FROM TEXAS.

The New Orleans Bulletin of the 12th inst. contains the annexed address to the friends of Texas, the information contained in which is said to have been derived by a citizen of New Orleans, at Vera Cruz, from a gentleman directly from Mexico.

TO THE FRIENDS OF TEXAS.

A gentleman just arrived from the city of Mexico has been an eye witness to the great preparations made by that government to open the spring campaign with great vigor.

The troops were well clothed and amply provided with every thing necessary for a campaign.

The numbers are much greater than is mentioned in any of the newspapers, say about 16,000.

Gen. Bravo, at a press-conference, swore extermination to every being he could find in Texas, without regard to either age or sex.

Friends of Liberty! Now is the time for you to look out—do not be lulled to sleep by false reports—he aware that you have got a powerful enemy to cope with.

SANTA ANNA OUTLAWED!!!

The following intelligence, to be relied upon, will have an important influence upon the question of the acknowledgment of the independence of Texas.

Merchants' Exchange News Room, NEW ORLEANS, January 11th.

I have received the following important intelligence direct from the city of Mexico, that Santa Anna is declared by the present persons in power in Mexico to be an outlaw, and all citizens of any of the Mexican States are called on to shun him, should he again appear within the limits of any of the States or Territories of Mexico.

Bustamante has been invited to be head of affairs there. It is said, he has tried and would have condemned if the common people had not shown a disposition to protect him at all hazards.

I also received advices from Naegeloch on 16th of December, from which we learn that the United States troops were to march next day for Fort Gibson via Fort Towson.

All was quiet on our western Frontier.

The New Orleans Standard furnishes a very curious account of the action of the different branches of the Texan government, in relation to Santa Anna. The rumor reaching the ears of the members of Congress, that President Houston intended to liberate the Mexican chief, they passed the following resolution:

Resolved, That the President be and is hereby vested with the custody and disposal of all prisoners taken. Provided, that the prisoners Santa Anna and Almonte shall not be released or set at liberty on condition, without the concurrence of the Senate, and that the President shall not have the power to release said prisoners during the recess of the Senate.

This resolution was immediately vetoed by Gen. Houston. The Congress, notwithstanding, passed it again by the constitutional majority of two thirds, and it became a law. President Houston, driven to extremity, and determined to release Santa Anna at all hazards, pronounced the resolution unconstitutional & a usurpation of his executive authority, and in the face of the law of Congress set Santa Anna free, and put the whole Congress at defiance. The army being with the President in all things, Congress succumbed. The repetition of such scenes must prove highly disadvantageous to the Texian cause.

U. S. STATES AND MEXICO.
A slip from the New Orleans Standard, under date of 18th inst., received by the express mail, contains the following intelligence.

IMPORTANT NEWS.
Prospect of a war with Mexico—Independence of California.

The United States sleep of War Boston having on board, our Minister now the Government of Mexico, touched at the Belize on the 12th inst., on her way to Pensacola. Genoza had arrived in the city of Mexico. After his arrival, Judge Elihu demanded his presence, and left the city on the 23rd ultim.

A letter under date Jan. 8, from Vera Cruz, states that Mexico has declared her independence of Mexico. Bustamante

was about to be elevated to the Presidency.

It was not positively known at Vera Cruz, whether Santa Anna had been released. His return to Mexico, was expected.
