

# Ten Seniors Win Leadership Awards

## State-To-Date Fletcher To Address Banquet February 26

From Western Maryland's Only Teachers College

Vol. 10; No. 6

State Teachers College, Frostburg, Md.

February 18, 1958

To honor the recipients of the **Who's Who** and the Leadership awards, the annual Leadership Banquet will be held February 26 at 6:30 p. m. in the Dining Hall.

### 'Oedipus Rex', Colored Film, Plays Tonight

"Oedipus Rex," a play first performed over 2400 years ago in an ancient Greek amphitheatre, has been transformed into a color moving picture and will be shown tonight at 8:15 o'clock in the Compton Hall Auditorium under the auspices of the Assembly Committee.

The film, which has had a long run in New York, is under the direction of Tyrone Guthrie, known on Broadway for his production of "The Matchmaker." The Lillian Hellman-Leonard Bernstein musical of Voltaire's "Candide," the Old Vic presentation of Shakespeare's "Troilus and Cressida," and a new production of "La Traviata" at the Metropolitan Opera House.

The picture portrays one man's search for truth and how this truth destroys him in the end. The story, which was first told by Sophocles, tells how Oedipus unwittingly slew his father and married his mother, and how the consequences of the act affected his life thereafter.

Douglas Campbell and Eleanor Stuart share the lead as Oedipus and Jocasta.

Produced by Leonid Kipnis, this is the first feature film ever created in Canada. It was filmed at the Canadian Film Industries, Etobicoke Studios in Toronto, in wide-screen Eastman color, at a record cost for motion picture production in Canada.

"Oedipus Rex" is performed in the tradition of the ancient Greek theatre, with masks and stilted shoes and a chorus commenting on the proceedings. Unusual as these details may be, it is the fascinating story and skillful plot development that make the story of interest to modern audiences.

### President, Dean Go To Hearing, Meet

President R. Bowen Hardesty and Dean Ivan C. Diehl will be off campus tomorrow attending various meetings. President Hardesty will be at Annapolis for the annual hearing on the budget. Dean Diehl will be traveling to Chicago to attend the meeting of the American Association of Colleges for Teacher Education, February 20-22.

Presiding over the meeting in Chicago will be Donald P. Cottrell, president of AACTE and also Dean of the College of Education at Ohio State University. Other prominent speakers will be Paul Woodring, consultant at the Fund for the Advancement of Education, New York; Stephen M. Corey, Dean of the Teachers College at Columbia University, and William K. Seldon, Executive Secretary, National Commission on Accrediting.

President Hardesty will attend the hearing before the Senate Finance Committee and the House Ways and Means Committee. The total budget for capital improvement is \$292,600.

Appropriations of the budget are: acquisition of land and property, \$730,000; equipment for new laboratory school, \$23,600; installation of shower and toilet facilities for Simpson and Allan Halls, \$14,000; sight improvements in exterior of Simpson Hall, \$75,000; and sight improvements at Gunter Hall, \$50,000.

### Margaret Hamilton To Serve As Consultant At Conference

Miss Margaret Hamilton will act as a consultant at a Conference of Maryland Elementary School Principals in Baltimore March 3 and 4.

Thomas VanPelt

### IRC To Give To Rotary Club Panel On Indonesian Problem

"Indonesia—Shortchanged, Yes or No?" will be the topic for the panel presented by the International Relations Club to the Friendsville Rotary Club at 7:00 p. m. February 24, at North-ern High School.

The topic will be presented as a panel discussion followed by an open forum. Panel members are Mrs. Helen Herboldshimer, Alice Gaither, and Douglas Cook. Ruby Livingood will serve as moderator. Advisors Dr. Hazel Ramsay and Miss Esther Doer will accompany the group.

The panel will attempt to establish certain solutions to the Indonesian crisis by presenting data pertinent to the U. N. position as to colonialism, the role of the U. S. in 1949 toward Indonesia, the position of the Dutch in Dutch New Guinea, etc.

The panel will also attempt to contrast the Dutch failure of colonialism in Indonesia with colonialism of the Belgians in the Belgian Congo. As a final area of current interest, the present situation in Burma will be attacked.

The organization is also planning to have their annual high school conference on March 18. This conference is for student organizations from public and parochial schools in Allegany, Garrett, Washington, and Frederick Counties who are interested in international affairs.

In previous years, Allegany and Garrett counties have been the only schools invited to the conference but on the advice of President Hardesty, the other two counties have been included. The theme of the conference will be "Foreign Aid: Does It Meet the Need?"

### P. O. D. Sorority Reveals Plans Of Pledge Induction, Assembly

Pledge week of Phi Omicron Delta sorority will begin on February 20 and end March 5 with a formal banquet at the Ali Ghan Shrine Club.

Twenty-one names have been proposed as pledges. Of this number, twelve were selected at the meeting on Wednesday, February 12.

The sorority will present an assembly in Compton Hall Auditorium on March 20 at 10 a. m. The program will be written by Jo Epperson, Joyce Thorp, Ann Creegan, and Peg Buterbaugh.

On Wednesday, February 5, a social meeting was held after the business meeting. Refreshments were served by Susan Eader, Abra Hast, Amelia Diehl, Louise Graham, and Joanne Fiery.

### Axton To Direct Musical Concert

The Maryland and Madrigal singers of State Teacher's College and the Civic Chorus of Frostburg will present a concert March 10, at 8:15 in Compton Auditorium.

The concert will be directed by and will feature the compositions of Charles Axton who was a former student of Mr. Charles Sager at Washburn University in Topeka, Kansas. He is currently the chief arranger for the Army Field Band.

A medley of Stephen Foster tunes will be presented. Mr. Axton has made special arrangements for the Madrigals, featuring mixed voices and harmonica accompaniment. Edward Dawson will supply the latter accompaniment.

Mr. Axton has also made special arrangements for two negro spirituals: "Someone's Knocking At Your Door" and "Stand Up and Sing." The latter will feature a solo by Oliver Rephann, baritone.

The main composition of the program will be the cantata, "The Conversion of Saul." It has been arranged for mixed chorus, soloists, and orchestra accompaniment.

### Director Attends Meet; Acts As Consultant

Mrs. Grace Kopp acted as consultant at the Workshop of Caroline County held at the Caroline High School in Denton on February 6 and 7. The theme of the conference was "Developing the Basis for a Curriculum for Caroline County Schools."

Dr. Chester T. McNerney, professor of education at Pennsylvania State University, spoke to the group on "The Aims of Education for the Present Age." Dr. Wilbur Devilbiss, president of Salisbury State Teachers College, presented an address entitled "A Curriculum To Meet the Needs of Society."

The final address was delivered by Dr. Daniel A. Prescott, University of Maryland, on "Serving the Needs of Children at School."

### Dr. Murphy To Talk On 'Psychology, Education'

Dr. Matthew J. Murphy

"Psychology and Education" will be the topic of Dr. Matthew J. Murphy on Thursday at 7:00 p. m. in Compton Hall Auditorium. All students, faculty, and townspeople are invited to attend.

A nationally known writer and psychologist, Dr. Murphy attended both Lehigh and New York Universities and received his A. B. and Ph. D. degrees from the latter institution. He has served as instructor and assistant professor at the School of Commerce, New York University, where he taught courses in Psychology, Tests and Measurements, and Personnel Management.

He is co-author of two books, **Bargaining with Organized Labor** (1948) and **Job Evaluation and Employee Rating** (1946). He was Associate Editor of **Factory Management and Maintenance** in 1948, and became editor in 1953.

He is presently serving as the head of and member of various programs: General Chairman of the 11th Annual Management Engineering Conference; Program chairman of the Silver Bay Conference on Human Relations in Industry; member of Board of Directors of American Standards Association; and chairman of the McGraw-Hill Editorial Board.

This event is sponsored by the Awards Committee of Student Congress. All students and faculty members are invited to attend.

Paul Fletcher, State's Attorney for Allegany County, a native of Cumberland, will deliver the main address. He was graduated from Allegany High School, and from the University of Maryland Law School, and was admitted to the bar in 1931. He has served as Judge of the People's Court, and as Assistant State's Attorney before becoming State's Attorney in 1950.

Seniors being honored will be Patricia Allen, William Delaney, Bonnie Henson, William McCall, William Price, Alan Shane, Sarah Slick, Carolyn Smith, and Marina Tuya as recipients of both awards, and Thomas Van Pelt, as the receiver of a Leadership Award.

The program will begin with the invocation given by Joan Luttrell, co-president of SCA. James Rankin, president of Student Congress, will serve as Master of Ceremonies for the program and will give the greeting.

Joan Luttrell will sing two selections from **Carousel**, "You'll Never Walk Alone" and "If I Loved You," accompanied by Sabra Hast. Following the vocal selections, Joanne Fiery, chairman of the Awards Committee, will introduce the guest speaker, Mr. Paul Fletcher, State's Attorney.

### President To Present Awards

President R. Bowen Hardesty will present the awards to the ten seniors. They will be in the form of certificates for the **Who's Who** group and of gold keys for those receiving the Leadership awards.

Members of the Awards Committee are Joanne Fiery, chairman, Oliver Wittig, Peggy Buterbaugh, Louis Chiccehitto, Miss Margaret Hamilton, Dr. Robert Novak, Mr. William Stewart, and Mrs. Helen B. Silverthorne, advisor to Student Congress.

All organizations on campus and the faculty received a questionnaire asking them to nominate seniors for the Leadership awards. On the basis of the returns, the committee tallied the votes.

Offices held by **William Delaney** in his senior year are class president, secretary of Alpha Tau Alpha Fraternity, and vice president of Day Student Council. He served as president of Newman Club as a junior, and vice president as a sophomore.

Patricia Allen has served as an

## Teachers—Meet This Challenge!

A problem of principal concern to all of us is that of meeting labor's demand for skilled workers. Recently James P. Mitchell, Secretary of Labor, said, "There is an urgent need to provide the individual worker with the increased training, education, and opportunity, which his identity as a human being has always demanded and upon which now our continued progress as an industrial society depends."

To illustrate this situation specifically, industry is lacking engineers, chemical help, managerial personnel, craftsmen, and semi-skilled workers. As our national interest in goods and services increases in billions of dollars and as the economy grows, the pinch becomes tighter.

It is predicted that by 1965, our nation will need 1.7 million additional professional and technical workers. We'll need one million more proprietors and managers. Two and three tenths million clerical and sales workers will be necessary. Five million more craftsmen and operatives will be needed. Service workers should total more than half a million.

As teachers we share in the responsibility of solving this problem. Through our efforts children can be encouraged to remain in school. It is now particularly vital that we assume the role of competent teachers who will contribute to the health of the labor force.

Although as teachers we will not be on the industrial payroll, we will be as important to the employer as anyone else. Our quality in this profession will be directly reflected in the quality of our nation's work force. No worker can profit fully from specialized training unless he has a **strong general background of knowledge.**

As educators we are equal to this challenge; it is a responsibility which every teacher must share. Your contribution and mine will serve to preserve industry's free enterprise philosophy and the democratic way of life.

## Too Late And Too Little?

Some weeks ago the United States was knocked off a pedestal on which it had set itself. The Russians did this by being the first to succeed in putting a satellite in an orbit about the earth. The United States and the whole world were shocked by the fact that the Russians had a rocket which actually worked. When Russia sent up her second satellite, the world was even more amazed and frightened.

The United States retaliated by saying that we could have sent up a rocket some time before this, but we wanted to perfect it. This was a measure to try to save face, but it didn't work. The United States lost much prestige and the trust of other nations. Now, there is the great problem ahead of winning back what was lost.

A step in the right direction came when the Army succeeded in putting the Explorer rocket, containing instruments, in an elliptical orbit around the earth. This rocket, although smaller than the Russian satellite, has uniqueness in that it has gone farther into space than any rocket to leave the earth thus far.

Is the Explorer too small? No, the instruments in it are tiny and have great precision. These instruments transmit important data back to the earth and the army says that the information received is much better than was expected. The saying "Precious goods come in little packages" is very applicable here.

The satellite is sending back such information as temperature inside and outside the satellite, cosmic ray intensity, impacts of micro meteorites on the satellite, the effect of ultraviolet rays, and any change in orbit made by the Explorer. It is important that the men working in this field understand the facts and figures and put them into practical application in the future.

If the United States can win back the prestige which was recently lost, the Explorer is not too late. If the United States and Russia would cooperate, maybe we would be taking a vacation on the moon in a relatively short time!

## Morbid 'Morbids'

College humor has been outstanding throughout the years. About the beginning of the twentieth century students gloried in "Little Audrey" stories. That craze was soon replaced by the "Shaggy Dog" tales, and by "Moron" anecdotes. Last year the joke gamut ran to "Morbids"—a series of which we have collected here. Answer the controversial question for yourself. Is this really humor?

Mrs. Brown, can Johnny come out to play? You know Johnny has leprosy. Well, can we come in and watch him rot?

Can I go out and play? Shut up and deal.

Mrs. Green, can Bill come out and play ball? You know he does not have any arms or legs. Well, we only want him for home plate.

Mother, why can't I take piano lessons? Shut up—you know your claws would scratch the keys.

Dad, why can't I go swimming? You know your iron lung won't float.

And then there's the one about the two maggots who were necking in dead Earnest.

Mrs. Custer, would you care to donate to the Indian Relief Fund? Other than that, Mrs. Lincoln, how did you enjoy the play?

I don't care what the angel said, get back there and tend the sheep.

Mrs. Abernathy, Mergitroid just got run over by a steam roller. That's OK, honey, just slide him under the door; I'm taking a bath.

Mommie, why do I keep going around in circles? Shut up or I'll nail your other foot to the floor.

## Freshmen Survive College Hardships

It was a crisp, cool fall morning as we freshmen stood in a seemingly never ending registration line. We had just experienced a typical freshman week here at "State." It was now time to settle down to our first semester of classes and campus activities.

Upon completing our schedules we discovered that college differed greatly from the high schools to which we were previously accustomed. We felt small and insignificant as we watched the upper-classmen, who seemed so confident and sure of what they were doing.

Nevertheless the class of 1961 bravely accepted and overcame the challenges which face every freshman in all colleges. Before we fully realized how quickly the time had passed, our exam schedules were handed to us and we began to study for our first big college examinations. But in a very short time, that too, was past history.

After a week of relaxation and leisure we found ourselves once again standing in a registration line. Only this time circumstances were different. We were now full fledged college students, having completed our first semester at "State." It was another tiring day but not nearly as frightening as that one last fall.

As we stood in line, we glanced over our now familiar schedules and glared impatiently at the long stream of people standing in front of us. Finally we were all through with registration and well on the way to completing our freshman year. What a feeling of success!

## Comic Characters Come Alive

I've just finished reading the Sunday comic strips (what if it is Tuesday?) and I've been thinking. There are lots of kids on campus who resemble or act like our favorite "funny paper" characters.

Ever notice how similar "Dick Tracy" and Dot Elrick look in their tan coats? We also have our own "Lil' Abner." Ask George Hayes what his middle name is.

Leah Robbinette makes a hit with the lab school kids. They call her "Blondie."

Most of us like to follow the adventures of "Beetle Bailey." I'll bet if Eugene Kidwell were in the army, he'd act just as "Beetle" does. If we could hear "Dennis The Menace" laugh, two-to-one he'd sound like Joe Carter.

The "Little King" we have on our campus is over six feet tall. On the basketball court, Dave Marple is the "king" of the hoops.

## ☆ Laurels To Two Leaders ☆

February brings to mind Valentines and with Valentines come the sweethearts. State-To-Date has chosen two of "State's" sweethearts, Marina Tuya and Sylvia Hilliard to receive this week's **Laurels To Two Leaders.**

Marina Tuya

Sylvia Hilliard

Marina, known to students on campus as "Butch," became a sweetheart when last year she represented the college as Apple Blossom Princess at Winchester. When a freshman on campus, Marina became active in Little Theatre and W. R. A.; that year she was also chosen sweetheart princess to represent her class. As a sophomore, "Butch" served as recording secretary in W. R. A. and as a representative to both House Council and Student Congress.

Marina has been a member of the **State to Date** staff for two years, this year serving as co-news editor. She has also been a member of the Junior staff of the Nemacolin.

Because of her interest in the theatre, she was pledged to Alpha Psi Omega, the National Honorary dramatic fraternity which she now serves as co-president.

An active member of W. R. A., she has held the position of co-president during the past two years.

The A. A. U. W. Scholarship was awarded Marina in her junior year. This year she has further extended her honors by being selected for **Who's Who in American Universities and Colleges** and soon will receive a campus Leadership award.

### Co-president of W. R. A.

Like Marina, Sylvia has been active in W. R. A. since her freshman year, this year serving as co-president.

Better known to her friends as "Sil," she has been active in Do Ci Do, having been secretary in her freshman year. At present, she serves as social chairman of Phi Omicron Delta sorority of which she has been a member for three years.

Sylvia has been active in S. C. A., Usher's Club, and has been a member of the Nemacolin staff for two years. She has helped with weekend activities and has been a "big sister" to freshmen. For two years she has served as secretary to her class.

Her status of sweetheart was gained this fall when Delta Kappa fraternity selected Sylvia as Queen to reign over the annual sorority-fraternity dance. Before, Sylvia had been a class princess on both Homecoming and May Day.

To you, Sylvia and Marina, we extend our best wishes as we place on your heads our **Laurels to Two Leaders.**

## Library Features Books, Spanish Art

On the library shelves are now several new books which will prove delightful and interesting to all.

English novelist and short story writer Angus Wilson brings to life many new English personalities in his latest masterpiece, **A Bit Off the Map and Other Stories.** Kenny, who comes to London after suffering a bitter past, and Rodney Galt, who has a fascinating love affair, are among the characters who appear in Wilson's new book.

Angus Wilson has risen to fame in England, and his popularity is spreading rapidly in America. Before writing this book of stories concerning "off-beat" characters involved in a web of problems, Mr. Wilson won acclaim for his novel, **Anglo-Saxon Attitudes.**

**Baltimore . . . A Picture History** was compiled under the auspices of The Maryland Historical Society.

The display case in the library now contains several articles from the Spanish provinces of Castile and Asturias.

The featured articles include a champagne colored mantilla of **Goya Bionda** lace intended to be used as a bridal veil, and a white mantilla often worn here in the United States as a stole. On the lower shelf of the case there is an exquisite white lace fan sprinkled with gold sequins. The jewelry displayed is typically Spanish, being of light, fragile metal, set profusely with brilliants. One of the handkerchiefs, or **pañuelos**, was handmade by a Spanish senorita.

## Invasion Of Winter Threat To Campus

General Winter and his troop of snowflakes have invaded Frostburg in full force; Russia couldn't have accomplished a more successful mission. The defending forces (Freezing College Students) were defeated in the Battle of the Steps and "took to thee hills."

They were completely snowed. However, the Battle of the Shop proved successful for the defenders. After many of the students were shot down, down the hill, that is, fresh troops supplied with new ammunition (snow shovels) came to the aid of the foes of Winter, and after many delays were able to push back the snows to the 180° parallel. The battle seemingly, is already half won, but without the alliance of General Sun, we can never be completely victorious.

Who then, will win? Will General Sun join up, or will General Winter deluge us again? Who is to say? An old Frostburg proverb says "Two seasons persist—winter and July." Hurry up July, we've seen enough of General Winter and his feminine army of waltzing snowflakes. Hail and farewell!

Did you know that Sterling Edwards went to the moon with "Flash Gordon?" "Flash" came down, but Sterling is still up there "diggin' fer it."

Polly and Her Pals." Does that ring a familiar note? It couldn't be any other than Carol Chaney with Wila Jean Duncan and Sue Harrison. I guess you've noticed that "Scamp" (Jim Lupis) is back with us again.

A little bit of "Mandrake, the Magician" is to be found in all of us, including the faculty. Wouldn't we all like to "disappear" from classes for a while? You bet!

I can't think of anyone at all who resembles "Prince Valiant." Any suggestions, girls?

Come on kid, back to work. You still have three lesson plans and seven charts to make. As Mr. Sager says, "Back to the salt mines!"

## Shrader Heads New Radio Amateur Club

To train young men in amateur radio repair and operation, and to help them get their operator's license are the purposes of the newly-formed Radio Amateur Club which has Mrs. Helen B. Silverthorne as advisor.

Donald Shrader is president of the club which was organized during the first semester. He is assisted by Ben Murray, vice president; David Wilson, secretary; and James Rankin, treasurer.

The group holds a business meeting the first Monday of each month at 8:00 p. m. to plan future programs. Each Thursday at 7:00 p. m. a training period is held to teach the Morse Code and the building and repairing of radios.

Donald Shrader and Ben Murray were the students responsible for getting the Radio Club formed on campus. At present there are thirteen members. All students interested in radio amateur work are invited to attend the club.

## Group Selects 'Claudia' For Spring Production

Claudia, by Rose Franken, a three-act comedy, has been selected by Little Theatre as its spring production to be presented April 29 and 30 at 8:15 p. m. in Compton Hall.

The selection was made by the play reading committee which included Mary Elizabeth Wheeler, Thomas Richards, Sue Silcox, Kenneth McKinney, and Sue Ebersole.

Auditions for the roles will be conducted in February. The play features three men and five women. The technical staff already has started drawing plans for the stage setting.

## Ten Seniors Win . . .

Continued from Page One

officer in various organizations during her four college years. She has been president and vice president of Maryland Singers; secretary of the junior class and of Do-Ci-Do; president of the Day Student Association; news editor of *State-to-Date*; and sophomore editor of *Nemacolin*.

Bonnie Henson served as junior class representative to Student Congress; treasurer of FTA as a junior; co-secretary of Alpha Psi Omega as a senior; corresponding secretary of Little Theatre as a junior; corresponding secretary to WRA as a sophomore.

During his senior year William McCall is president of Do-Ci-Do and of Men's Athletic Council; vice president of Alpha Tau Alpha and Men's Resident Council; secretary of the senior class; and co-captain of the basketball team.

William Price served as president of the junior class and Spanish Club as a sophomore. He is a member of Alpha Psi Omega and of Little Theatre this year.

Various offices held by Alan Shane include: second vice president of Student Congress; co-editor of *Nemacolin*; Do-Ci-Do president and treasurer; Day Student Council president; Delta Kappa librarian, and freshman class president.

Sarah Slick is president of Little Theatre, senior editor of *Nemacolin*, secretary of Alpha Psi Omega, co-feature editor of *State-to-Date* this year.

Carolyn Smith served as president of Student Christian Association, headline editor of *State-to-Date*, and Women's Resident Representative to Student Congress. She graduated at mid-semester this year.

Marina Tuya has served as Alpha Psi Omega co-president; vice president of the junior class, co-president and secretary of Women's Recreation Association; co-news editor of *State-to-Date* and Student Congress Representative.

Thomas VanPelt has served as treasurer and Student Congress Representative for his class; treasurer of Little Theatre and of Alpha Psi Omega; Chairman of Election and Graduation Committees; and Day Student Representative to Student Congress.

Resident students will present their meal tickets while day students and faculty will be charged 75 cents for the banquet. There will be a sheet in Old Main which those desiring to attend the banquet may sign.

## Father D. L. Rogan Speaks During Religious Emphasis Week

At the dinner for Father Rogan were (seated) Jo E. Epperson, Mrs. Gail Stemple, Miss Dorothy White, Father Rogan, Miss Rosann Langhans, Miss Dorothy Harlow; (standing) Nancy Parker, Robert Hardman, Al Stemple, David Mason, of Keyser, Mr. John Fischer, Norman Hazard, and President R. Bowen Hardesty.

The Rev. Donald L. Rogan, rector of Trinity Episcopal Church, Morgantown, West Virginia, spoke to the student body on Thursday evening, February 6, as part of the college's observance of Religious Emphasis Week. His subject was "Prayer."

Mr. Rogan is a graduate of Morris Harvey College in Charleston and of the General Theological Seminary, New York City. As a seminarian, he was associated with St. Bartholemew's Church, White Plains, New York, and the Chelsea Mission, a project of St. Peter's Church, New York City. He also served as a chaplain intern at Bellevue Hospital.

From June, 1954, until September, 1956, he was vicar of All Saints Episcopal Church, South Charleston, West Virginia.

In addition to his work as rector of Trinity Episcopal Church, Morgantown, Mr. Rogan is chaplain to Episcopal students at West Virginia University, in which capacity he assists in examining candidates for ordination to the ministry of the Episcopal Church, and is dean of the West Virginia Seminary for laymen.

Miss Dorothy Stone White and Mr. John Fischer are co-advisors to the Canterbury Club on campus.

## Kappa Xi Sponsors U. S. Army Troupe

Kappa Xi Cast of Alpha Psi Omega, national dramatic honorary fraternity, assisted with ushering for the Second United States Army Show, "It's Winter and 'S Wonderful," Friday evening, February 14, in Compton Hall Auditorium.

The fast-moving, fun-packed musical Winter Carnival served to introduce the 1958 summer series of Frostburg Community Programs, Inc., the group whose purpose is to bring entertainment to the area during the summer months. Alpha Psi Omega members helped distribute application blanks for the summer series and acted as hosts to the cast of the Showmobile Unit.

Kappa Xi Cast also sent out letters to all drama (high school and college) directors especially inviting them, and the members of their theatre organizations, to attend the showing of *Oedipus Rex*, the film booked for Compton Hall tonight. Such a distinguished event as Tyrone Guthrie's direction of the immortal Greek play should be promoted by a national dramatic honor fraternity, and the local cast with Jeanette Hicks and Marina Tuya as co-presidents, have done much to advertise this magnificent spectacle filmed in Eastman Color.

The other officers who have helped to make this possible are Thomas Richards, vice president; co-secretaries, Sarah Slick and Bonnie Henson, and Tom Van Pelt, treasurer.

## Xi Xi Science Frat Names Ten Pledges

Ten pledges will be considered for membership at the next regular meeting of Xi Xi Science and Mathematics Fraternity on February 24, at Garrett Hall.

Carolyn Angle was elected president of the fraternity on January 13. She will be assisted by Leo Cangianelli, vice president; Elizabeth Ann Maher, secretary; Deanna Martin, treasurer; and Dale Seburn, sergeant-at-arms.

Joanne McPartland, a sophomore and a pledge of last semester, was selected as winner of the essay contest. Each pledge was required to write an essay on "What is Progress?" in order to qualify for membership. Joanne is a 1956 graduate of Valley High School, Lonaconing, and is a mathematics major here.

Mr. Walter Rissler and Mr. Lowell Sowers are co-advisors of the fraternity.

## Kappa Pi Sets Banquet, Initiation For Pledges

Kappa Pi, national honorary art fraternity, will hold its semi-annual banquet and initiation on March 19 at Moon's Dining room in Cumberland, according to George Hays, president.

The three pledges are Judy Snyder of Cumberland, Mary Frances DeLuca of Frostburg, and Shirley Morgan of Cumberland. Miss Dorothy Harlowe will become an honorary member.

Officers of the fraternity, in addition to the president, are John Seaton, vice president; Beverly Reynolds, secretary; and JoAnn Tomlinson, treasurer. Miss Rosann Langhans is faculty advisor.

## Future Teachers Group Attends MSFTA Meet

Mr. Hosack, Pat Kerns, Bonnie Henson, Dottie Downs, and Mae Rice attended the leadership conference of MAFTA which was held at Western Maryland College in January.

Mr. Hosack acted as consultant for the college group and Mae Rice was the recorder for the group. Bonnie Henson was a member of the panel, "How Do FTA Organizations over the State Function?"

At a recent meeting the movie "Freedom to Learn," was shown. FSTC chapter plans to participate in a scholarship in memory of Dr. Lucy Scott, State Teachers College, Towson. She was the former consultant of MAFTA.

## Clubs Plan Dinner Meeting

The French and Spanish Club had a Splash Party at the Y. M. C. A. in Cumberland yesterday at 7:30 p. m.

The monthly dinner meeting will be held on Tuesday, February 28, in the dining hall. After the dinner there will be a short business meeting and movies of France and Spain will be shown.

## Directors Assign Juniors To Student Teaching Posts

The student teaching assignments for the third nine-week period has been announced by Mr. John Dunn and Mr. Robert Jones, directors of junior high practice, and by Mrs. Grace Kopp, director of elementary practice. This nine week period will last from January 28 to March 28.

On campus in the college Laboratory there are ten student teachers. Toby Morrissey and Catherine Watson are with Miss Irene Condry in Grade 1. Dorothy McBride is with Miss Thelma Hadley of Grade 2. Marietta Gaudio and Mary Ann Hesson are with Miss Margaret Jones in Grade 3.

Susan Eader is in Grade 4 with Mrs. Rita Clark. Mae Rice and Eleanor Minke are with Mrs. Betty Taylor in Grade 5, and Norma McLuckie and Sylvia Hilliard are with Mrs. Olga Rowan of Grade 6.

At Beall Elementary in Grade 5 is Dorothy Sigler.

Sue Silcox is at Mt. Savage Elementary in Grade 6.

At Parkside Elementary, Grade 3, is Shirley Durst.

Joan Luttrell is at Cresaptown Elementary in Grade 5.

Students teaching in the junior high group at Allegany High School are Thomas Shaffer and William Eckard with Miss Nell Hawkins, and Jeannine Bock and Nancy Parker with Mrs. Flora C. Lease. All four are teaching Core.

Robert Grimes and Stanley Wilson are under Mrs. Ellen McKenzie, teaching science. Laurence Koch and Mary Jo Rowan are with Mrs. Virginia J. Newman, teaching mathematics; Dorothy Elrick and Thomas Richards are under

Miss Anna Nicht, teaching social studies.

At Beall High School are Oliver Wittig with Mr. Joseph Hoopen-gardner and William Preston with Mr. John Kelly. Both are teaching mathematics.

Oliver Rephann and Warfield Wilson are under Mr. Ralph Koontz, teaching social studies.

Jo Ann Tomlinson is student teaching at Beall Junior High School under Mr. Roy Pepper. She is teaching English.

At Cresaptown Junior High School are John Seaton and Louis Chiccehitto under Mr. Oberlin Chaney, and John Horine and Douglas Sullivan under Mr. Glenn Hanna; all four are teaching Core.

Kenneth McKenney and Janice Jeffries are at Bruce High School with Mr. Larry Patterson, teaching science; Helen Grove is teaching social studies under Mr. Joseph Gerstell.

At Fort Hill High School, Bennett Murray and Harry Reynolds are teaching English with Twila Brotemarkle. Russell Heyde and Michael Wilson are teaching Core under Miss Regina McCulley, at the same school.

Jack Hann and Henry Pfeiffer are teaching Core under Mrs. Edith Rizer at Mt. Savage High School.

At Valley High School are Sally Cutter Butler and James Rankin. They are teaching Core under Mrs. Sarah Wilson.

Student teaching at State is done in two nine-week periods, so students receive their first experience during the last half of their junior year.

## New Portrait Honors Dr. Lillian Compton

Portrait of Dr. Lillian C. Compton

A new portrait of Dr. Lillian C. Compton, retired president of the college, has recently been placed in the lobby of Compton Hall, the building named in her honor.

Salavisky Rembski, a noted artist of Baltimore, painted the portrait in oils. He has painted portraits of many other outstanding individuals, including President Woodrow Wilson; the late Albert S. Cook, State Superintendent of Maryland Schools; and Miss Teresa Wiedefeld, retired president of Towson State Teachers College.

Dr. Compton said that she had two afternoon sittings and four full days before the artist was through with his work. She said also that she enjoyed the sittings because Mr. Rembski, an ardent Episcopalian, and was a very well informed person and an excellent conversationalist. She is quite pleased with the portrait.

Compton Hall Auditorium and Gymnasium was named in honor of Dr. Compton by the State Board of Education on the recommendation of Mr. William A. Gunter, a member of the Board.

Previous to this, *State-to-Date* had urged, in several editorials, that the building be named for her.

# State Lands Six On All-South; Basketeers Seek Mark

## Horine Receives Top Choice Nod On 'Dream' Club

Six soccer players from Frostburg have been selected for the All-Southern Soccer Team. Of this group three are seniors, one a junior, one a sophomore, and one a freshman.

John Keister, center halfback; Carl Emerick, left wing; and Dick McPartland, right fullback, were the seniors selected for the soccer "dream" team.

John Horine was the lone Bobcat to win first team honors. He plays inside left and is a junior.

Norm Nightengale, a sophomore, right halfback, and Ed McCormick, a freshman right wing, round out the Frostburg selections.

Keister and Emerick have completed four years of varsity soccer on the scholastic lead of competition; Horine has played three years; Nightengale and McPartland two each; and McCormick one.

Although there were no All-Americans chosen from Frostburg, Coach Ken Babcock said that he thought a few of the boys had the potential.

"If we have a good season next year, I believe John Horine has a fine opportunity of becoming an All-American choice," stated Coach Babcock. "He has all the equipment which distinguishes an All-American. He's fast, clever, has a hard shot, and his all-around play leaves little to be desired."

Horine played his high school soccer at Middletown High before matriculating at State. He led the team in scoring during the past season with four goals and also stood out on defense.

**Squad Plays Well**

Coach Babcock also said that Frostburg is one of the smallest schools participating in soccer in the Southern section. He further stated that even though the record was not so good (3-5), the calibre of ball played by each and every boy was very fine.

Only Navy, with eight players on the team, placed more than State. Looking to the future, Coach Babcock predicted that next year may be the best in a long while. The selections:

IL John Horine	1st Choice
LW Carl Emerick	2nd Choice
CH John Keister	3rd Choice
RW Ed McCormick	4th Choice
RF Dick McPartland	5th Choice
RH Norm Nightengale	5th Choice

## Four Games Remain On Basket Schedule

Frostburg's basketball squad has but four games remaining on its 1957-58 schedule in which to surpass the college's best won-lost column record.

As this paper goes to press, the cagers have compiled a 13-3 mark with games against Newport News Apprentices and Shenandoah yet to be played.

The remaining portion of the schedule will find the Bobcats facing Bowie Teachers on Friday of this week, Newport News on Saturday evening, and then meeting Shenandoah on February 27. Frostburg will close out the season on March 3 at Shippensburg. All of these games will be on away courts.

Last year's edition of the Bobcats ran up a total of fifteen records as opposed to five defeats in equalling an identical mark that set the college record. The current cagers play two more games, 22, and actually need wins in the four remaining tilts to better the mark.

**Naming Race Horses Not Easy**

Naming a race horse, colt or filly, is not nearly the sinecure it shapes up to be on paper. Names are limited to sixteen letters, including spaces. No advertising names or slogans are permitted. No personal names may be used without written consent. No names of great horses may be repeated, nor may any name be assigned which has been used within the past fifteen years.

## All-Southern Selections

Six of Frostburg's soccer players were selected for the All-Southern Soccer Team with Johnny Horine (center) receiving the only first choice placement. Others chosen for the "dream" team were Norm Nightengale (top left), Carl Emerick (lower left), Ed McCormick (top right), and John Keister (lower right).

## Papermates, Saints Remain Undefeated In Intramural Play

The Papermates, of the Monday Night League, and the Saints, of the Thursday Night League, continue their assaults on loop opponents, each having yet to taste defeat.

The Papermates are currently the No. 1 team in the Monday League, successfully working their way through six opponents. The Saints have emerged victorious in all of their four outings.

In their latest efforts, the Papermates bagged win No. 6, defeating the Dominoes, 59-21. The victors were paced by Bill Fair with 23 points, while Charlie Smith and Nick Dormio shared equally 16 of the loser's register.

Runner-up Marks stayed in hot pursuit of the pacesetters, dumping the Wolves by a 44-16 score. Jack Wambaugh was top man for Wolves with 19 tallies, while Don Murphy hooped six for the vanquished.

The Saints are continuing on their merry win spree, trimming every opponent thus far.

Donald's Ducks and Gary's Group are knotted for second place with identical 2-2 records. Alpha Tau Alpha is winless in four starts and is lodged in the cellar.

To date, the Saints have scored two wins over Ducks and one each over Gary's Group and ATA.

Donald's Ducks have defeated both Gary's Group and ATA, while losing a pair to the Saints. Gary's Group has scored two wins over ATA and has dropped one to both the Saints and Ducks.

ATA has been defeated twice by Gary's Group and one each by the Ducks and the Saints.

The team standings and the five top scorers of each league are as follows:

MONDAY LEAGUE		
Team	W	L
Papermates	6	0
Marks	4	1
Dominoes	2	4
Wolves	2	4
Rocking 9	0	5
THURSDAY LEAGUE		
Saints	4	0
Ducks	2	2
Gary's	2	2
ATA	0	4

INDIVIDUAL SCORING		
Monday League		
Team		Pts.
John Horine, Papermates		111
Jack Wambaugh, Marks		83
Bill Fair, Papermates		81
Harold Schriver, Papermates		73
Charlie Hartman, Marks		66
Thursday League		
Jim Thompson, Saints		44
Bill Chappell, Gary's		44
Carl Donald, Ducks		37
Ross Selby, Ducks		32
Doug Cook, ATA		29

## Fair Or Foul

By Bill Fair

It is my privilege, indeed, to utilize this opportunity for saluting two senior members of the basketball team, who, when they graduate this June, will have carved a permanent niche in the basketball records of this college. When the excitement of that spring day of Commencement subsides, I wonder how many of us will realize that ending with it will be one of the most fruitful and beneficial sports eras that this college has ever known. I am referring, of course, to the accomplishments and contributions of two of the most prolific basketball players ever to don a Bobcat uniform—Jim Cave and Dave Marple.

That a long-to-be remembered era has been established by these "court generals" was not intended merely as a polite gesture, but as a fact which is accompanied by verification. It is beyond my imagination that anyone in the college "family" will deny that the publicity and recognition given F. S. T. C. because of athletic endeavors has been extremely favorable.

Accordingly, extensive acclaim is undoubtedly bestowed upon a college with a winning team and on a college represented by top-notch athletes. It is within this category that we find the likes of Marple and Cave.

With no intent to detract from the basketball team as such, but rather in the light of reality, I propose this question: What sort of team would Frostburg have floored this year had it been without Jim and Dave in the lineups? The best answers would range between mediocre and fair, framing a better picture as to the value the squad holds for these two men.

It is commonplace, following a Frostburg game, to hear the questions, "How many points did Marple get? How about Cave?" These interrogatives seem to be synonymous with the publication of game scores, and justly so. Dave and Jim have been referred to as "scoring twins," Mr. Inside and Mr. Outside," attributing to the scoring finesse of each man.

I feel that I am quite safe in saying that the crowds that have aggregated in Compton Hall Gymnasium to witness the basketball Bobcats have had as their ulterior purpose, watching Marple and Cave display their athletic talents. In game after game, with a minimum of exceptions, Jim and Dave have emerged as the scoring stalwarts. This has been the case during all their four years as Bobcats.

Now let us take a look at their tangible accomplishments. Firstly, we will consider Marple's achievements. Dave, as many already know, has been the leading scorer in total points of all Maryland College players several times this season. And as of last Thursday, Dave once again was pacing cagers with a total of 316 tallies. The

Dave Marple, Jim Cave

Baltimore Sun, the compiler of suh records, does not consider the two games with Altoona Center, which is considered non-collegiate competition.

Several well-qualified critics of the cage sport in the area have been put on record as saying that Dave has the ability to make any college team in the country. We, here at State, have no reason to doubt such remarks, since we have seen Dave set two college records and know that he is quite capable of setting another.

In Marple's possession are the individual high score for a game, obtained by sinking 42 points against Montgomery Junior College, the same points setting a home court mark, and the career record of 1153 points. The next historical fact to fall before his efforts will probably be the number of points for a single season set by Bob Kirk at 408 in the 1953-54 season. Marple has 371 at present, with six contests remaining.

Cave, on the other hand, has been undeservingly pictured in the shadows. He is the second leading scorer on the squad and his dead-eye set and jump shot accuracy have turned many games into victory.

Cave's all-around play is one reason Frostburg has been winning. His assists, passing, and ball handling can not be overlooked. Also standing out rather noticeably is Jim's consistency at the foul line. He has the highest foul percentage of anyone of the team and during four years has meshed 209 of 271 free throw attempts for a remarkable .771.

The accomplishments of these men can not be justified in the space of a column, as many are yet unmentioned. But with all sincerity, I, along with numerous others, congratulate Marple and Cave with a hearty "well done." The sound of your names will fill the air at many Frostburg games in the years to come.

## Bobcat Cagers Beat Shepherd; Cave Scores 24

State's basketballing Bobcats stayed in torrid pursuit of a new school won-lost record as they tripped the Rams of Shepherd, 82-79, last week in Shepherdstown, W. Va.

The win shoved the Cats' season mark to 13-3 and the school mark, tied last year, is 15-5.

Jim Cave paced the scorers with 24 points, while Dave Marple was limited to 15. John Keister, who calmly sank two foul shots to ice the victory, came through with 16 tallies.

The cagers from "Freezeburg" journeyed to Altoona last week and continued their winning streak by downing the Altoona Center "Indians" 86-33. Dave Marple paced the Bobcats with 29 points.

Another Frostburg record fell before the efforts of Marple as he cracked the four year scoring record set by Bob Kirk. Kirk's career mark was 1,111 points and Marple's 29 gave him an over all total of 1,137 points.

Dave, earlier in the week, scored 42 points against Montgomery College, setting a home court record. "Driving" Dave broke the two week record of 33 points set by Jim Cave.

Jumping to a 12-2 led in the early stages of the game, Frostburg breezed to a 109-67 victory over Montgomery Junior College. The Skinnermen outscored the visitors 46-24 goals from the floor. Cave, Bill McCall, and Carter scored 18, 12, and 11, respectively.

Venturing back, the Bobcats defeated the Salem College Golden Bears by a score of 109-80. High man for the victors was Jim Cav, chipping in 33 tallies.

Coach Skinner's quintet traveled to Keyser to meet the Catamounts. The Bobcats, not in usual form, dropped Potomac State 77-63. Marple, Cave, and Carter tallied 18 points among them.

## PAN HANDLE

By Pan Minke

The Women's Recreation Association continues in the humming activity of intramural sports after the close of examination week. The girls are not to be outdone by the boys' active participation in basketball. Each class has had an encouraging turnout for the practice sessions scheduled every Tuesday and Wednesday at 6 p. m.

**Last year's lack of participation was disheartening, but was due partly, however, to the fact that the Music Department's spring production took many of the girls away from sports.**

Mary Yoder, June Bush, Anna Mae Bishop, and Deanna Knepper have been chosen as managers of the class teams; seniors, juniors, sophomores, and freshmen, respectively. Mary, June and Anna Mae are all "veterans" of the sport and Deanna is quite an enthusiastic newcomer.

**The real contest begins tonight. Two single games are planned with practice for those teams not scheduled to play.**

The last scheduled sessions for the W. R. A. bowling teams were completed last week. However, a make-up session is slated for next Monday from 5:30 p. m. to 7:00 p. m. in order for those girls, who lack the necessary credit, to have the opportunity to fulfill their practice obligations.

**Swimming is still in full swing with big splashes from all to express their delight. Sue Silcox and Judy Wilson are doing quite a notable job giving instructions in the aqua sport during every session. Reports from Judy confirm that the beginners are off to a great beginning. Sue keeps her Intermediate and Swimmer groups well versed in the newest techniques of strokes, kicks and numerous points on water safety.**
