in the age of the animal. If it is castrated before an increase of size (on of pork by 100 lbs) is reached, the animal will be more cheaply obtained by feeding it under six months of age than by feeding it under a year, after or older. The man who allows his young pigs to grow to the maximum of size, and then castrates them, is a fool. It is better to castrate the pig at a young age, and to produce the pork at a young age, than to produce the pork at an older age.

RAIL ROAD MEETING.

Organization of the Nanticoke & Wicomico Rail Road Company.

By an Act passed at the January session of the Maryland Legislature of 1886, a rail-road company to be known as the Nanticoke & Wicomico was incorporated, with James W. Gordy, of Dorchester county, and Andrew J. Horney, of Delaware, Jno. Robinson, of E. Thos. J. Twilley, Thomas B. Taylor, Levin M. Wilson, Lewis J. Gale, Geo. A. Bonds, Jno. W. Walling, Geo. W. Robertson and E. Stanley Toddvin, of Wicomico county, as incorporators and directors for the first year.

The charter provides for the running of a railroad from some point on the Dorchester & Delaware R. R., or the line of the State of Delaware near Sharptown, in Wicomico county, thence to Sharptown, thence to or near the villages of Barren Creek and Quantico, to some point on the Wicomico or Nanticoke river. It also provides for the condemnation of land and materials for the use of the road, and its connection with any existing or proposed railroad.

According to previous notice, the directors met at Barren Creek last Wednesday to effect a permanent organization. Of the directors there were present Messrs. Robinson, of E. Taylor, Walling, Twilley, Gale, Wilson, Bonds, Horney and Toddvin. A temporary organization was effected by the election of Jno. W. Walling and George A. Bonds as president and secretary. A permanent organization was perfected by the election of Jno. Robinson, of E., as president, E. Stanley Toddvin, secretary, and John W. Walling treasurer, to serve for one year.

The President of the Board, and Messrs. Toddvin, Bonds and Taylor were appointed a committee to draw up by-laws and regulations. Mr. Horney considered five existing of the President and Messrs. Wilson, Horney, Gale and Toddvin, were appointed to confer with the officials of other railroad companies with which the new road is proposed to connect.

The Board then adjourned subject to the call of the President.

There was an informal discussion as to the plan of commencement and termination of the road and the relative advantages and disadvantages. STATE AND PENINSULA.

BRIEF ITEMS GATHERED FROM OUR NUMEROUS EXCHANGES.

A Young Man Commits Suicide—An Old Building Burned—Sudden Death of a Young Man.

—The first soft crabs of the season were sold in Oriskany market Tuesday in a lot of twelve dozen. They were caught by hand along the shore, and were a very pretty size for the first appearance.

—The old Methodist Episcopal church edifice in Barren's Neck, known as "White's Chapel," which has not been used for some years as a house of worship, but which has been tenanted as a residence by colored people was burned last Thursday night. This old building had been standing over 75 years.—Princess Anne Maryland.

—On Monday Freeman Morgan, was brought from Dublin district, raving mad, and placed in jail. He is about 20 years old. He is the same man who shot Isaac Matthews, better known as "Jack Spratt," and was tried before the court at the April term, 1884, and acquitted, it having been proven that the shooting was accidental.—Princess Anne Maryland.

—We deeply regret to learn that Mr. John R. Hopkins, of Wye Mills, died last Sunday morning of pneumonia. No notice of Chapel district was more highly respected than Mr. Hopkins and his death will be widely lamented. He was about 68 years of age, and at one time held the office of county commissioner. He belonged to the Society of Friends.—Easton Star.

—The Easton Water Company has four flowing artesian wells bored on their grounds at the north of Easton. The water is delicious, as it comes from under a strata of rock which lies 98 feet below the surface. The water has been analyzed, and the chemist says it is almost identical with the celebrated Buffalo Lithia water which possesses wonderful remedial properties. Easton may yet become a great summer watering place.—Easton Star.

—Thomas J. Meekins, aged 18 years, formerly of Cambridge, but of late employed as clerk in the store of A. R. Lewis, at Vienna, Dorchester county, died suddenly of hemorrhage of the lungs Tuesday night at the residence of Mr. Lewis, in that town. He was taken ill shortly after retiring to bed, and before a companion could summon a physician he had expired. He was the son of J. J. Meekins, of Cambridge, and leaves many relatives and friends throughout the county.

—On Thursday morning, about 100 cadets from the Maryland Military and Naval Academy, at Oxford, visited Easton, in a body, under the command of Maj. B. J. Burgess, Superintendent of the Academy. They made a handsome appearance, and showed a great proficiency in drilling.—They attended the circus in the afternoon, and at 5 o'clock gave a dress parade in Egle's addition. The growth of the academy has been phenomenal, and Maj. Burgess shows rare powers of organization, in his wonderful success with his school.—Easton Independent.

—On last Saturday morning, Herbert Miles, a son of Capt. John T. Miles, about 16 or 17 years old, split his foot open as he was cutting a pole in the woods for a stretcher. He was alone and some distance from Kingston station, where was the nearest doctor. Dr. Frederick Robertson, jumping on his horse, rode there, and all the while bleeding profusely. When he got there he was so weak from loss of blood that he fainted. Dr. Robertson staunch the flow of blood, dressed the wound and made him as comfortable as he could be with such a severe wound.—Princess Anne Maryland.

—John R. Padgett, a young man, aged 27 years, nephew of W. W. Padgett, and a clerk in his store in Port Tobacco town, committed suicide Tuesday by shooting himself through the head with a revolver. He walked into the garden, where a colored man was at work, and told him that he intended to kill himself. He then said to his wife: "Mollie, come in and see your husband kill himself." Padgett then walked into the hall and fired the fatal shot through the right side of his head just behind the ear, producing instant death. He leaves a young wife, who is a daughter of Mr. Geo. A. Hunt, a prominent citizen of Charles county.

—Almost a Big Fire.

The small building on Main street occupied as a shoe-shop, tailor-shop and magister's office, has very nearly been destroyed by fire early Sunday morning. The night watchman, Mr. Tom Ellis, was conscious of a fire somewhere, by the smell of smoke, but was unable for awhile to discover where it was. After considerable search, he was able to locate it in the second story of the building spoken of, and arousing a few citizens, they succeeded in breaking into the room and putting out the flames with a few buckets of water. The damage was slight, as only a small hole was burned in the floor. The fire is supposed to have resulted from a lighted match being thrown into a spit-box filled with saw dust, by the occupant of the room, late Saturday afternoon. The fire was discovered about half-past two o'clock a. m.

—Wedding at Sharptown.

Miss Susan Robinson, daughter of John Robinson, Esq., of Sharptown, and Mr. T. Cooper, of the same place, were married in the M. E. Church, by the pastor, Rev. Mr. Miller, last Wednesday evening. After the ceremony a reception was held at the residence of the bride's father, which was attended by a large number of the friends of the happy couple. Messrs. J. J. Bonds, of Barren Creek, James Wilson, of Delmar, and Albert Robinson and B. P. Truitt, of Sharptown, acted as witnesses at the ceremony. At night the newly married pair were treated to a serenade which was more noisy than musical.

—Death of Daniel Holloway.

Mr. Daniel Holloway died at his residence near Newark, Worcester county, last Tuesday afternoon at 5 o'clock, aged about 60 years. He has been in very poor health for nearly a year previous to his death, but during most of that time he was able to be out. Last Sunday night he suddenly became much worse, sinking rapidly all the time till Tuesday, when his spirit took its flight. Mr. Holloway was a citizen of this county until a little more than a year ago, but he moved to Worcester county the first of last year. The remains were interred on his farm last Thursday.

—Orphan's Court Proceedings.

The Orphan's Court was in session Tuesday, Presiding, G. A. Bonds, Chief Judge; Robert Waller and J. H. Hearn, Associates; and Levin J. Gale, Reporter. The proceedings of last court and court were read and disposed of as follows:

Distribution of James S. Brillingham was examined and ordered closed.

Bood of Thomas Parker, administrator of Hattie Wimbrow, was approved.

Guardian accounts of Elmer and B. F. Williams were examined and passed.

Adopted to meet May 11.

SHARPENING'S CHAPEL.

Built in 1840 and Dedicated by the Rev. Lewis Collins.

This Chapel, the first organized society of the Methodist Protestants in Somerset county, now Wicomico, stands on the county road from the Barren Creek Mills to Sharptown, and some 3 1/2 miles from the former place. It is a plain, unpretentious structure, and is now beginning to show the signs of age.

A young lady pupil of the Barren Creek school, in a recent composition, gave the following account of it, which is well worthy of being preserved.

It was built by Joseph Wright in 1840, and was dedicated in October of the same year by the Rev. Lewis Collins. Since then the following persons have been its ministers at various times and for periods more or less extended: Thomas Wilson, L. W. Bonds, James E. Venable, H. J. Day, J. W. Penne, G. D. Hamilton, J. U. Mills, Dr. Daniel Ewel, John Morgan, J. A. McFadden, S. A. Hobbs, J. T. Ferguson, Wm. M. Strayer, A. T. Melvin, H. E. Niles, J. H. Ellegood, A. D. Dick, Wm. G. Holmes, E. T. Denison, John H. Straught, James Eldridge, H. L. Eldridge and G. R. McCready. To the above list may be added those of Rev. Thompson and Cook.

It may be possible and is quite probable that some names have been omitted, and some names unintentionally inserted. It so the older members would confer a favor by revising the list and sending it to the Advertiser for publication.

An effort is now being made by the Maryland Historical Society to establish branch societies in every county in the State to collect every statistic bearing on the settlement of them and on their churches when established and by whom. A specimen attempt was made in this direction in 1876, but want of time, indifference on the part of community, prevented the collection of more than a very meagre amount by the one selected for that purpose. Let it be followed now by the establishment of a county Historical Society with a regular historian and let each member of community deposit in his hands a transcript of the births, deaths and marriages from their family bibles or other sources. Some families have them in little books made for the purpose; others on the backs of old land patents. The most valuable collection of this kind of information is the Registry of Rev. H. F. Adkins. No better specimen of public money by the County Commissioners could be made than its publication by them in book form. Another publication of great value would be the old "Bible Bells of Somerset county," for nearly in the possession of the late Levin P. Bond, compared with another belonging to F. W. Miles, once Surveyor of Somerset county, and with the collection of the land papers of Morris Untied, Statyan Landreth and John N. Bowland now owned by Whittington Park, of Dublin district Somerset county. Many families too own old county books containing ourse family entries, and all bearing on prices of work in the long ago.

TOWN AND COUNTRY.

DOTS HERE AND THERE BY THE ADVERTISER'S REPORTERS.

A Weekly Calendar of Everything Transpiring in Town and Country, Paraphrased for To-Day's Paper.

The potato bugs are already feasting on the new potato tops, and give promise of quite an army later.

Mr. Fobbs, deputy collector of internal revenue, has been paying his respects to our merchants this week.

—Owing to the recent bad weather fish have been scarce in our market and readily command good prices.

The annual examination of teachers was held in the High School on Thursday and Friday of this week.

The steamer Kent carried fifteen crates of strawberries from Kent to Baltimore, Tuesday, Wednesday, to Baltimore.

Our town fathers held a special meeting on Monday evening last. Their regular meeting will be on Monday evening next.

A half car load of strawberries went up on the early train last Tuesday morning. They were raised in Wisconsin and Somerset counties.

Official duties have claimed the attention of our editorial writer this week, which accounts for the seeming neglect of this department.

Business in the cities must be on the wane as commercial missionaries are numerous here now and our hotel men are correspondingly happy.

We have received from the proprietor, Mr. John Tracy, a circular announcing the opening of the Atlantic Hotel, Ocean City, for the season of 1898, which takes place for June 22.

Hon. E. S. Jackson is having shelled that portion of his estate running from Division to G. H. Todd's mill. This will be a decided improvement in that part of the town.

We learn that Mr. Ned Todd, of Alabama, is coming to Salisbury this summer to read law under Jas. E. Ellegood, Esq. Mr. Todd is a nephew of Dr. Laird Todd of this town.

The Catalogue of Delaware College came to this office last week. This college is located in Newark, Del., and under the supervision of Dr. J. H. Caldwell, is a growing institution.

The residence of Joshua Hill, near Sharptown, was struck by lightning on Wednesday morning and considerably damaged. All the inmates were more or less affected, but not seriously.

Salisbury has now a first class shoe-maker in the person of Jos. Rosset. You have only to give him a call to find out the superiority and cheapness of his work. See advertisement in another column.

On and after Sunday, May 16th, 1898, and until further notice, the hours on Sundays for the distribution of mail matter, etc. will be as follows: Open at 9 a. m., close at 10 a. m.; open at 6 p. m., close at 7 p. m.

Miss Mary Buchanan, a niece of James E. Ellegood, Esq., left for her home in Hantsville, Mo., Monday. Miss Buchanan has spent quite a time with relatives and friends here and Salisbury society will miss her greatly.

The new schooner *Elva*, built and owned by T. A. Bounds, of Barren Creek, started on her trial trip Thursday, with Jas. W. Freeman as Captain. Postmaster J. T. Wilson and Rev. W. G. Homes went as passengers.

The first shipment of strawberries from this depot this season was made by Mr. James Cannon on Monday last, who sent away 47 quarts of Hylup seedlings. On Tuesday Wm. A. Trader shipped 33 pints of Crescent seedlings.

Dr. W. A. Graham, for the past sixteen months connected with this paper, left last week to accept a position on the Baltimore *Morning Herald*. Our relations with the Dr. were very pleasant, and we are sorry to part with him.

For the convenience of shippers in that section, the P. W. & B. R. Co. is putting down a side track half way between Delmar and Laurel. Hereafter fruit growers here have been compelled to ship from either Delmar or Laurel.

This week we begin the publication of the Public General Laws passed by the General Assembly at the January Session 1898. The following chapters will be found in this issue: Nos. 477, 493, 504, 575, 510, 593, 441, 436, 470 and 455.

A meeting of the directors of the Baltimore and Eastern Shore Railroad Company was held Wednesday at Barren's Hotel, Baltimore. Senator E. E. Jackson, Thos. B. Taylor, John Robinson and J. H. Douglas, of this county, were present.

An old and successful fruit grower furnishes the following, and says it is the most successful preventive he has ever tried: "Plant tansy at the roots of your plum trees, or hang branches of the plant on the limbs of the trees, and you will not be annoyed by curculio."

It is reported that Sylvester Cannon was drowned last Monday near Deal's Island. He was one of the principal actors in the skirmish between Capt. Travers, of the oyster police force, and the oystermen that occurred about two years ago. Cannon, when drowned, was said to have had \$900 in his pockets.

In naming the new advertisements that appeared in our last issue we omitted that of Messrs. Birchhead, Laws & Carey, who after a year's discontinuance have decided again to talk to the public through our columns. They always have something interesting to say to the public, and have selected in the advertisement one of the best possible methods to say it.

The Engine Company met in the engine house Wednesday evening last. After attending to some minor matters of business, Mr. W. S. Gordy, was elected foreman of the company, vice H. S. Todd, who has been chosen first assistant Chief of the Department. Mr. E. T. Fowler, was elected first assistant foreman of engine company. Several new members were added to the list.

James White met with quite a serious accident Monday evening while on his way to Salisbury for Dr. H. L. Todd to visit Mr. E. G. Miller's home. While riding rapidly up the hill road from Williams Falls the horse stumbled, throwing the rider headlong upon the sharp shells, severely cutting his head and face. Dr. G. W. Todd dressed the messenger's wounds, while his father hurried out to Mr. Miller's.

John Wassmaker, whose advertisements are familiar to every reader of the *Advertiser*, has bought out the well-known firm of Riggs, Scott & Co., of 533 Market street, Phila. His enormous stock of dry goods has now become a part of John Wassmaker's mercantile enterprises and in the early fall will be moved to the store at Thirteenth and Market streets. The news of this purchase will be a surprise, and only because of the fact that John Wassmaker has been in the same business for so long.

CLOSE OF THE SCHOOLS.

Interesting Exercises Mark the Event at Several of Them.

The public schools of this county closed Monday. In many places closing exercises of some kind were held to round up the year as pleasantly and gracefully as possible. We suppose there was the usual amount of farewell talk on the part of the teachers and officers and advice to the pupils to study during the vacation. We have received reports of closing exercises from the following schools:

Misses Lotta and Eliza Fish, teachers respectively of fourth and third primaries of town, joined in giving their schools a treat to cake, candies and other confectionaries. The little ones joined heartily in the spirit of the occasion. After the children's feast the teachers were made happy by the presentation of a vase from the pupils.

At Riverton the graded schools were addressed by Mr. E. Stanley Todd, of this town. Thos. Perry, the county examiner, and Mr. Acworth, teacher, Mr. Todd gave the school and patrons present some sound advice on the subject of education. His remarks were interspersed with amusing anecdotes of his early school days.

The Examiner addressed the people on the subject of graded schools. The school spoke of his pleasant relations with the school and his satisfactory intercourse with the patrons. He urged the patrons to give the school their hearty support.

In the school district, School No. 4, Miss Nannie Byrd, teacher, gave an entertainment in which nearly all the school participated. The salutatory was by four little girls, the smallest of the school, and was much applauded. Miss Phillips gave an instrumental recitation. An instrumental duet was rendered by little Misses Maude Phillips and Fannie Hill. A number of dialogues and recitations were given. The feature of the occasion was the crowning of Miss Bessie Malone "May Queen."

After the regular exercises refreshments were served to the school and audience.

Miss M. Jennie Ward, teacher of Mt. Holly school (No. 3, Nutter's) gave her school a surprise entertainment. The school was engaged in its regular routine work till about two o'clock in the afternoon, when an abundant supply of ice cream, cake and confectionaries was suddenly dished out on the spot. In amazement the little folks stood, and as surprise left them water began to spring in their mouths. They were told that they must first arrange a table, which they undertook immediately, and which, through the assistance of the trustees, who arrived in meantime, was soon arranged. All partook plentifully and rejoiced that they had such a generous teacher.

Our Sharptown correspondent sends the following: Miss Lizette McAllister, teacher of the primary department here, held a very pleasant exhibition Monday evening last, in which sixty-five of her pupils and twenty of the higher school participated. The exercises were opened with prayer by Rev. E. H. Miller. Miss Mollie Walton of Salisbury, organist, accompanied by Misses Bennett, Dennis Phillips and Fannie Walker, and Messrs. C. J. and B. P. Graves and Louis Windsor, furnished music for the occasion. The speeches were well learned and were delivered with credit to the speakers and their teacher. The attendance was large, including many from Galestown, Riverton and elsewhere, thus manifesting an interest in the cause of education. After the exercises the scholars were rewarded with a generous supply of refreshments.

Our Quantico correspondent thus speaks of the entertainment there: Miss Mary Turpin held her annual school exhibition last Tuesday evening in Jones' Hall. Over two hundred persons were in attendance. Instrumental music was furnished by Messrs. Levin Hearn and Claude Ker. The children recited splendidly, thereby showing that their teacher had not been neglectful in her duty towards them. After the recitation were over refreshments were served to the children. Everything passed off nicely and everybody seemed well pleased with the entertainment.

List of Letters.
The following is the list of letters received in the Salisbury (Md.) Post-Office Tuesday, May 18, 1898:

Persons calling for the above letters will please say they are advertised. G. R. RIDEN, Postmaster.

School Board Proceedings.
All the members were present Tuesday, with Mr. Cannon in the chair, and Thomas Perry, secretary. Minutes of the last meeting were read and approved.

This being the first meeting of the Board in May, the matter of appointing the district trustees came up as regular business. It was decided to defer action till a future meeting.

Mr. Cannon stated that there had been a request made by several parties to pave the sidewalk in front of the colored school in town. It was decided to wait till the town commissioners issued a general order for the street.

The subject of reopening the school between Riverton and the Vienna ferry was considered, and in view of the fact that it would defeat the objects of the Riverton graded school, reducing it to a mere primary school, the Board, by unanimous vote, decided not to open the school.

A request came from Riverton asking the use of the school building for a Sunday school; referred to the trustees.

The Jacksons and the Tunics.
The Baltimore Sun of Thursday last says: "A meeting of the Jacksons and the Tunics Companies was held in this city yesterday at Barren's Hotel. There are six by the name of Jackson, with State Senator E. E. Jackson, and five by the name of Tunic, including State Senator Theophilus Tunic. The Tunic Company owns and operate the Choptank River and Roscoe Railroad, 23 miles long, from the Choptank river, in Harford county, N. C., to the Roscoe, in Berkeley county. The Jackson Company road is 30 miles long, from Suffolk, Va., to within 4 miles of the northern terminus of the Tunic road. The proposition is to build a 4-mile and bridge the Choptank, thus uniting the two roads and giving direct connection with Suffolk and Norfolk. The two companies are largely engaged in the lumber trade, and the roads have been used in their business. If the proposed consolidation is carried out it will result in about 60 miles long, and the other part of the proposed road will be to extend the road to the sea."

CORRESPONDENCE.

LETTERS TO THE ADVERTISER FROM ITS CORRESPONDENTS.

Letters from Sharptown, Riverton, Quantico and Twigg, Giving the Latest News Thereabouts.

SHARPTOWN, May 10.—The bell has been put in the belfry of the new M. P. church. John Robinson, Esq., has been to Baltimore this week attending a meeting of the Baltimore and Eastern Shore Railroad Co. Miss Ida Twigg has been to the city this week purchasing a new stock of millinery goods. Mr. and Mrs. J. H. Calk are in the city for a similar purpose.

Rev. Mr. Harriman, of Union Circuit, preached his first sermon here on Sunday evening last, in the M. P. church. Rev. B. W. Truitt preached in the M. E. church on Sunday morning last.

There is more work being done here than for some time. The factory of John Robinson & Bro., the marine railway, owned by Geo. K. Phillips & Co., and J. W. Selby's shipyard are all in active operation.

RIVERTON, May 13.—Many of the maples planted in the school house yard last spring are living.

Mrs. James Robinson is lying quite ill at her residence near this place.

Mr. B. P. Graves has tried phosphate and hen-house manure on peas, side by side. So far the phosphated peas are greener, later, and thicker in pods.

The road by the school house is a public road of over 30 years standing. The county commissioners should order the overseer to work it as a county road. Will they do it? A belief that it was such caused the late county school board to shut the Riverton graded school grounds upon it. As it is, it is a first-class nuisance that needs immediate abatement.

QUANTICO, May 13.—Miss Emma Graham has just returned from the city, with a large line of millinery, of all the latest styles of the season.

T. Langdale has bought N. P. Dashiell's stock of goods and has moved into the store house formerly occupied by Crawford & Bounds.

Changes are still going on in town. Mr. William Fletcher has taken charge of the Hotel, Mr. T. B. Gordy, the former proprietor, having concluded to retire from the business.

TWIGG, MD., May 10.—A. J. Parker, a teamster in the employ of Mr. George C. Twigg, was run over and instantly killed on Friday last, near B. C. Prettymann's store, about 20 miles from this place. While on his way to Rehoboth with a load of shingles for John C. Roach, he fell from the wagon, two wheels of which passed over him. Parker had been in the employ of Mr. Twigg for about five years. His remains were interred at Bethel church Sunday, in the presence of a large concourse of people, estimated by some at one thousand.

Orphans' Court Proceedings.
The Orphans' Court was in session Tuesday. Present, G. A. Bounds, Chief Judge; Robert Walter and N. H. Hearn, Associates, and Levin J. Gale, Register. The proceedings of last court and interim were read and approved of as follows:

Bonds of James Laws, adm. of John W. Timmons, Estate of J. Robertson, ex. of Saml. Robertson, Isaac P. H. Brittingham, adm. of Isaac P. Brittingham, and Alex. P. Malone, ex. of Annie Maria Mitchell, were approved and recorded.

Administration account of Sarah A. Horsey was allowed.

The following wills were admitted to probate: Samuel Robertson, Samuel Smith and Annie Maria Mitchell.

Inventories of Henrietta Winbrow and Jno. W. Timmons were approved.

The County Commissioners.
The full Board of County Commissioners were present on Tuesday and transacted business as follows:

Bond of James W. Parker collector of State taxes for fifth collection district for 1898, was approved.

Lorey Tull's pension was increased fifty cents per month from June 1. Saml. Barclay and Saml. Dashiell were each granted a pension of one dollar per month.

Bonds of I. S. Bennett and Dean W. Perdue, collectors of State and county taxes for first and fourth collection districts respectively, were approved.

Horace Venables notified the commissioners that he intended to give up the mill dam near B. C. Springs.

The remaining part of the day was spent in making changes in accessible property. The Board then adjourned to meet again on the 18th inst.

They Found Out.
The gallant sons of Hungary Neck, this county, during the last four or five days, have been trying to find out for what purpose the jail was built. On Saturday last one gentleman, having on board too much "single foot," had the key turned on him twice. The jailer gave him the last time. The visitor passed the night very comfortably and on Sunday morning hired conveyance home. On Tuesday following another gentleman from the same place was marshalled up by the jailer and taken care of. Keep on gentlemen and you will soon find out the purpose of the jail.

First House Pupils.
At the final examination in Grammar School, Salisbury, the following eight pupils in the Senior and five in the Junior class obtained the highest marks. Standard, 100:

Seniors—Lillie Parker, 95; Gussie Todd, 88; Mattie Collins, 85; Jas. Thoroughgood, 83; Wm. Turner, 82; E. J. Nichols, 82; Donald Graham, 81; Bertie Fulton, 79; Josephine Holloway, 79; Willie Leonard, 78; Thos. Black, 78; May Whitlington, 76; Anne Hearn, 75.

Twelve pupils were present at examination of Senior Class and sixteen of the Junior class.

The following new advertisements will be found in this issue: T. H. Williams, shoe maker; Singer Sewing Machine Co.; agents wanted; L. W. Gunby, cook stove; B. L. Gillis & Son, painters; Wessmore & Brown, clothing and hat; W. Smith and other road examiners' notice; Wm. L. Laws, adm. of John W. Timmons, notice to creditors; G. H. Todd, cracker and Bakers; R. D. Ellegood, commission card.

Henry J. Messick, of Salisbury, started for Philadelphia Tuesday morning to undergo an operation for the removal of a cancer from his collar bone. He had noticed a small lump there for several years, but it grew very slowly until within the last few months, since which time the cancer has grown to the size of a man's fist.

A great many of our property owners have had the valuable time spent in attending to the affairs of the county, and others would do well to follow their example. Let every citizen have his property cleared of all rubbish, weeds, and other obnoxious material, and every citizen who keeps the streets clean is a worthy citizen.

Another Victim of Goldbug.
Greentown, Pa., Nov. 20, 1893.—Two years ago, I became a confirmed invalid. My friends thought I was far gone with consumption. I grew weaker and weaker, and at last reached a state where I was unable to move. I was unable to move. I was unable to move. I was unable to move.

GOVERNOR LLOYD EXPLAINS.

He Tells the Reasons That Their Bills Have Passed the Senate.

CAMBRIDGE, Md., May 11.—In answer to the resolutions of the House of Assembly and Senate committees which were passed at a late public meeting at Frostburg in denunciation of his official conduct, and which were forwarded to him at Cambridge, Governor Lloyd has sent the following letter:

Hugh Thomas, President of Miners' Committee.—Sir: Your enclosure of resolutions passed at recent meetings of the miners of your section have been forwarded from Annapolis to my home in Cambridge. Your committee expresses the hope that I may be able to clear up the matters set forth in your complaint to my mutual satisfaction.

You have doubtless been deceived and misled by the representations of the parties who did know or ought to have known better, as I can account for your impeachment of my official integrity upon no other theory.

After the statements given in the press of the status of the bills passed by the last Legislature and unsigned by me, I do not feel called upon to reply further than to say that my signature has never been attached to the same monthly pay bill and estimate of mine withdrawn, and that the ventilation or mine inspection bill was never in my custody, was never presented to me by the secretary of the Senate, nor was it ever seen by me until the 6th day of May. Its disappearance is a mystery that I should like to see satisfactorily explained.

Had it been stolen from the executive department, no effort of mine would have been spared to ferret out the guilty party and to bring him to punishment. Respectfully, HENRY LLOYD.

Produce Association for Wilmington.
The Wilmington Daily Republican of Friday, May 7th, contains at a meeting of the whole produce commission, merchants of this city held at the office of Spicer & Little last evening, G. W. Spier was called to preside, H. T. White was appointed secretary and treasurer. On motion a committee of three was appointed, W. Harper, G. W. Spier and H. T. White, to wait upon the P. R. R. officials, that our produce be delivered to us earlier in the morning, and not as late as now, for our stock to be in the yard while they worked for the interest of Philadelphia and other cities, and pass us by unnoticed until it suited their convenience. Also asking for a collector to wait upon us, showing us the same courtesy men in our business have in other cities. Other things were also discussed, which will doubtless prove beneficial to both receiver and shipper. The meeting was a very pleasant one and attended by all the prominent commission men of our city. Mr. C. H. Garton, John M. Allen and J. W. Gartin were appointed as a committee on permanent organization, to meet at the same place next Monday evening, May 10th, at 7.30 o'clock.

The Annual Sociable.
The young gentlemen of town gave their annual Spring sociable Friday evening in the large front room of the residence of James Kennerly, Esq., on Main st. About fifty persons were present. Refreshments were abundantly served. The O. B. Orchestra were present, and discoursed good music for those who wished to participate in the "light fantastic." For those who did not desire other social amusements were prepared. The company dispersed at twelve, after having spent a most enjoyable evening. The married people present were, Mr. A. C. Smith and wife and Mr. W. S. Gordy and wife.

Good Prospects for Crops.
Mr. J. F. Jester of Nanticoke Point, was in town last Monday. He says that trucking in his section of the county never looked in a more prosperous condition than it does now. Strawberries are nearly ripe, melon plants are coming on finely, and everything indicates a very successful year to the farmer. He thinks that a rail road running through that district would pay better than any other portion of Wisconsin county, and would soon increase the value of property 100 per cent.

STATE AND PENINSULA.
—In the Circuit Court for Kent county, Monday last, Judge Wickes sentenced the following prisoners, convicted at the April term of court: Theodore Hodges, for larceny, two years in the penitentiary; Levi Lively, for larceny, 18 months; Alexander Corne and Ben. Scott, for burglary, six years. In the case of Edward Erbe, convicted of bigamy, there was a motion for a new trial and sentence deferred.

—We have announced in a previous issue the organization of a Commercial Growers' Association in this town on Tuesday, June 1st, at 10 o'clock a. m. We are informed by the school examiner, that an informal programme has been arranged, which will make the sessions of this association interesting from the beginning. Prof. M. A. Newell, State superintendent, will be present and deliver an address. Prof. S. T. Ford will give a talk upon the methods of fruit cultivation by teachers of this county. There will also be papers by teachers of this county upon subjects bearing upon methods of instruction. The exercises will be interspersed with vocal and instrumental music. There will be a morning and afternoon session, both of which will be open to the public. These associations are for the purpose of awakening general interest in education and inspiring our teachers with increased zeal in their work.—*Somerset Herald*.

—A new enemy to the peach orchard has appeared in the peach-growing sections of the peninsula this spring, and is playing havoc with the young growth of the trees in many orchards. The enemy is a worm known as a "peach-tree borer." It is a small, white, grub-like creature, which is found in the bark of the trees. It is a very destructive pest, and is found in the bark of the trees. It is a very destructive pest, and is found in the bark of the trees.

Consumption Cured.
 An old physician, retired from practice, having placed his hands by a **Best** Italian missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested his wonderful curative powers in thousands of cases, he feels his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail, by addressing with stamp, naming this paper, W. A. Noves, 149 Power's Block, Rochester, N. Y.

Relief For Toothache.
 For ordinary nervous toothache, which is caused by the nervous system being out of order or by excessive fatigue, a hot bath will soothe the nerves that sleep will naturally follow, and upon getting up, the patient will feel very refreshed and the toothache gone. For what is known as "jumping" toothache, hot dry dandelion applied to the face and neck is very effective. For common toothache, which is caused by indigestion, or by strong, sweet acid anything very hot or cold in a decoyed tooth, a little piece of cotton steeped in strong camphor or oil of cloves is a good remedy. Care in the diet, especially when the bowels are disordered, is helpful to mitigate toothache. If the tooth is much decayed, nothing is better than its extraction.

A Happy Man at Mount Joy, Pa.
 Mount Joy, Pa., July 15, 1884.—Dear Sir:—For the benefit of the afflicted I desire to relate my case. All this spring and early summer I suffered from a painful and exceedingly annoying skin disease, breaking out in watery eruptions around my neck and on other parts of my body, and itching almost to intolerance when I prepared. Neither could I rest at night. When the eruptions of my "Aromas" were sent around at one time, I bought a bottle of "The Mirror" and used it. And now, after using about three bottles, I am entirely cured of my annoying disease, and I feel healthier and stronger than for several years past. Henry Herberthoff. Sold by Dr. Collier, Salisbury.

When We Boycotted Great Britain.
 Boycotting did originate in America, but it was started long before the slavery trouble became annoying. The boycott originated with Thomas Jefferson. It will be remembered that by the embargo we boycotted every species of English goods; we neither bought of that country nor sold to her. The ships of New England were suffered to lie rotting at the wharves, and American foreign trade was at a complete standstill. The Hartford convention was the result of this boycott, and the leaders of the cause of the South in the war of 1861 were trained in it. It was not a highly successful boycott, but it occupied a pretty big place in history.

A Loss of Taste and thirst for acids, yellow complexion, pimply skin, a mysterious itching of the bones, a distressed condition of the head, we-begone expression of the face, irregular action of the heart, periodic headache with prostration, high temperature of the body with chills and fever, and constant mental weariness; fluttering in the stomach, and sinking sensation and dizziness, pain in the limbs, depression of the vitality of the system, indicate what a malignant condition of the system is reached when the kidneys are diseased. The only remedy that will remove it, is that which restores the vigor of the kidneys and liver, the kidneys nothing equals the "Cure." Warner's safe cure.

Cure for Croup.
 Cold in the throat, water without salt, and sweetened with sugar. In the morning take of the (which will be formed in a thin layer) a thin layer, until all water is evaporated. Bottle and keep for use. Give a teaspoonful every fifteen minutes on the appearance of the first symptoms, and apply freely to the throat and chest, rubbing well. A celebrated physician says that a child cannot have croup if its feet are administered at the first symptoms.

Do You Know
 That Dulac's "Swiss Balm" is the best remedy for coughs, colds, croup, bronchitis, etc.? That "Swiss Balm" will cure that neglected cold? Delays are dangerous. That "Swiss Balm" contains no morphia or opium, thus making it the best and safest cough remedy for children? Pleasant to take. That this valuable remedy only costs 25 cents a bottle and can be had at Dr. Collier, Salisbury, and Country Dealers.

A New State.
 The subject for discussion by a lecture at Hines, Caroline county, recently was: "Resolved, That the nine Eastern Shore counties of Maryland, three of Delaware and two of Virginia be formed into a separate State." Capt. C. W. Wright, a member of the recent Legislature, was on the affirmative, and the decision was in favor of the new State. The location of the capital was not, as far as we are advised, decided upon.

What an Increase.
 Grand Rapids, Mich., July 14, 1884.—I suffered many years from Chronic Diarrhoea, and was able to get only temporary relief. My disease seemed to have medicine. Began to take Warner's safe cure, and in a few days I was cured. I had lost 140 lbs. and have not had a sick spell since, whereas last summer I was sick all the time.—M. H. Walbridge, Mich. School Moderator.

Gravel is a very common and distressing disease; one that causes more pain to men than any other disease to which they are subject. It is a disease of the kidneys, and is caused by a diseased condition of the kidneys. The only remedy that will remove it, is that which restores the vigor of the kidneys and liver, the kidneys nothing equals the "Cure." Warner's safe cure.

Baltimore Advertiser.
 The Best Balm in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Furuncles, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 50 cents per box. For sale by Dr. Levin D. Collier.

To Cure Piles.
 Piles may be cured or prevented, if on first feeling them you will bathe the part affected with tincture of lobelia; or, as soon as you are aware you have piles, procure several lemons, cut a small hole in the end of one, push the finger in, and keep it there until the lemon ceases to draw; then apply another, and so till the pain is relieved.

Something Very Desirable.
 HOPKINSVILLE, Ky., Dec. 7, 1885.—From 1875 until December, 1884, my condition was poor description. My disease, uterine trouble with tumor, the best doctors pronounced hopeless. Under continued use of Warner's safe remedies, I am the picture of health.—Caroline Bell.

One Hour Soup.
 Two pounds round steak with bone, two quarts cold water, one-fourth cup each of chopped potatoes, turnips, cabbage; two tablespoons rice, salt and pepper to taste, and if you have celery, add a little chopped fine, cook one hour, keeping water enough in to make two quarts of soup.

Miscellaneous.

THINK.

"For the past two or three years I have been reading and hearing of Adams & Co's flour mill," said an old countryman some time ago, "so I decided to take a few bushels of wheat up and see if there was any difference between a well-equipped mill and one of our old-fashioned mill stone grinders. As soon as I saw how the wheat was treated, my faith in the old mill stone grinders weakened. When I saw the pile of splendid looking flour, I was pretty well convinced."
