Kevin Kelly,

Thank you for replying to my letter. I really appreciate it! And I am sure that the researcher that requested your thesis will also be very appreciative.

The only thing I need is for you to review the attached form giving me permission to add your thesis to the Digital Collections. If you can just reply to this e-mail that you have reviewed the form, then I can add it to the site! And I will be sure to send you the link when it is up.

Thanks again!

Lindsey

Dear Kevin Kelly,

**I am trying to locate Kevin Kelly, 2009 graduate of UMBC's History M.A. program. Please disregard if this letter has been sent to the incorrect address.**

I have received an interlibrary loan request for your 2009 thesis, "The persistent presence of a successful failure: the Maryland State Colonization Society and the importance of its existence." UMBC maintains a non-circulating print copy of all theses and dissertations and beginning in 2007 we also have online access for UMBC affiliated students and staff only. In order to send the digital copy of your thesis to fulfill the ILL request, I need your permission to do so. The three options available to you are:

1. Complete, sign, and return (by e-mail, post or fax) the attached form allowing UMBC to digitize your thesis and make it available to the public through UMBC's Digital Collections website (<http://contentdm.ad.umbc.edu/>).
2. A simple reply granting permission, or denying it, will also suffice. This will apply to this current request only and will not apply to future requests.
3. I can forward your preferred contact information to the original requester and you may provide them with a copy of your thesis directly. Some people prefer this option. This option will also only apply to the current request and will not apply to future requests.

If you have any questions or would like something clarified, please do not hesitate to ask. Thank you for your assistance with this request!
