Hi Keith,

UMBC recently implemented a digital repository, ScholarWorks@UMBC, here:

<<https://mdsoar.org/handle/11603/14>>. We're trying to add more

publications so that ScholarWorks better showcases what we do at UMBC.

I'm wondering if "Progress Report on the Airborne Composition Standard Variable Name and Time Series Working Groups of the 2017 ESDSWG" can be added to ScholarWorks@UMBC? If so, just reply yes and I'll do this.

Michelle
