On December 13 the Cultural Affairs Committee sponsored the presented during the 1964 - 1965 school year. This series is composed of seven of the most signifisome of the most outstanding actors in the international cinema. The directors of these films are men renowned in their respective countries and in the international film world as well.

An art film is distinguishable from what may be called a comtakes itself seriously as an art

Art Film Series at S.S.C. medium. However, not all such films are serious or elevated in theme; many of them are comic. The producers of art movies are interested not merely in exploiting first of a series of art films to be the financial possibilities of their products, but in producing as skillful and artistic a film as possible. They give serious attention to the cant films of our day and stars acting, directing, camera work, and composition of scene in order to utilize to its maximum artistic advantage every facet of film making.

The film, as a serious form of art, has come into its own on a significant scale in the last fifteen years, particularly in the last mercial film by the fact that it ten years. Although the impetus toward such movies has come from nations other than the United States, not all art films are foreign. The earliest strong influence in art movies came from Italy and occurred not long after influence has been the so-called "new wave" of French films since around 1958. The United States In commenting on the duties of has been the latest claimant in the ever, most of the artistic American films have not been Hollywood

Coming Campus Events by Pat Barnes

By now, fellow students, we are The 13 member group included to bringing to Western audiences all involved in final exams. I am six dancers, six musicians, and a the original beauty and spirit of sure you look forward to January 22 as the end of exam week as

After a week of intensive study (did I hear someone laugh?) we sponsored by the Circulo Quijote in the Campus School Auditorium.

On Tuesday, February 2, at 8:15 p.m., the Baltimore Symphony Orchestra will present a concert featuring Mischa Elman as soloist. This will be, as usual, in the Main Auditorium.

Wednesday and Thursday, Feb. 3 and 4, at 7:00 p.m., find further rounds of volleyball in the Old

Also on Thursday at 7:30 p.m. there will be an Art Film shown in the Campus School Auditorium. It is a Japanese version of Macbeth entitled "Throne of Blood" and is brought to you by the Cultural Affairs Committee.

The Gulls meet Philadelphia College of the Bible on the basketball court here on Friday, Feb. 5, at 8:00 p.m.

A series of activities is planned for the weekend and the following week. On Feb. 6 at 8:00 p.m. a Game Party will be held in the Snack Bar. On Feb. 8 and 11 at 7:00 p.m., more volleyball games will be played, also in the Old Gym. Another basketball game will be played here at SSC on Saturday, Feb. 13, between our Gulls and Coppin.

We take this opportunity to wish you good luck with your exams and to express our hopes of seeing you all here again next

Driver's Seat

Readers of the "Driver's Seat"

re asking:

Q: "I don't think there's any danger in driving fast. Don't you think that drivers who are going fast are more alert, and less likely to have accidents?" Hoopeston, Ill.

A: Fast drivers may TRY to be more alert, but the fact is that speeding usually hinders alertness. t narrows the field of vision and induces tension that causes fatigue and lowers alertness. One indication that speed helps cause accidents is an insurance company study of night accidents.

The night accident rate was twice as high as the daytime rate for cars traveling 50 m.p.h.; but, the rate was four times as high

The Ball Bounces By BOB EVANS

The ball bounces for the basketball Gulls as they ready themselves for an excursion to New York over the semester break. The Gulls travel to the Empire State to play Pace College on Long Island.

In previous action, however, the SSC five won their first game of the semester over the Christmas vacation as they downed Coppin State 82 to 77. The action took place on the Frostburg State court as the Gulls had traveled to Frostburg to participate in the Maryland Interscholastic Holiday Tournament. The Gulls, playing quite well, built up a 20 point lead early in the second half of the game and then held on for the victory. Bob Osinski turned in an outstanding effort in this game gunning in 29 points, controlling the back boards, and leading the team to victory. He was followed in the scoring column by George Miles with 17 points.

High man for Coppin State was Walter Cephas, who scored game high 35 markers in a futile try to reverse the final out-

In more recent action, the Gulls lost a heart-breaking match o Gallaudet 63-67, January 8 in the local gym. This game left a great deal to be desired as the team just didn't seem to want to play ball. It is felt that this game could have been marked up in the victory column had the team played anywhere near its best.

The next day, however, the team turned in a fine effort although losing to Southeastern University 64-75. The score was tied 33-33 at the half and the Gulls put up a stout fight before finally going down to defeat. The high man for the team was George Miles who played a fine game in making 23 points. Curtis Conley also turned in a stout performance. When Conley fouled out about mid way in the second half, the Gulls were just never the same.

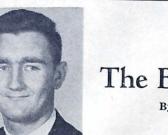

The big man for the Gulls this year has been Bob Osinski, who has been the most consistent performer on the team as well as leading the squad in scoring and rebounds. At this writing Bobby had scored 184 points for an average of better

Throughout the season, this writer has been both impressed and proud of the Salisbury State fans. Despite a losing record, the students of SSC have stuck with the team and they have been, to say the least, quite vocal. The attendance at games has been generally good and spirit has been high. Three cheers for

Likewise, the cheerleaders have helped the team and school spirit a great deal this year. The enthusiasm has just been great. We even have a mascot now - Sammy Seagull. It's quite an amazing bird!

Final score: S.S.C. 64 — Southeastern 75. Let's reverse the score . not the numbers on the jerseys.

S.S.C. Helps Children

Our readers may be interested n learning what happens after the formal presentation of the Christmas gifts to a representative of the Welfare Board. Miss Purnell, chief engineer of the project, working with Miss Setwart, has briefly outlined the program for us.

Each year, the college receives the names and ages of about 40 foster children in Wicomico County. Gifts are purchased by various organizations on campus and members of the student body. Day students and dorm students, faculty and staff members all participate in making the program successful.

The county is divided into four areas, each of which is covered by a member of the Welfare Board The gifts are distributed by the area representative shortly before

age of federal and state taxes for the country - is 10.38 cents during September, 1964. State tax, of course, varies by state, raising or lowering that figure. Ten years ago the comparable figure was 7.48 cents. But, in 1919, the figure was a mere .06 cents.

Q: "It seems to me that reflective license plates that glow (in the dark) are a good idea. But don't they cost . . . an awful lot?" A. P., Ashland, Ky.

A: Fifty cents is the usual additional registration fee levied by the 16 states and the District of Columbia that have reflective plates. The cost depends upon whether a state has one or two plates. and whether only the raised portion of the plate or the background also is reflectorized. Florida raised its registration fee only five cents to pay for reflectorizing letters, numerals and border of a single plate, beginning with 1965 egistration.

No passing zones are being engthened in Riverside County, California, to accommodate the drivers of compact cars who can't see as far ahead as the high-riding drivers of standard-sized automo-

Attention Bowlers!

Your support is needed for the S.S.C. bowling teams during second semester. About 30 more people are needed to sign up in the snack bar before plans can be made for the regular organization of teams. The use of shoes is free; the games are only 30¢ apiece. The exercise and relaxation is quite a pace-breaker.

Members of teams will be asked to pay one dollar, which will be refunded at the end of the season if the member has not missed any ing the position of team captains So, come out and bowl! to be absent. This is fair consider- bers arrive.

Women's Sports By BETTIE MESSICK

As the first semester draws to a close, there have been a few questions raised about the continuation of the Monday night bowling league for the second semester. The drop off in attendance has forced the W.A.A. into believing that the College community just does not want to have the opportunity to bowl for recreation. Is this the case or can there be an active bowling league scheduled next semester?

At the beginning of the year, enough people signed their names on a sheet of paper saying they were interested in bowling. So a league was started with most of the signers playing. But as the year wore on, attendance dropped and a few people carried the burden. Just imagine - out of a college enrollment of about 650, one would think that at least thirty-two people could come out and support this event. And does it have to be just the students? How about the faculty coming out to have a bit of exercise?

The volleyball team has so far had a successful season with four wins and no losses. Their last match, played against Pepsi-Cola in the Recreation League, was a very hard-fought battle but the Skyrockets came out on top. Their next games will continue after the beginning of the second semester, with a match against St. Mary's Junior College on February 6. The captains for the team are Carol Arndt and Agnes Leonard, with Jane Arbogast serving as a new manager. Continued success, girls, in your future games.

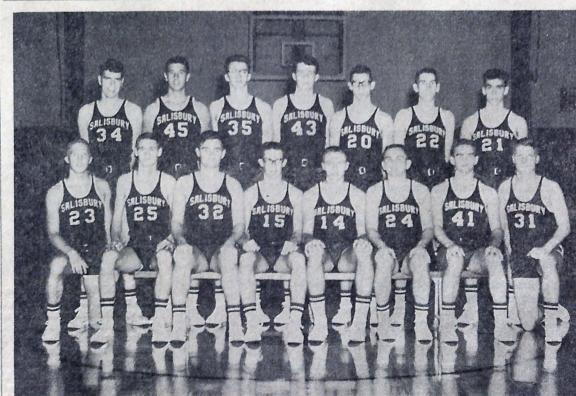

For a couple of years, Coach Deshon has worked up a fine basketball team and every year it seems to have trouble winning games. Sharon Brown, captain of the Cheerleaders, and her squad take time to practice cheers for the basketball games. Here are two hard working squads of people who put in extra time to give us pleasure while watching them perform. But let's give them a chance to gain enjoyment out of their work - by cheering and urging on our team to victory. No wonder the boys lose — the stands hold people who have no spirit, no "let's give it the ol' college try". Contrast our scene to a nationally televised collegiate game, where banners are made and waved, where there is response to the cheers made by the Cheerleaders, and the gym is filled to capacity. Let's make the efforts of the basketball team and Cheerleaders worth something with support to the next home game. Admission is free and Circle K provides programs and refreshments. The least thing the College population can do is to attend all home games and yell our lungs out to let the boys know we support them.

The first meeting of the W.A.A. Board for the new year was held January 5 in the new gym. The basketball and volleyball seasons were reported well underway, but the bowling situation was the matter discussed. A partial solution is at hand but offers submitted by any readers will be considered if sent to

NATURE'S FOREST

Earth dark from the Heaven's gray,

Hiding the Sun's most radiant rays.

Earth cold from the echo of Winter's winds. Stifling May's warmth to live

again. Nature's Forest in stilted stillness

A once lively rill iced with brumal victory.

Yet as I look upon these trees And ponder alone this eviscerated Spirit within and without me, Life's truths my ofttimes frozen Heart Strings sound and Beauty's Incarnation wears a hidden

In his despair, first I see Weeping Willow in wintry prayer before me. Hope and Faith gone, he cries no

To God above - but for absurd man's

Loss of the spirit's creative Love. Next, the strong Oak, standing Proud

In his snow-covered decay, desires

My soul to Pleasure's passions fall Prey - but I with pain reply nay, For my heart would surely drift away.

At last, kneeling before the Pine That remains forever Green, His essence

Flows to me - Live, Grow, Love, Create, Dream as a unique force In God's universal scheme. Thus

That mystic winter's day I saw man

In Nature's Forest seeking Life's pathway.

TRIPLE THREAT TO A LONG, COLD WINT

Outside the rain may flow and the snow may blow but Jack Frost won't be able to get when you're all wrapped up in your answer to a long, cold winter. This season's luscious quilted robes are cozier than ever and twice as pretty. And they're available in a wide variety of styles for

every fashion type.

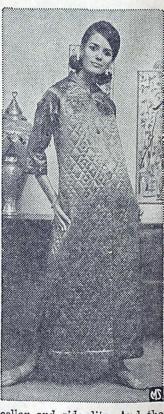

Youthful flair is the theme of the robe above. Designed with an eye for informality, its soft puffy quilting of Eastman Kodel polyester fiberfill is great for curling up in your favorite lounging chair or plopping down on the floor for a night of TV. Flobert creates the robe with rosebud fastenings and prettily scalloped collar and sleeves in

subtle pastels with contrasting

A popular new trend is the lustrous quilted robe in a brilliant print. This robe features a narrow rolled collar and button front, fairly glows in its bright multicolor floral print on a silky Eastman Estron acetate fabric, designed by Stella Fagin to make you feel bright and cheerful on the dreariest of winter nights.

For the gal who likes to be a little different, Boutique has designed an elegant robe in the oriental manner with mandarin

collar and side-slits. And the warmth of the Orient are built into this robe too because it's quilted with Eastman Kodel polyester fiberfill.

So-let it be cold outside. This triple threat will strike winter out every time!

feel that their students are counting off the days until the end of the 8 weeks will arrive." Kenneth Kent: " . . . when a particular student with whom I had worked on one topic came through on that test and saw the light. I realized how much a teacher could do if he only

had the time!"

Lee Clendaniel: " . . . the first time I realized that a child had learned something or when my fifth period class presented me with a chameleon and a bottle of Faberge."

Roger Clark: "My ride to school every morning!"

Editor's Note: This inquiry will be continued in the next issue when several more experienced student teachers will receive an opportunity to comment.
