Ninth Annual High School Seniors Day

At The State Teachers College, Salisbury, Maryland

Friday, March 31, 1944

THEME: EDUCATION FOR THE FUTURE

★★★★★★★★★★★★

4:00 — Registration Office
4:15 — Panel Discussion — Participants from each of the high schools represented . Auditorium
5:30 — Conference Dinner Dining Hall
6:30 — Tours through the College building . . .

EVENING PROGRAM

7:00 — Glee Club Auditorium
7:15 — Announcement of Campus Leaders Auditorium
7:45 — Physical Education Demonstrations Gymnasium
9:00 — Dance for High School Seniors Gymnasium

Lew Startt's Orchestra

Note: Admission to dance by ticket only

STEERING COMMITTEE

Mr. A. L. Fleming, Chairman
Mrs. Lucy W. Bennett
Miss Hazel Dunnoek
Mrs. Francis Fleming
Miss Helen Jamart

Mr. Paul Huffington
Dr. Anne Matthews
Miss Ruth Powell
Miss Henrietta Purnell
Dr. Florence Simonds

Miss Kathleen Smithson

High School Seniors,

Sincere greetings to each high school senior attending our ninth annual High-School-Seniors Day:

Education for the future is of special significance to high school seniors who will have a definite part in the execution of postwar plans. Education for the future must include among other things, provision for: the preservation of our cultural heritage, the rebuilding of morale, the development of international understandings, the repairing of broken ideals and objectives, the stabilizing of economy, the increasing of cooperative effort, the enriching of American home life, and the strengthening of the teaching profession through the expansion of college education.

While accredited Maryland Teachers Colleges have, during 1941-43 ranked sixth among such colleges of the forty-eight states in their ability to hold students, the acute shortage of teachers indicates the need for increased enrollment. Never in the history of education in Maryland have elementary and high school teachers faced such an interesting challenge as postwar conditions will bring.

The State Teachers College therefore welcomes you to a conference, one purpose of which is to give High School Seniors an opportunity to consider education for the future.

J. D. BLACKWELL,
President

Coming To Summer School?

Freshman, what are you planning to do this summer? Are you going to loaf? Why not get an early start in college and attend summer school at S.T.C.? It really isn't as tough as one might think. The curriculum is so arranged that even the most studious has plenty of time to socialize. Why not make new friends here rather than at some resort, and at the same time hasten the day when you'll be "on your own"? The cost is probably less than the amount you would spend to get real enjoyment at a resort.

The total cost for the ten-week summer session is \$125 for boarding students, and \$45 for day

STUDENTS EXTEND WELCOME

On Friday, March 31, the doors of the State Teachers College will be opened wide for the ninth consecutive year to the high school seniors who will be our guests. Upon arriving at the college high school seniors should go to the main office for registration. After making some new acquaintances and renewing old friendships, students are invited to hear a discussion sponsored by the Bagleian-Carnean Society in the auditorium. The dinner (one of Miss Ruth's specials) will begin promptly at 5:30. Just after the dinner hour the guests, guided by hostesses and hosts, will tour our college.

"A Welcome to the Guests" by Dr. J. D. Blackwell, president of the college, will begin our evening's program. The Women's Glee Club, under the able direction of Mrs. Francis B. Fleming, will sing "Sylvia", "When A Maid Comes Knocking", "An American Prayer", and "Four Little Foxes". Then, of particular interest to the college students and guests will be the announcement of the Campus Leaders for 1943-44. The agitated suspense of finding who has been chosen as May Queen, Queen's Escort, Miss S. T. C., Best All-Around Man, Best Man Athlete, Best Woman Athlete, and Most Literary will be relieved and many "I told you so's" will be verified.

From the auditorium visitors and students will go to the gym where they will see an athletic exhibition of tap dancing, marching, and pyramid building. This will be followed by a men's basketball game. It's sure to be a tough game, too!

Perhaps one of the highest social lights of the evening will be the High-School-Seniors Dance with Lew Startt's orchestra. This will end an eventful day. Come and "join in" for an afternoon and evening of fun.

students. Out-of-State students pay an additional \$65. Isn't it only logical to get ahead and earn that degree so you can fill the gap left in all fields? Why not enroll now for entrance to the ten-weeks' summer session beginning June 12? You may register for any one of three accelerated curriculums: one-year pre-inductive for men; two-year transfer for men and women; or the four-year professional.

HIGH SCHOOL SENIORS, YOU WILL MEET

MR. A. L. FLEMING, head of the Economics and Sociology Department. He is the general chairman for the activities of the day.

MR. A. L. FLEMING

HAZEL DUNNOCK, our hard working, blue-eyed, blonde from Cambridge. Hazel is our very able president of the Student Council and a member of the executive committee, planning to make your visit here a most pleasant one.

KATHLEEN SMITHSON from Belair. "Katie" is proud of that Western Shore, too! She has made herself a definite part of our school life by her excellent work in the Christian Association and in the executive committee for High-School-Seniors Day.

BETTY PARKS, president of the Home Association. With her help every girl has been made a pillar in the structure of the dorm life. Betty's home is at Tilghman's Island.

LETA TRICE, co-editor of THE HOLLY LEAF and THE EVERGREEN. She is kidded about her freckles but with her sweet personality she takes it on the chin and things work out perfectly. Perhaps such qualities show Leta's outstanding abilities that make her succeed in her important position. Federalsburg is her home.

ISABELLE LYNCH, president of the Bagleam-Carnean Society. She is one of the most conscientious workers and has proved to be a leader. "Issie's" home is in North East.

RICHARD SCHALLON, a native Salisburian, president of the Men's Association. "Dick" has been an able leader of our college men. He is a tall, light, blue-eyed blonde, and oh, so handsome! To get better acquainted, telephone him.

CHARLOTTE GORDY, president of the Women's Athletic Association, a chic young lady from Pocomoke City. "Shady" has kept her poise through the most trying situations.

FRANCES INSLEY, Day Student's President, a good all-around girl. "Frankie" comes to us from Mardela.

These people are among those taking an active part in plans for All High-School-Seniors Day.

Of S.T.C. Enrollment

According to a summary of teachers college enrollments recently made available by Charles W. Hunt, Secretary-Treasurer of the American Association of Teachers Colleges, the two accredited teachers colleges of Maryland (Salisbury and Towson) during 1941-1943 ranked sixth among the accredited teachers colleges of the forty-eight states in their holding power of students enrolled. Virginia with a decrease of 13.5% ranked first; New Jersey with 20.2%, second; New York with 20.3%, third; Massachusetts with 20.6%, fourth; Connecticut with 25.7%, fifth; and Maryland with a 28.9% decrease ranked sixth among the colleges of the forty-eight states. Montana showing a decrease of 81.3% during the two-year period, ranked forty-eighth. The average decrease for the forty-eight states was 50.2%.

An Appreciation—

To all those students and faculty members who have helped to gather the information for the pages of this special issue of THE HOLLY LEAF the staff would like to say, "Thank you." Our special thanks go to Bill Callaway who got all the advertising, and to Mildred Simpers who acted as a reporter for this issue.

Campus Activities

SPORTS are a big part of any college life. S.T.C. has had many winning seasons in soccer, softball, basketball, and hockey. This year is no exception. To date the games have been exciting. At the beginning of the basketball season, our men lacked that "certain something". Having found it they've snapped out of it and have proved to be tops. Up to date the squad has lost seven games and won eight. High scorers of the season are Dick Schallon, Bill Wimbrow, Bud Hammer, and Johnny Long.

DANCES are a necessary part of college life. At our informal dances on Friday nights the students, who spend their weekends on the campus, and their friends dance to recorded music. These are gay affairs, and the center corridor fairly rings with "Jump Town", "My Ideal", and "No Love, No Nuthin'". And too, there are refreshments in the dining room!

The first formal of the school year was the Service Men's Dance. Our guests were soldiers from Camp Somerset. At the Christmas Dance sponsored by the Junior, Sophomore, and Freshman Classes Lew Startt's orchestra presided on the band stand. At the lovely Valentine Dance our guests were the men from the Chincoteague Naval Air Base.

COOPERATIVE CONCERTS bring to us each year at least three outstanding evenings of cultural entertainment. Robert Weede, baritone, gave the first program of the season. He was accompanied by Alexander Alexay. Mr. Weede is a native Marylander. On February 3 Albert Spalding, world-known violinist, was guest artist. Mr. Spalding is now with the armed forces. On April 19 the Bary Ensemble, instrumentalists, will conclude the year for the Salisbury Co-operative Concert Association.

ASSEMBLIES under the committee composed of Shirley Smith, Ruth Cropper, and Dr. Ida Belle W. Thomas have proved valuable to those in attendance. Outstanding speakers whose messages are of vital interest to the student body and programs presented by the students are held each Tuesday morning.

NIGHT COURSES provide one way for teachers in service to get credit toward their degrees. This semester Mrs. William Howard Bennett offers the English speech course. Miss Henrietta Purnell taught art appreciation the first

semester. These classes meet once a week from seven to nine-thirty o'clock.

SUNDAY NIGHT VESPERS are the outstanding feature of the Christian Association. Programs may be "all student", meaning that the person leading has full charge. Some of the outstanding programs of this type were recordings of religious music, song services, and patriotic programs.

Salisbury is fortunate in having many churches. The pastors are invited to speak to the students at Sunday evening vespers. The Reverend Nelson Gage of St. Peter's Episcopal Church told many interesting experiences he had while traveling abroad, particularly in Belgium and Ireland. Do you know how to destroy the bible? We do. Dr. J. N. Stewart of the Baptist Church told us how to do it most effectively. Before worrying too much, perhaps I'd better tell you that his answer was "write a better one."

Our faculty is particularly adept also. Dr. Blackwell always extends greetings. Mrs. Blackwell's motto is "Child Likeness, Not Childishness". Dr. Thomas values friendships as one of the highest things a person can have.

SPECIAL EVENTS are always welcomed by the students. Thursday evening, March 2, the SPARS presented a program and two movies. One movie depicted life with the SPARS and the second told us more about the WAVES.

¿ Habla VD. Espanol?

"Si, pero no habla muy bien todavia," Shirley Smith would reply. Then, no doubt, she would add, "I hope to improve by attending the weekly meeting of the Spanish Club."

Shirley is head of this extra-curricular activity whose total membership includes a group of twenty-five earnest, good-neighborminded students and members of the community. Their aim is to study by the informal conversational method Spanish as it is spoken in South America. That no "credits" are offered for this work other than the practical and cultural values to those participating, augurs well for the true educational motives of the personnel of this club. Mrs. A. L. Fleming of our faculty is giving her services as guide to the activities of the group.

With The Faculty

Mr. James F. Glenn, of the Chemistry Department, Lafayette College, Easton, Pennsylvania, has arrived to accept the position as head of the Physical Science and Mathematics Department, replacing Mr. William R. Straughn, Jr., who resigned to accept a position in bacteriology at the Medical College of the University of North Carolina, Chapel Hill, N. C.

Mr. Paul E. Huffington, of Easton, Maryland, has assumed his duties as Registrar filling the vacancy caused by the transfer of Mr. A. L. Fleming, who resumed his duties as head of the Economics and Sociology Department.

After a three-week illness due to hospitalization, Mrs. Anna Jones Cooper, acting librarian, has returned to the campus.

The committee on Post-War Planning recently named by Dr. Blackwell includes Dr. Ida Belle Wilson Thomas as chairman, Mrs. Lucy W. Bennett, Dr. T. J. Caruthers, Mr. A. L. Fleming, Mr. James F. Glenn, Dr. Anne Matthews, Miss Gladys Lewis, Dr. Florence Simonds, and Miss Margaret Weant.

Dr. J. D. Blackwell attended the annual convention of the Department of School Administrators in New York on February 22 and 23. On February 24 and 25 he attended The American Association of Teachers Colleges held also in New York.

Miss Grace Strickland, librarian on leave, was married to Mr. Solomon Chaires in July, 1943. Mrs. Chaires is an ensign in the WAVES.

Lieutenant (j.g.) Paul Hyde has lately received promotion to lieutenant.

Miss Margaret Black, music instructor on leave, tells us her address is still Service Club No. 3, Camp Pickett, Virginia.

Cpl. John B. May was home during the week of March 3 (without the mustache). Incidentally he looks very well.

The Little Things Of Life

It's the little things of life which make it worthwhile,

It's the little things we do that make others smile.

Can we plan, not to take, but to give
Gladness to people in the world where we live?

Shirley Churchill

Hats Off To Advertisers

The Publications Staff wants to pay an especial salute to its advertisers for their cooperation during 1943-'44. Since THE HOLLY LEAF is bowing to THE EVERGREEN in this year when conservation is not only a virtue but a necessity, and appearing less often than usual, many of our ever-faithful advertisers have concentrated their efforts in their yearbook ads. Others are advertising as usual, while others appear only in THE HOLLY LEAF. Whichever or whatever their expression of cooperation, we appreciate them. READ THE ADS, STCans, AND TRADE WITH OUR ADVERTISERS!

S.T.C. Graduates Mid-Term Class

The nineteenth annual commencement was held Saturday morning, January 29, when Dr. Katharine Jeanne Gallagher, professor of history at Goucher College, delivered a most inspiring address to the twenty-two graduates.

The Reverend John Jackson Brown, Jr., pastor of the Wicomico Presbyterian Church gave the invocation and the Women's Glee Club, directed by Mrs. Francis B. Fleming, sang Macdowell's "At Parting".

Dr. T. J. Caruthers, director of teacher training presented the class members to Dr. J. D. Blackwell, who conferred the bachelor of science degrees on them. Mr. Horace M. Morgan of the State Board of Education awarded the diplomas.

The mid-term graduates of which Miss Mildred Murphy, Charlestown, was honor student were as follows:

Norma Adkins, Marie Young, both of Salisbury; Betty Brown, Ellen Libis, both of Federalsburg; Rhoda Ann Cooper, Quantico; Virginia Lee Downing, Iris Truitt, both of Hebron; Edith Gross, Rocks; Lois Page Jackson, Princess Anne; Norma Mezick, Tyaskin; Ellen Ann Noble, Orpah Pusey, both of Oriole; Lois Pittman, Grasonville; Marion Pranis, Riverton; Mary Ann Reinhold, Denton; Ann Riley, Parsonsburg; Marylee Ruark, Ocean City; Edna Schmick, Preston; Dorothy Wanex, Secretary; Elizabeth Wood, class president, and Mary Jane Wood, both of North East.

The Portrait

One of the highlights of the commencement week-end was the Alumni Association dinner on Friday evening, January 28, when a portrait of Miss Ruth Powell painted by Miss Dorothy Mitchell of Salisbury was presented to the school. The likeness of "Miss Ruth" now hangs in the dining hall of the college.

The presentation speech was made by Dr. Ida Belle Wilson Thomas in the absence of the Alumni Association president. Charles S. Hayman, Jr., son of Mrs. Aline K. Hayman, a member of the Alumni Association, pulled the cord that unveiled the painting.

To All S.T.C. Men in Service

Dear "Boys",

Writing to each of you personally was out of the question so we devised this means to say "Hello" to all and to give some news from a few of S.T.C. men scattered all over the globe. We find

In India—

Pfc. William Adair who sends word from an air base. "Can you picture me, who had such a good time in the library, as an M.P. in this far away country of India?"

Somewhere in the Pacific—

Newly promoted Lt. (j.g.) C. David Perry has seen several places he has read a lot about, heard a lot about, and dreamed about, says, "The praise is overrated. Give me the Eastern Shore. It can't be beat!"

Lt. Albert B. Atkinson says he had quite a lovely Christmas dinner. "One thing about being over here is that we don't have to worry over rationing. That's one consolation anyway."

In Ireland—

Cpl. Wilson Duncan wrote: "... I would like to have been present to witness the unveiling of

Miss Ruth's portrait. She is more than deserving of the honor."

Somewhere in England—

To "Bob" Cannon: Greetings from our editorial offices where you once worked to the editorial offices of the "Stars and Stripes" over there.

Ben Nelson says that the British people are very friendly and are eager to make the American soldiers feel at home.

"I spoke to a group of children about Christmas in America. Their eyes fairly sparkled and from the eagerness showing on their faces one could detect the hopes in their hearts."

In the Southwest Pacific—

Lt. Carroll Walsh has a Japanese fever. He has been where there was an earthquake, and where the inhabitants were one degree above being head-hunters.

From Robert Gibson, Ph.M. 3/c U.S.N.R., we hear:

"... September, '43 I enlisted and was sent to Great Lakes for boot training, and remained there for training in hospital work. Then to Corpus Christi, the West Coast, and New Hebrides. At present am managing one of the busiest surgical

wards on the compound. I have heard many tales of Guadalcanal and have seen the results as far as casualties go."

From Tom Hardy's lovely letter we quote:

"Hello from one of the boys. After so many months and what seems to be many years, I find I am in constant contact with what used to be—not too long ago—just something we read about in books, studied, make teaching units about, and talked about for many hours. I can imagine that, at the time, I seemed a not too good or interested student, but let me assure you that I still remember much of what went on. . . .

"I started training in the navy upon leaving S.T.C. in June, 1942, enlisting as a seaman second class in the reserves and applying for cadet flight training. After six weeks I was appointed a cadet and started flying. Along with me and in the same class were "Swive" Newcomb, Hugh Smith, and Jimmy Thompson. We went to Washington, then to Corpus Christi, Texas. We completed our flight training as cadets there and there also our paths were split in four ways.

I believe that I have joined a school that has no equal. . . . It is definitely a progressive way of teaching for nothing is talked about unless we have definite use for, or interest in, the subject. . . .

"Perhaps you wonder why I am writing and why I am writing what I am. Well, I believe it is more as a thanks to you and all of the college which I am very proud to say I went to. . . .

"No, I won't say I was a good student or that it was a great college or that it had a great team of some sort. I will say that it gave me a real start in life, helped me open my eyes, and is something really democratic, therefore making it the thing for which millions of men are sacrificing their lives or their years in life to defend. . . ."

In Louisiana—

Lt. Lee Smith sent this message:

"I'll give you a mental picture of every-day goings-on in an Anti-Aircraft Battery. We try out new tactics, make reconnaissances, lead columns into new positions, teach new ideas, and care of strange equipment. . . . As to the lighter side—I bought two fried chickens, and home baked biscuits at a farmhouse yesterday."

In Texas—

Pvt. Tom Flowers, now at Camp Howze, has been home this month.

At his former camp, Fort Benning, Tom helped produce an army show. From the pictures we saw he should receive a call from Hollywood soon!

In Virginia—

Cpl. John B. May (Dr. May to us students) has been sent to Camp Lee for a special course. He has been in Texas for some months. (Mrs. May is wreathed in smiles.)

In South Carolina—

After Lt. Eugene Messick completed his fiftieth flight in the Mediterranean area, he was granted a leave. While home he gave an interesting talk in one of our Tuesday assemblies. He is now an instructor in aviation at Columbia Air Base, South Carolina.

Those of us still at the college have enjoyed many visitors on leave from the armed forces.

Petty Officer Third Class Robert Potter "stopped in" on February 23 before reporting to Perdue University for specialized training.

Wayne Cawley visited S.T.C. in January. He is now a hard-boiled Sergeant.

Pfc. Fowler Cottingham was a frequent visitor during his February furlough. He was in training with the Army Air Forces in Florida.

Pvt. Ralph Kirby, who has been studying at Perdue University, spent some time in Salisbury during the first part of February.

On February 25 Ensign Jack Custis stopped in on his way to Florida, where he will continue his training. Jack has just completed a course at Columbia University, New York.

And, too, you'll want to know that—

Ensign Richard Williams and Miss Marie Stefens of Bryantown, Md., were married during the Christmas season.

Naval Air Corps Lt. Sanford Smith was married in February. His wife is the former Miss Eunice Grace Stunkard of Washington, D. C.

We regret to report that our Service Plaque now bears gold stars opposite the names of Everett Bennett and Harrington Pritchett.

In December 1943, William Newcomb was reported missing in the South Pacific area. In January David Somervel was reported missing over Rabaul.

We are sorry that space does not permit us to enclose more from your letters. You're doing your part on the actual front. We're attempting to keep home as you would like it.

THE PUBLICATIONS STAFF

For all the students and faculty at S.T.C.

Many have stated the fact that Wimbrow resembles a pastor, but let's ask Bertie Mae about other necessary qualifications.

What Do You Know Of S.T.C.?

When was the college established?

The institution was authorized by the Legislature of 1922 and opened as a two-year Normal School in September, 1925. It became a three-year Normal School in 1931 and was changed by Legislature to a four-year State Teachers College in 1935.

Where is the college located?

The College is located in Salisbury on College Avenue between Camden Avenue and Salisbury Boulevard.

What curriculums are offered?

A one-year pre-inductive curriculum for men.

A two-year transfer academic curriculum, as well as a four-year professional curriculum leading to a B.S. degree have been offered since 1935. Many students transfer to Washington College, Universities of Maryland, Minnesota, Missouri, and Virginia, Western Maryland College, Haverford, Dickinson, where full credit for all academic work satisfactorily completed is given. At the end of one year students may transfer to the University of Maryland with sophomore standing in Agriculture, Commerce, Dentistry, Home Economics, Medicine, or Nursing.

What does the college plant include?

The college plant includes the administration building, containing the auditorium, class rooms, gymnasium, offices, and dormitory rooms; the north wing and connecting wing, including the library, little theatre, and faculty offices; and the south wing and connecting wing, containing the social room, dining hall, service room, kitchen, and infirmary. The Campus School, comprising four classrooms, library, and teachers' offices, is at the rear of the north wing.

Each dormitory room, which accommodates two students, has a lavatory with hot and cold running water and two closets. A limited supply of bedding is available.

Students may, however, provide draperies, coverlets, and blankets.

What standards of work are required?

All courses are organized on the semester basis. The minimum student load is sixteen hours a semester, thirty-two a year, and one hundred twenty-eight for graduation.

Grades are designated by A, B, C, D, I, and F. Any student, who accumulates twelve semester hours of "F" grades will be dropped from the college.

What are the annual costs?

Costs per year are: Tuition, \$100; Activity and Breakage Fees, \$15; Board, \$110; Room, \$90; Laundry, \$16; Textbooks, \$10; a total of \$341. Out of state students, under twenty-one years of age, are required to pay an additional \$200 each year. Personal expenses need not exceed \$50 per year.

Men students secure meals and laundry service at the college, but room in nearby approved homes.

What special services are provided?

Everything possible is done for the health, comfort, and happiness of students in attendance. Students are expected to conduct themselves as ladies and gentlemen at all times.

The college furnishes nursing and medical service for minor ailments.

How is the college financed?

The State Teachers College at Salisbury has had the distinction of being the one State institution which is approximately fifty per cent self-supporting.

What are the new admission requirements?

Graduation from an approved high school or an accredited non-public secondary school.

Certification by the high school principal and county superintendent involved.

What units are required for entrance?

English 4; mathematics 1; social studies (including 1 unit in United States history) 2; science 1; and acceptable electives 8, a total of 16.

When is the pledge to teach required?

At the beginning of the third year of study.

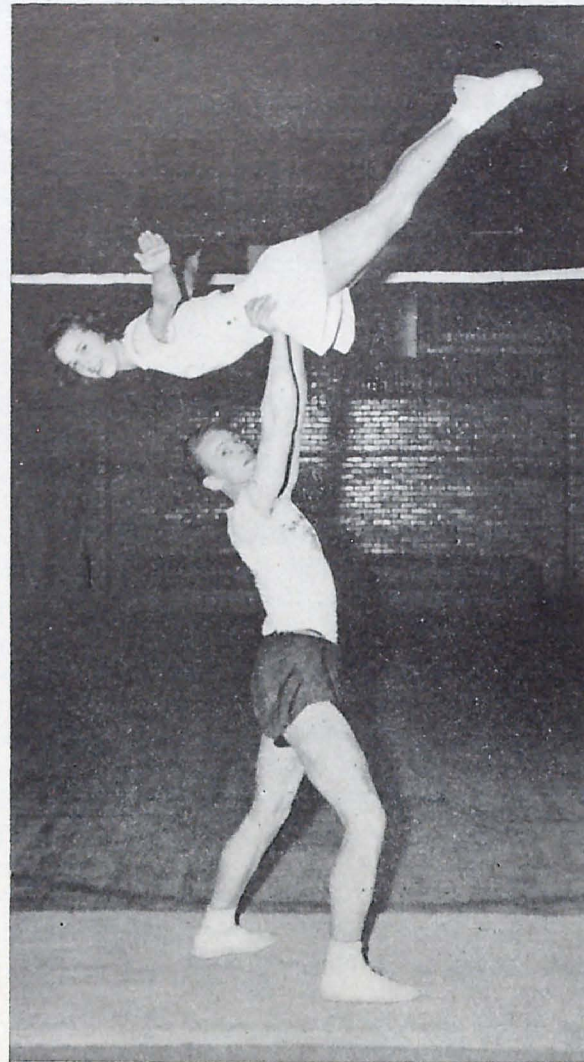

Croppers are hard to get so don't Gambill, Edith Ellen—ow!

Harrigan should have a Long Long story to tell.

Kemp and Regina are having quite a "Ball" game, aren't they?

Athletics Can Be Fun

The Athletic Association consists of two branches, a men's association and a women's association. Each group has its own officers. The women's athletics in the school include field ball, hockey, and basketball. The girls also take part in the Athletic Exhibition, which is the major event. The men's athletics include three major sports: soccer, basketball, and baseball—and, in addition, tennis, softball, gym work, boxing, and wrestling. Each year intra-mural games are played in each of the three major sports. The Athletic Association sponsors a formal dance each year.

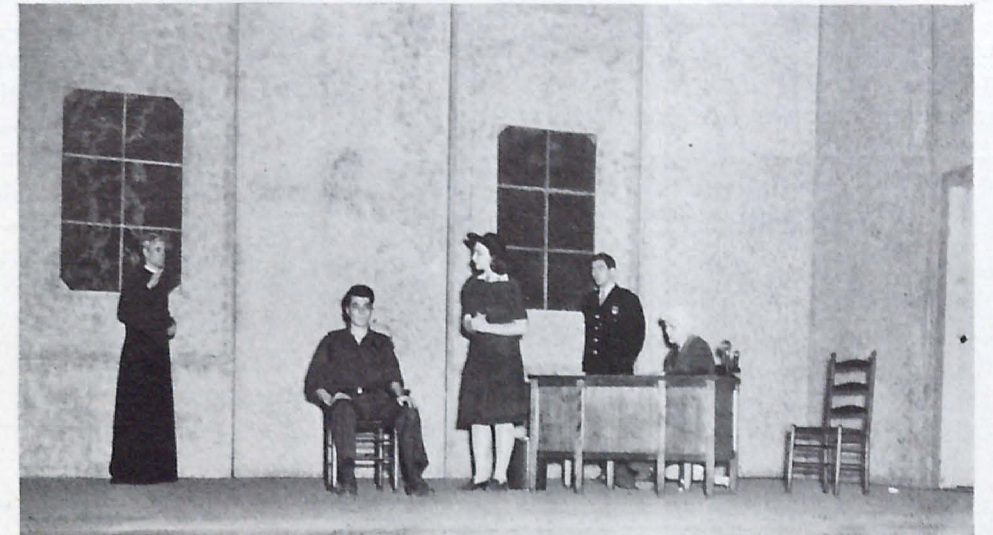

DOROTHY WANEX AND "DICK" WILLIAMS

At Work And Play

The Glee Club has as its purpose those aesthetic principles which surround the artistic expression of the voice, development of ability, appreciation, and taste. A Men's Glee Club performs with the Women's Glee Club as the College Chorus. Each organization is independent and often performs separately for civic and social groups in Salisbury and other Eastern Shore communities, as well as in broadcasts and school concerts. College credit, to the extent of one point a year, is awarded for satisfactory participation at both rehearsals and performances. Qualifications for membership are interest, ability, and satisfactory scholastic standing.

The Sophanes Players, the dramatic organization of the college, produces such plays as Goldsmith's "She Stoops To Conquer" and a choral drama "Gloria". Each year one-act plays of all types are given during meetings, and for the public, to provide a chance for many to participate. Make-up, making of sets, and staging of plays have an important part in the work of the organization. Any student in the school may become a member.

A SCENE FROM "THE VALIANT" BY MEMBERS OF DRAMATIC CLUB

THE GLEE CLUB — 1942-1943

An Open Door

Whether one is returning from a vacation or coming to S.T.C. for the first time, there is always a friendly and hearty greeting awaiting all those who pass through our doorway.

Stickers By Holly

We've pondered, we've wondered and still don't get it! So we bring our problem to you:

Given—Two males, one girl
Two angles at S.T.C., one angle
In the service
All angles equal

Prove—If the angles of the triangle are equal, which one is getting the run around?

Solution—Your guess is as good as ours!

Does the technique of the hero on furlough necessarily leave one at the point of exhaustion?

Why does Mary Wright thrill so when she hears the "Hemming" of an airplane?

Even in the cold months of December, January, and February several ice cubes have been seen on the hands of our esteemed colleagues.

Consult Miss Metcalfe for "Reduce and Be Loved". The best example cited is a customer from Fruitland.

"Dizzy" was getting somewhat sick at heart when Cornell chimed in and played Nightingale.

Alberta has hopes in her chest (or is it her heart?).

A reward is offered to the girl who breaks down that King (ly) attitude.

Incidentally—We know a stream overflowing with "Catfish"! Yes, it's near Harrington, Ruth!

We hear Budikins was quite surprised, as were we, to learn of Bettykins farsightedness. After all this close-up work lately, that's hardly what was expected.

RAT WEEK

After entering S.T.C. we only know the surface personality. To dig more deeply the sophomores take great pride in enforcing "rat rules". During this period we learn the abilities and the possibilities of each freshman while we, also, are making lifelong friends.
