State Teachers College, Frostburg, Maryland

October 29, 1952

State Host To Senior Students

Today, October 29, Frostburg State Teachers College will be host to seniors from many high schools in the tri-state area. This will be the annual Campus Day sponsored by Student Congress and is held for the purpose of interesting high school seniors in attending the college next year.

The visiting students and their advisors will be shown around the campus by guides who are members of the Future Teachers of America group. Miss Arline Petry is faculty advisor to F. T. A. From ten in the morning until noon the seniors will visit classrooms in order to obtain some understanding of college work and they will also tour the campus. All will lunch in the college dining room at noon.

At 1:15 p. m. Little Theatre will present a one act play entitled "Exclusive Model." This hilarious comedy with an all freshman cast lasts only twenty-five minutes and will serve to acquaint the seniors with one of the school's extra-curricular activities. Miss Edith Humphrey is the faculty advisor of this dramatic group.

Each student attending Campus Day will be presented a copy of **State-to-Date** as a souvenir of his or her visit to our school and as another example of an extra-curricular activity carried on by the college students. The faculty advisor to the paper is Mrs. Lucile N. Clay.

Membership of Student Congress, which should be complimented on this fine work, includes: Leslie D. Goodwin, president; William Brake, vice-president; Wilda Winterberg, secretary-treasurer; Lorenzo H. Chambers, senior advisor; Edith Utt and John Lynch, senior members; Willie Ann Howes, junior member; Norma Nelson, sophomore member; and Maurine Manley and William Scott, freshmen members. Advisors to the organization are President Compton; Dean Diehl; Mrs. Peter Ainslie, Women's Social Director; and Mr. Robert El-derdice, Advisor to Resident Men.

Scholarships Given Frostburg Students

Every Student Entering In Teachers Education Receives Free Training

Most students have odd criteria for choosing a college to attend. They ask themselves, "Is the college away from home?" and most important "Do they offer scholarships?"

What is it about a piece of paper saying "You have been granted a five hundred dollar scholarship" that lifts a certain college in your estimation? Did you ever stop to think that Frostburg State Teachers College also offers scholarships?

Most scholarships given by other colleges are obtained through competitive examinations or are given to the student having the highest standing in his class. These scholarships, once they are obtained, are usually for \$250 or \$500 for one year—very few are for all four years. Most of these other colleges give their scholarships for either tuition and books or for room and board; the part not covered by the scholarship being paid by the student. In addition to that expense, there is the money needed for transportation to and from college.

In contrast with this, let us look at the scholarships offered by F. S. T. C. Anyone who has an average of C or better is eligible for this scholarship and no entrance examinations need be taken. This scholarship is supported by the State of Maryland and each student costs the state approximately \$600 a year for the four years. This means that the student enrolled in the teacher training program pays no tuition because each receives a scholarship valued at \$2400. In addition, half the cost of his room and board is paid by the state, thus making the cost to the student very reasonable.

Thus, even though Frostburg State Teachers College does not give each student a piece of paper entitled "Scholarship," actually every student in the teacher education program has a scholarship that is worth much more than those given by other colleges.

Brown, Chambers, Duffy, Furlow, Hicks, Rahn, Kammauf, Metzger, and Straw Attain Honor

The faculty and student body wish to congratulate the following students whose outstanding college careers have gained them the honor of being on the list of **Who's Who in American Universities and Colleges** for 1952-53: Thomas Furlow, Norma Hicks, Leroy Duffy, Ruth Rahn, John Metzger, Mary Elizabeth Straw, Mary Elizabeth Kammauf, Hayes Chambers and Dorothy Brown.

The activities engaged in during the past three years and the present year by these students are as follows:

Thomas Furlow: reporter and sports editor for **State-to-Date**, Art Club (vice president his Junior year), Little Theatre, Maryland Singers, Madrigal Singers, House Council (temporary vice president this year), and Alpha Psi Omega (secretary his Junior year). Mr. Furlow took part in the production, "Harvey," and was student director of "Blithe Spirit."

Norma Hicks: Little Theatre, Student Congress, House Council (co-president this year), International Relations Club, Contemporary Literature Club (president her Sophomore year) and Women's Recreation Association. Miss Hicks took part in the production, "Blithe Spirit."

Leroy Duffy: Little Theatre, vice president of his freshman class, Day Student Assembly, Maryland Singers, Assembly Committee, Alpha Tau Alpha (has served as chaplain), Future Teachers of America and is president of this year's senior class. Mr. Duffy has taken part in numerous assemblies.

Ruth Rahn: Phi Omicron Delta Sorority (treasurer her Junior year), Women's Recreation Association (chairman for the State A. F. C. W. Conference this year), chairman of the Assembly Committee, Junior class representative to the May Day Court, Future Teachers of America, and waitress in the college dining room. Miss Rahn has been on the Dean's List and this year she received her major award for sports in W. R. A.

John Metzger: Maryland Singers and Alpha Tau Alpha (past president). Mr. Metzger has been most

active in the Future Teachers of America. In his Junior year he was vice president of the local chapter and was executive committee member for the State F. T. A. This year Mr. Metzger is president of the local F. T. A. chapter. He has also gained the distinction of being the president of M. A. F. T. A., the chapter of F. T. A. for the state of Maryland.

Mary Elizabeth Straw: State-to-Date (co-editor in her Sophomore year and editor in her Junior year), Phi Omicron Delta Sorority (vice president in her Junior year), House Council (co-president this year), Future Teachers of America, and Maryland Singers. Miss Straw has been on the Dean's List.

Mary Elizabeth Kammauf: State-to-Date (reporter), Phi Omicron Delta Sorority (secretary in her Junior year), Future Teachers of America (secretary of the local chapter this year), Maryland Singers, secretary of her Junior class, and the Dean's List. Miss Kammauf has taken part in several assemblies.

Hayes Chambers: Omega Sigma Phi (vice president his Sophomore year), Men's Athletic Association (secretary-treasurer his Sophomore, Junior and Senior years), Future Teachers of America (president his Junior year and vice president this year), Student Congress (president his Junior year and Senior advisor this year), Delta Kappa, and a member of the advisory committee his Junior and Senior years. Mr. Chambers was the co-planner of the Student Center.

Dorothy Brown: Maryland Singers, Madrigal Singers, Future Teachers of America, Women's Recreation Association, and a princess on the Halloween Float in her Junior year. Miss Brown is active in outside activities being organist at the First Presbyterian Church in Lonaconing, pianist for the Lonaconing Lion's Club and director of the Youth Choir.

Everyone feels that these students deserve the special recognition given them and they feel quite proud of the honor that this group has brought to Frostburg State Teachers College.

Welcome, Senior Students

President Compton, Dean Diehl, the other members of the faculty, and the entire student body wish to extend a hearty welcome to all the seniors from the high schools of the tri-state area who are attending Campus Day here. It is hoped your brief stay with us is enjoyable and that you will return in September of next year to spend four years with us.

State Teachers College prepares students to be teachers and the program is so designed to give the student the greatest benefit from this chosen profession. A Junior College program is also offered which enables one to prepare for further training at another college.

State, being a small college, offers unlimited opportunities for advancement. There are small classes in which individual attention is emphasized and a closer association with the faculty is gained through this. There are also many extra-curricular activities in which the student has the opportunity to develop personality, build lasting friendships and gain a more intellectual outlook on life.

Today we are showing you these classes and some of the activities. We hope you will remember us when it comes time for you to make the final choice of a college to attend.

Class Thoughts

Chicago, Ill. (I. P.)—A survey of what students actually think about in class, conducted by Benjamin S. Bloom, associate professor of education and examiner in the College of the University of Chicago, reveals wide variations in thinking that takes place.

The survey taken of students in five lecture classes and in thirty discussion groups showed that students spend almost two-thirds of their time thinking about the topic discussed or being lectured on. In the remaining third of the time their thoughts were irrelevant to the classwork.

In discussion classes, one-third of the thinking is made up of trying to solve problems that come out in the discussion. About a quarter of the time is spent in thinking about people, including oneself and the danger of being called upon. In lectures, students spend forty per cent of the time merely following the lecture, a different kind of thinking from the problem solving involved in discussion classes.

Various psychological tests were applied to students reporting on what they thought in class. Those whose personalities were considered negative thinking criticized what was being said in class. Less bright students mentally criticized other people in class, including their clothes, appearance, and conduct.

Persons suffering from anxiety, according to the tests, tended to think more about themselves than about what was going on in class.

The studies were made possible because of a new technique, called stimulated recall, developed at the university within the last two years. By playing tape recordings of classroom events within two days after class, students were able to recall 95 per cent of what went on. The recordings served as a stimulant to recalling their thoughts as well.

Tips for instructors also come from the study. One suggests that the wisecrack or the telling phrase attracts too much attention itself, distracts the student from the remainder of the lecture. Five minutes after such a phrase, students would still be thinking about it, instead of what the professor was trying to say. The instructor regarded as antagonistic by the students, the one who disciplines the class into line, gets more attention from the students than do the ideas he presents. They spend more time thinking about him, less about what he says.

S. C. A. Conference

Dolores Ross and Ruth Collier have been elected to represent the Student Christian Association at the Fall Area Conference to be held at Camp Michaux, near Carlisle, Pennsylvania. "Called to be a Christian" is the theme of the conference which will last from October 24 to 26.

Neva Geary, chairman, Ronald Fearer, Mary Mertz, Mrs. Hazel Bottenfield, Bruce Ambrose, Barbara Henry, and Willie Ann Howes are planning an Early Morning Chapel Hour to begin about the first week in November. Ethel Houck is preparing the first in a series of famous quotations to be posted each week above the large bulletin board in Old Main.

Margaret Burkey is planning to start the S. C. A. Food Sale in the Dormitory on Monday, October 27. Home made sandwiches and cake and soft drinks will be sold in the lounge on second floor following study hour.

Little Theatre Plans For Children's Show

At the last regular meeting of Little Theatre held on October 22, tentative plans were discussed for the first production of Children's Theatre. Margaret Mongold, chairman, Theresa Cavallaro, and Pat Halloran are serving as a committee to find a suitable play. It is hoped that rehearsals for the first production of Children's Theatre will be well under way before Christmas. The name of the play chosen and try-out dates will be announced at a future date.

It was decided that the afternoon meeting held at 4:00 on the second Wednesday of each month in the Club Room, should be strictly a business meeting. The evening meeting, held at 7:00 on the fourth Wednesday of each month in the Club Room, would then be free to devote to having some form of entertainment pertinent to the theatre. This arrangement will be used as long as members express interest in it.

Alfred Taylor Next Speaker Of International Relations Club

The International Relations Club has invited Mr. Alfred Taylor of the College Geography Department and also a faculty member of the club, to speak at the next regular meeting on the topic, "Has The United Nations Been Successful?" Dr. Alice Schuster of the History Department has been invited as a special guest.

The club voted to dispense with its regular meeting date of October 23 because this was "Parents' Night" at the college and many of the club members participated in the evening's program. The next meeting will be held on Thursday, November 6, 1952.

Recent Library Additions

Exploration of the Valley of the Amazon, by W. L. Herndon, is a book which narrates the adventures of the author in the Amazon Valley.

The Revised Standard Version of the Holy Bible has recently been given to the library. It is written in both prose and poetry and actual conversation is marked by quotation marks.

American Parties and Elections, H. R. Penniman, This book discusses the nature, history and organization of the political parties and tells about nominations and elections.

Additional Rules To Appear Here

(Editor's Note: It has recently been discovered that rules pertaining to the resident students have been passed since the green handbook went to press last spring. Some of these students, especially the new ones, are not familiar with these rules and some misunderstandings have arisen. Beginning with this issue of **State-to-Date**, these rules will be published whenever a new one has been put into effect by the resident students. This is being done for the convenience of the students; therefore they should watch the paper for such announcements, clip them out and paste them into the green handbook.)

The first new rule to be published is: The dormitory is not officially open on the Sunday night following a holiday and preceding the resumption of classes. Because of this, resident men are not permitted on the first floor of the dormitory on such nights and resident girls are not permitted to stay out after ten-thirty on such nights. The only exception to this rule is that girls who come in on late buses may be permitted to come in after ten-thirty.

Do-Ci-Do Invites All

With work and play well underway at F. S. T. C., we of the Do Ci Do's are getting into full swing with our Square Dancing.

If you are in any way interested, you'll find our club well worth its time for fun and recreation. These get-togethers are held on the 1st, 3rd and 5th Tuesdays of each month at 7:30 p. m. in room 103.

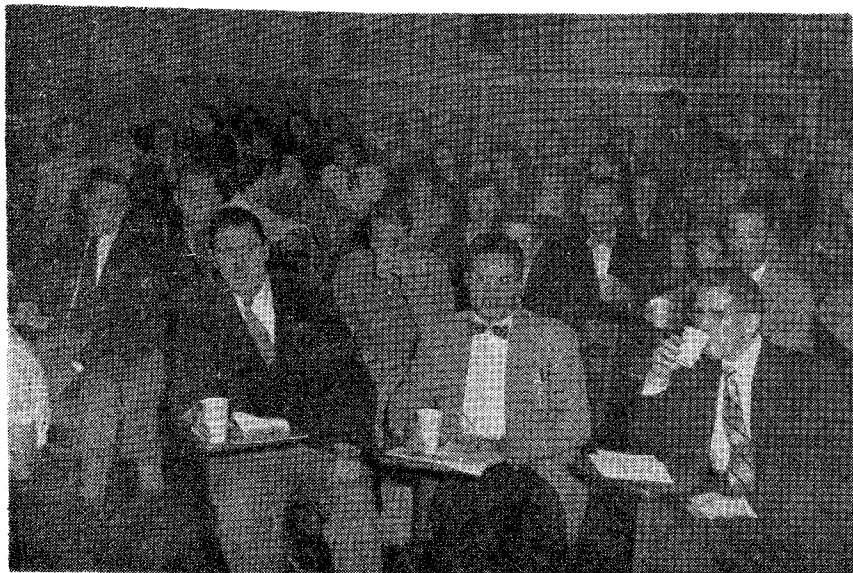

D. K. Holds Smoker

On October 10 the Delta Kappa fraternity held a smoker for prospective pledges. Refreshments were served and two sport film strips were shown.

An initiation program has been set up that will include a "hell week" ending with an informal and formal initiation, beginning about Nov. 3.

Campus Life

I had a dream
The other night,
And saw our college
Radiant with light.
Old brick buildings
Covered with vines,
And underneath all,
A network of mines.
Students lounging
Among the chairs,
Not one of them
Were much aware,
That they were gazing
Upon a scene,
Like a home
With life serene.
Brothers and sisters
A family of one,
To give you help
Or join the fun.
None one is forced
To struggle alone,
Faculty and students
This is home.
Look at this scene
Enjoy its beauty,
Then take your part,
For it's your duty.

Some of the large membership of F. T. A. is shown at recent meeting.

FTA Membership Up

John Metzger, president of F. T. A., was happy to announce at the first meeting on October 8, 1952, that the club now has 106 members, 53 of whom are seniors, 53 juniors, 5 sophomores, and 5 freshmen.

Several committees were appointed by the president. The Assembly Program Committee consists of Ben Elkins, chairman, Lee Smith, Harold Harrison, Pat Halloran, and Alice Meconi. On the Constitution Committee are Lois Mackay, chairman, Mary Straw, Bill Williams, Bill Brake, and Glenn Jones. The temporary Entertainment Committee is Ruth Rahn, Jean Holbert, and Harold Moyer. The F. T. A. members will again act as guides on campus day.

Our chapter of F. T. A. was very well represented Saturday, October 18, 1952, at the Teachers' Convention in Baltimore.

The Campus Scene

When days were warm
And the grass was green,
This was a part
Of the campus scene.
Couples here
And couples there,
Couples with
Their mussed up hair
As they walked
Arm in arm,
Softly praising
The other's charm.
Love was in
Their tender eyes,
But that was in
The days gone byes.
Now we see
These lads and lasses,
In the hall
He quickly passes.
His love is just
As warm as then,
But he has talked
To the dean of men.
A jacket now
Must keep him warm,
He turns to "Beowulf"
For his charm.
He must confine
His love and passes
To the instructors
And their classes.
A sorry life
For such great men
But soon will come
The spring again.

M. Hamilton To Attend Science and Mathematics Conference In Washington

Recently Miss Hamilton received an invitation from Earl J. McGrath, United States Commissioner of Education, to attend a conference to be held in Washington, D. C., on November 13-15. The conference is being planned by the Cooperative Committee on Science and Mathematics Teaching at the American Association for the Advancement of Science and the United States Office of Education.

The theme of the conference is "Identifying High School Students with Potential for Science and Mathematics and Providing Opportunities for Their Development." This theme is in recognition of the critical shortage of scientific and engineering manpower.

New Gym At Shepherd

On October 11 President Compton, Dean Diehl and Miss Lillian Wellner, instructor of Health and Physical Education, attended the dedication of the Health and Physical Education Building at Shepherd College in Shepherdstown, West Virginia. Mr. Babcock was unable to attend because this was also the date of Frostburg's opening soccer game. All visitors toured the new building which contains a main gymnasium, an auxiliary gymnasium for correctives and intramurals, a swimming pool, a kitchenette, two offices for women instructors, a suite for the nurse, a reception center, offices for men instructors, two classrooms, showers and dressing rooms, as well as several storage rooms. The enrollment of the college is 475 students which is an increase of sixteen percent over the previous year's enrollment.

What Would Happen If:

We got T. V. in the varsity shop?
Dr. Briggs would lose his sense of humor?
We got a swimming pool?
We built a bonfire in each room to keep warm?
The next assembly would be a discussion between Eisenhower and Stevenson?
The dining room wasn't crowded at 12:00 noon?
We forget to go to press?
All the windows in the science building were broken?
No one jumped the lunch line?
They installed a jukebox in the library?
All the practice teachers got salaries?

Students Seek To Know Famous Personalities

Seeing a group of students clustered around the biography section of the library started me to thinking (?) "Wouldn't it be wonderful to meet some of these famous personalities?" Deciding to see if my fellow sufferers felt this way, I approached that blonde freshman, Gloria Wilson, and asked, "What famous person would you like to meet, and why?" Gloria answered, "I'd like to meet Rock Hudson. Need there be a reason?"

It was discovered that Vivian Bennett is just dying to meet Leo (The Lip) Durocher for reasons of comparison.

It seems that Virginia Shoemaker is interested in the art of dancing. She wanted to learn the tango from Fernando Lamas.

Beverly Merriman would like to meet the great author, William Faulkner, to see what makes him tick.

It is very understandable that Polly House would like to meet Mario Lanza because of their mutual interest in music, and that Joan Snyder, another musical miss, would like to meet Jose Iturbi.

Helen Keller interests Doris Harvey. She would like to understand how it is possible for such a handicapped person to adjust to life so well.

Carole Sweeney disclosed that she was just dying to meet Stewart Granger. Strangely enough, she gave no reasons.

At this time, these meetings may seem impossible, but who can tell what time will bring?

Tea Held For Hostesses Of Resident Men Oct. 9

The annual Hostess Tea was held in the college dining hall on Thursday, October 9, at 3 p. m. Miss Compton greeted the hostesses of the resident men, stressing the friendly relations that have prevailed between the College and the hostesses. Dr. Ramsay and Dr. Schuster poured. Dean Diehl and Mrs. Ainslie were the other faculty members present. Mr. Elderdice emphasized the many changes in the last year; of our 20 hostesses this year, 11 are new since last fall; of our 40 resident men, 22 are new since last fall. Eleanor Smith provided organ music and Carol Conrad played two selections on the piano.

Recent Seniors Hold Positions

The graduates of last year have scattered all over the state of Maryland and some are in other sections of the United States. The following list gives us some idea where our friends of last year have settled.

Teaching in Allegany County are: Virginia Borgman, Darlene Brain, Gladys Broadwater, Josephine Frase, Jane Geis Rephan, Arthur Lloyd, Irene Michaels Scott, Ella Fern Richardson, Phyllis Riggelman Brotemarkle, Harold Scott (principal), Raymond Skidmore, Jack Snyder, Bob Thomas, Dorothy Watne, John Woods.

Teaching in Montgomery County are: Arthur Amtower, Ruth Farrell, John Frost, Betty Starr Kildow, Rebecca Manuel, Mary Ellen Slite, Donald Thorp.

Teaching in Washington County are: Audrey Baker, Patricia Benna Seifarth, William Buser, Judy Ellsworth, Dolores Fowler, James Jones, Joan Poole, Ruth Smith.

Teaching in Prince George's County are: Charlotte Barringer Diehl, Gerald Conway, Esther Delaney, Jack Kalbaugh, Jack Lechlitter, Bill Leonard, Mary Lizer, Ella Jean Love, Anne Povish, Charles Slick, Gwen Turnbull, Gertrude Weaver, Margaret Robinson Burgess.

Teaching in Garrett County are: Dolly Burrell and Charles Bowman.

Richard Holler and Donald Lewis are teaching in Frederick County.

Joseph Evans and Margaret Michael are teaching in Howard County.

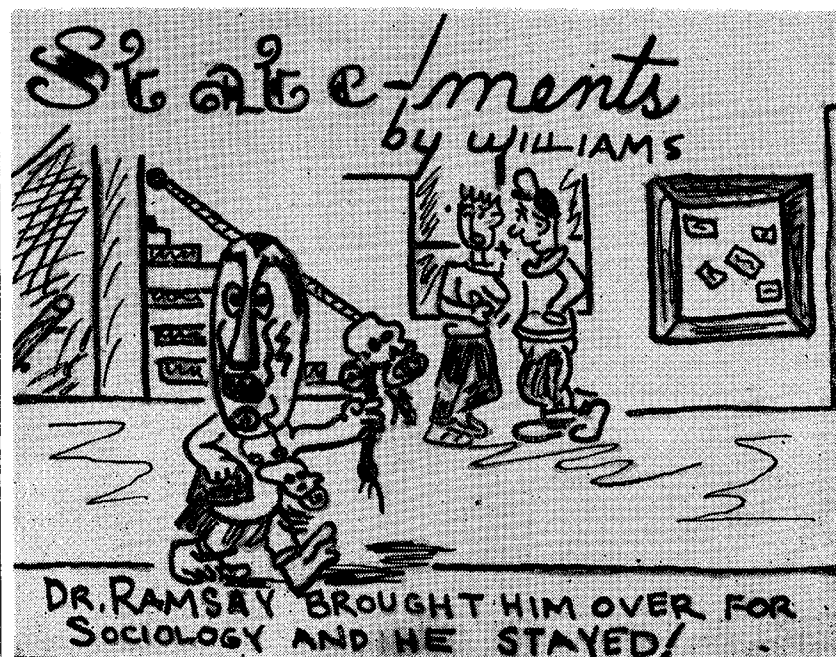

Serving in some branch of the Armed Forces are: Harold Michaels, Gerald Turner, Donald Burgess, David Lewis, and George Herring.

Betty Hinzman and Theresa Ritter are not teaching this year.

Harry Diehl and John Biggs are studying for their M. A. degrees.

Eileen Brinker Steele is teaching in Missouri and Maxine Conrad Sutherland is teaching in East Liverpool, Ohio.

Walter Warnick was an out-of-state student and his present whereabouts are unknown to the school.

Initial Success Of Home Coming Day Due To Cooperation

I wish to take this opportunity to thank all of the persons, who helped to make the initial Home Coming Day a success. The cooperation which I received and the individual organizations' aid was very convincing and proved that if everyone works together and each person does his or her share, State Teachers of Frostburg can do much and be well known in this area.

Persons and organizations deserving recognition are: Miss Compton and Mr. Diehl for their permission to develop the plan; Ronald Fearer, Mr. Elderdice, and the whole Sophomore class for sponsoring the Home Coming Dance; Margaret Mongold and the Cheerleaders for the planning and arranging for the parade preceding both the pre-game celebration and the Soccer Game between State and Indiana State; Women's Recreation Association for the decorations at the game and the streamers on the automobile carrying the Home Coming Queen, Miss Edith Utt; and the Men's Athletic Association for the public address system. Also our thanks to **State-to-Date, The Evening Times and Sunday Times** for the publicity they gave the celebration, and the radio stations in Cumberland for their mention of the Home Coming. The Delta Kappa and Alpha Tau Alpha fraternities and the Phi Omicron Delta sorority also deserve thanks for their help.

All in all, the whole college cooperated to do a fine job and one of which everyone should be proud. I hope the celebration will become an annual program of the College.

Bob Hutcheson

Juniors Champions Of Men's Soccer League

The Juniors are the newly crowned champions of the 1952 Men's Interclass Soccer League. They defeated the Sophomores, last year's defending team, in the final game by a convincing 3-0 score.

In the semi-final rounds the Juniors and Freshmen met in a close, hard fought contest played against a driving wind. The final count found the Juniors winning by score of 3-2. Neal Grayson, Al Snelson, and Don Bloom scored for the Juniors while Leland Harvey booted both goals for the Frosh. One of these came from a penalty kick.

The next evening the Seniors found the Sophomores a stubborn foe, and one which refused to give up even though the Seniors were winning 1-0 with only one minute left to play. The Sophs tallied in the last minute to tie the game and went on to win in the overtime period, 2-1. Francis Ruffo kicked the Seniors' only score, while George Habeeb and Bob McAlpine teamed up to provide scoring punch for the Sophomores.

The final game was a well played one and both squads were kept on the alert all evening. The Juniors found the range for three goals while the Sophomores are still seeking for their first counter as the Juniors romped to a 3-0 score in the championship contest. Bill Neff, Jim Lemmert, and Howie Winters booted the goals for the new champions.

Homecoming Queen

Miss Edith Utt

Miss Edith Utt, a member of this year's Senior Class, was selected by her fellow classmates to reign as the Queen of Home Coming Day held October 25. In ceremonies prior to the game with Indiana State, Miss Utt was crowned by Wayne "Rock" Layman, captain of the soccer squad.

In The Spotlight

By Bob Hutcheson

Much discussion has arisen over the recent soccer game between our team and that of Towson. Many second-guessers argue that we should have come out of the contest with no less than a tie, since, they say, our squad scored a goal. This was taken away by the official after he had correctly called a penalty kick which would have given State a goal. Then he reversed his decision and gave the ball to Towson. However, the breaks did not fall our way this time.

Also in connection with the game, some question was raised by some members of the Varsity, as well as by some interested students, concerning the equipment which Towson brought with them. It was rather sad to see our Bobcats on the home field practicing and warming up with 3 or 4 soccer balls, while Towson used at least a dozen and a half balls, and they had to bring them with them along with the rest of their equipment. (All of those balls were practically new, by the way!) The warm up jackets which the Towson booters wore were very nice and it would be a nice gesture if the Frostburgers had similar jackets, don't you think?

Track Enthusiasm

Much enthusiasm was displayed by the student body concerning the recent notice dealing with the adding of Track to the athletic program of State. Over half of the men enrolled in the college expressed their desire to have Track, and many of the women added their signatures to help swell the number of students supporting the suggestion. The list is now in the hands of Coach Babcock, and it is hoped that he will attempt to arrange a program for this spring, including several sports, possibly with Towson and Salisbury.

Indirect Sportlighting

Have you noticed the classy white jackets being sported by several members of the Women's Recreation Association? The jackets are a sort of award presented for four years active participation in W. R. A. . . . Lance "Ace" Statler, freshman, is serving as Coach of the Allegany High School "Little Campers"—an eighth grade football team and at the time of this writing is undefeated. . . . "Rock" Layman and Ray Ralston have joined the ranks of Soccer officials as they are now calling the soccer contests of the high schools in the W. M. I. League. . . . With soccer season drawing to a close, basketball will soon be in progress. Let's have a good turn out for the drills.

Bobcats Play Towson Next

Having completed the first two-thirds of the soccer season, playing all of the games at home, the Babcockmen will hit the road, playing Salisbury at Towson on October 31, and closing out the campaign with a contest in Grove City, Pa., on Nov. 7.

With the Salisbury contest, the Bobcats will be meeting another of the Teachers College teams, and this game should be an interesting game since it will be a means of comparing the various teams fielded by Maryland's three State Teachers Colleges: Towson, Salisbury, and Frostburg.

Grove City will be the third Pennsylvania squad our booters are to encounter and should provide an exciting finish for the 1952 edition of State's soccer aggregation.

Games played before the Homecoming game showed State winning one, and dropping two. In the opener, the Alumni squad went down under the power of the Varsity by the score of 2-0. Ed Shuck and Ray Ralston provided the scoring punch in this contest.

After the victory in the opener, the Bobcats were unable to score in either of the following games. Towson tallied a goal a short time before the half and held that advantage throughout the rough and tumble fracas. The officials found it necessary to banish one of the Towsonites from the game and later from the field for unsportsmanlike play.

While the rest of the college was enjoying a vacation, the Varsity was meeting a strong Slippery Rock squad on the home field and suffered a convincing 5-0 defeat. The visitors kicked three goals in the first half and two in the second, and State's squad was on the defensive throughout.

Basketball Schedule

For 1952-53

Tues., Dec. 2—Mountain State College at Frostburg

Thurs., Dec. 4—Shepherd College at Frostburg

Sat., Dec. 6—Altoona Center at Frostburg

Thurs., Dec. 11—Towson State Teachers at Towson*

Fri., Dec. 12—Salisbury State Teachers at Towson*

Sat., Dec. 13—Gallaudet College at Frostburg, 3 P. M.

Thurs., Dec. 18—Potomac State College at Frostburg

Sat., Jan. 10—Steubenville College at Steubenville, Ohio

Thurs., Jan. 15—Westinghouse Apprentice at Frostburg

Sat., Jan. 24—Altoona Center at Altoona, Pa.

Sat., Jan. 31—Westinghouse Apprentice at Pittsburgh, Pa.

Wed., Feb. 4—Steubenville College at Frostburg

Sat., Feb. 7—Mountain State College at Parkersburg, W. Va.

Wed., Feb. 11—Potomac State College at Keyser, W. Va.

Sat., Feb. 14—Gallaudet College at Washington, D. C.

Thurs. Feb. 19—Shepherd College at Shepherdstown, W. Va.

Sat., Feb. 21—Rio Grande College at Frostburg

Sat., Feb. 28—Rio Grande College at Rio Grande, Ohio

* State Teachers College Championship Tournament
