Mr. Keyser's Election. A Good Sermon Preached Upon the Rev. of Baltimore Democrats. The Day takes Mr. Keyser's election for a text and goes on to say: "The unanimous election of Mr. William Keyser as chairman of the Democratic City Executive Committee last evening was one of the most substantial gains yet made by those who seek to reform the methods of management of the Democratic party and restore to the mass of its members their long-lost right to make their own nominations. An equally hopeful sign for the future was the Sheriff of Somerset county in 1877, that no church buildings existed at Rehoboth or Pocomoke at that date. McKenke preached at Rehoboth, but did not establish an organization there until after he had organized the church at Snow Hill. The argument then shows that there was a preponderance of the Scotch and Scotch-Irish element about Snow Hill that would be peculiarly likely to attract McKenke at the outset of his work. The evidence adduced by Judge Wilson is not direct, as there is none to be found, but his argument is founded upon facts that give a strong color of probability to his claim in favor of the Snow Hill church. These facts are presented in logical order, and in such a manner as to be almost convincing.

The feeling which actuates voters now is the desire for economy in public expenditure. They demand a reduction of taxation to the lowest practicable point. The republicans have disgusted the whole country by their loose and corrupt doings at Washington and from president down, the people are crying for a general reform in official life. With that idea paramount in their minds, the large proportion of taxation, embraced in county expenditures makes the county commissioners the most important of all officers to be voted for this fall. They direct the expenditure of every dollar collected for county purposes; they fix the tax rate and it is with them to see that not a cent is wasted or appropriated for any but necessary purposes. They can strengthen or weaken the party, as they are economical or careless. For four years past, the county taxes have steadily increased. The people are pained. They feel that their money is being husbanded wisely. They think that the reduction should be continued until a rate of fifty cents on the hundred dollars is reached. To steadily reduce the taxes will require commissioners of intelligence and firmness. They must listen to no proposals that would increase the expenditures. We have had for two years past a board which some have called parsimonious, but which, nevertheless has earned the grates of the taxpayers. The democratic voters should take care not to choose candidates for this important duty who are in any degree inferior to the present commissioners. Men will come forward and urge party work or personal claims, but the idea always to be remembered is "qualification." We want a board each member of which will vie with the others to find expenses which can be lopped off. We want a board which will announce next year to the people that the county tax rate is seventy cents and the next year fifty five, if there is any possible way to reach that end. No easy-going picking up of candidates who need the place for the few dollars there to be made, will do. The real duties can be performed only by men of superior quality. The people will examine closely the candidates on the commissioners' part of the ticket.

A Possible President. Therefore His Words are to be Listened to and Heeded. Judge Howdy, the democratic nominee for Governor of Ohio, opened his campaign at Hamilton Saturday evening. Judge Howdy was greeted with cheers when introduced, and began his remarks by saying that "he was there as the representative of a democracy as old as that of Jefferson, but so new that, God willing, it will newly occupy the offices of this State and nation." After paying high personal compliment to his opponent, Judge Foraker, he said that the republican ticket was nominated to follow the old beaten path. He was willing to be the butt of all personal attacks as to character and belief, but had no quarrel with the personality of the opposite party, while he would hold high conflict with the principles of the republicans. He then proceeded to consider the republican platform, saying from the columns wished to avoid making a key-... Judge Howdy's last year's efforts in that regard, when he was elected, proved disastrous. Taking first the declaration of achievements in the republican platform, he said that party had a habit of getting back to the future, and pointing with pride to the past. He then read a paraphrase of the platform as it ought to be. He included among these achievements the theft of the presidency, the whisky ring and the star-route frauds, the destruction of the navy and mercantile marine and the river and harbor stealings. These furnished, he said, reasons why Chase and Greeley and thousands of good republicans should have left the party.

The internal revenue tax on matches ceased on Monday, July 2nd in consequence of the price of that useful article falling. In New York Monday the price of the ordinary "house" matches fell from \$1.50 a gross to 60 cents, but as the demand for them was so great the manufacturers raised the price to 75 cents, and even then found that they were in danger of running short of the demand. The grade known as "parlor" matches fell from 75 cents to 40 cents a gross. All kinds have depreciated 50 per cent. in price in that city, and there is no probability that the wholesale price there will rise. The retail price are as low in proportion as the wholesale.

Mr. Keyser's Election. A Good Sermon Preached Upon the Rev. of Baltimore Democrats. The Day takes Mr. Keyser's election for a text and goes on to say: "The unanimous election of Mr. William Keyser as chairman of the Democratic City Executive Committee last evening was one of the most substantial gains yet made by those who seek to reform the methods of management of the Democratic party and restore to the mass of its members their long-lost right to make their own nominations. An equally hopeful sign for the future was the Sheriff of Somerset county in 1877, that no church buildings existed at Rehoboth or Pocomoke at that date. McKenke preached at Rehoboth, but did not establish an organization there until after he had organized the church at Snow Hill. The argument then shows that there was a preponderance of the Scotch and Scotch-Irish element about Snow Hill that would be peculiarly likely to attract McKenke at the outset of his work. The evidence adduced by Judge Wilson is not direct, as there is none to be found, but his argument is founded upon facts that give a strong color of probability to his claim in favor of the Snow Hill church. These facts are presented in logical order, and in such a manner as to be almost convincing.

Mr. Keyser's Election. A Good Sermon Preached Upon the Rev. of Baltimore Democrats. The Day takes Mr. Keyser's election for a text and goes on to say: "The unanimous election of Mr. William Keyser as chairman of the Democratic City Executive Committee last evening was one of the most substantial gains yet made by those who seek to reform the methods of management of the Democratic party and restore to the mass of its members their long-lost right to make their own nominations. Bits of News Gathered Here and There From the Press.

Schroeder's Own Solvent removed and cured. Corns, Bunions, Warts, etc. 25 cts. at drugists.

Congressman Horst, of Michigan, says all the Democratic congressmen from that State will vote for Carlisle for Speaker.

By his last veto Governor Pattison, of Pennsylvania, cut out about \$42,500 in the way of salaries, including that of the chaplain of the House of Representatives.

George Ayres, a wealthy farmer of Brown county, Ohio, shot and killed his grandson, who was asleep, and set the house on fire. He then went to the barn set it on fire, shot himself and was burned up in the building. He was insane.

A son of Bernard C. Rogers, of New York, died on Friday at the Convent of the Sacred Heart of Mary, Sag Harbor, Long Island, where he was a pupil, from hydrophobia. He is said to have been bitten in the face by a dog in November.

Bad Case of St. Vitus Dance. Minister is the singular name of a town situated in Augula Co., Ohio. It is the residence of Mr. J. Brandewie, who writes: "Samaritan Nerve permanently cured my son of a bad case of St. Vitus Dance." \$1.00.

Guiten's sister, Mrs. Scoville, has brought suit against her divorced husband asking that he be restrained from visiting her place of abode and defrauding her of her property, and that he be compelled to contribute to her support and to give her Guiten's effects.

Young men or middle aged ones, suffering from nervous debility and kindred weaknesses should send three stamps for Part VII of World's Dispensary Dime Series of books. Address World's Dispensary Medical Association Buffalo, N. Y.

Senator Edmunds has been charmed by Mount Tacoma, in Washington Territory. "I have been through the Swiss mountains," he says, "and I am compelled to own that, in fact, and in solid section may speak, there is absolutely no comparison between the finest effects that are exhibited there and what is seen in approaching this grand isolated mountain."

Swayne's Pills—Important to the Sick: Symptoms indicate disease, a continuance, days of suffering, perchance Death! Symptoms are, impure blood, costiveness, irregular appetite, headache, sour belching, soreness in back, breast and side, heart pains, giddiness, bad color of the face, and urine, and cold sensations, yellow skin. "Swayne's Pills" cure by gently removing all corrupt matter, regulating and nourishing the system. 25 cts. box of 30 pills; 5 boxes, \$1. At Drugists or by mail. Dr. Swayne & Son, Philadelphia, Pa.

Mr. Samuel B. Kerr, of Indiana, a son of the late Speaker Michael C. Kerr, says he knows of no influential Indiana Democrats in favor of the old ticket, but on the contrary, the active party will be unanimous next year for Ex-Speaker McDonald as the presidential candidate. He further said that the representative from his district, Mr. Stockberger, was in favor of Mr. Carlisle for Speaker.

A low condition of health is common with many who allow themselves to worry. Mental anguish causes bodily sufferings. Anxiety and care has broken down many constitutions. A train of disorders usually follow mental distress. Heart affections, nervousness, sleeplessness, dyspepsia, liver complaint, kidney troubles, etc., are among the list. A sure remedy for relieving all mental and physical distress is Brown's Iron Bitters. It not only strengthens every part of the body making work a pleasure and care unknown.

Conscientious Duty. "I conceive it to be my duty to you and to the public equally," wrote Will Linton Hargrave, Esq., of the Western Female College, Martinsburg, N. C., as far back as 1833, "to state that in a constant family name, Dr. Worthington's Diarrhoea and Cholera Medicine, I have found it of unfailing efficacy. While it is of priceless value in Diarrhoea, Dysentery and Cholera infantum, it is scarcely, if at all, less efficient in nervous affections generally, and as an adjunct in Fever and Age." Sold for 25 and 50 cents a bottle.

Louisville Courier-Journal (Dem.): "The Republican newspapers are conducting an exceedingly active campaign for Mr. Randall, whom they have nominated for the next Speaker of the House of Representatives. An Englishman studying American institutions, as they are reflected in the political press, would conclude that we elect the Speaker of the House of Representatives as we do the President, and that the campaign was now progressing, with Mr. Randall bearing the Republican standard."

State and Penitentiary. What the Newspapers Have to Say on Various Subjects.

A Crisis, statisticians estimate Baltimore consumes annually 5,000,000 crabs.

The July term of the Circuit Court for Somerset County commenced Monday, with Judge Irvington Wilson on the bench.

Chas. H. Hurd, of Kent county, Del., fell into the river at Wilmington Sunday morning and was drowned. He served in the First Delaware Regiment during the late war, and lost a finger in the battle of Antietam.

A negro girl at Hayden town, threatened with whipping for lying in bed, jumped out of a second story window on Thursday when she heard her father approaching, and was picked up seriously injured. Dr. Barlow and Clements pronounce her condition critical.

Friday afternoon two little boys were sent to Emmerton store for coal and matches. On their way home they started a fire, pouring oil on it. The case exploded and the burning oil flew over one of the children, Harry Froster, aged 9 years. He ran screaming toward home, the wind fanning the flames, but fell after running a short distance. A man at work in a field heard his cries, but before he could reach him the little fellow's clothing was entirely burned off. He died a short time after. The little victim was the son of Mrs. Mary Froster, a widow, living in the neighborhood.

Schroeder's Own Solvent removed and cured. Corns, Bunions, Warts, etc. 25 cts. at drugists.

Congressman Horst, of Michigan, says all the Democratic congressmen from that State will vote for Carlisle for Speaker.

By his last veto Governor Pattison, of Pennsylvania, cut out about \$42,500 in the way of salaries, including that of the chaplain of the House of Representatives.

George Ayres, a wealthy farmer of Brown county, Ohio, shot and killed his grandson, who was asleep, and set the house on fire. He then went to the barn set it on fire, shot himself and was burned up in the building. He was insane.

A son of Bernard C. Rogers, of New York, died on Friday at the Convent of the Sacred Heart of Mary, Sag Harbor, Long Island, where he was a pupil, from hydrophobia. He is said to have been bitten in the face by a dog in November.

Bad Case of St. Vitus Dance. Minister is the singular name of a town situated in Augula Co., Ohio. It is the residence of Mr. J. Brandewie, who writes: "Samaritan Nerve permanently cured my son of a bad case of St. Vitus Dance." \$1.00.

Guiten's sister, Mrs. Scoville, has brought suit against her divorced husband asking that he be restrained from visiting her place of abode and defrauding her of her property, and that he be compelled to contribute to her support and to give her Guiten's effects.

Young men or middle aged ones, suffering from nervous debility and kindred weaknesses should send three stamps for Part VII of World's Dispensary Dime Series of books. Address World's Dispensary Medical Association Buffalo, N. Y.

Senator Edmunds has been charmed by Mount Tacoma, in Washington Territory. "I have been through the Swiss mountains," he says, "and I am compelled to own that, in fact, and in solid section may speak, there is absolutely no comparison between the finest effects that are exhibited there and what is seen in approaching this grand isolated mountain."

Swayne's Pills—Important to the Sick: Symptoms indicate disease, a continuance, days of suffering, perchance Death! Symptoms are, impure blood, costiveness, irregular appetite, headache, sour belching, soreness in back, breast and side, heart pains, giddiness, bad color of the face, and urine, and cold sensations, yellow skin. "Swayne's Pills" cure by gently removing all corrupt matter, regulating and nourishing the system. 25 cts. box of 30 pills; 5 boxes, \$1. At Drugists or by mail. Dr. Swayne & Son, Philadelphia, Pa.

Mr. Samuel B. Kerr, of Indiana, a son of the late Speaker Michael C. Kerr, says he knows of no influential Indiana Democrats in favor of the old ticket, but on the contrary, the active party will be unanimous next year for Ex-Speaker McDonald as the presidential candidate. He further said that the representative from his district, Mr. Stockberger, was in favor of Mr. Carlisle for Speaker.

A low condition of health is common with many who allow themselves to worry. Mental anguish causes bodily sufferings. Anxiety and care has broken down many constitutions. A train of disorders usually follow mental distress. Heart affections, nervousness, sleeplessness, dyspepsia, liver complaint, kidney troubles, etc., are among the list. A sure remedy for relieving all mental and physical distress is Brown's Iron Bitters. It not only strengthens every part of the body making work a pleasure and care unknown.

Conscientious Duty. "I conceive it to be my duty to you and to the public equally," wrote Will Linton Hargrave, Esq., of the Western Female College, Martinsburg, N. C., as far back as 1833, "to state that in a constant family name, Dr. Worthington's Diarrhoea and Cholera Medicine, I have found it of unfailing efficacy. While it is of priceless value in Diarrhoea, Dysentery and Cholera infantum, it is scarcely, if at all, less efficient in nervous affections generally, and as an adjunct in Fever and Age." Sold for 25 and 50 cents a bottle.

Louisville Courier-Journal (Dem.): "The Republican newspapers are conducting an exceedingly active campaign for Mr. Randall, whom they have nominated for the next Speaker of the House of Representatives. An Englishman studying American institutions, as they are reflected in the political press, would conclude that we elect the Speaker of the House of Representatives as we do the President, and that the campaign was now progressing, with Mr. Randall bearing the Republican standard."

State and Penitentiary. What the Newspapers Have to Say on Various Subjects.

A Crisis, statisticians estimate Baltimore consumes annually 5,000,000 crabs.

The July term of the Circuit Court for Somerset County commenced Monday, with Judge Irvington Wilson on the bench.

Chas. H. Hurd, of Kent county, Del., fell into the river at Wilmington Sunday morning and was drowned. He served in the First Delaware Regiment during the late war, and lost a finger in the battle of Antietam.

A negro girl at Hayden town, threatened with whipping for lying in bed, jumped out of a second story window on Thursday when she heard her father approaching, and was picked up seriously injured. Dr. Barlow and Clements pronounce her condition critical.

Friday afternoon two little boys were sent to Emmerton store for coal and matches. On their way home they started a fire, pouring oil on it. The case exploded and the burning oil flew over one of the children, Harry Froster, aged 9 years. He ran screaming toward home, the wind fanning the flames, but fell after running a short distance. A man at work in a field heard his cries, but before he could reach him the little fellow's clothing was entirely burned off. He died a short time after. The little victim was the son of Mrs. Mary Froster, a widow, living in the neighborhood.

Mr. Keyser's Election.

A Good Reason Presented Upon the Part of Baltimore Democrats.

The Day takes Mr. Keyser's election for a text and goes on to say: "The unanimous election of Mr. William Keyser as chairman of the Democratic city executive committee last evening was one of the most substantial gains yet made by those who seek to reform the methods of management of the Democratic party and restore to the mass of its members their long-lost right to make their own nominations."

Along one or middle aged ones, suffering from nervous debility and kindred weaknesses should send three stamps for Part VII of World's Dispensary Blue Series of books. Address World's Dispensary Medical Association Buffalo, N. Y.

As Lake Turner was moving his traction engine from a farm near Butteburg to one in the vicinity of Chester...

Robert Floyd, colored, of Princess Anne, was arrested Monday by Sheriff Simpson on a charge made by Livonia Waters, also colored, aged about 15 years, of a felonious assault upon her on Sunday night last.

Some wheat growers of this county cannot complain of the yield they have received this season. Below we give the names of a few farmers who have thrashed their crops, and the number of bushels raised: James N. Hughes, Esq., who resides on the Pocomoke river, near Shelton, obtained 1000 bushels from 25 acres; Mr. Wm. J. Brittingham, at this town, sowed 70 bushels and thrashed 1800 bushels; Thos. H. Fitzgerald on the Manokin river, has a 44 acre lot which thrashed 178 bushels, and it had been in three years in succession. We have not learned the amount of the Captain's entire crop. James U. Dennis, Esq., sowed 88 bushels and got 1400; Mr. Elijah D. Reed's entire crop numbered 1900 bushels, and one field of which he sowed 42 bushels, which produced 940. All the above named gentlemen have self-binders, which proved to be a great saving of hands in harvesting.

Senatorial Candidates are thickening. Cecil is said to have two—Groome and Constable; Kent two—Wicks and Pearce; Queen Anne three—Robinson, Keating and Brown; Talbot three—Hamblin, Thomas and Gibson; Dorchester two—Henry and Goldsboro; Somerset two—Dennis and Page, and Worcester two—Wilson and Covington. Caroline and Wicomico alone admit that they have no extra supply of Senatorial timber, but with such an embarrassment of riches in their paper parades, the State may be congratulated on the "Eastern Shore law" need not work disaster to the opportunities for distinction in the National Council. Comparisons are odorous and prophecies might prove futile, but it is a notable fact that four of the names above given are supplied by the Bench, and it is not unlikely to declare that what the Bench supplies deserve to rank with the best of the others—Cecil Democrat.

On Monday evening they returned to Dover a young man to visit his parents who had been away from home six years. He has changed in his personal appearance somewhat since he left, being thinner. Upon the arrival of the boy, the father and mother in the store of his cousin, and bought a large lot of goods from him. He then left the store, the father not even thinking that he had been talking to his own son. Upon reaching the dwelling house, his mother, sister and aunt were sitting in the porch. He asked if Mr. — lived there, and it is not unlikely to declare that what the Bench supplies deserve to rank with the best of the others—Cecil Democrat.

He then left the store, the father not even thinking that he had been talking to his own son. Upon reaching the dwelling house, his mother, sister and aunt were sitting in the porch. He asked if Mr. — lived there, and it is not unlikely to declare that what the Bench supplies deserve to rank with the best of the others—Cecil Democrat.

On Monday evening they returned to Dover a young man to visit his parents who had been away from home six years. He has changed in his personal appearance somewhat since he left, being thinner. Upon the arrival of the boy, the father and mother in the store of his cousin, and bought a large lot of goods from him. He then left the store, the father not even thinking that he had been talking to his own son. Upon reaching the dwelling house, his mother, sister and aunt were sitting in the porch. He asked if Mr. — lived there, and it is not unlikely to declare that what the Bench supplies deserve to rank with the best of the others—Cecil Democrat.

FARMERS, USE ORCHILLA GUANO "The Best and Cheapest" FOR ALL CROPS.

The history of Agriculture for the last seventeen years records no greater triumph than has been exhibited in the annual results of the use of ORCHILLA GUANO.

BY ITS MERITS. This is doing, and as it makes friends, it keeps them. Those who have used it longest, use the most of it. Our claim for the value of Orchilla Guano is a high one; but we have the testimony of thousands of farmers who use it, that it is not an extravagant one.

THE DEPARTMENT OF AGRICULTURE OF VIRGINIA.

WAS ESTABLISHED PARTICULARLY FOR THE PROTECTION OF FARMERS IN THE DETECTION AND PREVENTION OF IMPOSITION IN THE PREPARATION AND SALE OF FERTILIZERS, THE PURCHASE OF WHICH, IN OUR DAY, CONSTITUTES SO LARGE, IMPORTANT AND NECESSARY A PORTION OF A FARMER'S EXPENDITURE.

Send for our little book containing verbatim copies of letters from some of the most successful farmers of the country, who have used Orchilla Guano for years and will have nothing else, the burden of whose story is: "IT HAS MADE OUR POOR LANDS RICH."

WOOLDRIDGE, TRAVERS & CO. IMPORTERS, 64 BUCHANAN'S WHARF, BALTIMORE, MD. AGENT, JESSE HUFFINGTON, Allen, Wicomico Co., Md.

J. CANNON & SON, SALISBURY, MARYLAND.

FIRE AT THE FLOCK!

Dead Docks in this case signifies Death to all Diseases caused by a Disorganized Liver, and any ailment is the result. The remedy in this case is: AGUE BITTERS.

And if you know how to Remove the Cause, you can cure the disease. The Great Liver Regulator, Dr. J. C. Taylor's Compound, is the only medicine that cures the cause. When Nature is obstructed, the bile, stool, or pain or fever, or by a bad feeling generally.

AGUE BITTERS. The Great Liver Regulator, Dr. J. C. Taylor's Compound, is the only medicine that cures the cause. When Nature is obstructed, the bile, stool, or pain or fever, or by a bad feeling generally.

Therefore His Words are to be Listened to.

Judge Handy, the democratic nominee for Governor of Ohio, opened his campaign at Hamilton Saturday evening. Judge Handy was greeted with cheers when introduced, and began his remarks by saying that "he was there as the representative of a democracy as old as that of Jefferson, but so new that, God willing, it will newly occupy the offices of this State and nation."

The question of succession at once comes up. Dr. Mayer Lewin is spoken of as well as several of the Baltimore clergy. But there appear to be insuperable objections to each. A Day correspondent writes of Bishop Wingfield thus: "Public opinion seems to be settling down in favor of the brilliant bishop of Northern California, the Rt. Rev. J. H. Wingfield, D. D., LL. D., as the successor of Bishop Pinkney. This pious and eminent divine has the confidence of all parties in the diocese, and could command the two-thirds vote required by a constitutional assembly."

The internal revenue tax on matches ceased on Monday, July 2nd in consequence the price of this useful article has fallen. In New York, Monday the price of the ordinary "blue" matches fell from \$1.50 cents to 50 cents, but as the demand for them was so great the manufacturers raised the price to 75 cents, and even then found that they were in danger of running short of the commodity. The grade known as "parlor" matches set for from 75 cents to \$1 a gross. All kinds have depreciated 20 per cent. in price in that city, and there is no probability that the wholesale price for them will rise. The retail prices are as low in proportion as the wholesale.

Post-Office Hours: Mails Open at 7 A. M. Mails Close at 11 P. M. Office open from 9 A. M. to 6 P. M.

Local and County.

The Presbyterian Mite Society will meet Tuesday next at Mrs. Dr. Collier's. The cream and cake will be served.

A game of base ball is talked of between Salisbury and a nine selected from Snow Hill, Stockton and Pocomoke.

Married on Monday evening July 2, by Rev. John D. C. Hanna, Benjamin F. Ward to Miss Emma J. Wingate, both of Salisbury.

The match between the Junior nine and the Fruitlands is off. The latter could not come on Friday and our boys cannot get off Saturday.

Mrs. W. F. Jackson and children are in town. They expect to leave about the last of July for Long Branch. From there they will go to Saratoga.

Flutland had a grand turnout on the 4th, about one thousand people were present, who were favored with a masterly effort by Rev. J. H. Willey, of Snow Hill.

Henry D. Lloyd will describe in the next number of the North American Review the methods employed by speculators in grain, and will show how they operate to make bread dear.

L. E. Williams & Co., have just had a fine suit of harness made by L. W. Taylor. It is of the finest leather throughout. Every buckle is rubber and the headstall is handsewnly mounted. Home industries seem equal to all the demands of taste and quality.

Rev. John D. C. Hanna will preach at the Methodist Episcopal Church, on Sunday morning at 10:30 o'clock, subject, "The Harvest Assured"; and at the Methodist Episcopal Church South, in the evening at 6 o'clock, subject, "The Essential Dependence of the Church." All invited.

Mr. S. E. Gordy has our thanks for a basket of delicious peaches and apples. The peaches are of the Amesen June variety, and the apples Early Harvest. The fruit is from two year old trees. Mr. Gordy has now upon his farm a large orchard of different varieties of fruit, which will soon be in full bearing.

Carpenters and builders are very busy in town. E. E. Jackson's new residence will soon be begun, Humphreys & Tilghman's store is under way. C. F. Holland has just finished his improvements, J. J. Morris is putting the last touches on his residence and a half dozen houses are in contemplation.

The Asbury Methodist Episcopal Sunday School of this town will go on an excursion to Ocean City July 26th. The train will leave at 7 A. M. and return at 7 P. M. Reduced rates have been secured and invitations sent to other schools to join the excursion. A sufficient number of cars will be provided to accommodate all who desire to go. A grand time is anticipated.

Assumptions people say our correspondent was mistaken in estimating the attendance there on the Fourth at 800. Many persons put it at 1500, and nearly all 1000. One gentleman, it is stated, counted 600 around the hotel at one time, which did not include all present by at least a half. Old inhabitants say there has not been such a crowd there since the famous meeting of 1840.

Thursday morning a fair mare belonging to Mr. J. C. Phillips, was hitched to a dearborn wagon and left standing at the barn. Something frightened her and she started to run, knocking down the lane gate and coming towards town. Gradually increasing in speed, she was making good time down Main street, when in attempting to turn into Dock street, the wagon came in collision with a post, completely wrecking it. The mare was not injured.

The following is a list of letters remaining in the Salisbury (Md.) Post-Office, Thursday, July 12.

Ladies' List.—Mrs. Laura V. Adams, Miss Vng Evans, Mrs. Lizzie Gunby, Mrs. Mary Harris, Mrs. Rebecca, Mrs. P. Shinnar, Mrs. Chas. B. Smith, Miss Mary F. Tilghman, Miss Jane Wales, Miss Ella Williams.

Gent's List.—Mr. D. L. Bishop, Mr. Franklin G. Goebel, Mr. Phneas Gordy, Mr. J. Herford, A. L. R. & C. 2, Rev. T. H. Lewis, Henry Crawford 2, P. W. Squire.

Persons calling for them will please say they are advertised. J. P. Owens, P. M.

M. E. Church News.

From the Conference Worker we take the following items of church news: St. Peter's and Quilicoque advanced the salary of their preacher from \$600 to \$700, and it is said are about to buy him a house in place of one lost. Will not Gumburg and other charges whose pastors have lost horses do the same? It will make us no poorer and will make the pastors richer.

Asbury, Rev. W. E. Avery pastor, advances from \$700 to \$800. Crisfield from \$500 to \$600. Smith's Island from \$250 to \$300. These islands are supplied by a resident local preacher, Rev. John Tyler, who is taking hold of the work grandly, and commands the affection and confidence of his people.

Tanger Island, last year a \$150 appointment, on Accomac circuit, the whole paying but \$600, was made a separate station this spring with G. S. Baker, pastor, and starts out with \$600 salary, which will be much more in the near future. This will soon be financially one of our best appointments. They are a noble people. The writer had the privilege of preaching to them five times the first quarterly meeting and greatly enjoyed it. They have "an open door." (The pastor has just sent us twenty new subscribers for the Watchman. Let them be the people of Tanger Island.)

On a note.—A man, the true and the tried, I. G. Farnsworth, pastor, in spite of the loss of Taylor, keeps her salary at \$300.

Fruitlands also steps into the ranks of the advancing charges by fixing the support of the pastor, Rev. J. M. Lindsie, at \$400, an increase \$50.

From the Tuesday Edition.

Rev. G. W. Downe's Defense of the Miscellaneous Movement.

Miss Quarry, of Baltimore, is visiting Miss Ida Tilghman.

Miss Martha McLean of Wilmington, is visiting Miss Corn Collier.

Miss Lizzie Thompson of Philadelphia accompanied Miss Emma Powell on her return home Saturday.

Miss Nannie Byrd left Friday last for Snow Hill, where she will remain until about the middle of September.

William Bell, Esq., of St. Joseph, Missouri, arrived Saturday. Miss Bell, of St. Louis, accompanied him. They will remain some time in Salisbury.

Peter Tilghman, Esq., left with us Saturday a bunch of wheat stalks from a single seed, containing 56 separate stalks and heads. E. J. Pusay left two bunches, a couple of weeks ago, with 38 heads in each.

Mrs. Elizabeth Robinson, wife of McHenry Robinson and daughter of Geo. W. Caspell, died Sunday morning aged about 22 years. The remains were interred in the Fruitland M. E. churchyard, where the funeral services were held Monday.

The Angel of Death has again visited the household of E. Alfred Trader, who lives near the Fair Grounds, taking therefrom his beloved wife and one child. On Thursday last, he lost his youngest child, a mere baby, which was buried Friday. Sunday his wife died, leaving him with one child, all that is now remaining of a family of ten children.

Hamprey Richardson, formerly of this county, who was sentenced by the Court here to several years confinement in the penitentiary for horse stealing, served out his term and was discharged this Spring. He had saved \$140, and deposited it with Mr. W. P. Jackson, who is a director in the penitentiary, soon after his discharge. He has not been heard of since by Mr. Jackson. Up to a week before his term expired he seemed anxious to escape the few days of confinement as he had the whole period.

Rev. George W. Downe preached a striking sermon in St. Peter's P. E. Church, Sunday morning. It was a defence of what is usually termed the High Church movement. He said that prior to the Oxford movement, which began openly about the period of Queen Victoria's accession, the English Church had lost much of its influence. Its service was dull, barren and uninteresting. Its ministry was mechanical and perfunctory. The people were losing their reverence and affection as the church lost its symbolic ritual and its vitality. A band of devoted adherents arose who saw the necessity of restoring their beloved church had fallen. The object of the movement was "to raise the Church of England from dull, easy-going acquiescence and to quicken her again with the spirit of a priesthood, to arouse her to the living work, spiritual and physical, of an ecclesiastical sovereignty." The beautiful symbolism which was hers by right of inheritance from the early days of the faith was to be revived and the service, at once more beautiful and more truly Christian, was to regain its pristine universal vitality. The influence of this band of devoted churchmen has extended and grown. It has brought back the forms of worship and the doctrines of the fervent days of the early church. Those forms are not innovations but a revival. They belong to the service as that which is proper, but long neglected. There is no attempt to go outside the prayer-book. A priest has no more authority to step beyond the prayer-book than a layman; both are equally bound by it. It provides for all the ritual introduced by the revival.

Much more of the same nature was said. St. Peter's young pastor evidently has a faith and is ready to strike in its defense.

Local Points.

Mr. Jay Williams announces himself as a surveyor in another column.

For Rent: The third story at Laundry Building. Apply to S. P. Dennis.

For Sale: One Easy Organ. Price \$50.00. Terms easy. Apply to L. H. Nook.

Remember that all fruit trees bought of S. P. Toadvine are guaranteed true to name.

Miss Kidwell, of Baltimore, arrived Wednesday. She will be a guest of Miss Nannie White.

Dr. Collier drove his new five-year-old to Princess Anne Tuesday in an hour and a half.

Rev. Mr. Mullineux and wife returned home on the steamer Kent, Wednesday morning.

A reception was held by Mr. and Mrs. Geo. M. Moore, at Mrs. G. W. White's, Monday evening.

The silver wedding anniversary of Rev. Alexander Sinclair and Mrs. Sinclair will occur August 10th.

Canvasser and collector wanted in Wicomico and adjoining counties. Address S. M. Pocomoke City, Md.

A. W. Woodcock & Son receive almost daily new goods from the manufacturers, of latest designs, which they sell very low. The community appreciates their efforts to please, as evinced by the crowds that daily throng their place of business. Don't forget the place—A. W. Woodcock & Son.

The Williams Evaporator manufacturers have made a compromise with the Alden Company, by which the purchasers of the former are protected from the Alden suits. Mr. C. C. Conway, of Quantico, is agent for these excellent machines, which are manufactured by J. M. Sorrett, Manay, Pa.

The Tyssick Co. of P. Festival will be held in the M. E. Church grounds on the 25th of July, 1893. Exercises to commence at 10 o'clock, a. m., and continue through the day. Col. Henry Page, of Princess Anne, Jas. Whitehouse, of Baltimore, and T. B. Moore, of Quantico will be the orators for the occasion. Music at intervals. Dinner served at 12, 3, 6, and 9 o'clock. Ice cream, lemonade, and confectionery plentiful. Object of festival, to raise funds to aid in building a hall. All are invited. Committee: W. J. Waller, A. D. Messick and John H. Robertson.

Maryland Teachers.

Higher Education for Women—A Suggestion from the Johns Hopkins University.

The seventh annual meeting of the Maryland Teachers' Association began at Ocean City, Tuesday. The session was opened at 8 o'clock in the dancing pavilion of the Atlantic Hotel, and its proceedings were interspersed with playing by Signor Franceschini's quartette of musicians. There were about 150 teachers present, representing all the Eastern Shore counties, as well as the Western Shore. The address of welcome was delivered by Col. L. E. Derrickson, State's attorney of Worcester. He made an earnest and eloquent address, speaking of the great advance that was made when the State system of public school education was established, contrasting its excellence with the old methods, and closing with some humorously gallant remarks about the adoption of the beach for quiet strolls and confidential avowals. The waves never repeated what they heard in the presence of so many bright eyes and rosy cheeks. He said he could wish that his hair was not so silvery as it is. He was greeted with warm applause, which continued while the band played. "Oh, they say that you are false, but I still believe you true." Prof. Chas. G. Edwards, assistant superintendent of the public schools of Baltimore, responded. His discourse was studded with apt quotations and adorned with flowers of rhetoric. An enrolling committee was appointed, and also a special committee to report resolutions on the death of Dr. P. M. Larkin, of Prince George's county, who was a prominent member of the association.

The report of Miss Emma Atkinson, of Washington, on "Girls and Greek" was read by Prof. Francis A. Soper, of the Baltimore City College. It was a very clever and interesting plea for a higher education for women, pointing out that there was no institution in Maryland where an ambitious girl could take a regular collegiate course. Prof. Soper also read a paper on "The Education of Women," in which he drew a glowing picture of the cultivated young woman. Turning from the gay quadrille to the equally giddy and intricate questions of higher mathematics, he referred to the case of Miss Mary Ladd, who he said had taken a course in higher mathematics at the Johns Hopkins University with marked success. She had also stated the notion that such scholastic taste in a woman dooms her to splendor by getting married, and thus proving that two could be made one in spite of mathematics. Prof. J. Goodman, principal of Baltimore male grammar school, No. 10, contended that while provision should be made for the higher instruction of women it would be impracticable to attempt to include in the high schools the study of such branches as algebra, geometry, trigonometry, and calculus. He suggested that resolutions should be passed asking the Johns Hopkins University trustees to make provision for the instruction of graduates of female high schools both in the city and country. This closed the day's proceedings.

Get Posted. Men who keep posted in reference to prices and quality of any article they wish to buy, have a great advantage over those who do not. The buying of a carriage is no small item. Yet people are buying them every day who have not first ascertained where they can be bought the cheapest. I believe that I am selling the best carriage in the world for the money. I do not ask the reader to believe it because I say so, but simply ask everybody to come and see for themselves. I am giving my customers the benefit of 16 years experience in the business. There is no necessity of one farmer or merchant buying carriages from another. Come to head quarters. W. T. Lanford, P. O. Box 134, Salisbury, Md.

JESSE HUGHES SELLS CHEAP BOOTS AND SHOES! Has received and is receiving weekly a supply of Boots and Shoes suitable for the present and approaching seasons, all of which will be sold at a very low figure. Those in want will please call and get a bargain. Quick sales and small profits in my motto! All kinds of Boots, Shoes and Gaiters made to order out of the best material and fit guaranteed.

JESSE HUGHES, No. 40 Main Street, Salisbury, Maryland.

NEVER BEFORE SHINGLES!

We have just received 200,000 No. 1 North Carolina Shingles. Also 75,000 All Heart White Pine Shingles, direct from Grand Rapids, Mich. They are 18 in long, and are calculated three to the foot. Price \$6.00 per thousand. They are beauties, and twenty-five per cent. cheaper than cypress.

Humphreys & Tilghman SALISBURY, MARYLAND. PROPOSITION.

The price charged by Dealers in our paints is a trifling amount higher than competing dealers obtain for their paint. The reason why other Paints are so much higher in price, has been often demonstrated. We submit the following proposition for the purpose of clearly proving it. Purchase one-half gallon of any other Paint and one-half gallon of our Paint, and have any painter use them side by side, then select the paint to be used.

It is our Print the cost of the one-half gallon of other paint will be paid for by the merchant who sells our paint. If the other paint is preferred, then the one-half gallon of our Paint will be charged.

Our Paints have now been in general use throughout the United States and Canada, also in Cuba and South America, during the past nine years, and under a Written Contract, which would have warranted us ten times over, if they were otherwise, the very highest quality of Paints for outside use and exposure.

Now is the Time to Paint your House. Buy only the best Paint—Wardworth, Martines & Longman's. The only paint that can be sold in some localities where it better known. Inquire of the following parties using this Pure Paint: Col. R. A. Graham, E. E. Jackson, Dr. Collier, Wm. H. Jackson, Milton A. Parsons, Dr. Slemmons, Chas. Birkhead, Capt. Wm. M. Ruark, Levin M. Wilson, George W. Waller, D. S. Wilson, Josiah Pollitt, Elijah Gordy, John Wingate, and the following painters: Wesley Alkman, John Nelson, Benj. Freney, Capt. Besenham, Willard Collins, Jas. Wilson and a host of others. All orders filled promptly out of stock at

L. W. GUNBY'S Hardware Store, 26 & 28 Main Street SALISBURY, MARYLAND.

The Trade Dollar Scare All SWEPT OVER! We are now daily preparing for the approaching season, and as we seriously object to carrying stock from season to season, we will close out all spring and summer goods at a sacrifice. Remember they must and will be sold. See what a great reduction in prices we have made. Everybody invited!

Birckhead, Laws & Carey, 44 Main Street, Salisbury, Md.

ATTENTION ALL!! We are now selling our Straw Hats at Cost. We do this as we have not the room to carry over, and then again we do not want any old stock. Anyone in need of a hat will find it to their advantage to call.

An Shoes we have a complete, and when you buy, you may rest assured that you are getting no old stock, as we have none. Do not forget that we give you full value every time.—Also remember that we have the latest styles in shoes and slippers for either ladies, misses, children, men or boys.

We are now taking Trade Dollars at Par. Do not fail to call at the Baltimore One Price House. A. WHITTINGTON, AGENT. 47 Main Street, Salisbury, Md.

I HAVE SEVERAL Second Hand Engines & Boilers. Located over the States of Delaware and Maryland that I will sell at a GREAT SACRIFICE—simply because it would be useless to keep them in this city to clean and paint and varnish them (which would not actually improve them) it would only give them a better appearance and then in the end send them back to Delaware or Maryland, with extra freight and other expense added. In addition to these objections, my stoves and waterworks are crowded with new machinery, and have no room for the old. I have a 5 Ton Fly Wheel, 16 ft. diameter and a Drive Wheel of 120 lbs., 6 ft. diameter and a 10 ft. diameter. Best Oak Turned OUTLET to the PLANE. Hancock Inspirators 50 per cent. discount. Best Oak Turned OUTLET 40 per cent. discount. Gum Belting 50 per cent. discount. Best Steel Pipe 5 per cent. discount. Best Lugs and Machine Oil 25 per cent. discount. Best Steel Pipe 5 per cent. discount. Shafting Pulleys and Hangers all per cent. discount. Best Fire Hose 5 per cent. discount. Best 100 lb. of Beans, in perfect order.

WRITE FOR PARTICULARS. My Stock of New Strictly First-Class Nagle Improved Erie Engines and Boilers and Eclipse Saw Mills!

In the most complete in the country, and as they are made in large lots, I can sell them at 10 per cent. lower than any other, and ship any amount received or order. Write for illustrated catalogue and prices. AGENTS WANTED FOR EVERYWHERE. Good Illustrated Catalogue and prices. Hancock Inspirators 50 per cent. discount. Best Oak Turned OUTLET 40 per cent. discount. Gum Belting 50 per cent. discount. Best Steel Pipe 5 per cent. discount. Best Lugs and Machine Oil 25 per cent. discount. Best Steel Pipe 5 per cent. discount. Shafting Pulleys and Hangers all per cent. discount. Best Fire Hose 5 per cent. discount. Best 100 lb. of Beans, in perfect order. A full line of Mill supplies ready for shipment.

Medical.

SIMMONS' LIVER REGULATOR

For Dyspepsia, Colic, Constipation, Biliousness, Chronic Diarrhoea, Jaundice, Impurity of the Blood, Fever and Ague, Malaria, and all Diseases caused by Derangement of Liver, Bowels and Kidneys.

SYMPTOMS OF A DISEASED LIVER: Bad Breath; Pain in the Side, sometimes the right, sometimes the left; Headache; Rheumatism; general loss of appetite; Bile is generally present in the urine; The face is discolored with a yellowish tinge; The eyes are watery, and the vision is dim; The tongue is coated with a white or yellowish matter; The bowels are either constipated or relaxed; The patient complains of weakness, and is unable to perform his usual duties; The appetite is lost; The patient is generally nervous, and is liable to fits of anger; The patient is generally thin, and has a yellowish tinge to the skin; The patient is generally weak, and is liable to all the diseases of a debilitated system.

It should be used by all persons, old and young, whenever any of the above symptoms appear.

Persons traveling or living in Unhealthy Localities, by taking a dose occasionally, will find it a most valuable remedy for all Biliousness, Constipation, Headache, Nervousness, Depression of Spirits, etc. It is a valuable addition to the medicine chest of every family, and will do more to relieve suffering than any other medicine.

It is PURELY VEGETABLE, and does not contain any of the deleterious ingredients of other purgatives. It is safe for the most delicate, and may be used by the aged, the infirm, and the young.

For whatever the ailment may be, a thoroughly reliable, safe, and effective remedy is never out of place. The remedy is harmless, and does not interfere with business or pleasure.

Poetical.

OUR HOME

The wind from out the West is blowing,
The homeward-wandering clouds are lowing;
Dark grow the pine woods, dark and drear—
The woods that bring the sunset near.
When our wife sees the sun decline,
Far off its fading glory shine,
Far off, sublime, and full of fear—
The pine woods bring the sunset near.
This house that looks to east, to west,
This, dear one, is our home, our nest;
Tender the love that fills our hearts,
The woods that bring the sunset near.
The woods that bring the sunset near.

Diseases of the Tongue.

Sermon Preached by Rev. J. D. C. HANCOCK
in M. E. Church.

Psalm XXXIV—18. "Keep thy tongue from evil, and thy lips from speaking guile."

On a previous occasion I had the privilege of speaking on the influence of the tongue; this evening I desire to address you on its diseases. Of course before I wrote a word on the subject, I was aware of its extent, and of the utility of attempting to exhaust it. Still I thought even if the subject could be no more than hinted at, some benefit might accrue to some listener or perchance, to the speaker himself.

There really seems to be a need for some pathological treatise on the tongue, especially for that branch of the subject which medical men call "Therapeutics" or the cure of diseases. What a great need we constantly feel for the services of the human frame, and its ailments. We may get very independent of the physician in our brief periods of perfect health, we may assume airs and declare he knows no more about us than we do ourselves, but we become humble enough when the pain of death makes the system, and the idea of death makes the mind. The man who can make an accurate diagnosis of our disease and prescribe the medicine that will prove a remedy, is held in the highest esteem. The moments when this independence to which I have referred is manifested, are only interludes; for it is not long that perfect health belongs to but few, and even perfect health may soon be shattered. All sorts of diseases are common to the human frame, diseases with every kind of name conceivable, and of every known origin of our body. We even consider the disease and the cure of what we call the tongue, yet we may talk and the tongue remain silent. A lie may be told in a sign by the hand, a gesture of the head, or a motion of any part of the body. It may be coughed, or laughed or spoken. Still if we are anxious to prove the accuracy of our statements, and if we do not need to go outside of the language of the tongue, we may talk and the tongue remain silent. A lie may be told in a sign by the hand, a gesture of the head, or a motion of any part of the body. It may be coughed, or laughed or spoken. Still if we are anxious to prove the accuracy of our statements, and if we do not need to go outside of the language of the tongue, we may talk and the tongue remain silent. A lie may be told in a sign by the hand, a gesture of the head, or a motion of any part of the body. It may be coughed, or laughed or spoken. Still if we are anxious to prove the accuracy of our statements, and if we do not need to go outside of the language of the tongue, we may talk and the tongue remain silent. A lie may be told in a sign by the hand, a gesture of the head, or a motion of any part of the body. It may be coughed, or laughed or spoken. Still if we are anxious to prove the accuracy of our statements, and if we do not need to go outside of the language of the tongue, we may talk and the tongue remain silent. Baltimore Cards.

83 Spring 83

We are in daily receipt of the handsomest, best and cheapest goods from both foreign and domestic manufacturers. In soliciting the public to examine our stock of SPRING GOODS we take great pleasure in assuring them that we have spared neither care nor expense in procuring and introducing an unlimited assortment of the latest designs and colorings. Our greatly increased business is owing to our having sold all grades of DRY GOODS of the best makes and newest styles at the very lowest prices. We shall continue to offer every advantage to purchasers this season—an examination of our stock and comparison of prices before purchasing elsewhere will convince our customers of this fact.

A. W. Woodcock & Son,
MODERN WATCHMAKER,
No. 30 Main Street,
SALISBURY, MARYLAND.

Still continue the repairing and setting of all kinds of fine Watches, Clocks and Jewelry.

Making the repairing of Fine Watches a specialty, and having had many years experience and a thorough knowledge of the business, I would respectfully invite you to call and see me when you desire your watch perfectly repaired. No matter how badly your watch is broken, you can have every part replaced by me. I use the very best materials, and have as fine a set of watchmaker's tools and machinery as any watchmaker south of Wilmington.

WATCHES SENT BY EXPRESS

will receive prompt and careful attention, and be repaired in a neat, regulated and returned. Fine Gold and Silver Watches for sale.

A. W. WOODCOCK
warrants the accuracy and durability of all fine watches sold by him, and is always ready to make good any defect. A fine and carefully selected stock of

JEWELRY

always on hand. Especial attention is called to his magnificent stock of

Solid Gold Rings.

A large stock of CLOCKS and SPECTACLES.

A word to those desiring Spectacles: Your sight is carefully tested and a pair guaranteed. Thanking you for past patronage, I hope, by fair dealing and honesty, to merit a continuance of the same.

A. W. WOODCOCK & SON,
Feblly, Salisbury, Maryland.

FOR SALE

30,000 Peach Trees

OF SUCH VARIETIES AS HAVE BEEN FOUND THE MOST PROFITABLE TO GROWERS!

I prepared all my beds from bearing trees, as many from C. Phillips, who is the most extensive fruit grower in this section. This nursery is located one and a half miles from Salisbury, on the newly road to Berlin. Persons wishing to plant

WILL PLEASE FAVOR ME WITH THEIR ORDERS! AS ALL STOCK IS GUARANTEED TO BE AS REPRESENTED IN SALE.

H. D. Spence will canvass this and adjoining counties for the sale of the same. He will furnish a list of the varieties in this section, in large quantities cheap. In fact, the price is as cheap as it can be procured.

Call and examine the Peach Nursery. Persons conveyed free of charge.

S. P. TOADVINE,

Gov. Hamilton.

A Baltimore Paper Thinks the Claims of the Peninsula Arrangement.

The Chestertown Transcript thinks that Governor Hamilton is not elected governor again it will not be through any lack of energetic effort on his part. It believes, moreover, that he would make a good and honest governor; but so it thinks, would Henry W. Archer, Robert M. McLane or William McKenney, and any of the latter could be chosen without violating the one-term precedent that has existed ever since colonial days. The claim by his friends that Governor Hamilton is the only man who can assure a good and pure administration of affairs it denounces as simple "boosh." All this is fair and well put. There is nothing in the constitution of this State to prevent Governor Hamilton from appearing for re-election, and there would be no particular feeling against an effort to gratify his desire if he were put in the field just as others have been. It is the arrogant claim that he is the only Democrat in the whole State honest and independent enough for the place that argues most makes the attempt to re-nominate him appear like an insult to the party and to its most able and distinguished members. Unfortunately the declarations by the Governor's friends as to what they expect of his intensity this feeling. It appears they have no idea of any other man at his hands than a vigorous denunciation of the Democratic administration of Maryland's affairs, and savage criticisms of all who have not, Bannon-like, bowed the pregnant blinges of their knees to him "that thrift may follow fawning." It is this mode of conducting operations that has caused the Day, which has no prejudice or animosity against Mr. Hamilton, to oppose his nomination. Believing as strongly as any one can that sturdy integrity and business ability should characterize any candidate our party names, we nevertheless think he should also possess common sense and a disposition to rise above personal prejudices and animosities, and that without these qualities his candidacy would widen needless breaches in our party, and all that has been done toward conciliation and harmony and jeopardize the party's control of the State. True, our friends that Governor Hamilton would not display these qualities is founded rather on the declarations of his friends than on any of his own recent utterances; but these friends must be accepted as his spokesmen, so far as the public is concerned, since, with a full knowledge on his part of all they are doing or trying to do in his behalf, they are about the only people he fraternizes with when in Baltimore; and though he prominently took occasion to declare that Gen. Bradley T. Johnson had no authority to speak for him, he has never made the right whisper of protest against the malignant activity of Johnson, Colton & Company, who became the youngest circle of ladies and gentlemen was a reception of the new organ of the Baltimore and Peninsula Association as follows: "We must have a State Convention of colored men, in order to have unity of action. There are less colored men holding positions under Col. Webster as collector, than there were under the much abused John L. Thomas. Every negro who has independent spirit enough in his soul to demand fair treatment at the hands of the republican is branded as a democrat. And still the flag for independence among the colored voters raises higher and higher. The colored Press convention declares that they should not be tied to any party. They now see and understand that freedom and the ballot were given them not so much out of regard for their interest as for that of those who conferred benefits, and colored men consider that their debt to the republican party is fully paid. They demand now the fulfillment of the long standing republican promise, to make them equal with their white brethren before the law and they will permit no evasion. If their wishes and rights are disregarded their votes will be withheld or given where more honesty can be found. The party, at least in this state, is in the hands of negroes, and a man who has emerged from obscurity by fraud and violence practiced largely upon colored men is hailed as its leader and most prominent candidate for gubernatorial honors. When there are colored men to look for the fulfillment of this ancient promise so often made and broken? The republican party regards the Negroes as a property. They wish to keep their property for all men, and do not practice them. Their practices are not in accord with the platform of principles enunciated by the National Republican party. The party, after receiving our vote for fourteen years, have failed to advocate anything in the interest of our race. Swayne's Pills—Important to the Sick. Symptoms indicate disease, a continuance, days of suffering, perchance Death! Symptoms are, impure blood, costiveness, irregular appetite, headache, sore belching, soreness in back, head and side, heart pain, giddiness, bad color to stools and urine, hot and cold sensations, yellow skin. "Swayne's Pills" cure by gently removing all corrupt matter, regulating and nourishing the system. 25 cents, box of 50 pills, 5 boxes, \$1. At Druggists or by mail, Dr. Swayne & Son, Philadelphia, Pa.

The Baltimore Calamity.

Strove Struggles for Life in Ten Feet of Water.

The excursion barge Cockade City made three trips Tuesday to Tivoli, carrying about 800 persons. The excursion was under the management of the Beneficial Society of the Church of Corpus Christi, corner of Mount Royal avenue and Market street, Baltimore. The barge on her last trip from the city to bring back the last of the excursionists reached Tivoli about 9 o'clock last night. About 200 people, men, women, and children, were gathered on the pier waiting to be admitted to the barge. They were kept back by a gate across the pier about twenty-five feet from the extreme end. The people were pushing against the gate impatiently. The dock was almost in utter darkness. Suddenly, and without any warning, the western string-piece of the half-decayed pier parted, and more than half of the crowd were thrown into ten feet of water. Those on the outskirts of the crowd were able to save themselves by springing back as the pier fell.

The Rev. W. E. Starr, pastor of Corpus Christi Roman Catholic Church, who witnessed the tragedy, said next night: "The wharf at Tivoli ran out from the shore perhaps one thousand feet. Near the end of the wharf were two large gates which were generally kept closed upon the arrival of the barge. Last night a number of persons, fatigued and desiring to obtain advantageous positions on the boat, strove to open the gates before the arrival of the barge, so that at the time the barge came in there were probably between 200 and 300 persons on the wharf between the gates. I, with a few others, had gained the extreme end of the wharf beyond the boat gate when the barge made fast. In the mean time both gates had been closed, and the keeper of the gate nearest the barge would not allow any one to pass.

The Telegraph Strike.

The Operators Are Hung and Business Is Crippled Everywhere.

Between five and six thousand telegraph operators employed by the leading companies of the United States and Canada have struck for increased pay and fewer hours of work. Although the managers of the companies expected the strike after refusing to accede to the demands of the telegraphers they were surprised at the number of men who struck. The strike is managed by the Brotherhood of Telegraphers, an organization which has at its back the Knights of Labor. The hour for the beginning of the war was fixed on Monday night, and at noon the cipher order was issued to every telegraph office in the country. A quarter of an hour later hundreds of offices were closed and hundreds of others were crippled by losing workers that, but little business was done. The reports from all quarters are alike as to the manner in which the operators retired. Business men of New York, Philadelphia, Boston, and Cincinnati suffered most, but the managers of the companies are hopeful and say that between company operators and amateurs they will be able to perform the usual amount of work without difficulty.

The Know-Nothing Leader.

Ex-Gov. Thomas Swann Dead—His Career in Public Affairs.

Ex-Gov. Thomas Swann of Maryland died at his estate near Leesburg, Loudoun county, Va., at 5 o'clock Tuesday night. Gov. Swann was a Representative from Baltimore in the Forty-second, Forty-third, Forty-fourth and Forty-fifth Congresses, and during the latter was Chairman of the Committee on Foreign Affairs. He was at one time President of the Baltimore and Ohio Railroad. He was made Mayor of Baltimore by the Know-Nothing party and established there the police system, fire alarm system, and many other important public works and improvements. He was a Union man and a Republican, and at the close of the rebellion became a Democrat. His home has been at different times in Washington, Leesburg, or in his Fifth avenue residence in Baltimore. He was twice married, the last time to Mrs. Edgar Thompson of Princeton. He was born in Alexandria in 1805.

At Each Place,

Century's Experience.

The doctor will arrive and leave on the following dates: SALISBURY, (Salisbury Hotel) Aug 1st and remain until Aug. 7th.—Return Aug. 28th and remain until September 4th. PRINCESS ANNE (Washington Hotel) Aug. 7th and remain until Aug. 14th. Return Aug. 21st and remain until Aug. 28th. SNOW HILL, (Ocean Hotel) Aug. 14th and remain until Aug. 21st.

DR. THAYER, THE GREAT SPECIALIST.

WHO HAS BEEN AT Centerville for 5 weeks, Chestertown for 3 weeks, Greensboro' for 1 week,

Has concluded, after many consultations by letter, to make a tour of the following places and

At Each Place,

That those that are afflicted may have an opportunity of receiving the benefit of his services for a

Century's Experience.

The doctor will arrive and leave on the following dates: SALISBURY, (Salisbury Hotel) Aug 1st and remain until Aug. 7th.—Return Aug. 28th and remain until September 4th.

DR. THAYER

Has at Centerville and surroundings 104 patients that he has entirely cured, although many had despaired of ever being benefited. In 1859 Thomas Swann was in Centerville for 7 to 10 years, and are now entirely well. Give him a call and be satisfied that he can cure you, and that you are not afflicted better than you know yourself.

DR. THAYER

Is a physician who has had a most successful practice for a quarter of a century, and traveled a greater distance of the Old World—England, Ireland, Scotland, France, Italy, Sicily, Switzerland, Turkey; also China and Japan, Central and South America, for study and information. He is especially noted for his skill in the treatment of the most obstinate complaints that have baffled the skill of the most eminent physicians of the day. He does not treat symptoms that so many complain of, but goes to the Root and Cause of the disease—and will tell you how you feel better and how to know yourself. Therefore, it is obvious that a man that is capable of knowing that cause must be more qualified to make a successful and speedy cure, without keeping the patient lingering along from month to month, or year to year, until the sufferer has been given up in despair of ever being cured or benefited. He does not bleed you out of your money at one dollar and two dollars a visit, day after day, and month after month as the general practicing physician does, but gives you the benefit of his long practice and medicine at a fair and reasonable price.

DR. THAYER

Treats successfully and guarantees a CURE in any of the following complaints: Liver Complaints, Consumption, Malaria, Diarrhoea, Nervous, Sick and Headache, Constipation, Catarrh of the Bladder, Heart, Heart Disease, Lumbago, Kidney Complaints in their worst form, Bright's Disease of the Kidneys, Dyspepsia, Jaundice, Loss of Energy, Loss of Appetite, Restlessness, Loss of Sleep, Fretfulness in the morning on waking, Nervousness, Headache, Dropsy, Dropsy of the System, Catarrh of the Bladder, Blood and Urinary Complaints in the worst forms, Rheumatism and Diabetic, Asthma or Shortness of Breath, Goitre or Thick Neck, Lung and other Complaints. Tape Worms extracted in four hours.

Female Complaints

Those ladies that are afflicted so much with Falling of the Womb or that feeling of Bearing Down, Leucorrhoea or Whites, should lose no opportunity in giving Dr. Thayer a call, even though they are despaired of ever being benefited, as he will give them a medicine that will cure them in a very short time. Consultations Free and Strictly Confidential.

References & Testimonials.

Extract from the Frederick Daily Times. Dr. Thayer's success in treating and curing all chronic and complicated diseases has become known to be a well-earned reputation. He has cured many who were despaired of ever being benefited. He has cured a man—a perfect stranger—who had almost despaired of ever being benefited. The people of Chestertown and its surroundings will now have the opportunity of being cured of their various ailments, and heretofore incurable, can call and be treated and receive the benefit of this remarkable skill. It is certainly a rare opportunity, and one that should not be lost. Dr. Thayer treats the cause of all diseases, and strikes at the root and cause of all ailments, and will cure you, and that you are not afflicted better than you know yourself.

FARMERS, USE ORCHILLA GUANO

"The Best and Cheapest" FOR ALL CROPS.

The history of Agriculture for the last seventeen years records no greater triumph than has been exhibited in the annual results of the use of

ORCHILLA GUANO

IN THE PROMOTION OF THE GROWTH OF GRAIN AND GRASS

and in the improvement of the soils to which it has been applied. The large aggregate to which its sales now reach, proves at once, its popularity and its worth.

Its claim to favor arises from— 1st. The Valuable Constituents of which it is Composed; being just what growing plants require for perfect growth, and just what is needed to make poor land rich.

2d. Its Perfect Chemical Combination; which no human skill or mechanical contrivance can successfully imitate.

3d. Its Perfect Purity; there being only 1 1/2 per cent. of dross, contained in it. In other words, it is all fertilizer.

4th. And all this at a Low Price. The most eminent Chemists of our land have repeatedly analyzed and certified to these facts. But farmers have been so often imposed upon in buying fertilizers, that they have learned caution, and therefore, even so valuable an article as ORCHILLA, has to win its way,

BY ITS MERITS.

This it is doing; and it makes friends, it keeps them. Those who have used it longest, use the most of it. Our claim for the value of Orchilla Guano is a high one; but we have the testimony of thousands of farmers who use it, that it is not an extravagant one.

And now comes additional evidence so conclusive that all controversy is silenced: THE DEPARTMENT OF AGRICULTURE OF VIRGINIA.

WAS ESTABLISHED PARTICULARLY FOR THE

protection of farmers in the detection and prevention of imposition in the purchase and sale of fertilizers, the purchase of which, in our day, constitutes a large, important and necessary portion of a farmer's expenditures.

Dr. J. M. BLANTON, himself a successful farmer, and for a number of years past, the SECRETARY OF THE STATE DEPARTMENT OF AGRICULTURE OF VIRGINIA, was placed in charge of the Department, and immediately proceeded to take vigorous measures to carry out the intention of the law. Among other things he dispatched his "samples" all over the State to obtain in every part of the State, and forward them to his office at Richmond. There they were numbered and given for analysis to Dr. W. J. GARDNER, the Chemist of the Department, who also calculated and certified to the actual value of each, according to the constituent parts he found in them. The result of his work for the fall season of 1882 is embodied in the official report published. In this report, analyses of 78 samples of fertilizers are given, and the actual value of each constituent part of each, is stated. According to it, many of them are not worth the prices asked for them. Of those which are, very few can show an excess of 10 per cent. whilst ORCHILLA, far surpassing all others, is certified to be worth 30 per cent., over the price asked for it. [Send us for a copy of this Report.]

We take pride in having this high, disinterested and incontrovertible endorsement of our claim that Orchilla Guano is the

"CHEAPEST AND BEST" FERTILIZER IN THE MARKET.

Send for our little book containing verbatim copies of letters from some of the most successful farmers of the country, who have used Orchilla Guano for years and will have nothing else, the burden of whose story is—

"IT HAS MADE OUR POOR LANDS RICH."

SICKNESS!!

Though people in Wicomico County know the value of my MEDICINES!! Without having to advertise them in this card, they are ready to say that

AGUE BITTERS—for Chills, Dyspepsia and Liver Diseases.— CHOLERA FLUID—for Diarrhoea, Dysentery and Bowel Disorders. WORM FEVER POWDERS—for Worms and Children's Diseases Generally.

Are not only Scientific Preparations, but are truly wonderful in their curative effects. I am here to introduce these Medicines—the equal of which have never been sold in the State for diseases for which they are prepared—as a fair trial will convince. My object in moving from place to place is obvious only to the wise.

TESTIMONIALS

"AGUE BITTERS" in without doubt a wonderful remedy for Chills and Malarial Diseases.—Rev. Alfred Smith, Wilmington, N. C. Conference. "AGUE BITTERS" was cured of Chills after having suffered eight months, after having tried very many so called medicines in vain.—A. A. Christian, Editor and Proprietor of the Greensboro (Md.) Free Press. "AGUE BITTERS" is the best of all medicines.—Rev. A. D. Melvin, M. P. Conf. "The excellence of Dr. Taylor's AGUE BITTERS and other preparations. We have used them in my family and then wherever we resided.—J. R. Mayor, Md. J. C. Conroy, Va. "AGUE BITTERS" sell far better than any other medicine I ever sold.—Richard J. Tapp, Proprietor, Eastern, Talbot county, Md. "AGUE BITTERS" have never disappointed me nor my customers; but cures Chills every time, even when the disease is in its most violent stage.—J. A. Dulaney & Sons, Freshford, Wicomico county, Md. "We have never found a medicine to equal your AGUE BITTERS for Chills and kindred complaints.—Rev. J. B. St. John, Little Kim, Texas. The above testimonials speak for themselves. Sold by dealers in medicine.

Prepared only by Dr. J. Zack Taylor, Sole Prop'r. Main Street, - - - Salisbury, Md.

ASK YOUR GROCER FOR WARD'S ELECTRICIFYING SOAP.
