Reconciliation.

As a result of Dr. Bell's recent trip to Cambridge all past differences between the two towns have been relegated to the past, and a new era of good feeling and fellowship begun. The Cambridge baseball club disbanded on Wednesday, August 20th, and have cancelled all dates with other clubs than the Salisbury. With our team the Cambridge boys play two games. The Salisbury team go to Cambridge Saturday August 22nd, (today) while the Cambridge people come here on next Tuesday, August 25th, and play their last game of the season. On that date they are our guests and we hope and believe that Salisbury will do the right thing by them in all respects. When base ball cannot be played in a gentlemanly way, the sooner it is discontinued the better for all concerned.

Superintendent Benjamin of the B. C. & A. railroad

has arranged for a special train over the railroad from Hurlock to Cambridge with an exceedingly low rate ticket. By this means all who wish to see the game in Cambridge can go on regular morning train to Hurlocks, leaving Salisbury at 8:41 and getting back to Salisbury at seven o'clock. This train on Monday next we play the strong Smyrna team. This team has won the series from Dover.

On Tuesday we have our friends, the Cambridge team, in a farewell game.

Anyone who fails to witness these games will miss a rare treat.

On Wednesday we have the Young Men's Christian League team of Baltimore, and to round out the week in good style we play the strong team of the Baltimore Athletic club on Friday.

The management have gone to much expense in procuring these attractions, and it is small that all can afford to attend, and in no case will you get less than your money's worth, and base ball is such an uncertain game that it is hard to tell which will be the best contest. Go to Cambridge Saturday.

Death of Miss Charlotte W. Smith.

Snow Hill, Md., Aug. 18.—The sad news of the death of Miss Charlotte W. Mr. Diabaron leaves a wife and several grown children. He was an ardent democrat and at the time of his death had been a court Bailiff for some years.

—The Standard Telephone Company of Baltimore was incorporated last Thursday. The object of the company is to construct telephone lines from Crisfield to Pocomoke City, Thos. to Salisbury, Delmar, Laurel, Eastern, Chestertown, Centerville and Belair, with connections in Baltimore. It has purchased some local lines and will consolidate them in the main line which will be constructed. It is all about 300 miles of telephone line will be controlled. A city exchange office is planned to be established as soon as the lines are constructed.

MILES THE NOMINEE.

Chosen by the Democrats of the First Congressional District on the First Ballot.

Ocean City, Aug. 20.—The Democratic Congressional Convention of the First District of Maryland convened here today and nominated Joshua W. Miles, of Somerset county, for congress, and also named the ticket and platform of the national convention at Chicago.

The delegates and a large number of visitors thronged the hotel corridors last night and this morning, proclaiming the virtues of their respective candidates. The convention was held in the dancing pavilion of the Atlantic Hotel, and was called to order at 12:30 o'clock.

At one time Henry R. Lewis, of Caroline, seemed to have the largest following. The delegation from that county were accordingly happy. Before the convention assembled, however, the complexion of things had materially changed and Caroline's favorite son had fallen.

The great Methodist Episcopal church is meditating a more liberal and enlightened policy toward its women.

When women help to formulate the expressions of religious faith which contribute so powerfully to moral and spiritual convictions, the church will be humanized, and, whether it be a man or a woman who ministers from the pulpit, the gains of the church, the spirit of the religion he or she teaches, will be broadly and highly, strongly and tenderly, heavenly and purely human and divine.

The Time for Basting.

Up the system is at this season. The cold weather has made unusual drains upon the vital forces.

Most people know a great deal about the girls who ride bicycles, but very few know anything at all about the girls who help to make bicycles.

There are about 800 girls in this city engaged in making rubber tires for bicycles.

A cloud has come between you and me! Have dared, dear heart, to look the reason why?

"In love, Lieutenant!" cried, almost starting from his seat, so greatly had he surprised him.

"What is her name?" I asked. "I don't know," he answered brusquely.

"Where did you meet her?" I asked. "Can't tell," he replied, looking at me with a great deal of embarrassment.

Questions for Solution.
 The following questions have been submitted to the Advertiser. Let some of our wise financiers take a hand.
 1. Has not gold, appreciated in value, compared with other commodities in recent years, and is it not natural that it should rise the greatest nations of the world have chosen it as a standard money and legislated in its favor?
 2. Can the United States alone, by the reformation of silver, create such a demand as will raise the bullion price to that point from which it fell at the time it was demonetized practically by all the important nations of the world?
 3. Can the United States maintain the parity of 16 to 1 if our mints are opened to free coinage of silver, and would not such an attempt amount practically to the same thing they are trying today?
 4. It is claimed that a restoration of confidence will obviate the necessity of further loans to maintain the gold reserve. Was there any lack of confidence when the last loans were negotiated, and did not the experience of the people to get that loan prove that fact?
 5. Cannot any system of coinage be maintained when assisted by a tariff that will furnish abundant revenue?
 6. If our currency is contracted at present, will not inflation revive industry even if the bullion price of silver goes up to \$1.25 per ounce?
 Deaths of Mrs. L. H. Cooper.
 Mrs. Martha Washington Cooper, the wife of Mr. Lambert H. Cooper, died at her home at Mardela Thursday morning at one o'clock from hemorrhage, resulting from a tumor cancer, aged 64 years.
 Mrs. Cooper was a daughter of the late Wm. H. Bradley of Sharpstown district. At the age of 18 she was married to Judge Lambert H. Cooper who survives her. From the union there were eight children—three daughters and five sons. One daughter died at the age of seventeen and one son at the age of fourteen, leaving four sons and two daughters surviving. Irving N. and Charles of the firm of Cooper Bros. of Mardela, Wm. M. associate editor of the Advertiser, and Marks. The daughters are Mrs. Wm. T. Williams and one unnamed.
 Funeral services were held at the house at three o'clock Friday afternoon conducted by the Rev. Mr. F. B. Adkins of St. Paul's church, Spring Hill, where the deceased had been a member for nearly forty years. The interment took place in the cemetery at Mardela immediately after the services.

Base Ball.
CAMBRIDGE VS. SALISBURY.
 On Saturday last, August 22d, the Salisbury base ball team went to Cambridge to cross bats with that city's famed team and incidentally to bury the tradition that has existed between the two towns, and to smoke the pipe of peace and good fellowship with our neighbors. The team was accompanied by quite a little delegation of base ball cranks, and the Cambridge people did themselves proud in the treatment accorded them. To Dr. Bell, who went to Cambridge that day, but what came home with only praise for the good time shown them, and a conscious inner feeling that after all Cambridge folks were generous Eastern Shoremen, and built of pretty much the same material as ourselves. To Dr. Bell, belongs the credit of fusing up the differences existing between the towns, and the two communities are most pleased with his management of the affair. But to the game.
 The day opened in Salisbury dark, gloomy and raining. The wind was in the right place for an all-day drizzle, this prevented scores of people from attending the game. In Cambridge, after dinner the clouds cleared away and their field was in perfect shape. A game between the giants of Peninsular base ball could not help but draw, and in spite of the fact that the Salisbury team had been increased forty per cent, more than five hundred people graced the grounds with their presence.
 The most perfect order was maintained on the grounds—not a single act to mar the happiness of any one.
 Mr. William Phillips, of Cambridge was selected as umpire, proved entirely satisfactory. The Salisbury team as is customary, went to bat first and had but little difficulty in locating Hillary's curves. They drew first blood, making two runs as their share of the first inning, thus breaking the ice and showing that the Salisbury team could hit hard and make a two base hit; Fitchman followed a hit; Kenney went out at first; Murray took the pitcher for a base on balls; Stidham was forced out; Fitchman hit safely; but was left on base by Elliott striking out; Webber and Murray having crossed rubber in the meantime.
 Cambridge now faced Kenney and but for error of Salisbury would not have made a single run. Winterbottom went easily to first. Seltzer got first base on an error; Trego was given first on balls; Hillary made a base hit and Seltzer and Trego scored; Chas. Hillary followed; Kenney got to first on error and Hillary, by peculiar base running, got home, Hirst going out and closing the inning. Score 3 to 2 in favor of the home team. This ended the run getting for Cambridge, as they were utterly unable to make connection with Kenney's "phantoms."
 Kenney was struck by a pitched ball in the seventh inning, and had to leave the game. Pursue took Fitch's place in right field, Fitch going into the pitcher's box. He was at his best, and the strong batters of the Cambridge team could do nothing with him. Cambridge only made four first base hits in the entire game, while Salisbury had twelve to her credit. Salisbury made four hits off Hillary in the second inning and scored three earned runs. They were blanked in the third inning, made one run in the fourth, but jumped on Hillary and made four runs and eventually clinched the game in the fifth.
 It was an off day for the Cambridge team. They were never in it for a single minute, but took their defeat gracefully as became old veterans. Here is the score:

Base Ball.
CAMBRIDGE VS. SALISBURY.
 On Saturday last, August 22d, the Salisbury base ball team went to Cambridge to cross bats with that city's famed team and incidentally to bury the tradition that has existed between the two towns, and to smoke the pipe of peace and good fellowship with our neighbors. The team was accompanied by quite a little delegation of base ball cranks, and the Cambridge people did themselves proud in the treatment accorded them. To Dr. Bell, who went to Cambridge that day, but what came home with only praise for the good time shown them, and a conscious inner feeling that after all Cambridge folks were generous Eastern Shoremen, and built of pretty much the same material as ourselves. To Dr. Bell, belongs the credit of fusing up the differences existing between the towns, and the two communities are most pleased with his management of the affair. But to the game.
 The day opened in Salisbury dark, gloomy and raining. The wind was in the right place for an all-day drizzle, this prevented scores of people from attending the game. In Cambridge, after dinner the clouds cleared away and their field was in perfect shape. A game between the giants of Peninsular base ball could not help but draw, and in spite of the fact that the Salisbury team had been increased forty per cent, more than five hundred people graced the grounds with their presence.
 The most perfect order was maintained on the grounds—not a single act to mar the happiness of any one.
 Mr. William Phillips, of Cambridge was selected as umpire, proved entirely satisfactory. The Salisbury team as is customary, went to bat first and had but little difficulty in locating Hillary's curves. They drew first blood, making two runs as their share of the first inning, thus breaking the ice and showing that the Salisbury team could hit hard and make a two base hit; Fitchman followed a hit; Kenney went out at first; Murray took the pitcher for a base on balls; Stidham was forced out; Fitchman hit safely; but was left on base by Elliott striking out; Webber and Murray having crossed rubber in the meantime.
 Cambridge now faced Kenney and but for error of Salisbury would not have made a single run. Winterbottom went easily to first. Seltzer got first base on an error; Trego was given first on balls; Hillary made a base hit and Seltzer and Trego scored; Chas. Hillary followed; Kenney got to first on error and Hillary, by peculiar base running, got home, Hirst going out and closing the inning. Score 3 to 2 in favor of the home team. This ended the run getting for Cambridge, as they were utterly unable to make connection with Kenney's "phantoms."
 Kenney was struck by a pitched ball in the seventh inning, and had to leave the game. Pursue took Fitch's place in right field, Fitch going into the pitcher's box. He was at his best, and the strong batters of the Cambridge team could do nothing with him. Cambridge only made four first base hits in the entire game, while Salisbury had twelve to her credit. Salisbury made four hits off Hillary in the second inning and scored three earned runs. They were blanked in the third inning, made one run in the fourth, but jumped on Hillary and made four runs and eventually clinched the game in the fifth.
 It was an off day for the Cambridge team. They were never in it for a single minute, but took their defeat gracefully as became old veterans. Here is the score:
