!S
Full-time Faculty are used for representation
representation proportional to # of FTF
steer clear from becoming unwieldy

Vote Plan
Department has 1 faculty senator
simple, easy-to-explain
all faculty have a voice
representation is not proportional
representation may be burdensome on small depts

Size Plan
Department has at least 1 faculty senator
larger depts get a "bonus" senator because of their size
relatively simple to explain
representative
number of senators becoming unwieldy
representation may be burdensome on small depts

1-2 Plan
5 to 2 faculty senators per dept
larger depts get a "bonus" senator because of their size
depts share a senator
representation
unwieldy number of senators (12 more than current)
departments will not feel burdened
complex
all depts senators must make an effort to connect across depts
