Hi Victoria (and John!),
Attached is my thesis. Six words I would use to describe it are "nonbinary," "transgender," "gender," "LGBT," "agender," and "queer."

As for the embargo, the 10 years was correct (as John said), but I would like to shorten it to 5 years if possible. Since my academic work is taking me in a different direction, I can't see myself continuing to pursue its publication more than that far in the future.

For future correspondence, since I believe this email account will be terminated soon, the best email to contact me at will be mmckernan521@gmail.com. Please let me know if you have any further questions or concerns.

Best,
Mary

Hi John,

Thank you for your quick response. I totally understand. My question was about the length of the embargo. In the form, it was for 120 months, which is 10 years. A typical embargo is up to 24 months.

Please let me know.

Best,

Victoria
