

## Salisbury State University General Education Task Force

### Visit the [Task Force's Site](#)

Should every student have **the opportunity to have:**

- an Undergraduate Research Experience
  - an International Experience
- an Interdisciplinary Experience and
  - a Service Learning Experience

????????????????????

What do we expect General Education to do for/to our students?

Another Update: [The Provost has responded to a letter of inquiry from Parker concerning the General Education Task Force](#) declaring that he indeed does plan to include the Senate in the process both through the University Curriculum Committee and through an eventual (if the Senate so decides) Senate sub-committee or ad hoc committee specific to general education issues.

Comments and questions about this page can be directed to the [Senate Webmaster](#).
