# Wedding of Miss Buckner.

Married at the home of her parents in the presence of a large number of friends.

The Public Ledger, of Norfolk, gives the account of the marriage of Miss Blanche Buckner, well known in Salisbury, as the sister of Mrs. Mary Dennis. A handsome home wedding occurred this afternoon at the residence of the bride's parents, No. 65 Charlotte street, contracting couple being Miss Blanche Buckner and Mr. Arthur M. White. The parlors were prettily decorated with cut flowers and potted plants, and were lighted with candles and incense lamps, the effect being a charming one. The nuptials were solemnized in the presence of a large gathering of friends by Rev. B. D. Tucker, R. D. of old St. Paul's Episcopal Church, the bride being given away by her brother, Mr. W. D. Buckner, of the Theological Seminary of Virginia. Professor Anton F. Kerner presided at the piano. The maid of honor was Miss Estelle Buckner, sister of the bride, and the best man was Mr. William S. White, of Randolph-Macon College, brother of the groom. The bridesmaids were Miss Mary Proctor, of Portsmouth, and Miss Lizzie Deane, of Southampton county, Va., and the groomsmen were Mr. Theodore F. Rogers, Jr., and Dr. S. A. Sutton, of Norfolk. The bride, an exceedingly sweet and pretty brunette, was most becomingly attired in a going-away gown of French pattern, tulle made, mixed goods, trimmed in golden brown velvet and lemon colored muslin de sba. She carried a cluster of white roses. The maid of honor wore a lemon colored organdie, and carried carnations. The bridesmaids wore white organdie trimmed in lemon hued ribbons and carried carnations. The gentlemen of the party were attired in black suits. After the ceremony came the inspection of the lovely presents, which were in great number, including a beautiful cluster-diamond pin, and then came the reception. Mr. and Mrs. White left for the Washington steamer for a tour that will take them to the principal New York cities and to Niagara and Watkins Glen. On their return they will reside at No. 29 College place. The bride is the daughter of Captain and Mrs. Robt. L. Buckner, and the groom is a son of Mr. S. E. White & Brother, manufacturers of agricultural implements, &c. Among those present at the marriage were Mr. and Mrs. Harry Dennis, of Salisbury, Md.

# New Voting Precincts.

The new Board of Election Supervisors, consisting of A. J. Benjamin and John W. Winbrow, republicans, and Sewell T. Evans, democrat, held a meeting last Saturday at which it was decided to divide Salisbury and Tyeckin districts into two precincts, each.

The proposed dividing line for Tyeckin district begins at Waterville and extends to the county road leading from the point to Wetpugin, thence north with the Wetpugin road to the Green Hill road, thence south to the Delmar road.

The law makes it discretionary with the Board of Supervisors to divide election districts into more precincts when in their judgment it is advisable to do so. The board will act today (Saturday) to hear suggestions before final action in these cases.

There has been some objection raised to these divisions on the ground that it would add to the expense of conducting the registration and election. The new registration will probably show a total list of fully 900 voters in Salisbury district. The work of registering these 900 voters within the required time will prove a very difficult task, and the voting of these in one day would prove a difficult one. It must be remembered that ballot clerks are dispensed with under the new law, which will make voting very slow under certain conditions.

We do not look unfavorably upon the more, believing as we do that every facility should be afforded for conducting fair and honest elections.

# APPROPRIATIONS FOR MARYLAND.

The amount \$495,200 of which the Wisconsin receives \$8,700, Salisbury should be a second Glasgow, says Col. Craigbill.

The river and harbor bill, passed by the Senate yesterday over the President's veto, contains some important appropriations for Baltimore and Maryland.

The bill carries the largest appropriation that has ever passed the House and Senate, it being estimated that nearly \$77,000,000 will be needed to carry out its provisions. Of this amount about \$500,000 goes to Maryland. The items are as follows:

For improving the deep channel to Baltimore Harbor, \$400,000.

For improving the Patuxent river and channel to Baltimore, \$50,000.

For improving Spring Gardens, beginning a work estimated to cost \$350,000.

For improving Rock Hall Harbor, \$50,000.

For improving inner harbor at Rock Hall, \$7,000.

For improving Choptank river, \$2,000.

For improving Chester river, \$1,000.

For improving Manokin river, 4,000.

For improving Wicomico river, \$8,700.

For improving Narrows river, \$2,000.

For improving Nantuxet river (in Maryland and Delaware), \$3,000.

# SURVEYS ORDERED.

In addition, there are a number of surveys ordered for Maryland. There are no appropriations made specially for these, they are paid for out of the lump sum appropriated for making surveys throughout the country. The surveys ordered are:

Survey of Annapolis Harbor with a view to straightening, widening and deepening the channel of the entrance to said harbor so as to obtain a ship's channel of 150 feet wide and 28 feet deep at mean low water from the Chesapeake Bay to the wharves of the United States Naval Academy.

Survey of the Chesapeake Harbor.

Survey of Chapel Point Harbor.

Survey of Baltimore Harbor, with a view to securing a channel 30 feet in depth.

Survey of La Trappe river.

Survey of the Potomac River.

The estimated cost of these surveys is not more than \$1,000 in all. This will make the total amount of the appropriation that will go to Maryland about \$495,200. Of this \$495,200 will go to Baltimore.

# SALISBURY'S ADVANTAGES.

All of the river appropriations are badly needed and have been constantly reported by the Engineer's Office in Baltimore as a requisite. None of them are large appropriations, the largest being \$8,700 for the Wicomico. The Wicomico and Salisbury harbor has always been a great advantage to the city.

Mr. Elbert M. Simmons and Miss Delaney M. K-nney were married at Riverton Methodist Protestant church at 8 o'clock last Wednesday morning. They have been the highest class of students at Salisbury for the past two years.

Mr. I. S. Bennett, the active and prosperous merchant of this village, spent this week in Baltimore purchasing new goods for his store.

The berry growers here received good prices for their crop.

Vine and truck crops are looking well, and the huckleberry crop promises to be large.

# Crab Catching.

Upward of 1000 boats were on the business at Crisfield, the crew consisting usually of a man and boy, and as many of them go ten or twelve miles from home, they generally start out a little after midnight for the grassy plot selected for the day's work in order to reach the crabbing ground by daylight. From this time until sunrise the crabs are moving about lively, and more can be gathered than during the rest of the day. The crabs are caught in seapots and three of which are dragged by each boat, depending on the force of the wind. The seapots are similar to the oyster dredge, with the difference that the iron bar to the bottom is without teeth, and the bag is all twine netting.

Besides the hundreds that are engaged in catching crabs for the Crisfield packers, there are numbers making on the Wicomico, Manokin and Annapolis rivers and at Deal's Island that are engaged in catching crabs for other packing houses.

# County Convention.

Delegates elected at the primaries held in the various voting places of the county met in convention last Tuesday in Salisbury for the purpose of selecting delegates to the State Convention, which meets in Baltimore June 10th, and to the Congressional convention, which meets at Ocean City, August 20th. The meeting was called to order by James T. Trull, Esq., who on motion was made chairman of the convention. Mr. Minos A. Davis of Pittsburg, was chosen secretary. It was decided to dispense with the usual committee on credentials and have the delegates present their credentials direct to the convention.

These were the delegates entitled to seats:

Baron Creek—J. Windsor Bunde, I. S. Bennett, Samuel J. Phillips.

Quantico—T. B. Jones, L. C. Bailey, W. Frank Howard.

Tyaskin—L. J. Dashiell, W. R. Jester, R. C. Mitchell.

Pittsburg—M. A. Davis, W. R. Dennis, G. Ernest Hears.

Parsons—J. B. Perdue, H. J. Phillips, J. T. Trull.

Dennis—Marcellus Dennis, Isaac S. Williams, A. Q. Hamblin.

Trappe—W. S. Moore, Jesse Hoffington, James H. Goole.

Nantuxet—J. Johnson, James Dykes, A. W. Reddick.

Salisbury—John O. Freney, E. A. Tiedin, R. Lee Waller.

Sharpsboro—A. W. Robinson, Thomas E. Taylor, John S. Bradley.

The following resolutions were offered by Mr. Trull of Salisbury and unanimously adopted:

"The republican party of this State in its platform adopted at Cambridge in August, 1895, declared that 'all public offices exist for the good of the people only' and adopted the 'Merit System,' and followed up this declaration with a campaign of criticism and abuse of boss rule and dictation in party management and the distribution of public offices, with a multitude of specious promises of reform in party methods and economy in the administration of public affairs. Yet the election returns were scarcely tabulated when the chairman of the Republican State Central Committee, the leader of this hypocritical reform party, became the chief of spoilsism and demanded for himself the most luscious cluster of 'grapes' in the 'vineyard,' and to that end demanded not the repeal, but the ignoring of a solemn statute of this State regulating the election of United States Senators.

Second. The Republican Legislature signified the victory of the party and manifested its subservience to boss rule and the spoils system by not only bowing its neck to the yoke of the party dictation, but also by ignoring this time-honored statute commonly called the Eastern Shore Law, and violating their solemn oaths to observe the Constitution and laws of this State.

Third. This statute had been the law of Maryland for nearly ninety years, uniformly and invariably observed by all parties in all national elections prior to the recent Republican 'reform' victory.

Fourth. The Republican House of Delegates not only dishonored itself and the State by open violation of the law, but continued its unseemly struggle for political 'grapes' till the Democratic Senate checked its course and compelled a decent respect for public opinion.

Therefore, we condemn the Republican Legislature for this flagrant violation of its duty to the people of this State, and we condemn the Republican party of Maryland for its broken pledges and hypocritical promises to the people; and we congratulate the people of this State that a Democratic Senate was in position to restrain its further base infamy.

We reaffirm our belief in the principles of the Democratic party, and believe its supremacy in State and National affairs to be for the best interest of the whole people.

We express our confidence in President Cleveland as an honest and capable exponent of those principles, and we endorse his administration."

The convention then selected delegates to the State convention and to the Congressional convention, and it was decided to send double delegation to both conventions.

To the State Convention—Ex-Governor Jackson, George D. Insley, Minos A. Davis, Wm. A. Trapper, Asbury Q. Hamblin, Wm. S. Moore, Henry W. Anderson, John E. Taylor.

To the Congressional Convention—James E. Ellegood, Thomas B. Taylor, James K. Covington, James H. West, Thomas W. H. White, Sydney L. Trader, Ernest A. Tiedin, Walter C. Mann.

The convention then adjourned after a harmonious session.

# Sharpsboro.

Miss Geneva Gordy was confirmed at St. Andrew's P. E. Church on Sunday evening last, by Rev. Leighton Coleman, Bishop of Delaware.

A. W. Robinson, W. H. Knowles and R. F. Gravenor purchased the Bradley farm in this district, at public sale on Saturday last. It belonged to the late James K. Bradley, farmer, merchant and ship-builder and in his day was the leading business center in the district. Marrow Bone creek crosses the farm, and this creek was the highest class of extensive ship building many years ago. Though the busy activities have long since ceased to characterize the place and many of the buildings, wharves, and the saw mill have given place to the ruins of years, the place is still a land mark of former importance. The new owners will at once put the farm in good shape and set out large quantities of fruit trees, berries, etc. and otherwise improve the place. The land is high, productive and well adapted to the growth of small fruits.

William J. Weatherly, aged sixty-four years, died on Sunday afternoon last. After eating a hearty meal, and feeling apparently as well as usual, except slight pain in the breast, he sat down in the porch to read a newspaper and while reading fell out of his chair, and though found in a few moments, life was entirely extinct. He was a surveyor, ship-carpenter and sailor in his early life. He was a quiet industrious citizen. He was at one time surveyor of Wicomico county, having been elected to that position by the democratic party. He was twice married. He leaves an aged widow, no children.

Mr. James Perkins, an old soldier residing at Monroe, Mich., was severely afflicted with rheumatism but received prompt relief from pain by using Chamberlain's Pain Balm. He says: "At times my back would ache so badly that I could hardly raise up. If I lay down, the pain would come back. I have been to the doctor and he told me to use Chamberlain's Pain Balm and I feel very thankful for it." For sale by R. K. Trull & Sons, Salisbury, Md.

## EXERCISES FOR THE THROAT.

A Branch of Physical Culture Not Often

Touched On.

The chronic sore throat is not infre-

quently produced by the misuse of the

voice organs. Very many of our most

little members, the tongue is account-

able for the difficulty, as it is for a great

many other troubles in this transitional

life. Many people have a habit when

talking of pushing the tongue so far

back against the delicate membranes

that line the throat that irritation more

or less painful is caused, and if it con-

tinues any length of time ulcers will

form, and so will a doctor's bill.

Control of the tongue is excellent in

all senses of the word. Physically this

organ may be managed by depressing it

into a hollow at a point three-quarters

of an inch back of where the tip of it

comes in a natural position in the

mouth. The tongue is a very fine and

very light head tones. This exercise

requires some patience at first, but the

habit of keeping the tongue down is

soon acquired. In speaking of singing

it should not be allowed to jump up and

fill the mouth, thus interfering with

the free passage of the tones of the

voice from the throat to the front of

the mouth, where they should strike and

then escape clear as a bell. This hop-

ping up of the tongue in the mouth is the

cause of the "indigo" and "indigo" and

slovenly utterances to which we are too

often obliged to listen.

In many people we notice the line

from the point of the chin to the neck

is in the form of a right angle. In a

shapely throat this line forms a curve

just as a canary's does when the small

yellow bird is warbling his carols.

To develop the throat and make this

angle a curve, stand before a mirror so

that you may watch the throat swell

out. Now thrust your tongue out as far

as it will go, then draw it back quickly

and forcibly, at the same time bringing

it downward in the mouth as far as you

can. Place your thumb and forefinger

against the larynx (commonly called the

Adam's apple) and if you are making

the right movement you will feel the

larynx push downward and forward

or two make the movements lightly.

After that time put as much force into it

as you can. The exercise should be

practiced for a few minutes several

times a day to insure rapid and good

results.

To fill up the hollows of the neck,

stand correctly, and then slowly lift the

lungs with air without elevating your

shoulders. As the air is forced upward

into the throat hold it there a few sec-

onds and then expel slowly. This exer-

cise is best performed soon after rising

in the morning and before retiring at

night.—New York Post.

Proper care of Teeth.

Dainty dentine powders and perfumed

washes for the teeth and mouth are

enough in evidence in the shops to gar-

guantee perfect teeth to every one, if such

a thing were possible, says the Chicago

Tribune. But with all this there is a well-

grounded assertion that people today

have not as perfect teeth as in the im-

mative days, when dentistry was in its

infancy and preparations for the teeth were

almost unknown.

Women have the reputation, at least,

of possessing finer teeth, on the average,

than men. Inference is easy. They

realize that a handsome set of teeth is

one of the great essentials to good looks.

They take better care of their teeth than

men, and are more conscientious in get-

ting them fixed when they begin to decay.

It is the testimony of dentists, too,

that women are braver than men when

it comes to bearing the pain of having a

tooth filled or extracted. To a woman

it is not only the possibility of losing a

SATURDAY, JUNE 20, 1896.

The Delaware Democratic convention at Dover last Tuesday declared for second money. President Cleveland was commended.

General Harrison on his finances.

Ex-President Harrison will discuss our national finances in an article on "The Secretary of the Treasury," which will appear in the August issue of the Ladies' Home Journal. He will tell briefly of the origin of our financial system; its expansion or development; how the nation raises its revenues; and discusses its money; and detail the faults of our system of financing.

The ex-President clearly intimates that successful financing is extremely difficult in the present condition. Upon this point he says: "If fifty dollars would suffice to hold \$500,000 in the Treasury the Secretary could not expect that small sum. He must stand by until the gold is gone, and then sell bonds to get it back. The result is that the banks and brokers are often able to play the Treasury. A financial institution whose board transacts its business in public is at a disadvantage."

Truck Farms and Oyster Planting.

It seems to us that there is a similarity between the oyster planting and the truck farming. Each are considered, properly managed, as the same land planted in wheat and corn, and of course, bring five times as much money into the community. So with oyster lot. The oysters that grow naturally on a twenty acre lot along the shores of our rivers can be caught by one man in a month. The same area properly bedded and cared for will, in a season, produce 20,000 bushels per year. If 10 cents per bushel be paid for taking these oysters \$2,000 will thus be expended, to which some hundreds should be added for planting, caring for them, etc., the whole amount being at least five times the sum realized from a like acre of natural growth. If these conclusions are reasonable, and we think they are, it follows that the more truck farming and oyster planting we have with us the greater will be the amount of money brought into the community. Of course the natural oyster beds should be preserved for the general public, but there should certainly be no objection to the taking up of narrow strips along the shores and in creeks, coves and inlets for bedding purposes.—Cambridge News.

The Mountain Chautauque.

The most superb and sensible summer resort in America. \$200,000 expended in improvements; 200 beautiful cottages, hotel and cottage board at from \$5.00 to \$12.00 per week—cheaper than staying at home. The mountain air and the mountain views simply indescribable. Session August 1st to 31st. Three superb entertainments daily. The best music and the best lectures which money can procure. Dr. T. DeWitt Talmage, Gen. John B. Gordon and Bishop J. H. Vincent already secured, with 100 others. D. W. L. Davidson, the great Chautauque manager, in charge.

SUMMER SCHOOLS—20 departments of important school work in charge of leading instructors from the prominent universities. A wonderful chance for teachers and students desiring to make up studies. Tuition, \$1.00 per week. Wish of students gratified. Now taking on road. For full detailed information and illustrated program, address A. R. Sperry, Mountain Lake Park, Md.

Agents of the Barry Directory are now at work throughout the State on the new issue of the Delaware State and Peninsula Gazetteer, which will be shortly issued. This will be the most complete and comprehensive work of the kind yet issued and will contain a complete classified list of all names and residents of the State and Peninsula, together with a complete farm and business directory.

The Barry Co. have just issued the Wilmington City Directory for 1896, of which the Daily Republican of that city says:

"Barry's Wilmington City Directory for 1896 is out of press and one was laid on the desk at the Republican office this morning. The directory is a large one this year and is said to be the most complete issue ever printed in our city. It is a very creditable piece of work and with its bright red cover makes a very attractive book to hold for reference of the citizens who reside in Wilmington. The typographical appearance is good and speaks well for the work turned out by the Barry press."

The Holy Eucharist will be offered, in Saint Mary's Chapel—Yankee, at 10:30 o'clock.

There will be Evening Prayer and a service, on the afternoon of the same day, at 3:30 o'clock in Saint Bartholomew's Church, Green Hill.

Also, there will be Evening Prayer, with a sermon, in Saint Philip's Chapel, Quantico, on that evening—June 21st, at 8 o'clock—Rev. F. B. Adams, Rector, of St. Peter and Spring Hill Parishes.

## A MARINE PICTURE.

Interesting Letter Picturing the Scenes Which Greet the Eye of the Spectator in Hampton Roads

If a man wants to get an idea of the many different kinds of craft which are used by those who go down to the sea in ships, "Hampton Roads" is the best place in the world. It is doubtful if New York harbor presents more different types of vessels. Suppose you step out on the deck of a Bay Line steamer just as the sun is beginning to throw its radiance over this historic scene of water. These greyhounds of the Chesapeake usually enter the Roads at this time when nature puts on her most picturesque garb. As the great steel hull noiselessly passes through the water, the sharp bow piercing it like a knife blade, the passenger has what is truly a grand marine panorama spread out before his eyes. Close at hand is an oyster puny, a little vessel with two short masts, each holding a curious triangular shaped sail. Steered by a colored man in a suit of yellow tarpaning, it may be carrying a load of watermelons, vegetables, firewood or oysters up to the city.

## July Fourth in Salisbury.

Music, Corner-Stone Laying, Pa-

rade, Ball Games, Fire Works.

Salisbury is preparing to take on a fe-

stive air on July 4th.

A committee of the citizens of the city

will keep the town in a buzz of excite-

ment and activity from an early hour in

the forenoon till late at night.

There will be plenty of music right

through the day. At 9 o'clock in the

morning a game of ball will be called

between the Monarchs, of Baltimore,

and Salisbury. From one to three in

the afternoon will be the parade of the

Firemen, Masons and citizens, and the

corner stone laying of the new city hall

with the Masonic ceremony. With the

corner stone laying goes the essential

companion-public speaking.

At 4 o'clock more ball with the

Monarchs, from six to eight

o'clock there will be a bicycle tourna-

ment in which all the wheelmen and

wheel-women in this and adjoining

counties are invited to participate. Four

prizes will be awarded, as follows: First

for the most handsomely decorated bi-

cycle; second, for the best amateur rider;

third, for the most comely dressed

rider; fourth, not yet named.

From eight to eleven, a grand pro-

technic display, such as this county

never before witnessed, will take place.

A large float will be built and launched

in Lake Harpers. From this the

great fire-work display will be exhibited.

Special trains will be run over both rail-

roads.

Ample provision for the accommoda-

tion of visitors will be made.

There will be an abundance of refresh-

ments, and constant musical entertain-

ment.

Everybody is cordially invited to come.

Married at the M. P. Church.

Quite a pretty wedding took place in

the Methodist Protestant church, Wed-

nesday evening. The contracting parties

were Mr. Geo. W. Farlow and Miss Cora

Parker. Rev. L. F. Warner, pastor of

the church, performed the ceremony.

The church was beautifully decorated

and was filled to overflowing. The

bride and groom were both in the

bride party stood under a marriage

bell, which was suspended from arch of crows'

foot and wild carrot. The bride was

attired in cream crepon, with lace

and ribbons, and carried pretty roses. The

bridesmaids, Misses Maggie Farlow and

Kate Bratten, cousin of the bride, wore

white organdie and carried bouquets.

The groom and ushers, Messrs. Arley W.

Carey and Earnest Moore, wore black

cutaway coats and light trousers.

After the ceremony a reception was held

at the home of the groom. The bride was

the recipient of many nice and useful

presents.

Among the many friends present were

Mr. and Mrs. Berton Melson of Bishop-

ville, Mrs. J. H. Parsons and son, of

Wilmington, Mr. John W. Bratten and

Miss Mollie Hill of Philadelphia, Mrs.

Geo. W. Jones of Kingston.

—Samuel Fitchett and James Handy,

colored, became engaged in a fray dur-

ing a cakewalk at Pocomoke City and

Fitchett snapped a worthless revolver at

Handy. Handy procured a pistol and

shot Fitchett. Handy escaped.

—In the M. P. Church next Sunday

morning, the pastor will read the

scripture "Three Gifts at Christ's Birth."

In the evening a short sermon, subject, "Some

Thoughts on Home Life." C. E. at 7.

Communion service at Mt. Hermon at 3.

—The ladies of Grace M. P. church, at

Pittsville, will give a festival and lawn

party on the fourth of July, at the school

house grounds. Lunch refreshments

will be served and everything will be

done to make all have a pleasant time.

—The body of a white man was washed

ashore on Kent Island, on the Hill

farm, a few days ago. There was some

evidence that the body was that of an

inquest, was buried, and the County

Commissioners took charge of the mon-

ey.

—Mr. E. P. T. Hammond, American

Consul to Budapest, is mentioned in the

New York Herald as one of the distin-

guished guests at the Hungarian mil-

lennary ceremonies recently celebrated.

He is a son of Dr. Hammond, of Berlin,

Md.

—St. John's College recently conferred

the degree of D. D. upon Rev.

T. N. Potts, poe of Richmond, Va. Mr.

Potts is an eminent and brilliant young

divine, and the honors which come as an

acknowledgment of his merits, give

pleasure to his friends in Salis-

bury.

The price of corn has been quite dis-

appointing this year. Instead of taking

a gradual rise, it has actually fallen. Good

corn in Baltimore is quoted at 34 cents,

at which price it will get the Dorchester

seippers but little more than thirty cents.

The cause is attributed to great crop

prospects in the West.

—The town commissioners of Crisfield

have adopted the plan for water works

furnished by Mr. York, and entered in-

to a contract with him to put in the

works. The cost of the works com-

plete will be from \$12,000 to \$13,000, and

are expected to be in operation by October 1.

The commissioners decided that the

town should own the works rather than

grant a franchise. Bonds will be issued.

—Cheap passenger fares via Baltimore,

Chesapeake and Atlantic Railway, be-

## Death of D. B. Cannon.

After More Than Two Weeks Con-

finement to His Bed (Mr. Can-

non Expires at the Age

of Sixty-two.

Mr. Daniel B. Cannon died at eleven

o'clock Wednesday evening at his home

on Walnut street, this city, aged sixty

two years.

A few years ago Mr. Cannon was injured

in a railroad accident in Virginia. He

never afterwards recovered the ro-

bust health with which nature had en-

dowed him and which he always pre-

viously enjoyed. He gradually grew fee-

ble and for more than two weeks previous

to his death he was confined to his bed.

His remains were interred this (Fri-

day) afternoon in Parsons Cemetery

after a funeral sermon at 2:30 o'clock at

the residence by Rev. Dr. Johnson, pas-

tor of Trinity Methodist Episcopal

church South. The pall-bearers were

Messrs. J. J. Morris, Thos. W. Seabree,

G. W. White, G. Edward Sirman, J. R.

T. Laws, and I. S. Adams.

Mr. Cannon was born in Sussex county,

Delaware in April 1834. He came to

Salisbury about 30 years ago. He em-

ployed the lumber firm of the Messrs.

Jackson and afterwards acquired an in-

terest in the Virginia branch located at

Whaleville. He was identified with the

firm from first to last, about twenty

five years, and was several years the

firm's trusted ally in the management

of their Virginia interests.

After the accident some years ago, re-

ferred to above, Mr. Cannon was obliged

to retire from active
