Senator Toadvin of this county is a candidate for Surveyor of the Port of Baltimore. Mr. Toadvin will have as his supporter Congressman Brattan who has expressed a willingness not only to present his name to the administration but to urge his claims. Mr. Toadvin will also have the support of many of the prominent state leaders.

Mr. Toadvin will have the hearty and undivided support of the party in this county. There are seven of these in the important Federal position in this State—Collector of the Port, Surveyor of the Port, Naval officer, Internal Revenue Collector, Sub-Treasurer, United States District Attorney and United States Marshal. The Eastern Shore is entitled to two of these positions. Wicomico county delegates will endeavor to secure the nomination of Clayton J. Purcell to one of the places, in which effort they will be aided by the vote of Wicomico county delegates.

An effort was made to sidetrack Mr. Purcell and get him out of the fight by the promise of the appointment of United States District Attorney. Mr. Purcell however, emphatically declined the place and has authorized the statement that he will not under any circumstances take the United States District Attorneyship. Mr. Purcell wants to be judge, and will not accept any other place.

The question is, if Mr. Purcell secures one of the places, who will be defeated? Will he succeed Judge Lloyd or will he succeed Chief Judge Page, or will the result of the convention be the nomination of Judge Holland to the place now held by Chief Judge Page, and the nomination of Messrs. Lloyd and Purcell as associates, with Mr. Page left out altogether? The outlook is rather mixed.

WASHINGTON, April 4.—The President and Mrs. Cleveland are going to have a home in the country as they did four years ago. By the end of the present month it is expected that the Middleton House on Woodley Lane will be ready for the occupancy of the President.

The house is a large old-fashioned structure, roomy, comfortable and occupying an ideal location. It is nearer the city than Oak View, which was the former home of the President during his former administration. The Middleton House stands on an elevated knoll surrounded with firm oak trees. It is some distance back from the road and commands an extended view, not only of the rolling country to the north, perhaps the most striking and picturesque section of the famous Rock Creek region, but from the windows there is one of the most charming and striking views of the city to be found in this vicinity.

In every way the house is larger than the manor on Oak View. The grounds are well landscaped and the architecture is in keeping with the style of the manor on Oak View. The house is a large old-fashioned structure, roomy, comfortable and occupying an ideal location. It is nearer the city than Oak View, which was the former home of the President during his former administration.

Salisbury Advertiser

Editor George Washington Cruikshank's forthcoming book will doubtless meet with a flattering reception. For years Mr. Cruikshank has been one of the most notable figures in the State. Like many another man he relinquished a useful, honored and lucrative career in provincial newspapers to become financially swamped and professionally discredited in the "teachroom" of a metropolitan newspaper.

It is evident that the convention to nominate successors to Chief Judge Page and Associate Judge Lloyd will be interesting from the fact that the Worcester county delegates will endeavor to secure the nomination of Clayton J. Purcell to one of the places, in which effort they will be aided by the vote of Wicomico county delegates.

Of all seasons of the year, it is the one for making radical changes in regard to health. During the winter, the system becomes to a certain extent clogged with waste, and the blood loaded with impurities, owing to lack of exercise, close confinement in poorly ventilated shops and homes, and other causes.

My wife was confined to her room for over two months with a severe attack of rheumatism. We could get nothing that would afford her any relief, and as a last resort gave Chamberlain's Pain Balm a trial. To our great surprise she began to improve after the first application, and by the second day was able to get up and attend to her house work.

Coughs and colds are the danger signals, which nature has provided to warn the unfortunate victim that the affection which is now confined to the head and chest may soon reach the lungs. To avoid such a calamity take Dr. Bull's Cough Syrup when you first catch cold.

The new railroad station at Delmar was opened for service Monday, Superintendent Brooks of the Maryland Division of the P. W. & B. Railroad, Superintendent Holliday of the Delaware railroad, and other officials were present.

The confidence that people have in Ayer's Sarsaparilla as a blood medicine is the legitimate and natural growth of many years. It has been handed down from parent to child, and is the favorite family medicine in thousands of households in Washington, which he resigned in disgust upon finding that it was a fourth-class messenger.

Edward Shellenberg, of Mount City, Mo., watched his horse Sunday night, many of his neighbors having been robbed recently. Four masked men entered the house, turned on the lights, and ordered them to throw up their hands. All did so but one, and Mr. Shellenberg shot him dead.

A rousing annexation meeting was held at Anderson town hall yesterday afternoon. The farmers of the township turned out in large numbers. D. B. Odette of Windsor, who has for years been the right hand man of the Hon. J. C. Patterson, Canadian Minister of Militia, was presented and delivered an out and out annexation address.

Messrs. Oswald Tilghman and Wm. H. Atkins, a committee of the vestry of St. Peter's Parish, Easton, last Sunday presented to the Right Rev. Wm. Forbes Adams, Bishop of Eastern, a handsome and valuable episcopal ring, a gift from the parish in appreciation of the Bishop's services in the parish last summer when the parish had no rector.

President Cleveland sent, among other nominations to the Senate on last Thursday, that of Hon. Thomas F. Bayard to be Ambassador Extraordinary and Plenipotentiary to Great Britain. His nomination was immediately confirmed without reference.

TRUSTEES' SALE.

By virtue of a power contained in a deed of trust from Gordon H. Toadvin and wife, of record in the office of the clerk of the circuit court for Wicomico County, the undersigned as trustees will offer at public auction, ON THE PREMISES, ON Thursday, May 4, 1893, beginning at 10 o'clock a. m. and continuing from day to day till the property is disposed of, all that valuable property known as the Humphreys Mills, together with valuable Wharf Property and Water Front, situated on both sides of the river. This property consists of Valuable Grist Mill, Saw Mill, Plaining Mill Building, and Carding Mill.

The water power has 90 working head and is one of the best in the State with a daily capacity of from 150 to 200 horse power. The dam is of solid stone masonry 300 ft long. On the property is situated also an Office Building.

Two Story Tenement Houses, Barn and Stables, all complete and in good repair. The property is connected by private tracks with the N. Y. P. & N. and B. & E. S. railroads. Also One Hundred Acres of Land divided into 125 building and trucking lots of convenient sizes. These lots will be offered with the privilege of taking the one or more at the price bid, as will be announced on the day of sale.

This is one of the largest and most desirable lots of real estate ever offered on the Eastern Shore, situated as it is within the corporation limits of the city of Salisbury.

TERMS OF SALE. Twenty per cent cash on the Mill Property and ten per cent cash on all the other balance in two equal installments of one and two years, secured by bond to be approved by the trustees. A. G. TOADVIN, L. E. WILLIAMS, Trustees.

Many rise in the morning with a head ache and no inclination for breakfast. This is due to torpidity of the liver and a deranged condition of the stomach. To restore healthy action to these organs, nothing is so efficacious as an occasional dose of Ayer's Pills.

Reports from the storm that prevailed Tuesday afternoon and night over the States of Ohio, Indiana, Missouri, Kansas, Nebraska and Texas show that it was unusually destructive. Nearly twenty lives are reported lost in Missouri. Farm houses and barns were leveled. In Texas crops and live stock were destroyed. At Cincinnati the wind was 78 miles an hour, and shocks of earthquakes were reported.

The Spring.

Of all seasons of the year, it is the one for making radical changes in regard to health. During the winter, the system becomes to a certain extent clogged with waste, and the blood loaded with impurities, owing to lack of exercise, close confinement in poorly ventilated shops and homes, and other causes. This is the cause of the dull, sluggish tired feeling so general at this season, and which must be overcome, or the health may be entirely broken down. Hood's Sarsaparilla has attained the greatest popularity all over the country as the favorite Spring Medicine. It expels the accumulation of impurities through the bowels, kidneys, liver, lungs and skin giving to the blood the purity and quality necessary to good health and vitality.

Mr. Isaac Aber

of Vienna, N. J.

"I gladly testify to the following facts: I have been a very great sufferer for the last two years with troubles of the Leucorrhoea and the worst stage of Dyspepsia.

I would scarcely say anything because of the intense pain in my stomach. I was also at one time covered with salt rheum, and my cough weakened me so that I could scarcely walk. I had several attacks of bleeding at the lungs. My breath became so short that I was unable to work and was obliged to give up my business, which is that of a mason, and I had to stay at home about six months. So I kept going from worse to worse. I then had an attack of the kidneys, and was steadily gaining till I am at work again and use my hammer and trowel once more.

Nearly Took Away My Life.

I had heard of Hood's Sarsaparilla as a good medicine so I bought a bottle. When I had taken it, I found it had done me good, so I continued till I had taken three bottles. I improved so rapidly that I could walk out of doors, and have steadily gained till I am at work again and use my hammer and trowel once more.

Hood's Sarsaparilla Cures

more. The physicians told me five years ago that I would not live three years, and all the neighbors said I had but a few days to live. It is the strength given me by Hood's Sarsaparilla which enables me to do it."

Hood's Pills cure all Liver, Biliousness, Jaundice, Indigestion, Sick Headache, &c.

Wedded at Noon. Two Fair Daughters of Salisbury are Led to the Marriage Altar at the Same Hour.

If "all the world loves a lover" then it will take two worlds to love all the lovers of Salisbury. The foregoing is not essential to the matter in hand, but it is a part of a parable that thought superstitious by reactions upon recent important events in the lives of some of our most engaging townpeople. This sort of thing reached a climax last Thursday, when, at noon, hymen led two of Salisbury's most charming daughters to the altar.

At 12:30 o'clock Miss Margaret Murray Fulton, daughter of the late Rev. Dr. Wm. Fulton, was wedded to Mr. Marlon Vernon Brewington at St. Peter's Episcopal church. Rev. Wm. Mumford, the pastor, performed the ceremony. The wedding was one of the most beautiful ever witnessed in Salisbury, and several hundred of the friends and acquaintances of the couple were present to witness it. The attendance was so large in fact that many people who went to the church could not be admitted.

Mrs. J. Douglas Walling played Hoffmann's waltz, and the piano music of this Miss Fulton advanced up the main aisle from the altar door to the altar. Dr. John S. Fulton escorted her and gave his sister's hand in marriage. Mr. Brewington, attended by his best man, Mr. Wm. H. McCarty, accompanied the bride from the altar and in the midst of the suffused lights from many burning candles, the tropical elegance of hundreds of palms, lilies, roses and other flowers in the enchanting music, the ceremony was performed. The combined effect of the candles and the floral decorations was truly beautiful. Mr. Hillerman, the Camden florist did the decorating.

The bride wore a gown of old rose silk and velvet with lace. The groom, his best man and the ushers—Mr. John B. Rider of Washington, and Messrs. Robert P. Graham, Alan F. Benjamin and G. Sellman Williams—were dressed in blue and white. The bridesmaids wore light blue and white. The bride's train and gloves. After the ceremony the bridal party drove to the residence of Dr. John S. Fulton, on Poplar Hill avenue, where a wedding breakfast was served. Mr. and Mrs. Brewington started on an extended trip through the West on the 2 o'clock afternoon express. They will visit Kansas City, Hannibal, Chicago and others of the western cities.

The presents to the bride fill two rooms and include almost every variety of gift; many of them being elegant household and table ornaments. The bride has several years been the leader of St. Peter's church, and in addition to possessing a sweet voice and histrionic talents she is gifted with a good mind and heart which have made her almost universally beloved. Mr. Brewington is the junior editor of the Wisconsin News of this city, and is a prosperous and rising young business man.

Mrs. Mary J. Hitch has opened a new millinery store in the Brewington building on Main street. Miss Hitch has been engaged in the millinery business twelve years and she is well thought of in the art. Her advertisement appears in another column of this paper.

Mr. L. Hastings, formerly of Sussex county, Del., died of consumption at his home near Cambridge, Sunday of last week. His remains were taken to Dover for burial. Mr. Hastings had been engaged in the milling business and was recognized as an honorable man. He was a member of the O. S. Baptist church.

The Salisbury Manufacturing Co. is running a large force of men, women and children in the manufacture of berry crates and baskets, and the brace basket for which the factory is getting a wide reputation. Mr. Fitch, the manager, says that he could use more help and that good workmen can find employment by calling at his office.

The eighth annual convention of the Southern Sabbath School association, of the Presbytery of Newcastle will be held at Berlin, Md., Tuesday and Wednesday May 23 and 24. The officers of the association are, President Rev. S. W. Beards, D. D. of Salisbury; Vice-President, Mrs. Rev. W. H. Logan; Secretary, Miss Jennie L. Bowen; Treasurer, Mr. E. L. Walker, Executive Committee, Charles W. Cullen, Rev. Charles A. Walker, Miss Minnie Franklin.

The Presbytery of New Castle will meet in Elkton, Md., April 15th. Among other things it will consider resolutions from the General Assembly. One is whether deacons shall be ordained or whether they shall be appointed to work in the churches. Another is in regard to unemployed ministers, vacant churches, whether it would be better for the presbytery to have more direct oversight over the congregation. Commissioners will be elected to the General Assembly, which will meet in Washington.

Mr. Harry Kieff, manager of the hotel, gave a supper last Tuesday night to Mr. Marlon V. Brewington in honor of the latter gentleman's marriage, which occurred Thursday. Those who sat down to the supper besides the host and guest of honor, were Hon. E. Stanley Toadwin and Mr. Brewington's best man and ushers, Messrs. Wm. H. McCarty, John B. Rider, Robt. P. Graham, Alan F. Benjamin and Geo. S. Williams. The guests: breads, pickles, salads, sandwiches, oysters, turkey, relishes, fruits, nuts, cakes, Pommeys, White Seal, chocolate, coffee, cigars.

Walking is becoming a popular pastime with many of our citizens. On any fine Sunday afternoon parties of gentlemen may be seen strolling through the fields and woods adjacent to town. Last Sunday a large crowd of men and boys walked out to the Jackson farm to view the ruins of the recent fire. In the party from town were several athletes, notably well known barber Main street, who boasted that he could "walk with his eyes open". To put him to trial his friends, on the return trip, led him across a plowed field. This was a test that the ladies and shaves man could not bear with fortitude, and with much winking he plodded on. When the walkers arrived in town the tonsorial artist was so nearly spent that kind friends had to administer stimulants.

We have received for distribution in our next issue a handsomely executed photo-lithographic plate of the Gordon H. Toadwin mill property, which will be sold at trustee's sale May 4th. The plate is in color and is a faithful likeness of the mill property and an accurate description of the lots, showing location, size, etc. In the lower left hand corner is a vignette of the mill property, showing the falls, buildings, etc. As is well known at home, this is one of the best water-powers in the state and should command a good price in the open market. In addition to the mill property there are valuable building and trucking lots. This will give many people of the city an opportunity to own their homes by purchasing one of these lots and using our Building and Loan Association.

Coughing leads to Consumption. Kemp's Balsam will stop the cough at once.

Major Humphreys has been confined to his room this week with a severe cold. He is much improved at present.

Dr. H. Laird Todd, Mrs. Todd, and Mrs. E. N. Todd, who went South in the winter to visit friends, returned home last Friday night.

When you feel tired out and broken up generally, you need a good tonic. Hood's Sarsaparilla is the best. Try it.

The peach crop of this county will probably be larger this year than that of any previous year. Orchards now in bloom give promise of considerable fruit.

The steamer Chowan is being fitted out with electric lights, which will add much to the comfort of the boat. There will be about 70 thirty-two candle power lights on the steamer.

Dr. W. G. Smith served as best man at the marriage of Miss Edith Crow and Mr. Wm. P. Horney, at Wilmington Wednesday evening of last week. Miss Jeanie Smith was one of the bride's maids.

Messrs. Wm. Lea & Sons, millers of Wilmington, Del., are introducing a preparation of corn meal for family consumption. It makes excellent griddles, cakes, etc. Messrs. B. L. Gillis & Son, on Dock street, are handling it.

Rev. W. H. Stone, who has had charge of the M. P. Church of this city for the past year, was returned to us by the annual conference which has been in session for the past week at Laurel, Del. His return was asked for by the congregation.

There will be a celebration of the Holy Communion and person in St. Philip's Chapel, Quantico, on Sunday April 16th, at 10:30 a.m. Evening Prayer and sermon in St. Paul's Church, Spring Hill, in the afternoon of the same Sunday, at 3 o'clock. Also service and sermon on the same day, in Barton Creek, at 7:30 o'clock in the evening. Franklin B. Adkins, Priest in charge.

Col. Lemuel Malone, of Salisbury will this week file his papers in the State Department asking for a consularship. He prefers the position of consul to Hamilton, Ontario, but if he cannot get that he willing take any other similar position near home. Col. Malone has received strong endorsements from the people of Wicomico and adjoining counties. We trust he may be successful in securing a good place.

About the Court House. The county commissioners were in session Tuesday; present, John A. Inley, John E. Taylor, John T. Gordy, E. W. Parsons and T. W. Waller.

The greater part of the session was occupied in making transfers of real estate as personal property. Mr. Taylor reported to the board that he had made a contract for the erection of a new ferry house at Sharpstown. The contract was given to E. M. Jones at \$90.00. The board confirmed the contract.

Orphans Court. The Orphans Court was in session Tuesday, and transacted business as follows: Billy H. Holloway, Administrator of Elias Hastings, filed an inventory of personalty also a list of assets and desperate debts.

The citizens of Cape Charles met last Thursday evening to hear the report of the committee appointed to solicit subscriptions to secure the Academy of the Hanover Presbytery, which is looking for a location on the Eastern Shore of Virginia. The committee reported \$4,000 subscribed. Capt. O. A. Browne, manager of the W. L. Scott's estate reported that he would donate the grounds on which to build this academy. A committee of three was appointed to wait upon the presbytery, which was held at Petersburg, Va., Friday to decide on a place for the location of the school, and it is then likely it will come to Cape Charles.

Mr. McKee has not yet decided what he will engage in although he has several good offers under consideration.—Snow Hill Messenger.

Messrs. Alfred M. Phillips and Anthony Carey have purchased of Mr. Walter C. Humphreys, att'y, the Freely lot adjoining the mill property, on Main street. The lot has about 40 feet front and runs back to West Church street. The purchasers propose to build at once a three-story brick building to occupy the whole lot, with two stories on the first floor in front and dwellings above. Mr. Phillips will have a bakery in the basement. The price paid for the lot is \$1500.

The annual session of the New Castle Presbytery convened in Elkton Tuesday. The opening sermon was delivered by the retiring moderator, Rev. W. H. Logan of Princess Anne. Rev. W. P. Swartz, of Wilmington, was elected moderator, and the Revs. J. D. Blake and Luther A. Dates temporary clerks. The Rev. John McEneaney, recently called to Elkton church from the Philadelphia Presbytery, was admitted as a member of the New Castle Presbytery. The stated clerk is Rev. Dr. N. H. Miller, of Newark, Del. Rev. S. W. Rejart and Mr. A. E. Treadwell of this city attended the session.

With this issue of the ADVERTISER we send out a handsomely executed photolithographic plate of the Gordon H. Treadwell mill property, which is to be sold during the first week in May the sale beginning on Thursday May 4th. It is impossible to estimate the value of these mills and building and trucking lots which are to be sold. Being a part of the thirty and rapidly developing town of Salisbury, its value a few years hence, when land in Salisbury will certainly be in demand for factory and residence sites, will undoubtedly increase many fold. The indications are that this property will be a good investment.

Chief Commissioner Sudler was in town Friday. He reports satisfactory progress at all the batching stations in his jurisdiction. The rivers are teeming with food fish, he says, and the fishermen report that they have not had such luck in years. Millions of shad fry are being hatched out at the Salisbury station, under the directions of Mr. Sylvanus Traylor, Mr. Sudler's assistant here. Thus far Mr. Traylor has received 2,500,000 eggs at his station. On April 18th he turned into the Wicomico at Salisbury 75,000 shad fry, on April 17th, in the Pocomoke at Snow Hill, 400,000; on the 19th in the Manokin at Princess Anne, 300,000; on the 20th in the Wicomico river at Salisbury, 100,000.

Dr. and Mrs. Martindale at New Castle.

The Wilmington Evening Journal gives the account of the reception accorded by Rev. Thomas E. Martindale and his bride by the people of New Castle.

With strains of orchestra music, flowers, evergreens, dainty white and pink aprons, smiling faces, bright costumes and a shower of congratulations, Dr. and Mrs. T. E. Martindale were greeted last night. The reception was held in the Sunday School building of the M. E. Church and 1,000 people participated in the festivities and enjoyment. It was probably the most notable wedding affair ever held in New Castle and old young people, representing all denominations and every walk of life participated. Socially, it proved to be the event of the season.

Friends and members of the M. E. Church and congregation began to arrive at 7:30 o'clock and assembled in both lecture rooms on the first floor and the Sunday school room above, which was transformed into a wedding hall in appearance. At 8 o'clock the Hubbebeck Orchestra of ten pieces, seated behind a wall of potted plants, began playing Mendelssohn's Wedding March and then the bridal party entered the building and marched to the parlor of the church where the reception was held for an hour.

In the party were the members of the reception committee, Dr. and Mrs. Martindale, Miss May Martindale and Deputy Sheriff Joseph H. Gold. Miss May Martindale's costume was of cream satin, and Mrs. Martindale was attired in Benjamin silk. She carried a bride rosary. Scores of prominent citizens of other denominations called to pay their respects to the distinguished bride and groom. Rev. P. B. Lightner, rector of Immanuel Church, and Mrs. Lightner, called early in the evening. Rev. S. Beattie Wylie, of the Wesleyan church, with Mr. M. W. Wylie, who is herself a bride, were also among the early callers. Others were Sheriff Peirce Gould, Mrs. Dr. J. J. Black, Dr. and Mrs. David Stewart, President G. W. Eckels, of the Board of Education, ex-Mayor Wilmer Hanson, Editor C. H. Sentman, of the County Herald, Lieutenant James E. Boothe, of company H, Postmaster R. C. Gordon, ex-Postmaster John B. Manlove, ex-President of Council Thomas Frazer, and many others.

Mr. Allen's latest venture is not in the field of strawberries but in the field of journalism, in the publication of the "Strawberry Cultivator," volume number 1 of which now lies on our table. It is to be issued quarterly and begins with this month. Its mission is best told by Mr. Allen himself in an article at the head of the editorial columns. He starts out on a journey asking "what does it mean?" And answers that: "It means that we are going to print a paper four times a year exclusively in the interest of the grower of strawberries. It is a paper for the grower of strawberries, and it is a paper that will be read with much interest."

At 9 o'clock the bridal party entered the large Sunday school room, which was then filled to overflowing, while the orchestra played another march. Then Dr. Martindale stepped upon the platform and said:

"Before the refreshments are served I will ask all of the friends to remain standing while Presiding Elder Barrett asks a blessing."

The presiding elder arose as the minister basked into profound silence and made a touching and fervent prayer. Then the cake-cutting was commenced while a corps of pretty girls served fruits and ices to the multitude.

The City Council.

The first regular meeting of the new City Council was held Monday evening. Thomas M. Stinson was elected president of the board.

Balloting for the long and the short terms resulted in giving the long term to Messrs. Williams and Smith and the short term to Mr. Stinson.

The nominations of Mayor Humphreys were unanimously confirmed and are as follows: Clerk to City Council, Thomas H. Williams; City Treasurer, Dr. Wm. F. Smith; counsel to board, E. Stanley Treadwell; Police Justice, Wm. A. Traylor; Bailiff, James Kennerly; night watchman, Thomas Ellis.

Permits to build frame houses were granted as follows: W. F. Calloway, on Labella street; May Moore, on East Church street; Joseph H. Cooper, on Broad street.

The president appointed Messrs. Rider and Williams to arrange for the moving of the electric light poles on East Church street to conform to the new lines of said street.

A Fire at Allen.

Early Thursday morning the store-building and stock of goods of J. S. Q. Allen, Esq., Allen, this county, was destroyed by fire. Mr. Allen had gone to the store on arising and built a fire, and returned to his residence for breakfast. When he started back to the store, after breakfast he discovered fire burning through the roof of the building, which had no means of extinguishing the flames the whole property was doomed.

The store was a large two-story frame building, and it was well stocked with general merchandise. Nothing was saved. It is reported that Mr. Allen's loss is well covered by insurance.

No other property was burned, but at one time it was feared that the residence of Mr. Wm. F. Allen, a judge of the Ophiophora Court, would go. The roof caught fire once but was saved by prompt action.

Eastern Shore Fair.

At a meeting of the stockholders of the Talbot County Fair Association it was voted to change the name to the Eastern Shore Combination, provided that five hundred dollars of the common stock of the association should be subscribed for and paid in at or before the annual meeting in December from each of the counties of Kent, Queen Anne, Caroline, Dorchester, Wicomico, Somerset and Worcester. Dr. J. C. Derrickson, of Worcester, chairman of a committee of the advisory board of these counties, made a report from the committee suggesting this action, and the report was adopted by the stockholders. The object is to make the fair an Eastern Shore concern instead of a county association. It carried out all the counties will be represented in the active board of directors.

Hillside Collie Freed.

Persons who are subjected to attacks of bilious colic can almost invariably tell, by their feelings, when to expect an attack. If Chamberlain's Colic, Cholera and Diarrhoea Remedy is taken as soon as the symptoms appear, they can ward off the distress. Such persons should always keep the Remedy at hand, ready for immediate use when needed. Two or three of it at the time will save them much suffering. For sale by R. K. Truitt & Sons, Druggists.

An Elegant Dinner.

Chief Justice Page gave a dinner on last Thursday evening to the Bench, Bar and officers of the Court. The dinner was served at 6 o'clock and for about an hour and a half the Judge's guests dined on the most delicious and elegant spread as one could wish placed on the mahogany. After dinner was over and the fragrant wares were being burned a couple of hours glided by almost before one knew it.—Marylander.

It is generally conceded by all who have tried it and their "name is legion," that Salvation Oil is the best liniment on the market to-day. It is compounded only of the best ingredients, is guaranteed to be positively pure. 25 cts.

THE STRAWBERRY CULTIVATOR.

How One Young Wicomico Cultivator is Doing and Living at Home.

It was Sir Isaac Walton, was it not, who said "Doubtless God may have made a better berry than the strawberry but doubtless he never did."

"Of the multitudes who have applauded this sentiment of the philosopher, none, I think, have endeavored to live more emphatically than that enterprising and eminently deserving young husbandman, Wm. F. Allen, of this county."

In 1887 young Allen, then a boy living with his father, A. J. Allen, Esq., of Alton, this county, borrowed \$15 and purchased a few of the new varieties of strawberry plants. His object was to engage in the business of growing plants—not berries—for market. Having no other capital than the \$15 before mentioned he was compelled to give up and for three years it was a furious struggle, but the youngster kept up the fight. In 1890 young Allen purchased a little place from Mr. James Cannon, of 55 acres, two miles from Salisbury, on the Tony Tank road. To this farm he transferred his operations and enlarged the business. About this time things looked sufficiently hopeful to warrant his taking a help-mate. He married the daughter of Capt. Gillette, a Taylor of Sharpsburg, district. A liberal use of the newspapers and other advertising mediums brought orders for plants from all parts of the country to fill which taxed the resources of the Peninsula Fruit and Plant Farm—the name by which they are known—84 acres adjoining having been purchased of Hon. E. Stanley Treadwell.

This season Mr. Allen has 20 acres in plants for market, is employing from fifteen to twenty-five hands daily, has received orders from every state and territory in the union, and from Canada and Newfoundland. In his fields are all the standard and popular new varieties and many others so new as not yet to have a reputation, but are now undergoing a trial.

Mr. Allen's latest venture is not in the field of strawberries but in the field of journalism, in the publication of the "Strawberry Cultivator," volume number 1 of which now lies on our table. It is to be issued quarterly and begins with this month. Its mission is best told by Mr. Allen himself in an article at the head of the editorial columns. He starts out on a journey asking "what does it mean?" And answers that: "It means that we are going to print a paper four times a year exclusively in the interest of the grower of strawberries. It is a paper for the grower of strawberries, and it is a paper that will be

Ayer's Pills
Are compounded with the view
to general usefulness and adaptability.
They are composed of the purest
vegetable ingredients. Their delicate
sugar-coating, which readily dis-
solves in the stomach, preserves
their full medicinal value and makes
them easy to take, either by old or
young. For constipation, dyspepsia,
biliousness, sick headache, and
the common derangements of the
Stomach, Liver, and Bowels;
also, to check colds and fevers,
Ayer's Pills

Are the Best
Unlike other cathartics, the effect
of Ayer's Pills is to strengthen
the secretory organs and restore to
them their regular and natural ac-
tion. Doctors everywhere prescribe
them in all cases of indigestion,
constipation, or any other ailment
of the bowels. They are put up
both in vials and boxes, and
whether for home use or travel,
Ayer's Pills are preferable to any
other. Have you ever tried them?

TO REDUCE THEIR WEIGHT.
Central Park's Favorite Place For Wealth
and Beauty to Walk as Well as to Ride.
Good Natural Comments on the Daily
Procession as It Passes.

Walking is the highest portion
of Manhattan. The view from all
sides is picturesque. On the south
the city stretches out in a magnificent
park, and on the north the city
is a spot particularly adapted for
the purpose for which it was intended—the
pleasure of the people.
Some of the persons there are sprit-
ers, and do their work without regard
to dignity. Others stand around with
all the dignity of a general, and
with a common sign to a woman
weighing from 800 to 900 pounds
puffing along like a slow going locomotive
with a heavy train attached, her arms
protruding at her sides like the driving rods
of an engine. She is out for what there is
in it. She cares nothing for the
tuning looks of the spectators nor for
their unkind remarks. She has just
so many pounds to remove per the doctor's
order, and she tries to do it.

Thought Transference.

My father, Mr. A. C. King of Le Roy, Ill., was very sick with a grippe in January, 1892. On the 20th I was sent for and staid with him several days until he was somewhat improved. I then returned to my home, Decatur, Ill., some 20 miles distant, telling my brother Edward to write me every day and if necessary to telephone or telegraph me for quite a long time.
