

MARYLAND GAZETTE.

T H U R S D A Y, O C T O B E R 1, 1767.

N A P L E S, J u l y 16.

IT is thought there will soon be some Revolution in this Kingdom, relative to the Jesuits, the King having forbid Cardinal Orsini to see the General of that Order, and directed him to discharge his Confessor, who is a Jesuit.

B E R L I N, J u l y 7. The Baron de Larrey, Envoy from the Prince Stadtholder, is still here, and his Commission is no longer a Secret. It was to demand the Princess Wilhelmina in Marriage for his Serene Highness, and he has executed it with Success. It is not certainly known when this Marriage will be solemnized, but it is generally thought that it will be in October next. The Beauty, good Sense, and amiable Disposition of this Princess, who possesses every natural and acquired Accomplishment, prognosticates the highest Felicity to his Serene Highness.

L O N D O N, J u l y 11.

It was Yesterday reported, that one of our Cruisers, on the Newfoundland Station, had taken a large French Ship in the Gulf of St. Lawrence, with a great Quantity of Goods, Arms and Ammunition, on board, and carried her into St. John's.

The French King has yielded to the last Remonstrance of his Parliament concerning the Prolongation of the Twentieth Penny, and has issued another Edict, which has been registered, and which limits that Tax to Two Years, instead of Four and a Half, as was at first intended.

It is said that the Difference which has so long subsisted between Two noble Brothers, the one in, and the other out of the M-----y, is on the Point of being made up, in which Case it is thought the latter will have some distinguished Post in the A-----n conferred on him, with Liberty to bring his Friends in along with him.

The Terms which a certain Marquis offered, have been rejected.

It is said, that if the Earl of Chatham resigns, his Grace the Duke of Newcastle will be again appointed Lord Privy Seal.

Yesterday the Earl of Bristol had the Honour of a private Conference with his Majesty at St. James's.

No Changes have yet been declared at Court. The Right Hon. Mr. C-----y, whose Resignation was voluntary, has been desired, as we are informed, to remain in his Place till a proper Person is chosen to fill it. The above Gentleman has several Times lately had the Honour of private Conferences with his Majesty.

The King of Sardinia, it is said, has formed the Project of assembling all the Jesuits in his Kingdom at Alexandria, and to confine them there till such Time as they shall be utterly extirpated.

J u l y 9. Sunday the Marquis of Rockingham, and the Right Hon. Mr. Conway, set out of Town for Richmond, where they had a long Conference with his M-----y, who, we hear, sent for them expressly for that Purpose, and on Monday those Two Personages waited upon the Duke of Grafton, with whom also they had a long Conference. It is reported that the Marquis has refused the Lieutenancy of Ireland.

J u l y 11. A great Personage, we hear, before he left London, declared publicly, that he would always oppose the present Administration.

Considerable Wagers are held at the West-End of the Town, that a noble Marquis will be in Possession of an Employment, which he lately held no less to his own Honour than the Satisfaction of the Public, before the Middle of August.

It is reported, that some Affairs of the utmost Importance to the Well-being and greater Improvement of the British Colonies in America, are now under Consideration of a great Board.

Information has been made within these few Days, against several Ladies, for wearing painted or dyed Calicoes, commonly called Chintz, the Penalty for which, on Conviction, is Five Pounds.

J u l y 7. Yesterday one of the Clerks of the Bank was apprehended on Suspicion of Filing Guineas. In the Evening he attempted to cut his Throat, but without Success. On searching his House, many curious Instruments for the Purpose above-mentioned, and also a Quantity of Gold Dust, were found.

The Bank Clerk who is in Custody for Filing Guineas, is, we hear, a Man of some considerable Property.

The Friends of Mr. Wilkes, we hear, are in great Hopes of his Pardon, and it is thought if such a Circumstance should take Place, the celebrated Exile will be in Parliament at the next General Election.

The Farmers round the Country, particularly in Devonshire, are dabbling out their Corn as fast as possible; and cursing the News-writers; for they

say, if such a Pether had not been made by them, Corn would have been 20 s. a Bushel; but now the Price is falling, owing to the large Quantities of Corn imported, which may be, in some Measure, attributed to the News-Papers.

We hear that an Order will soon be issued from the War-Office, for a Muster and Return of all his Majesty's Forces in the several Garrisons of Great-Britain.

A great Number of Jesuits have been lately seen in different Parts of the Town, by a Gentleman who knew them abroad.

On Monday last a Man and his Wife, in the Parish of St. Martin in the Fields, having some Words together, the Husband gave her Six-pence, and advised her to purchase some Arsenic, and poison herself; the Woman, from a false Spirit of Resentment, put her Husband's Injunction into Execution, and expired soon after in great Agony.

J u l y 4. A Tradesman in the Strand has undertaken, for a Wager of Ten Guineas, to swim from Westminster-Bridge, to Chelsea-Ferry, in a Pair of Jack-Boots, and his Legs tied together about the Ancles.

J u l y 9. A noble Lord being offered a Place in a certain Bed-Chamber, calmly told the Person who offered it, that he had no Inclination to be a Servant out of Livery.

By Letters from Rome, there is Advice, that a Corican Nobleman, lately arrived there, charged with a Commission to the Court of Rome, had obtained a private Audience of the Pope, lived in great Splendor, and was in a few Days to set out, on Business of Importance, for Turin.

We hear that most of the Royal Forests in England are to be surveyed this Summer, in order to their being laid out into Farms.

J u l y 11. They write from Gibraltar, that several Transports, laden with Ammunition, Naval and Military Stores, continue to arrive there from Holland, &c. bound to Corfica.

On Thursday Night Four Men, said to be Jesuits, were taken into Custody, in Oxford Road, by virtue of a Special Warrant.

J u l y 14. We hear from Cowes and Newport, that the Farmers in the Isle of Wight, have got in all their Hay, and had the Prospect of exceeding plentiful Crops of Wheat.

It is said that no less than 450,000 l. were remitted into this Kingdom, on account of Corn exported to France, Spain and Portugal, in the Years 1764 and 1766.

J u l y 16. Letters from the Frontiers of Spain take Notice of some Marks of Discontent in that Kingdom, at what has lately happened with regard to the Jesuits. The Governors, Commandants, &c. are ordered, it seems, to have a Watchful Eye, in their respective Departments, over the Public Tranquillity; to prevent any tumultuous Assemblies; and to arrest all such Persons who shall discover, either by Words or Actions, any Disapprobation of his Majesty's Measures. And further, that in order to be prepared against all Surprise, as there are not above 30,000 regular Troops, and 25,000 Militia in the Kingdom, his Catholic Majesty has intreated the King of France to reinforce his Troops in the Garrisons nearest to Spain, that they may be ready to assist the Spanish Troops, in case there should be any Occasion to stifle the Spirit of Sedition.

Letters from Madrid advise, that many Persons who were known to be closely connected with the Jesuits, have been lately arrested there.

Wheat sold at Leeds last Tuesday se'nnight at the exorbitant Price of 7 s. 10 d. a Bushel, notwithstanding such Quantities are weekly imported, and the great Prospect of a plentiful Harvest.

A Memorial has just appeared at Paris, from a Person who pretends to be the Son of a powerful King in the Indies: He sets forth, that he was entrusted in his Youth to the Care of a Portuguese Dominican, with large Sums, for making the Tour of Europe; that after he had been at China, the Friar sold all the Effects and Slaves of his Pupil, and put him on board a French Ship, which brought him to L'Orient, where it was some Time before he could make himself understood; but as soon as he was able to do so, some People who had been in the Country, made no Doubt of the Truth of his Relation, &c. He now desires Permission to send Two Ships to Solor, to inform the King his Father, from whom he has been separated Twenty Years, of his present Condition, and of the Assistance he stands in need of to return home.

J u l y 18. It is said above Two Millions Value of Teas are now in the Store-Houses of the East-India Company.

We hear from Gloucestershire, Worcestershire, Herefordshire, and Staffordshire, that they have plenty of fine Crops of Corn.

We hear that one of our East-India Ships lately arrived, fell in with a Pirate Ship in the Chinese Sea, the Commander of which was an Englishman; he was manned with Blacks, and was cruising against the Dutch.

I N T E L L I G E N C E E X T R A O R D I N A R Y.

The Terms upon which the M----- of R----- offered to come into the Administration were certainly as follows:

1. The D--- of R----- to go to Ireland.
2. Lord A----- to be at the Head of the Army.
3. Mr. Y----- to be Lord Chancellor.
4. Mr. C----- to be Secretary of State for the Southern Department. Which were refused.

Thursday Lord A----- set out for Woodburn.

Previous to the Offer of the above Terms, Application was made to those who have been firm and uniform in the Opposition to the Favourite; and the laudable Answer which they made was, "That they would not treat clandestinely; the whole of the Opposition (i. e. all the Leaders) must be taken in, or none."

C H A R L E S - T O W N, (South-Carolina) August 4.

The following Particulars relating to the desperate Villains that infest our Frontiers, may be depended on as authentic.

J U L Y 26. James Tyrrel, John Anderson, Sill Stoaks, James Stoaks, and one Cornelius, came to the House of James Miller, at Turkey-Creek, and robbed him of all his Wearing-Apparel, 45 l. in Cash, and a Parcel of Deer-skins. The next Day they went to the Dwelling of Michael Watton; and, after ransacking it of every Thing worth carrying off, set Fire to it, as also to his Wheat and Corn: From thence they proceeded to Watton's Father's, in order to do his Job, (as they said) but he got out of their Way. They then went down the Road about Ten Miles, where they met Conrad Elder, driving a Waggon, with his Family in it, going to his Settlement at Long-Canes, and robbed him of his Watch, 140 l. in Money, and took his Wife's Silver Buckles out of her Shoes, vowing Vengeance against every Person that durst oppose them: Upon which, William Watton, with his Father, Brother, and Two other Men, pursued the Villains above 30 Miles, 'til they came within Half a Mile of Robert Ford's House, who is supposed to be one of the Party. Here they met Tyrrel and Anderson, and obliged them to surrender, and carried them up to Ford's House; when some of the Gang hollowed out Peace or War, Watton answered Peace; the hooded Villains immediately fired on them, killed poor old Watton, one of his Sons, and another of their Party, and knocked down Michael Watton, who soon recovered himself, and after discharging his Piece, drew his Knife, and ripped Two of them open: This gave the Prisoners an Opportunity of making their Escape.

Captain Hays, on hearing of those Robbers, ordered out a Party of the Militia, under the Command of Lieut. Sinkfield, who went immediately in Quest of them, and a little this Side Ford's House, met Tyrrel, who was looking for Anderson: Lieut. Sinkfield called out to him to surrender, which he refused, desiring him to fire away, and be d---d; they then fired at him, and brought down one of the most barbarous Wretches among the whole Crew: On going a little farther, they met Ford's Boy with Sugar, which he said was to dress some of the Robbers Wounds that Anderson carried off. Night coming on, and Lieut. Sinkfield's Party being but Eight in Number, he thought it advisable not to make any farther Attempts 'til reinforced, when he intended to pay Ford and his Lodgers a Visit, and, if possible, to put a Stop to those Cruelties which are daily committed.

AUGUST 7. Letters from Silver Bluff, on Savannah River, dated on Tuesday, last Week, informs us, that a Number of the People called Crackers, who live above Augusta, in the Province of Georgia, had gone, in a hostile Manner, to the Indian Town and Settlement at Okonee, where, on their Arrival, finding only one old Indian Man, all the rest being out a hunting, they plundered the Village of every Thing of any Value that they could carry off, and burnt every House in it. The same Letters add, that this is like a formal Declaration of War, and that dreadful Consequences may be apprehended, should the Indians take it in that Light, in which Case, those People that committed such a violent Outrage, would be the first to run away. Letters from Augusta say, that the Pretence for such Violence was, that those who committed it had lost several Horses, which they suspected were stolen by the Indians of Okonee, that they went to that Town in search of them, but found none, and, seeing the Place defenceless, all the Men being from home, they resolved to plunder and burn it.

THURSDAY, OCTOBER 1, 1767.

N A P L E S, *June 16.*

IT is thought there will soon be some Revolution in this Kingdom, relative to the Jesuits, the King having forbid Cardinal Orsini to see the General of that Order, and directed him to discharge his Confessor, who is a Jesuit.

B E R L I N, *July 7.* The Baron de Larrey, Envoy from the Prince Stadtholder, is still here, and his Commission is no longer a Secret. It was to demand the Princess Wilhelmina in Marriage for his Serene Highness, and he has executed it with Success. It is not certainly known when this Marriage will be solemnized, but it is generally thought that it will be in October next. The Beauty, good Sense, and amiable Disposition of this Princess, who possesses every natural and acquired Accomplishment, prognosticates the highest Felicity to his Serene Highness.

L O N D O N, *July 11.*

It was Yesterday reported, that one of our Cruisers, on the Newfoundland Station, had taken a large French Ship in the Gulf of St. Lawrence, with a great Quantity of Goods, Arms and Ammunition, on board, and carried her into St. John's.

The French King has yielded to the last Remonstrance of his Parliament concerning the Prolongation of the Twentieth Penny, and has issued another Edict, which has been registered, and which limits that Tax to Two Years, instead of Four and a Half, as was at first intended.

It is said that the Difference which has so long subsisted between Two noble Brothers, the one in, and the other out of the M-----y, is on the Point of being made up, in which Case it is thought the latter will have some distinguished Post in the A-----n conferred on him, with Liberty to bring his Friends in along with him.

The Terms which a certain Marquis offered, have been rejected.

It is said, that if the Earl of Chatham resigns, his Grace the Duke of Newcastle will be again appointed Lord Privy Seal.

Yesterday the Earl of Bristol had the Honour of a private Conference with his Majesty at St. James's.

No Changes have yet been declared at Court. The Right Hon. Mr. C-----y, whose Resignation was voluntary, has been desired, as we are informed, to remain in his Place till a proper Person is chosen to fill it. The above Gentleman has several Times lately had the Honour of private Conferences with his Majesty.

The King of Sardinia, it is said, has formed the Project of assembling all the Jesuits in his Kingdom at Alexandria, and to confine them there till such Time as they shall be utterly extirpated.

July 9. Sunday the Marquis of Rockingham, and the Right Hon. Mr. Conway, set out of Town for Richmond, where they had a long Conference with his M-----, who, we hear, sent for them expressly for that Purpose; and on Monday these Two Personages waited upon the Duke of Grafton, with whom also they had a long Conference. It is reported that the Marquis has refused the Lieutenantancy of Ireland.

July 11. A great Personage, we hear, before he left London, declared publicly, that he would always oppose the present Administration.

Considerable Wagers are held at the West-End of the Town, that a noble Marquis will be in Possession of an Employment, which he lately held no less to his own Honour than the Satisfaction of the Public, before the Middle of August.

It is reported, that some Affairs of the utmost Importance to the Well-being and greater Improvement of the British Colonies in America, are now under Consideration of a great Board.

Information has been made within these few Days, against several Ladies, for wearing painted or dyed Calicoes, commonly called Chints, the Penalty for which, on Conviction, is Five Pounds.

July 7. Yesterday one of the Clerks of the Bank was apprehended on Suspicion of Filing Guineas. In the Evening he attempted to cut his Throat, but without Success. On searching his House, many curious Instruments for the Purpose above-mentioned, and also a Quantity of Gold Dust, were found.

The Bank Clerk who is in Custody for Filing Guineas, is, we hear, a Man of some considerable Property.

The Friends of Mr. Wilkes, we hear, are in great Hopes of his Pardon, and it is thought if such a Circumstance should take Place, the celebrated Exile will be in Parliament at the next General Election.

The Farmers round the Country, particularly in Devonshire, are dabbling out their Corn as fast as possible; and cursing the News-writers; for they

say, if such a Pother had not been made by them, Corn would have been so d. a Bushel; but now the Price is falling, owing to the large Quantities of Corn imported, which may be, in some Measure, attributed to the News-Papers.

We hear that an Order will soon be issued from the War-Office, for a Muster and Return of all his Majesty's Forces in the several Garrisons of Great-Britain.

A great Number of Jesuits have been lately seen in different Parts of the Town, by a Gentleman who knew them abroad.

On Monday last a Man and his Wife, in the Parish of St. Martin in the Fields, having some Words together, the Husband gave her Six-pence, and advised her to purchase some Arsenic, and poison herself; the Woman, from a false Spirit of Resentment, put her Husband's Injunction into Execution, and expired soon after in great Agony.

July 8. A Tradesman in the Strand has undertaken, for a Wage of Ten Guineas, to swim from Westminster-Bridge, to Chelsea-Ferry, in a Pair of Jack-Boots, and his Legs tied together about the Ancles.

July 9. A noble Lord being offered a Place in a certain Bed-Chamber, calmly told the Person who offered it, that he had no Inclination to be a Servant out of Livery.

By Letters from Rome, there is Advice, that a Corican Nobleman, lately arrived there, charged with a Commission to the Court of Rome, had obtained a private Audience of the Pope, lived in great Splendor, and was in a few Days to set out, on Business of Importance, for Turin.

We hear that most of the Royal Forests in England are to be surveyed this Summer, in order to their being laid out into Farms.

July 11. They write from Gibraltar, that several Transports, laden with Ammunition, Naval and Military Stores, continue to arrive there from Holland, &c. bound to Corsica.

On Thursday Night Four Men, said to be Jesuits, were taken into Custody, in Oxford Road, by virtue of a Special Warrant.

July 14. We hear from Cowes and Newport, that the Farmers in the Isle of Wight, have got in all their Hay, and had the Prospect of exceeding plentiful Crops of Wheat.

It is said that no less than 450,000 l. were remitted into this Kingdom, on account of Corn exported to France, Spain and Portugal, in the Years 1764 and 1766.

July 16. Letters from the Frontiers of Spain take Notice of some Marks of Discontent in that Kingdom, at what has lately happened with regard to the Jesuits. The Governors, Commandants, &c. are ordered, it seems, to have a Watchful Eye, in their respective Departments, over the Public Tranquillity; to prevent any tumultuous Assemblies; and to arrest all such Persons who shall discover, either by Words or Actions, any Disapprobation of his Majesty's Measures. And further, that in order to be prepared against all Surprize, as there are not above 80,000 regular Troops, and 25,000 Militia in the Kingdom, his Catholic Majesty has intreated the King of France to reinforce his Troops in the Garrisons nearest to Spain, that they may be ready to assist the Spanish Troops, in case there should be any Occasion to stifle the Spirit of Sedition.

Letters from Madrid advise, that many Persons who were known to be closely connected with the Jesuits; have been lately arrested there.

Wheat sold at Leeds last Tuesday se'nnight at the exorbitant Price of 7 s. 10 d. a Bushel, notwithstanding such Quantities are weekly imported, and the great Prospect of a plentiful Harvest.

A Memorial has just appeared at Paris, from a Person who pretends to be the Son of a powerful King in the Indies: He sets forth, that he was entrusted in his Youth to the Care of a Portuguese Dominican, with large Sums, for making the Tour of Europe; that after he had been at China, the Friar sold all the Effects and Slaves of his Pupil, and put him on board a French Ship, which brought him to L'Orient, where it was some Time before he could make himself understood; but as soon as he was able to do so, some People who had been in the Country, made no Doubt of the Truth of his Relation, &c. He now desires Permission to send Two Ships to Solor, to inform the King his Father, from whom he has been separated Twenty Years, of his present Condition, and of the Assistance he stands in need of to return home.

July 18. It is said above Two Millions Value of Teas are now in the Store-Houses of the East-India Company.

We hear from Gloucestershire, Worcestershire, Herefordshire, and Staffordshire, that they have plenty of fine Crops of Corn.

We hear that one of our East-India Ships lately arrived, fell in with a Pirate Ship in the Chinese Sea; the Commander of which was an Englishman; he was manned with Blacks, and was cruising against the Dutch.

INTELLIGENCE EXTRAORDINARY.

The Terms upon which the M----- of R----- offered to come into the Administration were certainly as follows:

1. The D----- of R----- to go to Ireland.
2. Lord A----- to be at the Head of the Army.
3. Mr. Y----- to be Lord Chancellor.
4. Mr. C----- to be Secretary of State for the Southern Department. Which were refused.

Thursday Lord A----- set out for Woodburn. Previous to the Offer of the above Terms, Application was made to those who have been firm and uniform in the Opposition to the Favourite; and the laudable Answer which they made was, "That they would not treat clandestinely; the whole of the Opposition (i. e. all the Leaders) must be taken in, or none."

CHARLES-TOWN, (South-Carolina) August 4.

The following Particulars relating to the desperate Villains that infest our Frontiers, may be depended on as authentic.

JULY 26. James Tyrrel, John Anderson, Sill Stoaks, James Stoaks, and one Cornelius, came to the House of James Miller, at Turkey-Creek, and robbed him of all his Wearing-Apparel, 45 l. in Cash, and a Parcel of Deer-skins. The next Day they went to the Dwelling of Michael Watson; and, after ransacking it of every Thing worth carrying off, set Fire to it, as also to his Wheat and Corn. From thence they proceeded to Watson's Father's, in order to do his Job, (as they said) but he got out of their Way. They then went down the Road about Ten Miles, where they met Conrad Elder, driving a Waggon, with his Family in it, going to his Settlement at Long-Canes, and robbed him of his Watch, 140 l. in Money, and took his Wife's Silver Buckles out of her Shoes, vowing Vengeance against every Person that durst oppose them: Upon which, William Watson, with his Father, Brother, and Two other Men, pursued the Villains above 30 Miles, 'til they came within Half a Mile of Robert Ford's House, who is supposed to be one of the Party. Here they met Tyrrel and Anderson, and obliged them to surrender, and carried them up to Ford's House; when some of the Gang hollowed out Peace or War, Watson answered Peace; the hooded Villains immediately fired on them, killed poor old Watson, one of his Sons, and another of their Party, and knocked down Michael Watson, who soon recovered himself, and after discharging his Piece, drew his Knife, and ripped Two of them open: This gave the Prisoners an Opportunity of making their Escape.

Captain Hays, on hearing of those Robbers, ordered out a Party of the Militia, under the Command of Lieut. Sinkfield, who went immediately in Quest of them; and a little this Side Ford's House, met Tyrrel, who was looking for Anderson: Lieut. Sinkfield called out to him to surrender, which he refused, desiring him to fire away, and be d-----d; they then fired at him, and brought down one of the most barbarous Wretches among the whole Crew: On going a little farther, they met Ford's Boy with Sugar, which he said was to dress some of the Robbers Wounds that Anderson carried off. Night coming on, and Lieut. Sinkfield's Party being but Eight in Number, he thought it advisable not to make any farther Attempts 'til reinforced, when he intended to pay Ford and his Lodgers a Visit, and, if possible, to put a Stop to those Cruelties which are daily committed.

August 7. Letters from Silver Bluff, on Savannah River, dated on Tuesday, last Week, informs us, that a Number of the People called Crackers, who live above Augusta, in the Province of Georgia, had gone, in a hostile Manner, to the Indian Town and Settlement at Okonec, where, on their Arrival, finding only one old Indian Man, all the rest being out a hunting, they plundered the Village of every Thing of any Value that they could carry off, and burnt every House in it. The same Letters add, that this is like a formal Declaration of War, and that dreadful Consequences may be apprehended, should the Indians take it in that Light, in which Case, those People that committed such a violent Outrage, would be the first to run away. Letters from Augusta say, that the Pretence for such Violence was, that those who committed it had lost several Horses, which they suspected were stolen by the Indians of Okonec, that they went to that Town in search of them, but found none, and seeing the Place defenceless, all the Men being from home, they resolved to plunder and burn it.

August 24. On the 16th of last Month, Two Proclamations were issued by his Excellency Governor Tryon, of North-Carolina,—One of them describing the Dividing-Line between the Lands of that Province, and the Cherokee-Indians; requiring all Persons settled on Indians Lands to remove by the 1st of January next; enjoining Surveyors not to run out any Lands within a Mile of said Dividing-Line; requiring Traders to take out Licences; and recommending a friendly and hospitable Treatment to all friendly Indians who shall or may have Business in the Settlements.—The other, commanding all Officers to be assisting in apprehending and bringing to Justice, the atrocious Offenders that have lately infested the back Parts of the Southern Provinces.

NEW-YORK, September 17.

Yesterday came in from Sea, after having been out about Three Weeks, the Snow Margaret, Capt. Morgat, of this Place: She was bound for Monto Christi, and it is said, had a French Captain on board, with some French Mariners, designed for Hispaniola, and that the French Captain having attempted to destroy Captain Morgat, and take the Vessel from him, he had got him secured, and thought it best to put back again. ANNAPOLIS, Sept. 24, 1767.

THE Subscriber, takes this Method of returning his most humble and hearty Thanks, to those Ladies and Gentlemen who have honoured him with their Children, during his Residence here. And, as some Complaints have been made, in relation to Order observed in his Dancing-School, he begs Leave to place them to their proper Origin, viz. An extraordinary Indulgence generally granted them by their Parents, aided by their own natural Forwardness, and a Knowledge of Private Instructions given the Master, in relation to a tender and civil Usage of them; or, in other Words, positive Instructions to spoil them. He is conscious he has never yet required of any Child more than an Obedience, which is absolutely necessary for their attaining a Knowledge in his Profession: And, as any Child, under such unlimited Restrictions, is capable of spoiling a whole School (in which Order is its greatest Recommendation) he is determined not to keep a Day-School longer than the 3d of next Month, he having experienced, how hard it is to please both Parent and Child.—Therefore all Persons having Demands against him, are desired to bring them in, and those indebted to him are requested to make speedy Payment, which will much oblige,

Their humble Servant, A. B. EBERT.

N. B. I cannot omit returning Thanks to a Lady of Distinction, who is justly famous for a great Volubility of Tongue, for her kind Recommendation of me in this City, especially in the Market-House; but would just observe to this very civil Lady, that she ought to look inward, and see what she is HERSELF, before she attempts traducing the Character, and depriving a Stranger of Bread, which he only endeavours to get in an honest Way.—My Pen not being capable of painting her many eminent Qualities, I wish her better Success with some Body else; but, Non procul à proprio stippite poma cadunt.

I propose keeping an EVENING SCHOOL.

MARYLAND GAZETTE.

T H U R S D A Y, O C T O B E R 8, 1767.

WARSAW, July 1.

PRINCE Radzivil has been elected Marshal of the General Confederacy of Radon, after some pretty sharp Debates, in which it is asured some Blood has been spilt.

GENOA, July 4. They write from Madrid, that a Treaty is negotiating with Russia, and another with some German Princes, for allowing a Number of their Subjects to settle with their Families in Spain, in order to cultivate a barren Tract of Ground, called Serra Molenoa. They are to be allowed the Expences of their Journey, and, on their Arrival in the Spanish Territories, are to receive the King's Pay, and be provided with Necessaries for a Year. They are also to be furnished with Materials for building, and Tools for Husbandry; but after the Expiration of the above-mentioned Term, they are to maintain themselves with the Produce or Revenue of their respective Lands, which will be granted to them as their full Property, besides an Exemption from all Taxes for Ten Years to come.

By a Vessel arrived here from Toulon, we learn, that a Frigate and a Chebec had sailed from that Port for Cadiz, but we are Strangers to the Motive. It is added, that in order to forward the Works carrying on at the said Port, the Number of Workmen had been doubled, and that Vessels laden with Timber for Ship-building, were perpetually arriving there from different Parts of Italy.

FLORENCE, July 4. There are actually 6000 Jesuits in the Ports of Orthibello, St. Stephen, and Port Real, on Account of the Republic of Genoa not having permitted them to land on their Territories.

WARSAW, July 4. The Confederated Dissidents have received from the Courts of Copenhagen, Stockholm, and Berlin, the strongest Assurances of Protection. The King of Sweden, in particular, has charged his Minister at Petersburg, to deliver to the Deputy Pfarski, a Declaration in their Favour, which Commission he has already discharged.

L O N D O N.

JULY 2. A great Personage is said to have declared that he will himself lay the Ground-Work of a new Administration, which shall at least have the Merit of DURATION.

We hear that Sir William Trelawney, Member for West Looe in Cornwall, is appointed Governor of Jamaica.

JULY 16. They write from Lisbon, that Four Ringleaders in the late Insurrection at Tercera, were arrived there, in Chains, on board a Portuguese Frigate of War.

JULY 18. They write from Guernsey, that the Coast of France, between the Ran of Alderney and Cape Ushant, has been strewed with Pieces of Shipwreck, during the late hard Gales of Wind in the Channel.

We are assured that the Earl of Chatham has resigned his Place.

JULY 21. We are informed that there are Eight eminent Citizens, who have already declared to stand Candidates for the City of London at the ensuing general Election.

The Earl of Chatham is so enfeebled by his present Illness, that his Lordship has been obliged to be carried, for the Benefit of the Air, between Two Hories, on a Litter.

It is said that the Earl of Chatham will shortly set out for the South of France, for the recovery of his Health.

From Malaga they write, that some Assassins broke into the House of Mr. Tulk, an English Gentleman there, when they killed Two of his Domestic, and dangerously wounded him, but he is since recovered. Mr. Tulk, and some young Gentlemen, passing by the Host, and not paying Reverence to it, is said to have occasioned this horrid Act.

The Island of Tercera, the largest but one of the Azores, it is said, is to be ceded to Britain, in Satisfaction for the late Aids furnished to Portugal. This Island can boast of a Soil fit for the Production of Corn, Cattle, and Poultry; but its Wine is very despicable. It has a good Harbour, and lies in the Atlantic Ocean, about half Way between Europe and America.

A Patent is passing the Great Seal, appointing William Spry, Esq; Governor of the Island of Barbados.

We hear that Expresses have been sent to the Right Hon. Earl Temple, and the Right Hon. William Dowdeswell, Esq; desiring their Attendance in Town.

A Letter received at Lisbon, from the Bay of All-Saints, mentions, that Two Dutch Sloops, and

a Schooner, laden with Powder and Shot, Small Arms, Ordnance Stores, &c. were boarded by a Portuguese Man of War near the Rio de la Plata, the Commander of which, finding the above Car-goes were for the Use of the Jesuits of Paraguay, had confiscated the whole, for the Use of the King of Portugal.

It is said, that the Crown made by Mr. Cox, of Shoe-Lane, Jeweller, for a Nabob in the East-Indies, and sent as a Present from the Company, by Capt. Rous, in the Britannia, was so much approved of, that the Nabob ordered a Present of Rupees to be made in return, amounting to about 75,000l. Sterling. We hear the Crown was valued before it was sent over at 14,000l.

We hear from Amsterdam, that they import 15,000 Lafts of Corn from the Baltic in a Week, and export 30,000 Lafts to the Mediterranean in a Month, notwithstanding which their Granaries were all full, and ready to supply the London Market, when required.

It is said that the Decree given in Scotland, in Favour of the Hamilton Family, is not final; and that an Appeal will be made next Sessions to the Right Hon. House of Peers, for a Re-hearing.

The Changes in the Administration expected for some Time past, and which were, it was generally supposed, to have been settled in the Cabinet Council at St. James's, have not yet taken Place. It has been currently reported, that a Plan, formed by their Graces Bedford and Newcastle, the Marquis of Rockingham, and the Hon. Mr. George Grenville, was Yesterday laid before a great Personage, in which, of the above Number, only the Marquis was at the Levee Yesterday; and the Duke of Newcastle came to Town about Noon.

It is said that Lord Clive, on his landing at Portsmouth, ordered Five Guineas to be given to each of the common Sailors belonging to the Britannia, which brought him home.

JULY 23. The Confederacies formed by the Malcontents seem to draw the Attention of the Senate rather more than the Affair of the Dissidents. The new Prince Primate set out the 30th ult. for Radon, whither a Body of Russian Troops has advanced, with a large Train of Artillery, in order to support the Confederates, in case of Necessity.

We are assured, that by a late Treaty between this Court and that of Versailles, a mutual Agreement hath been entered into, for the reciprocal Surrender of all Fugitives, who may fly for Shelter into either Kingdoms, for any Acts of Rebellion or Felony; in Consequence of which, we hear that a certain Nobleman's Steward, and a Banker's Clerk, of this Country, who have taken Shelter in France, after running away with considerable Sums, have been lately demanded, in conformity to the said Treaty.

We are assured that a noble Lord, much esteemed in the Literary World, lately disposed of a Work, now publishing, to Two Booksellers, One at the West-End of the Town, the other in the City, for Two Thousand Guineas.

JULY 25. We can with great Certainty assure the Public, that the new Ministry are not settled, notwithstanding what has been mentioned in the Public Papers; and to speak in the Stock-Broker's Phrase, THIS MORNING, NOTHING DONE.

Earl T— refused to join the late intended Coalition, as being hasty, crude, indigested and impermanent.

We hear, that within these few Months, not less than Three Thousand Sheep have been carried to France.

A Morning Paper says, we hear a great Personage has expressed his Resentment, in pretty severe Terms, to a certain Nobleman, of the Inconsistency of his Conduct hitherto, which it is said, would be attended with a speedy Resignation.

We hear the late Investigation of the Douglas Cause, has already been attended with an Expence of Thirty Thousand Pounds.

A Letter from Podore Factory and Settlement, says, that One of the Moorish Caravans had discovered, a long Way Inland, a Species of white Negroes of very diminutive Stature; One of whom, of the Male Sex, they brought with them to the Fort, who did not exceed Three Feet high.

By Letters from Leghorn there is Advice, that General Paoli had strongly recommended to an Assembly of the States to copy the Example of Great-Britain, in always maintaining a formidable Naval Power, as the surest Means to preserve the Corsican Nation, and render them respected both at home and abroad.

JULY 27. The Hague Gazette, of the 21st Inst. says, that one of the Principal Affairs that Sir James Grey, Ambassador from this Court to Spain, is charged with, is to settle the Dispute relating to the Manilla Ranfom.

On Saturday, a Sailor, who had bought an old Sea-Chest, for Five Shillings, from a Broker in Rosemary-Lane, discovered, soon afterwards, One Hundred and Eleven Spanish Gold Pistoles, concealed in a false Lining at the Bottom.

JULY 28. Letters from Madrid, dated June 30, say, "The King has appointed a Commission to examine the Papers found in the Houses belonging to the Jesuits, in order to find out, among other Things, if those Fathers were not the principal Authors of the Insurrection of the Populace, which happened last Year. It is reported that a Treaty of Commerce is on Foot between this Court and that of Russia."

JULY 30. By a Ship which arrived in Holland the 21st Instant, and departed from Greenland the 23th of June, we learn, that 40 Dutch Ships had taken only 51 Whales, and that 92 others were then empty, with little Prospect of any Success; and that this Season has been the worst ever known.

We hear that on Sunday last Lord Clive presented to the King a Letter from the Emperor of Indostan, accompanied by several oriental Curiosities; and that his Lordship the same Day had a private Conference in the Closet with his Majesty, which lasted an Hour and a Half; after which he had a private Audience of the Queen, and presented to her Majesty some Diamonds and Pearls from the Great Mogul.

Tuesday a Master of a Ship was re-committed to the King's Bench, on suspicion of intending to defraud the Freighters of his Ship of a large Sum of Money, by pretending the Chests, in which it was contained, were thrown overboard by Mistake, when the Ship was in great Distress. But on his Return from Guildhall, he prevailed on the Tipstaff, who had him in Custody, to go with him on board the Ship in the River to see some great Curiosities; when, locking the Officer in the Cabin, he jumped into a Boat, and made his Escape.

We are told, that a young Man from Ireland, lately invented a Machine for destroying Enemies by Land or Water, which was used at Woolwich last April, and found to answer; but has been since condemned, as being of too inhuman a Nature to be adopted in our Warlike Enterprises; that the young Man was gratified with too small a Reward; that he thereupon retired to France, where he has received the best Encouragement, and that many of these Engines are making in that Country, under his Inspection, that will bear a Charge of Three Hundred Pounds of Gun-Powder, to be used against us upon the next Rupture.

JULY 31. By a Gentleman just come from Lisbon, we are informed, that the English Merchants there are obliged, for want of Business, to dismiss their Clerks; that they expected Money by the last Fleet from the Brazils, but have got none; that they cannot get in their Portuguese Debts; and that Ruin stares them in the Face, whether they stay or go.

Extract of a Letter from Constantinople, June 15.

"The Reis Effendi, or Minister for foreign Affairs, lately signified to the Envoy of a certain Court, that he was to inform his Master, that since the late War, the Porte had a Demand upon him for divers Sorts of Provisions, drawn from Wallachia for the Service of other Powers, and which had been carried off by the Troops of the said Court. The Envoy having been informed, from good Authority, that the Reis Effendi had addressed himself to the Minister of another Power, and demanded Payment of the said Debt, told him, that it would be to no Purpose for him to call upon his Court, inasmuch as he was persuaded, that it would never pay one Farthing of it; on which the Reis Effendi informed him, that unless the Debts were discharged, he would bring himself into Trouble. The Envoy desired him to give him this Answer in Writing, and in the same Terms, that he might endeavour to secure himself against such a Menace; but the Envoy having solicited the Day after, of the Grand Signior, an Audience of Leave, the Reis Effendi changed his Tone, and at present shews the Envoy greater Civility than ever."

Extract of a Letter from Lisbon, June 20, 1767.

"Since my last, Four Ships from the Rio, Two from Bahia, and Four for Fernambuco, are arrived here; these last are belonging wholly to the Monopolizing Company, that has engrossed the whole Trade of that Country. The Rio Ships bring some Hides, a few Sugars, and only Forty Thousand Pounds in Specie, though Ten Times the Sum was expected. What adds to the Distress of this Place is, that none of the Portuguese will own they have received any Remittance in Specie for their own Account, but pretend it is for Account of the People in Brazil, and that their Remittance consists only in Effects, as Hides, Sugars, &c. which too they will not give in Payment, but at Prices that

leave 15 or 20 per Cent. Loss, pretending they come charged to them at those Prices, and that they will not lose; so that there is no other Remedy but to take them on their Terms, or remain out of one's Money till they shall think proper to pay, which at soonest will not be till the uncertain Arrival of other Ships, which according to the present miserable Condition of Affairs here, will not be God knows when."

JULY 31. It is said, that the important Post of Lord High Treasurer of England, will soon be revived in the Person of his Royal Highness the Duke of York.

These are the Heads talked of, as settled by the present Confederated great Interests, viz.

Duke of Bedford, Lord President.
Duke of Portland, Lord Chamberlain.
Duke of Marlborough, Master of the Horse.
Marquis of Rockingham, First Lord of the Treasury.

Earls of Hillsborough, Besborough, and Shelburn, Vice-Treasurers of Ireland.

Lord Paulet, Lord Lieutenant of Ireland.
Lord Halifax, First Lord of Trade.
Lord Egmont, First Lord of the Admiralty.

* * * The Subscriber being anxious to settle, and pay off the Claims against the Estate of her late Husband, which entirely depend on a Collection of the Debts; and they being, in general, small, very numerous, and some of them long due; she must, in Justice to the Creditors, be under the disagreeable Necessity of pursuing every legal Method, for their speedy Recovery; which, she hopes many will prevent, by contriving to settle, and make Payment, the ensuing Provincial Court.

A. C. GREEN.
For the Benefit of our Readers, we here insert a short Account of the Nature of the Distemper so prevalent at this Time among the Horses, both in this, and the neighbouring Provinces, along with a Method of Cure, which generally succeeds.

IT begins with an Inflammation in the Glands of the Throat, which soon furnishes and suppurates, then spreads its Effects to the Head and Eyes; from whence the Matter is discharged through the Nostrils.

To cure which, begin with repeated Bleeding. Give the Horse, Morning and Evening, a Ball of Brimstone and Saltpetre, from Half an Ounce, to an Ounce of each, made up in Paste: Inject sharp Vinegar in his Nostrils, and bathe the Outside of his Throat with Vinegar, Hog's Lard, and Camphire.—N. B. The putting Tar on the Bridle Bits of such Horses as have hitherto escaped the Infection, has proved a good Prefer- vative against it.

On Wednesday, the 4th of NOVEMBER next, at JOPPA, will be expos'd to Sale, and certainly sold, to the highest Bidder, the following Houses and Lots, lying in said Town, belonging to the Estate of DAVID M'CUULOCK, deceased, and sold in Pursuance of his Last Will and Testament, viz.

A new STORE-HOUSE, and small Brick OFFICE, situated on the Land leading to the Water, with Part of the GARDEN LOT, belonging to the Dwelling-House, running 67 Feet from the Corner of the Brick OFFICE, down the Lane, and 20 Feet into the Garden, including said STORE-HOUSE and Brick OFFICE. The DWELLING-HOUSE, which is of Brick, Two Story high, and in perfect Repair, with a Kitchen adjoining, and all the Out-Houses on the remaining Part of the Two LOTS, and the said Lots, after taking off what is above-mentioned.

A Lot, whereon is a Store-House, situated near the public Warehouse, and the most convenient for Trade of any in Town, with a very good Stable, and the Lot tolerably well paled in.

The Dwelling-House, is at present in Possession of Mr. ZACCHEUS ONION, and the last mentioned Store-House, in the Possession of Mr. ARCHIBALD BUCHANAN; both which Gentlemen, will be ready to show them, on being required.

OF THE MARYLAND LIBERTY LOTTERY.

THE Lower House of Assembly of Maryland have constantly and ineffectually hitherto, since Seventeen Hundred and Thirty-nine, RESOLVED, That his Majesty hath no Right to collect Twelve-pence per Hoghead on Tobacco exported.

A Constitutional Tax on the People to support an Agent of the Appointment of the Lower House, has been greatly desired, frequently attempted, and as often refused by the Upper House.

The Lower House of Assembly contend, That the Clerk of the Council his reasonable Reward, as well as every other Expence necessarily attending the Execution of the Powers of Government, ought to be defrayed out of the Funds, Forfeitures, Amerciaments, and other Monies received by the Government for the Support thereof; and, "That Schemes being directly opposite to the Opinion of the Upper House had, on mature Consideration; formed upon the Subject of the Clerk of the Council's Claim," principally occasioned the Non-payment of the Public Debt for upwards of Ten Years: The Distress of Trade for Want of a Circulating Medium, and the extreme Necessity of Public Credit, compelled the Lower House to agree to an Appeal to his Majesty in Council, on the Subject Matter of Difference, without the Allotment of any Public Money for that Purpose, as the only Means to settle Disputes, restore Public Credit, and lay a sure Foundation for the future Ease and Good of the Province.

A Subscription therefore, by RESOLVE of the Lower House, has been Open'd, and Subscriptions are taken in by every Member, for maintaining an Agent, and supporting the Appeal on the Part of the People, as well as obtaining Redress of their other Grievances; and, by RESOLVE also of the Lower House, as an additional Means of raising Money for the same Purpose, the following SCHEME of a LOTTERY, by which to raise One Thousand Pounds Common Money, is submitted to the Public.

Table with 3 columns: Prize, Amount, and Value. Includes prizes of £500, £250, £100, £50, £30, £20, £15, £10, £5, £4, £3, £2:10, £2, £150, £100, £200, £240, £182:10, £450, £13:15, £13:15.

2500 Prizes. £.6500
2500 Blanks.

5000 Tickets, at Thirty Shillings each, amount to £.7500
From which deduct 1000 £.6500

Two and an Half per Cent to be deducted from the Prizes, to defray the Expences of the Lottery.

The Drawing to be in the Court-House at Annapolis, in the Presence of the Managers, and as many of the Adventurers as shall be pleased to attend. From the best Estimate that can be found, there are about 800 of the 5000 Tickets still for Sale; and as Gentlemen have not sent in their Account of Tickets unfold, the Drawing is put off till the Monday after the Third Tuesday of October Inst, which is then certainly expected, even should there be some Tickets remaining to be taken on the Risk of the Lottery. Those Gentlemen who have generously assisted in the Sale of Tickets, are requested to send an Account of them against that Time; and the Managers are desired that to meet.

The Managers are, William Murdock, Esq; Messieurs Thomas Sprigg, William Pace, John Weems, Thomas Gossoway, South River, Thomas Ringgold, B. T. B. Worthington, Henry Hall, John Hammond, Thomas Johnson, John Hall of Annapolis, and Samuel Chase, or such of them as shall chuse to act.

The said Managers to give Bond to the Hon. SPEAKERS, and be upon Oath for the faithful Discharge of their Trust. A List of the Prizes to be Published in the MARYLAND GAZETTE, and the Prizes paid as soon as the Drawing is finished; and those not demanded in Six Months after the Drawing, to be deemed as generously given to the above Use.

The Scheme to be made publick in the Maryland and Virginia GAZETTES, and Pennsylvania JOURNAL.

"LIFE without LIBERTY is worse than DEATH."

TICKETS may be had of any of the Managers, and of most of the Members of the Lower House of Assembly.

MARYLAND GAZETTE.

THURSDAY, OCTOBER 15, 1767.

LEGHORN, July 10.

WE learn from Corfica, that the banished Jesuits from Spain have at length been admitted into that Island, and that according to a Convention made with General Paoli, those Fathers will replace the French Troops in the Places still held by the Genoese.

PARIS, July 17. The Day before Yesterday a Report prevailed, that the Court has sent Orders to the King's Troops in Corfica to quit that Isle immediately, and return to France; an Order issued, it is said, out of Resentment to the Government of Genoa, for having refused the Spanish Vessels Permission to land the Jesuits in that Island.

BOULOGNE, July 20. They write from Spain, that the Ministry were taken up with Affairs of the utmost Importance; that the Marquis de Ossun, Ambassador from France, having received an Express from his Court, immediately communicated his Dispatches to the King. They add, that his Catholic Majesty had sent his Commissary of War and Marine to Bastia, in Corfica, in order to establish Magazines there for the Subsistence of the Jesuits.

COMPIEGNE, July 22. The Duke of York is arrived here, and was presented on the 19th of this Month to their Majesties and the Royal Family, under the Title of Count of Ulster.

HAGUE, July 23. Their Royal and Serene Highnesses the Prince and Princess of Brunwick are safely arrived, with the Prince their Son, in perfect Health, at Brunwick.

LONDON, July 18.

We hear the Right Hon. Lord Clive has brought over, and presented to his Majesty, a fine Sword set with Diamonds, &c. worth 10,000*l*. and a fine Pearl Necklace, worth 150,000*l*. for her Majesty. He has likewise brought a fine Diamond as a Present from the Nabob to his Majesty, worth 200,000*l*. and many Curiosities of that Country.

We hear his Royal Highness the Duke of York, before his Return to England, intends to pay a Visit to the celebrated Paoli, Chief of the Corsicans.

July 23. They write from Madeira, that some Packets of great Consequence were lately seized there, by the Portuguese Governor, on board a Vessel that touched at that Island, bound to South-America, by which it was said, farther Lights had been obtained concerning the Intrigues and Strength of the Jesuits, in that Part of the World.

We hear that Orders are given for thoroughly inspecting and Repairing all the capital Ships of War in the Docks of this Kingdom, and to report the State and Condition of them to the Lords of the Admiralty.

It is assured, that a certain great Officer has made upwards of Seventy Thousand Pounds, within these few Months, by the Disputes among the India Company.

A Letter from Corfica, dated June 30, says, "It is believed the Republic of Genoa will not much longer delay to acknowledge that they have made but ineffectual Efforts to oblige us to become dependent on them. From what we have undertaken for Liberty, and the Success we have met with, they may judge of what we may be further able to effect; and comprehending at length, that it will be impossible for them to subdue us, they will abandon the Design, especially as a Report prevails, that the Court of France is about withdrawing her Troops from the Island."

July 25. According to the last Letters from Tetuan, the French Ambassador paid 300,000*l*. Dollars for the Ransom of the French Slaves at that Place, and delivered a Present of 20,000*l*. Value, to the Emperor of Morocco, with whom he has concluded a Peace for Twenty Years.

The Spanish Ambassador at the same Court, made also a valuable Present, paid down 100,000*l*. and delivered up 320 Moorish Slaves, who were Prisoners in Spain, on concluding the Peace with the Emperor.

The Venetian Ambassador paid down 50,000 Chequins, and a large Present, Value of 10,000*l*. on concluding a Peace with the Emperor.

The Swedish and Danish Ambassadors are arrived likewise in the Port of Salee, with their usual Presents.

Two large Danish Ships are arrived at Salee, from Constantinople, laden with Ammunition, and large Metal Guns, sent as a Present from the Grand Signior to the Emperor.

A Dutch Man of War, with the Moorish Ambassador from the States, arrived with a valuable Present.

A Tripoline Ambassador arrived also, with a Present from the Bashaw to the Emperor.

Last Saturday died at Carmichael, in Scotland, John Carmichael, Earl of Hyndford, Lord Carmichael and Baronet, a Lord of the Privy Council, Commissioner of the Police, and Vice Admiral of Scotland, also one of the 16 Peers, and a Knight of the antient Order of the Thistle.

No less than 250,000*l*. worth of Diamonds were brought home in One of the last Vessels from the East-Indies.

Wednesday Lord Rockingham had a short Conference with his Majesty at St. James's; and it was soon after reported that all Negotiation with his Lordship was at an End.

It is said the Favourite has found Means to divide the Opposition, and thereby disappoint the Expectations of the Public, who were in Hopes of speedily seeing a permanent Establishment take Place in this too long unhappily divided Nation.

But the Favourite's Dependents give out, that Lord Temple insisted on Terms improper to be accepted of, which has rendered the Approbation of his Plan impracticable; so that this Ministry must continue in Place for some Time longer.

Whatever Truth there is in these Reports, it is nevertheless certain, that the Favourite foreseeing the Ruin of his Influence, in consequence of an Administration advised by Lord Temple, will use his utmost Efforts to prevent the Introduction of a Ministry under the Direction of such auspicious Councils.

July 28. 'Tis assured that a noble M—, in a late Conference held at N—e House, did very honourably insist and persevere in his patriotic and consistent Determination, of routing out of the Ad—n every Spark of the — of — Influence. This has only suspended, but not totally frustrated, the Execution of that salutary Plan, which the Three great Parties met to settle.

Last Saturday's Gazette contains his Majesty's Order in Council, for permitting the free Importation into Great-Britain of Wheat and Wheat-Flour, by any of his Majesty's Subjects from any Parts of his Dominions in America, from the Time limited by an Act of the last Session, for the Importation thereof, viz. the first of August, until the first of February 1768, under the Regulations mentioned in Two Acts of last Session relating to the Importation of Corn.

Lord Clive has brought home some very Ancient Manuscripts, which are many Centuries older than the Christian *Æra*, and give the Description of a general Inundation of Waters, similar to that of Noah's Flood.

It is said One of the Governors lately returned home from the East-Indies, had the Precaution to purchase, at a great Expence, many curious Secrets of the oriental Manufactures, and among others, that of the true Composition of China-Ware, with the Method of Enamelling in all Sorts of Colours.

The last Letters from Newfoundland mention, that One of his Majesty's Sloops on that Station, had destroyed 14 Stages, which the French had erected on the Island of Cape Breton, as being beyond the Limits allowed them for the Fishery.

By a particular Account taken last Week and the Week before in Spital-Fields, it appeared that there were upwards of 5000 Persons out of Employ in the various Branches of the Silk Manufactories, and more than 500 unemployed in the several Branches of Worsted-Weaving only.

It is said with Confidence, that a Scheme is actually under Consideration to build a new Royal Palace in Hyde-Park, St. James's being greatly complained of on Public Days by the Nobility and foreign Ministers, on account of the Difficulty of their Carriages getting up to set them down. The shabby Front next St. James's-Street must afford an odd Idea to Strangers of the Grandeur of an English Monarch.

July 29. It is said, that Orders are gone over to America, to recal a considerable Body of Troops lately embarked from Ireland.

The intended Alterations in the Ministry are laid aside for the present, as the Demands made by some Parties were too exorbitant to be complied with.

A Correspondent writes, "Dispatches are arrived from a certain foreign Court, which bring, that a Treaty somewhat of the Nature of the famous Quadruple Alliance is on the Tapis, and that the Affairs of Corfica are to be one of the Principal Objects of this Treaty."

Letters from Corfica mention, that General Paoli is going to make an Augmentation of 4000 Men in his Troops.

This Morning an Express arrived at the Secretary's Office, with some Dispatches from his Excellency the Earl of Rochfort at Paris.

We are told that there is a Woman in a Village in Glamorganshire, South Wales, whose Husband

some Time ago, with the little Fortune he got with her, bought a small Farm; he had hardly closed the Purchase, when Death closed his Eyes; however, not intimidated with this, the Widow married a Second Husband, who sowed it; he likewise died, and she tried a Third, who reaped it; but Death soon snatched him away, she then married a Fourth, who thrashed it; but he also followed the Fate of his Predecessors; and she is now married to a Fifth Husband, with whom she is enjoying the Produce of it.—All this happened in less than 18 Months.

August 4. The following is a Translation of a Letter which his Catholic Majesty wrote to the Pope, on occasion of his Expulsion of the Jesuits.

"Most Holy Father, Your Holiness is well persuaded, that the First Obligation of a Sovereign is to watch over the quiet Preservation of his Dominions, and the good Behaviour and interior Peace of his Subjects. To fulfil this Duty, I have found myself under a pressing Necessity to resolve on the immediate Expulsion from my Dominions, of all the Jesuits who are established in them, and to transport them into the Dominions of the Church, to be under the immediate, wise, and holy Direction of your Blessedness, the most worthy Father and Master of the Faithful."

"It might be thought a Want of due Consideration to burden the Apostolic Chamber, by obliging it to maintain these Fathers, whose Lot it has been to be born my Subjects, if I had not, as I have done, made a preventive Disposition, to furnish each Person for Life with a sufficient Salary to maintain him."

"On this Supposition, I beseech your Holiness, to regard this my Resolution, simply, as an indispensable Forecast and Duty, taken up with previous mature Examination, and profound Meditation. In doing me this Justice, your Holiness will assuredly send me your Holy and Apostolic Benediction upon this, as I desire you upon all my Actions, directed in the same Manner, to the great Honour and Glory of God."

"Dal Real Parade, the 31st of March 1767."

August 4. Friday last the Earl of Bristol resigned his Post of Lord Lieutenant of Ireland.

The Lord Viscount Townshend is appointed Lord Lieutenant of Ireland.

No additional Honours are yet conferred on his Lordship; but, it is said, that he will be made a Marquis; and that Col. Sir William Draper will be his First Secretary.

The Earl of Rochfort is expected home very soon from Paris.

Last Tuesday died at his House in the Cannon-gate, Edinburgh, the Most Hon. William Henry Kerr; Marquis and Earl of Lothian, Baron Kerr of Newbattle and Jedburgh, and Knight of the antient Order of the Thistle. He is succeeded in Title and Estate by William Earl of Ancrum, Colonel of a Regiment of Dragoons, and Lieutenant-General. By his Lordship's Death, there are now Three Vacancies in the Most Noble Order of the Thistle, in less than a Month.

They write from Paris, that General Paoli had solemnly engaged, on the Evacuation of the French Troops from the Island of Corfica, to make no Attempt towards dispossessing the Genoese of any of their Quarters, hitherto occupied by the said Troops for the Service of the Republic.

We hear Orders are sent down to the Out-Ports, for the Workmen to be employed one Tide extraordinary in each Day, in fitting out some Men of War and Frigates, intended for immediate Service.

August 6. After the Levee, Yesterday, at St. James's, a Privy-Council was held, which sat till past Four o'Clock; but no Changes in the Administration have yet been declared.

We hear that the Right Hon. Henry Seymour Conway, Esq; will continue Secretary of State for the Northern Department.

It is currently reported, that the last Dispatches from the Court of Lisbon are not so satisfactory as could be wished.

There is Advice from Corfica, that Paoli has threatened the Inhabitants of Bonifaccio, that if they do not immediately repair to his Army, he will seize all the Lands and Possessions belonging to them.

A Letter from Warsaw, says, "During the present Reign, we have never before seen such Com-motions as at this Time; occasioned by the Four Confederacies in the Kingdom, Two of Dissidents, and the others Malecontents. Though the Motives and the Objects of the former differ much from those of the latter, they reciprocally support each other, and for that Purpose maintain a close Correspondence. We foresee that these Leagues will render the approaching Diet extremely turbulent, and more especially when it is considered that the Male-

The Appointment of Lord Viscount Townshend, elder Brother of the Right Hon. Letters by Yesterday's French Mail say, that Wheat is risen there from 42 s. to 58 s. our Quarter, and that they have had such heavy Rains, that they were in great Dread of a bad Harvest, and being in Want of Grain; that the Populace began to be outrageous at the Exportation of Corn, inasmuch that no Person durst presume to speak of exporting any more; the Weather has now changed; and seems more favourable, which alleviates their dreadful Apprehensions of being in the utmost Distress.

Extract of a Letter from Lyons, July 20.

"A Trial of a most horrid Nature will come on here soon: A very beautiful Girl, born of honest, though poor Parents, became the Object of the Criminal Desires of Three young Gentlemen. Each of them tried separately to seduce her, but without success: The better to accomplish their Purpose, they united, and employed an intriguing Woman to assist them. This Woman knew she could do nothing without laying some Snare for the Innocence of the Girl: She found Pretence to get her into her Clutches, and gave the Three Libertines immediate Notice of it. They lost no Time in joining her, and forcibly and violently obtained what they could no other Way have possibly accomplished. The Dread of Punishment soon seized them, and, after some Deliberation, they resolved to dispatch the unhappy Girl. They cut her in Pieces, and threw them into the Rhone, thinking there also, to bury their Crime. Some Days passed without the Father and Mother being able to discover what was become of their Daughter; but the River having successively thrown up the Limbs of the mutilated Body, it was concluded the Girl had been murdered. Upon some Information it appeared that she had been with the abovementioned Woman, who was immediately arrested, and being interrogated, she confessed the Deed and discovered her Accomplices."

N E W - Y O R K, October 12.

We hear JOSEPH READ, Esq; is appointed Deputy Secretary, Clerk of the Council, Clerk of the Supreme Court, Surrogate-General and Register of the Province of New-Jersey.

There was no Packet for America at Falmouth, when Captain Goddard failed from thence, so that in all Probability it will be a considerable Time before any arrives here from England.

PHILADELPHIA, October 15.

Extract of a Letter from London, dated August 6.

"The general Affairs of America here, bear a very disagreeable Aspect; the present Ministry are like to continue some Time longer—some particular Changes will happen, and I fear the principal Structure will not be of long Duration, but probably there will be another Session of Parliament before a considerable Alteration is made.—The Opposition to America seems to increase. Every Step is taken to render the Taxation of the Colonies a popular Measure, and it is contended that they should be obliged explicitly to acknowledge that Right. I know not what to advise on this Occasion, but that the Friends of America, on both Sides the Water, should exert their utmost Endeavours to lessen the present Unpopularity of the American Cause; conciliate the Affections of the People here towards you, increase by all possible Means the Number of your Friends, and be careful not to weaken their Hands, and strengthen those of your Enemies, by rash Proceedings, the Mischiefs of which are inconceivable."

Extract of another Letter from London, dated August 7.

"A late Attempt to coalesce the different Parties in a new Ministry, has proved ineffectual—and it seems probable, that the present Set will continue some time longer—This seems not unfortunate for America, as some who were proposed to come in, are their professed Adversaries.—The prevailing Distinction of Parties here, is, those who in the Two last Sessions of Parliament, have been disposed to favour America, are called by their Opponents (by way of Reproach) AMERICANS! while the Adherents to G—le and B—d, boast of their being true to the Interest of Britain, and zealous for maintaining its Sovereignty over the Colonies—This Declaration seems every Day to be more and more fixt; and it is much to be feared will be carried higher in the next Session of Parliament, for the political Purposes of influencing the ensuing Election.—It is already said, that the Act for Quartering the Soldiers at New-York, without taking Notice of its being done in Obedience to the Act of Parliament, is evasive, and unsatisfactory; that it is high Time to put the Right of taxing America out of Dispute, by an Act of Taxation, effectually carried into Execution, &c. &c."

Our other Advices, by the Packet, in general, are, that the Gentlemen in the Opposition to the present Ministry, have had several Meetings relating to the Arrangement of a new Administration. That the Dukes of Bedford and Newcastle, Lord Temple, and Mr. Grenville, had declared they wanted no Places for themselves, but hoped their Friends would not be forgot; That Mr. Grenville had promised to support the new Administration, provided the Dependence of the Colonies was asserted and maintained: That Lord Rockingham was proposed to be at the Head of the Treasury, and Mr. Dowdeswell Chancellor of the Exchequer, which was agreed to; but that some of the Company being for the continuing Mr. Conway Secretary of State, and others against it, these Meetings broke up, without concluding any Thing.

By Captain Faris, in 6 Weeks from Madeira, we learn, that the English Merchants there were shipping off their Effects, on Account of the Disputes between Portugal. On the 30th of August, in Lat. 31: 30, Long. 23: 10, he was chased for 12 Hours by a Salletine Snow, who both rowed and sailed, but could not come up with him, tho' they fired several Shot at him to bring him too.—On the 28th ult. in Lat. 35, Long. 65: 30, he spoke a Schooner from Plymouth for Dominica, out 7 Days, all well.

On Tuesday last the following Horses started for the Gentleman's Subscription Purse of One Hundred Guineas, Samuel Galloway, Esq's bay Horse Selim, 1 | 1

L O N D O N, July 21.
A certain pious House in this City, has lately been detected in mixing, with other Ingredients, Copper instead of Gold. How long this has been practised is unknown; but it is presumed it has subsisted some Years, as both the Partners keep their Carriages and Country Houses, and were esteemed honest Men before this Discovery.

We hear from Lisbon, that it is generally supposed in Portugal, that the Prime Minister has sold himself, and the Interests of his Country, to the French King.

July 25. A most extraordinary Affair, we hear, happened some Time ago in Dublin: A Surgeon's Son, with Four other young Fellows, being capitally convicted for a highway Robbery, and ordered for Execution, the Surgeon went the Evening before they were to suffer, to take Leave of his unfortunate Boy, and carried a Preparation in his Pocket, which he left with the Lad, to prevent the Infamy of a public Death; the Son took it after the Father's Departure, and it just began to operate as a Reprieve was brought for him and his Companions; he expired however in a short Time, and the rest were pardoned. The Father was so afflicted at the Circumstance, that he died within a Fortnight, not without Suspicion of having hastened his End by some such Potion as he had prescribed for his Son.

By Letters from Petersburg, we are advised, that a Company of Merchants are associated there, to Trade directly to Hamburgh, and are now fitting out Three Ships for that Purpose. Time will shew the Advantages of this new Branch of Commerce.

July 30. On Saturday last a Farmer near Thaxted, in Essex, aged 81 Years, was married to a young Woman in the Neighbourhood of 19, who just makes his Seventh Wife.

On Wednesday Evening the new-invented Machine, for the Preservation of Lives and Goods in case of Fire, was exhibited at a Gentleman's House near King James's Stairs, Shadwell, when Thirteen Persons, and several Boxes and Trunks, were conveyed from a Two Pair of Stairs Window, in the Space of Six Minutes.

As the taking of a List of Papists in this Kingdom at present makes some Noise, it may be observed, that it hath been a Rule almost every Twenty Years since the Revolution to do the same, so as to know if they increased or diminished; and perhaps that may be the Case at present. Others say, that all Papists who pay 4l. Rent yearly, will be taxed in a small Sum, to be collected with the House and Window-Tax Duties.

A poor Man (aged 105) without any known Surname, but well remembered about Ware, in Hertfordshire, which Place he used to traverse, with a remarkable long Beard, selling Matches and Balads, and playing some Tricks of Dexterity, or Slight of Hand, and used in his Patrol commonly to be saying, *Poor Joe, all alone*, by which Term he was well known. The House where he died he had possessed some Years, sheltering himself at Times there, though in common he lay about in Stables, Hay-Lofts, &c. and is reported not to have lain upon a Bed for more than Fifty Years past, notwithstanding which, he died worth upwards of 3000l. which he has by Will left for the Benefit of Widows and Orphan Children, under Direction of certain Persons named in his Will for that Purpose.

We hear that a Captain of a Ship, now in the River, was brought home in Irons, by order of a Governor abroad, for causing a Man to be whipped in such a Manner as to occasion his Death.

SCHEME OF THE MARYLAND LIBERTY LOTTERY.

THE Lower House of Assembly of Maryland have constantly and ineffectually hitherto, since Seventeen Hundred and Thirty-nine, RESOLVED, That his Lordship hath no Right to collect Twelve-pence per Hoghead on Tobacco exported.

A Constitutional Tax on the People to support an Agent of the Appointment of the Lower House, has been greatly desired, frequently attempted, and as often refused by the Upper House.

The Lower House of Assembly contend, That the Clerk of the Council his reasonable Reward, as well as every other Expence necessarily attending the Execution of the Powers of Government, ought to be defrayed out of the Fines, Forfeitures, Amerciaments, and other Monies received by the Government for the Support thereof; and, "That Sentiment being directly opposite to the Opinion the Upper House had, on mature Consideration, formed upon the Subject of the Clerk of the Council's Claim," principally occasioned the Non-payment of the Public Debt for upwards of Ten Years: The Distress of Trade for Want of a Circulating Medium, and the extreme Necessity of Public Creditors, compelled the Lower House to agree to an Appeal to his Majesty in Council, on the Subject Matter of Difference, without the Allotment of any Public Money for that Purpose, as the only Means to settle Disputes, restore Public Credit, and lay a sure Foundation for the future Ease and Good of the Province.

A Subscription therefore, by RESOLVE of the Lower House, has been Open'd, and Subscriptions are taken in by every Member, for maintaining an Agent, and supporting the Appeal on the Part of the People, as well as obtaining Redress of their other Grievances; and, by RESOLVE also of the Lower House, as an additional Means of raising Money for the same Purposes, the following SCHEME of a LOTTERY, by which to raise One Thousand Pounds Common Money, is submitted to the Public.

Table with 3 columns: Prize, Amount, and Value. Includes prizes of £500, £250, £100, £50, £30, £20, £15, £10, £5, £4, £3, £2:10, £2, and 2500 prizes/blanks.

2500 Prizes. 20 £.6500. 2500 Blanks. Tickets, at Thirty Shillings each, amount to £.7500. From which deduct 1000 £.6500.

Two and an Half per Cent to be deducted from the Prizes, to defray the Expences of the Lottery.

The Drawing to be in the Court-House at Annapolis, in the Presence of the Managers, and as many of the Adventurers as shall be pleased to attend.

The Managers are, William Murdock, Esq; Messieurs Thomas Sprigg, William Pava, John Weems, Thomas Gassaway, South River, Thomas Ringgold, B. T. B. Worthington, Henry Hall, John Hammond, Thomas Johnson, John Hall of Annapolis, and Samuel Chase, or such of them as shall chuse to act.

The said Managers to give Bond to the Hon. SPEAKER, and be upon Oath for the faithful Discharge of their Trust.

A List of the Prizes to be Published in the MARYLAND GAZETTE, and the Prizes paid as soon as the Drawing is finished; and those not demanded in Six Months after the Drawing, to be deemed as generously given to the above Use.

The Scheme to be made publick in the Maryland and Virginia GAZETTES, and Pennsylvania JOURNAL.

"LIFE without LIBERTY is worse than DEATH." TICKETS may be had of any of the Managers, and of most of the Members of the Lower House of Assembly.

There not having been such a full Return of the Sale of TICKETS as could have been wished; rather too many TICKETS to lie on the Risk of the SCHEME, being still unsold; and as the Winter Season will be too far advanced after the November County Courts, the MANAGERS have resolved to begin the Drawing certainly on the Thursday after the Third Tuesday in May next, when many of the Adventurers may attend, with Convenience.—It is hoped by that Time all the TICKETS will be sold, but if they should not, the PUBLIC may rely on the LOTTERY'S being then drawn.

The MANAGERS take this Opportunity to return their hearty Thanks to those Gentlemen who have assisted in the SALE of TICKETS, and beg they will return any they may have unsold, at least a Week before the Drawing.

To be sold, on the Premises, in St. Mary's County, on Monday the 16th of November next, for good Bills of Exchange, Sterling Money, or Silver Dollars;

A VERY valuable GRIST MILL, with Two Pair of Stones, on a plentiful Stream, and known by the Name of St. Mary's GRIST-MILL, in said County; together with a BOULTING-MILL, a very large GRANARY, BAKE-HOUSE, MILLER'S HOUSE, SMITH'S SHOP, STORE-HOUSE, and COMPUTING ROOM, &c. The whole almost new, and in complete Order, for carrying on the Boulting and Baking Business, near Six Hundred Pounds having been very lately expended in Improvements, for that Purpose. The many Advantages, of which this Mill is in Possession, from her natural Situation, with regard to Custom, Trade, and Navigation, is superior to most, perhaps inferior to none in the Province; and are so well known, as to make it unnecessary to point them out in an Advertisement.

The Sale may be either Public or Private, as may be agreed on at the Time. One Third of the Purchase Money will be wanted, on giving Possession, which may be immediately. Credit Twelve Months for another Third, and Two Years for the Remainder, without Interest, unless Payment is not punctual to the Time; in which Case, the Bonds to carry Interest from the Date; which will be expected, with satisfactory Security.

At the same Time, will be sold, a WHEAT FAN, an Iron-bound TUMBREL, a large Parcel of remarkable fine HOGS, of the Chinese Breed; also some CATTLE, all well used to the Place; together with sundry other Articles, too tedious to mention. (11) 4 WILLIAM BLACK.
