CHIMES OF NORMANDY

Twice Rendered This Week by the Local Talent of Salisbury.

In reviewing the two amateur performances of light opera at Ulman's Opera House this week we must first of all congratulate our young people upon their choice of Robert Planquette's charming opera for the winter's study.

White the rendering given by our local talent showed that these requirements had been appreciated and met, it demonstrates ample ability on the part of these people to undertake yet more serious and important work.

EXPERIMENT STATION

Wicomico to Have an Experiment Station to Test Strawberries.

At the suggestion of the publisher of the ADVANTAGE a petition was circulated last September among the representative citizens of this county making the Maryland Agricultural College, Department of the Experiment Station, to establish an experiment station in this county for the purpose of making tests of strawberries, and of fertilizers to be used in their growth. The petition met with a hearty response from our people, feeling as they did the necessity of such an institution in our midst.

Mr. W. F. Allen, Jr., was the individual named in the petition to conduct the experiment, being the best informed man probably on the peninsula in strawberry culture, and having the broadest acquaintance with strawberry growers and propagators.

The college authorities at once saw the wisdom of such an experiment, and so Mr. Allen, Jr., was the individual named in the petition to conduct the experiment, being the best informed man probably on the peninsula in strawberry culture, and having the broadest acquaintance with strawberry growers and propagators.

Upon the faith of this, Mr. Allen began the work of collecting varieties for his station. To date, he has collected nearly 150 varieties, which are growing and in healthy condition. For this collection he has drawn upon the whole of the United States and a part of Canada.

About two weeks ago a letter was received from the station notifying the members in the enterprise that the college had decided upon and was ready to take up the work of establishing the experiment station here. Mr. Robinson, assistant director, was sent here by the Director, Robert F. Miller, to investigate the suitability of the site for the station.

Mr. Robinson, which resulted in the closing of the contract. In forwarding the contract Mr. Miller, the Director of the Station, said: "Mr. Robinson reports a very pleasant trip to your place. It is much better than any other country and people, and I may say, that I am very glad this arrangement has been consummated, and believe that it will work to the advantage of both your community and the Experiment Station."

Mr. Allen, in the meantime, has gotten the station fully underway. It will now be conducted under the direction of the Experiment Station, and all information obtained will be the property of the station. The program from time to time, and of the final results.

The primary object is to test the varieties best suited for our light soil and the kind of fertilizers needed for our soil.

Sharepots.

Fish Commissioner Suller was in town this week looking after the fish hatching interests here. He was the guest of W. C. Mann, who has charge of this station.

While Constant J. Weatherly and family, who reside in the rural part of the district, were staying on home on Saturday afternoon last, the building and its contents were burned. Clothing, eatables and furniture were destroyed. Two beds only were saved. The English of Riverton, owned the building.

The stewards of the M. E. Church, at a recent meeting abandoned the Reynolds system of collecting the minister's salary. The system is a good one and is being used in a thoroughgoing form. The system was used by the stewards for two years very successfully.

Gov. Jackson for Free Lumber

The Eastern Ledger publishes the following:

The Governor (Jackson) except some occasional thrusts from his old enemy, "Whiggism" is in fine health and capable of taking up any function of business or public affairs to which his duty or inclination may lead him.

Gov. Jackson is an earnest tariff reformer on the lines laid down in the Chicago platform, and regrets the delay in Congress in repealing the McKinley tariff and enacting another on the lines of Democratic policy.

"What about free lumber?" the Governor was asked. He is one of the largest lumber manufacturers in the East, with large holdings of timber lands in the South.

"Free lumber? I would not hesitate ten minutes about voting for a new tariff bill because free lumber is in it," he replied. "Competition is what makes business; it is what we want for the best interests of producer and consumer, for buyer and seller."

It is the uncertainty of the thing in respect of the schedule in the next tariff that keeps business demoralized and makes business men cautious to the point that produces business depression."

German Baptist Annual Meeting. The Annual Meeting of the German Baptist Brethren will be held at Meyersdale, Pa., on the Pittsburg Division of the Baltimore & Ohio railroad, commencing May 24th, 1894.

TETTER FOR 15 YEARS

On Face And Scalp. Physicians Prescriptions and Remedies Fail. All Hope of Cure. Thought Himself DISFIGURED FOR LIFE.

Outcure Removed Crusts at Once. Disease Entirely Gone in One Month. Now No Trace. Skin Smooth.

For more than fifteen years I was afflicted with running Sores on my face and scalp. Various prescriptions and many remedies were tried, but all failed. I was nearly blind and my face was so disfigured that I was obliged to wear a mask for the purpose of concealing my face. I was in this way: Taking the CUTICURA Soap and applying it to my face and scalp, the sores were removed, and in one month my face was as smooth as a baby's. I was cured. I am now a healthy man and my skin is as smooth as ever. I am glad to testify to the benefit of who are thus afflicted. T. J. CARROLL, JR., Columbus, Ala.

TETTER ON SCALP AND HAND

Use CUTICURA Remedies for Tetter on the scalp. They will cure you and will. My face and scalp were so disfigured that I was obliged to wear a mask for the purpose of concealing my face. IS YOUR FLOOR COVERED

\$5 is not much, and yet for that amount you can get a roll of 40 yards of good Johnnie Straw Matting or, if you want finer grades, we have for you our new design Cotton Warp Matting for \$6.50 and higher.

Matting never so low as we offer them to you now. If you are a wise buyer, you will write to us for samples.

CARPETS CUT

Carpet for the best quality All-wool Ingrain Carpets does not seem high, does it? Well, it is the price for what you have the choice of our stock of Ingrain. Or, if you want a Turkey Carpet, that will give you the color of a Moquette, 50 cents.

BETTER BUY NOW

PRICES ARE LOWER than ever before known in the history of our firm. We intend to continue a general Insurance Business in all States, as heretofore under the firm name of A. G. TOADVINE & SON.

With the same good, Safe and Responsible Companies that the old firm have heretofore represented. I intend to give the business my exclusive time and careful attention, and a notice by mail will secure my attendance in regard to any and every matter. I will attend to here and in all neighboring towns, as in the past, and shall endeavor to attend to all matters entrusted to me in such manner as will, I hope, merit a continuance of the business given the old firm.

With thanks to all my friends for past favors and hoping that others who have never tried us before will call or write when needing insurance of any kind.

THE SUMMER COTTAGE
In the Bargain Exchange
is suggestive as to furnishings.

Thanks to the cable and
quick steamers there has been
no lack of Covert Cloths at
our counters.

It is the artfully mingled
tints of rich colorings in the
Covert Cloths that makes them so
fascinating.

These are the newcomers:
45 in. Covert, 6 colorings, at \$1.00
48 in. Covert, 6 colorings, at \$1.50
48 in. Covert, 6 colorings, at \$2.00

Crepe Brilliant
The new mixtures of Silk-
and-Wool that are dividing
favor with the Covert Cloths.

New beauties with every
angle the light takes. Medium
weight, 42 in., \$1.35.

Women's Clothing
Study the case and you'll
not wonder why we are selling
three times as many Duck
Dresses this season as last.

Men's Clothing
We have now for sale excel-
lent Suits, with Regent Cut-
away Coat, at \$12 a Suit.

Boys' Clothing
Be careful in buying Sailor
Suits that you get goods that
are all wool and fast colors.

Continental Bicycles, \$70
I haven't seen a bicycle
yet that I'd trade my Continental
for. A bright wheelman said
it yesterday.

A DEMOCRATIC PROTEST.

Maryland Speaks Out Against the Tariff Bill Delay.

Democrats who are impatient, at the delay of the United States Senate in carrying out the party pledge on the tariff question filled the Lyceum Theatre in Baltimore Monday night.

Speeches were made by Messrs. Daniel Miller, Skipton Wilmer, Philip D. Laird, C. Clarence Lane, N. J. Nolley, James Bond and Wm. P. Manly, Jr.

An incident that occurred during the address of Mr. Skipton Wilmer showed how intensely interested the men were.

Gov. Frank Brown was Thursday elected President of the Baltimore Traction Company. He will succeed S. Edward Hamilton.

Washington, May 9.—The President has made these nominations: Col. Buchanan Scleyer of Washington county, to be United States Marshal for the District of Maryland.

Lloyd Wilkinson of Worcester county, to be Appraiser of Merchandise in the District of Baltimore.

Col. Seley was an unsuccessful candidate for the Naval Office and the Surveyorship of the Port of Baltimore and for the United States Sub-Treasurer.

These changes were made at the suggestion of Senator Gorman of this State, the Senators of West Virginia and New Jersey, and Senator Brice of Ohio...

An Esteemed Pastor

Found Cure in Hood's After Other Medicines Failed.

After the Grip—Muscular Rheumatism. The following comes voluntarily from a highly esteemed clergyman of the M. E. Church, pastor of the Church Creek circuit in Dorchester County, Maryland.

"I feel it a duty to the public to send this certificate. I saw in a Philadelphia paper a letter from a man who had suffered from Muscular Rheumatism and had been restored by the use of Hood's Sarsaparilla.

"I had the grip in the winter of '91 and '92 so severely that it deprived me of the use of my arms so that my wife had to dress and undress me, and when away from home I had to sleep in my clothes. I tried five doctors and not one accomplished anything. Then I saw the letter alluded to and determined to try Hood's Sarsaparilla.

"I had taken one bottle of Hood's Sarsaparilla before I had taken one bottle of I had the use of my arms, thank God. These are the facts as verified by my personal friends, J. M. Colston, Church Creek, supplied me with Hood's Sarsaparilla, and I am pastor of the M. E. Church here."

"I had taken one bottle of Hood's Sarsaparilla before I had taken one bottle of I had the use of my arms, thank God. These are the facts as verified by my personal friends, J. M. Colston, Church Creek, supplied me with Hood's Sarsaparilla, and I am pastor of the M. E. Church here."

"I feel it a duty to the public to send this certificate. I saw in a Philadelphia paper a letter from a man who had suffered from Muscular Rheumatism and had been restored by the use of Hood's Sarsaparilla.

"I had the grip in the winter of '91 and '92 so severely that it deprived me of the use of my arms so that my wife had to dress and undress me, and when away from home I had to sleep in my clothes. I tried five doctors and not one accomplished anything. Then I saw the letter alluded to and determined to try Hood's Sarsaparilla.

"I had taken one bottle of Hood's Sarsaparilla before I had taken one bottle of I had the use of my arms, thank God. These are the facts as verified by my personal friends, J. M. Colston, Church Creek, supplied me with Hood's Sarsaparilla, and I am pastor of the M. E. Church here."

The Heavy End of a Match. "Mary," said Farmer Flint at the breakfast table as he asked for a second cup of coffee, "I've made a discovery."

"I have found that the heavy end of a match is the light end," responded Cyrus with a grin that would have adorned a skull.

Mary looked disgusted, but with an air of triumph quickly retorted, "I've got a discovery too, Cyrus. It was made by Dr. R. V. Pierce, and is called a 'Golden Medical Discovery'."

"Well, Cyrus, you're about the last one I'd expect of such a thing, but what is it?"

"I have found that the heavy end of a match is the light end," responded Cyrus with a grin that would have adorned a skull.

Public Local Laws

PHILADELPHIA, MAY 7, 1894. FOR WICOMICO COUNTY.

AN ACT for the supervision of the jail of Wicomico county, Md., and for other purposes.

Every feature of novelty, neatness and cheapness that has made the Women's Dress business so grandly successful here is manifested as markedly in the sorts any sizes for Girls of 4 to 14 years.

Wash Dresses tell the story as well as any. Judge by these—\$7 each.

Other styles in Piques, Dimities, Lawns, Gingham, White Lawn and the like.

Dainty Duck Dresses, sailor style, \$2.50 and \$3.75. White Guimpes, 50c and up.

Girls' Reefers. Perhaps three hundred that the maker thought would retail at \$8 and \$10.

Chambers' Encyclopaedia. The unexpected has happened. Chambers' Encyclopaedia, the newest Chambers, the busy man's help, the scholar's delight,

has been pushed down to a price heretofore unheard of in price bookkeeping.

This great work is complete in ten volumes of over eleven million words, with 307 illustrations, 92 two-page colored maps and 70 plain maps.

To let you know what an unequalled opportunity this is we will sell a limited number of sets in handsome half leather binding, made up our special order.

AT \$25 THE SET in every respect—paper, print and binding—equal to the regular \$45 edition.

Floor and Stair Linens. Cool, crisp, fresh, clean Floor Damasks that will keep the Summer dust and the moths from your Carpets—and help the wear of them.

Continental Bicycles, \$70. Every wheelman knows them now. If there were wheels about them we'd hear it—you'd hear it. Ask. Put them to the test.

For Porch and Lawn. Such May-time mildness sets you thinking of the breeze-brushed porch and the Easy Chair.

Why not a Sofa Rocker? There's cosy comfort in the very thought. Whole reed seat and back, neat strong frame.

Some of the other day dream bringers: Colony Rockers, light finish or red, are in full assortment, \$1 to \$3.50.

Special Folding Settee, slat seat and back, painted red or varnished. Strong and good, \$1 each.

Our line of Rattan and Reed Furniture was never so handsome, so good looking, so durable.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became a Mother, she gave to her Children, she gave to Castoria.

Children Cry for Pitche's Castoria. Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children.

Castoria is the best remedy for children of that age. It is pleasant. Its guarantee is thirty years' use by Millions of Mothers.

A NOVEL RACING MATCH.

There is no knowing what an Englishman will not do to decide a bet.

There is no knowing what an Englishman will not do to decide a bet. Men have jumped across dining tables, mounted upon untractable steeds—

One of those incidents which go a long way toward justifying the reputation which a nation of madmen we have earned among foreigners occurred at St. Moritz when, "in order to settle a bet," Lord William Mansfield and the Hon. H. G. O'Brien agreed to go down the "village" run mounted on rocking horses in place of ordinary toboggans.

The start was fixed for 12 o'clock, and cheerily issued their orders to the spectators announced that the horses were off. Unlike the custom in toboggan races, both started at the same time.

Lord William Mansfield, who was in the lead, was not to be outdone. He was a man of the highest rank, and he was a man of the highest rank.

What an important part building and loan associations have come to play in the social economy of the country is shown by the annual report of Carroll D. Wright, Commissioner of Labor. He gives the total number of these associations as 6,838, of which, 240 are national in scope. The shareholders aggregate 1,746,725, and, as 455,411 of these are also borrowers, it can be seen how extensive is the aid extended to individuals in acquiring homes upon terms possible to persons of very modest means. The net assets reach the astonishing sum of \$450,667,594; the profits thereon being \$80,664,116, an enormous amount when it is considered that this represents principally the income from the savings of vast numbers, only a small part of whom manage to save anything at all. These building associations are a comparatively modern institution, having been started a little over twenty-five or thirty years ago, but they show enormous growth. Their popular character has been proved in their favor. Considerable difficulty surrounds a bank, but the officers of a building association are selected from among the membership, however humble it may be, and every one consequently feels a personal, direct interest in the management of its affairs. Furthermore, the returns are much larger than the usual rate of interest paid on bank deposits. Aside from the purely material benefits resulting from loan associations, they have undoubtedly expressed a great influence upon the thrift of the people. There have been occasional failures, but as a general thing these organizations are well managed, and the strong incentive they furnish to the acquisition of homes has done much to promote the prosperity of the nation. According to Professor Wright's report 317,735 houses were purchased through them.—Baltimore Morning Herald.

Heart Palpitation

Hot Flashes, Indigestion, Vertigo
Rescued from Dangerous Condition
by Hood's Sarsaparilla.

Mrs. H. H. Vandervort, Wilmington, Del.
"I will tell you that Hood's Sarsaparilla has done for me. I suffered from dyspepsia, indigestion, constipation and palpitation of the heart. For some years I was obliged to take a pill every night or I would suffer with a severe headache, dizziness, and other nervous troubles. Then I saw your advertisement, and I had fluttering of the heart and hot waves would go over me, making my blood tingle in my finger ends. When these flashes would pass off, I was exceedingly nervous. I began to fear that I had heart disease. Two physicians who examined me said it was caused by dyspepsia and indigestion. I also had spells of vertigo, and so bad that I could scarcely stand, and might fall a number of times over me so I could scarcely move at all. I thought I would die. I continued in these dangerous ways, as I was unable to sleep, and lost flesh until I weighed only 70 pounds, while I once weighed 145. I began to take Hood's Sarsaparilla and it has done me a great deal of good. I feel much better, and I have a good appetite. Can scarcely eat enough now. And I am enjoying my life again. I had before I took Hood's Sarsaparilla I was scarcely able to eat anything. I am now weighing 105 pounds, which is more than I ever weighed before, and I am as healthy as a horse."—Advertisement for Hood's Sarsaparilla.

ADMINISTRATORS' SALE

OF
Canning House
MACHINERY,
FIXTURES, ETC.

The undersigned, administrators of Dr. L. H. Houston, late of Dorchester county, deceased, offer at private sale a complete and modern outfit for Canning House Machinery, Fixtures and all implements and articles necessary for the proper management of the canning business and the manufacture of tin cans; also,
250,000 TIN CANS,
which were manufactured this season and which are now in the house and upon the premises at Vienna, Dorchester county, Md., where the said Dr. L. H. Houston deceased, for many years conducted a well established and profitable canning business. Previous to the death of the said Dr. L. H. Houston had contracted at good and profitable prices, for the sale to former customers of 20,000 cases of tomatoes, to be canned and delivered during the present season, which quantity of cans is about the full capacity of said factory. The said Dr. L. H. Houston has also contracted with various farmers in Dorchester county for the growth and purchase of a sufficient quantity of tomatoes to enable him to fill the above mentioned contracts with his customers. These contracts upon the sale of said property will be assigned to the purchaser to be assumed by him. MARY HOUSTON, J. W. T. WEBB, Administrators of Dr. L. H. Houston, deceased.

TRUTH

sparkles and shines in every corner of our mammoth store. For years and years we have been the leaders in the dry goods line. Why? Because we told the

TRUTH.

When we advertised an article we had it to sell at the advertised price, and our customers did not hear that old familiar sentence of our competitors: "We are just out." We are always in for good goods, small profits and the

TRUTH.

Everybody Cordially Invited

To inspect the grand exhibit of beautiful new goods of every description. Are you interested in

Men's & Boys' Clothing & Shoes?

We propose that you shall know that we have the best made, most serviceable that is shown on the market, and PRICES THE LOWEST. Nothing impossible! Anything less than all the facts concerning our goods and their prices would be unjust to the public. The truth about low values is hard to comprehend. The encouragement to print it rests upon public faith in our statement. Just now nothing seems impossible in the line of economy. Each day adds some new evidence to prove this truth. We are always ready to show you through and give you prices.

Birckhead & Carey,

Main Street, Salisbury, Md.

SATURDAY, MAY 19, 1894.

The death of Hon. Robert F. Bratan has created a vacancy in the First Congressional District that will probably exist till after the election in November. There does not seem to be any disposition from any source to hold a special election to fill the vacancy. When the convention meets for the purpose of making Congressional nominations its first duty will be to nominate for the unexpired, or short term, as was done at Easton two years ago, then to make the regular nomination for the succeeding term. It will be remembered that when a similar condition confronted us in the district two years ago, two nominations were made, one for the short term and one for the full term—the Hon. John B. Brown being the nominee for the short term.

Whether honest and true Democrats will consent that this bill shall become a law if it passes the Senate is a matter for their serious consideration. Whether they may decide it, the outlook for this party is full of doubt. It has betrayed those who trusted it. Its rank and file, and many of its leaders are conscientious and right, but so long as it sends such men to the Senate as Hill and Gorman, so long as protectionists sit in the cabinet of its chosen President, so long will it be unworthy of the confidence of those who have hitherto accepted its pledges in good faith. If this bill is the outcome of the Democratic party's twenty years' struggle for tariff reform the party is worthy of contempt. If it accepts the measure as the best it can get, the men who began the work of tariff reform must turn at once upon the pretended democrats who have betrayed it and driven them out of power, as once before W. R. Morrison, with Mr. Carlisle as his candidate, drove the protectionist Randall out of the Speakership. The question with them to decide is whether they can better accomplish the organization of their party under the incubus of this bill, or the plea that it is something or by defeating the bill, thereby throwing the responsibility of another failure of any tariff reform on the leaders in the Senate who have been the allies and protected manufacturers and their political agents. One thing is certain, the pending bill is not an answer to the country's demands, and cannot prevent a revival of agitation; and another thing is also certain, whatever answer the democrats may make to their own problem, the business interests of the country insist that the fate of this measure shall be quickly settled.—Harper's Weekly.

Hood's Sarsaparilla Cures

It should be known that it is the only medicine that cures all the diseases of the blood, and restores the system to its normal condition. It is a powerful blood purifier, and cures all the diseases of the blood, such as skin eruptions, pimples, boils, and all the diseases of the face. It is a powerful tonic, and cures all the diseases of the system, such as indigestion, constipation, and all the diseases of the stomach and bowels. It is a powerful nerve tonic, and cures all the diseases of the nervous system, such as neuralgia, headache, and all the diseases of the head. It is a powerful lung tonic, and cures all the diseases of the lungs, such as bronchitis, cough, and all the diseases of the chest. MR. GORMAN HAS SPOKEN.

The country's political oracle has spoken, and people who previously were anxious about the fate of the tariff bill now seem assured that it will pass in its amended form because Mr. Gorman has spoken.

It is seldom that a man of Mr. Gorman's rank speaks until the fate of a bill is settled. He has a way of stepping in and assuming the leadership, or a position that results in his being accredited with the leadership, that is well recognized in Washington and understood. It is, therefore, probable in this case, that Mr. Gorman is following his accustomed plan in coming to the front on the tariff bill when he is assured it will pass.

Now that he has spoken the attitude of the people and the press toward him interesting.

His friends claim that his speech was a straightforward and forcible argument, and in it he fully justified his position on the tariff question.

On the other hand Mr. Gorman's enemies characterize the speech as a shallow, illogical bluff produced to gain hoodwink the people, and once more win back their confidence and admiration.

In whatever spirit the speech may have been evoked and whatever may have been the motive, the fact remains that Mr. Gorman is still a potent personality, who, when he delivers a speech in public attracts as much attention as any man in the country.

Now that Senator Gorman has stated his position the country will at once wonder what might be the attitude of that other senatorial oracle.

Senator Gorman's practical assurance in his speech that the Democratic party in the Senate was now united in support of the tariff bill has led to a difference of opinion as to whether to be meant to include Mr. Hill on the list of supporters, or to create the impression that the bill would have the support of a Democratic majority with Mr. Hill's assistance. It is considered probable by those high in the councils of the Maryland Senator that he had assurances that the bill would have the support of his New York colleague when the final test should come on the bill, and there is a growing impression in the Senate chamber that Mr. Hill will vote for the bill.

He has said since his return from New York that he would not offer any opposition to the tariff features of the bill which is taken to mean that while he is still uncommitted to the income tax, he is disposed to accept the other parts of the bill as the best obtainable, and concentrate his opposition upon the income tax.

OUR CLIMATE.

That a special Providence presides over the Eastern Shore Peninsula is not hard to believe.

The western States have devastating cyclones, tornadoes and blizzards; the states north and south of Maryland are every once in a while flooded by the breaking of dams and the overflow of rivers, while the "Vermilion" peninsula has gentle weather and reasonable showers, and serenely enjoys an immunity from the destroying elements which have become characteristic of the climate of many sections of the country.

Property worth thousands of dollars was damaged or altogether destroyed by the great storm which visited the states last week. On the Eastern Shore the effect was most gratifying as the storm terminated a rather prolonged drought, and far from being an element of destruction, gave renewed life to growing crops, and enhanced our prospects by thousands of dollars.

The Ledger says: "Even at this early date it can be said with certainty that Talbot's Fair next September will be in every respect the greatest exhibition the association has yet held. Plans for the exhibition were given in the Ledger last week. President Goldborough, Secretary Higgins and the directors are working like Trojans to make this year's display a grand success, and the people of the Eastern Shore generally should aid them to this end.

Mr. Charles Ridgely Goodwin, whom President Cleveland appointed surveyor of customs for Baltimore, died last Saturday afternoon. Mr. Goodwin had been in precarious health some years, but his death was unlooked for, and was a sad surprise. He qualified as surveyor on Monday of last week.

Her majesty Queen Victoria was 78 years old Thursday.

She is hale and vigorous, and her fifty-seven years' reign over Great Britain has been characterized by wisdom, judgment, firmness, and withal loving consideration for her subjects.

FLOOD SWEPT.

Great Storm and Its Effect in Pennsylvania and Elsewhere.

The tremendous rain storm which swept over Pennsylvania for four days reached a climax on Monday, and the floods which followed were unprecedented. The usually placid Schuylkill became a raging torrent, flooding mills, railroads and residences, exceeding in violence anything within the memory of the oldest inhabitants.

Williamport was fearfully flooded, two-thirds of the city being under six feet of water. Two big bridges were carried away and the Philadelphia and Reading bridge at Manay was destroyed.

The main boom of the Susquehanna Boom Company, at Williamsport, broke. There was 175,000 feet of logs confined there, and all of them passed out and down the Susquehanna river.

The boom in Lockhaven broke, and 15,000 feet of logs were lost. The Upper London boom also broke. It contained 10,000 feet of logs, and they went down the river. There were about 150,000 feet of logs in the main boom and half as many more in the city mill ponds which were threatened.

Streets were flooded and great damage done in other Pennsylvania towns. Families were rescued from flooded homes and many lives were swept away by the roaring waters.

JOHNSTOWN'S LOSS \$121,000.

Johnstown, Pa., May 22.—A statement of losses here caused by the flood which was given out Tuesday is as follows: Pennsylvania Railroad, \$500,000; Wood sale property, \$6000; pottery of H. Swank & Co., \$3000; Cambria Iron Company, \$10,000; business men and property owners in Johnstown, \$10,000; Pennsylvania Traffic Company, \$10,000; the city, \$10,000; McConaghy estate, \$6000; other losses, \$10,000.

IN MARYLAND.

The Potomac river at Williamsport, was 20 feet above its usual high-water mark. The water rose at the rate of seven inches an hour. Fears were entertained that mills and other property would be flooded. The canal overflowed its banks above and below Williamsport and spread over meadows. Several families vacated the dwelling along the river and removed all their household goods.

A Gut City.

For at least two generations in the past, and for as long probably in the future, Philadelphia must essentially be regarded as two distinct and separate towns. Politically there is but one town, from which all other stand-points the two towns of which I speak might as well be grouped about the north and south poles. And yet the gulf which separates these two places is but a fairly wide thoroughfare—Market street is its canal.

On one side lies the new town of Philadelphia, with its wide avenues, magnificent homes—magnificent and modern in its every outline. On the other quite peacefully rests the old town of Philadelphia, with narrow streets, old brick houses, and shrouded in the conservatism which gave the city its individuality two hundred years ago.

The new town has the money and progress of a modern Western city, with the boom still on. Its men are ambitious, and spend their money alike on trolleys and cabios and new club-houses. But old Philadelphia does not fancy rapid transit. It prefers talking, or an occasional ride on the horse-car. If it has thrown aside the shabby coat and the wide-brimmed hat of its Quaker ancestors, it cannot altogether free itself from the blood which ran through the splendid who once wore these quaint clothes.

Owens Opens His Campaign.

Georgetown, Ky., May 22.—Mr. W. C. Owens, the leading candidate against Col. W. C. P. Breckinridge for the Congressional nomination in the Ashland district, in opening his campaign here, said, among other things:

"That I may be elected it is unnecessary that you destroy the respect the people of this country have, in common with those of the Ashland district, for the courts of justice of this land. It is not necessary for me to believe, in order to elect me, that these courts have been converted into instruments of injustice, nor do I want you to believe that a base newspaper man in the country is a base liar. To elect me it is not necessary to charge that more than one-half of our Democratic friends and the good women of our district have become slanders. To elect me it is not necessary to tear the vestments from the sacred altar and prostrate the ministers of the holy religion who have abandoned their high calling and entered into a league with the devil to destroy the Lord's anointed." (Tremendous applause and uproar.)

The meeting was a most enthusiastic one, and was attended by 300 women, who wore Owens badges.

Tired, Weak, Nervous.

Means impure blood, and overwork or too much strain on brain and body. The only way to cure it is to feed the nerves on pure blood. Thousands of people certify that the best blood purifier, the best nerve tonic and strength builder is Hood's Sarsaparilla. What it has done for others it will also do for you—Hood's Cures.

Nervousness, loss of sleep, loss of appetite and general debility all disappear when Hood's Sarsaparilla is persistently taken, and strong nerve, sweet sleep, strong body, sharp appetite, and in a word, health and happiness follow the use of Hood's Sarsaparilla.

The strong point about Hood's Sarsaparilla is that they are permanent, because they start from the solid foundation of purified, vitalized and enriched blood.

Colorado's Fire-Eaters.

Pueblo, Col., May 22.—Governor Waite, in an address here last night, claimed Congressman Bland when he claims sold out silver in 1878, with Voorhees and Carlisle in their surrender to the loss of silver. He advocated coming Mexican dollars to be used as legal tender in Colorado. He expressed hope that the ballot would soon overthrow the domination of Wall street, but if the ballot were not successful, the man who would not bare his breast to the bullets was not a man.

Attorney-General Tarnsey made a few remarks and said unless something was done the blood-spilled when Coxy's men were clobbered in Washington would be the first in a new revolution.

Mortality Among the Blacks.

The papers of New Orleans are discussing a curious condition of affairs in that city. An abnormally high rate of mortality has been noticeable for some time among the blacks. No epidemic prevails and the death rate among the white population is less than it has been at other times but the blacks are dying with notable rapidity.

From some unexplained cause the mortality rate among the blacks of New Orleans over a given period was 49.98 for each 1,000 of the population, while for the white people it was 21.89 during the same period. This has awakened comment in the Crescent City, and no one seems to be able to set forth a good reason for this marked disparity.

The same thing, differing only in degree, is noticeable in every Southern city. For instance, in Baltimore for 1893 the annual death rate among the blacks was 50.70 to each 1,000 people in the city, while the rate for the whites was only 19.19 per 1,000 of the population.

The cause for such discrepancy are undoubtedly varied, but the chief is the effect of city life upon the colored race. Having come in recently from the plantations and having taken up their abode in the least wholesome parts of the great cities, the blacks are falling an easy prey to the diseases of the town.

I Became Deathly Sick.

When I would walk up the steps it would seem as though I was going up in the air about three feet and I would nearly fall over. Then large jumps the size of a hen's egg formed upon both sides of my neck. I opened them and closely followed the doctor's directions, but I grew worse and the hair commenced to fall off my head and when I did eat.

I Did Not Care to Live for with all my other pains I was suffering with rheumatism. Finally I heard so much talk about Hood's Sarsaparilla that I decided to try it. I continued until I took five bottles which cured me as sound as a dollar, and from that time until now I have not had a bad day.

Snow Hill, Pocomoke and Berlin have some good wheelmen, and a test of speed is desired by them. The purse for this race will be announced later.

The family of Wesley Ramsburg, living near New Market had an experience with a snake last week. They will not soon forget. Mrs. Ramsburg and a servant, who were upstairs, heard the screams of the baby that he had fallen down stairs in a cradle and upon reaching down were horrified to see a huge black snake curling his glistening coils around the cradle, its head darting back and forth near the terrified child's face. Mrs. Ramsburg ran to the field, summoned her husband who quickly got a gun and taking careful aim landed a load of shot in the head and body of the reptile. The child was found by his mother. The snake had been attracted to the cradle, it is supposed, by the bottle of milk therein.

Accommodating Prisoners.

Washington, May 22.—The next few weeks will be marked by festivities aboard several of our new warships. Soon after the triple screw cruiser Columbia returns from her trial trip she will be ordered to Annapolis, Md., where the citizens of the District of Columbia will repair in numbers to inspect their beautiful and bestow upon her a beautiful set of colors. The ship would have been brought to Washington, but there is not a sufficient number of men in the city to man the vessel. The Marblehead will go to Marblehead, Mass., on July 4, also, to receive a set of colors from the citizens, and at Representative Reed's request the double-entrained monitor Miantonomoh will go to Portland, Me., on the same day to assist the people in a Fourth of July celebration.

Sound as a Dollar After Taking Five Bottles of Hood's.

"Dear Sir:—It is with pleasure that I state that Hood's Sarsaparilla has done for me, for I think it is a duty that I owe to my fellow man. In the spring of 1891 I was taken with pains in my breast so that I could hardly straighten myself up. I could not sleep at night and shortly after I was taken with night sweats. Lumps the size of a walnut came out on one of my limbs and also over my eye. I had no appetite and when I did eat.

President Elder Wright will preach at Trinity M. E. Church Sunday morning (Sunday) evening at 8 o'clock. Quarterly conference will be held Monday morning.

The May term of the Worcester county circuit court began at Hillsboro last Monday. Judge Holland left Salisbury Sunday to be present at the beginning of the session.

Benjamin Huntington, a tenant of Sheriff Farlow, while wrestling with a companion fell from a large telegraph pole and was killed.

Mr. J. D. Price sold this week three building lots in Salisbury. The purchasers were Messrs. G. Morris, Wm. Cannon, and J. C. Morris. The price paid was four dollars per front foot. Mr. Price has several more desirable lots in the same locality. The purchasers propose to build dwellings on the lots.

Rev. J. D. Kinzer, President of the Maryland Annual Conference, Methodist Protestant Church, will pay his official visit to the M. P. Church of this town May 29-31. There will be preaching at the town church on Wednesday, 30th, at 8 p. m. Mr. Kinzer will hold quarterly conference on the 31st and preach at Hillsboro on Tuesday, May 28, at 8 p. m.

The annual far-famed turtle dinner at Quantico will be held this year on Wednesday June 13th. Mr. John C. Bailey, the enterprising and popular young proprietor of the Quantico hotel expects to make provision for a large company of local politicians on that day. Numerous turtle dinners in the past years have been given on this favorite democratic feast occasion.

Mr. B. F. Messick & Son of Allen are contracting with the farmers of that community for tomatoes, corn and peas. They are also getting ready to build a cannery factory on the old Passerdyke mill site which will be known as the Passerdyke Cannery factory, of Allen. The enterprise is one of importance to the farmers and laborers of the vicinity as it will afford a profitable market for the land tillers for their products and give employment to the women and children.

An exhibition of cottons has been in progress this week at Mr. T. E. Co. of Chicago. N. K. Fairbanks & Co., of Chicago, are introducing it through a lady agent. Cottons are a simple preparation of cottonseed oil and beef fat; contains no salt, no water and no coloring matter. It is endorsed by French and American manufacturers and is superior to all other cottons. The manufacturers wish to supplant lead and many cooks of national reputation claim that it is more wholesome than lard. During the week many ladies of Salisbury have visited the exhibition.

ALLEN, MD.

Mr. Editor.—No doubt our small village of Allen feels somewhat slighted at the thought of being passed by unvisited on account of such an unprofitable strawberry crop, but for all that she is thriving. Strawberries are about at an end and farmers will have to put thoughts and labor on another crop, and as father and son have taken upon themselves to start a cannery factory why not use a body of farmers try and encourage by raising such crops as they may need. The factory will be the Passerdyke factory, owned by B. F. Messick & Son under the management of the Passerdyke firm. They expect to have their factory complete in about three or four weeks and would be glad for all who can, to plant as many acres of tomatoes as possible.

Some say they are not paying enough for their tomatoes and that we cannot raise them and make anything on them at that price.

Admitting that we can't, don't you think it is of more credit to us, for us to encourage that which will be of advantage to us probably another season, for we understand, they expect to have some year, corn, tomatoes and other crops grown for them another year and why can't we afford to work on a crop of tomatoes for one year rather than continue with the strawberries and work for some one else in something that seems to be a thing of the past.

We think that it is a capital enterprise and we hope that the ventures will come out successful, and will, we think. Their building will be 20x50 with an addition of a shed 12x50 making a house 32x50.

MARSDEN SPRINGS.

The crop of early berries in this locality was partially a failure. The Michigan raised badly and bore very shy. The drought of early May retarded the growth of the few berries on the vines and the fruit went into market unattractive in appearance and commanded poor prices.

The later varieties were somewhat better, but shipments this week have been in bad condition, caused by the heavy rains, and prices have not been good.

Cucumber vines are looking very well. The prospect is good for shipments by the 25th of June.

Other truck, and corn are looking well. Wheat is usually good, and was never better at this season of the year.

Some of our farmers are growing tomatatoes for the canners, which will be managed this season by Mr. Robt. G. Robertson.

The proprietor of the Marsden hotel property which includes the celebrated spring, are negotiating with some city capitalists for a transfer of an interest in the property. The scheme contemplates extensive improvements and advertising.

"What is News?"

The Wilmington Conference Herald has this to say on the subject implied in the above caption: "We are glad to publish the news from the various chapters of our conference. A great many little things take place daily among our various communities which ought not to find record in our columns because the little local events that are of interest to the limited circle of neighborhood, are not news. News, such as ought to be laid before our readers, is that which is of general interest. It is of no special concern to the public to be told that some good brother has given his coat to have the fastest trotter in Wisconsin county, arranged for a trial of speed on the Salisbury track last Friday. Their horses had been in training for the occasion and were reported in excellent condition. Before the race was over, the fastest trotter was given Mr. William Purnell, who had driven over on the morning of the race, to enter his black as an amuseur for the losing horse. Five heats were trotted, and to the surprise of everyone Mr. Purnell's horse was the race in three straight heats, after driving a distance of twenty-one miles from here to Salisbury. The track was estimated to be from ten to fifteen seconds slow, but Mr. Purnell's horse made the full mile in 2:51, beating Wilmington's champions, and leaving the Salisbury boys 'very sick'."

We Are Always Kettle to Victors.

The Snow Hill Messenger says: "The young men in Salisbury, each claiming to have the fastest trotter in Wisconsin county, arranged for a trial of speed on the Salisbury track last Friday. Their horses had been in training for the occasion and were reported in excellent condition. Before the race was over, the fastest trotter was given Mr. William Purnell, who had driven over on the morning of the race, to enter his black as an amuseur for the losing horse. Five heats were trotted, and to the surprise of everyone Mr. Purnell's horse was the race in three straight heats, after driving a distance of twenty-one miles from here to Salisbury. Dis.

At Pongo Mill, N. C., on Friday the eleventh day of May, 1894, Mrs. Fannie E. Covington, wife of A. R. Covington, aged thirty-nine years. She came to Seaford county about eight years ago, and by her kind and good disposition, won the respect and love of all with whom she became acquainted. She had been a consistent member of the Methodist church for about eighteen years, living in the christian faith, serving her master whom she has called home to meet in that land where parting is no more. She was stricken with consumption several months ago, and suffered great affliction which she bore with christian patience. Her remains were followed by a large number of friends and neighbors, to the grave near her home, to pay the last duty to this good lady. She leaves a kind and affectionate husband and four dutiful children, two boys and two girls, and a host of friends to mourn their loss. The community extends sympathies to the bereaved family. In life she is the time to prepare for death. Let us so live that we may die in the hope of meeting this dear worthy sister beyond the river.
