Vol. 15; No. 2

State Teachers College, Frostburg, Maryland

October 17, 1962

## Senate To Sponsor College Campus Day

To familiarize high school seniors and their counselors with aspects of college life, Campus Day, sponsored by Student Senate, will be held Friday, October 26.

### College To Vote On New Name

Because of the discontent concerning the renaming of the college, the Student Association has initiated a campaign to select possibilities of new names for the college. This campaign will be culminated by an All-College Assembly on Wednesday, October 31, at 3:10 p. m.

Any person or group of persons who wants to submit a possible name for the college is to obtain a petition from the Student Association office during the regular office hours.

These petitions must be signed by at least 100 members of the college community. A brief resume and historical background of the name must also be submitted with the petition.

#### Petition Submitted

At the assembly on October 31, each group that has submitted a petition will be given the opportunity to present their views on the name to be selected.

On Thursday, November 1, a straw ballot will be held. Three names selected by the State Board of Education, Braddock, Nema-colin, and Mountain, plus the names submitted on the petitions will be placed on the ballot.

The names which receive the highest number of votes will be presented to the State Board of Education for consideration.

#### New Public Address System

The Student Association has a new public address system. This is to be made available to all campus organizations. Any group wanting to use the new Caliphone system is to contact one of the Student Association officers. Before an organization may use the equipment, they must have had a demonstration on how the system operates.

In other Executive Council activities, Sam Huffer was appointed chairman of the Newspaper Study Committee. Any student interested in working on this committee should contact either the chairman or Sally Sullivan, editor of *State-to-Date*.

The current project of the Student Association is the allocating of the Student Activities Fees. Organizations will be notified of their appropriation by the end of this week.

**MADRIGALS**—This singing group, directed by Mr. Charles I. Sager, will present a group of selections at the Campus Day program. The Madrigals made their first appearance for this school year at the Diehl Hall Dedication.

### Student President To Attend People-To-People Conference

Tom Howie, president of the Student Association, will represent State at the Maryland-Delaware People-to-People Conference on Wednesday, October 24, in Annapolis.

### Enrollment Reaches New High of 1390

Enrollment for 1962-1963 has reached a peak of 1390 students from Maryland and surrounding areas, according to Miss Lillian Wellner, registrar.

There are 1164 enrolled in Teacher Education and 157 in the Arts and Science curriculum. Other students include 43 nurses, 26 specials and 168 extension students.

The Class of 1963 is the largest graduating class ever to enroll with 221 seniors, including 29 advanced seniors and 9 seniors in the Arts and Science program.

Juniors number 242 while there are 330 sophomores.

Freshmen number 528; the largest freshman class to enroll here. There are 29 advanced freshmen and 48 freshmen in the Arts and Science curriculum.

The development of the university and college People-to-People program is a completely student-originated and student-sponsored activity, and is separate from, although in conjunction with, the National People-to-People Program.

The complete University People-to-People program for furthering international understanding among the students of the world will be discussed at the meeting in Annapolis.

Governor J. Millard Tawes extended the invitation to our student body and Tom Howie was selected by President Hardesty to be the student representative.

President Kennedy is honorary Chairman of the Program, while former President Eisenhower serves as Chairman of the Board.

Mr. Richard Barnes, Mr. Roger Johnson, and Mr. William Dawson are in charge of conference programs to be held in all of the United States.

### Advisory Group Takes Action; Lists Results

Several recommendations of the Student-Faculty Advisory Council are now being acted upon as a result of meetings with the administration and other persons concerned.

At the first meeting of the Council, Madeline Barr was elected chairman. The group then discussed various campus problems, particularly those concerned with the cafeteria, snackbar, personal notices board, and the college name.

As a result, conferences have been held with President R. Bowen Hardesty, Dean Alice Manicur, Mr. Harold Schriver and Miss Geraldine Drake to attempt to solve some of the problems.

It was recommended that five choices be placed on the ballot for the student vote on the new college name. These are to be Nema-colin State, Mountain State, Braddock State, Frostburg State, and none of these.

In an attempt to alleviate the line situation in the cafeteria people will be employed for the evening meal and Sunday noon to clear trays at the collection station.

Plans are also in the process to open the cafeteria for a study room. If this is done, students are asked to cooperate by refraining from bringing food into the room.

Students are also asked to do their part in increasing the efficiency of the dinner lines by remembering to bring their meal tickets.

Registration of the visitors will take place from 9:30 to 10 a. m. After this a general assembly will be held in Compton Auditorium. Dean Alice Manicur and Delores Piccinini, general chairman, will address the assembly. Some of the college traditions will be discussed and a resume of the Campus Day program will be given.

Following the assembly a coffee hour will be held for counselors. Present at the coffee hour will be members of the administration, of the Student Association, and presidents of the honor fraternities. At this time campus tours will be held for high school students.

At 11 a. m., members of Little Theater, directed by Miss Dorothy Stone White, will present a scene from George Bernard Shaw's *Caesar and Cleopatra*. Lunch will be held in Gunter Hall following the production.

After lunch a program will be held in Compton Auditorium. President Hardesty will welcome the students after which the college concert band, under the direction of Dr. Wark K. Cole, will present several numbers. The majorettes will perform during one of the numbers. Directed by Mr. Charles I. Sager, the Madrigal Singers will also entertain.

Delores Piccinini is serving as chairman for Campus Day and is assisted by Maureen Collins. Heading committees are Judy Hosey, communications; Carol Davis, housing; Chris Landenburger, tours; and Barbara Wakenight, registration.

Guides will be Charlie Adcock, Bob Lewis, Lee Hoffman, Karen Carlson, Ann Lynch, Kay Lovelless, Anne Beane, Bill Greenhaugh, Wayne Carter, and Stephanie Goode.

Also, Cathy Page, Chris Landenburger, Wilbur Berry, Bob Weimer, Bill Graves, Elliot Weiner, Ned Boehm, Denny Moore, Liz Ledbetter, and Jackie Joyce.

### State-To-Date Seeks Assistance of Clubs

To improve campus news coverage, *State-to-Date* is attempting to organize a group of correspondents to submit organization news.

Each club or organization is asked to appoint a reporter. A majority of the campus organizations has already been contacted by note. It is hoped that those who have not received a note will be reached by means of this article.

A meeting of these correspondents will be held on Thursday, October 25, at 7 p. m. in Gunter Room 14, the newspaper office. Each person will be given a paper containing a newswriting form and a list of *State-to-Date* deadlines.

All campus organizations are encouraged to send a representative to the meeting or to submit the name of their correspondent to Sally Sullivan, editor-in-chief, or to any other member of the staff.

### Alpha Psi Members To Make TV Appearance

For the sixth consecutive year, Kappa Xi Cast of Alpha Psi Omega National Dramatic Fraternity, will present a half hour telecast over the Washington County Board of Education's closed circuit station in Hagerstown.

The title of the forthcoming production, scheduled for October 25, at 12:30 p. m., is "State Teachers College, Frostburg: A Many-Faceted Maryland College."

The script for the production, one in the network's series of "College Days" programs, was written by John Goss, Linda Kline, Rilla Whitten, and Terry Phillips.

The many faceted sapphire was designed by Carol Howie, Lynn Van Straten, Anna Dom, Patricia Hayden, and Anne Harper of the Technical Theatre Class. The several plane surfaces of the jewel represent the various programs

and activities offered by the college.

The setting for the telecast proper consists of a gateway to State Campus with the Maryland State motto: "Manly Deeds; Womanly Words" inscribed above it. Within the gateway is an information booth with a multi-colored striped canopy. To this center come students desiring facts about the College.

Betty Souders, Louis Schwarz, John Fradiska, and Kenneth Smith compose the technical staff responsible for the television stage setting.

Seven Alpha Psi Omega members will appear in the Hagerstown production, namely: Samuel Huffer, Linda Kline, Rilla Whitten, Robert Funk, Terry Phillips, Samuel James, Bonnie Vance, and Madeline Barr.

John Goss and Ann Brinsmade will present a short scene from George Bernard Shaw's "Caesar and Cleopatra." This dramatic sequence will represent the many activities which are an integral part of the classroom study. "Caesar and Cleopatra" will be repeated for Campus Day, Oct. 26.

Robert Funk, Robert Scarcelli, and Lloyd Isiminger are the scenic artists assigned to the construction of the Sphinx in front of which the action takes place. Richard Davis enacts the role of a Nubian slave. Miss Dorothy Stone White is the director for the production and advisor to Alpha Psi Omega Fraternity.

### Roster Of Extension Courses Includes Off-Campus Classes

Dr. Raymond O. McCullough, Co-ordinator of Teacher Education and Chairman of the Education Department, has announced that 168 persons are enrolled, according to the roster of extension courses offered by the college.

Thirteen of these courses are offered on the Frostburg campus, two are in Boonsboro, Maryland, and one in Gaithersburg, Maryland.

Five extension courses in education are being offered on campus. These include Introduction to Audio-Visual Education, Utilization of Audio-Visual Materials, Philosophy of Education, Elements of Statistics and Advanced Human Growth and Development. The first two are also open to undergraduates enrolled in regular undergraduate college program.

Courses in German and Russian are also offered on the same double basis as the two audio-visual

courses. A history course in contemporary world problems is offered.

According to Dr. McCullough the first step toward a future master's program in mathematics, physics, and chemistry is presently under way in the extension curriculum. Courses in advanced thermodynamics, mechanics, fluid dynamics, heat transfer, and calculus are offered under this program.

The classes at Boonsboro include a course in Arithmetic in the Elementary School and Modern Biological Techniques for Teachers.

In Gaithersburg, the course is a seminar in elementary school physical science. This is the first year that such a program has been offered off the college campus. Dr. McCullough is serving as Director of Extension and Graduate School.

**TV CAST**—Sam James, Rilla Whitten, Madeline Barr, Linda Kline, Sam Huffer and Bonnie Vance practice for Hagerstown production.

## Homecoming Deserves Praise

At times it is a necessity to mention outstanding student efforts. Such is the case in regard to this year's Homecoming weekend. Student Union under the leadership of Joyce Hamner organized the entire 1962 Homecoming Weekend.

The Lettermen program was the most widely-attended and one of State's most entertaining functions this year. The college band and majorettes performed outstandingly in the parade and later appeared in formation at the football game. The student organizations outdid themselves with two floats capturing first prize.

The Homecoming dance, presented at Cumberland and in Gunter Hall, climaxed the weekend. Under the guidance of Earlene Stewart, the Student Union Committee set up the dances and provided for the exceptional attendance at both affairs. Certainly, the gratitude of the students, faculty and alumni are expressed in our congratulations to Student Union on a job well-done.

Lee Hoffmann

## Students Deplore Wasted Time

It would seem to be a trait of human nature to complain—to look for the bad side rather than the good. There is a time, however, when it must be realized that unless someone calls attention to existent problems, they may not be remedied.

There is a great deal to be praised on this campus—things which upperclassmen may now take for granted. Freshmen remark about the friendly atmosphere, a neat modern looking campus, and the personal air of the small classes. Upperclassmen, too, can realize and appreciate the extended curriculum and the high calibre of the instructors.

Freshmen and upperclassmen alike, however, join in a common complaint—LINES, particularly those in the dining hall. It does not seem worthwhile to stand in line for three quarters of an hour to be served, only to be greeted by another line when emptying trays.

Several times the dinner lines have extended the length of the cafeteria, through the foyer and down the steps to the lower lobby in Gunter. Fortunately this only seems to happen at the evening meal. This is probably due to the fact that there are no classes to help regulate the number of people entering the cafeteria at certain times. If nothing can be worked out in the cafeteria itself to solve the problem, perhaps the only solution is to regulate hours (per class, etc.).

Even more obnoxious than the dinner line is the tray line. It is not particularly enjoyable to clear dirty plates, much less stand and hold them. From a mathematical standpoint, two lines are being served whereas facilities are provided for only one tray line. The time that it takes to go through this line is anywhere from thirty to forty-five minutes. Figuring on the basis of thirty minutes per day, seven days per week, nine months per year, the average Frostburg resident and/or boarding student will have spent 7,560 minutes or 126 hours waiting to dispose of his dinner tray. This is a conservative estimate which does not account for the other two meals a day.

A proposed solution to the problem is to hire student help to clean up the tables after pupils have finished eating. This would eliminate the line completely and offer an opportunity for more students to earn money. Again, may be the answer is increased efficiency, having two lines going into the window; but this is doubtful. More adequate facilities would seem more to the point. Until the time when another cafeteria can be provided, perhaps some temporary measures can be taken.

Regardless of the solutions provided, the present arrangements are not satisfactory or adequate.

(The Editors)

I just love these low clouds"

### The "Lettermen"

## Three Visiting Entertainers 'Send' Collegiates

Sandy Satterthwaite and Kathy Downes

Friday evening, if people had not known better, they would have thought that the line extending from Compton was one of people waiting to get into the library. (Of course we know better.) The real attraction was the "Lettermen," who were to go on stage at seven thirty.

The auditorium filled to overflowing capacity. The lights were dimmed and from the right of the stage came three young men, all dressed in gray sweaters and red shirts. They started the evening with a bouncy old favorite, "Hey Look Me Over," and then captured the mood of the audience with

"The Way You Look Tonight."

Their repertoire consisted of a variety of songs which included folk songs such as "Fast Freight," calypso; "Fare Thee Well," (incidentally this was their premier of this particular song), and rock and roll, "Runaway."

LETTERMEN—The Student Union presented this singing trio on Friday, October 5. Left to right are Bob Ford, Jim Rike and Tony Bertala.

Questions about the group's beginning led to an explanation by Bob Ford and Jim Pike that they met while attending Brigham Young University. (By the way, girls, Bob is the only one married.) They did no professional singing until they were introduced to Tony Bertala in California, who at the time was singing with another group.

The origin of their name became clearer when they announced that they had all lettered in high school and when seeking a trademark they decided upon their large letter "L." In January of 1960 they became officially known as the "Lettermen."

They have been singing together for 2½ years, and have made several hit recordings with Capital records. Their most popular was "When I Fall in Love." In describing their style, the "Lettermen" felt they strived for a smooth, mellow tone. They enjoy every type of music, from folk music to rock and roll. They sing in such a manner that their songs appeal to all age groups.

The group has a new record entitled, "Again," another prospective hit, as well as a new album, "The Lettermen—Jim, Tony and Bob."

They are now on the college concert circuit, traveling on the East coast in their first major tour. Early in December they will appear on the Dobie Gillis T. V. show.

The concert was enjoyed by all and we'd like to see them come back.

## Frost Hall Recalls; Frosh Goof Twice

Things happen in good old Catherine Frost Hall that could not happen anywhere else on campus. For example, one of these beautiful mornings, you may see Frost floating with the tide toward the ocean. Explanation ensues:

Once upon a time, an innocent freshman went into the laundry room of Frost Hall. Little did she know that plugging up the sink into which the washing machine drained was going to prove catastrophic. Needless to say, the laundry room began to get a mite damp and the frosh commenced to wonder if she hadn't joined the Navy unawares because it wasn't much fun to swab the second floor laundry room.

But really, Judy Buttrill, you shouldn't feel too badly. After all, Nancy Schuckle did the same act last year—same dorm—same old laundry room! You're part of a tradition!

### Song

Windy sky  
Hair flies  
Leaves fall  
Classes call  
Lessons long  
Students song  
Football time  
End of rhyme.

Mike Todd

## States-men Display Exterior Decoration

State is situated in one of the most scenic spots of Frostburg, but it would seem that our students are trying to add a personal touch of color here and there.

While waiting for the doors of Compton to be opened, the anxious Lettermen fans viewed a light in Simpson's laundry room. It cast a cheery glow on a pert pair of cherry-red pajamas that would have pleased Mrs. Santa Claus.

Drinks are literally "on the house" over at Allen Hall. The home-made refrigerator is tempting to thirsty passers-by. Only trouble is that their prices are too high.

The latest at the newly dedicated Diehl Hall is "chip-dip," roof style. Small tin-foiled containers certainly do add a touch of glamour to conservative red and white bricks.

Could it be that many of our students are majoring in exterior decorating?

## Two Organizations Share Honors In Homecoming Float Contest

For the first time, the honor of first place in the Homecoming parade float contest will be shared by two organizations. Sigma Tau Gamma and the Women's Recreation Association were the winning entrants in the contest held on Saturday, October 6.

The theme for the 1962 parade was "Below the Mason-Dixon Line." Sigma Tau Gamma chose to carry out this theme with their float "River Boat Days."

Constructed with white napkins, the float was completely decorated as a large three deck Mississippi river boat. Southern belles decked one end of the float, while boys fishing were seen at the other end. Fred Miller served as chairman for this winning entry. Bob Funk designed the lay-out.

W. R. A.'s "Kotton is King" depicted the typical southern crop with three white cotton bolls, one of which supported a large yellow crown stuffed with yellow tissues. A boll weevil, constructed of paper mache covered with pastel green tissues, was also used. Co-chairmen for this winning float were Mary Lou Hollan and Carolyn Williams.

Third place award was given to French and Spanish Clubs' entrant, "Le Vieux Carre," an old square in New Orleans.

Other float entries included "Tales from Uncle Remus," Alpha Xi Delta; "Frostburg," the Day Student Association; "Swing Low Sweet Chariot," Inter Faith Council; "Song of the South," Maryland Singers; and "The Orange Bowl," the Physical Education Club.

Homecoming Queen Mary Ellen Cunningham, escorted in a convertible by senior attendants, Becky Naill and Lynne Van Straten, led the parade. Three other convertibles followed, carrying the junior attendants, Winnie Fresh and Kitchie Froelick; the sophomore attendants, Tantsie Troester and Sandra Robertson; and the freshmen attendants, Sue Molesworth and Linda Phillips.

Lynn Zeller, parade marshal, drove the car containing the Mayor and City Councilmen of Frostburg.

## Clinic Being Offered For State Students

Mr. Homer Pankey, of the education Department, has recently announced that a reading clinic will be held for college students who are slow readers. The clinic will take place from 8-12 Saturday morning or on Wednesday afternoons.

The reading clinic is designed for those students with low reading rates.

Increased speed in reading and an improvement in vocabulary are two goals of the clinic which should be accomplished within ten weeks.

Any students interested in attending this clinic should contact Mr. Pankey in his office for further explanation. There is no charge for this clinic.

To give special training to children who are a year or more behind in their grade level reading, Mr. Pankey is also directing a clinic for children of grades 2-12.

## Tau Kappa Epsilon Holds Fall Smoker

Theta Chi Chapter of Tau Kappa Epsilon Fraternity held its annual fall smoker for prospective upperclassman members on Wednesday, October 10, in Gunter Foyer.

President Mike Scheerer and pledge marshal Kerry Highsmith spoke to the guests. They explained the role of the fraternity in college life and Teke's pledge program. Following this, slides of the various fraternity activities were shown by Elliot Weiner and Rick Pope. Entertainment was then provided by Miss Sandra Rucker who presented several vocal selections.

Immediately following the smoker, members of Teke met to decide on those who would receive bids to join the fraternity.

The active Theta Chi's served as hosts for their province president, Mr. Harry Donnelly, on Saturday, October 13.

**WINNER**—"River Boat Days" of Sigma Tau Gamma tied with the Women's Recreation Association's "Kotton is King" for first place in the Homecoming parade float contest.

## New Course Helps Freshmen To Study

This year's freshmen are now participating in a six-week orientation class. The class, conducted by Dean Alice Manicur, Dean of Students, meets every Wednesday at 2:10 in Compton Auditorium.

The course designed to orient the new students to college life, is devoted to developing the students academically, culturally, and socially.

Dean Manicur, Miss Cleo Campbell and Mr. John Allison conduct the classes in an interesting and informative manner by encouraging student participation in discussions.

Students are required to attend class and roll is taken. Weekly class work is assigned and the freshmen are expected to complete the assignments the same as they would a biology or English assignment.

Each student is also required, at the end of the six week period, to hand in a short autobiography entitled "Why am I the Person I am Today." Failure to attend class and complete the assignment may result in the student having to repeat the course his next year.

It is hoped that upon completion of the course, the new freshmen will be more aware of the personal qualities of self-responsibility, respect for authority, high ethical and moral standards and responsible citizenship. These are qualities the college and society expect them to develop and maintain, according to Dean Manicur, Guidance Chairman.

## News Briefs

Representatives from the Student Education Association attended the Maryland Association of Future Teachers of America Leadership Conference and advanced workshop on October 5 and 6 at the Fresh Air Camp in Bel Air, Maryland. Attending from Frostburg were Marty DeBerry, Lloyd Esminger, Elmer McDorman, Pat Tewalt, and Mary Alice Troth.

The Student Christian Association held a meeting on the 25th of September at 6:30 in Gunter. The meeting was started with Vesper Services and was followed by organizational business. The S. C. A. decided upon a sunset service to be held on the 14th of October. The place was not assured at the meeting.

Over half of the freshmen cast their ballots for class officers at the election held on October 3. Winners were Dennis Baker, president; Robert Young, vice president; Dawn Haines, secretary; Judy Buttrill, treasurer; Robert Lakenan, Judicial Board member; James Hutchison, Marsha Sisk, Pam Thomas, and Michael Vizas, senators.

Boarding students' elections named Danny Davis to represent this group on the Judicial Board. The four boarding senators are Claudia Absure, Paul Acton, Joyce Harmon, and Violet Young.

This year the Newman Club is sponsoring lectures on courtship and marriage every first and third Monday at 7:30 p. m. in the private dining hall in Gunter. Lectures are given by Father Regis Larkin.

A new practice will be initiated at Frostburg this semester. At the end of the nine week period of mid-semester, the administration will send out to the homes of students, mid-semester grades.

This new system will replace the method of triads used in previous years. In the past years the grades as such were given to freshmen only; the new program has been extended to all grades.

Dr. Howard Lewis Briggs, Professor of History and chairman of the Department of Social Science, gave a talk to the Frostburg Rotary Club on "King John of England" at the dinner meeting at Big Savage Inn on Monday night, October first.

Chapel, sponsored by the Student Christian Association is held every week-day morning from 7:40 to 7:50 in organizations room 2, Gunter. Tuesday from 6:30 to 7:00 p. m. is the new meeting date for vespers, held also in Gunter.

A group of students interested in "Pantisocracy," a publication written and compiled by the students, is again making plans for this annual booklet to be published sometime in the spring.

Diane Haight, Carol Sue Hooper, Virginia Thompson, and Rilla Whitten are serving as editors for the 1962-63 edition.

Student Union will present on October 21 in Compton Auditorium the movie **The Student Prince**. All the movies presented by this organization are free to the entire student body.

## Three Sig Tau Men Attend Convention

Three members of Beta Pi chapter of Sigma Tau Gamma Fraternity will leave Frostburg on October 19 to attend a regional meeting of the fraternity at Valparaiso University in Valparaiso, Indiana.

Louis Schwarz, president of the Beta Pi's, will be accompanied by Bob Hacker and Dick Doolan to this leadership conference. This meeting will give the results of a survey of all fraternities in the nation.

The last official conference of this type showed that Sigma Tau Gamma was the most rapidly growing fraternity in the nation.

Information related to the fraternity, in the form of films and written materials, will be brought back to Frostburg.

It is the hope of the members of Beta Pi that they will receive positive information at this conference that will enable them to proceed with plans to bring another local fraternity from Maryland into the national.

Sigma Tau began their fall pledging activities with a smoker held on Tuesday, October 9, at 8:00 p. m. in Gunter Foyer.

Forty upperclassmen guests were entertained by Charlie Adcock who explained the financial obligations, the social advantages, the civic functions, and campus activities of those who pledge Sigma Tau Gamma. The possibility of participating in the chapter's athletic program was also discussed. Jack Patterson was in charge of this smoker.

According to Charlie Adcock, pledge master for this year, those accepting bids began their formal pledge duties with a pledge meeting on Monday, October 15.

## Forty-Three Nurses Enroll For Classes

Forty-three girls have registered at Frostburg State from the Memorial Hospital School of Nursing.

They are enrolled in anatomy and physiology, chemistry, and composition and contemporary literature.

The class members include: Edna Atkinson, Evelyn Baker, Frances Beachley, Carole Bowman, Brenda Brakeall, Gloria Brown, Catherine Brumage, Linda Corley, Marion Cox, Judy Custer, Mary Alice Dean.

Nancy Deputy, Gladys Derham, Pauline Dibert, Marilyn Garrison, Sue Ann Gorsuch, Carolyn Hammer, Hollis Hasting, Linda Helman, Mildred Hershberger, Mabel Holliday, Sara Hostetler, Donna Housle.

Nancy Jenkins, Linda Kisamore, Judith Kline, Janet Kubes, Marjorie Layton, Patricia Lindsay, Peggy Mackert, Helen May, Linda Miller, Nora O'Neal Elizabeth Patterson, Donna Rice, Donna Ringer, Jacqueline Root, Sandra Slider, Angelia Teter, Nancy Weigle, and Juanita Yankey.

## Majorettes Participate In State's Homecoming Activities

**MAJORETTES**—Kneeling: Martha Sisk, Linda Hoopengardner, Sondra Myers, Jo Ann Rieder; Standing: Ruth Lee Krietzburg, Kay Lynn Dowell, Lois Hodges, Sandra Browning and Donna Williams.

Majorette coeds participated in the Homecoming activities with the Bobcat band. The girls first performed on Friday, October 5, at the pep rally held on the soccer field.

After marching in the parade, the twirlers performed in the half-time activities at the football game. Lois Hodges, seven times Maryland State champion in baton twirling competition and the 1960 national champion in two baton and flag competition, did a solo routine with one, two, and three batons.

New majorettes were selected on Monday, September 24. Judging was done by the band officers: Dr. Ward Cole, band director; Mr. John Alleman, assistant band director; and the returning majorettes: Linda Hoopengardner, Ruth Lee Krietzburg, Donna Williams, Sandra Browning, and Sondra Myers.

The new twirlers, all freshmen, include regulars, Kay Lynn Dowell from Allegany High School and Lois Hodges from Kenwood High School. Alternates are Marsha Sisk from Suitland High School, Barbara Walker from Beall High School, and Jo Ann Rieder from Montgomery Blair High School.

# Gridders Invade Massachusetts; Booters Cop Three

## Bridgewater Saturday Foe

### Bountiful Booters

## Chaney Sparks Bobcat Streak

By Dave Davis

This Saturday, the Bobcat football eleven invades Bridgewater, Mass., for a night game with the New England school. From scouting reports on the Bridgewater team, Coach Ron Van Ryswyk's men can expect stiff competition from a fast, hardhitting Split-T outfit.

While saddled with several injuries to key personnel during the early season, the Bobcats should be at full strength for the first time this season. Hard-hitting full-back Bill Hyde will be at full speed after being hampered by a knee injury for several weeks. Ed Shoup, a fleet flanker back, will also be at full speed for the first time this fall.

#### Montclair Game

After battling through a scoreless forty-three minutes, the Montclair State Indians went on the warpath against our Bobcats for a quick twenty points in a Saturday night game played in Montclair, N. J., on Sept. 29. An interception and two costly fumbles turned the tide against State's grid men. A strong Frostburg defense led by Bill Graves and Glen Davis forced the Indians to fumble five times, but the Bobcat offense never got rolling, and State lost its second game of the season.

Frostburg chalked up its first win of the campaign before a Homecoming crowd of 1,500, clobbering D. C. Teachers, 28-0. Larry Shumaker went seven yards to open the scoring. Bob Shaw, Dave Davis, and Bill Hyde also hit paydirt on short runs.

### Time Out

By John Nussear

Amateur athletics, to most athletes, is a time consuming, punishing, self-sacrificing state with the only compensation being the satisfaction in one's personal performance.

Then, you might ask, what drives these men at a small college, such as Frostburg, to return continually to a hot, mucky practice field, or a rigorous, bruising game of soccer or football?

The answer lies in the athlete himself. He will tell you that his coach is essential in instilling this missing ingredient. He will also tell you that this ingredient is nearly fifty per cent of the attaining of the almighty win. Finally, he will say that the presence of this asset will even substitute for the lack of experience.

Any athlete here at State can tell you that the name of this game is desire.

Another of the prerequisites for a win is the topic of our second game. Practice is concluded and thirty men in shoulder pads or soccer shoes toe the end line. The coach blows the whistle and the most punishing part of practice begins.

Any by-stander can see tired legs trying to pump just once more. He can hear the painful panting of a herd of dedicated athletes. He can see twisted faces trying to convince their lungs to go just a few more minutes.

He is reminded that winning is the reward for this self-infliction and that the name of the game is condition.

### Touch Grid Action

A strong Rebel defense blanked the Untouchables, while the offense touched them up for 24 points. Charlie Connolly, unhampered by a muddy field, scampered over for two six-pointers and passed to "Roach" Gruber for another pair of tallies.

In another game, Terrible Tekes bombed Boney's Bandits, 36-6. Don Hurvitz passed for four td's, two to "Fish" Herring and one apiece to Donny Cline and Cookie Nash. In addition, Hurvitz ran for another touchdown and went into the end zone with a pilfered aerial. Jon Galley passed to Mike Solomon for the Bandit score to avert a shutout.

**BOBCAT BOOTERS:** Pictured above is the thus far successful 1962 Bobcat soccer squad. After an opening game loss to Pitt, the Bobcats have posted wins over Lock Haven, Salisbury and Slippery Rock. Coach Kenneth Babcock has attributed the success of the team to excellent teamwork and consistent scoring.

## Hats Off To State's Bobcats; Athletes Deserve Recognition

### Football Soccer

The defensive unit of the Bobcat's was a vastly improved crew as statistics of the Homecoming will testify. The "Chinese Bandits" held the Teachers to 56 yards on the ground, intercepted four passes, recovered a fumble and turned it into a Bobcat touchdown and blocked two enemy punts.

Larry Shumaker picked off the fumble and got the score. Joe Nicewarner stopped two potential D. C. scoring drives with timely interceptions. Mick Bush and Corky Connolly also engineered an interception apiece.

Bill Graves and Shumaker were thorns in the sides of the D. C. players all afternoon with their jarring tackles.

The jelling of the 'Cats' defense did not come overnight. Although the score of the 20-0 loss to Montclair didn't show it, the Bobcat defense came into its own in that contest. One might ask how a team can play good defensive ball and lose 20-0? As the score indicates, our OFFENSE didn't score. Montclair capitalized on the errors of our offense and scored on an intercepted pass and on a fumble.

To the "Chinese Bandits" of the football squad this column tips its hat in appreciation of a job well done.

Soccer, after two good seasons, is now ready to emerge with possibly its most fantastic record to date.

Junior Roy Beard, a Bruce High School graduate, have been outstanding throughout the first four games. Although he hasn't scored with the consistency of a year ago, his passing to his insides and his constant harassment of opponents tell the tale of a year's experience. Roy is a self-conditioned soccer specimen, who is always a scoring threat, because of his fantastic ability to shoot extremely hard while off balance. With still another year remaining, Roy Beard is already a threat to capture the All-Southern center forward position.

John Chaney, who played his soccer at Beall High School, is an extremely fortunate find for Coach Ken Babcock. This slender but powerful young man is, in his Freshman year, leading the Bobcats' scorers with a total of five goals after four games.

How does he do it? Chaney is gifted with the ability to pound a shot with either foot. He has a keen mind and exceptionally powerful legs. And with the assists of Roy Beard and especially Dick Hesterberg, John has been able to score with amazing consistency.

### WRA Fall Program Well Under Way

The Women's Recreation Association is in full swing this fall. Hockey and volleyball intramurals are now being played in round robin tournaments.

A hockey clinic at Fairmont State College was attended by over thirty players recently, and a traveling team was selected to play in the October 12 game with Fairmont at Frostburg. The team will also travel to Fairmont and to the University of Maryland for interscholastic competition.

On September 30 the WRA sponsored a Freshman Picnic at Swallow Falls. Hikes, general relaxation and picnicking were the order of the day.

The first of the monthly business meetings was held October 9. Announcements were made concerning future plans and important dates; Shirley Hahn, president, presided.

The WRA is proud to announce that they will sponsor three busses for students and one bus for the marching band to the Potomac State football game on November 3. Admission to the busses will be on a first come, first served basis.

The executive board met and elected Karlen Phillips, treasurer; Pat Ballentine, publicity chairman; Linda Hoopengardner, activities chairman; and Sandy Johnson, constitution chairman.

## Noise Behind The Boys

**BOBCAT BOOSTERS:** Pictured above is State's 1962 cheerleading squad. Standing, left to right, are Mary Alexander, M. K. Reddick, Carol Eisminger, Tantsie Troester, Carol Smith and Linda Fellows. Kneeling are Pat Hetzel, Pat Lavelle, Kathy Gordon, captain, Kay Sampson and Sherry Brinsfield.

By Joe Murphy

Two goals by Freshman Johnny Chaney led the Bobcats to a 3-1 win over Lock Haven, their first triumph of the season and first ever on the Bald Eagles' home grounds.

Chaney, with an assist from Dick Hesterberg, led off the scoring action in the first quarter. Ken Vandermark's unassisted second period goal evened the count. Then, with only seconds remaining in the half, Hesterberg set up Roy Beard for what proved to be the deciding marker.

A staunch Bobcat defense, led by All-Southern fullbacks Hank Winner and George Lauder, kept the Bald Eagles out of the scoring column through the second half. Alternate goal keepers Gene Wood and John Nussear were credited with seven saves.

Chaney penetrated the Lock Haven defense once again in third period on an assist from Beard to put the game on ice.

Coach Kenneth Babcock's squad latched on to victory No. 2 against Salisbury State, 3-2. The game was played under treacherous conditions on a slippery, sloppy Towson field, described by Coach Babcock as the worst he has ever seen.

Roy Beard put the Bobcats in front mid-way in the first period, helped by an assist from Sam Holiday. After Salisbury knotted the score, burly George Lauder converted a penalty kick to regain the lead for Frostburg.

State subs provided another tally in the third stanza, Sam De Bone scoring on a cross from Wayne Wharton. Smith and Morris scored the Salisbury goals. John Nussear came through with five saves; Wood contributed three.

While Frostburg students and alumni celebrated Homecoming Day, the Bobcat booters were being entertained by an always-tough Slippery Rock team. The convincing manner in which the Bobcats dominated this game, on the way to a 2-0 conquest, served notice that Frostburg may be a team to be reckoned with in the scramble for national recognition.

The hustling Frostburgers kept Rocket Goalie Eisenbach busy, sending the ball goalward no less than 43 times. Slippery stymied by the solid Bobcat defense, was limited to ten shots.

John Chaney, who has provided most of the scoring punch for this year's team, led the way again. With 12:15 remaining in the first half, he headed a Dick Hesterberg pass toward the nets.

The ball glanced off the crossbar and fell good an indefensible shot for even the most stalwart of goal keepers. In the third period, Chaney again scored, this time on an assist from Roy Beard.

The Frostburg booters will have a belated homecoming, when they tangle with Grove City Saturday on the athletic field. The Bobcats ruined Grove City's Homecoming last year by grinding out a 3-2 win in double overtime. Roy Beard scored twice to star in last year's thriller.

## Cheerleaders Sport New Fall Uniforms

"Beat 'em Bobcats!" is the cry echoing from the gym as the cheerleaders practice for soccer and football games.

The girls are sporting new uniforms this fall. They have new skirts and sweaters for the outdoor sports. They wear black vests with white blouses and black skirts when basketball season opens.

Kathy Gordon is serving as captain of the cheerleaders this year. Pat LaVelle, Mary Alexander, Patsy Hetzel, Carol Eisminger, Sherry Brinsfield, Carol Smith and Karen Samson constitute the rest of the squad. M. K. Reddick, Linda Farrows, and Tantsie Troester are serving as alternates. Miss Janet Thomas is their advisor.
