LOCAL DEPARTMENT.

Of News About Town, Gathered by the "Advertiser's" Reporters.

Several new board crossings are being down on Main street.

A cargo of fifty tons of ice arrived at night for A. F. Parsons & Co., last day.

Mr. George W. Bosman and wife, of this city, are the guests of Rev. Mr. Can, of Trinity Church.

A company of gypsies were encamped near the forks of Middle Neck road, near the forks of this week.

Sen. Joseph B. Sett of Easton and T. M. Henry, Jr., of Cambridge have at the Wicomico bay this week.

Rev. T. E. Martindale having resigned from Conference, will occupy his pulpit on Sunday morning and evening.

Preaching will be expected at Rocking M. E. Church by pastor, E. L. at half-past 10 o'clock Sunday morning.

Miss Jennie Smith has returned from a seven weeks' visit to friends in Philadelphia, Wilmington, Smyrna, elsewhere.

Misses May and Lucy Martindale, have been in Philadelphia and for several weeks, returned to their home last Friday.

Fish Commissioner Towdine was in town this week and, in company with Mr. Delavard, paid a visit to some trout brooks up near Maryland.

Mr. Glenwood M. Todd has been appointed agent at Salisbury for the sale of the "Mill" brand of cat and crane traps are on exhibition at Dorman & Co's.

Mr. A. J. Melvin broke the index of his left hand while engaged at W. H. Jackson & Son's mill Monday. Dr. Dennis attended to wound.

A severe hail storm swept over this county last Tuesday afternoon. It did most damage in the western part of the county, where peach buds are to have been injured by the heavy hail.

It is reported, that with all the rain along the Atlantic coast the past week, the beach at Ocean City was never better condition, and that property has suffered very little damage. A number of other seaside resorts along the Atlantic coast boast of the same.

Messrs. Adams & Co., of Laurel Del., were ready to put their new vegetable oil upon the market. From a cut of the description found in our advertiser's columns one can obtain a pretty fair idea of what it is. It is an excellent article and will find ready sale on market.

Presbyterian church people of Salisbury will learn with regret that Rev. Voorhees of Princess Anne, has resigned the pastorate of the Princess Anne church. Mr. Voorhees has frequently exchanged pulpits with the Rev. F. E. Ellegood, and he is very favorably known here.

A tank in the window of S. U. & Bro's store, which is supplied with fresh water by a miniature fountain. In it a number of Gold fish, German, and a little terrapin. Many persons have stopped to look at the tank, and many family disputes in the water with greatest apparent pleasure.

Dr. I. H. Houston of Vienna has been an extended trip looking after his country interests. He returned on Sunday morning morning he informed our readers that the prospect for the coming season is so dull and the demand is so small that he is obliged to reduce the price for making canisters to 20 cents for 2 lb. and 25 cents for 3 lb. and 30 cents for 4 lbs.

Some of our citizens are making efforts to have the County Commissioners have a hydrant and water tower, Division street, in front of the Court house. Water fixtures for the Court house will also be asked for. This is a very desirable matter, and judges from the best and standing of the petitioners, the proposition is a very popular one.

We think our County Commissioners will find it well to expend a few dollars to supply the court house with water and connect it with the sewer pipe in being laid on Division street. Many persons both from the county and the complain of the accommodation ordered the public, especially from the lack of sewerage, to supply which would be a great benefit to the city.

Owing to the storm last Monday night, but few members of the Shakespeare club ventured out. But those few were delightfully entertained by Mr. J. E. Ellegood, who presided at their "Mill Grove." The evening was spent in pleasant conversation, in singing, in the popular game, "Twenty Questions." Next Monday night the club will meet at Mr. Martindale's. The regular programme for the last meeting was carried out.

To the Children.

Every school boy and girl should make it a point to plant out one or more trees on Arbor Day. Not necessarily on the premises where you attend school; for to crowd the young trees into a small space where they can neither get the sunlight and air, nor nourishment from the soil in which they are planted, has the same demoralizing effect on the proper development of the tree, as crowding boys and girls into a small, dirty, ill-ventilated, and ill-regulated school room, has on their intellects and morals. If you have not room on the school grounds to put out a tree, plant it on the highway.

Gov. Jackson, as you are aware, has named next Wednesday, April 10th, as Arbor Day in Maryland, and the schools of this county are authorized to make the proper observance of the day. Nothing is more fitting and appropriate to be done by you than to set into the ground a young tree that will grow and develop long after you have ceased to be young. But in selecting a tree to plant be sure to choose one that is not only symmetrical individually, but of a useful variety. Either a fruit or nut tree, or one that is valuable as an ornament. To be able to plant with pride at a flourishing "Green Bay Tree" by the way-side, long after you have ceased to be young and are tottering with age, and when the trees are planted by your hand when I was a school boy, is not a mean sentiment to cherish.

Baptized in the Ford.

More than five hundred people, principally from Delmar, Salisbury, and the vicinity, gathered on the banks of the river Sunday morning to witness the baptismal ceremonies which took place there under the auspices of Rev. Mr. Caldwell. Mr. Caldwell is a middle-aged divine, laboring zealously in the service of the New Light Baptist Church, and he is stationed at Delmar, where he has a large and flourishing congregation to which he has added many new names by his earnest endeavors in behalf of his chosen faith.

Connelly's pond is about four and a half miles above Salisbury and less than two miles west of Delmar. Here six new converts were to be baptized. Long before the hour fixed for the ceremonies large crowds of men, women, and children took up their position on the sloping banks of the rather pretty sheet of water, whose surface, usually placid, was considerably ruffled that morning by a strong, raw, southerly wind. With manifest impatience the crowd awaited the coming of the religious party. Eleven o'clock and still the spectators tramped up and down along the margin of the water almost consumed with a restless desire to witness the baptismal performance. It was, however, considerably after that hour when the party, headed by their pastor, and clad in long black robes, emerged from the dwelling house nearby, and in pairs walked with pious fervor, hand in hand, to the edge of the water. Deacon Ker Simons, with hymn-book clasped in his breast, led the way by going immediately in advance of Mr. Caldwell. When the water's edge was reached, the procession paused a moment, and the pastor, in a few preliminary remarks, paid a glowing tribute to the knowledge of the editor of the Advertiser on matters ecclesiastical, and then proceeded to the baptism. The first penitent baptized was Mr. James Wilson. With devout tread, Brother Caldwell led him out several feet from the shore, and when they reached water more than waist deep, the pastor put the customary question, to which the candidate responded in the affirmative; then the Rev. Brother dipped him tenderly under the surface. As his head emerged from beneath the water, Deacon Simons raised the hymn, "This Promise of his Word." The refrain was taken up by the surrounding brothers and sisters, and the first verse was impressively sung. The pastor then led the regenerate Mr. Wilson back to his friends on the shore who congratulated him on his baptism. The second penitent, Mrs. Wilson, Mrs. William Russell, Misses Elia Phillips and Ida Gandy and Miss Hitchens. Six penitents in all, as the pastor lifted Miss Gandy's head from the water, the congregation sang "He Leadeth me." When he had safely conducted the last one to the shore, Mr. Caldwell exclaimed in a loud voice: "Friends, I suppose you have just witnessed a scene such as was common here in the days of the Baptist at the River Jordan."

It was now long past noon and the crowd had dispersed. An incident which we cannot afford to pass over, will bear relating. Some boys, in the vicinity of the Ford, had had a party, and had been drinking. One of them, who had been drinking, climbed upon a fence, to which was hitched a fine specimen of that historic animal—the mule, renowned alike for his inborn cussedness and his propensity to kick high. So much curiosity on the part of the people piqued the satanic spirit of the mule to such an extent that he resolved to express his feelings. Therefore, breaking his halter he wheeled around, and elevating his hindmost extremities, made a desperate effort to lift those boys into the middle of the pond; then with a furious warble, for which his species is famous, he "dusted" off toward home.

Building Notes.

Building and other improvements in Salisbury move apace. Mr. A. N. Langford, with a force of workmen, began last Saturday morning the foundation walls of a brick building on the corner of Division and Church streets, for Mr. J. Sydney Adkins, to be occupied as a residence and store.

The lot on E. Camden street belonging to Missie Collier, is being improved by the erection thereon of a neat two-story frame building. Mr. Warren Hastings has the contract for the building.

The Salisbury Oil & Coal Co. has a force of workmen engaged in building cupboards for the storage of their wares.

Time laying along the line of the Salisbury Sewer Company has been pushed steadily forward this week.

Some of the lots in town which have been vacant since the fire, have been fenced and sowed to early vegetables.

We had rather see new buildings going up on these lots, but a town lot bedecked with a luxurious lawn or orn or cabbage is a more sightly and profitable object to look at than one covered with weeds, as some of them were last summer.

A New Lumber Firm.

The firm of Gordon H. Towdine has just been changed to the G. H. Towdine Lumber Company. The new members are Mr. Thos. W. Smith, of Washington, D. C., and Randolph Humphreys, of Salisbury. The new firm has already made extensive purchases in North Carolina of real estate and timber. An Elizabeth City company has secured a large eligible plot, upon which it is erecting a spacious mill, with dry-kilns and all other modern improvements.

The plant of the Wicomico Falls planing mill will eventually be moved there.

The company's headquarters and office will remain at Salisbury. The new firm is a peculiarly strong one. Mr. Smith, who is regarded as one of the shrewdest lumbermen of the country, will look after the interest of the firm in Washington, while Messrs. Towdine and Humphreys, both well-known and experienced business men of Salisbury, will superintend the business at the mill.

The Public Roads.

The county commissioners seem to be heartily exercised on the question of the public roads for the public travel, and the matter is one that will bear much attention. In many parts of the county the roads are cut up with ruts and much in need of thorough drainage.

Mr. Randolph Humphreys, president of the board, spent yesterday over the county roads in his assigned jurisdiction. He had with him the county surveyor, to whom he gave directions for immediate improvement of some of the worst sections of the public thoroughfares. Now is a good season to begin this work, as the ground is free from frost, and it should be prosecuted throughout the summer and fall until we have better roads in the county.

Unclaimed Letters.

The following is a list of letters remaining in the Salisbury (Md.) Post-office, Wednesday, April 3, 1889: Green's List—Messrs. R. A. Lowe, John T. Howelling, J. H. Fedde-man, Robert Taylor, Neale T. Rintle.

Ladies' List—Miss Fannie Dixons, Mrs. Louisa Barkley, Mrs. L. W. Lewisa, Mrs. Ann E. Parsons, Mrs. Hilda A. Owens, Miss Levey Magers, Mrs. Nannie E. Taylor, Mrs. Amanda Wainwright.

Persons calling for these letters will please say they are advertised. G. R. Rixes, Postmaster.

Orphans' Court.

The Orphans' Court was in special session last Tuesday. All the judges and of three counsellors to fill vacancies caused by the expiration of the terms of Messrs. Elligood, Tilghman, and Williams. Sheriff White's office was used as the voting place and the polls opened at nine o'clock in the morning. Messrs. Robert Hitch, W. Byrd Parsons, and Jas. A. Venables, were appointed judges. At the recent primaries the old board was renominated to succeed itself. The result of the election Tuesday sustaining the action taken at Forest Hill on Monday evening, March 25th, and the three counsellors to fill vacancies caused by the death of the late board were chosen to serve the city's interests for one more term.

As there was no opposition ticket in the field very little interest was manifested, and the vote cast was extremely small. Mr. Williams received the greatest number of votes.

Count Proceedings.

FRIDAY, 29th.—When we went to press last week the case of the State vs. Dr. Marsters, for obstructing the public highway, was in progress before the court's decision. Not guilty. Malone and Crisfield for traverser, Rider for State.

In the afternoon State vs. Samuel L. Corkran was called. This was a case of embezzlement upon the presentation of Frank L. Thomas, of Dorchester county, general agent of the New Home Sewing Machine Co. Traverser pleaded not guilty and elected trial by jury. Monday was fixed for trial.

The next case called for trial was State vs. Boy Wilson, a 16-year-old youth of Weipolite, for an attempted criminal assault upon Miss Amelia Hamby. Rider pleaded not guilty and elected to be tried by jury. The balance of the day and Saturday were taken up in the hearing of this case. At 2 o'clock the jury retired and in fifteen minutes brought in a verdict of not guilty. Mr. Rider and Col. Page for State; Mr. Crisfield, Col. S. A. Graham and R. P. Graham for traverser. At the conclusion of this case court adjourned till Monday.

MONDAY, April 1.—The Corkran embezzlement case was called and Frank L. Thomas, the prosecutor, put upon the stand, and showed by his books that the traverser was in default to the principal to the extent of \$1,000. The balance of the day and Tuesday were occupied in examining witnesses in the case. The case went to the jury late in the afternoon. Mr. Rider addressed the jury, and the court adjourned to hold a night session, when Mr. Towdine and Mr. Ellegood spoke for the defense and Col. Page, assisting the prosecution, closed the case. The jury retired, and after being out about one hour, returned with a verdict of guilty. Rider and Page for State; Towdine and Ellegood for traverser.

WEDNESDAY.—The case of State vs. W. T. Phillips, of Quantico, for keeping a gaming place. Trial before jury. Not guilty. Rider for State and Towdine for defense.

NO. 11, State vs. T. B. Gordy, of Quantico, for keeping a gaming house. Trial before the court. Not guilty. Rider for State and Towdine for traverser.

The next case called was State vs. Frank Waller, colored, for selling liquor without license. Trial before jury. Verdict, guilty and fined \$50 and costs.

The grand jury was finally discharged, after finding five "true bills" against the cases of Dr. Dawson against the citizens of Taylor's Island, removed from Dorchester, were continued to the July term.

The case of Charles Bishop vs. Smily and Thos. E. Walls was then called, tried by jury.

The case is still in progress as we go to press. S. A. Graham, E. S. Towdine and R. P. Graham for plaintiff, J. E. Ellegood and Henry Page for defendants.

PROMPT SETTLEMENT.

Mr. Stephen M. Schooley, of West Liberty, Iowa, was in Salisbury last October, superintending the driving of the Water Company's wells. The day he left for home (October 19th) he called upon L. H. Nock, the general agent for THE WASHINGTON LIFE INSURANCE CO. OF NEW YORK, and insured his life for one thousand dollars (\$1,000). Though in perfect health when insured, he only lived long enough to make two quarterly payments of \$5.85 each; total cost, \$11.70. The company sent their check for the full thousand dollars to his widow, as per letter below:—

DEAR SIR:—I received on the above date your company's check for one thousand dollars (\$1,000), in full settlement of policy No. 61,319, issued to my husband, Stephen M. Schooley, October 19, 1888. I can testify that The Washington Life Insurance Co. of New York is reliable.

Our baby, when two months old, was attacked with Scrofula, which for a long time destroyed her eyesight entirely, and caused us to despair of her life.

Scrofula developed on my daughter, swelling and lumps on her neck. We gave her Swift's Specific, and the result was wonderful and the cure prompt.

POISON OAK - In surveying I accidentally handled a poison oak vine, and in a few hours the usual eruption and swelling appeared. My face was swollen and disfigured, and my hands and arms seriously affected.

NEWSPAPER CRITICISM.

It is a privilege every newspaper reserves to itself to criticize, adversely if it needs be, for the public benefit, anything in which the company is deeply interested.

It is the custom of H. H. Warner & Co., proprietors of the renowned Kidney and Liver Cure, better known as "Warner's Safe Cure," to flood the country, especially the post-offices, with medical pamphlets.

Warner's Safe Cure is a medicine which will give our readers some quotations therefrom, from the highest medical authorities, which we believe worthy of consideration.

Under the head of "No Distinctive Symptoms Apparent," we find the following:- "More ailments are carried off in this country by chronic kidney disease than by any other malady except consumption."

Second-Deaths from such diseases are increased at the rate of 250 per cent. a decade - Edwards.

Third-Bright's Disease has no symptoms of its own, and may long exist without the knowledge of the patient or practitioner, as no pain will be felt in the kidneys or their vicinity - Roberts.

Fourth-In the fatal cases-and most cases have hitherto been fatal-the symptoms of diseased kidneys will first appear in extremely dried organs of the body as stated above-Thompson.

Fifth-Only when the disease has reached its final and fatal stages may the usual symptoms of albumen and casts appear in the water, and will great pain rack the diseased organs-Thompson.

Sixth-Bright's Disease, which usually has three stages of development, is a universal disease in England and America - Roberts and Edwards.

Thompson is authority for saying that more adults are carried off in this country by kidney disease than any other malady except consumption.

Under "Warner's Safe Cure" article on Consumption, we find a paragraph claiming to be a quotation from a publication issued by Drompton Hospital for Consumption, London, England, which states that 32 per cent. of the patients of that institution have succeeded in curing their disease largely by irrigation.

Some of the water appeared either to have drained away or evaporated, for the stones around its margin were left dry, but they had the coating of "red snow" still adhering to them.

The plant was a beautiful crimson tint, but that on the dry stones was slightly darker, resembling dried blood, except that it was a little more granular when closely examined.

There is no doubt but that in too many instances the medical fraternity doctor for symptoms, instead of striking at the root of the disease, and that under this form of treatment many patients die.

We cannot, however, see the necessity of continually flooding the country with these advertising medical books, when their story once well told is enough for the time being.

People as a rule, need only a few days, for their newspaper for information, and we believe such truths as we have instance could be proclaimed therein more advantageously to the public than in much more beneficially to the proprietors.

The Mexican Gentleman. The rich Mexican surrounds himself with the comforts of life, says a correspondent of the Chicago Times, according to his own peculiar ideas of comfort.

To dress well, and bedeck himself with gold and silver and ornamental trappings, to wear downy silks, and to wear fine hats, to smoke cigars, to eat delicacies, to take plain food, served with all manner of seasoning, to sleep half the day, and to amuse himself with the night, to be at his loose change on cock and bull fights, and at three-card monte, are a few attributes of the Mexican idea of high or luxurious living.

There are those of more sober dispositions, whose lives are more in accord with the spirit and nature of civilized life as passed by the enlightened natives, but the majority of wealthy Mexican residents of cities are as those who live only for today, letting to-morrow take care of itself.

This is what you ought to have, in fact you must have it, to fully enjoy life. Thousands are searching for it daily, and mourning because they find it not. Some on thousands of dollars are spent annually by our people in the hope that they may attain this boon.

And yet it may be had by all. We guarantee that Directions and the use persisted in, will bring you Good Digestion and all the monster Dyspepsia and flatulencies, and Epepepy. We recommend Electric Bitters for Dyspepsia and all diseases of Liver, stomach and Kidneys. Sold at 50c. and \$1.00 per bottle by L. D. Collier, Drugist.

Paying for Good Health. The Chinese are said to have a custom with their doctors which is very novel to us, but which, if we are to believe the half-jesting diatribe of them so often expressed, is not a bad idea for the distracted to adopt.

The Circus was a new thing to Bobby. When he approached a giraffe he stood in open-mouthed astonishment.

THE RIBBING OF THE TIDE-A SONG.

AMANDA ELIZABETH DENNIS.

You know the old belief, I assure, And the awe and prophecy That has brought the eerie fancy To the dwellers by the sea.

That those who wake to living Near the blithesome blue and wide, Will close their eyes, in dying, With the ebbing of the tide.

Chorus- With the ebbing of the tide, I assure, With the ebbing of the tide, I assure, They all go out from living With the ebbing of the tide!

I was but a wee, wee lad, When my mother father died, And I heard an awe-stricken whisper- "He is going with the tide!"

And my childhood pain was healed Ere the years turned over their pages And the water had reversed.

Chorus- With the ebbing of the tide, I assure, With the ebbing of the tide, I assure, But I gave it scanty heed When the years were glad and strong, And the ebbing and the flowing Of the tide was sweet and strong.

And tonight, in weary, lassie, And across the billows wide, There comes an awe-stricken whisper "He is going with the tide!"

Chorus- With the ebbing of the tide, I assure, With the ebbing of the tide, I assure, And the weird belief is weaving Over my soul its mystic spell; And my pulse is growing fainter, And my father left me dead!

Chorus- With the ebbing of the tide, I assure, With the ebbing of the tide, I assure, And when it comes to go, I shall be glad to see it, Soft and low the sea is calling, As it waves from the night, And the spirit-breeze is floating With the ebbing of the tide!

Chorus- With the ebbing of the tide, I assure, With the ebbing of the tide, I assure, And when it comes to go, I shall be glad to see it, Soft and low the sea is calling, As it waves from the night, And the spirit-breeze is floating With the ebbing of the tide!

Chorus- With the ebbing of the tide, I assure, With the ebbing of the tide, I assure, And when it comes to go, I shall be glad to see it, Soft and low the sea is calling, As it waves from the night, And the spirit-breeze is floating With the ebbing of the tide!

Chorus- With the ebbing of the tide, I assure, With the ebbing of the tide, I assure, And when it comes to go, I shall be glad to see it, Soft and low the sea is calling, As it waves from the night, And the spirit-breeze is floating With the ebbing of the tide!

Chorus- With the ebbing of the tide, I assure, With the ebbing of the tide, I assure, And when it comes to go, I shall be glad to see it, Soft and low the sea is calling, As it waves from the night, And the spirit-breeze is floating With the ebbing of the tide!

Cost of Raising a Boy a Man.

"I" father never did anything for me" recently remarked a young man who a few weeks ago finished his school life and is now seeking a good business opening.

Judging by the words and the complaining tone in which they were uttered, the member of the firm who heard them is prone to the belief that the young man's idea of "doing something" is an outright gift of \$1,000 in a lump, or the purchase of a partnership in an established concern.

The young man, to the knowledge of the writer, has not done one month's actual work for others in his entire life. His life has been passed in the pleasant pastimes of the home circle, in reading, hunting, fishing, ball playing, yachting and other employments not particularly beneficial to others. He is a type of that class of boys whose parents are sufficient well to do to keep servants to attend to the household drudgery, and whose fathers follow vocations in which no use can be made of the boy's spare time.

Like most boys of his class, he looks up on his board and clothes for twenty years, together with his pony, jewelry, bicycle, etc., as matters of course. The writer, while the complaining remark was still ringing in his ear, had the curiosity to make a conservative estimate of what it costs to raise an ordinary boy for the first twenty years of his life and here it is, \$1,000 per year for the first five years, \$500; \$150 per year for the second five years, \$750; \$300 per year for the third five years, \$1,500; \$300 per year for the next three years, \$900; \$500 for the next two years, \$1,000.

This is a moderate estimate of the financial balance against the boy who complains that his father has never done anything for him.

The Extent of Our Rainless Lands. The vast region in the United States, where the rainfall is insufficient for successful agriculture, comprises about two-fifths of our entire area (exclusive of Alaska). It aggregates about 1,200,000 square miles, and is about equal to the combined areas of Great Britain and Ireland, Belgium, Denmark, France, Germany, Italy, Sweden, Norway, Holland, and the United Kingdom.

We observed a pool a few feet above the level of the sea, which reflected the light from the sky, and appeared to be of a blood red color.

On approaching it, we found the water as pure and clear as possible, but the small stones which composed the bottom were green over with a most perfect coating of the red snow plant.

Some of the water appeared either to have drained away or evaporated, for the stones around its margin were left dry, but they had the coating of "red snow" still adhering to them.

The plant was a beautiful crimson tint, but that on the dry stones was slightly darker, resembling dried blood, except that it was a little more granular when closely examined.

There is no doubt but that in too many instances the medical fraternity doctor for symptoms, instead of striking at the root of the disease, and that under this form of treatment many patients die.

SATURDAY APRIL 13, 1888.

In a conversation with an ADVERTISER reporter last Tuesday, Walter C. Mann, Esq., of Shartwood, said in answer to a statement made by the correspondent of the Baltimore Sun, from this place, that he emphatically was not a candidate for the nomination for the legislature, and furthermore, was not a candidate for any position in the gift of his party; that he had been served every time he had asked for anything, and was now ready to give way to others; he emphatically was not a candidate, openly or secretly, and can't understand how such a report could have obtained currency. Mr. Mann further added that if we expected our county to take a position at Annapolis, we should send the very best men we have in the county. We agree with Mr. Mann that our county should send her best men to represent us. It is a position that there is no money in, and no honor to those who have not the ability to make it such. We think it very early to begin the discussion, but still, it is a matter upon which too much cannot be said in the right direction. Certainly too much care can't be taken in the selection of suitable men. As we said, it is only an honor to those who can honorably fill the position, and not an office of pecuniary consideration. There will be several important questions of finance to be considered at the next session, as well as the election of a United States Senator. So let us send good men.

Have you ever stood on the streets of town and seen a male team, by misunderstanding, start up the wrong street, and a pig-headed brute of driver get off his load and beat the team with an immense whip till the males could hardly stand, because they could not, without assistance, turn a loaded lumber wagon in a thirty foot street? If so, how did you feel? I will tell you how I felt: that the brute with the whip was the one that ought to have been at the tongue. One needs but to look at the teams that come to town to tell which are properly treated and which are not. When a team that is properly treated is spoken to, it simply obeys as an individual, but when one that has been unmercifully treated with the whip or lash of a ten-foot whip, is spoken to, one of the tongue makes back to dodge and throw his head, set back or jump forward, expecting the usual blows from the brute on the load. When you see it don't you feel that the perpetrator ought to be hauled up before court for an aggravated assault and punished accordingly? How can a man expect to keep a good team who treats it in this manner when the unnecessary punishment injures the animal more than the work done. Now one of the best ways of preventing this is to use reins on teams when driving them through the streets, this would prevent many an unnecessary lash and many an accident. It would not be out of place for the city authorities to require this of teamsters.

The Delaware Legislature has determined that the State shall not be sold out again by anti-bribery law can prevent it. An iron-clad law, last Tuesday, introduced into the Senate by Senator Dorman, of Drawbridge, that contains the following provisions:

That all tickets voted in the future must be of the same size and quality of paper, of different colors. These tickets are to be prepared by the secretary of State. When a person votes he must inclose his ticket in a sealed envelope. The inspectors of elections are to sit in a private room and voter is to be admitted at a time. The door through which he enters shall be closed after him, and shall not be again opened till he returns through it. The inspector is to take oath not to disclose how a person votes. The secretary of State is not to place upon any ballot the name of any person as a candidate for office who has not first taken oath that he has not given or contributed, or promised to give or contribute directly or indirectly, any money or other thing of value for any purpose of bribery, and that he has not used nor will hereafter use any means to induce any voter to vote or to abstain from voting in a particular way. Any violation of this oath shall be perjury, and work a forfeiture of office.

The bill seems to guard well against fraud in the rural districts where there will be ample time to do the voting, and where but little precaution is necessary. But how about it in the cities? Can the vote be taken in those densely populated precincts? Of course those precincts can be sub-divided and more polling places made, but our neighbors should not forget to take this into consideration. Any thing that will lessen the crime of bribery will be welcomed by all good citizens, irrespective of party.

Don't hawk, hawk, blow, spit, and disgust everybody with your offensive breath, but see Dr. Sgar's Catarrh Remedy and use it.

If you can't buy the Sixx Nix Plug at your store, write for a sample, to E. C. & R. S. Todd, Agents, Salisbury, Md.

**Literary Notes.**

Mr. de Blowitz, the celebrated Paris correspondent of the London Times, will relate in *Harpers Magazine* for May, the story of his personal journalistic achievement, the publication of the treaty of Berlin at the very hour that it was being signed by the representatives of the Powers. The news caused a great stir in Berlin at the time and an irritation almost unexampled. The article in *Harpers* is the first authentic narrative of how the treaty fell into Mr. de Blowitz's hand and the author declares that nothing more about the matter will ever be known. Mr. de Blowitz is an excellent writer, and his article is a "naturalized Frenchman." A portrait of him accompanies his article, which is entitled "A Chapter from my Memoirs."

The April number of *Strenuous* of (Ladies') Men's is "The Bell of St. Paul's." This is a clever short story, called, "The Sufficee," which gives the reason why a certain young lady said "yes" to one young man, after having said "no" most positively to another. Current fashions are most fully depicted by text and illustration. There are practical kitchen news and other interesting matter for women, in her hours of ease. The original music is comprised in a simple and singable melody that will please the home circle. The business part of the journal enables the stay-at-home to do her shopping by mail, in a fashion only some what less satisfactory than a personal visit to a mammoth dry goods establishment, and when such a visit cannot be made, a hand-book like that here furnished will prove most desirable to every woman.

The Chicago Election Results.

A dispatch from Chicago says: The proposed scheme to keep Mayor-elect Cregier out of his office by having last Tuesday's election declared illegal, has not materialized yet. Lawyer Stevens, who applied for an injunction Monday evening and was told Judge Jamieson to come into court Tuesday morning, did not appear, nor did the election commissioner, whom Mr. Stevens was to notify his application for an order of court to keep them from counting the ballots. The complainant in this bill is Russell, the republican candidate for senator in Jefferson, who is defeated if section 25 is counted in, and who will be declared elected if it can be thrown out. Mr. Boyle said that whether the decision of the Supreme Court affected the vote for Chicago was a matter of great question, but that Russell's bill had nothing to do with the city directly. Mayor Roche, when asked about the matter, said that he had no desire to take any technical advantage of the situation, and that as soon as it should be reported that he was longer mayor he would vacate. The question was as to the validity of title of the democratic candidates in the recent election. He did not think the republican party, as a party, should contest the election, but it might be necessary for the outgoing officers, for the protection of the city's interests, to assure themselves of the legality of their actions before turning over their offices to their democratic successors.

Bols Attack by Roberts.

A dispatch from Liverpool, Ohio, says the residence of Robert McBane, an aged farmer living a few miles from here, was visited early Monday morning by two masked men, who forced an entrance through the window and found their way upstairs, where the family were sleeping. They attempted to chloroform the inmates, but were not successful. When they were discovered the family was aroused by their appearance. They knocked three small children almost senseless and locked them in a small room, and asked Mr. McBane to give up all his money, saying they knew he covered \$1,000 Saturday for some territory he disposed of. On being told he did not have the money, they threatened to shoot him, cutting an ugly gash in his head and knocking him senseless. His wife pleaded for mercy. They removed her to a small closet and locked her in. After searching the house from cellar to garret and finding nothing but a small amount of silver they escaped, leaving no clue. A neighbor who happened to call a few hours later found his way into the house and found the mother and children almost senseless in the closet quarters, and Mr. McBane almost dead from loss of blood. No clue to the identity of the masked ruffians has yet been discovered.

More Catarrh.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years Doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a tea-spoonful. It acts directly upon the mucous membrane of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by DRUGGISTS, 75c. mch 23-1m

Elopement in Chinese High Life.

Yee Sing, a wealthy Chinese merchant of Denver, was arrested in Chicago on Saturday, on a dispatch from that city news that he had eloped with a person with the officer. The charge against him was that he eloped with Wong Toy, the wife of Chin Poo, another prominent Chinese man of Denver, and that he took with him \$400 of Chin Poo's cash likewise. Yee Sing denied the theft of the money, but admits that Wong Toy loves him better than she does her husband. Yee Sing, it is understood, is an exiled Mandarin. His manner and appearance certainly indicate that he is above the ordinary Celestial.

Orbit of a New Comet.

The following dispatch to the Associated Press has been received from Prof. F. O. Holden, of the Lick Observatory, at Mount Hamilton, Cal: An approximate orbit of the comet discovered here March 31 by Mr. Barnard has been computed by Prof. Schuabert. It is probable that this comet will become even or eight thousand times as bright as at present with a distance from the sun of about four millions of miles. On May 26 next it should be carefully observed. The sky is now cloudy here.

A Liberal Allowance.

Miss Marcellite Garner, daughter of the late William T. Garner, the New York millionaire, who was drowned in his yacht a few years ago, is now living in Paris. Recently the Supreme Court of New York, at her request, appropriated \$25,000 a year from income of the estate for her personal expenses. This is because she said that it costs her \$10,000 a year for dress alone.

**Something You Should Know.**

Many of our readers have often asked "What is Bright's Disease of the kidneys, and how is it cured?" To answer their questions we have secured the following explanatory article, written by a competent authority:

One of the worst physical scourges of the world to-day—scarcely in England, Germany, America and Australia—is Kidney Disease. An alarmingly large proportion of the population of the countries named is afflicted with it, in one form or another.

The symptoms of Bright's Disease (which is but an advanced form of Kidney Disease) differ in different localities, but generally the patient presents a flabby, bloodless look, is drowsy and easily fatigued, has pain in the back, vomiting and febrile disturbance. Dropsy, varying in degree from slight puffiness of the face to an accumulation of the fluid sufficient to distend the whole body and to occasion serious embarrassment to respiration, is a very common accompaniment. The urine is reduced in quantity, is often of dark, smoky or bloody color, and exhibits chemical reactions, the presence of a large amount of albumen, while under the microscope blood corpuscles and casts are found. Very often dimness of vision, due to a morbid condition of the retina of the eye, and also hypertrophy of the heart, leading to fatal apoplexy, are accompaniments of the disease.

There are several forms of the malady, but there are common prominent characteristics in the presence of albumen in the urine, and frequently also in the presence of dropsy. These associated symptoms, in connection with Kidney Disease were first described in 1827 by Dr. Richard Bright, an English physician who first investigated them. Sometimes there is a degeneration of the tissue, impairing the excreting power of the organ so that the urea is not sufficiently carried from the blood. The flow of the blood, when changed with this urea, is retarded through the minute vessels, congestion ensues, and extension of the disease to the brain is the result. The disease is often accompanied by eruptions on the skin, as boils, etc., and is frequently associated with enlargement of the heart.

The causes of this terrible malady are indulgence, too much tea-water at breakfast, strong drink, high living, indigestion, exposure to wet and cold, various kinds of fevers, malaria, pregnancy, and other bodily derangements, such as a complication of certain acute diseases, like erysipelas, diphtheria, and scarlet fever (of which it is one of the most frequent and serious after effects), diseases of bones and other scrofulous affections. The kidneys being the most important excretory organs of the body, their derangement may speedily destroy life.

Common-sense treatment of Kidney Disease of the character referred to necessarily involves removal of the causes, rectification of other secretions and increase in the number of blood corpuscles, by the administration of Warner's Safe Cure. It is a specific even in the advanced stages, when the blood has poisoned the nerve centers, restoring the secretion of healthy fluids and relieving the congestion of the brain. It speedily arrests the inflammatory action, which is marked by an increased amount of urine. The albumen gradually disappears, the dropsy subsides and the patient recovers. There is no standstill in advanced stages of the disease, those who are afflicted with it are either constantly growing better or worse. How important, therefore, that this terrible disease be taken in hand in time and treated with a known specific.

Smoking The Cause.

A dispatch from Manson, Iowa, says: Robert Shilder and wife were driving to town Tuesday when a spark from Shilder's pipe ignited the clothing of his wife and as the wind was blowing a stiff gale she was enveloped in flames in an instant. Terror-stricken she jumped from the buggy on one side and her husband on the other. He did all in his power to quench the flames, but to no avail. The grass took fire around them and Mrs. Shilder was completely enveloped in a fiery shroud and died before her husband's eyes. Shilder's hands were burned to the bone. He was brought to town and his wounds dressed, but it is feared his hands will have to be amputated. He is nearly crazy from the shock of his wife's death and his own pain, and his physicians say he may die. The family is one of the oldest in the country having been here for thirty years. Mrs. Shilder was 65 years old and her husband 70.

Light Overcoats.

The counters in our spacious Clothing Store are full, very full of all the styles, sizes, colors, and qualities that we ought to have. You may get an honest Oxford Mixed Twill-Cassimer Silk Faced Overcoat at \$12; both all wool. A very jaunty Goveat Coat at \$13.50; and all sorts of colors and prices up to a fine Silk-Lined-Throughout at \$25. Don't mind the details, if you want the Light Overcoat, this is the place for you.

None too soon to be thinking of cutting warts.

The simplest cutting cloth is 10c a yard. Women like flannel, looks like some flannel; warranted ever tread cotton; a thumping big ten cents worth nevertheless, in just the modest stripes that modest people like.

A little better, a little dresier, 16c. Stripes and plaids. Still all cotton.

At 25 and 30c we touch the Ceylon Flannels. Sure enough wool, but with cotton enough to stop shrinkage. You hardly suspect the cotton. Stripes and plaids.

Other Ceylons come at 37 1/2, 50c, and 60c. Dainty stuffs, Zephyrs. They woo the air and yet bar any chilly breath. Warmth without heaviness.

At the same counter the dainty stain striped Flannels. As rich stuff of the sort as comes from the other side.

Two combination stuffs: 2-inch silk Persian stripe on wool, \$1. Half dozen colors.

2-inch wool/jacquard stripes and same width silk stripes alternating, \$1.25; plain, \$1. Beautiful. Twenty others as pretty. And still they come.

The latest wrinkle in women's wraps is the Connemara or peasant Coat. Comfortable and a bit picturesque—if the colors are. Of course they're here: \$6 and \$8 for the general run; \$10 and \$12 for exclusive styles from fine English Cloth.

A minute or so at the New-Book Table. Here's maybe a tenth of what you'll see:

SALISBURY ADVERTISER.

100 PER ANNUM. PUBLISHED EVERY SATURDAY MORNING. Theo. Perry, Publisher.

Desperate Patient. I can testify that S. S. is the best blood medicine that I ever took, and believe it is the best in the world.

Dr. J. Brooks. Dawson, Ga., Sept. 25, 1888. I had a sore leg, which would yield to no treatment—until I took two bottles of S. S., which promptly cured it.

Dr. J. G. Edwards. Newton, N. C., Nov. 23, 1888. I was the victim for five or six years of the most loathsome disease that the doctors failed to cure.

Dr. J. G. Edwards. Newton, N. C., Nov. 23, 1888. I was the victim for five or six years of the most loathsome disease that the doctors failed to cure.

A Hero at Seven. In the town of Kingston-Thames, in England, recently, the magistrate, acting upon the recommendation of a jury of inquest, highly commended the bravery of Thomas Hawkins.

A Popular Boston Chestnut. The tale is to the effect that Dr. Oliver Wendell Holmes and the venerable Dr. Proby, of Cambridge, once had an appointment to see a patient.

A Poor Orphan's Request. I met in a lawyer's office the other day a pension agent who was looking for men who had many curious and interesting stories to relate about the appellation of old soldiers for visible tokens of their country's gratitude.

My dear, I love you, but I wish you would keep on the other side of the road. You are not very becoming to me.

The Great Salt Trust. The latest contribution to the system of trusts, the object of which is to regulate production and price, is the great American Salt Trust.

People Dependent on Electricity. It was stated at the meeting of the British Association that these new numbers are not fewer than five millions.

Call Me Early. Call me early, Bonnie dear. Let it be a fifteen-hour day.

Advice to Mothers. Mrs. Winslow's Sore Throat Syrup should always be used for children's teething.

One transatlantic line of steamships in New York uses 20,000 tons of coal, 2,000,000 pounds of meat, 1,000,000 lbs. of corn, 400 tons of flour and 15 tons of cheese every year.

John Wagonmaker has lately marked down his prices. He has a large stock of goods on hand, and the lot is now offered to the public at a greatly reduced figure.

Early Americans. Simplicity in their mode of living was the marked characteristic of the early American.

Barred at the Stake. A disease, which is believed to be malignant typhoid fever, has recently carried off a large number of the bravest of the Mojave tribe.

A Modest, Sensitive Woman. Often shrinks from consulting a physician about functional derangements, and prefers to suffer in silence.

Att for the Samoan Victims. The recent hurricane in the South Pacific ocean swept over 1,200 geographical miles, embracing in its track the Hervey and Society groups of islands.

Winning a Widow. He gazed around the cheerful and comfortable looking apartment. Then addressing the widow he said:

Electric Bitters. This remedy is becoming so well known and so popular as to need no special mention.

Handsome Lady in Salisbury. Remark to a friend the other day that she knew Kemp's Balm for the Throat and Lung was a superior remedy.

Breaking It Gentle. Young Wife—Why, dear, you were the stroke out at the college, weren't you?

Becken's Arnica Salve. The best salve in the world for Cuts, Bruises, Sore Throat, Salt Rheum, Erysipelas, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions.

Utilize the Falls. The utilization of Niagara Falls for the generation of electricity for the use and benefit of the surrounding country is the object of a measure which a Chicago engineer wishes passed by the New York Assembly.

ISSUED EVERY SATURDAY MORNING, TUESDAY, FEBRUARY 1906.

A Woman's First Writings.

There is nothing so destroying to the peace of pretty woman's soul as the discovery of the first wrinkle in her face.

Allowed a cough to run until it gets beyond the reach of medicine. They often say, "Oh it will wear away."

Mr. R. Brudenell Carter, F. R. C. S. says that those of us who are near-sighted have been misled to blame, or rather the blame rests on the instructors of our youth.

Remarked to a friend the other day that she knew Keny's Balsam for the Throat and Lungs was a superior remedy.

Unhappy, it says, in a column to abuse. Not that philanthropy doesn't pay, it pays, as everybody knows, 6 per cent.

There is more Catarrh in this section of the country than at other disease parts of the country, and until the last few years was supposed to be incurable.

Mr. William Galloxy, who lives in Trempealeau county, Wis., some years ago was attacked with a cancer.

One which is guaranteed to bring you satisfactory results, or in case of failure a return of purchase price.

The Western farmer, with his hundreds of acres of new fertile soil, looks with contempt upon the small and often sterile farms that are to be found in some parts of New England.

A Common-Sense Letter. To the Editor:—I see that newspaper articles are again making their appearance.

Whist! I have personal cause to feel grateful to Warner's Safe Cure, for the benefit which I derived from it when suffering from kidney troubles last spring.

Here it was discovered, through the efforts of an insurance company, that eight cases of death from arsenical poisoning had occurred in one family.

After such an evidence of the utter incompetency of those physicians who are regarded as experts in their profession, I cannot conceive why it will be longer necessary for further advertising.

Push! If there was more push in the world there would be fewer hungry, half-fed, half-dressed, and half-clothed people.

Push means a lift for a neighbor in trouble. Push means a lift for yourself out of the slough of despondency and helplessness.

Push means a lift for a neighbor in trouble. Push means a lift for yourself out of the slough of despondency and helplessness.

Push means a lift for a neighbor in trouble. Push means a lift for yourself out of the slough of despondency and helplessness.

Wonders of Natural History. The fly spider lays an egg as long as itself. There are four thousand and forty-one muscles in a caterpillar.

"Had Been Worried Eighteen Years." It should have read "married," but the proof-reader observed that it amounted to about the same thing, and so did not draw his blue pencil through the error.

Winks—I didn't see you around yesterday. Minks—No. I had a room that needed papering and painting, and I thought I'd stay home and do it myself.

We desire to say to our citizens, that we have been selling Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell so well.

The Prince of Wales occupied a box at the theatre one evening when Mary Anderson appeared in "Romeo and Juliet."

It is but about four thousand and we would say at least one half are troubled with some affection of the throat, nose, lungs, and some complaints, according to statistics, more numerous than others.

Evidence as to character always introduced by attorneys for defendants has been found on the body of a man.

James Speed, who was Lincoln's attorney general and one of his nearest advisers, ruthlessly demolishes the pretty little story recently told about Lincoln writing the famous Gettysburg oration.

When Baby was sick, we gave her Castoria. When she was a Child, she clung to Castoria. When she became Woman, she still used Castoria.

Miscellaneous Cards. Wanted at Once. GUM AND PINE LOGS. Will pay highest market prices for good clean Gum and Pine Logs, either first or second growth, of any length, but not less than 12 inches in Diameter.

Wolf's ACME Blacking. Is the Blacking for Men, Women and Children. THE RICHEST BLACK POLISH. Making Leather Waterproof and Durable. No Brush. A Shine Lasts a Week.

CARTER'S LITTLE LIVER PILLS. For you who are pale, thin, nervous, and have a headache. It is the best medicine for the liver and stomach.

HEADACHE. Aches. In the face of so many lives that have been saved by the use of this medicine, it is not surprising that it is so popular.

CATARRH. COLD IN HEAD. Ely's Cream Balm. Cleanses the Nasal Passages. Always Inflammation. Heals the Sores. Restores the Senses of Taste, Smell and Hearing.

If You Have Catarrh. It makes you hungry. Paine's Celery Compound. The Best Spring Medicine.

What is GASTRITIS? Gastritis is Dr. San't Elixier's old, harmless and quick cure for Indigestion and Children's Complaints.

GREED. TAKE HEED from the Ass. He feasts to-day, may want to-morrow. In buying Clothing don't let your greed for cheapness shut your eyes to quality.

SATURDAY APRIL 27, 1889.

THE CENTENNIAL INAUGURAL.

The country could not more appropriately spend April 27th, the occasion of the centennial of the inauguration of the first President of the United States, than by observing it as a general holiday and day of thanksgiving.

Whereas the Congress of the United States has declared that the third day of April, the one hundredth anniversary of the inauguration of George Washington as first President of the United States, shall be a general holiday, and the President in persistence of the said act has issued his proclamation to that effect.

And whereas the Governor is authorized to appoint as a legal holiday, to be duly observed as such, any special days appointed by the President as "days of thanksgiving, prayer or other religious observance or for the general observance of business."

Now, therefore, I, Elihu E. Jackson, Governor of Maryland, do hereby issue this my Proclamation, declaring Tuesday, the thirtieth day of April instant, to be a Legal Holiday, and in the words of the President, do recommend that "at the hour of nine o'clock in the morning of that day" the people of our State repair to their respective places of divine worship to invoke the favor of God.

And further, I request that all public offices and schools be closed on that day, and that our people abstain from their usual vocations and unite in some appropriate form of observance of so great a day in the history of our country.

Given under my hand and the great seal of Maryland, at the city of Annapolis, on the eighteenth day of April, in the year of our Lord one thousand eight hundred and eighty-nine, and the independence of the United States the one hundred and thirtieth.

It will be observed in our county by the managers of all public institutions, including the Public Schools. It will be a matter of much regret to Gov. Jackson that his late illness will prevent his being present. His physicians think he would be taking too much risk to undertake the journey at this time.

If there is anything temporal that we have reason to be thankful for, it is our country's development and progress, and the blessings of liberty and peace under the best governed country that the sun ever shone upon. Let us observe the 30th as a national holiday, by all means.

President Frank Brown, of the Maryland State Agricultural and Mechanical Association, of Baltimore, is making an effort to make the coming exposition a great success. He writes the ADVERTISER, under date April 23d, that the "Association, assisted by the Maryland Exposition Association, of Baltimore, is preparing for holding a grand State exposition on the State Fair grounds at Pimlico, September 9th to 14th inclusive, which is to be opened by trades' display of the mercantile and manufacturing industries and products; to be followed on the 12th and 13th by demonstrations in the shape of sham battles, commemorative of the defeat of the British troops at North Point on Sept. 12th, 1812, and the bombardment of Fort Mifflin on the following day. It is also proposed, with the consent of the Postoffice and Treasury Departments at Washington, to dedicate the new Postoffice building, at Baltimore, on the night of the 12th.

"It is the desire of both the above named Associations that each and every county in the State should be properly represented in the display of their natural and industrial resources and products."

The President invites the editors of the Eastern Shore to meet him at the Entole House in Baltimore May 6th.

A Critical Operation. Mrs. Sidney Smith Lee, mother of the Governor and wife of the late Commodore S. S. Lee had an operation performed on one of her eyes Sunday evening by Dr. A. White, of this city, assisted by Dr. Marmion, of Washington. Mrs. Lee was attacked by glaucoma in this eye, the same disease that destroyed the sight of the other eye. The operation is known in surgery as iridectomy, which consists of cutting out a portion of the iris in order to form an artificial pupil. Mrs. Lee is doing as well as could be expected. It will be several days before it can be ascertained whether her eyesight is saved, if not she will be totally blind.

HON. C. H. GIBSON'S MARRIAGE.

Our favorite Congressman's nuptial nuptials were celebrated at a rich wedding.

The marriage of Hon. Charles H. Gibson, Congressman from the first Maryland district, to Mrs. Marietta Powell, of Eastern, Md., took place at Louisville, Ky., Tuesday, Every effort had been used to make the wedding a quiet one without ostentatious display, and such it proved, being characterized by the utmost taste and elegance.

The ceremony was performed at Christ Church, the largest Episcopal church in the city, by the Rev. Theophilus W. Dudley, Bishop of Kentucky, officiating. Only a few friends had been invited to the ceremony. The church still bore some of the decorations of Easter Day.

Before leaving the church Mr. and Mrs. Gibson received the congratulations of their friends, among them ex-Congressman Willis, who served in Congress with Mr. Gibson. They were then driven to the residence of the bride's son-in-law, Mr. Percy Semble, on Oak street, where a wedding luncheon was served.

There was no time for a reception, as Mr. and Mrs. Gibson left on the 7 p. m. train via the C. and O. for Washington. Bishop Dudley left on the same train for the same point. After a short stay in the capital Mr. Gibson will go with his bride to New York city, as he is centennial commissioner from Maryland.

The object of having the marriage at Louisville was because that is the residence of Mrs. Gibson's mother and because the bride was especially anxious to have her kinsman, Bishop Dudley, perform the ceremony.

Mrs. Marietta Powell Holiday is the widow of the late Colonel Richard C. Powell, for many years secretary of State of Maryland. Her husband comes of good London county, (Virginia) stock, and is connected with many of the old Virginia families. Her father was the late Colonel Humphrey Dudley Powell, a man of ability, and a member of the family of that name in the northwestern part of the Panhandle, and eight in the sand hills on the staked Plains north of the Texas River.

These were north and counted on the 1st of April of last year. This estimate of the remainder of a great race is believed to be essentially correct. It was obtained from reliable and well informed persons throughout the West, and in part from personal observation during the past year—Franklin Starbuck, in Harper's Magazine.

Where Darwinism fails, by Prof. St. George Mivart, in May Forum Darwinism a suicidal doctrine because it supplies the strongest arguments for its own refutation; why it is an untenable theory, the concepts of fatal break in evolution where man comes in, for language and moral perception are characteristics not possessed by other animals; Darwin's acknowledgment of a psychology and his philosophical mind; new evidences of this given in his recently published letters; "Charles Darwin's opinions of philosophy and religion can be of no more value than those of a color-blind man about a canvas of Raphael."

Prof. St. George Mivart, F. R. S., was one of the earliest scientific critics of the Darwinian theory, and Darwin himself declared that his arguments were of great weight. From 1862 to 1884 he was professor of biology at University College, London, and in the words of "The Genesis of Species," a criticism of Darwin "Contemporary Evolution," "The Cat," and besides other works a volume, recently published, on "Truth."

This essay is supplementary to Prof. Mivart's article in The Forum for March, on "Darwin's Brilliant Fallacy."

Deafness Can't be Cured by local application, as they can not reach the diseased part of the ear. There is only one way to cure Deafness, and that is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed for ever, none can see out of an inflamed condition of the mucous surfaces.

Small Women Be Allowed to Vote. The question of female suffrage has agitated the tongues and pens of reformers for many years, and good argument have been adduced for and against it. Many of the softer sex could vote intelligently, and many would vote as their husbands direct. It is not the merits of a political issue, but the right of the vote for Dr. Pierce's Favorite Prescription, for they know it a boon to their sex. It is unequal for the cure of Leucorrhoea, abnormal discharges, morning sickness, and the countless ills which women are subject to. It is the only remedy for women's peculiar weaknesses and ailments, sold by druggists under a positive guarantee from the manufacturer, that it will give satisfaction in every case or money will be refunded. A Rival to Western Union. The South Atlantic Telegraph Company, of Baltimore, Md., has been incorporated by the State of Maryland. It is a link in the Mackay-Bennett and Postal Telegraph Cable Company system, and is for the purpose of purchasing and installing the lines of that system in Maryland which are now owned by the Chesapeake and Atlantic Telegraph Company, of Virginia, the Southern Telegraph Company, of Northern Carolina; and the Atlantic Telegraph Company, whereby lines of wire may be secured extending to New Orleans and covering the entire South and Southwest. This entire system is to be controlled by the Mackay-Bennett management.

Destructive Birds. The ravage of the birds in the cornfields in Barrowell country, South Carolina, is almost without precedent. In many places the fields have been planted the second time and now the birds are devouring the young corn as fast as it appears. There has never been before a total crop to go to feed of these birds. Poison has no effect on them. And they are too wild to reach with shot. Their numbers increase yearly, and unless some way be discovered to destroy their corn, planting will have to be in a measure abandoned.

The Liquor Men Slaughtered. FERRISBURG, Pa., April 25.—Judge White of the common pleas court has handed down his decision in the liquor license applications of Allegheny county. He made a frightful slaughter in the applications, granting but 95 retail and 43 wholesale licenses in this city, against a total of over 700 two years ago 274 last year. This retail rate and 15 wholesale licenses were granted in Allegheny. The total number of wholesale and retail licenses granted in the county was 254. The result has caused great excitement among the dealers.

Small Women Be Allowed to Vote. The question of female suffrage has agitated the tongues and pens of reformers for many years, and good argument have been adduced for and against it. Many of the softer sex could vote intelligently, and many would vote as their husbands direct. It is not the merits of a political issue, but the right of the vote for Dr. Pierce's Favorite Prescription, for they know it a boon to their sex. It is unequal for the cure of Leucorrhoea, abnormal discharges, morning sickness, and the countless ills which women are subject to. It is the only remedy for women's peculiar weaknesses and ailments, sold by druggists under a positive guarantee from the manufacturer, that it will give satisfaction in every case or money will be refunded. See guarantee on wrapper around bottle.

A Rival to Western Union. The South Atlantic Telegraph Company, of Baltimore, Md., has been incorporated by the State of Maryland. It is a link in the Mackay-Bennett and Postal Telegraph Cable Company system, and is for the purpose of purchasing and installing the lines of that system in Maryland which are now owned by the Chesapeake and Atlantic Telegraph Company, of Virginia, the Southern Telegraph Company, of Northern Carolina; and the Atlantic Telegraph Company, whereby lines of wire may be secured extending to New Orleans and covering the entire South and Southwest. This entire system is to be controlled by the Mackay-Bennett management.

Destructive Birds. The ravage of the birds in the cornfields in Barrowell country, South Carolina, is almost without precedent. In many places the fields have been planted the second time and now the birds are devouring the young corn as fast as it appears. There has never been before a total crop to go to feed of these birds. Poison has no effect on them. And they are too wild to reach with shot. Their numbers increase yearly, and unless some way be discovered to destroy their corn, planting will have to be in a measure abandoned.

The Liquor Men Slaughtered. FERRISBURG, Pa., April 25.—Judge White of the common pleas court has handed down his decision in the liquor license applications of Allegheny county. He made a frightful slaughter in the applications, granting but 95 retail and 43 wholesale licenses in this city, against a total of over 700 two years ago 274 last year. This retail rate and 15 wholesale licenses were granted in Allegheny. The total number of wholesale and retail licenses granted in the county was 254. The result has caused great excitement among the dealers.

Spring of 1889

Find us with an abundance of seasonal and every-day goods, selected with the view of pleasing the wants and tastes of the purchasing public.

It needs to be repeated and remembered that in all goods, and most emphatically in dress goods, not only is the stock we show the most complete in the world, but the prices are always as low as or less than the market. We couldn't afford to have it otherwise.

The effort is frequently made to misrepresent our policy in respect to staple and medium goods. We keep no trash. We do keep everything in Dress Goods that a self-respecting and complete dry goods house should have.

We hold and have held the only worthy stock of Gloriosa Mohairs—Gloriosa so Called—have been sold for them at lower prices. Perhaps you've bought them. Had you come here you could have seen Gloriosa and the whole range of Mohairs, each called correctly by name and at proper prices.

The same is true of many other things. Sound reasoning says that you cannot afford to ignore Wanamaker's or any thing Wanamaker's have for sale.

A choice pattern of 40-inch all-wool Black Veiling, 50c! One straw from the whole Dress Goods price-sheaf.

Black Surah at 50 and 60 cents a yard, and Black Stain Sol-el, a wearable dress-silk, at \$1, are the Silks bargains of the hour.

We need to say that subrosa, else the bargain Indians might be provoked—they are cheap at 75 cents and \$1.

But it is the elegance, the completeness, the general excellence and superiority of the Silk stock of which we boast. You know it, as your purchases show. Ere long we shall have even greater cause for boasting—and you for buying.

Don't forget what we have told you before—the Museum for Gingham is here—more than a thousand styles. The best of Scotland and New England—the cheapest in Philadelphia.

In almost every case Baby Coach prices are less than last year, and far better qualities at that. All of the higher grades are very much less in price. A remarkably good Carriage for \$6; satin lined and some gew-gaws, \$9; ribbed, cushioned, and paroled, \$11.25; special, shell body, and all the needed agencies, \$20. As much better as you care to pay for. All the sorts (maybe fifty of them) are were you can glance them over in five minutes.

Not a bit too soon to think of the summer Bed Clothing. Summer Blankets, like a film of wool, warm without weight. Single, \$3.50; double, \$5 and \$6. Old-fashioned Dimity Spreads, 66c to \$1.20. Our most popular Summer Spreads last season was the "Pique." Same weight as Dimity, but prettier. Four neat black patterns, double bed size, \$1.

Colored Cheese-cloth Comfortables, to mellow the mattress with or take edge from chill air. \$2 each.

The best \$3 Shoe for men is the "Wanamaker Wearwell." They're made of tanned calf seamless vamp, genuine Dongola kid top, solid leather insole and half double sole, solid leather counter. Put together to stay. Perfectly smooth in sole, no tacks or nails or thread to harrow up your sole. As easy on the inside as a hand-sewed shoe. Every pair warranted. Four styles: Laced, capped toe; Laced, plain toe; Congress, plain toe; Button, plain toe. Sent anywhere for \$3. Send your number and width.

LOCAL DEPARTMENT.

By order of the City Council the owners of real estate along Broad street will lay pavements in front of their property within the next thirty days.

The registration officers for this county will sit at their respective places on May 13th, for the purpose of registering applicants who are legally qualified to collect the annual stipend which they are entitled to as Justices of the Peace.

The Rev. Wm. A. White so well known to Salisbury people, recently left his home in Montgomery county, Pa., last month.

Messrs. Wm. H. Jackson and Milton A. Parsons are perhaps the largest melon growers in this county. Mr. Jackson has planted this year about 50,000 hills, and Mr. Parsons will cultivate on his farm 18,000.

The ladies of St. Philip's Church, Quantico, are preparing for St. Philip's festival to be given on the evening of May 1st, on the lawn of Thos. J. Turpin. A basket supper will be served for 25 cents.

Mr. John S. Graham, secretary of Spring Grove Insane Asylum, was in Salisbury last Tuesday and Wednesday to collect the annual stipend which they are entitled to as Justices of the Peace.

Judge Irving met Judge Holland in Salisbury last Saturday and rendered a decision in the case of the late Mrs. Curran was sentenced to three months in the Maryland House of Correction, from date of entrance. Sheriff White left Salisbury with him Wednesday on the Steamer Pratt.

The machinery for the Peninsula Basket and Crate Co. factory arrived Thursday, and will be placed in position at once. Mr. F. W. Taylor, general manager, hopes to put it in operation the latter part of next week, or early in the week following. Already the company has received orders for its wares.

The Easter sermon in the Presbyterian Church last Sabbath morning was preached by Rev. W. W. Taylor, of Wilmington, Del. This reverend gentleman is seventy-eight years of age, has been preaching the gospel for more than half a century, yet reads without glasses and preaches with great vigor. The congregation was delighted with his sermons.

Lacy Thoroughgood was among the Salisbury merchants who observed Easter. Last Saturday crowds of spectators stopped in front of his show windows to look at a number of grotesquely painted eggs, and a brood of young chickens which had been liberally dipped in the different shades of the diamond eyes until they represented the colors of the rainbow.

The seines, weirs and other devices by which shad and herring are caught in the Wisconsin and Nanticoke rivers, have received the repairs which the storm of two weeks ago made necessary, and our market is well supplied with fish, especially herring which are selling at a very low price, and are in greater demand than the fall season. The prices for their catch.

During the hours when the postoffice is closed, Sundays as well as week-days, stamps, postal cards and stamped envelopes may be procured at Dr. Humphreys' drug store at regular postoffice prices. This is a convenience not heretofore afforded, we believe, and the public will undoubtedly appreciate it. Many of us have often felt the necessity for such an arrangement.

Two bakeries in our town should keep the people of Salisbury from suffering for bread. The last one established has just been started by Mr. Robt. T. Wrighton in the Iron Clad building on Court House green. Mr. Wrighton has had considerable experience in the business, and no doubt the loaves which issue from the oven of the Iron Clad will be loathsome and nutritious.

The Choptank Steamboat Co. has, it is reported, made arrangements to place a steamer on the Nanticoke river, to run from Seaford, Del., to Baltimore. The boat selected is the Concho, a strong and swift propeller, with considerable carrying capacity. The farmers and business men along the Nanticoke will regard this new enterprise with much favor, and there is reasonable hope that the company will be well repaid for their efforts.

Sheriff I. H. White and Capt. John W. Wingate left this county Wednesday on the steamer Pratt for Baltimore, where they will open a sale and exchange stable on Fairmount Avenue. They took with them about a dozen horses, among them the little pacing pony which formerly belonged to George R. Collier, Esq., but which is now the property of Mr. John B. Rider. Mr. Wm. Bennett, who has driven one of the delivery wagons of L. G. Gillis & Sons for several years, left with Messrs. White and Wingate and will serve them as an employe. Sheriff White will return to Salisbury this week, his official duties requiring his presence in this county.

CONCORDANCE.

Items Gathered from the Various Sections of the County.

DELMAR, April 25, 1889.—One of the most interesting marriages that has occurred in Delmar for a long time took place on Wednesday morning. The contracting parties were Mr. Joseph W. Hastings and Miss Cornelia A. Parker. The ceremony was performed by Rev. C. S. Baker, at the residence of the bride's mother, Mrs. Wm. Gordy, at 839 Odoek. Miss Levisia E. Fleetwood acted as bride's maid and Mr. Chas. W. Elliott as groom's man. Among those present were Alexander W. Parker and wife, John N. Brown and wife, Wm. L. Strman and wife, J. M. Elliott, J. W. Melton and wife, Mrs. J. W. Downing, Mrs. J. L. Ellis, and a few others. The bridal party took the mail train, amid showers of rice, at 9:05 a. m. for a trip to Philadelphia and points north.

CARDS have been issued to a large circle of friends inviting them to a reception to be given at the home of the groom next Tuesday afternoon at five o'clock, when the party will return to Delmar.

QUANTICO, April 24, 1889.—If you will allow me a space in the columns of your valuable paper, I will give you a short sketch of the happenings and events of our little town.

There has not been very important news since our citizens were alarmed by the cry of fire and Mr. Tainter's house was consumed.

Business is rather quiet in town through the week, as the farmers are very busy preparing the soil for their various crops, and do not get out to town until Saturday afternoon, when they turn out in pretty good numbers, which of course the merchants there do not object to in the least.

There have been and are now several visitors in town. Miss Emma Blades, of Pocomoke City, is the guest of Mr. and Mrs. T. B. Moore; Miss Mame Horsey, of Laurel, Del., is the guest of Mrs. V. F. Collier; Miss Capriola White, of Tyasbin, Md., is the guest of Mr. and Mrs. T. B. Moore. Other ladies spent Easter Sunday and Monday in town.

Services were held Easter Sunday in all the churches, which were very prettily decorated with flowers.

The young folks of town and vicinity, numbering about one dozen couples, were invited and spent a very pleasant evening at the residence of Mr. and Mrs. T. B. Moore. Music, vocal and instrumental, and games of different kinds was the order of the evening until about 10 o'clock, when the company was invited to the dining room, where the long extension table was just groaning under their burden of all the good things you could think of, and after partaking of the refreshments, the music was continued until about 11 o'clock, when the company was dismissed.

The members of the Women's Auxiliary of St. Philip's Church intend holding a basket meeting on St. Philip's Day, May 1st. All are cordially invited to attend.

Mr. James M. Jones is adding to the appearance of his residence by building a porch in front.

SHARPTOWN, April 25, 1889.—John Robinson, of the firm of John Robinson & Bro., had his fore finger sawed by a circular saw, last week.

Horace C. Hester, at the marine railway had his hand crushed on Monday morning.

Schooner Bay Queen left here Monday for Baltimore, with a cargo of berry crates and baskets, from John Robinson & Bro., consigned to their agent, C. N. Robinson & Bro. She had on board one hundred and sixty-five thousand baskets and fourteen hundred crates.

Special arrangements were made for Easter services in the M. E. church on Sunday last. Lectures were delivered by C. J. Gravener, Alphon Windsor and Fred J. Phillips.

Books were received last week for the school library. They were selected by Mr. Barrett, principal, assisted by Mr. Perry, the school examiner, and Levin T. Cooper of this town.

The people along the Nanticoke are now hopeful of a steambank line to Baltimore. Last week, E. S. Johnson, president of the Choptank Co., made a trip along the line and put up advertisements to the effect that the steambank company would start on the line on May 11th, under the management of that company.

About the same time T. Howard Dahl, Ch. Hester, C. H. Hester, and the Nanticoke Co., waited on the patrons and solicited stock to purchase the steamer Chowan, John Robinson & Bro., and S. J. Cooper of this town took stock.

Notice has been received from the president that the boat has been purchased and will be put on the line about May 1st. The arrangements indicate competition, by which the patrons will likely have schedule time and low rates. This line is a good one and has rapidly developed, but the people have not been given as good service as they ought to have had, consequently the best results have not been obtained. The route needs a boat that can leave Baltimore after business hours at night and be in Seaford the next morning in time for the early north bound train and to leave Seaford after the arrival of the south bound train in the afternoon and be in Baltimore early next morning. With a good compass, the passenger and freight boat such a line can establish a lucrative trade, but this is done successively.

Barber News. Messrs. Trolley & Hearn, barbers on Main street, have recently added a very pretty ornament to the number in their shop. It consists of an elegant mirror of French plate set in a finely carved frame. The object of his beneficence is a memorial to Father Makemie, who established the first Presbyterian church in this country in Worcester county, Maryland.

Lady Kortright, who gave \$40,000 to the Presbyterian Hospital of Philadelphia as a memorial to her father, John Richardson, has sent a check for \$5,000 to ex-Congressman George W. Covington of Snow Hill, Md., for the purpose of completing the Memorial Memorial Church. Miss Richardson married Sir Charles E. Kortright, who is British Consul at Philadelphia, but who is now dead. Lady Kortright is now on a visit to Philadelphia. The church which is the object of her beneficence is a memorial to Father Makemie, who established the first Presbyterian church in this country in Worcester county, Maryland.

Shakespeare Club. The club was very pleasantly entertained last Monday evening at the residence of Mr. E. L. Wallis. The fourth and fifth acts of Henry IV. were read. Mrs. Thomas Humphreys played a waltz, "Lillian." Mrs. Belle Fowler sang very prettily "The Last Night." Other music was furnished by members of the club. A motion was carried to give an entertainment at the close of the season. The club will meet next Monday evening at the residence of Mrs. Belle Jones.

Orphan's Court. At the regular meeting Tuesday administration accounts of Elijah R. Shockley, Noah Williams, Thos. W. Oliphant, Geo. H. Wilson and Ida E. McLane, were allowed.

Account of sales of Virginia Kelly ordered recorded.

Inventories of George Waller and Joseph S. Davis allowed.

Deeds of Mrs. Thos. W. Oliphant, and separate debts of George H. Wilson and Ida E. McLane, allowed; distribution of Thos. Oliphant made.

Alex. F. Owens was granted letters of administration on estate of Peter Owens. Adjudged till May 14th.

EASTER OBSERVANCE.

Appropriate Sermons and Sweet Music at the Churches.

Last Sunday was a beautiful spring day and the people of Salisbury and the county availed themselves of the fine weather to attend the various churches, all of which observed Easter with appropriate services and select music. In Salisbury all the churches were crowded at both the morning and evening services. The church altars were beautifully decorated with potted plants, and flowers. The floral decorations of St. Peter's and Asbury M. E. churches, were particularly artistic. Mr. Wm. H. Hillerman, the florist, superintended the decorations at the M. E. church, and no trouble and expense were spared to make the effect good. The ladies of the Guild directed the work of ornamenting St. Peter's church, and their excellent taste was displayed in the result attained. A number of majestic Easter lilies were among the flowers that adorned the chancel, and these stately plants suffused the church with their rich fragrance as the soft vernal breezes waved their lofty blooms in a gentle sway backward and forward to attend the various churches.

At the M. E. church, the pastor, Mr. Wm. H. Hillerman, presided, and the services were very impressive. The choir, consisting of the following services: Holy Communion at 7 a. m. and 8 a. m.; Morning Prayer at 10 a. m.; Holy Communion with sermon on Christ's Resurrection at 11 a. m.; Children's Services at 3 p. m.; and Evening Prayer with sermon at 7:30 p. m. The music was excellent, being performed by the regular choir, assisted by Messrs. W. L. Brewington and Arthur Kennerly on the organ; Miss Nannie Fulton, organist.

Large congregations gathered at Asbury M. E. church at both the morning and evening services. The pastor, Rev. Mr. Martindale, presided at the morning service, and the services were very impressive. The choir, consisting of the following services: Holy Communion at 7 a. m. and 8 a. m.; Morning Prayer at 10 a. m.; Holy Communion with sermon on Christ's Resurrection at 11 a. m.; Children's Services at 3 p. m.; and Evening Prayer with sermon at 7:30 p. m.
