

SALISBURY ADVERTISER.

PUBLISHED WEEKLY AT
Salisbury, Wisconsin County, Maryland
OFFICE ON TOWN SQUARE.

Thos. Parry, Editor and Proprietor.

ADVERTISING RATES.
Advertisements will be inserted at the rate of One Dollar an Inch for the first insertion, and fifty cents an Inch for each subsequent insertion. A liberal discount to yearly advertisers.

SATURDAY, APRIL 2, 1887.

—On account of an increased demand for advertising space, we find it necessary to enlarge the ADVERTISER in order to give our reading patrons sufficient amount of reading matter. We shall make the paper nine columns, which will give four additional columns of news. We do not expect this demand to continue longer than the present season, after which we will contract to the present size. We find this course preferable to issuing supplements.

The News in General.
It is reported that another attempt has been made to assassinate the Czar of Russia.

Hecht Brothers, dealers and importers of fancy goods, New York, were damaged \$100,000 by fire Saturday night.

Rev. Ray Palmer, the celebrated hymnologist, and author of "My Faith Looks Up to Thee," died at Newark, N. J., Tuesday.

Governor Green, of New Jersey, has appointed Alexander T. McGill, of Jersey City, to succeed Chancellor Runyon, and has reappointed Judge Deane.

For cuts, bruises, sprains or strains, burns, scalds, frost-bites, chilblains, and bites of poisonous insects, nothing equals Salivation Oil. It annihilates pain. Price 25 cents a bottle.

The identity of the girl murdered at Rahway has not yet been discovered, and the assassin is still at liberty. Her tracks show that she was approaching Rahway from the country when she met her slayer.

Having used Dr. Bull's Cough Syrup in my family for the last three years, I find it the best preparation I have ever used for coughs and colds, giving almost immediate relief. B. W. Bates, 420 N. Com. Merchant, 118 Light St. Balt.

The great ocean race from New York to Queenstown, Ireland, between the Coronet and Danitess, was won by the former in 14 days 19 hours and 43 minutes. The Danitess although beaten finished 328 miles in 24 hours, the greatest run in one day on record.

Hon. Samuel H. Treat, judge for the United States District Court for the Southern District, died at his residence Springfield, Ill., Sunday. He was appointed to the United States bench by President Pierce in 1854 and was 73 years of age.

The Pennsylvania Railroad has been running local passenger traffic between New Brunswick, N. J. and Jersey City for the past few days in cars hauled by steam from the locomotive, and it has been found feasible to limit a limited number of cars by this means and maintain a sufficiently high temperature.

Mr. F. Bentscher, San Francisco, Cal., contracted a severe cold, and became so hoarse he could not speak. He tried a number of remedies without benefit, and even the efforts of two physicians failed to give the slightest relief. He was induced to try Red Star Cough Cure, one bottle of which entirely cured him.

The total estimated cost of the buildings now being erected in Birmingham, Ala., is two million three hundred and seventy thousand dollars. In addition to this, buildings are being erected in suburban, mining and manufacturing enterprises, upon which over one million is contracted to be expended.

Ex-Lieutenant Governor Thomas C. Reynolds, of Missouri, committed suicide in St. Louis Tuesday. He plunged down an elevator shaft eighty feet deep and was killed immediately. A letter found in his pocket indicated that his mind was deranged. He was sixty-six years of age.

The snow blockade on the Intercolonial Railway, in Quebec, is unprecedented. One train has been one hundred hours in covering two miles, and the snow-drifts where it now stands completely cover the telegraph poles. The outgoing English mail, which left Quebec Friday, is still stuck between Riviere du Loup and Rimouski.

Good Results in Every Case.
D. A. Bradford, wholesale paper dealer of Chattanooga, Tenn., writes that he was seriously afflicted with a severe cold that settled on his lungs; had tried many remedies without benefit. Being induced to try Dr. King's New Discovery for Consumption, ditto so and was entirely cured by use of a few bottles. Since which time he has used it in his family for all Coughs and Colds with best results. This is the experience of thousands whose lives have been saved by this wonderful discovery. Trial bottles 25 cents each at Dr. Collier's Drug Store.

Damage to Crops.
The freeze effectually killed the fruit and vegetable crops in South Carolina. Around Charleston the potato, cucumber and pea crops are ruined, and the berries set back several weeks. In Barnwell, where all the melons are raised, most of the fields were killed outright, and will have to be replanted. In Alcon county, where some most of the early peaches, plums, etc., shipped North, the fruit is killed outright. The freeze has cost Charleston over \$700,000, and the State over \$1,500,000.

Ducklin's Arnica Salve.
The Best Salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, letter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Dr. L. D. Collier.

Information in Crops in Maryland.
Information has been received by N. L. Gosch, & Son, grain dealers of Westminster, from various parts of Carroll county that the high winds and extremely cold weather of the past few weeks have damaged the growing grain considerably. This is particularly true of the western parts of the county and Benning's Valley, which are considered the most fertile portions of the county. The grain in the vicinity of Westminster was not so much damaged as in other districts.

Fatal Accident.

Mr. Elias Taylor, who resides on Meade, in the Western district, about five miles from this town, met with a terrible accident on Friday afternoon last. He went to the steam mill of Messrs. Pusey & White, which is located about three miles to the northwest of Princess Anne, and in passing through the mill he stepped on the carriage, which was unsteady, and fell. The right hand came in contact with the large revolving saw blade, in his efforts to free himself his left hand was struck by the saw also. Both hands were nearly severed. The wounded man was brought to this town as rapidly as possible, and Dr. Rufus W. Dashiell and Dr. G. Paul Jones, attended him and dressed his hands, which were torn in shreds, and presented a sickening appearance. Mr. Taylor is over sixty years of age, and exhibited great nerve while the doctors were engaged in dressing his wounds.—*Somerset Herald.*

Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma, and all Throat and Lung Affections, also a positive and radical cure for Nervous Debility, and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by enclosing with stamp, naming this paper—W. A. Noyes, 149 Power Block, Rochester, N. Y.

"That's What the Man Said."

The following is the only ongoing official furnished the press from the B. and O. Building in Baltimore Tuesday: "Major Nichols has just sent in word that he heard a man in the street (talking with another man) say that he heard from another man who told a friend of his that a man was heard to say that another fellow told him at a private party in Washington last night that man said to another man that in the course of a short time a man would be produced who saw a man tell another man that in the event of a sale a man could be found who sold another man that there had been some excitement over a deal. That's what the man said."

A Happy Man at Mount Joy, Pa.

Mount Joy, Pa., July 25, 1884.—Dear Sir:—For the benefit of the afflicted I desire to relate my case. All this spring and early summer I suffered from a painful and exceedingly annoying skin disease, breaking out in water eruptions around my neck and on other parts of my body, and itching almost to intolerance when I respired. Neither could I rest at night. When the circulation of your "Aromanna" were sent around I at once bought a bottle and commenced using it. And now, after using about three bottles, I am entirely cured of my annoying disease, and I feel healthier and stronger than for several years past. H. H. Harshbath, Sold by Dr. Collier, Salisbury.

French Crops not Damaged.

Special dispatches from Cambridge and Easton to the Baltimore Sun of Thursday stated that no material damage to peaches had yet been done by the exceedingly cold weather. The trees were dry and were therefore in a better condition to resist the damaging influence of the cold.

Free Trade.

The reduction of internal revenue and the taking off of revenue stamps from Proprietary Medicines, no doubt has largely benefited the consumers, as well as relieving the burden of home manufacturing. Especially is this the case with Green's Lung Tonic and Beech's German Syrup, as the reduction of thirty-six cents per dozen, has been decided to increase the size of the bottles containing these remedies, thereby giving one-fifth more medicine in the 75 cent size. The August Flower for Dyspepsia and Liver Complaint, and the German Syrup for Cough and Lung trouble, have perhaps, the largest sale of any medicines in the world. The advantage of increased size of the bottles will be greatly appreciated by the sick and afflicted, in every town and village in civilized countries. Sample bottles for 10 cents remain the same size.

Anxious for a Return Home.

A prominent sporting man of New York has notified Messrs. Bush and Cahill, owners of the yacht Coronet and Danitess, that he will, upon receipt of their approval, offer a \$5,000 cup for a return race between the yachts from Fastnet, Ireland, to Sandy Hook.

Do You Know?

That Dr. King's "Swiss Balsam" is the best remedy for coughs, colds, croup, bronchitis, etc.? That "Swiss Balsam" will cure that neglected cold? Delays are dangerous! That "Swiss Balsam" contains no morphia or opium, thus making it the best and safest cough remedy for children? Pleasant to take. That this valuable remedy only costs 25 cents a bottle and can be had at Dr. Collier, Salisbury, and Country Dealers.

Wanamaker's.

Philadelphia, March 28, 1887.
On Monday, April 4, we shall make an exhibition of Dress Materials, including Silks, the like of which has never been seen in this country. The pick of the loom-work of the world, in quantities that you never dreamed of, and displayed so that every fabric and style will stand out in bold relief.

Also the newest costumes for ladies.

"It will be worth crossing a continent to see."

Thanks to the mail order system, you can write for anything you want, and get it, too.

The newest things in women's English suitings are in 60 to 70 styles of them. A lady yesterday said she'd found no stock so complete in New York, and nothing approaching it elsewhere in town. That's what plenty more'll say.

Bricks! Bricks!!

The Salisbury Brick Co. are now ready to furnish prices to all who are in want of Bricks in this section. Our Yard is the Largest South of Wilmington, Del. ITS CAPACITY IS 25,000 PER DAY.

- 1.—Skirt, cambric ruffles, tucks above, 35 cents.
2.—Blind embroidered and ruffled skirt, 75 cents.
3.—Chemise, square yoke, seven rows of insertings and neatly embroidered band, 50 cents.
4.—Blind embroidered and ruffled drawers with three clusters of tucks above, 75 cents.

Try if you can get the material in either of these for the price.

A Chestnut street window full of the pretty, piquant French Sateens. Some of the colorings, some of the designs, you can find nowhere else. Exquisite exactness in the printing. Plenty of random, here-and-there, slapdash work on these shimmering stuffs, but it isn't in the printing. Not a color awry, not a tint amiss. The jumble's always in the figures; half the charm's sometimes in the jumble. 37 1/2 cents. That's for the newest of the pretties. American Sateens, 12 1/2 to 25 cents.

Complete outfits for Baseball, Cricket or Tennis clubs. High price or low price. Does the boy want a bat and ball? 18 cents 'll buy both, or he can pay a dozen prices up to \$2.25 for them. Lots of sport possibility for little cost or much as you choose.

You don't expect much of a 4-button Swede glove for 75 cents a pair. Right as a rule; not right now. These are good, very good. Well made, soft, strong; a big 75 cents' worth already. More; they're embroidered. The 6 and 8-button mousquetaires at 87 1/2 cents and \$1 aren't embroidered. That would be asking a little too much.

Every thing in fishing things that Abbey & Imbrie the famous New York dealers have, and at Wanamaker's prices.

[This is for information, too, besides advantage.] A little history will brighten our business side to you. Edward Harris was pioneer of Cassimere makers in the United States; his race has multiplied. The goods have never lost, by a single piece or day, through faulty quality, their first high reputation; honest as wheat—for more than two generations (the mills passing meanwhile from father to sons), their good standing has known no set-back; good now as ever—better; improved machinery, improved methods have helped to make them better.

Your forefathers wore them; boy and man waiting goods to wear as sturdily as Yankee probity, got Harris' Cassimere.

Now, then, by close bargaining, and a less profit than we deserve, we have Harris' goods at a price to make a noise over.

The Master Piece of Art and Perfection in a Cook Stove, the **OTHELLO RANGE**.

FOR SALE BY L. W. GUNBY, SALISBURY, MARYLAND.

QUESTIONS AND ANSWERS.—Mr. Gunby, why do you buy so many stoves at a time? To take advantage before the advance in price. We have the Othello Range in stock, and we do not get out stoves from the extreme West excepting the addition of \$8.00 to \$10.00 freight to be added to the cost of the stove. We do not employ men and teams at a heavy expense to drive our stoves over the country, all to be charged to the price of the stove. I do not place the burden of the OTHELLO RANGE to every disadvantage by buying. First by not making him pay three prices. Secondly he does not have to send to a remote part of the U. S. for a stove, but he has to carry the stove in a machine shop for repairs. All the parts can be bought of me and placed in the stove at home, thus saving the cost of a stove. Thirdly he saves the giving of money to strangers—a dangerous proceeding. Knowledge and experience is what he desires. I do not make your attention to something that is new and experimental but to the OTHELLO RANGE, the tried, true and faithful cook stove, recognized by all the intelligent people of this town and vicinity as the best cook stove made. The OTHELLO RANGE with 21 pieces of cooking utensils and pipe-stuff, all cleaned and put up, and guaranteed to give entire satisfaction for \$245.00. We sell the OTHELLO RANGE in towns and cities and do not confine our sales exclusively to the people living in the country.

of Main and Bridge streets, upon which

he will erect a building lately purchased

from the Rev. J. H. Smith, Esq., which

he will occupy as a store.

The economic properties of the

House have been decidedly improved by

strengthening the roof with iron rods

at the windows. One speaking in a

tone can be distinctly heard now all

over the room. The experiment which

is a mere nominal amount has proved

an entire success.

The nominating convention for town

commissioners was held Monday night

in the court house, Thomas F. J. Rider

called the meeting to order. The follow-

ing gentlemen were nominated to be

voted for on next Monday: Thomas

Humphreys, John P. Owens, William A.

Traylor, Sewell T. Evans and Herbert

Hitch.

Mr. Aubrey Perdue of Parsonsburg

was thrown from his buggy last Thursday

and severely hurt about the head, while

driving a young horse. He was un-

conscious for quite a while and it was

not thought that he was seriously in-

jured. He afterwards regained conscious-

ness and was taken to his physician, Dr. G. W.

Todd, reports him doing well.

Much fear was entertained Thursday

by the farmers in this county while the

snow was falling thick and fast, that the

atmosphere might get considerably colder

during the night, and freeze enough to

materially damage the peach crop. There

was, however, no freeze fortunately, and

on Friday morning the weather was

milder than that of the preceding day.

Rev. M. J. Eckels received a tele-

gram Saturday morning last from Carlisle,

Pa., announcing the death of his brother,

Mr. Frank Eckels a young man of about

30 years of age. Mr. Eckels left here

Sunday night on the midnight expres-

sion holding his regular services in the

Presbyterian church. The funeral serv-

ices of his brother were held on Mon-

day.

Mr. George W. Bell, who has been

teaching law in the office of E. Stanley

Toadvine, Esq., for the past two years,

was presented to the Court for admission

to the bar last Thursday night by Mr.

Toadvine. The Court referred the ap-

plication to the examining committee

consisting of James E. Ellegood and Tho-

mas Humphreys, Esqrs., and Col. S. A. Gra-

ham.

The school property on East Ches-

ter is advertised for sale last Tuesday,

was offered, but not sold, on account of

price offered. The board will defer action

in ordering plans for the High School

building in the hope of finding a pur-

chaser for the property. If it cannot be

disposed of at a fair valuation, they will

abandon the idea of erecting a six-room

building.

Mr. Wm. H. Jackson has purchased

second finger from the hand at the second joint, and so badly injured the third finger that it became necessary to amputate it between the first and second joints. He was brought to Salisbury late in the afternoon in a very weak condition and put under the treatment of Dr. S. P. Dennis, who rendered surgical and medical aid.

Last Sunday morning a tenant house belonging to L. E. Humphreys, Esq., situated about four miles from Salisbury on the Wicomico and Pocomoke railroads, took fire from a spark falling on the roof and was soon burnt down. Mr. Purnell Johnson who was occupying the house at the time was in his room reading when he heard a noise on the roof. He immediately ran out and found that the roof had already fallen in and the fire burning rapidly. The house was soon destroyed. By hard work Mr. Johnson managed to save a considerable quantity of his furniture. The building was an old one, having been erected about 60 years ago. It was valued at \$700, and was insured in the Farmers of York Insurance Company for \$400.

DELMAR MARCH 31.—Master Edgar Suttiff has a position as news agent on the N. Y. & N. Railroad.

Miss C. A. Parker and W. S. Hitchens have entered into partnership, succeeding Miss Annie Lewis.

Elder C. W. Toole is expected to preach in the Missionary Baptist Church, Sunday, April 3rd, afternoon and evening. It is probable that other meetings will be announced.

The Orphans' Court. The Orphans' Court was in session Tuesday last.

Wills of John S. Hamblin and Manaan Gum were admitted to probate. Bonds of Wm. E. Sheppard, administrator c. t. a. of John S. Hamblin and Wm. A. Gum, administrator c. t. a. of Manaan Gum, Wm. A. and Eugene M. Oliphant executors of James P. Oliphant were approved.

Account of sales of Wm. F. Washington was rendered to be recorded. Adjudged to meet Tuesday 12.

In Memoriam. "What I do thou knowest not now, but thou shalt know hereafter."

Gently passed away on the morning of the 22nd inst. after a lingering illness, at the residence of her grandfather, John Turner Walter, Mrs. Mary P. Walter, in the fourteenth year of her age, daughter of Ware C. Walter and Alice Turner Walter, (dec).

She was a child of singularly winning character and was loved by all who knew her, and it is not truly a joy in the midst of our grief to know that her young feet shall never more tread the earthly paths of sin and sorrow but with many loved ones who have passed on before shall henceforth walk the golden streets of her Home in Heaven.

Where light is found And joys abound And sorrow's night is forever gone."

Pittsville Items. PITTSVILLE, MARCH 31.—Died at Whitesville, Del., March 28th, Mr. Southey Tullitt, of paralysis.

Married on the 30th inst., at the M. P. church at this place, by the Rev. J. A. Weiland, Mr. George W. Parker and Miss Hester Truitt, both of Pittsville. The parties received many valuable presents from their friends.

Married on same date, by Rev. J. A. Weiland, at the residence of the bride's father, Mr. J. O. Williams and Miss Edin German all of this county.

The Probate Court at this place assembled at the M. P. Parsonage on the evening of 29th inst. where they, with their invited friends, were abundantly served with ice cream and cake.

Mr. R. N. Gibbons, who has been sick for the past two weeks is now out and able to be at his business again.

County Commissioners. The County Commissioners were in session Tuesday. A full Board was present.

The principal business consisted in making statements and transfers of property on tax books.

B. R. Dashiell was authorized to allow Isaac J. Street \$9.50 taxes on property erroneously assessed.

Account of Wilber F. Roberts, witness fees at the January term of court in 1885, was allowed and ordered paid.

Anelia Jarrett was given an order of \$1.83 on B. R. Dashiell for taxes erroneously levied.

Reports of examiners on public roads petitioned for by Leonard Morris, and others in the fourth and sixth districts, and by Messrs. Wm. Greenleaf and others in the fourth district were received and action on same deferred till next meeting. Adjourned to meet Tuesday 12.

Died's Best News. A young man came to Salisbury not many Saturdays ago to procure his wedding outfit preparatory to getting married on the following Wednesday. He purchased his conventional black suit from one of our leading merchants and then went to the court house to take the county book in the intention of taking a partner for life.

The young man went home in high glee but it was not to last long. On Monday he was informed by his venerable sire that the marriage with the lady in question would incur his lasting displeasure. This was more than was expected. Fearing that he would be disinherited he returned his clothes to the merchant and hired a substitute to tell the young lady that the marriage was off. Each of the parties gave a \$500.00 to the merchant on the night that the knot was to have been tied. It is not yet known how the young gentleman is going to dispose of the money.

Death of a well known Lady. Mrs. Lida, And. wife of John M. Dashiell died at her home on Camden avenue last Thursday morning at 1 o'clock. She was 78 years of age. Her husband died 78 years ago. Mrs. Dashiell belonged to one of the oldest and best known families in the county. Her mother was a Madock a sister of the late Martin Madock; her father, John Madock, of the same name; next of

try from Ireland about 1780 and settled on a large tract of land situated about one mile from this town. This tract has been the homestead of the Leonard family for four generations. It was sold by the deceased about four years ago to her cousin Col. Wm. J. Leonard. It was the desire of Mrs. Dashiell that she should be buried in the family vault on the homestead, by the side of her ancestors where three generations of whom now sleep. The deceased was a member of the O. S. Baptist church and has always led an exemplary life. She leaves no children to comfort her bereaved husband in his declining years.

An Indictment for Murder. Thomas Ellis, the town night watchman, who shot and killed young William Moore on November 3rd last while trying to arrest him, was taken into custody last Thursday by Sheriff Austin on a presentment by the Grand Jury for murder. The facts of the case are these, as published in the Advertiser on November 6:

On Saturday night the 16th of October, Mr. Ellis was shot near Main street bridge by a party whom he was trying to arrest for firing a pistol in the street. Investigation warranted Mr. Ellis in believing that young Moore, was the culprit. He swore out a States writ and placed it in the hands of bailiff Kennedy. The two went to make the arrest. Young Moore resisted the officers and was aided, it is said, by his father and brother who were present. Young Moore first seized a large chisel but was caught by officer Kennedy before he could get chance to use it. He then took from the pocket of a coat hanging near a pistol and attempted to use it with the officers.

In the scuffle this ensued he was shot by Mr. Ellis, the ball entering the right side of the abdomen between the 8th and 9th ribs. Mr. Ellis claims that the act was in self defense. The wounded man was taken to the jail and treated by Drs. H. L. and Geo. W. Todd. He died at 3 o'clock Thursday morning from the effect of the wound. A jury of inquest was summoned and rendered the following verdict:

"That the said William T. Moore came to his death from a pistol shot fired by Thomas Ellis, said county and State, and the jury further say that they are unable to agree as to whether the said Ellis is legally justifiable or not."

Temperance Meeting. An Auxiliary Meeting to the Maryland State Temperance Alliance was held in the M. P. Church this town, last Tuesday 29th. Rev. J. A. Weiland, Vice-President for Wicomico, called the meeting to order and stated its object. The meeting was organized by electing Mr. Emory L. Williams chairman, and Mr. F. W. Harold Secretary. Rev. M. J. Eckels and Mr. J. W. T. Robertson were elected delegates to the State Convention, to be held in Baltimore, April 28.

Before adjournment the following resolutions were adopted:

Resolved by the members of the county organization of the State Temperance Alliance, That we feel it our duty to inform the county clerk of every case, within our knowledge, in which the applicant for a liquor license may not be of good moral character, or of any one of the eight freeholders signing that application for a liquor license who shall not be, as the law says, of good moral character and in a legal sense substantial freeholders.

Resolved Secondly, That we publish the names of all such applicants for liquor licenses and the freeholders signing such applications.

Resolved Thirdly, That we appoint a committee to see that the resolutions are enforced. The committee are empowered to appoint sub-committees through the District to assist them.

The committee authorized the publication of the minutes in the local papers. The principal feature of the meeting seem to be the steps of the organization to have the application for the license, together with the signatures of the freeholders verifying the requirements of the law, to be published in the local papers. Efforts have been made by the temperance people of the county heretofore have the names of the freeholders published, but it was after the application was in, and without previous notice of any intention to do so. It is but justice to persons who are willing to accommodate applicants for licenses that this notice in advance be given, that no one can complain of undue publicity given to his acts.

The Circuit Court Proceedings. The Circuit Court for Wicomico was called Monday morning at nine o'clock, there being present on the bench Judges Irving, Goldsborough and Holland.

The grand jury was sworn by Judge Irving A. Bonds, foreman, Jos. G. Davis, Jos. C. Bell, Thos. J. Walter, Lloyd W. Taylor, Levin W. Malone, Joshua R. Farlow, Jno. P. Owens, Francis A. Taylor, Leonidas T. Acworth, Geo. B. Venables, E. Sydney Turner, Randolph Humphreys, Robert H. Smith, Wm. J. Bonds, J. Thos. B. Moore, Jno. W. Smith, Benj. D. Farlow, Geo. A. Gooles, Hiram J. Burgess, Dr. Geo. W. Trutt, Wm. F. Allen and Thos. Layfield.

Judge Holland delivered the charge to the jury.

Dr. Simmons, the clerk of court, announced 44 cases on appearance docket, 13 on appeal, 47 on trial, 10 on reference, 12 on criminal appearance and 14 on continuance.

In the afternoon the appeal case of E. Wilson vs. Joe. Huxton came up for trial. The decision below was reversed, and judgment of \$2000 was rendered for the appeal. Col. Graham appeared for the plaintiff and J. E. Ellegood for the defendant.

On Tuesday the case of State vs. Leonard Malone for changing the course of a public road known as the "Sawmill road"

Point, on the Wicomico river. Mr. Malone was acquitted. Rider for Stee and Graham and Ellegood for defense. On Wednesday two appeal cases were brought before court for trial. The first was that of State vs. the Capt. of the schooner George and Henry for illegal dredging in the waters of the Wicomico river. Soon after the offense was committed the captain, escaped arrest and fled. His schooner was seized and condemned by Justice W. J. Wallis, and fined \$100. The captain later, on returned, paid the fine, and took an appeal to recover the \$100. His counsel, Col. Henry Page, claimed that the justice had no right to impose a fine on the boat when the captain was not present to be tried. The court reversed the decision, but the captain did not recover his \$100, as the money was already in the hands of the State treasurer. The second was also for illegal dredging. It was one preferred by the State vs. the

With regard to the yellow color of the canaries, I have had a communication from Mr. Darwin's friend, the late Mr. A. S. Rees, a resident in Belgium, Germany, and England.

(A point with which temperature or climate may have had something to do), the birds there up to the feathers small patches of yellow of lighter color, and by carefully matching those birds that had the largest number of these patches the breeders at length, and after a considerable period, succeeded in obtaining bright and uniform yellow color, more closely resembling what are called the "dear" birds of today.

The application of the phrase, "canary color," to indicate a special shade of yellow, though general, is not justified by the facts. Canaries of pure breed are to be found of many colors. Whole breeds are green; and, by feeding on pepper and other seeds, canaries have been produced of cinnamon and coffee color, and even of red; and in the Lizard variety, the bird, though yellow in the crown, is elsewhere shaded and speckled in the most lovely manner.

"Consumption can be cured." A very amusing mistake recently occurred in one of the public schools. The reading class was up, and a bright little fellow was reading away with decided firm. The teacher was listening with admiration, but presently was startled when she heard, "And he garbled his teeth with rags." What's that? What did you say?" she quickly asked. The answer came in childlike simplicity: "He garbled his teeth with rags." The teacher could not refrain from laughing outright when she saw how her pupil had misinterpreted the sentence. "He garbled his teeth with rags,"—Richard Stoddard.

The Cock on the Steeple. Why should cocks figure on the tops of steeples? Christians connect the custom with the reproach the cock used to place on St. Peter. But the cock used to be placed on the tops of steeples long before the days of St. Peter, and in North Germany it still stands upon the may-poles. It was partly a watchman and partly a weather prophet, and by its crowing it could dispense evil spirits and all approaching calamities. Its life was sacred in India and Persia, and the killing of a cock as a crime against the gods was punished with death. In the old German superstitions of the mountains, the killing of a cock as a crime against the gods was punished with death. THE BUFFALO.

Only a few hundred left in the United States—A. W. BRIDGES.

A letter from E. Paso, Texas, to the New York Sun says: I was told when I came here that if I wanted to find out what was trustworthy concerning the extermination of the buffalo, Captain Jack Bridges was the man to see.

As far as I know," said Bridges, when talking on the subject, "and I try to keep fast down the cheeks. They were the tears of a new-born soul, stirred to its depths by the first sight of Jesus, and as the light of Heaven glinted through them, and made her own eyes weep for joy—"In those tears," said the princess, "I saw my diamonds again!"

The Giant Birds of New Zealand. The discovery of the Dinornis by the illustrious zoologist, Richard Owen, is famous as one of the most notable facts in the history of science.

Four years later Owen was able to show, by the comparison of many fragments of skeletons which had reached him, that there had been at least six species of these gigantic birds. With additional materials, in 1850, he had increased the number of species to eleven, classed in three genera, and varying in size from a kind no larger than the great bustard (or about five feet high) to one—the Dinornis, in 1850, he had increased the number of species to eleven, classed in three genera, and varying in size from a kind no larger than the great bustard (or about five feet high) to one—the Dinornis, in 1850, he had increased the number of species to eleven, classed in three genera, and varying in size from a kind no larger than the great bustard (or about five feet high) to one—the Dinornis,

The necessary material for enlarging the Advertiser did not come in time to be used this week, so we were compelled to defer the matter for one week longer.

By the death of John G. Saxe of New York, America loses one of her most gifted poets. He was thoroughly American in every thing which he wrote. American ideas were always put forth with a plenty of wit.

In the death of Mr. Hugh Jackson, our town and county has lost a substantial and honored member. Although his course in life has been positive and decided, and marked by his strong personality, no one can say against Mr. Jackson's public or private life. No more fitting tribute can be paid to his memory than that which the Court paid in its adjournment Thursday to give the bar and public officials an opportunity to attend the funeral.

We will see nothing that promises a first class hotel in our town. So far no steps have been taken that give promise of a house commensurate and keeping with our town when rebuilt. At present there are three or four good sites for such a hotel, any one of which can be purchased at a reasonable price. As the number of eligible sites decreases the price will increase. The cost of such a house will probably be more than any one person would like to invest in such an enterprise. Let, therefore, the capitalists of the town organize a company, for the purpose. The sooner the better.

In compliance with the Interstate Commerce Act the railroads on the peninsula have issued their new freight and passenger schedule. On some classes of goods there are material changes, in others there are none. The new rates on first-class matter to Philadelphia is 12 1/2 per cent. less than the old; second class freight is the same; third-class matter is 6 per cent. lower; fourth class, 7 per cent. lower. Two additional classes for freight have been added under the tariff, the fifth and sixth. This will, perhaps, cause some freight to be classed higher than heretofore. Rates to New York on first, second and third-class goods average about 2 1/2 per cent. less. On first-class goods it is 3 1/2 per cent. less. In this class are included dry goods, confectioneries, clothing, millinery and notions. Eggs are cheaper than heretofore. The price per crate from here to Philadelphia has always been 19 cents. They are now classed at second rate and carried for 1 1/2 cents, and the empties returned manifested for 3 cents, making the rates 17 cents and the company responsible for the empties. Potatoes per bbl. will be 40 cents to New York and 35 cents to Philadelphia; vegetables 20 cents per bbl. to either place. The New York, Philadelphia and Norfolk company have not yet issued their fruit rates. This is the table that most interests our people, and we shall watch it with a great deal of interest. A one or two dollar freight bill on a five hundred dollar bale of goods is an inconceivable sum, but a few cents additional freight on a package of fruit frequently represents all the profit there is in it to the grower. From the rates already issued, however, we have reason to believe that the company will deal justly with its patrons.

Don't Experiment. You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at Dr. Collier's Drug Store.

Ships Overdue. The English steamship Carmona, which left Barrow, England, on February 23 for Philadelphia or New York, has been given up for lost, with all on board. She had a full cargo of steel blooms, consigned to Brms in Philadelphia. Capt. J. A. Halloway commanded the vessel, and had a crew of 33 men. The vessel and cargo are insured for \$300,000. Nothing has been heard from the schooner Rebecca A. Taulane, which sailed from Philadelphia on March 4, for Boston with a cargo of 600 tons of coal. The Philadelphia schooner Henry May, from Fernandina, Fla., with a cargo of lumber, is also overdue.

Saved His Life. Mr. D. I. White, of Horse Cave, Ky., says he was, for many years, badly afflicted with Phthisis, also Diabetes; the pains were almost insupportable and would sometimes throw him into convulsions. He tried Electric Bitters and got relief from first bottle and after taking six bottles, was entirely cured, and had gained 15 lbs. in sixteen months. Says he positively believes he would have died, had it not been for the relief afforded by Electric Bitters. Sold at fifty cents a bottle by Dr. Collier.

Captain John Grant, a native of Pennsylvania died in New Orleans Tuesday, age 92 years. He was a railroad contractor, and built the Ponchartraine Railroad and ran the first locomotive over it. He also designed our Great Falls, making an improvement for the mill boats plying between New Orleans and Mobile. Thirty years ago Captain Grant leaves a wife and six children, including a daughter.

Wanamaker's. Philadelphia, April 4, 1887. A great to do in the store this week. A grand occasion in Dress Materials, including Silks, the first part; Millinery, too, the last part. They say our Millinery is away beyond anything we've ever shown before. It has the whole of the Chestnut and Thirtieth Streets corner.

you can send a letter for either samples or goods.

Let nothing hide those half-hundred English Dress Cloths, those wonderful mixtures and checks and stripes and plaids and combinations. The wonder is in the number as well as in the fineness and the elegance. Half a hundred ladies might have dresses of them, and the stuffs differ so that you'd hardly trace a resemblance when the wear by some fine "camel's-hair" in the light spring shades. Always stylish and dressy; something you can rely on. 42 in., 85 cents, \$1 and \$1.25.

Crinkled Seersuckers. More than ever before and prettier. Variety of effects indescribable; from narrow stripes and small checks to wide stripes and large checks, besides novelties by the dozen. 10 cents to 25 cents.

Linen Lawns. Cost too much for a season or two to hold up against the "Union" stuffs—the mixed cotton and linens. Won't crowd the "Unions" out now, but the price should get back some lost ground. It's worth a little extra to get something so light, and strong and neat as these printed linen lawns. Colors that won't fade, that'll be bright as long as the stuff lasts. Every thread linen; modest little figures; especially fit for girls' wear. Pink, blue, black and plain white, 25 cents. A new day dawning for the linen lawns.

Shethland shawls. A little lot from last year. We want the m to go before the new ones come. Half price 'll be the

China Matting was scarce last year, so 'twas said; but you found them here. Likely to be scarce in the same way again. Some of our patterns and qualities are scarce now, so scarce that you'll find them nowhere else. [Same thing in carpets.] They say matting is getting better every year. It looks so. Every grade of Jointless, Damask, and Fancy. If you don't care to cover the room, we'll make them as a rug. Plenty of small rugs. Special prices by the roll of 40 yards or to hotels and institutions. A Fancy at \$5.50 a roll. By the yard 16 to 65 cents. We'll send a sample or two by mail if it isn't handy to come and see.

Mitcheline spreads. Light weight, Summer weight. Seem to fit in with China matting on floors and screens in windows. Bright, cheerful, and don't show every speck of dust. Blue, buff, pink and bronze. \$2.25; have been \$3.

We've had the baby in mind, too. Long and short dresses in a variety of styles, cloaks, caps and many catchy designs in zephyr goods—sacks, afghans, mitts, booties and little knick-knacks.

THE NEWS IN GENERAL.

The Latest News Items Gathered from the Morning Daily Papers.

Mr. L. D. Vinson, Cashier D. & I. R. E., has tried and endorsed Red Star Cough Cure.

Mr. Thibodeau, the labor candidate who was defeated for Congress by Speaker Carlisle, has withdrawn his contest for Mr. Carlisle's seat.

A special from Hancock, Mich., says: "Decidedly the worst snowstorm of the season is just over. The snow is thirty-four inches deep and drifted badly."

The Interstate Commerce Commission has passed an order relieving Southern railroads from the long-and-short-haul clause of the interstate law for 90 days.

The complete count for mayor of Cincinnati Tuesday shows: Smith, (rep.), 17,968; Mason, (dem.), 11,891; Stevenson, (labor), 17,367. Smith's plurality 569.

Assistant Secretary Fairchild has been appointed Secretary of the Treasury as successor of Daniel Manning resigned. Judge Maynard has been appointed assistant Secretary.

Mr. Arthur Shurtliff, Parker, Dakota writes that he suffered for two years with a lame knee, which was entirely cured by the use of St. Jacobs Oil. He considers it a most wonderful remedy. It conquers pain.

March fires, according to the New York Daily Commercial Bulletin's estimate, cost the United States and Canada \$10,410,000, or about \$3,000,000 above the average in that month for a dozen years past.

One of the drawbacks of married life is the sickness of the little ones. For a cold or cough you cannot find a better remedy than Dr. Bull's Cough Syrup. Nearly all physicians prescribe it and no family should be without it.

A fire in Boston Thursday afternoon destroyed the building No. 95 Milk street, occupied by several firms, and damaged adjoining properties. The total loss is estimated at \$150,000, of which Wright & Potter, printers lose \$100,000.

At San Francisco, Saturday, Harry Wilkes beat his record of 2,143, making the mile in 2:13. Since Broc. have purchased the half interest of Frank Vanness in Harry Wilkes for \$12,000 and the horse has become their sole property.

An Old Story.—Look at a human being when under the influence of that terrible torture, rheumatism. Trivial symptoms were neglected until the disease became established, whereas all the long years could have been prevented by the prompt use of Salvation Oil, costing only 25 cents a bottle at all drug stores.

The Pacific coast steamer Mexico, plying between San Francisco and Puget Sound, was wrecked on Thursday night, four miles south of Plumpus Pass, Vancouver's Island. All hands were saved. The loss on the vessel is \$150,000. The loss on the cargo is not yet known.

The Hotel Del Monte, at Monterey, Cal., was destroyed by fire on Friday night. There were 300 guests in the hotel, mostly eastern people. No lives were lost, but none of them were able to save their trunks or clothing, and many ladies suffered severely from the cold at the hotel grounds, where they had to pass the night. The total loss, including losses of guests, is estimated at nearly \$2,500,000.

Early Tuesday morning about seventy armed and undisciplined men took from the jail at Yorkville, South Carolina, five negroes, charged with the murder of a white lad of twelve named John Lee Good, who hanged them about a mile from Yorkville. They had been confined at Yorkville for safe-keeping, and were taken to Yorkville Saturday for trial.

The steamship Saragossa has foundered at sea, as far as can be ascertained, 350 miles north of Walling or San Salvador Island, one of the Bahama Group. Crew and passengers were all saved. She sailed from Baltimore March 18, and left Hampton Roads the following day, for Port Antonio, Jamaica, with a cargo of bananas. Mr. J. E. Bell, of J. E. Bell & Co., Baltimore, was a passenger on the vessel, and was on a business trip.

Joseph H. Bradley, the well-known lawyer, died at his residence, No. 1517 Twenty-Ninth street, Washington, D. C., at five o'clock Sunday afternoon. Mr. Bradley was born on New York avenue, near Seventeenth street, on the 22nd of March, 1803. His father, Hon. Abraham Bradley, came to this city when the public offices were removed from Philadelphia in 1801, and he held the place of Assistant Postmaster-General until after the accession of Gen. Jackson to the presidency.

The statue of General Albert Nelson Johnston, in Metairie cemetery, at New Orleans, was unveiled in the presence of 10,000 spectators Wednesday. Among the veteran associations that attended were several Grand Army posts. The ceremonies included music, the reading of poems, an oration by Senator Gibson, a speech by Jefferson Davis and benediction by Bishop Gallagher of the Protestant Episcopal Church. A letter was read from President Cleveland in response to an invitation to attend.

The municipal election in Chicago Tuesday resulted in the election of John A. Roche, a republican candidate for mayor, by about 30,000 majority over Robert L. Nelson, the labor candidate. Returns from all but three precincts place Roche's majority at 28,166. The contest was between the republican and labor candidates, there being no democratic ticket in the field. The democrats generally gave hearty support to the republican ticket. The labor party elected only two aldermen.

The State election of Rhode Island took place Wednesday. Davis, (democrat), has a plurality for Governor of probably 1,500, together with the rest of the democratic State ticket, except the attorney-general, which is still in doubt. The city of Providence returns are not yet in, and the election hangs in the balance. Wetmore heads Davis slightly, but the city has gone strong for the democratic candidate, and will probably give him a majority. It is not so thought that the entire democratic ticket has been successful, although that was the result anticipated. The prohibition vote is a failure, and the woman suffrage vote made a poor show.

HALT AND CONSIDER!

The Master Piece of Art and Perfection in a cook Stove, the

OTHELLO RANGE

FOR SALE BY L. W. GUNBY, SALISBURY, MARYLAND.

QUESTIONS AND ANSWERS.—Mr. Gunby, why do you buy so many stoves at a time? To take advantage before the advance in prices, the larger quantity bought, better price bought at, and the saving of freight. We do not get stoves from the extreme West necessitating the addition of \$2.00 to \$3.00 freight to be added to the cost of stove to the customer. We do not employ men and teams at heavy expense to drum our stove over the country, all to be charged in the price of the stove. I do not place the buyer of the OTHELLO RANGE to every disadvantage in buying. First by not making him pay three prices. Secondly he does not have to send to remote part of the U. S. for repairs. My he does not have to carry the stove to a machine shop for repairs. All the parts can be bought of me and placed in the stove at home, thus saving the cost of a stove. Thirdly he saves the giving of notes to strangers—a dangerous proceeding. Knowledge and experience is substantial and what is desired. I do not ask your attention to something that is new and experimental but to the OTHELLO RANGE, the tried and faithful cook stove, recognized by all the intelligent people of this town and vicinity as the best cook stove made. The OTHELLO RANGE with its pieces of cooking utensils and pipe and all cleaned and put up, and guaranteed to give entire satisfaction for \$29.00. We sell the OTHELLO RANGE in towns and cities and do not confine our sales exclusively to the people living in the country.

An Event in Oak Hall Spring Clothing.

[This is for information, too, besides advantage.]

A little history will brighten our business side to you. Edward Harris was pioneer of Cassimere makers in the United States; his race has multiplied.

The goods have never lost by a single piece or day through faulty quality, their first high reputation; honest as wheat; for more than two generations (the mills passing meanwhile from father to sons), their good standing has known no set-back; good now as ever—better; improved machinery, improved methods have helped to make them better.

Your forefathers wore them; boy and man wanting goods to wear as sturdily as Yankee probity, got Harris' Cassimere.

Now, then, by close bargaining, and a less profit than we deserve, we have Harris' goods at a price to make a noise over.

Pantaloons at \$5.00. Children's Suits at \$6.00, \$6.50, \$7.00 (three styles).

We could ticket "bargain" all over them. They'll stand head of the market; hold front rank among fine goods offered for the money; royal for wear—for looks.

Ask the elderly folks what Harris Cassimere is like.

Send for packet of samples.

The standards are very strong, and so constructed as to be remarkably free from chocking. There are

NO BOLT HEADS EXPOSED!

On the wearing surface of Moldboards, and the latter being very sharp on their inner or cutting edge, the angle very acute, and being made of CHILLED METAL, the draft in consequence is an equal place with any other, as well as less and sticky lands, with the great ease of plowing and team, together with the advantages of white iron. For the heavy Moldboards different Points are made, cutting furrows varying in width from 6 to 8 1/2 inches. The formation of the standard combines great strength with freedom from chocking in rough and grassy lands. A simple, strong, effective device is provided for adjusting the beam up or down and right or left to run deep and shallow, to take more or less load at the pleasure of the operator. Too much in favor of these Plows cannot be said. For information to those who never used the Atlas and White's Chilled Plows, ask your neighbor, who has got one or call on us.

With it, hence the impossibility of a mismatch. Twelve different Moldboards are made to work on it, varying in size and shape, and adapted to light and heavy teams, and to turn, in the most efficient manner, sandy or clay soils, as well as loose and sticky lands, with the greatest ease of plowing and team, together with the advantages of white iron. SALISBURY ADVERTISER.
1810 PER ANNUM.

SATURDAY, APRIL 7, 1887.

Local Department.

—Mrs. Polly Crocker, an old lady of Rockwell, in this county, died last Monday evening, aged about 75 years.

—Mrs. Sophronia Majors, wife of Tubman Majors, of Barren Creek, died very suddenly last Sunday afternoon of heart affection, aged about 30 years.

—Mr. Melvin Toadvine has been appointed postmaster at Green Hill vice Mrs. E. J. Messick. The appointment was made at the instance of Hon. Chas. H. Gibson.

—A telegram to the Advertiser, from Mr. M. J. Morris, dated April 7, says: The Hotel of the late Harrison Phelps being the purchaser at \$32,500.

—All the southern portion of Humphreys & Tilghman's wharf front covered in Friday of last week. About one thousand bricks piled on the wharf tumble into the river. Col. George Parsons will rebuild it.

—The regular annual parish meeting for the election of vestrymen for Salisbury Parish will be held in the office of Mr. J. J. Morris, near Division street, on next Easter Monday morning at the hour of 9 o'clock. By order of the vestry.

—Mr. Wm. J. Heara, of Wheeling, Va., and one of the firm of the "Wheeling Riverstone Iron Works," was in town this week, the guest of Mr. R. K. Hider. This gentleman will be kindly remembered by our citizens in having donated 100 kegs of steel nails to the Salisbury sufferers.

—Mr. R. C. Graham, student of the Maryland University Law School of Baltimore, Mr. Walter Humphreys of Manlin School, Elliott City and Miss Daisy Bell of the Maryland State Normal School, came home on the steamer Enoch Pratt Wednesday to spend the Easter holidays.

—Preparatory services in the Presbyterian Church Friday evening 7:30. Meeting of session for reception of candidates immediately after service. The Sacrament of the Lord's Supper will be administered at 11 a. m. Sabbath. Regular Sabbath evening service at 7:30. MERVIN J. ECKEL, Pastor.

—The election for Town Commissioners on Monday passed off very quietly. There was only a small vote cast owing to the fact that there was but one ticket in the field. The ballots taken for the respective nominees were as follows: Thos. Humphreys, 30; John P. Owens, 57; W. A. Traher, 77; S. T. Evans 77 and Herbert Hitch, 51.

—Rev. T. M. Martindale, the newly appointed minister of the M. E. Church of this town preached his first sermon here last Sunday morning. Mr. Martindale is a man of recognized ability. His sermon on Sunday was full of logical reasoning and eloquence. The people of his church are fortunate in securing him for their pastor.

—No carpenter or mason in and around Salisbury need now be idle. We don't think there are many but what are engaged. All around there may be seen houses both brick and frame going up. A plenty of work to do and fair wages. Good carpenters receive from \$1.50 to \$2.50 per day, masons, from rough to press brick layers, \$2 to \$3 per day.

—A small but appreciative audience listened with rapture to Col. Hy. Kyd Douglas's lecture delivered in the Court house last Friday night. Col. Douglas is an orator. His style is full of force and grace. His lecture was considered to be one of the best ever delivered in Salisbury. On account of the severity of the weather many were prevented from attending. Those who did go, felt amply paid.

—The new Meeting-house of the Disciples of Christ or Christian Church, in the election-house in Adkinson's district, Worcester county, is dedicated on Sunday, April 17th. Rev. F. D. Power, of Washington, D. C., pastor of Garfield Memorial Church, will preach the dedicatory sermon at 10 o'clock in the morning.

—C. L. Army, Gen'l. Evans, P. D. Warr, Elder. JOSEPH ROGGS, SINDRY ROGGS, Committee.

—John W. Willing Esq. of Nanticoke, this county, has invented a davit hook and has applied to the department for a patent, which will be granted as there is nothing like it exhibited. The hook is very simple and promises to be a success. It is governed by a hinge bolt so adjusted that it may be "tripped" by a person standing on the deck of the vessel. It is also automatic, unhooking itself as soon as it is relieved of the weight of the boat by the latter being let into the water. The whole gear is simple and inexpensive and can be used without any additional tackle on any ordinary davits properly equipped.

—The Ministerial Since Monday afternoon all the time of Court has been given to the suit of Miss Annie Minderlein of Baltimore vs. the County Commissioners of Somerset county. The case has attracted considerable attention. At all of the session both in the morning and at night the Court room has been filled. At 10 o'clock the afternoon session was held. The defendant's defense completed the examination of witnesses and Court adjourned until Friday morning when the plaintiff before the jury began. Jas. F. Elford for plaintiff and Page, Toadvine and Miles for defense. Miss Minderlein, through her counsel, sees the Commissioners for \$10,000 damages for injuries received last summer by being thrown from a wagon while riding over one of the Somerset roads.

—New High School Building. The matter of rebuilding our high school has at last taken definite shape. The Board has purchased a new lot on Chestnut street of Mrs. Margaret Parsons and of Mr. L. E. Williams, a frontage of 210 feet, extending back to the old "Academy" lot giving a lot about 210x161 feet. A six room building will be erected on this site, plans for which will be submitted by the Board in a few days. The balance of the "Academy" lot, fronting 61 feet on Division street and extending back 164 feet will be sold at public auction next Tuesday at the court house door, as well as the property on East Chestnut street, belonging to the Board. The lot on Division street is one of the most eligible building lots in the market. The Board will invite proposals by public notice as soon as the drawings and specifications are ready to erect the new building.

—The following list of letters received at the office of the Advertiser:

—LAWYERS:—Mrs. Mary Collins, Janette Fooks, Mrs. Mary C. White, Mrs. Hill La Rue, Mrs. M. Leonard, Mrs. Julia A. Davis, Mrs. Charlotte Bell, Mrs. Martha Jane West, Mrs. Annie Nelson, Mrs. Adeline Pitts, Mrs. Edward Miller, Mrs. Amanda Disharoon, Miss Alice R. White, Miss Martha Ellen Gordy, Miss Fannie Marvel.

—GENTS:—Parsons and Nichols, Bart Thompson, John Mitchell, Joseph H. Wimbrow, Andrew Bell, James W. Brewington, Charles Dashiell (col.), Peter Gray, Henry Dykes, G. C. Jacobs, James Lamor care of Wm. Larnor, Joseph Lohford, R. S. Mills, George H. Mariner, Wallace B. Corstian, Thomas J. Collins.

—Building Notes. Dr. John S. Fulton is having an addition built to his dwelling on Poplar Hill Ave. now occupied by Mr. James Keyser.

—Messrs. Birckhead & Carey's new store to be erected on the corner of Malting St. Peters' streets will be built by Thos. M. Slemmons. The building will be 28x116 feet, three stories high, with press brick front, stone trimmings and galvanized iron cornices. When completed this will be one of the finest buildings in Salisbury.

—Messrs. Abbott & Draine began work this week on the new store building of James Law Esq. The dimensions of the store will be 28 feet front, 90 feet back and three stories high. It will have a press brick front and stone trimmings. The foundation for R. K. Truitt & Son's building was laid this week.

—Capt. John Hooper is tearing down the old brick walls on his lot on Main street preparatory to early rebuilding. The foundation for R. K. Truitt & Son's building was laid this week.

—Mess A. W. Woodcock and H. J. Brewington have now decided to have their buildings three stories high instead of two as was first planned.

—We have in this place one of the smartest and best colored men in the county. According to his own statement he is 99 years old; for during the year 1833 he was 75 years of age, and consequently must be 99 at this time. He can cut and put up a cord and a-half of wood a day. He has as good teeth as he ever had; and he can carry two bushel of meal on his back for a mile and never grumble over it.

—I took a look at Mr. J. A. Insley's fish the other day. It quite a novel sight. Mr. I. goes down to the edge of the pond and calls his fish the same as if they were ducks. In a few moments they are swarming around him eager for the food he has for them. I suppose there are three or four hundred, and some of them I should judge were twenty inches long. Among the lot are twelve red ones, different from the others only in color. Mr. I. says he does not know what kind they are, and would be pleased if some one could tell him.

—Death of Mr. Jackson. Mr. Hugh Jackson died at his home in Salisbury at 9 o'clock Tuesday morning, aged 73 years. Mr. Jackson was in seemingly good health until last Saturday afternoon when he was taken with a severe attack of what was supposed to be indigestion, while in the county commissioners' office. Drs. Dennis and Slemmons were immediately called in. Late in the afternoon he was removed to his home and continued to grow worse until Tuesday morning when he breathed his last. Mr. Jackson was born at the old home about five miles from town on the road from Salisbury to Laurel, October 10th, 1814. He was married in 1835 to Sallie Humphreys, sister of Joseph Humphreys, who survives him.

—If 1883, he with his son E. E. Jackson and brother-in-law Mr. Humphreys established the well-known firm of E. E. Jackson & Co., and remained in the firm several years, but withdrew long before the firm reached its present proportions. Mr. Jackson was a member of the Somerset County School Board just before the war. He was a strong advocate for the formation of county (WV) schools in 1867. In 1871, he was elected a member of the Orphans' Court which position he filled for four years. Since that time he has lived a retired life enjoying the satisfaction of having reared a family of children that any man may be proud of. Besides an aged widow he leaves a large family of children consisting of Senator E. E. Jackson, Wm. H. Jackson and Mrs. J. C. Phillips of this town, Wilbur F. and R. Watson Jackson of Baltimore; Isaac N. Jackson of Washington, and Mrs. George Phillips of Camden, N. J.

—Funeral services were held over the remains at the Methodist Episcopal Church South, of which the deceased had been a member since its establishment here, on Thursday morning by the Rev. Mr. Boggs the pastor, assisted by the Rev. Mr. Martindale of the M. E. Church; after which the interment took place at Parsons' Cemetery. The pall-bearers were: Messrs. James Cannon, H. J. Dashiell, Levin M. Inabelli, J. A. Yenables, W. W. Gordy and Col. W. J. Leonard.

—On Friday of last week the case of R. G. Robinson vs. John W. Holloway which had been occupying the attention of the court since Wednesday proceeding was abandoned by the defendant's counsel before the examination of any of their witnesses. They acknowledged their inability to prove any title to the land in dispute, and agreed to drop the case in this suit.

—On Saturday just before the grand jury was discharged it became known that an indictment had been found against town bailiff James W. Kennerly, as accessory before the fact in killing William Moore by Thos. Ellis. Mr. Kennerly was arrested by Sheriff E. L. Austin, and confined in jail.

—Thursday at eleven o'clock E. S. Toadvine arose and moved the Court for an adjournment for one hour to enable the Court, Bar and the many friends of Hugh Jackson deceased, to attend his funeral, saying: Mr. Jackson was a prominent citizen of our county and held positions of public trust, being at one time a Judge of Orphans' Court of the county, and it was due to the high esteem in which he was held and to the wishes of his many friends for the Court to pay this tribute to his memory.

—Mr. Crisfield, of the Somerset Bar, seconded the motion, saying: That his acquaintance with the deceased, and his respect for Hugh Jackson extended over half a century. That he had known him well in all his public and private relations as a citizen and an estimable man, worthy of the esteem in which he lived. As a member of the School Board of this county, as a Judge of Orphans' Court in this county and in all other relations as a citizen he commanded respect, and he hoped the Court would entertain Mr. Toadvine's motion.

—Messrs. Abbott & Draine began work this week on the new store building of James Law Esq. The dimensions of the store will be 28 feet front, 90 feet back and three stories high. It will have a press brick front and stone trimmings. The foundation for R. K. Truitt & Son's building was laid this week.

—Judge Holland: The Court will entertain the motion and most heartily endorse what has been said in respect to the memory of the deceased. Mr. Hugh Jackson was sometimes a Judge of our Orphans' Court and has always been a prominent and highly esteemed citizen of our county, and the Court readily pays this respect to his memory. Speaking personally, I feel the loss of a friend. Mr. Jackson met me nearly twenty years ago as a stranger, and from that day till now, I have known him as a staunch and sincere friend, as he was to every man who had the decency worthy of respect. The motion is granted.

—Judge Goldsborough: The Clerk will enter the motion upon the minutes of the Court, and the court will now adjourn for one hour to respect Mr. Jackson to enable his many friends here to pay him their last tribute at his funeral. The Court adjourned till 12 o'clock.

—There are now nine prisoners in the jail of Somerset county to be disposed of at the April term of Circuit Court, which commences next Monday.—Somerset Herald.

—Governor Biggs of Delaware has appointed his son John Biggs Attorney General of the State to succeed John H. Paynter who was lately elected to the Judge ship of Sussex county to take the place made vacant by the death of Judge Thomas.

—Mrs. Nancy Bozman, widow of the late John J. Bozman, died at her residence in Dames Quarter, on Wednesday, the 30th of March, 1887, in the 86th year of her age. She was the mother of ten children and lived to see them all grown and married. She had forty-six grand-children and twenty-three great-grand-children.—Somerset Herald.

—Hagerstown was stirred up Wednesday over a suicide by the circumstances surrounding it. Abraham L. Bower, a compositor for the last 10 years in the office of the Evening Globe and a young married man of good family, was detected about 11 o'clock Tuesday night uttering the money-drawer of Hay's book store, which is connected with the Globe office, and upon being discovered drew a 32-calibre pistol and sent a bullet crashing into his brain, causing instant death.

—The dwelling house on the farm belonging to the widow of Thomas Holland, late of Dorchester county, and situated on Goose creek, near East Newmarket, was totally destroyed by fire on Monday afternoon, together with its contents of valuable furniture and household effects. A strong wind carried sparks four hundred yards across the creek to the barn and other outbuildings on the farm belonging to Mrs. Wm. Holland, and these were also consumed, with their contents. The total loss is placed at \$2,500, with no insurance in either case.

—Charles M. Owens, Isaiah Walters, John Brandt, judges, and John B. Sanner and Wm. J. Byrne, clerks of election at the seventh precinct of the first ward, were found guilty in the Criminal Court Baltimore, Tuesday of conspiracy to defraud at the municipal election of Oct. 27, 1885. The jury recommended the prisoners to the mercy of the court. An appeal was taken on behalf of the defendants, and the case will go to the Court of Appeals on an exception to ruling of the court admitting the challenger's book as evidence. The penalty is fine or imprisonment or both, in the discretion of the court, the indictment being for conspiracy under the common law, and not under the statute of 1882. The highest penalty is two years in jail and \$500 fine.

—The Maryland Annual Conference of the Methodist Protestant Church met Wednesday morning at Calvary Church, Easton. There was a full attendance of clergymen and lay delegates. Rev. W. S. Hammond presided, and Rev. W. S. Graham is the secretary. After religious services the roll was called. Tributes were paid to the memories of Rev. Mr. Dunn and Rev. Dr. Sherman, who died since the last session of the conference. The conference sermon was preached by Rev. J. J. Murray was then called to the chair, and President Hammond read his report, after which his character was passed by acclamation. The president's report showed that 3,275 persons have been admitted into fellowship during the past year; money expended for church debt, \$38,065; new churches completed or building, 15; parsonages bought or building, 30. At the afternoon session the following officers were elected: president, W. S. Hammond; secretary, W. R. Graham; conference steward, J. W. Trout; home missionary steward, T. O. Cross; home and foreign missionary, T. W. Trout; home missionary, J. S. Bowers; superintendent fund, T. O. Cross; education fund, J. G. Boush; and

These policies are alike adapted to the man of family and to him who has no dependent upon him for support. They unite great permanent benefits to the survivor of a ten-year period, with the sure provision for his own declining years, and at the same time secure to his representative the protection he has designated should he be cut off by death—thus securing the well-being of both the family and the insured.

E. T. FOWLER. T. W. TIMMONS.
FOWLER AND TIMMONS.

In this issue of the "Advertiser," appears the first advertisement of Fowler & Timmons and naturally, our Friends and Customers will ask the question, "What will be the result as to prices as compared with those of the old firm?" To this question we would answer, that as to prices they will possibly be lower, and as to stock, we shall carry a much better assortment of goods than ever before. We feel that we owe an apology to our Friends for the small stock of goods we have carried for the last few months, and would say that our reason for this was that we expected to begin building at an early date, and thought we could make out until we could move in the new store, but we have decided to enlarge our "Bull Pine Palace," and put a good stock of goods in so that we may no longer be compelled to say "no" when we are asked for anything in our line. Come and see if you don't see what you want, ask for it and if we haven't it in just at the time you will order immediately and it will only be a few days before we will have a stock of goods. We have just received a complete line of Dry Goods and Notions, Oil, Paints, Paper, Gent's furnishing goods, Wall Papers, Ladies' and Gentlemen's Handkerchiefs and other goods in our line. We intend to sell them cheap. Don't forget our prices and give us a chance and we will appreciate it and will meet our part of the bargain. Yours Truly,

Some Women Manage Their Wealth

The death of the rich Catherine Wolfe

calls attention to the rich women of the

United States. This is a new and not

millions, but of millions of dollars.

The wealthy women of the United States

are now numbered by hundreds, and

every city has its girls who are worth

The report of the Agricultural Commissioners on the condition of winter grain and farm animals has been received at this office. The average condition of what is Maryland is not so good as that of last year. The long drought of last summer lasting till late autumn made mowing difficult and seeding late. On account of the drought the soil is in an unfavorable condition when the wheat was seeded. Farmers are paying more attention to the sheltering of stock each year, and owing to this their horses and cattle are in fine condition.

W. S. Heger of the Delaware Power and Electric Light Company, of Wilmington, Del., was in town this week with a plan for the construction of a power plant. In Memoriam. Departed this life April 22nd, 1887, George Rounds, in the 73rd year of his age. The subject of this notice was a life time resident of that section now known as Wicomico county. His residence was near Powellville. He was a man who took a humble but active part in the political issues of his day and was unchanging in his political attachments. To his great praise it may be said he was a good citizen of strict business integrity, sober, industrious and frugal. For a number of years he was a consistent member of the Baptist church. He leaves a wife and fourteen children to lament his loss. Among them are the wives of Elder Joe. Stinson of New Ark, Del. and Elder Daniel Briggman, collector of taxes in that district, and Thos. and John Rounds of Pittsville. Peace to his ashes. The funeral services will be held in the Forest Grove Baptist church next Sunday May 1st at 3 p. m. by Elder Pooleton. A FRIEND.

Miss H. Lee Field Married. Miss H. Lee Field of Virginia, and Rev. A. G. Wardlaw, of Georgia, were married Wednesday night last at the residence of Mr. Geo. P. Cannon, on Massachusetts Avenue Washington, D. C. The ceremony was performed by Rev. R. J. Moorhead, of North Carolina. In the presence of a few friends of the happy couple. Miss Josie Richards, of Baltimore, assisted the bride, and Mr. Wylie of Danville, presented as best man. Among those present were Mayor N. C. Aronson, Messrs. G. D. Gray, Mr. Wm. Miller, Miss Wingfield and Mrs. M. M. Jameson, of Calverley; Mr. W. J. Jackson, of Salisbury, Md.; Miss Vandegriff and Mrs. Dr. Northrup of Philadelphia; Dr. Frank Hyatt and wife, formerly of Bladensburg; Rev. S. W. Hatcher and wife, Miss Lily Bowen, of Virginia; M. A. C. Johnson and Mrs. Stevenson, of Detroit. After receiving the congratulations of their friends and partaking of the wedding supper, Mr. and Mrs. Wardlaw took the train for Washington.

The bride together with many of those present at the marriage are very well known in Salisbury.

Building News. Messrs. G. H. and Bro. have work this week on the stone cellar walls of their new 40' ship building near the corner of Main and Dock streets. The part of the building fronting on Main street is 21 feet and extending back 90 feet will be press brick, two stories high as a three story building. The first floor will be used for a store, and the second will be occupied by a shop for an open house. The second part of the building will front on Dock street 45 feet and extend back to the other, a distance of 50 feet. This part will be two stories. Mr. Piers of Chester, Pa., is doing the masonry work. The contract for

been lost. Mr. Piers is also laying the back foundation walls of the building. He died at the ripe age of sixty three years.—Cambridge Chronicle.

Howard Thomas, aged 15 years, son of Edward Thomas, of Cambridge, had his left hand, entirely severed near the wrist by the accidental fall of a heavy cleaver used for splitting barrel staves at the factory of the Cambridge Manufacturing Company, in East Cambridge, Monday.

The body of a young white man was found floating in Cambridge harbor Monday. It had the appearance of having been in the water for several months, and could not be positively identified. It should therefore be kept for some time.

The Rev. Dr. Julius E. Grammer, rector of St. Peter's Church, Baltimore, has been named in connection with the bishopric of the Diocese of Delaware. The Rev. Dr. Grammer was the close personal friend of the late Bishop Alfred Lee, and is one of the representatives in this city and diocese of the school of bishopricmanship of which Bishop Lee was leader.

The Circuit Court for Somerset County, which has been in session at Prince Georges since April 13th closed its original docket Tuesday. The cases on the docket were seven in number, and were sent to the penitentiary. Sheriff Miller and Deputy Stinson started for Baltimore with these criminals, via steamer from Crisfield, Tuesday afternoon.

Thomas Carver, white, and John How, colored, were indicted on the 10th inst. for the murder of the late Bishop Alfred Lee, and the latter to two years in the penitentiary upon a charge of attempting to burn the county jail. All the other prisoners were sentenced upon charges of larceny. The time of the court was consumed Tuesday in trying the case of the Pocomoke Phosphate Company vs. Dougherty & Bros.

Hon. Wm. F. Wright, formerly judge of the Circuit Court in the State of Georgia, died suddenly Monday of paralysis at the residence of his son-in-law, J. Marshall Dent, near Milestown, St. Mary's county. Judge Wright was distinguished as a man of learning and high character. He has lately resided in Atlanta and Newmarket, Ga., where he has two sons residing. His remains were interred in All Saints' P. E. Church graveyard Wednesday, the pall-bearers being Dr. R. P. Blakiston, Capt. Daniel Shanks, Capt. John Palmer, R. G. Cotton, Thos. C. Greenwell and Wm. A. Wallace.

The trial of Isaac Dougherty, who had been indicted on the charge of an attempted outrageous assault upon Mrs. Pruitt, wife of Mr. Hope Pruitt, was commenced about noon on Thursday last, before the Court, and concluded about three o'clock. The case was heard when the case was submitted after elaborate arguments by Messrs. Hodson and Miles for the prosecution, and Messrs. Dixon and Page for the defence. Judge Holland, after hearing the case, said he would render his decision at 2 o'clock. He did about two o'clock, in the most impressive manner in the presence of a crowded court-house. The verdict was that the prisoner was guilty, and he was immediately sentenced to five years in the penitentiary. The prisoner turned very white at the verdict.

While in conversation with J. F. Jester a prominent merchant of Nanticoke, Wicomico county, Md., I find he has received quite a loss from fire, having had 92 cords of wood, with the woodland surrounding it, burned on the evening of Monday, April 25th. The estimate his loss at about \$350.00. The finds the cause of the fire purely accidental, arising from a party of oystermen building a fire in the neighboring marsh, and leaving the coals, as they thought all extinguished, when a strong wind revived the smouldering coals, which caused the damage spoken of in the foregoing. Mr. Jester is fitting his new residence near his store with the most elegant surroundings, including handsome fences and out-buildings, with very pretty floral decorations in the front yard.

Viewing the people of Tyaskin and the county at large from an unbiased standpoint, I feel safe in saying the finger of prosperity has touched the throats of the business interests of the merchants, farmers and the entire populace of "Old Tyaskin," so much so that a spirit of independence pervades the very homes of its entire people.

With my kindest wishes for the prosperity of your valuable paper. I am yours etc. VISITOR.

Fruitland Items. FRUITLAND, Md., April 27.—Some of the fruit growers here have met again already and organized into what is known as a "Fruit growers association." The plan was to take up the case, and provide success others have joined them, and the association is assuming formidable proportions. As many of your readers are fruit growers and truckers, perhaps they will be interested in finding out the objects of this association. They have selected two commission houses, reliable ones, in each of the large cities to ship their berries, etc. to, who agree to sell their consignments for 7 per cent. instead of 10 per cent. as has heretofore been charged, the grower getting the difference of 3 per cent. instead of agents getting it. In place of agents they propose to hire a clerk to manifest their fruit and pay him a stated salary. It is estimated that they will therefore save about \$200 to \$250 in every \$100 worth shipped. Another advantage they propose to charter cars and manifest to North Carolina. In place of mission houses in each city so that the cars may be unloaded by those men as soon as they are run into the railroad depot, thus securing the benefit of the early market which are generally better. Possibly they will secure lower freight in car load lots too. The association holds a meeting once each week, and invites all fruit and truck shippers to attend and hear the plans they propose to work on. So far they think they are doing well.

For the first time in many years Fruitland will be without a licensed liquor saloon after Saturday, 30th inst. Up to this writing all of last year's liquor dealers of this place are in Prisoners Anne jail and for one has measured up to the requirements of law in obtaining a license to sell intoxicating liquor for the coming year. The majority of this community favor their closing forever.

The Methodist congregation here sent a delegation to Baltimore to represent them in the convention of the Maryland State Temperance Alliance held this week. They expected to make an interesting report from Fruitland.

—Hon. Wm. F. Wright, formerly judge of the Circuit Court in the State of Georgia, died suddenly Monday of paralysis at the residence of his son-in-law, J. Marshall Dent, near Milestown, St. Mary's county. Judge Wright was distinguished as a man of learning and high character. He has lately resided in Atlanta and Newmarket, Ga., where he has two sons residing. His remains were interred in All Saints' P. E. Church graveyard Wednesday, the pall-bearers being Dr. R. P. Blakiston, Capt. Daniel Shanks, Capt. John Palmer, R. G. Cotton, Thos. C. Greenwell and Wm. A. Wallace.

The trial of Isaac Dougherty, who had been indicted on the charge of an attempted outrageous assault upon Mrs. Pruitt, wife of Mr. Hope Pruitt, was commenced about noon on Thursday last, before the Court, and concluded about three o'clock. The case was heard when the case was submitted after elaborate arguments by Messrs. Hodson and Miles for the prosecution, and Messrs. Dixon and Page for the defence. Judge Holland, after hearing the case, said he would render his decision at 2 o'clock. He did about two o'clock, in the most impressive manner in the presence of a crowded court-house. The verdict was that the prisoner was guilty, and he was immediately sentenced to five years in the penitentiary. The prisoner turned very white at the verdict.

While in conversation with J. F. Jester a prominent merchant of Nanticoke, Wicomico county, Md., I find he has received quite a loss from fire, having had 92 cords of wood, with the woodland surrounding it, burned on the evening of Monday, April 25th. The estimate his loss at about \$350.00. The finds the cause of the fire purely accidental, arising from a party of oystermen building a fire in the neighboring marsh, and leaving the coals, as they thought all extinguished, when a strong wind revived the smouldering coals, which caused the damage spoken of in the foregoing. Mr. Jester is fitting his new residence near his store with the most elegant surroundings, including handsome fences and out-buildings, with very pretty floral decorations in the front yard.

Viewing the people of Tyaskin and the county at large from an unbiased standpoint, I feel safe in saying the finger of prosperity has touched the throats of the business interests of the merchants, farmers and the entire populace of "Old Tyaskin," so much so that a spirit of independence pervades the very homes of its entire people.

With my kindest wishes for the prosperity of your valuable paper. I am yours etc. VISITOR.

Fruitland Items. FRUITLAND, Md., April 27.—Some of the fruit growers here have met again already and organized into what is known as a "Fruit growers association." The plan was to take up the case, and provide success others have joined them, and the association is assuming formidable proportions. As many of your readers are fruit growers and truckers, perhaps they will be interested in finding out the objects of this association. They have selected two commission houses, reliable ones, in each of the large cities to ship their berries, etc. to, who agree to sell their consignments for 7 per cent. instead of 10 per cent. as has heretofore been charged, the grower getting the difference of 3 per cent. instead of agents getting it. In place of agents they propose to hire a clerk to manifest their fruit and pay him a stated salary. It is estimated that they will therefore save about \$200 to \$250 in every \$100 worth shipped. Another advantage they propose to charter cars and manifest to North Carolina. In place of mission houses in each city so that the cars may be unloaded by those men as soon as they are run into the railroad depot, thus securing the benefit of the early market which are generally better. Possibly they will secure lower freight in car load lots too. The association holds a meeting once each week, and invites all fruit and truck shippers to attend and hear the plans they propose to work on. So far they think they are doing well.

For the first time in many years Fruitland will be without a licensed liquor saloon after Saturday, 30th inst. Up to this writing all of last year's liquor dealers of this place are in Prisoners Anne jail and for one has measured up to the requirements of law in obtaining a license to sell intoxicating liquor for the coming year. The majority of this community favor their closing forever.

The Methodist congregation here sent a delegation to Baltimore to represent them in the convention of the Maryland State Temperance Alliance held this week. They expected to make an interesting report from Fruitland.
