

Mason Proffit Tops Springweek Calendar

CCB has designed this year's Spring Week with a new slant. The highlight of the week, Mason Proffit, featured for Wednesday, May 5th at 8:15 in Compton, will introduce FSC's first country rock concert, or according to **Earth Island**, the "people's music." Here is an opportunity for this campus to hear a group on the way up instead of down. Also in concert is Denny Brooks, returning for the third time with a new act. The drop-in coffee-house scheduled for Tuesday, May 4th at 8:00 in Gunter, will also feature country music—Jack Cutter, a CCB discovery, known for his spontaneity will "string it while we sing it." As an added attraction, Todd Corbett will have on hand a bag of magic tricks.

Thursday, May 6th, CCB has arranged an instant replay of the "Colour" for an outdoor dance in the Fine Arts Plaza. For everyone who freaked out to the blues and rock at the Groove-in, this is a chance to do

it again. The last day of Spring Week, Saturday, May 8th, SA and CCB have combined forces to stage a series of non-stop events. At approximately 11:00 a.m., SA will begin the Exodus to the mountain to plant 2,000 trees; all participants will be awarded a free ticket to the movie, "A Man Called Horse" (approximately 10:00 in Compton). Also on the day's agenda are a jazz ensemble at 1:30 p.m. by Montgomery College, a picnic in conjunction with Ogden Foods (featuring barbecued chicken) from 4:30-6:30 p.m., and a program by the FSC Jazz Ensemble and the Madrigals at 8:15 in Compton.

Other events included in Spring Week are: Sunday (May 2) night's CCB movie, "Alfie," at 8:15 in Compton; Monday (May 3) night's Artist Series at 8:15 in Compton with concert pianist Claude Frank; Thursday (May 6) night's Russian film; and Friday (May 7) night's Lambda Phi Delta's Band Dance in Gunter from 9:00 to 12:00.

Pianist Proudly Presented

by D. McClintock

It would be difficult for most people to select one phrase with which to sum up their lives. For pianist Claude Frank, appearing in Compton Auditorium on May 3, at 8:15 p.m., the choice has long been made.

The Artist Series program is open to the public. Tickets may be reserved in the Activities Office in Gunter Hall. Tickets may also be available at the Box Office in Compton Auditorium before the recital. Tickets will be required for admission, but as usual, holders of F.S.C. ID's may receive the ticket at no cost.

In the course of his career, Mr. Frank has performed repeatedly with all of the "Big Five" orchestras—Boston, Chicago, Cleveland, New York and Philadelphia. When he appeared with George Szell and the New York Philharmonic in April, 1970, the *New York Post's* critic declared: "(He) gave a personal, courtly account of the concerto . . . Szell, of course, gave him the most sensitive collaboration, and Frank responded by giving a most engaging perform-

ance of the highly individual work. His tone had a liquid quality. Szell was pleased with his young man to the point of applauding him along with everybody else." Mr. Frank has also been a frequent guest artist with the orchestras of Pittsburgh, Detroit, Minnesota, Cincinnati, Toronto, New Orleans, Atlanta and many others.

In Europe, Mr. Frank has played with the Royal Philharmonic, the London Symphony, the London Mozart Players (for nine consecutive years), Amsterdam's Concertgebouw, the Berlin Philharmonic, and many more.

Frank is also a popular and much sought-after recitalist, having appeared in most of the major U.S. cities. During the 1970-71 Beethoven Bi-Centennial year, he is currently engaged by Hunter College in New York for a series of eight concerts in which he is playing all 32 Sonatas.

Born in Germany, Claude was surrounded by music as a child. When he was eleven, Claude had a chance to play for the great pianist Arthur Schnabel, then living and teaching in Italy. Schnabel confirmed that Claude's future was without question the piano. "He felt I was too young to study directly under him, but he wanted me kept under his tutelage." One of Schnabel's former pupils, living in Paris, was selected and—since the Franks felt that the time to leave Germany had arrived (the year was 1933)—the move was made.

During the early years of the war, the Franks were refugees forced to move repeatedly around Europe, and eventually to America. "We arrived in New York in January of 1941. I found out where Schnabel lived, knocked on his door, and said 'Here I am!' Schnabel said I was still a little young." Young or no, Claude was accepted as a student, and spent the next several years studying with the master pianist.

Frank's concert at Frostburg will include two Beethoven Sonatas, and selections from Schumann, Schubert, Chopin, Bartok and Liszt. The recital on May 3rd, will be the last event in the Artist Series for the current academic year.

FROSTBURG STATE COLLEGE

April 29, 1971

Gregory converses with student leaders Hoch and Parrott.

Viewpoint

Gregory gauges American dilemma

by Debbie Sherr

To those who missed Dick Gregory's appearance on Friday, April 23rd, we offer our condolences. For more than an hour and a half a crowd of over a thousand sat literally on the edges of their seats as Gregory moved from the topics of communism to racism, capitalism to morality, and government corruption to love and hate. Gregory's commentary involved more than a lecture on "Social Problems—Social or Anti-Social." If his succinct descriptions of phony advertising and FBI tactics shocked some of the audience into disbelief, for others it was a provocation to remove the blinders and take a good look at America the Beautiful. If Gregory's caustic comments on Amer-

ica's prostitution of love, sex, and birth made the audience squirm, it only confirmed the fact that "Man covers up what he dirties up." And finally if Gregory's often hilarious references to racial situations annoyed or outraged those who never were able to accept America the Melting Pot, for others it said what has always been written on the wall that Man will no longer accept the slave-master, "yassuh boy" epithet on his tombstone.

In an hour and a half Dick Gregory was able to communicate what his whole life has embodied—a fight against greed and corruption, hatred and prejudice. This was only too obvious by the packed crowd and the standing ovation. The occasion was not

only an eye-opener for FSC students, but proof that we aren't too isolated, too uncaring to listen to a man with a message. The question is not, *was* the point well-taken, but will the point in the future be well-taken?

SA does not intend to let the question go unanswered. According to President Bob Hoch, "We are extremely pleased by the turn-out and response to Dick Gregory. SA plans to bring in other speakers of the same Caliber in its new **Student Association Lecture Series**, and in conjunction with this, arrangements are being made to bring presidential candidates to Frostburg in the fall. We hope the student body will continue to support Student Association projects."

Redick aroused

Dr. Redick and a group of interested faculty and students have started a petition for the removal of the trucks which are usually parked behind Faculty Hall.

The rationale behind the petition is:

1. The trucks are parked over the roots of the trees and will kill them.
2. The trucks are encroaching on what little space the students have for classes in the spring and social intercourse.
3. This patent disregard for environment makes a mockery of a college in which some of the students and faculty are serious about improving the environment.
4. People are more important than trucks.

Probably the most cogent argument is the last. Therefore, if you're interested in supporting the petition, see your professor about signing it, and ask him to pass it around in class.

GET THE TRUCKS OUT!!!

Who's who honors Swauger

Rebecca Swauger has recently been named to Who's Who Among Greek Fraternities and Sororities of American Colleges and Universities. She was selected as a representative of Alpha Xi Delta, on the basis of campus and outside activities and grades.

Becky has been a member of Beta Beta Beta, National Biology Honor Society for three years. She has served as secretary and this year served as president. She has also been a member of Sigma Zeta, National Honorary Math and Science fraternity for three years. For two years, she

was a member of the German Club. Becky has been a sister of Alpha Xi Delta, National Women's Fraternity for the past two years, and served the sorority as scholarship chairman.

Miss Swauger has been accepted by the West Virginia University to begin next fall, a three-year program to earn her doctorate in Genetics.

Becky is now one of ten finalists in the Miss Cumberland Pageant which will be held on May 8 in the Allegany High School auditorium.

Thinclads Streak to 3-1 Record

by Jim McCarthy

While the baseball team has been racking up victory after victory, the FSC thinclads also have been keeping up Frostburg's new-found winning tradition.

On March 27, FSC participated in its first outdoor meet in history at the Fairmont State Invitational. Outstanding in performance was the 880 relay team (George Simpson, Gary Short, Dennis Green and Bob Lieberman) which set a school record with 1:33.2 and a fourth place finish.

The following weekend (April 3) the Bobcats took part in the Marietta Relays. Leading the Cats was pole vaulter Tom Zerhusen's 12' 6" leap, which set a new school record. Zerhusen's jump tied the highest try of the day.

On April 8th, Frostburg met Galludet in a dual meet at the Washington, D.C. school. The Cats came out on top by a score of 88-46. Outstanding were the 440 relay team which broke the school record with a time of 44.8 and Bob Lieberman leading scorer with 14.25 points. Domian Howell, also turned in a good performance, winning the mile and the 2 mile runs.

Next on the Bobcat schedule were the Colonial Relays which were held in Williamsport, Virginia, on April 10th. Most notable performance was Howell's time of 32:52 in the 6 mile run (school record) — the first time ever in school history that this event was run.

On April 14th, the freshmen and sophomores won in a dual meet with Frederick Community College 73½-60½. Dennis Green's school and field record of 21.9 in the 220 run and the 440 relay

team of Simpson, Cuyler, Smith and Lieberman which tied the school record of 44.9 were the best performers of the day. Also, Zerhusen again tied his own record with a leap of 12'6" in the pole vault.

Three school records were set as the Cats took part in the Mountaineer Relays at West Virginia University on April 17th. The 440 relay team did it again setting a new school record with a time of 44.2. Also the 880 relay team, made up of Simpson, Short, Cuyler and Lieberman turned in a time of 1:33 in setting the record. The sprint medley team of Stan Soper, Cuyler, Lieberman and Ray Lackey did a great job in setting the record with a time of 3:43.1.

Last Tuesday, FSC kept up their winning streak by thumping Bowie State 106-34. In beating the Bulldogs, the Cats set six new school records. Bob Lieberman, Frostburg's outstanding sprinter, established two records in the 100 yard dash and the 220, and helped in a third with the 440 relay team. FSC's mile relay team set the fourth record.

Lieberman ran the 100 yard dash in 9.8 seconds and the 220 in 21.7 seconds. The 440 relay team won with a time of 44.2 seconds and the mile relay team netted a 3:29.8 time. Charles Minear was the Bobcat's top point getter with 15 winning three field events (shotput, javelin, and discus).

This past Saturday the Bobcats met the Shepherd Rams in a dual meet at Shepherdstown, West Virginia and lost 76-69.

Lieberman again proved strong as he won the 100 dash and the 220, and placed third in the broad

jump, while racking up 11 points. So far this season Bob Lewis' chargers have won 3-1 in dual competition. The next home meet will be against cross state rival Towson State on May 11.

SHEPHERD 76, FROSTBURG STATE 69

Track Events

100 Yard Dash: 1 — Lieberman, FSC. 2 — Hubbard, Shepherd. 3 — Simpson, Shepherd. Time—10.0.
220 Yard Dash: 1 — Lieberman, FSC. 2 — Hubbard, Shepherd. 3 — Cuyler, FSC. Time—23.4.
440 Yard Run: 1 — Green, FSC. 2 — Roth, Shepherd. 3 — Deaner, Shepherd. Time—53.5.
Half-Mile Run: 1 — Lackey, FSC. 2 — Soper, FSC. 3 — Petruski, Shepherd. Time—2:07.8.
Mile Run: 1 — Howell, FSC. 2 — Cannon, Shepherd. 3 — Obermeier, FSC. Time—4:42.6.
Two Mile Run: 1 — Cannon, Shepherd. 2 — Howell, FSC. 3 — Obermeier, FSC. Time—10:25.6.
High Hurdles: 1 — Togans, Shepherd. 2 — Robb, Shepherd. 3 — Smith, FSC. Time—16.8.
440 Yard Hurdles: 1 — Smith, FSC. 2 — Gailley, Shepherd. 3 — Zerhusen, FSC. Time—2:24.4.
440 Yard Relay: Shepherd (Hogans, Thompson, Prince, Hubbard). Time—45.5.
Mile Relay: Frostburg (Lackey, Short, Soper, Green). Time—3:38.1.

Field Events

Shotput: 1 — Exleben, Shepherd. 2 — Minear, FSC. 3 — Parsons, FSC. Distance—42 feet, 1 and one-fourth inches.
Discus: 1 — Kelley, Shepherd. 2 — Mundy, FSC. 3 — Minear, FSC. Distance—125 feet, 5 inches.
Javelin: 1 — Kelley, Shepherd. 2 — Mundy, FSC. 3 — Mundy, FSC. Distance—148 feet, 1 inch.
Broad Jump: 1 — Brown, Shepherd. 2 — Togans, Shepherd. 3 — Lieberman, FSC. Distance—19 feet, 10½ inches.
High Jump: 1 — Akers, Shepherd. 2 — Tegethoif, FSC. 3 — Jewell, FSC. Height—6 feet, 3 inches.
Triple Jump: 1 — Brown, Shepherd. 2 — Logsdon, Shepherd. 3 — Short, FSC. Distance—38 feet, 2 and one-fourth inches.
Pole Vault: 1 — Lebford, Shepherd. 2 — Zerhusen, FSC. 3 — Ng. Height—12 feet.

Sticks Stick II

by George Miller

FSC's men's Lacrosse team came up with their first victory of the season, breaking a three game losing streak by beating Catonsville Community College 8-7 in a hard fought game last Saturday on the victors' field. Before the Catonsville victory, Frostburg succumbed to Essex Community College (12-10), Mount St. Mary's (10-9), and Morgan State College (14-7).

Attachman Bob Booz led the Cats in scoring with three goals, followed by Chuck Minear's two. Dave Booz, who scored the winning goal, Dave Groove and Gordy Booker creased the net with one apiece. Shady Lane, who was hurt most of the game, led the Bobcats in assists with two.

The defense, which has not played together well all year, finally turned in an excellent job as Steve Krabill, John Ellenger and Chilly Orme put the clamps on the opposition most of the game. Mike Dyer and Dave Frizell did a good job in relief. Led by Bob Evans, the midfield did a good job by dominating and getting the ball to the attack.

The team has really progressed, as Catonsville is one of the top junior colleges in the area. All previous losses were by close scores and if the team keeps up the good work it should end up the season with a five game winning streak.

On Saturday, May 1st, the Bobcat stickmen will play host to Mount St. Mary's in hope of avenging an earlier season loss to the Mounties. Come and cheer the team on to its second home victory.

Baseball

Team Pace Still Unbelievable

Last Thursday the Bobcat baseball team tasted defeat for the first time this season succumbing to California State 9-6, in the nightcap of a twinball after winning the opener 3-1. Before the loss, the Cats racked up 20 straight victories.

In the opener, FSC scored all its runs in the first three frames. Oscar Lewis started the scoring by getting life on an error. After stealing second, George Moraz drove Oscar home with a sharp single up the middle which put FSC on top for good. Pitcher John Helmick allowed only five hits and fanned seven in winning his fifth decision.

A five run rally in the top of the seventh, three runs coming on a three base error, snapped the Cats streak in the nightcap. Losing pitcher Moraz, who was the victim of the error and a couple of nicely timed singles was given his first loss in 4 decisions.

Last Saturday, Frostburg got back in the win column by defeating UMBC in both ends of a double header, 13-0 and 7-2.

It was a day for pitchers, as the Cats hurlers gave up only 4 hits and 2 unearned runs. Moraz and Terry Kellen did the pitching chores for the Cats in the opener. Moraz went 5 1/3 innings before Kellen came in and finished up. Moraz and Tom Sherald both had three hits in four trips in the first game. Moraz smashing a homer and Sherald a double. It was Moraz's 4th win in 5 decisions.

In the nightcap, Hank Hanburger went the distance, pitching a 2-hitter for his 5th straight win. Joe Steiner homered and doubled in the nightcap.

The following day, the Bobcats faced one of their toughest opponents of the season in the likes of Catholic University and came out on the losing end, 9-6. The Cats committed 7 errors in the loss, but showed strength by homering three times. Joe Steiner, Greg, Eversole, and Steve Nibbs sparkled in the defeat. It was FSC's second loss in 24 games.

... Speaking of Sports

with Jim McCarthy

Frostburg's 1971 football schedule has been released and two new opponents appear in the likes of California State and Geneva College, both from Pennsylvania.

Shepherd College which plays Frostburg in football on November 13, 1971 should be an interesting game to watch.

Oscar Lewis, the Maury Wills of FSC has stolen 40 bases in 24 games. If you remember, the switch hitting Lewis led the NAIA in stolen bases two years ago.

FSC's golf team so far has not won in two matches. The losses were to Madison College (3½-14½) and Shepherd (12-6).

George Moraz, FSC's most versatile player and athlete will be missed to say the least. The 5'10" graduating senior will long be remembered in FSC's sport annals.

FSC's first loss after 20 straight should be congratulated for their fine performance last week. After losing three close games, they finally turned the tide and won 8-7 against Catonsville CCA premier junior college LaCrosse power.

The next home game will be played this Saturday against Point Park College in a double header starting at 2 o'clock.

Letter to the Editor

I regret to inform the staff of The Rag that when they ran their superb article on the ornithology of Frostburg and points surrounding, they neglected perhaps the most peculiar bird indigenous to the area. As a lifetime resident of this ecological wonderland, I wish not only to express astonishment at the omission, but also to rectify it with the following resume.

The species with which I am concerned is a sub-family of the ruby-necked townybird. The flap-tongued garbage-beaked martin (N. Hawkus-Proleus) is a very rare species; in fact it is so rare that only he and his mate exhibit the peculiarities of the species. (The genes seem to have been weakened in the offspring, who behave more or less like normal ruby-necked towny birds).

The flap-tongued garbage-beaked martin is characterized by an extremely elongated neck and a highly sensitive auditory system, which enable it to conserve every bit of information it perceives. Unfortunately, it has very poor recall, so that the information becomes jumbled and clouded, a factor which is highly influential in a phenomenon which I shall explain.

The flap-tongued garbage-beaked martin and his mate emit their weird war cry every Thursday night. They emit all the information that they had conserved in an attempt at revenge against their enemies, but due to their poor recall, the informa-

tion is jumbled and unclear, thereby making the overwhelming majority of their attack cries erroneous. (Also due to poor recall are the abundant errors in grammar, syntax, and spelling.)

If any of FSC's students wish to catch a glimpse of this rare bird, (who is also rarely visible), they might try hanging around Frampton Library, where several afternoons a week, it can be found roosting by the Xerox machine. I hope that they agree with me when I say that, for the sake of the welfare of the academic community, I hope beyond hope that this sub-family of the ruby-necked townybird is a MUTATION.

Thank you, State-to-Date, for helping me in my efforts to further the scientific knowledge of our academic community.

Sincerely,

An Amateur Ornithologist

Claude Frank — Pianist

Don't forget! Tickets for Wednesday night's concert will be on sale from April 28 to May 5th inclusive, in Gunter Foyer from 11:00 to 1:00 each day and on May 3rd and 4th from 4:00 to 6:00 p.m.
