IN CHANCERY,

George K. Hooper, William Van Dalsem,
and William A. McKim

THIS object of the bill filed in this cause is
to obtain a decree for the appointment of a
trustee in the place and stead of the defend-
ant, George K. Hooper, and that such trustee
bring into this court the monies claimed
under the deed of trust hereinafter mention-
ed, to the end that thereunto the complain-
ant may be satisfied the amounts and interest
of the promissory notes hereafter mentioned,
and the costs of this suit.

The bill states that the said William A.
McKim heretofore made to the said William
Van Dalsem, and delivered to him his said
McKim's three promissory notes, copies of
which are exhibited with the said bill, and
which said notes are now held by complain-
ant, having been duly passed to him for full
and valuable consideration and remaining
unpaid, although the payment of each, as it
became due, was demanded according to the
terms of such note—that the said William
A. McKim heretofore by deed conveyed to
the said George K. Hooper, all his said Mc-
Kim's interest and share and proportion, in
and of the estate, real and personal, of his
deceased uncle, Samuel McKim, late of Bal-
timore, in trust, in the first place to secure
payment of the promissory notes of which the
aforesaid exhibit marked A is a copy, and
afterwards of all liabilities, debts and claims,
due and owing by said McKim for, on or
under which said Van Dalsem was liable, and re-
sponsible—that said William A. McKim,
for said interest, share or proportion, of his
uncle's said estate, is entitled to a large sum
of money, which complainant insists and
claims should be applied to, to pay the said three
promissory notes, as being provided for by
said deed of trust, and the being, as com-
plainant avers, the note in the first place
provided for as aforesaid, and all the debts,
liabilities and claims, due and owing by said
William A. McKim, in said deed of trust
mentioned—that said George K. Hooper,
(as is also the fact in relation to said McKim
and Van Dalsem) resides out of the state of
Maryland, and complainant, being desirous
to obtain payment of his said demands on
said promissory notes, from the avails of said
trust, is in consequence of said George K.
Hooper not residing in Maryland, and not
acting as trustee, as he might if a resident a-
foresaid, and not having acted as such at all,
but omitting altogether so to do, delayed in
receiving payment as aforesaid, and cannot
have his rights in the premises fully and
promptly ascertained and adjusted in an ef-
fective and binding manner.

It is thereupon Ordered, That the com-
plainant by causing a copy of this order to be
published in some newspaper, once in each
of three successive weeks before the 10th day
of March next, give notice to the said non-
resident defendants, George K. Hooper, Wil-
liam Van Dalsem, and William A. McKim,
of the substance and object of the bill, that
they may be warned to appear in this court
in person, or by a solicitor, on or before the
6th day of July next, to show cause, if any
they have, why a decree should not be passed
as prayed.

The committee appointed by this house to meet in conference a like committee in the part of the senate, upon the subject of the message to that body on the 10th day of December last, suggesting a deputation from the Legislature of Maryland to the Legislature of Pennsylvania, for the purpose of effecting certain objects therein specified, beg leave to report.

That, having conferred freely thereon, they have concluded to recommend the deputation as heretofore proposed by this house.

As an exponent of the feelings and opinions of the members of the General Assembly of Maryland, upon the momentous questions involved in this matter, upon which a conference was requested by the Senate, they further recommend the adoption of the series of resolutions appended to this report.

All of which is respectfully submitted.

J. BOZMAN KERR, Chairman.

On the part of the Committee of Conference.

Resolved by the General Assembly of Maryland, That the right of reclaiming fugitives from labor having been recognized by the several States prior to the adoption of the Federal Constitution, and being guaranteed by that instrument, cannot be bridged, restrained or embarrassed by the Legislature of any State in the Union.

Resolved, That a citizen of Maryland exercising the right of arresting and removing his fugitive slave in another State is not amenable to the penalties of any law of that State, prohibiting or restraining his constitutional rights, or liable to be demanded as a fugitive from justice for asserting that right in contravention of such law.

Resolved, That in order to maintain inviolably that equality of privileges and immunities to which the citizens of the United States, the national judiciary ought to preside in all cases in which one State or its citizens are opposed to another State or its citizens.

Resolved, That to secure the full effect of the fundamental provisions against all evasion or subterfuge, it is necessary that the construction of the Constitution of the United States, or of questions growing out of the collision of State laws with the Federal Constitution or laws made in pursuance thereof should be committed to a tribunal which, having no local attachments, will be likely to be impartial between the different States and their citizens, and which, owing its official existence to the Union, will never be likely to feel any bias inauspicious to the principles upon which it is founded.

Resolved, That the Constitution of the United States, having invested no tribunal with original jurisdiction in such questions as are at issue between the States of Maryland and Pennsylvania, in relation to the surrender of Nathan S. Bemis and others, an impartial decision cannot be had in the ordinary course of judicial proceedings, viz: a surrender of the persons demanded, a trial by a court of Pennsylvania and an appeal to the Supreme Court of the United States, without withdrawing the protection due to every citizen, as the question would thereby be conceded and citizens might be punished before their guilt or innocence could be established by the court of ultimate resort.

Resolved, That His Excellency, the Governor, has exhibited a most commendable solicitude to render to the citizens of this State, demanded by the State of Pennsylvania, all the protection to which they were entitled, consistent with his obligations to maintain the constitution and laws of the United States, as expounded by the Attorney General of this State.

Which was read the first time and ordered to lie on the table.

THE LATE DUEL.

STATEMENT.

WASHINGTON CITY, D. C.

February 20th, 1838.

The following is a statement of the facts of the duel between the Hon. Wm. J. Graves, of Kentucky, and the Hon. Jonathan Cilley, of Maine, as agreed upon by George W. Jones and Henry A. Wise, the seconds of the parties, committed to writing between the hours of 10 o'clock, A. M. February 25th, and 12 o'clock, M. this day. The seconds propose, first, to state the correspondence which occurred before the challenge, and which was communicated through others than themselves; neither second having borne any paper or message, verbal or written, to or from either of the principals until Mr. Wise bore the challenge and Mr. Jones bore the acceptance. This correspondence, as it has been placed in the hands of the seconds, is as follows, to wit:

Mr. Graves to Mr. Cilley.

HOUSE OF REPRESENTATIVES.

February 20, 1838.

In the interview which I had with you this morning, when you declined receiving from me the note of Col. J. W. Webb, asking whether you were correctly reported in the Globe in what you are there represented to have said of him in this House upon the 12th inst. you will please say whether you did not remark, in substance, that in declining to receive the note, you hoped I would not consider it in any respect disrespectful to me, and that the ground on which you read your declining to receive the note was distinctly that you could not consent to get yourself into personal difficulties with conductors of public journals, for what you might think proper to say in debate upon this floor in discharge of your duties as a representative of the people; and that you did not rest your objection, in our interview, upon any personal objections to Col. Webb as a gentleman.

Very respectfully,
Your obedient servant,
W. J. GRAVES.

Hon. Jonathan Cilley.

Mr. Cilley to Mr. Graves.

HOUSE OF REPRESENTATIVES.

February 21, 1838.

The note which you just placed in my hands has been received. In reply, I have to state that in your interview with me this morning, when you proposed to deliver a communication from Col. Webb, of the New York Courier and Enquirer, I declined to receive it, because I chose to be drawn into no controversy with him. I neither affirmed or denied any thing in regard to his character; but when you remarked that this course of my part might place you in an unpleasant situation, I stated to you, and now repeat, that I intended by too refusal no disrespect to you.

Very respectfully,
Your obedient servant,
JONA. CILLEY.

Hon. J. W. Graves.

Mr. Graves to Mr. Cilley.

HOUSE OF REPRESENTATIVES.

February 22, 1838.

Sir: Your note of yesterday in reply to mine of that date is inexplicit, unsatisfactory and insufficient; among other things in this that, in your declining to receive Col. Webb's communication, it does not disclaim any exception to him personally as a gentleman. I have, therefore, to inquire whether you declined to receive his communication, on the ground of any personal exception to him as a gentleman or man of honour? A categorical answer is expected.

Very respectfully,
WM. J. GRAVES.

Hon. J. Cilley.

Mr. Cilley to Mr. Graves.

HOUSE OF REPRESENTATIVES.

February 23, 1838.

Sir: Your note of this date has just been placed in my hands. I regret that mine of yesterday was not satisfactory to you, but I cannot admit the right on your part to propound the question to which you ask a categorical answer, and therefore decline any further response to it.

Very respectfully,
JONA. CILLEY.

Hon. W. J. Graves.

Here follows the first paper borne by Mr. Wise.

WASHINGTON CITY, Feb. 23, 1838.

As you have declined accepting a communication which I bore to you from Col. Webb, and as by your note of yesterday you have refused to decline on grounds which would exonerate me from all responsibility growing out of the affair, I am left no other alternative but to ask that satisfaction which is recognized among gentlemen. My friend, Hon. Henry A. Wise, is authorized by me to make the arrangements suitable to the occasion.

Your obedient servant,
W. J. GRAVES.

Hon. J. Cilley.

Mr. Wise states that he presented the foregoing challenge to Mr. Cilley, in the parlour at Mr. Bish's boarding house, a few minutes before 12 o'clock, on Friday, the 23d inst.

In addition to the foregoing correspondence, the seconds propose to relate only such facts and circumstances as occurred within their joint knowledge, after their own participation in the melancholy affair.

Fourth Year of **Waldie's Library**. **PROSPECTUS OF TWO NEW VOL- UMES FOR 1836.**

THREE years have now elapsed since the proprietor of **Waldie's Select Circulating Library** laid before the public his original prospectus for a valuable library, the great features of which were cheapness, and the facility of a rapid transportation by mail. The most ample success has attended the enterprise, and the effects upon the reading community, it is believed, have been whole- some.

The fourth year will commence on the first Tuesday of January, 1836, at which period, it will be necessary to determine the additional amount of copies to be printed, sub- scriptions being taken only from January of each year. The entire success of the Library is the best guarantee that can be given of its continuance. It was the first to supply books by mail at a mere percentage of their former cost; it has outlived more than thirty puerile attempts at imitation; and has now an exten- sive list of patrons who are of the most solid and valuable class of citizens in every part of the Union, as well as in foreign countries.

The object of **Waldie's Library**, its use and purpose, is enjoyment liberal and intel- lectual. To all who love a mental banquet, without being compelled to depend on places of public resort, this publication furnishes a most valuable desideratum, supplying polite literature of a character to enlarge and im- prove the mind. The time and attention of the editor, himself a reader from inclination as well as duty, are devoted to the procure- ment of works of an elevated standard of in- tellect which may be admitted into every family without hesitation by the most fasti- dious, and become a rallying point for all its members, promoting social belles lettres read- ing and conversation. The variety thus col- lected from the whole mass of published works, mostly new, embraces Biography, Novels, Voyages, and Travels, Sketches, Tales, and Select History, personal memoirs of extraordinary individuals, and curious ad- venture, &c. &c. An amount equal to fifty London duodecimo volumes is thus annually furnished in weekly numbers, at a cost only equal to one of the London works. The plan thus embraces the whole range of popular lit- erature, and the work has now become so uni- versally diffused in every part of the Union as to form no inconsiderable portion of the literature of the country, and with which an acquaintance has become really necessary for those who mix in society.

The Library as now conducted dissemin- ates books to all parts of the country in from five to six weeks after their issue in London. Five dollars per annum expended in this way will supply good reading for a whole circle of family; for a cent and a half a day, post- age included, a duodecimo book is sent every week, making in the course of the year more than three volumes of *Rees's Cyclopaedia*. One volume of the Library, containing from fifteen to twenty entire works, can be bound at an expense little exceeding that of binding either separately, and constitutes a concentrated collection forming a never failing resource of amusement and instruction, and which must always be worth the price that has been paid for it. The most ample testimony has been spontaneously afforded that this work has contributed to the pleasure of thousands, who, but for the resource it afforded, must have been left with minds unoccupied, or thrown into unprofitable and uncongenial society. This immense supply of periodical reading has thus been welcomed every where as a means of improvement, and a substitute for the small talk or idle listlessness so apt to employ a large portion of the time of the many.

Waldie's Library is published every Tues- day, accompanied by a cover of four quarto pages, entitled, *The Journal of Belles Let- tres*, containing reviews of new books, liter- ary intelligence of all kinds, tales, lists of new books, &c. thus combining the advantages of a Library, and the amusement of a magazine and newspaper; the whole for \$5 00 per an- num, or clubs of five individuals obtain five copies for \$20 00, a reduction which pays the postage. Payment always in advance.

Waldie's Port Folio and Companion to the Library.

This periodical contains half as much mat- ter as the Library, at half its price; or both are furnished to clubs of five for \$8 00. Its contents consist of a reprint of the best mat- ter from the London Magazines and Reviews, more especially *Chamber's Edinburgh Jour- nal*. Its object is popular instruction and am- usement, combined in such a manner as to enlist the feelings of every member of the social circle. It enjoys an extensive circula- tion; price to single subscribers not taking the Library, \$3 50, postage paid.

A very limited number of complete sets of Library and Port Folio, at the original subscription price, may be had for a short pe- riod. The Library has been published three years and the Port Folio one; an individual may now form a club by himself, and by pay- ing for the past three years and the volumes for 1835 of the Library, and the Port Folio for 1835 and 1836, the whole can be had for \$30 00. For this amount of matter may be procured which public approbation has stamped as truly valuable and unique for its kind. This privilege must, however, be of brief continuance.

Address, post paid, ADAM WALDIE, 40th St. 22nd door south of Chestnut street, Philad.

The Museum of Foreign Literature and Science, price \$5 00 per annum, the Library and Port Folio, will be all supplied for \$12 00.

NEW PAPER **THE BALTIMORE KALIDOSCOPE,** *And Weekly Express.*

RECENTLY commenced, and now pub- lished every Saturday, by **YOUNG & ABRAMS**, at the South East corner of Market and Gay streets, Baltimore, L. A. Wilson, editor. Price \$2 per annum.

This paper will contain a great variety of original and selected matter, news, literary and scientific articles, notices of new books, and animadversions on the most popular to- pics of the day. The publishers have made such arrangements as enable them to promise with confidence that the *Kalidoscope* shall not be surpassed by any other similar paper in the Union, not only in point of utility, but in the various qualities which make a newspaper attractive and desirable.

One Dollar, in advance, will be received as payment in full for six months. The terms of advertising are moderate. Letters or communications to the editor or publisher, if post paid, will receive prompt attention; and the paper will be forwarded to any part of the country, where it may be ordered. Subscribers at a distance are requested to en- close the amount of their subscription, (at least for six months,) when they order the paper.

Baltimore, Nov. 5, 1837.

NEW MONTHLY MAGAZINE

On the 1st of July, 1837, will be publish- ed, beautifully printed on good paper, of an extra large royal octavo size, and neatly stitched in a coloured cover, the first number OF A NEW PERIODICAL WORK,

ENTITLED,

THE GENTLEMAN'S MAGAZINE.

Edited by WILLIAM R. BURTON, Philadelphia.

To which original communications will be ad- dressed.

THE announcement of a new Periodical is the pre- sent state of affairs may excite some feeling of surprise but having contemplated an alteration in the nature of a very popular monthly publication, "Every Body's Album," the proprietors deem it best to proceed in the proposed arrangement, and produce a period- ical embodying the most wholesome points of the old work, but enriched with sufficient energy and talent to ensure the success of their new enterprise. The respectable and extensive subscription list of the Album, to which this work is assigned as a successor, will at once place the Gentleman's Magazine in a cir- culation equal to that of any other monthly work in the United States, and guarantee the continuance of its publication, with the certainty of payment to the enterprise of the proprietors.

The contents of the Gentleman's Magazine will, in every respect, be analogous to the meaning of the title. We do not pretend, in our literary pursuits, to fly as a comet, above the ken of mankind, nor shall we be content with merely skimming the surface of the ground; our pages will not be filled with abstract predi- cations, nor shall we display the brilliancy of our criti- cal acumen in matters of no value to the million. In short, we do not mean to be profoundly learned, nor philosophically dull. We wish to produce a gentlemanly, agreeable book—an epitome of life's adjuncts—a literary miscellany possessing variety to suit all palates and sufficient interest to command a place upon the parlour table of every gentleman in the United States. In the varied and ample page of contents attached to each number of the Gentleman's Magazine, original articles will be found, from some of the most celebrated writers of the day—essays humorous and didactic—graceful delineations of men and manners—free and spir- ited translations of the lighter portions of the Literature of continental Europe. A series of original biographi- cal notices of the principal stars in the Dramatic he- misphere. The current Literature will be reviewed in full and liberal extracts made from rare and valuable works. An original copy right song, not otherwise to be obtained, will be given, with the music, in every number.

The Gentleman's Magazine will contain seventy-two extra sized octavo pages, of two columns each, forming, at the close of the year, two large handsome volumes of one thousand seven hundred and twenty-eight col- umns, each column containing one-third more than an octavo page of average proportions. Several engravings will be given in the course of the year, and the prop- rietors pledge themselves that the Gentleman's Magazine shall be THE LARGEST AND THE CHEAPEST MONTHLY WORK ISSUED IN THE UNITED STATES.

To induce subscribers to forward their names im- mediately, the publisher begs leave to offer the following inducements for Clubbing, the advantages of which proposition can remain in force for a few months only. The subscription to the Gentleman's Magazine will, for a single copy, be invariably three dollars per annum, payable in advance—but a five dollar bill will produce two copies to the same direction, or a club of ten dol- lars will command five copies.

All letters, postage paid, addressed to Charles Alex- ander, Athenian Buildings, Franklin Place, Philad- elphia, will meet with the earliest attention.

L. A. GODEY & Co.

The following notices are taken from many of a similar character, made by the leading presses of this city:

SATURDAY NEWS—The weekly paper with the above title, which we foretold a few weeks since came to light on Saturday last, under the auspices of Messrs. Godey, McMichael & Neal. Such a trio never got together before. Neal and McMichael beat all for writing, and Godey beats all for publishing; and a capital job they made of their first number, worthy all that was prom- ised. We prophesy for them great success, and to their readers great satisfaction. —*United States Gazette.*

The Philadelphia Saturday News—We have been favoured with a copy of the first number of this new paper. It is creditable to all concerned. The literary matter is far above the ordinary standard and would not discredit the columns of the most popular news- paper of the British metropolis. Sustained in the same spirit, the News will soon win liberal patronage and enviable reputation. An amusing extract will be found in a subsequent column. —*Inquirer and Courier.*

The Philadelphia Saturday News and Literary Gazette.—The first number of a new weekly paper, with the above title, issued in Philadelphia on Saturday last—it is of the largest size of newspapers published in that city, and succeeds the Gentleman's Vade Mecum, formerly issued by Mr. Charles Alexander, which has been by him transferred to Messrs. L. A. Godey, J. C. Neal, and J. McMichael, three gentlemen very favourably known as possessing the requisite qualifi- cations for conducting such a periodical in the most ad- vantageous manner. The first number is a highly sat- isfactory specimen of what may be expected from the paper, especially as a literary Gazette. The annual subscription is at the very moderate rate of two dollars.

SATURDAY NEWS—We have received the first number of a new weekly paper, of the above title, edited by Louis A. Godey, conductor of the Lady's Book; Joseph Neal, editor of the Pennsylvania, and Morton McMichael, the late editor of the Saturday Courier. Judg- ing from the first number we should conclude that it will far exceed, for original matter, and now selections, any weekly paper in Philadelphia. It is not a reprint of any other Gazette, which is too much the case with the mammoth sheets of that city. —*Newcastle Gazette.*

The first number of the Philadelphia Saturday News has been received at this office, and promises to be one of the very best weekly papers in the Union. The number before us is very creditable to the enterprising publisher and editors, its contents being various, enter- taining and instructive. Those who wish a good fam- ily paper from the city, cannot do better than to sub- scribe for the Saturday News. It is published by L. A. Godey, and edited by Morton McMichael, and Joseph C. Neal, Esqrs. —*Daily Republican.*

SATURDAY NEWS—The new Journal advertised in our paper under the above title, made its appearance last week, and is, very unequivocally on the "go ahead" system.—There is no doubt, but that the publisher, our friend Godey, whose Lady's Book we have in times past laboured to make our fair readers fairly in love with, will gain troops of friends in his new enterprise, and line his pockets to some purpose with the "needful." Very well. We were glad of the sketch under our pen- icle head in by Mr. Neal, and is in his inimitable style. We hope to be able to treat our friends often to such exquisite touches of sly and quiet humour. —*Saturday Courier.*

ABY-LAW.

Entitled, *A Supplement to the By-Law to open and establish the lines of Compromise Street in the City of Annapolis, and for other purposes, passed on the 11th of Sep- tember 1837.*

[Passed 11th December, 1837.]

SECTION 1. Be it established and or- dained by the Mayor, Recorder, Alder- men, and Common Council of the city of Annapolis, That three Commissioners be ap- pointed by the Mayor for the purpose of as- certaining, by competent evidence, and in the usual way, what damages will be sus- tained by the owners of property on the line of said street, and that they shall report to this Board what damage will accrue to each of the said owners by opening the same.

Sec. 2. And be it further established and ordained by the authority aforesaid, That in making the said assessment and valuation, the said Commissioners shall take into con- sideration the benefits which will in their judgment, result to said owners by opening the aforesaid street, and that said benefits shall be deducted from the damages which the commissioners may be of opinion the a- foresaid owners would otherwise be entitled to.

Sec. 3. And be it further established and ordained by the authority aforesaid, That after the said commissioners shall have made their report to this Board, a manager aforesaid, it will be for this Board to decide whether the said street shall be opened, any thing in the by-law, to which this is a sup- plement, to the contrary notwithstanding.

JOHN MILLER, Mayor.

MAMMOTH SHEET. **OF THE SATURDAY NEWS.**

Offered to the **SATURDAY NEWS**, since its commencement in July last, and a desire to meet that patronage by corresponding ex- tions, have induced us this week to publish a *Double Number*—being the largest sheet ever printed in Philadelphia for any purpose, and the largest literary paper ever printed in the United States. To those of our friends who are practical printers, it need not be mentioned that this undertaking has involved serious mechanical difficulties. The largest sheet used for our ordinary impression—

but this would accommodate only a single page of the mammoth sheet, and we were obliged, therefore, to work four forms at dif- ferent periods. The care used in preparing the paper—in removing and folding the sheets, &c., can only be estimated by those who have seen the experiment made; and added to the necessarily increased amount of composition, press work, &c., these supple- mentary expenses have made an aggregate cost, which would have deterred many from engaging in the enterprise. A gain of two thousand new subscribers will not repay the actual cost of this single number.

We flatter ourselves that, besides its ex- traordinary size, this number presents at- tractions that entitle it to some attention. It contains the whole of *Friendship's Offer- ing* for 1837, the London copy of which costs \$4, and has 344 closely printed pages of let- ter press. Distinguished as the present age, and particularly our own country, has been for cheap reprints, we believe this surpasses any former instance. For four cents subscri- bers to the *Saturday News* receive, in addition to their ordinary supply of miscellane- ous matter, an English annual, the largest yet received for the coming season; and they receive it, moreover, in a form that, from its novelty, gives it additional value.

Of the general character of the *Saturday News* we need not speak. That has now be- come so well known as to require no com- ment. We may take occasion to say, how- ever, that in enterprise and resources we yield to no other publishers in this city or elsewhere, and we are determined that our paper shall not be surpassed. We have en- tered the field prepared for zealous competi- tion, and we stand ready in every way to realize our promise, that no similar publication shall excel that which we issue. Our articles, both original and selected, we are not ashamed to test by any comparison which can be adopted; and there is no periodical in the U- nited States, monthly or weekly, which might not be proud of many of our contributors.

The issuing of this number may be regard- ed as an evidence of our intention and ability to merit success. Nor will it be the only effort.—From time to time, as opportunity of- fers, we propose to adopt extraordinary means for the interest and gratification of our subscribers.

L. A. GODEY, & Co.

THE SALMAGUNDI, **AND NEWS OF THE DAY.**

EMBELLISHED WITH A MULTITUDE OF COMIC ENGRAVINGS.

A NEW PERIODICAL, of a novel char- acter, bearing the above appellation, will be commenced on the beginning of Jan- uary, 1836. While it will furnish its patrons with the leading features of the news of the day, its principal object will be to serve up a humorous compilation of the numerous liv- ely and pungent sallies which are daily float- ing along the tide of Literature, and which, for the want of a proper channel for their pre- servation, are positively lost to the Reading world. Original wits and humorists of our time will here have a medium devoted to the faithful record of the acintillations of their genius. It is not necessary to detail the many attractions which this journal will pos- sess, as the publisher will furnish a specimen number to every person who desires it—

(those out of the city, will forward their or- der, postage paid.)—And he pledges him- self that no extractions on his part shall be wanting to make each succeeding number su- perior in every respect to the preceding ones. THE SALMAGUNDI will be printed on large imperial paper, equal in size and quality to that which is at present used for the Gen- tleman's Vade Mecum. It is calculated that MORE THAN

500 ENGRAVINGS

will be furnished to the patrons of this Jour- nal in one year—these, in addition to an ex- tensive and choice selection of Satire, Criti- cism, Humour and Wit, to be circulated through its columns, will form a Literary Banquet of a superior and attractive order; and the publisher reflects with perfect con- fidence on the liberality of the American pub- lic, and the spirit and tact with which this expensive undertaking will be prosecuted, to bear him successfully and profitably along with it.

The Terms of THE SALMAGUNDI will be TWO DOLLARS per annum, payable in- variably in advance. No paper will be furnish- ed unless this stipulation is strictly adhered to. Clubs of three will be supplied with the paper for one year, by forwarding a five dollar note, postage paid. Clubs of seven will be supplied for the same term, by for- warding a ten dollar note. The papers that are sent out of the city will be carefully packed in strong envelopes, to prevent their rubbing in the mail.

THE SALMAGUNDI will be published on alternate weeks;—otherwise it would be im- possible to procure the numerous Embellish- ments which each number will contain;—and the general interest it will afford must be en- hanced by this arrangement. Address, CHARLES ALEXANDER, Athenian Buildings, Franklin Place, Philad- elphia.

THE Steam Boat MA- RYLAND, leaves Balti- more, every TUESDAY & FRIDAY MORN- ING, at 7 o'clock for the above places, starting from the lower end Dugan's wharf, and returns on Wednesday and Saturday.

A NEW AND CHEAP PERIODICAL.

Attention is requested from all readers to the following prospectus of a new, and even a cheaper book, periodical, which will be issued from this office in the first week of next January. It will not be in any convenient a form for binding as the present, with which it will in no way interfere, but it will make books cheap beyond all precedent. It will contain the works of the day, which are not sought after, but are comparatively dear, and which cannot penetrate the interior in any mode half so rapidly as by mail, in which volumes of books are prohibited. A fifty cent American reprint will be furnished en- tire for from four to six cents; a Marryat no- vel for twelve cents, and others in propor- tion.

As but very few copies will be printed but what are actually subscribed for, those who wish the *Omnibus*, must make their remit- tances at once.

WALDIE'S LITERARY OMNI- BUS.

NOVEL AND IMPORTANT LI- TERARY ENTERPRISE!!

NOVELS, TALES, BIOGRAPHY, VOYAGES, TRA- VELS, REVIEWS, AND THE NEWS OF THE DAY.

IT was one of the great objects of "Wal- die's Library," to make good reading cheaper, and to bring literature to every man's door. That object has been accom- plished; we have given to books wings, and they have flown to the uttermost parts of our vast continent, carrying society to the seclu- ded, occupation to the literary, information to all. We now propose still further to li- terary banquet more than twofold accessible; we gave and shall continue to give in the quarto library a volume weekly for two cents a day; we now propose to give a volume in the same period for less than four cents a week, and to add as a piquant reasoning to the dish a few columns of shorter literary matters, and a summary of the news and events of the day. We know by experience and calculation that we can go still further in the matter of reduction, and we feel that there is still verge enough for us to aim at offering to an increasing literary appetite that mental food which it craves.

The Select Circulating Library, now as e- ver so great a favourite, will continue to make its weekly visits, and to be issued in a form for binding and preservation, and its price and form will remain the same. But we shall, in the first week of January 1837, issue a huge sheet of the size of the largest newspapers of America, but on very superior paper, also filled with books of the newest and most entertaining, though in their several departments of Novels, Tales, Voyages, Travels, &c., select in their character, joined with reading such as usually should fill a weekly newspaper. By this method we hope to accomplish a great good; to enliven and enlighten the family circle, and to give to it, at an expense which shall be no considera- tion to any, a mass of reading that in book form would alarm the pockets of the prudent, and to do it in a manner that the most ac- ceptable shall acknowledge "the power of con- centration can no farther go." No book which appears in *Waldie's Quarto Library* will be published in the *Omnibus*, which will be an entirely distinct periodical.

TERMS.

Waldie's Literary Omnibus will be issued every Friday morning, printed on pa- per of a quality superior to any other weekly sheet, and of the largest size. It will con- tain:

1st. Books, the newest and the best that can be procured, equal every week to a Lon- don duodecimo volume, embracing Novels, Travels, Memoirs, &c., and every chargeable with newspaper postage.

2d. Literary Reviews, Tales, Sketches, notices of books, and information from "the world of letters," of every description.

3d. The news of the week concentrated to a small compass, but in a sufficient amount to embrace a knowledge of the principal events, political and miscellaneous, of Europe and America.

The price will be two dollars to clubs of five subscribers where the paper is forwarded to one address. To clubs of two individuals, five dollars; single mail subscribers, three dollars. The discount on uncurrent money will be charged to the remitter; the low price and superior paper absolutely prohibit pay- ing a discount.

On no condition will a copy ever be sent until the payment is received in advance.

As the arrangements for the prosecution of this great literary undertaking are all made, and the proprietor has redeemed all his pledges to a generous public for many years, no fear of the non fulfilment of the contract can be felt. The *Omnibus* will be regularly is- sued, and will contain in a year reading mat- ter equal in amount to two volumes of *Ree's Cyclopaedia*, for the small sum mentioned a- bove.

Address, post paid, ADAM WALDIE,

40 Carpenter St., Philadelphia.

Editors throughout the Union, and Can- ada, will confer a favour by giving the above one or more conspicuous insertions, and ac- cepting the work for a year as compensation.

FOR ANNAPOLIS, CAMBRIDGE AND EASTON.

IN CHANCERY,
6th February, 1838.
Carter Crittenden
vs.

George K. Hooper, William Van Dalsem,
and William A. McKim.
THE object of the bill filed in this cause is
to obtain a decree for the appointment of a
trustee in the place and stead of the defend-
ant, George K. Hooper, and that such trustee
bring into this court the monies claimed un-
der the deed of trust hereinafter mention-
ed, to the end that thereunto the complain-
ant may be satisfied the amounts and interest
of the promissory notes hereafter mentioned,
and the costs of this suit.

The bill states, that the said William A.
McKim heretofore made to the said William
Van Dalsem, and delivered to him his said
McKim's three promissory notes, copies of
which are exhibited with the said bill, and
which said notes are now held by complain-
ant, having been duly passed to him for full
and valuable consideration, and remaining
unpaid, although the payment of each, as it
became due, was demanded according to the
terms of such note. That the said William
A. McKim heretofore by deed conveyed to
the said George K. Hooper, all his said Mc-
Kim's interest and share and proportion, in
and of the estate, real and personal, of his
deceased uncle, Samuel McKim, late of Bal-
timore, in trust, in the first place to secure
payment of the promissory note of which the
aforesaid Exhibit marked A is a copy, and
afterwards of all liabilities, debts and claims,
due and owing by said McKim for, or on
which said Van Dalsem was liable and re-
sponsible. That said William A. McKim,
for said interest, share or proportion of his
uncle's said estate, is entitled to a large sum
of money, which complainant insists said
claims should be applied to pay the said three
promissory notes, as being provided for by
said deed of trust, and they being, as com-
plainant avers, the first place provided for
as aforesaid, and all the debts, liabilities
and claims, due and owing by said
William A. McKim in said deed of trust
mentioned. That said George K. Hooper,
(as is also the law in relation to said McKim
and Van Dalsem) resides out of the state of
Maryland, and complainant, being desirous
to obtain payment of his said demands on
said promissory notes from the assets of said
trust, is in consequence of said George K.
Hooper not residing in Maryland, and not
acting as trustee, as he might if a resident a-
foresaid, and not having acted as such at all
but omitting altogether to act, delayed in
receiving payment as aforesaid, and cannot
have his rights in the premises duly and
promptly ascertained and adjusted in an ef-
fective and binding manner.

It is thereupon Ordered, That the com-
plainant by causing a copy of this order to be
published in some newspaper once in each
of three successive weeks before the 10th day
of March next, give notice to the said non-
resident defendants, George K. Hooper, Wil-
liam Van Dalsem, and William A. McKim,
of the substance and object of the bill, that
they may be warned to appear in this court
in person, or by a solicitor, on or before the
6th day of July next, to show cause, if any
they have, why a decree should not be passed
as prayed.

and William A. McKim.
THE object of the bill filed in this cause is
to obtain a decree for the appointment of a
trustee in the place and stead of the de-
fendant, George K. Hooper, and that such trustee
bring into this court the monies claimed
under the deed of trust hereinafter mention-
ed, to the end that thereunto the complain-
ant may be satisfied the amounts and interest
of the promissory notes hereafter mentioned,
and the costs of this suit.
The bill states, that the said William A.
McKim heretofore made to the said William
Van Dalsen, and delivered to him his said
McKim's three promissory notes, copies of
which are exhibited with the said bill, and
which said notes are now held by complain-
ant, having been duly passed to him for full
and valuable consideration; and remaining
unpaid, although the payment of each, as it
became due, was demanded according to the
terms of such note. That the said William
A. McKim heretofore by deed conveyed to
the said George K. Hooper, all his said McKim's
interest and share and proportion, in
and of the estate, real and personal, of his
deceased uncle, Samuel McKim, late of Bal-
timore, in trust, in the first place to secure
payment of the promissory note of which the
aforesaid Exhibit marked A is a copy, and
afterwards of all liabilities, debts and claims,
due and owing by said McKim for, or on
which said Van Dalsen was liable and re-
sponsible. That said William A. McKim,
for said interest, share or proportion of his
uncle's said estate, is entitled to a large sum
of money, which complainant insists and
claims should be applied to pay the said three
promissory notes, as being provided for by
said deed of trust, and they being, as com-
plainant avers, the note in the first place
provided for as aforesaid, and all the debts,
liabilities and claims, due and owing by said
William A. McKim in said deed of trust
mentioned. That said George K. Hooper,
(as is also the fact in relation to said McKim
and Van Dalsen,) resides out of the state of
Maryland, and complainant, being desirous
to obtain payment of his said demands on
said promissory notes from the avails of said
trust, is in consequence of said George K.
Hooper not residing in Maryland, and not
acting as trustee, as he might if a resident
aforesaid, and not having acted as such at all
but omitting altogether so to act, delayed in
receiving payment as aforesaid, and cannot
have his rights in the premises duly and
promptly ascertained and adjusted in an ef-
fective and binding manner.

It is thereupon Ordered, That the com-
plainant by causing a copy of this order to
be published in some newspaper once in each
of three successive weeks before the 10th day
of March next, give notice to the said non-
resident defendants, George K. Hooper, Wil-
liam Van Dalsen, and William A. McKim,
of the substance and object of the bill, that
they may be warned to appear in this court
in person, or by a solicitor, on or before the
6th day of July next, to show cause, if any
they have, why a decree should not be passed
as prayed.

The house again resolved itself into a com-
mittee of the whole house upon the unfinished
order of yesterday, being the report submitted
by Mr. Alexander, chairman of the committee
on ways and means, on the 8th ultimo, in rela-
tion to the subscription of the State to certain
internal improvement companies; and the re-
port from the majority of said committee on the
10th ultimo, and the report from the minority
of that committee on the 17th ultimo, upon the
negotiation of a loan for the promotion of in-
ternal improvement, Mr. Mauley being in the
chair, and after some time spent in committee,
the speaker resumed the chair, and the chair-
man reported that the said committee had, in ob-
edience to order, had said reports under consid-
eration, and had directed him to report the
following resolutions for the consideration of
the house.

Resolved, That the act for the promotion of in-
ternal improvements, passed in June 1836, chap.
393, provides that, upon the performance of cer-
tain conditions by the Chesapeake and Ohio
Canal Company, and the Baltimore and Ohio
Rail Road Company, "the treasurer of the west-
ern shore" shall subscribe to the capital stock
of each of said companies, the sum of three
millions of dollars, and pay for the same in the
manner and upon the terms prescribed in
said act.

Resolved, That the said conditions having
been complied with, and the treasurer having
subscribed to the stock of each of those com-
panies the sum of three millions of dollars, as re-
quired by said act, the said subscriptions are
now binding upon the State, if the same neces-
sary for the payment of the same can be ob-
tained upon the terms and conditions therein
mentioned.

Resolved, That according to those terms, cer-
tificates of stock or bonds of the State to the
amount of eight millions of dollars, were to be
sold by commissioners, to be appointed for that
purpose, at a premium of twenty per cent. and
the money arising from the sale thereof to be
paid into the treasury, and applied to the use of
the different companies mentioned in said act,
in the proportions and upon the conditions there-
in specified.

That the commissioners appointed to sell said
bonds, entered into contracts with the Ches-
apeake and Ohio Canal Company, and the Bal-
timore and Ohio Rail Road Company, on the
31st day of March last, for the sale of a part
of said bonds, amounting to three millions of
dollars to each of said companies, which con-
tracts have been so made as to leave it doubtful
in what manner the money arising from said
sale is to be applied, and whether in making
such contracts with the said parties, the com-
missioners have complied with the intention
and meaning of the said act of Assembly.

Resolved, That if the said contracts were
not made it would still be incumbent upon the
State to renew and continue the attempt to dis-

pos of the said bonds, so as to provide the means of paying the subscriptions to the said companies as required by said act, and that the renewal of negotiations for that purpose would be attended with delays which would be injurious to all the parties concerned, and fatal to the Chesapeake and Ohio Canal, without relieving the State from any of its obligations.

Resolved, therefore, That the contracts made by the said commissioners with the said companies, shall be considered, and they are hereby declared to be binding upon the State; Provided, that no part of the said bonds or certificates shall be delivered to either of the said companies, or their agents, or to any person whatever, nor shall they be obligatory upon the State until the company or person claiming the same shall first pay to the treasurer of the western shore one hundred and twenty dollars for each hundred dollars of said bonds. And the treasurer is hereby authorized and directed to apply the par value so received for said bonds to the use of the different companies mentioned in said act, according to the proportions and conditions therein prescribed.

And as the said sums are paid into the treasury, if any one of said companies should not have so far progressed in its operation as to stand in need of its proportion of the same, then the treasurer shall be authorized, with the consent of said company, to advance the same to any other of said companies; provided, that such company to whom the same is advanced shall not receive more than its full quota of the whole sum of eight millions of dollars.

Mr. Hughes moved that the house adjourn, being 5 o'clock, P. M.

Determined in the negative.

Mr. Williams offered as a substitute for said resolutions, the following—

Resolved by the General Assembly of Maryland, That in the opinion of this legislature, the subscriptions to the capital stock of the Chesapeake and Ohio Canal Company, and to the capital stock of the Baltimore and Ohio Railroad Company, made by the treasurer of this State, under the provisions of the act of Assembly of December session eighteen hundred and thirty-five, entitled, "an act for the promotion of internal improvement," were to be dependent for their validity on the sufficiency of subscriptions to the capital stock of the Maryland Canal Company, "to insure its completion by the most northern practicable route."

Resolved, That the subscription made to the capital stock of the Baltimore and Ohio Railroad Company by the treasurer, under the provisions of the act aforesaid, was also dependent for its validity on a certificate, to be rendered under oath, by a majority of the State's directors in said company, stating to the treasurer their sincere belief that, with the amount of said subscription, and the other means mentioned in connexion therewith in the fifth section of said act, the said railroad company would have funds sufficient to complete the said railroad from the Ohio river by way of and through Cumberland, Hagerstown and Boonsborough, to its present track at Harper's Ferry.

Resolved, That the validity of said subscription to said railroad company was also to depend on the said company's locating their said road "so as to pass through" Boonsborough and Hagerstown; and said company is not authorized to locate it any other manner; and in case of not so locating said road, the said company is to forfeit one million of dollars to the State of Maryland.

Resolved, That the subscriptions to the capital stock of the Chesapeake and Ohio Canal Company, and to the capital stock of the Baltimore and Ohio Railroad Company, made by the treasurer of this State under the provisions of the said act of 1835, chapter 395, were also dependent for their validity on the event of a successful negotiation for a sale of State's stock in the manner and on the terms limited and prescribed thereby by the said act.

Resolved, That the said subscriptions on the part of the State were not intended to be payable or to be provided for, except out of the "money" that might arise from the sale of State's stock, in case the said stock, on its being offered for sale in Europe and in this country, could be disposed of for "money," at a rate not less than "twenty per cent. net advance above the par value of said stock."

Resolved, That said stock has been so offered for sale publicly and fairly on the part of this State, and has not been, and could not be, disposed of for "money," on the terms and conditions limited thereby by the said act.

Resolved, That it evidently was contemplated and intended by the said act of assembly, that if the several provisions thereof in relation to the negotiating of a sale of stock in Europe or in this country could not be carried into effect within a convenient and reasonable period, then and in that case the State was not to be considered bound to provide for said nominal subscriptions.

Resolved, That it is evident, from the "notice" officially given by the canal company to the treasurer of Maryland, "of the time" of their requiring payment on account of said subscriptions, (see page 34 of documents annexed to the report [N] of the committee of ways and means) that it was considered that the limit of a convenient and reasonable period within which the money for providing for said subscriptions were to be in the treasury, was not to extend beyond the 1st of December, 1837.

Resolved, That the treasurer is restrained by the fifth section of said act of assembly from making any payment to either of said companies, except out of the money which he shall receive as the par or sum of the State's stocks or bonds that may be issued or disposed of for the purpose of providing the amount of subscriptions aforesaid to the stocks of said companies; and that no money arising from such source and for such purposes has been paid or transmitted

to the treasurer, agreeably to the provisions and conditions in that respect contained in the eleventh section of said act.

Resolved, That the commissioners appointed under said act of assembly, have already had more than a reasonable and sufficient time to negotiate a valid sale of the State's stock, either in Europe or in this country, in the manner provided in said act, if such sale had been practicable on the terms therein limited and prescribed.

Resolved, That as it regards the alleged sale of the State's stock by the commissioners, the said commissioners contracted with, and at the instance of parties not competent to make a valid purchase of such stock, and having no authority by law to speculate or deal in stocks, or to lend money thereon; (even if they had had money to lend, which it is notorious they had not) and those parties being the canal and railroad companies themselves, they are not entitled to derive any benefit whatever from a transaction not sanctioned by law, which they induced and participated in.

Resolved, That the commissioners appointed for the purpose of disposing of State's stock, either in Europe or in this country, were not authorized to negotiate a sale thereof, in any other manner or on any other terms than those meant and prescribed by said act of assembly, nor without obtaining the "money" for the sale of one hundred and twenty dollars in money for every one hundred dollars in stock, and securing "the payment and safe transmission" thereof "to the treasurer of the Western Shore."

Resolved, That the contract alleged to have been made between the said commissioners and the said canal and railroad companies, having been made by two only of the three persons commissioned for the selling of said stock, the said contract, even if it were not otherwise void, would not be valid, since it was not made by a majority of commissioners constitutionally competent to act as such, or to discharge such office of profit; one of the said two commissioners who made said contract, having been, at the same time, a high judicial functionary, and drawing pay as such; and it being by the 30th and 32d articles of the Declaration of Rights, expressly declared as follows, to wit:

"No judge ought to hold any other office, civil or military, or receive fees or perquisites."

"No person ought to hold, at the same time, more than one office of profit."

Resolved, That the office of the said commissioners was, in its nature, only temporary, and for the special purpose of trying in Europe and in this country, to make a negotiation for the disposal of a certain amount of State stock in exchange for money, at the rate limited, of one hundred dollars in stock for one hundred and twenty dollars in money.

Resolved, That the commissioners having made trial, publicly and fully, both in this country and in Europe, to obtain the money for State's stock on the terms and conditions limited by the said act of assembly, and having failed of success, because of its being found utterly impossible to make a valid sale of said stock under the limitations of said act, the said commissioners have, as a consequence thereof, become divested of their power and authority, and their office and agency are at an end.

Resolved, That the State, by the trial which it caused to be made as aforesaid to dispose of its stock at the rate prescribed by the said act of assembly, although the said trial has resulted unsuccessfully, has done all that it undertook or bound itself to do, in the event of its being found impracticable to raise the required amount of money on its stock, at the high premium fixed by the said act; and the contingency has occurred which, leaving the public faith inviolate, releases and exonerates the State from all obligation to provide for its conditional subscriptions to the stock of the said canal and railroad companies aforesaid.

Resolved, That in the opinion of this legislature, the contracts made by the said commissioners for the sale of three millions of dollars worth of stocks to each of them, the said Chesapeake and Ohio Canal Company, and the said Baltimore and Ohio Railroad Company, are not binding upon the State.

Resolved, That the subscriptions to the capital stock of the Chesapeake and Ohio Canal Company, and to the capital stock of the Baltimore and Ohio Railroad Company, made by the treasurer of this State under the act of 1835, chapter 395, are not binding upon the State, or obligatory on its treasurer.

Which was read.

Mr. Alexander moved that the house adjourn; Resolved in the affirmative.

A bill, in relation to a road authorized to be opened by an act passed at December session 1832, ch. 158, and its supplements.

And a supplement to an act, to prevent the unnecessary accumulation of costs in civil suits.

Mr. Williams reported a bill, entitled, an act for the relief of Morris Malsby, of Harford county.

Which was read the first, and by special order the second time, passed and sent to the senate.

The house then resumed the consideration of the order of the day, being the resolutions reported by the committee of the whole house as a substitute for the several reports referred to the said committee, upon the subject of a negotiation of the loan for the promotion of Internal Improvement, and the resolutions offered by Mr. Williams, as a substitute therefor.

On the question being put—will the house adopt said substitute.

It was determined in the negative.

Mr. Bowie then offered as a substitute for the report of the committee of the whole house, the following—

Resolved by the General Assembly of Maryland, That the act passed at May session 1836, chapter 395, entitled, "an act for the promotion of Internal Improvement," is a conditional contract between the State of Maryland, on the one part, and the several internal improvement companies therein mentioned, on the other part, by which the State bound itself to subscribe to the capital stock of the Chesapeake and Ohio Canal Company, and the Baltimore and Ohio Railroad Company, the sum of three millions of dollars each, on condition "that the said corporations should approve, assent and agree to the several provisions of that act, so far as they were applicable to said corporations respectively, and should severally communicate said approval, assent and agreement to the Governor of the State on or before the first day of August then next."

Resolved, That in the opinion of this Legislature the subscriptions which are authorized by the said act, to be made by the Treasurer to the capital stock of the aforesaid companies, are not, and were not designed to be absolute and unconditional, but were made to depend for their validity upon a strict compliance, by the commissioners directed to be appointed by the eleventh section of said act, with the limitations contained in the proviso thereof, that they should not sell the bonds or certificates of the State "at a less rate or price than twenty per cent net above the par value thereof."

Resolved, That whether the faith of the State be pledged for the payment of the subscriptions, which have been made by the Treasurer to the capital stock of the aforesaid companies under the provisions of the said act, is a question which depends upon the fact whether the commissioners have made a legal sale of the bonds or certificates of the State at the price of twenty per cent premium, and if such legal sale has not been made, the liability of the State to pay said subscriptions has not yet become fixed and absolute, but will become so whenever the commissioners shall make said sale according to the directions contained in said act and not before.

Resolved, That contracts entered into by the commissioners with the said companies were not authorized or contemplated by the provisions of the said act, nor have the said companies or either of them, any power vested in them by their respective charters to purchase or deal in the stocks of the State.

Resolved therefore, That the said State of Maryland will not ratify and confirm said contracts, but the same are hereby declared to be absolutely null and void, and in no wise binding upon the faith of the said State.

Resolved, That there is no limitation prescribed by said act as to the time when the said commissioners shall make sale of the said bonds or certificates of the State, and if the contracts made by them with the aforesaid companies should not be deemed valid or effectual, they will have ample authority to go on and complete the execution of the powers vested in them by the said act, and to contract for the sale of the said bonds or certificates, either in this country or in Europe, whenever they can sell the same for the price fixed on by the provisions of the said act.

Resolved, That the faith of the State for the payment of the loan or loans authorized to be contracted for by the said act, is pledged thereby, only on the condition, that the said bonds or certificates of the State shall be sold at the price of twenty per cent net above the par value thereof; and in the opinion of this legislature the subscriptions by the State to the capital stock of said companies were not intended to be absolute and unconditional, while the means provided for their payment were to be entirely contingent.

Resolved, That the said act, entitled, "an act for the promotion of Internal Improvement," cannot be constitutionally repealed by the legislature, because such repeal would impair the ob-

ligation of a contract entered into between the State of Maryland, and the said companies mentioned therein, and in the opinion of this legislature, the provisions of the said act ought to be in no manner disturbed, but the said parties allowed the full benefit of the rights and privileges secured to them respectively by the same, according to the conditions, limitations and restrictions thereby imposed.

Resolved, That in order to carry out the full intent and meaning of said act, the Treasurer of the Western Shore be and he is hereby directed to retain in his hands one million of dollars, out of that portion of the money to be paid into the treasury, from a sale of the said bonds of the State, which, under the provisions of said act, would belong to the Baltimore and Ohio Railroad, until he shall be fully satisfied by a certificate from the president of said company, given under oath, that the said railroad will be constructed, so as to pass through Hagerstown and Boonsborough, as provided for by the aforesaid act; and if the said railroad is not constructed by the route designated, as aforesaid, then the one million of dollars so retained by the treasurer, shall be held by him for the use of Washington county, and be paid over to the commissioners of said county, to be applied in a manner to be hereafter provided for by law.

Which was read.

Mr. Beam moved to amend said substitute by adding the following, (which was accepted by Mr. Bowie.

Resolved, That the impracticability of constructing a canal from the Chesapeake and Ohio Canal to the city of Baltimore, by the valleys of the Monocacy and Patuxent, or by a route diverging from the said Chesapeake and Ohio Canal at the mouth of Seneca river, exclusively within the limits of this State, has not been fully established to the satisfaction of this Legislature.

Resolved, That for the purpose of determining the practicability of either of said routes a competent engineer or engineers shall be appointed by the Governor and Senate, who shall after actually examining and surveying said routes make a report or reports, accompanied with estimates of the cost of constructing a canal on said routes with due supply of water.

Resolved, That the Maryland Canal Company is entitled to no subscription, on the part of this State, under the provisions of the said act of Assembly of 1835 and '6, chapter 375, unless they will agree to locate their canal from the Chesapeake and Ohio Canal to the city of Baltimore, by the most northern practicable route of the routes by the valleys of the Monocacy and Patuxent, or by a route diverging from the said Chesapeake and Ohio Canal, at the mouth of Seneca river, exclusively within the limits of this State; provided such route be found practicable, with a due supply of water.

Resolved, that the Governor be and he is hereby authorized to direct a survey to be made of the aforesaid routes, so that the practicability of constructing the said canal by either of said routes, may be ascertained at as early a period as possible, and report the same to the next General Assembly.

Determined in the negative.

Mr. Williams then moved to amend said report of the committee of the whole house, by adding at the end thereof the following:

Resolved, That the Maryland Canal Company is entitled to no subscription on the part of this State, under the provisions of the said act of Assembly unless they will agree to locate their canal from the Chesapeake and Ohio Canal to the city of Baltimore, by the most northern practicable route of the routes by the valleys of the Monocacy and Patuxent, or by a route diverging from the said Chesapeake and Ohio Canal, at the mouth of Seneca river, exclusively within the limits of this State; provided such route be found practicable, with a due supply of water.

Which was read.

On motion of Mr. Causin, said resolution was amended by adding at the end thereof the following, "and that he be required to reside at the seat of government."

Waldie's Library

THREE years have now elapsed since the proprietor of Waldie's Select Circulating Library laid before the public his original prospectus for a valuable library, the great features of which were cheapness, and the facility of a rapid transportation by mail. The most ample success has attended the enterprise, and the effects upon the reading community, it is believed, have been wholesome.

The fourth year will commence on the first Tuesday of January, 1836, at which period it will be necessary to determine the additional amount of copies to be printed, subscriptions being taken only from January of each year. The entire success of the Library is the best guarantee that can be given of its continuance. It was the first to supply books by mail at a mere per centage of their former cost; it has outlived more than thirty perilsous attempts at imitation; and has now an extensive list of patrons who are of the most solid and valuable class of citizens in every part of the Union, as well as in foreign countries.

The object of Waldie's Library, its use and purpose, is enjoyment liberal and intellectual. To all who love a mental banquet, without being compelled to depend on places of public resort, this publication furnishes a most valuable desideratum, supplying polite literature of a character to enlarge and improve the mind. The time and attention of the editor, himself a reader from inclination as well as duty, are devoted to the procurement of works of an elevated standard of intellect which may be admitted into every family without hesitation by the most fastidious, and become a rallying point for all its members, promoting social belles lettres reading and conversation. The variety thus collected from the whole mass of published works, mostly new, embraces Biography, Novels, Tales, and Select History, personal memoirs of extraordinary individuals, and curious adventures &c. &c. An amount equal to fifty London duodecimo volumes is thus annually furnished in weekly numbers, at a cost only equal to one of the London works. The plan thus embraces the whole range of popular literature, and the work has now become so universally diffused in every part of the Union as to form no inconsiderable portion of the literature of the country, and with which an acquaintance has become really necessary for those who mix in society.

The Library as now conducted disseminates books to all parts of the country in from five to six weeks after their issue in London. Five dollars per annum expended in this way will supply good reading for a whole circle or family for a *cent* and a half a day, postage included, a duodecimo book is sent every week, making in the course of the year more than three volumes of Rees's Cyclopaedia. One volume of the Library, containing from fifteen to twenty entire works, can be bound at an expense little exceeding that of binding either separately, and constitutes a concentrated collection forming a never failing resource of amusement and instruction, and which must always be worth the price that has been paid for it. The most ample testimony has been spontaneously afforded that this work has contributed to the pleasure of thousands, who, but for the resource it afforded, must have been left with minds unoccupied, or thrown into unprofitable and uncongenial society. This immense supply of periodical reading has thus been welcomed every where as a means of improvement, and a substitute for the small talk or idle listlessness so apt to employ a large portion of the time of the many.

Waldie's Library is published every Tuesday, accompanied by a cover of four quarto pages, entitled, *The Journal of Belles Lettres*, containing reviews of new books, literary intelligence of all kinds, tales, lists of new books, &c. thus combining the advantages of a Library, and the amusement of a magazine and newspaper; the whole for \$5 00 per annum, or clubs of five individuals obtain five copies for \$20 00, a reduction which pays the postage. *Payment always in advance.*

Waldie's Port Folio and Companion to the Library.

This periodical contains half as much matter as the Library, at half its price; or both are furnished to clubs of five for \$6 00. Its contents consist of a reprint of the best matter from the London Magazines and Reviews, more especially Chambers's Edinburgh Journal. Its object is popular instruction and amusement, combined in such a manner as to enlist the feelings of every member of the social circle. It enjoys an extensive circulation; price to single subscribers not taking the Library, \$2 50, postage paid.

*A very limited number of complete sets of Library and Port Folio, at the original subscription price, may be had for a short period. The Library has been published three years and the Port Folio one; an individual may now form a club by himself, and by paying for the past three years and the volumes for 1835 of the Library, and the Port Folio for 1835 and 1836, the whole can be had for \$30 00. For this an amount of matter may be procured which public approbation has stamped as truly valuable and unique for its kind. This privilege must, however, be of brief continuance.

Address, post paid, ADAM WALDIE, *Respects two doors south of Chestnut street, Philad.*

The Museum of *Foreign Literature and Science*, price \$5 00 per annum, the Library and Port Folio, will be all supplied for \$12 50.

Baltimore, Nov. 9, 1835.

NEW MONTHLY MAGAZINE.

On the 1st of July, 1837, will be published, beautifully printed on good paper, of an extra large royal octavo size, and neatly stitched in a coloured cover, the first number of A NEW PERIODICAL WORK,

ENTITLED,

THE GENTLEMAN'S MAGAZINE.

Edited by WILLIAM E. BURTON, Philadelphia.

To whom all original communications will be addressed.

The announcement of a new Periodical in the present state of affairs, may create some feeling of surprise, but having contemplated an alteration in the nature of a very popular monthly publication, "Every Body's Album," the proprietors deem it best to proceed in the perfected arrangements, and produce a periodical embodying the most wholesome points of the old work, but conducted with sufficient energy and talent to outstep the progress of their arrangements. The respectable and extensive subscription list of the Album, to which this work is deemed as a successor, will at once place the Gentleman's Magazine in a circulation equal to that of any other monthly work in the United States, and guarantee the continuance of its publication, with the certainty of payment to the enterprise of the proprietors.

The contents of the Gentleman's Magazine will, in every respect, be answerable to the meaning of the title. We do not pretend, in our literary pursuit, to fly as eagles soar, above the ken of man; nor shall we be content with merely skimming the surface of the ground; our pages will not be filled with abstract predictions, nor shall we display the brilliancy of our critical acumen in matters "cavens to the million." In short we do not mean to be profoundly learned, nor philosophically dull. We wish to produce a gentlemanly, agreeable book—an epitome of life's adventures—a literary melange, possessing variety to suit all palates and sufficient interest to command a place upon the parlour table of every gentleman in the United States.

In the varied and ample pages of contents attached to each number of the Gentleman's Magazine, original articles will be found, from some of the most celebrated writers of the day—essays humorous and didactic—graphic delineations of men and manners—and spirited translations of the lighter portions of the literature of continental Europe. A series of original biographical notices of the principal stars in the Dramatic hemisphere. The current literature will be reviewed in full, and liberal extracts made from the most valuable works. An original copy right song, not otherwise to be obtained, will be given, with the music, in every number.

The Gentleman's Magazine will contain seventy-two extra sized octavo pages, in two columns each, forming, at the close of the year, two large handsome volumes of one thousand seven hundred and twenty-eight columns, each column containing one-third more than an octavo page of average proportions. Several engravings will be given in the course of the year, and the proprietors pledge themselves that the Gentleman's Magazine shall be THE LARGEST AND THE CHEAPEST MONTHLY WORK ISSUED IN THE UNITED STATES.

To induce subscribers to forward their names immediately, the publisher begs leave to offer the following inducements for Clubbing: the advantages of which proposition can remain in force for a few months only. The subscription to the Gentleman's Magazine will, for a single copy, be invariably three dollars per annum, payable in advance—but a five dollar bill will produce two copies to the same duration, or a club of ten dollars will command five copies.

All letters, postage paid, addressed to Charles Alexander, Athenian Buildings, Franklin Place, Philadelphia, will meet with the earliest attention.

POPULAR NOVELS.

First, Simple, Jacob Faithful, First and Three Cutlers, Frank Midway, King's Own,

Polham, The Disowned, Deveraux, Paul Clifford, Eugene Aram,

Will be given as a premium to any person who will send the names of Ten Subscribers, and Twenty Dollars in cash, to the publisher of

The Saturday News and Literary Gazette.

And to every person who will send Five Subscribers, and Ten Dollars in cash, a complete set of either Bal-

con's or Marryat's, as may be preferred.

The prices of the novels above mentioned, if purchased of the booksellers, would be \$31 25; and in Godley's cheap and uniform edition they cost \$6 50. They can be had of the publisher, at \$5 50 for Balzac, \$3 for Marryat, complete.

THE SATURDAY NEWS contains more reading matter than any other paper published in the United States. It is devoted to general Literature, Criticism, the Drama, Agriculture, Intelligence, News, &c. Many of the best writers of Philadelphia are contributors to its columns; and its selections are made from the whole range of English literature. A correspondence is maintained with the principal cities of the Union, and letters are expected from a gentleman of high talent about to travel in Europe. The subscription price is \$2 per annum, payable in advance, or three copies for \$5.

L. A. GODEY & Co.

The following notices are taken from many of a similar character, made by the leading presses of this city:—

Saturday News.—The weekly paper with the above title, which we have since come to light on Saturday last, under the auspices of Messrs. Godley, McMichael & Neal. Such a trio never got together before.—Neal and McMichael beat all for writing, and Godley beats all for publishing; and a capital job they made of their first number, worthy all that was promised. We prophesy for them great success, and for their readers great satisfaction.—*United States Gazette.*

The Philadelphia Saturday News.—We have been favoured with a copy of the first number of this new paper. It is creditable to all concerned. The literary matter is far above the ordinary standard and would not discredit the columns of the most popular newspaper of the British metropolis. Sustained in the same spirit, the News will soon win liberal patronage and a valuable reputation. An amusing tract will be found in a subsequent column.—*Inquirer and Commercial.*

The Philadelphia Saturday News.—A new weekly paper, with the above title, issued in Philadelphia on Saturday last—its of the largest size of newspapers published in that city, and succeeds the Gentleman's Vade Mecum, formerly issued by Mr. Charles Alexander, which has been by him transferred to Messrs. L. A. Godey, J. C. Neal, and M. McMichael, three gentlemen very favourably known as possessing the requisite qualifications for conducting such a periodical in the most advantageous manner. The first number is a highly satisfactory specimen of what may be expected from the paper, especially as a literary Gazette. The annual subscription is at the very moderate rate of two dollars.—*Baltimore Gazette.*

We have received the first number of the Saturday News, a weekly paper of the largest class, issued by the Messrs. Godley, Neal and McMichael, able and experienced newspaper editors, who will not fail to give a due share of entertainment and interest to their sheet. The Gentleman's Vade Mecum has been transferred to Messrs. Godley & Co., and will be continued under the title of the Saturday News, which will contain besides a large amount of general intelligence and literary matter, in addition to that heretofore embodied in the Vade Mecum. We intended to publish their prospectus today, but have been prevented by want of room.—*Berke and Schuykill Journal.*

SATURDAY NEWS.—We have received the first number of a new weekly paper, of the above title, edited by Louis A. Godey, conductor of the Lady's Book; Joseph C. Neal, editor of the Pennsylvania, and Morton McMichael, the late editor of the Saturday Courier. Judging from the first number we should conclude that it will far exceed, for original matter, and new selections, any weekly paper in Philadelphia. It is not a reprint of any other Gazette, which is too much the case with the mammoth sheets of that city.—*Newcastle Gazette.*

The first number of the Philadelphia Saturday News has been received at this office, and promises to be one of the best of the kind. The paper is published by the publisher and editors, its contents being various, interesting and instructive. Those who wish a good family paper from the city, cannot do better than to subscribe for the Saturday News. It is published by L. A. Godey, and edited by Morton McMichael, and Joseph C. Neal, Esqrs. *Daily Republican.*

Saturday News.—The new Journal advertised in our paper under the above title, made its appearance last week, and is, very unequivocally on the "no ahead" system.—There is no doubt, but that the publisher, our friend Godley, whose Lady's Book we have in times past laboured to make our fair readers fairly in love with, will gain troops of friends in the new enterprise, and thus pocket a handsome purpose with the "needful." Very well. We are glad of it. The sketch under our pencil head is by Mr. Neal, and is in his inimitable style. We hope to be able to treat our friends often to such exquisite touches of sly and quiet humour.—*Saturday Courier.*

A BY-LAW.

Entitled, A Supplement to the By-Law to open and establish the lines of Compromise Street in the City of Annapolis, and for other purposes, passed on the 11th of September 1837.

[Passed 11th December, 1837.]

SECTION 1. Be it established and ordained by the Mayor, Recorder, Aldermen, and Common Council of the city of Annapolis, That three Commissioners be appointed by the Mayor for the purpose of ascertaining, by competent evidence, and in the usual way, what damages will be sustained by the owners of property on the line of said street, and that they shall report to this Board what damage will accrue to each of the said owners by opening the same.

Sec. 2. And be it further established and ordained by the authority aforesaid, That in making the said assessment and valuation, the said Commissioners shall take into consideration the benefits which will in their judgment, result to said owners by opening the aforesaid street, and that said benefits shall be deducted from the damages which the commissioners may be of opinion the aforesaid owners would otherwise be entitled to.

Sec. 3. And be it further established and ordained by the authority aforesaid, That after the said commissioners shall have made their report to this Board in manner aforesaid, it will be for this Board to decide whether the said street shall be opened, any thing in the by-law, to which this is a supplement, to the contrary notwithstanding.

JOHN MILLER, Mayor.

MANMOTH SHEET.

Office of the Saturday News and Literary Gazette.

Philadelphia, November 20, 1835.

THE very liberal patronage bestowed on the SATURDAY NEWS, since its commencement in July last, and a desire to meet that patronage by corresponding exertions, have induced us this week to publish a Double Number—being the largest sheet ever printed in Philadelphia for any purpose, and the largest literary paper ever printed in the United States. To those of our friends who are practical printers, it need not be mentioned that this undertaking has involved serious mechanical difficulties. The largest—

—or one of the largest presses in Philadelphia is used for our ordinary impression; but this would accommodate only a single page of the mammoth sheet, and we were obliged, therefore, to work four forms at different periods. The care used in preparing the paper—in removing and folding the sheets, &c., can only be estimated by those who have seen the experiment made; and, added to the necessarily increased amount of composition, press work, &c., these supplementary expenses have made an aggregate cost, which would have deterred many from engaging in the enterprise. A gain of two thousand new subscribers will not repay the actual cost of this single number.

We flatter ourselves that, besides its extraordinary size, this number presents attractions that entitle it to some attention. It contains the whole of *Friendship's Offering* for 1837, the London copy of which costs \$4, and has 384 closely printed pages of letter press. Distinguished as the present age, and particularly our own country, has been for cheap reprints, we believe this surpasses any former instance. For four cents subscribers to the Saturday News receive, in addition to their ordinary supply of miscellaneous matter, an English annual, the largest yet received for the coming season; and they receive it, moreover, in a form that, from its novelty, gives it additional value.

Of the general character of the Saturday News we need not speak. That has now become so well known as to require no comment. We may take occasion to say, however, that in enterprise and resources we yield to no other publishers in this city or elsewhere, and we are determined that our paper shall not be surpassed. We have entered the field prepared for zealous competition, and we stand ready in every way to realize our promise, that no similar publication shall excel that which we issue. Our articles, both original and selected, we are not ashamed to test by any comparison which can be adopted; and there is no periodical in the United States, monthly or weekly, which might not be proud of many of our contributors.

The issuing of this number may be regarded as an evidence of our intention and ability to merit success. Nor will it be the only effort.—From time to time, as opportunity offers, we propose to adopt extraordinary means for the interest and gratification of our subscribers.

L. A. GODEY & Co.

THE SALMAGUNDI.

AND NEWS OF THE DAY.

EMBELLISHED WITH A MULTITUDE OF COMIC ENGRAVINGS.

A NEW PERIODICAL, of a novel character, bearing the above appellation, will be commenced on the beginning of January, 1836. While it will furnish its patrons with the leading features of the news of the day, its principal object will be to serve up a humorous compilation of the numerous lively and pungent sallies which are daily floating along the tide of Literature, and which, for the want of a proper channel for their preservation, are positively lost to the Reading world. Original wits and humorists of our time will here have a medium devoted to the faithful record of the scintillations of their genius. It is not necessary to detail the many attractions which this journal will possess, as the publisher will furnish a specimen number to every person who desires it—(those out of the city, will forward their orders, postage paid)—and he pledges himself that no exertions on his part shall be wanting to make each succeeding number superior in every respect to the preceding ones.

THE SALMAGUNDI will be printed on large imperial paper, equal in size and quality to that which is at present used for the Gentleman's Vade Mecum. It is calculated that MORE THAN

500 ENGRAVINGS

will be furnished to the patrons of this Journal in one year—there, in addition to an extensive and choice selection of Satire, Criticism, Humour and Wit, to be circulated through its columns, will form a Literary Banquet of a superior and attractive order; and the publisher relies with perfect confidence on the liberality of the American public, and the spirit and tact with which this expensive undertaking will be prosecuted, to bear him successfully and profitably along with it.

The Terms of THE SALMAGUNDI will be two Dollars per annum, payable invariably in advance. No paper will be furnished unless this stipulation is strictly adhered to. Clubs of three will be supplied with the paper for one year, by forwarding a five dollar note, postage paid. Clubs of seven will be supplied for the same term, by forwarding ten dollar note. The papers that are sent out of the city will be carefully packed in strong envelopes, to prevent their rubbing in the mail.

THE SALMAGUNDI will be published on alternate weeks—otherwise it would be impossible to prepare the numerous Engravings which each number will contain—and the general interest it will afford must be enhanced by this arrangement.

Address, CHARLES ALEXANDER, Athenian Buildings, Franklin Place, Philadelphia.

Waldie's Library

The following prospectus of a new, and cheaper, book, service, which will be issued from this office in the first week of January. It will not be in an convenient form for binding in the pocket, with which it will in no way interfere, but it will contain the works of the day, which are sought after, but are comparatively dear, and which cannot penetrate the interior in any mode half so rapidly as by mail, in which volumes of books are prohibited. A fifty-cent American reprint will be furnished entire for from four to six cents; a Marryat novel for twelve cents, and others in proportion.

As but very few copies will be printed but what are actually subscribed for, those who wish the Omnibus, must make their remittances at once.

Books at Newspaper Postage.

WALDIE'S LITERARY OMNIBUS.

NOVEL AND IMPORTANT LITERARY ENTERPRISE!

NOVELS, TALES, BIOGRAPHY, VOYAGES, TRAVELS, REVIEWS, AND THE NEWS OF THE DAY.

It was one of the great objects of "Waldie's Library," "to make good reading cheaper, and to bring literature to every man's door." That object has been accomplished; we have given to books wings, and they have flown to the uttermost parts of our vast continent, carrying society to the secluded, occupation to the literary, information to all. We now propose still further to reduce prices, and render the access to a literary banquet more than twofold accessible; we gave and shall continue to give in the quarto library a volume weekly for two cents a day; we now propose to give a volume in the same period for less than four cents a week, and to add as a piquant seasoning to the dish a few columns of shorter literary matters, and a summary of the news and events of the day. We know by experience and calculation that we can go still further in the matter of reduction, and we feel that there is still verge enough for us to aim at offering to an increasing literary appetite that mental food which it craves.

The Select Circulating Library, now as ever so great a favourite, will continue to make its weekly visits, and to be issued in a form for binding and preservation, and its price and form will remain the same. But we shall, in the first week of January 1837, issue a huge sheet of the size of the largest newspapers of America, but on very superior paper, also filled with books of the newest and most entertaining, though in their several departments of Novels, Tales, Voyages, Travels, &c., select in their character, judicious with reading such as usually should fill a weekly newspaper. By this method we hope to accomplish a great good; to enliven and enlighten the family circle, and to give to it, at an expense which shall be no consideration to any, a mass of reading that in book form would alarm the pockets of the prudent, and to do it in a manner that the most sceptical shall acknowledge "the power of concentration can no farther go." No book which appears in Waldie's Quarto Library will be published in the Omnibus, which will be an entirely distinct periodical.

TERMS.

Waldie's LITERARY OMNIBUS will be issued every Friday morning, printed on paper of a quality superior to any other weekly sheet, and of the largest size. It will contain,

1st. Books, the newest and the best that can be procured, equal every week to a London duodecimo volume, embracing Novels, Travels, Memoirs, &c., and only chargeable with newspaper postage.

2d. Literary Reviews, Tales, Sketches, notices of books, and information from "the world of letters," of every description.

3d. The news of the week concentrated to a small compass, but in a sufficient amount to embrace a knowledge of the principal events, political and miscellaneous, of Europe and America.

The price will be two dollars to clubs of five subscribers where the paper is forwarded to one address. To clubs of two individuals, five dollars; single mail subscribers, three dollars. The discount on uncurrent money will be charged to the remitter; the low price and superior paper absolutely prohibit paying a discount.

On no condition will a copy ever be sent until the payment is received in advance.

As the arrangements for the prosecution of this great literary undertaking are all made, and the proprietor has redeemed all his pledges to a generous public for many years, no fear of the non-fulfilment of the contract can be felt. The Omnibus will be regularly issued, and will contain in a year reading matter equal in amount to two volumes of Rees's Cyclopaedia, for the small sum mentioned above.

Address, post paid, ADAM WALDIE,

46 Carpenter St. Philadelphia.

Editors throughout the Union, and Canada, will confer a favour by giving the above one or more conspicuous insertions, and accepting the work for a year as compensation.

FOR ANNAPOLIS, CAMBRIDGE AND BASTON.

The Steam Boat MARYLAND, leaves Baltimore, every TUESDAY & FRIDAY MORNING, at 7 o'clock for the above places, starting from the lower end of Dugan's wharf, and returns on Wednesday and Saturday.

the exercise of the elective franchise in the several cities and counties of this State, and the bill offered as a substitute therefor by Mr. Boller, entitled, an act to guard against fraud in the exercise of the elective franchise in the city of Baltimore.

The question before the house being upon the amendment to the substitute offered by Mr. Boller on yesterday, as the 7th section thereof.

On the question being put, will the house adopt said amendment?

It was resolved in the affirmative.

Mr. Giles moved further to amend said substitute by adding at the end thereof, as an additional section, the following:

Section 7. And be it enacted, That this act shall not be construed as to prevent the judges of election in the city of Baltimore from receiving the vote of any citizen of that place, who has a constitutional right of suffrage, even if his name should not be found in the said register; nor shall it be construed to give the right of suffrage to any person whose name is entered in said register, unless such person shall have the age, residence and citizenship required by the constitution.

Determined in the negative.

Mr. Risteanu moved to amend said substitute, by adding at the end thereof, as an additional section, the following:

And be it enacted, That nothing herein contained shall take effect at the next October election, and that at said election the voters of the city of Baltimore shall have written on their tickets for or against the Register Law, and pass them through the ballot box.

Determined in the negative.

Mr. Risteanu then moved to amend said substitute by adding at the end thereof, as an additional section, the following:

And be it enacted, That nothing herein contained shall be so construed as to take effect until the same shall be confirmed by the next general assembly.

Determined in the negative.

Mr. McKinnell moved to amend said substitute by adding at the end thereof, as an additional section, the following:

And be it enacted, That if either of the registers shall refuse to receive and register the name of any person who may be proved to be a legal voter, or who shall register or cause to be registered, knowing the fact, the name of any person who may not be a legal voter in the ward of which he is one of the registers, he shall be deemed and judged guilty of wilful perjury, and on conviction thereof before Baltimore city court, shall be sentenced to the penitentiary of this State for a term of not less than five or more than ten years.

And be it enacted, That if either of said registers shall bet, or be in any manner interested in any bet or bets on any election, or shall be stakeholder of any bet or bets on any election, or shall permit, until handed to the judges of election in any manner, any person to be possessed of, or shall show to, or transcribe or suffer to be transcribed his registry book or books, said register shall, on conviction thereof before Baltimore city court, be fined the sum of five hundred dollars, and imprisoned six months.

And be it enacted, That the Governor shall not nominate to the senate any person to the office of register who may hold, or be in any manner connected or interested with any person who may hold an office of honour, profit or trust in the State of Maryland, nor shall any person who may have been a register be appointed to any office of honour, profit or trust for twelve months after he may have held such office.

And be it enacted, That this act shall be null and void unless accepted by a majority of the voters of the city of Baltimore, at an election to be held for that purpose by proclamation of the mayor of the city, on the 1st Monday in May next, as elections are usually held, by giving at least 30 days notice thereof in all the newspapers of the city of Baltimore, and said voters shall have on their tickets at said election, the words, for or against a Registry Law.

Determined in the negative.

Mr. Grason moved to amend said substitute by adding at the end thereof, as an additional section, the following:

And be it enacted, That the members of the city of Baltimore shall not be subject to the operation of this law.

Determined in the negative.

On motion of Mr. Boller, said substitute was amended by adding at the end thereof the following additional sections:

Sec. 8. And be it enacted, That if any individual shall arrive in the city of Baltimore on the day of election, and he shall prove by competent testimony that he has been absent from the city or State, and had no means of registering his name, and shall also prove that he is otherwise entitled to vote under the constitution and laws of this State, then and in that case, the judges of the election are authorized to receive his vote.

And be it enacted, That if either of said registers shall bet or be in any manner interested in any bet or bets, on any election, or shall be stakeholder of any bet or bets, or shall at any time exhibit his books, except to each other, or give a copy thereof to any person or persons whatever, except the judges of election as hereinafter provided, the said registers shall, on conviction thereof before Baltimore city court, be fined the sum of one hundred dollars, and imprisoned six months.

On motion of Mr. Boyle, of Carroll, said substitute was further amended, by adding at the end thereof the following, as an additional section:

And be it enacted, That at the next election the voters as registered, shall declare upon their ballots for or against the registry law, and if it is found upon counting the same, that a majority of said ballots were against the said law, then

and in that case the said law shall in future be null and void.

On motion of Mr. Boller, the house reconsidered the 1st section of said substitute.

On motion of Mr. Boller, said section was amended by striking out after the word "entitled," the words "to vote," and inserting in lieu thereof, these words, "or will be entitled to vote at the next election."

The said substitute having been read through as amended.

The question was put, will the house adopt the substitute?

Resolved in the affirmative.

The question was then put, shall the said bill pass?

Resolved in the affirmative.

On motion of Mr. Ely, the yeas and nays were ordered and appeared as follows:

AFFIRMATIVE.

Messrs. Tuck, Speaker, Hopewell, Causin, McDaniel, Usilton, Welch, Gale, Brown, Iglehart, Simmons, Sollers, Hughes, Matthews, Kerr, Dunny, Boyle, of Tal. Jump, of Tal. The image depicts a vertical, rectangular surface with a dark, mottled, and heavily textured appearance. The color palette is predominantly black and dark grey, with lighter, ashy grey patches scattered across the surface, particularly on the left side. The texture is uneven, suggesting a material like aged paper, leather, or a weathered metal plate. There are numerous small, dark specks and larger, irregular light-colored areas that give it a worn, antique, or perhaps even organic feel. A faint vertical line or crease is visible near the right edge, suggesting a fold or a joint in the material. The overall impression is one of age, decay, and a tactile, almost tactile quality.

THIRD YEAR OF WALDIE'S LIBRARY.
BOOKS BY MAIL.
PROSPECTUS OF TWO NEW VOL-
UMES FOR 1836.

THREE years have now elapsed since the proprietor of Waldie's Select Circulating Library laid before the public his original prospectus for a valuable library, the great features of which were cheapness, and the facility of a rapid transportation by mail. The most ample success has attended the enterprise, and the effects upon the reading community, it is believed, have been whole- some.

The fourth year will commence on the first Tuesday of January, 1836, at which period it will be necessary to determine the additional amount of copies to be printed, sub- scriptions being taken only from January of each year. The entire success of the Library is the best guarantee that can be given of its continuance. It was the first to supply books by mail at a mere per centage of their former cost; it has outlived more than thirty puerile attempts at imitation; and has now an exten- sive list of patrons who are of the most solid and valuable class of citizens in every part of the Union, as well as in foreign countries.

The object of Waldie's Library, its use and purpose, is enjoyment liberal and intel- lectual. To all who love a mental banquet, without being compelled to depend on places of public resort, this publication furnishes a most valuable desideratum, supplying polite literature of a character to enlarge and im- prove the mind. The time and attention of the editor, himself a reader from inclination as well as duty, are devoted to the procure- ment of works of an elevated standard of intel- lect which may be admitted into every family without hesitation by the most fasti- dious, and become a rallying point for all its members, promoting social belles lettres read- ing and conversation. The variety thus col- lected from the whole mass of published works, mostly new, embraces Biography, Novels, Voyages and Travels, Sketches, Tales, and Select History, personal memoirs of extraordinary individuals, and curious ad- ventures, &c. &c. An amount equal to fifty London double crown volumes is thus annually furnished in weekly numbers, at a cost only equal to one of the London works. The plan thus embraces the whole range of popular lit- erature, and the work has become so uni- versally diffused in every part of the Union as to form no inconsiderable portion of the literature of the country; and with which an acquaintance has become really necessary for those who mix in society.

The Library as now conducted dissemin- ates books to all parts of the country in from five to six weeks after their issue in London. Five dollars per annum expended in this way will supply good reading for a whole circle or family; for a cent and a half a day, post- age included, a duodecimo book is sent every week, making in the course of the year more than three volumes of Rees's Cyclopaedia. One volume of the Library, containing from fifteen to twenty entire works, can be found at an expense little exceeding that of binding indi- viduals of the day—costs a hummerous and didactic—graphic delineation of men and manners—free and spir- ited translation of the lighter portions of the literature of continental Europe. A series of original biographi- cal notices of the principal stars in the dramatic firmament. This current literature will be reviewed in full, and liberal extracts made from rare and valuable works. An original copy right song, not otherwise to be obtained, will be given, with the music, in every number.

The Gentleman's Magazine will contain seventy-two extra sized octavo pages, of the most choice and interesting nature, two large handsome volumes of one thousand seven hundred and twenty-eight col- umns, each column containing one-third more than an octavo page of average proportions. Several engravings will be given in the course of the year; and the prop- rietors pledge themselves that the Gentleman's Magazine shall be THE LARGEST AND THE CHEAPEST MONTHLY WORK ISSUED IN THE UNITED STATES.

To induce subscribers to forward their names im- mediately, the publisher begs leave to offer the following inducements for Clubbing, the advantages of which proposition can remain in force for a few months only. The subscription to this Gentleman's Magazine will, for a single copy, be invariably three dollars per annum, payable in advance—but a five dollar bill will produce two copies to the same direction, or a club of ten dol- lars will command five copies.

All letters, postage paid, addressed to Charles Alex- ander, Athenian Buildings, Franklin Place, Philadel- phia, will meet with the earliest attention.

Baltimore, Nov. 9, 1837.

NEW MONTHLY MAGAZINE.

On the 1st of July, 1837, will be publish- ed, beautifully printed on good paper, of an extra large royal octavo size, and neatly stitched in a coloured cover, the first number OF A NEW PERIODICAL WORK, ENTITLED,

THE GENTLEMAN'S MAGAZINE.

Edited by WILLIAM E. BURTON, Philadelphia.

To whom all original Communications will be ad- dressed.

THE announcement of a new Periodical in the present state of affairs, may create some feeling of surprise but having contemplated an alteration in the nature of a very popular monthly publication, "Every Body's Album," the proprietors deem it best to proceed in the perfected arrangements, and produce a peri- odical embodying the most wholesome points of the old work, but conducted with efficient energy and talent to ensure the success of their new arrangements. The respectable and extensive subscription list of the Al- bum, to which this work is designed as a successor, will at once place the Gentleman's Magazine in a cir- culation equal to that of any other monthly work in the United States, and guarantee the continuance of its publication, with the certainty of payment to the editor of the proprietor.

The contents of the Gentleman's Magazine will, in every respect, be answerable to the meaning of the title. We do not pretend, in our literary pursuit, to fly as eagles soar, above the ken of men; nor shall we be content with merely skimming the surface of the ground; our pages will not be filled with abstract predi- cations, nor shall we display the brilliancy of our critical acumen in matters "remote to the million." In short we do not mean to be profoundly learned, nor philosophically dull. We wish to produce a gentlemanly, agreeable book—a compendium of life's adjuncts—a literary melange, possessing variety to suit all palates and sufficient interest to command a place upon the parlour table of every gentleman in the United States.

In the varied and ample page of contents attached to each number of the Gentleman's Magazine, original articles will be found, from some of the most celebrated writers of the day—essays humorous and didactic—graphic delineations of men and manners—free and spir- ited translation of the lighter portions of the literature of continental Europe. A series of original biographi- cal notices of the principal stars in the dramatic firmament. This current literature will be reviewed in full, and liberal extracts made from rare and valuable works. SEVENTEEN
POPULAR NOVELS,
VIZ.

Peter Rimple, Jacob Felsch, Puss and Three Others, Frank Military, King's Own, Polkist, The Disowned, Devenus, Paul Clifford, Eugene Aram, The Saturday News and Literary Gazette, And to every person who will send Five Subscribers, and Ten Dollars in cash, a complete set of either Bal- ver or Marryatt, as may be preferred.

The prices of the novels above mentioned, if pur- chased of the booksellers, would be \$21 25; and in Go- day's cheap and uniform edition they cost \$5 50. They can be had of the publisher, at \$3 50 for Balver, \$3 for Marryatt, complete.

THE SATURDAY NEWS contains more reading matter than any other paper published in the United States. It is devoted to general Literature, Criticism, the Drama, Agriculture, Intelligence, News, &c. Many of the best writers of Philadelphia are contribu- tors to its columns; and its selections are made from the whole range of English literature. A correspondence is maintained with the principal cities of the Union, and letters are expected from a gentleman of high ta- lent about to travel in Europe.—The subscription price is \$2 per annum, payable in advance, or three copies for \$5.

L. A. GODEY & Co.,

The following notices are taken from many of a sin- gle character, made by the leading press of this city:—The Saturday News.—The weekly paper with the above title, which we first read a few weeks since came to light on Saturday last, under the auspices of Messrs. Godey, McMichael & Neal. Such a first never got together before.—Neal and McMichael lent all for writing, and Godey beats all for publishing; and a capital job they made of their first number, worthy all that is promised. We prophesy for them great success, and for their readers great satisfaction.—United States Gazette.

THE PHILADELPHIA SATURDAY NEWS.—We have been favoured with a copy of the first number of this new paper. It is creditable to all concerned. The literary matter is far above the ordinary standard, and would not discredit the columns of the most popular and suc- cessful of the British metropolis. Sustained in the spirit, the News will soon win liberal patronage, and acquire a reputation. An amusing extract will be found in a subsequent column.—Inquirer and Courier.

THE PHILADELPHIA SATURDAY NEWS AND LITERARY GAZETTE.—The first number of a new weekly paper, with the above title, issued in Philadelphia on Saturday last—it is of the largest size of newspapers published in that city, and succeeds the Gentleman's Vade Mecum, formerly issued by Mr. Charles Alexander, which has been by him transferred to Messrs. L. A. Godey, J. C. Neal, and M. McMichael, three gentlemen, very favourably known as possessing the requisite qualifica- tions for conducting such a periodical in the most ad- vantageous manner. The first number is a highly sat- isfactory specimen of what may be expected from the paper, especially as a literary Gazette. The annual subscription is at the very moderate rate of two dollars.—Baltimore Gazette.

We have received the first number of the Saturday News, a weekly paper of the largest class, issued by the Messrs. Godey, Neal and McMichael, able and expe- rienced newspaper editors, who will not fail to give a due share of entertainment and interest to their sheet. The Gentleman's Vade Mecum has been transferred to Messrs. Godey & Co., and will be continued under the title of the Saturday News, which will contain besides a large amount of interesting intelligence and literary matter, in addition to that heretofore embodied in the Vade Mecum. We intended to publish their prospec- tus to-day, but have been prevented by want of room.—Berks and Schuylkill Journal.

SATURDAY NEWS.—We have received the first num- ber of a new weekly paper, of the above title, edited by Louis A. Godey, conductor of the Lady's Book; Joseph C. Neal, editor of the Pennsylvania, and Morton Mc- Michael, the late editor of the Saturday Courier. Judg- ing from the first number we should conclude that it will far exceed, for original matter, and new selections, any weekly paper in Philadelphia. It is not a reprint of any other Gazette, which is too much the case with the mammoth sheets of that city.—Newcastle Gazette.

The first number of the Philadelphia Saturday News has been received at this office, and promises to be one of the very best weekly papers in the Union. The number before us is very creditable to the enterprising publisher and editors, its contents being various, enter- taining and instructive. Those who wish a good family paper from the city, cannot do better than to sub- scribe for the Saturday News. It is published by L. A. Godey, and edited by Morton McMichael, and Joseph C. Neal, Esqrs.—Derby Republican.

SATURDAY NEWS.—The new Journal advertised in our paper under the above title, made its appearance last week, and is, very unequivocally on the "go ahead" system.—There is no doubt, but that the publisher, our friend Godey, whose Lady's Book we have in times past laboured to make our fair readers fairly in love with, will gain troops of friends in his new enterprise, and line his pockets to some purpose with the "useful." Very well. We are glad of it. The sketch under our police head is by Mr. Neal, and is in his inimitable style. We hope to be able to treat our friends often to such exquisite touches of sly and quiet humour.—Sa- turday Courier.

And be it further established and ordained by the authority aforesaid, That in making the said assessment and valuation, the said Commissioners shall take into con- sideration the benefits which will be derived from the said street, and that said benefits shall be deducted from the damages which the said Commissioners may be of opinion the a- fforesaid owners would otherwise be entitled to.

Sec. 3. And be it further established and ordained by the authority aforesaid, That after the said Commissioners shall have made their report to this Board in manner aforesaid, it will be the duty of this Board to decide whether the said street shall be opened, and if so, to what extent, and to what compensation, if any, the said owners shall be entitled to.

JOHN MILLER, Mayor.

MAMMOTH SHEET.
Office at 125 South Second Street,
and LEXINGTON GALLERY,
Philadelphia, November 25, 1835.

THE very liberal patronage bestowed on the SATURDAY NEWS, since its commencement in July last, and a desire to meet that patronage by corresponding exer- tions, have induced us this week to publish a Double Number—being the largest sheet ever printed in Philadelphia for any purpose, and the largest literary paper ever printed in the United States. To those of our friends who are practical printers, it need not be mentioned that this undertaking has involved serious mechanical difficulties. The largest— or one of the largest presses in Philadel- phia is used for our ordinary impression— but this would accommodate only a single page of the mammoth sheet; and we were ob- liged, therefore, to work four forms at dif- ferent periods. The care used in preparing the paper—in removing and folding the sheets, &c., can only be estimated by those who have seen the experiment made; and, added to the necessarily increased amount of composition, press work, &c., these supple- mentary expenses have made an aggregate cost, which would have deterred many from engaging in the enterprise. A gain of two thousand new subscribers will not repay the actual cost of this single number.

We flatter ourselves that, besides its ex- traordinary size, this number presents at- tractions that entitle it to some attention.— It contains the whole of *Friendship's Offer- ing* for 1837, the London copy of which costs \$4, and has 384 closely printed pages of let- ter press. Distinguished as the present age, and particularly our own country, has been by its reprints, we believe this surpasses any other reprints. For four cents subscribers to the Saturday News receive, in addition to their ordinary supply of miscellane- ous matter, an English annual, the largest and most complete for the coming season; and they receive, moreover, in a form that, from its size, gives it additional value.

The general character of the Saturday News we need not speak. That has now become so well known as to require no com- ment. We may take occasion to say, how- ever, that in enterprise and resources we yield to no other publishers in this city or elsewhere, and we are determined that our paper shall not be surpassed. We have en- tered the field prepared for zealous competi- tion, and we stand ready in every way to realize our promise, that no similar publication shall excel that which we issue. Our articles, both original and selected, are not ashamed to test by any comparison which can be adopted; and there is no periodical in the United States, monthly or weekly, which might not be proud of many of our contributors.

The issuing of this number may be regard- ed as an evidence of our intention and ability to merit success. Nor will it be the only effort.—From time to time, as opportunity of- fers, we propose to adopt extraordinary means for the interest and gratification of our subscribers.

THE SALMAGUNDI.

EMBELLISHED WITH A MULTITUDE OF

COLORED ENGRAVINGS.

A NEW PERIODICAL, of a novel char- acter, bearing the above appellation, will be commenced on the beginning of Janu- ary, 1836. While it will furnish its patrons with the leading features of the news of the day, its principal object will be to serve up a humorous compilation of the numerous liv- ely and pungent sallies which are daily float- ing along the tide of literature, and which, for the want of a proper channel for their pre- servation, are positively lost to the Reading world. Original wits and humorists of our time will here have a medium de- voted to the faithful record of the scintillations of their genius.

It is not necessary to detail the many attractions which this journal will pos- sess, as the publisher will furnish a specimen number to every person who desires it.—(those out of the city, will forward their or- ders, postage paid.)—And he pledges him- self that no exertions on his part shall be wanting to make each succeeding number su- perior in every respect to the preceding ones.

THE SALMAGUNDI will be printed on large imperial paper, equal in size, and quality, to that which is at present used for the Gentle- man's Vade Mecum. It is calculated that MORE THAN

500 ENGRAVINGS

will be furnished to the patrons of this Jour- nal in one year—these, in addition to an ex- tensive and choice selection of Satire, Criti- cism, Humour and Wit, to be circulated through its columns, will form a Literary Banquet of a superior and attractive order; and the publisher relies with perfect confi- dence on the liberality of the American pub- lic, and the spirit and tact with which this expensive undertaking will be prosecuted, to bear him successfully and profitably along with it.

THE TERMS OF THE SALMAGUNDI will be furnished to the patrons of this Jour- nal in one year—these, in addition to an ex- tensive and choice selection of Satire, Criti- cism, Humour and Wit, to be circulated through its columns, will form a Literary Banquet of a superior and attractive order; and the publisher relies with perfect confi- dence on the liberality of the American pub- lic, and the spirit and tact with which this expensive undertaking will be prosecuted, to bear him successfully and profitably along with it.

TWO DOLLARS per annum, payable in ad- vance. No paper will be furnished unless this stipulation is strictly adhered to. Clubs of three will be supplied with the paper for one year, by forwarding a five dollar note, postage paid. Clubs of seven will be supplied for the same term, by for- warding a ten dollar note. The papers that are sent out of the city will be carefully packed in strong envelopes, to prevent their rubbing in the mail.

THE SALMAGUNDI will be published on alternate weeks—otherwise it would be im- possible to procure the numerous Embellish- ments which each number will contain—and the general interest it will create would be enhanced by this arrangement.

A NEW AND COMPLETE
WALDIE'S LIBRARY OMNI-
BUS.

Attention is directed to the fact, that the following prospectus of the new and com- plete edition of the Library, which will be issued from this office on the first week of Jan- uary, 1836, it will not be an unavailing form for binding on the present, with which it will in no way interfere, but it will make books cheap beyond all precedent. It will contain the works of the day, which are now bought after, but are comparatively dear, and which cannot penetrate the interior in any mode half so rapidly as by mail, in which volumes of books are prohibited. A fifty-cent American reprint will be furnished en- tire for from four to six cents; a Marryat no- vel for twelve cents, and others in propor- tion.

As but very few copies will be printed but what are actually subscribed for, those who wish the Omnibus, must make their remi- tances at once.

WALDIE'S LIBRARY OMNI-
BUS.

NOVEL AND IMPORTANT LI-
TERARY ENTERPRISE!

NOVELS, TALES, BIOGRAPHY, VOYAGES, TRAVELS, REVIEWS, AND THE NEWS OF THE DAY.

IT was one of the great objects of "Wal- die's Library," to make good reading cheaper, and to bring literature to every man's door. That object has been accom- plished; we have given to books wings, and they have flown to the uttermost parts of our vast continent, carrying society to the se- lected, occupation to the literary, information to all. We now propose still further to re- duce prices, and render the access to a li- brary banquet more than twofold accessible; we gave and shall continue to give in the quarto library a volume weekly for two cents a day; we now propose to give a volume in the same period for less than four cents a week, and to add as a piquant seasoning the dish a few columns of shorter literary matters, and a summary of the news and events of the day. We know by experience and calculation that we can go still further in the matter of reduction, and we feel that there is still verge enough for us to aim at offering to an increasing literary appetite that mental food which it craves.

The Select Circulating Library, now as ever so great a favourite, will continue to make its weekly visits, and to be issued in a form for binding and preservation, and its price and form will remain the same. But we shall, in the first week of January 1837, issue a huge sheet of the size of the largest newspapers of America, but on very superior paper, also filled with books of the newest and most entertaining, though in their several departments of Novels, Tales, Voyages, Travels, &c., select in their character, joined with reading such as usually should fill a weekly newspaper. By this method we hope to accomplish a great good; to enliven and enlighten the family circle, and to give to it, at an expense which shall be no considera- tion to any, a mass of reading that in book form would alarm the pockets of the prudent, and to do it in a manner that the most sceptical shall acknowledge "the power of con- centration can no farther go." No book which appears in Waldie's Quarto Library will be an entirely distinct periodical.

TERMS.

WALDIE'S LIBRARY OMNIBUS will be issued every Friday morning, printed on paper of a quality superior to any other weekly sheet, and of the largest size. It will con- tain,

1st. Books, the newest and the best that can be procured, equal every week to a London duodecimo volume, embracing Novels, Travels, Memoirs, &c., and only chargeable with newspaper postage.

2d. Literary Reviews, Tales, Sketches, notices of books, and information from "the world of letters," of every description.

3d. The news of the week concentrated to a small compass, but in a sufficient amount to embrace a knowledge of the principal events, political and miscellaneous, of Europe and America.

The price will be two dollars to clubs of five subscribers where the paper is forwarded to one address. To clubs of two individuals, five dollars; single mail subscribers, three dollars. The discount on uncurrent money will be charged to the remitter; the low price and superior paper absolutely prohibit pay- ing a discount.

On no condition will a copy ever be sent until the payment is received in advance. As the arrangements for the prosecution of this great literary undertaking are all made, and the proprietor has redeemed all his pledges to a generous public for many years, no fear of the non fulfilment of the contract can be felt. The Omnibus will be regularly issued, and will contain in a year reading mat- ter equal in amount to two volumes of Rees's Cyclopaedia, for the small sum mentioned a- bove.

Address, post paid, ADAM WALDIE, 46 Carpenter St. Philadelphia.

Editorial throughout the Union, and Ca- nada, will confer a favour by giving the above one or more conspicuous insertions, and ac- cepting the work for a year as compensation.

FOR ANNAPOLIS, CAMBRIDGE AND EASTON.

The Steam Boat MA- RYLAND, leaves Halli- more, every TUESDAY & FRIDAY MORNING, at 7 o'clock, for the above places, starting from the lower end of Dugan's wharf, and returns on Wednesday and Saturday.

JOURNAL OF PROCEEDINGS Of the House of Delegates of the State of Maryland, December session, 1837.

Wednesday, March 14th.

Mr. Ely presented a petition of the Tide Wa-
ter canal company, praying the passage of an
act placing said company on the same footing
with other incorporated companies.

Mr. Sprigg, a memorial of William P. Star-
rett and William Lockwood, praying that they
may be permitted to bring into this State for a
limited period, a negro man therein named.

Mr. Carroll, chairman of the committee on
education delivered the following report:
The Committee on Education to whom were
referred the Reports of the several Schools, Ac-
ademies and Colleges in this State, have had
the same under consideration, and beg leave
to report:

That the several Academies, Schools and Col-
leges mentioned in the table herewith exhibited,
marked "A" have submitted reports. Some of
them it will be found, have failed to comply with
important requisitions of the Laws, while scar-
cely any one, has complied with all the requi-
sitions. These omissions have arisen no doubt
from an ignorance of the various provisions of
our acts of Assembly upon the subject of Educa-
tion; and to subject them to a forfeiture of their
donations for these failures would, we think, be
exacting a measure of justice from them, too ri-
gorous in its character, and not recommended
by sound policy.

The act of 1823, chapter 141 under which
these Schools are compelled to report, re-
quires—

1st. That each School, Academy and College
that receives a donation in money from the
State shall afford tuition in all the branches of
learning taught in such School, Academy, or
College, and shall furnish the necessary School
Books free of any charge, to at least one poor
child for every hundred dollars received from
the State.

2d. That the Trustees of any School, Acade-
my or College receiving a donation shall select
the number of children to be educated agreeably
to that act, from among the poor children of the
County, to which they may respectively belong
"having due regard to the pecuniary situation of
the persons so selected."

3d. That the Trustees of these Schools shall
make an annual return to the Legislature of
the number of poor children at their Schools
respectively—and

The Resolution 81, passed in 1832 provides,
that any School not reporting agreeably to the
above named act "on or before the month of
February in each year shall forfeit ten per cent
of its annual Donation of the year in which the
failure takes place."

The act of 1836, chapter 351, requires them
to report to the Treasurer "on or before the 20th
day of January in each year, an accurate ac-
count of the proceeding, together with the sit-
uation of their several institutions" and,

2nd. In case of a failure to comply with the
law of 1823, chapter 141, the Treasurer is au-
thorized to withhold said donation until the re-
quisitions of said act shall be complied with—

Your Committee beg leave also to state, that
they have examined

"The Annual Report of the Commissioners of
Free Schools for Calvert County."

"The Report of the Justices of the Orphans'
Court of Somerset County relative to the School
fund of said County, and of Caroline County
relative to the School fund of said County, and
of Prince George's County in relation to the
same."

"The Report of Commissioners appointed by
the Levy Court of Charles County to lay off the
1st Election District, aforesaid, into Primary
School Districts."

"The Annual Report of the Commissioners of
the School fund of Queen Anne's County;" and

"The Report of the Commissioners of the
School fund for Dorchester County" all of which
represent the funds of the State to have been
faithfully applied, where suitable objects for its
benefit could be obtained.

All which is respectfully submitted,

C. C. CARROLL, Chairman.

Which was read the first, and by a special or-
der the second time, and concurred in.

Kelly, widow of William Kelly, a revolutionary
officer, praying to be placed on the pension

thirty eight citizens of Harford county, praying

thodist Episcopal Church, praying that an act
may be passed perpetuating the trusts of their
church property.

be permitted to sell the unexpired term of a ser-
vant therein mentioned.

Mr. Giles, a memorial of Amos A. Williams
and James Harwood, on behalf of the directors
appointed by the State, in the Baltimore and
Ohio Rail Road Company.

The house then resumed the consideration of
the motion of Mr. Giles, in behalf of the Dele-
gates from the city of Baltimore, to have enter-
ed upon the Journal, a Protest signed by them,
against the passage of the act, entitled, an act
to prevent frauds in the elective franchise in the
city of Baltimore.

On the question being put—will the house
permit said protest to be entered on the jour-
nal.

It was determined in the negative.

On motion of Mr. Gallagher, the yeas and

Waldie's Library
**PROSPECTUS OF TWO NEW VOL-
UMES FOR 1837.**

THREE years have now elapsed since the proprietor of Waldie's Select Circulating Library laid before the public his original prospectus for a valuable library, the great features of which were cheapness, and the facility of a rapid transportation by mail. The most ample success has attended the enterprise, and the effects upon the reading community, it is believed, have been wholesome.

The fourth year will commence on the first Tuesday of January, 1837, at which period it will be necessary to determine the additional amount of copies to be printed, subscriptions being taken only from January of each year. The entire success of the Library is the best guarantee that can be given of its continuance. It was the first to supply books by mail at a mere per centage of their former cost; it has outlived more than thirty perilsous attempts at imitation; and has now an extensive list of patrons who are of the most solid and valuable class of citizens in every part of the Union, as well as in foreign countries.

The object of Waldie's Library, its use and purpose, is enjoyment liberal and intellectual. To all who love a mental banquet, without being compelled to depend on places of public resort, this publication furnishes a most valuable desideratum, supplying polite literature of a character to enlarge and improve the mind. The time and attention of the editor, himself a reader from inclination as well as duty, are devoted to the procurement of works of an elevated standard of intellect which may be admitted into every family without hesitation by the most fastidious, and become a rallying point for all its members, promoting social belles lettres reading and conversation. The variety thus collected from the whole mass of published works, mostly new, embraces Biography, Novels, Voyages and Travels, Sketches, Tales, and Select History, personal memoirs of extraordinary individuals, and curious adventures &c. &c. An amount equal to fifty London duodecimo volumes is thus annually furnished in weekly numbers, at a cost only equal to one of the London works. The plan thus embraces the whole range of popular literature, and the work has now become a universally diffused in every part of the Union as to form no inconsiderable portion of the literature of the country, and with which an acquaintance has become really necessary for those who mix in society.

The Library as now conducted disseminates books to all parts of the country in from five to six weeks after their issue in London. Five dollars per annum expended in this way will supply good reading for a whole circle of family; for a cent and a half a day, postage included, a duodecimo volume is sent every week, making in the course of the year more than three volumes of Rensselaer's Cyclopaedia. One volume of the Library, containing from fifteen to twenty entire works, can be bound at an expense little exceeding that of binding either separately, and constitutes a concentrated collection forming a never failing resource of amusement and instruction, and which must always be worth the price that has been paid for it. The most ample testimony has been spontaneously afforded that this work has contributed to the pleasure of thousands, who, but for the resource it afforded, must have been left with minds unoccupied, or thrown into unprofitable and uncongenial society. This immense supply of periodical reading has thus been welcomed every where as a means of improvement, and a substitute for the small talk or idle listlessness so apt to employ a large portion of the time of the many.

Waldie's Library is published every Tuesday, accompanied by a cover of four quarto pages, entitled, *The Journal of Belles Lettres*, containing reviews of new books, literary intelligence of all kinds, tales, lists of new books, &c. thus combining the advantages of a Library, and the amusement of a magazine and newspaper; the whole for \$5 00 per annum, or clubs of five individuals obtain five copies for \$20 00, a reduction which pays the postage. Payment always in advance.

Waldie's Port Folio and Companion to the Library.

These periodicals contain half as much matter as the Library, at half its price; for both are furnished to clubs of five for \$5 00. Its contents consist of a reprint of the best matter from the London Magazine and Reviews, more especially Chamber's Edinburgh Journal. Its object is popular instruction and amusement, combined in such a manner as to enlist the feelings of every member of the social circle. It enjoys an extensive circulation; price to single subscribers not taking the Library, \$3 50, postage paid.

A very limited number of complete sets of Library and Port Folio, at the original subscription price, may be had for a short period. The Library has been published three years and the Port Folio one; an individual may now form a club by himself, and by paying for the past three years and the volume for 1837 of the Library, and the Port Folio for 1837 and 1838, the whole can be had for \$30 00. For this an amount of matter may be procured which public approbation has stamped as truly valuable and unique for its kind. This privilege must, however, be of brief continuance.

Address, post paid, ADAM WALDIE, Seventh, one door north of Chestnut street, Philad.

The Museum of Foreign Literature and Science, price \$5 00 per annum, the Library and Port Folio, will be sent supplied for \$15 00.

NEW MONTHLY MAGAZINE.

On the 1st of July, 1837, will be published, beautifully printed on good paper, of an extra large royal octavo size, and neatly stitched in a coloured cover, the first number OF A NEW PERIODICAL WORK,

ENTITLED,

THE GENTLEMAN'S MAGAZINE.

Edited by WILLIAM E. BURTON, Philadelphia.

To whom all original communications will be addressed.

THE announcement of a new Periodical in the present state of affairs, may create some feeling of surprise, but having contemplated an alteration in the nature of a very popular monthly publication, "Every Body's Album," the proprietors deem it best to proceed in the perfected arrangement, and produce a periodical embodying the most wholesome points of the old work, but conducted with sufficient energy and talent to ensure the success of their new arrangements. The respectable and extensive subscription list of the Album, to which this work is designed as a successor, will at once place the Gentleman's Magazine in a position equal to that of any other monthly work in the United States, and guarantee the continuance of its publication, with the certainty of payment to the enterprise of the proprietors.

The contents of the Gentleman's Magazine will, in every respect, be answerable to the meaning of the title. We do not pretend, in our literary pursuits, to fly as eagles soar, above the ken of man; nor shall we be content with merely skimming the surface of the ground; our pages will not be filled with abstract predilections, nor shall we display the brilliancy of our critical acumen in matters "caviare to the million." In short we do not mean to be profoundly learned, nor philosophically dull. We wish to produce a gentlemanly, agreeable book—an epitome of life's adventures—a literary miscellany, covering variety to suit all palates and sufficient interest to command a place upon the parlour table of every gentleman in the United States.

In the varied and ample page of contents attached to each number of the Gentleman's Magazine, original articles will be found, from some of the most celebrated writers of the day—essays humorous and didactic—graphic delineations of men and manners—free and spirited translations of the higher portions of the Literature of continental Europe. A series of original biographical notices of the principal stars in the Dramatic hemisphere. The current Literature will be reviewed in full, and liberal extracts made from rare and valuable works. An original copy right song, not otherwise to be obtained, will be given, with the music, in every number.

The Gentleman's Magazine will contain seventy-two extra sized octavo pages, of two columns each, forming, at the close of the year, two large handsome volumes of one thousand seven hundred and twenty-eight columns, each column containing one-third more than an octavo page of average proportions. Several engravings will be given in the course of the year; and the proprietors pledge themselves that the Gentleman's Magazine shall be THE LARGEST AND THE CHEAPEST MONTHLY WORK ISSUED IN THE UNITED STATES.

To induce subscribers to forward their names immediately, the publisher begs leave to offer the following inducements for Clipping, the advantages of which proposition can remain in force for a few months only. The subscription to the Gentleman's Magazine will, for a single copy, be invariably three dollars per annum, payable in advance—but a five dollar bill will produce two copies to the same direction, or a club of ten dollars will command five copies.

All letters, postage paid, addressed to Charles Alexander, Athenian Buildings, Franklin Place, Philadelphia, will meet with the earliest attention.

The SATURDAY NEWS contains more reading matter than any other paper published in the United States. It is devoted to general Literature, Criticism, the Drama, Agriculture, Intelligence, News, &c. Many of the best writers in Philadelphia are contributors to its columns, and its selections are made from the whole range of English literature. A correspondence is maintained with the principal cities of the Union, and letters are expected from a gentleman of high talent about to travel in Europe.—The subscription price is \$2 per annum, payable in advance, or five copies for \$5.

L. A. GODEY & Co.,

The following notices are taken from many of a similar character, made by the leading presses of this city:—*SATURDAY NEWS*—The weekly paper with the above title, which we forsook a few weeks since came to light on Saturday last, under the auspices of Messrs. Godley, McMichael & Neal. Such a trio never got together before.—Neal and McMichael beat all for writing; and Godley beats all for publishing, and a capital job they made of their first number, worthy all that was promised. We prophesy for them great success, and for their readers great satisfaction.—*United States Gazette.*

The PHILADELPHIA SATURDAY NEWS—We have been favoured with a copy of the first number of this new paper. It is creditable to all concerned. The literary matter is far above the ordinary standard and would not discredit the columns of the most popular newspapers of the British metropolis. Sustained in the same spirit, the News will soon win liberal patronage and enviable reputation. An amusing extract will be found in a subsequent column.—*Inquirer and Courier.*

The PHILADELPHIA SATURDAY NEWS and LITERARY GAZETTE.—The first number of a new weekly paper, with the above title, issued in Philadelphia on Saturday last—it is of the largest size of newspapers published in that city, and succeeds the *Gentleman's Magazine*, formerly edited by Mr. Charles Alexander, which has been by him transferred to Messrs. L. A. Godley, J. C. Neal, and M. McMichael, three gentlemen very favourably known as possessing the requisite qualifications for conducting such a periodical in the most advantageous manner. The first number is a highly satisfactory specimen of what may be expected from the paper, especially as a literary Gazette. The annual subscription is at the very moderate rate of two dollars.—*Baltimore Gazette.*

We have received the first number of the Saturday News, a weekly paper of the largest class, issued by the Messrs. Godley, Neal and McMichael, able and experienced newspaper editors, who will not fail to give a due share of entertainment and interest to their sheet. The *Gentleman's Magazine* has been transferred to Messrs. Godley & Co., and will be continued under the name of the Saturday News, which will contain besides a large amount of interesting intelligence and literary matter, in addition to that heretofore embodied in the *Vade Mecum*. We intended to publish their prospectus to-day, but have been prevented by want of room.—*Herald and Schuylkill Journal.*

SATURDAY NEWS.—We have received the first number of a new weekly paper, of the above title, edited by L. A. Godley, conductor of the *Lady's Book*; Joseph C. Neal, editor of the *Pennsylvania*; and Morton McMichael, the late editor of the *Saturday Courier*. Judging from the first number, we should conclude that it will far exceed, for original matter, and new selections, any weekly paper in Philadelphia. It is not a reprint of any other Gazette, which is too much the case with the mammoth sheets of that city.—*Newcastle Gazette.*

The first number of the Philadelphia Saturday News has been received at this office, and promises to be one of the very best weekly papers in the Union. The number before us is very creditable to the enterprising publisher and editors, its contents being various, entertaining and instructive. Those who wish a good family paper from the city, cannot do better than to subscribe for the Saturday News. It is published by L. A. Godley, and edited by Morton McMichael, and Joseph C. Neal, Esqrs.—*Daily Republican.*

Saturday News—The new Journal advertised in our paper under the above title, made its appearance last week, and is, very unequivocally on the "go ahead" system.—There is no doubt that the publisher, our friend Godley, whose *Lady's Book* we have in times past laboured to make our fair readers fairly in love with, will gain troops of friends in his new enterprise, and line his pockets to some purpose with the "needful." Very well. We are glad of it. The sketch under our notice headed by Mr. Neal, and in its inimitable style. We hope to be able to treat our friends often to such exquisite touches of lively and quiet humour.—*Saturday Courier.*

Sept. 1.

A BY-LAW.

Entitled, *A Supplement to the By-Law to open and establish the lines of Compromise Street in the City of Annapolis, and for other purposes, passed on the 11th of September 1837.*

[Passed 11th December, 1837.] SECTION 1. Be it established and ordained by the Mayor, Recorder, Aldermen, and Common Council of the city of Annapolis, That three Commissioners be appointed by the Mayor for the purpose of ascertaining, by competent evidence, and in the usual way, what damages will be sustained by the owners of property on the line of said street, and that they shall report to this Board what damage will accrue to each of the said owners by opening the same.

Sec. 2. And be it further established and ordained by the authority aforesaid, That in making the said assessment and valuation, the said Commissioners shall take into consideration the benefits which will in their judgment, result to said owners by opening the aforesaid street, and that said benefits shall be deducted from the damages which the commissioners may be of opinion the aforesaid owners would otherwise be entitled to.

Sec. 3. And be it further established and ordained by the authority aforesaid, That after the said commissioners shall have made their report to this Board to decide whether the said street shall be opened, any thing in the by-law, to which this is a supplement, to the contrary notwithstanding.

JOHN MILLER, Mayor.

MAMMOTH SHEET.
Office of the Saturday News
AND LITERARY GAZETTE.
Philadelphia, November 10, 1837.

THE very liberal patronage bestowed on the SATURDAY NEWS, since its commencement in July last, and a desire to meet that patronage by corresponding exertions, have induced us this week to publish a *Double Number*—being the largest sheet ever printed in Philadelphia for any purpose, and the largest literary paper ever printed in the United States. To those of our friends who are practical printers, it need not be mentioned that this undertaking has involved serious mechanical difficulties. The largest—or one of the largest presses in Philadelphia is used for our ordinary impression—but this would accommodate only a single page of the mammoth sheet, and we were obliged, therefore, to work four forms at different periods. The care used in preparing the paper—in removing and folding the sheets, &c., can only be estimated by those who have seen the experiment made; and, added to the necessarily increased amount of composition, press work, &c., these supplementary expenses have made an aggregate cost, which would have deterred many from engaging in the enterprise. A gain of two thousand new subscribers will not repay the actual cost of this single number.

We flatter ourselves that, besides its extraordinary size, this number presents attractions that entitle it to some attention.—It contains the whole of *Friendship's Offering* for 1837, the London copy of which costs \$4, and has 384 closely printed pages of letter press. Distinguished as the present age, and particularly our own country, has been for cheap reprints, we believe this surpasses any former instance. For four cents subscribers to the *Saturday News* receive, in addition to their ordinary supply of miscellaneous matter, an English annual, the largest yet received for the coming season; and they receive it, moreover, in a form that, from its novelty, gives it additional value.

Of the general character of the *Saturday News* we need not speak. That has now become so well known as to require no comment. We may take occasion to say, however, that in enterprise and resources we yield to no other publishers in this city or elsewhere, and we are determined that our paper shall not be surpassed. We have entered the field prepared for zealous competition, and we stand ready in every way to realize our promise, that no similar publication shall excel that which we issue. Our articles, both original and selected, we are not ashamed to test by any comparison which can be adopted; and there is no periodical in the United States, monthly or weekly, which might not be proud of many of our contributors.

The issuing of this number may be regarded as an evidence of our intention and ability to merit success. Nor will it be the only effort.—From time to time, as opportunity offers, we propose to adopt extraordinary means for the interest and gratification of our subscribers.

L. A. GODEY & Co.

THE SALMAGUNDI.
AND NEWS OF THE DAY.
EMBELLISHED WITH A MULTITUDE OF COMIC ENGRAVINGS.

A NEW PERIODICAL, of a novel character, bearing the above appellation, will be commenced on the beginning of January, 1838. While it will furnish its patrons with the leading features of the news of the day, its principal object will be to serve up a humorous compilation of the numerous lively and pungent sallies which are daily floating along the tide of Literature, and which, for the want of a proper channel for their preservation, are positively lost to the Reading world. Original wits and humorists of our time will here have a medium devoted to the faithful record of the scintillations of their genius. It is not necessary to detail the many attractions which this Journal will possess, as the publisher will furnish a specimen number to every person who desires it—(those out of the city, will forward their orders, postage paid)—and he pledges himself that no exertions on his part shall be wanting to make each succeeding number superior in every respect to the preceding ones.

THE SALMAGUNDI will be printed on large imperial paper, equal in size and quality to that which is at present used for the *Gentleman's Vade Mecum*. It is calculated that MORE THAN 500 ENGRAVINGS will be furnished to the patrons of this Journal in one year—these, in addition to an extensive and choice selection of Satire, Criticism, Humour and Wit, to be circulated through its columns, will form a Literary Banquet of a superior and attractive order, and the publisher relies with perfect confidence on the liberality of the American public, and the spirit and tact with which this expensive undertaking will be prosecuted, to bear him successfully and profitably along with it.

The Terms of THE SALMAGUNDI will be TWO DOLLARS per annum, payable invariably in advance. No paper will be furnished unless this stipulation is strictly adhered to. Clubs of three will be supplied with the paper for one year, by forwarding a five dollar note, postage paid. Clubs of seven will be supplied for the same term, by forwarding a ten dollar note. The papers that are sent out of the city, will be carefully packed in strong envelopes, to prevent their rubbing in the mail.

THE SALMAGUNDI will be published on alternate weeks—otherwise it would be impossible to procure the numerous Engravings which each number will contain—and the general interest it will afford must be enhanced by this arrangement.

Address, CHARLES ALEXANDER, Athenian Buildings, Franklin Place, Philadelphia.

Address, post paid, ADAM WALDIE, 46 Carpenter St. Philadelphia.

Editors throughout the Union, and Canada, will confer a favour by giving the above or more conspicuous insertions, and accepting the work for a year as compensation.

FOR ANNAPOLIS, CAMBRIDGE AND EASTON.

The Steam Boat MARYLAND, leaves Baltimore, every TUESDAY, and FRIDAY MORNING, at 10 o'clock, for the above places, starting from the lower end of Dugan's wharf, and returns on Wednesday and Saturday.

A NEW AND COMPLETE PROSPECTUS.

Attention is requested from our readers to the following prospectus of a new and complete set of books, which will be issued from this office, in the next week of next January. It will not be an overstatement to say that it will be in no way inferior, but it will make books cheap beyond all precedent. It will contain the works of the day, which are much sought after, but are comparatively dear, and which cannot penetrate the interior in any mode half so rapidly as by mail, in which volumes of books are prohibited. A fifty cent American reprint will be furnished gratis for from four to six cents; a Marryatt novel for twelve cents, and others in proportion.

As but very few copies will be printed, what are actually subscribed for, those who wish the Omnibus, must make their remittances at once.

Books at Newspaper Postage.

WALDIE'S LITERARY OMNIBUS.

NOVEL AND IMPORTANT LITERARY ENTERPRISE!!

NOVELS, TALES, BIOGRAPHY, VOYAGES, TRAVELS, REVIEWS, AND THE NEWS OF THE DAY.

IT was one of the great objects of "Waldie's Literary," "to make good reading cheaper, and to bring literature to every man's door." That object has been accomplished; we have given to books wings, and they have flown to the uttermost parts of our vast continent, carrying society to the secluded, occupation to the literary, information to all. We now propose still further to reduce prices, and render the access to a literary banquet more than twofold accessible; we gave and shall continue to give in the quarto library a volume weekly for two cents a day; we now propose to give a volume in the same period for less than four cents a week, and to add as a piquant seasoning to the dish a few columns of shorter literary matters, and a summary of the news and events of the day. We know by experience and calculation that we can go still further in the matter of reduction, and we feel that there is still verge enough for us to aim at offering to an increasing literary appetite that mental food which it craves.

The Select Circulating Library, now as ever so great a favourite, will continue to make its weekly visits, and to be issued in a form for binding and preservation, and its price and form will remain the same. But we shall, in the first week of January 1837, issue a huge sheet of the size of the largest newspapers of America, but on very superior paper, also filled with books of the newest and most entertaining, though in their several departments of Novels, Tales, Voyages, Travels, &c., select in their character, joined with reading such as usually should fill a weekly newspaper. By this method we hope to accomplish a great good; to enliven and enlighten the family circle, and to give to it, at an expense which shall be no consideration to any, a mass of reading that in book form would alarm the pockets of the prudent, and to do it in a manner that the most sceptical shall acknowledge "the power of concentration can no farther go." No book which appears in Waldie's Quarto Library will be published in the Omnibus, which will be an entirely distinct periodical.

TERMS.

WALDIE'S LITERARY OMNIBUS will be issued every Friday morning, printed on paper of a quality superior to any other weekly sheet, and of the largest size. It will contain,

1st. Books, the newest and the best that can be procured, equal every week to a London duodecimo volume, embracing Novels, Travels, Memoirs, &c., and only chargeable with newspaper postage.

2d. Literary Reviews, Tales, Sketches, notices of books, and information from "the world of letters," of every description.

3d. The news of the week concentrated in a small compass, but in a sufficient amount to embrace a knowledge of the principal events, political and miscellaneous, of Europe and America.

The price will be two dollars to clubs of five subscribers where the paper is forwarded to one address. To clubs of two individuals, five dollars; single mail subscribers, three dollars. The discount on uncurrent money will be charged to the remitters; the low price and superior paper absolutely prohibit paying a discount.

On no condition will a copy ever be sent until the payment is received in advance.

As the arrangements for the prosecution of this great literary undertaking are all made, and the proprietor has redeemed all his pledges to a generous public for many years, no fear of the non fulfilment of the contract can be felt. The Omnibus will be regularly issued, and will contain in a year reading matter equal in amount to two volumes of Rensselaer's Cyclopaedia, for the small sum mentioned above.

Address, post paid, ADAM WALDIE, 46 Carpenter St. Philadelphia.

Editors throughout the Union, and Canada, will confer a favour by giving the above or more conspicuous insertions, and accepting the work for a year as compensation.

Resolved, That the said company, out of the net proceeds of the sales or hypothecations which it may at any time make of the said certificates of debt, is hereby required to deposit with the Treasurer for the Western Shore the proportionate amount to which the other internal improvement companies, mentioned in certain resolutions, passed during the present session, in reference to the contracts made between the said commissioners and the Chesapeake and Ohio Canal Company, and the Baltimore, and Ohio Rail Road Company, for the sale to said companies of portions of said stock, may be entitled to receive upon requisitions for the same, being lawfully made on the said Treasurer; the said payments to be made immediately upon the receipt of such proceeds of sales or hypothecation, unless the said company shall fail to make such requisitions, and in case of such payment being made into the Treasury for the benefit of said internal improvement companies, the said Chesapeake and Ohio Canal Company shall be entitled to receive an equivalent amount out of the proceeds of sales of the residue of the stocks created and issued under the provisions of the aforesaid act.

Resolved, That before the delivery of any portion of the aforesaid certificates of debt of this State, the same shall be so dated by the Commissioner of Loans of this State, as to bear interest from the first day of April next, and the interest which may accrue thereon, before the sale or hypothecation of said certificates, and notice thereof given to the Treasurer of the Western Shore, and on the quarter day next ensuing such notice being given as aforesaid, shall be payable to the said company at the office of the Commissioner of Loans, in the city of Baltimore, out of any moneys in the Treasury which may be applicable to the payment thereof, and it shall be the duty of the said company, to provide for the payment of the interest on said certificates of debt, to accrue on the quarter day next ensuing the time of notice being given to the Treasurer of the sale or hypothecation of said certificates to the holders thereof.

Annapolis, March 15th, 1839.

Dear Sir—It was the purpose of the Chesapeake and Ohio Canal Company, to have applied to the General Assembly at the commencement of the session, for a modification of the act of May 1836, in relation to the internal improvements, so far as concerned the interests of said company, as to the disposition of the stocks, created under that act for the benefit of said company, and to enable us to avail of any favourable state of the money market, to make an advantageous sale of the same. But we were restrained from making such application during the pendency of questions before the Legislature, which must have suspended any action on such application.

It is known to the committee, that the only work in active progression is the canal, and that owing to the delay of nearly two years, in availing of the means provided by the State, we have been compelled to resort to temporary loans, and to issue of obligations of the company—these responsibilities are now to be promptly met, and provision also to be made to meet the engagements of the company to its contractors, which, from this time until the completion of the canal, will be very heavy, and to be paid monthly. It must be conceded, that the State is deeply interested in the early completion of the canal, both in view of being principal stockholder, as well as in regard to the loan of \$2,000,000 to the company and that it is also her interest to have the stocks disposed of on the most favourable terms. From its accounts we have of the state of the money market in Europe, we believe that an auspicious moment has arrived for the sale of American securities, and that we can only avail of it by having the control of the stocks intended for our use, under such provisions as will leave every proper security to the State for the receipt of the premium of 20 per cent, and will protect the rights of all parties concerned. The State too must be an evident gainer by such provisions, both in an earlier investment of the portion which goes into the sinking fund, and in the receipts of her interest from the company, as a preferred stockholder. I would, therefore, respectfully ask of you, to propose to the committee such measure, to carry out these views, as in its judgment may seem advisable.

I am very respectfully,
Your obedient servant,
G. C. WASHINGTON, Pres.

Ches. & Ohio Canal Com.

On motion of Mr. Williams, said bill was amended by adding at the end of the second section the following: "and the burden of proof as to the fact of insolvency shall be upon the bank refusing to receive such issues as aforesaid."

Mr. Carroll then moved to amend said 2d section by striking out all after the words "and each shall," to the end of said section and inserting in lieu thereof the following: "during their common suspension receive at par, the issues of all banks of the State that may have complied with the provisions of the third section of this act."

Which was read.

For the Maryland Gazette.

The worthy Editor of "The Baltimore Gazette" seems to have found out that the officer called in our new Constitution "Secretary of State," is about one and the same thing with "Clerk of the Council." Now it seems to me that in this there is something strange.

Why if the offices are the same is the name changed, or rather why is he not called the Secretary or Clerk of the Governor? If his business is to be simply to fill up blank commissions and to make out *non prosequis*, when thereto ordered by the Governor, why was not the appointment given exclusively to the Governor? It would be strange indeed not to permit the Governor to appoint his own Clerk, without asking the advice and consent of the Senate.

Why if his duties are so trifling is such an extravagant salary given to him? Even the salary given to the Clerk of the Council, considering the services which he renders, was the most profuse salary allowed to any officer perhaps in this country, save only to the Vice President of the United States.

Two thousand dollars for a little finger-work seems to be rather an extravagant allowance. One would naturally have supposed, that such a salary, and such a title too, were intended for a man possessed of high intellectual and moral qualifications—a man who would be required to render some valuable services to the State, and not to a man whose labour for a whole year, (might, if the appointments, &c. were all made at the same time) be performed in six weeks.

It is confidently affirmed that all the duties which have been required of the Clerk of the Council of late years, and which such an officer would have to perform for years to come, (unless there be a war) would not amount to the ordinary labour of a tolerably decent clerk for six weeks. Any man who will take the trouble to think, may satisfy himself of this.

The Executive, though appointed early in the session, was never organized till weeks afterwards. The members have invariably left the seat of government at the close of the session, if a quorum remained so long. And after the session was closed, how many hours of the rest of the year were devoted to Executive business? Now and then (not more than once a month), an Executive session would be advertised, and how long did those Executive sessions continue? The steamboat which reached Annapolis on Tuesday was expected to bring a quorum, and the steamboat which left the seat of government on Wednesday, was sure to carry away the members.

To record then the labours of the Executive some few hours each month, to grant occasionally, pardons and *non prosequis*, and to issue now and then, a death warrant, constitute the vast labours of this invaluable officer. His clerical duties were such as might have been performed by a little boy who knew how to read and to write.

It is astonishing what rapid progress we of Maryland are making. The time was when the Executive was almost daily in session, and the Clerk really had considerable employment. During that time \$800 was deemed an adequate compensation for his clerical services. Those were days when men were elected for their qualifications, and rewarded only for services rendered to the State. But evil days came, and simply because of a quarrel between a Governor and his Council; and because the then Governor was a man of talents, it seems ever since to have been our settled policy to consider talents an objection to a man, and to confer our offices, high as well as low, upon gentlemen not able to judge for themselves, and therefore not likely to give trouble or displeasure to their would be advisors.

If it was not the maxim that every tolerably clever fellow ought to be hanged, it certainly has been the practice to select for office those least qualified to understand the interests of the State, and best disposed to think and act, as required. Hence it is, that in the councils of the State, and in the legislative halls of the nation, all the other States of the Union could boast of men greatly superior to those in Maryland, who occupy the same stations.

And yet in Maryland, when a salary is to be fixed, one would suppose that no people were more anxious to have capable officers; the argument always is, the salary ought to be such as will secure the first talents in the State. And so it really happens that our salaries are as superior as our officers are inferior to those of other States. Surely these things the people ought to ponder.

It has for a long time been a matter debated in Maryland, whether it would not be wise to abolish the Council and have a Secretary of State. And an appeal may confidently be made to all who know any thing of the matter, if the Secretary of State spoken of, was ever supposed to be a mere clerk. Every rational man, supposed that this officer, if introduced into Maryland, would be just such an officer as is the Secretary of State of every other State which has such an officer. And what are the duties, and what are the requisite qualifications of such an officer every where else, any man who wishes to know may inform himself by just turning to the article "Secretary of State," in the laws of

New York, Pennsylvania, Massachusetts, Kentucky, &c. They will then learn what duties must be required of this officer in order to justify the salary which was so promptly allotted to him.

But why does friend Gwynn suppose that the officer in Maryland is to be just such an officer as the old Clerk of the Council? Surely our Legislature has not told him so. With all due submission, it may here be said, that even our General Assembly seem to have forgotten what the Constitution requires of them. What are to be the duties of this officer (the Legislature is to ascertain, and this ought to have been ascertained before anything was said about the salary. Owing to this trifling omission, if we had had a Secretary of State, he would be an officer with a salary, but without one single duty to perform. He might indeed in consideration of the salary, which the Governor's nomination is secured to him, consent to be his Clerk, but then the Constitution not the law would make him so, and the Senate would have quite as much right to insist that he be his Clerk, as the Governor that he be his Clerk.

Perhaps the rumored disagreement between the two bodies may have arisen from different impressions taken up by each in regard to the duties of the officer, and perhaps if the duties of the officer had been defined, and such duties as ought to be required of him, either of them might discover that there is a mistake on both sides. At all events, it is best they should never agree, if they will not agree to appoint only such a man as the Secretary of State ought to be. We now know that it was wrong to give the appointment of this new officer to men not brought into existence by the new Constitution.

The Legislature can appoint a Clerk to do the business of the Governor's Clerk this year, and perhaps when the people choose the Governor and Senate, it will be better understood what Secretary of State ought to do and ought to be.

X. March 23.

To the Democratic Republican Voters of Anne Arundel County, and the City of Annapolis.

The good people of this State having wrested from the hands of the legislature the power of electing a Governor and Council, and taken the performance of that rightful duty upon themselves, it becomes the friends of Democratic Republicanism to be firmly united, and move together as a Macedonian phalanx in the selection of a suitable person to be supported by the people at large for the Governor of Maryland.

Our Republican representatives in the legislature have taken the importance of this subject into consideration, and have recommended a Convention to be held at Baltimore on Thursday the last day of May next, for the purpose of nominating a suitable candidate for the office of Governor under the reformed Constitution of Maryland. Let us respond promptly and heartily to this energetic recommendation of that Spartan band, who unquestionably represent an overwhelming majority of the people of this State, but who are a minority in the legislature, owing to the anti-republican tendency of an antiquated Constitution, which has been just purged of some of its malignant influences by the spirit of reform, aided by the strong arm of a virtuous and democratic people. This is the first opportunity that has ever been presented to the people of this State for the free and unfettered expression of their will at the polls in the choice of their first magistrate. Let us then embrace this opportunity, by showing to those who have given us a VIZZEY for a Governor—a MEXICK for a Senator—an empty treasury for our comfort—and a Registry Law, the stepping stone to an odious property qualification—unless annexed by the voice of the people—as an inheritance, that there is a spirit, waking up in this old commonwealth, and an invincible resolution among the people, not only to change our rulers, but to REFORM their measures. Under the influence of these feelings, and with the determination to act as becomes a free, but a proscribed race, and trampling all local and minor considerations in the dust, let us meet together on the first Tuesday of April Court, for the purpose of holding our preliminary meeting, when the time for holding district meetings, and appointing delegates to the State and County Conventions, can be decided upon. Many old and weather-beaten veterans unite in this call.

UNION AND OLD DEMOCRACY FOR EVER.

HOUSE OF DELEGATES, March 21.

Mr. Blocher, Chairman of the Select Committee to whom was referred the Treasurer's Letter, accompanying Bills of Particulars of the State's Miscellaneous and Contingent Expenses in the year ended 1st December, 1837, delivered the following report:

The committee to which was referred the "Treasurer's Letter, accompanying bills of particulars of the State's Miscellaneous and Contingent Expenses in the year ended 1st December, 1837," have had the same under consideration; and upon a full investigation of the several items therein exhibited, they have been led to the conclusion that the Executive should be vested with authority, by law, to investigate and have proven, before payment, all accounts preferred against the State during the recess of the Legislature. Justice to the State calls loudly for this. It is the only effectual means, in the opinion of your committee, that can be adopted to prevent imposition on the part of those claiming remuneration from the State for services rendered.

That impositions have been practiced, fully appears upon the face of the document referred to this committee, and that others may occur, unless means are adopted to prevent it, is just as certain as that they have heretofore occurred. In justification of this position your committee will quote from the Letter of the Treasurer, on page 6, they find that \$830 were paid for printing 10,000 marriage licenses, when the same work can be had done for \$75. On page

of your committee's report, we find that \$50 for printing catalogues, and \$10 for printing bills. Similar impositions of opinion on which in all discretionary. Your committee of a different Letter of the Treasurer, and Council for the year 1837, was paid out of the law, the was no doubt for his services perquisites increases his dollars per. The next year will not of "Contingent" been paid to 1837, as are House from. This is certainly still more ing—not but even years he accumulated fees are infatigable. For a moment items noticed for the instant, by the purposes. The four together, amounting to hundreds of dollars from the Treasurer. They are not now made to be similar will be found of the committee. Respected
