Valid while the character of the publication remains unchanged.

ROSLA MOORE, Postmaster.

SATURDAY, JULY 2, 1892.

National Democratic Ticket.

FOR PRESIDENT:
Grover Cleveland,
OF NEW YORK.

FOR VICE-PRESIDENT:
Adlai A. Stevenson,
OF ILLINOIS.

—One week ago we chronicled in a few lines the death of Judge Charles F. Goldsborough of the First Judicial District of Maryland.

The state has, beyond doubt, lost one of its ablest citizens and the bench one of its strongest members. With us he was always considered an able and conscientious Judge, clear in judgment, learned in the law and entirely free from bias and prejudice. His opinions were always delivered in a clear logical manner and in perfect diction, for he was polished in speech. Nature had richly endowed him.

—The Governor of the state, by constitutional provision, is called upon to select a successor to the late Judge Goldsborough. It is a grave responsibility and we have no doubt the governor fully realizes the weight of it. It is true the appointee will serve for only sixteen months, but a selection should be made that the people of the district will readily ratify when they are called upon to make their selection, which will be in November, 1893.

The people of Wicomico seem willing, in fact, desire that the appointment go to Dorchester and by unanimous consent have designated ex-Governor Lloyd as the most suitable one for the mantle of the late judge to rest upon. They are practically unanimous in recommending a Dorchester man, and ex-Governor Lloyd they consider the man, particularly, as Dorchester has put him forward.

Since writing the above the following telegram has been received:

"To Hon. CHAS. F. HOLLAND.
Gov. Lloyd appointed Judge today."
JAS. R. PATTERSON.

The ADVERTISER extends its congratulations.

—The County Commissioners at their sitting on Tuesday last made up their estimates for the levy of 1892. The rate was fixed at 82 cents on the hundred dollars, an increase which added to the state tax will make the rate \$1.00, an increase of .07 cents over last year.

The principal item of increase is the School Fund which is \$20,000 greater than last year, being for the present year \$5,500. The sum of \$500 was appropriated for fixtures for the clerk's office. This last appropriation was recommended by the court and bar of the county, as greatly needed. The people of the county are always ready to allow themselves to be taxed for school purposes.

While the taxes have been increased, the people will not complain, when the money is well expended. It is only when money is not judiciously expended that the public complain. We know it is well spent when handled by such men as our present commissioners.

—The Harrison wing of the Republic party have fully resolved to run this campaign, hit or miss.

The Republican National Committee met in Washington last Tuesday for the purpose of organizing for the campaign. The first step was to elect a chairman of the committee, which was done with great speed and cold bloodedness. Mr. Harrison had signified a desire that Mr. Clarkson retire from the chairmanship and Mr. Clarkson retired to make way for Mr. W. J. Campbell of Chicago, who was elected his successor. But the speech of Mr. J. Sloan Fassett in advocacy of Mr. Clarkson's retention is interesting to Democrats, especially these two little paragraphs of it:

"It would be folly to say that a great many friends of Mr. Blaine were not disappointed, but, like their leader, they were loyal, true Republicans, and immediately upon the nomination in that convention they became ardent supporters of the administration."

of the administration. We all feel that we are entering on no holiday excursion; that we are entering upon a contest which will put to his best battle every Republican in the United States.

"We are confronted at the outset with the appalling spectacle of Wisconsin and Illinois in the list of doubtful states, and Iowa by no means certain; with religious differences in the Northwest, and a threatened coalition of Democracy with the Alliance. The Democrats have nominated, in my mind, the strongest man they could place in the field, especially so far as the thirty-six electoral votes in New York are concerned."

Mr. Clarkson was a Blaineite and Mr. Fassett was an anti administration man, and of course their efforts were vain.

New York Sun.

The New York Sun, which has been one of Cleveland's bitterest opponents for the past four years, and would, it was generally supposed, support the republican ticket if Cleveland was nominated, has surprised everyone in the position it has taken in support of Cleveland. In its issue of the 24th Mr. Dana, in his characteristic style, says:

"Now, it makes no difference who may be the President whom the republican party elects—since Mr. Blaine is now permanently out of the line of power—that party is by its nature and traditions under the necessity of enacting and executing an election law whose purpose and effect will be to put the congress in control of several of the southern States. There will be some unwillingness on the part of a patriotic minority among the Republicans who will revolt at the consequences of such a measure, but sheer opposition cannot avail. The necessity of the situation will suppress all such resistance. A Force bill is the first, and the inevitable result of a sweeping Republican victory in November.

On the other hand, and by the nature and necessity of the ideas involved, the success of the Democracy is death to the Force Bill project. Killed in this election it can never be revived.

In this view of the contest, what considerations Democrat can hesitate about his duty? Better vote for the liberty and the white government of the southern states, even if the candidate were the devil himself, rather than consent to the election of respectable Benjamin Harrison with a Force bill in his pocket!

He is a Democrat.

Grover Cleveland is a Democrat. By birth, instinct, education, habit and conviction he is a Democrat.

There is no principle or policy of Democracy, no cherished tradition or deep present purpose of the party, to which he is not devoted.

He is the Democratic candidate for President, nominated in response to the well-justified sentiment of the party. In recognition of that general desire, the favorite sons of many States, each of them strong at home and respected throughout the country, have refused the use of their names against him. He is nominated upon his character and record, because the party wants him and believes that it can elect him.

Could any candidate have a better title and claim than this to the support of all Democrats?

Could any candidate appeal more directly to all citizens not fanatically partisan, whose chief concern in the coming election is to get the best man for President—the man most sure to administer the great office with high courage and patriotic purpose for the best good of all the people?

Grover Cleveland must be elected."

The Responsibility for Bribery.

There has never been any corruption in politics, in any nation that the world has ever seen, in which the responsibility did not rest upon the man who offered the bribe rather than the man who took it. It does not lessen this responsibility if there be one or a dozen middlemen between the bribe-giver and the bribe-taker. What is wanted is a moral sense which will be as keen in political matters as it is in private and commercial matters. No reputable man ought to give a dollar for political purposes unless he can have in return an accounting for its use. Every man who contributes to a large campaign fund, to be expended by a professional corruptionist without any public or private accounting of the uses to which it is put, is an accomplice in a gigantic scheme of bribery which he has helped to make possible. Every man who contributes a penny to the blackmail levied against him, either as an individual or as a member of a corporation, is an accomplice in the systematic debauching of popular government which is in progress in the legislative bodies of this country to-day.

Guatemala, Mex., June 27.—The people of this city and surrounding country have been in a state of terror for the past two days on account of repeated shocks of earthquake, which have been the most serious ever felt here. The first shock occurred on Friday night and lasted 15 seconds, the vibration running from southwest to northeast. The glass in windows were broken, and plastering in many buildings were cracked. Hundreds of people took refuge in the streets. At daylight Saturday morning, a second shock occurred, causing great disaster. No less than 100 buildings were completely wrecked. Several persons were seriously injured, but none killed. Since several shocks have been felt. The Colima volcano, south of here, is in active operation, and is throwing out great volumes of sulphurous smoke and lava.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years a professional cure was a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc.

No Freshness this Year.

CLAYTON JUNE 29.—Below will be found reports from I. N. Mills, special agent, of the P. & W. B. Railroad; E. P. Stacey, superintendent of the Baltimore & Delaware Bay Railroad, and also from the Baltimore & Eastern Shore Railroad. All agree that the crop will be almost total failure and there will hardly be enough peaches for canning purposes.

The estimate gives about 400,000 baskets as the crop of the Peninsula, but the peaches are still dropping from the trees, and it may be that by the time the fruit generally ripens there will be none left. There is also a scarcity of small fruits, such as gooseberries, blackberries, raspberries and whortleberries, and the apple crop will be extremely short.

Editor Clayton Call: In answer to your request for the estimate of the peach crop this year, I enclose the following: You will understand this is the estimate of growers given to the railroad agents of our several stations. These agents report that it is very difficult to get any correct estimate at some of the growers report peaches still dropping, and they are doubtful as to whether they will have even the small number reported to ship when the time comes to market them. Growers in Sussex and Kent report all their fruit on early and late varieties. The middle varieties, such as generally constitute the bulk of the crop shipped, being almost bare of fruit this year.

Delaware railroad . . . 190,770
C. & D. railroad . . . 25,705
D. & C. railroad . . . 22,255
D. M. & V. railroad . . . 85,845
C. & S. railroad . . . 4,300
N. Y. P. & N. railroad . . . 26,255

Yours truly, I. N. MILLS.
Superintendent E. P. Stacey of the Baltimore & Delaware Bay Railroad estimates the crop at 10,000 baskets. The peaches are dropping from the trees, and there is very little fruit left, hardly enough for home consumption.

The Baltimore & Eastern Shore Railroad estimates their crop at 400 or 500 baskets.—Every Evening.

German Told Them To.

Mr. George M. Uphaus, ex-Speaker of the House of Delegates and the Maryland delegate-at-large, who moved that Mr. Cleveland's nomination be made unanimous, was seen by a News reporter at the Carrollton Hotel yesterday.

Mr. Uphaus was one of the delegates that first voted for Senator Gorman, and his reasons for so doing explain some of the unwritten history of the convention.

"There was a combination formed," said Mr. Uphaus, "to defeat the nomination of Cleveland. The leaders of the forces opposed to the ex-president, wanted Senator Gorman to be the candidate. He was placed in a peculiar position. But Senator Gorman wanted to be in precisely the same position he was in at the convention of 1884. It was his desire and wish to promote harmony.

Is the price of health. But with all our precaution there are enemies always lurking about the system, only waiting a favorable opportunity to assert themselves. Impurities in the blood may be hidden for years or even for generations and suddenly break forth, threatening health and hastening death. For all diseases arising from impure blood, Hood's Sarsaparilla is the unequalled and unapproached remedy. It is King of them all, for it cures diseases.

AT BEDTIME I TAKE A PLEASANT SWEET DRINK

HOOD'S MEDICINE

THE NEXT MORNING I FEEL BRIGHT AND NEW AND MY COMPLEXION IS BETTER.

HOOD'S MEDICINE CURES ALL THE DISEASES OF THE BLOOD AND SKIN. It is a pleasant and effective remedy for all skin diseases, including eczema, psoriasis, and other eruptions. It is sold by all druggists.

Gold Which Tourists Leave in Italy.

How does Italy, a country without gold mines, and the gold to pay the ten millions a year due to foreign holders of her bonds, not to speak of the heavy balance against her on her foreign trade? Mr. Darling, secretary of the British embassy in Rome, declares that the only solution of the question at which it is logically possible to arrive is that this amount of gold is annually brought into the country by foreign travelers, who, during the four seasons of the year, from one part of Italy or the other.

From one calculation made by the United States consular representatives in various parts of this country it has been computed that for the last ten years the average expenditure in Italy of American citizens has been about \$7,000,000. Mr. Darling thinks it would scarcely be an exaggeration to place the collective expenditure of British, French, Austrian, German and other foreign travelers at double this amount.

What He Ordered.

At dinner in St. Joseph, Mo., about two ago, with my friend Ellis J. Gorman, who is considerable of a wag, I replied to the "What will you take to drink, gentlemen?" of the son of Ham that I would have a glass of milk. The waiter, who was a German, translated Ellis's order to his vernacular, and a little merriment to aid digestion, said: "You may bring me a glass of lactated milk."

The ebullient dispenser of grub, with a confident "All right, boss," left for the kitchen, where, the supposition is, he expected to find a glass of milk. He translated Ellis's order to his vernacular, and a little merriment to aid digestion, said: "You may bring me a glass of lactated milk."

Against the waiter, left and coming back a short time with a triumphant gleam on his face and a glass of milk in his hand he joyously said, "Dar's your oat fluid, boss."—New York Recorder.

Whereas Liverpool was Desirable.

I was invited by an American friend of mine in Liverpool to meet Hawthorne soon after his arrival. His appearance was very striking, his face handsome and intellectual, and the large liquid eyes were full of latent fire and of medical imagination. He was not only reticent, but almost taciturn, and when he did speak was apt to pause and then jerk out the rest of the sentence. American have, as a rule, a very remarkable facility of expression. There was a curious exception. I remember that when with him for having exchanged Boston, the hub of creation, for ungenial Liverpool, when he replied, "Oh, Liverpool is a very pleasant place" (then a frayed tale and placing that before me, he turned to Ellis with: "What was it you wanted, boss?"

My companion answered, "A glass of milk, you emphasized fool."

Against the waiter, left and coming back a short time with a triumphant gleam on his face and a glass of milk in his hand he joyously said, "Dar's your oat fluid, boss."—New York Recorder.

No Safe Deposit Vanities Needed.

There is no trouble about living in the polar regions except lack of food supply. No danger exists that the provisions once placed would be disturbed. Among the people who dwell in those frozen regions a cache is sacred. Nothing short of starvation will compel a native to interfere with one, and even in such a case he leaves payment behind upon their uncle's during the warm season.—Chicago Herald.

Faith of Italian Fishermen.

The blind faith of the Italian fishermen in the efficacy of holy relics is pathetic. Many of them keep themselves in a state of utter impoverishment in providing necessary amulets and charms. Not only is the fishermen's person covered with these, but his boat must also possess all possible saving power through these religious applications. Should some great storm arise and genuine danger come, one by one these objects are cast upon the waves with a faith that is positively sublime. Meanwhile his wife, adorned with the same amulets and pious confessions, gives her most precious relics to the sea that her husband may come safe to land. And I have no doubt that when fatal disaster comes, as it always does, this man sinks into the silence of unconsciousness as an undimmed flame of trust and faith.—Ketchikan.

Greensboro Superstition in Hungary.

A strange story of superstition is reported from Homolacs, in Hungary. Several bodies of men had been found there with their heads cut off. An investigation was made by the police, and it turned out that those mutilations had in every instance been committed by young men who were betrothed to the widows of the deceased persons. The widows had died a natural death, and their widows believed that in case they married a second time their first husbands would reappear and destroy their wedded happiness. Hence they had persuaded their new bridegrooms to decapitate their deceased partners.—Fall Mail Gazette.

Mrs. Anna Sutherland
Kalamazoo, Mich., had swellings in the neck, or Goitre, was, causing 40 Years suffering. When she caught cold could not walk two blocks without fainting. She took Hood's Sarsaparilla and has been cured. It will do you good.

HOOD'S PILLS Cure all Liver ills, jaundice, sick headache, biliousness, sour stomach, constipation.

LOCAL POINTS.

—If you want a pair of fine dress pants or a noble light suit, go to M. Manko's new store.

Guarding Against Sparks.

A new arc lamp has a wire gauze projector upon the top of it, the object being to prevent the escape of the sparks which occasionally fly from the carbon poles and are the cause of fire. The gauze is fine and does not interfere with the diffusion of the light nor with the placing of the carbons.—New York Herald.

Guarding Against Sparks.

The navigators of antiquity, to whose imaginative ignorance the ocean seemed peopled and beset with chimeras dire and supernatural agencies of all sorts, used often to sacrifice human lives to the mysterious water gods. It is regarded by tradition that Idomenus, king of Crete, vowed to sacrifice to Neptune the first living thing he met after escaping from a storm, and this happening to be his son, he fulfilled his vow religiously. Modern nearly became a sacrifice during the return voyage of the Argonauts.—Washington Star.

A Valuable Ally.

The New Haven, Conn., News, which for ten years has been an independent paper, Monday morning put up the names of the democratic candidates for President and vice-President, and announced that hereafter it will be a democratic newspaper. It says that it takes this step because of the advanced position of the democratic party as assumed at Chicago and the cleanness with which the attitude of that party is now defined as a for the high protective tariff, free silver and centralization of federal power. The News, however, says that it preserves the right of full criticism of its party, and intimates that it will remain a democratic paper only so long as the course of the party commands its approval.

Trustee's Sale

—OF VALUABLE—

Town Property!

By virtue of a Deed of Trust from Clayton H. Messick and wife dated May 30th, 1892.

I WILL OFFER FOR SALE ON

at the hour of two o'clock p. m.,

the following PROPERTY situated in Salisbury, Md.

No. 1.—A vacant LOT on Annet street about 50 feet front and running back about 200 feet, with a uniform width of about 80 feet. This is a very VALUABLE BUILDING LOT situated near the Ice Factory, conveyed to Clayton H. Messick by Deed from John White.

No. 2.—A new TWO-STORY DWELLING HOUSE on Railroad avenue near the Ice Factory, built on a portion of the lot conveyed by Deed from Martin E. Hastings and wife to Mary E. Messick, dated July 6th, 1888. This lot has front of 50 feet on this avenue, and runs back to the Railroad, having a uniform width of 50 feet. The dwelling is a nice new four room house with porch, situated in a beautiful grove of large maples.

No. 3.—A new TWO-STORY DWELLING situated on Railroad avenue near the Ice Factory, built on a lot conveyed to Mary E. Messick by Deed from John L. Williams and wife to Clayton H. Messick, dated September 30, 1889. This is a four-room dwelling with open hall and back porch, just finished and ready for occupancy. It is the last above mentioned property.

No. 4.—The following property situated on the North side of the railroad, known as "Williams Row" and obtained by Deed dated Jan'y 1st, 1892, from John D. Williams and wife to Clayton H. Messick. This property consists of FIVE DWELLINGS as follows:

No. 1.—NEW TWO-STORY DWELLING, 5 rooms, adjoining the Madlows property on the south and east and nearest Church St. extended.

No. 2.—Adjoins No. 1 and consists of 4-room story and half DWELLING with necessary outbuildings.

No. 3 and 4.—Similar to No. 2.

No. 5.—Which is now in course of erection, will be completed before the day of sale, and when completed, be similar to No. 1.

No. 6.—10,000 NEW BRICKS in quantities to suit purchaser.

These properties are situated upon lots of ample size—about 50 feet front by 125 feet deep.

Any of the above described property can be purchased at private sale before the day of sale, provided to any of the above property can be given immediately or upon thirty days notice.

TERMS OF SALE.

One-fourth Cash on day of sale, balance on one and two years, with bond to be approved by Trustee, bearing interest from day of sale.

Our stock of Wash Goods, consisting of plaid and fancy Quamburgs, Shontong and Bedford Pongee, Lima Cloth and French Gingham, with Lace trimmings to match.

THEY ARE JUST BEAUTIFUL.

The styles are all new, and we have them in all shades. Be sure and see them before you buy.

Birkhead & Carey.

Pratt's Astral Oil

is universally conceded to be the best burning and illuminating oil ever put on the market. This result is due to unremitting care in the distillation, the employment of the highest mechanical skill, the closest attention to every detail and the use of the most approved methods in its manufacture.

Pratt's Astral Oil is pure spring water white in color, of high gravity, odorless, and of unequalled burning quality. Will not smoke your chimneys and gives a beautiful, bright, steady light as long as it remains in the lamp.

Pratt's Astral Oil costs but little more than the inferior grades of illuminating oils and gives far more satisfaction in its use than any oil on the market. It is especially a family oil.

"Ask thy Purse What thou Shouldest Buy."

To the PUBLIC, PROPERTY OWNERS AND CONSUMERS OF HOUSE PAINTS.

During the past eleven years every gallon of the famous Longman and Martineau pure prepared paint has been sold under our positive guarantee—that any Building would be re-painted at our expense if not satisfactory when painted with our paints, and not remaining satisfactory for a proper term of years thereafter. In view of the apparently low prices at which cheaply made benzine and water paints are offered, and the difficulty experienced in discriminating between the best paints and paints of inferior character, we now add to our previous guarantee the additional guarantee of cost, thus placing the low price of our paint beyond doubt.

We authorize any dealer to furnish our paints free of cost to any buyer who, having painted his building with our paint, can demonstrate that our paint has not cost 10 per cent. less for paint used, than cost would have been for still pure white lead and linseed oil, or any other mixed paint in this country.

I personally recommend the Longman and Martineau Pure Prepared Paints from actual experience. I have sold this PURE PAINT for 12 years with unprecedented success. Buyers do not take any risk, but buy the Pure L. & M. Paint. For sale at

L. W. Gunby's Mammoth Agricultural Implement, Machinery, and General Hardware and Seed Store.

Summer Excursion Tickets.

To all northern and eastern seacoast lake and mountain resorts, to Deer Park and Oakland, the Virginia Springs, Niagara Falls, Lundy Caverns, Gettysburg and to all other points where people gather in search of health and pleasure, are on sale at all Baltimore and Ohio ticket offices at greatly reduced rates. These tickets will be sold from June 1 to September 30, and are valid for return passage until October 31. Before selecting your route or resort consult E. A. O. summer excursion book in which shortest routes and lowest rates, via "Pictorial" B. & O., to all resorts are given from points on that road east of the Ohio river. Profusely and artistically illustrated. This book can be procured free of charge upon personal application to ticket agents B. & O. railroad company or you can have it mailed to you by sending name and address with ten cents in stamps to J. Y. Brantley, office of general passenger agent, Baltimore, Md.

The Clover Hay Worm.

The clover hay worm is frequently reported from Ohio, Illinois, Missouri and the more southern states. The eggs are laid by a small moth in stacks of hay. These worms hatch from the eggs and feed upon the dry hay, transforming to moths again in June or July. New hay ought never to be stacked in contact with old, and the worst infected stacks are those which have been placed upon the same sites for successive years. When practicable it is well to build the stack on good hard ground with an air passage underneath. It is also well to salt the hay two or three feet from the bottom.

Three Things to Remember.

Hood's Sarsaparilla has the most Merit.
Hood's Sarsaparilla has won unequalled Success.
Hood's Sarsaparilla accomplishes the greatest Cures.

If it not the medicine for you?
Constipation is caused by loss of the peristaltic action of the bowels. Hood's Pills restore this action and invigorate the liver.

His Modesty.

Teacher: "There is one of my brightest boys sitting over there on that rock writing, while his companions are wasting their time in idle play. No doubt he is writing out his lessons for to-morrow. Here, Jimmy, let me see what you are writing."
Jimmy: "Ma'm, I don't want you to see it."
"Ah, see his modesty. Come, I want to read it!"
This is what she read:
"Please excuse my son James from school today, as he is needed at home."
—Boston News.

Half Rates to New York and Return via Royal Blue Line.

The Baltimore and Ohio R. R. Co. will sell excursion tickets from all stations to New York and return for all trains July 5th to 7th inclusive, at rate one fare for the round trip. The round trip rate from Baltimore will be \$3.00, and from Washington, D. C. \$3.50. Correspondingly low rates from other stations. Tickets will be valid for return journey until August 15th. As such a low rate to New York is seldom offered it will be a most favorable opportunity for a visit to that city with side trips to Long Branch, Saratoga, Newport, Narragansett Pier, Cape Island and other famous resorts within easy access of New York.

The Women's Commission.

Mrs. Potter Palmer, President of the Board of Lady Managers, who has recently returned from a European tour, reports that the women of Europe, particularly of Great Britain, France, Germany and Belgium, are deeply interested in the World's Fair and are working hard to make the women's exhibit a splendid success. The women's commissions which have been formed in these countries, include many of the most distinguished and honored women at court. The outlook is most promising for a great exhibit of women's industrial, educational and charitable work, from both this country and from abroad.

For Over Fifty Years.

Mrs. Winkler's Sore Throat Syrup has been used for children centuries. It soothes the child, soothes the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhea. Twenty-five cents a bottle. Sold by all druggists throughout the world.

A dispatch from London to the New York Herald says.

Mr. Henry Irving has signed a contract with Mr. Abbey for a thirty weeks' tour in the United States, beginning in San Francisco on September 6, 1892. The tour will include the company, including Miss Ellen Terry, will work eastward, playing at Chicago and other large towns, and will arrive in New York about November 5th, when Mr. Irving will open Mr. Abbey's new theatre, which is to be known as Abbey's Theatre.

A dispatch from San Antonio, Tex., to the Philadelphia Press says.

"Otto Praeger, the young cyclist who was undertaking a tour through Mexico on his bicycle, is reported to have been killed by bandits in the mountains. He had been on his journey for about six weeks, and when he last wrote he spoke hopefully of a successful trip.

Rheumatism cured in a day.

"Mystic Cure" for Rheumatism and Neuralgia radically cured in 1 to 2 days. Its action upon the system is remarkable and medicinal. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits, 75 cents. Sold by R. K. Truitt & Son, Druggists, Salisbury, Md.

Sir Walter Raleigh's Irish home.

in County Cork, became the property of the late Sir John Pope Hennessy, and has been put up at auction recently. It was here, says the London Telegraph, that Elizabeth's famous courier smoked the first pipe of tobacco in Ireland.

A solid gold brick, weighing 500 pounds and worth \$150,000.

will be exhibited in the Mines and Mining building at the World's Fair by a Helena, Mon., mine owner.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria. When she became a Woman, she clung to Castoria. When she had Children, she gave them Castoria.

Wanamaker's.

PHILADELPHIA, JUNE 27, 1892.

Cotton Dress Goods.

Airy weave that woo every zephyr. Dog-day weather (never mind the almanac) sets you thinking of them.

No odds what the thought of women thinness is, its realization is here.

Breazy Scotch Zephyr, 30 to 60c. Scotch Crapes cool and crinkly, 25 to 37c. Yankee Gingham that you may wear from Glasgow, 25c. Sturdy bang about Galatea and Cuno, 30 and 35c. French Grandies, like a mirage of fog and flowers, 25c. Como Satin, light and bright enough for Tintina's wear, 35c. Mouseline de l'Inde, airy and filmy like 30 and 35c. French satins, silky soft, 25c. Brandenburg, that triumph of bone set—wearing and printing—25c.

And so the lightest list might lengthen almost indefinitely. Cotton stuffs for every Cotton use, not skipping that great grouping of Gingham from the mills of David and John Anderson—40 cent goods at 18 cents.

Ceylon Flannels.

For hot, hotter, hottest weather. No flannel more comfortable. Softness of wool, coolness of cotton—the two fibers met in Ceylon flannel. It's the cotton that keeps the stuff from shrinking as most flannels do, and that makes it one of the most popular fabrics for outing wear. Still a good assortment of the 37c Ceylon (from 60c); plenty of the delicate light blue and pink at 50c. A touch of silk at 65c.

Close by which is "silk or cotton?" Hard to tell by eye or touch. Both silk and cotton are in it but so nicely put together that the look is silk. A perfect stuff for any of the going blouse shapes 50c. from 75c.

Japanese Wash Silks.

Silks that every woman is wanting.

Thousands of thousands of yards of them sold this season—65 and 75c have been here. But the unexpected has happened again.

8000 yards of just the coolest, silkiest and most lasting Japanese Wash Silks of the season.

At 50 CENTS A YARD.

Just the colors that all are asking for; browns, blues, navy blue pinks, are plenty now.

The old prices are likely to rule when this lot goes.

It isn't the market that has stumped—a dealer dropped his load.

A group of black grenadines challenges respectful regard. The styles and quantities are authoritatively approved, the prices are curious of economy. Make yourself familiar with the list, then see the goods. You'll buy, of course you will, if in need of grenadines.

Plain all-silk Black Grenadines at 50c formerly 75c.

Black all-silk Grenadines at 50c formerly \$1.25.

Black Satin striped Grenadines, in 3 and 4 inch stripes, at 75c formerly \$1.

Black all silk figured Grenadines at 50c formerly \$1.50.

44-inch Black all-silk Canele Hair Grenadines in stripes and plaids at 65c formerly \$1.

40-inch Black all-wool Grenadines in lace designs at 75c formerly \$1.

Hemstitched Organdie. All other favorite that the hot weather has helped to unprecedented demand. The beauty and lightness of the fabric and the delicacy of the colorings, pink, light blue, lavender and cream, are elements of its popularity; the absurdly low price (15c) is another.

Irish printed cottons (warranted Yankee cotton) have the look and something of the feel of sure enough Linen.

Boys' English Middy Suits of cream serge with separate shield, collar and lanyard at \$4.50, sizes 3 to 9 years. The New York "Bargain" price for such Suits is \$5.85—not surprising if you've ever measured Gotham by Wanamaker's.

Blue Flannel Sailor Suits with white braiding, 4 to 9 year sizes, at \$2.50 from \$3.50 and more.

All-wool Trousers, 4 to 14-year sizes, 85c, \$1.15, \$1.50, \$1.75; tough Corduroys, \$1.25; white Flannel Short Trousers \$1.75. Brown Linen, 50c.

Encyclopedia Britannica.

An epitome of the world's knowledge—20,000 big pages lavishly illustrated and rich with new and improved maps. If you want the best, the cyclopaedia of cyclopaedia, this is the one. Peale's reprint, 25 great volumes, bound in olive cloth, marbled edges, and the price \$37.

We will supply the first volume at \$1 and with it furnish a neat savings bank for dimes. Ten cents saved daily will buy two volumes each month, the set in little more than a year.

Three supplemental volumes (mostly of American matter) have been prepared with great care and at large expense. Uniform in style with the Britannica and sold at \$1.50 the volume.

JOHN WANAMAKER.

Miscellaneous Cards.

PHILADELPHIA, JUNE 27, 1892.

Best-Made Clothing in Philadelphia.

Our Serges will enable you to keep cool. They are in blue, black and gray, and range from \$10 to \$25. The \$14 suit is a happy medium and very popular, combining style, durability and everything requisite for comfort.

A breezy line of Negligee Shirts White and fancy Flannel Coats, Black and Fancy Alpaca, at moderate cost.

Everybody is getting into our Bathing Suits—before long everybody will be getting into them.

ORDER OF RED MEN.

Modoc Tribe, No. 1, O. R. M. meet every second night of every seven months, at the church, setting of the sun, in their wigwag, Graham building, third floor, room No. 3, 22nd street, moon, G. S. D. 401.

LOCAL DEPARTMENT.

Bits of News About Town, Gathered by the "Advertiser" Reporters.

—The degree of D. D. was conferred upon the Rev. Mr. Martindale, former pastor of Asbury M. E. Church, last week by Allegheny College of Meadville, Pa.

—The following Barbers have agreed to close their shops at 8 p. m., except Saturday, until further notice, Twilley & Hearn, Alfred Dykes, R. F. Perry, George Tindie.

—The good people of Zion M. E. Church, Parsonsburg circuit, will hold a picnic at the church, July 27th, with the usual attractions; proceeds for the benefit of the church.

—The Communion of the Lord's Supper will be administered in the Wisconsin Presbyterian Church next Sabbath morning, 10th inst. Preparatory services in the church on Friday evening at 8 o'clock.

—Mr. Geo. W. Benjamin, father of A. J. and M. O. Benjamin of Salisbury died at his home in Cecil county last week in his 74th year. He had been a prominent citizen of the county for many years previous to his death.

—Mr. Cleveland and the office seekers! Although our next President may not be able to take any Gables with him when he moves to HOLLY and SAW MILLS, the next four years he will certainly be occupying Buzzard Bay.

—The members and friends of the M. E. church at Wango will hold a festival and breakfast in the grove near the church on Saturday, July 23rd. The proceeds for the benefit of the church. All are cordially invited to join us.

—The members of the M. E. church, on Parsonsburg circuit have decided to hold a camping trip this year beginning July 30th, and lasting one week. It will be held in the grove at Parsonsburg and under the direction of Rev. W. R. Gwin.

—The good people of Fruitland are making unusual preparations for their picnic to be held July 12th. Arrangements have been consummated by which those who attend will be entertained with public address and music by a first class orchestra.

—The Rev. Robt. Scott of Snow Hill, and the Rev. Wm. Munford of Salisbury will exchange places on Sunday next. Mr. Scott was for a long time a Presbyterian preacher. Several years ago he entered the ministry of the Protestant Episcopal church. He is a man of fine education and culture, and is said to be an unusually interesting preacher.

—About three hundred members and friends of St. Peter's Sunday school spent last Wednesday at Ocean City. They went over on the 9 o'clock train and returned at 6 o'clock. The excursionists were well provided for at the beach by the committee of arrangement, consisting of Messrs. H. L. D. Stanford and M. L. Toddvin. Every one seemed to enjoy the day of outing.

—Blood shed, between the Tariff Barons and the protected laborer! The current political cant is that protection increases wages. Frills!!! The immense Carnegie trust, immensely protected, reduced wages by 33 per cent, then locked out 3000 workmen who refused such rates, and finally summoned 300 armed Pinkertons to shoot down the laborers. The war not ended yet, keep it before the people.

—About 200 colored people from Cambridge came to Salisbury last Tuesday for an excursion over the B. & E. railroad for a day of pleasure and recreation. They were met by our colored citizens and escorted to their park on Lake Humphreys where they indulged in innocent pastime during the day. They were accompanied by a colored cornet band. In the afternoon they witnessed a game of baseball by our amateurs. They marched through the streets led by their band followed by a crowd; with every order.

—We were shown Wednesday some very fine tomatoes, grown by Dr. J. Zack Taylor, Deale Island. The Doctor has been shipping since the 24th of June and realizing in city markets all the way from two to three dollars per box. Deale Island being surrounded by the surrounding waters is from ten days to two weeks earlier than the main land in the marketing of early crops, and the Dr. has taken the lead and made a specialty in growing for market early tomatoes, and many others have followed his example, and we predict a great season.

—The Sunday News of Baltimore in its last issue contained a very good "write up" of Salisbury, devoting nearly a half page to a description of our Eastern Shore metropolis. The article is illustrated with cuts of some of our residents and business places. Among the residences are "The Oaks," "Lemon Hill," and the residence of W. B. Tilghman, Esq. The business places include Mrs. Gentry's hardware store, Messrs. W. H. Humphreys, lumber yard, Uman's open house and the Dorman & Sayers Hardware Co.'s store. The article was prepared by Isaac D. Jones, Jr. Esq.

Large Sale of Real Estate.

Hon. Robert F. Britton, as Trustee of the late Train A. Broun, sold at B. O. Springs last Saturday a lot of valuable real estate. The property lies in Baron Creek district, in and near the Springs and, with a few exceptions, was purchased by the sons of the deceased gentleman.

The estate, as advertised in the Advertiser, was divided into twelve parcels. Number one, consisting of 17 acres of timber and marsh lands, was bought by Samuel English for \$38; number two, containing 49 acres of upland timber, was purchased at private sale by Wm. T. English for \$164; number three, being a house and a lot of three acres situated in Hungry neck, was withheld from auction, as was also number six, which is a new story and a half dwelling situated on an acre and half lot in the Springs. Number four on the plot consists of the one fifth interest in the 148 acre farm owned jointly by Messrs. Thos. B. Taylor, Levin M. Wilson, James K. Bacon and the late Mr. Bonnell. Mr. Taylor was the purchaser at \$550; number five represented a one fifth interest in the structure building, a large three story garage in the Springs and it sold to Thos. R. Bonds for \$100; Levin Bonds bought number six for \$250 by Messrs. Geo. W. Smith, Samuel J. and Thos. B. Taylor. It consists of a forty acre farm improved by a small dwelling, and sold for \$1000; the place where Mr. Bonds resided at the time of his death, was purchased by Mrs. Bonds for \$1400; seven and a half acres of land on the south side of Baron Creek, opposite the Springs, plotted as number eleven, was bought for \$250 by Messrs. Geo. W. Smith, Samuel J. and Thos. B. Taylor. He also purchased 50 acres of the homestead farm for \$300; the remainder of the home place, consisting of the residence, barns etc., and 217 acres of fine farming land, situated on Baron Creek, on which are apple and peach orchards, was purchased by J. Windsor Bonds for \$4800. Two other little pieces of unimproved land were purchased by Levin M. Wilson and J. Windsor Bonds, respectively, making a total aggregate of sales of \$9,000.

Better Drainage.

Representatives of the Sewer Company were before the City Council last Tuesday evening, by invitation, to consider the question of draining the streets into the sewer.

The sewer it will be remembered extends from Camden bridge up East Camden street to Division, and up Division to the corner of Division and Isabella, thence west to Park.

The proposition is to have traps of sewer entrances along the route to let the surface water into the sewer from Division and Main streets, and all side streets that let into these, which virtually means drainage for the whole city.

On which are apple and peach orchards, was purchased by J. Windsor Bonds for \$4800. Two other little pieces of unimproved land were purchased by Levin M. Wilson and J. Windsor Bonds, respectively, making a total aggregate of sales of \$9,000.

The sewer it will be remembered extends from Camden bridge up East Camden street to Division, and up Division to the corner of Division and Isabella, thence west to Park.

The proposition is to have traps of sewer entrances along the route to let the surface water into the sewer from Division and Main streets, and all side streets that let into these, which virtually means drainage for the whole city.

On which are apple and peach orchards, was purchased by J. Windsor Bonds for \$4800. Two other little pieces of unimproved land were purchased by Levin M. Wilson and J. Windsor Bonds, respectively, making a total aggregate of sales of \$9,000.

GREAT FIRE AT POOMOKOKE.

Over \$100,000 Worth of Property Swept Away, Lightly Insured.

Fire broke out at Poomoke City last Wednesday morning about 2 o'clock and destroyed about one half the business portion of the town before it could be placed under control. The local fire department did all in its power to stay the flood, but to no purpose.

As soon as the people thoroughly realized their situation they telegraphed Mayor Humphreys of this city for help. The fire department of Salisbury was called out by the bell in the Court House tower. The department immediately set to work to get the engine and apparatus to the depot which was done in an incredibly short time, but not before a special train ordered from Delmar to take the engine and company down had arrived.

The train that bore the department made the run of 27 miles in 30 minutes but arrived too late to be of much assistance to the fire fighters. Nature had interposed by changing the wind, and thus stopped the progress of the flames, not however till more than \$100,000 worth of property had been swept away, which was insured for less than half its value.

Among the heaviest losers are Mr. Gus. Parker who, before the fire of 1886 in Salisbury ran the Peninsula hotel, and Mr. E. G. Polk, merchant tailor, also well known here. The bank building was burned but the records were preserved.

The town was destroyed in 1886 by fire and unfortunately rebuilt of wood in a great measure, instead of brick, a mistake the people should not make a second time.

There is some doubt as to the origin of the fire. One report is to the effect that the original cause was a small room belonging to Mr. Lloyd Wilkinson, the other that Mr. Bonnell, a merchant, and one of those who suffered, left a burning lamp in the store room and it exploded. Both reports are unauthenticated. The following is a list of properties destroyed, their value and the amount of insurance thereon:

Charles Kaufmann, loss on stock \$3,000; no insurance.

Poomoke City National Bank, loss on building and fixtures \$4,000; insurance \$3,700.

E. G. Polk, loss on stock \$10,000; loss on store \$3,500; insurance on stock \$5,000; insurance on store \$2,500.

J. H. Young, loss \$1,500; insurance \$500.

I. H. Merrill, loss on stock and building \$10,000; insurance \$5,100.

Mrs. Laura J. Lambden, loss on stock and fixtures \$3,000; insurance \$250.

W. S. Dickinson & Son, damage to stock and store front from water and breakage \$5,000; covered by insurance.

Smith & Stabbin, loss on building and stock \$3,500; insurance \$900.

Flowing from the Springs.

Other things than a never ceasing flow of refreshing water have their sound at the Springs.

Recently a certain venerable compounder of boluses, whose hoary head and mysterious manner have long filled our people with awe and inspired the belief that he possessed an occult power which needed only to be exerted in any chosen direction to baffle the most treacherous and life-sapping disease, discovered on his own person a virulent smother, with the result that he was "all over" with him, the afflicted sufferer of the ill which human flesh is heir to, visited a prominent physician of Salisbury and nervously stated his case. An examination was followed by an operation. The result is well known by many of the A. J. T. Davis readers. But I hear some subscribers over at Powellville ask "was the cancer removed?" To that anxious inquirer I will state that it was not, but (confidentially) a good-sized, well-filled tick was that day mollified. The sufferer had been huckle berrying. Speaking of huckle berrying reminds me of an industry which plays no inconsiderable part in the work-day existence of many families in and contiguous to the Springs. This large area of land lying between the old Brattan mill-site and the county road leading from the Springs to Riverton, several years ago stripped of its valuable oak and pine, now yields in abundance the much-prized huckleberry. The fruit began to ripen about June 25th, and the crop continues through July into August. Men, women and children by dozens and scores gather into Nature's orchard to reap their booty which may be had for the picking.

One of our family last year harvested fifty dollars' worth of the fruit, and this season he expects to make seventy-five. Naturally much rivalry exists among the pickers. Their zeal may be illustrated by a perpetration of the local way. The story goes (I don't vouch for its truthfulness) that one woman came to a well laden bush just at dusk one evening. Being unable to distinguish between the ripe and green fruit, she removed her pants, (every picker wears trousers, but I don't know that the dress reformers may take credit to themselves) and hanging them on a limb, lay down by her treasure in peaceful companionship with the "snakes and scorpions" till light the following morning. From the same authority as above comes the report that a man and his wife who "look to the world" as the berries first returned returned to civilization a few days ago but were unable to identify their former home. After passing many forsaken houses they came to one which they thought bore some of the familiar traces of their own recent habitation. The woman told her husband that she could recognize her cooking tin anywhere. With this assurance the door was forced open, but the rusty tin was found about the house was reported as not being the property of this methodical housewife. A pair no longer searched for a home. They returned to the woods homeless but happy.

Discussing the horticultural crop leads up to some others which are being marketed from the station. The inherent progressiveness of our people so long held in check, has (thanks to Gen. Seth for the construction of the R. & E. S. railroad, and to Messrs. Thomson and Benjamin for their efficient management) at last found expression in a successful production of fruits and truck. Just now large quantities of cucumbers are going away from here. Other crops coming in are potatoes, berries and peaches. Last Monday morning about 300 bushels of cucumbers were shipped to Baltimore and the cities north. The prices have ranged from \$1.10 per box down to as low as 50 cents.

The only conspicuous social feature which has occurred since the Fourth of July has been the arrival of the Tuesday afternoon of a picnic party from Salisbury. In the party were Mrs. A. G. Toadvine and daughters, Misses Amelia and Doris; Mrs. L. D. Collier and daughters, Misses Nellie Parsons, Mary Reigart, Mary and Annie Toadvine, and Mr. Alex. D. Toadvine.

On the party's arrival at the Springs excursions were made to the picturesque little Presbyterian chapel situated in the grove on Baron creek, and to other parts of the town. A few invited friends lunched with the party at 3.30 o'clock. Luncheon was served in the spring house. The party returned to Salisbury in the evening after a pleasant outing.

An incident which is not altogether devoid of romance may bear relation here. After lunch a well known and popular bachelor—a leading man of the Springs—who is now well advanced in years, joined the party in the spring house, and was soon engrossed in an absorbing conversation with a charming young lady from town. Without design the young lady's companions turned their attention to other things, thus leaving her alone with the dignified and impressive courtier. What was said probably will never be known by others unless the aside, whose habitation is at the bottom of the spring and who presides over the waters, overhead and may be induced to tell the story. Meanwhile friends will get comfort from the assurance that they parted company with a pleased expression.

The Wheat Crop.

In riding over the county I have on all side favorable reports from the wheat crops. From what I learn from the farmers, this has been the best year in many for wheat. The yield has been more than satisfactory and the quality of the grain excellent. Mr. W. H. Jackson tells me he has threshed from 55 acres 1800 bushels, an average of over 30 bushels to the acre. Mr. Jackson fertilized heavily and top dressed the land with New York stable manure. Mr. Wm. F. Causey who owns the Poplar Hill tract on the south side of Quantico Creek, and considered one of our most progressive landlords, raised this year about 1800 bushels on 64 acres. His clover soil produced 35 bushels to the acre, with the assistance of about 400 pounds of humphreys & Tilghman's Mixture B. I had the pleasure of going over this tract of land some days ago and was delighted to see that he has converted the old edge and briar fields into rich fields of hay, corn, wheat and oats. Although the season has been very severe on grass, Mr. Causey will cut from one and a half to two tons of timothy hay from this farm to the acre. I have understood that his Somerset county farms are yielding even better than this. Mr. Irving Kennedy whose farm adjoins Mr. Causey's Poplar Hill farm, also made a good wheat crop. From 23 bushels sowing he reaped 500 bushels. All through Quantico district reports are that the wheat crop is good.

X. Y. Z.

James E. Rilegood, Esq., left on the 9.55 train last Wednesday morning for Annapolis, Md. He is expected to meet the Senate and House committees appointed by the last legislature to draft an oyster bill for the two states of Maryland and Virginia.

—Telegram was received here late Thursday from Senator Toadvine, that Mr. Isaac H. White had been appointed captain of the police boat Nellie Jackson.

—Coughing leads to Consumption. Kemp's Balsam will stop the cough at once.

Good second hand flour barrels, two bushels, and ten bags will bring 25 cents at Thomas Humphreys.

—The principal subjects involved in the joint conference are three.

First, to obtain the consent of Virginia to the passage of the law requiring persons who catch oysters in the Potomac river to catch them with a hook and line. A law in its cutting features similar to the present law of Maryland in force in its waters, will be presented. The object of this law is to protect the young oyster in the Potomac river, and to prevent persons who are engaged in the oyster trade from catching oysters in the Potomac river, and by means of this present law to escape punishment. The statement is nearly always false, it is said, although the Maryland authorities can prove it is false.

The second object of conference is the right of Marylanders to oyster in the Potomac river. This right Maryland claims under the compact of 1785, and Virginia has resisted the claim since the Black and Jenkins award as to the boundary line.

The third subject for consideration is to fix more definitely the boundary lines on the Potomac so that in the future misunderstandings and collisions may be avoided between Maryland and Virginia oystermen.

After holding the preliminary meeting at Old Point on Thursday evening the committees will, on Friday morning, go to the waters of the Potomac sound, and after examining the boundary line and the lay of the oyster grounds, will report to the oyster committee on Friday morning, July 15, at 8 o'clock, to inquire into the advisability of laying off said district. The same committee of the Board will also meet on the same day at 10.30 o'clock, at the south-west corner of Wesley Park's field, a committee of white citizens to lay off a school district in that section.

Adjourned to meet July 26.

Valid until the date of the publication remains unchanged.

ROLA MOORE, Postmaster.

SATURDAY, JULY 23, 1892.

National Democratic Ticket.

FOR PRESIDENT:

Grover Cleveland,

OF NEW YORK.

FOR VICE-PRESIDENT:

Adlai A. Stevenson,

OF ILLINOIS.

FOR CONGRESS, FIRST CONGRESSIONAL DISTRICT:

Hon. Henry Page,

OF SOMERSET COUNTY.

—Eighteen thousand people assembled in Madison Square Garden, New York, last Wednesday night at 8 o'clock p.m. to witness the ratification ceremonies of ex-President Cleveland as the Democratic nominee for President and Adlai E. Stevenson for Vice-President. Hon. W. L. Wilson presided over the meeting and delivered the notification address. The address was responded to by Mr. Cleveland and Mr. Stevenson. All shades of New York democracy were represented—Tammanyites, Hillites, Anti-Snapers, Clevelandites—all joining in the general love-feast. The reply of Mr. Cleveland was in his characteristic style. We will give the full text of the address in our next issue.

Supreme Court Judge.

WASHINGTON, July 19.—The President sent to the Senate this afternoon the nomination of Mr. George Shiras, Jr., to be a Justice of the Supreme Court.

Mr. Shiras is a leading member of the bar of Pittsburgh, where he was born sixty years ago. He was a member of the famous class of '53 at Yale and graduated with distinguished honors, and after studying law was admitted to practice in 1866 in Pittsburgh, where he has since resided. He has never held public office nor has he ever served on the bench. At the instance of his friends he was a candidate for United States Senator at one time, but was defeated by Senator Mitchell. He is a man of comfortable means and has two sons, both practicing law in Pittsburgh. He is said to stand high as a lawyer and is considered to be a man of fine character, possessing sterling qualities. His nomination was warmly endorsed by prominent republicans and business men of Pittsburgh and by Representative Dalsell in whose district he lives. Representative Dalsell believes the appointment to be a most excellent one, and that it will be received with much satisfaction by Pennsylvania republicans. Among those who personally advocated his selection were Mr. B. F. Jones of Pennsylvania, Senator McMillan of Michigan, Gen. Wagner of New York, Mr. A. D. White of New York, Bishop Davis of Michigan, Gen. Thomas Ewing and Mr. J. T. Brooks of Pennsylvania. He is a pronounced republican, but has never been very active in politics. The President and his attorney general have only a casual acquaintance with him, and as the latter expressed it, he was selected solely on account of his high legal attainments and personal integrity.

Among some reminiscences contributed to "Temple Bar" by Mrs. Andrew Crooke are one or two illustrating Brown's life memory and his admiration of Byron's work. On one occasion he repeated a portion of "The Vision of Judgment," beginning with "Saint Peter stood at the Celestial Gate," and when he had finished he added, "I have not repeated those lines for forty years, but they are given on my memory."

A special Ottawa dispatch to the Toronto Globe says: "It is probable that Lord Stanley, Governor-General of Canada, will place his resignation in Lord Salisbury's hands before the British premier leaves office. Lord Stanley is known to enjoy his present office very little and to have accepted it with reluctance. If Mr. Gladstone is in power in England next June, it is probable that the Earl of Aberdeen will succeed Lord Stanley."

The Toledo, Ohio, Bee says: "An exceptionally good executive committee is selected by the Democratic State central committee. Henry C. Cleveland, of Cleveland, is chairman, which signifies that a determined effort will be made to carry Ohio. Mr. Farley is one of the best organizers in our party, and will plan for victory this year."

ORDER OF RED MEN.

Notice is hereby given that the annual meeting of the Red Men of Salisbury will be held on Saturday, July 30th, at 8 o'clock, P. M., at the Court House, Salisbury, Md.

LOCAL DEPARTMENT.

There will be a picnic at Salem M. E. Church Tuesday July 28th. All invited.

The first home grown melons of the season were brought to town last Wednesday morning by Mr. Cadmus J. Taylor and sold in our local market.

Mr. Grier, chief of our fire department says the city is still in need of some hose—about one hundred and fifty feet, to reach some of the distant points of the city.

Mr. Selby Parker died at his home near Nelson's on the night of July 20th, aged 59 years. Six children survive him. Mr. Charles W. Parker of this county is a son.

Mr. Isaac H. White, the newly appointed captain of the Nellie Jackson steam control of the craft last Monday. One of his first acts was to appoint Capt. Saml. A. Langrell mate of the boat.

Congress has decided to have the World's Fair closed on Sundays. This action was by resolution passed last Tuesday. All of the Maryland delegation present, voted in the affirmative on the resolution to close.

The steamer Enoch Pratt will make a Sunday excursion to the Deal Island and on July 31st and August 7th. Cheap round trip tickets will be sold at Salisbury and all other wharves along the route on each date.

The school board of Caroline county last Tuesday awarded contracts for building two new school houses to Mr. W. J. Ennis of this city. Mr. Ennis has built several school houses in this county within the last two years.

Fire broke out in the stable of Mr. H. W. Anderson on his farm in Rockville last Tuesday morning at 4:30 o'clock and totally destroyed the building, all the farm harness, about ten tons of hay and one folding bed. The building was insured in the Kent Mutual Insurance Co. of Dover, Del.

Gov. Brown has made the following appointments for this county: Supervisors of Election—Geo. Tilghman, Eugene M. Walton, Thos. J. Walter. School Commissioners—Levin W. Dorman, two years; Dr. C. C. Littleton, four years; Albert I. Jones, six years. James L. Bede was appointed oyster inspector to be located at White Haven.

Mr. Charles R. Davis, who has been conducting successfully a general mercantile business at the N. Y. & P. N. railroad station, this city, has sold out to Messrs. J. E. Davis and J. Bayard Baker, who are now managing the store with promise of future success. The firm name of the new proprietors will be Davis & Baker.

The corn crop in this county is now looking particularly well, especially where it has not been disturbed by worms. Corn on clover and never looked better. The melon crop of the county is also very promising. While the acreage is not so large as it was last year by almost a half, the yield promises to be as great. The blackberry crop of the county has been very short.

Nearly four hundred people went from Salisbury to Ocean City on the Presbyterian Sunday-School excursion last Thursday. A short delay was occasioned at Pottsville because of an accident to the west bound express. The Sunday-School of Asbury M. E. Church will give an excursion to our popular seaside resort on next Wednesday, July 27th. These excursions have grown very popular with our people, who are enabled by them to spend several hours at Ocean City without serious interference to business.

Mrs. Amanda E. J. Bell, daughter of the late George Dashiell and widow of the late Wm. A. Bell, died at her home in this city last Saturday at the advanced age of 78 years. She was the mother of Dr. L. Sidney Bell and Geo. W. Bell, Esq. The funeral took place at 5 o'clock Sunday afternoon at the O. S. Baptist church and was conducted by Rev. Mr. Reiser, in the absence of the elder of the church. Mrs. Bell was a member of the Episcopal church from early childhood to about 1850 when she became a member of the Baptist church. The remains were interred in the Baptist cemetery adjoining the church.

William E. Valliant of New York and Miss Annie Sutcliffe daughter of T. L. Sutcliffe of Chester, Pa. were married at St. Luke's Church, Church Hill, on Wednesday by the Rev. Mr. Bette. Mr. Valliant is the son of Judge Edwin S. Valliant of Church Hill, but he and his father are both natives of Talbot county, and are one of the oldest families in the county. Mr. and Mrs. Valliant took the steamer for Baltimore, whence they started on their wedding trip. Their home will be in New York. The bride is well known in this county especially at Delmar, where she resided a few years ago with her parents, and enjoyed a very large friendship.

OF THE SPRING.

Perhaps few people outside the immediate community are aware that a circulating library flourishes in this little village, such is the case, nevertheless.

The Baron Creek Lyceum was organized in the autumn of 1879 when a few volunteers were placed upon a modestly constructed shelves in a hall near the center of the village. This was the nucleus around which has been gathered steadily from time to time valuable additions till now there is a collection of three hundred volumes, among which are the works of Shakespeare, Scott, Thackeray, Byron, George Eliot, Dickens, Irving, Lytton and others. Besides the standard authors many miscellaneous works, biographies, cyclopedias, etc., may be noticed. The charter members of the Lyceum were Messrs. Wm. J. Bonds, A. B. Armstrong, Geo. Bonds, James S. Eaton, A. W. Kennedy, J. W. Weatherly, Geo. W. Willey and H. Crawford Bonds. The last named gentleman is now a resident of Culman, Ala., a new town, where he finds relief from the tediousness of business by taking an active part in the management and direction of the church and literary societies of the place.

The object of the organization of the B. C. Lyceum was to afford entertainment to the citizens of the community by giving them good books to read and a place to read them. A hall was rented and there the library is opened twice a week. The revenues necessary to meet current expenses and to buy new books are accrued from membership dues and a small charge made for the use of each book taken from the library. Once a year the members get a play and usually the gate receipts are very satisfactory.

Among the plays successfully produced are "The Night in Barnum", "East Lynne", and "The Two Orphans". Another source of revenue is the annual excursion which the Lyceum gives to Ocean City. By the way this year they will go to the beach next Saturday, July 30th.

These yearly excursions are very enjoyable and are always well attended by the members and friends of the Lyceum. One of the most interesting features of the organization is the debating society which holds forth during the winter months, when not only local questions are treated, but subjects of general interest are vigorously and intelligently discussed. Many of the political sentiments for which Baron Creek district is now locally famous had their birth in this same forum. Indeed the Lyceum has its place in the hearts of the people and when any subject is taken there for decision there is allowed to hold with the people. It is "so to speak", their supreme final arbiter.

The present membership of this most popular and influential institution numbers nearly fifty persons, some of whom are ladies. On the way of the hall are the pictures of Wm. J. Bonds, Hicks Bradley and Charles Tarr, deceased members, whose memory is thus kept green in the hearts of their former co-laborers.

The Springs has bloomed out as a social center recently. Among the visitors there now are Messrs. Grace and Mamie Marchant and Jennie Taylor, all of Baltimore; they are the guests of the Misses Bratton. Miss Moore of Philadelphia, is a guest of her cousin, Miss Welch. Mr. Ernest Griffith of "The Everglades" was a guest of the Misses Bonds this week.

Miss Aurelia Dashiell of Cambridge, Md., is visiting her cousins, the Misses Venables. Mr. J. B. Armstrong is spending his vacation in Oxford, Pa.

Misses Bratton and Bonds and some of the gentlemen of the place gave the visitors a rowing party last Wednesday afternoon. Lunch was eaten at "Slughter beach" on the river.

The sign at the station of the B. & E. S. R. R. has been an object of ridicule ever since it was put up. It was painted at Easton. The man who did it didn't know his business. It reads "Baron Creek". The people here don't know what that means, and strangers make fun of it. The railroad officials will have to come to the rescue. The people here are not in a humor to enjoy the flippancy of "barons" being now the national exponent of the best principles of tariff reform.

That we condemn the McKinley tariff law as harmful, of pernicious and incalculable injury to the general welfare and prosperity of the people, inalienable, unjust and burdensome in all its provisions, and recommending the fortunes of the few at the expense of the many.

That we denounce the force bill proposed and promoted by the republican party, as an outrage upon the rights of the states, in violation of the constitution and subversive of the will of the people.

That we commend the course of our representative in congress, Hon. Henry Page, as in full keeping with the wishes and sentiments, not only of his own constituency, but of the democracy throughout the state and in the nation; but by his voice and his vote he has ably discharged the duties and has been found true to the trust reposed in him by a confident and devoted constituency, who take pride in the bright record which he has already made during the brief period for which he has represented the people in the nation's legislature.

In a jury of twelve men was empaneled Monday to determine whether A. L. Davis is sane or insane. The jury consisted of the following gentlemen: A. L. Davis, M. A. Parsons, James Cannon, W. A. Holloway, N. B. Rider, Dr. L. S. Bell, Col. W. J. Leonard, G. R. Rider, Col. E. F. Fowler, Robert Dashiell, John T. Parsons and W. F. Roberts. Several witnesses were called, among them being Cashier John H. White, Mayor Thomas Humphreys, Dr. Dennis and Fulton. The two last named gentlemen testified that they had examined and talked with Davis and did not hesitate to pronounce him sane. After a deliberation of several hours the jury decided to disagree, standing three for sanity and nine for insanity. The gentlemen who cast their votes for sanity being Col. W. J. Leonard, Dr. L. S. Bell and John T. Parsons. Davis was sent back to jail to serve out his sentence of 90 days for misbehavior and in the mean time another jury will be summoned to sit upon his case.—News.

Low Rates to Harlock's.

The Farmers' Alliance will hold a meeting at Harlock's on Thursday, July 28th. For the benefit of those wishing to attend, the Baltimore & Eastern Shore Railroad Co. will run an excursion train that day which will leave Berlin about 7:10 o'clock a. m. Salisbury 7:35, and intermediate points proportionately. Returning train will leave Harlock's about 5:30 p. m.

Low rate tickets will also be sold from Pottsville, Beltsville, and Preston for trains No. 1 down and return by train No. 2. It is the wish of the Association that the public in general will attend this meeting, as the distinguished orator, Col. Robert Beverly of Virginia, and B. A. Davis of Maryland will address the assembly.

Prohibitionists' Convention.

The Prohibition convention met at the court house last Tuesday to select delegates to state convention, which meets at Glyndon July 27th.

The meeting was called to order by Mr. John H. Dulany of Fruitland, chairman of the county central committee. Rev. Mr. Given was elected chairman of the meeting and Mr. Dulany secretary.

The following named gentlemen were chosen delegates to the convention which meets at Glyndon July 27th: Thos. W. Timmons, John H. Dulany, John G. Sheppard, S. F. Parsons, L. M. Kendrick, J. W. T. Robertson, P. F. Greener, Rev. J. L. Strangh, alternates, I. F. Messick, J. J. Fooks, Geo. Evans, S. K. Stansons, S. P. Downing, Ebenezer White, Rev. T. N. Given.

PAGE RE-NOMINATED.

The Chicago Platform Re-nominated—Baron Creek Lyceum.

The democratic convention of the first Maryland district was in session only an hour and five minutes last Tuesday, and Hon. Henry Page was nominated for re-election to Congress by acclamation. Though brief in its session the convention was big with enthusiasm for tariff reform. Resolutions were adopted enthusiastically endorsing the platform of the national convention and the principles of tariff reform advocated by the great leader of the people, Grover Cleveland. The convention was held in the dancing pavilion of the Atlantic Hotel, the same room where Mr. Page was first nominated two years ago. The same platform also provided, Dr. Robert M. Price, of Queen Anne's county, whose fair rulings then commended him to the present convention.

Mr. H. H. Dashiell, of Somerset, put Col. Page in nomination. After being notified of his election the "little giant" made a strong speech in which he lauded Cleveland and the doctrine of tariff reform.

The delegates to the convention.

The secretary called the roll of delegates as follows:

Caroline County—David T. Richards, Francis Nichols, James W. Holt, J. S. Willis, Howard Mellow and A. P. Redhead.

Dorchester—F. P. Corkran, John W. Hastings, T. P. Morley, Thos. B. Hackett, McKernan W. Meredith, J. F. Robinson, J. Hooper Bailey, George W. Woodford.

Kent—J. Herman Ireland, Henry J. Gray, Joseph E. Gilpin.

Queen Anne's—Dr. Robert M. Price, Wm. R. Newton, John F. Godwin, Woodlin P. Finley, Charles R. Clements, Charles W. Butler, John T. C. Norman, Wm. H. Cecil.

Somerset—H. H. Dashiell, James F. Dougherty, Wm. S. Dashiell, Lambert W. Cox, Archie Todd, Wm. H. Gale, Wm. E. Ward, Wm. E. Miles.

Talbot—James Marion Wothers, Wm. S. Marwick, Wm. F. Powell, James H. Willis, John Y. Todd, Frank S. Owens, Wm. R. Lowe, Chas. B. Lloyd.

Wicomico—Robert D. Ellegood, Thos. B. Taylor, Granville M. Catlin, Dr. James C. Littleton, William L. Law, M. J. Brewington, Walter C. Mann, John W. Dashiell.

Worcester—Oscar M. Franklin, John L. Bales, Oscar M. Purnell, Robert N. Todd, Jerome T. Haynes, Mark P. Henry, Jr., Wm. Lee Carey, J. Edward White.

Officers of the convention were as follows: Secretaries, J. E. White, of Worcester; Marion V. Brewington, Wicomico; James W. Holt, Caroline.

Vice-presidents, one from each county, were elected as follows: Kent, Henry J. Gray; Queen Anne's, Chas. W. Clements; Caroline, David T. Richards; Talbot, Wm. E. Lowe; Dorchester, Thos. B. Hackett; Wicomico, Wm. Levi Laws; Somerset, Wm. H. Gale; Worcester, R. N. Todd.

THE CHICAGO PLATFORM ENDORSED.

Resolutions introduced by J. Herman Ireland, of Kent county, were adopted as follows:

"The democracy of the first congressional district of Maryland, in convention assembled, do hereby resolve:

That we declare our hearty sympathy with and earnest endorsement of the platform adopted at Chicago by the national democracy, and commend the principles and policies therein set forth as worthy and entitled to the support of all democrats, and all true patriots who are interested in preserving the integrity, the safety and the permanency of a free and pure government and its institutions.

That we congratulate the people of the country upon the nomination by the democratic party of Grover Cleveland and Adlai E. Stevenson for the respective offices of President and Vice-President of the United States, and we especially felicitate the democracy of the first congressional district that they are again permitted to cast their ballots for the great leader of the people, Grover Cleveland, whom they regard as the national exponent of the best principles of tariff reform.

That we condemn the McKinley tariff law as harmful, of pernicious and incalculable injury to the general welfare and prosperity of the people, inalienable, unjust and burdensome in all its provisions, and recommending the fortunes of the few at the expense of the many.

That we denounce the force bill proposed and promoted by the republican party, as an outrage upon the rights of the states, in violation of the constitution and subversive of the will of the people.

That we commend the course of our representative in congress, Hon. Henry Page, as in full keeping with the wishes and sentiments, not only of his own constituency, but of the democracy throughout the state and in the nation; but by his voice and his vote he has ably discharged the duties and has been found true to the trust reposed in him by a confident and devoted constituency, who take pride in the bright record which he has already made during the brief period for which he has represented the people in the nation's legislature.

Real Estate for Sale.

Under a decree of the Circuit Court H. D. Stanford, trustee of Lemuel Stanford, will sell at public auction at the Court House door in Salisbury, August 13th, next, the land situated in Trappe district known as the "Samuel T. Bonds Farm," "William Davis Tract," and part of "Ben Davis Farm," which Malcom Freemy and others, and which the trustee has divided into six convenient tracts, containing 120, 80, 50, 51, 91 and 48 acres respectively. He will also sell the tract situated near Camden called "Camp Ground Farm," containing 19 acres of the above named land will be sold free from liens and encumbrances. At the same time will be sold by the trustee, Malcom's interest in 23 building lots well located and of good size, in Camden. Mr. Stanford will exhibit plots of all the above land to any one calling at his office with a view of making a purchase of any of the above property and we would recommend this as a favorable opportunity for investment in the land, very desirable and valuable, and under the decree, the trustee can give a good title.

Unclaimed Letters.

The following is a list of letters remaining in the Salisbury (Md.) Post Office Saturday, July 23, 1892:

Mrs. Virginia Taylor, Miss Maggie Selby, Mrs. Belle Lowe, Mrs. Mary Ackworth, Mrs. Maggie Clayton, Mrs. Emma Dixon, Hester Brewington (colored).

Persons calling for these letters will please say they are advertised.

ROLFE MOORE, Postmaster.

The Rev. Wm. Munford, by appointment of the Dean of the Southern Convocation of the Diocese of Eastern, will officiate at Ocean City on Sunday next. Provision has been made, however, for the usual services in St. Peter's church, Salisbury, except of the celebration of the Holy Communion at 7 a. m. Services elsewhere will be held at 11 a. m. and 8 p. m.

The Rev. Wm. Munford, for himself and his family, takes this method of expressing his gratitude to the kind people who assisted in removing his furniture and other valuables from the Rectory on the occasion of the fire on Monday last, and to those who, since the fire have so hospitably offered and provided food and shelter to the houseless and homeless.

MASS OF CORRUPTION.

Death Would Have Been Welcome—Spent Hundreds of Dollars Without Relief.

Freighted Outdoors. Wonderful Change in Three Months. Completely Cured in Six.

During the war, I contracted some kind of a skin which brought me almost to the point of death. I had used all kinds of medicine, but nothing would cure me. I was completely cured in six months. I was completely cured in six months. I was completely cured in six months.

My appetite was good, my breath was sweet, and I continued to take the medicine the good work went on and on. In six months from the time I started, I was completely cured. The cure was effected by the use of the medicine, which was sold by the name of "Cuticura Resolvent."

My skin was so itchy and sore that I could not sleep. I was completely cured in six months. I was completely cured in six months. I was completely cured in six months.

THE BROKEN HARP.

The secretary and his young wife were yet in the glories of their honeymoon.

No considerations of convenience, no pressing obligations, united them.

Dear friend and proved by years of patient waiting, was the seal of their union.

They had known each other as little children, and their love and plans had grown together, but Seller's uncertain position forced him to postpone for a long time the fulfillment of his hopes.

At last he had reached a point, and on the following Sunday he had led his bride into their new home.

When the long, tireless days of congratulations and family rejoicing ended, how gladly they spent the beautiful evenings together, with no third person to claim any share in their joy!

Plans for coming days filled the hours. They were both of them musicians, and Seller's wife and Joseph's harp made sweet music during the enchanted evenings, which sped so quickly.

The deep harmony of their instruments was an auspicious omen for their future.

One evening, as they had played long together, Joseph completed a very pretty piece for the harp.

At once for a physician; he came, treated the matter as a trifle and assured that the ailment would be cured in a few days.

In the morning, but after an extremely restless night, during which she had raved incessantly, the doctor found poor Joseph in a state of nervous fever.

He devoted himself zealously to the case, but Joseph grew worse daily. Seller was beside himself. On the ninth day the physician left, and Joseph himself felt that he could not live much longer.

She awaited the end with gentle resignation.

Dear Edward, she said to her husband, "With deep sorrow I leave this beautiful earth, where I have found love and light, and where I have found a home."

She lay on her back, and her eyes were closed. Joseph's hand was on her forehead, and he was weeping.

He struggled long with life. His grief destroyed him, and after many weeks, he arose from his sick bed, but he was without a vestige of his former youthful vigor.

Deep melancholy fastened upon him. He had left Joseph's room as it was before her death, and every evening he made a pilgrimage to this sanctuary of his love.

His hand would fall to his forehead, and he would weep. He would think of the night when she came and stood as in the time of his happiness, leaning upon her window.

Into the sweet tones of a flute he would breathe, and he would think of the night when she came and stood as in the time of his happiness, leaning upon her window.

Overcome with awe, Seller ceased playing upon the flute, the strains of the harp also ceased. With deep emotion, he now began Joseph's favorite song, and the strings sent forth strong, loud notes in accompaniment to his melody.

He sank to the floor with a shudder, and he felt that his arms were to embrace the beloved shadow. He felt himself breathing upon a pale, shimmering light above him.

"I know thee, blessed shadow of my sainted Joseph," he cried. "Thou didst promise in love to be round about me; thou dost keep thy word! I feel thy breath; thy kisses upon my lips! Thy glory shines upon me!"

Again he took the flute, and the harp again sent forth, but more and more gently, until his whispering words were in one long, final chord.

Joseph's hand upon his couch. In all his heated dream he heard the whispering of the harp. He awoke late and wept from the emotion of the night. He held the length of the harp, and within him there was a strange voice. It prophesied the speedy victory of the soul over the body.

With unutterable longing he waited for the evening. At twilight he betook himself to Joseph's room. Playing upon his flute
