Foreword

"They say that life is a highway and its milestones are the years." The lives of many people and many years placed a score of milestones along the road to the heart of this great country of ours.

A few men realized the magnitude of the area to the west in the early days of colonization, and yet the great wall of mountains in Western Maryland made entrance into the land of virgin forest, rich farm soil, and rushing streams next to impossible.

Col. Thomas Cresap came to the foot of the great mountains and hired Nemacolin, a friendly Indian, to blaze a trail to the Monongahela. Christopher Gist, an Ohio Company explorer, recorded the trail. George Washington used it to carry a message to the French on the forks of the Ohio. When no terms could be reached, the French and Indian War resulted and the old trail became a military highway. General Braddock's army marched under the crags formed by Will's mountain, through the narrow gap, and westward to meet the French foe. Braddock lost his life in his attempt to free our country from the French and was buried in the middle of the road. Natives of the area say the drums of his retreating army can still be heard on quiet July evenings.

Blood, sweat, courage, and many lives went into the building of this road as the peoples of a new nation pushed ever westward. Nature set up her barriers to the west, but the narrows along the banks of Will's Creek gave man a start.

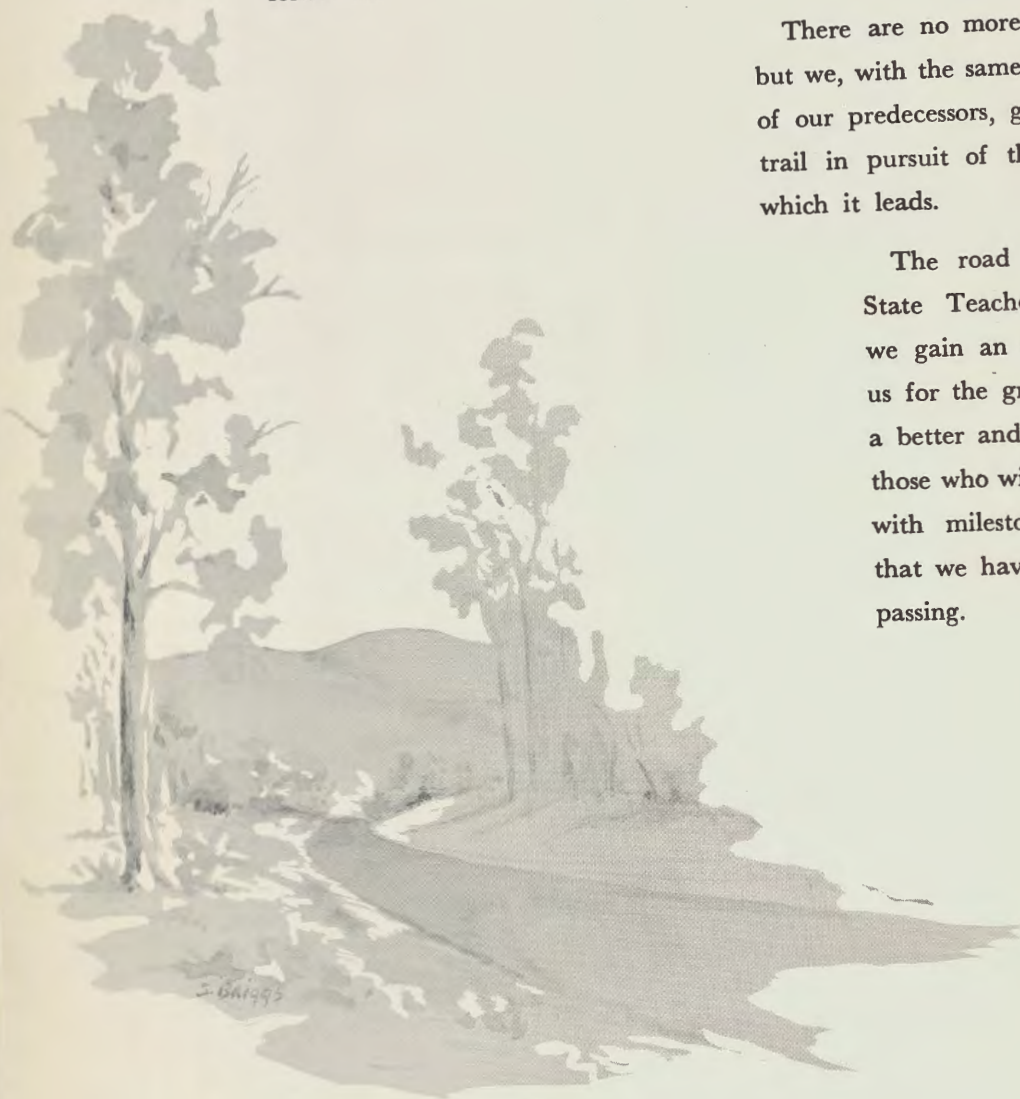

It has been called Cumberland Road, Ohio's Road, and Uncle Sam's Road; yet to those who made it a reality on foot, horseback, and by teams of massive oxen, it had but one name: "The Road."

Today it is called Route 40, and still to many of us from the towns of Baltimore, Frederick, Hagerstown, Flintstone, and Cumberland to the east, and Grantsville, Oakland, and Deer Park to the west it is still, "The Road."

We use this road for the same reasons our ancestors before us used it; to make a better life for ourselves and to prepare the way for the generations which will follow us.

There are no more lands to conquer, but we, with the same enthusiasm as that of our predecessors, go forth on the old trail in pursuit of the better things to which it leads.

The road leads to Frostburg State Teachers College. There we gain an education preparing us for the great task of building a better and greater country for those who will follow those roads, with milestones along the way that we have constructed in our passing.

The current publication of NEMACOLIN, following its revival in 1956, marks our fifty-fifth academic year. Through the years we have grown from a two-year normal school to a four-year State Teachers College including a Junior College Department and service to the nurses of Memorial Hospital.

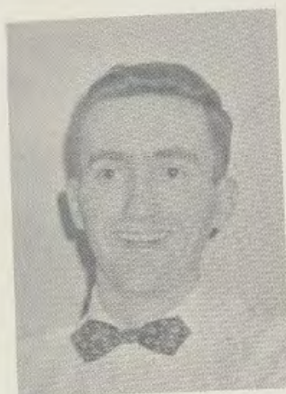

You and I look back with pride upon the growth of our institution. Likewise, specifically, you reflect upon the accomplishments of your class as you turn the pages of this yearbook which NEMACOLIN staff and their adviser have so diligently and effectively edited for you. To other materialistic remembrances at Frostburg State Teachers College you will add this yearbook to your home library to be perused periodically as the years come and go.

And now to the future! Currently enrolled in higher education across our nation are approximately three million students. By 1970 studies indicate a doubling in this enrollment. For our own institution, as for others this means more buildings, additional faculty, curriculum study, and many other facets of educational development. Upon youth—you—as you go out to teach in our schools will education depend for sound leadership. May your contributions to education and society in general reflect objectives of your Alma Mater and continual personal growth as you gain experience as the leader in the classroom and in the community.

During the middle of September, we, the persistent pioneers of learning, began our journey to seek a new life in a new world at Frostburg State Teachers College. A wagon train started from Fort Cumberland, another forded the Potomac, and a schooner came from the Georges Creek section.

On September 17, 1956, the horizon revealed a Fort on top of a hill, which was to be our camp site.

We were beginners, eager to blaze a trail and push onward for four wonderful years at the frontier of education.

Our first week was devoted to orienting ourselves to the settlement of State. We hitched up the conastogas and headed for Compton Hall. There we were greeted by the leaders—President Hardesty, Dean Diehl, and our educators—at an assembly.

Headquarters for Freshmen was in the Girls Old Dorm and the Boys New Dorm. We were settled! The new experience we were engaged in kept us up late at night with excitement, and got us up early in the morning because of the fear of being punished for cutting classes.

Each morning we placed ourselves in a seat and were presented with a placement test which was used to place us while at the Fort. Confusing? Well, we were as we guessed our way through the five days of testing. The final "Stop, Stop! If you have not finished, you must stop!" was certainly welcomed from all frantic Freshmen, as we began to wonder if we belonged at this frontier.

We were divided into groups, each one having a guide, or should we say "guard"? They (big sisters and brothers) dragged us around the campus until we knew which bulletin board to leave the love notes on, that without a meal ticket Mrs. Byrnes would have a slight attack of nervousness, and which corner in the shop was used for T.V. watching.

On Friday, September 21, we registered, and on that day we became a part of State.

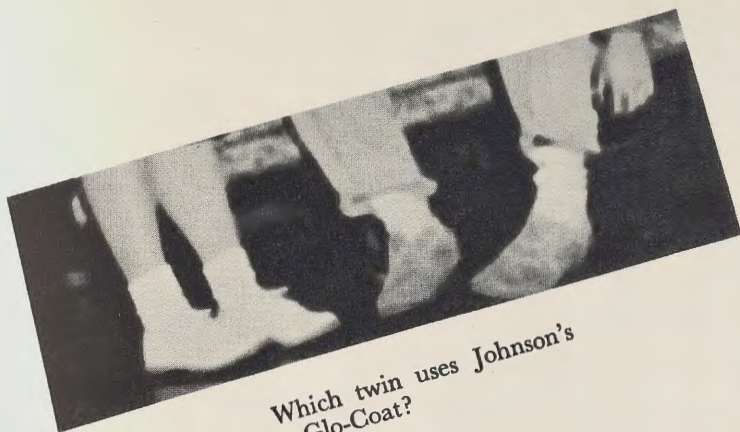

Hazing Week—we survived! Bushwackers from the Sophomore class engaged us in ridiculous stunts and the garb we adorned was hilarious! We looked like back-woodsmen with our socks turned up—the girls with lack of make-up and the guys with their shirt tails hanging out—all of us wearing bows around our neck and small name tags which were 8 1/2" by 11".

Concluding Hazing Week, Kangaroo Kourt was held in the old gym. The adventuresome pioneers hurried to meet the hostile Sophomores. We watched the representatives of our class make love to baby dolls, tie the Sophomores shoe laces, and count grass blades.

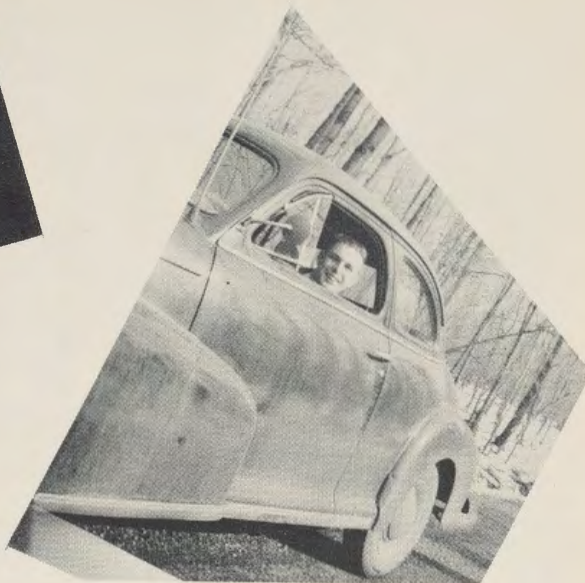

The fun was over and on Tuesday, September 25, we began our classes. We realized then that the struggle would be hard and many things would remain undone when the end of first semester rolled around.

We'll never forget the day Dr. Harney forgot to wear her hat; the night the firecracker went off in the girls dorm; Dr. Briggs' impersonation of Elvis and "Love Me Tender"; the nickname "Kim" given to Mr. Novak; and the weeks we spent without a television set.

We belong here at State! We have learned to interpret Dr. Briggs' hieroglyphics, how to write term papers, and the majority of us has tried learning "Set-back". As Dr. LeFevre would say, "Aren't we devils?" upperclassmen?

Lost, strayed, or stolen, approximately one-hundred thirty frustrated individuals, answering to the general name of Sophomore. Last seen in the vicinity of the "crackerbox." General description—some wearing black, disgusted looks. Be on the alert for such expressions as "There goes my observation," "What is 2,569,121 in base eight?" "Where's your Leotard?" "Anybody got last week's history readings?" If seen or found, please notify Mr. Jones at once, or call Bellevue (ST-raight Jacket 14-U-2).

Caution—Great care should be exercised in regard to the employing of the terms "Physical Science" and "Psychology." Sophomores are known to be extremely sensitive to these words and may become violent if they are mentioned. Soothing expressions such as "Long Vacation," "Dean's List," and "No Classes", may be used as an antidote.

That's us. Sophomores. Well, maybe things aren't as black as midnight, but twilight sure has descended.

Something else descended over the girls—in the form of a black leotard for a new course entitled "Modern Dance." So don't let it bother you if you see any Sophomore girls leaping on pointed toes across campus. They just haven't untwisted from their pas de bas yet. All right boys, wipe those sarcastic grins off your faces. You lads in leotards would look about as graceful as an elephant in a snow-drift!

Into every Sophomore's life some rain must fall—that's what they told us. What they didn't tell us was that it would be a cloudburst! This cloud, it seems, was a big tremendous black thing composed of drops of "ammon-ye," and descended upon us all under the formidable name of physical science. For example, an illustration . . .

"A lesser force acting through a greater distance . . . hm-m-m, wheel and axle . . . no! Inclined plane? . . . single movable pulley? . . . wheel and screw . . . inclined wedge?—oh nuts!

Enough said?

"Stop, stop! Everybody stop! Even if you have not finished you must stop! So with this conditioned stimulus we became sufficiently motivated to write "Finis" to another Psych. test, and hope it didn't finish us. We're told it's all in our interpretation and individual ability to grasp the various subject data presented to us, but confidentially, we just hope we're good guessers. Amen.

Life, however, was not all darkness, we discovered. A ray of sunshine appeared as a task was thrown our way. We plunged ourselves into vigorous activity in preparation for the annual Homecoming Dance. The results, we feel, were quite pleasing to all, judging from the stars perceived shining from the eyes of the dancers as they whirled beneath our own *Allegany Moon*.

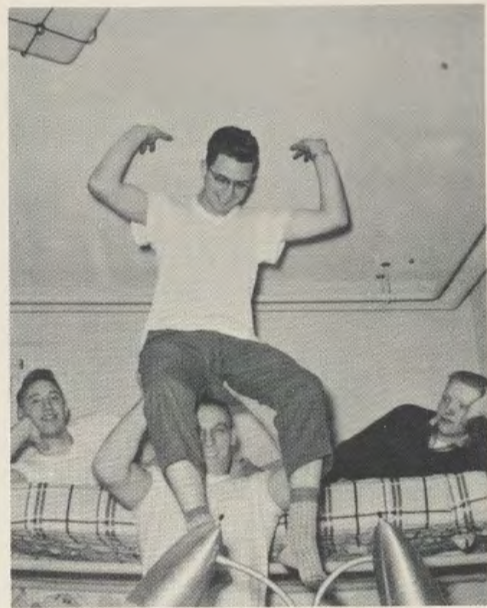

Of course, there were the Christmas holidays, from which we returned gleefully ready to plunge into work again. And why not? During the holidays we caught up on *all* September's work!

And just to be right in the midst of things, we even made a pilgrimage to Washington, D. C., to view the Presidential inauguration. With Dr. Schuster in the lead as lead diplomat, how could we help but have a most successful campaign? Not to employ a cliché, but, "A good time was had by all." So there you are, and here we are, story completed.

But Freshmen, don't let us scare you. 'Taint that bad, really. We've had a great year, and we're looking forward to twice as many rewarding experiences in our future years at State. Just one last word of advice from your sage and seasoned pals—YOU GOTTA DIG FER IT!

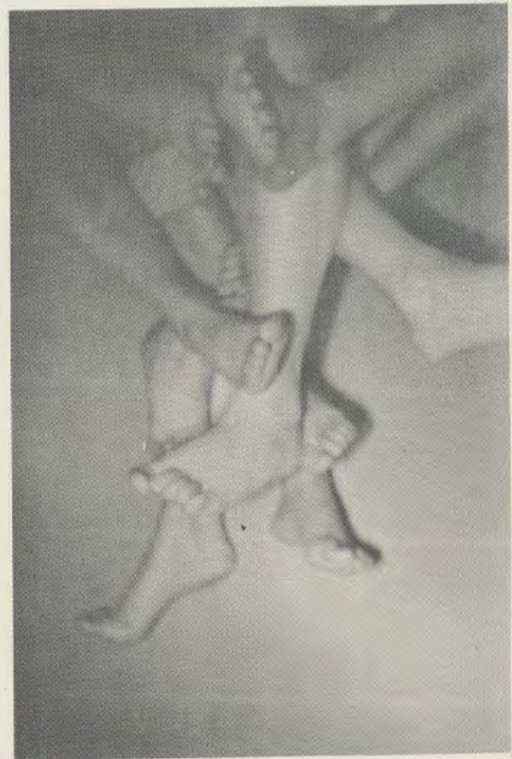

Calling Thompson 1957

Will you stop that racket!!!

Hats Off to the Seniors

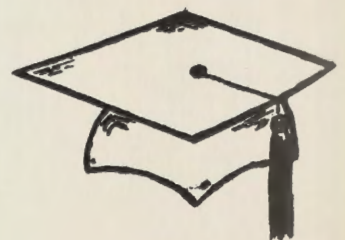

Adviser thought we were elementary and juvenile . . . Girls in the dorm never ran out of ice cream . . . The Pie Party . . . Proceeded at 7:50 a.m. to Daddy Diehl's geography class . . . Cider jugs disappeared from party . . . "Ebb Tide" . . . Dr. Clay nabbed future newspaper staff . . . Miss Hobbs confused at record enrollment . . . Rise of the Legionnaires.

Enter Snow White and "Beowulf" . . . "Pick a winner" and "punch the hole" tests . . . First stab at Survey . . . "Damage" done to Freshman room—4 out of 14 campused . . . Miss Hobbs still confused . . . Pink shirt fad—Mr. Sager preferred Hawaiian variety . . . "This here toaster was made by the smartest inventor in Western Maryland. Now when I made this toaster . . ."

Core, organized chaos . . . Sociograms and sharing parties . . . Student teachers took packed lunches; corner store did big business . . . New gym overcrowded at first game . . . Tong and tulai went to New York . . . Mrs. Kopp's arithmetic books . . . Orchestra made debut at Thanksgiving Dance, much enjoyed by apple-holics . . . Franken Stein cuff links.

A reluctant farewell to one o'clocks and blue jeans . . . The Mud . . . Cold, telephoneless dorm . . . the "Blasted Fools" . . . Junior High sticks-in-the-mud . . . Flutophone concert . . . Elementary students have fun . . . Big John and Sparkie . . . Elementary student teaching grades mysteriously lowered . . . Curtain rods and towel racks left for posterity.

Next September eighty-two young men and women will face a classroom full of students really not much younger than ourselves. We will have no critic teacher to advise us, and the supervisors will watch us, their new first year teachers, even more closely than their seasoned ones. In the first day, completely on our own, we will learn more than all the method courses in all the State Teachers Colleges could ever teach us. In our first week, or even our first year, we know we will never learn all there is to know about this, our chosen profession. With not a little bit of apprehension in our hearts, and with not quite so much confidence as other people think, we now go forth from four years of training to give our fellow human beings a lifetime of knowledge.

We do not expect to perform miracles. All we ask is that we may be allowed to work to the best of our abilities. We hope that *A Teachers Prayer* will become more deeply instilled in us with each year of teaching.

A Teacher's Prayer

O God, Thou who has ever brought all life to its perfection by patient growth, grant me patience to guide my pupils to the best in life.

Teach me to use the compulsion of love and of interest and save me from the weakness of coercion.

Make me one who is a vitalizer of life and not a merchant of facts.

Show me how to overcome the forces that destroy by harnessing the urges that lead to the life abundant.

Give me such a sense of value that I may distinguish the things that last from those that pass, and never confuse mountains with molehills.

Grant me insight to overlook the faults of exuberance because I can see with prophetic eye the possibilities of enthusiasm.

Save me, O Lord, from confusing that which is evil with that which is only immature.

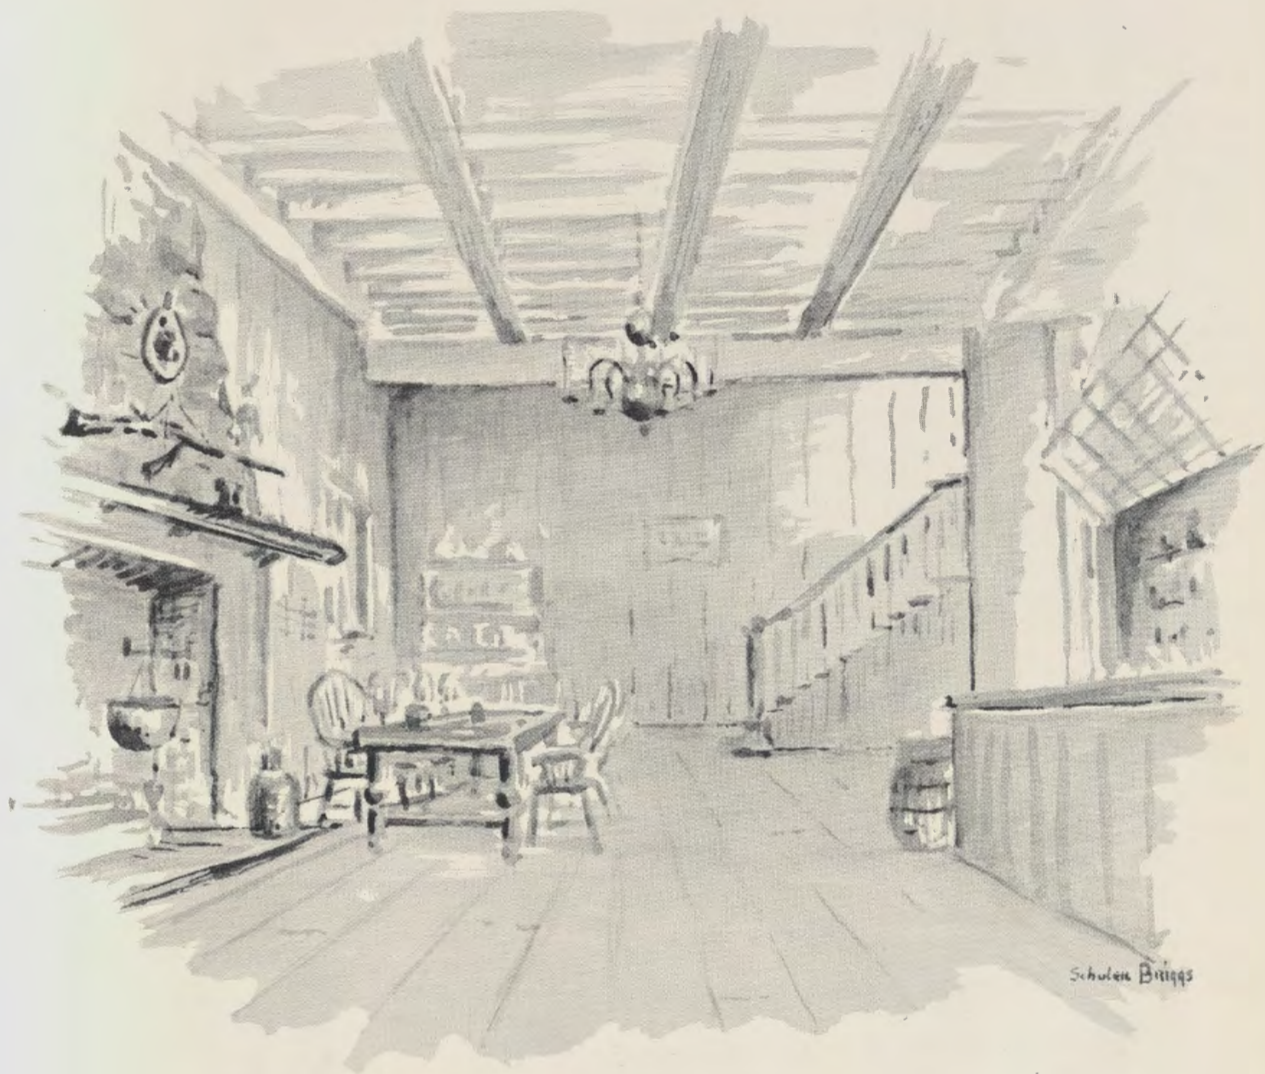

May I learn the laws of human life so well that, saved from the folly of reward and punishment, I may help each pupil of mine to find a supreme devotion for which he will give his all. And may that devotion be in tune with Thy purpose for Thy world.

May I be so humble and keep so young that I may continue to grow and to learn while I teach.

Grant that I may strive not so much to be called a teacher as to be a teacher; not so much to speak of Thee, but to reveal Thee; not so much to talk about love and human service, but to be the spirit of these; not so much to speak of the ideals of Jesus, but in every act of my teaching to reveal His ideals.

Save me from letting my work become commonplace by the ever present thought that, of all human endeavors, teaching is most like the work that Thou has been doing through all the generations.

Amen.

The Beginning and the End!

FIRST ROW, left to right: Mary Wheeler, Jeanette Hicks, Sarah Slick, Bonnie Henson, Marina Tuya, Clara Martz.

SECOND ROW, left to right: Thomas VanPelt, Mary Catherine Maher, Ruth Schade, Miss White, June Mowbray, Dolores Fahey, Don Drury.

From the promising young actress, center stage, to the young man high above the stage sprinkling snow from the rafters, to the man at the light controls, men and women behind the crimson curtains of Compton Auditorium are accumulating credits for membership in Alpha Psi Omega, the national honorary dramatic fraternity on campus.

Theatrically minded, the Greek-letter organization, the big brother of Little Theatre, has a hand in practically every performance staged in Compton Auditorium. "Highlights of Alpha Psi Omega," their annual assembly, gives the college a concept of the talents possessed by the members. However, the real highlights are known to the Alpha Psi's only: the trip in the spring to the national convention at Alfred New York; the formal initiation ceremonies with special guests like Mr. J. William Hunt; and the feeling of elation after a good performance sum up a season with Alpha Psi Omega.

Officers in the fraternity are Mary Catherine Maher, president; Ruth Schade, vice president; June Mowbray, secretary; Donald Drury, treasurer; and Miss Dorothy Stone White, adviser.

Having completed one successful semester at State, a promising young man who has shown evidence of scholastic and social growth is eligible for membership in Alpha Tau Alpha Fraternity. It is local, and unanimously agrees to stay so. Various social activities of the fraternity enliven the lives of the members. These include a trip to Johnstown to see a hockey game, a trip to Mr. Taylor's cabin in New Jersey, and

an annual banquet.

The men have a serious side, too. At Christmas they joined the other organizations to decorate the building on campus. Basketball fans are grateful to the fraternity for the candy and soft drinks sold at the games.

Alpha Tau Alpha is always willing and eager to help to improve the campus in any way possible.

All For One, One For All

THIRD ROW, left to right: Mr. Taylor, Adviser; Thomas Rowan, Kenneth McKinney, Donald Sellin, Edward Dawson.

Have Paint Brush... Will Travel

Let's get out the paints, pencils, and plenty of paper . . . it's Art Club meeting time. Soon to be seen will be the first attempt for most of the group, in the media of oil. Mr. Stewart, in a demonstration of the basic procedures, made it seem so interesting the whole group will try it.

The club purchased silk screen materials in order to make posters for "Carousel," "Death Takes a Holiday," and posters and program covers for other campus happenings.

Other club projects include Christmas decorations, movies, working with pastels, sketching, and a trip to the galleries of Baltimore. All we ask is a chance to express ourselves in the various mediae we use. We do not look for the spectacular, like a Mona Lisa with a wrist watch or a Venus de Milo in red gloves, but strive to find and express the beauty of our surroundings.

STANDING, left to right: Janet Taschenberg, Mr. William Stewart, Adviser; Eleanor Minke, Melvin Garland; seated, usual order, Shirlie Morgan, Helen Behr, Sharon Growden.

CONCERT AND MARCHING BAND

This has certainly been a good year for music at State. With the addition of Dr. Ward Cole to the faculty as instrumental instructor, a dance band and a concert and marching band have been formed.

Many of the numbers played by the dance band are jazz arrangements by Dr. Cole. This is really a break for the musicians on campus who dig modern music, for now they have an opportunity to create their own "sounds." The band has performed at assemblies and school dances, and other special programs.

Another musical outlet is the concert and marching band. This band has appeared at assemblies, special programs and a number of athletic contests. In addition, to this, the members present an annual concert. Appearing with the band are four lovely majorettes who are instrumental in making the band look good.

Fight! Fight!

Row 1, left to right: June Mowbray, Joan Sweeney, Angela Pellerzi.
Row 2, left to right: Judy Bramble, Joy Swett, Ruth Schade, Mary Kay Poland.
Row 3, left to right: Mary Yoder, Toby Morrissey, Patsy Carter.

The gym is ablaze with light. The bleachers are full of eager fans. On the floor the "Bobcats" are facing their roughest opponent of the season. The scoreboard reads, VISITORS—98, HOME—93, when suddenly the official calls time.

Onto the floor romp a quartet of lovelies clad in State's colors—gold and black. Spiritedly, the four call the cheer and lead the fans in a rousing yell.

The buzzer sounds just as they finish and back they go to the bleachers, leading yells from the sidelines as the "Bobcats" blaze past their opponents and wrap up three baskets for the victory just before the final whistle blows.

The victory cheer, heard above the hubbub, clearly proves that the animation of these girls is necessary to the spirit of the game.

Day By Day

Seated: Dr. Thomas Baucom, adviser.

Standing, left to right: Janice Shane, Thomas VanPelt, Shirley Groves, Alan Shane, Janice Diehl, James Struntz.

Besides the permanent species of students which exist at State, there is another breed, known as "Day Hops." These non-resident students make up the Day Student Association. This organization is governed by two representatives from each class, and a faculty adviser.

As Valentine's Day approaches each year, the Day Students begin making preparations for their annual "Sweetheart Dance." Each class selects two princesses; girls who are outstanding not only in beauty, but also in scholastic achievement. Of these eight lovely ladies, one is chosen to reign as Sweetheart Queen. She is crowned the night of the dance by Dr. Thomas Baucom, the adviser of the association.

The Kappan Bad Cats

Sigma Phi Chapter of Delta Kappa National Fraternity Inc. holds the honor of being the only national social fraternity on campus. Delta Kappa men pride themselves in being active socially in extracurricular activities and also academically. During the first semester of this year the Kappa men compiled an accumulative point score of 1.9, a feat which few campus organizations can match.

The highlight of the year for Sigma Phi was the fall national business meeting in which Frostburg was host. Other main events on the DK calendar are the annual dance sponsored with Phi Omicron Delta Sorority, the lab school Christmas party, the DK Christmas dance, the spring banquet, and of course, the spring convocation held this year in Ithica, New York. The Kappas are active in many other campus activities in addition to the above mentioned functions.

Delta Kappa is resolved to perpetuate scholarship; fellowship; moral, both fraternity and campus; and service to our school, town, and fellow students. It is for these reasons that you can hear one of the DK songs resounding over the campus, "We'll be singing, ever bringing fame to DK Fraternity."

FIRST ROW, left to right: Bruce Holland, Tom Buser, Leo Kotchenreuther, Joe Steen, Cliff Stevens, Ronald Sheally, Mr. VanNewkirk, and Gene Patton.

SECOND ROW, left to right: Jack Walker, Mike Wilson, Lee Norris, Jim Rankin, Gene Wiltison, Frank O'Rourke, Tom Renwick, and Alan Shane.

THIRD ROW, left to right: Stanley Wilson, Russell Heyde, Warfield Wilson, Bill Cessna, Joe Barnard, Oliver Wittig, Bill Preston, Bob Carver, and Oliver Rephann.

"All Join Hands And Circle Round"

"Promenade your partner with a do-ci-do
All join hands and away we go."
A club on campus that has lots of fun
Couldn't be more happy than this very one.

Active at home, more so on the road
We'll find these people on an old hay load.
Hayrides, sleigh-rides, sledding on the snow
Field trips, auctions—this is Do-Ci-Do!

Organized in '48
By the American Folk "Lit" Class.
Folk dancing is enjoyed
By every lad and lass.

String bands and callers
And four hundred members,
Have been to Do-Ci-Do Club
From '48 'til this December.

Active in the present club
Are fourteen women and men,
Seven couples attend each night
To dance from 8 'til 10.

Bill McCall, and the Gilpin Brothers,
Dick and Howard, two,
Charles Smith and Robert Morris
To mention just a few.

Tom Renwick, and then the girls,
Pat Weicht and Marjorie Lewis,
Sylvia Hilliard and Susan Eader
Have been mentioned to us.

Sharon Growden and Eleanor Mank
And Shirley Johnson, too,
Poffenberger rounds out the list,
Of those who dance—do you?

Dr. Howard is the adviser
Who helps the group with plans,
They've all agreed to say to you
That square dancing is just grand.

FIRST ROW, left to right: Carol Lannon, Eleanor Mank, Sylvia Hilliard, and Susan Eader.

SECOND ROW, left to right: Shirley Johnson, Bill McCall, Dr. Howard, Sharon Growden, Patricia Weicht, and Barbara Bagent.

THIRD ROW, left to right: Ronald Poffenberger, Richard Gilpin, Howard Gilpin, Thomas Renwick, and Robert Morris.

The Gay Parisians

Left to right: Thomas Richards, Frank O'Rourke, and Janet Walters.

In the midst of the mountains and snow of Frostburg, we find at State a touch of gay Paris. A group of students participate in various activities in order to learn more about France and the French language. A number of times during the year the members get together for a tea. They dress in French fashions, read French magazines, and speak nothing but French. They also made a trip to Pittsburgh to attend the opera "La Traviata." The French Club also joined with the Spanish Club in sponsoring a Masquerade Ball, which proved to be quite enjoyable to all.

The Club is advised by Miss Irene Kirkeby. Members include: Edward Lester, Eugenio Squillari, Janet Walters, Jean Stottlemeyer, Ruth McDonald, Sally McGreevy, Mary E. Wheeler, Thomas Richards, Janice Jeffries, William Cessna, Frank O'Rourke, and Ronald Poffenberger.

An Apple For The Teacher

SEATED, left to right: Bonnie Henson, Toby Morrissey, Mae Rice, and Norma McLuckie.

STANDING, left to right: Virginia Miller, Elaine Smith, Diane Slater, Gail Davis, Marjorie Lewis, Eleanor Mank, Carol Lannon, and Mr. Hosack, adviser.

Nearly five hundred members of this coed institution are enrolled in the teacher training program. For eighteen weeks, nine during their junior year and nine their senior year, they undergo the trials and tribulations of any teachers. little Johnny must be assisted with his boots; Susie needs help with her arithmetic; and Jerry must be disciplined. To top this, the state is arguing whether or not a raise in pay should go into effect.

All this and the future teachers are still happy and find time to attend meetings of their professional organization on campus—The Lillian C. Compton Chapter of Future Teachers of America.

Through the state and national teachers organizations, the members keep up to date on the latest in their field, attending state-wide conventions and voicing their opinions on pertinent educational problems.

Officers in the organization are: president, Mae Rice; vice president, Ralph Scarlett; secretary, Toby Morrissey; treasurer, Bonnie Henson; and historian, Norma McLuckie. The adviser to the organization is Mr. Hosack.

Campus Diplomats

CONFERENCE ROUNDTABLE

"Attention! Mr. and Mrs. North and South America, and all the ships at sea. The International Relations Club of Frostburg Teachers College meets tonight to discuss East-West tension. All the world awaits their findings."

I.R.C. conducts such panels and forums of world embracing scope at each of their bi-monthly meetings. A project every member looks forward to is conducting or attending the Regional Association Conference under the auspices of the Foreign Policy Association. Another productive effort is the sponsorship for diplomatic minded high school students of Allegany and Garrett counties.

Once a year, students are enlivened by the visit from a representative from the World University Service — thanks to the I.R.C.

SEATED, left to right: Dr. Ramsay, Gary Screen, John Swope, Donald Sellin, Ruby Livengood, and Dr. Briggs.

STANDING, left to right: William Payler, Sandra Haywood, Charles Welch, Norman Nightingale, Alice Gaither, and Arthur Huggelstone.

The First Step Up

Left to right: Janice Diehl, Robert Holmes, Janet Walters, Frank O'Rourke, Betsy Bampton, Schuler Briggs, and Doris Heise.

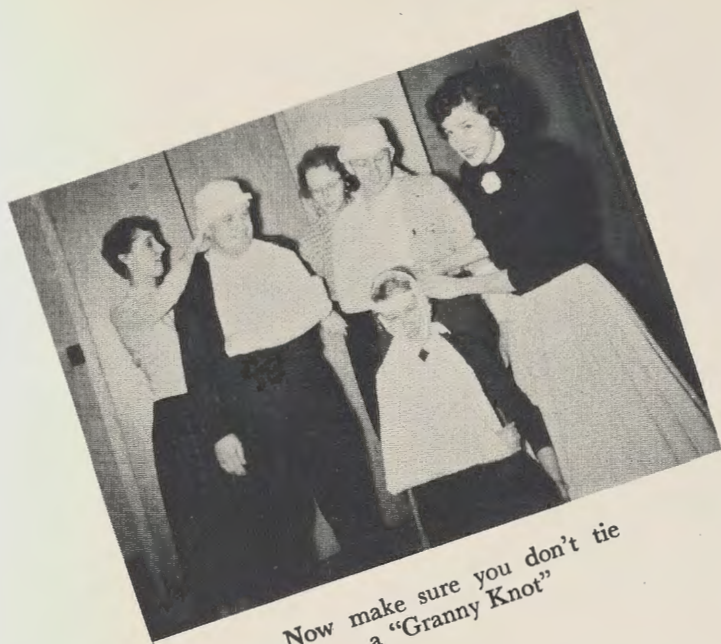

In the friendly, secluded teachers college at Frostburg, surrounded by mountains and snow, we find a very hard working Junior College Association striving to maintain their purpose of interesting high school students in the Junior Colleges of Maryland.

All students of Frostburg State in the junior college program are eligible for membership.

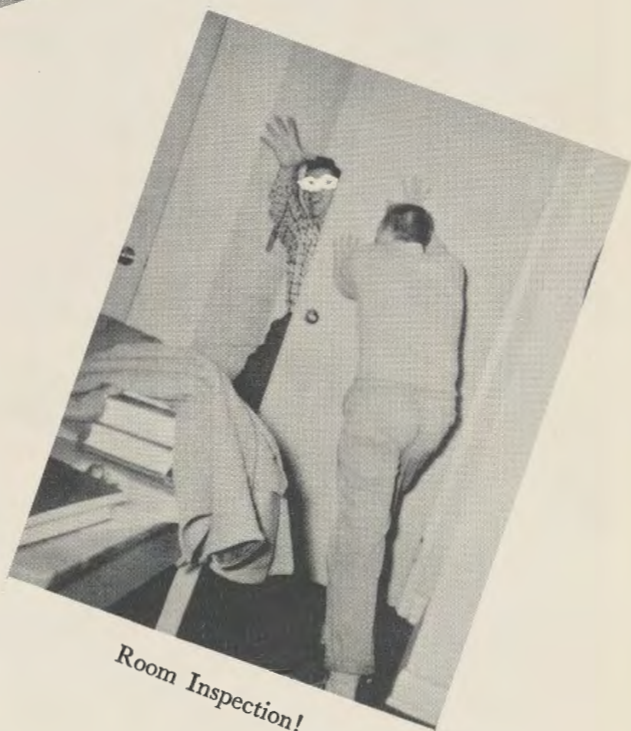

Some of the highlights of the Association's social activities are the quarterly trips to Baltimore, and the social meeting held in October of each year. The regular meeting is held on the first Thursday of each month.

With the coming of spring, the junior college students held a combined meeting of students and faculty organizations in the Junior Colleges throughout Maryland. The theme of this meeting was "Music and Fine Arts in the Junior College." Along with this meeting, the club also presented an art exhibit, which was open to all members to present their works.

The various activities of the group are under the direction of Frank O'Rourke, president.

Now make sure you don't tie
a "Granny Knot"

Room Inspection!

The French and Spanish Clubs
Masquerade Ball

Van Gogh's Successors

Kappa Pi, the *avant garde* of the Frostburg art world, operates on the theory that what one does well, others will appreciate, if the fraternity's numerous activities may be taken as an indication of purpose. The many discussions, the group work, and the art conventions combine to broaden the art appreciation of the members. Besides that, it's fun!

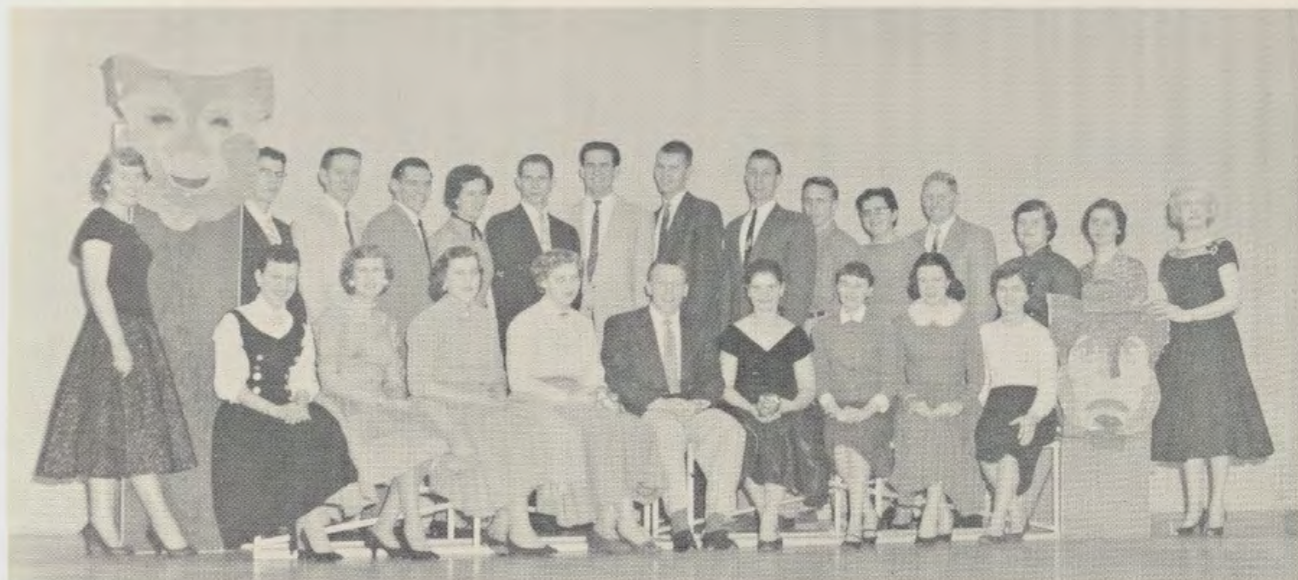

In the fall, the fraternity sent delegates to Wilson College in Chambersburg, Pa., for a Baroque and Renaissance Arts Festival. As the Christmas season approached, Kappa Pi's touch became evident in the campus decorations. The fraternity as a unit painted a religious picture on the Chapel window; the members provided ideas and inspiration for the building decorations of other groups.

One of the most important and continuing features of the fraternity's activities each year is the contribution of work and articles to the fraternity's national magazine, *Sketchbook*.

Left to right: Schuler Briggs, Janet Taschenberg, Georgia Russell, Melvin Garland, and George Hays.

"Speak the Speech, I pray you"

SITTING, left to right: Marietta Gaudie, Carole Charles, Bonnie Henson, Jeanette Hicks, Donald Drury, Sarah Slick, Betsy Bampton, Rosemary Hill, and Suzanne Harrison.

STANDING, left to right: Sally McGreevy, Michael Lyons, Thomas Richards, Ralph Mahaney, Marina Tuya, Oliver Perry, Kenneth McKinney, Schuler Briggs, James Rankin, Charles Parker, Dolores Fahey, Thomas Van Pelt, Elaine Smith, Catherine Reagan, and Dorothy Stone White, adviser.

Scene: Stage

Time: Dress Rehearsal

Place: Compton Auditorium

Director — "Now let's really get into our parts tonight. Take it from the beginning — curtain, Curtain!"

First Player — "But, Miss White, I'm not ready!"

Director — "We can't wait for just one person. Let's be ready! What are we, professional or rank amateurs?"

Leading Man — (Peeping through the closed curtains) "My costume is too tight."

Second Player — "I'm nervous."

Third Player — "Let's get started. I've got an exam tomorrow."

—And so it goes, the dress rehearsal ends and the players, directors, prop men, light men — Little Theatre goes home.

Tomorrow the performance will come off, but for tonight everyone is just tired and worried. Will someone forget his cue? Will the vase break in the second act? Above all, will someone remember to let the leading man's trousers out?

This is just one scene from Little Theatre's repertoire. With Alpha Psi Omega, their Greek-letter counterpart, they present an annual assembly. Each September, students are recruited for the freshmen play, join Little Theatre, and carry on through the year with make-up demonstrations, building scenery, hunting props and finally the Spring production with its many jobs.

"Sing out, my soul, thy songs of joy"

MADRIGAL SINGERS

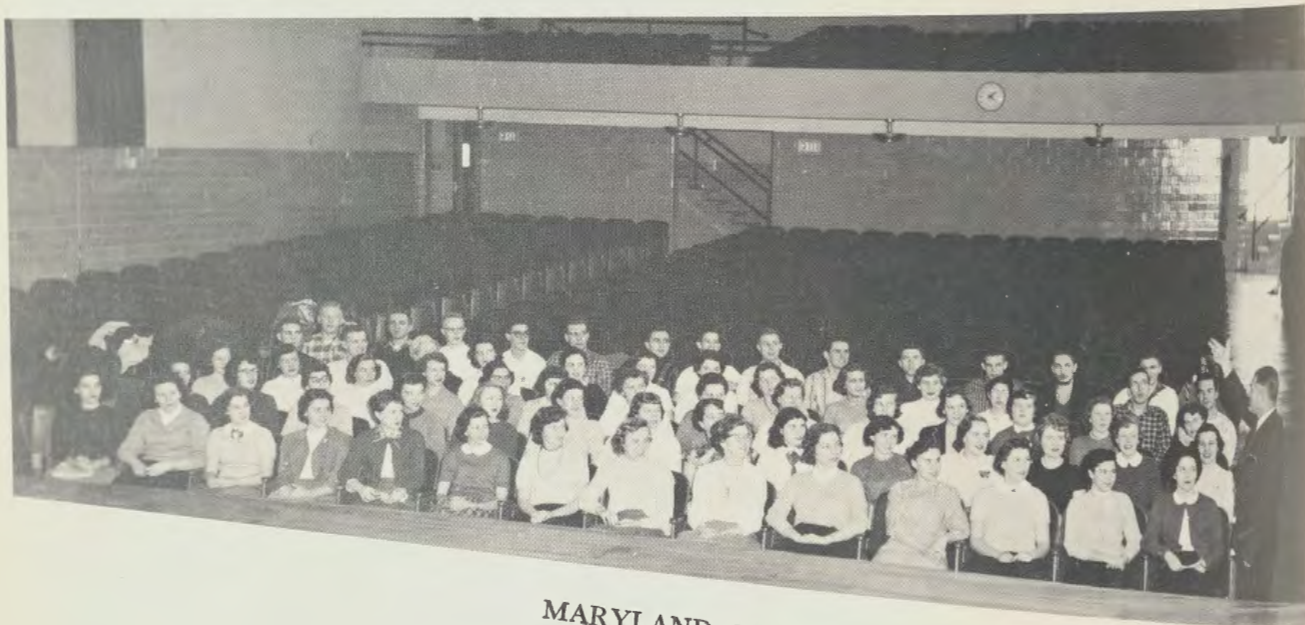

And this year, the voices of the Maryland Singers swelled over the campus, followed by its touring echo, the Madrigal Singers. The Singers and Madrigals took their first bow in the memorable "Christmas Pageant," followed in February by a brilliant supporting performance in "Carousel."

Then the Maryland Singers sang at home, while the Madrigal Singers transported the chorus to the surrounding area in the form of a spring tour, which let outsiders hear our music, and understand our spirit and why we sing.

On May Day, the singers merged again to lift their voices in a salute to spring, which added golden overtones to the paint brush of nature.

Finally in June, came the Commencement and Baccalaureate services, carried out to a swelling chorus of music, which will always be a moment to remember.

This year both organizations are headed by President, Pat Allen; Vice President, Kenneth McKinney; Treasurer, Oliver Wittig; Assistant Treasurer, Jack Walker; and Secretary, Dorothy Bampton. The groups are advised by Mr. Charles Sager.

MARYLAND SINGERS

Ready, Willing, and Able

SEATED, left to right: Coach Babcock, Bob Kirk, and Enordo Arnone.
STANDING, left to right: Bob Steveson, Dave Marple, Bill McCall, and Dorcil Kline.

As a school grows, exercise and athletic competition for non-varsity men must grow from impromptu play to an organized intramural program. It is the Men's Athletic Council which organizes and administers the various leagues.

Members are elected from the male members of each class of the student body. They meet with Kenneth Babcock, Athletic Director, to develop new sports and to plan schedules.

This year the winter program was revamped to include sports other than basketball. Following a shortened cage season, volleyball, badminton, and bowling tournaments were held.

The big affair of the MAC took place in May — the Awards Banquet. At this time deserving varsity athletes are awarded jackets and letters. Each coach in the area is invited to the banquet, and he may bring one or two high school boys along. So the banquet also serves in getting new recruits for FSTC.

Keepers of the Peace

What is the greatest force in the universe? Scientists would probably say the atomic bomb, or a raging hurricane. However, if you asked the Men's Resident Council, they would tell you that nothing could surpass the force and fury of 87 energetic young men living under one roof. It's not really so bad, though — just a lot of clean fun.

The purpose of the House Council is to enforce the few rules necessary to keep everything running smoothly. And, realizing that growing boys require a lot of nourishment (between-meal-snacks), the Council maintains candy, milk, and coke machines.

Heading this year's Council are Fred Downs, president; Joe Steen, vice-president; Cliff Stevens, secretary; and Tom Renwick, treasurer.

SEATED, left to right: Fred Downs, Mrs. Richmond, House Supervisor, and Cliff Stevens.

STANDING, left to right: Sterling Edwards, Tom Renwick, Joe Steen, Don Drury, Bill McCall, Mike Lyons, Bob Grimes, Tom Rowan, and Mr. Taylor, Adviser.

Frostburg Newmanites

Organized in 1954, the Newman Club has steadily grown into a very active organization on campus. Recently, it became affiliated with the National Newman Club Federation.

A big event of the year for the Newman Club was Religious Emphasis Week, when they joined with the Student Christian Association and the Canterbury Club in sponsoring a week of religious activity. Ministers of the different faiths in the area were invited as speakers.

The Newman Club also presented a Thanksgiving Assembly, and, realizing that no matter how old people get they will always have a sweet tooth, they held a number of candy sales.

The Irish eyes were sure smiling on St. Patrick's Day when the annual St. Patrick's Day Dance, "The Shamrock Ball," was held at the Clary Club. Faith and Begorra, but we had a grand time.

A number of times during the year, the Club holds Communion Breakfasts at St. Michael's. Here the principal purpose of the Club is carried out—furthering of the spiritual life of its members.

FIRST ROW, left to right: Eileen Varah, Helen Behr, Barbara Wolford, Joanne McRobie, Catherine Joyce, and Elizabeth Ann Maher.

Phi Omicron Delta, a social sorority, was founded originally as a musical sorority. It now sponsors a music scholarship that is given to a promising senior of one of the area high schools.

Membership in the sorority is by invitation. During pledge week, a number of demure lassies on the campus are transformed into pledges. Being a pledge involves wearing white dresses with purple bows in her hair and on her shoes, these being the sorority colors, and having the Greek letters of the sorority painted on her forehead in lipsitck.

After this frivolous episode, the members settle down to their sponsoring worthwhile campus projects. These include a dance in co-sponsorship with Delta Kappa. Sometime during the year they hold a card party, and to supplement the diet of the resident students, the sorority members sell doughnuts and hot chocolate in the dorms a number of times during the year.

The Bold Spaniards

SEATED (Left to Right): Barbara Wolford, Kathleen Varah, Eileen Verah, Sarah Growden, Nancy Demey.

STANDING (Left to Right): Norma Ravencroft, George Schreiner, James Sheehe, Tom Renwick, Schuler Briggs, Miss Kirkeby, adviser, Margaret Hobelmann.

Imagine a festive Spanish fiesta in frosty Frostburg. Whenever a phenomenon such as this is observed, we know the Spanish Club is having one of its occasional teas. A person who doesn't dig Spanish might just as well stay away, because at these gatherings the language of the hour is Spanish, and bright decorative costumes enhance the scene.

The Underground Movement

To most people, the prospect of crawling around in a cave in West Virginia, Pennsylvania, Maryland, or Virginia isn't very inviting. However, an organization has been chartered by Student Congress this year for just such a purpose. The group is known as the Speleology Club.

Speleology is a very fascinating but grimy pastime. It deals with the study of the biology of caves, mapping, geology and bat migration. At their meetings the members have drafted an application for membership in the National Speleology Society as a college grotto. They plan their monthly field trips to the Shenandoah Caverns, Blue Trout, Delaney's, Athey's, Trout Rock and Minor Rexode Caves. Club meetings range over topics covering safety, equipment and mapping. Brother Nicholas, F.S.C., president of the National Speleology Society, and Mr. William Leeson of Fort Hill High School discussed the biology of caves and bat migration with State's spelunkers.

SPELUNKERS: Ralph Mahaney, President; Michael Lyons, Historian; Joyce Tilmann, Secretary; Carol Matthews, Treasurer; Harry Hadley, Nick Dormio, Ellen Proudfoot, Jim Duffy, Tim Long, Margot Hobelman, Mrs. Silverthorne, Adviser.

The Big Story

The Big Story—brought to you by the staff of the college newspaper, "State-to-Date." The time—7:00-9:00 P.M. Monday and Tuesday, semi-monthly. The cost—minimum wages taken from your own ingenuity. The reason—to present to the other college students your ideas of what is taking place on campus.

And now—the behind-the-scenes story of actual action in the "City Room" of FSTC, room 104, Old Main.

Before the presses of the Herald Printing Co. can be set in motion, the entire staff meets to lay-out the four page issue. The first night the stories are written, copy read, typed, re-read, and finally cut and placed in position on their respective pages. Tuesday night finds last minute articles (you'd be surprised how much news-worthy news takes place on Monday night!) and all headlines being composed. This ends the responsibilities of the reporters and general staff, but many times editors have to return for last minute corrections.

The finished product comes back to the "City Room" the following Wednesday, and is prepared for distribution to students, faculty, exchange papers, and to recruiting committees in various high schools.

This has been the big story of the well-illustrated press copy of campus news.

SEATED, left to right: Mike Lyons, Joan Kidwell, Charles Smith, M. C. Maher, Ruth Schade, Dr. Lucile N. Clay, adviser.

FIRST ROW, Standing, left to right: Sarah Slick, Patsy McGill, Betty Tyree, Joanne Herbert, Carole Charles, Clara Martz, Nancy Parker.

The Student Christian Association was formed for the purpose of stressing the religious side of campus life. Realizing that students who are away from their respective churches might feel a little lost or out of place, or what is worse, might even neglect religion, S.C.A. has set up a program of religious activities for any students who are interested. These activities include Chapel services every morning, Monday through Friday, and vespers every Tuesday evening.

The students also have an opportunity to observe God's handiwork in nature at its loveliest—at sunrise. Sunrise services are held in the fall and spring at Dan's Rock. There they have breakfast, followed by the service, and in the spring, the initiation of officers.

S.C.A. also looks out for the less fortunate people of the community. They sponsor a food and clothing drive at Thanksgiving and Christmas, and also, during the Christmas season, they sponsor a toy drive.

A big event of this year was Religious Emphasis Week, when S.C.A. joined with Newman Club and Canterbury Club to sponsor a week of religious activity on campus.

We, The People

It becomes necessary, in a school the size of State, to have some sort of governing body set up representing the administration and the students. Thus we have the Student Congress. The Congress is composed of representatives from each of the classes, a representative from the Day Student Association, the Men's and Women's Resident Associations, Junior College Association, and an Eastern States Delegate. The Administration is represented by Mrs. Silverthorne, Adviser, and President Hardesty.

It is the purpose of this organization to see that the affairs and policies of the College represent and coincide with the views of the majority of students, faculty, and administration.

The activities of Student Congress are numerous enough for two or three organizations. One of their first jobs is Freshmen Orientation Week, when "big brothers and sisters" take the freshly graduated high school students and acquaint them with college life. They flaunt the attributes of State not only to the incoming freshmen, but also to high school seniors from all over the state on Campus Day. On this day, they try to entice the prospective college students into coming to State, and, of course, most of them do.

Other important events headed by Student Congress are the Who's Who Dinner, the Leadership Awards Banquet, an all-College Christmas Party, a Thanksgiving Dance, elections, and the publication of a student handbook — *The Pathfinder*. So you can see that Student Congress handles not only the legislative activities of State, but also contributes greatly to the social life of the students.

FOURTH ROW, left to right: Joyce Warnick, Senior Class representative; Donna Price, Freshman Class representative; Bonnie Henson, Junior Class representative; and Margot Hobelmann, Freshman Class representative.

The Settled Set

(Left to Right) : June Mowbray, Natalie Mann, Sarah Slick, Joanne Herbert, Joan Luttrell, Mary Kay Poland.

In an attempt to create ideal living conditions in the girls new dorm, the Women's Resident Council sets up and enforces a few basic rules. Very few rules are necessary, for the women, in addition to the various scholastic and intellectual maneuvers, also have a recreation room to keep them busy. This room has a ping pong set and a one-channel T-V set. Also for the not-so-figure conscious girls there are milk, coke, and candy machines.

Invigorated with Christmas spirits, the girls new dorm, in co-sponsorship with the other dorms, sponsors a Christmas dance.

With the advent of winter, a need for warmth arose in the dorm. The radiators, being new, were somewhat temperamental. Therefore, some of the more mechanical minded girls attempted to fix them, but only succeeded in flooding the dorm.

But aside from a few minor catastrophes, the House Council is keeping things running very smoothly.

The Unsettled Set

The hub of activities on campus is still the Women's Residence Hall—now commonly known as the "Old Dorm." There the elite meet to eat, to think, and to be merry. The living room, a small version of Grand Central Station, is alive with students who skip in to wait for dinner and stay to watch T. V., or just to talk. Out in the hall, the line forms for dinner and slowly wends its way into the homelike dining room. The coat room closely resembles the check room at the Stork Club on New Year's Eve. The mad scramble comes later when everyone tries to find his coat at once.

Upstairs all is just as confusing. The lounge, centrally located, buzzes with happy voices. Several girls enter from time to time to check the mail and join the session. The phone peals through the laughter and the last one in slowly ambles to the booth to answer. The wanted one is, of course, from third, so up we go to the third floor where the hubbub is just as great.

Eventually a bell rings, and quiet slowly invades the dorm — first the lounge, then the halls, and ultimately the rooms. The freshmen and sophomore girls take to their beds for a much needed forty winks. So goes the life in the "Old Dorm."

We're Really Athletes

W.R.A. — Three small letters, but oh, what they mean to the weaker sex on campus. A fund of fun and recreation galore keeps the busy crowd of laughing faces working around the regular curriculum of classes from 8-5.

The activities of this organization usually take place after hours—at least, after dinner.

With volleyball the first of the extra-curricular activities, the girls find outlets for their boundless energy by taking their spite out on the ball, whamming service to the rafters and spiking returns into the net.

As days grow short and evenings long, the lassies head for greener pastures, traipsing through the deep white snow to the local sports center where they expend a great deal of energy with "ball in the gutter," known to the layman as bowling.

Meanwhile, back in the gym, other young damsels are wrestling for position, spraining ankles, and missing foul shots. Hurrah for Basketball.

Immediately following these exasperating winter sports, the girls venture to the YMCA to prepare for the Channel swim—no, really, none of them have learned to float yet. But, oh, what fun they have wading.

Some girls, on the other hand, prefer competitive individual sports. Badminton, one of the favorites, has even become popular enough to be included in the curriculum as a 9-week course.

For a final inning to a well-rounded athletic program, the potential "babes" regale in a feast fit for Olympic winners. Laurels to the leaders are presented in the form of white blazers with official school letters which more than compensate for practice hours necessary to earn the treasured award.

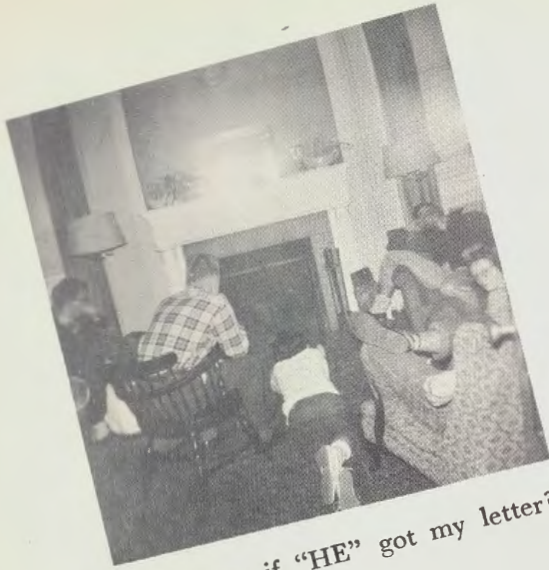

The Skull and Test Tube Crew

Left to right: Eugene Patton, Kermit Kope, Mr. Kohout, Carole Charles, Allen Younkin, Bruce Holland, Ronald Poffenberger, Anne Lassetter, Mary Eileen Powers, Betty Tyree, Marie Goldsworthy, and Robert Anderson.

Under the capable guidance of Mr. Kohout, State's "deep thinkers" including the cat dissectors, test tube breakers, and those of a more calculating mind, hold forth twice monthly to discuss the wonders of science in our everyday environment. This fraternity serves the campus as an information center on the current doings in the world of science, with many of their meetings being open to students and faculty members on campus.

The entrance requirements are justifiably high, and the membership strives to maintain its position as one of the "elite" campus organizations, scholastically speaking. The fraternity is open to all students possessing a 1.5 accumulative average and a genuine interest in science. *Nemacolin* says "Hats off to Xi Xi" (as long as they don't blow up the science building or mistake a yearbook editor for a cadaver.)

I wonder if "HE" got my letter?

Best Foot Forward

Indeed, this year brought forth a wealth of freshmen and ideas. Student Congress presented a sensational week of activities for freshmen.

An Organizations' Night was provided at which time the freshmen were introduced to campus organizations. Campus tours were effectively designed so that the uneducated ones wouldn't get lost on our complicated campus.

The fun was sadly interrupted on occasion by that unwanted demon called "Testing Program."

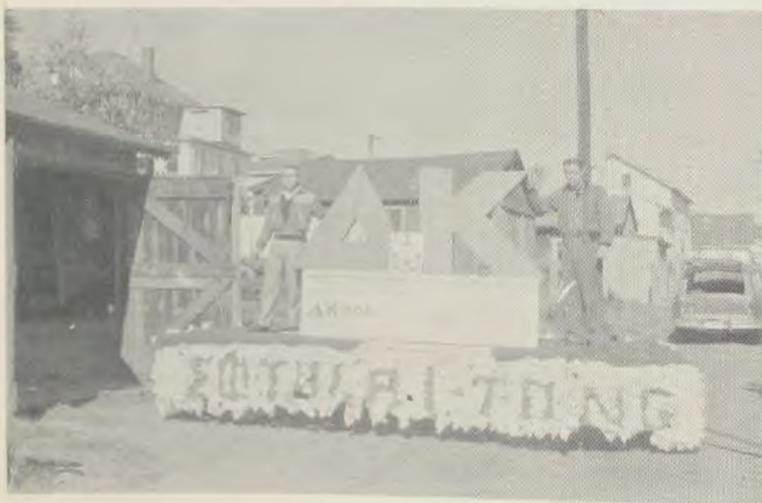

The brighter side was restored again with a dance sponsored by Do-Ci-Do.

After enjoying the more relaxing activities of our college, the freshmen found themselves jumping to the crack of a sophomore whip, in a week concluded in Kangaroo Kourt.

And The Rains Came

The Homecoming Queen and Court. Left to Right: Kathleen Verah, Freshman; Carol Barnhart, Sophomore; Katherine Hodges, Senior; Dorothy Bampton, Junior; Queen Joanne Herbert, Senior; Robert Kirk, Soccer Team Captain; Janet Taschenberg, Senior; Patsy Kerns, Sophomore; Clara Martz, Junior; and Patsy McGill, Freshman.

The float before it floated.

The rain washed more than dirt off the sidewalks on that dismal October day destined to be this year's Homecoming Day. The only thing that survived Nature's rampage was the dance, which filled the Clary Club 'til its sides bulged with Alumni, faculty, and students.

“Operation Looksee”

Even before the victorious Seniors have made their final bows at Commencement, the College recruitment forces are making plans to entice new “victims” to our spacious campus. A truly important part of this “scheming” is our Campus Day. Planned, and enacted by Student Congress committees, this event was a booming success. The well-planned tours took the visiting High School Seniors to every available “nook and cranny” of the campus. Even the usually restricted areas and danger zones of the three college dormitories opened doors for the sightseers. About 250 possible prospects poured across the campus and drank in all the wonders. The day was topped off by a program in Compton Auditorium featuring the Band and Madrigal Singers and concluded by a panel discussion of highly intellectual quality.

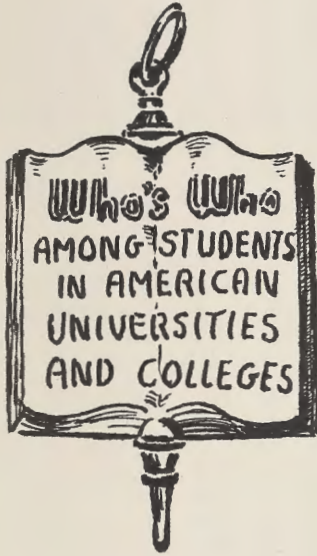

Left to right: Louis Chiccehitto, Enordo Arnone, Barbara Wolford, Ann Creegan.

Talk About A Day

The culminating Thanksgiving activity blossomed into one worthy of the name, with Student Congress calling the plays and three campus organizations carrying the ball; a victory worth giving thanks for was accomplished. The religious motif was carried out by the Newman Club in the annual Thanksgiving assembly. That evening the Intra Resident Hall Committee caused the wheels to move to provide a bountiful feast for the residents of our fair campus. The freshmen topped the day's agenda with an informal dance in the Old Gym that drew a capacity crowd. When the dust settled and quiet at last reigned, a summation could at last be made. When four campus organizations all varying in membership, interests, and functions, can work together for the benefit of all, it is indeed something worth rendering thanks for.

Toast of the Town

Show your best effort and achievement, and you get the deserved rewards. Who's Who Among Students in American Universities and Colleges is an award given annually to deserving students on a national basis. In order to receive this award you must have first been selected by the faculty on a basis of scholarship, leadership, and cooperation in both curricular and extracurricular activities and then have been accepted by the organization. Each student selected receives a certificate of recognition, their name listed in the annual publication, and benefits of The Student Placement Service provided by the organization. This year State's quota was twelve awardees.

The year's Who's Who banquet incorporated a little and a lot of everything; the best food, music by Joan Luttrell, and the college dance band. Mr. Paul Muha, Principal of Northern Junior-Senior High School, honored those receiving awards as their parents listened with pride. It was indeed a night to be remembered by all those present.

The dinner arrangements were made by the Leadership Awards Committee of Student Congress — Lee Pryor, Chairman; Susan Eader, John Horine, Mary Ann Hesson, Dolores Dreisbach, and Jacquelyne Carder.

SEATED, left to right: Dolores Fahey, Shirley Kammauf, Joyce Warnick, Ruth Schade, Margaret Leader, Mary Catherine Maher.

STANDING, left to right: Enordo Arnone, Davisson Ayers, Charles Smith, Edward Andrews, Joseph Steen, Lee Pryor.

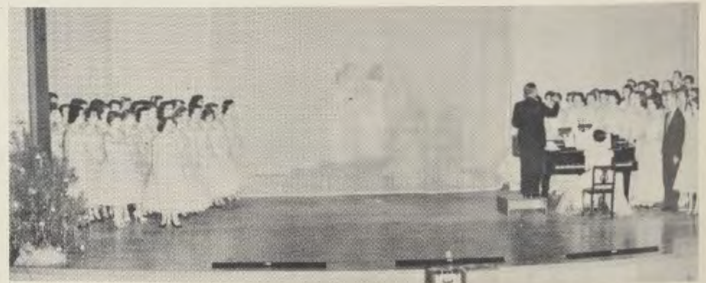

Age Old,

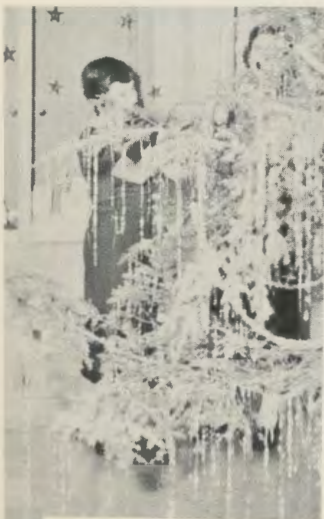

Joy To The World

Christmas Program

Deck The Halls With Boughs of Holly

Once more a gay note was sounded in the midst of strain and toil, as the Christmas vacation approached State. If Santa Claus and his reindeer had flown over the campus the week before Christmas, he would have found many changes. Every building was covered with twinkling lights, and peeking out of every window were shining Christmas trees, being feverishly decorated by all the organizations in time for Christmas. To bring an end to the week of decorating, a "Hanging of the Greens" party was held. The student body gathered to light the campus Christmas tree and sing the old traditional carols.

From the auditorium came many exclamations of enthusiasm, as the Maryland Singers and the College Band performed in a colorful atmosphere in an expert way.

Yet Ever New

A shining star atop the tree.

Homeward bound.

To add further to everyone's delight, a Christmas banquet with "Tom Turkey" and all the trimmings was enjoyed.

Perhaps the climax of the holiday season was reached as faculty members and students alike danced to light music at the annual Christmas dance, entitled "Silver Bells."

Next day you could hear shouts of "Merry Christmas" and "See you New Year's Eve" as students sat on suitcases to get them closed. Five hundred students left in all manner of vehicles, headed for home and Christmas vacation.

Sweetheart Queen

"Now I ask you very confidentially, ain't she sweet?" With no intention of shocking any of our professors or other grammarians, we ask the question loud and clear. We know the answer without waiting though, for we're talking about our Sweetheart Queen. All the fellows who have any trace of "Bobcat" blood in them sit up and take notice each year when the Sweetheart Queen is presented. The Queen is chosen from eight candidates, two from each class; only the male students vote in the final judgment to pick the Queen. The Queen is then announced at the annual Sweetheart Dance, which is sponsored by the Day Council.

Queen and Her Princesses — left to right: Princesses Nancy Demey, sophomore; Joan Sweeney, sophomore; Betty Tyree, senior; Patsy McGill, freshman; Queen Saundra Haywood, junior; Princesses Peggy Reeves, junior; Kathy Varah, freshman; Gail Snyder, senior.

This year's Queen is Saundra Haywood, of Luke, Md. This is Saundra's first year at State. She transferred here from the University of Maryland. She is also a member of our *Nemacolin* staff. Congratulations, Saundra!

Play Productions

Cast of *"Death Takes A Holiday"* in rehearsal. Produced on April 10 - 11.

At work in the make-up room.

Cleaning flats in the scene shop.

That's My Boy

"I don't like to brag, but that's my boy!" We could almost hear the whispered word or thought echo through Compton Auditorium as proud freshmen performed for prouder parents and friends.

The evening was highlighted by a one act play, which kept the audience laughing happily. This was set amongst an array of acts and performances which made the gem all the brighter. The band, Madngals, dance band and several freshman soloists provided music to add to a really well-rounded and enjoyable evening, which was concluded with a truly enjoyable gathering for refreshments and "socializing" in Compton Gym.

Leadership Awards

Each year all Seniors fill out an information sheet and present it to the Awards Committee who evaluates the Seniors by the information given on the sheet. There are no definite percentage of Seniors receiving this award. When these Seniors of outstanding leadership, based on organization activities, offices held, and scholarship, are selected, they are presented the Leadership Award at the Annual Banquet held to honor them.

The Assembly Committee

Appleton and Field Piano Duo

Massimo Freccia, conductor,
Baltimore Symphony Orchestra.

As classes become a drudge and chins begin to fall, we invariably come upon a poster. Our eyes become bright; our steps quicken. Ah! There is going to be an assembly. Monday classes will be rearranged and shortened. We tramp eagerly through the elements to Compton Hall for an hour of relaxation and entertainment.

Presents for 1957

Ticket Booth at the Carousel:
Sailor, Townspeople and Nettie

The Carnival Dancers

This year a magnificent performance was presented by the Baltimore Symphony Orchestra with Massimo Freccia conducting. Another musical attraction was the Appleton and Field Piano Duo whose fine work has been heard throughout the country.

At several of our assemblies, it was proven that we also have talent right here at State, as was so aptly shown in our campus spectacular *Carousel*.

The Ballet on the Beach:
Louise and Jigger

Apple Blossom Princess

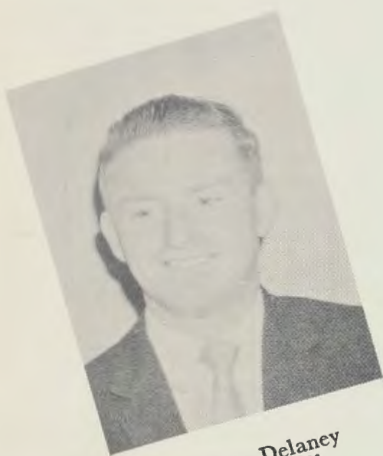

Miss Marina Tuya

It is probably a "once-in-a-lifetime" thrill, when, each year, a lovely Frostburg State damsel is elected to serve as a princess to the Apple Blossom Queen. The celebration, held in Winchester, is of nationwide fame, and is one of the gayest welcomes to the coming of Spring.

This year Frostburg's blossom for the Apple Blossom Festival was Marina Tuya, a pert Junior with black hair and laughing dark brown eyes. She's from Luke, Md., and the folks there can be rightly proud of their lovely daughter. Marina is very active in campus organizations. Little Theater, Alpha Psi Omega, W.R.A., F.T.A., Nemacolin and State-To-Date have benefited through her services. Congratulations to Marina!

Downs	2	0
Poland, B.	0	1
Emerick	0	1
Poland, J.	0	1
Totals	4	5

Rain, mud, fog, injuries, lack of experienced reserves all banded together to attempt to thwart the chances of the '56 edition of the Frostburg Soccer team. The Bobcats answered with fight, hustle, will to win and determination; the result, a 3-3 record with two games cancelled.

The Bobcats ushered in their tenth consecutive season under Coach Babcock with a very hard fought 3-2 victory over Lock Haven.

John Miller

John Keister

Bud Poland

Carl Emerick

Bob Kirk

Sonny Gilpin

John Horine

Fred Downs

Joe Steen

A few days after the initial decision, a powerful Penn State Frosh team journeyed to the Mountain City to deliver a convincing 2-0 defeat to the Babcock Men. The Cats rebounded with victories 2 and 3 at the expense of Salisbury 2-0, and Mount St. Mary's 1-0.

With the record standing at 3 wins, 1 loss, the Bobcats journeyed into the sunny south where they ran into a "tulai." In a game played in ankle-deep mud and a drizzling rain, the Babcock booters dropped a 4-1 decision to the University of Virginia. Carl Emerick suffered a dislocated shoulder in the fray and was sidelined for the remainder of the season. The following day a group of tired but valiant warriors traveled to Washington and Lee where they ran into another ocean of mud. Here they dropped a hard fought 3-2 decision to the Generals. Weather again was the prominent factor as the finale with North Carolina State was "fogged out" and the Bobcats closed the season with a 3-3 record.

John Fatkin

Jim Lupis

Jim Poland

Coach Babcock

Newt Carter

Jack Green

Dick Reiber

Dave Marple

Moose Arnone

The record did not speak for the caliber of play exhibited by the Babcock men. Witness to this was the fact that seven men were chosen on the All-Southern Team, eclipsing last year's record of six. Those honored were Dave Marple, John Fatkin, Bud Poland, Bob Kirk, Carl Emerick, and John Horine. State has ample reason to be proud of their accomplishments.

State will bid adieu to six seniors this year. They are Bob Kirk, Captain and Most Valuable Player Award winner, Bud Poland, John Fatkin, Jack Green, Fred Downs, and John Miller. However, Coach Babcock can look forward to a strong returning nucleus to build a typical Frostburg squad around next year. Let's fight for the jet black and gold.

Baseball

Squad members—Tom Kelly, Bob Kirk, Dale Gangaware, Jerry Null, J. Eckard, Bud Poland, John Keister, Bill Eckard, George Long, Arch Lennox, Jim Poland, Doug Sullivan, Dorcil Kline, Hugh Nolan, Dave Marple, Carl Emerick, Bob Dawson, Moose Arnone.

Track

C 1956 RECORD SING

FROSTBURG		OPPONENTS
18	Shippensburg	99
43	Fairmont	81
63	Towson	53
65	Davis & Elkins	50
31 2/3	Fairmont	76 1/3

The 1956 edition of the Bobcat thinclads was one that showed a lot of promise and developing ability. Although they finished below the .500 mark with a 2 win 3 lost record, the season saw the development of a quartet of outstanding cinder men. Bill Preston, Bill McCall, John Horine, and Gene Wiltison had never run track before coming to State, but under the tutelage of Coach Babcock they blossomed out into powerful performers.

The season was inaugurated in a blizzard with the three vets, Skeeter Gilpin, Ed Dawson, and Bruce May comprising the nucleus of a small and green squad. They dropped the first meet to a powerful Shippensburg team 99-18. On their second outing an improving Bobcat team bowed to a fine Fairmont aggregation 81-43. At this point the worm turned. Traveling to Towson, the Bobcats mauled a highly touted and confident Towson team 63-53. Continuing in their winning ways, the Bobcats evened their record with a sound 65-50 thrashing of the Davis & Elkins Tigers. The season's finale, a return engagement with Fairmont saw Frostburg on the short end of a 73 1/3 to 33 2/3 score.

A bevy of Bobcat records was broken during the season. Those turning new marks were Gene Wiltison, 880; Bruce May, mile and two mile; and Ed Dawson, discus. High point man for the season was Skeeter Gilpin who recorded a new single season's mark. Close behind him came Bruce May and Ed Dawson. With the return of a team of proven performers plus new stars coming up, the '57 season promises to be an interesting one.

ROW 1: Hout, Morgan, Harvey, Gilpin, Nolan.

ROW 2: Babcock, coach; Dawson, Preston, McCall, May, Steen, Manager.

Not Pictured: Wiltison, Horine, Fatkin.

Basketball

FROSTBURG BASKETEERS, left to right: Buck Smith, Bob Kirk, Joe Carter, Doug Sullivan, John Keister, Dave Marple, Don Williams, Bill McCall, Jim Thompson, Hugh Nolan, Jim Cave, Bob Stevens, Dorcil Kline.

Jim Thompson sank his foul, the buzzer sounded, and another fine season was added to the records. The 1956-57 edition of the Bobcat "dunkers" chalked up a 15-5 record, equaling the fine mark established two years ago by practically the same Bobcat team. Coach Skinner, in his sophomore year of college coaching, proved his mettle by guiding his charges to one of the most successful seasons in the history of the school.

RECORD

We	Team	They
66	Westinghouse	74
83	Shepherd	70
64	W. Va. Tech	95
74	Davis & Elkins	73
69	Towson	65
89	Montgomery	58
79	Potomac State	51
72	Mount Union	67
95	Altoona	63
57	Shippensburg	61
90	Montgomery	66
78	Westinghouse	63
112	Altoona	57
86	Potomac State	77
70	Shepherd	60
79	Shippensburg	103
91	D. C. Teachers	82
105	Shenandoah	79
67	Waynesburg	68
76	Shenandoah	47
1679		1389

The Bobcats meshed the cords for 1679 points, an average of 84 per game, while holding the opposition to 1389, an average of 69.4 per game. Although primarily the Cats were a "possession ball" team, their good ball handling and devastating accuracy spelled doom for many good ball clubs. Only W. Va. Tech, Waynesburg, and Shippensburg came away unscathed, as Westinghouse succumbed in a return match in Pittsburgh. The Cats were practically untouchable on the road, winning 9 out of 10 contests. On the home boards, it was another story. Coach Skinner's boys seemed to have an allergy to home fans, compiling a so-so 6-4 record in Compton shanty.

Bob Kirk

Bill McCall
Dave Marple

Joe Carter
Jim Cave
Buck Smith

Doug Sullivan, Hugh Nolan, John Keister, Dorcil Kline

"Gallop in" Jim Cave was high man for the season with 369 points. Close behind him came Burzy Marple, with 340. Bob Kirk added 250 points to his total, establishing a new record for four years of competition. Bob finished his last season of competition with a total of 1,111 points. Bob also holds the record for an individual season with 408, compiled in his freshman year. Rounding out the high point men was the "Cool Cat" and "Little Hustler." Buck Smith, who meshed 249 points. State loses the services of Bob Kirk and Buck Smith, but the remainder of the "Flying 15" return for next year's campaign.

The J.V. Squad, in its first full campaign in many a year, compiled a fine 7-3 record, including memorable wins over the Westernport Blue Angels and Calvert Hall. Chuck Luman and Bill Roberts sparked the Junior Bobcats to their successful season. One of the losses the J.V.'s suffered was an 81-80 loss to Hagerstown Jr. College. This game was highlighted by the play of the Managers, Charlie Welch and Joe Steen. "Mouse" and "The Carousel Bear" were pressed into service due to the unforeseen absence of all but three J.V. ball players. "Mouse" rimmed 10 in the losing cause. The "Bear" prefers to remain silent. The play of the J.V.'s foretells good seasons for future Bobcat squads.

Savages	2	3	.400
Pessimists	1	4	.200
Sigma's	0	4	.000

Intramural basketball saw another successful season this year. The games were played on Mondays, (National League) and Thursdays (American League). Over eighty men took part on 11 different teams. The season consisted of a single round robin tournament. Each team was allowed eight players.

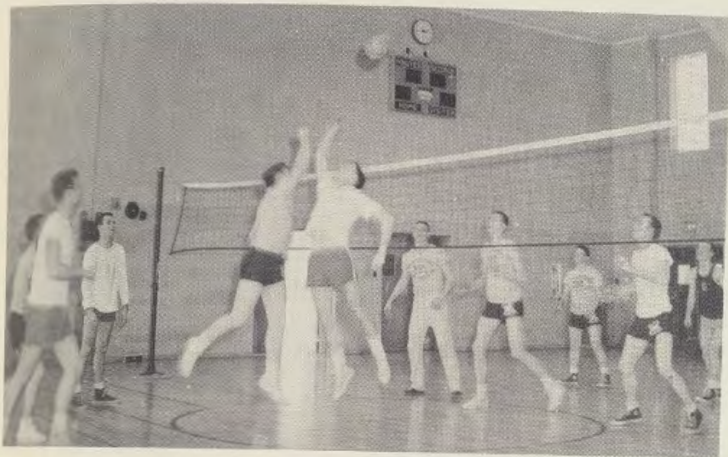

The Saints, guided by Jim Lupis, and the Papermakers, under the direction of Paul Cueva, competed for final honors. This game was played as a preliminary to the final varsity game of the season. The intramural season ended with the Saints, winners of the National League, topping the Papermakers, winners of the American League, 35-34 in a sudden death overtime.

Players with forty points or more.

Bill Fair	76

Jim Donald	51
Carl Emerick	46
Ed Andrews	41
Jack Wambaugh	40
Fred Downs	40

Intramural Volley Ball

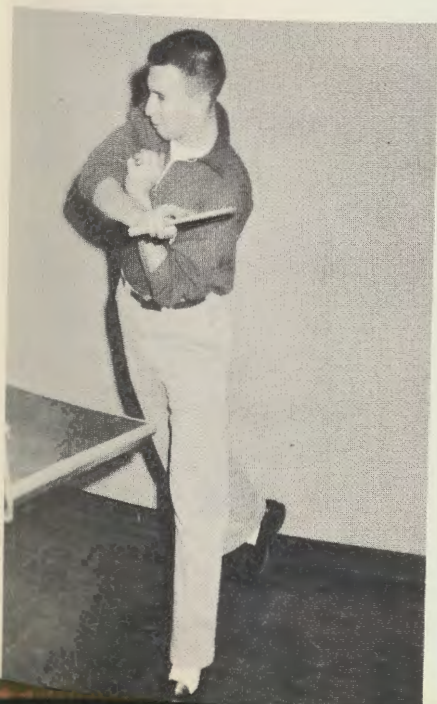

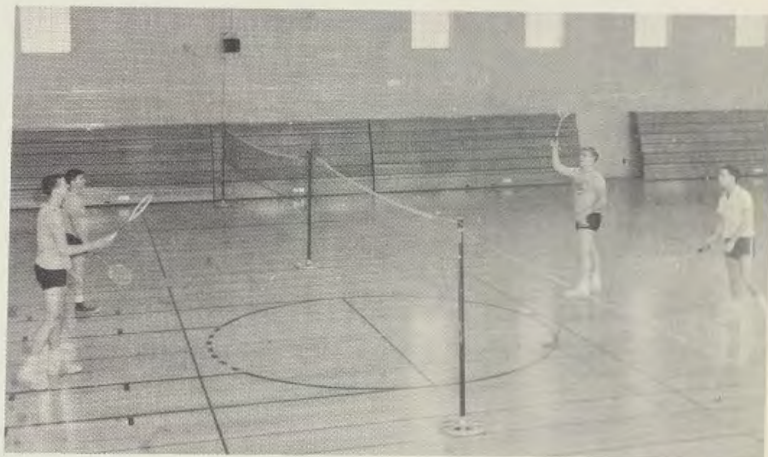

The Intramural volleyball season got underway on March 11. All the men in the school were eligible. The teams consisted of six men with a squad of eight. The games were played on Monday and Thursday nights.

The season consisted of a single loss elimination tournament. This is the first time the men have had a volleyball intramural program for some time. All went well.

Intramural Badminton

Men's Intramural badminton was conducted more on a play-as-you-can basis this year. Most of the matches were played in P.E., with the remainder sandwiched during the weekend recreation program. The program was initiated this year for the first time on an experimental basis. The program promises to blossom out to tournament status next year, after a rather rough beginning.

Intramural Ping Pong

Thunk-thunk-click- (censored). These familiar sounds echoed up through the semi-permeable walls of the Men's Dorm. Participation in this activity was undertaken on a private basis with weapons furnished by the Men's Residence Council. This was the first year for a long time that a tournament was not held. The inmates of "Calvert Hall" wish this to be the last year for a long time that "King Ping Pong" will not reign in the spring.

Swimming

March came in like a lion, but the lambs were frolicking in the steam heated, "Tropical Paradise" of the YMCA pool in Cumberland.

Last, but not least on the W. R. A. athletic schedule is swimming. On Friday evenings, the swimmers piled into vehicles and traveled to Cumberland.

Some were seen to venture into deep waters while others managed to moisten their bathing suits.

Displays of aquatic skill including high diving from the low board, cannonballs, and belly smackers were performed for the benefit of the life guard pressed into service by the management.

After several nights of applying their talents and minds, those who were hesitant as to their swimming adequacy were soon found to be challenging those engaged in high diving exhibitions.

Swimming is the one sport in which any girl on campus may participate without competing with another as there are no tournaments. The girls may go to the Y and enjoy an evening of leisure. The athletic program would not have been complete without these weekly visits to the Y.M.C.A.

Volley Ball

Winning team—left to right: Carole Kelley, Joy Swett, Mary Wheeler, Louise Grahame, Susan Eader, Dorothy Sigler, Sylvia Hillard, Judy Snyder.

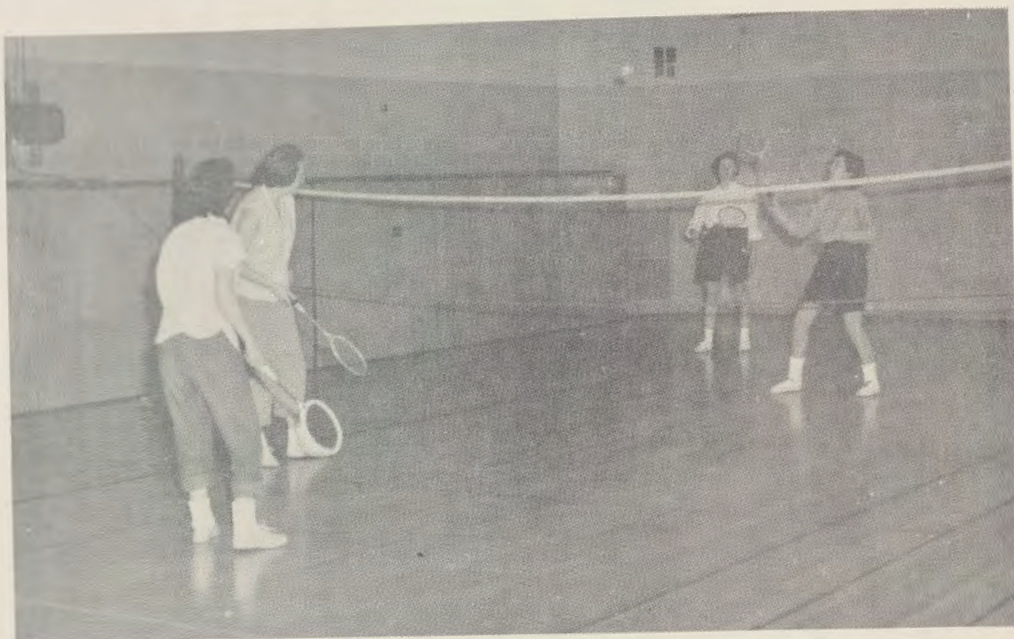

Up in the air, over the net, and down to the floor. In case you are pondering as to what this object might be—it is a volley ball.

The lassies' season opened with volley ball as their first activity. Passing through the gym one might have heard these phrases: "stay behind the black line"; "one foot stationary, please." More than likely someone was preparing for a serve.

In spite of a summer of either leisure or work for the girls everyone dug into volley ball practice with much enthusiasm.

More exciting than the practice was the tournament itself. One could observe biting of nails, stomping of feet, heads nodding this way and that, imitating on sidelines (those who were carried away by the game) and at the end of a game, a hearty cheer for each team.

The sophomores swept the title this year with impressive ease.

Badminton

Swiftly and easily gliding are the graceful movements of the "Birdie" in badminton. It can be tricky and can do as many stunts as a jet in the sky.

It seems that this little object is always trying to land in the exact spot where you do not stand.

It has the peculiar habit of making its prey hustle and bustle in all directions over the 20 ft. by 44 ft. land area.

Another interesting trait of this fine feathered friend is when you want to share him with your opponents on the other half of the land area, he insists upon dropping at your feet; and then at other times you can not get within two feet of him.

Oh! the trials and tribulations of the birdies' prey. At times, his prey raves and roars when this feathered object will not do as it is directed.

The prey also has some capabilities. He can be sly enough to surprise his elusive foe and push him gently over the net or give him a hard blow across. Then, the opponents on the other side become angry with him; therefore he is given a great big wallop across the net to the other side again, often losing a feather or two in the process.

The W.R.A. girls continued their program with badminton. Practices were held during the week and were followed by single and double tournaments.

Basketball

FRONT RIGHT—JUNIORS, left to right: Darlene Myers, Bonnie Henson, Sarah Slick, Joan Buskirk, Nancy Bleakley, Marina Tuya.

BACK RIGHT—FRESHMEN, left to right: Delores Vetter, Anna Bishop, Catherine Joyce, Alice Gaither, Annabelle Leatherman, Eileen Varah, Jane Bollinger.

BACK LEFT—SOPHOMORES, left to right: Jean Williams, Joann Fiery, Carole Kelley, Joyce Tharp, Jane Glotfelty, Mary Ann Hesson, Pan Minke, Judy Snyder.

FRONT LEFT—SENIORS, left to right: Margaret Leader, Betty Tyree, Patsy Carter, Joan Kidwell, Shirley Kammauf, Joyce Warnick.

Upon finishing the volleyball tournaments for the season, the W.R.A. girls dribbled pronto into basketball. (Limited dribble, that is.)

The season in general was one of fast action. Each team had its ups and downs, some with the ill fate of having more downs.

From the very beginning the frisky freshmen were out to prove to the old ladies that youth pays off. In several instances, however, the added knowledge acquired in methods courses must have been put into practice, since the spunky Senior Slick Shots almost pulled one game from the fire, losing by only one point to their younger cohorts.

Even though there were only a sufficient number of girls to compose a single team for each class, the tourney was set up as a double-round robin which enabled each team to play every team twice.

As the tournament continued its rounds, the Juniors and Freshmen in turn took their wine. As a result the two teams tied for championship, with each losing one game to the other. Look at it this way — as the saying goes, "Turn about is fair play."

Women's Bowling

Every Monday evening, at the Sports Center on Main Street, you can hear such expressions as: "Don't loft that ball;" "Make something out of that strike;" "Step a little to the left;" and "Right down the middle." Although these may sound like baseball terms, it is just the W.R.A. girls bowling.

This is one of the winter's recreations sponsored by the Women's Recreation Association. Every type of girl can be seen throwing the ball down the alley; some sticking with the gutters, others handling it as though it were a guided missile.

The girls all have fun, even though each can not be a champ. Standings among the ten top bowlers change from week to week, but here are the lucky ones for the season:

Annabelle Leatherman
Alice Gaither
Mary Ann Hesson
Jane Bollinger
Marilyn Mueller
Barbara Bagent
Joy Swett
Susan Eader
Joan Kepler
Jane Glotfelty

Step a little to the left.
