

## Honors Convocation Recognizes Academic, Student Achievement

Frostburg is holding its second annual Honors Convocation on Wednesday, May 13, in Compton Auditorium at 2:10 p. m. This program recognizes and honors all persons on campus in the field of academic excellence.

Janice Piccinini, head of the Central Planning Committee for the convocation, Dean Holmes, Dr. Bremen, and Dean Manicur met on February 17 to discuss the tentative program.

An academic processional began the convocation with all faculty members and "Who's Who" winners in academic robes. Following the presentation of awards Dr. Tolles, the Dean of Students at Hamilton College, spoke on the topic of academic excellence.

The program concluded with an academic recessional and an informal reception in Compton Auditorium lobby for faculty, administrators, award winners and Student Association officers.

Academic Awards were presented to all straight A students from first semester and to students who maintain a first or second ranking position in their respective classes. At this time all students with Dean's List cumulative averages were recognized also.

Departmental awards were presented to the outstanding student in each now existing major field. Those recognized were the following: Geography, Frank Niland and Stephanie Browdy; Biology, Barbara Smith; Music, Roger Cook.

In Education, Lois Allem and Karen Carlson; Art, Barbara Blazic and Carolyn Baucom; Mathematics, Royce Smith and Harry Martz; History, Sheila Jackson and Ed Koogle; English, Rilla Whitten; Chemistry, Royce L. Smith; Speech and Drama, John Goss and David Davies.

In Psychology, Rose Ann Weber; Language, Mary Murphy and Earlene Humbertson; and Women's Physical Education, Linda Hoopengardner and Shirley Hahn.

Individual awards were then made to the following: Freshman Math Award, Earnest Kaylor and Rodney Williams; and Alpha Psi Omega scholarship, Patricia Berlinger.

Sigma Tau Gamma National Fraternity presented the Instructor of the Year award to Mr. Syed Hasan. Tau Kappa Epsilon National Fraternity presented its achievement award to Edward Gordon Boehm.

The "Who's Who" awards were announced last fall and were presented at the assembly to these students: Earlene Humbertson, Jerry Howie, Pat Lavelle, Wini Fresh, Ned Boehm, Madeline Barr, Alleen Frost, Galen Clagett, and Catherine Froelich.

Each student honored received an award certificate and a key insignia designed this year by the Honors Convocation Committee.

## College Schedules Pre-Registration On May 1 Through 15

Miss Lillian Wellner, Registrar, urges all students to make appointments with their advisers between May 1-15 to determine their schedule for the fall semester.

Those students who are not planning to return in the fall should inform their advisor and the registrar of this change. Students that are changing their status, as for example a student moving into the dormitory from town, or a student moving out of the dormitory to a house in town, should inform Miss Wellner of the change.

Failure to give such information will result in a needless waste of time when the student pays his fees during the final registration in September.

Seniors who will be living in the dormitory for half of next semester, but student teaching at home the other half, must also acquaint the registrar with this change.

Pre-registration forms will include such information as: major, minor, county, high school attended, program the student is currently enrolled in, and student number. The latter may be obtained at the registrar's office. Also it is listed atop the mid-term grade report.

Electives for the fall session will be spread in multiple sections so that they will be available to all. Future information, including a list of the electives to be offered, will be posted at a later date, under glass, on the bulletin board of Old Main.

All bills will be sent during the latter part of August. If a student wishes to pay his fees for the entire year, he may do so in September. Students who do not wish to pay in full will be billed semester by semester.

Students who pay their fees in full, but withdraw after the first semester, will have their money for the second semester refunded.

## 402 To Receive Degrees June 7

Dr. Carl M. Frasure, Dean of the College of Arts and Science at West Virginia University in Morgantown, will speak to the 1964 graduating class at the Commencement exercises to be held June 7 at 2:30 on the campus quadrangle. The Reverend Emmett M. Goetschius of the First United Presbyterian Church, Frostburg, will speak at the Baccalaureate Service at 11:00 a. m. in Compton Auditorium.

Reverend Goetschius received his A. B. from the University of Dubuque in Dubuque, Iowa, in 1941. During the period 1942-45, he

served in the Army in Europe where he was awarded the Bronze Star Medal and the Purple Heart.

Following the war he completed his theological education at the Evangelical School of Theology in Reading, Pennsylvania, where he received a B. D. degree in Theology. From 1952-55 he served as a Chaplain with the United States Army. He is presently assigned as a Chaplain of the 29th Division of the Maryland National Guard.

The Rev. Mr. Goetschius has served pastorates in Iowa, Penn-

sylvania, and Virginia. Since coming to Frostburg, he has served as president of the Frostburg Ministerium from 1960-62. At present he is a member of the Frostburg Rotary Club and is active in various other civic interests.

The Baccalaureate Invocation will be given by the Reverend H. M. Richardson, pastor of the Emmanuel Episcopal Church, Cumberland, Maryland, followed by the Benediction of the Recessional. Reverend Goetschius' sermon is entitled "The Lord Looketh On The Heart."

Luncheon will be served for graduates and the guests in Gunter Hall at 12:00 and 1:00 p. m.

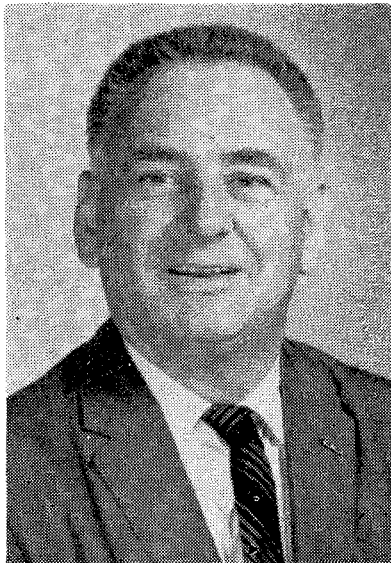

The Commencement exercises will begin at 2:30 p. m. in the Compton Auditorium. Following the Processional, Reverend Harold A. Allem of the Calvary Baptist Church of Cresaptown will give the invocation.

After the greeting of the Board of Trustees, Dr. Frasure will deliver the Commencement address. This will be followed by the conferring of degrees, the presentation of honors, and the recessional.

This is State's sixty-first graduating class. Twenty-eight seniors will be awarded the Bachelor of Science degree and thirteen graduates will receive the Master of Education degree.

The Annual Commencement Reception given by the Trustees,

## AAUW Committee Awards Scholarship To Roseanne Weber

Roseanne Weber, a junior, has been awarded a one hundred dollar scholarship by the Frostburg-Georges Creek branch of the American Association of University Women, according to the scholarship committee composed of Dr. Alice Manicur, Miss Cleo Campbell, Miss Mable Myers, Mrs. Homer Pankey, and Miss Amy Meek, chairman.

Roseanne has been an honor student both in high school and in college. She received an award last year for having the highest scholastic average in her class. Her cumulative point score was 3.96.

She serves as mission chairman for the Baptist Student Union on campus. Last summer Roseanne was a missionary to the Chinese in San Francisco.

Her other campus activities include accompanying the Notables, membership in Sigma Zeta, and in the International Relations Club.

The AAUW scholarship was awarded to Roseanne on the basis of personality, outstanding leadership, and scholastic qualifications, according to Miss Meek.

Nine graduating seniors have been nominated by members of the faculty for a first year graduate study fellowship under the auspices of the Woodrow Wilson National Fellowship Foundation.

They were: Linda Lewis of Baltimore for graduate study in English; Allen Sherald of Braddock Heights, for graduate study in the Biological Sciences.

Edward Koogle of Hagerstown for graduate study in history, Alleen Frost of Frostburg, Earlene Humbertson of Cumberland for graduate study in Spanish.

John Goss of Cumberland was nominated for graduate study in English; Clifford Sanders of Cumberland, and Harry Martz of LaVale were also nominated.

The Foundation primarily supports candidates in the humanities and social sciences. Science and mathematics majors may be nominated.

Candidates in art, history and musicology are eligible as are students of musical composition.

Judy Fisher of the class of 1963 was awarded a fellowship for graduate study in English at the University of Maryland.

## Seniors Schedule 'June Week'

June Week, the major senior activity of the Class of 1964, will be held June 3-7, according to Ned Boehm, president.

An All-Sports Day, the first June Week activity, will be held June 3 at the Ali Ghan Shrine Club. During the day there will be swimming and sports on the grounds. A "luau" dinner will be served in the evening. Following the luau, parties will be held at the dorms on campus.

Various activities are planned in the Frostburg Civic Park for Thursday, June 4. This day will be climaxed by the senior banquet at the Happy Hills Restaurant.

A Faculty Banquet will be held by the seniors on June 5. The purpose of the dinner is to honor

those instructors to whom the senior class wishes to pay tribute. Faculty attendance will be by invitation only. Following the banquet, a semi-formal dance will be held at the Maplehurst Country Club.

On Saturday, June 6, a reception will be held for the parents of the graduation class. Graduation will follow these activities at 2:30 p. m. on Sunday, June 7.

The most important senior activity previous to June Week is the Junior-Senior Prom to be held Saturday, May 16, at the National Guard Armory in Cumberland from 9:00 to 12:00 p. m. The cost is \$3.75 per couple. The theme of the prom is being kept secret.

## Frat Names Instructor Of Year

Sigma Tau Gamma fraternity presented its annual Instructor of the Year award to Mr. Syed Hasan, Assistant Professor in the Psychology Department, at the fraternity's recent White Rose Ball.

The recipient of the award is selected by the fraternity on the basis of a 20 point evaluation. This is the fifth year the award has been given.

Mr. Hasan, who has been at Frostburg for the past two years, said that he appreciates very much what the students have given him. "To me as a teacher, this honor means more than earn-

ing a Ph. D. degree," are the words he used in writing about the award to a former teacher. Mr. Hasan added, to a student, "I'm glad I praised the student body before I got the award so people won't think I'm just trying to be nice."

In his letter of resignation, which was submitted before he received the fraternity's honor, Mr. Hasan expressed some of his feelings for the College and the students, "Teaching at the College has been very challenging, exciting, and rewarding. I have a deep respect for the Student Body of the College. Never have I enjoyed working with the students as much as I have here."

Mr. Hasan, a native of India, received his B. A. degree from Jamia College, New Delhi, India, with a physical education major. On the recommendation of the World University Service, Mr. Hasan came to the United States, winning a scholarship from Lincoln University in Pennsylvania.

He received his M. S. in Education from Southern Illinois University, and has also done graduate work there. After completing this semester at Frostburg, Mr. Hasan intends to resume his studies at S. I. U. and National Muslim University in New Delhi.

A member of Phi Delta Kappa, a member of Phi's education fraternity; Kappa Delta Pi, honorary Education fraternity; and Midwestern Psychological Association

## Actors To Be In Summer Stock

David Davies and Robert Hyde have both received positions as professional actors with the Williamstown Theatre for this summer's session.

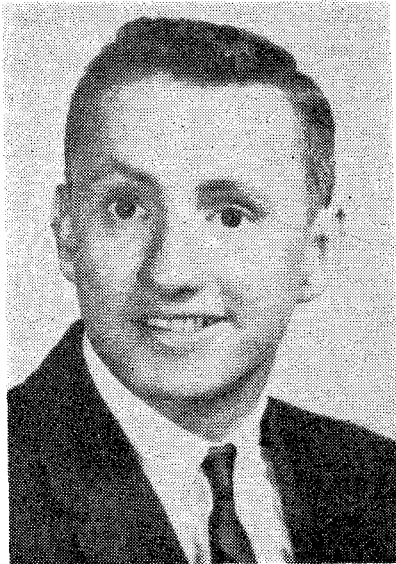

Last summer under the guidance of Director Scammon the theatre produced *Julius Caesar* and *Twelfth Night*. plays were presented on Sunday nights and were well received.

This summer under the Execu-

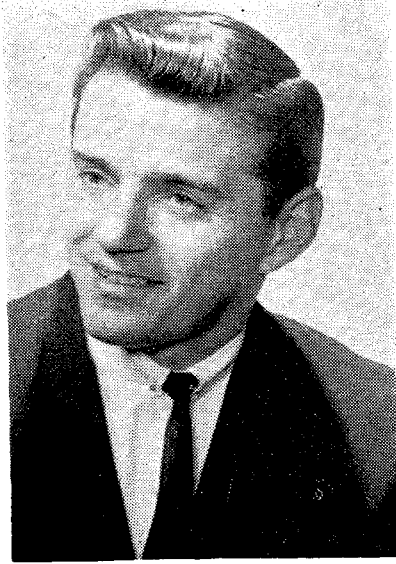

tive Director Nikos Asacharopoulos, who teaches directing at the Graduate School of Drama at Yale University, the theatre plans to produce *Romeo and Juliet*, *Henry V*, and *Macbeth*.

The actors will receive from \$780 to \$520 for the season. Rehearsals begin at 9:00 a. m. on June 8 and performances are

# Students Help Build Library

The National Student Committee has undertaken to raise \$250,000 for the John F. Kennedy Library to be located on the campus of Harvard College. The library is to be built on a site chosen by the President himself shortly before his assassination. In addition to the President's state papers and manuscripts, the Kennedy Library will contain all available films and tapes of his life and filmed interviews with the world leaders and those who knew him best.

But more than this, the library will attempt to preserve the spirit and style of President Kennedy. A museum collection of memorabilia from the Kennedy era will help future scholars in examining the mood of this crucial turning point in American history.

For American youth this must have a special significance. John Kennedy was an idea—an idea which shall live on for our children and grandchildren. He, more than anyone of our century, embodied the hopes and aspirations of mankind. These last three years have been an exciting time to be alive.

His was the language of the young leaders of this turbulent world, for he was one of them. "Vigor" became a momentum, a source of national energy for the "long twilight struggle." His courage was what Hemingway called, "grace under pressure." Probably no President, not even Franklin Roosevelt, so completely put his mark upon the Presidency and the national mind in so short a time. Kennedyism pervaded the national life in every aspect at every level. There is little wonder that the world stood horrified as the thin veneer of civilization was stripped away that cruel and bitter Friday.

His life was short. His ideals were great. His memory will live in the hearts of the American people.

Patrick Bittinger

# Pres. Of S. A. Deplores Waste!

Dean Alice Manicur is faced with the nearly impossible task of placing over 700 students in rooms in town. It was a real accomplishment to find rooms for the 500 students presently living in town. F. S. C.'s most difficult trials will begin in September when 1,700+ students attempt to eat lunch in Gunter Dining Hall and to find sufficient classroom space.

We have been promised by the state officials that aid would be coming to deliver F. S. C. from this dilemma of inadequate facilities. Three years ago we were assured of \$2,730,000 in capital improvements; and, at the present time, the contract bids for these buildings (library, science, men's dorm, and infirmary) are still being withheld.

If ground is not broken by July 1, 1964, most of these funds will revert to the state; and the facilities at Frostburg will remain as always—inadequate.

It is no surprise that hundreds, and possibly 2,000 men and women, will be asking for admittance before September. Frostburg has not been caught off guard but has been restricted in making progress necessary to meet the needs for this great demand of students. The results of these limitations may be considered disastrous to the hundreds of qualified students who are being refused.

The lack of expansion is taking Frostburg and Maryland's program for higher education backwards. Many irate parents are demanding action from state officials. For significant results and long range planning it is necessary that students, faculty, alumni, and parents join in making demands for progress in higher education.

No public representative in our state government has spoken against education, since it would be like speaking against motherhood. Therefore, let us demand that motherhood's little "social beings" have the educational experiences and opportunities that are so essential to America today. Frostburg's predicament needs the immediate attention of the officials of our state.

Wilbur J. Berry, Jr.

# Klishis, Wilhide Attend IRC National Conference

Mike Klishis

Steve Wilhide

## Speakers Examine Law, Disarmament

Mike Klishis and Steve Wilhide represented the Frostburg chapter of International Relations Clubs at the national conference held in Chicago during April. All the representatives met at the Sheraton-Chicago Hotel for an official greeting by the Hon. Otto Kerner, governor of Illinois.

The theme of the convention and of the keynote address, delivered by William C. Foster, was "World Peace Through World Law." Mr. Foster is the Director of the U. S. Arms Control and Disarmament Agency. During the four day conference students participated in seminars and panel discussions led by outstanding international scholars.

Mike and Steve participated in panels about disarmament, developing nations, and world law.

Steve is a junior in the school of Arts and Sciences, specializing in history and political science. He plans to work for a masters degree in international relations. He is a member of the IRC executive council and a member of the United World Federalists. Steve recently attended the United World Federalists Conference held in New York.

Mike, also a junior in Arts and Sciences, is specializing in psychology and is especially interested in international affairs.

The IRC is a national organization which tries to foster understanding and appreciation of international problems and relations by encouraging college students to study international affairs. IRC members have been currently conducting a campaign to raise funds for the World University Service.

The WUS is a private student organization which uses the small donations of American college students to eliminate illiteracy, poverty, disease, and to promote world peace.

The student representatives found the address by Sidney R. Yates especially interesting. His topic was "A Challenge to Youth: The Next Fifty Years."

Mr. Yates was appointed as the United States representative to the Trusteeship Council of the United Nations by the late President Kennedy in 1963. He had served as a member of the 81st through 87th Congresses.

The IRC advisors are Dr. Hazel Ramsey and Dr. Howard Briggs.

## Final Rush Begins

Now that finals are only two weeks away everyone is rushing to catch up on that backlog of work. Only the backlog isn't so easy to catch up with because some profs keep assigning it faster than it can be done.

There's always some joker who thinks one more term paper can be jammed into an already over-stuffed two weeks. This is, if you can get into the library and find a place to work. As a last resort you can always let fantasy take over and produce the finest term paper ever read or written on campus!

Meanwhile, you're supposed to be reading for finals. What do you say we knock off and go lie in the sun like everyone else?

## Letter To The Editor

### Citizen Debates Paper Article

The question you pose is a good one. Do FSC and the Peace Corps differ? I believe so—greatly. It's all too true when you join the Peace Corps, you will not know to what extent you may have to arrange your life—or where you may be sent. However as a lifetime resident of Frostburg, I feel qualified to see the difference between FSC and the Peace Corps.

My question, the only one, is why did you choose FSC for furthering your education? Certainly not because you believed you were going to an entirely strange country to promote peace and better understanding, but because most of you are not more than 150 miles from home.

Let me say this, many of you came for teacher education. This is a very logical, for I do not believe you can get a better opportunity for the cost. Few places offer any more for so little.

The climate in Frostburg has remained much the same for as long as I can remember, and as you can check the records, you have no gripe on this point. . . .

Now as to the food, I think it is not too much different than in the areas from which you come. The cafeteria serves good wholesome food. If you care for more fascinating food, there are any number of very good restaurants nearby, where you can get all kinds served—French, Italian, German—at a higher price than you now pay in the cafeteria.

I also realize that a number of students came to FSC to get out from under parental supervision. In doing so, it seems that you should be prepared to bear the consequences. You may not get food like "Mom's" but you should have realized this when you selected the college in our town. . . . In your own town your parents would not allow you to drink.

After reading your article in *State-to-Date* I wonder, did you come to Frostburg to get an education, which you can get, or did you come for exotic food and drink?

Don't blame the climate or food for the things at fault. FSC is able to provide you with the education you seek, and cannot find in many places. Use it to good advantage, and don't condemn the community as a whole.

Citizen of Frostburg

### Graduate Laments

These warm spring days are suddenly slipping by too fast, and soon it will all be over. Four years of work and waiting, and suddenly the golden day has arrived. Yet there is some regret. In four years one can make a lot of good friends—and now maybe this will be our last time together.

My parents are proud of me. My brothers and sisters are proud of me. They have looked forward to this day as much—no, perhaps more—as I.

No one in my family ever went to college before. There is no tradition of "alma maters." But this moment is a great triumph for all of us. Now I owe the irreparable debt of opportunity to someone else.

The future is an uncertain wind, but whatever turn of events fate may take, I shall not forget these warm and happy years.

## Stateside Comment

By Lloyd Harris

Congratulations are in order for the Allen Hall newspaper. The Sheet is finally being mimeographed so clearly that now it can actually be read.

The next Student Association meeting should be held during that new phenomenon the geography department describes as the "Fog Season." Only the few who attended are aware of all the impending crises.

The Geography Department plans to organize a new honorary for geography majors. Dave, alias "the Friar" Crock, plans to join, give a passionate rabble rousing speech, and lead everyone off on some wild escapade to Alaska. He claims that good cool Arctic air is perfect for soothing his very sore throat.

Tennis seems to have taken over as "the sport." It was too bad John Chaney lost one match—a sad affair he has no intention of repeating. The difficult thing about sports at Frostburg is the lack of enthusiasm. Anyone who attends campus sports events is well aware of the small crowds. If you can't be an athlete you can at least be a fan!

Brian Lockhard claims to own the only magic mattress on campus. Its magic powers literally enabled it to float out of Allen and down to Diehl with Brian on it. He would like to thank all his buddies for helping rescue him from such an embarrassing situation. He had to do something to top Ned Boehm's midnight volleyball somersault. I'd say this does it.

The more attractive but less politically adept coeds lost the dayroom elections. How could they win in view of the vigorous campaign carried on by the opposition? Burton, Huck, Vick, and the Prince were literally swept into office by their veritable landslide vote—about 60 out of 600, or 10 percent. Both slates of candidates are to be commended for the interest shown.

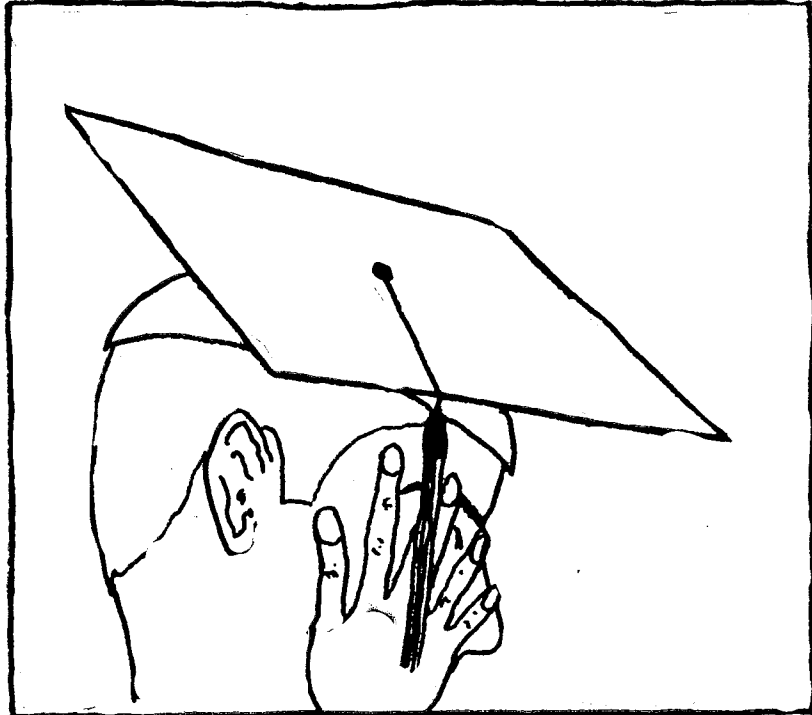

Ken Korn's excellent sketches of speakers for the faculty seminars have drawn numerous comments. He should try to capture the shocked expression on each professor's face when people stop to say, "It looks exactly like you!" Now they know what the students have known all along.

But all is not well in the Art Department. Spring fever is running rampant. One girl keeps looking out the window and drawing pictures of the University of Maryland. Then she prints in big block letters, AF, which surely must stand for Air Force or some such. Don Humbertson's modern "Lips Lurking in Bushes" has received warm praise as the most outstanding thing on campus.

## NOTICE TO ALL STUDENTS

Your pre-registration former must be completed by May 15. See your adviser now! If you do not intend to return next year, you must see your adviser.

## The State of Things by Pat

## Art Fraternity Installs Officers, Inducts Pledges And Faculty

**KAPPA PI**—From left to right are Jane Early, Harry Richardson, Miss Roseann Langhans, Kenneth Hankins and Carolyn Burkey.

New officers of Beta Mu Chapter of Kappa Pi, National Honorary Art Fraternity, were installed at the fraternity's annual anniversary dinner held at the Fort Cumberland Hotel. Inducted were Kenneth Hankinson, chapter president; Harry Richardson, vice-president; Carolyn Burkey, secretary; Jane Early, treasurer; and Miss Roseann Langhans, faculty member and sponsor.

Harry Richardson presided at the dinner and the invocation was given by Miss Roseann Squillari.

New pledges inducted were Robert Hyde, Carolyn Hyde, Roseann Squillari, Charles Ridgeway, Robert Wiedner, Gale Ebaugh, David Miller, John Wierdsma, and Glenn Anschuetz.

Other Kappa Pi members present were Virginia Brummage, Mrs. Linda Kight, and Carolyn Baucom.

### Activities And Purpose

Kappa Pi has been the group responsible for the art exhibits in Gunter Foyer throughout the year, including the Annual Spring Art Show.

Membership in Kappa Pi Art is open to students who have maintained a "B" average in art and a "C" average scholastically. This fraternity's purpose is to promote an art interest among students, to stimulate higher scholarship, to know the work of other students and faculty, and to bring together the art department with the other departments of the college.

## News Briefs

Bob Grimm was elected president of **Allen Hall House Council** for next year. Other officers will be senior representatives, Jim Lyons and Dave Day; junior representatives, Danny Yates and Paul Helm; Student Union representative, Gerry McDonald; Student Senate Representative, Ray Morgan. The floor representatives and sophomore and freshman representatives will be elected in the fall.

Nine freshmen will be admitted to Allen Hall next year along with several liberal arts students.

At the regular business meeting of **Sigma Zeta**, Honorary Math and Science Fraternity, on May 5, officers for the 1964-65 school year were elected. They are president, Ruth Alexander; vice-president, David Day; corresponding secretary, Mary Borleis; recording secretary, Judy Pulliam; treasurer, Bob Heubeck; student union representative, Sue Wilson; and faculty corresponding advisor, Mr. Glenn Workman.

**Mrs. Ruth Hammer Frick**, who graduated from State in 1941, is now teaching in Bangkok, Thailand. Mrs. Frick taught at Travilah Elementary School in Gaithersburg, prior to her present position.

The International School in Bangkok is where Mrs. Frick is currently teaching sixth grade.

On Monday, April 27, Mr. Robert Houck of **Canteen Service**, reported that keys to most of the vending machines on campus had been lost near Allen Hall. A reward was offered for their return.

On Thursday, April 30, when the Canteen serviceman arrived in Compton Hall, he was handed the keys by a student who refused to give his name or accept the reward.

Mr. Houck, who would still like to thank the student personally, is donating the reward to the Student Loan Fund.

Miss Irene Kirkeby, sponsor of the **French Club**, has had on display in the library showcase, her collection of autographs of well-known Frenchmen. Included are signatures of Louis XIV of France, Victor Hugo, Alphonse Daudet, and Napoleon III.

Christina Krenseavage has been nominated as president of the French Club. Other nominations include Gene Robertson, vice-president; Virginia McGruder, secretary; Betty Dussault, treasurer, and Laurie Mays, historian.

### Senior Activities Wind Up With Bang

Senior activities are slowly coming to an end. The Class of '64's latest activities have included the Senior Carnival which was held on May 5 in the upper quadrangle.

The seniors' imaginative improvisations made for a very entertaining evening. Booths, such as penny-pitching, sponge throwing, and kissing booth were open to students, faculty, and the townspeople. This activity was held to raise money in preparation for June Week.

### Senior Assembly

The annual Senior Assembly was held May 12 in Compton Auditorium. The seniors reminisced over the past four years, re-enacting events which took place during the time they have spent at State.

This year's assembly was based on an Academy Award presentation. "Mad Awards" were given to those being honored. In addition to the individuals being honored, an award was presented to the best class. The senior gift to the college, a trophy case, was also presented at this assembly.

Five seniors were honored by their class as outstanding members of the class of '64. Awarded for helping their class the most were Pat Lavelle, Jerry Howie, Mike Todd, Bonnie Sweeney, Katherine Froelich. In addition to these awards, thirty certificates were presented to other seniors who have benefited their class in some way.

Mr. Raymond Peterson, senior class advisor, was honored with a gift from the class.

### President Travels Into Cumberland

Rearrangement of morning classes and student buses to Cumberland gave many students the opportunity to hear President Lyndon B. Johnson on May 7, during his Appalachian tour.

Fort Hill High School in Cumberland was the president's first stop on his trip through Maryland, Ohio, Tennessee, North Carolina and Georgia. Highlight of the president's trip was a speech to the Georgia Legislature in Atlanta on May 8th.

The President's Appalachian Bill, before Congress at present, is designed to reconstruct the economy of the Appalachian area through a program of federal works.

Lynda Bird Johnson accompanied her father.

### Actors To Be . . .

Continued from Page One  
scheduled nightly except Sundays from June 22 through September 5.

Dave and Bob auditioned on Saturday, March 2, at College Park, at the University of Maryland and were notified of their acceptance as players soon after that.

Dave Davies is a junior from Silver Spring. He is a member of National Dramatic Fraternity, Alpha Psi Omega, and has served as president of Little Theatre. He is a member of Tau Kappa Epsilon National Fraternity and is president of the Conservative Club on campus. He is a member of the football team and the Sports Staff of **State-To-Date**.

His acting experience includes: **Three Men On A Horse, All My Sons, Standing Room Only** (1963), **Where's Charley?** (1962), **Smiling Through**. His part at Williamsburg will be a role in **The Founders**.

Robert Hyde is a senior from Nikep, Maryland. He is a member of Alpha Psi Omega National Dramatic Fraternity and of Little Theatre. Bob is also a member of Tau Kappa Epsilon National Fraternity. His acting credits include **Three Men On A Horse, All My Sons, Smiling Through, and Standing Room Only**.

### Frat Names . . .

Continued from Page One  
tion, Mr. Hasan's other activities have included active participation in track, drama, and literary organizations.

Mr. Hasan's plans for next year are uncertain, but he has possibilities of positions either here or in India.

Mr. Hasan, whose ambition is to open an experimental institution of his own, likes to work with original ideas rather than set patterns. "Only through trying can you learn new things."

### 402 To Receive . . .

Continued from Page One  
President, and Faculty will be held Saturday, June 6, from eight until ten o'clock in Gunter Hall.

The College Concert Band, under the direction of Dr. Ward Cole, will perform at Commencement and Baccalaureate services.

Announcements as to who will present the awards will be made at a later date.

### Alpha Xi Seniors Bid Farewell

Alpha Xi Delta honored its senior members at a banquet held April 29 at Pete Harper's. The seniors received mugs with the Alpha Xi crest and their names on them. Following the banquet, the underclassmen presented a special show directed by Claud A. Absher and a ceremony for the seniors.

As part of the philanthropy program, the Alpha Xi's are working with several Girl Scout and Brownie troops in Frostburg. The sisters attended the meetings,

teach singing to the girls and assist the leaders.

The annual Rose Formal, the big event of Alpha Xi's spring weekend, was held May 9 at Pullen School Auditorium. An added event to the weekend this year was the dated party held on Friday, May 8, at the Knights of Columbus Hall in Frostburg. This weekend concluded another year filled with activities for the Alpha Xi's.

## Stateside

BY JOE MURPHY

This being the terminal appearance of our fortnightly publication, we wish to avail ourselves of the opportunity to doff our headgear to some of the varsity athletes who will never again wear the threads of lynx Americanus.

Roy Beard's graduation will be a real body-blow to the attacks of Frostburg's soccer and tennis units. Roy has been the big man on the kickers' front line for the last two years, receiving All-Southern recognition a year ago. A natural athlete, Roy made it big on the rugged tennis team this year in his first varsity endeavor. Roy also has played some baseball and basketball during his days at State.

The soccer defense was excellent this fall, mainly for two big reasons—**Dick Hesterberg** and **Gene Wood**. During the last two years, "Deek" made the mythical All-Southern team at two different positions. Making it at halfback in 1962, Hesterberg switched to fullback and proved equally capable there in making the key plays.

Wood, in addition to being Frostburg's All-Southern goalkeeper, was a key rebounder on the basketball team and is currently holding forth as the ace of the baseball pitching staff.

**Donny Nave** and **Cookie Nash** have provided much of the bat power that has enabled the Bobcat tossers to stay close to the .500 mark all year. Nave is a veteran outfielder and Nash has been holding down first base. Both men have good extra base power.

**Jack Patterson** played a half-season of basketball after a year's lay-off. Although he didn't show the form displayed in his sophomore year, he came through with a good game now and then and provided the 'Burgers with a good reserve. Patterson also played some football.

**Larry Shumaker's** knee injury, which put him out of action for a good part of the football season, greatly weakened the team. Larry turned in a good job as an offensive lineman and place-kicker and was great as a linebacker on defense.

Captain **Ed Shoup** also was hampered for most of the season by a back injury. Ed has been a standout for three years as halfback, flanker back, and end.

The gridders will lose a lot of beef when **Rich Plummer**, **Ed Finn**, **Fred Wartzack** and **Hank Heller** walk off with their sheepskins. Plummer played only the tail end of the season, but had the size and the moves to make him a starting linebacker. Finn, Wartzack and Heller had to fight off injuries, but all three made their presence known when healthy.

**Bob Herring**, captain of the Bobcat golf team, will be sorely missed next year. Bob is one of the mainstays of the links squad.

**Donny Hurvitz**, one of Frostburg's leading pitchers last year, switched to track and became a record-breaking sprinter. Hurvitz stands undefeated in the 100 yard and 220 yard dashes, with new school records in both.

What Hurvitz is as a sprinter, **Mike Todd** is as a distance runner. Todd has registered wins this year in the 880, the mile, and the two-mile run.

**Allan Mumma**, Frostburg's long and lean high jumper, has been among the top three finishers almost every time in that event, as well as in the high and low hurdles. Mumma is also a keen-eyed member of the rifle team.

**Don Shifflett** will be missed from the tennis team when he steps down as number three man.

**Bobby Brown**, **Wade Grove**, **Ned Boehm** and **Sam DeBone** will also graduate this year, leaving many gaps on the soccer team. All four of these boys have been real standouts and blended well with the newcomers this season.

Fall sports schedules have been announced at State, revealing several new teams on the various schedules.

Denison's Big Red has been added to the soccer slate. The Ohio Athletic Conference eleven is a real soccer power. Two teams, Akron and Salisbury, have been dropped, leaving an open date on the schedule.

Montgomery Junior College and Washington and Jefferson College have been added to the football team's list of opponents. Shepherd has been dropped from both football and basketball slates because of "aid" to athletes.

The wrestling team next year will meet St. Vincent's College, Towson and Shippensburg. Several new teams have been added to the basketball schedule, with the Conference Tournament being set for December 28-30.

## Fruitful Year Drawing To Close

Spring sports, the final phase of FSC's 1963-64 intercollegiate athletic program, will soon come to a close, ending a highly-successful year of competition.

Ron Van Ryswyk's footballers gave Frostburg State its first winning season in the gridiron sport by posting an impressive 5-4 slate.

The varsity soccer season was less than spectacular as the 'Cats lost to some very rugged competition, but the JV's were impressive, winning most of their contests by runaway scores over varsity teams.

Turning to winter sports, the basketball team staggered to a 12-8 final log, while the wrestlers posted a 3-5 slate in spite of themselves.

The spring prospectus is two cinch winning season and respectable performances in two others.

The trackmen are almost a shoo-in to close with a better-than-ever 5-1 slate, and the tennis team's winning percentage will be high indeed.

The diamond gems' have been flirting with the .500 mark all season long, and the golfers have been vastly improved over last year's disastrous season.

In addition to these fields of endeavor, the Bobcats have also been making a big noise in a sport that is often overlooked, rifle. Against some of the best competition in the country, including the service academies, they have held their own.

## WRAmblin' Along

A picnic in honor of the advisors to WRA was held on Saturday, May 2, at New Germany State Park. The afternoon's activities consisted of hiking, wading, and demonstrations in softball and lacrosse.

The softball tournament, having been delayed because of the weather, is still in progress. Lacrosse is also still being played.

The final event for this year will be the banquet on Thursday, May 14, which will be held at the Ali Ghan Shrine Club. The bus will leave from the front of Lowndes Hall at 6:00 p. m. Chicken and shrimp dinners will be served.

Following the meal, awards will be given to those who have earned them. To earn a minor award, which is an oval with "WRA" on it, a girl must participate in at least four sports. A major award (an FSC letter) requires participation in eight sports. The top award—a blazer—takes fifteen credits.

Well, we ramble no further for this year; but come September, the Women's Recreation Association will again be WRAmblin' Along.

## Harriers Crack School Records

Frostburg's record - smashing track season reached its height when the hardy harriers trounced West Virginia Wesleyan, 81-41, at Buckhannon.

The Bobcats won three of their first four matches, setting or tying six school records in the process.

Bob Droter ran his leg off in the 440 yard relay in a time of 44.7 seconds, and Hank McRobie broke his school shotput record for the third time this year, heaving the 16-pound ball 45 feet 9 inches against VVW.

Don Hurvitz has run the 100 in 10 seconds flat twice to equal the school standard. Hurvitz has also eclipsed the college mark in the 220 yard dash, while Charley Robinson has hung up new ones in the high and low hurdles, and Bruce Shirey has turned the trick in the pole vault.

Winners of the Frank L. Krug Memorial Award this year were Jerry Boccuto at the Fairmont meet, Jack Hahn against Catonsville, and Bob Droter at Buckhannon.

The top twelve performers, their class and their point total through the first four meets are listed below:

Don Hurvitz	Senior	47½
Charley Robinson	Junior	34
Allan Mumma	Senior	29
Ray Wisnom	Freshman	28
Fuzzy Kessler	Sophomore	23½
Hank McRobie	Freshman	22
Mike Todd	Senior	22
Bruce Shirey	Freshman	21
Jack Hahn	Junior	18
Jerry Boccuto	Junior	13
Gary Downton	Freshman	9
Ray Morgan	Junior	8

## Marshall Belts Ball

The baseball Bobcats sandwiched losses to Altoona (5-3) and Shepherd (14-8 and 14-11) between a sweep of Allegany CC (8-6 and 12-8) to bring their record to 5-5.

Reese Wellman took the win in the first ACC game, and Charlie Grace was credited with the decision in last Wednesday's contest.

Big stickers for the Bobcats in these five games were outfielder Ted Marshall, with 11 hits, including 3 doubles and 2 triples; first sacker Cookie Nash, 8 singles and 2 doubles; shortstop Ted Femi, 6 singles, a home run and a double; second baseman Jerry Franks, 3 singles and 2 doubles; and center fielder Don Nave, 3 singles and a double. Marshall and Franks are rookies.

## Bang-Up Job

**RIFLE TEAM**—The rifle team, which has been doing a "bang-up job" while competing against the best teams available, consists of, left to right, Norma Sue Matthews, Mike Rich, Darwin Ringler, Harry Richardson, Tim Whittier, Allan Mumma and Elaine Roberts. Richardson, Whittier, Ringler, Rich and Doug Stakem, absent for picture, received letters.

## Golf, Tennis Teams In Sports Limelight

A much-improved golf team and a talent-laden tennis team have been capturing some of the sports limelight this year at State.

Coach Herbert Rebhun's linksmen own a win over California (Pa.) State Teachers and a second-place finish in the nine-team invitational match at Fairmont, West Virginia.

Charley Connolly and captain Bob Herring each have finished as second-high medalist in a match this season.

Meanwhile, the racquet squad, under the expert tutelage of Glenn Workman, has won seven of nine encounters with top-notch opposition.

Bruce Lang once again is setting a wicked pace in the singles. He has won six of his first seven

as State's number two man, losing only to Davis and Elkins' Jack Wiley. Bruce was beaten only once last year while holding down the top notch.

In recent matches, the Bobcats suffered their first loss of the season, 7-2, at the hands of the West Virginia varsity team; whipped Indiana, 8-1; were upset by D&E, 5-4; and beat Shippensburg, 6-3.

Through the first seven matches, individual records in singles and doubles competition stand as follows:

Chaney	4-3	5-2
Lang	6-1	5-1
Shifflett	4-2	4-2
Beard	3-2	3-1
White	3-4	7-0
Keefer	3-1	5-1
Riggs	1-3	0-1
Fornoff	0-0	2-0
OVER-ALL	26-16	16-4
