrived at Shad Point on Saturday afternoon last, and at our wharf on Monday morning and began discharging her cargo immediately, she was cleared on Wednesday noon, and sailed for Cambridge, we understand to take a load of ship timber to Maine.

NOTICE.—There will be a meeting held in Gen. Humphreys' park by the members of John Wesley M. E. Church on Sunday next, 20th inst. Preaching at 10 A. M. and 2 P. M., by Rev. A. Man-ship, of the Philadelphia Conference. Should there be any inclemency of the weather the services will be held at Jackson's Hall. The public are respectfully invited.

RE-ELECTED.—We rejoice to learn that Dr. George R. Dennis was re-elected President of the Eastern Shore Railroad Company at their meeting last week. The Dr. is a first-class officer, and a perfect gentleman. Just such men (if they can be found) should always be taken care of by their friends. Capt. Thomson was also elected Superintendent, and Wm. J. Brittingham Secretary and Treasurer, with the same board of Directors.

STATE TEACHERS' ASSOCIATION.—The State Teachers' Association will meet at Ocean City on the 6th, 7th and 8th of July. Tickets of membership (50 Cents) for Teachers, School Officers and friends, may be obtained from the Examiners of the several counties. These tickets are necessary to secure the advantages of Reduced Fare on Railroads, Steamboats and at Hotel. Boarding at the Atlantic Hotel to members. One Dollar a day for the three days the Association is in Session.

DELEGATES TO THE CONGRESSIONAL CONVENTION.—The following named gentlemen have been appointed delegates to the Congressional Convention which meets in Salisbury, September the first. They represent the Democracy of Worcester county, and favor Hon. George W. Covington for Congress. They are as follows: Col. Lemuel Howell, Dr. George W. Bishop, Col. Samuel S. McMaster, Col. R. J. Henry, Mr. John Smith and Hon. Thomas Townsend.

A FISH STORY MIXED WITH SNAKES.—Mr. Seth Venables, road-master of the Eastern Shore Railroad, while engaged on the culvert and bridge at Turkey Branch on Wednesday last, heard a splashing in the water, when on looking for the cause saw a large water snake emerge from the water with a catfish of considerable size, and make up for high land, where he intended to swallow the fish. In the afternoon of the same day another snake was observed to do the same thing with another fish. The snakes were both killed and the fish put back into the water.

LIST OF LETTERS remaining in the Salisbury, Wicomico County, Md., post-office June 18, 1880.

Miss Ellen P. Brewington, John W. Elliott, John Henderson, Ebenezer Waller, David D. Hilley, Miss Eliza J. Johnson, Miss Mamie Johnson, Mrs. Mary Maddox, Miss Eliza Maddox, Miss Mary Peterson, Miss Rosa H. Parker, Wilbert H. Radcliff, Mrs. L. E. Williams.

Persons calling for any of the above named letters will please say they are advertised. W. H. CATHELL, P. M.

BURNED TO DEATH.—On Wednesday last Mrs. Annie Mumford, wife of Wm. Mumford, of Poplarville, Worcester county, Md., while in a fit (it is supposed) fell into the fire, and before assistance came she was so badly burned about the head and face that death ensued immediately. It seems that the hired woman was out milking the cows at the time. Some one passing happened to smell the burning hair and person of Mrs. M., and stepped into the house, but too late to render any assistance. She was about 60 years old, and in good circumstances. She has been afflicted with fits recently.

District Conference.

The Conference of the Eastern Shore District of the Methodist Episcopal Church South will meet in this town July 2nd next. Rev. John L. Clarke, of Cambridge, will preach the opening sermon. This body will be composed of a considerable number of delegates, lay and clerical, representing every section of the district, and the Eastern Shore of Maryland and Virginia, extending from the great Choptank river to the Cape. In the bounds of this District there are nearly 4,000 communicants, with al-

most as many Sunday School scholars. This Convention represents that respectable body of Christians comprising the Southern wing of the Methodist Episcopal Church, now numbering 880,000 Anglo-Saxons within its communion. It has been eminently successful in evangelizing the colored race, and at the close of the late war had about 400,000 Africans in its communion. Since which, there has been a distinct church organized for the colored people. Colored Bishops have been ordained for, and their church property has been transferred to them. The M. E. Church South has flourishing mission fields in China, Brazil, Mexico and among the Indians. They appropriated \$121,248 for mission purposes this year. The college of Bishops have selected Rev. W. W. Royal, a talented young minister of this District, for the China mission, who will be present at the Conference, and deliver an address on Missions. Bishop W. M. Williams, a distinguished divine from Charleston, S. C., will preside, and preach during the session.

LOCAL LAWS.—The Local Laws of Wicomico county have been received, and will be published in a few days. As the law makes no provision for publication, we shall nevertheless publish them for the information of the people. As we are just now publishing the levy list, we cannot occupy our space with the local laws, and shall have to put them in supplement form, and as it will take extra labor and material we shall, to cover this expense, charge five cents per copy. All persons who desire a copy of the local laws, including the stock law, the dog and sheep law, the oyster law, the fish law, with several others can have the whole of them for five cents.

WE HAD THE PLEASURE of meeting Mr. T. F. J. Rider, of Salisbury, at Centerville last week. Mr. Rider is a gentleman of fine presence and a good speaker. He is a prominent candidate for the Democratic congressional nomination, but has a rival in his own county in our brother, Malone, of the Salisbury "Advertiser," who has also turned his face Washingtonward. As he is an editor, it would be childish in us not to acknowledge a kindly feeling for him in the contest; but if we had so good, so popular, so prosperous and so profitable a paper as the Salisbury "Advertiser," is not all the king's horses nor all the king's men could force a congressional nomination on us. It gives us pleasure to note that in the contest between Malone and Rider for the Wicomico delegation, the peaceful surface of the sea of good feeling is not disturbed by so much as a ripple. The contestants are the best of friends, and will remain so, however the contest ends.—St. Michael's Comet & Advertiser.

CHANGE OF TIME.—Beginning Monday, June 22nd 1880, the new steamer "Breakwater" will make three trips a week between New York and Lewes until further notice, leaving Pier 37, North River, foot of Beach street, Mondays, Wednesdays and Fridays at 3 o'clock P. M., connecting at Lewes the next morning with trains of J. & B. R. R. for Harrington, Milford, Georgetown, Berlin, Snow Hill, and other points on the Peninsula. Leaving Lewes Tuesdays, Thursdays and Saturdays, connecting with trains from the above named points. (2:00 noon train from Harrington connects with steamer for New York).

Beginning Wednesday, 16th inst., until further notice a train due at Rehoboth at 2:35 P. M., will connect at Harrington with train leaving Philadelphia at 8:10 A. M., Wilmington 9:25 A. M., Baltimore at 7:05 A. M. A train will leave Rehoboth at 6:50 A. M., to connect at Harrington with train due at Philadelphia at 1:15 P. M., at Wilmington, 11:50 A. M., Baltimore 3:35 P. M. Above trains are to run daily except Sundays. Rehoboth passengers coming on last train for Lewes will be taken through, due at Rehoboth at 6:00 P. M. A change to two regular trains to and from Rehoboth is expected to be made soon.

Meeting of the Eastern Shore R. R. Co.

In pursuance of the Act of the General Assembly of Maryland, passed at the January Session, 1880, a meeting of the subscribers to the capital stock of the Eastern Shore Railroad Company, as reorganized, was held at the Girard National Bank, Philadelphia, on Thursday, the 10th day of June, inst. The report of the Committee of Incorporation, and the proposed plan of reorganization, were presented to and discussed by the subscribers. The report was adopted, and the plan of reorganization was approved. The subscribers agreed to contribute the sum of \$100,000 to the capital stock of the reorganized company, and to elect a board of directors. The board of directors was elected, and the company was reorganized as the Eastern Shore Railroad Company.

Hayes' Quartette.—See what the Press says about the Hayes Quartette, who will give a concert in the Court House Tuesday evening, 22nd inst., for the benefit of the Library.—The Hayes Quartette Company were greeted on Wednesday evening by the largest audience we have seen in this city for some time. Runney Hall was filled, many being unable to find seats. The performances were of the most entertaining kind, and the music excellent. This Company seems to be brimful of rich music and amusement, furnishing the latter in such a manner as not to lose their dignity. Their Old Folks' Concert was equally to the renowned Father Kemp's and the vocalization of Poe's "Raven" was alone worth the price of admission. Their popularity in Salem (one of the hardest places, we are told, to draw out and satisfy an audience), is fully established, and their next visit will be anxiously looked for.—From the Salem (N. J.) "Sunbeam."

The concert of the Hayes Quartette, gotten up under the auspices and for the benefit of the Salem Library Co., filled Runney Hall to overflowing last Wednesday evening. The concert was a

decided success, and so great was the number in attendance that many, unable to get seats, were compelled to stand during the performance.—From the "National Standard," Salem, (N. J.)

Tickets at King's news depot, where see diagram of reserved seats.

The music for the occasion will be furnished from one of the Siron Organs.

[COMMUNICATED.] SNOW HILL, Md., June 18th, 1880.

DEAR SIR:—I congratulate the people of Salisbury upon their employment of the Hayes Quartette in the interest of their circulating library. They are a grand success. They sang for me on Wednesday night of this week at New-ark, and on Thursday night at Snow Hill. Both entertainments will long live in the memories of my people. I feel as I have often felt at the close of a sumptuous feast—I wish I had it to go over again.

Yours faithfully,

W. W. WILSON.

[COMMUNICATED.] DELMAR, DEL., June 18th, 1880.

MR. EDITOR:—Our little town which was quite busy and full of excitement during the strawberry season, has quieted down to its ordinary routine of business.

We were pained recently by the death of one of our respected citizens, Mr. Elijah T. Culver who departed this life near noon on Monday, the 14th inst., after a brief illness, of Typhoid fever. He was buried on Tuesday by the Improved Order of Red Men, of which he was a member.

The Mite Society of the M. E. church intended to hold a festival in the park on Saturday evening, but the storm which came up suddenly about 4 o'clock P. M., caused the few who had gathered there at that hour to separate. The society not to be disappointed, removed their ice cream, confectionery, &c., to the hall over the store of W. S. Elliott, and the young folks who had been anticipating a pleasant evening, were not altogether disappointed.

The firm of Foskey, German and Elliott, brick manufacturers, are now burning their first kiln of the season, which, it is said contains 134,000. They expect to manufacture 270,000 more before the end of the season.

Wicomico Tribe No. 13 J. O. R. M. intend to hold a celebration here on Saturday, July 3rd. Other tribes will be invited, and several Sunday schools are expected to participate in the ceremonies which will consist of a parade, reading of the Declaration of Independence and addresses by Speakers from home and abroad.

The Delmar Brass Band will furnish music for the occasion. You will probably be furnished with a report of the proceedings.

Respectfully Yours,

KAPPA.

Testimonials of the Siron Organs.

Crisfield, Md., April 29, 1880.

Siron Organ Co: I have had one of your instruments in use for some time, and find it to be first-class in every respect. For depth of volume, delicacy of touch, purity and sweetness of tone, I think it has no superior. J. A. Adams, Conductor of E. S. R. B.

Snow Hill, Md., April 20, 1880.

Siron Organ Co: I purchased an organ of you last December, and am very much pleased with it. I shall be happy to recommend your fine instruments on every occasion. H. S. Stevenson.

Farmington, Del., April 4, 1880.

Siron Organ Co: I like the organ I purchased of you very much. I have given it a fair trial, and don't think it can be beat. Respectfully yours, D. P. Anderson.

Pocomoke City, April 14, 1880.

Siron Organ Co: I am pleased with the Siron organ, and think it is a first-class instrument. It gives entire satisfaction, and I most cheerfully recommend it to the public. Very respectfully Mrs. Levin Conner.

Laurel, Del., April 5, 1880.

To the Siron Organ Co: This is to certify that I have owned one of the organs, sold by the above named company for nearly one year, and can very safely say, in my judgement, that it is a very good one, as good, if not better, than the most of them selling.

Any one wishing to purchase an organ, I think, cannot do better than to buy one of them. Yours truly, W. L. Williamson.

Clothing

There is in Philadelphia a clothing-house that has a good many years ago do a peculiar business.

marked goods in plain ures, and described them plain letters; its prices were absolute, its descriptions were true. People had knowledge of what they were buying there, and yet if afterward they were sorry they had bought, they could go back the next day and exchange for something else, or, if they liked, get their money back. It was a safe place to get clothes; it was a safe place to leave money.

People liked that house. It grew, and grew, and grew, until it became a great house. To-day it is the largest clothing-house anywhere; and it keeps up the old practices: no secrets about what its clothes are made of, one price, and the money back if the buyer wants it. Of course, it uses all grades of cloths that are worth using, and makes all grades of clothing that are worth making; for it serves all sorts of people.

Those at all familiar with Philadelphia already know that we are speaking of OAK HALL, the original of the WANAMAKER STORES. There has been great improvement in ready-made clothing in nineteen years; and OAK HALL has taken the lead equally in economy, reliability, and rapidity of production; in the quality of finished work; and in the development of a method of business having for its first object the satisfaction of customers.

KENDALL'S SPAIN CURE
Remedy ever discovered, cures all kinds of skin diseases, itching, eruptions, and does not blister.

GRANGER, Presiding Elder
Salem, N. H., Jan. 10th, 1880.
I have used your "Kendall's Spain Cure" for several years, and I can say that my experience with it has been very satisfactory. It has cured me of all my skin diseases, and I have been able to work and live as usual. I have used it for all kinds of skin diseases, and it has cured me of all of them. I have used it for all kinds of skin diseases, and it has cured me of all of them. I have used it for all kinds of skin diseases, and it has cured me of all of them.

PERSEVERANCE WILL TELL:
Roughness, Mass. March 10th, 1880.
I have used your "Kendall's Spain Cure" for several years, and I can say that my experience with it has been very satisfactory. It has cured me of all my skin diseases, and I have been able to work and live as usual. I have used it for all kinds of skin diseases, and it has cured me of all of them. I have used it for all kinds of skin diseases, and it has cured me of all of them. I have used it for all kinds of skin diseases, and it has cured me of all of them.

KENDALL'S SPAIN CURE
4020 Paul Street, Frankford, Philadelphia, Pa.
R. J. KENDALL & Co., Gentlemen:—I had a horse in my stable that I drove from 1867 until April, 1878. During all that time he suffered more or less from a skin spavin which in 1878 was at least of 15 years standing. For the spavin was on his leg when we bought the horse in 1860, he being then 7 years old, and the man who sold us the horse declared that the horse was foaled with that enlargement on his leg. I used various sweating and blistering treatments and in 1885 we engaged a veterinary surgeon who applied the actual cautery to all the skin on the leg, and the spavin was cured. But finally I obtained a bottle of "Kendall's Spain Cure" which I applied at once according to directions, and the spavin disappeared. I have used "Kendall's Spain Cure" for all kinds of skin diseases, and it has cured me of all of them. I have used it for all kinds of skin diseases, and it has cured me of all of them. I have used it for all kinds of skin diseases, and it has cured me of all of them.

STATEMENT MADE UNDER OATH.
To Whom it may Concern:—In the year 1871 I treated with Kendall's Spain Cure a horse spavin which I had bought from a man who had used it for several years, and I can say that my experience with it has been very satisfactory. It has cured me of all my skin diseases, and I have been able to work and live as usual. I have used it for all kinds of skin diseases, and it has cured me of all of them. I have used it for all kinds of skin diseases, and it has cured me of all of them. I have used it for all kinds of skin diseases, and it has cured me of all of them.
