

MARYLAND'S GREATEST CONVENTION HERE

Final Arrangements Being Whipped Into Shape For This Gathering.

OCTOBER 14TH TO 16TH INCLUSIVE AT THE BIG ARMOY.

Delegates From All Over The State Will Arrive On Special Steamer—One Day To Be Spent At Ocean City By Delegates.

Final arrangements are being whipped into shape for the great meeting of the Christian Endeavor Convention which assembles here in the big Armoey October 14th, 15th and 16th. A special steamer is chartered to bring the delegates from the Western Shore to this city and it is expected that several thousand visitors will be here on this occasion. It will probably be the largest Christian Endeavor Convention ever held in Maryland.

On Wednesday, it has been arranged to take all these visitors to Ocean City on an outing on the beach and other special amusements will be furnished for the Endeavorers when the business of the Convention is not holding their attention. The special committees appointed to take charge of the arrangements are as follows:

- Chairman—Mr. Lewis Morgan.
- Assistant Chairmen—Miss May Hill and Miss Minnie Wimbrow.
- Secretary—Miss Carrie Adkins.
- Treasurer—Mr. Charles Wilkins.
- Asst. Treasurer—Mr. A. M. Walls.
- Reception and Automobile Committee—Mr. Ralph Grier, Mr. John Nelson.
- Entertainment Committee—Miss Minnie Wimbrow and Miss May Hill.
- Literature Committee—Miss Julia Todd and Miss Nellie Sheppard.
- Lined Committee—Mrs. R. D. Grier.
- Registration Committee—Miss Bertha Sheppard and Miss Katie Todd.
- Decoration Committee—Mr. Walter Nock.
- Ushers Committee—Mrs. Walter Sheppard and Miss Elizabeth Collier.
- Director of Choir and Music—Dr. Gardiner Spring and Mr. F. P. Adkins.
- Publicity Committee—Mr. Wm. E. Sheppard.

The addresses at the convention and the conferences and practical talks will be in the hands of the best talent available and in securing these persons, the committee has drawn from various parts of the country.

- Some of those who will take part: Daniel A. Polling, Associate President United Society;
- E. P. Gates, United Society Field Secretary;
- Karl Lehman, Southern States Field Secretary;
- Dr. Robert Watson, Scotch Presbyterian Church of New York;
- Rev. Wilson T. M. Beale, Patterson, N. J.;
- Rev. T. Roland Phillips, Baltimore, Md.;
- Rev. G. W. Haddaway, Baltimore, Md.;
- Hon. I. E. Jones, Mayor of Salisbury, will give the welcoming address.

Mr. Lewis Morgan, of Salisbury, is chairman of the Convention Committee.

Fifty Lady Ushers in appropriate costume will be on hand to handle the crowds at the night meetings.

BIG LEAGUE PLAYERS TO PLAY AT SALISBURY

Game Will Be Played At S. Y. M. A. Park, Friday, October 10th.

Our people will have an opportunity to see the star players of the American and National League play baseball at Salisbury on Friday, October 10th. Art Summers and Hanzog the managers of the American League and National League stars respectively, assure us that the games will be hotly contested as there is great rivalry between the two leagues as to which has the fastest aggregation of star players.

The game will be played under the auspices of the Salisbury Young Men's Association and at their Athletic Park (formerly Goddy's Park). The full lineup of the two teams will be announced thru the columns of this paper next week. Admission 50c. See our ad.

SHOOTING AFFRAY AT PITTSVILLE LAST FRIDAY

Seven Colored Men Fired Shots At Residents With Rifles And Pistols.

AGGRAVATED BY ATTACKS OF YOUNG WHITE BOYS.

WIM Shooting In The Public Street By Negroes, Several Of Whom Were Hit By Returned Shots From A White Soldier.

What might have been a very serious shooting affray occurred at Pittsville Friday night last when seven colored men attempted to shoot up the town after they had been exasperated by several young boys who had pelted them with coal and other missiles. The affair has caused considerable excitement and indignation on the East side. From the accounts we have received, the story runs as follows:

For the past several days, seven colored men living near Glass Hill had been passing through Pittsville morning and evening to a farm beyond the town where they were engaged in fodder saving. Several small white boys had pelted these colored men with small missiles on two or three occasions and Friday night last, as they were going through Pittsville, the men opened fire with rifles, shot guns and pistols literally shooting up the town. Considerable excitement prevailed and while no one was hit by the bullets, there were several narrow escapes by the residents of the village. One store had its show windows broken by the bullets and the front of the Truckers & Savings Bank shows where the leaden missiles struck the bank building. Within a few minutes, considerable excitement was aroused and a young soldier living in the town secured a shot gun and fired into the crowd of negroes, and one of the doctors of the village had to extract several shots from three or four of the gang.

This is the first attempt at anything like race trouble in this section of the country for many years and the white citizens of Pittsville are very indignant that the negroes should have opened fire on the town instead of making complaint to the officers for the arrest of the young white boys who caused the trouble. Some of the prominent residents of Pittsville who were in Salisbury last Monday said these colored men had made threats that they would raid the village of Pittsville if they were again bothered by the young white boys, and it was feared if their threat was carried out, there would be a serious conflict between the two races. The matter will be investigated by the authorities here who are somewhat anxious over the situation because of the intense feeling which seems to prevail in many sections of the country between the whites and blacks. Right at the present time, when so much feeling exists in the Middle West and in other sections of the country because of the lynchings which have been going on for the last week occasioned by the attacks on white women by negroes, it is extremely unfortunate that any clash should happen between the races in this section and it is to be hoped that cooler heads will see that this affair is not carried any further.

Death Of Mr. Ernest P. Johnson.

Mr. Ernest P. Johnson died at his residence near Snow Hill on Wednesday last. He was 44 years of age and had been an invalid for about three years. Mr. Johnson was a victim of tuberculosis, and death came to him as a welcome relief from the long struggle he had gone through. Mr. Johnson was a son of Mrs. Mary Johnson and the late Benjamin J. Johnson. He was born in Wicomico County, but went to Snow Hill when he was about three years of age, and spent nearly his entire life in that section of Worcester County. He was engaged in farming, until several years ago, when he became the Rural Mail Carrier on Route 4, Snow Hill. He was married seven years ago to Miss Lillian Disharoon, daughter of Levin Disharoon, Esq., near Snow Hill. She died three years after their marriage. Mr. Johnson is survived by his mother and four brothers, King B., Martin E., George B., and Harmon C. Johnson. Funeral services were conducted at the home last Friday afternoon at 2 o'clock by Rev. C. E. Stoenberg after which interment was made in the Snow Hill M. E. Cemetery.

ECHOES FROM THE PLAZA OF THE COUNTY COURT HOUSE SQUARE

What Is Talked About Under The Trees On The Public Green Gossip From The Various Sections.

HAPPENINGS AMONG THE PEOPLE OF THE VARIOUS SECTIONS WHICH ARE OF INTEREST TO ALL THE CITIZENS—POLITICS A LEADING TOPIC THESE FALL DAYS AND MUCH DIFFERENCE OF OPINION FOUND TO EXIST WITH THE PEOPLE.

There died at his home in Willard district several days ago one of the old veterans of Wicomico County in the person of Mr. Joseph A. Baker. He had reached a rather advanced age and was one of the well known figures in the Eastern section of the County. He and several of his brothers had lived in one spot since boyhood and the ramifications of the family of Bakers extend not only over the larger portion of Willard district, but also in Pittsburg and Dennis' district and in fact, over the entire Eastern section of Wicomico. It would be an interesting piece of information, to know just how many children, grandchildren and great-grandchildren have emanated from this family of Bakers during the past few generations, the name is legion, and they have all been thrifty and honest farmers who were classed among the big corn raisers of the back lands of Eastern Wicomico. These men, their fathers and their grandfathers, had tilled the soil when Wicomico was a portion of Worcester, and they were probably better acquainted with the great Pocomoke swamp and the olden days of big corn raising, along this well known desert than any other of our Wicomico citizens. They were a family of Democrats for generations, and were altogether good citizens who made it a point to attend to their own business and let other people's alone. There are still several brothers living and from the number of children and grandchildren born to the various members of the family, the stock will not go to seed for many generations to come.

Big Horse Racing At Berlin.

Sportsmen all over the lower Eastern Shore will be interested to know that the annual horse racing at the Franklin Driving Park, Berlin, will take place Thursday, October 9th, at one o'clock, sharp. This meeting is always a matter of interest to lovers of good sport as the races are generally most excellent. This year, horses will be there from Harrington, Bridgeville, Georgetown, Lewes, also from Maryland and Virginia. The following prizes will be offered: Class Free for all, Prize, \$100; 2.22 Class, Prize \$80; 2.30 Class, Prize \$60; Farmers Race, 3 minutes Class, Prize, \$40. At these annual meetings horse racing is made a real sport and the horses are driven to win, which is unlike the many fairs held on the peninsula where racing is almost a fixed because much of the result is fixed up before the races come off. It is therefore, with great pleasure that sportsmen generally attend these races at Berlin because they know they will see horses driven for the purses and the best will always come out first.

Taxpayers Changing Their Minds On Bond Issue.

The talk among the people who sit on the benches on the Court House green these fall days, thoroughly demonstrates that there has been a great change in sentiment among the voters of Wicomico relative to issuing bonds for permanent improvements in this county. Every day, you can hear farmers who used to be irrevocably opposed to bonding the county suggesting that they are in favor of this plan and propose to vote for the members of which ever Party candidates for the Legislature who will come out straight and stand for the issuing of bonds for roads and schools. Speaking on this subject, a bunch of these farmers talking the other day said: "At one time, we were led astray on this bond question, but on receiving our tax bill, in July, and noting the big advance in the amount of money we had to pay on our farms, because of the policy of trying to build roads and schoolhouses out of the annual levy, we have had our eyes opened to the fact that we were all mistaken on this subject and were led in the dark. The Wicomico News has for several years been in favor of bonding the county for building roads

and schools and the paper was right; and had the people followed its advice, our tax bills today would not be more than half what they are and in the meantime, we would have been enjoying good roads and better schools. We are for the Party which stands for this kind of improvement and the fellow who is a candidate for the Legislature and tries to hide behind some excuse and will not come out in the open for this bonding business is not the kind of man we want. We want our main highways built right and we want the by-roads improved and we want our children to have decent schoolhouses and proper instructions, and we know now that the way to get it without having to pay for it each year, is to do it by bonding the county and that's what of the News are extremely glad to know that the people have at last awakened from their Rip Van Winkle sleep and begin to recognize the importance of a sound financial policy for Wicomico County. It is true for a while they were fooled by agitators crying out against the bond issue solely for the purpose of gaining a little cheap notoriety but the people generally come out right in the end, and we believe there will be practically no objection to bonding the county at the next Legislature.

City Council Will Probably Act Soon.

One of the topics of conversation on the benches at the Court House green is the subject of the crowded condition of Salisbury and the almost impossible task of getting up and down the principal streets because of the automobile traffic. There was a time when the people objected to the Council making an ordinance to keep the teams and automobiles from the main thoroughfare but it has grown to be such a nuisance and at the same time so dangerous, that everybody is now recognizing that the only thing for the Council to do is to make Main Street and East Camden street one-way thoroughfares and to pass a strict ordinance not allowing any parking of automobiles either on these two streets or on Division street south of East Church street. Unless this is done immediately, there will probably be serious consequences happen which may be very costly to human life as well as the City Treasury. The suggestion made by The Wicomico News that East Main Street be improved and that parking be allowed from the beginning of East Main Street to the railroad bridge, thus providing ample room for several hundred cars, is in line with progress in this community, and the belief is that the Council should act on this suggestion at once and then prohibit the parking of all automobiles on the streets named above as well as changing these streets to one-way routes which will relieve the entire situation and give Salisbury a business street over which the people can come and transact their business without fear of death and destruction. It is pleasing to know that the Council has this matter under advisement at last and that we will probably get some quick action on our suggestions and that the traffic arrangements in Salisbury will be materially improved.

Grace And Stengele Church Items.

At Grace Church next Sunday: Sunday School 9.45 a. m. The Quarterly Love-Feast and Sacrament of the Lord's Supper at 11 a. m. At 6.45 p. m. will be held the Epworth League prayer meeting. Missionary Day in the Sunday School. The Second Quarterly Conference of Grace and Stengele will be held at Stengele Church this Thursday, 7.30 p. m. Holy Day Services in Grace Sunday School, Oct. 12, a. m.; at Stengele 2 p. m.

BIRTHDAY DINNER FOR PROF. W. F. MASSEY

Salisbury Honored By Prominent Men Of State Of North Carolina.

SECRETARY OF NAVY DANIELS ONE OF THE SPEAKERS.

The 80th Birthday Of Our Grand Old Man Celebrated With Great Honor By People Of North Carolina Under Leadership "Progressive Farmer."

The whole State of North Carolina helped celebrate the 80th birthday of our beloved townsman, Prof. W. F. Massey, Tuesday of this week. On that occasion, the "Progressive Farmer" one of the most widely known rural publications of the South with which Prof. Massey has been connected for many years as a contributor gave a big dinner in his honor at the Yarboro House, Raleigh.

All the prominent men of the State attended this big celebration. Rev. Dr. Heron and Mr. James E. Ellegood of this city being among those who were present for the big dinner. Thousands of letters and telegrams from the readers of the Progressive Farmer had been forwarded to the editors and they were properly arranged and presented to Prof. Massey on this great occasion in his life. They were received from almost every section of the United States. Secretary of the Navy Josephus Daniels made it a point to be present at the dinner as he and Prof. Massey have been life long friends. Among the speeches and responses were the following:

- "The Man Who Makes Two Blades of Grass Grow Where One Grew Before," Gov. T. W. Bickett.
- "A Personal Tribute," Josephus Daniels, Secretary of the United States Navy.
- "Greetings from New York," H. W. Collingwood.
- "Prof. Massey's Influence in Virginia," B. M. Shepherd.
- Prof. Massey as His Fellow-Professors in the Old A. & M. Knew Him," D. H. Hill.
- "Prof. Massey as His Students Knew Him," C. B. Williams.
- "Prof. Massey's Footprints Over North Carolina," T. B. Parker, Director State Farmers' Institutes.

FARMS NEAR SALISBURY TO BE SOLD AT AUCTION

Williams & Williams Offer Two Attractive Country Places to Public. In another column will be found an advertisement offering for sale at public auction on Saturday, October 11, two fine farms located in the "Tony Tank" section of Salisbury which is one of the most beautiful suburbs surrounding this city. The property offered is the former Kent farm, now owned by Robert E. Dunn, and situated near the handsome country homes of Mrs. Vanderbogart and Mrs. Marion A. Humphreys. The first farm containing 12 acres more or less, located on the stone road between Salisbury and Princess Anne has on it the old plantation mansion of colonial design and is beautifully situated as well as being among the best land in Wicomico County. The second farm containing 11 acres more or less is located fronting Cedar Lane almost opposite the handsome country place of Col. Wm. B. Tilghman and this land is also in a high state of cultivation. Messrs. Williams & Williams, Attorneys will offer this property to the highest bidder on the premises on the date above mentioned and it is a rare opportunity to secure a fine country place located in the very best and popular section of the rural life of the community. It is expected that spirited bidding will be made for these two places as such locations are getting very rare in this community. In the advertisement will be found a plat showing the location and division of the land as it will be sold.

—Advice from the big wheat raising districts of the West are to the effect that millions of bushels of wheat are decaying in the fields for lack of transportation to get the grain to market. The wheat has been threshed and in bags but the lack of railroad cars makes it impossible to get the grain to the elevators in the big centers and it is expected that at least 4,000,000 bushels of this year's wheat will rot for lack of attention to these lines of R. C. L. this season to the loss of a real calamity.

RITCHIE DEMOCRATIC CLUB FORMED HERE

Will Embrace Every District In Wicomico In Its Organization.

FORMER SENATOR BENNETT TO BE THE PRESIDENT.

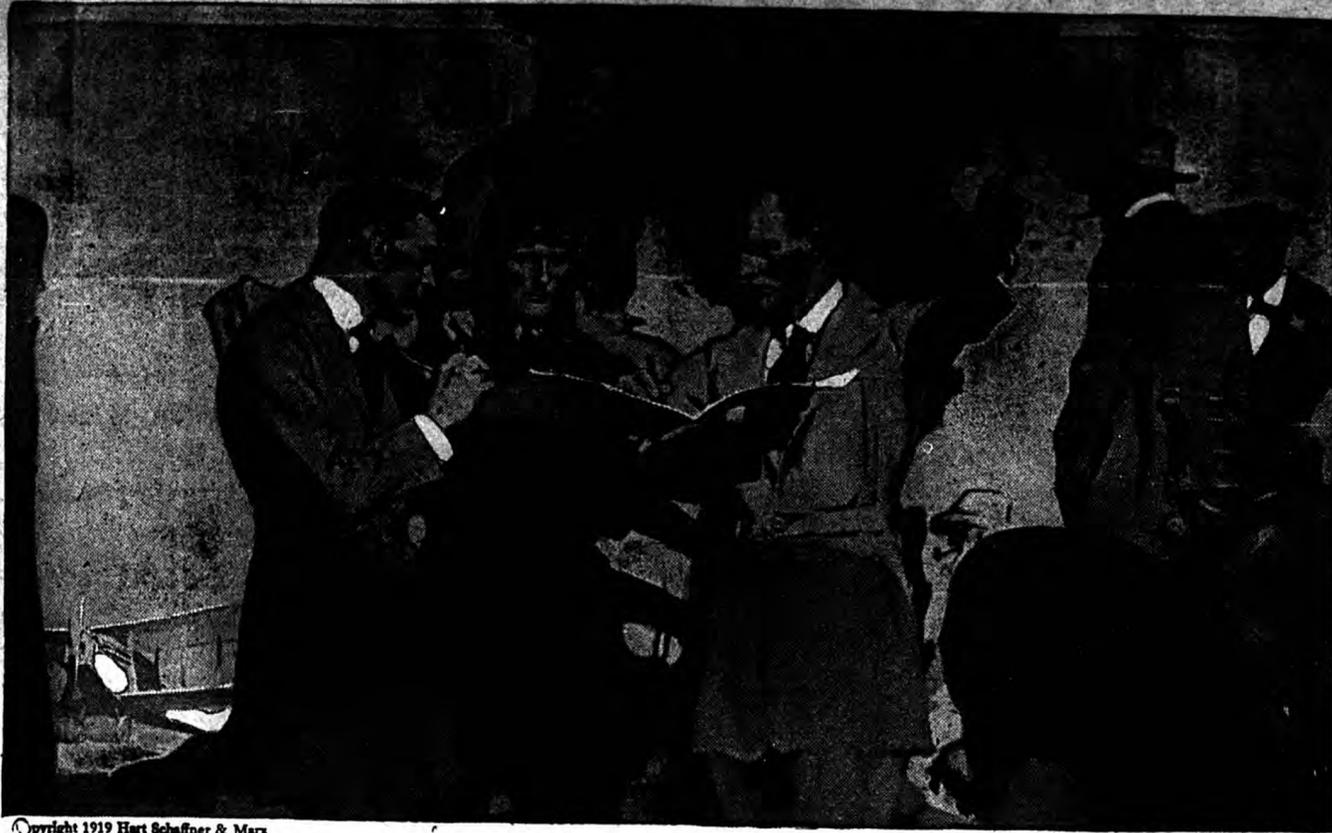

Each District To Have Ten Vice-Presidents Who Will Form An Endless Chain To Gather In Every Democrat In The County.

The Democrats of Wicomico County are at work organizing a Democratic Club to be known as the "Ritchie Club." The slogan of this organization will be "Ritchie, Keating and Lee are Good Enough For Me." This slogan will be carried throughout the campaign in the organization of clubs in every district and the plan is to appoint 150 vice-presidents, ten for each district of the county and these ten obligate themselves to solicit ten more and in this manner it is proposed to make it an endless chain whereby every Democratic voter in the county will be gathered in the fold before Election Day.

The officers of the Organization are as follows: Ex-Senator L. Atwood Bennett, President; Hon. David J. Ward, Vice-President, and S. S. Feldman, Secretary. The following are the Vice-Presidents named for each district in the county:

- Barren Creek Dist.—Robert G. Robertson, Guy F. Jackson, Eugene Elliott, John T. Hurley, Walter Wright, Ware Everaman, Wm. S. Mills, Delmar, Jos. A. Lowe, Levin B. Bradley, Harold Bennett.
- Quantico Dist.—A. Lee Pollitt, A. M. Holloway, Claud C. Phillips, Harry Jones, Geo. W. Graham, Wm. S. Smith, Gillis B. Twilley, Job Darby, Bartol H. Freney, Claude V. Hughes.
- Tyackin Dist.—James B. Culver, Elmer L. Langrall, Irving C. Jones, Grover Layfield, John W. Wingate, Adolphus J. White, Lerner T. McLain, Howard H. Hambury, John W. Farbusch, Carl Harris.
- Pittsville Dist.—L. Toagle Truitt, Daniel H. Parsons, Robert H. Smith, Joseph J. Carey, J. Thomas West, John W. Wells, Slidel Baker, J. Edward Evans, Henry H. Rounds, Geo. E. Hearn.
- Parsons Dist.—Norman Hitch, Arthur E. Williams, Ernest E. Turner, Geo. Waller Phillips, Arthur A. Hearn, John Purnell, E. J. C. Parsons, W. F. L. Bounds, Fred L. Smith, Carol Elliott, Frank Parker.
- Dennis Dist.—Charles R. Parker, Murray Bethards, Wade H. Brittingham, John K. Truitt, Joseph J. Adkins, Fred H. Bethards, L. Clay Powell, A. Percy White, John C. Powell, Elmer L. Tyndall.
- Trappe Dist.—E. Parker Huffington, Thomas W. H. White, Jr., Samuel Twilley, James C. Palmer, Harry Messick, James H. Cathell, Lewis S. Smith, W. W. Smith, Norman Smith, Wm. S. Moore.
- Nutter's Dist.—George W. Causey, Joseph H. Parker, Lee Ruark, Ernest P. Gordy, Stanford T. Matthews, Alex. Malone, John G. Matthews, Elisha W. Johnson.
- Salisbury Dist.—Benjamin W. Turner, J. L. Taylor, Harry K. Williams, Clarence Johnson, H. S. Todd, Jr., A. M. Walls, Samuel M. Quillen, James P. Elliott, John W. Downing, W. E. Dorman.
- Shorpton Dist.—Branch H. Phillips, Grover Mann, Noah W. Owens, Samuel P. Twiford, Fred Bounds, Curtis Vickers, Purnell T. White, E. A. Brody.
- Delmar Dist.—George L. Long, R. W. Adkins, Edwin T. Sirman, Arthur L. Mills, George W. Hearne, S. Kerr Slemmons, Levin B. Weatherly, Herman Culver, Harry Parker.
- Nanticoke Dist.—Dr. John O'Day, Isaac W. Roberts, Wilbur F. Roberts, Emerson J. Taylor, Hobart Willing, John E. Collier, Wm. F. Evans, Arthur M. Renshaw.
- Canden Dist.—Edward D. Mitchell, Fulton W. Allen, Will Feldman, Victor H. Laws, Harry S. Hastings, George W. Fooks, George R. Hitch, Edward T. Tyndall, Franklin B. Hill, Geo. W. Sullivan, Percy Dashiell.
- Willards Dist.—Handy Adkins, Thomas W. Bacon, John E. Truitt, Henry W. Jones, John Hamblin, Ebenezer G. Davis, John P. Patey, J. Murray Dennis.
- Hebron Dist.—Isaac T. Wimbrow, Irvine S. Winfree, John Sullivan, Randolph O. Holloway, Showard T. Culver, George W. Lowe, Joseph I. Palmer, Sam. J. D. Bounds, Chas. C. Jones, J. Carroll Adkins.

—A rather curious incident happened last week in the family of Mr. Clarence Johnson who lives near this city. His four year old son who was sick refused to accept his medicine and his father in an effort to get the child to take the same, gave him a half dollar in silver. The youngster placed the silver dollar in his mouth immediately and swallowed it and the boy had to be taken to a Philadelphia hospital in an operation was performed to remove the coin from the stomach of John.

REPUBLICAN CONVENTION HAVE LOVE FEAST

All Big Men Of The Party Present To Ratify The State Nominees.

LOWNDES-JACKSON-GOLDSBOROUGH-WELLER IN HARMONY.

Party Platform Adopted And Ringing Speeches Made In Behalf Of The Nominees—Both State Tickets Now In The Field.

The Republican State Convention assembled in Baltimore last Thursday for the purpose of ratifying the State Republican ticket, and the gathering was in the nature of a love-feast between all the various factions gathered on the occasion. The Jackson-Weller-Goldsbrough-Lowndes combination were all together and made up a harmonious party for the purpose of launching the State ticket in the campaign. The platform had been prepared by a select committee and was submitted to the convention for adoption without a fight. Ringing speeches were made in placing the various nominees before the convention, and much enthusiasm prevailed.

Gen. W. Bladen Lowndes was chosen as Chairman of the Convention and former Senator Stephenson A. Williams placed the name of Hon. Harry W. Nice in nomination for Governor and in doing so, sounded the key-note of the campaign for the Republican fight. Chairman Galeh L. Tait in calling the Convention to order made a speech in which he severely criticized the administration of Governor Harrington and also paid his compliments to the Democratic nominee for Governor, Gen. Albert C. Ritchie. Hon. Harry W. Nice had much to do with the formation of the Party platform, especially that portion of it dealing with more stringent laws for better sanitation and working condition in the mines and factory. The platform is considered to be one of the strongest documents the Republican Party has put out in many years and while it is similar in many cases to the Democratic platform, it differs however, as a whole.

On the League of Nations the Republicans declared for reservations, and they pledged themselves to refer back to the people any Constitutional amendment on the suffrage question. They took their stand for the merit system and criticized the Democratic National Administration for ignoring it. President Wilson was roundly censured, and also Governor Harrington. The platform carried a home-rule plank advocating the control of the police force by the city, and greater pay for both the police and for the school teachers was advocated.

Like the Democrats, they took no stand in the platform on the legislation needed to enforce the prohibition amendment. Mr. Nice is "wet." He has answered the inquiries of the Anti-Prohibition League, and the Republicans feel that this is sufficient.

Economies.
In part the Platform reads: "We recognize that the country is about to enter upon an era of unprecedented business competition, and we desire for our State an administration which will place Maryland in the most favorable position in the great industrial race. To this end, modifications in our laws, in accordance with changed demands, must be promptly made, in order to meet the requirements of the times and the exigencies of the future. Among the economies to which we pledge ourselves are:

(a) The adoption of the most modern collecting and disbursing methods as applied to all departments.
(b) A consolidation of the related agencies and offices of the State and abolition of useless offices and commissions.
(c) The merging of the office of Motor Vehicle Commissioner with the State Roads Commission.
(d) The consolidation of the Auditor's office with the office of the State Comptroller.

In this connection we call to the public's attention the fact that in 1915 the Democratic party solemnly promised to enact into law the recommendations of the Goodnow commission and that this commission in 1916 recommended the adoption of the latter two reforms, but the Democratic Legislature, urged by the same influences now in control of its affairs, refused to approve the recommendations.

Public Schools.
The public schools of Maryland are not of that standard which their im-

portance to the people of our State demands. It is imperative that Maryland should have the best schools its revenues can afford. We favor the removal of the educational system of the State from the baneful influence of politics, whose blighting grip under the present Democratic Administration has so seriously marred its efficiency. We pledge our party to the payment of increased salaries to teachers, so that the people of our State may be assured of the highest standard of efficiency in the teaching force.

GIVES TOWN A HOSPITAL.

Widow's Donation As Memorial To Husband Killed By Train.

Crisfield, Md., Sept. 28.—Mrs. Caroline McCready, widow of Edward W. McCready, of Chicago, who was killed at Westover Crossing on the N. Y., P. & N. R. R. when his automobile was struck by a train, has made known her intention to build and donate to the city a hospital in memory of her husband. Negotiations for the site have already been started. For sometime previous to his death Mr. McCready had been considering the erection of a summer home at the head of Somers' Cove, one of the most beautiful locations in this city, and it is this location that his widow has selected in her plans for the memorial hospital. Although Mr. McCready had resided in Chicago since early manhood, and had accumulated a fortune, he never lost interest in his home town on the eastern shore of Maryland.

Big Revival Starts Next Sunday.

On another page of this edition will be found the announcement of the big revival services which will open at Asbury Methodist Episcopal Church Sunday evening next, October 5th, and continue nightly until October 19th. The officials of the Church have secured for this great occasion the services of Prof. Thomas, the great Singing Evangelist who will help conduct these services. Prof. Thomas is acknowledged to be the greatest Singing Evangelist known to Methodism. The public is given a hearty invitation to attend all these services. Rev. Dr. Joseph T. Heron will be in charge of the special services.

THE WICOMICO NEWS

SALISBURY, MD.

Published Every Thursday at Salisbury, Wicomico County, Maryland by THE NEWS PUBLISHING COMPANY.

Press Run This Week is 3,175

THURSDAY, OCTOBER 2, 1919.

THE NEWS CIRCULATION GROWING EVERY WEEK.

The growth of the circulation of The Wicomico News is getting to be a serious problem with the editors because of the rapidity with which it is increasing. A few months ago, we exchanged our newspaper press for one of more rapid operation hoping thereby to keep up with this growth in circulation but we find ourselves in almost as bad a dilemma as before. Appealing to Party prejudice in these enlightened days will not get a newspaper increased circulation as the public has long since made up its mind that it is a live up to date newspaper that they wish in their homes and not especially a party organ.

The present owners are therefore considering the question of placing a new Duplex printing press in the business so as to take care of this increased circulation and to give our advertisers the advantages of as much space as they desire. Advertisements crowd into the News each week to such an extent that we are often obliged to request part of our advertisers to wait their turn to get accommodations. This issue of the paper containing 20 pages is crowded more than we desire by advertising space and it may be necessary to increase the size of the paper to a 24-page edition each week. All of this comes around from the fact that the Wicomico News has the readers, and circulation is what advertisers pay their money for and they know they get it here. The fact that The Wicomico News at the present time is printing more newspapers each week than any other two publications in Wicomico County is the reason why this great demand is made upon our columns for advertising space, and we promise our patrons to be in a position very soon to meet their demands even though we are forced to print a much larger newspaper than at present.

WICOMICO'S GRAND OLD MAN HONORED.

It is with extreme pleasure that we note the fact of the great honor paid to Prof. W. F. Massey by the people of the State of North Carolina in the testimonial dinner given at Raleigh last Tuesday night by the "Progressive Farmer." Prof. Massey is a product of Wicomico County of which we are justly proud. He spent his early boyhood days here and later won a wonderful reputation throughout the United States as a writer on rural subjects. For many years, he has been one of the principal contributors to the "Progressive Farmer" the most noted agricultural journal of the South, and the thousands of its readers were among those who sent their sincere congratulations to Prof. Massey on the occasion of this testimonial dinner.

Prof. Massey has reached his 80th birthday, and from a physical standpoint he seems like a youth. He is a most wonderfully preserved man both mentally and physically and the News wishes to extend to him its congratulations in the hope that he may live to celebrate his 100th anniversary and still retain the love and affection of his thousands of admirers scattered throughout the rural sections of the south land.

GET READY FOR THE HOSPITAL DRIVE.

The article appearing in these columns last week giving notice to the public that the directors of the Peninsula General Hospital intended to start a drive in this county for the purpose of soliciting \$100,000 with which to add the equipment and new buildings necessary to make the Peninsula General Hospital a thoroughly up-to-date institution was received by our people in the spirit in which we anticipated and already, we have had word from many of our prominent citizens that they would be glad to co-operate in the achievement of the contemplated improvement.

No institution ever started in this section of Maryland has done so much for humanity in relieving distress and pain and in saving the lives of our inhabitants as has the work of the Peninsula General Hospital. The scope of its activities having extended far beyond the confines of the State of Maryland as the list of patients will show. It has been an institution where none were turned away who were worthy of aid and the number of patients who have been treated there could be counted into the thousands and embraces all classes of society from prince to pauper. Because of this fact, the appeal of the Directors will, we feel sure, strike a most responsive chord in the hearts of thousands of our people who recognize the advantages of a larger institution of its kind in our midst.

The Directors will within the next few weeks plan the campaign and arrange the committees for the purpose of soliciting the money necessary to carry out the plans in contemplation. That the scheme will be successful, we have not the slightest doubt, and it is to be hoped that not only our rich and prosperous people will have a part in it, but that all our citizens without regard to race, creed or social standing will take part in this movement so that we can make it cover even a larger scope than was first contemplated.

BALL GAMES ON AT THE ARCADE THEATRE

Big Crowds Attending The Electric Baseball Games In This City.

The wonderful demonstration of the World Series Base Ball games which began on Wednesday, October 1st, was shown on the electric ball board at the Arcade Theatre and was largely attended by all of the base ball fans in this section of the territory. The attendance from the adjoining counties was unusually large. The details of each play as made were flashed over the telegraph wires instantaneously and shown on the electric ball board. It was a most wonderful realization operated by a specially skilled man who had the knowledge and ability of making the demonstration marvelous.

The audience applauded the plays as made with equally as much enthusiasm as though they had been on the grounds watching the real game.

To the people who have never had the pleasure of witnessing one of these novelties, don't fail to take advantage of this opportunity. There will be from seven to nine games played, beginning each afternoon at 8:00 p. m.

Reserved seats have been arranged for the ladies.

Y. M. C. A. TO BE ORGANIZED IN DORCHESTER

Preliminary Meeting Held Last Friday Will Lead To Organization.

The work of the District Y. M. C. A. on the Eastern Shore is to be considerably widened. District Chairman, E. T. Judd, was in Cambridge last Friday and held a meeting at which it was decided to establish the Y. M. C. A. in Dorchester County. Mr. Judd met with a most hearty reception and there is every evidence that he will receive the support of the Dorchester County people in getting this very important work started throughout their County.

Those who have watched the growth of the work on the Eastern Shore in the counties where Mr. Judd has established branches recognize the great importance of the work and of the great good which is to be accomplished by the systematic handling of the local questions through the Y. M. C. A. sources. Mr. Judd's experience is a valuable asset to the organization and he has been fortunate in securing the help of the progressive men of every community which has added much to the success of the enterprise. The people of Dorchester are certainly to be congratulated that they intend to take a part in this great movement and we feel sure they will never regret the step.

LOCAL AFFAIRS.

Rally Day next Sunday in Mt. Hermon Church at 8.00 p. m.

Miss Katherine Gunby and Dorothy Porter of Salisbury, spent last week-end with Miss Lillian Riley, of Snow Hill.

Mrs. J. S. Scarborough of Girdle- tree has returned home from a visit to her daughter, Mrs. Frank Peters, in Salisbury.

Mr. Alfred Fruit, of Berlin, who was hurt last Saturday week on the railroad, is improving at the Hospital in this city, and hopes to be able to return home in a few days.

Mrs. C. J. Scarborough of Girdle- tree, who has been visiting her aunt, Miss Mary Kent, in this city, has returned home.

Messrs. Claud C. Dorman and Walter E. Tilghman have resumed their dancing lessons at the Armory on Monday evenings.

Beginning Saturday, October 4th, the Salisbury Library will be open Tuesday and Saturday afternoons from 3 p. m. to 5 p. m.

Saturday, Oct. 4th, is Day of Atonement. All the stores operated by the Hebrews of our city will be closed until 7 p. m.

Miss Elsie Evans of Laurel, returned home Sunday last after spending several days in Salisbury, visiting friends and relatives.

The Misses Lulu and Namie Smith have returned home after spending ten days in Atlantic City, N. J. and Philadelphia.

Mr. and Mrs. Charles Tilghman entertained Mr. and Mrs. Edward Williams, Miss Lida Powell, Mrs. Kate White, Miss Alice Bethard and Mr. Roger Williams Sunday last.

Mr. C. T. Davis who has for the past 8 years been employed by the Standard Motor Company, Cadillac distributors, is erecting a garage near Pocomoke City, which will be known as the "Midway Garage."

The little son of Mr. Clifford Taylor of Quantico district had the misfortune to be kicked in the face by a mule last week, the little fellow being very painfully injured by the accident. He is at the Peninsula General Hospital undergoing treatment.

A stereopticon entertainment on Africa will be given in Silem M. E. Church, Wednesday, October 8, 8.30 p. m. If stormy, the next clear night. The lantern slides to be used have been made from photographs taken in Africa, by Rev. J. M. S. VanBlunk.

Mr. R. H. Phillips of this city has been named as a member of the Notification Committee to represent Wicomico County at the Notification of the Republican State candidates which will take place at the Southern Hotel in Baltimore today.

Gov. John G. Townsend on Thursday purchased from Joseph W. B. Mc Neal, of Frankford, a tract containing 408 acres for \$30,000. About 200 acres are in timber, while the remainder is tillable land. The tract is located between Frankford and Selbyville.

A velogue on S. Africa, illustrated by hand colored lantern slides, made by and from photographs taken by Rev. J. P. S. VanBlunk while in Africa, will be given in the Quantico M. E. Church, Saturday, October 4, 8.30 p. m. If stormy, the following Saturday.

A number of boys and girls were entertained at the home of Miss Margaret Price Friday evening. Among those present were Misses Annie and Mary Griffith, Lola Messick, Pauline Whayland, Doris Warren, Lillian Lloyd, Katharine Betta, Ruth Jones and Louise Price, Messrs. Clifford Dryden, Harris Riggan, Stanley Bailey, Ryland Warren, Galt Starr, Wilson Cordrey and George Hitch. Refreshments were served at a late hour and the guests departed having spent a very pleasant evening.

Salisbury Lodge No. 56 Knights of Pythias will be visited on Wednesday evening, Oct. 8th at 7.30 by Grand Chancellor, James S. Webster; Grand Prelate, Brice W. Johnson and Grand Keeper of Records and Seal, James M. Hendrix from the Grand Lodge of Maryland, Knights of Pythias. The third rank will be put on that night. It is important that all members be present. Second rank on Oct. 1st.

The Helvetia Milk Condensing Company of Highland, Illinois, whose president is the originator of evaporated milk, is taking title to a ten-acre tract at Greensboro, Maryland—down on the famous "Eastern Shore"—and will at once erect a brick building 250 by 175 feet for a plant having capacity to handle five million pounds of milk monthly. The hope is to begin evaporating milk during January.

The Eastern Shore Can Company, Inc., capitalized at \$250,000, has been organized on this peninsula and will erect a can-making plant at Hurlock. It will begin operations as a three-line plant with a capacity of 250,000 cans a day. W. M. Wright, of Preston, is president; George W. Woolford, of Cambridge, vice-president; S. O. Neal, of Hurlock, secretary and treasurer, and H. K. Smith of Baltimore, superintendent.

In the last issue of the News, there was an item printed among the High School notes which was in error as to the fixing of the date for the Clean-Up Day in Wicomico County. As a matter of fact, the item was clipped from a Worcester County paper and credit should have been given to Worcester County news instead of Wicomico. The School Board has not fixed the date for Clean-Up Day in this county.

Sunday last was Rally Day at the Methodist Protestant Sunday School. More than 450 scholars and teachers were present on the occasion, with special music, and Rev. Dr. Shipley gave a special talk to the scholars, and the attendance was probably the largest ever known on a similar occasion in Salisbury. The occasion was taken advantage of for the enrollment of new scholars, many of whom were present and gave in their names. This is one of the largest Sunday Schools in the State of Maryland and the membership is growing every month.

Mr. Jerome Lankford, Jr., boatswain mate in the U. S. Navy, returned home Saturday, September 20th, having been honorably discharged after serving one enlistment of four years and an extension of 12 months. It is to be remembered that Mr. Lankford was a member of the gun crew on board the S. S. Andalusia, which was torpedoed on the night of October 15th, 1918. After spending a few weeks with his parents, Mr. and Mrs. J. J. Lankford, he will leave to accept a position in Baltimore. Mr. Lankford is formerly of this city.

David L. Johnson, of Thoroughfare Farm, near Ocean City, has lost two nice horses and two mules with cerebro-spinal meningitis, or forage poisoning, but as no new cases have developed this week, he hopes he is clear of the disease. Dr. Murphy, of Salisbury, attended the animals, and also a number of cattle at Showell, Synepuxent and other places, afflicted with a swelling of the knee joint. This is attributed to fly poison. None of the cattle have died, and some of the earlier cases have recovered.

Saturday last, hogs sold in the Chicago markets at \$15.00 per 100 pounds which is the lowest pork has sold in this country since 1917 and the prospects are that it will sell down to at least \$12.00 per 100 before the bottom is reached. This will make sausage very much cheaper to the people of Salisbury this winter than for the past two years and this will be welcomed by many of our citizens who have been forced to pay as much as 35 to 40 cents for sausage in the past. All pork products are on the decline and retailers in this city as well as makers of sausage will have to come down in their prices as a fair price committee is now being named by the State of Maryland to fix the proper prices at which food stuffs be sold in this community.

A Production Of The Brains And Enterprise Of Wicomico Co. Men

ONE OF THE BIG SHIPS RECENTLY LAUNCHED AT THE YARD OF THE WHITE HAVEN SHIP BUILDING COMPANY.

THE GOOD SHIP "WHITE HAVEN" LAUNCHED AT WHITE HAVEN LAST WEEK.

The above cut shows one of the two big ships which are being built at the White Haven Shipbuilding Company's yards in this county for the Emergency Fleet Corporation. The sister ship will be launched at the yard within the next three weeks. These are two of the largest boats ever constructed in this section of Maryland and the reputation made by the White Haven Shipbuilding Company in the construction of these two boats led to the recent contract landed by this company for the construction of a 6,000 ton drydock for the Bethlehem Steel Works.

The launching was a great success. Thousands of people being present to witness the great event. The ship was christened by Mrs. H. W. Robertson, wife of the President of the Company. Among the pleasant features of the occasion was the presentation of a large diamond ring to Mr. Robertson by the workmen at the White Haven Shipbuilding yards. Other substantial presents of good will and good cheer were presented on the occasion and the people of White Haven recognized that the establishment of this great business in their midst was the personal work of Mr. Robertson under whose direction the yard is fast gaining a reputation which will no doubt keep it busy for many years to come. The pay roll at this plant is among the largest in Wicomico County and it has been instrumental in the establishment of a State bank at White Haven and will no doubt cause other enterprises to spring up in connection with the big work being carried on there by Mr. Robertson and his associates.

DOINGS AT THE WICOMICO HIGH SCHOOL.

Things Of Interest Happening Among Pupils Of This Institution.

OF INTEREST TO PUPILS AND PARENTS.

Many Happenings Among The Boys And Girls Of The Wicomico High School Which Appeals To The Interests Of The Entire Community.

(The editors of the Wicomico News have set aside this column for the use of the pupils and faculty of the Wicomico High School and the items published here will be furnished by one or more of the scholars weekly).

Soccer is now in full swing. Despite the fact that only four out of 11 regulars have returned, the prospects for a first-class team are very bright. Many new candidates have come out and an spirit of determination is readily seen at practice which takes place daily. Two teams have been organized (William Cooper is the captain of the Whalebones and Reginald Bailey, the captain of the Red Peppers. Three games have been played, the Whalebones winning two by close scores.

At the close of the Soccer season, Basketball will begin and then in turn gradually give way to Baseball and Track activities. Tennis will also be played and it is hoped to have matches between the boys and girls in the spring.

Over twenty lockers have been placed in the Boy's dressing room and now nothing is lacking in the way of facilities for Athletics, as also Mr. Nash representing the S. Y. M. A. has given Mr. Clarke the right to allow the High School to use the Athletic Park at any time.

This year Girls Athletics will be increased a great deal, and the lot beside the High School which has previously been used as a garden is being leveled in order that the girls may play Volley Ball, Dodge Ball, and End Ball. Miss Morris, who has charge of this work, is doing her best and this worthy extra school activity is sure to succeed.

The class of nineteen nineteen and one-half, which is the class that graduates in mid-year, organized last week with the result that Philip Mitchell was elected President and Bernice Wright was elected Secretary and Treasurer. There are about ten in the class and all details have been completed for the graduating which is to take place in the High School Assembly, either in the latter part of January or the first part of February.

This is the second class in the history of the School to be graduated in mid-year.

Last Friday morning Dr. Shipley gave the School a most interesting talk and the week before Dr. Herson spoke; next Friday (tomorrow) another town speaker will deliver an address to the pupils. The orchestra which is a new part of the school life rendered several selections on each occasion and it will be well worth your while to come over and hear them play. The public is urged to be present at any time. Three weeks later (October 17) the Senior Class will have exclusive charge of the Assembly and two weeks from that date the Juniors will officiate. In this manner, each Friday morning will have something of interest to everyone.

BEAUTIFUL HOME WEDDING IN SALISBURY LAST WEEK

Miss Elsie Wyatt and Mr. John Bevan Married By Rev. Dr. Herson.

A very beautiful home wedding was solemnized at the home of Mr. and Mrs. Lemuel Wyatt, Hazel Ave., Salisbury, on September 24th at high noon, when their daughter Elsie Margaret, now of this city, but formerly of Ocean City, Md., became the bride of Mr. John Bevan of Detroit, Michigan. The Rev. Joseph T. Herson, of the Asbury Methodist Episcopal Church, this city, officiated.

The home was beautifully decorated with ferns, ever greens and roses and the color scheme was yellow and green. The couple were united in marriage under a beautiful bower of ever green and roses. The bride was a popular young lady of this City and was attired in an African Brown traveling suit with gloves and hat to match and carried a corsage bouquet of Brides Roses.

After the ceremony a Buffet luncheon was served to the happy couple and the immediate members of the family who attended the ceremony, after which time the bride and groom left on the afternoon train for Niagara Falls, Detroit, Michigan and Northern points, after which time they will reside in Philadelphia. The groom is associated with the Western Electric Co. in Philadelphia as an engineer in that city.

—Newton Lodge, No. 56, I. O. O. F. will change time of meeting hour from 8 P. M. to 7.30 P. M., beginning with next meeting night, Tuesday, October 7. At that time a class of candidates will be initiated and all members of the team are urged to be present.

—There will be an oyster supper at the Redworth Hall Friday evening, October 2nd. Everybody invited.

Go Away and Leave It

Home Craft Week—The Homemakers Most Important Event

Today, the windows of your home form the center of your home decoration. Modern homes have no longer the elaborately sculptured fireplaces or the wonderful ceramic stoves of Northern Europe or the household shrines of the Greeks and Romans to give importance to every scheme of decoration. In place of these has developed the modern window—center of light and air, health and vision—as the dominating point of interest about which all satisfying decoration is built up. Our Home Craft Week exposition centers, therefore around the latest means of making your windows attractive.

Quaker Craft Lace Curtains

You can secure Craft Lace by the yard or made into curtains.

Many new ideas are brought out in the use of the lace for window draperies.

We are featuring the sectional lace by the yard or section. This beautiful material for windows comes 88 inches wide—wide enough for the length of the window—being in sections of about 9 inches, it makes a desirable drapery for any width window.

Beautiful soft Arabian or cream tints

Priced at \$2.00 the yard.

Other nets in white, Cream ecru or Arabian as well as the more extensive floral and bird and vine designs in laces will form the foundation of many of the draperies that will be seen in this city this winter.

They are priced at 25c to \$2.00 the yard.

The World Sees Your Windows

And Promptly Passes Judgment

The only part of your house furnishings seen by the "general public" are your window draperies—your curtains particularly. That's what gives their selection such tremendous importance.

That too, is why the National

Home Craft Week

October 6th to 11th.

—the week dedicated to the things that make home more livable and more lovable—centers in the featuring of window drapes and drapery materials—and particularly—Quaker Craft Lace.

The following is some of the special merchandise you will want to see.

Quaker Sectional Craft Lace

Made for your windows—the exact length—the exact width. Hangs straight from the top with a handsome lower border and a dainty tracery of birds or flowers or vine spreading on up the curtain growing lighter toward the top and finally lost in the delicate filet mesh.

Quaker Amerex

It really isn't a fabric—but a Fairy's breath—frozen into permanence by the hand of an expert weaver and brodered with florets of frost crystals which do not melt. And yet in spite of this elusive charm, it's very durable and very serviceable.

R. E. Powell Co.

The homes of America today reflect an advance to higher ideals.

Education, travel, reading, the freedom and progressiveness of the American family, find each succeeding generation appreciative of the influence of home environment.

Visit the section of draperies. It is worth it, if only to view the lace curtains, nets, printings and loom weaves, in design and colorings that delight the seeker of cosy, refined home surroundings.

Cretonnes for the over draperies, in the largest assortment it has ever been our good fortune to possess.

You will find them at 'most any price ranging from 35c to \$1.25 the yard.

NEWS CAUGHT ON THE WIRE FROM ALL SECTIONS OF THE COUNTRY

Happenings in Many Sections Of The World As Flashed Over Cable And Telegraph Lines.

HUMAN HAPPENINGS FROM ALL THE FOUR QUARTERS OF THE GLOBE SHOW THE TREND OF LIFE AMONG ALL THE PEOPLE—STRANGE HAPPENINGS MIXED WITH THE DAILY ROUTINE OF LIFE.

Negroes Indorse Lynching.

Athens, Ga., Sept. 30.—Negroes at a mass meeting near Lexington, Ga., have indorsed the action of whites in lynching Obe Cox, negro, accused of attacking and murdering the wife of a white farmer.

Dies At Age Of 102.

Wilmington, Del., Sept. 30.—Jehu Roberts, aged 102 years, Delaware's oldest citizen, died at the home of his daughter, Mrs. Mary E. McClintock late last night. The aged man had been bedfast since a fall on the street several weeks ago. Mr. Roberts was a native of Peach Hollow, Lancaster county, Pa., and served throughout the Civil War. He was a shoemaker by trade.

Can Sell Whiskey To Sick.

Philadelphia, Sept. 30.—Charging a jury in the case of a bartender arrested for selling whiskey, Judge Oliver B. Dickinson, of the Federal Court for the Eastern District of Pennsylvania, today said: "There is nothing unlawful in the act of selling whiskey for medicinal purposes." The jury returned a verdict of not guilty. It was testified that the man who bought the whiskey stated it was for a friend who was sick.

Retire Many Liberty Bonds.

Washington, Sept. 30.—Nearly a billion dollars of Liberty Bonds have been retired and paid off by the Government with loans returned by the Allied Governments and certain taxes which were paid in bonds themselves. The total of all issues of bonds run to \$17,000,000,000. Great Britain already had repaid \$32,000,000 of the billions she owes the Uni-

ted States and France has also made a small payment. In all the Allies owe the United States about ten billion dollars.

Cost Of War To America In Man Power Was 322,182.

Washington, Sept. 30.—The cost of the war to the United States in man power is now estimated officially as 116,492 dead, and 205,690 wounded, a total of 322,182. The figures include losses to army and marine units on all fronts to September 1. Killed in action totalled 35,585, or 11 per cent. of the entire list; died of wounds 14,742; died of disease, 58,073; died of accidents and other causes, 8092. Under the head of "missing" the announcement records a zero with the notation, "all corrected."

Will Wig-wag To Mars.

Omaha, Neb., Sept. 30.—Leo Stevens, balloon instructor at Fort Omaha, announced today that Professor David Todd will attempt to communicate with the planet Mars by signals this Fall in a balloon to be constructed and piloted by Stevens. The balloon, to be the largest ever made, will ascend 50,000 feet. Stevens said. Its capacity will be 140,000 feet. The balloon will be enabled to rise to the expected height, Stevens said, by the use of an invention which divides the balloon in two compartments, the upper containing hydrogen gas and the lower fresh air.

Fords Now Own Entire Company.

Detroit, Mich., Sept. 30.—Control of all stock in the Ford Motor Company has been secured by Henry Ford and his son, Edsel, it was announced today, through purchase of the min-

ority holdings of James Couzens, millionaire Mayor of Detroit, and formerly vice-president of the company. It is understood Mr. Couzens held more than 2000 shares of stock in the company. The price paid for his holdings was not disclosed. Interests of other minority stockholders were purchased by Henry and Edsel Ford early in July last for a sum said to be close to \$100,000,000. It was announced at that time that reorganization and recapitalization of the company would be effected. Details of the proposed recapitalization have not been made public.

Kaiser's Field Kitchen Is Now In America.

New York, Sept. 30.—The field kitchen used by the former German Emperor was among the 2700 tons of trophies of the world war brought to this country by the transport Santa Rosa, which arrived here today from Brest. The trophies will be sent to the Smithsonian Institution at Washington. The field kitchen, made of copper, resplendent with enamel decorations, showed no signs that it had been in the midst of shot and shell. According to its history, it was captured near Verdun. A case of medals, described as the property of the one-time German Crown Prince, was also among the souvenirs. The medals were captured by American troops, the retainers of the Prince having left them behind in a hurried retreat. Two German military motorcycles of a new type, which were used to carry machine guns, were also on the transport. They have a potential speed, it is estimated, of 120 miles an hour.

Investigating Pork Prices.

Washington, Sept. 30.—Retail prices of pork, now highest in history, are being investigated by the Department of Justice agents throughout the country, it was said today at the office of Attorney-General Palmer. Pork is the only meat which increased further in retail price in August, according to the Department of Labor investigation. Retail beef prices decreased. Live hogs now are selling in Chicago at the lowest price in months as a result of a drop of nearly 5 cents a pound, which occurred four weeks ago. During the last four weeks, however, pork chops increased 2 per cent. in retail price. In

many cities this amounted to 5 cents a pound. The wholesale markets for dressed meats now are being deluged with frozen pork, according to reports to the Bureau of Markets, Department of Agriculture. Officials say this means that the cold storage houses are being cleared of pork. Department of Agriculture. Officials investigating to learn if the storage houses are being refilled with pork dressed from hogs bought at the present low prices for animals on the hoof. Steps will be taken to prevent this pork being bought and held for a rise in the market, it was promised at Attorney-General Palmer's office.

Warn Of Raised Bank Notes.

Examine your Federal Reserve Bank notes carefully.

This warning is issued by Captain Matthew F. Griffin, of the Federal Secret Service, because of the large number of raised Federal Reserve Bank notes that are in circulation. Persons should be cautious about a Federal Reserve note of large denomination, before accepting it, Griffin said. A casual glance at the large numbers in the corner of the note satisfies most people.

Later, however, they notice that the note has been raised from either a one-dollar note to a ten or a two-dollar note to twenty.

Captain Griffin urges that the portraits of the Presidents of the United States on the different notes be committed to memory and if this is done a raised note will be easily detected. So paste this in your hat:

One dollar Federal Reserve notes bear the likeness of Washington; two, that of Jefferson; five, Lincoln; ten, Jackson; twenties, Cleveland; fifties, Grant, and hundreds, Franklin.

The additional figures are either painted or pasted over the original.

John D. Gives \$2,000,000.

New York, Sept. 24.—John D. Rockefeller today contributed \$2,000,000 to the ministers and missionary board of the Northern Baptist Convention. No restrictions are made as to the use of the principal and income which will be expended to take care of indigent Baptist ministers of the Northern States. The announcement of the gift, which is in the form of securities, was made in a letter to the Rev. E. T. Tomlinson, executive secretary of the board.

Fashion's New Versions In Autumn Dresses

But a foretaste of what fashion has evolved is presented in this, our first, review of dress models for Fall wear. Rather than complicate your choice with a too complex showing of designs we have taken only the smartest of many fashions, yet in the collection now ready for approval there are few duplicates—an unusual thing in a group so extensive and inexpensive.

In Tricotines, Wool Jerseys, Silk, Georgettes, Crepe de Chines, Satins, Tricolettes, trimmed in Braid, Buttons, and Beads. Beautiful modes in all the new Fall shades at \$21.50 to \$60.00.

Luxurious Furs

Beautiful indeed are these scarfs and stoles for my lady! and right now, they're 10 to 15 per cent below prices we would have to pay if we had to re-order on them now.

Women and Misses New Footwear

New Styles are arriving daily. Pretty shades of Brown-Mahogany with long Vamps, high or low heels, in a complete range of sizes.

You can be positive that these styles are best and that our prices are the fairest such good footwear can be sold for. These assortments were purchased some time ago when wholesale prices were much lower and are therefore selling for nearly what they would cost us today.

Rich Colorful Silks Dress Goods and Trimmings

Fabrics and colors well suited for the making of garments for all occasions are distributed profusely through the assortments and tend to make choosing both interesting and enjoyable. Wool Jersey Cloth, Broad Cloth, Costume Velvets, Velours, and Serges, Satins, Charmeuse, Georgettes in both plain and figured.—Crepe-de-Chine, Fan-ta-si Silks and beautiful Wool plaids for skirts. Pretty trimmings in fringe, beads and buttons.

Be Fitted to a Gossard Corset Corset Now For That New Suit!

The Best way we know to get your confidence, is to offer a corset service that deserves it. Our corsetieres are specialized in this branch of corsetry and will render you a skilled service that assures your satisfaction. Complete stock to select from, and models at \$2.75 up.

Fittings Free!

Prinzess Suits and Coats for Women and Misses

Models for general wear, or for formal occasions, interpreting the loveliest of the new fashion features. Fabrics include Tricotine, Poret Twill, Broadcloth, Silvertone, Wool Velour, Duvet - de - laine, Frosted Chinchilla, Marvella, Lustrola, Tinseltone and Chameleon Cord, lend these garments an air of true luxuriance.

Miss Prinzess Coats

A clever, youthful model fashioned of Polo Cloth in navy, brown, deer and rose-wood. It is full lined with sol satin. The style emphasizes the new silhouette with the fulness of the front. The new wide fringe stock collar is faced with blue wool velour. The narrow belt of self material buttons in front. Buttons are used in the trimming and with the blue wool velour the cuffs are also edged in harmony with the collar facing.

Lovely Waists for Autumn Wear

Blouse styles this season are more showy than they have been—Georgette is the leading fabric, and our showing is replete with Georgette blouses in wonderfully varied and becoming styles—all colors, collarless styles, with belts or sashes.

\$5.00 to \$10.00.

WONDERFUL SCIENCE

The snake is the longest-waisted animal in natural history.

Nobody has ever yet invented a satisfactory brick steamboat.

If nothing happens to an elephant he lives a great many years.

Brazil nuts grow on trees and are not carved out of mahogany, as many people have suspected.

In England they have a new lighthouse that weighs 1,000 tons, which is the heaviest lighthouse on that coast.

To remove the cover of a fruit jar (glass) bang it vigorously on the edge of the kitchen table or use a hammer if necessary.

An eastern genius is at work on a new telephone. It is guaranteed that on this instrument a person may get the right number inside of 45 minutes.

A cricket makes the peculiar cricketing sound by rubbing its wings against its hind legs. A mule cannot do this, but makes his cricketing noise by rubbing his tongue against the roof of his mouth.

A talking box has been invented to attach to lawn mowers. It announces the owner's name every time the wheels make a revolution, and this is supposed to discourage lawn-mower borrowers throughout the United States.—Chicago American.

THEN AGAIN—

Some women are born with handsome lips, some acquire handsome lips, and some have handsome lips thrust upon them.

Most any man is willing to pocket an insult if the insult is expressed by more than three figures.—Cartoons Magazine.

SAYS THE OWL

Why isn't prohibition a bear check?

Flying machines are used by air mail dividers.

No, Ralph, savings clips are not used in poker games.

No American cat can equal the Chinese tortois shell cat.

Bad luck is small quantities unless you have more quantities.

Love may never die, but it gets awfully sick sometimes.

Don't think that a bluff is a good substitute for an education.

Pressed corned beef is more substantial than pressed autumn leaves.

It keeps the world busy turning down the cranks that turn up.

Many a boy who runs away to join a circus is only too glad to walk home again.

When ordering a new ribbon for your typewriter always specify whether it is for "her" or for "it."

QUAKER QUIPS

Clothes don't make the man, nor does a coat-of-arms.

Be up and doing. Always do your best, but spare your best friend.

A reputation for wit merely consists of cultivating people who think you funny.

Honesty is the best policy. Even the fellow who steals a kiss may get a life sentence.

Even when he puts his best foot forward the pessimist holds the other in reserve for a good swift kick.

Some things are as broad as they are long, but a man with a long hand is worth two with a long face.

Adversity may sharpen a man's wit, but no man ever acquired polish from being rubbed the wrong way.

The cynical bachelor rises to remark that no man should think of getting married without making a serious study of the divorce laws.—Philadelphia Record.

ARKANSAS THOMAS "SCATS"

Men will often trust their daughters with men whom they wouldn't trust with a \$5 bill.

It must be tough luck, after having spent years in entomological research, to be referred to as a bug expert.

If a woman's clothes and complexion are the advertising kind, she shouldn't kick if there are few bid-dens.

A hermit has few modern conveniences, but he judges the horse and develops a cheerful philosophy in his life in some vast wilderness.

It sometimes happens that when a man takes a rest he takes something that he isn't justly entitled to.

Yes, the world may owe you a living, but you will starve to death if you sit down and wait for it to come and settle.—Chicago Daily News.

REFLECTIONS

The flush often beats the straight in a political game.

Why does the tallest man in the crowd always get in front?

It is a wise fool that can keep his lack of wisdom to himself.

If a man has a bee in his bonnet he is reasonably sure of a lively hood.

A new broom doesn't sweep any cleaner than an old one with a new hired girl attached.

Is it true, Rafalo, that no man would be willing to swear to everything he says during courtship?

Why does the average man never realize that silence is golden until after his jaws begin to swell?

Trouble seems to be a patriotic affliction. It makes the eyes red, the hair white and the feelings blue.

If you would know what your friends say of you when absent listen to what is said of others in your presence.

SAYINGS OF THE SAGES

This world belongs to the energetic.—Emerson.

He repents on thorns that sleeps in beds of roses.—Quarles.

Sin has many tools, but a lie is the handle that fits them all.—O. W. Holmes.

Never chase a lie. Let it alone, and it will run itself to death. I can work out a good character much faster than anyone can tie me out of it.—Lyman Beecher.

Fruits of the head are punished in this world; those of the heart in another; but as most of our vices are compound, so also is their punishment.—Oulton.

Unless we are accustomed to them from early youth, splendid characters and elegant furniture had best be left to people who neither have nor can have any thoughts.—Geyser.

The many friends of Dr. C. Hampson Jones of Baltimore will note with pleasure that Mayor Broening named him in his list of appointments as head of the Health Department of

Baltimore as Commissioner of Health. Dr. Jones is well known to many residents of Salisbury and his wife who was a Miss White, spent her early girlhood days in this city. The appointment is considered of the high-

est class as Dr. Jones is one of the most efficient health experts in the State. He is at present at the head of the Department of Communicable Diseases of the State Department of Health.

A Juicy Broiled Steak

Wouldn't you enjoy one for dinner — thick and juicy, broiled to a turn, with rich brown gravy? Easiest thing in the world with

Mrs. Roland Perry and daughter Lillian of Salisbury, were the weekend guests of Mrs. James Venables.

POTTS-TRUITT WEDDING.

Miss Nannie H. Potts, daughter of Rev. and Mrs. Thomas N. Potts, was quietly married on Monday afternoon at two o'clock at the home of her parents on Camden Avenue to Lieut. Razzie W. Truitt, U. S. N. of Cape Haitien, Haiti.

The ceremony was performed by the bride's father, Rev. Dr. Thomas N. Potts, assisted by Rev. Mr. Thomas R. Reeves. The house was artistically decorated with dahlias, astors and palms.

After a wedding breakfast, the bride and groom motored to Delmar where they took the north bound train.

SALISBURY-BUICK BUYS OUT STANDARD BUSINESS HERE

Both Lines Of Cars Will Be Carried At The Big Garage On Dock St.

Another Big Change has been made in the automobile business in Salisbury, the Salisbury Buick Company recently established here having bought out the Standard Motor Company's business in this city.

A number of skilled mechanics have been employed and the service division of both the Cadillac and Buick cars will be much improved over the past, and it is the intention of Mr. A. M. Porter, head of the Salisbury Buick Company to see that the patrons of his organization both as to Buicks and Cadillacs receive the very highest grade service which it is possible to give.

Mr. Donald Graham, who for so many years was connected with the L. W. Gunby Company is now connected with the Salisbury Buick concern and will look after his many friends who desire to continue their business with him.

An Agreeable Surprise.

"About three years ago when I was suffering from a severe cold on my lungs and coughed most of the time night and day, I tried a bottle of Chamberlain's Cough Remedy and was surprised at the promptness with which it gave me relief."

DIG POTASH FIND IN PENNA MOUNTAIN

May Mean Our Divorce From German Potash For Farming Demands.

COUGHT TO SAVE FARMERS MILLIONS OF DOLLARS.

It Is Claimed That Greatest Potash Discovery In America Has Been Uncovered In Mountain Of Rock Near Davis, Pa.

Westfield, Pa., Sept. 30.—What is believed to be the greatest discovery of potash on the American continent has recently been found in a mountain of the potash bearing rock on Long Run in the little town of Davis. The mountain is a mass of Pocono sand stone and this stone seems filled with potassium nitrate or saltpeter.

Col. Henry Demming, consulting state geologist, is enthusiastic over the promise which this deposit gives to America as a source of potash for American farms. He spent three days on the property with a force of men taking samples of the rock from the foot of the hill to the crest of the mountain. Everywhere the rock has been uncovered by blasts of dynamite it has shown up white and floury with K₂O, the potash that makes farms advance in fertility as if by magic.

Col. Demming had two tests made of the mineral at his laboratory. The first sample showed potash 30.49 per cent and the second showed the presence of chemically pure potash to the extent of 44.8 per cent. While these are from selected samples, the richness of the rock as far as has been revealed by blasting, increases rather than decreases as the surface is penetrated. Analysis of a sample of the rock was made by the chemist at Alfred University, who found the piece he tested contained 30.6 per cent potash.

The German potash mines which supply the world are from rock yielding from 12 to 15 per cent potash. From all that has been learned about the Long Run rock it will yield a higher percentage than the German mines. In places the potash lies between layers of the rock and here it can be scraped off with a pen knife. This is practically the chemically pure potash of commerce. But in part of the formation thus far uncovered the potash seems to saturate the rock itself, giving it almost a limestone appearance. The mass of rock in the hill is 5000 feet wide, 6000 feet long and 400 feet high.

The property is owned by James McCullough, S. M. McCullough, J. T. VanDusen and C. W. Reese.

Just what the mass proposition of potash will be, of course, cannot be definitely stated until a few tons of the rock can be ground and the potash extracted, but Col. Demming is sanguine that this discovery is of wonderful moment to this country, in fact, one of the greatest mineral discoveries in many years.

The theory of the expert regarding the deposit is that the region in which the Pocono rock is found, which embraces quite an area in Tioga and Potter counties, was at one time a lake and that the decaying of plant and animal life and the rise and subsidence of the waters of the lake deposited the substances which in time became the potash which permeates the rock as found today.

The only potash found in Pennsylvania heretofore, has been found in alunite with a yield of about 7 per cent, and the rock so scarce as to really not amount to anything. The last discovery promises to be the potash find of all history for the United States.

Presbytery Advises Advertising.

The Presbyterian Commission in session at Atlantic City last week advises the use of the daily and country newspaper for advertising the Church. The resolution adopted advises the spending of a stated sum each year by every church in advertising the church advantages before the people of the community and says that the best method of placing a Church before the public is through the newspaper. The resolution goes on to say that churches should not ask for free advertisements in the newspapers but should lay aside a special fund for the purpose of keeping Church work alive before the people. It advises all the Presbyterian Churches throughout the United States to start a campaign of newspaper advertising at once and to keep it up for the future if the vast newspaper organizations desire to see their Churches grow as they should.

YOUR OPPORTUNITY

To Buy 2 Fine Truck Farms Near Salisbury.

Here they are on the Plat. At Tony Tank, Maryland, on the East side of the Salisbury-Princess Anne stone road. Two miles South of Salisbury, one mile North of Fruitland. You can't find property better located than this.

The front farm, No. 1, faces on the East side of the Salisbury-Princess Anne stone road, adjoins the property of Mrs. A. J. Vanderbogart on the North and Cedar Lane on the South. Just across Cedar Lane is "Warwick Manor," the beautiful home of Mrs. Marion A. Humphreys. This farm contains 12.05 acres, more or less. It is improved by a large colonial residence, barn, and other farm buildings insured for \$2,000.00.

The rear farm No. 2, faces Cedar Lane opposite the progressive farm of Col. W. B. Tilghman, Jr. It contains 11.41 acres, more or less.

This is all cleared land in good condition, and in a good state of cultivation. It is at this time well set in growing crops,—tomatoes, sweet and white potatoes, corn and other general truck. Possession will be given January 1st, 1920, 2½ months from the date of sale.

Here is your opportunity to have a home near Salisbury and Fruitland, on good roads, in a nice neighborhood, with enough land for one man, and without the bother of getting labor. The best residential section of Salisbury is rapidly expanding toward it, and it will soon be readily salable in building lots. You can't make a better investment than the purchase of one or both of these farms.

The right is reserved, after offering these two farms separately, to accept bids for them as a whole, and if more is offered for them as a whole than separately, to reject the bids for them separately, and accept the highest bid for them as a whole.

The property will be sold at Public Auction on the premises on,

Saturday, October 11th, 1919,

At 4 O'clock, P. M.

TERMS:—One fourth cash on day of sale. Balance payable in three equal installments of six, twelve and eighteen months from the day of sale. Purchasers to give notes with satisfactory security for the deferred payments, bearing interest from day of sale; or all cash at the option of the purchasers.

FRANKFORD CITIZENS BATTLE WITH WOULD-BE ROBBERS.

Auto Breaks Off Telephone Pole—Chicken Stealing Prevalent In Upper Dagsboro District Held For Assault And Battery On Woman.

M. J. Cox & Co., Seaford merchants have closed a deal whereby they became possessors of the large stock of merchandise belonging to the government, at May's Landing, N. J., said to be worth about \$20,000. The firm will move the stock to Seaford.

Mr. and Mrs. Charles Friedel entertained about 60 of their friends and relatives at their home near Seaford Saturday night, in honor of Mrs. Friedel's brother, Charles Boyce of Cincinnati, Ohio, and Fred Noble of the Philippine Islands. Music, games and singing were enjoyed and a collation was served.

While en route from Bethlehem, Md., in their automobile, last week, Mr. and Mrs. Theodore Hatton had a break down at Hurlock and were compelled to telephone to their home in Seaford for another car to come and get them. Mr. and Mrs. Hatton had been to Bethlehem to visit a sick relative. The damaged car was repaired and carried home.

Farmers in the upper end of the Dagsboro district have been losing many chickens the past two weeks, but no clue has been obtained. Recently Samuel Tindall, a well-known farmer, and for many years a school teacher, lost several choice fowls. Officers are said to be working on a clue and arrests are likely to be made within a short time.

Federal officers were in Georgetown Saturday for the purpose of ascertaining, it is said, whether any owners of automobiles have been using them for hire without taking out a Federal license. Recently they paid a visit to Laurel and Frankford and arrested some who had been running stage without license, and in some instances the fine, it is said, reached \$100.

Charged by Mary Harmon with committing an assault and battery on her along the public highway about two miles from Georgetown, George Conquest, residing near Providence, was arrested by Constable Charles T. Jester, Saturday last, and arraigned before Justice of the Peace E. W. Ryon, who committed him to the county jail in default of a fine of \$10.

Shortly after his incarceration, friends of Conquest appeared and turned the amount of the fine over to Sheriff William O. Johnson, who made settlement with Magistrate Ryon. James Dryden of Millsboro is under \$200 bond for appearance at the October term of court, charged before Justice of the Peace E. W. Ryon by his wife, Elizabeth Dryden, with deserting her and his two children, one about 9 years old and another 15 months.

Seaford's Town Council is to be congratulated on the fine condition of the streets of the town, they being in the best condition they have been in for several years. Workmen have been at work for some time scraping, putting on crushed stone where needed and otherwise improving them.

While trying to avoid another automobile which had stopped in the road just ahead of him, Ernest Purnell, proprietor of the Laurel Hotel, ran his machine into a telegraph pole on the Ocean City boulevard, Sunday last, breaking off the pole at the ground and damaging the car. None of the occupants were injured.

Mrs. Georgia Otwell, aged about 75 years, of Georgetown, daughter of late ex-Sheriff John W. Short and widow of Cath Otwell, who several years ago was connected with the Laurel House, at Laurel, was found dead at her home on South Bedford street, Georgetown, last week by her son James Bayard Otwell. Mrs. Otwell seemingly was in good health and in her usual good spirits when her son went over to one of the neighbors. Upon his return he found her lying on the floor, her body still being warm. Mrs. Otwell's husband, father and a brother also died suddenly. For many years she was an active member of Georgetown New Century Club and St. Paul's P. E. Church.

In a battle with burglars, Saturday night, Sept. 29th, Frankford people exchanged a fusillade of shots with but little effect when efforts were made

to rob the hotel and the homes of Asher Robinson and William Prettyman. Guests sitting on the porch of the hotel were the first to discover the intruders. C. E. Willin of Georgetown saw two men run behind the hotel and in a short time heard the attempt they made to blow the safe. He gave the alarm and later the robbery of the other places was attempted. The alarm aroused the town, and in a short time men were out with guns to capture the invaders. A number of shots were fired, but evidently no one was hit, as the men escaped in an automobile, but without getting any loot.

Harold Adams, formerly of Laurel and now residing in Philadelphia, was married to Miss Edna I. Cashner, also of Philadelphia, at Wharton Memorial M. E. Church, that city, September 6, by Rev. Dr. Haas. Miss Marguerite Cashner, a sister of the bride, was the bride's maid and William Peoples of Harrisburg, acted as the groom's best man. Announcement of the wedding has been received by friends in Laurel. A reception was held at the home of the bride's parents, after which the couple left for Williamsport, Pa., where they will reside. Mr. Adams is a son of Mr. and Mrs. Deolia Adams, formerly of Laurel. Mr. and Mrs. Thomas H. Riffin from that town attended the wedding.

Bids on State Aided Highways.

Bids were opened at the County Commissioners office last week on two State aided highways in Wicomico County last week and were as follows:

On 1.03 mile section of Salisbury-Snow Hill Road, State Aid Contract No. 412. E. R. Griffith Contracting Co., Salisbury, Maryland, \$31,477.50; Bond, Covington & Co., Baltimore, Maryland, \$32,520.50; Costigan & Maloney, Washington, D. C., \$34,458.

Bids on 1.07 mile section of Salisbury-Nanticoke Road, between Catch Penny and Royal Oak, State Aid Contract No. 522. E. R. Griffith Contracting Co., Salisbury, Maryland, \$28,562.50; Costigan & Maloney, Washington, D. C., \$40,794.00.

War Savings Stamps - A link to Uncle Sam, who returned your money at the end of the year, just like you.

WISELY FEATHERED NESTS

SOLVING WAR PROBLEMS TAUGHT PEOPLE THRIFT

Country Urged to Keep Benefits Gained Through Lesson of Saving Learned Last Year.

Fellowship in the fastest growing society in the United States is open to everybody. In every state in the union it is gaining members daily, since it is a society in which the good of the country is served as well as that of the individual.

From all walks of life its millions of ever increasing members come. No one can be a member and keep the pledge he takes without receiving lasting benefits and aiding the United States of America to maintain the proud place it has already attained—the peer of any nation that has ever existed.

When the treasury department of the United States began the attempt to solve the financial problems that beset the country as it was entering the war, the United States was a debtor nation. Only on understanding that it is the greatest creditor nation in the world today can one realize what an achievement has been won. Without a direct tax on the people money has been raised to pay for the successful termination of the war, and this cost more than \$20,000,000,000. Beside this enormous amount of money there is now more money in the banks than before.

This, of course, was done through the Liberty Loans, principally. But these loans have ceased, and those at the head of the nation's finances are seeking to clinch the lesson already learned, and are urging the permanent establishment of War Savings Societies.

The Treasury Department is doing a service for the small investor in accepting so small an amount as twenty-five cents and giving the same security that the holder of a \$10,000 Liberty Bond enjoys—the entire resources of the United States of America. Could anything be more safe?

CAN CHOP OVERHEAD

We joined with glee to celebrate the birthday anniversary of Washington, who, when a boy, chopped down his father's cherry tree, and later, though but still a youth, surveyed the trackless forest waste and always practiced simple truth in every project he embraced. Then when the Revolution broke out George stepped bravely to the fore and threw aside our foreign yoke, and saw us safely through the war. No adjectival flourish here could tell in full his epic life, but this we know and hold it dear, he won our nation's primal strife; he fought, he built, he sagely taught, he loved this land of liberty, and what his sacrifice then bought is handed on to you and me. To him we owe unyielding debt, to keep our nation's honor bright, and emulate him so that yet we travel holding Freedom's light; we cannot all chop cherry bark, but we can chop the overhead, and cutting out some costly lark, buy W. S. S. instead.

A thrifty man is safe from worry. Buy wisely, save intelligently, and invest in Thrift and War Savings Stamps.

Spend wisely, avoid waste, save intelligently, invest in Thrift and War Savings Stamps—and success is already yours.

War Savings Stamps—a link to Uncle Sam, who returned your money at the end of the year, just like you.

SAID EVERY SOLDIER KEPT TRENCH SHOVEL

Engineer After Viewing Battlefield Makes Interesting Commentary—Could Find Everything But One Trophy He Wanted.

An eminent engineer recently returned to Washington after traversing on government business much of the western front. He went over the battle area before the army salvage corps had removed the signs of conflict.

"I saw pretty nearly everything there," he said. "Lots of rifles, bayonets, machine guns, helmets, soldiers' packs, water bottles, and even handkerchiefs and socks all over the ground."

"I didn't want any of them. Because I'm an engineer, I'd set my heart on a trench shovel. I'd seen thousands of them back of the lines, but I wanted one from the battlefield. I looked and looked, without finding one lying around loose. Wherever there was a shovel, the man who'd used it was lying beside it."

"Then I understood. The soldier, dislodged from a position, might lose his pack, his extra clothing, even his rifle, in his escape, but he never let go his shovel."

"He knew he had to have it, to dig himself in again."

War Savings Stamps are trench shovels for digging in against adversity.

CARRY ON!

Uncle Sam is releasing from his service the men who went "over there" to free the world from autocracy. Thousands of soldiers are daily receiving their honorable discharges; they pocket their pay, bid farewell to their comrades and sail forth—civilians.

There is one army, however, which must not be demobilized. That is the army of War Savings Stamps buyers. More recruits are needed to carry on the campaign of readjustment which follows the signing of the armistice.

The army of fighters has achieved its purpose.

The army of savers must remain in "action."

"Carry on" to a lasting peace under the banner of W. S. S.

MAKING NEXT DOOR NEIGHBORS OF THE EASTERN SHORE AND BALTIMORE

A NEW ERA is dawning for Maryland—an era that will make the State one great unit of thought and action, instead of two separate communities with varying ideals and problems. This new era will mark the passing of the old territorial lines, established when Nature steered the course of the mighty Chesapeake through the heart of virgin Eastern American, and left the gorgeous hills and magnificent valleys on the Western Shore, with broad, fertile fields to be the heritage of the golden Eastern Shore. Separated by a broad expanse of water, and with different conditions confronting the inhabitants of each section, it was but natural that these two halves of Maryland should grow wider apart with the passing years. But they are at last to be cemented by the bonds of closer fellowship; by a greater and more thorough understanding; by a more intimate and a more agreeable association. The future holds in store for their greater social, political and commercial activity than ever before. They are to know each other as they have never been privileged to do in the past. Western Maryland, with Baltimore at its head, is to know more about the Eastern Shore, and the Eastern Shore is to learn more about Western Maryland. These two great communities are to be real next-door neighbors. And the answer is—the Peninsula Ferry between Love Point and Baltimore.

Ten years ago the only method of communication between the two halves of Maryland was by means of tedious, long-drawn-out water journeys, or by the more expensive process of traffic over the railroads.

Five years ago a new means was established when the state roads were opened up to motor traffic. But even that involved considerable time and expense.

Today, quick, direct and effective means of communication are being established in the organization and operation of Bay Ferries—carrying Eastern Shore-land direct to Western Maryland, bringing Western Marylanders in to the very heart of the Eastern Shore.

HOW THE BAY FERRY IDEA WAS CONCEIVED

Ever since the automobile became such a vital and important factor in the commercial and social life of Maryland, the demand has steadily been growing for closer association between the two halves of the state. It was but natural that Marylanders should begin to inquire into solution of the problem, and when great minds began to meet the issue, the answer was either a bridge across the bay—or bay ferries. It was soon found that the bridge, while possible, might prove thoroughly unfeasible, and certainly very expensive. Constructive figures were staggering; maintenance estimates were disheartening, and the ultimate returns were uncertain. So the bay bridge became a dream—possibly a reality of the future, but unfeasible for the present.

Then Maryland minds drifted to the Bay-Ferry proposition. Investigation disclosed that ferries were thoroughly practical and maintained with even reasonable patronage. Capt. C. W. Harrison, one of the practical steamboat men of the East, realized the possibilities, and laid his plans before Governor Emerson C. Harrington. Both entered enthusiastically into the work and the Claiborne-Annapolis ferry resulted. Capt. Harrison always believed that the Love Point route would prove the only practical one, but he was over-ruled, and after the ferry had been successfully placed in operation, he turned his time and attention to the duties of operating the Baltimore and Southern Navigation Company's line of steamers.

He still clung steadfastly to the belief, however, that Love Point offered the real, practical solution to a thoroughly successful bay ferry, and several months ago a delegation of Eastern Shore's most influential and representative citizens called upon him and asked him to use his influence and devote his experience to the establishment of a bay ferry from Love Point to the heart of Baltimore. He consented.

LOVE POINT AS THE LOGICAL GATEWAY OF THE SHORE.

A glance at the map of Maryland, with its broad stretch of water through the two great shores, readily discloses the fact that Love Point is the logical gateway of the Eastern

Shore. It is the only point from which a ferry may be operated with entire practicability into the city of Baltimore. There are numerous points where the water distance between the two shores is less, but there is no place which commands such quick accessibility to Baltimore. Therefore, when the Claiborne ferry was started it was necessary to run the boats to Annapolis, and travelers must proceed the remaining distance to Baltimore overland, a distance of 28 miles. The Kent ferry must operate between Rock Hall and Bay Shore, and travelers must furnish their own means of getting from Bay Shore into the city. But by the Love Point route, the service is directly into the business section of Baltimore.

ORGANIZATION OF THE PENINSULA FERRY CORPORATION.

These facts were all carefully considered; maps were consulted and thorough investigations conducted. Then, in July, the Peninsula Ferry Corporation was incorporated under the laws of Maryland, and complete plans of operation, together with other necessary details, were laid before the Public Service Commission of Maryland. After reaching this stage, swift action was taken, and today a magnificent pier stands practically completed at Love Point. This will be the Eastern Shore landing of the Ferry. In Baltimore work will immediately begin on a commodious and comfortable terminal at Pier 4, Pratt street, in the very heart of the city. This will be the Western Shore terminal of the ferry.

The Steamer St. John, of the Baltimore and Southern Navigation Company, lies in her dock ready to steam out on the initial journey between these two Maryland points. In New York the ferry which is eventually to be operated across the bay is ready to undergo the repairs and improvements that will convert her into the most magnificent, palatial and comfortable ferry steamers in the world.

Swift action for three months! Action that has been backed by sound judgment and executed with wisdom and foresight!

The incorporators of the Peninsula Ferry Corporation determined to leave no stone unturned in the effort to make the governing influences correct in every detail. They deemed it wise, therefore, to select men of calm deliberate judgment, and ample experience in transportation and shipping, to head the company. C. W. Harrison, President of the Baltimore and Southern, was made President, and A. S. Butterworth, Director of the same company, is associated as Vice-President with Capt. Harrison. R. T. Ford, Treasurer of the Baltimore-Southern, also is Treasurer of this company. Charles H. St. John, who for eleven years was Vice-President and General Manager of the Baltimore, Potomac and Chesapeake Steamboat Company, and who more recently has been

Vice-President and General Manager of the Baltimore-Southern, occupies a similar position with the corporation. A. W. Lockard, who until last August was secretary to Governor Emerson C. Harrington, and who, in this capacity, was in intimate touch with the establishment and operation of the Claiborne-Annapolis Ferry, is now associated with Capt. Harrison and is a director of the Peninsula Ferry Corporation. These men have devoted a great portion of their lives to

and the facts as stated here, must correspond with the complete plans furnished the Public Service Commission of Maryland.

WHAT THE PENINSULA FERRY CORPORATION PROPOSES TO DO.

In the beginning, it should be understood, without any attempt at disparagement of any other proposition, that public service corporations, such as the Peninsula Ferry Corporation, is subject to the dictation of the

Mandalay, now operated from Battery, New York, to the Highlands. The Mandalay is one of New York's most successful and popular excursion steamers and has made thousands and thousands of dollars for its owners.

The carrying capacity of the Stapleton will be approximately 2500 people, depending upon the equipment placed on her, and she would have a maximum speed of seventeen to eighteen miles per hour. She probably will be converted into an oil burner, instead of a steamer, to effect a greater economy in operation. The schedule, as arranged, will be as follows: Leave Baltimore Lv. Love Point

5.00 A. M.	7.00 A. M.
9.00 A. M.	11.00 A. M.
1.00 P. M.	4.00 P. M.
6.00 P. M.	10.00 P. M.

WHAT THE EARNING CAPACITY OF THE FERRY SHOULD BE.

Careful and conservative estimates, based on the success of the Claiborne ferry, and taken from statistics that are known to be correct and reliable, the Peninsula Ferry Corporation may safely figure a gross daily revenue of not less than \$700 for each day between October 1 and May 31, which would give a gross revenue per month of \$21,000. The gross expenses, including the operation, cost of piers, help, executive force and general office expenses would not exceed \$15,000 per month, leaving a net of \$6,000 per month.

These figures can be exceeded, but even on this basis it can be seen that for eight months operation, a net of \$48,000 would be earned. And this would be simply on passengers and automobiles.

From June 1 to September, Baltimore's population of nearly a million souls, seeks recreation in the country. Thousands and thousands go to Love Point now, with uncertain and unattractive service, and tens of thousands more go to Tolchester and a dozen other Maryland resorts. With quick ferry service out of Baltimore, hundreds of thousands of Baltimoreans every week would make at least one journey to Love Point, and during these four months every passenger that could be carried on the Ferry would add just that much more to the capacity of the line. By carrying even a reasonable number of automobiles and passengers during the fall, winter and spring months the ferry could pay big dividends, and with the summer excursion crowds on the upper decks, the success of the proposition would be certain.

In order to make this an investment that shall be absolutely safe and certain, the corporation is preparing to add the excursion feature and thus increase the company's earnings.

HOW STOCK IN THE FERRY CORPORATION MAY BE OBTAINED.

Stock in the Peninsula Ferry Corporation is now being sold. The par value of the preferred stock is \$100 per share and it is 7 per cent. accumulative. With each share of preferred stock, the company is giving 5 shares of common stock as a bonus. As soon as the company begins to show earnings this common stock will be worth many times its par value, and it may safely be said that the investor will be able to dispose of his common stock at a figure very nearly equaling his original investment, and can still receive his 7 per cent. on the preferred stock. It is believed that the dividend on the common stock should very soon be not less than 25 per cent per annum, and this, very naturally, would make the stock very valuable.

This proposition will bear the closest and most rigid scrutiny and investigation, and investors are invited to make a most thorough inspection of the entire proposition. Unlike the "get-rich-quick scheme," where the promoter cashes in on the money paid by the investor or speculator, this proposition can bring no profit to the promoter from the money of the investor. The one and only way for the promoters to derive one penny of profit is for the ferry to pay dividends, and then the promoters share equally with each and every stockholder. It is in this way and this way only that any one can hope to earn anything on the proposition, and this means that every effort will be exerted to giving a clean, economical management, and a service that will appeal to the public. Unless this is done neither the promoters nor those who buy stock now can hope to gain.

The bay ferry undoubtedly will prove one of the biggest assets the State of Maryland ever had. If railroad and good thoroughfares are conducive to the increase of land values and have a tendency to increase general prosperity, certainly more direct means of communication and traffic should ensure correspondingly to the resources of Maryland.

The necessity for a ferry has been created wholly by public demand and public need. The ferry has its origin in a long "felt want" that only a ferry could fill, and the people of Maryland may feel sure that they can invest in this proposition with unqualified expectation of receiving big returns promptly.

If you would like to hear more about the ferry proposition fill out the blank below, with your name and address, and the Peninsula Ferry Corporation will place further facts and figures at your disposal.

the successful operation of bay and ocean-going vessels. And their experience and judgment should be valuable to the Ferry Corporation.

WHAT BALTIMORE CITY HAS DONE TO ENCOURAGE THE FERRY.

When the Love Point ferry was proposed, an Eastern Shore delegation went to Baltimore and interviewed the Mayor and all the large trade organizations of the city, with a view of enlisting their co-operation and support. Investigations were conducted with the result that many of the larger associations in unqualified terms endorsed the Love Point route as the logical and practical one.

When the company assumed concrete form, Baltimore was called upon to express her co-operation in more substantial form, and prompt action was taken. An agreement was reached whereby the city is building at the foot of Market Space, Pier 4, Pratt street, a commodious and comfortable terminal. This will be the Western Maryland end of the Love Point ferry. On one side of the ferry will be the Dock of the Baltimore-Southern Navigation Co.; on the other side the automobile landing for the ferry. Above, passengers will be received and discharged from the ferry, so that the difficulty of handling passengers and motor vehicles from the same deck will be completely eliminated. There will be no danger, no confusion, and greater speed and convenience in both receiving and discharging passengers and motorists.

In numerous other ways Baltimore has shown a commendable public spiritedness in backing the ferry.

WHAT THE EASTERN SHORE CAN DO FOR THE FERRY.

It is a well established fact that even public service corporations can prosper to a greater extent where the public is interested in the success of the proposition. And with this end in view the Peninsula Ferry Corporation, when it became a corporation, prepared to issue stock to Marylanders. The Company is organized with 2500 shares of 7 per cent. accumulative stock, par value \$100 per share. There are also 30,000 shares of common stock, at \$5. per share.

This stock is being distributed in Maryland, to effect interest, and to place the corporation on a sound, conservative business basis.

In offering this stock to the public, the Peninsula Ferry Corporation realizes that it must take the buying public freely

and fully into its confidence, Public Service Commission of Maryland, a legal institution created and maintained for the purpose of insuring equal and exact justice to the people of Maryland who are required or who desire to avail themselves of the conveniences of organizations operating for the public good. Before franchises are granted by public service commissions, complete data must be laid before the Commission, showing the amount of stock to be issued, the plans of operation and all other details involved in the operation of the corporation. This means that before stock can be issued a Maryland legal authority has passed upon the proposition and required the company to adhere rigidly and strictly to all legal requirements.

While other bay ferries in Maryland must depend entirely upon the motor traffic and traveling passengers for revenue, the Love Point ferry has another source of revenue which should prove an important factor—and which will undoubtedly add greatly to the ferry revenues.

At first it was planned to place a ferry with a capacity of forty autos on the Love Point route. During the last month, however, it has developed that a ferry of this size between Claiborne and Annapolis is proving thoroughly inadequate, and though making numerous trips each day, as high as 100 machines have been left behind on a single trip. This would have a tendency to cause motorists to hesitate before traveling to Claiborne, for fear that, upon reaching there, they might not be able to obtain transportation.

It was, therefore, deemed wise to obtain a boat that would carry not less than eighty machines, and which also would be a boat built for the express purpose of ferrying.

Representatives have found such a boat in the Str. Stapleton.

The Stapleton is a large double-ended steel ferry-boat with a length of 260 feet, 62 feet beam, with first-class boilers and engines. She is a speedy vessel. This boat will be remodeled as follows:

The housing will be ripped off entirely, and the entire lower deck converted so as to accommodate vehicles. The second deck, with dancing pavilion, lounging rooms, soda fountain, rest rooms, toilets, locations for orchestra and amusements. The third deck will be arranged with awnings to accommodate excursionists. These alterations will convert the Stapleton into a steamer similar to the Str.

MEET CAPT. C. W. HARRISON, PRESIDENT OF THE PENINSULA FERRY CORPORATION:

Capt. C. W. Harrison, North Carolinian by birth, but Marylander by adoption, in his early manhood captured an Eastern Shore lady as his bride, and then proceeded to capture a considerable portion of the coast-wise and ocean going trade of the East.

He is President of the Baltimore-Southern Navigation Company, one of the most successful freight and passenger lines operating out of Baltimore, and is also the pioneer of Chesapeake Bay Ferries.

He is a man of wide experience in shipping circles and is regarded in the business world as a man who makes a success of any enterprise he undertakes. His associates in this enterprise dare to brave his displeasure over publicity, because they want Marylanders to know and realize that the Peninsula Ferry Corporation has a man at the helm who has guided many big ships to many safe ports.

PUBLIC OPINION COLUMN

Subjects in Which The Public Are Interested Enough To Write About.

(This column is for the free use of the public to express their views on important subjects. All letters to the Editor must be signed by the writers with their correct names, but their names will not be published unless desired. The Editor reserves the right to insert and to condense material which may not need to be enclosed.)

GUESS WORK IS COSTLY.

The consolidation of the Clara and White Haven schools last year by hauling the children from Clara to White Haven has proved to be a failure from the fact that only eight or nine children attended White Haven School, whereas more than 20 remained at Clara to be taught in a private school at the expense of their parents; and I seriously doubt that our School Board has any knowledge of any school being consolidated under similar conditions and environments as exists at Clara and White Haven. The writer has been told by good authority that Mr. Bennett, the Superintendent of our Schools, said that he would never again consent to the consolidation of a school against the wishes of so large a majority of the school children's parents as was done at Clara. This is virtually an acknowledgement that the School Board made a mistake in this affair, and it does not show good judgment to leave mistakes uncorrected. And it seems to me that the only honorable thing for our Board of Education to do is to acknowledge this mistake and correct it, wrong at once by opening the school room at Clara.

Of course, we are perfectly willing for our school board to have their opinion as to the wishes of our schools, but they should not try to dominate the people with the old Hohenzollern spirit, and there is gross misrule by quite a number of officials of our County.

Why stand we idle. The hour is here. We must appeal to the ballot, and as the old saying goes, "turn the rascals out." Just now men of noted intelligence are disagreeing with President Wilson in the signing of the Peace Treaty and the League of Nations Covenant as it stands; and I believe these men are honest and patriotic and have the courage of their conviction in declaring the signing of this treaty will be undoing and ruin of our beloved republic. The President is equally emphatic in declaring the signing of this Covenant will prove the salvation of the people of the world, and would have us believe under its protecting power, our boys will no more don the khaki to be hiked away as cannon fodder in a war of hell; and while the President is so declaring and holding up this League of Nations covenant as the olive branch of peace, which I fear is but a mirage to lure us into an endless desert where the precious manhood of the nations of the world will be buried in the hot sands of the wars of hell. For, is not Secretary Baker and the military officials insisting that we begin to prepare for war at once, and I believe with the approval of President Wilson.

Now, it seems to some of us that claim to have a grain of common sense that there is something out of joint and a rasping discord out of which it will take more than a master mind to bring Harmony.

I was sorry to read in President Wilson's first address on his speech-making tour where he appealed to the passions and prejudice of the people in keeping before them the cruel mode of warfare the Germans waged. Let me venture the prediction, that if peace is to perch on the brow of the nations of the world, the past must be forgiven and forgotten. I wonder if there ever was such a thing as humane warfare. I wonder if there ever can be such a thing as civilized war with the devil-invented devices to kill, maim, mangle and starve humanity.

During the Civil War when General Sherman made his famous march through the South to the sea leaving in his wake devastation and ruin, which is always the fruits of war, he fittingly declared, "War is Hell!" No truer words ever fell from the lips of man, and when I hear men who claim to be wise try to make it appear there is such a thing as humane warfare, I can not help doubting their sanity.

One of my boys offered his services in the past war, and was assigned to the Motor Transport Corps, and after being in the service six months and knowing something of a military life. I received a letter from him stating he would be glad when he could discard the military uniform for civilian clothes. I am proud to believe my boys are no cowards and stand ready in defence for right and justice, but I am a thousand times more proud to know they take no glory in a military life. And the day is coming and must come when the sword will be beaten into the plow share, the armies will be demobilized and swallowed up in the peaceful pursuits of life. The furrows will be sown, and the old days of war will be dismantled

and their fighting togs rolled into the sea, and being unlimbered of this freight of destruction and death, will proudly plow through the seas on missions of mercy and help. But when oh when shall that day dawn upon the peoples of the world! Will the old juggernaut of war again go rumbling around the world crushing beneath its relentless wheels millions and millions of human beings, and with merciless blockades springing up like a spectre of death to starve innocent childhood and womanhood?

It seems I can hear the answer coming straight and true. Yes! Yes! Unless the nations repent, obey and trust in God, and not in man, as our Savior; and by the help of Him who can save to the utmost, let us with a nation-wide though child-like faith prove the anxious omnipotent power of the eternal father and throw off the old shackles of military protection. And all hail the day when those who insist on strutting around in military garb as protectors of humanity, be likened as a monster parasite upon the human family, and then, Thank God there will be peace on earth, good will to men.

J. R. ROBERTSON.

Indigestion, Biliousness, Constipation.

**ADMIRAL COONTZ FOR
NAVAL CHIEF OF U. S.**

**Named To Succeed Admiral Benson
By Secretary Of The Navy.**
Announcement has been made by Secretary of the Navy Daniels that Rear-Admiral Robert E. Coontz, now in command of the Sixth Division of the Pacific Fleet, has been selected for appointment as Chief of Naval Operations, the most important post held by an officer under the Navy Department. The position carries with it the rank and pay of Admiral.

Congress having failed to carry out the recommendation of President Wilson that Admiral William S. Benson, the present Chief of Naval Operations and the first officer to hold that office, receive the permanent rank of Admiral for his services during the war, he was retired for age, with the rank of Rear-Admiral.

Admiral Benson, as Chief of Naval Operations during the war, supervised the strategy and operations of the United States fleet, which embraced an immense amount of detail work, including the plans for the participation of American destroyers and other vessels in the operations against German submarines and the arming and conveying of troop transports and merchant ships.

Admiral Coontz has a number of relatives in this city, he being the grandson of the late Robert E. Brewington who was a brother of the late Henry J. Brewington of this city. The grandfather was a former resident of Salisbury, and Admiral Coontz and his family have visited the Brewington family of this city on several occasions.

**Keep a Bundle on Hand for
Improving Farm Buildings**

THERE are hundreds of various uses for Cornell-Wood-Board on every farm. Old walls and ceilings in the house and summer kitchen can be made attractively new. The interiors, too, of your Garage, Dairy Barn, Poultry House will be kept warm in winter and cool in summer as a result of being covered with

Cornell-Wood-Board
Exceeds for Walls, Ceilings and Partitions
Repairs Alterations or New Work

You can put it up yourself if you choose. Full directions for applying in every bundle.

Resisting fire and moisture, Cornell-Wood-Board will not crack, split, warp or buckle. Saves time, labor and money because of the ease with which it is put up. Exceeds for covering the walls, ceilings and partitions of Residences, Barns, Garages, Churches, Stores, Theaters, Schools, etc., and for scores of special uses on the farm or in the city. Nails direct to the framework, or right over walls, and takes paint or calcimine perfectly.

Come in and let us show samples and give complete information.

U.S. Marines Adopt Nash Quad

**Nash Quad Now Standard Equipment
For Marine Expeditionary Service**

JOIN the Marines! If you desire to see the world, sign up with this famous branch of Uncle Sam's fighting forces, which in France and elsewhere has won for itself such a high place in the admiration and affection of the American people. Even in so-called peace times, the Marines are constantly on the move from one quarter of the globe to another, keeping order and protecting the interests of America.

THE Nash Quad, with its record for dependable performance in the service of the Allies during the world war, has been selected by the Standardization Board of the U. S. Marine Corps as standard equipment for expeditionary service.

The selection of the Quad as standard equipment for this use was made after the Marine Corps had conducted exhaustive tests of various trucks, had carefully compared data as to performance and reliability, and after it had had an extended experience with more than 400 Nash Quads in actual service.

This means that from now on Nash trucks go wherever the Marines are sent, to bring up munitions and supplies, and to do all the various hauling tasks for these famous fighters of Uncle Sam.

Nash Trucks—One-Ton Chassis, \$1650; Two-Ton Chassis, \$2250; Nash Quad Chassis, \$3250
Prices: F. O. B. Kenosha

LAST EAGLE LAUNCHED AT FORD SHIPYARD

500 Ford Bodies Daily To Be Made in The Big Ford Plant.

BIG PLANT NOW TURNED INTO AUTOMOBILE PRODUCTION.

The Big Building Formerly Used To Turn Out Government Submarine Chasers Will Now Turn Out 500 Ford Bodies Daily.

Ford "Eagle" Boat Number Sixty—the last one to be built by the Ford Motor Company under the stipulations of its war-time contract with the Navy Department—was launched at the River Rouge (Detroit) yard, August 16th at 3:30 p. m., and the long assembling building which is a third of a mile long and housed 21 of the submarine chasers at a time, is already being transferred into a body-building plant with a proposed output of 500 bodies daily.

Ford officials, workers, sailors and many invited guests witnessed the launching. Number Sixty was dressed with flags and bunting and as it found its level in the Rouge and floated free from the railroad tracks which had carried it onto the elevator-like launching table, the factory whistle took part in the ceremony by blowing sixty blasts—one for each boat launched at the Ford Yard.

Twenty-five "Eagles" have already been commissioned by the Navy, and it is expected that the remaining boats will be entirely completed by November 1st. One thing which greatly prolonged the work was the changes made in the outfitting of the boats shortly after the armistice was signed. As rapidly as the "Eagles" are commissioned, they are joining different squadrons of the U. S. Fleet. Six of the Ford boats are going to the Philippines to replace six old destroyers and gun-boats; another squadron will join the International Patrol off the coast of China; "Eagles" 1, 2 and 3 are now doing patrol duty adjacent to Archangel, Russia, and it is quite probable that a small fleet will be sent to Italy.

The "Eagles" were designed particularly to carry the submarine detecting devices or "listeners," depth bomb protectors and three-inch guns with which to combat the U-boat once it had been located by the "listener." They are practically noiseless in operation, light, speedy and so constructed that a quick get-away is possible—it being necessary to often stop to "listen" while chasing down a detected sub. Had the submarine destroyers been called into actual service—which only the signing of the armistice prevented—they would have "operated" in flotillas of three.

Commander Nicholas, stationed at the Rouge Yard, said he knew of no statement or report issued by the Navy Department relative to the merits of the "Eagles," but that they have performed remarkably well on their trial trips and all tests given them just before leaving the Ford Yard. And that had they been called into actual service, they would have proven a very formidable enemy to the submarines.

DAMAGE SUIT FOR ALLEGED AUTOMOBILE ACCIDENT

Attorney A. M. Jackson Files Suit For Client Against Cambridge Man.

Mrs. Lillie E. Hastings, through her attorney Alexander M. Jackson, this city, has filed suit against Mr. James H. Sherman of Cambridge, Maryland for damages amounting to \$15,000.00.

This damage case grew out of an alleged automobile accident, in which it was claimed that Mrs. Hastings and Miss Ida Dickerson, two trained nurses at the Cambridge Hospital were run over by the auto of Mr. Sherman on August 2nd, 1919 on the main State road leading into Cambridge. Miss Dickerson's limb was broken, and was much the less hurt than Mrs. Hastings who had her spine badly hurt, two ribs broken, an arm broken, her collar bone fractured and her ankle broken. Mrs. Hastings is a widow with one small child, and was formerly of this city, her maiden name being Miss Lillie E. Ruark. Since August 2nd, when the accident occurred, it is said she has been in the Cambridge Hospital but last week was moved to Peninsula General Hospital where Dr. D. B. Potter X-rayed the broken bones, and Dr. J. McFadden Dick re-set them. Both ladies it is said, had a narrow escape from death in the contact with the big touring car of Mr. Sherman.

Bilious? Feel heavy after dinner? Bitter taste? Complexion sallow? Liver perhaps needs waking up. Doan's Regulets for bilious attacks. 50c at all drug stores.—Adv.

The New Suits and Coats

The Styles Pictured are Just a Few of the Many Attractive Models We Are Showing

Many women have already taken advantage of our advance display and sale of Fall and Winter garments, fully realizing that these Coats and Suits cannot be had later at the prices which they are now offered.

Within the Past Week Over 50 New Garments Have Arrived---The Smartest of the Season---And These Have Been Added to Our Already Large Stocks.

Rich, luxurious Coats in cloth and fur fabrics - \$15. up
Smart tailored Suits, plain and fur trimmed - \$25. up
Some Especially Pretty Models at \$35.---\$45.---\$55.

Exceptionally Clever Misses and Juniors Coats

For small women and young girls who have difficulty in finding the style and size they want, our "Miss Printzess" Coats solve the clothes problem.

WON'T YOU COME IN TODAY?
 ASSORTMENTS ARE VERY COMPLETE

The Prettiest Dresses We Have Ever Shown

The first thing that will attract you is their becoming charm and attractive appearance. Next you will be impressed with the wonderful velours, jerseys, tricelines, which provide warmth without being burdensome. Bank Bandits Get \$20,000.
 Lansing, Mich., Sept. 24.—The bank of Mulliken, a village near here, was broken into early this morning by five men, who secured about \$20,000 in cash, Liberty bonds and other securities and escaped in an automobile. Before blowing the safe they virtually isolated the village by cutting all telephone and telegraph wires.

Deadly Germs In The Jordan.
 Bathing in the River Jordan, famous in sacred history, has lost its popularity as the result of the discovery by American physicians that it is a dangerous disease germ carrier. One of the first steps taken by the American Red Cross unit reaching that region was an analysis of the river water. It was found laden with the germs of skin diseases and other maladies. There have never before been restrictions on bathing in the stream, regardless of the physical conditions of the bathers, but the revelations of the danger lurking in the Jordan's water caused the local authorities to place a ban on the unrestricted bathing.—Detroit News.

Sergt. Ted White Decorated.
 Sergeant Edward R. White was decorated with the Croix de Guerre in Salisbury several days ago by a special officer sent here for that purpose. He is the son of Dr. and Mrs. E. Ryall White of this city and during the war, made a wonderful record in France. He is at present at the Pennsylvania University where he is taking a special course in pharmacy. The records of the Department show the following record: "Edward R. White, Sergeant, for extraordinary heroism in action near Consequoy Wood, France, October 10, 1918. After his platoon leader had been killed, Sergeant White took command. The advance of the Company had been held up by a machine gun nest, until Sergt. White with two other soldiers, cleaned out the nest, killed four and capturing six of the enemy." Sergt. White had the D. S. C. conferred on him while in France.

A VALUABLE FARM FOR SALE

The undersigned offers at private sale his farm known as the "Noble Farm" located between Elwood and Preston in Caroline County, Maryland on main route to Baltimore and other cities. Farm is only one mile from the town of Preston, which is perhaps the most business town on the Eastern Shore to its size, and is one mile from Elwood Station on B. & A. Railroad, and one-quarter mile from Linchester station where there are flour and grist mills, also a cannery factory. Seven other canning factories within two miles of farm. This farm contains

94 1/2 ACRES OF LAND

74 Acres being Cleared land and highly improved and 18 ACRES IN TIMBER, mostly large timber. The Farm is improved by an eight room dwelling with cellar, with eight double barns, nearly new, a Barren equipped with hay-fork etc. All other necessary outbuildings including big chicken house, nearly new, and automobile garage. I will sell this farm at a reasonable price. A look over the farm will convince you. If interested apply to

E. J. BRADLEY,

Sept. 18-4t. Preston, Maryland.

Farm For Sale

73 Acres. On the Main State Macadam Road from Philadelphia to Ocean City, Md. 400 to 500 autos pass every day. 3 miles to depot at Mardela Springs, 3 miles to Sharptown High School, bank, stores, etc. One mile to Riverton church, stores and school. Steamboat wharf; boat 3 times per week to and from Baltimore, freight and passengers. The farm fronts on State road for over 1 mile. 43 acres in good state of cultivation adapted to grain, hay and truck; 10 acres of the best berry land; 10 acres good sweet potato land; lots of fruit, more than enough for home use. Apples, peaches, grapes and plums. House of 8 rooms, very attractive well built and painted, lawn front to State road, lawn and shade front and rear. Under one roof in rear is summer kitchen and dining room, well and sink. Meat room, store room, wood house, all attached to main house. Large barn and loft, stables for horses and cows, plenty of store rooms for carts and wagons and farm tools. Potato house newly built, will store 2000 bushels of potatoes. All buildings in good repair and could not be replaced today for \$4,000.

Woods, 30 acres, some good saw timber, it is estimated will cut 400 cords of wood selling in Sharptown for \$8.00 per cord, coal this season selling here for \$13.00 per ton and wood will be higher. No wet land on the place, all well drained. Woodland would make fine farming land if cleared. Farm had good wheat and rye past season; 5 acres of sweet potatoes will be included if sold by Oct. 10th. Mail and groceries delivered. Price \$6000, part cash. If interested and mean business will send photos of buildings. Address BOX 17, Sept. 25-3t. Sharptown, Md.

SAMUEL R. DOUGLASS, Attorney-At-Law.

Order of Publication.

Nora Wright vs. John H. Wright.

No. 2671 Chancery. In the Circuit Court for Wicomico County, Maryland.

The object of this suit is to procure a decree of divorce for Nora Wright against John H. Wright.

The Bill states that on or about the 18th day of June, nineteen hundred and ten she was married to the said John H. Wright, and resided with him as husband and wife from 1916 until the Spring of 1919.

That ever since the said marriage she has behaved herself as a faithful, chaste and affectionate wife towards the said John H. Wright. But he on divers days and times between the first day of January 1918 and the time of filing these presents has committed the crime of adultery with one Mabel Dunn, with whom he is now living in adultery at Wilmington, Delaware, and has committed the same crime with other low and abandoned women. That her name to your orator is unknown; that your orator has not lived or cohabited with the said John H. Wright since she discovered the said adulteries.

It is thereupon, this 18th day of September, nineteen hundred and nineteen, ordered by the Circuit Court, for Wicomico County, Maryland, in Equity, that the plaintiff by causing a copy of this order to be inserted in some newspaper, published in Wicomico County, once in each of four successive weeks before the 18th day of October, 1919, give notice to the said absent defendant of the object and substance of this bill, warning them to appear in this Court in person or by counsel on or before the 2nd day of November, 1919, to show cause, if any he has why a decree ought not to be passed as prayed.

J. CLAYTON KELLY, Clerk. True copy, test—J. CLAYTON KELLY, Clerk.

FOR SALE

Five 20 acre water front farms, on Wicomico river, Sharptown from Baltimore. One is in timber, which stands on hill. About 8 acres in timber, some from woods with both, electric lights, hot and cold water, electric refrigerator, with cement floor. Farm from city line. Call on G. G. SHOCKLEY, 1919. Sept. 25-4t.

Registration Notice

Notice is hereby given that the Officers of Registration of Voters for Wicomico County will meet on the 30th and 31st days of September at the Court House in Salisbury, Maryland, for the purpose of registering voters for the year 1919.

Tuesday, September 30, 1919

Sec. 136. It shall be unlawful for any Hotel, Tavern, Store, Drinking House or any place where liquors are sold, or for any person or persons, directly or indirectly, to sell, barter, or dispose of any spirituous or fermented liquors, ale or beer, or intoxicating liquors of any kind, on the day of any election hereafter to be held in the several counties of this State; and any person violating the provisions of this section shall be liable to indictment, upon conviction, be fined not less than \$50 nor more than \$100 for each offense, one-half to be paid to the informer, and the other half to the County Commissioners for use of the roads.

By order of
W. E. SHEPPARD, President.
C. LEE GILLIS,
WM. M. DAY,
Board of Election Supervisors.
W. R. DORMAN, Clerk.

NEW BUILDINGS ARE NEARING COMPLETION

Several Big Structures Will Soon Be Ready For Occupancy Here.

ALL SECTIONS OF CITY GETTING SOME OF THESE BUILDINGS.

East Camden Street And The Section In Eastern Salisbury Fortunate In Getting New Locations For Some Of These Big New Enterprises.

Salisbury is certainly hustling these days in the way of building. On East Camden Street, the large garage being constructed for Fooks & Lowe to be known as the Shoreman Garage is being completed in rapid time and it will be one of the big buildings of the city when done. Down the street further, the new garage being constructed for the Dean W. Perdue Auto Company is also fast approaching completion and this is no small building in itself. The Salisbury Buick Company is moving into its new quarters on East Camden Street which probably will only be temporary as it is expected this concern will during the present year construct a large brick garage for its business and inquiries are now being made for another location down town by a Baltimore concern on which a new large two story garage is to be built if the proper location can be secured.

Out on East Isabella Street and Railroad Avenue, the tremendous building being constructed by the Coca-Cola Company is now fast approaching completion and this when done will be one of the handsomest structures in Salisbury. It is a three story and basement building, covers a large area of ground, being constructed on the most improved sanitary plans and will contain all modern conveniences both for business and apartments and will certainly be a great addition to Salisbury and that portion of the city.

The rapidity with which Contractor Johnson completed the Booker, Moore & Scott Building on Commerce Street shows what can be accomplished by Salisbury brains and thrift when tried out. This building was started only a few months ago and is now completed and the firm doing business in same. It is a model and modern structure built on approved lines and is one of the handsomest wholesale houses in Salisbury.

We understand that this firm has added to its real estate holdings in the locality and that very soon, a large modern garage will be constructed fronting on East Church street to accommodate the 12 or 18 trucks which the concern will use in its delivery of goods on the Eastern Shore. At present, residences stand on the property to be thus improved but these will be removed and the building to be constructed will also be along modern lines but it is understood the firm has not yet decided whether to make it two or three stories in height. Just across the street from this new building, the Salisbury Ice Company has a fine location which we understand is being sought for by two parties who propose to construct a modern business establishment thereon. This location has the advantage of side tracks running practically into the property and for some certain lines of business would make an ideal spot. We have also understood that an option has been secured or requested on a large lot owned by the Salisbury Ice Company across the railroad track near the property of the Citizens Gas Company and that this location may also soon come in for a big structure which will add to the commercial importance of Salisbury. East Salisbury is certainly getting its share of handsome new buildings and the trend of business seems to be going that way. It may not be many years before East Church Street will be turned over to business enterprises entirely as Salisbury must grow in some sections, and the trend of business certainly seems to be in the Eastern section of the city.

Sale Of Park Street Property. Two important sales of Park Street property have been made within the past few days. Mr. A. M. Walls has purchased the residence where he now resides from Mrs. Merrill including the vacant lot adjoining and the two garages on the property. This residence is located on the west side of Park Street. Almost directly across the street, the Brotemarkle property has been sold to Mr. Ernest Moore of this city who will use it for his residence. This is a large double house and was formerly the Burkett homestead which stood on North Division Street but was moved back and rebuilt into a double house by Mr. Wheaton. The prices paid for both of these properties have not been made public.

FOUR PERSONS KILLED AND FOUR OTHERS BADLY HURT

Great Damage and Loss Of Life In Boiler Explosion In Mill.

Four persons are dead and four seriously injured as the result of a boiler in a steam mill exploding. The mill is owned by J. Stanford Locates and is located near Ross Point about six miles from Laurel. The accident happened at 11.30, Thursday morning last.

Thomas Roberts, the sawyer and his wife Jane, who were working at one of the small saws were both killed instantly. Ernest West, a son, and Gertrude West, daughter of Jane Roberts were also instantly killed. The injured are: Fred Oney, Edgar West, Jake Oney and Charles West, all colored and laborers in the mill. The injured were carried to Laurel where physicians gave first aid and brought them to the Peninsula General Hospital. Some of the injured ones were cut and scalded until it was almost impossible to recognize them.

Mr. J. Stanford Locates, owner of the mill had left the place about 15 minutes before the explosion occurred and was working about a quarter of a mile away; hearing the explosion he looked in the direction of the mill and saw the tubes from the boiler high up in the air. The big steel boiler was burst along a seam, both ends blown out, the plate flattened and blown about 60 yards, cutting a path thru the trees as it went. The tubes from the inside of the boiler were blown about 600 feet in the air and lodged ten feet from where the boiler plate landed. The mill is a complete wreck, the engine was thrown with its bed several yards and the wheels broken in bits, the building which sheltered the mill was blown to atoms and the machinery bent and broken.

The cause of the explosion is not known.

REPUBLICAN STATE TICKET.

For Governor: HARRY W. NICE, of Baltimore

For Comptroller: LT.-COL. A. W. WOODCOCK of Wicomico

For Attorney-General: ALEXANDER ARMSTRONG, of Washington County

For Clerk Court of Appeals: WILLIAM L. MARCY of Anne Arundel County

IT'S SURPRISING

That So Many Salisbury People Fail To Recognize Kidney Weakness.

Are you a bed back victim? Suffer twinges; headaches, dizzy spells? Go to bed tired—get up tired? It's surprising how few suspect the kidneys.

It's surprising how few know what to do. Kidney trouble needs kidney treatment. Doan's Kidney Pills are for the kidneys only.

Have convinced Salisbury people of their merit. Here's a Salisbury case; Salisbury testimony. Kidney sufferers hereabouts should read it.

John H. Connolly, 503 E. Isabella St., says: "When I went to Virginia, I was obliged to drink impure water and I began to suffer from my kidneys. My back also became weak. I used two boxes of Doan's Kidney Pills and they removed all the trouble. Occasional use of Doan's since has prevented a return attack. They cannot be praised too highly."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Connolly had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.—Adv.

 HASTEN PEACE**

Leaders in Forty States, Re-
 gardless of Party, Sign
 Ringing Appeal
TREATY WITHOUT AMENDMENT

Bay Every Day Of Delay Puts World
 In Imminent Peril Of New War.
 Point To National
 Unrest.

New York.—(Special.)—Two hundred
 and fifty leading Americans, Repub-
 licans and Democrats representing forty
 different states and every prominent
 activity have joined in a non-partisan
 effort to bring about the ratification
 of the Peace Treaty "without amend-
 ment and without delay." Their names
 are attached to an address to the
 United States Senate, which was made
 public today, through the League to
 Enforce Peace, after it had been sent
 to every member of the Senate.

The signers, almost without excep-
 tion, are men and women of national
 reputation. They include such promi-
 nent citizens as ex-President Taft,
 George W. Wickersham, Attorney Gen-
 eral in the last Republican adminis-
 tration; A. Lawrence Lowell, president of
 Harvard; Charles C. Moore, of San
 Francisco, president of the Panama
 Exposition; Judge George Gray, of
 Wilmington, Del.; President Samuel
 Compton, of the American Federation
 of Labor; Harry A. Wheeler, of Chicago,
 retiring president of the Chamber
 of Commerce of the United States;
 Mrs. Carrie Chapman Catt, president
 of the National American Woman Suff-
 rage Association; Cyrus H. K. Curtis,
 the Philadelphia publisher; President
 Herber J. Grant, of the Mormon
 Church, and Spargo, leader of the So-
 cialists, who supported the war.

The signers declare that every day
 of delay in ratifying the treaty puts
 the world in "imminent peril of new
 war."
 Their statement follows:
 In the Senate at Washington, now
 that the committee on foreign rela-
 tions has reported the treaty, the lines
 are sharply drawn between the im-
 mediate ratification of the treaty of peace
 with Germany, and its amendment with
 a reassembling of the conference and
 a reopening of negotiations that would
 bring great delay and prolonged un-
 certainty in settling the great issues of
 the peace. No partisan plea can be
 made. Party lines are already broken.

Standing at a distance from the
 conflict in the Senate chamber, we
 plead for immediate ratification with-
 out delay. Our land requires it. A
 state of nervous strain, tension and
 unrest exists manifesting itself in dis-
 turbances, which in some cases have
 no self evident connection with the
 war, but which are, in fact, its after-
 math. The world is put in imminent
 peril of new wars by the lapse of each
 day. Dissensions between us and our
 former allies are being sown. We firmly
 believe and solemnly declare that the
 States and cities in which we dwell
 desire immediate peace.

The waging of war steepled and
 united the American people. Peace
 will bring prosperity and prosperity
 content. Delay in the Senate post-
 poning ratification in this uncertain
 period of neither peace nor war has
 resulted in indecision and doubt, bred
 strife and quickened the enmity of
 those who sell the daily necessities
 of life and the fears of those whose
 daily wage no longer fits the daily
 market basket.

We beseech the Senate to give the
 land peace and certainty by a ratifica-
 tion which will not keep us longer in
 the shadows of possible wars, but give
 the whole world the light of peace.
 Reservations in the nature of clarifi-
 cations in the meaning of the treaty,
 not inconsistent with its terms, will
 not require the reopening of the ne-
 gotiations with Germany and with our
 associates in the war, which we all
 and each united to win.
 But there is no possibility of doubt
 that amendment of the treaty, as is
 now proposed in the Senate Commit-
 tee on Foreign Relations, would re-
 quire negotiation and a reopening of
 all the questions decided at Paris.
 Months of delay would follow. The
 perils of the present would become
 the deadly dangers of the near future.
 All the doubt engendered would add
 the plots for violent revolution in this
 and other lands. The issues here and
 elsewhere between capital and labor
 the conspiracy of speculator and profi-
 teer, would all grow and become more
 perilous.

This cannot be. The American people
 cannot, after a victorious war, permit
 its government to petition Ger-
 many, which has accepted the treaty
 for its consent to changes in the treaty.
 Yet if the United States should amend
 the treaty for its own purpose and
 policy, Germany would have full right
 to ask for concessions. Germany has
 agreed to make no claim in regard to
 enemy property seized in this country
 so an amount of seven hundred mil-
 lion dollars. Our recent foe could ask
 for a re-opening of this issue and of
 the Lusitania claims. It could raise
 every question open before hostilities

in regard to submarine warfare and the
 treatment of its nationals in this coun-
 try. All the provision for our trade
 in Germany seized by the economic
 clauses of the treaty, many of them
 vital to our industries and our farms
 as in dye patents, dye supplies and
 fertilizers, the working of the Repara-
 tion Commission, which superintends
 the trade of all with Germany, could
 all be brought up by Berlin for read-
 justment by our negotiators, acting
 for the United States alone and no
 longer associated with other victorious
 powers or supported by a victorious
 American army on the German border.

Peace itself, the peace of the world
 is delayed until ratification comes.
 And any amendment postpones peace.
 Germany and England alone of the
 principal powers have ratified. The
 other principals necessarily await our
 action, influential and powerful as we
 are today in the world's affairs. The
 ravages of war on more than a score
 of fighting fronts are continued by any
 needless delay. Let the Senate give
 the world peace by ratification without
 amendment.

Even the amendment for which most
 can be said, the provision in regard to
 Shantung, will secure nothing which
 cannot be gained if China, backed by
 the powerful advocacy of the United
 States, addresses itself to the machin-
 ery for righting international wrongs
 and meeting just claims created by
 the league between nations. China,
 after eighty years of oppressive treat-
 ies and despoiled rights, by which all
 the great powers have profited direct-
 ly or indirectly, has for the first time,
 in his covenant and treaty, the means
 and method to secure justice and the
 removal of the oppressive economic in-
 terference of stronger nations whose
 citizens are within her gates, protect-
 ed by a long succession of interna-
 tional agreements. Moreover, it should
 be remembered that the clause regard-
 ing Shantung was made upon the state-
 ment by Japan that she will return
 the territory to China and, therefore,
 upon that condition, compliance with
 which promise the league can require.

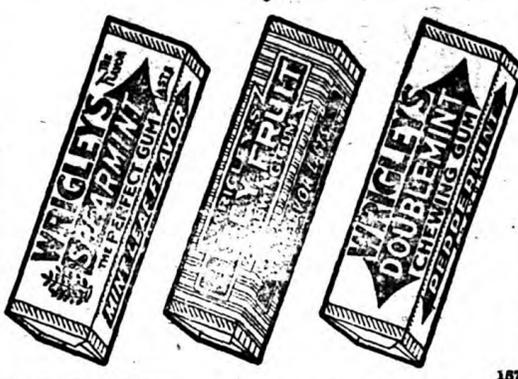

The peace of the present and the
 righteousness of the future can be best
 secured by the ratification of the cove-
 nant and treaty without amendment.
 Let the Senate take no action that will
 give any party to the treaty, and es-
 pecially Germany, ground for main-
 taining that the ratification of the United
 States is not complete and that
 changes requiring a resumption of
 conference and negotiations have been
 made in it.

Among the signers in Maryland,
 Pennsylvania and West Virginia are:
 Maryland.
 William F. Cochran, Philanthropist.
 Henry D. Harlan, Judge.
 Emerson C. Harrington, Governor.
 Theodore Marburg, formerly United
 States minister to Belgium.
 Edwin Wardell, ex-Governor.
 Daniel Willard, President Baltimore
 and Ohio Railway.

CURRENT NEWS CAUGHT ON THE FLY BY OUR REPORTERS

Some Interesting Items Being Talked About By Our Citizens.

MR. SEIPP VICE-PRESIDENT OF THE TITLE GUARANTEE AND TRUST COMPANY—ONE OF OUR OLDEST AND MOST RESPECTED CITIZENS—BIG DAY AT LAUNCHING LAST WEEK—GOVERNMENT AFTER THE SHOE DEALERS—POOR SERVICE FROM THE EXPRESS COMPANY.

Warren S. Seipp, deputy grand master of the Masonic Order and also grand lecturer for that body, was last Monday week elected vice-president of the Title Guarantee and Trust Company in Baltimore. He will assume his duties immediately, resigning the grand lectureship of the Masons, which has engaged his time and attention for several years. Mr. Seipp is 46 years of age and is identified with the life of Baltimore and the counties of Maryland. Before becoming grand lecturer of the Masons he was a professor at the Polytechnic Institute, in which capacity he took a deep interest not only in educational matters but in the civic affairs of the city. He is the third new executive officer to enter the service of the Title Guarantee and Trust Company lately. Albert G. Towers, formerly chairman of the Public Service Commission, became president on August 1. Shortly afterward the directors elected J. Duke Downes, for many years Bank Commissioner of Maryland, vice-president. One time, Professor Seipp was at the head of the Wicomico High School and he is well known to many of our people.

One Of Our Oldest And Most Respected Citizens.

Miss Anne Jane Parsons, one of the oldest residents of Salisbury celebrated her 91st birthday Thursday of last week, at her home on Water street, this city. Miss Parsons although at this advanced age is active, has a clear mind, and takes a general interest in everything going on in the community. She celebrated her birthday by having her picture taken last Thursday for the first time in 40 or 50 years. During the day, many of her friends who have known her for a long time called to offer their congratulations. Miss Parsons probably has the most vivid recollection of the older Salisbury of any of our citizens now living, and she takes a keen interest in reciting the incidents of 60 or 70 years ago. She well remembers the location and the appearance of every house which formerly stood on Main street before the fire of '60, and also the fire of 1886, and she often relates to her friends the difference between the Salisbury of the old days and the bustling Salisbury of the present time. Miss Parsons lives with her niece, Miss Annie Toadvine, and at the present time, she is furnishing many incidents of the old town to Mr. George W. Bell who is writing a short history of Salisbury from the fire of 1860 to the present time.

Big Day At Launching Last Week.

Thursday of last week was a big day for White Haven, as it was the occasion of the launching of one of the two large ships being constructed there by the White Haven Shipbuilding Company for the Shipping Board. The launching took place in the morning and was viewed by several hundred people who had gathered for the occasion and the beautiful boat went off the ways in perfect order, much to the admiration of the crowd. The sister ship will be ready for launching in about three weeks and when these two boats are in the water and fully equipped, they will be among the best wooden ships constructed for the Government since the beginning of the war. The builders have had the most complimentary notices from the Shipping Board on the manner in which the work on these boats have been done, and the landing of a contract for a 6,000 ton drydock for the Bethlehem Steel Works is an evidence that the White Haven Shipbuilding Company has a reputation for the construction of fine boats which is rather extraordinary. The completion of the second ship will give room for full work on the drydock which is to be rushed to completion as rapidly as possible and this piece of work will furnish full operations at the yard for several months to come thus insuring the shipworkers at White Haven plenty of work for many months. The manager, Mr. Robertson, also has some plans by which he hopes to land two or three other very large contracts for the yard, and he says there will be no trouble in keeping things bustling at White Haven for at least 12 months to come. The new bank at White Haven opened its doors a few days ago and will be a great aid to the business men of that section.

Government After The Shoe Dealers.

Word comes from Washington that a special committee of Congress investigating the price of leather, has decided that the trouble with the high cost of shoes does not lie with the leather manufacturers but in most cases, is caused by the excessively high prices which retail shoe dealers are charging the public. Advice given out by the Special Committee the last few days are to the effect that the retail shoe dealer is the real culprit who has been gouging the public and these are the fellows which the Special Committee is endeavoring to try to reach through some special act of Congress so as to aid in the reduction of the high cost of living. The investigations show that in thousands of cases, where retail shoe dealers have had to pay 25 cents a pair advance on shoes, they have advanced the price on the public to as much as \$1.50 a pair and in hardly any case, less than 75 cents per pair or three times the advance charged them by the wholesaler. While the Committee in its findings, says that much of the high cost of shoes comes from the fact that the women especially will not have anything but the very highest class shoes which are made, still the retailers in many cases are taking advantage of this fact and charging much higher prices than they should charge. Just exactly how Congress is going to reach the retailer and compel him to sell goods at the right price is a question which is puzzling many minds in this country because there is no reason why the retail shoe dealers should be regulated any more than the retail dealers in thousands of other kinds of articles sold to the public.

Poor Service From The Express Company.

It is with considerable regret that we have to note the fact that Salisbury at the present time, is getting about the worst service of the Adams Express Company it has ever received from any transportation company of this community. For many years, the Adams Express Company while under private management, was exceptionally well managed and the people of Salisbury and vicinity received especially good service through the efforts of the Superintendent, Mr. George Nealey, but since the Express Companies have been under Government control, the whole system seems to have broken down completely, and the service now given the people of Salisbury is about as rotten as it is possible to imagine. Here in a city of 10,000 people, the business of the Company is trying to be run by one truck for the calling and delivery of express and the consequence is that it takes sometimes a day or two to get a package called for and almost as long to get one delivered. Formerly, the Company did have three horse wagons for the city service and while this was antiquated and out of date, the agent here was able to cover the various sections of the town in some decent time, but under the present management, the horses have been disposed of and one old truck put on here to serve a city of 10,000 people with a consequence that the public is getting no service at all worth speaking of. We want to say that we do not believe this fault is chargeable either to the Superintendent or to the agent in Salisbury as both these gentlemen recognize the poor service which is being given, but the express service seems to have fallen into decay because of the inferior class of employees used in the transaction of its large business. Many of these men seem not to care except for the pay they are drawing and refuse to work more than eight hours and the careless way in which goods are handled and delivered is really disgusting to the public when compared with the excellent service which the company used to give its patrons. It is to be hoped that a return of the express companies to their former owners will be made in the quickest time possible, so as to restore some order in the service.

We Have Two-Legged Crows.

The reports published in the Eastern papers of the many tricks played on the inhabitants of that town by a tame crow reminds us that while Salisbury has not such a curiosity in the shape of a crow, which spends its

time stealing articles from the shops and carrying away everything from eye-glasses to suits of clothes, Salisbury has some two-legged crows in the shape of small boys whose chief interest seems to be in picking up bicycles which are not fast and disposing of them at the first opportunity. The police report that sometimes as many as 10 and 15 bicycles are stolen every week in this city and that most of the stealing is done by young colored and white boys who find the bicycles on the sidewalks and ride off with them. The officers suggest that the owners of bicycles who are in the habit of leaving them outside of their business houses or places of work should by all means use a small lock to fasten the bicycles as it keeps the police department on the jump trying to locate these stolen wheels and so often, the boys are too young to lock up, and much trouble could be averted if owners would take a little care and not leave their machines standing on the sidewalks especially after dark.

Requisitioned Ships Returned.

Of 512 steamships requisitioned by the United States Shipping Board for use in the war, 478 had been released up to September 2. Their aggregate tonnage was 2,727,421, dead-weight.

The Most Welcome Tire That Ever Came to Market

Men Who Appreciate Superlative Values Prefer The Brunswick

In every great tire factory, the chief question is: "How much can we give for the money?" And the product depends on the policy adopted.

Every man who has become acquainted with Brunswick Tires knows that Brunswick standards are again evident. This famous concern—noted as a leader in every line it entered since 1845—has once more proved that its policy is right.

A perfect tire is simply a matter of knowledge and standards and skill. No secrets nor patents prevent making an ideal tire.

But standards come first. For in tire making there is vast room for skimping, for subtle economies, for hidden shortcomings. Makers without the highest standards don't build high-grade tires.

The Brunswick organization of tire makers includes a brilliant staff of technical experts. Not a man

among them has spent less than 20 years in handling rubber.

Each is a master of his craft. And the new ideas they bring to the attention of Brunswick directors receive sincere consideration.

Every proved betterment is adopted unanimously.

The Brunswick Tire is a combination of acknowledged features—plus Brunswick standards of manufacture.

The result is a super-tire, the like of which you have never known before. The kind of a tire you will gladly join in welcoming.

Yet Brunswicks cost no more than like-type tires.

Try ONE Brunswick. We promise a surprise. And we feel certain that you will want ALL Brunswicks.

Then good tires will have a new meaning to you.

COAST TO COAST U. S. FOR LEAGUE

MILLIONS ACCLAIM WILSON AS HE SPEEDS ACROSS THE LAND.

FEW ASK FOR CHANGES

Majority Feel That President's Guidance Should Be Held—He Regards Pact, As Sure to Come Soon.

(By Mt. Clemens News Bureau)
Aboard President Wilson's Special Train—From the Capital at Washington to the far Pacific coast the President of the United States has journeyed on the most unusual expedition ever undertaken by a chief executive of the nation.

To discuss national questions, many presidents have toured the land; but Mr. Wilson is laying before America a question which affects the whole world—the question of whether or not we are to join in the League of Nations; whether we are to forget our former isolation and share with the other peoples of the earth the responsibilities of maintaining civilization and preventing, as he says we can do, future warfare.

Between the capital and the coast the president made fifteen speeches and half a dozen brief talks. All of 100,000 fellow citizens listened to him. Several millions had the chance to see him, and apparently everyone wanted to see him, from those who thronged the streets of the cities and towns where he stopped, to those who came to the railroads or stood at little flag stations in remote places, knowing their only reward could be a fleeting glimpse and a wave of the hand.

He has met and talked to all types of citizens—to men big in the business, financial and professional worlds to farmers and mechanical workers, to Indians and cowboys and foreign-born herdsmen and rangers, to soldiers and to mothers who lost soldier-sons in the late war.

What do they all tell him? Unanimously they say they want peace definitely settled, they want no more wars, they want the League of Nations, and most of the American people, it may be fairly said, tell the President they want the League just as it is, without the reservations or amendments which certain senators have insisted upon. The majority of citizens say to those who interview them on this tour:

"Woodrow Wilson guided us rightly before and during the war with Germany. We entered that war, every one agrees, to end all wars. He says the league can do that. We want to do that, so let us keep on trusting him and get the league into operation as soon as possible. Forget politics."

Most Americans encountered on the tour have forgotten politics. Republican Governors and Mayors have introduced the President to his audience; the Major part of the local committees which have met him have been Republicans. They have all said: "We are nothing but Americans, Mr. President."

Mr. Wilson's arguments for the league, briefly summarized, are those:

There can be no peace, either now or in the future, without it. There can only be a regrouping of nations and a new "Balance of Power," which is certain to lead to war. There can be no war in the future, with the league in existence, because no single nation would defy the united rest of mankind, and if it did, it could be brought to terms by an economic boycott, and without the use of arms.

There can be no reduction in the cost of living until the league is established, for nations will not go ahead with peace time production until they know that peace is definitely assured and that production of war material is no longer necessary.

There can be wonderful prosperity with the league in existence, for relations of labor and capital all over the world will be made closer and more friendly, and the worker will receive a fairer share of what he produces.

These declarations of the president logically and eloquently put, have left his hearers thinking and thinking deeply. And then Mr. Wilson has pointed out, the people themselves, as differentiated from senators and politicians, seem to want just what the president wants, which is America for leadership.

Quite as unusual as the purpose of the cross country tour is the manner in which it is being carried out and the completeness of the arrangements on the nine car train which is bearing the party.

At the rear is the private car Mayflower, occupied by the President and Mrs. Wilson. Next is a compartment car for the secretary Tammity, Admiral Grayson, Mr. Wilson's Physical class, four stenographers, the chief executive clerk and seven secret service men. Beyond are three compartment cars which house twenty-one correspondents, five movie men, and a telegraphic and a railroad expert. Then there is a dining, a club car, and two baggage cars, one of them converted into a business office. The train was exactly on time at every stop between Washington and the Coast.

Complete Cost Saving Service for Truck Owners

Our service is based upon three fundamental things which affect trucking costs:

1. Selection of Tires
2. Application
3. Inspection and Care

We analyze your loads, your roads and your work, and determine accurately the proper type and size of tire needed. We sell Goodyear Solid Tires, Goodyear Cushion Tires and Goodyear Pneumatic Cord Truck Tires because we believe in their quality and know they do wear a long time.

Then the tires are applied according to a carefully worked out method which means absolute accuracy as well as speed and safety. We have ample parking space, a big hydraulic press, capable workmen and well equipped work shop. Arrangements can be made, if desired, to do the work at night or on Sunday to save layup.

After the tires are in use we inspect them for you at regular intervals. Tires need care just like the engine and we know of many ways to help you prevent tire trouble and consequent loss. Our men make regular reports to you of each tire's condition and watch for signs of driving abuse.

This service does keep truck costs down. It does give you better cartage results. So let us send a man—an expert—who can go over your trucking problems with you and explain further the savings we can effect.

Goodyear Truck Tire Service Station

R. D. Crier & Sons Company
SALISBURY, MD.

LORD BALTIMORE DEED FOUND.

Document At Waynesboro, Pa. Bears Great Seal Of Province.

In the sale of the C. I. Walter farm, near Waynesboro, Pa., last week, to Frank Neibert, a farmer residing near Greencastle, a quaint and curious document came to light. It was the original grant for the tract—100 acres—made by Charles, Lord Baron of Baltimore, then proprietary governor of Maryland, to Robert Downey.

The deed is dated March 13, 1750, is printed and written on heavy parchment and still has the great seal of the Province attached. The latter was made of wax and still shows the imprint of the crest of the Lord Baron. The tract was then in Frederick county, Md., but was brought north of Mason and Dixon Line when that boundary was finally surveyed and located in 1767. It was a part of "Blair's Forest, in Conogochego Manor." The deed was made in "fee and common sassage, with fealty," in accordance with the old feudal tenures of the day, and the consideration was four shillings in sterling silver, or gold, payable annually in two equal portions, one on the feast of the Annunciation and the other at the feast of St. Michael the Archangel at St.

Mary's, the seat of the Lord Proprietor.

The document is still well preserved, though having passed through many ownerships in the change of the title since 1750.

German Women Buying Goods Here.

It is a surprising fact that the United States is building up a tremendous trade in certain lines of goods with the women of Germany and Poland. Notwithstanding our late unpleasantness, the women of these two countries are buying large quantities of silk hose, corsets and other feminine goods manufactured in the United States. A few years ago France used to supply the majority of these articles to these two countries as well as the rest of the world, but during the war, the manufacturers of the United States proved their ability to meet and beat all the other countries in the manufacture of this class of goods and while it was thought that Germany and Poland were practically broke during the war, it is said that the better class of citizens have plenty of money and that their women are spending it lavishly on articles of this kind.

Corn Harvesting Now.
Farmers are now saving the corn crop. Those who planted early are

now cutting it off and placing it in shocks. The great storm made it difficult to handle this crop as usual, and many are compelled to simply cut off the tops and save the fodder. This condition of the corn fodder crop will make a general shortage of rough feed for cattle during the winter, which will have to be replaced by clover and other hay crops, which fortunately have been very good this year.

Minerals Worth Five Billions.

The total value of minerals produced in the United States in 1918 was \$5,526,000,000, an increase of about \$500,000,000 over the output in 1917. The quantity produced last year was less than in the previous 12 months.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the formation of the disease, and giving the patient strength by building up the constitution and restoring nature to her normal work. The proprietors have no objection to your making a personal visit to them after One Hundred Dollars for suggestions that it fails to cure. Send for free literature.

Address: F. J. CLEMENT & CO., Toledo, O. Sold by all Druggists, etc.

Give Your Children A College Education

The plan provides that for a fixed payment every year until your boy or girl is 18 years old, we will pay an income, beginning at 18, of

\$500 a Year for 4 Years
If you should die before the child is 18, we will pay an income of

\$250 a Year until age 18, then \$500 a Year for 4 Years
This will assure ample funds for the education of your children regardless of whether you live or die.

REV. JOS. T. HERSON

PROF. WM. N. THOMAS

REVIVAL SERVICES

At Asbury Methodist Episcopal Church beginning Sunday, Oct. 5th at 7.30 p. m. and continuing every evening until October 19th.

We have secured the services of Prof. Thomas one of the greatest Singing Evangelists known to Methodism. Our Church and the entire community will be greatly honored in having him, it will be your pleasure to attend these services and hear the great message he brings to us in song.

Asbury Church extends to you a hearty welcome and trusts you will enjoy these services.

COMMITTEE.

MARYLAND NEWS IN BRIEF

LATEST HAPPENINGS IN ALL SECTIONS—SERVED IN BRIEF FORM FOR QUICK READING.

Britton Neal, a well-known resident of Millington, committed suicide last week by lowering himself down a well and drowning. He was 54 years old and made his home with his daughter.

Walter H. Hadaway has sold to John F. Coburn of Trappe, Talbot county, his farm of 434 acres, near Rock Hall, for \$21,000. Mr. Coburn gets possession January 1, and Mr. Hadaway will move to his Derrickson farm, on the State road near Edesville.

About 185 tons of straw at the American strawboard mills, Chestertown, is being baled for shipment to other mills. It is also reported that orders have been received here to dispose of the 60 fine mules, which convey the impression that the mills, recently burned, will not be rebuilt.

Charged with larceny of an automobile belonging to Melvin Thompson of Havre de Grace, Bernard Spear a discharged soldier, was arrested by Officer Potts, last week, and looked in Elkton jail to await the arrival of Harford county authorities. Robert Zeller, who was with Spear, made his escape. The machine is now in the possession of Sheriff McAllister.

The Cosgrove Coal Company of Johns... has closed a deal for the purchase of the mines and property of the Bittner and Walker Coal Company of North Somerset. The property includes about 300 acres of coal and a tippie, mining plant, residence and other buildings. James A. Meehan will be superintendent of operations and will occupy the farm residence near the mines.

The hearing by the Maryland Public Service Commission of the proposal to merge the electric light, power, and railway and gas utilities of Cumberland was held there on Monday instead of in Baltimore on Tuesday. The City Council asked that it be held there as a matter of public convenience. The new corporation interested in the merger is the Potomac Edison Company, which proposes to combine local utilities with those of Elkins and Crofton, W. Va., and intervening plants.

Besides stealing a quantity of goods including cigars, tobacco, etc., and robbing a slot machine, thieves last week turned vandals in the news agency and cigar store of W. H. Snyder on the public square at Cumberland and destroyed a lot of cigarettes and other property. Entrance was gained by smashing a window in the rear of the store. The thieves tore open many packages of cigarettes and trampled them on the floor.

Lester B. Dunn, aged 35, prosecuting attorney of Preston county, West Virginia, since 1916, was found dead under his overturned automobile on the road between Peedsville and Kingwood last week. He was returning from visiting his father's home at Reedsville. The accident happened in night and as there was no one with Mr. Dunn, it cannot be determined how it was caused. He is survived by a wife and three children.

Farmers, mechanics, railroaders, laborers, rely on Dr. Thomas' Eclectic Oil. Fine for cuts, burns, bruises. Should be kept in every home. 30c and 60c.

Robert C. Dye, aged 23 years, employed at the Federal government plant at Perryville, was instantly killed, Monday afternoon last, when he went to the assistance of a fellow-workman who became entangled in some wire, and grabbed hold of a feed wire and was shocked to death. Mr. Dye was a member of the 115th Infantry, and while in France was wounded in battle and gassed, but recovered and recently returned home. Two weeks ago he was caught in a belt and narrowly escaped death. He was prominent in athletic circles and during the past month was a member of the Havre de Grace baseball team. Coroner Magraw of Elkton issued a certificate of accidental death.

Residents of Roland Park who believe their roads are private property must change their opinions so far as the automobile laws are concerned. For the roads and thoroughfares of Roland Park, according to Justice Stapler, are public highways. The

question as to whether the roads were public or private was raised in Traffic Court by several Roland Park residents who were arrested for failing to have their automobile lights burning while their cars were standing in

front of their homes. These residents protested that the roads of Roland Park were private property. Justice Staylor held that the roads are public. He says he put the case up to Attorney General Ritchie, who decided that he was in the right. The decision was based on a portion of the automobile laws, Chapter 85, Acts of 1918.

NATIONAL ALL STARS TO PLAY AMER'N ALL STARS ON SHORE

Four Games Scheduled For Eastern Shore Towns This Month.

Arrangements are being made for a series of four ball games between the National All Stars and the American All Stars to be played on the Peninsula as follows: Easton, October 7th; Centreville, October 8th; Seaford, October 9th and Milford, October 11th. The two teams will receive the entire receipts, split as follows: sixty per cent. to the winners and forty per cent. to the losers. In this way, every one can be guaranteed the very best kind of baseball that can be played.

These games will no doubt draw immense crowds from all over the lower peninsula as it will be an opportunity for lovers of baseball in this section of the country to see the great national game between the winning teams, and it is expected that many thousands of sport lovers of the peninsula will be on hand at most if not all of these contests.

Constipation.

The beginning of almost every serious disorder is constipation. If you want to enjoy good health keep your bowels regular. This is best accomplished by proper diet and exercise, but sometimes a medicine is needed, and when that is the case you will find Chamberlain's Tablets are excellent. They are mild and gentle in their action, easy and pleasant to take. Give them a trial. They only cost a quarter.—Adv.

MUCH REAL ESTATE NOW BEING SOLD ON SHORE

People Coming Here From All Sections Of The Country To Invest.

The demand for real estate on the Eastern Shore is growing more rapidly every day and some of the sales of farm land are amounting up into the thousands of dollars for the same land which a few years ago, could probably have been purchased in the hundreds.

The Eastern Shore Real Estate Brokerage Company of this city recently sold in eight days, property amounting to \$57,000. Among the former deals was the Albert Nelson farm of 250 acres to a Pennsylvania party for \$26,000. This same firm has now on file inquiries for several thousand acres of good farm lands in Wicomico County much of which they expect to sell during the next few months.

Other real estate concerns in Salisbury are also disposing of more farm land at present than for several years past. The firm of S. P. Woodcock & Company recently made three or four tremendous sales of real estate and have a list of new visitors coming to Salisbury during the next few weeks which will probably mean the sale of several thousand acres of land at extremely good prices. Wicomico County real estate is getting a reputation all over the United States and many Canadian farmers are writing here and some coming in person to view the properties offered through the local agencies with a view of changing their location to a milder and better climate.

The firm of Moore & Ford at Princess Anne has sold in the past two months more than 20 pieces of real estate some of which have run into the thousands of dollars and most of which has been sold to citizens of other States who had been attracted here by advertising and by the fact that the land now being sold on the Eastern Shore can be bought at more attractive prices than in any other section of the United States and the results to be obtained by clearing land for crops are any section of the West and Southwest.

The Ford Factory has not yet reached normal production. It will take some time, after being entirely given over to war work. We are getting a few cars right along, and suggest that you leave your order with us as soon as possible and we will deliver as soon as possible. Runabout, \$500; Touring Car, \$525; Coupe, \$650; Sedan, \$775; One Ton Truck Chassis, \$550. These prices f. o. b. Detroit. Don't forget the service we give in our shops, genuine Ford Parts, Ford skill and Ford prices.

It's Time For A Change

Since the formation of Wicomico County the Democratic Party has had uninterrupted sway in the management of its affairs and this is the result:

1. The highest tax rate in the State representing not present benefits to the people but past mismanagement.
2. A large deficit in the School Fund.
3. County roads in almost every section impassable during certain seasons.
4. A distressing lack of school facilities.
5. A condition of finances which for unknown reasons has never been published.

Are you satisfied with conditions, or do you desire the public affairs of this County run on a business basis? You have the power, through the ballot, of saying who shall manage your affairs in the election that is not far off.

Republican Local Platform

WHEREAS, the Republican Party for Wicomico County, in convention assembled, has nominated candidates for all the local offices, whom by reason of their ability and standing in this community it is a privilege to support, it is, therefore resolved that the following declaration of principles be adopted as the platform of the Party and its candidates.

1. The paramount issue in the coming election is better government by which we mean greater efficiency, less waste. The way to better government in this county lies in a complete defeat of the candidates of the Democratic Party and the election of the entire Republican ticket, the candidates on which represent not only the Republican Party but the great body of tax paying citizens who have a right to be heard in the management of the county's affairs.

2. We believe that the three things in which the people have the greatest concern are roads, schools and taxes. We believe there is no expenditure of the public money that contributes more directly to the comfort, wealth and advancement generally of our people than good roads for all of them; that the best schools we can afford are not too good for the education of the youth of Wicomico County.

3. Recognizing our tax rate is already higher than it should be, and that improvements such as schools and roads may properly be built from capital rather than from the yearly income of the county derived from taxes since such improvements last for a period of years, we propose that our delegation in the General Assembly shall urge the passage of a law authorizing the issue of sufficient county bonds to lay out a system of good roads that shall meet the reasonable needs of our tax payers, and also of a second issue of bonds for an amount sufficient to build and improve such school houses as shall be reasonably necessary for the comfort and health and proper education of our children. We propose that the two issues shall be separate and that each proposal shall be submitted to a referendum of the people.

4. In order that the roads may be built without partiality as to sections and for the good of all the people we urge appointment by the newly elected County Commissioners of a non-partisan good roads commission of seven members who shall serve without pay and who shall submit before the first day of February, 1920, a report showing a comprehensive plan for the building and maintenance of such roads as shall be approved, and an estimate of the cost, which shall be the basis of the bonding law.

We urge further that this commission shall be a permanent body to supervise the construction of the said roads and their up keep, at all times co-operating with the State Roads Commission and utilizing fully the services of the experts of the Federal Government.

5. We urge the School Board to have an immediate survey made of the needs of our county school system both as to buildings and to teachers. This survey should be made by an expert of the Bureau of Education. The School Board, with this as a basis, ought to make public a report by February 1st, 1920, by which the amount of school bonds referred to above ought to be fixed.

6. We condemn the mismanagement and inefficiency in administration which has been partially responsible for the loss of thousands of dollars to the county by reason of the failure to collect taxes after they have been levied. This loss has increased the burden of taxation on those who were willing to pay. We demand a thorough revision of the law by which taxes are levied and assessed so that county and state taxes become due and payable at the same time, and a just and impartial enforcement of the law. It is fundamental that property ought to be uniformly and impartially assessed.

7. In order that the people may know the condition of the county's finances, we demand that the report of the audit made by Haskins & Sells be immediately published. As taxpayers we have been asking for this audit for years. The audit was completed some months ago. We have paid the bill and we can imagine no reason why we should not know what it says.

8. We believe the county's affairs ought to be handled with the same efficiency and business skill as are private undertakings, always bearing in mind the cost to the taxpayer. We pledge our candidates to give that kind of an administration, fair, impartial, efficient and honest.

9. We condemn unsparingly the waste, extravagance and folly of the Harrington administration and pledge our loyal support to the Republican State Candidates, Hon. Harry W. Nice for Governor, Lt. Col. A. W. W. Woodcock for Comptroller, Alexander Armstrong for Attorney General, and William L. Marcy for Clerk of the Court of Appeals. We believe that their election will mean the rejuvenation of the State Government just as will the election of our local ticket the county.

Republican State and County Ticket

For Governor:
HARRY W. NICE
of Baltimore

For Comptroller:
LT. COL. A. W. W. WOODCOCK
of Wicomico

For Attorney-General:
ALEXANDER ARMSTRONG
of Washington County

For Clerk Court of Appeals:
WILLIAM L. MARCY
of Anne Arundel County

VOL. XXXIV. NO. 24.

SALISBURY, MD., THURSDAY, OCTOBER 9, 1919.

20 PAGES—120 COLUMNS.

SALISBURY MAY GET BIG MARINE CONTRACT

H. W. Robertson Bidding On A 10,000 Ton Drydock For Bethlehem.

WILL BE BUILT HERE IF CONTRACT IS LANDED.

Mr. Robertson Has Developed A Big Business At White Haven And Has Other Plans Which Will Make That Town A Hamlet.

Mr. H. W. Robertson, head of the White Haven Shipbuilding Corporation was called in consultation with the Bethlehem Steel Company last week for the purpose of giving an estimate on the construction of a 10,000 ton drydock for use at Sparrow's Point. The White Haven Shipbuilding Company recently landed a contract for the construction of a 6,000 ton drydock for this same concern and Mr. Robertson believes he has a splendid opportunity to land this second contract for the larger drydock. If he is successful, this big drydock will be built at the Smith & Williams Shipyard in Salisbury and would mean the steady employment at this yard of several hundred men for the next six or eight months to come.

Mr. Robertson has met with signal success in his operations at the White Haven Shipyard. He took over this property several months ago after it had been practically in disuse for two or three years and secured a contract from the Emergency Fleet Corporation for the construction of two large ship barges, one of which was launched a few days ago and the other which will be launched within the next two weeks. These boats were built in such a splendid manner as to give the yard a reputation which attracted attention from the outside world and the Bethlehem Steel Company was eager to get some of their work done in this locality. The White Haven yard is now constructing the 6,000 ton drydock which will require several months to complete and could not handle the larger drydock at the same time at their yard, so the arrangement was made to build this large drydock in Salisbury if the contract is landed.

Knowing Mr. Robertson as we do, we believe he will be successful in securing this second contract as he was in competition on the 6,000 ton drydock with some of the largest shipbuilding concerns in the United States and succeeded in underbidding them about \$600,000 on a contract which amounts to more than \$1,000,000, so he is likely to be able to do the same trick on the larger drydock.

The people of White Haven and Wicomico county are extremely fortunate in getting the presence of a man like Mr. Robertson in our midst. Since going to White Haven, he has also organized the Bank of White Haven which is now serving that section of the country with banking facilities and he has other projects on hand which will no doubt make White Haven one of the largest towns in Wicomico outside of Salisbury within a short time. His company has one of the largest pay rolls in the county employing a large number of skilled mechanics as well as ordinary laborers and White Haven which for years seemed as dead as possible has risen from its lethargy under his leadership and is today one of the biggest places in our whole community.

Before coming to White Haven, Mr. Robertson had large business experience in Washington where he has an extensive acquaintance with men of affairs and it was through this acquaintance that he was able to land some of the big business he has brought here, and we feel sure that if he receives the proper support from the business men of Salisbury and White Haven that he will make a still further creditable account of his operations. The construction of this 10,000 ton drydock in this city will certainly be a big addition to the business of Salisbury not only because of the number of employees who will be engaged on the job but also because of the large sums of money which must be spent in assembling at this point the material for a big contract of this kind. The Smith & Williams yard is thoroughly equipped to turn out the very finest kind of shipbuilding and the operators there have had experience in building quite a fleet of screws for the War Department last year and these drydocks are constructed somewhat on the same plan as they are built in southern ships which is not so very different from the large contracts by the Government for the Government.

PLANS COMPLETE FOR THE GREAT ENDEAVOR MEETING

Local Committee Satisfied That Everything Will Be In Readiness.

Plans are almost in shape now for entertaining in our city, the great Maryland Christian Endeavor Convention which will be held in the Armory, Tuesday, Wednesday and Thursday of next week.

Mr. Spencer Sisco, the well-known architect of Baltimore, and Secretary of the Md. C. E. Union, was in town last week and met the committee arranging for the convention. He said the best program that had ever yet been given, would be the one at the Salisbury Convention. Some of the speakers who will address the sessions will be Dr. D. A. Foburg, Dr. Robert Watson, Rev. J. T. Venelason, Rev. Wilson T. M. Beale, Rev. Roland T. Phillips, Rev. Geo. M. Haddaway, Messrs. E. P. Gates and Kent Lehman.

Music will be one of the principal features of the convention and a chorus of over one hundred voices are practicing several nights each week. On Tuesday afternoon at 8.45 a play will be given by the members of the Junior C. E. Societies of our town. The title of the play is "Mother Goose and Her Missionary Children." This entertainment is free to everybody as are all the exercises of the convention.

GOINGS AT THE WICOMICO HIGH SCHOOL

Things Of Interest Happening Among Pupils Of This Institution.

OF INTEREST TO PUPILS AND PARENTS.

Many Happenings Among The Boys And Girls Of The Wicomico High School Which Appeals To The Interests Of The Entire Community.

(The editors of the Wicomico News have set aside this column for the use of the pupils and faculty of The Wicomico High School and the items published here will be furnished by one or more of the scholars weekly.)

Last Friday morning the Assembly period was entirely devoted to instrumental music given by the Glee Club and the School Orchestra. One week from tomorrow the Senior Class will have entire charge of the Assembly (Oct. 17) and although the preparations for the entertainment are being shrouded with secrecy, it is known that a play will be given and that the cast is practicing faithfully. Soccer is progressing finely. Although the Whalebones had won two games against the Red Peppers' one, the tables have been turned and the Red Peppers are in the lead, having defeated the Whalebones twice in succession. The first game of the season will be played tomorrow (Friday), with Crisfield, and from that time on games will be played almost twice a week, and as usual the winner of the Eastern Shore Championship will play the conqueror of the Western Shore.

The Lyceum Course has reached just one half the quota asked for but before the time set for the 1st entertainment to arrive the goal will be reached everyone is sure. Mr. Gibson of the State Board of Education will be in Salisbury this week to organize this year's Choral Club in the School. The indications are that this extra class activity will have still greater success than last year's. At the Senior Class meeting Thursday the Class Ring was selected and ordered, also the class colors and flower were selected. The other classes have chosen their colors and flowers also. The two literary societies, Philo and Adelpia, will soon be again in action. Although the struggle will be confined to verbal activities, nevertheless stirring events are expected to take place before one or the other is acknowledged to be supreme in debating. Girls' athletics are rapidly getting under way. Teams of End Ball and Dodge Ball are being formed in each class, and battles long to be remembered are anticipated in some of the inter-class games.

All of Wilmington's merchants have united to make next week, "Decorative Sales Week," an event of unusual advantage. You will gain in savings and values—they will gain in your trade and confidence. Come and profit—447.

FRUITLAND HAS BIG DEVELOPMENT IN ITS FOOD CANNING ENTERPRISE

Season At The John H. Dulany Cannery Has Been Largest In History Of Business.

HAS BEEN ABLE TO SAVE THE FARMERS MANY DOLLARS BY CANNING FRUITS WHICH WERE FORMERLY ALLOWED TO GO TO WASTE IN THE FIELDS—USED 75,000 POUNDS OF SUGAR IN WORK THIS YEAR—11,000 CASES PEACHES ONE OF PRODUCTS.

The man of the hour is the man who can make two blades of grass grow where one grew before or who can plan a commercial enterprise which will save for the use of the human family things that formerly went to waste and were lost. This is the kind of man we have at Fruitland in this county in the person of John H. Dulany. Several years ago, when that section of Wicomico county was the largest producer of strawberries in this part of Maryland, Mr. Dulany found that after the shipping season for the berries had come to a close, that hundreds of thousands of quarts of the finest fruit went to waste and rotted in the fields. He decided that this was a great mistake and was not only a serious loss to the farmer but was also a loss to the community and looking ahead, he saw that sometime as this country grew or we got into a serious war, that there would be a big demand for every pound of foodstuff which could be produced and he determined to establish a business at Fruitland which would save to the farmers this waste in perishable crops which had been going on for many years. He therefore established a canning and preserving factory on the very highest sanitary lines, and he has made it possible to save to the farmers of that section thousands of dollars' worth of fruit each year by canning and preserving their entire crops and saving the losses which had amounted to so much for years before he established his enterprise.

The first thing which Mr. Dulany took up was the preserving of strawberries and the saving of all the fruit in the strawberry patches which had heretofore been left over after shipping had proven unprofitable. This fruit was packed in barrels and was turned into fruit juices and preserves during the winter. Following this, he arranged for the canning of peaches, blackberries, apples, pears, pumpkins, sweet potatoes and tomatoes, so that his cannery could run from about the first week in May on to October. As a consequence, he established a trade from New York to Denver, and from St. Paul, Minnesota, to El Paso, Texas and Florida, and his preserves and canned goods have a reputation rather apart from other canneries. Here is a sample of

a year's output at the Fruitland cannery: 1600 cases of strawberries, 11,000 cases of peaches, 400 cases of blackberries, 2,000 cases of pears, 600 cases of sweet potatoes, 3,300 cases of tomatoes, one gallon cans, 520 barrels of strawberries for use as fruit juice and preserves later on. It required 75,000 pounds of sugar for these operations and 200 employees were engaged at Fruitland, 100 at the Norfolk plant.

The present season could not be classed as a profitable one for peach growers but the presence of this big cannery of Mr. Dulany's at Fruitland aided the peach growers of Wicomico and Worcester counties to have a fairly prosperous season. As one item, we might mention, that Mr. Dulany paid one peach growing concern in this county more than \$13,000 during the season for peaches from their plantation which were canned at the Fruitland plant. It would be interesting to know just how many thousands of dollars Mr. Dulany paid out for fruits and vegetables during the present season, but it is likely to have run into the six figures. Had it not been for the presence of Mr. Dulany's enterprise at Fruitland, thousands of dollars worth of the most perishable of these fruits and vegetables would probably have gone to waste and rotted in the fields but because of this big cannery which was able to handle every vestige of edible fruits and vegetables hauled to it, the farmers received hundreds of dollars which they would otherwise have lost and Mr. Dulany has been able to meet the growing demands made upon him for his fine products by every section of the United States.

It is very gratifying for the editors of the News to be able to tell this kind of a story because of its truth and because Mr. Dulany's idea of establishing such an enterprise at Fruitland carries out an idea of helping development in this section of Maryland which as we said in the beginning of this story, helps to make two blades of grass grow where one grew before and to save thousands of dollars worth of fruits and vegetables which for many years had been allowed to lie in the fields and go to waste because it would not pay to ship the late portions of the crop to Northern markets.

Local Post American Legion Election

All ex-service men in Salisbury and vicinity are urged to be present at a meeting of the American Legion to be held at the Armory, in Salisbury, on Friday evening, October 10, 1919, at 7.30 p. m. This meeting is being called for the express purpose of electing officers and adopting a constitution for the local post. After the organization has been completed, the officers of the post intend to make a canvass of the entire county with the object in view of enrolling as members of the post every man in Wicomico County who served his country, as soldier, sailor or marine, during the Great War. It is hoped that all men who have already enrolled as members of the Legion will be present Friday night, and they are urgently requested to bring with them any and all men who are eligible for membership in the Legion.

Waller-Willing Wedding.

Miss Pauline June Waller of this city and Mr. Ralph Willing of Baltimore motored to Princess Anne on Wednesday evening, Sept. 24, and were quietly married at the Methodist Parsonage. The bride was carried in navy blue crepe and wore an attire of a corage bouquet of bride's roses. They will reside in Princess Anne where the groom is stationed for a few months, working for the American Can Co. Their permanent home will be in Baltimore.

The regular monthly meeting of the W. C. T. U. will be held Monday, Oct. 13th, 9 p. m. in the 2nd St. Baptist Church. Election of officers.

RAILROADS SHOW BETTER EARNINGS, BACK TO OWNERS

Public Eagerly Awaiting Time When Government Will Quit Railroads.

For the first time since the Government took over the railroads, the earnings of the company show a slight surplus over the Government guarantee for the month of September. This is encouraging and coupled with the fact that Director Hines has given out an interview in which he says the railroads will surely be turned back to the owners by December 31st, it gives some hope to the owners of railroad securities throughout the United States and also to the public which has suffered so greatly by the rank mismanagement during the time the railroads have been under Government control. Everybody with the possible exception of some railroad employes, are hoping for the day when the roads will go back to private ownership and when the people will get at least a portion of the old time good service which existed before the war. It is also to be hoped that the express companies will be turned back to their owners in the very quickest possible time in order that the service in this line of transportation will be improved over the present great disorder prevailing in all the express companies doing business in this country.

GOES UP ON HIGH AT CHINESE FUNERAL

New Idea For Use Of Ford Car In Chinese Funerals.

NEW CUSTOM SHOWS FAITH OF PEOPLE IN FORD PRODUCT.

Wealthy Chinese Has Novel Trip From This Life To Next—Chinese Superstition Big Advertising Asset For Ford.

There was a pretty custom among some of the ancients when a prominent citizen died, to send his valet along with him on the road to Paradise, and it was oftentimes necessary to resort to extreme methods to insure this company for the departed. But in the territory of the China-American Trading Company, Ford dealers in Tientsin, China, they have discovered a much better aid to the deceased over the rough places on the trip to the Promised Land.

It is a custom of Chinese to burn various kinds of effigies at the funeral ceremonies of the rich, the more wealthy the departed the more elaborate the figures burned over his grave. These effigies represent every manner of thing such as human figures, horses, sedan chairs, tables loaded with money, etc. The figures usually conform to some of these stereotyped fashions, but at the funeral of a Mr. Li, who died a short time ago in Tientsin, and who was a wealthy man, the bereaved family outdid themselves and made an imitation of the deceased gentleman's Ford car to be burned at his grave.

This Ford effigy was made entirely of strong Chinese paper stretched on bamboo and reed frames. The car was complete in every detail, the pedals accurately placed, and all made of paper and bamboo. The interior of the car was also accurate in detail, being carefully upholstered in paper. The effigy of the driver as shown in the photograph, was a work of art. The car was carried about three miles through crowded streets to the graveside where a match was applied and it was consumed in a few minutes.

This is the first time a motor car has been burned at the grave of a Chinese, and there is every reason to believe that the deceased went up "On High."

"THE SHEPHERD OF THE HILLS"

The Shepherd of the Hills that widely read story of the Ozarks has been filmed under the direction of Harold Bell Wright, its author. As a novel this story has attained a popularity which has not been equaled by any book in a decade.

As a play the success of this work was phenomenal and as a picture under the direction of Mr. Wright the story is fair to mark an epoch in the art of the silent drama.

This picture has been made in the heart of the Ozarks and in California. Mr. Wright and his associates were engaged for months in this great work.

The Picture Story in ten reels with incidental music written and selected especially for it will be seen for two days Monday and Tuesday, October 13th and 14th, at the Arcade Theatre.

MANY REAL ESTATE TRANSACTIONS HERE

Eager Demand For Homes Causes Many Real Estate Transactions.

SOME BIG SUMS ARE INCLUDED IN LIST.

Price On The Upgrade And The Top For Real Estate In And Around Salisbury Has Not Been Reached Yet—Demand Will Continue.

During the past two weeks, there has been many real estate transactions in and around Salisbury which has involved many thousands of dollars. The demand for homes in this locality is so great that anyone having property for sale seems to have no trouble in disposing of it at very good prices as soon as the fact is known. Because of the high cost of building, many hundred people moving into this community are eager to buy home sites already constructed, and as soon as a residence is placed on the market, it is grabbed up without hesitation. Here are some of the transactions reported to the News as having been closed within the past few days:

Mr. Pusey of Somerset County has purchased the Alfred C. Coussens farm on the Salisbury-Ocean City boulevard containing 2 1/2 acres of land with a very comfortable residence consideration said to be \$8,500.

Captain Evans of Somerset County has purchased the McCandlish home on Camden Avenue, consideration reported at \$10,000.

Charles Holloway has taken over the Darby home on Camden Avenue the consideration being \$3,750.

Mr. Luther E. Ruark has purchased the A. B. Toadvine property located on Newton Street, consideration \$2,750.

Mr. Oscar Grier recently purchased the residence of Mr. Elisha Twilley on Newton Street, consideration said to be \$2,500.

Hastings & Parsons, the well-known contractors of this city have purchased the Thomas Trader property on South Division Street on which they will construct a double residence for themselves, consideration said to be around \$2,500.

One of the largest real estate transactions was the purchase by Mr. David Dallas a retired merchant living at Ardmore, Pa. who bought the Dr. Paul Jones estate on Wicomico Creek containing 250 acres of land with improvements for which it is said he paid \$26,000. It is said that Mr. Dallas will make this his permanent home as soon as he has improved the property to his liking. This is a fine old place and can be made one of the show places of Wicomico County, after the new owner gets his improvements made. It is also said that Mr. Dallas has purchased the Isaac L. Price property located on Camden Avenue Extended, otherwise known as the Camden speedway for which he paid \$6,500. This is a very desirable location and is situated among the finest suburban residences of this city. The community will be glad to welcome Mr. Dallas as he is a man of affairs and will no doubt add to our citizenship.

Mr. Randolph Watson has purchased the Vickery property located on North Division Street, consideration said to be \$4,500. James Holt has purchased the Dr. Brotemarkle truck farm located on the road from Salisbury to Delmar better known as the Jersey road for which it is said he paid the sum of \$8,000.

Mr. Hanson Phillips, Judge of the Orphans' Court is reported to have purchased the property of Mrs. Mary Wyatt, on North Division Street, consideration \$3,750. Judge Phillips will move to Salisbury in the near future and make it his home.

There are several other large real estate transactions now in course of completion, one of them being a development which will run into many thousands of dollars and which is likely to be closed at any time. If the deal is made, Salisbury will have on one of her outskirts a development which will mean one of the greatest improvements we have had here for many years.

L. O. G. F. To Attend Church.

Next Sunday, Oct. 12th, Newton Lodge, No. 24, Independent Order of Oddfellows will attend church in a body. They will meet at the hall about 6.30 and will march in a body to the Methodist Protestant Church, this city. Rev. Mr. Shilley will preach a sermon to them appropriate to the 12th and 13th, of the Grand Old Men.

POLITICS ARE CHEAP AT THE PRESENT TIME

Observations Of An Old Timer In Comparing Past With Present.

SAYS CORRUPT PRACTISES ACT NEEDS CHANGE.

Contends That Candidates Cannot Make An Honest Statement Under Present Law If An Aggressive Campaign Is Run By Either Party.

Commenting on politics, one of the old timers said to the News man recently: "Things ain't like they used to be. Politics these days is cheap. Well can I remember in the old days when we used to have the red-hot fights in Wicomico County, candidates were used to spending money and making it a lively campaign and there was no limit on what a man could spend in politics. Under the present law, I understand that the Corrupt Practices Act will not let a candidate contribute more than \$10.00 per thousand voters to his campaign, and this is not sufficient to even get a campaign started if there is a hot fight. As there are only about 7,000 voters in Wicomico County, it means that candidates on each of the Democratic and Republican tickets

are not able to contribute more than \$70.00 each for campaign purposes.

"In the old days, this sum of money would not pay for the postage stamps at headquarters and how either the Republican or Democratic parties expect to get out the vote on such a small expenditure of money is more than I can see. Of course, outsiders are allowed to contribute as much as they please to the political organization but as a general thing, a man who is not on the ticket himself is not so liberal in the expenditure of his money for the other fellow and so it makes it extremely hard for either of the parties to run headquarters and pay the bills. Why, I have known a time when the speaking campaign in Wicomico county would cost the Democratic party as much as \$1200 during the three weeks preceding the election and as far as registration expenses, the cost of getting people registered would run up another \$1000 or more and I am sure that the present editor of the News remembers when he was in politics that candidates for office were generally assessed as much as the office paid for the entire year. In fact, in the old days, I believe the candidate for Senator was assessed from \$1,000 to \$2,000, Members of the Legislature, \$250 each, Clerk of the Circuit Court, \$1,000, County Treasurer, \$1,000, Sheriff \$500, State's Attorney

\$1,000, County Commissioners \$200 each, and the Register of Wills \$1,000. Besides these sums, the rank and file of the Party raised quite a sum of money by contribution to the Committee and generally the State Organization helped out with a good fat check. But in these days of cheap politics, candidates get off easy and the result is that both parties have a small vote and very little enthusiasm in the campaign. Politics is about the only cheap thing that I know of in the world today, everything else having advanced from 100 to 200 percent but politics seems to be getting cheaper all the time.

"Now the fallacy of the Corrupt Practices Act is clearly demonstrated from the fact that any man who knows anything about the hundred and one expenses connected with a political campaign knows that most candidates cannot get through on as little as \$70 without making some short cuts or forgetting many items of expense in their sworn statement which they have to file after the election. Now, while I am not in favor of seeing the old bribery conditions return in politics, I do believe that the Corrupt Practices Act should be changed so as to allow a candidate to expend a legitimate amount of money which he could swear to without paying himself, and I do not believe that under the present conditions, that

either candidate running on either of the tickets can get through on \$70.00. "Recently, I went to the Court House and looked over the sworn statements filed by the Treasurers of the two parties for several years past, and I found that in some cases, campaigns cost both of them as much as \$2,000 to \$3,000 each, and that the contributions to the Treasurer were accredited to various people whom I know never gave the money. And then it is a well known fact that no campaign has occurred in Wicomico County in the past 20 years that hasn't had some secret fund from which some expenses had to be met which could not be put in a sworn statement. For this reason, I believe the next Legislature should change this Act as to the amount of money which a candidate is allowed to contribute and raise the sum to some decent amount which a man could give openly and feel that he is not disobeying the law.

"This year there are 13 candidates on each of the tickets and at the legitimate sum fixed by law each organization can only collect about \$925. Now, everybody knows that the campaign cannot be run on any such a small limit of money and the consequence is that each organization has got to go out and beg the rank and file of its party to contribute the other amount necessary or the candidate

has got to give it under cover to a secret fund which places a man in a very embarrassing and uncomfortable position. I venture the assertion that the stamps, printed matter and clerk hire in each of the headquarters this year will amount to \$1,500 each, to say nothing of the items of expense in getting the vote transferred and registered, bringing home voters who are away, hiring halls and band for the campaign and a thousand other incidental expenses which will surely arise in any political fight. Where is the money coming from?"

The Harford Sheep Growers' Association went on record Monday week, at their meeting, as strongly advocating the strict enforcement of the Dog Law. They ask the Magistrates to impose the limit fines and to report the names for publication. They thought that by giving the matter publicity that more people would comply with the law and aid in protecting the sheep. The Harford Fair Directors decided to offer premiums for the best ewe lamb, ewe over one year and 4 best ewes. The premium to be respectively \$3, \$5 and \$8 for first and \$2, \$3 and \$4 for second.

CURRENT NEWS CAUGHT ON THE FLY BY OUR REPORTERS

Some Interesting Items Being Talked About By Our Citizens.

STATISTICS SHOW THAT 5,000,000 MORE MEN SMOKING CIGARS THAN THERE WAS TWO YEARS AGO—WAGES HIGHER, PRODUCTION LESS—THE ANNIVERSARY OF THE GREAT EPIDEMIC—SALE OF THE EASTERN SHORE SHIPBUILDING CORPORATION—TEMPORARILY LOCATED HERE.

Statistics show that during the last two years, the growth in the sale of cigars in the United States has been phenomenal, and that there are at least 5,000,000 more men smoking cigars today than there were before the beginning of the great war. Those who have made a study of this question say that because of the excessively high wage scale prevailing in the United States, several million mechanics who originally smoked pipes are now cigar smokers and because of this great increase is accredited the scarcity of cigars in the United States. At the present time, it is almost impossible for cigar stores to keep a stock on hand as the manufacturers are pressed to the limit to supply the demand. Salisbury will soon be in the position to help in the production of cigars as the American Cigar Company's big factory on Lake Street is now nearing completion and it is expected that operations will start there within the next two weeks. If the plans as laid out by this concern are carried to maturity, Salisbury will be a big cigar manufacturing centre before 12 months from today. The Company expects to start off with an initial employment of around 260 people, and this number will be increased just as rapidly as help can be secured until it is hoped that at least 1,000 employees will be kept busy in this plant and the additional one which the Company proposes to construct near the location of their present factory.

as there seemed to be a great overshadowing sorrow prevailing every household and every community. The people were afraid, in fact they were appalled at the disaster which had fallen upon our fair city and county. The busiest places were the cemeteries and mounds grew so fast during the latter part of September and all the month of October as to make every citizen shudder with horror and look askance at his neighbor who might be afflicted with the awful disease. Like the scourges of cholera which overtook the old nations of the earth, no one knew from whence this terrible death dealing epidemic came or where it went. It came like a thief in the night and after doing its deadly work, it disappeared as suddenly. The people of this community have much to rejoice at that we have had up to the present time no return of this terrible calamity, and as the days pass on, one by one, and we have had no return, our people are living in hope that we shall this season escape this terrible scourge.

Sale Of The Eastern Shore Shipbuilding Corporation.

The plant of the Eastern Shore Shipbuilding Corporation will be sold at the premises in Sharptown Thursday, October 16th, at 10 o'clock A. M. This is one of the finest shipbuilding plants on the Atlantic Coast for the construction of wooden ships and its equipment is said not to be exceeded by the big shipbuilding plants on the Delaware River. One well known gentleman speaking of the opportunity for shipbuilding at this plant said: "I understand there is at least \$75,000 worth of electrical equipment in this yard made up of electric machines and motors, and that the plans of the yard as laid out is as complete as could be desired. The business men of Salisbury ought to get together and buy this shipyard because of its close proximity to this city. There will be no trouble in landing contracts for the building of wooden ships and drydocks to keep this yard busy for several years to come and at prices which would bring a fine return on the capital invested. The location of the yard is all right, as building material and heavy timbers can be floated to this yard and taken from the water by the electric unloading devices just as cheap as it could be freighted on railroad to many other points, and the fact that the yard is in fresh water makes it a more desirable place for the construction of boats than on salt water. When you think that this yard can

Camel CIGARETTES

Cigarettes made to meet your taste!

Camels are offered you as a cigarette entirely out of the ordinary—a flavor and smoothness never before attained. To best realize their quality compare Camels with any cigarette in the world at any price!

Camels flavor is so refreshing, so enticing, it will win you at once—it is so new and unusual. That's what Camels expert blend of choice Turkish and choice Domestic tobacco gives you! You'll prefer this blend to either kind of tobacco smoked straight!

As you smoke Camels, you'll note absence of any unpleasant cigarette aftertaste or any unpleasant cigarette odor. And, you'll be delighted to discover that you can smoke Camels liberally without tiring your taste!

Take Camels at any angle—they surely supply cigarette contentment beyond anything you ever experienced. They're a cigarette revelation! You do not miss coupons, premiums or gifts. You'll prefer Camels quality!

18 cents a package

Camels are sold everywhere in essentially sealed packages of 25 cigarettes or ten packages (250 cigarettes) in a distinctive paper-covered carton. We strongly recommend this carton for the home or office supply when you travel.

THE WICOMICO NEWS

SALISBURY, MD.

Published Every Thursday at Salisbury, Wicomico County, Maryland by THE NEWS PUBLISHING COMPANY.

THURSDAY, OCTOBER 9, 1919.

A BILL WHICH SHOULD BE RE-ENACTED.

According to the report of the State Conservation Commission, there is now in the Treasury belonging to the Game Warden's Department more than \$40,000 in cash which has been collected for Gunners' Licenses from the sportsmen and other residents of the State. By the end of the present gunning season, it is expected that there will be at least \$60,000 additional remaining unspent in the Treasury which will make a balance of more than \$100,000 which has been collected from the pockets of the taxpayers and for which the State seems to have no real need of as far as keeping up the work of the State Game Warden's office. These sums have accumulated after paying all the legitimate charges and the salaries of all the officers employed in this department of the State, and the question has come up as to the best usages to put this fund.

After giving the matter very mature consideration, the editors of the News are of the opinion that the Gunners' License law which is one of the best ever placed on the Statute books should be re-enacted at the next session of the Legislature and a provision made whereby all the surplus fund left after the expenses of running the Game Warden Department have been met, shall be turned back to the counties from where the money was collected in proportion to the licenses issued in each locality.

This is the system which has been in vogue for many years regarding oyster tongs' licenses, a certain portion of these licenses going to the public school fund in the counties where they are collected. The suggestion has been made that as farmers pay a considerable portion of these gunners' licenses that the bill should be so amended as to make a certain portion of the amounts collected applicable to the road fund of the counties where the licenses are issued. It is the belief of those who are best posted on this subject that the public generally would get far more benefits from the division of these licenses in this manner than in the spending of such large sums trying to propagate and replenish the game and this surplus money should certainly be put to better use by helping to build some roads than for any other purpose we know of.

The reports received at the Game Warden's office from all sections of Maryland are to the effect that game is likely to be more plentiful this season than for years and it is the belief of those who are in a position to know that this plentiful supply has been brought about by a more comprehensive enforcement of the game laws during the past season. The present game warden for the State and his assistant, can be said with all truthfulness to be doing splendid work in enforcing the law, and there is less objection to the gunners' license law than at first and if the surplus fund were turned back to each county to be spent on the public highways, the law would be more popular and we doubt not better obeyed.

THE PEOPLE WOULD LIKE TO KNOW.

Almost every day, we hear the question asked by many citizens: "How does this or that candidate stand on the question of bonding the county for internal improvements?" Of course, this question applies only to the candidates for the State Senate and General Assembly and this question is now such a live one in Wicomico County, it is our belief that each of the gentlemen nominated on the Democratic and Republican tickets for State Senator and House of Representatives should come out boldly through the newspapers and tell the voters just how they stand on this matter.

That there has been a most decided change in public opinion in Wicomico County during the past year on the subject of bonding the county for purposes of building more roads and better schools, there can be no controversy. Hundreds of farmers who formerly objected to the county being bonded for anything, have found out their mistake and are now not only willing but anxious to see this matter brought to a vote before the people so as to give authority for the going ahead with the construction of certain main highways and by-roads and the building of new schoolhouses and the improvement of old ones. Taxpayers have found their mistake in opposing a bond issue in previous years, as their tax bills grew year by year because of the efforts being made to carry on certain costly improvements out of the annual tax levy.

The voters and tax payers of the county have a right to know how the candidates on both tickets for the General Assembly and the Senate stand on this question, for in our opinion, it is the most vital question which the representatives from this county will be called on to act on in Annapolis this winter, and we also believe that many hundreds of our people are so vitally interested in this subject that they will refuse to vote for any candidate who has not the manliness to come out in the open and let the people know where he stands regarding county bonding. We are all of the same opinion that no bond should be issued until the people have had the right of a referendum on the subject, but the people do not intend to be fooled any more in their representative's failing to pass an enabling act during the session of the General Assembly which will give them a right to vote on this important matter, so we say with all frankness that

Mr. Charles R. Disharoon, Democratic candidate for Senator Mr. Fred P. Adkins, Republican candidate for Senator Messrs. Nathaniel T. Austin, Hooper S. Miles and Lloyd L. Larmore, Democratic candidates for House of Delegates Messrs. G. P. Waller, H. J. Bounds and Loran H. White, Republican candidates for the Legislature should come out over their signatures and tell the people of Wicomico County how they stand regarding the enactment of a bill at Annapolis giving the voters of Wicomico County the right to settle this matter according to their own desires.

ALL EYES ON THE WHITE HOUSE.

The eyes of the world are at present centered on the White House in Washington and millions of people all over the world are anxiously waiting the outcome of the serious illness of President Wilson. Every brave man has a fellow feeling for another brave man and the world recognizes that never in the history of humanity, has any one individual had to meet the complex problems which President Wilson has had to face and whether he has solved them to the satisfaction of friend or foe there is an admiration throughout the world for the splendid manner in which he has endeavored to do his duty. Men will differ over political matters but at a time when a great man at the head of a great Nation is lying dangerously ill and probably near death's door, political prejudice and bad feelings slips away from the minds of men and we all stand on one common ground of Americans, and it is the hope and prayer of not only the people of this great country of ours but of the people of the world that President Wilson will be restored back to normal health and that he will be able to serve out his term of office to the best of his ability. There are still some great and momentous questions affecting not only the people of the United States but the peoples of the world which will have to be settled within the next few months and while many who are opposed to the President politically may not agree in full with his ideas, they recognize the fact that his death would mean a calamity not only to this land but to all lands, and for this reason, prayers were offered in thousands of churches all over the world Sunday last for his recovery.

8% CUMULATIVE CONVERTIBLE AND PARTICIPATING PREFERRED STOCK Preferred as to both Assets and Dividends. PAR VALUE \$10

Tax Exempt in Maryland. Free from the Normal Income Tax. Dividends payable quarterly—January, April, July and October. Callable as a whole or in part upon thirty days' notice at 110 per cent. and accrued dividend.

Convertible into Common Stock, par for par. Transfer Agent—Equitable Trust Company. Registrar—Baltimore Trust Co. Application will be made to list this stock on the Baltimore Stock Exchange and the New York Curb Association. From a letter by the President, Mr. A. W. Gieske, we summarize as follows:

1. Certificate of incorporation contains stringent provisions for safeguarding the Preferred Stock.
2. Sufficient cash working capital.
3. Extremely high standing of the Company, as well as the individuals comprising its management, who will remain in charge.
4. No bonded indebtedness.
5. Net tangible assets over 2 1/2 times the authorized Preferred Stock.
6. Net earnings equal to 3 times the Preferred dividend requirements.
7. The dividend yield of 8 per cent. will probably be increased through the operation of the participating feature.

LEGALITY: Legal details have been passed on by Messrs. Hershey & Donaldson, and France, McLanahan & Rouzer, of Baltimore. **AUDITS:** Audits made by Messrs. Wm. P. Field & Co., Havana, Cuba, and the American Audit Company, New York.

The Central Teresa Sugar Company is one of the old, well-established sugar producing companies, located in the Province of Oriente, near Manzanillo, Cuba. Its mill is in a high state of physical condition and efficiency, and is capable of a production of 125,000 bags of sugar annually.

In addition to the mill, the Company owns about 10,583 acres in fee and has long-term leases on about 12,833 acres of rich and fertile lands, located in the heart of the finest sugar producing section of Cuba. It also owns about thirty-two miles of railroad, with the necessary switches and sidings, five Baldwin locomotives, one hundred and sixty cane cars, fourteen weighing and loading stations, dock, 864 feet long, to deep water, sugar warehouse, molasses tanks and machinery, shops, administration buildings, stores, residences and tenant houses, a complete telephone system (forty-five miles), all of which equipment is modern and in good condition. The Company is also well equipped with oxen, horses, carts and necessary implements.

The Company's 1918-1919 output amounts to 25,427,025 pounds (78,500 bags) and the officials estimate a production for the season 1919-1920 of 29,250,000 pounds (90,000 bags). Their policy is to increase this production gradually to the full capacity of the mill.

PRICE \$10.00 PER SHARE

We are receiving subscriptions at this price, and subject to allotment.

LOCAL AFFAIRS.

A social will be held at Shad Point school, Friday night, October 10th.

Mr. Levin I. Tindle is spending this week in Baltimore as the guest of Mr. and Mrs. Lindenmyer.

Mrs. Philip Lindenmyer of Baltimore returned after a two weeks' visit with friends and relatives.

Be Prepared!—A Girl Scout drive for membership will start about October 25th.

The ladies of Royal Oak will hold an oyster supper next Saturday, October 11th. Everybody invited.

Mrs. Wilbur F. Jackson of Baltimore spent the week-end with her sister, Mrs. S. P. Woodcock on Camden Ave.

Mrs. Martha Turner has returned to her home at Salisbury, after spending some time with Mrs. Sallie Hayman of Oak Hall.

Mr. J. L. Byrd of Oak Hall returned home last Saturday, after spending the past month with his son, Mr. Otho Byrd, at Salisbury.

W. A. Morgan of the American Stores Co. of Salisbury has assumed the management of the Delmar Cash Grocery Co. vice G. L. Pryor.

Mrs. Martin Lewis and children, of Salisbury, have been spending the past week with her late husband's parents, Mr. and Mrs. Joshua Lewis of Berlin.

Miss Jessie Bedsworth of Snow Hill who has been visiting relatives here returned to her home Saturday. She was accompanied home by her cousin Miss Katie Bedsworth.

John H. Hudson of Salisbury, and Henrietta E. Parsons of Laurel, were married Tuesday at the Laurel Circuit parsonage by the Rev. C. W. Downs.

Mrs. George C. Hill of Salisbury, and sister, Mrs. John Cattrell, of Hampton, Va., spent a few days in Snow Hill last week with Mrs. T. C. Drenlap and other relatives.

A number of Laurel baseball fans were in Salisbury on Wednesday to witness the opening game of the Worlds Series, which was given to the fans as each play was made, by means of an electric score board.

The members of Mardela Rebekah Lodge are urged to be present at their next meeting night, this Thursday, Oct. 9th. Visitors from Baltimore and Salisbury are expected to be present.

Miss Ella Ward has returned from an extended trip to Washington, Baltimore and Annapolis. While in Baltimore, she visited her brother, Arthur, who was at the Johns Hopkins Hospital.

The business men's meeting which was scheduled to be held this Thursday evening to take up the question of a final report on the Hotel proposition has been postponed until later, due notice of which will be given.

Mr. and Mrs. Jim Covington and children Julia and Mary, of Delmar, Mr. and Mrs. Thomas Walter, Mr. and Mrs. Levin Walter and Miss Bertie Walter of Nanticoke spent Sunday with Mr. and Mrs. J. S. Robertson of Delmar.

Mary Pickford herself says "Daddy Long Legs" is her greatest picture—and she couldn't afford to say so unless she felt certain the public would agree with her. At Ulman's Opera House, Tuesday and Wednesday, Oct. 14th and 15th.

Wicomico County oystermen are making some complaints about the warm weather interfering with the sale of planted oysters in this territory. The season started off fine and prices ranged around 65 to 75 cents per bushel at the rocks, but the warm weather of the last week has lessened the demand for oysters and unless there is a change and the weather gets cooler, the tongs will not be very busy for a while.

Don't fail to see the play given by the State boys in the Army Tuesday afternoon, Oct. 10th at 8:45 o'clock. The name of the play is "Mother Goose and Her Missionary Children." This entertainment is free to everybody.

The Senior Guild of St. Peter's Church announces that during the month of October, orders will be taken for home made bread, cake and pie, through Mrs. E. W. Humphreys and Mrs. W. S. Sharpley. All orders filled at time specified.

Mr. E. D. Grier has been appointed chairman for Wicomico county of the Roosevelt Memorial Association, by Judge John E. Rose, State chairman of same. Mr. Grier will attend the State conference and luncheon at the Southern Hotel on Wednesday of this week.

Mr. Harry Littleton a prosperous trucker living near Salisbury brought to the News office last week a basket of the finest sweet potatoes we have seen this season. Ten potatoes filled a tomato basket. They were of the Big Stem variety, and the boys in the News office will have sweet potato pies for sometime to come.

Rev. W. Osborne Bennett of Berlin, attended the Christian Activities Conference, held under the auspices of the Epworth League at Salisbury, Tuesday of last week. On Wednesday he again came to Salisbury and conducted the mid-year examinations of the young ministers of that part of Salisbury District.

Mr. and Mrs. Wm. M. Cooper will represent the Diocese of Easton at the general convention of the Protestant Episcopal Church to be held in Detroit during the present month. Mr. Cooper is one of the three lay delegates for the Diocese and he and Mrs. Cooper will leave in a few days to be in Detroit about three weeks.

Sunday of last week witnessed one of the largest baptizings seen in Wicomico County for several years, when Rev. Mr. Krause baptised 13 new members of his Church at Restawick Creek. The congregations of the Baptist churches in Wicomico County seem to be growing very rapidly.

Bar silver reached a new maximum price last week at \$1.20 1/2 per ounce. This brings the value of the Mexican silver dollar up to 92 1/2 cents. Years ago the intrinsic value of the Mexican dollar was so far below \$1 that great quantities were bought and put out in this country at their face value, affording a big profit.

The Rev. G. Pitt Beers and Rev. Kingman A. Handy were in Salisbury Sunday last in connection with the campaign to raise the \$75,000,000 for the Baptist Churches of the United States. Services were held at the Baptist Church in this city at 11 a. m. These gentlemen will visit 25 points where the 25 Baptist Churches are located on the Eastern Shore.

Mr. William Slemons, the well-known accountant of this city who for several years was one of the principal clerks of the postoffice and later connected with the Smith & Williams Company, has accepted a very fine position offered him in Philadelphia and left this week to assume his duties. He will be located on Broad Street and will remove his family to Philadelphia.

General uncertainty as to when the clocks of the nation may be turned back and daylight saving abolished seems to have resulted from the recent action of Congress in repealing the daylight saving Act. In answer to numerous inquiries officials have pointed out that clocks may not be turned back until the last Sunday of October, or October 26, at 1 o'clock in the morning.

Rally Day Services will be held next Sunday morning in Grace M. E. Church, and in the afternoon at Sten-gle (Riverside) church. Let every scholar come and bring one. Special Revival services will begin at Grace next Sunday night. Dr. V. S. Collins preached at Grace Church last Sunday night and took a collection of \$25 for the ministers of the Wilmington Conference who break down in their work during the conference year.

The Burgees 2 day Chautauqua will be in Hebron at Bounds Hall on Oct. 28-29. The program will consist of two attractions each afternoon and evening, supplemented with two special lectures or practical demonstrations of educational value, with a change of attractions each day, making a total of eight events within a period of two days. Season tickets \$1.00 can be bought from a committee of the Ladies Aid Society of Hebron M. P. Church.

Mr. John H. Dulany recently sold to the Harrison Nurseries, 240 bushels of peach kernels saved from the canning of peaches at his factories at the price of \$1.00 per bushel. Previous to this sale, Mr. Dulany had used several hundred bushels of these kernels filling up the holes around his fac-

try and making a short piece of road. When the demand for the kernels, he has decided that his road-building was a very expensive proposition.

The War Department is still issuing casualty lists for the late war. One day last week, the papers contained quite a list of new names never before published in the casualty columns and much to the surprise of newspaper readers, it was announced that several other lists were to come. It is rather strange that six or eight months after the signing of the armistice, casualty lists in the American Army should still continue to appear in the daily newspapers.

The insignificant penny has come into its own because of the luxury taxes now being collected throughout the United States. There was a time especially in the West when pennies were not considered as worth having and nothing less than a nickel passed in business from Denver to California. At present, however, the mints are devoting much time to the coining of pennies and this year the largest number of pennies ever coined in one year will be turned out in the mints in this country. The estimate being about 4,000,000.

Mr. James J. Scott of this city who is extensively engaged in the cultivation of oysters in Virginia reports that an examination of his oyster beds last week shows that the bivalves are in splendid condition, and there is every prospect of a very successful oyster season for the Virginia planters. The oyster cultivated by Mr. Scott are among the finest and

bravest from the Virginia waters and find ready sale in the southern markets at prices ranging from \$1.00 to \$2.00 per barrel. He says the oysters on his bed have made the most profitable growth the past summer he has ever known.

Mr. Milton Lanford Pope, of this city will be married on Saturday evening, October 12th, to Miss Mildred Gardner Warner, of Baltimore. Invitations have been sent out by the bride's parents, Doctor and Mrs. Luther F. Warner, of Baltimore. The bride's father is a well known preacher of the Methodist Protestant Church having served several years at Bethesda M. P. Church, this city. He was formerly president of the Maryland General Conference, and is now pastor of Mt. Royal Avenue Methodist Protestant Church, Baltimore. Mr. Pope is a prosperous young business man of Salisbury.

Miss Hattie E. Elliott and Mr. John F. Brown of Delmar, were united in marriage at 2.30 p. m. on Wednesday, Oct. 1st, at the home of the bride's parents, Mr. and Mrs. W. B. Elliott by the Rev. F. N. Faulkner, in the presence of a few friends and relatives of the contracting parties. The wedding march was played by Miss J. Fred Stevens. The bride was attired in a traveling suit of blue velveteen with hat to match and carried a bouquet of bride's roses. The home was beautifully decorated in golden red and autumn leaves. Amid a shower of rice and confetti the bridal pair boarded the afternoon express for a trip to Pittsburg, Niagara, Buffalo and Toronto.

Warner's
Fast-Draw

**Back-Lace
Front-Lace**

The world's well-dressed women appreciate the beautiful figure lines and comfort of a Warner's Corset.

Any corset may have these at first, but a Warner's Corset retains them to the very end, because of the unequalled quality of its materials. There is a Warner's model for every type of figure in the new straight lines of fashion, and every corset is guaranteed not to rust, break or tear.

**A Special Sale of
No Small
Importance**

We will put on sale this week a lot of cotton knit underwear for women and children.

These are perfect goods in every respect and can be had in all sizes—but not many of a size—the lots are small.

These goods were carried over from last Winter and are discontinued numbers—at last year's prices and lower.

**YOU CANNOT PAY TO
MISS IT.**

**The Best Selection of Suits is Ready for
Your Selection and Try-On**

Many a fine piece of cloth has been mishandled—from a style viewpoint.

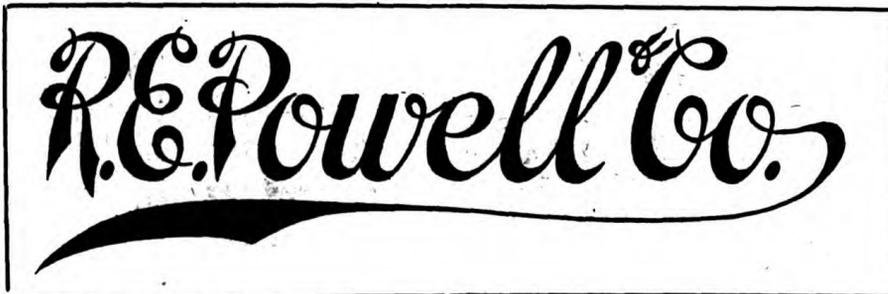

The artistry of tailoring for women is reflected in the suits which are passing through our suit section every day.

That is because they come from designers of unerring fashion knowledge plus real tailoring artistry.

That and a great variety of models and the reasonable prices—is the reason for the tremendously increased patronage in the section of suits.

Some of this week's selections are priced as follows:

\$25.00, \$30.00, \$35.00, \$40.00 and all the way up to \$85.00.

**The Brilliant
Array of
Millinery**

This is a season of brilliant millinery, not so much in colors—although color brilliancy is a conspicuous note in the styles—but brilliant in the diversity, the conception, the originality and the richness of the modes.

Students of famed historical paintings will note the influence of the Louis period; motifs that unmistakably indicate toreador inspirations as well as suggestions of the Arab turban.

On all sides in the millinery section are hats which New York has copied and adapted from Paris importations.

Hats large and small, in brims, curves, corners, and soft folds of seemingly unending variety at our usual long range of prices.

MARYLAND NEWS IN BRIEF

LATEST HAPPENINGS IN ALL SECTIONS—SERVED IN BRIEF
FORM FOR QUICK READING.

Growers of the Japanese chestnut are reaping a harvest this season around Chestertown. The nuts are being gathered this week and are bringing \$7.25 a basket. One grower there shipped during last week 24 baskets. The Japanese use these nuts for flour.

Ada Mason, aged 15, Winchester, Va., who arrived in Cumberland Monday night last in Cumberland from Baltimore and Ohio Railroad and was not met at the station by her aunt, Mrs. Frank Arnold, who lived near Eckhart, was able to locate her aunt through the efforts of the Salvation Army, which took up the case of the benighted girl and provided shelter for her.

Daniel W. Snyder, of Cumberland, former newspaper man, has announced himself as an independent candidate for clerk of the Allegany County Circuit Court. Mr. Snyder, who is a Democrat, in his announcement says: "I had intended to run on the Democratic ticket, but some of the committee seem to object to my name being placed on the ticket, knowing I suppose, that some of my ways of thinking and acting and their way do not 'gree' very well." Mr. Snyder is 70 years old.

A would be burglar was foiled in his attempt to break in Cowenton Station Tuesday night, September 30. The agent, Wm. Gatchel, hearing a noise, picked up his revolver and slipping noiselessly downstairs found a man trying to break in the back door; telling the man to throw up his hands he held him until his son appeared on the scene. Together they locked the man in the coal shed until morning when he was escorted to the lock-up by an officer who was summoned by Mr. Gatchel.

New cases of hog cholera have appeared during last week on a farm along the Manokin river. The hogs having cholera had access to the stream and farmers living along the Manokin are warned to keep their hogs from the watercourse. This disease is carried by water and the presence of diseased hogs in the stream and marsh will probably cause fur-

ther outbreaks of cholera unless the farmers take careful precautions to keep their hogs from the river.

Hunters report squirrels a-plenty in Anne Arundel county, and gunners have been enjoying the sport during the season which opened on September first and closed Tuesday, according to the laws of the State. The hunters report more squirrels this year than there have been for many years previous. Some sportsmen reported shooting five and six bushy tails in a day's sport and others have shot as many as nine. This abundance of squirrels this fall has at least tended to help reduce the high cost of living, as those who know claim they are "better than chicken."

It is important that farmers obtain good seed wheat for sowing this fall. The weather conditions at the time of harvesting the crop and diseases such as scab, rust and smut has rendered much of it unfit for seed. In order to supply good seed to farmers, a list of growers of Western Maryland counties has been obtained with prices and varieties of seed wheat. The wheat in a number of the Western counties of the State was not injured by wet weather. Good yields for this year of 20 to 30 bushels per acre have been obtained. The wheat is reasonably pure variety, and can be obtained for \$2.50 to \$3.00 per bushel.

The housing committee of the Chamber of Commerce has announced the plans of the Hagerstown Homes Corporation, to be organized to build houses in Hagerstown to relieve the shortage. The capitalization of the corporation will be \$100,000. It is proposed to construct about 90 houses at the start. After the first lot of houses is completed and sold, or rented, the corporation intends undertaking additional building operations, if the conditions warrant. The houses are expected to rent from \$15 to \$45 per month. Forty-six persons already have expressed their intention to buy houses on partial payments.

A movement for a nonpartisan city government for Hagerstown was launched Monday evening at a dinner

given at the Hagerstown Country Club by Major Joseph C. Byron, of Hagerstown. A Citizens' Committee was appointed with Major Byron, chairman; Robert H. McCauley, secretary; Harry H. Harman, treasurer, and Roy A. Leiter, publicity agent. The following membership committee was appointed: William T. Hamilton, Jr., chairman; G. W. Sullivan, Dr. W. D. Campbell, W. Harry Reiser, J. Vincent Jamison, Jr., J. J. Porter, Clarence Stickell, N. Bruce Armstrong, Isadore S. Kahn and Harry H. Keedy, Jr. The commission form of city government was discussed.

Arthur Hammond Amick, who was a lieutenant in the Aviation Corps in Italy during the late war, and Miss Dorothy Breckenridge Street, daughter of John M. Street, were married last week at First Presbyterian Church by Rev. Dr. James E. Moffatt, pastor. The bride wore bridal satin, with court train studded with pearls. Her veil was caught with a wreath of orange blossoms. Miss Nancy Lee Street wore pink satin, draped with silver lace. The bride was given away by her father. Paul Williams was best man and J. Glen Beall, Frostburg; John Lind, Washington, and John Street and Dixon Sloan were ushers. Miss Virginia Roberts played the wedding march. The church decorations were of palms and ferns. Mr. Amick is the only son of Mr. and Mrs. Arthur Hammond Amick.

The culmination of a world war romance was the wedding in Hagerstown last week of Miss Ruby Spielman, a daughter of Edward B. Spielman, to Sergt. Paul Clement DeLaize of France at the home of the bride. The ceremony was performed by Rev. S. Hilton Orrick, rector of St. John's Episcopal Church. The bride, who is a great-granddaughter of the man for whom Hagerstown was named, was active in Red Cross work during the war. Sergeant DeLaize is a son of Monsieur and Madame DeLaize of Paris and served with distinction in the French Army, being cited for bravery at Verdun and awarded the croix de guerre. He was wounded four times. Sergeant DeLaize was sent to the United States as an instructor and is attached to the French Legation in Washington. After a tour of the States the couple will visit France.

Maj. W. R. Baldwin, Ordnance Department, United States Army, has offered to the Air Service the large

pasture field owned by him in Elks Mills, Md., for the use of any pilot who may find himself in that neighborhood. For the purpose of landing and examining the field, Col. John N. Reynolds, United States Army, and Capt. Harry C. Drayton, United States Army, recently flew a Curtiss aeroplane to Elks Mills. These officers report the landing field on the direct route from Washington to New York, 52 miles northeast of Baltimore, and on the main line of the Baltimore and Ohio Railroad, and four miles directly north of Elkton, Md., and extremely easy to find. Also the Elk river runs past Elk Mills to Elkton and the Chesapeake. They found it to be a good place for a Curtiss to land, but are of the opinion that a pilot

flying a DH should not attempt to land there unless he is accustomed to making a slow landing with that type of ship. Major Baldwin is very anxious that the Air Service should take advantage of his field. He agrees to have a tee placed on the field in the best place for landing, head to wind, if anyone calls him up stating that they are coming, and when. His telephone is Elkton 215, Ring 3. An Air-Service Bulletin says: "It is hoped that other far-sighted and patriotic citizens of the country will follow his example. Unless it is decided to give Federal assistance to the development of commercial aeronautics progress will depend largely on the action of such public-spirited citizens as Major Baldwin."

Burned Out! But Thankful.

Printzess Week

J. E. Shockley Co.

October Thirteenth to Eighteenth

For PRINTZESS WEEK—when better stores the country over are featuring the "Distinction in Dress" garments—we have provided exceptionally complete assortments.

Surely you must visit our ready to wear section. The styles you will find delightful and you will be instantly perceptible of the excellence of PRINTZESS materials and of the deft and skillful touches in tailoring so typical of PRINTZESS models.

Yes—We are enthusiastic. And with reason. For we know that the PRINTZESS label is an assurance of satisfaction—that if you select a PRINTZESS you will be permanently pleased—with it and with us.

Suits

—and suits—and suits—classically beautiful in the simplicity of the straight line silhouette—youthfully smart in slim and gracefully flared models—charmingly modish in creations cleverly bloused—such a diversity of styles on which Fashion has set the seal of her approval that the matter of finding the model becoming to your individual type is of paramount importance—and this one model, expressive of YOU, you are sure to find in the extensive assortments we are showing during PRINTZESS WEEK.

Garments from \$23.50 to \$115.00.

Coats

Lustrola, Marvella, Chameleon Cord, Frosted Chincilla, Tinseltone—these are only a few of the soft and luxuriant fabrics of which, in a range of richly warm and harmonious shades, these beautiful new coats are developed. Coats of fur fabrics, too, or deep fine pile that closely simulates seal skin. Everyone appreciative of lovely things to wear—and what woman isn't!—will find pleasure in seeing and trying on the garments in our collection. Stocks will be most complete during PRINTZESS WEEK.

Garments \$30.00 to \$150.00.

Waists

A unique collection of lovely creations of Georgette Crepe, Crepe de Chine and Nets, showing fascinating new diversions in beaded, braided and embroidered effects, new features in neck and sleeve treatments and a beautiful range of new colorings including the much wanted new suit shades—Navy, Brown, Taupe, and Henna; also Bisque, Sunset, Grey, Flesh and White in generous assortment. Handsome Casque and Peplum Blouses; exquisite hand-embroidered and beaded models, showing real lace trimming and hand-drawn work too are featured in abundant variety.

Silks—Satins—Velvets

A Brilliant Display of the Season's Best Fabrics

Those who appreciate newness and rare beauty in fine silks will be charmed with this exhibit of silks, dress goods and velvets. There is a complete representation of beautiful silks for the entire cycle of the day, for street, afternoon and evening wear.

Here are Costume Velvets for the making of Dresses and Wraps, pretty figured Silk poplins in many colors for linings. Satins, Silks, Georgette Crepe in both figured and plain. Crepe de Chine, Charmeuse, Wool Jersey, Broad Cloth, Serges and Velours, in all colors. Beautiful Trimmings, etc.

Dresses

Afternoon, Demi-toilette and Evening "Of Paris" in Their Smartness

There is a distinct departure in fashion for the dress or gown, displayed here with a newness so apparent that even the most casual are impressed. There is the new silhouette, flat front and back, new colorings, with plenty of smart tones of navy, black and dark brown, and new fabrics, lustrous and soft draping, new Georgette crepes, new French satins, chiffon charmeuses, brocades, new laces and nets, tailor like tricotines, serges and Poiret twills.

TO MAKE DRIVE FOR RED CROSS MEMBERS

Week Of Nov. 2 to 11 Set Aside For Getting In Old And New Members.

ALL OLD MEMBERS REQUESTED TO RENEW MEMBERSHIP.

Peace Activities Of The Red Cross Still Calls For An Aggressive Campaign Both Here And Abroad—New Members Also Solicited.

The week of November 2nd to 11th has been set aside for the Honor Roll Drive of the Red Cross, and Salisbury Chapter will endeavor to get the enrollment of all the old members and as many new ones as possible. The peace work of the Red Cross calls for large expenditures of money and the membership fees is one of the largest items of revenue which now comes to the organization.

In speaking of this Honor Roll Drive, Mr. David H. Brown, manager of the Potomac Division of the Red Cross of which the Wicomico County organization is a part, states the following reasons for continuance of this great work as a basis for the solicitation of new members.

"The Potomac Division has been asked to obtain 660,000 Roll-Call members. This will be possible if every present member will renew his or her membership between the 2nd and 11th of November, and certainly there are many who are not members who will gladly join the American Red Cross if asked to do so.

"Renewal of membership is an expression of confidence in, and co-operation with the American Red Cross. Secretary Lane recently said: 'Upon the Red Cross rests in a large measure the responsibility of keeping up the morale of the nation, with health and good citizenship as fundamental problems for consideration.'

"Through the strife and turmoil of the great war our American Red Cross grew up and attained its present magnitude. Its chief function was to serve our boys and our Allies when in need.

Should it not now, as an expression of gratitude for those boys that have come back, and as a memorial to those who died in a great cause, be maintained as long as there is a need and for its existence? Its contin-

uance will depend largely upon the confidence placed in it by the American people, and this can only be manifested by their membership in, and support thereof.

"I earnestly request every Chapter in this Division to stand by their Red Cross and enable it to complete—not only that work left unfinished in the United States and in Europe, but to encourage it in advancing its peacetime program."

LOOK OUT FOR THE FELLOW WHO IS SELLING OIL STOCKS

Many Of These Stocks Are Not Worth The Paper They Are Printed On.

The News desires to call the attention of its readers to the many fake oil propositions which are being offered in this community through the mails and by personal solicitations, and to warn our readers to steer clear of these sharks. Legitimate oil schemes can generally be floated without appealing to the public by broadcasting thousands of letters throughout the country and by personal solicitations from agents travelling in every territory. About 99 per cent. of all these schemes are fakes and the fellow who invests his money in them generally wakes up to the fact that he has bought a worthless piece of paper and his money is gone.

This same scheme is being tried out on many new automobile ventures and automobile tire companies, some of which are not worth the paper they are written on, but on which thousands of shares of stock are being sold to the public by bucket shops and solicitors who have no standing and many people are foolish enough to send their money to strangers in answer to advertisements sent them and buy these fake stocks when they ought to have sense enough to know that if the propositions are legitimate, they would not be hawked around the country in this manner.

The average man who has a few dollars to invest had better buy Liberty Bonds or else buy stock in some local bank or public utility company operated in his own community where he has an opportunity at least to have a fair run for his money. When you send your checks to some outside concern for oil stocks and fake automobile and tire stocks, you simply throw it away with never a possibility of getting a single cent return on the investment.

CURRENT NEWS CAUGHT BY OUR REPORTERS

(Continued From Page Three).

give employment to 400 or 500 people at a good wage scale, it would mean everything to the business interests of Salisbury to keep this yard running, and especially so if it could be bought at such a bargain as I believe it can be bought for. There are more than hundred shipbuilders living around Sharptown and other sections of Wicomico who have been forced to leave home to get employment while if this yard was running, they could remain at home and spend their money here and I believe that a corporation could be formed among the business men of Salisbury to take over this property at a price which would return from 20 to 30 per cent on their investment. Other shipyards in Wicomico County are landing big contracts from big concerns and have more offers than they can take, why then should not this yard which is so splendidly equipped, be kept in operation, is a question which the business men of Salisbury should stop long enough to consider. If many of our large establishments here were to invest a few thousand dollars in this enterprise and never get a dollar's return on their investment, they would still come out ahead of the game in the increased business which they would feel by having a pay roll of several thousand dollars a week at the Shaoptown yard. My advice to the business men of Salisbury is to think about this suggestion quick."

Temporarily Located Here.

Robert C. Walker, C. E., has opened an office in this city for the winter. He is engaged at present on several engineering operations on the Eastern Shore and has selected Salisbury as his headquarters while superintending these operations. Mr. Walker may decide to locate here permanently. He is not only an engineer who has had considerable experience, but he is also an architect of merit and our people will find him an asset to the community.

—Mr. and Mrs. C. D. Wilson, Blanche Davis and Lela Williams of Blaken spent Sunday last with Mrs. Edna Morgan of Queen Anne, Md.

Good Farm Buildings Were Never So Important as Now

NO FARMER can reach maximum production and profits without good farm buildings.

A good barn keeps the stock healthy and in good condition. Good wind-tight hog houses make possible two litters a year with healthier pigs; a well built poultry house increases egg production; a good implement shed doubles the life of farm machinery.

Every good farm building pays big dividends on the investment year after year.

Plan your buildings now and see us for practical plans for all types of farm buildings.

Free Architectural Service

Our Architectural Department is at your service to advise you and submit plans for any kind of a building you contemplate erecting. This service is free. Write us about it.

COUNTY NEWS

SHARPTOWN NEWS.

Miss Lena E. Cooper spent last week in Baltimore as the guest of Mr. and Mrs. John Lowe. German Mann, Lynn Mann and Benj. Kennerly left on Sunday to spend several days in Baltimore and Washington. Miss Almada Bailey of Baltimore is the guest of her sister, Mrs. Major A. Elsey. Mrs. Henry Fletcher is visiting in Camden, N. J. Wesley English of Camden, N. J., is circulating among his relatives and friends here and at Riverton. Mr. and Mrs. Ned R. Bounds are visiting her sister, Mrs. Frank C. Robertson, Jr., Norfolk, Va. Miss Mattie Fletcher is home from Chincoteague. Jessie Eaton is home from Chester, Pa. Mrs. Harry Covington who has spent several months with her parents Mr. and Mrs. R. D. Willing returned this week to her home at White Haven. Benjamin P. Gravanor got the fingers of his right hand badly cut and torn in a lime spreader on Saturday. Thomas H. Harper has sold his residence on Water street to Prof. Edwin K. McIntosh. Mr. Harper will move to Hurlock. Rally Day was observed in both churches on Sunday. The Methodist Episcopal Church used local talent for morning and afternoon and was assisted at night by Rev. J. P. Kelly. Rev. Mr. Morris of Salisbury assisted at the Methodist Protestant Church morning and afternoon and at night the regular Rally Day Program was rendered. More than six hundred dollars was given in the collections at the Methodist Protestant church. The colored people celebrated the occasion of the completion of their fine new school building near here on Saturday night. Prof. James M. Bennett, county superintendent, Wildy D. Gravenor and W. H. Knowles made addresses as did also Rev. Malachi Raisen and Hawthorn Brown the principal of the school. This is the second school building the colored people have had here since the free school system was inaugurated and the original building, small and dilapidated still stands. Isaac S. Bennett for many years a merchant, farmer, fruit and vegetable packer and an extensive dealer in wood and lumber at Riverton, together with his family now reside here and occupy their Main street property. Prof. James M. Bennett, county superintendent of school, also resides with them.

Death of Mrs. Farlow.

Mrs. Elizabeth Farlow, wife of the late Billy Fooks Farlow, died at her home at Pittsville on Thursday morning, Oct. 2nd, after a short illness. She was 90 years old on Sept. 27th, being born in 1829. She was a very active woman, considering her age, doing her own house work, until her last illness. She is survived by seven children, four boys and three girls, 28 grandchildren, and 20 great-grandchildren. The funeral services which were held at her home on Saturday afternoon at 2 o'clock, were conducted by Rev. Mr. Brisbane assisted by Rev. Mr. Hooker. Interment in the Farlow Burying Ground.

Wilmington merchants have combined to demonstrate to you next week, "Demonstration Sale Week," that you can do your fall shopping to better advantage in Wilmington. Be sure to come! It will pay you!—Adv.

Mary Pickford is now her own boss. Her mother is her business manager. "Daddy Long Legs" will show you the kind of picture she will produce now that she has her own way. See the show at Ulman's Opera House Tuesday and Wednesday Oct. 14th and 15th.

All the banks in this city will be closed Monday next, Sunday the 13th, being Columbus Day.

REPUBLICAN NOMINEES NOTIFIED THURSDAY

Ceremony Held At The Southern Hotel In Baltimore.

COLONEL WOODCOCK PROMISES REFORMS FOR HIS OFFICE.

He Pledges Himself And His Party To A Better Financial System For The State In Case He Is Elected To The Comptroller's Position.

The Republican nominees for State offices were formally notified at a big gathering of Republicans held at the Southern Hotel in Baltimore Thursday night of last week. Mr. R. H. Phillips of this city represented Wicomico County Republicans at the notification meeting. Mr. Harry W. Nice, candidate for Governor was notified by Clarendon L. T. Gould and in accepting the nomination, Mr. Nice took occasion to score the Democratic National and State Administration and gave some rosy reports as to the certainty of the Republicans carrying the State this fall. In order, Lieut.-Col. John Philip Hill notified Lieut.-Col. Amos W. W. Woodcock of his nomination for Comptroller; Harry W. Keedy, of Hagerstown, notified Alexander Armstrong, candidate for Attorney General, and Edward F. Johnson notified William L. Marcy, candidate for Clerk of the Court of Appeals, each nominee accepting in turn.

Colonel Hill, in notifying Colonel Woodcock, eulogized his military record and Colonel Woodcock, in accepting, quoted from the State Constitution to show the duties of the Comptroller and promised to submit measures to the Legislature, if elected, and to make recommendations, all looking to the modernizing of the State's financial system. He said he would seek the most authoritative expert advice in preparing his plans for a better system.

A buffet luncheon was served before the ceremony at which most of the prominent Republicans of the State were present and plans were laid out for an aggressive campaign now that both tickets are in the field and the ways cleared for the fall fight.

DEATH OF TWO ESTIMABLE WICOMICO LADIES LAST WEEK

Mrs. Otis S. Lloyd and Mrs. James M. Jones Both Die After Short Illness.

This community was greatly shocked at the death of Mrs. Otis S. Lloyd at her home on Camden Avenue Wednesday afternoon of last week after only a few days illness. The deceased lady had a host of friends in this community where she has lived for several years. She was a devoted member of the Episcopal Church and was active in all the various organizations of the parish. She was about 53 years old, and leaves her husband, Mr. Otis S. Lloyd the well known contractor of this city, one sister, Mrs. J. Anna McLain of White Haven and three brothers, W. K. Leatherbury, Robert Leatherbury and Charles Leatherbury.

Funeral services were held Friday afternoon from her late residence, Rev. Dr. Cone officiating. The interment was made at the Leatherbury home in Somerset County. Mrs. Leatherbury will be much missed by her church and her hundreds of friends in Salisbury who had learned to love her during her residence in this city.

MRS. ELIZABETH A. JONES.

The many friends and relatives of Mrs. Elizabeth A. Jones were grieved to learn of her death which occurred at her home in Quantico, Md., on Wednesday of last week after a brief illness of about one week. On Tuesday of the previous week Mrs. Jones suffered an attack of her old trouble "Bright's Disease" and though everything that could be done to save her life that it was possible to do, she finally succumbed after a brief illness.

The deceased was born on July 19th, 1857 and was slightly over 62 years of age, prior to her marriage to Mr. James M. Jones of Quantico she was a Miss Taylor and a member of the prominent Taylor family of this section.

She was a lady of fine character and had many friends, who will feel her loss most keenly.

She is survived by her husband Mr. James M. Jones of Quantico, one daughter Mrs. Phatt Phillips, and one son Mr. James M. Jones, Jr. She is also survived by four brothers, Messrs. Geo. H. Taylor, A. Sidney Taylor, O. W. Taylor and Lee P. Taylor.

The funeral services were held on Friday afternoon at 3 o'clock and interment was in the old P. E. Church yard at Quantico, Md.

WILMINGTON AFTER THE TRADE OF PENINSULA

Wilmington Chamber Of Commerce Adding With Merchants For Trade.

Wilmington merchants are arranging to hold a "Demonstration Sale Week" from October 13th to 18th, for the purpose of demonstrating to the people of the peninsula and adjacent territory their ability to care for their purchasing demands.

Every merchant in Wilmington is co-operating in the effort to demonstrate to the people of Delaware and the surrounding territory that they can save time and money and receive greater satisfaction through making their purchases in that city than elsewhere. Buyers for Wilmington stores have been combing the wholesale markets for weeks to secure the best offerings possible for this week. The arrangements have been made under the auspices of the Mercantile Section of the Chamber of Commerce, and everything will be done to make visitors welcome and their visits profitable to themselves.

While in no sense are the Wilmington merchants entering into competition with the local merchants of other towns, they feel that there is a steady stream of trade which passes their doors, and it is their determination to demonstrate thoroughly that in cases where purchasers cannot secure what they want in their home towns, they can shop in Wilmington with less transportation and other expense.

Fire broke out in the row of shacks located near the big canning factory of Wm. K. Leatherbury Tuesday afternoon last and destroyed the entire block of frame houses. The firemen responded quickly and no other damage was done as the shacks were located some little distance from the main factory.

WANTED—Young man, with knowledge of accounting, for position in office of Public Utility Corporation. Address BOX H, Salisbury, Md. Oct. 9-11.

LOST!—On September 28 between Salisbury and Bivare, one Mattie Hand Bag, containing lot of baby clothes, also picture of baby. Reward if returned to MRS. T. R. MORRIS, 110 Parsons street, Salisbury, Md. Oct. 9-11.

IN MEMORIAM

In sad and loving remembrance of my dear father and mother, Capt. and Mrs. Henry H. Adams, who died five years ago, October 5, 1914.

Rest on dear parents, thy labor is o'er; Thy willing hands will rest no more. Faithful parents both true and kind, Truer parents you would not find.

Dear to the grave where my parents laid, Sweet is the memory which never will fade, Others may forget you but never will I.

By her daughter and son-in-law, MR. and MRS. HENRY TOWNSEND.

The month of October again is here. To us the saddest of the year. Because 6 years ago today, My grandfather passed so suddenly away.

A few short years have passed away. Since my dear grandmother went to sleep. And left this world of sorrow and pain. To sit at Jesus' feet.

Their Grandson SHELDON.

CARD OF THANKS. We wish to express our thanks to the sympathetic friends who so ably assisted us during the illness and death of our infant son, Thos. Edgar. We sincerely thank all for their many kind acts that were bestowed upon us. We shall never forget them.

MR. and MRS. THOS. L. HOWARD.

FOR SALE!—A six-room house, in good condition, on Upton Street, Salisbury. Apply to MARSHALL M. MITCHELL, Phone No. 1920 200 Washington Street Oct. 9-11.

FOR SALE!—House and lot in good location, practically new; seven rooms and bath, electric lights and gas. Apply to POSTOFFICE BOX 448, Salisbury, Md. Oct. 9-11.

ECHOES FROM THE PLAZA OF THE COUNTY COURT HOUSE SQUARE

What is Talked About Under The Trees On The Public Green Gossip From The Various Sections.

HAPPENINGS AMONG THE PEOPLE OF THE VARIOUS SECTIONS WHICH ARE OF INTEREST TO ALL THE CITIZENS—POLITICS A LEADING TOPIC THESE FALL DAYS AND MUCH DIFFERENCE OF OPINION FOUND TO EXIST WITH THE PEOPLE.

Mr. C. C. Cooper of this city told a few days ago to the C. E. Disharoon Company a tract of land in Worcester County originally known as David's Addition which was deeded to David Cathell in the year of 1758. This tract contained 60 acres of land originally and is described as lying near what was then known as Quick-sand Branch. The deed for this property is a curiosity inasmuch as it is written of pure sheepskin or parchment and bears the signature of Horatio Sharpe then Governor of the Province. The deed calls for the payment to the province of the sum of Five Shillings Sterling in Silver or Gold, said payments to be made in equal installments on the two principal feasts of the year, the Feast of the Annunciation of the Blessed Virgin Mary and St. Michael, the Arch Angel.

Camp Sites Free For The Asking.

The Maryland State Board of Forestry has recently issued a most interesting book on Camp Life in Maryland. This book is profusely illustrated showing thousands of beautiful camp sites which can be had for the asking for use by Marylanders during the summer and fall. These sites are located all the way from the mountain ranges of Western Maryland down to the seashore in Worcester County, and while many residents of Maryland travel to Maine and other points in New England to get camping facilities, they could no doubt find right here in their own State just as comfortable a situation and be practically at home. The Sunday School picnic of days that are gone, and the old swimming pool down under the alders, flash into your mind as you turn the pages which tell of the woods, and camping sites, and free good times reserved for Marylanders. In the pictures you feel and see the early freshness of the Garrett County forests, wide stretches of them, still wild, still primitive, and beckoning to you with all the charm of unspoiled naturalness. Swimming and fishing are there, and tents that lie close to the base of a high old mountain, drawing protection from its tree-clad sides, good health and wholesome balsms from the pure and smoke-free air.

Former Treasurer Dennis On His Ear

The article in The Wicomico News concerning the milk tests now going on between the herd of former State Treasurer John M. Dennis and present State Treasurer, Wm. P. Jackson in which reference was made to the fact that Mr. Jackson had some cows at the Homestead Dairy which gave promise of knocking out anything which the Hon. John M. has on his Baltimore farm seemed to put the old gentleman on his ear. Nevertheless, the fancy herds of Western Maryland have some competitors on the Eastern Shore which are likely to put the western herds to the bad. Not only has Senator Jackson some wonderful cows on his place but several other of our farmers have some fancy stock which could probably take some of the blue ribbons away from the Baltimore County herds of Mr. Dennis and other fancy stock raisers. Mr. Adkins in Rockwalkin has a herd of cattle from which he has produced some fancy stock like those bought by John McCormick and other prominent citizens of the United States, and County Treasurer Daniel B. Cannon has several animals which give promise of being blue ribbon winners if he ever desires to exhibit them in a real fancy show. The trouble with the fellows over in Western Maryland is the fact that they are almost totally ignorant of what we have here on the Eastern Shore. Besides fancy cows, we have many other things which we could show them and give them pointers on and open their eyes as were those of Mr. Dennis by the description of the Jackson herd. It is really amusing sometimes to hear a Western Shoreman talk about the Eastern Shore and to those who know a few things, we generally charge it up to the fact that they are not thoroughly acquainted with the geography of the State and in the second place, they need to travel the Eastern Shore and get acquainted with not only the cattle we have here but with the real and rare old English stock of citizenship which has peopled the Eastern Shore since the colonists first settled the State. We might say that one of the largest condensed milk concerns in the world has selected the Eastern Shore as a spot to locate one of their largest factories and this after the most exhaustive study of the milk situation in this section. After thoroughly studying the milk situation on the Eastern Shore, this concern decided that they had a better opportunity here for future milk production than anywhere else in Maryland and so they are establishing a branch of their business in Caroline County which will draw milk from every county from Cecil to Somerset. This will still further help to organize the farmers to make better improvement of their stock and it will not be many years before every prosperous farm in Wicomico County will have on it a small herd of blooded cattle, sheep and hogs.

A Straw Which Shows How The Wind Blows.

Salisbury has the reputation of making among the finest shirts which are made in the United States. The great factory of the Jackson & Guttman Company located in this city has a reputation which cannot be surpassed by any shirt concern doing business in this country. Starting several years ago in the manufacture of ordinary shirts, this concern today turns its entire attention to the production of the very highest class goods and Salisbury shirts are sold from Maine to California and from Canada to the Gulf, and by the way, people generally in these prosperous days are wearing better shirts than ever before. In fact, the manufacturers cannot turn out shirts too fine for the average citizen who is drawing pay at the rate of from \$5.00 to \$20.00 per day for work which he formerly received on an average about \$3.00 per day. The fellow who makes all this money wants to spend it and he finds a pleasure in buying the finest silk shirts he can lay his hands on. Here is a story which speaks for itself: A New York silk buyer contracted for silk shirts at \$40 per dozen per thousand dozen. When ready for delivery the manufacturer offered the buyer \$50 per dozen to sell them back to him. Satisfied with the profit he made, the buyer was surprised when the manufacturer telephoned a dry goods seller in Lawrence, Mass., and sold the lot to him at \$70 per dozen, per thousand dozen. When the transaction was completed the mill owner informed the New York buyer that the man in Lawrence, could sell the product at \$90 per dozen, with a net profit, so great was the demand for luxuries in the factory and mill districts, where frugality is being looked upon as an oddity instead of a virtue.

30-Mile River Of Lava In Hawaii.

Hilo, T. H., Oct. 1.—A stream of lava, from 800 feet to one mile wide and thirty miles long, is pouring from the 13,000 foot crater of the volcano Mauna Loa, on the opposite side of the island of Hawaii from this city, into the sea today. The lava overtopped the crater late Monday night and reached the sea yesterday morning.

Constipation.

The beginning of almost every serious disorder is constipation. If you want to enjoy good health keep your bowels regular. This is best accomplished by proper diet and exercise, but sometimes a medicine is needed, and when that is the case you will find Chamberlain's Tablets are excellent. They are mild and gentle in their action, easy and pleasant to take. Give them a trial. They only cost a quarter.—Adv.

GOOD BUSINESS
GREATER PRODUCTION
IS ENCOURAGED HERE

Good business conditions and the increased production so necessary to the present day prosperity go hand in hand.

A dollar spent and put in circulation is much more potent for good than a dollar idle, hoarded and lost to the world.

Your funds in this Bank will be made to work intelligently toward maintaining this prosperity.

HAPPENINGS IN THE NATIONAL CAPITAL

Short, Filly News Showing The Trend Of National Business.

UNUSUAL PROSPERITY DURING WILSON'S ADMINISTRATION.

Many Items Of Interest Of Happenings In The National Capital On A Variety Of Subjects In Which All The People Are Interested.

In an effort to cut still further into the high living cost the Government, through the Postoffice Department, has inaugurated a system of parcel post farm trucking. Work of rural and community center organization is going along rapidly in the East where more than 4,000 miles of motor truck parcel post routes have been established. The plan of the department is so to organize buying communities in the city as to enable them to deal directly with the organized farmer and trucker in the rural districts. His produce is then sent direct by parcel post, giving a larger and more certain income to the producer and greatly reduced price to the consumer.

In carrying out this scheme the Postoffice Department is utilizing hundreds of the trucks that were turned over to the department from the surplus military supplies. The economic scheme of the postal service makes the trucks pay for themselves, because they also carry mail matter. At two cents an ounce a truck need carry only a limited amount of first-class mail, which actually pays at the rate of about a dollar a pound, to earn its daily expenses. The postal service estimates that fifty letters will make a pound on an average, and the produce hauled from rural sections to urban points all within the first parcel post zone pays at the rate of five cents for the first pound and one cent for each additional pound. With this traffic it is not hard for a truck to earn \$20 or \$30 a day.

This plan of parcel post service has worked out remarkably in Philadelphia and Washington and will later be tried on many of the 60,000 star routes over the country. The only objection that has developed to it thus far is that the middleman, unwilling

to be deprived of his profit, is making a competitive bid in the producing community in an effort to break up the organization necessary between the producer and the urban consumer.

Europe Still Wants U. S. Pork And Dairy Products.

Warning has been sent out by the Department of Agriculture to live stock and dairy farmers that the demands for export may not be so great as last year, but it is explained there will still be a heavy market in Europe. The governments of Europe are making every effort to induce their farmers to rehabilitate their farms and dairies and a definite campaign is on in most countries for cattle repopulation. There will still be a demand for American products, though this repopulation and the rate of exchange will probably cause it to decline somewhat. Last year it took two billion pounds of milk (or one hundred pounds from every milch cow in America to meet Europe's demand for dairy products. For at least another year, it is predicted, the demand for pork products will be greater than it has been in the past.

Uncle Sam Nearly Ready To Begin Counting Noses.

Preparations for taking the decennial census for 1920 are going forward rapidly. All but a few of the district supervisors have been appointed and the work of selecting the army of enumerators required is well under way. This work will be completed by January 2, 1920, the date set for beginning the enumeration. One of the large temporary buildings used by the War Department during the war has been turned over to the Census Bureau and about 10,000 clerks will be engaged on the rush job of tabulating, and 85,000 enumerators will collect data over the entire country. The task will be Uncle Sam's ten-year stock taking on which will be estimated every thing for the next ten years from tax assessments to insurance premiums.

Army Hospitals Closed.

Rapid demobilization of wounded men from hospitals in this country is enabling the War Department to close a number of the army hospitals. During the next few weeks General

Hospitals No. 39, at Flatfish Bay, N. Y., and No. 42, at Sparrowsburg, S. C., will be closed. Others of the hospitals recently opened for the wounded from the A. E. F. will close from time to time during the next few months.

President's Invitation Accepted.

Representatives of labor and those of capital have accepted the President's invitation to confer in Washington early this month. Many strikers now in progress indicate the need of some less costly way of adjusting industrial disputes. The value of the conference is sure to be great even if it falls short of the highest expectations.

Republican Woman Leader Against Senator Wadsworth.

Senator James W. Wadsworth, of New York, must now count on the enmity of the leader of women voters in his own party. His support of the National Association Opposed to Woman Suffrage, of which Mrs. Wadsworth was president, is not forgotten, and now, according to a recent interview published in the New York Times, he must look forward to the "unalterable opposition" of Miss Mary Garrett Hay, chairman and treasurer of the Women's Executive Committee of the Republican National Committee. Since Miss Hay has been foremost in national organizations of women for more than a quarter of a century and has served as president of the New York State Federation of Women's Clubs, her decision to forget party obligations and to ignore her own position in the Republican National Committee is regarded as a promise of retirement for Senator Wadsworth.

Present Congress Should Help.

The National Army has been wholly demobilized and the men are now back at home and most of them are at work. The Government is still showing interest in them, and if the present Congress would only help in the task, no man who served his country would have cause to complain of its indifference.

Soldiers Return In U. S. Ships.

Of the two million men returned from France since the armistice, 85 per cent or about 1,700,000, were brought home in American vessels. During the month of August the army

returned 151,000 deadweight tons of shipping to American commercial owners and 74,000 tons to the U. S. Shipping Board. There are now about 519,000 tons of deadweight shipping in the army service, and nearly 600,000 tons are out of service and awaiting re-delivery. In all 3,582,000 tons have been re-delivered to original owners.

Grain Crop Five Billion Bushels.

Estimates made by industrial newspapers predict that the nation's grain

crop for this year will total 5,470,000,000 bushels. Only about 30 per cent of this will come from the South, the Central and Southwest contributing largely to the total.

Indigestion, Bloating, Constipation.

Chamberlain's Tablets have restored to health and happiness hundreds who were afflicted with indigestion, bloating and constipation. If you are troubled in this way give them a trial. You are certain to be pleased for they will benefit you.—Adv.

G. E. KENNERLY & CO. SALISBURY, MARYLAND.

YOUR OPPORTUNITY To Buy 2 Fine Truck Farms Near Salisbury.

Here they are on the Plat. At Tony Tank, Maryland, on the East side of the Salisbury-Princess Anne stone road. Two miles South of Salisbury, one mile North of Fruitland. You can't find property better located than this.

The front farm, No. 1, faces on the East side of the Salisbury-Princess Anne stone road, adjoins the property of Mrs. A. J. Vanderbogat on the North, and Cedar Lane on the South. Just across Cedar Lane is "Warwick Manor," the beautiful home of Mrs. Marion A. Humphreys. This farm contains 12.05 acres, more or less. It is improved by a large colonial residence, barn, and other farm buildings insured for \$2,000.00.

The rear farm No. 2, faces Cedar Lane opposite the progressive farm of Col. W. B. Tilghman, Jr. It contains 11.41 acres, more or less.

This is all cleared land in good condition, and in a good state of cultivation. It is at this time well set in growing crops,—tomatoes, sweet and white potatoes, corn and other general truck. Possession will be given January 1st, 1920, 2 1/2 months from the date of sale.

Here is your opportunity to have a home near Salisbury and Fruitland, on good roads, in a nice neighborhood, with enough land for one man, and without the bother of getting labor. The best residential section of Salisbury is rapidly expanding toward it, and it will soon be readily salable in building lots. You can't make a better investment than the purchase of one or both of these farms.

The right is reserved, after offering these two farms separately, to accept bids for them as a whole, and if more is offered for them as a whole than separately, to reject the bids for them separately, and accept the highest bid for them as a whole.

The property will be sold at Public Auction on the premises on,

Saturday, October 11th, 1919, At 4 O'clock, P. M.

TERMS:—One fourth cash on day of sale. Balance payable in three equal installments of six, twelve and eighteen months from the day of sale. Purchasers to give notes with satisfactory security for the deferred payments, bearing interest from day of sale; or all cash at the option of the purchasers.

WONDERFUL STEPPING STONES

MISER SAVER BIG SUM BUT ONLY TO LOSE IT

Man Did Not Follow Principles of Thrift—Sole Idea Was to Hoard His Money, Spending Nothing. A modern Midas of Chicago, who had accumulated \$300,000 by never spending anything, recently was declared incapable of handling his affairs. He became incapable not because he amassed \$300,000 but because of the way he accumulated it. He estranged his family, went to bed with the chickens to avoid spending money on lights and lived on \$56 a year.

Then he ran afoul of the pushing income tax law and now his children are to handle his beloved savings. This modern Midas was not a thrifty man. He was a miser. True thrift enhances and increases the wealth of the world. Hoarding money benefits neither the miser nor his fellows. Wise spending is as essential as wise saving, and wise investment is as important as either; wise spending for the comforts and pleasures of life as well as the necessities makes for the thriftiest life and stimulates production. Wise investment makes possible the creation of new wealth.

The miser saves but spends nothing. He secures only the meager satisfaction of watching his pile of money grow. The wise exponent of thrift and sound investment has the comforts and pleasures of life and saves at the same time. The foolish man spends his money for what he neither needs nor really wants; does not attain the comforts and lasting pleasures of life and saves nothing. If the modern miser of Chicago had spent wisely he would have had years of comfort and happiness instead of years of squalor and want. If he had saved wisely he would have had the love and respect of his family and associates. If he had invested wisely he would have been competent to handle his own affairs.

"Waste not—want not" is still the modern axiom of thrift but "want not" must not be interpreted to mean not wanting the things that make life worth the living. Don't be a modern Midas.

PICKING UP THAT PIN

A story of H. H. Harriman, who died leaving an estate of \$5,000,000, credits him with one day picking up a small steel letter clip dropped on the floor by a careless employee.

"I'd like to have as my annual income," said Mr. Harriman, "the value of material thrown away every year by indifferent workers in the offices and factories of America. In a few years I'd be the richest man in the world."

"LIKE UM" and "LICK UM"

From faraway Tulsa, Okla., comes the story that War Savings Stamps are tremendously popular among the Indians who have grown rich from oil wells discovered on their properties.

"Stick-on" competitions are popular among the Indian Rockefellers, who buy the \$5 stamps in sheets, arrange their cards neatly and start licking and sticking at a prearranged signal.

After all the stamps had been stuck on during a recent contest the Indians capped the "gold mine" by lining up and racing to the post office to get the stamps registered. Blue Nose Smells No. 100 won the race and had his stamps registered first. He had pasted on \$485 worth of War Savings Stamps in six minutes and fourteen seconds. His time to the postoffice was 56 seconds flat.

Put your money where it will do double duty for you—in War Savings Stamps.

Money saved is what counts. Invested in War Savings Stamps it grows day and night.

In a multitude of thrills there is safety from worry. Buy wisely, save intelligently, and invest in Thrift Stamps and War Savings Stamps.

FIVE DEPARTMENTS ARE AIDING THRIFT

Government Bureaus Are Co-operating to Promote Widespread Savings Among All Classes of People.

Co-operation and co-ordination of government departments in aid of the national movement to promote regular saving, wise laying, sound investment and reinvestment are shown in a recent report to the Treasury Department.

Five departments—Treasury, Labor, Commerce, Agriculture and the Interior—are always carrying out plans characteristic of their special domains of work designed to accomplish the general aim—thrift. Not only are the same principles held in common but ideas and material are interchanged and employed to further the particular lines of each department's work.

In the Treasury Department the Savings Division is endeavoring to bring home the value of sensible economy as a principle of living; to interpret thrift, not as miserliness, but as the wise management of one's affairs, taking heed of present and future needs and steadily saving for worthwhile purchases, to take advantage of an opportunity or against a rainy day. The Savings Division of the Thrift Stamps and War Savings Stamps a practical inducement to acquiring the power of a financial reserve.

Realizing that saving is greatly stimulated by having a definite object in view, the Department of Labor has launched an OWN YOUR HOME movement.

The Department of Commerce, in conjunction with the Council of National Defense, is engaged in a BUY NOW, BUT ONLY WHAT YOU NEED, campaign.

The Department of Agriculture has undertaken to have its county agents and home demonstration agents, numbering several thousand men and women, include the message of thrift in all their work.

In the Department of the Interior the Bureau of Education is making thrift an important part of its Americanization program and of its schools and library work. The Indian Bureau has issued material and called on all agents to assist in bringing home the value of intelligent saving and safe investment to the Indian service.

THRIFT TABLE

- 25 Pennies—1 Thrift Stamp.
- 16 Thrift Stamps—1 W. S. S.
- 20 W. S. S.—1 Hundred Dollar Stamp.
- 5 Hundred Dollar Stamps—First installment on your home.

Thrift Stamps will stick when a fellow needs a friend.

Make Thrift a happy habit through War Savings Stamps.

INTEREST

Here is what one man did. If you don't know him you know some one just like him in your community.

Twenty years ago he owned the clothes he stood in and that was about all.

He saved fifty dollars the first year; the next year, with a little better wages, seventy-five.

One thing with another—a wife and family included—he has saved an average of five dollars a week for twenty years.

What he saved in twenty years was about five thousand dollars. What he has is twice five thousand—like the man in the parable.

His dollars working for him now bring him more than his yearly saving.

Make Thrift a happy habit through War Savings Stamps.

Money spent is money gone; invested in War Savings Stamps it stays with you.

A Voice From Sioux City, Iowa, says

PE-RU-NA Worth Its Weight in Gold

You cannot mistake the words of Mr. W. W. Northrup, of 94 1/2 Fourth Street, Sioux City, Iowa. He is enthusiastic about his present health and the merits of PE-RU-NA and wants everyone to know it. Here is a recent letter from him:—

"PE-RU-NA is worth its weight in gold and then some. I used to think it only a woman's remedy but have changed my mind. I had a cough, especially in the morning. After taking half a bottle of PE-RU-NA was much better. I would cough up clouds of phlegm and mucus, my eyes itched and bled and so on. Judging from the symptoms given in your literature it was catarrh. My stomach is in much better condition since using your medicine."

"Use this testimonial, if you wish. Don't hesitate to advertise the merits of PE-RU-NA."
(Signed) W. W. NORTHRUP.

There are thousands just like Mr. Northrup, skeptical at first but convinced by a trial of PE-RU-NA.

DON'T BE AN UNBELIEVER. If your trouble is of a catarrhal nature, try PE-RU-NA, then tell your friends. It is fine after an attack of grip or Spanish Flu.

Sold Everywhere Tablets or Liquid FOR CATARRH AND CATARRHAL CONDITIONS

MAKING NEXT DOOR NEIGHBORS OF THE EASTERN SHORE AND BALTIMORE

A NEW ERA is dawning for Maryland—an era that will make the State one great unit of thought and action, instead of two separate communities with varying ideals and problems. This new era will mark the passing of the old territorial lines, established when Nature steered the course of the mighty Chesapeake through the heart of virgin Eastern America, and left the gorgeous hills and magnificent valleys on the Western Shore, with broad, fertile fields to be the heritage of the golden Eastern Shore. Separated by a broad expanse of water, and with different conditions confronting the inhabitants of each section, it was but natural that these two halves of Maryland should grow wider apart with the passing years. But they are at last to be cemented by the bonds of closer fellowship; by a greater and more thorough understanding; by a more intimate and a more agreeable association. The future holds in store for them greater social, political and commercial activity than ever before. They are to know each other as they have never been privileged to do in the past. Western Maryland, with Baltimore at its head, is to know more about the Eastern Shore, and the Eastern Shore is to learn more about Western Maryland. These two great communities are to be real next-door neighbors. And the answer is—the Peninsula Ferry between Love Point and Baltimore.

Ten years ago the only method of communication between the two halves of Maryland was by means of tedious, long-drawn-out water journeys, or by the more expensive process of traffic over the railroads.

Five years ago a new means was established when the state roads were opened up to motor traffic. But even that involved considerable time and expense.

Today, quick, direct and effective means of communication are being established in the organization and operation of Bay Ferries—carrying Eastern Shoremen direct to Western Maryland; bringing Western Marylanders in to the very heart of the Eastern Shore.

HOW THE BAY FERRY IDEA WAS CONCEIVED

Ever since the automobile became such a vital and important factor in the commercial and social life of Maryland, the demand has steadily been growing for closer association between the two halves of the state. It was but natural that Marylanders should begin to inquire into solution of the problem, and when great minds began to meet the issue, the answer was either a bridge across the bay—or bay ferries.

It was soon found that the bridge, while possible, might prove thoroughly unfeasible, and certainly very expensive. Constructive figures were staggering; maintenance estimates were disheartening, and the ultimate returns were uncertain. So the bay bridge became a dream—possibly a reality of the future, but unfeasible for the present.

Then Maryland minds drifted to the Bay Ferry proposition. Investigation disclosed that ferries were thoroughly practical and maintained with even reasonable patronage. Capt. C. W. Harrison, one of the practical steamboat men of the East, realized the possibilities, and laid his plans before Governor Emerson C. Harrington. Both entered enthusiastically into the work and the Claiborne-Annapolis ferry route. Capt. Harrison always believed that the Love Point route would prove the only practical one, but he was over-ruled, and after the ferry had been successfully placed in operation, he turned his time and attention to the duties of operating the Baltimore and Southern Navigation Company's line of steamers.

He still clung steadfastly to the belief, however, that Love Point offered the real, practical solution to a thoroughly successful bay ferry, and several months ago a delegation of Eastern Shore's most influential and representative citizens called upon him and asked him to use his influence and devote his experience to the establishment of a bay ferry from Love Point to the heart of Baltimore. He consented.

LOVE POINT AS THE LOGICAL GATEWAY OF THE SHORE

A glance at the map of Maryland, with its broad stretch of water through the two great shores, readily discloses the fact that Love Point is the logical gateway of the Eastern

Shore. It is the only point from which a ferry may be operated with entire practicability into the city of Baltimore. There are numerous points where the water distance between the two shores is less, but there is no place which commands such quick accessibility to Baltimore.

Therefore, when the Claiborne ferry was started, it was necessary to run the boats to Annapolis, and travelers must proceed the remaining distance to Baltimore overland—a distance of 26 miles. The Kent ferry must operate between Rock Hall and Bay Shore, and travelers must furnish their own means of getting from Bay Shore into the city. But by the Love Point route, the service is directly into the business section of Baltimore.

ORGANIZATION OF THE PENINSULA FERRY CORPORATION

These facts were all carefully considered; maps were consulted and thorough investigations conducted. Then, in July, the Peninsula Ferry Corporation was incorporated under the laws of Maryland, and complete plans of operation, together with other necessary details, were laid before the Public Service Commission of Maryland. After reaching this stage, swift action was taken, and today a magnificent pier stands practically completed at Love Point. This will be the Eastern Shore landing of the Ferry. In Baltimore work will immediately begin on a commodious and comfortable terminal at Pier 4, Pratt street, in the very heart of the city. This will be the Western Shore terminal of the ferry.

The Steamer St. John, of the Baltimore and Southern Navigation Company, lies in her dock ready to steam out on the initial journey between these two Maryland points. In New York the ferry which is eventually to be operated across the bay is ready to undergo the repairs and improvements that will convert her into the most magnificent, palatial and comfortable ferry steamers in the world.

Swift action for three months! Action that has been backed by sound judgment and executed with wisdom and fore-sight!

The incorporators of the Peninsula Ferry Corporation determined to leave no stone unturned in the effort to make the governing influences correct in every detail. They deemed it wise, therefore, to select men of calm deliberate judgment, and ample experience in transportation and shipping, to head the company. C. W. Harrison, President of the Baltimore and Southern, was made President, and A. S. Butterworth, Director of the same company, is associated as Vice-President with Capt. Harrison. R. T. Ford, Treasurer of the Baltimore Southern, also is Treasurer of this company. Charles H. St. John, who for eleven years was Vice-President and General Manager of the Baltimore, Potomac and Chesapeake Steamboat Company, and who more recently has been

Vice-President and General Manager of the Baltimore-Southern, occupies a similar position with the corporation. A. W. Lockard, who until last August was secretary to Governor Emerson C. Harrington, and who, in this capacity, was in intimate touch with the establishment and operation of the Claiborne-Annapolis Ferry, is now associated with Capt. Harrison and is a director of the Peninsula Ferry Corporation.

These men have devoted a great portion of their lives to

and the facts as stated here, must correspond with the complete plans furnished the Public Service Commission of Maryland.

WHAT THE PENINSULA FERRY CORPORATION PROPOSES TO DO

In the beginning, it should be understood, without any attempt at disparagement of any other proposition, that public service corporations, such as the Peninsula Ferry Corporation, is subject to the direction of the

Mandaly, now operated from Battery, New York, to the Highlands. The Mandaly is one of New York's most successful and popular excursion steamers and has made thousands and thousands of dollars for its owners.

The carrying capacity of the Stapleton will be approximately 2500 people, depending upon the equipment placed on her, and she would have a maximum speed of seventeen to eighteen miles per hour. She probably will be converted into an oil burner, instead of a steamer, to effect a greater economy in operation. The schedule, as arranged, will be as follows: Leave Baltimore Lv. Love Point

9.00 A. M.	7.00 A. M.
5.00 A. M.	11.00 A. M.
1.00 P. M.	4.00 P. M.
6.00 P. M.	10.00 P. M.

WHAT THE EARNING CAPACITY OF THE FERRY SHOULD BE

Careful and conservative estimates, based on the success of the Claiborne ferry, and taken from statistics that are known to be correct and reliable, the Peninsula Ferry Corporation may safely figure a gross daily revenue of not less than \$700 for each day between October 1 and May 31, which would give a gross revenue per month of \$21,000. The gross expenses, including the operation, cost of piers, help, executive force and general office expenses would not exceed \$15,000 per month, leaving a net of \$6,000 per month.

These figures can be exceeded, but even on this basis it can be seen that for eight months operation, a net of \$48,000 would be earned. And this would be simply on passengers and automobiles.

From June 1 to September, Baltimore's population of nearly a million souls, seeks recreation in the country. Thousands and thousands go to Love Point now, with uncertain and unattractive service, and tens of thousands more go to Tolchester and a dozen other Maryland resorts. With quick ferry service out of Baltimore, hundreds of thousands of Baltimoreans every week would make at least one journey to Love Point, and during these four months every passenger that could be carried on the Ferry would add just that much more to the capacity of the line. By carrying even a reasonable number of automobiles and passengers during the fall, winter and spring months the ferry could pay big dividends, and with the summer excursion crowds on the upper decks, the success of the proposition would be certain.

In order to make this an investment that shall be absolutely safe and certain, the corporation is preparing to add the excursion feature and thus increase the company's earnings.

HOW STOCK IN THE FERRY CORPORATION MAY BE OBTAINED

Stock in the Peninsula Ferry Corporation is now being sold. The par value of the preferred stock is \$100 per share and it is 7 per cent. accumulative. With each share of preferred stock, the company is giving 5 shares of common stock as a bonus. As soon as the company begins to show earnings this common stock will be worth many times its par value, and it may safely be said that the investor will be able to dispose of his common stock at a figure very nearly equaling his original investment, and can still receive his 7 per cent. on the preferred stock. It is believed that the dividend on the common stock should very soon be not less than 25 per cent per annum, and this, very naturally, would make the stock very valuable.

This proposition will bear the closest and most rigid scrutiny and investigation, and investors are invited to make a most thorough inspection of the entire proposition. Unlike the "get-rich-quick scheme," where the promoter cashes in on the money paid by the investor or speculator, this proposition can bring no profit to the promoter from the money of the investor. The one and only way for the promoters to derive one penny of profit is for the ferry to pay dividends, and then the promoters share equally with each and every stockholder. It is in this way and this way only that any one can hope to earn anything on the proposition, and this means that every effort will be exerted to giving a clean, economical management, and a service that will appeal to the public. Unless this is done neither the promoters nor those who buy stock now can hope to gain.

The bay ferry undoubtedly will prove one of the biggest assets the State of Maryland ever had. If railroad and good thoroughfares are conducive to the increase of land values and have a tendency to increase general prosperity, certainly more direct means of communication and traffic should ensure correspondingly to the resources of Maryland.

The necessity for a ferry has been created wholly by public demand and public need. The ferry has its origin in a long felt want that only a ferry could fill, and the people of Maryland may feel sure that they can invest in this proposition with unqualified expectation of receiving big returns promptly.

If you would like to hear more about the ferry proposition fill out the blank below, with your name and address, and the Peninsula Ferry Corporation will place further facts and figures at your disposal.

ONE COMPLIMENTARY TRIP TO BALTIMORE

Cut out and forward this coupon to the address given below and we will send you, absolutely free of any cost or obligation, a complimentary pass, redeemable for a free trip to Baltimore on the Love Point Ferry.

the successful operation of bay and ocean-going vessels. And their experience and judgment should be valuable to the Ferry Corporation.

WHAT BALTIMORE CITY HAS DONE TO ENCOURAGE THE FERRY

When the Love Point ferry was proposed, an Eastern Shore delegation went to Baltimore and interviewed the Mayor and all the large trade organizations of the city, with a view of enlisting their co-operation and support. Investigations were conducted with the result that many of the larger associations in unqualified terms endorsed the Love Point route as the logical and practical one.

When the company assumed concrete form, Baltimore was called upon to express her co-operation in more substantial form, and prompt action was taken. An agreement was reached whereby the city is building at the foot of Market Space, Pier 4, Pratt street, a commodious and comfortable terminal. This will be the Western Maryland end of the Love Point ferry. On one side of the ferry will be the Dock of the Baltimore-Southern Navigation Co., on the other side the automobile landing for the ferry. Above, passengers will be received and discharged from the ferry, so that the difficulty of handling passengers and motor vehicles from the same deck will be completely eliminated. There will be no danger, no confusion, and greater speed and convenience in both receiving and discharging passengers and motorists.

In numerous other ways Baltimore has shown a commendable public spiritedness in backing the ferry.

WHAT THE EASTERN SHORE CAN DO FOR THE FERRY

It is a well established fact that even public service corporations can prosper to a greater extent where the public is interested in the success of the proposition. And with this end in view the Peninsula Ferry Corporation, when it became a corporation, prepared to issue stock to Marylanders. The Company is organized with 2500 shares of 7 per cent. accumulative stock, par value \$100. per share. There are also 30,000 shares of common stock, at \$5. per share.

This stock is being distributed in Maryland, to effect interest, and to place the corporation on a sound, conservative business basis.

In offering this stock to the public, the Peninsula Ferry Corporation realizes that it must take the buying public freely

and fully into its confidence, Public Service Commission of Maryland, a legal institution created and maintained for the purpose of insuring equal and exact justice to the people of Maryland who are required or who desire to avail themselves of the conveniences of organizations operating for the public good. Before franchises are granted by public service commissions, complete data must be laid before the Commission, showing the amount of stock to be issued, the plans of operation and all other details involved in the operation of the corporation. This means that before stock can be issued a Maryland legal authority has passed upon the proposition and required the company to adhere rigidly and strictly to all legal requirements.

While other bay ferries in Maryland must depend entirely upon the motor traffic and traveling passengers for revenue, the Love Point ferry has another source of revenue which should prove an important factor—and which will undoubtedly add greatly to the ferry revenues.

At first it was planned to place a ferry with a capacity of forty autos on the Love Point route. During the last month, however, it has developed that a ferry of this size would be inadequate, and though making numerous trips each day, as high as 100 machines have been left behind on a single trip. This would have a tendency to cause motorists to hesitate before traveling to Claiborne, for fear that, upon reaching there, they might not be able to obtain transportation.

It was, therefore, deemed wise to obtain a boat that would carry not less than eighty machines, and which also would be a boat built for the express purpose of ferrying.

Representatives have found such a boat in the Str. Stapleton.

The Stapleton is a large double-ended steel ferry-boat with a length of 260 feet, 62 feet beam, with first-class boilers and engines. She is a speedy vessel. This boat will be remodeled as follows:

The housing will be ripped off entirely, and the entire lower deck converted so as to accommodate vehicles. The second deck, with dancing pavilion, lounging rooms, soda fountains, rest rooms, toilets, locations for orchestra and amusements. The third deck will be arranged with awnings to accommodate excursionists. These alterations will convert the Stapleton into a steamer similar to the Str.

MEET CAPT. C. W. HARRISON, PRESIDENT OF THE PENINSULA FERRY CORPORATION:

Capt. C. W. Harrison, North Carolinian by birth, but Marylander by adoption, in his early manhood captured an Eastern Shore lady as his bride, and then proceeded to capture a considerable portion of the coast-wise and ocean-going traffic of the East.

He is President of the Baltimore-Southern Navigation Company, one of the most successful freight and passenger lines operating out of Baltimore, and is also the pioneer of Chesapeake Bay Ferries.

He is a man of wide experience in shipping circles and is regarded in the business world as a man who makes a success of any enterprise he undertakes. His associates in this enterprise dare to brave his displeasure over publicity, because they want Marylanders to know and realize that the Peninsula Ferry Corporation has a man at the helm who has guided many big ships to many safe ports.

Sewing Chevrons

By DOROTHY DOUGLAS

(Copyright, 1919, by the McGraw-Hill Newspaper Syndicate.)

"My fingers are positively calloused from sewing," remarked Agnes Hope, as she piled her needle over a brilliant red and green division emblem for a waiting soldier.

"And mine," supplemented her sister worker. "I thought we were done with this sort of work two years ago." "Oh—no, dear, peace is fully as exciting as war nowadays, and provides even more work for the Red Cross, I should say," Agnes said, wisely, nodding her prettily capped head.

The two girls with a half-dozen others were dressed in the soft gray uniform worn by the guides in the big base hospital on Long Island. They came through the Red Cross organization to act as guides for visitors who might wish to visit their boys in the many wards of the great institution. But the work of sewing on chevrons for the discharged patients as they came into possession of the complete new uniforms the government provided for them when they were able to leave became too heavy for the regular workers and the guides were pressed into this service.

"It seems to me it must have taken all the creative energy of a young staff of swivel-chair officers to design all these emblems, Agnes," Louise ventured, as she picked up a bizarre symbol which had white streaks dashing from it in every direction. "Just look at this one, for instance."

Agnes smiled. "It must be some radio division," she replied.

There was a line of soldiers waiting so the girls kept on sewing busily.

Each girl was engrossed in her own musings as she sewed on these emblems as the last duty she could perform for the lads who had suffered in battle for them and theirs. Some of the discharged patients were pale and unsteady; others seemed entirely well. The Red Cross workers had learned to feel an especial interest in each and every one of them and bade them all good-by with a smile and a good wish.

Agnes could not take her mind entirely away from the memory of a soldier who had smiled at her two days before when she handed him his over-

"How Do You Do?"

coat with the chevrons all sewed in place. He had looked wistful and lonely and as if he would as soon have remained in the big hospital as not.

Perhaps, thought Agnes, he had no one to go to; no one who could give him the nourishing food, the tender care, the cheery companionship that he needed after the long illness he had passed through since leaving France and the battlefields. He had been in the pneumonia ward and had been convalescing too slowly to suit the nurses who were caring for him. But his time had come to leave and he had gone. Agnes had hated to see him leave.

"Are you Miss Agnes?" a voice asked at her elbow.

She looked up into the face of another guide who held a card. "Yes—Agnes Hope."

"There is a young man outside who would like to speak with you for a moment. This is his card," the guide said, handing Agnes the slip of paper.

The girl was entirely new in the hospital and did not recognize the soldier outside as the patient who had been so long in the hospital.

Agnes went at once to the reception room, where she found Sergt. Harold Moore waiting for her, his cap in his hand.

She shook hands with him warmly. "How do you do? I was wondering about you even as I got your card—wondering if you were getting stronger," she hastened to add, while a faint pink stained her cheeks.

"It was good of you to think of me—when you have so many patients to wait on," he said, simply.

There was a pause of an instant when neither seemed to know just what to say.

"I haven't any one to fix it for me, here in the East and—"

"And as you brought it back to the over ready Red Cross, eh?" Agnes helped him out.

"I took the liberty of bringing it back to—you," he corrected.

"And I'll change it as soon as I finish the one I'm sewing on now. Come with me."

Harold followed her and was soon standing beside her while she ripped out her former stitching and was readjusting his division chevron. His service stripes and his one wound stripe remained as she had placed them on his sleeves.

While she sewed, he told her of how his mother had died while he was in the service, of how she had been all he had in the world and of how lonely it seemed to him to be returning home, to the old office, the old circle of neighbors, the old life—without her.

"Must you return?" Agnes asked.

"Yes—my business, the business my father left me, is there. But I am remaining in New York for a week or so until—"

"Until you are stronger perhaps?" Agnes asked. "And feel more nearly able to take that long inland trip?"

Sergeant Moore nodded, but not convincingly. "That's part of it," he admitted.

Agnes looked down at her sewing. "And the rest?" she asked.

"I—I wanted to see if perhaps I might not come to know you better. This mistake in the angle of the emblem furnished me with what I interpreted as a providential excuse. Am I ungrateful?"

"Why—no," Agnes said, quickly.

"I'm not much of a mixer, as the boys say, and I've met no one but the boys whom I can call friends. I am girl shy, they say. Even in France they twitted me about never having a girl to chum with or dance with at the canteens and recreation houses. But—you seemed different. I—I wondered if you had a home and if you would let me come to see you, perhaps."

It was a long and difficult speech for Harold, but he felt that it was vitally necessary, as the last few stitches were being put into his blessed chevron.

"I not only have a home, but I have a dear little mother who will welcome you and put you in front of our big wood fire and help you to get back to strength, if you'll let her. We—we had a boy of our own before the war," she added softly. "Come home with me this afternoon and have dinner. Mother will love to have you, and—"

don't mind if she cries a little—the sight of the uniform and your youth may make her remember so poignantly."

"Your brother was killed in battle?" he asked gently.

Agnes nodded.

And after awhile, when she had finished sewing, she took the pale young soldier home to her mother.

It may have been Providence, it may have been propinquity, but in time the soldier took the place of the boy who had fallen in battle, and Agnes's mother tried to be a mother to Harold, whose own had left him so suddenly while he fought abroad.

FINDS DEAFNESS HELPS HIM

Edison's Son Explains Why Electric Wizard Has Not Tried to Improve His Hearing.

The only reason Thomas A. Edison has not attempted to invent an apparatus for improving his hearing is because he finds that his deafness aids his work. So said Charles Edison, son of the electrical genius and general manager of the Edison Industries, at the annual field day of the Edison employees the other day, according to the New York World.

"Father feels that he is better off without his hearing, because if he could hear well he would often be distracted by what he heard," said the son in answer to a question.

The Edison plant has ceased government work, Mr. Edison said, since the armistice, and his father is now giving all his efforts to improving his products. Much of his time is being devoted to the improvement of the disc record.

William H. Mendowcroft, personal and confidential assistant to Edison for 39 years, said that the Wizard of Menlo Park, now seventy-two, is as active mentally as 30 years ago. He works day and night, averaging six and one-half hours' sleep, and eats only about one pound of food a day.

A phonograph improvement so perfect that the reproduction cannot be distinguished from the original sound will soon be put upon the market, Mr. Mendowcroft asserted.

"Mr. Edison has never given up his old ambition, created when the phonograph was born 40 years ago, to make fit the last word in the reproduction of the human voice and of all kinds of musical sounds," said his assistant.

It Didn't Work.

"Attractive visitor you had just now."

"Yes," said the impressionable business man. "She's a book agent and the best-looking person who has been about these premises in many a day."

"What's she selling?"

"A Life of Cleopatra. I thought I might lead up to suggesting a little dinner for two by saying I liked the modern 'vamps' much better, but she merely fixed me with a cold stare, took my order for a copy of 'Cleopatra' and swept out."

The Only Way.

Jill—The man I marry must be able to keep a cook.

Jack—Bright and early tomorrow morning I'm going to enter a school of hypnotism!—Buffalo Express.

SOME OBSERVATIONS OF THE MAN ABOUT TOWN

Salisbury Has No Organized Labor And Therefore No Labor Troubles.

EMPLOYER AND EMPLOYEES ARE SATISFIED HERE.

Every Consideration Given By Those Who Employ Labor And Is Appreciated By The Men Who Do The Daily Toil.

The Man About Town was amused the other day in reading the article published in the Baltimore Sun in which the State editor endeavored to poke a little fun at the Man About Town for his observations of the manufacturing centre employing all classes locality. As a matter of fact, it is a fact noteworthy to chronicle, that although Salisbury is a large manufacturing centre employing all classes of artisans and doing a business amounting to more than \$18,000,000 per year, we have never had a strike among our working people or a serious misunderstanding between employers and employees. This is more than most communities the size of Salisbury can say with truthfulness, and it has been commented upon by many visitors from Northern and Eastern cities where labor troubles have prevailed to such a wide extent.

There are several reasons which contribute to this state of affairs in Salisbury, chief among which is that we probably have more homes owned by our working people than any other city of Maryland of like size. The two building and loan associations which have been doing business here for so many years, have made it possible for our workers who are naturally thrifty and saving to purchase their homes on the easy payment plan and hundreds of them have done so thus making a satisfied community where organized labor is unknown and labor conditions are good and living surroundings far better than can be found in most of the larger cities. There never has been a time when the large employers of labor in Salisbury did not consider their employees and were not willing to see that the men and their families were taken care of. We have known times in lean years when some of our largest concerns were shut down during the two colder months of the winter and yet, their employees were always able if they were caught short of funds to get whatever accommodations they needed to tide them over this situation until work was again started. We do not believe it would be possible to organize a strike in this community of any moment, and the workmen are satisfied in their minds that they would not be anything like as prosperous if they were molested by organized labor trouble.

Speaking on this subject, a well-known employer of labor in Salisbury said to the Man About Town: "Strikes cannot be successful unless backed up by public opinion and having had experience in the employment of labor for the past 25 years in this community, I do not believe there is any sentiment either among the men employed or the general population for organization of labor in this community, and without public sentiment, organized labor cannot organize successfully and cannot sustain a strike of any moment. Therefore, while the rest of the United States is in an uproar over labor troubles, I am glad to say that here in Salisbury and vicinity, we are getting along peacefully together, the men being fairly treated by the employer and every consideration is given consistent with fair business for both parties concerned. In this connection I wish to say that the following letter published by the well known financial writer Holland, in the Wall Street Journal to my mind gives the clearest explanation of the failure of most of the serious strikes we have had in the United States. He says:

"Not one of the greater attempts by organized labor to gain a triumph by means of a strike has been successful. Reference has been made to this fact by several leading business men whose interests are not immediately involved in the strike of the workers in the iron and steel industry of the United States. The strike of the railroad employes in the Pittsburgh district in 1877 has been recalled. From several points of view this is now spoken of as perhaps the most dangerous of the ventures of that kind made by employes. It looked for some days as though a reign of terror had been established. But the Pittsburgh strike failed chiefly because the public did not support the employes in the attitude which they had taken and warmly supported the employment of military forces for the suppression of the strike.

"What had been sometimes called the Debs rebellion which for a few days seemed likely to tie up Chicago and paralyze railroad transportation is also referred to. Public opinion

We Want You To See Them!

In these days when merchandise is higher than usual, one is apt to think that coats and suits are all high. This is not true here. We have a nice line, all new this season, of

Coats at \$25.00

Suits at \$35.00

Higher priced garments, of course, for those who want them. All materials, including: Silvertone, Tricotine, Duvet de Laine, Chameleon, Bolivia, Velour and Broadcloth.

Housecleaning Time Will soon be here

We are prepared to paper your home promptly, if you leave your order now. Large stock of papers on hand from which to select. Let us know now when you want your work done and we will not disappoint you. We will send our paper hanger anywhere.

Our Three-Floor Furniture Building

Is overflowing with clever pieces for the home. Add a new piece now and then and brighten up the rooms. All the family will enjoy the change. If you want an odd-size rug--8x10, or 12x12, or 12x15--call on us. We have them right in stock for your inspection.

Two Big Stores **T. F. HARGIS,** Pocomoke City, Md.

warmly supported the attitude taken by President Cleveland who called out the troops. Within a few hours after the soldiers appeared upon the streets of Chicago that strike was ended.

"So also the miners' strike in the first administration of President Roosevelt seemed likely for a while indirectly at least to tie up American industries and deprive the people of heat for their homes. Public opinion did not support the anthracite miners in the attitude they took in that strike and it was upon public opinion that President Roosevelt relied when he took measures whereby the issue was settled. The President's friends knew at the time that if this strike could not be ended in any other way he would stretch his executive power to the limit and in the name of the people take over the anthracite mines."

MAN ABOUT TOWN.

REJECT BIDS FOR NITRO.

Government Thinks Offer Of \$5,800,000 Too Low.

As predicted, at the meeting of the bids for the sale of the town of Nitro, W. Va., built at a cost of \$70,000,000 all bids were rejected as too low.

The town, which is virtually a gigantic manufacturing plant for the production of smokeless powder, was offered by the Government to the highest bidder, with the reservation to reject any and all bids if not satisfactory.

But three bids were submitted. The highest was that of Harris Bros. Co. for \$5,800,000, and the others those of the New Jersey Machinery Co., \$4,312,600, and the duPont Chemical Co., \$2,502,750.

Just what disposition the Government will now make of the town is not yet decided.

—Well prepared meals promote home happiness. Cook with Cole's Hot Blast Range and you will always be happy.—Adv.

LUMBER PRICES ARE SAID TO BE RISING EVERY DAY

The Sky Seems To Be Limit, Builders Throwing Up Hands In Despair.

The price of lumber and building materials has had a sudden spurt during the last week and prices seem to be mounting all the time. A few months ago it was supposed that building materials would drop in price so as to allow persons who desired to build homes an opportunity to do so but within the past week, the average price of all grades of lumber has increased greatly until the price at present is at the peak ever known in the business.

Just why there should be an increase in the lumber and building material at the present time, no one seems to know as it is contended that the stocks of lumber in the yards throughout the country is the largest known for years and that many of the mills in the South have quite a supply on hand which is not finding ready sale to the lumber merchants, but notwithstanding this fact, prices are rising and those who desire to construct homes find themselves in a greater dilemma than ever because of the cost. One authority says that the reason for the increase in the price of building material is the fact that so many manufacturing plants and big warehouses are being constructed in the larger centres and points out that probably after these demands have been met, prices may come down again so as to give those desiring to build homes an opportunity.

A bill was recently offered in Congress to prohibit the exporting of lumber for a time in an effort to keep the price down, but this seems to have had no effect. The Government is desirous of seeing more homes built in all the larger communities because the people of this country are not properly housed but until something happens to lower the price of building, the construction of homes will certainly have to wait for some time to come. This is very unfortunate as there is not a community anywhere which does not need more homes for the people.

PUBLIC OPINION COLUMN

Subjects In Which The Public Are Interested Enough To Write About.

(This column is for the free use of the public to express their views on important subjects. All letters to the Editors must be signed by the writers with their correct names, but their names will not be published unless desired. No libelous matter will be inserted and if communications which are not used are desired returned, a two cent stamp must be enclosed.)

A BOOST FOR THE COMMUNITY LEAGUE.

Editors, Wicomico News:—A Community League is a very good organization in any community. It is a very good thing for both the teacher and the parent, also the friends of the schools. I find it a wonderful help to me in my school and I think all of the others who have them in their schools feel the same way I do about it. A very good slogan for our schools in Wicomico County would be, "See you at the League on — night." This I think would keep the minds ever on the school which they are working for. The teacher feels more encouraged in her work in school and the parents are brought in closer contact with the teacher which is really what we ought to have. However the patrons of my school are responding very readily to the call of the League for this year's work, they also were very good last year as our attendance on an average for the year was not less than 85 persons at each meeting, the League meetings were just started out there last year. I would like to see as many Leagues in Wicomico County as there are schools.

I suggest that as soon as any school has a League started in their school or as soon as they are organized have it published, so other schools will know who else has a League. Let the motto be for Wicomico County "More Leagues In More Schools."

A VALUABLE FARM FOR SALE

The undersigned offers at private sale his farm, known as the "Noble Farm" located between Elwood and Preston in Caroline County, Maryland, on main route to Baltimore and other cities. Farm is only one mile from the town of Preston, which is perhaps the most business town on the Eastern Shore to its size, and is one mile from Elwood Station on B. C. & A. Railroad, and one-quarter mile from Linchester station where there are flour and grist mills, also canning factory. Seven other canning factories within two miles of farm. This farm contains

94 1/2 ACRES OF LAND

74 Acres being Cleared land and highly improved and 18 ACRES IN TIMBER, mostly large timber.

The farm is improved by an eight room dwelling with cellar, with big double barns nearly new. Barns equipped with hay-fork etc. All other necessary outbuildings including big chicken house, nearly new, and automobile garage.

I will sell this farm at a reasonable price. A look over the farm will convince you. If interested apply to

E. J. BRADLEY,
Sept. 18-4t. Preston, Maryland.

Farm For Sale

73 Acres. On the Main State Macadam Road from Philadelphia to Ocean City, Md. 400 to 500 autos pass every day. 3 miles to depot at Mardela Springs, 3 miles to Sharptown High School, bank, stores, etc. One mile to Riverton church, stores and school. Steamboat wharf; boat 3 times per week to and from Baltimore, freight and passengers. The farm fronts on State road for over 1 mile. 48 acres in good state of cultivation adapted to grain, hay and truck; 10 acres of the best berry land; 10 acres good sweet potato land; lots of fruit, more than enough for home use. Apples, pears, peaches, grapes and plums. House of 8 rooms very attractive well built and painted, opens front to State road, lawn and shade, front and rear. Under one roof in rear is summer kitchen and dining room, well and sink. Meat room, store room, wood house, all attached to main house. Large barn and loft, stables for horses and cows, plenty of store rooms for carts and wagons and farm tools.

Potato house newly built, will store 2000 baskets of potatoes. All buildings in good repair and could not be replaced today for \$4,000.

Woods, 30 acres, some good saw timber, it is estimated will cut 400 cords of wood selling in Sharptown for \$8.00 per cord, coal this season selling here for \$13.00 per ton and wood will be higher. No wet land on the place, all well drained. Woodland would make fine farming land if cleared. Farm had good wheat and rye past season; 5 acres of sweet potatoes will be included if sold by Oct. 10th. Mail and groceries delivered. Price \$6000, part cash. If interested and mean business will send photos of buildings. Address

BOX, 17
Sept. 25-3t. Sharptown, Md.

SAMUEL R. DOUGLASS, Attorney-At-Law.

Order of Publication.

Nora Wright vs. John H. Wright.
No. 2671 Chancery. In the Circuit Court for Wicomico County, Maryland.

The object of this suit is to procure a decree of divorce for Nora Wright against John H. Wright.

The Bill states that on or about the 18th day of June, nineteen hundred and ten she was married to the said John H. Wright, and resided with him as husband and wife from 1916 until the Spring of 1919.

That ever since the said marriage she has behaved herself as a faithful, chaste and affectionate wife towards the said John H. Wright. But he on divers days and times between the first day of January 1918 and the time of filing of these presents has committed the crime of adultery in adultery at Wilmington, Delaware, and has committed the same crime with other lewd and abandoned women whose names to your oratrix are unknown; that your oratrix has not lived or cohabited with the said John H. Wright since she discovered the said adulteries.

It is thereupon, this 18th day of September, nineteen hundred and nineteen, ordered by the Circuit Court for Wicomico County, Maryland, in Equity, that the plaintiff by causing a copy of this order to be inserted in some newspaper published in Wicomico County, once in each of four consecutive weeks before the 18th day of October, 1919, give notice to the said absent defendant of the fact and substance of this bill, warning them to appear in this Court in person or by counsel on or before the 1st day of November, 1919, to show cause, if any he has why a decree ought not to be passed as prayed.

J. CLAYTON KELLY, Clerk.
True copy. Test: J. CLAYTON KELLY, Clerk.

FOR SALE

The 20 acre water front farm on Wicomico River, between Elwood and Preston, is for sale. It is a very desirable place for a home or for a business. It has a large barn, a good house, and a beautiful view of the river. It is a very good investment. Price \$10,000.00. Apply to E. J. Bradley, Preston, Md.

NOTICE OF ELECTION

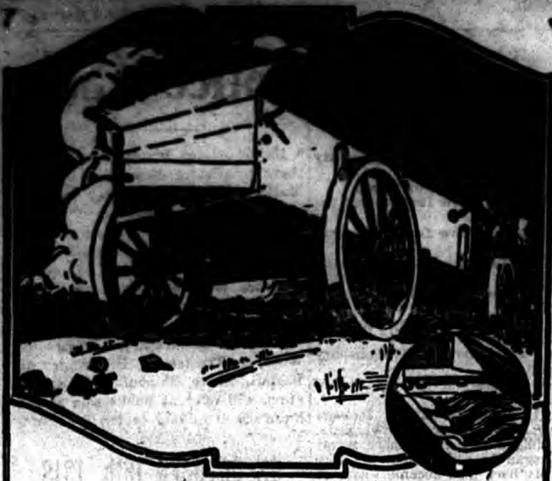

Notice is hereby given to the qualified voters of Wicomico County, that an election will be held in said County on the FIRST TUESDAY AFTER THANKSGIVING, MONDAY 25 NOVEMBER, 1919, being the

FOURTH DAY OF THE MONTH

For the purpose of nominating candidates for the following offices: Governor, Comptroller, Treasurer, Clerk of the Court of Appeals, State Senator, three members of the Legislature, State's Attorney, County Treasurer, three County Commissioners, three Judges of the Orphans' Court, Sheriff, County Surveyor.

NIGHT AND DAY CAMP IS LIFE SAVING STATION

Tuberculosis kills 150,000 persons in the United States every year. These two women escaped. They are shown in the Night and Day Camp conducted by the St. Louis Society for the Relief and Prevention of Tuberculosis. They are among the fortunate ones because they knew how to take care of themselves when this great menace threatened them. They knew that the cure lies in plenty of fresh air, even if the temperature is away below freezing, sunlight, good food and rest under proper medical supervision. Tuberculosis is not only curable but is preventable as well. The prevention lies largely in right living, in building up a strong bodily resistance. Eight out of ten persons are infected at some time in their lives, according to figures of the National Tuberculosis Association, the leading agency in the United States in the fight upon this disease. This organization is sponsor for the annual Red Cross Christmas Seal sale, from which the funds to carry on the work throughout the year are chiefly derived.

RURALITES HAVE BIG HEALTH ADVANTAGE

Abundance of Fresh Air and Sunlight Do Much to Check Ravages of Tuberculosis.

DANGER IN CLOSED WINDOWS.

National Tuberculosis Association, Which Sponsors the Annual Sale of Red Cross Christmas Seals, Reports 150,000 Deaths Each Year From the Disease.

People who live in the smaller towns and on farms have a great health advantage over the city dwellers in that they have ever an abundant supply of fresh air and sunlight.

These two gifts of nature, so lavishly bestowed, are not always appreciated to their fullest extent. They are two of the strongest weapons against the menace of tuberculosis, or consumption, as it is sometimes called.

But consumption is not unknown in the rural districts. The death rate is sometimes as great in these sections as in the more crowded localities, chiefly because of carelessness or indifference to laws of health.

Few, indeed, are the farm houses or the homes in the smaller cities and villages that cannot have an outdoor sleeping porch. On the contrary, we often find that the windows of sleeping rooms in the home are shut tight in the mistaken belief that night air is harmful.

This paves the way for disease, especially tuberculosis, which generally attacks the lungs.

White Plague Kills 150,000 a Year.

The white plague claimed 150,000 lives last year in the United States. More than 1,000,000 Americans are suffering from it today. These figures are compiled from reports of experts all over the country and sent to the National Tuberculosis Association, the leading agency in the country to combat this disease. This organization is sponsor for the Red Cross Christmas Seal sale, from which its annual support is chiefly derived.

As medical science has proved consumption is both preventable and curable, the suffering caused by this disease is largely unnecessary. Most tuberculosis victims are between the ages of eighteen and forty five.

Causes Half Billion Loss Annually. These are the years when people are most active, the years of their greatest production. The shutting out of these lives just when they are at the height of their usefulness means an annual loss to the country of nearly half a billion dollars.

Fresh air is the cheapest of medicines. Outdoor sleeping porches are not only for the sick, they help well folks to keep their country healthy and their own health better than in city dwellings.

You can help drive away the menace that you and your family are living under the most beneficial conditions possible.

FACTS ON THE ARCH ENEMY OF HUMANITY.

Tuberculosis kills producers—chiefly men and women between the ages of 16 and 45.

It claims workers—active men and women in the homes, the office and the shop.

It causes 150,000 deaths in the United States every year.

It costs the United States in economic waste alone about \$500,000,000 annually.

More than 1,000,000 persons in this country are suffering from active tuberculosis right now.

It menaces every community, every home and every individual.

AND YET TUBERCULOSIS IS CURABLE AND PREVENTABLE.

It is spread largely by ignorance, carelessness and neglect.

The National Tuberculosis Association and its 1,000 affiliated state and local organizations wage a continuous winning war on tuberculosis.

The work of these organizations is financed chiefly by the sale of Red Cross Christmas seals.

Drive the menace of tuberculosis from your door.

FIGHTING TUBERCULOSIS.

The National Tuberculosis Association has launched an extensive educational campaign. A recent health survey revealed a yearly death rate in the United States of 150,000 and there are today 1,000,000 active cases.

THE SYMBOL OF HOPE.

This is the emblem of the National Tuberculosis Association which annually sponsors the sale of the Red Cross Christmas Seal.

These Tires Are a Revelation

The Brunswick is frankly a combination of the best in tire building.

There is one tread that's supreme beyond question. And that is now on Brunswicks.

There is one side-wall construction, which, by every test, holds the summit place for endurance. And that one was adopted for Brunswicks.

Fabrics differ—up to 30 per cent—in their strength tests. On Brunswicks the maximum long-fiber is the standard.

There are certain additions, each one expensive, which add vastly to tire mileage. The Brunswick embodies all these extras.

There are no patents, no secret formulas to prevent a maker from building the best. It is simply a question of knowledge and skill—cost plus care.

Brunswick standards are known the world over. The very name certifies an extraordinary tire. Yet Brunswicks cost no more than like-type tires.

Buy ONE Brunswick. It will prove that a better tire cannot be bought, regardless of price.

ADDRESS
110 N. DIVISION STREET SALISBURY, MD.

Approved by the American Relief Administration.

One of the most unusual features of the work of the American relief administration in distributing food throughout Europe is the manner in which supplies are carried into mountainous Montenegro. This is described in a report issued at the office of the administration.

In order to get food into Montenegro it is necessary to scale a mountain 5,000 feet high by cable ways. Wagons, burros and pack horses are then utilized in moving it into the interior along roads which are almost impassable and again by cable over bridges destroyed during the war. Overcoming what seemed to be almost impossible transport conditions, the American relief administration has kept up a steady flow of food to four centers, where the government is in control of distribution.

The monthly program for Montenegro, Dalmatia, Bosnia and Herzegovina is 12,000 tons of flour, 808 tons of fats and 29 tons of milk. Proper railroad transportation from Ragusa, the chief supply point, is made impossible by lack of rolling stock, the steady returning march of prisoners of war and military needs.

KEEPERS NO LONGER NEEDED

Foghorn and Siren, as Well as Light in Lighthouse, Are Controlled From Shore.

The first unattended rock lighthouse with a powerful fog signal is the recently completed Platte Fougere lighthouse, marking the entrance to Russell channel leading to St. Peter's port, Guernsey, a spot which figures in Victor Hugo's romance, "The Toilers of the Sea."

The lighthouse contains many ingenious electrical devices, controlled from the shore by a submarine cable nearly a mile and a half long. By its aid the foghorn and siren are regularly blown—they have been heard 80 miles away on the French coast—while the current it carries also controls the light in the lantern.

It is proposed to use this type of automatic lighthouse for illuminating Hudson bay and Hudson straits in connection with the opening of these waters and the carriage of wheat by the new railway to Fort Churchill. A proposal to establish similar lights on the more exposed and barren coasts of South America has also been considered.

BY ACCIDENT.

"Thank goodness," said a college president, "the German government has got rid of Secretary Solf! Solf was a member of the old regime, and the old regime never told the truth except by accident."

"Solf and his gang remind me of Mrs. Malapropos. Mrs. Malapropos came out of the picture theater dressed in her best, the other afternoon, to find it raining cats and dogs."

"She had no umbrella, and, as she set off for home in the downpour, she exclaimed:

"Pshaw, how irrigating this is!"

INVERSE RATIO.

"A college graduate wants a job." "We have a place open that he might fill," replied the self-made man. "How many degrees has he?"

"Three."

"We pay in inverse ratio to the quantity of sheepskin an applicant carries. Start him at \$15 a week." —Birmingham Age-Herald.

THE MERCHANT'S WISH.

"Delivery boys seem determined to race their cars through the streets."

"Yes," said a merchant. "Almost every day I wish I could find a way to get those boys to drive themselves half as fast as they want to drive the cars I buy for them."

HIS IDEA OF EXERCISE.

"What you need is more exercise."

"More exercise, doctor! Why, man, I still take 102 strokes every time I play a round of golf." —Detroit Free Press.

TAXED IS RIGHT.

Miss Tobacco—I presume that your husband's income is taxed, too. Mrs. Spindum—Oh, dear, yes, to the utmost.

Look! Here is the globe spread out flat before your eyes. See those stars? Every star shows where a U. S. Navy ship was on September 2nd, 1919. The Navy travels the Seven Seas.

Don't you want to see the World?

ROMANCE is calling to you! Strange and smiling foreign lands are beckoning to you. Shove off and see the world!

Learn to "parley-voov" in gay Parree. See the bull-fights in Panama. See surf-riding on the beach of Waikiki.

Learn the lure that comes with the wash and swirl of the good salt sea. Eat well—free; dress well—free; sleep clean—free; and look 'em all straight in the eye—British, French, Chinese, Japanese, Spaniards, Egyptians, Algerians and all manner of people.

Come! Be a real man of the world. See the world. See it with

the red-blooded, hard-working, hard-playing men of the U. S. Navy.

Pay begins the day you join. On board ship a man is always learning. Trade schools develop skill, industry and business ability. Thirty days care-free holiday each year with full pay. The food is good. First uniform outfit is furnished free. Promotion is unlimited for men of brains. You can enlist for two years and come out broader, stronger and abler.

Shove off—Join the U. S. Navy. If you're between 17 and 35 go to the nearest recruiting station for all the details. If you don't know where it is ask your postmaster.

Shove off! - Join the U. S. Navy

LAW BRIEFS

PRINTED AT THIS OFFICE

CALIFORNIA THROWS OVER ITS LEADER, JOHNSON, AND RALLIES TO LEAGUE.

WEST GIVES HIM OVATION

All Doubtful Features of Past Are Explained Away By President, and Former Doubtfuls Hasten to Give Him Their Support.

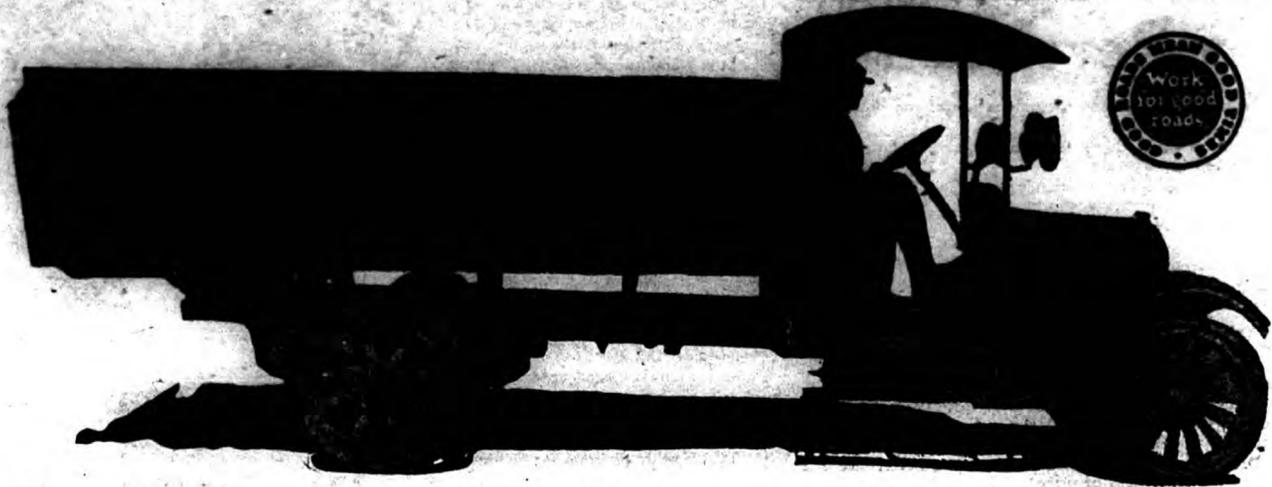

(By Independent News Bureau, formerly Mt. Clemens News Bureau.)

Aboard President Wilson's Special Train—A continuous ovation along the Pacific coast and then on his eastward way back toward the capital was given to President Wilson as he came toward the end of his month daylong speaking tour in behalf of the League of Nations. California, particularly the delightful city of Los Angeles, went wild in its enthusiasm for him and his advocacy of the League, and it was in that state, perhaps, that he did his most successful missionary work. Hiram Johnson, California's former governor, now her United States senator, and considered by her as the most likely Republican candidate for the presidency in 1920, had before the arrival of President Wilson, convinced a great number of citizens that the League as at present formulated was not a good thing. He had told them that the United States, because of it, would be drawn into every petty European quarrel; he argued that we would lose our sovereignty by joining with the European nations. He had blamed the president for assenting to the possession by Japan of the Peninsula of Shan Tung in China.

BUREAU CHANGES NAME

The Mount Clemens News Bureau, which has been furnishing reports on President Wilson's tour in behalf of the League of Nations to 5,500 papers, has adopted a new name and will hereafter be known as The Independent News Bureau.

But Mr. Wilson, with clear logic and with compelling eloquence, answered to the entire satisfaction of California's people every objection which Senator Johnson had made to the League. And thousands of the state's citizens deserted the Johnson standard immediately and rallied to the support of the president. More than that, they came forward and said, "We were against you, Mr. President, but you have cleared everything up and now we are with you heart and soul." Still more than that, they let Senator Johnson know that they were no longer with him and that they disapproved of the speaking tour which he himself was making in opposition to the League and so powerful was the volume of public opinion which reached him, that the senator almost immediately abandoned his tour. The Shan Tung question, because of the anti-Japanese feeling which undoubtedly exists along the Pacific coast was the most serious which the president had to answer. He explained to the people that he had been powerless to prevent the rich peninsula from being given to Japan. England and France, through a secret treaty, had promised it to Japan for entering the war and remaining in it. That treaty had to be carried out. Anyway it was not China that was losing Shan Tung, but Germany, which had seized the territory from China in 1898 and held it ever since. Japan had promised, the president explained, to return Shan Tung as soon as the peace treaty was ratified and it was only through the ratification of the treaty with the League of Nations inclusion, that China could ever expect to get her former property back. And she surely would get it back, he declared, through the ratification of the League. Therefore, through the same instrumentality no other nation could again prey upon the "Great, patient, diligent, but helpless kingdom." As to our being drawn into any European conflict. The president pointed out that no direct action such as the sending of troops to any part of the world to maintain or restore order could be taken by the Council of the League without a unanimous vote of the council members, therefore our vote could at once negate any such proposition as sending our soldiers where we did not want them sent. Besides, Mr. Wilson argued, "If you have to quench a fire in California you don't send for the fire department of Utah." But, he argued, there probably never will be another war, if the League is established, for the members promise either to arbitrate their difference and accept the decision of the arbitrator, lay the differences for discussion and publication before the Council of the League for a period of six months, and then, if possible, accept the council's advice. That failing, they agree to refrain from war for a further period of three months and nine months of "cooling off." The president contended, would prevent any armed conflict. These clear explanations satisfied every reasonable hearer and destroyed the "Bogaboo" which Senator Johnson and others had raised against the League. Through rugged Nevada into Utah, the land of Mormons, the president swept to find that those fine people were heartily with him for the League and a permanent peace.

Is There a Leak in Your Truck Costs?

ARE you aware of the vital relation between tire selection and tire care, on the one side, and truck costs on the other side?

It will pay you, the owner of the business, or the chief executive, to concentrate on this truck tire problem.

Maybe there is a big leak in your truck costs, due directly or indirectly to tires, and you can stop it.

You've stopped the other leaks—stop this.

As a first step, we suggest that you permit our representative to go into your problem for you. He will explain, of course, our service. This starts with the selection of the right size of the right type of tire for your use.

He will describe the great service advantages of Goodyear Truck Tires—Solid Tires, Goodyear Cushion Tires and Goodyear Pneumatic Cord Truck Tires.

And he will recommend the right tire for you—the one that will do your work most economically.

He will tell you of our speedy, workmanlike application service, made possible by our expert mechanics and big hydraulic press.

Then he will explain our after-selling service, which is based on periodic, recorded inspection of the tires and trucks in use—to the end that these tires may save you the last possible cent.

Probably he will point out your leak at once and help you stop it. Why not ask him to call today?

Goodyear Truck Tire Service Station

SALISBURY, MD.

Visited Old Home After Many Years.

Mr. William P. Bradley of Perth Amboy, N. J. was in Salisbury one day last week for the first time in more than ten years. He called at the News office to pay a friendly visit to the old editors who were his boyhood companions and workmen when Mr. Bradley was foreman of the Salisbury Advertiser office in this city many years ago. At that time, the Advertiser was published in a wooden building standing on the spot where the McCrory store now stands on North Main Street. He was a Salisbury boy who spent the early years of his life here and was acknowledged to be one of the finest printers ever raised on the Shore. He left Salisbury many years ago and assumed very responsible positions in some of the biggest printing houses in Philadelphia, but later on, he quit the printing business and engaged in the smelting enterprise at Perth Amboy where he has met with signal success, and he is now one of the most prominent citizens of that city. Mr. Bradley drove to Salisbury in his big touring car and spent a few days looking over his old home town. He was extremely pleased at the rapid progress Salisbury is making, but he said he missed many familiar faces of olden days and that he found the population very much changed and more

cosmopolitan than in the days of his youth when he was so familiar with everybody living here that he knew almost every man he met on the street by name. He sees an extremely bright future for this city and says he believes that the next ten years will demonstrate the ability of Salisbury to be a city of at least 25,000 inhabitants.

For regular action of the bowels; easy, natural movements, relief of constipation, try Doan's Regulents. 30c at all stores.—Adv't.

AN INTERESTING PROGRAM FOR PARKER'S LEAGUE

Meeting Next Thursday Evening Covers Large Number Of Subjects.

The Parker's School Community League will hold its meeting on October 9th, Thursday evening. The public is invited whether members of the League or not.

The program for this meeting is as follows: Educational Committee will speak on "What Part Shall Our School Or Club Take In Assisting At The Community Fair." The following people will give short talks: Messrs. E. J. Tilghman, Raymond Parker, Theodore Hearn and Mrs.

Ray Pusey. The following will give short talks on "The Best Way To Keep Sweet Potatoes During The Winter." Messrs. Ira Parker, Ray Pusey, Elmer Leonard and Henry L. Farlow. The Home Improvement Committee: "Should There Be Any System In The Work In The Home" to be discussed by Mrs. Raymond Parker, Mrs. Will Layfield, Mrs. McAllister and Mrs. Ernest Parker.

The Social Committee which is being prepared by the teacher, Mrs. Etta Hearn, Mrs. Lucy Parker, and Mrs. Ada Tilghman is as follows: Music; Recitations by Mary Tilghman, Calvin White, Mattie Carter, Marguerite Tilghman; Music, Mrs. Ada Tilghman; Dialogue: "A Slight Mistake"; Solo: Miss Addie Parsons.

\$100 Reward, \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars to any person that it fails to cure. Send for list of testimonials.

NEWS THROUGHOUT OLD SUSSEX COUNTY

Prospects For Good Oyster Season In Seaford Were Never Better.

HOW TO HAVE NICE RIPE TOMATOES CHRISTMAS.

Planning To Organize Stock Company In Frankford To Install Electric Plant—Award Contract For Construction Of Concrete Bridge.

Frank Wright, a farmer living near Seaford, purchased last week, at the public sale of the W. Alvin Linticum estate in Dorchester county Md., a farm for \$7,350. This sale broke the records for all public sales held in Dorchester County, amounting to \$114,000.

The shipment of pears from Seaford station is about over, the crop being near its end. Farmers fortunate enough to have had pears this year reaped big prices, the price starting off at \$1 per basket and remaining at this figure all through the season. Taken altogether farmers have done well on their pear crops and their bank accounts have been materially swelled by the unheard of prices the pears have brought.

When Jehu F. Hudson, a prominent Georgetown business man, went to get his car on Saturday night last, he discovered that some one had stolen it. Notifying the officers, a search was started with the result that it was found on the road between Georgetown and Lewes, occupied by Norman Green and three colored girl friends—Sarah Sockum, Mary Jane Robbins and Margaret Ingram. The four were carried to Georgetown and after being given a hearing were placed in jail in default of bail.

When R. J. Allen a farmer of Seaford district, last week faced Ernest Tokely and charged him with the larceny of a blanket, Tokely resented the accusation and dealt Allen a severe blow on the head, inflicting a scalp wound. Tokely then attempted to get away by running to a nearby wood, but he was closely pursued by Mr. Allen's two sons who overtook him. Binding his hands and feet with some rope they carried him into Seaford, before Justice of the Peace James J. Phillips, who committed him to the Sussex county jail in default of bail for the General Sessions Court.

The local market in Bridgeville has experienced a drop in the prices of meat. Pork was first selling for 40 cents a pound, and is now from 34 to 35 cents. Oysters are selling at 45 cents a quart, while last year they never sold for less than 60 cents. The large demand for oysters and the lower prices have been thought to cause the drop in the meat market. A full supply of sausage, scrapple and pork is now to be had. The fish market is low. Fish can be bought about twice a week and occasionally crabs and clams can be had.

Capitalists of Frankford are planning to organize a stock company for the purpose of installing an electric light plant. The town, with a population of between 400 and 500, is one of the oldest in the southern part of Sussex county, and from the time of its incorporation to the present has depended on kerosene lamps for street lighting. Many of the residents in that section are said to be in favor of getting the Eastern Shore Gas and Electric Co., which has its office in Salisbury, Md., to extend its lines, in which case Millsboro, Dagsboro and Frankford could be lighted.

Officials of Sussex county awarded a contract to the Luten Bridge Co., York, Pa., for the construction of a concrete bridge across Gravelly Park creek at Middleford. The structure will cost about \$6,100, and when completed will be one of the finest concrete bridges in the western section of the county. With a concrete highway from Seaford to Brown's Church and an improved gravel road from there to Cokesbury, thus connecting with the improved highway leading from Bridgeville to Georgetown, residents in Broad Creek and Seaford districts will be in a position to divert traffic which has been going two and three miles out of the way because of the deplorable condition of this bridge, through Middleford.

Mr. and Mrs. Julian E. Townsend, son and daughter-in-law of Governor Townsend, gave a kitchen shower, Saturday night, at their home on North Bedford street, in Georgetown, for Mr. and Mrs. George E. Walla, who within a few days will occupy the residence of John F. Kaiser, foreman of the car shops and locomotive firemen on this branch of the P., B. & W. railroad. Mr. Walla is manager of the Georgetown Lumber Co. Those present were: Mr. and Mrs. Ralph Robertson of Wilmington, Mr. and Mrs. Joseph Baker and Mrs. Albert Crell of Philadelphia, Mr. and Mrs. J. E. Smith of Salisbury, Mrs. George Thoroughgood, Mrs. Chester Walla,

Mr. and Mrs. George E. Short, Misses Grace Hobbs, Minnie Kraver, Mattie Walls, Roberts A. Day, Sallie Cooper, Lila Caray, all of Georgetown.

Seaford oyster packing houses opened last week for the season's business and the prospects for a prosperous year were never better. The oysters that have gone to Seaford this far this season are of good size and finely flavored. Prices have started off at \$1.60 per gallon for standards, and \$2 per gallon for selects. This is about the same as the prevailing prices this time last year. All the packers are planning to open more oysters this season than last, as they figure that as the price has not advanced, more of the bivalves will be eaten, to reduce high cost of living. The opening of the packing houses mean a big thing to labor around there as a great many are employed in the business, and there has been a big raise in the price the openers receive per gallon. Only a few years ago they were paid only 15 cents per gallon, but the price has been raised from time to time to meet the increased cost of living expenses, until now the openers are getting 35 cents per gallon! At this figure it is a common occurrence for an opener to make \$5 per day and stop work at least by 5 o'clock.

Many lower Delaware farmers, by practical experiment, have ascertain-

ed that green tomatoes picked at this season of the year, wrapped in tissue paper, placed in a dark and dry place can be kept until the middle of January, and even later, and then be brought forth in a ripened state suitable for table use. Several of the farmers, who were successful this season in having a few late tomatoes which are in a well-matured state except the bright color, which proves attractive to the eye, are going to try out the experiment and are hoping to have ripe fruit for their tables on New Year's Day. Tomatoes which are picked in a green state must be placed in such a place about the house or cellar where the temperature is not too severe and must be kept in a dry state. If such were not the case, during the freezes in December and January with the fruit covered with moisture from the damp cellars would become chilled and as a consequence within a short time decay. Sussex county farmers this year will have an excellent opportunity to try out the experiment, in view of the fact that there are many late patches brought about by the unfavorable weather conditions at the time.

Impure blood runs you down—makes you an easy victim for disease. For pure blood and sound digestion—Burdock Blood Bitters. At all drug stores. Price \$1.25.—Adv.

—The road between Chincoteague and the mainland is assured. The State's right of way was granted at the meeting of the special session of the Legislature. Congress last week granted the right of way for the bridge. At a meeting of the Chincoteague Toll Road and Bridge Company Thursday the contract was awarded to the lowest bidder, Capt. John B. Wheaton, for \$144,000. Cap-

tain Wheaton has built similar roads in Florida. W. J. Wheaton, president of the company, has subscribed one-fourth of the stock. Chincoteague is one of the largest fish and oyster markets on the Atlantic Coast, and most of these commodities will be carried across the bridge in motor-trucks. The winter supply of the island will be increased by means to the mainland.

It's Time For A Change

"Don't put off 'til tomorrow what can be done today." Every successful man knows that.

What a striking illustration of the mistake of postponing things is given in the financial condition of this county. Think how much wealth would have been added to this county in the last five years had the roads which the people were asking for been built at 40 per cent. of the present cost. The leaders of the Democratic Party, then in office, hesitated and said "Let's wait for a more convenient season," and delayed this most important work to the added expense of the taxpayer.

What is true of roads is equally true of schools. VOTERS OF WICOMICO COUNTY, can you afford to continue in power the political party which has for years discriminated in the collection of taxes; and has refused you proper roads, and schools for the education of your children?

The candidates on the Democratic Ticket represent the same party which has so glaringly neglected your public affairs. The candidates on the Republican Ticket pledge you their very best endeavors to rectify these errors if elected.

Do you know why the audit of the county books made by Haskins and Sells has not been published?

Republican Local Platform

WHEREAS, the Republican Party for Wicomico County, in convention assembled, has nominated candidates for all the local offices, whom by reason of their ability and standing in this community it is a privilege to support, it is, therefore resolved that the following declaration of principles be adopted as the platform of the Party and its candidates.

1. The paramount issue in the coming election is better government by which we mean greater efficiency, less waste. The way to better government in this county lies in a complete defeat of the candidates of the Democratic Party and the election of the entire Republican ticket, the candidates on which represent not only the Republican Party but the great body of tax paying citizens who have a right to be heard in the management of the county's affairs.

2. We believe that the three things in which the people have the greatest concern are roads, schools and taxes. We believe there is no expenditure of the public money that contributes more directly to the comfort, wealth and advancement generally of our people than good roads for all of them; that the best schools we can afford are not too good for the education of the youth of Wicomico County.

3. Recognizing our tax rate is already higher than it should be, and that improvements such as schools and roads may properly be built from capital rather than from the yearly income of the county derived from taxes since such improvements last for a period of years, we propose that our delegation in the General Assembly shall urge the passage of a law authorizing the issue of sufficient county bonds to lay out a system of good roads that shall meet the reasonable needs of our tax payers, and also of a second issue of bonds for an amount sufficient to build and improve such school houses as shall be reasonably necessary for the comfort and health and proper education of our children. We propose that the two issues shall be separate and that each proposal shall be submitted to a referendum of the people.

4. In order that the roads may be built without partiality as to sections and for the good of all the people we urge appointment by the newly elected County Commissioners of a non-partisan good roads commission of seven members who shall serve without pay and who shall submit before the first day of February, 1920, a report showing a comprehensive plan for the building and maintenance of such roads as shall be approved, and an estimate of the cost, which shall be the basis of the bonding law.

We urge further that this commission shall be a permanent body to supervise the construction of the said roads and their up keep, at all times co-operating with the State Roads Commission and utilizing fully the services of the experts of the Federal Government.

5. We urge the School Board to have an immediate survey made of the needs of our county school system both as to buildings and to teachers. This survey should be made by an expert of the Bureau of Education. The School Board, with this as a basis, ought to make public a report by February 1st, 1920, by which the amount of school bonds referred to above ought to be fixed.

6. We condemn the mismanagement and inefficiency in administration which has been partially responsible for the loss of thousands of dollars to the county by reason of the failure to collect taxes after they have been levied. This loss has increased the burden of taxation on those who were willing to pay. We demand a thorough revision of the law by which taxes are levied and assessed so that county and state taxes become due and payable at the same time, and a just and impartial enforcement of the law. It is fundamental that property ought to be uniformly and impartially assessed.

7. In order that the people may know the condition of the county's finances, we demand that the report of the audit made by Haskins & Sells be immediately published. As taxpayers we have been asking for this audit for years. The audit was completed some months ago. We have paid the bill and we can imagine no reason why we should not know what it says.

8. We believe the county's affairs ought to be handled with the same efficiency and business skill as are private undertakings, always bearing in mind the cost to the taxpayer. We pledge our candidates to give that kind of an administration, fair, impartial, efficient and honest.

9. We condemn unsparingly the waste, extravagance and folly of the Harrington administration and pledge our loyal support to the Republican State Candidates, Hon. Harry W. Nee for Governor, Lt. Col. A. W. W. Woodcock for Comptroller, Alexander Armstrong for Attorney General, and William L. Marcy for Clerk of the Court of Appeals. We believe that their election will mean the rejuvenation of the State Government just as will the election of our local ticket the county.

BIG REAL ESTATE TRANSACTIONS FOR MAIN STREET PROPERTIES

Rapid Changes in The Ownership Of Real Estate On This Important Business Street.

LAST WEEK'S TRANSACTIONS IN REAL ESTATE IN SALISBURY PROBABLY AMOUNTED TO MORE THAN ONE HUNDRED THOUSAND DOLLARS AND MORE ARE YET TO COME—MANY NEW MERCHANTS WOULD LIKE TO LOCATE HERE.

Things are moving fast these days in real estate circles in Salisbury. Last week witnessed the largest sale of Main Street property recorded in these columns for several months. The report has it that the beautiful brick block located on the North side of Main street formerly belonging to the Hon. Wm. H. Jackson and devised by him to his daughter, Mrs. Mary Marvil of Wilmington, has been sold to the three tenants now occupying the block. These tenants are Mr. Israel Benjamin, who occupies the first store east, The Thoroughbred Company occupying the second building and the E. Homer White Shoe Company occupying the west location. This is one of the finest blocks in Salisbury, each store extending through from Main Street to West Church Street and all of them having improved fronts and up-to-date interior fixtures. While the consideration has not been made public, it is hinted that the block was sold somewhere in the neighborhood of \$50,000.

Above the stores in each case, are two floors of flats, the buildings being three-story of fine red brick with brown stone trimmings and built of the very best material in 1888, by the late Congressman Jackson after the big conflagration which destroyed the town in 1886. The three stores are now occupied by the firms named above and each will continue business at these locations.

Another big sale of real estate by Mrs. Marvil was the well known hardware property occupied by the Dorman & Smyth Hardware Company at the corner of Main and Dock Streets. This is one of the most substantial buildings in Salisbury and the firm has occupied this location since the property was built in 1887. The property fronts both on Main and Dock Street, is three story and basement, and occupies one of the principal corners of the city. The consideration for this property was not made public but it is thought to have been somewhere between \$25,000 and \$35,000. The firm will continue to occupy the location and may make some additions to the property later on so as to give them some additional room, because of the rapidity with which the business is growing.

A fourth sale of real estate was made when the Salisbury Buick Company sold to Capt. B. W. White and his brother, Mr. William White the garage on East Camden Street recently purchased by them from Mr. George C. Hill. The Salisbury Buick Company having taken over the lease of the Standard Motor Company on Dock Street had no further use for the building and sold it to the White Brothers to be used as we understand for a garage. It is reported on the street that this building will be improved and turned into an agency for the Hupp car. It is said that consideration in this transaction exceeded \$5,000.

The scarcity of business houses in Salisbury is compelling all the merchants who formerly rented to buy their own building to protect themselves from the increasingly high rents and at the same time, to provide permanent homes for their business. Within the past several months, many Main Street properties have changed hands and we understand there are more large deals now in contemplation.

Two well known merchants who other cities were in Salisbury last week endeavoring to buy property on Main Street for the purpose of establishing businesses here but they were unable to secure locations at the present time and with the increasing demand for business houses on this principal business street, it seems certain that those who are now renting will eventually be driven to buy or pay very largely increased rents.

This brings out the fact that something must be done to extend the business streets of this city, and just why more business houses are not built on East Main Street is a puzzle to many of our people. There are some fine locations there and it is the

natural way, to extend Main Street, and as we said a few months ago, if the Salisbury Realty Company would erect one or two up-to-date commercial buildings on this street which would compel the city to light the thoroughfare properly to our minds the development would grow rapidly and certainly no one can be more interested in the development than the owners of the property, The Salisbury Realty Company.

H. M. Clark Has Resigned Position As Roads Engineer

Accepted A Place With The Griffith Contracting Company At Double Salary Received From County.

Roads Engineer H. M. Clark who has done such excellent work in road building for Wicomico County since his appointment in 1905 has resigned his position to accept a far better job with the E. R. Griffith Contracting Company. At the time Mr. Clark was named Road Engineer for this county Wicomico had the reputation of having about the worst roads in the State, but under a progressive policy instituted by the County Commissioners about that time and with his splendid knowledge of road building, Engineer Clark has succeeded in making the roads of Wicomico County among the best in the State.

During his years in office, Mr. Clark has kept pace with the times and while he has had many critics of his work, the results show for themselves and we say with all truthfulness that we believe that Wicomico County has lost a very valuable man and one whom the county officials will have a hard task to replace. Mr. Clark goes with a large constructing company who recognizing his ability is said to be paying him double the salary he received as Roads Engineer of Wicomico County. The County Commissioners have not as yet decided who will take his place.

CONTRACTS AWARDED FOR TWO STATE-AIDED ROADS

E. R. Griffith Contracting Co. to Construct New Roads In Wicomico.

In regard to the Salisbury-Snow Hill Road and the Catch Penny-Royal Oak section of the Salisbury-Nanticoke Road, bids for the construction for which were recently received by the County Commissioners of Wicomico County, the County Commissioners have recommended to the State Roads Commission that the contract for each section of road be awarded to the E. R. Griffith Contracting Co. at their bids as follows:

- Salisbury-Snow Hill Road, 1.03 mile, \$31,477.50.
- Salisbury-Nanticoke Road, 1.07 mile, \$38,562.50.

There was some question as to the State Roads Commission's approving both these contracts at this time, as there was not enough money due Wicomico County from our share of the State Aid Fund to finance our half of the cost of construction, but the County Commissioners have agreed to take care of any deficit until such time as there is more money available for Wicomico County from this fund.

The contracts and specifications call for a 40 foot width of right of way, with 15 foot width of concrete surfacing, 8 inches deep at the center and 6 inches at the sides.

At the Rally Day recently held at Trinity M. E. Church, South, the Sunday School collection amounted to \$186.14. On the same day, ten new members were received into the Church by profession of faith and by letter. The record on the Centenary Fund of \$25,000.00 which this Church subscribed is being paid in rapidly, over one-third of this year's subscription being already paid to.

To Make Fight For Reduced Rates From Telephone Co.

Mayor And Council Take Action To Have Former Rates Restored Here. Building Permits Granted.

At a meeting of the Mayor and Council Monday night, public business of the following order was transacted.

The following building permits were granted.

C. R. Disharoon Co., addition to mill on Brown street.

Morris S. Bounds, garage on corner Smith and Hazel Ave.

F. H. Grier, bathroom, Locust and Newton streets.

On motion, Shoreman Garage, was granted permit to place two (2) gasoline pumps on Division St., one on Circle Ave.

On motion, Coco Cola Bottling Co., was granted permission to place gasoline tank under pavement in front of their building on West Railroad Ave.

At the request of Mayor Jones, several members of the Business Men's Association appeared before the Council in reference to the proposed increase in the telephone rates for the City of Salisbury. Mayor Jones reported certain correspondence between himself and the officials of the telephone company, which shows that on December 1st, the Company would have to return to the rates used by it before they were increased by the Postmaster General, unless the Public Service Commission of Maryland should grant the Telephone Company an increase in rates which it has asked for. It was pointed out that the rates the people of Salisbury are now charged for telephone service amount to at least 100 per cent increase over the previous rates. The request of the Telephone Company for the increase is before the Public Service Commission, and will be heard by that body in the near future. It was the consensus of opinion of all those present, including the Mayor and Council, that Salisbury should object most emphatically to any increase of the rate. Upon motion, a committee consisting of Mayor Jones, Councilman W. F. Messick, to represent the Mayor and Council of the City, and Ex-Mayor Charles E. Harper, to represent the Business Men's Association, was appointed to ascertain the date of the hearing on the telephone case, and do all in their power to assist the people's counsel at the hearing.

A Bake will be held in the Fooks building next to Wilkins store on Division street, Saturday, Oct. 18th, beginning at 11 o'clock. Home made bread, cakes, pies, and candy on sale. Come and help make this a success.

BIG DRIVE ON FOR S. Y. M. A. MEMBERSHIP

Board Of Trustees Announces Their Intention Of Raising \$3,000 For Work.

THE ASSOCIATION HAS BEEN A BIG SUCCESS THUS FAR.

A Great Help To The Young Men And Boys Of This Community And Should Receive The Hearty Support Of All Our People.

Our city is in a class by itself with reference to the facilities at its disposal for the building of the mental, moral and physical qualities of the men of the community. Through the benevolence of Mrs. E. E. Jackson this city has an organization called the Salisbury Young Men's Association and the facilities afforded are a modern building containing a gymnasium, shower baths, library and reading room, game room, pool tables, and auditorium; also an outdoor athletic park large enough to stage all outdoor athletics, and this addition was made possible by the high regard which Mr. Sam Gordy has for the men of this community.

The Association has been in existence only a few months and during this time it has made considerable progress in the way of obtaining members; however, it is now recognized by the management that additional members are necessary, not only to make the work of the Association more general but also to provide the necessary funds to continue the work of the Association.

The management wishes to announce that a membership campaign became effective on Tuesday, October 7th, and will continue until such time that approximately \$3000 have been obtained in new membership fees; every member of the Board of Trustees is designated as a Team Captain and each team is composed of five members, plus the Captain and added to this is a school boy team under the captaincy of Mr. Nash; the total working force represents about 100 people and the required amount of money \$3000, represents in the neighborhood of 350 new members. Every male 12 years of age and over is eligible for membership, the Association is not restricted to any class of people, as a matter of fact, the basis on which the Association is handled is simply this, "a man is a man for a' that"; all that is required of a member is for him to be a gentleman and pay his dues. Further, every business man of this community should indorse the Association by becoming a member. We know of nothing that has been before our people seeking public indorsement that is better qualified to make full returns upon your investment than the Salisbury Young Men's Association. If you have not been interviewed by a

(Continued On Page Five.)

POLITICS WARMING UP HERE AND CANDIDATES ARE BUSY

Democrats Claim They Do Not Need Independent Candidate To Help Win The Election.

CURRENTLY REPORTED THAT MR. ELMER C. WILLIAMS WHO WAS DEFEATED IN PRIMARIES WILL RUN AS INDEPENDENT CANDIDATE FOR SENATOR—MR. ADKINS ISSUES CONDENSED STATEMENT OF COUNTY AUDIT.

Politics are surely warming up these days, and the State Central Committees, of both the parties are working both day and night in a most aggressive manner. Tuesday of last week, between the hours of six and seven o'clock, there were more names protested by both the organizations at the various registration offices than has been protested in Wicomico for many years previous. During the time of the war, the politicians did not bother the names of the men who were temporarily absent, but this year there was a general clean-up of the registration books and as many as 150 were sworn off the books in some districts. A close scrutiny shows that both sides did their best, and if the suspected lists are maintained as handed in, there will be many a poor fellow both Democrat and Republican who will not get a chance to vote next November. It is estimated by those who know that in the 15 districts of Wicomico County there were at least 800 names protested Tuesday of last week. Of course, most of this work was done in the three big Salisbury districts as the population here is more cosmopolitan in its movements than in the county districts, and Wednesday morning of last week, there was considerable howling among those who had failed to attend to their civic duty of getting transfers and who found themselves on the suspected list.

All kinds of rumors and counter-rumors are being circulated these days. The report put out that the Democrats were trying to induce a young man by the name of Adkins to run as a labor candidate in the Senatorial contest so as to befuddle the colored vote was branded by the Democrats as a malicious falsehood started for the purpose of injuring the Party. It now seems certain that Mr. Elmer C. Williams, who was a candidate in the Democratic primaries for Senator against the Hon. Charles R. Disharoon and who failed to carry but two districts in the County is to run as an Independent on the ticket. Some of the friends of Mr. Williams thought he could run as an Independent Democrat but the law was changed a few years ago which prohibits an Independent candidate running for office to file his papers other than just Independent, and under this ruling, Mr. Williams cannot use the word "Democrat" in connection with his candidacy according to law. The entrance of Mr. Williams as an Independent in the Senatorial Group will not make any larger number of names printed on the ballot than usual, as there happens to be no Prohibition nominee on the ticket, and the ticket will only contain three names for Senate. Arranged alphabetically the names will appear on the ticket in the following order: Adkins, Disharoon, Williams. Mr. Williams makes a statement in this issue of The Wicomico News in the advertising columns.

The Democratic organization is preparing to hold a series of district meetings during the campaign and will hold a big rally in Salisbury during this month. We understand they have selected their date on Saturday evening, October 25th, for their big rally at the Arcade Theatre on which occasion there will be a big gathering of the faithful in Salisbury. The speakers will be Hon. Albert C. Ritchie, candidate for Governor, Major Brooke Lee, candidate for Comptroller, Hon. Thomas J. Keating, candidate for Attorney General and Hon. C. C. Magruder, candidate for Clerk, Court of Appeals.

Mr. Fred P. Adkins, the Republican candidate for Senator has issued a condensed statement giving some of the data of the recent audit made at the County Treasurer's office by Haskins & Sell, certified accountants for distribution among the voters of the county, and it is likely that during the remainder of the campaign, there will be such literature distributed by the various candidates touching many local and State questions, all of which helps to arouse a more lively interest in the campaign and will probably result in the election of an

result in bringing out a larger vote on both sides. Up to date there has been no mud slinging tactics attempted on either side and it is to be hoped that as most of the candidates on both tickets are men of reputation, that the campaign will be confined on clean lines and that no personal attacks will be attempted on either side.

Latest Happenings As The News Goes To Press

Two Deaths Of Salisbury Ladies—Tony Tank Bridge Is Washing Away Again.

The body of Mrs. Olivia Travers Kraft who died in Baltimore Monday was brought here on the steamer Wednesday morning for interment in the Parsons Cemetery. Mrs. Kraft was formerly the widow of the late Dr. Edward Travers, and lived a part of her life in Tyaskin District. Her maiden name was Miss Pulley. She leaves several children, among whom is the wife of William Edison, Esq., son of the well known inventor, Thos. A. Edison. Through her husband, Mrs. Kraft was connected with quite a large family in this city.

Death Of Mrs. Dr. Phelps.

Mrs. Margaret Houston Phelps, widow of the late Dr. Francis Phelps for many years one of the most prominent physicians of Dorchester county died at Ocean City, Tuesday morning after a lingering illness brought on by a fall several months ago at which time the lady broke her hip. Mrs. Phelps was one of those lovable characters who surrounded herself with hosts of friends wherever she lived. Most of her life had been spent at her beautiful home "Eldon" near Cambridge and with her children in Salisbury. She leaves the following children to mourn her loss: Mrs. Harry S. Todd, Mrs. Florence Lowe of this city; Mrs. Nannie Hayes of New York state; Mrs. Julius Williamson of Auckland, New Zealand, Messrs. Frank Phelps of Easton, Joseph Phelps of Cambridge, and Wallace Phelps, of Phillipsburg, Pa. Besides these children the deceased lady leaves many grandchildren and several great-grandchildren. Funeral services will be held Thursday of this week, interment being in the family plot in Dorchester County.

Tony Tank Dam Washing Out.

The dam at Tony Tank broke again Wednesday morning about 5 o'clock at the South end of the bridge and is slowly washing away. The bridge has fallen in at the South end for about five feet and it looks as if the whole structure will be a wreck for the second time within three years. This is on the road from Salisbury to Princess Anne and the Allen dam just below it has gone out twice during 1915. One of the bakery trucks of the Salisbury Baking Company is partially in the cut at Tony Tank, the driver barely saving himself in the darkness in attempting to cross without knowing the dam was giving way. The front wheels of his truck are in the ditch, the balance of the truck remaining on the falling bridge. The driver succeeded in saving himself, and in removing his load of food from the wagon. At this writing, it seems there is no hope of saving the concrete structure from total destruction.

Herbert Gale, colored, shot and dangerously wounded Gladys Wainwright, near White Haven Saturday last. The girl was brought to the Peninsula General Hospital with 75 gun shots imbedded in her head and face. Dr. Dick operated and says the woman will live. The man is held up in jail and it looks like a personal case of intended murder, as he carried a gun and prepared for the deal with all due diligence and care.

Welcome to the Delegates Attending Endeavor Convention

The Wicomico News Speaking On Behalf Of The Good People of Salisbury As Well As The Municipality And All Christian Bodies Extend a cordial invitation to the hundreds of delegates who are attending the great Christian Endeavor Convention in this city during the present week. This is one of the largest gatherings of its kind ever held on the Peninsula and the delegates coming from every remote corner of Maryland will have an opportunity during their three days' stay to enjoy the hospitality of the citizens of this community and we feel sure that their presence here will add much to the morale and Christian spirit of Salisbury.

The Convention was opened in the great First Regiment Armory Tuesday of this week and the delegates were welcomed on behalf of the city by Mayor I. E. Jones in a very pleasant address. This Convention will be known as a "loyalty convention" and will be presided over by President Carroll M. Wright.

Homes were easily found for all the visiting delegates a large body of whom arrived Wednesday by special steamer from Baltimore. One of the features of the Convention is a trained chorus of 100 voices which is furnishing the most delightful music during the session. The big Armory is being overtaxed to accommodate the large crowds attending both during the day and evening, and the program is said to be the most comprehensive and interesting ever attempted by a Christian Endeavor Convention held in Maryland.

During the session of Tuesday after the convention got down to business, addresses were delivered by Rev. Wilson T. M. Beale, former pastor of Wicomico Presbyterian Church, E. P. Gates, Mr. Lehman and the Rev. T. Roland Phillips. Wednesday the following gentlemen addressed the Convention: Mr. Daniel A. Poling, Rev. Dr. G. W. Haddaway and Alfred S. Day. On Wednesday the entire convention was taken by automobile to Ocean City for a part of the day's outing. On Thursday, the Convention will be addressed by Mr. Spencer E. Sisco, the Rev. James T. Vennelass, Frederick Ohrenschild, Walter E. Heath, William I. Deter, and Dr. Robert Watson.

The arrangements at the Armory have been highly satisfactory, the big crowds being handled in perfect order by a corps of lady waiters in costumes, by whose efforts everybody has been properly taken care of and the business sessions have been carried out in perfect harmony and splendid order. The whole affair is one which will long be remembered by the citizens of this city, and much good will be accomplished by Salisbury having been selected for this big Christian Endeavor Convention.

Only the right shoe and at the right price.

HOW TO TRAIN THE CHILDREN IN OBEDIENCE

Article By Mary E. Dozier Gives Some Pointers To Mothers.

TRAINING OF THE CHILD AN IMPORTANT FACTOR.

Obedience Taught When Child Is Young May Mean Its Success In After Life—Coddling Is Not A Safe Proposition.

The question of obedience to the laws of the home, and to the community, confronts each individual. Some pass it lightly by, giving it little thought, and less observance, but not so the thoughtful parent or teacher to whom the care of children is entrusted.

Obedience should underly the life of each of us; it is essential to happiness. Only as we learn to listen and obey are we fitted to take our rightful place in society. We must obey the laws of nature if we would be healthy, the laws of home and community if we would be worthy members of each group, and above all, there must be obedience to the moral law.

Since obedience is such an important factor in each life, how can we best teach it to the child without destroying his individuality?

Many mothers admit their inability to obtain obedience, and teachers are often asked, "How do you make him obey, he does not mind me at all?" A dreadful confession, but since it is made, let us try to help these mothers.

First let us ask a few questions:

1—Do you govern your child by love or by fear?

2—Are you honest with him?

3—Are your demands reasonable and do you explain why you make certain requirements?

4—Do you talk indiscreetly before your child and admit your inability to control him?

5—Do you require prompt obedience or do you tolerate disobedience and belated performance of duty?

These questions are all involved in obedience.

In dealing with children we should give the reasons for our conduct, if possible. Of course there are some things which cannot be explained and

we should frankly admit it; there are others which we cannot explain to young children and we should promise to do so when they are older.

A spiritual question arose one day in a Sunday School class which was rather complex to explain to little children. The teacher left the problem and asked these questions.

"How did God make the great oak tree come out of a tiny acorn? Do you see how He did it? Did he really do it?"

There was no doubt about the latter, for the children had often pulled up the tiny oaks and found the acorn from which the root and tree had sprouted.

"Well," said the teacher, "there are some things we know are true, but we can't explain them, can we?"

A few Sundays later another problem arose in one of the hymns. The teacher made the best explanation possible, then added, "Some things are hard to explain, aren't they?"

Smilingly one little girl looked up and remarked, "Just like the acorn and the tree; we can't tell how God did it, but we know it is true."

In this way questioning obedience will, if properly and lovingly dealt with, become confident, trustful obedience.

Obedience is subjection to rightful control at all times and in all places.

Yet many parents are satisfied with only occasional obedience. One day a mother expects immediate response to her request, while a little later she waits indefinitely for obedience. At still another time, if she is busy at some household duty or neighborly conversation, she entirely forgets her request. What happens? The child under such conditions proceeds to decide matters for himself, and his motto becomes, "With mother, obey when it is convenient." Such a child soon demoralizes the children of the whole neighborhood.

Last but perhaps of greatest concern to parents is the advice to settle with disobedience at the time; tally today's books today, unless some act requires a future opportunity for correction. Just here let us add one more word on this important subject. Study your child and his disposition; suit your corrections to him, and to the particular act in question. A certain punishment may suit one child and work ruin in the life of another.

Perhaps the thought contained in the following verses by an unknown writer may help the mother to see her

life work a little more clearly: "I took a piece of plastic clay And idly fashioned it one day, And as my fingers pressed it still, It moved and yielded at my will. I came again when days were past, The bit of clay was hard at last, The form I gave it still it bore, But I could change that form no more."

I took a piece of living clay, And gently formed it day by day, And molded with my power and art A young child's soft and yielding heart.

I came again when days were gone; It was a man I looked upon; He still that early impress bore And I could change it never more."

COMMUNITY SUNDAY SCHOOL MOVEMENT A SUCCESS

The First To Be Established In Wicomico Is Doing A Good Work.

Last spring a Community Sabbath School was organized at the Preeney Schoolhouse, on the Delmar Road, about midway between Salisbury and Delmar, with R. H. Hampshire as Supt., C. J. Hummel, asst.; Charles Robinson, treas.; Miss Lottie Hearn, sec.; Miss Hazel Hampshire, asst. sec.; Miss Eleanor Hummel, organist, and Raymond Melick, librarian. The teachers are: Mrs. Melick, Mrs. Robinson, Mrs. Hummel, R. H. Hampshire and J. H. Hampshire.

The school has two banners for which the classes compete each Sabbath, in percentage of attendance, and amount of collection. They also have a library of about 50 books, donated by the Presbyterian Sunday School of Salisbury. The school is in a flourishing condition and is evidently doing good work.

On Saturday, October 4, about 75 people gathered in Mr. Ellegood's grove, through the courtesy of Mr. Ellegood and Mr. Parks, the tenant, and had a good old fashioned Sunday School Picnic, of pie, cake, chicken, ice cream, lemonade, oysters, etc. The young folks enjoyed themselves with games and swinging, while the older people entertained each other with stories and jokes in a neighborly way, so that a general good time was had by all.

Everybody is invited to attend this Community Sabbath School, to do good and get good. The school is glad for the frequent visitors from Salisbury and elsewhere.

BEACON BUSINESS COLL. NOTES

Mr. Clifton E. Ellis called recently at the college. Mr. Ellis has left the Dupont Exporting Company and has accepted a more lucrative position with Noriega del Valle of Peru, S. A. This large firm of importers are located at 327 Broadway, New York City.

Mr. Dan E. Williams of Wilmington, Del. was a recent caller. Mr. Williams has been employed by the Dupont Company. The General Motors Co. recently offered Mr. Williams a position at an attractive salary at their plant in Michigan, but Mr. Williams has decided to stay in the East rather than go West.

Miss Minnie Lewis of Parksley, Va. has secured a position at Cape Charles, Va.

Mr. Charles E. Powell of this City, has severed his connections with the Farmers and Planters Company and has taken charge of the office of the Salisbury Buick Co.

The following new students recently entered the college from various towns on the Peninsula: Misses Mary Dukes and Grace Matthews of Parksley, Va. Mr. W. K. Godwin of Bloxem, Va. Messrs. Walter Hitch, Luther Shockley of Eden. G. Beverly Holland, Princess Anne. Messrs. Franklin Smith, Aldie McIntyre, Kenneth and Jennings Harrington, Mt. Vernon. Harry A. Donoway, Frankford, Del.

OCTOBER!

October, fair October, Bright with tints of red and gold, You who hint of coming winter, Of coming frosts and cold;

You're the month that I like better, Than the others of the year; You're the month that's not too dazzling.

You're the month that's not too drear. So I sing my praises of thee, And I of thy beauties chant, While the others sing of springtime, And of cold December rant.

CURRENT NEWS CAUGHT ON THE FLY BY OUR REPORTERS

Some Interesting Items Being Talked About By Our Citizens.

BIBLE FAMINE ALL OVER THE WORLD—INCREASED LOAN ON FARM PRODUCTS—LARGE SUMS RECEIVED FROM WASTE—TEACH CARE TO THE CHILDREN—IT MAY SAVE MANY LIVES. STOCK IN PENINSULA FERRY COMPANY OFFERED FOR SALE.

The war has caused a shortage of almost every commodity known to mankind, but it was not believed that the war would cause such a shortage in Bibles as to make the situation one which is giving the publishing houses of the world considerable worry as regards filling the orders for the Holy Book which they have on hand. Because the war destroyed 7,000,000 or 8,000,000 men as well as several million women and children, it was thought the supply of Bibles would be sufficient for a generation to come but the following report comes from London which is the principal publishing centre for Bibles in the whole world. "We have been inundated with applications for Bibles from all parts of the world," said the superintendent of the British and Foreign Bible Society headquarters recently. "It is one of the signs of the days of peace. We have received so many orders that it is only with the greatest difficulty that we shall be able to execute all demands. One large consignment has gone to Iceland. We are sending others to parts where there has been a Bible famine for a long period—certain portions of the late German colonies in East Africa and other places that were closed by the war are at last going to be supplied this year. From 1914-1918 we added 35 new languages to our printed publications, making altogether 517 different languages in which the Bible is printed by us. This includes our printing works in Japan and China, and also the presses in Germany, which were kept going throughout the war. Last year we dispatched 8,746,600 Bibles to all parts of the world accessible. Some of them were taken in collier ships, some on camel transport, and in the hinterland of remote Africa and South America special one-man loads were made up for the nigger 'head' carriers to transport them to regions inaccessible by other means."

Stock In Ferry Company Offered For Sale.

On another page of this issue of the News will be found a whole page advertisement setting forth the establishment of a new ferry between the Eastern and Western Shore to be known as the Peninsula Ferry Company. This Company has been organized to establish a ferry across the Bay from Love Point to Pratt Street in Baltimore City. It is a shorter route than the Claiborne route and at the same time, has the advantage of delivering passengers in automobiles directly in Baltimore City instead of having to transfer at Annapolis. The Company is capitalized at \$250,000, and the stock will be sold to the people of the Eastern Shore and Baltimore City, and those who are in a position to know say that the project ought to be a good investment. The stock is a 7 per cent. cumulative preferred stock redeemable after three years at 105 and dividend. The steamer St. John and the steamer Stapleton, a three deck, double end steam ferry, accommodating 2,500 people and eighty (80) automobiles, providing luncheon and refreshment parlors, modern dance hall and orchestra, will be used in this service. The Common stock of the Company is par value \$5.00 per share. The Public Service Commission protects equally the stockholders, the general public, and the Company in the permanent and valuable franchises granted.

Increased Loans On Farm Products.
The bill authorizing national banks to loan 25 per cent. of their capital and surplus on grain and other farm products was passed by the Senate. The existing restriction is to 10 per cent. on warehouse receipts and the change is in the interest of the producers rather than consumers as it will enable those who would carry large quantities of such products more easily to borrow funds and keep the staples off the market.

Large Sums Received From Waste.
In these days of big transactions, many people are apt to pass over small things as not being worthy of notice and the extravagant trend of the public mind often causes great waste which in turn helps to keep the high cost of living almost above the heads of the average citizen. As evidence of this, we quote the following bit of news to show how it is possible for the average citizen with a little care and economy to save thousands of dollars out of what formerly was allowed to go to waste without a thought. There are many more examples of the same kind which could be quoted in these days of efficiency much of which has been brought about by the closer study of business methods during the great war. "In 1918 the Pennsylvania Railroad turned 5,376,000 pounds of waste paper which some years ago would have been destroyed into \$43,000. In 1917 John L. Hanna, then in the general manager's department, was placed in charge of this work and he perfected the systematic gathering of scrap paper of all sorts from all points on the Pennsylvania Railroad between Pittsburgh and New York and Washington."

Teach Care To The Children.
Now that the streets of Salisbury are filled with school children three times a day, many of them traversing the most congested thoroughfares of the city, a warning now and then of the parents to these little tots of the danger of traffic on the street may be the means of saving some of their lives before the school days close next spring. Teach the children not to play in the street where there is heavy vehicle traffic. Never step off the sidewalk into the street without first looking up and down the street to make sure no vehicle of any kind is near. Do not cross the street diagonally or in the middle of the block; wait until you come to a crossing at the end of the block and then cross

IMPROVE WITH THE YEARS

Boston Newspaper Explains Why Older People Are as a General Thing Good Spellers.

They had an old-fashioned spelling bee at the New York Chautauqua the other day and the casualties were so heavy that the list had to be given out in installments. Among the victims of the cruel war were college professors and high school teachers, ministers of religion, rising young lawyers, doctors and other professional men.

As the battle progressed the younger men and women gradually dropped out and the last ten belonged to a previous age in American education. The very last two were white-haired women, old enough to be grandmothers of some of the contestants.

There will be those who will say that it is indication that the schools of years ago were more efficient than the schools of today. But they are wrong. It may not even be indication that the schools of years ago taught spelling more efficiently than the schools of today teach it. Is it not possible that many old people are good spellers simply because they are old and not because of the quality of schooling which they received? Nearly every man improves as a speller as he becomes older. If he doesn't, he lacks some mental characteristic that he ought to have.

The business man who is continually complaining that the stenographers and clerks he gets direct from the schools are lamentably poor spellers should remember that he was once young himself. He knows how to spell now but did he know how when he left school? If he did he is at liberty to do all the talking that he wants; if—as is probably the case—he didn't, he should think twice before he speaks.—Boston Transcript.

—Heavy bread, leaden biscuits and soggy pie are impossible with Cole's Hot Blast Range. It bakes to perfection.—Adv.

IMPORTANT TO SOLDIERS & SAILORS HAVING INSURANCE
Certain Rules Must Be Observed To Protect War Risk Insurance.

The Bureau of War Risk Insurance wishes to emphasize the importance to service men of one of the provisions of the War Risk Insurance Act upon the fulfillment of which may depend the validity of their claim to compensation under the Act.

The War Risk Insurance Act provides that "No Compensation shall be payable for death or disability which does not occur prior to or within one year after discharge or resignation from the service, except that where, after a medical examination made pursuant to regulations, at the time of discharge or resignation from the service, or within such reasonable time thereafter, not exceeding one year, as may be allowed by regulations, a certificate has been obtained from the director to the effect that the injured person at the time of his discharge or resignation was suffering from injury likely to result in death or disability."

Many discharged men are not familiar with or are inclined to disregard this provision of law and are allowing their rights thereunder to lapse.

Request for the certificate mentioned above should be made to the Chief Medical Advisor, Bureau of War Risk Insurance, Washington, D. C.

THE STORE OF QUALITY

AT last Winter Weather is here. You cannot afford to put off any longer the buying of your new Suit, Coat, Dress or Hat. Our line was never more complete than the present.

New Suits, Coats and Dresses

You should see before selecting yours. They are so lovely, so well selected, you will realize at once that great care has been taken to have none but the very choicest styles in our collection. And the variety is really wonderful.

Suits From \$29.50 to \$125.00

But our best selection is around

\$39.50 TO \$75.00

These include Tweeds, Cheviot, Velour, Checks, Men's Wear Serge, Tricotine, Wool Velour, Silvertone, Tinselton, Suedine and Broadcloth; in belted, semi-belted, loosely-girdled, blouse and close-fitting styles. Colors: Navy, Black and all the fashionable shades.

Some models are elaborately embroidered. Some are beautifully trimmed with fur.

Suits vary in length, some knee length, some three quarter length, some quite short. No trouble to find what you want from our selection.

DRESSES \$16.75 TO \$59.50

Tricotine, Serge, Wool Jersey, Tricollette, Charmeuse, Satin, and Crepe de Chine. Charming styles in all the fashionable shades.

Luxurious Coats for everyday and dress wear, \$19.50 to \$150

At \$35.00 to \$69.50 we have a most wonderful selection. Rich fur trimmed or plain tailored, in all the newest materials of the season.

Coatees of Baffin Seal, Hudson Plush and Salts Plush, all striking imitations of Hudson Seal, \$25.00 to \$100.00. Or if you wish we have the Hudson Seal Coats and Coatees, \$125.00 to \$400.00.

Millinery Distinctively New

Every woman likes a hat a little different and a little newer than those she has seen elsewhere.

You can well gratify your individual taste from our exceptional Display.

Trimmed Hats \$5.00 to \$25.00
Untrimmed Shapes \$3.50 to \$15.00
Velours \$4.50 to \$10.75

THE WICOMICO NEWS SALISBURY, MD.

Published Every Thursday at Salisbury, Wicomico County, Maryland by THE NEWS PUBLISHING COMPANY.

THURSDAY, OCTOBER 16, 1919.

THE 60TH ANNIVERSARY OF DIVISION STREET BAPTIST CHURCH.

The week services just closed at the Division Street Baptist Church which marked the 60th anniversary of the formation of this congregation was a joyous event in the lives of all those members now living and who have been able to mark the growth and progress of the faith in this community.

GENTLEMEN, COME OUT IN THE OPEN.

The News in its last issue called upon the nominees of both the Democratic and Republican parties of Wicomico County who are running for the Senate and the House of Delegates to come out in the open and let the people know how they stand on the question of passing an enabling act with a referendum for bonding the county in a substantial amount for the construction of permanent roads and schoolhouses.

Just why the present generation should be called upon to build roads and schoolhouses which the next two or three generations will enjoy is certainly not consistent with general public policy or good business judgment.

All that the public is demanding to know is whether or not the nominees of both parties stand for a progressive administration and are willing to pledge themselves to aid in the passage of an enabling act by the next General Assembly authorizing the submission of this question by a special election to the voters of this county.

Believing this, and backed up by numerous requests from voters in both parties, the News has propounded the proposition to the gentlemen nominated on both tickets and we believe in fairness, they ought to come out over their signatures and tell the voters of the county just what they will or will not do if elected to Annapolis.

IS THIS REQUEST UNREASONABLE?

For several weeks past, there has been a controversy going on by letter between the Mayor and Council on one hand and the Chesapeake & Potomac Telephone Company on the other relative to the giving out of information by the central office in this city to the volunteer firemen of Salisbury as to the location of fires.

The Telephone Company, we understand, has made the point that as the city is districted, that the firemen could ascertain the location of the fire from the number of taps sent in on the alarm bell, but as a general alarm is turned in first and the district numbers are struck afterwards, if every fireman had to wait to find out what the district number was it would cause a serious delay in many cases which in turn might prove the cause for a much larger conflagration.

There should be no friction between the telephone Company, the city authorities and the fire department as the latter is a volunteer organization, the men giving their time and often taking great chances of serious personal injury for the benefit of the community.

Elmer C. Williams Enters Senatorial Race As Independent Candidate.

To the Voters of Wicomico County, Gentlemen:-

Having been prevailed upon by numerous friends from all parts of the county to become an independent candidate for the Senate in the November election, I hereby announce that I will enter the contest for that Honorable office.

It will be remembered that, two years ago, by the aid of certain of the local Democratic Ring, in their eagerness to defeat me, the first Republican represented this county at Annapolis since its formation fifty-two years ago.

For your information, I want to say that, from the best reports I can get, it appears that at least one-half of the votes received by my opponent in the recent primaries were secured by unfair methods.

For many days before the primaries, it was openly stated by certain of the friends of the Democratic Ring, that "if the People nominate Elmer Williams, we will see that Fred Adkins defeats him in the general election."

Now, my friends, if for no other reason, I feel it my public duty to other good Democrats of my native county who may sometime desire to seek public office, to enter the coming Senatorial contest and thereby do my part toward breaking up the disgraceful methods often employed in nominating our tickets.

In conclusion, I want to say that you are familiar with the principles I advocate; but, in a few days, I will tell you of some of the reforms and measures I will fight for if elected to the next Senate of Maryland.

Yours very respectfully,

ELMER C. WILLIAMS.

Salisbury, Md., Oct. 14th, 1919.

LOCAL AFFAIRS.

The ladies of Green Hill will hold an oyster supper Thursday, Oct. 23. All are invited.

Mrs. M. C. Russell, visited her brother, Capt. J. W. Johnson in Norfolk, Va. last week.

An adjourned meeting of the W. C. T. U. will be held Monday Oct. 20, 3 p. m. in Elk's Hall. Election of officers.

Mr. Carlyle Watson of New York City, spent a few days of the past week visiting his mother, Mrs. Helen I. Watson, N. Division street.

James Russell attended the reunion of the 116th Infantry held at the Lyric Theater in Baltimore last week.

A concert will be given by Miss Grace Elliott in Wilson's Hall, Maryland, Friday evening, Oct. 17, at 8.30, admission 35c. Miss Elliott is a noted singer.

Attention is called to the sale of the household effects of the late Mrs. Caroline Ulman which is now going on at her home on East Church street as advertised in another page of this issue.

The Rev. R. A. Boyle will exchange pulpits on Sunday with Rev. Dr. Winfield Kreger of Snow Hill Presbyterian Church. Dr. Kreger is a strong and virile speaker and will have a message for the times.

Miss Norma Talmadge in "The Heart of Wetona" will be shown at The Liberty Theatre on Tuesday, October 22nd, for benefit of Junior Guild of St. Peter's Church. Admission 25 cents.

The many friends of Mr. George W. Nealey will be pleased to know that he has accepted an appointment with the Continental Life Insurance Company as special representative in agency work. We predict for Mr. Nealey the greatest success.

Mrs. Wm. J. Downing is attending the national meeting of Board of Managers of Woman's Home Missionary Society at Detroit, Mich. Mrs. Downing is the delegate, representing Home Missions of the Wilmington Conference.

Hon. and Mrs. S. Frank Dashiell of Princess Anne announce the marriage of their daughter, Mary Miles, to Mr. Harrison Schuyler Boyce which will take place on Saturday evening, October 25th, at St. Andrews Episcopal Church, Princess Anne.

Postponed on account of the stormy weather last Sunday the Rally Day service will be held in Grace M. E. Church next Sunday morning. Revival services are now held nightly at Grace. At Stengle (Riverside) Church Sunday School 2 p. m. Preaching 3 p. m.

H. L. Brewington, Esq., for years Senior editor of the Wicomico News, was taken to the Church Home in Baltimore Sunday last for treatment at that institution. Mr. Brewington expects to be at the Hospital for several weeks, in an effort to regain his health.

Dr. A. Lee Penuel of Leesburg, Va. who was severely injured in the surf at Ocean City some weeks ago is still forced to use crutches, and while greatly improved, he will no doubt be partially disabled on account of the accident for sometime to come. Dr. Penuel is the brother of Mrs. Irving S. Powell of this city.

The E. E. Jackson Bible Class of Trinity Methodist Church, South, has arranged with Rev. John Watchhorn, corresponding secretary of the Church Extension Society of the Methodist Episcopal Church to deliver his famous address, "Our National Destiny," in Trinity Church next Sunday evening at 7.30. Dr. Watchhorn is a fine orator, prominent clergyman, and great man, and will bring a great message for these stirring times which all the people of our city should hear, especially the men.

There was a pastor meeting held at Mrs. John Dulany's, Fruitland, Friday afternoon last, in the interest of Woman's Suffrage. Miss Maria Maytin, the State Organizer and Miss Clara Benson, assistant, were present and gave a very interesting talk on why the women should have the ballot. Miss Gertrude Kendall of Washington, D. C. also spoke in the interest of the ratification of the Federal Suffrage Amendment by the 1920 session of the Maryland Legislature. Mrs. White from Seattle, Wash., who is visiting Mrs. Dulany gave an interesting talk.

TELEPHONE COMPANY AND FIREMEN ARE AT ODDS

Unfortunate Situation Existing in This City Which Should Be Settled.

An unfortunate condition of affairs seems to exist between the Volunteer Fire Department of Salisbury and the Chesapeake & Potomac Telephone Company over the refusal of the Telephone Company to give the 15 or 20 firemen of Salisbury information as to the location of a fire from their central office. When the new alarm system was established, Mayor Jones requested the Telephone Company to let remain on their switch board the twenty-odd signal lights attached to the phones of the Salisbury firemen so that they could get quick information as to the location of the blaze and save many of them living in remote parts of town from having to go to the City Hall before reaching the fire.

After much correspondence, the officials in Baltimore finally refused to grant this request, the signal lights having been taken from the switch board. The volunteer firemen are so exasperated over this refusal to work in harmony with them that they have levied notice on the Mayor and Council that they will refuse to fight any fires occurring in or on the property of the Chesapeake & Potomac Telephone Company in this city and Mayor Jones and the Council after taking the matter up with the City Solicitor find that they have no legal right to force the firemen to change their mind and unless the Telephone Company accedes to the wishes of the volunteer firemen to give them this information, it would appear that their property in this city would be in jeopardy in case a fire occurs there.

A voluminous amount of correspondence has been exchanged regarding this subject but the Telephone Company takes the stand that if they give this information to the firemen, they are forced to give it to anyone who asks for it and that they cannot afford to set the precedent in this city unless they give this same service to firemen of other cities in the State. The whole thing is an unfortunate occurrence and is one which is likely to give considerable trouble unless there can be an amicable settlement of the question.

MORGAN—HALL.

A very pretty wedding was solemnized at the home of Mr. and Mrs. H. O. Hall of this city Wednesday evening October 8th when their daughter Miss W. May became the bride of Mr. Leroy Morgan of Seaford, Del.

The bride was attired in a midnight blue broadcloth suit and carried a bouquet of bride's roses and maiden hair fern. The only attendants were Miss Claudia Wright who acted as bridesmaid and Mr. Joe Argo who was best man.

After the ceremony refreshments were served to a number of the near relatives and friends who were present to extend their hearty good wishes to the contracting parties. Elder J. C. Mellot performed the ceremony. Mr. and Mrs. Morgan will reside in Seaford.

ALLEN—JENNENES.

A very quiet wedding took place in Rochester, N. Y., Saturday morning last at 10 o'clock when Miss Lois Jennenes became the bride of Mr. Fulton Allen, of this city. The ceremony was performed at the home of the bride's aunt, in the presence of the immediate family and a few friends.

The groom, Mr. Fulton Allen, is the son of Mr. and Mrs. W. F. Allen, and is a prosperous young farmer in this city.

After the ceremony Mr. and Mrs. Allen left in their machine for their wedding trip where they will motor through the State of New York before returning home. They will reside in the Clyde Bungalow, Tony Tank.

Young Men Enlisting in Navy.

On a recent visit to this city of a Recruiting Party for the U. S. Navy, the following young men enlisted for service and will be attached to the destroyer Taylor: Willie Branton, John Thomas Brittingham, John Cannon, Walter Ellegood Hastings, Russell Edward Weatherly, Louis Powell, Edward Adams Robertson and Russell Samuel Wyatt.

Working For A 25 Per Cent. Increase In Membership.

Second Great Objective in The Plans Of The Methodist Protestant Church.

The Forward Movement Campaign of the Methodist Protestant Church is now working on its second great objective, which is a membership increase of at least 25 per cent. for every church in the denomination. Plans are being made for revival meetings throughout the whole church. There will be a preliminary meeting of great importance for the members of this denomination living in Wicomico county on Thursday evening, October 23rd at the Bethesda M. P. Church, Salisbury. All the churches of the County are asked to be represented by their entire official boards and all officers and teachers of the Sunday schools. Besides these all members of the churches who are willing to work in the coming meetings are invited to attend this conference for prayer and the laying of plans of work.

The speakers will be Rev. E. C. Makoskey, D. D., Pastor of the First M. P. Church, Newark, N. J. and Rev. C. M. Compher, pastor of the First M. P. Church, Washington, D. C. These men are ministers of large city churches, leaders in their denomination, pulpit orators of unusual eloquence and ability and the community will do well to embrace the privilege of hearing these great preachers. The meeting will be under the direction of Mr. Fred P. Adkins who is the District Organizer of the campaign for Wicomico County. The public will be cordially welcome at this meeting.

DEATH OF MRS. SIMON ULMAN AT HER HOME SUNDAY LAST

One Of Salisbury's Charitable Women Passes Away.

In the death of Mrs. Caroline Ulman, widow of the late Simon Ulman at her home on East Church street, Sunday afternoon last, Salisbury has lost one of her most charitable women who for many years has done as much or more real charitable work among the poor of this community as any other citizen of the town. Mrs. Ulman was formerly a Miss Long, daughter of the late Simon Long of Wilkesbarre, Pa., who for many years was one of the best known and most prosperous merchants of the coal regions. She married the late Simon Ulman May 10, 1871 and came to Salisbury at that time to make her home, and she had lived continuously here ever since.

During the 48 years of her residence here, Mrs. Ulman in company with her sister, Mrs. Isaac Ulman, had made hundreds of friends in all parts of Salisbury, and by their widespread charity among the poor, these two ladies had endeared themselves to many families of this community who will mourn the loss of Mrs. Caroline Ulman and will miss her kindly offices of charity.

She leaves the following children: Harry S. Ulman, Wilkesbarre, Pa., Mrs. A. L. Barker, Bridgeton, N. J., Dr. Ferdinand Ulman, Baltimore, Albert Ulman, Oil City, Pa., Marx Ulman, Salisbury and Mrs. Sol Cohn, Philadelphia, Pa. Besides these children and several grandchildren, the following brothers and sisters of Mrs. Ulman survive her: Mrs. Henry Schwartz, New York City, Mrs. Isaac Ulman, Salisbury, Mrs. Joseph S. Coons, Mrs. Louis Schloss, Mr. Isaac S. Long, Dr. Charles Long, Messrs. Willard F. and Cosmar P. Long, all of Wilkesbarre, Pa.

S. Y. M. A. TO OPEN WINTER GYMNASIUM CLASSES

Business Men Of Salisbury To Be Especially Catered To.

Recognizing the necessity for some form of physical exercise that combines with it recreation and relief from the tedium of routine business life, the management of the S. Y. M. A. have arranged to hold two classes a week for the business men and men in general of 20 or so years of age. On these nights no boys at all will be in the building. The class nights will be Monday and Thursday commencing at 7.30 sharp. The first class night will be this (Thursday) evening.

Mr. J. W. Bannister will be in charge of these classes and those of us who have seen him in action know that his handling of the class will guarantee good results. Mr. Bannister will grade the exercises so that even if one is badly out of form, the exercises will not be a severe strain. The early sessions of the class will consist chiefly of exercises having for

their purpose the limbering up of muscular systems stiff through disuse. Several of our prominent business men have signified their intention of enrolling. Indian club work, of which Mr. Bannister is expert in, will be introduced, and practically everybody knows of the benefits derived from their moderate use.

We feel sure that when this class is organized and the interest of its members obtained that each individual will look forward to gym night with no small degree of pleasure.

LOCAL ORGANIZATION FOR ROOSEVELT MEMORIAL

Committees Appointed To Aid In Soliciting Fund For National Memorial.

The National Memorial Association has been formed to act as an agency in erecting a memorial to Theodore Roosevelt. For that purpose a nation-wide campaign is being made to secure millions of members to this Memorial Association, and with their voluntary subscriptions to build a monument in Washington, the one city which belongs to all America, and to create at Oyster Bay a park which may ultimately include Sagamore Hill, to be preserved like Mount Vernon an dthe Lincoln homestead.

That task, to which we know every man and woman in this movement will give whole-hearted devotion, is one of true patriotism. This is a non-partisan, non-political cause. It will be our privilege to avail ourselves of the Roosevelt sentiment in the campaign week, October 20-27 inclusive.

In connection with this movement there was a large and enthusiastic meeting of representative citizens held at the Business Men's Association rooms, Monday evening.

The county chairman, Mr. R. D. Grier, after explaining the plans suggested by the National Association, appointed Mr. Mark Cooper, chairman for this city, who subsequently appointed the following committees and captains of teams: T. L. Ruark, assistant chairman, Harry W. Ruark, treasurer, L. W. Gunby, Wm. M. Day, S. A. Graham and John H. Tomlinson, County Supervisors.

The Captains are Graham Gunby, Walter J. Powell, John S. T. Wilcox, Harry Harcum, D. Laird Todd, Ralph H. Grier, Rev. Wm. P. Taylor, A. M. Walls, G. Wm. Phillips, I. L. Benjamin, George McGuirk, C. O. Culver, Prof. R. Lee Clark, of City Schools, and Supt. J. M. Bennett, of County Schools.

The Committee for the colored population will be named later.

A certificate of membership will be given to each subscriber of one dollar or more. This will be a proud possession in years to come, of many thousands of those who are boys and girls today.

At a meeting of the Ministerial Association of our city on last Saturday this movement received a unanimous endorsement and promise of co-operation.

IN MEMORIAM.

GAY.—In loving remembrance of our beloved daughter, Laura E. Gay (nee Ellis) who departed this life four years ago October 11, 1915.

We stood beside the bedside. We saw her life depart. And when we saw that she was dead It nearly broke our hearts.

How hard we tried to save her; Prayers and tears were all in vain. Happy souls come and love her From this world of grief and pain.

We shall never cease to love you. Though your form be in dust. And some day we will be with you. To this end we shall strive. BY EARL LEVING FARMER.

November Approaching Cold Weather Warm Blankets

A large and extremely fine collection of blankets and comforts are here in the house awaiting the cold weather to come along. 'Tis true that we have had a very mild Autumn and the sales on blankets and comforts have been very low but the cold weather is sure to come and our stock will be almost wiped away in a twinkling.

At the present time it is complete—a large and varied stock at prices that are within reach of everyone's purse—but—these are the only ones that are low in price, the present stock.

When we go into the market later in the season to replenish our stock as we surely will, they will be higher, of course we don't expect to do that very soon, how soon we don't know, but when folks learn that we have the low priced stock of blankets, there will be a big demand and of course that means a lowering of our supply.

COTTON AND PART WOOL BLANKETS
AT \$3.50 to \$9.00.
THREE QUARTER AND ALL WOOL BLANKETS \$8.00 to \$25.00.

Smartest of Smart Millinery

Millinery designers ranking high in the craft—the smartest of the smart fashion ideas stream through this section every day.

Exceptionally fine collections of the latest ideas in hats of panne velvet and silk beaver with trimmings of wonderful feathers in all manner of alluring shapes and colors are offered this week. Prices as low as \$5.00 and as high as \$35.

Some Delightful Newcomers Among The Finer Dresses for Women

Nearly fifty different styles now among the new dresses for women and young women, dresses of the better sort between

\$16.50 and \$37.50.

All beautiful tailored and in the newest styles, some severely plain and mannish, other fancy and prettily feminine, with their loose straight lines high waisted effects and striking trimmings.

The fabrics are all that is new, we especially mention those of Messaline, Taffetas, Serge and Tricotine, while we are showing poplin too prettily trimmed and well made and priced as low as \$7.50.

R.E. Powell Co.

The Furs that We Carry Are Reliable Furs

We may say at once that the fundamental policy of our fur business is that it is built on the bed rock of reliability.

Here then you find furs that come from one class of furriers only—the reputable, reliable class, trained experts in peltry, and master designers of fur styles.

Our system too, means these kind of furs are available to you at much closer prices—a fact demonstrated every time we make a sale.

We offer a wonderful stock of sumptuous fur sets, scarfs and muffers.

The showing of Cat Lynx at moderate prices is exceptional, others in Blue Lynx, Blue, Black, and Brown Fox at prices ranging from \$15.00 for the separate pieces and sets that range all the way to \$150.00.

Fashion Favors Many Coat Styles All Being Here

Semi-fitted or wide and dolman sleeved, pole coat or three quarter length rippled models, full length, low waisted and belted types, yoke top coats.

There are many other models—completely typical of the mandates of fashions applied to coats—are here for your inspection and selection.

We especially recommend early inspection of the following style groups—comprised in them are excellent and frequently exclusive designs—coats that are very desirable and very favorably priced.

Coats of silvertone and velours at prices ranging from \$27.50 to \$85.00. Of plush, fur fabrics and fur at \$30.00 to \$70.00.

LINE UP FOR RED CROSS MEMBERSHIP DRIVE

Some Reasons Why Organization Must Be Kept Going In Future.

PEACE ACTIVITIES ALMOST AS IMPORTANT AS WAR WORK.

For This Reason, Everybody Is Requested To Enter In The New Drive For Membership From November 2nd To 11th—Fee Is Small.

This first peace-time Roll Call for the Red Cross, from November 2 to 11, is an opportunity. It is the opportunity for each one to become a part of the development of the splendid future program of the Red Cross. Perhaps it is not generally known that the Red Cross has a future program—that whereas it originated as an emergency relief organization it is now to be organized for permanent work.

Foremost in importance in this great plan is a nation wide activity for the promotion of public health and along with this the extension of the country's nursing resources. This movement is to be carried on with a particular aim toward co-operation with the existing Health Officials so that any duplication in the work may be avoided.

Thirty thousand nurses were enrolled for war service. Many of this number, now that the war is over, are going out from the Public Health Bureau of Nursing in Washington to the various communities where they are needed and maintained by Chapter funds.

Next in importance is the broadening of the Red Cross Home Service, that in the war proved so helpful through the assistance it was able to give the families of soldiers and sailors, to be of general usefulness where other social organizations are lacking. The question is asked "Why must the Red Cross Home Service go on when it was organized primarily for war emergency? Why am I asked for further support when this emergency is over?"

The emergency of war is not closed while there are men who have not yet returned to their rightful places; while the misery and distress caused by the war are still unattended to; while saddened families are still in

need of courage and hope. In order to meet these needs, and many others which must be met in every community, the Red Cross on account of its efficient organization has taken upon itself the broadening of its Home Service so that it is no longer limited to the families of men in the service.

Then too there is the Junior Red Cross whose main purpose is to furnish relief to suffering children throughout the world and whose activities are thereby to be greatly increased. One big thing in which the Junior Red Cross is assisting now is the maintenance of agricultural schools in France for the training of boys who lost their homes and parents in the war.

Finally there is the completion of relief measures for the victims of the war in this country and overseas for which a fund of \$15,000,000 must be raised to maintain nursing and general relief units and to establish training schools under American standards.

In order to meet these needs and make the peace program of the Red Cross a success we must have large and vigorous Chapters and for this reason the enrollment of members is the chief purpose of the coming campaign. Do you not see that an opportunity is offered you, a way in which you can carry on?

Public Health Nurse As An Investment.

The progressive farmer reads his farm journals, attends institutes, and keeps himself constantly up-to-date about the latest improvements in stock-breeding and in agriculture.

The prosperous business man spends money and effort to keep abreast of the latest devices to protect and build up his business.

The first class engineer scraps his old machines as fast as improved ones are invented, and abandons his old methods the minute science discovers better ones.

No one who wants to succeed is content with old ways, worn-out, handed-down methods, clumsy, old-fashioned tools. He wants the newest and the best.

What good is your business if you lose your health?

The strength to work is a man's surest capital.

Health is his most priceless possession.

If you protect your business by seeking the most modern methods and

the latest inventions, why not protect your health in the same way?

The Community Nurse is a form of insurance which no community can afford to be without, because

She is the "Lookout on the Mountain," giving the first warning of the approach of the enemy, Disease.

Do you know that the Wicomico Chapter of the Red Cross has applied for a nurse from the Public Health Bureau of Nursing in Washington to serve Wicomico County? Do you know that such a nurse, supervised by Red Cross Headquarters is maintained by the County Chapter?

Prepare to become a member of the Red Cross in the coming campaign, November 2-11.

The bark of the black mangrove, a tree growing prolifically in the Bahamas, has been found to yield an excellent tanning material.

Hollow metal floats for rowboats have been invented, to be so hinged to the sides of a craft as to make it practically unsinkable.

The government of Tasmania has dammed a large lake and built a hydroelectric plant to supply light and power throughout the island.

An Indiana man is the inventor of a simple device to enable tailors to instantly measure the angles at which men's shoulders slope.

Government scientists have estimated that there are thousands of tons of shrapnel asphalt in deposits discovered in the Philippines.

By moving a few inches the occupant of a new bed can recline or sit upright in a chair into which the foot of the bed has been converted.

NUBBINS

Everything that goes up must come down, except the cost of living.

Where will they find umpires when the league of nations series starts?

The man who does not earn enough to pay an income tax wishes he did and the man who does pretends to wish he didn't.

The reformers say they are going to abolish tobacco. Why not go after the chocolate cream and pink tea fads and make a good job of it?

What has become of the old-fashioned swain who used to wash the lady and shine up the harness Saturday

afternoon, spend two hours Sunday morning carrying the best horse on the place, and Sunday afternoon took his best girl driving over little-frequented roads where none would see if he drove with one hand?

He's scooting down the most traveled road he can find, lolling in the tonneau of an eight-cylinder car, shamelessly hugging a girl so that all the world may see.

"Eat and Grow Thin," says one food crank; "Eat and Grow Fat," says another; but who wants to be either?—Ralph L. Crossman in Farm Life.

RUMINATIONS

Money lying idle in the bank is like fertilizer piled in the wagon shed. Both should be put to work.

The inspiration of a good cow has revolutionized many a farm. No man will long try to get along with a good cow on a poor farm.

Bolshevism is the product of bad government. Like any other disease, it will finally run its course, but it will cost many lives meanwhile.

Peter Tumbledown, being of an accommodating disposition, sold a great many cart-loads of barnyard manure to his village neighbors who wanted it for their lawns, flower beds and vegetable gardens. When he wanted to haul some to his fields he had none left. Meeting the county agent in the road he stated his dilemma. The agent, on being told what Peter got for the manure, soon showed him that he lost money on every load he sold, besides robbing the farm.—Exchange.

OF INTEREST TO WOMEN

Queen Mary's army auxiliary corps the women of which did such splendid service during the war, is to be maintained as part of the after-the-war army organization.

Miss Bell Morton, New York city's first deputy sheriff, will have charge of Mrs. Betty Inch on her trips to and from the Tombs during the latter's retrial on a charge of extortion.

Mrs. Herbert Wadsworth, a well-known horsewoman of New York, has been appointed a specialist in horse husbandry in the United States department of agriculture.

Every Philadelphia marine who enlisted in the war is to have a tree planted in his honor on a prominent thoroughfare, either Broad street or the Parkway.

Not Your Money But Your Good Will

We want the good will of every car owner in this town.

We want everyone to say what lots of folks say now—"Willard? That's where you get a square deal and value for every dollar."

We'd rather have your good will than an extra dollar or two on a repair job.

We'd rather sell you a battery that will give longer and better service than to make a living by repairing poor batteries.

Of course good repair work and good batteries cost more, but we believe they make friends and buy good will.

Let's get together.

Printzess Week

October Thirteenth to Eighteenth

For PRINTZESS WEEK—when better stores the country over are featuring the "Distinction in Dress" garments—we have provided exceptionally complete assortments.

Surely you must visit our ready to wear section. The styles you will find delightful and you will be instantly perceptive of the excellence of PRINTZESS materials and of the deft and skillful touches in tailoring so typical of PRINTZESS models.

Yes—We are enthusiastic. And with reason. For we know that the PRINTZESS label is an assurance of satisfaction—that if you select a PRINTZESS you will be permanently pleased—with it and with us.

Suits

—and suits and suits—classically beautiful in the simplicity of the straight line silhouette—youthfully smart in slim and gracefully flared models—charmingly modish in creations cleverly bloused—such a diversity of styles on which Fashion has set the seal of her approval that the matter of finding the model becoming to your individual type is of paramount importance—and this one model, expressive of YOU, you are sure to find in the extensive assortments we are showing during PRINTZESS WEEK.

Garments from \$23.50 to \$115.00.

Coats

Lustrola, Marvella, Chameleon Cord, Frosted Chincilla, Tinseltone—these are only a few of the soft and luxuriant fabrics of which, in a range of richly warm and harmonious shades, these beautiful new coats are developed. Coats of fur fabrics, too, or deep fine pile that closely simulates seal skin. Everyone appreciative of lovely things to wear—and what woman isn't!—will find pleasure in seeing and trying on the garments in our collection. Stocks will be most complete during PRINTZESS WEEK.

Garments \$30.00 to \$150.00.

Waists

A unique collection of lovely creations of Georgette Crepe, Crepe de Chine and Nets, showing fascinating new diversions in beaded, braided and embroidered effects, new features in neck and sleeve treatments and a beautiful range of new colorings including the much wanted new suit shades—Navy, Brown, Taupe, and Henna; also Bisque, Sunset, Grey, Flesh and White in generous assortment. Handsome Casque and Peplum Blouses; exquisite hand-embroidered and beaded models, showing real lace trimming and hand-drawn work too are featured in abundant variety.

Silks—Satins—Velvets

A Brilliant Display of the Season's Best Fabrics

Those who appreciate newness and rare beauty in fine silks will be charmed with this exhibit of silks, dress goods and velvets. There is a complete representation of beautiful silks for the entire cycle of the day, for street, afternoon and evening wear.

Here are Costume Velvets for the making of Dresses and Wraps, pretty figured Silk poplins in many colors for linings. Satins, Silks, Georgette Crepe in both figured and plain. Crepe de Chine, Charmeuse, Wool Jersey, Broad Cloth, Serges and Velours, in all colors.

Beautiful Trimmings, etc.

Dresses

Afternoon, Demi-toilette and Evening "Of Paris" in Their Smartness

There is a distinct departure in fashion for the dress or gown, displayed here with a newness so apparent that even the most casual are impressed. There is the new silhouette, flat front and back, new colorings, with plenty of smart tones of navy, black and dark brown, and new fabrics, lustrous and soft draping, new Georgette crepes, new French satins, chiffon charmeuses, brocades, new laces and nets, tailor like tricelines, serges and Poiret twills.

DOINGS AT THE WICOMICO HIGH SCHOOL

Things Of Interest Happening Among Pupils Of This Institution.

OF INTEREST TO PUPILS AND PARENTS.

Many Happenings Among The Boys And Girls Of The Wicomico High School Which Appeals To The Interests Of The Entire Community.

(The editors of the Wicomico News have set aside this column for the use of the pupils and faculty of The Wicomico High School and the items published here will be furnished by one or more of the scholars weekly.)

Professor Thomas H. Gibson, the state supervisor of Music, called on Thursday afternoon at the High School and had a conference with the Principal, Miss Jacobs, the Faculty Adviser of the Orchestra and Glee Club, Miss Killiam and Miss Gunby who are in charge of the Choral Club. Mr. Gibson informed us that he had visited practically all the High Schools in the state and said that Wicomico High was second to none in this kind of school activity.

Miss Morris, who is in charge of all Girls' Activities, has organized four Freshmen End Ball Teams and two Upper Class Teams. A series of matches will be played this week to determine who is supreme. Each afternoon practice is held and also Ice Ball is played by both girls and boys.

The enrollment of the High School is increasing. Each week brings with it several new students, three new students were enrolled last week. The capacity of the High School is already taxed to its uttermost and if this continues the question will be where can they stand instead of where can they be seated.

Letters are being received daily from students of last year's class who have gone to college, and it is gratifying to us to find that they are, without exception, working hard and getting along fine. It seems that each year the academic atmosphere grows more pronounced and we have reason to hope that in the future many more of our students will take advantage of the opportunity and seek a college education.

The Wicomico High School steam roller Soccer aggregation motored to Crisfield last Friday and met the Crisfield Soccerites on their home grounds after having defeated them on the S. Y. M. A. Athletic Park to the tune of three to nothing. About three hundred stalwart rooters were present in anticipation of seeing the W. H. S. Team being defeated. Immediately upon the blowing of the whistle announcing to the spectators that play was in order the ball was gradually worked up the field to the opponent's goal and before one could have time to think of it Bailey, one of our star linemen, sent the ball spinning thru the Crisfield goal. In the meanwhile not a sound was to be heard from the rooting delegation 300 strong. And when the ball was again placed into position (Crisfield having the kick-off) "Dick" LeViness, a new recruit who has developed into one of our best players, met the ball squarely on the nose, passed to Reddish who in turn passed to Cooper who by a masterful shot sent it thru the bars for the second goal of the day. Thus completed the scoring for the first half.

In the second half Crisfield started out with even greater determination than before, but after ten minutes playing their hopes were further shattered by another goal which resulted from a pass from LeViness to Mears to Moore, who got it thru for the third goal of the game. However at this time the W. H. S. boys relaxed and the Crisfield team scored their first and only goal of the game. But their joy was short lived for Morgan took matters into his own hands and upon receiving the ball, by masterful dodging eluded the whole front line of Crisfield and continued thru the half backs when he then made a pretty pass to Bailey who sent the ball thru for the fourth and final score of the game.

Have you bought your Lyceum Ticket?

W. C. BRATTEN, COURT CRIER FOR WORCESTER 51 YEARS.

Providence permitting, when the big clock in the belfry of the Worcester county court house struck the hour of nine last Monday, W. C. Bratten was standing at the court-house entrance "calling court" in that strong clear voice familiar to all citizens of Snow Hill and vicinity.

Mr. Bratten, now in his 85th year, was appointed Court Crier in 1868, when Judges Stewart, Franklin and Irving were on the bench. During the entire 50 years he has served in this capacity only three sessions of court has he failed to be at his post. In spite of his years, his voice is clear and strong, and will easily carry over the business section of the town, across the Pocomoke River and to the ears of those who are at work on the other side.

Judges have come and gone, jurors have passed away, prisoners have been sentenced, served time and returned, yet Worcester's veteran court crier continues faithfully and well to announce the time for the beginning of action at the bar of justice.

HEALTH HINTS

He who has health is young, whatever his age may be.

Men should look best in their birthday suit till old age shall wear it out.

If some men did not eat any oftener than they exercise, they would soon starve.

Keep your body straight and apply this rule to your mental and moral life and you will be a pretty good fellow.

In Ireland.

A young fellow wrote to a firm in the south of Ireland which was selling razors at five shillings each. This is the style of his letter:

"Please send one of your razors, for which I inclose P. O. for five shillings, 'P. S.—I have forgotten to inclose the five shillings, but no doubt a firm of your standing will send one."

They replied: "We beg to acknowledge your esteemed order, and have pleasure in sending the razor, which we trust you will like."

"P. S.—We have forgotten to inclose the razor, but no doubt a fellow with your cheek won't need one."—Stray Shots.

The Modern Sleeper.

Little Boy—Mamma, what's my book about?
Mamma—About a girl who slept and slept and slept and nobody could wake her.

Little Boy—I suppose she was a sweet girl.

LIFE SHOULD BE PURPOSEFUL

Man Generally Near End of Life's Journey When He Settles Down in a Rut.

A man is not a success in life till a dominant purpose takes hold of him, to which all other procedures and measures and all the powers of his being are subordinated.

Sorrowful is the state of the man who, at any age, has let himself be tamed and chastened down to an unseeing, unthinking jog trot in the same old rut, day after day.

A man is not old till he refuses to admit new light, embraces fresh experiences, entertain thoughts that never occurred to him before, open the doors and windows of his mind to the morning.

Perhaps we hugged to ourselves the delusion that we were doing the best we could. It is so easy to feed the aspiring spirit upon that anodyne. It is easier to dream than to make an effort; easier to accept things as they are than to change them.

Then comes a vision of what we might be and are not, and it challenges us and will not let us rest.

We must be up and doing. We know at last what we were made for, what we were sent into the world to do. Life becomes purposeful, and each waking minute has its mission.

Some people go away for the summer just to get away from the people who would come to visit them if they stayed at home.

Nothing convinces a girl that she must marry a certain young man quite so surely as her parents' continual objection that he isn't worthy of her.

The man who marries three times or more either had mighty good luck the first time or is just determined to keep at it until he finds a wife he can be happy with.

It takes all sorts of people to make up a world, but every now and then we run across a freak who we are sure would not have been missed had he been forgotten.—Detroit Free Press.

Avoid chilly rooms in the morning by using Cole's Hot Blast Heaters. The year fuel covers.—Adv.

COUNTY NEWS

SHARPTOWN NEWS.

Mrs. Miranda Weatherley, surviving widow of the late C. J. Weatherley, was found dead in her room early Friday morning by Hester Bennett, 8 year old daughter of Capt. and Mrs. O. N. Bennett who was sent there on an errand by her mother. Mrs. Weatherley had gone home from the home of S. J. Craft about an hour before her dead body was found. She had been a great sufferer from heart affection for several years and her death was not unexpected. She was 60 years old and leaves two sons, Samuel and William and two daughters, Emma and Florence.

Rev. Dr. J. T. Herson of Salisbury and evangelist, Prof. Thomas of Philadelphia came over from Salisbury Friday morning and held chapel service at the Sharptown High School at the invitation of the principal, Prof. Paul Phillips. Mrs. Herson and Mrs. Mary Williams accompanied them. Quite a number of parents attended the service.

Miss Lula Robinson of Camden, N. J. who has been visiting relatives here returned home to-day.

Miss Ruth Gravenor is home from Philadelphia.

Miss Gertie Reynolds of Baltimore returned home today after spending two weeks with Mrs. T. H. Harper.

Mr. and Mrs. Henry W. Elzey of Camden, have moved here where their early life was spent. They have purchased a home on Water Street.

Lieutenant James Hastings who has recently been employed as an instructor in Delaware College moved his family to Newark, Del. this week.

Wesley T. English of Camden, N. J. who has been visiting in this community received word today not to return home as two in the family had diphtheria and that the family was quarantined.

Mrs. Rerickson Weatherley of Portsmouth, Va., Mr. and Mrs. Zora M. Collins of Philadelphia, Mr. and Mrs. Woolford Carey of Wilmington, were here on Sunday to attend the burial of Mrs. Miranda Weatherley.

Miss Annie Moore of Wilmington is the guest of Mrs. C. J. Mooney.

Capt. George S. Owens and family and two sisters, Misses Lizzie and Annie Owens motored here on Sunday from Hoboken, N. Y.

Miss Mary Russell who is attending a business college was home from Wilmington on Sunday.

Mr. and Mrs. Thomas J. Covington and daughter, Miss Florence are home from Chester, Pa.

Capt. and Mrs. Oscar Smith gave their daughter, Miss Irene a birthday party on Saturday night which was largely attended. The occasion was very enjoyable refreshments being a leading feature as was also the many presents given Miss Irene.

Miss Minnie Robinson of Laurel spent much of last week here as the guest of her sister, Mrs. Wade H. Gordy.

LOCAL POST AMERICAN LEGION ELECTS OFFICERS

Organization Now In Full Swing For Active Work Among Soldier Boys.

At a very enthusiastic meeting of the local post of the American Legion held at the Armory in Salisbury Friday evening last the following officers were elected: Post Commander, Amos W. Woodcock; Vice Post Commander, James S. Russell; Post Adjutant, Alexander T. Grier; Post Finance Officer, John L. Morris; Post Historian, Paul C. Phillips; Post Chaplain, Dr. John M. Elderdice. An Executive Committee of ten members was also elected. It consists of the above named officers as ex officio members and the following men: Samuel F. M. Adkins, Vaughn T. Gray, E. Wilson Booth and L. Claude Bailey. It is proposed to increase the membership of the Executive Committee later on so that the part of Wicomico County other than Salisbury may be represented thereon, as it is desired that the men through out the county take an active interest in the local post.

At present the local post has nearly one hundred members, but it is desired to increase this membership many fold, and to this end a cordial invita-

tion is extended to all ex-service men in the County to attend the next meeting of the local post which will be held at the Armory on Friday, October 24, 1919, at 7 p. m. The Executive Committee has already organized by the election of L. Claude Bailey as Chairman, Alexander T. Grier as Vice-Chairman and John L. Morris as Secretary and Treasurer. This committee is now preparing a Constitution and By-Laws which will be submitted to the next meeting of the post for adoption.

Report Nailed As False By Leading Democrats Here.

Claim That False Rumor Was Started For Purpose Of Injuring Democratic Success In Wicomico.

The leading Democrats of Wicomico County were hot in the collar Monday after reading the report in Sunday's Sun which intimated that a labor candidate was to be put in the field for the purpose of misleading the voters on the name of Mr. Fred P. Adkins. The report said that signatures were being secured for a man by the name of Fred K. Adkins and the Baltimore American Monday morning published a column scoring the Democratic organization of Wicomico for such old time political tricks. Both stories were made out of the whole cloth as there was not a scintilla of truth in the reports or any foundation for same. The following interview was given the News man by three of the most prominent Democrats in Salisbury Monday last: "As the News claims to be an Independent newspaper, we think it should deny the outrageous stories which have been printed in Baltimore papers to the effect that a movement is on here to induce a man by the name of Adkins to run as a labor candidate so as to aid in the defeat of the regular Republican nominee, Mr. Fred P. Adkins for the Senate. The Democratic Party in Wicomico County has never resorted to a crooked ballot even in the day when crooked ballots seemed to be in vogue. We have always had a straight honest ballot and a straight honest county and we are not changing our position at this late day. You can say for the Democratic organization in Wicomico County that we are not instrumental in putting up any independent candidate and do not propose to put up with any such trickery. You can also say that we have perfect faith in our ticket and perfect faith in our Party and believe that we can win without resorting to such subterfuges as these. The whole thing appears to our mind to have been an injurious piece of trickery on the part of someone to injure both the local and State Democratic tickets in the mind of Independent Democrats, and the whole thing is a fabrication from start to finish."

"WHEN BULL MEETS FORD"

After Encounter Ford Rolls Over And Keeps Right On Going.

Just why a particular bull grazing on a side hill in Santa Ana Canyon one day recently should entertain so sincere a dislike for a black Ford touring car is a mystery. He may have had gastritis or a bad liver, or he may have disliked all automobiles or all Fords.

Anyway, when the Harris family of San Pedro drove their Ford around the base of that sidehill, Friend Bull snorted, slapped his tail at a fly, missed it, saw red, and for want of something better to do, decided to engage the Ford in combat. There wasn't much of a fight. After the bull had turned the Ford upside down in the road, he was much better satisfied with himself and strolled into the shade of a nearby tree to view his handiwork.

The members of the Harris family had not been hurt seriously, so they mobilized forces, rolled the Ford over onto its wheels, cranked it, and continued their journey.

Will Manage Arcade.

Lee W. Insley, a resident of Bethel has assumed control of the Arcade Theatre this city, the largest theatre on the Peninsula south of Wilmington. Mr. Insley began his theatrical career in Philadelphia eight years ago as manager of a small moving picture house, since then he had managed several large and well known theatres and has engaged some of the best talent in the country. During the summer he has been at Ocean City, where he had charge of the Pier Theatre, which he managed successfully during the season.

The Arcade Theatre is almost new and is of the latest design, the interior and exterior being beautifully decorated in the most modern style. The new manager intends to book some of the best vaudeville and dramatic that it is possible to obtain. He is in New York this week making arrangements with a booking agency for the season.

TO PROVIDE LARGE AREA FOR NEW HOME CONSTRUCTION

Company Of Gentlemen Now At Work Reclaiming 25 Acres Of Land Near Heart Of City.

FIFTY HOMES MAY BE CONSTRUCTED IMMEDIATELY ON COMPLETION OF THE PROJECT AND MANY MORE MAY FOLLOW LATER ON—DEMAND NOW FOR 200 NEW HOUSES IN THIS CITY.

One of the greatest developments in real estate ever attempted in this locality is that which is now going on under the direction of Messrs. David J. Ward, S. Franklyn Woodcock and A. H. Parker, in that section of Salisbury known as California. Several months ago, these gentlemen bought a tract of land then partially covered with timber located between Blake and Gordon Streets and Lake and Delaware Streets in what was formerly known as the "Bog." The property consists of about 23 acres of land and the improvements were started by first cutting all the timber of a marketable size after which the property was thoroughly cleaned up of brush and underwood preparatory to the improvement.

The next step was to get the City Council to establish street grades across the property which has been done and the gentlemen then contracted for the filling in of this entire 23 acres of land and for several weeks, a large force of men and teams have been engaged in dragging down the hills surrounding the plat and already, the improvements begin to show for themselves. The promoters are fortunate in having plenty of sand and dirt to make the fill to the required height and it is the intention of having the property ready for January 1st, for the second stage in the development. This second stage will consist of the laying out of the main street and cross streets all of which will be properly shelled and cement sidewalks thus laid out making the entire 23 acres available for building sites in the early part of 1920. It is estimated that it will cost in the neighborhood of \$25,000 to fill this land, lay out the streets and build the sidewalks but the promoters are determined that the project shall be completed in the very quickest possible time and as soon as the farmers in this locality get less busy, the number of men and teams employed on the project will be doubled.

This property, lies adjacent to the new Cigar manufacturing concern recently located in Salisbury and it is understood that the Vice-president of this big concern who was recently in Salisbury requested Messrs. Woodcock, Ward and Parker to rush this work of filling as soon as possible as the Company is looking for a desirable location on which to construct 50 homes to be occupied by the people who will be employed in their factory here and if the plans of this new concern are carried out to completion and the additional factories erected for their big business, it will probably mean that instead of 50 houses, there will more likely be 200 homes ultimately constructed on this property. It is an ideal location for the working people who will be employed in this factory as it gives them a nearby location and the manner in which the land is to be drained and improved will make as desirable home sites as can be found in any of the manufacturing sections of this city.

If this scheme proves a success, there is ample land adjoining the 23 acres owned by these three gentlemen which could be similarly treated by being filled and improved which would furnish accommodations for at least 50 to 100 more houses of the same class. This property is owned by Dr. Samuel A. Graham, Cashier of the Farmers & Merchants Bank and lies adjacent to the land which is now being improved.

Besides being a great help in solving the housing question in this city, the filling in of this big bog will be of untold advantage in the matter of health to our inhabitants. For many generations, this entire area of land known as the "Bog" has been the champion spot for the breeding of mosquitoes and malaria in Salisbury, and the filling in of this large area of land will no doubt greatly reduce both these pests in this locality. If this can be followed by the filling in of the Dr. Graham property, it will still further remove a mosquito and malaria infested section of the city and ought to add greatly to the general health of our citizens.

During the past two or three weeks, we have had calls at The Wicomico News office from more than 25 different people who desired to locate in Salisbury and who were looking for homes to rent. Many of these new comers were forced to seek other towns because of their inability to find housing in this city. The advertising columns of this paper are filled continuously from persons seeking

BEAVER BOARD FOR BETTER WALLS & CEILINGS

Rejuvenate the Office the Home

An attractive office is a fine tonic for any business. And clean, convenient, cheery stores and factories have the same stimulating effect on sales and production. Are your business surroundings working for or against you?

Putting new life into old rooms is Beaver Board's long suit. A few of these big, sturdy panels of knotless, crackless manufactured lumber, hammer, saw, nails, some attractive wood trim and a little good paint are all you need to restore either business or living quarters to more than original attractiveness.

Rejuvenation with Beaver Board is quick, easy, pleasant work and the results are as permanent as your floors and other woodwork. Learn the possibilities of your rooms plus Beaver Board. Free Design and decoration service.

ECHOES FROM THE PLAZA OF THE COUNTY COURT HOUSE SQUARE

What is Talked About Under The Trees On The Public Green Gossip From The Various Sections.

HAPPENINGS AMONG THE PEOPLE OF THE VARIOUS SECTIONS WHICH ARE OF INTEREST TO ALL THE CITIZENS—POLITICS A LEADING TOPIC THESE FALL DAYS AND MUCH DIFFERENCE OF OPINION FOUND TO EXIST WITH THE PEOPLE.

The crowd sitting on the benches under the trees at the Court House last Tuesday were much interested in the subject of gunning, and many asked the question about the closed season for shooting squirrels. The following item may be of interest to this class of citizens and by careful reading, may keep them out of trouble with the deputy game wardens. "The season for squirrels in Maryland closed October 1 and will remain closed until November 10, when it again opens until Christmas. Owing to reports of squirrel shooting going on now, deputies have been instructed to arrest any one found in the woods with a gun. The object of this closed season is to keep gunners out of the woods and thereby remove the temptation of killing out of season game such as quail, rabbits and wild turkeys."

Express Wagons Back On Street.

In the last issue of the News, we had an article criticizing the manner in which the Adams Express business was handled in this city, especially in taking off the three horse wagons and trying to make the deliveries and calls in this city of 10,000 people with one motor truck. We note with satisfaction that the three wagons are on the street again and a somewhat improved service is now being given in this city. Whether or not the News article had anything to do with the change, we are unable to say but we are glad to report that the conditions are certainly now improved over what they were when the article was written. We can say with truthfulness that there is still room for improvement and we hope we will soon see it. Salisbury is too big a town and the people too dependent on one Express transportation Company for the service to be allowed to deteriorate.

Many Beneficiaries Under Will.

A copy of the will of the late John B. Parsons has been received in this city by the trustees of the Home for the Aged and under its provisions, it appears that there are about 16 of the first cousins of Mr. Parsons living in Wicomico County and Sussex County, Delaware, who will participate under the provisions of the will to the extent of \$1,000 each. Under the will, however, only those living cousins of Mr. Parsons at the time of his death will participate and their children or heirs will not come in the \$1,000 left to the original relatives. The will provides most liberally for the Home for the Aged, both as to maintenance and for the construction of the new Home.

Sale Of Almshouse Farm Approved.

The unusually large crowd in front of the Court House last Tuesday discussed quite freely the suggestion made recently by the Grand Jury that the County Commissioners should dispose of the county Almshouse and Farm and thus save the taxpayers \$4,000 to \$5,000 each year. One prominent farmer, speaking of this matter said that the suggestion was one of the best he had ever heard coming from a Grand Jury, and that there was no doubt that the County Almshouse had been a very expensive luxury for Wicomico County since its first organization. He said it was his opinion that if the cost of maintaining inmates at the County Almshouse for all the years which Wicomico County had owned the premises was thoroughly calculated that it would be found that these inmates had cost the County on an average of more than \$400 each a year to maintain and that this was just about three times more than it should be. It was the consensus of opinion among all the big crowd that the County Commissioners should act on this suggestion at once and that they would be lax in their duty if the present Board went out of office without doing something to relieve the county of this unnecessary burden. Several years ago, the County Commissioners sold the timber from the Almshouse farm and re-

alized several thousand dollars from same which was a good move and should be followed up now by disposing of the property, the buildings, as well as the stock and farming implements and send our inmates to the State institution at Cambridge where it is agreed they would receive far better attention than is possible to give them in the old ramshackle house in which they live at the County Farm.

A Clearing House For Farmers.

Mr. E. D. Bozman whose place of business is at the corner of East Church and Broad Street has aided the farmers very much during the canning season by organizing a clearing house for the delivery of their fruits and vegetables to the various canneries surrounding this city. By the arrangement, the farmers delivered to Mr. Bozman tomatoes and pears in large quantities at his place of business and he in turn distributed them to the various canneries in and near Salisbury thus creating a clearing station for the farmers and saving them much trouble in long drives to the canning establishments. In a very short time this season, Mr. Bozman handled 37,000 baskets of tomatoes, 10,000 baskets of pears besides other produce which the farmers left with him for the canneries. The prices paid for these tomatoes ranged all the way from 65 cents to \$1.25 per basket, while the pears brought from 75 to 90 cents, according to reports. The scheme proved a great convenience to the farmers as they could deliver these fruits and vegetables to Mr. Bozman as late as seven o'clock in the evening and Mr. Bozman had his fleet of motor trucks in readiness so that he could transfer them to the canneries the same night and by this arrangement, both the canners and farmers were accommodated, and the experiment proved a great success.

Great Interest In World's Series.

The World Series baseball game was the town topic while the games were being shown on the electric board at the Arcade Theatre last week and the crowd of sports gathered around the Court House discussing the pros and cons of the two competing teams showed the interest in which the National sport is held in this community. The attendance at all the games was large and one of the chief topics of conversation was the large sums of money which the winners would get for their services. According to reports, the players of the winning team received about \$6,500 each for their part of the receipts. The losing players received about \$4,500 each. This is considered fairly good pay as the games occupied only about a week's time. The members of the New York Nationals and the Cleveland Americans will receive about \$1200, while the Chicago Cubs and the New York Yankees, who finished third in their respective leagues, will receive about \$800.

SUSSEX COUNTY REAL ESTATE SELLING AT HIGH FIGURES.

Sweet Potato Diseases On The Increase Causing Great Losses To Many Farmers—Tax Rate For Milford Special School Dist. Fixed.

C. Edward Hurley, of Seaford has begun the erection of an apartment house in Bell's Exchange, recently by him purchased from John Barwick of Greenwood. The apartment will have accommodations for three families. It is said that Frederick Owens of Owens & Co., also will build an apartment house over their store here, and that other store proprietors along High street contemplate doing likewise.

Work has been started by Walker and Savage of New York City, contractors, on the new concrete road from Laurel to Pepper's Store. This is the first stretch on the county road which is planned to connect this town and Millsboro via Pepper's Store, Lowe's Cross Roads and Mission. Walker and Savage have just completed the part of the new State Highway between Laurel and Delmar, which is said to be one of the finest pieces of road in the State.

Delegates to the Farmers National Congress, which will be conducted at Hagerstown, Md., October 28-31, have been selected from Sussex county by Governor John G. Townsend, Jr., as follows: Andrew Marvel, Georgetown; Ex-Governor Simeon S. Pennewill, J. Frank Hayes, Greenwood; Samuel H. Messick, H. P. Cannon, Bridgeville; Henry Clay Lewis, North Laurel; Ex-Congressman Hiram R. Burton, Lewes; Brooks L. Ross, James Fridel, Seaford; Ex-Secretary of State George H. Hall, Jacob H. Rosa, Milford.

Sussex Trust Co., as agent for William H. Cottingham, sold his 30-acre farm in Pilot Town, Saturday last, for \$2,700, to Thomas R. Ingram. It is one of the finest little truck farms in that locality. Frank Derrickson has purchased the Robert C. Titterton property on King street, near the Pennsylvania depot, in Lewes, and will move his family there from his father's farm the first of the year. Mrs. Walter H. Walls has purchased the Joseph M. Harrison property on South street, Lewes, near the schoolhouse, and will make her home there the first of next year, leaving the farm on account of the death of her husband a few weeks ago.

Mrs. Norman Stockley of Laurel, and her six months old baby, were injured in an automobile accident at Ross' Station, one mile north of Seaford, last Wednesday night. Mr. Stockley attempted to pass a car ahead of him and collided with a telephone pole, which threw all the occupants of the car out. Mr. Stockley escaped injury, but his wife received a cut on her forehead and probably internal injuries, while the baby also seemed to be injured internally. It was thrown about 25 feet from the automobile, into a clump of bushes. The injured were carried to Seaford and their wounds attended to by a local physician, after which they returned to their home in Laurel.

Ground was broken, Tuesday, by Contractor William M. Connelly of Wilmington, for the construction of the Home for Feeble-Minded of Delaware, located about six miles south of Georgetown and two miles from Stockley. Three buildings are to be constructed, each one of brick, but at the present time only one will be erected, which, when completed, will cost about \$20,000. It is stated that when the first building is about completed, contracts will likely be awarded for one and probably both of the others. The tract of land upon which the buildings are to be constructed consists of about 800 acres, 200 cleared and the remainder in woodland.

The sweet potato diseases in Sussex county are on the increase as every grower realizes, and County Agent M. C. Vaughn is planning on holding field meetings with all farmers interested in routing out sweet potato diseases and everyone interested in such matters should call on Mr. Vaughn for assistance. J. M. LeCato, extension pathologist, will assist in this work. The above named gentlemen while at the Norfolk Truck Experiment station made arrangements with Professor T. C. Johnson, director, to purchase disease free seed from the station at harvest time at the market price. This gives the growers of Delaware a splendid opportunity to secure good seed potatoes.

Last Tuesday in the Kent county Levy Court, on motion of Mr. Woodruff, the tax rate for the Milford

Special School District was fixed at 7 1/2c on the \$100 for property, and the poll tax at \$6 for all persons residing in the district, which is composed of that part of the school districts in both Kent and Sussex counties. The Levy Court at Georgetown took the same action last Tuesday, and fixed the same rates, which makes the tax rate uniform for the entire school district lying in both counties, and composing the Special School District of Milford Public Schools. All the property in Sussex county, or South Milford, will have to pay the school tax so levied as above to the Receiver of Taxes at Georgetown, who will render a bill for that and this bill will include the poll tax if there should be one. All property in Kent county, or North Milford, will pay the school tax so levied as above to Frank Salevan, the collector for the Tenth Representative District of Kent county. In each case the taxpayer will have to call on the authority named to receive the taxes.

Chamberlain's Cough Remedy.

This remedy is intended especially for coughs, colds, croup and whooping cough. From a small beginning its sale and use has extended to all parts of the United States and to many foreign countries. This alone is enough to convince one that it is a medicine of more than ordinary merit. Give it a trial and you will find this to be the case.—Adv't.

CORN VERY SCARCE WITH FARMERS ON PENINSULA

Grain Was Overseed Last Year and This Spring By The Farmers.

Complaints from the farmers of Delaware especially of Sussex County and also of several counties on the Eastern Shore of Maryland of a shortage of corn brings out the fact that because of the high price of this cereal last year and early this spring, farmers sold too much of their crop and many of them are now forced to go into a market to buy enough corn to last them until the crop is saved this fall. Notwithstanding the tremendous corn crop which was raised in lower Delaware and on the Eastern Shore, the farmers could not withstand the temptation to sell their corn too close because of the attractive prices which it brought in the market.

Complaint is also heard that country people will be short of fodder on the peninsula because of the terrific wind storm which prevailed in this section a month or so ago when thousands of acres of corn were destroyed by the high winds, the fodder practically being ruined and in many cases, the farmers have not attempted to save the fodder crop as the cost of doing so was far in excess of the value of the long feed to the grower. Because of this, it is expected that the peninsula will be the heaviest user of

hay the coming season than for many years past and this in the face of the fact that those who have to buy hay for their stock will be forced to pay an extremely high price. This will result in the sale of many mules and horses now on the farms so as to relieve the farmers from having to feed them during the long winter months.

MANY POSTMASTERS BEING APPOINTED BY PRESIDENT

Department Demands That Postmasters Shall Give Full Time To Office.

During the past few weeks, President Wilson has sent many appointments to the Senate, of Postmasters throughout the United States for confirmation. Among the number have been several in Maryland, many in Delaware and Virginia. In some cases, the present postmasters are being re-appointed while in others, new names are being sent in to fill the positions. It seems to be the policy of the President and the Postoffice Department to rename present postmasters where the service of the office is giving entire satisfaction to the public and where the postmaster is staying on his job and giving his attention to the business. It is noticeable however, that where the present appointees are lax in their attention to the business or where they are connected with outside enterprises that new names are being sent in for

appointment. It is understood that the policy of the present Postoffice Department is that postmasters of the second and first-class shall have no other business or shall not be connected with any enterprises on the outside which shall divide their attention with the duties of the office. It is understood that the term of the postmaster at Salisbury does not expire until March next, and this appointment will probably not be taken up for some months to come.

—The craze which has seized all classes of people to own automobiles was clearly demonstrated at Camp Holabird a few days ago when several hundred broken down, dilapidated and shot-to-pieces automobiles were sold at public auction by the transport service of the Government. Thousands of people visited the scene and bid the most extravagant prices for these "tin lizzies" and other cars when in many cases, the machines would cost more for repairs than their original first cost. Within the next few days, a big sale of trucks will be held at the same place and it is expected that the same rush to buy will be seen as was exhibited in the sale of the pleasure car.

BUNCO MEN ARE STILL HOT AFTER THE COIN

But New Securities Offered by Government Are Calculated to Go Far Towards Ending Their Business

Farmers are a great deal more prosperous than they were a few years ago. Nobody knows this any better than that suave and oily gentleman, the "bunco man." The farmers' prosperity has made him a shining mark in these parts. The fake security man, the stock company promoter and the wily sharper are mighty busy persons just now and a great many of them are "working the country," and working it hard.

Do you recall the "miracle wheat" proposition of a few years ago? May be not by that name, for it had a good many names. One of its aliases was "Jerusalem wheat." Another was "Egyptian wheat." However, the name doesn't matter much for it was all the same thing. Most farmers will recall it, anyway.

When the farmers would not fall for the story any other way they were told that if they would give \$10 or maybe \$20 a bushel for the seed they could sell the whole harvest back in the fall for the same price per bushel that they paid for the seed.

Of course, some people bought and paid for the seed. And they went ahead and sowed it and waited a year full of trustfulness but the sharper who was to take the crop off their hands failed to show up. They found that they had a very poor grade of wheat, anyway, and it dawned upon them that they had been stung and stung hard and deep.

Right now a good many farmers are being offered all sorts of investments, oil stocks and plantation stocks and a whole lot of other stocks. Some of these are offered in exchange for War Savings Stamps and Liberty Bonds. Some of them, too, are just about on a par with the "miracle wheat" that came from Egypt or Palestine. It will pay about such dividends. It is likely not to pay a cent one way or another. In a few years it will be valuable only as waste paper.

The same United States government that more than a year ago promised the American farmer \$2.25 for his wheat, and is making good every day, is now offering the farmer an investment that is just as safe as the wheat that he grows on his farm this year after it is stored in his granary.

New Treasury Saving Certificates, simply a development of the familiar War Savings Stamps, can be had. These certificates are offered in denominations of \$100 and \$1,000 on the identical terms of the War Savings Stamps.

Eighty-four dollars and twenty cents invested in a \$100 Certificate will grow into a \$100 bill by January 1, 1924. Multiply these figures by ten and the words will apply to a \$1,000 certificate. Or the youngsters, or the person with limited means to invest, may pay \$4.21 for a War Savings Stamp and on January 1, 1924, it will be a \$5 bill. These securities draw four per cent interest, compounded quarterly.

War Savings Stamps do more than add dollar to dollar. They begin to multiply.

Vitalize the saving habit. Buy War Savings Stamps.

Lend money to your government. Buy Thrift and War Savings Stamps.

Own a part of the United States government. Buy Thrift and War Savings Stamps.

A stamp in time saves time. Buy W. S. S.

Opportunity knocks. It's knocking now. Buy W. S. S.

BANKS GAVE SPLENDID AID IN LOAN DRIVES

Publics Should Now Help Them In Their Efforts To Make Country Even More Prosperous.

By Carter Glines, Secretary of the Treasury. No group of men in the United States measured up to the test of the great war more admirably than did the bankers. The success of the United States Treasury Department in securing over \$61,000,000,000 in Liberty Bonds and Victory Notes during the last two years was due in no small measure to the patriotic co-operation of the banks. They took a most active part in each of the loan campaigns.

They subscribed generously for themselves, made loans to their customers in order that they might buy bonds, and sold bonds on installments to accommodate those having small savings. In other words, the banks did everything possible to promote the sale and distribution of government securities.

The banker can render an equally great service in reconstruction by co-operating with the government in its movement to teach the people of the United States the lessons of sound finance and wise investment. In promoting this cause the banker will aid his institutions and the financial situation in general at the same time.

Now that the war is over the people should be impressed with the wisdom of holding their government securities and also of purchasing more, from time to time. The more generally the people of the United States absorb government securities the greater will be the ability of the commercial banks to devote practically all of their resources to furnishing adequate credit to the commerce and industry of the country.

Providing short-time credit to commerce and industry is their normal peace-time function. The sale and movement of farm crops, manufactured products and other commodities, as well as the continuous and efficient employment of labor, in fact, the whole industrial process will be promoted by permitting the commercial banks to devote all their resources to this function.

The people of the United States should, therefore, be encouraged to pay off their installments and borrowings on bond collateral as rapidly as possible, and also to purchase additional government securities as issued from time to time or if the market. If this is done the people of this country will be benefited in a twofold way. They will free material and labor for the production of commodities which are now so desperately needed the world over. At the same time they will be strengthening themselves financially.

HOW THEY GROW

Plant a crop. Nothing happens. Nothing that one can see.

Be patient. The seed sprouts. The stalk pushes its way through the earth. Still no sign of fruit.

Be patient. Leaves come out. Buds open. Berries begin to form. Still no harvest.

Be patient. The fruit fills out. It ripens. It matures. Harvest at last - miraculously increased from a little handful of seed.

But the War Savings Stamp beats this. There is no element of risk.

There is no way to lose. You must win. Your money works for you. It makes more money all the time.

War Savings Stamps work bank account wonders.

S. P. WOODCOCK & COMPANY SALISBURY

MAKING NEXT DOOR NEIGHBORS OF THE EASTERN SHORE AND BALTIMORE

A NEW ERA is dawning for Maryland—an era that will make the State one great unit of thought and action, instead of two separate communities with varying ideals and problems. This new era will mark the passing of the old territorial lines, established when Nature steered the course of the mighty Chesapeake through the heart of virgin Eastern American, and left the gorgeous hills and magnificent valleys on the Western Shore, with broad, fertile fields to be the heritage of the golden Eastern Shore. Separated by a broad expanse of water, and with different conditions confronting the inhabitants of each section, it was but natural that these two halves of Maryland should grow wider apart with the passing years. But they are at last to be cemented by the bonds of closer fellowship; by a greater and more thorough understanding; by a more intimate and a more agreeable association. The future holds in store for them greater social, political and commercial activity than ever before. They are to know each other as they have never been privileged to do in the past. Western Maryland, with Baltimore at its head, is to know more about the Eastern Shore, and the Eastern Shore is to learn more about Western Maryland. These two great communities are to be real next-door neighbors. And the answer is—the Peninsula Ferry between Love Point and Baltimore.

Ten years ago the only method of communication between the two halves of Maryland was by means of tedious, long-drawn-out water journeys, or by the more expensive process of traffic over the railroads. Five years ago a new means was established when the state roads were opened up to motor traffic. But even that involved considerable time and expense. Today, quick, direct and effective means of communication are being established in the organization and operation of Bay Ferries—carrying Eastern Shoremen direct to Western Maryland; bringing Western Marylanders in to the very heart of the Eastern Shore.

HOW THE BAY FERRY IDEA WAS CONCEIVED

Ever since the automobile became such a vital and important factor in the commercial and social life of Maryland, the demand has steadily been growing for closer association between the two halves of the state. It was but natural that Marylanders should begin to inquire into solution of the problem, and when great minds began to meet the issue, the answer was either a bridge across the bay—or bay ferries. It was soon found that the bridge, while possible, might prove thoroughly unfeasible, and certainly very expensive. Constructive figures were staggering; maintenance estimates were disheartening, and the ultimate success was uncertain. So the bay bridge became a dream—possibly a reality of the future, but undesirable for the present.

Then Maryland minds drifted to the Bay Ferry proposition. Investigation disclosed that ferries were thoroughly practical and maintained with even reasonable patronage. Capt. C. W. Harrison, one of the practical steamboat men of the East, realized the possibilities, and laid his plans before Governor Emerson C. Harrington. Both entered enthusiastically into the work and the Claiborne-Annapolis ferry resulted. Capt. Harrison always believed that the Love Point route would prove the only practical one, but he was over-ruled, and after the ferry had been successfully placed in operation, he turned his time and attention to the duties of operating the Baltimore and Southern Navigation Company's line of steamers.

He still clung steadfastly to the belief, however, that Love Point offered the real, practical solution to a thoroughly successful bay ferry, and several months ago a delegation of Eastern Shore's most influential and representative citizens called upon him and asked him to use his influence and devote his experience to the establishment of a bay ferry from Love Point to the heart of Baltimore. He consented.

LOVE POINT AS THE LOGICAL GATEWAY OF THE SHORE.

A glance at the map of Maryland, with its broad stretch of water through the two great shores, readily discloses the fact that Love Point is the logical gateway of the Eastern

Shore. It is the only point from which a ferry may be operated with entire practicability into the city of Baltimore. There are numerous points where the water distance between the two shores is less, but there is no place which commands such quick accessibility to Baltimore. Therefore, when the Claiborne ferry was started it was necessary to run the boats to Annapolis, and travelers must proceed the remaining distance to Baltimore overland, a distance of 28 miles. The Kent ferry must operate between Rock Hall and Bay Shore, and travelers must furnish their own means of getting from Bay Shore into the city. But by the Love Point route, the service is directly into the business section of Baltimore.

ORGANIZATION OF THE PENINSULA FERRY CORPORATION.

These facts were all carefully considered; maps were consulted and thorough investigations conducted. Then, in July, the Peninsula Ferry Corporation was incorporated under the laws of Maryland, and complete plans of operation, together with other necessary details, were laid before the Public Service Commission of Maryland. After reaching this stage, swift action was taken, and today a magnificent pier stands practically completed at Love Point. This will be the Eastern Shore landing of the Ferry. In Baltimore work will immediately begin on a commodious and comfortable terminal at Pier 4, Pratt street, in the very heart of the city. This will be the Western Shore terminal of the ferry.

The Steamer St. John, of the Baltimore and Southern Navigation Company, lies in her dock ready to steam out on the initial journey between these two Maryland points. In New York the ferry which is eventually to be operated across the bay is ready to undergo the repairs and improvements that will convert her into the most magnificent, palatial and comfortable ferry steamers in the world.

Swift action for three months! Action that has been backed by sound judgment and executed with wisdom and fore-sight!

The incorporators of the Peninsula Ferry Corporation determined to leave no stone unturned in the effort to make the governing influences correct in every detail. They deemed it wise, therefore, to select men of calm deliberate judgment, and ample experience in transportation and shipping, to head the company. C. W. Harrison, President of the Baltimore and Southern, was made President, and A. S. Butterworth, Director of the same company, is associated as Vice-President with Capt. Harrison. R. T. Ford, Treasurer of the Baltimore-Southern, also is Treasurer of this company. Charles H. St. John, who for eleven years was Vice-President and General Manager of the Baltimore, Potomac and Chesapeake Steamboat Company, and who more recently has been

Vice-President and General Manager of the Baltimore-Southern, occupies a similar position with the corporation. A. W. Lockard, who until last August was secretary to Governor Emerson C. Harrington, and who, in this capacity, was in intimate touch with the establishment and operation of the Claiborne-Annapolis Ferry, is now associated with Capt. Harrison and is a director of the Peninsula Ferry Corporation. These men have devoted a great portion of their lives to

and the facts as stated here, must correspond with the complete plans furnished the Public Service Commission of Maryland.

WHAT THE PENINSULA FERRY CORPORATION PROPOSES TO DO.

In the beginning, it should be understood, without any attempt at disparagement of any other proposition, that public service corporations, such as the Peninsula Ferry Corporation, is subject to the direction of the

Mandalay, now operated from Battery, New York, to the Highlands. The Mandalay is one of New York's most successful and popular excursion steamers and has made thousands and thousands of dollars for its owners.

The carrying capacity of the Stapleton will be approximately 8500 people, depending upon the equipment placed on her, and she would have a maximum speed of seventeen to eighteen miles per hour. She probably will be converted into an oil burner, instead of a steamer, to effect a greater economy in operation. The schedule, as arranged, will be as follows: Leave Baltimore Lv. Love Point

5.00 A. M.	7.00 A. M.
9.00 A. M.	11.00 A. M.
1.00 P. M.	4.00 P. M.
6.00 P. M.	10.00 P. M.

WHAT THE EARNING CAPACITY OF THE FERRY SHOULD BE.

Careful and conservative estimates, based on the success of the Claiborne ferry, and taken from statistics that are known to be correct and reliable, the Peninsula Ferry Corporation may safely figure a gross daily revenue of not less than \$700 for each day between October 1 and May 31, which would give a gross revenue per month of \$21,000. The gross expenses, including the operation, cost of piers, help, executive force and general office expenses would not exceed \$15,000 per month, leaving a net of \$6,000 per month. These figures can be exceeded, but even on this basis it can be seen that for eight months operation, a net of \$48,000 would be earned. And this would be simply on passengers and automobiles.

From June 1 to September, Baltimore's population of nearly a million souls, seeks recreation in the country. Thousands and thousands go to Love Point now, with uncertain and unattractive service, and tens of thousands more go to Tolchester and a dozen other Maryland resorts. With quick ferry service out of Baltimore, hundreds of thousands of Baltimoreans every week would make at least one journey to Love Point, and during these four months every passenger that could be carried on the Ferry would be worth much more to the capacity of the line. By carrying even a reasonable number of automobiles and passengers during the fall, winter and spring months the ferry could pay big dividends, and with the summer excursion crowds on the upper decks, the success of the proposition would be certain.

In order to make this an investment that shall be absolutely safe and certain, the corporation is preparing to add the excursion feature and thus increase the company's earnings.

HOW STOCK IN THE FERRY CORPORATION MAY BE OBTAINED.

Stock in the Peninsula Ferry Corporation is now being sold. The par value of the preferred stock is \$100 per share and it is 7 per cent. accumulative. With each share of preferred stock, the company is giving 5 shares of common stock as a bonus. As soon as the company begins to show earnings this common stock will be worth many times its par value, and it may safely be said that the investor will be able to dispose of his common stock at a figure very nearly equaling his original investment, and can still receive his 7 per cent. on the preferred stock. It is believed that the dividend on the common stock should very soon be not less than 25 per cent per annum, and this, very naturally, would make the stock very valuable.

This proposition will bear the closest and most rigid scrutiny and investigation, and investors are invited to make a most thorough inspection of the entire proposition. Unlike the "get-rich-quick scheme," where the promoter cashes in on the money paid by the investor or speculator, this proposition can bring no profit to the promoter from the money of the investor. The one and only way for the promoters to derive one penny of profit is for the ferry to pay dividends, and then the promoters share equally with each and every stockholder. It is in this way and this way only that any one can hope to earn anything on the proposition, and this means that every effort will be exerted to giving a clean, economical management, and a service that will appeal to the public. Unless this is done neither the promoters nor those who buy stock now can hope to gain.

The bay ferry undoubtedly will prove one of the biggest assets the State of Maryland ever had. If railroad and good thoroughfares are conducive to the increase of land values and have a tendency to increase general prosperity, certainly more direct means of communication and traffic should ensure correspondingly to the resources of Maryland.

The necessity for a ferry has been created wholly by public demand and public need. The ferry has its origin in a long felt want that only a ferry could fill, and the people of Maryland may feel sure that they can invest in this proposition with unqualified expectation of receiving big returns promptly.

If you would like to hear more about the ferry proposition fill out the blank below, with your name and address, and the Peninsula Ferry Corporation will place further facts and figures at your disposal.

ONE COMPLIMENTARY TRIP TO BALTIMORE

Cut out and forward this coupon to the address given below and we will send you, absolutely free of any cost or obligation, a complimentary pass, redeemable for a free trip to Baltimore on the Love Point Ferry.

This coupon must be mailed not later than October 25th, 1915.

the successful operation of bay and ocean-going vessels. And their experience and judgment should be valuable to the Ferry Corporation.

WHAT BALTIMORE CITY HAS DONE TO ENCOURAGE THE FERRY.

When the Love Point ferry was proposed, an Eastern Shore delegation went to Baltimore and interviewed the Mayor and all the large trade organizations of the city, with a view of enlisting their co-operation and support. Investigations were conducted with the result that many of the larger associations in unqualified terms endorsed the Love Point route as the logical and practical one.

When the company assumed concrete form, Baltimore was called upon to express her co-operation in more substantial form, and prompt action was taken. An agreement was reached whereby the city is building at the foot of Market Space, Pier 4, Pratt street, a commodious and comfortable terminal. This will be the Western Maryland end of the Love Point ferry. On one side of the ferry will be the Dock of the Baltimore-Southern Navigation Co.; on the other side the accessible landing for the ferry. Above, passengers will be received and discharged from the ferry, and the difficulty of handling passengers and motor vehicles from the same deck will be completely eliminated. There will be no danger, no confusion, and greater speed and convenience in both receiving and discharging passengers and motorists.

In numerous other ways Baltimore has shown a commendable public spiritedness in backing the ferry.

WHAT THE EASTERN SHORE CAN DO FOR THE FERRY.

It is a well established fact that even public service corporations can prosper to a greater extent where the public is interested in the success of the proposition. And with this end in view the Peninsula Ferry Corporation, when it became a corporation, prepared to issue stock to Marylanders. The Company is organized with 2500 shares of 7 per cent. accumulative stock, par value \$100. per share. There are also 30,000 shares of common stock, at \$5. per share.

This stock is being distributed in Maryland, to effect interest, and to place the corporation on a sound, conservative business basis.

In offering this stock to the public, the Peninsula Ferry Corporation realizes that it must take the lying public freely

While other bay ferries in Maryland must depend entirely upon the motor traffic and traveling passengers for revenue, the Love Point ferry has another source of revenue which should prove an important factor—and which will undoubtedly add greatly to the ferry revenues.

At first it was planned to place a ferry with a capacity of forty autos on the Love Point route. During the last month, however, it has developed that a ferry of this size between Claiborne and Annapolis is proving thoroughly inadequate, and though making numerous trips each day, as high as 100 machines have been left behind on a single trip. This would have a tendency to cause motorists to hesitate before traveling to Claiborne, for fear that, upon reaching there, they might not be able to obtain transportation.

It was, therefore, deemed wise to obtain a boat that would carry not less than eighty machines, and which also would be a boat built for the express purpose of ferrying.

Representatives have found such a boat in the Str. Stapleton.

The Stapleton is a large double-ended steel ferry-boat with a length of 260 feet, 62 feet beam, with first-class boilers and engines. She is a speedy vessel. This boat will be remodeled as follows:

The housing will be ripped off entirely, and the entire lower deck converted so as to accommodate vehicles. The second deck, with dancing pavilion, lounging rooms, soda fountains, rest rooms, toilets, locations for orchestra and amusements. The third deck will be arranged with awnings to accommodate excursionists. These alterations will convert the Stapleton into a steamer similar to the Str.

MEET CAPT. C. W. HARRISON, PRESIDENT OF THE PENINSULA FERRY CORPORATION:

Capt. C. W. Harrison, North Carolinian by birth, but Marylander by adoption, in his early manhood captured an Eastern Shore lady as his bride, and then proceeded to capture a considerable portion of the coast-wise and ocean-going traffic of the East.

He is President of the Baltimore-Southern Navigation Company, one of the most successful freight and passenger lines operating out of Baltimore, and is also the pioneer of Chesapeake Bay Ferries.

He is a man of wide experience in shipping circles and is regarded in the business world as a man who makes a success of any enterprise he undertakes. His associates in this enterprise dare to brave his displeasure over publicity, because they want Marylanders to know and realize that the Peninsula Ferry Corporation has a man at the helm who has guided many big ships to many safe ports.

Speaking of Angels

By FREDERICK CLARK

(Copyright, 1919, by the McClure Newspaper Syndicate.)

"I suppose life must hand out some compensation," Irma said thoughtfully. "You see he hasn't brains or looks so he had to have money."

"I don't think he's terribly bad-looking. He's interesting. I like one of those lean, keen-eyed kind of desperate looking persons much better than the curly-haired hero ones."

Irma picked strawberries, delicately, selecting only the choicest and ripest. The June sunlight shone warmly down on the patch of garden on the southern hill slope. Rows of raspberry and currant bushes stretched in long even lines behind the girls, and still past the bushes, rose sentinel rows of fruit trees, each bearing a fragrant load of promise.

Meadowbriar had never seemed so attractive. This year they had left the city a full month earlier than usual, because of Irma's convalescence. Sunlight and air had been ordered for her, and a new interest. "There aren't any new interests in the country," Irma had said indignantly when her father had announced his plan of shipping Nancy and her off early. But after the first few days at the big white house she seemed to "grow a new point of view," as Nancy said. It was beautiful there by the same. Everything was growing richly about them. The garden fairly called out of its abundance for somebody to pick its berries and salad material. The peas perked up eager lines of green, the radishes fairly pushed through the brown earth as if eager to be pulled.

The only drawback had been the loneliness. All of the other summer homes opened in July and August. The shuttered windows baffled and depressed Nancy until one morning she discovered that there were signs of habitation at the Lyons place. It was the next shore property to theirs.

Found Himself Facing Their Neighbor.

brand new and aggressively luxurious. Then, again, it was painted yellow and white. Nancy said it looked like scrambled eggs with parsley garnishments, but this was only envy. Its spacious, finely kept lawns sloped to the water's edge; its hedges were perfectly clipped, and its greenhouses lured one even at a distance with their promise of beauty within.

The place had been sold that spring, the head gardener told Abby, the Newcomb's maid. Randolph Moore was the new owner. The girls knew who he was. All during the war his name had been in the papers over and over again as one of the flying heroes. He had inherited millions from his father, and had almost succeeded in unloading most of his wealth in government service and social betterment lines abroad and here. So it had been a distinct disappointment to find him rather an ordinary looking man, with none of the earmarks of the popular hero.

"Not that it's his fault," Irma began again. "I wish he'd try to be neighborly, anyway. Any one would be a diversion out here."

"You want to flirt with him and break his heart," Nancy laughed. "I saw him first, and I'd console him. He looks as if he needed consolation awfully."

"He needs, just like I did, probably a few interest. If he were only worth while I'd try to worry him just while we're here."

She gathered up her luncheon dish of berries and went on up to the house, and Nancy started for the raspberry bushes, when a figure rose from the far side of the bushes a tall, lean figure, and she found herself facing their neighbor.

It was a tense moment, but as Nancy said later, she fixed everything. Blushing and rattled, she told Mr. Moore that she was so very sorry they had talked about him. He was complimented that they had even noticed him, he told her gravely. And then he had added that they had the best berries around there, and he had been

offering joyously ever since his arrival. The following day the Moore gardener brought over long-stemmed bunches of roses and peonies. The next day, came early punches from the greenhouses, and more roses. But Nancy switched the cards, for on the flowers was her name, and on the punches Irma's. She tried to steer him on a straight course deftly by telling him that Irma was "the" Miss Newcomb.

"I'm only Nancy. I just left school last year. Irma's so clever when you get acquainted with her. Of course she's hard to get acquainted with—"

"Her particular?" queried Moore, tentatively. "I'm glad you're easily pleased."

Nancy worried and puzzled over him for several days. But somehow, the days stretched into weeks, and it became the usual thing for her to find him waiting for her down in the garden and when the phalanx of cut-throats and other pests advanced on the Little Meadowbrook garden, he hurried in and helped her fight them.

While Irma swung in the big wind-buffed hammock on the veranda, and read. Sometimes Nancy wondered whether she was doing wrong not to tell her sister of their comradeship, but the fear of Irma's swift little riddling hold her silent. Even if he didn't look heroic, he was a delightful companion and she had grown to miss him when he did not come now.

Abby startled her one morning in late July by saying that Rodney, the gardener, had told her Mr. Moore was going to be married. Rodney knew the signs, it appeared. He had ordered twice as many rose varieties put in, and the south end of the house was being fitted over with a view to feminine occupancy.

Nancy walked slowly down the path that morning, her lavender gingham dress brushing the marigolds lightly, and her eyes were full of a young, poignant misery. She had not dreamed she could miss him so, and that all the dear companionship of the past weeks had been only a summer acquaintance. And suddenly she stopped, for there by the tall hedge that separated the two grounds she caught the sound of his voice talking to Rodney.

"I'd put in the 'Jacks' and 'brides' mostly. Plenty of them, Rod, and run some climbers up to those south-end windows. Do you think I've got any chance to win?"

The old man chuckled audibly. "Better be about it, Mr. Randy," he said. "She's bigging fast, and she'd be a beauty. I'd make sure pretty soon."

He ambled on toward the greenhouses, and Moore came over to the hedge with eager, teasing eyes.

"Speaking of angels," he said. "You remember how I heard you talking about me that first day? Turn about's fair play, isn't it? Do you think I've got any chance to win, Nancy?"

Nancy gasped and backed away from his outstretched arms.

"Irma'll blame me awfully," she faltered.

"Well, life must hand out some compensation to me," he said. "Tell her that."

DAY OF POLISH REJOICING

For the First Time in a Century the Feast of the Victrola Had a Special Significance.

Toward the end of June Poland celebrated the great fete of the Victrola. No man knows when the tom began, but it is old, as old as the ancient rites of the sun worship, who hailed the passing of the summer solstice. In those ancient days there lived a queen in Poland of the name of Wanda. Legend has woven romance around her name and on this day of the Victrola Polish girls and boys throw flowers into the stream in her memory. The fete in these modern days begins at the setting of the sun, when Warsaw assumes the aspect of Venice. Torches, fireworks and illuminations effect the transformation, while the townfolk crowd the banks watching the lanterned skiffs dart through the waters. This year the day coincided with the expiration of the delay granted the Germans to accede to the allied peace terms. The decision of the Weimar assembly became known in the morning and Warsaw threw up its cap and gave itself up to merrymaking. The boys and girls threw their garlands into the Victrola, as they have done for centuries, but for the first time in over one hundred years they floated the way to the sea through Polish territory.

New Breed of Cattle.

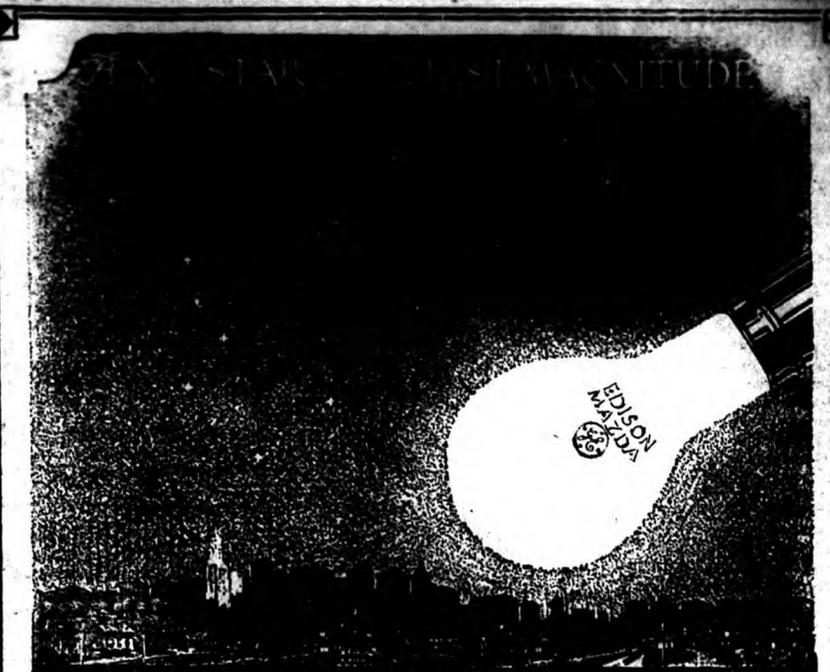

India's sacred cattle, the Brahmin, closely related to the zebu, promise to become money makers for south Mississippi, according to E. E. Elliott, beef specialist of the department of agriculture for that section of the state.

Crossed with American beef breeds, such as the Hereford, Angus and Shorthorn, the Brahmins produce hardy specimens able to maintain themselves without much more care than is required by goats.

Several herds are owned in the southern counties, and live stock men believe there is a future for them. The original stock were brought to the United States during the Roosevelt administration.

SOME OBSERVATIONS OF THE MAN ABOUT TOWN

The 60th Anniversary Of Division St. Baptist Church A Great Success.

STARTED WITH A MERE HANDFUL OF MEMBERS.

Some Of Those Who Made It Possible For The Present Congregation To Have Such A Prosperous And Interesting Membership.

Last week, was a glorious week for the membership of the Division St. Baptist Church in this city as it marked the 60th Anniversary of the founding of this noble band of Christians in this city. Seldom has a religious congregation been established under more adverse circumstances than was this Church 60 years ago because of the small number of adherents to the faith and the great struggle which the congregation had in getting itself established, but nothing daunted the mere handful of good citizens who determined to have their faith established in this community and year by year, the work was carried on with a determination to make it a final success and the big anniversary held here last week proved the solidity on which this congregation was established, and the joyous occasion was entered into not only by the members of the Division Street Baptist Church but also by hundreds of other Christians of this city who rejoiced with the members of the Division Street Baptist congregation on the

Then Maryland minds drift to the Bay Ferry proposition. Investigation disclosed that the routes were thoroughly practical and maintained with even reasonable patronage. Capt. C. Harrison, one of the practical steamboat men of the East, realized the possibilities, and laid his plans before Governor Emerson C. Harrington. Both entered enthusiastically into the work and the Claiborne-Annapolis ferry resulted. Capt. Harrison always believed that the Love Point route would prove the only practical one, but he was over-ruled, and after the ferry had been successfully placed in operation, he turned his time and attention to the duties of operating the Baltimore and Southern Navigation Company's line of steamers.

LOVE POINT AS THE LOGICAL GATEWAY OF THE SHORE.

A glance at the map of Maryland, with its broad stretch of water through the two great shores, readily discloses the fact that Love Point is the logical gateway of the Eastern

Two Big Stores T. F. HARGIS, Pocomoke City, Md.

Swift action for three months! Action that has been backed by sound judgment and executed with wisdom and fore-sight!

The incorporators of the Peninsula Ferry Corporation determined to leave no stone unturned in the effort to make the governing influences correct in every detail. They deemed it wise, therefore, to select men of calm deliberate judgment, and ample experience in transportation and shipping, to head the company. C. W. Harrison, President of the Baltimore and Southern, was made President, and A. S. Butterworth, Director of the same company, is associated as Vice-President with Capt. Harrison. R. T. Ford, Treasurer of the Baltimore - Southern, also is Treasurer of this company. Charles H. St. John, who for eleven years was Vice-President and General Manager of the Baltimore, Potomac and Chesapeake Steamboat Company, and who more recently has been

Public Opinion Column

Subjects in Which The Public Are Interested Enough To Write About.

(This column is for the free use of the public to express their views on important subjects. All letters to the Editors must be signed by the writers with their correct names, but their names will not be published unless desired. No libelous matter will be inserted and if communications which are not used are enclosed returned, a two cent stamp must be enclosed.)

BELGIUM AND HER RULER.

Albert, King of the Belgians, has lived in America. We greet him a true and noble defender of justice and liberty. The world is grateful to King Albert for his refusal to stray the sacred pledge to France, and bring dishonor upon his country. His manly stand brought ruin and devastation to his country. But the assistance of the heroic sons of Belgium was a vital strike for Democracy and stopped the Prussians in their scheme to quickly slaughter allant France. The sympathy of the United States goes out to Albert and his people.

We redeemed ourselves on the day we decided to take our stand with her the defense of the common rights of men. I say this without any intention to criticize our foreign policy, my sentiment is expressed in the following words of one of the great of our public men: "I never drew a neutral breath since Pussia invaded neutral soil of Belgium."

Belgium was among the first to refer in Germany's desire to rule the world. The Belgians were deported and made slaves of Prussian militarism. Their homes were destroyed, their children killed and their men outraged. A crime without a parallel in history. There was no

rit of mercy or justice, without which civilization cannot endure. Belgium, bleeding and suffering, lay under the horrors of war, patience and calmness. She emerges from a period of great darkness, wearing a crown of glory greater than she ever wore before. She has won the esteem and favor of men everywhere, largely because of her great ruler who was true enough to justice and honor in an hour of great danger, to say "No" to the German Kaiser. In a cartoon that appeared two years ago, the Kaiser with a leer on his face is leaning over the shoulders of King Albert, who is looking out with folded arms upon the smoking ruins of his country, and the long defile of refugees. The Kaiser says, "See, you have lost all." King Albert answers, "Not my soul."

History will record the names of the Belgians and their ruler for their brave stand for justice. Her sons who rest in her tortured soil did not die in vain. For she has won her independence, and Nov. 11, 1918 now appears to have been the beginning of Tennyson's vision: "Till the war-drum throbb'd no longer, And the battle flags were fur'd In the Parliament of man, The Federation of the world."

REX A. TAYLOR.

WHICH?

You Can Be Either.

The Only Difference, a Small Savings Account!

Q You have seen both men.

Q You meet them every day. The one prosperous, self-confident and busy—the other, broken, despondent and penniless.

Q A savings account may have made the one—the lack of it, the other.

Q Open YOUR savings account today with a dollar.

The Salisbury Building, Loan & Banking Association

SALISBURY, MARYLAND.

MEET CAPT. C. W. HARRISON, PRESIDENT OF THE PENINSULA FERRY CORPORATION:

Capt. C. W. Harrison, North Carolinian by birth, but Marylander by adoption, in his early manhood captured an Eastern Shore lady as his bride, and then proceeded to capture a considerable portion of the coast-wise and ocean going traffic of the East.

He is President of the Baltimore-Southern Navigation Company, one of the most successful freight and passenger lines operating out of Baltimore, and is also the pioneer of Chesapeake Bay Ferries.

He is a man of wide experience in shipping circles and is regarded in the business world as a man who makes a success of any enterprise he undertakes. His associates in this enterprise dare to brave his displeasure over publicity, because they want Marylanders to know and realize that the Peninsula Ferry Corporation has a man at the helm who has guided many big ships to many safe ports.

BROKEN ON LIFE'S WHEEL

Once Prominent British Lawyer and Statesman in Ending His Days in the Poorhouse.

In a poorhouse in Yorkshire, Eng., is a man who, 30 years ago, was one of the most widely known men of the island. Through his own efforts he rose from the position of an office boy in a law office to knighthood and a seat in the British parliament.

Then he retired from parliament, in an effort to retrieve his fortune, but worry over his financial affairs had sapped his vitality and he suffered a nervous collapse. It became necessary for him to go into bankruptcy, with liabilities of \$135,000.

DIDN'T MIND, BUT—

Wife—I've ordered a new gown, George. You don't mind, do you? George—Well, I sometimes wish your dad was still paying your bills.

A BRIDE.

Earl, who was just six, had a new baby sister. The doctor had stopped to see his mother and Earl came into the room. A big smile came on Earl's face, for it was the first time he had a chance to talk to the doctor since the new baby had arrived.

He took advantage of it and his first question was, "Doctor, what did you charge for the baby sister?" The doctor smiled a bit and told him, "Why, it was \$15 for this girl, but if it was a boy it would be \$25."

ROAD ALONG THE MISSISSIPPI.

Another great highway to connect the North and the South is being urged by organizations in the more important cities of Minnesota, says Popular Mechanics Magazine. Paralleling the Mississippi river, this highway would extend from Lake Itasca, the source of the river, to New Orleans, which is a distance of 3,000 miles.

INTELLIGENT SPOUSE.

"William, a poor man came along today and asked for a hat and I gave him your Sunday one."

"What in time did you do that for?" "Well, I knew you would need your old one for gardening."

SORE DEPRIVATION.

"You say the ex-kaiser is already severely punished?" "Yes."

"In what way?" "Didn't he have to give up the most gorgeous collection of uniforms in Europe?"—Birmingham Age-Herald.

24 HOURS IN THE MOVIES

That night. Next morning. Same day. Time goes on. That afternoon. In the gloaming. That night—Louisville Courier-Journal.

DO YOU KNOW THE 9 POINTS?

- One talks about the "nine points of the law," one hears the expression, but not everyone can enumerate them. For future reference, then, the following are the nine requisites for success in a suit at law: 1—A good deal of money. 2—A good deal of patience. 3—A good cause. 4—A good lawyer. 5—A good counsel. 6—Good witnesses. 7—A good jury. 8—A good judge. 9—Good luck.

Doan's Regulets are recommended by many who say they operate easily without griping and without bad after effects. 30c at all drug stores.—Adv.

IN MEMORIAM.

In memory of our loving son, Calvin, who died October 10, 1918. Oh, how we miss our darling boy. And his cheering lines to us: And his loving tender smiles. Cheering our sad hearts today.

ORDER NISI.

Public Sale

OF VALUABLE TIMBER LAND NEAR HEBRON, MD.

I will sell at public auction in front of the office of G. A. Bounds & Co., in Hebron, Md., on SATURDAY, NOV. 1, 1919, At 10.30 O'Clock A. M.

All that tract of timber land situated on the South side of the B. C. & A. R. R. and adjoining the land of Levin Dashiell and M. N. Nelson, being a part of the land formerly belonging to the late Horatio T. Humphreys, deceased, containing 55 acres of land more or less, all well set in Pine, Oak and Chestnut timber, about half of which is pine and large enough to cut. The land is high and when cleared will make a very fine truck farm.

Also a strip of land 20 feet wide between the lands of W. N. Nelson and Levin Dashiell, extending from the county road leading from Hebron to Salisbury and in front of the residence of the late James D. Gory, extending back to and a part of the land hereby advertised for sale. TERMS OF SALE:—One-Fourth Cash on day of sale, balance on easy terms. A. C. HUMPHREYS, Owner, Snow Hill, Md. For further description or information, call on C. DYSON HUMPHREYS, Salisbury, Md.

SOME GOOD ADVICE.

Strengthened By Salisbury Experience. Kidney disease is too dangerous to neglect. At the first sign of backache, headache, dizziness or urinary disorders, you should give the weakened kidneys prompt attention. Don't little mean, take things easier and use a reliable kidney tonic. There's no other kidney medicine so well recommended as Doan's Kidney Pills. Salisbury people rely on them. Here's one of the many statements from Salisbury people. Mrs. E. T. Lucas, 317 Elizabeth St., Salisbury, says: "From childhood I was troubled with weak kidneys and kept getting worse as I grew older. Finally I got so bad I was taken to the hospital, but without much success. My back ached terribly. My hands, feet and limbs swelled and watery pouches hung under my eyes. I certainly was in bad shape and my death was expected. Finally, on a friend's advice, I used Doan's Kidney Pills and they saved me after everything else had failed. I always keep them in the house now." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lucas had. Foster-McBarn Co., Mfgs., Buffalo, N. Y.—Adv.

RECRUITING YOUNG MEN FOR THE UNITED STATES NAVY

Enlistment Can Be Made In Any Of The Larger Cities. A Naval Recruiting party was located at the First Regiment Armory in this city several days ago, recruiting young men for service on the Dreadnaught Nevada and the Destroyer Taylor.

The opportunities for advancement and promotion were never better in the history of the Navy and for this reason, every young man between the ages of 17 and 35 years should take advantage of this splendid time and enlist. The terms of enlistment are very short—only for 2, 3 or 4 years—and imagine serving two years on a sea-going ship, learn a dependable trade, see the world and get pay. No expenses; your clothes, food and doctor free.

The Navy today is a practical training school with liberal education, and every young man should give this matter their earnest attention, and decide wisely because the offerings of today are sufficient to satisfy any young man's desire. You can choose any ship in the U. S. Navy, can learn any trade you desire right at the ship. Don't hesitate—act at once—and enlist and "See the World."

See illustrated advertisement on another page of this paper. —From reports coming from Delaware, Rehoboth Beach is to have a modern fire-proof hotel within the next few months. It is said that Col. T. Coleman du Pont is interested in the proposition and proposes to give the State of Delaware one of the finest hotels in the country located at Rehoboth. If this is done, it will make Rehoboth one of the most popular resorts on the Atlantic Coast, and it is a pity that someone is not inclined to do the same thing for Ocean City, because it is very evident that if Ocean City had a modern up-to-date hotel, that this resort could be made an all-year round resort, and would draw thousands of visitors from Washington and Baltimore who could now visit Ocean City by way of the new Baltimore ferries.

Army Needs 21,000 Horses. More than 21,000 horses and 13,174 mules will be required by the seven divisions of the Army in this country. Orders have been issued to the remount service to supply that number of animals and keep them adjacent to the stations of the regular divisions. Each division will be furnished with 3,034 horses and 1,882 mules.

HAPPENINGS IN THE NATIONAL CAPITAL

Short, Pithy Items Showing The Trend Of National Business.

UNUSUAL PROSPERITY DURING WILSON'S ADMINISTRATION.

Many Items Of Interest Of Happenings In The National Capital On A Variety Of Subjects In Which All The People Are Interested.

Slight Drop Noted In Cost Of Living.

With fair price committees established over the country and district attorneys keeping a close watch on food hoarders and profiteers, the high cost of living has been definitely halted and is showing some slight signs of a downward direction. In a statement issued during the past week Attorney General Palmer, whose department is keeping a keen eye on the price situation, announced that already retail prices in staples and ordinary commodities in a large area of the country had shown a drop of about 15 per cent. compared with a month ago when the Government began its national drive. Indications are that commodity prices will not advance beyond the limits they have already reached and that from now on they will decrease. Carrying out its program of direct sale of surplus supplies the War Department has announced the opening of a chain of retail stores at all the principal army posts. Millions of dollars' worth of food and clothing will be sold direct to the consumer through these stores at prices considerably below the retail market. The attendance at these stores during three days of one week was so large that the selling forces were almost overwhelmed. The officer in charge at Chicago telegraphed the War Department that 50,000 people had assembled outside the doors before 9 o'clock of the morning the store opened. The store at San Antonio reported sales aggregating \$2,892 for the first afternoon. Every facility of the army is being used to transport supplies to these stores to meet the demand for shoes, clothing, canned goods and household commodities.

Urban Census Expected To Be Finished In Week.

To facilitate the work of gathering agricultural statistics for the next census, the Government has planned to distribute 15,000,000 schedules in advance of the enumerator's visit, so that the farmer may become familiar with the questions and be prepared to furnish the requisite data regarding acreage, tenure, values, live stock and crops. It is believed that the coming census will disclose an increase of approximately 1,000,000 farms since 1910, when the number of farms enumerated was 6,361,502, valued at more than \$40,000,000,000. The actual work of enumeration will begin on January 2. It is expected, in view of the preparations that are making, that the statistics as to the population of all cities and towns will be gathered in about a week. It will require nearly a month to obtain final figures for rural districts.

Soldiers Should Hold Government Insurance.

Through the protection offered by the Government to private insurance companies during the war, soldiers holding policies in the outside companies were able to retain them without fear of loss or lapse due to non-payment of premiums. The War Risk Insurance Bureau, the federal agency charged with the care of soldiers' insurance interests during the war, made public recently figures showing that the Government had protected 7739 policies for soldiers, having a face value of \$12,511,456.29 and held by 152 separate companies. The bureau also announces that the co-operation between the private companies and the Government organization has been most satisfactory. Even to a point where the outside organizations have instructed their actuaries to advise the soldiers to retain the Government insurance they acquired in service. Soldiers of the war are now holding more than forty billion dollars' worth of Government insurance.

Total Of Four Liberty Loans.

Actual cash receipts from the first four Liberty Loans totaled \$16,936,995,367.50, the Treasury Department announces. Complete receipts from the fifth or Victory Loan are not yet in.

Transports In Commercial Trade.

The War Department has recommended to Congress the passage of a bill authorizing army transports to carry passengers, baggage and cargo at regular commercial rates.

HIGH AND LOW EXPLOSIVES

Modern Guns Employ Both In Their Work Of Destruction—Best Compounds For Blasting.

Illustrating the differences between low and high explosives, Prof. J. Young mentions that the low explosives are substances that burn regularly in layers until consumed, the rate being only a few centimeters per second. Such materials are suitable for propellants in guns and rifles, driving forward the shells filled with more destructive compounds, and the time of combustion can be regulated for different lengths of gun by varying the size of grains or pieces of the explosive. High explosives detonate at a rate ranging from 3,000 to 10,000 meters per second. A wave or vibration set up by shock or sudden heating, or both, runs through the substance, decomposing each molecule into its elements. True detonation takes place only in definite chemical compounds, such as nitroglycerin, trinitrotoluene, and the like, but in a porous mixture with a slower burning substance, an almost instantaneous combustion is produced, this rapid action being usually called detonation. These mixtures are of the class mostly used in blasting. They are less shattering than pure compounds, their rate of detonation being somewhat less.

ABATING SMOKES

"Have you ever tried any smoke-abating devices in your town?" asked the New Yorker. "Sure thing!" replied the Pittsburgh man. "The cigar stores did once stop giving out coupons."—Yonkers Statesman.

THE OLDEST NEWSPAPER.

The oldest of all newspapers appears in Peking, where the Journalists' association has passed a resolution asking their European confreres to devote more attention to Chinese affairs. The Peking Gazette, founded in A. D. 908, was for a long time the only journal allowed to be published in China, but within the last 60 years a number of others have been established. Ly Chao-pee, a Chinese mandarin, in an account of the journalism of his native country, says that in no other country are newspapers treated so respectfully as in China, where all the children are trained to venerate anything in the shape of printed matter.—London Daily News.

NOT SO BAD.

"Just had the pleasure of being introduced to a movie vampire." "Do you call that a pleasure?" "Oh, yes. She's a regular girl. Why, she confided to me that she abominates slinky clothes and doesn't even smoke cigarettes except when posing before the camera."—Birmingham Age-Herald.

ENTIRE NEW CAST.

"I see Yorick Hamm played a return engagement in Plunkville last week." "Yupp." "Has the same company he had last year?" "None. Didn't even have the same wife."—Kansas City Journal.

THE SUFFERER.

"Ah!" she sighed, "for many years I've suffered from dyspepsia." "And don't you take anything for it?" her friend asked. "You look healthy enough." "Oh," she replied, "my husband has it—not I."—London Tit-Bits.

MISLED BY HIS WIFE.

Jones—I know now that my wife lied to me before we were engaged. Brown—What do you mean? Jones—When I asked her to marry me she said she was agreeable.

The Issue At Stake At The Election Of Members Of The Next Maryland Legislature Is Not Simply

PROHIBITION, OR ANTI-PROHIBITION

BUT LARGELY AND UNMISTAKABLY, PERSONAL LIBERTY

We mean the sort of personal freedom and rule of conduct which leaves to all Americans entire initiative as to where, when and how they shall

WORSHIP, EAT, LIVE OR DRINK

The original 13 colonies were founded and HAVE THRIVED on the principle of Individual Liberty, and with no tolerance of communistic, socialistic or bolshevistic ideas. The state has not tried to save men's souls en masse, neither is it within the province of the state to subject its citizens to impossible, and irksome restrictions on the pretext of improving one's morals.

The Anti-Saloon League has endeavored to enforce the bolshevistic notion of paternalistic supervision of man's appetite. Those of you who have been misled by its false teachings have yet time to prevent the final consummation of its schemes by sending to the Legislature MEN WHO WILL VOTE FOR A LIBERAL AND REASONABLE INTERPRETATION OF THE PROHIBITION CONSTITUTIONAL AMENDMENT.

Remember! Under the provisions of the Amendment, the several States have CONCURRENT power to enforce this Prohibition monstrosity.

Friends of liberty cast your ballots for men who will not truckle to the Anti-Saloon League but who have their ears attuned to the rising hum of full blooded American indignation at the work of the Anti-Saloon League's Anti-American machinations.

Away with Bolshevism! Stand for Personal Liberty.

Published by authority of the PERSONAL LIBERTY LEAGUE OF MARYLAND.
John A. Banz, Treasurer.

Try One Brunswick Then Decide

The best way to know for yourself the superiority of the Brunswick Tire is to buy one and compare it.

That is, if the very name of Brunswick isn't sufficient proof to you, as it is to most men, that here is an extraordinary tire.

Thousands of men who have known the name of Brunswick for years, realize that a Brunswick Tire has to be the best—for a mediocre product could never bear this historic name.

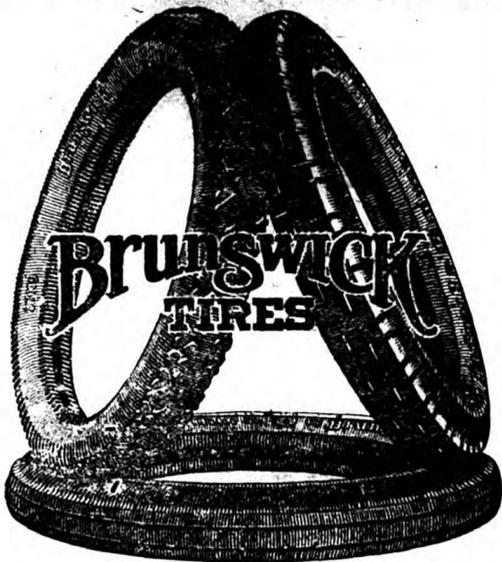

Long before the Overland Trail became famous, the House of Brunswick was established. It was one of the chief users of rubber for fifty years before automobiles came into use.

No concern with such a history could afford to offer anything but the best. For reputations are built slowly, but can be quickly destroyed.

This is a practical guarantee that Brunswick Tires offer more than the usual, yet at no added cost.

Get your first one now. You'll not be satisfied until you have ALL Brunswicks.

BAPTISTS PLAN RECONSTRUCTION PROGRAM

BODY CHARGED WITH DUTY OF OUTLINING HOW 75 MILLION CAMPAIGN CAN PROMOTE THAT TASK REACHES FIELD—DR. LOVE OUTLINES THE NEED AND ISSUES CALL

DR. J. F. LOVE
SECRETARY
FOREIGN
MISSION
BOARD

DR. Z. T. CODY
EDITOR
BAPTIST
COURIER

REV. EVERETT GILL
MISSIONARY AT ROME

To make a general survey of the economic, social and religious conditions in Europe with a view to recommending to the Baptists of the South where and how they can aid most effectively in the reconstruction of that continent through the Baptist 75 Million Campaign, a commission, composed of Dr. J. F. Love, secretary of the Foreign Mission Board at Richmond, Va.; Dr. Z. T. Cody, editor Baptist Courier, Greenville, S. C., and Rev. Everett Gill, missionary at Rome, Italy, who is returning after a leave of absence in this country, and who will serve as guide and interpreter to the other members, is now in England for a conference with the Baptists of Great Britain and will go from there for an inspection of France and Belgium.

Another brief conference will be held with the Baptists of Switzerland, after which a trip will be made through Italy and a survey of the new republic of Czechoslovakia conducted. From Prague, capital of Bohemia, the commission will go into such parts of Russia as are open, and the foreign trip will be concluded with an inspection of Palestine, where the missionary work formerly done in Syria, Persia and Galilee by the Illinois Baptist Association has been turned over to the Foreign Mission Board.

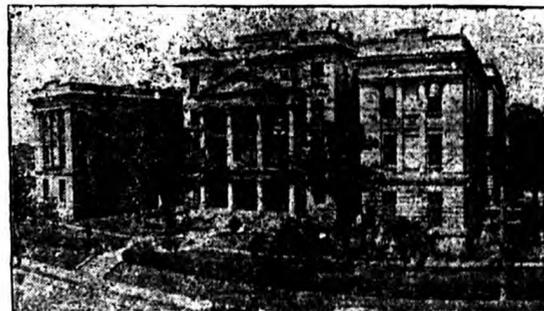

There are approximately 4,250 Baptist churches in Europe today, with 3,000 pastors and missionaries and 566,500 church members. It is announced by the headquarters of the Baptist 75 Million Campaign, and a considerable part from this campaign will go toward supporting needy families of Baptists and others in the war-torn regions as well as in the propagation of the gospel and the establishment of Christian institutions there. It is announced before sailing on the Adriatic on his

European mission, Dr. Love made the following statement outlining the purpose of the commission:

"When the call came to help save, promote and secure democracy in Europe there came a louder call to help save, promote and secure evangelical Christianity in Europe. That which alone will now preserve and perfect the democracy for which brave men have died on the battlefield of Europe is the Christianity of the New Testament. Southern Baptists can not long or profess New Testament Christianity and decline a challenge like that which is now presented to them to bear witness to their faith among the peoples of Europe. Our people never before faced such a challenge and such a responsibility.

Of course we can not go to the metropolis and women of Europe who have been stripped of earthly fortune and reduced to direst necessity with a message of Christian love and brotherhood if we decline in our abundance to carry some substantial pledge of our love and compassion. Mothers will not be able to stay the crying of their little ones to hear us preach if we decline to practice the gospel of compassion and feed these little ones and build fires at which they can during the coming winter warm their frosted toes. Southern Baptists are under the most solemn obligation to help relieve the want and suffering of Europe. But if there were no reconstruction work in Europe, Southern Baptists have motives numerous enough and strong enough to compel them to make a complete success of the Baptist 75 Million Campaign. I would therefore, as my parting word to my brothers and sisters of the South, implore them to give themselves to this campaign and carry it to a triumphant conclusion during Victory Week, November 30-December 7."

\$4,800,000 TO BE RAISED FOR HOSPITALS

A modern hospital illustrative of the type of buildings Southern Baptists are employing in the relief of human suffering.

In their work of relieving human physical suffering Southern Baptists at present own and control fourteen hospitals and there are under course of construction and about ready to be opened at least two more, with considerable progress made toward the erection of others. All of these institutions are liberally patronized and are self-supporting but all of them need to be enlarged in order to meet the rapidly-growing demands upon them. The demand for charity work is especially urgent and in order to enable them to thus render a needed service to those who are least able to help themselves as well as to provide larger facilities for the regular work the hospitals are doing the sum of \$4,800,000 has been apportioned to them from the proceeds to be raised in the Baptist 75 Million Campaign.

This work of relieving the physical infirmities of men, women and children and thus putting them on the road to better health and larger efficiency and usefulness was begun within the bounds of the Southern Baptist convention in 1890 when the Missouri Baptist Sanitarium was opened in St. Louis. From a very small beginning in a residence with less than a dozen beds, this institution has grown into a modern institution with more than 700 beds.

Other Baptist hospitals in the South include Baptist Hospital, Muskogee, Okla.; Baptist Hospital, Miami, Okla.; Baptist Hospital, Cushing, Okla.; Baptist Memorial Hospital, Memphis, Tenn.; Georgia Baptist Hospital, Atlanta; Oklahoma Baptist State Hospital, Oklahoma City; Baptist Hospital, Columbia, S. C.; Texas Baptist Memorial Sanitarium, Dallas; Baptist Hospital, Houston, Tex.; Baptist Hospital, Alexandria, La.; Baptist Hospital, Jackson, Miss.; St. Louis Baptist Hospital, St. Louis, Mo., and the Kansas City Baptist Hospital at Kansas City, Mo.

— and from there we went to Japan "

Talk about adventures!

Men in the Navy come home with the kind of experiences that most chaps read of only in the books.

Here's your chance!

Uncle Sam has, as you know, a big Navy and gives red-blooded young fellows like you an opportunity to step aboard and "shove off".

What will you get out of it? Just this:

A chance to rub elbows with foreign folks in strange parts of the world.

The chance for good honest work on shipboard—the kind of work that teaches you something real; the kind of work that puts

beef on your shoulders and hale on your chest.

You will get 30 care-free vacation days a year, not counting shore leave in home or foreign ports.

You will have the kind of comradeship in travel that sailors know.

You will have regular pay; over and above your meals, lodging and your first uniform outfit—good stuff all of it.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

To any Father and Mother—
In the Navy your boy's food, health, work and play, and moral welfare are looked after by responsible experts.

Shove off! - Join the U. S. Navy

EAGLE PENCIL COMPANY, NEW YORK

DO YOU WANT ONE OF THESE PLACES?

F. G. Wrightson, Supervisor For 1st Dist. Will Need 160 Enumerators.

PLACES WILL PAY ABOUT \$100 EACH PERSON.

Competent Young People Desired To Volunteer For These Places But Will Be Paid For Their Services—Work Begins Early Next Year.

The Director of the Census, Hon. Sam. L. Rogers, announces that 80,000 enumerators will be needed to take the next census. The work begins on January 2 and will last about two weeks in cities, and a month or more in rural districts. Rates of pay will vary, depending upon the locality and character of the district to be canvassed. The average pay per enumerator at the census of 1910 was about \$70. At this coming census it will probably be not less than \$100.

"Active, intelligent, and reliable men and women, not less than 18 years of age, are needed for this task," said Director Rogers, "and, in a sense, this is a call for volunteers. The importance of a complete and reliable census, especially in these critical times when more than ever before perhaps we need complete data regarding population, conditions, tendencies, and resources, can hardly be over-emphasized. The reorganization of the social and economic structure and the readjustment of international relations necessitated by the War must be based on accurate knowledge if we are to act wisely and deal justly with all classes and all interests. It is hoped, therefore, that public-spirited energetic people throughout the country will volunteer to act as census enumerators even though they may not care for the positions so far as the pay is concerned. I should be sorry to think, and I do not believe, that all our patriotism was used up by the War and none left over for public service in times of peace."

Francis G. Wrightson, Supervisor of the Census for the 1st district of Maryland, which includes the counties of Cecil, Kent, Queen Anne, Talbot, Caroline, Dorchester, Wicomico, Somerset and Worcester, states that he will need about 160 enumerators for this district. Applications or requests for application forms should be sent to him on or before October 15. His address is Easton, Maryland. As a test of their fitness for the work applicants will be required to fill out a sample schedule and will be duly notified of the time and place for this test. So far as practicable the place selected will be one which is easily accessible.

HISTORICAL WORK FOR WICOMICO PROGRESSING

Report of Mrs. E. Stanley Toadvin, Secretary, Gives Details Of Work.

While the work of filling out the War Service Records continues every effort is being made to collect and compile all non-military work including photographs.

Mr. L. Irving Pollitt, County Historian, met with the Committee at the Building and Loan Building, October 2 to examine the files and to discuss different phases of the work; also the best means of securing the desired material.

The following work has been completed and is on file in the Historical Office:

A list of drafted men in the service (alphabetically by districts).

A list of drafted men in the service on card index.

A list of men who were drafted but not called.

A list of 18 year old boys who were registered.

The mortality list (also card index).

A list of Company I (also card index).

A list of County Organization Historical Division.

Outline and reports of M. C. D. Women's Section.

Plan of Organization of M. C. D. Women's Section.

Plan of work and Committee under M. C. D. Women's Section.

Reports of Second, Third, Fourth Liberty Loans, Women's Committee.

Reports of W. S. and Thrift Stamps.

Reports of Fuel Administration.

Reports of War Library Campaign.

Reports of Fuel Administration.

Reports of Nurses Reserve Campaign.

Thirty-eight names on the mortality list of Wicomico County have been verified and testimonials presented to the nearest of kin. The receipts for these have been forwarded to Mr. Mackin, 705 Union Trust Building, Baltimore, as requested through Mr. Karl Singswald, State Secretary.

MRS. E. STANLEY TOADVIN,
 Secretary Historical Commission,
 Wicomico County.

Scientific Service On Truck Tires

Our business is to make your cartage cost less.

As a Goodyear Truck Tire Service Station we strive to make sharp and obvious reductions in the sums our customers spend for their cartage. And we succeed.

In the first place, we see to it that our customers get the right kind, type and size of tire. We have studied carefully all the conditions under which trucks are operated here—and we know exactly what tire to recommend to fit each set of conditions—truck, load, road and service.

Then we apply the tire *right*, knowing that this has a lot to do with its success or failure. And we apply tires quickly, at night or on Sunday if necessary, to save the cost of laying up trucks.

Then at regular intervals, we inspect the tires we have sold—exactly as if they were still our tires, offering valuable tire-care suggestions.

When next you consider buying truck tires call us up. We'll be glad to send one of our representatives—an expert—to look over your trucks, recommend the proper tires and explain our service.

Goodyear Truck Tire Service Station

SALISBURY, MD.

GAME REPORTED TO BE MORE PLENTIFUL THAN EVER

Quail And Rabbit In Great Abundance In Many Sections of County.

Indications point to an abundance of game in Wicomico County this fall, and unless severe weather should kill the birds sportsmen in this county will have one of the best seasons for years. Rabbits and quail have not been so plentiful.

There is only one obstacle that may prevent gunners having a good time and bagging much game when the quail and rabbit season opens, the middle of November, and that is the running at large of dogs owned by rural folk and townspeople. Many Wicomico county sportsmen contend that in the early fall, when dogs are permitted to roam the woods day and night in search of game, more rabbits and quail are killed than during the gunning season. Birds and rabbits usually have their beds in clumps of grass along ditches and edges of woods, and at night the dogs steal upon them and devour them. They are unable to get away because of darkness.

In Wicomico county, a new menace to game is said to be springing up in the shape of a plague of fenn. These originally were brought in to be hunt-

ed with horses and dogs, but automobiles have largely displaced this sport and they have multiplied rapidly. Farmers are making strenuous efforts to kill them off, and hunting them with guns may become a popular sport, though they are not good to eat.

For the past two weeks the residents of Reedsville, Va., the fish-factory town on Cockrells creek, a branch of the Great Wicomico river, have been afflicted with a strange malady which begins with violent sneezing and affects the eyes, nose and head generally. Some have sore throats, while others are attacked with spells of nausea. The cause of the malady has not been definitely determined, but many are of the opinion that it is caused by the odor that comes from the neighboring waters. The surface water of the creek, which almost surrounds the town, and on the banks of which many large fish guano factories are located, have for some time past been filled with dead fish, crabs and eels, the shores being lined with refuse. Painted houses and white-washed fences have assumed a dark and dingy color, and all silverware has become discolored. Efforts are being made to have the State Board of Health investigate the trouble and suggest a remedy.

A most pleasing and enjoyable dance was given in the lodge rooms of Heptasophs Hall in Marion last Wednesday evening by several young men of Marion. Invitations were issued to about 75 young people, and nearly that number responded. The hall was tastefully trimmed for the occasion. Wedelin's six piece orchestra from Salisbury and Crisfield furnished exceptionally good music which was enjoyed until well after midnight and caterers served refreshments and tended the punch bowl with its refreshing drinks. Guests were present from Washington, Salisbury, Cambridge, Pocomoke City, Crisfield, Marion, Westover and the surrounding territory.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one graded disease that science has been able to cure in all its stages, and that is Catarrah. Hall's Catarrah Cure is the only positive cure now known to the medical fraternity. Catarrah being a constitutional disease, requires a constitutional treatment. Hall's Catarrah Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have no more faith in a curative process than they have in One Hundred Dollars for any disease that it fails to cure. Send for full particulars.

Give Your Children A College Education

The plan provides that for a fixed payment every year until your boy or girl is 18 years old, we will pay an income, beginning at 18, of

\$500 a Year for 4 Years

If you should die before the child is 18, we will pay an income of

\$250 a Year until age 18, then \$500 a Year for 4 Years

This will assure ample funds for the education of your children regardless of whether you live or die.

Ask for particulars **ALBERT M. WALLS, Gen. Agent.**
 CONTINENTAL LIFE.

BEFORE IT'S TOO LATE.

Many prosperous citizens have lost their valued possessions over night. Then they kicked themselves because an outlay of a few dollars on every thousand of valuation every few years would have left them protected and prosperous. Don't be foolish. Few things are as cheap as fire insurance in the beginning, and nothing may prove more costly in the end than its lack.

TO ENLARGE BIG BAKING PLANT HERE

Salisbury Baking Co. To Add Another Large Building To Equipment.

NEW SANITARY METHODS TO BE INSTALLED.

Business Of The Company Is Growing So Large As To Demand An Additional Building 70x70 Feet—New Routes To Be Established.

The Salisbury Baking Company is arranging to make extensive improvements in its business. Plans are being prepared for the enlargement of their large Bakery which when completed, will make it one of the biggest establishments of its kind in the State. It is proposed to tear down the rear of the present building which is now of wood and to add a wing about 70x70 feet one and two story, which will add very largely to the capacity of the business. Another oven will be added in this new part in the spring giving the Company four ovens instead of three as at present.

The Salisbury Baking Company is now running eight routes on the peninsula leading out from Salisbury, one for the city, the other seven for the towns surrounding located on the State highways and as soon as the Delaware roads are completed, it is proposed to add two or three routes in that State. At the present time, about 35 people are employed at the Bakery but when the new additions are added, this force will be increased so as to keep up with the growing business of the concern.

In the construction of the new addition, every pains will be taken looking to the sanitation of the equipment. A concrete loading platform will be run inside the building and a place will be made for the storage of the automobile delivery wagons of the concern. When the bread, cakes and pies are cooked, they will be transferred to sanitary lockers, free from dust and built of concrete so as to insure the most sanitary surroundings, and will be kept in these lockers until delivered to customers. The general manager, Mr. G. Wm. Phillips has been away studying the equipment of several of the largest bakeries in this country and he says he proposes to have the Salisbury Bakery a thoroughly up-to-date proposition.

Speaking of the improvements to be made, Mr. Phillips said. "The demands on our business has grown so large as to compel the construction of this new addition and also the putting in of another large oven. The thousands of loads of bread baked at our establishment each week has been so much improved since the armistice that we can hardly supply the demand which is made upon it. Sanitary surroundings is one of the most important adjuncts to a first-class bakery and I have made a thorough study of the conditions at the very highest class bakeries in the larger cities and we are planning our new important adjuncts to a first-class bakery lines known to the business. Our location in this city gives us the very best kind of shipping facilities and the various good roads running out from this community gives us an opportunity to serve all the surrounding towns within a radius of 50 miles and it is our intention to establish new routes not only in Wicomico, Somerset, Dorchester and Worcester counties but also in Sussex county, Delaware, where our products have all grown in such favor as to cause a demand for our goods which far exceeds our ability at the present time to meet."

Sugar Will Be Plentiful In U. S.

Householders will rejoice over the news that the new Cuban sugar crop promises to be one of the greatest in the history of the island, and that sugar will be plentiful in the United States during the coming year. The Sugar Equalization Board has been disbanded and the American refiners are now allowed to enter the markets in competition with foreign nations in the purchase of sugar from Cuba and it is safe to say that these big concerns will see to it that the people of the United States get their share. The outlook for beet sugar in the West was never better and there is some dim hope that sugar will be cheaper after Christmas.

Constipation.

The beginning of almost every serious disorder is constipation. If you want to enjoy good health keep your bowels regular. This is best accomplished by proper diet and exercise, but sometimes a medicine is needed, and when that is the case you will find Chamberlain's Tablets are excellent. They are mild and gentle in their action, easy and pleasant to take. Give them a trial. They only cost a quarter.—Adv.

GOOD JOKE ON BLUECOATS

Frank of New York Crook That Was Not at All Appreciated by the Police.

One would imagine that robbing a police station or playing unwarranted pranks on policemen would prove too hazardous to appeal strongly to even the boldest of crooks. Yet, such type of criminal, though not common, is by no means unknown to the police, and makes his appearance at intervals.

When his fancy dictates, he does not hesitate to beard the police in their dens. This he does, to their shame and mortification, for nothing makes a policeman more angry than to have a thief get the better of him. Only a few years ago, a thief upset the calm of a West side station house to such an extent that it was weeks before the men recovered their poise and self-possession, the New York Times states.

This man, in a summer night, climbed a fire escape in the rear of the house, and by way of a window entered a dormitory where a dozen tired bluecoats were asleep. He turned the pockets of their clothing inside out, taking everything of value. When the sleepers awoke they found he had not left them so much as car fare. They swore dire vengeance if they caught him, but he never was apprehended.

TOOK HIM AT HIS WORD

Hubby—What a wonderful morning! I could dare anything, face anything on a day like this.
Wife—Fine! Come on down to the milliner's.—Judge.

HER BEAUTY FADES.

In a Southern camp a private was to be operated upon for appendicitis. A pretty nurse had been assigned to his case, and the two became friendly prior to the operation. The head nurse observed this and decided that the efficiency of the nursing force would be increased if another nurse took the place of the pretty one. The change was accordingly made, but not until after the patient had been taken to the operating room. The new nurse was no beauty, but was on the job to care for her newly operated charge. As the ether began to lose its effect and his thoughts were still in a turmoil, the patient looked up at his nurse and remarked, "My God, how you have changed!"

POTENT STUFF.

"Is this hard cider?" asked the prospective purchaser.
"Sure," said the rural dispenser.
"But how hard is it?"
"Well, my hired man who never wuz right peart before, filled up on th' stuff t'other day an' lit out down the big road yellin', 'Glory hallelujah! I'm still livin' in th' home of th' brave an' th' land of th' free!'"
—Birmingham Age-Herald.

SHORTY'S SECRET WOE.

Dugout—What's worrying Shorty Johnson lately? Somebody been trying to collect his insurance?
Washout—Sh-h; don't joke, he's going with a tongue-tied French girl who thinks she can speak English!
—The Jayhawkerinfrance (Sampigny, France).

EATS 'EM ALIVE.

"There goes Lionel Bruin, Madge, the great lawyer!"
"I know who he is, Gert. I was on th' witness stand one day, an' he jest roared an' growled aroun' some thin' awful. He's positively th' most cross examiner I have ever seen."

GETTING EVEN.

First Lawyer—I got even with that reptile, De Muddle!
Second Lawyer—How?
First Lawyer—His wife came to see me about divorcing him, and I peased him up so high she's decided to stick to him.

MR. Farmer-School Notes.

The next Community League meeting is Oct. 16. Come out and see what we are doing. We are going to hold a Halloween social Oct. 22. Come and be masked.

Indigestion, Biliousness, Constipation. Chamberlain's Tablets have restored to health and happiness hundreds

who were afflicted with indigestion, biliousness and constipation. If you are troubled in this way give them a trial. You are certain to be pleased for they will benefit you.—Adv.

SOME men spend months in selecting a car and minutes in deciding on its tire equipment.

And yet the best car in the world is ultimately no better than its tires.

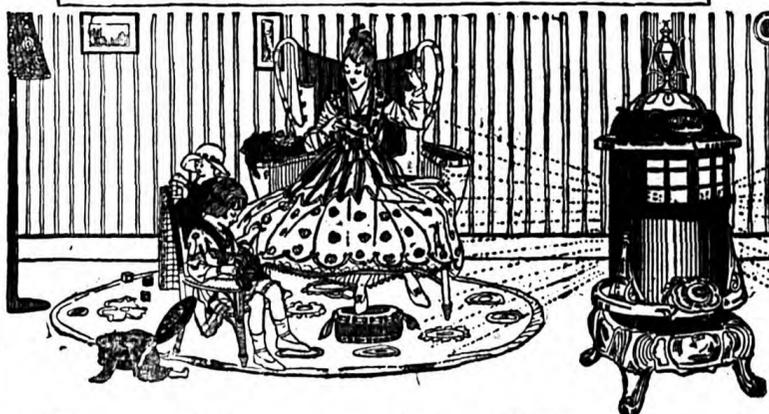

With Firestone Gray Sidewall Tires between you and the road you can rest assured of getting every dollar's worth of satisfaction out of your car that the makers put into it.

Come Home to Real Heat and Big Fuel Economy

What a satisfaction to get next to real heat after that cold trip home. No more fruitless hugging a radiator. High fuel prices seal the doom of extravagant, fuel wasting heating plants. If you want a perfectly heated home and greatly reduced fuel bills you will invest in

Cole's Original Hot Blast Heater

BURNS CHEAPEST COAL CLEAN AND BRIGHT. USES ANY FUEL.

It will save the nation millions in fuel money this winter. Act now.

It's Time For A Change

THE REPUBLICAN PLAN TO BUILD ROADS

The County needs better roads. We are losing thousands of dollars each year we do not have them. We don't have to argue the need for them. The need should have been supplied five years ago, but it wasn't.

Every road in the County ought to be improved. But that is impossible. The cost is prohibitive. The problem is to find out the roads that need improving most, by which we mean will help the people most.

We believe the old system of building the roads in the sections that can bring the greatest political pressure to be wrong. Other sections may need them more. The public money is a trust for all the people,--not for the chosen few.

We propose that the new Board of Commissioners, Republican or Democratic, shall appoint the seven best men in Wicomico County to look over the entire situation and make a report,--what roads ought to be built first, what material to use. It is to be the Good Roads Commission of Wicomico County.

We propose to select men who have enough interest in the County to serve without pay.

We propose to divorce the appointment of these men entirely from politics.

The people ought in this way to get an unprejudiced report. It is better than to allow the section that can bring the biggest pull to get the road.

We believe in covering all the allotment that the State Road Commission makes the County.

We propose a bond issue with a referendum to the people, so that the cost of roads may be distributed through the years of their life.

Will you not aid this non-political method of building roads for the people by supporting the Republican ticket?

Republican Local Platform

WHEREAS, the Republican Party for Wicomico County, in convention assembled, has nominated candidates for all the local offices, whom by reason of their ability and standing in this community it is a privilege to support, it is, therefore resolved that the following declaration of principles be adopted as the platform of the Party and its candidates.

1. The paramount issue in the coming election is better government by which we mean greater efficiency, less waste. The way to better government in this county lies in a complete defeat of the candidates of the Democratic Party and the election of the entire Republican ticket, the candidates on which represent not only the Republican Party but the great body of tax paying citizens who have a right to be heard in the management of the county's affairs.

2. We believe that the three things in which the people have the greatest concern are roads, schools and taxes. We believe there is no expenditure of the public money that contributes more directly to the comfort, wealth and advancement generally of our people than good roads for all of them; that the best schools we can afford are not too good for the education of the youth of Wicomico County.

3. Recognizing our tax rate is already higher than it should be, and that improvements such as schools and roads may properly be built from capital rather than from the yearly income of the county derived from taxes since such improvements last for a period of years, we propose that our delegation in the General Assembly shall urge the passage of a law authorizing the issue of sufficient county bonds to lay out a system of good roads that shall meet the reasonable needs of our tax payers, and also of a second issue of bonds for an amount sufficient to build and improve such school houses as shall be reasonably necessary for the comfort and health and proper education of our children. We propose that the two issues shall be separate and that each proposal shall be submitted to a referendum of the people.

4. In order that the roads may be built without partiality as to sections and for the good of all the people we urge appointment by the newly elected County Commissioners of a non-partisan good roads commission of seven members who shall serve without pay and who shall submit before the first day of February, 1920, a report showing a comprehensive plan for the building and maintenance of such roads as shall be approved, and an estimate of the cost, which shall be the basis of the bonding law.

We urge further that this commission shall be a permanent body to supervise the construction of the said roads and their up keep, at all times co-operating with the State Roads Commission and utilizing fully the services of the experts of the Federal Government.

5. We urge the School Board to have an immediate survey made of the needs of our county school system both as to buildings and to teachers. This survey should be made by an expert of the Bureau of Education. The School Board, with this as a basis, ought to make public a report by February 1st, 1920, by which the amount of school bonds referred to above ought to be fixed.

6. We condemn the mismanagement and inefficiency in administration which has been partially responsible for the loss of thousands of dollars to the county by reason of the failure to collect taxes after they have been levied. This loss has increased the burden of taxation on those who were willing to pay. We demand a thorough revision of the law by which taxes are levied and assessed so that county and state taxes become due and payable at the same time, and a just and impartial enforcement of the law. It is fundamental that property ought to be uniformly and impartially assessed.

7. In order that the people may know the condition of the county's finances, we demand that the report of the audit made by Haskins & Sells be immediately published. As taxpayers we have been asking for this audit for years. The audit was completed some months ago. We have paid the bill and we can imagine no reason why we should not know what it says.

8. We believe the county's affairs ought to be handled with the same efficiency and business skill as are private undertakings, always bearing in mind the cost to the taxpayer. We pledge our candidates to give that kind of an administration, fair, impartial, efficient and honest.

9. We condemn unsparingly the waste, extravagance and folly of the Harrington administration and pledge our loyal support to the Republican State Candidates, Hon. Harry W. Nice for Governor, Lt. Col. A. W. W. Woodcock for Comptroller, Alexander Armstrong for Attorney General, and William L. Marey for Clerk of the Court of Appeals. We believe that their election will mean the rejuvenation of the State Government just as will the election of our local ticket the county.

MORE REAL ESTATE TRANSACTIONS FOR MAIN AND DOCK STREET PROPERTIES

A Fever Of Excitement To Purchase Store And Home Sites In Salisbury Increasing Rather Than Abating.

SALISBURY HAS NEVER HAD SUCH AN ORGIE OF REAL ESTATE TRANSACTIONS SINCE AFTER THE BIG FIRE OF 1886 WITH PRESENT PRICES FROM 300 TO 500 PER CENT. HIGHER THAN AT THAT TIME.

The real estate market in Salisbury which has been running at such a wild rate for the past four or five months took on a new impetus last week, when several big transactions in Main and Dock street properties were consummated.

Mr. Samuel Feldman, the well-known furniture and carpet dealer of this city has purchased the Dr. E. W. Smith property on the South side of Main street. This property fronts on Main Street 42 feet and extends thru to East Camden street a distance of over 200 feet. At present, it contains a brick residence which was constructed by Dr. Smith and his brother after the big fire of 1886, and is a compact and well constructed building. This is one of the widest of the Main Street properties and is a splendid location for the purpose for which Mr. Feldman will use it for. It is his intention to build a three or four story brick storehouse on the Main street end of the property and construct a large storage warehouse on the Camden street end later on. It is the purpose of Mr. Feldman sometime during the year 1920 to begin work erecting his new store building which will be one of the handsomest and most up-to-date buildings of its kind in the State. Mr. Feldman is doing a large business which is growing all the time and it is his purpose to keep pace with the rapid progress of things in this community. It is said the price paid for this piece of property was around \$18,000 cash.

The next sale of importance reported on the street was the purchase by Guy Mandanici of the brick building on Dock Street belonging to the estate of the late Sewell T. Evans. This property is a two-story building without basement containing three small stores on the first floor occupied by Mandanici as a shoe repair establishment, a meat market next door and a restaurant at the South end. The property is said to have brought a sum between \$12,000 and \$13,000 cash.

The Rectory lot belonging to the St. Peter's parish of this city was sold on Saturday to Dr. E. W. Smith for the sum of \$4,000. This lot fronts on North Division Street about 50 feet running back probably 180 feet. It is located in the finest residence section of Salisbury and will be used by Dr. Smith for the purpose of constructing a handsome private residence for his private use. Dr. Smith expects to build in the early spring of 1920.

The Eastern Shore Shipbuilding Corporation property was sold at Sharptown Thursday last to Mr. John Smith of this city who bid in the property at a price of \$31,000. This is considered a great bargain as it is said there is at least \$90,000 worth of electrical equipment and other valuable assets on the property outside the real estate and the ship yard proper. Mr. Smith has not decided whether he will run the plant as a going concern or wreck it for its value, but it is to be hoped he can see his way to continue the work of building ships at this yard which is said to be one of the very best wooden shipyards on the Atlantic Coast. This property cost somewhere in the neighborhood of a million dollars first and last, and the price at which Mr. Smith bought it should enable him to organize a company to work the yards to great profit. At this same sale, Mr. George C. Bounds of Hebron bought the beautiful yacht "Chicota" at the yard paying \$1575.00 for same. He also bought the Disharoon property adjoining for \$75.00 and the Hodgson house for \$325.00.

It is also reported that Mr. Mark Cooper has bought the location on the Tony Tank road where now stands the big training stables of the late Capt. Presgrave. This property was bought from Mr. W. F. Allen and it is understood that Mr. Cooper will demolish the big training stables and use the material for the construction of a handsome bungalow for himself and family. There are about 14 acres

of land connected with this property and it is one of the most beautiful locations in the suburbs of Salisbury for the construction of a suburban home. Several other real estate transactions were made during last week and it is rumored that one of the biggest yet to come might be closed during the next few days. This will involve a transaction of around \$40,000 and it will mean one of the biggest improvements to one section of rural Salisbury if it is carried through. This deal has been on for sometime and is likely to close any day. The rapidity with which real estate is changing hands in this city shows conclusively that there has never been a time in the history of Salisbury when such a demand for property has existed as now. This is not confined to business houses alone but also to residences located in all sections of the city but especially in the better resident sections. One of the most surprising things about all these real estate transactions is the fact that after the property is sold, once it can easily be sold the second time at an advanced price and in fact, some property has been sold as much as three or four times, each time bringing a much higher price than formerly paid.

Mr. Edw. G. Bounds and Mr. Henry B. Freeny purchased the D. J. Overton Farm about one and a half miles from Quantico this week. The price paid is not given but this is one of the finest farms in that section.

Organizing National Guard Regiment For Salisbury

Captain Colona Now At Work Enlisting Men For Company As A Unit of Md. National Guard.

Capt. Alfred Colona is now at work recruiting men for service in the new National Guard of Maryland, these men to organize a company in Salisbury. The officers of the new organization will be Alfred Colona, Captain; William J. Byrd, 1st Lieutenant, and Dewey H. Morris, 2nd Lieutenant. To date, the following men have enlisted for service in this new company: Allison J. Parsons, Walter J. Willing, William M. Gammon, Oliton Kelley, Elmer Perdue, Charles Mitchell, George R. Humphreys, Reginald Bailey, Clinton B. Hill, George W. Lowe, William N. Tubbs, and William Waltz.

In speaking of the formation of this Company, Captain Colona said, "Men that have seen service are hereby requested to see me or Sgt. William Byrd relative to joining the Company now being recruited in this city for the National Guard of Maryland. The status of the National Guard will be the same as before its call to Annapolis in 1917."

Quantico Charge Church Notes.

Siloam M. E. Church, evangelistic services, every evening, except Saturday. Miss Annie Shay, Evangelist.

Rockawalkin M. E. Church, preaching every Sunday, 10.45 a. m. Subject next Sunday, "Merriopathy."

Quantico M. E. Church, preaching by pastor, J. M. S. Van Blunk, Sunday 7.30 p. m. Subject, "Going West."

Friday, Oct. 24, illustrated lecture in Rockawalkin Hall. Personal experiences of Rev. and Mrs. VanBlunk, while in Central Africa. Beautiful hand colored lantern slides. If stormy the following Friday.

Hallowe'en Dance At The Army.

Capt. Colona is making arrangements to hold a big Costume Dance at the Army on Hallowe'en night at 8.30 o'clock. Capt. Colona is expecting a large crowd on this occasion and is making preparations for such. Admission will be 50 cents for dancers and 25 cents for spectators. Dancers are requested to wear costumes and prizes will be given.

Memorial Service In Memory Of Wicomico Boys

Will Be Held At The Armory Sunday Afternoon Next When Every Body Is Invited.

A Memorial Service for all the soldiers of Wicomico County who gave up their lives for the cause of humanity in the late war, will be held in the Armory in Salisbury on Sunday, Oct. 26th, at 3 p. m. Rev. Dr. Cone, rector of St. Peter's Episcopal Church will deliver the address and a special chorus will render music appropriate to the occasion. A similar service will be held on that date in every city and county in the State. Those who have lost members of their families or are interested in the great cause for which Wicomico's boys gave up their lives are invited to join in this memorial service.

This occasion should be one in which all the people of the County will take part, as it marks a special occasion when we will have the opportunity of doing honor to our brave boys who made the supreme sacrifice in the great war.

"GOING STRONG."

Sells Fords in Hundred Lots—Forty One Coupes To One Firm.

Three hundred Ford runabouts in one lot were purchased recently by the Liberty Yeast Company of New York City. These cars are to be used by the traveling representatives of that company and were bought only after a thorough investigation into the serviceability and economy of the Ford car. A number of other cars were considered before the sale was made.

The Winchester Repeating Arms Company, also of New York City, has purchased forty one Ford Coupes and twenty-eight Ford runabouts for its outside men. The Ford cars which were sold by Albert Hirst, Inc., of New York City are expected to increase the business-getting possibilities of the salesmen.

Will Retire From Business.

Mr. N. W. Carey the well known hardware merchant of Fruitland has decided to retire from business and is offering his entire stock of hardware and store property for sale. This is a going business in a community which is growing daily as Fruitland is now one of the important small towns outside of Salisbury with an increasing population and many new local enterprises which should insure its future growth and prosperity.

Vice-President Marshall Will V.s t Salisbury Saturday, Nov. 1st.

Will Deliver Lecture At The Big Armory In The Interest Of The Loyal Order Of Moose.

Salisbury is to be honored by a visit from Vice-President of the United States Thomas R. Marshall, who will be here on Saturday, November 1st, to deliver a lecture at the First Regiment Armory. Vice-President Marshall is an enthusiastic Moose and it is for the purpose of aiding in the formation of a big Moose Lodge in this city that he will make this visit. This will be the first time Salisbury has been so honored by Mr. Marshall. Mayor Broening of Baltimore, the Supreme Dictator of the Loyal Order of Moose will also be present on this occasion, and it is expected that standing room will be at a premium by the eager crowds who will gather to hear these two distinguished citizens.

Vice-President Marshall in the summer of 1913 laid the corner stone of Moose Heart where the Order is building and maintaining a vocational and educational institution for the orphan children of deceased Moose. Moose Heart consists of 1014 acres of ground and is located in the Fox River Valley, 35 miles west of Chicago. At present, there are 800 children being trained and educated at Moose Heart. The order is international in its scope, and in 13 years' time, has grown from 241 members to nearly 600,000 members.

Mr. Adkins Answers Questions Very Satisfactorily

Comes Out In Favor Of Bonding The County For Roads And Schools Under Proper Restrictions.

The Wicomico News recently addressed an Editorial to the candidates on the Democratic and Republican tickets for Senator and House of Delegates regarding their attitude on bonding the county for certain public improvements. Hon. F. P. Adkins, Republican candidate for Senator is the only candidate who has answered the question propounded to date. Mr. Adkins' answer is as follows:

Editor of the Wicomico News, Salisbury, Md.

Dear Sir:

Your editorial on the subject of a bond issue for the county is very timely, and I am very glad to make known my position in this matter.

The Republican platform pledges its candidates to a bond issue for roads and schools under certain conditions, which proposition I subscribed to heartily.

Everyone must be convinced, I think, that the easiest and best way to build roads and school houses is by the use of private capital, as in so doing, the use of the roads and schools will assist in liquidating the debt. I do feel however that far better results can be obtained by commissions and experts than by the present method.

I say this without any reflection on the present board of County Commissioners and County School Commissioners, for I know something of the problems confronting both which make it hard to deal impartially with every case.

Yours truly,
FRED P. ADKINS.
October 17, 1919.

Will Entertain Associated Banks Here

The Directors of the four banking institutions of Salisbury are preparing a program for the entertainment of the Associated Banks of Wicomico Somerset and Worcester counties in this city on October 29th. This meeting of the Associated Banks is expected to be one of the most interesting ever held in the history of the Organization. Special arrangements are being made to have some of the most prominent financiers in the country to address this meeting and an effort will be made to have every member of the Associated Banks of the three counties present.

The business session which will be held in the afternoon will be followed by a banquet in the evening at which the four banks of this city will act as hosts, and it is expected that the visitors will find themselves seated before a table laden with all the delicacies for which the Eastern Shore is so famous.

to nearly 600,000 members. A Lodge of Moose is now in course of organization in Salisbury with many of our most prominent citizens as Charter members. The work is under the direction of Mr. J. B. Gray, organizer. Grand Lecturer, Triphitt Giles who is one of the most prominent members of the Order has been here for several days aiding in the organization of the Salisbury lodge.

Interesting Exhibit On E. Main Street Monday Night

A Demonstration To Show The Fire Resisting Qualities Of Gibraltar Paint.

Monday night next, on East Main Street, there will be an exhibition of the durability and fire-resisting power of Gibraltar Fire Resisting Paint when a blaze is set off for the purpose of demonstrating the great possibilities of fire resistance by using this well known invention. In many of the larger cities of the United States where these exhibitions have been given, they have proven most wonderful, and in some cases, the results have really been marvellous. This point is handled in Salisbury by the Mitchell & Goslee Hardware Company and on another page of this issue will be found an advertisement giving some idea of its possibilities.

With all of the up-to-date equipment to fight fire, and the constantly increasing use of so-called fireproof construction, the hazard from fire is being increased in rates of insurance throughout our cities and communities.

Insurance people tell us, and our own observation confirms it, that much of our fire waste is occasioned by our own neglect, and the hurry and rush of our busy American life. We do not safeguard our properties that can be, by very simple and economical means. Our old buildings and construction that is of wood and inflammable construction can be rendered the more fire-resisting by use of materials of approved worth and efficiency.

It is not claimed by the use of Gibraltar Fire Resisting Paints that construction can be made FIRE-PROOF; this paint will not convert tinsel and inflammable materials into concrete, stone or iron properties. But Gibraltar Fire Resisting paint will, when properly applied, give the construction the best and greatest FIRE-RESISTING efficiency. It is recognized (as is later indicated by those who have investigated) to be the only paint that has the FIRE-RESISTING feature coupled with the best value and merit for beauty, wear and durability. Gibraltar Fire Resisting Paints have all that is claimed for other meritorious paints. Each and every gallon carries the FIRE-RESISTING process (formulæ) with the very highest grades of oils, dryers, etc.

Everybody is invited to view this great demonstration.

LIEUT. AND MRS. TRUITT LEAVE SALISBURY FOR CAPE HAITIEN

Lieut. and Mrs. Razzie W. Truitt left for New York Thursday afternoon. After spending a few days in that city they will go to Charleston, S. C., where they will embark on the 20th, in the "Kittery," for their new home at Cape Haitien on the island of Haiti.

Lieut. Truitt is serving as chaplain in the U. S. Navy at this place; where there are about 700 mariners stationed, and he has a big job before him in this work, in keeping up the morale of our boys among the conditions which surround them there, chief of which, is the sale to them of native made rum at 20c per quart, which puts it within easy reach of all.

To help to keep the boys from this one evil alone is a great and worthy task. And we have no doubt Chaplain Truitt will have a large share in doing this from his past record here, where he was much loved, while pastor of St. Andrew's Methodist church.

The young wife who accompanies him is a daughter of Dr. Thos. N. Potts, and has had a great deal of experience in Home Service work here and will probably be of great assistance to her husband in his work. Their many friends here wish them success and happiness in their new home.

The Registration lists for the three days' registration held this year have just been issued from the press and show a number of changes in every district. The central committees of both organizations were very busy on registration this year as is evidenced by the long list of names added and erased in the 15 districts of the county. For the first time since the beginning of the war, the books have probably been cleaned up almost entirely of dead names and drift wood, and the names remaining on the books can be relied upon as being legalized voters in most cases and entitled to vote in November. The changes in the three days' registration show that there were added 915 for the 15 districts and there were erased 889 for the 15 districts making a total number of changes on the registration books of Wicomico county during the three days' session of 1804.

The work of the registration officers in the various districts in the added and stricken off names show the following changes by districts: Barren Creek—40 white and 5 colored, added; 40 white and 15 colored erased. Quantico—29 white and 11 colored added; 31 white and 12 colored erased. Tyaskin—30 white and 22 colored added; 16 white and 33 colored erased. Pittsburg—39 white and 9 colored added; 32 white and 11 colored erased. Parsons—154 white and 31 colored added; 174 white and 40 colored erased. Dennis—22 white added; 2 white erased. Trappe—46 white and 21 colored added; 43 white and 33 colored erased. Nutters—2 white and 1 colored added; 6 white and 2 colored erased. Salisbury—126 white and 32 colored added; 120 white and 45 colored erased. Sharptown—29 white and 7 colored added; 7 white and 7 colored erased. Delmar—51 white and 5 colored added; 48 white and 7 colored erased. Nanticoke—21 white and 25 colored added; 29 white and 14 colored erased. Camden—122 white and 9 colored added; 115 white and 2 colored erased. Willard—33 white added; 14 white and 2 colored erased. Hebron—29 white and 9 colored added; 36 white and 8 colored erased.

The books as they now stand show the following registered voters as per district white and colored.

District	White	Colored	Total
Barren Creek	343	65	408
Quantico	166	101	267
Tyaskin	226	205	431
Pittsburg	359	35	394
Parsons	1000	128	1128
Dennis	197	4	201
Trappe	455	156	611
Nutters	197	46	243
Salisbury	564	185	749
Sharptown	211	74	285
Delmar	385	20	405
Nanticoke	261	240	501
Camden	712	24	736
Willard	268	0	268
Hebron	242	46	288

Total 5586 1329 6915

According to these figures, there has not been a very material change in the total number of voters on the books. The party affiliation as shown by the Registration books is very much in favor of the Democratic Party, the figures being 3900 Democrats; 2800 Republicans and 215 Declined.

Hallowe'en At White Haven.

The committee of Trinity and White Haven parsonages will hold an old time Hallowe'en Party and Oyster Supper at the vacant house of the late Dr. Catlin, White Haven, on Thursday evening, October 30th, to which everybody is invited. The occasion will be the biggest celebration of its kind ever had in Tyaskin district and many special features will be provided for the entertainment of the crowd. As it will be a masked party, those attending should present their card at the door.

Sweet potatoes seem to be growing larger in Wicomico all the time. Last week, Mr. Harry Littleton had to this office a basket of potatoes which were so large that 9 filled the basket full. They were of the Southern Queen variety.

Copyright 1919 Hart Schaffner & Marx

Young Man, They're Here Now, Hart Schaffner & Marx Suits and Overcoats for Fall.

The new fall suits and overcoats you've been waiting for. Finest young Men's models, single or double breasted, full belts, half belts, more conservative types for those who prefer them. ROOSEVELT MEMORIAL MOVEMENT PROGRESSING

Salisbury Should Not Be Behind Other Large Cities In Contributing.

EVERYBODY WILL BE CALLED ON TO HELP THE CAUSE.

A Non-Political Movement In Which The People Cannot Afford To Forget Their Great Men And Roosevelt Was One Of Them.

The memory of Washington is a heritage of life and safety to the Nation today. The beloved voice of Lincoln is stronger and purer with his message to the people of America than it was a full half century ago.

October 27th will be the sixty-first anniversary of Theodore Roosevelt's birth. The Roosevelt Memorial Association, and The Woman's Roosevelt Memorial Association have announced a nation-wide opportunity for all Americans to join in establishing permanent memorial which shall express in the most fitting manner the honor and love of all the people for this great American. Local committees are to be formed in all communities to co-operate with the National Associations.

And now the call comes to a hundred million Americans to honor and perpetuate the memory and the stalwart spirit of Theodore Roosevelt. His sterling, uncompromising Americanism must continue to be an undying power in the life of the Nation he loved with so great a passion. His

voice, vibrant with truth and fearless courage, challenging to patriotism and to justice between man and man, must still go ringing down through the generations, to rouse, to strengthen, to guide the souls of men and to be heard in the hearts of people yet unborn.

Every citizen who joins in thus honoring Theodore Roosevelt and perpetuating his spirit in the lives of the people will be honoring himself and his own community and rendering a patriotic service to his country. The demand for such a memorial is universal among all classes of Americans. As the death of Roosevelt was felt by all his countrymen to be a personal and a national loss, so the dominant thought and feeling of us all is that the inspiration and power of this great-hearted leader of National righteousness and true Americanism can not be spared but must be the enduring heritage of the Nation to whose honor and prestige his life added so much.

Theodore Roosevelt shall have successors—many of them! The land of Washington, and of Lincoln, and of Roosevelt will never lose its capacity to breed great leaders while it keeps alive in the hearts of the people the noble principles which made those men great.

Every American man, and woman, boy, and girl, rich or poor can have a part. All can "Remember Roosevelt!" and help the generations to come to remember him. Work with the Committee in your town, of which Mr. Mark Cooper is chairman the Captains and Lieutenants will call upon you Friday of this week, be prepared to avail yourself of this opportunity to enroll as one of the members of

this great Roosevelt Memorial association any amount from \$1.00 up will entitle you to a certificate of membership which will be sent you from National headquarters in New York. Mark Cooper is chairman. The Cap-Mail Marry Ruark.

ROBT. D. GRIER, Chairman for Wicomico County.

RAILROAD APPEAL TO CHURCHES AND PARENTS

In Its Effort To Save Human Life By More Care, And Education.

CALLS ON EVERYBODY TO AID IN THIS WORK.

Requests Churches, Schools And The Press To Aid In The Two Weeks Campaign Of Education To Save Human Life From Accidents.

The following letter sent out from the Superintendent's office at Cape Charles was read in all the pulpits in Salisbury last Sunday by special request in order to engage the attention of parents and children as well as all other citizens to the campaign which railroads are now making for more safety to human lives. This campaign should receive the attention of all the people as well as their aid in carrying out as far as possible the request of the Railroad Administration. The letter in part follows.

"The two weeks period beginning 12:01 a. m., October 18th, to midnight October 31st, inclusive has been designated by the United States Railroad Administration as 'National Railroad Accident Prevention Drive' at which time a concerted effort will be made by all railroads of the country to prevent a single accident.

"The prevention of accidents is not merely a question of interest to the railroads and their employees, but is of vital concern to the families of every employe and the society at large.

"During 1918 on the Pennsylvania Railroad East of Pittsburgh (and this includes the New York, Philadelphia and Norfolk Railroad) there were 492 persons killed and 3581 injured, an increase of 15 fatalities and 385 injuries over 1917.

"During 1918 on the New York, Philadelphia and Norfolk Railroad there was a total of 4 persons killed and 25 injured, an increase of 3 fatalities and a decrease of 4 injured over 1917. In one accident occurring at Salisbury, Md., 5 persons were injured by having automobile in which they were riding struck by a train.

"The fatalities and injuries quoted refer only to persons who were not concerned in any way with the management or operation of the railroad, and does not include the fatalities and injuries sustained by the employes.

"We believe that the best way of getting the public to realize their liability to personal injury is through education methods, such as bringing vividly to their attention, by every means conceivable, how fraught with opportunities for lifelong misery is likely to result from the improper observance of Safety First Rules.

"Efforts are being made during this campaign to enlist the sympathy and co-operation of the churches, schools,

newspapers, Y. M. C. A.'s, etc. to the end that the public, as well as the railroad employes may be fully aroused to their personal responsibility in this matter.

"If consistent with your policies we would be glad to have you assist us in

our campaign for the 'National Railroad Accident Prevention Drive' by bringing this matter to the attention of your congregations.

Yours truly,
"(Signed) R. H. Pinkham, Superintendent."

Desirable Residence Property In Camden For Sale

With Almost Immediate Possession

As I am no longer living in Salisbury, I will sell my home on the corner of North Boulevard and Smith street.

This is an ideal home for a family of modern circumstances that wants a home in the very best residential section of Salisbury.

The lot on which this home is situated is very large being 80 foot front by 113 feet deep. Concrete sidewalk front and side.

The house has 7 large rooms, 4 down and 3 upstairs, not counting the bath room, nice large halls, porch front, side and back, the house is electrically lighted throughout. There is also a nice two story garage on the premises.

Property in Camden has doubled in value since this home was built and on account of the many fine homes that have been built near this property and the scarcity of homes in Salisbury, property will continue to increase in value. It is almost impossible to build now on account of the high cost of labor and material.

Buy this home already built, it will be a snap for some one.

CURRENT NEWS CAUGHT ON THE FLY BY OUR REPORTERS

Some Interesting Items Being Talked About By Our Citizens.

RECRUITING STATION OPENED IN THIS CITY—BIG CHRISTIAN ENDEAVOR CONVENTION A GREAT SUCCESS—PREPARE NOW FOR WINTER FIRES—MARYLAND GETTING A REPUTATION—FIREMEN ON THE OUTS WITH TELEPHONE COMPANY—DEATH OF REV. CHARLES A. HILL.

A permanent Recruiting Station has been opened on the second floor of the Masonic Temple in this city for the purpose of enlisting men for service in the regular army. Sergt. James H. Jones and Capt. J. J. Ramsey are in charge. Sgt. Jones is a veteran of the Spanish-American War, the Philippine Insurrection and the last great war, and has recently returned from France. Enlistments are open for all branches of the service, for one and three years and men can have their choice of the following places: Europe, Siberia, Alaska, Panama, Hawaii, Philippine Islands, Mexican Border and all parts of the United States. Age limit 18 to 40 years for the Line and up to 55 years for the Staff Corps. Information regarding Bonus and travel pay, also Victory Buttons will be issued thru the office here. This is the first time in the history of the recruiting service of the United States when men could select the country in which they desire to serve. It will be noticed that young men can get their choice of foreign service in any of the countries named above and it offers a rare opportunity not only to get training in the Army but also to get a wide viewpoint of the world and experiences which could not be secured in any other way, and at the same time, at the expense of Uncle Sam with all the surrounding comforts which are now at the command of enlisted men in the Army. It is quite certain that this Recruiting office in Salisbury will do considerable business within the next few months. The tales brought home by the men who served in France and other foreign lands has created a desire among the younger generation to see something more of the world than can be found in their home land.

splendid way in which the whole matter was put over and rest assured if the delegates had their choice, they would return here again next year.

Prepare Now For Winter Fires.
The figures given out by the Insurance companies for the month of September shows that the losses by fires during last month throughout the United States were in excess of \$26,000,000 more than for the corresponding period last year and the companies are calling on property owners everywhere to take more care regarding fires. As this is the time of the year when stoves are set up and heaters started, some care should be exercised to have the flues and chimneys properly cleaned and the stove pipes leading to the flues properly examined to see that they have not rusted through during the summer and thereby contribute to fire accident. If property owners would take a little more care in cleaning up around their premises especially in the basements before the fall fires are started, many fires could be averted and thousands of dollars saved the insurance companies and property owners. The present high cost of building should be a warning to property owners to protect their property as they could not in any way replace their property for the insurance they carry on them. Property owners who insure their buildings on the basis of their cost five or ten years ago and who have not recently increased this insurance find themselves great losers in case of fire and it is to the advantage of the property owners as well as to the insurance companies that we should all be more careful about protecting our properties from danger and from the carelessness which generally causes most conflagrations.

Big Convention Was a Great Success.
The Maryland State Christian Endeavor Convention which met in Salisbury last week was without doubt one of the most successful gatherings of the organization ever held. For three days and nights, Salisbury was filled with visitors from every section of the State of Maryland and many from outside the State who participated in the discussions and business sessions of the great Convention held in the Armory. Those who have followed the course of these meetings year by year say that as usual, Salisbury outstripped all the other cities in Maryland in the manner of hospitality and big crowds, and the work accomplished was of the most highly satisfactory order to the officers of the society. The convention finished its work Thursday night and the several hundred delegates left Friday morning on a special train to take them to their homes in various parts of the Eastern Shore and also to Western Maryland. The local committee having the program in charge can certainly be congratulated on the

Maryland Getting A Reputation.
It is with great satisfaction that we note the advance which Maryland and especially the Eastern Shore farmers are making in the matter of blooded stock both in cattle, sheep, hogs and horses. During the past two or three years, several gentlemen like the Hon. Wm. P. Jackson, the Messrs. Riddle of near Berlin and B. Frank Adkins have brought Maryland into prominence as a breeder of fine stock, and the herds of cattle, sheep and hogs are being increased almost weekly by not only these gentlemen but other farmers in the county who are investing large sums of money in breeding and buying blooded animals. The Riddle brothers whose stud farm is located on the State highway from Salisbury to Ocean City, have contributed some of the best racers to the long list of blooded horses which have made Maryland famous for many years, and it is likely that the Riddle stables in the near future will command notice throughout the United States. This stud has not been in existence very long but the reputation it has made for its short life gives assurance that within the very near future the Riddle gentlemen can be depended upon to make the Eastern Shore of Maryland famous for its fast runners. It is said the investment in this stud farm by these gentlemen has now reached over a quarter of a million dollars, which is some price for an equipment on an Eastern Shore farm.

Firemen On The Outs With Telephone Company.
As noted in the last issue of The Wicomico News, the Salisbury Firemen and the Chesapeake & Potomac Telephone Company officials are on the outs as will be seen by the following resolution adopted and passed by the volunteer firemen at a meeting held September 17, 1919. The Resolution adopted unanimously reads as follows: "That unless the Telephone Company notify the Salisbury Fire Department, Inc., that they will give our firemen the information asked for in case of fire, our Department positively refuses to protect any property the said Telephone Company are interested in."

Death Of Rev. Charles A. Hill.
In the death of Rev. Charles A. Hill which occurred last week, the Methodist Episcopal Church has lost one of its most brilliant and devoted ministers. The people of Salisbury were sadly attached to Dr. Hill because

of the long years in which he served the Asbury M. E. Church and was a member of this city. Probably no man who has ever occupied the pulpit of this Church was closer to all its members than was Dr. Hill. His scholarly attainments, his beautiful disposition, his always kindly word and welcome smile marked him as a man of this community who lived in the hearts of our people, not only those who were members of his own congregation but the entire city. Dr. Hill was one of those broad-minded men whose religion and teachings were an aid to the community in which he lived and his activities were not confined strictly to the membership of his own congregation. He did a wonderful work for Asbury Church and this was the same experience which every one of the large charges in the Wilmington conference could point to after Dr. Hill had served the charge. He had occupied all the prominent churches within the gift of the conference and there was always a demand for his presence in every community which he ever served. In the death of Dr. Hill, the Methodist Church suffers a distinct loss and he will be remembered by hundreds of citizens of Salisbury both men, women and children who had learned to love him so dearly during the many years of pastorate here.

SUGAR

Is becoming more and more difficult to obtain for several very good reasons:

- First: This year's world crop is greatly under normal requirements.
 - Second: Those who have a supply on hand are holding on to it.
 - Third: Candy, soft drinks, ice creams and confections, owing to prohibition, are more and more in demand.
 - Fourth: Japan and China's requirements for the above and other reasons have expanded four or five times, and these countries are taking the Java and East Indian crops that formerly went to Europe.
- Consequently, Cuba, which normally raises one-fourth of all the sugar used in the world, is overtaxed in its attempt to supply the demand.

OPPORTUNITY

Of the far-sighted investor, both small and large. Well-managed sugar-producing companies in Cuba will unquestionably show large earnings available for increased dividends on their stocks.

We recommend the purchase of

CENTRAL TERESA SUGAR CO.

Beautiful Furs! Neck-pieces and Fur Coats, at moderate prices.

The best buy of the season. One of our manufacturers slipped us 55 sample coats at a reduction of 25 per cent. They are the most beautiful lot of coats we have seen this season. They are made of such beautiful materials as Tinseltone, Silvertone, Silvertip, Bolivia and Chameleon. Some have beautiful large fur collars. Sizes are complete from 16 to 42, and of course the colors are the most wanted of the season, such as Brown, several shades of Blue, Reindeer and Taupe. They formerly sold for \$50.00 to \$125.00, but we are going to give our patrons the benefit of this most fortunate purchase and sell them at the same reduction as we bought them. Therefore the \$50.00 coat will only be \$37.50 and the \$125.00 coat will be \$93.75 and so on.

You can't afford to miss this opportunity. Make your selection early as they won't last long.

Some new suits, dresses and waists have arrived this week. We will be pleased to show them to you.

MILLINERY

THURSDAY, OCTOBER 23, 1919.

LOCAL AFFAIRS.

—Mrs. W. S. Gorry, Jr., is visiting friends in Chestertown and Baltimore.

—Mr. E. Howard Scott of Philadelphia is spending several days in town.

—Mrs. Purl B. Williams of Sunnybank, Va. is the guest of Mr. and Mrs. B. H. Phillips, Sharptown, Md.

—A Halloween Social will be held at Dorman's School, Thursday, Oct. 30th, 1919. Everybody masked.

—Mrs. W. C. Bedsworth and children returned home Saturday from Snow Hill where she has been visiting relatives.

—Mr. Jas. E. Ellegood spent Friday in Wilmington, attending a directors meeting of the Continental Life Insurance Company.

—Lieut. and Mrs. M. S. Wilson of Pittsburgh, Pa. spent the week-end with their parents, Mr. and Mrs. W. S. Phillips, N. Division street.

—Rev. Frank Herson of Newark, Del. is assisting his brother, Dr. Joseph T. Herson in special services this week at Asbury M. E. Church.

—Mr. Clay Robertson has returned to his home in Newport News, Va. after having spent a few days with his uncle Mr. J. S. Robertson of Delmar, Del.

—Talk about a real bean! We have one at the News office grown by Mr. S. C. Dougherty that measures 31 inches in length and weighs 7 pounds. It is the Guinea Wonder variety.

—Mrs. George A. Moore and son George of Baltimore and Mrs. L. B. Carruthers of North Fort, Va. spent the week end as the guests of Mr. and Mrs. Frank Moore, Mount street.

—There will be a meeting of the Business Men's Association Friday evening of this week at eight o'clock to hear the final report on the hotel proposition and all those who are interested are requested to be present.

—Mr. W. Ray Phillips, son of Mr. and Mrs. W. S. Phillips of this city who operates mills in Northumberland County, Virginia, will soon begin a modern home on Camden Ave. Extd., and will make his future home here.

—Miss Margaret Grier gave a linen shower at her home on North Division Street last week in honor of Miss Louise White whose wedding is announced to take place some time in the near future, engagement of Miss White and Dr. Smith of this city having been announced.

—Mr. L. W. Insley, the new manager of the Arcade Theatre purchased the residence on Virginia Avenue adjoining the property of Mr. John Smith from the former owner, Mr. Downing, and will make it his residence for the future. This is a very desirable property located on a very deep lot. It is said the consideration was around \$4,000.

—All the members of the Powellville M. P. Church are requested to be present Sunday, October 26th at 3 p. m. as the Pastor has a special sermon to the membership, that is of interest. It may cause criticism if you should hear it repeated by anyone other than the Pastor. If you are interested, come. If not, stay home.—J. H. Lynch, Pastor.

—The following scholarships have been awarded in the Engineering Department of the Johns Hopkins University, Baltimore. For Wicomico county: B. Lee Hayman, P. E. Tignor (Senatorial) and R. H. Waller. The scholarships awarded to the State at large in the Engineering Department were: M. M. Seymour, K. H. Andrae, Frank Wilen, E. H. Shaw, F. Abbott and T. M. Berry.

—Governor Harrington announced last week that he would proclaim November 11 Armistice Day and declare it a State holiday. He wants the anniversary of the day the Germans bent the knee to the American and Allied forces commemorated in fitting manner, and it is probable that celebrations will be held throughout the State.

—Miss Carrie Hearn who has spent quite sometime in Fruitland recuperating from a sudden breakdown in the beginning of her success in the motion picture field, has fully recovered and has signed a contract for the coming season. Miss Hearn was formerly from New York starting her stage career at the age of four performing in Brooklyn and New York, as the "Child Wonder", later starring with Proctor Stock Co.

—Mr. Robt. H. Waller, son of Mr. and Mrs. Henry Waller on Camden Ave. and Mr. Lee Harman, son of Mr. and Mrs. Chas. Hayman of Rockawalkin have each secured scholarships in the Engineering Department of the Johns Hopkins University. These young men were graduates of the Wicomico High School last spring and were able to enter the university without an examination. This speaks well for what our public schools are doing.

—Miss Annie Covington one of the most highly respected of our aged ladies, now an occupant of the Home for the Aged, was knocked down in front of the News building last week by an unknown party riding a bicycle. The lady was rather seriously injured by the shock and was taken to the Home and placed under the care of Dr. Dick. Efforts were made to find the party who was the cause of the unfortunate accident but up to the present time, it has been impossible to ascertain correctly who it was who ran the lady down. Mrs. Covington is a great favorite with the people of this city and much indignation was felt over the occurrence.

—Mr. and Mrs. James Buxton Porter announce the engagement and approaching marriage of their daughter, Miss Irma Aurelia Porter, to Mr. Levin Claude Bailey, of Salisbury, son of Mr. and Mrs. John C. Bailey of Quantico, some time during November. Mr. Bailey returned late in July from overseas, where he served during the war as a captain in the 80th division of the United States Army. Miss Porter, who is a niece of Mrs. Jesse D. Price, of this city, has frequently visited here and made many admiring friends. They will be glad to know that Captain Bailey's latest capture will be a future Salisbury resident.

IN MEMORIAM. In sad but loving remembrance of Elva Dickerson, who departed this life one year ago, Oct. 20th, 1918.

The month of October again is here. To us the saddest of the year; Because one year ago today, Our dear friend Elva passed away.

She is blooming in God's garden Among the lilies fair; God saw she was too good for earth, So transplanted her up there.

From a world of pain and sorrow, To a land of peace and rest, God has taken you dear Elva, Where you have found eternal rest.

'Tis sweet to know that we shall meet again, Where parting is no more, And that the one we love so dearly, Has only gone before.

MAMIE FIGGS, ESTHER JENKINS.

(ADVERTISEMENT). To my Friends in Wicomico County: Having been nominated by the Republican Party for the office of Sheriff, I earnestly solicit your support in the coming election.

I believe that the experience gained during my 25 years service in the United States Army will especially qualify me to perform the duties of this office, and I pledge myself, if elected, to serve all the people of Wicomico County to the best of my ability, and without regard to party affiliation.

In asking your support on the basis of my personal fitness for this office, I should like to talk to each of you. But this is impossible so that I take this method of thanking every one for the support which he may be able to give me.

FORD, Oct. 23-2t. pd. Crisfield, Md.

OCTOBER WEDDINGS CELEBRATED LAST WEEK

Several Beautiful Ceremonies Solemnized Here And in Baltimore.

ALLEN THE SCENE OF A BEAUTIFUL CEREMONY.

Daughter of Former Salisbury Pastor Married in Baltimore To Salisbury Young Man—Miss Gurdy Married in Philadelphia.

Allen M. E. Church was the scene of a very pretty marriage on Wednesday of last week at high noon when Miss Geraldine Marie Smith, youngest daughter of Mr. and Mrs. Andrew W. Smith, became the bride of Mr. James Harvey Hoffman of Norfolk, Va. She wore a beautiful gown of white satin with duchess lace and pearl trimmings. Her veil of tulle in cap style caught with orange blossom. She carried a shower bouquet of bride's roses and ferns and was attended by Miss Osie Brimer of Norfolk as maid of honor, who wore pale pink georgette crepe with wool embroidery and large black hat with ostrich trimmings. She carried a bouquet of pink roses and ferns.

The groom's best man was his brother, Mr. George Hoffman, Jr., of Norfolk and Mr. Joseph Smith, brother of the bride and Mr. Marion Smith cousin of the bride were ushers. Master R. Phoebus Jones, son of Mr. and Mrs. Roscoe Jones was ring-bearer and carried the wedding ring, in a large white lily. Miss Lillian Phillips daughter of Mr. and Mrs. G. William Phillips, was flower girl, carrying a basket filled with Killarney roses and strewn petals in the path of the bride.

The ceremony was performed by Rev. C. C. Bell of Onancock, Va., assisted by Rev. W. J. Twilley, pastor of Allen Church. Preceding the ceremony Miss Ethel Malone of Washington, D. C., sang "At Dawning" and Mrs. Jesse M. Pollitt sang "Until". The church was artificially lighted and beautifully decorated, the color scheme being white and green. Immediately after the ceremony a wedding breakfast was served at the home of the bride.

The wedding trip included a visit to New York, Philadelphia, Baltimore and Washington. They will reside in Norfolk. She was the recipient of a large number of beautiful wedding gifts. Among the guests present were Mr.

and Mrs. J. H. Bell of Virginia Beach, Mrs. Wildar James of Cambridge, Rev. and Mrs. C. C. Bell of Onancock, Mr. and Mrs. Stevenson, Miss Grace Ames Huffington and Mr. Mason of Accomac and Misses Bowen and Dowding, of Norfolk, Va.

Pope-Warner in Baltimore.

Mt. Royal Ave. Methodist Protestant Church was the scene of a beautiful wedding on Saturday evening Oct. 18th, when Miss Mildred Gardner Warner was united in marriage to Mr. Milton Lankford Pope of Salisbury. The ceremony was performed by the Rev. Dr. Luther Farwell Warner, President of the Md. Annual Conference of the M. P. Church assisted by Rev. W. H. Litsinger, pastor of the church. The bride was given in marriage by her uncle Dr. Robert A. Warner of Baltimore. Her gown was white satin and brocade trimmed in pearls with tulle veil and orange blossoms. She carried a white ritual and bride's roses. Her only ornament was a string of pearls the gift of the groom. The maid of honor was Miss Pope the sister of the groom who wore a blue silk and embroidered gown and carried La France roses. The bridesmaids were Miss Laura Cooper Sadtler of Baltimore, in corn colored silk and Miss Maude Gibbons of Upper Marlboro in pink silk. Each wore black hats and carried Ophelia roses. Mr. Paul Farwell Warner was best man. The ushers were Mr. Welton Fooks of Salisbury, Mr. Cromwell Warner, James Stevens and David Baker all of Baltimore. A large reception followed the ceremony at the home of the bride, 1420 Linden Ave., attended by a number of out of town guests. The presents were numerous and handsome. After an extended wedding trip to Northern cities they will be at home after November 1st on Camden Ave., Salisbury.

Green-Gordy in Philadelphia.

A very quiet but pretty wedding took place last Wednesday, October 15th, when Miss Lucy Gordy formerly of this city became the bride of Mr. Joseph L. Green of Philadelphia. The bride was becomingly attired in a traveling suit of navy blue with hat and gloves to match, and carried a shower bouquet of sweet peas and bride's roses.

Immediately after the ceremony, Mr. and Mrs. Green left for Cincinnati, Ohio where Mr. Green has undertaken a more responsible position with the Butterick Publishing Company of New York City.

November Approaching Cold Weather Warm Blankets

A large and extremely fine collection of blankets and comforts are here in the house awaiting the cold weather to come along. 'Tis true that we have had a very mild Autumn and the sales on blankets and comforts have been very low but the cold weather is sure to come and our stock will be almost wiped away in a twinkling.

At the present time it is complete—a large and varied stock at prices that are within reach of everyone's purse—but—these are the only ones that are low in price, the present stock.

When we go into the market later in the season to replenish our stock as we surely will, they will be higher, of course we don't expect to do that very soon, how soon we don't know, but when folks learn that we have the low priced stock of blankets, there will be a big demand and of course that means a lowering of our supply.

COTTON AND PART WOOL BLANKETS
AT \$3.50 to \$9.00.
THREE QUARTER AND ALL WOOL
BLANKETS \$8.00 to \$25.00.

Smartest of Smart Millinery

Millinery designers ranking high in the craft—the smartest of the smart fashion ideas stream through this section every day.

Exceptionally fine collections of the latest ideas in hats of panne velvet and silk beaver with trimmings of wonderful feathers in all manner of alluring shapes and colors are offered this week.
Prices as low as \$5.00 and as high as \$35.

Some Delightful Newcomers Among The Finer Dresses for Women

Nearly fifty different styles now among the new dresses for women and young women, dresses of the better sort between

\$16.50 and \$37.50.

All beautiful tailored and in the newest styles, some severely plain and mannish, other fancy and prettily feminine, with their loose straight lines high waisted effects and striking trimmings.

The fabrics are all that is new, we especially mention those of Messaline, Taffetas, Serge and Tricotine, while we are showing poplin too prettily trimmed and well made and priced as low as \$7.50.

The Furs that We Carry Are Reliable Furs

We may say at once that the fundamental policy of our fur business is that it is built on the bed rock of reliability.

Here then you find furs that come from one class of furriers only—the reputable, reliable class, trained experts in peltry, and master designers of fur styles.

Our system too, means these kind of furs are available to you at much closer prices—a fact demonstrated every time we make a sale.

We offer a wonderful stock of sumptuous fur sets, scarfs and muffs.

The showing of Cat Lynx at moderate prices is exceptional, others in Blue Lynx, Blue, Black, and Brown Fox at prices ranging from \$15.00 for the separate pieces and sets that range all the way to \$150.00.

Fashion Favors Many Coat Styles All Being Here

Semi-fitted or wide and dolman sleeved, pole coat or three quarter length rippled models, full length, low waisted and belted types, yoke top coats.

There are many other models—completely typical of the mandates of fashions applied to coats—are here for your inspection and selection.

We especially recommend early inspection of the following style groups—for comprised in them are excellent and frequently exclusive designs—coats that are very desirable and very favorably priced.
Coats of silvertone and velours at prices ranging from \$27.50 to \$85.00.
Of plush, fur fabrics and fur at \$30.00 to \$70.00.

HAPPENINGS IN THE NATIONAL CAPITAL

Short, Fifty Items Showing The
Trend Of National Business.

UNUSUAL PROSPERITY DURING
WILSON'S ADMINISTRATION.

Many Items Of Interest Of Happenings
In The National Capital On A
Variety Of Subjects In Which All
The People Are Interested.

The advance guard of the Census Bureau in Washington has taken the quarters of the Aircraft Production Section of the War Department and dispossessed that branch of the Army of about half of the temporary building it occupied during the war. It is the intention of the Aircraft section to surrender the entire building to the Census Bureau within a few months.

The building, a full city block square in its dimensions, offers commodious quarters for the rapidly expanding clerical force of the 14th Decennial Census. It likewise offers excellent facilities for the installation and operation of the many ingenious machines to be used by the Bureau of the Census in tabulating the statistics which will be gathered by the census enumerators during the month of January, 1920.

More than 8,000 packing boxes have already been provided for sending out copies of the census schedules and other supplies to the 85,000 enumerators in the field. The first shipment of schedules is already in progress and the boxes now being sent out will be returned to the Census Bureau as rapidly as possible, thus keeping them in constant use.

Finally the supervisors and enumerators after the enumeration is completed will use these same boxes to return to the Census Bureau the schedules filled out with the items of information which they have recorded on the schedules in their canvases of the population, homes and farms of the United States.

The dimensions of these boxes being approximately 26x20x11 inches, a simple and obvious computation shows that each box will come back to Washington packed with more than three cubic feet of statistical data.

Welfare Organizations To Continue.

The welfare organizations that contributed to the comfort of the men in service during the war will continue their work abroad for three or four months to come. Secretary of War Baker has thanked the seven organizations and has asked them to continue their efforts for awhile in France, Germany, Siberia, Panama Canal Zone, Hawaii, Philippines and Alaska until such time as the army can establish an organization for the development and supervision of education, recreation and moral training of officers and men.

Liberty Loans Promote Thrift, Says Treasury.

The most recent compilations issued by the War Loan organization of the Treasury Department show that the total subscription to Liberty Loans in the United States amounted to nearly \$22,000,000,000. The figures are based on subscriptions of \$5,238,768,000 to the Victory Loan or Fifth Liberty Loan, plus an aggregate of more than \$16,000,000,000 of the first four loans. The popularity of the last loan is indicated by the fact that there were 11,803,895 subscribers, or more than 11 per cent of the entire population.

Of the money borrowed from the United States during the war Great Britain has already repaid \$32,000,000 which has been applied on redemption of Liberty bonds and to the sources, the Treasury Department has payment and from money from other already redeemed \$717,537,550 of Liberty bonds.

Purchase of Government thrift stamps and savings certificates being promoted as a popular movement the Savings Division of the Treasury announces. The letter carriers of the country in their recent convention in Philadelphia pledged themselves to continued support of the sale of these stamps and certificates.

In a letter to the school children Secretary of the Treasury Glass has called upon Young America to meet the burdens of citizenship and grow up with a realization of the responsibilities of Government that will fall on their shoulders in a few years, by continuing their efforts to buy savings and thrift stamps. Large returns on the thrift campaign have been realized in the past year by the Government through the savings of the school children.

National Guard Will Have Tank Battalions.

Tanks will be part of the equipment of the National Guard under the plans of reorganization now under contemplation by the War Department. It has been decided to have four light tank battalions—one to each corps of four divisions.

These battalions will be constituted of three companies of 25 tanks each. The strength of a battalion will be 32 officers and 456 men. Apportionment of the tank units will be apportioned so that they may be utilized to the best advantage in training with the infantry. It is designed that when united the companies will form complete battalions at the rate of one battalion corps for each corps of four divisions.

It is announced that the tanks are available for issue to those states to which allotments have been made. The War Department suggests that there should be included in the estimates for the year beginning July 1, 1920, provision for the personnel of these units and for equipment other than tanks.

Meat Inspection Gave Army Good Supplies.

More than a billion pounds of meats and dairy products were inspected at purchasing points by the Veterinary Corps of the Army in the course of the war, it is officially announced by the Surgeon General. This inspection prevented the delivery of unsound, unsanitary and inferior meats and other products and insured to the soldiers plentiful clean wholesome food. The health and contentment of the men in service was due in large measure to the efficiency of this inspection.

In addition to the sanitary inspection of enormous quantities of meats and products purchased locally at camps and posts, the Veterinary Corps also inspected at purchasing points 1,119,304,616 pounds of fresh and preserved meats, fowl, lard, butter, cheese, oleomargarine and other products for the United States Army, and 32,431,253 pounds of meats for civilian relief work in Europe and for the Italian Army.

Hives, eczema, itch or salt rheum sets you crazy. Can't bear the touch of your clothing. Doan's Ointment is fine for skin itching. All druggists sell it. 60c a box.—Adv.

A Good Business OPPORTUNITY

Having decided to discontinue business I will offer for sale my

HARDWARE STORE

and entire stock of goods consisting of

Hardware & Farming Implements, Paints, Oils, Etc.

and everything else which goes to make up a complete stock of hardware for a going business. Here is a rare opportunity for someone to get a fine business in a growing community which is increasing in population every day and where enterprises are springing up all the time.

If you are interested, call on or write.

N. W. CAREY,

General Hardware

Oct. 23-tf.

FRUITLAND, MD. Phone 1823-15

Sweaters for Ladies

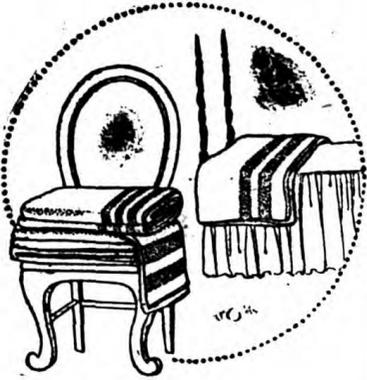

In Coat Sweaters and Slipover styles, some are heavy, others in medium weight, all colors in Henna, Navy, Garnet, Greys, Torquoise, Copen, Old Rose, Beauty, Peacock and Blacks.

 Children's Shoes, Brown and Grey tops, patent leather with white tops.
 Men's Cordovan Calf Shoes in the latest styles at \$8.00, \$9.00 and \$10.00. Lasts C, D & E.

SCHOOL CHILDREN TO AID IN HEALTH CRUSADE

A New Movement Which Will Aid In Physical Development Of Children.

EVERY ELEMENTARY SCHOOL SHOULD JOIN IN WORK.

It is Proposed To Have At Least 5,000,000 School Children In The United States In Line For This Great 20th Century Movement.

The Modern Health Crusade is a system of health education, which is being introduced into thousands of elementary schools, a movement in which nearly three million American school children, qualified as crusaders by the daily practice of health chores are participating.

Its purpose is the formation of good health habits, the enlistment of children in community service, and the control of preventable disease.

Its success is due to the interest in health aroused in children by introducing the elements of play and romance into the practice of hygiene, and by a definite program with tangible rewards. It dramatizes personal health.

The child who does 75 per cent of the Crusader's health chores for two, five, 10 and 15 weeks becomes successively a page, squire, knight and knight banneret in health chivalry. Classes and schools as well as individual children may compete in health tournaments. (For explanation, write to the Maryland Tuberculosis Association, Levering Hall, Baltimore, Md. for record of health chores, Crusader's manual, and "Field of the Cloth of Gold".)

Every elementary school teacher in the country can adopt the Crusade for her pupils. It is largely a home-work proposition for children and parents. The teacher may use all or part of the prescribed program.

The Crusade is a system of education and not an organization. Every school in the country is invited to apply the system. Organization is provided to maintain standards, to foster competition and to hold out to the child membership in modern health crusade at once local, State and national in scope.

The local anti-tuberculosis societies

and the junior divisions of Red Cross chapters assist the schools in Crusade work. They provide supplies when possible, but in view of the limited means of these organizations, an increasing number of schools are purchasing the supplies for the same reason that they purchase textbooks in physiology, but at less expense than the latter.

An Illinois county superintendent of schools writes of a few weeks of Crusade work: "I regard the results superior to a year of physiology as ordinarily taught."

The Maryland superintendent of education writes: "I have been giving some study to the work of the Modern Health Crusade directed by the Maryland Tuberculosis Association. It has been my privilege to observe from day to day one boy who has joined in the movement. I am very much pleased with the effect and I most heartily endorse the work."

"We are controlled more by the habits we form in youth than by the knowledge that we acquire. The work of the Crusade is practical and wholesome, and any child cannot help being benefited by joining it."

Ten Essentials For Health—Care Of Children In Rural Schools.

1. Daily health inspection by parent and teacher with the co-operation of school nurses and doctors.
2. General health examination including dental examination at least once a year.
3. Follow up health work with provision of medical, surgical and dental care for correction of health defects, with service of school or district nurse, to make effective the health program in the school.
4. Warm school lunches for all rural school children.
5. Sanitary and attractive school houses and surroundings.
6. Efficiently trained teachers who are qualified to do their full share in the care of health and welfare of the children.
7. Practical health instruction of all pupils for the establishment of health habits and the extension of health conduct and care to the school, to the homes and to the community in general.
8. Special classes and schools for the physically and mentally defective.
9. Generous provision for wholesome play and recreation in school and community.
10. Organization and co-operation

of interested people and societies to insure to all the children the essentials of health and general well-being.

HOW THE NASH QUAD IS USED BY THE FARMERS OF TEXAS

Nash Quad Save Thousands Of Cattle From Death Each Winter.

In the vast ranges of North Texas thousands of head of cattle are saved from death each winter by the Nash Quad.

Ranchers in the past have faced with dread indications of a severe winter when the ranges swept by sleet and snow have made it impossible to reach their cattle with food. During a period of this kind the animals herd in various parts of the ranch and are unable to help themselves by reason of the fact that nature has not taught them to burrow through the ice-covered ground for whatever vegetation may lie beneath.

Lack of food lowers the vitality of the cattle to a point where it is almost impossible to withstand the elements. Thus a heavy mortality results.

Conditions during a severe period of this kind have made the ranchers helpless. There being no way to reach their cattle with food in quantities sufficient to sustain life, the animals have died by thousands, the only salvage being hides and hoofs of which they later were stripped.

However, the introduction of the Nash Quad in the North Texas cattle district has made a vast change in these conditions. Loaded with food for the cattle, the absence of roads over which to reach the herds makes no difference to the Quad. Because of its power on all four wheels and because of its interlocking differentials, which give it positive traction, the Nash Quad easily makes the life-saving trips heretofore believed impossible of accomplishment.

The saving in dollars and cents thus effected each year runs into hundreds of thousands of dollars.

Indigestion, Biliousness, Constipation. Chamberlain's Tablets have restored to health and happiness hundreds who were afflicted with indigestion, biliousness and constipation. If you are troubled in this way give them a trial. You are certain to be pleased for they will benefit you.—Adv.

Facing the Emergency

Fire Prevention Test

To the Salisbury Manufacturers

—and all who are interested in Paint and Painting.

Sir:—

We respectfully invite you to be present at the demonstration of the Fire Resisting Paint.

We will prove to you we have a paint that will resist fire, also fire proofing material.

A PAINT heartily endorsed by Ex-Fire Chief E. F. Croker New York, who has had personal experience with the Gibraltar Fire Resisting Paint.

To be held under the auspices of

PUBLIC OPINION COLUMN

Subjects in Which The Public Are Interested Enough To Write About.

(This column is for the free use of the public to express their views on important subjects.)

Editors Wicomico News.

Gentlemen:— In the issue of October 9, of your paper, I see, on the Editorial Page, the salvation of the public still depends on bonding Wicomico County for roads and schools, bridges having dropped out.

The logic of such a proposition is almost inconceivable, since in 1916, the people voted on a bond issue and defeated it by a vote of more than 4 to 1, but they say there has been a great change in sentiment on that subject. We believe there has been a change, and it is this: that those people who have wanted to bond the county have, in the past, wanted to bond it bad; they now want to bond it worse. They tell us in plain words that if we'll bond the county, the taxes will be much lower, and seem to want us to believe that if we bond it for a sum large enough, and often enough, we won't have to pay any taxes at all.

Now, there are a few things we want to remember:

First. Bonding the county is equivalent to mortgaging every dollar's worth of taxable property in the county, and that the only way to pay those bonds is by taxes, which the people must pay.

Second. That the highest amount of bonds they have ever attempted to fasten on the taxpayers at one time was \$112,500. The county commissioners tell us that stone roads cost about \$35,000 per mile; then, the whole amount would have built little more than 3 miles, yet they tell us if that had been done, we would have improved roads all over the county.

Third. That, in 1912, after the people would not be fooled into authorizing a bond for \$100,000 for roads and bridges, the Legislature which was then in session, passed an act compelling the commissioners to levy 20 cents on each \$100 of taxable property in the county for roads and bridges. That has been levied each year since; is still in force. Still they want to bond the county.

One of their arguments is, that other counties in other states are bonding, and we should, also. If I mistake not, Cain slew Abel. Is that a good reason for us to kill our brother?

I'll venture this prediction. Agree to bond the county, it won't stop at \$100,000, but will not be less than \$500,000, a cool half million.

Now, I'll ask one question. Does any one believe that by bonding the county, building a few miles of stone road, and erecting a few school houses that the public wants will then cease?

No, they'll continue just the same, year after year. That leads to bonding, bonding, bonding again; bonding, bonding, bonding again. That leads to one of two results; complete financial ruin, or, that we must stop. No one would dare advocate the former, so let us take the latter, and stop before we begin.

May the people of Wicomico County do in the future as they have done in the past, kill those bonding schemes which lead to extravagance, waste, and financial slavery, and not fasten a debt on the succeeding generations, but give to our children a chance to live their lives free from public bondage.

F. GRANT GOSLEE.

BEAVER BOARD

FOR BETTER WALLS & CEILINGS

Rejuvenate the Office the Home

An attractive office is a fine tonic for any business. And clean, convenient, cheery stores and factories have the same stimulating effect on sales and production. Are your business surroundings working for or against you?

Look over the walls and ceiling through your home. Are they all in the very best condition, radiating cheer, comfort and good tone? If your rooms are not all they should be—REJUVENATE them with Beaver Board, the original wallboard.

Putting new life into old rooms is Beaver Board's long suit. A few of these big, sturdy panels of knotless, crackless manufactured lumber; hammer, saw, nails, some attractive wood trim and a little good paint are all you need to restore either business or living quarters to more than original attractiveness.

Rejuvenation with Beaver Board is quick, easy, pleasant work and the results are as permanent as your floors and other woodwork. Learn the possibilities of your rooms plus Beaver Board. Free Design and decoration service.

ECHOES FROM THE PLAZA OF THE COUNTY COURT HOUSE SQUARE

What Is Talked About Under The Trees On The Public Green Gossip From The Various Sections.

HAPPENINGS AMONG THE PEOPLE OF THE VARIOUS SECTIONS WHICH ARE OF INTEREST TO ALL THE CITIZENS—POLITICS A LEADING TOPIC THESE FALL DAYS AND MUCH DIFFERENCE OF OPINION FOUND TO EXIST WITH THE PEOPLE.

The First Colored county Agricultural Exhibition will be held in the John Wesley M. E. Church, Mardeia Springs, Md., on Oct. 29th and 30th, 1919. This is one of the progressive steps taken by the Mariela Farmers' Association, under the supervision of their County Farm Demonstrator L. H. Martin, with the hearty cooperation of Rev. I. D. Pitts and Malachi Rasin. In order to help stimulate and keep alive the splendid spirit of community effort and friendly rivalry among the colored farmers of Wicomico County, plans are being made to make the display a success and a credit to the community and State at large. The classes of exhibits will include fruits, vegetables, dairy and farm products, besides the household department which includes exhibits of canned fruits and vegetables, preserves, marmalades, jellies, pickles, needlework, breads, cakes, pies, etc. Premiums will be offered and it is greatly desired that the community show will measure up with those of other counties in the State.

Maryland Farmers At Hagerstown, Oct. 28th to 31st.

Every farmer and his family who can possibly leave home for two or three days should plan to attend the national and state conference of farmers and home makers at Hagerstown, Oct. 28th to 31st. This is the first time that the Farmers' National Congress has ever met in Maryland. Leaders in agriculture from all parts of the United States will attend this great meeting.

All of the state associations affiliated with the Maryland Society including the Horticultural Society, Crop Improvement Association, Dairymen, Sheep Growers, Vegetable Growers and Beekeepers will meet in conjunction with the Congress. A splendid program has been arranged for the three days. Prominent speakers will discuss timely subjects affecting all phases of the agricultural industry Tuesday, Wednesday and Thursday. Friday and Saturday will be devoted to field excursions to Hancock and Gettysburg.

The dates of the meetings were arranged at this time in order that visiting delegates may be able to view Western Maryland at one of the picturesque periods of the year—beautiful autumn. It is a particularly pleasant and enjoyable period for motoring on the state roads leading to Hagerstown from all parts of Maryland.

The citizens of Hagerstown and Washington County are making elaborate plans for the accommodation and entertainment of all delegates and visitors to these meetings. The Maryland Society trusts that every farmer will endeavor to attend this memorable meeting.

Mr. Bell At Work On History.

George W. Bell, Esq., is devoting some of his time these days to the writing of a history of Salisbury prior to the big fire of 1860. This part of Salisbury's history has been sadly neglected by our older generation and practically nothing is known of many very important incidents in the life of Salisbury and its people prior to that big conflagration. The News is especially glad that Mr. Bell is devoting himself to the flying past endeavoring to collect and properly put together such facts as he is able to secure on the history of Salisbury in its earlier days. Mr. Bell has succeeded in locating a very important plot of this city which for years had been lost. While this is not the original plot of the 20 lots laid out, sometime in 1700, it is of very early record and Mr. Bell will have it properly recorded and also use it in his historical sketch. In running down the history of early Salisbury, Mr. Bell has made several trips to Princess Anne and Snow Hill and will make other visits to complete his data. As early as 1800, Salisbury contained 34 buildings in all, with a population of about 200 people, and Mr. Bell will have in his historical sketch, the names of many of the prominent residents of

Salisbury at that time. This is a good piece of work which Mr. Bell is doing and anyone who can run across any old papers bearing on the early history of the city would be doing an act of kindness if they would hand these papers over to Mr. Bell, so he can glean all the information possible of that period of the city from the time of its earliest settlement to the big fire of 1860.

Still Lokoing For Business Houses.

As noted in this paper for several weeks, the constant demand for store rooms in Salisbury by outside parties desiring to locate here, continues. Only this week, a well-known merchant in one of the towns on the Shore not far from Salisbury was in this city anxiously looking for a vacant building on Main Street in which to open business. This merchant has been a prosperous business man in the town he now lives in but he says he wants to get to Salisbury where he finds there are larger opportunities than in the community in which he now lives. He said he was willing to buy a business establishment if he could not rent one and had tried to locate three different places on Main Street but in each case, the property had either been purchased or the owners had disposed of some. This gentleman is of the opinion that there is no reason why East Main Street would not make a good business section and said he would be willing to start his business in this community if he could secure a good size store-room on East Main Street as near Division as possible. As there seems to be plenty of land on this street, which is owned by people who are able to construct buildings if they desire to help the progress of Salisbury, it seems a pity that the lots should remain idle when there is such a pressing demand from outside business men who desire to come here and engage in the local activities of Salisbury. Is it not possible to arouse some interest with the people who own these lots on East Main street to get busy and construct three or four first-class store houses and there by give us an opportunity to take care of these new merchants who are knocking at our doors each week. Certainly, Salisbury has not reached her limit in business capacity but unless our people wake up, it would seem that we will have to go backward instead of forward.

Will Consolidate All Companies Under One Head.

There was filed at the Court House a few days ago for record a consolidation mortgage of the Eastern Shore Gas & Electric Company under which all the various subsidiary companies owned by this holding company will be placed under one corporation. This consolidation will include the Salisbury Light, Heat & Power Company, The Eastern Shore Gas & Electric Company, the Cambridge Light & Gas Company, the Peninsula Power Company, the Sussex Light, Heat & Power Company and several other concerns which have been operated for the past two or three years under the Day & Zimmermann management with headquarters in this city for the local offices. After January 1st, all these concerns will be submerged into the Eastern Shore Gas & Electric Company which will have a capitalization of a million or more dollars and will control all the lighting companies with the exception of one gas company in Salisbury for a radius of about forty miles from this city, taking in all the above concerns and several other smaller companies which have been purchased by the parent concern during the past two years. The engineering firm of Day & Zimmermann, Philadelphia, will continue to manage all these properties with Mr. F. W. Woodcock at the head of the organization in this city. The Company has recently made extensive improvements at its big plant in Laurel and is adding to its equipment all the time to give the public better service in both electricity and gas.

C. E. CONVENTION ENDS AMID CONGRATULATIONS BY DELEGATES

Probably The Most Wonderful Of All The Conventions Ever Held In This State In Salisbury Last Week.

SESSION WILL LONG BE REMEMBERED ALIKE BY VISITORS AND THE PEOPLE OF SALISBURY—THE RESOLUTIONS EXPRESSED THE FEELING OF THE DELEGATES AT THIS GREAT CHRISTIAN GATHERING.

The closing session of the great Christian Endeavor Convention which assembled for three days in Salisbury last week was an event long to be remembered by the delegates present and the people of this city. Thursday was the last day of the Convention and was marked as probably the most important day of the meeting. With President Carroll M. Wright in the chair, the last day's session opened Thursday morning in the armory with a special musical program.

During this meeting a drama was enacted, entitled "The Ship of State," in which Carroll M. Wright was captain. The principal address of the morning was delivered by Rev. A. Brown Caldwell. Other speakers during the morning were Spencer E. Sisco, of Baltimore; Alfred S. Day and Dr. Daniel A. Poling, assistant president of the Christian Endeavor.

The afternoon meeting was presided over by George Mather. Rev. T. Roland Phillips, of Baltimore; William M. Robinson, Richard A. Harris, Walter Reid Heath and William I. Deter were afternoon speakers, the principal address being delivered by Frederick Ohrenscha].

The following officers were unanimously elected: Carroll M. Wright, departmental secretary; president, William I. Deter, Meyersville; vice presidents, Lewis Morgan, Salisbury; A. Roy Phillips, Hagerstown; Walter R. Gale, Baltimore; general secretary; Spencer E. Sisco, Baltimore; assistant secretary, Miss Alberta Kehs, Baltimore; treasurer, George J. Ritterbusch, Baltimore; junior superintendent, Miss Sora Lohmeyer, Baltimore; introduction secretary, Miss Ethel Fowler, Baltimore; custodian of records, Miss Flora Kinkernagel, Havre de Grace; directors, Rev. T. Roland Phillips, Rev. J. Luther Hoffman, Rev. G. C. Gabriel, Rev. Edward L. Beauchamp, Rev. E. J. Renshaw, Miss Clara Dohme.

The next annual convention will be held at the Babcock Memorial Presbyterian Church, Baltimore.

The Resolutions.

By the grace of God, after a year's lapse in its history of annual conventions, the Maryland Christian Endeavor Union has again been privileged to gather for its state meeting. Humbly and gratefully acknowledging the mercy of God in renewing us after these months of struggle and testing in war, we unite hereby to pledge ourselves and our organization to do whatever He would have us do. "Trusting in the Lord Jesus Christ for strength," we promise that the favors of heaven so graciously bestowed upon us, shall make our devotion in the past seem to us but the shadow of the consecration with which we shall strive to meet the opportunities of the future.

This Convention, one of the most fruitful in our history, owes deep appreciation to the Salisbury, 1919, Committee. Nothing has been left undone, it would seem, that should have been done to promote the best interests of the state organization and its members. From the hearty welcome by the Mayor of Salisbury to the last moment of our sessions, there has been breathed about us an atmosphere of hospitality that has cheered our bodies while it uplifted our spirits.

Because individual mention might seem incidious when nobody in Christian Endeavor and without in this city, and community has left anything undone we do not name the persons who have blessed us since we were launched upon the excursion to Salisbury. There were arrangements for registration, refreshment, billings and fellowship; there was provision for churches, the Armory and decoration; for excursions, wholesome recreation and amusement; for finance and ushers and music; not to attempt to catalogue the multitude of attentions which none could name, but which found their way into hundreds of hearts.

Recognizing the stewardship of life and effort to which we as Christian Endeavorers pledge ourselves, we have striven to shirk no duty placed upon us by the will of the Master. Steadily believing that Christian Endeavor is larger than the individual society or even the city and state union of which that society may be a part, the organizers of this Convention have sacrificed personal desires and gratification for the sake of the national movement. No less unselfish in the efforts to carry out the aims of the

United Society, have the speakers bent themselves to interpret aright the spirit of the nation-wide campaign. Our greatest joy in this Convention has been that, trusting in the mercy of God to raise up for us leaders in the places of those who can no longer serve us, we have been privileged to yield to the request of our United Society for the services and devotion of one of the most efficient men ever trained in our state work, Mr. Carroll M. Wright. We give him, as we lend our selves, "For Christ and the Church."

Specifically do we as a state union stand for, A people in the Commonwealth united in the cause of right-

ness and for the sake of a just and lasting peace.

The application to the development in each department of our societies, of the principles of efficient training and systematic undertaking that have been so capably demonstrated in this Convention.

The Boy Scout Movement, in accordance with the action of the United Society of Christian Endeavor and of the Executive Committee, in the acceptance of the plan of intimate co-working and closest co-operation, strongly recommending the special application of the principles of Scouting to the spiritual development of the youth of the land.

The Loyalty Campaign in its entirety, service, standards and goals, to which we pledge our most devoted efforts for Christ, the Church and Christian Endeavor.

A comprehensive social program for this Union, designed to overcome, so far as we may, the social perils that face our young people, and to promote in us the highest principles of Christian fellowship, grace and love.

Finally, while recognizing the foregoing as by no means a complete statement of our views or of the benefits derived from this great Convention, we especially favor the New Era of reconstruction whose spirit has gone abroad throughout the Church, and we will endeavor, God willing,

to so train ourselves in the knowledge of His Word, and to fit ourselves by Commission with Him, that by His Spirit working through us there may be accomplished the blessed purpose of His holy will:

Respectfully submitted, Rev. A. Brown Caldwell, Chairman. Miss Frances M. Kelso. Mr. Karl Steuber, Mr. John D. Belt, Rev. L. S. Reichard, Rev. T. Roland Phillips,

Telegram Sent To The President. To the President, The White House, Washington, D. C.

Grateful for God's favor in beginning the restoration of your health the Maryland Christian Endeavor Union, in its Twenty-Eighth Annual Convention, in session at Salisbury, Md., voices its earnest prayers and humble entreaties on your behalf. Carroll M. Wright President. Spencer E. Sisco, Secretary.

MT. HERMON NEWS.

(Too Late for Last Week.)

The Aid Society met at the home of Mrs. Mamie Bailey on Oct. 7th. After the business part of the meeting was over games were indulged in until a late hour when refreshments were served.

We are trying to bring our attend-

ance up for the Sunday School and church and wish everybody would put forth a special effort to come out next Sunday. Sunday School will start at 2 p. m. sharp and preaching at 3 p. m. There will be a social at Mt. Hermon school on Oct. 28. Everybody is invited. Proceeds for benefit of the school.

The Revival services will begin at Mt. Hermon on Nov. 2nd. Will you help make it the largest one we have ever had?

Our Community League met Oct. 16 and some interesting talks were given.

There will be a Halloween social Oct. 28, in our school. Proceeds for the benefit of the school.

Don't use harsh physics. The reaction weakens the bowels, leads to chronic constipation. Get Doan's Regulents. They operate easily. 30c at all stores.—Adv't.

Red Seal

"IT HAS THE SNAP"

contains the Health and Vigor of Nature's Choicest Cereals and Hops

RED SEAL is not a "sweet drink"—IT'S A FOOD DRINK—a good beverage that's really good for you. RED SEAL is healthful and nutritious because it's made from strictly high-grade cereals—it's appetizing and wholesome because it has the agreeable "bitter tang," the "snap" and aroma which only choice hops impart. RED SEAL is brewed by our exclusive process, under the most hygienic conditions possible, and is scientifically pasteurized.

--drink a cold bottle with your meal this evening

You'll like RED SEAL at any time, but it goes especially well with your meals. Not only is it appetizing and palatable, but the unequalled flavor of RED SEAL makes it go perfectly with food, the "tang" adds zest to the enjoyment of the meal, and the digestion of the solid food is also assisted.

Red Seal is sold by the bottle or in case of 24 bottles wherever Soft Drinks are sold.

Order a case sent Home Today.

Miss Cheer Up
By CLARA DAY

It happened that Betty was the only
nurse at Miss Galbraith's who was
willing to travel on a chronic case.
The older nurses declined, but with
Betty it was a necessity. She had
been in Boston eight weeks already
and nothing had turned up for her but
a couple of measles and one pneu-
monia, so, as she told her room mate
while she threw things into a steamer
trunk, she would have gone right up
in the sky to nurse Angel Gabriel if
he had needed her rather than face
another week of idleness.
"It's too bad this isn't a typhoid,
dearie," Miss MacLain told her when
she wished her good-by. "He's rich
and they always propose to their
nurse after the crisis is past."
At ten the Cranston car stood before
the door of the nurses' registry and
Betty was whirled away to a down-
town hotel. She wondered what the
family would say up at Little Falls, in
Vermont. Scared to death for her,
probably, going away down to New
Orleans with perfect strangers.
Twenty minutes later she was draw-
ing off her gloves in the pearl gray
and silver suite, with Mrs. Oliver H.
Cranston herself receiving her. Betty's
brown eyes opened wider than ever as
she looked at her, she was so tall and
girlish in figure, with white curly hair
and a salmon pink negligee Betty
longed to roll up and send home to
Violet.
"I do hope you have strong nerves,
Miss Abbott," she said, looking the lit-
tle nurse over carefully. "Roland is
terribly trying. I presume he should
be in a sanitarium somewhere, but I
can't leave him. He has always been
my baby, you know. I can't tell you
what it meant to me when he came
back from the other side, completely
nervous raked. He was wounded twice
and gassed slightly."
"I—I thought Miss Galbraith called
it a chronic case," Betty ventured.
"Oh, it is. The doctors give me no
hope for him at all. That is, he will
never be like himself again. He doesn't
take any interest in anything. The

"I—I Don't Think He'd Care."

reason that Dr. Allan recommended
you was because he said you were
cheerful and could keep his mind off
the past."
Betty tried to keep herself very pro-
fessional, as she asked:
"Did Dr. Allan recommend me him-
self?"
"Oh, yes. I was afraid you would
be too young, but he was certain your
temperament and training would ob-
viate that. You see I cannot go with
you, but I will meet you later on at
Spruce Knob. From there we go south
to New Orleans, where Roland's grand-
mother lives. She longs to see him of
course. You will get all your travel-
ing instructions from Miss Kellogg, my
secretary, and David, Roland's old
colored man, will go with him. You
and Miss Kellogg will be together and
send me wires every night and morn-
ing. Miss Abbott, won't you, and let
me know how my darling is progress-
ing?"
Betty never forgot the first time she
saw Roland. He was sitting up in bed
playing cards with his doctor and a
couple of friends from Harvard. His
hair was towed, a half-finished box
of cigarettes stood on the stand beside
him and over his shoulders was
thrown a dressing gown of tawny yel-
low silk that made his tanned skin
and black eyes seem darker than ever.
"I thought you said a male nurse
was," he said in an undertone that
she caught. "Gee I've had enough of
nollycoddling from mother."
Betty's lips set in a grim, belliger-
ent line of defiance as she looked not
in her patient's eyes but at Dr. Allan's
laughing face.
"It's all my fault, Betty," he said.
"I ordered her as good medicine. What
you need, lad, is cheering up, and
Betty here is our cheer-up girl. I'll
see you at Spruce Knob tomorrow."
If Roland had expected any tend-
ers from the new nurse he found out
his error before the work was up.

Betty adhered strictly to routine duty.
He had hardly spoken to her for the
first three days, while the doctor had
arrived and they had managed to
cover the splendid links below the
Cranston cottage at least once a day.
Finally Roland asked for the doctor
and was told by Miss Kellogg he had
gone horseback riding with the nurse.
The next morning Roland looked at
his nurse carefully from a new angle.
"I'm going to try a few holes today,"
he said curtly. "We'll start about
ten."
Betty looked him over coolly herself,
as she handed a tray of breakfast
dishes out to the porter.
"I have letters to write to catch the
northern mail," she replied. "I'll tell
David to go with you."
"You played with Tom Allan. I
watched you." He glanced at her
quickly. "He's going back Saturday.
Fine chap, isn't he?"
"Everybody likes him," Betty agreed
impersonally, and went out with her
chin up. Yet she knew she liked him
in spite of his quick temper and peev-
ishness. The doctor had told her as
they strolled back over the links the
day before how he had taken one
honor after another at the front, and
of horrors even his mother did not
know his faced and conquered. Secret-
ly she felt a certain respect for his
record even while she rebelled against
his irritability.
"He was engaged to his cousin,
Nancy Deringforth of New York, be-
fore he went over," Tom had added
at the last. "She threw him over while
he was in the hospital and married
Courtney Phelps, the broker. Made
Roland sort of cynical, I presume.
Cheer him up when I'm gone."
Roland watched them the night be-
fore the doctor left as they strolled
down through the pines from the hotel.
Then he called old David to him and
told him to get him up at five for a
turn on the links.
"We're going to change our gait,
Davey," he smiled. "We've got to give
Doc a run for his money."
Four weeks later there came the
telegram announcing the coming of
Mrs. Cranston. It startled them both.
Betty was in a sport skirt and pongee
silk waist after a tramp of six hours
up through the mountain trails. Ro-
land looked at her quizzically.
"She'll be here tonight. Wait until
I tell her how you've trained me into
condition. You've refused to wait on
me, taken away all my medicine, dis-
agreed with me in everything."
Betty laughed and gazed past him
to the purple mountain ridge.
"Guess I'd better pack now. You
certainly don't need a nurse any
more."
"Doc was right. I just needed
cheering up, I guess." His voice was
low as he bent over, marking deep de-
signs in the soft earth with his stick.
"He's a fine old chap, isn't he?"
"Splendid," Betty replied heartily.
He gave her a quick sidelong glance,
and spoke suddenly in the short, un-
compromising way he had.
"Look here, Betty, I don't want to
trespass on any other fellow's prom-
ised land, and I'm dying to tell you
something. Would Tom have a right
to care if I did?"
"I'm the doctor's favorite nurse,"
Betty answered teasingly. "I—I don't
think he'd care. Is it a complaint?"
"But you see, we've been friends
for years back at Old Harvard, and—
well, you see, oh, hang it, Betty, I love
you and I've got to tell you so even if
you are engaged to Tom."
Betty turned to him swiftly and
knelt down on the big bowlder he was
sitting on. She could not bear the
look in his eyes of helpless resuscita-
tion.
"I'm not," she said softly. "He told
me that night to be good to you even
if I had to marry you."

TOOK UP TOO MUCH SPACE
Whatever the Object Belonging to
Street Car Passenger, They Were
In the Way.
Jenkins had ceased to complain.
Years of patient strap-hanging had
hardened him to the inevitable, and
he had long ago ceased even to ex-
pect a seat in return for his fare as
he returned home in the "Tub"
from the city in the evening. And
now he was growing an old man,
bald, docile, and near-sighted.
But one evening he was forced
mildly to expostulate. The train
was even more overcrowded than
usual, and Jenkins was greatly in-
convenienced by the man sitting be-
low the strap from which he was
hanging.
"Excuse me, sir," he ventured,
"but would you mind moving your
valise from the gangway? I really
can hardly find room to stand."
"Move my valises," gasped the
stranger. "Move my valises! Those,
sir, are my feet!"
"Is that so?" said Jenkins. "Then
perhaps you would pile them one
above the other?"—London Maga-
zine.
FRENCH LEARN ENGLISH.
While the French people are vig-
orously insisting upon the French
language being considered the lan-
guage of diplomacy, they are taking
up English very widely. English is
being taught in the schools and nur-
series, and few fashionable lunch-
series or dinners are considered com-
plete if an English lady or gentle-
man is not present to keep the con-
versation going.
Many Frenchmen carry an Eng-
lish paper under their arm as a sort
of advertisement of their linguistic
abilities, and as a badge to indicate
that they are amateur interpreters
for stranded English-speaking vis-
itors.
WHOSE MOVE?
"Oh! Uncle Smiley Smothers cer-
tainly had a checkered career."
"That old innocent?"
"He's played 'em ever since he
was able to toddle down to Dickson's
grocery."
Chamberlain's Cough Remedy.
This remedy is intended especially
for coughs, colds, croup and whoop-
ing cough. From a small beginning
its sale and use has extended to all
parts of the United States and to
many foreign countries. This alone is
enough to convince one that it is a
medicine of more than ordinary merit.
Give it a trial and you will find
this to be the case.—Adv't.

The Storm Lady

By MARY MORISON

(Copyright, 1915, by the McClure Newspaper Syndicate.)

He put down the book with a deep sigh of boredom. "What rot, whatarrant rot," he groaned—and then: "Hello! Here comes a storm for sure." A peal of thunder cracked the air in two and he hurried to the cabin window.

A gigantic cloud, like a black curtain, hung across the valley, cut every second or so by a fork of lightning. The trees covering the mountainside were being lashed into a fury by the gale sweeping them. Looking down from his lonely cabin, perched high up on Arrow mountain, it seemed as if all nature was going through some dreadful revolution—the storm rushing upon the peaceful forest, taking it unawares and meeting with stiff resistance from every tree, shrub and bird for miles around. Then came the rain, and the man pulled the window to just its time.

"Heaven help anybody out in that chaos," he said as he lighted the lamp and settled cozily back in his big chair. "Gad, what a wind!"

Through the noises of the storm he heard a sound on the little porch outside, and a rush of wind followed the opening of the door—and bang! It slammed to.

Hair awry, breath coming short and fast, there leaned against the inside of his door a girl. "I suppose I ought to say something apologetic for bursting in on you this way," she panted; "but, oh! that lightning! If your door hadn't been right here I don't know what I would have done. It seemed as if every flash that came was just rushing around the world trying to find me, and as each clap of thunder was applauding it. Oh!—as a terrific clap shook the cabin, "Oh, do you mind if I just sit down?"

Our host by this time had recovered himself enough to rise, and he pushed forward his chair, into which the girl sank gratefully.

"Where on earth did you come from?" he ejaculated. "I had rather thought that I was the only occupant

Would Steal a Look at the Girl.

of Arrow mountain, and then in you come on the wings of the storm. By Jove, perhaps that lightning is looking for me!"

The girl looked at him for the first time, and a smile crossed her face. Yes, she was decidedly pretty.

"With the help of this little house and, yes, this lamp, we may win out," she hazarded.

"I hope so," responded the man. "At any rate, what there is of it is at your disposal. That's not much of an offer, but it's a port in a storm, anyway."

From their cozy fastness in the cabin they could hear the rain pelted down. It was dark as pitch outside, but the soft lamplight and the nice look in the man's face was having a reassuring influence on the girl. She lifted her hands to her hair—a woman's first conscious act after a fright.

"What a hoyden I must seem. The first big blow carried away my new hat, and I suppose next summer those crows out there will be calling it 'Red-ash' or 'Welcome Inn' or something like that."

"Hard luck!" he laughed. "Would a cup of my own home brew recompense you at all for the loss? It won't be as beautiful as the future crowdy, but it will be Johnny-on-the-spot if you say the word."

"Ten? Oh, how perfectly lovely. Please!" said the girl.

"No sooner said than done, fair lady of the storm. My entire library is at your disposal while I retire to my large and spacious kitchen to prepare the feast. No, really," as she was about to offer assistance. "Just sit there while I do it. I wouldn't have you see my housekeeping for the world."

As he hustled around the tiny kitchen he would steal a look at the girl as she sat by the table reading. There was no doubt about it she did become the cabin. "She's reading that awful trash, too," he muttered. "Oh, lady," he called, "that's a silly book you've picked out."

"Ten?" he asked. "The word is before and I know it's silly. But I don't know the man who wrote it years ago, when I was a child. I don't like

and I read all his books just on principle. I have the feeling that some day he will write something really good—just because he was such an awfully nice man himself."

"He's a lucky devil to have you say that about him"—in his case, ten in hand, and for a lonely bachelor on a mountain top it was a very enticing-looking tray that he set before the lady. The thunder came from a distance now and the rain was contenting itself with a gentle patter, patter. The darkness of a few moments ago was giving way to a misty grayness. He opened the window a little and the smell of fresh green earth came through.

"Um, isn't that delicious," smiled the girl, as she took a long breath. Then she poured the tea. "How many lumps? Three? Why, man alive, what did you do in Hoover's day?"

"Tell me about that author man who writes such awful drivel," continued her host.

"Well, you see, I haven't laid eyes on him for years and years," she went on. "I wouldn't know him now if I should meet him on the street. But when I was a child we lived on the same street and he was always so nice to me when my brothers would pull my pig-tails and call me 'baby.' And once they locked me up in an old building, and that nice man came and got me out. He heard my howls, I guess. I suppose I was rather a 'baby,' as my brothers said, and he was always helping me out. I often think of it, and now when things go wrong I say to myself: 'Oh, if I only knew where Chester Lane was I'm sure he would tell me what to do!'"

She laughed and added: "Silly, isn't it? But you see why I like his books now, trash or no trash, don't you? And some day he will write something great, you see."

"He should for the faith you put in him, if for no other reason," said the man, looking at her with a curious intentness. "You see," he went on, "he was poor, oh, so poor, little lady of the storm, and his good things nobody wanted to buy. So he took to best sellers—just because he must have bread and butter and things like that. But now—I will do something better for you."

"You will? You are—Chester Lane?" she whispered.

"Yes, Peggy Trumbull, I am. And you—why, you were the smallest little girl I ever saw, and such a good sport. I remember thrashing your brothers, both of them, when they called you a 'baby.' To think that you should have grown up like this, and—"

"And," she interrupted, "when a storm came and frightened me almost to death I came right here. I might have known it would be you."

In silence they looked at each other, and through the open window burst a ray of late afternoon sunlight—all the brighter from its release from the storm.

Peggy rose. "I must go now," she said. "Isn't it a shame? I'm staying with the Brantfords across the valley and started out right after lunch for a tramp. Your mountain looks so nice from the valley. Good-by," holding out her hand, "and will you forgive me for saying your book was silly?"

Lane had his cap and walking stick in his hand before she finished. "Will I forgive you?" he repeated. "My word! I'm going to marry you, you know. You'll be needing me to keep away thunder storms and brothers and things, and I'm not going to let you out of my sight, or you'll vanish as suddenly as you came. And I've been waiting here for you all these hundreds of years. My dear, would you mind very much marrying me?"

"That was a very nice thunder storm," said Peggy.

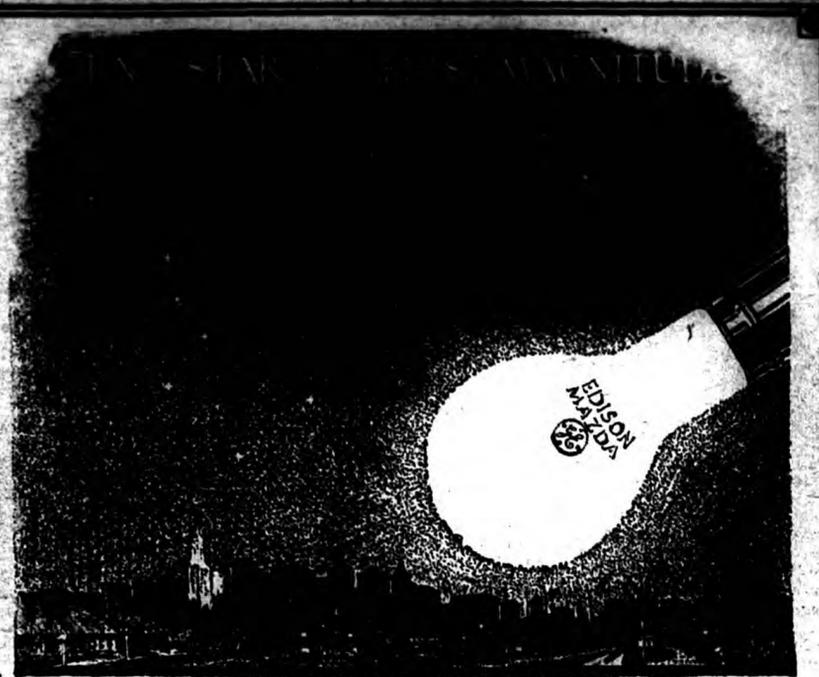

"MUST BE FIGHT TO DEATH"

Authorities Recognize There Can Be No Compromise Between Mankind and the Mosquito.

When Sir Arthur Conan Doyle sent his famous character, Sherlock Holmes, to his supposed death down the abyss of a roaring waterfall, one of his friends protested. "Well," said the author, "I've either got to kill Sherlock Holmes or Sherlock Holmes will kill me." Pretty much the same situation exists in certain sections of the United States between man and the mosquito. If man does not kill the mosquito, the mosquito will do his cusseddest toward killing man and, if he doesn't quite succeed, will make him mighty sick. The United States Department of Agriculture is on the side of man in the contest and is preparing for a big drive against the malaria mosquitoes in Louisiana. The details are not completed, but the campaign will begin soon and will be, perhaps, the most intensive one yet put on. Some of the workers are already on the ground. Others who have been engaged in "cootie" work for the army and still others who have been actually with the army will be sent to Louisiana within the next few weeks.

Conflicting Attitudes. "You want to manage the business?" asked the employer. "I do," answered the employee. "Well, I don't understand it at all. A little while ago you were demanding eight hours' work and the assurance of good compensation. Now you want to shoulder the responsibilities that will keep you worried at least eighteen hours a day, besides taking a chance of going broke if the market happens to slip the wrong way."

How Capital Was Named. Rio de Janeiro means "River of January" and was applied to the capital of Brazil because of its discovery in that month.

The New 50-watt White Mazda Lamp

The latest achievement in incandescent lighting. An abundance of softened, satisfying brilliance—kind to the eyes. Illuminates with a new beauty, a new dignity and a new light quality never before combined in any lamp. This new

EDISON MAZDA LAMP

gives the ideal light for home, office or store. Can be used wherever you have a 40, 50 or 60-watt clear lamp, without changing socket or fixture.

Stop in today and let us show you this new lamp lighted.

Salisbury Light, Heat & Power Co.

If it isn't Electric, it isn't modern

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel!

R. J. Reynolds Tobacco Co. Winston-Salem, N. C.

18c a package

CAMELS are the most refreshing, satisfying cigarette you ever smoked! Put all your cigarette desires in a bunch, then buy some Camels, give them every taste-test and know for your own satisfaction that in quality, flavor, smoothness and in many other delightful ways Camels are in a class by themselves!

Camels are an expert blend of choice Turkish and choice Domestic tobaccos. You'll not only prefer this blend to either kind of tobacco smoked straight, but you'll appreciate the remarkable full-bodied-mildness and smooth, refreshing flavor it provides! Camels are a cigarette revelation!

Camels win you in so many new ways! They not only permit you to smoke liberally without tiring your taste but leave no unpleasant cigarette aftertaste or unpleasant cigarette odor!

Compare Camels with any cigarette in the world at any price! You'll prefer Camel quality to premiums, coupons or gifts!

SOME OBSERVATIONS OF THE MAN ABOUT TOWN

What Boy Scout Movement Means to Rural Boys Of The Country.

PARENTS SHOULD ENCOURAGE THIS GREAT WORK.

Country Boys Can Be Pioneer Scouts And Learn Many Things To Their Advantage—Movement Here Needs More Aid From The Parents.

I was much impressed a few days ago in a conversation with a high official of the Boy Scout movement in America in an explanation which he gave of the good work which was accomplished by these organizations in the various large cities throughout the country and the splendid work which the Boy Scouts did for Uncle Sam during the war. I was also very much pleased to know that in the remote sections of the country where the country boy has not the facilities to belong to a Boy Scout Patrol that as a Pioneer Scout, he can contribute much not only to his own pleasure but is able to furnish a great deal of valuable information to Scout headquarters even though these headquarters may be located a long way from the home of the rural boy. Naturally, the country boy is a born pioneer scout and his teachings in life lead him to become an investigator of natural things, many of which form the real fundamental principles of scouting. Speaking on this subject, this well known authority said to the Man About Town.

"The country boy has always been a pioneer.

"He follows up the streams to find where they come from and follows them down to find out what they flow into.

"When he discovers a trail he never rests until he has discovered where it leads. He is not satisfied merely to look at a mountain; he climbs it and finds out what lies on the other side.

"He knows a lot about trees and soil and crops; about animals and birds and fishes. He is a natural born scout.

"But in spite of all the things which a country boy finds to do and to know, he is restless to get away and see new things, meet new people, do greater deeds. It is human nature—especially boy nature—to demand larger and larger experience. Pioneering helps to satisfy the longing.

"Older men who have seen the world and tried all it has to offer know that at last the dearest spot on earth is home, sweet home. I have asked American sailors in foreign ports—in those ports which you have longed to visit—where they would like to go next. The answer is always the same—home!

"On fast express trains sweeping across the continent, I have swapped yarns with travelers from all quarters of the globe. Sooner or later they turn to tales of boyhood days in the country.

"But the experiences of older men do not satisfy you, the boy in the country.

"You want to have your own experiences, and you should have them. Pioneer Scouting may make it possible.

"This fact, though, I want you to remember: You never will see much of the world unless you learn to see the things that are right around you now.

"Have you ever seen a mosquito? Sure, and felt it, too!

"What kind of a mosquito was she? "I say 'she' because, as you may not know, 'he' never bites a human being.

"Did you know that there were more than a thousand species of mosquitoes? Right around your own home you might be able to discover 20 or more species. For example, you might discover Wyeomyia Smithii, who is born only in the pitcher plant. "Smittie" you can call him for short. He is an interesting little cuss.

"When you get so you can see the things around you, you will not need to go out into the world to become famous. Men who really know things are so scarce that they stick up like sunflowers in a vegetable garden.

"A stone mason in Leroy, Pa., 8 miles from the railroad, kept his eyes open as he worked and learned all about local geology. He discovered a fossil fish which had eluded the scientists of the world for centuries. Very soon he was known among geologists the world around, and the fish was given a Latin name meaning that Lilly found it.

"Pioneer Scouting takes away the dullness of working all alone. When a boy becomes a Pioneer Scout he is a member of an organization with over half a million members in the United States of America. There are similar organizations in all civilized countries. The Pioneer Scout may exchange letters, post cards, curios or other articles with scouts in Cayton,

Mesopotamia, Siberia, China, France or any part of the globe.

"Scouts in good-sized towns and cities are organized in troops with a scoutmaster, but the Pioneer Scout—the country boy who cannot find a troop near enough for him to join—is connected directly with National Headquarters.

"Any boy who has passed his 12th birthday may become a Scout. Write to the Chief Pioneer Scout, Boy Scouts of America, 200 Fifth Avenue, New York City, for information."

The Scout movement should always receive the hearty cooperation of the parents as the Scout teachings are of great advantage to boys both in the larger cities and in the rural communities and the thing which the country boy gets interested in by being a Pioneer Scout often keeps him satisfied on the farm where he gets next to Nature and aids much in his education. In towns the size of Salisbury the Boy Scout movement should be encouraged because it gives a higher ideal to the boys and often keeps them out of mischief by the weekly meetings where their attention is held and instruction given them by competent scout masters who take an interest in the work. Here in Salisbury, where the Boy Scouts have their meeting place at the S. Y. M. A., there could not be better environments given the youth than is found at this place, and parents should encourage their boys to become members of the Boy Scout troops in the city. Now that the winter is coming on there will be plenty of time when the youngsters can be properly drilled and Mr. Nash the Scoutmaster, will see to it that every boy who is placed under his care gets the proper physical training and the very best mental training possible at Scout Headquarters. Many a wild youth has been reclaimed through Scout work by being kept off the streets at night and interested in special studies and work by the Scoutmaster and thus save him to make a highly respectable citizen where he might otherwise have grown up into a loafer or a street gamer.

Encourage your boys to become Scouts and aid them in getting their uniform and help them pay their dues, and put them in line to be made bigger and better citizens for the future. It will pay ten-fold the sum you invest in it and may be the means of making a great man from a boy who might otherwise be a failure.

MAN ABOUT TOWN.

POSTOFFICE TO BE KEPT OPEN UNTIL NINE P. M.

Old Schedule of Hours For Service To Be Re-established In This City.

It is currently reported on the streets that the Salisbury Postoffice will be opened in the future until 9:00 o'clock in the evening as was the custom here for the past 25 or 30 years up until a short while ago when a change was made and the office windows closed at six p. m. At that time considerable objection was raised to these new methods as it was impossible for patrons to get to the parcel post window or stamp windows after six in the evenings, and this caused a great deal of inconvenience especially to those whose labors compel them to keep at their employment until six o'clock p. m.

It was said at the time the change was made that the authorities in Washington had ordered the change because Salisbury had been placed in the category of a first-class post-office, although it was noticeable that in larger cities than Salisbury, it was possible to buy postage stamps and mail parcel post packages at any time during the day or night. If the reports of the lengthening of the hours for keeping the postoffice open are true, the people of the community are to be congratulated that the service has been returned to what it originally was, because it looks very strange that a city of 10,000 people should be put to the inconvenience of not being able to purchase postage stamps and mail parcel post packages after six o'clock in the evening. The business of the Salisbury post-

office is increasing every month and to keep pace with the increase, the service should not be curtailed in any respect and as a matter of fact, there is no doubt that the Government should now establish more delivery routes in Salisbury and put on several new carriers in this city to keep pace with the growth and give the proper postal accommodations to the city of the importance of Salisbury.

KEEPING BUTTER WITHOUT ICE.

If the iceman misses you some hot day and the butter begins to melt, try this plan: Rest the butter plate on a bowl, place the bowl in a shallow pan containing a little water. Throw over the butter a piece of cheesecloth, allowing the four corners to dip into the water. The water should be changed daily. This small amount of moisture will keep butter firm and sweet in the warmest weather.

USED TO THEM NOW.

"Do you think we should reduce the cost of living?" asked one profiteer.

"Not at all," replied the second profiteer. "At first people used to complain about the high prices, but they've got so used to them now that they're just kidding, so we might just as well go right on soaking 'em."

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and restoring nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for free literature.

BLIND PEOPLE NOT PARIAHS

Average Person Seems to Look Down When Brought into Contact With the Afflicted.

"It is easy enough to re-educate the blind, but much harder to educate the public," writes Eugene Brioux, the noted French author, in the current issue of the American Journal of Care for Cripples.

"People who can see know nothing of the life of the man who has lost his sight, and on meeting a blind man are often so deeply moved that their judgment is completely upset. It often occurs, for instance, that in a railway carriage, on seeing a blind man with a guide, a traveler addresses himself to the latter with the question: 'Has he been blind for a long time?' As if the blind man were a piece of luggage and unable to answer for himself.

"Many-seeing persons are so affected by the thought of blindness that they confuse it with death. A lady made me the following avowal, awful in its naive egotism: 'I should like to help the blind, but I cannot do it personally. I cannot look at them; it is too dreadful, and I am so sensitive.' She sent a gift to a charitable society and considered that she had done her duty toward the blind."

NO INSPIRATION THERE

Friend—Come on to the game. It might give you some ideas for jokes. Jester—No use. I'm working on Christmas jokes now.

COAST GUARD PART OF NAVY.

The navy wants the coast guard to be incorporated with itself and the coast guard personnel are in favor of being thus incorporated. A vote taken last March at a meeting of the commissioned and warrant officers of the coast guard showed fifty-nine in favor of amalgamation with the navy and two against. A vote of the entire service gave 393 in favor and four against amalgamation. The navy needs the experienced and well-trained officers and men of the coast guard service to assist in carrying on the heavy duties which have been thrown on the navy by new conditions. Performance of the important coast guard duties affords a school of training in coastal navigation and steamship practice that can be had in no other way.—Scientific American.

HIS CEREMONY.

A minister living in "a country district" of the Hawaiian islands had great difficulty in making his parishioners feel they were properly married until he devised the following service:

To the man: "You savvy this woman?" "Yes." "You likee?" "Yes." "By and by you no kick out?" "No." To the woman: "You savvy this man?" "Yes." "You likee?" "Yes." "By and bye you no kick out?" "No." "Pau (done). Let us pray."—San Francisco Chronicle.

BEHIND THE SCENES.

"There won't be any more play tonight." "Good gracious! Why not?" "I had to go back on the stage to see a man, and as I came out just as the curtain went down, I heard the boss stage hand holler, 'Strike!'"—San Francisco Chronicle.

IMPORTANT.

"Have you read the terms of the peace treaty?" "Yes." "Then tell me, there's nothing in them that compels me to buy anything made in Germany, is there?"

TOUGH CLIMB DOWN ARARAT

Birds Certainly Had the Laugh on the Animals That Were With Noah in the Ark.

The appeal made by the newly established republic of Ararat for recognition by the United States will be better understood, at least geographically, when it is explained that the region in question is a province of Armenia.

It takes its name from the mountain on which the ark made a landing after the flood—Ararat meaning Noah's mountain.

The whole world, according to the Bible story, was submerged during the period of the deluge and Ararat's topmost peak was the first dry land to appear above the water, for the simple reason that it was the loftiest—in Armenia, at all events.

As viewed today it gives a notion of the depth of the flood, inasmuch as the peak is more than three miles from sea level. It is dome-shaped, and its slopes for 9,000 feet from the top are covered with everlasting snow and great fields of glittering ice.

The climb down must have been rather difficult for Noah, his family and all the animals disembarked from the ark. As for an ascent to the top, it was formerly believed to be impossible.

JUST THAT

"Men are all alike. I suppose when Adam met Eve he told her she was sweet enough to eat." "Well, wasn't she a spare rib?"

LANGUAGE OF LITHUANIA.

The Lithuanian people are of Indo-European origin and speak one of the oldest languages in the world, a language remarkable for its striking resemblance to ancient Sanskrit, Latin and Greek, as well as its complete divergence from the tongues of the neighboring peoples, the Slavs and Teutons.

In richness of vocabulary, Lithuanian is comparable only to English, possessing as it does 75,000 words. Eliseus Reclus, the celebrated French ethnologist, says of Lithuanian: "Of all the European languages the Lithuanian has the largest number of diminutives expressing tenderness, endearment and affection. It surpasses in this respect Spanish and Italian as well as Russian. These diminutive suffixes may be added to verbs and adverbs, as well as to nouns and adjectives."

OUT OF DATE.

"Now, what would Washington say to this?" asked the reactionary statesman. "Six," replied one of his listeners, "with all due respect to the father of our country, Washington wore a powdered wig, a ruffled shirt and knee breeches. It is my humble opinion that if he were to return to the land of the living he would have a great deal to learn."—Birmingham Age-Herald.

VARYING RESULTS.

"Did you find that daylight saving helped, out your way?" "Not in all cases," answered Senator Borghum. "The only difference it made with some folks was to get 'em up earlier for breakfast. Then they went on wastin' time jest the same."

LANDS US ALL.

"We are all equal before the law." "I think that holds in one respect. None of us can go out without falling afoul of the traffic regulations."—Louisville Courier-Journal.

BOUND TO WIN.

"I garden for exercise." "That's a good idea. Exercise is one crop you can get in any sort of a garden."

SOME GOOD ADVICE.

Strengthened By Salisbury Experiment.

Kidney disease is too dangerous to neglect. At the first sign of backache, headache, dizziness or urinary disorders, you should give the weak-kneed kidneys prompt attention. Do little more, take things easier and use a reliable kidney tonic. There's no other kidney medicine so well recommended as Doan's Kidney Pills. Salisbury people rely on them. Here's one of the many statements from Salisbury people.

Mrs. E. T. Lucas, 317 Elizabeth St., Salisbury, says: "From childhood I was troubled with weak kidneys and kept getting worse as I grew older. Finally I got so bad I was taken to the hospital, but without much success. My back ached terribly. My hands, feet and limbs swelled and watery pouches hung under my eyes. I certainly was in bad shape and my death was expected. Finally, on a friend's advice, I used Doan's Kidney Pills and they saved me after everything else had failed. I always keep them in the house now." Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lucas had. Foster-McBarn Co., Mfgs., Buffalo, N. Y.—Adv.

John Smith
(Name of Applicant)

who has enrolled as an Annual Member for the year 1920.

Baltimore Chapter
(Name of Chapter)

Received by *Mary Jones*
(Name of Chapter Representative)

+ Certificate No. 1273 **+**

*Membership begins January 1, 1920.

Above is an exact reproduction of the American Red Cross enrollment certificate, which will be sent to every one in the United States with a heart and a dollar. One million volunteers have been called for to act as enrollment workers. Enlist now in this vast army at local Red Cross Headquarters for the Third Red Cross Roll Call, to be held November 3-11.

A RED CROSS CONVALESCENT HOME

The hundreds of thousands of soldiers, sailors and marines, both at home and abroad testify to the comfort and entertainment that was offered them through the Red Cross Convalescent Home. Wherever the Red Cross had established one, it was always the center of welfare activity. At our big army hospitals there is still the utmost need for these rest places. Enroll now as a worker at local Red Cross Headquarters for the Third Red Cross Roll Call, November 3-11, and continue the good work that is being done by these houses.

WISE LITTLE CRAZY-QUILTERS OF THE JUNIOR RED CROSS

Industry, humanitarianism and patriotism, rebounding to the good of themselves and of others, are acquired by the ten million members of the Junior Red Cross, most of whom have enrolled through the schools of the country. They also learn the importance of hygiene and healthful activities. The needs of children of disabled service men and of the poor generally are partially met by the enterprise of these makers of the future America. One of the objects of the Third Red Cross Membership Roll Call to be held November 3 to 11, will be to add the work of the Junior Red Cross. Enroll now as a worker at the local Red Cross Headquarters.

609,917 MILES

The telephone that you see before you is a very small part of the telephone system—one of the fingertips, as it were. Much of the telephone plant is invisible. For instance, in the C. and P. territory there are 609,917 miles of copper wire in conduits under the ground.

In addition, there are 390,975 miles in overhead cable and open wire, and 1731 miles in cables under rivers and bays, making a total of 1,002,623 miles of wire used by the C. and P. It is this unseen plant that enables you to send your voice where you will.

The Secret of a Superlative Tire

The whole question of a super-tire is a matter of principles. For there is nothing exclusive in the industry. No patents, no secret formulas prevent a conscientious maker from building the best.

But cost and competition modify ideals. The Brunswick idea is to pay perfection's price and get it.

That has been the Brunswick policy since 1845. And it accounts for the growing preference for Brunswick Tires. Motorists expect the utmost from a tire bearing the name of Brunswick—and get it.

You, too, will be convinced by your first Brunswick, that here is an extraordinary tire, and that more money cannot buy a better.

Better tires of their type are impossible—or better tubes. That we guarantee.

Try ONE Brunswick—learn how it excels.

EARN MORE INTEREST ON CONVERTED BONDS

Government Will Receive Older Issues in Exchange for Newer Securities Yielding Higher Rate of Income.

More than \$900,000 in increased interest will be paid within the next six months to owners of bonds of the Second Liberty Loan and the First Liberty Loan Converted, if they present their holdings at once for conversion into 4 1/4 per cent bonds. This announcement, which of course applies only to those bond holders who have not converted their securities already, has just been made by the Federal Reserve Bank of Richmond. Government statistics show that there are outstanding in the United States about \$750,000,000 of these bonds which have not been converted, a block of no small size being owned, it is believed, in this state.

Owners of bonds of the Second Liberty Loan should have them converted before November 15, 1919. Bonds of the First Liberty Loan Converted should be presented for conversion before November 15, 1919.

However, unless the bonds are presented for conversion before November 15, and December 15, respectively, the 4 1/4 per cent rate of interest will not begin until May 15, 1920, in the case of the Second Liberty Loan and not until June 15, 1920, in the case of the First Liberty Loan Converted. In other words, by waiting until after November 15 and December 15, respectively, the holders of the converted bonds, as indicated, would lose six months interest at one-fourth of one per cent, which on all the unconverted bonds outstanding of the two named would amount to more than \$900,000.

Bonds of the First Liberty Loan originally paid 3 1/2 per cent. Bonds of the Second Liberty Loan carried interest at the rate of 4 per cent. Holders of the First Liberty Loan were therefore allowed to convert their 3 1/2 per cent bonds into 4 per cent securities known as First Liberty Loan Converted. A great many subscribers took advantage of this offer. Now those who did so and all holders of bonds of the Second Loan may again increase their interest return by converting their holdings into 4 1/4 per cent bonds, this being the interest rate of the Third and Fourth Liberty Loans.

QUAKER ACROSTIC

(Read both ways)

The man who saveth money
With his future guaranteed,
Whomsoever's substance wasted
Is unknown to him, indeed,
Fortune smilith on him,
Things he hath, as he may need.

The man who spendeth wisely;
With no idle, wasted hour;
In both cities, seven nations—
Interest for him doth flower,
For he learneth as he liveth
Thrift succeedeth—THRIFT IS
POWER.

Thrift is the surest and strongest foundation of an empire; so sure, so strong, so necessary, that no nation can long exist that disregards it—Lord Roseberry.

It is true that many loans, money, and cups of sugar, are forgotten or unpaid. Uncle Sam, however, gives us a hand for our little loans—lest we forget—he even pays interest on it to make it interesting.

TEXT BOOKS WILL BE FURNISHED TEACHERS

Two Courses Are Issued by Treasury Department and Will be Sent Free Upon Request.

To further the teaching of thrift in the schools the United States Treasury Department has issued two text books, copies of which may be had by any teacher desiring them. One is designed for use in elementary schools. It gives a suggested outline, the purpose being to shape the habits and character of the school child in the formative period of his life. The second book known as "Fifteen Lessons in Thrift" is to be used in the high schools and naturally is more advanced in the treatment of the subject.

The books are being handled in this district by William R. Timmons, director of the Educational Division of the War Loan Organization, at Richmond, Va. Mr. Timmons will be glad to send copies of the books free of charge to all principals, teachers and instructors who are interested in the subject.

In both pamphlets the lessons are so arranged as to present the introduction of such material as has particular interest and value. Thrift and the principle of saving are shown being taught in hundreds of subjects throughout the country, having been incorporated in the regular work and assigned a place on the syllabus. In addition, the pamphlets are so arranged that the study of thrift is becoming more and more necessary in order that the pupil may be better equipped for the problems of life.

MORE THAN ONE WAY TO PRACTICE SAVING

There are ways and ways of barring the door against the wolf. But until six months ago David Broderick, of Niagara Falls, N. Y., had never learned how to slip the bolt into place. Convicted of a minor offense last January, he was placed on probation, and ordered to take \$12 a week to the probation officer.

Broderick protested, saying that it was impossible for him to pay so much, but agreed to try when he realized that a jail sentence was the alternative. Each week since that time he has paid in his twelve dollars, and at the expiration of the six months term he was handed \$230.50 worth of War Savings Stamps, the result of his saving.

When the justice entered his court room the next day he found on his desk a cigar wrapped in the following note signed by Broderick: "You're a friend of mine. Good luck, Judge." Broderick is now under a voluntary probation period of indefinite length, promising to bring in \$10 a week to continue his savings investment.

WHAT BEN DID

Ben Franklin was a thrifty man. To this you'll all agree; Instead of squandering what he got He used frugality.

His wealth increased from year to year. He won fame and position. But not alone did he succeed In gaining his ambition.

To smooth the way to help him on, They staid his saving wife. And 'twas this partnership of thrift Gave him a happy life.

Some of the attribute was to teach, The frugal way to save. 'Twas this that made a thrifty mate Was Ben's interpretation.

A man's life—among men!

Reel them off—"Rio", Gibraltar; Ceylon, Yokohama—all the great ports of the world—are they only places on the map to you—or are they ports where you've gone sailing in from the high seas with every eye along the shore turned admiringly on your big ship—your ship! Every ocean has a United States ship sailing for some port worth seeing.

If you're any call in you for a full life—join, and color all your years ahead with memories of things worth seeing—with knowledge worth having—with an inexhaustible fund of sea tales and adventures picked up ashore and

afloat that will make you a welcome man in any company.

Work?—sure, and a man's work it is, among men.

Play?—well, rather, with a bunch of men who know how to play. These comrades of yours carry in their ears the sounds of great world cities, of booming guns, of crashing seas—sounds you will share with them and that will never die away.

And when you come home, you'll face life ashore with level eyes—for Uncle Sam trains in self-reliance as well as self-respect. The Navy builds straight men—no mollycoddlers.

Enlist for two years. Excellent opportunity for advancement. Four weeks holidays with pay each year. Shore leave to see inland sights at ports visited. Men always learning. Good food and first uniform outfit free. Pay begins the day you enlist. Get full information from your nearest recruiting station. If you do not know where the nearest recruiting station is, ask your Postmaster. He knows.

Shove off! - Join the U. S. Navy

EAGLE "MIKADO"

PENCIL No. 174

For Sale at your Dealer, or Direct. Considered to be the Finest Pencil made for general use.
EAGLE PENCIL COMPANY, NEW YORK

It is impossible to restrain a feeling of sympathy for the Alaskan who dwells in that remote, certain feature of life in that land of ice and snow and cold weather. "Give us cheaper coal and cheaper food," raise generally and we will get the gold. But with coal at \$27.50 per ton and other necessities in proportion, what can we do in the matter of developing the country?

While this letter from Nome excites such a measure of sympathy as the occasion demands, it also raises a few questions in the back of the mind. Have we not been told in days past that coal was abundant in Alaska? Has it not been remarked that there was a source of supply which the Western states ought to consider carefully? Why, then, should it command a price that excites wonderment, even down here in the land of costly coal? And if it is so expensive so close to the place where it is mined, what would be asked for it by the time it got to the Pacific coast ports? Rochester Democrat and Chronicle.

WHERE SHE HALTS

"A woman can do any intellectual work that a man is capable of." "No," replied the obstinate male; "woman may write tragedies and compose symphonies and so forth, but—" "But what?" "I never in my life saw one who could keep score at a ball game."

COST OF GINGHAM.

Why do you have to pay 75 cents a yard for gingham that would have sold four years ago for 25 cents? One reason, explains Richard Tingle, in Forbes Magazine, is that the manufacturers of cotton goods were suddenly called upon to switch their industry that had been "set" or "gauged" to produce the goods of the civilian trade to the production of the goods of war. The war found the cotton mill men working on well-established lines, producing just about goods enough (or a little bit more) to meet the needs of our home people. War stepped in and told them that they must reorganize their smooth-running factories and produce the goods of war. The result has been that, for the last two years their factories were working about 40 per cent on the goods of war, and about 60 per cent on civilian goods. More than this. The disruption of organization has resulted in a loss of efficiency in the production of civilian goods of at least 30 per cent, so it is safe to say that the production of cotton goods such as you and I wear has been but about 50 per cent of normal since the war began. To give you an idea of what this means, I will say that this 50 per cent shortage amounted, in 1918 alone, to upward of 7,000,000,000 square yards of cloth!

YET THEY WANT TO VOTE.

"John," said Mrs. Fan, "what does it mean in this description of the ball game, where it says that the pitcher walked the batter?" "It means that he gave him a pass," replied Mr. Fan. "Well," questioned Mrs. Fan, "if he had a pass, why didn't he ride to first instead of walking?" (Editor's Note—What did John say?)

WELCOME.

Mrs. Nezdor—My daughter has arranged a piece for the piano. Old Grump—Good! It's about time it had a little peace.

OVERDID IT.

"Mock turtle soup, eh?" "Well, tell the chef of yours he has carried his mockery too far."—Seymour Transcript.

Our Free Service Checks Your Truck Costs

WE will study your trucks, loads and routes to ascertain which type of Goodyear Truck Tire will serve you at the lowest cost per mile.

The selection of the right type and size of truck tire frequently means substantial reductions in tire costs and therefore in truck costs—particularly in truck repair bills.

Then we will submit a report containing our tire equipment recommendations and detailing various steps of the money-saving attention which we are prepared to give to your tires and trucks while tires

are being applied and after. For example, it will explain how we inspect tires regularly and report on their condition, suggesting any treatment needed by injuries such as cuts, cracks and bruises. These, if neglected, develop quickly and frequently result in the failure of otherwise sound tires.

The submitting of this report will help you to find and stop leaks in your cartage account. It involves no obligation. Remember our facilities: a big hydraulic press, a well-equipped work-shop and plenty of parking space. Night or Sunday service by appointment.

GOOD YEAR
AKRON

HEBRON NEWS.

Mrs. H. C. Humphreys and little daughter Kathaleen have returned home after spending a few weeks with relatives in Wilmington. Miss Lula Bailey was the weekend guest of the Misses Emma and Elizabeth Taylor. Miss Stella Wright is visiting Chester, Philadelphia and Atlantic City. Mr. and Mrs. J. T. Bailey and sons Frazier and Orlando, spent the week end with relatives of Federalsburg. Mrs. J. J. Hall was the week end guest of Rev. and Mrs. Taylor of Salisbury. Miss Edith Howard, Mrs. Sallie Wright, Mrs. Earl Banks and little daughter Belva have returned from a visit to Baltimore. Sergt. Geo. S. Trader who has recently returned from overseas is on a months' furlough, and is now with his parents. Miss Beulah Darby of Hebron and Mr. Lee Gillis, formerly of this town, were married in Wilmington, October 4th. Miss Palma Webster of Deals Island spent a few days with relatives of this town. Mr. Frank Taylor, son of Mr. and Mrs. Francis Taylor died after an illness of several months at his home in Hebron, Tuesday, Oct. 7th. Interment in Nanticoke Cemetery. The de-

ceased is survived by parents, and a brother Underwood Taylor. Friends of the town extend their sympathy to the bereaved family.

RACES AT BERLIN DREW GOOD CROWD THURSDAY

The races at Berlin were held on Thursday afternoon last and the attendance was fully up to the mark. The judges were T. Spence Smith, Sewell Hastings, Charles Bishop. Timer was A. C. Riley, and James Hudson was the starter. Following are the results:
Free For All.
Seaside Bell, W. G. Wimbrow. 3 3 3
Troublesome, Murray. 2 2 2
Mack A., Homef Kelley. 1 1 1
Beulah M., R. H. Gillispie. 4 4 4
Time 2:24.
2:30 Class.
Anna Binger, Attorney Bell. 1 1 1
Annie Mack, John Rantz. 2 3 3
Chas. Peter, Sewel Richardson. 3 2 2
Time 2:31 1-4.
2:22 Class.
Roman, Sewell Richardson. 1 1 1
Surs Painter, Will Hudson. 2 2 2
May Russell, W. G. Wimbrow. 3 3 3
Easter Girl, Holden. 4 4 4
After the races, Easter Girl was put up for sale to the highest bidder and was bought by Marion Shockley of near Newark.

WHAT'S THE USE?

"You don't hear so much about elastic currency now."
"People are too busy trying to stretch their incomes to their needs to talk about it."

ONE ENDING.

"Prohibition has put a stop to partial ocean voyages."
"What do you mean?"
"People now will have no chance to get half seas over."

A RASH REMARK.

"Hear you've got some chickenpox in Plunkville jail."
"Yep."
"Ain't you afraid of your prisoners will break out?"

SCENE LEFT.

"There are uniform conditions in the country more."
"Oh, yes, they are. Not all of the army has been demobilized yet."

—Heavy bread, leaden biscuits and soggy pie are impossible with Cole's Hot Blast Range. It bakes to perfection.—Adv.

Give Your Children A College Education

The plan provides that for a fixed payment every year until your boy or girl is 18 years old, we will pay an income, beginning at 18, of
\$500 a Year for 4 Years
If you should die before the child is 18, we will pay an income of **\$250 a Year until age 18, then \$500 a Year for 4 Years**
This will assure ample funds for the education of your children regardless of whether you live or die.
Ask for particulars **ALBERT M. WALLS, Gen. Agent.**
CONTINENTAL LIFE.

BEFORE IT'S TOO LATE

Many prosperous citizens have lost their valued possessions overnight. Then they kicked themselves because an outlay of a few dollars on every thousand of value-insurance every few years would have left them protected and prosperous. Don't be foolhardy. Few things are as cheap as fire insurance in the beginning, and nothing may prove more costly in the end than its lack.

The Raymond K. Trait Insurance Agency

ARCADÉ THEATRE

Monday and Tuesday, Oct., 27, 28

Geraldine Farrar
THE WORLD AND ITS WOMAN
with Lou Tellegen
America's most brilliant operatic star, contributor to the screen the most notable achievement of her career in "The World and its Woman." It is a dynamic drama of ambition and love set in relief against the darkened-back ground of Russia in revolt. The most magnificent spectacle of the year; the most intensely emotional photoplay in a decade. Miss Farrar is supported by her distinguished husband, Lou Tellegen, "America's most romantic actor."

Wednesday, October 29th.

ADOLPH ZUKOR presents

ELSIE FURGESON

IN
"IN THE WITNESS FOR THE DEFENSE"

You'll be interested in the testimony. It is thrilling and the situations are intensely dramatic.

Announcement

The Arcade Theatre is now under the management of Mr. L. W. Insley. He will offer the public of Salisbury the latest and best productions of Photo Plays obtainable. The management has arranged that the pictures shown in the future will be run at an early release date, whereby the people of Salisbury and vicinity will be accorded the privilege of seeing first run pictures.

Friday & Saturday, Oct. 31, Nov. 1,

Constance Talmadge in "A Temperamental Wife"

"A Temperamental Wife," starring Constance Talmadge, which will be shown at the Arcade Theatre, is the first of a series of twelve productions to be made by Miss Talmadge and which will be distributed by the first National Exhibitors' Circuit. The story was written by John Emerson and Anita Loos, well-known for their directing and creative ability for the screen, and is their first effort since their marriage recently. The picture depicts a jealous natured girl who decides to marry only a man who will neither look at nor speak to any woman other than herself. Her attempts to make her husband jealous only serve to render her situation more difficult for herself and more interesting for the audience.

Thursday, October 30th.

WALLACE REID

IN
"THE VALLEY OF THE GIANTS"

Wallace Reid comes here to-day in "The Valley of the Giants," a Paramount-Artcraft picture made from Captain Peter B. Kyne's famous story. A big story by a big writer and a big star.

His Offerings For the Week Beginning Monday October 27th

DOINGS THROUGHOUT OLD SUSSEX COUNTY

Tremendous Sweet Potato Crop Stored in Houses—Prices High.

MANY MARRIAGES IN SUSSEX DURING PAST TWO WEEKS.

P. S. DuPont Campaigning To Alleviate Opposition To School Code—People Of Sussex Suffering Sugar Shortage—Bad Winter Predicted.

William A. Herz, of Seaford and Annie M. O'Bier of Oak Grove, were married at Oak Grove, last Thursday, by Rev. James H. Gardner.

Announcement of the marriage of Fronzie L. Hall and Alice Dean, both of Blades, on October 7, has been made. The ceremony was performed by Rev. A. W. Mather at Seaford.

Carl P. Long of Selbyville, son of G. E. Long, and Miss Myrtle L. Brasure of Dagsboro, daughter of John W. Brasure, were married, Saturday last by Rev. O. H. Connelly, pastor of Roxana Church.

Frank B. Hudson, son of L. Wash. Hudson of Millsboro, and Miss Carrie G. Elliott, daughter of Charles S. B. Elliott, of near Laurel, were married Saturday night last by Rev. R. Ward Mills, pastor of Gregg M. E. Church, Blades.

The people of Sussex are experiencing the shortage of the sugar supply and the stores have limited the sales to any one person at one time to two pounds. Some are attempting to shop from store to store, but these are watched closely and are turned down after the first effort. There will be sufficient sugar for all the people if the people will play fair and take only limited supplies each week.

Friends of John Ewell Calhoun, son of Ex-Recorder of deeds, John T. Calhoun, and Miss Myrtle E. Lingo, daughter of Asher H. Lingo, a merchant at Warwick, were much surprised last week to learn of their marriage. The ceremony was performed at Milton, Sunday night, at the Methodist Protestant parsonage by Rev. M. E. Hungerford.

Joseph Morgan of Blades, a carpenter employed on the Seaford, Bridgeville State Highway, was seriously injured Saturday last while at

work at Hearn's Mill. A hatchet which a fellow workman had stuck in a piece of lumber was accidentally knocked out and fell, striking Morgan, who was standing under it on the head, inflicting a severe gash which required several stitches to close. He was carried to his home, where he is under a doctor's care.

The State authorities are looking for Elden Hudson and Edward Messick, two Georgetown boys who are charged with climbing in the buggy of John Day and stealing \$15 from a satchel. Hudson was caught last week, and, after being closely questioned, confessed that he was near the buggy, but did not steal the money, which offense he charged to Messick, who has not been caught. Several people saw the boys in the carriage, and one man declares he saw Messick take the money. Shortly after the boy purchased a bicycle from a negro, paying \$10 for it.

Indications point at this time, according to some of the lower Delaware weather forecasters, that the coming winter will be a hard one, giving as their reasons that there is an abundance of hickory nuts, cedar berries, beech and chestnuts and acorns upon which rabbit and squirrel can feed. At this time the fields and forests abound in game, and there is every reason that sportsmen will have the best gunning season for the past three or four years. Quail usually are able during severe weather to feed upon the shattered corn in the fields and in many instances there remain bushels of corn in the shocks.

Miss Sadie K. Dykes, aged 42 years, died at the home of her sister, Mrs. William Hitchens of Laurel, Tuesday last, from a leaky heart. She was the youngest daughter of the late Purnell J. Dykes, who moved from there with his family about 15 years ago. Also, a sister of Mrs. D. O. Moore of Laurel. Miss Dykes, who had been in poor health for more than two years, went to Laurel about six weeks ago to visit her sisters, and gradually grew worse until death occurred. Funeral services were held at the home of Mr. and Mrs. Hitchens, Friday afternoon in charge of Rev. W. L. Hoffman, pastor of Christ M. P. Church.

By the time the sweet potato crop is all dug in the Seaford section about October 25, there will be stored in the potato houses belong to the brokers about 120,000 bushels, representing an outlay of about \$70,000. The crop has been a fair one, but not anything to brag on. Prime sweets are bringing 60 cents per basket and culls 25 and 30 cents. The crop is averaging around 200 bushels to the acre. One Seaford firm alone will have close to 50,000 bushels in its houses by the time the digging is over. At 60 cents per basket the farmers are making money. It has only been a few years ago when prime sweet potatoes only brought 25 cents per basket on this peninsula.

Besides giving \$2,500,000 for new school buildings in Delaware, Pierre S. duPont, vice-president of the State Board of Education, is vigorously campaigning to allay opposition to

the School Code and to obtain better educational facilities for the children, and his efforts are creating a favorable impression. Mr. du Pont enjoys the work despite its hardships. Dr. Joseph H. Odell, general director of the Service Citizens, and Dr. Richard W. Cooper, head of the educational bureau of that organization, are assisting him. "Had I Pierre S. du Pont's wealth, I would buy a yacht and spend the winter cruising in the Mediterranean," a citizen of Sussex county remarked last week. But Mr. du Pont is not selfish. Instead of seeking pleasure in that manner, he is trying to benefit mankind.

WETIPQUIN NEWS.

(Too Late for Last Week.)

Quite a number of our people attended the oyster supper at Royal Oak Saturday night.

Mr. and Mrs. Cade Howard and Mr. and Mrs. Esau Boston of Secretary visited Mr. and Mrs. J. C. Mitchell Sunday.

Mr. A. O. Williams of Washington is visiting friends here.

Mrs. Ernest Hurley and Miss Lillian Hurley have gone to Washington for a couple of weeks visiting Mr. and Mrs. O. A. Williams.

Mrs. Noah White is spending a few days in Baltimore.

Fishing for the past week has been good, tides have been wrong. The coming week will be better we hope. Our catch being trout from 20 inches in length up.

It's Time For A Change

THE TAX RATE

The tax rate of Wicomico County is the highest in the State. That doesn't mean that we have the best roads and schools. Quite the reverse.

It means that in past years some people did not pay their taxes and that the Treasurer did not collect them.

That caused a deficit in those years.

It also means that in some years not enough was levied to cover the year's expenses. The reason may have been to keep the rate low for appearances or it may have been simply bad management.

Whatever the reason, it was another cause of a deficit.

This year the Commissioners levied not only for the current expenses but to make good these deficits of past years.

Was it good management to have these deficits?

Ought not the Treasurer to have collected all the taxes?

Ought not the Commissioners to have levied enough to cover all expenses each year?

Republicans do not object to a high tax rate provided it represents real present benefits to the people.

They object to a high tax caused by waste and mismanagement.

Republican Local Platform

WHEREAS, the Republican Party for Wicomico County, in convention assembled, has nominated candidates for all the local offices, whom by reason of their ability and standing in this community it is a privilege to support, it is, therefore resolved that the following declaration of principles be adopted as the platform of the Party and its candidates.

1. The paramount issue in the coming election is better government by which we mean greater efficiency, less waste. The way to better government in this county lies in a complete defeat of the candidates of the Democratic Party and the election of the entire Republican ticket, the candidates on which represent not only the Republican Party but the great body of tax paying citizens who have a right to be heard in the management of the county's affairs.

2. We believe that the three things in which the people have the greatest concern are roads, schools and taxes. We believe there is no expenditure of the public money that contributes more directly to the comfort, wealth and advancement generally of our people than good roads for all of them; that the best schools we can afford are not too good for the education of the youth of Wicomico County.

3. Recognizing our tax rate is already higher than it should be, and that improvements such as schools and roads may properly be built from capital rather than from the yearly income of the county derived from taxes since such improvements last for a period of years, we propose that our delegation in the General Assembly shall urge the passage of a law authorizing the issue of sufficient county bonds to lay out a system of good roads that shall meet the reasonable needs of our tax payers, and also of a second issue of bonds for an amount sufficient to build and improve such school houses as shall be reasonably necessary for the comfort and health and proper education of our children. We propose that the two issues shall be separate and that each proposal shall be submitted to a referendum of the people.

4. In order that the roads may be built without partiality as to sections and for the good of all the people we urge appointment by the newly elected County Commissioners of a non-partisan good roads commission of seven members who shall serve without pay and who shall submit before the first day of February, 1920, a report showing a comprehensive plan for the building and maintenance of such roads as shall be approved, and an estimate of the cost, which shall be the basis of the bonding law.

We urge further that this commission shall be a permanent body to supervise the construction of the said roads and their up keep, at all times co-operating with the State Roads Commission and utilizing fully the services of the experts of the Federal Government.

5. We urge the School Board to have an immediate survey made of the needs of our county school system both as to buildings and to teachers. This survey should be made by an expert of the Bureau of Education. The School Board, with this as a basis, ought to make public a report by February 1st, 1920, by which the amount of school bonds referred to above ought to be fixed.

6. We condemn the mismanagement and inefficiency in administration which has been partially responsible for the loss of thousands of dollars to the county by reason of the failure to collect taxes after they have been levied. This loss has increased the burden of taxation on those who were willing to pay. We demand a thorough revision of the law by which taxes are levied and assessed so that county and state taxes become due and payable, at the same time, and a just and impartial enforcement of the law. It is fundamental that property ought to be uniformly and impartially assessed.

7. In order that the people may know the condition of the county's finances, we demand that the report of the audit made by Haskins & Sells be immediately published. As taxpayers we have been asking for this audit for years. The audit was completed some months ago. We have paid the bill and we can imagine no reason why we should not know what it says.

8. We believe the county's affairs ought to be handled with the same efficiency and business skill as are private undertakings, always bearing in mind the cost to the taxpayer. We pledge our candidates to give that kind of an administration, fair, impartial, efficient and honest.

9. We condemn unsparingly the waste, extravagance and folly of the Harrington administration and pledge our loyal support to the Republican State Candidates, Hon. Harry W. Nice for Governor, Lt. Col. A. W. W. Woodcock for Comptroller, Alexander Armstrong for Attorney General, and William L. Marcy for Clerk of the Court of Appeals. We believe that their election will mean the rejuvenation of the State Government just as will the election of our local ticket the county.

VOL. XXXIV. NO. 27.

SALISBURY, MD., THURSDAY, OCTOBER 30, 1919.

20 PAGES—120 COLUMNS.

BELIEVES SALISBURY IS DESTINED TO BE A GREAT MANUFACTURING CENTER

What A Leading Citizen Of Another Eastern Shore Town Thinks Of The Present Rapid Progress Of This City.

SAYS WHAT THE FINEST SPIRIT OF CO-OPERATION BETWEEN EMPLOYER AND EMPLOYEE IS TO BE FOUND IN SALISBURY AND BELIEVES THE CITY HAS BEEN BUILT UP ON THIS SOLID FOUNDATION AND WILL CONTINUE TO GROW—ENCOURAGING WORDS COMING FROM AN AUTHORITATIVE SOURCE.

It is refreshing in these days of acute competition not only between business men but between cities and the larger communities for predominance, to run across a wide gauged man occasionally who is willing to express his fair opinion of the work which is being done for the good of the times even by a competitor of his home town. A few days ago there stepped into the News office a gentleman who is one of the best known citizens of one of the most lively adjoining towns where there is really some enterprise, thrift and business, and where there is not a little competition existing between the home city of this gentleman and Salisbury. He seemed to be remarkably interested in the rapid strides which are now going on in the metropolis of the Eastern Shore, and took occasion to express his views as to why he believed Salisbury was progressing so much faster than the other towns and cities on the Peninsula. Here is what he said in part, which we believe is one of the strongest advertisements for Salisbury we have ever heard gratuitously given out by one of the leading citizens of another competing community:

"Salisbury is rapidly becoming a great industrial center. A continuation of the growth the city has experienced during the last few years, through the next few years to come, will place Salisbury near the head of the list of industrial cities in Maryland.

"With the increased industry which has come to Salisbury, has come a host of people from other places and in spite of this, in a time when other industrial centers are finding themselves in the throes of labor upheavals, Salisbury continues placidly on her way.

"There is a reason for this placidity and there are two elements which enter into it—employers and employees.

"The employers of labor in Salisbury are men of integrity, and sound business methods. They are anxious and willing to pay their workers fair wages and demand but a fair amount of production in return. They stand solidly behind Salisbury and Salisbury's growth and success as a city; and they realize that by filling their shops, stores and factories with happy contented employees, they are not alone doing well by themselves but are at the same time acting advantageously toward their city.

"The employees are men and women of a high order of intelligence. They realize that their employers' interests are their own interests; and that they are benefiting themselves when by their honest dealing and sober industry, they work as the business partners of their employers. The spirit of partnership between employer and employee is evidenced boldly in Salisbury. One cannot exist without the other and each realizing this, is doing his and her best to make the partnership pleasant and profitable.

"Those people who have come to Salisbury from other places are attracted with the city as a home place. They find here, all of the conveniences of the much larger city without the noise and bluster of the greater metropolis. They find life here amusing and entertaining without the evil surroundings encountered in the bigger cities. Their children are given the benefits of good schools without the undesirable associates found in the big city's schools. The children are able here to grow up amid surroundings which are sanitary and moral and to become good citizens without constantly hearing the echo of the struggles of those poor unfortunates to be found in the slums of every one of the country's greater centers.

"And so it is that Salisbury's working men and women are satisfied with life in Salisbury. They enjoy their work and they enjoy their homes. They like their fair dealing employers and the employees, in turn, like their fair dealing employees.

"And just as long as conditions such as these exist, Salisbury need have no fear of labor strife. As long as conditions such as these exist, Salisbury will continue to grow, and following the lines of growth to which she has adapted herself during the last few years, will, within a brief space of time find herself the envy of those much larger places whose unwholesome industrial, civic and social conditions have had much to do with the dissatisfaction on the part of employer and employee—a dissatisfaction which has recently manifested itself in strikes and riots, to the detriment of the entire nation."

"Bob" Showell Bids Six Million Dollars For A Whole City

Offers To Take Over Nitro From The Government At These Figures. Cost U. S. Over \$70,000,000.

You cannot down the Eastern Shore. This has been demonstrated on thousands of occasions when big things were to be done and it generally devolved upon some Eastern Shoreman to do the job. For instance, if you go to Baltimore City and take a census of some of the largest business operations there, you will find that Eastern Shoremen are connected with them. This same thing holds good in other cities, and only last week, Mr. Irwin of Irwin & Leighton, the well-known contractors of Philadelphia secured one of the largest private contracts by winning the construction of a tremendous proposition for Sears Roebuck & Company in Chicago. Mr. Irwin is a Worcester county man who has built some of the structures in Philadelphia and landed one of the very first contracts for the construction of the big cantonments of the United States Government after we entered the war.

For several months, the Government officials at Washington have been trying to sell the smokeless powder town of Nitro in West Virginia. This great enterprise cost the Government more than \$70,000,000 was finished just a few weeks before the armistice was signed and as the Government has no use for the big town, containing modern office buildings, great manufacturing plants, hotels and thousands of fine homes for those who were to be employed there, together with schools, opera houses, clubs and everything which goes to make up a city to accommodate 40,000 to 60,000 people the place has been offered at public sale. The first bids were all rejected because the best price offered was around \$4,000,000. The second lot of bids were opened last week, some of them ranging as high as \$8,000,000 for the entire city. Among these bidders was an Eastern Shoreman, Mr. Robert J. Showell of Ocean City who put in a bid of \$6,300,000, for the entire city. Mr. Showell is well known to many citizens of this city and especially to the summer visitors at Ocean City.

This is quite a bunch of money, and caused many Eastern Shoremen to open their eyes wide when they read the bid of Mr. Showell dealing in the millions. But, nothing should surprise the average citizen when an Eastern Shoreman is on the job and the little sum of \$6,000,000 for a whole city costing \$70,000,000 ought to be a good pick-up for the average business man, and as we said in the beginning, when big things are to be done, you generally find some Eastern Shoreman right at the head of the procession ready to pull off the enterprise no matter if it does involve a trifling six to ten million dollars for the purpose.

Elder H. C. Kerr is expected to preach in the O. S. Baptist Church this (Thursday) evening at 7.30 p. m.

REORGANIZATION OF BOY SCOUT MOVEMENT

Wm. S. Hartley Well Known In Wilmington Appointed Scout Master Here.

COMPLETE REORGANIZATION OF THE MOVEMENT IN CITY

Frank A. Greenhawk, National Scout Executive At Meeting—Much Enthusiasm Among The Boys—New Patrols To Be Organized.

Last Friday night a big Scout meeting was held in the S. Y. M. A. at which a new Scout Master was installed and new life put in the Salisbury Troop of Boy Scouts. Frank A. Greenhawk of the Wilmington Council was present at the express invitation of Professors Clarke and Parsons. Frank J. Parater accompanied him who is an Eagle Scout of Richmond, Va., and who is going for a degree to the American College at Rome in a short time, sailing on the 28th of this month. On his return he will assume charge of the Richmond Diocese of the Catholic Church.

Prior to this meeting in the S. Y. M. A. at the suggestion of Mr. Clarke all boys who are interested in Scout Work met in the High School Assembly at 1.40 P. M. At this meeting about 150 boys of all sizes and ages were present to hear "Big Hawk", who incidentally is conceded to be the biggest, most conscientious Scout Executive in the country today, tell some of his experiences while traveling around the United States. To hear Mr. Greenhawk is a treat, his personality is unusual, his stories are wonderful, and he frisks his hearers so that everyone unconsciously sits with their mouths and eyes wide open. However this meeting in the High School was just to inform the boys of the larger one to be held that night in the S. Y. M. A. Mr. Clarke presided at the meeting in the High School and is an enthusiastic supporter of all boys' activities, his official title in the Boy Scouts is Scout Commissioner, and upon receiving the resignation of Mr. Nash who resigned because of his other duties at the S. Y. M. A., made it imperative for him to do so, he appointed Mr. Hartley who was for some years affiliated with the Boy Scouts in Wilmington.

It seems that there never has been anyone in this city who has had the necessary aggressive and sincere spirit of leading the Scouts in this city and Mr. Hartley has plenty of both besides the knowledge of his work and his experience in handling boys of all characters.

Every mother may rest assured that her boy will be well taken care of when he joins the Scouts and that he is in safe hands.

When he left Wilmington to live in Salisbury and assume the duties of County Engineer he was tendered a banquet by the Scouts of the City of Wilmington and was awarded the District Banner which is the most coveted of all for it signifies that the owner is the most efficient Scout

(Continued On Page Eight.)

THE RED CROSS NEEDS YOUR MEMBERSHIP BADLY

Only 11 Per Cent. Of People In Pocomac Division Are Members.

WILL YOU HELP INCREASE THIS TO 100 PER CENT?

The Drive From November 2 to 11th Will Be For The Purpose Of Getting All Old Members To Renew And Many New Ones As Possible.

The purpose of the Third Red Cross Roll Call is to renew each expiring membership and secure as many new members as possible. Are you asking why you should join the Red Cross again now that the war is over?—because one-half of the dollar which you pay to become a member of the Red Cross is to be used in your county for assisting the countless families which apply for aid in their various problems. Two reasons of real importance, if there were no others which should prove that your membership not only is needed but that it is to your interest to join the Red Cross are these: the continuance of the Home Service work of the Wicomico Chapter and the maintenance of a Public Health Nurse.

The Home Service Section of the Red Cross of Wicomico county has been and is still maintained by the Wicomico Chapter of the American Red Cross. During the war the Home Service work was confined to the families of soldiers and sailors. Now the work has been extended so that the same help is provided to civilian families that has been given previously to the families of our fighting men. In other words, any family which is found upon investigation to be worthy may be assisted by the Red Cross Home Service.

There were about 1000 men in service from Wicomico county. There were more than 600 families of these soldiers and sailors assisted during the last 18 months by the Home Service of the Red Cross.

Do you see what this means? This work must go on and now that the Home Service has expanded, more funds than ever before will be necessary.

Wicomico County needs a Public Health Nurse and should not feel safe until one is secured. Public Health Nursing which includes child welfare work, school, municipal, industrial and tuberculosis nursing and social service is so vast that it is impossible to secure a worker except for an ample salary. This money must be provided by the Red Cross Chapter. Your enrollment will help in the maintenance of such a nurse.

Do you know that 89 per cent. of the population of the Pocomac Division—the estates of Maryland, Virginia, and West Virginia—are not members of the Red Cross? A splendid opportunity is open now for you to help in making our Division 100 per cent. instead of the 11 per cent. last year.

Membership in the Red Cross means: opportunity for relief; opportunity for service; opportunity for love to build what hate destroys; opportunity for America to say to the World.

We gave and served and died—but we won. Health in Peace. Relief in disaster.

RAIN OF BALLOTS WILL FALL IN WICOMICO COUNTY NEXT TUESDAY

Both Parties Will Continue Campaigning Until The Window Closes On Election Day.

CANDIDATES ON BOTH SIDES HAVE MADE HOUSE TO HOUSE VISITS AND CAMPAIGN COMMITTEES HAVE BEEN LIBERAL USERS OF LITERATURE AND NEWSPAPER ADVERTISING—TICKET HAZY TO VOTE WITH A LITTLE CARE.

The campaign is drawing to a close. Before another issue of the News is printed, the people of Maryland will have had their opportunity to settle the question as to who shall govern them for the next four years. The State candidates have made two or three rounds of the entire State, visiting every county and town in their campaign tours, and all kinds of arguments have been used pro and con to secure the votes of the people. For the first time, the Democratic Party has held no district meetings in the county districts during this campaign, but much active work has been done by house to house visits from the candidates who were divided into groups and who have visited almost every district of the county, meeting the people personally.

Last Saturday night, the Arcade Theatre was filled to overflowing by enthusiastic Democrats from all sections of the county who came here to hear Gen. Ritchie and his associates on the Democratic ticket on the issues of the campaign. General Ritchie was in his usual fine form, making an unusually fine speech and he and his associates received a great ovation from the Democrats of the county. This will be the only large meeting which the Democrats will hold unless it is some street speeches to be made next Monday night.

The Republican organization had no large meeting scheduled for Salisbury and the local Republican ticket has pursued the same policy as the Democrats and their candidates have made a house to house canvass instead of holding district meetings as heretofore. Probably more literature has been mailed out during the past two weeks than was ever noted in a campaign in Wicomico County for many years. Both the Republican State Central Committee and Mr. F. P. Adkins who is the Republican candidate for State Senator have been free users of printers' ink in a campaign of education and hardly a home in Wicomico County has not been reached at one time or another with such circulars and letters as well as by newspaper advertisements. The Democrats have not been lax in this matter and they also have been free users of circulars and letters and both central committees have issued sample ballots to every voter in the county accompanied by circular letters soliciting the support for their respective candidates.

A glance at the specimen ballot printed in another section of this paper will show that to vote a straight Democratic ticket, the voter must make 18 X marks on the ballot opposite the respective names of the Democratic candidates and to vote the Republican straight, it is necessary to make 17 marks on that ballot, the difference being that the Republican ticket is short a nominee for county surveyor.

Voters should be especially careful in marking their ballots because if they vote for too many names in a group, that particular group will not be counted and if they make any marks on the ballot except the X-marks opposite the names of the candidate, the ballot may be thrown out and counted for no one. Then again, particular care should be exercised in folding the ballot after voting exactly as it was folded when given to the voter by the Judge. The ballot is easy enough to vote if a little care is exercised in the work. Each of the Central Committees have had thousands of these sample ballots printed and have been distributed in all sections of the county and everyone should be familiar with the form and arrangement before Election Day.

The official ballot of Wicomico County has always been printed and folded with the least possible complication surrounding it, and unlike many of the other counties, the word Democrat and Republican is printed opposite the names of each candidate so as to make it extremely easy for voters to distinguish the party candidates for whom he wishes to vote.

Polls open in all the districts of the

county with the exception of Parsons, Delmar and Pittsville, at 8 A. M. and close at 6 P. M. In these three districts, the polls are open at 6 a. m. and close at 7 p. m. This arrangement was made to suit the train men at Delmar, many of whom have to leave early in the morning and do not get back to Delmar again that day and Parsons District is such an extremely large precinct as to make it necessary to provide the extra hours to give everybody an opportunity to vote the ballot. Up to date, the campaign has been an extremely clean one, there being practically no use of liquor among the voters, and it is possible this election will go off without the use of any slush fund on either side.

Public Business At The City Hall On Monday Night

Many Permits Granted For New Buildings And Other Matters Of Minor Importance.

The City Council in session Monday night had a busy time in transacting a great deal of important public business, which a large part was the granting of permits for new structures in the city. The following is a synopsis of the business transacted:

The following building permits were granted:

Peter Linnett, building on West Main street; Twigg & Sheridan, brick building on Cricle avenue; Mrs. Mary White, garage on Camden Avenue; Minnie F. Malone, repair house on Maryland Ave.; J. Calvin Morris, addition to building on Division street; John W. Windsor, dwelling on Circle Ave.; Mrs. Adell Prag, garage on Elizabeth street; R. W. Robertson, garage on Hazel Ave.

C. D. Krause was granted permission to place Gasoline pump in front of his property on Water street.

An order for a carload of hay for the city was placed with E. J. C. Parsons.

City Engineer was instructed to make a survey of Elizabeth street from North Division to Church street for the purpose of curbing and guttering. City Engineer, was also instructed to look into the matter of draining Washington street, Vine street and part of S. Division and make report at the next meeting.

Mayor Jones, recommended to the Council a raise of Ten Dollars (\$10) in salary per month to the City Police. On motion, same was adopted.

Clerk was instructed to write to shell dealers in Crisfield, Md. for prices on 20,000 bushels of shells.

A committee was appointed to investigate the lights on Cathel Street. Committee Parker and Messick.

The Auditors' report of the Treasurers' books for the quarter ending September 30th, 1919 was accepted and ordered filed.

Death Of Mr. Leatherbury.

Mr. Charles L. Leatherbury, a well known resident of White Haven, Md., died very suddenly of heart failure, at his home, on Saturday night, October 25.

Deceased was a highly esteemed citizen, was a life-long Democrat, and his death was a sad shock to his many friends. Mr. Leatherbury is survived by his widow, Mrs. Willie A. Leatherbury, one son, James L., one sister, Mrs. J. Anna McLain of White Haven, and two brothers, William K., and Robert L. Leatherbury of Salisbury. Interment was made at Oak Grove Church. Deceased was 88 years of age.

—Beginning Thursday, Oct. 30th, the department stores of Salisbury will open at 8 a. m. and close at 5:30 p. m. daily except Saturday.

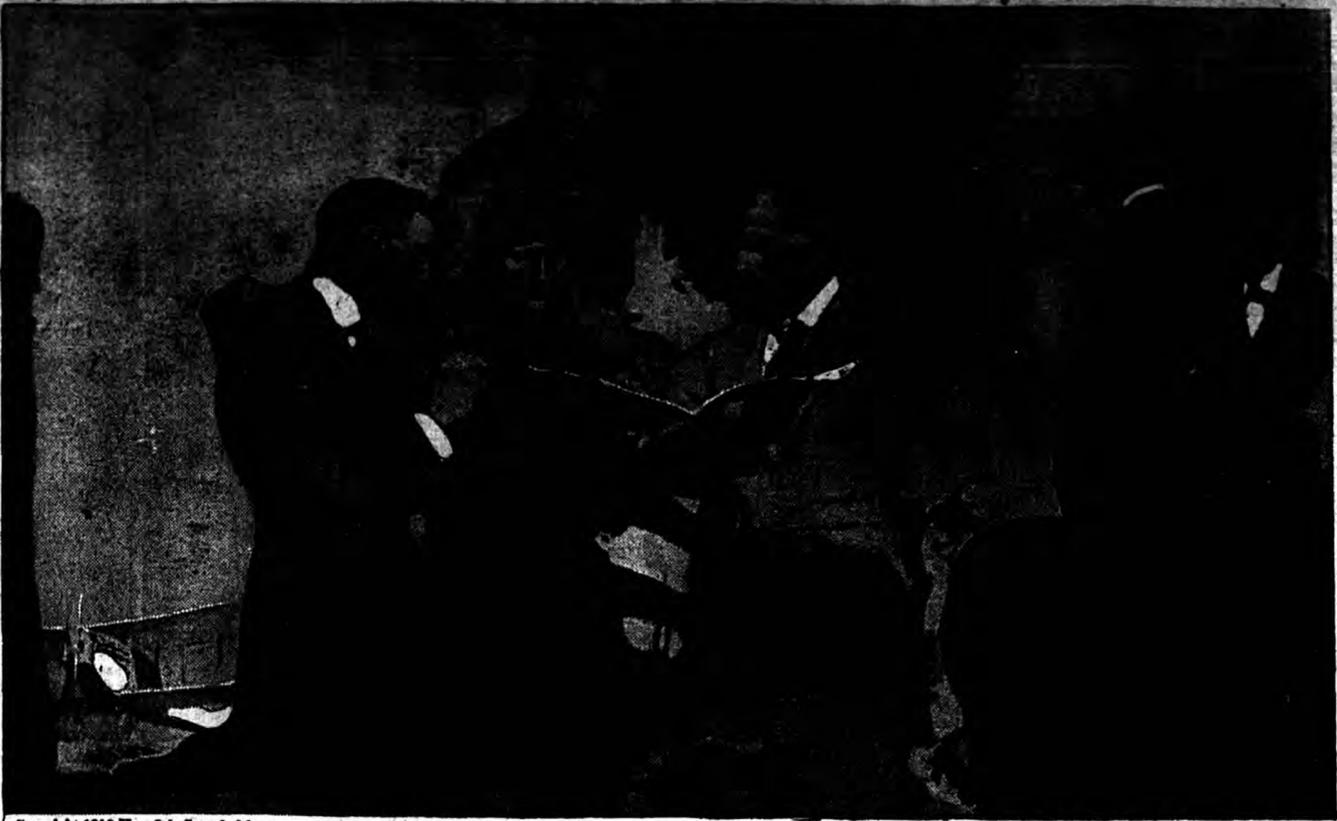

Important Notice To Subscribers

On October 1st, there was mailed from this office a notice to every subscriber on our books whose subscription label on his paper reads "1919" with a request that all these subscriptions should be paid for one year in advance so that these labels will read "1920" before January 1st.

Many subscribers have responded to the request and renewed their paper for a year in advance, but there are still a few who have neglected to pay attention to this request. To these subscribers, this notice is directed for the purpose of saving their subscriptions if they desire the paper, for on January 1st, all subscriptions bearing the label "1919" will be discontinued immediately.

Under the postal laws, we are not allowed to send papers through the mails which are more than three months in arrears, and for the convenience of our subscribers, we go to the trouble and expense each month to notify all subscribers of the fact that their subscriptions will expire within the next week or so, and those who desire their paper continued, should always pay prompt attention to these notices. The present subscription list of The Wicomico News is over 3200 weekly, and unless these subscriptions are kept in advance, papers will certainly be discontinued promptly. We publish this notice so as to give all those who have not attended to the bill sent them timely warning.

DOINGS AT THE WICOMICO HIGH SCHOOL

Things Of Interest Happening Among Pupils Of This Institution.

OF INTEREST TO PUPILS AND PARENTS.

Many Happenings Among The Boys And Girls Of The Wicomico High School Which Appeals To The Interests Of The Entire Community.

(The editors of the Wicomico News have set aside this column for the use of the pupils and faculty of the Wicomico High School and the items published here will be furnished by one or more of the scholars weekly.)

Friday the 17th the Seniors entertained the school. After a few introductory remarks by the President the play entitled "The Elevator" which was the feature of the program, began. From start to finish it was a great success as the ready applause which interrupted the actors many times indicated. The plot of the play was: A newly married couple were giving a dinner party and as their apartment was on the fifth floor, the first arrivals took the elevator, which unfortunately stopped between the fourth and fifth floors and refused to go any further. The remaining guests, since the elevator could not be found walked up and got there safely. About fifteen minutes

after the dinner hour the distracted host and hostess heard a faint cry for help, and after searching a while discover their whereabouts.

The plot was brought to a happy conclusion after many funny incidents had occurred to lighten the guests predicament. The several characters took their parts well and the whole affair reflects much credit on Miss Dorothy Mitchell who is the Seniors' Faculty Adviser. We are glad to say that there were several visitors including some parents present and we sincerely hope that more will take interest in what is happening over on the hill.

The Choral Club, under the able leadership of Misses Killiam and Cunby, is progressing finely. So far only old pieces have been sung but as soon as the new music arrives practice will be immediately begun on them for the mid-year Commencement which will be held in the Salisbury Young Men's Association, in only a few months off.

Last Friday morning Dr. Shipley gave the school a most interesting illustrated lecture on the harmful effects, both mental and physical, of alcohol on the human being. He began by commenting on the progress of the water wagon especially in Salisbury and finished by saying, when a slide which read: "Stand by the Class of 1920, Wicomico High School," was thrown on the screen, that the present Senior Class would be the first to

be graduated under the National Prohibition Law.

The school stereopticon machine was used in the lecture and fully demonstrated the use to which such an investment can be put to in the growing high school of today.

Next Friday the Junior Class will have undisputed charge of the Assembly and it is hoped that a number of visitors will be present at the play "The Silent Family" promises to be fine.

Every Wednesday Pathe News, a current weekly, is shown to the History Classes in the School through the courtesy of Mr. Ulman. This has proved to be a big factor in the school life and not only makes the classes more interesting but also makes the subject clearer in the student's mind. The Principal is surely to be congratulated in securing the DeVry Moving Picture Machine for the school.

The first Lyceum Entertainment will be given on the 17th of November. From now until that time the students on the committee will be on the job for any new subscribers. They help them out.

The first quarter of the scholastic year is nearly gone and tests are in full swing. Consequently many are the long faces that are seen around the halls before and after school, especially after.

The staff of the School Year Book has been chosen and the first meeting held. Plans are being formulated

and things gotten in shape for the second edition of "The Tatler" which is the name of the yearly chronicle of the school life. Editor-in-chief William Morgan is confident that this issue will be a success, and is already taking orders for their delivery.

PUBLIC OPINION COLUMN

Subjects In Which The Public Are Interested Enough To Write About.

(This column is for the free use of the public to express their views on important subjects. All letters to the Editors must be signed by the writers with their correct names, but their names will not be published unless desired. No libelous matter will be inserted and if communications which are not used are desired returned, a two cent stamp must be enclosed.)

MR. BELL AGAINST BONDING.

Mr. Editor: Is the time of a thirty-five cent dollar, the time to issue bonds? It may be for the man who has the money to buy the bonds, but it is not for the property owner who has to pay them and the interest thereon.

Every bond issued by the Government, State, City or County, is a first mortgage on every citizen's property, having to be paid by taxation, and taxes when laid are preferred over all other claims.

The people may want to pile up a large bonded indebtedness for their children to pay, but I do not believe

I am opposed to bonding of the county at this time, for any purpose. I went through the boom time after the Civil War, and the hard times of 1872-73 and years thereafter, and I know that the time to be economical and save is in the time of the cheap dollar.

At any rate the Legislature should not bond the people without their consent, by ballot.

GEO. W. BELL.

HERE IS A PROGRESSIVE TAX-PAYER.

Editor, Wicomico News, Salisbury, Maryland.

Dear Sir: I have just read Mr. F. Grant Goslee's letter in the Wicomico News of this week and beg leave to differ from his conclusions; in fact, as an independent this year Mr. Adkins is the only one of the ten (10) for the legislature from this county that I will vote for (he has declared in the public print he is for bonding the county, etc.) unless I see published above their signatures others so minded.

I shall be glad to see the County Commissioners yearly largely increase the tax rate to build roads and other necessary improvements if the next delegation from this county fails to bond this county for such necessities. I am willing to pay my part, and glad each year since the last legislature did not pass the bond bill to see the tax rate "mount up." Let

anyone opposed to the bond keep mum about public improvements other than "crabbing along."

JOHN H. DULANY.
Fruitland, Md.,
October 23, 1919.

ENDORSES BOND ISSUE.

Nanticoke, Md., Oct. 24, 1919.
Editor of Wicomico News,
Salisbury, Maryland.

Gentlemen: In reply to your editorial of the 16th inst. with regard to the respective candidates position on the bonding issue, I beg to state:

As a member of the Republican party, I heartily endorse an enabling act by the legislature with a referendum to the taxpayers, for bonding the county for permanent roads and the necessary school houses. We have already too long realized our financial losses in this county resulting from poor roads; I believe we can realize more than enough saved to pay such interest as these bonds necessitate, and at the same time enjoy the comforts and increased value of our properties while retiring these bonds. I consider it un-American to withhold from our youth the best educational facilities which we can afford. The school child of the present is the citizen of the future, hence these facilities must be provided at once.

Respectfully,
LORAN H. WHITE.

ECHOES FROM THE PLAZA OF THE COUNTY COURT HOUSE SQUARE

What is Talked About Under The Trees On The Public Green Gossip From The Various Sections.

HAPPENINGS AMONG THE PEOPLE OF THE VARIOUS SECTIONS WHICH ARE OF INTEREST TO ALL THE CITIZENS—POLITICS A LEADING TOPIC THESE FALL DAYS AND MUCH DIFFERENCE OF OPINION FOUND TO EXIST WITH THE PEOPLE.

One of the best known life insurance agents in this community was sitting on the bench in front of the Court House a few days ago giving his views as to the results of the influenza epidemic on the standard insurance companies of the United States. He pointed out that all of the best known companies had been forced to reduce their dividend rate to their stockholders and their policyholders because of the terrible epidemic which swept over this whole country just about this time last year causing not only hundreds of thousands of deaths at the time, but also wrecking the health of so many formerly healthy people that the insurance companies have not yet gotten over the result of the epidemic. It is interesting along this line to quote a letter from President Phillip Burnet of the well-known Continental Life Insurance Company in which so many of our people carry insurance touching on this subject. Mr. Burnet said in part: "The enclosed check covers the regular quarterly dividend which has been reduced, for the time being, from 3 per cent. to 2 per cent. After the close of the influenza epidemic, it was hoped that our death rate would quickly return to normal. This hope has not been justified. Death losses are, of course, very much lower than during the epidemic, but they have not yet returned to normal, and we believe several months must yet elapse before our death rate again approximates normal figures. For this reason the directors have deemed it advisable to reduce the quarterly dividend for the time being, in order to offset the somewhat higher death rate which we anticipate for some months to come."

Another Increase In Milk Prices.

The Homestead Dairy of this city has the following to say regarding several hundred customers in Salisbury, Delmar and other points where milk is delivered daily. In notifying customers of this increase from 15 to 17 cents per quart for milk, the management of the Homestead Dairy has the following to say regarding the causes leading up to this second increase since the war: "The cost of milk cows, labor, feed and everything that enters into the production of milk has not declined and our balance sheet shows we have lost nearly 2c per quart on every quart of milk delivered since 1918. In view of the above facts and in order to maintain our present standard we find it necessary to raise the price of milk from 15c to 17c per quart and from 8c to 9c per pint beginning Sunday, October 26, 1919."

Hen House Will Produce Best Paying Crop On Farm.

A number of farmers discussing the value of crops and the percentage of return on money invested brought out the information from one of these gentlemen in the small party assembled in front of the Court House that the henhouse produced the best paying crop on his farm. He said: "My wife has been keeping about 75 laying hens for several years and I can say in all truthfulness that the money invested in this flock brings in the best returns of any crop on the farm. For several years, we used the ordinary feed which most farmers use and with little care as to what the fowl received so long as they had regular feedings three times a day, but two years ago, we started in to feed these chickens in a more scientific manner using cracked corn, skim milk and a food in which a large percentage of meat predominated with the result that during December and January, when eggs were at their highest point the flock of hens produced on this kind of food about 100 per cent. more eggs than they did on the ordinary barnyard feed. We kept a strict account of the costs of every pound of feed given to this flock of hens as we also kept a correct account of the money received from the sale of eggs and we were astounded at what these 75 hens produced in the way of revenue for the farm. Farmers generally pay too little attention to the proper keeping of poultry and on most farms, it is simply a little side show for the farm wife to pick up her spending change, but if more farmers would treat the subject of feeding hens for high priced eggs in a more scientific way, the results would prove that you cannot

have a crop on the farm which will in any way come up in point of revenue to that which a good crop of well-fed hens will produce every winter and spring. The beauty of the operation is that most of the feed which you need can be raised on the farm if it is scientifically treated in the proper proportion by someone who understands the mixing of a first-class egg-producing food for chickens."

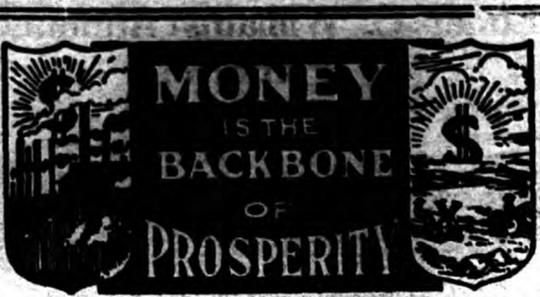

A Huge Sweet Potato Crop.

The farmers of Wicomico County never had a finer or more seasonable two weeks in which to dig their sweet potato crop than they had this month. Thousands upon thousands of bushels of potatoes have been dug during this time, many of them going to the canneries where they are being packed for winter use. It is the custom of a large portion of our farmers to sell their potatoes at digging time while many others store them away in the potato houses and hold them for bigger prices which generally range from Thanksgiving until March 1st. Replying to a question as to how many thousands bushels of sweet potatoes will be probably stored in the potato houses in Wicomico County this season, one farmer at the Court House said that he would not like to try a guess on this subject but that he thought the figures would run into several hundred thousand bushels and if the prices were as good the coming winter and spring as they were last season, it would mean that the banks of Wicomico County would be chock full of money because the crop is one of the largest we have had for years with probably more farmers growing potatoes this season than ever before. He said it was one of the big crops in Wicomico County and that the sweet potato crop probably brought the largest revenue to the farmers of Wicomico than any crop they planted. The potatoes are running larger in size this year than usual and many huge samples of sweet potatoes have been brought to the News office by farmers from various sections. Last week, Clerk of the Court, J. Clayton Kelly brought some specimens of the Big Stem Jersey variety which weighed 5 pounds upward to the potato. In buying potatoes for the canning houses, the packers take the run of the crop from the largest down to the potatoes as small as one inch and in selling to the canneries, the farmer is able to clean up the fields almost literally.

Much Pleased With Prospects For His Future Home.

Mr. A. O. Chase of Shawano, Wisconsin, has purchased through the real estate agency of Nock & Figgs, a farm located on the Snow Hill road containing 120 acres and has moved his family here for the purpose of making this his future home. Like all other progressive newcomers in this section, Mr. Chase came to the News office and subscribed for the leading county newspaper. While here he expressed himself as greatly pleased with the outlook for making this his future home a paying investment. He said that very day he received word from his old home that the ground was covered with snow and that real winter had set in, and spoke of the long dreary months ahead of the farmers of that section with freezing weather and heavy snowstorms which completely shut off work in the open for several months in the year. During the winter of 1917-1918 he experienced 50 successive days when the thermometer was 40 degrees below zero, and said that this climate was like living in the balmy southern land. He was surprised at the tremendous crop of sweet potatoes which is now being dug in this section and expressed himself to the effect that it should be an easy matter for a live energetic farmer to make farming a paying investment in a community where the climate was as salubrious and the soil as fertile as here in Wicomico, and he thought it strange that more of the farmers of the great North-west did not move here to buy our land at the low prices it is selling at and be able to live with so much more comfort than those who inhabit the rigorous climate of the great West and North-west.

THE WICOMICO NEWS

SALISBURY, MD.

Published Every Thursday at Salisbury, Wicomico County, Maryland by THE NEWS PUBLISHING COMPANY.

THURSDAY, OCTOBER 30, 1919.

ON THE LAST LAP OF CAMPAIGN.

This week brings the political campaign in Maryland near its last stages and before another issue of this paper goes to press, the people will know into whose hands their destinies will rest for the next four years. Both the Democratic and Republican organizations have done their best to arouse enthusiasm and to engage the attention of the whole people of Maryland on the issues upon which the campaign has been fought, but it can be said with all truthfulness that General Apathy has had command of the forces in both political camps almost from the start. The fact that the State candidates of both parties were nominated without a primary fight caused the campaign to start off with little ginger on either side and many voters really were so little interested to who was running that for many weeks following, the nomination of the local ticket politics was hardly ever mentioned.

During the past two weeks, some life has been engendered in the local campaign of both parties by the fact that much literature and campaign material has been distributed through the mails by all candidates and the people have become somewhat aroused over financial conditions set forth in these pamphlets and circular letters, and the answers to same which have been distributed to counteract the impression aroused by the publication of the audit of the County Treasurer's books by Haskell & Sells, certified public accountants. The criticisms aimed at the County Treasurer's office and the system used in his office have been sharply rebuked by letters and advertisements on the part of the County Treasurer and these incidents have had the effect of arousing some life in an otherwise uninteresting campaign.

The entrance of Mr. Elmer C. Williams into the local fight as an independent candidate for Senator seems to have made but little disturbance to the campaign, as everyone recognizes that the real fight is between the Hon. Charles R. Disharoon and the Hon. Fred P. Adkins, the Republican candidate for Senator. The State campaign during the past week has also been very much enlivened by certain controversies between Mr. Harry W. Nice, candidate on the Republican ticket for Governor and the Hon. Albert C. Ritchie, candidate on the Democratic ticket for the same office. And the remaining days of the campaign will probably bring about a more intense fight for the capture of Baltimore City than has been noted in Maryland politics for many years. The whole result as to which party will be successful in the election of its Governor seems to depend solely on the Baltimore City vote, it being generally conceded that in the counties, the Democrats have the best of the campaign, although this is not acknowledged by the Republican Committee by any means. Taking the situation on its face the Democrats seem to have fewer party squabbles in the counties than have their Republican opponents, and if there should be anything like a large vote in Baltimore City, the result of the campaign will hinge very largely on what happens there.

One thing which the people of Maryland can congratulate themselves on is the fact that during the campaign both parties have been forced to make extremely good promises and as the trend of the time is against party organization forgetting their promises after victory, it seems certain that Maryland may get some very good legislation the coming winter along substantial lines which will be of benefit to the people, as the politicians of both parties will be afraid not to keep these promises in the face of the kind of a campaign each side has made.

NO INDUSTRIAL DISTURBANCES HERE.

The industrial situation within the United States is probably at the highest tension ever known in the history of the country. Almost every line of trade has its strike or lock-out, and it is conservatively estimated that there are today at least 800,000 men idle in this country because of misunderstanding between employer and employe. At the present time, the steel workers, the metal workers in all lines, the long shoremens, and many other union laborers are on a strike, and the soft coal miners together with the shop men of the railroads, have given notice of their intention to quit work November 1st. It is also said that the firemen on the principal railroads of the country will be in Washington within the next few days to make their demands on the Railroad Administration for more wages or a strike will be ordered. The United States is passing through a somewhat similar experience of that of Great Britain, and unfortunately, at a time when the President is unable to cope with these serious domestic troubles which seem to be on the verge of overwhelming the Nation.

While all the country is in such a turmoil it is with special gratification that we note the fact of the extremely pleasant relations existing in this community between employer and employe. The interview published in another section of this paper given the News by a prominent citizen of one of the largest towns on the Eastern Shore shows just how the working and domestic conditions of Salisbury are viewed by the outside. There is probably no community in Maryland and certainly few in the United States where more pleasant relations exist by the men who give the employment and the men who do the work and it is to be hoped that these relations will continue both for the employer and the employe, and the best of all these good things, is the fact that there is no idleness in this city. Everybody is at work and almost everybody seems satisfied with their work and as long as such conditions prevail, unions will not spring up and misunderstandings will not arise between capital and labor. We venture the assertion that the home life and the surroundings of the working people of Salisbury is as good as can be found anywhere. Their families are well taken care of, their women and children are well dressed, and their whole environment much better than in those communities where labor troubles predominate and where idleness exists to a large extent because of misunderstanding between the working people and the employers of labor.

GET YOUR GUNNER'S LICENSE BEFORE SEASON OPENS UP

The gunning season for quail and rabbit opens in Wicomico County on the 10th of November and gunners are warned to call at the Clerk's office as early as possible to get their licenses. Last year, hundreds of gunners waited until the 9th of November to endeavor to get their licenses, and Clerk of the Court Kelly and his entire force worked in the office until 11 o'clock on the night of the 9th in an effort to give everybody their licenses who desired them, and then several hundred were forced to go without them until the following day, it being impossible to issue all the licenses requested on the 9th.

As every man is liable to a heavy fine if caught on the 10th of November in the fields or woods with a gun

without his license, we call the attention of all gunners to the importance of getting their license early, so as to be sure of accommodation.

The ducking season in Wicomico opens November 1st, which is next Saturday and gunners who intend to shoot ducks should apply at once to the Clerk's office for these licenses. Clerk Kelly desires us to say that he is now ready to issue gunner's licenses and hopes that the gunners will not wait until a day or two before the season opens to apply but come at once, and give his clerical force an opportunity to accommodate the public.

Woman loves a clear, rosy complexion. Burdock Blood Bitters is splendid for purifying the blood, clearing the skin, restoring sound digestion. All druggists sell it. Price, \$1.25.—Advt.

Elmer C. Williams Announces Platform.

To the Taxpayers and Voters of Wicomico County, Gentlemen:

Believing it manifestly unfair for a candidate for any public office to expect the votes of the People without telling them for what he stands, I give below an outline of some of the measures which will receive my special attention if elected to the next Senate of Maryland. One of my opponents, Col. Chas. R. Disharoon, has held many public offices, including a membership in TWO sessions of the Maryland Legislature, but I have never heard of him attempting to stand on a platform. Of course, I realize that it is very often more expedient to hold public office WITHOUT being pledged to the PEOPLE. Perhaps it may be thought by some people, that to wear the stamp of the Democratic Ring of this County, which is responsible for our present TWO DOLLAR tax rate, is sufficient to merit the votes of every voter in this County.

I was able to have passed in the last Legislature a number of local bills, including one providing that all orders for public printing and stationery be awarded to the lowest responsible bidder. Had the bills referred to not been "killed" in the Senate, they would have saved the taxpayers of this County about \$10,000.00 annually. If elected to the Senate, I will not only renew my efforts as to those bills, but I will use my best endeavors as follows:

1. I pledge myself to support all measures tending toward an economical, sound, and honest business administration of the affairs of the State of Maryland and of Wicomico County, and to oppose all measures to create new and needless public offices. I am especially in favor of such rules and regulations as will compel all necessary public officials to perform their respective duties in a manner responsive to the wishes of the Taxpayers, whose servants they are, and to abolish such offices as are unnecessary.

2. I am opposed to the present State-wide Dog License Law, and, if I reach the Senate, I will endeavor to have Wicomico County exempted from the provisions of THAT law, just as I tried to do in the last Legislature.

3. I am STRONGLY opposed to the present State Hunters' License Law and I was the ONLY representative from this County who voted against THAT bill in the last General Assembly. It cost Wicomico County hunters \$2,112.75 during last season and we received only FIVE DOLLARS worth of birds to show for it. In my opinion the law was passed in order to make political jobs, thus adding to the Political Machinery of this State at public expense.

4. I am in favor of a law to compel ALL public officials dispensing public funds in this County to publish, at least quarterly, the receipts and disbursements of their office, in order that the Taxpayers may know what goes with their money and what is being received in return.

5. It is generally understood that the next Legislature will be asked to increase the salary of our County Treasurer to AT LEAST \$2,500.00 per annum. If elected to the next Senate of Maryland, I will oppose ANY increase, because I believe there are MANY THOROUGHLY CAPABLE gentlemen in this County, who would be glad to have the office, and give it their UNDIVIDED PERSONAL ATTENTION, at the present salary of \$1,800.00 per annum.

6. I favor a law to compel our County Treasurer to deposit the Taxpayers' money in such SALISBURY bank as will offer, under competitive bidding, the greatest per cent of interest based on the daily balances.

7. If elected to the Senate, I will endeavor to enact legislation that will compel our County Treasurer to keep his books in such a manner as will permit the ascertainment of the financial condition of this County AT ALL TIMES, and to install such system of handling, recording, and depositing the Taxpayers' money as will READILY disclose any error made, and also to put an end to the MANY loose and careless methods said to be employed in THAT office at the present time.

8. I favor the enactment of a law to compel the County Treasurer to publish, annually, the amount of ALL taxes marked off and uncollected, whether under the head of insolvencies, delinquents, or any name whatever, and also the names of ALL persons against whom such taxes were assessed.

9. Based on the surprising comments (the worst of which, it is said, has not yet been made public) made by Haskell and Sells, who are said to be the most Expert and Reliable Certified Public Accountants in the United States, who audited the books of our County Treasurer a few months ago, I will oppose, if elected, ANY bond issue for this County unless I am petitioned by a MAJORITY of the Taxpayers and Voters of this County to do otherwise; and then ONLY with a referendum to the Voters of Wicomico County.

10. It is said that about \$175,000.00 (perhaps more) of Scrip is now outstanding and owing by Wicomico County. I STRONGLY favor a law to limit and better regulate the amount and conditions under which Scrip can be issued. I condemn the methods employed in the past in this connection.

THE PEOPLE SHOULD HAVE A SAY.

Now, my friends, I feel it my duty to tell you that, just before the recent Primary, I was informed by a Baltimore representative of the Anti-Saloon League that the next Legislature of Maryland would be asked by his League to pass certain DRY legislation, which he said would be contained in a book about ONE INCH thick, and "which would require about ONE-HALF DAY to read." When I refused to pledge myself to vote, if elected to the Senate, for THAT legislation WITHOUT knowing anything of its nature, he FLATLY refused me any support, saying they (the League) would have to help Mr. Disharoon. I told him I would not pledge myself to vote for ANY legislation WITHOUT knowing the nature of it, for a seat in the Senate of Maryland or anywhere else.

Many claim that there has been a decided change in the views of MANY of the People of this County, regarding Prohibition, since the termination of the World War. If elected, I will, therefore, vote against any measures pertaining to the above, unless the same contains a referendum to the PEOPLE, thereby permitting the PEOPLE to have a say by their votes.

I AM IN THIS FIGHT TO WIN.

The Democratic Ring and their lieutenants persist in telling you that there is an Alliance between the Republican candidate for the Senate and myself, and that I am in the fight ONLY to defeat Col. Disharoon. I have already told you that such reports are ABSOLUTELY FALSE, so I warn you NOT to be fooled by that Political trick. I want EVERY voter in this County, of whatever party affiliation, who wants me to win, TO VOTE FOR ME, next Tuesday. Also ask your neighbors and your friends to do likewise. I have been waging fights for several years in the interest of the TAXPAYERS and the MASSES of the people of this County, and I now appeal to you to "back me up" by your votes. When this is done, I want to say to you that I WILL BE THE WINNER.

Thanking you in advance for your votes and for any other help you may render me, and assuring you that, if elected, I will be ever mindful of the best interests of the TAXPAYERS and the MASSES of the people of my native County, while representing you in the next Senate of Maryland, I beg to remain,

Your Obedient Servant,

ELMER C. WILLIAMS.

Program Week of November 3rd.

MONDAY, NOV. 3rd.
SAMUEL GOLDWYN, Presents
WILL ROGERS, in
Almost a Husband

Former Follies Favorite presents a new kind of a hero in the humble character whose personality influences an entire village. DONT MISS THIS COMEDY DRAMA—IT'S GREAT.

TUESDAY, NOV. 4th
ADOLPH ZUKOR, Presents
BILLIE BURKE, in
The Misleading Widow

"The Misleading Widow," in which Billie Burke, the famous Paramount-Artcraft and stage star, is to be seen at the ARCADE THEATRE on Tuesday, November 4, is as charming and attractive as the pretty actress herself. And that is saying a lot. The picture was adapted for the screen from a play by F. Tennyson Jesse and tells the adventures that befell Mrs. Betty Taradine, a beautiful "widow" when she announced that her missing husband had "died" in South Africa. The purpose of Betty's news was to collect the "deceased's" insurance, but instead it brought the wandering spouse on the scene, with laughable results. James L. Crane, the talented young actor, heads the notable cast that supports Miss Burke. John S. Robertson directed the picture.

WEDNESDAY, NOV 5th.
THOMAS INCE, P. esents
DORTHY DALTON, in
The Market of Souls

Dorothy Dalton, the Paramount-Artcraft star, is enjoying a rapidly increasing popularity with motion picture fans. Her previous pictures, Extravaganza, Hard Boiled, and Other Men's Wives, established her as a screen artist of the first order. Now comes her latest photo-play, "The Market of Souls," supervised by Thomas H. Ince, which will be the attraction of the Arcade Theatre on Wednesday, November 5th, to boost her still further up the ladder of fame.

THURSDAY, NOV. 6th
JESSE L. LASKY, Presents
VIVIAN MARTIN in
The Third Kiss

Vivian Martin, the don't miss star, who has gained a widespread reputation for her excellent work as clever, wholesome roles, will be the attraction of the Arcade Theatre next Tuesday in "The Third Kiss," a Paramount-Artcraft picture which will win her many new admirers. Her latest success is a charming love story of a man who is not quite what he seems and a big-hearted man who wins her and then goes through fire to win her love. The episode of the fated "third kiss" from which the picture derives its name, is a clever little twist that adds to the enjoyment of the film.

FRIDAY AND SATURDAY, NOV. 7th & 8th.
FIRST NATIONAL, Presents
ANITA STEWART, in
Virtuous Wives

The Management calls your special attention to this production of Miss Stewart. Taken from the well known book of the same title this story ran in the Commodities Magazine starting the early part of this year. You should see the play of modern Society Life.

THURSDAY, OCTOBER 30, 1919.

LOCAL AFFAIRS.

—There will be a social at Hammond's school Thursday, Oct. 30, 1919. All invited.

—Mrs. Peter Bounds is visiting her daughter, Mrs. Harry W. Weber, in Baltimore.

—Mrs. W. C. Powell and son James left this (Thursday) morning to visit relatives in North Carolina.

—Mrs. John R. Livingston and two daughters Pearl and Ruth spent the week-end visiting her brother in Philadelphia.

—Mr. Hugh Dunion has returned to his home in Chester, Pa. after having spent a few days with Mr. and Mrs. N. Dill.

—Miss Ola Day and Mrs. Roland Taylor motored to Philadelphia by way of Washington. Miss Ethel Day will return with Miss Day and Mrs. Taylor some time this week.

—The W. C. T. U. will hold a rummage sale Friday and Saturday Oct. 31st and Nov. 1st, in the Fooks' store, Division and Church street next door to Wilkins' store.

—The Pomona Grange will meet at Quantico, Thursday, Nov. 6. Important matters pertaining to the Community Fair and the State Grange meeting will be discussed.

—A Hallow'en entertainment and social will be held at the Central School, Mardela, at 8 o'clock on the evening of October 30th (Thursday). All are cordially invited.

—Mr. Joe Little and his friend Mr. Frank Sloan of Philadelphia spent part of last week with his uncle and aunt, Mr. and Mrs. J. R. Livingston, of Delmar, Del.

—Rev. and Mrs. Charles T. Hewitt and daughter, Mary Kathryn, and Dr. and Mrs. W. A. Darby of Baltimore have been the guests this week of their sister Mrs. George R. Hitch, Newton street.

—The Ladies Aid Society of the Methodist Protestant church of Quantico will hold an oyster supper in Jones' Hall Saturday evening, November 1st, for the benefit of the church. Everybody invited to come.

—Mr. and Mrs. J. Burton Cannon announce the marriage of their daughter Laura Olivia to Mr. Charles Thos. Groton, Friday evening, October 24. Mr. and Mrs. Groton will reside at Horsey, Va. where Mr. Groton holds a responsible position with the N. Y. P. & N. R. Co.

—The pastor of Hebron M. E. Church having been forced to leave his work at Hebron because of failing health, the pastorate there is being temporarily filled by Rev. W. W. White of Salisbury, who will preach every Sunday morning and evening until a regular pastor is appointed.

—At Trinity Methodist Church, South, next Sunday morning the pastor, Rev. Thomas Rosser Reeves, will preach at the usual hour. At the evening hour there will be a children's service, at which the Children's Choir will sing instead of the church choir, and the sermon will be especially to them about "A Beautiful Baby Found in a Basket Floating Among the Reeds on the River's Brim."

The S. Y. M. A. will hold a grand winter rally and Smoker at the Association building on Friday evening, November 7th, at 8 P. M. All members are requested to be present and hear what the winter program is to be. The affair will be entirely a membership proposition and any member has the privilege to get up and make any suggestions he may deem beneficial to the work of the Association.

—Preaching at Powellville, Rev. J. H. Lynch, pastor of Powellville M. E. Church will be in his pulpit at Powellville, Sunday, November 2nd at 3 p. m. Mr. Lynch has returned from Virginia, where he has been in special meetings and reports a successful effort. He reports 30 conversions at this writing. The members and friends of the Powellville Church are invited to attend services and worship with us Sunday.

—The Editors of the News have been invited to attend the banquet in Baltimore, November 28th, at which time Committees will be organized and plans laid out for the big drive which will take place in February to raise several million dollars in the United States for the relief of the people of the Near East. The condition of millions of these people is very deplorable and the people of the United States will be called upon to raise the sum for their relief pending the time when they will be able to take care of themselves.

—Division Street Baptist Church, H. Lloyd Parkinson, pastor. 9.45 a. m. Sunday School. Classes for all. 11 a. m. Morning Worship. Topic: "Links in the Chain." 6.30 p. m. Baptist Young People's Union. 7.30 p. m. Preaching by the pastor. Topic: "The People's Christ." (First in a new series of sermons on Christ). All are cordially invited to worship with us. There will be preaching this Sunday afternoon at the Hebron Baptist Church at 3.15. Sunday school at 2.30.

—The annual conference of the Salisbury District Epworth League will be held at Fruitland, November 5, 6, and 7th. About 60 delegates are expected to attend. Among the speakers will be Dr. V. S. Collins, District Superintendent, Dr. V. E. Hills, and Revs. W. G. Harris, J. L. Johnson, Leolan Jackson and W. O. Bennett of the Wilmington Conference. Dr. W. H. Morgan of New York and Dr. Chas. M. Boswell, Philadelphia will also be present for a part or the whole of the Conference. The program in detail will be announced in a few days. A splendid conference is expected and visitors will be cordially welcomed at the sessions.

—Mr. and Mrs. Herman Wootten gave a little party Monday evening in honor of Mr. Wootten's nephew, Mr. Jobie Little and his friend Mr. Frank Sloan, both of Philadelphia. Those present were Mr. and Mrs. Ralph Baker, Mr. and Mrs. J. R. Livingston, Mrs. Edith Truitt, all of Delmar; Mr. Hugh Dunion of Chester, Pa.; Mr. and Mrs. Raymond Guthrie, Mr. and Mrs. Archie Jones, Mr. and Mrs. Wm. Outten, Mr. and Mrs. N. Dill, Mrs. Lena Dunion, Misses Elva Messick, Betty Evans, Pearl Bounds, Velma Smith, Almeda Thompson, Ida Dill, Pearl Livingston, Messrs. Harold Purnell, Clifford Evans, Troy Taylor, Mervin Bounds and William Niblet. They played different kinds of games after which refreshments were served. They all departed at a late hour, reporting having spent an enjoyable evening.

DILLON—ROBERTSON.

Charles E. Dillon an architect of Salisbury, and Miss Blanche O. Robertson, a well known young lady of Lancaster, Pa., a daughter of Mrs. E. M. Robertson, of 25 S. Ann St., were married last Saturday, October 18th, at the altar of Trinity Lutheran Church by the pastor Rev. Dr. J. E. Wittaker.

Mr. and Mrs. Dillon remained in Lancaster a few days before leaving on a wedding trip. The marriage is the culmination of a little wartime romance. The bridegroom who is a native of Petersburg, Va., was a soldier in the big Aero Camp at Middletown, Pa., where he met the lady now his wife. The inevitable followed and a reunion of North and South was the result.

SPELLMAN—DARBY.

A quiet but pretty wedding took place at the home of Mr. and Mrs. George R. Hitch, Newton St. on Tuesday morning at 6 a. m., when their sister, Miss Lillian Katherine Darby, became the bride of Mr. Oswald Barkdoll Spellman of Baltimore.

The ceremony which was performed by the brother-in-law of the bride, the Rev. C. T. Hewitt of Hampden Baptist Church, Baltimore, was witnessed by only the immediate family and a few friends. Immediately after the ceremony the happy couple motored to Delmar, and amid showers of rice left on the express for Philadelphia and Atlantic City.

DEATH OF DR. BROTEMARKE.

Dr. Clinton Brotemarke one of our well-known physicians died in Philadelphia last week, his remains being brought here Saturday night for interment in the Parsons Cemetery Sunday. Dr. Brotemarke came to Salisbury about 12 years ago from Vienna where he had moved a few years earlier from Western Maryland. He was a specialist on the eye, ear and throat and built up a very large practice in this city. For the past several years, Dr. Carpenter was associated with Dr. Brotemarke and will succeed to the large practice of the firm.

Dr. Brotemarke leaves a wife and several children. During their long residence in Salisbury, they had built up a very large circle of admiring friends. He was a public spirited man who was always active in any civic work for the community, was a consistent member of the Presbyterian Church and a most excellent citizen.

**RAIN DID NOT DAMPEN
PRESBYTERIAN FERVOR**

Annual Celebration At Makemie Park Was Held Thursday Of Last Week

**THROUGH A RAIN STORM TO
MAKEMIE PARK.**

As Reported By Harry Pringle Ford Of The Presbyterian Historical Society Of Philadelphia.—Congregation Small But Enthusiastic.

For a long time, the "Sons and Daughters of Makemie," an organization connected with the Wicomico Presbyterian Church, Salisbury, Maryland, Rev. Robert Alexander Boyle, pastor together with a number of other churches organized by Rev. Francis Makemie on the lower Eastern Shores of Maryland and Virginia, have been planning and looking forward to Thursday, October 23rd, 1919, the date selected for the annual celebration to be held at the Makemie Monument Park, in Accomac County, Virginia, in honor of the founder of organized Presbyterianism in America. But alas for human intentionality! "The best laid schemes o' mice and men

Gang aft a-gley!" The morning dawned with a down-pour of rain, and throughout the day, nature, like Rachel weeping for her children, would not be comforted. The phones between the many neighboring towns became busy, and it was finally determined by a large number of interested persons, including the venerable, yet perennially youthful Dr. L. P. Bowen, of Berlin, the author of "The Days of Makemie," not to attempt the long ride in the storm to the Makemie monument.

A little band of the faithful, however, admirably illustrated the time-honored doctrine of "the perseverance of the saints," by braving the inclement weather and making the journey in automobiles. Among these were Hon. L. Irving Handy, of Wilmington, Delaware, who was on the program as the orator of the day; John S. McMaster, Esq., of Jersey City, New Jersey, who had been invited to preside; and H. P. Ford representing the Presbyterian Historical Society, Philadelphia, Pa. Dr. and Mrs. George W. Todd, and Rev. and Mrs. Robert A. Boyle, were present from Salisbury; Mrs. T. Jacob Smith, from Princess Anne, and Mrs. Dr. Burwell, from Accomac County, Virginia.

The party was too small to attempt a formal meeting, but a most delightful social hour was enjoyed under the large pavilion within the enclosure; and, protected by umbrellas, the near-by monument and the site of the Makemie home were visited. The autumnal surroundings were indescribably beautiful. The oaks and maples were resplendent in coloring, with the wonderful evergreens, nowhere more attractive than on the Eastern Shore, forming a striking contrast. At this dreamy season of the year these forest scenes are beautiful beyond the power of words to express. The happy group of con-

genial pilgrims; the monument keeping faithful watch and ward over Makemie's sacred dust; gratitude for his wonderful activities and for what they had accomplished; the dripping trees; the gentle waters of Holden's Creek at our feet; the knowledge that not so far away was Makemie's cherished Rehoboth (the well known mother church of Presbyterianism); and that yonder through the deepening shadows and midst the Pocomoke River was pouring its cypress-strained waters into the Pocomoke Sound and then into the mighty Chesapeake (which we could almost hear making its eternal plaint to the not distant Atlantic) such scenes, such thoughts, filled us with emotions which only such surroundings could inspire.

It will be recalled that the old grave-yard in which Makemie is buried was long used as an enclosure for cattle. This vandalism was discovered by Dr. Bowen, and he and Dr. Henry C. McCook, of Philadelphia, became actively interested in rescuing the spot from such sacrilege. Through their efforts, and the efforts of others, a sufficient fund was secured to purchase some three acres of the land, including the grave yard and the site of Makemie's home. In 1908 a fine monument was erected here by the Presbyterian Historical Society, the lot was enclosed by a privet hedge, and a number of trees have since been planted and several conveniences introduced,—the hope being that Presbyterians and others would use this as a meeting place in the years to come.

Francis Makemie came to America in 1683, and through his efforts a number of Presbyterian churches were organized, among them being Rehoboth, Snow Hill, Manokin (Princess Anne), Wicomico (Salisbury) and Pitts Creek. After a life of remarkable activity and accomplishment he died in 1708, at the early age of fifty-years, having given to the Eastern Shores of Maryland and Virginia their proudest heritage,—that of being the earliest homes of organized Presbyterianism in America.

Mt. Hermon School Notes.

We did many improvements to our school last Saturday. Messrs. Dennis Tilghman, G. D. Parsons, Thos. Tilghman, M. C. Walston, Clarence Lank, Chas. Merritt and H. W. Townsend volunteered to come out and work. The sixth and seventh girls under the supervision of Mrs. Martha Walston and teacher prepared dinner for the men. We had as company for dinner, Mr. J. M. Bennett, Misses Nettie and Margaret Holloway. Please don't forget the Community League, this evening.

Death of Little Wm. Byrd Wilson.

Died Monday, October 20th, at Mt. Hermon, William Byrd, the one year old son of Mr. and Mrs. William J. Wilson, after an illness of one week. Funeral services were held Tuesday afternoon at three o'clock from the M. E. Church at Mt. Vernon, conducted by the Rev. Mr. Rice. Interment in the church yard. "God needed one more angel child, Amidst His shining band, And so he bent with loving smile, And clasped our Billy's hand."

Your New Hat

Perhaps nothing in millinery satisfies so many face types, as do these cleverly original small and medium models which are just in.

They are the exact counterparts of hats showing in exclusive New York shops. Lustrous Panne Velvet, loosely drawn threads of gold and silver, appliqued flowers in striking colors—

And dozens of other effective trimmings very effectively used, place those hats among the most desired and admired—

And at \$8.50, \$10.50 and \$12.50 are much sought for.

We Recommend

Warner's Rust-Proof Corsets

WHATEVER PRICE YOU PAY for a Warner's Rust-Proof Corset is a reasonable price for the service it gives you. "Service" in a corset means the newest in fashion lines, comfort and wear. We recommend a Warner's Corset because it will please you as long as it lasts.

Our corsetiers will take pleasure in aiding your selection of your correct model.

Guaranteed not to Rust Break or Tear.

R. E. Powell Co.

We Offer Knit Underwear

In all Styles and Sizes

In all these warmth-without-weight undergarments for winter, we have maintained a standard of merit, yarns, design and seam work that is above reproach and ensures refinement of comfort and appearance as well as long wear—

You will pay just as little for our standard of knit underwear too, and on this basis we gain many customers each season.

Our famous line of Munsing Wear for women, men and children can be had in all weights of cotton—all styles of garments at prices that are no higher than other lines that are just garments without a record.

WE WISH YOU WOULD CALL AND LET US EXPLAIN MUNSING WEAR TO YOU.

Rarely have we felt so enthusiastic about Corsets as we are this season in presenting the new Redfern Corsets.

In materials—well, one wonders whence came such fabrics in these days of scarcity. But it is in design that Redferns particularly excel, for the straight hip lines are copied from Youth itself, and the flat back, and perfection of the shoulder line are a combination rarely found all in one corset. In addition to this, the Fall models have the diaphragm control which is so essential to the vogue.

LOCAL ITEMS OF INTEREST FROM ALL SECTIONS OF THE COUNTY

Gossip Of The Towns Outside Of Salisbury About What The People Are Doing.

SAYS THERE IS TOO MUCH AGITATION OF THE RACE QUESTION IN SOME SECTIONS OF THE COUNTY AND WANTS HARD CIDER AND POLITICS DIVORCED DURING THE CAMPAIGN.

PARSONSBURG NEWS.

Editor of Wicomico News: As an Eastern Shoreman who has twice supported Woodrow Wilson, and who votes for any Democrat who is worthy his vote, perhaps I may be permitted this comment in your valuable paper on the "Near Race Riots" reported at various points in this county without being misunderstood and called a "Nigger Lover."

None of the best blacks or best whites have been mixed up in any of these affairs. They have usually been the products of three factors, "Low Down White Trash," "Ignorant Negroes" and "Hard Cider." These three however may start a flame at any time if newspaper reports are correct. It will not however begin with the decent negroes and decent whites, although we all may be made suffer.

Still another factor is the low Political Agitator who tries to raise the "Nigger Issue" before election to catch the votes of some whites who are ignorant and prejudiced, forgetting that he may be losing still more influential and intelligent silent white voters. If reports are correct, cider with more than one-half of one per cent alcohol—contrary to the Federal War Prohibition Act is found in some political centers.

I therefore suggest as the prevention of race trouble that we report all parties to the Federal Officers who give away anything containing more than one-half of one per cent alcohol—that means cider generally when 48 hours old. That we get the big and important men first and let them face a fine of \$2,000 and two years in Federal prison?

That we form a voters' league and pledge ourselves that we will not vote for any candidate who gives cider away at election time, or any small

raising the "Nigger" issue, or for any candidate who is divorced or has been immoral, or is not a fit example for the school children.

In closing may I express my appreciation of the high standard of the good people of Wicomico County—both whites and blacks—for which the churches, and newspapers and leaders of other days deserve much credit.

Sincerely yours,

W. C. POOLE

Parsonsburg, Oct. 20, 1919.

WHITE HAVEN NEWS.

Ho! Ho! for the spirit of fun and rollicking as Hallowe'en draws near! And this is as it should be.

Last year our boys were away and our energies were bent on supplying their needs and serving the cause in any way we could.

Now peace is declared, our boys home again and "doffed in enmity" donned in glee. "Everyone seems bent on having a good time, somewhere, some how. So in order not to conflict with the many interests afloat, and give all a chance to enjoy as much as they can, the committee has decided to hold it on Thursday evening, Oct. 30, '19, in the vacant house on the late Dr. Catlin farm, situated in Tyaskin district. Everybody welcome, but come with steady nerve for you are likely to encounter Jack o' lanterns, hobgoblins, ghosts, devils, witches and black cats.

Jack Frost will be on hand to serve you with ice-cream; Jack and Jill, with the famous bucket, will serve you with ice cold or piping hot drinks as you prefer. Only they hope to break other folks' crowns, instead of their own.

Three popular young ladies have consented to take charge of the party

the future, with hair raising interest. Capt. John Rolfe and Pocahontas, John and Priscilla Alden will be in the party. The gold dust twins and Old Dutch Cleanser will also be on hand to supply the needed assistance to any housekeeper, belated with her house cleaning, and many other folks of varied popularity. Come and help swell the fun and funds in the interest of the Trinity and White Haven parsonage.

All masked character bring your card, a reception committee of Colonial ladies will receive and introduce you to the company.

MARDELA NEWS.

Rev. Dr. B. G. Parker, now of Cordova, is moving back to Mardela Springs where he resided formerly for nine years and ministered to the Branch Hill and Athol Baptist churches. He established the church at Athol. Since he moved away from

here, the honorary title of Doctor of Divinity has been conferred upon him, so now, it is no longer Mr. Parker, but Dr. Parker. The doctor has a nice home in Mardela Springs. He is a member of the Temple Lodge of Masons. During the winter he will supply for any church needing his services for a Sunday. He will be engaged in literary work for a season.

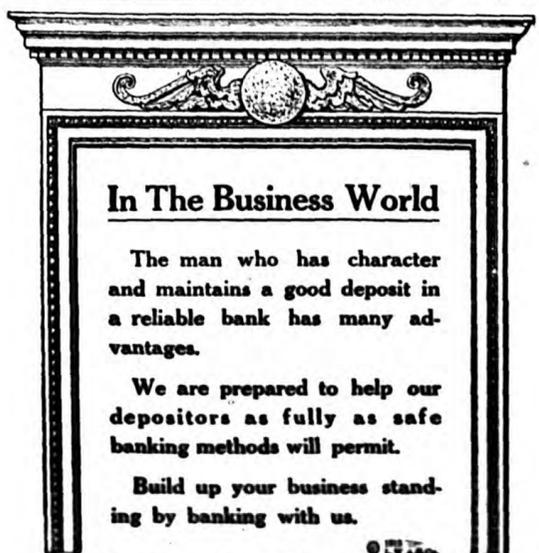

FRUITLAND NEWS.

Mrs. John Dulany and Mrs. Ora Hastings attended the W. C. T. U. Convention held in Baltimore.

Fruitland will entertain the Epworth League Convention of Salisbury district on November 5, 6 and 7.

The M. E. Church held their Rally day Sunday of last week by giving a Pageant called "The New World."

There was a rummage sale in Fruitland last Saturday for the benefit of the Jubilee fund of the W. C. T. U.

CHILDREN COATS

Most of these charming coats are miniature reproductions of women's styles—very beautiful and practical in every way. Of course, these styles have not been followed absolutely—they have been changed just enough to make them most appropriate for the little folks. In Blues, Browns, Taupe, Grays, as well as White and Bright Colors, at \$3.50, \$4.50, \$5.50 up to \$10.00. Children's Cape and Hats at 50c up to \$6.00—white and all colors.

PREPARE FOR WINTER

Now! You Have Choice of Style, Choice of Fabrics, Tailoring, Colors and Prices

In Suits, Coats and Dresses, Stocks are as near complete as possible under present market conditions—and prices are very moderate, considering the manufacturer's price, and the scarcity of merchandise, and we find merchandise in some of our departments that we are selling now, at almost what we will have to pay wholesale. The high-grade garments we have listed below are indeed very special at these prices, and means a saving to you from \$3.00 to \$10.00 per garment, and many of them we cannot duplicate at these prices.

Women's Smart Coats; Special
At \$30, \$35, \$38 to \$69

Direct reproductions of the most beautiful coats shown in Paris for Fall, fashioned of every favored fabric with the feel of pomp and luxury. In lustrous changeable Velours, Marvella, Chameleon Cord, Frosted Chinchilla, Tinselstone, Tricotine, Broadcloth and Serges.

Small lot of \$18.50 to \$35.00 Silk Dresses to go at \$12.50, \$14.50, \$19.50 to \$23.50. We have about 22 of these beautiful silk dresses to go at the above prices in straight line and draped, embroidered, braided and elegantly simple dresses, colors in navy, brown, green, purple, black and taupe.

Women's Smart Tailored Suits
\$36.50 to \$50.00

Just the correct weight for present, late Fall, Early Winter Wear, mirroring perfectly the new Silhouettes, Tailored in Silvertone, Chevrons and Tricotines, Duvetyns, Tinselstones, Velours, Broadcloths, Tyrol Wool, and so on. in rich Brown Tones Blue, Taupe, Reindeer and Mahogany, especially priced at \$21.50, \$23.50, \$32.50, and up to \$58.00.

OTHER SUITS in every fashionable fabric, from Duvet-de-laine to peach bloom and Duvetyne at \$65.00 to \$115.

Furs of Notable Worth

A most notable collection of handsome conceptions in Fur—pelts of rare beauty tailored into garments reflecting in full measure the standard of quality by which our Furs have long been known.

Soft and luxuriously warm—fashioned of pelts that have been properly cured and blended. Made to wear and maintain the original beauty unusually long.

- 40 in. Costume Velvets in Brown, Taupe, Blue and Black at \$5.50 a yd.

HAPPENINGS IN THE NATIONAL CAPITAL

Short, Pithy Items Showing the Trend of National Business.

UNUSUAL PROSPERITY DURING WILSON'S ADMINISTRATION.

Many Items of Interest of Happenings in The National Capital On A Variety of Subjects In Which All The People Are Interested.

Germans Want to Borrow Marks.
German interests have offered to borrow 150,000,000 marks now in the keeping of the American army at Coblenz, and propose to pay 4 per cent interest on the money.

Army Sells Horses and Mules.
More than 150,000 horses and mules belonging to the American army in France have been sold to European governments and citizens for about \$30,000,000.

Shipping Tonnage Redelivered.
More than three and a half million tons of shipping has been redelivered by the War Department to American owners of vessels and to the U. S. Shipping Board.

Rules for Auto Sales.
Secretary of War Baker has directed that automobiles which the government sells at public auction must not be purchased by or for officers, officials, agents or employees of the United States who have been in any way connected with the purchase of the machines to be sold or who have any part in the sale of the cars.

Live Stock Men Protected.
Threats to revoke their licenses is expected to cause many of the live-stock commission firms recently spotted by the Department of Agriculture in its investigation of overcharges made by such dealers to their patrons, and to compel restitution in all cases where illegitimate overcharge is proved. In many cases, thousands of dollars have been involved.

Maine Gets Federal Aid.
Maine, by an overwhelming vote, recently endorsed the proposal to

raise the bonded indebtedness of the state highways from \$2,000,000 to \$10,000,000, giving an additional \$8,000,000 to be spent on the State road system. This is one of the instances showing a country-wide movement for better highways, as reported to the Department of Agriculture, which administers the Federal Aid Road Act.

Highway Weather Service.
There is much favorable comment on the new highway weather service established by the Department of Agriculture. This service, started as a war measure in aid of motor transportation, consists in the department's co-operation with the Weather Bureau in giving information to the residents of different sections of the country. Each local meteorologist reports on the road and weather conditions in his district, and motor trips and transportation are regulated accordingly.

U. S. Urges Grape Juice Making.
As a means of utilizing large quantities of grapes which might otherwise go to waste, the Department of Agriculture is urging growers to use this fruit in making unfermented grape juice. The department's specialists have evolved processes that give excellent results with very little equipment and at slight expense. Instructions in the production of unfermented grape juice have been published by the department and are being circulated among farmers and horticulturists.

Refrigerator cars will no longer be used for storage at freight terminals, it is announced by the Bureau of Markets, Department of Agriculture. A survey has shown that at the freight terminal of Chicago alone, 67 cars were held an average of 4.37 days. Other cities, including Denver, are on the list of the more grievous delinquents, and special stress has been laid on the importance of rapidly expediting the movement of refrigerator cars to and from these terminals. In many cases, the delayed cars contained loads of perishable goods valued at thousands of dollars.

U. S. Assists Drought Sufferers.
Relief to the stockmen of the drought-stricken Northwest has been given by the Department of Agriculture and State Agricultural colleges, which have arranged for rapid trans-

portation of cattle from that section of the country to other points and stations more favorable to the stock. Such "relief" stations have been established at South Omaha, South St. Paul, Billings, Kansas City, and Chicago. These stations have been carefully chosen and fitted for the proper means of treating cattle from the drought country, in order that the market may be kept at a favorable margin and sacrifices of live-stock may be averted.

"SIXTEEN YEARS OLD—EVEN HORN TOOTS."

Ford Bought in 1903 Still Doing Service in Oregon and Washington.

A rear tonneau door, two cylinder touring car manufactured by the Ford Motor Company in 1903,—the year of that company's organization—and in use since that time is still "on the job." It is an eight horse power car, has a 78 inch wheel base, a five gallon gas tank and is owned by A. C.

McCarthy of Portland, Oregon. Of course the Ford isn't exactly possessed of the latest lines and it is beginning to wear slightly, but mechanically—why even the aged brass horn works. The machine is now being driven in business trips through Oregon and Washington by McCarthy who doesn't expect to be in the market for a new Ford for some years to come since he's kinda got acquainted with the old one.

Polk Miller's Liver Pills

The Good Old Fashioned Kind that have been doing Good Work for 50 years without change of formula. More popular than ever. Great in Malaria, Sick headaches, Constipation and Biliousness. At all druggists. Manufactured by Polk Miller Drug Co., Inc., Richmond, Va. **10c.**

Treasurer Cannon

Answers His Critics--To The Tax Payers of Wicomico County.

Eight years ago I was commissioned by a majority of the Citizens of Wicomico County to be Treasurer of the County and Collector of Taxes. Four years ago I was re-commissioned for the same duties. I have borne on my duties all the ability with which I was possessed and I have endeavored to perform all the duties connected with the office conscientiously and fearlessly.

In the performance of my duties I have tried to be charitable and to use common sense. I have not sought to use arbitrary methods and have tried to carry out the law without inflicting hardships upon unfortunate delinquents, and have, at times, personally aided those whom an impartial law would have inflicted disaster upon. In a short time I shall retire with a sense of relief, from the arduous duties imposed. I shall do this with a grateful feeling for the great mass of the people, who in the main have given me their co-operation and support, and I feel sure, have confidence in my integrity.

Recently, and for Political purposes, an attempt has been made to throw doubt upon my administration and upon my integrity. Personally, I have no fear that any great number of people will be misled into believing that I have not administered the office honestly and efficiently, and if that was the only consideration I would ignore such methods, but as these charges and insinuations are intended to discredit the Democratic Party, of which I am a member and an official, I cannot let such methods go unchallenged.

Mr. Fred P. Adkins, in a recently published pamphlet over his signature, says that "Two years ago you elected to office a part of the Republican ticket, on a platform pledging an audit of the County Treasurer's books and accounts." This audit was completed months ago. "For some reason this report has not been published." He tries to leave the impression in the public mind that there is some great reason for secrecy, and a desire to suppress facts.

The present County Treasurer has nothing to conceal. The books and records of his office have always been open to the public, and I have no objections to the publication of any record of my office, if based upon the facts.

As urged by Mr. Adkins, this audit was ordered by the County Commissioners and has cost the taxpayers over \$4800.00, quite a sum to pay for the privilege of having one Republican County Commissioner. The report in the main shows the accurate condition of the financial affairs of the County. The outstanding feature of which is that I have collected \$1,545,098.07 and have accounted for every dollar of it, with three dollars over! So that you taxpayers have paid \$4800.00 to find that I have taken care of your money and you have three dollars in your favor. It is a very voluminous document and if published in full, to gratify this Republican County Commissioner, in his newspaper, will probably cost \$1,000.00 more of your money. Of course, its publication is entirely in the hands of the County Commissioners.

Mr. Adkins in his condensed report intimates there is some reason for withholding its publication, and Mr. Elmer Williams, the other chronic fault-finder, says in a recent advertisement, "the report has been here several months under lock and key." They are evidently trying to create the impression, through their unfair insinuations, that there is something to suppress. The facts are that this report was received in the Commissioners' office about the middle of May; just prior to the making up of the levy, which was followed by the making out of the tax books and the initial collections on the 1919 levy, which involves heavy and laborious work. Hence, the Board has not had the time to properly digest all the details, to decide on the disposition of a report requiring six months in preparation.

Great stress is laid, both by Mr. Adkins and Mr. Williams, on a supposed deficit. Mr. Williams, in his latest wail, insinuates that a deficiency amounting to one hundred thousand dollars may be in prospect and that somebody is trying to cover it up. Who this someone is he dares not name. Fortunately, few people will pay any attention to his extravagant statements, as the public is already familiar with his methods, and realize that he is playing in the Republican Side Show and aiding the campaign of this same Republican County Commissioner to the State Senate.

The auditors report states that there is a deficiency: Excess of Liabilities over Assets of \$27,606.00 (not cash). That is that the County owes that much more than it had provided for in its levy. This is an unfair statement, because there are always estimated assets that are never shown by the books until they are received; such as State Aid Road Funds; Franchise tax; State Insolvencies, etc., which at the particular date, amounted, I would say, to perhaps \$100,000.00. The auditors report failed to show it because it had not been collected at that time. That some deficit should exist is not a serious matter, and is no reflection on either the Board of Commissioners or the Treasurer. To those familiar with the management of the public, it is unnecessary to even say that it is impossible at any levy period, to appropriate accurately for many of the items of expense, and frequently the appropriations exceed the amount expended, but more frequently the amount expended will exceed the appropriation. For instance, the Commissioners would appropriate \$30,000.00 for Roads for a given year and it later seemed imperative to build or improve additional roads at an added cost of \$10,000. This would produce a deficit of \$10,000.00 for that year, which would have to be provided for in the next or some future levy. This is the sort of deficiency that Mr. Adkins and Mr. Williams are about to have a stroke of apoplexy over and which means nothing, and for which no Board of Commissioners can justly be censured. This particular deficit has already been provided for in the last levy.

The Republican platform, upon which this Republican County Commissioner is running as the Republican candidate for the State Senate, condemns everything the Democratic Party has done and lays great stress on the present tax rate.

In the recent advertisement of the Republican State Central Committee, they claim that the high tax rate, as well as the deficit, is due to the Treasurer not having collected the taxes. All of which they know is not true and they are only trying to fool the people and shake the confidence of the public in their chosen Democratic official. The tax rate is high, but there is a reason. It is high because our people have always insisted on having the best roads, the best schools, and paying the bills as they go. If Wicomico County had followed the policy of nearly every other county in the State, we could have a much lower tax rate, but we would have a bonded debt of several hundred thousand dollars, when we owe practically nothing. Our entire bonded debt at present is only \$55,000.00; a mere bagatelle.

The tax rate this year is \$2.00. Mr. Adkins was willing to make it more and yet he complains of the \$2.00 rate!

The report of the auditors calls attention to the amount of uncollected taxes as being \$263,383.44, and criticizes the Treasurer for failure to collect closer. The criticisms are emphasized by Mr. Adkins' platform and by Mr. Williams in his annex thereto. But the whole purpose seems to be to deal unfairly with the present Treasurer. It is true that \$263,383.44 seems a large sum, but let me remind you that we are fast becoming a rich County and that one of our levies runs into large figures. I presume that few people realize that the levy for this year which this office will collect amounts to \$339,188.94, and yet this audit and these Republican critics complain that from eight levies, I had on the books \$263,383.44. As a matter of fact \$216,305.02 of that, or all but \$47,000.00 was not yet due and collectible at the time the audit was made, and of that \$47,000.00, over \$1200.00 of it was due from Elmer C. Williams; the man who waxes bitter tears over the management of the County's finances!

Mr. Adkins' audit and Mr. Adkins' platform lays great stress on my failure to collect taxes, and while I dislike to be personal, I do not propose to be held up for dereliction of duty by people for whose convenience I exercised leniency. The records of my office show that the Adkins firm and the Adkins family were among the chief beneficiaries of the leniency complained of.

On July 20th, 1914, I collected taxes from these people for the years 1908, 1909, 1910, 1911, 1912 and 1913 a period dating back seven years. On January 20th 1916 I collected other taxes from these people dating back to the year 1909, and on the same date I collected from Fred P. Adkins, the complainant, personal taxes for the years 1911, 1912, and 1913, and yet he has the audacity to accuse me of dereliction of duty because I was courteous enough not to advertise his property for taxes.

This has been my policy since I took office: To be as lenient as possible. Perhaps I have been too lenient, but I treated Mr. Adkins as I would any other reputable citizen whom I dislike to embarrass. This was before the firm of which Mr. Adkins is a member grew rich on war profits and I had no doubt of their integrity.

Another thing. It has been made to appear, from this Auditor's criticism, that the County would lose some of the taxes due them through my negligence. This I emphatically deny. Several hundred of these accounts, which the auditors claim out of date, were in the hands of our attorney for collection and in legal process of settlement, and no steps were taken to ascertain these facts.

Of all the little petty flings at my office which the auditors attempted to make, I shall pass over as immaterial. Mr. Adkins and Mr. Williams are at liberty to use them, but no amount of political camouflage will be able to obscure the real outstanding feature of the audit; viz., that I have collected \$1,545,098.07 and accounted for every cent of it. Furthermore, my duties are to collect the taxes levied by the County Commissioners and to pay out money only upon order of the County Commissioners, this I have done only upon their order and Mr. Adkins has voted to expend all the money paid out on said orders. I am bonded for a large sum of money to the State of Maryland, and if I have violated my oath or failed in any duty, that bond can be sued and recovered upon.

DANIEL B. CANNON.

Published by authority of the Democratic State Central Committee.

MR. BELL THINKS THAT WICOMICO IS ALL RIGHT

Takes Issue With Critics Aimed At County Treasurer's Office.

SAYS COMMISSIONERS HAVE ACTED WISELY IN OFFICE.

Thinks That The Audit Of The County Treasurer's Books Does Not Give A Clear Idea Of Real Financial Situation In County.

Editors of Wicomico News:

Wicomico County, to me, is the best spot on earth. I love and glory in her. Her financial condition is a matter of pride with me. I was afraid it was bad, but I now know, it is good. The audit made of the County finances from January, 1912 to Nov. 6th, 1918, shows that at the last date the county had liabilities of \$419,092.50; assets of \$391,486.08, leaving a deficiency to be levied for of \$27,606.42, if audit is correct. This amount was in my judgment too large being subject to be reduced by amounts from State, for repairs on State aided roads, franchise tax, insolvencies, etc., however, this deficit is more than taken care of by the first and last items of the levy of 1919. The liabilities include all amounts levied for any purpose, state or county, unpaid, all bonds and county scrip—in fact all indebtedness owed by the county. The assets of cash, unpaid taxes and road assessments, etc. The unpaid taxes \$263,383.44, were only about \$13,000.00 more than the amount levied for 1918, which levy was not enforceable, by sale of property, under the provisions of law.

Over one and a half million dollars, were collected and disbursed during time embraced in audit, with a discrepancy shown of three dollars in favor of the County, probably caused by using private funds, in making change, and not taking same back out of the cash later on. This speaks well for the care and efficiency of the Treasurer and his assistants.

The only indebtedness of the county, unprovided for in Nov., 1918, was \$58,000.00 school bonds this being reduced by levy of 1919 to \$53,000.00.

The Treasurer may have erred in not proceeding to collect by sale of delinquent's property, but it has always been the custom of the Treasurer and his predecessors in office, never to sell or advertise for sale, only as a last resort, saving the delinquents from exposure, costs and loss of property, although many taxpayers got several years behind in their payments, during the lean years, previous to the war.

There are many items of taxation, over which the County Commissioners have little control, as to amount, some of these as shown in the levies of 1918 or 1919, are Health Office, \$6,548.50; Public Schools and bonds, \$311,041.75; Roads \$80,995.23, etc.

Our County Commissioners have always been honest, sincere men, and have given their best to the service of the county, and they are to be congratulated for the splendid condition of the finances of our beloved county of Wicomico.

GEO. W. BELL.

Oct. 28, 1919.

Hallow'een Dance.

Announcement was made in our last issue of a Costume dance to be held in the Armory on next Friday night. Capt. Colona advises that the arrangements have been changed and the dance will not be a costume affair and the admission will be \$1.00 and spectators admission 25 cents. There will be good music.

IN MEMORIAM.

In sad but loving remembrance of my dear brother, Harry Crockett who departed this life one year ago, October 26, 1918.

Brother dear, you were taken away so sudden. Without time to say goodbye. But we know your thoughts were with us. When you were called to die.

You will never be forgotten. Never shall your memory fade. Sweetest thoughts will ever linger. Round the grave where you are laid.

By his loving sister ANNIE.

THE BIG FIGHT IS FOR CONTROL OF SENATE

Both Parties Turning Attention To Control Of Maryland Senate.

16 NEW MEMBERS TO BE ELECTED TUESDAY WILL DECIDE.

Of These The Democrats Must Elect Nine And The Republicans Eight To Get Control Of The Upper Body, Future Of Either Party Involved, Depend Largely On This Control.

More members of the State Senate will be elected this fall than in many years. Usually 13 or 14 members are elected every two years, the full membership being 27. This year there are only 11 holdovers, and 16 new members must be chosen. Two of those to be elected this fall will serve only for half a term. They will fill the unexpired terms of the late J. Dawson Williams, of Montgomery county, and William N. Andrews, of Dorchester, who was elected to Congress last fall.

The Democrats must elect nine of the 16 Senators to be chosen to control the next Senate; the Republicans must elect 8. Fourteen is a majority of the Senate. Of the holdovers, the Democrats have five—Walter J. Mitchell of Charles; Charles C. Grason, of St. Mary's; Omer D. Crothers, of Cecil; J. Royston Stiffer, of Hartford; and Orlando Harrison, of Worcester. The Republicans have six—Harvey J. Speicher, of Garrett; Geo. L. Eppler, of Allegany; Oliver Matzerott, of Prince George's; A. M. Sproesser, of the Fourth Legislative District of Baltimore; George L. Bartlett, of Talbot, and H. H. Muttie, of Caroline.

Because of the importance of the control of the Maryland Senate, both party organizations are at present making a most strenuous fight in every county where Senators are to be elected and in Baltimore City as well for the purpose of getting hold of the next Senate. The importance of the Senate is paramount because the appointments by the Governor must be confirmed by this body. In case the Executive of one Party was elected and the opposition elects a majority of the Senators, it is easy to see out legislation can be controlled by the Party having a majority in the Senate, and the Governor will be forced to use more care and discretion in the election of his office-holders if he expects to have them confirmed by a Senate of the opposition. Then, too, the party which has the majority in the Senate controls all the committees, and is able thereby to control the legislation which goes through that body. By having a majority of the holdover Senators, the Republicans have a little to the advantage of the Democrats, and several of the Senators are to be elected from Western Maryland and Southern Maryland where generally the Republicans have a majority of the votes. Because of this handicap, the Democrats are working harder every day in an effort to retain control of the Upper House as they recognize the importance to their Party and the Republicans are equally as strenuous in their efforts to control the body.

In several of the counties of the State, Independent candidates are running for the State Senate, the Republicans having such a contest in Frederick where former State Senator George L. Kaufman, who was defeated in the primaries is now running as an independent on the ticket, and here in Wicomico, the Democrats are facing an Independent in the person of Elmer C. Williams, who was badly defeated in the primaries by Hon. Charles R. Disharoon but whose name will appear on the official ballot as an Independent candidate for the Senate. Frederick county is generally as purely Republican as is Wicomico Democratic and in these two cases, the off-set is about even. Of the Democrats who are hold-over Senators, several are men of long experience in the Senate especially Mr. Crothers and Mr. Harrison, and the three members from Baltimore City. One of them the Hon. Peter Cambell, being probably the most experienced legislator of the lot as he has served in Annapolis both in the House and Senate for many years. Senators Sproesser, Oliver Matzerott and Harvey J. Speicher are among the Republican holdover Senators and all three of these men have had long experience in Annapolis and are able to hold their own against all opposition. It is safe to say that if the Democrats are successful in getting control of the body, that Senator Cambell will likely be chosen a presiding officer again and if the Republicans should win one of the three above named Senators would likely be the President of the body.

As there will be many important pieces of legislation coming up at the next session of the General Assembly, it is highly important that whichever party controls, a man of experience of the highest order should be chosen as president of the body because much of the work especially the successful work of the General

Assembly shall be conducted on an economical basis or whether extravagance shall prevail, will depend largely upon which party is successful and the kind of presiding officer each body shall have.

SALISBURY MAY GET BIG PAINT FACTORY

If Sufficient Encouragement Is Given Mr. Gould May Establish Branch.

DEMONSTRATION OF FIRE RESISTING QUALITIES OF PAINT.

Big Exhibition On East Main Street Monday Night Drew An Immense Crowd To See How This Paint Resists Fire.

Fire, proverbially man's best friend but worst enemy, was most successfully held at bay at the fire resisting test, as announced in our columns last week, on Monday evening last. Previous to touching the match to the four wooden structures, surrounded by and filled with oil sprinkled excelsior and kindlings, composing the unit, Dr. A. T. Buswell, of Boston, one of the representatives of the Company addressed the large crowd assembled prefacing his remarks by thanking the Mayor, police force, fire department and business firms generally for the uniform courtesy extended to the Gibraltar Company during their stay in Salisbury, he went on to explain the various fire resisting products used upon the miniature house, flooring, desk and air shaft which had been built by Messrs. Hastings & Parsons, at E. S. Adkins & Company's factory, and pointed out of stock from the well-known hardware concern of Mitchell & Goslee, who have taken the local agency for the goods. The speaker explained the wearing, as well as fire resisting qualities of life paint, and referred to a church at Girdletree, which had withstood the ravages of sea mists for 12 years without being painted since Mr. Gould gave the original paint used.

Dr. Buswell gave some very interesting and highly valuable statistics relative to the comparatively large fire losses of this country and Europe, giving facts recently published by the American Board of Fire Underwriters. The speaker enumerated several of the preventible and partly preventible causes of fire, and urged citizens to avoid the use of wooden receptacles for ashes, cuspidors, etc. and to look after their furnaces before lighting the wooden fires.

Further evidence was given of the gross carelessness and indifference to fire protection in this country as compared with foreign countries, by the statement that the per capita loss in this morbidly nervous country is \$2.76 as against 33 cents abroad.

Mr. Theron A. Gould, the president of the Company, being introduced, said in part that he had received considerable encouragement from the business interests here for either the erection of a factory or a large distributing house, and that he would be at Mitchell & Goslee's for a few days; not only for that purpose, but to offer further substantial proof of the claims for Gibraltar products if desired.

Grace and Stengle Church Notes.

Revival services of great interest, power and success are now in progress at Grace Church. A cordial invitation is extended to all Christians and non-Christians, all church members and non-church members, all saints and all sinners, to come share the gracious benefits of these religious and spiritual meetings. At Grace Church next Sunday divine services will be held at the usual hours. At Stengle (Riverside) Church will be the Sunday School 2 p. m. Missionary Day. The public services at 3 p. m.

Large Audiences At Siloam Church.

Evangelistic services every evening, except Saturday, 7:30 o'clock. Next Sunday all-day meeting. Evangelistic services at 10:30 a. m., 3 and 7 p. m. in charge of Evangelist Minnie Shay. Sabbath School 2 p. m. Rockawalkin M. E. Church, preaching by pastor, J. M. S. VanBlunk next Sunday 10:45 a. m. Illustrated lecture on Africa, postponed till Friday Nov. 7. Quantico M. E. Church, no services next Sunday evening. Sabbath School at 10 a. m. N. P. Dashiell, Supt.

REORGANIZATION OF BOY SCOUT MOVEMENT

(Continued From Page One).

master in the district.

He was introduced in the evening by Mr. Nash and was cordially received. He gave a splendid and Scout-like talk and upon concluding was applauded long and wildly. He pledged himself to be in readiness for any service that he may be able to render in the future to any and all, and then discussed the plans for immediately forming new patrols and getting started on the winter's work. He earnestly asked for the co-operation of all the boys.

Next came the talk of Mr. Greenhawk under whom Mr. Hartley has worked in his association with the Scout organization, and it was great. For half an hour he was serious and then for twenty-five minutes he kept the boys in an uproar of laughter with his humorous stories. From what he had been able to find out during his short stay in this city he said the trouble with the Scouts was that they lacked the knowledge in the way of scout craft to become an Eagle Scout or to get the 68 Merit Badges that are arranged alphabetically in subjects most appealing to the boys. Beginning with Agriculture and ending with Wireless-telegraphy. On various occasions these merit badges have resulted in later years in the choosing of a boy's profession. He then closed the meeting with a scout song, "Good night Comrades", sung to the tune of "Good night Ladies". And it sure sounded fine. Prof. James Parsons of the High School spoke for a few minutes and assured the boys of his earnest co-operation. His talk was short but impressive.

And now each citizen of this city and county should give Scout Master Hartley all the support he wants. It is never necessary to give money; assistance and co-operation with him will put the Scouts where they should be in this city and that is on a par with the Scouts in any metropolis.

Mr. Nash graciously donated the use of the S. Y. M. A. at any time to Scout Master Hartley, and everything looks like the Boy Scouts are going to be a success in this city now.

Ask any red-blooded boy about this movement.

Beacom Business College Notes.

Miss Minnie R. Wright, who has been ill for several months has recovered and has resumed her studies.

Miss Julia Potts, daughter of Rev. T. N. Potts of this city, has entered the college to study shorthand.

One of the students in the secretarial department while away for the last week-end, met a young man who is studying accounting at one of the large universities in the North. Discussing their studies they soon learned that they were studying the same text book in bookkeeping. The local student entered here about the same time the university student began his course; the local student is at least one fourth as far advanced as the university student. Surely, individual instruction, such as the local college imparts, is a time saver to the student.

The Honorable W. B. Miller spoke at the college on Wednesday on "The Americanism of Theodore Roosevelt" for the furtherance of the campaign of the Roosevelt Memorial Association. Mr. Miller spoke very interesting and feelingly of the late Colonel's unusual character and the good effect his life would have upon future generations of young Americans. The students contributed generously to the fund throughout the week.

Powellville Charge Notes.

A Harvest Home and Rally Day service will be held at St. John's M. E. Church, Sunday, November 2nd, at 7:30 p. m. Special music by the choir and recitations by the children. The church will be decorated with the fruits of the harvest. Sunday school at 1:30 p. m., preaching at 2:30 by the pastor. Public cordially invited to all of these services.—Geo. S. Allen.

THE WICOMICO NEWS

COND SECTION

AN INDEPENDENT NEWSPAPER

PAGES 9 TO 20

SALISBURY, MD., THURSDAY OCTOBER 30, 1919.

CURRENT NEWS CAUGHT ON THE FLY BY OUR REPORTERS

Some Interesting Items Being Talked About By Our Citizens.

POSTOFFICE NOW A SECOND-CLASS OFFICE—THE LATEST AUTOMOBILE CENSUS—TO HAVE ANOTHER MILD WINTER—QUICK ACTION FOR INJURED SOLDIERS—WICOMICO BANKS STILL IN THE LEAD—GREAT PROSPERITY THROUGHOUT COUNTY.

Because of the reduction in the postal rates throughout the United States effective July 1st, the Salisbury Postoffice has dropped back from a First-class office to a Second-Class office and will remain so until the revenues again catch up. When the price of postage stamps and postal cards were reduced July 1st, the office was in the first-class division but as the reduction caused a loss of more than 18 per cent. in the revenues of this office, the office had to be reclassified; and to take its former place in the second-class column. It is understood however, that at the rate the revenues are now increasing, that on and after January 1st, it is likely the Salisbury Postoffice will again be put up in the First-class, and will occupy the distinction of being the only first-class office in the First Congressional district. The business of the office has not fallen back in volume but is steadily increasing week by week, but the big reduction of 18 per cent. in revenues which was caused entirely by the reduction in the cost of stamps and postal cards made a big difference in the total revenues of the office. While the office was under the first-class division, it was not possible to keep the stamp windows and parcel post window open after six o'clock as no first-class postoffice gives this service after six p. m. except in the very large cities where postoffices never close, but as a second class office, the nine o'clock service was reinstated and will remain so until the office is again reclassified.

The Latest Automobile Census.

The latest automobile census shows that there is one motor vehicle for every 15 persons in all this great country. The total number of passenger cars and trucks lists is 6,785,550—a gain of 13 per cent over the 6,023,605 cars registered January 1, last. The greatest per centage of increase is in the southern states, made possible through cotton and tobacco profits, and during the past two years the number of cars in use has doubled. Iowa still holds her record as the greatest per capita owner of cars, with one for every 6.9 persons; Nebraska is second with a car to 7.01 persons, while Mississippi has only one car for every 48 persons. Over half of the automobiles in the United States—3,641,260—are found in 10 states: New York, Ohio, Pennsylvania, Illinois, California, Iowa, Michigan, Texas, Indiana and Minnesota, each of which states has a registration of more than 225,000 cars.

To Have Another Mild Winter.

Many of our old-time citizens who have for the past 50 years watched the seasons and have been able to prognosticate as to whether or not we were to have severe or mild winters are almost unanimous in their opinion that this section is again to have a very mild winter like the last one, and this information will be hailed with delight by those who remember the terrible winter of 1918. Hermit Joe, the old philosopher and weather prophet of Pennsylvania, who it is said, has predicted weather more truthfully than the United States weather service for the past 20 years says: "Nuts are thicker'n woodticks in the big woods, but the squirrels are storin' 'way less of 'em than you town folks is puttin' 'way 'taters at \$1.50 an' up a bushel, and you can just bet all the beetrkins you fellers ain't goin' to get that the winter'll be a darn mild one." The old man, who predicts the winters every year, explained further his reasons for risking his reputation on a mild winter. The bears this year are mostly scrawny and light-furred, according to Joe, and they are not in a hurry to get into their winter homes, while the fur on small animals indicates to the hermit that winter will be light. Old neighbors say his predictions never fail.

Quick Action For Injured Soldiers.

The following bulletin has been issued by the War Department: "Under a new policy just put in effect by

the Federal Board for Vocational Education, men who have become disabled in the service of the Army or Navy, no matter what the extent or nature of such disability, are enabled to have their applications for training acted on much more quickly than formerly. Heretofore all applications for training were referred from the District Vocational Office to the Federal Board at Washington for action, thereby entailing much delay and working needless hardships on the men making the applications. Under the new system all of these applications are acted on by traveling field representatives who have been sent out from Washington. These representatives cover the entire country and visit each vocational board at least once every two weeks, at which time all cases ready in the District Office are cleared up. The only cases which such traveling representatives must refer to Washington are those involving courses for a period longer than two years. On these the Washington office will give a decision within ten days.

"Men who have had major amputations, such as the loss of a hand or foot, or both hands or both feet, or loss of sight of one or both eyes, come under a special class. Their applications will be acted on by the District Vocational Officer, who has authority to approve courses up to and including four years in length without referring them to Washington. Cases of this character should be cleared up within 24 hours.

"The Federal Board for Vocational Education has also adopted a definite policy regarding tuberculosis cases. Any arrested case of tuberculosis will be considered as 25 per cent. disabled for a period of two years from date of arrest, and the Bureau of War Risk Insurance has agreed that they will consider arrested cases as 25 per cent. disabled for the first 6 months and 10 per cent. for the following 18. This decision enables the giving of the necessary hospital and medical treatment to men in this class."

Wicomico Banks Still In The Lead.

Former Senator William P. Jackson, President of the Salisbury National Bank and Treasurer of the State of Maryland calls the attention of the editors of this paper to the wonderful stride which the banks of Maryland and Wicomico County are making these days. In a letter to the News, Senator Jackson says: "You will notice under the heading of Maryland increase in deposits from December 31, 1916 to December 31, 1918, the average increase in the State of Maryland was 26.21 per cent while the increase in Bank deposits in Wicomico County was 85.36 per cent, only three counties exceeding Wicomico, one of them being Baltimore County, the other Howard County, and the other Prince George's County, while Baltimore City only increased 19.68 per cent." These figures speak for themselves as to the prosperity of the people of Wicomico County for there is no better gauge for any community than its bank deposits as to whether or not it is going ahead or falling back, and yet these figures do not tell the true story, because unfortunately, there are still hundreds of thousands of dollars in Wicomico County tied up in old stockings or put in tin pans under the bed which should be in the bank. Our people are learning more and more to use the bank and it will only be a short time when the hoarding of money in one's house and carrying it on his person will be a thing of the past.

Imports and Exports Increase.

American imports and exports for the year ending August 31, 1919, exceeded those of last year by more than \$1,500,000,000, while balance of trade in favor of United States was more than \$1,000,000,000 larger.

—Delayed meals get on the cook's nerves. With Cole's Hot Blast Range your meals are always on time.—Adv.

To the Voters of Wicomico County:

Every man seeking election to office should make plain to you the things for which he stands. The election to an office will not be used by an honorable man for his selfish interests at the expense of the taxpayers, but rather he should accept it as an obligation he owes to the community which he represents to seek in every honorable way to improve conditions in that community.

As a candidate for the honorable position of State Senator, you want to know where I stand on some questions, and I am pleased to state here my position on some of the subjects that I think need first consideration.

FIRST, COUNTY ROADS: We must have roads. Good roads mean cheaper transportation; a larger net yield from the soil; and general prosperity for the community. Improved roads can best be secured by the using of private capital at a low rate of interest, thereby making the road pay for itself.

SECOND, PUBLIC SCHOOLS: We can't have a too thorough system of education. Every child ought to be given every advantage that will enable it, when grown to manhood, to support itself. Illiteracy is the most expensive thing in our community, as is evidenced by the large amount of money appropriated annually for the upkeep of almshouse, pensions, etc., which you will find in the copy of Audit just published. Proper school houses can be secured best by the use of private capital at a low rate of interest.

THIRD, TAX COLLECTIONS: There can be no good reason for permitting a tax bill to run indefinitely when other accounts become due and payable within a reasonable time. A law should be enacted making county taxes due and payable on the same date as state taxes and in every way make it easy for the tax collector to perform his duty without delay and great expense. The present law is very unsatisfactory and I do not think ever was a good one.

FOURTH, REPORTS: Every official handling the county's funds should be compelled to make periodical reports public. His failure to do this ought to be sufficient for removal from office. There is a law already on the statute books calling for a quarterly statement to be published of receipts and disbursements in the Treasurer's Office. These reports have never been published. Yet every official elected to office since the law was passed, of course, made oath that he would perform his duties according to law.

FIFTH, PURCHASES & PRINTING: Wicomico County is a large purchaser of many articles, and has much printing done. A private business doing anything like the business that this county is doing would have a purchasing department, and secure the best wholesale prices for practically everything used. A purchasing department, organized in connection with the County Commissioners' Office, should save the taxpayers a large sum of money.

And, if elected, I shall endeavor to secure the passage of a law requiring all supplies, materials, and printing to be let out or bought from the lowest responsible bidder for the same.

SIXTH, BOND ISSUE: In referring above to the financing the improved roads and public schools, of which the country is so much in need at this time, I have referred to the use of private capital for this purpose.

To levy at one time, or within a short period, enough money to make these public improvements would be to raise the tax rate much higher than it now is. It would mean that those taxpayers who are in the county at the time of the actual construction of this work would have the whole burden of paying for them, although these improvements would last for a long time, and that those persons who become taxpayers after such a large present assessment had been paid, would enjoy all these proposed improvements without having had any of the burden of them.

Instead of that method of making improvements in roads and schools, I favor the passage of a bill by the General Assembly, providing for the placing of the improvement of roads in the hands of a Roads Commission for Wicomico County, and the placing of the schools in the hands of competent experts, and submit both propositions to the people for their adoption or rejection at a special election.

This proposed Roads Commission for Wicomico County would be given authority to advise and determine, after mature consideration, where roads should be built, and of what material, applying to the county the road system which has worked so well for the State. The School experts would likewise determine where schools should be built and of what material.

When it shall have been determined what roads and their cost, and what school houses and their cost, shall be built, I favor the financing the expense of these improvements by an issue of bonds at a low rate of interest, and that provision be made for the payment of this interest and the payment of the bonds themselves, year by year, at such rate that the bonds will be fully paid off during the lifetime of the improvements for which they were issued.

The result would be that the needed improvements could be made at an early date, the tax rate would not be excessive in any one year, and still everyone would pay for his use of them year by year.

It seems to me that we can well afford to keep such Commissions in office permanently, as they would draw no salary, and would be of no expense to the taxpayers, but would serve for the betterment of the community. This would mean the taking of two of our institutions demanding the most of our money out of politics entirely, which is highly to be desired.

FRED P. ADKINS.

In an advertisement in the "Salisbury Advertiser" of October 25th over the signature of D. B. Cannon, intimation was made that E. S. Adkins & Company had failed to pay their taxes.

For the information of the Taxpayers of the county, we publish below a statement of taxes assessed against this concern, when they were paid and the amount which includes interest at 6 per cent. on all overdue amounts.

This statement may be verified by reference to the books of Mr. Cannon's Department.

Year Assessed	Year Paid	Amount
1908	1910	\$432.60
1909	1911	434.56
1910	1911	398.85
1911	1913	427.85
1912	1915	498.77
1913	1916	587.54
1914	1916	602.47
1915	1917	586.04
1916	1917	634.15
1917	1918	559.75
1918	1919	1728.68
1919	1919	2055.40

Any delay in paying my personal taxes has been neglect on my part and not because I have asked or sought special favors. However that may be, its the taxes UNPAID we are interested in and mine are not in the unpaid list.

FRED P. ADKINS.

NEGLECTING THAT COLD OR COUGH?
 Why, when Dr. King's New Discovery checks it

It's natural you don't want to be careless and let that old cold or cough drag on or that new attack develop seriously. Not when you can get such a proved successful remedy as Dr. King's New Discovery.
 Cold, cough, gripe, croup does not resist this standard reliever very long its quality is as high today as it always has been—and it's been growing steadily in popularity for more than fifty years. 60c. and \$1.20 a bottle at all druggists. Give it a trial.

Tardy Bowels, Inert Liver
 They just won't let you put "pep" into your work or play. Sick headache comes from retaining waste matter and impurities in the body.

Feel right for anything—make the liver lively, the bowels function regularly, with Dr. King's New Life Pills. Smoothly yet positively they produce results that cleanse the system and make the liver and bowels respond to the demands of a strong, healthy body. Still 25c.—at all druggists. Try them tonight.

Something to please the Plainest to the most Fastidious is a great assortment of attractive and up-to-date

DOINGS THROUGHOUT OLD SUSSEX COUNTY

Farmers in Sussex Still Kicking For Improved Roads—Contracts Held Up.

GEORGETOWN POSTOFFICE TO DROP SUNDAY SERVICE.

Great Preparations Being Made For Halloween Night In County—Sheriff Granted Ten Cents Additional Per Day for Prisoners.

Farmers of Sussex are much encouraged over the yield of corn per acre. Several months ago the prospects were that many farmers would not have sufficient corn to supply their stock during the winter. But, due to the late warm fall the corn has made considerable growth and the yield is much more than was expected.

Vigilant Council, No. 19, Jr. O. U. A. M., of Laurel is planning to hold a large class initiation in Laurel, Saturday, November 8, when candidates from all parts of Sussex county will be there. It is said Vigilant Council alone has 50 candidates already and, although it has not been reported how many candidates the other lodges in the county will bring, it is known that the number will be large. The degrees will be conferred upon this large class by the degree team from Eureka Council of Wilmington. State Councillor Hayes of Dover is expected to be present.

Working a very clever ruse, authorities succeeded in apprehending Otto Gigold, a German, residing between Coolspring and Lewes, upon a charge of stealing about 50 baskets of corn belonging to Thomas Burton Short, a farmer living between Georgetown and Sand Hill. He was arraigned before Justice of the Peace E. W. Ryan who committed him to the Sussex county jail in default of \$1,000 bail for court. After the loss of the corn was apparent, horse and wagon tracks were discovered, which led to the gateway entering the barn of Gigold. He was then charged with the theft and arrested.

It being impossible to keep within the allotment of 40 cents a day for loading each prisoner in the Sussex county jail, on account of the high cost of living, Sheriff William O. Johnson has been granted an additional ten cents per day for each charge, by the County Commissioners, bringing the rate up to 50 cents. Fifteen years ago, when corn could be bought for 50 cents the bushel, flour was selling for \$5 and \$6 a barrel and choice cuts of pork could be bought for ten cents the pound, the allowance was 20 cents per day per prisoner but as living expenses gradually began to increase it was found necessary to increase the rate.

Patrons of the Georgetown post-office have been notified by Postmaster George R. Mears that in future the office will not be opened on Sunday nights for their accommodation. Since early last spring business men have been accommodated each Sunday night by having the office opened in order to get the north mail coming in on the 8:26 train. By this arrangement local business firms were in a position to answer their correspondence Sunday night and mail it in order that it could north at 7 a. m. the next morning. Returning to the old order of things will be a great inconvenience to business men.

Because of the trouble that has been experienced within the past few weeks getting rights of way along the stretches of road there are to be improved, members of the Sussex Highway Commission have reached an agreement that no more contracts will be awarded until a clear right of way can be given at the time of making the award. At the present time farmers along nearly every route are kicking because a small strip of land is taken for the roadway, and in some instances they are holding out for damages equal to the valuation of their entire farms. Contracts which were to have been given out in the summer have been held up on account of condemnation proceedings, and it is likely that the situation will not be clarified until late next winter, thus putting to a standstill work which could have been done late this fall and winter when weather conditions were such that the contractors were in a position to lay concrete.

Preparations are being made by the Sussex county towns for the observance of Halloween, Friday night, October 31, and the observance is expected to surpass all former occasions. More interest is being taken annually in these celebrations and there is hardly a hamlet to be found in the entire county that does not observe the evening in some manner. In the larger towns the evening is given over to revelry of all kinds and within recent years those participating have been given ample police protection. Those who desire to participate

nowadays are able to do so without being molested by the rough element who generally congregate on the main thoroughfares. Georgetown was the first place in the county where City Council made rulings for the protection of the young people, but it was not long before other sections fell in line and placed the ban. Because of the geographical situation of Georgetown, which is located in the central part of the county and easily accessible to residents of surrounding towns and villages, such as Milton, Harbeson, Millboro, Redden, Dagsboro, Frankford and other places, there probably is not another place in Sussex county that has as many visitors to Halloween observances as Georgetown. Plans are now under way for a big celebration there.

ALL IS READY FOR THE COMMUNITY FAIR

Everybody Invited To Exhibit At This Great Show At The Armory.

DATES ARE NOVEMBER 10TH, 11TH AND 12TH, 1919.

Town People Can Exhibit As Well As The Country Folks—Enter The List Of Contestants And Help Make This Big Fair A Success.

The premium lists, for the Community Fair, are out and many have been distributed throughout the County but there are still many people who have not been reached.

The impression prevails, among many people in the County, that this Fair is open to Grange members only but this is not true as the Granges are only acting as "managers" as it were and want it understood by everyone that this is in truth a "Community" Fair and open to every resident of the county. This means that the people living in town are invited to exhibit just as much as are those who live on the farm for to have a real community fair it is necessary that each person take a part in it.

The prizes for the different exhibits are large enough to interest everyone and the premium list contains practically everything grown on the farm as well as canned goods, jellies, pies, sewing and the other arts of the housewife.

The dates are November 10, 11 and 12 and the place the Armory, Salisbury, and begin now to keep these dates in mind. The Judges will all be from out of town and every exhibitor is assured of fair treatment.

The committee in charge of the 2-annual part has worked hard and faithfully to secure funds for the premium list and now it is up to each man, woman and child in the County to do their part by making an exhibit. Information may be obtained from any Grange member or at the County Agent's office. Just drop a post card phone or send word to the County Agent and a list will be mailed immediately.

Do not wait until the last minute to get your exhibit ready but start on it now and keep at it until the date of the Fair and remember that exhibits must be in place at the time of the premium list. Entry lists are also available and will be distributed as widely as possible.

What Keeps a Battery Young

To be reliable, a storage battery must have well-made plates.

Battery solution must be proper strength and required purity.

Battery jars must be mechanically strong and must allow no leakage of current or battery solution.

But it's the insulation between the plates that keeps that battery full of life and adds months to its term of useful service.

Drop in and ask us to tell you about Threaded Rubber Insulation, and some of the records it has made in keeping batteries on the job far beyond what used to be the battery age limit.

RED CROSS GIVES FULL ACCOUNTING

War Council Tells How Millions Contributed by Public Were Used For Relief

BIG TASK IS DESCRIBED

In Twenty Months \$154,000,000 Was Spent Overseas and \$119,000,000, in the United States.

Washington, (Special).—Through a complete report of the work of the American Red Cross in the war by Chairman Henry P. Davison, on behalf of the war council, the organization on the eve of its annual enrollment of members during the Third Red Cross Roll Call, November 2 to 11, has rendered an accounting of the many millions given it by the American people to help our fighting men and our allies. The statement is, in part, as follows:

"The war council of the American Red Cross is now prepared to make a complete accounting to the American people of money contributed and expended, as well as the work done by the American Red Cross during the period in which the war council was in control of its affairs. The war council was appointed May 19, 1919, and went out of existence February 28, 1919.

"It was the practice of the war council to give complete publicity to its policies and finances, but it is only now that a picture of the war period as a whole can be presented. It is the feeling of the war council that a report in this summarized form should be made directly to the public which provided the money and gave the effort which made the American Red Cross a success.

"A statement of the American Red Cross effort and finances since the war council relinquished its control will be made to the public through the executive committee, and it is important, therefore, that the fact that his report covers the period only until March 1, should be carefully noted."

Following are certain round figures covering American Red Cross participation in the war, as revealed by the war council's report:

Some Outstanding Figures.

Contributions received (material and money)	\$400,000,000
Red Cross members:	
Adults, 20,000,000	
Children, 11,000,000	\$1,000,000
Red Cross workers	\$1,000,000
Relief articles produced by volunteer workers	\$71,577,000
Families of soldiers aided by Home Service in U.S.	500,000
Refreshments served by canteen workers in U.S.	40,000,000
Nurses enrolled for service with army, navy or Red Cross	23,822
Kinds of comfort articles distributed to soldiers and sailors in U.S.	2,700
Knitted articles given to soldiers and sailors in U.S.	10,900,000
Tons of relief supplies shipped overseas	101,000
Foreign countries in which Red Cross operated	25
Patient days in Red Cross hospital in France	1,155,000
French hospitals given material aid	3,780
Splints supplied for American soldiers	204,000
Gallons of nitrous oxide and oxygen furnished French hospitals	4,340,000
Men served by Red Cross canteens in France	15,275,000
Refugees aided in France	1,720,000
American cost of outfitting soldiers attending Red Cross movies in France	3,110,000
Soldiers supplied by Red Cross ambulances in Italy	148,000
Children cared for by Red Cross in Italy	155,000

Of the \$100,000,000 in money and supplies, contributed to the American Red Cross during the twenty months the war council was in existence, \$203,000,000 was allotted to national headquarters, while \$137,000,000 went to the chapters to finance their activities. Expenditures in the twenty months totalled \$273,000,000, divided as follows: By national headquarters in France, \$57,000,000; elsewhere overseas, \$41,000,000; in the United States \$18,000,000; by chapters in the United States, \$135,000,000; cost of chapter produced articles distributed in France, \$25,000,000; elsewhere overseas, \$8,000,000; in the United States, \$28,000,000, making total expenditures in France, \$82,000,000; elsewhere overseas, \$72,000,000; in the United States, \$119,000,000.

Join The American Red Cross

All you need is a  and a \$

RED CROSS PEACE PROGRAM

For you, for your family and for your community, that is the main object of the peace time program of the American Red Cross. In the nursing service it proposes to install a Public Health Nurse, where no other agency is covering the field; classes in home hygiene and care of the sick and dietetics are to be formed and girls are to be encouraged to become trained nurses. Poor health can be largely prevented; good health can be gained through the Red Cross Nursing Service. Home Service care of the families of soldiers and sailors, first aid training in prevention of accidents, aiding Junior Red Cross Members to become solid citizens and furnishing relief in foreign lands are some of the other plans of the Red Cross in time of peace. Enroll now in the Third Red Cross Roll Call, November 2-11 at your local Red Cross Headquarters.

LEST WE FORGET

The responsibilities of the American Red Cross are not yet discharged. By its charter the Red Cross must follow the army and navy wherever it may be. American soldiers are still in Russia, Germany and in France. These men still need Red Cross service. Their families still need Red Cross service. The American Red Cross must carry this responsibility as long as our soldiers carry their guns. Thirty thousand men are still in military hospitals, many of them crippled for life. They require Red Cross care. Nothing will take its place. Enroll now in the Third Red Cross Roll Call, November 2-11 and help them get that care at your local Red Cross Headquarters.

HEARTILY GIVE TO HEALTHILY LIVE

Haskell Coffin, the artist of the above poster has embodied in his subject the girl whom every soldier, sailor and marine learned to revere. Whether as a nurse, a welfare worker, a searcher or a canteener the Red Cross Girl was ever ready to attend to their wants and comfort. Now that peace has been declared her work is still not done. Several hundred thousand men were discharged from the army and navy disabled. Thousands of them are at home and under the care of Home Service nurses. Many are still in the hospitals and are in need of further care. She is the girl who took the health and cheer to the front and is now in the field of home service. She is the girl who has a work for her in the Red Cross Headquarters.

—Fire Prevention—Gibraltar Fire Resisting Paints will protect you against loss. It insures you against surprise. It fights fire until firemen arrive. It starves any ordinary fire. UPON TUBERCULOSIS IN THE SOUTH

Sanatorium at El Paso, established for this purpose, will get financial aid from 75 million campaign—educational propaganda to inform people on how to combat plague will be conducted.

Administration building of Southern Baptist Sanatorium for treatment of tuberculosis patients, located 4500 feet above sea level.

Do you know that tuberculosis is more prevalent in the South than in any other part of the country?

That the death rate from tuberculosis here is 14.2 per cent greater than for the nation as a whole, and greater than in any civilized nation on the globe with the exception of China?

That more than 150 people a day, or 57,782 a year, die in the South and the Southwest from this dreaded disease?

That there are within the territory of the Southern Baptist Convention 275,000 persons actively infected with the great white plague and an equal number have inactive infection?

That the money loss to the South each year from tuberculosis is \$175,300,000?

These startling facts were brought to the attention of the Southern Baptist Convention at its session in 1916 and a resolution was at once adopted to try and check the spread of the disease and provide relief as far as possible for those already infected with it.

As a result of this movement there was established in the high, cool rare atmosphere of El Paso, Texas, the Southern Baptist Sanatorium which aims to minister to as many patients as possible and to disseminate throughout the South and Southwest the information that will result in checking the further spread of the disease and enable those who have just contracted it to obtain immediate cures by proper methods of living.

With the active assistance of the business interests of El Paso a modern sanatorium, located upon a beautiful tract of 143 acres on the side of Mt. Franklin, at a height of 4,500 feet, was opened for the healing of the people, and through the Baptis-

75 Million Campaign this institution will receive \$500,000 for the erection of additional buildings and \$500,000 for an endowment that will enable the sanatorium to minister to those indigent patients who are unable to pay for treatment.

That there is an imperative need for an institution of this character is shown in the fact that all institutions in the South and Southwest for the treatment of tuberculosis have a total capacity of only 2,757 beds, or one bed for only one person out of every sixty in this section who are afflicted.

Everything connected with the Baptist Sanatorium is modern and of the very best, but its present equipment is far too small to cope with the demands that are made upon it. Of the improvement fund that is to be provided, \$100,000 is available already and architects are already designing new buildings worth \$450,000. These will be constructed just as rapidly as possible.

While the sanatorium is being operated by the Baptists, it will be open to the people of all creeds and no creed. Due to the crowded conditions, however, it is necessary that arrangements be made in advance by communicating with Dr. H. F. Vermillion, superintendent, at El Paso.

The sanatorium is under the general supervision of the Home Mission Board of the Southern Baptist Convention, and in addition to treating tuberculosis, it will seek, through a campaign of publicity, to so inform the people of the South and Southwest on the nature and prevention of this disease that the alarming death rate from the white plague can be immediately lowered and finally reduced to the minimum.

SPEND \$20,000,000 UPON EDUCATION

SOUTHERN BAPTISTS PLAN MUCH LARGER PROVISION FOR ALL THEIR INSTITUTIONS.

WILL AID RURAL SCHOOLS

Success of 75 Million Campaign Will Mean Strengthening of Educational Forces All Along the Line in Next Five Years.

Of the total sum sought in the Baptist 75 Million Campaign, \$20,000,000 will go to Christian education.

But the educational program of the Baptists will not stop there. It proposes to lend itself to the creation of a public sentiment that will result in more efficient public schools in the territory of the Southern Baptist Convention, especially in the rural districts. In this connection it is pointed out that 37 per cent of the total elementary scholastic population of the nation is found in the South; that the rural scholastic population of the South is 77 per cent of the whole; that only one-sixth as much money per capita is expended on the education of the children of the South as on the children of other sections of the country; that only 37 out of every 1,000 pupils in the South enter high school as against 87 from other sections, and only 10 from the South enter college as against 21 from other sections.

Distributed throughout the territory of the Southern Baptist Convention are 10 educational institutions, including academies, colleges, universities, and normal schools. It is estimated that the total cost of these institutions is \$20,000,000.

paying these needs that the \$20,000,000 apportioned to Christian education will be expended.

To these institutions the denomination is looking for its trained leaders to help carry forward the work along every line contemplated in the \$75,000,000 campaign. In Texas alone there are 700 pastorless Baptist churches and probably the same proportion holds in the other states. It is hoped the campaign will call out 5,000 volunteers for ministerial and missionary work and these institutions will be asked to equip these young men and women for their work.

Last year, reports show, over 6,000 students in these institutions took voluntary courses in Bible and mission study; nearly 4,000 of them attended student prayer meetings; ministerial students pastoring churches raised more than \$80,000 for church benevolences and led more than 10,000 people to profess Christ. The campaign hopes to result in enrolling 35,000 young men and women in Baptist schools within the next five years.

The South-wide institutions that will benefit from the campaign include Southern Baptist Theological Seminary and Women's Training School at Louisville, Ky.; Southwestern Baptist Theological Seminary and Women's Training School at Fort Worth, Tex.; Baptist Bible Institute, New Orleans, and Negro Theological Seminary at Nashville while aid will be given to every Baptist institution of learning in all states of the convention territory and to new Baptist colleges that will be established in Arkansas, Florida, Illinois, Louisiana and New Mexico, along with one somewhere in the region of the Appalachian mountains yet to be definitely located.

BAPTIST CAMPAIGN COMES CHEAPLY.

Expense in raising the \$7,000,000 sought by the Baptists of the South in their 75 Million Campaign will be borne by the people of the South. It is estimated that the total cost of these institutions is \$20,000,000.

Relief From Big Fuel Bills

SAVE at least 1-3 to 1-2 your coal bill this winter. At the high price of fuel this saving should more than pay for this wonderfully efficient

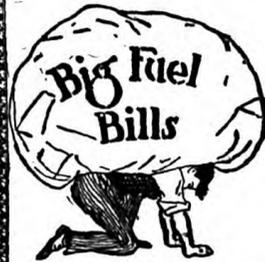

Cole's Original Hot Blast Heater

For Hard Coal, Soft Coal, Slack,
Lignite, Wood and Lighter Fuels

1-3 Fuel Saving Guaranteed

Burns the cheapest grade coal clean and bright. Remember that soft coal is half gas. This valuable half of your fuel money escapes up the chimney and is wasted in other stoves. Cole's Hot Blast Fuel Saving combustion (see open cut) stops this needless waste and saves and utilizes the gas half of the coal wasted by other stoves and turns it into warmth and cheer for your home.

Why be a slave to an extravagant heating plant when Cole's Hot Blast will give you perfect satisfaction for practically 1-2 your present fuel bill.

SACKETT'S GIRL

By IZOLA FORRESTER

(Copyright, 1916, by the McClure Newspaper Syndicate.)

In the old days, Captain Nochole said, there had been a false beacon lighted up regularly on Sackett's hill, and that was why, in the beautiful white sand along the curving, wide shore you found skeletons of schooners and all manner of ancient wrecks. Even 200 years had failed to wipe away the shadow of responsibility in the eyes of the harbor, and Polly Sackett always walked across Fountain square to the general store with her head just a trifle higher than was necessary on account of the old blot on the family honor.

But Benjy Sackett, her father, was genial and rotund, and far too fond of spending his leisure hours at the Three Kittens to worry over what the harbor thought about his ancestors. Polly would come from the village along the narrow board walk that guided the wayfarer over shifting sands until the dunes were reached. And half way from the square there was the hollow, a natural bowl scooped out by nature to form a shelter for the old, ramshackle yellow tavern known as the Three Kittens.

Here Polly would pause and look inquiringly over at the open, hospitable side door, wondering if her father were inside. But never would she herself cross the stretch of clover and sorrel strewn sand to find out. If Rod Kennedy happened to come to the door to look out at her, she would give her head a quick, defiant shake, and go on

Would Pause and Look Inquiringly.

to the dunes. And Rod would stroll back into his father's place and persuade the old man it was time to go home.

He had been sent away from the island to school for years, and had lost the memory of Polly as she grew up. Somehow, it had become a sort of fact that when the day came, the Three Kittens was to be dismantled and sold to Peter Gaffney as a general food and supply store. Peter waited the day patiently, passing the time down along the docks in daily conferences with the ex-captains who sat there in the sun.

Rod had planned after the sale to leave the island and go away somewhere. Anything rather than spend his life on the post of the islanders, content to wait for the weekly boat and go by the turn of the tides. But Polly had upset his plans, although all she did was to pause on her way from the village to look up at the yellow house and wait for her father. And for her sake he kept an eye on old Benjy Sackett.

Benjy's principal indulgence had been cribbage until the Flying Squirrel put into the harbor from a Jersey port. That night poker was introduced to the little company up at the yellow tavern, and before Benjy Sackett managed to navigate home he had not only lost every cent he possessed, but had also signed a paper giving "in consideration of the sum of one dollar" a deed of sale to his 40 acres along the shore.

Rod had been over to the glee club in the yacht clubhouse. When he returned he met the two men from the Flying Squirrel coming from the yellow house, and they were laughing to gether. The next day all of the harbor knew what Benjy had done and that the paper would hold in law because it was signed in the presence of witnesses. Only Rod thought deeper than the surface of things. Why had strangers put into the harbor from a Jersey port, come deliberately to the island, and hold Benjy Sackett to a deed of sale? The answer was not far to seek. The man who had done this was a lawyer, and he had had some idea where the old false beacon had been. And in his own mind he had no doubt that he could hold in law a deed of sale to Benjy Sackett.

The man who had done this was a lawyer, and he had had some idea where the old false beacon had been. And in his own mind he had no doubt that he could hold in law a deed of sale to Benjy Sackett.

He avoided Polly's eyes, pursing his lips, and meditating. And while he tried to the two tell when they entered possession, Rod came up the narrow, gravelled walk bordered by sand shells. Slowly Polly's heart turned to him for help at that moment, he looked so resourceful and fearless.

"Good day, Mr. Sackett," he called cheerily. "Thought you might need a little help on this deal. Did Polly sign that deed, too?"

"Only the owner's name is necessary," said Tuttle, the older man, curtly. "Mr. Sackett's willing to abide by what he did. Is it your business to interfere?"

"I think so," answered Rod quietly. "We're all neighbors here on the island, you see, and my father's taken a good deal of Mr. Sackett's money the past twenty-odd years. I can't stand by and see him lose everything now. Mr. Sackett, I've taken the liberty of looking up the old deed, and your wife's name was on it as part owner, since her dower money went into the purchase of it. Under our law here you are not sole owner now, since I had found on record her will, leaving all she possessed to her daughter, Mary Elizabeth Sackett. Polly's name would have to go on that paper to make it legal, and the piece is still yours and Polly's."

"You talk just like a real lawyer," sneered Tuttle.

"I am a real lawyer," Rod smiled. "Only I hadn't had a chance to practice here. I think that's all gentlemen, only this." His eyes narrowed keenly. "We have a constable here. I've given him your record from the police at New Jersey ports. You've played this trick at a good many village ports along the shore, and you've set a record for quick sales. You'll find our Mr. Gaffney is waiting for you down at the dock where your boat lies. That's about all."

Benjy walked after the two, chuckling and happy, but Polly stood by the pink and red hollyhocks, looking down at the little oval flower beds along the walk, her heart beating fast as she listened to Rod.

"You know I did it most of all for you, Polly," he said. "I couldn't stand and let those fellows get away with a deal like that, of course, but it was you I thought of all the time. Why won't you speak to me, or be friendly?"

"Because you belonged to the Three Kittens," she said hesitatingly. "I thought you were just going to keep it forever."

"Would you leave the island and go with me?" he asked. "We went to school together, Polly, and you always were my girl then. Why do you treat me so now?"

"I guess I must have been jealous of you, Rod," she laughed helplessly. "I wanted to go away and study, too, and I hated to stay here all my life, and you were free to do as you pleased. It seemed as if I'd be Sackett's girl to the end of the chapter."

Rod's arm closed about her. The little windbreak of beach trees and willows hid them from view.

"I'll be married at the chapel," he said, "just when you say, Polly, and after that we'll leave and retire from business, and your father to settle down up here as he likes, and we'll go away traveling until I find a place where I want to hang up my shingle and settle down, too. Do you like that?"

Polly nodded her head quickly, her eyes soft with tenderness.

"Wouldn't it be queer, Rod, if we just came back home, after all," she whispered, looking off at the blue sea and the broad, sandy shore. "Remember what you wrote me once, the first year you were away:—

"Over the world and under the world and back to you at last."

"Only you didn't know you were going with me, did you?" he laughed.

Where Fish Explode.

To the Russian people Lake Balkal, in eastern Siberia, is a holy lake, and they believe both the lake and its surrounding country are endowed with supernatural powers and inhabited by unearthly beings.

All kinds of weird tales mingle with their explanations of any feature of the lake. Even so simple an object as a great rock lying in the middle of a river just where it flows from Lake Balkal takes on a mysterious significance. If this stone were to slip from place, they say, the whole of Lake Balkal would pour out of its basin and flood the river and probably the continent.

But there are actually many strange things about Lake Balkal. There is, for example, a species of fish that inhabits the deepest part. These fish have been seen by few persons, for as soon as they are lifted out of their accustomed atmosphere of high water pressure, they explode.

Probably First Game Law.

What is believed to be the first game law for the protection of birds is found in Deuteronomy 22:6—"If a bird's nest chance to be before thee in the way in any tree, or on the ground, whether they be young ones or eggs, and the dam be sitting on the young or upon the eggs, thou shalt not take the dam, and the young but thou shalt in any case let the dam go, and take the young to thee."

A Safe Move.

"I should hate to have a husband who argued. I shall try to marry a lawyer."
"Why, lawyers are the very men who argue."
"Not without a fee."—Boston Transcript.

The Public Utility

ITS FUNCTION

The duty of a public utility is to serve the public. It must not only take care of its present customers, but must also provide for a constant growth in customers, which means increasing its plant capacity and enlarging and extending its lines, etc. The public utility must be prepared to take the business when it comes—it must take the bad with the good—in short, its function is to serve the whole public with good service, at fair rates and without option or discrimination on its part as to the most desirable or most remunerative business.

ITS OPERATION

Differing from any manufacturing or private business which operates only during, say, eight hours a day, and where operations are carried on out of the sight of the public's eye, a public utility must operate 24 hours a day, 365 days a year, and at the same time its service is constantly before the public, and the slightest failure in its complex system is immediately seen through the interruption of its service. The operation of a public utility, especially under present day conditions necessitating the most efficient and economical methods and system of operation, requires, first, plants, transmission and distribution lines of the most modern design and equipment, and secondly, a personnel or organization to properly operate same and correct trouble in the shortest possible period.

ITS RATES

A public utility to render proper service, and to provide service to take care of the communities' growing demands, must charge for its service rates sufficient to pay the cost of efficient operation of its system, provide repair and maintenance of its equipment, pay taxes, provide for renewals and replacements of its equipment, and pay a fair rate of interest or return upon the capital invested. Its charges for the several classes of business must be apportioned on the most equitable basis.

ITS REGULATION

A public utility like all other businesses is under the control of its officers and directors. It is, however, regulated by two outside sources which are more powerful and which in fact govern and control its every operation. The first of these is the Public Service Commission which has jurisdiction over the utility's rates, service, and in fact its entire functioning—requiring the testing and sealing of each meter by its representative, approving all issues of securities, specifying the kind and quality of service method of keeping accounts, etc. The other source of regulation is the Public. Coming as it does under the constant eyes of the public, the utility must furnish good service at fair rates—otherwise it cannot successfully grow, and unless a utility grows, it is doomed to failure. It, therefore, must please the public.

The above we believe outlines the status of a public utility, and provides a mental yard stick by which we must measure ourselves. In the next issue we will try to outline our standards and see whether or not we meet the requirements set forth.

Salisbury Light, Heat & Power Co.

If it isn't Electric, it isn't modern

18 cents a package

If you want to know what rare and unusual enjoyment Camels provide smoke them in comparison with any cigarette in the world at any price!

CAMELS are a cigarette revelation any way you consider them! Take quality, or refreshing flavor and fragrance; or, that wonderful mellow-mild-smoothness you never before got in a cigarette smoke! Yet Camels are so full-bodied and so full-of-satisfaction you marvel that so much delight could be put into a cigarette!

Camels expert blend of choice Turkish and choice Domestic tobaccos makes them so irresistibly appetizing! And, the blend explains why it is possible for you to smoke Camels liberally without tiring your taste! You will prefer Camels to either kind of tobacco smoked straight!

You'll realize pretty quick, too, that among the many reasons you smoke Camels is their freedom from any unpleasant cigarette aftertaste or unpleasant cigarettiness!

Once you know Camels you won't take much stock in premiums, coupons or gifts! You'll prefer Camel quality!

SOME OBSERVATIONS OF THE MAN ABOUT TOWN

Scientific Dam Building Vs. The Old Way Of Doing Things.

NEW DAMS GO OUT—OLD ONES STAYED IN.

Wisconsin County's Experience Has Not Been Very Satisfactory With The New Methods Used At Allen And Tony Tank.

The Man About Town drove down to Tony Tank and Allen the other day and took a look at the wreck of these two mill dams and noted the fact that each of these dams have practically blown out twice during the past year, costing taxpayers and State a very large sum of money; and still we have no dams. It is passing strange that both these concrete bridges and the dams were constructed under the direction of State Road Engineers who are supposed to know their business especially from a scientific standpoint, and that each of them should have withstood for so short a time the ravages of storm and water.

It is almost certain that both these mill dams and the old wooden bridges which covered the opening had previously stood the storm and ravages of 50 to 60 years without the least damage from the pressure of water behind them. These old bridges and dams were constructed by experienced old mill wrights of the James Disharoon and Frank Disharoon type who never spent a single day of their lives either in high school or have ever dabbled into scientific engineering projects of the higher class but yet they had that hard horse sense knowledge of the make-up of the land and the condition of the river bottoms which enabled them to construct bridges and dams in the old time methods which withstood all water pressure and overflows without the least trouble. It is said that in the State of Maryland during the summer of 1919 there were more than 35 bridges and dams, many of them built of concrete which were washed out, some of these being of scientific construction by well known engineers to replace old wooden dams and bridges which had stood for 50 to 100 years previous.

Looking at these present day methods from a common-sense standpoint, one is led to believe that while engineering is a great achievement, very often there is too much engineering and too little real horse sense used in public improvements in the country districts. For instance, it is said that in putting in the concrete bridges at both Tony Tank and Allen, the engineers refused to use piling on which to rest the concrete foundation, claiming that the driving of piling was a thing of the past in scientific bridge building. The result was that pouring the concrete on mud bottoms failed to make a foundation of sufficient solidity to carry the weight of the bridges with a high pressure of water against them. The contention of the two Disharoons who were no doubt the most competent mill wrights we have had in this section for many generations, was that the bottoms of all the mill streams on the Eastern Shore is of soft mud and there being no clay foundation or rock formation, it was always necessary if you expected a dam or bridge to withstand the water pressure to first pile before putting in concrete or timbers for the structure. In building these concrete bridges on the new scientific plans, the engineers removed mud silt and resting on piles had formed a foundation for the past 50 or 100 years and in the place of these soft mud foundations, new method concrete foundations were laid and in most cases, they washed out and caused serious loss to the taxpayers and the property owners. When the Allen mill dam was reconstructed for the new state road, the engineers were prevailed upon by some of the old residents of Allen who had watched the water of the creek gather in force every spring and fall for many generations, to leave more extensive openings through which this waste water could pass when these floods came down, but the 20th century engineers refused absolutely to take suggestions from a layman as to the methods of constructing a piece of high grade engineering work. The best evidence that the old residents were correct in their prognostications that this bridge would not withstand the water pressure is the fact that today it is lying down stream somewhere and the work is being done over at a cost of many thousands of dollars to the State. This goes to prove that one cannot always get the best thought and information from books but that often a talk with a country man who has never seen the portals of an engineering school or college can be used with considerable advantage if listened to.

MAN ABOUT TOWN

Your Better Judgment Will Select This Store As The Place To Buy Furniture

Not only are prices very moderate but the quality of every piece of Furniture in our store is far above the average. A visit to this big Furniture Store will disclose many wonderful values that will invite your immediate selection.

The Prices are Unusually Moderate.

Two Big Stores **T. F. HARGIS,** Pocomoke City, Md.

WANT THOUSAND MEN FOR THE CHEMICAL WARFARE SERVICE.

The army wants 1,000 recruits for the above service. Recruiting officers at Camp post and stations in the United States are authorized to enlist men under the following conditions: Only white men will be enlisted for a period of 1 or 3 years. It is desirable, though not essential that men for this service have chemical or engineering experience. This is a most interesting branch and deals with the preparation of the five different kinds of gases used by the Huns in the World's War. The following men enlisted during the past week: Elwood Gullett of Salisbury for Motor Transport Corps at Camp Halabid, Md., and Thomas Swift and William Carter of York, Pa. for the Infantry, A. E. F., Europe. Men desiring to see France had better get a move on, as a great many are now enlisting all over the country for Europe and all enlistments for the A. E. F. will soon be closed.

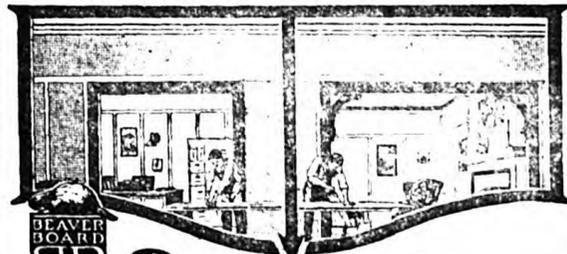

Boat Line To Western Shore.

Through the efforts of Mr. Geo. W. Nealey, a Salisbury man, who owns a large power steamer excellently adapted to this particular use, is considering the establishment of a freight line between Crisfield and points on the Western Shore. The owner of this vessel will visit Crisfield on Monday to confer with the business men of Crisfield, at the same time mapping out a route of points to touch on the Western Shore. Such a line is badly needed, and if placed in operation will open up a large territory across the bay and bring a great deal of business to Crisfield. The project should have the staunch co-operation and support of all Crisfield business interests.—Crisfield Times.

The day of harsh physics is gone. People want mild, easy laxatives. Doan's Regulets have satisfied thousands. 30c at all drug stores.—Advt.

Salisbury like all the rest of the cities of Maryland is suffering from a shortage of sugar and from appearances, this shortage will keep up for several weeks to come. Conditions are not as extreme here as they are in Baltimore City where it is said to be impossible to buy a pound of sugar in any of the grocery stores. Some of our people are receiving letters from friends in Baltimore and other sections of the State requesting them to buy packages of sugar and ship them by parcel post but as the supply here is so limited, these requests have to be turned down. For croup or sore throat, use Dr. Thomas' Eclectic Oil. Two sizes, 30c and 60c. At all drug stores.—Advt.

BEAVER BOARD FOR BETTER WALLS & CEILINGS

Rejuvenate the Office the Home

An attractive office is a fine tonic for any business. And clean, convenient, cheery stores and factories have the same stimulating effect on sales and production. Are your business surroundings working for or against you? Look over the walls and ceilings through your home. Are they all in the very best condition, relaxing, cheery, comfort and good taste? If your rooms are not all they should be—REJUVENATE them with Beaver Board, the original wallboard.

Putting new life into old rooms is Beaver Board's long suit. A few of these big, sturdy panels of knotless, crackless manufactured lumber; hammer, saw, nails, some attractive wood trim and a little good paint are all you need to restore either business or living quarters to more than original attractiveness.

Rejuvenation with Beaver Board is quick, easy, pleasant work and the results are as permanent as your floors and other woodwork. Learn the possibilities of your rooms plus Beaver Board. Free Design and decoration service.

Desirable Residence Property In Camden For Sale

With Almost Immediate Possession

As I am no longer living in Salisbury, I will sell my home on the corner of North Boulevard and Smith street.

This is an ideal home for a family of modern circumstances that wants a home in the very best residential section of Salisbury.

The lot on which this home is situated is very large being 80 foot front by 118 feet deep. Concrete sidewalk front and side.

The house has 7 large rooms, 4 down and 3 upstairs, not counting the bath room, nice large halls, porch front, side and back, the house is electrically lighted throughout. There is also a nice two story garage on the premises.

Property in Camden has doubled in value since this home was built and on account of the many fine homes that have been built near this property and the scarcity of homes in Salisbury, property will continue to increase in value. It is almost impossible to build now on account of the high cost of labor and material.

Buy this home already built, it will be a snap for some one.

SALISBURY WITNESSES

The Names of Salisbury Persons Familiar To All.

What are the witnesses? They are Salisbury people—Residents of Salisbury, who have had kidney trouble, kidney bladder pain, who have used Doan's Kidney Pills. These witnesses endorse Doan's.

One Salisbury resident who speaks is—W. F. Bounds, mason, 110 William St. He says: "I was troubled with a lame back and other signs of kidney complaint. The kidney secretions were scanty. When I bent over to put on my shoes, or did any other stooping, I found it hard to straighten up, because sharp pains caught me in the small of my back. I finally heard of Doan's Kidney Pills and bought a box at the Collier Drug Co. I have had no further kidney trouble since using them and recommend them very highly to anyone suffering as I was."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bounds had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.—Adv.

AJAX TIRES

TO BUILD BRIDGE AT OR NEAR WHITE HAVEN

To Connect Wicomico And Somerset Counties Instead Of By Ferry.

WILL BE MADE A TOLL BRIDGE FOR ALL USES.

Project To Be Handled By A Corporation Under A Special Act Of The Legislature Passed In 1896—Books Now Open.

The following very interesting notice appeared in the last issue of the Wicomico News:

NOTICE.

Notice is hereby given by the undersigned Commissioners, in pursuance of the provision of Chapter 476, of the Acts of the General Assembly of Maryland of 1896, that books will be opened at the Bank of White Haven, at White Haven, Wicomico County, Maryland on and after November 1st, 1919 for receiving subscriptions to the capital stock of the White Haven Bridge Company, to construct a bridge across the Wicomico River at White Haven.

Daniel J. Elliott,
Otis S. Lloyd,
William K. Leatherbury,
G. E. Beckler,
H. V. Roberts,
W. L. Holliday,
Lewis Pusey,
Commissioners.

At the session of the Legislature of 1896, a bill was passed having for its purpose the building of a toll bridge across the Wicomico River at White Haven to connect Wicomico and Somerset counties so as to get away from the old White Haven ferry route by which people were able to get from one county to the other. This bill has been dormant all these years as no attempt has ever been made to build the bridge but with the waking up of the town of White Haven under the leadership of Mr. H. W. Robertson and several of his associates in the ship-building business, it was decided to resurrect this old act of the Legislature and to organize a corporation with sufficient capital stock to construct this bridge between the two counties.

The matter has been placed in the hands of Williams & Williams, attorneys, who will look after the legal end of the proposition as there may have to be some amendments to the Act of the Legislature made at this coming session. But it is believed that sufficient interest can be aroused in the two counties to raise the necessary means to build the bridge which of course, will have to be a draw or lift bridge. It is the purpose of the corporation, as we understand it, to make it a toll bridge and with the immense amount of automobile traffic in this section of the county, there is little doubt but that the proposition can be made a paying one.

The convenience which this bridge would add to the citizens of Somerset and Wicomico counties as well as Worcester counties, can hardly be estimated and its building would greatly aid in the further development of White Haven. With the large boat building program now going on there, the institution of a bank and other developments which will be coming along, the town is bound to grow in importance and with the construction of this bridge, its growth would be much faster and the value of real estate in the village would be added to very greatly. Therefore the residents of White Haven, especially as well as the people of Tyaskin district could well afford to invest some money in this proposition. The old method of ferry transportation is out of date and the travel between the two counties grows larger all the while and the danger of transporting automobiles across in this ferry boat makes it all the more necessary to have more up-to-date methods of communication between the two counties. The business people of Princess Anne could also well afford to take stock in this bridge company as they would derive some benefits and the business men of Salisbury could very well afford to invest in the project because they would draw from a section of the country by having this bridge that they are not now in communication with.

Wicomico Co. Man Gets Advantage.

A letter from Naval Commander Weems to the News, states that "Marion Howard Austin, of White Haven, Md., now serving with the U. S. Naval Forces, has been recently promoted from a Fireman to Hospital Apprentice and is now in line for promotion to Pharmacist's Mate.

"Young Austin enlisted at this station and we are naturally interested in seeing him pushed up the line and wish him every success."

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

RANKS FIRST IN NATIVE BORN

Pennsylvania Leads All Her Sister States, Even With Its Record of Immigration.

Traveling through the state of Pennsylvania, one quickly gathers the impression that it is peopled with foreign born, writes John Oliver La Gorce in the National Geographic Magazine. Its vast industries have laid heavy drafts upon the labor markets of the world in times gone by, and for years not a ship that carried an immigrant to America came without a quota bound for the iron, steel and coal centers of the commonwealth.

An analysis proves, however, that even with the influx of alien labor, Pennsylvania outranks every other state in the Union in the number of sons and daughters of native parentage. Even New York has 1,000,000 fewer people whose parents were born under the aegis of the American flag.

Still, the state is distinguished for its great number of foreigners. No other state has so many Welsh, Austrians or Hungarians. It has more Welsh than County Radnorshire, more Austrians than the province of Salzburg, more Hungarians than any two cities in Hungary, Budapest excepted. It has as many English as the counties of Cambridge and Oxford together; as many Irish as County Kerry; as many Scots as County Clackmannan; as many Russians as the government of Kharkov.

THEORY PROVED ALL WRONG

New Idea of Brain Development, Started at English College, Was Quickly Dropped.

Doctor Allington, head master of Eton, gave an address at a meeting of the Windsor branch of the Workers' Educational union in the library at Eton college a few days ago.

Touching on the development of the brain, Doctor Allington said that an eminent scientist discovered that by using the right hand they developed the left side of the brain. It was thought that by using the left hand the right hand side of the brain could be developed, and it was decided at Eton to start the boys writing with the left hand. However, another eminent scientist later found that if they developed both sides of the brain at once they became idiots, and the experiment was hurriedly discontinued.

LEICESTER AGAIN A CITY.

The mayor of Leicester has received a letter from the home secretary announcing that "his majesty has been pleased to approve the restoration of your ancient town to the status of a city." The announcement, following so quickly upon the royal visit to Leicester, has given great satisfaction to all classes.

Leicester, Ledecestre, or Leyecestra, was called a city in Domesday. On the subdivision of the Mercian See in 679 the district was formed into a separate bishopric, having its See at Leicester, the first bishop being Cuthwine. The last Bishop of Leicester was Leofwine, who died in 874, and in 1078 the See was united with that of Lincoln, at which date the dignity of being a city was lost.—London Telegraph.

WILL BE UNIQUE MAP.

Every square inch of the surface of the United States will be photographed from airplanes in the preparation of a topographical map of the country, which is being planned, according to an announcement in Popular Mechanics Magazine. The photographs will be pieced together and the mosaic will show every detail. This sort of a map is considered necessary by aviators before full use of the airplane will be possible. No map in existence takes in all that the proposed photographic map would show.

POLAND'S POTENTIAL WEALTH.

Poland possesses natural resources that under proper conditions should assure it a splendid industrial future; that is, coal, iron, zinc, lead, salt, petroleum, etc., and also water power. Industry was highly developed there before the war.

SHEFFIELD'S WAR RECORD.

The city of Sheffield, Eng., contributed 70 per cent of the war material furnished by private firms in Great Britain during the war, according to a pamphlet issued by the city council.

These Tires Are a Revelation

The Brunswick is frankly a combination of the best in tire building.

There is one tread that's supreme beyond question. And that is now on Brunswicks.

There is one side-wall construction, which, by every test, holds the summit place for endurance. And that one was adopted for Brunswicks.

Fabrics differ — up to 30 per cent — in their strength tests. On Brunswicks the maximum long-fiber is the standard.

There are certain additions, each one expensive, which add vastly to tire mileage. The Brunswick embodies all these extras.

There are no patents, no secret formulas to prevent any maker from building the best. It is simply a question of knowledge and skill — cost plus care.

Brunswick standards are known the world over. The very name certifies an extraordinary tire. Yet Brunswicks cost no more than like-type tires.

Buy ONE Brunswick. It will prove that a better tire cannot be bought, regardless of price.

HOUSEHOLD BUDGETS HELP TO SAVE MONEY

Valuable Plan Described in Folder Which May be Had for Asking—System Makes Wise Spending a Certainty.

Household budgets with accounting columns attached are now on hand to be distributed to progressive women who desire to know where the money goes in order to stay it going. Just as balancing one's meals is conducive to the physical well-being of the family, so apportioning the monthly income to suit the monthly expenditures makes a household healthier financially. It is claimed by experts in home economics.

Instead of the dreaded conference at the end of each month when husband and wife rack their brains to know where all the dollars have gone, in neat little figures totaled at the bottom of long columns one finds just how much went for food, for clothing, for rent, for recreation, for charity, for doctor's bills. And best of all, there is the savings column which records what is left for the education of the boy and girl or for the washing machine and vacuum cleaner which will eliminate so many weary hours.

From the woman's division comes encouraging news that women of the Fifth Federal Reserve District are in rapidly increasing numbers making known their desire to place the conduct of the household on a business basis. The day has come, it is claimed, when the housewife sees the family income as a whole, and when upon her shoulders is placed an equal share with her husband of the responsibility of making the family income provide for the family needs.

The budget is based on annual incomes ranging from \$900 to \$5,000. It is prepared for the average family and since, after all, there is no average family, the items must be considered flexible, to be bent to the individual need. An estimate has been made of the amounts of money which should be spent for the necessities and luxuries of life.

Announcement has been made that budgets may be had by addressing a request to the Woman's Division of the War Loan Organization, Richmond, Va.

GOING TO THE RHINE

Get a lassie meet a laddie, going to the Rhine,
Here's a lass would help her laddie, Savings Stamps I'm buyin'.
Every lassie has a laddie; And I think of mine,
But all the lads they smile at me When Savings Stamps I'm buyin'.

Order Of Turning Worm

The founding of the "Order of the Turning Worm," by present victims of the H. C. L. is proposed by Burt Leston Taylor, Chicago "colonyist." Consistent thrift and saving, best practiced by investment in War Savings Stamps and other government securities, will enable any "worm" to rise right up and smite high costs or any other enemy.

Thriftiness begets affluence—A War Savings certificate does it.

Better buy those War Savings Stamps while you are thinking about it.

LONE SOLDIER HALTS ADVANCE OF GERMANS

Planted Machine Gun in Abandoned Tank and Mowed Down Huns Like Hay Before Sickie.

There is a regular soldier still in France who is going to get the Congressional Medal of Honor. To him was given the supreme honor of breaking up a German attack all by himself, an attack, if it had been successful, that would have decided the fortunes of the battle in favor of the Hun.

And he is noted that he could have very well said to himself on that occasion that he "could not afford" to remain where he was, a target for the whole German army.

He could have very easily placed himself in the attitude some people have taken toward the Liberty loans and the War Savings campaign. He was just an American army corporal, a Yankee non-com, but he didn't try to shirk any responsibility.

It happened near Verdun, in the 27-day battle of the Argonne. The regiment to which the corporal belonged was pretty badly shot up. The Huns had thrown out smoke screens and were attacking the Americans hard. The lone soldier was falling back with the others when he sighted a disabled French tank and a German machine gun. He planted that Hun rapid firer in the French tank and got busy. From his station he commanded a hill top over which the Boche must advance. As they came on in battalion formation he "sawpt them down" to use his own words, "like hay in front of a sickle."

He had no one with him to feed that unfamiliar machine gun, remember. The water jacket on the gun boiled dry from the stream of bullets that kept spurring into the German masses. He emptied his canteen of water into the jacket and cooled it off a bit, and went methodically to work again, killing Germans. All the time he was firing German cartridges collected from behind the tank.

He was on the job and doing what he had been trained to do, and what America sent him over to do. Finally the Huns called for a barrage to get that lone gunner in the smashed tank. They sent over something like 300 six-inch shells in an effort to put him and that gun out of action. "None landed," he reports.

That sort of American spirit is needed now to make the coming generation a prosperous and thrifty one. To make America solid before the world for all time to come, each one of us must "stand his ground" and do his part in this work of reconstruction.

We can no more afford to ignore the principles of thrift and saving and the splendid opportunity our government offers for saving and investment, than could the soldiers of America on French battlefields. We have a task to take care of that is ours and ours alone in this work of reconstruction and thrift.

HAVE YOU GOT \$24?

A man bought Manhattan Island for \$24.
The point to this story is that he had the \$24.

There are scores who complain cofferously and frequently that the road to wealth is always blocked. Yet when a small opportunity comes up, the capital necessary to take advantage of it is lacking.

Where is the man so poorly paid in the United States today that he cannot save a fraction of his pay each week? And where is the man so poorly paid that he cannot save a fraction of his pay each week? And where is the man so poorly paid that he cannot save a fraction of his pay each week?

Give the world the once over

LISTEN, fellows, to some straight talk. Many a man when he gets to be 40, misses something. He may have lots of money, and a fine family but—

He never "got out and saw things". After he gets settled down, it's too late.

Every man wants to see the world. No man likes to stand still all his life. The best time to TRAVEL is when you're young and lively—right NOW!

Right NOW your Uncle Sam is calling, "Shove off!" He wants men for his Navy. He's inviting you! It's the biggest chance you'll ever get to give the world the once over!

The Navy goes all over the world—sails the Seven Seas—squints at the six continents—that's its business. You stand to see more odd sights, wonderful scenery and strange people than you ever dreamed of.

You'll work hard while you work. You'll play hard while you play. You'll earn and learn. You'll get, in addition to "shore-leave", a 30-day straight vacation—which is more than the average bank president can count on.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

Shove off! -Join the U. S. Navy

EAGLE PENCIL COMPANY, NEW YORK

THE MAN WHO CAME UP FROM THE RANKS

Career Of President F. H. Bethell Reads Like A Romance.

ROSE FROM ERRAND BOY TO PRESIDENT OF COMPANY.

He Managed A Business Of \$100,000,000 Per Annum And Provided Telephone Service For More Than 2,500,000 Telephone Subscribers.

Frank H. Bethell, president of The Chesapeake and Potomac Telephone Company and Associated Companies, and active head of the Eastern group of telephone companies of the Bell System covering the Middle Atlantic states, has announced that he will resign from the telephone companies to become president in charge of financing of the White Oil Corporation a new combination of oil interests being formed by a group of prominent New York bankers.

Mr. Bethell, as the active head of the Bell System's entire Eastern Group of operating companies, has had under his management the providing of telephone service for more than 2,500,000 subscribers in Maryland, Virginia, West Virginia, Ohio, the District of Columbia, Delaware, New Jersey, Pennsylvania and New York, and the direct supervision of expenditures in excess of \$100,000,000 annually.

Mr. Bethell's first position in the telephone world was that of a messenger in 1890, with the New York and New Jersey Telephone Company in Newark. From this position he was promoted rapidly through the various grades. He became connected with the Chesapeake and Potomac Companies in 1904 when he was appointed General Manager with headquarters in Washington. He was elected President of the Chesapeake and Potomac and Associated Companies on January 1st, 1912 and since that time particularly has made numerous visits and many friends in this territory.

With reference to his new duties Mr. Bethell said: "While I shall at once take up actively the duties that attach to my office in the White Oil Corporation, I am going to continue as a director in the telephone companies with which I am connected, and I shall give to those companies the same loyal support that I have always given them, and which they have received and will continue to receive from the men and women with whom I have for such a long time been associated in the great telephone industries."

H. B. Thayer, president of the American Telephone and Telegraph Company, said that he was extremely sorry that the business was to lose Mr. Bethell as an officer of a number of the constituent companies in the Bell System, but that his experience in and knowledge of the business would still be available as Mr. Bethell will continue to serve as a director.

Mr. Thayer further stated that while no definite plans had been made, the present organization would not be disturbed and that all officers, and employees now reporting to Mr. Bethell will report to H. F. Thurber, vice president.

Grace And Stenge Church Notes.

The parent "Youth and the New Day" was beautifully rendered at the Rally Day service in Grace M. E. Church last Sunday morn.

The Church was appropriately trimmed with the flags of all nations, in harmony with the program of the day. The school attendance was 165, and a good collection was received.

At the conclusion of the program a most appropriate and impressive address was delivered by Dr. Worthington B. Slutz, secretary Missionary Centenary Meth. Episcopal Church. At night revival services were held. Grace church is in the midst of a gracious revival of religion and souls are converted nightly.

Next Sunday will be Missionary Day in the Sunday School.

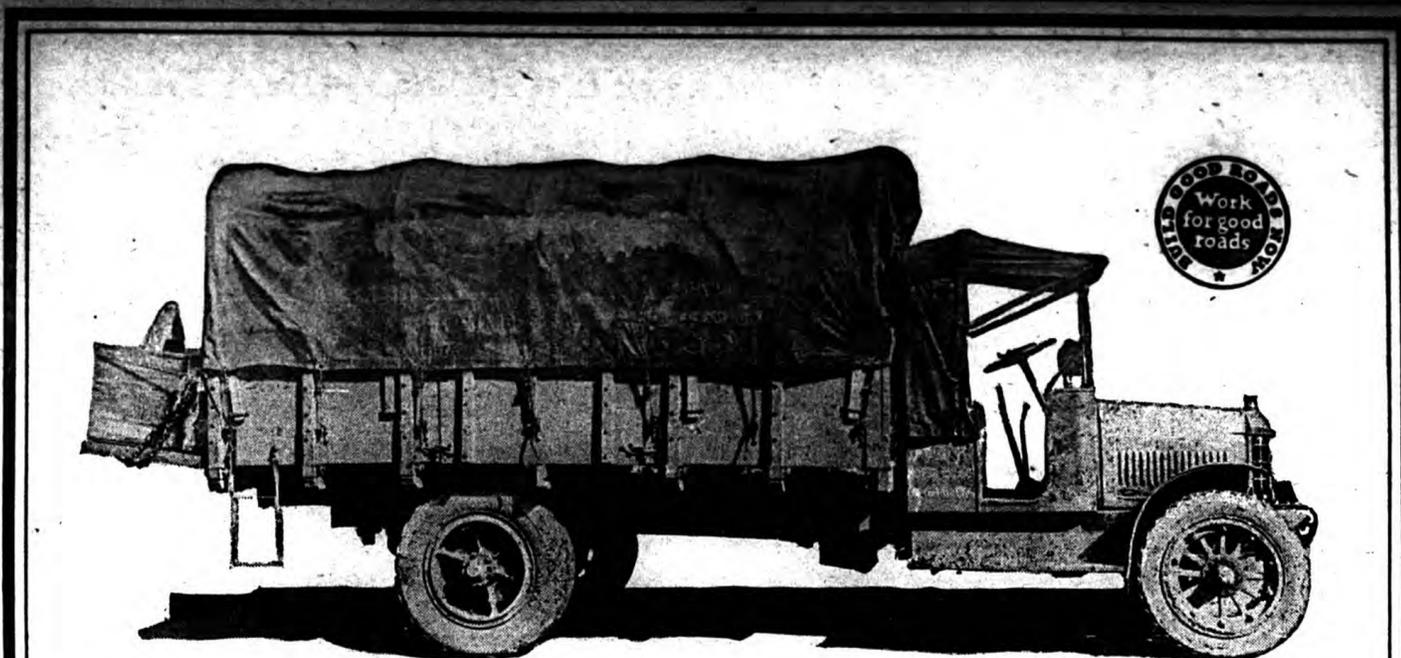

At Stenge (Riverside) next Sunday the Sunday School will meet at 1:45 p. m. There will be no preaching service, in order to give the congregation an opportunity to attend the Soldiers and Sailors Memorial service to be held in the Armory at 3 p. m.

Mr. Palmer Shockley the Superintendent of the School who has been ill in the Hospital, we are glad to know is rapidly recovering.

Mrs. Ronie Heath and Miss Velma Smith of Grace have been appointed delegates to attend the Salisbury District Epworth League Convention to be held at Fruitland Nov. 5, 6, 7.

Indigestion, Biliousness, Constipation.

Chamberlain's Tablets have restored to health and happiness hundreds who were afflicted with indigestion, biliousness and constipation. If you are troubled in this way give them a trial. You are certain to be pleased for they will benefit you.—Adv't.

This Tire Service Reduces Truck Costs

BY studying your hauling work, we determine the type and size of Goodyear Truck Tire best suited to it.

This is the first step—and a mighty important step—in our complete cost saving service.

It is oftentimes amazing what a reduction in trucking costs is secured by care in selecting tires. We carry Goodyear Solid Tires, Goodyear Cushion Tires and Goodyear Pneumatic Cord Truck Tires in stock and have full confidence in them.

Then we enable you to make further cost reductions by applying tires with promptness

and safety. Every detail of the work is carried out according to our shop plan.

And we save the time of drivers and trucks also because we have plenty of parking space, a big hydraulic press and a well-equipped workshop.

After the application of tires, we inspect them regularly for signs of undue wear or for injuries. For all adverse conditions, taken in time, we have an effective remedy. Precautionary treatment means getting the final miles out of your Goodyear Truck Tires.

Let us furnish you proof of the cartage-cost savings which our service is effecting for others.

Goodyear Truck Tire Service Station

R. D. Grier & Sons Co.

SALISBURY, MD.

WHAT THE SCHOOL BOARD IS DOING THESE FALL DAYS

Last Meeting Transacted Following Public Meeting of Interest.

At the last meeting of the School Board held on the 15th of October, the following business of interest to the public was transacted:

The Board directed the County Superintendent to accept the Sharp town Building whenever the architect had passed on extras and omissions as required by the plans and specifications.

The Board directed the County Superintendent to accept the Willard Building when it was completed as required by the plans and specifications.

The Board accepted the resignations of Miss Mary R. Larmore and Miss Hester W. Bounds.

The Superintendent was given permission to purchase a set of tools for the use of the Colored Supervisor.

The Board decided to give the school children of the county an opportunity to contribute to the Roosevelt Memorial Fund.

Mrs. Leopold Springer, of Baltimore, and Miss Jeanette Sparrow, of Oklahoma City, Okla. are guests of Mr. and Mrs. James B. Culver, Texas.

Will Accept Terms of Parsons Will.

The Board of Managers of the Salisbury Home for the Aged held a special meeting last Friday for the purpose of passing Resolutions accepting in the name of the Home the bequest made under the will of the late John B. Parsons to this local institution. By the terms of the will, the Board of Managers decided to accept whether or not they would accept the will in all its provisions, and after going thoroughly over the matter, the Board of Managers decided to accept the same and to carry out the bequest of Mr. Parsons. At the same meeting, resolutions were passed by the Board of Managers, expressing the appreciation of the Board of the death of the late John B. Parsons, and of his family in carrying the bequest to the Home for the Aged.

Chamberlain's Cough Remedy.

This remedy is intended especially for coughs, colds, croup and whooping cough. From a small beginning its sale and use has extended to all parts of the United States and to many foreign countries. This alone is enough to convince one that it is a medicine of more than ordinary merit. Give it a trial and you will find this to be the case.—Adv't.

Leonard Parsons, one of the most highly respected colored men of this community died at his home in Salisbury last Thursday.

His funeral was held from John Wesley M. E. Church Monday of this week and was one of the most largely attended colored funerals ever held in Salisbury. Leonard Parsons was highly respected by the white citizens of this community. For many years he was in charge of the janitor service for the public schools and by his courteous manner he had won for himself a place of high esteem among the white citizens.

The British Chamber of Commerce, which through its official, Mr. N. P. Nichols, visited the Fire Resisting Fireproof Building in New England, recently announced the Fire Loss of this country in 1918 to be the enormous sum of \$290,959,885, and says: "There are two things which stand out above the rest, that will tend to lessen our abnormal annual loss and bring about a lower fire insurance rate: 1 The reduction and elimination of conditions causing the spread of fire. 2 Greater use of fire resisting materials." For further particulars see The Mitchell & Goslee Hardware Company, Dock Street, Salisbury.—Adv't.

Give Your Children A College Education

The plan provides that for a fixed payment every year until your boy or girl is 18 years old, we will pay an income, beginning at 18, of

\$500 a Year for 4 Years
If you should die before the child is 18, we will pay an income of **\$250 a Year until age 18, then \$500 a Year for 4 Years**
This will assure ample funds for the education of your children regardless of whether you live or die.

Ask for particulars ALBERT M. WALLS, Gen. Agent CONTINENTAL LIFE.

BEFORE IT'S TOO LATE.

Many prosperous citizens have lost their valued possessions overnight. Then they kicked themselves because an outlay of a few dollars on every thousand of valuation every few years would have left them protected and prosperous. Don't be foolhardy. Fire things are as cheap as fire insurance in the beginning, and nothing may prove more costly in the end than its lack.

APPLE RAISING GREAT SUCCESS IN COUNTY

Several Large Orchards Now Sending Fruit To This Market.

MORE FARMERS ARE GETTING THE APPLE GROWING FEVER.

No Reason Why The Eastern Shore Of Maryland Will Not Produce As Good Apples As The State Of Oregon with Proper Planting & Care.

Hon. Charles R. Disharoon, the Democratic candidate for State Senator is harvesting right at this time a very large crop of the finest Stayman Winesap apples we have ever seen grown in this county. Every day, Col. Disharoon is bringing into Salisbury from his orchard farm located on the stone road from Salisbury to Ocean City truck loads of this beautiful fruit. A sample basket of these apples on exhibition in the show window of John M. Toulson will we feel sure, stand comparison with any apples raised in the State of Oregon or anywhere else in the United States. The average crop on Col. Disharoon's fruit farm probably runs the largest in size of any apples of this kind we have ever seen. The orchard is not yet in full bearing and this is the first season when any sizable crop has been harvested, but if the orchard in the future does as well as is promised at this time, Col. Disharoon will be among the largest apple shippers in Maryland during the next two years. Notwithstanding the fact that during the terrific storm of a few weeks ago, many of the trees were slightly injured, the repairs have been made and this orchard gives promise of being one of the most celebrated in Maryland in the future.

Mr. W. F. Allen is also harvesting a beautiful crop of fine apples from his big orchard located on the Camden boulevard road to Tony Tank, and the apple raisers in the neighborhood of Hebron and along the line road between Wicomico county and lower Delaware, are shipping the finest apples this season they have ever raised. The varieties run from Grimes Golden to the Stayman Winesap, including the York Imperial and the Black Twig as well as several other brands all of which are producing better fruit than has ever been seen in this section of the State before.

Many of the old time farmers believed for years that we could not raise a good winter apple in this climate, and only the few old brands of apples were attempted here for many years, but up to date methods with proper attention to the trees, liberal spraying, and grubbing and scientific methods in planting and attending to orchards has demonstrated that we can raise as fine apples on the Eastern Shore of Maryland as can be produced anywhere in the United States and we venture the assertion that when the exhibit of fruits and vegetables is shown at the annual show in this city which will be held later in the fall that Wicomico county farmers and fruit growers will be able to demonstrate to the outside world that there is a wonderful opportunity here for apple raising and at a most profitable cost. The splendid fruit produced at the orchards of Col. Disharoon shows what can be done by the scientific methods of growing fruit and when one considers that here on the Eastern Shore and especially in Wicomico County, real apple land can be purchased at prices which will average only about twenty per cent. of that which one would have to pay in Oregon or other well-known apple raising sections of the county, it gives an idea of how much more profitable investment can be made here than there, and our farmers are getting alive to this situation and many more apple trees are being set out each year than was ever known before in this section.

Senator Orlando Harrison has for many years been preaching his doctrine of apple culture for the farmers of the Eastern Shore of Maryland and has always held to the principle that land could not be better employed or yield a more profitable return than by the planting of big apple orchards and giving these orchards proper attention after being set out. All that is now needed on the Shore is the location of a first-class high-grade storage warehouse here where these apples can be stored after being harvested and our farmers can realize eight and ten dollars per barrel for their fruit the same as the farmers of Oregon and the State of Washington.

Mr. Frank Moore celebrated his 65th birthday Monday evening at his home on Mount street by giving a party to his children and grandchildren and a few friends, which lasted from 8 until 12. Everybody reported a fine time. Mr. Moore received many useful gifts. Ices and cakes were served. The out of town guests were Mrs. George A. Moore and son of Baltimore and Mrs. L. B. Carruthers, of North Fort, Va.

NOTICE OF NOMINATION

In compliance with Sections 44 and 47 of Article 33 Code of Public General Laws of Maryland, the Board of Supervisors of Elections for Wicomico County have caused to be published below the List of Nominations for Office filed with and Certified to them under the provisions of said Article.

It's Time For A Change

THE BOND ISSUE

The Republican Party's position on the bond issue is this:

We need certain schools.

We need roads.

We propose a non-political commission of seven men to decide what roads we need most for all the people.

We propose that the School Commissioners shall have a similar survey made to determine what schools we need most.

Now a road lasts for more than one year. So does a school house.

But taxes are levied for current expenses of one year. They represent the yearly income of the County.

Only a wealthy man can build his house out of his income for one year.

We propose, instead of trying to build the roads and schools we need out of one year's income, to borrow the money with which to build them.

Then if it is thought that a road or school house will last, say twenty-five years, we will pay each year the annual interest on all the loan and also a sum slightly less than one twenty-fifth of the cost of the improvement which sums will in twenty-five years, with the interest accumulations, equal the principal borrowed. That is a sinking fund.

So we make each of the twenty-five years the road lasts pay its part of the cost of building.

That will reduce the tax rate. The levy will call for only one twenty-fifth instead of the whole cost.

Nevertheless we propose to submit the bond bill for roads and schools separately to a referendum of the people. We believe they should always decide.

Republican Local Platform

WHEREAS, the Republican Party for Wicomico County, in convention assembled, has nominated candidates for all the local offices, whom by reason of their ability and standing in this community it is a privilege to support, it is, therefore resolved that the following declaration of principles be adopted as the platform of the Party and its candidates.

1. The paramount issue in the coming election is better government by which we mean greater efficiency, less waste. The way to better government in this county lies in a complete defeat of the candidates of the Democratic Party and the election of the entire Republican ticket, the candidates on which represent not only the Republican Party but the great body of tax paying citizens who have a right to be heard in the management of the county's affairs.

2. We believe that the three things in which the people have the greatest concern are roads, schools and taxes. We believe there is no expenditure of the public money that contributes more directly to the comfort, wealth and advancement generally of our people than good roads for all of them; that the best schools we can afford are not too good for the education of the youth of Wicomico County.

3. Recognizing our tax rate is already higher than it should be, and that improvements such as schools and roads may properly be built from capital rather than from the yearly income of the county derived from taxes since such improvements last for a period of years, we propose that our delegation in the General Assembly shall urge the passage of a law authorizing the issue of sufficient county bonds to lay out a system of good roads that shall meet the reasonable needs of our tax payers, and also of a second issue of bonds for an amount sufficient to build and improve such school houses as shall be reasonably necessary for the comfort and health and proper education of our children. We propose that the two issues shall be separate and that each proposal shall be submitted to a referendum of the people.

4. In order that the roads may be built without partiality as to sections and for the good of all the people we urge appointment by the newly elected County Commissioners of a non-partisan good roads commission of seven members who shall serve without pay and who shall submit before the first day of February, 1920, a report showing a comprehensive plan for the building and maintenance of such roads as shall be approved, and an estimate of the cost, which shall be the basis of the bonding law.

We urge further that this commission shall be a permanent body to supervise the construction of the said roads and their up keep, at all times co-operating with the State Roads Commission and utilizing fully the services of the experts of the Federal Government.

5. We urge the School Board to have an immediate survey made of the needs of our county school system both as to buildings and to teachers. This survey should be made by an expert of the Bureau of Education. The School Board, with this as a basis, ought to make public a report by February 1st, 1920, by which the amount of school bonds referred to above ought to be fixed.

6. We condemn the mismanagement and inefficiency in administration which has been partially responsible for the loss of thousands of dollars to the county by reason of the failure to collect taxes after they have been levied. This loss has increased the burden of taxation on those who were willing to pay. We demand a thorough revision of the law by which taxes are levied and assessed so that county and state taxes become due and payable at the same time, and a just and impartial enforcement of the law. It is fundamental that property ought to be uniformly and impartially assessed.

7. In order that the people may know the condition of the county's finances, we demand that the report of the audit made by Haskins & Sells be immediately published. As taxpayers we have been asking for this audit for years. The audit was completed some months ago. We have paid the bill and we can imagine no reason why we should not know what it says.

8. We believe the county's affairs ought to be handled with the same efficiency and business skill as are private undertakings, always bearing in mind the cost to the taxpayer. We pledge our candidates to give that kind of an administration, fair, impartial, efficient and honest.

9. We condemn unsparingly the waste, extravagance and folly of the Harrington administration and pledge our loyal support to the Republican State Candidates, Hon. Harry W. Nice for Governor, Lt. Col. A. W. W. Woodcock for Comptroller, Alexander Armstrong for Attorney General, and William L. Marcy for Clerk of the Court of Appeals. We believe that their election will mean the rejuvenation of the State Government just as will the election of our local ticket the county.

Republican State and County Ticket

For Governor:

HARRY W. NICE
of Baltimore

For Comptroller:

LT. COL. A. W. W. WOODCOCK
of Wicomico

For Attorney-General:

ALEXANDER ARMSTRONG
of Washington County
