Crops and Crop Prospects.

Wheat harvesting is well advanced in this county, and the yield is very small—probably one third of an average crop will be garnered. The quality, too, is inferior as much small, shriveled grain is amongst it. Growing wheat was very promising throughout the winter and spring, but it was attacked with rust due to the warm and wet months in the beginning of the year. The Army worm which did considerable damage in Somerset, Worcester, and other counties on the shore, did not come to Worcester county at all; crop, therefore, were not in the least affected by this enemy.

If the wheat crop is short by two-thirds, the oat crop is an utter failure. Farmers will not get seed out of this year's yield. Just why oats did not do better this year is not very plain, but a very wet spring made farmers backward in seeding, then dry weather prevented which perhaps accounts for the failure. A small fly, which sapped the stalks, is perhaps partly responsible.

Clover and timothy have been cured in large quantities and the quality is good. This branch of the farming industry is rapidly developing among our Worcester agriculturists. Until recent years but few land owners gave any attention whatever to the growth of grass, now almost every tiller of the soil has its patch of clover and timothy. The white potato crop in this county is abundant. The size and quality is equally pleasing to the grower. This crop seldom fails to mature here in any season, wet or dry. Sweet potatoes are also easily cultivated and generally yield well with us. The acreage this year is large as many of our land tillers are growing for market, and vines are at present quite promising except where a stand was not secured.

Millions of water-melons is what the bluff, vigorous vines now promise. The acreage is unusually large and for the first of July, more flattering prospects were never known. As there are no peaches this is our next great shipping product. The first from here will probably go into the market about the 25th of the present month. Our farmers are hopeful of realizing neat profits this year, which hope is based on the experience of past seasons when the luscious peach was not a rival of the juicy melon in the city markets.

Corn is now the very apple of the farmer's eye. Especially is high land corn looking promising. In bottom fields the bad worm has marred the prospect considerably. However if the crop is not injured by the drought which is already being slightly felt, a good, average yield may be expected.

School Board Proceedings.

The regular monthly meeting of the School Board was held last Tuesday, with a full attendance of members.

In addition to regular routine business an order was passed instructing the treasurer to make out careful estimate of the Board's probable assets for the school year beginning Aug. 1st, 1890, for the purpose of ascertaining what amount it would have to spend in repairing school houses and building new ones. The members of the Board then proceeded to discuss the estimate of the Board's probable assets for the school year beginning Aug. 1st, 1890, for the purpose of ascertaining what amount it would have to spend in repairing school houses and building new ones. The members of the Board then proceeded to discuss the estimate of the Board's probable assets for the school year beginning Aug. 1st, 1890, for the purpose of ascertaining what amount it would have to spend in repairing school houses and building new ones.

The question of establishing a new school at the head of West Main street was referred to Mr. Cannon, to inquire into, and make report at the Board's next monthly meeting. Proposition of the W. J. C. Dulaney & Co., to introduce Appleton's Geographies in place of Cornell's was received and laid over till the next regular meeting. Treasurer reported that he had collected about all the funds due July 1st, to be applied to the payment of the school year's expenses. He was now ready to settle with teachers.

Adjourned to meet the first Tuesday in August.

Decision Reversed.

The Court of Appeals this week reversed a decision of the Worcester Circuit court made last autumn in the case of Charlotte Williams vs. Matilda Jackson and others. The point at law was a dispute over the possession of some real estate located near the N. Y. & P. R. railroad station at Fruitland.

Mrs. Williams secured a title to the property in 1856, but has been out of possession nearly thirty years, since when the estate has changed hands several times. She, however, contends that the right to the property never passed from her. The defendant, on the other hand, claims that the title had passed from her husband, who owned it prior to the time when the plaintiff claims to have had possession.

The Worcester Circuit decided in favor of defendant, Mr. Jas. E. Ellsworth, attorney for Mrs. Williams. Mrs. Jackson was represented by Messrs. Graham & Graham and E. S. Todd. The case was taken to the Court of Appeals on defendant's appeal, and was reversed.

We do not know the points of the decision. We do not know the points of the decision.

Church Notes.

Methodist Protestant church, Rev. C. S. Arnett, pastor. Sacramental services at 11 o'clock a. m. at 8 o'clock p. m. Preaching for evening sermon: "Joseph, a Type of Christ."

Abury Methodist Episcopal church, Sacrament of the Lord's Supper in the morning at 11 o'clock. Sunday school in the afternoon at 2:30 o'clock. In the evening at 8 o'clock there will be a song service. Subject: "Sowing and Reaping."

St. Peter's Church, Rev. Mr. Munford, Rector. Fifth Sunday Trinity-tide. Services at 11 a. m. and 8 p. m. Holy communion at 11 a. m. Friday evening at 8 o'clock, services with lecture. Text for Sunday evening service: "Whatsoever is not of Faith is Sin."

Higher Farming.

Among the farmers and truckers in the vicinity of Salisbury, we note J. H. Trader, Esq. Mr. Trader cultivates the farm of Mr. J. J. Underhill of Baltimore, opposite the cemetery. Mr. Trader carries off the palm in cabbage, potatoes, melons etc. His corn is as large as we have seen in the county, and all his farming operations attest that Mr. Trader is one of our best farmers. Mr. Underhill was fortunate in securing such a tenant, as he has greatly enhanced the value of his farm by his system of cultivation.

Observance.

Sale of Worcester Realty. Messrs. Geo. W. D. Waller and Geo. W. Bell, trustees, sold last Saturday afternoon at the Court house door, the real estate of Anna K. Lewis et al, located in the first district, near the railroads & Eastern Shore railroad. W. L. Lewis, Esq., was the purchaser for \$2900.

Robt. F. Brattan, trustee, will sell at the Court house door in Salisbury to-day at 10 o'clock a. m., the real estate of John A. S. Hearn lying in Tyaskin district near White Haven. There are 118 acres of this farm and it is very desirable for grain and grass growing and trucking.

FROM BALTIMORE TO OCEAN CITY.

The Bay Ridge, Baltimore and Eastern Shore and Wisconsin and Pocomoke Roads Formally United.

The Baltimore Sun of Wednesday said: Gen. Joseph B. Seth, president of the Eastern Shore Railroad Company, and Mr. Theophilus Tunis met Mr. John K. Cowen Tuesday in the latter's office in R. and O. Canal Building, and arranged a consolidation of the line of railroad running from Annapolis to Ocean City, Md.

The roads are the Bay Ridge Road, five miles long, extending from Annapolis to Bay Ridge; the one-mile road with terminals at Bay Ridge and Claiborne, on the east side of the bay; the Baltimore and Eastern Shore Road, 57 1/2 miles long, extending from Claiborne to Salisbury; and the Wisconsin and Pocomoke Road, with terminals at Salisbury 31 miles long, extending from Salisbury to Ocean City. The total length of the consolidated roads is 106 miles, including the bay crossing, and the entire system will be bonded for \$1,600,000 at 5 per cent. In the transaction General Seth and Mr. Tunis represented the Eastern Shore and Wisconsin and Pocomoke Roads, and Mr. Cowen the Bay Ridge Road and the Chesapeake Terminal Company, which owns the terminal of the road at Bay Ridge and Claiborne.

The contractor of the road has stated that it will be in running order from Claiborne to Salisbury on July 20, and that through trains can then be run from Baltimore to Ocean City, leaving this city at 7 o'clock in the morning, reaching Ocean City at 1 o'clock on the same morning. It is expected that the running time will be reduced to three hours after the road-bed settles. The Wisconsin and Pocomoke Road will be furnished with new ties and new rails. The Eastern Shore Road is now complete to Vienna on the Nanticoke river, and the first train will be run to that point on July 4, which will be a gala occasion in the town, which was founded almost as early as Baltimore, but which, owing to the lack of railroad facilities, has grown to a population of only a few hundred. Several new enterprises are already projected for the town.

The bridge across the Nanticoke is not yet complete. Its construction, 3,200 feet of piling have been used, and its total cost will be about \$37,000. The bridge over the Choptank cost \$42,000, and in building it 3,795 feet of piling were used. The construction train has been transferred to Salisbury, by way of Seaford, and the laying of track will proceed westward toward Nanticoke. By the time the Nanticoke is reached it is expected that the bridge over that stream will have been finished. By the time the road is in running order it will be equipped with 5 engines, 24 passenger cars, 50 box cars and 30 gondolas. The failure of the peach crop means a loss of \$75,000 to the new road.

A Mercantile Corporation.

The F. C. & H. S. Todd Company, composed of the two gentlemen, Messrs. William B. Tilghman, Wm. E. Sheppard and L. M. Price, has just been incorporated to do a mercantile business in Salisbury. A recent meeting of Mr. Tilghman was chosen president of the corporation; Mr. F. C. Todd was elected business manager and treasurer; the secretary is Mr. J. M. Price. The first office of the corporation will be in the building, which is now being erected on Dock street, between the railroad and the city hall. The building, stock, fixtures, wagons and horses of F. C. & H. S. Todd, at present in use in their grocery business, at the foot of Main street, will be turned over to the corporation. The building of Humphreys & Tilghman just across the street will also be used, it having been leased for ten years, subject to enlargement if necessary. The first floor is to be thrown into one room. The two buildings will be connected by telephone, and with the railroad offices by the same means. The gentlemen connected with the new enterprise are all experienced and enterprising Salisbury business men. The widely known and popular mercantile firm of B. L. Gillis & Sons, at present doing business in the Humphreys & Tilghman building, are now making arrangements to erect a two-story brick structure, 45x120 feet, on the vacant square on Dock street belonging to Mr. A. A. Gillis, who is at the head of the firm. These gentlemen will get into their new place about the last week in December. Their intention is to enlarge on their already extensive business.

Base Ball.

The Quantic "Babies" succeeded in defeating the Sharptown "Giants" the second time on grounds of the former last Saturday a score of 9 to 0. The babies had not anticipated a walkover and consequently had put themselves in the best possible trim.

The game began about 2 o'clock and continued till nearly the ending of the sixth inning without any trouble. When the babies went to bat to finish the sixth inning the score stood 14 to 7 against them. The baby, the first batter touched the ball for three bases and was followed by men who did nearly as well till six runs had been scored and no man put out. The giants then changed their pitcher, which to a great degree checked the run-getting but could not entirely stop it. Three more runs were scored and two outs were made before the captain or any player made any noticeable objection to the umpire. Immediately after the umpire called a ball delivered by the pitcher a "ball" the catcher stepped up to the plate and said: "We can't stand this any longer." This was the signal for a concerted and vigorous kick which resulted in the refusal of the visiting team to play out the game and the necessary award of the game to home team by the score of 19 to 0. The score stood 16 to 14, with only two men out in favor of home team, when the umpire gave us the game.

Objections to the umpire's decisions have become so frequent and serious that now the custom among amateurs of note is to have two umpires, one furnished by each team. It would be more satisfactory if this system were adopted by country teams in general.

The Whigland team played here on Friday the fourth.

We play at Nanticoke today.

Troubled With Debt.

It is to be regretted that our streets are not sprinkled during the hot and dry season. The shells which have been put on the thoroughfares have been ground down to a dust which rises whenever the wind breezes up at all. This fine raw line substance settles into the buildings, gets into one's eyes and makes things generally uncomfortable. Those who have connection with the water supply can, with the assistance of a hose, keep it down. Especially are the occupants of the Advertiser's building annoyed from this cause, its location being on the corner of Main and Division streets, where much passing occasionally occurs.

In Memoriam.

Died after a short illness, Wilbur F. Walton, the eldest son of Rev. W. E. Walton. The subject of this sketch was born in New Castle, Del., January 8th, 1863, and died in Baltimore, Md., June 28th, 1890, aged 27 years, 6 months and 18 days. Being blessed with christian parents he was converted at the early age of 12 and connected himself with the Methodist Church. His education was received from special instructors until he was prepared to enter Wyoming Seminary, Penn., from which he graduated with high honors.

Possessing a strong body as well as a vigorous mind he entered upon the study of civil engineering and up to 1875 was employed as draftsman in the Palisades Iron Works at Canton, Baltimore. During the later years of his life he had been in the employ of the Pennsylvania Railroad Company at Sharon Hill, filling the four positions of freight agent, express agent, postmaster and telegraph operator. In November 1888 he resigned his position and left for an extended tour in Europe, visiting the principal cities and cities of the old world, and secured many relics of antiquity. On this trip he gratified a long felt desire to see the Holy Land and to investigate for himself the Bible truths he had learned and believed from his earliest childhood. Returning to this country in August, 1889, he felt that he ought to give his relatives and friends the benefit of his travels before entering again into business. Consequently the months following were given to visiting among his relatives and friends the benefit of his travels before entering again into business. Consequently the months following were given to visiting among his relatives and friends the benefit of his travels before entering again into business.

His descriptions of the different scenes through which he had passed were vivid and fascinating. The fund of information he had obtained was amazing, and during his recent visit to this city he was the centre of many groups of quiet, thoughtful listeners. After spending some months in this manner, he left for Chicago and then further West to Denver, where he engaged in business. But a fatal disease had insidiously fastened its evil upon him and he was compelled to hurry home. Reaching Baltimore he was unable to go further and there he peacefully breathed his last, surrounded by his father, mother, brother and loving friends, all of whom he recognized almost up to the last moment. During his last hours he assured his grief-stricken father and mother that he was willing and ready to die, yet if spared he desired his future life to be a broader and better one.

In the death of Wilbur the world has lost a bright intellectual light. Society has lost a splendid example of purity and uprightness. The church has lost a sweet singer and valuable worker in all her departments. The home has lost a gentle, loving, dutiful member.

Appropriate funeral services were held in the Abury Methodist Episcopal church of this city last Saturday, conducted by the pastor, Rev. Thos. E. Martindale, assisted by Rev. J. T. Bosman, of the M. E. Church, South, and Elder Silas Durand of the Baptist Church. Interment in Parsons' cemetery. L. N. S.

Annual Parish Entertainment.

The ladies of the Parish Guild entertained the congregation of the church last Tuesday night at the rectory. Most of the members were present. The occasion was quite enjoyable. Mr. and Mrs. Mansford presided at the entertainment. The reception committee consisted of Mrs. Jno. H. White, Mrs. Maggie Jones and Miss Ellen Fish. The young folks indulged in music and youthful frolics, while the older members whiled away the hours in diversions in keeping with their age and dignity. At ten o'clock the dining room was opened to the guests, where tables of refreshments consisting of cream cake and tropical fruits awaited them. The house was elegantly lighted throughout with electric lights and the grounds with Chinese lanterns.

The Sunday School of Asbury M. Church will give an excursion to Ocean City on Tuesday, July 22d.

The Presbyterian Mite Society will meet at the residence of Mr. A. G. Todvin on Tuesday evening next July 15th. A very cordial invitation is extended to all.

The Sharpshoot M. E. church, Rev. C. H. Williams, pastor, will hold a camp meeting in Melson's woods, near the town, will begin August 5th, and continue for one week.

The Atlantic Hotel dancing Pavilion at Ocean City will be open to the guests of the Sea Side this season by virtue of an arrangement made by the proprietors of the two hotels.

Rev. Zack H. Webster, of Whitesville circuit, will hold a camp meeting in Melson's woods, about twelve miles from Salisbury beginning August 9th and continuing till the 15th of the month.

Hon. Barnes Compton, the new chairman of the Democratic State Central Committee, has called a meeting of the committee for the 18th of July to arrange for the congressional campaign next fall.

A temperance mass-meeting will be held on the Academy camp-grounds on August 5th and 6th. On the 15th a camp-meeting under the charge of Rev. Henry S. Dulany, will begin. Salisbury people are invited to attend on the grounds.

Immense quantities of railroad ties for the Baltimore & Eastern Shore road have been brought to Salisbury within the last few weeks and the loaded loads each week have arrived. They are from Virginia and elsewhere.

A colored girl named Mary Fuller was fined \$4.00 by Justice Trader last Tuesday for indulging in vulgar language on the streets of Salisbury. She was shortly afterward arraigned before Justice Trullitt on a similar charge. The justice fined her \$1 and costs.

The members and friends of Mount Hermon Methodist Protestant church, Walston's Grove, will hold a festival on the afternoon and evening of Wednesday, July 23d. Speeches by prominent orators, and music will be attractions. The committee invite all to be with them.

Mr. W. F. Jackson, wife, son and daughter, of Baltimore, and Mr. and Mrs. I. N. Jackson, of Washington, sailed from New York Saturday last for a trip through Europe. They will be gone several months. Mr. W. F. Jackson went to New York to bid the party bon voyage.

The congregation of Wisconsin Presbyterian church will go on a basket picnic to Ocean City next Thursday, July 17th. Round trip tickets from Salisbury depot will be sold for 75 cents for adults and 40 cents for children. Baskets will be cared for at the depot by an appointed person.

The train which brought the excursion party from Ocean City on the night of the 4th, ran over Zedok Bowen, a colored man of Worcester county and mangled his body. He was found in a ditch near by the next morning and soon afterwards died. The accident occurred near Berlin.

The congregation and friends of St. Mark's parish near Balpt's Store will hold a picnic and festival in the grove near the church in the afternoon and evening of July 19th. An abundant supply of refreshments, such as ice cream, lemonade, fruit, nuts, candy and cake will be served.

The following laymen have been elected to represent Trinity E. Church, South of Salisbury, at the District Conference which convenes at Onancock, Va., on July 15th and continuing three days: W. B. Thigman, J. C. Phillips and J. D. Price, alternates, L. W. Dorman, James Cannon and G. W. Phillips.

Minnie Collier, an industrious and saving colored woman of Salisbury, died suddenly at Ocean City last Sunday morning. Her remains were interred here Monday. By her frugality Minnie had acquired a good little property. She was a loser in the fire last spring which destroyed the old laundry Mr. Byrd's saloon and Mr. M. A. Parsons' store building.

Among the arrivals at the Sea Side Hotel, Ocean City, are Capt. Young and family, of Memphis Tenn.; E. K. Thompson and family, of Salisbury; W. L. E. Holloway, Salisbury; John D. Dacan, Brooklyn, N. Y.; Misses Scott, Hearn, Hitch, and White of Delaware; C. W. Mohly, Baltimore; J. P. Conbourn, J. C. Bush, New York City.

The July term of Court convened last Monday. Judges Irving and Holland were on the bench. The docket were called but most of the cases were carried over for jury trial. Monday the case of State vs. William Stewart assisted and history upon Capt. Richter, was tried. Stewart was convicted and fined \$500 and costs. Other business occupied the Court until Tuesday afternoon when it adjourned till the fourth Monday in September.

OCEAN CITY.

Many shipwrecks Made In Property and Others in Future.

With the completion of the Baltimore & Eastern Shore railroad the success of Maryland's watering place will be secured. At the close of the first century of our country's history Ocean City was founded, for it was in the year of 1875, during the month of June, that St. Peter's congregation ran an excursion from Salisbury to the seaside. The Wisconsin & Pocomoke railroad had then been extended as far as the west shore of the Synepseant bay. When the train arrived at the terminus the excursionists took their picnic baskets with them into a cove and by means of a rope, which stretched from shore to shore, drew themselves across to the island and fastened. This was one of the first regularly planned excursions ever made to the spot by an organized body of pleasure seekers.

The Atlantic Hotel was then meeting completion under the proprietorship of Henry Stokes & Co. On the fifth of the next July, which came on Monday, the Atlantic was formally opened to the public with Jas. E. Ballard of Baltimore as manager.

A party of Salisbury ladies and gentlemen were among the guests of the Atlantic on this occasion, and chief among them were Miss Annie Williams, Hon. E. Stanley, Todvin, Dr. L. D. Collier, Mr. L. Ernest Williams and others prominent in Salisbury social circles. A ca-tillon in the dining hall was the leading feature of the day.

This event was the actual beginning of Ocean City's history. Since that time other hotels and many cottages have been built on the beach. The bay has been bridged and the railroad run across to the island, but the place has always had a serious drawback from lack of facilities for travel. The means for reaching the resort have always been limited and second class. In spite of this the natural attractions of the place have won for it a reputation which each summer brings to many people from Baltimore, Washington, and elsewhere, in search of health and recreation.

This year is destined to mark an era in the history of Ocean City. The Baltimore & Eastern Shore railroad, soon to be finished, will put the resort in easy and rapid communication with the outside world. The hotels are under the best management, Mr. T. F. Welch being at the head of the Atlantic and Mr. H. Spence his assistant. The seaside is under the management of the veteran John Tracy assisted by Mr. W. Byrd Parsons of Salisbury. The dancing pavilion of the Atlantic will be accessible during the present summer to the guests of the seaside whose proprietor has made arrangements with the Atlantic Company. The music arrived a few days ago. The cottages have been repainted and put in good repair. Good board walks have been laid for the comfort of pedestrians, and the beach is in every way more attractive than ever before.

The fishing and gunning at Ocean City makes the sportsman dream of paradise. The bathing perhaps is the finest anywhere. Virginia Beach, a hundred miles down the coast, is a rival but its surf is hardly equal, certainly not superior. At the close of the present season many contemplated improvements are to be made in the Atlantic Co.'s property and by others.

The future of Ocean City is promising indeed.

Delmar Letter.
As you were not represented from this place in your last week's edition I will send you a few lines for this week's paper. About twenty employees of the N. Y. & P. R. N. railroad held a meeting here last Sunday and appointed a committee to confer with the leading railroad officials to present what the employees consider unjust treatment and to ask for such changes as would promote both the interests of the employees and the railroad company.

A license has again been granted to John J. Evans, a former resident of the section of country called Parkertown to sell liquor in Delmar, much to the disgust of all good citizens. His petition was signed by six colored and three white citizens most of whom it is said were hired to sign the petition.

W. B. Sirman of Brooklyn, N. Y. spent the 4th with his parents and was accompanied by James A. Corly, agent of Pennsylvania railroad at Brooklyn, New York, C. B. Cox, treasurer of Pennsylvania railroad, Brooklyn, New York and John Wright, confidential clerk and stenographer of Manager Pugh's office of the Pennsylvania railroad at Philadelphia.

Ice cream and cake were served to quite a large crowd of young folks at the residence of W. L. Sirman last Saturday evening. Rev. Thos. B. Traylor of New Orleans, and Miss Lillie Dennis of Virginia, Miss Flora Dennis of Brooklyn, New York, and Miss Maggie Littleton of Pittsfield, have been visiting Delmar as the guests of W. L. Sirman.

Have You Seen the Whale.
A whale thirty feet long which had been cruising in the Chesapeake bay, for some reason unknown to us insignificant shallow water fish ran up the Manokin river for a short distance last Monday night. At a place about three miles below Upper Fairmount the huge blubberer ran aground and in his struggles to reach deep water exhausted himself and died Tuesday the people were present at the obsequies. The carcass of the whale was taken up and composted it, Mr. Martindale brought home as a souvenir a cartilage or whalebone, taken from the fish's mouth.

PUBLIC BUSINESS.

Orphans Court and County Commissioners in Session Last Tuesday.

At their regular meeting last Tuesday the Orphans Court and County Commissioners transacted the following business: Bond of John C. Walker and Jas. McWilliams for keeping White Haven ferry during 1891, examined and approved. Report of examiners on the proposed road from Rockaway to M. E. Church to Crooked Oak, verified and confirmed, provided cost of building said road does not exceed \$30.

Hugh Ellingsworth was granted order on treasurer for \$6 for ditching county road.

Mr. Bennett was authorized to contract for repairing road from J. Humphreys to Upper Perry and also to contract for bridge across branch in 2d district called Culver's branch.

Mr. Bennett reported that he called to contract for building Abthaloo road, and he was authorized to make new specifications and to contract for building the proposed road either by private or public contract as he may think best.

Mr. Freney reported that he offered for sale the contract for building the proposed road in 9th district, and failed to contract for same because the lowest offer was, in his judgment, excessive. He was authorized to receive private bids for building said road and to contract for same subject to ratification of the board.

Additional list of insolventcies filed by L. S. Bennett, collector of taxes in 1889, \$24.10, allowed.

The treasurer was authorized to pay John Bonaparte, \$15.00 for services as bridge tender to July 1st. Also \$16.4 for nails and work on bridge. Also to pay Robt. Hitch \$15.00 on 2d quarter as janitor of Court House to July 1st. Also to pay E. L. Austin \$15.00 for taking papers to Alma House in 1888.

Adjourned till July 22nd.

Mrs. Sallie E. Tarr, relict of the late J. Hopkins Tarr, died last Saturday at Newark, N. J., after long suffering from Bright's disease.

Mrs. Tarr was about sixty-five years of age, having been born in Worcester in 1825. She was a sister of Mrs. J. Marcelus Dashiell of this city and a half-sister of Mr. Thos. W. Seabreeze, six children, three sons and three daughters, survive.

Mr. Dr. E. W. Humphreys is a daughter. The deceased lady's remains were brought here Monday and interred in Parsons' Cemetery after funeral services at St. Peter's church by Rev. Wm. Munford.

Delmar Items.
Mrs. Ida Williams of Pittsfield and Miss Nellie Pusey of Baltimore are guests of the Misses Freney at Edge View.

Miss Rosa German returned Wednesday from a visit to Mr. Geo. Berry at Cape Charles.

No formal celebration of the Fourth was contemplated here. The Methodist Protestants held a festival in the evening.

From a seeding of 64 bushels Mr. Albert Ellis obtained a yield of 110 bushels of wheat.

Prohibitionists in Convention.

The Prohibition party of Wisconsin county convened in the Court House in Salisbury Wednesday for the purpose of electing delegates to the State convention which meets at Glyndon on the 30 inst.

The convention was called to order at 3 o'clock p. m., by Mr. E. S. D. Insley, and Rev. Mr. Walte of Georgia offered prayer. Mr. L. H. Rock was chosen secretary. Rev. T. H. Martindale of Asbury M. E. Church, addressed the meeting. He took occasion to pay a warm tribute to the late Clinton R. Fisk, national leader of the prohibition party, whose death occurred last Wednesday.

Rev. D. F. Waddell followed Mr. Martindale in a brief speech; he was in turn followed by J. Frank Tucker Esq., of Baltimore, State organizer. The Ys-kin choir composed of several male and female voices, sang a number of appropriate songs.

The following gentlemen were elected delegates to the State convention: John H. Dalay, L. H. Rock, James Denon, J. W. T. Robertson, Ebenezer White, John Dorman, A. P. Todvin, and Rev. Joshua W. Gray.

A mass-meeting was held in the evening presided over by Rev. Walte, who delivered an address. Mr. Tucker also made a lengthy speech. Miss Minnie Gries of Baltimore gave a recitation. Resolutions expressing grief at the death of Mr. Fisk were offered, which were as follows:

WHEREAS, It has pleased Almighty God, in the inscrutable wisdom of His Providence, to remove by sudden death the great leader and friend of prohibition, Gen. Clinton R. Fisk; and

WHEREAS, By his valuable services to his country as soldier, citizen, patriot and Christian, he had endeavored himself to the nation at large; therefore,

Resolved, That we, the Prohibitionists of Wisconsin County, in Convention Assembled, That it is with a sense of keenest bereavement, both as a party and individuals, that we have learned of Gen. Fisk's death;

That in his death we realize the great loss which not only the cause of prohibition has sustained, but which must be felt by every home in the land, for national upbuilding, purity and protection of which he gave the best part of his noble life;

That while recognizing and lamenting his death as a great calamity, we pledge ourselves, with the aid of Him who has best to preserve us, to consecrate our lives anew to the principles which he advocated with so much real ability and success, taking as a guide for our future conduct as citizens, the shining example of his brave and noble life;

Resolved, That a copy of these resolutions be forwarded his family, with our heartfelt condolence and the prayer that God will give consolation in their greatest affliction.

The exercises closed with music and a doxology.

—The Junior editor of our esteemed neighbor, while indulging in pugilistic exercises with Dr. Slemmons' colored boy, unfortunately made a superficial exorcism on the index digital member of his dexter hypophyse. We hope the assurance of his physician that amputation will not be necessary. This we state as a bit of consolation to his anxious lady friends.

—Mr. S. P. Woodcock, who has been in a two months' trip through the North-east, travelling in the interest of a shoe firm in Philadelphia, returned home last Sunday. He was accompanied East by his good friend, Master Victor Woodcock, of W. F. A. Woodcock, of Winona, Minn.

—Messrs. Henry Page, Joshua W. Hines and Palmer G. Snelling, trustees, for in this issue of the advertisement, the real estate of the late Richard Snelling of Somerset county. It will be seen by the description of the property that this is very valuable land, and the purchaser will not doubt get a bargain.

BABY ONE SOLID SORE.

**TRIED EVERYTHING WITHOUT RELIEF. NO
REST NIGHT OR DAY. CURED BY
CUTICURA REMEDIES.**

My baby, when two months old, had breaking out with what the doctor called eczema. Her head, arms, feet and hands were each one solid sore. I tried everything but could not get the doctor for anything else did her any good. We could get no rest day or night with her. In my extremity I tried the CUTICURA Remedies, but I confess I had no faith in them, for I had never seen them tried. To my great surprise, in one week's time after beginning to use the CUTICURA Remedies

as fast a baby as you would like to see, and as soon as you have a baby, I would like to see you have been dead if I had not tried CUTICURA REMEDIES. I write this so that every mother who has a baby will know that there is a medicine that will cure the wetness, the eczema, and that medicine is the CUTICURA REMEDIES.

MRS. BETTIE BURNER, Lockhart, Texas.

I write to endorse the wonderful qualities of your CUTICURA REMEDIES in curing all skin diseases. The CUTICURA REMEDIES are used extensively here by the following:

Literary Note.

Strawberry & Clother's Monthly for July

ing and instructive reading matter for the ladies. The frontispiece exhibits a notable art addition to the natural beauties of Fairmount Park, Philadelphia, the Washington Monument, that is to be seen erected at the Green-street entrance. The short stories are most readable, especially the one in which the young lady terrorizes her Cavalier and Round-head lovers. Fashion news and gossiping is in abundance. Instructions for making up any handy and original object—such as a cushion, a perfume bottle, or any various subjects of interest to the housewife, besides the page devoted to the kitchen. The musician has a march and a dance to entertain the merry youths.

A Remarkable Case from Illinois.
 "I suffered for five years with Mercurial Rheumatism, which was the result of potash and mercurial treatment by physicians, for constitutional Blood Poison. They not only failed to cure me but made me a physical wreck and my life a burden. I then commenced taking Swift's Specific (S. S. S.), and after using a few bottles was entirely cured of the Rheumatism, which the doctors brought on by their remedies, and the Blood Poison which they failed to cure. I cheerfully commend S. S. S. to any one similarly afflicted."

Mr. and Mrs. Little, of Huntington, Ind., say: "That about one year ago, their little girl was entirely cured of an annoying eruption of the skin and a local blood disorder, by the use of three bottles of S. S. S. There is no trace of the skin disease left, and the blood has been in perfect order ever since, and the general health of the child was never as good as now. They will take pleasure in answering any letters regarding the child's case."

A New Method.
 A new method of obtaining stained glass is shown by a process of painting. The design is embossed on an iron plate, on which a lump of hot glass is rolled until it takes the form of the plate on which the pattern is cast. The embossed lines are then filled with enamel and the whole plate is fired. This process obviously does away with the use of leads, is rapid in its execution, and has additional advantage that the design may be repeated as often as it may be required.

Electric Bitters.
 This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise. A pure medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the Liver and Kidneys, will remove Pimples, Boils, Salt Rheum, and other affections caused by impure blood. Will drive Malaria from the system and prevent as well as cure all Malarial fevers. For cure of Headache, Constipation and Indigestion try Electric Bitters. Entire satisfaction guaranteed, or money refunded. Price 50 cents, and \$1.00 per bottle at Dr. White's drug store.

Property of India Rubber.
 According to *La Nature*, the *Histoire de l'Académie des Sciences*, of Paris, of the year 1732, records the fact that the property possessed by India rubber of erasing pencil marks was discovered at about that epoch by Mr. Magellan, a descendant of the famous navigator whose name is perpetuated in the straight line discovered by him at the southern extremity of South America. Previous to this, bread crumbs had been used as a pencil mark eraser.

A Delicacious Question.
 "Do you enjoy good health?" said Brown to his friend Jones. The reply of Jones was short, sharp and to the point. "Why of course I do, what food doesn't?" Everyone enjoys good health when he has it. But some people do not have it. To enjoy rich, delicate, delicious, nutritious, and healthful food, is a privilege. Small, sugar-coated and easy to take; one a dose.

Cost of Animal and Electric Power.
 Experts have for some time been experimenting and estimating upon the comparative cost of running a line of street cars by electricity and by horse power. After careful inquiry and investigation, they have reported that, taking a line of fifty cars, the average cost of operating per day with horses is \$30.75, against a cost when electricity is used of \$6.50 per day. This leaves a balance of \$24.25 per day, or nearly \$5 a day on each car, in favor of electric traction; this means the saving in a single year of a large proportion of the amount necessary for equipping the cars with electric appliances for propelling them.

What It Does.
 1. Purifies the blood.
 2. Creates an appetite.
 3. Strengthens the nerves.
 4. Makes the weak strong.
 5. Overcomes that tired feeling.
 6. Cures scrofula, salt rheum, etc.
 7. Investigates the kidneys and liver.
 8. Relieves headache, indigestion, dyspepsia.

Bismark and His Dogs.
 Bismark is very fond of animals, as is natural in a landed proprietor. When his favorite dog Sultan, who joined him in 1877 he watched beside the poor beast with deep sympathy. His eldest son tried to lead him away, but he replied, "No leave me alone," and returned to poor Sultan. When the dog was dead, he turned to a friend and said, "These old German forefathers of ours had a kind of religion. They believed they would meet again in the celestial hunting grounds all the good dogs that had been their faithful companions in life. I wish I could believe that."

SALISBURY, WICOMICO CO., MARYLAND, SATURDAY, JULY 26 1890.

NO. 47.

Salisbury Cards.
SALISBURY
Marine Railway & Shipbuilding
COMPANY,
SALISBURY, MD.
ANNOUNCEMENT FOR 1890!

This Company is now prepared to do all kinds of SHIPBUILDING and REPAIRING at their yard on the

WICOMICO RIVER,
2 miles from SALISBURY, at the mouth of the river, and at lowest rates.

Materials of all kinds used in the business, and having a corps of skilled mechanics constantly engaged, all work will be promptly and carefully executed.

Being located on water, freight is reduced to a minimum, and the protection it affords against the salt water is a great advantage.

Plenty of room in shallow water, adjacent to the wharves, where vessels can be free of charge, while being overhauled, scraped and painted.

Applications for work respectfully solicited, and satisfaction guaranteed.

SAM'L A. GRAHAM, President.
L. W. GILLIS, Secretary.
W. M. GILLIS, Treasurer.

This Company is now prepared to do all kinds of SHIPBUILDING and REPAIRING at their yard on the

WICOMICO RIVER,
2 miles from SALISBURY, at the mouth of the river, and at lowest rates.

Materials of all kinds used in the business, and having a corps of skilled mechanics constantly engaged, all work will be promptly and carefully executed.

Being located on water, freight is reduced to a minimum, and the protection it affords against the salt water is a great advantage.

Plenty of room in shallow water, adjacent to the wharves, where vessels can be free of charge, while being overhauled, scraped and painted.

Applications for work respectfully solicited, and satisfaction guaranteed.

SAM'L A. GRAHAM, President.
L. W. GILLIS, Secretary.
W. M. GILLIS, Treasurer.
