

VOL. 30, NO. 6

FROSTBURG STATE COLLEGE, FROSTBURG, MARYLAND

### OCTOBER 25, 1978

## S.A. Announces **Up Coming Election**

Student Association elections will be held in a few eeks. The dates of the election are Nov. 14 and 15. weeks. All students will be eligible to vote for executives for the Student Association and the College Center Board, as well as members of the S.A. House of Representatives. Voting will be by paper ballot with polling places in the Lane College Center, Chesapeake Hall, and possibly in the residence halls. All students will be expected to show validated student I.D.'s in order to vote.

The election will be slightly different this year than Instead of having seven Representatives from last. each of the four class rankings, members of the House will be elected to represent the area they live in. The number of Representatives for each dorm is determined by the number of residents. This year, Allen, Diehl, Frost, Gray, Simpson and Sowers Halls will have one rep.; Annapolis, Cambridge, and Cumberland Halls will have two reps.; Frederick and Westminster Halls will have three reps. each. There will be six Representatives for off-campus students.

In addition there will be one rep. from each standard class ranking. Anyone with a G.P.A. of 2.0 or higher is eligible for these positions.

The executive positions will remain the same as last year. Positions are available for S.A. President, Vice President, Treasurer and Director of State Affairs; and for College Center Board President, Vice President, Secretary, and Treasurer. Persons having at least 55 credits and will not be graduating on or before May 1978 are eligible for positions of S.A. President and Vice President.

Sophmores & Juniors are eligible for S.A. Director of State Affairs and Treasurer. Freshmen, Sophomores, and Juniors are eligible for the C.C.B. positions. Again, all persons must have a G.P.A. of 2.0 or higher in order to be eligible for these positions.

No persons graduating in May of 1979 are eligible to run for any of these election positions.

The first step in running for office is to get a petition signed by the constituents you are to be elected by. Representatives must get 50 signatures on a petition from the resident group they will be representing or, in the case of the class postion, 50 signatures from members of their class. Candidates for Executive positions must get 150 signatures from any regularly enrolled students. Petitions are currently available in the S.A. office. All petitions must be in by November 7, 1978. No campaigning will be allowed before that date. Any questions concerning any of the above should be directed to the S.A. office in the Lane Center (Ext. 42450).

# Candid Campus

What is your favorite thing about Frostburg State?

interviews by Debbie Israel photos by Barbara Kropp

Myread Sinisgalli, Sophomore - "I guess the best thing I like about Frostburg is the size. You don't feel lost. I also like the mountains, seasons, and social life and partying aren't bad either.

## Parking Tickets Increased Along With Fines

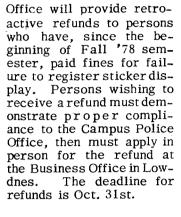

During the month of Sept., students with motor vehicles on campus, were given a big surprise. Aside from the increased fee of a parking ticket - from \$1.00 to \$5.00 - 1,176 of these tickets were issued. The response from many students - over 160 appeals were filed with the college parking appeals board.

Why the increased fine? In the past few years, the cost of processing not only the parking fines, but also the vehicle registration, has risen considerably. The initial cost of registration stickers has trip-led but rather than raise the registration fee, it was decided that the violaters of the Campus Parking Regulations should bear the costs of these increases. Consequently, fines went from \$1.00 to \$5.00, if paid by the end of the following business day, and \$10.00 thereafter.

### by Michelle Lewis

The major reason for the large number of tickets issued, 1,176, last month was due to the ignorance of the students on where to park. The campus has numerous lots, each desig-nated for specific use, whether it be for students, staff, or faculty. Students are requested to read the handbook entitled "Motor Vehicle and Parking Reg-ulations" published by the college to obtain the proper information. They are available at the Campus Police Station on Loop Road, and at the Business Office in Lowdnes Hall.

In response to the number of tickets issued, the Parking Appeals Boardhas reported receiving over 160 appeals. At the Vehicular Management Policy Committee meeting on Oct. 2nd., some concessions were made in favor of students. The Business

Another policy change has been implemented for weekend parking. Between 5:00 p.m. on Fridays and 12:00 midnight on Sundays, students may park properly registered vehicles in faculty/staff parking areas except for J Lot ( in front of Annapolis), L Lot (behind the Library) and the reserved lot adjacent to Chesapeake Hall.

## Library Exhibit

James Weldon Johnson, a forerunner in the Negro civil rights movement, is the subject of the Smithsonian Institution's traveling exhibit which will be on display in the Library from Oct. 28 to Nov. 26. Johnson was a school principal, newspapereditor, song-and-dance man, and U.S. consul at different times throughout his varied career. He is remembered and honored, however, for his published works The Autobiography of and Ex-Colored Man, God's Trombones - Seven Negro Sermons in Verse, and Black Manhattan,among others, and for his courageous and creative leadership of the then new National Association for the Advancement of Colored people and of its campaigns, in the 1920's.

Beasy Lucic, Senior -

Randy Grant, Junior -

"My favorite thing is that

this is my home. I live

up here. All my friends

are up here. Everything I do is up here. That's why I love it."

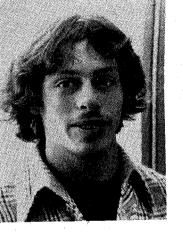

"My favorite thing here is

definitely the loose atmos-

phere.'

SENATOR EDWARD MASON TO SPEAK

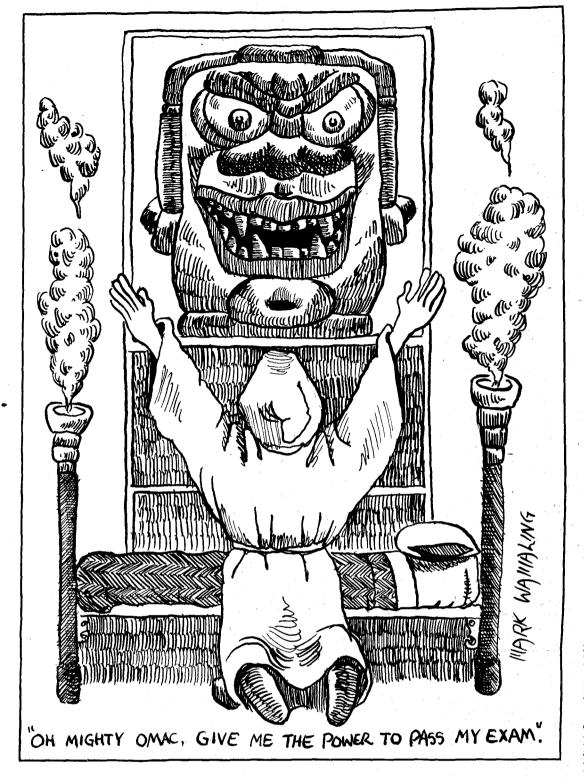

On Thursday October 26, 1978, the Public Affairs Lecture Series of Frostburg State College will present Senator Edward Mason, Minority leader and third ranking senator in the Maryland State Senate. Sen. Mason will be speaking in rm. 218 Dunkle Hall at 11a.m. The entire campus community is invited to attend.

E.J. Bickley, Junior -"My favorite thing about the campus is the fraternity system and the charisma of all the individuals when they're in their own environement.'

Donna Danniluck, Junior - "I like the people, I like the area; it's just a generally nice place to live."

# Wake up...

### by Bill Murray, Jr.

Ringgggg.....Your weekly alarm clock has just gone off again. Wait...don't turn it off and roll over. If you do, you are rolling over on the truth. Wake up – don't close your eyes in an attempt to sleepwalk through life. Wake up to the past so that you don't walk drowsily into the future.

This is the third in a series of articles published by the Mu'Epsilon Chapter of Alpha P hi Alpha Fraternity, Inc. designed to enlighten the FSC community as to the contributions of the Black race to the com- • munity of mankind. We believe that an awareness of the past will better help you as you journey into the

future - Black and white alike. Furthermore, it is hoped that any new knowledge that is acquired will serve to combat the ignorance which has prevailed in our society as to the history and culture of Black people, an ignorance that has been responsible for racial prejudice and hatred. To the extent that this ignorance is transformed into knowledge, a knowledge that can provide for clearer thinking, racism will begin to disappear from the community of mankind for all times.

#### Dr. Ralph Bunch

Recently, the story that has been in the news most frequently has been that of President Carter's Camp David Summit Talks and the Arab-Israeli question. No doubt these talks have made Carter a prime candidate for the Nobel Peace Prize. Let's go back to the begining of the modern-day conflict and see how the crisis was temporarily averted.

In 1948, the United Nations sent a mediation team to the Middle East headed by Count Folke Bernadotte. However, when Bernadotte

was assassinated on his mission of peace, Dr. Ralph Bunch , a black man was faced with the great challenge of somehow continuing the cease-fire talks between Egypt and Israel. It took six weeks of intensive negotiations, but Bunch fi-nally worked out an agreement which called for an immediate cease-fire. For these efforts, Dr. Ralph Bunch, in 1950 became the first man to be awarded the Nobel Peace Prize. He later became Undersecretary for Special political Affairs and Secretary-General U Thant's most trusted advisor. As such Bunch the son of a Detroit barber and the grandson of a slave became the highest ranking American in the United lations. Note-Don't miss Dr. Aris Allen, Republican candidate for Lt. Governor on Thursday, Oct. 12 in Lane Center 201.

#### REQUEST

Any person that was in or around the snack bar in the Lane Center between 8:00 p.m. and 11:30 p.m. on Wednesday Oct. 11, '78, please contact the Campus Police Department at 689-4222.

# **News Briefs**

#### VIDEO TAPE SERIES

Due to a malfunction in the video tape machine in the College Center, the College Center Board Video Tape Series will be interrupted until the tape player is repaired. The tape player has been returned to the factory for repairs and it is anticipated the tape series will be interrupted for approximately three weeks.

#### RECITAL

This Sunday, Oct. 29 at 3:15 p.m., Miss Karen Fletcher will present her Senior (Voice) Recital at Pullen School. On Monday evening Oct. 30 at 8:15 p.m. the Student Artist & Lecture Series in cooperation with the Alleghany Public Schools will present the Washington Woodwind Quartet, in the Lane Center Multi-use room. Both of these events are open to the public and are free admission programs.

### CONSCIOUSNESS RAISING

The Alleghany County Chapter of N.O.W. is presenting consciousness raising demonstrations at 7:30 p.m. Wed., Nov. 1st at the Liverty Trust Company in LaVale. Both men and women are welcome to attend these demonstrations addressing "The Hazards of Being Male" and "The Ha\_ zards of Being Female." For all those unfamiliar with consciousness raising, its purpose is to increase your awareness of yourself as a man or woman and your relationship to your environment.

For more information look for signs on campus or call: Sandy Cones 729-2136 or Kim Simmons 729-8329.

#### SPONSORS NEEDED FOR BENEFIT MARATHON

Sponsors are needed from the faculty, staff, or student organizations to support entries into a dance marathon being planned by Kappa Zeta Chi Fraternity, in order to benefit the College's athletic equipment fund and the Western Maryland Chapter, American Heart Association. The marathon, scheduled for Nov. 17th and 18th at the Na tional Guard Armory, requires one sponsor for each dance participant.

This activity will benefit worthy causes, but its success is dependent upon sponsors sheets and/or further information may be obtained from John Philbin, 689-1172, or the Heart Association Office, 724-4011.

## Career Planning

On Nov. 18, 78, the National Security Agency will again administer an aptitude test called the Professional Qualification Test (PQT) which will enable us to select from the most promising student candidates in the country. The placement Office have the PQT Bulletins available for liberal arts and mathematics majors. These bulletins give the guidance needed regarding test application procedures as well as providing descriptions of career opportunities available at the National Security Agency.

State-To-Date is a weekly publication of the students of Frostburg State College. Opinions expressed herein are those of the author and do not necessarily reflect those of the College or subdivision thereof. The staff encourages input and response from the readers. Letters to the Editor must be signed (writer's name withheld upon request) and should not exceed 200 words. Free advertising is available for registered campus organization on a space available basis. Deadlines for articles and letters is 4:00 p.m. Friday prior to publication; deadline for advertisement is Thursday 4:00 p.m. prior to publication. All material submitted automatically becomes the property of State-To-Date. State-To-Date is located in 232 Lane Center, phone 689-4326.

## Library: Attendance Poor After 11 pm.

### by Jim Poppleton

It took a long, hard struggle, but certain concerned students did finally succeed in persuading college authorities to extend the Library's operating hours. Presently, these new, lengthened hours are being experimented with, only on a "trial basis," and in mid - November decisions will be made regarding the creation of future, permanent hours. Whether or not the Library remains open until midnight will be determined by the amount of student usage the building gets thruoghout the duration of these tempor-ary "extended hours."

State - to - Date recently interviewed the Director of the Library, Mr. John Zimmerman, and consequently discovered some relevant information. We found out that "On weeknights, except Friday, student attendance is good up until 11 p.m." "After until 11 p.m." 11 p.m. there are few students - attendance is quite poor." "It doesn't appear to me that there are a large number of students who need the Library open late." "Friday night and Saturday morning are low points ... only a few stu-dents."

Apparently, because of lack of student interest during certain time periods, some modificatins will be made to the present "extended hours" schedule, but exactly what changes these will be is uncertain at this time.

## Nemacolin Begins 1979 Edition

The staff of the 1977 'Nemacolin' is already busy working on the production of their yearbook. Various organizational meetings have been held to discuss new plans and ideas. Several changes are being considered for the '79 book, such as a larger advertisement section which will give the staff more money to spend on the book. Hopefully, through these extra funds, the' 79 yearbook will contain more color pages. The staff also hopes to have better overall coverage of the yearly events at FSC. Plans for an over-all remodeling of the

The staff will conduct an e arly subscription during the weeks of Oct. 16-20 and Oct. 30-Nov. 3, despite the fact that the 1978 yearbooks have not yet arrived. The causes for the delay of the arrival of the '78 yearbook can be attributed to a paper strike in Canada during the summer months and a misplacement of a large amount of the pages by the publishing company. However, they will arrive. The exact date is not yet known. The staff feels that the college community will be very satisfied with the finished product of the '78 book, which was under the leadership by the editor, Rick Whelan.

This year's staff is headed by two sophmore co-editors, Joyce McVicker and B.J. Davisson. The faculty advisor is Ray Bowie. The remaining members of the staff include Rick Whelan, Kris McGowan, Pam Buckler, Sue Berger, Mike Staup, Leslie Verzi, Stuart Oster, Judy Rider, Dana Lewis, Bruce Banner, Joni Caputo, Kim Bell, and Katie Stephens. Anyone ininterested in working on or for the 1979 'Nemacolin' may contact either Joyce at x4925 or B.J. at x 7805.

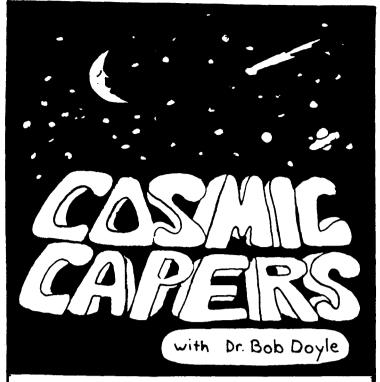

### Arts and Letters

'Arts & Letters', a journal of contemporary issues, will be coming out at the end of this Nov. The journal, which is published once per semester, was first published in Nov. 1977 and is advised by Dr. Dennis Gartner and Dr. Paul La Chance.

In the growing complexity of today's world, perception varies greatly from person to person, making the perception of a certain issue as unique as the person perceiving it. These differences in perception of certain current social issues are what make up the content of 'Arts and Letters.'

'Arts and Letters' provides a particular central theme viewed to be of social significance, and invites students, faculty members and members of Frostburg's community to respond to that theme. These responses may be in the form of essays, fiction or non-fiction pieces, commentaries, expositions, etc. Also encouraged are photographs and art work.

The theme chosen for 1978's fall issue of 'Arts and Letters' is entitled 'Isolation and the Loss of Humanity.' Material submitted should pertain to this theme; however, all contributions will be considered. Please mail or drop off any material at Box 215, Lane Center, F. S.C. The deadline for all entries is Nov. 2.

The Week of Oct. 23 - 29.

With the moon backing up into the early morning sky, the evening stars are back on center stage. After 8 p.m., one of the cutest star groups appears in the northeastern sky. Look low on the horizon for a little bunch of stars, all knotted together. You might first see it out of the corner of your eye. This is the 7 Sisters or Pleiades - a friendly group of stars travelling together through space. When you look at the Pleiades through binoculars, it looks more like a sorority-dozen of stars blazing against the sky.

The Week of Oct. 30 - Nov. 5

This Halloween will be an especially good one for goblins and witches to do their m ischief; the moon will not be seen at anytime during the night. Later in the week, the moon will begin its monthly rerun of phases, starting as a crescent low in the western sky.

This week will be an especially busy one at the FSC Planetarium - for 3 different public programs will be offered. On Halloween, the last showing of 'Strange tales of the Planwill be given at 7:30 ets" This Halloween is p.m. also the 40th anniversary of Orson Well's chilling radio broadcast, "War of the Worlds." To celebrate that event, the Planetarium will present a new rock version of "War of the Worlds" based closely on H.G. Wells' original story. "War of the Worlds" will be shown at 10:30 p.m. with a special matinee for Monsters and Witches at midnight. Lastly, on Sunday Nov. 5th, the Planetarium will premiere its new November program, "What to do if You Fall Into a Black Hole" at 2:30 p.m. All of the showings mentioned are free to the general public.

# FIRE: "It Will Never Happen To Me"

#### by Scot Brockway

Yesterday, I lit up a cigarette, and carelessly tossed the match into the trash can. Fortunately, I didn't leave the room, because within five minutes the trash bin was ablaze. I was lucky, it only took the cup ot tea I was drinking to put the fire out. Aparently, I'm not very fire conscious. Most people aren't, Fires happen to the other people, not us - right?

Every year there are fires involving students. A few years ago, a student was killed in an off-campus fire. For unknown reasons, a fire started in the kitchen of this student's home. The fire quickly spread throughout the house. Asleep and dead drunk, the student never awoke and subsequently died of smoke inhalation. Why do things like this happen? Possibly because no one thinks that they will be the victim of a fire and don't take the required precautions. The common feeling is, "Well, if there is a fire, I'll get away in time." In most cases you will, but people don't usually die from the fire, they die from the fires smoke.

Recently there was an off-campus fire involving two FSC students. This fire was caused by a lack of basic fire safety on the home owner's part. A towel rack in the bathroom was located directly behind the gas water heater. While one of the two girls living in the house was showering, one of the towels on the rack went up in flames. Most of the bathroom burned, catching fire to the wall paper, and passing the fire into the hallway. There was no damage to the second floor. These students were lucky the fire was contained and the damage was comparatively minor.

Personal fire prevention is the best way to pre-Fires are vent a fire. not always caused by personal carelessness or negligence, though. Last year there were two on-campus fires, one in Cambridge Hall and one in Frederick Hall. Both of these fires were of suspicious origin. The Cambridge fire started when someone threw a lit trash bag down the cleaning staff's trash shoot. The fire swept thru the first floor hallway, causing minimal damage. It is unknown how the Frederick fire started, but it is thought that it had a little help.

In the event of a fire. situations are handled by the Frostburg Volunteer Fire Department. The department has eight trucks and two rescue vehicles; answering 80-110 "real" calls per year. The department is a good one. and maintains the highest rating possible for a volunteer fire company. The last major structural fire in Frostburg was five years ago. The company has the equipment to handle almost any catastrophy that might occur in their jurisdiction, but as Gear Tummino, Chief of Frostburg Volunteer Company #1 pointed out, they would be unable to handle a major structural fire if it occured in one of the campus coed dorms. The tallest ladder the company has will only reach to the 3rd or 4th floor of Cambridge, Westminster, or Frederick Halls.

To end on a positive note, most of the Frostburg area fires are not caused by drunk, negligent students, as might be expected. Only about 5-10% of all area fires are student initiated.

If you think your home is a fire hazard, the Frostburg Volunteer Fire Department will be glad to go over it, for no charge, and point out any potentially dangerous situations. Any further action, in regard to unsafe structure, will have to be taken up with your land lord. PAGE FOUR

## **Your School Colors**

We are in the process of selecting permanent school colors for our athletic teams (men and women). At the present time our teams are wearing the following uniform colors:

-Baseball: White trimmed in Black and Red

-Basketball,Men: Black and Gold - Gold Warm-ups -Basketball, Women: Carolina Blue and White - Blue Warm-ups

-Cross Country: Black and Gold running suit - Blue and Gold warm-ups

-Field Hockey: Dark Blue and White - Blue and White warm-ups

-Football: Black-gold-white

-Gymnastics, Men: Blue and White -Gymnastics, Women: Blue, trimmed in red and white New warm-ups just ordered: White, trimmed in Black and Blue

-Lacrosse, Women: Blue and White - Red and White warm-ups

-Soccer: Red and White - Red and White warm-ups -Tennis, Men: Red and White - White trimmed in Red warm-ups

-Tennis, Women: White tennis dress - White, trimmed in Track, Men: Black and Gold running suits Blue and Gold warm-ups

-Track, Women: Green and Gold running suits - Blue and Gold sweat suits

-Training Staff: Carolina Blue Jackets trimmed in Black

Our sister institutions across the state wear the following color combinations:

common oponents and their respective colors: California State, Pa. - - Red and Black Fairmont State - - Maroon and White Geneva College - - Gold and White Grove City - - Crimson George Mason University - - Green and Gold Indiana University, Pa. - - Maroon and Slate James Madison - - Purple and Gold Lock Haven - - Crimson and White Mercyhurst College - - Blue and Green Pitt-Johnstown - - Light Blue and Gold Robert Morris - - Red-White-Blue St. Francis - - Red and White St. Vincents - - Green and Gold Shippensburg State - - Red and Blue Slippery Rock - - Green and White West Liberty - - Black and Gold W.V.U. - - Blue and Gold West Virginia Wesleyan - - Orange and Black

Please rank the following color combinations from 5 to 1 giving 5 points to the combination of your first choice. Space is also provided for additional combinations should you prefer some not already listed.

## **Sports Madison Drops Bobcats 28** by Eddie Dolan

The Frostburg-State. Bobcats' football team suffered a tough loss at the hands of Madison University, 28-6, at Madison Saturday, Oct. 21. The loss dropped the Bobcats season record to 1-6.

Early in the first quarter, Madison University rushed and blocked the Frostburg punt, recovering it in the end zone to take The extra a 6-0 lead. point made the score 7-0. The score remained this way until halftime, although the Bobcats controlled the ball and moved steadily down the field.

Five minutes into the third quarter, FSC linebacker Terry Beamer

burst through the line and blocked the Madison punt. Beamer retrieved the ball and scored, closing the gap to 7-6. However, the extra point attempt failed, disheartening the Bobcats.

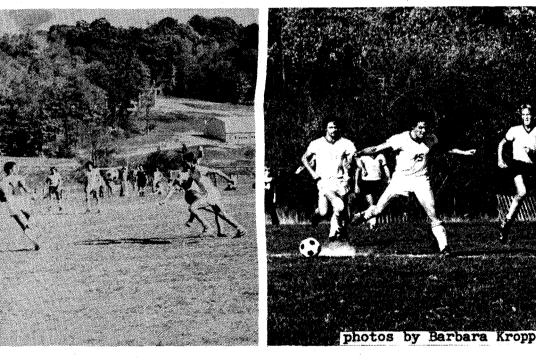

Madsion took control of the game from this point on, driving with the football and causing numerous Bobcat turnovers. Madison rushed for their final 3 touchdowns, the last score coming on a 55-yd. breakaway run.

The final score shows an apparent mismatch, but this was not so. FSC ran more offensive plays (71-59), and gained more total yards on offensive (237 -232). According to coach

John Peterson FSC moved the ball really well between the 20-yd. line, but just weren't able to push it over the goal line.

FSC has played their opponents even statistically throughout the year. Through seven games, the Bobcats have gained more yards rushing, passing, and in total yardage than their opponents. This is an encouraging sign. With a few more breaks, they may have shown an improved record.

The Bobcats travel to Washington, D.C. to face tough Catholic University on Sat., Oct. 28. Cath-olic U. has a 5-1 record.

## G. Mason Ties Bobcats in Soccer Action

Playing before an enthusiastic home crowd on a beautiful autumn afternoon. the FSC soccer Bobcats played to a 1-1 tie against Div. 1 opponent George Mason University Patriots. The tie brought the Cats season record to 8-1-2, and hopefully, a step closer to an invitation to the NCAA soccer playoffs.

Frostburg dominated the game, but continually missed shots on good scoring opportunities. The Cats outshot the Patriots, 20-14, plus having 12 corner kicks, compared to 3 for the Patriots.

George Mason broke the scoreless duel with a clean goal early in the second

#### by Eddie Dolan

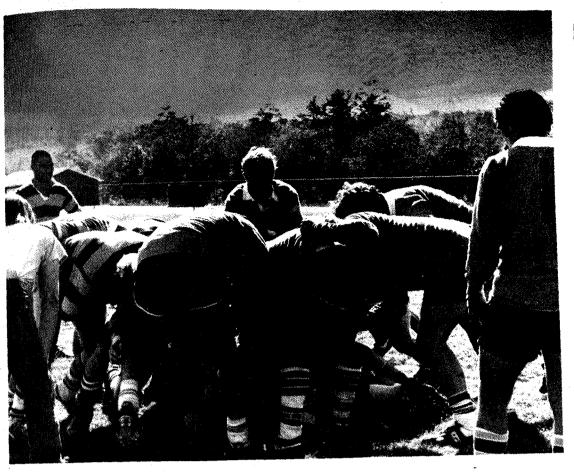

half. Then, at 31-36 of the second half, Frostburg's Dennis Johnson scored on a cross pass from Jeff Clinton.

Regulation play ended with the teams deadlocked. 1-1, 2 ten - minute overtime periods followed in an attempt to break the tie, but neither team was able to score, thus ending the game in a 1-1 tie.

On Saturday, Oct. 28, the Cats play tough UMBC at home at 1 p.m. The regular season finale against W.V.U. will be played on Wed., Nov. 1, at West Virginia.

Through 11 games, the Cats leading scorers are Dennis Johnson, with 11 goals and 3 assists, John Thomas, 7 goals, 2 assists, Lorin Campbell, 4 goals and 3 assists, and Francisco Castro 3 goals and 4 assists. On defensive, goal Keeper C. Byron Moore leads the team with 37 saves, followed by Sam Ianni with\_31, and Bo LeRoy with 3 saves.

Coach Ken Kutler is confident the Cats will receive a bid to the NCAA playoffs, and that his team will do well in the playoffs. "We play one of the toughest schedules in the East for an NCAA Division 111 school, and I am confident that our kids can hold their own with Division 1 and 11 schools."

## **Rugby Team** Victorious In Final Home Match by Kevin Brooks and Ron Phillips

#### "A" GAME

In their final home game of the fall season, the Fro-stburg state Rugby "A" team beat a tough California State team by a score The game was of 9-0. very close as both teams battled to a near scoreless first half. The only points came late in the half as Walt Winn was provided with an opportunity for a penalty kick. He took advantage of the situation, making it 3-0 for Frostburg at the close of the first half. The second half was also hard fought. An alert Rich Stang took a

for another FSC score. This brought the score up to 7-0. Walt Winn was again called into display

dropped ball seven yards

his kicking powers as he put the final two extra points on the board. Good play was turned in by Mark Miller, known as "The Animal," making several bone crushing tackles and long runs. The team hits the road next week to play in Reston Va. Then it's off to Penn. State, Mt. St. Mary's and U. of M. Good Luck Ruggers!

The "B" team improved

its record to 4-2 also with an impressive win over California State. The Scoring started with Jim Kahne kicking a 25 yard penalty kick. This gave the "Gol-den Shower" team a 3-0 half-time lead. In the second half, Tim Callahan put up a 20 yard penalty kick for a 6-0 FSC lead. The final score of the afternoon came when Tom Shumway scored a goal to give the "B" team a 10-0 win. Next week the teams will travel to Reston to play a team called Western Suburbs.

Towson hustles down the field in last Saturday's game, tying Frostburg 1-1. The next Women's Field Hockey match is Wednesday, October 25, when F.S.C. takes on Went Virginia and the second West Virginia Weslyan at 3:00°p.m.

## **Cross Country Finishes 5th in Meet**

#### by Eddie Dolan

The Frostburg State College Men's Cross Country team traveled to Morgantown, West Virginia, for the Track and Field Association's cross country meet on Sat., Oct 21. The team finished 5th in the overall competition with various colleges, universities, and clubs. Though this showing was respectable, Coach Bob Lewis mentioned that " we had an off day. We should have finished in 2nd place, like we did last year."

Three of FSC's top runners were unable to finish the race. One did not start, one became sick, and the third top runner was kicked inadvertently during the race. In the 10,000 meter (6.2 miles), Tim Gavin won 14th place, while teammate Don Quinn captured 26th place.

In dual meets, FSC holds a 3-1 record, losing only to Shippensburg State. The Bobcats revenged that loss when they finished ahead of Shippensburg and 10th place overall, in the Penn.

St. Invitational on Oct. 14.

The runners will travel to West Virginia this Friday to compete with 12 teams from Pennsylvania, Maryland, Virginia and Ohio. The biggest matches lie ahead. All the efforts of the team are directed toward the Mason Dixon Conference Meet on Nov. 4 in Fairfax. The Bobcats are defending champs, and hope to defend their title. In the final big event, the team travels to Lebanon, Pa. for the NCAA Division 111 meet.

On the women's team, FSC showed almost total dominance at the West Virginia Track and Field Association Cross Country Meet, on Sat. Oct. 21. In the 2.5 mile run, Junior Terry Gehrke took first place, followed by three Freshmen: Kim Gehrke, (3rd place), Terry Kane (7th place), and Ann Wal-ker (10the place). The women's next meet will be in the Mason-Dixon Conference Meet on Nov. 4.

# **Terps To Hold** Intra-squad Scrimmage at F.S.C.

Maryland basketball coach Lefty Driesell has announced that the first of three pre-season intrasquad scrimmage games will be held on Sat., Oct. 28 at FSC. Tip-off is set for 8:00 p.m.

The 1978-79 Terrapins will feature returning starters Larry Gibson, Greg Manning and Albert King, in addition to Bill Bryant and Ernest Graham. Mike Davis, Lawrence Boston and JoJo Hunter are gone. Helping with what will be a rebuilding effort will be freshmen Buck Williams, Taylor Baldwin, Reggie Jackson and Dutch Morley. Jackson and Morley are well known to local fans as a result of their play in the Alhambra Invitational Tournament in past years.

Pre-season scrimmage games were held at Alleghany High School in 1975 and 1976 and both were played to capacity crowds. Local sponsors chose to move to FSC in anticipation of crowds beyond the capacity of the Alleghany Gym.

Tickets for the scrimmage game are priced at \$2.00 for adults and \$1.00 for students. Advance sale tickets are available at several locations, including Bedford Road Pharmacy, LaVale Pharmacy, Steve's Pharmacy, Alleghany Community College athletic office, Lane Center at FSC and the Liberty Trust Company (main offices and all branches).

The game is under the sponsorship of the alleghany County branch of the Terrapin Club and all proceeds of the game go to the University of Maryland Athletic Department. Serving on the committee are John H. Balch, L. Michael Gingerich, A. Leo Franklin, C.E. George, Dr. William H. Ryan and J. Frederick Sharer.

PAGE SIX

## Campus **Receives** Math **Honor Society**

On Sunday, September 17, the installation of the Maryland Delta Chapter of Kappa Mu Epsilon, national math honor society, took place in the Lane Center.

Dr. Lightner, of Western Maryland College and national president of KME, presided over the ceremony, inducting our local chapter and speaking on the purpose of honor societies and their origins. President Guild was on hand to give opening remarks with Dr. Rissler giving the clo-sing remarks.

Sixteen students were included in the initial installation. They were: Karen Appler, Debra Boyd, Susan Bratten, Pete Clardy, Jack Coleman, Michael Didsen, Mark Domenick, Mike Groves, Mike Jefferson, Janet Jessup, Leslie Johnson, Rav Machado, Bill Milligan, Lynne Moskowitz Dawn Raszewski, and Kathy Young.

Three faculty members were also initiated-- Dr. Biggs, Dr. Jones, and Mrs. Yount. Other faculty members from previous initiations at other colleges are Dr. Rissler, Dr. Shriner, and Mrs. White. The officers elect are Michael Dickson - president, Debra Boyd - vicepresident, Karen Appler treasurer, and Janet Jessup - secretary, with Dr. Rissler as sponsor and Mrs. White the corresponding secretary.

Our local chapter is in the process of planning many programs, a few of which are under way. Every Wednesday from 7:00 -10:00 p.m. in Dunkle Hall 221, there is a math studying session - everyone is invited! Also, there is a calculator raffle in the process. Win an SR-S1 II (Texas Instruments - \$50) for \$.75 a ticket.

some future events include guest speakers in the field of mathematics.

## Important Announcement

The College Health Service has initiated a new program, DATAMATION, which is available to students on a voluntary basis. The emphasis of the program is to provide the student and Health Service with more information about the student's health than has traditionally been available. DATAMATION, a private medical computer service, provides a med-ical and quality of life report, risk-factor analysis and health information booklets to students based on a questionnaire comple-

ted by the student. The Health Service also receives a copy of the report for the student's confidential medical file in the Health Center and a composite analysis of the total student body participating in the program. We hope that this program will substantially aid students in being more informed about their own health. It should also assist the Health Service staff in treating student illness, planning for preventive treatment programs and in becoming more aware of the health

needs of the student body. Most freshman received an invitation to join the program in August, and those participating are now receiving their health profile results. During the next week we are making the service available to all students. all students. The fee is ten dollars payable to DATAMATION, and the questionnaire packets are available at Brady Health Center. The questionnaire can be filled out in private and mailed to DATA-MATION. You will receive the results in two to three weeks. We hope that students will seriously consider taking advantage of this opportunity. If you have any questions, feel free to contact Dr. John Lowe or Mr. Pat Deasy at extension 4234 or 4310.

### Excerpts from Na's Log

"Caught some clown shooting bottle rockets to Venus. Campus Police ad-vised a referral."

"Found some guys trying to get into Gray Hall, but they changed their plans and went home to bed (with a little persuasion)."

"Stopped the theft of a sofa - it was returned, but the monsters got away."

"Found 3 members of a band smoking the infamous weed in Gray Hall Basement. We escorted them out and advised Campus Police."

- "Oh what a night, we saw a guy run from Lane Center and found out he had thrown a chair from 2nd floor to 1st floor. We stopped him and got his ID after much trouble. Then there was a fight in Lane Center. To top it off, we stopped a guy throwing firecrackers and assisted in an ambulance call.'

"On our way by Fros we saw a guy from UM looking lost. He was looking for a girl, but didn't know where she was, so we contacted Campus Police for her address. Guess he found her okay."

- "2 guys in orange Pinto decided to drive up on the sidewalk by J - Lot and asked us for some drugs -Boy, did they get a wrong number."

- "Pretty quiet night, stars are really nice - even saw a falling one. Hope that means good luck."

- "There was a possible peeping Tom by Westminster, we checked, but all we found were four girls peeping into their own room - what ever turns you on...'

- "Found a guy throwing a mattress out of Cumberland Hall - there were about 20 in the hall. We got the mattress back, but the guy was long gone."

- "Everything was quiet, people had dates and were all dressed up, so they were staying out of trouble.'

OCTOBER 25, 1978

THE WASHINGTON WOODWIND AND SAXOPHONE QUARTET

SAXOPHONE QUARTET October 30, 1978 8:00 p.m. Multi-use Room, Lane College Center

The Washington Woodwind and Saxophone Quartet. during its five years of performance, has gained wide recognition in the Baltimore-Washington, D.C. area as one of the outstanding woodwind music groups in existence today. Noted both for the individual virtuosity of its players and for its polished ensemble the Quartet has done much to bring woodwind chamber music before the public and to set the standard for its performance. The Quartet's concerts are unique in that the four men play all of the woodwind instruments in each concert.

The Student Artist and Lecture Series will be presenting the Washington Woodwind and Saxophone Quartet in concert on Monday, October 30 at 8:00 p.m. in the Multi-use Room of the Lane College Center. The members of the quartet will also be on campus Tuesday, October 31 presenting workshops and master classes working in the music department.
