SKIN AND SCALP
The county commissioners were in session on Tuesday and Wednesday, and transacted a great deal of business. The fixing of the tax rate for this year was the question to which they have been studying thought and consideration. During the last three or four years the depreciation of some kinds of property has been so great, and so many statements in assessments have been made, that notwithstanding the large addition of property of various kinds, the taxable basis has decreased, and the result has been a decrease in the tax rate. The commissioners have all agreed, however, to increase the tax rate, and have fixed the rate at 30 cents on the \$100 which, with the State tax of 18 cents, makes our rate of taxation \$1.18 on the \$100.

Consumption Cured.
An old physician, retired from practice, having had placed in his hands by a simple vegetable remedy, the formula of a simple vegetable remedy for the cure of Consumption, Cough, Asthma, and all Throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful cures in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. He is now offering a small quantity of this medicine, and a desire to relieve suffering, will send free of charge, to all who will send him a letter, in German, French or English, with full directions for preparing and using. Sent by mail, with stamp, naming this paper—W. A. Noyes, 140 Power's Block, Rochester, N. Y.

Roofing.
No bishop has been elected in our faithful flock since Bishop Adams' administration. The diocese is made up of the nine Eastern Shore counties of Maryland, and it contains some of the oldest churches in the country. The Old St. Paul's Church in Baltimore County, a built of brick imported from England long before the Revolutionary War. The chief of St. Martin's Parish is a silver baptismal service, the gift of Queen Anne.

Antislavery Success.
It is the duty of every person who has used *Bacon's German Syrup* to let its wonderful qualities be known to their friends in curing consumption, coughs, croup, asthma, pneumonia, and in fact all throat and lung diseases. The person can use it without immediate relief. These doses will relieve any case, and we consider it the duty of all druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 80,000 doses have been sold last year, and no case where it failed was reported. *Bacon's German Syrup* cannot be too widely known. Ask your druggist about it. Sample bottles to try, sold at 10 cents. Regular size, 75 cents. Sold by all Druggists and Dealers, in the United States and Canada.

Union Watches Under a Microscope.
Mr. Mary Wolf, a widow, her brother, John Rosenberg, and his uncle, Daniel Riffe, all of whom resided at Hagerstown recently from Carlisle, Pa., were arrested Friday for being concerned in the burglary of Wm. Gibbons' jewelry store, which occurred several days ago. The residence of Mrs. Rosenberg, the mother of John, was searched, and 19 of the stolen watches found under a mattress and a large quantity of silverware in Mary Wolf's trunk. Wm. Rosenberg, another one of the gang, made his escape by jumping from a window before the police arrived. All of those arrested have been committed to jail.

A Happy Man at Hagerstown, Pa.
Monday, July 10, 1887. Dear Sir, For the benefit of the afflicted I desire to relate my case. All this spring and early summer I suffered from a painful and exceedingly annoying skin disease, breaking out in water eruptions around my neck and on other parts of my body, and itching almost to insanity. It was so severe that I could not rest at night. When the circulars of your "Aromanna" were sent around I at once bought a bottle and commenced using it. And now, after using about three bottles, I am entirely cured of my annoying disease, and I feel healthier and stronger than for several years past. Henry H. Hagerstown, Pa. Col. Hagerstown, Pa.

Death of Jackson Tyler.
Mr. Jackson Tyler, of Lake, on Thursday week, while mowing in a field, was struck on the head by one of his horses, causing a slight wound. He died six days and died last Wednesday week, his death being deeply deplored by a large number of friends.

Funeral Notice.
A few days ago, Miss Mary Tyler, daughter of Mr. David E. Tyler, of the Mill Creek, died of a fever, and was buried in the cemetery. She was a young woman, and was very kind and gentle. Her death was a great loss to her family.

The Baltimore Sun sent out to each of its subscribers last Saturday a facsimile copy of the Declaration of Independence. The copies were sent as Fourth of July gifts. A very commendable enterprise in the Sun.

The Marylander of Princess Anne last Tuesday contained the following leading editorial in support of Senator Jackson:

"The primary elections in the several districts of Somerset county, for the purpose of electing delegates to the democratic county convention, which assembly in Princess Anne on the following Tuesday, will occur on next Saturday. The real issue is the selection of a Governor, Comptroller and Attorney General for our State for the fall. In the matter of neither of the three places is Somerset county interested especially."

In the sense that the writer professes one of her citizens as a candidate for either place. She is interested in the matter, however, as earnestly as any other section, to the end that good democrats and true men may be chosen for the places. Her daughter, Wicomico county, has presented as a candidate for Governor one of her most successful and distinguished sons, Hon. E. E. Jackson, and all factions in the democratic party in Somerset seem to approve the choice and will endorse the favorite of Wicomico. Being a son of Wicomico, the daughter of Somerset and Worcester, he is the grandson of the two mother counties and will likely be more cordially and indulged by the two grand-mothers than by even his Wicomico mother.

The consummate executive ability which he has displayed in the past, the experience of E. E. Jackson & Co. have been marked in Somerset and we believe that our people have deliberately adjudged him peculiarly equipped for the discharge of the executive duties of Maryland's chief magistracy. There will, therefore, be delegates sent to the State Convention from Somerset who will not only vote, but ask for Mr. Jackson's nomination. We have heard these expressions from leading men from all sections of Somerset since the call for the primary elections was published in The Marylander on June 14th last."

Democratic Primaries.

Pratt, Towson, Md., July 5.—The democratic county convention to elect delegates to the State convention was held here today, with Dr. A. J. Smoot, of Harris Lott, president and W. L. Padgett, of La Plata, and L. G. Carrio, of Bryansville, secretaries.

Soon after the assembly was called to order Mr. John H. Mitchell made a statement from Senator Edlin declining the use of his name for Governor. This caused much surprise, and the Senator's friends hope that he may be induced to reconsider his determination. The hall was decorated with a handsome large flag, on which was inscribed, "For Governor, Richard H. Edlin."

The convention then chose the following delegates to the State convention: Dr. A. D. Coby, of the second district; Charles H. Poye, at the fifth; F. M. Cox, of the seventh, and F. D. Gardner, of the eighth. The following alternates were selected by acclamation: A. B. Stry, W. E. Deamant, Alphonse Haislip and Chas. A. Neale.

The delegation is pledged to vote for Senator Edlin, provided he could be induced to become again a candidate. (Hon. Barnes Compton could get their united support, and is second choice. It may be said that the Charles county delegation will vote in the convention to sustain State and party management.

—The following is a list of letters received in the Salisbury Post Office:

—To the Memory of the Late Hugh Jackson. At a Quarterly Conference of Trinity M. E. Church, South, held at Salisbury, July 14th, the following preamble and resolutions were unanimously adopted:

WHEREAS, In the providence of God, our beloved Brother Hugh Jackson, a member of the Quarterly Conference of Trinity Church, Virginia Conference, M. E. Church, South, has been removed by death, and we believe taken from the church militant to the church triumphant. Therefore,

Resolved, That we bow in humble submission to God's will, in the severance of the most tender ties that bound this dear Brother to us, as a friend and member of the church of his choice, and believing he was not prepared for his change, we will endeavor to profit by his removal and renew our covenant engagements as to indulge the hope of meeting him where parting is no more.

Resolved, That we hereby express our sympathy for his bereaved family, and condole with them in the trying ordeal they have experienced in the death of their husband and father, and pray that God may sanctify this dispensation to their spiritual welfare.

Resolved, That these resolutions be spread on the minutes of this Quarterly Conference, and a copy sent to the immediate family of the deceased and also to the Salisbury Advertiser for publication.

J. D. Price, Secretary.

Fruit Growers Meeting. A meeting of the fruit growers of Salisbury, and of the adjacent R. R. Stations, is hereby called to assemble at the Court House, Salisbury, on Monday, July 25, for the consideration and advancement of the Bureau of Information and Distribution, which was unanimously adopted at the recent convention in Dover, and which has since been held at Smyrna, Middletown, Easton, Cambridge, and other places in the county.

All are invited to attend, as the farmers must realize imperative necessity of centralizing their power, of developing new markets, of obtaining more accurate reports of the needs of each market, of selling as much of their fruit at the home exchanges as may be possible, of judiciously and evenly distributing the surplus through their own agencies, and of appropriating to their own use the large percentage of the profits of fruit culture now absorbed by the numerous and unnecessary middlemen.

By order of the Bureau of Information and Distribution.

JOHN P. POLK, Chairman.

To the Memory of the Late Hugh Jackson. At a Quarterly Conference of Trinity M. E. Church, South, held at Salisbury, July 14th, the following preamble and resolutions were unanimously adopted:

WHEREAS, In the providence of God, our beloved Brother Hugh Jackson, a member of the Quarterly Conference of Trinity Church, Virginia Conference, M. E. Church, South, has been removed by death, and we believe taken from the church militant to the church triumphant. Therefore,

Resolved, That we bow in humble submission to God's will, in the severance of the most tender ties that bound this dear Brother to us, as a friend and member of the church of his choice, and believing he was not prepared for his change, we will endeavor to profit by his removal and renew our covenant engagements as to indulge the hope of meeting him where parting is no more.

Resolved, That we hereby express our sympathy for his bereaved family, and condole with them in the trying ordeal they have experienced in the death of their husband and father, and pray that God may sanctify this dispensation to their spiritual welfare.

Resolved, That these resolutions be spread on the minutes of this Quarterly Conference, and a copy sent to the immediate family of the deceased and also to the Salisbury Advertiser for publication.

Fruit Growers Meeting. A meeting of the fruit growers of Salisbury, and of the adjacent R. R. Stations, is hereby called to assemble at the Court House, Salisbury, on Monday, July 25, for the consideration and advancement of the Bureau of Information and Distribution, which was unanimously adopted at the recent convention in Dover, and which has since been held at Smyrna, Middletown, Easton, Cambridge, and other places in the county.

All are invited to attend, as the farmers must realize imperative necessity of centralizing their power, of developing new markets, of obtaining more accurate reports of the needs of each market, of selling as much of their fruit at the home exchanges as may be possible, of judiciously and evenly distributing the surplus through their own agencies, and of appropriating to their own use the large percentage of the profits of fruit culture now absorbed by the numerous and unnecessary middlemen.

By order of the Bureau of Information and Distribution.

JOHN P. POLK, Chairman.

Prohibition Convention. The prohibition convention for the county met in the Court House here last Tuesday for the purpose of electing delegates to the State convention, a county central committee and nominating a county ticket.

E. S. D. Insley called the convention to order. He was elected permanent chairman, and L. H. Nock secretary. Rev. W. Weisner made a very strong speech in favor of the prohibition party, and was frequently applauded.

The following were elected to the State convention which met at Glyndon station near Baltimore on August 2:

John H. Dulany, Geo. W. Robertson, L. H. Nock, John Dorman, M. A. Davis, M. F. Cooper, Richard Jones and Jesse Gaddis, colored, Kendall Massey and Rev. J. A. Weisner. These delegates were elected to represent each election district in the county.

The county ticket was then nominated as follows:

House of Delegates, J. J. Fooks, Geo. H. Robertson, Jno. H. Dulany.

Judges of Orphans' Court, Elijah Freney, Ebenezer White, Rufus E. Simms.

County Commissioners, Daniel W. Dennis, Jno. P. Polk, Geo. B. Perry, T. F. Disharoon, Alonzo F. Williams.

Sheriff, B. S. Pusey.

States Attorney, Jay Williams.

E. S. D. Insley, J. J. Fooks and John H. Dulany were elected as the county prohibition central committee and L. H. Nock secretary and treasurer.

A Terrible Storm. A terrific thunder storm, accompanied by heavy rain and wind, passed over portions of this county last Monday afternoon. Reports from several places show that considerable damage was done to the corn crop by the wind. Trees were blown down and others struck by lightning. Two persons, two cows and two horses were struck by lightning and instantly killed. At Barren Creek Springs the rain poured in torrents and the wind was heavy, blowing down the corn and several trees. One large locust tree in front of Robert W. Howard's residence in the town was struck by a current of electricity which several men were standing near, but none were injured. In Quantico three or four large trees were blown down across the streets and the growing corn was laid flat. All down the Wicomico river the storm was heavier than in other sections. A Mr. Smith living on the "Old Bank," near two very fine horses killed in his barn by lightning.

The saddest accident by lightning occurred on the Wicomico River. The house of Mr. James Ent, a respected farmer living on the Somerset side of this creek, was struck by lightning and Mrs. Ent and Dr. Joseph Woolverton of Trenton, N. J. who was temporarily living with Mr. Ent's family were instantly killed. Mr. Ent and Dr. Woolverton and Mrs. Ent's nephews were out in the field some distance from the house, engaged in thrashing wheat. When it began to rain they at first took shelter in a tenant house near by, but as the storm increased in severity they made haste to join Mr. Ent, who was alone at the house and known to be in the danger zone. When they reached their home they found Mrs. Ent in an out-kitchen with her three children. During a lull in the storm they undertook to go from the kitchen to the main building. Mrs. Ent led the way, carrying a pail, and her husband, Dr. Woolverton, followed close behind. Just as Mrs. Ent was about to enter the house by the main entrance, the building was struck in the centre and Mrs. Ent fell in the doorway. Mr. Ent, who was stunned, did not recover consciousness for several moments, but when he did he saw the prostrate form of his wife a few feet in front of him. He ran to her, found that she was apparently lifeless, and lifted her to a bed. He then called loudly for Dr. Woolverton. At that moment the doctor was in the field, and he was unable to return.

Sharpshooters Here. SHARPSHOOTS, July 21.—Rev. E. H. Miller, former pastor of the M. E. church here, and his wife, Mrs. Miller, will hold a Lawn Party on the 30th.

The citizens of this town recently petitioned Capt. of steamer Nanticoke not to land freight here on Sundays. He has complied with the request.

Messrs. James Cannon, Thomas Perry and W. T. Darby were in town Tuesday to make arrangements to build a new school house and to devise some plan to use or dispose of the present school property. They decided to build a new school house and to sell the old building. Mr. Perry seems interested in the school house as well as in other parts of the county.

The Heart of Baltimore.

The heart of the city is the corner of Baltimore and Charles streets, Charles street dividing it into east and west, and Baltimore street into north and south. This is the heart of the city, the center of its business, the place where the great arteries of commerce meet, and where the life of the city is concentrated. It is the place where the great business of the city is done, and where the great wealth of the city is accumulated. It is the place where the great power of the city is exerted, and where the great influence of the city is felt. It is the place where the great glory of the city is displayed, and where the great honor of the city is won. It is the place where the great love of the city is shown, and where the great respect of the city is given. It is the place where the great pride of the city is felt, and where the great ambition of the city is seen. It is the place where the great courage of the city is shown, and where the great strength of the city is felt. It is the place where the great wisdom of the city is shown, and where the great power of the city is felt. It is the place where the great love of the city is shown, and where the great respect of the city is given. JACKSON THE MAN!

WISCONSIN'S FAVORITE SON NOMINATED FOR GOVERNOR.

AMID GREAT ENTHUSIASM.

The News Warmly Received Here by His Many Friends—Firing off a Cannon.

The "Atlantic" Decorated in His Honor.

Colonel L. Victor Bangham for Comptroller—General William Pinkney Whyte for Attorney-General—Jackson Nominated on the Sixth Ballot—Senator Gorman's Speech—A Solid Set of Resolutions Etc.

The Democratic State Convention, met in Ford's Grand Opera House, last Wednesday, and nominated their State ticket as follows:

For Governor—Elihu E. Jackson, of Wisconsin county.

For Comptroller—L. Victor Bangham, of Frederick county.

For Attorney-General—William Pinkney Whyte, of Baltimore city.

It was one of the largest State conventions ever held in Maryland, and a number of able men were among the delegates. The gubernatorial contest was exciting from start to finish, and it brought together many of the earnest supporters of the several aspirants.

They crowded the galleries of the Opera House, and were enthusiastic in their demonstrations.

At 12.20 Senator Gorman walked out from one of the wings, and advanced to the table in the centre of the stage. He was greeted with a great round of hearty applause. As chairman of the State central committee Mr. Gorman raised the convention to order, and Colonel J. Thomas Scharf, the secretary, called the roll of the counties and the legislative districts of Baltimore city. Every delegation was reported with full ranks. Mr. Gorman, in opening the deliberations of the convention said:

SENATOR GORMAN'S SPEECH.

"Gentlemen of the Convention and Fellow Democrats: I bid you all a cordial welcome. You come as the true representatives of the democratic party in the State of Maryland in its entirety. Twenty-one years ago you redeemed your State from radical misrule. You have held possession of all the machinery of government from that time to this, and the State has been better governed. [Applause.] We have now arrived at a period which is full of momentous questions for the people of our State. The time has arrived under the provisions of the existing constitution when not only must you select candidates for the high offices of Governor, comptroller, and attorney-general, but the people of the State must determine whether they will amend, alter or change the organic law. It is a matter of congratulation that, while confronted with the consideration of questions of this magnitude, the members of the democratic party in every part of the State have been united together and chosen without hindrance, honestly and fairly, those who represent their best sentiments, [applause] and that there is no contest from any county or district of the State. That you will now go on and do the work which the democratic party has assigned you fully and well, and reach the storehouse of the future, and find it standing ajar. When he stepped inside he was met by a large and powerful looking man with a knife in his hand ready to strike. Before Mr. Collins had time to utter a word the robber dealt him a blow on the arm with the knife which severed the muscles from the shoulder to the elbow joint. In trying to defend himself Mr. Collins received an other wound on the arm near the wrist. After this the man ran off towards the river and was there met by a second party disguised. No one in the immediate neighborhood of the store is suspected.

Mr. Collins closed his place of business at about 9 o'clock and retired to his residence only a few yards away. About 11 o'clock he heard a singular noise around his store and he immediately went down to learn the matter. Just before he reached the store he saw a light burning inside. He went up to the door and found it standing ajar. When he stepped inside he was met by a large and powerful looking man with a knife in his hand ready to strike. Before Mr. Collins had time to utter a word the robber dealt him a blow on the arm with the knife which severed the muscles from the shoulder to the elbow joint. In trying to defend himself Mr. Collins received an other wound on the arm near the wrist. After this the man ran off towards the river and was there met by a second party disguised. No one in the immediate neighborhood of the store is suspected.

Mr. Collins after the men had disappeared went inside his store and to his surprise found a fire in the centre of the floor with the flames rapidly spreading. Although his wounds were bleeding profusely, he succeeded in putting out the fire. He then went to the cash drawer and found \$175.00 missing. Besides a large quantity of dry goods, tobacco and cigars being stolen several gallons of whiskey were also taken. Mr. Collins has no idea who the guilty parties are, the man by whom he was struck and kidnapped. No one in the immediate neighborhood of the store is suspected.

County Commissioners.

The County Commissioners were in session Tuesday. A full Board was present.

Reports of examiners on roads petitioned for by W. C. Mann, Wm. H. Knowler and others in 10th district; John H. Smith, Lewis P. Cooper, James Robinson and others in 10th district; and Thos. W. Bailey, Joshua L. Dryden and others in 8th district were filed and laid over.

Mr. White was authorized to contract for repairing the bridge at the bridge at the head of Ellis bay; also to raise dam so as to prevent tides from raising over it, and ditch county road leading to said bridge on both sides as far as needed. He was also authorized to contract for keeping White Haven ferry for 1888 on Saturday, August 13th, at 2 o'clock, p. m., and Wednesday, August 17th, at 2 o'clock, p. m., and to keep it open on both days at 2 o'clock, p. m. Both contracts are to be by public auction. Objections to ratification of amended report of examiners on road petitioned for by Leonard Morris, and others in 4th and 6th districts, filed by Henry D. Russell and others.

Petition of B. S. Hastings, Thos. W. Waller and others, to straighten and widen the county road leading west from Delmar from southwest corner of a lot belonging to W. S. Hitchens, and terminating at a point opposite to the angle formed by road, was filed.

The Board decided that the proceedings of the commissioners on tax ditch petitioned for by Leonard Morris et al. were irregular and were therefore set aside, the petitioners to pay costs.

Petition of Leonard Morris, M. K. Morris and E. W. Parsons filed for tax ditch through the lands of Elder Adkins Leonard Morris et al. in 4th district, and B. H. Holloway, D. R. Holloway and Leonard B. Brighthouse were appointed examiners on same.

The treasurer was ordered to pay Saml. Wray \$12.00 for barge or foot boat at Sharpton ferry. The Board decided to visit Anna house on Tuesday Aug. 2, Jno. Sirmann filed objections to ratification of commissioners report on tax ditch petitioned for by Ziml. Dykes and others in 8th district.

Adjoined to meet August 6th.

During the heavy thunder and rain storm that prevailed in Talbot county Saturday night the dwelling of J. B. Taylor, an unoccupied, in Eastern, was struck by lightning and much damaged. Dr. James Bell's residence, in Bayville, was struck and badly torn. None of the inmates were injured.

Donaghy, the delegates whose names appeared in the Baltimore Sun, were satisfied to wait.

The honorary officers were made permanent, and a committee on resolutions was appointed and reported through its chairman, Gov. Philip P. Thomas the following series of resolutions which are to serve as the party platform in the campaign.

RESOLUTIONS ADOPTED.

The Democratic party in Maryland, acting by its accredited representatives in full convention assembled to nominate a chief officer of the State, renounce its fealty to the fundamental traditions of its founders, and declares

First—That the people of the whole country are to be congratulated that the executive control of the federal government, after a shameful misrule of almost a century by the Republican party, has again been placed in the hands of that party whose cardinal doctrine is the equality of all citizens of the republic before the law; the maintenance of the reserved rights of the States and of the people thereof; the supremacy of the federal government, within the limits of the Constitution, and an unyielding determination to keep inviolate the political, personal and property rights of the citizens.

Second—That the administration of Grover Cleveland has kept the faith of the Democratic party of the Union. It has maintained with firmness the dignity of the office of Executive; has secured millions of acres of the public domain and protected the rights of the people against the rapacity of grasping corporations; has revived respect for law, restored confidence in our institutions and brought economy and integrity to all the functions of government. Already a navy is fast being created of which we may feel justly proud, and the great heart of the country throbs healthfully as we gradually go back to the simple and honest methods of the fathers of the republic.

Third—That while the Democratic party in Maryland believes in an upright and efficient civil service in the administration of government it is nevertheless opposed to system of life tenure and to a civil pension list, and while it upholds the President of the United States in his efforts to effect an honest and competent Civil Service, still it believes that a service shall be composed of officers and employees, who are not antagonistic to the success of the administration under which they serve, but are in sympathy with it, whose hearts are in their work, and who believe that upon the continued and just success of the Democratic party rest the safety and security of republican institutions and the liberties of the people.

Fourth—That we cordially commend our Democratic representatives in Congress from this State, for their earnest effort to reduce taxation, and we reaffirm the National Democratic platform of 1884, in demanding a revision of the tariff in a spirit of fairness to all interests of labor and capital involved therein.

Fifth—That we urge upon the Congress of the United States the passage of a more stringent law against the importation of foreign paupers, criminals and contract labor; that the prosperity of the country may not be retarded; its morals corrupted and the honest wage-worker injured in his person.

Sixth—That we acknowledge Henry Lloyd, the Governor, and to the other chief officers of the State for their honest, faithful and economical administration of the affairs.

Seventh—That the Democratic party, mindful of the hitherto pledges to wage war upon the system of the present constitution, the rights to peaceably assemble and organize for their own protection, and now promise to enact such further laws as time and experience may demonstrate to be for their welfare and happiness.

Eighth—That the Democratic Party, recognizing that portion of the present constitution of the State has been upon the statute books for more than twenty-five years, and are more or less ineffectual to accomplish at the present day, ably assisted by elections in districts where population is dense and shifting, and where the forces of the party are purely the ballot-box and the sanctuary, hereby pledges that it will earnestly endeavor at the coming session of the General Assembly to have placed upon the statute books an election law which will embrace not only all the beneficial provisions of the Tilden act, but will embody also all those additional safeguards to guarantee the purity of elections, which experience has taught should be incorporated into it, and this convention select Chas. J. M. Gwin, Jas. McSherry, James Alfred Pearce, Henry D. Farnside and James Revell to prepare such an act and submit it to the next session of the Legislature for its action.

Ninth—That inasmuch as the provisions of the present Constitution in providing for the system of taxation and of registration, require that they shall be respectively uniform in their operation throughout the State, it is the sense of this Convention that the system of registration and of taxation are as nearly complete and accurate as they can be made under the present organic law, and the Democratic party now engages that in a revision of the constitution it will use its best efforts to have embraced within its provisions the requirement of a more thorough system of taxation and of an annual registration of voters in cities whose inhabitants number ten thousand and upwards.

NOMINATIONS.

Nominations for the governorship being then in order, the following gentlemen were put in nomination: Mayor Hodges, of Baltimore, by Bernard Carter, Esq., Dr. Frank T. Shaw, who was there as a trusted friend of Attorney General Hodges, declined to put his friend in nomination, but placing in nomination instead, the name of Postmaster Brown. (Hodges declined nomination of his choice the Hon. Stephen Archer, Col. J. Victor Bangham was nominated by Capt. McSherry, of Frederick.

J. E. Elledge, of this county, nominated Hon. E. E. Jackson for Governor in strong terms, in which he said that he had heard with a great deal of interest the resolutions upon the different candidates whose names had been offered, and he was a little perplexed to know how the political puzzle would be solved. In the language of one of his neighbors, he thought every one named would have to be "dropped" and the name of a man from the Eastern Shore be taken up. He named Western Maryland, said that he and all the members would be "dropped" if there was a man in this county who was not offered to the nomination. Mr. Jackson is well-known to most of you, at least in his public life, but there

democratic masses have come to the rescue. I will name a gentleman whose name will harmonize the differences in the party. You have seen a good many of them. I nominate a man known to you all. I name the Hon. Pinkney Whyte.

The mention of the name brought forth a storm of applause and cheers, which continued some minutes, and was renewed several times.

Col. H. Kyd Donaghy, seconding the nomination, said: "It has been some time since the date of Appomattox to my kind words at my own funeral. It is, therefore, fitting for me, having been mentioned as the candidate of Western Maryland for attorney-general, to second the nomination of Mr. Whyte.

Mr. Whyte was then nominated by acclamation.

R. F. Brittan, Esq., Col. Donaghy and Michael Bannon Esq., were appointed a committee to notify the nominees of their nomination. After selecting the members of the state central committee the convention adjourned sine die. There is no change in the committee for this county.

HOW THE NEWS WAS RECEIVED HERE.

News of the nomination of Mr. Jackson was received here at 5.15 p. m. From that time the town was astir. Everybody seemed well pleased over the honor conferred upon Wisconsin's candidate. In ten minutes after the first telegram was received the *Advertiser* placarded the town with the news "Jackson nominated." At night the old cannon which belonged to the late General Humphreys was brought out and stationed on Humphreys' mill dam. Quite an enthusiastic crowd of townsmen stood around her and called on her for a boom. She answered, and the way the town did

Telegrams announcing the nomination were numerous and equally numerous were the messages of congratulations returned.

When the news was received at Ocean City it was a signal for applause. The venerable proprietor of the Atlantic, Mr. Tracy, showed his interest in the matter by beautifully decorating the hotel. Messages of congratulation from the seaside flew over the wires to Baltimore.

THE FRUITLAND SHIPPING ASSOCIATION.

FRUITLAND, July 28, 1887.

Mr. Editor:—Only for want of time, we have not been able to do justice to our efforts and to the doings of our village and its surroundings. We notice a number of interesting letters from our neighbors through your columns, which we read with interest. We find that your correspondents are alive people, full of enterprise and in keeping with the times, and we wish them every success and every good thing may continue on the road of prosperity until they have attained the great object in view.

Well, we are tugging at the oar, and think that we are gradually advancing. One of our principal efforts lately has been to establish a Shipping Association for the advantage of all shippers. Last year was our first effort, we commenced with twelve members and found it successful; this year we added weekly meetings, commencing in April, in order to convince our neighbors of our experience and the actual advantage growing out of such a movement; both financially and a purer breathing air from the "eternal" language of agents and so-called speculators. Our meetings were fairly attended, our platform was faithfully explained, quite a number of speeches were made from time to time at each meeting; shippers saw clearly through the whole thing, were convinced that the plans were good, and for the most part, they have followed the lead of the number reached 60. But like all new beginnings we had our competitors, who fought us faithfully in the distance, but would not attend our meetings. The air was fraught with all sorts of suggestions, and a few scoundrels would go about with many other discouraging epithets; but fearlessly we progressed on and onward, and with the result which has not been developed. We commenced with 80 shippers, and when our balance sheet was prepared for settlement, we found 87 shippers, all of whom were entitled to a rebate of 3 per cent, less 34 cents for expenses, which left to each shipper net. 24 cents on their entire shipments. Every shipper has received his, hers or their rebate, paid in cash, save a

At the evening session the chair announced that the nomination of a candidate for comptroller was next in order. The delegations were called for nominations. When Allegany was called Mr. J. N. Willson nominated Colonel L. Victor Bangham. The announcement was received with cheer. Anne Arundel nominated Col. Bangham, as also did the first legislative district of Baltimore city. Mr. John Gill, Jr., of the second district, asked that his further call of the delegates be dispensed with. He said there was no doubt that Col. Bangham was the unanimous choice of the convention, and he moved that he be declared the nominee for comptroller by acclamation. This was carried by a shout of applause, and Chairman Carter declared Col. Bangham to be the nominee by the unanimous vote of the convention.

At the call of Baltimore county Hon. J. F. O. Talbot announced that the seven votes of Baltimore county were for Jackson. This was received with cheer, but the voting of the other counties went about the same as before, and there was no indication of a stampede of Wisconsin's vote.

Before the result of the ballot was announced, however, Michael Bannon arose and said he wished to change the vote of Anne Arundel county to Jackson. Then Baltimore city followed suit and changed seventeen votes to Jackson, and the county of Baltimore also went to Jackson, giving him the nomination. The vote as announced was Jackson 65, Baltimore city 17, Allegany 5, Calvert 2, Cecil 4, Frederick 6, Garrett 3, Howard 1, Montgomery 4, Talbot 4, Washington 5, Total 49.
