

Mount-Calvert Manor, October 5, 1762.

ON the 21st of June, ran away from his Service, Benjamin Clarke, a Lad about Fifteen Years of Age, little of Stature, of a pale Complexion: Had on when he went away, a scarlet Coat trimmed with yellow metal Buttons, a striped holland Jacket and Trowsers. I have heard he went to one of his Relations at St. Leonard's Creek, Calvert County; but if either they entertain him, or any Person carries him out of the Province, they may depend on being prosecuted. Whoever brings him home, shall receive a Reward, and reasonable Charges from

THO. HAMILTON.

P. S. A Report has been industriously spread, that the Advertisement I put in your Paper last May, (concerning the Pedigree, &c. of the Gray Stallion I imported from Scotland last November) was fictitious. What I published was just, for which I can shew good Authority, and what is said to the contrary is absolutely False; I would advise the Author to look Inward, he may if he search truly find something Infernal in his Nature.

THERE is at the Plantation of Sarah Robeson, at Broad-Creek, in Prince-George's County, taken up as a Stray, a middle-siz'd old Black Mare, branded imperfectly on the off Buttock. The Owner may have her again, on proving his Property and paying Charges.

MEDICINES,

For the speedy Recovery of all such as are afflicted with any of the undermentioned Disorders.

RIVINGTON and BROWN,

Bookellers and Stationers in MARKET-STREET, PHILADELPHIA, have just imported the following most excellent and universally approved of Medicines, prepared very carefully by the eminent Dr. HILL, of London, viz.

For the Cure of the GOUT and RHEUMATISM, A NEW DISCOVERED MEDICINE, called, ELIXIR of BARDANA.

The BARDANA is a common innocent British Plant; its Virtues against the Rheumatism have always been known; and the Physicians of Edinburgh, who have distinguished themselves eminently in the Improvement of Medicine, now give it constantly and successfully in that Disease: The Author claims no Merit but that of extending its Use, assisting its Efficacy, and reducing it to a Form in which it may be more conveniently taken. It is pleasant, safe, and effectual; and if we judge from the first Experience upon himself, and the happy Effects of its Use in a Number of other Cases in London, there is Ground to hope these Diseases will no longer so grievously torment Mankind. Price Seven Shillings a Bottle.

For the certain Cure of the SCURVY, LEPROSY, and all Obstinate Disorders of the SKIN,

THE ESSENCE OF WATER-DOCK.

The Virtues of which are such, as to cure the most inveterate Degrees of the Scurvy; it not only clears the Skin of all Breakings out, but mends the Constitution. Persons afflicted with the Scurvy are subject to have bad Stomachs, and to be miserably low-spirited, and many have those Complaints, not knowing that the Scurvy is the Cause. This Medicine takes off the Faintness, creates an Appetite and Digestion immediately, clears the Skin, and prevents future Eruptions. Price Seven Shillings a Bottle.

The most successful Medicine that ever was used for the effectual Cure of the GRAVEL and STONE; called,

The Tincture of Golden Rod.

This Medicine has been found very excellent in preventing the Gravel from concreting to Stone, and discharging it without Pain; it will bring away all Gravel as fast as it is deposited in the Kidneys, and never suffers it to lodge or form Stones again; and it has been found by Experience to excel Mrs. Stephens's, and all other Medicines used in dissolving Stones. Price Nine Shillings a Bottle.

For the Cure of all NERVOUS DISORDERS, FITS, HEAD-ACHS, LOW-SPIRITS, CONFUSED THOUGHTS, VAPOURS and ME-

LANCHOLY; A MEDICINE CALLED,

The Genuine Tincture of VALERIAN.

It is a pleasant Cordial, and enlivening Medicine, it cherishes the Spirits, cures Wanderings of the Mind, all Kinds of Convulsions and Hysterick Complaints, Eclipses and Palpits in all their Stages. Also it is excellent in Sickness of the Stomach, and in Flatulencies, Obstructions, and the convulsive Asthma. Price Six Shillings a Bottle.

Also of the above RIVINGTON and BROWN may be had the following POWDERS.

SEXTON'S POWDER,

For the certain Cure of the SMALL-POX and MEASLES.

This Powder, from the incontestible Proofs of Success in Families of the greatest Distinction and Reputation, makes it almost needless to mention its superior Excellence to the Cure of that dreadful Distemper the Small-pox; which by this Medicine is rendered no more dangerous than any common Eruption, being possessed with that specific Virtue, as to destroy the Malignancy of the poisonous Matter, and discharging it by gentle Perspiration, which, from an over Quantity, occasions all the dangerous Attendants of the Disease; it helps Nature, by throwing out the virulose or pocky Matter from the internal Viscera to the external Parts, kindly promoting a due Maturation (so difficult to be obtained by the common Methods of Practice) and entirely prevents the secondary Fever, and will with the greatest Certainty cure most Fevers in a short Time, and is withal so innocent as to be given to Children in the Month, without the least Hazard or ill Effect by any Violence of Operation. These Powders have saved the Lives of many Thousands; are in the utmost Esteem in Europe, and have been greatly used in recovering Negroes in the West-Indies. Price Twelve Shillings for a Quantity sufficient for the Recovery of a single Patient.

Dr. JAMES'S POWDER for FEVERS.

This Powder, if taken agreeable to the Directions, will remove any continual Acute Fever in a few Hours, though attended with Convulsions, Lightheadness, and the worst Symptoms, but if taken at the Beginning of a Fever, one Dose is generally sufficient to perform a Cure. It is likewise a most effectual Remedy for all internal Inflammations, Pleuritis, Quinsies, Acute Rheumatisms, and the Lowness of Spirits, and Uneasiness proceeding from latent Fevers, which are generally mistaken for Vapours and Hysterics. And a single Dose remarkably stops the Progress of a Cold, and certainly prevents the ill Consequences arising from that very common Disorder, the Source of almost all Distempers. Price Six Shillings for a Paper containing two Doses.

Likewise at the same Store is sold,

Several Sorts of perfumed Waters, Smelling Bottles, Court Plaster, Tooth Powder and Brushes, and an elegant Assortment of Jewelry and Trinkets.

NEW-YORK, October 4.

On Tuesday last arrived here the Ship PRINCE GEORGE, Capt. GREENWAY, in 7 Weeks from BRISTOL, by which we have several later English Prints than were brought by the last Packet, particularly a Bristol Paper of the 7th of August, from which we have the following very remarkable and important Particulars, viz.

HAGUE, July 29.

LAST Monday the States received by an Expre's from their Minister at Berlin, the important News of a great Revolution that has happened in Russia; no less than that the Emperor Peter III. is dethroned; the Emper's his Spouse Declared Reigning Emper's; and the Ministry of the preceding Reign entirely changed.

Yesterday this News was confirmed by an Expre's, which Mr. Grotius, the Russian Minister, received from his Court, and which has brought him the two following Pieces:

MANIFESTO of the Emper's CATHERINE II. in her Advancement to the Throne of Russia.

By the Grace of God, we Catherine II. Emper's and Autocratrice of all the Russias, &c. All the true Sons of Russia have clearly seen the great Danger to which all the Russian Empire has been in Effect exposed.

I. The Foundations of our orthodox Greek Religion have been shaken, and it's Traditions exposed to a total Ruin; inasmuch that it was absolutely feared that the Faith, at all Times established in Russia, would be entirely changed, and a foreign Religion introduced.

In the second Place, the Glory of Russia, acquired with so much Effusion of Blood, and risen to the highest Pitch by it's victorious Arms, has already been trampled under Foot, by the Peace lately concluded with it's greatest Enemy.

And at length, the interior Arrangements, which serve as a Basis to the Welfare of the Country, have been totally overthrown.

Wherefore, being sensibly affected and overcome with the imminent Dangers wherewith our faithful Subjects were threatened, and knowing their manifest and sincere Desires in this Respect, We, relying on the Almighty, and the Divine Justice, have mounted the Sovereign Imperial Throne of all the Russias, and have received the solemn Oath from all our faithful Subjects.

Done at Petersburgh the 28th of June, O. S. 1762. This Publication made, the Emper's remitted to the foreign Ministers the following Note for their Information; but we know not whether the Prussian Minister was of the Number.

NOTE for the foreign MINISTERS.

HER Majesty the Emper's having this Day mounted the Imperial Throne of all the Russias, to answer the unanimous Desires, and pressing Prayers, of all her faithful Subjects, and true Patriots of this Empire, has ordered Notice to be given thereof to all the foreign Ministers residing at her Court, and to assure them, that her Imperial Majesty's invariable Intention is to maintain a good Friendship with the Sovereigns their Masters.

The said foreign Ministers will be immediately informed of the Day on which they may have the Honour to make their Court, and present their Compliments of Felicitacion to her Imperial Majesty.

Done at Petersburgh, the 28th of June, 1762. This surprising Revolution furnishes Matter for all Kinds of Conjectures. What merits a particular Attention, is the Grief, which, in the Manifesto, is laid to the Charge of the preceding Reign, for having concluded a Peace with the GREATEST ENEMY of Russia. Those Terms seem to announce a new Change in the political System of Europe, and consequently fresh Troubles.

The Army under General Romanzow in Mecklenburgh, it is said, has already taken the Oaths to the new Sovereign of Russia.

Hague, July 29. We have just received the News of an Action in Germany, between a Part of the Allied Army, and the Corps commanded by Prince Xavier of Saxony; the Particulars of which are given us in the following Letter.

Letter from the Head-Quarters of Duke Ferdinand of Brunswick, at Nieder-Worffchitz, July 25.

His Serene Highness Duke Ferdinand having resolved to attack the Corps under the Command of Prince Xavier at Lutternberg, composed of the Saxon Troops, and of 12 French Squadrons; General Gilsae was charged with the Execution thereof, and for that Purpose, to pass the Fulda near Spall with his Detachment, consisting of Eight battalions; while General Beck, with Eight Squadrons, passed it at Spiegelmuhl, and General Zastrow at Willmsbhausen.

General Walthausen posted Colonel Blisse at Bonnafort, to cover the left of the Attack, and to bridle the Garrison of Munden, while with Colonel Schlieben, who had been on the side of Gutsingen, and who was at the same Time to pass the Werra at Herdmanden, he was to endeavour to take the Enemy on the back.

All this was executed with the greatest Bravery. The Attack was made the 23d, at four in the Morning. Our Grenadiers on the Left began it, by passing the Fulda in Face of the En-

my, and in the midst of a hot Fire from their Cannon and Musketry. The rest of the Infantry followed their Example, though they had the water almost up to their Chins. Gen. Gilsae immediately occupied the Wood which the Enemy had on the Right, which obliged them to change their Position a little, to cover their Flank, and to divide their Attention.

The Affair was disputed briskly a long Time; but now our Troops beginning to gain Ground, and some Squadrons of Schlieben's Corps, who had passed the Werra at Herdmanden, arriving on the Back of the Enemy, and having vigorously charged and overthrown all the French Squadrons, the Saxons fearing to be cut off from Cassel, gained with Celerity the Rout to that City; but some Battalions being thrown into the Redoubts which they had erected on the Heights of Lutternberg, were made Prisoners; the rest saved themselves as well as they could, by flying towards the grand French Army.

The Loss of the Enemy has been very considerable upon the Field of Battle; besides a great Number of Prisoners, amongst whom are the Lieutenant-General Prince of Hombourg, and several Officers, a noble Regiment of Cavalry, and two Regiments of Grenadiers, they have also abandoned us Thirteen Pieces of Cannon, and Three Standards.

The Count de Stainville, who commanded a Corps of between 8 and 10,000 Men in the famous intrenched Camp upon the Kratoenberg near Cassel, seeing, probably, the Rout of the Saxons, marched out to support the Corps of Prince Xavier, and to cover his Retreat.

Prince Frederick of Brunswick, who had been posted to observe Stainville, and to give him at the same Time some disturbance, perceiving him move off, entered his Entrenchments, occupied them, and maintained his Ground there; so that M. de Stainville has been obliged to throw himself into Cassel.

Such is the true Detail of this memorable Action, wherein our loss has been inconsiderable, notwithstanding all the Obstacles we had to surmount to come at the Enemy. All the Troops fought in admirable Order, and with an Ardour greatly expressive of their Emulation to merit, on all Occasions, the Esteem and Approbation of their illustrious Chief.

From the LONDON GAZETTE.

Petersburgh, July 10. Yesterday her Imperial Majesty the Emper's of Russia, was proclaimed Sole and Reigning Emper's, and Sovereign of this Empire, by the Name of Catherine the Second, and immediately thereupon, the several Orders ecclesiastical, civil, and military, took the Oaths of Fidelity to her Imperial Majesty, and to her Son the Great Duke Paul, as her lawful Heir.

Breslau, July 14. The last Accounts from the Upper Silesia say, that the Duke of Bevern was near Troppau, General Verner at Fulneck, and General Beck at Bohre, between Hoff and Sternberg, still keeping open his Communication with the County of Glatz.

Nothing has happened worth writing, between the two Armies in the Neighbourhood of Schweidnitz.

July 23. On the 21st, in the Morning, the King of Prussia attacked the Right of Marshal Daun's Army, posted upon the Heights near the Village of Buckersdorff, which were carried by the Prussians. An Attack was then ordered to be made upon the Villages Ludweigsdorff, and Leuthmansdorff, from which the Austrians were likewise driven; and, by these Successes, their Communication with Schweidnitz was entirely cut off. It was resolved the next Day to have attacked the Post of Barisdorff, towards the Left of Marshal Daun's Army, near Tanhausen, where the Head-Quarter was; but, by Accounts received last Night, Marshal Daun was retired, with part of his Army, towards Braunau, in Bohemia; and the other part had withdrawn into the County of Glatz.

It is not yet known here, with Certainty, what Loss may have been sustained on either Side; but the Reports are, that the Prussians took 14 Pieces of Cannon, and upwards of 1000 Prisoners; that the Desertion in the Austrian Army was very great; and that the Loss of the Prussians did not exceed 300 Men.

Hague, July 27. All our Advices from the Rhine agree in the March of the Prince of Conde from Chersfeldt by Dolmen to Bockum, where he halted the 22d, intending to detach a great Part of his Troops to reinforce the other Army, and to fix his own Head-Quarters at Duffeldorff, in order to guard the Rhine. In his March, the Light Troops and Detachments from the Hereditary Prince's Corps harassed him extremely, and took a great deal of his Baggage. Some of our Accounts say, that the Prince of Conde was actually arrived at Duffeldorff on the 24th. The Hereditary Prince was on the 25th, encamped at Mark near Hem.

The King of Prussia is said to be at Landshut, and General de Wied advanced into Bohemia, towards Konigsgratz. There had been a smart Action at Braunau, where the Prussian Loss is said to have been killed. Colonel Kleut of the Prussians, who had made an Incursion into Bohemia on the Side of Saxony, is returned to Prince Henry's Army, the Prince of Stolberg, with the Army of the Empire, having marched forward again towards the Prussian Chain, commanded by Major General Belling.

July 30. Nothing is come from the Allied Army since Captain Cunningham went through this Place, though further Accounts are hourly expected. We are informed that the Prince of Conde's Army has passed the Heights of Cologne by Divisions, directing his March towards Siegen. Sixteen Battalions have remained for the Guard of Rees, Wesel, Duffeldorff and Cologne, with a few Squadrons.

St. James's, August 2. Captain Cunningham, who is just arrived, being dispatched the 24th past by Prince Ferdinand to his Majesty, brings Word, that the Day before, he had caused an Attack to be made, by a Detachment of the Allied Army, consisting of some Hanoverian and Hessian Troops, under the Command of General Gilsae, upon Part of the Enemy's right Wing, composed chiefly of the Saxon Troops under Count de Lusace, in their intrenched Camp of Lutternburg: That the Allied Troops marched thro' the Fulda up to their Waists; and, after having clambered up the Mountain, took four palliaded Redoubts, one after the other, and drove the Enemy from all their Intrenchments. That during the Action, Major General Walthausen gained the Rear of their right Flank, charged their Cavalry, routed them, took and destroyed a whole Regiment of Saxon Horse. That the Allies in this Attack had taken above 1000 Prisoners, 13 Pieces of Cannon, and Three Standards, with a Loss, on their Part, not exceeding 200 Men.

Captain Cunningham likewise gives an Account, that during the said Attack, Prince Frederick of Brunswick had marched towards the Kratoenberg, a very strong high Ground, which covers Cassel, and cannonaded the French Lines, where Count Stainville was encamped with about 10,000 Men; who, hearing of the Defeat of the Saxons, quitted those Lines, to go to their Assistance, whereupon Prince Frederick got Possession of them without Opposition.

LONDON, July 20.

The Register Money on board the Hermione, taken by the Active, Capt. Sawyer, and the Favourite, Capt. Pownall, amounts to 2,276,715 Dollars, which is 512,260 l. Sterling. The Shares will be as follow:

Table with 2 columns: Name and Amount. Includes Sir Charles Saunders (43,730), Sir Piercy Brett (21,365), Each Captain (64,032), 5 Lieutenants and Masters (12,819), 15 Lieutenants of Marines and War Officers (4,373), 34 Petty Officers (1,815), 266 Common Men and Boys (482).

The above Account is only of the Money registered in the King of Spain's Books: The private Trade on board is imagined to be about Two Thirds of the same Value; so that the Shares will be increased in Proportion.

July 22. Yesterday Evening Expresses were dispatched from the Admiralty to Plymouth, Portsmouth, Chatham, and the Downs, enjoining the commanding Officers to get all their Ships ready for sailing on the shortest Notice.

A Letter in Town from an Officer in the Army of the Empire, says, that no less than 500 Men deserted to the Prussians on the 1st and 2d of July; and that there were such Murmurings among the Officers, that it was thought the Army would be separated.

It is remarkable that the greatest Damage done us by the French this War, has been with small Squadrons. Thurot, with his 3 Ships, a long Time kept us in Alarm, landed in Ireland, and did great Mischief; twice with small Squadrons they have swept the Coast of Africa, seized great Numbers of our Ships, and thus, without Trouble or Expence of purchasing, supplied themselves with Negroes; and now, with two Ships of War, and two Frigates, they have done us incredible Damage at Newfoundland.

July 24. As the French have taken Newfoundland by Surprise (as is supposed) it is to be hoped it will be retaken immediately, and that they will not be suffered to keep Possession of it all the next Winter: For if they should, and Negotiations of Peace should be entered into with the French, during such Time, would it not afford them too much Reason to insist upon a Fishery there?

It is supposed, at Lord Colvill, on board the Northumberland, with several other of his Majesty's Ships, are at Halifax, and on that Station, the French will find it difficult to make their Retreat from Newfoundland.

It is reported, that the following Ships, viz. the Superbe, Cornwall, Bedford, Monmouth, and Shrewsbury, besides three Frigates, are to sail with all Dispatch, under the Command of Admiral Durell, to oblige the French to abandon their late Conquests.

July 26. The Spaniards are in the utmost Pain for the Fate of the Havannah, and their Fleet in that Harbour. They expect an Attack will also be made upon their rich Settlements in the East-Indies; and that Manilla and the Havannah will both be lost about the same Time. Between 20 and 30 very rich Ships are expected to be on their Passage from the South Seas between this Month and October next; and as they must pass along the extensive Coast of Brazil, their Safety is very precarious, especially as the Portuguese Ports in that part of the World will afford good Stations for British Cruizers and Privateers.

July 28. A Detachment of Brunswick and Hessian Hunters has taken a Number of Waggons, laden with Baggage, belonging to the French Army, under the Marshals d'Etrees and Souffle; the Produce of which Capture, or being put up to Sale, amounted to 1000 Crowns each Man.

Yesterday morning arrived at Spithead his Majesty's Ships Neptune, Favourite and Active, with the Hermione, Prize to the two latter, from Gibraltar.

Letters from Paris, by Way of Holland, say, that there had been very extraordinary Rejoicings there, on Account of their taking Newfoundland.

July 31. On Wednesday the Lords of the Admiralty sat several extra Mouts, and this Day a full Board is expected.

Captain Amer,
Merchantmen
we learn, That

four Companies of the Royals, the 15th and 48th Regiments, the Third Battalion of Royal Americans, with all the Provincials, were soon to embark for these Parts: That the Spanish Soldiers and Sailors, made Prisoners at the Havannah, had failed for Spain: That two Ships of the Line, and a Frigate, had also failed for Halifax, to join Lord Colvill: That the Spanish Inhabitants had found Means to convey off a great Part of their Gold, and other valuable Effects: That the English had lost no Person of Distinction, though the Men, in general, still continued to be very sickly, and a great many had died: And that a Brig, from La Vera Cruz, thought to be very rich, not knowing the Place was taken, had gone in, with her Colours flying, and was secured.—The Articles of Capitulation are not come to Hand; but we understand, that by them Private Property is secured, the Profession of the Roman Catholic Religion permitted, and the Garrison marched out with all the Honours of War, and was transported to Spain at our Expence.

Captain Cochran, in the Privateer Brig Charles-Town (belonging to Charles-Town, in South-Carolina) of 14 Six-pounders, and 100 Men, was taken, on the First of August, in Lat. 23. by two French Men of War, of 74 and 32 Guns, and carried to Cape Francois. These Ships of War were on their Return there, from convoying a Fleet of French Merchantmen clear of the Keys.

The Privateer Brig New Grace, Capt. Taylor, of this Port, and the Speedwell, Captain Kemp, of Providence, have taken, and carried in there, a large French Frigate, from the Cape, loaded with Sugar and Indico, supposed to be the richest Prize taken in these Seas this War.

A Prize Sloop, mentioned in our last, to be taken by the Hero Privateer, of this Port, is arrived at Providence.—Several other Prizes have been likewise lately sent in there, but we have not learnt what they are, or by whom taken.

ANNAPOLIS, October 14.
Thursday last Mr. JONATHAN PLOWMAN, Merchant, of Baltimore-Town, was Married in Calvert County, to Miss REBECCA ARNOLD (eldest Daughter to Mr. DAVID ARNOLD) an amiable and accomplish'd young Lady, with a pretty Fortune.

Monday next an Especial Court of Oyer and Terminer and General Goal Delivery, is to be held here.

Friday, Thomas Cooper was executed at the Gallows, just without this City, for Burglary. He behaved himself at the Place of Execution with Decency, but was terribly Shocked at the near Approach of the King of Terrors. He said but little, only that he hoped his untimely End would be a Warning to Others, and spent his few Moments in Prayer. He was much persecuted by the Impertinence of Jack Ketch, who behaved himself extremely ill. Cooper was an English Man, very young; but had been guilty of many Faults, of which we hope he sincerely Repented.
