"SWAMP ANGELS" IN WICOMICO.

A Supposed Band of Free-booters
who Operate Along the Na-
nticoke River.

For several months the inhabitants
of that portion of Sussex county, Del., and
Wicomico county, Md., which border on
the Nanticoke river, have been puzzled
and annoyed by numerous thefts com-
mitted in their midst.

Private houses, stores and kitchens
have been entered and ransacked, and
money and provisions extracted and tak-
en away. At first no clue to the per-
petrators of these lawless acts could be
gotten, but recently suspicion settled upon
a number of white and colored men who
reside in the vicinity of Sharptown and
Riverton.

This suspicion was verified, the people
thought, when, on Wednesday last week,
Mr. L. O. Twilley found on the
public road leading from Riverton to
Dale Mills, a pocket book containing a
small sheet of paper on which was writ-
ten articles of agreements by which each
signer to the paper pledged himself to
"go anywhere, sleep anywhere, eat any-
thing, do anything" etc., and to carry on
his person a formidable array of razors,
knives, pistols and 150 keys. Engrossed on
this paper were certain fantastic figures,
and a cabal which probably was meant
for a pass-word. The names of Leonard
Hopkins and Allen Smiley, two young
colored men living near Sharptown
(Amster Bradley, Levin Wilson and
Albert Bradley, three young white men
living in the community which has suf-
fered, were at the bottom of the paper,
and following their names was the
pseudonym "Swamp-angels." The signa-
tures as well as the other writing on the
paper were written in one hand.

There was indisputable evidence, the
good people of the community thought,
not only of the existence of an organized
band of robbers, but of the names of the
freebooters themselves.

Mr. J. S. Bennett, of Riverton, whose
store had been entered once or twice,
took the pocket book and paper and pre-
sented it to the State's attorney, who in-
structed Mr. Bennett to have the men
whose names were on the paper arrested
on suspicion. Albert Bradley and Allen
Smiley were arrested and are away from
home. The other three men were ar-
rested and taken before Justice of the
Peace L. L. English of B. C. Springs, for
trial.

The trial was held last Friday after-
noon, but the State's attorney failed to
appear. Nothing was proven by the
trial and the men were released. The
people most interested in the apprehen-
sion and conviction of the real perpetrators
of these lawless acts think it was
the duty of the State's attorney to have
been present at the trial and to have
personally conducted it.

On the flap of the pocket book was
written in ink the name of Leonard
Hopkins and the date of the purchase
of the book in Baltimore. Hopkins can
prove, he says, that he was not in the
state of Maryland during that year,
1890—and this raises the question, "Is
not the whole thing a hoax?"

One fact remains—the people of the
community have lost money and mer-
chandise by nocturnal marauders, and
they feel that every effort should be
made by the proper authorities of the
county to apprehend the offenders.

Speedy justice was meted out to an
offender who operated at the head office
of the Baltimore & Eastern Shore rail-
road last Sunday night.

The office was entered that night and
the money drawer looted. Fortunately
a small check represented all the money
in the drawer. Mr. Wm. S. Gordy, Jr.,
agent of the company, instructed the
banking people of Salisbury to not hon-
or the check if it should be presented.

About noon Monday Harry Lawson,
an employe at the factory of Mr. E. S. Ad-
kins, appeared at the Salisbury National
bank with the check and requested the
cash on it. Mr. White, the cashier, re-
fused the check, but notified the railroad
company.

Mr. A. F. Benjamin then took the
matter in hand and had Constable Tra-
der arrest Lawson. He was at once tak-
en before Justice Truit and given a
hearing. Mr. Robert P. Graham, of the
law firm of Graham & Stanford, appear-
ed for the road. Lawson was found
guilty and sentenced to serve a term of
six months in the county jail. This is
less than twenty-four hours from the
time he committed the offense he had
begun to pay the penalty of his sin-
ning.

In the Hands of a Receiver.
The business affairs of the firm of
Fowler & Timmons were placed in the
hands of a receiver upon application of
Mr. Fowler, the senior partner, last Fri-
day, 27th. Mr. Stanford of the law firm
of Graham & Stanford was appointed re-
ceiver by the court. The receiver has
bonded and taken charge of the entire
stock and has been directed by the court
and exposed to sale.

Mr. Fowler stated to a representative
of the ADVERTISER that the action taken
by him was for the purpose of closing up
the firm's business, that the partners
were unable to agree as to the man-
agement of the business and he thought it
best to have the partnership dissolved
and the affairs of the firm closed up. On
Thursday Mr. Timmons, of the firm, and
several of the creditors, filed a petition
for the appointment of Jas. E. Ellegood,
Esq., co-receiver to act with Mr. Stan-
ford.

Death of a Young Lady.
Miss Lily Huston, daughter of Samuel
Huston, Esq., of Salisbury, died at 4
o'clock Wednesday afternoon of a tumor
in the stomach, at the residence of Mr.
A. C. Dykes.

Miss Huston was 28 years old, and
formerly lived in the family of ex-Gov-
ernor Parsons. She had been a sufferer
several months previous to her death.

Her remains were interred Friday af-
ternoon in Parsons' Cemetery, after
funeral services at Trinity M. E. church,
South, by Rev. T. N. Potts and Rev.
Chas. A. Hill. The pall-bearers were
Messrs. Jesse D. Price, Harry Dennis,
Leonard Higgins, Earnest Holloway,
Fred Smith and Dr. W. G. Smith.

Miss Huston was a member of the
Methodist Episcopal Church South. Mrs.
A. C. Dykes and Mrs. Whetley Brit-
tingham of this city, are sisters.

Funeral services for these letters will
state as they are advertised.

Columbia Items.
Rev. C. S. Arnett is conducting re-
vival services at this place, quite an in-
terest has been awakened, and indica-
tions point to a successful revival.

The second growth white potato crop
of this section is larger than usual. J.
D. Beach, being 57 bushels from 4 bushels
of seed. L. T. Cooper 25 bushels, B.
Beach 24 bushels, J. W. Bailey will prob-
ably beat them all. The tubers are the
largest and finest I have ever seen.

Early sown wheat is looking well, al-
though the same amount was sown as last
year.

Since the petty robberies have been
going on through this section, excite-
ment has run high, timid men are al-
most afraid to travel nights, while the
women refuse to be left home alone, and
there seems to be no end to this injur-
ious work. Last Sunday night while
H. L. Bradley and family were attend-
ing church two thieves effected an en-
trance into his house through a window
and searched the house for money, it is
supposed not finding the coveted prize,
they took a trunk, which was locked, and
carried it into a nearby woods and lock-
ed it open and examined the contents,
but found no money, as Mr. Bradley had
taken his money with him. This trunk
contained all of Bradley's valuable pa-
pers but none of them were taken or in-
jured other wise than a rough handling.
Nothing else was missed about the place
as they seemed to want nothing but
money.

The Ladies aid society at this place
for the last four months has met at the
following places: L. T. Cooper's, J. P. Brad-
ley's, L. J. Phillips' and B. Beach's. At each
place refreshments were served in abun-
dant. The social intercourse at these
monthly gatherings has done much to
bring about closer christian fellowship.

Editor Perry's father and W. H. Beach
of Salisbury spent last Sunday at John
Cooper's. Mr. Perry and Mr. Cooper liv-
ed close neighbors in their younger
days, when their children were all small,
now their children are grown up and
they are quite old men.

Mr. J. E. Cooper and bride of Delmar
passed through here for Baltimore this
week.

Sharptown.
Matthew Adams and daughter, of Bal-
timore, visited relatives here this week.
John S. Bradley has been appointed
bailliff of the town at a salary of \$30 per
year. He will also collect the town
taxes, for which he will be paid in ad-
dition to his salary, 10 per cent. of the
amount collected. He will have to fill
the street lamps twice a week, but not
light them.

The burglars are still making occa-
sional robberies in the vicinity near
here. The last was at the residence of
Mr. Bradley, near town, on Sunday
night last. Mr. Bradley and family
were at church and when they returned
at an early hour, they found a door de-
molished and a large trunk gone. After
a little search the trunk was found near
broken open and the contents very much
torn up, but nothing missing. It con-
tained nothing but a little clothing and
a few household furnishings. Not even
the slightest suspicion rests upon any
one for the deed.

Prof. I. L. Twilley, a former pupil of
the school here, but now superintendent
of the public school in Smithport, Pa.,
offered a silver medal to the student in
Prof. W. O. Bennett's advanced class
who excelled in a spelling match, of
twenty-five words, Master Edgar Coop-
er won the medal and will be made the
prize recipient of the coveted prize as
soon as it can be made.

James Bradley, Major Bradley, Wm.
S. Marshall and Josiah T. Bailey of Bal-
timore, and Wm. B. Jones of Riverton,
are expected to enter town
soon, as permanent citizens. Every
available house has been secured and
many more could be rented. The rate
of rent is very low, which, no doubt,
accounts for the scarcity of rentable prop-
erty.

Washington Wilson and family moved
from near here on Steamer Chowan on
Tuesday to Roaring Point, where he will
reside in the future.

Revival services continue at the M. E.
church building. About sixty have professed
conversion and others seeking.

REPEAL BILL PASSED.

The Country Has Stopped Buying
Silver Bullion.

Washington, Nov. 1.—At 2:30 o'clock
this afternoon the House by a vote of
191 yeas to 93 nays concurred in the Wil-
son silver repeal bill as it came from the
Senate yesterday with the Voorhees
amendment.

The bill for the unconditional repeal
of the silver purchase clause of the
Sherman law passed the Senate at 7:30
o'clock Monday evening by a vote of 43
yeas to 22 nays. For three months the
bill has occupied the attention of the
Senate to the exclusion of almost all
other business. It had been debated in
the Senate practically all the time it was
under consideration in the House they
kept it there for exactly nine weeks
after it came from the House be-
fore voting on its final passage. The
bill was passed, with the Voorhees
amendment, exactly as it was reported
from the committee on finance on Aug.
29th.

President Cleveland signed the repeal
bill at exactly half past four o'clock this
afternoon.

The measure was taken to the White
House by representative Albert J. Pear-
son of Ohio, chairman of the House
Committee on Enrolled Bills, who made
the trip from the Capitol in a cable car.
Mr. Pearson was at once admitted into
the President's office, where the Presi-
dent was examining the figures of the re-
vised vote on the final passage of the
measure.

Secretary of the Treasury Carlisle and
Attorney General Olney were present
when the President attached his signa-
ture. Mr. Carlisle had come over to the
White House to see the final act in the
repeal legislation, while Mr. Olney had
dropped in to consult the President on
a matter affecting his department.

When Mr. Pearson presented the en-
rolled copy of the bill to the President,
explaining what it was, Mr. Cleveland
immediately took up his pen and wrote
these words in the lower left hand cor-
ner: "Approved November 1, 1893. Grover
Cleveland," and the bill became a law.

Sparks & Cole's Circus Coming.
Sparks & Cole's Circus shows, circus,
museum and trained animal exposition
will exhibit one day only, afternoon and
evening at Salisbury Wednesday, Novem-
ber 5th. We clip the following from the
Hartford, Conn. Herald.

"Sparks & Cole" gave two enter-
tainments here Monday, last, after-
noon and evening. Nothing was
first-class, there was a tame act in the
show, from beginning to end. The acro-
batic performances on the bars and
trapeze were equal to any show that tra-
vels. The exploits of the Bartlett family
with their rifles, were worthy of notice
and called forth applause. The trained
horses exhibited intelligence that was
almost human, and was alone worth
the price of admission."

Admission adults 25c, children under
10 years of age admitted in the after-
noon only, for 10c. At night all tickets
will be 25c each. Remember day
and date Salisbury, Wednesday, Novem-
ber 5th.

Marriage in Delmar.
Mr. Millard Fillmore Cooper, senior
Member of the mercantile firm of Co-
oper, Wilson & Co. of Delmar, was mar-
ried last Wednesday evening, Novem-
ber 1st, to Miss Mattie J. Tyre.

The ceremony was performed in the
Methodist Episcopal Church in Delmar,
by Rev. L. P. Dorkan, assisted by Rev.
J. A. Wright. The bride and groom left
immediately after the ceremony for the
country residence of the groom's father.
—Mr. John Cooper—where they will
spend some time.

The marriage ceremony was witnessed
by a church full of the friends and relat-
ives of the two young people. Their
future home will be in Delmar.

Successful Revival.
Successful revival meetings are being
held at Ashby M. E. Church under the
pastorate of Rev. Mr. Hill, assisted by
Evangelist Galloway of Wilmington, Del.,
a successful revivalist. This is the fourth
week of the meetings. Between sixty
and seventy have already professed con-
version.

Evangelist Galloway has been a
very earnest and zealous worker at all
these meetings. His talks are full of sim-
plicity, fervor and force. He has proven
a faithful coadjutor of the pastor Rev.
Mr. Hill.

A Man or Two.
Efforts are being made to induce a very
distinguished traveler to visit Salisbury.
The Rajah Acheemammor of that
beautiful country Toolooabai having fin-
ished with the World's Fair is interesting
himself in the agricultural interest of
the United States, more particularly in
the truck and fruit business. His country
is so like that around Salisbury it which
is difficult to distinguish which is which.
We will probably publish next week the
correspondence between him and those
interested in getting him here.

Are Your Children Subject to Croup?
If so, you should never be without a
bottle of Chamberlain's Cough Remedy.
It is certain cure for croup, and has never
been known to fail. If given freely at
the onset of the cough, it will prevent the
attack. It is the sole reliance with
thousands of mothers who have
croupy children, and disappoints. There
is no danger in giving this Remedy in
large and frequent doses, as it contains
nothing injurious. 50 cent bottles for
sale by R. K. Truitt & Sons, Druggists.

It will be a source of pride to Phila-
delphians, inasmuch as it greatly in-
creases to the credit of the city as a
center, to learn that Messrs. Strawbridge
& Clothier have been awarded two pre-
miums of the highest order of merit, for
their exhibit of ladies' suits and costum-
es and of ladies' at the World's Fair.
This honor, which they so thoroughly de-
served, is by no means an empty one,
since, in the condensed official catalogue
issued by the Exposition authorities and
entitled "Interesting Exhibits," the
names of this eminent firm was conspicu-
ously mentioned out of four so honored
in the world exhibition. As the other
three were Parisian artists, the com-
mitment is well worthy of comment. Messrs.
Strawbridge & Clothier were the only ex-
hibitors from Philadelphia in this line
of products, and we congratulate them
therefore, upon the conspicuous and
satisfying success which they have at-
tained in a world-wide competition.

The Outmoded Expression May Not Have Outlived Its Usefulness, and Its New Word May Have Come to Replace It, but the Dictionary is Inscrutable.

Words, like dogs and bonnets, have their day, and when that day is passed they seem to be on the shelf like the old-fashioned pieces of china, to be regarded only as curiosities.

Less than 100 years ago accent meant to kindle, to set on fire. Now it is a verb, and the dictionary has no new word has come to replace it.

From what we are used to either in grammar or pronunciation or meaning of words to the ignorance or stupidity of the speaker, it may not be bad, but only undignified English—such as our "put them things away" for "put them things away."

But Her Dream Was Realized.
Once upon a time a girl was seized with the bicycle mania. That was three years ago, when mamma was not quite so liberal minded as they are now. A rich aunt threatened to disown her, and the rest of the relatives raised a chorus of disapproval whenever she mentioned the subject. For the sake of peace and quiet the dear, self-sacrificing girl gave up the bicycle idea, although every season she suffered terribly whenever she saw a girl on a wheel. About a week ago she asserted her rights and took her savings for three years and invested them in a bicycle. Every morning she disappeared for several hours and returned home with handkerchiefs, torn skirts, a banged in hat, a sour temper and a painful limp.

Yesterday she invited the family to assemble at a certain riding school, upon her performance. She nimbly mounted, spun around the hall twice, jumped off and on with the agility of a young kitten and excited the admiration of the whole crowd.

Then some officious person said, "Go around the other way."
She had always practiced in the one direction, but such a ride did not worry her, so she wheeled around and rode off like a runaway cable car. When she arrived at the first turn, there was a crash, a shriek, a resounding crash, made by her head coming in contact with the floor, and then all was still.

The family had been about home in an ambulance, and she has already made arrangements to have the machine patched up and sold at half price. It only cost her about \$125 to have her dream realized.—Chicago Record.

Life to Last.
Fancy an enormous house rambling out into a series of immense rooms, all on one floor, piazzas 20 feet deep, immense chambers, a billiard room, a grand hall, a grand staircase, a grand dining room, a grand parlor, a grand library, a grand study, a grand office, a grand kitchen, a grand pantry, a grand cellar, a grand stable, a grand carriage house, a grand garage, a grand driveway, a grand lawn, a grand garden, a grand park, a grand estate, a grand life to last.

Had Napoleon Entered the English Army?
When Napoleon was at school at Brienne, he became Lord Wellington's boy. One day the little Corsican came to young Lewis and said, "I have written a letter, written in the good English. It was addressed to the British admiral and permission to enter my navy." "Bonaparte said," "The admiral said, 'I have not searched for it, but I have a reason that I do not wish to tell you. I hope that some one who has read the historical documents in that book will take the trouble to find it for me.'"

Ask Your Friends.
Who have taken Hood's Sarsaparilla who have taken it, and the replies will be positive in its favor. Simply what Hood's Sarsaparilla does, that tells the story of its merit. One has been cured of rheumatism, another of indigestion, while others report cures of scrofula, catarrh, rheumatism, etc.

Long-haired India—"I sent in a little poem of 400 lines on 'The Solitary of the Solas,' to the editor of the 'Saras' and, I haven't heard a word from the editor since then. Do you know, possibly, where he put the manuscript my lad?" Short-haired Editor—"Well, I don't know more about it, but I notice he put them down in the waste basket most generally, 'tra!'"

Its great bulk is not our boast. Our pride is in the vast variety, exclusive novelties—richness, completeness, cheapness. Here is a little list. A list that would fill columns would be meagre.

ROLLA MOORE, Postmaster.

SATURDAY, NOV. 18, 1893.

THE PRESIDENT OF THE SENATE.

Already the papers of the state are beginning to discuss the matter of providing officers of the Senate and House of Delegates.

It seems to be conceded that the President of the Senate will be from the Eastern Shore and the Speaker of the House from the Western Shore.

Of the Eastern Shore Senators four are serving their second terms, viz: Senator Towdvin of this county, Senator Smith of Worcester, Senator Johnson of Dorchester and Senator Hebron of Kent.

Senator Towdvin and Senator Smith are serving consecutive terms. Mr. Towdvin is the senior in service.

All these gentlemen including Senator Walters of Somerset have been named as possibilities for the Presidency. It is probable we are told, that the honor will come to Worcester.

It is an honor that has never been accorded to the county. Mr. Towdvin is not a candidate for the honor but would probably accept if it tendered by his compeers.

It is a matter of much regret to the people of Worcester County that the illness of Congressman Bratten seems to be serious. He is at present suffering from nervous prostration and some difficulty in breathing that resembles asthma.

It is to be hoped that his recovery will be rapid and that he will be able to take his seat in the National Capitol on the reassembling of Congress where his counsel will be needed in important legislation to be considered the coming session.

The New York papers think the defeat of the democratic ticket this fall augurs well for the party's success a year hence. It will be a lesson to the machine to put up good men and before doing so to consult all interests of the party.

Terrier and Nanticoke coves are said to be in the best condition they have been in for years, large and very fat; but the crop is short. Prices are now very good for this season, ranging from forty to fifty cents.

Dr. Lewis, the eminent Boston physician, in a magazine article says: "A radical error underlies nearly all medical treatment of catarrh. It is not a disease of the man's nose; it is a disease of the man, showing itself in the nose."

One of the Sights of the City. The Wanamaker Store has no superior in the world, and is admittedly the largest in America.

The Best Plaster. Dampen a piece of flannel with Chamberlain's Pain Balm and bind it on over the seat of pain. It is better than any plaster.

Maryland Road Leagues

The Maryland Road Leagues has drafted a bill to be submitted to the General Assembly of Maryland at its next session.

The League deals at considerable length upon what it calls the economic side of the matter, that is the method of raising money for maintaining highways, but makes no recommendations.

ENGINEERING DEPARTMENT PROPOSED. While the engineering side of the question, involving such considerations as climatic influence, geological formations, drainage, traffic and the like, presents a difficult problem, the committee finds the solution, as far as legislation is concerned, to be simple.

It is suggested that it would be desirable that the state should create an engineering department and place its services at the command of the various counties, the latter not to be compelled to commit their roads to the charge of the State engineers, but thus to be given the opportunity to avail themselves of expert assistance.

It is recommended that the department would be entirely technical in character, and that it should be organized under the absolute control of a first-class civil engineer, who should have both power and responsibility. It recommends that he be paid a salary of \$5,000 a year, and that he be appointed for four years, and that his bond be placed at \$5,000.

The minimum appropriation necessary for this appointment is placed at \$25,000 annually.

COUNTY ROAD ADMINISTRATION.

Regarding the administration of the roads in this county, the committee considers it evident that since the counties are to bear all the expenses they must retain entire control. The system of administration by supervisors is condemned and it is recommended that it be abolished.

The finances and general control, in the opinion of the committee, should be left in the hands of the county commissioners, but the report advises that the administration of the roads and bridges should be committed to a county board to be appointed by the county commissioners.

Such a board, it is suggested, should be, to a certain extent, permanent; should consist of residents of the county and should have the benefit of expert advice and assistance.

It is advised that each board shall consist of three members to be appointed for three years, one member going out of office each year. They would serve without pay, but liberal provisions would be made for their expenses.

The committee deems it right that the various county boards should be authorized to call upon the state engineering department for advice and assistance without expense to them unless they desire surveys made or such work done as would necessitate additional expense to the department.

In this way the boards would be furnished with the best possible engineering assistance without any cost whatever. This system was adopted in England under the highway act of 1862, and to its successful working the committee attributes the excellence of England's roads at the present day.

CONSTANT REPAIR ADVOCATED. The report declares that it is necessary that the roads should be kept in constant repair and not merely put in order at intervals.

The report also recommends that the county board be encouraged to employ working corps, which should continually keep the roads in repair.

Since such a plan would require money for its promotion, the report recommends that the county board be authorized to "work out" their road taxes by levying and that the county board be directed under proper restrictions, to have the more important work, such as constructing the sidewalks, done by contract for repairs with the consent of the county commissioners.

The report says that many matters other than those touched upon have been considered by the committee, regarding which the committee has little to say at this time feeling to make recommendations.

DEATH OF THE BILL. The bill which accompanies the report of the committee on legislation includes the most important matters dealt with in the report. It is titled "An Act for the more Perfect Construction and Maintenance of the roads and Bridges of this State."

It embraces thirty-four sections. The duties of the state road and highway engineers are defined together with the amount of salary to be paid him and his term of office.

It is provided that the attorney general, at the request of the Governor, give counsel and opinion to such officers and that the latter shall be provided with suitable offices and equipment and shall be empowered to employ such engineers, clerks and other assistance at such salaries as the board of public works may, upon his application, approve.

He shall submit to the Governor on or before January 1, 1896, and every two years thereafter, a report upon the condition of the roads and bridges of the state and the best methods of constructing and maintaining the same, with estimates of cost, expenses and the like, and shall suggest some general plan of administration thereof, either by the state or the counties or jointly, or such changes in the present methods as may recommend themselves to him.

Upon the approval of the board of public works, the state engineer shall be empowered to purchase stone breaking machines, and set them up at convenient places to supply stone to the county boards at cost price. He shall further keep a record of all the proceedings and his expenses, to be furnished to the Governor on July 1st of each year.

All moneys paid out on account of this department shall be paid out by the state treasurer upon the order of the state engineer, endorsed by the comptroller.

TERMS OF SERVICE. The bill then provides for the appointment and duties of a county board in each county, already described, and appoints that the first appointment of the board shall be on March 1, 1894.

The board shall elect its president and secretary and make its own by-laws. Records shall be kept of all its proceedings and copies of all its plans and estimates, and a report shall be rendered on or before March 1 of each year or when the board is dissolved.

Some members of Wilmington Conference endeavored to secure Bishop Newman. He was willing to come but the ministry at Wesleyan Institute, Newark, N. J., and in the four years' theological course of the New Jersey

Conference, into which he was received in 1883.

He was ordained deacon in 1855 and elder in 1867, when he was transferred to the Rock Conference, serving as pastor in Galena, Chicago and elsewhere till 1885.

In that year he established the Northwest Sunday-school Quarterly, and in 1886 the Sunday-school Teacher. He was appointed general agent of the Methodist Episcopal Sunday-school Union, and in 1888 was elected by the general conference corresponding secretary both of the union and of the tract society, in which posts he was continued until 1884.

He was the editor of the Sunday-school publications of his denomination, conducting the Sunday-school Journal, published in New York city, with such success that its circulation rose from 16,500 to 160,000, while that of his lesson books has been nearly 2,500,000 copies.

In 1873, with Lewis Miller of Akron, Ohio, he projected a Sunday schools teachers institution for the purpose of preparing teachers for their work by means of lectures and drills.

The institute first met at Chateaufort, N. Y., in August, 1874, and has since assembled each year in the same place. It has extended beyond the limits of its original design and given rise to allied institutions, which, while they have benefited the Sunday-school assemblies and the international lessons, extend their benefits to members of all Christian bodies.

The Chateaufort Literary and Scientific Circle, which prescribes courses of reading for all classes of people, was founded in 1878 and within a few years had 100,000 students on its rolls. In connection with this the Chateaufort University was established, a summer school in which lectures on most of the arts and sciences are given, and of which Dr. Vincent, who received the degree of D. D. from Ohio Wesleyan University in 1870 and that of L. L. D. from Washington and Jefferson in 1888, has been chancellor from the beginning.

At the General Conference of 1888 he was elected a bishop. Among his published works are "Little Footprints in Bible Lands" (New York, 1881); "The Chateaufort Movement" (1889); "The Home Book" (1886); "The Modern Sunday-school" (1887) and "Better Not" (1887). He has never presided over Wilmington Conference.

The sessions of Wilmington Conference are always interesting. An immense amount of business is transacted and each session usually lasts a week. It cannot be stated at present whether the next session will be of more than usual interest. Many ministers desire a change of pastorate and that may make it more interesting than the last one.

MR. HENRY HOOD'S Sarsaparilla for Catarrh, Heart Failure, Paralysis of the Throat.

"I Thank God and Hood's Sarsaparilla for Perfect Health." "Gentlemen: For the benefit of suffering humanity I wish to state a few facts. For several years I have suffered from catarrh and heart failure, getting so bad I could not work and could scarcely walk."

"I had a very bad spell of paralysis of the throat some time ago. My throat seemed closed and I could not swallow. The doctors said it was caused by heart failure, and gave me medicine which I took according to directions, but it did not seem to do me any good. My wife urged me to try Hood's Sarsaparilla, telling me of Mr. Joseph C. Smith, who had been cured."

"At Death's Door. I was entirely cured by Hood's Sarsaparilla. After taking with Mr. Smith, I concluded to try Hood's Sarsaparilla. When I had taken two bottles I felt very much better. I have continued taking it and am now feeling excellent. I thank God, and."

DEATHS

Death of a Lady Recalls a Marine Disaster - Wisconsin Family Probably Meets to An Ohio Estate.

Mrs. Amelia E. Owens, relict of the late Uriah T. Owens, died here on Friday of last week, after a short illness, at the age of fifty-two.

Her death recalls to mind the sad death of her two husbands, who had preceded her to the spirit world.

Her first husband was George H. Rider, to whom she was wedded in early life.

She was lost at sea during a terrible gale on March 25, 1866. He, with Captain Knowles, Alvy Russell, Wilson and Joseph Phillips, all young men of this town,

the two last being sons of the late Goldsborough W. Phillips, was on board the ill-fated "Normal" which was "sea tripped," near Hog Island, on the above date.

The vessel and all on board were lost. The subject of this article lost a husband, and a brother, Capt. Knowles, whose widow also lost a husband in the death of the captain and a brother in the death of Russell.

Mr. and Mrs. Phillips lost two sons. The body of Rider was found and interred by the citizens of the island, and was subsequently exhumed by friends here and identified, but was not removed.

The bodies of the others were never found, to the knowledge of the people here. Mrs. Rider was thus widowed, in meagre circumstances, with three small children, all of whom are now married and prosperous.

In February 1872, she married Uriah T. Owens, a farmer near town, on January 31, 1872 while she and her husband were engaged in their usual avocations.

She was engaged in her usual avocations, and was very busy and cheerfully engaged around their rural friends, the sad news was brought to her that her husband had dropped dead while sawing cord-wood, work that he and his little son George were engaged in near the farm.

This second time suddenly and sadly bereft she and her family of four girls (one having been married and moved to Seaford, Del.) and one boy, six, the result of the second marriage, moved to town, where she remained until the time of her death.

The farm passed to other hands. Much interest is being manifested among the heirs, and their relatives, of the late John P. Giles, concerning a letter of inquiry received from a man in Philadelphia, who recently had written to her, who recently had written to her.

She was here on Sunday morning last, with a very acceptable discourse.

At a meeting of the Christian Endeavor Society and Sunday School of Wisconsin Presbyterian Church, held November 8th, the following resolutions were adopted:

Resolved, That we, the officers and members of the Christian Endeavor Society and Sunday School of the Wisconsin Presbyterian Church, in joint assembly, not to record our appreciation of her faithful Christian services as a worker in the various societies of the church; as a teacher, cheerfully and unselfishly laboring to promote the cause of Christ, and the welfare of others.

Resolved, That we, who mourn our loss, and submit to the Board, which has called her to her reward, knowing that with her to be absent from the body is to be present with the Lord, yet we feel grateful for the beautiful example which she has left us, that is to be admitted, not less because of her early consecration of herself to God, and cheerful and obliging disposition; but also for her great zeal in all Christian works, though they were often accompanied with great physical suffering, which only her strong faith enabled her to endure.

Resolved, That we extend our hearty sympathy to her bereaved family in their great sorrow, trusting the Father of Mercies will sustain and comfort them in their extreme trial, giving them grace to realize that all things work together for good to them that love God.

Resolved, That these resolutions be entered upon the minutes of these organizations, a copy sent to her family, and published in the county papers.

Death of a Former Wisconsin Countess. Mrs. Harland Bradley died of consumption in Kerrville, Texas, October 28th, aged 44.

Mrs. Bradley was a son of the late Lection Bradley of Quantico district, this county, and left his home in 1871, when quite young, to seek a fortune in the West.

He first stopped in a small Indian town where he engaged in the jewelry business, but was not successful. Here he studied photography, and in 1876 he started out with his camera in a covered wagon, and in this way he traveled several of the western states, accumulating as he did so, considerable "dust."

In that year, 1879, he married a Miss Belle Wilkins of Stratton, Ohio, and they went to California, where he made the first time his birthplace in this county. When he returned to the West he entered into a mercantile business and made a success of the venture upon the early part of this year, when declining health caused him to abandon all business, and on the advice of his physicians to go to Texas, where he remained till his death.

His wife and four children are in Kentucky. His wife and four children survive him. Mrs. Charles W. Bradley, of this city, and Mrs. Steward Graham of Quantico, are sisters of the deceased.

Mr. Gordon H. Toadvine of Elizabeth City, N.C., is just recovering from an attack of malarial fever.

Notes on the Epworth League Convention.

Dear Mr. Editor.—In company with a brother Epworthian, I left Salisbury on Tuesday morning, Nov. 13, about 9 a. m. en route for Snow Hill, Md., to attend the 4th Annual Convention of the Epworth League of Salisbury district.

It was a very interesting and profitable day, and many of the brethren were in sight of Snow Hill, and also expressed our appetites for one of those dinners for which the people of the Eastern Shore of Maryland and Virginia are famous.

After dinner we found our way to the M. E. Church, where the Rev. Ralph T. Chaper, a president of the Snow Hill Chapter, and a band of faithful Leaguers were waiting to receive the officers of the district and delegates from the various chapters.

After a short song service and prayer by Rev. R. W. Todd the convention was called to order by the president, Rev. C. T. Wyatt, and after a few preliminaries settled down to solid work.

I do not attempt to give the proceedings in detail, but only a few of the more important features. The convention held three sessions—one on Tuesday afternoon, and two on Wednesday. Each was brim full of interest and profit, at least to the Epworthians and their friends.

Among the notable features of entertainment and instruction might be mentioned the address of Rev. R. K. Stevenson of Chilesville, on the "Junior League," a paper by Rev. E. C. Menchell on "What Should be the Attitude of the Church Toward the League," an address by Rev. W. B. Guthrie on "How can the League best promote the Spirituality of Church," an address by Rev. R. W. Todd, on the "Attitude of the League Toward the Liquor Question," and a lecture on "A Trip to the World's Fair," by Rev. E. C. Atkins.

To note even the most prominent items of business transacted, would take more time than I have to devote, and more space than you would care to allot.

Perhaps the items of greatest interest to your readers will be the election of officers and place of meeting of the district convention. The election of officers resulted in the re-election of the entire cabinet as follows: President, C. T. Wyatt; 1st vice president, C. S. Baker; 2d vice president, C. P. Swain; 3d vice president, T. C. Simont; 4th vice president, J. T. Taylor; Secretary, J. T. Taylor; Treasurer, Miss Laura Schofield.

The convention accepted an invitation to meet next November at Quindocqua.

Resolutions of thanks were voted to the president, officers and members of the Snow Hill chapter, and the kind friends whose hospitality we had enjoyed, the benediction was pronounced, and at 5:15 p. m. my colleague and myself were ready to take our departure for Salisbury. And now I cannot resist the temptation to relate just here a bit of an anecdote which was one of the most interesting features of this trip to Snow Hill.

As we were about to start, we were informed that the Rev. R. K. Stevenson of Chilesville, who had been invited to attend the convention, had been unable to do so, and that he had written a letter to the convention, in which he expressed his regret that he could not be present, and that he had written a letter to the convention, in which he expressed his regret that he could not be present.

A Parable in Kentucky.

Mr. Wm. M. Tarry, who has been in the drug business in Elkton, Ky., for the past twelve years, says: "Chamberlain's Cough Remedy gives better satisfaction than any other cough medicine I have ever sold." There is good reason for this. No other will cure a cough so quickly; no other is so certain a preventative and cure for croup; no other affords so much relief in cases of whooping cough. For sale by R. K. Truitt & Sons, Drugists.

Thanksgiving Day
THANKSGIVING POEM.
Hurray for Thanksgiving on grandma's farm. Where the bright winter sunshine is melting and warm. And the apple tree red on the cold, frosty ground. And the heavy tailed squirrels go frisking around. And the big yellow pumpkins, like gold in the sun. May be kicked and rolled over, like footballs, for fun. Where the chestnuts are thick on the frost laden trees. And the nutcracker tugs in the north breeze. Hurray for the day, of all good days, when people and dumb beasts are glad and are gay.

THE DELAYED DINNER

The French key is made of a piece of iron made in accordance with the shape of the key.

His five associates looked respectfully at him, but said nothing. After the meeting one of the latter called the president aside.

"Well, gentlemen," said the president, with a sigh, "I confess I am sorry, but the motion is lost."

"No, I am," answered McMahon, "heartily." "Then why did you not assert your right and cast the decisive vote?"

"I am a simple man," said McMahon, "and I do not like to quarrel with my fellow members."

"The cook-book recipe is too often like the disappointing novel. It does not come out right."

Then cure, and those who are subject to rheumatism can prevent attacks by keeping the blood pure and free from acid.

Mr. Winslow's Soothing Syrup has been used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea.
