COMMENCEMENT SPEAKERS

Lisa Hawkins graduates *summa cum laude* in Philosophy. From the day she arrived at FSU, she has been active in her department, the student government and the state-wide University system. She has served SGA as Senator, committee chair, Secretary and finally, President. She was selected FSU's student representative on the University of Maryland System Student Council and served as student representative on the presidential search committee. Her future plans include attendance at Georgetown Law School, the practice of environmental law, and public office.

Lisa Hawkins

Christopher Stevens

President of Phi Eta Sigma Honor Society, **Christopher Stevens** spent a summer as assistant to chemistry chair Dr. Paul Hunt. He tutored in his field at Allegany Community College and worked as a technical assistant for the Allegany County Health Department. Chris will graduate *summa cum laude* in Biology, having completed far more credits than are required for graduation. He has earned a five-year graduate fellowship in the Pennsylvania State University doctoral program in plant physiology, where he will be a member of an interdepartmental team of plant scientists. He is the son of Michael and Leslie Stevens, Cumberland.

Dr. Catherine R. Gira became the President of Frostburg State University on September 1, 1991. Prior to that, she served for nine years as Provost at the University of Baltimore. She also previously held the positions of Professor of English and Acting Dean of the College of Liberal Arts at that institution.

Dr. Gira has held leadership positions in numerous national and state professional associations including the American Association of University Administrators (President, 1988-90); Federation of State Humanities Councils (Board of Directors, 1991-present); Maryland Humanities Council (Chair, 1989-91) and Maryland Association of Higher Education (President, 1986-87). She sits on several boards including those of the Rocky Gap Foundation, the Western Maryland Railfest Foundation, Regional Education Service Agency, and the National Defense Intelligence College.

She earned a B.S. from California State College (PA), an M.Ed. and a Masters in Liberal Arts from The Johns Hopkins University, and a Ph.D. in Literature from The American University. She has published numerous articles on Shakespeare, Renaissance art and literature, and issues in higher education. She is currently completing a bibliographic and critical study of Shakespeare's *Henry IV*.

ACADEMIC REGALIA

Academic regalia is a visible reminder that the process of intellectual pursuits has historic and honorable antecedents. The dignity of scholarship in the past remains vital in the present. Academic costumes consist of gowns, hoods and caps.

Originally, academic gowns were an adaptation of priestly toga. They took on brilliant symbolic colors in the medieval universities — for example, purple for doctors of law, green for doctors of medicine, blue for doctors of philosophy. Sober colors were predominant during the Reformation. Gowns did not come into general use in North American universities until late in the last century. Then the brilliant medieval colors were revived. Emerging from black silk gowns increasingly are the color of the college or university which has granted the degree. The doctor's gown has wide lapels of velvet, its sleeves are wide and bell-shaped and there are three velvet sleeve chevrons.

The colorful hoods designate the degree of the wearer, the subject in which the degree is held, and the institution which awarded the degree. The colors of the velvet bands on each hood and robe represent the scholar's field of learning while the official colors of the school awarding the degree are always shown in the lining of the hood.

THE MACE

In the Middle Ages, the mace was a weapon used against armored warriors. It evolved through the years into an ornamental staff which served as a symbol of the authority of the ruler. Colleges and universities have adopted the mace as a decorative staff or baton which is carried by the grand marshal of the institution in all formal academic processions. The mace is also displayed at other significant events.

The Frostburg State University mace was crafted from mountain walnut which was milled in nearby Flintstone, Maryland in 1945. The grain pattern of the quarter-sawn wood was enhanced by laminating side sections to a central shaft which was then turned, point-to-point, on a wood lathe. To obtain a high-gloss finish, ten coats of trewax were applied while mace was turned at high speed on the lathe. The fine detail work around the medallions and the final coating of wax were done by hand.

The design of the Frostburg State University mace is based upon the recorder, a woodwind musical instrument. Two die-struck replicas of the University seal are affixed to the top.

The mace was designed and crafted in 1986 by Dustin Davis of the Frostburg State University Department of Visual Arts.

At this Commencement, degrees are conferred upon persons who completed requirements in January and May 1993. As final action cannot always be taken by the time this program is printed, the list of candidates here is tentative only. The diploma of the University, signed and sealed by its proper officers, remains the official testimony to the possession of a degree. The designation of honors is based on the grade point average at the end of the fall semester. The final grade point average will determine honor ranking.

ALMA MATER

Our Alma Mater, Mother of Knowledge,
We sing of thy glory, and thy honored name.
Founded for learning, of minds that are yearning
We treasure, we treasure our years at Frostburg State.

Our Alma Mater, guide us still nearer,
As striving for truth, we follow in thy light.
Grant us thy grace, that our minds may embrace
The wisdom, the wisdom ours here at Frostburg State.

Lyrics by Class of 1966

Music by Thomas Green, *Phi Mu Alpha*
