

The MARYLAND GAZETTE.

[XX^o Year.]

THURSDAY, October 4, 1764.

[N^o. 1013.]

L O N D O N, July 3.

LAST Friday Morning died, of an Inflammation in his Bowels, which turned to a Mortification, aged 72, at his Seat, at Prior Park, near Bath, Ralph Allen, Esq; He was quite sensible and resigned to the last, and so composed even in the most excruciating Pain, that he asked his Physicians the Day before he died, when no Hopes of his Recovery remained, how many Hours they thought he might live, which they told him pretty nearly. He then thanked them for their Attendance, and desired they would leave him. He was universally known to have lived in the constant Practice of every Virtue that does Honour to Humanity.— It is impossible, perhaps, for Words to express the full Extent of his singular Merit. In every View of his Character, he appears excellent almost beyond Example. His ample Fortune, acquired in the Prosecution of a Plan of his own Invention for the Improvement of the Revenue of the Post-Office, highly beneficial to his Country, was spent in a splendid, but decent, Hospitality, and in the Relief of a great Variety of Objects of Compassion. To his numerous Servants and Dependants he acted the Part of a tender Parent. His Benevolence was indeed unbounded; and so secretly was it generally exerted, that the Amount of it will probably never be discovered. His public Charities were also very extensive; and to the City of Bath in particular he was a most munificent Benefactor. His Loss indeed is, in every Sense, a public Calamity; for the King hath in him lost a most faithful Subject, and his Country in general one of its highest Ornaments.

Yesterday the Spanish Ambassador had the Honour of a long Conference with his Majesty at St. James's.

We are informed that Mr. Pitt had a long Conference, a few Days ago, with Lord Bute.

July 5. On Sunday last died Mrs. Harris, many Years Mistress of the Two Blue Posts, opposite St. Anne's Church, Soho. She weighed upwards of 40 Stone, Horseman's Weight, and was reckoned the largest Woman not only in England, but in all Europe; and equalled the late famous Mr. Bright, of Malden, in Essex.

Orders are given for three Companies of the Royal Regiment of Artillery, commanded by the Marquis of Granby, to be in Readiness to embark for America.

July 7. His Royal Highness the Duke of York is expected to arrive in England about Michaelmas; and his House in Pall Mall is ordered to be completed by that Time.

July 10. Yesterday at Noon came on before Lord Mansfield, at the King's Bench Bar, Westminster, the Trial of M. D'Eon; for a Libel on his Excellency the Count de Guerchy, the French Ambassador; a special Jury was impanelled on the Occasion; but no Evidence appearing on M. D'Eon's Behalf, he was found guilty; and Sentence is to be pronounced To-morrow, the last Day of Term.

On Saturday Night, at Ten o'Clock, died, in the 82d Year of his Age, at his House in Piccadilly, the R^o Hon^{ble} William Pulteney, Earl of Bath, Viscount Pulteney, Lord Lieutenant and Custos Rotulorum of the County of Salop, F. R. S. and one of his Majesty's most Hon^{ble} Privy Council. He dying without Male Issue, the Title is extinct, and his paternal Estate devolves to his Brother, Lieutenant-General Harry Pulteney, who is also far advanced in Years.

July 12. We hear that on Saturday last an Appearance was entered for the Right Hon. the Earl of Halifax, in the Action brought by Mr. Beardmore's Clerk against his Lordship, and three of his Majesty's Messengers.

We are informed that a few Days since died at his Farm in Devonshire, Mr. Henry Walcott, an eminent Farmer and Cyster-maker: Among the many Legacies which he bequeathed, having no Relations, is the following remarkable One: I give and bequeath unto John Wilkes, Esq; late Member for Aylesbury in Bucks, the Sum of Five Thousand Pounds, as an Acknowledgment to him, who bravely defended the constitutional Liberties of his Country, and checked the dangerous Progress of arbitrary Power.

Some Advices from Poland say, the last Check that the Castellans of Cracow received from the Troops of the Dyet, was much more considerable than was at first apprehended; for besides a great Number killed, wounded, and taken Prisoners, the Castellans had the Misfortune to lose 30 Waggon laden with Baggage. Many Ladies, and amongst the Rest his own Countess, Sister to Count Poniatowski, fell into the Hands of the Enemy, by whom she was immediately set at Liberty, and conducted, under a strong Escorte, to a Place of Safety. It was this heavy Blow that obliged him to retire with his Forces into Hungary.

When the Royal Academy of Sciences of Berlin met lately to celebrate the Anniversary of the King's Accession to the Throne, M. Formey, the Perpetual Secretary, opened the Assembly with the following Speech:

"Gentlemen, We are met to celebrate a Solemnity, the Return of which is a certain Proof of our Felicity. Whilst we can say Frederick reigns, we shall have a Right to add, We are happy. If it pleases Providence to preserve this august Monarch, which we shall ever pray for with the greatest Fervency, those who shall be assembled here this Day Twelvemonth, will see the first Jubilee of the glorious Reign, into the 25th Year of which we are just now entering.

"In an uninterrupted Prosperity may glide away the 25 following Years, which will lead to the second and grand Jubilee, at the End of which the Prussian Monarchy will have no less Foundation to extol the Age of Frederick, than all the other Monarchies, ancient and modern, have had to glorify the Ages of Cyrus, Alexander, Cæsar, Charlemagne, and Louis."

The Irish now Manufacture broad and narrow Cloths in such great Perfection, that they will soon be able entirely to supply their home Consumption, and they are sold at reasonable Rates, the Wool blue, grey, pompadour, &c. Broad Cloths being 17s. Irish, per Yard; and the best superfine black, coffee, claret, and drab Colour, one Shilling cheaper.

By a Letter from Bengal, dated Dec. 24, 1763, we learn that Major Adams, who was then with his Army on the Banks of the River Carmanassarus, has wrote to Sujah Dowlah, the King of Delha's Vizier, into whose Country Cossim Ali Cawn retreated after his late Defeat by the English Forces, that if he does not surrender him up, he will cross the River, and destroy his Country with Fire and Sword; whereupon Sujah Dowlah wrote down for an Ambassador, and appointed one to treat with the Governor and Council. This Letter adds, that the newly-restored Nabob has given a very handsome Gratuity to the English Army for their late Services in his Behalf.

July 14. Wednesday the Rev^d. Mr. Eatick shewed Cause, in the Court of Common Pleas at Westminster, why the Action now at Issue between him and four of his Majesty's Messengers should not be consolidated with another Action commenced against a Right Hon. Earl jointly with the said Messengers; when the Court ordered the Rule to be discharged, with Costs; and the Cause now at Issue is to be tried the present Sittings after Term at Westminster-Hall, before the Right Hon. Lord Chief Justice Pratt.

N E W - Y O R K, September 24.
From private Letters by the Packet we are informed, that three Superior Courts of Admiralty are established in his Majesty's American Dominions, one of which to be at Quebec, of which one Mr. Gregory is said to be appointed Judge, another at Halifax, Mr. Durell Judge, the other not yet known.

Yesterday the Harriot Packet-Boat, Capt. Robinson, sailed with the Mail for Falmouth.

P H I L A D E L P H I A, September 27.
Extract of a Letter from New-York, dated Sept. 15, containing a more particular Account of the late Treaty, than has yet been published.

"Sir William Johnson, at the late Treaty at Niagara, met with above 2000 Indians, the greatest Number ever assembled on such an Occasion. They consisted of Deputies from all the Western Indians, with the Six Nations, who accompanied him, in order to attend the Army. The greater

Part of the Western Indians were well recommended by Major Gladwin, for their Behaviour in endeavouring to bring about a Peace, as well as for Services done by many of them, in protecting the Garrisons of La Haye and Michillimakinak. The Chain of Friendship was renewed with them, on Condition of their engaging to deliver up all their Prisoners, and make Restitution for the Traders Losses.—The Marons of Detroit made Excuses for their being concerned in the War, and said they were forced to it by those who were under Pontiac. They subscribed the Treaty in Form, ceding to his Majesty all the Land from Detroit to Lake St. Clair, along the Strait, and delivered up three Prisoners, which were all they had with them. The Senecas also subscribed the Treaty in due Form, ceding to his Majesty, for the Use of the several Posts in that Quarter, all the Land from the Lake Ontario to Lake Erie, four Miles in Breadth on each Side the Strait. They also gave up a Deforter, and fourteen Prisoners; and left two of their Chiefs as Hostages for the delivering up the two Headmen of those Delawares that are in their Hands, with all the Prisoners they took. The Day that Sir William left Niagara, Colonel Bradstreet set forward with the Forces under his Command, among which were above 500 Indians. It is, however, the Opinion of those here, who are best skilled in Indian Affairs, that this Peace can subsist no longer than we cultivate it by a prudent Management of Indian Affairs; and that if we relapse into our former Neglect of them, they will look upon their Agreement as void. Our Out-posts, Convoys, Traders, &c. are too much in their Power; from one of which they cannot fail of obtaining Supplies sufficient to give us much Trouble, and involve us in vast Expences."

Fort Bedford, Sept. 10, 1764.
Yesterday Col. Bouquet marched from hence with a large Convoy of Provisions and Ammunition, on Pack-horses, for Fort Pitt, and lay last Night at the Shawanese Cabbins.—To-morrow a Convoy of 60 or 70 Waggon is to follow, under the Command of Capt. Hay, of the Royal Artillery.—And the next Day the last Convoy of Pack-horses, under the Command of Capt. Ourry, with the Rear of the Troops.

"It is hoped that these Convoys will all get up with very little Difficulty, as Captain Williams, Chief Engineer, precedes them with Workmen to repair the Roads. He has, with 200 Pennsylvanians, completed, in four Days, a most excellent Waggon Road round the Sidling Hill.

"A Number of Volunteers from Virginia, are on their March to join the Army at Fort Pitt.

"Captain Macdonald is returned to Fort Cumberland from his Scout, without meeting any Enemy."

Captain Ourry, with the Rear of the Forces, was left, the 14th Instant, on the Top of the Allegheny Mountains, all well.

A N N A P O L I S, October 4.
On Wednesday last, march'd from Fort-Fredrick, in this Province, under the Command of Capt. WILLIAM McCLELLAN, a Company of VOLUNTEERS, consisting of 43 brave Woods-men, beside Officers, all of them well equipp'd, with good Rifles, and most of them Born and Bred on the Frontiers of Frederick County. They serve without Pay, and intend to meet Col. BOUQUET at Fort-Pitt, and go against our Enemy Indian Towns. May Succes attend them.

Saturday last, the 29th of September, being the Anniversary for the Election of a MAYOR for this City, the Worshipful JOHN ROSS, Esq; was chosen Mayor for the Year ensuing.

The same Day WALTER DULANY, Esq; was chosen an Alderman in the Room of JOHN BULLEN, Esq; Deceased.

CLISH, near ALEXANDRIA, VIRGINIA.

Septemb^r 22, 1764.
To be SOLD, pursuant to the Last Will and Testament of *John Colvill, Gentleman, deceased*, on the 24th Day of *April, 1765*, at the House of *Mr. Arthur Charlton*, in *Frederick-Town*, in *Frederick County, Maryland*, for *Sterling Money, Bills of Exchange, or Current Money of Pennsylvania, Maryland, or Virginia*, at the current Rates of Exchange,

A VERY valuable Tract of LAND called *Merryland*, in the said County, containing 6300 Acres, lying along the Foot of the lower Side of the *Sbenandoe Mountain*, and along the Banks of *Patowmack River*, within 12 or 13 Miles of *Frederick-Town*, where great Trade and Business is carried on. It is very convenient for a Dutch Settlement, as many of those People live near and about it. It is well Watered and Wooded, and in the Neighbourhood of two large Iron-Works. It will be Sold altogether, or in Lots or Parcels of 500 or 1000 Acres, as may be most convenient to the Purchasers; for one Half of which, a Year's Credit will be given (if desired) upon giving good Security, and allowing Interest. A Plat of the said Tract may be seen in the Hands of *Mr. Charlton* abovesaid.

A false and scandalous Advertisement, publish'd in the *Maryland Gazette*, of the 6th of this Instant *September*, in the Name of *John Patterson*, Agent for the *Earl of Tankerville*, to prejudice the Sale of the said Tract, obliges me to obviate the ill Consequences that may arise from it, by publishing such Part of the Testator's Will as I judge may satisfy the Purchasers of my Power to make them a good Title.

This Tract of Land called *Merryland*, is expressly devised to be Sold for the Payment of Debts and Legacies; and if the Money raised by it, should fall short to discharge them, I am expressly empowered by the Will to raise the Deficiency by a Sale of any of the *Virginia Lands* or *Negroes*; (devised to *Lord Tankerville*) as shall seem to me most expedient, except his Lordship, choosing rather to prevent the Sale of any Part of the said *Virginia Land* and *Negroes*, will assume upon himself the Discharge of such Deficiency, and wholly quit, exonerate, and indemnify me, as Executor, therefrom.

Lord Tankerville is appointed an Executor with me, and the only Debts of Conscience are due to Persons in *Great-Britain*: I have Prov'd the Will, and given Security in this Country; He hath done neither; so that I am liable to the Payment of Debts; he cannot be compelled. I have wrote to him repeatedly to settle these Affairs in *Britain*, and save the *Virginia Lands* from Sale, or give me Bond and Security here, that I might be indemnified against the Creditors: But after waiting almost Nine Years for his Lordship's Determination, he still declines giving me such indemnification; and the Creditors, now wearied with Delays and Disappointments, have actually commenced Suits against me; even for the very Legacies which this Agent, *Patterson*, so impudently asserts to be paid.

Out of Respect to his Lordship, I shall forbear, at this Time, mentioning his Payments of Debts and Legacies, or other Proceedings, except called upon by this sagacious Agent to answer some other Essay of his Wit and Veracity.

I should not have mentioned these Circumstances, but to detect the Falshoods in the said Advertisement to discourage the Sale of this Land, evidently not to my Disadvantage, but his Lordship's, as it may force the Sale of some of the *Virginia Lands* or *Negroes*, which I have aim'd at preventing to him entire.

It would afford very little Amusement to the Public, and be very disagreeable to me, to enter into an Altercation with such a Person as *Patterson* is well known to be: But this may be necessary for me to say, that I shall (God willing) attend the Sale, produce the original Papers, together with an authentick Copy of the Will, under which I derive my Power (which will shew the Fallacy of his Lordship's being appointed Residuary Legatee, as also that his Concurrence in the Sale is not necessary) sufficient to convince any Purchaser, that his Title from me cannot be impeach'd. When this is done, it may be a Question, whether any Thing but invincible Ignorance, and matchless Effrontery, could influence *Patterson* to pester the Public with an Advertisement, directly to the manifest Prejudice of his Principal, and replete with Stupidity and Falshood.

THOMAS COLVILL.
N. B. The Plat, and an authentick Copy of the Will, will be lodg'd with *Mr. Charlton* in due Time.

WHEREAS there is a Dispute between *John Howard*, Son of *Benjamin*, and the Subscriber living in *Baltimore County*, in regard to the Title of Two Tracts of Land lying in *Anne Arundel County*, on a Point of *Patapsco River*, and near the *Elk-Ridge Landing*. And as it hath been thought by many Persons to be very convenient for Building a Town thereon, and as the Gentlemen of *Elk-Ridge*, and other Parts, have taken a great many Lots on the same, by Agreement with the said *Mr. John Howard*, and as this Dispute seems to put a Stop to the Building thereon, This is to inform the Purchasers of the said Lots, That if the Land should belong to the Subscriber, they shall have them as agreed for with said *Howard*. And I further inform any Gentleman that inclines to purchase Lots, that it is a very fine Place for that Purpose, having several fine Cool Springs on it, and a large Old Field very level and dry, with the Conveniency of a Sea Trade, and a fine, rich, extensive Country back of it, from whence is brought to the said Landing, large Quantities of Tobacco, Wheat, Indian Corn, Hemp, Beef, Pork, and all other Articles for Merchandize.

NOTICE is hereby given to all Persons indebted to *Capt. Archibald Johnston*, late of *Worcester County*, deceased, That I have obtained Letters of Administration, and have impowered *William Allen, Esq.* Attorney at Law, to settle and collect all the Debts due to the said *Captain Johnston*, for my Use, and whatsoever he does relative thereto, I shall abide by.

I hope every Body indebted to this Estate will provide accordingly, and pay without Delay, otherwise they may be sure of being sued and warranted, which I should be glad they would prevent.

GEORGE FRASER HAWKINS.

WILLIAM KNAPP, WATCH-MAKER,

TAKES this Method to acquaint the Public, That he has provided an Assistant in the WATCH-MAKING BUSINESS, which will enable him the better to Dispatch the Work of those Gentlemen who have, and may employ him. He hopes his past Endeavours in that Way, may have answered the desired End. It is manifest from daily Experience, that Numbers of Watches (which have been originally well executed) have severely suffered thro' the unskillful and injudicious Practice of some Men, who assumed the Knowledge of a Business to which they were only Pretenders. Those Watches which have been many Years in Use, and consequently Wore, he will engage to Mend, as well as when New; and will at a very moderate Expence keep, those he Repair, in Order, for Ten Years, all Damages excepted which may accrue to 'em from Accidents, such as a Fall, and the Breaking of a Main Spring, which the most discerning Workman cannot often Account for, nor the ablest prevent.

He Makes, and will Supply any Gentlemen with HORIZONTAL, SECONDS, or PLAIN WATCHES, and will engage the Quality to be equal to any Imported from *LONDON*.

ANNAPOLIS: Printed by *Jonas Green* and *William Rind*, in *Charles-Street*. All Persons may be supplied with this GAZETTE at 12s. and 6d. per Year. ADVERTISEMENTS of a moderate Length are inserted for 5s. the First Week, and 1s. each Time after: And Long Ones in Proportion.

The MARYLAND GAZETTE

[XXth Year.]

THURSDAY, October 11, 1764.

[N^o. 1014.]

LONDON, July 18.

UPON an Average, it has been computed that 50,000 Dollars a Month have been imported from North-America only, not to mention the British Islands, since the Peace; one Million of which have been sent out of the Kingdom by a certain Company, never to return.

July 20. Wednesday an Estate belonging to John Wilkes, Esq; situated in Buckinghamshire, was sold by Auction at Mr. Langford's, for the Sum of 4800l.

Yesterday a Cause came on to be tried, by a special Jury, at Westminster-hall, before the Right Hon. Lord-Chief Justice Pratt, wherein the Rev. Mr. Entick was Plaintiff, and Mr. Cauffman, and three other Messengers, were Defendants, for seizing Mr. Entick's Papers, as one of the supposed Authors of certain Numbers of the Monitor; when after many learned Arguments by the Council on both Sides, which lasted near four Hours, a Verdict was found for the Plaintiff, in 300l. Damages.

July 27. Yesterday the Publishers of N^o 45 of the North Briton in Numbers, and in 2 Volumes, were tried before Lord Mansfield, at Guildhall, London; when the Jury brought them in Guilty of publishing the same.

Immediately after this Trial came on that of Mr. Kearly, for originally publishing the same Number of the North Briton; and he was likewise found Guilty.

We are informed, that discretionary Powers are preparing to be dispatched to our several Governors in the West-Indies and North-America, by the next Packet, in Imitation of those granted to the Dutch, and always inserted in their Commissions, by which our Admirals and Commanders may be enabled to do Justice to his Majesty's Subjects, either by Reprisals or other necessary Acts; which the Contingencies of the Times may authorize in Case of any future Breach of the Peace in that Part of the World.

For the better Security of the Port of Charles-Town in South-Carolina, an additional Fort is going to be erected on the Eastern Side of Sullivan's Island, facing that on the South Shore, which is to be flanked with proper Batteries: On the same Island is to be erected a Lazaretto, where Vessels may occasionally perform Quarantine.

A few Days ago Mr. Harrison, who some Time since, in Company with Mr. Irwin, went to the West-Indies with their different Machines, in order to find out the Longitude, returned home from Barbados, and by Letters from thence, appears to have met with great Success.

A Letter from Holland mentions, that a great Number of Polish Families, mostly Tradesmen and Handicrafts, have Thoughts of transporting themselves, in the Nature of Palatines, to the new British Settlements in America. They are said to be spirited on by some Persons of Note in that Kingdom, who intend to withdraw themselves from the impending Troubles, to where their Persons and Religion may be out of Danger.

By all the Intelligence received at Paris from Martinico, it appears that they are putting that Island in the best Posture of Defence, especially Fort Royal, the Fortifications of which they are repairing and augmenting.

Among other Weapons used with good Success in the present Indian War, none have been found to have a better Effect than the use of small Hand-grenades to intimidate the Savages; a few of these, thrown in dextrously, create a most horrible Confusion among them; for which Reason, we hear, large Quantities are now preparing to be shipped among the other military Stores for North-America.

It is reported that all the English Forts and Castles in the West-Indies, which amount to upwards of 300 in Number, both in the Leeward and Windward Islands, are to be thoroughly repaired, the old Ordnance sent home, and to be remounted by new from England.

July 31. It is said a very strong Remonstrance is now preparing to be laid before the ensuing Parliament, against the British Colonies of North-

America having Liberty to export Produce to foreign European Markets, without touching in England. The Petition, we hear, will be supported by some of the most eminent Merchants in the Kingdom.

It is said the Circulation of Copper Money is going to be encouraged in all the British Settlements in America.

August 2. Letters from Warsaw of the 15th ult. positively assert, that Count Poniatowski's Party were so well assured of the Election, that Medals were coined in the Mint, with the Face of the said Count on them, for the Coronation.

Great Numbers of Men are employed in repairing and beautifying the Castle of Warsaw, against the Coronation of the King of Poland.

By private Letters from Dantzick, of the 17th ult. we have an Account, that Prince Reppin and General Poniatowski (having received Intelligence, on their Journey to Lithuania, that Prince Radzivil had been defeated at Slonim, and was retiring towards Volhinia with 5000 Russians at his Heels) were returning to Warsaw.

It is now said the Seat of Government for the new Islands in the West-Indies, will be held at Port Royal in the Grenades, and not at St. Vincent, as was some Time ago reported.

When the last Ships left Newfoundland, there were only two small French Ships of War on the Banks to superintend their Fishery; two 50 Gun Ships and a Frigate having some Time before sailed for Martinico, on the Remonstrance of the English Commodore, that so many French Ships of War occupying these Seas, was contrary to the Intent and Meaning of the late Treaty.

August 4. Letters from Warsaw, of the 15th ult. advise, that not only the Ambassador from the Emperor of Germany, and the Resident from the Court of Versailles, but also the Resident from that of Madrid, had received Orders to withdraw himself from that City before the Election of a King. The former having received positive Orders to leave that Metropolis in three Weeks, his Excellency had given Orders to sell his State Coach and Furniture, declaring, that his Imperial Majesty would not in any Manner molest the Poles in the free Election of their King. The Ambassador and Resident of Russia have likewise declared to the Chancellor of Lithuania, that they will go from thence before the Day of Election.

Advices from Poland of the 13th ult. assure, that Prince Radzivil has not only published a severe Manifesto against the Confederacy of the Grand Duchy of Lithuania, and the Russians who support it, but also, relying on the Convention between the King of Prussia and the House of Neuberg, hath wrote to his Prussian Majesty, claiming his Assistance in the present Conjunction. It is said that Prince Radzivil had, at the Time of the above Date, near 10,000 Men under his Command.

Among the other Regulations now on Foot in the West-Indies, a proper Arsenal is ordered in each Island, for the better Security of the military Stores; the Arms to be regularly kept in separate Lots, and carefully looked after.

They write from Jamaica, that among other Fortifications now carrying on by the Spaniards at the Havannah, all the possible Avenues to the Citadel, and other strong Holds, are shutting up, by driving huge Piles of Timber into the Ground, strongly secured together with Iron, and headed with sharp Spikes. These Piles are designed to render the future Carriage of heavy Artillery from the Sea impracticable; 20,000 Trees having been cut down for this Purpose by the Direction of one Manely, an Irish Engineer, lately arrived from Spain.

A vast Number of Quarter-Guineas are now sending abroad to the American Settlements, which, it is thought, will occasion a farther Coinage of these Pieces, so necessary for Change.

August 7. Yesterday the Under Sheriff of Middlesex made Proclamation at the great Door of St. Margaret's Church, Westminster, for John Wilkes, Esq; late of the same Parish, to appear on the sixth Day of November next, before the King himself at Westminster.

August 9. The King of Prussia, instead of granting an Audience to the Sieur Pac, Secord of Zoolow, who came to Berlin to crave Assistance in Behalf of Prince Radzivil, ordered him to be told, that he would do well to return and report to Prince Radzivil, that his Majesty advised him to lay down his Arms, to return to his Duty, and to unite with the States which composed the Dyet of Convocation. The King of Prussia himself has wrote a Letter to Prince Radzivil, to the same Purpose.

They write from Lithuania, that the Russians had taken Olyka, a Castle belonging to Prince Radzivil, and had made 300 Men, whom they found in it; Prisoners of War.

There is now a Report, that several Lieutenants will soon be sent out to command cruising Cutters on the Spanish Main, to act in like Manner as those some Time ago appointed on the North American Stations.

The following is an exact Copy of the Proclamation made at the great Door of St. Margaret's Church, Westminster, on Sunday last, by the Under Sheriff of Middlesex:

"John Wilkes, late of the Parish of St. Margaret, within the Liberty of Westminster, in the County of Middlesex, Esq; appear before the Lord the King at Westminster, on Tuesday next after the morrow of All Souls, to satisfy the Lord the King for your Redemption, on Account of certain Trepasses, Contempts, and Misdemeanors, whereof you are impeached, and thereupon, by a certain Jury of the Country, taken between the King and you the said John Wilkes, you are convicted."

August 11. We hear that the Subject of Episcopacy is at present under Consideration for the Continent of America, and that one Arch and 12 Suffragan Bishops will be speedily appointed for the Religious Government of that Country.

A Letter from Warsaw mentions, that Count Poniatowski has lately received some very valuable Presents from the Empress of Russia; among which are divers Ornaments and Regalia, only fit to be worn by a Sovereign Prince.

The Settlement of St. John's Island, which for some Time past, seemed to have been dropt, we are now informed, is again under Consideration, but on a Plan much more Constitutional, than by military Tenures.

Several Thousand Bayonets are ordered to be shipped among the next military Stores for North-America.

NEW-YORK, October 1.

Extract of a Letter from England, July 17, 1764.

"There have been several Things before our House of Commons, very pernicious to America; some have been dropt, some pursued, and some depending. The Report of your Gaity and Luxury has reached your Mother Country; and they infer from thence your Opulency, which is further confirmed by the extravagant Expences of your Youth sent here for Education, and therefore you are well able to bear Part of the Expence your Defence has cost the Nation; and can you blame them for such a Conclusion? Is it not natural to infer it from the Premises?"

Extract of a Letter from Philadelphia.

"Letters from Fort Pitt, of the 15th of September, bring Advice, That an Express that set out from Fort Pitt, with Dispatches to Sandusky, in Answer to Letters sent with Advice of the late Negotiation at Presque-Isle, was discovered about 45 Miles from thence to have been murdered by the Indians, and his Head stuck upon a Pole in the Middle of the Road: It is supposed that a Man who accompanied him is carried off by the Indians. From hence it is very apparent, that the Design of these Villains has been to over-reach and impose upon us in the late Negotiation, by gaining Time to dispose of their Wiver and Children out of our Reach, should they be attacked, and endeavouring to make it so late in the Season, that no offensive Operations can be carried on against them."

PHILADELPHIA, October 4.

Carlisle, September 17, 1764.

"All appears quiet at present along the Frontier, except about Bedford, where there are, according

ording to Intelligence from thence, some of the Savages lying in Wait for Opportunities of doing Mischief. They attempted very lately to take a Man that was fishing, but he got off. The People are returning over the Hills to their Places, which, we are afraid, is yet too soon."

Carliste, September 22, 1764. "By a Letter from Conococheague, dated the 19th Instant, we learn, that a considerable Number of Indians were seen on the 17th, near Fort Littleton; that they fired on a Man hunting his Horses, but he got off from them; and that a Number of Men went immediately to the Place, and found the Tracks, and Signs of the Savages being there, but could not find any of them.— We also hear from the upper End of this County, that the Enemy have been seen very lately on the Frontiers of Virginia, and last Week murdered a Family on the South Branch."

ANNAPOLIS, October 11. On Tuesday last Messieurs Samuel Middleton and Allen Quynn were unanimously Elected Common-council-men for this City. Next Tuesday will be Run, on the Race-ground at Broad-Creek, on Kent Island, a Match, by Four of Pacolet's Fillics, Three Years old last Spring, to start at One o'Clock.

This GAZETTE [N^o. 1014.] compleats the Year with our good Customers.—A HINT!—To jogg the Memories of the Forgetful.—

[XXth Year.]

THURSDAY, October 18, 1764.

[N^o. 1015.]

L O N D O N, July 28.

Declaration of his Most Christian Majesty's Plenipotentiary, with Regard to the Debts due to the Canadians.

THE King of Great-Britain having desired that the Payment of the Letters of Exchange, and Bills, which had been delivered to the Canadians for the Necessaries furnished to the French Troops, should be secured; his Most Christian Majesty, entirely disposed to render to every One that Justice which is legally due to them, has declared, and does declare, that the said Bills, and Letters of Exchange, shall be punctually paid, agreeable to a Liquidation made in a convenient Time, according to the Distance of the Places, and to what shall be possible; taking Care however that the Bills, and Letters of Exchange, which the French Subjects may have at the Time of this Declaration, be not confounded with the Bills, and Letters of Exchange, which are in the Possession of the new Subjects of the King of Great-Britain.

In Witness whereof, We, the underwritten Ministers of his Most Christian Majesty, duly authorized for this Purpose, have signed the present Declaration, and caused the Seal of our Arms to be put thereto.

Done at Paris the 16th of February, 1763.

(L. S.) CHOISEUL. DUC DE PRASLIN.
Extrait of a Letter from a Merchant at Lisbon, dated June 9, 1764, to his Correspondent in London.

"We have little talked of here but the Loss sustained by the Burning of our Custom-House, which is computed at 800,000 l. and which is supposed by most People to be done by some of the under Officers, who often make a Practice of stealing Things, but perhaps met something valuable, and had an Opportunity they could not withstand, and to cover their Villainy set the Whole on Fire.

"It is remarkable that no Smokers, or any other Fire, were admitted near this Place, except in the Sealing Office, where no Fire had been for the three preceding Days; and this dismal Catastrophe took its Rise a great Distance from this Office, where many valuable Things were deposited.

"The Court gave out industriously that the Strangers lost but a Trifle, and their Subjects suffered almost the Whole. This is done to stop the great Clamour of the Factory, who cry aloud at not having a Custom-House built of Lime Stone, according to his Majesty's Promise immediately after the Earthquake, and for which Purpose 4 per Cent was levied on all Goods imported, which Duty amounts to a Sum sufficient to build one considerably larger than was necessary."

Extrait of a Letter from Cork.

"A Gentleman, lately arrived from Kerry, whose Authority we can rely on, informs us that there are now on the Western Coast upwards of 100 Sail of large French Boats fishing for Mackerel, each Vessel carrying 30 or 40 Men, and a String of Nets which extends upwards of 3 Miles. This must greatly prejudice our Fisheries, as they break the Shoals of Fish when coming in, and by throwing the Guts of Mackerel overboard, the large Fish are detained in deep Water, which would otherwise come at the usual Time to the feeding Ground near the Shore, and will consequently make a Scarcity of Halke, Cod, and Ling, in the Seasons for taking them. Last Summer there were 300 of these large Boats fishing on this Coast, many of which made two Trips to France, fully laden with Mackerel, which has occasioned so great a Scarcity that large Orders to this City for Mackerel in the Winter could not be executed."

The Scheme for calling in the Paper Currency in the British Settlements in America, it is said, will be attended with so many Disadvantages to Trade, as will defer its being put in Practice, at least for some Years.

A few Days ago was Married at Garistown, in Ireland, Mr. Arthur Rice, aged 70, to Miss Anne Corroghan, aged eleven Years and one Month.

The Wife of Mr. King, of Chertsey in Surry, was delivered of a fine Boy. It is remarkable the

Mother of this Child is upwards of 60 Years old, and the Father near 72, and she has had a Child every Year for these three Years past.

The Africa, a Dutch Ship, Capt. Hollander, being flaving on the Coast of Guiney, and having sent part of the Crew with the Boat ashore, the Negroes on board revolted, by which 35 of them, Men and Women, and several of the Ship's Company, were killed; the Captain was shot thro' the Cheek with a Musket Ball, the Second Mate killed, and the other Officers in the Confusion having left the Ship, the whole Crew was reduced to 13 Men, 7 of whom were sick; but by the Help of Capt. Bruyn, of Amsterdam, who spared them a Mate, and two Sailors, they cut the Cable and made the best of their Way for St. George Elmina, there to wait till they received Succours.

On Sunday the 15th ult. Died, in the 125th Year of his Age, George Kirton, of Oxnop-Hall, near Reeth in Yorkshire, Esq; A Gentleman more remarkable for Fox-hunting than the famous Mr. Draper; for after following the Chace on Horse-back till he was upwards of 80, so great was his Desire for the Diversion, that (till he was 100 Years old) he regularly attended the unkennelling the Fox in his Single-Horse-Chair. And, as a Proof that Length of Days are not always entailed on a Life of Temperance and Sobriety, he was an Instance to the contrary; for no Man, even till within 10 Years of his Death, made freer with the Bottle. His Estate, which is pretty considerable, and has been in the Family near three Centuries, descends to his Son, Thomas Kirton, Esq; an eminent Physician in Yarm.

A private Letter from Holland mentions, that some hundred Pieces of large Ordnance are now shipping for the Dutch Settlements in the East-Indies, with a View to fortify two of their most valuable oriental Spice-Islands, which it is suspected some of their Neighbours in those Parts have long beheld with a jealous Eye.

A large Quantity of military Stores are now getting ready to be shipped for Senegal, in Consequence of the late Act of Parliament, which vests that Place and its Dependencies in the African Company.

It is said a large Sum of Money in Gold and Silver, is ordered to be shipped for Augustine, for the better promoting Trade in the two Floridas, where the Credit of these Provinces is as yet too weak to carry on Business on the Strength of a Paper Currency.

This Week three Men in the Rope-making Business were engaged for Georgia; where, we are informed, that Branch of Manufacture is going to be carried on in a very extensive Manner.

August 7. We are informed a Bill is preparing to be laid before the ensuing Parliament to prevent Foreigners in the West-Indies from being supplied with Negroes from any of the British Settlements on the Coasts of Africa: A Step the more necessary, as the Demand for Slaves still continues very high in our new Colonies.

We are informed, that the long-continued Troubles in Nth. America, thro' the untameable Dispositions of the Indians, have induced the Government to grant a farther Augmentation to the military Establishment of those Provinces, which are most exposed to their Incursions, but whether this is to be effected by Troops from England, or reviving the several independent Companies on the New-York Establishment, broke since the Peace, is not yet settled.

August 9. The Price of Furrs is at present so considerably increased in France, since the Cession of all North-America to England, that we are advised, by Letters from Paris, their several Beaver Manufactures cannot carry on Business as usual; to supply whom, a new Species of Smuggling has been invented, that of importing Beaver and Furrs trafficked with the English in Newfoundland, and the Gulph of St. Laurence, for the Manufactures of France carried over in their fishing Vessels.—Should this pernicious Intercourse be suffered to continue, Great-Britain may be still rivalled by France in the Furr Trade, notwithstanding the latter do not at this Time possess an Inch of Sea-Coast on the Western Continent.

B O S T O N, October 1.

On Monday last in the Afternoon, a very sorrowful Accident happened in Cross-street, at the North Part of the Town: Two Lads playing in a Chamber with a Gun, not knowing it to be loaded, presented it out of the Window, to snap it; the Gun went off, and the Shot entered into a neighbouring Window, near which several Women were sitting at a Tea-table; one of them, Mrs. Wheaton, a Widow, was shot in the Head in such a Manner, that she expired in three Hours after; another was considerably wounded in the back Part of her Head, but not mortally; a Third was slightly touched on each Side of her Head, by some of the Shot which scattered. It is said this Gun had been loaded with Duck-shot about five Months; the Person who used it last, returned from Fowling with it loaded, emptied the Pan of the Priming, and then laid it by, and never was meddled with until this shocking Occurrence happened.

It is not improper to caution People, who are fond of Gunning, to be more careful than they generally are; it being a Practice for many to keep their Guns loaded, if they have not had an Opportunity of firing at Game, imagining that no Person will ever meddle therewith, until they have Occasion to use it themselves; by which Means we have so many unhappy Accidents.

NEW-LONDON, September 10.

On the 18th of January last sailed from this Port bound for the West-Indies, the Schooner Delight, Elisha Tracy, Master, and on the 24th of the Month, in Lat. 34, they met with a violent Gale of Wind, which continuing, on the next Day at Night, a Sea overfet her and washed the Master and one of the Seamen, named Fry, overboard, who were drowned, and carried away the Rudder, and soon after another Sea carried away both Masts, the Boltsprit, Boat, and every other Article off the Deck; in which doleful Situation they continued 'til the 7th of April, being 74 Days, when they were met with by a Ship bound from St. Kitts to Liverpool, in Lat. 37, Lon. 50, to which latter Place they were carried; from whence they came to Philadelphia, and from thence to Newport; where one of them was pressed on board one of his Majesty's Cruizers, and carried to Halifax, the others are returned home.

NEW-YORK, October 8.

Yesterday Afternoon, a disagreeable Disaster happened on our Bay, viz. A Passage Boat belonging to Mr. Johnson's Ferry on Staten Island, having two Passengers, a Chaise, and two Horses on board, beside the Skipper, unfortunately overfet near the Island, owing, 'tis said, to some Indiscretion or Mismanagement on board, at the Time when a Flaw struck her. The Helmsman, being the Waitingman on a Gentleman belonging to Philadelphia, unfortunately was drowned, (his Master more fortunate staying behind) and the other Passenger Mr. Nathan Ogden, after boxing the Waves for near an Hour, heavily clothed, was taken up by Gentlemen from the Island, who instantly put off on Sight of their Misfortune. The Skipper was also saved; but the Boat and Tackling soon disappeared, except a few Inches of her Spindle.—'Tis said that she will soon be recovered, together with the Curricl.

PHILADELPHIA, October 11.

Our last Accounts from Pittsburgh are, that all the Forces had got safe there; and that Colonel Bouquet, with 400 Men, had crossed the Ohio, where he was encamped, waiting the Arrival of a Number of Volunteers from Virginia, hourly expected.

Extrait of a Letter from Carlisle, October 3.

"A few Hours ago came to Town a certain De Haven from Conococheague, who informs us, that on Monday Morning two Sons of William Armstrong, near Loudon, were plowing, and being called home to Breakfast, they left a Boy in the Field with the Plows. As they came in Sight of the House they observed Indians about it, upon which they tacked about to return to their Plows, and take off the Boy, but found that he was gone; that hereupon they fled to Loudon. He further says, it was reported that the Rest of said Armstrong's Family were missing; and that 19 Indians had

had been seen in three Parties in that Settlement, ten in one Body, seven in another, and two in another.—As many of the Over-Hill Inhabitants were gone and going to labour for a Fall Crop, this Report, if it proves true, (and generally these Reports are found so) will greatly discourage the poor People, and I am afraid prevent many from labouring for their next Year's Bread."

The MARYLAND GAZETTE.

[XXth Year.]

THURSDAY, October 25, 1764.

[No. 1016.]

PARIS, August 10.

WITHIN these last three Days, no less than 48 *Escorts-Corvires* have been dispatched to Madrid.—All in Honour and Confusion at Versailles: *Especially* are every Moment sent to the different Respects; and if some Whiffers are to be avoided, we are on the Eve of a new Rupture with the most formidable of our Neighbours. This, and the Difficulties which are too justly apprehended in Poland, threaten to change Europe with Blood, and throw an uncommon Air of Dejection over this Metropolis, which was just beginning to see the end of the Miseries of the late War.

From the *Espresso*, August 3. According to some of the last Advices from the Frontiers of the Kingdom, Prince Radzivil, with the Remains of his Troops, is in Turkish Wallachia, and seems to have a Design to join the Corps of Count Bruckichy, Grand General of the Crown, who still keeps on the Borders of Hungary. Other Advices agree, that the said Prince is in Wallachia, but adds, that the Troops have been partly made Prisoners, and the Rest dispersed.

Naples, July 24. The Number of Prisons that daily die in this City does not now exceed One Hundred; but the Distemper daily increases in the other Cities and Towns. However, the Body of St. James de la Marche, being exposed to public View, Blood has issued out of one of the Ribs; which is looked upon as a good Omen.

LONDON, July 21.

By the Death of Lord Bath all his real and personal Estates, as a very considerable Amount, devolve, according to the Tenor of his Will, to his Brother, Lieutenant-General BARNET, except a few Legacies, the chief of which, we hear, are the Sum of 1000*l.* to Mrs. Johnson, Wife of ———— Johnson, Esq; of Edinburgh, and 500*l.* to his late Lordship; an Annuity of 500*l.* per Annum to George Colman, of Lincoln's-Inn; Esq; 500*l.* and his Lordship's valuable Library, to the Rev. Dr. Douglas; to the Bishop of Rochester and Bishop 500*l.* each; to his Lordship's Steward 200*l.* to his Valet de Chamber 50*l.* per Ann. &c.

It is positively said, there has not been one Step taken of late Years, by the Administration, without the Concurrence of the Rakes of Bath, whose late is lamented by the greatest Men in the Kingdom.

The late KALPA ALLAN, Esq; of Bath, has left the following Legacies, viz.

—Peter Park, with the Lands adjoining and Clericum Estate, about 5000*l.* per Year, he has bequeathed to his Widow for Life; at her Decease to Mrs. Warburton and her Issue; which failing, to Capt. Tocker, Brother to Mrs. Warburton, and his Issue; which failing, to his Niece Miss Mary Allen, and her Issue; which failing, to go to the Heir at Law.

The Estate of Hampton and Tiverton, about 600*l.* a Year, with 2000*l.* in Money, to his Brother Philip, Post-Master of Bath.

To the Bishop of Gloucester, 5000*l.*

To Mr. Warburton, 5000*l.* beside 20,000*l.* he had on his Marriage.

To Captain Tocker, 20,000*l.* and 5000*l.* more on the Decease of Mrs. Allen.

To his Niece Miss Mary Allen, 20,000*l.* and 5000*l.* more on the Decease of Mrs. Allen.

To his Nephew Mr. Philip Allen, 1000*l.* beside 5000*l.* he had on his Marriage.

To his Nephew Mr. R. Allen, 5000*l.*

To the Right Hon. Mr. Pitt, 1000*l.*

To the Bath Hospital, 1000*l.*

To be distributed in Charity, at the Direction of Mrs. Allen, 1000*l.*

To each of the Trustees, 200*l.* and to each of their Sons, 500*l.*

Besides other small Legacies to most of his Servants and Clerks.

July 17. The following Reports are talked of at the West End of the Town, viz. That a Treaty of Marriage is on Foot between the Right Hon. Lord Montague, eldest Son of the Earl of Cardigan, and the Right Hon. Lady Jane Stuart, eldest Daughter to the Right Hon. the Earl of Bute.—That the Right Hon. the Earl of Cardigan will be created a Marquis of Great-Britain; by the Name and Style of Marquis of Montague.—That the Right Hon. the Earl of Northumberland is to be created Duke of Northumberland; and Marquis of Percy.—That Lord Mount Stuart, eldest Son to the Earl of Bute, is to be created Duke of Kent.

It is said that an unhappy Variance subsists between a certain great Earl and a most powerful Duke. *Strangely!* They run such wild Heads which give Place to all Baroque fancies and lead to Power with each other.

We hear likewise that a great Commoner, who some Time ago retired to retire from public Affairs, has lately been in Town, and had an Interview with the Earl above spoken of. *This is nothing surprising, as it is well known that the Continuum is apt to change his Mind.*

It is constantly reported that a Change of the Ministry will take Place in a few Days, on which Occasion, it is said, that only two of the present Members will be out, and that a certain noble Earl will have nothing to do with State Affairs.

August 7. When Capt. Sampson was brought to the Bar, on being asked, whether he would accept of his Majesty's Pardon, on Condition of going aboard for Life, he, in a very gentle and polite Manner, addressed himself to the Court in the following Terms:

"My Lord,
"It is entirely above my Comprehension, to express the Gratitude and Thanks I owe, for such an extraordinary Mercy to an unfortunate young Man, whose Life was forfeited to public Justice.

"I most humbly accept of the proffered Terms, and will never cease to pray for the eternal Happiness of my most illustrious King, thro' whose most gracious Mercy I now exist.

"Words cannot, my Lord; yet my future Conduct shall demonstrate, that it may not be amiss sometimes to temper Justice with Mercy.

"And I most humbly return your Lordship, and this Honourable Court, my most grateful Thanks for the Trouble they have been at, and for their generous Behaviour to me.

August 15. Yesterday it was currently reported, that an Express was arrived at the Admiralty with Advice, that the Algerines had taken Four English Ships.

Letters from Legations, and other Parts of the Straits advise, that the Algerines are in extreme Want of Provisions; so that it is supposed that the English Ships, said to be taken by them, are chiefly loaded with Corn.

We are told, that there neither is, nor ever was, any Scheme proposed for appointing an Archbishop, or more than four Bishops in our American Plantations; or for placing them elsewhere than in the episcopal Colonies, or for giving them any Authority in Civil Matters, or over any Dissenters from the Church of England, or which may be grievous to any Members of that Church; or for levying any Tax in any Place, in order to their Support.

We hear that several Kingdoms will soon be put into Commission, and sent to the West-Indies, being thought to be of more Service in that Part of the World at this Time than larger Ships.

As the Indians make their Attacks by Surprize, on single Families, and having murdered Men, Women, and Children, escape through unknown Ways, and their Track in the Woods is soon lost by their Pursuers; it is thought, if the Breed of true Blood Hounds could be bred in these Parts, they would be of great Use in such Pursuits; and by discovering the Humours of their Retreats, give our People frequent Opportunities of coming up with them; and recovering the Captives and Plunder, and thereby more effectually discouraging their Attempts, and induce them to go for, and more faithfully keep, Peace with us; and that during the War, such Hounds, by discovering the Indian Ambassadors, may be the happy Means of saving the Lives of many of our poor Countrymen: It is proposed therefore, to furnish every Scouting Party of the Soldiers, appointed to guard the Frontiers, with some of these Hounds.

It is said a Ship will be put next Session to the farther Exportation of Corn Spirits to North America.

We hear that Mr. Hamilton's Time is now to be spent on board the *St. George* Man of War which sails for the West-Indies, in order, if it succeeds as well as on a former Trial, to settle the Dispute as to whether the *St. George* should be the general Signal for the Recovery of the Longitude.

He having been away 25 or 30 Years, was thought by every Body to be dead; and his Wife, not having heard of him for so long a Time, had given her Hand to another, and had got a little one.—However, the honest Sailor, on his Arrival, unaccounted his Wife back again, and generously working all that was paid, he still bar to his Arms with all the Joy and Affection imaginable.

August 18. It is now said the Court of France hath finally refused to reimburse any Sum of Money expended to generously by Great-Britain, in the Clothing and Maintenance of their Prisoners during the late War.

The rich Spanish Prince La Nueva Signora, and the Marquis, whom that brave Officer promised all that Riches in his Power. [N^o. 1016.]

PARIS, August 10.

WITHIN these last three Days, no less than 48 different Couriers have been dispatched to Madrid.—All is Hops and Confusion at Versailles: Expresses are every Moment sent to the different Scepters; and if some Whispers are to be credited, we are on the Eve of a new Rupture with the most formidable of our Neighbors. This, and the Distractions which are but too justly apprehended in Poland, threaten to deluge Europe afresh with Blood, and throws an uncommon Air of Dejection over this Metropolis, which was just beginning to recruit from the Miseries of the late War.

From the *Post*, August 3. According to some of the last Advice from the Frontiers of the Kingdom, Prince Radzivil, with the Remnant of his Troops, is in Turkish Wallachia, and seems to have a Design to join the Corps of Count Brannicky, grand General of the Crown, who still keeps on the Borders of Hungary. Other Advice agrees, that the said Prince is in Wallachia, but adds, that the Troops have been partly made Prisoners, and the Rest dispersed.

Naples, July 24. The Number of Persons that daily die in this City does not now exceed One Hundred; but the Distemper, daily increases in the other Cities and Towns. However, the Body of St. James de la Marche, being exposed to public View, Blood has issued out of one of the Ribs; which is looked upon as a good Omen.

LONDON, July 13.

By the Death of Lord Bath all his real and personal Estates, to a very considerable Amount, devolve, according to the Tenor of his Will, to his Brother, Lieutenant-General PULTNEY, except a few Legacies, the chief of which, we hear, are the Sum of 4000 l. to Mrs. Johnston, Wife of ———— John, Esq; of Edinburgh, and second Cousin to his late Lordship; an Annuity of 500 l. per Annum to George Colman, of Lincoln's-Inn, Esq; 500 l. and his Lordship's valuable Library, to the Rev. Dr. Douglas; to the Bishops of Rochester and Bristol 200 l. each; to his Lordship's Steward 200 l. to his Valet de Chambre 20 l. per Ann. &c. It is positively said, there has not been one Step taken of late Years, by the Administration, without the Concurrence of the Earl of Bath, whose Loss is lamented by the greatest Men in the Kingdom.

The late RALPH ALLEN, Esq; of Bath, has left the following Legacies, viz:
Prior Park, with the Lands adjoining; and Claverton Estate, about 5000 l. a Year, he has bequeathed to his Wife for Life; at her Decease to Mrs. Warburton, and her Issue; which failing, to Capt. Tucker, Brother to Mrs. Warburton, and his Issue; which failing, to his Niece Mrs. Mary Allen and her Issue; which failing, to go to the Heir at Law.

The Estates of Hampton and Tiverton, about 600 l. a Year, with 2000 l. in Money, to his Brother Philip, Post-Master of Bath.

To the Bishop of Gloucester, 5000 l.

To Mrs. Warburton, 5000 l. beside 20,000 l. she had on her Marriage.

To Captain Tucker, 20,000 l. and 5000 l. more on the Decease of Mrs. Allen.

To his Niece Miss Mary Allen, 20,000 l. and 5000 l. more on the Decease of Mrs. Allen.

To his Nephew Mr. Philip Allen, 1000 l. beside 5000 l. he had on his Marriage.

To his Nephew Mr. R. Allen, 5000 l.

To the Right Hon. Mr. Pitt, 1000 l.

To the Bath Hospital, 1000 l.

To be distributed in Charity, at the Direction of Mrs. Allen, 1000 l.

To each of the Trustees, 200 l. and to one of their Sons, 300 l.

Besides other small Legacies to most of his Servants and Clerks.

July 13. The following Reports are talked of at the West End of the Town, viz: That a Treaty of Marriage is on Foot between the Right Hon. Lord Montague, eldest Son of the Earl of Cardigan, and the Right Hon. Lady Jane Stuart, 24 Daughter to the Right Hon. the Earl of Bute.—That the Right Hon. the Earl of Cardigan will be created a Marquis of Great-Britain, by the Name and Title of Marquis of Montague.—That the Right Hon. the Earl of Northumberland is to be created Duke of Northumberland, and Marquis of Percy.—That Lord Mount-Smart, eldest Son to the Earl of Bute, is to be created Duke of Kent.

It is said that an unhappy Variance subsists between a certain great Earl and a most puissant Duke. Strange! That few such wife Heads which good Peace to all Europe should not be at Peace with each other.

We hear likewise that a great Commoner, who some Time ago refused to retire from public Affairs, has lately been in Town, and had an Interview with the Earl above spoken of. This is making surprisings, as it is well known that the Gentleman is apt to change his Mind.

It is also said that a Change of the Ministry will take Place in a few Days, on which Occasion, it is said, that only two of the present Number will go out, and that a certain noble Earl will have nothing to do with State Affairs.

We are informed that a Northern Nobleman paid a Visit a few Days since to a late distinguished Minister at Hayes, in a common Post-Chaise.

It is reported that a Memorial has been received from the Court of Spain, and that a Council has been called in Consequence thereof.

It is becoming the Fashion in France, and especially in Paris, amongst the better Sort of People, to learn the English Language; and a great many Englishmen are gone over to study the same.

August 7. When Capt. Sampson was brought to the Bar, on being asked, whether he would accept of his Majesty's Pardon, on Condition of going aboard for Life, he, in a very genteel and polite Manner, addressed himself to the Court in the following Terms:

"My Lord,
"It is entirely above my Comprehension, to express the Gratitude and Thanks I owe, for such an extraordinary Mercy to an unfortunate young Man, whose Life was forfeited to public Justice.

"I most humbly accept of the proffered Terms, and will never cease to pray for the eternal Happiness of my most benevolent King, thro' whose most gracious Mercy I now exist.

"Words cannot, my Lord; yet my future Conduct shall demonstrate, that it may not be amiss sometimes to temper Justice with Mercy.

"And I most humbly return your Lordship, and this Honourable Court, my most grateful Thanks for the Trouble they have been at, and for their generous Behaviour to me."

We are informed that a very strong Memorial was on Saturday Morning sent off for France, touching the full Payment of the Canada Bills to English Subjects, whose Property in this Kind of Currency is said to amount to Four Hundred Thousand Pounds Sterling.

This Day a Cabinet Council was held at St. James's. It is a Matter past all doubt that the great Commoner has lately been consulted at Court; a Circumstance that must be left to the Speculations of our various Readers.

August 15. Yesterday it was currently reported, that an Express was arrived at the Admiralty with Advice, that the Algerines had taken Four English Ships.

Letters from Leghorn, and other Parts of the Straits advise, that the Algerines are in constant Want of Provisions; so that it is supposed that the English Ships, said to be taken by them, are chiefly loaded with Corn.

We are told, that these neither is, nor ever was, any Scheme proposed for appointing an Archbishop, or more than Four Bishops in our American Plantations; or for placing them elsewhere than in the episcopal Colonies, or for giving them any Authority in Civil Matters, or over any Dissenters from the Church of England, or which may be grievous to any Members of that Church; or for levying any Tax in any Place, in order to their Support.

We hear that several frigates will soon be put into Commission, and sent to the West-Indies, being thought to be of more Service in that Part of the World at this Time than larger Ships.

The Lords of the Admiralty have appointed Charles Howard, Gent. to be Marshal of the Vice-Admiralty Court for all America.

A great Number of Stone-masons are embarked at Liverpool for the two Floridas, where, it is said, several important Places of Strength are to be erected on the Frontiers of those Provinces.

As the Indians make their Attacks by Surprise, on single Families, and having murdered Men, Women, and Children, escape through unknown ways, and their Track in the Woods is soon lost by their Pursuers; it is thought, if the Breed of true Blood Hounds could be once obtained here, they would be of great Use in such Pursuits; and by discovering the Enemies in their Retreats, give our People frequent Opportunities of coming up with them; and recovering the Captives and Plunder, and thereby more effectually discourage their Attempts, and induce them to sue for Peace with us; and that during the War, such Hounds, by discovering the Indian Ambassadors, may be the happy Means of saving the Lives of many of our poor Countrymen. It is proposed, therefore, to furnish every Scouting Party of the Soldiers, appointed to guard the Frontiers, with some of these Hounds.

It is said a Stop will be put next Session to the farther Exportation of Corn Spirits to North America.

Great Part of Mr. Wilkes's Estate, near Aylesbury, is purchased by an eminent Printer of this City.

The Spaniards are fitting out a Squadron for Vera-Cruz, which is to sail the Beginning of next Month, and will carry a great Quantity of Arms and Ammunition of all Kinds. Several Generals, we are said, are to embark on board this Squadron, as well as a considerable Corps of Troops, to fortify that Possession, and secure it from all Influx.

We hear that Mr. Harrison's Time Piece is to be tried on board the first Black Man of War which sails for the West-Indies, in order, if it answers as well as on a late Trial, to entitle the Court to an order, that the same should be the several States for the Discovery of the Longitude.

A few Days ago one Peter, a Sailor, who belonged to Admiral Corwall's Fleet at the taking the Holy Trinity, the large Manila Prize, arrived at Newcastle (his native Place) with at least 4 or 700 l. he had got during the War, and by his Industry for some Years before it broke out. He having been away 22 or 23 Years, was thought by every Body to be dead; and his Wife, not having heard of him for so long a Time, had given her Hand to another, and had got a little one.—However, the honest Sailor, on his Arrival, demanded his Wife back again, and generously overlooking all that was past, he took her to his Arms with all the Joy and Affection imaginable.

August 18. It is now said the Court of France hath finally refused to reimburse any Sums of Money expended so generously by Great-Britain, in the Cloathing and Maintenance of their Prisoners during the late War.

We are informed, the Refusal of some late weighty Conferences held on the Honduras Affairs, was, that proper Instructions were this Week dispatched, to the Governors and Commanders in the West-Indies, in Case of any future Molestation to his Majesty's Subjects in those Parts; and as soon as well wished Accounts are received of the Loss sustained by the British Logwood Cutters, the same are to be transmitted to the Court of Madrid, where Satisfaction will be insisted upon without further Delay or Equivocation.

By Letters received from Portsmouth and Plymouth on Tuesday last, we are informed, that there are a great Number of Ships of the Line ordered to be got ready with all Expedition at the several Yards, and likewise Stores of all Kinds for them; as the present Armistice seems to be determined at all Events to have them put in a proper State for the Sea Service; but it is a question, whether they will be ready so soon as they are wanted, especially for want of Seamen.

One Broker at the West End of the Town has sold out within this Week above 400,000 l. in Funds, by Commission from some of the great Ones.

The Price of Insurance of Shipping to the West-Indies, was on Saturday Morning advanced Two and a Half per Cent. above the usual Premium.

Friday last about 200 Sailors, belonging to his Majesty's Ship the Griffin, went in a Body to the House of their Chief Commander, in Regard to the Prize-money due to them for taking Pondicherry, the rich Spanish Prize La Nostra Señora, and the Madailles, when that brave Officer promised all that Riches in his Power. If some Expedition could be thought of, for the ready Payment of the Prize-money to these gallant Fellows, there would be no Occasion for issuing Preff-warrants on any Emergency.

Dept. July 25. We have the Satisfaction of informing the Public, that the Liberty, John Walker, Esq; who was reported to have been suspended, is safe arrived in France, having been blown over to that Coast by a violent northerly Wind, which proceeded from the Highlands of Scotland; and in his Passage has done great Damage this Side the Tweed.

We hear the Ships Pitt, Temple and Devonshire, (which have for some Time been laid up) are immediately ordered into Commission, as his Majesty is now sensible how active and successful these Ships have always been.—At which Time it's thought the Sloop Tyranny, Oppression and Slavery, will be taken off their Station in America.

An irreparable Defect has been discovered on-board the Bug, Capt. Stuart, a Survey being made upon her by several very principal and honest Carpenters in the Nation, and as she has always been a remarkable good Ship, they have concluded her; she is ordered up to Town Wharf, and as her Head is a very curious Piece of Workmanship, it is to be taken off and placed on Temple-Bar.

Monday died at Wilford, Middlesex, the Hon. Gen. Otway, in the 78th Year of his Age. He served in the Army upwards of 60 Years, and on every Occasion distinguished himself in the Service of his King and Country. He purchased all his Posts in the Army, except his Majority, to which he was advanced by the late Earl Stanhope, then Commander of her late Majesty Queen Anne's Forces in Spain, in Consequence of the General's saving his and Gen. Carpenter's Lives in a Battle, by which Means the Victory was obtained. The General served all the Spanish War; was at the Siege of Vigo, the relieving Barcelona, and the taking Gibraltar and Port-Mahon. On the Accession of King George the First, being a reduced Major, Earl Stanhope procured him the Majority in Gen. Echlin's Dragoons in the Year 1715. On General Echlin's going off to the Pretender, the Earl of Stair was appointed to the Command of the Regiment; but being Ambassador at that Time in France, and the Lieut. Col. Upton blind, the Command of the Regiment devolved on the General, and gave him an Opportunity of performing that celebrated Piece of Service at the Battle of Sherrif-Moor, near Dumblain, in Scotland, which hath been falsely ascribed to the Grey Dragoons; for which eminent Service the late Duke of Argyle, then Commander of the Army in Scotland, returned him Thanks at the Head of the Regiment; and in Consequence thereof, his late Majesty King George the First, gave him leave to purchase a Regiment. He served under Lord Cadogan during the Rebellion of the Year 1715; and was appointed Commander of all the Land Forces on board Sir George Byng's Fleet in the Year 1718. In one Word, he was a loyal, brave, and diligent Officer; a tender Parent, and a sincere Friend.

B O S T O N, October 8.

A surprizing Concatenation of Events to one Man in one Week.

Published on Sunday—married on Monday—had a Child on Tuesday—stole a Horse on Wednesday—banished on Thursday—died on Friday—buried on Saturday. [Great Variety in one Week.]

There are many Articles of Dress manufactured in this Government, which, if wore, would be a great Saving thereto, particularly Knit Stockings, Leather Habits for working, Shoes, &c. more especially Shoes for Women, which are made at Lynn, and exceed in Strength and Beauty, any that are usually imported of Hole's Make, from London.—It is hoped the public spirited Ladies of this Town and Province will turn their immediate Attention to this and other Branches of Manufacture.

It is now confidently affirmed by some, which however may not be true in Fact, that the Severity of the new Act of P..... is to be imputed to Letters, Representations, NARRATIVES, &c. transmitted to the M..... about two Years ago by Persons of Eminence on this Side the Water.—And that some Copies of Letters are actually in this Town, and others soon expected.—To whatever Cause these Severities are Owing, it behoves the Colonies to represent their Grievances in the strongest Point of Light, and to Unite in such Measures as will be effectual to obtain Redress.

It is thought a certain G..... on the Continent will soon be recalled; and that a L..... G..... will be advanced to his Place.

It is feared by many who wish well to Great-Britain, that the new Act of P..... will greatly Distress, if not totally Ruin some of her own Manufactures.—It is thought that by means of this Act, less of her Woolen Cloths, to the Amount of some Thousands Sterling, will be purchased in this cold Climate the ensuing Winter.

We are told that all the Funerals the last Week were conducted upon the new Plan of Frugality.

Nothing but FRUGALITY can now save the distressed Northern Colonies from impending Ruin.—It ought to be a Consolation to the good People of a certain Province, that the greatest Man in it, exhibits the most rigid Example of this political, as well as moral Virtue.

There seems to be a Disposition in many of the Inhabitants of this and the neighbouring Governments to cloath themselves with their own Manufacture.—At Hampstead on Long-Island, in the Province of New-York, a Company of Gentlemen have set up a New Woolen Manufactory, and have given Notice to Gentlemen, Shopkeepers, and Others, of any of the Provinces, that by sending proper Patterns of any Colour, they may be supplied with Broad-Cloths, equal in Fineness, Colour and Goodness, and cheaper than any imported: The Proprietors give good Encouragement to any Persons who are any way versed in

the Woolen Manufactory, such as Woolcombers, Weavers, Clothiers, Shearers, Dyers, Spinners, Carders, or understanding any Branch of the Broad Cloth, Blanket, or Stroud Manufactory.—At Jamaica on the said Island, one Tunis Polpham is erecting a Fulling-Mill, which will be compleat in about a Month, and carry on all the Branches of a Fuller and Dyer of Cloth.

For which Trouble, I must have at the Rate of Ten per Cent like Money, on paying off the several Debts, for which Purpose I shall meet again at Mr. Benjamin Brooke's on the 12th of November, and on the 13th at Mr. Lewis's, and doubt not of giving Satisfaction to all concerned.

WILLIAM KNAPP, WATCH-MAKER,

TAKES this Method to acquaint the Public, That he has provided an Assitant in the WATCH-MAKING BUSINESS, which will enable him the better to Dispatch the Work of those Gentlemen who have, and may employ him. He hopes his past Endeavours in that Way, may have answered the desired End. It is manifest from daily Experience, that Numbers of Watches (which have been originally well executed) have severely suffered thro' the unskillful and injudicious Practice of some Men, who assumed the Knowledge of a Business to which they were only Pretenders.
