Exec. Staff

Signature: DR

The Faculty Senate, as the voice of the Salisbury University Faculty endorses the draft strategic plan for AY 2004-AY 2008 presented by the Salisbury University Strategic Planning Team with the following alterations:

We recommend that objective D under goal 1 which currently reads: D. Provide resources to make the library a focal point of learning, scholarship, interaction, and invention among students, faculty, and staff, be altered to read: **D. Provide resources, including a new facility and an enhanced operating budget, to make the library a focal point of learning, scholarship, interaction, and invention among students, faculty, and staff.**

And that objective H under Goal 4 be altered from: H. Enhance private and public fundraising for projects and programs that support the academic objectives, capital initiatives, and other priorities identified in the Facilities Master Plan. To: **H. Enhance private and public fundraising for projects and programs that support the academic objectives, capital initiatives, and other priorities identified in the Facilities Master Plan, with particularly attention to funding a new library facility.**

We commend the team on their hard work to date and would like to offer the following guidance in setting priorities:

While the Goals in the plan are in order of the priority we would give them, the objectives within each goal are not. Goal 1 Objective A should be viewed as an overarching objective. Among the remaining objectives, we feel that the first priority should be Goal 1 objective G, and a close second should be Goal 1 objective D as amended.
