Dress Goods. Did you ever think how fearfully easy it is to let a great Dress Goods stock get loaded down with old patterns and side-tracked styles?

If there's any let-up in the vigilance of the manager; if he fails to be on his feet to see that his nerve weakens there can be but one result—failure more or less pronounced.

But if there is real mastery of the situation success seems to come as easily as a Summer cloud drops rain.

No laggards can stay in such a stock. If a pattern hesitates under the price goes and it will jump.

Wander at will among those wide circles of Dress Goods. Every new style you've heard of, scores and scores of new and newer styles that haven't yet had a work.

Not an old pattern, not a last year's sort in sight. And prices are 25 to 50 per cent under our normal rates for such goods.

This random half dozen or so of styles touches only a part of the price scale, but it shows dimes and dollars saved on yards you'd never expect to see so little price.

At 50c the yard. All-wool De Beige. A standard make of quiet dressing. Merit in every yard. No better stuff for traveling costumes. Won't muss, won't stay crushed. Sheds dirt with a shake. Soft and drapes gracefully. 6 mixtures. We never knew 6 mixtures at less than 75c.

At 50c the yard. 50 inch Valkyrie Suiting. For stylish wear or knocking. 7 mixtures. 8 yards \$2.50 amply for a dress.

At 50c the yard. Novelty Cheviots. Four-styles—23 colors. Irregular mottled stripes and checks in the newest Spring tints. Combined to produce interesting new effects. Light blue, green, tan and almost every pretty color is represented. Not gay, but rich in tone. 30 inches wide.

At 50c the yard. Stripes. Cover. Cloth. Not the streakiness of imperfection, but dashes of prettily colored yarns scattered on the cover, weaves so few produce a peculiarly bright and cheerful effect. 9 styles, all safe colors. 46 inches.

At 50c the yard. Silk-wool Tailor Mixtures. One of the latest covers. Ground zig-zag combination of silk and wool in two tones with scattered bubbles of silk. Mixtures are few but choice. Quality and beauty of these goods would ordinarily make them quick at \$2.

At 50c the yard. 55 inch Oxford Mixed. Worsted for ladies' tailor-made suits. Army blue and black, blue and black. One of the newest and best of American products. Never before less than \$2.50.

At 50c the yard. Striped Flannel, 5c. Careful shoppers almost doubt their eyes. These flannels would ordinarily be 10c the yard here; they're as good as are sold in some other stores at 1 1/2c.

In the cases just being opened are many of the neat gray effects that so many women are asking for.

10 yards (50c) ample for an ordinary dress pattern.

Women's Coats. Simply having say two hundred distinct styles of Women's Coats doesn't signify—blundering bigness could compass that any day.

The marvel of it is that in all this great collection there are no old things, no mistakes limping up to roll-call and never getting any further.

A groaner on a line of battle would be just as welcome as a behind hand style in that Coat and Wrap stock. Neither would be tolerated. There is inspiration for salespeople and for customers in such sparkling newness and such magnitude—two hundred sorts.

Among the favorites are: The Roeberry Coat. The Gateway Coat. The Kilmory Coat (front) Coat. The Prince Albert Coat. The Foxhall Coat. The Tuxedo Coat. The Marston Reeler. The Charles Reeler.

Cape styles now count beyond five hundred—Cloth, Silk, Moire, Lace, Chifon, singly or combined.

Bicycles at \$70. The jump ahead in Bicycles is like the jump ahead in electrical science. High water mark of last year is away down on the scale this year. No bicyclist now wants an 1892 Safety; an 1893 pattern is only better in degree. No wonder dealers shout and pound the price down to get rid of back-number Wheels. What each rider wants is very excellent that 1894 can show in a Machine.

Our Continental Bicycles are 1894 models; they have every 1894 goodness; they are first-class, high grade Wheels in every respect—except prices.

Standard Fiction, 5c.

Lounging days by the waves or woods are not far off, but the chance to get Standard Works of fiction at five cents the volume is likely to be a memory long before that. Nearly one hundred titles in this very, very special lot.

More than three thousand titles Sheet Music at 5c piece.

April Book News is ready with a plate-paper portrait of Dr. C. C. Abbott, a writer who has invested archaeological research with the fascination of romance, and who as a naturalist takes his readers nearer and nearer to nature's heart with every volume he publishes.

All the usual features of Book News are at their best—including the price list of new books that touchstone for values that has done so much to save money for the pockets of book buyers.

Book News is 5c, 50c a year. JOHN WANAMAKER.

FISHING FOR FLYING FISH. An Interesting Operation Which Requires Gentleness and Absolute Silence.

But the best time to go is in the northeast trades, one of the favorite times of the flying fish. Its steep shore lines afford the blue depths which the fisherman seeks so common on the very near to land. Thus the fisherman rarely goes more than 10 or 12 miles from home.

When this industry was first carried to the United States, it was brought over from Pottsville on some government contracting business. He was all ears and eagerness. His name was Remond and he was a Frenchman.

"I don't know," said the fisherman, "but I don't know what it is. I don't know what it is. I don't know what it is."

"I don't know," said the fisherman, "but I don't know what it is. I don't know what it is. I don't know what it is."

THE TRAINED SEALS.

There are two totally distinct types in Japan, which may be said to be each other's opposites. The first, which the Japanese themselves call the Chinese, or Coran, is the more common.

These belonging to the white race, flat noses, full cheeks, rather thick lips—very pretty once often—and very good white teeth. Those belonging to the second, or true Japanese type, have large eyes, with not very strongly marked eyebrows; teeth mostly good, always very white, but often long and irregular.

Strange to say, the moral character of the sections of the community differs from the best attention given to everything left to my care. Good grooming always in the stable. Travelers conveyed to any part of the Peninsula.

Stylish Teams for Hire. Bos meets all trains and boats. Constantly on hand for sale, FINE Roadsters, Draught and Farm Horses.

Have at present a splendid lot of FINE MARES suitable for general purpose service. Give me a call, address Jas. E. Lowe, Palace Stable, - Dock St., SALISBURY, MD.

Having erected New Saw and Planing Mills in Salisbury. I am prepared to furnish Building Materials of the following kinds: Flooring, Shingles, Framing, Doors, Sash, Ceiling, Siding, Laths, Blinds.

N. C. Heart Lumber always on hand. All orders promptly filled. Address or call on E. S. Adkins, SALISBURY, MD.

5 DOLLARS PER DAY TO 20 Easily Made. We want many men, women, boys and girls to work for a few hours daily, right in and around their own homes.

WANTED. Sixty tons of Prime Timothy Hay, baled and delivered at Tolchester what on short notice. W. P. CROSBY, Fairlee, Md.

Biggest Scheme on earth. Waited, live hunting salesman, who know a good thing when they see it and have brains enough to push it. For particulars, address W. H. HARK, No. 210 Market Street, Philadelphia.

ST. JACOBS OIL CURES RHEUMATISM PERMANENTLY. T. H. MITCHELL, CONTRACTOR & BUILDER, SALISBURY.

Reason you should call on T. H. Mitchell Before Contracting for Your House: First—He will be sure to help you carry out your plans.

Second—He will be sure to save you money and worry. Third—He has experienced and it will be turned to your advantage.

Fourth—He can buy material cheaper than you can. Fifth—He has experienced mechanics always employed to do work in the shortest possible time to give a good substantial job.

Sixth—He will cheerfully make estimates whether he builds you a house or not.

THE REINCARNATION THEORY.

A Beautiful Explanation That Was Painful In Its Final Application.

Landlady Miller is always looking for a good thing and always recognizes it when he sees it. This he found in a Washington paper, and the local application makes it all the more interesting.

If there is a good thing in the world, it is a two to one shot that its trade will be in the back parlor of John Chamberlain's. Dr. Edward Beddome came over from the States one night and sat there entertaining a choice group of friends with tales of the far east.

The best lawyer that ever lived, the northeast trades, one of the favorite times of the flying fish. Its steep shore lines afford the blue depths which the fisherman seeks so common on the very near to land.

When this industry was first carried to the United States, it was brought over from Pottsville on some government contracting business. He was all ears and eagerness. His name was Remond and he was a Frenchman.

"I don't know," said the fisherman, "but I don't know what it is. I don't know what it is. I don't know what it is."

THE CROWN OF FAILURE.

When you have lived your life, when you have fought your last good fight and the day's work is finished, and the sun is setting, and the darkness and all the stars are in the sky.

It may not be so. If you but fight a fight, you may not win, but you will have fought a good fight, and you will have lived your life.

Far better so to die, still battling upward through the mists obscure, than to be lulled to sleep and pass away, with a clean conscience, and a heart that is full of life.

Landlady Miller is always looking for a good thing and always recognizes it when he sees it. This he found in a Washington paper, and the local application makes it all the more interesting.

ROLLA MOORE, Postmaster.

SATURDAY, APRIL 14, 1894.

MARYLAND APPOINTMENTS.

President Cleveland sent to Senate Thursday the following appointments for Maryland:

Collector of the Port Balto.—Hon. Frank T. Shaw.

Naval Officer—Congressman Barnes Compton.

Surveyor of Customs—C. Ridgely Goodwin.

Assistant Treasurer—Ormond Hammond.

Postmaster of Balto.—S. Davis Warfield.

District Attorney—William L. Marbury.

The Enterprise of Pocomoke made its appearance last Saturday with Eugene D. Tingle as editor. The paper is mechanically well executed.

In his satulatory the editor outlined the policy that will be pursued. Mr. Tingle, the Editor, is a man of decided ability as a writer and will no doubt furnish Worcester county with a first class paper. We welcome him into the brotherhood.

Senator David B. Hill of New York delivered a speech in the United States Senate last Tuesday on the tariff bill, now before that body. In it he took occasion to attack the administration of President Cleveland, especially his Hawaiian policy. Incidentally he discussed the tariff, making an onslaught upon the Wilson Bill, not in its original form, but as amended by the Senate committee, which insisted upon taxing sugar, coal and iron ore. Senator Hill considered the bill as amended too radical in its reductions and as a "democrat" he thought the bill should conform more to the McKinley law, which he attacked so vigorously for the purpose of securing his election.

In consideration of valuable services rendered the republican party in making this attack upon his party and the administration of President Cleveland, the New York legislature, which is republican, tendered Senator Hill a vote of thanks. The democrats, Mr. Hill's friends, fought the resolution with all their might, but to no purpose, the republicans feeling as they did, that Mr. Hill had rendered them a service which their own leaders in the United States Senate could not do, determined to show their gratitude therefor.

The irony of the situation is rendered more pointed by the results of the Albany elections, which took place on the same day Mr. Cleveland's friends had controlled the primaries and made the party nominations. The Hill faction joined the republicans in making out a ticket to defeat the regularly nominated ticket.

The droilery of the situation is more apparent to the people, when we call to mind a similar resolution introduced by Senator Sloan, republican, of Allegheny county, thanking Senator Gorman, of this state, for similar services. The only difference in the result was that the Maryland Senate was democratic and therefore able to smother Senator Sloan's resolution in committee. This it did.

Senator Gorman and Mr. Hill have always boasted of their "regularity" in politics, one that "I am a democrat," the other that he always submits to his party's will. Who would have expected these two stalwarts so soon in open rebellion against their party platform, and their party administration and receive the thanks of their oldtime friends in their respective state legislatures, for valuable services rendered against the party that has honored them?

The situation is indeed droil from a party standpoint.

Joint Oyster Committee.

Crisfield, Md. April 11.—The steamer McLane, of the Maryland State fishery force, and the Chesapeake, of Virginia, arrived in Crisfield this afternoon with the legislative committees on board which are to investigate the capture of the vessels Maryland, Price and Stevan by the Virginia authorities. The McLane came from Salisbury, and the Chesapeake came from Old Point Comfort, they will go to the place where the vessels were captured Friday morning at 7 o'clock. Geo. Nelson, John Ashland, Walter Tall, Geo. T. Evans and Geo. Crockett will go on the McLane as witnesses. Woman's Marsh, the place where the boats are said to have been engaged to illegally dredging, it is claimed, is oyster bed largely to the enterprise of Crisfield oyster planters.

A few years ago this place was a bald bottom. Crockett & Riggins, Long & Coulbourne and the Corbins got a lease of the bottoms and planted about 7000 bushels of shells. On these shells it is claimed, the oysters grew which are now causing so much trouble between Maryland and Virginia.

Business Opportunities.

Thoroughly responsible man of large acquaintance, push and ability wanted to act as local representative for one of the large Old Line Insurance Companies. Special inducements. Address with references, R. P. O. Box 143, Baltimore, Md.

Resolutions of Respect.

The following preambles and resolutions were adopted at a stated meeting of the Maryland Council No. 8 O. U. A. M. of Delmar, Del., April 8, 1894.

Whereas, The Great and Supreme Council of the Universe has in his infinite wisdom removed from amongst us one of our worthy and esteemed brethren, Levin W. Downing, and

Resolved, That the wisdom and ability which he so graciously bestowed upon our organization by service contributed and counsel will be held in grateful remembrance.

Resolved, That the sudden removal of such a life from our midst leaves a vacancy and a shadow that will be deeply realized by all members and friends of this organization and will prove a serious loss to the community and public.

Resolved, That with deep sympathy with the bereaved relatives of the deceased, we express our hope that even a great loss to us all may be over-ruled for good by Him who doth all things well.

Resolved, That our charter be draped in mourning for 60 days in memory of our beloved brother.

Resolved, That a copy of these resolutions be sent to the bereaved family, and also to the SALISBURY ADVERTISER, Sussex Countain and Laurel Gazette for publication.

Resolutions of Respect.

WHEREAS, It has pleased the Supreme Ruler of the Universe in His all-wise Providence to remove from our midst one of our brother Knights, L. W. Downing, and

Resolved, By the Red Cross Lodge No. 17, C. O. F., Delmar, that although we bow with humble submission to the will of the Most High, we none the less mourn the loss of our brother who was so suddenly taken from us.

Resolved, That in the death of our brother our lodge has lost one of its most valuable and loyal members, the family a kind and loving husband and father, and the community a good citizen, one who by his upright life had won the respect of all who knew him.

Resolved, That the heart-felt sympathy of this lodge be extended to his family and relatives in this their great bereavement.

Resolved, That our charter be draped in mourning for sixty (60) days in memory of our beloved brother.

Resolved, That a copy of these resolutions be sent to the bereaved family, and also to the SALISBURY ADVERTISER, Sussex Countain and Laurel Gazette for publication.

Dress Crepes and Crepons. If you haven't followed the unfolding of the crinkly, crepe idea in Dress Stuffs you've no idea what wonderful-weaves have been evolved and how the dyer's art has lent beauties heretofore undreamed of in such goods.

There are straight crinkles, crooked crinkles, diagonal folds of delightful roughness, waffle patterns—clean cut, airy almost as it woven music; there are zig-zags, flashes, lumps and bumps and dots and dashes tangled in the merest films of substance.

And such color plays! Iridescent, sometimes—changeable as the soft light of an aurora, again like the steady glow of a sunset. A surprise at every turn, a new pleasure with every pattern.

Some of the Crepes are very modest priced. This little list is from among the blue-lists—All-wool, Silk-and-wool: At \$1.25 the yard. Crepe Brilliant, princely for street costumes. Dotted Mile Kaye Silk, 40 in.

At \$1.25 the yard. Iridescent Crepe, two color combinations—Silk and Wool, very light and ethereal, 40 in. At \$1.25 the yard. Waile-Crepe, all-wool, one of the newest, street and evening shades, 40 in., 24 color.

At \$1.25 the yard. Gaufrage Mohair Crepe, black, navy blue and cream. The Mohair is finished with a distinctive lustre and does not retain the dust. 46 in. At \$1.25 the yard. Silk and wool Crepon. Tiny, irregular silk stripes, woven by hand in a wool crepe ground. Colors for street or evening wear. 48 in., 10 colors.

At \$1.25 the yard. Figured Crepe, changeable colors, silk woven to form small figures on a crepe ground, 41, 6 colors. At \$1.50 the yard. Crepe de Chine, Silk and Wool-light weight and very brilliant in quiet tones. 52 in., 8 shades. At \$1.50 the yard. Check Crepe. Only a few days from the Custom House. Zig-zag knots of fine wool to produce a check effect. Colors for street or evening wear. 42 in., 10 colors.

Women's Costumes. Twenty new styles in Covert Cloth Dresses also—including the saucy Lady Moud and the dashing Row Cloven. And Covert Cloth is the stuff that is hardest to get of all the Dress fabrics this season. It's ever so with what everybody wants—always a procession of dealers winking up at the last minute and wondering how it is that any one can foresee what stuffs and shapes will be stylish.

What's true of Covert Cloth is likewise true of all the favorite fabrics—in Coats and Cloaks as in Dresses. Eight price guides from the Cape cohorts of more than 50 styles: At \$3 each. Caps of Ladies Cloth, three rows black and ribbon, double rows of full overcapes and collar also braided, colors navy blue, black, tan, Havana.

At \$3 each. The Arabian Cape, Wool Broad cloth, elegant trimmed with lace, black, blue, tan, Havana. Looks like the \$12 kind. At \$3 each. Caps of fine Wool Broadcloth, ruffled around neck, two overcapes embroidered in designs, navy blue, black and tan. At \$3 each. Caps of fine Tulle Cloth, wide deep bertha of three rows rib, finished with ribbon trimmings.

A MOST MYSTERIOUS VISION.

An Unhappy Dream in Which Major Andrew was Depicted. The following instance may serve to strikingly justify Colquhoun's theory that there is an original spiritual energy expressed in dreams which has nothing to do with the state of the body and is beyond the power of the soul when it has been reabsorbed by the material organization.

Prior to his embarkation for America at the outbreak of the Revolutionary war Major Andrew went to visit a friend, Captain Stewart, who lived in Derbyshire. During his stay it was arranged that they should ride over to view the wonders of the famous Peak.

They then carefully searched his person and bearing of the horseman made so deep an impression upon Mr. Cunningham that he was, not falling asleep, but in a dream, that he was one of a throng of spectators near a great city; that he saw the same person who had been seen in the wood about the Peak.

At a distinguished English scientist, Mr. William Kinnear, in a magazine article insists that the secret of perennial youth is to be found in the use of distilled water and phosphoric acid. He says that death, or disease that produces death, is caused by the deposit in the human system of calcareous or earthy matter, and that the drinking of distilled water, which is itself a great solvent, and the use also of from 10 to 15 drops of diluted phosphoric acid in each tumbler of water will remove such deposits and prolong human life to the very latest limit.

WATCH DISEASES.

SOMETHING LIKE THOSE OF THE HUMAN MECHANISM. A Jeweler Calls the Attention of a Watch Consumer, Rheumatism and Heart Failure and Explains the Analogy in Each Case.

"That's the twenty-third today," remarked a down town jeweler as he handed a watch having a broken spring for repair to a customer.

"How do you make that out?" inquired the customer. "Why, by the number of broken main springs," was the reply.

"There is a regular epidemic to which watches are subject, much as human beings are subject to cholera. It is produced under certain electric conditions of the atmosphere. The mainspring becomes magnetized and more brittle, and a slight shock will break it. Occasionally a watch with a strong magnet will have had the night before, when affected so that he could not shake off the recollection of it."

"He pointed out that the same sort of one of the greatest heroes of antiquity, Armenia, the Hermann of Tacitus, who stood like a bulwark against Roman invasions, and to whose leadership the ancient Germans owed the preservation of their nationality, their language and their freedom. He said that nature was given by the gods to those who alone had the capacity to confer it, and with their consent the nature would be altered, even in respect to a letter. The reformer I received so impressed me that I concluded if the name was good enough for my father it would be good enough for me."—Washington Post.

His Trip to Japan. The rector of one of the top town churches announced in Sunday school that all the boys who were faithful attendants at the classes for a specified time should be taken on a stereopticon trip to Japan.

Whirl Curiosity. Those who are fond of a "hand at what" will be interested in the following peculiar circumstance: One evening four friends were playing a rubber at a mutual friend's house not far from Baltimore. O. D. and B. E. were partners, and E. B. and C. H. were opponents.

SSS. CURES MALARIAL POISON. LIFE HAD NO CHANCE.

For three years I was troubled with malarial poison, which caused my appetite to fail and I was greatly reduced in health, and life lost all its charms. I tried numerous and costly remedies, but to no effect. I could get no relief. I then decided to try SSS. A few bottles of this wonderful medicine made a complete and permanent cure, and I now enjoy better health than ever.

Continental Bicycles.

The other name doesn't signify any longer. "Continental" is good enough. It has set some price-bricks tumbling. Why not? There's neither rhyme nor reason in paying \$125 or more for a first-class Bicycle. We are glad to sell them like this.

POLITICS VS. RAILROAD.

Our republican friends, it is said, are making the extending of the Belt Railroad an issue in the municipal election...

The ticket consisting of Mr. Humphreys for mayor, Messrs. Jackson, Smyth and Coulbourne, for the city council...

At Wednesday's session the New Castle Presbytery the Revs. E. W. Long and J. D. Blake and Elders E. G. Polk and C. L. Blair were elected delegates...

The city council has no power to prevent the running of the road. It does however have remedies; one of these is that the city shall have damages if it can prove that it is entitled therefor...

The city council has no power to prevent this road from crossing one of the streets of the city, than would the county commissioners from preventing a railroad from crossing a public road.

That Salisbury is attracting the attention of people in other parts of the country is clearly shown in the fact that prospective purchasers of our building lots are often in the town investigating for themselves...

One gentleman of the town has received two letters of inquiry within the last three weeks, each from individuals in the city who possess ready cash with which they wish to start a business in a live wide awake town.

A gentleman remarked this week that Salisbury was the only town of consequence in the United States that had not suffered from the recent financial depression. The statement is true. Our factories have run week after week and often on extra time, the whole winter through.

The House of Representatives is, indeed, getting quite business-like. Last Tuesday it adopted a rule authorizing the speaker to appoint all members presenting themselves to call roll or not, who are in attendance thus preventing the quorum breaking business that the republicans have been indulging in for the purpose of blocking legislation.

The success of Chamberlain's Cough Remedy in effecting a speedy cure of colds, croup and whooping cough has brought it into great demand. Messrs. Pontine & Son, of Cameron, Ohio, say that it has gained a reputation second to none in that vicinity.

The Court decided at Princess Anne last week that Hon. Thos. S. Hodson, whose name had remained on the registration books at Crisfield, after he went to Baltimore to reside, was not a resident of Somerset county and not entitled to vote there and the Clerk of the Court was ordered to strike his name from the register of voters.

A World-Famous Institution.

Dr. Ray Vaughn Pierce, famous among the benefactors of the age, established himself in Buffalo in 1867, and having acquired a reputation in the treatment of chronic diseases far exceeding his individual ability to conduct, he several years ago induced several medical gentlemen of high professional standing to associate themselves with him as the faculty of the World's Dispensary, the consulting department of which has since been merged into the Invalids' Hotel and Surgical Institute.

The two buildings owned by the World's Dispensary Medical Association have frontages on main and Washington streets and are connected. The Invalid Hotel and Surgical Institute occupies a five story brick building, 175x150 feet, and is not to be classed with hospitals but is a PLEASANT MEDICAL HOME.

exclusively devoted to the treatment of chronic diseases, having a staff of four teen physicians and surgeons with skilled nurses in attendance. The World's Dispensary occupies the immense six-story building, 175x150 feet at 600 to 670 Washington street, is used for the manufacture of Dr. Pierce's standard family medicines. Dr. Pierce's Golden Medical Discovery, Dr. Pierce's Favorite Prescription, Dr. Pierce's Pleasant Pellets and Dr. Pierce's Compound Extract of Smart-Weed, also Dr. Sage's Catarrh Remedy.

The effects of nervousness are varied and amusing. One young huge soprano was presented just this time from London on the platform in a huge pair of fur lined overalls, which were put on above her slippers, and which contrasted comically with her dainty gown.

At Wednesday's session the New Castle Presbytery the Revs. E. W. Long and J. D. Blake and Elders E. G. Polk and C. L. Blair were elected delegates to the General assembly which meets in Saratoga, N. Y., next month.

THE FIRST IRISH POTATERS.

When an Elephant is Cured. When we present the elephant in possession of such intellectual gifts as may be his, there has to be considered the case of the elephant that being "muzzled" - a disease akin to frenzy - for a time bereft of his sense. It is only the male that suffers from this affliction of insanity, but every male is liable to it some time during his life.

Some men of long experience of elephant keeping say that for example, for a commercial elephant that, during my time in Oahu, broke away from the Lockline lines and went over a considerable distance to the mountains, in the company of a number of other elephants under their own immediate supervision.

Some elephants become demonaic, but the elephant that, during my time in Oahu, broke away from the Lockline lines and went over a considerable distance to the mountains, in the company of a number of other elephants under their own immediate supervision.

WOMEN'S & CHILDREN'S OVERGARMENTS.

We show a wonderfully comprehensive stock of JACKETS, CAPES, and PRINCE ALBERT COATS especially adapted for immediate wear.

Prices are Exceptionally Low by reason of our great manufacturing facilities and the unusual advantages we possess for securing desirable lots of cloth at the lowest market prices.

This season the stock exceeds anything heretofore shown, both in extent of assortment and in moderation of prices. As we manufacture the garments in our own work rooms we are enabled to insure the best and most careful workmanship, at a saving to our patrons of at least 25 per cent. on prevailing prices.

We have just issued a handsomely Illustrated Catalogue of Women's and Children's Coats and Wraps, which we will mail to any address, upon request.

Salisbury Advertiser.

ISSUED EVERY SATURDAY MORNING.

Thos. Ferry, Publisher.

33 Complete Novels.

Neatly bound and a year's subscription to a large 16-page illustrated monthly magazine for only 30 cents.

Most liberal offer as Household Topics magazine referred to, is a high-class paper, replete with stories of love-adventure travel and short and interesting sketches of fact and fancy.

In the list of 33 novels are such treasures as "A Brave Cowboy," by Robert Louis Stevenson; "A Blacksmith's Daughter," by Edna W. Pierce; "Nittida," a most pleasing story by M. T. Callard; "A Gilded Sin" and "Between two Sins," by the author of "Dora Thorne"; "The Truth of It," by the popular writer, Hugh Conway; and the "Moorehouse Tragedy," rather sensational, by Mrs. Jane C. Austin; "A Heroine," a delightful story by Mrs. Rebecca H. Davis; "Wall Flowers," by the popular Marion Harland; and the great story, "Gully or Not Gully," by Amanda Douglas. Space forbids mentioning the other novels; but they are all the same high grade, popular, bright, romantic spirit, interesting stories.

The 35 novels and the current issue of Household Topics will be sent you the day your order is received. This will supply you with a season's reading for a mere song; and will be appreciated by all in the household. Send at once 30 cents to Household Topics Pub. Co., P. O. Box 1159, New York City, N. Y.

Valuable Presents Free.

We wish to introduce our System Pills into every home. We know that we manufacture the very best remedy on earth for the cure of constipation.

Billions of sick headache, kidney trouble, torpid liver, etc., and that when you have tried these pills you will gladly recommend them to others, or take an agency, and in this way we shall have a large, well-paying demand created.

As a special inducement for every reader of this paper to try these pills, take an agency at once, we will give to each person who sends twenty-five cents in cash, or thirty cents in stamps, for a box of System Pills, one of the following presents: A handsome gold watch, a second silver watch, a valuable town lot, a genuine diamond ring, a case of silver ware or a genuine \$5.00 gold piece. Every purchaser gets one of the above presents. There are no exceptions. Shaw Remedy Co., Rutherford, N. J.

Herds—Do you believe in the faith cure? Said—Yes, one treatment cured all the faith I had.

Mothers.

"One good mother is worth a hundred schoolmasters," said George Herbert, and what their mothers make them. But if the mothers are peevish and irritable, through irregularities, "female weakness," and kindred ailments, they find no pleasure, no beauty in the care of their babes. All lessen the pains and perils of childhood, shorten labor and promote the secretion of an abundance of nourishment for the child.

"That air is very familiar," said the musician as a gust of wind took his hat away.

The Spring Medicine.

"All run down" from weakening effects of warm weather, you need a good tonic and blood purifier in Hood's Sarsaparilla. Do not put off taking it. Name your little ailments, if neglected, will soon break up the system. Take Hood's Sarsaparilla now, to expell disease and give you strength and appetite.

Hood's Pills are the best family cathartic and liver medicine. Harmless, reliable, sure.

All the world's a stage and all the numerous doctors merely others—both ways.

SATURDAY, APRIL 28, 1898.

Our municipal election will take place next Tuesday. There are three tickets in the field, the citizens ticket composed of democrats, the republican ticket and the prohibition ticket.
The ticket nominated at the citizen's meeting called by the mayor, in accordance with the usual custom, would not in all probability have been looked upon as a party ticket, if the republicans had not nominated a regular party ticket in opposition to it. Since this has been done, there is no disguising the fact that the issue will be fought upon party lines and the first ticket nominated will be considered the democratic ticket.
We all know now exactly how the matter stands, republicans vs. democrats. Let democrats get in line and elect the ticket. There are enough in the corporation limits to do it. Let us not have it said that Salisbury has strayed from the faith.

—One is forcibly impressed with the progress being made in our agricultural industry, on taking a ride from Salisbury to Quantico. In the first place, many of the old dilapidated fences have been removed and many of the farms are now under the line of the road. One no longer sees ten foot hedges between the farms in cultivation and the roads.
Another forward step is noticed in the general effort of farmers to grow their own provender and avoid this buying of hay. Some are doing this by means of clover and other crops.
Nothing will impress one more with the fact that they are waking to the necessity of making farming an intellectual occupation than the fact that so many have, since the late freeze that killed peaches, turned their attention to melons. It shows that people are thinking.
Mr. Collier who has lately purchased the Perry Anderson property is making many improvements in it. The buildings have just received a new coat of paint and the farm a dressing of fertilizer. It has an air of prosperity.
Tomatoes is the topic at Quantico. Everybody who grows anything grows tomatoes, and when the crop comes off everybody works in the canneries.
This is the canning center of the county. The Messrs. Jones have contracted for two hundred acres, and about this season principally at Hebron, his intention being to can tomatoes there and berries at Quantico.

HILL NO LONGER A DEMOCRAT.
There is a proposition on foot among the Democratic Senators at Washington to hold a caucus and adopt a resolution reading Senator Hill out of the party. It is held by most of the radical party reformers that by his recent speech, Mr. Hill places himself outside the party. The assumption from this speech is that he will not vote for the tariff bill, and the purpose is as soon as it is settled that he will not vote for the measure to hold a caucus and declare that his position is un-Democratic, and that he cannot be recognized as a democratic member in the organization of the Senate, and cannot be permitted to participate in the party caucus.

Mr. Gorman's Manifesto.
Washington, April 25.—Senator Gorman issued his manifesto directed to the Democratic Senators, but intended for the public at large, just in time to "get in out of the wet," and assume the attitude of a much injured man.
A gentleman said this morning: After Mr. Gorman found out that he must vote for the tariff bill, he read out the party, he comes out in a letter to the tone of which says plainly, "Don't you all see how mistaken you have been? Why I've been with you all the time, but you didn't know it."
Senator Gorman himself gave his letter to the press association last night a republican sanction, when told of the fact this morning by the News correspondent, said:
"The production was one of the most remarkable I ever read and was evidently aimed at the country at large, and not at the senators to whom it was particularly funny."

Senatorial Dillydallying.
Senator Mills declared in his speech of Tuesday that if the democrats in the Senate would unite they could pass the tariff bill in 48 hours.
They had this power when the tariff bill went to the Senate February 1st. They might and should have passed the measure without its populist rider inside of a month. Yet nearly three months have elapsed and nobody can yet guess when the end will be reached or what it will be.
Meanwhile the country has been crying for action and the consequences of delay have been growing worse. No wonder that every election has shown democratic losses and every sign points to democratic defeat unless the income tax is speedily killed and some sort of a bill passed that will settle the blighting tariff agitation.

NEW YORK'S CHURCHGOERS.

Two 900 Churches of All Creeds and Attendance of 900,000 Worshipers.
There are 84 Catholic churches in New York city for a Catholic population of 500,000. Of these churches 3 are of the Jesuit order, 2 Capuchin, 2 Franciscan, 1 Carmelite, 1 Pauline and 1 Dominican. There are 10 German Catholic churches, 2 Italian, 1 Bohemian, 1 French, 1 Hungarian, 1 French Canadian and 1 Polish. The Polish church is in Stanton street and is now the subject of litigation. It is the only Catholic church in the most densely populated ward of New York which contains 57,000 inhabitants in 111 acres of ground.
If, as the church authorities expect, this church is closed for religious uses, the Polish ward will be the only one in town of the 24 without a Catholic church.
The twenty-fourth ward has seven. There are 250,000 colored Catholics in the United States, and three of them who reside in New York, a small fraction of the whole number, have a church of their own in the jurisdiction of Dioceses and Downing streets. Since its establishment in 1888, 455 colored children have been baptized there, 104 adults have been confirmed, and 100 marriages solemnized have been performed. There are three orders of colored sisters in the United States—viz. one in Baltimore, one in New York, and one in New Orleans, established in 1842, and one in Savannah, established in 1888.
The total number of churches of all creeds and denominations in New York city is 600. Their seating capacity is 325,000, and their value is \$80,000,000. The assessed value of the marble cathedral, the most important of the Catholic churches in town is \$3,000,000. Trinity church is valued at \$4,000,000, the Jewish Temple at \$2,000,000, the Fifth Avenue and Forty-third street at \$4,000,000, and the Jewish Temple Beth El on Fifth Avenue and Seventy-sixth street is valued at \$400,000.

New York is very largely a city of churchgoers. The total attendance taken collectively on Saturday and Sunday at all forms of religious worship amounts to about 900,000 in a total population of 1,800,000, including the sick, the disabled, infants, octogenarians and persons in public institutions. There are more Methodists than Baptists in New York, more Presbyterians than Methodists and more Catholics than Presbyterians. The oldest Catholic church in New York, St. Peter's on Barclay street. Next oldest is St. Mary's at Grand and Ridge streets. There are 46 Jewish synagogues in New York city.—New York Sun.

"Save Our Party."
Washington, April 23.—President Cleveland has sent a letter to Chauncey F. Black, president of the National Association of Democratic Clubs, which is, in brief, as follows:
"Your association has done much by way of educating our people touching the particular subjects which are recognized as belonging to the Democratic faith. This suggests that every Democratic agency should labor unceasingly and earnestly to save our party, in this time of its power and prosperity, from the degradation and disgrace of a failure to redeem the pledges upon which our fellow-countrymen entrusted us with the control of our government.
All who are charged on behalf of the Democratic party with the redemption of these pledges should now be impressively reminded that, as we won our way to victory under the banner of tariff reform, so our assistance upon that principle is also one of our obligations to the people's trust, and that fealty to party organization demands the subordination of individual advantages and wishes and the putting aside of petty and ignominious jealousies and bickerings, when party principles and party integrity and party existence are at stake."
"I cheerfully inclose a contribution to your funds."

Safety in Flight.
William Jackson, the colored farm hand who murdered Mr. George J. Lea, a prominent farmer of Queen Anne's county, and tenant of the famous Round Top farm, about two miles from Chestertown, Kent county, and also shot his stepson, Nathan Crossley, on Wednesday night, is now in Baltimore City Jail, the murderer was brought from Centerville by Sheriff C. M. Bryan and Deputy Sheriff E. S. Baker. Robert and Charles W. Norris on the steamer Emma A. Ford, which reached her pier, on Light street wharf, at one o'clock on Friday afternoon. Jackson was bareheaded and barefooted, and was dressed in a suit of blue jeans, covered with a large blanket. When the news of the murder became known it created intense excitement throughout the county, and especially in the upper or Crumpton and Church Hill districts. There was scarcely less excitement in Centerville, and threats of lynching became pronounced and frequent. State's Attorney P. B. Hopper and Sheriff Bryan had a consultation, and it was decided to remove Jackson from the Centerville jail, which is not calculated for the safety of the prisoners. It was broken into and a man taken out and lynched several years ago. Accordingly, Jackson was spirited out of the Centerville jail on Thursday night, and kept locked up in a room in a hotel in Quantico until the arrival of the steamer.

To Be Nipped in the Bud.
Whatever may be said for or against tolerating the Coxy nuisance while kept within the bounds of harmless crank talk, there can be no opinion when it develops into an outbreak of lawlessness.
It then goes beyond the bounds of populist freakishness and becomes simply mischief, which is to be dealt with in the most prompt and summary manner.
The seizure of railway trains in the west is mob violence added to train robbery. This is a crime against law and order which cannot be tolerated with any safety and which both state and federal authorities should show is not to be committed with impunity.—New York Herald.

Mr. Smith and the Tax Office.
All the indications are that Comptroller Smith will decline to be transferred from his present office to that of the Tax Commissioners' office upon the resignation of Dr. Shaw. A strong protest against the change has gone up from every county on the Eastern Shore, and Mr. Smith will heed it and stay where he is. In case Mr. Smith refuses to make the change Colonel Buchanan Schley will probably be made Tax Commissioner, although State Senator Warren, of Somerset county, and State Senator E. Stanley Tadin, of Wisconsin, are both candidates for the place. Ex-Comptroller Thomas J. Keating, of Queen Anne's county, is also named as a possible successor to Dr. Shaw as Tax Commissioner.—Baltimore News.

SETS HIMSELF ON FIRE.

Some Past and Prospective Experiments of the Electrician Nikola Tesla.
Mr. T. C. Martin, editor of the Electrical Engineer, writing on the work of the Serbian-American electrician, Nikola Tesla, says:
Mr. Tesla has advanced the opinion and sustained it by brilliant experiments of starting beauty and grandeur that light and heat are produced by electrostatic forces acting between charged molecules or atoms. Perfecting a generator that would give him currents of several thousand alternations per second and investing his disruptive discharge coil, he has created electrostatic conditions that have already modified not a few of the accepted notions about electricity.
It has been supposed that ordinary currents of 1,000 or 2,000 volts potential would not be sufficient to produce a discharge in air. Tesla has shown that this is not a mere tautology of force, but illustrates the principle that while currents of lower frequency destroy life these are harmless. After such a striking test, which, by the way, no one has displayed a hurried inclination to repeat, Mr. Tesla's body and clothing have continued for some time to emit fine glimmers, or halos, of splintered light. In fact, an actual flame is produced by the frequency of electrostatically charged molecules, and the curious spectacle can be seen of pulsant, white, ethereal flames that do not consume anything and burn without the aid of an induction coil as though it were the tush on holy ground.
With such vibrations as can be maintained by induction of 1,000,000 volts, Mr. Tesla expects some day to envelop himself in a complete sheet of luminous fire that will leave him quite unharmed. Such currents, he says, would, he says, keep a mild man warm at the north pole, and their use in therapeutics is but one of the practical possibilities that has been taken up.—Century.

Friends All Surprised At the Wonderful Benefit From Hood's Sarsaparilla.
"Gentlemen:—Whenever I meet friends whom I have not seen for some time, the first thing they generally remark concerns my skin and healthy appearance. They ask what I have been doing. I have one answer for all: 'I have been taking Hood's Sarsaparilla.' I have been afflicted for thirty years with a dry, scaly eruption of the skin, affecting at times my entire body but mainly confined to my limbs and most especially to my legs from my knees down to my feet. The skin, which had been a solid mass of dry scales for years, broke out about a year ago into running sores. At one time I had as many as nine on one limb which were about the size of a silver cent piece. They caused me great inconvenience and suffering by their constant and intolerable itching. I was advised to take Hood's Sarsaparilla, and after taking it for a few weeks, the sores were all gone, and my skin is as smooth as any day of my life. I gained in weight from 120 to 150 pounds. I consider Hood's Sarsaparilla a Great Boon to All who suffer from skin and blood diseases. Accept my sincere and heartfelt thanks for the wonderful cure Hood's Sarsaparilla has brought me. R. M. THE PERRY PUBLISHER.

33 Complete Novels.

Neatly bound and a year's subscription to a large 16-page illustrated monthly magazine for only 30 cents.

This is a most liberal offer as Household Topics magazine is referred to as a high-class paper, replete with stories of love, adventure, travel and short and interesting sketches of fact and fancy.

In the list of 33 novels are such treasures as "A Brave Cowboy" by Robert Louis Stevenson; "A Blacksmith's Daughter," by Edith W. Pierce; "Ninety," a most pleasing story by M. T. Caldwell; "A Gilded Sin" and "Between Two Sins," by the author of "Dora Thorne"; "The Truth of It," by the popular writer, Hugh Conway; and the "Moorehouse Tragedy," rather sensational, by Mrs. Jane C. Austin; "A Heroine," a delightful story by Mrs. Rebecca H. Davis; "Wall Flowers" by the popular Marion Harland; and the great story "Gully or Not Gully," by Amanda Douglas. Space forbids mentioning the other novels; but they are all the same high grade, popular, bright, romantic, spicy, interesting stories.

The 33 novels and the current issue of Household Topics will be sent you the day your order is received. This will supply you with a season's reading for a mere song, and will be appreciated by all in the household. Send at once 30 cents to Household Topics Co., P.O. Box 1159, New York City, N. Y.

QUEENS OF HAWAII.

PLAYED PROMINENT PARTS IN THE ISLAND KINGDOM.

How Queen Kaahumanu Established "Woman's Rights"—Royal Proclamation. In One of Which a Dowager Wore Seventy-two Yards of Cashmere.

When the missionaries arrived at Hawaii, March 30, 1820, the condition of woman was that of a slave. She could not eat coconuts, bananas, oranges or fish, and one of the curious taboos, or interdictions, forbade her eating any kind of food with which she came in contact.

Queen Kaahumanu sent for the new king, Liholiho, who was engaged in a drunken orgie on the ocean in a canoe, and urged him to throw down the idols in the heathens, or temples, and to clothe the matter by issuing in public with a group of women who were feasting by themselves at a little distance from the royal abode. Staggering over to them, Liholiho, who was a very different character from his famous father, set down and publicly ate some of their food. The cry went up, "The tabu is broken."

The torch was applied to the idols, and woman's emancipation began. Queen Kaahumanu was a huge, heavy mated, and like all the chiefs she was proud and cruel. At first she treated the missionaries with disdain, offering only the tip of her little finger in salutation, but she became a zealous convert and remained so to the end of her life.

BRITISH VIEW OF THE KEARSARGE.

Why the War Her Combat With the Confederate Commerce Destroyer.

The old Kearsarge, which sank the Alabama, herself came to a violent end, wrecked in the Caribbean sea, and finally with the loss of but one life. It is 30 years since she fought her great fight off Cherbourg, so she has kept the seas a long time. She entered the harbor of Charleston on the retired list of the American navy, for she had claims on national gratitude only second to those of the Constitution.

Her fight with the Alabama was a duel conducted very much on the model of the personal contests in the age of chivalry. After a hot pursuit she had at last cornered the Confederate cruiser which had wrought so much ruin to American commerce, and it was well understood that pursuer or pursued must perish. She watched the mouth of Cherbourg harbor, which her enemy was under short notice to leave, and she was ready to pounce upon him as he came out. The fight was inevitable. The steamers in port came out to see it, and some of them carried excursion parties from Paris to the scene of the encounter.

Every eye was riveted upon the place where the two great ironclads were to meet. The Kearsarge was better prepared for defense as well as for attack than the Alabama, which was a college man but for certain parts by laying all his spare chain cables in folds over the sides. EXPERT IN EMBLEMS.

WISE IN THE MATTER OF FRATERNITY PINS AND BADGES.

A Bowsy Man Who Makes These Things a Feature of His Pawnbroker's Sale Shop and Finds Them the Most Fascinating Incident of His Business.

On the Bowery not far from Broome street is a pawnbroker's sale shop, the proprietor of which makes a specialty of dealing in college fraternity pins and badges. You may examine every other pawnshop and sale store on the Bowery and find not more than five or six such emblems in all of them, but in this shop, occupying the corner made in the show window, there is always a velvet-covered tray on which a dozen or more pins of different secret societies are displayed. The pins are getting to be known among college men, and people who have lost fraternity badges go there as the first step to finding them.
