

A. A. C. T. E. Accredits State

President L. Compton Makes Announcement In Assembly

At the regular assembly meeting held last Monday, Miss Compton announced that the American Association of Colleges for Teacher Education, which met in St. Louis, Missouri, had granted Frostburg State Teachers College accreditation in the organization. There are 250 colleges affiliated with this association in the United States.

During the past year members of the accrediting committee visited 21 colleges throughout the United States. Two of these colleges met the requirements set up by the association, Frostburg being one. The only standards not met are adequate buildings on the campus. Since the college met all the other requirements, it was decided that the association could best serve State by placing the college on the accredited list for two years. In order to remain on this list, the college must secure funds from the state for the building program.

The buildings which are needed at the present time would cost an estimated \$1,590,000. They are as follows:

Library, 75,000 vol.,	
125 students	\$ 125,000
Boys' Dormitory,	
100 students	300,000
Auditorium, 1,000 capacity	175,000
Gymnasium	200,000
Science Building (5 labs)	150,000
Students Recreation	50,000
Faculty Rooms, Offices,	
Conference	75,000
Boiler Plant	250,000
Land (40 acres)	285,000
	\$1,590,000

Miss Compton stated that she wished to thank all the students for their co-operation in helping to bring our college up to the standards required by the association. The committee was especially interested, and satisfied, with the student group and the faculty of State.

Matrimonial Masters Make Mince Meat of Marriage-Minus Men

Coach Charley Appel's married men led the single men on a merry chase following the Potomac State game. Coach Charley put the men through a very strenuous workout before the game to prove that the life with a spouse is agreeable and body-building.

The singles were no match against these able-bodied, matrimonial-minded basketballers. Prodded on by their coach, the lifers proved to be an overwhelming sensation against the singles by running up a score of 32-19. Even with the help of Referee "Call-em-all" Diaz, the unmarried (and unmerry) men couldn't compete with the "caught" cagers. One of the spectacular shots was made by "Cheezie" Jenkins, with an under-the-basket shot, "Shure-shot" Wenner also demonstrated his ability at finding the hoop. "Setshot" Babcock proved his worth by slipping some timely swishers.

The married men have already offered a challenge to the single men on the campus in a softball game.

Faculty members will be asked to participate in this event and it is rumored that the batteries for the single men will be Manges on the mound with "Slugger" Diehl behind the plate. Announcements for the final line-ups will be made at a future date.

Line-ups for the game:

Married	G	F	T	Singles	G	F	T
Jenkins, f	4	1	9	Loraditch	1	0	2
Kroll, f	4	2	10	Williams	0	0	0
Evans, c	2	0	4	Menges	5	1	11
Wenner, g	1	1	3	Kildow	0	0	0
Conway, g	1	0	2	Byrnes	2	0	4
Jenkins, g	1	0	0	Williams	1	0	2
Babcock, g	2	0	4				
	14	4	32		9	1	19

Referee—Diaz

The Publications Staff, on behalf of the entire student body, wishes to express its sincere thanks to Miss Compton and those responsible for the accreditation of the college. We fully realize the earnest and relentless efforts put forth by President Compton in securing a position for State on the list of accredited teachers colleges.

Junior Class Plans Mystery Voice Contest, Skating Party

At a recent meeting of the Junior Class, plans were made for a mystery voice contest and skating party. The event is to be held on March 21 at the Mountain City Roller Rink from 7-10. Admission for the party will be 25 cents. The name of the mystery voice will be guessed by contestants whose names will be drawn from a box. Clues are given only at assembly programs. The first set was: "Way down south, inside the gates, The union boss will fix the rates, Jab away, Jab away, Jab away, Thirteen."

The contest committee consists of James Spitznas, Druscilla Shriner and Jack Stapleton. Prizes will be awarded the winner when the mystery voice has been revealed.

Last year the Sophomore class held a similar contest which was terminated with a dance. The mystery voice was Delores Riggs and the winner was Mary Ann Powers.

The Junior Class also decided to charter a bus for the Apple Blossom Festival in Winchester.

Miss Langhans Visits Exhibit

Miss Rosann Langhans, art instructor and social director, served as representative from Frostburg State Teachers College when she made a week-end trip to visit the exhibition of gifts from the French "Merci" Train, at the Enoch Pratt Library in Baltimore, Md., Friday, Feb. 25.

Miss Langhans' main objective in making this trip to Baltimore was to view these two thousand or more tokens of esteem and affection contributed by the people of France to show their appreciation of our American "Freedom Train" that carried to them many needed items of necessity and comfort, at a time when they were gravely in need. The colleges of this state were invited to view privately this exhibition, with a view to selecting from it some items for permanent college collections.

This exhibit represented gifts from all classes of the French; rare collectors items from aristocratic chateaux, industrial objects from the present day manufacturers, together with many gifts indicative of the underprivileged masses.

LETTERS to the Editors

Editor's Note: Opinions expressed in these letters are not those of the Editors. If you have suggestion or complaint, turn it in to a member of the State-To-Date Staff.

Plan Social Events Earlier

To the Editors:

Rather than always gripe because we never do anything we should plan now for social events such as sleigh rides or hay rides. Since winter is practically over perhaps we could have just one sleigh ride before all the snows completely disappear.

Many of the students here have never been on a sleigh ride and if we had one they might become just a little more interested in their school.

A. N.

Another On Relationships

To the Editors:

I don't know who was responsible for the article in a past issue of the paper about the harmony that exists between the faculty and students but this was certainly an exaggerated statement. With the exception of one or two members of the faculty such a thing as harmony fails to exist. The members of the faculty are interested in members of the faculty, and there, their interests stop.

The instructors should have our respect when they deserve it and not until. Unless certain stern measures are taken harmony between the faculty and students will never exist.

D. S.

Complaints Without Reasons

Dear Sirs,

Any casual reader of our newspaper will notice the number of complaint letters that it contains. The complaints may be legitimate, but why are there so many? I believe that often we do not understand the reasons for things that we consider wrong. If instead of just complaining, we would make an honest effort to find out causes, there would be much less complaining.

Request For Ballad-Bagging

To the Editors:

I have been a student at State for three years and have always heard of Dr. and Mrs. Matteson's association with folk songs and music, but with the exception of a few such songs used by the Maryland Singers, I have never heard any songs actually played.

Why don't we utilize some of the entertainment that we have right here on our campus. I'm sure if Dr. Matteson were requested to do so, he would be happy to present a performance of folk music that would be of interest to students, faculty and the community of Frostburg.

P. B.

Science In Everyday Life

The ever present boon to humanity, electricity, can be looked upon as common because of not being unusual. (Now that makes sense).

However, the average concept of it is merely due to ramifications of various dynamical apparatus, as is well known.

Although it cannot be seen, it most assuredly can be felt and heard, (Ref. J. B. Dugan's "Fried At Five," Edited by Warden S. T. Fayt 1947.) As to the various uses of this phenomena, anyone knows that to activate intricate mechanisms such as polyphase detractor induction motors, sterilizers and the like—all one has to do is to—plug it in—! This, however is the commonest of knowledge and does not add any light to the subject. **Light!** And there they go, they're rounding the—(Whoops, wrong act.)

The next point encountered is the fact that electricity is never used up (once activated), because when an electric light is turned off there are never any ashes, or soot or other types of refuse, are there? So, where does the electricity go? One popular theory is that Electric Companies do not sell their electricity, it is merely loaned out at a fixed rate. What bosh! Imagine asking the next door neighbor for the loan of a cup of electricity so as to read the latest Book-of-the-Week. What will be brought out next?

Then the manestically spaced routing brushes—Hold everything—(wrong story).

However, to return to electricity or better still—to return to sanity—Aaah, go on to the next feature.

Is It That Bad?

This happened in Art Appreciation class. Allan Williams was to give a report on the life of Rembrandt. One statement stuck with the class. "Rembrandt was in love with his father's windmill." One male student was heard to remark, "Gee, and we think we have it tough."

Organization News

M. A. A.

The Men's Athletic Association has decided to get some recent pictures of our teams, have them framed and put on the walls of the Varsity shop. The president appointed Gene Flinn and Bill Kroll to find the cost and submit it to the organization.

Little Theatre

The regular meeting of Little Theatre was held in the Day Room on Feb. 23 at 7 p. m. Plans were made for the annual production which is to be presented May 6. The group elected a committee to read over some plays and pick one which is to be given. Jack Stapleton and Mary Frances Comer gave previews of some plays that they thought would be possible to present on our stage. Mrs. Clay outlined the program for putting on a play in which she stressed the importance of the business committee.

W. R. A.

The annual basketball tournament is under way and it looks as if the Juniors are off to a good start. The results of these contests will be published in State-To-Date when the games are finished.

Do-Ci-Do

The Do-Ci-Do Club met Tuesday, Feb. 23. The new members were informed as to the purpose of the organization. The president, Don Loughrie, informed the group of the constitution. The group also decided to go to the square dance held in Cumberland. The members decided to hold one meeting monthly and have square dance practice every Tuesday evening between seven and eight-thirty. This matter is to be submitted to Miss Compton for her approval.

The Missed Parade

Smoke Gets In Your Eyes—George Herring
Strange Music—"Toots" Poffenberger's guitar
Among My Souvenirs—Bernie Price's glass collection
I'll Walk Alone—Eileen Brinker
Just One of Those Things—The sudden urge for cowboy boots
You Make Me Feel So Young—All teachers
Murder, He Says—Anybody see "The Rope"
California, Here I Come—Mary Ann Spence
Why Does It Get So Late So Early—In the dorm
In My Arms—Textbooks, all day long
It Can't Be Wrong—The last question in my geography test
It Only Happens When I Dance With You—A broken toe
Night and Day—Don and Millie
My Buddy—Price and Pepper

The Complainer

There's one in every organization,
You know the type I mean,
The fellow who's always complain'
But to a meeting has never been.
He's always causing trouble
And has a lot to say.
But it's never at a meeting,
From those he stays away.
He puts the organization on the pan,
It never does what's right.
But when we hold a meeting
The bird is not in sight.
He's forever spreading rumors.
With him we must contend,
But when we hold a meeting
We think he should attend.
We admit his right to talk
Is only just and fair,
But the place is at the meeting,
So we urge him to be there.

Charles Appel
Sec. of M. A. A.

Continuance of Paper Depends On Student Body

As you have probably noticed, this issue of State-To-Date consists of only six pages. At the beginning of the year, it was our intention to publish an eight page issue every two weeks. Financial complications and difficulty getting a regular press schedule with the printer prevented this during the first semester. However, the past three issues of the newspaper have appeared regularly every other Tuesday, although it was necessary to cut these issues to six pages, due to lack of cooperation on the part of the students in turning in publishable material.

Student Publications meetings are held every Monday evening at seven o'clock. There are usually seven or eight students at these meetings. It is not fair to expect the same handful of people to devote their free time every week to an effort which receives only criticism as its reward. The "I'm too busy" or "I can't write anything" excuses have been worn thin by students who have both the time and ability to make our school paper what it should be.

You need not attend Publications meetings in order to write for the paper. Any material you have may be given to any member of the Staff, or dropped in the Suggestion Box in Room 5.

This is a final effort to encourage you to support your paper in the form of contributions, be they letters, editorials, feature stories or news items.

The next issue of State-To-Date will appear when and if the necessary material appears. It's up to you.

—The Editors

The Inquiring Photographer

Question: What improvements do you think could be made to make the dormitory a better place for the students?

Ruth Robinson—Senior—Hagerstown

I think that we should have more seating space in the living room. We are college students and adults; therefore we should be treated as grownups rather than little children. The students should know when and where to do certain things and should not have to be told all the time. We could also stand a variety in food. Other forms of recreation should be available than just card-playing.

Charles Kershner—Junior—Hagerstown

There should be a better understanding between the students and the faculty. The elimination of vegetable soup from the menu would please me greatly. The clock on the stairway should be fixed with the time in the school. We also need a new radio in the living room.

Alice Neely—Sophomore—Cumberland

We should have more student activities such as a sleigh ride in the winter. The meals could be a lot better. We need more phonograph records for the living room.

William Kildow—Sophomore—Oakland

The meals should be better. I also think that the students should be invited to all the parties held in the dormitory. The living room should be kept open at all times.

Betty Kildow—Freshman—Oakland

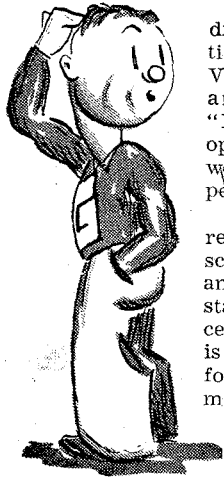

We should have a larger smoker that is open at all times. The girls need a new washing machine, preferably a Bendix. More heat on the second and third floors at all times. There should be a bell installed in the dorm to tell the time for classes.

Thomas Downs—Freshman—Williamsport

We need better blinds in the smoker. The students should take things easy on the couches. Some of the furniture in the living room and smoker needs repairing. On the whole, I think things are in fair condition.

Jest Jokin' With The Jester

In an attempt to discover the identity of the Mystery Voice, my sketch artist inquired "Babe" Kiddy's opinion concerning who this secretive person might be.

"Babe," who is a resident of Barton, scratched his head and went into a state of deep concentration, which is quite unnatural for him, believe me. After pondering the question for quite a while, Kiddy

said that at the present he felt the Mystery Voice was none other than Jack "Cigar" Filer, one of the most promising members of "Chief's" custodial crew. When informed that Jack was unqualified for such a contest, (contestants must have attained the age of 21) Kiddy promised to begin research together with his F. B. I. (Fellow Barton Intellectual), Werner Trost, and inform us as to the Mystery Voice's identity at a later date.

While the "Jester" is in a questioning mood, what freshman, described in an earlier issue as liking the name "Sue," inquired of Rosemary Weimer just what he had ever said that gave her the impression they were more than friends.

Congratulations to the married "Merry Men" and to the single men who participated in the basketball exhibition last week. The affair was highlighted by the appearance of Charlie Appel, esteemed coach of the married squad. Non-interest and lack of co-operation hampered the "Free Men" and the "Slaves" but their performance was greatly pleasing to the spectators who attended. Following the game a challenge for a grudge softball contest, to be played in the spring, was issued by the single men. When such a contest takes place, the participation of a few more faculty members, in addition to Coach Babcock, who played last week, would serve to arouse interest in the affair.

Bobcats Bow To California

The Bobcats, leading until the third quarter, dropped the second game of the series with California State Teachers College, 75-56. Big Jim Steele was leading scorer with 16 points to his credit.

Attendance Amendment Passed By Men's A. A.

The regular monthly meeting of the M. A. A. was held Tuesday, March 1. Charles Appel, secretary, conducted the meeting, due to the absence of the president and vice president. Don DeVore, treasurer, presented the financial standing of the association.

An amendment to the Constitution was passed, whereby all members of the M. A. A., whether they be represented on varsity teams or not, will be required to attend at least two-thirds of all the meetings in order to remain on the active list of the association.

Before the passage of this amendment, members participating in a varsity sport were excluded from attendance at M. A. A. meetings although they were encouraged to attend and take an active part in the association. With a few exceptions, the varsity members have failed to attend the meetings and it was felt that the amendment would increase attendance at the meetings and aid in increasing interest in the work of the association. Although the amendment is aimed chiefly at non-interested members of the varsity squads, it is hoped that all of the members who fail to show the proper interest will begin to take an active part.

Every male student on the campus is automatically a member of the M. A. A. Certainly they should feel a responsibility toward an organization of the college created for them and one that works only for their interests.

At the meeting there were 18 members present out of the 125 on the membership list. The greatest number to ever attend a meeting this year was 36. At the present time there are 43 active members and 82 on the inactive list.

The M. A. A. can be built up to be one of the leading organizations on the campus. At the present it's quite a step from this ideal; but the officers and those members who are interested are determined that with or without the ever-present "do-nothings," this ideal will be achieved.

Those members of the M. A. A. who are content to sit back and let others work for them should either give up their present practice and become active or else declare their intention of not caring to belong and get out of the way of those who are interested, and are endeavoring to bring honor and prestige to this very important organization.

Activity Calendar

- Wed. 2—Senior Class Meeting, 4:10
Sorority, 7:00
- Thurs. 3—Alpha Psi Omega, 4:10
I. R. C., 7:00
- Sat. 5—Westinghouse at Pittsburgh
- Mon. 7—House Council Assembly, 10:49
Publications, 7:00
- Hagerstown Junior College at Frostburg, 6:45
- Tues. 8—Do-Ci-Do Club, 6:45-8:30
- Wed. 9—Little Theatre, 7:00
- Thurs. 10—Dormitory Banquet, 6:00
- Fri. 11—End of First Triad
D's and F's reported to Dean
- Mon. 14—Baseball practice starts
Student Government, 10:49
Publications, 7:00
- Tues. 15—Do-Ci-Do Club, 6:45-8:30
- Wed. 16—Sorority, 7:00
- Thurs. 17—Casedesus Concert, 8:15
- Mon. 21—Assembly, 1049
Publications, 4:10
Skating Party sponsored by Junior Class, 7:00-10:00
- Tues. 22—Do-Ci-Do Club, 6:45-8:30
- Wed. 23—Little Theatre, 6:45
- Thurs. 24—I. R. C., 7:00
- Fri. 25—Allegany County Branch of Association Childhood Education, Room 8
- Mon. 28—Student Government, 10:49
Publications, 7:00
P. T. A., 7:00
- Tues. 29—Do-Ci-Do Club, 6:45-8:30
- Wed. 30—Sorority, 7:00

Bobcats Beat Bethesda

State's Bobcats won their second game of the season on February 15, defeating Montgomery County Junior College quint of Bethesda, Md., to the tune of 61-45. "Scotty" Orr paced the "Cats" with 20 points.

Dorm Art Exhibit

"Come one, come all! See fifty of the greatest masterpieces of all time. Not imitation, but *genuine*, real works of art. Yes, ladies, for just one penny, one copper coin you can examine close at hand these fifty pictures with the aid of our well trained guide."

This was merely publicity for the Art Exhibit sponsored by Jackie Browning, Doris Jean Poorbaugh and Elloween Lipscomb being held in Elloween's room in the Dorm.

At this call, the Dorm girls rushed in line trustfully placing their coins in the admission box and then being shown the fifty famous works. What a shock it was to see their own boyfriends, girlfriends, aunts, uncles, cousins, mothers, fathers, and what-have-you staring them in the face! Luckily for Jack, D. J., and Elloween, they were too surprised to even get their pennies back. Some people will do anything to make money!

Congressional Record

The regular meeting of Student Congress was held on February 28, 1949, in the Conference room. The first business on hand was a report by Charles Appel on progress made by the World Student Service Fund Committee.

Student Congress is going to present a play in March on behalf of W. S. S. F. and the cooperation of the entire student body will be needed. Mr. Appel and Mr. Burgess stated that several acts were being worked out and progress being made.

The business next in order was a report by Miss Cook on the work

of the Ring Committee. Miss Langhans has written several companies for designs and suggested having members of the student body submit designs in the form of a contest.

Miss Shireman next gave a report on recommendations made by the Point System Committee. Much discussion was held for and against certain changes. Further discussion will be held on this issue at the next regular meeting.

Mr. Harry Diehl then asked for a clarification of our point system with respect to Dr. Matteson's Chorus and Opera. Mr. Diehl stated that the Opera was a part of the class work and

that members of the Chorus received college credit for this activity. After a lengthy discussion the issue boiled down to the fact that no student can represent the school in a public performance if he or she has less than a 1.0 average for the semester.

The last issue discussed before adjourning was the attitude of some students toward faculty grading. Miss Compton suggested that the students may write down anything they feel necessary in giving an honest grade and that she would have it discussed in a faculty meeting. On a motion made by Mr. Pepper the meeting was adjourned.

W. R. A. News

At the end of the first half of the W. R. A. intramural tournament in basketball, the Juniors and Sophomore A are tied for first place, each with two wins.

The Juniors, last year's tournament winners, have put in their bid for this year's title by defeating Sophomore B 41-1 and the Freshman 34-9. Ruth Houck has been the leading Junior scorer with 32 points in two games. Wanda Shobe is second with 28.

Soph. A has matched the Juniors' record by defeating the Freshmen 30-13 and Soph. B. 33-8. Maryanne Powers was the leading scorer with 30 points in two games, Dot Wilson is second with 18.

Miss Mary Wilson, Mrs. L. Resser, and Mrs. H. Snyder were the official referees.

This basketball tournament is the first of the W. R. A. activities for the second semester. The organization is planning to have badminton, tennis, and possibly baseball tournaments if the girls so desire.

Student Popularity Poll

The votes have been returned and tabulated; the following are the results:

	BOY	GIRL
