Yes, of course! Please share. You have my permission to put it on eScholarship@Goucher as well.

Thanks,

Subject: MAHP Thesis

Hi Melanie,

We have a patron requesting to view your thesis, A Fundamental Transformation: The Management of South Africa's Heritage for Nation Building in the Post-Apartheid Era. Do you give us permission to send her an electronic copy? If possible would you give us permission to allow us to put your thesis in eScholarship@Goucher so that it is openly available on the Internet for scholars and researchers to use?

Thank you,

Kristen
