## Honest Medicines

There is one thing that we want this advt. to make plain. It is, that we are trying to make every person in this community understand that when they buy medicines, or in fact any drug store goods, at our pharmacy, they get the very BEST that it is possible for their money to purchase. It makes no difference, whether you strike a bargain price, or whether you pay the regular, advertised, manufacturer's price, or whether you buy some drug, the price of which is not known to you, you can count on everything being STRICTLY FIRST QUALITY. We may, and do often, give bargain prices, but under no circumstances will we sell you second-class goods.

## IMPORTANT TO THE DEMOCRATS OF MARYLAND.

Instructions How To Mark And Vote The Ballot At Tuesday's Election, November 7. Note Carefully So Your Vote Will Count Truly For The Amendment And The Democratic Candidates.

Election day will be Tuesday, November 7th. The polls open at 8 o'clock A. M. in the counties, and close at 6 o'clock P. M. In Baltimore city they open at 6 o'clock A. M., and close at 5 o'clock P. M.

Let every registered Democrat go the polls as early as he can and vote. See that the ballot given you contains the initials of the Judge who gave it out.

Vote the ticket by marking a cross (X) mark in the space provided therefor to the right of and opposite the name of every person or persons for whom you intend to vote; and by making a cross (X) mark in the space provided therefor to the right of the words "For the Constitutional Amendment."

Remember one mark at the head of the ticket will NOT vote the entire ballot as it used to do.

You must make a cross (X) mark opposite the name of EVERY person for whom you wish to vote; and also a cross (X) mark in the space provided therefor to the right of the words "For the Constitutional Amendment."

Make a cross (X) mark wholly within the square provided for the purpose.

Do not let the (X) extend beyond the square. Make it entirely inside the square.

Do not make any other mark whatever on the ballot.

Any mark whatever on the ballot except the cross marks, whether in the square or out of it, will cause the ballot to be thrown out.

Do not make a dot or a circle or any other mark in the square but a cross mark.

If you mark your ballot with an X wholly in the square it will be counted.

If you make any mark of any kind with your pencil outside of the square, your ballot will NOT be counted.

Be sure not to deface or tear your ballot in any way.

If your pencil happens to make a hole through the ballot, return the ballot and get a new one. If you make a mistake in marking it, do not attempt to make a correction; return it to the Judge and get a new one. You are entitled to a third ballot if the first two have been spoiled and returned, but you must not consume more than seven minutes in marking it.

Be sure not to mark more names than there are persons to be elected to an office.

If you do, your ENTIRE ballot will not be counted.

For example, if you mark the names of FIVE candidates for the House of Delegates, and there are but FOUR candidates to be elected, your ENTIRE ballot, and not merely that part relating to the House of Delegates, will be thrown out.

This is most important to be remembered.

Find out before you vote the exact number of Democratic candidates and the number of Constitutional Amendments to be voted for.

Be sure to vote for all of these candidates and amendments. Count the cross marks made by you and be sure that you put no more cross marks than there are Democratic candidates and amendments on the ballot.

Mark your ballot with the INDELIBLE pencil which you will find in the election booth.

Do not use your own pencil; your ballot will not be counted if you do.

Fold your ballot exactly as it was folded when handed to you and give it to the ballot Judge, without permitting anyone to see how you have marked it.

See that the Judge tears off the coupon and deposits the ballot in the ballot box.

MURRAY VANDIVER,  
Chairman State Central Committee.

## THE OLD FOLKS AT HOME Are Never Without Pe-ru-na in the Home for Catarrhal Diseases.

Remarkable Cures  
Effectuated  
By Pe-ru-na.

Under date of January 10, 1897, Dr. Hartman received the following letter:

"My wife has been a sufferer from a complication of diseases for the past twenty-five years. Her case has baffled the skill of some of the most noted physicians. One of her worst troubles was chronic constipation of several years' standing. She was also passing through that most critical period in the life of a woman—change of life.

"In June, 1896, I wrote to you about her case. You advised a course of Pe-ru-na and Manalin, which we at once commenced, and have to say it completely cured her.

"About the same time I wrote you about my own case of catarrh, which had been of twenty-five years' standing. At times I was almost past going. I commenced to use Pe-ru-na according to your instructions and continued its use for about a year, and it has completely cured me. Your remedies do all that you claim for them, and even more."

In a letter dated January 1, 1900, Mr. Atkinson says, after five years' experience with Pe-ru-na:

"I will ever continue to speak a good word for Pe-ru-na. I am still cured of catarrh."—John O. Atkinson, Independence, Mo., Box 212.

Mrs. Alla Schwardt, Sanborn, Minn., writes:  
"I have been troubled with rheumatism and catarrh for twenty-five years. Could not sleep day or night. After having used Pe-ru-na I can sleep and nothing bothers me now. If I ever am affected with any kind of sickness Pe-ru-na will be the medicine I shall use. My son was cured of catarrh of the larynx by Pe-ru-na."—Mrs. Alla Schwardt.

Why Old People are Especially Liable to Systemic Catarrh.

When old age comes on, catarrhal diseases come also. Systemic catarrh is almost universal in old people.

This explains why Pe-ru-na has become so indispensable to old people. Pe-ru-na is their safeguard. Pe-ru-na is the only remedy yet devised that entirely meets these cases. Nothing but an effective systemic remedy can cure them.

A reward of \$10,000 has been deposited in the Market Exchange Bank, Columbus, Ohio, as a guarantee that the above testimonials are genuine; that we hold in our possession authentic letters certifying to the same. During many years' advertising we have never used, in part or in whole, a single spurious testimonial. Every one of our testimonials are genuine and in the words of the one whose name is appended.

## BALTIMORE NOW CHEERING FOR THE AMENDMENT.

The Good Old City With Its Fellow County Members Of This State. Late Reports Indicate That It Will Give Amendment Majority. Rah! For Lord Baltimore.

Baltimore, Md. November 3, 1905.

The Advertiser:—

This letter is sent with the purpose of providing truthful words of encouragement for our friends in the country. Baltimore City is alive for the amendment. There has been a complete revolution in sentiment in its favor. The gloomy outlook has passed. Our enemies are desperately alarmed about Baltimore City. They are beginning to fear that the city is going to give a substantial majority for the amendment.

This committee is encouraged to the point of elation. The trend of sentiment is strongly in our direction. The recent frost for the Anti Amendment meeting at the Lyric has demonstrated that the opposition is limited, not general. We have knowledge of thousands of Republicans who are for the amendment.

The white man's triumph is coming. Tell the county people to line up for good results. Baltimore City is now cheering for the amendment.

Yours truly,  
A. S. Goldsborough,  
Secretary Constitutional Amendment Campaign Committee.

## AN ADDRESS TO THE WHITE VOTERS OF WICOMICO COUNTY.

Strong Appeal From The Democratic State Central Committee To Support The Poe Amendment.

The Passage Of The Amendment Will Affect The Negro Only—No White Man Will Lose His Vote Under It—The Question Is One Which Should Receive The Votes Of White Men Of All Parties—Not A Political Question, But One To Elevate The Standard Of The Electorate Throughout The State Of Maryland.

To the White Voters of Wicomico County:

On Tuesday next, the most important political contest which has been waged in Maryland in many years, will claim the attention of the voters of Wicomico county. Besides the election of a local ticket, which will control the local conditions of our County for the next two years the great question of the passage of the Amendment will be settled in the coming contest.

We believe it will be admitted by all fair-minded citizens that the nominees on the Democratic ticket are the same high class, honest and reputable citizens elected here in the past, and that their election will mean an honest administration of public affairs, economically carried out. We ask for these nominees of the Democratic party the earnest and active support of all Democrats, as well as the non-partisan voters claiming allegiance to the other two parties.

Now As To The Amendment.

In taking up this subject, it is our earnest desire to deal with it in a purely business way and not in a partisan, political manner. The subject is one which has been discussed in all its phases, and it is certainly a question which should receive the earnest support of the white people of our county. Its provisions guarantee to every white citizen his right to register and vote. It is only the illiterate and vicious negro whose vote will be curtailed and it is this class of citizens whom every white man, Democrat, Republican and Prohibitionist, will acknowledge is a menace to good order and the peace of our State. On this subject we quote from the recent speech of ex-Governor E. E. Jackson as follows:

"The truth is, I am one of those who do not believe, as some profess to fear, that the elimination of the negro from politics will tend to perpetuate the Democratic party in power. On the contrary, I believe that the disfranchisement of the ignorant and illiterate negro voter will increase to a very large extent independent voting. There are thousands of people in Maryland today who vote the Democratic ticket, whoever may be its candidates, because they know that there are fifty thousand negroes in the State who, at every election blindly, unintelligently, and without any thought or concern for the financial, or business interests of the State, go to the polls and vote the Republican ticket. They give no more thought to men and issues today than they did thirty-five years ago. Deprive the negro of his power to vote and you will find more independence of thought and action among the white men.

"Certain it is that the chief effect of the adoption of the Constitutional Amendment will be to disfranchise the negro.

"Aside from these reasons of public policy I do not hesitate to say that I favor the Amendment, because I firmly believe that there ought to be a distinction between the white man and the negro, politically as well as socially.

"Political equality tends to encourage social equality, and social equality leads to disorder and crime. This has been the experience of every State in which the race question has been agitated, and the result has been the adoption of a franchise Amendment similar to the one now proposed in Maryland.

"I speak earnestly in this matter, not out of any feeling of prejudice against the negro race. I am, and always have been, a friend of the colored man. My political and personal conduct prove this fact.

"It has been contended by some people, in opposition to the proposed Amendment, that it gives too much power to the registration officers, and that its effect will be to disfranchise many white people, who should have the right to vote, because of their failure to explain the Constitution to the satisfaction of the registrars. I, myself, have no fear of this. Every well-informed man in Maryland knows that the purpose of this Amendment is "to preserve in every conservative and Constitutional way the political ascendancy of the white race," as declared in the platform of the Democratic State Convention of 1903. Experience has taught us that a statute is enforced or not, according as it has public sentiment behind it. Therefore, every white man who is entitled to vote will be registered, because public sentiment will demand it. We may as well be candid about this matter and say what we mean, and that is, as I understand it, that we propose, in so far as we can within the limits of the Constitution, to disfranchise the negro and preserve the right of the white man to vote. I wish it could be otherwise, and that we could literally and, in terms, disfranchise the negro.

"It seems to be generally conceded by public-spirited men everywhere that it was a mistake to have ever conferred the right of suffrage upon the negro race. If this be true, why should not they now be deprived of that right, when after thirty-five years of training they have shown themselves no more capable of participation in the affairs of government than they were when the right was conferred upon them.

"I, therefore, in conclusion appeal to every white man in Maryland, Democrat and Republican, to lay aside party feeling and personal prejudice and vote for this Amendment."

Democrats do your duty next Tuesday; white men do your duty next Tuesday, and let the verdict be for white supremacy in Maryland.

Very respectfully,

Democratic State Central Committee,  
FOR WICOMICO COUNTY.

## Blankets and Comforts

Reliable Qualities Below Prevailing Prices.

Contracts for great quantities were months ago placed with leading Eastern and  
California mills, therefore these offerings are in no way affected by the continuous  
advance in prices of wool and cotton. When these are exhausted prices will  
necessarily be higher. Present buying is assuredly good policy.

## ANOTHER WONDERFUL CURE BY CUTICURA

"About a year ago my hands began  
to crack and peel. I tried many reme-  
dies, but they grew worse all the time.  
At last they became so sore that it  
was impossible for me to do my  
housework. If I put my hands in  
water, I was in agony for hours;  
and if I tried to  
cook over the stove, the heat  
caused intense pain. I consulted a  
doctor, but his prescriptions were  
utterly useless. I gave him up and  
tried another, but without the least  
satisfaction. About six weeks ago I  
got my first relief when I purchased  
Cuticura Soap and Ointment. After  
using them for a week, I found to my  
great delight that my hands were  
beginning to feel much better, the  
deep cracks began to heal up and  
stop running, and to-day my hands  
are entirely well, the one ointment of  
Cuticura being all that I used.

ly forgotten that there is such a thing  
as an election.  
They need the white man and the  
white man needs them. They are  
most living in harmony, each depend-  
ent upon the other, and a decidedly  
better feeling has been established be-  
tween the two. There has been no  
disposition there that I can see to de-  
prive these people of any of their  
rights as citizens of the common-  
wealth, beyond limiting them in their  
elective franchise. They are given  
their schools just the same as before  
and all the protection of the law that  
the whites have.

I have been impressed with two  
things—that whiskey and the ballot  
should be kept out of the hands of  
these people, at least for the present.  
I believe that all civic righteousness  
depends upon the average intelligence  
and uprightness of the electorate; and  
that when an opportunity is given to  
relieve ourselves of this great body of  
ignorant voters, it is a duty we owe  
the state and society, both for our  
own interest and for the interest of  
the people to do it, and when the time  
comes if it ever does, that they are  
capable of exercising the right of the  
elective franchise, they should have it  
restored to them. In fact there are  
some who should not be deprived of it  
now, nor will they be deprived of it.

I am also interested in the election  
of the ticket that the party has nomi-  
nated both for the personnel of the  
ticket and the cause it represents.  
It is well known that the local ticket  
was nominated in the interest of the  
Good Roads movement, just as the  
Democratic ticket was nominated two  
years ago in the interest of temperance,  
or to satisfy the Anti Saloon sentiment,  
which had been aroused to demand  
both the necessary legislation and its  
enforcement. By way of parenthesis  
I might add that nothing could be  
more effective than our Anti Saloon  
laws have proven, notwithstanding the  
dire predictions that the oppo-  
nents of the move had made. This is  
all due to an enlightened and aroused  
public sentiment against the saloon.  
Public sentiment is now demanding  
that our public highways be improved  
—that the matter be taken up on a  
much larger and more systematic  
scale. A ticket has been nominated by  
the party and a platform adopted in  
compliance with this demand. It is  
therefore the duty not only of all par-  
ty men, but of all citizens and tax  
payers of each party to give the move  
their unqualified support and show  
that we are demanding this internal  
improvement. The persons that have  
been nominated for County Commis-  
sioners are considered capable of han-  
dling the proposition. In fact they  
were nominated because they were  
considered capable.

There is yet another subject causing  
public attention. The Anti Bribery  
movement, and here again, like all  
moral reforms it is dependent upon an  
intelligent and righteous electorate.  
If I understand the matter rightly we  
have already ample law both statutory  
and constitutional to prohibit vote  
buying, but public sentiment has not  
been sufficiently aroused to demand  
the enforcement of the law. Does any  
one doubt that if we rid ourselves of  
these twelve hundred ignorant voters  
and thereby raise the average intelli-  
gence and righteousness of the electo-  
rate, that we cannot the sooner arouse  
public sentiment to demand this re-  
form? One of the plausible excuses  
given all these years for offenses  
against the law has been that it was  
necessary to nullify the negro vote by  
this means.

When I consider all these things I  
say to you that I am intensely inter-  
ested both in the adoption of the  
Amendment and the election of the  
ticket.  
Yours Very Truly,  
Thos. Perry.

There is more catarrh in this sec-  
tion of the country than all other dis-  
eases put together, and until the last  
few years was supposed to be incur-  
able. For a great many years doctors  
pronounced it a local disease and pre-  
scribed local remedies, and by con-  
stantly failing to cure with local  
treatment, pronounced it incurable.  
Science has proven catarrh to be a  
constitutional disease and therefore  
requires constitutional treatment.  
Hall's Catarrh Cure, manufactured  
by F. J. Cheney & Co., Toledo, Ohio,  
is the only constitutional cure on the  
market. It is taken internally in doses  
of from 10 drops to a teaspoonful.  
It acts directly on the blood and mu-  
cous surfaces of the system. They  
offer one hundred dollars for any case  
it fails to cure. Send for circulars  
and testimonials.

Tuesday for Baltimore where he re-  
sumed his position as oyster measurer  
or inspector.

Mrs. Susie Nelson left here on Wed-  
nesday for the Enderwood Sanitarium  
to be treated for tuberculosis of the  
lungs. She is the surviving widow of  
the late John E. Nelson, who died of  
tuberculosis on June 6th, last. Mrs.  
Nelson has been in poor health for  
some months. She has four children  
who are being taken care of by re-  
latives and friends. She was accom-

## A TRULY IDEAL WIFE

HER HUSBAND'S BEST HELPER

Vigorous Health Is the Great Source of  
the Power to Inspire and Encourage  
— All Women Should Seek It.

One of the most noted, successful and  
richest men of this century, in a recent  
article, has said, "Whatever I am and  
whatever success I have attained in  
this world I owe all to my wife. From  
the day I first knew her she has been  
an inspiration, and the greatest help-  
mate of my life."

To be such a successful wife, to re-  
tain the love and admiration of her  
husband, to inspire him to make the  
most of himself, should be a woman's  
constant study.

If a woman finds that her energies  
are flagging, that she gets easily tired,  
dark shadows appear under her eyes,  
she has backache, headaches, bearing-  
down pains, nervousness, whites, irreg-  
ularities or the blues, she should start  
at once to build up her system by a  
tonic with specific powers, such as  
Lydia E. Pinkham's Vegetable Com-  
pound.

Following we publish by request a  
letter from a young wife:  
Dear Mrs. Pinkham:  
"Ever since my child was born I have suf-  
fered, as I hope few women ever have, with in-  
flammation, female weakness, bearing-down  
pains, backache and wretched headaches. It  
affected my stomach so I could not enjoy my  
meals, and half my time was spent in bed."  
— Lydia E. Pinkham's Vegetable Compound  
made me a well woman, and I feel so grateful  
that I am glad to write and tell you of my  
marvelous recovery. It brought me health,  
new life and vitality. — Mrs. Bessie Ansley,  
611 South 10th Street, Tacoma, Wash.

What Lydia E. Pinkham's Vegetable  
Compound did for Mrs. Ansley it will  
do for every sick and ailing woman.  
If you have symptoms you don't un-  
derstand write to Mrs. Pinkham, at  
Lynn, Mass. Her advice is free and  
always helpful.

## WITH A LAMB BACK?

Almost everybody who reads the newspaper is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the greatest medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer,

515 North Second St., New York, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## HIGH PLANE REASONS

That Appeal To A Larger Intelligence—And Futurity. Strongest Arguments Of Amendment Opposition Overcome.

Messrs. Editors:—The following reasons have suggested themselves as sufficient to justify the support of the proposed Constitutional Amendment.

1.—The great and overpowering reason which would seem to outweigh many others is that it will help solve the negro question. If the Amendment should be carried perhaps in future elections it will be possible to discuss some other question. At least some economic question may be decided of the campaign. People have become nauseated with this issue. Rightly or wrongly it influences all our elections and should not be longer tolerated if possible to get rid of it.

2.—It is said however that it will not solve the question and that the Democrats will make the issue that the Republicans will want to put the negro back. The answer to that can be readily seen to be that by taking the negro out, the party would be in a hopeless minority. If they go back into power it will be by the aid of what now are democrats and it is not likely that these will vote to re-instate the negro.

3.—If the Amendment is adopted there can be no excuse for dishonest methods or elections. Irregularities are now excused or condoned by a large majority of people from the feeling that such methods are justifiable to beat the negro believing he is not the people for whom our institutions were designed. Surely this would make peace and good order as nothing can be more hurtful to good government, that the habitual indulgence in questionable methods under the plea of compulsion.

4.—It may be a step (perhaps the only final action) to the complete separation of the races. It is not unreasonable to say there should be a place somewhere where the negro can have his full political and social rights with his own race and work out his own salvation along lines suited to his peculiar temperament. It would seem to be wholly inconsistent to admit races to full political rights whom it is impossible to assimilate and make one people in blood. No one wishes a people with us that compels discrimination, justifies an apparent violation of American principles. Therefore it may be hoped a wise government while depriving him of some privileges while with us, may yet assist him to find an abiding place undisturbed by the strenuous Bacon or may be under our voluntary guidance, where he can have every right and privilege suitable to his own ideals and achieve, it may be hoped, a high civilization.

5.—As to his legality. If unconstitutional it will be speedily repealed by the Supreme Court. It is idle of course to talk about disobeying the law—as the law will not be disobeyed. As to the indirectness of the methods proposed it may be answered with some reason that when a person is shoved into a ditch he cannot be very prominent in the manner in which he clatters out. If wholesale negro suffrage was wrong in its origin it is still wrong. A contract entered into by duress is not binding in law. Would the Fifteenth Amendment be passed today. There can be no hesitation in saying if the measure was again before the American people—the liberated slave would have to undergo a period of probation and if the franchise was given at all it would only be to those of some property and intelligence as long as their lot was cast with us, but no such measure would be considered until all plans failed looking to a complete separation of the races.

7.—"Woman against Woman" is advertised to appear at the Uman Theatre on Monday, November 13th. It has been presented in almost every city throughout the United States; had its initial performance in Boston, and a long run in New York City. The dialogue is interesting, embracing strong dramatic scenes and some very funny situations. Some of the climaxes are stirring in the extreme, especially as the close of the fourth act, when Beatie Barton, the honest wife and mother, frantic with grief at the death of her child, breaks the oath she has bound her to secrecy and gives vent to her feelings against the woman, who wrecked her once happy home. The scene between the two women is as sensational as can be depicted. The prices will be 35, 55 and 50 cents.

In sad but loving remembrance of Willie Locates, beloved son of Mr. and Mrs. Greensbury Locates, who died October 14, 1905.

O how sad and lonely was the home. When death came and took our loved one away.

All was done that lay in strength and power.

But yet he could not with us stay. Twelve long weeks he did suffer with sad affliction.

But with patience he endured it until the end.

His kind way had gained much affection. Therefore he has left many a true friend.

He called for mercy and the Lord did give.

His poor heart was made happy and did rejoice.

May the Lord help us all in this sad distress.

We almost seem to hear his dear voice.

When the long snowy winter nights come on.

With its howling winds that blow so cold.

We shall then think of Willie who is gone.

To that bright city of the purest gold.

Willie you are gone but not forgotten And never will be until I die.

We are cast down but not forsaken Dear Brother I had to bid you good bye.

—By His Loving Sister.

## PASS THE AMENDMENT

And Elect The Ticket. Mr. Thomas Perry Expresses Himself Strongly On The Necessity Of Eliminating The Negro Vote. Southern Results.

Editors Advertiser:—

You ask me for my views on the Constitutional Amendments to be submitted this fall, and if I feel much interest in the approaching election.

I am intensely interested in the subject to be voted upon in our county next Tuesday, both in the Amendment that has for its object the restricting of the colored vote and the ticket that has been nominated for the cause it represents.

I am sure there is considerable misapprehension about the Amendment in some circles. To those who feel any apprehension about the execution of it, if adopted, depriving any white men of his voting privilege, let me say: In the first place, there are not a half dozen citizens in Wicomico county that could be prevented under the proposed clause, even if the registration officers went to the limit to do so. And I don't think there is a belief in any quarter that there is the slightest disposition to deprive any white man of his vote. The truth is, public sentiment would not allow it, and no man or set of men would dare undertake it. The execution of all law is dependent upon public sentiment—the demand for its execution. I have had considerable opportunity to observe the workings of similar constitutional provisions in the States of Virginia, North Carolina and Alabama. Only good results have been secured by their adoption, and I can frankly say that I consider the colored people have been as much benefited as the whites. Before the adoption of this Amendment, these people were in continual toil and ferment. One election was scarcely over before another began to be discussed. They were everlastingly harassed by negro preachers, organizers, and white politicians and often excited to acts of violence. Since then violent outbreaks and disorderly gatherings are much less frequent and these people have become much more industrious, orderly and thrifty. The negroes of North Carolina, today that I have seen, that is those living in the sections I operate in, are industrious, orderly citizens and a productive factor in the community. Many of them are cultivating small farms and with the direction and oversight of white men are making a success of it. They make good laborers, with proper oversight and direction. We find them satisfactory mill hands. They have practical-

## Constitutional Amendment.

CHAPTER 96.

OF THE ACTS OF 1904.

AN ACT to amend Section 1 of Article 1 of the Constitution of this State and to provide for the submission of said amendment to the qualified voters of this State for adoption or rejection.

Section 1. Be it enacted by the General Assembly of Maryland (three-fifths of all the members of each of the two houses concurring), That the following section be and the same is hereby proposed as an amendment to Section 1 of Article 1 of the Constitution of this State, and if adopted by the legal and qualified voters thereof, as herein provided, it shall supersede and stand in place and stead of Section 1 of said Article 1.

Section 1. All elections by the people shall be by ballot. Every male citizen of the United States, whether native born or naturalized, of the age of 21 years or upwards, who has resided in this State for one year and in the Legislative district of Baltimore city or in the county in which he may offer to vote for six months next preceding the election, and who moreover is duly registered as a qualified voter, as provided in this Article, shall be entitled to vote in the ward or election district in which he resides at all elections hereafter to be held in this State; and in case any county or city shall be so divided as to form portions of different electoral districts for the election of Representatives in Congress, Senators, Delegates or other officers, then, to entitle a person to vote for such officers, he must have been a resident of that part of the county or city which shall form a part of the electoral district in which he offers to vote for six months next preceding the election, but a person who shall have acquired a residence in such county or city, entitling him to vote at any such election, shall be entitled to vote in the election district from which he removed until he shall have acquired a residence in the part of the country

or city to which he has removed. Every such male citizen of the United States having the above prescribed qualifications of age and residence shall be entitled to be registered so as to become a qualified voter if he be—

First—A person able to read any section of the Constitution of this State submitted to him by the officers of registration and to give a reasonable explanation of the same; or if unable to read such section is able to understand, and give a reasonable explanation thereof when read to him by the registration officers; or

Second—A person who on the first day of January 1899, or prior thereto, was entitled to vote under the laws of this State or any other State of the United States wherein he then resided; or

Third—Any male lineal descendant of such last mentioned person who may be twenty-one (21) years of age or over in the year 1906.

No person not thus qualified by coming under some one of the above descriptions shall be entitled to vote.

Section 2—And be it further enacted, That the foregoing section hereby proposed as amendment to the Constitution of this State shall be at the next general election for members of the General Assembly to be held in this State submitted to the legal and qualified voters thereof for their adoption or rejection in pursuance of the direction contained in Article XIV of the Constitution, and at said election the vote on said proposed amendment shall be by ballot, and upon each ballot there shall be written or printed the words: "For the Constitutional Amendment," or "Against the Constitutional Amendment," and the voters shall elect; and immediately after said election due return shall be made to the Governor of the vote on said proposed amendment as directed by the said XIVth Article of the Constitution.

CHAPTER 97.

OF THE ACTS OF 1904.

AN ACT to amend Section 34 of Article 3 of the Constitution of this State.

Section 1. Be it enacted by the General Assembly of Maryland (three-fifths of all the members of the two houses concurring), That the following section be and the same is hereby proposed as an amendment to the Constitution of this State, and if adopted by the legal and qualified voters thereof, as herein provided, it shall supersede and stand in place and stead of Section 34 of Article 3 of said Constitution.

Section 34. No debt shall be hereafter contracted by the General Assembly unless such debt shall be authorized by a law providing for the collection of an annual tax or taxes sufficient to pay the interest on such debt as it falls due, and also to discharge the principal thereof within fifteen years from the time of contracting the same, and the taxes laid for this purpose shall not be repealed or applied to any other object until the said debt and interest thereon shall be discharged. The credit of the State shall not in any manner be given or loaned to, or in aid of any individual, association or corporation; nor shall the General Assembly have the power in any mode to involve the State in the construction of works of internal improvement, nor in granting any aid thereto which shall involve the faith or credit of the State; nor make any appropriation therefor, except in aid of the construction of works of internal improvement in the counties of St. Mary's, Charles and Calvert, which had no direct advantage from such works as have been heretofore aided by the State; and provided that such aid, advances or appropriations shall not exceed in the aggregate the sum of five hundred thousand dollars, and they shall not use or appropriate the proceeds of the internal improvement companies, or of the State tax now

levied or which may hereafter be levied to pay off the public debt, to any other purpose until the interest and debt are fully paid, or the sinking fund shall be equal to the amount of outstanding debt; but the General Assembly may, without laying a tax, borrow an amount never to exceed fifty thousand dollars to meet temporary deficiencies in the treasury, and may contract debts to any amount that may be necessary for the defence of the State.

But nothing in this section or in this Constitution shall deprive the General Assembly of the power to appropriate money and to appropriate to the city of Baltimore and the counties of the State out of any funds in the Treasury not otherwise appropriated, a sum of money not exceeding four hundred thousand dollars each year, to be expended only in the construction and maintenance of public roads and highways under and in accordance with such regulations as the General Assembly may from time to time prescribe.

Section 2. And it be further enacted by the authority aforesaid, that the foregoing section hereby proposed as an amendment to the Constitution shall be, at the next general election held in this State, submitted to the legal and qualified voters thereof for their adoption and rejection, in pursuance of the directions contained in Article 14 of the Constitution of this State, and at the said general election the vote on said proposed amendment to the Constitution shall be by ballot, and upon each ballot shall be printed the words: "For Constitutional Amendment," and "Against Constitutional Amendment," as now prescribed by law, and immediately after said election due return shall be made to the Governor of the vote for and against said proposed amendment, as directed by the said fourteenth article of the Constitution.

## SUDDEN DEATH

Removes One Of County's Honored Citizens. Demise Of Mr. William S. Moore On Election Grounds.

Tuesday during the excitement of the campaign, while hard at work for the success of the Democratic ticket, Mr. William S. Moore, one of the best known and most popular men of Wicomico county, was stricken with paralysis at the election polls in Trappe district and died within a few hours. At the time he was stricken, which was about 4 o'clock, he was talking with Capt. James A. Turner, and suddenly becoming pale started to fall. Captain Turner supported him to a seat and Dr. J. I. T. Long was summoned, but Mr. Moore soon lapsed into unconsciousness, from which he never rallied. He died at 8 o'clock and his body was brought to Salisbury to the home of his son, Mr. Ernest Moore.

Mr. Moore was probably the best known man in Wicomico county. He was known for his kindness of heart and his ever readiness to help people without regard to political affiliations whenever appealed to. His death will cast a gloom over a large portion of the county and comes with peculiar sadness at a time when his wife is just recovering from a painful accident sustained last summer. Mr. Moore was the son of John E. Moore, of Trappe district. He started life as a clerk for Mr. Levin W. Dashiell at Tony Tank, and after his marriage to the eldest daughter of the late John H. Griffith he engaged in farming and politics.

He was first elected to office as Sheriff in the memorable fight in 1873, when he defeated the late Levin Wilson by eight votes. He had held the following offices: Elected Sheriff in 1873 and again in 1879, to the Legislature in 1884, 1891 and 1895, oyster inspector in Baltimore under Governor Brown and deputy in the Subtreasury under President Cleveland.

Notwithstanding the fact that he was so often a candidate for office, his record was always so clean and honorable that he could at any time have received the votes of the people of Wicomico county for almost any office. Mr. Moore served as a delegate to more important Congressional, judicial and State conventions than any other man in the State of Maryland. He was popular with all who knew him and was spoken of by his friends as "Uncle Billy Moore."

—Wanted—Representative in town community. \$500.00 Capital required. Good salary to right party. Bona fide Real Estate proposition. Address New Martinsville Improvement Co., Steelton, W. Va.

## Many Persons Have Catarrh of Kidneys, Or Catarrh of Bladder and Don't Know It.

President Newhof and War Correspondent Richards Were Promptly Cured By Pe-ru-na.

Mr. C. B. Newhof, 10 Delaware street, Albany, N. Y., President Monticello Club, writes: "Since my advanced age I find that I have been frequently troubled with urinary ailments. The bladder seemed irritated, and my physician said that it was catarrh caused by a protracted cold which would be difficult to overcome on account of my advanced years. I took Peruna, hardly daring to believe that I would be helped, but I found to my relief that I soon began to mend. The irritation gradually subsided and the urinary difficulties passed away. I have enjoyed excellent health now for the past seven months. I enjoy my meals, sleep soundly, and am as well as I was twenty years ago. I give all praise to Peruna."—C. B. Newhof.

Suffered From Catarrh of Kidneys, Threatened With Nervous Collapse, Cured By Pe-ru-na.

Mr. F. B. Richards, 608 E. Street, N. W., Washington, D. C., War Correspondent, writes: "Exactly six years ago I was ordered to Cuba as staff correspondent of the New York Sun. I was in charge of a Sun Dispatch boat through the Spanish American War. The effect of the tropical climate and the nervous strain showed plainly on my return to the states. Lassitude, depression to the verge of melancholia, and incessant kidney trouble made me practically an invalid. This undesirable condition continued, despite the best of treatment. Finally a brother newspaperman, who like myself had served in the war, induced me to give a faithful trial to Peruna. I did so. In a short time the lassitude left me, my kidneys resumed a healthy condition, and a complete cure was effected. I cannot too strongly recommend Peruna to those suffering with kidney trouble. Today I am able to work as hard as at any time in my life, and the examiner for a leading insurance company pronounced me an "A risk."

In Poor Health Over Four Years. Pe-ru-na Gave Me Real Benefit.

Mr. John N. Moore, 215 Lippincott St., Toronto, Can., a prominent merchant of that city and also a member of the Masonic order, writes: "I have been in poor health generally for over four years. When I caught cold it would settle in the bladder and kidneys, causing serious trouble. I took Peruna, and it cured me."

County Sunday School Convention.

It has been arranged to hold the Wicomico County Sunday School Convention at Hebron on the 25th and 26th of November. An interesting program is being built and every effort will be made to make it a memorable and helpful occasion. More elaborate notice of the convention will be given next week. It is desired to have every Sunday school in the county represented. Hebron will open its doors to the delegates and will demonstrate the warmth of her hospitality.

## THE REFORM VICTORY

Of Philadelphia And N. Y. Causes Hearty Rejoicings Among Good Government People. Democrats Sweep Virginia. American Party Wins In Salt Lake City. Elections Elsewhere.

The latest figures in New York indicate that George B. McClellan was re-elected Mayor by a plurality of 3,485. Charges of gross fraud and corruption are made by William R. Hearst, candidate of the Municipal Ownership League, who declares that a recount of the ballots will show his election. He proposes to have the 1,948 boxes containing the ballots taken before the Board of Aldermen for a recount and has declared his purpose to carry his contest for the office to the court of last resort.

William Travers Jerome, the independent candidate for District Attorney of New York, is re-elected by a plurality estimated at from 4,000 to 9,000. He has joined Mr. Hearst in an effort to develop any corruption that may have been practiced.

Philadelphia.

In Pennsylvania and in Philadelphia particularly, late returns confirm the fact that the reform was swept everything before it. For the first time in a quarter of a century Philadelphia voted against the Republican organization. Mayor Weaver and the City Party carried the municipality by about 48,000. In the State William H. Berry, the candidate for State Treasurer of the Democratic, Independence, Lincoln and Prohibition parties, was elected by 100,000. President Roosevelt carried the State last year by 500,000.

A Sweep In Virginia.

The Democratic State ticket, headed by Swanson for Governor, appears to have carried Virginia by from 25,000 to 30,000.

Though the vote was light, the Democratic majorities in many counties were increased. In Richmond Judge Lexia, the Republican candidate for Governor, got only 482 of the 3,696 votes cast. The poor showing made by the Republicans, even after a vigorous campaign is attributed to the falling off in the negro vote. Nearly all the blacks were disfranchised by the new constitution, and many of those who were able to vote remained away from the polls because the Republicans were endeavoring to make a "Lily White" party.

Ohio And Other States.

In Ohio the election of Pattison, the Democratic candidate for Governor, is claimed by 36,000. This is also due to the revolt against bossism. Massachusetts Republicans elected Curtis Guild, Jr. Governor by 23,116 plurality and E. S. Draper Lieutenant Governor by 1,906. The feature of the election was the victory of John B. Moran for District Attorney of Suffolk county, which includes Boston, over both the Republican and Democratic candidates. It is stated that the Democratic leaders will request a recount of the vote for Lieutenant Governor.

Governor George U. Utter carried Rhode Island by a plurality of 4,343 and the Republicans will be in overwhelming preponderance in the Legislature.

Salisbury. Providence elected a Republican Mayor for the first time in 11 years.

In New Jersey the Republicans won 74 of the 81 seats in the Legislature. Kentucky, while the returns are slow in being received, appears to be Democratic by a reduced majority.

Chicago voted for judges of two courts and all the Republican candidates were successful. Besides a law, creating a municipal court was ratified.

In San Francisco the entire Union Labor ticket, with Mayor Eugene E. Schmitz at its head, was successful by pluralities ranging from 4,000 to 11,000.

The American Party formed to overthrow the influence of the Mormon Church in municipal affairs, carried Salt Lake City by more than 900.

Democratic Comptroller.

The returns show that Dr. Atkinson is re-elected by a majority of not less than 7300.

In Baltimore.

Complete and revised return from all the precincts in Baltimore city show that the suffrage amendment was defeated there by the tremendous majority of 30,687, and that the good roads amendment, in which no one seemed particularly interested, suffered a similar fate by a majority of 77,567. They also show that Judge Henry D. Harlan, Dem., was triumphantly re-elected, receiving 51,480 more votes than his opponent, Mr. Thomas Ireland Elliott, Ind. Rep. The following other candidates in the city have been chosen on the face of the returns:

City Officers.

Sheriff—George W. Padgett, Rep., plurality, 215.

Clerk of City Court—G. Carey Lindsay, Dem., plurality, 394.

City Surveyor—Raleigh O. Thomas, Dem., plurality, 907.

Apparatus Defeated.

In Dorchester the defeat of Mr. William F. Applegarth for the Senate is hailed with satisfaction by a large and respectable element of his own party, which compassed his defeat. These people charged that upon previous occasions he was untrue to his party and his conduct in the Senate was distasteful to them. Mr. Applegarth was the leading instrument in the defeat of the Haman bill. The oyster tongs' vote, upon which he seemed to rely and to which he appealed, was not, it seems, sufficient to save him.

Genuine Democratic State Victory.

The fact that the Democrats have elected their State ticket—that is, the candidate for Comptroller—probably their entire city ticket, have the Legislature and will elect the State Treasurer, makes the Democratic generally consider Tuesday's election a party victory, notwithstanding the defeat of the amendment. The Legislature when it meets will have to provide by law for taking the sense of the people as to calling a constitutional convention. Should there be a majority for the call at the election in November, 1907, then the question of limiting the franchise is likely to come up again.

## STRONG REJOICING

And Much Encouragement For The Future Political Condition Of Wicomico Manifest In Tuesday's Vote. Anti-Boodle Day.

Editors Salisbury Advertiser.

The Baltimore papers have stated that \$1000.00 was placed in my hands to be used as rewards for the enforcement of the law against bribery at the election on Tuesday last. This is an error. Something of the kind was intimated, but in view of the solemn pledges made, it seemed preferable to trust to the good faith of the gentlemen and their influence among their followers. At the same time, it was wise to watch and trust—especially to get a watch on one's self, lest the old habit should assert itself.

Some of the Democratic workers would say it was pathetic to see the "Booters" standing around. There was also a touch of pathos, akin to humor, to hear among the common expressions of the day, "We're beat." "The county has gone Republican." "You've done it for us today." But they still worked with the energy of desperation and brought about one of the old time Democratic majorities. No small part of the victory is due to the good qualities of the Democratic ticket.

There is a unanimous expression of satisfaction with the manner in which the election was conducted and great satisfaction among Democrats at the result. He would be a rash man, who ventures in the future to suggest a return to bribery, and likely to be a "marked man," in more ways than one, if he should be on the ticket.

I dare venture some suggestions—that farmers, mechanics, business men and the people generally take an interest in politics, and help their respective party organizations make a good nomination and "run" political, and make sacrifices for the good of their party and for the good of the people, which is always above the good of the party. The party should always be only a means to an end, and that end the good of the people. The "chief end" has been of late years the politicians, and the talk has become common, that men have claims to an office, because of money spent—as though an office were a matter of private emolument, instead of a "Public Trust." This has begotten the spirit of "Graft" among these men, when in office. The spirit of true party loyalty, the off spring of a conscientious conviction in regard to questions of public policy is the cohesive power of the party. Selfishness and corruption are the disintegrating forces.

Another suggestion—if our county papers will now join with the Salisbury Advertiser and devote a fair portion of their columns, less than that given to oysters, Haman Bill, good roads and other matter of like import, to the purification of the ballot box; and if our pulpits will preach civic righteousness even less than they have preached the question of temperance, and will condemn the bribe giver in even less vehement language than they have done the saloon keeper, a public sentiment will be aroused in less than one year that will look on bribery as it is, a crime against human and Divine law. Returning to the party aspect of the late election in Wicomico county it proves several things.

First: That the "doubtful vote" is not uncertain, as some of the vote buyers would have us believe; and that Wicomico is Democratic in a "square deal." Second: That the "impossible" has been accomplished, and gives a lie to those who say "We can't have honest elections in Wicomico." Third: That if "This was a bad year much more ought to be done in a good year for Democrats." Jas. E. Ellegood.

## STATE LEGISLATURE

Democratic; House By 11 And Senate By 9. Majority On Joint Ballot 20. Members From Each County.

According to the latest returns, which in Dorchester and Prince George's are incomplete, the Democrats will be able to organize the House, provided they work in harmony.

Corrected returns from the election of members of the two branches of the Legislature show some changes in the personnel of the delegations, but these are not important as bearing upon the complexion of the two houses.

The Wells faction of Anne Arundel democracy elected all four members of the House of Delegates, instead of half the ticket, as was once indicated.

In Baltimore city the Democrats captured ten of the twenty four delegates.

Carroll's delegation split even instead of being solidly Democratic.

Cecil elected two Democrats and one Republican member of the House and a Republican senator.

Dorchester elected one Republican member of the House and three Democrats and a Republican senator.

Montgomery and Prince George each elected one Republican delegate and three Democrats.

Queen Anne's three delegates are independent Democrats.

St. Mary's senator is a fusionist, the product of a combination of independents and Republicans against the Democratic ticket.

How The Legislature Stands.

The corrected returns therefore place the two houses in the following light:

Counties.	Dem.	Rep.	House.	Sen.
Allegany	1	—	—	5
Anne Arundel	1	—	4	—
Baltimore	10	—	—	—

Worcester	1	—	3	—
Total	18	9	56	45

Democratic majority in Senate, 9. Democratic majority in House, 11. Democratic majority on joint ballot, twenty.

Status Of Independents.

If the Republicans by any means can win the hearts of the three independent Democrats of Queen Anne county they will have but forty eight members of the House, and the regular Democrats will still glory in a majority in that body of five, a rather scant working margin, it is true, but sufficient to control. By the same token they will still have a majority of fourteen on joint ballot.

A dispatch from Centerville, however, indicates that the three delegates are not liable to seek a union with the Republican forces any more than the Wells people from Anne Arundel are liable to do so. Both are merely factions of the Democratic party in their respective counties, whose main point of difference with the other Democrats of their sections was on the amendment and organization. It will be recalled, however, that the Wells faction had the regular ticket in their county.

Complexion Of Legislature.

Of interest in comparison with the figures showing the complexion of the next session of the Legislature is the following table showing how the law making body of Maryland has stood politically during the last decade:

## The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address: Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## What Does It Mean

to let Dividends "accumulate" on a Life Insurance Policy? In many companies it means nothing more than an agreement on the part of the policy-holder, to do without dividends for fifteen or twenty years, and then take whatever dividend the company will be willing to give. ## CHILD LABOR LAWS IN ITALY.

Include a Wise Provision for Young Breadwinners.

Modifications of the law of June 19, 1902, governing the employment of women and children, recently brought before the Italian Chamber of Deputies, provide for new regulations which will be of interest in industrial America. The new regulations provide that children of either sex under 12 years will not be allowed to work in any factory or mines. This provision is practically extended also to any trade. For admission to work in mines, tunnels, and so forth, children must have attained the age of 13 years where there is electric traction, and 14 years where there is no electric traction, and women and girls are excluded altogether from this class of labor, regardless of age.

In work of a heavy, unhealthy or dangerous nature the new laws provide that no boys under 15 years of age shall be employed, or females under the age of 21. In Sicily, under certain circumstances, boys of 13 years will be allowed to continue in the employments where they are now engaged until July 1, 1907, after which the age limit will be 14 years under the conditions named above. Night work will not legally exceed nine hours out of the twenty-four, and in cases where night and day shifts are used the relief shall be made every eight hours. These new regulations indicate the amount of thought which is being devoted to an important branch of social science by the Italian government.

A Tasteful Morning Gown.

Morning gowns that are made with jackets that match the skirts instead of the tighter fitting waists have been a feature of the summer and promise to extend their popularity through the cooler weather. This one is graceful, becoming and attractive in every way and is alike appropriate for washable materials and for such wools as challis, cashmere and the like, which will be in demand before many weeks. The jacket is quite simple yet it is tucked in a way to give the best possible lines to the figure while the skirt is seven gored with a tuck at each seam, which is attached flat for a portion of its length. When liked both models can be utilized separately. The jacket will be a favorite for the winter worn with odd skirts as well as for the morning costume, while the skirt is one of the most desirable of all the season's models, and will be greatly used both for the house and for the street.

Woman's Part in History.

In days gone by several famous queens have personally led armies into battle, and the glory of their campaigns—such, for instance, as Zenobia, Queen of Palmyra; or, in later days, the peasant, Jeanne d'Arc—are read with awe by the women of to-day. But although they may not enter into battle, as has actually been done by more than one woman, even in the late War of the Rebellion, several of the women of European courts have honorary rank in the armies, notably in the German, for it is a mark of the Kaiser's favor for a woman to be appointed an officer in one of his crack regiments. The German Empress herself is the colonel of the Prussian cuirassiers and formally dons the picturesque white and red uniform and leads the cuirassiers in person at the reviews and parades. Queen Wilhelmina of the Netherlands also commands a cavalry corps in the German army, her colonelcy being a birthday present from the Kaiser, and the Grand Duchess of Baden and the Dowager Queen Marguerite of Italy hold like positions, and take an active interest in their respective regiments.

Died of Improvements.

The following is told of a patient, a German woman, who, taken seriously ill, was sent to the hospital. In the evening her husband inquired how she was getting along, and was told she was improving. Next day he called again, and was told she was still improving. This went on for some time, each day the report being that his wife was improving. Finally, one night when he called he was told that his wife was dead. Seeing the doctor, he went up to him and said, "Well, doctor, you said she die of improvements?"

## WICOMICO IN THE LEAD.

In the victorious election sweep over the country Tuesday there were none more fortunate than our own Wicomico County. In New York there was a remarkable showing of true grit and conscience. In Philadelphia, the reform movement had an overwhelming majority over the notorious gang.

In Salt Lake City the Amendment Party for municipal control, as opposed to Mormon influence had a triumph. Yet no where in the country were there more salutary results than in the midst of home people, in the confines of a county set apart from Worcester and Somerset and named Wicomico, young in years but old in political experience. The election of Tuesday while gratifying in a large degree to the Democratic party, has a welcome in honest republican and prohibition hearts.

For the first time in history Wicomico County declared, through the Democratic and Republican parties and their candidates for a free, unadulterated election, and reports from all parts of the county indicate that they had it to an extent never before realized. Corruption dollars which in recent years have been considered a necessary part of a successful campaign or an essential evil, were not on the ground Tuesday nor in evidence.

The agreement to use no money to buy venal voters seems to have been strictly adhered to. Watchers could find no deviation of the compact. Conscience and a heavy forfeit held the parties to the free election contract and it can almost be said that not a dollar was spent or a vote bought here on election day. This is indeed the most refreshing feature—and a victory that will never dim nor grow old—of Tuesday's results, in Maryland, second to which may be named the splendid defeat metted to Senator Applegarth by an enraged public sentiment in neighboring Dorchester.

Here it need never be said again that the Democratic party cannot win on its merits. The facts are too strong against such a statement. The Democrats and the good thinking members of the other parties want the ticket to contain right and proper candidates—the best that can be secured and they will do the rest. The party should never go back on its healthful record on November 7, 1905, which should ever be a memorable occasion in its political history. The elected candidates are to be most heartily congratulated on receiving their portfolios to public office, direct at the hands of the people—the free choice of a free manhood—not fettered by dishonorable obligations nor burdened by a bought electorate.

It is a high honor to the citizens of Wicomico, that their county sets the lead in anti-buile elections in our State and we are sure our aggressive fellow zealot, Hon. James E. Ellegood, in pure elections' cause, with his manly associates is well pleased at what may be termed in large part as fruits of their strong and persistent efforts.

## Brown—Sudler Marriage At Princess Anne Wednesday.

In St. Andrew's Protestant Episcopal Church, Princess Anne Wednesday night Mr. William Conbourne Brown and Miss Nancy J. Sudler were married by Rev. Francis Van H. Moore. The bride was given away by her father, Mr. Samuel H. Sudler. The groomsmen were Mr. Edward H. H. Cahn. The maid of honor was Miss Fannie Stone Sudler, sister of the bride. The bridesmaids were Miss Anne Page and Miss Eliza Worthington Waters. Miss Bessie Woolford presided at the organ. The ushers were B. Louis Lankford and Charles C. Sudler, of Princess Anne; Norman Bell, Jr., of Norfolk, Va., and Harry Vance Holloway, of New Castle, Del. Dr. and Mrs. J. McFadden Dick, Mr. and Mrs. Arthur W. Kennerly, Miss Mary Leonard and Miss Laura White, from Salisbury were present at the largely attended wedding reception held after the marriage.

The bride was the recipient of an unusually large number of handsome and useful gifts.

The groom was United States Consul at New Castle, Australia during President Cleveland's second administration.

## Sad Drowning Accident Near Quantico Of Young Man.

Mr. Harley J. Lloyd, a prosperous farmer living near Revestico Mills, this county, was accidentally drowned in Revestico Creek Monday, November 6, about noon. The incident occurred while in a boat on his way to the mill to purchase some corn meal. Being a strong wind at that time the boat was upset and he being unable to swim went to the bottom and wasn't found until about night of the same day.

He was 35 years old, leaves no children, but a widow to mourn her loss. He was buried in the Protestant Episcopal Churchyard at Quantico, Tuesday afternoon, Rev. Franklin B. Adkins preaching the funeral services.

It was hard to part with you so sudden, But God ordered that way for you to go.

What is home without you?  
No one to cherish me now,  
Oh! darling you have left me alone.

His Wife, Alice V. Lloyd.

## Destructive Fire At Pocomoke City, Worcester County, Burns Valuable Saw Mill.

The large saw and planing mill of James T. Young & Son, facing on the river at Pocomoke City, was destroyed by fire Wednesday evening. When the fire was discovered the flames had already burst through the roof, causing the latter to fall in, and instantaneously the whole building was enveloped in a blaze. Some lumber was in the yard and the adjoining shipyard of Charles M. Crockett, filled with highly inflammable material, made it seem certain that a destructive conflagration was imminent. Heroic efforts on the part of the local fire department, however, kept the flames within bounds and saved the lumber and neighboring property from destruction but the mill itself was a mass of ruins in 15 minutes after the discovery of the blaze and the costly machinery, which had lately been placed within, was injured beyond repair. The loss will amount to several thousand dollars, with no insurance.

## Prominent Young Newspaper Man Of Dorchester To Marry.

Invitations have been received in Salisbury to the marriage of Miss Helen Alexander Skinner, of Chambersburg, Pa., to Mr. Sewell Marvin Johnson, of Cambridge, Md., on Wednesday, the twenty second of November, at twelve o'clock at Trinity Church in Chambersburg, Pa. The bride-to-be is the daughter of Mayor and Mrs. John Oscar Skinner, and the groom-elect is a member of the Maryland Democratic Editorial Association, and one of the proprietors and editors of the Democrat and News, published at Cambridge, Md. He is popularly known in Salisbury, where he has participated in tennis tournaments, in which game he is a recognized genius. During the late campaign Mr. Johnson through the Democrat and News was one of the most aggressive opponents to the re-election of Senator Applegarth in Dorchester county. We take pleasure in offering double congratulations on political freedom and private thralidom and wishing him bon voyage.

## Impoverished Soil

Impoverished soil, like impoverished blood, needs a proper fertilizer. A chemist by analyzing the soil can tell you what fertilizer to use for different products.

If your blood is impoverished your doctor will tell you what you need to fertilize it and give it the rich, red corpuscles that are lacking in it. It may be you need a tonic, but more likely you need a concentrated fat food, and fat is the element lacking in your system.

There is no fat food that is so easily digested and assimilated as

## Free!—\$300 UPRIGHT PIANO—Free!

FIRST PRIZE IN

## PFEIFFER NUMBER CONTEST

\$30,000 ADDITIONAL PRIZES!

OWNERS OF SQUARE (NOT UPRIGHT) PIANOS AND ORGANS ELIGIBLE.

## THE PLAN EXPLAINED.

We have had a \$300 00 Price & Temple upright Piano shipped by us from the factory, with the number sealed, so that we do not know the number of this piano. The number has, however, been sent by the manufacturer to Mr. J. F. Wilkins, managing editor of the Washington Post, with instructions NOT to open same or impart it to anyone—not even us, until the contest closes, when it will be opened and advertised, when the person whose old piano or organ is found to bear the nearest number to that of the prize piano, will receive this handsome piano absolutely free of cost. The old instrument whose place is taken by the new piano is to become our property, and the winner is to write us a letter for publication to prove the result of this contest to all.

Every piano and organ has its individual number. It will be found on the sound board of square pianos, under the strings, and on the back of organs. Send us the number of your instrument together with the makers name and its probable age. It will be recorded and when the contest closes, the award will be made.

The nearest to the number of the prize piano will be awarded this elegant Price & Temple piano absolutely free of cost. The next nearest will receive a cash certificate for \$100. Following this, certificates will be issued for \$50, \$25, \$10, \$5, \$2, \$1, and \$0.50, each to those numbers following in regular order, down to \$0.50, which will be the lowest one. In case of a tie, there being 750 in all.

These Cash Certificates will be received by us on the purchase of new pianos—one certificate to a piano—on or before Jan. 1st, 1906. In case of a tie, identical prizes will be issued to all parties tying.

The contest closes NOVEMBER 30, 1905. Send in the number of your piano or organ at once.

## Morris—Sudler, Wedding Takes Place In Somerset.

The marriage of Mr. Harvey B. Morris, of Salisbury, and Miss Anna Belle Sudler, of Upper Fairmount, Somerset county, was solemnized Wednesday at high noon at the home of the bride's parents. The ceremony which was performed by Rev. E. O. Atkins and Rev. David Howard, took place in the parlor and on the exact spot where the bride's mother was married many years ago. She was given away by Mr. Howard Sudler. Following the wedding ceremony a breakfast was served to a large party of friends and relatives. The happy couple left on the north bound express for a short tour, after which they will make Salisbury their home, returning tonight.

The bride is a sister of Mrs. J. M. Fadden Dick, of Salisbury, and is well known to our people. The groom is one of Salisbury's young business men, largely engaged in farming interests and Teller of the Salisbury National Bank.

—The funeral of Mr. W. S. Moore, who died Tuesday at the polls in Fruitland was one of the largest attended ever witnessed in this county. The services were conducted at the Fruitland M. E. Church by the pastor, Rev. W. W. White, assisted by Revs. Williams and Hill. Interment was made in the cemetery adjoining. The pallbearers were; Levin J. Gale, Wm. Henry Coulbourne, Jas. A. Turner, I. Joseph Hearn, John Carey, and Jerome T. Hayman. Besides a large estate valued at \$30,000 to \$30,000 the deceased had a policy of \$5,000 in the I. O. Heptasophs and \$1,500 in the Ancient Order United Workmen for the benefit of his children.

## SATURDAY NIGHT TALKS

By F. E. DAVISON

ONEWORK, BUT MANY WORKERS

Nov. 12, '08—(Extra 8:31-32.)

Zerubbabel, Ezra, Nehemiah—

these are the triumvirate who im-

mortalized themselves with the re-

building of Jerusalem. Every great

work hinges upon the deeds of some

one man. There must be an in-

spired leader. Thus upon Moses

rested the safe exodus from Egypt.

Solomon was needed in building the

first temple. So it was in the Re-

storation after the Babylonian cap-

tivity. Zerubbabel, a prince of the

house of David, leads the ransomed

captives back to Jerusalem, and un-

der his direction the foundations of

the temple are laid; then for 12

years the work ceases, until,

aroused by the preaching of Haggai

and Zechariah the Jews complete

the structure.

Then the clock of time ticks

off 70 years more in which the city

itself lies waste, thinly inhabited, its

streets defenceless, its walls in

ruins. For 60 years, from the time

of the dedication of the temple to

the arrival of Ezra from Babylon,

their history is unwritten. Silence

broods over the long period.

Then comes Ezra. Ezra, the

man, does not appear in Ezra, the

book, until we reach the 7th chap-

ter. There is an interval, a hiatus,

of 60 years between the 6th and 7th

chapters of the book of Ezra. Ezra

is a reorganizer, an ecclesiastic, a

pastor to the people. He restores

the temple worship and carries on

a religious revival for 13 years. At

the end of that time Nehemiah ap-

pears, the new governor and civil

ruler, the story of whose adminis-

tration is recorded in the book bear-

ing his name. Thus these three

men, each in his place and time,

does his own work.

Over John Wesley's dust is in-

scribed this sentence, "God buries

his workmen, but carries on his

work." And all history is a verifica-

tion of the statement. Very few

men in the world's affairs have be-

gun, carried on and completed any-

thing over God's head. We see only a

part of the field. He sees it all. We

know our schedule, and often the

Master changes that without ex-

plaining to us the details; but He

has the whole campaign before Him,

and His plans take in centuries, and

worlds and eternities. A grub might

as well criticize an archangel as a

finite mind criticize the plan of cam-

paign of the Omnipotent.

But while that is true, it is also

true that the work of every one is

of importance. Zerubbabel did his

work, Ezra his, and Nehemiah his.

Neither could do the work of the

others, and each person's work was

necessary. Zerubbabel laid the tem-

ple foundations, Ezra restored the

temple worship, Nehemiah bulidied

the city walls around that Temple.

Each did his own work in his own

## THE HIGHER LIFE.

Selected Gems of Thought from Press

and Pulpit of All Sects.

Life has in it a higher valuation than merely breathing and sleeping and eating and drinking, enjoying and suffering, working and obtaining. That would be a desperate estimate of it, and yet that is all that it means to the great masses.

Fit for Better Things.

"A man proves himself fit to go up higher who shows that he is faithful where he is. A man that will not do well in his present place because he longs to be higher is fit to be neither where he is nor yet above; he is already too high and should be put lower."—N. Y. Herald.

Sliding Downhill.

"Sin is always down-grade. The backslider never slides uphill. It is down from the heights of fellowship with God; down from the life of high and noble purpose; down into strife without victory, into toll without fruit, into mere money-making, mere pleasure-seeking, mere time-wasting."—St. Louis Republic.

The Great Planner.

"To believe that a blind personless cause is sufficient to account for the organized system of life everywhere to be seen about us is indeed intellectual suicide. Everywhere we see evidences of design, of a well-defined plan. There cannot be a design without a designer, nor a plan without a planner."

Denying God's Existence.

"True, all minds do not see God behind nature, neither do all eyes see the beauties of art, nor do all ears respond to the sweet harmonies of music. To deny the existence of a personal God, as taught in the Scriptures, is indeed the summit of unreasonableness. It is only the fool who has said in his heart, or with his lips, 'there is no God.'"—St. Louis Republic.

What Contentment Means.

Contentment may be defined as the feeling that enables a man to make the best of a situation, and not pine over that which is unavoidable in it, nor fret over the hardships which it entails, while satisfaction is that condition that simply accepts the situation and finds in it the desires fulfilled and derives pleasure from the very limitations that the situation presents."—N. Y. Herald.

The Highest Rewards.

The world is full of grumblers who complain because they have not secured recognition which, in fact, they have done nothing to merit, and they are filled with envy of their deservedly more successful fellows. It may be that the display of energy and ability is sometimes slow of appreciation, but in the end it is always sure of recognition; and even when it is not openly acknowledged there is the inner consciousness of having done our best, which is, after all, the highest personal reward and itself gives happiness."—N. Y. Herald.

Tonic for the Sick.

Neither be ye sorry, for the joy of the Lord is your strength. My grace is sufficient for thee: for my strength is made perfect in weakness. Most gladly, therefore, will I rather glory in my infirmities, that the power of Christ may rest upon me.

Therefore, I take pleasure in infirmities, in reproaches, in necessities, in persecutions, in distresses, for Christ's sake: for when I am weak, then am I strong.

Ye shall be sorrowful, but your sorrow shall be turned into joy. Your joy no man taketh from you.

Hitherto ye have asked nothing in my name; ask, and ye shall receive, that your joy may be full.

These things have I spoken unto you, that in me ye might have peace. In the world we shall have tribulation, but be of good cheer: I have overcome the world.

Unto ye that fear my name shall the Sun of Righteousness arise with healing in his wings.

The path of the just is as the shining light, that shineth more and more unto the perfect day.

In everything give thanks; for this is the will of God in Christ Jesus concerning you.

The Lord is my strength and song, and is become my salvation. I will delight myself in thy commandments, which I have loved. This is my comfort in my affliction: for thy word hath quickened me.

He hath not despised nor abhorred the affliction of the afflicted; neither hath he hid his face from him; but when he cried unto him he heard. But though he cause grief, yet will he have compassion according to the multitude of his mercies.

For he doth not afflict willingly, nor grieve the children of men. Like as a father pitieth his children, so the Lord pitieth them that fear him.

For he knoweth our frame, he remembereth that we are dust. Though our outward man perish, yet the inward man is renewed day by day.

For our light affliction, which is but for a moment, worketh for us a far more exceeding and eternal weight of glory.

Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love Him.

But God hath revealed them unto us by His Spirit.—Christian Herald.

Durability of Tantalum.

Although the existence of tantalum, the new material employed for incandescent lamp filaments, has been known for a hundred years, it is only very recently that the metal has been prepared in a pure state. This is effected with the aid of the electric furnace.

Tantalum combines extreme ductility with extraordinary hardness. When red hot it is easily rolled into sheets or drawn into wire, but upon being heated a second time and then hammered it becomes so hard that it has been found impossible, with a diamond drill, to bore a hole through a sheet only one millimeter thick. Such a drill, working day and night for three days, at 5,000 revolutions per minute, made a depression only a quarter of a millimeter deep, and the diamond point was badly worn.—Youth's Companion.

Leather Railway Ties.

Leather is being used on the Russian government railroads. All sorts of material have been used for this purpose, but chiefly tarred wood and iron. No tie has given perfect satisfaction; the wood dec

## FROM GIRLHOOD TO WOMANHOOD

Mothers Should Watch the Development of Their Daughters—Interesting Experiences of Misses Borman and Mills.

Every mother possesses information which is of vital interest to her young daughter.

Too often this is never imparted or is withheld until serious harm has resulted to the growing girl through her ignorance of nature's mysterious and wonderful laws and penalties.

Girls' over-sensitiveness and modesty often puzzle their mothers and baffle physicians, as they so often withhold their confidence from their mothers and conceal the symptoms which ought to be told to their physician at this critical period.

When a girl's thoughts become sluggish, with headache, dizziness or a disposition to sleep, pains in back or lower limbs, eyes dim, desire for solitude, when she is a mystery to herself and friends, her mother should come to her aid, and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change, and start the menstrual period in a young girl's life without pain or irregularities.

Hundreds of letters from young girls and from mothers, expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them, have been received by the Lydia E. Pinkham Medicine Co., at Lynn, Mass.

Miss Mills has written the two following letters to Mrs. Pinkham, which will be read with interest:

Dear Mrs. Pinkham:— (First Letter.) "I am but fifteen years of age, am depressed, have dizzy spells, chills, headache and back

ache, and as I have heard that you can give helpful advice to girls in my condition, I am writing you."—Myrtle Mills, Aquawka, Ill.

Dear Mrs. Pinkham:— (Second Letter.) "It is with the feeling of utmost gratitude that I write to you to tell you what your valuable medicine has done for me. When I wrote you in regard to my condition I had consulted several doctors, but they failed to understand my case and I did not receive any benefit from their treatment. I followed your advice, and took Lydia E. Pinkham's Vegetable Compound and am now healthy and well, and all the distressing symptoms which I had at that time have disappeared."—Myrtle Mills, Aquawka, Ill.

Miss Matilda Borman writes Mrs. Pinkham as follows:

Dear Mrs. Pinkham:— Before taking Lydia E. Pinkham's Vegetable Compound my months were irregular and painful, and I always had such dreadful headaches.

But since taking the Compound my headaches have entirely left me, my months are regular, and I am getting strong and well. I am telling all my girl friends what Lydia E. Pinkham's Vegetable Compound has done for me."—Matilda Borman, Farmington, Iowa.

If you know of any young girl who is sick and needs motherly advice, ask her to address Mrs. Pinkham at Lynn, Mass., and tell her every detail of her symptoms, and to keep nothing back. She will receive advice absolutely free, from a source that has no rival in the experience of woman's ills, and it will, if followed, put her on the right road to a strong, healthy and happy womanhood.

Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of cures of female ills of any medicine that the world has ever known. Why don't you try it?

## HOUSEHOLD CARES

Personal Experience Of Aged And Well-beloved Preacher.

No other man in the community is so well beloved or whose words have such weight as the minister, who has devoted his life to the service of mankind. In Maryland one of the most noted Methodist ministers in the state suffered severely with rheumatism. He found no relief until a friend recommended RHEUMACIDE. He was so delighted with the results that for the benefit of other sufferers, as a duty to mankind, he tells his experience in the following letter:

"Reisterstown, Md., February 27th. "I was taken with inflammatory Rheumatism in my left hand and foot in the beginning of this winter and suffered greatly. A gentleman in Baltimore who had tried RHEUMACIDE for Rheumatism recommended it to me. I secured three bottles and took it in smaller doses than prescribed, and am now entirely cured. Can use both hands and foot without the least inconvenience.

"Yours respectfully

"J. R. Wheeler,

Pastor, Reisterstown M. E. Church."

Your druggist sells and recommends RHEUMACIDE.

Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, Jaundice, Fever, Constipation all yield to this perfect pill. 25 cents at all druggists.

Chapped Hands.

Wash your hands with warm water, dry with a towel and apply Chamberlain's Salve just before going to bed, and a speedy cure is certain. This salve is also unequalled for skin diseases. For sale at C. L. Dickerson's store and G. Hearn's store.

Energy all gone? Headache? Stomach out of order? Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you.

Hundred of lives saved every year by having Dr. Thomas' Electric Oil in the house just when it is needed. Cures cramp, neuralgia, rheumatism, wounds of every sort.

No matter how long you have had the cough; if it hasn't already developed into consumption, Dr. Wood's Norway Pine Syrup will cure it.

Hives are a terrible torment to the little folks, and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

If Nervous and Run Down simply improve your circulation. Remove the waste matter that clogs the blood by taking Doan's Pills—then tone the nervous system with the Tonic. All the one box for 50 cents and money back if not satisfied.

For sale by E. K. Truitt & Sons.

Sells More Of Chamberlain's Cough Remedy Than All Others Put Together.

Mr. Thos. George, a merchant of Mt. Elgin, Ontario, says: "I have had the local agent for Chamberlain's Cough Remedy ever since it was introduced into Canada, and I sell as much of it as I do of all other lines I have on my shelves put together. Of the many dozens sold under guarantee I have not had one bottle returned. I can personally recommend this medicine as I have used it myself and given it to my children and always with the best results. "For sale at C. L. Dickerson's store and G. Hearn's store.

Not A Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, Neuralgia, Liver and Kidney troubles and General Debility." This is what B. F. Bass, of Fremont, N. C. writes. Only 50 cents at all druggists.

Bilious Attack Quickly Cured.

A few weeks ago I had a bilious attack that was so severe I was not able to go to the office for two days. Failing to get relief from my family physician's treatment, I took three of Chamberlain's Stomach and Liver Tablets and the next day I felt like a new man.—H. C. Bailey, Editor of the News, Chapin, S. C. These tablets are for sale at C. L. Dickerson's store and G. Hearn's store.

Group.

A reliable medicine and one that should always be kept in the house for immediate use is Chamberlain's Cough Remedy. It will prevent the attack if given in as soon as the child becomes hoarse, or even after the cough appears. For sale at C. L. Dickerson's store and G. Hearn's store.

A Runaway Bicycle.

Terminated with an ugly one on the leg of J. B. Ornes, Franklin Grove, Ill. It developed a stubborn ulcer yielding to doctors and remedies for four years. Then Chamberlain's Anker Salve cured it. It's just as good for Burns, Scalds, Skin Eruptions and Piles. 25 cents at all druggists.

A reliable medicine and one that should always be kept in the house for immediate use is Chamberlain's Cough Remedy. It will prevent the attack if given in as soon as the child becomes hoarse, or even after the cough appears. For sale at C. L. Dickerson's store and G. Hearn's store.

A Runaway Bicycle.

Terminated with an ugly one on the leg of J. B. Ornes, Franklin Grove, Ill. It developed a stubborn ulcer yielding to doctors and remedies for four years. Then Chamberlain's Anker Salve cured it. It's just as good for Burns, Scalds, Skin Eruptions and Piles. 25 cents at all druggists.

**Indigestion Causes Catarrh of the Stomach.**  
For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach, and suppose the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

### MARYLAND'S ONLY

Seaside Resort To Be Pushed Rapidly Forward. Ocean City Improvement Company Planning To Aid Its Growth And Development.

With a view of encouraging and facilitating the building of cottages and other structures the Ocean City Development Company, through the action of its executive committee, at a recent meeting, will soon begin the erection of a factory at Ocean City for the making of doors, frames, sash, blinds, etc., plans having already been prepared and a site selected on the bay front. Negotiations are pending for the purchase and installation of the necessary machinery.

Alongside the wood working plant will be one for the making of artificial stone, hollow blocks for building purposes, which will be of many designs. This kind of building material is becoming very popular, as it is more economical and durable than brick. By experiment it has been satisfactorily demonstrated that the beach sand there will, with the other ingredients, make an excellent block. It will be the aim of the Development Company to encourage the use of this artificial stone in the erection of buildings.

An architect and practical builder is about to be employed by the Development Company for the purpose of organizing and conducting a "construction department." He will be also in charge of the woodworking and artificial stone plant. Every facility will be afforded by this department to those who may desire to build there or at any point along Sinepuxent Beach. Draftsmen are now preparing a series of designs for seaside cottages ranging in price, complete, from \$1,500 to \$5,000, numerous applications having been made to the company for the same.

Another very important matter under consideration by the executive committee of the company, and which, it is reported, will be adopted, is the erection of a number of cottages on Baltimore avenue, facing the ocean, and ready for occupancy by the opening of the next summer season. These cottages, which will be furnished with all the requisites other than silver and linen, will be sold on exceptionally easy terms, payments to be monthly.

### HOPE FOR THE SICK.

**A VICTIM OF LA GRIPPE.**

Mrs. Henrietta A. S. Marsh, 709 W. 10th St., Los Angeles, Cal., President Woman's Benevolent Ass'n, writes: "I suffered with la grippe for seven weeks, and nothing I could do or take helped me until I tried **Peruna**. 'I felt at once that I had at last secured the right medicine and I kept steadily improving. Within three weeks I was fully restored, and I am glad that I gave that truly great remedy a trial. I will never be without it again.'"  
In a letter dated August 31, 1904, Mrs. Marsh says: "I have never yet heard the efficacy of **Peruna** questioned. We still use it. I traveled through Kentucky and Tennessee three years ago, where I found **Peruna** doing its good work. Much of it is being used here also."—Henrietta A. S. Marsh.

### NEW YORK FASHIONS.

Empire And Princess Styles: Lace And Embroidered Robes: Furs: Medium-Sized Garment in Great Favor: Long Mink Coats: Shoulder Capes Of All High-Class Furs: (Boas: Gravels: Muffs:)

Empire styles prevail in many different forms and modifications. The short waisted evening gown is first favorite with fashionable women and the Princess skirt forming a bodice at the upper part is combined with a very short box bolero or Eton. The result is a toilet for afternoon functions that is decidedly a "P" Empire. While the Princess skirt with its high corselet suits the slender figure especially well, skilled dressmakers have modified it, reducing the corselet to a girdle moderately high and pointed in the back and sloped to a V in front that is becoming to women with full figures. If the waist worn is in harmonizing color tone, but this mode should not be attempted by the home dressmaker or indeed by any but the most skillful modists.

### Robes in Lace And Embroidery.

The robe patterns in lace figured or enriched with spangles and in fine soft fabrics embroidered and inset with lace motifs, are a boon to the woman who wishes an elegant gown with the least employment of dressmaking assistance. These robes are shown at all the smart shops and are shaped and trimmed so that the merest tyro at dressmaking can achieve satisfactory results, and there need be no sacrifice of individuality in their use for the difference in the lining color and accessories, belt, collar, etc., will constitute a distinct difference in the effect of any two exactly similar patterns.

### In His New And Elegant Establishment

on 42nd Street, C. O. Shayne is receiving the congratulations of his many friends and prospective purchasers of furs, every variety of which is displayed in a most attractive manner, especially designed to meet the wants of all classes of customers—prices ranging from the cheapest of reliable furs, to those which are denoted by the use of four figures. Hudson Bay and Russian sable, seal, mink, chinchilla, ermine, broadtail, Persian lamb and Alaska sable are the leading favorites, but, less expensive grades offer many attractions.

### The Small Coat

continues in great favor, one style having a belt from the side seams terminating in a handsome clasp at the back. Box coats, loose and half fitting without collars, or those having straight front and tight back in Russian style, show large, soft collars, which is an exception in coats. These three styles are made in Alaska sable, seal or Persian lamb, and vary in length from twenty two to forty six inches. The sleeves are of medium size and usually finished with cuffs. Long coats of mink or broadtail are very elegant, the former finished by jeweled buttons, they are however the luxury of the few.

Shoulder Capes With Medium Or Long Ends offer special attractions, coming in all high grade furs, and as the prevalent fancy for white is still in full force, ermine is supreme particularly for cravats, which impart an air of elegance to the entire costume. Flat ties and throw-over ties are of mink, Alaska sable, black lynx, bear, raccoon and beaver-marten, variously trimmed or plain, the best grades often finished with heads and tails. The fashionable muff is in pillow shape and for evening wear is often a combination of ermine and seal or broadtail and ermine.

Illustration.

Thanks are due the McCall Co., makers and designers of fashion to hand some illustration shown above.

### Shoes

for evening wear are high heeled and very elaborate, being strapped in many dainty forms and embroidered in beads and in ribbon work. They are often made up to match the gown as shoes and costumes must match in color. Chiffon rosettes, bows, spangled mousseline, buckles of Rhine stone, gilt or silver, all have a place in the ornamentation of the evening slipper.

### Wicomico County Sunday School Convention.

The Wicomico County Sunday School Convention will be held at Hebron on Saturday, and Sunday, Nov. 26th and 27th. An excellent program is being built and will be circulated among the schools this week.

Among the topics to be discussed are the following: "What we have reason to expect from this convention." "Does Sunday School work pay?" "Sunday School problems." "Sunday School evangelism." "How to reach and hold young men in the Sunday School." "What the pastor expects from the superintendent." "What the superintendent expects from the pastor." "Jubilant Voices" will be used by the choir. Every Sunday School in the county is invited to send two delegates each, who will be entertained in the hospitable homes of Hebron. Pastors and superintendents are delegates by virtue of their office.

### Death Of Mrs. Anne Eliza Walston. In Salisbury, Monday, Nov. 13.

At Salisbury, Md., November 13th, 1905, entered into rest, Mrs. Anne Eliza Walston, widow of the late Alexander Walston, in the seventieth year of her age. The interment was at the Stone farm and funeral services were conducted by the Rev C. A. Hill. She was for many years a consistent member of the Methodist Episcopal Church. She is survived by seven children to whom she is now a tender memory.

"In the clear morning of that other country,  
In Paradise,  
With the same face that we have loved  
and cherished  
She shall arise!"

Let us be patient, we who mourn with weeping.  
Some vanished face;  
The Lord has taken, but to add more beauty  
And a diviner grace."

### A Football Game Arranged for Thanksgiving Day.

For the first time in a long while the people of Salisbury are to be given the opportunity of witnessing a first class football game on Thanksgiving Day. The Salisbury Athletic Club has organized an exceptionally strong team and have arranged to play the team from Seaford on Thanksgiving. The last named team is generally accepted as being the best in this part of the country. This means something extra in the football line.

The progress of the Salisbury Athletic Club is rapid. Since its organization four weeks ago twenty new members have joined and enough money raised to at once equip a gymnasium, shower bath, game room, etc. The rooms of the club will be ready for occupancy by December 1st.

### Sudden Death Of Mr. Frank H. Rhodes

Mr. Frank H. Rhodes, brother of Mr. Ralph B. Rhodes, superintendent of the Salisbury Light, Heat & Power Company died in Salisbury early Monday morning of tuberculosis of the lungs, at the home of Miss Laura White, William Street, where he had been boarding for several months.

He is survived by a widow, who is a daughter of the late Wm. B. Leeds, at one time sheriff of Philadelphia. He is also survived by three brothers—Ralph B., Charles C., and Wm. C. Rhodes.

The remains were carried to Philadelphia and interred in the family vault in Laurel Hill Cemetery Wednesday afternoon.

Mr. Rhodes was one of the most extensive contractors and builders in Philadelphia, and from 1880 to 1896 erected over eleven hundred houses in the north western portion of the city.

## AN AWFUL SKIN DISEASE

Sores Covered Neck and Cheeks—  
Itched Day and Night—Noth-  
ing Did Me Any Good—Was  
Growing Worse.

## CURED BY CUTICURA AT COST OF \$4.50

Miss Nellie Vander Wiele, of Lake-  
side, N. Y., writing under date of  
April 18, 1904, says: "I do wish you  
would publish this letter in the news-  
papers, so that others suffering as I  
have may see it and be helped. I suf-  
fered for many months with an awful  
skin disease, sores covering my ears,  
neck, and cheeks. Scabs would form  
and they would swell, and itch day  
and night. Then they would break  
open and blood and matter run out.  
I had tried many different remedies,  
but none of them did me any good.  
I was growing worse when I tried the  
Cuticura Remedies. The first ap-  
plication helped me, and when I  
had used two cakes of Cuticura Soap,  
three boxes of Cuticura Ointment, and  
three bottles of Cuticura Resolvent, I  
was completely cured."

## TORTURING, DISFIGURING Humours, Eczemas, Itchings, and Chafings Cured by Cuticura

The agonizing itching and burning  
of the skin, as in eczema; the fright-  
ful scaling, as in psoriasis; the loss  
of hair and crusting of the scalp, as  
in scalded head; the facial disfigure-  
ment, as in pimples and ringworm;  
the awful suffering of infants, and  
anxiety of worn-out parents, as in  
milk crust, tetter, and salt rheum;—  
all demand a remedy of almost super-  
human virtues to successfully cope  
with them. That Cuticura Soap,  
Ointment, and Pills are such stand-  
ards, proven beyond all doubt by the testi-  
mony of the civilized world.

## The Companion As A X-Mas Gift.

Can you think of a gift more certain  
to be acceptable than a year's sub-  
scription to The Youth's Companion?  
Is there any one, young or old, who  
having once had the paper in his hands  
and looked through it, did not wish  
to possess it for his very own? It is a  
gift which, far from losing its fresh-  
ness as Christmas' needles into the  
past, grows more delightful, more  
necessary to one's enjoyment week by  
week.

The boy likes it, for it reflects in its  
pages every boyish taste and every  
fine boyish aspiration. The father  
likes it, not only for its fiction but for  
its fund of information of the practical  
sort. The girl likes it for the stories,  
anecdotes, sketches and editorial ar-  
ticles printed in each number espe-  
cially for her.

The mother likes it for its stories  
of domestic life and family affection,  
for its children's page and for its  
medical article.

On receipt of \$1.75, the yearly sub-  
scription price, the publishers send to  
the new subscriber all the remaining  
issues of The Companion for 1905 and  
the "Minutemen" Calendar for 1906.  
Lithographed in twelve colors and gold.

Letter To F. C. Todd,  
Salisbury, Md.

Dear Sir: A great many people will  
see your house in the course of the  
next ten years. We want it to show  
what Devos lead and also will do.  
We should like you to paint it, and  
then not paint it again for ten years—  
unless it needs repainting.

We'd like such a sample as that in  
every town in the country—with a  
notice about it in the local paper:  
"Mr. —'s house was painted ten  
years ago with Devos lead and zinc  
and has never been repainted. The  
color is not so bright as it was; but  
the paint is as perfect a coat as ever,  
to keep out water."

A good lead and oil job is expected  
to last three years; it is a good one  
that lasts three years; it generally  
does not. Devos lead and zinc lasts  
twice as long if not—

"If you have any fault to find with  
this paint, either now in putting it on,  
or hereafter in the wear, tell your  
dealer about it."

"We authorize him to do what is  
right at our expense."

We want your house as a sample,  
and you as a witness. Yours truly,  
F. W. Devos & Co.

The L. W. Gunby Co., sell our  
paint.

## Examination for Civil Service Will Be Held In Salisbury.

Civil service examinations will be  
held in Salisbury as follows:

December 6.—To secure eligibles  
from which to make certification to  
fill a vacancy in the position of as-  
sistant engineer, qualified as plumber  
and steam fitter, at \$900 per annum,  
in the Quarter-master's Department  
at Large, Fort Riley, Kansas, and  
similar vacancies as they may occur  
in that Department; to secure eligibles  
from which to make certification to  
fill a position of transferor, at \$2,100  
per annum in the Bureau of Engraving  
and vacancies as they may occur in  
any branch of the service similar  
qualifications.

December 13.—To secure male elig-  
ibles from which to make certification  
to fill several vacancies in the posi-  
tion of stenographer and type-  
writer on the Isthmus of Panama, at  
salaries of \$1,200 to \$1,500 per annum,  
usually at the latter salary, and similar  
vacancies as they may occur in Pana-  
ma Canal Service.

There is more catarrh in this sec-  
tion of the country than all other dis-  
ease put together, and until the last  
few years was supposed to be incur-  
able. For a great many years doctors  
pronounced it a local disease and pre-  
scribed local remedies, and by con-  
stantly failing to cure with local  
treatment, pronounced it incurable.

Science has proven catarrh to be a  
constitutional disease and therefore  
requires constitutional treatment.  
Hall's Catarrh Cure, manufactured  
by F. J. Cheney & Co., Toledo, Ohio,  
is the only constitutional cure on the  
market. It is taken internally in doses  
of from 10 drops to a teaspoonful.  
It acts directly on the blood and mu-  
cous surfaces of the system. They  
offer one hundred dollars for any case  
it fails to cure. Send for circulars  
and testimonials.

## Sharptown News, Nov. 18.

### LOCAL NEWS

W. C. Mann has been suffering a  
great deal for several days from the  
effects of a nail which he stuck in his  
foot. The wound has been a very bad  
one.

Mrs. Grace Brody and W. F. Elliott  
have been in Baltimore this week re-  
plenishing their stock of merchandise.

C. E. Twilley of Wilmington has  
been in town this week looking after  
his new residence just completed.

Mrs. Susie Nelson, who went to  
the Underwood Sanitarium a few weeks  
ago to be treated for tuberculosis of the  
lungs is reported to be improving and  
some hopes are entertained that she  
will be greatly benefitted if not re-  
stored.

Mrs. J. E. Phillips and children  
returned home from Baltimore on  
Tuesday.

Mrs. J. H. Oaulk, who has been  
spending several weeks at Sohley,  
Va., with her daughter, Mrs. Sadie  
Mittall, returned home on Monday.

Wm. Hemons, who came here from  
Easton to reside with his brother, has  
moved to Eldorado.

Rev. H. W. D. Johnson is conduct-  
ing revival services at Providence  
Church.

The ladies and friends of the M. E.  
Church held an oyster supper in Twil-  
ley's Hall on Saturday last and re-  
alized good profits.

W. C. Mann is adding a outbuilding  
to his premises. N. W. Owens and  
Herman Howard are doing the work.

Steamer Julia A Taylor came in port  
Tuesday with a broken shaft.

### New Schooner Launched.

The new schooner built by the  
Sharptown Marine Railway Company  
for Captain J. F. Beauchamp, of Bal-  
timore, and others, was launched on  
Saturday evening last in the pres-  
ence of several hundred people, and  
called the "Joseph P. Cooper." She  
was christened by Miss Lena Cooper,  
the accomplished daughter of S. J.  
Cooper and sister of Joseph P. Cooper  
for whom the schooner was named.

The bottle broken over her bow con-  
tained only cold water. Joseph P.  
Cooper presented the schooner with  
a pretty set of colors. He will be man-  
aging owner of the schooner.

She is an improved style of schooner,  
known as "rams" and is built for  
the coasting trade. Her keel is 180  
feet long and beam 28 feet, with 10  
feet depth of hold and will carry six  
hundred tons. She has three masts  
and is equipped with gasoline engine  
for hoisting, getting anchor and  
handling cargo. She will cost when  
completed about eighteen thousand  
dollars. She is now chartered for  
three trips of lumber from Beaufort  
Inlet N. C., to New York. She will  
sail on December 1st. Thos. J. Sauer-  
hoff was designer and directed the  
work and Benjamin P. Gravenor made  
her sails.

### Ernest Grant Bennett, Jr.

Ernest Grant Bennett, Jr., oldest  
son of Capt. E. G. Bennett, of this  
town, died on Tuesday afternoon, af-  
ter a painful illness of only a few days  
of pneumonia at the age of five years,  
leaving a father, mother and two lit-  
tle brothers to mourn his early de-  
mise. The remains were interred in  
the Taylor Cemetery Thursday after-  
noon, after funeral service in the M.  
P. Church, by Rev. J. Harry Wilson,  
W. D. Gravenor & Bro., funeral di-  
rectors. The pall bearers were: Myrl  
Gravenor, Wilby Elzey, Sidney and  
Lemuel Mitchell. The flower girls  
were Misses Bessie Cooper, Ruth  
Gravenor, Belva Gravenor and Mattie  
Griffith. The floral tributes were very  
pretty.

S. J. Cooper & Co., sent a wreath  
and a heart, the M. E. Sunday School  
class of which he was a member sent  
a pillow, bearing the words "Class-  
mate." Mrs. Flora Collison sent a  
bouquet, Mrs. Julia Ellis, a bouquet,  
and others also sent a pretty vacant  
chair. The funeral was a very sad  
one. Ernest was an interesting boy  
and unusually bright for one of his  
years. Capt. Bennett was in Wilming-  
ton, N. C., but on receiving telegrams  
of his boy's serious illness came home  
at once.

When we gaze on the dead features,  
Of one of God's little creatures,  
Given for only a few years;  
Then pass away amid and tears,  
We cannot understand now why.  
One so young and lovely should die;  
But when Christ comes to earth again,  
He then will make all things quite  
plain.

### An Invitation For You.

I beg to state that I used Davis 100  
per cent Pure Paint on my home four  
years ago and it has given elegant  
satisfaction. At the same time my  
house was painted there were several  
other houses painted from several  
manufacturers' best paint. I can cheer-  
fully recommend this paint and if any  
one wants to see what Davis' Paint  
has done for me, come around and see  
the contrast between my house and  
the others that were painted at the  
same time.

### Cover Stone Laid.

The corner stone of the M. E. Church  
was laid on Saturday afternoon by  
the pastor, Rev. J. H. Wilson, assisted  
by Rev. F. F. Beauchamp, M. E. pas-  
tor of Federalburg, Rev. H. W. D.  
Johnson and W. D. Gravenor, con-  
tractor. The stone was given by  
Davis Brothers, marble cutters of  
Laurel, the box by S. T. Smith, of  
Laurel, and the stone was set in place  
by Wm. F. Bradley, of Riverton. A  
church discipline, church hymnal,  
bible, a list of the officers of the  
church and a list of the members  
twenty nine years ago, a copy of the  
Christian Herald and of the Peninsula  
Methodist were placed in the stone.  
The church was built twenty nine  
years ago at a cost of \$3400 and is now  
being rebuilt at a cost of about \$6000.

### Sharptown Grange.

On Wednesday night of last week  
Mr. Ager, of Hyattsville visited this  
town and organized a subordinate  
Grange of granges with thirty-one mem-  
bers. The organization was made  
in the nights of Pythias hall. The  
following officers were installed:

Master, Calvin E. Knowles; Over-  
seer, Benj. I. Waller; Lecturer, W. B.  
Robinson; Steward, T. C. Pritchard;  
Assistant Steward, John T. Shiles;  
Chaplain, Mrs. Hester Waller; Treas-  
urer, Noah W. Owens; Secretary,  
W. W. Knowles; Gate keeper, Her-  
man H. Howard; Ceres, Miss Bertha  
Robinson; Ponom, Miss Fronie  
Bailey; Flora, Miss Iva B. Bennett;  
Lady Assistant Steward, Miss Lula  
Robinson.

### Sock Social.

The members and friends of the  
Junior League will hold a sock social  
on Saturday evening, November 25, in  
Twilley's Hall. Coffee, chocolate and  
cake will be served free of charge.  
The object is to procure funds to aid  
in the purchase of a memorial window  
for the Juniors.

Capt. E. W. Bailey, of the schooner  
Ann C. Grace, is home this week  
while his vessel is discharging her  
cargo in Baltimore.

## What Does It Mean

to let Dividends "accumulate" on a

Life Insurance Policy? In many

companies it means nothing more

than an agreement on the part of

the policy-holder, to do without div-

idends for fifteen or twenty years,

and then take whatever dividend the

company will be willing to give.

Dividends are declared every year in

the Mutual Benefit, and the policy-

holders use them either to help pay

premiums or to buy increased insur-

ance. The policies of the

contain special and peculiar advan-

tages which are not combined in the

policies of any other company. Ex-

amine these advantages before plac-

ing your insurance. You owe it to

your family to have the best.

## Often The Kidneys Are

Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only

urinary and bladder troubles were to be

traced to the kidneys,

but now modern

science proves that

nearly all diseases

have their beginning

in the disorder of

these most important

organs.

The kidneys filter

and purify the blood—

that is their work.

Therefore, when your kidneys are weak

or out of order, you can understand how

quickly your entire body is affected and

how every organ seems to fail to do its

duty.

If you are sick or "feel badly," begin

taking the great kidney remedy, Dr.

Kilmer's Swamp-Root, because as soon

as your kidneys are well they will help

all the other organs to health. A trial

will convince anyone.

If you are sick you can make no mis-

take by first doctoring your kidneys.

The mild and extraordinary effect of

Dr. Kilmer's Swamp-Root, the great

kidney remedy, is soon realized. It

stands the highest for its wonderful cures

of the most distressing cases, and is sold

on its merits by all

druggists in fifty-cent

and one-dollar size

bottles. You may

have a sample bottle of Swamp-Root

by mail free, also a pamphlet telling you

how to find out if you have kidney or

bladder trouble. Mention this paper

when writing to Dr. Kilmer & Co., Bing-

hamton, N. Y. Don't make any mistake,

but remember the name, Swamp-Root,

Dr. Kilmer's Swamp-Root, and the ad-

dress, Binghamton, N. Y., on every bottle.

## HINTS FROM PARIS

GREEN AND PRUNE WILL BE

THE POPULAR COLORS.

Materials Will Be Lighter in Weight

—Sleeves Are to Be Smaller—

Skirts Will Give More Slender

Lines to the Figure.

Tailor made costumes, except

those strictly for business use, are

to be made with a demi-train. There

will be little or no trimming on the

tallor skirts outside of the inevitable

stitched bands, tucks, pipings, etc.—

but house and evening gowns make

up for this by throwing simplicity to

the winds and displaying every kind

of extravagant lace incrustations,

painted flowers, ruchings, paillettes,

etc.

The favorite gown for next season

will be made en princess. We

are threatened to become a sur-

fetted with this mode as we were

last year with the 1830 costumes.

The most exquisite princess frocks

are made on a strongly boned silk

foundation and worn with a corset.

Shell frounces of pleated silk laid

in conventional shell pattern around

the bottoms of skirts are the newest

idea in the way of skirt frounces.

Will stay with us. Fashion will per-

mit a high-necked and long sleeved

silk slip to be worn under it, the slip

to be white or some very pale shade.

A great many stole effects are

seen in the review of autumn styles.

These start from just below the

chemise and run to the foot of the

skirt, giving a sort of princess effect

to a two piece gown.

Almost every waist in the dress-

maker's exhibit displays a bertha or

revers of some kind. The material

for this, even on the heavier frocks,

is delicate and flimsy—usually lace

or very fine embroidered linen.

—The Salisbury Gun Club is arranging for a large shooting tournament here on Thanksgiving Day, to which crack shots from all over the Peninsula will be invited to enter. The merchants of this city have donated several handsome prizes.

—One son, James Hastings, of Eldorado, and three daughters, Mrs. John Hastings, Mrs. G. H. Oliphant, of Delmar, and Miss Mary A. Hastings, survive the late Thomas Hastings who was 93 years old at the time of his demise.

—Mr. and Mrs. Hendricks, of Baltimore, and Mr. and Mrs. Eymans, of Philadelphia, were guests this week of Mr. and Mrs. Thomas H. McKoy. Mr. Hendricks is connected with the Wabash system and Mr. Eymans is Eastern Superintendent of the Union Line.

—Bishop Adams of the Diocese of Eastern delivered an able sermon at St. Paul's P. E. Church, Spring Hill, Sunday afternoon and confirmed a class of six: Messrs. Lambert H. Cooper, John T. Wilson and Thomas Ellis, Misses Bessie Boudin, Fannie Wilson and Josephine Knowles.

—Mrs. Carrie Ulman, Mrs. Lena Elliott and Miss Rose Elliott, of Pueblo, Colorado, who are visiting Mrs. Ulman; Mr. and Mrs. Isaac Ulman and two daughters, Misses Sadie and Helen, went to Baltimore Thursday for a two weeks visit.

—The members of Salisbury Lodge of Elks were entertained at luncheon and a smoker by the House Committee on the night of November 10th, at the Elks' Home on Main Street. Messrs. G. Vickers White, M. A. Humphreys, Graham Gunby, Paul E. Watson, T. L. Ruark and W. K. Leatherberry composed the House Committee.

—Mr. R. Frank Williams, real estate broker, has sold to Mr. Lloyd U. Watson the Cranberry Bog property, containing 20 acres and a lot at the corner of Blake and Lake streets, for \$2,300. This property belonged to Mr. Harvey P. Elzey. We understand that Mr. Watson will take means at once to fill in the property and run streets through it to open up building lots.

—The Division Street Baptist Church has engaged Mrs. Margaret Trussell to have charge of its music. A choir of young people has been organized under Mrs. Trussell's direction and will sing at both the regular Sunday services. Tomorrow night Mrs. Trussell will sing the "Glory Song" which has been sung by thousands in the wonderful Torrey Alexander meetings in London. At this service the pastor will speak on "The Mission of Jesus."

—The recent State census shows that the population of New York City is over 4,000,000, or to be exact, 4,014,304. This is an increase of nearly 17 per cent, in five years, the population having in that time grown on an average 115,000 every year. The same rate of increase would in 10 years give this city a population of over 5,000,000, and with its outlying suburbs, which are really a part of the metropolitan district, about 6,000,000.

—Mr. K. Joseph Hearn, for several years a resident of Salisbury, but lately of Wilmington, Del., fell dead at Thurlow Station, Pa., Tuesday evening while on his way home from work. Heart trouble was the cause of his death. If he had lived two days longer, he would have just reached fifty years of age. His remains were brought to Laurel, Del., where they were interred Friday afternoon.

—The Treasury Department has discovered a new counterfeit \$10 United States, Buffalo, note, described as follows: "Series of 1901; check letter C; plate number undecipherable; J. W. Lyons, register; Ellis H. Robert, Treasurer." It is a photo process counterfeit printed on paper of fair quality. An attempt has been made to imitate the silk fiber of the genuine paper by a few scattered threads on the surface and back. The numberings and seal are good both as to color and workmanship.

—At a meeting of the Board of Directors of the House of Correction, Friday, in Governor Warfield's office, it was unanimously decided to reduce the number of employees at the Institution and the following were selected for dismissal, to lessen expenses. G. R. Rider, Wicomico county; T. B. Green, Somerset county; Walter Scott, Prince George's county; F. H. Mitchell, Harford county; S. W. Bullen, Queen Anne's county. It is stated that no charges on any kind were preferred against these gentlemen and that the reduction was solely for economical reasons.

—A very interesting meeting of Pythian district No. 8 was held on Thursday afternoon, November 16th and the delegates discussed many questions of interest. It seems to be the opinion of the committee that Wednesday, December 21st will be the date best suited for the purpose. The question of the number of meetings to be held was also under discussion and probabilities are that two meetings will be held on that date, one in the afternoon and one in the evening. The Grand Chancellor of Maryland, accompanied by the Grand Lodge officers will be in attendance. Salisbury Lodge No. 66 conferred the rank of Knight Thursday evening last on several candidates. Following this, refreshments were served to the visiting delegates and members of the Lodge.

## Jackson—Cooke Marriage Takes Place in Philadelphia.

Mr. A. M. Jackson, one of Salisbury's younger attorneys was married last Wednesday night to Miss Lillian B. Cooke, of Philadelphia.

The ceremony was performed at 7.30 o'clock in the Holland Memorial Presbyterian Church, Broad St. Immediately following the ceremony a reception was held at the home of the bride's mother, No. 1507 South Broad St. Messrs. Raymond K. Truitt and Percy Trussell of Salisbury, were two of the ushers. Mr. and Mrs. Jackson left Wednesday night for a short trip North after which they will make their home in Salisbury.

## Thrilling Experience.

Miss Amy Motter, daughter of Judge John C. Motter, of Frederick, Md., had a thrilling experience Wednesday afternoon with a runaway horse, but fortunately, owing to her presence of mind and nerve, she escaped without injury.

The horse, which was hitched to a trap, took fright, and while running at topmost speed a colored man ran into the road and attempted to check the animal. The horse swerved aside and leaped clean over the fence into a field, carrying the trap with him. The fence fortunately yielding against the wheels of the trap. All during the wild run of the horse Miss Motter remained in her seat and held firmly to the reins, endeavoring to check his speed and to steer him clear of other teams and obstacles in the road. After the leap she got the animal under control.

### HOSPITALS CROWDED

MAJORITY OF PATIENTS WOMEN  
Mrs. Pinkham's Advice Saves Many From This Sad and Costly Experience.

It is a sad but true fact that every year brings an increase in the number of operations performed upon women in our hospitals. More than three-fourths of the patients lying on those snow white beds are women and girls who are awaiting or recovering from operations made necessary by neglect.

Every one of these patients had plenty of warning in the bearing down feeling, pain at the left or right of the womb, nervous exhaustion, pain in the small of the back, leucorrhoea, dizziness, flatulency, displacements of the womb or irregularities. All of these symptoms are indications of an unhealthy condition of the ovaries or womb, and if not heeded the trouble will make headway until the penalty has to be paid by a dangerous operation, and a lifetime of impaired usefulness at best, while in many cases the results are fatal.

The following letter should bring hope to suffering women. Miss Lydia Adams, of the Colonnade Hotel, Seattle, Wash., writes:

Dear Mrs. Pinkham:—About two years ago I was a great sufferer from a severe female trouble, pains and headaches. The doctor prescribed for me and finally told me that I had a tumor on the womb and must undergo an operation if I wanted to get well. I felt that this was my death warrant, but I spent hundreds of dollars for medical help, but the tumor kept growing. Fortunately I corresponded with an aunt in the New England States, and she advised me to take Lydia E. Pinkham's Vegetable Compound, as it was said to cure tumors. I did so and immediately began to improve in health, and I was entirely cured, the tumor disappearing entirely, without an operation. I wish every suffering woman would try this great preparation.

Just as surely as Miss Adams was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability and nervous prostration. Mrs. Pinkham invites all young women who are ill to write her for free advice. Address, Lynn, Mass.

Through the courtesy of the Butterick Publishing Company of New York, we are in receipt of their December Fashion and Magazine number, of the Delineator. It is certainly a handsome book and complete in every particular; in this number the publishers surpass their former efforts. The interpretation of the 23rd Psalm by Mr. Leyendecker is well worth the price of the magazine. There are also a number of art pages in colors which are shown and are certainly pretty to look upon.

No false pretense has marked the career of Ely's Cream Balm. No idle promises of rewards for cases it will not cure. Being entirely harmless, it is not responsible like the catarrh snuffs and powders, for minds shattered by cocaine. The great positive virtue of Ely's Cream Balm is that it speedily and completely cures nasal catarrh and hay fever. Back of this statement is the testimony of thousands and a reputation of many years' success. All druggists 50c, or mailed by Ely Bros., 56 Warren Street, New York.

### The "Winter Excursion Book."

Just issued by the Passenger Department of the Pennsylvania Railroad Company, is one of the finest resort books ever gotten out by any railroad company. It is a comprehensive manual of the leading winter resorts of the entire United States, containing one hundred and sixty-eight pages of interesting reading matter, and profusely illustrated with half-tone engravings. One may obtain full information in reference to wintering places, routes and rates there. The book is bound in an artistic cover, chaste in design and harmonious in color. This valuable work may be obtained free of charge at the principal ticket offices of the Pennsylvania Railroad Company, or will be sent, postpaid, upon application to Geo. W. Boyd, General Passenger Agent, Broad Street Station, Philadelphia.

### HOUSEHOLD CARES

Tax The Women Of Salisbury The Same As Elsewhere.

Hard to attend to household duties. With a constantly aching back. A woman should not have a bad back. And she wouldn't if the kidneys were well.

Doan's Kidney Pills make well kidneys.

Here is a Salisbury woman who endorses this claim:

Mrs. J. J. Redden, who lives at 303 Naylor Street, says: "I have had kidney trouble for four or five years. I caught cold and it settled in my kidneys and caused inflammation. I have been so bad at times I was compelled to stop work as I could not attend to my household duties. I had been subject to boils every year in the spring or some time during the summer. I used a great many remedies for my kidneys and wore plasters but without permanent relief. I saw Doan's Kidney Pills advertised and got a box at White and Leonard's drug store. I had not taken them more than a week before I noticed their good effects and when I had finished the box I was very much improved. I can recommend Doan's Kidney Pills to other sufferers from kidney troubles. For the boils or abscesses with which I was troubled I tried Doan's Ointment and found that it is all it is claimed to be."

For sale by all dealers. Price 50 cents. Foster—Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

In Time Of Peace.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For sale at C. L. Dickerson's store and G. Hearn's store.

Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured and hopeless resignation is no longer necessary. Mrs. Lois Cragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all throat and Lung diseases by all druggists. Price 50 cents and \$1.00. Trial bottles free.

Sells More Of Chamberlain's Cough Remedy Than All Others Put Together.

Mr. Thos. George, a merchant of Mt. Elgin, Ontario, says: "I have had the local agency for Chamberlain's Cough Remedy ever since it was introduced into Canada, and I sell as much of it as I do of all other lines I have on my shelves put together. Of the many dozens sold under guarantee I have not had one bottle returned. I can personally recommend this medicine as I have used it myself and given it to my children and always with the best results." For sale at C. L. Dickerson's store and G. Hearn's store.

Not A Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, Neuralgia, Liver and Kidney troubles and General Debility." This is what B. F. Bass, of Fremont, N. C. writes. Only 50 cents at all druggists.

Bilious Attack Quickly Cured.

A few weeks ago I had a bilious attack that was so severe I was not able to go to the office for two days. Failing to get relief from my family physician's treatment, I took three of Chamberlain's Stomach and Liver Tablets and the next day I felt like a new man.—H. C. Bailey, Editor of the News, Chapin, S. C. These tablets are for sale at C. L. Dickerson's store and G. Hearn's store.

Group.

A reliable medicine and one that should always be kept in the house for immediate use is Chamberlain's Cough Remedy. It will prevent the attack if given in as soon as the child becomes hoarse, or even after the croupy cough appears. For sale at C. L. Dickerson's store and G. Hearn's store.

A Runaway Bicycle.

Terminated with an ugly end on the leg of J. B. Orner, Franklin Grove, Ill. It developed a stubborn ulcer unyielding to doctors and remedies for four years. Then Bucklin's Arnica Salve cured it. It's just as good for Burns, Sores, Skin Eruptions and Piles. 25 cents at all druggists.

### MINISTER TELLS THE TRUTH.

Personal Experience Of Aged And Well-beloved Preacher.

No other man in the community is so well beloved or whose words have such weight as the minister, who has devoted his life to the service of mankind. In Maryland one of the most noted Methodist ministers in the state suffered severely with rheumatism. He found no relief until a friend recommended RHEUMACIDE. He was so delighted with the results that for the benefit of other sufferers, as a duty to mankind, he tells his experience in the following letter:

"Reisterstown, Md., February 27th.

"I was taken with inflammatory Rheumatism in my left hand and foot in the beginning of this winter and suffered greatly. A gentleman in Baltimore who had tried RHEUMACIDE for Rheumatism recommended it to me. I secured three bottles and took it in smaller doses than prescribed, and am now entirely cured. Can use both hands and foot without the least inconvenience.

"Yours respectfully

"J. R. Wheeler,

Pastor, Reisterstown M. E. Church."

Your druggist sells and recommends RHEUMACIDE.

Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, Jaundice, Fever, Constipation all yield to this perfect pill. 25 cents at all druggists.

Chapped Hands.

Wash your hands with warm water, dry with a towel and apply Chamberlain's Salve just before going to bed, and a speedy cure is certain. This salve is also unequalled for skin diseases. For sale at C. L. Dickerson's store and G. Hearn's store.

Energy all gone? Headache? Stomach out of order? Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you.

Hundred of lives saved every year by having Dr. Thomas' Electric Oil in the house just when it is needed. Cures croup, heals burns, cuts, wounds of every sort.

No matter how long you have had the cough; if it hasn't already developed into consumption, Dr. Wood's Norway Pine Syrup will cure it.

Hives are a terrible torment to the little folks, and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

If Nervous and Run Down simply improve your circulation. Remove the waste matter that clogs the blood by taking Remon's Pills—then tone the nervous system with the Tonic Tablets. All in one box for 25 cents and money back if not satisfied.

For sale by H. K. Truitt & Sons.

The Government Helped.

The Board secured the services of Mr. J. B. Baylor of the United States Coast Survey, and the United States Fish Commission assisted in the work, giving the use of a steam launch and her crew. The act practically left the determination of the areas of the natural beds to the local authorities of the different tide water counties by providing that the judge of each county court should appoint three commissioners to fix the boundaries. As a result of this local option system there was no uniform rule as to what should be considered a natural bed, and in some localities a much broader construction was given to the term than in others. All areas that could with any show of reason be regarded as natural oyster beds were retained as a public common and they amounted to 201,916 acres; but when the survey was finished in 1895 there were at least 400,000 acres available under the section of the law which provides that "all areas of the Chesapeake bay and its tributaries not embraced in the survey of the natural oyster beds, rocks and shoals authorized by the act shall be construed to be in all counties of the Commonwealth barren area, and disposable by the Commonwealth for the purpose of planting or propagating oysters thereon."

Low Charges For Leases.

The act provided that the survey shall be, and be construed to be, in all of the counties of the Commonwealth, conclusive evidence of the boundaries and limits of all the natural oyster beds. "Anywhere outside of the Bay for survey bottoms might be taken up for oyster farming upon application setting forth the location, provided that the area shall not exceed 250 acres. Under an old law the holder of a water front might reserve one half acre in front of the land. Leases are made for 30 years. Originally, the price was fixed at 25 cents an acre on the ocean side of the Eastern Shore and \$1 an acre elsewhere. Later legislation has raised the price for ocean side locations to \$1 an acre. By an act approved February 7, 1898, the oyster and fish industry was put under the control of a Board of Fisheries, composed of five persons, appointed by the Governor.

Under the operation of the law the revenue of the State from oyster licenses and leases has steadily increased. The total amount in 1898-9 was \$48,107.09; in 1904-5 the total was \$68,908.97. The report of the Board of

THE OYSTER QUESTION

And How They Solve It in Virginia. Natural Beds Secured To Oystermen. Other Areas Farmed Out. Operating Advantageously.

Virginia has an oyster law under which the beds are increasing in area and productiveness, and have become an increasing source of profit to the State. The direct revenue gain so far is small. The benefits of the policy are most marked in arresting the decline of the oyster industry and putting it in the way of prosperity. Representatives of all branches of the oyster trade agree that substantial growth is going on, and that a splendid future has opened for an industry that some years ago was threatened with extinction.

An impressive object lesson on this point is presented by the oyster beds in Hampton Roads. Some years ago they were so exhausted that, notwithstanding their large area, about 12 negro tongs were all that were left of the numerous oystermen that once found employment there. The beds were leased to oyster farmers and now about 500,000 bushels a year are gathered and from 200 to 250 oyster farm hands are now employed at better wages than the tongs used to make.

The Baylor Survey.

The basis of the Virginia law is a compromise which respects the equity of the claim of the oyster gatherers to their ancient privilege of working the natural beds, but secures for oyster farming, areas deficient in natural supply. The principle of the public common is still retained, but is in practice confined within the limits of what is known as the Baylor survey. The bill authorizing this survey was drawn by Judge A. Brown Evans of Middlesex county, which occupies the south side of the mouth of the Rappahannock river. That is to say, the bill was a compromise offer from the oystermen, and the idea it embodied was that, if assured of their existing privilege of working the natural beds, the oystermen would not stand in the way of building up a planting industry by leasing barren areas for that purpose. The bill, which was enacted on February 29, 1892, directed the Board of the Chesapeake and its Tributaries to "cause to be made a true and accurate survey of the natural oyster beds, rocks and shoals of the Commonwealth;" and the Board was directed to "avail itself of the assistance tendered by the United Survey."

The Board referred to is composed of the Governor, Auditor of Public Accounts and Treasurer, so that it exactly corresponds to the Maryland Board of Public Works.

GUBERNATORIAL TALK

Ament The Possible Candidates In The Next Campaign For Maryland's Governor. Political Speculation.

Now that the excitement incident to the recent election has somewhat subsided, the talk regarding the succession to the Governorship in 1907 is becoming more pronounced, and already there are signs of a lining up in both parties. Many Republicans seem to believe that their party will nominate either State Senator elect France of Cecil county or Mr. George R. Gathers, President of the Second Branch of the City Council and Attorney General during the last year of Governor Lowndes' administration. Both are young, and both are men of wealth, and the rank and file of that party are not only discussing, already, the personal strength and the merits of the two gentlemen, but also the comparative size of their "barrels."

Among Democrats there are three candidates openly advocated by their respective partisans, two of whom have been in the field for several months. These gentlemen are Ex-Governor Frank Brown, of Baltimore, General Louis Victor Baughman, of Frederick, and Governor Warfield, who is now a citizen of Anne Arundel.

Ex-Governor Brown is actively at work, laying his wires and is daily receiving pledges of support from all sections of the State.

General Baughman's health prevents his taking personal charge of his contest, but he has numerous friends who are looking out for his interests.

Governor Warfield has made no open announcement of his desire to break all the precedents of Maryland and succeed himself as Chief Executive. There is very little expectation that he will make any announcement for some weeks to come, but there is not much doubt but that he has made up his mind to enter the contest.

Many of his friends are openly booming him, and not a few express the opinion that his chances for success are bright. He has a large following, especially among the office holders, and should the contest in the end narrow down to a fight between himself and ex-Governor Brown, it will probably be the most interesting and exciting that the State has ever seen.

Dora Thorne To Be Presented At Uman's Opera House.

A lively rivalry was instituted among several prominent managers in New York, the past season when "Dora Thorne" as a play was placed for the first time on the market. Amusement caterers, always on the lookout for something new and novel to satisfy, it must be confessed, the somewhat satiated dramatic appetite of our vast American public, were eager to obtain possession of a theatrical venture that looked so promising.

Prominent in the managerial race were Messrs. Rowland and Clifford, in this instance fortune again smiled on them, for not only did they secure the play, but from the start of its dramatic career, "Dora Thorne" has been a substantial success. Manager Uman has secured this attraction for Thursday, November 30th and the prices will only be 25, 35 and 50 cents. Get your tickets early if you want a good seat.

Fisheries for 1903-1904 shows that revenue was being paid on 58,076 acres of oyster planting ground, of which 14,169 acres are on the ocean side of the Eastern Shore counties of Virginia. To encourage oyster culture in the deep waters of the bay, an act approved April 2, 1902, permits large areas to be taken up on bottoms in over 15 feet of water at low tide, not less than two miles from shore, provided "no greater quantity than 5000 acres shall be assigned to any one individual, firm or corporation." The minimum rental is fixed at 12 1/2 cents per acre for the first five years, 25 cents for the next five years, and 50 cents for the remainder of the term.

Going Ahead Of Maryland.

It takes time to build up an oyster farming industry, and as a source of revenue to the State its importance lies in the future. The great benefit so far is in the revival of the industry. Virginia, which used to be second to Maryland in oyster production, is now the leading State. According to the census report of 1890, the yield for the season of 1879-80 was as follows: Maryland, 10,569,012 bushels; Virginia, 6,873,320 bushels. The latest statistics available were collected by the United States Fish Commission. According to its report, the Virginia yield in 1891 was 6,074,025 bushels; in 1897, 7,023,848 bushels; in 1901, 7,886,147 bushels. Of the yield of 1901, 2,991,144 bushels were from the natural beds and 6,076,825 from oyster farms. The Maryland yield for the season of 1900-1901 was 6,658,561 bushels, of which 498,580 bushels is reported as the yield of private beds. Since 1901 it is believed that the Virginia yield has continued to increase, while that of Maryland has continued to decline.

According to the census report of 1890, the yield for the season of 1879-80 was as follows: Maryland, 10,569,012 bushels; Virginia, 6,873,320 bushels. The latest statistics available were collected by the United States Fish Commission. According to its report, the Virginia yield in 1891 was 6,074,025 bushels; in 1897, 7,023,848 bushels; in 1901, 7,886,147 bushels. Of the yield of 1901, 2,991,144 bushels were from the natural beds and 6,076,825 from oyster farms. The Maryland yield for the season of 1900-1901 was 6,658,561 bushels, of which 498,580 bushels is reported as the yield of private beds. Since 1901 it is believed that the Virginia yield has continued to increase, while that of Maryland has continued to decline.

Corrupt Practices Act

To Elevate Political Standards In Maryland Elections. Features That A Law Of This Character Should Possess.

Under such an act candidates must: Make sworn statement of all election expenses. Name persons receiving the money and purposes for which it was used. Keep within a certain limit of expenses. It would do away with: Corporate contributions to campaign funds. Bribery at elections.

Since the agitation for the passage of a corrupt practices act for Maryland there has been a discussion of the means to be taken to carry out the reforms sought to be accomplished by the enactment of such legislation. The object is to prevent the illegal use of money at elections. In close States the results of a contest sometimes depend upon the difference in the amount of cash at the disposal of the respective campaign committees, the one having the best supply generally being the victor. Even with the funds evenly divided the use of money corrupts the electorate.

In some sections of Maryland, especially the Eastern Shore, the fund at the disposal of the parties has sometimes been so enormous that \$50 for a voter would not, it is said, be considered an improbable price. In forming laws to prevent the free use of cash, the main provisions are:

A sworn account to be made by every candidate and kept on the file for public inspection, showing how much

## BABY'S AWFUL ITCHING ECZEMA

Sores All Over Face and Body—  
Could Not Tell What She Looked  
Like—Unable to Sleep—Grew  
Worse Under Doctors.

### CURED BY CUTICURA IN ONE MONTH

A grateful mother, in the following  
letter, tells of another of those mar-  
velous cures by Cuticura: "When  
my baby was four months old her  
skin broke out with a humor. I took  
her to a doctor, who said it was  
eczema. He gave me medicine to  
give her, but she kept getting worse  
all the time. Her little face and body  
were so covered with sores and large  
scabs you could not tell what she  
looked like. No child ever had  
worse case. Her face was being eaten  
away, and even her finger nails fell  
off. Then it itched so she could not  
sleep, and for many weary nights we  
could get no rest. At last we got  
Cuticura Soap and Ointment, first  
bathing her in warm water with the  
Soap, and then spreading on the Oint-  
ment with soft cloths. I saw a change  
in a week. The sores began to heal,  
and she could sleep at night, and in  
one month she had not one sore on  
her face or body. Any mother hav-  
ing children with eczema or humors  
will find a friend in Cuticura Soap  
and Ointment. (signed) Mrs. Mary  
Sanders, 709 Spring St., Camden, N. J.,  
Aug. 14, 1904.

The foregoing statement justifies  
the oft-repeated assertion that Cuti-  
cure Soap and Ointment afford instant  
relief, and permit sleep for baby and  
rest for tired mothers, and points to  
a speedy, permanent, and economical  
cure, when all else fails, in the most  
torturing, disfiguring, itching, burn-  
ing, bleeding, scaly, crusted, and  
simply skin, and scalp humors.

### How People Live Cheaply in The Cities.

"It's all in the system and watching  
the pennies," said the proprietor of a  
restaurant, who supplies his custom-  
ers with a full meal for 10 cents, and  
earns a net income of \$8000 a year. "I  
can give you a bowl of soup, a cut  
of roast, potatoes, one side dish, cof-  
fee, pie or pudding, furnish heat, light  
and a waiter and make 4 cents on each  
10 cent meal. I buy my vegetables  
in summer from farmers, who deliver  
as needed; meats from one firm on  
contract by the year; groceries at  
wholesale from one firm, delivered at  
call; one baker has supplied the bread  
for years, and as it is a day old, costs  
but a trifle over a cent a loaf. We  
make our own pastry, at a great sav-  
ing. My rent is only \$50 a month,  
waiters can be had for \$3 a week and  
board; day cook, \$7; night cook, \$6;  
my wife is day cashier and I'm on  
duty at night: we feed an average of  
2000 people daily. There's never any  
waste. Meat used in making soup  
goes into the stew. Fragments are  
saved for meat balls and hamburgers,  
for which there is always a demand.  
There's 50 per cent. profit in coffee at  
2 cents per cup; 100 per cent in tea.  
Coffee and rolls at 5 cents net 100 per  
cent. Stale bread and fragments make  
a fine bread pudding, which sells at  
5 cents, and costs about a penny per  
individual pudding. There's a small  
profit in everything. Economy in  
buying, cooking and utilizing the frag-  
ments make the secret of success,"  
Philadelphia Record.

Letter To W. A. Ennis.  
Salisbury, Md.

Dear Sir: You were so well known  
that the people put you in office.  
They knew what they were about.  
They didn't do it by accident.

Wouldn't it be a handsome thing  
to do to paint your house? It is a  
nice house, has a good substantial  
commodious look, and isn't rusty at  
all, you know; but a fresh coat of  
paint would make it so bright! It's a  
pity not to.

Devco is beautiful paint, but the  
beauty of it is; it lasts so long, and  
does so much more than adorn an  
already interesting and attractive ed-  
ifice, house, out buildings and fences.  
There isn't a man or a woman in town  
who wouldn't see them and make  
some pleasant remark.

Of course, you will paint the town  
property; nothing would mark your  
administration more, in the eyes of  
the people; and, having done the  
same thing at home, it is a most natu-  
ral thing in the world to do it for  
them.

Yours truly,  
F. W. Devco & Co.

### In Time Of Peace.

In the first months of the Russia-  
Japan war we had a striking exam-  
ple of the necessity for preparation and  
the early advantage of those who, so  
to speak, "have shingled their roofs  
in dry weather." The virtue of pre-  
paration has made history and given to  
us our greatest men. The individ-  
ual as well as the nation should be  
prepared for any emergency. Are you  
prepared to successfully combat the  
first cold you take? A cold can be  
outraged much more quickly when treat-  
ed as soon as it has been contracted  
and before it has become settled in the  
system. Chamberlain's Cough Remedy  
is famous for its cures of colds and  
it should be kept at hand ready for  
instant use. For sale at C. L. Dick-  
erson's store and G. Hoarn's store.

There is more catarrh in this sec-  
tion of the country than all other dis-  
eases put together, and until the last  
few years was supposed to be incur-  
able. For a great many years doctors  
pronounced it a local disease and pre-  
scribed local remedies, and by con-  
stantly failing to cure with local  
treatment, pronounced it incurable.  
Science has proven catarrh to be a  
constitutional disease and therefore  
requires constitutional treatment.

Hall's Catarrh Cure, manufactured  
by F. J. Cheney & Co., Toledo, Ohio,  
is the only constitutional cure on the  
market. It is taken internally in doses  
of from 10 drops to a teaspoonful.  
It acts directly on the blood and mu-  
cous surfaces of the system. They  
offer one hundred dollars for any case  
it fails to cure. Send for circulars  
and testimonials.

## INGENIOUS RAILROAD

Device For Automatic Coupling Of Cars,  
Invented by Mr. John S. Farlow Of  
This City, May Revolutionize  
Present System.

Mr. John S. Farlow of this city, has invented a device for passenger and freight cars that will, if it can be brought to the perfection designed by the inventor, greatly expedite the movement of trains, especially in the largest depots, and at the same time lessen the risk to human life which is now endangered by the present system of car coupling. It will make a decided step toward progress in the management of railroad traffic, and reflects credit upon Salisbury for giving forth the idea.

The device is an air coupling, to be used in the place of the hose and clamp now in vogue. It works automatically when the cars are coupled by the main coupling. The air coupling has a projection that extends beyond the main coupling, the same on both cars, so that when the cars come together the air coupling meets to form a joint 24 inches before the main coupling. The air coupling having a spring at a pressure of 300 pounds, presses the joints, made of rubber, that come in contact when the cars go together, and by the force of a spring presses a joint. The sleeve, sliding back by automatic action, opens the air valve and also opens the free line of air to the air brake to uncouple the car. When they separate, a spring provided for the purpose forces the joint, forces the sleeve out. Connected thereto is a lever rod that closes a

—Mr. and Mrs. J. E. Betts, of Salisbury, Md. have been spending the week with Mr. and Mrs. John H. Truitt, at the Brick Hotel.—Georgetown Democrats.

—Rev. J. W. Hardesty and family expect to soon occupy the new eight room house on East Church Street just being finished by W. C. Guilett as owner and W. J. Ennis, contractor.

—A few of Mr. Preston Ellingsworth's friends were entertained at a surprise supper at his home on Smith Street, last Tuesday evening in honor of his fifty sixth birthday.

—Harper & Taylor, jewelers, have been making costly improvements in their front display windows this week. Large glass panels and handsome plate mirrors have been set in each with becoming effect.

—The large residence of Mr. J. Wesley Burton, in the suburbs of Pocomoke City, was destroyed by fire Thursday afternoon. The cause was a defective fuse in the rear of the building.

—The commissions for the newly elected county officials will be mailed from the office of the Secretary of State at Annapolis the latter part of the present week, so that most of the officials can swear in by the first day of December.

—Mr. and Mrs. Louis S. Clayton of Annapolis, have announced the engagement of their daughter, Miss Florence Dashiell Clayton, to Lieut. Joseph A. Russell, United States Marine Corps. The date of the wedding has not been fixed. Miss Clayton is well known in Salisbury, having visited at the home of Hon. James E. Ellegood.

—Mr. L. P. Coulbourn, who is conducting the People's Meat Market at the N. Y. P. & N. Station announces that he has a Cold Storage Plant with a capacity for one and a half car loads. —While working on his farm in the country near Winchester, Va., Geo. A. Cook discovered a large cave which extends a great distance under the ground. Three large chambers containing many wonderful and unique formations were explored. Arrangements are being made to carry on further investigations. Mr. Cook says a fortune teller some years ago told him a mammoth cave existed on his farm, but his present discovery was accidental.

—T. W. Towers, and family of Erie, Pa., arrived at Mardela on Wednesday and moved on the Wm. Bounds farm on the road from Mardela to Vienna. He has recently purchased that farm. He brought along in special car, three horses, fifty bushels of corn, a large quantity of oats and some hay; also many of his farming implements. He assigns two reasons for moving southward; one, he and family had grown tired of long cold winters, as much snow had already fallen, another reason was the low muddy condition of the land where he resided. He and family seem well impressed with their new home.

—Miss Elizabeth Elsey Woolford and Mr. William T. G. Polk were married Wednesday in Princess Anne at the home of the bride. Rev. William G. Woolford, a cousin of the bride, performed the marriage ceremony. Miss Woolford is the oldest daughter of the late Col. Levin Woolford, of Princess Anne, Md., who at the time of his death was State Tax Commissioner of Maryland and at one time Comptroller of Maryland. Mr. Polk is the only son of the late Col. William G. C. Polk, of Somerset county.

—The annual report of Treasurer Bonds of the Wicomico School Board appears in another place. It shows total expenses during the year of about \$16,000.00. Teachers' salaries, \$33,000.00; kindergarten and manual training, \$3,000.00; apparatus and furniture, \$1,791.04; repairs, \$1,044.00; fuel, \$2,345.13. Sources of income, State school tax, \$24,424.18; State free school fund, \$1,626.58; Academic fund, \$1,200.00; county appropriation, \$14,000.00; licenses, \$1,334.43; manual training, \$3,000.00.

—Louis Dalmas, Esq., of Philadelphia, owning a controlling interest in the Salisbury, Electric Light and Power Company and the Salisbury Water Company, has recently returned from Haiti, where he has secured a concession, granted to the National Railroad of Haiti, a corporation formed by Mr. Dalmas and associates. The concession it is said gives the Americans the right to build a steam railroad across the island and carries with it a grant of land for a distance of a mile and a quarter on each side of the road bed.

—To Stop Taxation Of B. C. & A.

Samuel Bancroft, Jr., of Delaware, instituted suit in the United States Circuit Court Monday to restrain the County Commissioners of Talbot county from taxing any of the property, rights or franchise of the Baltimore, Chesapeake and Atlantic railway Company in that county and which are embraced in a deed of trust dated September 1st, 1894, from the railway company to the Atlantic Trust Company, trustee to secure an issue of bonds. The bill of complaint, filed by Nicholas P. Bond, attorney, states that Mr. Bancroft holds 20 of the 1,250 bonds of \$1,000 each, secured by the mortgage.

It is claimed the property of the railway company is exempt from taxation, and that this act is a contract which may not be impaired.

Pennsylvania Railroad Company Will Issue Clerical Orders for 1906.

Pursuant to its usual custom, the Pennsylvania Railroad Company will issue clerical orders for the year 1906 to ordained clergymen having regular charge as settled pastors of churches located on or near its lines. Clergymen desiring such orders should make individual application for same on blanks furnished by the Company and which can now be obtained from the ticket agents. Applications should be sent to the General Office of the Company as soon as possible in no case later than December 15, so that orders may be mailed December 30, to all clergymen entitled to receive them.

Appreciates His Present And former Pastorate.

Mr. Editor, Salisbury Advertiser:—Your paper comes regularly and is much enjoyed. May I say to my Whiteville Circuit friends where I was stationed three years and Sharp-town friends where I was seven years, that Marshallton is a beautiful place. I have a pretty church, large congregation, fine choir and very comfortable home. My health has greatly improved. I would love to see them all again and sing and preach to them as in days past. E. H. Miller, Pastor of Marshallton M. E. Church.

Device For Automatic Coupling Of Cars, Invented By Mr. John S. Farlow Of This City, May Revolutionize Present System.

Mr. John S. Farlow of this city, has invented a device for passenger and freight cars that will, if it can be brought to the perfection designed by the inventor, greatly expedite the movement of trains, especially in the largest depots, and at the same time lessen the risk to human life which is now endangered by the present system of car coupling. It will make a decided step toward progress in the management of railroad traffic, and reflects credit upon Salisbury for giving forth the idea.

The device is an air coupling, to be used in the place of the hose and clamp now in vogue. It works automatically when the cars are coupled by the main coupling. The air coupling has a projection that extends beyond the main coupling, the same on both cars, so that when the cars come together the air coupling meets to form a joint 24 inches before the main coupling. The air coupling having a spring at a pressure of 200 pounds, presses the joints, made of rubber, that come in contact when the cars go together, and by the force of a spring presses a joint. The sleeve, sliding back by automatic action, opens the air valve and also opens the free line of air to the air brake to uncouple the car. When they separate, a spring provided for the purpose that forces the joint, forces the sleeve out. Connected thereto is a lever rod that closes a plug valve ordinarily handled by the brakeman. The slidable action in the place of the hose, composed of flexible joints are made by a knuckle and arranged with the best ball bearing.

Mr. Farlow is now having constructed at Mr. R. D. Grier's foundry the practical device, which when completed, about the end of this month, will be practically tested on the B. O. & A. R. R., between Salisbury and Claiborne. At his home is a model of the design and a patent has been applied for.

Teacher Vindicated From Charges Filed.

The result of the protest filed several weeks ago by some patrons and trustees of Pittsville school charging lack of discipline in the management of the school, against Miss Rebecca Shockley, was a unanimous decision of the School Board to discharge the complaint.

The petitioners were represented by Mr. E. H. Walton, and Miss Shockley by Hon. E. S. Toadvin. The Board in its opinion said:—"While we believe the accused has made some errors in an honest discharge of the duties as first assistant in the Pittsville school, yet from the testimony produced before this Board we also believe the protesting patrons of that particular room, at least those who gave testimony, have fallen into greater error when they not only withhold their support of the accused, but, as was shown by the evidence, antagonize her in every possible way calculated to undermine her influence and authority over those committed to her care."

## SATURDAY NIGHT TALKS

By F. E. DAVISON

PRACTICING THE GOLDEN RULE

Nov. 26, '05—(I Cor. 10: 23-33.)

The motto of the world is, "Look out for No. 1," the motto of the Christ is, "Do unto others as ye would that others should do unto you." David Harum's motto "Do others as they would do you, and do first," is but the twentieth century echo of the first murderer's plea, "Am I my brother's keeper?" In the world of nature, and in the animal kingdom the rule may be "the survival of the fittest," but just in proportion as the race advances in civilization and Christianity does it deny that law, and introduce a higher principle, viz., that the weak have a claim upon the strong, that sickness has a mortgage on health, that poverty is bound up in the same bundle with riches, that ignorance lays obligation upon intelligence, that all men are debtors to those who are lower down in the scale than they are and are responsible in a great degree for their conduct and character.

The Apostle Paul could not be accused of being a "prohibition crank," he was not a "fanatic," he could see all sides of a question, he never laid down a proposition that was untenable, he was a master of logic, and he had a heart big enough to appreciate the conditions under which all men are placed. In his day, as now, there were many "burning issues," and fiery discussions. "Personal liberty," and "sumptuary laws," were unknown terms in his day, but the facts involved were the same. There were those who brushed aside all considerations but those which were personal, and there were those who were fierce in their denunciations of such people. "Now," said Paul, "It is perfectly lawful for this man to act as he does; you have no right to say it is not. But instead of standing up for his rights, it would be a more Christian thing to abstain from doing what would do him no harm to do, for the sake of the weak brothers who think differently." That is the sublime teaching, strength bending down to weakness, that the weak may itself sometimes be strong.

It goes without saying that this is not the estimate of the world. To be great in its eyes is to be conspicuous, on high, in the front rank, even though to get there the person has walked with spiked feet over bleeding hearts and ruined trades. It is accompanied with noise and parade. Unless seen and known it is nothing. It is self, first, last and all the time.

But that is not real worth. The true man looks outward, not inward, upon the things of others, not alone on his own; puts others first, not last; asks not, "What am I going to get?" but "What can I give?" Walks in paths of humility, is full of benevolence, labor, sacrifice. He knows that pride is folly, self-seeking is littleness, sacrifice is divine.

This is not a new rule. It is a motive the most powerful which acts upon the reluctant hearts of men. It reaches what nothing else could reach. What mothers are the most beloved? Those who live but for the children? What Sunday school teacher has the most influence, the one who merely asks questions out of a book, or the one who lovingly pursues the wayward pupil? What pastor has the greater following, the one who loafs in ecclesiastical dignity during the week, and is only visible Sunday, or the one who wears himself out in loving ministrations to all the members of his flock?

The world is full of people who are weak. Weak in body and in soul; weak in mind and in morals; weak in will and in wit. They have always had to be carried, they never will go unless they are carried. Heathenism would knock them in the head, Paganism would expose them to wild beasts, but Christianity lifts them into the arms of giants who are able to carry them, and says, "Do this in remembrance of Him who died for you." The survival of the fittest is not the Christian law of conduct. If there is a child in the family who is puny, crippled, unfortunate, always an invalid, the mother broods over that child more than over all the others, and the whole family are taught to minister with tender care to the necessities of the one weak lamb. They are eyes and feet and hands and brains for the one who is helpless and puny. The most delicate morsels are for him, the softest chair is for him, the costliest corner of the fire is for him. Pleasure and enjoyment are given up that he may be cared for, and sleep is banished that he may be ministered unto during the watches of the night. It is but the application of this principle—the strong caring for the weak.

There doubtless are many things which it would be easy for you to do, the doing of which would ruin others. The love of money says, "Though I could do that with out harm to myself, if the influence on others is harmful I will not do it for their sakes. Not because it hurts me, but because it hurts them, I am bound to do everything in my power to lift up and help my brother."

## CURES AFTER THE DOCTORS HAVE FAILED.

**RHEUMACIDE** has cured thousands of cases of Rheumatism after all the doctors and all other means had failed. Rheumacide cured John F. Elme and others, of Baltimore, after the famous specialists of Johns Hopkins Hospital, the greatest hospital in the world, had failed. Rheumacide cured Austin Perelle, of Salem, Va., and D. H. Olmstead, the Norfolk, Va., contractor, after they had spent large sums on other remedies and the doctors had given up hope. Rheumacide cured Mrs. Mary Welborn, of High Point, N. C., of rheumatism she had endured for 20 years. Rheumacide cured W. R. Hughes, of Atkins, Va., after the most famous New York specialists failed. There is a reason why it cures: Rheumacide is the latest discovery of medical science, and while powerful enough to sweep all germs and poisons out of the blood, it operates by purely natural methods, does not injure the most delicate stomach, and builds up the entire system.

**Rheumacide**  
GETS AT THE JOINTS FROM THE INSIDE  
SWEEPS ALL POISONS OUT OF THE BLOOD.  
A purely vegetable remedy that goes right to the seat of the disease and cures by removing the cause. Your druggist sells and recommends Rheumacide. Sample bottle and booklet free if you send five cents for postage to ROBBITT CHEMICAL COMPANY, Pro: cletors, Baltimore.

Rheumatism, Sciatica, Lumbago, Rheumatic Gout, Indigestion, Liver Trouble, Kidney Trouble, La Grippe, All Blood Diseases.

# JOYS OF MATERNITY

A WOMAN'S BEST HOPES REALIZED  
Mrs. Potts Tells How Woman Should Prepare for Motherhood

The darkest days of husband and wife are when they come to look forward to childless and lonely old age. Many a wife has found herself incapable of motherhood owing to a displacement of the womb or lack of strength in the generative organs.

Mrs. Anna Potts

Frequent backache and distressing pains, accompanied by offensive discharges and generally by irregular and scanty menstruation indicate a displacement or nerve degeneration of the womb and surrounding organs. The question that troubles women is how can a woman who has some female trouble bear healthy children?

Mrs. Anna Potts, of 510 Park Avenue, Hot Springs, Ark., writes: My Dear Mrs. Pinkham:—During the early part of my married life I was delicate in health; both my husband and I were very anxious for a child to bless our home, but I had two miscarriages, and could not carry a child to maturity. A neighbor who had been cured by Lydia E. Pinkham's Vegetable Compound advised me to try it. I did so and soon felt that I was growing stronger, my headache and backache left me, I had no more bearing-down pains, and felt like a new woman. Within a year I became the mother of a strong, healthy child, the joy of our home. Lydia E. Pinkham's Vegetable Compound is certainly a splendid remedy, and I wish every woman who wants to become a mother would try it.

Actual sterility in woman is very rare. If any woman thinks she is sterile, let her try Lydia E. Pinkham's Vegetable Compound and write to Mrs. Pinkham, Lynn, Mass. Her advice is free to expectant or would-be mothers.

Just issued by the Passenger Department of the Pennsylvania Railroad Company, is one of the finest resort books ever gotten out by any railroad company. It is a comprehensive manual of the leading winter resorts of the entire United States, containing one hundred and sixty-eight pages of interesting reading matter, and profusely illustrated with half-tone engravings. One may obtain full information in reference to wintering places, routes and rates there to. The book is bound in an artistic cover, chaste in design and harmonious in color. This valuable work may be obtained free of charge at the principal ticket offices of the Pennsylvania Railroad Company, or will be sent, postpaid, upon application to Geo. W. Boyd, General Passenger Agent, Broad Street Station, Philadelphia.

## MINISTER TELLS THE TRUTH.

Personal Experience Of Aged And Well-beloved Preacher.

No other man in the community is so well beloved or whose words have such weight as the minister, who has devoted his life to the service of mankind. In Maryland one of the most noted Methodist ministers in the state suffered severely with rheumatism. He found no relief until a friend recommended RHEUMACIDE. He was so delighted with the results that for the benefit of other sufferers, as a duty to mankind, he tells his experience in the following letter:

"Reisterstown, Md., February 27th. 'I was taken with inflammatory Rheumatism in my left hand and foot in the beginning of this winter and suffered greatly. A gentleman in Baltimore who had tried RHEUMACIDE for Rheumatism recommended it to me. I secured three bottles and took it in smaller doses than prescribed, and am now entirely cured. Can use both hands and foot without the least inconvenience. 'Yours respectfully 'J. R. Wheeler, Pastor, Reisterstown M. E. Church.' Your druggist sells and recommends RHEUMACIDE.

## HOUSEHOLD CARES

Tax The Women Of Salisbury The Same As Elsewhere.

Hard to attend to household duties. With a constantly aching back. A woman should not have a bad back. And she wouldn't if the kidneys were well.

Doan's Kidney Pills make well kidneys. Here is a Salisbury woman who endorses this claim: Mrs. J. J. Redden, who lives at 308 Naylor Street, says: "I have had kidney trouble for four or five years. I caught cold and it settled in my kidneys and caused inflammation. I have been so bad at times I was compelled to stop work as I could not attend to my household duties. I had been subject to boils every year in the spring or some time during the summer. I used a great many remedies for my kidneys and wore plasters but without permanent relief. I saw Doan's Kidney Pills advertised and got a box at White and Leonard's drug store. I had not taken them more than a week before I noticed their good effects and when I had finished the box I was very much improved. I can recommend Doan's Kidney Pills to other sufferers from kidney troubles. For the boils or abscesses with which I was troubled I tried Doan's Ointment and found that it is all it is claimed to be."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

## A Life Saving Coat.

A London tailor has invented a new life saving coat and gaiters, with which it is possible for a person clothed therein to maintain an upright position when immersed in the water, even if not possessing any knowledge of swimming. The coat resembles in appearance an ordinary pilot coat; but it is fitted with an air belt; which is inflated with air through a tube. The gaiters each weigh two pounds and are fitted with two brass wings or blades fastened to the back of the heel. As the wearer moves his feet in the water these wings open and shut, and not only propel the wearer along like oars, but enable him to maintain an upright position from the waist upward in the water. A practical demonstration of the utility of the invention was recently undertaken in the River Thames by the inventor, and its efficiency and life saving qualities clearly shown, even when moving against the tide.—Scientific American.

## Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured and hopeless resignation is no longer necessary. Mrs. Lois Cragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all throat and lung diseases by all druggists. Price 50 cents and \$1.00. Trial bottles free.

It is thought that the new Pennsylvania railroad bridge at Havre de Grace will not be finished before spring.

Sells More Of Chamberlain's Cough Remedy Than All Others Put Together.

Mr. Thos. George, a merchant of Mt. Elgin, Ontario, says: "I have had the local agency for Chamberlain's Cough Remedy ever since it was introduced into Canada, and I sell as much of it as I do of all other lines I have on my shelves put together. Of the many dozens sold under guarantee I have not had one bottle returned. I can personally recommend this medicine as I have used it myself and given it to my children and always with the best results. 'For sale at O. L. Dickerson's store and G. Hearn's store."

Mr. William S. Crown, of Denton, has been appointed principal of the Annapolis public school.

Not A Sick Day Since. "I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, Neuralgia, Liver and Kidney troubles and General Debility." This is what B. F. Bass, of Fremont, N. C. writes. Only 50 cents at all druggists.

A Runaway Bicycle. Terminated with an ugly cut on the leg of J. B. Orner, Franklin Grove, Ill. It developed a stubborn ulcer yielding to doctors and remedies for four years. Then Bucklen's Arnica Salve cured. It's just as good for Burns, Scalds, Skin Eruptions and Piles. 25 cents at all druggists.

## The University Of Virginia.

The eighty first Academic year of the University of Virginia opened on September 14th, the first session since the formal installation of the University's first president, Dr. Edwin A. Alderman. The enrollment on November 1st was 696, an increase of twenty over the same date last year. Of this total 246 are enrolled in the College Department, 30 in the graduate Department, 121 in the Medical Department, 129 in the Law Department and 110 in the Engineering Department. The wide prestige and influence of the University is shown by the number of students from every section of the United States; North Atlantic States 44, South Atlantic States 49, South Central States 123, North Central States 24, Western States 8, and Foreign countries 6. The introduction of entrance examinations at the University this session has limited somewhat the present enrollment.

NEWS FROM ALL SECTIONS OF WICOMICO SENT IN BY THE ADVERTISER'S REPRESENTATIVES.

**DELMAR.**

At the home of the bride's parents, Mr. and Mrs. Lewis B. Lowe, Miss Pearl Esther Lowe and Mr. Willard F. Deputy, of Milford, Del., were married on Wednesday evening at 7.30 o'clock by the Rev. G. W. Townsend, assisted by the Rev. Z. H. Webster. The bride was becomingly attired in pearl crepe de chine, trimmed with Irish point lace and carried brides roses. The maid of honor, Miss Stella Hitchens, a cousin of the bride was dressed in white chiffon cloth over yellow taffeta and carried yellow chrysanthemums. Music was furnished by the Delmar Orchestra. Mrs. H. M. Waller sang Lohengrin's wedding chorus. The bridal pair left on the 1.08 a. m. train for a northern tour. Upon their return they will reside in Milford, Del., where Mr. Deputy is engaged in the lumber business. They were the recipients of a large number of handsome and useful presents. Among the out of town guests were Mr. Lofland Deputy, of Milford, Mr. and Mrs. Jay Williams and Miss Catlin, of Salisbury, Miss Lillie English,

Mr. John Lowe, of Baltimore, Mr. and Mrs. Joseph Lowe, of Wilmington, Mrs. L. R. Bacon, of Laurel.

The new coal chute for coaling locomotives here was completed this week. Electric power is used in its operation.

Rev. and Mrs. E. S. Fooks attended the funeral at Cambridge on Tuesday of Mr. Chas. Seymour, an uncle of Mrs. Fooks.

Thanksgiving service will be held at the M. P. Church. Rev. Z. H. Webster will preach.

The teachers of the Delmar School attended the Teachers Institute at Milford several days this week.

Mrs. Alice German, wife of W. E. German, of this town, died on Saturday, 18th, after a long period of suffering with consumption. She was the oldest daughter of Mr. and Mrs. Burton Cullen. Funeral services were held at the home Tuesday afternoon, conducted by Rev. John Wright, her former pastor. Four of her sons acted as pall bearers.

**The Home Of The Eagle For Man's Habitat.**

Mr. O. W. Taylor cut a most remarkable tree some days ago in his "Little Neck" swamp near Quantico. This pine tree has been known as the Eagle's Nest for many years on account of the eagle building its nest there annually.

When Mr. Taylor cut this tree he found a nest one hundred and ten feet from the ground. From the nest there was a full grown stock of corn and several prolific Simpson weeds the seed of which he supposed came from the crabs of chickens which the old eagle had procured to feed its young. The heart of this tree measured 32 inches in diameter and will saw out 2500 feet of fine heart lumber.

Mr. Taylor thinks as a high stock of corn, this one will take the premium.

**Session Of County Commissioners Here Tuesday.**

The County Commissioners met Tuesday and transacted business as follows:—

The report of the Commission on the New Hope Tax Ditch filed September 4th, was by order of the Board not ratified.

A petition for a Commission on the South prong of Green Branch Tax Ditch was received and the following Commission was appointed: James W. Parker, Robert H. Smith, P. T. Baker.

Commissioner Brittingham reported the completion and acceptance of the M. E. Hastings new road.

They adjourned to meet November 28th, next Tuesday.

**Mr. Thomas A. Bradshaw.**

Mr. Thomas A. Bradshaw, aged about fifty years, died at his home in Salisbury, Md., Friday, Nov. 10, of pneumonia. The deceased was a native of Nanticoke, Md., and removed to Salisbury only a few years ago.

Mr. Bradshaw was a member of the M. E. Church for a number of years. He was an earnest christian and an active worker in the church as long as his health would permit. He leaves a widow, who was Miss Rebecca Jarrett, of Bivalve, Wicomico county, Md., and one son to mourn his loss. He was a kind husband and an indulgent father. An aged mother, Mrs. Sallie Evans, one brother Geo. B. Bradshaw, two half brothers, Wm. F. Evans and Chas. S. Evans, also survive him. He was a member of Nanticoke Tribe No. 87 Improved Order of Red Men. He was brought to Bivalve Church where the funeral services were held, Rev. J. L. Ward, officiating. The services were concluded at the grave, by the solemn rites of the Order of Red Men.

On the regular sleep of Nanticoke Tribe Improved Order of Red Men, on the 13th, evening, Beaver Moon, G. S. D. 414, November 13th, 1905, the following resolutions of respect and sympathy were adopted by our Tribe.

Whereas, the Great Spirit in his wisdom has seen fit to remove from our Hunting Grounds below, to the happier Hunting Grounds above our beloved and esteemed Brother, Thomas A. Bradshaw.

Resolved, that in the death of our Brother, Thomas A. Bradshaw, we have lost a brother, to whom we were warmly attached by the ties of affection and brotherhood; and whose wisdom and interest were of value to us when he was with us.

Resolved, that in this hour of bereavement and affliction we tender this expression of our deep sympathy and regard. We extend to his widow and son, also his aged mother and brothers our fraternal assurance that we will do all in our power to alleviate their grief and distress.

Resolved further that we tender to the family and friends of our deceased Brother, sincere condolence with them in their hour of bereavement. Ever looking to the Giver of Life for consolation in death may the Great Spirit be ever with them to sanctify this affliction for their eternal good.

Resolved, that a copy of these resolutions be sent to the widow, one to the aged mother of our deceased Brother. Also one to Modoc Tribe and one to the county papers for publication.

**Dressy, Durable Suits AND OVERCOATS.****For Young Men and Boys.**

The "Young Man's" Smart Double-breasted Suit is the most popular model in our tremendous stock of Fall and Winter Clothing. There are Tibets, Chevots and Worsteds, tailored in our own distinctive style, with the generous cut over chest, the broad shoulders, the deep centre and side vents, and all other strictly new features.

Single and double-breasted Suits, ready to wear, \$7.50 to \$20. The unusual values represented by the \$12.50 and \$14 Suits and Overcoats, makes these grades the leading favorites. Our Boys' Suits are made to withstand the hard wear the typical boy will give them. A fine suit for school and good enough for dress. Double-breasted coat—broad shoulders—easy-hanging front—trousers are lined and won't wrinkle. Sizes 5 to 16. Prices \$2 to \$7—the \$3.50 and \$5 grades the most popular.
