## American Chemical Society Chapter Wins National Honor

FSU's chapter of the Student Affiliates of the American Chemical Society (SAACS) has been selected to receive an Outstanding Chapter Award for its 2007-2008 activities. The FSU SAACS is one of only 40 among more than 1,000 chapters overall to receive an Outstanding rating.

"Receiving an Outstanding rating is a remarkable achievement, and a first for our SAACS organization," said Weser, who has been the faculty adviser for the past 31 years. "This past year we had excellent leadership from the president, Christa Kucharczyk, her officers and other members in spearheading many projects. It is through the combined and thorough efforts of the SAACS members that this level of national recognition by the ACS was attained."

In past years, the chapter has received numerous Commendable or Honorable Mention awards. The FSU chapter was noted particularly for its efforts in community service, communication and recruiting new members from the chemistry and biology majors. The award-winning chapters will be recognized in the November/December issue of "In Chemistry" magazine and "Chemical and Engineering News." The winners will also be presented with plaques for their efforts at the 237th ACS National Meeting in Salt Lake City, Utah, on Sunday, March 22, 2009.

From left are Christa Kucharczyk, past president of FSU SAACS; Dr. Don Weser; and current President David Morris.

### Second Performance Added for CES Show, 'A Celtic Christmas'

Due to ticket demand for Tomásean Foley's "A Celtic Christmas," the Cultural Events Series at FSU has decided to add a second performance at 7:30 p.m. on **Monday, Dec. 1.** Tickets for the additional performance in FSU's Pealer Recital Hall, Performing Arts Center, are

now available for sale.

"We originally scheduled 'A Celtic Christmas' for Tuesday, Dec. 2, and that date sold out almost as soon as tickets went on sale. We were very fortunate to be able to add a second performance to our schedule," said Mary Jane Plummer, director of CES.

"A Celtic Christmas" is a joyous and unforgettable celebration of the season. An acclaimed Irish storyteller, Foley recreates the joy and innocence of a night before Christmas in a farmhouse in the remote parish of Teampall an Ghleanntain in the west of Ireland, when the neighbors gather around the fire to grace the long wintry night with the laughter of their stories and the joy of their music and dances.

Foley's "A Celtic Christmas" features Grammy-award winning guitarist William Coulter, renowned Irish fiddler and Irish dancer Kathleen Keane, acclaimed piper Brian Bigley and world champion Irish harpist and champion Irish step dancer Marta Cook.

Tickets for the additional performance are \$18 for adults and \$13 for those under 17; discounted group tickets are available. Tickets may be ordered by calling x3137 or online at <http://ces.frostburg.edu>.

"A Celtic Christmas" is graciously supported by The Peter and Iris Halmos Family Foundation.

## Speakers

### Ghost Hunter Offers Pre-Halloween Talk

Stephanie Davisson, vice president of Advanced Ghost Hunters of Seattle-Tacoma (AGHOST), will speak at FSU on **Thursday, Oct. 30**, at 8 p.m., in the Lane University Center Manicur Assembly Hall.

Hollywood has worked to convince moviegoers that a scene from "The Poltergeist" is an accurate representation of a paranormal investigation. However, professional ghost hunters like Davisson are quick to point out that although such scenarios are exciting, they are completely fictional. Davisson will attempt to dispel certain myths and educate the audience on the realities of the supernatural world. Davisson's lecture will be followed by a real ghost hunt on campus.

The event is free and open to the public. For information, contact the Lane University Center information desk at x4411.

### UFO Researcher to Discuss the 'Secret Story'

Robert Hastings, professional Unidentified Flying Object researcher, will speak at FSU on "UFOs: The Secret Story" **Tuesday, Oct. 28**, at 8 p.m., in the Lane University Center Manicur Assembly Hall.

Hastings has been a believer in the existence of aliens and UFOs since age 16, when he said he witnessed one from

a Montana Air Force base. "I am of the opinion that it is just a matter of time before all the truth comes out," Hastings says. "We are in for a very interesting future." Come and hear the "secret stories" about UFOs and decide for yourself if they are fact or fiction.

The event is free and open to the public. For information, contact the Lane University Center Information desk at x4411.

## Blackout Days @ FSU

Every Thursday, the Sierra Student Coalition is declaring Blackout Day, a day of energy awareness and conservation. The SSC encourages everyone to use this day to really look at the amount of energy you are using and to find ways to reduce that amount. Simple actions like making sure lights are off, unplugging cell phone chargers and turning your computer off instead of putting it in sleep mode can add up to a HUGE amount of energy saved.

To show your participation and make a significant statement for energy conservation, please make sure all your lights are turned off from noon to 1 p.m. every Thursday, as well as any electronic devices you do not absolutely need to use. Noon was chosen because it is the middle of the day, so on most days the sun will be shining its brightest. If we all take just one hour from our day to drastically reduce our energy usage, we can save a lot of energy, keep a lot of carbon out of the atmosphere and take a huge step toward a more environmentally friendly campus.

If you have any questions about Blackout Day @ FSU or any other environmental issue, please e-mail [SSC@frostburg.edu](mailto:SSC@frostburg.edu).

## University Neighbors Planning Fall Fest

University Neighbors, an association of residents and property owners in the neighborhood adjacent to the FSU campus, will host a Fall Fest on **Sunday, Oct. 26**, from 7 to 9 p.m. at the Frostburg Museum, 69 Hill St. The event is an

opportunity for year-round residents and FSU students to get to know one another in a fun, family-oriented atmosphere.

The Fall Fest will include various activities for all ages, including pumpkin decorating and caramel apple making. The public is invited to come dressed in costume and prizes will be awarded for both children and adults. There will be haunted museum tours complete with ghost stories and theme music. Refreshments will be served. Door prizes donated by local businesses will be awarded throughout the evening to those in attendance.

University Neighbors is an association built by and for neighbors who live in the area near the FSU campus. Its mission is to work for neighborhood revitalization by advocating for positive community change. Because the neighborhood is shared by both year-round residents and off-campus students, the association strives to build stronger, more positive relationships among these groups.

The Fall Fest caps a weekend of activities designed to bring the campus and the community closer together. On **Saturday, Oct. 24**, from 1 to 3 p.m., the downhill residence halls on the FSU campus will host the annual trick or treating for area children.
