

Senate Chairs:

We had a request for the following information regarding communications between the faculty and the administration, specifically if the Chair of Faculty Senate sits on the President's Executive Committee. Conversely, while we are asking, does the President or his/her representative attend faculty senate meetings. It makes for a long email chain, so I apologize up front. So here are the two questions. I snuck a third question in also.

1) Does the Chair of Faculty Senate or his/her representative sit on the President's Executive Committee at your institution?

_____ yes _____ no institution: _____

Comment:

2) Does the President or his/her representative sit attend Faculty Senate or equivalent meetings?

_____ yes _____ no

Comment:

3) Do you think that it would aid communications on your campus between the faculty and administration if the Faculty Senate Chair would sit on the President's Executive Committee?

_____ yes _____ no

Comment:

The results will be distributed to everyone....
