

## Committee Membership

## Voice of the Faculty

The Senate wishes to speak on behalf of the entire faculty. Taking time to share your thoughts, concerns, or ideas with the Senate helps ensure we fairly represent all views. Letting us know what issues or problems need our attention is just as important. The Voice of the Faculty link is but one way for you to speak up.

The mail link below will act like a suggestion box and send your comments directly to the Senate WebMaster. The Executive Committee will review faculty comments and take the appropriate action (i.e., channel them to the appropriate committee, raise the issue on the Senate floor, or provide a direct response).
