## WHITE MAN CONFESSES FATAL SHOT

Harry Mills Of Hebron Believed  
Mentally Unbalanced By  
Neighbors Over Shooting.

## COLORED MAN HELD ALSO AS A SUSPECT

William Allen Fired Upon Near Hebron,  
Lies All Night In Field, And  
Dies Two Days Later—Could Not  
Identify Assailant Or Give Reason  
For Assault—Police At Work.

Confessing to the shooting of William Allen, it is said, Harry Mills, age about thirty-eight, of Hebron, is under arrest in the County Jail here charged with firing the shot that cost Allen his life.

William Allen, a colored man who lives near Hebron was returning late Thursday night from a friend's house where he had been to call. After leaving the house, he started down the railroad tracks to his own home. He had travelled about a mile when he was suddenly fired upon without warning.

A load of buck shot took effect in his stomach and he fell in a nearby field where he lay until the following morning when he was discovered by a passerby, and was taken to the Peninsula General Hospital. Upon his arrival here, he was found to be so weak from loss of blood that physicians could not probe the wound for the bullets.

On Saturday morning he died. Before he succumbed, he stated that he did not see the person who made the assault and did not know who had shot him. Authorities believed that jealousy was the underlying cause of the attack.

Harry Mills confessed to the shooting but the people of Hebron believe that he is slightly unbalanced and made the confession because the crime has preyed upon his mind. Mills has worked for years for George C. Rounds, a married man with five children, and has always been a sober steady worker.

Further developments led to the arrest of a colored man named Ballard, who, it is said, has a rather questionable reputation. It is understood that one of the negro's shoes exactly fitted some prints made in the ground near the scene of the shooting. A path on the shoe helped the authorities in their effort to trace the tracks.

A shot gun was found that had recently been discharged, but so far the owner has not been discovered. It will be remembered that in the murder case of William Desmond Taylor, confessions were received by the police from all parts of the country.

## DEATH SUDDENLY TAKES A WELL KNOWN CITIZEN

Benjamin H. Parker, One Of Wicomico County's Prominent Citizens,  
Passes Away At Home.

Benjamin H. Parker, age eighty, died suddenly at his home about 10 o'clock Wednesday afternoon of heart failure. For the past few years he has been living on his farm on the Snow Hill Road with his brother, John E. Parker, who died in January.

Mr. Benjamin H. Parker was for many years one of the prominent farmers of this county and possessed a large degree of the esteem and love of his fellow citizens which he won by hard work and honesty.

A young man he came to this community and engaged in the mercantile business. At an advanced age, he retired from active business and went to his farm to live with his brother. He was a member of the Board of Vestrymen of St. Peter's Church.

Funeral services were held on Friday afternoon at the home of the deceased, Rev. Herbert Cone officiating. He is survived by one sister, Mrs. M. E. Hooks.

## MINSTREL SHOW AT "Y"

Joan's Minstrel" given by the "Y" M. C. Circle of the M. P. Church on Monday evening at the "Y" was thoroughly enjoyed by a large and attentive audience. The evening's entertainment concluded with a farce "Mrs. Black's Pink Tea." The show was put on for the benefit of the "Y."

## CAPTIVATES AUDIENCE AT SPLENDID RECITAL

Edwin Swain, A Distinguished New York Singer, Gives Services For Red Cross Local Work.

The home of Mr. and Mrs. Frederick P. Adkins, Park Avenue, this city, presented a brilliant scene on Thursday evening last, when Salisbury's music lovers turned out "en masse" for the recital by Mr. Edwin Swain, Baritone, of New York City, who so graciously gave his services on this occasion for the benefit of the Red Cross. Springflowers prettily decorated the house, and before the hour set for the recital the capacity of the large rooms was taxed to accommodate the people.

The program commenced at eight-thirty and immediately Mr. Swain captivated his audience with his charming personality and exceptional voice. His rich resonant tones were always more than adequate for the numerous songs chosen, which covered a wide scope. Mr. Swain's singing also possessed that soulful quality which bespeaks the true artist while his diction is superb.

Besides the program there were several encores, for the audience was always wanting more, and Mr. Swain was untiring in his efforts to please.

Miss Nellie Sheppard, an accomplished pianist and a sister of the hostess, very ably accompanied Mr. Swain, and to her much credit is due for the evening's success.

At the conclusion of the recital refreshments were served. Besides giving all present a delightful evening, Mrs. Adkins added eighty dollars to the Red Cross fund.

## DRIVE STARTS TO ENROLL THE COUNTY PEOPLE

Plans Of The Chamber Of Commerce Under Way To Have  
Rural Membership Increased

## MANY GUESTS ATTEND LUNCHEON ON TUESDAY

Action At Last Meeting Of Organization In Lowering Admission Fees Results In Drive To Have All Business Men And Farmers In County Join The Chamber Of Commerce.

As guests of Mr. F. P. Adkins, president of the Chamber of Commerce, about thirty citizens from all sections of the county met at the Lantern Tea Room on Tuesday afternoon to discuss the advisability of extending the services pointed out just what the intentions of the Chamber are, how they will affect the business men of the other communities in the county, what benefits will accrue to them through membership in the organization, and how the extension plans should be carried out.

The luncheon came as a result of the movement proposed and adopted at the last meeting of the Chamber when it was stated that the functions of the organization should be county-wide. It is believed that with a greater membership, particularly from the sections outside the city limits, the work of the Chamber can be vastly increased.

When the proposition was placed before the luncheon guests, they were asked to express their opinions. One prominent gentleman stated that he had come to the luncheon believing that he would be asked to join the Chamber and that he had made up his mind not to do so. He changed his mind completely, however, when he really understood exactly what the Chamber is trying to do.

Others talked along the same line and voted practically unanimously that the Chamber is working in the right direction. A number of those signified their intentions of joining and others stated that they would become voluntary workers in their own sections.

Considered from all angles, the meeting was a distinct success and much good is expected from it.

## CHILDREN'S PLAY ENJOYED

Between four and five hundred people enjoyed the little play given at the "Y" on Tuesday night by the children of the Camden Street school. The program included a boys chorus, "Tinker's Song from Robin Hood," a girl's chorus, and an operetta "The Quest of the Pink Parasol."

## CO-OPERATIVE MARKETING TO GET LAST TEST

Important Meetings Being Held  
At Shipping Points Just Before Season Opens.

## WILL PASS CRISIS THIS SEASON OR FAIL UTTERLY

Authorities Of Wicomico Farmers Association Believe That This Year Will Prove Whether This Community Shall Or Shall Not Be An Organized One.

Spurred to greater efforts than ever by the nearness of shipping season, the Wicomico Farmers Association has been holding a series of meetings for growers at such points as Princess Anne, Hebron, Mardela, and Westover in order to stimulate the members of the organization to do their best this season.

On Friday night of this week there will be a meeting in the Workman's Hall at Walston, another at Fruitland on Tuesday night, May 9, at the school house, a third at the Mechanics Hall, Pittsville, Wednesday night, May 10, and a fourth at Willards on Thursday night, May 11, in the school house.

These are the last meetings that will be held before the berry season opens and are, therefore, of unusual importance. It is felt that the future of successful co-operative marketing in this section depends almost absolutely upon what is done this season. Survive or perish is the watch word, and survival, it is said, can be achieved only by wholehearted co-operation from all growers.

It makes no difference whether or not a grower is a member of the Association, says Secretary Nock; he is welcome to attend the meetings and, in fact, is urged to do so. All members are being notified of the various gatherings by mail, but any member who fails to receive notice, and all non-members, is urged to take this announcement as an invitation.

The Wicomico Farmers Association has proved conclusively that it is worthy of the heartiest support and confidence of the growers of this section. If they fail to give their aid and loyalty, there will be a reversion that will carry Wicomico and Somerset counties far back along the path of progress.

Through its connection with the American Fruit Growers, Inc., the largest produce selling organization in the world, the Farmers Association has a wonderful opportunity of bringing real profits to its members. If they pack right, grade right, and patronize the organization, they will, undoubtedly, benefit.

There is a strong plea to the growers generally to join the Association and support it to the fullest extent. It is believed that the people of this section of the Eastern Shore are the most progressive on the Peninsula and they should lead the way. Better and closer organization will Wicomico County such a start that her neighbors will never catch up with her.

## State Police Officer Loses His Pocketbook

Sergeant A. D. Sharpe, Transferred To Laurel, Discovers Loss On Way To Baltimore.

Sergeant A. D. Sharpe, of the Maryland State Police has been transferred to Laurel and Corporal M. Vermillion of the Laurel post comes to take charge of the station here. The transfer was effective on Monday of this week.

While on his way to Baltimore to report for duty, Sergeant Sharpe lost a black pocketbook containing his card, \$260. in cash and a check for \$500. for automobile licenses. The loss occurred near Sharptown.

## ATTENDS BIG CONVENTION.

Miss Helen Ullman will attend the National Convention of the Motion Picture Theatre Owners of America at the New Willard Hotel on Tuesday, Wednesday and Thursday of next week, May 8 to 12. During her absence, Ullman's Opera House will be closed. The Convention is said to be one of the biggest gatherings ever staged in the National Capitol and many interesting events will feature it.

## A FAMOUS COMEDienne HERE NEXT WEDNESDAY

Ada Jones And Her Company Will  
Entertain For The Benefit Of The  
American Legion.

Through the efforts of the Wicomico Post, American Legion, the people of this community will be permitted to hear Ada Jones, a famous phonograph star and one of the most widely known comedienne of the present day, at the First Regiment Armory on May tenth.

With Miss Jones are three artists of exceptional ability; Beth Hamilton, violinist, whose masterful touch of her instrument is a revelation; Mabel H. Loomis, soprano and pianist, who will captivate her hearers with her sweet voice; and Armstrong, the man of mystery who has everywhere made a decided hit with his magic stunts.

The Legion has been exceedingly lucky in securing the services of such famous artists and the public in general will thank them for so doing. The proceeds of the entertainment will go to the local post of the Legion.

Held as it will be under the auspices of an organization in which every citizen feels a deep, instinctive interest, and featuring such artists as those mentioned, the Ada Jones entertainment is sure to draw a packed house.

## SUPT. COOK LAYS STRESS ON TEACHING

State Education Board Official  
Addresses Woman's Club  
At Tuesday's Meeting.

## SHOWS VALUE OF NORMAL SCHOOL TO WHOLE STATE

Emphasizes Better Teaching Methods  
And Shows How Normal School  
Will Make For These Methods—  
President Appoints Nominating  
Committee To Select Officers.

Wicomico County has a greater percentage of elementary pupils who enter high school than has any other county in the State, according to Dr. Albert S. Cook, Superintendent of the State Board of Education who addressed the Wicomico Woman's Club on Tuesday afternoon.

Dr. Cook made a very impressive talk in which he strongly emphasized the need of better qualified teachers in the elementary grades, and more normal school trained instructors. Only three hundred pupils have enrolled for the normal school next year; the needs of the State require about seven hundred.

What a Normal School will mean to Salisbury was brought out by Dr. Cook in the course of his address, who advised that all students who contemplate teaching should complete high school. The establishment of such an institution in Salisbury will undoubtedly increase the normal school enrollment.

Miss McCormick, a representative of the Near East Relief, gave a vivid description of life in Armenia and made a strong appeal to the members of the Woman's Club to do what they can for the welfare of the destitute people of that country. She painted a graphic picture of the conditions under which little Armenian children are living and urged all Salisburyans to help in the Near East Relief work.

The next meeting of the Woman's Club will be the annual one and officers for the coming year will be elected. The chair on Tuesday appointed a nominating committee to bring in a list of officers from which will be chosen the leaders of the Club for 1922-23. The committee includes Mrs. Branch Phillips, chairman; Mrs. Harry Todd, Miss Louise Tilghman, Mrs. James Taylor, and Mrs. Julius Herold.

Delegates to attend the meeting of the Eastern Shore District, Federation of Woman's Clubs, were elected. They are: Mrs. L. Atwood Bennett, Miss Maria Ellegood, Mrs. F. P. Adkins, and Miss Katie Todd.

The Club also elected delegates to the semi-annual meeting of the Maryland Federation of Woman's Clubs to be held in Baltimore on May 10. These delegates are Mrs. A. F. Benjamin, Miss Maria Ellegood, Mrs. Harry Todd, and Mrs. James Taylor. Mrs. T. E. Martindale was elected delegate to the General Federation Convention to be held in Chautauque, New York in June. Two new members, Mrs. Clarence Cordery and Mrs. C. M. Mitchell, were accepted to the Club.

## MANAGER IS SUMMARILY DISCHARGED

Randolph Harrison, Manager Of  
Star Shirt Factory Here, Gets  
Quick Notice.

## HAS WIFE AND FAMILY LIVING IN BALTIMORE

General Superintendent Of The Star Shirt Company, C. H. Quinnell, Tells Other Employees Reasons For Dismissing Local Executive—Harrison Charged With Immoral Conduct.

Charged by his superiors with immoral conduct and with carrying on his pay-roll people who were not entitled to pay, Randolph Harrison, manager of the local factory of the Star Shirt Company was summarily dismissed on Saturday morning.

His actions, it is understood, have been under suspicion for some time and last week the general superintendent of the Company, Mr. C. H. Quinnell, arrived in Salisbury and went to the plant on Camden street where he asked the manager to call all the employees together on the first floor and to lock the doors.

Mr. Quinnell, says a witness, then told the workers that Harrison was being discharged and he gave them the reasons for such action. The accused man did not have a word to say in his own defense and he left the city as soon as he could make arrangements to leave. His place is being filled by Mrs. Paul Hayman, a forewoman.

The discharged manager was accused of having on his pay roll a woman whom, it is said, he was passing off as his sister. According to Mr. Quinnell, she was not entitled to draw pay from the Star Shirt Company. Harrison has been in charge of the local plant for about seven months and was regarded as an efficient executive.

Ever since his arrival here he has been active in church work and has gone to several of the neighboring communities to hold evangelistic meetings. It is understood on good authority that he was refused admission to the pulpits of Asbury Church and Wicomico Presbyterian Church by their respective ministers.

It was owing to his activities of this nature that the officials of the Star Shirt Company felt compelled to explain in full to their employees the reasons for his dismissal. When interviewed, the workers at the Camden street factory expressed themselves as absolutely satisfied with the actions of the general superintendent, and some went so far as to say that they had long ago predicted just such an outcome.

The local factory of the Star Shirt Company employs about 75 people. It has done exceptionally well here and, according to a well defined report, will be greatly increased in size in the near future.

## Strawberries Make Appearance On Mart

Gabriel Banks Of Siloam The  
First To Bring Berries Into  
Salisbury This Spring.

Mr. Gabriel Banks of Siloam on Wednesday brought to The News office a glass of strawberries which he had just picked. These are, it is supposed, the first to be picked in this section. Mr. Banks expects to start shipping the latter part of this week.

When asked what the frost had done to his berries, Mr. Banks replied that his Klondykes will bear about a 25 per cent crop, but that all other varieties are completely destroyed. He also stated that the peaches and other fruits are a total loss, due to frosts of the past two nights which followed the first heavy one of several days ago.

## ACREE-LEDBETTER

Mr. and Mrs. Charles Ledbetter of Groveland, Florida, announce the engagement of their daughter, Mary, to Mr. Edwin Acree of Orlando, Florida. Mr. Acree is associated with the National Bank of Orlando. The wedding will take place June 5th. Miss Ledbetter will be remembered by many of the younger set of Salisbury as she spent several months here visiting her sister, Mrs. Howard Tyndall.

## ROTARIANS OF SHORE GATHER HERE ON MAY 11

Nearly One Hundred Visitors Are Expected To Attend Meeting Of Eastern Shore Clubs.

About 150 Rotarians from all parts of the Eastern Shore will gather in Salisbury on Thursday evening, May 11, to knit the memberships into a closer organization. Dover and Easton have already signified their intention of being present in large numbers and there is no doubt that Crisfield will turn out in full force.

By way of entertainment, there will be a supper at which several short talks will be delivered. Charles M. Freeman, secretary of the local Chamber of Commerce, will be one of the speakers. The other gentlemen who will take part in the program have not yet been announced, but it is expected that each of the visiting clubs will be represented.

Stunts of an unusual nature have been arranged by Carl M. Paynter, secretary of the Salisbury Club, and they should prove interesting to visitors and local members as well. Perhaps one other feature of the meeting will be the proposal of an Eastern Shore Chamber of Commerce, plans for which may be fully discussed.

## SALISBURIANS TO GIVE HELP TO ARMENIANS

Near East Relief Claims Attention Of Public For Short Time—Help Badly Needed.

## MISS MCCORMICK HERE TO DIRECT MOVEMENT

Plans Will Include House To House Canvass Beginning On May 15—Church Services On May 14 To Be Devoted To Armenian Relief—Public Support Is Urged.

"One hundred thousand war orphans in the Bible lands are in need of your spare clothes." This is the appeal that representatives of the Near East Relief are making to the people of Salisbury.

May 14th has been decided upon as the date on which the preliminary work for the Relief will be started. On that day, all church services will be devoted, either in whole or in part, to a description of the needs of Armenia and how the people of Salisbury can help to satisfy those needs.

On Monday, May 15, there will be a general house to house canvass throughout the entire community when every man, woman and child in the city will be given a chance to contribute toward the financial support of the destitute Christians.

At some date to be announced later Bundle Day will be planned. On this occasion all people are urged to look through their closets and attics and tie up in bundles the old clothing for which they no longer have any use.

Among the garments particularly needed are coats, skirts, blankets, wool shirts, hose, shoes, boots, mittens, children's clothes of every sort, shop-worn garments, gloves, heavy wrappers and sweaters. Piece goods are also needed as the refugees are put to work making their own clothing when the material is available.

Things that are not wanted are: laces, silks, veils, evening dresses, satin slippers, muslin underwear, high heeled shoes, straw or frame hats. Articles of this nature should not be included among the bundles because they will simply add to the work of the collectors.

Full details of the Bundle Day will be announced at a later date. Meanwhile, the people of the city are requested to do what they can when the solicitors call upon them on Monday, May 15th.

## WILKINS—MAJORS

Miss Maude Majors of Athol and Mr. Irving Wilkins of Zion were united in marriage at Mardela Springs on Thursday, April 27, by Rev. G. W. Gorrell. Mr. and Mrs. Wilkins will make their home with the groom's parents.

## W. C. T. U. TO MEET.

Members of the W. C. T. U. will hold their regular meeting at the Elks home on Monday, May 8, at three o'clock. This meeting will be in charge of the Health Superintendent. The study of "State Government" will be the topic of the citizenship class. The public is invited to attend.

## A NEW HOTEL COMPANY IS FORMED HERE

Philadelphian Forms Incorporated Body To Build Modern Hostelry In Salisbury.

## PROMINENT BUSINESS WOMAN IS TREASURER

Four Storey, Fire-Proof Building Will Be Located On Water Street Opposite Court House—French-American Restaurant Planned—L. Estes Is General Manager And Underwriter.

After lying dormant for months, the hotel issue has again come to the fore in Salisbury, this time from an entirely new direction. Mr. L. Estes appeared in the city a few days ago and asked that a number of representative men meet him in the rooms of the Chamber of Commerce to discuss the hotel project.

Mr. Estes made known his plans and they were considered from all angles. The meeting, however, took no decisive action. Later another meeting was called and as a result, plans are on foot to raise funds sufficient to build a modern hotel.

The cost of the building is estimated at \$100,000. The plant will be four stories in height and located on the north side of Water street, facing the Court House and embracing all the property between Division and Bond streets. The hostelry will be fire-proof in every detail and up-to-the-minute in conveniences.

Each room will be equipped with shower baths and hot and cold water. The streets along the hotel front will be well lighted by cluster lights. A French-American restaurant will be conducted by the management. Only Americans will be employed.

The Commercial Travelers Hotel is the name that has been chosen for the hostelry and as that name indicates, it will cater particularly to the traveling and tourist classes.

It is proposed by the hotel company to sell stock and place the money gained therefrom in a local bank until such a time as enough funds have been secured with which to make a start. Construction will begin as soon as an amount of money sufficient to justify starting has been subscribed and paid in.

A bid for the hearty support of the people of the city is being made by the people back of the project. The officers of the corporation are as follows: L. E. Jones, president; Annie E. Toadvine, treasurer; Samuel R. Douglass, secretary. Mr. Estes is the general manager and underwriter.

## Odd Fellows Worship In Delmar On Sunday

Special Services Planned In The Methodist Episcopal Church—Rev. J. W. Jones To Officiate.

Newton Lodge No. 56, Independent Order of Odd Fellows, will attend divine worship on Sunday, May 7th, in the M. E. Church, Delmar. The services will be conducted by Rev. J. W. Jones.

Any members who expect to attend have been requested to meet at the Temple here at 9:30 Sunday morning. Transportation will be provided for the Lodge. Those who have cars are asked to use them and help carry the membership to Delmar.

On the following Tuesday, there will be a smoker in the Temple at which time Grand Secretary William A. Jones will be present to deliver an address. The entire membership is urged to be present on this occasion.

## RETURNS FROM SOUTH

Mr. A. M. Walls and Mrs. Walls, who made the trip to New Orleans on the Beauséant Special from Baltimore to attend the conclave of the Knights Templar, returned home Wednesday morning, reporting a fine journey. The other Salisbury members of the party are expected to return the latter part of the week.

## BEBEKAHS MEET.

There will be a meeting of Helping Hand Rebekah Lodge No. 23, Thursday Evening, May 4th, at which time the Degree work will be put on. Sunday evening next (May 7) all members are urged to meet at the Temple at 7:00 p. m. to march to the Division Street Baptist Church where services will be held in honor of the lodge.

## REFRIGERATOR CARS CONTROLLED BY F. C. E.

Pennsylvania System Announces That  
Fruit Growers Express Will  
Handle Cars This Season.

As a measure to secure for the public the maximum service from its specialized equipment for handling perishable traffic, the Pennsylvania Railroad will, effective May 1st, discontinue entirely the operation of its separate refrigerator car lines, and will merge all of its refrigerator cars, numbering 5,927, with those of the Fruit Growers' Express. Thereafter the Fruit Growers' Express will assume all refrigeration and protective service on the lines of the Pennsylvania System.

The Pennsylvania Railroad Management has decided upon this step as being in the best interests of the shippers and the railroads generally. Its most important effect will be to more than double the number of refrigerator cars operated by the Fruit Growers' Express. These now number 5,209. With the addition of the Pennsylvania cars, there will be a total of 11,136 available for service throughout the territory covered, which embraces the Southern and Central Western States east of the Mississippi, the Middle Atlantic States and New England.

The Fruit Growers' Express is a co-operative organization owned and managed by the leading railroads of the South and East. It has no individual stockholders and no distribution of earnings outside the owning railroads. It exists solely for the purpose of supplying refrigerator cars and protective service on fruits, vegetables and other products of a perishable nature.

Traffic of this character is seasonal, beginning during the winter in Florida and working North until the late fruit crops of Northern New York and Michigan, and the potato crop of New England, are reached. It is therefore evident that the addition of the large number of cars owned by the Pennsylvania System, to those already controlled by the Fruit Growers' Express, will assure a better distribution and a more flexible, efficient and economical use of the equipment throughout the season. It was for this reason concluded by the Pennsylvania Railroad Management that the shippers' needs are better met by such an organization as the Fruit Growers' Express than by each railroad trying locally to care for the

crops in its own particular territory and that of its connections.

The new arrangement will also secure professional attention to all details of the protective service for all shippers. The Fruit Growers' Express was organized two years ago and has developed a working force specially trained in the handling and care of perishable freight. Last year it made a particularly successful record in handling Southern products, and it was largely this fact which influenced the decision of the Pennsylvania Railroad Management.

The Pennsylvania Railroad was the pioneer in the use and development of refrigerator cars, having established the first lines through the South more than thirty years ago, in order to bring fresh fruits and vegetables to the Northern markets during the colder seasons.

## MARYLAND FARMERS DAY WILL BE HELD ON MAY 27

Livestock Will Be Given Particular  
Emphasis—Meeting To Be Held  
On University Athletic Field.

Representative Sydney Anderson, chairman of the joint commission of Congress on agricultural inquiry, will be the speaker at the University of Maryland on Farmers Day May 27th, it was announced today by Dr. H. J. Patterson, chairman of the committee on arrangements.

Economy in the production and marketing of farm products will feature the Farmers' Day program this year. Demonstrations of farm methods, which will be numerous, are being planned to meet the present needs of the farmers, according to Dr. Patterson, and will show practices that are profitable under the present depressed condition of the farmers' market. Exhibits and demonstrations will cover practically every phase of farm operation.

Livestock will be given particular emphasis on the program and the demonstrations in this subject, explains Dr. Patterson, will be designed to bring out the facts that livestock and livestock products have proved important factors during the period of stringency and offer a most profitable means of marketing agricultural crops.

At least two State farm organizations, the Maryland State Beekeepers Association and the State Holstein Breeders' Association, will hold meetings at College Park in connection with Farmers' Day. Others have been invited. An additional attraction will be the athletic meet of the schools

of Prince George's county which will be held on the new University athletic field May 27th.

Exhibits and conferences for poultrymen, tobacco growers, horticulturists and other groups of farmers are being planned. A free lunch will be served by the University.

## BALTIMORE MAN IS VAIL MEDAL WINNER

Line Foreman Gains Merited Reward  
For Good Work. Gives Mary-  
land National Representation

For saving the life of one man and relieving the sufferings of two others, George W. Acree, a line foreman of the Chesapeake and Potomac Telephone Company in Baltimore, has been awarded a Theodore N. Vail Memorial Fund Medal, thereby giving Maryland representation in the national awards for meritorious service.

The award was made by the Theo. N. Vail Memorial Fund Committee, a body of telephone executives and employees' representatives who annually select for recognition the most noteworthy cases of public service heroic action among telephone workers during the previous year.

Special commendation was also given M. W. Merson, H. L. Burrill, H. W. Walker, G. H. Heinlein, members of Acree's construction crew, directed by the foreman, these men on July 5, of last year rescued John Grant, Jerome Thomas and John R. Hawkins, of Baltimore, who had been pinned beneath an overturned automobile truck.

The telephone men were working on the lines bordering the Liberty Pike near North Branch, Baltimore County, when a loud crash was heard nearby. Acree, investigated, found the overturned truck, and called the other men. Grant and Thomas were extricated with the aid of digging bars, and sent to Baltimore hospitals.

The full weight of the truck bore on Hawkins, however, and it was impossible to move him without lifting it. This task was beyond the strength of the five men, but at Acree's direction they rigged up a block and tackle to a tree alongside the road, and hoisted the truck sufficiently to pull Hawkins from beneath it.

While the block was being put in position, one of the linemen called a doctor and ambulance by attaching his test set to the wires. Hawkins was unconscious when taken from beneath the truck, but was revived

at University Hospital and found to be suffering internally. Doctors said he would have died under the machine had he remained there much longer. Acree, the committee decided that it was in recognition of the work performed by the entire gang. Plans will be made shortly for suitable exercises in connection with the presentation.

This is the second year the medals have been awarded, three Maryland operators having been among those honored last year. The medals are given as a memorial to Mr. Vail, pioneer in the development of the country's telephone system and for years president of the American Telephone and Telegraph Company, "in recognition of unusual acts of service conspicuously illustrating the high ideals which govern the policy of Mr. Vail as to public service."

## SOIL WORK POINTS TO FARM WEALTH

"If the farmers of St. Mary's county would apply the information which the University of Maryland Experiment Station has gained through tests on the principal soil type of that county, they could add 100,000 bushels of corn, 170,000 bush-

els of corn, 170,000 bushels of wheat, 1,600 tons of hay and 3,000,000 pounds of tobacco," says Dr. H. J. Patterson, director of the University of Maryland Experiment Station. The station is conducting soil management and fertilizer investigations on the predominant soil type. The idea is to test out the agricultural possibilities of the various kinds of soil and through continued experiments to discover the most profitable and efficient methods of fertilization and the most suitable rotations of crops. The information will be invaluable when the soil survey of the State is finally completed, says Dr. Patterson, and will put into the hands of the farmers definite facts regarding fertilizer treatment and crop rotations.

"The present work involves keeping records of 750 separate plots," says Dr. Patterson. "It has already given results that would justify its extension to every county of the State and to every soil type. It not only precludes expansion but adds to the difficulties under which the work is now proceeding. Work of this kind which has such great value to the farmers of the State should not be permitted to stop. It is the only way to get the best results from the soil."

## This may be worth more than \$20,000 to you

If you had \$20,000, very likely you would invest it in gold, silver, or some other form of money. But if you were to invest it in a certain kind of work, the yearly returns on your investment would be far in excess of 100%.

Always remember that a \$20,000 investment is not secure—unless it is in a business that grows in value as time passes. It is in a business with experience. It is the only, most investment that will give you a return of 100%.

PREPARE FOR TOMORROW TODAY  
Your future depends entirely on what you do with your money today. A few hours a week, devoted to studying yourself, will do more for you than a larger salary and better pay.

WE OFFER YOU THE BEST AND MOST PRACTICAL OPPORTUNITY OF THE HOUR—A FUTURE OF PROGRESS, BY A PLAN AND METHOD OF INVESTMENT THAT WILL HELP YOU TO GAIN THE KNOWLEDGE NECESSARY FOR SUCCESS.

# EASTERN SHORE, THE GARDEN SPOT, AND SOME OF ITS TOWNS

Unpublished Facts of Patty Cannon's Early History Are Made Public—Simmons' Family Is Traced—Several Incidents Of Historical Importance Are Fully Explained—Next Week The Historic Places On Wicomico Will Be Described.

Before leaving Dorchester county, the attention of the readers of The News to a family of people who came from Virginia and located on Hooper's Island, known as the Simmons family. Hooper's Island is separated from the main land of Dorchester county by the Herring River. The first Catholic church built in Dorchester county was built on this island as early as 1692. The Simmons family went from Virginia to the island about 1800 and were very prosperous and were among the prominent families of the island.

From this island a company of Simmons went to Seila Island, in the Caribbean Sea and planted the first settlement on that faraway island, but great prosperity attended their venture and today the name Simmons is the prevailing name on the island and it is said that 75 per cent of the people are of the Simmons family. A small building is the chief industry of the island and it is said the finest small boats in the world are built there. The island is known for this splendid type of people and some of the best men on the various steamship lines come from that original family and have gone out to many parts of the country.

We trace this family back to Jacob Simmons and his brother, whose name we have not been able to get, who came to America from Germany in 1740 and located in the Province of Pennsylvania, York county. Jacob Simmons was born in 1716 in Bavaria, along the Rhine river. He married and had ten children. His wife died and left him with this large family. He married the second time and from this union were born four sons. He and his four sons by his second wife, and one son by his first wife moved from Pennsylvania to Botetourt county, Virginia, in 1780. Jacob's brother, Anthony K. Simmons, now living on the Wooddale Farm, 18 miles from Roanoke, located on National Highway from Baltimore to Roanoke, Va., between the Blue Ridge and the Alleghany mountains, at the head of an Indian Valley, is a great grandson of the Jacob Simmons above referred to. The farm contains 334 acres and is located on it, now in fair state of preservation, an Indian Fort or block house, in which Dr. Simmons' father, Anthony K. Simmons was born.

The house in which the doctor now lives at an advanced age was built by his grandfather, John Simmons, and still retains its original identity. It is 36 feet long and 20 feet broad, with three stories and an attic. The basement is built of dressed limestone, 18 inches thick, the floor above the basement is made of hewn oak timbers eight inches square. This house was built in 1812. The entire foundation rests upon a solid rock made by nature's own hand. There is still in the fireplace ten feet long and three feet deep. Within 100 feet of this ancient building are four limestone springs and one sulphur spring.

Dr. J. K. Simmons is a very remarkable man at his age and can ride horseback and has some practical though he retired many years ago. At the age of twenty he enlisted in the Confederate Army and passed through the last two years of the war as sergeant Company A, 24th Va. Vol. Infantry, Pickett's Division. He was wounded five times and captured by the Yankees and imprisoned twice at Fort Delaware.

Five soldier boys of the same Simmons family were in the Civil War and four in the American Spanish War, all going out from this same old home, Wooddale. The Simmons family has done its share and given evidence of fighting blood. The family as far as we have been able to learn has been at its best wherever and whenever duty had called them.

Walter Simmons, son of the doctor, moved, won and married one of W. M. Ake's successful school teachers, Miss Alice G. Robinson. They are now living in the historic city of Roanoke, happy and contented.

The geographical relation of our last letter was in the upper part of Dorchester county covering Calvert creek. In passing up the Nantuxent our next point of observation is what is known as Truitt's Wharf, the original name being Twiford's landing. The landing place is of stone and was built by the first settlers, located just below the wharf, which is of more recent construction.

Just opposite this place on the Wicomico side is "Tick Island" and behind this island toward the main land is "Desert Island," on which "Daniel" Phoebe found Mary, a colored woman, chained to a tree, put there by Patty Cannon and her son-in-law, Joe Johnson. In fact many colored people were chained on this island by Patty Cannon, to remain hidden until a ship could be effected.

A few years ago the timber was cut off the island and quite a number of staves were found in the logs. It will be recalled that Twiford's Wharf, which is about one mile above Sharptown, was made the stopping place and transfer point for the boat crews that captured negroes for Patty Cannon. From there they were taken to Johnson's Cross-Roads, the home of Patty Cannon, all of which is told in "Entailed Hat." While this book was written as fiction, it is a wonderful revelation of facts, giving the very names of persons figuring in it.

This Twiford (now Truitt) place was owned by a man by the name of Twiford, the first Twiford in this section. He and his wife died here and their coffins were placed in a brick vault in which has since been known as Twiford's burying ground, they are still to be seen. Captain Twiford was a captain and his wife was a Mr. Hanley, sister of Patty Cannon. She lived at the home of Ebenezer Johnson on Broad Creek, about one half mile in the mouth of the creek.

ognized leader. He went from one degree to another in his illegal pursuits until it ended in murder and he paid the supreme penalty. The widow was left with a family of girls and to get bread for these dependents she kept an inn. About this time a young man from Sussex county, by the name of Alonzo Cannon was traveling through Canada by chance stopped with Mrs. Hanley.

While there he was taken sick and Mrs. Hanley and the girls nursed him back to health. When fully recovered he married Miss Lucretia and returned to Delaware with his bride. She was spoken of as being handsome and a brilliant conversationalist. She was very fond of society and the quiet life in her husband's home soon became distasteful to her and she had associations of questionable characters who frequented her home.

At the close of a few years her husband died, it was said then, of a broken heart, on account of his wife's misdoings, but later it was believed he was poisoned by her.

After her husband's death she and her daughter moved to a home on a small tract of land about six miles from Sharptown, Maryland, near the Twiford place. She opened an inn and began to entertain travelers. Ebenezer Johnson was her follower and aided her in carrying forward her wicked schemes and was at the Twiford house at the service when he was killed by Joe Karp.

After his death his son, Joseph, married Patty's daughter and built a house in Maryland near the Delaware line and not far from Patty's home on the Delaware side. The place was called "The Manor." In the corner of the house, later in 1882, the name was changed to "Rhineland" and a post office was opened there. The two houses gave the family the advantage of living in two states or in one or the other as circumstances demanded. When a public house gave her opportunity she could not otherwise have done.

Johnson's home became the most celebrated kidnapper's tavern along the border line. In the center of the attic, a twelve foot square was covered with heavy boards and stanchions to which kidnapped negroes were shackled. It was said as many as a dozen colored people, men and women, were in this cell at one time. They were taken from there to Calvert's Ferry or Twiford's Wharf, put on board vessels and taken to Baltimore and other points for disposal.

Joe Johnson, when a plan was on foot to break up this band, went South and placed his family in a home and it was supposed Patty would go too, but before she was aware of the plot to break up the place was getting and that when she was getting ready, she was arrested. She knew that an effort would be made to arrest her and one morning she went over into Maryland at the Johnson home as she knew the Delaware authorities were planning to arrest her.

John Neal, sheriff of Sussex county, Delaware, and Jacob Wilson, deputy in Dorchester County, planned that Wilson would get her in Delaware and Neal would make the arrest. Wilson asked her to walk down the road with him and the conversation became

so interesting that she walked thoughtlessly across the line into Delaware. Wilson was a young single man and his conversation absorbed her thought and she was soon in the hands of the Delaware officer.

She was lodged in Georgetown jail but she knew her case was hopeless and before the day of trial she procured poison and put an end to her own life. This was in 1829. Her skull is in Fowler & Wells' Museum in New York.

Thus closed one of the most daring, cruel and vicious lives that ever characterized any person in civilized lands. Joe Johnson was seen by Jacob Wright in New Orleans in 1836 and presented him with a fine gold watch.

Before leaving the Nantuxent and dipping our pen in the placid waters of the Wicomico we want to mention Hayne's Creek, Ellis' Wharf, Wood-lane and the Furnace at the head of the river in connection with an iron ore bed in Wicomico county.

## WAR GASES PROPOSED FOR DESTROYING NOXIOUS PESTS

Dreadful gases that were developed for war purposes are now being tried out by the United States Department of Agriculture as a means for destroying noxious birds, animals, and insects. Some of them promise to be useful when applied under proper conditions, but it is feared that they are heavier than air and can be used on burrowing rodents, and possibly subterranean insects and pests in stored products.

The most recent proposal is to use gas to kill destructive birds that congregated in marshes. In the coming fall the Biological Survey, in cooperation with the Chemical Warfare Service, is planning to make a trial of the method on blackbirds in the Imperial Valley of California. In that region these birds are said to do at least \$50,000 worth of damage to the milo crop each year. Because of their feeding habits it is impossible to destroy these birds with poisoned baits, but, as they roost on the reeds in the marshes, it is thought that they can be killed by a gas cloud at night when the wind is favorable. The blackbirds are migratory and return to the same places year after year. It is thought that a big killing in a certain locality will probably free it of the pests for many years. A few other birds in the blackbird-infested marshes will be killed at the same time, but the department believes that these local birds will soon reach their normal numbers again.

Arrangements also are being made by the Biological Survey with the Chemical Warfare Service for investigating the possibility of using poison gases on such burrowing rodents as rats, prairie dogs, ground squirrels, and woodchucks. Tests on pocket gophers and ground squirrels by these two cooperating branches of the Government in California show that chlorine may be used with good results if handled properly. The Chemical Warfare Service used phosgene on rats in Porto Rico with promising results. Some of these war gases will be compared with carbon bisulphide for the killing of woodchucks and other rodents in their burrows.

Entered at the Post Office at Salisbury, Md., as Second Class Matter.

THURSDAY MAY 4, 1922.

## THE CRUCIAL TEST

This season will determine whether or not this county shall remain an organized community and go far on the paths of progress and profit, or shall revert to the old order with all its failures and shortcomings, its slipshod methods and consequent losses, its placid acceptance of the bad with the good instead of an energetic effort to eliminate the bad.

The Wicomico Farmers Association, Incorporated, is in a position to place Wicomico County and her neighbor, Somerset, on the trade map in red letters. It can place these counties on the map if it has the whole-hearted support of the growers of this section.

Membership in the Association now number close to one hundred. It should be several times that number. The grower has nothing to lose by joining the organization; he has much to lose by not joining it. The Association has contracted with the largest produce selling organization in the world to handle its products, and this selling organization is in position to do it, capably, efficiently, profitably.

Through its magnificent system of organization, its close cooperation between all divisions, its modern and efficient methods of marketing, the American Fruit Growers, Incorporated, can do far more for this community than it could ever do for itself. Even as an experiment toward better conditions, the proposition is well worth taking up. Yet it is certainly not an experiment.

Consider California. The State is one of the richest in the country. Her products are known far and wide. Her produce brings the fancy price every time. All this is not a matter of chance. It is the result of a well planned, well carried out campaign. But back of the campaign is the organization, and back of the organization are the members.

California without her co-operative organizations would quickly drop out of sight. Wicomico County with her co-operative organizations would quickly win a leading place among the other produce growing sections.

Join the Association now. Give it your loyalty, your support, your encouragement, the benefit of your advice. You, as much as the Association itself, will profit thereby. The berry season is about to open. There is no time to lose. Back the organization that is trying to make your county a leader not only in this State, but in all the states. Join today.

## ARE YOUR CHILDREN WELL FED?

Do your children get three square meals each day? Are they warmly clothed in winter and comfortably clothed in summer? Do they have the opportunities of attending school, of going to church and Sunday School, of playing with other children, happy and carefree and safe?

If they do, think for a moment of those thousands of starving little war orphans in the Near East, without food, without clothes, without homes, and most bitter of all, without father or mother. They do not live; they barely exist. The physical suffering of poverty is not their only suffering, for they have been persecuted and hounded past all human endurance.

For the safety of these children, the people of Salisbury can do nothing. For their happiness and comfort, for their welfare and health, there is no limit to what the people of this community may do. Let us give with our means.

The clothing cast aside as worthless by the people of America would provide comfortable, adequate covering for every unclad, destitute person in the Near East. Go through that unclad closet now, make an inspection of the attic today. The old garments that you find, tie up in a bundle and you will be advised later how it can be transferred to the sufferers in Armenia.

Remember those cold, starving, destitute, fatherless, motherless little tots far off across the ocean when you tuck your own happy children in bed tonight—and then, give with your means. Your gift will be a blessing to them and to you.

## THE PERSISTENT ANTI-PROHIBITIONIST

Starting with a gigantic mass meeting in Carnegie Hall, New York, about two months ago, a movement for modification of the Volstead law so as to allow the use of light wines and beer has gradually assumed such proportions that it now appears as a menace to the health and happiness of this nation.

The "Wets" believe that the so-called "ancient rights and liberties" of the people should be restored, and they intend to make their fight during the coming Congressional election for a repeal of the Eighteenth Amendment and for the elimination entirely of the Volstead Act.

The time for an attack on the prohibition amendment could never be more auspicious than during the next Congressional campaigns. The wet and dry issue will, for the first time, be unencumbered by presidential and party questions and the anti-prohibitionists will have a wonderful opportunity of realizing just how badly they are defeated.

Those people who have the welfare of this nation at heart, will welcome this chance of convincing once for all the "Wets" that their case is hopeless. The majority of the citizens in the United States are heartily in accord with the prohibition movement and they will take peculiar delight in showing the liquor interests next fall that the whiskey issue is a dead one.

The "Wets" are pinning their faith to a number of things, and they are hoping for success. It is said that some even pray for it. One of the strongest arguments with which they are kidding themselves is that prohibition became an actuality while many thousands of men were on foreign battle fields and therefore had no voice in the matter.

Liquor interests say they believe the returned soldiers will work for and fight for the abolition of the dry amendment. All of which goes to show how little they know of the men who placed their lives in jeopardy for their country's sake in 1917 and 1918.

Red-blooded Americans who answered the call to the colors in order that this world might be made safe for democracy, in order that Kultur should not become the ruling religion on earth, and in order to protect the life and honor of their country, would never betray that great trust, strengthened and confirmed in the heat of battle, that their country placed in them, a trust that makes it imperative for the veteran to fight every enemy of the United States, whether that enemy be Boche or beer.

If the liquor interests are looking for support from those virile, clean, patriotic American men and women who compose the American Legion and its Auxiliaries, they are deliberately deluding themselves into thinking that they have even the semblance of winning. The man who offered his life for his country, surely would be willing to sacrifice a little so-called freedom for its welfare.

Labor, according to the "Wets," will fight for light wines and beer. The "Wets" here are again as wrong as is the cause they fight for. Labor today enjoys an improved standard of living that it never would or could have obtained in pre-prohibition days.

## A Larger Helping, Please

The Commander-in-Chief of the Salvation Army is authority for the statement that prohibition has reformed sots, and this was more than even the most sanguine prohibitionist ever hoped for. Money that formerly went into the barroom now goes into the bank. So great has been the decrease in drunkenness among the poorer classes that the Salvation Army has abolished its annual "Boozers' Day," an occasion on which all the liquor-soaked derelicts were taken in from park benches, gutters, and filthy cellars, and were fed and clothed and given a chance once more to stand erect as men and women. Facts such as these give the lie to the statement that prohibition is a failure.

But if everything else were in favor of doing away with prohibition, the "Wets" must remember that the majority sentiment in this country is overwhelmingly in favor of the Eighteenth Amendment. Before the Amendment was passed, twenty-six states had already gone dry, and popular votes in forty-six states ratified the Federal Amendment.

Let the liquor interests bring the question to a final issue. Their reward for their pains will be the soundest trouncing at the polls any issue ever received in the history of popular government.

## Uncle John's Poem~

### BEWARE THE WIRELESS FAKIRS.

Watch out for the wireless fakirs. The new generation, since the scandalous stock jobbing operations that marked the advent of the Marconi wireless telegraph concern in which thousands of widows and other poor folk were robbed of their life savings, should read a little history. The public is of short memory. It will not be long before the stock jobbers will be at work offering all kinds of alluring propositions identified with the manufacture and operation of wireless telephone outfits. The danger of being swindled in these highly speculative enterprises is in proportion to the opportunity for profit, and so a double warning is necessary, because the wireless telephone business is destined to stagger the imagination before many years have passed. When the thousand per cent per day proposals reach this town, let those with loose change be cautious. Cupidity is a dangerous leader. Follow old General Conservatism and be safe.

*For your Uncle John.*

### WICOMICALITIES.

Why not put a tax on automobiles proportionate to the horsepower of the driver rather than in proportion to the horsepower of the car?

It is strange that the demand for corn and raisins has increased so materially in the past two years.

One trouble with us today is that most of our luxuries are necessary.

Incidentally, we wonder what Darwin would think of Bryan?

Organize; advertise; and realize. A good business slogan that should be well worth adopting and living up to.

A good many people seem to have gotten all "het" up over the freeze.

"America has broken the back of the biggest famine in the world's history," says a message from the American Relief in Russia. Her own back bears mute testimony to the fact.

Russian delegates at Genoa have demanded two billion francs in gold from the Allies because they supported Wrangel, Denikin and Kolchak. If the Russians had as much gold as brass they would be the richest people on earth.

Out of 134,321 votes cast by prisoners in jails, only 900 favored the repeal of the prohibition amendment. We presume the 909 were law-abiding citizens and the rest bootleggers.

"Congress in action"—the title for a new motion picture, presumably a slow motion picture.

There's nothing strange about Dempsey's unwillingness to fight in France. He seems to have had an aversion to doing it as far back as 1917.

Germany and Russia have cancelled their war indebtedness to each other. The printing presses must have broken down.

One swallow doesn't make a summer but in these rare days it seems to be just cause for rejoicing.

One movement that would be productive of results is the old-fashioned kind that started at daybreak and didn't let up until the day's work was finished.

We have wireless telegraphy and wireless telephony. Now what we want is a wireless fly screen.

### "BONUS" WRECKED CANADA

In 1919 Canada paid adjusted compensation to her soldiers. The married veteran who served three years received six hundred dollars in cash, besides the privilege of cheap insurance and a loan of up to seven thousand dollars on land—compensation much more generous than would be accorded by this country under the provisions of the Legion's bill now pending in Congress. Compensation especially liberal in view of the proportion of ex-service men in Canada to those in the United States. Certain financiers say a "bonus" would wreck this country. Here is how it wrecked Canada:

Between the first of 1919, the compensation-paying year, and the middle of 1920, the mean price of one typical Canadian rail, four public utility and twenty industrial stocks advanced from 85 to 110.

In the same period, a plotted chart prepared by an American statistician of high repute, shows the trend of general business in Canada went from 120 to 140.

In 1919 in both the United States and Canada the price level of all commodities was 118 percent above the 1913 level. It rose in both countries in the following twelve months but whereas, in the United States in 1920 prices were 162 percent higher than in 1913, in Canada they were only 157 percent higher. Canada enabled 27,000 service men to get farms which in 1920 produced crops worth \$13,935,178 and this may have something to do with the indifference in Canada's favor in the Comparative costs of commodities.

In the year that Canada paid compensation, Canadian exchange depreciated in the United States just fifty percent less than that of the other countries engaged in the war. Today the Canadian dollar is within two and one half cents of par, far ahead of the currency of other countries.

Today, we are told by market letters of various financial concerns, Canadian business is prospering. Canadian stocks and bonds are selling in the United States by the millions, recommended as safe, conservative investments. The Province of Ontario recently marketed bonds in this country, for example, with an interest rate of a fraction over five per cent, the same return as the best securities in this country pay today.

Yes, the "bonus" will run this country. It ruined Canada. Only somehow they don't realize it. Perhaps someone ought to tell them. American Legion Weekly.

### THE HOME BEAUTIFUL

I have often tried to figure out, for my own satisfaction, why so many good, substantial homes in both town and country are left unbeautiful and unplanted.

Certainly it is not because the owners do not appreciate the added charm and air of "hominess" which the simplest planting, tastefully arranged, always gives.

I have seen people of all kinds stop and exclaim over an attractively planted place. People whom I knew owned houses costing considerably more than the ones they were stopping to admire. They themselves could have had places just as beautiful, and they would have appreciated them.

Why then, did they fail to provide beautiful homes for themselves? I am satisfied, after many years of intimate contact with this problem, that the reason is a very simple one.

It is merely that most folks do not know that the secret of getting an attractive planting about their homes is to plan in advance of the planting season.

When spring comes and the "planting fever" is on the air, they would like to plant something, to join Nature in making the old world, and particularly their little nook of it, more beautiful. But, having no plans, and not having provided for anything to plant in advance, they do not know

which way to turn or what to put in, and by the time they have their minds made up, it is again too late.

If you have made up your mind that you want to have a home that is more beautiful and more attractive in its surroundings, the time to take the first step is now.

"Now" does not mean this month, or even this week—but today, tonight, right this minute while you have the thing in mind.

Just draw a rough plan of the house or the front yard or grounds around it. Just a rough sketch, on the back of an old envelope, or on one of the kid's school pads.

Mark in such trees, stone walls, fences or other permanent features as there may be.

After that, just mark in where the trees, shrubs, or other things that you think there ought to be, should go to help make more of a picture of your place. Or to give more shade in summer or protection from cold winds in winter.

In planning, as in anything else, there are a few simple rules which should be followed. The experience of others, who have planted has proved that these are safe guideposts to follow:

I should say that the very first rule to use in planning to make the home more home-like and attractive by planting around it, is to have a few big trees.

Of course, you may have these already; but if you have not, then by all means set out some. Nothing quite takes the place of evergreens, and even if you do not plant more than two or three of them, they will make a wonderful change in the appearance of the place. In addition to these, if the grounds around the house are not too limited in size, some good, fairly fast growing American trees like the Elm, Maple, Birch, or American Linden, will form the foundation for further charm and added value to the place.

In selecting a location for any of these, it should be kept in mind that while they may be small—6 to 10 ft. high—when you get them—they will eventually need plenty of room. Do not set them too near the house or driveways or walks.

Second, plant around the base of the house.

This does not mean that the entire foundation should be covered from sight. It is generally a mistake to do that. But use few flowering shrubs of drooping, graceful habit, such as Golden Bell, Spiraea, Deutzias, etc., or some dwarf growing evergreens. These, grouped on either side of the main entrance, or in front of the porch, with some taller things such as cedars, or the larger growing shrubs like Dogwood, Butterfly Bush, or Lilacs at or near the corners, will be sufficient. The difference which even a dozen shrubs, when used in this way, will make in the appearance of a house is almost unbelievable.

Thirdly, if you wish to use still more shrubs, plant around the edges or borders of the place.

Shrubs grow naturally quite close together, so close, in fact, that they touch each other, and a "border" of shrubs along the sides of the yard, or around the edges of the lawn, is always attractive. But single shrubs, spotted here and there over the lawn, are almost worse than none at all—to say nothing of the fact that it is an almost endless task to keep the grass looking neat around them.

These three very simple rules are a safe guide to follow in making plans for such planting as you may do next spring. More detailed information about the different kinds of shrubs, plants and flowers will be given in the following articles on this page.

But keep in mind that the most important thing is to make your plan now.

### WASH MILK CANS AS SOON AS EMPTIED, SAYS DEPARTMENT

The milk can has the same relation to the wholesale trade as the milk bottle has to the retail trade, and it is just as important that it be washed immediately after being emptied, say the United States Department of Agriculture. Milk dealers have appliances for washing and sterilizing the cans, but this does not excuse the buyer from rinsing them before they become sour as a result of the multiplication of bacteria in the film of milk left in the can. Cans that become foul in this way are hard to clean when they arrive at the plant.

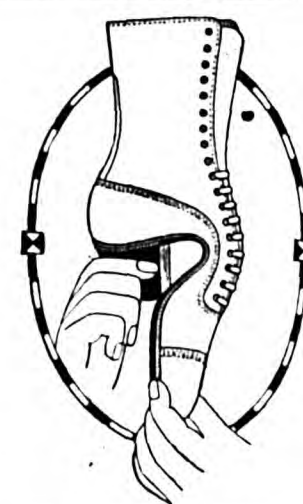

Investigations show that hotels, restaurants, bakeries, and other places which buy milk in wholesale quantities do not always give proper attention to the containers. As soon as the cans are emptied they are placed on the doorstep or left in a warm room until collected by the dealer. They return to the plant teeming with bacteria, and the mechanical washers will not always clean and sterilize them thoroughly. They must be soaked, washed by hand with a brush, and then sent to the machine washer.

Consumers can help a great deal in making it easier to maintain a safe milk supply. All that is needed is a little care at the right time, says the department.

### Easy Explanation

"I say, Stalker," he said, "you remember you told me you had hunted tigers in West Africa? Well, Captain Smith tells me there are no big tigers there."

"Quite right, quite right," said Stalker, blandly. "I killed them all."—London Opinion.

## Do You Want a Vacation?

A real vacation, that builds you up in strength and energy, that puts a new gladness in your step? It is a vacation that you can prolong for week after glorious week, always gaining in health and efficiency. You want such a vacation? Then try the Cantilever Shoe.

Give your feet a Cantilever vacation. Your whole body will feel better. Ordinary stiff-soled shoes restrain the foot muscles, check the circulation, weaken the arch, upset the nerves, and subtract from your strength and your vitality. But the Cantilever Shoe gives the foot perfect freedom. It has a flexible shank that bends WITH the foot. It encourages the foot to exercise. Cantilevers correct and prevent flat foot by strengthening the muscles surrounding the bones of the arch.

The natural shape of the shoe and the well-set heel encourage correct posture. With the weight properly distributed, you can walk or stand for a long time in Cantilevers without the fatigue experienced in other footwear. The style of Cantilever Shoes is correct for daytime wear.

Trim oxfords in several leathers or white linen; also high shoes.

Sold in Salisbury only by us.

**R.E. Powell & Co.**

## Salisbury and Commercial Travellers' Hotel, Inc.

Are synonymous. Each stands for comfort and hospitality. Each welcomes the stranger and the traveling salesman within its gates.

The location is all that could be desired—in the heart of the most desirable part of Salisbury. A frontage of 100 feet on Water street opposite the County Court House.

The stock for the erection of this project will be placed on sale in a few days. All revenue received by the Company from any source whatever will be deposited in Salisbury banks and handled exclusively by local officers.

The greatest money making business in the country. The Hotel Business is exceptionally safe and stable.

For full information or any particulars regarding the Commercial Travellers' Hotel, Inc., please communicate with

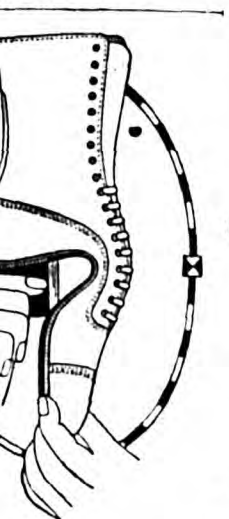

ANNIE E. TOADVINE, Treasurer.  
Salisbury, Maryland.

## SHARPTOWN

O. W. Owens and George Stokes spent much of last week in Baltimore. Dr. Lewis De Hon and son Lewis, Jr., were in Wilmington a few days last week.

Mrs. Harvey Twilley is home from Norfolk, Va., where she was visiting her daughter, Mrs. Kenneth Moore.

Mrs. Mary Williams of Salisbury was the week-end guest of Mr. and Mrs. N. W. Owens.

Miss Florence Gougeon entertained at her guests on Tuesday evening of last week, Mr. and Mrs. U. T. Gravenor, Dr. and Mrs. H. S. Kuhlman, Mr. and Mrs. E. K. McIntosh, Chas. Windsor, Misses Lydia Wright and Elsie Howard of town and Robert Wilson and John Armstrong of Mardela Springs. After the social hour refreshments were served.

Mrs. Ethel Jones of Wilmington, is spending a few days with her father, Hiram A. Windsor.

Capt. A. C. Lowe is at home from Philadelphia spending a few days with his mother, Mrs. Clara Lowe.

Mrs. Henry S. Dulaney spent a few days last week at Felton, visiting friends at a former home.

Mrs. James Jones of Quantico is the guest of her mother, Mrs. Clara Lowe. Dr. H. S. Bennett has made considerable improvement to his large drug store by putting in four glass floor cases for cigars, candies, toilet articles and sundries.

John B. English of Philadelphia is the guest of Mrs. L. N. Dickerson. Mr. English moved from here to Philadelphia about thirty-five years ago, but comes back every year to renew old acquaintances.

Henry Walton of the Battleship "Florida" is the guest of Charles R. Fletcher with whom he lived a few years ago.

Mrs. Franz Fanks of Salisbury was the week-end guest of her mother, Mrs. W. R. Robinson.

U. T. Gravenor has made extensive improvements to his front yard.

Mrs. G. C. Hitch and daughter, Miss Myrtle of Philadelphia were the Sunday guests of Dr. and Mrs. H. S. Bennett.

Rev. V. S. Collins district superintendent of Salisbury district held the first quarterly conference here on Saturday night and preached in the M. E. church on Sunday to a large congregation.

Hornea Horn, local manager of the Topsis Shirt factory spent Saturday and Sunday in Wilmington.

Mr. and Mrs. Joseph Harris and son Joseph, Jr., of White Haven were the Sunday guests of her mother, Mrs. Alice Brach.

W. T. Daniels, general manager of the Sun Shipbuilding Co., Chester, Pa., was in town last week looking up ship carpenters. Many carpenters here worked on the ship during the war and he was very anxious to have them all find employment. None of the men have found a job, and may not for a few weeks. Daniels is in the Maryland Docking Co. a box, some have gone to Canada, N. J., and others are working in the South Williams yard at Salisbury, building and lodging at home, going and coming on the bus.

The school children of L. H. Rhodes, Capt. W. J. Rhodes, are loading pineapples here after taking on loads of brush up the river. The brush is being carried on the Nantuxco river.

The bushes from ten to fifteen feet long are cut down and put in bundles and drawn right with wire, each bundle is made from twelve to fifteen inches thick. The cargo will be taken to Racoon Creek, New Jersey coast and sold in the construction of a jetty.

Charles Webster who owns the cannery here which was idle last year will operate at the year and farmers will grow tomatoes for him. He started the cannery in the regular tomato in the summer of a bushel, for the tomato is so small he could contract for it. The cannery is in a very short time he had secured contracts for more than two hundred bushels of tomatoes. Mr. Webster assured the farmers that he will can the tomatoes. This proposition means a great deal to our farmers.

Home of the retired baseball player, who has a reputation, has moved to the recently bought from the late Mr. S. M. Smith.

## GOOD FARM For Sale

Improved farm in Southern Neck, near new boat line and in Salisbury, Philadelphia and New York, at village school, post office, stores, churches, splendid land for grain, hay, fruits, vegetables, trucks, berries, cattle, good water, climate, health, people, seven room two story dwelling, two story barn. Great opportunity for enterprising man with a vision. Address Box 29, Richmond, Virginia 19-729.

who made a success of the poultry business for two years will greatly increase his stock, and do business on a larger scale. He will call his poultry farm the White Diamond Poultry Farm.

A force of men began excavating on Monday for a new building for the Sharptown Shirt Company, located near the residence of Capt. O. N. Bennett. This factory has been running for some time as the property of O. N. Bennett. The business has been steadily growing and they found they did not have room enough. They will build a new department 24 feet by 80 feet, just doubling their capacity and increase the force of operators. The building will be rushed to completion. George Sewall of Mardela has charge of the work. The expansion of this industry means a great deal to the prosperity of the town.

Mrs. Beatrice Gillett of Ellicott City is the guest this week of Mr. and Mrs. Archie Brody.

## REEDVILLE

Mr. L. S. Moission spent the past week end in Baltimore, returning to Reedville Sunday night on the Piankatank, with Mrs. Morrison, and their little daughter Covington; who had been visiting Mrs. T. E. Noel and family there.

Field Day at Reedville High School, passed off very pleasantly, and successfully in every way in spite of the very cold and disagreeable weather. Thomas Blackwell, of Sunnybank, was the champion athlete of the year, Richard Evans, of the M. E. parsonage, being a close second. Miss Mildred Edwards, of Fleeton, was Senior champion for the girls, Miss Anna Lee Morrison, intermediate champion last year, having one point less. Little Miss Eva Morrison, was intermediate champion this year.

Mr. and Mrs. J. W. Pearson, of this place, spent several days in Baltimore last week.

This has been Children's Week with the Methodists in town, beginning with a Parents Meeting at Bethany Sunday afternoon, conducted by Mrs. E. C. Jett. A beautiful quartette was sung by Mr. and Mrs. W. B. Crowther, of Tibitha, and Messrs. E. H. Jett, and C. W. Haynie, of Reedville. At the same hour in various other rooms the children were guests of honor, and were being entertained by their teachers in the age-old, fascinating form of "Story-telling." On Monday night at "The Reedville Theater" the Sunday School was given a movie treat which was much enjoyed, especially by the little folks. On Wednesday afternoon another story telling program was given at the Church here. Bethany-Children's Day will be observed this Sunday, as a climax to the week's proceedings. An interesting program is being rehearsed, consisting of Drills and Songs, recitations, etc. A junior choir is being trained for the occasion by Mrs. Chas. Lofland. Miss Janie Marsh, and Mrs. Owen Booth, are helping also.

Mrs. Hardesty, formerly of Crisfield, now living in Baltimore, has been visiting her sister Mrs. Susan Toulson, of Reedville, for some time.

The "Blundon" from the Seaboard place here, left the first of the week for Baltimore, in command of Capt. J. Frank Haynie. Mrs. Haynie accompanied her husband, and Capt. Cye Haynie, of Reedville, also made the trip visiting his son, Mr. Rudd Haynie and family, in the city.

Mr. C. S. Towles, and Mr. J. W. McAloney, of this place were in Richmond last week, nattering over in the Towles Ford. Mr. McAloney spent the time with Dr. and Mrs. C. H. Thomasson, and attractive little Miss Laura Mae. Coming home they stopped over at Montross, where Miss Sarah Knox, the former Hopkins nurse, is on trial for the murder of a jetty.

Charles Webster who owns the cannery here which was idle last year will operate at the year and farmers will grow tomatoes for him. He started the cannery in the regular tomato in the summer of a bushel, for the tomato is so small he could contract for it. The cannery is in a very short time he had secured contracts for more than two hundred bushels of tomatoes. Mr. Webster assured the farmers that he will can the tomatoes. This proposition means a great deal to our farmers.

## ANOTHER POOR LITTLE RICH GIRL?

Miss Isabelle Rockefeller

With the arrival in New York of little Violette Helene de Talleyrand, daughter of the former Anna Gould, and sometimes called the poor little rich girl, in charge of a mail, some renewed reports of domestic difference between the Duke and his American wife, Little Violette was almost sent to Ellis Island on her arrival, being rescued at the crucial moment by her aunt, Mrs. Emily I. Shepard, formerly Helen Gould White Violette.

Miss de Talleyrand

Mrs. Eastlake, Mr. Grafton Haynie, of the Moyer, Mr. Carlie Skelton, of Reedville, and Mr. Tom Berry, of Tibitha, while motoring in the upper part of the County last Sunday, had an auto accident, so we are told, which brought injury to Mr. Berry, in the form of a broken collar bone, and several cuts on the head, and damaged Mr. Haynie's car somewhat. Friends were glad they came off so luckily, and with so few broken bones.

Mr. S. Clyde Haynie, has on display at the Reedville Motor Service Co., were sent up from Virginia, and through no second prize was offered, her Mr. Firestone was so impressed with the excellence of her essay, that he sent her an exceedingly bound book entitled "The Paths Of Inland Commerce," accompanied by a letter of commendation, almost calculated to turn the head of a school girl less than Mr. Mildred Towles. The scholarship which carries a monetary value of four of five thousand dollars, was won last year by a West Virginia student. All honor to her, but we are hoping the prize will be awarded this year, to our hard-working, ambitious Reedville senior.

Mr. E. B. Moore, of Palmer and Moore Co. here, recently received a lot of beautiful new Buick's for spring selling. They are also demonstrating a handsome new Cadillac. Automobiles have been selling slowly the past year or two, or indeed since the war time depression, but dealers hope for brighter days.

Rev. Mr. Evans, of this place, gave a splendid talk to the Reedville I. O. O. F., at Bethany Wednesday evening last, at the hour for the mid-week prayer service, quite a good many members of the Lodge attended, and the usual church-goers were there also, enjoying the special service.

The Sunbeams of Fairfield's Baptist Church, at Burgess Store, have been doing a very good work the past year in the way of piecing quilts, which are to be sent when finished, to needy schools in which the Baptist church is interested. They were asked for two, we are told, and have enough squares for four. The Aid Society of the Church met with Mrs. T. Wayland Marsh, of Reedville, Thursday last, for a very pleasant day, and a "quilting bee," finishing up the work done by the young Sunbeams.

ed for two, we are told, and have enough squares for four. The Aid Society of the Church met with Mrs. T. Wayland Marsh, of Reedville, Thursday last, for a very pleasant day, and a "quilting bee," finishing up the work done by the young Sunbeams.

The sound of jazz bells, auto horns, and other noise making instruments, (that strange parody on a serenade, which prevails in this section) was heard here last week, bringing to our minds the welcoming home of Mr. and Mrs. Jonnie Mazingo, who surprised her people by their marriage recently. Mrs. Mazingo and Miss Leona Bowen, a daughter of Mr. and Mrs. Joe Bowen, of Fairport, and a recent pupil at the Reedville High School.

Dr. Frank W. Lewis, of Moratle, in Lancaster, Superintendent of Schools was at Reedville High School last Thursday in his official capacity. Spending the night at the Reedville House. Dr. Lewis has been appointed County Director for the Community Life Campaign in Northumberland.

It is very cold at this time, and our early fruit trees show signs of frost in the blackened fruit, and in the small quantity now left on the trees. Some farmers of experience think the damage will be slight in this section, though higher "cup country," it is said to be extremely heavy. We are hoping to be able to get plenty of strawberries this spring via the Eastern Shore steamer, from that land of abundance, since we never have very many here.

Mrs. M. M. Booth, of Lillian has improved and was in our town last week after being very sick recently. Capt. James E. Marsh, of Tibitha vicinity, who has been sick since January, is improving slowly. Many friends are sympathizing, and hoping for his ultimate recovery.

Verbal Barrage. "Shall I go over the top?" asked the talkative barber, pointing his shears.

"Yes, as soon as your great-grandfather is over," answered the weary customer. —The Traveler's Beacon.

Mistake Somewhere. Hubby: "What does this mean? I opened a banking account for you last week, and now I learn that it is overdrawn."

Wife: "Impossible! I have half of the checks still left!" —Morgen-dorfer Blaetter (Munich).

## "CAN I BUY CLOTHING AT THE RIGHT PRICE TODAY?"

Lots of men are asking themselves that question. If the answer is "yes" they are ready to buy. We'll answer "YES" for them. The greatest reductions you'll see in clothing, have already occurred—the major reductions are already available.

That means that there's nothing much to wait for—if you need clothes now it isn't going to pay to wait until next season to get them.

Come in and let us show you the newer models in clothes that were

## MOTOR SMASH-UP LEADS TO GIN'S CONFISCATION

Two Men From Baltimore Held Here As Bootleggers. Wreck On Camp Avenue Causes Arrest.

Charged with transporting liquor, Cyril Reynolds and Alex Green, both claiming Baltimore as their homes, were arrested Monday night by Sheriff Farlow and lodged in jail. They were traveling on Camden avenue about ten o'clock Monday evening when the Studebaker in which they were riding collided with a Buick driven by Mr. Wm. J. Taylor.

When the wreck was investigated, five or six cases of gin were found and the two Baltimoreans were immediately placed under arrest. They stated they were on their way to Crisfield.

On Wednesday they were tried and convicted. They were given the option of six months in the house of correction or a fine of \$200, the fine to be paid within the next five days.

## Sharptown Pupils See Shakespearian Plays

Fourteen Students Of The Graduating Class Journey To Philadelphia For Week End.

On Thursday of last Prof. E. J. Ford, principal, and Miss Emma Cault, a high school teacher, fourteen members of the graduating class and two young ladies, all of Sharptown, went to Philadelphia for the purpose of seeing three of Shakespeare's plays, "Hamlet" on Thursday night, "Taming the Shrew" on Friday night, and "Twelfth Night" on Saturday night.

Members of the graduating class are Misses Ruth Cooper, Hazel Bennett, Louise Phillips, Blanche Bennett, Dora Pritchard, Ada White, Lola Wheatley, Mabel Messick, Julia Owens, Hazel Smith and Messrs. Scott Bennett, James Bounds, Chauncey Nuttall and Charles Nuttall.

## State Treasurer Is A Salisbury Visitor

Honorable John M. Dennis, Guest Of State Comptroller William S. Gordy, Jr.

State Treasurer, Hon. John M. Dennis, persistently mentioned as a candidate for Governor next year, was the guest last week of State Comptroller William S. Gordy, Jr., at his home on Lemon Hill. Large numbers of the State Treasurer's friends called to pay their respects.

There seems little doubt that he will be a candidate for the governorship next year, running against Albert C. Ritchie who has just announced that he will seek the nomination to succeed himself. If Mr. Dennis flings his hat in the ring, the fight will probably be one of unusual interest.

## SELBYVILLE TO HAVE LIGHTS

The town of Selbyville is contemplating taking over from the ice plant its lighting plant, increasing the size of the plant, and putting it in shape to furnish lights and power for the entire community. An engineer of the Western Electric Company was in town on Tuesday to go into the details of the question.

## Can't Use Flag This Way.

Use of the Stars and Stripes to advertise a junk shop of a fish market is forbidden in New York. Following in American Legion's issuance of last week, noting over in the flag, the New York Legislature passed a bill prohibiting reproduction of the flag on "business stationary."

## Legion Buys 'Phone Exchange.

Fed upon "wrong number," "line's busy" and "line's out of order," the American Legion Post of Decatur, Ark., bought the city's telephone company and after overhauling the system, will operate it.

## Favors Compensation.

The Republican party of Minnesota, assembled in State convention, unanimously voted resolutions in favor of the American Legion's adjusted compensation measure.

## Speed Up Hospitals.

Efforts to speed the construction of hospitals where young American service men, insane from their war experiences, may be treated, are being directed from National Headquarters of the American Legion here.

C. J. Harris, head of the Legion's service division, reports an alarming condition due to the lack of proper facilities for quartering and treating the demented veterans. More than 9,000 young men, whose afflictions range from harmless mental disorders and high nervous tension to raving insanity, are confined in Veterans Bureau hospitals alone, while at least 3,000 more are held in contract institutions, State and County insane asylums, and private hospitals.

In a city near Indianapolis, Mr. Harris reports, a service man, shell-shocked in military service, became slightly mentally unbalanced and began acting queer," according to his family. The case was reported to the Veterans Bureau, but instead of allowing the Bureau enough time to find a place for the patient, the parents took him to an insane asylum for observation. While being observed, however, a document legally committing him to the insane asylum was read to him. The commitment for insanity so preyed upon the shell-shocked young man, Mr. Harris declares, that shortly he became a raving maniac, confined in a padded cell. The Langley bill, recently passed, provides for the construction of one neuro-psychiatric hospital in each of the Veterans Bureau's 14 districts. Trained personnel for treatment of the demented veterans is sadly lacking, however, and the National Rehabilitation Committee of the Legion, making a study of the problem, has recommended that a training center be established without delay.

The Legion has noted an increase of one per cent in the number of insane veterans, National Headquarters reports.

## Forbes, New Director.

Col. Charles R. Forbes, director of the Veterans Bureau, now is the one man in the United States directly responsible for the proper care of the sick and wounded veterans of the World War, according to National Commander Hanford MacNider of the American Legion.

Passage of the Langley bill appropriating \$17,000,000 to complete building of permanent hospitals under Mr. Forbes' direction and the announcement that public health service hospitals in which service men are patients will be transferred to the control of Col. Forbes, centralizes completely responsibility for care of the war's disabled in the hands of one man.

"This means that the Legion's three year legislative fight is won, but it also means that the country is just three years too late in adequately caring for its disabled," Mr. MacNider declared. "The armistice was hardly signed before it became apparent that the machinery of rehabilitation was clumsy. There were three separate bureaus with which the disabled veteran had to deal—one for the payment of compensation, another for hospital and medical care and another for vocational training. Responsibility was divided three ways."

"The Legion drew up a program to remedy this condition and obtain the backing of the country. But by this time 150,000 pending claims for compensation had been amassed and 300,000 unanswered letters. Departments passed cases back and forth between them while men died in want."

"Finally now the machinery is in order. One man, the head of the Veterans Bureau, controls insurance, compensation, vocational training and hospital and medical care. Furthermore, the power to make decisions and awards has now been allotted to districts so that there is personal contact with claimants."

## Build Log Clubhouse.

Farmers gave a grove of 200 trees and the village gave a lot to the Elkhart, Ind., post of the American Legion when it wanted a community home. The ex-soldiers will erect a log clubhouse, doing all the work themselves.

## SPECIAL THIS WEEK

### Womens Muslin Underwear in a May Sale

Those who come and see will not be sorry, for they will profit there by. Those who neglect to come will be regretful when they hear of their more fortunate sisters' good savings.

A vast collection of lingerie that has been assembled on our special tables on the first floor—at prices by far the lowest than they are likely to be some time to come.

Teddies Envelope Chemises Pettibackers  
Billie Burks Gowns Step Ins Camisoles.

They are to be had in muslin, batiste, nainsook, long cloth; trimmed in embroidery, lace, Philippine Hand embroidery. Colors are pink, white, flesh and orchid.

THIS SALE WILL BE DISCONTINUED  
AFTER MAY 10th.

**R.E. Powell Co.**

## Loses Voice From Gas.

Poison gas inhaled by American soldiers in France is beginning to show its effects by causing service men to lose their voices, investigation by the United States Veterans Bureau here shows. The bureau has asked the American Legion to inform gassed veterans whose ability to speak is becoming impaired to report to the nearest Bureau physician for examination.

The first successful surgical operation upon a veteran suffering from a tumor on the vocal cords as a result of exposure to gas has just been reported by the Bureau. The former soldier is Brig. Gen. Roy V. Hoffman, Oklahoma City, Okla., attorney, who practically lost his voice.

Gen. Hoffman's voice is now completely restored as a result of the operation, performed by Dr. Chevalier Jackson, Philadelphia, the Bureau announces. It adds that a large number of young veterans have recently been found to be suffering from tumors of the vocal cords, due to pressure, and thus affecting the voice.

The Legion is asked to spread the information and to get service men suffering from a growing inability to speak to go before Veterans Bureau doctors for prompt examination. If the case warrants the Bureau announces, the former soldiers will be sent East for operations.

## Gives Up Charter.

The Naval Aviation Post of the American Legion, New York City, composed principally of officers listed in the social register, has relinquished its charter because of the National Organization's fight for adjusted compensation. "Cancellation of this post's charter reduces the total number of Legion posts from 11,022 to 11,021," National Commander MacNider said when told of the Naval unit's action. "Fifty-six new posts have been chartered since April 1. The loss of the naval aviation unit, therefore, reduces our net increase for 14 days to 55 posts."

## Masquerades As Vets.

The practice of prohibition enforcement officials wearing the army uniform to trap violators of the liquor law caused the American Legion of Norfolk, Va., to register a protest with Secretary of War Weeks, who took immediate action. The Legion alleged desertion of the insignia immortalized by American arms during the World War.

## HEREDITY THE REASON FOR BLACK LAMBS IN THE FLOCK.

The appearance of black lambs in a flock made up entirely of white sheep has been for ages, and is still, a cause for wonder and the basis of superstitions. But the study of the laws of breeding and heredity has explained the reasons for the sporadic appearance of these off-color specimens. In a letter to a farmer who reported 25 black lambs from a flock of 175 purebred Shropshire ewes, feeds the cause, the United States Department of Agriculture gives a clear statement of the principles involved.

Feeding and management of sheep, says Dr. Sewall Wright, specialists in animal genetics, have nothing to do with the appearance of black lambs. The black color is hereditary even though it may be transmitted by ordinary white sheep. The black color in such a case is what is called a recessive character. White sheep which transmit this character at all transmit black in 50 per cent of their reproductive cells (ova in case of ewes and spermatozoa in the case of rams) and white in the remaining 50 p. c. Thus, such white sheep mated with blacks (which can only transmit black) produce 50 per cent black lambs and 50 per cent white. All of these white lambs can transmit black.

White sheep that transmit only white, mated with blacks, produce only white lambs, but all of these lambs can transmit black. When both ewe and ram are white, but both transmit black, about 25 per cent of the lambs are black, 50 per cent are white, which transmit black, while the remaining 25 per cent are true-breeding whites. In this case it is an even chance that a given ovum will transmit black and an even chance that it will be fertilized by a male cell which transmits blacks, making one chance in four that both transmit black, which is necessary for the production of a black lamb.

With 25 black lambs appearing in the flock, it is indicated that about 100 of the 175 ewes transmit black, assuming that all of the rams used transmit it. If not all the rams used transmit this color, then it is probable that an even larger number of ewes transmit it.

## Warned

Clergyman (who has sat down next to slightly intoxicated man)—"Do you allow drinks on this car?"  
Conductor (low voice)—"It's all right so long as you don't get noisy."  
Gargoyle

On the first of each month you'll find every new Record brought out by the Victor Company at our Store. Get the habit of coming the first of each month to hear them.

Address \_\_\_\_\_  
Former organization \_\_\_\_\_ Are you a Legion member? \_\_\_\_\_

If you are a Legionnaire, to what post do you belong \_\_\_\_\_  
I will (not) attend the memorial services in Salisbury this year \_\_\_\_\_

## COMMENT OF COUNTY AGENT COBB ON AGRICULTURAL HAPPENINGS

We have been on a hunt trying to find the man in this country who made \$1,400. with 1% acres of lettuce and only 300 to 400 feet for pipe. It has been an unsuccessful hunt and are now writing to the writer of said article in the Sun to see if he will give us some information as to the person. Reports like these, especially in city papers, have a bad effect in that they give the consumer a wrong idea of the profits and returns to the growers. If reports like these were true the farming profession would be filled to overflowing.

Some differences of opinion as to the amount of damage that the late frosts and freezes did to the fruit crop. We admit that we were of the same opinion that our growers were exaggerating somewhat but when we examined hundreds of buds and found that they were killed we changed our mind. It is not possible to look at the buds or trees and tell whether or not the buds are alive or dead and many people are doing just this and then saying that their fruit is not damaged. It will please us very much to find that our estimate was too high because we are not anxious to make such a "gloomy" report.

The old saying that there is nothing new under the sun is obsolete today for we read that in Camilla, Georgia, the doves are destroying the young cantaloupe plants and unless a remedy can be found that the crop will be ruined. We have known that bugs and insects damage this crop but this is the first time that we ever heard that doves were also enemies to the cantaloupe growers. This only bears out what we have said right along that even a county agent does not know it all.

Chas. Freeman had quite an idea when he built his hot bed and it looks as though it might be a good idea for more growers to adopt unless he has a patent on it. According to the looks of the plants in the bed and results he has had with it we cannot see but that it is as good as any hot bed could be. Not knowing who origi-

nated the idea we do not want to give Charlie too much credit but we do want to say that the scheme looks good and should bear repeating.

Dehydrated, or dried, fruits and vegetables are becoming the fad and we are getting information and material on the above topics to see if the proposition is practical for us in this county. We have a part of a Porto Rican potato that has been dried for over three years and is still holding its color and flavor. Sweet potato syrup is another thing that we are getting information on and if these two ideas are practical our growers will have a market for jumbos and culls that now are very often thrown away.

Reports say that cantaloupe growers in the Turlock section are cutting out cantaloupes to some extent this year and are growing cucumbers for pickling in their place. This looks practical and the figures that we have been able to obtain show that it may be a good idea for some of our growers to try the same thing. Just as soon as we get all the information we are after we expect to get to work on the above propositions and with the help and co-operation of Charlie Freeman and the Chamber of Commerce, hope to get something started.

In order to save time which is important on the farm, the following method is suggested in treating Irish potatoes for scab. Use one pound of

### "E" IMPORTANCE

Someone has advanced the opinion that the letter "e" is the most unfortunate letter in our alphabet, because it is always out of cash, forever in debt, never out of danger, and in hell all the time.

For some reasons he overlooked the fortunes of the letter, so we call his attention to the fact that "e" is never in war and always in peace. It is the beginning of existence, the commencement of ease, and the end of trouble. Without it there would be no meat, no lies, no heaven and no revolution. It is the center of honesty, makes love perfect, and without it there would be no editors, devils, news nor jokes.

ANNE BREWINGTON.

formalin to fifteen gallons of water, heat this solution to 120 degrees and treat the potatoes for two (2) minutes. The old method used cold water and we had to treat the seed for one and one-half hours.

Sulphur has given good results when used on land for sweet potatoes as a preventive of scurf, or freckles, and ground rot. We have been offered some of this inoculated sulphur

### Federated Clubs Will Hold Convention Soon

Eastern Shore District To Have First Big Gathering At Hurlock Since Its Organization.

The Eastern Shore District Federation of Women's Clubs will hold the first convention since its organization on May 17th at Hurlock, Md. This meeting will be a most interesting and important one, and it is expected each club in the district will be well represented. The District President, Mrs. A. A. Hathaway will preside and address the convention. An address will also be made by Mrs. F. M. Sanderson, State President.

The morning session will hold from 11 to 1 o'clock and luncheon from 1 to 2, following by an afternoon session when subjects pertaining to club work will be discussed.

to try and will be glad to get some for any of our growers who had this disease on their potatoes last year. If these growers will let in touch with this sulphur to try out so that they may see whether it is worth while or not. The idea being that scurf is worse in sweet soil than in sour or acid soil and that sulphur will create enough acidity to prevent the spread of this disease.

L. W. Dorman thinks that he has found a grass mixture that will grow and stand up under trees as a lawn grass. We are watching his seeding very closely as it will be something well worth knowing if he has succeeded as we have tried and seen any number of mixtures seeded that have started well but would not carry through.

### COLLEGE PLAYERS HERE

The students of St. John's College will give their play, a farce entitled "Stop Thief" at the Salisbury Armory on the evening of May 12 at 8:00 P. M. This play promises to surpass "Officer 666," their play of last year. This will furnish a splendid opportunity for the Alumni of St. John's to renew old acquaintances. There will be a dance after the play, music being furnished by the St. John's Orchestra.

## Dizziness Impairs Mental Capacity

Weekly Health Talk No. 8  
By Dr. J. Harry Biron, Ph. C.

Without in any sense losing his mental ability to think and exercise judgment, the victim of dizziness and impaired eliminative functions, is mentally incapacitated. He has a brain but he cannot use it. He suffers a loss of time. He suffers a period of genuine misery.

Dizziness may have any one of a number of causes, but the most common cause is due to an inactive liver. Bowel wastes are retained. The victim feels dull and feverish and on arising everything is black for an instant and there is dizziness. The dizziness otherwise known as vertigo, is not so commonly suffered. Victims of vertigo are in danger of falling whenever they attempt to walk. Chiropractic spinal adjustments remove the cause of dizziness, whether it be due to retained wastes, or is the result of vertigo.

### DIZZINESS WAS AFTER EFFECT OF THE "FLU"

"After a very severe attack of influenza in 1918 I suffered severely with dizziness. After trying many methods without relief I turned to chiropractic. After the second adjustment there was a change for the better. After others I became entirely well. It is now three years since I have taken any adjustments and these three years have been spent under a heavy mental strain. I am a Methodist preacher serving a charge of seven churches." Rev. J. C. Williams, Chiropractic Research Bureau, Statement No. 13131H.

## CARING FOR THE HOME FLOCK

Growth must be constant and normal. Anything in the feeding or the care which retards the growth of the young chick lowers its vitality, and chickens or fowls of low vitality are never profitable. Therefore, see to it that the foodstuffs are so mixed and so fed that only chicks of the greatest strength and vigor will be grown, and it is absolutely necessary that the growth-promoting principles be present in the ration.

The first solid food should consist of fine commercial limestone chick grit scattered around over places of cardboard placed just outside the hover curtain. The bright particles attract the chick's attention and many of them immediately begin to eat it, and others hearing the noise of the pecking of the bills on the paper follow their example.

A few, however, may remain under the hover, which makes it necessary at every feeding to look under the hover curtain and force outside any chick that may be there. Grit is an aid to digestion and must be supplied to chicks kept indoors, either in the form of commercial crushed stone or coarse sand. The former is to be preferred; it goes direct to the gizzard which is then prepared for the coming of the nutrients. The function of grit is said to be three fold; it supplies mineral matter which is necessary for the proper growth of the body; it helps to grind the food in the gizzard, and improves the mechanical condition of the partly digested food, permitting a more effective action of the digestive juices.

Grit must be before the chicks constantly, scattered about in the litter, or it may be fed at intervals mixed with the cracked grains, and after the first week or ten days it may be fed in an open box or hopper. If scattered in the litter the chicks will have more incentive to work, and work is vital to the continued health and vigor of the chick. Grit is sometimes sold as a constituent of certain commercial chick feeds. The purchaser then has to pay from 2 to 4 cents a pound for the same thing that if purchased separately, would cost him from one-half to 1 cent.

There is nothing better for the first real feed than rolled oats, broken into smaller bits by rubbing between the palms of the hands. After the first two or three feedings the breaking of the particles will not be necessary. With the oats should be mixed a little bran, consisting of about one-fourth the mixture and it should all be scattered like the grit on the cardboard; after a day or two the cardboard may be dispensed with in order to get the chicks to scratching in the litter as soon as possible.

The second feeding consists of oats and well cooked egg, fed in long, shallow troughs. This differs from the boiled egg in that it is first put in boiling water and then immediately set back on the stove to simmer for twenty minutes; by this method of cooking the white is not coagulated and is more easily digested.

These two feeds are fed alternately for the first two days, with six feedings daily. Milk, either sweet or sour or in the form of buttermilk, may be substituted for the egg at any time, but it should be fed always sweet or always sour, and the bran should be used with all feeds. If rolled oats cannot be had, bread crumbs may be used instead. Bread crumbs may also be mixed with the rolled oats. On the third day one feeding of oats is omitted and a mixture of hard grain such as finely cracked corn, wheat and pinhead oatmeal is given in its place or a commercial chick feed may be used as a substitution. On the following day there should be three meals of crack grains, two of oats and two of oats with egg or milk in the order given below:

First, oats at 6.30 a. m.  
Second, cracked grain at 9 a. m.

Third, oats with egg or milk 11.30 a. m.

Fourth, cracked grain, 2 p. m.

Fifth, oats, with egg or milk 4.30 p. m.

Sixth, cracked grains, 6 to 6.30 p. m.

Or if at any time this last feeding is delayed until nearly dark, oats may be substituted.

One of the hard and fast rules is to feed the chicks confined to a house or small pen a little at a time, but often; those on range, especially those with the mother hen, need be fed only three or four times daily, and the feed given must be sweet and wholesome. Never under any circumstances use moldy or musty grains.

When the chicks are five or six days old one feeding of a mash made up of one part by weight of bran, one of middlings, one quarter part of corn meal, one quarter part of sifted beef scrap, fed dry or moistened with milk, may take the place of one feeding of the rolled oats with milk or the oats with the egg may be entirely omitted, though this mixture may be fed occasionally for a time thereafter with profit. During the latter part of the second week, the number of feeds may be reduced to five, omitting the rolled oats feeding, though the oats should be fed two or three times a week, as a change in place of the hard grains. Let these feedings be continued until the chicks are given free range, when the number of feedings should be reduced to four, or, in order to reduce the labor of feeding to a minimum, the mash may be fed in self-feeding hoppers and kept before the chicks at all times and the hard grains fed by hand morning and afternoon. Feed the milk in drinking fountains. While the chicks are confined and have no access to green pastures a reasonable amount of succulent green food such as bits of grass, chick weed, lettuce, vegetable tops and even the vegetables must be supplied in reasonable amounts daily. Pieces of clover sod are often used in the pens with good effect.

# Nash Sets a New Sales Record

First Quarter of 1922 Shows More Than a 51% Increase Over the Similar 1921 Period

But a short time ago we drew your attention to the fact that Nash had risen in volume of business from 24th to 8th place in the industry during the five years from 1917 to 1922.

A careful study of the comparative annual sales totals for all manufacturers showed that this was the fastest gain achieved during this period.

It would seem as if there was but slight hope of improving upon such a notable record.

Yet, in summing up the results of the initial quarter of 1922, we find that our actual car shipments ran more than 51% ahead of the total shipments for the same three months of 1921.

Evidently there is a very decided and very widespread preference for the Nash.

And it is equally evident that this preference is growing everywhere, vigorously and largely.

Apparently the American public, purely of its own accord and by its own process of reasoning, has come deliberately and with conviction to the conclusion that the Nash is an investment value worthy of especial favor.

For certainly no car save one of uncommon merit could possibly have inspired such concerted and country-wide good will.

The new Nash line includes twelve models: Four and six cylinder; open and closed; two, three, four, five, and seven passenger capacity; a price range from \$2,655 to \$2,390, f. o. b. factory.

## MARDELA SPRINGS

Mr. Lee and Mrs. Mary Elliott, Mr. and Mrs. Roe Elliott, Mr. and Mrs. Ernest Elliott, Mr. and Mrs. John and Mr. and Mrs. Edgar Venables spent Sunday last with Mr. and Mrs. James Elliott, of Vienna.

Our Grammar School Boys crossed bats with the Athol boys Saturday afternoon and the score was 4 to 6 in favor of Mardele.

There is a good deal of painting and repairing being done through the town at this season. Miss Annie Robertson and Mrs. Parker are among those who are painting.

There was a religious service held on the street on Thursday afternoon and evening conducted by the Salvation Army. On Friday and Saturday evenings the Rev. Pattison and wife of Baltimore preached and sang.

The League Base Ball game between Pittsville and Mardele played on our home grounds on Wednesday resulted in a score of 9 to 33 in our favor. On Saturday our boys journeyed Nanticoke and come home victorious. Score being 6 to 11. So far our High School team has won every game they have played in the League. We feel justly proud of our team.

Little Gene Cross has been a victim of the rheumatism.

The burial of Samuel Phillips a prominent citizen of Athol took place in the Mardele Cemetery on Friday afternoon of last week.

Mr. Gilbert North, of Baltimore, spent the Week end as a guest of Miss Verna Gahler.

Mr. George Bounds left for Ivor, Va. Wednesday last after having spent several months with relatives in town.

Mr. Wm. Hess Bennett has purchased the house and lot adjoining his property on Bridge St. This property was owned by Mr. R. G. Robertson and lately tenanted by Mr. Banks.

Mr. E. P. Blunt has purchased the building adjoining the Brattan property from Mr. Wm. Cooper.

In commemoration of the 104th anniversary of Odd Fellows in Maryland, the Odd Fellows gave a reception to the Belknap Lodge and their friends on Wednesday evening.

We are glad to see that little Virginia Bennett is able to be taken out on nice days. Little Virginia has been

housed for several weeks with the Flu followed by a stubborn case of rheumatism.

Rev. V. L. Edmunds, of Salisbury, addressed the High School pupils on Wednesday A. M. last.

Mr. Jeff Groten and daughter Miss Pauline, of near Pocomoke, spent several days with relatives in town last week.

On Thursday, April 26, Miss Maude Majors, of Athol, and Mr. John Irving Wilkins, of near Salisbury were married at the Baptist Parsonage by Rev. G. W. Gorrell.

On Tuesday, April 24, Mr. W. J. English and Miss Alice Dougherty were united in marriage at their home by the Rev. G. W. Gorrell.

Little Virginia Hansen was on the sick list last week.

Mrs. Lizzie Wilson has returned home after having spent the past five weeks visiting her daughter Mrs. L. P. Brockson, Norfolk, Va.

Mr. and Mrs. Edwin Long and sons Cooper and Denson, of Sheltown were guests of Mr. S. C. Glasgow and family a day or two recently.

Mrs. Billy Graham has been a victim of the Grippe for the past week. The primary department of the Mardele School will give two plays "Joe" and "The Doctors Office" on May 12th in Wilson's Hall. Proceeds for the benefit of the school. All are cordially invited.

Last Thursday night the Graduating class of the Mardele High School entertained their parents and a few friends at the school. The seats were removed from the assembly room, so that the old fashioned games could be played. The feature of the evening was twenty minutes of exhibition tum-

bling and pyramid building by boys from the Salisbury Y. M. C. A. under the direction of Mr. Boggs of that city. Refreshments were served. Everyone had a good time.

Word was received here within the last few days of the serious illness of Rev. C. N. Alexander in the St. Joseph's Hospital, Baltimore.

The members and friends of the M. P. Church gave Rev. Green and family a donation party on Saturday night.

## BIVALVE

Miss Louise Holliday of Salisbury spent Saturday and Sunday with Miss Louise Horsman.

Mr. and Mrs. Marion Evans of Waverly spent Sunday with Mr. and Mrs. George W. Willing.

Miss Mabel Band returned home Friday after spending two weeks with her Aunt, Mrs. Zora Neal, at Laurel, Delaware.

## Burned Out!—But Thankful.

INSLEY BROS.

## A Wonderful Recovery--- WANTS TO TELL THE WORLD.

Quantico, Md., April 29th, 1922.

Seven years ago I was taken down in bed, with severe pains in right side, called Doctor, it was pronounced Appendicitis and Brights disease, was treated six weeks with temporary relief, changed Doctors, and was treated two years for Gallstones and Neuralgia with some relief, stopped for six months, but suffered so severely called another Doctor, who said it was Appendicitis and Inflamed ovary, was treated eight months and I decided to see a special-

## Affections

of any of the following parts may be caused by nerves impinged at the spine by a subluxated vertebrae:

- Brain
- Ears
- Eyes
- Nose
- Throat
- Arms
- Heart
- Lungs
- Liver
- Stomach
- Pancreas
- Spleen
- Kidneys
- Small Bowel
- Large Bowel
- Genital Organs
- Thighs and Legs

list, was decided I should have operation, which was done three years ago, felt good for short time, but was taken down again. April 1st 1920 I became a mother, for three months thereafter could not walk with Inflammatory Rheumatism of lower limbs.

Since 1920 have suffered much misery until about March 20th 1922. I heard of Dr. W. T. Truitt of Salisbury, Md., a Chiropractor, at first I hesitated on going to him, but decided and took first adjustment March 30th 1922. For about three or four adjustments I did not feel much improvement, but after fifth adjustment, I have been gaining weight and feeling good and pain in side is almost entirely gone, and feel like a new woman.

Cannot express my appreciation in words for what chiropractic adjustments and Dr. Truitt has done for me. I feel that I want the world to know that Dr. Truitt saved my life as I know I could not have lived a week longer, if I had not called him. I am almost well and have only taken twenty-four adjustments.

I am making this statement, so that others may be helped by Chiropractic.

Signed,

Mrs. Minnie E. Owens.

Subscribed and sworn before me this 29th day of April, 1922. Beulah E. Livingston, Notary Public.

Mrs. Mertz Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Kutztown, Pa.—"I wish every woman who wants children would try Lydia E. Pinkham's Vegetable Compound. It has done so much for me. My baby is almost a year old now and is the picture of health. She walked at eleven months and is trying to use her little tongue. She can say some words real nice. I am sending you her picture. I shall be thankful as long as I live that I found such a wonderful medicine for my troubles."—Mrs. CHARLES A. MERTZ, Kutztown, Pa.

Many cases of childlessness are curable. Perhaps yours may be. Why be discouraged until you have given Lydia E. Pinkham's Vegetable Compound a faithful trial?

Spoken and written recommendations from thousands of women who have found health and happiness from its use have come to us. We only tell you what they say and what they believe.

We believe that Lydia E. Pinkham's Vegetable Compound is so well adapted to the conditions which might cause your trouble that good will come to you by its use.

More is the foundation of Lydia E. Pinkham's Vegetable Compound. It has behind a record of nearly fifty years.

## A Tonic For Women

"I was hardly able to drag, I was so weakened," writes Mrs. W. F. Ray, of Eastley, S. C. "The doctor treated me for about two months, still I didn't get any better. I had a large family and felt I surely must do something to enable me to take care of my little ones. I had heard of

## CARDUI The Woman's Tonic

"I decided to try it," continues Mrs. Ray. "I took eight bottles in all. I regained my strength and have had no more trouble with womanly weakness. I have ten children and am able to do all my housework and a lot of out-of-doors. I can sure recommend Cardui."

Take Cardui today. It may be just what you need. At all druggists.

Sunday School at 9:45 A. M. Preaching Sunday morning at 11:00 A. M.

Subject: "The Transfiguration." Boys and Girls Chorus Sunday afternoon at 3:00 P. M.

Like Any Other Store We Give Service

There isn't any kind of store that can succeed if it fails in courtesy, truthfulness or service to the customer.

In that we're like the butcher, the baker and all the rest, who have to apply common sense principles of business over and over again every day.

We're glad to be able to tell you that your battery is in A-1 shape, even if it doesn't happen to be a Willard. But here at Battery Headquarters we don't hesitate about breaking the news if it isn't in condition—or to recommend repairs or the purchase of a new battery if that's the economical thing for you to do.

## MISSIONARY SOCIETIES OF EASTERN SHORE MEET

Bettie A. Rue Asks All Member Societies To Make Preparations For Thirty-First Annual Gathering.

Members of the Woman's Missionary Societies, Eastern Shore District, Virginia Conference, are urged to make their preparations for the 31st annual meeting to be held with Guilford Auxiliary on May 24-25. The request is made by Bettie A. Rue who sends out the following appeal:

The Woman's Missionary Societies of Eastern Shore District, Virginia Conference, will hold their 31st annual meeting with Guilford Auxiliary on May 24-25, services beginning at 10 A. M. on Wednesday.

Let all the auxiliaries elect delegates, raise their George Quinby Fund, which you will send by your delegate. If you cannot send a delegate, send me a written report on time.

Let all delegates who are to be entertained for the night, write to Mrs. Salome Hall, Bloxom, Va., asking her to provide homes for them. All delegates will buy their tickets to Bloxom Station, taking the early morning local.

Sisters, I am sick, have been for three weeks, am writing in feebleness extreme. Will you ask our Heavenly Father to so restore me to health and strength that I may be able to meet with you just once again?

Let us come together in such a spirit of prayer, consecration and helpfulness that we may have spiritual power to make this a great meeting.

Yours in Christ, BETTIE A. RUE.

**ATHOL LOSES PROMINENT CITIZEN THROUGH DEATH**

Samuel J. Phillips, Retired Merchant, Banker, And Political Leader Succumbs At Seventy-One Years.

Samuel J. Phillips, a retired merchant of Athol, age seventy-one died at his home there on Wednesday after many months of illness. He was

one of the substantial citizens of Barren Creek district, one of the political leaders for many years, a member was always active in its deliberations of Athol Council, A. O. U. M. and and interested in its success.

He was a member of the Methodist Protestant church at Athol and devoted to the advancement of all church work. He leaves a widow and four daughters, Mrs. George Majors, Mrs. Monroe Bradley, Mrs. Stantly Bailey of Athol and Mrs. Laura Lowe of Laurel, Del. He also leaves two brothers, John and George Phillips of Mardela Springs.

He was a director in the Farmers Bank of Mardela Springs, from its organization. Funeral services were held on Friday in the M. P. Church at Athol by Rev. Irving S. Owens of Powellville, a former pastor, after which the remains were taken to Mardela Cemetery and interred with honors by the Athol Council A. O. U. M., whose principles, honesty, industry

and sobriety he exemplified in his life. Floral tributes, beautiful and redolent, were given by the Farmers Bank of Mardela, Athol Council O. U. A. M. and family and friends. The burial was largely attended.

The child of a father over fifty years of age has ten times as good a chance of becoming eminent as he would if his father were a younger man.

## BEAUTY AND PROTECTION

Plus Lowest Cost Per Square Foot

The retail price of Lucas Tinted Glass Paint is as high, if not higher, per gallon than any other house paint on the market.

And yet it is actually the lowest priced paint you can buy. There are three important elements that determine the actual cost of paint—so consider them carefully.

First—Thorough and complete grinding in a Lucas factory reduces the pigments to such a fineness that Lucas Tinted Glass Paint has a covering capacity of nearly double that of ordinary paint. One gallon of Lucas Tinted Glass Paint will cover 350 to 400 square feet, two coats, while ordinary paint will cover but 250 to 300 square feet, two coats. This immediately reduces the price of Lucas Tinted Glass Paint to a lower cost per square foot.

Second—The exceptionally high percentage of pure raw linseed oil used in Lucas Tinted Glass Paint produces a full, even gloss of enduring beauty. Then, the hours of heavy milling that blend the various elements into one perfect paint product assure longer life and greater durability. Thus, Lucas Tinted Glass Paint costs very much less per year of service.

Third—In painting the average house the paint represents about one-third of the cost, and the labor two-thirds. So that it costs just as much in labor to put on a paint that will last only two or three years as it does to put on a good paint that will give good service five years or longer.

Thus, paints costing less than Lucas Tinted Glass Paint are actually more expensive. Lucas Tinted Glass Paint, in Beauty, Spreading Qualities, Protection, and Durability, is not an expense. It is an investment.

Step into our store. Let's talk it over.

Mr. Harvey Kirk entertained her

## YOU ARE THE JURY.

Bear the Testimony of Salisbury People and Decide the Case.

Doan's Kidney Pills are on trial—being tried every day for weak kidneys, for exhausting kidney backache. What is the verdict? Read the jury testimony—personal experience of Salisbury witnesses. There is only one verdict—a chorus of praise.

A. J. Carter, 502 Baker St., Salisbury, Md. says: "I keep Doan's Kidney Pills and all the time and I haven't anything to equal them. I noticed my back some time ago and my kidneys have been bothering me. I overwork I suffer awfully with my back. When I stoop over I feel straighten and I feel lame all over. My kidneys act irregularly too. Doan's Kidney Pills have failed to relieve these attacks and strengthen my back and kidneys."—All dealers. Foster-Milburn Co., Buffalo, N. Y.—Adv.

## PORTLAND CEMENT

THE man who builds a home hopes his children's children will enjoy it. The man who remodels his old home intends a permanent improvement.

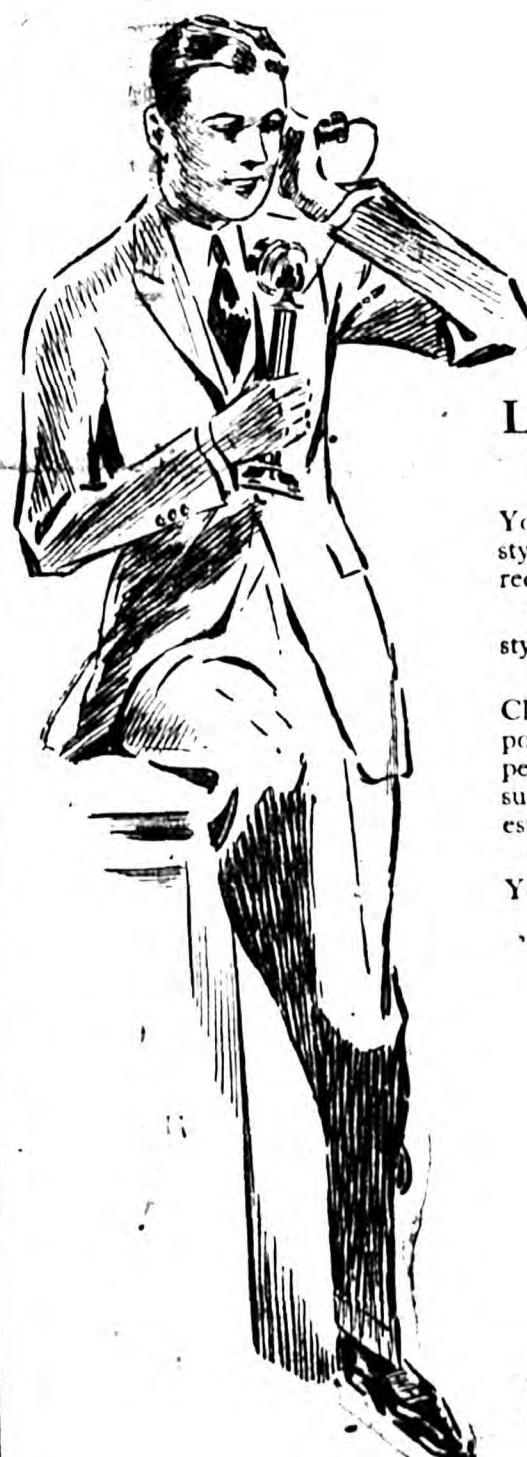

Stucco, properly made of Atlas White Portland Cement, is as permanent as concrete because it is concrete. Such stucco gives a wide variety of attractive finishes to suit the particular type of home.

Your building material dealer can show you samples of these finishes, and can obtain Atlas White for you even in small quantities. Ask him about your plans—for permanent construction he will advise Atlas Portland Cement, "the Standard by which all other makes are measured."

"Lights Out" March. (McCoy.) Tenor banjo solo, Mr. Johnson.

"Stealing". Fox-trot, (Sullivan) Phil Ohman.

Valse Triste, (Sibelius) Violin solo, Mr. Rice.

## THE HOOPA INDIANS.

Far up in the northwestern part of California lies the beautiful Hoopa Valley, through the center of which flows the Trinity River. Mission work has been done among the Hoopa Indians for about twenty-five years under different Boards, and for twenty-one years by the Presbyterians. The first boarding school was started in 1893, and is still open to the Indians of the valley and to others from the lotments of land had been made, the Hoopas began to prove that they were able to become self-supporting. They are, as a rule, good farmers and stockraisers; quite a few are carpenters and smiths; and they learn to handle complicated machinery and still others are employed in the mills as skilled operators in different departments.

To-day comfortable houses, as a rule well furnished with modern furniture, dot the valley from one end to the other. Some of the women are excellent housekeepers and good cooks. They do beautiful lace work in crochet, tatting, and bobbin lace. It is quite common to find, in the poorest homes, crocheted lace covering chairs, tables, and shelves.

The older women do fine basket work. In the early days all kitchen ware was "basket ware," cooking pots, soup bowls, pans, sifters, storage baskets, mills, caps, and baby cradles being woven from sticks gathered from the hazel brush and wild mountain grasses.

\$6.50 Women's Skirts	\$4.98	Women's \$5.00 Georgette Waists	\$2.98
Ladies' White Underskirts	79c		

Large Stock of other goods too numerous to mention.

## When You Buy Building Materials, What Is The Final Consideration?

Price has something to do with it, but price is not everything. Price may be a guide as to quality but it is not a good guide because often cheap stuff is thrown on the market for which the unskilled pay very dearly at the top market price.

The service that stands back of the price and insures delivery of the material you bought is often as important a factor as the price itself. The reputation of the firm with whom you are dealing is, therefore, by far the greatest guide and safeguard you can have in buying building materials or anything else.

The service a company can render is in proportion to its resources. Its capacity for keeping promises is limited strictly to its capacity for manufacturing products. For this reason, the larger, the more modern, the better equipped a plant is, the better service it can render.

*That is the Reason this Company  
can Give you the Kind of  
Service you Want.*

## E. S. ADKINS & CO.

*Everything Needed For Building*

SALISBURY, MARYLAND

## OFFICERS ARE INSTALLED AT FINE MEETING

Record Attendance Marks Last Night Of Old Administration's Tenure Of Office.

### PRESIDENT "BILL" ALLEN RECEIVES HANDSOME GIFT

Club Presents Retiring Officer With Beautiful Traveling Bag—Herbert Riffe Makes Presentation Speech—Each Rotarian Given Small Volume Of Poems As Personal Memento.

Installation of officers, presentation of a handsome gift to the retiring president, and the appointment of various committees marked the last meeting of the Rotary Club on Thursday night at the Y. M. C. A.

Before turning the chair over to Ralph Grier, the new president, William F. Allen, who has so ably served the club since last May, expresses his hearty appreciation for the co-operation that had been accorded him during his presidency and he spoke for the new officers the whole-hearted support of every member of the club.

In point of achievements of the organization during the past year, Mr. Allen noted the improvements to the roads, the selection of Salisbury as the site for a Normal School, the establishment last summer of a boys' camp at Fairlee, and many other things. While the Rotary club was not solely responsible for all of these things, it did have a great deal to do with their successful accomplishment.

Following over the reins of authority, President Ralph H. Grier announced the appointment of the following committees: Boys' Work, Oscar L. Means, David Dallas, and Walter Sheppard; Music, Charles M. Freeman, William A. Sheppard, Arthur Everett Williams, and George R. Cobb; Fellowship, Albert M. Wallis, Robert A. Boyle, Wm. M. Cooper, Lee Allen and Lewis Morgan; Education, of business as to Rotary, James M. Bennett, William S. Gory, Jr., Graham Gundy, Hooper S. Moore, and W. H. Morton; Sergeant-at-Arms, Samuel M. Quillen, Jr.

Business Methods, E. Dale Atkins, Howard Ruff, E. D. Mitchell, A. T. Grier, and I. L. Benjamin; Publicity and Extension, Calvin L. Estill, Wm. J. Program, Charles T. Bourne, Robert Riffe, William F. Allen, Calvin L. Estill, and Charles O. Culver.

The membership committee has been a secret appointment, but on Thursday night, President Grier announced the appointment of the following: George M. Duty, Moore, and Camp, Sam Jenkins, Augustus M. Grier, and Barney Grogan.

During an informal talk presented to President Allen by William F. Allen a beautiful traveling bag bearing a silver monogram of the letters "R. Y." was presented to him. Mr. Riffe, who presented the bag, said the contents of the bag were a collection of good will, friendship, and love.

President Allen gave to each of the members of the club a small volume of "Poems, for everyone" as a personal souvenir of his association with him.

### Royal Rangers Will Give A Public Dance

Plans Made For Fourth Terpsichorean Festival At The Armory On The Night Of May 18.

The Royal Rangers of Lebanon, will present their fourth public dance at the Armory, Salisbury, on Friday evening, May 18. Miss Mary E. Grier, who is in charge of the dance, promises a most enjoyable time. Dancing will begin at 8:30 o'clock and continue all night.

### Y. M. C. A. DIRECTORS MEET

Members of the board of directors of the Y. M. C. A. will meet at 8 o'clock Friday afternoon at four o'clock at the Y. M. C. A. building for a meeting of importance. President Walter Sheppard is expected to have a full attendance.

## MINISTER SUSPENDED FOR FAILURE TO OBEY

Howard R. McDade, Formerly Of Claymont, Delaware, Fails To Take Charge Of Grace Church.

Rev. Howard R. McDade, appointed to Salisbury Circuit, consisting of Grace and Stengel Churches within the city limits and Bethel three miles out on the stone road, by Bishop McDowell at the recent session of the Wilmington Annual Conference of the Methodist Episcopal Church, has been suspended from the ministry.

Rev. McDade was transferred to the Wilmington Annual Conference from the Philadelphia Conference two years ago, and stationed at Claymont, Del. After serving two years it was deemed advisable that he be appointed to another field of labor, and Salisbury circuit was agreed upon by the cabinet, and Bishop McDowell duly appointed him. He came and preached the first Sunday after Conference and greatly pleased the people. He returned to his former home, Claymont, leaving the members of Grace fully expecting his return, and they had decided to materially increase the salary.

They even sent a truck to bring his goods, but found Mr. McDade had moved from Claymont, but not to Salisbury. As he ignored absolutely all communications by wire and mail sent him by the District Superintendent, Rev. Vaughn S. Collins summoned an investigating committee according to the Discipline of the Church. The committee met Tuesday last, May 2, and after hearing the evidence suspended Rev. McDade from all ministerial functions and privileges until the next session of the Wilmington Conference when he will face a formal trial.

### Shore Rotarians Will Gather Here Thursday

Delegations From Dover, Easton, Crisfield And Pocomoke City To Attend Inter-City Meeting.

Rotarians from Dover, Delaware, Easton, Crisfield and Pocomoke City will be the guests of the Salisbury Club at an inter-city meeting on Thursday evening at the Y. M. C. A. Dinner will be served about seven-thirty after which there will be several talks and stunts.

The visitors will number about fifty and much interest has been manifested in the meeting. Perhaps one of the most important things that will come up for discussion will be the forming of an Eastern Shore Chamber of Commerce, although some time will be given to a discussion of the orthopedic clinic to be held here in June.

## BUSINESS SHOWS UPWARD TREND IN AUTO CIRCLES

Nash Motors Over-Old For Last Two Months. Efforts Being Made To Increase Production.

Nash Motors in April had the highest month in the history of its business. Eighteen per cent more cars were shipped last month than were shipped in April 1921. Even the previous record month, August 1920, was entirely eclipsed in point of ship cents during the thirty days just past.

"The fact that all previous records in the history of the business were broken in April, in my opinion, is due to the combination of the product and the value it represents at the price," said Graham Gundy, of the Del Mar-Va. Nash Motors Company. "Every effort consistent with careful production is being made to meet as nearly as possible the demand for Nash cars in May. Frankly, though, we will not be able to supply the full demand for we have faced an over-sold condition, now, for the past two months."

"When we brought out our new line of cars the first of the year the car was sold in our mind as to the reception they would meet. That was apparent at the very outset. All previous records were broken at the New York and Chicago Shows as well as at most of the shows subsequently held in various cities throughout the country. With the opening of the spring season the pressure of orders became stronger until finally, some weeks ago, we reached the point where we were over-sold."

"The first quarter of 1922 shows an increase of nearly fifty two per cent over the similar period a year ago. The demand for Nash cars seems a certain indication that the public has placed its confidence in the product of the Nash Motors Company."

## HIGH SCHOOL TO GRADUATE CLASS OF 59

Salisbury Seniors Making Preparations For Receiving Their Diplomas This Month.

### TUESDAY, MAY 30, SET FOR LOCAL EXERCISES

One Of The Largest Classes In History Of The Institution—High Schools Of All Groups In County To Hold Commencement Ceremonies The Latter Part Of This Month.

Tuesday evening, May 30, has been selected as the date on which graduates of Wicomico High School will receive their diplomas. Exercises will take place in the Arcade Theatre in the evening and certificates of graduation will be presented to the largest class in the history of the school, 59 all told.

Other high schools in the first group are Sharptown, with a senior class of 14, and Belmar with a class of five. Mardela Springs has 13 graduates, Pittsville 11, and Nanticoke five. All these are in the second group. In the third group schools, six will graduate at Pocomoke and 14 at Hebron.

At Salisbury, the members of the graduating class are: Academic Course—Cornelia Lyons Wailes, Rebecca Adkins Wilson, Ruth Anne Truitt, Lala Lee Messick, Rosalie Ellegood Freney, Maude Patterson Fisher, Annie Ruth Truitt, Ella May Shockley, Mary Aline Mitchell, Kathryn Elizabeth Harmon, Margaret Helen Jones, Marian Sydney Moore, Gladys Louise Hunt, Clara Beatrice Chandler, Bertha Sheppard Adkins, Louise Ann Williams, Bruce Vernon Dickinson, Elmer Glenwood Brown, Paul Elisha Huffington, David Wayne Wroten, J. Winfield Cooper, George Lester Byrd, Bessie Eliza Strickland, Jesse Thomas Bratten, Manson Waller Owens, Charles Stanley Chandler, Ralph Richard Elliott, James H. Boudin, Jr., Howard W. Powell, Mildred Warren Riggins, Ethel Cathryn Holloway, Marian Louise English, Mary Blanche Bounds, James Robert Mitchell, Ethel Rosalyn Hearne, Nancy Sinclair Dennis, Harry Thomas Smith.

(Continued from Page 2.)

## CARNIVAL DRAWS HUGE CROWDS TO SALISBURY

Smith's Greater Shows Here For The Benefit Of Local Fire Department—Big Week Anticipated.

Drawing crowds from all parts of this section, Smith's Greater Shows opened for a week's stand on Monday evening on the lower end of Main street. A parade featured the beginning of the evening's performance in which the Salisbury Firemen, smartly dressed in uniforms of blue, took part. The local fire department will receive a goodly percentage of all money taken in by the carnival, and while this may to some degree account for the enthusiasm of the crowds that throng the streets and fill the tents, the visitors agree that the show is worth seeing.

Each evening while the carnival is here, there will be a band concert in front of the Peninsula Hotel in which two bands participate, one of which is a colored jazz aggregation. It is understood that the Firemen received nearly two hundred dollars on the opening night, and they anticipate an exceptionally good week.

## Fifty Couples Enjoy Elks' Ladies Night

Entertainment At Richardson Hall Featured By Cards And Dancing. Out-Of-Town Guests Present.

About fifty couples attended the Elks' Ladies Night held in the hall room of the Richardson Building on Thursday night, May 4th, and enjoyed cards and dancing until a late hour. Music was furnished by the Snappy Six orchestra.

Refreshments consisting of chicken salad, Maryland biscuit, pickles and olives, ice cream and cake were served. The entertainment committee was comprised of Messrs. L. L. Benjamin, Edward White, and Percy Dashiell.

### OUTDOOR MOVIES

Secretary Hammerslough of the Y. M. C. A. announces that beginning with Saturday night motion pictures will be shown on the "Y" lawn instead of in the auditorium. In case of bad weather, the pictures will be shown in the building. The outdoor movie will continue all summer.

Mr. Augustus Toalvine is spending several days in Baltimore this week.

## Bootlegger Solicits Funds For Fine; Arouses Ire Of Salisbury's Citizens

Green Reynolds, Arrested Last Week After Collision On Camden Avenue Which Brought To Light About Six Cases Of Gin, Is Released To Raise Money For Fine—Partner Remains In Jail While He Asks People On Street For Donations—Episode Subject Of Sermons.

### 13th Liberty Campaign.

Donate for a good cause. Help wanted to get two honest bootleggers out of jail. Price \$450 or 6 months in jail. Give all you can spare.

Sincerely yours, Green Reynolds.

Message circulated by the bootlegger in effort to procure funds to pay his fine.

Deeply incensed because a self-confessed bootlegger stood on the streets of the city last week and attempted to raise money sufficient to pay his fine and that of his partner in crime, the ministers of Salisbury held meetings with the State, county and municipal authorities in an effort to have the miscreant lodged again in jail.

Green Reynolds, for so the bootlegger styled himself, was arrested on Camden avenue last week when the car in which he was transporting liquor collided with another automobile. He was taken to jail and tried before justice of the peace, T. Rodney Jones, and sentenced to six months in jail. The same penalty was imposed upon his accomplice.

When Justice Jones pronounced sentence, Reynolds, it is said, quite cheerfully asked him to give them the privilege of paying a fine and this request was granted. A fine of \$200 and costs with the alternative of the jail sentence was imposed. Reynolds then gave up his automobile as security for his appearance in court when called and went forth to seek the wherewithal to pay the fine.

Meantime, his partner was sent back to jail with the information that if the money for the fine was forthcoming, both would be freed. If the cash could not be raised, however, the partner was to serve the sentence, with the cash.

## A CLINIC FOR CHILDREN WHO ARE CRIPPLED

Salisbury Rotary Club Plans Relief For Youngsters Of Three Counties.

### DR. WILLIAM S. BAER VOLUNTEERS SERVICES

Famous Specialist Will Come To Salisbury And Bring Staff Of Specialists—Rotary Club Making Preparations For Transportation And Entertainment Of Children.

In carrying out its policy of being of real help to the community in which it has its existence, the Salisbury Rotary Club at its last meeting at the suggestion of President Grier, decided to hold an orthopedic clinic at the Peninsula General Hospital in the early part of June.

Dr. William S. Baer, one of the most prominent specialists in the country has offered the services of himself and his staff and he will be here to take charge of the clinic on the day set. The actual date has not yet been decided upon but will be made public shortly.

Doctors and parents in Wicomico, Worcester and Somerset counties will be urged to send in at once the names of crippled children in order that arrangements may be made to take care of them. In case the parents or guardians are unable to bring the children themselves, the Rotary Club will furnish transportation to and from the home.

As the children will be in the city all day long, plans are under way to provide lunch for them and to entertain and take care of them at the Y. M. C. A. Competent nurses will be in charge and the children will be efficient and kindly looked after.

The Rotary Club of Crisfield will be asked to aid in the work as will be the Citizens in Pocomoke who are planning to install a Rotary Club in that city. Representative citizens in Berlin, Snow Hill, and other communities in the three counties will be asked to help in any way they can.

The clinic will be open to both white and colored children. It is hoped by

(Continued from Page 2.)

## NEXT SUNDAY SELECTED FOR NEAR EAST RELIEF

Services Will Be Held In All The Churches Either In Morning Or Evening Bearing On Relief.

Sunday, May 14, Mother's Day, will bring before the people of this community the vital question of aid for the starving children in the Near East. On that Sabbath day, every church in Salisbury, as well as many in the county, will hold Near East Field Day Services.

Several speakers of known ability will be here for the occasion, among them Miss McCormick, Miss Nixon, Mr. Harold Pellegrin, State Director, Dr. Alexander Mitchell, State Field Secretary, and Mr. Bradford who is identified with the Boy Scout movement.

Arrangements for the Field Day are in charge of former senator L. Atwood Bennett who has made detailed plans for having the story of the needy little children of Armenia told to Salisburyans.

On Wednesday, May 17, the Near East Relief will have its annual Bundle Day, an occasion on which they ask for all sorts of old clothing, cloth, and shoes. The bundles may be carried to the various churches on that date, as some of them will be designated as Bundle Stations.

Anyone who is unable to bring or send a bundle to the Bundle Station on the day appointed may mail it, prepaid, to the Near East Relief, Warehouse, U. S. Army Base, Brooklyn, New York, or to the Maryland Headquarters, 14 West Franklin Street, Baltimore.

## A Falling Log Kills Lumberman Instantly

W. S. Davis Crushed When Log Rolls Off Wagon While He Is Trying To Secure The Load.

W. S. Davis, age fifty, for several years connected with E. S. Adkins & Company, was instantly killed Tuesday morning when a heavy log fell from a wagon on which he was fixing a load and crushed his head and chest.

Davis and the driver of the wagon, Webster, Goswilling, were driving along with a load of logs when the chain holding them became loosened. Mr. Davis got off to fix it when the log that killed him rolled off.

A coroner's jury was hastily summoned and brought in a verdict of accidental death.

## FUND IS GROWING FOR LOCAL RED CROSS WORK

April Saw \$269.55 Added To The Treasury—Money Coming From Variety Of Sources.

Two hundred and sixty-nine dollars was the big sum raised during the month of April for local work of the Red Cross by the ladies who have pledged a quota of \$1500 for this year. If such a figure could be taken as an average, there would be no fear that the office of public health nurse might be abolished for lack of funds.

The money came from various sources. Mrs. H. S. Wailes and Miss Victoria Wailes turned in \$19.00 secured from a benefit picture shown at the "Y". An Easter egg hunt given by Miss Victoria Wailes, Mrs. H. W. Owens and Mrs. William Slemons netted \$27.87, while Miss Ruth Powell realized \$19.00 from the sale of home made cakes.

A card party at the home of Mrs. Fred P. Adkins swelled the coffers by \$80.00.

Twelve dollars and forty-two cents were contributed at an entertainment managed entirely by six little girls, Isabel Toulson, Annabel Dick, Ruth Messick, Sara Graham, Margaret Kennerly, and Martha Bounds. The entertainment was held at the home of Mrs. Toulson, and the children planned everything and did everything, even to printing their own tickets.

Mrs. Runk, chairman of the drive, has expressed the hope that all women who are at work for the Red Cross will put forth an extra effort during the next month or so before really hot weather comes.

## DANCE FOR RED CROSS

A dance for the benefit of the local work of the Red Cross is being planned for the early part of June. Complete details for the entertainment have not yet been mapped out but will be made public as soon as settled. It is hoped to make this one of the most successful dances ever held in the Armory.

## HIGH SCHOOL EXHIBIT WAS BIG SUCCESS

Annual Event At Wicomico High Surpasses Anything In Recent Years Of Same Nature.

### PUPILS PROVE TO BE SPLENDID CRAFTSMEN

Thorough Fill School Building To View Work Of Manual Training, Domestic Science, And Other Departments—Workmanship And Thoroughness Revealed In Every Display.

Eclipsing anything in recent years of the same nature, the Art Exhibit at the Wicomico High School this session is drawing hundreds of visitors, not only fond parents, but outsiders as well. The exhibits show, beyond question, that while the curriculum of the High School is heavy, the pupils are mastering the vital things and are doing splendid work. Masterpieces of dressmaking were hung all around the manual training room in which the Junior and Senior displays were made. The Seniors were limited to \$7.00 for making their dresses although one enterprising pupil produced hers for \$3.80. Four of the dresses were all hand made.

In the 2nd, 3rd, and 4th years, there were 500 garments. The Senior's dresses were white, those of the Juniors were mostly in organdie in a range of styles and a variety of colors, while those of the Freshman were smart in their simplicity. All the work showed thoroughness, patience, and care and reflected excellent training.

The work of the manual training department was a revelation. In a room most attractively arranged were displayed the articles made by the various classes. Everything was to be found in the collection, from simple tabourettes, foot stools and waste baskets in the first year, through magazine stands and medicine cabinets in the second, upholstered settees and hand carved trays in the third, to exquisite floor lamps, library tables, and writing desks in the fourth year.

Handsome cedar chests were perhaps the most appealing articles in the display and rivalled in workmanship and design the best that money could buy at any store. All told the work of the Manual Training Department as judged by the exhibit deserves the heartiest praise.

Commercial work consisted of penmanship, bookkeeping and typewriting specimens that attracted much attention, as did science note books and charts showing the derivations of English words.

The art work, which consisted of painted bottles, candle shades, landscapes, flower pots, and candy boxes, attracted its share of attention. The entire exhibit was worthy of praise and showed beyond the shadow of a doubt that the teaching of other things besides book studies is valuable in high school training.

Should anyone doubt the value of such training, he would but need to look over the dresses, the furniture, the blue prints and architectural drawings, to realize that in making them the pupils were preparing themselves for a life of larger usefulness in later years. With such training as that the students receive at Wicomico High School, there is little chance that any of them will ever become dependent because they don't know how to earn a living. The knowledge gained in manual training will stay with them through life.

## Police Make Big Haul On Saturday Evening

Six Men Arrested And Taken Before Justice Of Peace Charged With Being Drunk And Disorderly.

As the result of a big haul, six men were arrested on Saturday evening near the mill of C. R. Disharoon Company and hauled before Judge T. Rodney Jones charged with being drunk and disorderly. Officers Dennis, Cahall and Sullivan made the arrests.

Fines of \$14 and costs were placed on Daniel Gray, Don Conley, John Holland, Frank Brady, and Lewis Amanda. The sixth man, Harry Conley, was fined \$25 and costs and given 30 days in jail inasmuch as he has been before the magistrate before.

This record would seem to indicate that the local police are doing all in their power to break up drunkenness in the city.

# BUNDLE COLLECTION STATIONS SELECTED

Chairman L. Atwood Bennett Gives Names Of Places Where Clothing For N. E. R. Can Be Left.

Below are names of the stores in the county where clothes may be left on May 14th. Bundle Day for the Near East Relief Work.

Salisbury—Chamber of Commerce Rooms; "California"—H. H. Hitch & Bro.; "E. Salisbury"—Charles E. Bennett; "S. Salisbury"—Serman & Jones; "N. Division"—Mrs. George S. Cluff.

Walston—King W. Workman; Parsonsburg—E. R. Ennis & Bro.; Pittsville—White & White; Powellville—J. W. Perdue; Willards—J. M. Dennis.

Frutland—Clevie H. Hayman & Co.; Mardela Springs—J. P. Bennett & Son; Sharptown—J. P. Cooper & Co.; Hebron—George W. Holliday; Quantico—Gillis & Dashiell.

White Haven—W. A. Anderson; Bilvalve—S. A. Langrall; Tyaskin—F. B. Culver; Nanticoke—H. James Messick; Clara—Paul D. Mezik; Royal Oak—A. F. Wilson.

Delmar—Samuel N. Culver; Allen—George M. Phillips; Shad Point—Charles W. Kibbie; Sharps Point—Samuel P. Jenkins; Rockwalkin—C. R. Hayman.

## High School To Graduate Class of 59

(Continued from Page 1.)

Commercial Course—Mary Elizabeth Griffith, Josephine Olga Brittingham, Helen Mildred Bailey, Lena Marie Hearne, Flossie Belle Gordy, Elizabeth Beatrice Coulbourn, Grace Irene Jones, Martha Celeste Brewington, Doris Mae Wilkinson, Mabel Hil-da Fooks, Dorothy Emma Smith, Daisy Disharoon, Mary Jane Cathell, Everett E. Hearne, Elva May Baker, Virginia Anne Holliday, Harry Edison Kenyon, Allan Smith Huston, Ralph Furman Richardson, Thomas S. Davis and Marie Wilson Davis.

General Course—George Thomas Hitch. Sharptown High School's graduation date is May 29. The graduates are:

Benjamin S. Bennett, James Albert Bounds, Charles Edwin Nuttall, Chauncey Caulk Nuttall, Blanche Owens Bennett, Hazel Bradley Bennett, Ruth Phillips Cooper, Mabel Louise Lavina Phillips, Dora Mae Virginia Messick, Julia E. Owens, Pritchard, Hazel Phillips Smith, Lola Virginia Wheatley and Ada Vesta White.

Delmar High School will hold exercises May 26. Those to receive diplomas are:

Arthur Powell, Roger Williams Pusey, Ethel Flora Lowe, Florence Maybelle Rembert and Maybell Charlotte Fisher.

Nanticoke High School students will receive their diplomas May 31. They are:

Alma Maria Marks, Elizabeth Clay Rencher, Virginia Taylor Travers, Franklin Turner Wilking and Lois Elizabeth Wilking.

At Mardela High School the date of commencement is also May 31. The graduates are: Ernest Truitt Venablos.

## GOOD FARM For Sale

Improved farm in Northern Neck, near new boat line daily for Crisfield, Salisbury, Philadelphia and New York, at village school, post office, stores, churches, splendid land for grain, hay, fruits, vegetables, trucks, berries, cattle, good water, climate, health, people, seven room two story dwelling, two story barn. Elizabeth Margaret Hopkins, Ona Ellen Graham, Edna Gwendolyn Bennett, Helen Mae Bacon, Gillia Aubrey Mills, Margaret Ellen Howard, Elton H. Bounds, Fulton Catlin, Wilkie Naomi Beddiss, Esther Carlyn Cooper, Carl Phillip Bennett and Edgar Townsend Bennett.

Pittsville High School has selected May 27. The graduating class comprises John Greensbury Freeny, Mazie Riggan Campbell, Thomas Franklin Parker, Lula Mae Brittingham, Mary Mildred Truitt, James Albert Parker, Herman James Truitt, Gladys Pearl Wells, Sadie Alice Shockley, Mary Kathryn Middleton and William Lawrence Farlow.

At Powellville High School the date of commencement is May 27. The graduates are Gladys B. Adkins, Ethel M. Kelly, Vesto Ragains, Cecil Ragains, Emma M. Jones and Elsie M. Bethard.

Hebron High School has fixed May 31 as the date of commencement. Its graduates are Elizabeth Cooper Phillips, Charles Alton Hastings, Clara Caver Bradley, Novella Frazier Webster, Grace Gladys Thorne, Frances Kathleen Howard, Dalton Bailey Howard, Clark Connaway Howard, Belva B. Hughes, Bashford Eller, Delmus D. Webster, Perry Oliver Wilkinson, James Leonard Wilson and Margaret Mae Mills.

## A Clinic For Crippled Children

(Continued from Page 1.)

The local Rotarians that all crippled children will be given a chance at this clinic. Many, perhaps, have been considered hopelessly incurable, but it is hoped that in some of these cases at least a way to recovery can be pointed out.

Dr. Baer will bring with him six or seven specialists qualified to diagnose any sort of orthopedic trouble. The diagnosis will not be made public but will be mailed to the parents or guardians after the clinic has closed. Further details of the movement will be made public next week.

A committee from the local Club has been appointed to get in touch with the doctors of the three counties and urge them to co-operate in making the clinic a success. Letters have already been sent to every one of them and it is hoped that they will return a favorable answer.

After the clinic, children will be treated at the local hospital. In case parents or guardians are unable to stand the expense of this treatment.

Will Mother's Day find mother enjoying the gift of flowers? They are a message from the heart.

—Says the Sunflower

Forget your old friends if you will, neglect your obligations here and there and your opportunities, but do not fail to remember that one big loving mother heart. Flowers will cheer her thoughts of you.

"SAY IT WITH FLOWERS"  
EDWIN C. HAMMERLY  
Florist  
Camden Greenhouses  
Flowerphone 356

an effort will be made to raise sufficient funds to take care of the little unfortunate children.

Going further than helping the children physically, the Rotary Club plans to help with the education of any child who has not received proper training on account of some affliction, provided that and will not be unwelcome to the parents.

## County News

### WHITE HAVEN

Capt. Tom White and party of Shad point visited his brother-in-law, Mr. J. Dashiell.

Mr. and Mrs. E. E. Foute, Mrs. Mary Windsor and Miss Mildred Doherty spent Sunday with relatives at Mt. Vernon.

Mr. Leon Tondine left last week for Montana where he has accepted a position.

Mr. and Mrs. Geo. Brittingham and Miss Agnes Jackson spent Sunday with Mr. and Mrs. James Riley.

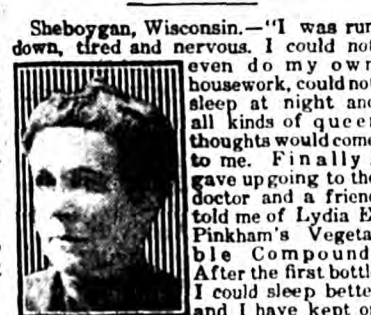

Mr. and Mrs. Arthur Perdue visited Mr. and Mrs. Walter White Sunday.

Mr. and Mrs. C. C. Jackson and children spent Sunday with Mrs. Lillie Wimbrow at Wango.

Miss Burnice Wright was a visitor in Sharptown Sunday.

## QUEER FEELINGS AT MIDDLE AGE

Women Should Know How Lydia E. Pinkham's Vegetable Compound Helps at This Trying Period

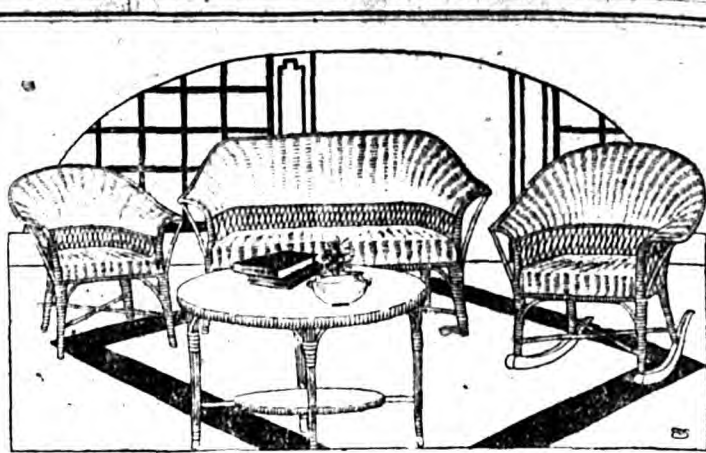

Sheboygan, Wisconsin.—"I was run down, tired and nervous. I could not even do my own housework, could not sleep at night and all kinds of queer thoughts would come to me. Finally I gave up going to the doctor and a friend told me of Lydia E. Pinkham's Vegetable Compound.

After the first bottle I could sleep better and I have kept on improving ever since. I have taken seven bottles now and am so happy that I am all over these bad feelings."

Mrs. B. LANSER, 1639 N. 3rd St., Sheboygan, Wisconsin.

For the woman entering middle age Lydia E. Pinkham's Vegetable Compound can be of much benefit. During this time of life certain changes take place which sometimes develop into serious trouble.

Melancholia, nervousness, irritability, headache and dizziness are some of the symptoms. Lydia E. Pinkham's Vegetable Compound is a natural restorative, especially adapted to assist nature in carrying you safely past this time. Why not give it a fair trial?

## This may be worth more than \$20,000 to you

If you had \$20,000, very likely you would invest it in gold, silver, or a business. With good fortune you would receive 5% on your investment, or an average yearly income of about \$1,000. But if you were to invest your \$20,000 in a "Y" correspondence course that would make you expert in a certain line of work, the yearly returns on your investment would be far in excess of \$1,000.

Always remember that a \$20,000 investment is not secure—it can be lost, stolen or spent. But your investment in knowledge cannot be taken away. It grows in value as time passes, its power increases with experience. It is the safest, surest investment that a man can make.

PREPARE FOR TOMORROW TODAY Your future depends entirely on what you do with your today. To make each one count. A few hours a week devoted to study, training yourself to do some line of work a little better than the other fellows, will prepare you for a bigger job and better pay.

We offer you the best and most practical correspondence courses at the lowest possible prices. By expert and individual instruction we will help you to gain the knowledge necessary for success.

YES I am interested in getting a better job with bigger pay. Please send me, free of charge and without obligation, complete information on the following:

### Cupid Busy In Legion.

Cupid is making such war romance inroads in the membership of an American Legion Post of Minneapolis, Minn., composed entirely of army and navy nurses, that a men's auxiliary, composed of husbands of the fair Legionnaires, is being planned.

### Vet Gives Blood.

When the wife of a wounded buddy was desperately ill, physicians appealed to jobless service men in the American Legion barracks, Cleveland, O., for blood for a transfusion to save her life. The blood of the unemployed veterans was too thin, it was found, and volunteers had to be obtained from a Legion Post of veterans who have jobs.

### Historic Painting.

The part that America played on the World War will be portrayed by a huge painting given by the American Legion and preserved by the French Government in the World War exhibit in the Musee de l'Armee, Invalides, Paris, France. The museum, founded by Napoleon as a home for his soldiers was visited by thousands of Yankee doughboys during the War.

### Opposition Unpatriotic.

Those who oppose the rights of men who fought in the World War are unpatriotic, Brig. Gen. Hanson Ely, commandant of the War Department's service schools at Fort Leavenworth, Kan., declared in memorial exercises conducted by the American Legion. Gen. Ely pleaded for adequate care of the war disabled and adjusted compensation.

### Boy's Week.

Starting simultaneously in every community in the United States, on April 30, the international association of Rotary Clubs and the American Legion will combine to observe "Boys' Week" with exercises and programs of interest and help to young America.

### Joffre Gets D. S. O.

The Distinguished Service Order of the American Legion has been conferred on Marshal Joffre of France, by Hanford MacNider, commander, in decoration has been awarded only four

other persons, one of them Marshal Foch.

### Buy Ad. Space.

About a month ago 40 St. Louis men bought pages of newspaper advertising to announce their opposition to adjusted compensation, adding that they were world war veterans. Missouri is paying a state war bonus, however, and the American Legion, distributing bonus application blanks, found that these men were among the first to apply for the state compensation.

### LOCAL BOY HONORED

Ervin Miller, a graduate of Wicomico High School, has been appointed an instructor in French at the University of Virginia according to word just received by his mother here. Young Miller made a splendid record at the Salisbury school and his friends will be gratified to learn of his new successes.

### CARRIER EXAMINATION

Announcement is made by Postmaster Owens that an examination will be held in Salisbury on May 27 for the position of Clerk-carrier. The examination begins at nine in the

morning. Applicants can obtain further information and application forms by writing to the local secretary, Civil Service Examiners, at Salisbury.

### CANT BUILD GARAGE

George E. Brown, owner of the Victory Vulcanizing and Battery Store on East Church street, was refused permission by the City Council to build a brick garage on West Main street on the grounds that the owners of near-by residences objected to it.

### DELMAR CLAIMS PENNANT

Defeating Wicomico High School in a fast game on Friday, the Delmar team won the championship of the Class one base ball league of Wicomico. This is the second time the Delmar boys shut out the Salisbury aggregation.

### GETS SELBYVILLE CONTRACT

The Richardson Brothers Company, plumbing and heating contractors, have been awarded the contract for furnishing and installing the water mains and fire hydrants for the new water system to be effected in Selbyville.

## County News

### BERLIN

Mr. Thomas Sharpley of Franklin City has been spending a few days here with friends.

Mr. and Mrs. Harwood Purnell and two children of Wilmington Del., returned home on Monday, Miss Elizabeth Purnell returned to Washington after attending the funeral of their father, Mr. John Selby Purnell, Sr.

Dr. Harry Conaway and family of Hebron spent last Sunday with his mother.

Mrs. Harry Young of Pocomoke City, visited her parents, Mr. and Mrs. Ann P. Bowen on Sunday.

Mr. John Townsend of Wilmington has been spending several days here with relatives.

Miss Elizabeth Powell returned to Philadelphia on Sunday with her brother, Mr. Edmond Powell for a few days.

Dr. and Mrs. Arthur Vashberg of New York are visiting his sister, Mrs. John D. Henry.

Mrs. Calvin B. Taylor spent a few days of last week in Annapolis with her brother Mr. Frank Collins who is quite ill.

Mr. and Mrs. Edmond Powell returned on Sunday morning to their home in Philadelphia after spending the week here with his Mother, Mrs. J. A. Powell.

Mrs. Wm. Burbage spent a part of last week in Baltimore with her daughter, Mrs. George Bennett.

Mr. and Mrs. Paul Morris and little daughter are spending the week in Philadelphia with his parents.

### DRESSES OF BEAUTY.

You wouldn't believe that there are so many ways to make a frock "different" and charming if you couldn't prove this by our splendid offerings. Represented are dress modes to suit every taste, and these prices will surprise you.

For \$14.95. To see these chic dresses is to appreciate their wonderful values. Styles becoming to the Miss as well as the matron. They are of taffeta, crepe de chine, crepe meteor, in the smartest, most pleasing models.

For \$19.25. If you are looking for a stylish dress for practical wear at a moderate price you'll find it in this lot. The newest styles, including round, square or V necks, with clever trimmings.

For \$29.75. A late purchase of moderately priced frocks enables us to offer you these pretty stylish garments at this remarkable price. Canton Crepe is the material and the styles and workmanship on these dresses are all that is to be desired.

### APPAREL NEWNESS.

The Suits, the Coats, the Capes, and dresses shown here, while refreshing in their newness, are faithful to the season's mode—representing, as they do, the best taste of the foremost creators of Fashion.

We ever strive to make this store a "particular" store—most exacting as to styles and qualities in making its garment assemblages. But—don't jump at the conclusion that such a policy means high prices or extravagances.

It doesn't. The superior styles here shown, the excellent quality of fabrics found in our garments, the higher type of tailoring—all make for real worth Apparel, no matter what the price you fix upon to pay.

## HER DAY

Next Sunday, holy though the Sabbath be, is even more highly consecrated than are most of the other Sundays of the year.

It is Mother's Day.  
It is a day on which many men and women pause long enough in a busy world to think of the blessing of God as revealed in Mother, a revelation so complete, so compelling, that no one who has known Mother can doubt there is a God.

Each year sees new days set aside for particular purposes, and each, perhaps, in some measure accomplishes that purpose. There is no day, however, that can have the universal appeal that Mother's Day carries. There is no day that can cause such heart searchings. There is no day that brings sweeter, brighter, more noble memories.

On Mother's Day we turn back the hands of the clock. For a little while, perhaps, we become as little children standing at Mother's knee. And with the clear, honest vision of childhood see things in a new light. If we resolve the more highly to honor her or her memory, the purpose of the day has not been lost.

Next Sunday is Mother's Day. Let us keep it holy.

## A SPLENDID MOVEMENT

The crippled children of Wicomico, Worcester and Somerset Counties are to be given a chance to be examined by a famous orthopedic specialist, Dr. William S. Baer, of Baltimore. If it is found that they are curable, no stone will be left unturned to see that a cure is effected.

Through the auspices of the Salisbury Rotary Club, assisted by other Clubs that have been formed and are being formed in the other counties, a clinic will be held at the Peninsula General Hospital in the early part of June.

Rotarians are planning to take care of the children who will be examined at this clinic in true Rotary style. Transportation will be furnished for those unable to provide for themselves, and lunch will be provided at the Y. M. C. A. As the children will probably be in the city all day long, their entertainment is also being planned for.

Every doctor in the three counties has been urged to give his co-operation toward making the clinic a success. The plans for the event have not yet been entirely worked out, but as fast as details are arranged, the doctors will be apprised of them.

The mere holding of the clinic would not be of great material value. To follow up the work so well started, the Rotary Club will try to see that each child examined has the treatment prescribed for it. In case there is a lack of funds, an effort will be made to supply sufficient money to pay treatment expenses, buy braces, and provide transportation.

Looking beyond the physical need, the Rotarians are also planning to help those children who need it along educational lines, provided such aid would not be unwelcome to parents or guardians. Books and courses of instruction will be furnished if needed, for it is believed that many children have not had the proper school facilities on account of their afflictions.

The movement to hold the clinic follows right in line with the Rotary policy of justifying its right to existence by doing good works. We trust their efforts will be crowned with success and that their work will prove a blessing.

## FOR GREATER GOOD

Plans are being made for the organization of an Eastern Shore Chamber of Commerce whose duty it will be to co-ordinate the work of the various local Chambers and trade associations of the Peninsula, concentrate the influence of the several bodies, and publish to the world the fact that this is the Garden Spot of the World.

That such an organization is needed, there can be no doubt. Heretofore, local associations of different kinds have tried to put across big projects in order that their own community might profit thereby while at the same time neighboring communities would be equally benefited.

Examples of such work are numerous. There is the establishment of the boat line to the Western Shore. This connection will be vastly beneficial to the people of the Northern Neck of Virginia, to the people of Crisfield, to the people of Salisbury. The work of getting the boat connection was largely the work of the local Chamber of Commerce. The benefits will be equally distributed over a number of communities on both sides of the Bay. Here was a chance for an Eastern Shore Association to get in some excellent work.

For a long time, now, the Salisbury organization has been fighting for a reduction of freight rates that will eliminate the differential in favor of Baltimore and the larger cities that ship into this territory. While the work was started primarily as a benefit for this city and this county, it will, nevertheless, be a distinct benefit to all persons in this section of the country who buy goods from Salisbury. Here again was work for a central Chamber of Commerce.

Many years ago, some of the most progressive citizens of this county began to take up the project of having the Wicomico River dredged to a depth sufficient to allow large vessels to make this port. While the development of Wicomico County as a whole was the aim of those back of this work, when it has actually been done it will be found that the people of this entire section will have profited by it. Surely this was work that might have been undertaken by an association of Chambers of Commerce.

One of the needs of the Eastern Shore today is advertising. We have here unclaimed lands that may become fertile gardens under the loyal care and devoted attention of the settler. But who is to tell the story of the wonderful opportunities of this territory to the world at large?

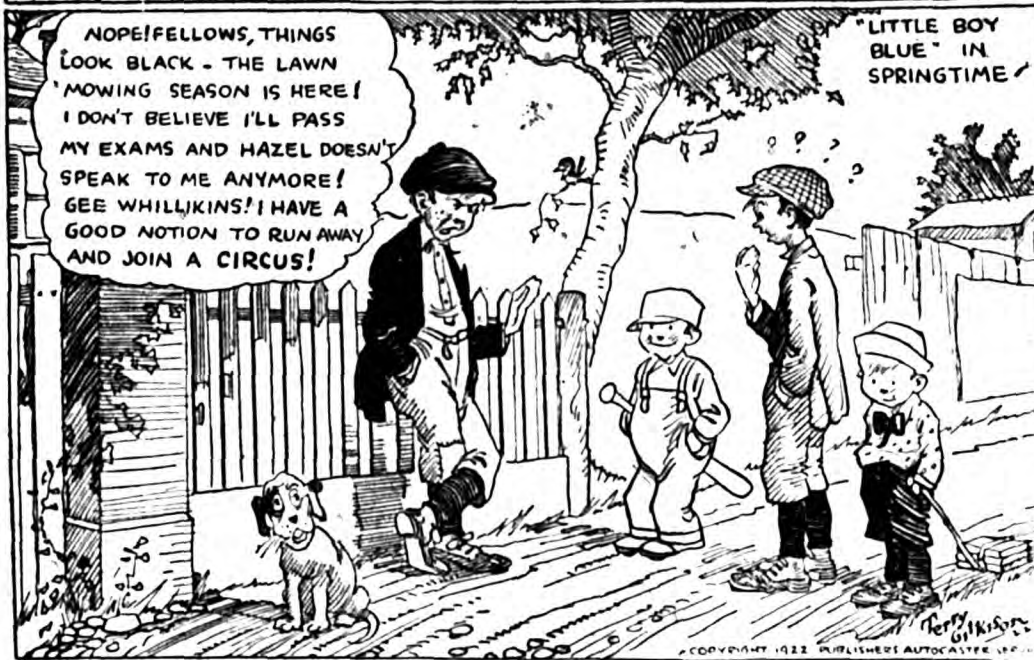

The task is too great for one community to undertake. The proposition should be handled by representatives of the entire Shore. And this is only one of many things that might be taken up, things that would prove vital in our expansion and development.

The central Chamber of Commerce would make for efficiency and strength. Salisbury might try to put over a big project, Pocomoke City might try it, Easton might try it, any other community might try it and fail. But combined, exerting through the same channel their vast strength, concentrating on one local point their co-ordinated influence, there is probably nothing within the realm of reason at which they would fail.

The idea of a central Chamber is big; the things it might accomplish are bigger. The proposition is worth the serious thought and consideration of every business man on the Peninsula.

One reason, perhaps, we don't see little children on the street today holding on to their mother's skirt is because little children can't reach it.

## Kids is Kids

## BOOTLEGGERS AND BOLSEVISM

Many a child has been thrilled by the story found in nearly every child's reader of the brave little hero who, finding a small leak in a dyke, placed his hand over it and kept it from growing larger. Had the child been less observant, less courageous, less tenacious, death and destruction would have descended in a flood upon his country.

From the difficulties the authorities are having today in enforcing the Eighteenth Amendment, it would seem that the average citizen is not as observant, nor as courageous as was the little hero of Holland. If he were, he would long ago have realized that in violating the Volstead Act, he was not only breaking the law of his country, he was actually endangering that country as well.

The average American citizen has a strong respect for the law, not a respect engendered by fear, but a respect based on knowledge that law and order are good and that without them this nation could not continue to exist.

Yet that same citizen will, perhaps for the only time in his life, deliberately violate the supreme law of the land. It has been said that we are today become a nation of law-breakers. Such a statement should, without doubt, be qualified, because for every one who transgresses there are nine who obey the statutes. It is in the violations of the law by respectable citizens, however, that the danger to this country lies.

The bootlegger is an outlaw. He is in the same class as the murdered, the hold-up man, the burglar. He is a man proscribed. To hold any intercourse with him is to place oneself in jeopardy. A substantial citizen should as soon think of aiding him in his pernicious, nefarious traffic as he would of aiding a murderer to escape the hand of justice.

The unthinking man or woman who patronizes these panders of illegal intoxicants does not realize that should such trade go far, the fundamental structure of this nation will be imperiled. If familiarity breeds contempt, what will deliberate violation of the law bring forth? What could it bring forth but anarchy, lawlessness, misrule, bolshevism!

On the streets of this city last week stood a man who had been convicted as a bootlegger. To many passersby he handed a yellow card on which was printed a plea for assistance in paying a fine justly imposed upon him by a local magistrate for violating the law. He was openly soliciting help from the citizens of Salisbury that he might pay a fine, escape a jail sentence, and go back to this baleful business. Yet it seemed that nothing could be done with him for so openly flouting the law of the land and the dignity of this city.

To impose a fine as punishment upon an outlaw does little good. The money is cheerfully paid just as though it were a tax to do business, and that is what it really amounts to. Jail sentences seem to have no more deterrent effect. What is needed is a punishment that will instill in the heart of the most brazen criminal a healthy fear and respect for the law.

Such a punishment as thirty lashes at the public whipping post would do more toward putting an end to violations of the law than any fine or prison sentence that could be imposed. Why not have the whipping post?

## WICOMICALITIES.

According to a Genoa dispatch, when the United States recognizes the Soviet Government of Russia, so will France. We know one France who didn't wait.

Says Emma Goldman, "The Russian Revolution is a complete failure." Honest, Emma, are you kidding us?

The early worm these days is likely to find himself hunting trout.

The work of the Red is made easier by the unread.

When it comes to accurate shots, Germany fails of her mark.

A splendid example of civic virtue can be found in New York—but only in marble.

More speed trials before a J. P. and fewer along North Division Street would be decidedly beneficial.

It seems that if enough people violate the Volstead Act, there will be fines enough to pay for enforcing it.

The Department of Commerce announces that statistics this year as compared with those of last year indicate in business a "profound improvement." So profound, in fact, that many have failed to grasp it.

Men of promise are not totally unknown—to bill collectors.

A whipping post would put the foot on the other foot for bootleggers.

Most big men don't stop to figure out where they will wind up. They put all their energy into the winding.

We wonder if the "bone" specialists who are coming to Salisbury in June to hold a clinic would be willing to work on some adult's bone?

One-half of pleasure is anticipation and the other half is retrospection.

The United States Government will require \$1,500,000,000 less in 1922 than it did in 1921. Just think, we will have all that to spend ourselves!

"Woman 74 Is Unlabeled as Vamp," says a news dispatch. Yet they talk about the young "flappers."

And it is barely possible that the young folks don't stay at home more because it is lonely with Pop and Mom at the movies.

Mrs. Sidney Hearn has returned home after spending some time with her mother at Clara.

Mr. Linwood Holliday and family of White Haven visited his brother Mr. Lee Holliday on Sunday.

Mrs. C. D. Wilson gave a birthday party last Friday afternoon in honor of her son Joseph, it being his third birthday. A number of little tots were present. Refreshments consisting of ice cream and cake were served.

Mr. E. J. D. Phillips was in Baltimore a few days this week.

## Comfort Is Fashionable

Wherever you go nowadays you will find a great many of the smartest women wearing Cantilever Shoes. At the hotels in trim tailored suits with Cantilevers just as trim, you will see them at tea. This summer they will be seen in comfortable sport clothes and Cantilevers; in New York, San Francisco, Philadelphia—everywhere. For comfort has become fashionable today, and Cantilevers have the trim lines that harmonize with the ideas of American women.

Like the foot, the arch of the Cantilever Shoe is flexible. Your foot muscles, relieved of the restraint of the ordinary stiff sole, are encouraged to exercise, your blood to circulate, your arch to grow strong.

The very first day you try Cantilevers you will feel the delightful ease caused by the well-placed heels, the natural inner sole-line, the thoroughly scientific construction that makes a Cantilever.

You'll like their style, too.

R. E. Powell Co.

Brittingham-Pollitt Nuptials Celebrated

Pretty Wedding Takes Place At Home Of Mr. And Mrs. John Brittingham On Philadelphia Avenue.

A very pretty wedding took place at the home of Mr. and Mrs. John Brittingham, Philadelphia Avenue, Tuesday afternoon, May 9th, when their daughter, Myrtle, became the bride of Mr. Wallace Pollitt of Laurel, Del. Miss Mabel Brittingham, sister of the bride attended as maid of honor, while Mr. Edward Pollitt, brother of the groom was best man.

The bride was becomingly dressed in a dark blue traveling suit, with hat and gloves to match and carried a shower bouquet of bride's roses. A reception followed the ceremony, and the happy couple left for Niagara Falls and other Northern Points.

HORSMAN—HORNER

Miss Effie E. Horner, daughter of Mr. and Mrs. E. H. Horner, of Bivalve, and Mr. Edgar A. Horsman, son of the late S. A. and Mrs. Edna Horsman, were married on Saturday evening at 6:30 o'clock at the home of Mr. and Mrs. Russell Langrall, the ceremony being performed by Rev. Ziba Adams. Mr. and Mrs. Horsman will make their home with the groom's mother.

Mother's Day will be observed at Mt. Hermon Church next Sunday afternoon. Sunday School at 2 o'clock, preaching at 3 o'clock and Christian Endeavor in the evening at 7:30.

What's the difference between Your Chest and Waist Measure?

Usually, in a regular figure only two or three inches.

But, in men who carry themselves very erectly, the difference is larger.

Obviously, such men require a special model—can't be well fitted in any usual style.

Our tailors at Fashion Park gave special thought to these men when they developed the Stanerek treatment—it's for men who stand erect.

We're showing Stanerek in an interesting assortment of fine patterns and weaves—and in an interesting series of values at

R. E. Powell & Co.

Salisbury, Maryland.

## RHEUMATISM by Dr. W. T. Truitt

Of all the chronic disorders to which man is subject there is, perhaps, none more common than that of rheumatism in its various forms, and none which so handicaps the activities of man and limits his possibilities.

A very careful study has been made of rheumatism, and investigators have spent much time and effort in trying to determine the actual cause of the disease. The sum total of all this investigation has led to the belief expressed through written articles and by the medical fraternity; that rheumatism is caused by the excessive retention of uric acid in the body. The liver is principally concerned in the formation of uric acid; if the liver is producing an excessive amount of uric acid this condition must be corrected by locating the exact cause.

All function in the body is dependent upon the quantity and quality of nervous energy which is supplied through the nervous system. If the function of the organ is abnormal, it is because the nerve supply from the brain is abnormal. The reason why the liver does not function normally and the reason for the lack of oxydation in the tissue cells is because the nerve fibres which transmit this vital energy are pinched and thus rendered incapable of carrying their proper supply. In other words if we grant that uric acid and lactic acid are productive of rheumatism, we must trace the cause back still further and find the reason why these substances are manufactured in excessive amounts.

As it is true that uric acid and lactic acid are normally manufactured in the body, so it is also true that they must be eliminated from the body. If their elimination does not keep pace with their production, they will also manifest themselves in excessive amounts. Therefore, upon the kidneys, as the principal excretory organs develop the function of maintaining that elimination at the normal. If the kidneys do not function normally rheumatism may manifest itself, but in reality the primary cause is the inability of the kidneys to function properly because it is not receiving its normal supply of vital energy through the nervous system.

WEAK, NERVOUS, ALL RUN-DOWN

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield, Mo.—"My back was so weak I could hardly stand up, and I would have been bedridden for weeks if I had not taken Cardui," says Mrs. D. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. I saw after taking some Cardui that it was improving. The result was surprising. I felt like a different person."

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me. My doctor held I got along fine. I was in good healthy condition. I cannot say too much for it."

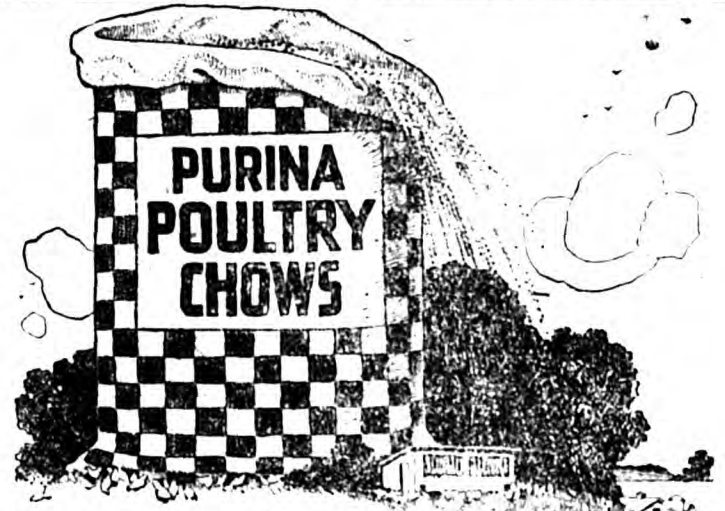

Thousands of women have suffered as Mrs. Williams did, until they found relief from the use of Cardui. Since it has been so many years, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere. E-83

70,000 farmers guarantee this

The men of the Dairymen's League—seventy thousand farmers—with many hundred thousand cows, devote their lives to the production of pure milk and milk products.

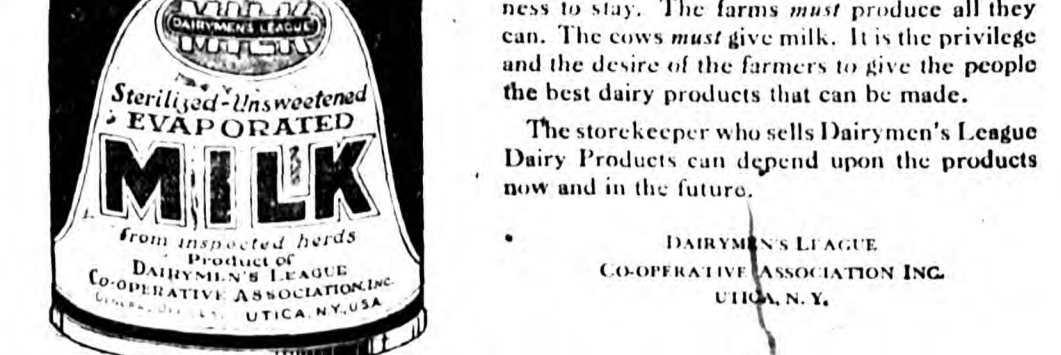

They are as much a permanent part of American life as New York State or Florida is. When they make a dairy product and put their collective name on it, that product is good. It is made and sold not merely for a fickle demand of the moment, but for today, tomorrow, next year, and for the years to come.

Not all the farmers in this territory are members of the Dairymen's League Co-operative Association, Inc., for, to be a member, a farmer must have the right kind of farm and clean, healthy cows subject to a regular rigid inspection and to unscheduled inspections by government officials. This means much to all who buy milk or milk products.

For these seventy thousand men are in business to stay. The farms must produce all they can. The cows must give milk. It is the privilege and the desire of the farmers to give the people the best dairy products that can be made.

The storekeeper who sells Dairymen's League Dairy Products can depend upon the products now and in the future.

## SAVING OF \$16,432.29 MADE BY SCHOOL BOARD

Budget For This Year Includes Old Deficit Of Nine Thousand—Expenses Actually Cut By \$25,557.

Effecting a saving of \$16,432.29, the School Board has prepared its budget for the next year in which it asks for only \$147,815.71. The amount levied last year for the support of the public schools in the county was \$164,248, more than \$16,000 in excess of the present demands.

Of still more significance is the fact that of the amount requested this year, \$9,124.71 is to be applied to an old deficit. This means that expenses in this county have actually been reduced this year by \$25,557, a saving which will be sincerely appreciated by the taxpayers.

The Board of Education is to be heartily congratulated on this showing which will prove to the most sceptical that the schools of the county are being efficiently managed. With the election on the bond issue drawing near, this showing should have untold weight in bringing out a vote in favor of the bond.

## To Sell Concessions For Local Ball Park

Soft Drink Privilege And Other Concessions Will Be Sold At Auction On Friday Afternoon.

In order to swell their treasury to the fullest possible amount, the Salisbury Baseball Club will sell at public auction at the Court House on Friday afternoon at three o'clock, the soft drink privileges on the local field.

Some of the other concessions have already been disposed of at good sums and it is hoped that a large number of bidders will be out on Friday to capture the soda water concession. The privilege should prove a veritable gold mine if it is worked as it should be.

## Grand Lodge Official To Make Address Here

Unusual Meeting Of Newton Lodge, Odd Fellows, Will Hear William A. Jones, Grand Secretary

Every Odd Fellow in Salisbury and Delmar is urged to attend the next meeting of Newton Lodge No. 56, I. O. O. F., on Tuesday evening, May 16, to hear an address made by William A. Jones, Grand Secretary of the Grand Lodge.

After the meeting there will be a smoker and general get-together good time. Newton Lodge is now very active and expects some time during this year, to hold a big meeting in celebration of her 75th anniversary.

## HUGE MASS MEETING IS PLANNED FOR MAY 21

W. C. T. U. Have Engaged Dr. Clarence True Wilson To Deliver Union Meeting At Arcade.

Meeting in regular session at the Elks Home on Monday afternoon, the W. C. T. U. was urged to use its influence in breaking up the deplorable practice of bootlegging that has grown to such proportions in this community. The Union pledged itself to support the authorities in every way possible in dealing with the problem. The secretary was instructed to write each member of the General Assembly from this county a letter thanking him for his support of the Eighteenth Amendment at the last session of the legislature.

After the usual routine business had been disposed of, the Red Cross Nurse, Miss Mary C. Kell, was introduced and made a most interesting talk on "How to Live a Long Time" in which she stressed the necessity of having a clean city and deplored the fact that Salisbury is inadequately sewered.

Miss Kell also pointed out the need for a better garbage system and stated that she hoped the malaria situation would be improved this year.

She then went into a discussion of the transmission of diseases and spoke of the importance of sunlight and fresh air.

Delegates to the tri-county convention which meets in Crisfield on the first of June were elected. The president reported to the Union that the services of Dr. Clarence True Wilson had been secured for a great mass meeting at the Arcade Theatre on Sunday evening, May 21. It is understood that all churches in the city will unite in this meeting to make it a success. Dr. Wilson, according to all reports, is a worth while speaker and should find a large and responsive audience here.

## "Just Plain Mary" Comes Back Again

Little Play That Proved Such A Success Here Before Will Be Given For The Red Cross.

For the benefit of local work of the Red Cross Association, the little play, "Plain Mary," that made such a hit when given under the auspices of the Standard Bearers, will be repeated on May 19 at the Y. M. C. A.

"Just Plain Mary" proved a strong drawing card before and it is hoped that it will prove so again. The cross-fire in the skit has been changed and is said to be better than before. Tickets will be placed on sale within a few days and the public is warned not to delay too long in purchasing seats.

## NURSES GRADUATE

Commencement exercises at the Y. M. C. A. for the graduating class of the Peninsula General Hospital will be followed by a reception and dance at the Nurses' Home. Rev. Robert A. Boyle has been asked to take part in the exercises at the "Y" and Miss Faulkner's orchestra will furnish music.

## Junior-Senior Fete Is Thoroughly Enjoyable

Most Successful Banquet Of Recent Years, Is Way Guests Characterize Entertainment.

The Junior-Senior banquet on last Friday night, was one of the most enjoyable events of the spring. The faculty, members of the Board of Education, pupils, parents and friends were present in large numbers and were thoroughly delighted with the affair.

Gifts of various kinds were presented to the members of the faculty and to others, some of the presents being more in the nature of a joke from which a great deal of merriment was gained. It is said to have been the most successful banquet of recent years.

After the program, refreshments were served in the manual training room which was decorated with the Senior class colors, blue and white. The girls of the Junior class wore the dresses they had themselves made this year in school.

## CITY BOOKS O. K.

The auditor's statement of the city treasurer's books for the period from October 1 to April 1 shows them to be correct in every respect.

## TWO HUNDRED GUESTS

Two hundred guests were present at the linen shower for the Peninsula General Hospital last week. More than six hundred pieces of linen were received from people all over the Eastern Shore.

"Who ran to help me  
When I fell,  
And would come pretty  
Story tell,  
Or kiss the place  
To make it well?  
My Mother."

Remember Mother on this Mother's Day with a Victrola. Or if she has a Victrola, a few Records of the "old songs" will delight her.

Look over our stock and find an instrument to suit every purse.

## The HOOVER

IT BEATS AS IT SWEEPS AS IT CLEANS

## Dry Clean Your Rugs At Home!

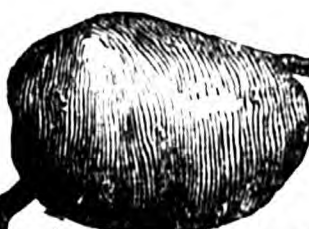

Take six parts of coarse, granulated cornmeal and one part of ordinary salt. Make it very hot and scatter this dry mixture over the rug or carpet. Rub this well into the carpet with an ordinary dry scrubbing brush. Then run your Hoover over the carpet. Cornmeal, dust, oil film and all dirt will be drawn into the dust-proof bag and your rug will be clean. Three quarts is ample for a 9x12 rug.

During the winter soot that gets into your house forms a thin, oily film over your carpets and rug, and dulls their colors. The last vestige of this may be removed in the above manner. It can ONLY be done with a Hoover because ONLY the Hoover has a fast revolving, motor-driven brush of soft hair.

## WILL HAVE BIG CAMP

Local Guardsmen Planning An Ideal Outing At Edgewood Arsenal This Summer For Two Weeks.

The announcement made a short time ago by the Adjutant of the State of Maryland relative to the time and place selected for this summer's encampment has been a subject of considerable favorable discussion among the members of Company "I", First Infantry, Maryland National Guard.

After considering the merits of several cities that would provide the necessary facilities for a large camp of this nature, Edgewood Arsenal was selected because of its desirable location and splendid surroundings.

Edgewood Arsenal is the home of the Chemical Warfare Service, and was constructed and improved at a cost of fifty million dollars. It is a permanent Government Reservation and one of the finest in the United States. It is located about 21 miles north of Baltimore, on the main line to Philadelphia, and is most delightfully situated overlooking an inlet to the Chesapeake Bay.

The entire reservation contains 10,000 acres with fine improved roads and every modern facility. The site selected for the camp is desirable in every respect, as it is adjoining the permanent quarters of the garrison, and bordering on the Bay, where one will find a splendid bathing beach, from which the water slopes off to a distance of several miles. Few places provide better facilities for boating, swimming and water sports of every description.

The men will of course live under canvas during their period in camp, and estimates are being prepared to provide wooden floors, electric lights, and every convenience for the comfort and pleasure of the men attending this camp.

An additional feature of this camp will be the opportunity to see the interesting experimental work carried on research work in these agencies of modern warfare.

Never before has this State been able to obtain a camp site so desirable and interesting, and it is felt that this summer camp will always be associated by the soldiers of the State with the memories of pleasant happenings. There is a comradeship developed in camp life of this character that is one of the finest experiences a red-blooded young American can enjoy.

The joy of out-door living under such delightful conditions, with just enough military activities to add an interesting and instructive value to the camp, will be fully appreciated by all who have the opportunity to go to the National Guard Camp at Edgewood this summer.

The young men of Salisbury who feel that they would like to attend this camp with Company "I," should see Capt. Russell, the Commanding Officer of the local Company, before the enlistments are complete and the full number enlisted to take along to camp.

Mrs. Mattie Crawford, woman evangelist, sometimes called the Female Billy Sunday, has launched a campaign designed to bring salvation to the flapper. "The little flappers are flapping their souls away," she says. "They must send them to the laundry of the Lord, and let their hair grow. The tiny modern Delilahs are having the tables turned. The flapper has lost her moral strength with the loss of her locks."

### FARMERS' DAY WILL BE ONE HUGE EVENT

In Addition To Scores Of Educational Exhibits, There Will Be Lots Of Pleasure-Packed Entertainments

With scores of exhibits and demonstrations to be grouped about the central idea of economy in production and marketing of farm products, Farmers' Day at the University of Maryland, May 27, promises to be one of the most interesting and instructive events of the kind ever held.

It is expected to have a real interest this year because it was omitted from the program of annual events at College Park last year. Representative Sydney Anderson, chairman of the joint committee of Congress on Agricultural Inquiry, will be the speaker his address being scheduled for two o'clock in the afternoon.

scores of educational features, the committee on arrangements has not omitted the lighter features which will contribute to the enjoyment of the visitors. In this case there will be a free lunch served by the university, a band concert, motion pictures, an all-day athletic contest between teams from the public schools, of Prince George's County, a competitive military drill by the cadet corps at the university and a base ball game between the University of Maryland team and a team from Silver Spring which is managed by former State Comptroller E. Brooke Lee.

Economy in production will be demonstrated in numerous ways showing improved methods of growing crops, raising livestock and improving the soil. Economy in marketing will be shown by demonstrations of proper grading and packing of farm products. The furnishing of the farm home will be an attractive feature of the demonstrations planned for women.

### "STOP THIEF" WILL BE PRESENTED HERE SOON

Dramatic Club Of St. John's College Will Give Play At The Armory On Friday Evening.

The Dramatic Club of St. John's College will present at the Armory in Friday evening, May 12, the well known comic drama, "Stop Thief." Last Spring, while touring the towns of the Eastern Shore with their play, "Officer 666," the cadets found such a generous welcome and had such gratifying success in Salisbury, that they are including this town on their tour again this year.

of the Wicomico High School.

"Stop Thief" is a popular farce, recently released from Broadway. It is the play that kept New York laughing for a year and is, beyond a doubt, the best production ever attempted by any of St. John's Dramatic Clubs.

The cast is composed of St. John's Cadets, assisted by four young ladies of Annapolis, who take part of the feminine roles. All are selected and have been carefully adopted to the characters they play.

Professor S. S. Handy, head of the English department at St. John's, is the coach and director of the cadets. Professor Handy is famous throughout the State along these lines and the very fact that he is connected with the play is recommendation enough.

The Dramatic Club will include a first rate orchestra which will play for a dance after the show. College music is always full of pep and the dance should prove most enjoyable.

The Wicomico High School appeals to the people of Salisbury to help make the event a success.

## HAY FEVER PREVENTION

Weekly Health Talk No. 7.  
By Dr. J. Harry Biron, Ph. C.

Health turns the Clock Backward

UNCLE BEN SAYS:  
"I have been trying to figure out what I can think of to do about it."

Why wait until the heated days of the pollenization season when the floating dust of plant life brings on this most exasperating disease? Why not take the necessary steps for making yourself immune now?

One person out of every twenty is said to be susceptible to this so-called disease, the other nineteen are immune. In other words the nerve vigor of the air passage linings is such that it easily throws off the infection. Chiropractic spinal adjustments will restore the necessary resistance of these flaccid tissues and in a very high percentage of cases prevent the periodical recurrence of this ailment.

### HAD IT FOR YEARS BUT IS FREE NOW

"Our daughter, Ada, aged thirteen suffered every year from hay fever from early infancy. We thought there was no cure until we tried chiropractic spinal adjustments. Since then a few adjustments in the early part of July have been sufficient each year to forestall the illness. She was free of it for two years entirely but in each of the last two years on symptoms of its possible recurrence, adjustments have prevented the attack."—Mr. and Mrs. W. M. Rubush, Chiropractic Research Bureau, Statement No. 1329F.

## COMMENT OF COUNTY AGENT CODE ON AGRICULTURAL HAPPENINGS

The same advice is being offered by several other buyers have told us the same thing and as they are in touch with these matters there must be some truth in what they say: One was offered last year that Pearl Pinks neither does the fact that Pearl Pinks not stop spraying brought good prices last year form a criterion for this or coming years. We all may be wrong and the growers who are planting this variety may know best but by bringing these up for discussion and thought we are sure to get the matter before the growers at least.

Once again in answer to many, many inquiries: The fertilizer formula suggested by Will Ward is as follows:

Poultry Manure .....600 pounds.  
Acid phosphate .....600 pounds.  
Nitrate of Soda .....200 pounds.  
Dissolved bone (3-8).....400 pounds.  
Muriate of Potash .....200 pounds.

One of the best, or to use John-son's ad, "next to the best," sweet potato growers on the whole Eastern Shore backs us up when we suggest that fertilizer should be broadcast rather than in drills. He has almost a national reputation as a sweet potato grower and has been growing a large acreage of this crop for the last twenty odd years and his suggestions should be worth considering.

We have started a strain test of cantaloupes this year and have planted several varieties and have obtained the same varieties from several sources in order to make a forceful test. Different firms have co-operated with us in this work and say that it is with us this year and among other things told us that the sweet potato growers in his section were getting rid of black shank, wilt, etc., in their sweets. They use the same several other seed houses. If results are as we hope and expect it will be possible to keep a close check on the different seed sources and the strength of their respective strains.

Several other demonstrations have been started this year which should prove of benefit to the farmers of this county. The woodlot demonstration carried on last year with its resultant figures should cause every farmer with such a thicket to thin out the weak, etc., trees and get a paying crop out of what is now not making any annual returns. Pine will pay a

Mexican lopes ready to move about April 10 and most of the shipments will be made from Mexico this season between April 15 and May 15—Georgia watermelon crop beginning June 10 and should reach from 20,000 to 25,000 cars—Imperial Valley estimates 28,000 acres in lopes this season in fact there seems to be an increase in lopes all along the line. We note that the western cantaloupe growers are worried somewhat as they think that the consuming public may turn to the long lopes this year instead of the round type that is grown in their section.

Speaking of lopes there seems to be quite a difference of opinion as to the demand and future of the Pearl Pinks. We, as well as many others who know more about the subject than we do, are afraid that there will come a day when all the Pink Meats will fail to bring good prices if the acreage is increased to a great extent. Straughn Lloyd, Jimmie Taylor and

we have one of our good farmers trying this out this year but we wish that more would do the same thing.

*George R. Poll*

## CHILD TRAINING AT HOME

### MAY BASKETS.

Fred's aunt, who was a kindergarten teacher, had given him a pair of round-pointed scissors for his fourth birthday. She had also prevented possible trouble by explaining that the scissors must never, never cut anything unless Mother had first told him that they might. Now Fred was demanding, "What may I cut, Mother?" For a moment Mother was puzzled. He hadn't mastered the use of scissors sufficiently to cut out pictures. He could just make straight slashes.

"How would you like to make May baskets?" Mother asked at last. "Oh, goody!" May had returned, clapping his hands. "Yes, indeed," Mother assured him, as she dived into the drawer that held her haphazard collection of odds and ends. "See, here are some small boxes and cookie boxes. And here is some pretty paper. The pink is nicest. It was left over when I put fresh papers on the pantry shelf. I'll cut strips to go around the boxes.

together. When you have enough good fringe we will paste it all around the boxes. Then we will fasten on some stout strips for handles and cover the handles with other strips of pink paper fringed on both sides, and the May baskets will be finished." "And may I hang them on May Day?" asked Fred. "Of course you may," replied Mother. "While you are cutting think about the playmates to

Mother returned to her baking with a clear conscience. Son was learning the Joy of the Job Well Done. He was gaining control of the muscles of his chubby little hands. And soon there would be a talk which would stimulate the habit of Taking Thought for Day." Others. Certainly that was sufficient interest for the investment of ten morning minutes.

## County News

### MARDELA SPRINGS

The Post Office interior is being improved with paint and paper.

Little Virginia Hansen has been quite ill at the home of her grandparents, Mr. and Mrs. A. J. English, Spring Grove, the past week.

Rev. and Mrs. E. E. Krauss, of Ridgely, spent Friday and Saturday in town.

Rev. G. W. Gorrell substituted for Miss Maude Bennett at school on Friday.

A practice game of ball was played on Tuesday between the Sharptown and Mandala teams. Mandala came off victorious with a score of 11 to 4.

A feature of the game was the playing of Edward Hopkins, an eleven year old boy in the 5th grade. To him belongs the honor of making the first score.

Miss Annie Johnson, of Riverton, entertained her niece Miss Enda Bennett on Wednesday night.

Capt. Marshall met with a mishap on his boat Monday last when he was visiting Mr. Drexel Truitt, of Philadelphia, visited his little son Floyd the first of the week.

Rev. and Mrs. G. W. Gorrell, and Mr. and Mrs. A. S. Venables attended the bimonthly meeting of the Peninsula Baptist Association which was held at Hurluck Wednesday afternoon and evening.

Mrs. John Cheesman has been quite ill with heart trouble for the past week.

Mr. and Mrs. Joseph Walker, Miss Lulo Walker, and Mr. and Mrs. James Hastings, of Cambridge, called upon friends in town in Wednesday.

Mrs. Ware Eversman, Mrs. Louis Bradley and little Cathlene Bradley spent Monday and Tuesday as guests of Mr. and Mrs. Frank Wimbrow, of near Salisbury.

Mr. Claude Russell has recently purchased a new Ford.

Rev. E. E. Krauss has purchased the Turner Bennett property on the State road near town which was sold in Salisbury on Saturday last.

Mrs. George Kennerly, of Riverton, entertained Miss Lois Elliott on Wednesday.

## HULA-HULA DOLL IN PARADE

The Hula-hula doll has broken into pieces, at least into Bapper's, as it is the photograph from the parade.

On Friday the Grammar team played the Athol team and were defeated by a score of 14 to 3.

The community was shocked on Friday morning to hear of the sudden death of Mrs. John Taylor. Mrs. Taylor was the daughter of Mr. and Mrs. Wm. Hess Bennett. She was about 37 years of age and besides a husband she leaves eight small children two of whom are infant twin daughters.

Funeral services were held from her late home in Mandala Sunday afternoon, interment in the Mandala Cemetery. The family have the sympathy of the entire community.

The Rev. Mr. Dutton was the speaker as the assembly exercises on Wednesday A. M., his subject being "Opportunity." A Mr. Brice a Shakespearean reader, also took part in the exercises.

The community was shocked on Friday morning to hear of the sudden death of Mrs. John Taylor. Mrs. Taylor was the daughter of Mr. and Mrs. Wm. Hess Bennett. She was about 37 years of age and besides a husband she leaves eight small children two of whom are infant twin daughters.

Funeral services were held from her late home in Mandala Sunday afternoon, interment in the Mandala Cemetery. The family have the sympathy of the entire community.

The Rev. Mr. Dutton was the speaker as the assembly exercises on Wednesday A. M., his subject being "Opportunity." A Mr. Brice a Shakespearean reader, also took part in the exercises.

Mr. Clarke Fontaine, High School Supervisor, visited our school last Tuesday. He was much pleased with the work being done here.

The members of the Salisbury High School class of '22 living in Mandala attended the Banquet in Salisbury Friday night.

There was no school in Miss Owens' room on Friday owing to a teachers meeting held in Salisbury.

The Baptist Sunday School in Mandala will hold their Children's Day exercises on June 11th, at 2:30 P. M.

Capt. Webb Phillips is home on a few days visit.

After an absence of over four months, Mrs. Isabelle Walter returns home Sunday afternoon.

Mother's Day will be observed in Mandala Methodist Protestant Church next Sunday, May 14th, 9:30 a.m. Out of town speakers are expected there and there will be recitations and special music.

The first Quarterly Conference will be held in the M. P. Church on Saturday at 2:30 p.m.

The Ladies Aid Society of M. P. Church was entertained at the home of Mrs. Ware Eversman on Tuesday night.

The Misses Marie Davis, Olga Brittingham, Martha Brewington, Helen Bailey, Grace Jones, Mary Cordrey, and Virginia Holliday, of Salisbury, motored to Mandala and spent Sunday afternoon as guest of Miss Doris Wilkinson.

Mr. Charles Elliott and daughter Elizabeth of Baltimore are visiting relatives in town. After a few days visit Mr. Elliott returned home but Elizabeth will spend the summer with her grandparents, Mr. and Mrs. T. A. Venables of Spring Grove.

Mrs. I. N. Cooper spent two or three days recently with relatives in Pocomoke.

Mr. Addison Wilson, of Baltimore, is spending several days as guest of relatives in town.

Mrs. Carroll Watson and son Hunter returned on Saturday from a month's visit to the Monumental City.

Mr. Soren Bennett is suffering with an affected arm.

Mrs. George Willey has been a victim of the gripe.

Capt. and Mrs. Forrester, of Reedville, Va., were guests of Capt. Webb Phillips and family on Sunday.

On Sunday about 3:00 a. m. Miss Amelia Wilson departed this life very suddenly. She was 67 years old. She leaves one sister, Mrs. Windsor Bounds, of Pocomoke and one brother, Mr. James Wilson, of Delmar.

Funeral services were held from the old Spring Hill Church conducted by the Rev. W. H. Darby, of Seaford, Del., at 10:30 a. m. Tuesday, interment at Mandala Cemetery.

Getting Back.

Waiter—"Grilled steak, and choose a tough one."

Chief (in surprise)—"Why tough?"

Waiter—"The chap who ordered it used to be my sergeant-major."

## Never before could you get so much tire worth for \$10.90

CAR-OWNERS who bought a 30x3 1/2 "Usco" for \$10.90 last Fall have discovered this by now—

Nobody before ever got so much tire value in the neighborhood of ten dollars.

They never had to question the quality—with the makers of U. S. Royal Cords behind it.

They couldn't help admiring the price—spontaneously made to meet the new economy times.

A tire that would be high value at more than \$10.90. At \$10.90 it is unapproached.

## EASTERN SHORE PEOPLE PILGRIMS

Peninsula Land Said To Be Attracting Settlers From That Section.

Boggs Lumber Company, recently located here for operations in James City county, is the latest firm to be attracted to the possibilities of the Peninsula, this company having purchased timber land near Centerville from which they will remove the timber and later develop for farming purposes. The movement from the Eastern Shore of Virginia started a year or two ago, the pioneer being Charles Duer, whose fine farm and splendid success in its operation have been much discussed. Mr. Duer's success was the result of experience and training received in his old home. His coming was followed by others.

The later arrivals include A. M. Tyler, who bought a fine farm near Grove, L. B. Mears, who has located on the old Bloxom farm near Williamsburg and has this year 100 acres of Irish potatoes, Henry Wise, who purchased the McGill farm at Ewell, Denard Spady, who has located on a farm near this city, and W. E. Williams, who has purchased a large acreage near Norge, as well as business property in the village. Others from Eastern Shore have purchased farms in this county, two being located just west of Williamsburg, one owning the Fred Bozarth place and the other the Thoneson farm. Besides the above there are several others from the same section who have taken advantage of cheap lands to locate here.

One of these new-comers said that he could buy land here at from \$50 to \$100 an acre which would cost from \$300 to \$500 an acre on the Shore. He said that the soil, climate and markets were equally as good here as on the Eastern Shore and that labor conditions were no worse. Besides this, the Peninsula will have its system of State roads completed ahead of the Eastern Shore, thus giving an added advantage.

These Eastern Shore Virginians are striving to interest more of their former neighbors in Peninsula property. They see the need of having larger trucking operations here and believe that the Eastern Shore man can afford to dispose of his high priced property there to invest in cheaper land on this side. There are many large estates here which could be acquired by several persons at low prices and then sub-divided. The soil of the Peninsula is peculiarly adapted to trucking, such as Irish and sweet potatoes, strawberries and small fruit, not to speak of peanuts, corn and the grasses. If plans of Eastern Shore people develop many more people will come from there this fall.

### Why Our Cars Are Good

If we were indifferent about public opinion we might spend less time and money putting Used Cars in shape before offering them for sale. But we find that it helps our business as well as our conscience to be particular.

### A few of this week's offerings

Juniors: Lillie Hutton, 48, certificate and medal; Etta Gordy, 49, medal; Annalee Hilman, 34, certificate; Mary Cordrey, 35, certificate; Laura Farlow, 30, certificate; Martha Betts, 35, certificate.

## COOTIES ON BIG SHIP CAUSING MUCH TROUBLE

U. S. S. Leviathan In Port For Repairs Needs Tons Of Disinfectant Before Workmen Can Begin

"Cooties" are numerous on board the giant liner Leviathan, which has been brought to Newport News to undergo extensive repairs that will cost about \$8,000,000. An inspection of the ship disclosed the presence of many bugs on board.

The Leviathan did not undergo a delousing process after she completed the duty of bringing American soldiers home from France. The big ship has been idle since the war and had been moored at her old pier in Hoboken, N. J. American Legion members who were looking over their former transport home say that the interior of the ship is in a rather unsanitary condition and that "cooties" are nesting in various parts of the vessel.

The ship will have a vigorous cleansing before mechanics start repair work. The delousing process alone, it is said, will cost several thousand dollars. In addition to tons of disinfectant that will be used to make the vessel sanitary, it is proposed to pour live steam into every crack and crevice of the Leviathan to kill bugs and get rid of vermin.

# What Do You Get For Your Money?

When you buy building materials, what do you get for your money? A lot of lumber? A load of supplies? Several thousand brick? If you get no more than this at the price you pay, you are not getting full value for what you spend.

What is the guarantee that the materials you buy are up to specifications? Have you any way of telling, without a great deal of trouble, that you are getting full measure? Can you be perfectly sure that the materials you buy are all that is claimed for them?

You can, of course, make exhaustive tests to see that everything is up to standard, and you can measure and weigh and count to see that you have received everything you paid for. But this is all so unnecessary. It can all be eliminated by the use of Service backed by the guarantee of Reputation.

Our Service is beyond question. We have one of the largest plants of its kind in the State of Maryland. We have every facility for manufacturing the things we sell in quantities sufficient to prevent delays. Our delivery service insures prompt shipment. Our Architectural Service insures the kind of co-operation that counts.

Back of it all is the guarantee of our Reputation. We have made real Service our watch-word for so long that we could not afford, even should we ever dream of wanting to, to fail in the point of Service. This is our reputation. We have always successfully maintained it. It shall be our aim to sustain it always in the future. Service is our motto; Let us serve you.

# REEDVILLE

A beautiful and very interesting Children's Day Service was held on Sunday morning at Bethany M. E. Church, South, this town. A large stage had been put up for temporary use. This was handsomely decorated with flowers and potted plants, of which there are many fine varieties in town. A Junior Choir of High School girls and boys replaced the usual church choir, and furnished splendid music, under the direction of Mrs. Chas. Lofland, who was pianist. Mr. L. B. Rice, pastor of the Sunday School, read the program, consisting of many interesting features, the best of which was probably a "Flag Drill" by twelve or more large girls. The tiny folk of three and four years won all hearts by their brave efforts to entertain the thoroughly delighted audience. Short addresses were made by Rev. W. B. Evans, pastor, and Rev. Mr. Hupny, of Essex county, who was in the congregation.

Rev. Alvin Hupny, pastor of Rappahannock Christian Church, at Dumfries, and Mrs. Hupny, motored to Reedville for the past week-end with Rev. and Mrs. W. B. Evans of the M. E. parsonage. It was their first visit here and they seemed very much pleased with the place and people.

Dr. and Mrs. J. A. Rice, of Heathsville, spent last Sunday with their daughter, Mrs. R. B. Moore and family here. A most attractive feature of the service at Bethany Sunday morning last was the unusual and unique sight of twenty or more beautiful "May Baskets" sitting around in all the windows, to be carried in the afternoon by the committees making them to the shut-ins of one of not only the church, but neighborhood, regardless of denomination. They were well filled with fruits, oranges, lemons, grape fruit, dainty cakes, candies and other things to tempt a "shut-in" appetite; then massed with spring flowers, fair and fragrant. The ladies of Mizpah Bible Class, Mrs. J. P. Crowther, teacher, were busy for days fashioning the baskets from different shades of crepe paper, some were sent out from the Men's Bible Class, Mr. Jacob French, of Fairport, teacher, and one from the church choir, to one of their number. The sending of "May Baskets" is a sweet and gracious thing to do, conveying to the sick a tribute of love and remembrance from those who are well.

At the recent sale here at Reedville of the handsome home which was erected a year or two ago by Mr. Crandall Coppedge, Capt. John A. Haynes, of Tibitha, became the owner. The purchase price was \$5,600, several thousand less than the building cost. Mr. Coppedge was cashier of the Commonwealth National Bank of Reedville at the time of its destruction, and with his young wife had occupied the splendid new home only a few months. The sale was an enforced one. Friends are sympathizing truly with Mr. and Mrs. Coppedge in the sad misfortune which came to them so early in life, and are hoping for their success in the future.

Mr. T. H. Jett, general manager of the Seaboard Oil and Guano Co., of Reedville and Chincoteague, left last Monday, via Crisfield, for the factory on Assateague, after a week or two at his home here.

Capt. and Mrs. I. M. Bussells and little daughter, Mary, of Fleeton, were recent guests of Mrs. Bussells' sister, Mrs. L. A. McCarty, at Lyells. A number from this section were at Heathsville last Saturday, attending the funeral of Mrs. T. Jerome Downing. Mrs. Downing was formerly Miss Virginia Eichelberger, of a Maryland family, and greatly beloved here.

Messrs. F. C. Jett, J. M. Carey, J. Henry Haynie and Harold Haynie, Reedville Masons, went to Kinsale on Tuesday afternoon to attend a meeting of the lodge. Mr. Harold Haynie took several degrees, and all reported a very delightful occasion, with plenty of "rats" between times.

A "Towel Shower" was held at Bethany last Wednesday afternoon in connection with the regular Aid

## IS IT "JUST A COLD?"

Salisbury People Should Ask Themselves This Question.

They say: "It's just a cold."

It may turn into backache, rheumatic aches, achy joints.

Or other serious sickness that comes from weak kidneys.

Colds are due to congestion.

Congestion makes the kidneys over-work to filter the blood.

Colds often leave the kidneys weak.

First break the cold.

Then use Doan's Kidney Pills to avert the kidney dangers.

Let this Salisbury resident tell you about them.

Mrs. Wm. Twilley, 118 Upton St., says: "A short time ago a severe cold settled on my kidneys and I began to suffer with severe backaches. I had no energy and would often neglect my housework. There was no rest up to the aches across my back day or night. Headaches were constant and my kidneys acted irregularly. I read about Doan's Kidney Pills and got some at Toulson's Pharmacy. They were just what I needed and in short time I was free from the backaches and kidney trouble."

forwarded to the Methodist Orphanage at Richmond, in a short time."

Mr. T. J. Parks is applying a coat of paint to the exterior surface of Blundon & Hinton's store, at this place. His friends are asking if he selected his colors this time.

We are all glad to know that Mr. Grady Crosswell, who came to his home here many weeks ago, perfectly helpless with rheumatism, has improved very much, and has been seen on the street here recently. His mother, Mrs. T. J. Crosswell, has been his faithful nurse, and we presume there are few better. We are hoping the rheumatic attack may be routed for good this time.

Mrs. J. W. McAloney, Mrs. C. L. Tullafeno and Mrs. Henry Haynie entertained the Mizpah Bible Class, for the monthly business meeting, at the home of Mrs. McAloney, Thursday evening. A heavy rainfall interfered somewhat with the attendance from out-of-town, but did not prevent a good many from this place going. After a pleasant business session, cake and cream was served. Rev. and Mrs. J. S. Wallace, of Heathsville, were guests for the same night with the host and hostess.

Mrs. S. O. Butler, and Mrs. C. W. Haynie, of this place, were in Baltimore last week, going on one of the fish steamers from this place.

Mr. and Mrs. Leslie Haynie and little son have returned from a long stay in Norfolk. Mr. Haynie will join the "Full" this season.

Many friends of Mrs. Bessie Dey will be delighted to know that she has improved very much recently and has been out for a walk several times with her daughter, Miss Lela Dey. We hope she may continue to grow stronger until entirely well again.

Mrs. Dey has been very much missed from her seat in church, her Sunday School class, and other good works. "The Phillips," from the Reedville

*The 100% Method of Selling Fruits*

Why are 90% of all the fruits in England, France and Germany sold at Auction?

And why are 100% of the bananas, California citrus and deciduous fruits, and Florida citrus fruits that come into New York sold at Auction? These are the most successfully organized fresh fruit industries in the country, and it is fair to assume that they use the most profitable method of selling.

If Auction were not the best method of selling fruits in New York, why would such gigantic concerns as the United Fruit Company, California Fruit Growers Exchange, Florida Citrus Exchange and most of the biggest fruit interests sell at Auction?

The reason why we are handling such an enormous volume of fruit at Auction are because we give the seller a higher price, assure him that he gets every cent of his fruit brings, except our small selling commission; and the seller his check for payment within 24 hours; get a wider market for his fruits; do everything right in the light of day; and give him a square deal in every way.

If you want a square deal, ask us to tell you what we can do for you. Write now while you think of it.

## CENTRALIZATION OF EASTERN SHORE TOWNS SALISBURY PLAN

Proposal To Co-ordinate Influence Of Trade Bodies Meets With Hearty Approval.

### CENTRAL CHAMBER OF COMMERCE ORGANIZED

Plan Advanced By Salisbury Chamber Of Commerce Will Be Supported By Whole Shore. Temporary Association Formed. Believed Organization Can Do Wonders For Peninsula.

Realizing the truth of the axiom that in union there is strength and that isolation encourages suspicion, the Salisbury Chamber of Commerce has taken steps to form a Peninsula Chamber of Commerce that shall do for the Eastern Shore as a whole what the Salisbury Chamber has done for this community.

The first real act in forming such an organization was taken last week when representatives from the Chambers of Commerce of Milford, Cambridge, Chestertown and Salisbury met here to discuss the feasibility of forming an association of Chambers of Commerce. Letters were received from Crisfield, Cape Charles and Seaford stating that the associations of those communities were hearty in accord with the idea but could not send delegates to the meeting.

Fred P. Adkins was elected temporary president of the organization with Charles M. Freeman as secretary. These officers were instructed to prepare tentatively a constitution and by-laws which will, when completed, be sent to every Chamber of Commerce on the Eastern Shore for approval or disapproval, addition or amendment.

When the constitution and by-laws have been adopted, a general meeting will be called at which time a permanent organization will be formed, officers elected, and real work started. At the inter-city meeting of the Rotary Clubs of the Shore held last Thursday, the plan of a central Chamber was also discussed and received favorable and enthusiastic consideration.

The presidents of the several clubs present pledged the support of the Rotary organizations and spoke in terms of highest praise of the progressive leadership displayed by Salisbury.

The Peninsula Chamber of Commerce would be a vast clearing house for the needs and movements of the entire Eastern Shore and lower Delaware. It would efficiently and fully represent every business, every occupation, every industry on the Peninsula. Through the vast influence it could exercise, it would be able to do for this whole section what no single Chamber of Commerce could dream of doing.

The central organization would speak not for one community, not for one county, but for a number of counties of three great States welded together by common needs, common desires, and common principles. Can you doubt the result when such an organization sought something?

The most good for the most people of the Peninsula would be the watchword and governing motto of the central Chamber. No selfish interest could dominate such a body, no narrow corporation could stand in its way.

No man can foretell what great things will be accomplished by the Peninsula Chamber of Commerce. There are many tasks already clearly outlined to which it must devote its attention. Yet it must be remembered that a chain is no stronger than its weakest link, and the central Chamber of Commerce will depend after all for its strength on the individual members.

With big things looming ahead, it is time for the business men of the Peninsula to rally themselves to the Chamber of Commerce or to the Board of Trade of the community in which they live. In so doing they will place themselves in line with progress and will be able to reap the full benefits that must accrue from such progress.

WILMINGTON SPEAKER ADDRESSES GRADUATES

Honorable Josiah Marvel Delivers Commencement Address At Nurses' Graduation.

Commencement exercises for the graduating nurses of the Peninsula General Hospital were held in the auditorium of the Y. M. C. A. on Friday evening, May 12, at which time the speaker, Honorable Josiah Marvel, delivered an address. The exercises were presided over by Mr. H. M. Jones, and the benediction was pronounced by Rev. Robert Alexander Boyle, pastor of the Methodist Episcopal Church. The commencement exercises were a most interesting and successful one. The Y. M. C. A. Home for the aged, which was the first of the evening, was a most successful one. The Y. M. C. A. Home for the aged, which was the first of the evening, was a most successful one.

## Business Is Very Good Says Local Contractor

Lewis Morgan Completing Contract On New High School In Seaford, Del., and Installing Plants.

Asserting that business is good, Mr. Morgan states that he expects to complete the contract of installing the heating and plumbing system in the Seaford High School next week. He is also installing a vapor system in the remodeled Thoroughgood store recently bought by Benjamin's.

The line of residence contracts, Mr. Morgan is putting vapor systems in the houses of Mr. Roy Wilson, Hebron, Mr. Samuel Quillen, Mr. S. O. Neal and Mr. Elmer Dennis of Salisbury, and will install the plumbing in the new M. P. Church. A number of other contracts have been signed for work outside the city, all of which indicates that business is picking up.

Bidding At Auction Blocks Creates Price Above That Of City Market.

FARMER'S ASSOCIATION GETS TOP MARKET PRICE

Berries Sold Through American Fruit Growers, Incorporated, Bring Consistently Top Of The Market Money. First Car Sold On Tracks Saturday At \$5.50. One Shipment at \$6.00.

Berry shippers are rejoicing at the prices their products are bringing at the beginning of the season for a number of causes have contributed toward establishing a good price. The luscious red fruit has begun to move rapidly and within another week the peak of the season will have been reached.

Although the recent frosts killed quite a large percentage of the crop, the healthiest varieties have survived and are now in excellent shipping condition. During the first week of the season, the Farmers' Association made several express shipments, one of which brought the top price of \$8.00 per crate.

The first car gotten out by the Association through their selling agents, the American Fruit Growers, Incorporated, was sold on the tracks here Saturday and brought \$5.50. This price has been consistently maintained in other points have fallen as low as \$1.50 on the average.

Mr. L. T. McLaughlin, sales manager for the Maryland Delaware division of the A. F. G., states that he has several northern markets which are demanding a car of berries a day and are willing to pay a premium to get Maryland berries.

Officials of the Association deeply appreciate the Maryland growers have shown this season. They know they have a good organization, a loyal membership, and a splendid sales force. Equipped as they are to handle the produce of this entire section and secure for it prices that will ensure a fair return to the grower, they are actively seeking the support of every grower in Wicomico and Somerset counties.

It has been interesting this season to note the growth of Wicomico as a carlot shipping point. The berries here are coming in thick and fast and are being sold as rapidly as the cars are filled. Pittsville, however, is the largest shipping point so far this year.

PITTSVILLE CLASS NIGHT.

The janitors of the Pittsville High School will have their class night on Friday evening, May 26, at which time they will give a play entitled "Just a Little Mistake." The class history and prophecy will also be read. Music will be furnished by the Hopkins Orchestra of Salisbury and the Pittsville High School. There will be a small admission charge.

LEGION INDORSES ISSUE.

Always in favor of better school facilities, the American Legion at its last regular meeting on Friday night voted for the school bond issue. This step is right in line with the Legion policy of bettering local conditions of every nature. The picture at the "Y" on next Saturday night for the benefit of the Legion should prove a strong drawing card.

SENIORS TO GIVE PLAY.

"Diamonds and Hearts" is the name of the Senior Class play this year, and if there be anything at all in a name it should certainly prove a strong enough trump to draw a full house. The cast of characters has been well chosen and is being efficiently trained. The play is scheduled for the Arcade Theatre on May 29. Further details of the performance will be published later.

## NEW OFFICERS CHOSEN FOR THE WOMAN'S CLUB

Mrs. Walter S. Sheppard Is The New President. Largest Meeting Of Year. Delegates Make Reports.

Election of officers for the Club year, 1922-23, was the chief feature of the last regular meeting of the Wicomico Woman's Club for this spring. Mrs. Branch Phillips, chairman of the nominating committee submitted a tentative list of officers which was adopted without opposition.

The following officers were elected: Mrs. Walter S. Sheppard, president; Mrs. Thomas E. Martindale, vice-president; Mrs. Douglas Weatherhead, recording secretary; Mrs. Geo. R. Cobb, corresponding secretary; Mrs. Minnie Adams, treasurer; Mrs. Fred P. Adkins, chairman of the Civic Department.

Mrs. Alan F. Benjamin, chairman of the Literary Department; Mrs. R. D. Grier, chairman of the Social Department; and delegate at large, Miss Louise Tighman. The new officers take their position at the next regular meeting of the club.

The Club discussed the question of publishing a calendar this year or a year book. This work will be in charge of the Literary Department. Delegates to the convention of Women's Clubs held in Baltimore reported on the meeting, and Mrs. George R. Cobb, chairman of the Civic Department for the past year read her report and express her appreciation for the support given her committee.

Mrs. Branch Phillips was appointed sub-chairman to serve with Mrs. David Wallup who is chairman of the Eastern Shore District Federation of Women's Clubs.

The retiring president, Mrs. L. Atwood Bennett, gave a short talk in which she expressed her deep appreciation for the support given her by the members of the club during her tenure of office.

## JUNE FIFTH IS DATE SET FOR BIG CLINIC

Project Fostered By Salisbury Rotary Club Takes Definite Shape. Citizens Urged To Co-operate.

June fifth has officially been set as the date for the orthopedic clinic to be held at the Peninsula General Hospital under the auspices of the Salisbury Rotary Club assisted by the Clubs of Crisfield, Dover, and Easton. Dr. Baer of Baltimore will be here at that time and will examine all children brought to the hospital.

Local officials of the Rotary Club lay particular stress on the fact that this clinic is not a Rotary affair but a community project. Every parent in this section who has a crippled child, or every doctor who has one in charge, is urged to bring that child to the clinic.

The clinic will begin at nine in the morning. In order that the children may be well cared for during the time they are waiting to be examined, a special arrangement has been made to entertain them at the Y. M. C. A. The doctors of the three counties, Wicomico, Worcester, and Somerset, have been urged to co-operate and the response from them has been gratifying.

It is sincerely hoped by the club who have fostered this movement, that the citizens of the three counties mentioned will give their full and hearty support to the clinic, making it what it should be, a community project. While no money is being collected, it is hoped that the results will be beneficial and will mean renewed hope and life for many who have given up in despair.

## METHODIST DRY LEADER WILL DELIVER ADDRESS

Union Meeting of All The Churches At The Arcade Theatre On Sunday Evening. Auspices W.C.T.U.

Under the auspices of the W.C.T.U. union services of all the churches in Salisbury will be held in the Arcade Theatre on Sunday evening, May 21, at eight o'clock. The principal address of the evening will be delivered by Dr. Clarence True Wilson, the leader of the prohibition forces of Methodism.

Dr. Wilson is an Eastern Shore boy. His father was a minister of this conference and for a while was stationed at Princess Anne and other points on the Peninsula. Although he travels from coast to coast in the interests of temperance, Dr. Wilson calls and feels that Salisbury and Princess Anne are home. About five years ago he preached here and on over his congregation by his masterly presentation of his subject.

He is the general secretary of the Board of Temperance of the Methodist Episcopal Church, stationed at Washington, D. C., and for several years has been the leader of the church's militant dry army. Dr. Wilson will come here from Cleveland, where on Wednesday he delivered a strong address.

Special music has been arranged for the union services by the mixed choirs of the several city churches. The public is not only invited but is urged to attend this meeting. Within the past few weeks, the prohibition enforcement question has been most forcibly brought to the attention of the citizens of Salisbury and Dr. Wilson's address should indeed prove timely.

Dr. R. A. Jechie, state pathologist, of College Park, was a visitor in town last week.

## COMMITTEE TO EXTEND BUNDLE DAY

Believes That One Day Is Not Sufficient And Asks For Whole Week.

### COUNTY FALLS SHORT ON FINANCIAL DRIVE

Collections On Last Sunday For Near East Relief Total Between \$500 And \$2000, Although Goal Is \$3000. People Urged To Give Clothing During Bundle Week.

Last Sunday was Near East Relief Day in Wicomico County and owing to the splendid work of the church in charge twenty-seven pulpits were filled by speakers who have to the church members an opportunity to be good Samaritans to the Christian world. The Near East work orphaned children by the Government Charter given to the Near East Relief, have come under the care and protection of the United States.

After the appeal for proceeds to provide food, shelter and construction work, the speakers told of the need of clothing which is hardly less imperative than the need of money.

A cablegram from Alexandria dated April 10th, 1922 shows the tremendous need. "Investigation shows that in Armenia during the winter season lack of clothing is making a country of crumpled children. Ten per cent of district with contracted limbs from efforts to keep warm by lying with feet drawn up. Prolonged crouching from exposure has caused shortened tendons. Near East physicians have been told of the straight legs of scores of children. Unless America sends clothes for 17,000 people in Alexandria district alone will be naked at end of summer."

A letter from the same region reads: "What the Turk has not stolen the Bolshevik has not taken. No clothing can be bought at any price."

With this condition looking America in the face all Christian people at least should feel under obligation to God, not man, to do his or her full duty. The opportunity is open if you were absent from your church on Sunday when the appeal was made, or if your church did not contribute on Sunday or does not expect to, you may send your contribution direct to Fred P. Adkins, County Chairman, Salisbury, Maryland, as promptly as possible.

May 17th is the day set aside by the county at large as Bundle Day but the Local Committee consisting of Mrs. R. D. Grier, Chairman, and others have decided to extend the time and ask that Bundle Stations receive and acknowledge contributions.

(Continued on Page 2.)

## NEW SCHEDULE ISSUED FOR WEST SHORE LINE

Line Begins Operation On May 30. New Arrangement Considered Better Than Proposed Schedule.

Boat connections between Salisbury and the Western Shore of Virginia will be possible after May 30, a fact which will make Memorial Day this year a memorable day indeed. The new schedule has just been published by the railroad.

This schedule does not show the trains that will connect with the boat, but it is understood there will be immediate connections that will enable the people from the Northern Neck to come tonight through to Salisbury without delay. The boat schedule follows:

Steamer will leave Crisfield, Md., Tuesday and Thursdays (weather and tide permitting) at 11:45 P. M. for following landing:  
LEAVE Crisfield 3:00 a.m., Kinsale 6:30 a.m., Lewinetta 7:30 a.m., Cowarts 8:00 a.m., Walnut Point 8:30 a.m., Lakes 9:00 a.m., Coan 10:30 a.m., Bon-dicks 11:30 a.m., ARRIVE Crisfield Wednesdays and Fridays 5:00 P. M.

Steamer will leave Crisfield, Md., Wednesday (weather and tide permitting) at 11:45 P. M. for the following landing:  
LEAVE Crisfield 3:00 a.m., Kinsale 6:30 a.m., Lewinetta 7:30 a.m., Cowarts 8:00 a.m., Walnut Point 8:30 a.m., Lakes 9:00 a.m., Coan 10:30 a.m., Bon-dicks 11:30 a.m., ARRIVE Crisfield Thursday 5:00 P. M.

Steamer will leave Crisfield, Md., Friday (weather and tide permitting) at 11:45 P. M. for the following landing:  
LEAVE Crisfield 3:00 a.m., Kinsale 6:30 a.m., Lewinetta 7:30 a.m., Cowarts 8:00 a.m., Walnut Point 8:30 a.m., Lakes 9:00 a.m., Coan 10:30 a.m., Bon-dicks 11:30 a.m., ARRIVE Crisfield Saturday 5:00 P. M.

LEAVE Crisfield 3:00 a.m., Kinsale 6:30 a.m., Lewinetta 7:30 a.m., Cowarts 8:00 a.m., Walnut Point 8:30 a.m., Lakes 9:00 a.m., Coan 10:30 a.m., Bon-dicks 11:30 a.m., ARRIVE Crisfield Sunday 5:00 P. M.

## CLOSING EXERCISES

The Shad Point school will hold its closing exercises next Monday night at eight o'clock. A splendid program has been arranged by the teacher Mrs. Thomas White, Jr. The public is invited to attend the entertainment.

CLOSING EXERCISES

## FIRE DEPARTMENTS OF MARYLAND TO CONVENE

Annual Convention Will Probably Have Representatives From Every Town In The State At Frostburg

Members of volunteer fire departments of all towns in Maryland are busy preparing for the 30th annual convention of the Maryland State Firemen's Association at Frostburg June 7, 8, and 9.

The Western Maryland city is planning to make both the official program and the amusement features the most elaborate and varied the fire ladders ever enjoyed.

Registration of delegates and assignment to quarters will occupy most of the opening day, the first session of the convention being held at 8:00 p.m. June 7th. Election of officers and selection of next meeting place to take place on June 8th.

The grand parade, one of the main features of the convention, is also on the second day, followed by the band contest. Gov. Ritchie has been asked to deliver the chief address of the convention.

On June 9th the drill contest and pumping contest occur; a minimum of 150 feet of hose is required in the pumping contest, in which event a prize of \$150 goes to the winner.

Other prizes include: 1st, prize of \$100, and second, of \$50 in hand contest; \$100 for the best and most apparatus in line; \$50 for company making the longest distance. 1st prize of \$100 and 2nd of \$50 for companies making best appearance in line. \$75 for winner in drill contest.

Among the many and varied amusements will be base-ball games daily and dances every night, also exhibition by professional aviators, boxing contests, comic races, mummerys, parades, swimming races, etc.

Frostburg is located in the heart of the Allegheny Mountains, 2,600 feet above sea level, assuring delightfully cool weather for the convention and a setting of magnificent scenery for a background.

## Y.M.C.A. DIRECTORS APPOINT COMMITTEES

Meeting Of Board Of Directors Taken Up With Reports And Routine Business.

At the regular meeting of the Board of Directors of the Y.M.C.A. last Friday, the following committees were appointed: Financial, George P. Chandler, Chairman; H. Grier, Walter S. Sheppard, J. W. Gunby, and Dr. S. A. Graham; Boy's Work, Rev. Richard L. Shipley, Mr. O. E. Morris, and Mr. E. Sheldon Jones.

Religious, Messrs. W. B. Covington, Charles E. Wilkins, Milton Carr, W. F. Messick, H. S. Todd, Rupert Jones, Sheldon Jones, and Rev. V. L. Edmunds; Educational, Messrs. Herman W. Garty, G. William Phillips, Marvin C. Evans, Walter Powell, and A. W. Woodcock.

Social, Messrs. O. E. Morris, Edward E. Little, Arthur E. Williams, Harry C. Adkins, Russell Bavinger, Claude C. Dorman, Harry L. Harcum, C. A. Mayer, and Sheldon Jones; House, Messrs. Marvin C. Evans, William M. Cooper, George P. Chandler, John G. Melson, and Lewis Morgan.

Physical, Messrs. A. E. Williams, E. Wilson Booth, William Jackson, Eugene Todd, E. S. Jones, and Dr. Charles F. Fisher.

Membership, Messrs. Ralph H. Grier, Howard E. Runk, John L. Morris, Clifford S. Springer, Samuel F. M. Adkins, Harry S. Hastings, Samuel M. Quillen, Ralph R. Powell, and Dr. E. Rial White.

## SIX HUNDRED ENTRANTS EXPECTED ON FIELD DAY

Official List Shows 262 But Authorities Believe There Will Be More Than Double That Number.

About six hundred contestants are expected to take part in the field day exercises of the public schools of the county at the Fair Grounds here on Thursday, May 18. The published list of entrants shows 262, but Superintendent Bennett states that more than double that number will probably participate.

Events of the day will start with a spelling contest at the High School in the morning and the afternoon events will begin at one thirty at the Fair Grounds. Volley ball, dodge ball, badge contests, relay races, dashes, and all the events that make a field day interesting will be witnessed in profusion.

Winners of some of the events will go to Baltimore for the great State Field Meet on June 8th. Inasmuch as this is an honor, it is probable that the contests of this particular class will be exceptionally interesting.

W. C. T. U. INVITES PUBLIC

An invitation is extended to the public to attend the Arcade Theatre on Sunday evening, May 21, and hear the famous Temperance orator, Dr. Clarence True Wilson, who will address the audience. Special music will be rendered and it is hoped a large number will be present.

## ROTARIANS OF EASTERN SHORE HOLD INTER-CITY MEETING AT "Y"

W. H. S. Senior Class Entertained At Party

Straw Ride To Ellegood Farms Near Delmar On Thursday Night Is Source Of Pleasure.

Misses Bertha Adkins, Rosalie Freeny and Cornelia Wailes were hosts to the Senior Class of Wicomico High School at a straw ride and party on the Ellegood farm near Delmar on Thursday evening. The trip out and back was made by truck.

Upon their arrival at the farm, the sixty odd guests made fires at which they roasted "hot dogs" which were served with pickles and rolls and followed by Polar Frosties for dessert.

Later the boys and girls gathered around the fires and toasted marshmallows. One of the most interesting features of the entertainment was the calling on each one present to do some stunts.

## VITAL ISSUE IS IN HANDS OF THE VOTERS

Question Of Bonding County For Imperatively Needed Schools To Be Settled By Citizens.

SPECIAL ELECTION SET FOR TUESDAY, MAY 23RD

In Spite Of Importance Of Question, There Has Been Very Little Opposition. Due, Perhaps, To The Fact That The Majority Of Leaders Are In Favor Of It.

Vital to every family is the outcome of the special election next Tuesday, May 23, on the school bond issue. If the issue is accepted by the people, the children of this county will be well cared for during the next school year and for many such years to come. If the issue is rejected, the children of this county will be walking the street instead of being in the study rooms.

Wicomico High School today has an enrollment of more than 500 although the building was designed to take care of 400. To take care of this excessive number of pupils, the entire school has been on half time this year. With a greatly increased enrollment next year, the school authorities must resort to either one of two plans or take in only one third of the pupils or take in only one third of the pupils or take in only one third of the pupils.

Either alternative would be disastrous. The logical way out of the dilemma is through the bond issue. A bill was passed at the last session of the General Assembly authorizing this county to issue bonds to the extent of \$300,000 to build and equip two high schools and one colored industrial school. The issuance of the bonds is subject to the approval of the people and for this reason, a special election was called for May 23. No other questions will be decided at this election.

The rate of interest on the bonds can not exceed five per cent. The interest is payable twice a year by the County Commissioners and payments on the principal do not start until 1925 in which year bonds to the extent of \$700,000 will be retired. The last payment will be made in 1950 and will be for \$20,000.

A commission is named in the bill to select the location of the schools and to pass on the type of buildings to be erected. This commission is composed of the members of the Board of Education, Messrs. Louis W. Gunby, Walter B. Miller, and George C. Bounds, with Superintendent James M. Bennett as ex-officio chairman. Mr. Harry Messick of Allen and Mr. F. B. Culver of Tyaskin.

It is imperative that something be done at once to relieve the awful congestion in the high school at Salisbury, congestion which is destructive of health, training, and morale. If the qualified voters of this county fail to pass the bond issue next Tuesday, say authorities, they will awake to sad realization of their frightful mistake next fall when their children are turned away from school. It will, however, be too late then to effect a remedy.

The whole matter has been left entirely in the hands of the voters. There has been comparatively little discussion of either side. There is no organized opposition, and is a well known fact that the majority of leaders in the county are militantly in favor of the bond issue. Many influential citizens throughout the county who two years ago fought the issue bitterly are this time in hearty accord with it.

WINNER MOVES OFFICE.

Dr. J. Lewis Wintinger, chiropractor, has moved his Salisbury offices from 11 Berry Building on Division street to the Advertiser Building on East Main street. He established offices in Princess Anne, Pocomoke, Snow Hill, and Crisfield. Dr. Wintinger is associated with him in his work here and out of town.

Representatives From Crisfield, Easton, and Dover are Present In Numbers.

### CENTRAL CHAMBER OF COMMERCE DISCUSSED

President Ralph H. Grier Tells Visitors Of The Orthopedic Clinic To Be Held June 5 And Urges Their Co-operation. Support Is Pledged. Peninsula Chamber Discussed.

With a large number of visitors from Dover, Delaware, Easton, and Crisfield, the first inter-city meeting of Rotary Clubs of the Peninsula was held at the Y. M. C. A. at seven-thirty Thursday evening. The auditorium being nearly filled.

Ralph H. Grier, president of the Salisbury Club welcomed the visiting Rotarians, told them the purpose of the meeting, and laid before them the plans of the local Club to hold a big orthopedic clinic here on June fifth, asking their heartiest co-operation.

It is planned not only to help unfortunate children in a physical way, but if necessary to aid them along educational lines. For this purpose an education committee was appointed composed of Rotarians Louis W. Gunby, Oscar L. Morris, and James M. Bennett whose duty it will be to look after these children who wish to attend school but are unable to do so on account of some infirmity.

President Grier also took advantage of the occasion to outline briefly plans made by the governor of the Fifth Rotary District to present to the Rotary Club of Havre de Grace its charter on May 24. This will be the last official act of Governor E. L. Stock and a large number of local members are expected to attend the ceremony.

Charles M. Freeman, secretary of the Chamber of Commerce, was then introduced and in a brief, emphatic, and graphic address laid before the gathering the plans for forming a peninsula Chamber of Commerce and described what steps have already been taken for the formation of the organization.

Taking as the key-note of his talk the fact that "isolation always breeds suspicion," Mr. Freeman pointed out how Rotary makes men meet on a common level, abolishes barriers, eliminates distrust, and encourages co-operation. In carrying out the principles of Rotary, the central Chamber of Commerce would be formed.

Describing some of the benefits that might accrue to the entire Eastern Shore through the work of such an organization, Mr. Freeman emphasized better train service, better freight service, the advertising of the entire Shore as a most desirable place in which to live, and the more intangible results of the social side of such an association in bringing closer together the people of the Peninsula and the incalculating of faith in one another.

Elimination of fakers was one of the strongest arguments advanced for a central chamber. Mr. Freeman stated that a banker of Milford had said the people of his section were more than \$50,000 a year through the sick work of dishonest schemers and rascals. If a central association could not do anything beyond suppressing such a class of crooks, it would be worth while.

The project for the formation of a central Chamber of Commerce was heartily endorsed by the presidents of the several visiting clubs later in the evening they were called on for speeches by President Grier.

Mr. F. W. C. Webb was introduced and made a short talk on the utter necessity for the Rotary Club to get behind the school bond issue at the coming election. He stated that 200 children today are on half-time at the school and walk the streets when they should be in the school. The bond issue will provide means for adequate facilities and the money will be expended by a commission in which the people should receive the greatest confidence.

Rotarian Will Palmer, president of the Eastern Shore, was the next speaker. He praised highly the idea of the inter-city meetings and said that the entire Shore looks to Salisbury as the leader of progressive movements. He (Continued on Page 2.)

## REVIVAL SERVICES FOR DIVISION ST. BAPTIST

Pastor Here Will Be Assisted By Dr. H. F. Jones, Of Portsmouth, Va. Big Meeting Expected.

Beginning with Sunday night, May 12, there will be a three week revival service at the Division Street Baptist Church with Rev. H. F. Jones of Portsmouth, Virginia, as the assistant to the pastor, Rev. V. L. Edmunds. Meetings will be held nightly, including Saturday night.

Dr. Jones is a pastor of one of the largest churches in that city in which he has his charge and is a splendid evangelist. Great crowds attended his last meetings held in Spurgeon Memorial Church, Norfolk, and a large number professed faith.

The church here has been in a state of prayer and preparation for several weeks in anticipation of these meetings and the edifice will probably be taxed to its utmost to take care of the crowds.

## Rotarians of Eastern Shore Hold Inter-City Meeting

(Continued from Page 1.)

invited the Rotary Clubs to meet in Eastern on July 24 and unless something unforeseen happens, there will be a gathering there on that date similar to the one in Salisbury.

Rotarian Harry McSherry, president of the Dover Club, was the next speaker and after giving the members some facts about a recent meeting of Rotary executives at Harrisburg asked all clubs represented at the inter-city meeting to protest against the placing of the Dover and Wilmington Clubs in districts apart from those in which the Eastern Shore organizations are placed. Such a protest was registered.

The last speaker of the evening was Rotarian William Peyton, president of the Crisfield Club who pledged the co-operation of Crisfield in the clinic and in the formation of a peninsula Chamber of Commerce. He invited the Rotary Clubs to Crisfield on a date to be selected later. An invitation was also extended by Dover for a meeting there in September or October.

During the evening, a quartette composed of Messrs. William A. Shepard, R. W. Hammerslough, Arthur E. Williams and George R. Cobb, with Miss Wilkie Atkins at the piano, rendered a number of delightful selections that were enthusiastically received.

The entire meeting was one of the most instructive and enjoyable held in Salisbury in years and should be productive of closer ties between the several communities represented.

## Committee To Extend Bundle Day

(Continued from Page 1.)

goods for a week longer.

Instructions sent out by the Committee follow:

Send soft caps and hats, but no stiff hats.

Send all shoes if there is sufficient good leather in them for use or for remaking.

Tie shoes together securely in pairs, heel to toe.

Test all thin goods by strong pull as to durability. If not strong it is

not worth the freight charge. Clothes do not need to be ironed or mended but if possible, they should be clean. Playthings, books, blocks, balls, soft not breakable dolls, paint boxes are contributed, are acceptable but pack separately if possible. Soap also is acceptable. Old sheeting and pillow cases are valuable for bandages. If legs of stockings are good but not feet, cut off the feet and send the legs. Send buttons, thread, needles, yarn for knitting in any quantity, small remnants for quilts and for patching. Send all new goods possible. The Bundle Stations in Salisbury and county were listed in last week's papers. Your old clothes will warm their bodies and their hearts as well.

The amount contributed is not definitely ascertained at this time. It is

however between \$1500.00 and \$2000. The county goal is \$3,000.00. Let all help that will to reach this goal. The Committee in charge consisting of Fred P. Adkins, chairman and others desire to thank all those who in any way contributed to the success of the cause. Your labor and self-sacrifice is your abundant reward. Churches not visited last Sunday will be visited during the next coming Sundays.

## Precept and Practice.

She—"Oh, George! I've just won a hundred-pound prize for the best article on the cruelty of trapping wild animals."

He—"Good egg! What are you

going to do with it?"

She—"Oh, now I can afford a new fur coat!"—London Mail.

## SALISBURY and COMMERCIAL TRAVELLERS' HOTEL, Inc.

Are synonymous. Each stands for comfort and hospitality. Each welcomes the stranger and the traveling salesman within its gates.

The location is all that could be desired—in the heart of the most desirable part of Salisbury. A frontage of 100 feet on Water street opposite the County Court House.

The stock for the erection of the Hotel is now for sale at 100 dollars per share. For further information or any particulars regarding the Commercial Traveller's Hotel, Inc., please fill out the coupon below and mail same to Annie E. Toadvine, Treasurer, Salisbury, Maryland.

# County News

## MARDELA SPRINGS

Mr. Soren Bennett has been receiving treatment for the past week in the Peninsula General Hospital, Salisbury. His condition is improving and he expects to be able to return home sometime this week.

Mrs. Hugh Johnson and little son Leonard of Rockawalkin spent Sunday with her mother Mrs. Lizzie Wilson.

Mr. Harlan Robertson, wife and children Julia, Annie, Kenrs, and Hubby, and Mr. and Mrs. Clarence Robertson, of Pocomoke, spent Sunday with their parents, Mr. and Mrs. R. G. Robertson.

Mr. Charles Bennett, Mr. Jones, and Mr. Don Johnson were the speakers at the special Mother's Day exercises on Sunday last at the M. P. Sunday School.

The Misses Lulo, Hester and Bessie Bounds; Mr. Herman Robertson, Mr. F. P. Blunt and Mr. Gilbert Robertson, of Salisbury spent Wednesday evening as the guests of Rev. G. R. Donaldson and family of Sharptown. Quite a crowd was present at Wilson's Hall Friday night to see the plays given by the primary department of the school. Special mention is made of the violin playing of Master George Donaldson, of Sharptown.

Mrs. Estell Collier, of Quantico, was the guest of Miss Annie Robertson on Sunday.

Mr. Ernest Cooper and family moved into the house owned by Mr. Wm. Hess Bennett on Bridge St. last Tuesday.

Mr. Woolen and family of Chester, Pa., have moved into Mr. Bennett's home where they will remain until house is vacated.

Mrs. Levia Marvel is taking care of the little twin daughters of Mr. John Taylor until other arrangements can be made for their care.

Mrs. Mary Belle Hutton is able to be out again after her recent illness.

Mrs. A. S. Venables spent two days last week with relatives in Salisbury. Over 300 were present at the school exhibit held in the High School last Wednesday evening. Mr. Fred Webb was the principal speaker, his subject being, "Character Building."

Mr. L. W. Gunby, Mr. Walter Miller and Mr. A. W. Walls also spoke. Mr. G. C. Bounds, of Hebron, new member of the School Board, and Mr. Lester Grier, of Salisbury were the other out of town visitors. Mr. J. B. Windsor was re-elected local trustee. Miss Hildah Kennerly sang a beautiful solo and Mr. A. R. Elliott led in prayer. An orchestra composed of Miss Hildah Kennerly and Messrs. Harry and Ernest Venables played several selections.

Mr. Vernon English is slowly improving in health after his recent illness.

Mr. Winnie Graham, of Wilmington, spent Sunday with his parents, Mr. and Mrs. Samuel Graham.

Mr. and Mrs. W. E. Elliott and family spent Sunday as the guests of Mr. and Mrs. Jonnie Wilson of Athol.

On Sunday Morning the members

of the Baptist Sunday School were the guests of the junior class whose teacher is Mrs. G. W. Gorrell. After a short lesson period a program was presented by the class and each mother present and the mothers who were absent were each given a souvenir in honor of the occasion.

Mr. John Barrett, of Wilmington, was the guest of his sister Mrs. Raymond Seabreeze and family on Sunday.

The infant child of Mr. Roy Watson, of Hebron, was buried in our cemetery last week.

Nanticoke 2nd. group Base Ball League played with Mardela at Mardela last Wednesday and were defeated with a score of 15 to 9.

Mardela has won each of the six games in the league they have played so it rests with them it is said to play the winner of the first group league.

We feel quite proud of our team.

The first team of Mardela journeyed to East New Market on Saturday and were defeated with a score of 6 to 5.

Mr. and Mrs. G. F. Jackson spent two days in the Monumental City last week.

Mr. and Mrs. Garland Marine, of Vienna were visitors in town for two or three days last week. Mr. Marine substituted for Mr. Jackson at the station.

**Denies There Are Any Cooties On Leviathan**

Official of Shipyard Where Great Vessel Is Being Reconditioned Issues Sworn Statement.

Word received here Monday from the Newport News Shipbuilding and Dry Dock Company emphatically denies a statement that has general circulation in the press of the country that the U. S. S. Leviathan, taken over by the nation from Germany in the late war, was so infested with "cooties" that thousands of tons of disinfectants would be necessary to rid her of them.

A sworn statement of the general manager of the company follows: "Statement appeared in the Daily Press, dated Norfolk, April 29, 1922, which said that 'cooties are numerous on board the Leviathan.' This statement purported to have originated with American Legion members. It is not true in any particular. The Leviathan is absolutely free from lice and this fact can be substantiated by responsible men who have been members of her crew for over two years.

"The shipyard officials are very much interested in disproving the identity of the unscrupulous person or persons who sought to discredit this great vessel for reasons best known to themselves.

H. L. FERGUSON, "President and general manager, Newport News Shipbuilding and Dry Dock Company, Newport News, Virginia, May 3, 1922."

Mr. Ernest Bennett is sporting a new Ford touring car.

## VICTORY OR DEFEAT?

Shall the faith of the children in this county in the belief that their parents are ready to care for them mentally, morally and spiritually be justified? Or shall that faith be dashed, that confidence broken, that belief shattered?

The answer to these questions will be given at the polls of this county on next Tuesday, May 23, when the voters of Wicomico County will decide whether hundreds of little children of school age shall spend their time in helpful preparation for life's tasks or in wandering the streets of the city.

Already the schools of Salisbury are so fearfully over-crowded that the pupils are on half-time, and of the time they actually spend in the class rooms and recitation rooms they are able to devote little of it to real study and thereby gain but little training.

Conditions such as those existent today in Wicomico High School are destructive of discipline, health, and instruction. Not only is it impossible properly to teach students under such circumstances but they actually suffer harmful effects from trying to learn while crowded to the point of suffocation.

If the question of the bond issue were put up to the children, and they are the ones who are suffering now—just as they alone will be the ones to suffer in after life because of their handicaps—there is not a shadow of doubt that they would vote in favor of bonding the county in order that they might have decent buildings in which to go to school, in order that they might derive some benefit from their studies, in order that they might be freed from the physical dangers of over-crowded rooms.

Unless the voters of this county act favorably upon the matter now before them on this election, they will awake to sad realization of their mistake next fall when the children are turned away from the school doors in large numbers. It will be too late then, however, to do anything, and the conditions today will be aggravated infinitely through two more long years.

Let the faith of the children in their fathers and mothers be fully justified at the coming election. Don't let them be handicapped through all their lives because of a parsimonious attitude toward their real needs. The bond issue at most cannot cost the taxpayer very much; if the bond issue fails, the taxpayer will pay a thousandfold for that failure.

You who love your children, who want them to succeed, who want them to have that happiness that only education can give, who wish for them the best there is in life, vote for the school bond issue. Vote for it, work for it, fight for it. You'll never regret it.

The day for the election is Tuesday, May 23. It is your duty to yourself, your child, your county to safeguard the future of the coming generation by assuring proper education for the youth of today.

If the thinking, serious, devoted men and women of this county who have the welfare of the community at heart will get into action now, we shall not have next fall the sad sight of the school doors closed in the face of hundreds of little children who are but naturally seeking that which is rightfully theirs—an education.

Tuesday, May 23, will show whether or not the faith of the children of this county in the goodness of its men and women is justified. Can there be any other answer than "victory"?

## GRADUATION

In thousands of schools and colleges, graduating classes are now preparing for the great event of Commencement day. No other occasion in life, save possibly marriage, will seem of such tremendous import to these young people.

They now approach a great landmark of life, a time of fresh beginnings, and face untried issues. But young folks make these sharp breaks with ease. Most of them are delighted to try their inexperienced wings.

Getting ready for graduation, in the minds of some young women, means principally long sessions with the dressmaker, and a splendid display of fine feathers. The girl of the struggling home sometimes makes more show than the one from the abode of wealth. The former may feel that this is her one chance to show that she is as good as anybody. Her parents may sacrifice on the absolute necessities of life to give her this splurge send-off.

School authorities should try to persuade young people not to waste family resources in this manner. The necessity of providing costly graduating clothes and incidentals has deterred many parents from sending their children through the schools. The principles of American democracy would have every one of these young women appear in a simple and inexpensive gown, with special applause for all who make these frocks for themselves. Those that adopt such ideas show that school training has put some very wise ideas into their heads.

Young people preparing for graduation should have their hearts on higher purposes than dress or sports. They should be anxious to keep up their achievement in study until the last day of school. They should not be content merely to get by, but should covet marks that will send them out with honor.

The many young people of Salisbury who have this spirit, are observed with peculiar interest and pride, and confidence that they will make their mark in the world.

## WICOMICALITIES.

The Maryland State gasoline tax will probably be collected in cents.

Still it is comforting to remember that for every red-minded socialist in this country there are scores of red-blooded Americans.

Another boon would be wireless politics.

After trying all the different kinds of weeks, let's get back to the good old fashioned week—six days of honest work and one of real rest.

A living wage does not necessarily mean a "living" wage.

We'd like to know what the connection is between frozen credits and cold feet.

If the government appoints a commission to investigate the coal strike, the strike can very easily be drawn out until winter.

Landlords may think they have a hard time collecting rent, but for real knowledge of the difficulty of collecting it they should ask the tenant.

Twenty-five moonshiners in the mountains of Kentucky voluntarily turned their stills over to the court and then held a prayer meeting in the court room. Verily, the millennium is on the way!

## Throw Out The Life Line

As a part of the campaign to boycott all goods made in Ulster, Irish Republican Rebels recently destroyed 500,000 gallons of real Irish whiskey, made in Belfast. Gosh!

At that, we are glad the Bentztown Bard deigns to notice us.

## MINISTERS INDORSE STAND OF THE NEWS

Members of the Ministerial Association at a recent meeting passed the following resolution in recognition of the stand the Wicomico News has taken so consistently on the prohibition question.

May 15, 1922.

The Wicomico News,  
Salisbury, Md.

Gentlemen:

The Ministerial Union of Salisbury adopted the paper which follows at a recent meeting and has instructed the Secretary to send you a copy.

The Members of the Salisbury Ministerial Association wish to convey to you their deep appreciation of the high toned and strongly moral editorial of last week's issue, and to felicitate you on the straight-forward position taken by your paper on matters pertaining to the best interests of the community.

The ministers are keenly alive to the influence of the press for good, and consider it one of Salisbury's greatest assets that we should have three newspapers—a unique condition—all of them appealing for the things which stand for decency and order, the things which ensure the only progress and stability that are worth while.

In these days when so many newspapers are yielding to the well known pressure that is determinedly at work to degrade the most sacred and important functions of the commonwealth, it is a supreme pleasure to recognize the character and tone of our local press and to encourage you on your fine efforts and noble attitude in preserving the high traditions of our beloved city.

Very truly yours,

R. L. SHIPLEY,

Secretary.

**"Never Saw A Bug"**

"The potatoes that I sprayed with Pyrox kept green until the frost killed them, without a sign of blight. I never saw a bug on them after using Pyrox. It is easier to apply than any mixture I have ever used, and will not wash off in the heaviest showers."—L. A. LITTLEFIELD, winner of the first prize of \$200 in a Maine potato growing contest.

**Pyrox**

"The Spray that Adds to Your Profit"

Kills the bugs as fast as they appear, and prevents blight and rot. Use it on the young plants before bugs or blights get their start.

Get this Pyrox Crop Book. It tells how to protect your crops against bugs, worms and disease. Ask for a copy.

Mr. and Mrs. Graver Layfield were visitors in town Sunday.

**MRS. HATFIELD SABINA, OHIO**

In Pitiable Condition when she Began Taking Lydia E. Pinkham's Vegetable Compound

Sabina, Ohio.—"I took Lydia E. Pinkham's Vegetable Compound for weakness and irregularity. I was weak and nervous and could hardly stand on my feet long enough to cook meal. I was this way for about a year and had tried several medicines and had a physician, but to no avail. My sister was taking your medicine and finally induced me to try it. I now feel fine and can do my housework without any trouble at all. You can use this letter for the sake of others if you wish."—Mrs. W. Watson G. HATFIELD, R. R. 3, Sabina, Ohio.

Housewives make a great mistake in allowing themselves to become so weak and nervous that it is well-nigh impossible for them to attend to their necessary household duties.

Lydia E. Pinkham's Vegetable Compound should be taken when you first notice such symptoms as nervousness, headache, weakness and irregularity. It will help you and prevent more serious trouble. Give it a fair trial. It surely helped Mrs. Hatfield, just as it has many, many other women.

There are many ways of assisting NATURE. There is good in all of them, more in some than in others. CHIROPRACTIC, the newest of these, is founded on the most logical theory. THAT NATURE, NOT MAN DOES THE CURING.

There is as much need to use care in the selecting of your CHIROPRACTOR as in any service, indeed greater need. My record of successful achievement stands as a safeguard to you. You can place your case in my hands with perfect confidence. For the convenience of my Worcester County Patients, I opened offices at both Berlin and Ocean City, May 16th.

**The Canny Scot Picks a Shoe**

Dr. S. D. Fairweather of Aberdeen, Scotland, probably never saw the Cantilever Shoe, but he described it pretty closely in the "Lancet" (London) when he gave his views on the ideal walking shoe.

"The average woman gets no spring from the arch of the foot, being content with a lateral wobble of the ankle and rotation of the foot around its long axis instead of the natural springy heel-and-toe action. Any elasticity she gets is from flexion and extension at the knee, her feet being no more springs than blocks of wood."

**Flexible Shank**

Dr. Fairweather describes the ideal shoe as a "close-fitting, pliable covering of leather, supporting without immobilizing or hampering the structures in the arch and ankle, the waist of the foot acting like an artificial annular ligament. The sole should conform to the shape of the foot, the heel being the same thickness as the forepart and the middle part flexible."

We know that many women have found comfort in the Cantilever Shoe, with flexible arch giving that spring to the foot which you, too, would find so enjoyable in walking. Cantilever heels are of modish height. Come and see how good looking a shoe combines all these approved features. We are exclusive Cantilever agents for this city.

## WESTERN MARYLAND TO PRESENT BIG PAGEANT

One Thousand in Cast Of "The Sheathing Of The Sword." Citizens And Students Co-operate.

On Saturday afternoon June 10th, the opening of the new athletic field at Western Maryland College will be celebrated by the largest pageant ever given in the history of the college. "The Sheathing of the Sword," a beautiful festival of peace, will be given by a cast of 1,000 composed of the students of Western Maryland and the citizens of Carroll County.

Elaborate scene depicting the ancient Olympic Games, Roman Processionals, Mediaeval Tournaments and the unique ceremonials of all nations will be among the impressive features of the day.

Because the pageant grounds are located directly along one of the finest highways in the State and because ample parking space can be furnished free to thousands, it is expected that great numbers of visitors from all sections of Maryland and surrounding states will witness "The Sheathing of

the Sword."

The following students from Wicomico County will take part in the presentation of the pageant: Alma Holliday, '22; Amy Bennett, '22; Gordon Bennett, '22; Florence Messick, and Louise Mitchell, '24; and John Wright, '24.

### SUPPER AT HEBRON M. P. CHURCH.

Ladies of the Aid Society of the Methodist Protestant Church will serve supper in the basement of the church on Thursday evening, May 18, at six o'clock. The public is cordially invited to attend.

### COUNCILMEN ELECT HEAD.

At the regular meeting of the City Council on Monday night, Mr. E. L. White was unanimously elected president of the official board to serve their credentials and entered upon their duties for the ensuing two years.

### FIREMEN MAKE MONEY.

As the result of the street carnival here last week, the Salisbury Fire

Department's treasury is better off by nearly a thousand dollars than it was two weeks ago. Six hundred of this amount came from a percentage of the receipts of the carnival, which had to fork up \$200 to cover their guarantee. The rest came from the sale of grocery baskets and from other sources.

### Sea Air vs. Mountain Dew.

Mother—"I wish that the papers would quit writing about these mountain moonshiners."  
Daughter—"Why, mother?"  
Mother—"Because I want father to take us to the seashore this summer."  
—Burr.

### TOO LATE TO CLASSIFY

#### CARD OF THANKS

We wish to express our thanks to the friends who were so kind to us during the sickness and death of our boy L. Edward Goslee, and also for the flowers and automobiles used at the funeral, from his Father and Mother.  
Mr. and Mrs. Luther J. Goslee.

## Warner's CORSELETTE

We are having a tremendous demand for these cleverly designed garments which take the place of corset and brassiere and which hold the figure firmly and support the stockings.

We have them in a number of designs and materials and at prices from

**\$1.50 to \$2.50**

For the growing girl, we especially recommend several of these Corsettes, as just the garment which is needed. They support the bust, keep the figure erect and trim, but in no way interfere with freedom of movement.

The style illustrated is excellent for the youthful figure.

In pink novelty cloth,

## MECHANICS HOLD BIG RALLY IN SHARPTOWN

Play Given By High School Pupils For Overflow From The Lodge Room. Sixty Initiated.

Friday of last week was a gay day for Sharptown, being the occasion of the grand rally and class initiation of the nine lodges of the O. U. A. M. of the Eastern Shore of Maryland. For two months the committees were active in their efforts to secure new members for the occasion and arrange for a class initiation and street parade for the occasion. The first feature was a game of base ball between Sharptown and Delmar in which Sharptown won. From five to seven the Senior class of the Sharptown High School served supper in the basement of the Methodist Protestant Church. Chicken pot pie was served in good style with seasonable condiments, and ice cream for dessert. The supper was considered very fine and about 175 were served during the time allotted for that feature.

Following the supper was a street parade headed by the Laurel brass band, with Curtis R. Vickers, J. A. Bailey and Milton Collins as marshals. Mr. Collins rode a horse and carried a banner. The parade started at the M. P. Church and went to the Pythian Hall, where the entertainment was held.

There were about 400 in the parade.

Realizing before that neither the auditorium or lodge room would hold the people, an entertainment had been provided for the overflow from the lodge room, where the initiation was held. This entertainment consists of a three act play, the original writing of the senior class of the Sharptown High School, and each character was taken by a member of the class. This play had been given on Wednesday evening previous and had made a hit.

At eight o'clock the work of initiation began in the lodge room and was put on by the team of Salisbury Council and those who saw the work said it well given. While this work was in progress, witnessed by about 250 people the surplus was being entertained in the auditorium by the play called "The Demon Chaperon" the cost of entertainment being paid by the Rally Committee.

After the class initiation was over and 60 candidates had been shown the mysteries of the order, the play over and all not members of the O. U. A. M. had left the auditorium, the members of the order and newly made members and a few lady friends of the members were served with ice cream.

This was one of the largest lodge functions ever held at Sharptown and it was estimated that there were from 800 to 1000 people in town and the whole affair was a complete success.

### State Police Bag 12 For Lack of Lights

First Raid In Several Months By State Force Catches Large Number of Offenders.

For the first time in several months officers of the State Police force made a raid in Salisbury and brought 12 offenders before Justice of the Peace, T. Rodney Jones. Each was fined \$5.75 for not having proper lights.

Those who were assessed were: Messrs. George L. Simpson, City; Ott Brown, City; Grover Farlow, City; Ballard Waller, City; Miss M. Hastings, City; H. J. Marvil, Delmar, Del.; Albert Fields, City; J. W. Dolby, Jr., City; Howard Smith, City; F. W. Johnson, City; Louis T. Cannon, City; Norman Williams, Fruitland.

### BID ON DELMAR ROAD.

Bids were opened Tuesday on the building of the Salisbury Delmar road, work on which will begin in about two weeks. The lowest bidder was A. B. Sandridge Company of Georgetown, Delaware, \$62,382, and it is probable that the contract will be awarded this firm, although it has not been officially confirmed. Other contractors were: P. D. Phillips & Bro., Salisbury, \$67,460; D. A. Hannaman, Salisbury, \$72,970; J. Richard Phillips, Berlin, \$73,069; and Hall Construction Co., Pocomoke, \$75,289.

## Salisbury Boy Heads W & L Swimming Team

James E. Humphreys Chosen Captain. Has Broken Several Records In 50 And 100 Yard Dashes.

James E. Humphreys of Salisbury, a student at Washington and Lee University, was recently elected captain of the University swimming team. During the past season, he was the outstanding star and broke several records in the 50 and 100 yard dashes. In addition to being an excellent swimmer, young Humphreys is the crack half-miler on the track team and holds several records on the cinder path. He is a member of the Freshman class and belongs to the Phi Kappa Sigma fraternity.

### ENTERTAIN FRIENDS.

Mr. and Mrs. Glen Wells entertained the following last Sunday: Mrs. W. S. Rignin, Mr. and Mrs. W. H. Campbell, Louis, Louise and Winifred Campbell of Pittsville, Mr. and Mrs. W. B. Holloway of Parsonsburg, Mr. and Mrs. O'Brien Bounds and daughter Thelma of near Siloam, Mr. and Mrs. John W. Driscoll and son Floyd, Mrs. Harry Scott, Mr. and Mrs. A. T. Parker and sons Russel, William and Charles, Mrs. John G. Melson and daughter Maude, Mr. and Mrs. Mildred Reed, and daughter Mary Carolyn Janet all of Salisbury.

### ANNOUNCE BETROTHAL.

Mr. and Mrs. Albert M. Walls announce the engagement of their daughter, Marie Louise, to Mr. Albert G. Allen, son of Mr. and Mrs. William F. Allen of this city. The wedding will take place in the near future.

### A QUESTION OF FAIRNESS

Now and then we sacrifice a new car sale because we will not allow an excessive price for a used car. We do this for the protection of our patrons. If we paid Smith too much, we would have to get it back from Jones. But that would be unfair—and we believe in fairness, even if it hurts.

### A Few of This Week's Offerings

## BIG PICTURE IS BOOKED BY LOCAL LEGION

Wicomico Post Secures Much Talked Of Production For Local Showing. Proceeds Will Help To Furnish The Legion Home. To Be Presented At The "Y."

Recently there played at the Rialto Theatre, New York, at the pre-release engagement the Urban Popular Classic, "The Four Seasons." Probably never before has a feature photograph been received the superlative praise that this one did. Laurence Reid in the Motion Picture News said of it:

"A fanfare of trumpets is not needed to invite spectators to see the nature spectacle which Charles Urban has conceived and executed with the assistance of Raymond L. Ditmars, curator of the New York Zoological Society. The patrons fortunate enough to witness the sequences of the four seasons which have continued ceaseless through infinite time and will continue through eternity will leave the theatre utterly transported. He will pass the good word along advising his family and neighbors that a work extraordinary in conception and execution is his for the price of admission. It is a work he is not likely to forget."

"This remarkable subject is entitled 'The Four Seasons' and is as dramatic as the most tense photoplay. It offers instruction and varied entertainment of the highest order. Surely Messrs. Urban and Ditmars deserve enormous for their painstaking achievement in acquainting us with the divine handwork of Nature. Spring is ushered in with a variety of expression. Nature's background is ever changing. A new year has sounded. Dread winter has departed, and the plants and the animals undergo a tremendous chemical transformation. Indeed it is the formative period. The spectator becomes acquainted with crawling things; the flowers bloom, the trees bud with future foliage, the burrowing animals come out of their winter homes snuffing and snuffing and eager for life and the strange scheme of Nature makes a symbol of dramatic instruction."

"At these birds, reptiles and beasts parade the east. The woodlands, the forest sky (also in an ever-changing mood of expression), the marshes, the rocks, the hills and vales, these form the settings. Embellishing these are storm effects and rainbows which might be a symbol of dramatic convalescence. We become little children witnessing this divine pattern. We wonder and marvel over our own destiny. We marvel over the scheme which presents us with insect plagues who are seemingly created to be destroyed by sterner insects or animals. The desire to kill, the will to kill, the powerful instinct for self-preservation—these are brought forth with overwhelming impressions."

## THE GOLDSTEIN SMILE THAT MAY WEAR OFF

Nat Goldstein, who was dumped out of the Kansas City Post Office because he accepted \$2,500 to boost Frank O. Lowden for the Presidency, looks happy in this picture; but did he wear this smile when Republicans and Democrats joined in denouncing him as an unhappy choice when President Harding named him to be Internal Revenue Collector for the St. Louis District?

Each season has a reel devoted to it. Spring ripens into summer. The animals are in their happiest moods. Then autumn arrives bringing with it foreboding of the death of the year. The brown world is covered with a rustling carpet. And the animals make haste to prepare their homes for the long rest or sleep. And none works harder than the beaver. The waterpillar weaves a silk nest around the leaf and will emerge in the spring—a moth. The wood-chuck digs his hole, the buck deer's antlers has grown to full length. And winter has come. The plant world is dead. Nature is sleeping. "The Four Seasons" is a wonderful picture filled with undeniable charm. It is beautifully photographed and titled. A credit to the screen because it brings science and instruction."

"Wicomico Post of the American Legion has been fortunate in securing this great production. It will be shown at the Y. M. C. A. auditorium on Saturday, May 20, and there will be a special matinee for the children. At night, there will be two shows, one at seven and the other at nine-thirty."

The Legion will use the proceeds from the presentation of "Four Seasons" to buy furniture for its rooms in the Graham building. Tickets are on sale at White & Leonard's, Toul-

son's, or may be obtained from any legionnaire. In addition to the big picture, there will also be a six-reel play, "The Coward," in which Charles Ray is featured.

## EASTERN SHORE FIELD MEET WASHINGTON COL.

Big Gathering Planned For Peninsula Athletes On May 27 At Historic Old Institution.

The principle of Wicomico High School has received the following letter from Washington College in reference to a field meet to be held there on May 27. Wicomico High is asked to participate:

Washington College is holding its first annual Eastern Shore Interscholastic Championship Athletic Meet at Washington Field on Saturday, May 27, 1922. Preliminaries will begin promptly at 11:00 a.m., and the finals will run in the afternoon. Your school is hereby invited to participate.

The entry list is open not only to the winners at the county meets but also to any and all bona fide students who can meet age and weight conditions. We are using the same age and weight classes as the Public Athletic League, so that any boy competing in his county meet should be eligible to the same class at the Eastern Shore meet.

This meet is given with the approval of the Public Athletic League, and is in no way intended as a substitute for the State meet at Homewood in June. It is strictly an Eastern Shore event—an attempt to get together our Eastern Shore boys.

Suitable medals will be awarded to the winners—gold for first place, silver for second place, and bronze for third place. These medals will be distinctly emblematic of the championship of the Eastern Shore.

Lunch will be served at 12:30 p.m., to all those taking part. In the case of the three lower counties—Wor-

cester, Wicomico, and Somerset—we will furnish entertainment and lodging over Friday and Saturday nights provided we are notified at least a week in advance as to the number desiring this accommodation.

Late in the afternoon there will be a baseball game between Washington College and Gettysburg College, to which all participants are invited free.

We hope that your school will be represented at this meet, and we request that you return the entry blank properly filled out as soon as possible, in no case later than May 22.

Very Truly Yours,  
A. Roy Woodland,  
Chairman.

The Events And Regulations Are As Follows:

80 Pound Class: 50 yards dash, standing broad jump, 440 yards relay race (4 boys.)

95-Pounds Class: 60 yards dash, standing hop, step and jump, 440 yards relay race (4 boys.)

115-Pound Class: 70 yards dash, running broad jump, 660 yards relay race (4 boys.)

Junior Unlimited Class: 80 yards 220 yards dash, Running high jump, 8-pound shot put, 880 yards relay race (4 boys.)

SENIOR CLASS  
100 yards dash, 440 yards run, 880-

## When Medical Men Say—"Chiropractic"

Health  
turns the  
Clock  
Backward

USCLE BEN SAYS:  
The student who  
receives the health  
benefits of a  
chiropractor who  
works by hand

When medical men advise chiropractic is when the history of the case is one that indicates an obviously spinal cause for the ailment. Usually the case has an accident history. The sickness followed a fall or a severe strain of some kind which directly affected the spine.

But the fact about the spine is that it must pivot every motion of the body. In the living body it is a thing of utmost flexibility, and the twenty-four joints making up the three principal divisions of the spine are all movable and easily disordered by the every day activity of life. It is not necessary to suffer a severe accident to displace a joint of the spine, and when this happens it causes disease in the organ thus deprived of a normal amount of nerve impulse.

### PHYSICIAN SAID TRY CHIROPRACTIC

"I fell from a scaffold to a cement sidewalk. During the following eight years I consulted any physician whom I thought might remedy my condition, but relief was only temporary. In 1917 paralysis came as a result of the original injury and my physician said medicine could not help me and referred me to a chiropractor. I had been in bed five days unable to move when I received the first adjustment. After the third adjustment I was able to get up and walk to the office a distance of two miles. From then on my recovery was steady and after six months of adjustments I was permanently cured."—Fred Eberhart, Chiropractic Research Bureau, Sworn Statement No. 13308.

### REGULATIONS

It is agreed that the boys shall be classified according to their age and weight. Boys who were 16 years old on or before January 1, 1922, are considered as seniors; all other boys are juniors.

The Juniors are divided according to their weight into four classes—80-pounds and under; 95 pounds and under; 115-pounds and under; and unlimited weight.

Boys will be weighed on the day before the meet in the costume in which they are to compete, and must not be over weight.

No boy who has reached the age of twenty-one years is eligible to compete. A boy must not represent his school after he becomes a post-graduate student. A boy must have been a bona fide student since February 1, 1922.

A boy may enter only two events in the meet—one running and one field event.

Relays will count the same as other events—5, 3, 2, and 1.

## COMMENT OF COUNTY AGENT COBB ON AGRICULTURAL HAPPENINGS

Reports and inquiries show that aphids, or plant lice, are beginning work on several crops. These bugs are small green or black insects with and without wings. As they are sucking insects a poison such as Arsenate of Lead will have no effect on them. Use some tobacco solution or dust or soda. Black leaf 40 is a good tobacco remedy—use about 1 teaspoon to 1 gallon of soapy water. Soap helps to spread the mixture, as well as strengthening the solution. Any good tobacco dust may be used but whatever is used must hit the insect to do any good.

Realizing that the gasoline dispensers were in need of more revenue we decided to help out by doing considerable traveling last week. We did not make long stays at any one place but visited many of the towns in the county.

The State Horticulturist, S. B. Shaw was with us for two days and made a survey of the damage done by the frost and freeze that we had some time ago. He agreed with us that the results were as we had stated and that although the home orchards of trees had not been treated very badly the commercial orchardists were hit hard. The strawberry crop will not suffer a great deal except in some sections where the early berries are injured severely but the peach crop and apple crop will be cut down considerably.

Dr. Alexander Mitchell, of Baltimore, was with us and did what little we could to furnish him with transportation so that he might do as much work as possible along the Near East Relief. In our travels with Dr. Mitchell we visited the several ministers in Hebron, Mardela and Sharptown. There will be several speakers in Salisbury on Sunday the 24th, we believe to tell us, through the churches, of the needs and the situation in the section where thousands are homeless, without clothes and hungry.

Roamed down to Quantico to see our good friends in that section and found every one busy as usual. The most striking thing we noticed was the number of new chicken houses and the mighty fine white leghorns that were in sight. J. M. Insley had as pretty a flock as one will see in a long time and although we did not find "Jay" at home we had the opportunity to give his flock and neat looking buildings and grounds the "once over." Lev. Overton has two nice looking poultry houses and some fine looking birds. If the number of chicken houses and birds keep on increasing in Quantico it will be necessary for Pittsville to look out for its laurels.

John and Alexander Holloway surely have two nice looking fields of clover and wheat. We do not know what secret they possess in order to get such a stand of clover or whether the dry spell of last season failed to reach these particular fields but they look good to us. John was getting the land ready for some more of that good white corn of his and says that he expects to take first prize at the Community Show with that corn just as easily as he did last year. He is not sure that he can duplicate last year's yield of 570 bushels on four acres but he is making an effort.

Harry Van Horn and Eurie Oliphant

seem to be a little jealous of John Holloway's success in winning the prize for corn for they have each obtained some of this corn and promise us that they would make John go some if he won first prize this year.

The people of Talbot County, or some of them at least, are accusing us of being weak in arithmetic. Last year Geo. Purnell, of Chas. Warner Co., wanted to secure a good Duroc so we took up to see some that Milton Hearn had in his club work. One of these took George's eye and he bought this one and shipped it to Talbot County. At that time it was just under one year of age but when it got there these good people accused George of trying to boost Wicomico stock for they were sure that it was over one year old. We secured the registration papers and thought of course that this would convince the most skeptical but they still insist that no pig could be so big and fine at the age we claim. This all speaks well for us in the original stock we selected but it speaks much more loudly for Milton and his ability to feed and care for his stock.

We have been gathering a lot of good material lately to back us up in our contention that fertilizer and manure should be applied broadcast in many cases where it is put in the hill or drills. All of our facts and figures have been obtained from our own growers so we feel that they should have some weight. Using fertilizer or manure as a top or side dressing in another thought that we have been advocating for some time and we are gathering valuable material all the time that shows we are somewhat near correct in our ideas. Some time soon when we get time to write it up in good shape we are going to have it printed so that we can get a reaction that may help us all.

Found a lot of growers lately who are using and expect to use a Melon Mixture put up by one of our local firms. As we cannot advertise any firm we must just say that one of our local firms is putting up this mixture. We are mentioning this because this is the first time that we have heard of this particular mixture and we wish that the growers who use it would bear us in mind and let us know what results are obtained.

Do not use much salt on any of the crops until you are sure that it will do no harm. Some of our salt enthusiasts of years gone by have turned over a new leaf and now advise against using very much. Kainit contains about 30 per cent salt, as we remember it, and that is one reason why it is not advisable to apply too much Kainit to the sweet potato crop. Friend Joynea says not to use more than 600 pounds at the most and do not use this much every year on the same piece of land. Some of our growers got by with 1000 pounds last year but it is so unusual that they were very much surprised. Too much salt kainit or manure salts is not good for the young plants as the soluble salts contained in these are very liable to hurt the sprouts.

We made our first visit to the Academy at Princess Anne last Friday and were much surprised at what we saw. It was Farmers Day and in addition to a good sized crowd of people we saw the greenhouse, garden, orchard, barns, good things to eat and wear that the young ladies had made, printing shop, etc. We must admit that we learned something about the Academy that we did not know before and we also had a chance to "warm up" a few of their pitchers.

George R. Cobb

## FEDERAL AUTHORITIES ANNOUNCE POTASH FIND

United States Geological Survey Reports "Notable Amounts" in Texas Field.

With a proposed tariff on potash now before the United States Senate, announcement has been made by the United States Geological Survey of "the discovery of potash in notable amounts" in the great salt basin of Texas. Oil-well cuttings in Reagan county disclosed, according to the announcement, potash salts at levels between 1,150 and 1,225 feet. The announcement is cautious. It says: "These cuttings, while significant as disclosing the presence of potash, do not furnish adequate information as to either the precise thickness of the potash beds nor the richness of any considerable thickness of salts penetrated by the drill. Core drilling is needed to furnish definite information."

In previously urging core drillings the survey said: "Through tests with the core drill are justified by the tremendous importance to the whole United States of the discovery of commercial deposits of far greater value than that of an oil pool."

George Steiger, a chemist of the United States Geological Survey, recently wrote of the Texas deposits in a technical magazine: "One thing we do know is that polyhalite (the principal potash salt) has been laid down in massive form and practically pure, and that it seems reasonable to assume that somewhere in the vast salt deposits of this region beds sufficiently thick to be worked economically will be found."

A. G. TOADVIN & SON

SALISBURY, MD.

## Fire Insurance

Only The Best Old Line Companies Represented.

Previous announcements have been made by the survey of rich potash salts discovered in Loving county, Midland county and Ector county, Texas. Throughout this area the geological formation is practically identical to that of Germany in the region of the Straßfurt potash beds, with the exception that the area covered by the Texas salt basin is considerably greater.

Core drillings are now being put down in the vicinity of Odessa, Texas, which are expected to show definitely what may be expected from the Texas fields. If they reveal potash in

## WORLD SURVEY OF SICK AND WOUNDED PLANNED

Report Showing World-Wide Condition Will Be Presented At Ntw Orleans Convention.

The first world survey of the present condition of the sick and wounded men of the world war is to be completed at the fourth national convention of the American Legion at New Orleans this fall. This survey will combine the reports of the Inter-Allied Veterans' Federation with the reports of the Geneva conference held in March under the auspices of the International Labor Office.

The Inter-Allied Veterans' Federation is made up of the veterans' associations of all the nations allied in the world war. The International Labor Office, in which the United States is not officially represented was created under the terms of the Treaty of Versailles and includes fifty-four nations in its personnel at present. It is financed by the League of Nations.

At the conference of this body in Geneva representation was accorded to Germany and Austria as well as to the ex-service men of the allied nations. This was practically the first occasion on which the soldiers who faced each other on the field have met in conference for the solution of their common problems, and it was hailed in Europe as an event of great significance.

The reports of this organization together with those of the Inter-Allied Veterans' Federation, which includes the American Legion, will make up the first complete summary of what the civilized world is doing for the disabled veterans. The result of the survey will be made available at once in all the countries that took part in the war.

## TUBERCULAR SOLDIERS FRIGHTFULLY CROWDED

One Destitute Tubercular Veteran To Every 58 Of Population In Phoenix, Arizona.

The crowding of tubercular ex-soldiers into the southwest and the Pacific coast states must be stopped for the sake of the soldiers themselves, is the statement of the national service division of the American Legion after an intensive country-wide survey of the situation.

This survey shows that the Western states are unable to take care of this influx properly. In Phoenix, Arizona, the Legion declares, it was found that there is now one destitute tubercular every 58 of the total population. These conditions make it impossible to accord patients the proper care that they must have to get well.

Climate alone will not make a sick man well in the absence of good food, absolute rest and medical guidance, and the cure of tuberculosis takes a long time. The survey points the need of every patient's bringing with him enough for two years' living expenses and treatment on coming west. A few weeks or months in a lodging house, even in the best of climates, says the report, rarely means anything but a waste of time and money for the sick man.

"The patient himself bears the whole misfortune," says Claude J. Harris, national service officer of the Legion. "He starts west in his hunt for health without considering his difficulties. On his arrival he finds there is no light work available that will keep him going. Relief agencies are overcrowded. The man is alone

## FIGURE WIZARD OF WASHINGTON

Miss Catherine Selak, 26, newly appointed Chief of Statistics of the Bureau of Internal Revenue, is known as a "figure fiend," and the youngest woman ever to head a government division.

and friendless. His morale breaks down. And this spells death for a tubercular. Far better for him to stay in a less congenial climate where he can still afford proper treatment."

### But Not Vice Versa.

When little Percival arrived at school on the opening day, he carried the following note to the teacher:

"Dear Teacher: Our sweet little Percival is a very delicate, nervous child, and if he is naughty—and he is likely to be naughty at times—just punish the boy next to him, and that will frighten him so he'll be good."—Wayside Tales.

### No Bargain.

"Dear John," the wife wrote from a fashionable resort, "I enclose the hotel bill."

"Dear Mary," he responded, "I enclose check to cover the bill, but please do not buy any more hotels at this figure—they are cheating you."

## IMMIGRATION QUESTION WILL ENGAGE ATTENTION

Leading Minds Of Country To Focus Consideration Of National American Council On Problem.

Many of the leading minds of the nation will center their attention on the immigrant and what he means to America in the annual convention of the National American Council. The making of Americans will be the keynote of the convention. The leading patriotic and welfare organizations of the nation are members of the National American Council and have delegated representatives and speakers to the convention.

Beginning with the appeal of America to the immigrant, the convention is scheduled to take up in turn the assimilation of the immigrant, his education and his development as an American citizen. Then will come a discussion of the work of various great agencies in the national life, including the church, the American Legion, the American Federation of Labor and others.

On this occasion the great churches of America are to meet on common ground. An equal period of time is to be allotted Catholic, Protestant and Jewish ecclesiastics in a joint discussion of the patriotic work of their respective churches.

It is expected that Secretary Hughes will deliver the opening address. Commander MacNider of the American Legion and Samuel Gompers, president of the American Federation of Labor, will represent their respective organizations in person if their executive duties permit.

# When You Buy Building Materials, What Is The Final Consideration?

Price has something to do with it, but price is not everything. Price may be a guide as to quality but it is not a good guide because often cheap stuff is thrown on the market for which the unskilled pay very dearly at the top market price.

The service that stands back of the price and insures delivery of the material you bought is often as important a factor as the price itself. The reputation of the firm with whom you are dealing is, therefore, by far the greatest guide and safeguard you can have in buying building materials or anything else.

The service a company can render is in proportion to its resources. Its capacity for keeping promises is limited strictly to its capacity for manufacturing products. For this reason, the larger, the more modern, the better equipped a plant is, the better service it can render.

That Is The Reason This Company Can Give You The Kind Of Service You Want.

# E. S. ADKINS & CO.

## Everything Needed For Building

SALISBURY, MARYLAND

## TANNING VATS ON MAIN STREET RECALL SALISBURY OF LONG AGO

Excavations On East Main Street For The William J. Downing Building Bring To Light Evidences Of A Once Flourishing Industry In This County—Discovery Creates Interest.

Workmen engaged in excavating for the foundation for the brick building to be erected by Mr. William J. Downing, on East Main street, found last week about three feet below the surface a number of tanning vats. Much of the lumber of these vats is apparently as solid to-day as when it was put in the ground. Some of these boards are more than two feet broad.

These vats were about seven feet long, 4 1/2 feet wide and four feet deep. Evidently the best lumber available was used in their construction. This property has recently been purchased by Mr. Downing of Mr. F. Leonard Wailes, it being a part of the Wailes property where Mr. Wailes resides.

The finding of these tanning vats recalls one of Salisbury's early industries, a tanning yard. The beginning of this industry dates back more than a century, yet many persons now living remember when it was an industry of far reaching proportions.

The tanning industry was established by Ebenezer Leonard, great grandfather of Mr. F. Leonard Wailes, one of the leading attorneys of this city. He lived where Mr. Wailes now lives and while there is no record of the

beginning of the tanning industry so far as we have been able to ascertain, the records show that the house was built in 1803, 119 years ago.

Ebenezer Leonard conducted the tannery until his death. By his last will and testament dated August 28th, 1826, he provided as follows: "It is my will and desire that my executors, hereinafter named, have the privilege and they are hereby authorized and empowered to carry my leather that is in the tan yard or elsewhere to Baltimore, or any other place at which they might think it will sell to the best advantage and they dispose of the same as they may think most advantageous."

After the death of Ebenezer Leonard the tan yard became the property of his daughter, Sarah A. Wailes, the wife of Dr. William H. Wailes. Sarah A. Wailes, was the mother of Ebenezer Wailes and by her last will and testament, dated April 23rd, 1857, the tan yard property was devised to Ebenezer Wailes. Sarah A. Wailes conducted the tannery for several years, prior to her death, and after her death Ebenezer Wailes operated the tannery for a number of years, beginning when this section was in Somerset county. He conducted the

business up until perhaps 1880. Ebenezer Wailes was an important factor in the early history of this county and took an active part in its government and filled the office of Register of Wills about forty years ago.

This tannery under the management of Mr. Wailes was a leading industry of the county, not only in the buying and tanning of hides, but this led to the tan bark industry throughout the county and while quite a lot of oak bark was used in this county it was bought and shipped to Baltimore in vessels and at one time was an industry of much magnitude.

The oak bark was the principal ingredient in the tanning mixture. The hides were placed in the vats and remained for about six months before they were considered tanned. They were then taken out and cleaned and processed ready for use. The bark was prepared by being ground on stones very much like the old mill stones except that the bark was small ground by horse power, not water or steam.

Mr. Wailes after keeping enough leather on hand for the home trade shipped the surplus. He had the reputation of preparing a very fine, durable leather. He not only sold leather but sold also the things used with the leather. For instance he sold leather for shoes, often as much as enough to make ten or twelve pairs to one man and he also sold the pegs, the shoe thread or "waxed end" and other things needed. In his early business much of the shoe making was done at home. A supply of leather was purchased and a shoe-maker employed to go into the home, measure, make and fit.

He sold leather for harness and things used in making harness, such as rivets, buckles and other fixtures. In fact he sold leather and cut it for whatever purpose the purchaser wanted to use it. He cut and sold it for the cart whip that the teamster might make his own whip.

Most farmers or haulers, or their teamsters could make a whip staff and Mr. Wailes would cut the leather in four strips starting about one inch in width and tapering to a small point where the whip lash was attached then the cracker, usually made of shoe thread or strands of cotton twisted together. The staff was made of white oak and after being reduced to about one inch in diameter, about six

inches was left solid and the balance was split into twelve small strings, three of which were plaited into one bunch and three of these secured by the three strands and then the leather was plaited together over the staff, lash put on and thread whip cracker put on, the whip then from tip to tip being from four to six feet.

Such was the construction of the early whip that is now manufactured by machinery. Whip staff making was very much like the basket making and the scrub broom making of former days, plain, simple and useful, but superseded by modern methods and improved by modern inventions.

The building that Mr. Downing is erecting on this historic spot will be 75 ft. long and 25 ft. wide four stories high. The basement and first floor will be fitted up for the use of the Citizens Gas Company. The third and fourth floors will be fitted up so as to be used either for offices or for

apartments. The rooms will be supplied with all modern conveniences and finished in modern style. The building will be of red brick with a glazed terra cotta front with the highest polish made and will be another useful modern building in the new section of Main street.

## We Figure That This Is Good Business

Everybody we talk to about it agrees with us that it's good business:

To diagnose battery trouble as carefully as a doctor diagnoses his cases.

To advise and make repairs only when we know repairs will pay.

To recommend the purchase of a new battery only when repairs on the old one would not be a good investment.

To speak frankly, plainly, and with a thought of the best interests of the battery owner whether his is a Willard Battery or not.

## WICOMICO FRUIT CROP PROTECTED FROM SPRING FROST IS NEW PLAN

Peoples National Bank Obtains Valuable Information For Local Orchardists From American Fruit Growers—Cost Of Smudge Pots Small In Comparison With Protection

At the suggestion of Mr. Carl M. Paynter, cashier of the Peoples National Bank, Mr. L. T. McGaughran, chard Heater Department. On May manager of the Maryland-Delaware Division of the American Fruit Growers, Incorporated, has obtained information about the use and cost of smudge pots in California. The correspondence between the two offices is given in full in order that local orchardists may have the fullest possible details.

In commenting upon the letters, Mr. McGaughran pointed out that Mr. Hazeltine is in position to know whereof he speaks not only because of his wide experience in handling great volumes of California produce but because he himself is a practical orchardist and has only this year saved his crop from the frost by means of smudge pots.

It is hoped that this information will prove valuable to local growers. The booklet mentioned in the second letter contains several illustrations which we hope to reproduce in an early issue so that our orchardists may be fully acquainted with every detail. The letters follow.

### AMERICAN FRUIT GROWERS

Los Angeles, Cal., May 3, 1922.  
American Fruit Growers, Inc.,  
Mr. L. T. McGaughran, Manager,  
Salisbury, Maryland.

Dear Mr. McGaughran:

Answering your communication of the 25th ult. regarding orchard heaters, will say that I have had our Mr. E. J. Chapin, who is Purchasing Agent, write me a letter on the subject which I am enclosing herewith.

There is no question about this heater being the best in the market and will do the work, as the writer equipped his orchard with these heaters some time ago and the temperature can positively be controlled, unless of course, an unusual cold spell should come, but this is hardly likely during the spring months. If there is any other information desired on the subject, will be glad to furnish it.

I am very sorry to learn of the cold spell in your section, as we were in hopes that the boys in the Southeast would have a chance to make a little money this year. They are certainly entitled to a little streak of good luck. Here in California we were mighty fortunate, as our citrus crops practically all escaped injury. I refer to properties owned by the Company.

I also wish to state that prospects were never so bright for the California Division as at the present time. We have a big lineup for the coming summer, on deciduous grapes, cantaloupes and vegetables and expect to show a nice profit at the end of the season.

With kindest regards, beg to remain,

Very truly yours,  
American Fruit Growers, Inc., of California,

H. S. Hazeltine, President.

AMERICAN FRUIT GROWERS

Los Angeles, Cal., May 2, 1922.

Mr. H. S. Hazeltine,

Office.

Dear Sir:

Until very recently the Scheu Orchard Heaters were handled by the Whiting-Mead Commercial Company.

### DON'T WASTE TIME.

It's a waste of time to experiment with liniments and plasters when you have a dull, throbbing backache or sharp stabbing twinges. Get after the cause! Help the kidneys with Doan's Kidney Pills. Read this:

Mrs. Wm. E. Wells, 410 Martin St., Salisbury, says: "I was feeling badly for some time before using Doan's Kidney Pills. I was in a very weak condition and everything I did was a burden to me. Rheumatic pains would shoot through my shoulders causing me a great deal of pain. My head ached nearly all the time and I had constant dizzy spells. I tried different remedies, but got no relief until I took Doan's Kidney Pills. Before using one box of Doan's I was much better and they entirely relieved the trouble. I have had no return of it and gladly recommend Doan's."

Mrs. Wells gave the above statement January 25, 1919, and on January 8, 1921, she added: "I still recommend Doan's after what they did for me. If I have the least symptom of kidney complaint a short use of Doan's is sure to give me quick relief." See at all dealers. Foster-McBarn Co., Mfrs., Buffalo, N. Y.—Advertisement.

General Manager.

At the West Side Tennis Club, Forest Hills, N. Y. The scene of Tilden's victory of Mlle. Lenglen's defeat and always the scene of styles that can be stamped as "correct"

## The real meaning of "well dressed"

It does not necessarily mean "high priced" clothing.

It does mean clothing of correct design.

It does mean tailoring which makes the original style and fit of a suit as apparent on the last day of wear as on the first.

Cortley Clothes for young men are designed in New York by expert craftsmen. Their style reflects metropolitan ideals.

Careful hand tailoring makes this style a lasting quality.

Cortley Clothes for Spring are priced at

\$25—\$30—\$35

**CORTLEY CLOTHES**

**Kennerly & Mitchell**  
Salisbury, Maryland

with the dates they are received will take their proper delivery dates in accordance with the dates of the orders.

In addition to the above described heater, the Scheu connection manufacture a 7-gallon capacity sheet iron, 24-gauge metal heater, for which they are asking \$2.50 each in bulk carlots, f.o.b. Toledo, Ohio. For less than carlot quantities the price remains the same but there is an additional charge of \$6.00 per 100 heaters for crating. This heater weighs 12 lbs. not crated. Specifications and capacity are shown on page 29 of the attached booklet.

We can also quote on the Canco Heater shown on page 27 of the attached booklet. Five gallon capacity is \$1.40 each f.o.b. cars in bulk, Toledo; 7 gallon capacity is \$1.83 each f.o.b. cars in bulk, Toledo. An extra charge for 100 lots of \$4.00 per 100 heaters is made for the crating.

We also quote the 10 quart Canco Heater, shown on page 26, attached booklet, at 29c each f.o.b. cars in bulk with \$3.00 per 100 extra charge for crating 100 quantities.

All of the above prices are on the

basis of sight draft against bill of lading with a 20 per cent. deposit of the total purchase to be made when the order is placed. The American Fruit Growers, however, will be able to buy these on straight terms, i. e., thirty days net or two per cent. discount ten days from date of shipment. Trusting that I have covered the situation thoroughly and no doubt you will observe a very good reduction in the price of these heaters as

compared with the price you paid at the time of high metal costs.  
Yours very truly,  
E. J. CHAPIN.

Stop! Look! Listen!

## REEDVILLE

A largely attended, and very interesting meeting was held in the I. O. O. F. room Monday afternoon for the purpose of organizing a Chamber of Commerce for the County. Mr. Colvin B. Brown, from the National Chamber of Commerce, at Washington, was present, making a splendid address, and bringing forth hearty applause. Mr. Jacob French, of Fairport, Chairman of Committee on organization, and Rev. W. R. Evans, also of the committee, made short speech talks. Ten men were elected Directors to serve for the first year. They were Messrs. French, of Fairport, W. H. Blackwell, Sunnybank; J. B. Hinton, Lillian; R. F. Perciful, Burgess Store; C. E. Davis, Fleeton; D. F. Truitt, Lillian; L. B. Rice, Geo. N. Reed, Dr. L. E. Cockrell, and Rev. W. R. Evans, the latter four from Reedville. The name is to embrace the County, and will be the "Northumberland Chamber of Commerce." Dues for the first year were fixed at \$10.00, and an enrollment of more than fifty names made. We heard flattering remarks of what the Salisbury Chamber of Commerce was accomplishing several times during the meeting. "Hold your light high enough," said Mr. Colvin B. Brown, "there is nothing too good to come to your town," or nothing you cannot accomplish. A meeting will be called very soon now to elect permanent officers for the new C. of C.

Tankard Literary Society of the High School here held the annual Contest at Reedville Hall, Friday night of last week. A full and appreciative audience heard the little and larger folk from the grades in their brave efforts to win the Declaimer's Medal. All seemed good but little Miss Anna Evans of the M. E. parsonage, was the winner, with little George Tarrant, son of the popular druggist at Reed and Rice's a close second. Both of these were from the 4th grade, and unusually fine. Mrs. Slaughter, of Mt. Zion, Mrs. Warren Rowe, of Heathsville, Editor of the Northumberland Echo, and Mrs. T. Wayland Marsh, of this place, were the judges.

A beautiful feature of the Tankard contest was the coronation ceremony, when the field day champion, Mr. Thomas Blackwell, of Sunnybank, crowned as Queen, Miss Mary Rice, of Reedville. The champion was faultless in full dress, while the Queen and her attendants were charmingly dressed in satin and net evening gowns.

The throne, Crown, and Staff were flower decked and beautiful. Music for the occasion was furnished on piano by Miss Mary Megill, and violin by Harry Haynie, both former pupils of the High School. The attendants were the girls of the Senior Class, Misses Mildred Towers, Elizabeth Muir, Gladys Dodson, Emma Mc

Gulgan, of Sunnybank, Margaret Davis, Mariam Evans, Elizabeth Evans, all of Fleeton, Valma McNeal, of Fairport, and Miss Martha Rice, of this place.

Mr. Eugene Cockrell, of Fredericksburg, was at his home here for the past week end. He had expected to bring with him relatives from Richmond, Mrs. Smith, and children, and Mrs. Cochrell, but they failed to make connections in some way, and will come later. Eugene has been wonderfully successful in making Oldsmobile sales since working with the Jones Motor Co., and is delightfully situated in Fredericksburg.

Mr. Grady Crosswell, who has been with his parents Capt. and Mrs. T. J. Crosswell, of this place, for the past ten weeks, and most of the time helpless from an attack of rheumatism returned to Baltimore, Wednesday to resume his position "on the road." He, naturally, appreciates the people back of that position, who have kept it open for him, and kept his salary going all during his illness, and stay here. Many friends are glad of his recovery.

Mrs. F. M. Bristow, of Richmond, and little child, are spending some time with Mr. and Mrs. Sam Butler at Lillian.

Mrs. E. R. Perkins, of this town, spent Thursday last in most delightful fashion motoring through the beautiful fragrant country sides with Mr. Perkins, as he looked after the road building work in different sections. An ideal day was passed, barring a visit to the ever-dreaded dental office this time at Kilmanock—Reedville does not boast of a dentist sad to say. With the single exception of Dr. Cockington, at Lillian, there is no relief or an aching tooth, under eighteen or twenty miles, unless our medical men will have pity on a fellow suffer, and uproot the offending molar. As to treating a tooth, or having cavity filled, one must lie away to Baltimore, Richmond, Fredericksburg, or any old place one hundred miles away before help can be found. When we find communication with the out side world through the Eastern Shore steamer line, then probably our people will be trying the skill of dentists of Crisfield and Salisbury ward.

Mr. and Mrs. L. W. D. Parker, and two children, Mr. Charles Skyes, and Mrs. C. E. Green, all from South Norfolk, motored up for several days at Reedville last week. Mrs. Green was visiting Mrs. Frank Haynie, and being warmly greeted by many fond friends of the past four years. The other members of the party were guests of Rev. W. R. Evans, and Mrs. Evans, at the M. E. parsonage. They attended the revival at Bethany while here.

Many friends are sympathizing sincerely with Miss Clara Burgess, of Sunnybank, who has been very sick for several weeks, we have just heard. Miss Flora Haynie, her niece from Tibbitha, has been nursing her. Mrs. Ella Blackwell, Miss Burgess' sister, is also very feeble, but not able to be up. We hope they may both be very much better.

Mr. R. B. Moore, of this place, was the guest of Mr. and Mrs. C. N. Reed, in their home, for a couple of days last week. Miss Mary Megill, of the Reedville Central

social hall of the Church. Among the guests were, Mrs. George Sharp, Mrs. William J. Downing, Mrs. Jay Williams, Mrs. Harry Hayman, Mrs. Harry Freeny, Mrs. Clarence Cordrey, Miss Dorothy Wilcox, Mrs. T. E. Martindale, Mrs. Will Freeny, Mrs. George Stanley, Mrs. Waihan West, Mrs. Leatherbury, Miss Ester Davis and Mrs. Twilley of Salisbury, Mrs. Tawes and Mrs. Johnson of

accompanying him for a brief, but delightful visit to Miss Mae Lewis, who is teaching there, and to Mr. and Mrs. W. T. Toulson. Two young men from Philadelphia, have been in this section recently soliciting "votes," or subscriptions, to various papers. They are working for a scholarship at the University of Pennsylvania, Medical School. Mr. David, who worked Reedville, was hoping to obtain sufficient number of votes to enable him to enter the university this fall. Mr. Benjamin Goodwin, who was working up towards Warsaw, has had one year, and is trying to make his second. An educational effort is always an appealing one, and we hope for them great success.

Capt. T. J. Crosswell, was in Norfolk last week to bring up a load of coal for the Taylor-Redd Factory here in town, which is to be operated this season. Looks as if better things were expected of the fish business this year. New factories going up, and old plants opening again for business, after closed seasons.

## DELMAR

The following officers to the New Century Club, were elected on Tuesday; President, Mrs. G. Hall Riggins, Vice-President, Miss Mary Lou Slemons recording secretary, Mrs. Harry Elliott; Treasurer, Mrs. Warren Lear; State Director, Mrs. Arthur Brewington.

Mrs. W. S. Melson, who has recently undergone an operation at St. Joseph's Hospital, Philadelphia, is very much improved.

Mrs. Herbert Waller, and Mrs. Ernest Conway of Wilmington were week end guests of Mrs. T. B. Freeny, Mr. and Mrs. C. H. Truitt, Mrs. Alice Truitt and Mrs. L. B. Lowe, motored to Philadelphia, Sunday.

Mr. and Mrs. Harry Elliott, and Mr. and Mrs. S. N. Culver spent several days this week, in Salisbury.

Mr. and Mrs. Frank Lynch are spending the week in Philadelphia. The Rev. C. Thatcher Pfeiffer, former pastor of All Saints P. E. Church, but now of Summerville, N. J., was a recent guest of Dr. and Mrs. James Brayshaw.

Dr. and Mrs. Howard Lynch visited in Philadelphia last week.

The Rev. J. W. Jones attended a conference at Fruitland, Wednesday. The annual meeting of the Home Missionary Society was held at the M. E. Church, on Wednesday. Luncheon was served to the visitors in the

Crisfield and Mrs. Reeves and Mrs. Mackentire of Wilmington.

## DORCHESTER PEA CROPS MENACED BY INSECTS

County Agents In All Counties Are Warned To Keep Watch For Destructive Pests That Ruin Crop.

The pea aphid, an insect pest capable of multiplying rapidly enough to destroy an entire crop, has been discovered in commercial pea fields in Maryland, notably in Dorchester County, in numbers sufficiently large to menace the crop of canning house peas.

This announcement was made today by E. N. Cory, State Entomologist, following an investigation of the outbreak in Dorchester County at the instance of County Agent Warren Moore. The pest was previously discovered by the Federal Pest Survey in Delaware. C. C. Hamilton, Assistant Entomologist for the University of Maryland Experiment Station, is directing control measures in the infested district of Dorchester County and is testing the effectiveness of several new dust and spray compounds along with the standard established remedies.

In warning growers to be on the watch for the aphid or plant louse, Mr. Cory emphasizing the importance of killing the first lice by spraying as soon as the insects appear. Even though only one or two lice are observed on a plant, the necessity for immediate action is to be found in the rapidity with which the pest multiplies. Mr. Cory. In large numbers they are capable of destroying an entire crop by preventing the setting of the blossoms or by distorting the pods. For the control of the plant lice, Mr. Cory recommends as a spray the use of three-fourths of a pint of nicotine and four pounds of soap to a barrel of

water. To be effective this solution should be strong, should be applied as soon as the lice appear and before the vines fall over and become matted, and should be put on with sufficient force and enough nozzle so that every part of the plant is covered and all lice killed, he says.

The county agent in every county where canning house peas are grown is on the lookout for an outbreak of the pest and will notify the State Entomologist if assistance is needed.

## Hold Mock Trial.

One of the most novel stunts in jurisprudence took place at a mock trial conducted by the American Legion at Birmingham, Ala., and presided over by Judge H. B. Abernathy, nationally known jurist, to instruct new citizens. The talesmen were six service men, none of whom spoke English, and six Birmingham girls.

## ATLAS PORTLAND CEMENT

PERMANENCE means ECONOMY. Permanent fencing protects both stock and crops, and reduces labor. Permanent feeding floors save food and save stock health. Farming, like any other industry, shows greatest profits from proper equipment.

Your local building material dealer deserves much of the credit for modern farm construction. His capital, tied up in comparatively slow moving building materials, has kept on hand the means of community improvement.

With such an investment on his part he naturally has selected such materials as he could safely depend on. For concrete construction, whether fence posts, feeding floors or silos, he is apt to recommend Atlas Portland Cement, "the Standard by which all other makes are measured."

Nash Leads the World in Motor Car Value

# April is Greatest Nash Month

January, February and March started the breaking of records with a volume of sales that exceeded the same 1921 period by more than 51%.

Now comes April with the greatest single month's sales in all our history.

A reference to our records shows that it surpasses the best previous April by a clear 18% and completely overshadows even August, 1920, which till now held the honor of being our largest month.

The new Nash line includes twelve models: Four and six cylinders; open and closed; two, three, four, five, and seven passenger capacity; a price range from \$965 to \$2390, f. o. b. factory.

## MARYLAND CROPS SHOW A GENUINE IMPROVEMENT

Prospects Dimmed By Heavy Freeze Are Gradually Growing Very Much Brighter.

Crop potentialities in Maryland though dimmed by the fitful weather of April yet give promise of generous returns. April was intermittently too warm and too cold for the good of the crops. Germination was hindered and growth retarded.

Frosts and freezes extending over five consecutive nights in many localities at the close of the month damaged the fruit and early truck badly, according to location and severity of the cold spell, says John S. Dennee, agricultural statistician for the United States Bureau of Markets and Crop Estimates, co-operating in statistics with the University of Maryland, Extension Service.

The conclusion reached by the Crop Reporting Board says the Statist, after the Board had made a study of hundreds of reports from farmers correspondents, is that approximately 2 per cent (equivalent to about 12,000 acres) of the area of sown wheat last fall will not be harvested. This is 1.2 per cent less than the average of abandonment during the past seven years. Condition on May 1 was 88 per cent of normal against 89 a month ago, 90 a year ago, and 88 the 10 year average of condition of May 1.

A condition of 88 per cent is indicative of a yield per acre of approximately 16.3 bushels, assuming average variations to prevail thereafter. On the estimated area to be harvested (580,000 acres), 16.3 bushels would produce 9,442,000 bushels. Final estimate for 1921 was 7,952,000 bushels, and a 5-year (1917-21) average variations to prevail thereafter. On the estimated area to be harvested (580,000 acres), 16.3 bushels would produce 9,442,000 bushels. Final estimate for 1921 was 7,952,000 bushels, and a 5-year (1917-21) average variations to prevail thereafter. On the estimated area to be harvested (580,000 acres), 16.3 bushels would produce 9,442,000 bushels. Final estimate for 1921 was 7,952,000 bushels, and a 5-year (1917-21) average variations to prevail thereafter.

Rye condition is estimated at 93 per cent normal, suggesting a per acre yield of 15.8 bushels and promising a production of approximately 269,000 bushels on 17,000 acres to be harvested, compared with 238,000 last year and 262,000 two years ago; according as the change in conditions from May 1 to harvest is above the average change.

Meadow (Hay) lands condition is estimated at 85 per cent of normal compared with 88 a year preceding, and 84 the 10-year average of condition on May 1. The expected hay acreage in 1922 is about 388, acres (382,000 acres and 4,000 wild). May 1 condition suggests a probable production of 516,000 tons compared with 531,000 last year and 624,000 tons two years ago.

Stocks of Hay on Farms on May 1 are estimated as 90,000 tons (17 per cent of crop) against 101,000 tons (19 per cent) a year ago.

Pastures are not looking good owing to unfavorable season. Condition May 1 was 80 per cent compared with 91 last year and 82, the 10 year average of condition on May 1.

Spring plowing was 75 per cent completed on May 1 against 82 last year; and 65 per cent, the 10 year average on May 1.

Spring planting was 45 per cent done on May 1 compared with 55 last year, and 35 per cent the average on May 1 for ten years last past.

In general, the weather permitted of the progress of field activities excepting in localized areas, where conditions rendered the work impossible.

## CHILD TRAINING AT HOME

MAY BASKETS.

GIVE COMMANDS RARELY

In a well-ordered household where the children are properly trained, it is surprising how few direct commands are necessary.

Such remarks as "Close the door," "Stop your noise," "Don't throw pillows," "Eat with your fork," and "Be careful of those books," and unnecessary because they have been implied all through the lives of the children. A baby two years old has learned the fundamentals that control actions resulting from these and similar commands. He has been taught to close doors and to do it quietly until the action is reflex. He doesn't need to be told to stop his noise, because he has learned that any excessive uproar has unpleasant consequences. The very first time that he threw a pillow he was shown that it nearly hit the lamp, and that it also tore a corner of the pillow. Yes, there was a reason why pillows should not be thrown about, and having this fixed in his mind he

doesn't have to be told every day. So with dozens of other items in discipline.

Our commands resemble the sign board placed along the highway that says "Dangerous Curve Ahead." The first time the driver goes over the road he is controlled entirely by the wording on the sign. He stops and reads it and then drives slowly until he has negotiated the turn. But after much driving over the same stretch of road he knows he must slow up, and clamps on the brakes without even glancing at the sign. As far as he is concerned the sign could be removed for he doesn't need it.

However the important point with mothers is to get the sign up in time. Of course there is some work to making signboards. They have to be carved and outlined and painted, and afterwards put up securely, but once established they do their duty.

So it is with our commands. The first two or three years we prepare the signboard. And after that the rules which govern the road are learned so well, that we need not call attention any longer to the bumps and curves and rough spots. The children slow wheels, and in this case SOMEONE up for these without being told and is Mother.

Continued success

For 64 years mothers have found it the most successful baby food.

As long as these cows live in New York State

There are approximately 1,000,000 cows in New York State. Most of them are owned by 70,000 farmers whose life-work is to care for these cows, to enable the cows to produce good, pure milk, under clean, pleasant conditions.

The "milk business" in the New York territory is a big institution which is in comparatively small units because of its very nature.

These farmers are the Dairy Men's League Co-operative Association, Inc. They own the cows, the farms, the milk plants. They sell fresh milk, evaporated milk, condensed milk, and other dairy products. They have an interest in the production of milk all the way through, from the cow to the store. They are in business to stay. Therefore they will sell nothing that is not good and of a definite standard of quality.

When you buy Dairy Men's League Evaporated or Condensed Milk today, tomorrow and next year, you can be sure that it will be good and that the standard they have set for all their products will be maintained. As long as there are 1,000,000 cows in New York State the "Dairy State"—there will be milk to sell and of a quality that is rigidly set and maintained.

DAIRY MEN'S LEAGUE CO-OPERATIVE ASSOCIATION, INC. UTICA, N. Y.

Storekeepers who sell Dairy Men's League products can also be sure that they are developing sales on a permanent basis—that they are creating sales for goods that are backed by a big, reputable business.

# New Columbia Records

What is there about that tune?

SOME dance records "get" you instantly. You can't resist them. Is it the rhythm or the particular band that is playing, or the mechanical perfection of the record itself? It is all of these things combined that make Columbia Records the records for dancing.

If you doubt that the New Process Columbia Records are different, compare them with others. Dance to the same tune played on different records—you'll pick Columbia "in jig time."

The dancing millions of America know what is what, and Columbia Records are the popular choice of the nation. Ask the dance "fans"; look in a Columbia Dealer's place when the new records are released.

Sit down in the store of a Columbia Dealer and see if you can keep your feet still when the new dance records are being played to you. There is no obligation to buy, and the Columbia Dealer will always be glad to see you.

Wrong Sign

A farmer hitched his team to a telephone pole.

"Here," exclaimed a policeman, "you can't hitch there!"

"Can't hitch!" shouted the irate farmer. "Well, why does the sign say,

"Fine for Hitching?"—The Catholic

## BERLIN

Miss Mary Bethards, of Philadelphia, Pa., is visiting her parents, Mr. and Mrs. John Bethards.

Miss Eunice Harrison returned last week from Hood College, Frederick, Md.

Miss Sallie Henry, who has been making her home in New York for several years, is spending some time with her parents, Mr. and Mrs. Geo. E. Henry.

Mrs. M. E. West, who has been visiting her sister, Mrs. Wm. P. Murphy, returned last week to Georgetown, Del., to the home of her daughter, Mrs. Wm. Davis.

Mrs. Geo. L. Mitchell, Jr., made a business trip to Salisbury on Monday.

Dr. T. V. Hammond returned last week from Washington, D. C.

Mrs. Fletcher Porter has just returned from a visit with relatives and friends in Wilmington and Baltimore.

Mrs. N. J. Watkins is spending a few days with Mrs. E. G. Kenley at Malvern.

Mr. and Mrs. David E. Peters, of Middletown, Del., spent the week-end with their daughter, Mrs. Franklin Konetyk.

Mr. and Mrs. John Whaley, of Ocean City, spent Saturday and a part of Sunday with his mother, Mrs. Thomas J. Whaley.

Mr. Howard Sharpley, of Stockton, who has been employed at the railroad station here, moved last week with his mother to the residence recently vacated by Mr. John Humphreys and family.

Mr. and Mrs. Wm. R. Tubbs, of Selbyville, Del., visited Mr. and Mrs. Severn Murray on Sunday.

Mr. Raymond Houston, of Virginia, of Wilmington, Del., came Saturday to visit their parents, Mrs. Bethards and son, who will remain here for the summer, while Mr. Bethards will return to his work in a few days.

Mrs. Virginia Hammond Whelen and son are spending a few days in Washington, D. C.

Mr. J. D. Quillen, Bowen Quillen, Mrs. Sheldon Chandler and Mr. and Mrs. Clinton Quillen motored to Philadelphia on Thursday of last week and returned on Saturday.

Mr. and Mrs. Fred Bethards and son, Joe, of Wilmington, Del., came Saturday to visit their parents, Mrs. Bethards and son, who will remain here for the summer, while Mr. Bethards will return to his work in a few days.

Mrs. Ralph Lankford and children, Anita and Robert, of Trenton, N. J., are visiting Mr. and Mrs. J. R. Lankford.

Mrs. Joseph Chatham and small son, Joseph, spent several days last week with Mr. and Mrs. P. D. Mezzick.

Mrs. H. W. Travers and Master Howard Travers spent Saturday in Salisbury.

Miss Ruby Timmons has returned home after an extended visit with friends in Baltimore.

Mr. and Mrs. Herbert Mezzick visited Mr. and Mrs. R. W. Raynor, of White Haven, Sunday.

The farmers here are selling their strawberries at the auction block in Fruitland and find their net proceeds exceed the Baltimore market.

Mr. and Mrs. H. W. Roberts and Misses Margaret and Ellen Roberts, Mrs. P. D. Mezzick and daughter, Elizabeth, were in Salisbury Thursday.

Mr. and Mrs. S. W. Doherty were visitors here Sunday.

This community was excited much on Saturday night when Mr. G. W. Timmons' barn was burned. The stock was all saved with the exception of one calf which smothered from the smoke before it could be rescued. The origin of the fire is unknown.

The family was aroused about ten o'clock from their slumbers by the barking of dogs. A large number of people soon hurried to the scene, but it was impossible to save the buildings as they were ready to fall. The entire community sympathizes with Mr. Timmons in his loss which was not insured.

Messrs. E. J. Taylor, J. R. Lankford, Misses Virgil Lankford, Naomi Taylor, Ruth Taylor and Iris Roberts attended the Athletic Meet held in Salisbury Thursday.

Mr. and Mrs. P. D. Mezzick entertained Mr. and Mrs. Ernest Larmore, of Tyaskin, Wednesday evening.

Miss Beulah Horner, of Tyaskin, spent the week-end with Miss Iris Roberts.

Mr. and Mrs. Edward Kenney and Mrs. Dolly Robertson were in town Saturday evening.

Mrs. John Horner and family, Mrs. Emma Horner, Mrs. Annie Horner, of Mt. Vernon, visited Mr. and Mrs. G. W. Timmons Sunday.

Miss Virgil Lankford and Mr. Harry Robertson visited Mr. and Mrs. Earl White Saturday evening.

Mr. and Mrs. A. F. Robertson, Misses Anna Robertson, Miss Anna Taylor made a business trip to Salisbury Saturday.

Miss Ethel Jones and Mr. Lloyd Larmore, of Tyaskin, were visitors here Saturday evening.

## Prohibition Is Possible Says Wilson

(Continued from Page 1.)

motion picture people agreed to let the preacher take the man to direct their activities, and also agreed to pay that man double the salary paid to the President of the United States.

The temperance leader admitted the difficulty of enforcing prohibition, because of the character of some of the enforcement officers, many of whom were appointed for the sole purpose of obstructing the law. He mentioned a number of such men personally and described how some of them had lost their positions and were under indictment for the corruption in which they had taken part.

Liquor traffic, said Dr. Wilson, has six thousand years behind it. The dry amendment to the Constitution is but three and a half years old. It has already done wonders, as any unprejudiced man will testify. Dr.

Wilson warned against concerning it before it has had a fair chance. In several recent elections the wets have been severely defeated. The contest just the other day in Pennsylvania in which all candidates who won out are dry men, is conclusive proof of the sentiment of the general public on the prohibition question. The meeting at the Arcade was held under the auspices of the W. C. T. U. All the churches of the city were invited to take part in the union service, and through inadvertence last week the county press stated that all would do so. The Episcopal, Baptist and Catholic churches, however, held their regular Sunday evening services.

## Dredging Of Wicomico To Start Soon

(Continued from Page 1.)

Mr. Samuel Wright of the Baltimore office was in Salisbury Wednesday morning in consultation with Mr. Harper and they made a visit of inspection to all the bulkheads in the city. Blueprints of the river have been made and marked with the names of the abutting property owners and their fullest support to the project will be called for.

It will be remembered that Mr. Harper worked very hard in obtaining government aid in dredging the Mill street bridge, and to one can doubt the value this channel has been to the city. Where before there was only a small creek, not nearly a million dollars worth of business a year is being carried on.

It is the hope of those in charge of the work at this end, and those who have so largely been instrumental in securing the interest of the Federal Government, that the B. & A. Ry. Company will build a spur down the river that will run clear to the Smith & Williams Shipyard. The marine railway company is building a great

## THE SANDMAN STORY

## THE SUNSHINE FAIRY.

"GOOD morning," said Father as little Henry came into the dining room, "isn't this a nice, bright morning, son?"

Henry did not answer. He jerked his chair from the table and slid into it with a sullen air, for Henry was cross because his mother had not let him put on his new shoes that morning.

"Heavy black clouds seem to be bothering you," said Henry's father. "Better drive them away or you will have an unhappy day."

But Henry did not answer. He kept his eyes on his plate, and a frown on his face, but when he pushed his dish away from him and spilled the cream

his father told him to go to his room and stay there until the cloud cleared from his face.

Henry did not quite understand about the "heavy black cloud," but he did know, of course, that he had behaved badly, so he went to his room feeling that everyone was treating him unkindly.

"Have not got a heavy cloud on my face," he said, looking in the mirror. Then he drew the shade because someone had once told him that little fairies danced in the sunlight when it streamed into the room.

"Get out of my room," said Henry. "I won't have any fairies in here. I don't like girls, and all fairies are

away from him and spilled the cream his father told him to go to his room and stay there until the cloud cleared from his face.

Henry did not quite understand about the "heavy black cloud," but he did know, of course, that he had behaved badly, so he went to his room feeling that everyone was treating him unkindly.

"Have not got a heavy cloud on my face," he said, looking in the mirror. Then he drew the shade because someone had once told him that little fairies danced in the sunlight when it streamed into the room.

"Get out of my room," said Henry. "I won't have any fairies in here. I don't like girls, and all fairies are

girls. Anyway, I don't believe in fairies, only those in picture books."

Henry was very cross as you see, and he did not want to see the sunshine, so he threw himself on his bed on his back to think over how cross everything was that morning.

All at once he heard some one crying. It seemed to come from outside his window. So Henry jumped up and peeked out.

The tiniest creature dressed in silver sat on the sill of the window crying.

"What are you crying about?" asked Henry, who really was a very kind little boy.

"I can't get in to do my work," said the little creature. "It is all dark inside and they shut me out. I am the sunshine fairy and I have to dance when the sun shines and make people happy. But how can I when they will not let me in?"

Henry raised the shade and up jumped the little fairy and danced into the room on the sunshine as it streamed in.

"Up, haven't you any face?" asked the little creature, "for is it behind that black cloud? Sometimes he does hide faces but I must always can drive him away."

Henry went to the mirror, and sure enough this time he found that in place of his face there was a heavy black cloud, through which he could see but dimly.

He looked at the sunshine and the little fairy had been joined by hundreds of others who were dancing about in the jolliest manner.

Henry forgot all about the cloud as he watched them, and presently a stream of sunshine cleared away the cloud and Henry jumped up, for you see he was dancing all the time he had fallen asleep.

The wind had blown the shade and into the room came the bright sun, but Henry could not find the fairies though he looked everywhere.

"There did once away heavy black cloud," thought Henry, "and I did too, happier. To chase there are fairies in the sunshine after all."

Henry went to the mirror, and sure enough this time he found that in place of his face there was a heavy black cloud, through which he could see but dimly.

## WICOMICO HIGH NIGHT TO BE AT THE ARCADE

Largest Class Ever Graduated Will  
Receive Diplomas Next Tuesday  
Evening.

Finals for the Wicomico High School will be staged in the Arcade Theatre on Tuesday night, May 30th at 8 P. M. At that time appropriate exercises will be held at the conclusion of which 50 Seniors will file their way up to the stage to receive the coveted diplomas from Mr. F. P. Adkins, President of the Salisbury Chamber of Commerce.

Music will be furnished by the High School Orchestra and after the class oration by Miss Grace Jones the graduates will be addressed by the Hon. Emory L. Coblenz.

**Program.**  
Music, High School Orchestra.  
Invocation, Rev. R. L. Shipley.  
Song, Choral Club.  
Class Oration, Grace Jones.  
Music, High School Orchestra.  
Address, Hon. Emory L. Coblenz.  
Song, Choral Club.  
Presentation of Diplomas, F. P. Adkins, President of Chamber of Commerce.  
Music, High School Orchestra.  
Awarding of Prizes.  
Benediction, Rev. Robert A. Boyle.

## Finals Of Mardela On Next Wednesday

High School Holds Last Exercises for  
The Year In Methodist Protestant  
Church.

Mardela High School is engaged in its Second Annual Commencement on Wednesday night, May 31, at 8 o'clock. The exercises will be in the Methodist Protestant Church and a highly interesting program has been completed. There will be community singing and the Rt. Rev. G. W. Davenport will address the graduates.

**Program:**  
Community Singing. "Onward Christian Soldiers"; Invocation, The Rev. A. H. Greene; Selection by the Orchestra; Essay, Solo, Mr. W. A. Sheppard; Selection by the Orchestra; Class Prophecy, Solo, Miss Hilda Kennerley; Address, The Rt. Rev. G. W. Davenport, D. D.; Solo, Mr. W. A. Sheppard; Presentation of Certificates, Mr. W. B. Miller; Community Singing, "The Star-Spangled Banner"; Benediction, The Rev. G. W. Gorrell.

## MEMORIAL DAY

A few years ago no one dreamed that any events could occur that would give to Memorial Day a new vitality. Yet now it has been revitalized and solemnized afresh by the Great War. Never again will it be a day consecrated only to the soldiers who died in the Civil War, but will henceforth be the anniversary on which all soldiers, of all nations, who have died for human liberty are brought to the nation's remembrance.

Every family, every home that sent a loved one forth to die in the Civil War, or in the Spanish War, or in the Great War finds in Memorial Day an occasion for affectionate remembrance and a noble, tender pride for the grandfather, the brother, or the son who marched forth to the sacrifice of their mortal existence on earth and to meet the "Great Adventure of Death."

It has been said by the greatest American of our day, Theodore Roosevelt, "Only those are fit to live who do not fear to die; and none are fit to die who have shrunk from the joy of life and the duty of life. Both life and death are parts of the same Great Adventure."

Memorial Day is the day that symbolizes universal brotherhood. Some years ago it was known as Decoration Day for the soldiers of the Civil War. It has now become through the World War a day that is national and acclaimed the world over a Memorial for our gallant heroes who gave their all.

"Greater love hath no man than this, that a man lay down his life for his friends."

On the battle fields of France a closer unity with America than existed was achieved. Memorial Day this year and in the years to come must serve as the symbol of that unity. And it is a larger unity than that of America which has been paid for by the blood of our young men. It is the unity of the civilized nations of the world and that unity must be preserved.

Well worthy of preservation for its beauty of expression and depths of meaning is the tribute of France to one of America's heroes—"He was an emanation from the soul of America." It would be a small conception that would see in him only the worthy bearer of a great name. He was in death, as he was in life a symbol of America's youth, of the spirit that will save this nation whole and transmit to posterity unimpaired our heritage of liberty.

To our noble men, America's own, we bow in silent reverence before this living monument: "Memorial Day," that the world has founded and built to their glory, symbolizing and visualizing that death is their "beginning of life."

"And every one that hath forsaken houses, or brethren, or sisters, or father, or mother, or wife, or children, or lands, for my name's sake, shall receive an hundredfold, and shall inherit everlasting life."—Matt. 19:29.

Words are inadequate to express our love and appreciation for our soldier dead; our men so high of soul.

We read of the past of a bereaved one and our hearts go out in sympathy.

"Two years search failing ever to reveal a trace of where or how he met his end, lends a special pathos to the lines that brood upon the fate of the many,—that have no grave where any heart may mourn, a fate of the deepest bereavement."

The deep heartache of the poet who penned these words for the many kindred burden bearers is one of our famous writers "carrying on" his bitter sorrow as only a brave man can, comforting others along the world's highway with the mighty trumpet of his soul's pen.

Today we join with them our thoughts in universal love and understanding to keep sacred on the altars of memory for all time the great afterglow for all our sorrows shining in the far visioned future.

"But is now made manifest by the appearing of our Saviour Jesus Christ who hath abolished death, and hath brought life and immortality to light through the gospel."—Timothy 1:10.

ANNE BREWINGTON.

TRAIL'S END

"At last I've located one of those old-fashioned five-cent cigars."

"Where'd you find it?"

"Hidden behind a two-bit label."

## Army Offers Month's Training At Camp Meade To Civilians

## THE HOPES OF LITTLE CHILDREN.

"Here lie the hopes of little children, buried under the unthinking, unfeeling, unconsidered vote of Tuesday when the fathers and mothers of this county refused, at small cost to themselves, to provide school facilities for the leaders of the next generation, thereby condemning many of them to go through life handicapped and hindered in their fight for success."

So might run an epitaph on the ballot boxes used in Tuesday's election when the request of the Board of Education for adequate buildings and equipment was ruthlessly denied.

For several years, the needs of this county have been growing greater until the present school buildings, barely adequate years ago, have almost passed the stage where they can really be considered school buildings at all. Most of them are more like prisons; crowded, poorly lighted, badly ventilated, insufficiently heated in winter, and as hot as ovens in summer. Lacking in comfort, lacking in equipment, lacking in attractiveness, they present no ideal seat of learning to the youthful American.

We have found out by costly experiment that plants and fruit trees cannot grow and properly develop and yield profits, unless they have plenty of sunlight and fresh air, room for growth and wise care. Can it be that we expect the child's mind to grow and develop and yield a profit under less favorable conditions? Are the plants and orchards of the county to have better care than the youth of the county?

The bond issue would have cost so little and would have meant so much. For many children it would have meant that world of difference between success and failure, happiness and misery, content and discontent. The children themselves would largely have paid for it; not one would have begrudged in after years the cost of it.

Education is an investment, not an experiment. It is an investment that pays inestimable dividends in happiness and contentment, in efficiency and satisfaction, in better citizenship and bigger, broader lives, and in actual dollars and cents. It opens the door to new wonders, new pleasures, new spheres of usefulness. Yet much of this has been denied many of the children who today throng the streets of this city and the paths of this county.

Two years ago, the bond issue was defeated overwhelmingly. The need then for money was great; today it is greater. Two years ago, conditions were bad; today they are dangerous. In 1920, the schools were full; today they are crowded to the point of menace. It will now be two more years before even the first steps for relief can be taken.

What will become of the children in the meantime?

## OVERTURNING MARRIAGE

Some social radicals feel that the institution of marriage should and will be greatly changed. Many of them favor trial marriages, and others argue that men and women who love each other should live together without any legal tie.

These folks should reflect on how deep seated is the instinct that has sustained the custom of marriage. No one can reach far enough back into primitive times to tell how it originated. But way back there, in the dawn of history, the human race reached from its experience the conclusion that humanity made better progress if there were strict relations of wedlock, with one man and one woman living together.

With many races it has been customary for a man to have more than one wife, or for a woman to have more than one husband. But the races having such customs have not won their way in the competitive struggle. The monogamous races created a higher type of civilization, and became the dominating force in the world.

The home created by a strict marriage law is able to bring up a superior type of offspring. Children need the affection and training given by both a father and mother in a home of their own. You destroy this home, and these children will frequently fail to acquire certain qualities. No one can feel so desirous to have those children make good, or will make so many sacrifices for their benefit, as their own fathers and mothers.

So if people marry only in a temporary way, the children must either lack the attention of a father or of a mother, and will not on an average turn out so well. Society has gradually learned this truth so that it has insisted on a legal marriage bond, which should not be easily loosened. Public sentiment should sustain this custom. If these relations that have built up the race to its present height of achievement are suffered to deteriorate, the nations that have previously made the most rapid advance will suffer a loss of power.

## ESTABLISHING A PRECEDENT.

Among the arguments presented in opposition to granting the veterans of the World War adjusted compensation, commonly called a "bonus," is one that to do so would establish a dangerous precedent, a precedent that might at some future day drive this nation into bankruptcy.

Those who advance this argument most ardently don't seem to realize that they are defeating their own ends. If a precedent once established become obligatory, the question of the "bonus" is settled once for all time.

After the Revolutionary War, General Washington fought as fiercely in halls of state to secure cash compensation for his soldiers as he had ever fought on the field of battle, and Congress granted to the veterans of that war large sums of money and generous tracts of land. This set up the precedent.

Most of us have heard about the Civil War pensions, but few know that in addition to these pensions, compensation of other kinds was granted to the men who wore the blue. In passing, it might not be out of place to state that more than six billion dollars have been given by this government in pensions for the Civil War alone. This follows the precedent established in the days of Washington.

Bounties granted to soldiers who participated in the Civil War passed the half-billion mark before 1875, and since that time additional bounties have been given to the veterans of both the blue and the gray by loving counties, states and cities.

Homestead laws passed after the Civil War gave to veterans of the Union Army 80 acres of land, and later this acreage was doubled. As these grants were for the most part along the rights of way of the transcontinental railroads, their value cannot be even estimated.

To take care of those who needed such help, soldier's homes were erected in many places in the United States. There is no home for the helpless, penniless, hopeless veterans who stood between this nation and barbarous German Kultur in 1917 and 1918. In fact, there is not even adequate hospital room for those who were wounded and are slowly dying because they lack the right kind of care.

These acts of the Federal Government certainly established a precedent. The question now is whether this nation will follow its own precedent or establish a new one.

## The New Hero

## SORROWS OF HOUSECLEANING

The average man looks at housecleaning with impatient disapproval. He considers that the job was thoroughly done last fall, so why must it be done over again now?

So, after the women folks have scrubbed and swept all day with remorseless vigor, with no complaint of the dusty and toilsome labor, he comes home and finding his customary nests and possessions disarranged, begins to offer sulky complaints.

The housecleaning spirit, however, is the heritage of good old time housewifery. The modern flapper, whose mind is more upon the arts of flirtation than upon those of domesticity, may not, in future years vex her husband with these periodical turmoils. But her mother was trained in a more severe school. She early acquired a hatred of dirt. She brandishes the duster and the sweeper with something of the joy manifested by the knight of old when he set out swinging his good sword to do glorious battle against the infidel.

The complaining man does not know what he owes to this good housewifery. It creates the sanitary conditions that protect life and health against the attack of disease.

## WICOMICALITIES.

"Church Not Sacred, Asserts Educator," says a newspaper headline. Oh well, some people would never get into print unless they made these foolish statements.

Well, what's New in Indiana?

The perplexing thing is to take one "ell" out of Hollywood.

Old Man Prosperity does not live on Easy Street.

"Gas Explosion Injures Members of Harvard Class" says a dispatch. Was it just gas gas or hot air?

Business is booming—with the bootlegger.

"Money is the root of all evil"—root for it, my lad, root for it!

As the old colored man remarked the other day, conditions here are "berry, berry" good.

As the Wall Street Journal pertinently remarks, light travels very fast until it strikes the average mind.

If the Genoa Conference brings on a war in Europe, we shall again have the thrill of singing "When Jack (Dempsey) comes home again."

One of the horrors of the war in China that comes closest home to us is the task of learning all those names.

Returns from the Senatorial election in Indiana indicate that there is left at least one Beveridge with a decided punch.

With the introduction of machine guns and other devices for killing their fellow men, the Chinese have proved that they are well on the road to real civilization.

## Better Banking Thru Federal Reserve Bank

(Courtesy Peoples National Bank).

### The Strength of Organization.

It is usually better to work with other people than to work alone. We have clubs, associations, societies for the purpose of multiplying the strength or effectiveness or resources of the individual members. A regiment is stronger than the strength of all the men who make it up. An army is stronger than a mob.

### What a Bank Does.

Just so with money. Men work and save, and deposit in banks their savings or the ready money needed for business use. In every bank there are many deposits, none of which may be large in itself, but taken together they become much more useful than if they had been kept separately. Taken together they enable a bank to lend its customers the money they need for carrying on their business. Thus the money of many individuals serves the business needs of city and town and the farming needs of the country.

### What the Federal Reserve Bank Does.

A Federal Reserve Bank does for banks almost exactly what banks do for their customers. It receives money on deposit from such banks as have become members of the Federal Reserve system, and lends to them. All National banks are members of the Federal Reserve system, and many State banks and trust companies have become members also. Every member bank is obliged by law to keep with its Federal Reserve Bank an amount of money which bears a certain proportion to the deposits it has received from its customers. This is called a "reserve," and as the Federal Reserve Banks keep the reserves of

their members, they are called "Reserve" Banks. At times, member banks borrow from their Federal Reserve Bank just as individuals borrow from their own bank. Individuals can not deposit money with a Federal Reserve Bank, or borrow from it; their relation with it is through the member banks.

### Before the Federal Reserve System.

Before the Federal Reserve system was in operation, each individual bank stood virtually alone. This was safe enough as long as things went well in the business world, but even then the machinery of banking was so cumbersome that it often worked badly.

In order to meet the requirements of law and to pay depositors, all banks used to keep large amounts of gold and currency on hand and most of them also kept money on deposit with other banks in the larger cities. When all went well, the money on deposit with the city banks could be withdrawn in currency whenever it was wanted. But when, as sometimes happened, business or banking conditions were disturbed and suspicion was in the air, the banks were anxious to increase the amount of cash on hand. An unusual number of depositors might want to withdraw their money. And it was at those times that the city banks were least able to furnish cash. For the available supply of currency was limited, and there was no quick way of increasing it.

### Defenses Weakest When Needed Most.

This limited supply of currency led to the panic of 1907. For, moved by apprehension, almost every one of the twenty-four thousand banks sought, for its own protection, to withdraw such currency as it could from other banks and pay out as little as possible to its depositors. Though emergency measures were finally taken, they were

## WHAT THE DISTRICTS DID TUESDAY

District	VOTE IN 1920.			VOTE IN 1922.		
	For	Ag't	Possible	For	Ag't	Possible
Barren Creek	27	299	326	20	875	900
Quantico	26	158	284	6	185	400
Tyaskin	59	218	421	4	188	700
Pittsburg	53	236	394	91	192	700
Parsons	230	432	1126	316	541	2800
Dennis	12	120	201	27	135	400
Troy	55	243	685	19	280	1000
Nuttall	17	131	253	7	152	550
Salisbury	199	265	754	227	197	2200
Sharptown	135	36	285	8	247	600
Delmar	84	103	403	10	258	950
Nanticoke	36	243	501	16	360	900
Camden	118	265	753	195	175	1800
Willards	20	131	275	7	140	600
Hebron	21	205	288	13	213	700
Total	1092	3094	6901	966	3638	15000

It is appropriate to think of the Federal Reserve system as exactly that—a system of reservoirs. There are twelve of these reservoirs, the Federal Reserve Banks of Boston, New York, Philadelphia, Cleveland, Richmond, Atlanta, Chicago, St. Louis, Minneapolis, Kansas City, Dallas and San Francisco—each serving the needs of the member banks in its own Federal Reserve district. In each of these reservoirs credit is stored up, and from it, as the need arises, credit is supplied to the member banks and through them to their customers, including not only business men and farmers, but other banks as well. The process is much like the storing up of water in a city reservoir, from which it is supplied to houses and their occupants.

### A Reservoir of Credit.

It may be thought strange that such a thing as credit, which in this sense is the power to make loans, can be stored up. But the fact is, a great deal of it is stored up in the Federal Reserve reservoirs. For, as we have seen, the member banks deposit in the Federal Reserve Banks most of the gold they formerly kept in their own vaults and some of the money they used to keep on deposit with other banks. And it is the gold which Federal Reserve Banks acquire in this and other ways that gives them the ability to make loans and issue currency.

The provisions of the law are such that the Federal Reserve Banks can make loans to an amount between two and three times as much as the gold they have. So, having a supply of gold in storage, they have a lending power in storage also. As this lending power is used, the level in the reservoirs falls. In 1920 the reservoirs ran very low, because the farmers and

business men made unusually heavy demands upon them at a time when they had already been drawn down by the war needs of the Government.

The supply of water in a reservoir becomes useful when it is distributed through the water mains. The supply of credit in a Federal Reserve reservoir becomes useful when it is distributed through the member banks. But just as it is the individual and not the reservoir that draws the water, so it is the business man or the farmer who takes the first step which may result in drawing upon the reservoir of credit.

### For example:

#### The Grocer of Austin, Texas.

A grocer in Austin, Texas, wishes to buy fifty barrels of flour. He has not enough money in the bank with which to pay for it so he asks his local Austin bank for a loan. This is the first step just referred to.

The Austin bank, satisfied with the grocer's credit, makes him a ninety-day loan on his note. The grocer buys the flour, and proceeds to sell it barrel by barrel to his customers. As his customers pay their bills, the grocer accumulates money with which he pays off his note.

(To Be Continued Next Week.)

### BIDS RECEIVED FOR BONDS.

Sealed proposals with certified checks for \$1,500 have been sent in for the \$30,000 5% Lateral Road Bonds of Wicomico County. The bids received on Tuesday were from Townsend Scott & Son, Baker Watts & Co., and Nelson Cook & Co.

### CUTTING IT CLOSE

"How far is your house from the station?" asked the city man. "Just far enough," replied the commuter, "so that if I have my breakfast egg boiled three minutes the way I like it, I miss my train."

Mr. W. E. Carey and Mr. C. C. Carey, of Philadelphia, spent the week-end with relatives here.

The teachers of the Grammar school were entertained at the home of Mrs. Lee Betts on Monday.

Miss and Mrs. Howard Richardson are attending a baby shower on the 26th of a fine baby girl.

Mrs. E. E. Jackson and Miss C. W. Powell, of Salisbury, are in Philadelphia.

Mr. Charles F. Tacker and his little daughter, Jane, will come to town on Princess Anne.

Mrs. Lula Bailey, of Hebron, was the week-end guest of one Misses Elizabeth and Louise Taylor.

Mr. and Mrs. Arley Shockey, Mr. and Mrs. Leon Matthews spent Sunday with Mrs. Daisey Tandyne.

Mr. James Lowe, Jr., will leave today for Parkersley, Va., to spend several days.

Mrs. Mildred Ward and Mary Taylor will visit friends in Baltimore next week.

Mrs. Syd. Porter and Brook Taylor, of Baltimore, spent several days in town last week.

Dr. Fred Glen Hastings, Elmer Taylor and William Bringham motored to Cambridge, Denton and Easton on Sunday.

Mr. and Mrs. Horace McNeil and Mrs. Mae Reddish spent Sunday with Mr. Reddish's parents, Mr. and Mrs. A. W. Reddish.

Mr. and Mrs. Samuel Quillen, of Ocean City, were visitors in town last week.

Mr. Bradford Lewis, of Temperanceville, Va., is visiting his brother, Mr. Elliott Lewis, on Camden avenue.

Mr. William Parks, of Centerville, spent last week-end in town with friends.

Miss Emma Johnson will spend next week-end in Hebron as guest of relatives.

Mr. and Mrs. Herman Muir are visiting friends and relatives in Snow Hill.

Mrs. Charles Law and Mrs. George Mitchell, of Berlin, were visitors in town the early part of the week.

Mr. and Mrs. Wallace Politt have returned from a lengthy visit in Niagara Falls.

Mr. and Mrs. C. P. Coates are visiting their daughter, Mrs. Dallam, in Valdosta, Georgia.

Mr. and Mrs. Linwood Roberts and daughter, of Martinsburg, are visiting relatives and friends in town.

Mrs. Margie Townsend and Miss Eva Wimbrow spent last week-end in Chestertown, as the guests of friends.

Mrs. Elmo Powell and daughter, Julia Lee, of Princess Anne, are visiting her mother, Mrs. J. Ernest Moore.

A large delegation of Moose of Salisbury left for Baltimore on Monday for the Moose Lodge in Philadelphia on May 28th.

Miss Mae Reddish entertained the teachers of the Grammar School at dinner at the home of Mrs. Horace Mitchell on Thursday last.

Mr. Joseph Livingston is spending a couple of weeks with his parents, Mr. and Mrs. W. L. Livingston, of this city.

Mr. Vernon Taylor, of Georgetown, spent the week-end with his parents, Mr. and Mrs. G. W. S. Taylor.

Mr. Preston Laws, of Ocean City, spent the latter part of the week in town with his parents, Mr. and Mrs. William E. Laws.

Mr. and Mrs. Frank Meredith and Misses Etta and Della Nutter, of Salisbury, spent Sunday with Mr. and Mrs. T. J. Martin, of Easton.

Mrs. Harry Wailes and daughter, Cornelia, left on Sunday last for Philadelphia, where they will spend several days.

Mrs. J. McFadden Dick entertained informally last Thursday evening at her residence on North Division street.

Mrs. Lex V. Grier, who has been all the week with her parents, Mr. and Mrs. L. T. McLain, in White Haven, has returned.

Mr. and Mrs. Orzie Parker and children, Dot and Ann, will leave on Sunday for Baltimore where they will visit friends and relatives.

Mrs. Harry L. Harcum entertained the members of the Branch of the W. C. T. U. last Monday evening at her home on Park street.

Mr. and Mrs. E. P. Adkins spent the week-end at Rehoboth Beach, Del., as the guests of Dr. and Mrs. Vaughn S. Collins.

Miss Mary C. Kell attended the meeting of all the public health nurses of the Eastern Shore at Easton last week.

Mrs. John D. Estill and children, John and Charles, are the guests this week of her parents, Dr. and Mrs. Vaughn S. Collins at Rehoboth Beach.

Mr. and Mrs. C. A. Stewart, of Orlando, Fla., have come to this city. Mr. Stewart will help Mr. McLaughlin of the Farmers Association.

Mrs. Frances Barnes, of Pocomoke City, spent last week with Mr. and Mrs. W. V. Polk on N. Division street. Mrs. Polk is a daughter of Mrs. Barnes.

Mrs. E. D. Bailey and daughter, Blanche; Mrs. Hugh Dickerson and daughter, Betty, will leave June 1 for Ocean City, where they will spend the summer months.

Misses Ruth Truitt, Margie Davis and Messrs. William Thompson and Pete Brown, of Princess Anne, visited the "Old Furnace," the historical spot of "The Entailed Hat."

Mrs. Charles Fisher, Mrs. Walter J. Brewster and Mr. Edward McLaughlin were among those attending the tea given by Mrs. C. V. Keller in Princess Anne last Friday.

Mrs. Price Wilson and two children, Eleanor and Ted, who have been visiting friends and relatives in Baltimore, for several weeks have returned home.

Mrs. Calvin T. Grier and children, Calvin, Jr., and Richard, who have been visiting her sisters, Mrs. Walter Blizard and Mrs. J. Herman Williams, in Baltimore for several days, have returned home.

Mr. and Mrs. Wade Porter and wife, Jr., of Washington, spent the week-end with Mr. and Mrs. Marion Gordy, of Hebron. The Porters will leave on June 1st to spend the summer in Colorado. Many of their friends called during the brief stay with Mr. Gordy.

## REPAIR STREET BRIDGE.

Men are at work on the draw-bridge spanning the river on the Camden street thoroughfare. Besides repairing the boardwalk for pedestrians, planks are also being laid lengthwise on the traffic roadway which will eliminate much of the jolting machines undergo when crossing the bridge.

## DISCUSS COLONIZATION.

Acting upon the recent State law appropriating \$20,000 for colonization and land settlement on the southern counties a meeting for the purpose of discussion was held and in address made by F. W. Newell, consulting engineer of the United States Reclamation Service during which he outlined methods of settling families on small, self supporting farms.

Salisbury Girl Has  
Won College Diploma

Miss Amy Bennett finished Western Maryland Along With Other Students From This Section.

Western Maryland College is holding its 52nd commencement exercises on the campus at Westminster June 9th to the 14th. One of the outstanding features of the program is an elaborate pageant entitled "The Sheathing of The Sword" and participated in by over a thousand people.

Other attractions will be the giving of the oratorio "Elijah" with a specially picked chorus, and the Alumni Dinner following the commencement exercises on Wednesday.

There are 42 in the Senior Class. Miss Amy Christelle Bennett is the only Salisbury girl to graduate. However in the number are: Miss Julia Elizabeth Carey, of Berlin; Miss Alma Maude Holliday, of Hebron; Miss Olive Catherine Johnson, of Princess Anne; Misses Mary Emily Lankford, Myrtle Louise Johnson and Hilda Rae Long, of Pocomoke; Miss Gwendolyn Rosalie McWilliams, of Rhodesdale, and Miss Maude Fountain Smith, of Hebron.

There are 15 young men who are to receive their coveted sheepskins. Among them are: Mr. James Peyton Adams, of Vienna; Mr. Dill Gordon Bennett, of Sharpton; Mr. Jesse Dykes Evans, of Crisfield, and Mr. David Hottenstein, of Snow Hill.

Beacon Team Enjoys  
Informal Reception

Local College Head Entertains Visitors From Wilmington On Successful Baseball Tour.

The Wilmington Beacon College baseball team were visitors in town on Monday evening, stopping over for the evening on their trip to Federalburg from Pocomoke City. They were tendered an informal reception by Mr. Evans, principal of the local college.

The boys are making a two weeks' trip through Delaware, Maryland and Virginia. They have played the following high school teams: Harrington and Milford, Delaware; Pocomoke and Federalburg, Maryland; Temperanceville and Onley, Va. They are yet to play Hurlock, Denton, Centerville and Chestertown. About fifty per cent of the games have been taken by the Beacon boys.

Mr. Evans, of the local college, who has been in Wilmington for a few days, is back and making arrangements for the entrance of summer students.

Salisbury Boys Win  
Honors At Delaware

Howard Brothers Named By University's Athletic Association To Lead Baseball Activities.

In the annual Spring elections of officers for athletic teams at the University of Delaware for the coming collegiate year two of Salisbury's sons were given high posts when the student body selected Charles W. Howard and William E. Howard as manager and assistant manager respectively of the baseball team in 1923.

Sports have flourished on the fields of the Newark Institution this year and prospects for the coming season are exceedingly bright. The two brothers have been active in athletic circles of the Blue and gold ever since leaving Wicomico High School and bid fair to add laurels already won by arranging a most attractive team on the diamond next year.

Delmar High School  
Wins A Championship

Baseball Team Triumphs Over Mardela and Takes Wicomico Laurels Easily.

Delmar High School baseball team won the championship of Wicomico county by defeating Mardela High, 18 to 7. Both won in their respective divisions of the county league, and Delmar then mopped in the special series, taking both games.

Delmar had one of the best high school teams on the Eastern Shore and went through the season with but one loss. Score: Delmar 9 2 3 0 0 0 3 5 5—18 Mardela 2 0 0 1 0 0 2 0—7

## GRACE M. E. HAS SOCIAL.

Under the auspice of the Epworth League of the Grace M. E. Church a box and basket social is given to night at 8 o'clock. Every body is cordially invited to be present. The ladies will bring the boxes to be sold to the men.

CONTRIBUTIONS JUMP  
FOR NEAR EAST WORK

Mrs. Grier Reports Eleven Large Bags Filled With Clothing—People Urged to Sacrifice.

Public response to the pleas and exhortations of those behind the Near East Relief movement in this county is becoming more and more pronounced. At first contributions came in very slowly and the committee in charge had to extend the time limit so that a fairly representable amount of goods might be accumulated and shipped from this territory.

After almost a week of grace the daily lot of cast off clothing has increased, which is being sent to headquarters and Mrs. R. D. Grier, chairman of the Relief Work in Wicomico county, reports that eleven bags of the large type have been filled and members of the committee are becoming optimistic over the manner in which the citizens of Salisbury are displaying their generosity. As yet full details of the activities in other parts of the county have not reached the office.

There should be no doubt as to the vast amount of good being accomplished in foreign lands by the Near East Relief Society. Miss Emma M. Wood, a graduate of the Nurse's Training School of Johns Hopkins Hospital, who formerly served with the American Red Cross in Palestine and Poland and is now chief nurse of the Near East Relief and in charge of the tubercular hospital in Constantinople, writes some interesting facts.

For the first time, she states, since 1914, Constantinople is thronged with groups of American tourists. These travelers seem to be greatly astonished at the poverty so prevalent in the land. While the Near East Relief is distributing daily 7,000 loaves of bread and a ton of other foodstuffs, yet the cast-off clothing of America is needed more than anything else.

Burial Services For  
Mrs. Charlotte Fooks

Bright's Disease Claims Aged Lady Born In Worcester County. Geo. W. Fooks Only Living Child.

Succumbing to an attack of Bright's Disease, Mrs. Charlotte Fooks died on Saturday afternoon. She was 90 years of age. Her husband, George W. Fooks, died in 1911. She was born in Worcester County, Md., and lived in Salisbury for many years. Burial services were held on Monday afternoon by the Rev. Melton at the Old School Baptist Church.

She is survived by George W. Fooks, the only living child, who lives on the Snow Hill Road. The children are dead. The pall bearers were: Mr. N. H. Fooks, Mr. Elford Fooks, and Mr. Irvin Fooks all of Preston and Mr. Elmer Fooks of Westover. Mr. Virley Fooks, of Annapolis, and Major Herbert C. Fooks, of Baltimore, all are grandchildren with the exception of Mr. Irvin Fooks who is a great grandchild.

MR. JAMES W. BENNETT  
DIES AFTER OPERATION

After a prolonged sickness of 18 weeks, Mr. James W. Bennett succumbed to a serious attack of pleurisy which had settled on his lungs. It was thought that an operation might save his life but it proved futile and the patient died at the hospital on May 16th.

Mr. Bennett was 42 years and eight months old and he was buried from his home on the Delmar Road Thursday, May 18th. Rev. R. L. Shipley conducted the funeral services which were at 2 o'clock in the afternoon with singing by the M. P. Church quartet. Many beautiful flowers were received. He is survived by a wife and four children: Ethel, age 18; Elmer, age 15; Sadie, age 8, and Beatrice, 13 months. There remains also his father, six brothers and two sisters.

CHANGE OF LIFE  
WOMAN'S TRIAL

Proof That Lydia E. Pinkham's Vegetable Compound is of Great Help At This Period

Metropolis, Illinois.—"I have taken Lydia E. Pinkham's Vegetable Compound and it is all it claims to be and has benefited me wonderfully. I had been sick for eight months with a trouble which confined me to my bed and was only able to be up part of the time when I was advised by a friend, Mrs. Smith, to try Lydia E. Pinkham's Vegetable Compound and Liver Pills. I was so much benefited by the use of these medicines that I was able to be up and about in two weeks. I was at the Change of Life when I began taking the medicines and I passed over that time without any trouble. Now I am hale and hearty, do all my housework, washing, ironing, scrubbing, and cooking, all there is to do about a house, and can walk two or three miles without getting too tired. I know of several of my neighbors who have been helped by your medicines."

Mrs. L. MA. DULVER, 706 E. 7th St., Metropolis, Illinois.

Depend upon Lydia E. Pinkham's Vegetable Compound. Nervousness, irritability, heat flashes, headache and dizziness, are relieved by this splendid medicine.

Dies After Battle  
With Long Illness

Funeral Services Thursday. Of Ex-Senator Insley Survived By Widow And Son Lee Insley, This City.

George B. Insley, State Senator of Delaware, age 58, died at his home at Bethel about nine o'clock on Monday night after an illness lasting several years. For the past three weeks he has been confined to his bed and his family had given up all hope of his recovery.

Mr. Insley was a retired business man and was well known in Wicomico County. He retained his interests in shipping and was owner and part owner of several vessels. He also was in charge of his farms until quite recently. He is survived by his son, Lee Insley, of this city, and his widow who, before her marriage was Miss Anna Houston of Bethel.

Funeral services will be held at the Senator's late home in Bethel on Thursday afternoon. Mr. Insley was a Methodist. Interment will be made at the cemetery in Bethel.

Community Program  
At Jackson Gutman

Pictures Followed By Gospel Service Friday At Noon—Baseball Nine Plays Saturday.

Friday at noon the Y. M. C. A. will entertain the employees of Jackson Gutman with movies which will be an unusual program. Following the pictures there will be gospel service led by Rev. V. L. Edmunds, of the Baptist Church.

These community activities fostered by Mr. Hammerslough are working wonders in the maintaining of the organization's morale at a high level.

On Saturday afternoon at Oaks Park, 2:30 o'clock, the baseball nine representing the Jackson Gutman Company and the Adkins Lumar Company will clash in a regularly scheduled contest of the Industrial League.

Insurance Policies  
For City Employees

Members Of The Street Cleaning Department And Fire Department Janitors Come Under Ruling.

During the last session of the Legislature a bill was passed that had for its objective the insuring of public employees whose positions were a trifle hazardous. Akin to the Workmen's Compensation Act, the provisions of the new measure are distinctly beneficial to the employee of any civil government.

Several of the city's employees in Salisbury will therefore have to be insured under the new ruling and their premiums paid by the City Council through its funds. Among these are the fire department janitors and members of the street cleaning forces.

The Johns Hopkins  
University

BALTIMORE, MD.  
Entrance Examinations  
Engineering Scholarships

Entrance examinations, under the auspices of the College Entrance Examination Board, will be held June 23, 24, 1922, in the Civil Engineering Building, Homewood, beginning at 9 a. m. each day.

Applications for Scholarships in the School of Engineering, established under provisions of the Laws of Maryland, Chapter 90, 1912, will now be received. If there is more than one applicant for a particular scholarship, competitive examinations will be held September 22, 1922, beginning at 9 a. m.

Each Legislative District of Baltimore City and each County of the State, with the exception of Caroline, Cecil, Queen Anne, Talbot and Worcester, will be entitled to one or more engineering scholarships for the year 1922-1923, in addition to those already awarded. In the five counties mentioned, all available scholarships have been awarded. Under the provisions of the Act of Assembly, the County and City Scholarships in the School of Engineering are awarded only to deserving students whose financial circumstances are such that they are unable to obtain an education in Engineering unless free tuition be granted them.

The Scholarships entitle the holders to free tuition, free use of text books, and exemption from all regular fees. One of the scholarships in each County and in each Legislative District of the City carries also the sum of \$200. The expense of attendance for those who do not receive scholarships is not greater than at other Maryland institutions.

Scholarships may be awarded to graduates of Loyola College, St. John's College, Washington College, Western Maryland College, University of Maryland (Maryland Agricultural College), Mt. St. Mary's College and Rock Hill College.

Applicants should address: The Registrar, The Johns Hopkins University for bank application forms and for catalogues of information regarding examinations, award of scholarships, and courses of instruction. The next session begins Tuesday, October 3, 1922.

## Millinery for the Fair Graduate

## HEDGES FOR EVERY PLACE.

There is hardly a place of any size in town or in the country which is not made both more attractive and more valuable by a good hedge. It is like the frame to a picture. A place may have good trees, and beautiful flowers and all that, but without a hedge it does not look "finished."

But it is not in looks alone that a good hedge pays. It is also a protection. It saves the lawn and gardens from animals—two legged and other-wise; and its very presence gives the grounds more privacy and gets them more respect from the passer-by.

It is an interesting fact, also, that wherever you find a hedge, you are almost always sure to find well kept grounds. The reason is that the hedge makes a boundary line within which the lawn is pretty sure to be kept mowed and the plants attended to, whereas if the farm fields and the barn yard just run up to the house, without any definite stopping point, this is not the case.

There are many types of hedges. As to which will best answer your own requirements depends both upon your personal taste and on the kind of a place you have. If your house is in town or in the suburbs, you will want a trim, neat hedge of exact lines that will be in keeping with its more or less formal surroundings. For a place of larger size, or on the farm, it may be more desirable to have a hedge that may be allowed to grow a little more at will, and which will not require so much care in the way of pruning.

Then also there is the type of hedge which serves also as a windbreak. Usually such a hedge is taller, but it may be just as beautiful as any low growing hedge. Some of the most beautiful hedges I have ever seen were formed of hemlock, spruce, or arbor viti, any of which, as a single specimen, makes a good size tree.

Then again there are places where you want a hedge which will be a real protection—to keep out trespassers, children and animals. There are several plants which make an attractive hedge and which are not likely to be broken through by anything which walks or crawls. Many double purpose hedges of this character are just as beautiful as any others.

Without a doubt the well known California Privet has been used for more hedges than anything else in the country. Its rapid growth, freedom from insects and disease, and the fact that it can be trimmed and sheared to any size or shape wanted, or allowed to grow into a large tree, are all, where height is not objectionable, accounts for its great popularity. It makes a fine showing even the first season it is planted.

The sole drawback there has been to California Privet as the ideal hedge plant, is the fact that in very cold climates, it occasionally winter kills. This, however, need not deter anybody who wants a privet hedge because there are several perfectly hardy varieties which can be planted in its stead. Amoor River North, Iloha, Ibolium, and Regel's are all splendid for hedge purposes. Regel's Privet is a little more open in growth and not quite so good for shearing as the others, but just as satisfactory as the others if you do not want a closely trimmed, formal hedge.

A lilac hedge may be "old-fashioned" but where a "screen" is wanted, there are few things better. It is extremely hardy, and if there is anything more beautiful than a lilac hedge, I don't know where to find it. (And incidentally, do you know where to find a good one? Try a few, even if you don't set out a whole hedge of them.)

For an iron-clad hedge that will keep things out, and which will require little or no protection on your part, use one of the rugged Rugosa roses, or rugosa hybrids. These roses throw up stout succors, so that in a few years a dense and very formidable hedge is formed. The foliage is blight and insect proof, and the extremely pretty flowers are followed by big scarlet "pips."

The above do not include all plants which may be used for hedges, but will give a suggestion at least for almost any condition you may have to meet. The important thing is to plan now to set out a hedge this spring, so your place will be marked for its beauty by everyone who passes by.

## FLOWERS ALL THE SUMMER.

Of course if you care anything about flowers you have some hardy flowers around the place; perennials as they are called, because they come back every year all by themselves, without your having to do anything about it.

Among the first hardy flowers that one would like to have are peonies and iris. You know the gorgeous blooms of the former.

But why stop with two or three kinds of hardy flowers, as so many people do?

Do you realize that there are dozens of perennials just as hardy, just as well able to take care of themselves, and just as generous with

their gifts of color and good cheer as are the peonies and iris?

Why not select a half dozen or a dozen different things that you have not grown before to set out this spring, so that you can know the pleasure of having flowers in your garden, or to cut for bouquets for your table all season through. You know what a difference it makes when you have friends in to dinner for Sunday, or the Missionary Society meeting at your house on Wednesday afternoon, if there are a few flowers to put on the table or around the room!

A dozen different varieties will be enough to give you some bowers almost every week from April to October.

Most of the annual flowers, such as asters or sweet peas or marigolds, bloom early or late largely according to the time they are planted—unless they happen to run into dry weather, when they often dry up and fail without blooming at all. But every "perennial" has a definite season of bloom and will come into flower at this time year after year, with only a few days variation. So generous are many of the perennials, however, that they continue flowering from the time that they first come into bloom until frost.

So you see it is quite possible to know that you will have flowers every month throughout the summer and fall from earliest spring until after frost.

In fact some of the perennials are so hardy that they will go right on blooming even after a hard frost! In the following list I have mentioned only a few of the many splendid hardy perennials which may be obtained at a very moderate price and are easily grown.

The kinds which I have mentioned are absolutely hardy not only in their capacity to withstand the coldest winter, but also in their ability to look after themselves with the least possible attention.

The times given for their periods of bloom are approximate; they may be a little earlier in the far south or in a forward season, or a little later in a backward season or in the extreme north.

April. Moss Pink (Plox subulata). This is the little low growing, ground-cover plant that makes such a bright spot of color in the spring, before most other living things have realized that winter has gone. It will hold its own against grass and neglect.

April. Hardy Aylsum. Sometimes called "Golden Tuft" because of its clusters of bright yellow flowers, grows but 12 inches or so high.

May. Lily of The Valley. When this delightful, fragrant little flower will go blooming year after year, under absolute neglect, it seems hard to understand why there should not be a patch of it near almost every house in the country.

May. Columbine. The "hybrids" show many bright colors. Plant if possible against stone work, or a fence, where its graceful form will show off to the best advantage.

June. Hardy Pink (Dianthus). Not only beautiful, but with the most bewitching fragrance. Particularly good for cutting.

June. Hardy Phlox. Beautiful colors in the named varieties, from pure white, through pinks and lilacs, to dazzling crimson. Impossible to have too many.

July. Larkspur (Delphinium). Very tall; one of the showiest of all flowers, and yet extremely beautiful.

July. Hollyhock. Too well known to need any description; fine against the house, or fence. Should have good rich soil.

August. Golden Glow (Rudbeckia). Extremely hardy, good for planting against the barn or garage, or in any out of the way place where a mass of color is wanted; six feet high.

August. Flame Flower, or Red

Flowers bring sun here in to your heart and home.

Says the Sunflower

Flowers belong in your life. They are charming companions for your days and nights, and they are an inexpensive, delightful decoration.

"SAY IT WITH FLOWERS"

R. W. HAMMERSLOUGH,  
General Secretary.

hot-poker Plant (Tritoma). Blooms from August on, making a most gorgeous display. Also fine for cutting.

September. Japanese Anemone. Not so well known as most of the above, but a marvelously beautiful flower. The big white "wind-flower" blossoms are born on long graceful stems; especially fine for cutting.

September. Hardy chrysanthemums. An almost endless range of shades and colors is obtainable in these beautiful last lingering envoys of summer. Every suburban place, every farm home, should have an abundance of these extremely hardy flowers.

Plan now to set out some or all of the above this spring. Make sure of having flowers all summer long!

CHEMISTS DEVISE TESTS  
TO DETECT REMADE MILK

The increased use of remade milk and cream—that is, milk and cream made from powdered or condensed milk and sweet-cream butter—has made necessary some method by which they may be distinguished from the natural products. Such a test, has been devised by chemists of the United States Department of Agriculture, and it is now possible to detect as little as 10 per cent of re-

made milk in a mixture with natural pasteurized milk. If milk powder has been used in making the mixture, the amount that can be detected will depend on the degree of heat used in its manufacture.

The test for both milk and cream is based upon the color produced when the washed curd made from them is dissolved in sodium hydroxide. When this curd solution has stood for several hours a characteristic yellow color develops in the samples taken from remade milk and cream or mixtures containing them; samples of the natural products or only slight mixtures do not show it.

Remade milk and cream are whole-some foods if made properly from good, natural milk, but should be sold for what they are, and this test makes it possible for food officials to determine whether or not the consumer is being deceived.

R.E. Powell Co.

Main St. -- Salisbury, Md.

Watch for the flash of the Busy Square Signs in this paper each week. You'll find something worth while whenever the sign appears.

FOR THIS WEEK IN BUSY SQUARE

Bates Gingham—this famous Gingham, as everyone knows, is of exceptional quality, as well as an exceptional value at the price of

19c the yard—27 ins. Wide.

JUST THE SEASON FOR SHEER VOILES.

and to open the sale on Voiles, we have selected a number of good patterns and put them in the Busy Square for just one week at the price of

27c the yard.

Flowered Voiles and Striped Voiles in all colors and all color combinations, good quality Voiles that have a regular price of 45c, except on occasions such as this. A value like this one, makes The Busy Square well worth while to those who are looking for Rare Bargains.

FASHION IS KIND IN THE MATTER OF MILLINERY

For the care-free girl of the Summer finds the hats provided for her becomingly informal and comfortable. Yet they have an amazing degree of charm and color.

The pull-ons of the soft straws, and straw and yarn combinations are especially gay in bright contrasting stripes and gay splashes of vivid color.

These hats can be worn almost any hour and some of the more restrained models are quite appropriate for wear with Silk Afternoon Frocks and for informal Summer Dancing Parties.

Priced within reason—\$2.50 to \$6.00.

THIS STORE WILL BE CLOSED ALL DAY TUESDAY MAY 30th—MEMORIAL DAY.

R.E. Powell Co.  
Salisbury, Md.

# Home Paper For Wounded.

Daily copies of the "home-town" newspaper for each of the more than 30,000 veterans of the world war who are now confined to various government and private hospitals throughout the United States as the result of sickness or wounds incident to war service is included in plans which the American Legion is working on for making brighter lives of these men.

The Legion is now collecting the necessary information, such as names, places of veterans' enlistments, newspapers preferred and present address which will enable it to go ahead with its work for the ex-service men who are receiving medical treatment in hospitals and other institutions.

Preliminary steps which the ex-service men's organization has already taken to obtain this data shows that thousands of the wounded veterans receive practically no information of what is going on "back home." When the information has been gathered, Legion officials in each town will ask the co-operation of the newspaper editors in an effort to obtain papers gratis.

Alvin M. Owsley, director of the Legion national Americanism commission, has written to each of the 11,000 branches of the organization asking that weekly letters be written by the members to their "buddies" who are in bed from the effects of their Army and Navy duty. Director Owsley has requested these letters be written entirely about local happenings of interest.

On one of their regular tours of Boston hospitals members of the American Legion and the Harvard glee club stopped at the bed of a soldier who was dying. The question of whether or not the collegians should sing was answered by the veteran: "Sure, it will be a happy memory to carry across with me."

# Rescue Stations.

As a measure of preparedness for another flood, American Legion men of Pueblo, Colo., are establishing two rescue stations outside the flood territory, where ropes, boats and other equipment will be kept.

# Wants Foch's Shirt.

A woman in Tennessee who saw Marshall Foch while he was touring the United States under the auspices of the American Legion, has written the marshal asking him to send her one of his worn out shirts. She wants to make an apron, she declares, and would like to have it autographed.

# Calls Conference.

To find a solution for unemployment of Canadian war veterans, the Great War Veterans Association, Dominion branch of the American Legion, has petitioned the government to summon a national economic conference.

# Get Ice Free.

Poor families in Nashville, Tenn., will be provided with ice this summer by the Nashville post of the American Legion. The service men reported scores of indigent families unable to keep food and milk for babies during the sweltering weather.

# Take Oath of Fealty.

On July Fourth, all persons of Seattle, Wash., who have reached the age of 21 during the preceding year will take a public oath of allegiance to the United States and the constitution, under auspices of the Washington University post of the American Legion.

# Actors Need Bonus.

Even the movie stars know how it feels. The American Legion of Minneapolis, Minn. reports, J. Warren Kerrigan, of Hollywood, has written the state bonus board of Minnesota, asking that his \$285 pay compensation be "hurried up and paid." Kerrigan enlisted as a buck private and was discharged a second lieutenant.

# Legion Wants Advice.

She may be a flapper today, but tomorrow she may have a seat in the Senate. The roundly maligned young generation is going to run affairs on a happier day, however, and the present generation should do everything in its power to prepare the way.

By the time that someone took up cudgels in behalf of the younger set and listened to its suggestions, according to the American Legion, national headquarters of which announces that it is ready to take advice and willing to pay for it. To this end, it will conduct in June, a national essay contest,

open only to the young ones. There will be a \$1,000 first prize, \$500 second prize and \$250 third, given personally by Hanford MacNider, Legion commander. Smaller prizes will be given in each state.

Young men and women between the ages of 12 and 18 years inclusive alone will be eligible. Essays are limited to 1,500 words and in each state will be judged by a committee of educators, newspapermen and public officials. The three best essays from each state then will be judged by a jury of three nationally known critics; an educator, a journalist and an author. Medals will be given winners in each state and it is hoped that these awards may be supplemented with scholarships in schools or universities.

The subject of the essays, tentatively decided upon, is "How The American Legion Can Help America." It is a direct appeal to the younger generation for its advice as to how the service men can improve their country. According to G. W. Powell, assistant director of the Legion's Americanism Commission in charge of the contest:

"This younger generation will be ruling America when we of the Legion are getting too old to take much of an active part. The young miss in High School, flapper if you will, may be a Senator when we are too old even to vote, and her brother may be President. We want to know what we can do to pave the way for them."

# "Patriotic" Opposition.

Business and financial interests of the United States, "who" contributed least and profited most by the war, are flourishing a political pistol at Congress and threatening to pull the trigger if that body passes the adjusted compensation bill for service men, according to Hanford MacNider, national commander of the American Legion. The assertion was made in a statement issued by Mr. MacNider, denying that the Legion had any thought of trying to coerce the congress.

"Enemies of the bill have declared that the Legion has uttered threats, that it has held a political pistol at the head of Congress. Not the slightest proof of the truth of these statements has been attempted, which has been because not a vestige of such proof exists.

"But now a real effort to coerce Congress reveals itself, and the effort is being made by the entrenched financial interests. These interests are flourishing the political pistol, and a gold-plated one at that."

Mr. MacNider made reference to the published threat of the financial interests of the Republican persuasion that if the Republican Congress passes the veterans adjusted compensation bill there will be no contributions from that quarter to the Republican campaign funds. "In the words of one dispatch, the commander declared, 'big business has informed Chairman Adams of the Republican National Committee that if Congress passes the bonus, it may get some soldier votes but it will lose the support of business.'"

"The Legion has made a clean fight based on the merit, justice, equity and economic soundness of this legislation and not one scintilla of evidence has been produced to dispute these contentions," Mr. MacNider said.

The Colorado state senate in extraordinary session has passed a resolution "regretting and deploring the delay in the United States Senate in passing the adjusted compensation bill," copies of the resolution being received here by Colorado members of Congress and representatives of the Legion.

# 11,017 MILES OF FEDERAL-AID ROADS COMPLETED TO APRIL

Federal aid roads completed since 1916 totaled 11,017 miles on March 31, and increase of 8,016 miles during the preceding 12 months, says the Bureau of Public Roads, United States Department of Agriculture. A great many different types and widths were constructed, the general average cost per mile for the United States being \$17,120.

In total mileage completed the leading States were Minnesota 1,093 miles, Texas 919, Wisconsin 657, Illinois 489, Ohio 465, and Arkansas 401.

# ROADS AND INDUSTRY.

The whole history of the progress and development of our modern civilization and business structure, has been written around the single word, "Transportation" and just as roads were the very earliest form of improved transportation routes, so they are today perhaps the most necessary.

Our thousands of miles of railroads would be of very little use, even in the transportation of fuel and manufactured products, if it were not for the infinite mileage of country roads. Our immense manufacturing centers would not be possible without the means of bringing in the farm products to feed the workers.

The element of time becomes from year to year increasingly more important; a comparatively few years ago it may have been all right for a man and team to consume a full day hauling one load, or a few dollars worth of produce to market, the time of that man and team was not nearly so valuable as it is today and if the roads were hup deep in spring mud a few days wait until the roads were passable perhaps did not mean much in the whole scheme of things.

Modern transportation has changed all of this, however. We are living in an age where markets fluctuate, wages paid are higher and long distances are made short by modern vehicles. If the farmer is to operate at the speed set by other lines of industry, in order to avoid the clogged spots in our system of national industry he must have an artery of transportation that will keep pace, all of which means that more year-round, hard surfaced roads are necessary in our community.

From the standpoint of economy both in first cost and subsequent upkeep, durability and general all around efficiency concrete seems to answer our road problem. Concrete roads are a modern business investment and in transportation, time saved and increased property values they pay for themselves in a few years. Let us all pull together for concrete roads.

Concrete is the only road that will outlive a bond issue.

# GROWERS RECEIVE BETTER PROFIT FROM WOOL POOLS

Realizing that there may be as much as 15 cents a pound variation in price in different grades of wool, Texas growers last year took advantage of information regarding grades and grading given them by extension workers employed co-operatively by the United States Department of Agriculture and the State college of agriculture, through the organization of county and State pools. Through these wool pools the growers were enabled to attract larger buyers and obtain the higher prices offered for well-graded wool in large quantities.

Since the formation of the State pool in Texas last year, large quantities of graded wool and mohair have been sold directly to the mills, bringing a greater profit to the growers than when sold to local buyers and speculators. About 850,000 pounds of wool and mohair were sold through the State pool. A large part of this wool was graded by experts and about 300,000 pounds were sold at 26 to 30 cents a pound, this being 10 cents a pound more than the average for the country.

County pools for selling wool and mohair were used in counties which did not join in the State pool. The wool sold in this way brought 1 to 3 cents a pound more than the price received by the individual growers and the profit amounted to about \$20,000. In all, 2,000,000 pounds of wool and mohair grown in Texas were sold through pools in 1921.

In North Carolina, where there was no market for wool, the department aided the farmers in 1921 in arranging to have 40,000 pounds of wool made up into blankets. More than 4,000 pairs of blankets were made, the farmers receiving from 50 cents to \$1.25 a pound for their wool through this method of marketing.

# U. S. TO AID IN GIVING SHIPS AT SEA FULL WEATHER DATA

A particular feature of the recent visit of Capt. Philippe Wehrle and Capt. Marcel Coyecque, of the National Meteorological Service of France, to the Weather Bureau of the United States Department of Agriculture was the coordination of plans for the benefit of ships in transit across the Atlantic. Looking to the establishment of a system of reports from the Atlantic Ocean for assisting

in continental forecasting and for the purpose of giving definite information regarding storms and other weather conditions, the French visitors believe that the extension of the range of radio communication at sea is an important step forward in the attainment of this plan.

The marine division of the Weather Bureau has for years maintained a system of reports from vessels at sea, not only American ships, but those of many nations. The official visit of the French meteorologists, however, is intended to establish a closer co-operation between their service and ours, and for this reason a study was made of the organization of the Weather Bureau and its methods of forecasting.

Captain Coyecque has already done some practical work in furnishing information to ships at sea from the training ship Jacques Cartier. On two practice cruises reports were received by radio from all vessels within radio communication, as well as the broadcasts sent out from continental land stations. Charts were prepared and the information broadcast for the benefit of all vessels within range. A plan of this kind has been considered by the Weather Bureau for a number of years, but numerous difficulties, especially the limited range of radio communication at sea, have prevented its being carried out.

# PROMPT STEPS RECOMMENDED TO STOP GREENBUG OUTBREAK

Greenbug infestation may be largely eliminated if the farmers in districts ordinarily infested would take steps to destroy all volunteer wheat and oats in the late summer or early fall, says the United States Department of Agriculture. An interesting phase of the greenbug situation in northern Texas, Oklahoma, and eastern Kansas has been observed this year. Surveys carried on by the Bureau of Entomology indicate that there is practically no infestation of the greenbug in northern Texas this year. Severe droughts last summer prevented the growth of volunteer wheat.

If weather conditions are favorable, however, in northern Oklahoma and south-central Kansas, there seems to be a sufficient infestation already to start an outbreak in these regions. This appears to indicate that the outbreak of the greenbug in Oklahoma and Kansas are not necessarily the result of northward migration of the pest from northern Texas. The infestation at the present time seems to be confined to the north-central part of Oklahoma. The wheat is so large in Kansas that it is believed to be beyond danger. Possibly the oats in south-central Kansas may be injured as the season progresses, as they are still very small, and some injury to wheat and oats in northern Oklahoma has already occurred. Unfortunately farmers find volunteer grain a heap form of pasture and so let the pest gain a foothold.

## WOMEN'S CLUBS HOLD BIG SHORE CONGRESS

Hurlock Is Scene of Enthusiastic Gathering of Eastern Shore Federation. Local Members Attend.

Members of the Salisbury Women's Club participated actively in the discussions and proceedings of the first Convention of the Eastern Shore District Federation of Women's Clubs held at Hurlock, May 17th.

All forces combined to make the Congress a huge success. Dame Nature favored the crowds with a balmy spring day that made motoring a pleasure and the train service was very convenient to those who chose to travel this way. More than two hundred women attended the assembly which was marked by a great display of enthusiasm, a spirit that promoted harmony of purpose and was indicative of a serious dedication to the cause.

Rev. Adams of Hurlock opened the meeting with an invocation which was followed by a word of welcome from Mrs. R. Lee Glovick, President of the Hurlock Women's Club who introduced as Chairman of the Convention Mrs. Andrew A. Hathaway. Mrs. J. W. Stowell, of Federalburg, the District Secretary, read the minutes of the last meeting and Mrs. Reginald Constable, of Elkton, reported the finances to be in good condition.

Reports on the various departments of the work were given by the respective chairmen. Mrs. Josiah Korn spoke on the educational activities; Mrs. Alfonso Boley, of Royal Oak, on public welfare; Mrs. J. W. Wallop, of Princess Anne, on citizenship; Mrs. Isaac Davis, of Elkton, on legislation; Mrs. Wm. Hammond, of Easton, on the fine arts; and Mrs. Charles M. Thompson, of Hurlock, on press and publicity.

Mrs. J. F. Sipple, of Baltimore, the newly elected President of the Maryland Federation of Women's Clubs, addressed the gathering with a message that won admiration and favor. Mrs. Frances Sanderson, the retired president, who on May 11th at the state convention was honored with an ex officio presidency, for life, was present and greeted a host of friends.

State Superintendent of Education Albert S. Cook presented an interesting outline of his work and Dr. J. McConnell of Easton was a most successful speaker on the subject of "Responsibility of Citizenship." Mrs. Andrew Hathaway delightfully inspired her hearers with a prophecy of future accomplishments and after Miss Judge, welfare worker in Talbot county, and a host of successful and happy day field luncheon was served at the Glen Oak Hotel.

The day's events were brought to a close with a cordial invitation from Mrs. Robert E. Egan to hold the second Semi-Annual Convention at Elkton next October.

## COUNTY TRACK MEET BROKEN UP BY RAIN

Large Crowd At Fair Grounds Disappointed When Officials Postpone Events To May 31st.

Jupiter Pluvius sadly interfered with the plans of the Public Athletic League's instructors to hold the huge track and field meet, scheduled for this county on Thursday, the 18th. Aspiring young athletes from all the county schools had gathered in large numbers in hopes that they might be given a chance to demonstrate their individual prowess in the variety of events that had been provided.

Heavy showers simply deluged the Fair Grounds and rendered impossible the staging of any of the races or jumping contests. As a result a large crowd was disappointed, many having made long trips for the occasion. Mr. Burdick, head of the Public Athletic League, was on hand for the demonstrations and when it was found that the wet track prevented a practical and satisfactory holding of the meet, the day was postponed to Wednesday, May 31st.

That day will find approximately 1,000 boys and girls ready for the starter's signal and rivalry both between individuals and district schools will be intense. The additional practice gained because of the postponement of the meet will be advantageous and it is predicted that some thrilling finishes will be executed. Those contestants winning out in these preliminaries will, in all probability, represent the county in state wide championships to be held shortly at Homewood Field in Baltimore.

However, a few of the Badger Tests for the girls were completed and in the morning the Spelling Contest was held in the High School building. The names of the winners follow:

3rd Grade: 1st, Frank Mitchell, Camden school; 2d, Alexander Snoot, Sharptown.

4th Grade: 1st, Elma May King, Camden; 2d, Patricia Donoway, Pottsville.

5th Grade: 1st, Charles Mauchan, Pusey; 2d, Jeanette Hastings, Delmar Elem.

6th Grade: 1st, Maria Thorogood, Salisbury Grammar; 2d, Marie Engle, Meads.

7th Grade: 1st, Ada Wright, Sharptown; 2d, Miriam Riley, Smith.

8th Grade: 1st, Charles Mauchan, Pusey; 2d, Jeanette Hastings, Delmar Elem.

9th Grade: 1st, Maria Thorogood, Salisbury Grammar; 2d, Marie Engle, Meads.

10th Grade: 1st, Ada Wright, Sharptown; 2d, Miriam Riley, Smith.

11th Grade: 1st, Charles Mauchan, Pusey; 2d, Jeanette Hastings, Delmar Elem.

12th Grade: 1st, Maria Thorogood, Salisbury Grammar; 2d, Marie Engle, Meads.

13th Grade: 1st, Ada Wright, Sharptown; 2d, Miriam Riley, Smith.

14th Grade: 1st, Charles Mauchan, Pusey; 2d, Jeanette Hastings, Delmar Elem.

15th Grade: 1st, Maria Thorogood, Salisbury Grammar; 2d, Marie Engle, Meads.

16th Grade: 1st, Ada Wright, Sharptown; 2d, Miriam Riley, Smith.

17th Grade: 1st, Charles Mauchan, Pusey; 2d, Jeanette Hastings, Delmar Elem.

## Dr. Graham Chosen To Lead Bank Officials

More Than Three Hundred Representatives Attend Atlantic City Convention of Md. Banking Assn.

At the annual convention of the Maryland Bankers Association held in Atlantic City May 17-18th, Dr. Samuel A. Graham, cashier of the Farmers and Merchants Bank of this city was elected president of the association to succeed Mr. George W. Waters, of Laurel, Md.

More than three hundred delegates were in attendance including practically all of Salisbury's banking officials with the exception of Dr. Graham, who was unable to be present. The honor according him by the representatives from all over the State does not come as a surprise as he stands very prominently in banking circles, having been connected with the Farmers & Merchants Bank ever since its incorporation 30 years ago.

## POCOMOKE DELEGATION GUESTS OF ROTARIANS

Method of Organizing Club Outlined To Visitors. Rotarian Price Speaks. Local Men To Have de Grace.

Prominent business men from Pocomoke were present at the regular meeting of the Rotary Club last Thursday evening. The guests were received cordially and given every opportunity to familiarize themselves with the general principles of Rotary organization. It is planned to form such an association in Pocomoke and the visitors were eager to become acquainted with the order of procedure.

Accordingly Rotarians Marvin C. Evans and William E. Allen gave talks on "How to Organize a Rotary Club." Their remarks were well chosen and to the point. It is hoped that the inception of the new club will take place in the near future.

Rotarian Jesse D. Price, president of the Salisbury Ice Co., presented a few pertinent facts about the growth of ice manufacturing in this vicinity. The industry has made remarkable strides and the ice output in this county alone has exceeded expectations. Mr. Price stated that in 1900 when he first entered the business the total consumption for the whole year was but 500 tons.

Now there are being used as many as 900 tons in a single day. Refrigeration for the 1,000 carloads of strawberries that were shipped from this territory last week taxed the daily output of his plant of 100 tons into a storage lot of 2,000.

There were ten representatives of the local club at the initial meeting of Rotary at Havre de Grace on Wednesday. Rotarians Miles, Todd, Evans, Allen, Disharoon, Burroughs, Toadvine, Dallas, Powell and Grier planned to make the trip by auto.

## MANY ATTEND THIS PARTY.

Miss Lucy Tighman gave a party Thursday evening at the home of Mrs. Cecil Hill. The guests were entertained splendidly and spent a very pleasant evening. Those present included: Misses Louise Hayman, Eva and Beatrice Tighman, Alma Morris, Minnie Adkins, Maggie Littleton and Mr. and Mrs. Henry Bessler and daughter, Mr. and Mrs. E. B. Wilson and Messrs. William Walsh, Echel Clark, Franklin Mitchell, Ralph Davis, Merwin Bounds and Clifford Faulkner.

## PRISONERS TAKEN TO JESSUP REFORMATORY

Sheriff Farlow made a trip to Baltimore on Friday carrying with him two inmates of the jail who were delivered to the authorities at the House of Correction at Jessup. Both of the prisoners were white. Arthur Davis, 30 years old, having been sentenced to the "hut" one year for maintaining a disorderly house, and Ida Downes, 40 years old, receiving a term of six months for selling liquor illegally.

## BOOTLEGGER BREAKS HIS WORD OF HONOR

Forsakes Pal In Jail Who Must Serve Double Term At House of Correction.

Contrasted to the ancient adage, "that there is honor among thieves," comes the modern axiom "that there is no honor among bootleggers." This is not a mere theory propounded by "died in the wool" prohibitionists but is the outstanding and frank confession of a professional bootlegger who up to a few weeks ago had plied his trade respectfully and therefore sees no reason why Fate and her hordes of mortal puppets should wave the bloody flag at him now.

Thus did Mr. C. R. Reynolds confess on Wednesday morning as the "cuffs" were slipped over his wrists by Sheriff Farlow in anticipation of a long journey across the Bay to a well-regulated spot of land and buildings commonly known as the House of Correction but now fast acquiring the reputation of a "Bootleggers' Paradise."

Incarceration for "Gentleman Bob" as the convicted bootlegger is styled not only includes an original sentence of six months that was imposed upon him but carries with it the six months' term of his accomplice, Mr. Alexander Green, who went out on the streets with bail fixed at \$200 and failed to return.

Now his Buddie is sadly bemoaning the implicit trust and confidence placed in him when the agreement was struck with the authorities that one should be allowed to go out and raise funds sufficient to meet the maximum fine imposed while the other was to remain in jail with the understanding that he would have to serve both terms if bail was jumped.

## POULTRY SALES FIRM LEASES NEW BUILDING

Increasing Volume Of Business Induces Manager Rickey To Move To Old Star Plant.

Recognizing the fact that the amount of business being handled has outgrown the facilities for taking care of it in the present location, the Eastern Shore Poultry Sales Co., managed by Mr. H. W. Rickey, formerly of the University of Maryland Extension Service, announces the leasing of the old Star Building on W. High Street to take effect June 1st.

On that date the company will move into the new quarters which have been razed for the mutual benefit of both dealer and customer. Mr. Rickey has been appreciative of the support given his project by poultry keepers and farmers in the county and feels very much encouraged over progress made.

Users of the feeds put out by the Poultry Sales Company have been loud in their praise of the quality and the results obtained. The house should be in a much better position to further its activities after moving in the new place and many plans are being considered for the development of the poultry situation in Wicomico County. From all indications the industry is making rapid strides in this county and Mr. Rickey is co-operating with those who wish to take advantage of his experience and training in the poultry work.

## Local Dentists Will Attend New Meeting.

On Thursday, May 25th, a meeting of the Eastern Shore Dental Society will be attended by all of the city's dentists who are planning to leave their offices on that day to join in a cooperative effort from other towns on the peninsula and effect an organization that will be permanent.

## RUMMAGE SALE.

The Young Women's Missionary Circle of St. Mary's E. Church will hold a rummage sale in the store of Mrs. Mary Lane on Broad Street on Friday and Saturday.

## TAKES POSITION ON WICOMICO NEWS STAFF

HARRY K. SMITH

Harry K. Smith, Jr., who has just accepted a position on the editorial staff of The News is a graduate of Randolph-Macon College where he received his A. B. and A. M. degrees in 1916, later taking up post graduate work in the Political Economy Department of Johns Hopkins University. During the war he was official correspondent of The Sun for the U. S. Ambulance Service, and served with the Hopkins Unit. He has also served as reporter for the Baltimore Sun, Richmond News Leader and Richmond Journal. For the past three years he has been editor of The Maryland School News.

## DANCING CONTEST TO BE STAGED AT ARCADE

Prizes Will Be Awarded Thursday Night For The Best Dancers. Fox Trot Only Allowed.

Surpassing, at a whole, the expectations of even the most sanguine theatre goer, the vaudeville bill at the Arcade Theatre last week received more favorable comment than has any show presented there recently. While one or two acts will usually strike a responsive chord, the other skit probably fails to do so. Hence the unusual success of the last program.

The show opened with Ber. Andrews, the Soup Spoon King, who certainly knew how to handle the food scoops. He was followed by Jane Dillon who proved to be an impersonator of much skill and good technique. Her voice changes were especially noticeable and she received the full measure of attention ever accorded a star on the local stage.

The third act presented a singing, dancing and acrobatic feature that won its share of applause. On Thursday night, the Arcade will hold a dancing contest in which prizes will be given the winners. The first prize is \$5, the second is \$3, and the third is \$2. The audience will be the judge. Fox trots only will be allowed and the contest is open to everyone. Contestants are to leave their names at the box office before Thursday night. Music for the occasion will be furnished by William Wedel and a four piece orchestra, which will also be on the program for a musical act.

## NIBBLETT-BOUNDS

On Wednesday evening May 17th the Methodist Episcopal Parsonage was the scene of a very impressive wedding when Mr. Larry Nibblett and Miss Blanche Bounds were married by Rev. J. M. S. VanBlank. A number of friends of each family were present.

## Will Bestow Honors Upon Class Of 1922

Hon. Walter B. Miller To Present 11 Sharpstown Graduates With Diplomas on Monday Night.

Fourteen boys and girls receive their diplomas at the Sharpstown High School on Monday night at 8 o'clock in the Pythian Hall. District Superintendent of Schools E. Clarke Fontaine will address the graduates who by reason of meritorious work and perseverance have earned the prizes bestowed by Mr. Walter B. Miller, member of the Board of Education of Wicomico County. The order of exercises:

Invocation, Rev. George Donaldson, High School.

Chorus—"A Night in May"—Silver High School.

Address to Graduates, E. Clarke Fontaine, District Superintendent of Schools.

Presentation of Diplomas and Certificates, Walter B. Miller, Member of Board of Education of Wicomico County.

Chorus—"Wachet"—Franz Schubert.

Benediction, Rev. Henry S. DuLang.

## MRS. ELLEN DENSON DEAD.

Mrs. Ellen Denson, age 64, died suddenly at her home in Trinity Tuesday night, May 16. Heart trouble was the immediate cause of death. Funeral services were held Thursday afternoon at the M. E. Church, Trinity, the Rev. John P. George officiating. She is survived by two brothers, Mr. Vincent Albert of Salisbury, and Mr. Charles Abbott of Iowa; one sister, Mrs. Rosa Ann Malone of Siliam; one son, Mr. Kenneth Denson of Trinity; and two grand children.

## VICTROLA IV.

The handy little Victrola, portable, easy to carry from one room to the other, or out on the porch or lawn. Only \$25.00

Just the model for this season of the year. Come in and ask for a demonstration.

## ELEMENTARY SCHOOLS TO STAGE EXERCISES

Certificates Will Be Presented To Graduates Next Tuesday Afternoon—Dr. Gordinier Present.

Graduation exercises for the twenty-four Elementary Schools of the Salisbury section of the county school system will be held on Tuesday afternoon, 2 o'clock, in the auditorium of the High School. These functions which were inaugurated last year, eliciting much interest then, are expected to be well attended on Tuesday afternoon.

According to present indications, between 180 and 190 scholars will receive their certificates and this form of commendation on the part of their instructors is hoped to be regarded as but a stepping stone to higher accomplishments by the recipients of these miniature diplomas.

Dr. C. H. Gordinier, of Millersville State Normal School, has been invited to make the address. The feature of the program will be an operetta presented by the children of the Camden Primary School with music for the occasion furnished by the Wicomico High Orchestra.

**WICOMICO HOLSTEINS  
MAKE GOOD RECORDS**

Wicomico Alcatraz Beatrice of Senator W. P. Jackson Leader at Age Two Years and Four Months.

Wicomico County Holstein are continuing to make good milk and butter production as is indicated by the official tests reported from the office of Malsom H. Gardener, of Delavan, Wisconsin, Superintendent of Advance Registry of the Holstein-Friesian Association of America.

This week's bulletin reports the purebred registered Holstein-Friesian cow, Wicomico Alcatraz Beatrice, owned by W. P. Jackson of Salisbury, Md., as having made at the age of two years and four months, a record of 1799.46 pounds of milk and

584.33 pounds of butter fat, in 365 days, equivalent to 730.4 lbs. of butter.

The Champion Holstein for the State of Maryland in the Junior two year old class for 365 day production, is Watson Segis Pontiac Homestead, whose record of 20352.1 pounds of milk and 671.51 pounds of butter fat, equivalent to 839.39 pounds of butter surpasses all others, according to the records of the Holstein-Friesian Association of America. This record production was made at the U. S. Dairy Division at Beltsville, Md.

Mr. and Mrs. Davis S. Hudson, Mrs. Charles Johnson and daughter, Harriet, of Snow Hill, were the guests last week of Mrs. Harry S. Duffy, on E. Church street.

## Everyday Health And How To Know It

(Weekly Health Talk, Nov. 2, by Dr. J. Harry Biron.)

Everyday health depends on temperate habits but most of all upon an active liver. A multitude of troubles camp on the trail of the man who suffers from an inactive liver. Bowel wastes are poisonous and will quickly break down the health if not completely eliminated daily.

Where the sluggish liver is due to interference with the proper transmission of nerve impulses there is no relief to be obtained except through skillfully administered chiropractic spinal adjustments. It is sometimes the case where the condition is one of long standing that the adjustments will be slow in bringing results, but in most cases results are quickly obtained.

## County News

### WHITE HAVEN

Mr. and Mrs. Robert A. Hangby and little daughter, Roberts, of Baltimore, are visiting Mrs. Hangby's parents, Mr. and Mrs. J. F. Evans.

Mr. and Mrs. Eugene Taylor and children, of near Princess Anne, visited his parents, Mr. and Mrs. J. N. Taylor, Saturday.

Mr. and Mrs. Sam Bonds and Mr. Alan Bonds, of Mt. Vernon, visited Mr. and Mrs. Edgar Malone.

Mrs. T. N. Given, who has been spending some time with her son near Elkton, returned home Monday.

Mr. Ira Dolbey and daughter, Miss Adele Dolbey, of Salisbury, visited his parents, Mr. and Mrs. J. D. Dolbey, Saturday.

Mr. and Mrs. E. E. Fante, who has been visiting her sister, Mrs. W. H. Dolbey, of this place, returned home last week.

Mr. Frank Williams returned home Saturday after spending the past week with his son in Fruitland.

Mr. and Mrs. Edgar Malone, Mr. and Mrs. Sam Bond, and Mr. Olen Bonds were the guests of Mr. and Mrs. Warren Ross for dinner Sunday.

Mrs. Willie Leathers is visiting her brother in Sharptown.

### PRINCESS ANNE

Mr. and Mrs. Earl Morris spent the week-end in Berlin as guests of Mrs. Morris' parents.

Mr. and Mrs. Wm. B. Spiva attended the Maryland Bankers Association meeting at Atlantic City last week.

Mrs. Douglass Ernest, of Middletown, Del., was the week-end guest of Miss Mildred Powell.

Miss Annabel Higgins, of Salisbury, is visiting Mrs. C. Z. Vieira, Beckford avenue.

Mr. Franklin P. Waller, of Philadelphia, spent the week-end with his wife and children at the Washington Hotel.

Mr. and Mrs. Samuel H. Suller and Mrs. Nellie Clarke were dinner guests of Mrs. Walter J. Brewington in Salisbury last Wednesday evening.

Mr. Perry McKinnon, and Miss Gladys Hall, both of Nord, Va., were married last Thursday evening at the rectory by the Rev. Fred W. Clayton.

The ladies of St. Andrew's Guild, of St. Andrews P. E. Church held a subscription card party Monday evening at "East Glen," the home of Mr. and Mrs. J. T. Taylor, Jr.

Rev. Dr. Walter Archibald, rector of St. Peter's Parish, Norfolk, Va., spent Thursday afternoon and night in Princess Anne, returning to Norfolk Friday.

Mr. and Mrs. Everett Cannon are in Baltimore, where Mr. Cannon is attending to business interests.

Mr. and Mrs. James A. Gordy, of New York, were visitors in town Saturday afternoon.

Mr. and Mrs. G. Elmer Brown, of Baltimore, spent several days last week with Mr. Brown's father, Mr. G. W. Brown, in this town.

Mr. and Mrs. Claude E. Metzler and son, Claude, Jr., who have been visiting Mrs. Metzler's mother, Mrs. Henry Page, left for their home, Evanston, Ill., Monday morning.

Mr. and Mrs. William Bailey, after a short visit to their daughter, Mrs. Paul A. Walker, returned to Laurel, Del., last Sunday afternoon.

The Tri County Woman's Christian Temperance Union, of Wicomico, Worcester and Somerset counties will meet in Mt. Pleasant M. P. Church, Crisfield, Thursday, June 1st.

The Woman's Foreign Missionary Society of the church will serve supper in Gleason's Hall to the delegates and all others who wish to take meals at 50 cents per meal ticket.

Mrs. C. Z. Keller gave a very delightful tea at her home on Beckford avenue last Friday afternoon to a large number of her friends. The house was darkened, artificial lights being used. The color scheme was yellow. The decorations were reasonable flowers.

Among the out-of-town guests were Mrs. Charles T. Fisher, Mrs. Walter J. Brewington and Mrs. E. J. McLaughlin, of Salisbury, and Miss Emma Higgins, of Vienna.

### PITTSVILLE

Mrs. Oscar Parsons and child and Miss Retha Meadows, of Akron, O., are spending some time at the home of Mr. and Mrs. Elmer Elliott.

Misses Fannie Adkins and Francis Hamblin, of Salisbury, spent the week-end at the home of Misses May and Gertrude Hamblin.

Mr. Atwood Bennett, of Salisbury, presented the cause of the Near East Relief Work to the members of the Ayres M. E. Church Sunday morning. The congregation responded

### Uncle John's Josh

WOULD YOU KNOW THE SECRET OF LIFE? THEN BE HAPPY.

with a lot of contributions for that cause.

Mr. and Mrs. T. C. Wallace, of Salisbury, spent the week-end at the home of Mr. and Mrs. J. Willis Parker.

Miss Pearl Elliott was operated on for appendicitis last Saturday at the Peninsula General Hospital.

Mr. and Mrs. Asbury Smith, Mr. and Mrs. Wesley Smith and Miss Adeline Lank, of Milford, Del., spent the week-end at the home of Mr. and Mrs. J. G. Sheppard.

Mr. Webster Elderline, of Maryland, is spending some time with his sister, Mrs. Mabel Freney.

Mrs. Clinton Brown, of Wilmington, Del., is visiting her mother, Mrs. Mary C. Riggins.

Misses Ruth Brittingham and Mildred Baker and Messrs. Paul Smith and Herman Phillips, of Gumboro, visited Miss Bessie Brittingham last Sunday.

The Juniors of the Pittsville High School will have their class night Friday evening, May 26. They will have a play entitled, "Just a Little Mistake," also class history and prophecies. Music will be furnished by the Hopkins Orchestra of Salisbury and Pittsville High School.

The Ladies' Aid Society of the Grace M. P. Church will meet at the home of Mrs. Mary C. Riggins next Thursday evening, May 25th.

Mr. and Mrs. R. B. Parsons and children, Mr. and Mrs. Fred White and Mrs. S. M. Brittingham and daughters spent Sunday at the home of Mr. and Mrs. T. S. Brittingham of Lehar.

The Commencement Exercises of the Pittsville High School will be held in the Grace M. P. Church Saturday evening, May 27th.

A very delightful surprise party was given Mr. Maurice Jones last

Friday at 10 o'clock at Quince's Restaurant.

Dr. and Mrs. O. B. Farlow and family and Mrs. Roy Farlow and son, of Baltimore, are spending some time at the home of Mrs. L. R. Farlow.

### PARKERS CHAPEL

Mr. Holland Ruark, of Sharptown, is visiting his brother, Mr. Howard Ruark.

Mr. S. I. Lowe and family spent Sunday with Mr. Charles Esham and family, of Parsonsburg.

Mr. S. C. Adkins and her brother, Henry, spent Sunday with Mr. and Mrs. Carl Givins.

Mr. and Mrs. Howard Ruark spent Sunday with his parents, Mr. and Mrs. Elijah Ruark, of Sharptown.

Mr. Alfred Niblett visited Mr. Ernest White and mother Sunday.

Mr. W. E. Townsend and family visited Mr. George Adkins and family Sunday evening.

Misses Lottie and Mattie Dykes spent Sunday with their grandparents, Mr. and Mrs. Lemuel Ruark.

We are glad to report Miss Mabel Niblett out again after having scarlet fever.

### PARSONSBURG

Miss Alvin Willing spent the week-end with Miss Lula Hobbs.

Miss Ella Parsons visited relatives here part of last week.

Mr. Roland Hitchens, of Suffolk, Va., is visiting his sister, Mrs. Fred Parsons.

Mr. Russell Yohe, who has been spending some time in New York, Mr. Russell Yohe, who has been

spending some time in New York, has returned home.

Miss Anne Woolston, of Wilmington, was the guest of Mrs. H. T. Farlow part of last week.

Mr. and Mrs. W. B. Holloway visited friends at Pittsville Sunday.

Mrs. L. M. Parsons, who has been spending some time at Ocean City as the guest of her daughter, Mrs. W. Laws, has returned home.

The Teachers' Training Class and the Young Men's Class of the M. E. Church will hold a picnic on the camp ground June 16th. All kinds of refreshments will be on sale. Everybody come and enjoy the evening.

Mr. and Mrs. Theodore Hearn visited Mr. and Mrs. G. Q. Parsons Sunday.

But if they are

Good night, good-bye till we meet in the morning

Far above the State House Dome

To endless joy in a moment awakening

For our Eternal Home.

## We Know How to Care for Batteries

We've been in the battery business long enough to know all the things that can possibly happen to a battery, how serious they are, and whether it will pay to fix what's wrong.

On top of that we know exactly how to do all kinds of battery work.

Every job that's turned out here at Battery Headquarters is done in just the way prescribed by Willard Standards of Service—and there are no higher standards anywhere.

## Just Suppose

Not so long ago a book was published in which the author attempted to imagine conditions on our little old world 100 years from now. He saw electricity as the controlling element—everything, so it seemed, was accomplished by the press of a button.

Electricity though still an infant of the world, is playing a potent part in your life. Make the most of it. Suppose we join hands in things electrical—one for all, all for one. Thus we shall make our neighborhood a better, brighter, happier place in which to live and work.

## EASTERN SHORE, THE GARDEN SPOT, AND SOME OF ITS TOWNS

Description Of Haynes' Creek And Truitt's Wharf Which Were Important Many Years Ago—Climate Of Peninsula Proves Good For Various Ills—Madman Smothered by Citizens.

Passing up the Nanticoke above Truitt's wharf we find Haynes' Creek, an important place many years ago. On this creek was a primitive railway, evidence of which may still be seen. Allen Haynes and his brother owned over five hundred acres of land here. Dr. Haynes of Seaford is a lineal descendant.

The "Telegram," the "Swift," and the "Grit," and other vessels of like dimensions were built here, but the creek has almost become useless. The last vessel that ever sailed up the creek was the schooner "Rebecca," with Captain Curtis Ross Vickers, now of Sharptown, in charge, who had his wife, then a bride of only a few weeks, as a passenger. The "Rebecca" was owned by the late William Bouldin, of Athol. This was about thirty years ago.

Above the railway were two mills, a saw mill and a grist mill, both of which have long since come down. Above these was also a saw mill, the sills of which may still be seen. Just above the creek is the Haynes farm owned by Clay Davis, of Laurel, Del. But before we pass from this place we want to mention a family now living near that of Joseph Loker, a native of Nebraska, having moved here thirty-six years ago. He had a serious throat trouble while living in Nebraska and often could not talk above a faint whisper and the doctors advised him to come east and locate among the pines. This he did and since living here his voice has been loud and strong and he has never been under the care of a doctor since his arrival here.

The value of the climate conditions of this Peninsula will some day be more fully realized and it really regarded as the Garden Spot. Mrs. Loker was born on the Rhine River, in Germany, near Bonn, but left her country at the age of fifteen coming to this country with her parents and settling at Pocomoke, Md. The Loker family is living a real country life, a true type of rural happiness and hospitality.

Near the railway on Haynes' Creek was a store house and a stock of general merchandise kept by Charles Wright, J. T. Wright of Laurel, Del., is the oldest descendant of the family now living. It is said that Charles and his brother, Jacob, built here and Woodland a fleet of eighteen vessels, some of which were used in the trade with the West Indies.

Charles Wright was a merchant at Haynes' Creek when the line dividing Maryland and Delaware was run in 1763. It crosses the Nanticoke river near the mouth of the creek, two hundred yards above Truitt's wharf. This line was run from Horn Town where it intersects the southern boundary of Delaware was run in 1763 by agreement between the authorities of Maryland and Pennsylvania from a point at French Island, due west to the tide water line of the Chesapeake Bay. The survey stopped at "Boughton Beach," but later was run three miles further west.

It was also agreed that the center of the Maryland line of this line should be the starting point of the western boundary line of the State of Delaware. This line from bay to ocean is about sixty-eight miles and the center is at Horn Town, being a fraction over thirty-four miles to the ocean due east, and the same distance to the Bay due west from this central point.

The line from this point at Horn Town to northern Delaware is not due north as is often said by folks, but a straight line was run to intersect the tangent of a circle of a tract of land previously granted to the Swedish at New Castle. Their possessions extended twelve miles in all directions from a given point at New Castle forming a circle. After dividing the possessions of the Swedes, the surveyors then went due west forming the dividing line, known as Mason and Dixon's line, between Maryland and Pennsylvania.

The surveyors continued west until they came in contact with the Six Nations of Indians, receiving word that it was the will of the Six Nations that the survey should be stopped and the Indians were satisfied and permitted the survey to be finished.

The next stream above this is Lewis Creek, and on this creek was one saw mill and on a branch of this creek another mill, the race of both entering into one stream. One was the Dulany Mill and the other the Ellis Mill. For many years the Ellis was used as a manufacturing plant for H. R. Pervet, a manufacturer of dental instruments. He sold all his manufactured stock to a Philadelphia firm. He died a few years ago and the business was abandoned.

Woodland a small town on the Nanticoke six miles from Seaford has much history in connection with the growth and development of local business interests. In 1793 the right to operate a ferry across the river here was granted to Isaac and Betty Cannon for a period of fourteen years and the right was renewed at the expiration of the term. This ferry was on the principal highway to the lower sections of the peninsula, as there was only one more ferry on the river and that was at Vienna.

Isaac and Betty had two sons, Isaac and Jacob, who amassed a large fortune here and owned in 1816 five thousand and five hundred acres of land in and near what was called Cannon's Ferry. They had quite a system of banking and money lending and became very wealthy. Jacob Cannon was killed by Owen O'Day in 1843. O'Day escaped and went west. Jacob Cannon, built and furnished a fine home at Woodland which is still standing with the original shingles on the west side of the roof, at the age of one hundred and twelve years. While the roof on the west, is apparently good with the first shingles on it the east side of the roof has been shingled three times since the first shingles were put on. The house was built and furnished, but for some time Jacob's girl refused to marry him and the house remained intact without an occupant for thirty-two years.

The records show that during the year ending December 31st, 1883, that ten thousand persons crossed the river. William B. Ellis kept the ferry that year and also kept a record of travel. Up until 1865, Woodland was one of the most widely known places in the southern part of the State of Delaware, but in that year the Pennsylvania Railroad was finished to Seaford and traffic was soon diverted to that town. The ferry is still kept up. There are two stores and a Methodist Church and until recently a cannery establishing was in operation there. Quite a number of good substantial citizens live there and the people are happy and contented.

The next point up the Nanticoke is Seaford. This town was laid October 29, 1799, by John Hooper, Thomas Hooper and John Tenant heirs of Henry Hooper. At that time it was known as Hoopers Landing. Seaford is sixty miles from Chesapeake Bay by water, one hundred and ten miles from Philadelphia, by railroad, and thirty-three miles from Cambridge. It will be recalled that the excavation of what is known as the "Deep-cut," for the railroad near the river

was done by a Wicomico (then Somerset) man and for which work he invented and patented a car, railroad track and turn table. This was done by the late John Robinson of Sharptown and the miniature invention was taken to Washington as a pattern for the Patent office is still in possession of his heirs and highly prized by them.

Prior to the building of the railroad the Nanticoke river was the business outlet. In 1825 a regular steamboat line was established between Seaford and Norfolk. The line of communication was extended to Philadelphia by means of stages to landings in Kent county on the Delaware. Sometimes as many as half a dozen stages arrived and departed from Seaford. Later a line was established to Baltimore. Among the steamers put upon the line were the "Hugh Jenkins," "Wilson Small," "Oasis" and the "Kent." The new railroad so completely crippled this trade that about 1850 the Baltimore steamboat service was abandoned. This steamboat line was again resumed by the "Artisan" in 1876, then followed the "Nanticoke" and there has been an unbroken service by steamers from Seaford to Baltimore since.

Robert B. Hazard in his history of Seaford relates some tragic events that took place in the early history of the town. We relate only a few as they appear from his pen. At the birth of Joseph Wright, Henry Cannon and George Wright, the latter colored, were ordered by the family to fire the signal in honor of the event. The gun went off prematurely and Cannon's hand was shot off at the wrist and Wright had both eyes destroyed. Dr. Morran took Cannon's arm off with a carpenter's tenon saw without administering anesthetics. Both lived to be old men.

Shadlock Cannon was bitten by a mad dog at his home and in a few days he became a terrible mad man. His physician and friends thought it a humane act to put him out of his misery. He was smothered to death by some of the best people of the town between two feather beds. Stanbury Mezzick, a young popular fellow was trying to show his friends how he could crawl from one mast to the other of a vessel on the mainstay. In his effort he fell to the deck of the vessel with such weight and force that both leg bones were driven through the two inch deck.

## CHIROPRACTIC GETS YOU WELL

**Do You Have Headache, Heart Trouble, Female Trouble, Indigestion or Other Stomach Troubles?**

I invite you to investigate our System of removing the cause of Disease without the use of drug, knife or Osteopathy. I am fully determined to become better acquainted with more of the sick men, women and children. I am equally determined that these same health seekers shall know more of CHIROPRACTIC and its record which will show that 95 per cent. of all cases taken are showing result.

There are many ways of assisting NATURE. There is good in all of them, more in some than in others. CHIROPRACTIC the newest of these, is founded on the most logical theory: THAT NATURE, NOT MAN DOES THE CURING.

There is as much need to use care in the selecting of your CHIROPRACTIC as in any service, indeed greater need. My record of successful achievement stands as a safeguard to you. You can place your case in my hands with perfect confidence. For the convenience of my Worcester County Patients, I opened offices at both Berlin and Ocean City, May 16th.

MEET ME THERE.

## One of Maryland's Largest Mills is at Your Disposal

whenever you place an order with this company. No expense has been spared to keep our plant absolutely up-to-date in every particular. Every invention, every improved machine, that means lower production costs, quicker service, and greater efficiency, has been added to the equipment of the home mill. To speed up production, we have added a band saw mill at Salisbury that will aid materially in the filling of special orders. Other improvements are going on all the time.

The home plant has more than 150,000 feet of warehouse floor space; more than 500 feet of wharfage on the Wicomico River; and a half mile of railroad side-tracks. The plant is bounded on two sides by two great railroad lines.

Branches have been established for your greater convenience in the following places:

- Berlin, Md.—The Adkins Company
- Chestertown, Md.—E. S. Adkins & Company
- Hurlock, Md.—The Adkins & Douglas Company
- Huntingtown, Md.—Lyons & Gibson
- Marbury, Md.—C. T. Jenkins.

All these branch yards are in close touch with the home factory in Salisbury, a fact which assures you the best service obtainable. Call on that branch which is nearest; you'll be satisfied with the service.

More than 225 people are employed in our organization, and everyone of them is ready at all times to serve you.

### CARDUI HELPED REGAIN STRENGTH

**Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.**

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I can now testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully in the treatment of many womanly ailments.

If you suffer as these women did take Cardui. It may help you, too. At all druggists. E 65

MARDELA SPRINGS

Miss Margaret Howard entertained the girls of the Class of 1922, Mar-  
dela High School, at her home recent-  
ly. All report having a fine time.  
Those who were present were: The  
Misses Esther Cooper, Edna Bennett,  
Helen Bacon, Ona Graham, Elizabeth  
Hopkins and Wilkie Reddish.

town the first of the week and held  
services on the street on Monday  
night.

Rev. and Mrs. E. E. Krauss, of  
Ridgely, were business visitors in  
town on Monday.

The Rebekah Lodge is planning to  
celebrate its birthday anniversary on  
June 22nd, and all members of the  
Lodge are requested to be present at  
the next meeting.

Miss Doris Wilkinson, class of '22,  
W. H. S., left on Sunday to accept a  
position with the Peninsula Produce  
Exchange at its main office in Phil-  
adelphia.

Our High School played volleyball  
with the Sharptown girls four times  
last week and were victorious each  
time. On Monday they played at  
Mardela, Tuesday at Sharptown, on  
Wednesday at Mardela and Thursday  
at Salisbury.

The brokerage firm of Wright &  
Watson have opened an office near  
the station.

A special memorial sermon will be  
preached in the Branch Hill Baptist

Church by the pastor, Rev. G. W.  
Gorrell, next Sunday.

Miss Thelma Seabreast spent two  
days last week as the guest of Miss  
Mary Bradley, of Athol.

Prof. George E. Bennett and wife  
entertained the graduating class of  
Mardela High School on Tuesday  
night at their home on the Rewas-  
tico.

Mr. Burns and two boys from Har-  
risburg, Pa., are spending several  
days at Mr. Burns' farm near town.

Mr. Gilbert Robertson, of Salis-  
bury, spent the week-end in town.

BIVALE

Mrs. D. F. Turpin and little son, of  
Baltimore, are visiting her parents,  
Mr. and Mrs. O. T. Insley.

Mrs. Alice Anderson has recently  
returned home after spending the  
winter with her daughter, Mrs. Maude  
Gregory, in New York City.

Mr. Archie Shockley and children,  
of Salisbury, are visiting her father,  
Mr. C. C. Dunn.

A large number of our people at-  
tended the baseball game at Nanticoke  
last Saturday between the team  
of that place and the Jackson-Gut-  
man Co.'s team of Salisbury.

Mr. W. A. Downing and son, Gor-  
ran, spent Saturday and Sunday with  
his brother, Mr. Norris B. Downing,  
at Milford, Delaware.

Our farmers are now busy setting  
out sweet potatoes and tomato plants  
and picking strawberries.

Mrs. Elderand Jackson suffered a  
slight stroke of paralysis last Wed-  
nesday.

Mr. and Mrs. Russell Langrall,  
Mrs. Alice Langrall, Edgar Lang-  
rall and Norman Wrightson motored  
to Pocomoke City last Sunday.

week-end at Philadelphia.

Mrs. S. M. Ellis spent several days  
of the past week in Wilmington.

On Saturday evening a social will  
be held for the benefit of the firemen.

The closing exercises of the Dela-  
ware High School will be held at the  
Elcora on Friday evening, May 26th.

Mrs. Roland Marsh entertained her  
Sunday School class Tuesday evening.

Several members of the Delaware  
Parent-Teachers Association gave a  
play in the M. P. Hall Thursday even-  
ing. An additional program and re-  
freshments followed the play.

The Rev. W. W. Jones, pastor of the  
Baptist church, delivered the baccal-  
aureate sermon to the Delmar, Md.,  
High School graduates, at the M. E.  
Church on Sunday morning.

Mrs. Frances Bradley entertained  
her Sunday School Class Tuesday  
evening.

WILLARDS

Miss Elizabeth Campbell, of Selby-  
ville, spent the week-end with Miss  
Ruth Richardson.

Mr. and Mrs. G. C. Rayne were  
the guests of Miss Rida Burbage, of  
Berlin, on Sunday.

Mrs. Mitchell Parker and sons, Eu-  
gene and Mitchell, Jr., were visitors  
here during the week-end.

Mrs. Joanne Rignault, who has  
been spending the winter in New  
York, is visiting her sister, Mrs. John  
G. Truitt.

Mr. and Mrs. George Truitt spent

the week-end in Snow Hill.

Mr. and Mrs. L. Mitchell and Miss  
Maria Wilkins, of Salisbury, spent  
Sunday with Mr. and Mrs. William  
Thompson.

Misses Agnes Rayne, Ethel Hearne  
and Master Robert Hearne visited  
Capt. and Mrs. I. Purnell, of Ocean  
City, on Sunday.

Mr. Albert Gannon is spending a  
few days in Salisbury with relatives.

Mrs. Alison Dennis is visiting her  
daughter, Mrs. R. Powell, of Delmar.

visiting Mrs. Margie Davis.

Mr. E. B. Fuller returned to Balti-  
more on Sunday.

Mr. Wm. Henderson and Miss Ma-  
bel Richardson, of Baltimore, are  
spending several days with Mr. and  
Mrs. Elmer Davis.

Mr. and Mrs. Ira Patey are re-  
ceiving congratulations on the arri-  
val of a baby girl, Iralene.

Happy Suggestion for Uncle.  
Little Spencer let no grass grow  
under his feet, when uncle came for  
a visit, before rushing up with this:  
"Uncle make a noise like a frog."

"Why?" asked the old man.  
"Cause when I ask daddy for any-  
thing he says: 'Wait till your uncle  
crosks.'"—The Van Ralio, Vanguard.

This Progressive Bank

recognizes that its progress  
hinges on the financial  
growth of this community.

So it's perfectly natural for  
it to be interested in the prog-  
ress of each citizen.

Consequently, for our mutual  
benefit, this bank offers its  
co-operation and invites your  
account.

For Ten Dollars and Ninety  
Cents—This 30 x 3 1/2 Usco

THE 30 x 3 1/2 tire situation  
today is just this—  
The man who buys an  
USCO at \$10.90 is justi-  
fied in believing that his money is  
going farther in tire value than it  
ever has gone or could go before.

Naturally he appreciates the qual-  
ity of USCO. That was established  
long ago.

It is still fresh in his mind that  
USCO led the national market  
into the \$10.90 price range.

The makers of U. S. Tires  
always intended the 30 x  
3 1/2 USCO to be the high-  
est value in its field.

At \$10.90 it creates  
a new classification  
of money's worth.

A SOUND ARGUMENT

If you are already a depositor in a bank, it is  
not necessary to tell you the advantages of having  
banking relations.

If you have been a customer of a bank, but have  
temporarily closed the account, it is safe to say  
that you expect to continue your deposits.

But if you have never kept your money in a  
bank, it is because you probably have not realized  
the service a bank account would mean to you.

We want you to come in and let us explain the  
importance of leaving your money where it is al-  
ways subject to your withdrawal, and where you  
may feel perfectly sure it is always safe from  
fire, theft and loss. We welcome new accounts,  
regardless of their amounts.

## County News

### REEDVILLE

Capt. James C. Fisher, of this town, was traveling north last week, spending the week-end at Atlantic City.

Mrs. James C. Fisher, of "The Gables," the handsome five-story brick residence of the Fishers here, spent last week in Wisconsin visiting Mrs. Bettie Harding, at Holly Dell.

The Washington Literary Society of Reedville High School held the annual contest last Friday night at the "Reedville Theatre" (to quote the movie man). A full house proved a most appreciative audience, as the young ladies won laurels in their fine recitations; and the young debaters matched wits in presenting their subject concerning Virginia's Compulsory Education. The Declaimers' Medal was awarded to Miss Emma McGuligan, of Sunnybank, with Miss Zula Haynie, of Lillian, a close second.

Eugene Tarrant, son of Dr. Tarrant, of the Reedville Pharmacy, won the Debaters' Medal, with Miss Mary Rice, second. Richard Evans, of the Methodist Parsonage, and Miss Louise Palmer, of Fleeton, for the negative, were also very good. Prof. Adams, of Heathville High School; Rev. M. Dobson, of the M. P. Parsonage, Burgess Store, and Rev. Mr. Hill, of Norfolk, were judges. The contests have been unusually good this spring. Many of the youthful contestants show marked ability and good training.

Prof. P. S. Remington, of Boston, who has been principal of the High School this year, has accepted a position in St. Louis, Mo., where he will teach high mathematics next winter. This summer he will take a special course at the University of Virginia. Mrs. Remington and baby, Charles Lee, will also remain at Charlottesville for the summer.

Mrs. Susan Toulson, of Reedville, has been suffering with a rising finger recently. Dr. Cockrell had to use his lancet, affording great relief, though Mrs. Toulson says of the operation, "Never again, without putting me to sleep."

Capt. and Mrs. T. H. Haynie and little daughter, Isabel, were in Baltimore (on shopping bent) several days this week.

Friends were glad to see Mr. F. P. Haynie, of "Pleasant View," at church here one day last week, after a visit in period of months, resulting from a fall in his barn, and later from an infected hand and arm, caused by the scratch of a pet dog. All his wounds are practically well, and he is quite himself again.

Mr. J. Everett Marsh, Jr., of Norfolk, was here recently for a special visit to his father, Capt. Jas. E. Marsh, who has been sick for months. Friends are so glad to know that, though still confined to his room, Capt. Marsh is improving and is wonderfully bright and cheerful.

We had a splendid rain here last Thursday. It was very much needed and has done our neighbors' gardens

## AERO PUSSY CAT

Major W. T. Blake is here photographed with his pet "Mike," the pretty tabby that will make an airplane trip around the world with his master.

A world of good. Lettuce, radishes, spring onions and early salads are in evidence, and also in demand. Mr. Harrell, from Wicomico; Mr. Robertson, from Sunnybank, and others, have been bringing around beautiful strawberries, but the price was rather discouraging, 25c and 20c a quart. They met with ready sale however.

The prospect for early cherries and peaches here is fine at this time and cherries will soon be ripe in all their beauty and lusciousness.

Miss Florence Gates, of Reedville Central, accompanied her sister, Mrs. Smith, to Richmond Thursday and will be gone for a month or more, it is said. Miss Florence has not been well for some time and is needing the trip and rest from office cares. We are hoping she will soon be much improved.

Mrs. C. H. Strickland, of East Orange, N. J., is spending sometime with her sister, Mrs. W. R. Evans at the Methodist parsonage here at Reedville.

Mr. Grover Lewis and Mr. Harold Lewis, of this place, have recently bought cars, the former a handsome Maxwell, from Mr. F. L. Jett, Fairport, and the latter a Buick, from Palmer and Moore, of Reedville.

Mrs. Grover Lewis was quite ill for awhile last week, with Dr. Cockrell in attendance. Glad to know she was soon improved and convalescing.

Miss Maria McCullough, of the People's Bank, and Miss Dolie Insley, of Reed & Rice's, are spending a two weeks' vacation in Southern Florida with Miss Insley's parents. They anticipate a delightful trip down by boat, and back by rail.

At a recent meeting of Elizabeth Chapter, Eastern Star, of Reedville,

all the Past Worthy Matrons were presented with very pretty gold pins, the insignia of the order containing the "Jewel." The five-pointed star, enameled in Masonic colors with name bar attached, makes an attractive decoration. The present Worthy Matron, Mrs. T. H. Jett, presented the pins, with an appropriate "speech" to Mrs. J. C. Fisher, of Reedville; Mrs. J. R. Carey, of Lillian; Mrs. John C. Talaferro, now of Norfolk, and Mrs. H. C. Evans, Reedville. Two Past Worthy Matrons, Miss Lena Downing and Mrs. Wm. Blundon, now numbered with the Eternal Host, are lovingly remembered by friends and fellow workers.

We received, with appreciation, from Mr. and Mrs. Dudley Wareham Pennington, of Chicago, the announcement of the arrival on May 9 of Master Dudley Wareham Pennington, Jr. The sturdy little fellow adds another to the list of Capt. and Mrs. E. W. Edwards', of Fleeton, grandchildren, where a welcome awaits him.

Capt. C. W. Neal, on the Fleeton road, was to have been sailing master on the Amagansett, to Capt. Charles Thursday morning, but was kept at home by sickness. We are hoping his wife will soon be well again. We seem to be having a return of grip in this place.

Mr. G. W. Reed was out of town several days this week.

Mr. and Mrs. R. P. Waller, of Fleeton, and little son, are at home after several weeks in Baltimore.

Little W. T. Coving, Jr., who has been sick recently, is better.

Mrs. J. P. Haynie, of Ophelia, is spending some time in Baltimore shopping.

Mr. John A. Palmer, Jr., is getting along rapidly with the new fish factory which he is putting up near

Timber Wharf. They are not to be inducted upon us, so we are told, the hot air dryer, so probably we should accept it as an evidence of better business prospects and be thankful "for all small mercies." Other new factories are talked of for the creek here.

The fish scale men, Mr. La Dante, from Blundon and Hinton's, and Mr. Killoran, who runs his own business, place; Mr. Garner, of Lawisetta, and others. Mr. Eugene Cockrell, of Frederick, Mr. O. W. Douglas, of Fleeton, is burg.

Right many business men left here Thursday on the Amagansett for Norfolk to attend a meeting of the Cherry Stone Oil and Guano Co., Inc. Among the number were Mr. Luther

Rice and Capt. C. W. Haynie, of this driving a handsome Oldsmobile, place; Mr. Garner, of Lawisetta, and others. Mr. Eugene Cockrell, of Frederick, Mr. O. W. Douglas, of Fleeton, is burg.

Yolks + Whites = Eggs

Are You Feeding Enough Whites?

About one out of ten poultry raisers feeds a ration properly balanced for egg production. The common mistake is feeding too much yolk-making material and failing to feed for whites. Grains alone make lots of yolks but few whites.

Purina Chows Balance

Purina Chicken Chowder and Purina Hen Chow, fed in equal parts by weight, balance the yolks and whites by supplying an equal number of each. They make hens lay to the limit of their capacity. Purina Chows save time and trouble—no guess work, no trouble and uncertainty of mixing. Feed both Chows and keep the egg basket full.

# ODELL CORDS

## "Grandstanders" Don't Win Games

Dependability! That's what counts. Putting everything you've got into every play. Making the best tires that can be made. Such tires are---

## "Built First to Last"

Odell Cords are dependable. They are not "Grandstanders" or "Spotlighters."

Odell Cords have fought their way to the top by sheer ability to stand punishment.

Odell Cords are big, brawny, honest tires that make the most timid motorist throw out his chest, and head square into the teeth of the roughest road.

Odell Cords are made to perform just the work they're asked to do. To get a death grip on the air you pump into them and never let go. Murderous rocks may jab them; saw-like pieces of rubbish gnaw at them; ragged pavement holes smash against their non-skid tread with the force of a mule's kick.

Still Odell Cords roll your car into the garage as full chested, as live as ever. This is tire season. Put fighting tires on your car this Spring. Put on Odell Cords.

Remember they're priced very low.

## CHURCH ANNOUNCEMENTS

Notices of changes in the Church Calendar must be at the News office not later than Tuesday morning, otherwise the calendar of the previous week will be repeated.

Evening Service in all the Churches of the city will begin at 8:00 o'clock for the Summer.

Bethesda Methodist Protestant Church  
Broad Street, near Division Street,  
Rev. Richard L. Shipley.

9:30 Sunday School. 11:00 Divine Worship with sermon by the Pastor. 7:15 Christian Endeavor Prayer Meeting. 8:00 P. M., Evening Sermon by the pastor in series on The Lord's Prayer. Subject, "Thy Will Be Done." Prayer meeting Wednesday evening, 8 o'clock.

Division Street Baptist Church, Rev. V. L. Edmunds, Pastor.

Revival services every night of the week at eight o'clock, including Saturday nights. All persons welcomed and a strong invitation for all Christian people of the Community to serve both their God and the community. Dr. Jones, of Portsmouth, Va., will do the preaching this week, the services will be conducted by the pastor, assisted by some of the best of the preachers in the vicinity of Salisbury. Boys and Girls Club will meet at 6:00 instead of the usual hour on account of the revival.

Asbury Methodist Episcopal Church

Joseph T. Herson, D. D., Pastor.  
Sunday School at 9:45 A. M., Jay Williams, Superintendent. Preaching at both services by the minister. Morning subject, "A Long Journey—Made Ready For It." Evening subject, "The Man Who Paid in His Own Coin." This is the third sermon in the series on Great Bible Characters. Prayer meeting Wednesday evening.

St. Peter's Church, Rev. Herbert D. Cone, Rector.

At St. Peter's Church next Sunday the Rector will preach at the 11:00 a. m. service on "What Christ's Ascension Does" and at 8 p. m. on "Marching Orders."

Trinity Methodist Episcopal Church

South, John Brandon Peters, Minister.

9:45 A. M., Sunday School. We would like to see more ladies of the church in the Sunday School. Try to arrange your domestic duties that you can be in the school next Sunday. 11:00 A. M., Divine Worship. "Baccalaureate Sermon" to the graduates of the High School: subject of sermon, "An Ideal Realized."

8:00 P. M., evening worship. "Young People's Night." The music will be in charge of the Junior Choir.

On Tuesday, May 30, at 4 P. M., Memorial Day" services will be held in our church under the auspices of

the "American Legion." The address will be given by Rev. John Brandon Peters.  
"Come thou with us and we will do thee good."

St. Andrew's Methodist Church, Rev. R. R. Burnette, Pastor.

St. Andrews—Sunday School 9:45 a. m.; Geo. Kersey, superintendent. Class meeting, 11 A. M.; Sherman Waller, leader. Epworth League, 7:15 p. m.; leaders, Catherine Harman and Elsie Shores. Preaching, 8 p. m.; subject, "The True Source of Life and Fruitage." Prayer meeting Thursday, 8 p. m.

Grace Methodist Episcopal Church.

Rev. Aaron J. Rehkop, Pastor.

Sunday School at 9:45. Morning Worship, 11:00. Class meeting 2:30. Annual Epworth League program, 8 P. M. Brotherhood, Tuesday 8:00 P. M. Prayer meeting, Thursday, 8:00 P. M. Everybody is cordially invited to attend these services.

Presbyterian Church, Robert Alexander Boyle, Minister.

Morning, "The Hopeless Cripple Cured." Evening, "The Cured Cripple's Testimony."

St. Francis de Sales Catholic Church.

Rev. W. S. Knight, pastor.

Sunday masses: at 8:00 and 10:30 a. m. week days; at 8:00 a. m. Sunday. Evening service at 7:30 p. m.

Seventh Day Adventist Church,

412 E. Isabella Street.

Sabbath School, 2 P. M.; preaching, 2:15 P. M.; Sabbath (Saturday). Bible studies of special interest. All 7:45 P. M. Evening Worship. 8:00 P. M. Good Friday, Holy Communion will be observed. "Come thou with us and we will do thee good."

Washington Methodist Episcopal Church, Shad Point, R. R. Burnette, Pastor.

Washington Sunday School, 9:45 a. m.; A. L. Brewington, superintendent.

Preaching, 11 a. m.; subject, "The True Source of Life and Fruitage." Epworth League, 7:15; Will Marshall, President. Class meeting, 8 p. m.; Will Townsend, leader.

Boat As Club Room.

If Seattle young men become seafarers at club meetings, they will have an honest alibi. An American Legion post has bought one of the U. S. shipyard's wooden hulls, moored it to a dock and will use it as a Legion clubhouse.

## Officers Locate Theft And Still

Stolen Canned Goods Are Recovered By Sheriff Who Also Finds Quantities of Mash and Liquor.

Acting upon complaints received from the G. A. Bounds & Co. at Hebron that their warehouses were being rifled of canned good products, Sheriff Farlow, investigated the premises and after disposing of several clues through the processes of deduction tracks were found, and followed that led to the house of William Watson located on the farm belonging to Benjamin Pusey.

Provided with a search warrant and accompanied by a deputy Sheriff Farlow discovered the quantity of canned goods stored away together with a lot of distilled liquor. They arrested Watson and a companion, George Allen, alias Joe Smith, bringing them to jail under the charges of having stolen goods in their possession and running a still, which was found by the officers.

## LARGE STRAWBERRIES SHOWED IN THIS CITY

A new variety of strawberry that measures as much as six inches in circumference was displayed in local markets last week and won admiration from fruit fanciers. The berry was the product of Ernest M. Hurley, of Wicomico, who after many experiments in cultivation succeeded in obtaining this huge specimen which has been named the "Blue Cross."

The strawberries attracted much attention not only because of their extraordinary size but because the flavor was excellent and the formation solid, a feature that many of the new varieties lack. It is possible that other growers will make attempts to raise the "Blue Cross" in large quantities.

## I AM IN THE MARKET for all varieties of COW PEAS SOYA BEANS

Quote me prices, and quantity you have to offer.

## A Blend Unchanged for Forty Years

You can secure GOSMAN'S Saraparilla and Root Beer—the other members of the GOSMAN family—at fountain, drug or grocery stores.

Good taste!—A hostess' success is oft measured by her faculty for choosing those things which will most appeal to her guests. By keeping GOSMAN'S Ginger Ale always on hand she is enabled to serve on a moment's notice the beverage which is most widely preferred by the discriminating. For, once tasted, the distinctive blend of GOSMAN'S makes impossible its confusion with any other beverage.

It is desired to call to the attention of the public that our chain of offices are open for business at least three days each week. IT IS ABSOLUTELY NECESSARY THAT PATIENTS HAVE AT LEAST THREE ADJUSTMENTS EACH WEEK IF GOOD RESULTS ARE WANTED. Patients who get less than three adjustments each week will NOT GET RESULTS in average cases.

It is our desire to get our patients well, and keep them well, and my seventeen years in practice has proven beyond doubt that results cannot be had by the skip and miss method. Hence we require three visits weekly at all our offices.

The Wininger offices were first opened in Salisbury, less than a year ago, in two small back rooms in a private residence. Today the demand for our services has made it necessary to spread out until there are now five offices equipped with modern apparatus serving combined over five hundred patients on an average of three times each week. We get results and that is what the people want. Regardless of what our enemies say about us we are getting people well, and making boosters every day for our science. If you are suffering from any trouble, drop in at either of the above offices and consult. If your case is not one that we can help we will frankly tell you. We accept no case that we feel Chiropractic can not help. THE WININGER CHIROPRACTIC OFFICES are in charge of Licensed Chiropractors, with lady attendants. The most delicate patient can take Chiropractic adjustments properly given. They are neither rough, or painful.

## WICOMICO HIGH LOSES TO RIVAL BALL-TEAM

Cambridge Nine Sews Up Game In First Two Innings While Locals Are Helpless Before Simmons.

Wicomico High journeyed to Cambridge on Friday and was decisively defeated by the ball-tossers of that school, the score being 8-2. The local diamond artists virtually presented their opponents with the game on a silver platter in the first two sessions when loose play in the field enabled six of the Choptank aggregation to dent the rubber.

Davis on the mound for the Blue and White pitched a fairly creditable game allowing only five hits. Benson garnered two of the three bingles squeezed from Simmons, Cambridge's crack twirler. Score:

Cambridge	Ab.	R.	H.	O.	A.	E.
Wolf, lf	4	2	0	1	0	0
Moore, rf	4	2	1	1	0	0
Barnes, lb	4	1	1	8	0	0
Robinson, 2b	4	0	2	2	0	0
Murphy, 3b	4	0	0	0	0	0
Tyler, cf	4	0	0	0	0	0

Cambridge 2 4 0 1 0 1 0 0 x-8  
Salisbury 0 0 0 0 0 0 1 1-2  
Two-base hits—Hoover, Benson.  
Home run—Moore. Stolen bases—Wolf (2), Moore, Barnes (2), Robinson (3), Beckwith, Dail, Simmons (2), Benson, Insley (2), Chatham, Davis. Sacrifice fly—Robinson. Struck out—by Simmons, 16; by Davis, 2. Bases on balls—Off Simmons, 2; off Davis, 2. Umpire—Ruark.

## TRAINING CAMPS FOR CITIZENS MAKE CALL

Young Manhood of State Urged To Enter Training July 27—All Expenses Paid—Our Quote 3.

Recruiting of young men for the Citizens' Military Training Camps to be conducted by the War Department this summer is now briskly engaging the attention of the authorities in each Corps Area. The Military Training Camps Association is co-operating with the military officials in their effort to disseminate throughout the respective territories information concerning the camps.

That a preliminary publicity campaign will be productive in so far as to stimulate the highest type of the State's young manhood to send in applications, is the object of the army officials in spreading broadcast the many advantages to be derived from this short period of training.

The Third Corps Area, in which Maryland is situated, also embraces Pennsylvania, Virginia and the District of Columbia. Maryland's quota, based upon present instructions from the War Department, is 42 for each Congressional District, or a total of 252 for the six districts. The quota for Wicomico County is 3. Somerset is allotted 3, Worcester 3 and Dorchester 5.

### TUROLE

Turolé is a copyrighted method of coloring which gives softness to the labels and front of a coat.

The Turolé sketched can be buttoned or worn with lapels thrown back.

Salisbury, Maryland.

## Boy Golf Wonder is President Shy

When James Frazier, the five-year-old son of Jim Frazier, gave an exhibition of his skill at golf on the Sea View, N. J. links, President Harding took occasion to congratulate the little fellow. Bold in his stroke when playing, the youngster became President shy when he grasped the hand of the nation's head.

The purpose of the Citizens' Military Training Camps is to furnish young Americans a chance to secure a military training under favorable conditions, and to so develop them physically, mentally and morally as to increase their ability to render service to their country in time of need.

The camps will open on July 27 and applicants should note that all expenses will be paid. The course known as the Red Course is intended for those who have never had military training or who desire to combine a practical field training with training already received in a cadet corps or similar organization. The age limit is from 17 to 25 years.

Army officials are planning to send on a tour of the State one or two officers and a non-commissioned officer with the idea of giving out first-hand information. They will speak to the students of the high schools and to members of other gatherings. Colonel Woodcock, who represented the Military Training Camps Association in Somerset, Worcester, Wicomico and Dorchester counties last year, will be in charge of the same interests again and will be glad to talk on the subject with anyone contemplating entering the Summer Camp.

### SILAM CAMP TO OPEN

Interest of many church goers will be aroused by the announcement of Pastor J. M. S. VanBlunk that the Silam M. E. Camp will open on Saturday, August 5, and will continue over two Sundays. Large crowds attended this camp meeting last year.

## CHILD TRAINING AT HOME

### MAY BASKETS.

### BLESSED ARE THE TACTFUL.

Two boys went up to a house and sat down on the steps, shuffling their muddy feet and dragging a heavy cart back and forth on the path. It was not their house nor even their own neighborhood, yet they had taken noisy possession. Presently a man opened the door, watched them quietly a moment and then said pleasantly, "How do you do? Won't you come in?"

The boys looked up in abashed surprise, sheepishly got up and hurried away without a word. The man smiled and closed the door.

The man could have shouted, scolded, threatened or abused the trespassers with doubtless unpleasant results before the boys went away. Because he was pleasant and tactful the annoyance ceased at once and the incident was closed.

We admire diplomacy; we sigh when we meet untactful persons who rub us the wrong way. A person may be good and yet lack the soothing balm of tactfulness. We realize this between older people but wonder why we do not practice it more with children. Too often we are careless and blunt, hurting sensitive little feelings and often making it twice as hard for children to be good and kind because we are so untactful.

On a pretty suburban street there were ten boys who played together, and problems of property rights often came up. Every time a mother approached the boys in a friendly, reasonable spirit, the boys responded, and there was no trouble. One day a mother looked out the window to see two boys fighting furiously over her smooth back lawn, while an admiring crowd of playmates gathered near. She thought a minute and then went out and stepped up to the antagonists, and said goodnaturedly, "I don't like to have my pretty lawn torn up, so would you boys please go over to the vacant lot across the street to finish your fight? You see, this is my land and I can't have you fighting here, but there is plenty of room over there."

The boys stopped a minute, looked at each other, then each slowly grinn-

ed, gave her a cherry, "Sure!" and the whole crowd moved amiably up the street without finishing the fight.

Children do not like to be talked over as if they had no ears, and they are hurt and antagonized when their likes and dislikes are laughed at or their mistakes ridiculed.

A little girl, whose family had indulged in a hearty laugh because in dressing herself she had put her underware over her stockings instead of underneath, said reproachfully to her

mother, "I don't like you to laugh—it makes me feel so mean at myself!"

We would not dare to treat our friends in such a manner, for we soon be friendless. They why treat little children that way when we need to be friends with them if we are going to teach or guide them or help them? The friendship of little children is one of the sweetest, most precious gifts with which life can bless us, and unto the tactful shall it be given.

## Have You Seen the New Telephone Directory?

THE latest issue of the telephone directory is now being distributed. One copy is delivered for each telephone.

The men making the delivery are instructed to obtain receipts for all directories, and we will appreciate it if subscribers will make sure they have the proper number of copies before signing the receipt.

The old books will be collected at the same time. In case the delivery man fails to take yours, please destroy it and put the new one in its place.

As it usually takes several days to complete the delivery you may not receive your copy or copies immediately. If, however, you are not supplied within the next ten days, please notify our Business Office.

Your attention is invited to several pages of reading matter in the front part of the new directory, prepared for the information of our patrons.

*Creamy Milk*

New York territory couldn't help being "milk land"

It had to be the "milk land" of the Union. Iowa could raise corn, Maine had her potatoes, Georgia says "cotton," and Texas spells "cattle." But New York's soil, rainfall, seasons, and climate generally made it the "Dairy State."

There are approximately 70,000 picked farmers in the New York State territory who belong to the Dairy men's League Cooperative Association, Inc., farmers who have clean, regularly inspected barns and clean, healthy cows. They are the Dairy men's League. Instead of 70,000 ideas regarding the production and distribution of milk and dairy products, they decided to have a single standard of purity and quality—the highest that human endeavor could make. When they put their collective name on anything, it is good.

So you can buy Dairy men's League Evaporated or Condensed Milk knowing that it is rich, "creamy milk," that it is pure and good and comes from the "dairy territory."

It is good today. It will be good tomorrow and next year, for the life-work of these 70,000 farmers is to see that the dairy products of the Dairy men's League are kept up to the standard that has been set.

DAIRY MEN'S LEAGUE  
CO-OPERATIVE ASSOCIATION, INC.  
UTICA, N. Y.

Ask your grocer for Dairy men's League Evaporated or Condensed Milk. He carries it year in and year out because he knows the quality.
