PASTOR SCORES SCHOOL CONDITION CHARACTERIZING IT AS MURDEROUS

Says If Voters Refuse To Rectify Situation, They Will Be Blamable for Any Calamity.

APPLIED STRIKING TEXT TO SITUATION

Rev. Richard L. Shipley, Pastor Of Bethesda Methodist Protestant Church, In Sunday Night Sermon Makes Statement Regarding Overcrowded Conditions At High School.

Facts presented by the Wicomico Board of Education through the county press last week seem to have struck home to the more serious minded men and women of the city. That these facts were not in the least exaggerated is evidenced by the stand that one minister has taken on the matter. Dr. R. L. Shipley is well acquainted with conditions in Wicomico High School and he speaks as one having authority.

State inspectors from the Board of Health were in the city last week and made a complete survey of the health and sanitary conditions of the school. What their findings will be, we are unable now to report, but it is reasonable to suspect that they will in no way be anything of which the County can be proud. The report will be published in detail as soon as it is available.

Rev. Richard Shipley, Pastor of Bethesda Methodist Protestant church made a pointed reference to the condition in our High School in his sermon in Sunday night. The subject was, as he preached was the Great Sin of David. He told how the king came to desire the wife of Uriah the Hittite, persuaded her to come to his own house, and when his sin was about to be known had her husband killed in battle.

In this evil deed the king violated the last five of the Ten Commandments and became guilty of covetousness, falsehood, adultery, theft and murder. Mr. Shipley then suggested that men in our own age are guilty of the same sins although they may not be exposed in so dramatic a manner. He asked if any man who wants what belongs to another may not be as guilty of covetousness as David.

He said that any man who invites another to dinner pretending friendship when he wants to get something from the man is guilty of the same treachery and falsehood. He said that any man who places his own desires above human life is in heart a murderer. He then said:

"If some day, God grant that the day may never come, the parents of this town are called in grief and consternation to go over on a street to look upon a row of charred and stiffened bodies of boys and girls who have perished in a high school fire, the men of this county who have placed taxes ahead of the safety of the children will be their murderers. Such tragedies have come to towns such as a horror would be certain if a fire and a panic should occur during school hours in our crowded building. The people of a community who seek economy at the risk of the lives of the children are guilty in the eyes of the sin of David."

The sermon contained many other things, but we publish this to show that the agitation for a new school is not something interesting to a few, but a burning issue among those who have the best interests of the county at heart.

BENJAMIN'S STORE IS BEING REMODELED

Extensive Improvements Include Addition Of Another Complete Floor—To Departmentize Business.

In an effort to keep pace with his growing business, Mr. I. L. Benjamin has decided to remodel his Main street store on Tuesday. Plans for the changes have been drawn by Mr. Wilcox & Son, who have been let to do the work. The store will be widened and deepened as rapidly as possible in order that the store may not be inconvenienced longer than necessary. It is Mr. Benjamin's intention to remodel the second floor in such a way as to have two full floors and then to remodel the first floor. The second story will be devoted to millinery and ready-to-wear, while on the first floor will be found piece goods and notions. Increased sales forces and more satisfactory service. The improvements, which will be extensive, will include an elevator to be installed in the building, and the entire building will be heated by steam heat. The front of the store will remain unchanged until a later date.

EASTON IS ASSURED

A N. G. ARMORY NOW

Senator John S. McDaniel, Talbot county, has announced that Easton will have an armory to house its National Guard unit. It has been estimated that \$100,000 was left over from the appropriations last year, and this will be used for constructing the building. The Adjutant-General, the Governor, and the Talbot delegation to the Assembly were flooded with petitions and petitions and action was therefore forthcoming.

FIRE AT MORRIS MILL

Fire in the sawdust around the furnace of Morris Brothers Mill in South Salisbury Saturday night nine o'clock set the alarm ringing wildly. Within one minute and twenty seconds after the first tap of the bell, the fire fighters were under way with the chemical engine. In spite of the severe weather, 40 men answered the call. No damage was done. This is the eighth alarm so far this year, but the damage in each case has been negligible.

Retail Credit Body Will Protect Stores

Merchants Band To Protect Business—Credit Association Formed With Briley Wright As Secretary.

In order to protect themselves from irresponsible buyers, the leading merchants of Salisbury have formed a Retail Credit Men's Association. All persons dealing with the local stores who use credit will be rated by this agency according to the open accounts on the ledgers of the member merchants. The Association will in no way interfere with established trade, but it will endeavor to safeguard the stores in the opening of new accounts. Mr. W. Briley Wright will act as secretary and general manager. The new agency is independent of the Peninsula Service Company which will continue as collecting organization. With the Credit Association in full operation, the local merchants expect credit conditions will rapidly improve.

Palace Garage Takes Over Implement Line

Salisbury Implement Company Formed With Headquarters On Dock St.—Experienced Man In Charge.

The owners of the Palace Garage Company, Messrs Wm. A. Pope, Arthur H. Parker, and Milton L. Pope, have organized a new firm to handle the Salisbury Implement Company with headquarters in the Palace Garage on Dock street. The new implement company will carry a complete line of the International Harvester Company products which have been handled by the Farmers and Planter Company. The latter firm, however, will not discontinue its implement business but on the contrary intends greatly to enlarge it.

Mr. William A. Pope who has successfully managed several farms, will be in charge of the implement department of the new company, and knowing the needs of the farmer will be in position to give real service. The show rooms in the Palace Garage are already stocked with the new line which will be increased until it is complete in every respect.

Tomlinson In Charge Of Dashiell Brothers

Sale Ratified By Order of United States Court. Creditors May Get 30%.

Dashiell Brothers has passed officially into the hands of Mr. John M. Tomlinson, the sale of the bankrupt's stocks and fixtures having been ratified by United States Judge Rose of Baltimore. Mr. Tomlinson took possession last week and will, it is understood, continue to conduct the same kind of business that was formerly carried on in the stand. The receiver has been relieved of the duty of running the establishment but he has understood the firm will be retained for six or eight months longer, the period necessary to distribute the funds arising from the sale. According to rumor, it is expected that general creditors will receive about 20 per cent. to 30 per cent. on the dollar.

Council Votes To Censure Disharoon

Chief Of Police Ordered Reprimanded For Killing Dog Belonging To J. Edward White.

By a vote of the City Council, Mayor Kennedy has been authorized to reprimand Chief of Police Wood Disharoon. The censure comes as punishment for the Chief's having shot and killed a dog belonging to J. Edward White on January 22. Mr. White preferred the charges against the police official and the City Council sat Monday night as a jury on the case. City Solicitor Bailey examined the witnesses who were supplied by both the plaintiff and the defendant.

GRANGE MEETING

Salisbury Grange will hold its regular meeting on Saturday, February 4, at which time there will be a lively debate on the question, Resolved: That consolidated rural schools offer greater advantages to the children of rural districts than the little red house. The affirmative will be supported by Messrs Fulton Allen and Norman Merritt, while the negative will be upheld by Messrs W. Lee Allen and John J. Morris. The debate is open to the public.

IMPLEMENT BUSINESS IS THEIR LONG SUIT

Says Farmers & Planters Company Official Denying Company's Intention Of Giving It Up.

Denying a recently published statement that the Farmers & Planters Company of this city intend to discontinue their transportation implements, Mr. William P. Ward, general manager of the company, in an interview with a representative of The News, asserted that the Farmers & Planters Company intend on the contrary to give more attention than ever to the implement side of their business.

The entire store on Main street will be devoted exclusively to farm implements under the direction of Mr. F. Kent Cooper, with Mr. Frank Brown in charge of demonstration work. Mr. Brown will be one of the best implement men on the Shore. A service department will be maintained that can furnish parts and make repairs for the entire International line.

Although they have given up the International Harvester line, the Salisbury Implement Company, Mr. Ward pointed out that the Farmers and Planters Company carried little of this line beyond hay-making machinery. Their big lines are those of John Deere, Advance, Bucar and Gibbs, American Machinery, and Fairbanks-Morse, and these lines will be stocked very completely. The warehouse on Mill street was built to accommodate about ten carloads of farming machinery, and it is probable that some such reserve as this will be carried. Only this week two full cars were unloaded and a third car is on the way.

FIRE AT QUANTICO

A barn belonging to Mrs. Emily Kinner burned to the ground on Monday afternoon, the fire setting the dwelling house on fire also, although this was extinguished. It is believed the fire originated from a short circuit in the DeLoe system of lighting. The DeLoe plant is a total loss and damage is estimated at about \$800.

TRIP POSTPONED

The delegation from the Chamber of Commerce which was to have left Monday on a "good-will" trip to the Northern Neck of Virginia in connection with the establishing of a boatline to that section, was forced to call off the journey on account of the storm. They will make the trip, however, as soon as the weather opens up.

VALENTINE SHOW PROGRESSING

Arrangements for the entertainment "Artistic Valentine Frivolities" to be given Tuesday evening, February 14th, at the Armory by the pupils of the Somerset Dancing School are progressing very satisfactorily. An informal dance following the programme will add to the pleasure of the occasion.

Terrific Storm Wreaks Havoc In Whole Eastern Section Of The United States

Roads Impassable And Several Communities Are Entirely Cut Off. Ocean City Suffers Greatly. Salisbury Stores Close Early Saturday Afternoon. No Great Damage Done In City. One Shipwreck Reported.

Dealing death and destruction, details of which are augmented by daily reports from isolated sections of the country, the worst storm since 1899 broke over this portion of Maryland late Friday evening, delaying traffic and paralyzing shipping. The storm swept up from the Carolinas and reached Cape Charles about Friday noon. At Norfolk the wind was blowing a fifty mile gale and water was being driven up into the city.

Ocean City seems to have suffered more than any other community on the Eastern Shore for there the ocean swept clear across into Sinepuxent bay cutting off all communications by road, rail or phone. Officials of the B. C. & A. attempted to get trains through, but without success. Scores of cottages, boat houses, and small boats were badly damaged. No deaths or injuries are reported.

Telephone service was hard hit between Cape Charles and the Nantuxet river, according to officials of the Chesapeake and Potomac Company, who state that 500 stations were out of commission, 72 trunk lines out of commission, and 52 poles on the ground. Most of this damage was around Ocean City, Berlin, and Snow Hill.

Service to Ocean City was cut off Saturday, although linesmen tried to get through and re-establish it three times during the day. Connections were not finally made until Monday afternoon when a special train was run over the B. C. & A. carrying men and equipment to repair the damage. The train left here at eleven but did not reach its destination until after three o'clock. At one place, Walston's, it was necessary for the crew to dig through the snow. Trunk service to Chincoteague was also re-established Monday.

CRISFIELD'S CO-OPERATION NOW ASSURED

Chamber of Commerce Agrees To Patronize New Boat Line To Fulllest Ability.

SALISBURY DELEGATION GET A HEARTY WELCOME

Committee From Local Chamber Of Commerce Meets With Crisfield Chamber And Explains What Must Be Done To Insure Permanency Of Line To Western Shore.

Crisfield will co-operate fully with Salisbury and the people of the Northern Neck of Virginia to make the newly established boat line to the Western Shore pay the railroad company for according to the request made for such a standard transportation line. This fact was conclusively evidenced at a meeting Wednesday night at which a number of representative citizens of Salisbury conferred with members of the Crisfield Chamber of Commerce in regard to securing for the boat sufficient patronage to insure its continuance once it has started operating.

Calling the meeting to order about seven-thirty in the rooms of the Crisfield Chamber of Commerce, Mr. William M. Woods asked Mr. E. P. Adkins to state the purpose for which the Salisbury delegation was present. Mr. Adkins gave a clear-cut account of the efforts that had been made to secure daily boat connections with the Western Shore and indicated what would be necessary for both Crisfield and Salisbury to do if the boat line would be made a permanent thing.

He pointed out that while the railroad officials had at first asked for a guarantee against loss, they had finally decided to put the boat on for a trial period without such guarantee. It is, therefore, absolutely imperative, said Mr. Adkins, that both towns get behind the proposition to the fullest extent of their powers, make the line pay, and thereby assure its permanency.

FARMERS MEETINGS

Important meetings of the Wicomico Farmers Association will be held within the next few weeks at all local divisions for the purpose of electing directors, agents and inspectors. Notice of dates will be given by post cards mailed to members. Meetings so far arranged include Pittsville, February 3; Willards, February 4; and Fruitland, February 10. Each meeting is urged to be present and to bring a new member with him. Speakers will probably be present.

Trunk service to Chincoteague was also re-established Monday.

VIENNA BLAZE WIPES OUT BUSINESS SECTION

Fire Stars In Denson's Store Causes Loss Of From \$50,000 To \$75,000—Origin Unknown.

Fire breaking out in the rear of the store owned by B. W. Denson and Company about 9:45 Thursday night started a conflagration that nearly wiped the entire business section of Vienna, Dorchester County, off the map. The cause of the fire is unknown. Help was summoned from Cambridge and from Salisbury but the flames raged for three hours before they were brought under control.

Denson's store is located on Race street and as the flames mounted the sparks were carried to the Nantuxet Flour and Lumber Mill, the property of Judge Reuben H. Baumgartner, and to a graining house formerly owned by the late John W. Webb. A fish house owned by S. J. Bennett was the next to go and in the meantime the high wind had carried sparks a quarter of a mile away setting fire to a graining house on the farm of Mrs. William J. Layton which burnt to the ground.

Damage from the fire is variously estimated at from \$50,000 to \$75,000, part of which was covered by insurance. The flames spread rapidly over the business section of the town from the wharf damaging the residence of Albert Webb, and of Preston Bassett, William T. Post, Robert M. Hurley, James Elliott, Mrs. Robert Lee Wright, Mrs. Laura J. Layton, and Mrs. J. W. Webb. The warehouse belonging to Mr. Clay M. Webb was partially burned.

Appeals for aid reached Cambridge just about ten o'clock and within 35 minutes the Cambridge Fire Department was on the scene. They had the flames under control by 11:30. The alarm sounded in Salisbury just at ten and members of the local fire fighting force were ready to start in a very few minutes. As the trip would not be made by road, it was decided to go by train over the B. C. & A. After a long delay, an engine and crew were finally procured and the Salisbury force reached Vienna about midnight, but were able to render valuable service.

STORM STOPS TRIP

Mr. Charles M. Freeman, secretary of the Chamber of Commerce, and Mr. Fred Thornton, representing the Chamber of Commerce of Crisfield, left Salisbury early Friday morning to go to the Northern Neck to make arrangements for the larger delegation scheduled to go over on Monday. The storm was so severe that those who had been expected to go to the boat could not leave Baltimore and they returned home on Saturday evening.

HEROISM FEATURES SHIPWRECK IN STORM THAT BRINGS DEATH TO ONE

Power Boat "Morning Light" Sinks In Pocomoke Sound Off Hunting Creek In Gale.

CARRIES HIS COMRADE FOR HOURS IN MARSH

Will Niblett, Member Of Crew Of Three, Finds Help After Captain Falls From Exhaustion—Men Battle For Lives In Small Boat For Whole Day.

Suffering, death and heroism marked the battle of three men for their lives in a small boat in Pocomoke Sound off the Virginia shore during the storm last week, when the 85-foot power boat "Morning Light" sank and left her small crew at the mercy of the winds and waves in a little life-boat.

The vessel in command of Captain Irving Insley, age 27, was making her way to the Wicomico River with a load of lumber for C. R. Disharoon Company, when the storm in all its fury broke upon her. She came to anchor off Hunting Creek to ride out the blizzard Friday night. Next morning the night heads were torn out and the vessel sank, causing the crew of three to take to a small life boat.

From a little after mid-day on Saturday until late Sunday afternoon, Walter and Will Niblett, the other members of the crew, and Captain Insley fought the ice and tried to reach shore. The wind was blowing a gale and the temperature was freezing. By the time they touched land, Captain Insley was exhausted. The point at which they landed was on a marsh four miles or more from the mainland and the mariners started inland in search of help.

Mardi Gras Spirits Lead Man To Trouble

Prohibition Officer Attends Mardi Gras At Armory And Makes One Arrest. Accused Out On Bond.

Charged with having liquor illegally in possession, Walter Tilghman, age 23, was arrested Wednesday night at the Mardi Gras in the Armory, by prohibition enforcement officer Robert B. Ford. Upon being arraigned before Justice of the Peace T. Rodney Jones the following morning, Tilghman pleaded guilty and was released on bond in the sum of \$100. He was identified by the negro from whom he said he purchased the liquor. Tilghman lives near Fruitland.

According to officials of the Company, the Mardi Gras was a success. A full report of the net proceeds of the local military unit has not yet been made public, but it is understood that the fête was worth while. The officers of the organization and the members feel deeply appreciative of the interest the public took in the event.

"Wets" Want Dry Laws Immediately Repealed

Three Resolutions Introduced In House To Do Away With Liquor. Cook Demands Action.

Three measures have been introduced in the House this session dealing with repeal of the Eighteenth Amendment, the last being that presented by Fillmore Cook of Baltimore City, a member of the Temperance Committee which is said, by the way, to be "wet." The first bill urges local option on the prohibition question while the second provides that revenue received from taxes on the manufacture and sale of liquors be devoted to paying the proposed soldier bonus. Mr. Cook's bill offering each of the county fairs \$10,000 is but a snare and a delusion, members of the Bethesda M. P. Church have forwarded to the delegates from this county resolutions recently passed at Sunday service. A committee consisting of Mr. Fred Adkins, Mr. Walter S. Shenn, and Mr. Oscar L. Morris was appointed to prepare resolutions of protest against the proposed bill in the Maryland Legislature which would link the race-track gambling with all the agricultural fairs of the state by sharing the profits of the gambling with the fairs that do not allow betting. The committee presented the resolution which follows and it was adopted by the congregation on Sunday January 22nd.

Heavy Sentences For Intoxicated Drivers

Provided In Bill Which May Become Law—Racing On Highways Or For Wagers Also Illegal.

Fines of from \$100 to \$1000, or jail sentences of from 30 days to one year, or both, at the discretion of the Court, are provided for in a bill introduced in the House by Representative George W. Bankert of Carroll County for motor car drivers found guilty of operating their vehicles under the influence of liquor. For the second offense, a jail sentence of from six months to two years is to be imposed. Upon conviction of a first offense, driver's license would be revoked and new license could not be issued within less than one year. The bill also provides for fines of \$25 to \$100 for racing on public roads or for driving on a wager. Under this section of the measure the owner as well as the driver would be liable.

BRIDGE TO OPEN SOON

Road officials report that the Tony Tank bridge will be opened shortly to the public. For several months it has been necessary to make a detour by Shad Point and the shell road in that section has been worn so that it is as rough as the Delmar road. Motorists will be glad to travel the State road again.

Power Boat "Morning Light" Sinks In Pocomoke Sound Off Hunting Creek In Gale.

CARRIES HIS COMRADE FOR HOURS IN MARSH

Will Niblett, Member Of Crew Of Three, Finds Help After Captain Falls From Exhaustion—Men Battle For Lives In Small Boat For Whole Day.

Suffering, death and heroism marked the battle of three men for their lives in a small boat in Pocomoke Sound off the Virginia shore during the storm last week, when the 85-foot power boat "Morning Light" sank and left her small crew at the mercy of the winds and waves in a little life-boat.

The vessel in command of Captain Irving Insley, age 27, was making her way to the Wicomico River with a load of lumber for C. R. Disharoon Company, when the storm in all its fury broke upon her. She came to anchor off Hunting Creek to ride out the blizzard Friday night. Next morning the night heads were torn out and the vessel sank, causing the crew of three to take to a small life boat.

From a little after mid-day on Saturday until late Sunday afternoon, Walter and Will Niblett, the other members of the crew, and Captain Insley fought the ice and tried to reach shore. The wind was blowing a gale and the temperature was freezing. By the time they touched land, Captain Insley was exhausted. The point at which they landed was on a marsh four miles or more from the mainland and the mariners started inland in search of help.

Insley, who was drenched through and nearly frozen, was unable to travel and consequently Will Niblett picked him up and carried him for more than three hours until he himself was on the point of dropping. Laying the Captain down, Niblett went on seeking help. About eight o'clock he reached a house and with its inmates started back to get Insley. The captain of the "Morning Light" died within ten minutes after reaching shore.

Praise of Will Niblett is sincere and unstinted. He is a big man in physique and in courage and manhood. He acquitted himself like a man in every respect and both sea-going folk and landmen will accord him every honor.

Captain Insley will be buried on his old home farm at Trinity, near Collins' Wharf, as soon as the roads are passable. He is survived by two brothers, Arthur Insley of Salisbury, and Earl Insley, U. S. N., at present on leave of absence here. He also leaves one sister, Mrs. Horley Lewis of this city. Insley was known as an excellent captain and has been in command of vessels for the past five or six years.

Walter Niblett, who lost one leg in an accident some years ago, was the other member of the crew. He managed to make his way to safety but was badly frozen and is now in the Bethesda General Hospital.

ANOTHER PETITION FOR THE ASSEMBLY

Methodist Protestants Of Bethesda Church File Protest Against Gambling.

In the belief that the proposed racing bill offering each of the county fairs \$10,000 is but a snare and a delusion, members of the Bethesda M. P. Church have forwarded to the delegates from this county resolutions recently passed at Sunday service. A committee consisting of Mr. Fred Adkins, Mr. Walter S. Shenn, and Mr. Oscar L. Morris was appointed to prepare resolutions of protest against the proposed bill in the Maryland Legislature which would link the race-track gambling with all the agricultural fairs of the state by sharing the profits of the gambling with the fairs that do not allow betting. The committee presented the resolution which follows and it was adopted by the congregation on Sunday January 22nd.

Resolved that this congregation is upon moral principles opposed to race-track gambling in any form and under any auspices, and that we particularly deprecate the attempt to connect this inquiry with the agricultural fairs of the counties of our state, and that we urge our Representatives in the General Assembly to oppose all bills presented with this object in view.

GROUP CHURCH MEETING.

The Group meeting of the five Baptist churches of Somerset county convened for their third quarterly meeting at Marion last Tuesday afternoon with a good delegation from all the churches except Oak Grove. Officers were elected for the ensuing year as follows: President, Mrs. W. C. Adams; vice-president, Mrs. J. Stanley Adams; secretary-treasurer, Mrs. Charles W. Bridgell. After the business was transacted, Mr. Fleming, of Baltimore, gave a splendid talk on the work of the Missionary Unions. After Miss Fleming's talk, chicken salad, Maryland biscuits, pickles, hot coffee and cake were served.

Hunter's Licenses Net State \$100,000

State Game Warden in Report Shows
New Fees Have Added To Mary-
land's Revenue.

Hunters paid \$100,000 for licenses in this State during the year 1921, according to State Game Warden E. Lee LeCompte, who has just completed his report for the fiscal year ending September 30, 1921. Part of the amount was from fees for licenses issued and part was from fines for violation of game laws.

The fees in the State totaled \$96,330.15. There were issued 51,625 one dollar licenses; 7,100 five dollar permits; an \$1,388 ten dollar license. Fines aggregating \$3,244.79 were imposed in 289 cases of violation.

TOWERS OFFERS NEW SUPERVISION PLANS

Would Have All Counties Adopt Caro-
line Road Plan Which Has Oper-
ated Successfully For 18 Years.

If a bill introduced by Senator Lawrence Towers of Caroline county is passed, all State and county roads will come under the joint supervision of a resident engineer, thus eliminating the supervisors working now under the State Roads Commission and avoiding a great deal of duplication.

Senator Towers has based his measure on the Caroline County road plan which has been successfully in operation now nearly twenty years. The plan puts the supervision of all road and bridge work on a business basis protected from political interference. An obstacle in the way of the Towers bill may be found in a bill which Senator Harrison of Worcester County is expected to introduce.

The Harrison bill, it is supposed, will call for the supervision of all roads by the State Roads Commission. This measure, however, is sure to meet opposition because the counties do not feel that they can surrender control of their roads to the State. This matter was clearly stated by Mayor Kennerly in his recent controversy with Colonel D. John Markey, chairman of a special roads committee. The letter was published in a recent issue of The News.

Under the Towers bill is provided optional adoption of the roads plan, but even in event the counties accept the plan, they do not lose control over their own roads. The resident engineer simply maintains the State Roads under the State Roads Commission and the county roads under the supervision of the County Commissioners. The salary of the engineer would probably be paid equally by the county and the State.

The Retort Crushing

Traffic Cop—"Say you! Didn't you see me wave at you?"
Mirandy—"Yes, you fresh thing, and if Henry were here he'd paste you one for it."—Sun Dodger.

EVANGELISTIC SERVICES SCHEDULED BY CHURCHES

Bethesda, Wicomico, And Trinity To
Hold Joint Meetings Beginning
February 12—Meetings Rotate.

At a meeting held in the Y. M. C. A. rooms in this city on Monday evening it was decided by an executive committee representing the Wicomico Presbyterian, Bethesda Methodist Protestant, and Trinity Methodist Episcopal Churches to begin a Co-Operative Evangelistic Campaign on Sunday, February 12th and continue until Sunday, March 5th, 1922.

The opening service will be held in Bethesda Methodist Protestant Church on Sunday, February 12th, and will continue in that church for one week, and then move on to Trinity Church for one week and close at the Presbyterian Church on March 5th.

Mr. Ralph W. Carr, of New York City, a noted evangelistic singer, will come to Salisbury next week and begin training a large chorus choir for the meetings. The ministers of the three churches named above will conduct the meetings.

Next Tuesday evening, Feb. 7th, Cottage Prayer meetings will be held in all sections of the city and on Wednesday a co-operative Prayer Meeting will be held in Trinity Church beginning at 7.30, all churches participating, and on Thursday evening more Prayer Meetings will be held at the various homes in the congregations.

The following are the committees:
Executive Committee: Rev. John Brandon Peters, chairman; Chas. W. Bennett, secretary; Samuel N. Quillin, treasurer; Rev. R. A. Boyle, Rev. R. L. Shipley, I. E. Jones, Eugene M. Messick, Wm. B. Tilghman, Jr., G. Wm. Phillips, Geo. T. Huston, C. D. Krause, Lewis Washburn, F. Leonard Wailes, John Hagan, H. S. Todd, Sr., Lewis Morgan, L. W. Gunby, Ralph Grier, Dr. Gardiner Spring, Sr., E. W. Windsor, Wm. E. Sheppard, Harry Adkins, Chas. E. Wilkins, John G. Brittingham, R. W. Hammerslough.
Music Committee: Dr. Gardiner

Spring, chairman; Harry Adkins and C. D. Krause.
Finance Committee: W. E. Sheppard, chairman; W. F. Messick, and L. W. Gunby.

Publicity Committee: Eugene M. Messick, chairman; H. W. Carty and Walter P. Nock.
Ushers Committee: Ralph H. Grier, chairman; James Lank and H. H. Twigg.

Cottage Prayer Meetings: Lewis Morgan, chairman; John H. White and Geo. T. Huston.
Personal Workers Committee: I. E. Jones, chairman; E. W. Windsor, H. S. Todd, Sr., U. W. Dickerson, G. Wm. Phillips and F. Leonard Wailes.

The slogan of the campaign is: "Salisbury for Christ." The public is cordially invited to attend these services. The meetings will begin promptly at 7.30 o'clock. There will be no services on Saturday evenings.

New Light on Batteries

"Since all batteries look so much alike on the outside, how am I going to tell which one has the most value inside?"

That is a practical every-day question—and it has a simple every-day answer.

What greater assurance could you possibly have than the following combination of facts:

- 1—Extraordinary quality in the battery itself, as shown by the choice of the Willard Threaded Rubber Battery as standard equipment by the manufacturers of 173 makes of cars and trucks.
- 2—A nation-wide organization to serve you; and—
- 3—A record for quality and service dating back nearly to the beginning of the automobile.

You don't need a formal invitation. Come in any old time and get some new light on this battery question.

BALTIMORE MERCHANTS HARD HIT BY NEW LINE

Commission Men Realize Most Produce Will Be Shipped Through Crisfield and Salisbury.

Merchants handling produce, fish and oysters from the Western Shore of Virginia feel that their business will undoubtedly be hurt by the new boat line established at the instance of the Salisbury Chamber of Commerce between Crisfield and the Northern Neck. In an article just published in the Baltimore Sun, these merchants indicate that one reason Northern Neck products have not commanded higher prices is because they were not properly packed. Instead of helping the growers to pack right, the Baltimore commission men have been only too glad to accept things as they were and thus reap bigger profits.

These men now make the statement that they will in no way help the Western Shoremen to get the prices for their goods that they should receive. How different is their attitude from that of the Eastern Shoremen who have not only opened up for the growers of the Northern Neck a vast market, but intend to co-operate with them to the fullest extent in learning how to pick right, pack right, and ship right. On this one point alone, the Eastern Shore deserves the hearty support of the people of the Western Shore of Virginia, and it is confidently predicted that they will get that support in fullest measure.

The article from the Baltimore Sunpaper follows verbatim:

"Baltimore commission merchants handling produce, fish and oysters from the Western Shore of Virginia say that undoubtedly their business will be injured by the steamer line which the Baltimore, Chesapeake and Atlantic Railway Company will start in May between Crisfield and Western Shore points. They hold that it will open to Northern markets a fertile farming and dairying country which formerly has had its chief outlet through Baltimore.

"The men handling white and sweet potatoes will feel this more than those handling fish and oysters, they say, since a large portion of the sea-food catch already is being taken across the bay to the Crisfield gateway.

"There is one difficulty which some merchants point out may for a while stand in the way of diverting this traffic—the fact that farmers of the Western Shore have not learned yet to pack their crops properly for Northern markets. It is generally admitted, however, that the farmers soon will learn to overcome this handicap, although Baltimore commission merchants do not intend to help them. However, the fact that produce is not always well packed for Southern markets was deprecated by one commission man.

"The fact that produce is so poorly packed for the Baltimore market is one of the things that is ruining it," he said. "I believe the move of the Pennsylvania Railroad in starting this boat line may indirectly be a good thing for us, because it will bring us more directly into competition with Philadelphia and New York markets and may cause us to improve some of our methods. There is no reason why produce should not come as well packed to Baltimore as anywhere else."

"Just what effect the boat, which will operate with Crisfield as a base, collecting produce for shipment over the Pennsylvania Railroad lines, will have upon the trade of Baltimore commission men none would predict. They pointed out that Eastern Shore points, for the most part, already have a fairly good outlet to Northern markets.

"Commission merchants did not think the new line would materially effect the prices of produce on the Baltimore market.

"A. S. Goldsborough, secretary of the Merchants and Manufacturers' Association, agreed with commission merchants in that much produce now coming into Baltimore probably would be sent north through Crisfield. He said Baltimore would lose a large trade with a rich territory which is likely to become still richer in the future. He said he was informed that if the experiment with the Northern Neck of Virginia proved successful the boat line was likely to be extended to the counties of Southern Maryland."—Baltimore Sun.

COUNTY COMMISSIONER'S PAY.

A bill introduced by Senator Chas. R. Disharoon, which has been referred to a special committee consisting of the author and Messrs. Harrison and Robins, provides for an annual salary of \$400 to be paid to each of the County Commissioners of Wicomico County. This is an increase of \$100 for each member of the Board.

TEXAS FARM BUREAU BOOSTS COTTON

J. T. Orr, president of the Texas Farm Bureau, got from 2 to 3 cents more per pound for 100,000 bales of cotton when he got all his farm bureau members to sell their product collectively.

Crisfield's Co-operation Now Assured

(Continued from page 1)

Mr. Freeman responded by stating very emphatically that the boat will be run for a trial period and that it is therefore up to the two towns most concerned to make good. If a fair tonnage of freight is carried by the new boat, either enough to make the line pay expenses or at least to convince the railroad officials that it can be made to pay, the permanency of the system is conceded.

Mr. Freeman said that no definite schedule had as yet been made, but that it would provide for a complete boat and train schedule. Of particular interest to Crisfield and the Western Shore is the fact that travelers from either point can go straight through to Philadelphia by the night train under the proposed schedule. On the other hand, the south bound train that passes through Salisbury about three o'clock in the morning will also have a connection with Crisfield.

Through freight, said Mr. Freeman, can be consigned from the Western Shore to the eastern and northern markets and it is expected that special arrangements will also be made to handle express shipments from the boat. The secretary of the Salisbury Chamber of Commerce made it clear that although it has taken almost a generation of nearly constant agitation and effort to get this boat line effected, it will take a mighty short time to lose it unless the railroads have the full support of Salisbury, Crisfield and of the Western Shore. He is of the opinion that once lost,

it will probably be lost for years to come.

Speaking for the ice manufacturers of Crisfield, Mr. A. Wellington Tawes said that the proposed line should have their co-operation and that this co-operation should take tangible form in the shape of freight patronage. He indicated that the use of small boats is expensive and very unsatisfactory and that if the new line can furnish service, it will not lack for business.

Mr. W. L. Gibson, representing the sea food industry, said that the small boats would be eliminated naturally once a standard transportation system became effective. The question arose at this point as to the advisability of starting the line earlier than the first to the middle of May in order to take advantage of the shad season. After much discussion, it was decided that a committee should make a full investigation of conditions and then recommend to the railroad company a date for beginning operations. It is probable that the line may, therefore, be started by the first of April.

Taking up the matter of the small independent boats, Mr. J. T. Handy, one of the largest business men of Crisfield, indicated that so long as service is assured, the boat line will be patronized. He stated, however, that daily connections would be necessary. At present, the schedule, according to Mr. Adkins, provides that the boat shall arrive in Crisfield from Norfolk some time Tuesday. From Tuesday until Saturday, daily trips will be made to the Northern Neck. From Saturday until Tuesday the boat will put into Norfolk and then work her way back up to Crisfield on Tuesday, starting the weekly schedule over again.

Service such as this, it was emphasized, would not allow the total abolition of the small boats, because shipments must be made on Saturday and Monday. It is believed that this matter will be satisfactorily adjusted. Mr. Egbert L. Quinn, cashier of the Marine Bank, stressed the necessity of getting immediately in touch with the people of the Northern Neck. Acting on his suggestion, a committee from Crisfield was appointed to join the Salisbury committee to the Western Shore.

Representing Salisbury interests at the meeting were Messrs. F. P. Adkins, Charles M. Freeman, William F. Messick, Walter S. Sheppard, E. D. Mitchell, G. William Phillips, Ralph H. Grier, Denwood Mitchell, and Calvert L. Estill.

They Appeal To Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. Many such, however, have been completely restored to health by the use of Chamberlain's Tablets. These tablets strengthen the stomach, invigorate the liver and improve the digestion. They also cause a gentle movement of the bowels. When you have any trouble with your stomach, give them a trial. Advt.

DELAWARE JUNIOR PROM
TO BE GALA OCCASION

Committee Making Plans For Most Elaborate Event Ever Staged By Students Of State College.

If the plans already announced are consummated, the Junior Prom of the University of Delaware, to be held in the Hotel DuPont, Wilmington, Friday, February 17, will be the most elaborate Prom ever attempted by a Junior class of the State University.

It is planned to have a continuous flood of music throughout the evening, two orchestras having been engaged for the affair.

The class of 1922, which will be hosts to the Seniors and Alumni and a few undergraduates, is making every effort to produce a winning affair. This class came into the University just after the war and the men have proved to comprise a very excellent group.

It is attempting to produce something which would be different, the conclusion was reached that two orchestras should be hired. Consequently, the "Original Six" and "George Madden's Orchestra" have been instructed to appear at the hotel, the night of the affair, with their finest sextets. The latter orchestra will play the Grand March, which will be started promptly at 9 o'clock. The dance will continue until two o'clock, it was stated yesterday.

The DuPont room of the hotel will be engaged and at the intermission it is planned to serve a Buffet dinner. John M. Lynch and P. Edison Hory of lower Delaware, are on the committee which is arranging for the affair.

Activities at the Y. M. C. A. have slowed down slightly this week, nothing being scheduled aside from the regular routine happenings.

The subject for the mens bible class is "Jesus and the Sabbath" but the speaker has not been announced. The regular movie show will be held on Saturday night and a good picture is expected.

FREE SEEDS READY
Honorable T. Alan Goldsborough, Representative of the First District of Maryland, announces that he has a quantity of vegetable and flower seed which he will be glad to send anyone who will write him at Room 25, House Office Building, Washington, D. C., requesting them.

THE WOMAN SPEAKS.
"The lady from Harford" last week introduced her first bill in the House of Delegates. It was a measure drawn at the instance of the Board of Motion Picture Censors and is designed to give them much broader powers.

Miss Mary E. E. Risteau is the only woman member of the Assembly.

News From Our County Correspondents

PARSONSBURG

Mrs. Alice Perdue and daughters, Leila and Virginia, Miss Bessie Whitman and Mr. Carlisle Parsons were guests of Mrs. W. B. Laws at Ocean City last Thursday.

Miss Katie Parsons spent part of last week with friends in Salisbury. Mrs. E. R. Ennis entertained quite a number of her friends last Wednesday evening.

It is rumored there is to be another shirt factory built here in the near future.

At a recent meeting of the "Official Board" of the M. E. Church plans were discussed for building a Community Hall, a committee composed of Mrs. Jennie Parsons, Mrs. Alice Perdue, Mr. Isaac Hallam, Mr. O. J. Brittingham and Mr. C. C. Jackson were appointed to look after the work.

Parsons, Mrs. Alice Perdue, Mrs. Geo. Jackson gave a "Shower" Friday evening, January 27, at the home of Mrs. Perdue in honor of Miss Katie Parsons of Weldon, N. C., who is visiting her father, Mr. Geo. W. Parsons. While the guests were engaged in various games, little Virginia Perdue and Catherine Parsons entered the living room drawing a small express wagon decorated with white ribbons and a miniature bride. The wagon contained the gifts of the guests to Miss Parsons. The presentation of the wagon to Miss Parsons by little Virginia was a complete surprise. The invited guests included: Miss Bessie Whitman of Baltimore; Mrs. Anne Jester Jones of Delmar; Mrs. Will Venables and Miss Irma Tyndall of Salisbury; and the following from Parsonsburg: Mrs. Jennie Parsons, Mrs. Alice Perdue, Mrs. Geo. Yohe, Mrs. Edna Parker, Mrs. C. F. Brown, Mrs. O. B. Humphreys, Miss Agnes Jackson, Lula Hobbs, Edith Shockey, Alma Willing and Myrtle Jackson. During the evening sand wiches, cake and cocoa were served by the hostess.

PITTSVILLE

Mrs. Leona Brittingham of Millboro, Del., spent some time with her sister, Mrs. John J. Brittingham.

Miss Bertie McNeal spent part of last week at the home of Mr. and Mrs. Ollie Murray of Gumboro.

Mr. and Mrs. Stanley Tull and daughter, Eva, of Newark, spent last Friday at the home of Mr. and Mrs. W. H. Brittingham.

Mr. and Mrs. Alfred Truitt of Norfolk, have returned home after spending some time with relatives here.

Miss Elsie Baker spent the week-end with her parents, Mr. and Mrs. S. Baker.

Mr. Louis Parsons of Whitesville is visiting relatives here.

Mr. Elsie Parsons of Philadelphia is visiting his father, Mr. E. L. Parker.

Mr. John Donaway of St. Martins returned to his home Monday having spent last week with his son, Mr. Calvin Donaway.

We are glad to report those who have been on the sick list for the past week are very much improved.

Mr. and Mrs. Walter Farlow entertained a number of their friends last Monday evening. Among those present were: Mr. and Mrs. G. L. Brittingham, Mr. and Mrs. A. J. Baker and daughter, Mary; Misses Bertie McNeal, Grace Jant, Nellie Truitt and Messrs. Frank Parsons, Horner Gordy, Frank Truitt and Joe Lynch.

Miss Olevia Trisell of Salisbury spent part of last week with her sister, Miss Mamie Trisell of this town.

HEBRON

The Literary Society of the High School met on Friday. The debate was very interesting.

Mrs. W. S. Phillips of Salisbury was the guest of her daughter, Mrs. Dr. Connaway on Monday.

Mrs. P. H. Bradley and Miss Blanche Davis are on the sick list.

Miss Hastings of Delmar, has been the guest of Mrs. Martha Miller.

Mr. Carl Messick and daughter have returned from Baltimore.

Miss Gladys Seabrook of Maryland is the guest of her sister, Mrs. James Richards.

Mrs. Robert Ellis who has been sick for several days is improving.

Mrs. W. H. Phillips is spending some time with her mother, Mrs. Sallie Davis at Quantico.

Mr. Reese Snack, driver of the Standard Oil Wagon, who was stuck in the snow bank at Spring Hill, Saturday was taken sick and unable to get to his home in Salisbury. He is being cared for at the home of Mr. Jas. P. Humphreys and at this writing is not very much improved.

Mr. and Mrs. Wm. H. Phillips are home over the week-end from Relay and left Tuesday morning to resume their duties.

Mr. Roy Wilson was in Baltimore a few days this week.

Mrs. Anne Watson of Mandell spent a part of last week with Mr. Letitia Dastrell.

Miss Willie Elliott was the guest of friends in Salisbury last week.

BERLIN

Mr. Walter Chandler of Stockton spent the past week-end with his parents, Mr. and Mrs. O. M. Chandler.

Mrs. Severn Murray spent last Wednesday in Seabrook with her parents, Mr. and Mrs. McCallister.

Mr. and Mrs. C. Ettinger recently spent a few days in Philadelphia.

After attending each session of the Legislature, Mr. Horace Davis spent the week-ends at home.

Mr. L. P. Bowen and daughter, Miss Lillian Bowen started Wednesday for Louisiana, where they will visit friends for the next four weeks.

Mrs. Roland Harrington and Jack returned the last of this week to their home in Washington, D. C., after visiting her mother, Mrs. Geo. E. Scott for a short time.

Mr. and Mrs. Robley Holland and son, have moved into their new home, recently purchased from Mr. Abe Hollins.

NUTTERS DISTRICT

Mr. and Mrs. Levin Niblett and family spent Sunday with Mr. and Mrs. Howard.

Mrs. Herman Pryer spent Tuesday with Mrs. Nutter Hammond.

Mr. and Mrs. Joseph McCallister spent Sunday with Mrs. McCallister's parents, Mr. and Mrs. Lee Ruark.

Miss Kathryn Dolbey, teacher of Phillips School, spent Monday night with Mr. Ora White's family.

Mrs. Hettie Dryden spent Wednesday afternoon with Mrs. Carroll Rhye.

Mr. George Adkins and family have moved to their new home, known as Mrs. Fred Hudson Farm.

The stork visited the home of Mr. and Mrs. Dorris Ennis leaving them a fine baby, girl.

Mr. Clarence Dryden has been very sick with something like grip, but is slowly improving.

Mr. and Mrs. Levin Niblett and two little daughters, Pearl and Dorothy, spent Thursday afternoon with Mrs. Niblett's aunt, Mrs. Sarah Culver, of Salisbury.

Mr. Ed Ruark and Mr. Henry Jones, spent Thursday evening with Mr. Levin Niblett and family.

Mr. Ed Ruark has been very sick but is better at this writing.

Mr. Nutt Hammond who met with an accident about Christmas is out again.

Mr. William Toadwine has been sick with a bad cold.

MARDELA SPRINGS

The public spirited male citizens turned out en masse early Sunday A. M. and cleaned the sidewalks not only in front of their own properties but everywhere as well for which the remaining citizens were very grateful.

Mr. Fred Bradley, a pupil of our High School injured his knee very badly late Wednesday afternoon while skating on Henry's Mill pond. He fell on a broken bottle cutting his knee to the bone.

On Thursday afternoon Mr. Parker Bennett fell from a dearbourn and broke his neck. Mr. Bennett and his wife, Mrs. Bennett, were on their way to a party at the home of Mr. Bennett's sister, Mrs. John J. Bennett, and walked home through the snow a distance of 12 miles.

Mr. L. T. Tilghman lost a valuable horse last Sunday.

Mrs. George W. Mitchell very seriously injured her foot one day last week.

Mr. Peter T. Dwyer has the honor of butchering the largest hog of the season, which weighed the scales at 672 pounds. Mr. Dwyer, recently paid a lengthy visit to friends in Washington and Baltimore.

Mrs. Edward Kelly spent a part of last week in Laurel, visiting Mr. and Mrs. J. P. George.

Mrs. Willie Mitchell spent Saturday and Sunday with relatives near Eden.

Mrs. Grover Farlow and little daughter, Frances, spent Tuesday of last week with her sister, Mrs. Willson Tilghman of Mt. Vernon.

Mr. Edgar Williams and family, have returned to Washington, after spending some time with his parents here.

After a hearty meal, take Dean's Regulents and assist your stomach, liver and bowels. Regulents are a mild laxative, and at all stores. Adv.

Mr. Lee Riggins who has been seriously ill with pneumonia for the last three weeks is slowly improving.

Quite a crowd attended the Pomona Grange which was held in Mardele on Thursday. We understand from several sources it was the best ever held.

Mr. Clarence Evans and sister, Miss Katie, entertained the following friends at dinner Sunday: The Paces family and Mildred Bennett, Eva Vinson and Mary Elliott, Messrs. Lee and Glen Elliott, Sterling Jackson and Charlie Reddish.

Mrs. Robert Dwyer of Baltimore is visiting Mr. and Mrs. T. R. Reddish.

Mrs. John Jones, Jr., recently paid a lengthy visit to friends in Washington and Baltimore.

Mr. A. M. Walls and Mr. Les Grier, representing the Rotary Club of Salisbury were the speakers at the Wednesday A. M. exercises at the High School.

Mrs. George Bradley of Fort, Va., is visiting her sister, Mrs. Bounds.

Mr. Peter Graham has been ill with pneumonia for the past week.

Mr. Monroe Bradley of Norfolk, Va., returned to his home on Tuesday of last week after a week visiting relatives in town.

SHARPTOWN

Sharptown was "Shut in" from all the world without" from Saturday until Monday evening. The snow has not yet melted and the roads are very slippery.

The snow was from Tuesday morning trip as far as spring Hill church, the star route and carrier got to Laurel on Saturday but did not return until Tuesday. The snow was from Tuesday morning trip as far as spring Hill church, the star route and carrier got to Laurel on Saturday but did not return until Tuesday.

The remains of Mrs. Louis Truitt who died near Worton, Md., on Tuesday of last week were brought here on Wednesday by undertakers, Gray.

Four brothers and kept in state until Thursday afternoon when they were interred in the Taylor cemetery by the side of her first husband, Capt. Marcellus Knowles who died thirty-seven years ago. Funeral services were held in the M. E. Church by Rev. George R. Donaldson. She was

NEW HATS, As Refreshingly New as
The First Breath of Spring.

Paris-inspired Chapeaux, modeled on the very newest lines; Saucy where Sauciness is due; Severe where Severity reigns—and one can scarcely distinguish between these hats and the lovely French models from which they take their inspiration.

GATE LEG TABLES

as well as the other items that we mention within this column are the essential decorative as well as the useful things that go toward making the house into a home. Reproductions of cheerful furniture that we see so often in places, where the owners enjoy the restfulness and the associations of past days.

These reproductions may be handed down as their originals have been. Only furniture that is substantially built will live that long.

February Furniture Sale

Our Furniture Sales have long been fixed in the Public Mind as institutions of great and genuine saving possibilities. We can remember no time in our long history of furniture sales, when the announcements carried so much real delight as we believe those below will, this February, 1922.

GETTING THE MOST OUT OF YOUR LIVING ROOM.

Is chiefly a matter of the furnishings. If it is to be at all deserving of its cause, the living room must have first, foremost Furniture that will stand living with—in every sense of the word.

It must be simple and unobtrusive in the wear and tear that constant use will give it.

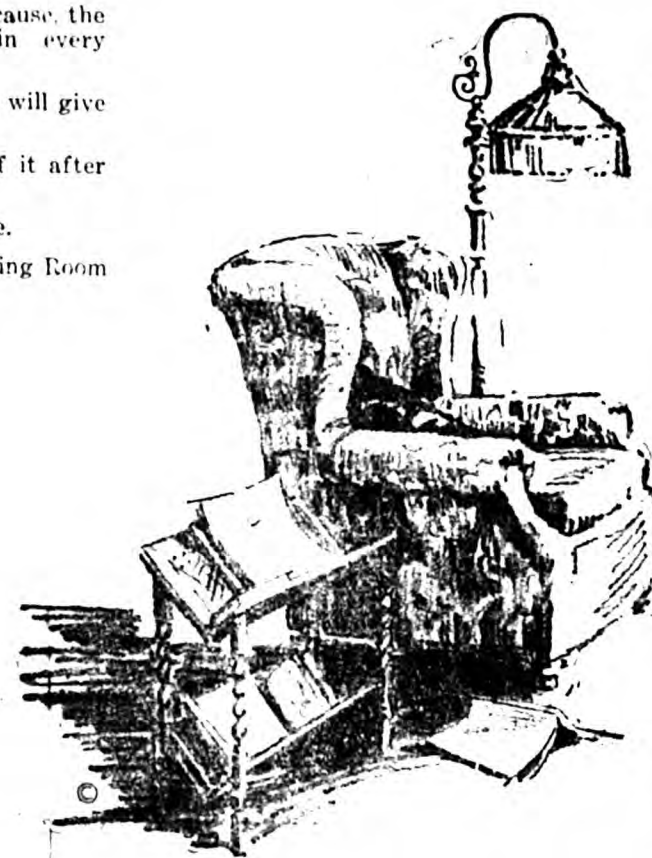

It must be simple and unobtrusive in design, so that one does not tire of it after years of usage.

And then it must have artistic merit, so that it is decoratively worth while.

That is why our February sale is so worth while, providing as it does, Living Room Furniture at a price which a modest income can afford.

WE QUOTE THESE SUITES AND SEPARATE PIECES AT THESE FEBRUARY PRICES.

Three piece Brown Mule, Fumed Oak Suite, a close out at \$25.00
Three piece Frosted Brown Fibre Rush, cretonne covers, Special \$45.00
\$175 Three piece Velour Suite, Mahogany, cane backs, a sample Suite.

R.E. Powell Co.
Salisbury, Maryland

COUNTY NEWS.

CLARA

Mr. Archie Webster left Monday for Baltimore, where he has accepted a position.

Mr. George Moore of Chester, spent last week with his father, Mr. George Moore.

Mrs. F. B. Culver of Tyaskin was a visitor here last week.

Misses Naomi Taylor and Virgil Lankford attended the Teachers Meeting at Bivalve, Friday afternoon.

Mr. and Mrs. Samuel Shockley, of Shaw Hill, visited relatives here last week.

Messrs. E. J. Taylor and Ira Mezick, were visitors at Tyaskin, Friday.

Sorry to report Mr. Russell Roberts and Mrs. T. M. Dickey ill at this writing.

Mr. Harry Messick, who has been in Baltimore for the past few months returned home Sunday.

The trappers are not catching many rats as their traps are frozen in the marshes.

We are sorry to hear that Mrs. Olivia Roberts, who is spending the winter months with her daughter, Mrs. Andrew Phillips, of Quantico, is very ill.

Rev. Givan, of White Haven, spent Friday at the home of Mr. George Moore.

Mr. Paul Mezick and son, Wallace visited Mr. and Mrs. A. P. Roberts Sunday.

NEWARK

Miss Elsie Jackson is taking a business course at the Philadelphia Business College.

Mrs. Clayton Dennis spent the week end with her daughter, Mrs. Thomas in Wilmington.

Miss Edna Dennis spent last week with her sister, Mrs. Dave Hollingsworth in Selbyville.

When returning from Snow Hill about 11 o'clock Saturday morning, Mr. John Mumford ran his car into a snow bank about three miles from Snow Hill and could not get out. He went to a nearby house and telephoned to Newark for help. Mr. Harold Riley responded to the call but failed to reach him. Mr. Luther Bowen next started but he also had to turn back. Mr. Will Smith next started with a big truck, but could not reach the stalled automobile. Finally Mr. George Cropper went to the rescue with six mules and towed Mr. Mumford's machine into Newark about 8 o'clock Saturday night. Motor power is all right when everything is favorable but for mule work nothing will take the place of a mule.

Rev. W. A. Hearn has been conducting successful Revival meetings in Bowen M. E. Church during the past two weeks.

"The White Shawl" will be given in the Odd Fellows Hall by local talent, Friday evening, February 3rd. The following is the cast of characters: Dr. Adolphus Katz, Harold Riley, Arthur Clayton, George Mumford, George Ryall, Frank Riley, Katherine Steele, Mildred Tully, Elizabeth Steele, Mrs. Matthew Taylor, Betsy Briggs, Miss Branch Riley.

DELMAR

The members of Mrs. Ross Gordy's Sunday School Class gave a surprise party, Thursday evening.

Sussex County Pomona Grange met in Delmar, Tuesday and installed the following officers for the year, Master, L. D. Thompson, Lewes; overseer, Earl Cooper, Delmar; chaplain, W. D. Wilson, Lewes; lecturer, Mrs. D. T. Mustard, Lewes; secretary, E. T. Vaughn, Harbeson; treasurer, H. E. Phillips, Delmar; steward, E. Guy Hastings, Delmar; assistant, J. W. Hopkins.

Prof. J. E. Chipman, Miss Ruth Jones, Miss Edith Cole, Miss Virginia Case and Mrs. Herrick, all teachers in the Delmar, Delaware School attended the second annual meeting of the Sussex County Teachers' Association, Friday and Saturday.

The Parent Teachers' Association held an open supper in the church basement, Friday evening, and were unable to continue the supper Saturday on account of the severe storm.

The Century Club has been divided into several units, each unit undertaking to raise money toward building a home for the club. On February 2 several of the ladies will serve a chicken and waffle supper in the basement of the M. E. Church.

Mrs. C. C. West entertained a number of guests at luncheon, followed by cards and other games, on Thursday afternoon in honor of her guests, Mrs. Parsons of Atlantic City and Mrs. Galloway of Laurel.

On Friday evening, Mr. and Mrs. West gave a card party for their friends.

On account of the storm no church services were held Sunday morning.

A meeting of the Ladies Aid of the Baptist Church, the following officers for the year, were elected, president, Mrs. Ella Vincent; vice-president, Mrs. H. L. Mariner; secretary, Mrs. Mary Lou Simons; treasurer, Mrs. Marion H. Simons.

Mrs. Sam Elliott entertained the chapter of the Paraph House, Tuesday evening.

The three cases of diphtheria, reported last week are not serious and there are no new cases.

Mr. J. Fred Stevens entertained a few friends at cards, Tuesday evening.

Miss Blanche Matthews gave a party on Tuesday, in honor of her sixteenth birthday.

PRINCESS ANNE

Colonel and Mrs. Henry J. Walters, returned from a trip to Baltimore last Friday evening.

Miss Mary Minnich spent the week end in Washington. Miss Minnich is the Manual Training Instructor in the Washington High School.

Mr. Omar J. Crogswell spent a few days in Baltimore last week.

Mr. Avery W. Carter, who has been visiting his mother, Mrs. J. S. Bradley, at Westover, has returned to Baltimore.

George W. Maslin spent a few days in Philadelphia last week. While in that city he stopped at the Bellevue-Stratford Hotel.

Mr. Wade G. Bounds, of Allen, has been elected captain of the 1922 baseball team of Washington College, Chestertown. Last summer Mr. Bounds played left field for the Princess Anne baseball team.

Mr. E. G. Bounds spent a few days in Baltimore last week.

Mrs. G. W. Brown who spent several days of last week in Baltimore visiting at the home of Mr. and Mrs. Elmer Brown, returned home last Wednesday.

Messrs. Frank D. Layfield and Walter Price returned from Baltimore last Wednesday, after seeing the automobile show in that city.

Among those from a distance who attended the funeral of Mr. Wm. H. Dashiell were his three sisters, Mrs. Geo. H. Meyers, of Washington, D. C.; Mrs. Grafton Ridout and Miss Annie F. Dashiell, of Annapolis, Md.; Mrs. Wm. H. Jesse, of St. Nicholas, Md.; Mr. and Mrs. John H. Henry and Mrs. Henry P. Mitchell of Berlin, Md.; Mr. and Mrs. Edwin Gardner and Mr. Sheppard Gardner, of Crisfield, and Mr. Edward W. McMaster, of Pocomoke City.

TRINITY

Mr. Charlie B. Smith has been visiting his son, Mr. Charlie B. Smith Jr., of Annapolis this past week.

Mrs. and Mrs. Arlie Moore spent Wednesday evening with Mr. and Mrs. E. P. Bourd.

Miss Thelma Hamblin spent Wednesday afternoon with Miss Edna Whayland.

Mr. Gorman Phillips has now returned to his work in Philadelphia after being called home by the death of his sister, Jannette.

We are very sorry to report Mr. and Mrs. Ray McIntyre's children on the sick list and little Douglas Phillips and Clayton Whayland.

Miss Anne Smith spent Thursday afternoon with Mrs. W. P. Whayland.

Mr. Stanford Twilley of Philadelphia, spent the past week with his parents, Mr. and Mrs. T. J. Twilley for the first time in nearly three years in Baltimore and Philadelphia.

Mr. Perry Whayland spent Tuesday in Salisbury.

Mrs. Handy A. Hamblin visited her brother, Mr. Arthur Wooten of Salisbury, during the past week.

Mr. Omar Smith of Selbyville was a visitor throughout this vicinity.

Mrs. Perry Whayland and daughter returned to their home Saturday after spending the past week with relatives of Toddville.

Mr. and Mrs. Clarence Phillips had as their guests Sunday afternoon, Miss Madelyn and Ethel Whayland. There was no service at our church Sunday due to the great snow storm.

Mr. W. P. Whayland spent Sunday afternoon with Mr. and Mrs. Kenzie Denison.

Mr. and Mrs. Arlie Moore spent the Thursday evening with Mr. and Mrs. John T. Phillips.

MT. HERMON

Mr. Hermon Pryer and family and Miss Mary Pryer motored to Sharptown last Sunday.

Mr. Arthur Parker spent Sunday afternoon with Mr. Walter Dykes.

Mr. and Mrs. Carl Givins spent Wednesday with Mr. and Mrs. George Adkins.

Mr. and Mrs. Willie Toadvin spent Sunday with Mr. Larry Toadvin and family.

Mr. and Mrs. Dennis Tilghman's little daughter, Kathleen, is ill with pneumonia. We hope she will soon be better.

Mrs. D. J. Pryer, Mrs. Herman Pryer, spent Tuesday with Mrs. Nutter Hamond.

Master Raymond Pryer has been sick for quite a while, but he is much better now and able to go to school.

Mr. and Mrs. Leroy Huston, Mr. and Mrs. Harry Davis and Mrs. Lizzy Huston, spent Sunday with Mr. and Mrs. George Pryer.

The Mt. Hermon Community League was held at school last Thursday night and a good crowd was out.

They gave lots of interesting talks.

Everyone is cordially invited to attend.

Judging From Results

"What do they sell in that last garage besides gasoline, father?"

"Besides, my son? You mean 'instead of'."—Life.

WINS AT BILLIARDS

Harper LeCates was awarded the decision over Charles Mitchell in a 150 point contest of continuous pocket billiards, in Delmar last Wednesday.

LeCates outplayed his opponent in many ways, it is said, the latter losing heavily on account of forfeits. Another contest is slated for the near future.

FIND STOLEN CAR

A car belonging to Mr. T. Jefferson, cashier of the First National Bank at Federalburg, and reported stolen from that town on January 26, was located at Fruitland the next day and is being held by the State Police. The car was driven by two Federalburg boys, Anderson and Wothers, who have given themselves up. The trial will be held shortly.

INJURED IN FIRE

Charles Brown, Sharptown, was badly burned Thursday night while rescuing one of his children from his burning home. The child was also injured. Brown was aroused late at night by the smell of smoke, but before he could make his escape, the roof had fallen. Only a small quantity of household stuff was saved. Neighbors raised \$100 for the destitute family.

INDORSES STATE BONUS.

Senator Tydings of Harford County has declared in favor of the State Bonus Bill and believes that a \$3 poll tax is the best way to raise the funds necessary for carrying out provisions of the bill. In this way, he says, the burden would fall equally upon all Marylanders.

TO MARK SOLDIER'S GRAVES.

If a bill introduced by Mr. Gambrell is favorably acted upon by the General Assembly, the graves of soldiers from Maryland who fell on foreign soil will be appropriately marked. The bill was introduced by request and it is probable that members of the American Legion will urge its passage.

DEATH OF MRS. KITTREDGE

Mrs. Sallie Collier Kittredge, 75 years of age, a former Salisbury woman who died in Baltimore on Saturday at the home of her niece, was buried Wednesday afternoon at two o'clock. Dr. J. T. Herson officiating. She was a relative of the Collier, Graham, and Gunby families of this city.

CHURCH CALENDAR

Notices of changes in the Church Calendar must be at the News office not later than Tuesday morning, otherwise the calendar of the previous week will be repeated.

Evening Service in all the Churches of the city will begin at 7.30 o'clock for the Winter.

St. Peter's Church, Rev. Herbert D. Cone, Rector.

At St. Peter's Church next Sunday the rector will preach at the 11 A. M. service on "A Mixed Growth" and at 7.30 P. M. on "Religion the Last Resort."

St. Francis de Sales Catholic Church, Rev. W. S. Knight, pastor.

Sunday Masses: at 8.00 and 10.30 a. m., week days; at 8.00 a. m. Sunday. Evening service, at 7.30 p. m.

Bethesda Methodist Protestant Church, Broad Street, near Division Street, Rev. Richard L. Shipley.

9.30 A. M. Sunday School, 11.00 A. M. and 7.30 P. M. Divine Worship with sermon by the pastor. 6.45 P. M. led by Denwood Smith. The pastor preached last Sunday three times: in the morning at Grace; 3 P. M. at the Home of the Aged; at night at a congregation of seventy-five people.

At St. George's next Sunday the pastor will preach a short sermon on the "Supreme Sacrifice," followed by the Sacrament of the Lord's Supper. At 7.30 preaching and evangelistic services. Sunday School 9.45 A. M. Class meeting 2.30 P. M. Epworth League prayer meeting 6.45 P. M. led by Denwood Smith. The pastor preached last Sunday three times: in the morning at Grace; 3 P. M. at the Home of the Aged; at night at a congregation of seventy-five people.

M. at the Home of the Aged; at night at a congregation of seventy-five people.

TAFFY PULLING

Miss Gladys Purcell entertained a number of friends at a taffy pulling the other night. Those present were: Misses Lillian Purcell, Burnice Hopkins, Virginia Cavanaugh, Marie Shipley, Flossie Ellis, Helen Ennis, Marie Ennis, Helen Byrd, Linda Williams, and Virginia White, and Messrs Albert Purcell, Julian Williams, Elton Maddox, Ralph Williams, Louis Williams and Mrs. and Mrs. Charles White and children. A very pleasant evening was spent by all present.

FORMER SALISBURIAN DIES

Mrs. Lois L. DeForrester, age 35, died January 22, of heart trouble after an illness of two years in her home in Denver, Colorado. She was a daughter of Mr. George W. Moore and the late Christiana Moore of Clara, and was married in 1918 to Mr. Charles DeForrester of Pittsburgh. She was formerly a nurse in Salisbury. Burial was made on January 28 in the Home Burying ground at Clara, with Rev. Givans officiating. She is survived by her husband, three sisters, Mary, Cecil, and Eunice, two brothers, George H. and Harold, and her father.

Chamberlain's Tablets For Indigestion and Constipation.

"The nicest and pleasantest medicine I have used for indigestion and constipation is Chamberlain's Tablets," writes Melard F. Craig, Middle Grove, N. Y. "They work like a charm and do not grip or leave any unpleasant effect."

Jes' Right

Sir—After purchasing a quart I found it corroded my zinc-lined interior, so I gave it to Al, our saddle-colored jammer. Later I asked him how he found it. He replied, "Jes' right, Cap'n, jes' right." "What do you mean, 'jes' right'?" said I. "Well, you can't, if it had been any better you wouldn't have given it to me, and if it was jes' right, I'd 'a' died. It was jes' right."—J. G. S. in the Chicago Tribune.

It Is Difficult

"I'm sorry, madam," said the grocer, "but I haven't any white turkeys. Won't any other kind do?"

"Decidedly not," was the weary answer of Mrs. Newmar, who had been hunting the whole morning for a satisfactory holiday bird. "Neither my husband nor myself can eat anything except white meat."—American Legion Weekly.

Trinity Methodist Episcopal Church, South, John Brandon Peters, Minister.

9.45 A. M. Sunday School, G. Wm. Phillips, Supt. Motto for January: "Every man of the Church, a member of the Sunday School." Increase more than 100% last Sunday. Special music, inspiring lesson, hearty fellowship. Watch us grow. 11.00 A. M. Divine Worship, "Does God Cause Business Depression?" 7.30 P. M. Evening Worship, "Prayer, the Dynamic of the Kingdom." "Come thou with us and we will do thee good."

Seventh Day Adventist Church, 412 E. Isabella Street.

Sabbath School, 2 P. M.; preaching, 8.15 P. M.; Sabbath (Saturday). Bible studies of special interest. All are welcome.

Presbyterian Church, Robert Alexander Boyle, Minister.

Morning—"A Truth that inspires fidelity and dispels anxiety." Evening—"Spiritual Instinct Our Guide."

Grace and Stengle M. E. Churches Wm. P. Taylor, Pastor.

At Grace next Sunday the pastor will preach at 11 A. M. a short sermon on the "Supreme Sacrifice," followed by the Sacrament of the Lord's Supper. At 7.30 preaching and evangelistic services. Sunday School 9.45 A. M. Class meeting 2.30 P. M. Epworth League prayer meeting 6.45 P. M. led by Denwood Smith. The pastor preached last Sunday three times: in the morning at Grace; 3 P. M. at the Home of the Aged; at night at a congregation of seventy-five people.

At St. George's next Sunday the pastor will preach a short sermon on the "Supreme Sacrifice," followed by the Sacrament of the Lord's Supper. At 7.30 preaching and evangelistic services. ANNOUNCEMENT

---To The--- Citizens of Salisbury

I hereby announce that I am a candidate for the office of Mayor of Salisbury subject to the Democratic Primaries to be held in April.

I. E. JONES

January 11, 1922. T-931.

ANNOUNCEMENT—WE WISH to announce the opening of a first class dressmaking shop at the corner of Camden street and Circle avenue in the second story of the Gordy building. Fannie W. Wimbrow and Cora L. Wimbrow, formerly with J. E. Shockley & Co. 6-985

I wish to announce to the Citizens of Salisbury, Md. that I will be a candidate for election as a member of City Council Subject to the Democratic Primaries to be held in April 1922.

I have been a consistent Democrat all my life and have never before asked for public office.

If I am successful I promise to be a friend to the Masses exemplifying the true meaning of Democracy.

NEWSPAPER MEN MEET DESPITE THE STORM

Annual Gathering in Wilmington Well
Attended—Governors Unable To
Be Present.

Defying the elements, editors and publishers of the Del-Mar-Via Press Association, representing newspapers of Virginia, Delaware and the Eastern Shore of Maryland, met in the Hotel DuPont on Saturday for their annual session. Although attendance was not up to standard on account of the storm, there was a good representation and the meeting was extremely successful.

Samuel E. Shannahan, Easton, for the past two years president of the Association, stated that the past year had been the most successful the organization had yet enjoyed. This he attributed to two things: the good will developed at the meetings held in Salisbury in the spring and at Easton in the fall.

Referring to the death of Harry L. Brewington, Mr. Shannahan called attention to the fact that Mr. Brewington was one of the organizers of the Association and had read the first paper before the editors at their first meeting seven years ago. He appointed a committee of C. L. Estill and C. L. Vincent, Snow Hill, to draw up resolutions indicating the regret of the Association at the death of so prominent a member.

The annual election resulted in the re-election of the following officers: President, S. E. Shannahan, of the Easton Star-Democrat; vice-president, George Carter, of the Wilmington Evening Journal; secretary and treasurer, William F. Metten, of the Wilmington Evening Journal; executive committee—Colonel Theodore Townsend, of the Milford Chronicle; Everett C. Johnson, of the Newark Post; Fred Usilton, of the Kent News, Chestertown, Md., together with the president, vice-president and secretary.

On a motion made by Mr. George Carter of the Wilmington Evening Journal, the dues were raised from \$2 to \$3 per year. The Association went on record as favoring the present system of paying advertising agencies a commission for their services and of throwing their business to those paper dealers who publish the long price lists.

Governor Ritchie of Maryland who has been present at the last three meetings was unable on account of sickness to attend the Wilmington session. Mr. Carter therefore moved that the secretary write him a letter of sympathy and express the wish of the organization for his speedy recovery. Governor Denney of Delaware was also unable to be present.

For the first time in its history membership in the Association was thrown open to women of Maryland, Virginia and Delaware who are engaged in newspaper work. Miss Elizabeth M. Bullock, society editor of the Wilmington Evening Journal, Miss Alice Roop, society editor of the Wilmington Evening Journal, and Miss

Ruth Wood of the editorial staff of the Easton Star-Democrat, were elected members.

After technical discussions on both printing and publishing by a number of the members, the Association was invited to a delightful luncheon, the hosts being the newspaper men of Wilmington and Mr. Harry J. Harkins, manager of the Hotel DuPont, who was made an honorary member of the organization.

Representative T. Alan Goldborough was the principal speaker of the occasion, his subject being in general on the American dollar as a standard.

Mr. Goldborough gave a very graphic and instructive talk on economic conditions. Mr. Everett C. Johnson, of the Newark Post, also gave a short talk in which he asked the newspaper men to lay more stress on the wealth of tradition to be found on the Peninsula.

The spring meeting will be held in Newark at the Kelis plant, and the fall meeting will take place in Dover, Delaware.

Those who attended the meeting were S. E. Shannahan and C. E. Bray, of the Easton Star-Democrat; Col. Theodore Townsend and J. Marshall Townsend, of the Milford Chronicle; Herman C. Taylor, correspondent at Dover; C. L. Estill, of the Wicomico News; H. C. McSherry, of the Dover Index; E. M. Davis, of the Newark Ledger; William F. Metten and J. B. Rumbold, of the Wilmington Every Evening; George Carter and Leon M. Wickesham, of the Wilmington Evening Journal; Clarence C. Killen, of the Wilmington Morning News; A. R. Saylor, of the Wilmington Labor Herald; Harrie T. Price, of the Dover Delawarean; Colonel James C. Wickes, of the Dover State News; Charles E. Gray, of the Wilmington Morning News; C. B. Farmer, F. K. Reynolds and Merris Taylor, of the Wilmington Every Evening; J. W. Stowell, of the Courier, Federalburg, Md.; and Clarence J. Pyle, of the News-Journal Company.

CRITERION QUARTET ANNOUNCES PROGRAM

Repertoire Indicates Unusual Range
of Selections. Reserved Seats On
Sale at Wicomico News Office.

No doubt the greatest musical event of the season will be the entertainment by the Criterion Male Quartet at the Arcade Theatre, February 6. They have given the people of Salisbury two splendid entertainments, and the promise of even a better one this time. Every music lover should take advantage of this opportunity and hear this celebrated quartet.

A glance at the program will demonstrate the range of selections which makes it possible for them to please every hearer. They have a number of humorous encores which will be given at the request of the audience.

Program.

Quartet—(a) "Give a Man a Horse," O'Hara; (b) "Absent," McCall.

Tenor Solo—"Murmuring Zephyrs," Jensen. Mr. Young.

Quartet—(a) "Sally in our Alley," (English), Traditional; (b) "Annie Laurie," (Scott), Traditional; (c) "The Bells of Shandon," (Irish), arr. Nevin.

Baritone Solo—"Prologue to Pagliacci," Leoncavallo. Mr. Reardon.

Quartet—(Songs of long ago—(a) "In the Gloaming," arr. Parks; (b) "Love's Old Sweet Song," Molloy.

Piano Solo—"Prelude in G Minor," Rachmaninoff. Miss Schuele.

Quartet—(a) "Dreaming alone in the Twilight," Moore; (b) "Ole Uncle Moon," Scott.

Tenor Solo—"Celeste Aida" (Aida) Verdi. Mr. Mellor.

Quartet—(a) "Close Harmony," O'Hara; (b) "The Huskin' Bee," Henry.

Base Solo—"Danny Deever" (Kipling), Danforth. Mr. Chalmers.

Quartet—"Carmena," H. Lane Wilson.

Reserved seat tickets may be exchanged at the Wicomico News Office, Friday and Saturday, February 3rd and 4th, until 9:00 o'clock P. M. and Monday all day at the Arcade Box office.

DELIGHTFUL PARTY.

Miss Dorothy Smith of Fruitland gave a very delightful party Tuesday evening, January 24, at her home, in honor of her guests Misses Lottie and Lena Hearne of Salisbury. Those present were as follows: Misses Bernice Mezick, Olevia Carey, Delena Jenkins, Verna Hoover, Florence Hayman, Nellie Banks, Marian Moore, Elizabeth Coulbourne, Lottie and Lena Hearne, Messrs. Graydon Mezik, Albert Hayman, Conrad Livingston, Marvin Adkins, Lloyd Brown, Roy Brown, Aubrey Bailey, Cyrus Hoover, Clyde Bonds, Ernest Hearne, Otis Holloway, Ray Whayland. Various games were played and refreshments were served.

CROWDED HOUSES

Owing to the fact that all reserved seat tickets were sold within a few hours after the box office opened, The Moose Epileptic Minstrels had to put on a matinee Wednesday afternoon. The Standing Room Only sign was displayed in front of the Arcade Theatre about noon Friday, the day the reserved seat sale began.

BILL ON LOCAL LAWS.

Senator Charles R. Disharoon introduced in the Senate on January 25, a bill relating to local laws of Wicomico County. The bill was referred to a special committee consisting of Senators Disharoon, Harrison, and Byrn.

Many ills come from impure blood. Can't have pure blood with faulty digestion, lazy liver, and sluggish bowels. Burdock Blood Bitters is recommended for strengthening stomach, bowels and liver and purifying the blood.—Adv.

COL. MARKEY PRESENTS THE LEGION'S PROGRAM

States That Any Cut in Army Estimates Would Seriously Affect National Margin of Safety.

Opposing a reduction of the estimates of expenditures for the Army made for the present session of Congress, Colonel D. John Markey, chairman of the American Legion committee on military affairs, and one of the national executive committeemen from Maryland, accompanied by representatives from several other States, presented to the House Committee on Military Affairs the Legion program for national defense.

Colonel Markey stated that in preparing the budget, Army officials have asked only for what the Legion considers absolutely essential. "The economic demands of the country," he said, "have received the fullest and most careful consideration by the Secretary of War and any material cut will seriously affect an adequate national defense of our country, and will tend to bring it below what is

recognized as a proper margin of national safety."

"The American Legion recognizes the demand for retrenchment and reduction in Government expenditures, but as practical men who have learned the lessons of preparedness by the hard experience of war, we are confident that it would be a great mistake at this time to limit the proper functioning of the national defense act by reduction in the estimates as submitted by the War Department and approved by the budget committee."

MEXICO WILL SEND QUAIL TO MARYLAND

Maryland will soon be able to boast 10,000 Bob White, imported from Mexico. State Game Warden E. Lee LeCompte has received word from Frank Kent and W. A. Learn that permission to export the birds has been granted by the Mexican authorities. Kent and Learn were commissioned to obtain the quail to restock Maryland coveys.

The agents have not yet received the permit but have heard that Arhullo Gonzal, recently inaugurated Governor of the State of Coahuila, Mexico, has granted it. More diffi-

culty is experienced this year than last in obtaining permits, for Senator Gonzal soon after his inauguration December 1, issued an order that no game or fish should be trapped, caught or shot without a permit. He has particularly hampered trapping for export purposes.

Mexico is the only source from which quail can be imported to restock Maryland. The other sections of this country scarcely have enough for their own use and will not allow birds to be exported. Last year 30,000 quail were shipped out of Mexico, the largest shipment on record. Maryland received 10,559 of these and Pennsylvania and Missouri divided the rest.

SOMERSET SCHOOL MAN IS CLAIMED BY DEATH

William Handy Dashiell, Superintendent of Schools, Succumbs After Two Years of Ill Health.

William H. Dashiell, age 69, Superintendent of Schools for Somerset County since 1884, died at his home in Princess Anne on Wednesday, January 25. In ill health for the past two years, he had been confined to his home since September. Funeral services were held at Antioch Methodist Episcopal Church at three o'clock Friday afternoon and interment was made in the Presbyterian Cemetery.

With the exception of two years during the administration of Governor Lloyd Lowmeyer, Mr. Dashiell served continuously as Superintendent of Schools for Somerset County from 1884 until the hour of his death. He received his earlier education at a private school in Baltimore and later at Dickinson College from which institution he was graduated in 1871.

After serving for a time as principal of the high school at Crisfield and of Washington Academy, Princess Anne, he studied law and was admitted to the bar.

In 1884 he was appointed Superintendent of Schools and it is said that he had been employed in public school work longer than any other man in Maryland. He was in touch with his school work until a few months ago.

Mr. Dashiell became associated with the Maryland State Teachers Association in 1885 and in 1907 was elected president of the Association of County School Superintendents.

He bought the Marylander in 1896 and the following year consolidated it with the Herald, but he had not been engaged in newspaper work for the past five years. He was married twice, his first wife being a Virginian, Miss Sallie B. Upshur, and his second, Miss Elin M. Daugherty, of Princess Anne, by whom he is survived.

Besides his widow, he leaves two daughters, Misses Emily Irving and Nell Dashiell, both of Princess Anne. Mr. Dashiell was a Mason and a past master of Manokin Lodge.

CHARLES HILL HELD FOR LIQUOR SELLING

Denies Any Connection With Alleged Transaction Between Former and Present Members State Police.

Hazel Jones, a member of the Maryland State Police, has been suspended by Captain Roger H. Williams, and Charles Hill of Salisbury is being held in \$1000 bail by United States Commissioner E. P. Wyatt at Crisfield for alleged violation of the Volstead act, the specific charge being the transportation and selling of liquor.

Hill's arrest and Jones' suspension followed a complaint made to E. Austin Baughman, Commissioner of Motor Vehicles, by one John Petroff of Baltimore who stated that Hill and Jones had not paid him for several cases of whiskey which they had agreed to buy and dispose of.

On December 23, according to Petroff's story, he and a friend were bringing a truck containing ten cases of whiskey from Baltimore to Salisbury. Near the city limits, the truck broke down. Petroff then approached Jones with a proposition that the officer dispose of the whiskey and split the proceeds with the drivers of the truck.

Jones accepted the offer, said Petroff, but would not pay for the liquor. Charles Hill, it is said, was called to the headquarters of the State Police where Jones laid the proposition before him. Hill states that he informed the policeman and his companions that he was not in the bootlegging business but knew some one who might dispose of the stuff. He was told, so he says, that the whiskey was in the rear of a certain hotel in the city and when he went by the place he saw the cases there. Later, he declares, upon passing the same spot he found the cases had been removed.

Hill emphatically denies having had anything to do with the transaction. Officials of the State Police Force, prohibition agents, and a deputy United States Marshal are working on the case. Petroff, it is understood, is a former member of the State Motor Police.

Our co-operator, Frank Pilgrim, believes that the Tar Heel soy bean is a better hay than the Wilson. As most of us know the Mammoth Yellow is too coarse to be a good hay bean but the branching habit of the Tar Heel makes for finer hay. The Tar Heel also yielded, on the average, 19 bushels of seed per acre. W. F. Allen also tried out the Tar Heel variety this past year and we believe that he was very well satisfied with the variety.

The Vegetable Committee of the New Jersey Horticultural Society have recommended the following varieties of vegetables for planting in that State:

Asparagus — Argentine, Reading, Giant, Washington.

Wax Beans — Currie's Rust Proof, Improved Golden Wax.

Green String Beans — Bountiful, Stringless Green Pod.

Beets — Crosby's Egyptian, Detroit Dark Red.

Early Cabbage — Jersey Wakefield, Copenhagen Market.

Late Cabbage — Danish Bluehead, Flat Dutch.

Celery — Golden Self Blanching, Easy Blanching.

Cucumber — White Spine, Davis Perfect.

Egg Plant — N. Y. Improved, Black Beauty.

Lettuce — Big Boston, Salamander, May King.

Pole Lima King of the Garden, Challenger.

Bush Lima Fordhook.

Cantaloupe — Improved Jenny Land, Fordhook.

Onion — Southampton, Yellow Globe, Yellow Globe Danvers.

Peas — Gradus, Alaska, Little Marvel, Laxtonian.

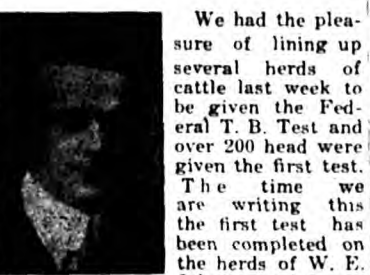

Parasprings — Hollow Crown, Peppers — Ruby King, Chinese Giant.

Radish — Scarlet Globe, Scarlet White Tipped, Icicle.

Spinach — Thick Leaf, Savoy.

Turnip — Purple Top Globe, Golden Ball.

COMMENT OF COUNTY AGENT COBB ON AGRICULTURAL HAPPENINGS

We had the pleasure of lining up several herds of cattle last week to be given the Federal T. B. Test and over 200 head were given the first test. The time we are writing this has been completed on the herds of W. E. Johnson and James Adkins and all their cows came thru with flying colors. We were very much pleased to find that no animal in these two herds showed any signs of tuberculosis. The other herds tested were at the Homestead Farm, C. V. Landing, and W. F. Allen and we expect to get the same report from these as we did from the others.

The Mayor and City Council are co-operating in the better milk campaign and their first move was to pass a resolution that every person distributing milk in the city of Salisbury must be licensed on or before the 15th of February. This is a good move and should be given definite attention on the part of those who sell or distribute milk in the city. As will be noted from the contents of their resolution, no fee will be charged, but every one will be allowed to secure a license free of charge. Our work is primarily in the county and not in the city of Salisbury but we wish to state that we are back of every move of this kind and as long as no radical move is made we are going to co-operate with any and every agency that tends to the improvement of health, especially the health of the children.

This testing work was performed by Federal and State employees and the following doctors were here last week: Ladsen, Earnest, Graft and Jones. The above were very much surprised at the quality of the cattle in the county as they did not expect to see such splendid animals in a trucking county. They were high in their praise of James Adkins and were also very much surprised at the quality of the milk in the county as they did not expect to see such splendid animals in a trucking county. They were high in their praise of James Adkins and were also very much surprised at the quality of the milk in the county as they did not expect to see such splendid animals in a trucking county.

We hope that many of our farmers will be able to attend the meetings being held at Sanford this week. Notices of these meetings have been in the newspapers so that everyone without doubt knows the schedule but as a sort of reminder we are going to mention the topics that will be discussed. Of course we realize that the week will be half gone but the last two days are filled with good things. Monday the topics are Lime, Fertilizer and Manure for Truck Crops and Movies. Tuesday will be devoted to Cover Crops and Soil Improvement. Wednesday the subjects will be Cantaloupes and Poultry while on Friday the day will be devoted to Fruit. The ladies are not neglected but we do not know the subjects that will be discussed although we know that they are to be given as much attention and instruction as the men.

"The largest owner of timbersland, the largest user of timber, is the farmer. Wood means more to him than anyone else. It will pay him to put any idle acres to work growing timber."

All indications point to increased prices in soy beans and cow peas as the season advances. They can be bought now for around \$2.25 per bushel, but we feel that they will not remain long at that price. Feeds, in general, are also advancing and we have been warned several times that mill feeds will be at their lowest and are bound to rise.

Our co-operator, Frank Pilgrim, believes that the Tar Heel soy bean is a better hay than the Wilson. As most of us know the Mammoth Yellow is too coarse to be a good hay bean but the branching habit of the Tar Heel makes for finer hay. The Tar Heel also yielded, on the average, 19 bushels of seed per acre. W. F. Allen also tried out the Tar Heel variety this past year and we believe that he was very well satisfied with the variety.

The Vegetable Committee of the New Jersey Horticultural Society have recommended the following varieties of vegetables for planting in that State:

Asparagus — Argentine, Reading, Giant, Washington.

Wax Beans — Currie's Rust Proof, Improved Golden Wax.

Green String Beans — Bountiful, Stringless Green Pod.

Beets — Crosby's Egyptian, Detroit Dark Red.

Early Cabbage — Jersey Wakefield, Copenhagen Market.

Late Cabbage — Danish Bluehead, Flat Dutch.

Celery — Golden Self Blanching, Easy Blanching.

Cucumber — White Spine, Davis Perfect.

Egg Plant — N. Y. Improved, Black Beauty.

Lettuce — Big Boston, Salamander, May King.

Pole Lima King of the Garden, Challenger.

Bush Lima Fordhook.

Cantaloupe — Improved Jenny Land, Fordhook.

Onion — Southampton, Yellow Globe, Yellow Globe Danvers.

Peas — Gradus, Alaska, Little Marvel, Laxtonian.

Parasprings — Hollow Crown, Peppers — Ruby King, Chinese Giant.

Radish — Scarlet Globe, Scarlet White Tipped, Icicle.

Spinach — Thick Leaf, Savoy.

Turnip — Purple Top Globe, Golden Ball.

SOULMATE QUITS GARLAND BABY AT HOME

Early Tomato—Earliana, Bormy Best. Late Tomato — Matchless, Stone, Greater Baltimore. Rutabaga — Long Island, Purple Top.

The following came from Wapato, Washington and we noticed when the North American one day last week. "One of the luxuries on the tables of several townspeople here is watermelon molasses. As a table syrup this new product is finding favor. It will be tried out on a commercial scale this summer. It was found that three gallons of the juice of watermelons would boil down to one pint of excellent molasses." We have written for more information regarding this proposition.

It was estimated that in 1919 the losses from field diseases were: wheat 100,000,000 bushels; Oats 78,000,000 bushels; Corn 200,000,000 bushels; Potatoes 85,000,000 bushels; Sweet Potatoes 58,000,000 bushels; Apples 18,000,000 bushels and Botton 1,742,000 bales. It is true, also, that a large amount of these losses were due to diseases that could have been prevented to a great extent as careful experiments have proven that the losses from diseases in sweet potatoes that can be cut down to a very small percentage if the proper precautions are taken and proper methods followed.

The January 21, issue of the U. S. Crop Reporter tell us that fifty-four and one half per cent of the clover seed produced in the United States is usually harvested in September and about twenty per cent on in August and October. Cold storage holdings of frozen poultry on January 1, amounting to 103,255,000 pounds were the largest since the beginning of the 1919 season. Holdings of barreled apples on January 1, were the lowest ever reported for that date but the stock of boxed apples, on the other hand, were very large, over two million boxes more than the previous high point reached on January 1, 1920.

We surely hope that before any of our farmers order fertilizer from outside sources they will get prices from our local dealers to see what is being offered them right at home. We are not, and never have been, in favor of buying out of town when we can get the right prices and the right goods from our own dealers but on the other hand we are in favor of ordering from outside sources when prices and quality at home are not in comparison with the outside goods. We have prices from a great many firms and so far our local firms have offered just as low as any firm we know of, in fact today their prices are below the great majority. The slogan "Buy in Salisbury" can be truthfully applied to fertilizers so far as we know it present.

CHILD TRAINING AT HOME

This is No. 62 of the fourth series of articles issued by the National Kindergarten Association, 8 West 40th St., New York, City. They are appearing weekly in these columns.

FAMILY PRAYERS AND SAYING GRACE.

By Mary C. Terry.

All over the country there is a movement to re-establish these customs which were observed by our Pilgrim Fathers whose characters and accomplishments speak for their sterling worth. How many children of the present generation have had the unforgettable experience of "saying Daddy pray?" It is a sorry thing that with the omission of the children of ministers families, there are not many. Yet there is no one thing which makes such a lasting impression and is such an influence for good on the plastic mind of a child.

It seems as if time is so limited in our average American home, business and family routine so pressing that we fail to find a suitable time to observe with our children those things which we ourselves know to be wise and best. Consider first "Saying Grace." Even in the busiest of homes, surely there is time for bowed heads and a few words of thanks to the Giver of our food, a simple prayer which can be understood even by the young members of the family. The children love it and when accustomed to the little ceremony feel something is seriously missing when it is omitted. During our little son, scarcely more than a year old, will come toddling from his play as we sit down to a meal and hold up his arms to be taken. (Of course he is a schedule baby and does not have his meals with the family as yet.) He will sit quietly in his mother's lap and look wonderingly about the table, impressed by the bowed heads and his grandfather's voice "Saying Grace."

Is not wonder said to be the first awakening of religion in a little child's heart?

Virginia, who is five and has just started to Kindergarten, lost her father in the recent "Flu" epidemic. The mother, though interested in her children's welfare, is too busy providing food for three hungry mouths to take time for what we might call the finer things of life. When the little girl learned the "Thank You Prayer" at Kindergarten, she came home to ask if she might not say it at her table and now the little home is touched by something which makes the common place seem brighter and the daily struggle less irksome than before.

The old custom of "Family Prayers" and bible reading has been greatly crowded out of our homes because of the unavoidable rush in which we live. But every mother and father who wish their children to become acquainted with the greatest of classics and have a foundation for a lasting religious faith will, if they are wise, make a place for just this thing. Fascinating stories of bible heroes read at bed time, the Lord's Prayer repeated together perhaps at breakfast or at some other suitable time, the talking over with Mother or Daddy the little misdeeds or failures of the day and the asking "Our Father" help to overcome them; all these things serve to form a sweet and unbreakable bond of sympathy between the parent and child.

GO NO FARTHER.

The Evidence Is At Your Door.

Salisbury proof is what you want and the statement of this highly respected resident will banish all doubt. W. F. Bounds, brick mason, 110 Williams St., Salisbury, says: "I was troubled with lame back and disordered kidneys. The kidney secretions were scanty and caused annoyance. When I would bend over to tie my shoes I found it very hard to straighten up because of the sharp pains that would catch me in the small of my back. I learned of Doan's Kidney Pills and got a box at Collier Drug Co. I had no more trouble and can recommend Doan's very highly to anyone suffering as I was." (Statement given January 21, 1916).

On January 7, 1921, Mr. Bounds said: "Doan's Kidney Pills put my kidneys in good condition and I never miss a chance to recommend them. I seldom have any sign of kidney trouble now and give Doan's all the credit."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bounds had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

On The Job

When you want to think hard and straight, the familiar face of your favorite pipe and haz of good tobacco smoke seem to cut you off from the rest of the world and let your mind work the way it should. The pipe that never interrupts, nor takes your mind off your work is the W. D. C. WELLINGTON.

The Universal Pipe.

As you smoke your Wellington there's never a bubble no a gurgle. The well catches all moisture and tobacco crumbs. The smoke comes up away from your tongue, through an opening in the bit. The Wellington is made of genuine French briar seasoned by special process, as to break in sweet and mellow and is guaranteed against cracking or burning through. Get A Wellington. Making Sales By Telephone

SOME months ago the manager of a South Bend Corporation which handles Goodrich tires decided to try the telephone as an out-of-town salesman. The results were a revelation.

He talked personally to twenty-nine car owners; to eight of them he sold tires, and others promised to call at his place of business.

More than twenty-five per cent. of the prospects called were actually sold. A sales letter which would produce such results would be considered a miracle.

Why not make your telephone a productive salesman? It pays.

It doesn't cost much to telephone out-of-town and there are special reduced rates on Station-to-Station calls after 8.30 P. M.

Consult your directory or ask the operator for rates to the different points.

Does your heart Palpitate?

THIS frequently arises as a result of gases pressing against this organ, producing dizziness, headache, insomnia, frequently bad dreams.

These gases indicate improper assimilation of food and a fullness of the bowels, which should have immediate attention. Take

Red Cloud Liver Berries

as directed, and assist Nature to dispel this waste and poisonous matter which is upsetting your system and bringing on dangerous constipation. Pains around the heart and palpitation are not necessarily indicative of organic trouble. If they persist, consult a physician. In the meanwhile, take Red Cloud Liver Berries.

"A Berry at Night makes the Morning Bright."

Something to Think About

By F. A. WALKER

IT'S WORK THAT WINS.

WHEN a great player sits at the piano and touches the keys, they respond with exquisite sweetness.

As you listen and drink in the waking music, you realize that it is good for the soul.

There is joyful inspiration in every ringing note.

You yield to unrestrained enjoyment. Long have you been thirsty.

Now you will drink your fill.

So it is with a picture revealing in composition and color those masterly strokes which we are apt with more or less airiness of manner to designate as real art.

There is always pleasure in watching the proficient man do his work, and noting the self-confidence with which he approaches it, whether he be an artist, a carpenter, or a cobbler.

He exhibits skill in his every movement, and this very skill of his sets him off as a master in his particular calling.

He has acquired dexterity by common-place work—by doing over and over again the difficult parts until no more difficulties remain.

Nothing worth while in life can be obtained except by continuously applied effort, which, in the basic sense is work—hard work, oft repeated.

Lincoln worked his way to honor and fame by reading and studying at night, lying prone on the floor.

His only light being that from the burning wood in the open fireplace of his log cabin home.

McKeefer and his partner had less than eight hundred dollars when they first ventured in the oil business. But they overcame the many obstacles confronting them by working and keeping at it.

Work is the key that unlocks the world's treasure chest.

The pianist spends hours every day in practicing intricate passages; the painter, often cold and half starved, paints and rules out, until he gets the effect he has visioned; and so it goes with every man and woman who ultimately rises to distinction.

The mistakes they make act as incentives for greater effort and more earnest work.

Work! Work! Work! That's the thing that wins.

The diligent worker never admits defeat, never ceases exertion till he "arrives" at the top of the hill where success is waiting with outstretched hands to confer honor and riches beyond his dreams.

FOUR weeks while last week I think I am gonna lose da lecher ty for longa time. I almosta been een da jail again one day. I no gotta mensh brooka da law but I maka lecher meesake understanda de Eng-les and righta quick I have plenty trouble.

I aska one my frien one day wot he gonna do and he say he gotta go een da court. I aska wot he gonna do dat place and he tella me he gotta da ease place.

You know some da probish was longa time I no see dat much alla one time. I gotta givata here so quick may Ipen tella me dat. I no say somat-ting wot I been wot I think, but I aska wot da boss een da court.

My frien tella me da judge run dat place. So I aska eef da judge gotta any more case. He say, "Sure, da judge gotta so many case he no gotta lecher for seven mont." I aska how moncha cost case een dat place. My frien say was doctent price, some time da state pay for da case and oth-er time da guy avot wanta da case gotta pay lecher bat.

So righta quick I go vesit da place where da judge work. I aska da guy on da elevate where's da judge and he tella me was een hees cham-ber. I find lecher eef een da front office and I figure she was da cham-bermaid. I aska eef she's da cham-bermaid and for somat-ting, I dunno, she gotta mad. She no want letta me see da judge, but I see anyhow.

I explana wot da judge dat one my frien tella me he gotta some case een da court. So I maka heem da propish. I tella heem I don't needa whole case, but wot like ta getta case four quart eef ees gooda stuff. But dat judge tella me eef I no getta out he trow me een da jail, Mebbe he no wanta see I dunno.

Wot you think?

ULTIMATE OBJECTIVE
Old Mr. Multirox—And so, you are willing to make me happy by becoming my wife?
Young Miss Goldilox—Yes, I suppose I'll have to be your wife in order, eventually, to become your widow.

FIGHTING PARSON IS NEW LEGION CHAPLAIN

Rev. Earl A. Blackman of Kansas, newly elected chaplain of the National American Legion earned his title of "Fighting Parson" when he offered to do battle with any A. E. F. skipper in France and received no acceptances. Now he holds dances in his church in Kansas, teaches pugilism to Sunday School pupils and says Blue Laws are bunk.

THE RIGHT THING AT THE RIGHT TIME

By MARY MARSHALL DUFFEE

GIFTS FOR THE BRIDE

Never do a thing concerning the rectitude of which we are in doubt—Pinky the Younger.

REMEMBER that wedding gifts are always sent addressed to the bride-to-be even though you may never have met her and you are a friend only of the bridegroom-to-be. If you receive invitations to the wedding or know of it before it occurs then the gift should always be sent before the ceremony and the present addressed in the bride's maiden name.

Silver and other articles to be marked with an initial should bear the first letter of the bride's maiden name, usually. There are, however, some young women who prefer to follow the continental European fashion and have their silver, etc., marked with their married initial. If you know this to be the case have your gift marked in this way.

If you do not know of the marriage, until after it has occurred the gift should still be sent to the bride only, but it should of course be addressed to her married name.

A wedding gift may be something personal for the bride or something that is for both bride and groom as an article of household decoration or furnishing. It should never be something that is especially suitable for the bridegroom, as for instance, a smoking stand.

The understanding usually is that if you receive invitations simply to the wedding ceremony at the church no present is due, but that if you are invited to the house to the wedding of a wedding reception a present is in order. Now, it is never in reality but form not to send a wedding present if you do not feel able or if you do not think enough about the persons from whom the invitation is received to wish to do so. If you do not send a present, however, simply through indifference, then do not attend the wedding party, but write timely regrets.

Even though you are not invited to the house or in fact are not invited to the wedding at all, if the one married is a dear friend you are quite right in sending a present if you wish to do so. In order not to give the bride something that she would not care for it is permissible to make inquiries concerning her wishes on the subject. It is better, perhaps, to make these through a third person and not to ask the bride personally, but rather a sister or close friend.

It is customary for the bridegroom to give the bride a present of some sort of jewelry on the occasion of the wedding, but this is by no means essential. The bride sometimes also makes the bridegroom a present at this time, but this is even less essential. In Persia the bridegroom gives the bride to be a present of two complete dresses, a ring and a mirror. In our own country the bridegroom must never make the bride a present of any part of her trousseau and, though he may give her jewelry that she wears on her wedding dress and her bouquet, he must supply no other part of her bridal array.

Mother's Cook Book

Words of frank cheer, glances of friendly eyes. Love's smallest coin, which yet to some may give. The morsel that may keep alive a starving heart.

GOOD FOODS.

A DESSERT which is different but which is both attractive and nutritious is:

Rice Ice Cream.

Boil two and one-half tablespoonsful of rice in a pint of milk with three-fourths of a cupful of sugar, a pinch of salt and when done rub through a sieve; when cold add one-half cupful of finely chopped almonds, one-fourth of a cupful of powdered sugar, one pint of whipped cream and two stiffly beaten egg whites. Freeze and serve in sherbet glasses garnished with cherries.

Raisin Pie.

This is the last word in raisin pies: Stew together one cupful of seeded raisins and one-quarter of a cupful of dried currants in one pint of apricot juice. Add three tablespoonsful of butter and two egg yolks, two tablespoonsful of lemon juice and sugar to taste. Put into a shell that has been previously baked, cover with a meringue made with the whites of the eggs and four tablespoonsful of sugar.

Hot Potato Salad.

Wash and peel potatoes and cut into balls with a small French cutter—there should be two cupfuls. Cook in boiling salted water until tender, drain and pour over the following dressing after they are well sprinkled with minced parsley: Mix one-half teaspoonful of salt, one-fourth teaspoonful of pepper, four tablespoonsful of olive oil, one-half cupful of finely minced celery, two slices of lemon, two tablespoonsful of tarragon vinegar and two tablespoonsful of minced onion, one tablespoonful of elder vinegar. Heat to the boiling point, remove the slices of lemon and pour over the potatoes.

Sour Cream Cake Filling.
Cook together one cupful each of sour cream and brown sugar; when thick stir in one cupful of lard or nut meats. Add flavoring and read on the cake while still warm.

Sardine Salad.

Cut two stalks of celery into bits, chop half a teaspoonful of parsley, remove the skins and bones from a box of sardines and break into bits. Toss all together and chill. Serve with a boiled dressing with some of the oil from the can added if it is of good flavor. Serve on crisp, well chilled lettuce leaves.

Nellie Maxwell

A Judicious Inquiry.

A well known traveling man who visits the drug trade, says he has often heard druggists ask a customer, who wished to buy a cough medicine, whether it was for a child or an adult and if for a child, they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving cough it is surmised.—Adv't.

By Mr. McCulloch—From 168 citizens of Garrett county, urging the passage of legislation against race tracks. Finance.

Mr. Mr. Legg (by request)—From 86 citizens of Queen Anne's county, urging the passage of legislation against race tracks. Finance.

The following bills were introduced:

By Mr. Towler—To amend the Sixth election district of Caroline county into two precincts. Special Committee, Senators Towers, Byrn and McDaniel.

By Mr. Frick—Authorizing Board of Public Works to dispose of a tract of land at northeast corner of Maryland and North avenues, Baltimore, and directing use of proceeds therefrom. Finance.

By Mr. McDaniel—Relating to the tax laws of Talbot county. Special Committee, Senators McDaniel, Russell and Byrn.

By Mr. Robb—Regulating titling fees collected by Motor Vehicle Commissioner. Judicial Proceedings.

At 12:25 P. M. the Senate adjourned.

The House assembled at noon, 100 members being present.

Orders introduced:

By Mr. Joseph—Three orders to increase city's representation on committee. Rules.

Bills introduced:

By Mr. Gambrell (by request)—To erect monuments on French soil to Maryland soldiers. Militia.

By Mr. Bankert—Imposing penalties on intoxicated drivers. Judiciary.

By Mr. Funk—To build new schools, Washington county delegation.

By Mr. Norris—To increase salaries of Harford County Commissioners. Harford delegation.

By Mr. Bankert—To protect raccoons and opossums. Carroll delegation.

By Mr. Dize—To remodel Jacksonville school. Somerset delegation.

Resolutions introduced:

By Mr. Cook—To repeal Eighteenth Amendment. Temperance.

Committee reports:

Order of Delegate Hall directing audit of Motor Vehicle Commissioner's titling fund was reported favorably by Ways and Means.

House adjourned at 12:20 P. M.

The Senate
The Senate met at 12 o'clock, January 25, 25 members answering the roll call.

The following resolutions were introduced:

By Mr. Disharoon—From the Assembly Methodist Episcopal Church, of Salisbury, urging legislation against race tracks. Finance.

By Mr. Jones—From a committee of citizens of Montgomery county urging legislation against race tracks. Finance.

By Mr. Byrn—Urging reduction of freight rates. Federal Relations.

The following petitions were presented:

By Mr. Disharoon—From the Trinity Methodist Episcopal Church South, of Salisbury, urging legislation against race tracks. Finance.

By Mr. Cantwell—From 68 citizens of Cecil county, urging legislation against race tracks. Finance.

By Mr. Snader—From 80 citizens of Carroll county, urging legislation against race tracks. Finance.

By Same—From 100 citizens of Carroll county, urging legislation against race tracks. Finance.

By Mr. Jones—From 100 citizens of Carroll county, urging legislation against race tracks. Finance.

By Mr. Legg—Providing for the purchase of a site for school house at Centerville. Special Committee, Senators Legg, Russell and McDaniel.

By Same—Relating to fish law of Queen Anne's county. Fish and Game.

By Mr. Robb—Amending tax law of Somerset county. Special Committee, Senator Robb, Byrn and Disharoon.

By Mr. Towler—Uniform road law in the counties. Road and Highways.

By Same—Authorizing purchase of site for school house at Denton. Special Committee, Senators Towers, Russell and Legg.

By Mr. Mitchell—Repeal of the full-grown law. Judicial Proceedings.

By Mr. Disharoon—Relating to local laws of Wicomico county. Special Committee, Senators Disharoon, Byrn and Harts.

At 12:15 the Senate adjourned.

The House
The House assembled at 12:25 P. M., 100 members present.

Resolutions introduced:

By Mr. Bankert—To increase city's representation on committees. Rules.

By Mr. Baker—Joint resolution urging Fort McHenry as national park. City delegation.

By Mr. Hall and Others—Petitions against race track gambling and Sunday movies. Judiciary.

Bills introduced:

By Mr. Mattingly—To alter charter of Indian Head. Judiciary.

By Mr. Nelson—To permit sale of milk, ice and drugs in Somerset county on Sunday. Judiciary.

By Mr. Holladay—Fixing number of justices of peace. Anne Arundel delegation.

By Mr. Cook—To use proceeds sale Fourth Regiment Armory lot for improvement Baltimore armories. Judiciary.

By Mr. Parker—To provide drawbridge over Wicomico river. Wicomico delegation.

By Mr. Grannan—For quadrennial registration. Elections.

By Mr. Friedel—Making chattel guarantees binding. Judiciary.

By Mr. Smith—To build road through Greensboro. Roads and Highways.

By Mr. Funk—Authorizing \$45,000 Washington county loan to make good school deficit. Washington delegation.

By Mr. Wolfinger—Blue Sky law. Judiciary.

By Mr. Corbett—Directing Commissioner of Motor Vehicle to furnish certain information. Judiciary.

House adjourned at 1 P. M.

The Senate
The Senate met at 12 o'clock, January 26, 22 members answering the roll call.

The following resolutions were introduced:

By President—From the Mayor and City Council of Baltimore, referring to modification of the Volstead act. Judiciary Proceedings.

By Messrs. Peverley, Mitchell, Parman and Sasser—Joint resolution urging amendment of laws relating to migratory birds. Federal Relations.

The following bills were introduced:

By President—Amending Workmen's Compensation law. Agriculture and Labor.

By Mr. Robb—Authorizing city of Cumberland to issue \$500,000 water improvement bonds. Special Committee, Senators Robb, Miah and McCulloch.

By Mr. Fox—Amending law relating to foreign corporations. Judicial Proceedings.

At 4:15 P. M. the Senate adjourned.

The House
The House assembled at 12 noon, 106 members present.

Bills introduced:

By Miss Risteau—Increasing powers of Board of Motion Picture Censors. Judiciary.

By Mr. Murphy—Lowering license fees for soda fountains in small towns. Ways and Means.

By Mr. Funkhouser—To provide for publication election notices. Elections.

By Mr. Wolfinger—Exempting tractor from motor vehicle license. Ways and Means.

By Same—To repeal charter of Pen-Mar. Washington delegation.

By Mr. Billings—To amend charter Westminster Theological Seminary. Corporations.

Resolutions on second reading:

Joint resolution to re-establish Indian Head. Favorable report by Committee on Federal Relations. Adopted.

No. 86—Somerset county school levy. Favorable report, Somerset delegation. Adopted.

Bills introduced:

By Mr. Webster—For free school transportation. Somerset delegation.

By Mr. Hall—To require renunciation of devise or bequest in lieu of dower. Judiciary.

By Same—To put time limit on right of appeal. Judiciary.

By Mr. O'Byrne—Providing for State boiler inspector. Manufactures.

House adjourned at 4:15 P. M.

TO RAISE STANDARD OF RURAL SCHOOLS

Department Of Education Measure Supported By Array Of Facts, Figures, And Explanations.

Betterment of rural school conditions to give farmer children the same standard of education as that at present maintained in Baltimore is the purpose of the Department of Education Bill now before the General Assembly.

Mr. Albert S. Cook, State Superintendent of Schools, will be fully illustrated and explained by a mass of statistics and charts especially prepared to make entirely clear to the legislators the educational needs of the State.

Statistics show that seven-tenths of the schools outside of the cities are one-teacher schools; but even more significant is the fact that of these teachers, 37 per cent, have had neither high school nor normal school training.

Teachers properly trained is the first requisite for raising the standard of the rural schools.

Increases in salary are held out to teachers whose qualifications, but no increase is to be granted to those who do not take high school training.

A higher classification can be reached by the teacher's attendance at the summer sessions of the Normal School, and the bill also sets aside \$12,000 for extension work.

Although it is not provided for in the bill under consideration, the ultimate purpose of the Department of Education is consolidation of the one-teacher schools. Consolidation will allow a teacher particularly fitted to teach one grade to have only that grade, instead of trying to instruct all children in grades from the first to the eighth.

In order that a high standard may

be maintained, thorough supervision is essential. Six counties now have no supervisors, while in other counties there is only one supervisor for more than 100 teachers. One feature of the bill now before the General Assembly is aimed at complete supervision in all the counties.

Statistical charts, compiled from every possible angle, together with full explanations, have been placed on every desk in the House and in the Senate to aid the law-makers in consideration of the school bill. The Department of Education has established headquarters in Annapolis so that it may be in close touch with the Assembly all the time in case there should be a hitch.

The charts make comparisons of all counties and Baltimore city in educational measurements. They show educational efficiency from the standpoint of results obtained and cost; number of days of school during the year; attendance of children between 5 and 18 years; per cent. of enrollment in average attendance in relation to white high, white elementary and colored schools; number of white and colored one-teacher schools in the State and the proportion these schools bear to the total; average teacher's salary adjusted to cost of living; annual expenditure per student and the proportion of that cost devoted to current expenses, supervisors, teachers' salaries, construction, textbooks and the like; average daily cost for education of each pupil; distribution of high schools in the State; enrollment, attendance, salary cost per pupil, daily cost of instruction, graduates and other figures relating to students in all the high schools of the State.

For several months, officials of the Department have been busy compiling figures and reports on which to base requests for an additional \$750,000 appropriation granted two years ago by the last Assembly. With such a clear-cut presentation of their case, the State educators should certainly receive favorable consideration.

Transposing The Terms
A Western jury had been called upon to decide a dispute over the ownership of some cattle which the defendant had been accused of stealing. It soon became apparent to all that he was innocent, and the jury was out but a few minutes.

"Justice," replied the foreman to the usual question from the court, "we find the plaintiff guilty."

"This court is trying the defendant, not the plaintiff," interposed the judge. There was a hasty consultation in the jury box, at the close of which the foreman rose again.

"Judge," he declared, "we find the defendant not guilty. However, judge, it 'pears like to us we been trying the wrong man."—American Legion Weekly.

Railroads Ask Repeal of Burdensome Law
SO-CALLED FULL CREW REGULATION IS COSTLY TO THE PUBLIC

TO THE GENERAL ASSEMBLY OF MARYLAND:
The undersigned Railroad Companies, all operating in the State of Maryland, join in a petition to your honorable body to act favorably on Senate Bill No. 74 introduced by Hon. Walter Mitchell, which repeals the so-called full crew law enacted in 1908. This burdensome and wholly unnecessary law requires railroads to man all freight trains of 30 or more cars with crews of six men: viz., 1 Engineer, 1 Fireman, 1 Conductor and 3 Brakemen. This crew comprises one more Brakeman than the railroads need.

The petitioners respectfully urge the abolition of this extra Brakeman.

BECAUSE, the employment of this useless Brakeman is an unnecessary burden on the railroads, and therefore, on the public, which after all pays the bill. In 1919 the cost was \$1,100,000. In 1920 it was \$1,200,000. In 1921 it was \$1,300,000. During the last three years this law has cost the railroads operating in Maryland approximately \$3,600,000. ONE HALF MILLION DOLLARS, without a single cent in return compensation.

BECAUSE, the extra Brakeman is not needed in the operation of trains. The Federal Government requires automatic couplers and air brakes on all cars and prohibits the use of hand brakes on trains. Two brakemen are sufficient. Then why a third Brakeman?

BECAUSE, this law places an unnecessary burden on the railroads and leads to high passenger and freight rates, in which the public is vitally interested. Industry and trade must be relieved, which is possible only by removing unnecessary burdens and lessening of overhead charges. The stringency of the times will be partially relieved by the repeal of this law. This repeal does not mean more unemployment. It does mean the transfer of men from useless to useful occupations. In other departments where the money paid them will be more profitably expended in repairing locomotives, cars, tracks, etc.

BECAUSE, Pennsylvania and other states have repealed similar laws. The West Virginia Legislature refused to pass a bill enacting such law. Virginia and Delaware are without such a law. Therefore, Maryland, alone in this group of States, is handicapped by a full crew law.

We, therefore, appeal to your honorable body to repeal this burdensome and unnecessary law.

MONTHS OF SUFFERING

How a Baltimore Girl Recovered Her Health

Baltimore, Maryland.—"For several months I suffered with severe backache and general weakness. I could not sleep comfortably at night for pains in my back. I found your book at home one day and after reading it began at once to take Lydia E. Pinkham's Vegetable Compound. I have had very good results and some of my girl friends are taking it now. You may use this letter to help other girls, as the letters in your book helped me."—ROSE WANDER, 3018 Roseland Place, Baltimore, Md.

That is the thought so often expressed in letters recommending Lydia E. Pinkham's Vegetable Compound. These women know what they have suffered, they describe their symptoms and state how they were finally made well. Just plain statements, but they want other women to be helped. Lydia E. Pinkham's Vegetable Compound is a medicine made from medicinal roots and herbs, and without drugs, to relieve the sickness of women so often have, which is indicated by backache, weak feelings, nervousness, and no ambition to get anything done or to go anywhere. It has helped many women. Why not try it?

Commissioner May Lose A Large Fund

Money Derived Under Tilling Law To Be Turned Over To State Treasurer If Bill Passes.

The Commission of Motor Vehicles stands in a fair way to lose control of a fund of \$190,000 derived within the past 16 months under the Tilling law. At the present time, the Commissioner has authority to use this fund after he deducts a sufficient amount to defray the expenses of enforcement. Senator Hobbs of Allegany has introduced a measure which would place this money in the hands of the State Treasurer. Although the excess money from this source has been used for the State police, without which the voters of this State do not want to do, the measure is strongly sponsored and will probably pass. The State Police force cost is taken care of in the budget. By resolution, Commissioner Baughman's accounts are to be audited immediately.

VAIN LITTLE CRICKET.

ONE night a little Cricket was singing loudly when a Toad which had been dozing by the trunk of a tree said: "Oh, do be quiet! I never heard such a noise as you and your family make."

"Very true," replied the little creature, "for our family are, of course, the best singers in the world. We can make a great noise, as you have said."

"But that does not make you the best singers in the world," replied the Toad. "Did you never hear the birds singing in the trees, silly creature?"

"Why should I listen to the birds when I can sing better than they do?"

asked the Cricket. "Just listen now. Our family are tuning up and I am sure birds could not sing louder."

"If you would take the trouble to listen some time when the birds are singing in the daytime I am sure you would not be so vain," said the Toad.

"Ah, there you are!" exclaimed the Cricket. "In the daytime you say: why do the birds not sing at night? I ask you, my friend? I will tell you; because they dare not compare voices with my family; that is why. We cab-outing them and they do not wish to let everyone know that the Crickets have the best voices."

Our Neighbors

OLDEST WILL AND DEED IRRIGATION A SUCCESS

The vaults of the Register of Wills and the Clerk of the Court contain many records of great antiquity. In fact they contain some that are older than any to be found on the Peninsula. In fact there is a will on file in James A. Spence's office that is the oldest known record on the Eastern Shore. It is a will which bears the date of March 22, 1656. The paper on which it is written is almost worn through, and is yellow with age. Parts of the writing can not be deciphered, but the dates and the principal items are plain. It was made and signed by Robert Woodberton, Planter, and it begins quaintly as follows: "In the name of God, Amen," and after giving the date proceeds "according to ye computation of ye Church of England." This would indicate that at this period there must have been some dispute as to the calendar year.

The testator "bequeathes my soul into ye hands of Almighty God my Maker, hoping ye (that) through ye merits and passion of Jesus Christ my only Saviour and Redeemer, to receive full pardon and forgiveness for all my sins." He bequeathes all his lands, houses, and "cattol," mares, hogs and all ye rest of my goods in general all ye to me belongeth and this aforesaid.

The date of this will makes rather confusing the claims of local historians that Talbot County was settled first in 1661.

The oldest known record of the convening of the court on the Eastern Shore is in the possession of Chas. B. Lloyd, Clerk of the Court for Talbot County. It shows that the first session held was on the 25th day of October, 1662, at which the six commissioners or justices of the peace sat at the house of William Coursey. The first business to transact, according to the record, was the acknowledgment of a deed offered by Thomas Phillips to Nicholas Bradway for four head of female cattle. Each animal in the deed is described by its peculiar markings. This deed is dated July 9, 1662. Other entries in the early records show where even plows were sold and recorded by deed. The William Coursey house referred to was probably on Wye River somewhere.

MARYLAND AND DRY LAWS

Prohibition enforcement records of the Internal Revenue Bureau for 1921 show that Maryland was twenty-first on the list of states in the number of arrests, eighteenth in number of distilleries seized, according to a dispatch from the Washington Bureau of the Sun.

In the number of gallons of distilled spirits seized, Maryland jumped to eighth place, and the appraised value of property it is twelfth, but in no way did it lead the country.

Prohibition Director Edmund Budnitz declined to comment on the figures in any way until he had examined them. At the Anti-Saloon League offices it was said that among the causes for Maryland's low rating might be the lack of a State enforcement law and lack of co-operation of the police, due to Attorney General Armstrong's ruling.

According to a statement from Washington, there were 605 arrests in Maryland and 34,176 in the whole country; 66 distilleries seized in Maryland and 9,746 in the country; 16,574 gallons of distilled liquors seized in Maryland and 413,987 in the country; property appraised at \$228,084 seized in Maryland and \$10,906,687 in the country.

ANTI-CIGARETTE LEAGUE ASKS 10,000,000 RECRUITS

CHICAGO.—The National Anti-Cigarette League announces a drive to begin next week for 10,000,000 recruits to the clean life movement of the league. Dr. D. H. Kress, of Washington, is president of the organization. An educational and law enforcement campaign is planned.

The estimated cost of the proposed hotel is \$2,500,000 for the building and seventeen thousand for interior equipment making a probable total cost of \$2,600,000 exclusive of the site. Mr. Diehl also presented a proposition to finance approximately half of the necessary original cost of the building and land through the assistance of Norfolk capitalists.

LOVE LEADS TO JAIL

Harry Powell of Exmore, Va., who two weeks ago, it is alleged, fleeced merchants of Laurel and Sanford out of hundreds of dollars' worth of goods, under pretense of working for the railroad company and promising to pay the next morning, when he got his check, was arrested at Laurel Wednesday afternoon by Officer Oscar James and committed to jail in default of bail.

CRISFIELD ROTARY CLUB

Prof. Albert S. Cook, State Superintendent of Education, and Prof. Wm. J. Hallway, District Superintendent, were guests of the Crisfield Rotary Club at the weekly luncheon held at the Commercial Hotel on Wednesday last. Informally the two State educators discussed the legislative program of the education board, and explained the progressive steps which it was proposed that Maryland should take, along educational lines. The presence of the two distinguished educators was a source of pleasure to the members of the club.

TALES FROM A BANK VAULT

Courtesy of Frederick Peirce & Co.

FIRST NIGHT

Prologue.
The rush and the din of the city were done.
The turmoil and bustle had died with the sun.
And, save for a patrolman pursuing his way,
The silence of night had succeeded the day.

With calmly complacent, self-satisfied mien,
A granite ribbed bank dominated the scene.
The watchman was nodding away in his chair.
As midnight resounded upon the still air.

Now scarce the vibrations had died on the street,
When chuck! went the lock of the vault at his feet.
The door opened slowly with infinite care,
Revealing the Gnomes of the Vault hiding there.

They quickly but lightly all sprang to the ground.

VETERAN ENGINEER

On Sunday last, William H. Landon, well-known resident of Crisfield and the veteran locomotive engineer on the Norfolk Division of the Pennsylvania Railroad (N. Y. P. & N. Line) celebrated the 51st anniversary of his entrance in railroad service. The day was quietly spent at his attractive home on Pine street, surrounded by the members of his family and a few intimate friends.

HOTEL PROPOSED

At the instance of Mr. R. D. L. Fletcher of the Cape Charles Bank, a meeting of the business men of Cape Charles was held in the offices of the bank Saturday afternoon for the purpose of discussing plans for the erection of a hotel in Cape Charles. The meeting was very largely attended and proved to be an enthusiastic one. Mr. H. Robert Diehl, architect of Norfolk, accompanied by Mr. Edward Hickford, manager of the Hotel Edwards, also of Norfolk and owner of the Hickford Restaurant were present at the meeting and Mr. Diehl submitted tentative plans for a three story brick hotel of sixty four rooms, twenty of which are to connect with private bath, in addition to which there will be four public baths. The proposed hotel has a frontage of one hundred and fourteen feet and a depth of approximately ninety feet and is to be built on a unit scale which would permit of its future extension at a minimum cost.

And stole past the watchman with never a sound, and down the long corridor shrouded in gloom. They made their way straight to a high panelled room.

'Twas here the directors would solemnly come. To solve their bank's problems by turn of the thumb. And here now a Gnome with a dignified grace, By tacit consent, took the President's place.

His snowy white beard almost reached to the knee. His head was as bald as a bald head could be; And rapping for order he begged that they all Would kindly respond as their names he would call.

This being completed and quiet restored, They studied him closely as with one accord. While he, having gained the attention of each, Proceeded at once with the following speech:

"My fellow Gnomes, I'd briefly state the reason we are here. Our Annual Convention marks the closing of our year; And every Gnome stands for a bond or stock, that mortals prize, A mortgage or some real estate they're holding for a rise.

A franchise or a mining claim or patent novelties— In brief the varied forms of wealth men call 'Securities.'

Each group will choose a speaker, who will argue for his class. And on the merits of his speech this company will pass.

We have a duty to perform, investors we must guard. The fullest latitude we'll give, no subject will be barred. For ten successive nights at twelve we all will gather here. I ask you kindly to be brief and logical and clear.

One final word I yet would say ere we tonight adjourn: We wish to fix before we leave how each shall take his turn. It follows some one must be first and some one must be last. We want it understood that no reflection will be cast.

Your President will make a choice that's fair to every one. So Grandfather Municipal will fire the opening gun. I thank you for the courtesy you've shown to me tonight; In closing, keep in mind our aim TO PUT INVESTORS RIGHT!"

Hundreds Of Spectators Come In From All Sections Of The Eastern Shore To See Greatest Home Talent Show Ever Given In Salisbury. Receive Flattering Baltimore Offer.

Playing to crowded houses, the celebrated Moose Show, which has been the most successful of the season, drew a record-breaking audience of over 1,000 people at the last matinee and night performance at the Arcade Theatre. The moment the box office opened, there was a concerted rush and within two hours it was impossible to get a ticket even for the balcony. A matinee was hastily planned and though it was not at all widely advertised a good audience was in evidence.

For the night performance, every seat was filled, while chairs were placed in the aisles and many spectators acquired places on the radiators and other points of vantage. Promptly at 8:15, the scheduled hour, the curtain rose to the harmony of an exceptionally well arranged overture. Most all numbers included solos by Messrs. A. M. Jackson, Claude Dorman, Arthur Ward, James Wells, Dale Wimbrow, and Mrs. Wimbrow, who sang the Moose Quartette composed of Messrs. Perry, Smith, Fields and Wells rendered several excellent selections.

Cross fire distributed by the end men, Messrs. E. A. Grier, Roy Rhodes, William Quinn, and A. M. Jackson, struck a happy chord that brought forth instantaneous response from a very appreciative audience. The circle was composed of Messrs. S. N. Plumb, Harry Adkins, H. L. Van Horn, Claude Dorman, Edwin Wimbrow, Lee Fields, James Perry, Howard T. Richardson, Harry German, George Cobb, Vaughn Butler, R. West Robertson, Reese Wimbrow, J. R. Inversoll, Marion K. Smith, James Wells, George Brown, D. N. Magruder, G. L. Fields, while Mr. E. M. Sommerkamp held the center of the stage as interlocutor.

The premier end men, Messrs. Arthur Ward and Dale Wimbrow, brought across a splendid performance, while Messrs. Roland Cahall and Fletcher White exhibited some new steps in back and wing dancing. During the show, Mayor Kennedy played several masterly cornet solos and "Cleopatra" put on a never-to-be-forgotten dance of the Seven Tosses.

The second spasm of the epileptic mustel opened with a cowboy scene during which the Ham and Egg quartette sang several scrambled numbers and Musical Bill, alias Dale Wimbrow, kept the audience in a perpetual laugh. The closing number of the show was "Moosheart" by the Tenthone Choir.

The show was thoroughly enjoyable from the rising of the curtain to the last tableau, and the audience showed appreciation by spontaneous and generous applause, while every number was cheered. The orchestra, under the direction of William Wedelin, was perfect in its accompaniment and the performance moved off with a business worthy professionalism.

It was understood that the Moose Show has received a very flattering offer from Lodge No. 10 of Baltimore to have the minstrel come there for a performance. While no date has been set, it is known that a part of this month has been set for the occasion. Information is lacking as to what theatre the show will be held in.

Marion Tindle Dies Acute Indigestion

Was Well Known Throughout County. Has Been In Business Here For Years. Funeral Wednesday.

Marion Tindle, age 41, a well known taxi driver of this city, died suddenly in Layfield's Drug Store, Monday afternoon, at 3:30 p.m. He had been in poor health for the past two weeks and stomach trouble was the immediate cause of his death. The funeral took place on Wednesday afternoon at three o'clock, Rev. Dr. J. H. Peters of Trinity Methodist Church officiating. The casket was directed to the cemetery in the grave in Parsons Cemetery. He leaves a widow and five children, three sons, Mrs. Norman Tindle, Philadelphia, Mrs. Roland Tindle, Salisbury, and Mrs. L. T. Culbertson.

HARD TIMES SOCIAL

It will be a "hard times" social for the men of the city on Saturday, February 11, to which the public is cordially invited. Fines will be levied on those who fail to dress in the proper manner and a vote will be given the man or woman who wears the worst looking outfit. Music by the quartette is provided by way of entertainment.

WOMEN ARRANGE ENTERTAINMENT AT THE ARMORY FOR BENEFIT AMERICAN LEGION

Subscription Party Planned To Raise Funds For Fitting Up New Legion Quarters. Dominoes, Bridge, and Five Hundred Will Be Played. Large Crowd Is Expected.

Arrangements have been completed by a committee of ladies, of which Miss Elizabeth Collier is chairman, subscription party in the First Regiment Armory on Tuesday night, February 21, the proceeds from which will go toward fitting up the newly acquired quarters of Wicomico Post, American Legion, in the Graham building on Main street.

Tables will be arranged for dominoes, five hundred, and bridge, of which prize will be awarded for the high score in each of these games. It is planned to have the players in each kind of game progress if they so desire; otherwise they will remain at the same table and pivot.

Refreshments consisting of ice cream and cake will be served and there will be other things to attract the crowd. The charge for the entertainment is small and includes the cost of refreshments. Tickets are on sale now by members of the central committee and the public is urged to buy them in advance so that definite arrangements made for placing tables and chairs.

Parties that may wish reservations may get in touch with Mrs. J. H. Carpenter, who is chairman of the committee on tables. Others on the central committee are Mrs. Harry Wailles in charge of refreshments, Mrs. J. Cleveland White in charge of the prizes, Mrs. D. Laird Todd in charge of securing chairs and tables for the Armory.

Just how the funds obtained from the entertainment will be expended

Criterion Quartette Thoroughly Enjoyed

Famous Singers Present Program Of Varied Selections That Appeal To Every Hearer.

Seldom have Salisburyans had an opportunity to enjoy such a musical treat as that afforded them Monday night by the Criterion Quartette, singers of national renown and known wherever there are lovers of good music. The program included a variety of selections that pleased every ear for their range from the "Prologue to Pagliacci," "Celeste Aida," and "Carmen" to "Sally in our Alley," "Love's Old Sweet Song," and "Annie Laurie."

Well balanced and beautifully rendered, the performance was considered perfect. Although the audience was not so large as it might have been, the house was fairly well filled. The Criterion Quartette has been here several times and each time gains scores of new admirers. Doubtless they will come again at some future date and those who missed this entertainment will have an opportunity of hearing them then.

WOMEN ASKED TO RAISE \$1500 FOR R. C. NURSE

Men Are To Obtain A Like Sum To Maintain The Public Nursing Service In Salisbury And Wicomico.

To maintain the Red Cross nursing service in this county, it will be necessary for the public who receive the benefit of such service to raise approximately \$1500 annually. This was made evident at a recent hearing of the Executive Committee of the Wicomico Chapter of the Red Cross Association and a number of prominent women from this city and county in the rooms of the Chamber of Commerce.

Although the Committee was unable to notify everyone of the meeting, about 50 ladies were present and agreed to undertake to raise one-half of the sum needed. The other half of the sum will be raised by the men. Those present organized a permanent body under the chairmanship of Mrs. Travers L. Ruark, with Miss Elizabeth Collier as secretary and Mrs. E. W. C. Webb as treasurer.

One restriction only was put upon the method of raising the money; no part of the sum is to be obtained by personal solicitation for a contribution. It is understood that the ladies will arrange a series of entertainment, of various kinds, musical benefits and bazaars, in order to acquire their quota.

As it was impossible for the Executive Committee to get in touch with all who have been active in Red Cross work, it is hoped that any who can do so will get in touch with Mrs. T. Ruark and help with this good work. The place that the Public Health Nurse fills is vital to the city and to the county. Wicomico it is felt certain, will support any project that has for its object the furtherance of such activities.

WILBERT P. TRUITT DIES VERY SUDDENLY

Wilbert P. Truitt, age 36, who had just announced his candidacy for the City Council, died at Peninsula General Hospital Saturday night following an operation for appendicitis. He had been ill for less than a week, and death was due to a complication of diseases. He owned and operated a black street car line, and was held at the home Tuesday at three o'clock, Dr. Boyle officiating. He leaves his widow, two sisters, and one brother.

FIREMEN SET NEW RECORDS

Engines On Way To Fire In Less Than 60 Seconds After The Alarm First Sounds.

ATTENDANCE IS NEARLY 100 PER CENT PERFECT

Forty-four Fire Fighters Out Of A Possible Strength Of Forty-six Are Present For Duty. One Dwelling Is Badly Damaged But Adjoining Residences Saved By Hard Work.

Fire starting from an overheated stove caused damage to the extent of approximately \$1500 in a house on the State road owned by Mr. Hunt and occupied by a family named Moore. The alarm was sounded at 7:10 o'clock Monday evening and in less than sixty seconds the first engine was on the way to the conflagration.

Chemicals were first tried but were not effective because the fire had gained too great a headway. Water was then obtained from a branch near the Fair Ground but it was necessary to lay 1600 feet of hose to reach it. Two streams were played on the flames. The Fire Department was in service a little over two hours and did excellent work, saving most of the burning home as well as two neighboring dwellings.

Officials of the Department state that the attendance of volunteer fighters at this fire was the best the Department has ever had. The membership numbers 50 and 44 men were present for duty, while four were out of town. Two others failed to hear the alarm.

Had it not been for the fact that the melted snow from the recent storm had filled the branch, which is usually dry, to a depth of about twelve inches, it is highly probable that the damage would have been far greater.

Even as it was, it was necessary to keep a fireman on duty at the junction of the hose to keep dirt from clogging it up. Firemen suggest that a portion of the first branch near the Fair Ground be concreted and screened in such a way as to furnish a reservoir. This, they say, would allow them to take care of practically the entire California section very effectively.

This fire also furnished an excellent example of how a chimney should not be built. The firemen say that the chimney in the Hunt house was lined off at an angle and as soon as the firemen entered the building it fell. Many other Salisbury houses have the same type chimney, and the local firemen give this as an additional reason for the appointing of a building inspector.

TO INSPECT CO. "I"

Colonel D. John Markey, commanding officer of the First Infantry, Maryland National Guard, will inspect Company "I" at the Armory here on Thursday evening, February 9. The local unit has always made an excellent showing on similar occasions and it is fully expected that it will be up to its standard this time. Colonel Markey will probably arrive here early in the day and inspect the company, equipment, and records during the afternoon, holding the inspection of the unit in the evening.

MISSIONARY SOCIETY PLAY

The Woman's Foreign Missionary Society of the Methodist Protestant Church will hold a "home social" at the parsonage, 802 N. Division street, Friday evening, February 10, at 8 o'clock. A play entitled "The Valentine Boxes" will be given, also an evening of fun for all. The admission one penny for each inch of waist measure. Refreshments served.

Womans Club Urges Commissioners And School Board To Safeguard Children

Letters Written To Board Of Education And Board Of County Commissioners Requesting Immediate Action In Regard To Wicomico High School. Club Thanks Dairymen For Their Cooperation In Having Herds Tested. Gov. May Appoint Woman On School Board.

"Realizing that conditions existing today in the Wicomico High School are bad in the extreme; that the classrooms, crowded beyond the point of suffocation, are impossible places in which properly to teach children; that the corridors are dangerously narrow and in case of fire or panic would be a death trap; that sanitary conditions are a menace to the health of every pupil enrolled in the school; that this unwholesome situation is steadily growing worse; and that, therefore, immediate action is imperative if the health and lives of hundreds of children would be safeguarded, the Wicomico Women's Club urges upon the members of the Board of Education for Wicomico County and upon the members of the Board of County Commissioners for Wicomico County the necessity of taking at once such steps as will provide safe and adequate school facilities for the children of this County."

"The Woman's Club consequently requests the members of the Board of Education and the members of the Board of County Commissioners to take that immediate action which will accomplish the desired purpose."

(Signed) Committee.

So reads a letter from the Wicomico Women's Club to the Board of Education and the Board of County Commissioners which was authorized at

PENNSYLVANIA SYSTEM PUTS ON NEW TRAINS.

Schedule Effective Sunday, February 19

Salisburyans Can Make Day In Philadelphia Three Hours Longer. Pullman Accommodations Will Prove Blessings. Former Night Train To Delmar To Come On Through.

Through the efforts of the Chamber of Commerce, Salisbury is to receive the benefit of a change of schedule in trains over the New York, Philadelphia and Norfolk division of the Pennsylvania Railroad. Secretary Freeman some time ago announced that the change had been promised that said that it would probably be put into effect within sixty days. Mr. C. Lee Gillis has just announced that the proposed changes would become effective on Sunday, February 19.

While the time of arrival at and departure from Salisbury of several trains has been changed, the new schedule also makes a number of additions to the train service that will be extremely beneficial to the traveling public of this section of the peninsula. People in Crisfield, Pocomoke City and Princess Anne will be benefited equally with those of Salisbury, so that this entire section has cause to rejoice.

Although the complete schedule has not been published, the railroad officials have announced the principal changes, especially as they affect Salisbury. All south-bound trains will remain on their present schedule.

There will be a train out of here at 10:25 A. M. for Philadelphia. This is a local. There will also be an earlier train at night, 10:10, for Philadelphia which will carry a sleeper. The train now due here 1:31 A. M. will also carry a Philadelphia sleeper in which passengers getting on at

THOROUGHGOOD COMPANY SELLS OUT TO BENJAMIN

Local Merchant Purchases Building Adjoining His Own And Will Enlarge Store—Deal Put At \$40,000.

Closing a deal bordering close on \$40,000, Mr. L. Benjamin last week bought the entire store, fixtures and stock of The Thoroughgood Company, an old established firm of clothing. As soon as he has disposed of the large stock of men's and boys' clothing and furnishings, which he will do by a sale next week, Mr. Benjamin intends to remodel the store, which adjoins his present place of business, and throw the two into one.

At the moment the deal was consummated, carpenters were at work in Benjamin's store tearing out partitions on the second floor preparatory to remodeling that and making two full floors. Benjamin has acquired the Thoroughgood Company, however, Mr. Benjamin stopped alterations in the other building and will now have his complete store on the same floor. Just how the building is to be remodeled has not yet been decided, but it is safe to predict that when finished it will be one of the most attractive shops in the city.

MOIRIS MILL, O. K.

There seems to be some misunderstanding about the fire at the Morris Brothers mill recently for the firm has received several letters asking if they are in position to fill orders. It was stated in The News at the time the fire was reported that there was no damage and that the mill has not in any way been affected. Mr. Morris is authorized by the statement that the alarm was given unnecessarily and that there was not any fire at all.

SALISBURY MAKES BID FOR SCHOOL

Wants Normal School Located Here For Benefit Eastern Shore.

INDICATIONS HOPEFUL FOR FAVORABLE ACTION

Large Delegation Appears Before House Ways And Means And Senate Finance Committees And Present Request. Which Is Favorably Received. Would Be Good Location.

Due to the efforts of Senator Charles R. Dishaaron, the other members of the County delegation at Annapolis, and a number of prominent citizens, Salisbury may be chosen as the location for a State Normal School. Two years ago, the Senator from Wicomico proposed the establishing of such an institution here, but at that time it was thought advisable not to press the matter.

On Thursday, a committee from Salisbury went to Annapolis and presented a joint meeting of the House Ways and Means Committee and the Senate Finance Committee. Their plans for locating a school here. The committee, which was composed of Messrs. L. W. Gunby, C. M. Freeman, F. P. Adkins, James M. Bennett, S. King White, William B. Fitchman, Jr., William F. Allen, and E. D. Mitchell, was met in the State capital by the representatives from this county and by Mr. William S. Gordy, Jr., State Comptroller.

Speaking for the delegation, Messrs. White, Adkins, Allen, Gunby, and Freeman gave numerous reasons why Salisbury should be favorably considered. It is understood that a delegation from Frostburg, seeking an appropriation for making additions to the school there, are in sympathy with Wicomico's request. At present, it seems certain that if appropriations are granted for the Normal Schools at Towson and at Frostburg, another appropriation will be made for establishing a school at Salisbury.

Towson students, it is said, are sleeping in basements on account of the crowded condition of the school, and the other institutions are in little better condition. It is therefore safe to assume that appropriations covering all three requests have a strong likelihood of being granted.

The reasons advanced by the local representation are strong. First, the Eastern Shore furnishes 50% of all Normal School pupils in the State. It is manifestly unfair for them to have to go so far from home in order to receive higher training. Second, 16 1/2% of the elementary teachers in Wicomico county are Normal School graduates, whereas nearly 90% are graduates of high schools only. This deplorable condition is due to the fact that higher training facilities have not been provided where they are most needed.

Salisbury is the logical spot on the Eastern Shore for such an institution, judged from a viewpoint of transportation facilities. This is the third reason advanced by the committee. Trains, boats, and buses connect this city with Delmar, Berlin, Crisfield, Princess Anne, Eastern Port, and all other large centers. It would, therefore, be possible for those desiring normal school training to stay at home and attend school only as day pupils. This would obviate the necessity for any great number of dormitories, the lack of which is today handicapping the other Normal Schools in the State.

About 85% of the elementary pupils are taught by untrained teachers because Wicomico cannot compete with the poorer counties of the State in securing better teachers.

PREPARATORY SERVICES FOR BIG UNION REVIVAL

Ralph W. Carr, Noted Evangelistic Singer, Arrives Friday—Cottage Prayer Meetings Arranged.

Preparatory to the Big Co-Operative Evangelistic Services which are to begin in the Methodist Protestant Church on Sunday evening, Feb. 12th, Cottage Prayer Meetings are being held in all parts of the city this week. A big Co-Operative Prayer meeting was held in Trinity Methodist Episcopal Church on Wednesday evening conducted by the laymen of the three churches participating.

Mr. Ralph W. Carr, of New York City, the noted evangelistic singer, will arrive in Salisbury tomorrow (Friday) to take charge of the singing during the meetings. He will organize a large chorus, choir and a children's choir for the meetings.

The ministers of the three churches participating will conduct the meetings which the public is cordially invited to attend.

Cottage Prayer Meetings are being held in the following homes: Tuesday, W. P. Pope, S. Division St., Ext.; Thursday, Joseph B. Leonard, Snow Hill Road, Ext.; Tuesday, Oscar B. Brittingham, 108 Olive St.; Tuesday, Mrs. D. J. Wooten, 501 W. Main street; Tuesday, Wilbur S. Nork, E. Church St. Ext.; Thursday, Roger S. Justis, Ocean City Road; Tuesday, James W. Lank, 102 Isabella street; Thursday, John L. Pruitt, 100 E. Church street; Thursday, Merral Morris, S. Division street; Thursday, Mrs. Robert Morris, 301 S. Division street; Tuesday, Mrs. P. Dolly, Camden avenue Ext.; Thursday, Mrs. Renshaw, the Camden avenue; Tuesday, J. A. Jones, 304 Newton street; Thursday, W. Phillips, 205 Newton street; Thursday, F. T. Holland, New York avenue; Tuesday, Sam Quillen, 502 N. Division street; Thursday, T. H. Mitchell, 109 E. Isabella street; Tuesday, Mrs. Isaac Harris, 622 W. Main street.

MARYLAND EDITORS MEET IN ANNAPOLIS

Members of the Maryland Press Association will gather in annual convention in Annapolis on Tuesday, February 14, for the purpose of electing officers and transacting other business of importance. The session will convene at noon. Governor Ritchie and other members of the State administration have been invited to attend. The meeting was called by action of the Board of Directors.

SALISBURY MAKES BID FOR SCHOOL

Wants Normal School Located Here For Benefit Eastern Shore.

INDICATIONS HOPEFUL FOR FAVORABLE ACTION

Large Delegation Appears Before House Ways And Means And Senate Finance Committees And Present Request. Which Is Favorably Received. Would Be Good Location.

Largest Paint Store South Of Wilmington

New Store Of R. G. Evans & Son, Inc. On Camden Avenue Is Complete In Every Detail.

R. G. Evans & Son, Incorporated, dealers in builders' supplies, have opened their new store on Camden Avenue at the Bridge and are prepared to supply fully the needs of builders for hardware and paints. The store is the largest of its kind south of Wilmington and the proprietors are in position to give the most adequate of service.

The new emporium is located in the Camden Avenue end of the warehouse formerly used by the Williams Lumber Company for the storage of mill work. The entire front has been remodeled and large display windows have been put in, making the property very attractive.

DIES AT AGE OF 78

Henry H. Bozman, age 78, died at the home of his daughter, Mrs. George Webb on Washington street, about two o'clock Tuesday afternoon after suffering for two years with paralysis. The funeral took place Wednesday afternoon from St. Andrews church and interment was made in Parsons cemetery. He survived four sons and four daughters: John W., Denwood; and Mrs. Mary E. Jones, Wilmington; and Mrs. Georgia A. Bozman, Mrs. Cora Webster, and Mrs. Ellen Webb, all of Salisbury.

Tired

"I was weak and run-down," relates Mrs. Enla Burnett, of Delton, Ga. "I was this and just felt tired, all the time. I didn't rest well. I wasn't ever hungry. I know, by this, I needed a tonic, and as there is none better than—

CARDUI

The Woman's Tonic

"I began using Cardui," continues Mrs. Burnett. "After my first bottle, I slept better and ate better. I took four bottles. Now I'm well, feel just fine, eat and sleep, my skin is clear and I have gained and sure feel that Cardui is the best tonic ever made."

Thousands of other women have found Cardui just as Mrs. Burnett did. It should help you.

THURSDAY, FEBRUARY 9, 1922.

THE LAST LAP.

The fight to abolish race track gambling in the sovereign State of Maryland has about reached the crucial stage. It is understood that the committee to which the anti-gambling bill was referred are content to let it die and will make no effort to report it out. It will, therefore, become the duty of the House, acting as a committee of the whole, to call out the bill and vote upon it.

The fate of the measure in the House is still problematical and it is disgraceful that it should be so. The people of this State have registered protest after protest against the pernicious practice of race track gambling and each day the legislators gather at Annapolis see new petitions and protests entered against the evil.

The representatives at the State capital are representatives of the people who have elected them. These people have plainly indicated their wishes in this matter and it is the duty of the delegates to make those wishes law. The representative who fails to abide by the desires of his constituents will stand self-convicted of faithlessness before them.

Although the opponents of gambling have publicly expressed their strong disapproval of the State's gambling project, the supporters of the track evil have been doing their work under cover. Their latest move would seem to be an effort to give each of the county fairs a bonus of several thousand dollars and make them shareholders of the so-called fairs that are really gambling centers. If the county fair associations accept the lure and offer their support to the gambling fraternity, the chances are good for the defeat of the bill.

But if the officials of the county fair associations stand firm on the basic principles of honesty and fair dealing, the gamblers will be forced to change their tactics and meantime the bill may become law.

Surely such a State as Maryland is not so dependent on its revenue from race track gambling that it must sacrifice its citizens for a paltry half million dollars a year. Such a deficit could be made up by an infinitesimal tax that would be felt by no one, and it would be hard today to find a true Marylander who would begrudge even a heavier tax if he knew that it meant saving some boy or girl from trouble. Bring the proposition home to him direct and he will verify this statement.

The race track gambling bill will probably be called up on Thursday. If the citizens of this county want that bill passed, let them exert every influence for its passage that lies within their power. The friends of the tracks are stopping at nothing; the foes of the track have nothing to do but fight a clean fight—the only important thing is that they must fight.

ORGANIZATION AND PROGRESS.

Civilization and organization are one and the same thing. Civilization progresses in proportion as people learn the value of acting in groups. The more highly organized a community, the greater and swifter will be its advancement toward success.

Co-operation is infinitely more efficient than blind competition and so plain has this fact become in recent years that former competitors are banding themselves together for their common good.

A great railroad company is simply an organization on a large scale, but it is also an autocracy paying huge salaries to a favored few while doing comparatively little for the great majority. On the other hand, a co-operative fruit growers association may be as well organized as the United States Steel Corporation, but instead of being a trust it holds a trust. It is of distinct benefit to the great majority and the favored few are not taken at all into consideration.

It is such organizations as this which infuse vital economic blood into the veins of a community, creating a stronger, more virile life. And just as we should all seek bodily health, so should we all seek economic and civic health. It is our duty to see that support is given in full measure to those agencies that would make our economic life more healthful, too.

Such an agency is the Chamber of Commerce. The part that it has played in the business life of Salisbury since its reorganization two years ago has been exceptional. A record of achievement would list many big things that have been accomplished, but the indirect influence of these big things, as well as the direct influence of the thousands of little accomplishments, cannot be set down in black and white.

The local Chamber has, within the past few weeks, opened up a vast virgin territory to our business houses, and is even now doing all in its power to establish the strongest kind of friendships in that territory. It has secured for the city a change in train schedule that will be of distinct benefit to the traveling public and will mean much to the merchants of the community. It has secured the promise of lowered freight rates that will be felt in every household in Salisbury. It has, so far as it could, protected the prospective investors of the city from fake solicitors, and saved them many a dollar.

Indirectly, as well as directly, it has made Salisbury a better place in which to dwell. It has pushed to the entire Eastern Shore a fact well known among ourselves, that this city is logically the shopping centre of this peninsula, and it has convinced the thousands of out-of-town shoppers that they could trade here in perfect assurance that they would be fairly treated.

Directly, as well as indirectly, it has benefited the individual citizen of Salisbury in no small degree and in no intangible manner. Let each take stock for himself and he will realize that the Chamber has accomplished something for him.

So much the Chamber has done with its limited power. Higher and greater organization will mean increased power for accomplishing good work. The Chamber of Commerce is an organization of the people, by the people, and for the people, and as such can function properly only so far as it is supported by the people.

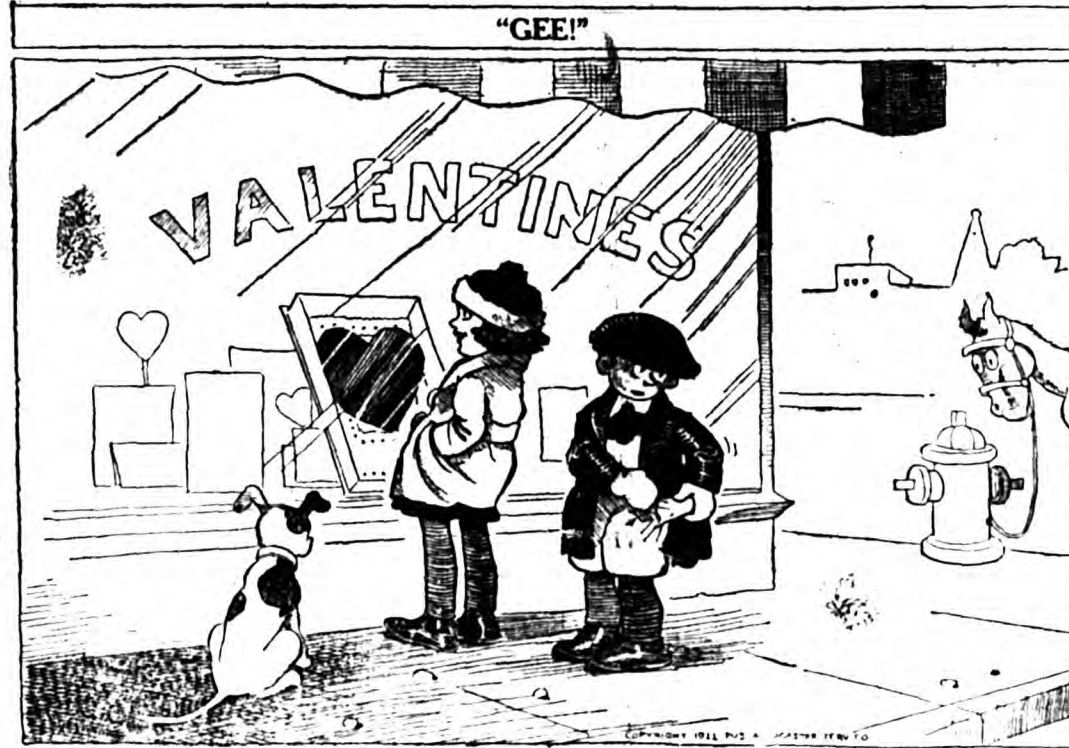

The present membership is about one hundred. Triple that number should be on the rolls. Every man who puts will be individually benefited and will at the same time be benefiting his native community. Is further inducement needed?

The fiscal year of the organization ends Thursday. On that night the officers for the ensuing year will be elected. As the officers are, so will the Chamber be, but good officers can do nothing without members. Be present at this meeting and bring a new member with you.

LINCOLN THE TYPICAL.

"In Columbus," says Dr. Frank Crane, "Europe discovered America; in Lincoln, America discovered itself."

Through Lincoln the United States of America first found its fullest, most distinct self-expression. The characteristics of the western rail-splitter are the characteristics of the composite American. He is independent, self-reliant, resourceful. He con-

ceives the government's principal function as a protection for his independence and he uses the state as a tool, denying that it is his master.

He is broadly tolerant, particularly as regards religion, seeing life from a practical viewpoint that after all may be the most devout type of Christianity. Given to bitter partisanship during a political campaign, he nevertheless has the ability to forget all animus when the fight is over and lend his efforts toward accomplishing that which the majority desires.

His sense of humor is fully developed but it is kindly and untouched by bitterness. Though unmarked to a large extent by piety, he is deeply conscientious, and in his religion attends more to the inner man than to outward form. He is courageous and at times rash, yet for the most part steady. Alert, eager to progress, he seldom allows an opportunity to escape, and it is this characteristic that has been called "Yankee ingenuity."

Such a man was Lincoln, the synonym of Americanism, the meter by which all public servants are measured. He is the first great example of the genius of the common people made manifest and as such will always be the idol of those people. Therefore his birthday has been observed throughout the length and breadth of this country, and will be observed so long as tradition shall exist or history be taught, and the common people remain the masters of their destiny.

Uncle John's Poem

AN EVENIN' HYMN.

If you eat a hearty supper, you will have the night to dread, for you'll dream of havin' half a dozen fights; and you'll crawl out in the mornin' with a feelin' in yer head, that will take a quart of dope to set to rights. . . . You won't need any breakfast on that gastronomic jag, that you took aboard with shameful lack of sense, and you'll feel about as frisky as a seven-bushel bag, while the soul is allers sorry that repents. . . . If you want to fill yer system up with somethin' better'n wealth, don't gormandize of evenin's when you're tired. . . . It's safer not to tinker with the laws of perfect health, when a little bit of judgement is required. . . .

The evenin' is intended for its hours of peaceful rest, to ponder over the blessing's of the day—and a double-jointed rasher underneath a feller's vest, gets busy when a feller hits the hay. . . . I like to front the table, with a bowl of mush an' milk, with a pewter spoon of regulation size, an' I'll wake up in the mornin' a-feelin' finer'n silk, it's healthy, mebbe wealth, allers wise. . . . Then paste this little jingle in the linin' of yer hat, an' take the time to read it, once a day. . . . If you ever feel rebellion in the place yer stomach's at, take my advice, an' watch it fade away!

Yr. own Uncle John.

HOMEY PHILOSOPHY FOR 1922

Isn't it funny how some folks study the science of being miserable in a world filled with good things. . . . If a fellow had potatoes in his garden an' would rather go hungry than dig 'em up, everybody would laugh at him, an' by an' by he'd dig. Then he'd feel better. Why not dig the good things out of life an' throw aside the weeds. They'd all rot if they were dumped into the sunlight, and maybe from them would grow something better. You can always get a crop if you sow right an' work up the ground now an' then. There's one thing certain—you can't buck old Dame Nature, so you might as well fall in line an' watch your step. The old lady insists that eventually everyone must be happy, an' if eventually why not now?

MAKING THE HOME HOMELIKE

It is hard to realize what a vast difference a few well chosen pieces of furniture can make in an ordinary living room.

Clothed in comfortable furnishings, home takes on a new meaning.

Instead of that deserted place during that brief span between dinner and bedtime, the living room becomes the center of family life.

Many new designs of fine pieces are shown for the first time during our February Furniture Sale. Fine over-stuffed Suites, Separate Chairs and Rockers, comfortable Arm Chairs, Secretaries, Bookcases, Windsor Chairs and beautiful woven Fibre-Rush Furniture are now on special exhibition in our show room.

We will be happy to help you make a selection while the low prices of the February Sale are in effect.

R.E. Powell Co.

COUNTY NEWS.

FRUITLAND

Mrs. Mary Jane Ryall, who has been very ill for the past two weeks, is slightly improved.

Mr. and Mrs. Ernest Disharoon have moved into their home on Main street, recently purchased from Mrs. Albert Bozman of Baltimore.

Mr. and Mrs. Isaac Brown will occupy the home recently vacated by Mr. Ernest Disharoon.

Mrs. J. W. Wooten is spending a few days at Westover, as the guest of Mr. Wm. Long.

The Missionary Society of St. John's M. E. Sunday School had charge of the opening exercises of the Sunday School, Sunday morning, at which service several instructive selections were given.

Mrs. Lydia Bussels returned home on Tuesday after a three months stay in Newport News, Hampton and Capron, where she was visiting friends.

Mr. John Carthell of Hampton, has been visiting relatives and friends for the past week.

Mr. and Mrs. Ralph O. Dulany, Mrs. Annie V. Spitznagel, Miss Martha Carthell, Mr. Edward Dashiell, met with a committee at the M. P. Church, Salisbury, on Sunday afternoon to formulate plans and elect committees for the "Young Peoples Conference" of the Sunday Schools of Wicomico county, which will be held March 11, at Salisbury.

Mr. and Mrs. Daniel Bounds of Sibam, spent Sunday with Mr. and Mrs. Samuel Ruark.

WANGO

Miss Ruth Laws who has been spending several days with relatives in Berlin has returned home.

Mr. Thomas S. Parker who has been quite ill is now improved.

Mr. Wade Brittingham was operated on for appendicitis last Friday.

Mrs. M. L. Tilghman, Mrs. D. J. Hastings, Mrs. Amanda Calloway, Miss Gertrude Laws, Mr. O. J. Brittingham, Mr. Lawrence Tilghman and Mr. S. C. Trader were guests of Mr. and Mrs. Clarence Laws on Saturday.

Mr. C. R. Parker, Mr. Algie Wimbrow, Mr. Lawrence Adkins and Mr. Alie Dennis attended the Moose Epiphany Minstrel show at Salisbury, last Wednesday.

Miss T. B. Laws who has been ill for several days was carried to the Peninsula General Hospital Sunday. We hope she will improve rapidly.

They Appeal To Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. Many such, however, have been completely restored to health by the use of Chamberlain's Tablets. These tablets strengthen the stomach, invigorate the liver and improve the digestion. They also cause a gentle movement of the bowels. When you have any trouble with your stomach, give them a trial.—Adv't.

WILLARDS

A very delightful party was given Mr. and Mrs. Howard Moore at their home Saturday evening by a number of boys and girls who presented the Moores with many beautiful and useful presents.

Those who were present were Mr. and Mrs. Gorman Baker; Misses Ethel and Lella Baker, Anna Clark, Laura and Gladys Wells, Bessie Parlow, Pearl Truitt, Essie and Martha Esham, and Margaret Bratten; and Messrs. Herman and Lester Phillips, Walter Short, Paul Smith, Norman and Goldsboro Baker, Rhyn and Walter Webb, Edgar Truitt, Calvin Esham, Jesse Bratten, George Collins, Lloyd Holloway, Dalton Gordy, Clifford Wells, William Farlow and Reese Bratten.

Miss Anna Clark was the guest of Miss Ethel Baker over the week end.

Mr. William Bratten, grandson of Mr. Ida Bratten, was the guest over the week end of his grandmother.

Capt. and Mrs. W. I. Purnell and daughter, Ella, of Ocean City, spent Friday and Saturday with relatives here.

Mr. and Mrs. Dean W. Richardson who have been in Salisbury for the past two months with their daughter, Hilda, who has been treated by Dr. Fisher, have returned home.

Mrs. Margie Davis has returned from an extended visit in Philadelphia.

Mr. Mitchell Brittingham of Whiton spent Friday with Mr. and Mrs. G. W. Truitt.

Misses Agnes Rayne and Ruth Richardson spent from Monday until Thursday in Salisbury.

Miss Pauline Riall and friend, Jesse Parker, spent the week-end in Tyaskin as the guest of her parents.

Mr. and Mrs. Fred Hall are receiving congratulations on the arrival of a baby girl.

Mr. and Mrs. N. T. Rayne spent Monday and Tuesday in Baltimore and Annapolis.

Mr. George Webb was a visitor in Newark, Md., on Wednesday.

Mrs. Rida Borhage of Berlin, Mr. J. Kinzie of Philadelphia, Mr. and Mrs. Benj. Dennis and Miss Mae Parker were the guests of Mr. and Mrs. G. C. Rayne during the week-end.

Mr. and Mrs. E. B. Fuller visited relatives at Ocean City on Thursday.

Mrs. D. O. Powell of Berlin, visited Mr. and Mrs. B. R. Hearne during the week-end.

Mr. Eliza Parker, Jr., who has been visiting his father, has returned to Philadelphia.

Mrs. F. J. Brittingham has returned from a short visit in Salisbury.

NUTTERS DISTRICT

Mrs. Billy Toadvine has been very sick, but we hope she will soon improve.

Mr. and Mrs. Levin Niblett spent Sunday evening with Mrs. Hettie Dryden and family.

Mr. William Dryden spent Monday afternoon with Mr. and Mrs. Allen Dryden.

Mr. Raymond Dykes visited Mr. and Mrs. Allen Dryden Monday afternoon.

Mr. John William Dixon made a trip to Salisbury Monday afternoon.

Mr. Carroll Riall made a trip to Salisbury Monday afternoon.

Mrs. Eunice Riall spent Monday afternoon with her mother, Mrs. Lee Porter.

Mr. Henry Jones spent Monday evening with Mr. and Mrs. Levin Niblett and family.

Mr. Henry Jones and Mr. William Dryden spent Tuesday night with Mr. Levin Niblett and family.

Phillips school was closed Monday on account of the severe snow storm, which disappointed many scholars.

Mr. Albert Fook's mill has been out of operation on account of low water.

Mr. Latt Tilghman had the misfortune to lose his horse last week.

Mr. Levin Niblett spent Wednesday morning in town.

Mrs. Hettie Dryden and son, William spent Wednesday afternoon with Mr. Marion Niblett and family.

Mrs. Hettie Dryden and family have moved on the farm belonging to Mr. Henry Jones.

Mr. John Niblett and daughter, Mrs. Carrie Lewis have been very sick but are better at this writing.

MT. HERMON

We are sorry to report Mr. Fred and Walter Collins very sick at this writing.

Mr. and Mrs. Harry Littleton spent Sunday afternoon with Mr. Samuel Lowe and family.

Master John and Walter Dykes are ill with pneumonia.

Mr. Hermon Pryor and family spent Tuesday afternoon with Mr. and Mrs. Howard Ruark.

Misses Nettie and Nora Adkins were the guests of Miss Mary Perdue, Tuesday afternoon.

The Mt. Hermon Community League will be held at Mt. Hermon school, next Thursday evening, February 9.

Every one is invited to attend.

We are glad to report Mrs. Marion Emms much better at this writing.

Meeting will be held at Parker's Chapel next Sunday afternoon at 2:30.

A few people have been to Ocean City to see the large whale that was washed up on the shore during the storm.

"Heh! Heh! Heh!—Scratch! Scratch! Scratch!" The more you scratch, the worse the itch. Try Doan's Ointment. For eczema, any skin itching—take a box.—Adv't.

County News

BIVALEVE

(Continued from page 5.)

Mrs. Mary Horsman is on the sick list this week.

The snow storm of last week completely isolated this section of the county from the outside world. Our Saturday afternoon mail did not reach here until 7 P. M. Sunday and then the carrier was compelled to walk from Quantico, bringing only first-class mail. We then did not receive any more mail until 11 P. M. Wednesday, when the carrier finally navigated the snow banks and small rivers and lakes lying between here and Salisbury. Such happenings as these should impress more forcibly upon our County Commissioners and other leaders of our County just how badly this section is in need of improved roads. While other sections are asking for improved roads, we feel sure we need them far worse than any other section of our county.

Mr. F. A. Willing and family moved to Salisbury Saturday. On account of the ice in the Chesapeake Bay the steamer Virginia was prevented from making her regular run to Nantuxoke River landings last Wednesday.

Mr. Cecil Richardson returned home from Baltimore last Sunday. Mrs. Russell Langrall was called to Auburn, N. Y., last week on account of the illness of her mother, Mrs. Paul Warrick.

Mr. George H. Stromberger is visiting friends in Baltimore. Mr. William J. Horsman left last Friday for Baltimore to take a position on the Steamer Fred Avon of the Baltimore Love Point route.

The road from here to Tyaskin was closed last Tuesday by a large force of men from shoveling a track through the snow. When they reached Tyaskin they found everyone snowed out there, so to show a friendly spirit they kept right on and opened a road through Tyaskin. The people who had not even shovelled paths from their homes and some folks were found who had settled themselves for a sleep to the sleep of Rip Van Winkle. At one time twenty-six men and boys were busy digging through the snow. We believe in helping others.

The Christian Endeavor Society held a business meeting at the home of Harry Anderson, last Friday evening. The Bivalve Oyster Packing Co., as resumed business again after an enforced layoff caused by the river being frozen.

Wicomico Lodge No. 81, Knights of Pythias, Bivalve, will give a treat for the public in their hall here on February 14th. Prominent speakers will be present. Come and enjoy a pleasant evening.

Mr. Charles Robertson returned home last week from an extended visit to his son, Vernon Robertson, near Hinton.

MARDELA SPRINGS

Mrs. Walter F. Mills and little son Walter, Jr., have returned to their home in Salisbury after spending a few days with her parents, Mr. and Mrs. Bacon Bailey.

Mr. Nabum James of Chester, spent a few days the first of the week visiting friends in town. He expects to spend some time in Sharptown as well.

Miss James Hopkins entertained the Ladies Aid Society of the M. P. Church on Tuesday evening. Mr. Jack English and Miss Marian English have been on the sick list the past week.

The Ladies Aid and Missionary Society of the Baptist Church was held at the Baptist parsonage Wednesday evening. The M. P. Prayer Meeting this week was held at the M. P. Parsonage Thursday evening.

Mr. Hamp Evans is reported on the sick list. Miss Maude Bennett entertained her young friends at her home on Wednesday evening.

The family of Mr. Severn Cooper are all convalescing from their recent illness. Miss Helen has been ill with a case of diphtheria.

Mr. Louis Owens and sons, Ralph Lawrence, of Parsonsburg, spent the week-end with Mr. R. W. Robinson and family.

The remains of Mrs. Fred Crockett, Quantico, were interred here on Tuesday. Messrs. Lalo and Hester Bounds, of the Guild of the P. E. Church, on Wednesday evening.

Mr. N. Alexander left for Baltimore on Wednesday morning on a train. The three children of Mr. and Mrs. B. W. Robinson have been quite sick the past week.

Mr. Turner Bennett and Mrs. Wallace Bennett and daughter, of Vineville, N. J., attended the funeral of Mr. Bennett at Riverton, on Wednesday.

Amie E. Bounds has been laid up with a severe cold for the past week.

Robert Robertson, of Cambridge, was a recent visitor in town. Mr. Billy and Ford Seabreeze, of Hinton, were here the past week.

Glady's Seabreeze returned on Tuesday from spending the week-end with her sister, Mrs. James Richards.

of Hinton.

Captain Webb Phillips has been home for the past ten days. Owing to the closed roads there was no school in the H. S. Department on Monday and Tuesday.

There is no improvement in the condition of Mr. T. R. Bounds. They have a trained nurse for him now. Mr. Ernest Howard's sale was well attended on Saturday.

PARSONSBURG

Miss Ella Parsons of Salisbury, spent the week-end with relatives here.

Miss Bessie Whitman, who has been visiting her cousin, Mrs. Alice Perdue, has returned to her home in Baltimore.

Mrs. Ralph Farlow and daughters Mildred and Phyllis, spent the week-end in Pittsville. The "Ladies Aid" of the M. E. Church was entertained Monday evening at the home of Mrs. O. J. Brittingham.

Quite a number of people motored to Ocean City Sunday to look at the whales.

Mr. and Mrs. E. L. Driscoll spent the week-end with relatives in Salisbury.

Mr. P. C. Squires spent the week-end with his daughter, Mrs. Evelyn Hayman.

Mr. Walter Cooper of Salisbury visited Mr. J. H. Cooper last week.

Mr. Charles Cooper of Whaleyville is visiting his son, Mr. J. H. Cooper.

Mrs. J. W. Riggins of Salisbury spent Sunday with Mr. and Mrs. M. J. Parsons.

PITTSVILLE

Little Miss Alice Harris of Ocean City spent the week-end with her sister, Miss Mildred Harris who is spending the winter with her aunt, Mrs. J. R. Ewing.

Mr. and Mrs. R. S. Windrow are spending a few days at the home of Mr. and Mrs. N. J. Windrow of Whaleyville.

A number of our residents visited Ocean City this week to view the whales which were washed up on the shore during the storm.

Little William Thomas Carey, son of Mr. and Mrs. Walter Carey is on the sick list. He is suffering with pneumonia caused by catarrh of the appendix. We hope he will soon be out again.

Mr. and Mrs. William Derickson of Salisbury, spent part of last week at the home of Mr. and Mrs. R. T. Smith.

When Ground Hog Day rolls around, visions of fried chicken rise temptingly before us. In so much so Mr. W. H. Farlow set his indicators last Thursday, expecting to have any quantity of chicks by the first of March.

Our other poultrymen expect to follow suit in a few days. Let anyone longing for baby chicks just pay a visit to the bustling town of Pittsville.

Rev. and Mrs. G. J. Hooker were entertained for dinner at the home of Mr. and Mrs. Wilson Tapman last Sunday.

Mr. George Wells of Chester, Pa. made a short visit here last week.

Mrs. R. C. Jones is still improving, but she is unable to resume her duties at school. We certainly hope she will be out soon.

Mr. and Mrs. Calvin Donaway and daughter, spent last Sunday at the home of Mr. and Mrs. John Donaway of St. Martins.

Miss Mary Middleton was the week-end guest of Miss Mary Ewing.

Mr. and Mrs. P. T. Baker of Hinton were called to this town last week owing to the illness of their son, Mr. Lee Baker, who is suffering with pneumonia. We hope to see him out soon.

Master William Dennis, son of Mr. and Mrs. Handy Dennis, broke his arm when going through the halls at school last week.

Miss Pauline Richardson spent the week-end with Little Betty Phillips of Berlin.

Rev. and Mrs. G. J. Hooker entertained the Ladies Aid Society of Mt. Hermon last Tuesday evening.

Mr. and Mrs. Southery G. Truitt spent the week-end at the home of Mr. and Mrs. E. C. Davis of Willards.

Mr. J. M. Hudson of Beconoke, spending some time with his daughter, Mrs. G. J. Hooker.

Mrs. G. C. Rayne left for Philadelphia last Tuesday evening in order that she might have her tonsils removed.

Mr. and Mrs. G. L. Brittingham entertained a number of their friends last Tuesday evening. Among those present were: Mr. and Mrs. A. J. Baker and daughter, Mr. and Mrs. Willie Brittingham, Mr. and Mrs. L. E. Farlow.

Mrs. Amanda Shockey celebrated her eightieth birthday Saturday evening by entertaining the following: Mr. Everett Shockey and children, Russell, Floyd, Mildred and Joyce; Mrs. Ida Fann and daughter, Ethel; from Camden, N. J., Mr. Messner from Philadelphia; Mr. and Mrs. Solomon Shockey and children of Waltons; Mr. and Mrs. Roe Shockey and son of Parsonsburg; Mr. and Mrs. W. Shockey and children of Hinton; and Mrs. E. T. Shockey and children. Many have many happy returns of the day.

We are very sorry to report Mr. Severn Riggins very ill at this time. Miss Mary Brittingham left for Philadelphia last Sunday afternoon.

A very sad death occurred last Thursday night when the wife of Mr. P. M. Fleischhaure succumbed to pneumonia, after a severe illness of two weeks. Mr. and Mrs. Fleischhaure,

with their two children, came here from Baltimore six years ago, since when Mr. Fleischhaure has been employed with the L. G. Tingle Printing Co. Mrs. Fleischhaure leaves a husband and two children to mourn her loss. The body was taken to Westminster for burial which was Mrs. Fleischhaure's home before marriage. A number of their relatives came from Baltimore to accompany them back. Mr. Fleischhaure and his children have the deepest sympathy of the entire community.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effective. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. Thousands have testified to its good qualities. Try it when you have a cough. It cures—Advt.

Raising The Price

Mother: Johnny, will you be quiet for a bit?
Johnny: "I'll do it for two bits."—Awgwan.

T-43

WONDERFUL PICTURE AT ARCADE MONDAY

"The Sheik" Will Be Presented For
Three Days—Special Matinees—
Augmented Orchestra.

Rudolph Valentino and Agnes Ayres, a pair hard to beat, play the leading roles in "The Sheik," a notable screen production based on the book of the same name. The play will be presented at The Arcade Theatre Monday, Tuesday and Wednesday of next week and crowded houses for each performance are predicted. A special orchestra, said to be that which played for the Moore Minstrels, has been engaged and will play the score which has been especially written for the production. Spectacular settings feature the drama, one of which is a remarkable conception of a public section of the ancient City of Carthage under Roman rule; a birdseye shot of the City of Biskra, the Monte Carlo of the Algerian Sahara, taken from a minaret with an Arab praying in the foreground; fifteen actual shots about the city of Biskra, especially made for the picture by a representative from Paramount's London Studio; a picturesque African oasis, especially constructed on a desert site near Hollywood; a complete Arabian village—the stronghold of the bandit chieftain, Omar; and beautiful, exotic interiors, such as the interior of the Sheik's tent, and the desert palace of Omar.

In the Carthage episode, which is a vision in the picture, a very unusual effect is presented. Agnes Ayres, playing the principal feminine role, is shown as the haughty queen who rules the city under Roman domination. When the scene first opens, it shows the proud English girl, later to be captured by the Sheik, encamped at night among the ruins of Roman splendor in the ancient city.

Then the girl become a Carthaginian queen, the architecture is restored and scenes of splendor, peopled with the royal court, flower girls, harp girls, slaves, centurions and Roman soldiers follow. This vision establishes the haughty, dominant character of the girl, who insists upon taking a journey into the desert, despite her brother's objections.

The sale of the book from which the play was made sold well in Salisbury, according to White & Leonard, who handled it, and it is expected that all who read the story will see the play.

GOOD ATTENDANCE

The following pupils for the Third Grade in the Bell Street school made a perfect attendance record during the month of January: Louise Bounds, Florence Warren, Louie Williams, Lawrence Bostick, Arthur Brittingham, Marion McBrierty, Fulton Nichols, Clarence Morris, Abe Segel, Joseph Tubbs.

Splendid Movie At The "Y" Saturday

Special Feature Booked In Order To
Draw Larger Crowds—Small Ad-
mission Will Be Charged.

In order to pay for the motion picture projector purchased some time ago, Secretary Hammerslough says that he will be compelled to charge a small admission for the picture scheduled for Saturday night. A special feature has been booked for the occasion and a large attendance is expected. The picture this week is a six-reel production entitled "From the Manger to the Cross."

The machine, according to the secretary, has been used in all the industrial plants of the city, at the Home for the Aged, in the Sanitarium, and in the "Y" auditorium, and has been productive of much happiness and pleasure. The public will unquestionably support the move to pay off the indebtedness.

Mr. Richard Shipley was the speaker at the men's Bible Class. His subject was "Jesus and the Sabbath."

Supper was served by the ladies of the Methodist Protestant Church. The "Y" authorities wish the public to understand that this class is open to everyone and that membership in the Association is not requisite for attendance.

Below will be found the program of the "Artistic Valentine Frivolities" to be given at the Armory on Tuesday evening, February 14th, by the Sommerkamp Dancing School. After the completion of the program there will be an informal dance.

Program—Part I.

11. Valentine Dance, Nellie Phillips, Nellie Mae Turner, Martha Bounds, Isabel Toulson.

Accompanist, Jane Truitt.

Automobile Display
Space Is Disposed Of

Show Spaces Are Snapped Up Instantly—No More Exhibits Can Be Taken.

Exhibit space for the Annual Automobile Show in the Armory the last of the month under the auspices of the Salisbury Fire Department was sold out completely as soon as it was offered to the dealers. This would seem to indicate that there is even more enthusiasm over the coming show than there was last year. Among the Baltimore dealers who will have cars on display is the Maryland Motor Company which will exhibit the Durant, an entirely new car.

Preliminary preparations for the show have been completed but the public is urged to keep in mind the dates—February 28 and March 1-2-3 and 4—and turn out in full force to see the exhibits. As has been stated before, this is the only certain and definite way the Firemen have of raising revenue, and as such it deserves the full support of the people of this city.

J. E. Shockley Is
Seriously Stricken

Entire Left Side Paralyzed Early Sunday Morning. Latest Report States He Is Improving.

Mr. J. Ernest Shockley, one of Salisbury's most prominent merchants, was stricken with paralysis about four o'clock Sunday morning, his entire left side being affected. The latest reports from his home state that he is getting along nicely and is showing daily improvement.

Mr. J. E. Shockley is head of the J. E. Shockley and Company Department Store and is intimately known

through Wicomico and Worcester Counties. His hundreds of friends will be sorry to hear of his illness and will wish him a speedy recovery.

NO MEETING

Due to the snow storm, the Board of County Commissioners did not meet on Tuesday as is their custom. The next meeting will be held in the Court House Tuesday, February 14, according to Mr. Theodore P. Hearn, president of the Board.

WOMEN ELECT

The Business Women's Association, a recently organized club, elected the following officers at their meeting in the "Y" Tuesday evening, after effecting a permanent organization, presiding, Miss May Hill; vice-president, Miss Helen M. Wise; secretary, Mrs. Elmer Walton; treasurer, Miss Ida L. Taylor; executive committee, Misses Florence Riley, May Hearn, Annie V. Johnson, Stella Ellingsworth, and Mrs. Flora Swenck.

Salisbury Makes Bid For Normal School

(Continued from page 1)

uring the proper talent at the price of the high dollar. Were a Normal School located here, the graduates would teach in the section since by staying at home they could offset higher pay in other sections of the State.

In his budget, the Governor has asked for \$12,000 for extension work. This work is being done now by men from the State department and by county superintendents. Were a Normal School situated in Salisbury, the work could be done by the teachers of that institution. The students taking training could have plenty of material on which to practice in the various schools of the county.

Other reasons for having such an institution here are plentiful and have been advanced. The thing now needed is for Salisbury to show beyond a shadow of doubt that Salisbury wants the school and can aid it.

Special Notice To Farmers.

The Farmers Purchasing Bureau of Baltimore, which is established for the purpose of buying for the Farmer at Wholesale Prices or Better is now ready to act as Broker for the Farmer. We handle everything used on the Farm, and can get a better price for you than anyone can possibly do. The Bureau is not a stock proposition, and works entirely for its members. We handle Feed, Seeds, Fertilizer, Hay, Grain and Ford Parts, Tires, Tubes and all things used by the Farmer on the Farm. We open accounts with Farmers whose credit is established, and do a General Brokerage Business for the Farmer.

We have a number of Farmers who are members who have saved several hundred dollars this year already. We buy in car lots and sell to the Farmers who are Members at the Cost Prices. No article too small and none too large for us to handle for you. And we have arranged the Membership Charges so that the rich farmer has the same chance that the poor farmer has. The same prices prevail for all, no matter how small or how large. The Membership Fee is only \$5 which pays for everything, and gives the Farmer all the privileges. He has no stock to lose or no money invested except his \$5 member hip. And no interest charges on stock. Each member is only responsible for the goods he actually purchases for his own account. And you can buy anything from Tires to Tractors through the Bureau after becoming a member. If you are interested in saving money and want to get the best prices that can be obtained fill in the Blank and Mail Today.

I desire to become a member of the Farm Bureau and take advantage of the opportunities offered to farmers. Enclosed you will find my check for \$5 full payment of all privileges of the bureau.

COMMENT OF COUNTY AGENT COBB ON AGRICULTURAL HAPPENINGS

Most of our notes and comments this week should be between quotation marks as they are notes that we have gathered from many sources. We cannot vouch for their accuracy, but we believe that they are accurate and will give us something to think about.

Grimm alfalfa is the choice of Michigan farmers. They have purchased one third of the total production of the world this spring through the State farm bureau seed department. All the seed business of 43 county farm bureaus is now done through the seed department.

If the garden is not uniform in fertility or moisture supply, certain crops, like peppers, should have the richer spots and beans the poorer while celery and root crops should be planted in the more moist parts.

The dairy industry of the South needs more good cows. Fifty per cent of our so-called dairy cows should be sent to the block. The feeding of scrub cows and the scrub feeding of good cows are two of the most common mistakes of dairymen.

Cows sired by purebred bulls give much more butterfat than those sired by scrubs. The average cow in Marathon county, Wisconsin, gives 4800 pounds of milk per year and only 20 per cent of the bulls are purebred. But in Waukesha county, where 70 per cent of the bulls used are registered, the average is 6100 pounds of milk per cow per year. In the ten highest test herds of the association 90 per cent of the cows are from purebred bulls and averaged 7500 pounds of milk per cow per year.

A. A. Graham says, "I am convinced that commercial poultry raising should be combined with some other industry and preferably with fruit growing because the two articulate well. The 'rush' time in one rarely occurs at the same time that it does in the other. The poultry requires shade and in turn eats insects injurious to the orchards and keeps the faulty fruit cleaned up. The manure produced by the poultry keeps up the fertility of the orchard. The quick returns from the poultry enables the person of moderate means to await the coming but greater profits from the orchards."

Dr. Waters gives the following valuations per ton for farm manures:

Horse	3.48
Cow	2.67
Sheep	4.79
Hog	3.42
Fowls	15.84

This valuation is on the basis of plant food alone and while the prices vary the comparative values will remain practically the same.

Because of the failure to spray as thoroughly as should have been done last year many apple trees were infested with scab and lost their leaves early in the season. This will make it imperative that spraying be done and done thoroughly this year.

Our notes on strawberry growing show that many growers too dress their patches with a 3-8-5 fertilizer, or better when the plants begin to grow in the spring many growers use a 7-6-5 formula. Some growers also advise top dressing in the fall so that the plants may be strong through the winter. The spring application varies from 600 to 1000 pounds per acre.

Buy Plant Food By The Pound. You will swindle yourself if you buy the phosphate or fertilizer which is sold at the lowest price per ton. The more responsible manufacturers are trying to prevent such swindling, but many farmers still persist in buying fertilizer that sells at the lowest price per ton. They do this irrespective of the quality of the goods.

The lower the grade and the cheaper the price of any fertilizer, the higher is the cost to the farmer for each pound of available plant food it contains. In order to save freight, cartage and storage, also to save labor in applying it use only high grade concentrated fertilizers. Otherwise you are bound to be "stuck." A fertilizer containing 4% potash, in a form available to plants, will cost several dollars a ton more than a 2-6-2 fertilizer, but the price per pound of the actual plant food in the latter will be much higher than in the better grade. The form in which the plant food is present in a fertilizer may also govern its crop producing power. Is the nitrogen present in the form of fine ground leather, horn meal or other insoluble nitrogen material that is not available to plants? If so, it may analyze high and sell lower than a standard fertilizer of the same analysis in which the nitrogen is supplied in the useful form of dried blood, nitrate of soda or a mixture of all three. The best is the cheapest in fertilizers, especially this spring.

Stretching The Manure Supply. If all of the manure from all of the farm animals in the United States could be efficiently used there would only be enough available to dress one acre on every farm in the country each year. If the rest of the land does not get some commercial fertilizer therefore it gets nothing at all. Since nothing is more true than that it is impossible to get something out of nothing, anything that will serve to stretch the manure supply is worthy of most farmers' attention. If the use of fertilizer with manure at the rate of fifty pounds of the former to the ton of the latter makes manure go twice as far as the unsupplemented product and pays extra profit besides, it is foolish not to use the combination. Thousands of dairy farmers are now doing that very thing. Men who keep cows used over 10,000 tons of fertilizer in Wisconsin last year. There is even more reason for grain farmers to follow this practice of supplementing their farm manures.

"The time is coming when every man who lays claim to business ability will keep the question of waste before him constantly."—Thomas Edison.

Lettuce is a heavy feeder and must have enough of the right kind of food to yield a good crop. Fertilizer for lettuce should contain about 4 per cent of nitrogen, 6 per cent of phosphoric acid and 6 per cent potash. Do not overfeed with nitrogen and do not apply all the nitrogen as nitrate of soda but use dried blood or finely ground fish also in the mixture. Lime is an important factor, where the land is sour, in fact some of our lettuce growers claim that lime is fully as important as fertilizer. A general recommendation would be 1500 to 2000 pounds of fertilizer before planting or two applications may be made. If two applications are made apply one-half before planting and balance two weeks after planting. Broadcast the lime and work it thoroughly into the top soil.

George R. Cobb

On The Job

When you want to think back and straight, the familiar fee of your favorite pipe and haze of good tobacco smoke seem to cut you off from the rest of the world and let your mind work the way it should. The pip that never interrupts, nor take your mind off your work is the W. D. C. WELLINGTON The Universal Pipe.

As you smoke your Wellington there's never a bubble in a gurgle. The well catches at moisture and tobacco crumbs. The smoke comes up away from your tongue, through an opening in the bit. The Wellington is made of genuine French briar, seasoned by special process, as to break in sweet and mellow and is guaranteed against cracking or burning through. Get A Wellington. WATSON'S SMOKE HOUSE Salisbury, Md.

Why wear out your Starter?

USE IMPROVED AMOCO-GAS

THE AMERICAN OIL COMPANY

BALKS AT JURY DUTY WITH ELEVEN MEN

Miss Norma Kroes, artist and designer of Milwaukee, Wis., believes in equal right for women—but when selected for jury duty with eleven men in a sensational murder case she declined to serve, contending the ordeal would be too great for any woman.

CANNING PORK

Some of the notices in our daily papers read: "Mr. Jones and family died of ptomaine poisoning, due to eating canned spare ribs." This notice is undoubtedly true, for in going through the can I have found many farmers wives canning meats and vegetables by a method which is not safe.

Many of our mothers canned meat by frying it until it was done packing it into jars and filling these jars with lard. The method as recommended by the Home Economics Department, of the Department of Agriculture is as follows:

When canning meat be sure to sterilize jars. Prepare meat as for the table, cooking three quarters done, pack in sterilized jars. Divide the drippings among the jars, put on tops using new rubbers. Screw tops tight and unscrew one-half turn. Process for two hours in boiling water or forty-five minutes in a Pressure Cooker.

Sausage meat, link sausage, spare ribs, tenderloin, in fact any part of a hog, beef, lamb, rabbit or chicken, may be canned and used during the balance of the year. The meat canned by this method remains in perfect condition and retains its original fresh flavor.

In February and March there will be many hogs killed. Send a request to Miss Clara S. Mullin, Home Demonstration Agent's Office, Salisbury, Md., and she will be glad to help you take care of your meat without the danger of its spoiling. Two farm women in Wicomico County have a record of fifty quarts of pork each from their first killing.

Working Women To Have Easier Time

Several Bills Affecting Women Are Introduced In Assembly—One Is Intensely Radical, Is Opinion.

Several bills affecting women have been introduced at this session of the Assembly. One presented by Delegate J. Harry Brand of Baltimore City would lower the legal work day from 10 to 8 hours and would include within its jurisdiction hotels, apartment houses, lodging houses, telephone and telegraph offices, restaurants and places of amusement which are now generally excepted from restriction. House servants, nurses, and women employed in canning factories are excepted from the provisions of the act.

A second bill, sponsored by the League of Women Voters would raise the age of consent from 16 to 18 years. A third measure would give a married woman the right to change her name, sell property that would ordinarily need her husband's permission, and make other radical changes in present relationships. It is understood that the legislators are opposed to the act on account of its radicalism.

MARYLAND PRODUCT WINS

For the second time in two years, Maryland corn has won the \$25 prize awarded at the Pennsylvania State Farm Products Show. The money this time going to Henry Rignold of Forest Hill who submitted the best 10 ear sample in the only class open to competitors outside the State. Last year the prize also went to a Harford County man.

Wasted Breath

"A lot of eloquence," said Uncle Eben, "ain't no more practical use as hollerin' 'Come seven!' in a craps game."—Washington Star.

A WOMAN'S BACK.

The Advice of This Salisbury Woman Is Of Certain Value.

Many a woman's back has many aches and pains.

Often it's the kidneys' fault. That's why Doan's Kidney Pills are so effective.

Many Salisbury women know this. Read what one has to say about it. Mrs. E. P. Shockley, 507 Tilghman St., Salisbury, says: "I had backache so badly I was almost helpless. There was a constant dull ache through my back and sides. I had such a soreness across my kidneys that every move I made caused dreadful pains. I had headaches and nervous, dizzy spells. My feet and ankles swelled at times, too. I used Doan's Kidney Pills which I got at White & Leonard's Drug Store. They soon relieved the backache and headaches and the swelling left. I felt better in every way." 60c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

FEED THE BIRDS.

At this time of the year previous to severe cold weather or heavy snows, it is always necessary to call the attention of the public to the necessity of feeding the birds. A State may do a great deal in the way of restocking depleted covers, but more can be gained by saying what we have than by purchasing at great expense large quantities of birds. It is only necessary for farmers and sportsmen and bird lovers to divert a little time and a small amount of grain to save

many birds throughout the State of Maryland and have large numbers of quail and other valuable birds. A shelter provided for them to protect them from the snow or a place scraped bare in the snow and feed scattered thereon will accomplish a great amount of good and the Conservation Commission of Maryland urgently requests all those who are interested to do what they can to save the birds.

Feibert—"Really?"

Bacon—"Sure thing; it is to be attached to a front door, and when a

fellow comes home late at night he doesn't get in 'unless he puts in a \$5 note."—Yonkers Statesman.

Sluggish, Lazy Livers

Make The Idle Hour Productive

THERE are certain hours each day when the telephone of many business concerns are idle—hours which can and should be made productive.

If this is true of your telephone, why not reach out to surrounding towns and cities for more business? Make a list of prospects, call them up and give them the same sales talk you would if you were face to face.

The Station-to-station day rates from Salisbury to the following points are:

Baltimore	\$.60	Cambridge	\$.25
Chestertown	.50	Easton	.30
Washington	.60	Cape Charles, Va.	.60

After 8.30 P. M. there are reduced rates on Station-to-Station calls. The front pages of your telephone directory will give full information.

NEW HOTEL AT OLD POINT

Senator Swanson has introduced a joint resolution authorizing the Secretary of War "to grant permission to such individuals or corporation as to him may seem proper to construct, operate and maintain a hotel upon the Fort Monroe military reservation in Virginia, for a term not exceeding fifty years, upon such site, according to such plans and dimensions, and subject to such conditions and restrictions as may be approved by the Secretary of War."

RATS SELL WELL

One product of Talbot which refuses to bow to the general business depression is the muskrat, whose pelts since the opening of the season on the first day of this month have brought from \$1.50 to \$1.65 each at the traps, which the dealers maintain is a very good price. Although it is rather early to estimate the extent of this comparative new industry on the Shore, it has been known in the past to amount well up into the thousands of dollars, especially during the war, when pelts sold as high as \$4 each.

CAMBRIDGE AUTO SHOW

Cambridge is to have another automobile show. It will be held this year on March 21, 22, 23, 24 and 25, at the Armory and efforts will be made to have this a better show than the one last year.

TOMATO CONTRACTS SIGNED

Several Federalsburg canners are contracting with the farmers in that vicinity for next season's tomatoes at the price of \$15 a ton, though some are trying to hold the farmer down to 20 cents a basket. It is a general feeling among some of the canners that \$15 a ton should be offered for contract tomatoes in order to re-establish what in the past has been one of the most profitable industries, and which has suffered during the general business depression.

SNOW HILL CREAMERY

At a meeting held in the Community Room of the Deposit & Savings Bank last Tuesday afternoon to consider the building of an ice plant, cold storage plant and creamery, a committee composed of Messrs. William O. Dickerson, George E. Dryden, and John I. Timmons was appointed to investigate the cost of a fifteen ton ice plant and machinery and buildings for the proposed enterprise.

Several sites are in view where the plant can be erected and prices have been named.

A meeting of the business men and farmers will be called as soon as the committee is ready to report.

It is proposed to have an ice plant that will more than supply this community, to ice cars, to furnish cold storage for seed potatoes, apples, beef, pork, etc., and to have an up-to-date creamery.

The present outlook is for a plant that will likely cost around \$50,000.

NEW HIGH SCHOOL

February 6th, has been set as the date when the new Laurel High School

will be dedicated. The building has been accepted as complete and within a very short time the doors of the splendid monument to education will be thrown open. The event of dedicating the new school will mark a new era in the educational system. It is complete in every detail and so equipped that every branch of work, study and play may be followed out on a basis that should bring results.

CHINCOTEAGUE BRIDGE

On Chincoteague Island people are looking forward with much interest to the opening of the new bridge and according to an announcement made there this week, residents and tourists will be enjoying the benefits of this wonderful enterprise by May 1st.

ONANCOCK RIVER DREDGING

Extensive dredging will be done in the Onancock river the latter part of February, according to an announcement made Tuesday at the office of Colonel J. C. Oakes, United States army district engineer, Norfolk. Bids will be opened February 23. The completion of the job will mean the bettering of the transportation conditions in this river.

REDUCE FAIR PRICES

At meeting of the directors of the Delaware State Fair Association held Thursday afternoon; of last week, the directors decided to reduce the 1922 Fair to fifty cents. Two years ago when the price of labor and materials of all character was advanced upwards of fifty per cent, the directors increased the price from fifty to seventy-five cents.

DIES AT AGE OF 102

Mrs. Harriet Morgan, aged 102 years and probably the oldest resident of Somerset county, died at her home in Crisfield on Thursday of last week, from the infirmities of age.

She was a widow of the late Thos. Morgan, who preceded her in death 42 years ago, and was well known in Crisfield and vicinity. Funeral services were held on Saturday afternoon conducted by Rev. J. L. Johnson, pastor of Immanuel M. E. Church.

MANY WILL GROW TOMATOES

Indications are that many Queen Anne's county farmers this year will resume the growing of tomatoes, and there is every reason to believe that the majority of packing houses will be in operation again this season. While tomato prices remain low, the surplus stock is being moved and there probably will be a fair demand for canned goods in the fall. Last year comparatively few tomatoes were produced and many of the packing houses did not open their doors.

INSTALLS BURGLAR ALARM

In order to insure greater safety for the savings and deposits of its thousands of customers, and to minimize the danger of loss from burglary either as the result of a day-light hold-up, or from a night raid by professional cracksmen, the Centerville National Bank of Maryland has completed negotiations for the installa-

tion of a McClintock Electric Alarm System. The new device will be placed in the local bank some time within the next few weeks, and will add the name of the Centerville National to the large list of financial institutions that have taken similar steps to provide against loss by burglary.

TALBOT IN ARMS

The Talbot Bank will immediately install a burglar alarm. The board decided this week that it could better serve the interests of its patrons by doing this. The system is the latest improved and is so devised that a secret alarm can be made without anyone knowing it, the alarm being loud enough to be heard all over town. Besides this, the bank has supplied all of its employees with pistols.

SHOPS ON HALF TIME

From now on until further notice, all shop men except at the Round House of the N. Y. P. & N. at Cape Charles will work on half time. Half, in other words, will work the first three days of the week and the other half the last three, so there'll be no suspension of activities; only such work will be done as can be handled with half crews.

FIREMEN ARE HOSTS

Officers of Volunteer fire companies in Sussex county were guests of the Seaford Volunteer Fire Company, Friday evening at a banquet given by them in the assembly room of the Seaford high school building. The event was the most delightful of the season, and reflected credit upon the company, as well as upon the members of the Ladies of the Eastern Star, who were caterers for the occasion.

Kiddies' Colds Can Be Eased Quickly

Dr. King's New Discovery will do that very thing, easily and quickly. Don't say, "Poor little kiddie, I wish I knew what to do for you!" When the cough first comes, give a little Dr. King's New Discovery as directed, and it will soon be eased.

It's a good family cough and cold remedy, too. Loosens up the phlegm, clears up the cough, relieves the congestion. No harmful drugs. For fifty years a standard remedy for colds, coughs, grippes. At your druggists, 60c a bottle.

Dr. King's New Discovery For Colds and Coughs

Constipated? Here's Relief! Cleanse the system, with Dr. King's Pills. They prompt free bile flow, stir up the lazy liver and get at the root of the trouble. All druggists, 25c.

THE ROTARIAN'S DUTY

Rotary is the expression of man's belief—

1. In himself and the ideals he hopes to achieve.
2. In the worthiness of his occupation, and in his duty to widen its sphere of usefulness.
3. In the duty he owes to his home and to his town, state, and country.

These beliefs inspire and direct the various activities of Rotary. Activities which pertain to the betterment of the individual Rotarian and his business constitute all of "fundamental Rotary." Applied Rotary will benefit any community, and so it is the sole purpose of the Salisbury Rotary Club to be of benefit to this community.

POULTRY NOTES

BY H. W. RICKEY

It is a curious fact that poultrymen in embryo, including both men and women who has just embarked or who are about to embark in the business of raising and selling poultry, will accept—moreover, will ask—for advice upon all phases of production, but when it comes to a question of policy in the financial management, particularly with regard to the disposal of the products, advice is seldom desired or tolerated; in spite of which, however, shall herewith discuss a few pertinent matters connected with the marketing of poultry and eggs, which should be of interest to the prospective poultry keeper.

Usually retail marketing appeals to most beginners; the additional half dollar received for a pair of broilers and the increase in the price of eggs appear to be the nucleus of the profit, but certain fortune. But there are certain salient features connected with the retail business which are not always agreeable, while others interfere with a satisfactory growth of the work, a thorough knowledge of which, however, can only be obtained through experience, but which should in so far as possible be taken into consideration before any method of selling is definitely decided upon.

To be successful the retailer must please his customers; unfortunately, too many are unreasonable in their demands. Many times in the course of my work I would have sacrificed time and money to have been able to place certain of my customers in a position, that they might have a clearer conception of the attitude of the purchaser and the problems of the seller. It should be the aim of the ambitious poultry man to supply the best possible products, which, of course, requires high-grade stock, having better care and management than the average poultryman usually gives to his chickens.

Private interests go by the board; in other words, one must be ready at all times to accede to requests and demands no matter how unreasonable or chance the loss of a customer. It is a common occurrence to be compelled to give up for the time most important routine work in order to rush through a "hurry-up" order. Failure to fill such an order usually means a loss, possibly of good will only, but still a loss. It is under such conditions that there is danger from the intermittent neglect of our fowls, of the growing stock, the incubators and the brooders and from our inability to live up to any system of operation which may have been put into practice.

For the beginner, however, with limited capital and stock, it is most necessary that he dispose of his products at the best prices obtainable, even though he sacrifice his personal liberty while so doing, as his comparatively few sales must be made to carry him through the critical period of his undertaking. After his stock has increased and his business grown to such proportions that his time can be almost wholly occupied with the care of his poultry, then he is in a position to decide fairly what the future character of his business will be. The life of the wholesaler is less exacting, with less detail work and fewer annoyances. The profit from individual sales is not so great, but there is more time for the care of the poultry, the house and the farm, for attention to the improvement of the stock, and to increased egg production, which in the long run overbalance any seeming advantage gained by selling direct to the consumer in small quantities, with considerably more labor and greater expense. The wholesale market's demands are easily met; both eggs and chickens should be graded and packed in standard cases, with the name of the shipper clearly marked on the packages.

The standard packages for the shipment or storage of dressed poultry consists of both barrels and wooden boxes; the latter, which may be purchased knocked down and used principally for the best grades. Five or six penny nails covered with cement are used in nailing the boxes together so they will not rust in storage. Boxes holding a dozen birds are, as a rule, preferred for the higher class stock. Culls and mutilated fowls, old roosters and other inferior stock are packed in barrels. Chickens and

fowls are graded according to quality and weight per dozen.
We have the first and second grade broilers, weighing 24 pounds per dozen, and under, the first grade consisting of the finest and plumpest of somewhat less weight and of not quite such high quality. Then there are the broilers weighing from 25 to 29 pounds per dozen, graded in the same way; chickens from 31 to 35 pounds per dozen and chickens from 36 to 48 pounds; roasters, 43 to 48 pounds and roasters, 49 pounds and over; fowls, 36 to 42 pounds; fowls, 43 to 48, and fowls, 49 pounds and up.

Dressed poultry should be packed snugly in the boxes and barrels in order to prevent shaking and bruising and to give to the carcasses a plumper appearance when the package is opened. There are several methods of packing in general use, but the one described below, probably meets better the demands of most markets. All packages are lined with parchment paper. Broilers are packed twelve in a box, breast up, six birds on each side with feet extended beyond the middle of the box. The heads are wrapped in parchment or oiled paper and tucked under and to the sides of the bodies, while the feet are crossed with those of the birds opposite. The legs should not be drawn too far, as this to some extent spoils the appearance of the carcass.

Another pack of broilers, known as the "standard expert," consists of a layer of six birds on the bottom of the box with breasts up, and a second layer of equal number with breasts down. The heads are brought forward and turned sideways, so that the eyes show. With this method the appearance of the top and bottom of the package when opened is the same. For all heavy fowls, including turkeys, the style of packing known as the "standard roaster" is commonly used. They are packed twelve to the box with two layers of six each, as in the case of the smaller birds. Parchment paper is laid between the two layers. The fowls making up the bottom layer are placed on their backs with feet and heads up, the heads being wrapped with paper; the feet and heads of the top layer are down. In each layer three birds are packed with breasts one way and three with the breasts the opposite way. In some cases, where there is a limited supply of extra fine stock to be marketed, the package may consist of one layer only.

While it is generally conceded that hot packing of first-class stock is more profitable in the long run, barrels are often made use of for the packing of broilers and other poultry. When the barrels are used the wings of the chickens are folded back and the carcasses placed in the barrels in circular layers.

When packing for shipment, in warm weather, ice should be used liberally. The common practice is to first place a layer of cracked ice on the bottom; on top of this is placed a layer of chickens, then a layer of ice and another layer of chickens, and so on until the box or barrel is filled. A large piece of the ice may then be placed on the top and the cover nailed fast. The ice melts and the cold water percolates down through the contents and keeps them cool. Even when shipping in refrigerator cars it is advisable to use ice in the packages with the poultry. Ship by the shortest possible route, and, if by express, send collect, which to some extent insures immediate delivery.

H. W. Rickey.

PLANTS COSTING THREE MILLIONS TO BE ADDED

C. & P. Telephone Company Will Spend Huge Sum In Maryland During 1922.

New telephone plant costing \$3,113,000 will be added to the system in Maryland in 1922 according to plans for additions being made by engineers of the Chesapeake and Potomac Telephone Company. Every section of the State will benefit through the expenditures, as the company is laying plans to add new lines and increase its central office facilities wherever population and business growth justify.

Preliminary estimates from managers in the different towns indicate that the business growth is general. In many sections the requests for telephone service and the increase in calls is so great that much new plant must be added. More than \$780,000 is estimated as the cost of installing the telephones, protectors, inside wire and other apparatus at the subscriber's premises, exclusive of the outside lines, cables and central office equipment that must be added.

In addition to the general amount for installation throughout the State, many specific appropriations will be made for local improvements. The tentative plans provide for the expenditure of about \$167,000. This is divided among towns of the Eastern Shore, and also includes numerous additions in the cities and smaller places in the western and northern sections.

Man of the toll and long distance lines are to be improved, and in some places it will be necessary to increase the number of trunk circuits, because of additional business. One job alone entails the spending of more than \$100,000—constructing new cable lines along the Frederick road, and between Frederick and Middletown.

Some of the towns to which the company hopes to give considerable increases in their telephone plant are: Annapolis, \$11,000 for new switchboard equipment and additional aerial cables.

Belair and Havre de Grace, \$11,000 to provide general facilities for more telephones.

Cumberland, \$43,000 for new cables and \$35,000 for a new switchboard necessary to handle the increased business.

Frederick, \$10,000 for central office equipment and aerial cables.

Hagerstown, \$26,000 for switchboard equipment providing 300 additional line facilities, and additional cables in the northern section.

Hyattsville and Laurel, \$46,000 for new line facilities and underground and aerial cables.

Salisbury, \$43,000 for switchboard equipment and outside plant relief. Cambridge, Easton, Crisfield, Chestertown and Princess Anne are given appropriations sufficient to care for their increase in telephone needs during the year.

The Power of Paint
Nobody questions the power of paint to protect property from decay and ruin.
When you place insurance you look into the resources of the Company. When you buy paint look into the ingredients that determine its power of service.
Few people ask for adulterated White Lead when they want to paint. Ask for Pure White Lead more conveniently prepared and ground with a proper amount of Zinc in Pure Lined Oil—that is Monarch Paint.
Zinc will make it last longer and hold its color. The spreading quality of Martin-Senour Monarch Paint 100% Pure is remarkable.

A FRIEND IN NEED A FRIEND INDEED

Writes Mrs. Hardee Regarding
Lydia E. Pinkham's Vegetable
Compound

Los Angeles, Calif. — "I must tell you that I am a true friend to Lydia E. Pinkham's Vegetable Compound. I have taken it off and on for twenty years and it has helped me change from a delicate girl to a stout, healthy woman. When I was married I was sick all the time until I took Lydia E. Pinkham's Vegetable Compound. I was in bed much of my time with pains and had to have the doctor every month. One day I found a little book in my yard in Goshute, Oklahoma, and I read it through and got the medicine—Lydia E. Pinkham's Vegetable Compound—and took eight bottles and used the Sanative Wash. I at once began to get stronger. I have got many women to take it just by telling them what it has done for me. I have a young sister whom it has helped in the same way it helped me. I want you to know that I am a 'friend indeed,' for you were a 'friend in need.'"
Mrs. GEORGE HANDEE, 1043 Byron St., Los Angeles, California.
Let Lydia E. Pinkham's Vegetable Compound be a "friend indeed" to you.

OCEAN CITY WHALE IS REPORTED IN BAD ODOR

Visitors On Sunday Able To Get A Little Closer On Account Of Cooler Weather.

Despite the fact that it was reported in exceeding bad odor, the whale stranded on the beach at Ocean City was the interest point for hundreds of visitors from all towns in this section. A drizzly rain and cooler weather made it possible to approach the object of so much curiosity closely enough to see what it was like, though the more conservative stayed at home and scanned the really realistic photographs adorning the show boards of local photographers.

Estimate on the size of the whale vary from 27 feet in length by ten in diameter, to 58½ feet long and 7½ feet thick. The mammal was washed ashore during the recent storm and wise old fishermen say that he was this far south and met with misfortune because the Gulf Stream this year is much closer to the coast. Incidentally, they say that this foreshadowed an early spring.

THE SANDMAN STORY

PUPPY AND THE FOWL

THE Barnyard Fowl lived very comfortable with old Towser, but when Jack Puppy came there to live they found out they knew nothing about dogs.

"I thought all dogs were good," said old Brown Hen, looking after her bit of bread which Jack had stolen and run off with. "I wish I could catch him and give him a sharp peck."

"He tipped over my dish of mush this morning and then rolled in it," said Mrs. Duck, with a snap of her big bill. "He could not eat that either, and my little ones had no breakfast."

At last the ducks and hens could stand it no longer and then went to old Towser and told their troubles. "You must help us," said old Brown Hen. "I should think you would be able to do that."

Just like Jack is sowing now. "It is plain we must take matters into our own hands," said old Brown Hen. "Towser will not help us, so we better call a meeting and see what can be done."

That afternoon under the currant bushes at the end of the garden all the hens and ducks and Mr. Rooster held a meeting.

Jack Puppy ran all around the barnyard trying to find them, and when at last they returned he ran at them barking and jumping. "Make the most of it, young fellow," said Brown Hen, pecking at him as he ran past her. "Tomorrow you will not be so gay."

The next morning when Jack ran out in the yard to get his breakfast he found all the hens and ducks around his plate of food helping themselves.

"Get away! Get away!" he barked, running at them with wide-open mouth, but they kept on eating, and when he ran up to them the older hens and Mr. Rooster pecked at him.

The ducks quacked and one old drake took Jack by the ear in no gentle manner.

Jack "barked" loudly as he ran to Towser's home for protection, but they all chased him, and if the farmer had not come out just then with a dish of corn there is no telling what would have happened.

"He won't bother us any more," said old Brown Hen. "Don't one of you young hens run when he comes around here now. Just stand still and peck at him, and he will run from you instead of running from him."

It was just as old Brown Hen said. Jack found out his day was over for eating the food, and he became a well-mannered dog and behaved as he should after that.

(Copyright)

into service of the National Guard any persons liable to such service in order to bring the strength of the Guard up to the standard required by the Federal Government. It is expected that the committee will report the bill favorably.

Under one provision of the measure, the Adjutant General of the State is given life tenure of office, or rather tenure until he reaches the Federal retiring age limit of 64. The reason for this provision is that it is required by Federal law, under the National Defense Act, and if Maryland wants to receive \$185,000 from the national Government, this provision will have to be incorporated.

Take the National Guard out of politics, seems to be the basic motive of the War Department in demanding that the Adjutant General be given such a long tenure of office. The old type of the Governor's staff is also taboo, for the aides would be selected from members of the Guard and would not be appointed from civil ranks.

SECOND NIGHT
Grandfather Municipal.
A patriarch of all the Gnomes
On whom time lightly bore,
His dignity of bearing marked
A leader to the core.
Of sturdy limb and piercing eye
And silvery head of hair,
Respect and close attention he
Commanded everywhere.
"Though pioneer of all the bonds,
My strength is still unshorn,
I reached the age of middle life
Ere most of you were born.
While generations come and go
And fade into the past,
I stand like some old knotted oak,
Indifferent to the blast.
I deem it both a privilege and
A pleasure to be here;
Though what I have to tell you will
Be history, I fear.
And if I weary younger Gnomes,
As I turn back the page,
They'll have to just ascribe it to
A garrulous old age.
Born while the laws were crude and
vague,
My youth was much assailed
By trials and temptations through
The looseness which prevailed.
My brothers took the attitude
All's fair in love and war,
And many poor investors thus
Were forced to pay the sober
In time our name became so bad
It drove at last the states
To call their legislatures and
Indulge in long debates.
'Twas many months before they laid
Their finger on the cause,
And passed new legislation, or,
In other words, new laws.
Those statutes were the same as now
To large extent prevail;
Hence, my descendants found their
path
By far a smoother trail.
So in the public's liking then,
We grew, and grew, and grew,
And, though we are not perfect yet,
Our sins are very few.
Please note that the inherent strength
Possessed by all my race,
Comes from our taxing power, which
gives
Our claims initial place.
On property that's personal
And on the real estate,
Of all the people that compose
The body corporate.
The holders of first mortgages
Must even stand aside—
Their claims are secondary till
I'm fully satisfied.
My issue's always limited
And based proportionately,
On valuation that's 'assessed,'
In each locality.
The limit thus is seven per cent,
Within the Keystone State;
Except in Philadelphia where
They've set a higher rate.
Beyond this fixed percentage
It's illegal that I go;
Municipalities, at times,
Are pyramided though.
In other words, the area
Where such proportion rules,
May issue bonds for 'Poor Districts,'
The 'Borough' and the 'Schools,'
I may for each one borrow up,
Full to the fixed per cent.
Upon the self-same property—
The law gives such consent.
And thus, I much regret to state,
Though seven per cent sounds low,
To twenty-one or twenty-eight,
Or higher, I may go.
To all these issues I refuse
Priorities of lien;
The last and first are equal, as
Are those which come between.
And whether 'Water,' 'School' or
'Read,'
Or 'Borough' bond they be,
I never draw distinctions, for
They're all the same to me.
When legislatures framed the laws
To make me safe and sound,
It seems to me they travelled in
A circle all around.
For they're so complicated, that,
I should produce, they say,
Opinions known as 'legal,' that
I'm right in every way.
If I'm not so accompanied,
Both those who buy and sell
May find, that though I'm looking
fit,
I'm very far from well.
In fact, I am so delicate
In this phase of my life,
I never feel that I can say,
I'm safe from legal strife,
(Continued Next Week.)

Pause Here a Moment!
1809 1865
FEBRUARY 12
Abraham Lincoln. Great man.
Few can read of his life, but the wonder is that there are not MORE great men.
Lincoln's principles were so simple, plain, accurate.
It was unselfish SERVICE. Justice based upon the Golden Rule.
At Gettysburg he reminded a civil war-torn nation that our country was "conceived in liberty and dedicated to the proposition that all men are created equal"—and that "this nation, under God, should have a new birth of freedom, and that government of the people, by the people, for the people should not perish from the earth."
An institution, like a government or an individual, with foundations based upon service and justice, is bound to have the confidence of the big majority.
This institution, in its humble way, "IS OF THE PEOPLE, BY THE PEOPLE, FOR THE PEOPLE."
OUR AIM—To protect the interest of depositors; to give sound advice to investors and to pay liberal returns on savings. It is worthy the place we ask in your considerations.

CONTINENTAL COMPANY HAS BIG INCREASE

Editor Of Economic World Re-
views Financial Statement
And Is High In Praise.

SHOWS GAIN DESPITE
GENERAL DEPRESSION

Most Influential Financial Journal In
Country Says Business Of Con-
tinental Life Insurance Company
Shows Substantial Gains, Both Re-
lative And Absolute.

ANNUAL STATEMENTS OF IN-
SURANCE COMPANIES.

The following article reprinted
from the January 7th issue of the
Economic World, America's foremost
financial journal, gives a graphic ac-
count of what "Go-getters" can ac-
complish when they make up their
minds to do it.

Continental Life Insurance Com-
pany, Wilmington, Del.—On another
page of this paper will be found a
summary of the principal items of the
Fourteenth Annual Statement, cov-
ering the business of 1921, of this no-
table member of the group of younger
life insurance companies in the United
States. In view of the great severity
of the business depression from which
the country was suffering throughout
the whole of the past year and the
unavoidable effects of this depression
upon the operation of the life insur-
ance companies in general, especially
as regards the volume of new business
written, it was to be expected that the
annual statements of the companies for
1921, which began to appear after the
turn of the year, they would be found
outset to compare more or less unfavor-
ably—at least, on the face of the fig-
ures—with the annual statements for
1919 and 1920, which were the banner
years in the entire history of American
life insurance. Accordingly, it is at once
a surprising and an impressive fact that
the Annual Statement of the Continental
Life Insurance Company for 1921, which
reaches us for publication and analysis
—so far from comparing unfavorably
with the excellent statements of the
Company for the two preceding years,
should show really substantial gains,
both absolute and relative, at every
essential point. For those who have
followed attentively the work of Pres-
ident Burnet and his associates in the
earlier years of the Company's life,
and have observed with what skill
and prudence they provided the Com-
pany with an unshakable foundation
upon which a life insurance structure
of any magnitude might later be
reared, there is of course no cause for
astonishment at the past year's
achievement of the institution. The
exceptional intelligence with which
the affairs of the Company were guided
and its policies determined in the
preliminary stages of its development
and the unremitting energy with which
its operations were extended as rapidly
as was possible without the slightest
departure from the principles of
financial and actual conservatism,
have simply begun to yield their
natural fruit in the way of a business
which does not suffer from the shocks
of circumstances—even circumstance
of so abnormal and violently distur-
bing a kind as the country and the
world have been experiencing since
the culmination and collapse of the
post-war "boom" towards the end of
1920 and in 1921.

The new paid-for life insurance
written by the Continental Life Insur-
ance Company in 1921 aggregated
\$7,533,168, as compared with \$2,349,111
of new insurance written in 1920,
—again for 1921 of \$225,027, or ap-
proximately 3 per cent. As it is now
estimated, on the basis of the figures
reported by a large percentage of the
life insurance companies for the first
eleven months of 1921, that the total
new business written in 1921 by all
the life companies in the United
States will prove to have been some-
thing like 17 per cent smaller than
that written in 1920, it will be seen
that the past year's record of the
Continental Life Insurance Company
in this regard is not far from 20 per
cent better than that of the entire
body of American life insurance in-
stitutions. Enjoying this proportionally
large volume of new business in 1921,
the Company's life insurance in force
rose sharply during the year, stand-
ing on December 31, 1921, at \$35,377,753,
as compared with \$31,195,100 on
December 31, 1920, the gain for
the twelve months being \$4,182,653,
or approximately 12 per cent. From these
figures it may be deduced that the
Company's total loss in outstanding
insurance through death, disability,
policy lapses, cancellations and other
causes, etc., was \$4,200,400, or, in
other words, that of the total new business
written in 1921, about 48.1 per cent was
sufficient to offset the terminations of
policies for the causes just mentioned,
and about 51.9 per cent remained as
net addition to the insurance in force.

This is an excellent record for a year
of such economic vicissitudes as 1921.
Turning now to the financial position
of the Company, it should be noted
at the start that the balance sheet
as of December 31, 1921, shows no
departure from the policy which Pres-
ident Burnet has held to resolutely
from the time when the Company
was organized, namely, that of main-
taining an excess of Assets over Li-
abilities far exceeding any proportion
that is usual in the conduct of life
insurance companies in this or any
other country. At the end of 1921
we find the total Admitted Assets of
the Company standing at \$1,316,029.57,
or 131 per cent of its total Liabilities,
and, conversely, the total Liabilities
standing at \$1,005,100, or only 77 per
cent of the Assets. At the end of

1920 the total Assets were \$3,916,856
and the total Liabilities were \$2,589,-
218, so that the increase in the As-
sets during 1921 was \$643,356 and
the increase in the Liabilities was
\$605,882. Accordingly, the present
Annual Statement shows an excess of
Assets over Liabilities in the amount
of \$1,365,112, whereas a year ago the
excess was \$1,327,638. It is of inter-
est to note that of the excess of As-
sets shown by the balance-sheet of
December 31, 1921,—an excess which
of course in its totality constitutes
the Company's Surplus to Policy-
holders,—the capital stock is repre-
sented by \$651,010 and the Surplus
proper is \$714,102; whereas in the
balance-sheet of December 31, 1920,
the stock capital appeared as \$654,-
490 and the Surplus proper as \$673,-
148. It is evident, therefore, that the
Company is gradually repurchasing
and retiring its capital stock, a pro-
cess which of course improves the
relative position of the policyholders.
It may be added, as information not
conveyed by the Company's statement
as published, that the financial posi-
tion is really much stronger than ap-
pears on the face of the figures, since
the management has been able dur-
ing the past two or three years to
convert more than half the Assets in-
to Liberty bonds and Victory notes
at the very low prices obtaining for
these issues until recently, and is car-
rying these investments in its bal-
ance-sheet upon an amortization basis,
and not upon the basis of their mar-
ket value at the end of 1921, which
of course was vastly higher. From
whatever standpoint the Company is
looked at, therefore, it is found to be
of most exceptional strength.

INCOME TAX FACTS

The new requirement of the income
tax law that returns shall be made of
gross income of \$5,000 or more re-
gardless of the amount of net income
upon which the tax is assessed, neces-
sitates careful computation on the
part of the taxpayer. "Gross income"
includes practically every dollar re-
ceived by the taxpayer during the
year 1921 in salaries, wages, commis-
sions, rents, royalties, interest on
bank deposits, cash dividends on stock,
"or income from any source whatso-
ever." "Net income" is gross income
less certain deductions provided for
by the act, including all business ex-
penses incurred in the conduct of a
business, trade, profession, or voca-
tion.
Certain expenditures, however, are
not deductible as a business expense
when made for the purchase of articles
more or less permanent in character,
or for permanent improvement of
property. For example, a merchant
would not be allowed to deduct the
amount expended in the erection of a
new store, or a farmer the cost of a
new tractor or threshing machine,
since such investments are held to be
capital investments. The law ex-
pressly prohibits the deduction of
family or living expenses, such as rent
for a dwelling, repairs to a dwelling,
cost of food and clothing for the fam-
ily, education of children, servant's
wages, and similar items. Amounts
spent during the year 1921 for any of
these items are not deductible.

Railroads Ask Re- peal of Burden- some Law

SO-CALLED FULL CREW REG-
ULATION IS COSTLY TO
THE PUBLIC

TO THE GENERAL ASSEM-
BLY OF MARYLAND:

The undersigned Railroad Com-
panies, operating in the State of
Maryland, join in a petition to
your honorable body to act favor-
ably on Senate Bill No. 74 intro-
duced by Hon. Walter Mitchell
which repeals the so-called full
crew law enacted in 1908. This
burdensome and wholly unneces-
sary law requires railroads to
man all freight trains of 30 or
more cars with crews of six men,
viz. 1 Engineer, 1 Fireman, 1 Con-
ductor and 2 Brakemen and 1
Flagman (3 Brakemen). This
crew comprises one more Brake-
man than the railroads need.

The petitioners respectfully
request the abolition of this extra
Brakeman.

By the way, the employment of this
extra Brakeman is an unnecessary
burden on the railroads, and there-
fore on the public, which after an
average of 10 years has cost the
State of Maryland \$100,000. In fact
it has cost the State of Maryland
\$100,000 during the past three years,
of \$100,000 during the last three
years. This law has cost the Railroads
operating in Maryland approximately
\$100,000. (See Exhibit A, attached
hereto, which shows a table of the
cost of this law.)

The extra Brakeman is not needed
in the operation of trains. The
Federal Government requires an
Engineer, a Fireman and a Conductor
and permits the use of four
Brakemen on trains. Two Brakemen
are sufficient to man a freight train
of 30 cars. The law requiring a
third Brakeman is an unnecessary
burden on the railroads, and there-
fore on the public, which after an
average of 10 years has cost the
State of Maryland \$100,000. In fact
it has cost the State of Maryland
\$100,000 during the past three years,
of \$100,000 during the last three
years. This law has cost the Railroads
operating in Maryland approximately
\$100,000. (See Exhibit A, attached
hereto, which shows a table of the
cost of this law.)

FOURTEENTH ANNUAL STATEMENT

Insurance in Force

\$35,377,753

President's Report — TO THE — POLICYHOLDERS

CONTINENTAL'S STRONG POSITION

THE above statement shows that the
Continental is in splendid financial
condition. Assets are equal to more
than 142% of liabilities. For every \$100 of
liability, the company not only has \$100 of
sound assets with which to meet it, but it
also has another \$42 on top of it, as com-
pared with a margin of only about a tenth as
much in the average company.

Not only is the Continental's margin of as-
sets in excess of liabilities nearly ten times
as great as the average, but the quality of
those assets is unusually high.

About 54% of the assets is in United
States Government Bonds.

About 22% of the assets is in first mort-
gages on improved real estate worth at least
twice the loan in every case; and the valuations
of the properties were based, not on the
present real estate values, but on the lower
pre-war values.

About 15% of the assets is in liens secured
by the company's own policies; these are
limited to the reserve value of each policy,
and if not paid in cash will be liquidated by
the reserve on deposit with the State.

About 7% of the assets is in county, mun-
icipal and railway bonds.

The remainder of the assets, less than 2%,
is in cash.

The high quality of the assets, plus the
fact that the margin of assets in excess of
liabilities is nearly ten times as great as the
average, furnishes a degree of security diffi-
cult to duplicate.

But assurance is then made doubly sure by
the Delaware law which requires the com-

pany actually to deposit with the State itself,
in securities which must be approved by the
Insurance Commissioner, a reserve fund suffi-
cient to secure the payment of every obliga-
tion. As an evidence of this, every Con-
tinental policy bears this official certificate:

STATE OF DELAWARE

INSURANCE DEPARTMENT

This Policy is registered and secured by
a deposit of approved securi-
ties with this department as
(Seal) provided by law.

Insurance Commissioner.

A GREAT WORK

IN spite of almost insuperable obstacles
arising from the great depression in
industry, the splendid efforts of the
superb field force of the Continental en-
abled the company to issue a larger amount
of new insurance in 1921 than in any pre-
vious year of its entire history.

At a time of all times when the family is
most in need of the protection that life in-
surance alone affords, the Continental is
writing more insurance than ever before.

This means that the men, women and chil-
dren of the various communities in which the
Continental operates are going to be millions
of dollars better off than they would have
been without the quietly persistent efforts of
the representatives of the Continental; for
the experience of every life insurance com-
pany shows, when it comes to the payment
of claims, that most of the people who carry
insurance save very little money in any
other way, while it is a well-known fact that
few insure until solicited to do so.

In view of this, it is apparent that the ac-
tive, aggressive, successful representative of
the Continental is probably doing more for

the happiness and well-being of the people of
his community, than is being done or can
possibly be done by almost any one else in
any other way. Measure the value of his
efforts by the amount of insurance he writes
—most of which would not be taken except
for his solicitation—and it becomes evident
at once that the community could ill afford
to dispense with his services; if necessary,
it could better dispense with the efforts of al-
most anyone else rather than sacrifice the
great benefits which flow from his work. He
is not only the means of adding hundreds of
thousands of dollars—in some instances, mil-
lions of dollars—to the wealth of his com-
munity, but what is vastly more important,
he is constantly inculcating, preserving and
developing in the people, those habits of
foresight, responsibility, prudence and thrift
which have made America a great nation—

A nation which is great because composed
so largely of those vigorous, independent,
self-reliant individuals who have a veritable
passion for working out their own salvation
rather than depend on the charity of their
fellows or the paternalism of the State.

In many communities, the chief prophet of
that great religion of self-reliance is the rep-
resentative of the Continental. He is the
one force which, steadily and persistently, is
inculcating and preserving in a constantly
increasing number of the people, those hab-
its of mind and character which, being ab-
sorbed by each new generation from the
older one, will result eventually in the sav-
ing of untold wealth that would otherwise be
dissipated, and raise the whole community
to an ever-higher plane of happiness and
prosperity. In a very true sense, he is the
backbone of his community, and he may have
the satisfaction of knowing, as he continues
his great work, that even though unrecog-
nized, his efforts constitute one of the great-
est of all possible contributions to the wel-
fare not only of those whom he serves, but
of future generations as well.

BOARD CAN DO NOTHING MORE TO SAFEGUARD CHILDREN IN SCHOOLS

Board of Education Protests Its Inability To Act Without Sufficient Funds.

REPLIES TO LETTER FROM WOMAN'S CLUB

Says School Board Has Already Provided Facilities As Safe and Adequate As Voters Will Permit. Calls Attention To Recent Statement in Which It Disclaimed Responsibility

"The Wicomico Woman's Club, Salisbury, Maryland.

In reply to your letter of February 5, in which you ask that the Board of Education take steps at once to provide safe and adequate facilities for the children of this County, permit us to say that we have already provided as safe and adequate school facilities for the children of this County as the voters of the County will permit us to provide.

We enclose herewith copy of a statement setting forth some of the conditions in the County. This statement was made public on January 23. It is impossible for us to improve conditions existing in the schools until we are provided with funds to pay the cost of the additional school facilities.

Please accept our thanks for your letter and the interest you are showing in this matter.

Very truly yours,
Board of Education of Wicomico County, Maryland.
(Signed) J. M. BENNETT, Secretary.

February 9, 1922.

This letter, forwarded last week to a committee from the Wicomico Woman's Club, shows that the School Board has done all in its power to remedy the pitiable situation existing today in the High School at Salisbury. Whatever else may be done, must be done by the voters themselves.

Sentiment throughout the county seems to be undergoing a change with regard to a bond issue and various petitions are now coming forward and making known their needs. The latest delegation to ask for increased school facilities, came from Sharpstown, Tuesday. Other districts in the county, it appears, would be willing to vote for such a bond issue if part of the funds would be expended in those districts.

No definite move has yet materialized as to what funds should be asked for and exactly how they should be spent. A number of leaders in Wicomico have said that they would favor a bond issue provided they know exactly just what would be done with the money. There is also a growing feeling that someone outside the county should be appointed to investigate the situation and to report on the various causes of the situation and to result in much closer cooperation.

Numerous candidates for the vacancy have been suggested and it is understood that the Senator, from whom a bill will be asked to urge on the Governor some such appointment, they feel would move or less definitely sentiment in the county and result in much closer cooperation.

URGES NATIONAL AID FOR MARYLAND FARMS

Senator Mith Introduces Resolution Calling On Congress to Give Financial Help to State Farmers.

Reporting that the farmers' need for the rescue of the Government was when Federal authorities had fixed the prices at which basic commodities were to be sold, and that more than fair to the Government should now come to the aid of the farmers, Senator Mith, who introduced on Friday a resolution calling on Congress to lend help to the farmers of Maryland.

A chance must be given at once, the Senator said, if the farmers of the State would be saved from their present difficulties. About two weeks ago, the Senator introduced a resolution but it met such opposition that it was finally referred to a committee from which it had not yet been called out.

Debate on the national

DEATH AT DELMAR

Edward H. Harris, nee Lillie

Patience, died at her home on

Street, Delmar, Monday even-

ing at thirty-six after a long

illness. She was buried at

Delmar, Tuesday. The funeral

services were held at the

funeral home of Rev. J. H.

Smith, and interment was made

SECRETARY ON TRIP

Secretary C. M. Freeman of the Chamber of Commerce left on Tuesday morning for the Western Shore of Virginia where he will arrange meetings with the growers of that section to explain picking, packing, and grading methods. He will be joined in Baltimore by a representative of the American Fruit Growers' Incorporated, who will accompany him.

HOLD-UP FOILED

Because he was kind enough to pick up two passengers in his car as he was returning home from Berlin about 6:30 P. M. Monday, Mr. H. W. Garty probably escaped being held up. As he approached town, he saw that a man standing beside the road near Mr. S. S. Gundy's home was covering him with a revolver. When the car got close enough for the man to see that it contained three passengers, he wheeled about and let the party pass unmolested.

SALISBURY TO HAVE A NEW BANK

Long Contemplated Change In Local Institution Will Give Added Facilities To City.

CHANGE EFFECTIVE ON THE FIRST OF MARCH

Directors Of Salisbury Building, Loan And Banking Association Given Authority By Stockholders To Make Beneficial Change. Capital New Bank \$50,000. Surplus \$5,000.

Stockholders of the Salisbury Building, Loan and Banking Association, meeting in special session on Tuesday evening at 7:30 P. M., February 14, granted authority to the directors to apply to the State Bank Commissioner for a charter for a bank to be known as the "Central Bank."

The present banking department of the Association will be turned over to this new bank on March first. Capital for the new institution will run to \$50,000 with a surplus of \$5,000. This will permit the bank officials to take care of the needs of their patrons in an efficient and satisfactory manner. The officials of the new bank will be those of the present Association, Mr. L. W. Gundy, president, and Mr. Henry W. Ruark, cashier.

The change has been contemplated for a number of years but for several reasons it has not been feasible to make it until this time. The mortgage business is in flourishing condition and is growing rapidly and this department will not in any way be curtailed, on the contrary it will be augmented.

Such a change as that just effected should mean much to the economy of the city. By means of its increased capital, the Central Bank will be in position to function as a bank with greater latitude. The banking department of the Building and Loan Association was among the most efficient in the city and now with its greater resources will be of great help to the business houses of Salisbury and the county.

The directors of the Association and of the new bank comprises the following men: L. W. Gundy, J. F. Dine, Alkins, Hooper S. Miles and Henry W. Ruark.

FINAL PLANS MADE FOR FOURTH ANNUAL AUTOMOBILE SHOW AT SALISBURY ARMORY

Decorations To Be In Maryland Colors. String Orchestra Will Furnish Music. Nine Dealers Take All Available Space. Two New Cars To Be Exhibited Here For First Time.

Plans in all completeness have been finally worked out to make sure that the fourth annual Automobile Show will be one of the most attractive and successful ever held in Salisbury. Everything that could be done for the entertainment of the visitors has been done and the public will undoubtedly be satisfied with the arrangements.

Decorations this year are in Maryland colors and will be flaming and shaped. The stage will be fitted up as a ladies rest room. A blanket made and displayed by the Lodge of Pocomoke, which will be raffled off later, will be on exhibit. A string orchestra will furnish music. Unlike former shows, there will be no accessories on display this year. Car models will embrace both open and closed types, though neither style is expected to predominate, despite the increasing attractions of coupes and sedans.

Tickets will go on sale Thursday and may be procured at George's, formerly Dashiell Brothers, for a very nominal sum. Either single admission or season tickets may be obtained from any member of the Fire Department, and the public is urged to buy season tickets in advance. Only nine dealers have obtained space this year as compared with 13 last year, and two new cars will be displayed for the first time in this territory. The Lafayette, exhibited by the L. W. Gundy Company, and the Durant, exhibited by the Maryland Motor Company of Baltimore. A full list of the exhibitors includes: L. W. Gundy Company, Lafayette, Dodge, and Nash; Salisbury Motor Company, Buick, Cadillac, and Chevrolet; D. W. Poole Auto Company, Willys-Knight, Overland, and Oakland; The Palace Garage, Studebaker and Maxwell; The Berlin Road was Company, Franklin; The Riverside Motor Company, the Ford; Lloyd A. Richardson Motor Company, the Chevrolet; D. W. Poole Auto Company, the Willys-Knight, the Studebaker, the Durant, and A. Brewington, of Delmar, the Oldsmobile.

FASHIONABLE WEDDING AT TRINITY WEDNESDAY

Miss Nellie Jackson Rider Becomes Bride-Of Mr. William H. Jackson. —Out-Of-Town Guests Present.

One of the most fashionable weddings of the year is that set for Wednesday night at Trinity, M. E. Church when Miss Nellie Jackson Rider, daughter of Mrs. Marion A. Humphreys of Warwick Manor, will become the wife of Mr. William Humphreys Jackson, 2nd, son of Senator and Mrs. William P. Jackson of this city, the ceremony taking place at eight o'clock with the pastor, Reverend John Brandon Peters, officiating.

The bride, who will be given in marriage by her step-father, Colonel Marion A. Humphreys, will wear a white embroidered chiffon dress, and a blue and white veil. The maid of honor, Miss Anne Humphreys, will wear a blue and white dress and a blue and white veil. The bridesmaids will wear blue and white dresses and blue and white veils. All will carry arm bouquets of spring flowers.

Two of the bridesmaids will wear blue and white dresses and blue and white veils. The bridesmaids are Miss Elizabeth Jackson, sister of the groom, Miss Mona Morgan Elliott of Long Island, Miss Sue Vetter of Washington, and Miss Louisa Graham of this city. The groomsmen are Messrs. John K. Gundy, Joseph Y. Gundy, Jackson Vanderbort, Claude Collier Dorman, E. R. White, Jr., all of Salisbury, and Louis Smith of Chestnut Hill, Pennsylvania. Mr. W. Newton Jackson, brother of the groom, will be best man.

Miss Marian A. Dobson, Trinity organist, assisted by a process from Fisher's orchestra, will play the wedding march. The church is to be decorated with Southern smilax and asparagus lilies. A reception at Warwick Manor will follow the ceremony.

After a honeymoon of several weeks, during which they expect to visit Cuba, the young couple will return to Salisbury to reside in the R. Douglas house on Camden avenue, near Newton street. The past week has been filled with social affairs complimentary to the bride at which many out of town guests have been present. Out of town guests include Mr. John Hauff, New Haven, Conn., Mr. and Mrs. W. Newton Jackson, Fayetteville, N. C., Mr. and Mrs. L. L. Rue, Mrs. M. C. Williams, Shermine, Miss Marie Shermine, Mr. William Townsend, Mrs. Clarence Schoble, and Miss Elizabeth Matthews of Philadelphia; and Mrs. E. E. Jackson, Jr., and Mr. and Mrs. R. C. Jackson of Baltimore.

CO-OPERATIVE SERVICES BEING WELL ATTENDED

Union Meetings Opened Sunday Night With Large Crowd Present. —Noted Singer.

Opening services of the Co-Operative Evangelistic campaign were held in Bethesda Methodist Protestant Church on Sunday evening. A capacity crowd filled the large auditorium. There was a communion service and Rev. Robert Alexander Shole of the Presbyterian Church, preached the sermon. Several hundred members of the churches were present and participated in this service.

Mr. Ralph W. Carr, of New York City, had charge of the singing, and put a great deal of vivacity and animation into the meeting. The meetings will continue each evening this week, except Saturday, at the M. P. Church.

A meeting for men only will be held in the Y. M. C. A. on Sunday afternoon at 3:00 o'clock and also for ladies at 4:00 o'clock. Mr. Carr will have charge of the music at both of these meetings. The public is cordially invited to attend these services.

"Y" PLANS FINANCIAL CAMPAIGN

Drive To Raise Funds For Next Year To Be Staged Next Month.

ANNUAL CIRCUS SET FOR LAST OF MARCH

Campaign Will Include Bazaar On March 7-8. Committee Of Women Have Big Dinner And Booths In Charge. Each Church To Take One Booth. Directors Election In March.

Plans are under way for a drive during the month of March to raise funds for the support of the Y. M. C. A. for the coming year, according to the secretary whose last monthly report appears in full elsewhere in this issue. The drive this year will include a bazaar and circus, both of which will undoubtedly be well patronized.

Outstanding features of the last meeting of the board of directors at the "Y" on Friday afternoon were the report of the physical committee as rendered by Mr. A. E. Williams, and the decision of the directors to hold the annual circus on Friday afternoon and night, March 24.

The entertainment will be an exhibition of gymnastics work augmented by burlesque in various forms. Similar attractions have always proved a strong drawing card to attract communities and it is expected that large crowds will be in attendance here.

In addition to the circus, the "Y" will hold a great bazaar on Tuesday and Wednesday, March 7 and 8. Mrs. C. E. Wilkins was chosen by the directors of the Association to act as general chairman for the occasion and she has selected the following committees to aid her: Candy booth, St. Peter's Episcopal Church, Mrs. Wm. M. Cooper; fancy work booth, Trinity M. E. Church, Mrs. G. William Phillips; clothing booth, Asbury M. E. Church, Mrs. Herbert Ruffer; country store, Bethesda M. P. Church, Mrs. David Wrote; Handkerchief booth, Division Street Baptist Church, Mrs. M. E. Collins; Pastry booth, Wicomico Presbyterian Church, Mrs. W. S. Sheppard; Mrs. C. W. Bradley will have charge of the dinner. Each church is to supply the needs of one of the booths.

Preparations are also being made for an all members meeting some time in March at which the directors for 1922 will be elected. At this meeting, the annual reports will be made, every member of the Association is invited, and urged to attend.

On Friday, February 17, the Y. M. C. A. basketball team will play Millsville at Millsville and a good game is expected. The local quint has shown up well in its recent encounters and is to ring up another victory Friday.

The real feature of this week at the "Y" is the next Y. M. C. A. attraction, the Clifford Foote Trio whose entertainment consists of songs, dances, solos, water color paintings, readings, and original one-act plays. A truly varied program. Mr. Hooper Alexander, father of the Presbyterian Church, will be the featured attraction. Several hundred members of the churches were present and participated in this service.

Mr. Ralph W. Carr, of New York City, had charge of the singing, and put a great deal of vivacity and animation into the meeting. The meetings will continue each evening this week, except Saturday, at the M. P. Church.

A meeting for men only will be held in the Y. M. C. A. on Sunday afternoon at 3:00 o'clock and also for ladies at 4:00 o'clock. Mr. Carr will have charge of the music at both of these meetings. The public is cordially invited to attend these services.

WOMEN BEGIN WORK ON RED CROSS QUOTA

Several Parties Have Been Given And Various Entertainments Are Scheduled.

Work has been started to raise the \$2,000 quota of the W. C. T. U. for the Red Cross. Two parties have been given during the past week, the first by Mrs. Silverman at her home on Camden avenue and the second by Mrs. T. L. Ruark and Mrs. F. W. C. Webb at the home of the former on North Division street. The second party was for small children and about 70 invitations were sold. It was held on St. Valentine's Day.

Miss Sadie Ulman will give a benefit picture at Ulman's Opera House on Thursday, March 23. The feature for the occasion is an extra-adjunct, goal, one Mrs. Irene Castle in "French Heels," a production that has been a big drawing card wherever it has been shown. Mrs. Laura Todd is taking orders for the Ladies Home Journal, Saturday Evening Post, and The Country Gentleman, the proceeds from which will go to the Red Cross. Every member of the Association is urged to buy their quota has started the Red Cross supporters deeply and they will leave no stone unturned to reach their goal.

CROWD AT ARMORY

A large audience enjoyed the Val-

entine Frivolities given on Tuesday

night by the pupils and teachers of

the Sommerkamp Dancing School.

Every member on the program was

well received. After the entertain-

ment, the spectators enjoyed an in-

formal dance with music furnished by

the Snappy Six Orchestra.

ULMAN-LEATHERBURY NUPTIALS CELEBRATED

Attractive Home Wedding Took Place At One O'Clock Wednesday—Wedding Breakfast Followed.

Miss Nell Leatherbury, daughter of Mr. and Mrs. William K. Leatherbury of Salisbury, was married at one o'clock today to Mr. Marx Ulman, son of the late Mr. and Mrs. Simon Ulman of this city. The wedding took place at the home of the bride's parents on Camden avenue, the ceremony being performed by Dr. Marcus Salzman of Wilkesbarre, Pennsylvania, a close friend of the groom. The house was decorated with pink roses which made a lovely setting for the occasion.

Attired in a navy cordine suit and carrying a bouquet of violets and orchids, the bride was given in marriage by her father who was her only attendant. Miss Janna Kenney, of Salisbury, acted as flower girl and the wedding march was played by Mrs. Thomas White, Jr.

The groom, one of Salisbury's most popular young men, was attended by Mr. Harry Ulman, of Wilkesbarre. Following the ceremony, there was a wedding breakfast at home to which a number of intimate friends were invited.

Mr. Ulman for 11 years was connected with the firm of T. L. Ruark and Company and left them only recently to go to Baltimore where he has become the owner and manager of the Cassell Drug Company. The bride for some time past has been assisting her father in his canning business.

After a honeymoon at Atlantic City and other points, Mr. and Mrs. Ulman will go to Baltimore to make their home at 300 East 29th Street.

Among the visitors from out of town here for the wedding were Mr. and Mrs. Albert Barker of Tridgeton, N. J., Mr. and Mrs. I. L. Long, and Mr. Harry Ulman of Wilkesbarre, Mr. and Mrs. David S. Ulman, Mr. and Mrs. Bernard Ulman, of Baltimore, Miss Jessie Turm of Md. Daniels, Miss Catherine Kerkam of Elizabeth, N. J., Mr. and Mrs. Wm. McCabe of Ocean City, and Mr. and Mrs. L. T. McLain of White Haven.

Several dinners, bridge parties and showers for the bride were given by her friends during the week preceding the wedding.

MILITIA BILL PASSES WITH DRAFT PROVISION

Three Amendments Are Defeated. Adjutant General Must Be Appointed From National Guard.

By a vote of 21 to one, the National Guard bill, giving the Adjutant General of the State rank and pay of a brigadier general of the Regular Army and empowering the Governor to order to serve any part of unorganized militia that may be necessary to complete the required quota, was passed under a suspension of rules by the Senate.

Objections to the bill were raised and three amendments were offered, but these were defeated. It was pointed out that under existing laws the Governor has power to draft men, but that this power has never been exercised. The measure specifies that the Adjutant General shall be appointed from officers above the grade of captain in the Maryland National Guard and shall have served with the uniformed forces of the Nation between April 6, 1917, and November 11, 1918.

AGED WOMAN BURNED

Fire in a tenant house belonging to Mr. James A. Walker, near Spring Hill church, caused the death of an old colored woman, "Aunt Caroline," and to more than 100 years of age. For many years she has lived on Mr. Walker's farm. The tenant house was only a few yards from the home but the latter was not damaged.

RESIGNATION OF ENGINEER BADEN CALLED FOR BY PETITIONS FROM FIVE DISTRICTS

County Commissioners Spend Entire Day Considering Petitions And Requests Of Delegations. Sharptown Seeks Better High School In Case Of Bond Issue.

Delegation and petitions absorbed the whole time of the Board of County Commissioners when they met on Tuesday, February 14. Chief among the petitions presented were those calling for the abolition of the office of County Engineer. These were brought in by delegations from Quantico, Williams, Holton, Pittsburg, and other districts.

Trouble over the County Engineer seems to have arisen in these districts because Engineer Baden refuses steadfastly to make changes in his road forces. It is understood that both political parties are supporting the request. If they cannot get what they want in any other way, the delegations mentioned will seek to have the law relating to the County Engineer repealed. It is said that the Commissioners are unwilling to consider the request favorably until they have been assured of similar senti-

CHAMBER OF COMMERCE OFFICERS ARE UNANIMOUSLY ELECTED AGAIN

FREE SEEDS ARE HERE

Through the generosity of Representative T. Alan Goldsborough, the News has received a large quantity of government seed which any subscriber may obtain by calling for them. The packet this year contains beet, carrot, lettuce, onion, and radish seed.

SCHOOL HOUSE BURNS

Fire Tuesday afternoon did a slight amount of damage to the Freely school on the Delmar road. Members of the city Fire Department hurried to the scene but the flames had been extinguished by the time they arrived. No one was hurt in leaving the building when the alarm was given.

LEGION ASKS PASSAGE OF BONUS BILL

Largest Meeting Of Local Post Ever Held Endorses Two Bills Before Assembly.

UNANIMOUSLY ADOPTS RESOLUTION ON BILL.

State Commander Woodcock Makes Good Talk. Quarters Now Most Attractive Of Any In City. Members Showing Revival Of Interest Since Post Has Had Its Own Home.

At one of the most largely attended meetings of the local post of the American Legion has ever held, the members voted unanimously in favor of resolutions urging the Wicomico County delegation to support the bills now before the General Assembly making provision for a soldiers' bonus and creating a commission to mark the battlefields in France where Maryland troops participated in the war.

State Commander A. W. Woodcock was present and gave a most interesting talk in which he described some of the things the Legion is attempting to do. He stated that last year at this time the Legion in Maryland had only about 700 new paid up members whereas today that number is 1700. He also gave an account of the meeting of Department heads and state adjutants at Indianapolis recently.

Legionnaire R. E. Wimbrow, reporting that the house committee showed that the committee had been hard at work. The rooms are now as attractive as any club rooms in the city and still further efforts will be made to have them fitted up even more comfortably.

Mr. Howard Ruark told the Post that he had asked the Wicomico Woman's Club to fix up the rooms and that they had most generously responded by arranging a subscription party at the Armory for the night of February 21 at which various games would be played. It is understood that 75 tables already have been reserved for the occasion and all those who contemplate attending the party are urged to get in touch immediately with Mrs. A. H. Carpenter or with Mrs. Elizabeth Collier.

Committees were appointed by the Post Commander, S. F. W. Adkins, to examine the advisability of forming a Ladies Division on the order of the Women's Auxiliary and to draft resolutions to be sent to the delegates at Annapolis.

Upon request, the Legion voted to allow the Senate to fix the number of delegates to the Graham building. A committee will be appointed shortly to cooperate with State headquarters in forming plans for the entertainment of the State Convention at Ocean City next fall.

ROTARIANS DISCUSS SCHOOL CONDITIONS

Vital Needs of This Community Form Topic Of Conversation At Weekly Meeting Of Club.

Several features of interest made the regular meeting of the Rotary Club Thursday night at the "Y" a little out of the ordinary. After the usual supper, President Alvin called on each member to rise and introduce the member on his right, giving that member's nickname and classification. The stunt evoked a good deal of laughter but left the Club much better acquainted.

Mr. James H. Bennett then gave a more or less detailed account of the visit of the Salisbury delegation to Annapolis seeking to have a normal school established here. According to the speaker, the chances of securing the institution are extremely good and every effort will be made to push the matter to a successful conclusion.

Mr. Henry W. Ruark then brought up the matter of school conditions in the city and explained the absolute necessity of immediate action in order that these conditions might be alleviated. He pointed out that the school board has done all it possibly could with its limited funds and that it has contrived to keep the school going in spite of difficult obstacles. Other speakers urged that action be taken at once and resolutions were passed requesting the Wicomico County delegation at Annapolis to introduce a bill authorizing the County to be bonded.

Pointedly and forcefully, from the depth of his experience as a member for years of the Salisbury Fire Department, Mr. Fred A. Grier, Jr., described conditions at the High School as he had found them on a recent visit of inspection and stated that he

Adkins To Serve Third Term. Two New Directors Chosen To Fill Vacancies.

EXCELLENT REPORTS MADE BY OFFICIALS

Secretary Shows In Detail What The Chamber Has Done During The Past Year And Outlines What It Hopes To Accomplish In 1922. President Presented With Bag.

Mr. Fred P. Adkins is to head the Salisbury Chamber of Commerce for another year. This is the result of a unanimous election at the annual meeting of the chamber on Thursday night after the president had requested the members to choose another recipient for the honor.

The nomination was made by Mr. William P. Ward and was eloquently seconded by Mr. L. W. Gundy, who stated that Mr. Adkins' time for retirement had not yet come and urged him to reconsider his request. When the vote was called for by the temporary chairman, Mr. H. S. Todd, Sr., the decision was unanimous and accompanied by much applause.

Other officers in the organization remain unchanged. Mr. Charles M. Freeman, who, according to the president of the Chamber, has performed his duties efficiently, faithfully, and successfully, was re-elected secretary, with Mr. Henry W. Ruark as treasurer. The directorate of fifty remains unchanged except for the substitution of two new members, Messrs. David Dallas and W. S. Nock.

That the chamber has done things of which it may well be proud was clearly evident from the secretary's report. Through the conveniences offered by the Chamber, Salisbury has become the convention centre of this part of the world. Through the campaigns of the Merchants Division, Salisbury has become the shopping centre of the Eastern Shore in point of fact as well as name.

As a result of the Chamber's annual dinner at which the Chairman of the State Roads Commission was a guest, West Main Street was paved. Due to the interest of the president and other members, the overhead irrigation system was introduced in the county and today there are more than ten plants in operation.

By his foresight in beginning the compilation of pertinent data almost as soon as he accepted his position, the secretary, supported by the entire Chamber, succeeded in convincing railroad officials that Salisbury has been discriminated against in the matter of freight rates and these will, therefore, be adjusted in the near future. This adjustment will mean a saving of thousands of dollars to the people of Salisbury.

Fakers and salesmen of worthless stock to the number of a hundred have been prevented from operating in the city because the Chamber took steps to keep them out. More of these parasites would find Salisbury anything but an easy place in which to work if every person solicited, no matter for what, would demand to see that solicitor's credentials as issued by the Chamber. The Chamber has nothing to fear; it is only the worthless that are refused cards.

Grangers Hold An Interesting Meet

Excellent Program Features Session.
Next Meeting Promises To Be
Even Better Than Last.

Educational features held the center of interest at the last meeting of the Salisbury Grange, while the main attraction of the evening was a debate in which Messrs. Fulton Allen and Norman Merritt upheld the affirmative and Messrs. John Morris and Lee Allen defended the negative. The judges, Mr. E. Costen, George and Messrs. W. C. Mitchell and H. L. Engle gave the decision to the affirmative by a two to one vote.

The county, present, Officer, Mr. Charles Tilghman, discussed the proposed State program for educational improvement and Mr. William F. Allen told of Salisbury's endeavor to have a normal school established here.

The next meeting of the Grange will be held February 17, at which time Mrs. Engle will give several recitations and readings and Messrs. Carl Smith and Samuel Marshall will discuss sweet potato culture. Mr. George R. Allen will show by lantern slides the potato industry from seed bed to market.

SAD DEATH

Hilda M. Richardson, age twelve, daughter of Mr. and Mrs. Dean W. Richardson, died Tuesday afternoon about five o'clock. She had been in failing health for about a year but was patient in her suffering.

The funeral took place on Friday afternoon at 3 o'clock, Rev. E. Taylor of the Methodist Episcopal church officiating, and interment was made in Willards cemetery.

She leaves her father and mother, one sister, Miss R. Richardson, and two brothers, Messrs. Denver and Paul Richardson. She had many friends here and elsewhere.

DEATH OF MRS. HEARN

Mrs. Jane Hearn, age 82, widow of the late Philip Hearn, died at her home on East Street, Delmar, about noon Sunday. Funeral services were held on Tuesday by Rev. J. W. Jones and interment was made in the Methodist Protestant cemetery. She is survived by one son, E. Hearn, and a granddaughter, Marian Hearn, who lived with her.

PARKER-TRADER

Mr. Charles A. Parker and Miss Nettie Louise Trader were united in marriage Saturday evening at the Bethesda Methodist Protestant parsonage by the pastor, Rev. Richard L. Shipley, in the presence of a few of their young friends. Mr. Parker was a member of old Company "P" and after the war enlisted in the Navy. Mr. and Mrs. Parker will make their home in Norfolk, Virginia.

CLIFFORD FOOTE TRIO

AT THE "Y" FRIDAY

Gambling Prohibited By A Local Measure

Bill Provides Heavy Fine And Imprisonment For Running A Gambling Establishment.

Should the General Assembly so far fail the people of this State as to allow a continuance of the present race track gambling evil, Delegate Wallinger of Washington County, has shown how that delinquent may be remedied.

Under the provisions of a bill recently introduced by him and affecting his county only, a fine of from \$200 to \$1000 is set for running a gambling establishment and one half the fine is to go to the informer. Imprisonment for from six months to one year is also provided. Under such a law, bookmaking at the county fair should be entirely eradicated.

BONUS BILL PASSAGE URGED BY VETERANS

Large Delegation Of Former Soldiers
Appears In Annapolis In Support
Of American Legion Bill.

Nearly three hundred veterans of the World War, some of them in uniform and many of them out of employment, appeared before the Senate Finance Committee Thursday to urge passage of the soldier bonus bill. Senator Norris, who introduced the bill, made a strong appeal for its favorable consideration, and attacked the financial interests in opposition to it, declaring that the Merchants and Manufacturers' Association, who had filed a protest, stood only for "Money and Money."

Richard L. Grymes, representing the American Legion, told the Committee that passage of the bill would mean adding three cents on the hundred dollars to the present tax rate but also pointed out that the tax company differential bill, passed at the last session of the Assembly, had added three and a half cents to that rate.

Other speakers, of which Colonel A. W. W. Woodcock was one, touched on various points and answered numerous arguments. It was clearly shown that the bonus bill is in no way tied up with the "beer" question and that any attempt to tie it would be bitterly resented by the veterans. The passage of the bill could do no harm since the final decision of whether or not Maryland men are to be compensated for their services will be with the people, a referendum being included in the measure.

DEATH AT FRUITLAND

Mr. John H. Ruggin of near Fruitland died last Tuesday morning, February 14th. He was 60 years old, and had been in perfect health until a week before his death. He was married with his daughter, Mr. E. L. Smith on the farm which he owned in Worcester. On the farm, it was said, he was the perfect tract of a man, and of fine character, and a good citizen. His funeral services were held at 2 o'clock Friday afternoon at Fruitland, Rev. J. W. Woodcock officiating. The body was laid to rest in the family cemetery near the farm. He leaves one daughter, Mrs. E. L. Smith and a host of friends to mourn his death.

THE OLD NEST CRIPS

Most Hardened Criminals

People who write or print pictures usually keep their faces well in check. They are not likely to have their faces in a state of disarray. A notable exception was made Tuesday evening when "The Old Nest" was shown at the Arcade Theatre for three days and nights. Monday, Tuesday and Wednesday the faces of the audience were shown in a state of disarray. The faces of the audience were shown in a state of disarray. The faces of the audience were shown in a state of disarray.

LOST MONEY

January was a bad month. At the beginning of the year, a man and child in the United States had \$3.04 thousand dollars. At the end of the month, that same amount had shrunk to \$100,000,000. A loss of \$1 per capita. A loss of \$1 per capita. A loss of \$1 per capita.

COUNTY NEWS.

WHITE HAVEN

Mr. Calloway of Salisbury, visited the S. W. Doby Shirt Factory, Tuesday.

Mrs. Ned Phoebus and daughter, Miss Mary Phoebus spent the week end at Hebron.

Misses Margaret and Dorothy Messick, spent the week-end with their parents, Mr. and Mrs. John R. Messick at Bivalve.

Miss Estia Davis spent the week-end with her parents, Mr. and Mrs. Laird Davis here.

Mr. and Mrs. J. B. Messick spent Sunday with his parents, Mr. and Mrs. J. W. Messick at Josterville.

Allow me to express in your well read paper the general wishes of a vast majority of the voters of this district and other rural districts, in regard to Bonding the County for better schools and also better roads. Nobody objects to their taxes being raised or spending their money if they are to reap any of its benefits. To bond the county each district should have its proportional part according to the taxes paid, spent in roads and schools that will be of the most benefit to the people.

We opposed the last proposition of Bonding the County in our section as it didn't offer any improvement to our section. If you will go back in thought to the time you will remember how the voters were, and you can readily see how the Rural Sections saw it. Our motto is: Serve all alike.

An improved road has been started to Nanticoke which will serve Nanticoke, Quantico, and the west side of Tyaskin district, and is being built to suit a few good politicians. As it is a majority of the whole registered vote has to pass on a bond and not a select few. If they had built the road the shortest route, or in the center of the district it would have saved the county at least \$75,000 or three miles of stone road and served a third more people. We people here at White Haven don't expect that road to come by us, we would have been perfectly satisfied had it come within three miles of us.

I have mentioned this road to show you how the people look at Bonding the County. If a few politicians get together and write a bond to suit a select few it will be a sure defeat. You can't suit everybody but you can satisfy the majority of the people. There are some districts that are supplied with stone roads while the people of some other districts have to walk in mud. Salisbury can't hold us all and some of us who live in the mud districts will be around when the county bond comes up to be ratified at the polls.

As to schools we have a school house but what we want are the higher grades taught in our rural schools. Almost any child can learn the first seven grades by the age of twelve, and then what are we going to do? Send our boys or girls away to board and attend school at Salisbury at that tender age when they should be under their mother's care? No, we don't think so. We don't expect high schools all over the county, but do

give us the ninth grade and then the children will be old enough to send away from home.

If the School Board must have centralization of Education then they must have larger schools to accommodate the pupils. And before you can bond the county you must satisfy the most voters and to do this, build roads in every section so the school board can run busses to carry the children to the central school at Salisbury.

All services during the evenings of the week will be held in this church. On Monday afternoon at four the Junior Christian Endeavor Society will hold its regular meeting.

NEWARK

The Newark community attended the service at the School House on Monday night.

Mr. and Mrs. J. B. Messick spent Sunday with his parents, Mr. and Mrs. J. W. Messick at Josterville.

Allow me to express in your well read paper the general wishes of a vast majority of the voters of this district and other rural districts, in regard to Bonding the County for better schools and also better roads. Nobody objects to their taxes being raised or spending their money if they are to reap any of its benefits. To bond the county each district should have its proportional part according to the taxes paid, spent in roads and schools that will be of the most benefit to the people.

We opposed the last proposition of Bonding the County in our section as it didn't offer any improvement to our section. If you will go back in thought to the time you will remember how the voters were, and you can readily see how the Rural Sections saw it. Our motto is: Serve all alike.

An improved road has been started to Nanticoke which will serve Nanticoke, Quantico, and the west side of Tyaskin district, and is being built to suit a few good politicians. As it is a majority of the whole registered vote has to pass on a bond and not a select few. If they had built the road the shortest route, or in the center of the district it would have saved the county at least \$75,000 or three miles of stone road and served a third more people. We people here at White Haven don't expect that road to come by us, we would have been perfectly satisfied had it come within three miles of us.

I have mentioned this road to show you how the people look at Bonding the County. If a few politicians get together and write a bond to suit a select few it will be a sure defeat. You can't suit everybody but you can satisfy the majority of the people. There are some districts that are supplied with stone roads while the people of some other districts have to walk in mud. Salisbury can't hold us all and some of us who live in the mud districts will be around when the county bond comes up to be ratified at the polls.

As to schools we have a school house but what we want are the higher grades taught in our rural schools. Almost any child can learn the first seven grades by the age of twelve, and then what are we going to do? Send our boys or girls away to board and attend school at Salisbury at that tender age when they should be under their mother's care? No, we don't think so. We don't expect high schools all over the county, but do

Mr. and Mrs. Hearn, Sr. and Mr. and Mrs. C. P. Coates of Salisbury, visited Mrs. Cora Jackson on Sunday.

A victrola recital of Rodeheaven records will be given under the auspices of Mrs. Hearn's S. S. Class in Bowen H. E. Church, Friday evening, Feb. 17. A silver offering will be taken at the door.

Mrs. G. T. Richardson attended the Worcester County Woman's Club which met in Berlin, Thursday of last week. Dr. Verbycke of the Presbyterian church was the speaker for the afternoon.

NUTTERS DISTRICT

Mr. Carrol Ryall, Mr. Henry Jones, Mr. Ed. Runk and Mr. William Dryden spent Sunday morning with Mr. Levin Niblett's family.

Mr. and Mrs. Carrol Ryall and little daughter Priscilla, spent Sunday afternoon with Mr. and Mrs. Lee Porter.

Mrs. Eunice Ryall spent Wednesday with her mother, who has been confined to her bed for some time with rheumatism.

Mr. and Mrs. Smith who have been living in Baltimore, but now live near Nutter's, visited their parents, Mr. and Mrs. Clarence Dryden Jr., of Walston's have been visiting Mrs. Hettie Dryden.

Mrs. Alice Dixon spent Friday afternoon with Mrs. Lee Porter.

CHURCH CALENDAR

Notices of changes in the Church Calendar must be at the News office not later than Tuesday morning, otherwise the calendar of the previous week will be repeated.

Evening Service in all the Churches of the city will begin at 7:30 o'clock for the Winter.

The Ladies Aid of this church will hold a Bake in the Singer Sewing Machine Office on Saturday afternoon. Sunday School at 9:45 A. M. Morning Worship at 11 A. M., preaching by the pastor. Afternoon meeting for Ladies at this Church, conducted by Rev. J. Brandon Peters. The regular B. Y. P. U. service will be held at 6:45 P. M., adjourning at 7:25 P. M. when the membership of this Church will take part in the Co-operative services at Trinity M. E. Church S. No prayer meeting on Wednesday.

Seventh Day Adventist Church, 412 E. Isabella Street.

Sabbath School, 2 P. M.; preaching, 10:30 P. M.; Sabbath (Saturday) Bible studies of special interest. All are welcome.

Presbyterian Church, Robert Alexander Boyle, Minister.

Morning—"The Gospel of Encouragement." Evening—United Service at Trinity M. E. South.

Grace and Stengele M. E. Churches, Wm. P. Taylor, Pastor.

Preaching at Grace 11 A. M. and 7:30 P. M. Sunday School 9:45 A. M. Class meeting 2:30 P. M. Epworth League prayer meeting 6:45 P. M. led by Elmer Rayne.

At Stengele Sunday School 2 P. M. Preaching 3 P. M.

Washington Methodist Episcopal Church, Shad Point, R. R. Burnette, Pastor.

Sunday School 9:45 A. M. Preaching 11 A. M. Epworth League 7:30 P. M. Revival meeting started at Washington last Sunday and will continue through next Sunday and possibly all next week. Rev. W. H. Jones of Hyacinth, Va., is doing the preaching. Come over to Shad Point and help us.

St. Andrew's Methodist Church, Rev. R. R. Burnette, Pastor.

St. Andrews—Sunday School 9:45 A. M. George Kersey, Supt. Class Meeting 11 A. M. Sherman Waller, Leader. Epworth League 6:45 P. M. Leaders—Mrs. Harold Hawkins and Miss Annie Bozman. Preaching 7:30 P. M.

P. M., subject, "The Family Altar." Revival meeting closed at St. Andrews last Sunday night. There were twenty-eight conversions and reconsecrations during the meeting and thirteen new members were received into the church. No choir ever worked more faithfully than the choir of St. Andrews during the last three weeks and the success of the meeting is largely due to the good singing done by the choir. The janitor who is a member of our Church deserves no small credit for his faithfulness in giving us a good warm church during all the snow and cold weather. Next Sunday we will talk about the family altar on which the evangelistic fire is to be kept burning. Come and enjoy a warm welcome, a warm church and a warm religious atmosphere.

COUNTY NEWS.

PRINCESS ANNE

The Rev. Fred W. Clayton has accepted a call from the vestry of Somerset Parish and is now rector of St. Andrew's Church, Princess Anne.

Mr. Clayton comes from Burlington, Vermont, where he was college pastor of the Episcopal students who attended Vermont University. He is a graduate of St. Augustine's College, Canterbury, England. For four years he was associate rector of St. Simon's Church in the city of Toronto, Canada.

A determined effort to save the valuable tomato-growing industry of Maryland through some form of practical agreement between growers and canners is to be made in a forthcoming meeting of committees representing the Maryland Agricultural Society and the Tri-State Canners' Association.

J. E. Patten, Dorchester county; A. G. Eason, Harford county; and C. C. Golden, Somerset county will compose the growers' committee. The inference will be confined to Maryland representation only.

The Loretto School will hold an oyster supper at the school on Feb. 16, from 7:30 to 9 o'clock P. M. The public is cordially invited.

The Ladies Aid Society of John Wesley M. E. Church will hold a Valentine Social in their hall, at Mt. Vernon, on Tuesday, Feb. 14.

A supper will be given by the Ladies Aid Society in the hall at Westover on the evening of Feb. 22.

"The Home Folks," a drama in four acts, will be rendered by the Junior of John Wesley Church, Mt. Vernon, in their hall on Wednesday night, Feb. 22. Proceeds for the benefit of the church.

Mr. Robert J. Waller, of Talladega, Alabama, is spending a short time in Princess Anne.

Mr. J. Lambrooke White, of Baltimore, spent several days last week with his mother, Mrs. E. B. Polk.

Mr. Samuel C. Gibbons, one of Crisfield's oldest and most highly respected citizens, died at his home on State road last Wednesday night, aged 77 years. Death due to heart trouble and other complications. Interment in Crisfield cemetery.

Mr. and Mrs. Wm. J. Layfield, of Westover; Mr. and Mrs. Levin E. Layfield, of Wilmington, Del.; and Mr. and Mrs. Harry W. Layfield, of Cape Charles, Va., were week-end guests of Mr. and Mrs. Frank D. Layfield. Last Sunday was Mr. Frank D. Layfield's birthday and he celebrated the 45th anniversary of his birth with his parents and brothers.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effective. Chamberlain's Cough Remedy acts on this plan. It always the cough, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. Thousands have testified to its good qualities. Try it when you have a cough.

THE RURAL CARRIER GIVES A FEW DON'TS

It is all probability few persons realize the magnitude of the business which each year is the post office, but the little streams make up the big river and finally all coming to a great ocean so do your little packages and letters that you mail each day, go to make up the sum total of the mighty business of the post office.

During the year of 1921 there were more than twelve billion letters mailed and an average of 1,400,000 for each day. Fourteen billion stamps were used and a quarter billion postal cards sold, requiring more than six million pounds of paper from which to make the cards.

Two and one half billion pieces of postal post was handled.

There are 250,000 letters each day in New York City post office alone. These are insufficiently addressed, that is, states much extra help to handle and deliver, and there are nineteen million letters each year sent to the post office because of incorrect address, and often times no address at all, and we wonder why John Doe does not get our letter. This causes much trouble for the taxpayer for the disposition of these letters and the loss and worry on the part of the carrier.

Do not expect too much of postal employees, they are only human beings, but co-operate with them in every possible way that the service rendered may be more efficient. Keep a supply of stamps on hand and stamp your letters before placing them in the box, and be sure they are properly addressed. More mistakes are made by patrons than by employees.

Do not leave parcel post in your box with a note asking carrier to insure it, he can not do so unless you declare its value and contents.

Do not expect too much of postal employees, they are only human beings, but co-operate with them in every possible way that the service rendered may be more efficient. Keep a supply of stamps on hand and stamp your letters before placing them in the box, and be sure they are properly addressed. More mistakes are made by patrons than by employees.

BROTHER TO THE BEAR

GRANDPA COON sat in the doorway smoking when Mrs. Coon and her little ones came clanking down the tree nearby and ran toward the home of Grandpa Coon.

"They certainly do act like them," said Grandpa as the little Coons came tumbling over him. "Yes, my children, you are the Little Brothers of the Bears sure enough."

"Those big bears cannot be our brothers," said Timmy Coon, who asked more questions than his brothers. "Why, Grandpa, they are bigger than you are."

"Can't help it, Timmy," replied Grandpa. "The Coon is called the Little Brother to the Bear, and if you will sit down and keep very still I'll tell you how it came about."

Timmy Coon and his brothers were soon sitting in a row in front of Grandpa Coon, for they were very fond of his stories, and with their eyes wide open and ears sticking up so they could listen to every word he waited for him to begin.

"It was a long long time ago, you know, honey," said Grandpa Coon, "way back long before I was born or my grandpa, either, that all this happened."

The eyes of all the little Coons grew bigger still with the giggles and chuckles around their eyes.

"Yes, since," said Grandpa, "it was

found of his stories, and with their eyes wide open and ears sticking up so they could listen to every word he waited for him to begin.

CARDS OF THANKS

CARD OF THANKS

We heartily thank the many friends of the town of Salisbury for the kind and floral tributes shown to us and to our infant daughter, Audrey Eloise, who went to sleep with Jesus, January 27, 1922, at the home of Mr. and Mrs. Steele Taylor, W. Philadelphia avenue. Mr. and Mrs. Luther Hartman.

CARD OF THANKS

We wish to thank the many friends, for sympathy expressed and assistance offered and rendered, also for the beautiful floral tributes received following the death of our beloved husband and father, George E. Steele. Mrs. Hannah Steele and Children.

CARD OF THANKS

I wish to thank my many friends for their kind assistance and aid rendered during the illness and death of my husband, Wilbert P. Truitt. Mrs. Wilbert P. Truitt.

CARD OF THANKS

I wish to thank my many friends for their kind assistance and aid rendered during the illness and death of my husband, Wilbert P. Truitt. Mrs. Wilbert P. Truitt.

WHAT IS THE FARM BLOC?

SEN. FLETCHER-FLA. SEN. CAPPER-KAS. SEN. KENDRICK-WYO. SEN. MORRIS-NEB. SEN. RANDELL-LA.

SEN. ASHURST-ARIZ. SEN. HEFLIN-ALA. SEN. HARRELD-OKLA. SEN. HARRIS-GA.

"Just what is this Agricultural Bloc down at Washington?" is the question often asked these days. Folks depending upon agricultural pursuits realize that they are at last getting more helpful legislation through congress than ever before and they rightly sense that the Bloc has been the means to the end.

The Bloc came into existence early last year when a number of Republican and Democratic senators and congressmen dependent on rural votes, had it pointed out to them that by banding together on measures aimed to help agriculture they could swing the balance of power.

SEN. SHEPPARD-TEX. SEN. LAFOLLETTE-WIS. SEN. LADD-N.D. SEN. KENYON-IOWA SEN. DIAL-S.C.

SEN. McNARY-ORE. SEN. JONES-N.M. SEN. NORBECK-S.D. SEN. GOODING-IDA. SEN. SMITH-S.C.

It was firmly established and agreed that the action of the Bloc was to transcend all party lines. Therein has proved its strength because to date every Bloc member has stood solidly behind all agricultural measures and put them through regardless of party whips.

The Bloc will vote with either the Republicans or Democrats so long as it gets what it wants.

All members of the Senate Bloc, as shown here, are from the Western and Southern states. Most of the Western senators are Republican and those from the South Democrats.

MARYLAND'S SLUMP IN 1920-21 FARM VALUES

Decline in Prices of Farm Commodities Causes Enormous Shrinkage in Present Value of Crops.

Just what has happened to the buying power of the Maryland farmer in the past two years is strikingly shown in figures on the principal crops grown in the State, recently compiled by E. W. Oldenburg, specialist in agronomy for the University of Maryland, Extension Service, from statistics gathered by the United States Bureau of Markets and Crop Estimates.

In 1919 the agricultural crops in the State, including practically all the important grain, forage, vegetable and fruit products, returned to the farmers more than \$110,000,000. In 1920 falling prices had reduced this figure slightly more than \$90,000,000. In 1921 unfavorable weather conditions, affecting chiefly the fruit crops, and additional price declines reduced the total farm value of these crops to approximately \$48,000,000, a decline of almost 57 per cent from the high figure of 1919.

The difference between the 1919 and 1921 values, Mr. Oldenburg points out is more than \$62,000,000, which would represent a reduction of more than \$1200 in the annual income of each farm if distributed equally over the 18,000 farms of the State. This reduction in values, according to Mr. Oldenburg, applies only to the leading agricultural crops and does not take into consideration reductions in livestock and livestock products.

"It is interesting to note," says Mr. Oldenburg, "that according to the census figures Maryland farmers spent for labor, fertilizer and feed in 1919 \$32,000,000 which is about

two-thirds of the 1921 value of the leading crops."

Corn and wheat continue to hold their places as the most important agricultural crops of the State, according to Mr. Oldenburg's figures, both in value and in acreage. Corn in 1921 was planted on 645,000 acres, produced a total yield of 25,153,000 bushels and had a farm value of \$12,326,000, or less than one-third of its 1919 value. Wheat in 1921 was sown on 568,000 acres, produced 7,952,000 bushels and had a farm value of \$8,191,000; or slightly more than half of its 1919 value. Hay, which in the aggregate is the State's third most valuable crop, was grown on 294,000 acres, produced 631,000 tons and had a total farm value of \$7,995,000, or about two-thirds of its value in 1919.

The importance of the white potato crop in the State is shown by the fact that 49,000 acres were devoted to it in 1921, producing 3,165,000 bushels valued at \$3,504,000. Mr. Oldenburg also shows that while an acre of corn in 1921 was worth only \$19.11 and an acre of wheat \$14.42 an acre of potatoes had a value of \$71.50. An acre of sweet potatoes was worth still more, being valued at \$130. Sweet potatoes furnished a notable exception to the general run of agricultural crops, it is shown, with a farm price on December 1, 1921, of \$1.40 per bushel which was 7 cents in excess of the 1919 price.

A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists ask a customer, who wished to buy a cough medicine, whether it was for a child or an adult and if for a child, they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving cough it is surpassed.—Advt.

SENATOR HARRISON OF WORCESTER COUNTY OUTLINES THE GREAT NEEDS OF OCEAN CITY

Shows That Seaside Resort Is Well Worth Taking Care Of And Urges That The State Do Something To Make It Adaptable To The Huge Summer Crowds That Fill It Every Year.

Ocean City is Maryland's only Seashore Resort, and lying between the Atlantic Ocean and the Synepuxent Bay, furnishes an ideal location for deep sea fishing on the Ocean side, the dredging of clams and oysters and gunning for wild fowl on the Bay side.

The Synepuxent Bay extends along the Eastern coast to the Chincoteague Bay and is the Eastern Boundary to many sources of fine lands which are capable of producing an abundance of fruit, vegetables, poultry and dairy products.

Ocean City has a bathing beach second to none on the Atlantic Coast, as has been fully described in the past by such able men as the late Judge Dennis of Baltimore, who spent many summers at this point. Many physicians recommended Ocean City as being the ideal place for one to go and rest and regain health.

Practically all the hotels and boarding houses are owned and managed by local people, and notwithstanding the increased facilities, accommodations are not adequate for taking care of the thousands of motorists and other folks who go to Ocean City to spend the summer months or the week-ends. The ferry across the Bay from Annapolis to Chincoteague and the good roads through Maryland, Delaware and Pennsylvania have made it possible for the patrons of Ocean City to reach that resort quickly and comfortably, and because of the increased patronage due to these improved roads it is only natural that Ocean City

is in need of additional hotel accommodations.

The storm of 1920 swept away large sections of the great board walk, completely demolished some of the cottages and boarding houses, and seriously damaged a great many others, but the citizens of Ocean City with their usual energy and pride in their home town went to work at once and built new cottages, repaired the damaged ones, repaired the board walks at their own expense, and Ocean City is now in better condition from the standpoint of hotel and cottage accommodation than it was before the storm.

Again on January 27th and 28th, 1922 another very severe storm prevailed. Grave fears were again entertained for the safety of Ocean City, the beach front and the property adjacent thereto. Had it not been for the sudden change in the wind which was sweeping the tide over the town there would have been doubtless damage done equal to or greater than the storm of 1920. Citizens who have been familiar with the Ocean front for thirty-five years state that the storms have swept away much of the original beach and that the high tides now reach 200 feet nearer the Ocean front property than in years past, and that the danger of damage by storm increases each season.

The Legislature of 1920 made provisions in the Bridge Bond Acts of 1920 for the State Roads Commission to do certain work toward protection of the beach front at Ocean City, but this money will not be available until August 1, 1922. Such work when commenced will be entirely in the hands of the State Roads Commission.

The citizens of Ocean City would welcome outside capital to assist in building permanent cottages and modern hotels to accommodate the public. They feel that something should first be done by the State toward protection of the beach front to insure the permanency of the property and the buildings already constructed.

The Government is coming to recognize the importance of an Inland Water Way extending from the Life of Wright Bay on the Delaware coast to the Chincoteague Bay on the Virginia coast, putting Ocean City in a direct line on this route.

The Inlet that was cut by the great storm of 1920 about two miles south of Ocean City is considered by the citizens as a permanent connection between the Ocean and the Bay. The increased saltiness of the bay water, due to this inlet, has made conditions almost ideal for immediate enlargement of the oyster and clam industry.

Ocean City with its natural inlet to the Bay, its prospect of being along the line of the great inland Water Way of the Eastern Coast, its improved feeder roads, its new Bridge from the Mainland across the Synepuxent Bay, and its close proximity to millions of people in the East, is entitled to the immediate assistance of the State in protecting its Ocean front from further destruction.

Chamber Commerce Re-Elects Officers

(Continued from Page 1.)

For perhaps a generation, dreamers have had visions of a daily boat connection to the Western Shore. That dream is now a reality and it is the Salisbury Chamber of Commerce which has brought it about. Those Salisburyans who fail to take the full advantage of the opening of this vast virgin territory will have only themselves to blame, for losing one of the richest opportunities of their lives.

That the Salisbury Chamber of Commerce is held in high esteem, is proved by the fact that its officials are being constantly called upon to go to other cities and towns to explain features of Chamber work and to help organize Chambers of Commerce. Such calls are highly complimentary, but at the same time they are conclusive proof that the local

Chamber has made good in every sense of the word.

Upon taking the chair for the third consecutive term, President Adkins was presented by the Chamber with a handsome black traveling bag and toilet kit. The gift, presented by Mr. L. W. Gunkle, on behalf of the members, was peculiarly appropriate inasmuch as Mr. and Mrs. Adkins were planning to leave the following morning for a month's visit in Florida.

The treasurer's report showed the organization in good shape. Both the secretary's and the treasurer's reports appear in full below. Mr. Adkins, in accepting his nomination, called attention to the fact that the Chamber is a vital force in Salisbury today; that there are before it many problems and tasks; and that if these problems can be solved and these tasks successfully accomplished, Salisbury will become inevitable and in time a bigger and better city. But he also made it perfectly clear that these things could not be accomplished by the officers alone, or by any set of committees, but must be the work of the entire organization lending the fullest and both individually and collectively.

Secretary Freeman, who was given a complimentary vote for his very proficient work, stated that in his belief the one thing that had made the year so successful was the fact that every member asked to do a thing had unhesitatingly done it, and that it is this spirit of co-operation that is beginning to make Salisbury famous. He urged that each member strive his utmost to bring in new members during the coming year.

There can be no doubt that the Chamber has done inestimably valuable work for the people of Salisbury since its organization, but if there should perchance be a doubter, let him read these records of achievement.

WOMEN'S WOES.

Salisbury Women Are Finding Relief At Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Keeping the kidneys well has spared thousands of women much misery. Read of a remedy for kidneys only that is endorsed by people you know. Mrs. Theodore Short, 420 E. Isabelle St., Salisbury, says: "My kidneys were a source of annoyance to me for some time. I felt badly mornings and could hardly get started to do my housework. My back pained a great deal and I had severe headaches and weak sinking spells. The action of my kidneys was irregular. A friend advised me to use Doan's Kidney Pills and they helped me, strengthening my back and kidneys. 60c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Advt."

On The Job

When you want to think hard and straight, the familiar feel of your favorite pipe and haze of good tobacco smoke seem to cut you off from the rest of the world and let your mind work the way it should. The pipe that never interrupts, nor takes your mind off your work is the W. D. C. WELLINGTON.

The Universal Pipe. As you smoke your Wellington there's never a bubble nor a gurgle. The well catches all moisture and tobacco crumbs. The smoke comes up away from your tongue, through an opening in the bit. The Wellington is made of genuine French briar seasoned by special process, so as to break in sweet and mellow and is guaranteed against cracking or burning through. Get A Wellington. MAKE SOMEONE HAPPY TONIGHT

THERE are many little things we can do to promote happiness in this old world of ours—things which cost us little in time, energy, or money.

A kind word over the wire, a telephoned invitation, a social call—strengthen friendship and make life worth while.

No means of communication does more to further human happiness than the telephone. A great many people use it to keep in close touch with their friends and home folks who live in nearby cities and towns.

Why not make some out-of-town friend happy tonight by the gift of your voice and smile? There are reduced rates after 8.30 P. M. You can talk over a good many miles of wire for less than a dollar.

Your telephone directory will give you full information.

Chamber Commerce Re-Elects Officers

(Continued from Page 9.)

town (answers to inquiries), 498; Number of persons who attended C. of M. meetings, 600; Number of letters sent out to members, 5791.

FUNCTIONS

1. Washington Day banquet. 2. Merchants Division two luncheons. 3. Luncheon to Press Association. 4. Luncheon to Motor Officers (State Police). 5. Entertainment at luncheon two-night gentlemen from the Western Shore of Va. and six Pennsylvania R. R. and B. C. & A. R. R. Officials. 6. Had Mr. R. H. Pinkham, Sup't. N. Y. P. & N. R. R. as guest and speaker at regular meeting of Chamber of Commerce.

RESULTS OF ACTIVITIES

1. Frying West Main Street, direct result of Washington banquet. 2. Promise of Button Factory upon improvement of business conditions. 3. Beacon Light Buoys at mouth of Wicomico River. 4. Interested the farmers in irrigation and ten plants are built or being built on over one hundred acres of the city. 5. Secured for Salisbury the "Motor Vehicle Sub-Station." 7. Gathered facts and explained workings of the Tide Water Transit Lines. 8. Community Sale. 9. Membership voted on two Referendums concerning proposed tax system. 10. Investigated the possibilities of six proposed new industries, which were not acceptable to committees.

11. Publicity Department has a picture folder of Salisbury and vicinity, nearly ready to send out. 12. Secured meeting place for the American Federation of Labor Convention. 13. Assisted in Memorial Day Program. 14. Helped with Base Ball plans. 15. Committee met with representatives from Cumberland, Hagerstown, etc., to work out plan whereby cities outside of Baltimore get State Road appropriations. 16. As soon as U. S. Government reports on its experimental Sweet Potato Syrup plant the same will be placed before the Chamber. 17. Publicity Chairman and Secretary were invited to Cambridge to explain Dollar Day Sale, and to Easton and Chestertown to assist in forming Chambers of Commerce in those towns, also furnished Dover, Del., with similar information. 18. Drafted "Fire Prevention" cards for distribution in Salisbury. 20. A real effort was made to secure the I. O. O. F. State Honor, but Fraternity was able to offer better inducements. 21. The Chamber has secured all possible evidence, and through the free services of Col. Woodcock the case of the farmers against J. G. & E. E. West has been determined for the State. This case comes on again this spring. 22. Detailed information has been sent to the Market Supervisor in Memphis, Tenn., also to State Colleges concerning the operation of the auction block, as well as formation of the Wicomico Farmers Association.

23. The Secretary has assisted a number of people in locating office space, store rooms and houses for rent. 24. One hundred and fifty persons have visited the office to secure information along every conceivable line. In case no information was at hand the Secretary went out and secured same. 25. Twenty various forms of investment and business propositions have been investigated through various sources. 26. Three wholesale companies have located here after taking up their proposed line with committees from the Chamber.

27. Prof. Riskey, well known throughout the East as an expert in the chicken and egg industry, has opened a plant here in Salisbury, which should tend to make Wicomico County as prominent in the egg industry as the section around Virginia, N. C. 28. Prices were secured from every town, from Pocomoke to Eastern on standard articles, and upon comparing them with prices of Salisbury it was found that with the exception of fresh meats, Salisbury's prices were as low and in some cases lower than the neighboring towns.

29. Held a meeting in Salisbury attended by twenty-eight gentlemen from the Northern Neck of Virginia, and by Mr. Elisha Lee, Mr. Randolph B. Coover, Mr. R. H. Pinkham, Mr. T. M. Mott and all Railroad Officials. At this meeting formal petition was made to the Pennsylvania Railroad System as follows:

1. A new freight yard. 2. A bag water connection. 3. A boat line to the Northern Neck of Virginia. At Mr. Lee's suggestion a committee from the Chamber of Commerce and a Railroad Committee visited the Northern Neck.

30. Arranged for Armistice Day program in front of Court House and secured the closing of the stores for half day. 31. Committee sent to Philadelphia where they joined a conference consisting of the B. C. & A. Officials in the office of Mr. R. C. Morse at Broad Street Station. At that time it was definitely decided that the B. C. & A. R. R. would operate a boat between the Northern Neck and Chestertown. Giving Salisbury a direct outlet into that territory which will undoubtedly mean much prosperity one in business in Salisbury. 32. Upon suggestion from our Chamber, Sup't. R. H. Pinkham worked out a proposed change in train schedule whereby people living North and South of Salisbury will be able to come here to shop, enjoy the pictures and return home at convenient hours.

33. Salisbury has suffered to a considerable extent on unjust freight rates. This is especially true of goods being shipped out of this town. As a result a most comprehensive set of new exhibits, including every article and kind of commodity, were prepared. Upon an invitation from this Chamber, Mr. Randolph B. Coover, General Freight Agent of the N. Y. P. & N. R. R. Division, Mr. Geo. W. Bush, General Freight Agent of the Delaware, Maryland and Annapolis, General Freight Agent of the B. C. & A. came to Salisbury for a conference at which time these gentlemen were presented with these five exhibits and each exhibit was dis-

cussed with them in detail. Mr. Soule by informs us that the above named gentlemen have an appointment in the Broad Street Station with the General Freight Agent of the Pennsylvania System at which time our request will be gone into. It is hoped we may secure early and favorable response to our request. This, if successful, will save the people of Salisbury thousands of dollars.

34. A committee from the Chamber was requested to appear before the Public Service Commission to take part in a general meeting concerning transportation problems on the Shore. This committee expressed itself as opposed to the Baltimore claim that the P. R. R. diverted produce from Baltimore to Philadelphia markets it being that better prices obtained at our local shipping points than in Baltimore, hence no occasion for goods being sent to Baltimore.

35. Hon. T. Alan Goldsborough, Congressman of this district, at the invitation of the Chamber, gave a most instructive and clear cut exposition of the "American Valuation Plan" as proposed by the present tariff bill.

36. The Merchants Division carried on an extensive advertising campaign for three weeks prior to Christmas. This campaign resulted in bringing many visitors to Salisbury and it should be mentioned that this division of the Chamber of Commerce have put on various advertising and selling campaigns during the past year at a cost of more than \$1,200.00 to themselves.

37. By reason of Salisbury's central location and the fine convention room provided by the Chamber of Commerce we have been able to act as host to the Lumber Association, Peninsula Fertilizer Association, Peninsula Stone Cutters Association, Peninsula Bakery Association, Peninsula Ice Association, Peninsula Flour Mill Association, Federal Farm & Loan Association, Eastern Shore Gas & Electric Co., and the Standard Oil Company representatives. This year the convention center of the Eastern Shore, and that has largely been brought about by the convenience offered by the Chamber of Commerce.

Records are being kept as to the arrival and departure of the Chamber from this port, for the purpose of securing improvements for the Wicomico River.

38. The Merchants Division has arranged for a Credit Bureau to look after new accounts.

39. A Referendum was held on the "American Valuation Tariff Plan" and the Chamber endorsed the proposed tax on Gasoline.

40. At the request of Sen. C. R. Disharoon, a committee visited Annapolis and presented arguments to the Joint Finance and Ways and Means Committee of the State Legislature as to why the Eastern Shore should have a Normal School. The same arguments pointed out the advantages of its location at Salisbury.

Unfinished Projects and Work Which Should Be Undertaken.

1. Pursuit of freight reductions as set forth in the five exhibits. 2. Securing rail-water connections at Salisbury. 3. Improvements of River Channel and Harbor. 4. Developing trade relations with the Northern Neck of Virginia, where by the new boat line may become a paying proposition.

5. Publicity campaign through the North Central States setting forth the agriculture advantages of this section.

To assist individuals and organizations along whatever line they may need our assistance for the improvement of Salisbury, Wicomico County, and the Peninsula.

Conclusion.

The outstanding accomplishments of the Chamber of Commerce for the last year are:

1. Irrigation Systems which are being much talked about and investigated. 2. New train schedule. 3. The boat line to the Northern Neck of Virginia.

C. M. FREEMAN, Secretary.

CHILD TRAINING AT HOME

This is No. 63 of the fourth series of articles issued by the National Kindergarten Association, 8 West 40th St., New York City. They are appearing weekly in these columns.

PROPERTY RIGHTS OF OUR CHILDREN.

By Edith Riland Cross.

Are the property rights of our children respected in the home? Do they recognize their right to their things as we wish them to respect ours?

These are questions which have come to us in the training of our two and four year old boys.

Every one knows how strong is the instinct of possession, and how early it manifests itself in the tendencies of little children. Our oldest son, Jerome, is of a very cautious, deliberate nature, prizing very highly everything that is given to him. So I decided, when he was two years old, to allow him to have one of the drawers in my own personal desk. It delighted the child, gave him a place to keep some of his own particularly personal things, and at the same time aided his mother by keeping out of sight the hundred and one little insignificant keepsakes so dear to the heart of a child.

One look into this drawer would assure you of the great necessity for such a place, for there we find all of his Sunday School papers strung with yarn into a neat booklet. There, too, his small paper covered books, such as the miniature set of the famous Dr. King's New Discovery, Mother Goose, Two tiny silver fish received at Sunday School for bringing in new school shoes repose in the drawer, beside a small piece of an old bed-spring given to him by a ten-year-old boy in the neighborhood. To paper money, Easter cards and Valentines, a box of nuts, bolts and washers for fixing his conister wagon, scissors,

crayon, bits of string, yarn a blunt needle and a dozen smooth pebbles are but part of the miscellany in that drawer.

Occasionally, we clean out the drawer, rearranging things and discarding those that have little value. This gives the child an idea of the present value of things, and he is the wiser, with only suggestions as to what things shall be thrown out.

One day, when other children were playing in the house with our boys, I noticed that Jerome became very nervous because the children were rummaging through his drawer. At first I thought it very selfish of him. But I soon realized that that was his own very personal property, and other children, or even other members of the family, had no right there.

Now then, playmates may always play with the many toys in the play corner near his desk, but they are not allowed to go through Jerome's drawer without his permission.

When brother John became two, I gave him the lower drawer of the desk, and his rights as owner are respected in the same way.

Some of you may say that this would tend to make selfish children, but in our case it has been just the contrary, for these boys are happy that they know where their things are. And instead of having to hunt to the bottom of a basket of toys for some trivial thing, they go at once to the desk drawer, and find it as easy.

Let us give our children a definite place for their things, respect that place for their own personal use, and see what a pride they take in having their own recognized rights in the home.

HOG CHOLERA ALMOST UNDER CONTROL NOW

Results Obtained By Trained Workers Satisfactory And Encouraging Decrease In Epidemics Noted.

With this review of the hog cholera work in Maryland for 1921, the fifth year of the application of the Maryland Plan for the Control of Hog Cholera has practically been completed. This work is conducted by the Live Stock Sanitary Section of the Maryland State Board of Agriculture, the Extension Service of the University of Maryland, and the U. S. Bureau of Animal Industry, Department of Agriculture.

The results obtained during the past year have been very satisfactory and have shown a marked decrease in the number of outbreaks of hog cholera. This is due to the fact that the number of outbreaks of hog cholera decreased at least 25% from those of the preceding year. With the decrease in the number of outbreaks, the number of deaths of hogs has also decreased. This is a very important result, as it shows that the plan is effective in reducing the loss of life and property.

What is known as the Maryland Plan for the Control of Hog Cholera is founded on the principles of preventing the introduction, spreading and the maintenance of the disease.

There are no restrictions involved in the present any person from taking any precautions as he may deem necessary for the protection of his own property.

Such measures are used in accordance with the rules and regulations of the State Board of Agriculture. No other does the plan call for any expenditure of money on the part of the owner of the property.

The plan is a very simple one, and it is one that can be carried out by any owner of property. It is a plan that is based on the principles of prevention, and it is one that is based on the principles of cooperation.

The plan is a very simple one, and it is one that can be carried out by any owner of property. It is a plan that is based on the principles of prevention, and it is one that is based on the principles of cooperation.

ELECTRIFIED

February House Wiring Campaign now on.

Call our Office for prices and terms.

EASTERN SHORE GAS & ELECTRIC CO.

Salisbury, Maryland

Always at your service.

So There You Are—

In the glorious days on the Mississippi, when the levees were always thronged by crowds waiting for the "Robert E. Lee," there used to be a steamboat with a six-foot boiler and an eight-foot whistle.

EVERY TIME THE WHISTLE BLEW THE BOAT STOPPED.

In those glorious days preceding the World War, when prosperity descended upon everyone as a mantle, there was a little mushroom business that had a six-foot boiler and an eight-foot advertising whistle.

THE WHISTLE TOOK ALL THE STEAM SO THE BUSINESS STOPPED.

But neither of these examples proves that a steamboat does not need a whistle or that a business does not need advertising.

Read the Advertisements in this issue of The Wicomico News. You'll get acquainted with the Business Men who use some of their steam for Advertising but always have enough and to spare to give you the kind of Service you want.

A SWEET LITTLE BABY BOY

Makes a Bright Spot in Every Home. A Comfort in Years to Come

Park Rapids, Minnesota. "I have taken your medicine—Lydia E. Pinkham's Vegetable Compound—when I was a girl for pains and before and after my marriage. I now have a sweet little baby boy and will send you his picture if you wish to publish it. My sisters also take your medicine and find it a great help, and I recommend it to those who suffer before their babies are born."—Mrs. Wm. Johnson, Box 155, Park Rapids, Minn.

To marry and arrive at middle age without children is a great disappointment to many women. Think of the joy and comfort other women have in their children as they grow older. Lydia E. Pinkham's Vegetable Compound has helped to bring great happiness to many families by restoring women to health. Often the childless home is due to a run down condition of the wife, which may be helped by Lydia E. Pinkham's Vegetable Compound. It brought health and happiness into the home of Mrs. Johnson. Why not to yours?

TALES FROM A BANK VAULT
Courtesy of Frederick Peirce & Co.
SECOND NIGHT

Continued from last week.
Such a poor relation, do I think so? In all sorts of cases a "good" "improvement" that are "good" you'll avoid if you are wise.
And then, of course, make the claim.

They're close as close can be. While 'Irrigation Districts' trace Their family back to me.

These flaunt attractive interest rates And ape my manners, too, And in a crowd may pass as kin, In spite of all I do.

But time soon wears the plating off. And proves we're not the same— The jackdaw decked in peacock's plumes Plays but a sorry game.

I suffer yet another ill, If I the truth must tell, 'Tis how to get my value, when At times I must re-sell.

I'm issued mostly, as a rule, In blocks of small amount, In character that's localized— No market fit to count.

Of course, this fault does not apply To cities of great size.

But, then, you'll find that most my class The smaller towns comprise. I've lived through many changing years, The world I've widely seen, For old Grand dad Municipal Some buyers still are keen.

I point with pride to those who ask That I their wealth should take— The savings banks and trust estates, Which such investments make.

And companies formed to insure (Continued on Page 15.)

FEBRUARY 22

Washington

1732—1799

NO one could misunderstand Washington.

He gave up comforts and security—and much of his wealth for a principle—the independence we all enjoy today.

In every public utterance, his words were weighed in the scales of wisdom, since proved to be foundation stones of our Republic.

And he said:

"Economy Makes Happy Homes and Sound Nations."

It is in the same sense of community and national welfare that we urge THRIFT.

This town, this county, state, nation, can be no stronger than its individuals—We can none of us truly prosper unless all prosper.

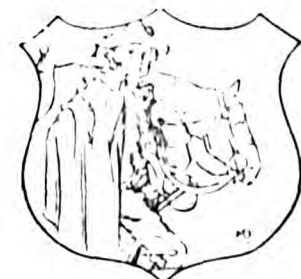

Let us look at our business relationship in that way.

We want you to know that we guard the interests of our depositors; advise investors as to sound investment; have our interest on savings; and all business transactions with the broadest sense of SERVICE always in mind.

Make this bank your bank.

Proper Protection Or Costly Neglect— What Is The Fate Of Your Implements? Do They Wear Out In Service--Or Bad Weather?

Just at this time of year, every farmer can well afford to ask himself these very questions. Millions of dollars are spent on farms yearly for implements, some estimate it as high as \$200,000,000. Much of this great sum goes for replacement of machinery that has passed its usefulness.

The sky is a poor substitute for an implement shed. One storm can do much damage. Wooden parts lose their paint; iron parts become rusty; bolts come loose; moving parts get dry and rust-covered. The result is plain; it takes more gasoline or horse power to use badly kept machinery than it does to work with smooth running machines. Consequently there is an increased cost per acre for production.

The average life of unhoused implements is five years, while those properly cared for will last two or three times as long. The question in buying farm machinery is not its first cost, but how long will it last? The life of any machine is shortened or prolonged in direct proportion to the care it receives.

Protect your machinery. You can do so at a comparatively small cost. Write today for full details and an interesting booklet on protecting your expensive machinery.

An actual photograph reproduction of one of the largest plants of its kind in the State that is especially interested in helping the farmer take better care of his tools, thereby making greater profits on his farm.

SOUR STOMACH INDIGESTION

Thedford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficacy of Thedford's Black-Draught, the genuine herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver.

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Thedford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Thedford's.

PRESIDENT HARDING BRINGS HISTORIC ARMS CONFERENCE TO CLOSE

County News

MARDELA SPRINGS

Mardele was called upon on Monday to part with another one of its good citizens. Mr. Thomas Robertson, 57 years of age, had always resided in or near Mardele. He was the son of the late Mr. and Mrs. T. A. Bounds. For several years Mr. Robertson has been a shipping agent at the Mardele Station. Besides his wife, who was Miss Anne D. Bounds, also the following brothers and sisters: J. Windsor, of Pocomoke, George W. of Mardele and Miss Anne E. and Mrs. L. N. Cooper, of Mardele. He was laid to rest in Mardele Cemetery on Wednesday afternoon. Services were conducted by the Rev. W. H. Darby, of Seaford, Del., and by Temple Lodge No. 170 F. & A. M.

Mr. Ernest Griffith, of Allen, is spending a few days at the home of Mr. and Mrs. L. N. Cooper.

Mrs. A. S. Venables is spending a few days in Salisbury with Mrs. G. W. Venables who has been quite ill.

Mr. Edgar J. J. spent a few days recently visiting relatives in Vienna.

Mr. Fred Bradley is somewhat improved after his recent accident on the ice.

Miss Naomi Reagan, of Rhodesdale, is visiting at the home of Mr. and Mrs. A. J. Seabrook.

Mr. and Mrs. Holland Phillips and Mr. and Mrs. Delbert Phillips spent Monday night with Mr. and Mrs. Harold Bennett.

It is rumored in Mardele that Dr. Deffen, the popular dentist of Sharps town, has purchased the home of Mrs. Pearl Bennett on the State Road and will shortly remove there. This, if true will be more convenient for the people of Mardele.

On Sunday last Mrs. W. E. Elliott entertained her sister, Mrs. A. H. Walker and daughter, Georgia, of Mardele, and Mrs. Lewis Owens, and sons Ralph and Lawrence of Parsonsburg.

It is understood that Master Lester Bennett will make his home with his grandparents, Mr. and Mrs. Allison Phillips, of Spring Grove, during his mother's absence while she is taking the nurses training course in Baltimore.

Mrs. Etta Harrison, of Baltimore, is visiting her parents, Mr. and Mrs. W. E. Calloway.

Mr. and Mrs. Louis Taylor and Mr. and Mrs. Orville Wilkinson and daughter, Katherine, spent Sunday with Mr. and Mrs. John E. Hatton, at Allen.

The pupils of our school were very much pleased to have as their speakers Thursday morning, Rev. W. H. Darby, of Seaford, and Mr. Levin T. Cooper, of Sharps town. Both being interested in school work, brought out some instructive points along this line, showing the advantages of having a spiritual as well as a mental education.

Little Amy and Floyd Catlin are ill with the measles.

Mrs. C. N. Alexander returned home on Thursday night from her recent visit with relatives in Baltimore.

Little Franklin Hearn son of Mr. and Mrs. Harry Hearn was accidentally run over by an automobile recently. He barely escaped serious injury.

Mrs. James T. Walker has been spending a week in Salisbury with her daughter, Mrs. G. Roland Taylor who has been ill.

Mrs. Merrick and Miss Susie Hitch, of Vienna, were guests of Mr. and Mrs. James E. Bacon on Friday.

stating for her in the school. Miss Hilda Kennerly has been on the sick-list for the past week.

Mrs. Jack Lowe spent Sunday with her daughter, Mrs. Levin Wright.

Dr. James H. Strangh, preached for Rev. C. N. Alexander in the M. P. Church Sunday night.

The M. P. Prayer Meeting this week will be held at the home of Mr. and Mrs. J. J. Wright on Thursday evening.

Royce and Martha Glasgow, children of Mr. and Mrs. S. C. Glasgow have been on the sick-list for several days.

Miss Martha Seabrook and Miss Myra Eversman spent the week-end with Mr. and Mrs. James B. Richards, of Hebron.

Miss Estell Banks entertained at cards on Tuesday evening.

Some walk. Mr. Asa Heath and Mr. Edward Jackson, on Thursday, walked from Jesterville to Mardele. It is said to be a distance of about twenty-eight miles. It took them eleven hours in which to make the trip on account of the conditions of the roads.

DELMAR

The Tall Cedars Band and a number of the members of the organization attended a ceremonial at Wilmington, Monday evening.

Mr. and Mrs. E. B. Elliott entertained at cards, Friday evening.

On Wednesday evening, a number of the Delmar people enjoyed a card party at the home of Mr. and Mrs. C. O. Long, at Fruitland.

The Martha Washington Sewing Circle of the M. P. Church held an oyster supper in the Church Hall, Friday evening.

The chicken and waffle supper, given by the ladies of the New Century Club, Thursday evening was a headed success and was largely attended.

The Delmar Athletic Association held a bake at Hastings, on Saturday. Mr. and Mrs. George Collins are enjoying a trip to Florida.

Mrs. Joseph Ellis entertained the Altar Chapter, Tuesday evening.

A meeting of the Parent-Teachers Association was held in the Delaware High School, Thursday evening.

Miss Eleanor and Miss Travers Freeny entertained some of their young friends, Friday evening.

Mr. and Mrs. West of Philadelphia, are guests of Mr. and Mrs. E. C. Lynch.

POWELLVILLE

We are glad to report those who were ill at the last writing much improved.

Miss Wilsie Williams, Miss Maude Kelly and Mr. Manson Owens, students of the Wicomico High School, are spending the week-end with their parents.

At 10 A. M. Saturday Mr. Luther Jones sold at auction all his farming implements, team and vehicles. He is moving in town where he contemplates the study of telegraphy. We feel much interested in Luther and wish him much success.

The cannery here and the one at Walston, which were formerly owned and operated by White and Kelly, were sold at auction Saturday at 2 P. M. on the site of the factory here. Mr. A. Percy White being the purchaser of the Powellville Cannery at \$655.00. While it is supposed that Mr. Wallace White was the other purchaser at \$355.00.

We hear it rumored that some of our farmers have contracted to grow tomatoes at \$15.00 per ton. Doesn't look like much profit in the production of this crop this season.

Miss Sarah Owens is ill at this writing.

Mrs. Laura Burghage has returned home after an extended visit to her daughter's, Mrs. Aubrey Dennis of Berlin.

Miss Ruth Hammond spent the week-end with Miss Elsie Richard.

Messrs. R. E. Williams, Sewell Dennis and Lawrence Perdue made a business trip to Salisbury, Saturday.

Mr. Walter Adkins of Washington, D. C. is a visitor of his parents, Mr. and Mrs. John G. Adkins.

Mr. Irwin Collins having sold his interest in the Collins Bros. firm has returned to his farm near here.

Mr. Geo. Davis has sold his farm, the old Wm. K. Dennis place, to Mr. Samuel Shockley of Walston.

TALES FROM BANK VAULT

(Continued from Page 13)

Against loss by death or fire—These are the ones you'll find that most My services require.

For through the antiquated laws That states are slow to change, They make me a necessity Within their narrow range.

Fixed customs and archaic rules, Which certain classes fond, Have caused for me a large demand Of artificial kind.

This latter's much increased since I've Another role essayed, To wit: To help the richest men Their taxes to evade.

My yield has therefore been reduced, And my attraction lost.

CITIZENSHIP OF FOREIGN-BORN WHITES IN MARYLAND, BY COUNTRY OF BIRTH

The Department of Commerce, thru the Bureau of the Census, has issued a statement giving statistics showing the citizenship status of the foreign-born white population of Maryland, by country of birth, compiled from the returns of the Fourteenth Decennial Census, taken as of January 1, 1920.

The total population of Maryland, 1,449,661, included 102,177 foreign-born white persons, of whom 93,624 were 21 years of age and over. Of this number 21,604 were born in Germany, 21,514 in Russia, 11,045 in Poland, 8,341 in Italy, and 6,499 in Ireland. Of the natives of Germany, 764 per cent were naturalized; of Russia, 46.2 per cent; of Poland, 31.7 per cent; of Italy, 26.7 per cent; and of Ireland, 69.2 per cent. For the natives of other foreign countries the corresponding percentages ranged from 23.2 for persons born in Greece to 71.2 for those born in Wales.

Of the total white population of Maryland 21 years of age and over, 13 per cent were immigrants and 6.9 per cent were naturalized immigrants.

The following table shows, for the state of Maryland, the total foreign-born white population, with the citizenship status of the foreign-born whites of voting age, by country of birth, as enumerated in 1920:

Foreign-born white			Foreign-born white 21 years and over		
Country of birth.	Number	Per Cent	Naturalized	Per Cent	Not Nat.
All countries	102,177	100.0	93,624	49,764	53.2
Russia	21,514	24.3	21,514	9,950	46.2
Germany	22,032	21.6	21,604	16,501	76.4
Poland	12,061	11.8	11,045	3,500	31.7
Italy	9,543	9.3	8,341	2,229	26.7
Ireland	6,500	6.4	4,499	69.2	2,000
England	5,095	5.0	4,522	2,882	63.7
Austria	3,620	3.5	3,317	1,702	51.3
Czechoslovakia	3,553	3.5	3,337	2,092	62.7
Lithuania	2,206	2.2	2,102	707	33.6
Hungary	1,947	1.9	1,667	619	37.1
Canada	1,864	1.8	1,586	883	55.7
Sweden	1,892	1.7	1,501	1,015	63.8
Greece	964	0.9	875	203	23.2
France	818	0.8	750	447	59.6
Sweden	630	0.6	610	376	61.6
Rumania	537	0.5	468	217	46.4
Norway	536	0.5	494	270	56.5
Switzerland	509	0.5	485	321	66.2
Wales	499	0.5	482	343	71.2
Other countries	2,700	2.6	2,335	999	42.8

Comprises aliens, persons who had taken out their first citizenship papers only, and persons for whom the citizenship status was not ascertained.

Not merely a good lawyer, but A specialist on me.

There are some bonds I'm sponsor for. Because they're forced on me—The mushroom places, mining towns, Those of one industry.

Resorts of pleasure, villages With population small—All these must pay a higher rate, And I labor them all. My value and prosperity

Are now so widely known, That many claim to be a kin, Which I would fain disown. (Continued Next Week.)

ROTARY CLUB IS ASKED TO SUPPORT CO. 'I'

Value Of Local Unit Is Pointed
Out By Visiting Guardsmen
From Frederick.

ROTARIANS PROVE TO
BE GOOD AD. WRITERS

President Allen Initiates Another
Stunt Which Provokes Much Mer-
ritment—Evangelistic Song Leaders
Take Charge Of Music—Colonel D.
John Markey Makes Short Talk.

One of the best stunts put on at a Rotary meeting was that introduced on Thursday evening when President Allen had every man present write an advertisement for the man sitting on his right. After an industrious ten minutes during which the only sound heard was the chewing of pencils, the president called for the results and each member rose and read his effusion.

Rotarian Charles E. Wilkins was one of the first. He presented the following: "The B. C. & A. Railroad is not the worst. Try our Pullmans." One of the next to evoke a laugh was "A. Grier, machinery not beer" fix your old saw mill, repair your broken saws. This firm, according to one Rotarian, may look for a sharp increase in business on the strength of the last statement.

Other advertisements were read causing a great deal of mirth and applause. Messrs Perkins and Carr, who are furnishing the music for the Cooperative Evangelistic meetings being held here were present as guests of Rotarian Boyle and took charge of the singing.

Colonel D. John Markey, a member of the Frederick Club, was present and made a short talk in which he emphasized the value of the National Guard especially since Congress has decided to reduce the standing Army so drastically. Pointing out the fact that the Guard constitutes a vast citizen army capable of infinite expansion, well trained and well armed without the cost of maintaining a huge force for protection of the country, he asked the Rotarians to support Company "I" to their fullest ability.

On motion, the following delegates were elected to the Fifth District Conference of Rotary Clubs to be held at the New Willard Hotel at Washington on March 25-26 and 27. Rotarians: Marvin C. Evans, past president of the local Club, Lewis Morgan, chairman of the Conference Committee, and Carl M. Paynter, secretary of the Club. Several other members signified their intention of going to the meeting.

The Conference expects to entertain about 2500 Rotarians and their wives, and many entertainments have been staged for their pleasure. On Sunday, March 27, there will be a service church service at which many Rotarians will fill the pulpits. In the afternoon a bronze wreath will be placed on the grave of the Unknown Soldier at Arlington. The presentation of the wreath will be made by Internation President C. M. McCullough and received by Secretary of War John W. Weeks. Later in the afternoon there will be an automobile sight-seeing trip. On Monday and Tuesday mornings there will be business sessions while the afternoon will be given over to entertainment. On Tuesday evening the governor's ball will be held. The Rotarian meeting promises to be one of the most interesting ever held and the Rotarians are anticipating a great time.

SUBSCRIPTION PARTY WAS LARGELY ATTENDED

City Tables Played Although Near
One Hundred Were Engaged.
Proceeds More Than \$200.

Net proceeds of more than \$200 will be paid into the treasury of the American Legion as a result of a subscription party given at the city on Tuesday evening by the city of the city which had been asked to hold the local post in fitting up their quarters.

More than twenty tables were set, and paid for, but only sixty were used from being present by reason of engagements. Bridge, "500" dominoes were played, and every table had an exceptionally good time.

Seventies of Wicomico Post have permission to exhibit s, through the columns of The News, their appreciation of what the women of Wicomico and Wicomico county have done for them. Their heavy will be supplemented with the names of the individual members of Legion at the next regular meeting.

Amus refreshments were served during the course of the evening, and the affair was a pleasant climax was the giving of prizes. The honors were won off by Mrs. John M. Foulson, Mrs. John Wise, Mrs. Margaret Dr. J. H. Carpenter, Mrs. Wil. Feldman, Mrs. William F. Brown, Frank Uman, Mrs. J. McF. Dyk, Eagle, Mrs. William K. Phillips and others.

Gordy Sells Interest In R. E. Powell & Co.

Disposes of Stock to Remaining Mem-
bers of Firm. Severs Forty
Year Connection.

Severing forty years connection with R. E. Powell & Company, Mr. S. E. Gordy last week disposed of his interests in the company to some of the older members of the firm and to some of the employees. Mr. Gordy's retirement will cause a reorganization of the officials of the company.

R. E. Powell & Company is the oldest establishment of its kind on the peninsula, having been organized in the early seventies. When the company was incorporated early in 1900, the original name was retained. It is one of the largest department stores south of Wilmington and has won an enviable name for the quality of its goods and its service.

BOND ISSUES DISCUSSED BY WOMAN'S CLUB

Large Meeting Hears Reply To
Club's Letter to School Board
Recently Published.

LITERARY PROGRAM
FOLLOWS BUSINESS

Question Of Improving Sanitary Con-
dition Of Lower Main Street Is
Tabled Until Public Opinion Is As-
certained—Committee Appointed To
Examine Into Conditions.

Several questions of interest and importance preceded the literary part of the program of the Wicomico Woman's Club at the regular meeting in the Chamber of Commerce rooms on Tuesday afternoon.

Mrs. R. D. Grier moved that the Club erect a fountain at the corner of Main and Dock streets to better the sanitary condition of that portion of the city. After much discussion, the question was tabled until public opinion on the matter was crystallized.

Mrs. Alan Benjamin, chairman of a committee appointed at the last meeting to write the School Board in regard to existing conditions at the High School, reported that the committee had directed. She then read the reply from the School Board which was published in this paper last week.

Suggestions from the members were called for with regard to raising funds for a school by any other means than a bond issue. It was suggested that the representatives at Annapolis be asked to pass a bond issue bill but when the question was raised that such action might jeopardize the establishing here of a Normal School, it was decided to investigate the matter further.

The same committee was empowered to make this investigation. The school question was fully discussed, many members taking part. The application for membership in the Club of Mrs. Ralph H. Grier was favorably voted upon.

Mrs. Taylor gave an excellent talk on Parliamentary law, showing the advancement and development of woman's knowledge along this line in recent years. She described the correct manner of putting motions and questions and gave many interesting and instructive points.

Mrs. R. D. Grier had charge of the literary program for the meeting, the subject for which was "Famous Women of Today." Interesting papers were read by Mesdames R. D. Grier, Archer Burton, Calvert L. Estill, W. H. Carson, and Hunt, and Mrs. William Feldman sang several selections.

A meeting was one of the best attended of the year and one of the most important.

Grange To Celebrate
Its 13th Anniversary

Last Meeting Poorly Attended On Ac-
count Of Weather. Good Features
For Next Gathering.

On account of the small attendance, due to weather conditions, the regular program of the Salisbury Grange was dropped with and a social evening was enjoyed. On Saturday evening, March 4, the thirteenth anniversary of the organization of the Grange will be celebrated.

At the roll call, on this occasion, each member will be asked to respond by giving the name of his favorite poet, author, song, magazine, or farm paper, together with his reasons for his choice. Each member will also be asked to submit proposals for new members.

The youngest members are urged to be present in order to receive a degree team will be organized. The following program will be rendered: Roll call, song, reading, Mrs. Baus; question box; violin selection, Miss Jacobs; read, Mrs. Melick; paper, Mrs. Carl Twilley; song; play; refreshments.

A MILLION FOR SCHOOLS

Garrett county has asked for one million dollars to be used in the construction and improvement of schools. This wonderful instrument was issued in 1922 and half in 1923. The funds would be expended for sites, new buildings, and improvements.

Rural Districts Will Insist That Board Recommend Abolition Of Engineer's Office

Petitions Being Circulated In Several Districts Asking For Action. Baden Replies To Critics.
Board Must Act As Judge. Big Meeting Tuesday. Both Parties Trying To Reach Public
With Their Side Of Story.

Placed on the defensive by petitions circulated in various parts of the county asking for the abolition of the office of county Road Engineer, Mr. J. T. Baden, the present incumbent of the office this week in an open letter gives his side of the matter with the request that the question be fully considered from all angles before any action is taken.

He believes that if the office of Engineer is abolished the status of county roads will return to what it was twenty years ago, for he shows that the road law is inextricably bound up with the office of Engineer. He cannot, he says think for a moment that the thinking power of the county would allow such action and he urges the citizens to stand behind him in making secure the law.

There is another side of the question. The people who are circulating a petition for abolishing the Engineer's office believe that they too are in the right and through an open letter are calling this week on all interested citizens to appear before the Board of County Commissioners next Tuesday to present their side of the case.

The Board will be compelled, whether or no, to sit in judgment when it next meets. Their decision will be based on the facts presented to them at that time. Mr. Baden's letter in full follows:

To the People of Wicomico County: For some time a petition has been circulated in Wicomico county—the ostensible object of which is to induce the commissioners to request the county's representatives in the State

legislature to amend our road law so as to discontinue the office of road engineer in this county.

Believing that many are signing this petition simply from the general inclination of the average citizen to very accommodatingly put his name to most any sort of a petition without first knowing what that petition may really mean, because of wilful misrepresentation of the facts involved through ignorance of the law, its working, and the commissioners' methods of handling the road work and realizing what great harm the petitioned amendment would work to your county—the road engineer has undertaken to get before the public certain information which later will be supplemented by additional road data but which need not be considered here and now.

The engineer has not had an opportunity to examine the petition and is unable to form an idea of its worth. When you better understand the situation you will see the mistake it would be to comply with the wishes of those backing this petition. Therefore, the writer asks that you read carefully this communication and those that may follow, however tiresome this may be to you, as they are presented in an effort to prevent the destruction of your very good road law, a subject well deserving of your earnest consideration.

The law provides "The County Road Engineer may contract with and appoint by and with the consent of the County Commissioners, Road Supervisors for any road or roads in Wicomico county who shall be under the

control and direction of the Road Engineer, and on failure to comply with their contract or contracts, or fail to perform their duties may be suspended, removed at any time by the Road Engineer for good and sufficient reasons and the vacancy supplied in the manner above prescribed." The petition had its inception some months back over the proposed dismissal of certain road supervisors. Approached upon the subject of discharging men who, in the judgment of the engineer, should have been retained in our employ I naturally asked for the "good and sufficient" reasons with which your law rightfully safeguards its employees. To my surprise, no such reasons were forthcoming and, as a consequence, I refused to remove the men. Hence arose the situation where the engineer is being asked to discharge experienced, capable men and at the same time the parties requesting such action can not or will not supply any just grounds for such dismissal. The engineer in the past took the position which he now holds that he will discharge any of his road men for "good and sufficient" cause and he stands ready to examine into any reasonable complaint concerning county road matters. He is opposed to employing and discharging men except on a merit basis any other attitude would be unfair and entirely out of accord with the letter and spirit of your law. When the people of this county understand the situation it is impossible to believe that they would expect or want the road engineer to

(Continued on Page 3.)

ATTEND THE SHOW

The fourth Annual Automobile Show, held under the auspices of the Salisbury Fire Department, will begin Tuesday, February 28. An excellent exhibit of cars and trucks, and musical entertainers have been engaged. The Show will be well worth seeing. The Firemen have no other means of obtaining revenue. The Show will, therefore, be well worth patronizing.

HAWAIIAN SERENADERS
HERE TUESDAY NIGHT

Activities At Y.M.C.A. Continue In
Full Blast. Important Meetings
Next Week.

Mid-winter activities at the Y.M.C.A. are not slowing down, in spite of the numerous other affairs going on all the time. On Tuesday, the basketball team went to Cambridge and played Company "I" of the First Infantry, Maryland National Guard.

Several other good games will be staged before the season closes.

On Wednesday, the Business Men's Bible Class was addressed by Rev. V. L. Edmunds, of the Division Street Baptist Church, and afterward attended revival services in a body.

Two important meetings will be held on Friday evening, at 7:15 when the "Y" directors and finance committee will meet and the bazaar committee get together. A men's mass meeting will be held in the Y.M.C.A. auditorium at 3:00 o'clock Sunday afternoon, at which the revival leaders will have charge of the music.

Mr. Hammerslough states that the next Y lecture attraction, scheduled for Tuesday, February 28, will be one of the most interesting of the entire course. The Naniwa Hawaiian Serenaders come here rich in experience and success and the evening is filled with promise of pleasant entertainment.

Electrical Fixtures
Firm Opens Quarters

Thomas A. Cale, Electrical Engineer,
Formerly of Cumberland Opens
Modern Store.

Thomas A. Cale an electrical engineer who for some time has been doing business in Cumberland has opened a store in the Lloyd A. Richardson building on Main street, extended in which he will carry complete stocks of all kinds of electrical fixtures. The store will be known as "The Electric Development Company."

Within a few days, Mr. Cale hopes to have a radio phone set up for demonstration. It is understood that with this wonderful instrument, concerts even as far away as Springfield, Mass., can be heard with absolute distinctness.

COMMANDING OFFICER INSPECTS COMPANY "I"

Men Make Good Showing—Medals
Presented To Riflemen On Scores
Made At Range Last Summer.

Mustering nearly forty men and three officers, Company "I," First Infantry, Maryland National Guard, was inspected by the commanding officer of the regiment, Colonel D. John Markey of Frederick, and Captain Yancey of the 84 Infantry, U. S. A., on Thursday night in the Armory.

In the afternoon, the inspecting officers examined the papers and records of the Company, the Armory and the property issued by the State and Federal Governments. Everything, it is understood, was found to be in excellent condition.

The company at night put up a splendid appearance and bore the inspection well. Captain Russell's command, of which both he and the people of the county may be proud, and he deserves the hearty support of every citizen in keeping his Company up to its prescribed strength.

After inspection was completed, the company was assembled at a social hour and a prize medal for a score of 80 per cent. The other winners were Sergeant Charles Tighman, who won a silver loving cup, D. J. Downing, and Edward Pusey.

Plans are under way now for a big celebration about the first of April at which time the American Legion and Company "I" will join forces for a field day, sham battle, machine gun demonstration, and general good time. It is possible that the First Regiment Band will be here for the occasion.

PARKER WILL SUPPORT ADMINISTRATION BILL

Will Hear In Mird Eliminating Use-
less Offices And Saving Money
For The Taxpayers.

L. Thomas Parker, Delegate to the House of Representatives from this County, in a signed statement to The Wicomico News today, replies to a story published last week in the Baltimore Sun with reference to his being probably chosen as the man to introduce certain amendments to the administration's bill for reorganization as requested by State Treasurer John M. Dennis. Mr. Parker says he will support the bill.

In regard to the story, says the statement, "in the Baltimore Sun of Saturday, February 18, I wish to say that I was one, together with Mr. Gordy and others of our delegation, who were elected on the Democratic platform which included the scheme of reorganization."

"While I do not agree with all that is in the bill, I think Mr. Dennis is right on some of it, I shall support the measure to the fullest extent of my ability, ever bearing in mind that wherever we can do away with a useless office and thereby save the taxpayer the Wicomico County money, I shall, as heretofore, use my influence in that way."

Baking Company Makes A Change In Personnel

W. P. Hobbs Resigns As Manager and
Disposes Of Stock. His Place
Not To Be Filled.

Due to a number of causes, the personnel of the Salisbury Baking Company, Incorporated, has been reorganized. Mr. W. P. Hobbs, for the past year the general manager of the plant has resigned and together with Messrs. A. M. Walls and J. McFadden Dick has disposed of his stock to the other stockholders, Messrs. G. W. Ham Phillips, Lewis Morgan, F. P. Adkins and L. Atwood Bennett.

The change was made last Thursday. The position which Mr. Hobbs has occupied for the past year will not be filled but the work destined for it will be distributed among officers at present employed. The business will be run under the active direction of the president, Mr. Phillips.

THROGS HEAR EVANGELISTIC EXHORTATIONS

Crowds Fill Main Building And
Overflow Into Sunday School
Rooms At Trinity.

CHURCHES PACKED TO
CAPACITY EACH NIGHT

Noted Singer, in Charge Of Chorus,
Has Had Wide Evangelistic Experi-
ence. Once Carried On Meeting In
Spite Of Fire And Threats. Ship-
ley Delivers Excellent Sermon.

The place of worship for the Cooperative Evangelistic Services changed on Sunday night from the Bethesda M. P. Church to Trinity M. E. Church and the latter edifice was packed with a capacity crowd. Every seat in the auditorium was taken long before the opening hour and the Sunday school room was soon pressed in to service. Still failing to find seats for the congregation, the members brought the chairs from the primary department in the basement and a number of benches from the Y.M.C.A. across the street.

Those present were rewarded for any inconvenience in being seated or any discomfort because of being overcrowded by the splendid sermon delivered by the Rev. R. L. Shipley, pastor of Bethesda Church. His sermon was pronounced by many one of the most effective and far-reaching evangelistic appeals ever heard in Salisbury.

Last Sunday was Decision Day in several of the Sunday schools. In five of the churches, the reward at Trinity, five of which were in the Men's Adult Bible Class. Several were reported from Bethesda and Division Street Baptist also. Next Sunday is Decision Day at Wicomico Presbyterian.

The Men's Meeting in the "Y" addressed by the Rev. V. L. Edmunds and the one for women in the Baptist Church by the Rev. J. B. Peters were well attended in spite of the inclement weather.

The general committee in charge of the series is gratified at the first week's meetings in Bethesda. The committee hopes that the children, especially, will respond to the appeals being made at these meetings and the cooperation of parents is earnestly requested by Mr. Peters, the chairman, in helping accomplish this end.

The Union choruses under the leadership of the Rev. Ralph W. Carr, is proving a source of great inspiration. The especially fine material, as Mr. Carr terms it, has been developed to its highest efficiency by the musician's untiring efforts which have played no little part in the success of the series.

Mr. Carr is training a Children's chorus which will furnish the music at one of the services this week. Mr. Carr has had the privilege of being associated with Evangelist Belding and is looking forward to the next week's meetings with anticipation.

Knights Of Pythias To Stage A Campaign

Order Last Year Enjoyed Most Re-
markable Growth In Its History.
Frederick Banner City.

Following the impulse of increased activity by nearly all organizations, Salisbury Lodge No. 36, Knights of Pythias, which now has a representative membership of more than a hundred, is planning for a membership campaign in the near future.

Members of the local order point out that during the past year the Lodge enjoyed the greatest growth in its history. Mountain City Lodge of Frederick staged the most remarkable campaign of any lodge in the country, in only five days winning 818 new members.

WONT ELECT SCHOOL BOARD

What many people in this county said was a good bill, that providing for the election of the county boards of education, has been defeated in the House. It was unfavorably reported by the Committee on Education and motion that the bill be substituted for the unfavorable report received only a small affirmative vote.

THREE-CORNER FIGHT FOR THE MAYORALTY ON

Charles L. Dickerson Gets Into
Ring On Basis Of Clean and
Economical Administration.

SAYS EXPENSES CAN
AND SHOULD BE LOWER

Well Known Business Man Decides To
Enter The Race Upon The Persu-
asion Of Many Friends—Assured
Of Firm Support In Many High
Quarters—Has Strong Backing.

Charles L. Dickerson, for the past twenty-four years engaged in the oyster and fish business in Salisbury, this week has announced that he is a candidate for the nomination for mayor, subject to the Democratic primaries. This announcement makes the fight three-cornered, the other two aspirants being Mr. E. Jones, a former mayor, and Mr. W. Arthur Kennerly, the present incumbent of the office.

While he has no platform as such, Mr. Dickerson thinks very favorably of two things that would be of great benefit to Salisbury. One is the establishing of a passenger station on the N. Y. P. & N. on South Division street. The land there is available, the distance from the Court House is about the same as that to Union Station, and such a station would greatly accommodate about two thousand residents.

A second proposition is that asking the Wicomico County delegation at Annapolis to have the charter of the city changed in such a way as to allow the mayor and city council to remit all taxes for five years on homes built within the next year or two. This plan, it is believed, would stimulate home building.

Mr. Dickerson says that he represents no faction of voters and no section of the city. According to one Democratic leader, he is a man of the people and will be a true people's candidate. He has been a lifelong Democrat and has never deserted the party.

The aspirant believes that the city can be run at much less expense than it now borne, and it will be along the line of what he predicts he will make his fight. He is outspoken in regard to certain evils at present prevailing.

"I believe," he said, "that the city can be run at less expense and can be materially cleaned up. The gin sellers and slot machine owners have no place in Salisbury. Elections, too, can be held in a much cleaner way. I am for these things as a matter of principle and would work for them if elected."

Mr. Dickerson is a member of the Independent Order of Red Men and of the Methodist Protestant church. He has never held public office, though he has been a candidate for the city council. He is well known throughout Salisbury and has a host of friends that have pledged him their support.

Just what effect this new candidate will have on the political situation remains to be seen, but it is predicted that he will draw strength from both the other aspirants and numbers of his friends are feeling confident that his fight will be rewarded with victory.

SATURDAY BAKE SLATED TO AID WOMAN'S QUOTA

Numerous Methods Of Raising \$1500
Are Being Used—Benefit Picture
Next Month—Fund Is Growing.

Red Cross activities continue in full swing and the treasure chest is slowly but gradually being filled. Numerous methods of raising their quota have been resorted to by the various committees and all have met with success. The activities will continue and probably increase as spring approaches and the nature of entertainments can be varied.

On Saturday February 25, there will be a bake in the front part of the Eastern Shore Music Company's store in the Wicomico News building near the corner of Main and Division streets. Cakes, pies, rolls, candy, salads, Maryland biscuit, and other delicious things will be on sale from eleven in the morning until late afternoon. The committee in charge of the bake consists of Mesdames R. D. Grier, George R. Cobb, C. L. Estill, Lee Allen R. B. Sheridan, and E. J. McLaughlin.

As another means of raising money, Mrs. Harry Walters is selling kindling wood in small bundles while Mrs. William S. Gordy, Jr. has a beautiful lamp on display in Toulson's Drug Store to be raffled off.

Irene Castle in "French Heels" will be shown on March 22 at Uman's Opera House for the benefit of the Red Cross and at that time Mrs. William B. Tighman has arranged for a big sale of home-made candy to swell the fund.

The chairman of the activities, Mrs. Travers L. Ruark, says that "every woman in Wicomico County is privileged to help raise the \$1500 for the Red Cross local work." Judging from the way things are humming, it would appear that every woman in the county "has taken advantage of the privilege."

On Its Seventeenth Birthday Anniversary International Rotary Asks:

**IS THERE ANY PROBLEM OF GOVERNMENT,
COMMERCE, OR INDUSTRY WHICH A PRACTICAL
SPIRIT OF MUTUAL SERVICE WILL FAIL TO SOLVE?**

ROTARY'S PLEDGE

With the announcement of a birthday gift of a renewed pledge of service to the community, to the business and social life as well as to the betterment generally, the Rotary Club of this city will celebrate the seventeenth anniversary of the organization of the first Rotary Club in the world.

Rotary came into being in Chicago, February 23rd, 1905, with a group of four men—one a coal dealer, one a mining operator, one a merchant tailor, and the fourth an attorney. The attorney, Paul P. Harris, first advanced the idea of forming a club different from any club then known, and to him belongs the credit for starting the great Rotary movement.

At this meeting of the four, when decision was made to organize a club, it was decided to invite to membership just one man from each different business or professional calling. A printer, a real estate man, an insurance man, and a banker were the next four admitted.

"Rotary" was chosen as the name of the new club because the members met in "rotation" at their places of business. "Rotation Club" seemed somewhat quaint so they adopted the shorter form, "Rotary Club."

The Chicago Club continued to increase in membership. In 1908 three years after the first meeting—the second Rotary club was organized in San Francisco. Other clubs followed on the Pacific Coast and then the movement spread to the East and then to the South until sixteen clubs had been organized by the end of 1910.

It was in 1910 that the first convention was held in Chicago and the "National Association" was formed. At this convention Charles H. Perry was elected secretary and he continues to hold this office at the present time. Rotary emerged from a national organization to an international organization two years later at the Duluth convention. A short time previous to this convention a club had been organized at Winnipeg, Canada, and during the convention a cablegram was received from the Rotary Club of London, England, asking for a charter. Rotary had thus quickly evolved from one club in 1905 to an international organization in 1912.

Since 1912 the organization had grown even more rapidly than during the first seven years. Today there are more than one thousand Rotary Clubs in the world. Although the greater number are in the United States, where the movement originated, there are now Rotary Clubs in Canada, Newfoundland, Great Britain, and Ireland, Cuba, South America, the Republic of Panama, China, India, Australia and New Zealand.

This growth seems all the more remarkable when we realize that the organization has never at any time

employed paid organizers. And in addition, extreme care has always been exercised in surveying cities and towns applying for membership to make sure that such communities are ready for a Rotary Club and are of sufficient size from which to secure a membership of representative men and still have the membership restricted to one man from each business or profession.

THE PROSPERITY CAMPAIGN

One hundred thousand billboards in the United States and Canada breathing a spirit of optimism is an example of the manner in which Rotarians seek to put to practical use their creed that "He Profits Most Who Serves Best."

Thursday is the seventeenth anniversary of the organization of the first Rotary Club. On February 23, 1905, Paul Harris, a Chicago lawyer, and three friends decided to form an organization that would have several unique features. First, there should be but one man representing each business, trade or profession in the city. Second, all should give a pledge of service to their trade, to their community and to the individual members of the community and the trade and their club. Third, to promote fellowship and in promoting fellowship a rigid rule was adopted that every man in the club should be addressed by his first name or nickname at all times—otherwise the member failing so to use a first name or nickname should be fined.

Fourth, that the club should act as an initiatory agent to all civic enterprises that come to its attention but that if there happened to be an efficient agency existing that could perform the service thus initiated, it should be the duty of the Rotary Club to let that existing agency have the honor and credit of performing the service—the Rotarians working individually and as a club to back up and further the cause to the utmost of their abilities. Fifth, that any member failing to attend four successive meetings should lose his membership.

The prosperity poster campaign, as it has come to be called, is an idea of the New York Rotary Club, which initiated and put through the campaign. Other clubs throughout the country assisted in the effort. In every community where a Rotary Club has been established and there are now more than one thousand clubs having about 80,000 members in twenty-five different countries—there will be found some special civic work that is being carried on by the club awaiting the formation of a regular agency to take it over, and Rotarians will be found connected with practically every forward movement of a civic and economic nature.

DELAWARIANS REGAIN HEALTH IN WICOMICO

Wilmington Couple On Way To Florida In Search Of Health Stop In "Garden Spot."

For two months Mr. and Mrs. W. Weatherlow of Wilmington, have been living in a thick cluster of spruce and ivy on the State road in the woodland of Captain John W. Hurt near Sharpstown. Last November Mr. Weatherlow was seriously hurt in an automobile accident in Wilmington. He was taken to the hospital and treated, recovered and resumed business but for some reason the blood poisoning was not cured. He was advised by his physician to leave the city as walking on the pavement was doing an injury to him.

He had a good business as a dealer in motor trucks, but he disposed of this at once and fitted up a motor truck with a large body and top. He took in such furniture and cooking utensils as were needed and he and his wife started for Florida. When they reached their present location their attention was attracted to the dense woods and stopping to look the situation over they observed a pump in working order located in a nearby lot which belongs to Samuel P. Twiford, and they agreed to stop for a few days and rest. Before leaving they got in communication with home and learned that his mother was seriously ill at her home in Wilmington. They decided to remain there until the condition of his mother changed.

Owing to the very pleasant surroundings, kind and hospitable neighbors, they are still well satisfied and are not even thinking of going to Florida. They have as a pet, a cat two dozen chickens, and about twenty ducks. Their sleeping quarters are perfectly comfortable. Mr. Weatherlow's condition has improved and he now hopes to return to Wilmington in early spring and resume his business.

WATERMELONS AND SEEDS USED FOR MANY PURPOSES

In its studies of the control of watermelon diseases the United States Department of Agriculture has found that there are numerous uses for watermelons outside of their consumption as a popular fruit. Housewives have long been familiar with pickles and preserves made from watermelon rind. In China and other oriental countries watermelon seed is used as a table delicacy. Seedsmen in this country not only ship seed for this purpose, but also find a market for their product in the Chinese districts of New York and San Francisco. This liking for the seed is evidently not restricted to the Orient, for some years ago a well-known explorer reported an African tribe that sharpened the teeth in order to better strip the hulls from watermelon seeds. Within recent years a firm in Alabama has undertaken to manufacture vinegar from the juice, and from Russia come reports that during the past few years of hardship concentrated watermelon juice has been used in place of sugar to sweeten coffee.

The production of watermelon seed is an industry by itself. In a single county in Florida approximately 7,000 acres of watermelons are grown annually for seed purposes. The one section supplies a great proportion of the watermelon seed planted in the United States, and on occasion also ships to foreign planters. In recent years shipments of seed for planting have been made to Texas, Asia Minor, to China, and other far-distant points.

During past years profits in our southern watermelon industry have

several destructive diseases. Anthracnose, a fungus disease of the foliage and fruit, means reduced yield and pock-marked melons that rot in the field and in the freight car. Stem-end rot is a trouble that occurs in transit only, and originates with infection of the melon by the causal organism at the cut stem. Anthracnose is controlled by spraying the vines; stem-end rot by the practice of field sanitation and stem treatment. Plans are being made by the Department of Agriculture to assist growers, distributors, and carriers in the proper application of disease-control measures during the coming season.

SPENDING LESS THAN ONE EARN.

Thrift—the spending of less than one earns, the putting aside each week of as much as can be spared from one's income—is a basic element in the career of every man or woman who has, by his or her own efforts, attained success in life. Being thrifty, a most commendable attribute, the problem of investing one's savings wisely and profitably arises. To those versed in business and finance the matter is a simple one, but to many others the possession of means, however slight, exposes them to the insinuating advances of unscrupulous promoters of crooked investments.

We are all units in the most stable, the most honest, Government on earth, and nothing is more safe, for an investment, than our own Government's certificates and bonds—Treasury Savings Certificates. I would counsel the small investor to buy of these securities as many as he can afford, to hold them once they are purchased, and thereby to feel secure in receiving reasonable returns on his money.

MT. HERMON GIRL DIES AFTER LIFELONG ILLNESS

After suffering with a complication of diseases since childhood, Grace Bratten, aged sixteen, died early Saturday morning on the Sidney B. Morris farm at Mt. Hermon. She survived by her parents, Mr. and Mrs. Samuel Bratten, and by two sisters, Mollie and Helen. The funeral was held on Sunday afternoon at Parsonsburg cemetery with the Rev. Taylor officiating.

DEATH OF MRS. DUNN.

Mrs. Riley Dunn, age forty-nine, died at her home in Bivalve, on Tuesday afternoon about one-thirty Saturday afternoon, February 16. Funeral services were held Friday by Rev. L. E. Haddaway and interment was made in the Bivalve M. P. cemetery. Mrs. Dunn is survived by her husband and one daughter, Callie, age thirteen.

TOWN & COUNTY
Personalographs

SHARPTOWN

A few herring have been caught by O. W. Owens, James Marine and Edward Lowe, but no shad as yet. A great many rock and perch are also being caught.

Miss Hilda Taylor, celebrated a birthday occasion on Tuesday evening of last week. The occasion being on Valentine Day, she had the rooms decorated with valentines which made a very ludicrous appearance. The time was taken up in games until the refreshments were served and these were highly enjoyed. Miss Hilda received many very pretty presents from her friends. The entire junior class of the Sharptown High School was present, also Misses Irene Gray and Hazel Bennett, and Harold and Robert Hughes from town. The out of town guests were Messrs. Hammond Kennerley, Carl and Edgar Bennett and William Bennett of Maryland Springs, Miss Esther Cooper and Leslie Bailey of Riverston.

Following this on Saturday evening about forty of Mr. and Mrs. Atley Lankford's friends went to see them on a complete surprise, it being the occasion of Mrs. Lankford's birthday. While the whole family was surprised the occasion was one of good cheer, music in abundance, games of various kinds followed by refreshments, ice cream and cakes. Mrs. Lankford was remembered in the way of presents and the affair will long be cherished as a social good time.

Superintendent Rev. Vaughn S. Collins preached in the M. E. Church on Sunday morning.

Miss Mary Bailey has returned from a visit to Baltimore.

Mrs. Hilda Ramsey of Baltimore is the guest of her parents, Mr. and Mrs. A. J. Kennerley.

O. W. Robinson is spending a few days with his family here.

Herman McWilliams of Philadelphia has been visiting his parents, Mr. and Mrs. Henry McWilliams.

Owens & Stokes, the courteous and obliging bus owners on the route from here to Salisbury, want to take this method of extending to the good people of Hebron their profound gratitude for help rendered during the snow storm. These people in large numbers rendered valuable services to the bus owners at a time when they needed help and it was fully appreciated.

HEBRON

Mr. Charles Howard was badly cut about the face last week when an axe which he was using broke and a piece struck him. He was hurried to Salisbury where Dr. J. McF. Dick took two or three stitches in the wound.

Mrs. Nina Anderson of Sanford, Va., spent a few days with Mrs. Geo. Carmine last week.

Mrs. L. H. Hall and children have returned to their home in Ocean City after spending several days with her mother, Mrs. A. V. Carmine.

Miss Howard Culver is spending a week with her parents at Queen Anne.

The Union Revival meetings are being held in the M. P. Church this week. Little Newton Hastings, five years of age, of Salisbury, has been present several times. Everybody enjoys his wonderful little solos.

Mr. Edwin Frolic of Crisfield, spent last week with Mr. and Mrs. S. T. Culver.

Mrs. Lewis Dorsey of Delmar was the guest of her parents, Mr. and Mrs. E. J. Taylor, last week.

Mrs. Emma Kutz of Toledo, Ohio, is spending some time with her parents, Mr. and Mrs. Elias Taylor.

Miss C. D. Wilson entertained a number of her friends, Friday evening.

Mrs. Walter Baban of Baltimore is visiting her parents, Mr. and Mrs. J. O. Wilson.

Miss Amelia Wallace returned home Saturday after spending several days in Philadelphia.

Miss Georgia Taylor is visiting friends in Philadelphia.

Mr. and Mrs. Morris Bounds of Salisbury were the guests of her parents, Mr. and Mrs. H. P. Bradley, last Sunday.

Mrs. Edward Timmons has returned to her home in Wheeling, W. Va., after spending some time with her parents, Mr. and Mrs. J. H. Cordrey.

KELLEYS

Mr. and Mrs. John D. Shockley spent Sunday afternoon with Mr. and Mrs. S. M. Good.

Mrs. J. W. Esham and children spent Sunday with Mr. and Mrs. Robert Arvey.

Those on the sick list are Mr. S. T. Parker and Mrs. E. T. Parker. We hope to see them out again soon.

Mr. Lloyd Esham spent Sunday evening with Messrs. Clyde and Victor Shockley.

Miss Hilda Kelly returned home Sunday from a week's visit of friends in Salisbury. Miss Grace Willing came home with her to spend a few days.

Mrs. S. D. Matthews and daughter Eva, spent Monday with her daughter, Mrs. Lottie Wimbrow, of Wanago.

NUTTERS DISTRICT

We are sorry to report that Elijah Lewis, son of Mr. and Mrs. J. J. Lewis, of Berlin, is very ill with pneumonia. We hope he will soon be out again.

Mr. Mahew Reddish of Washington, has been visiting Mr. Aleck Malone, of Lewis and Mrs. J. J. Lewis family, spent Sunday with Mr. Joshua Niblett's family.

Mrs. Hettie Dr. den spent Monday afternoon with Mrs. Lee Porter.

BIVALVE

Capt. S. A. Langrall and Norman Insley left last week for Baltimore on account of the death of her brother, Ray Insley.

Miss Sadie Insley, teacher of Green Hill School, was called home last Friday on account of the death of her brother, Ray Insley.

Fire was discovered Saturday afternoon in the home of Mrs. Jennie Robertson. The house caught fire from a defective flue but was discovered before much damage was done.

This snow storm of Wednesday night blocked our roads and demoralized our mail service again. We received no mail from Wednesday until Saturday. Our roads get worse each day, it now being impossible to go from here to Salisbury in an automobile.

Clark Insley of Baltimore spent Sunday and Monday at the home of his parents, Capt. and Mrs. John H. Insley.

Messrs. Wade H. Messick and Robert Jarrett of the Oyster Police boat "Hayward," spent Sunday at their homes.

Mr. Harry F. Buckley is erecting a garage on the river front property he recently purchased from Mr. Brady J. Dayton and expects soon to begin work on his residence.

A brotherhood has been recently formed in the Church here with E. Henry Larmore as president and Walter Fields, vice-president.

MT. HERMON

Mrs. T. B. Walston visited Mrs. George Adkins, Saturday afternoon.

Mr. and Mrs. Harry Wilson's children are much improved.

Mr. Sydney Dykes spent Sunday afternoon with Mr. Alonza Dykes.

Meeting was held at Parker's Chapel last Sunday for the first time in quite a while.

Mr. Alfred Niblett and family and Mr. and Mrs. Howard Ruark spent Saturday evening with Mr. George Adkins and family.

Miss Mildred Dykes is sick at this writing but we hope she will soon be better.

Mr. and Mrs. Gordon Hastings visited Mr. Hermon Pryer and family Sunday.

Mrs. A. C. Parker spent Tuesday afternoon with Walter Dykes and mother.

Preaching will be held at Parker's Chapel this Sunday in March.

Rev. V. L. Edmunds from the Division Street Baptist Church will be in charge of the service. Everyone is cordially invited to attend.

Mr. and Mrs. Carl Givins and Miss Edna Smith spent Sunday with Mr. George Adkins and family.

Mr. and Mrs. Marshall Brinker have rented Mr. C. M. Dykes' house. They are now living in Philadelphia but will come to take possession of their home the first of March.

Mr. Emory Tilghman visited Mr. Walter Dykes, Friday afternoon.

Mr. Marion Ennis and Mr. Virgil Townsend spent Wednesday evening with Mr. George Adkins.

WANGO

Mrs. Lucy Huselmann of Wilmington was the guest this week of her son, Mr. Alfred Rhum of Pittsville.

Mr. and Mrs. T. E. Brown entertained of Sunday. Her guests were Mr. and Mrs. Ernest Hancock and children, Mr. and Mrs. P. S. Smack, Mr. and Mrs. Ray Powell and son Charles.

Mr. and Mrs. Albert Donoway visited Mrs. Annie Hancock on Monday evening.

Mrs. Annie Ellis and children spent Sunday with Mrs. Lizzie Smack.

Miss Edna Smith spent Sunday afternoon with Miss Bessie Donoway.

Mrs. Maude Phillips entertained several friends on St. Valentine's Day. Her guests included Mr. and Mrs. Walter Phillips, Mr. and Mrs. James Moore and Mrs. Lucy Huselmann of Wilmington.

Mr. and Mrs. Walter Phillips spent Sunday with Mrs. Phillips parents in Salisbury.

Mr. and Mrs. Ernest Hancock have been visiting Mrs. Bruce Wiley at Sharpton.

Mr. P. S. Smack and children were guests Monday evening of Mr. and Mrs. Arthur Adkins at a taffy pulling.

Miss Sallie Smack and Mr. Monroe Smack visited Miss Bessie Donoway on Sunday.

Mr. Clarence Ellis visited his sister at Powellville over the week-end.

Miss Lizzie Sepho was the Sunday night guest of Miss Irene Laws.

Mr. and Mrs. Lawrence Adkins and little daughter, Isabelle, were entertained at the home of Mr. and Mrs. John Truitt of near Pittsville, Tuesday evening.

Miss Marian Wimbrow was the guest of Miss Sallie Laws on Sunday.

Mr. and Mrs. Mary Wimbrow and Mr. and Mrs. Walter Matthews spent Sunday evening at the home of Mr. and Mrs. Stanley Morris.

Mrs. Avery Wimbrow had a quilt party Tuesday afternoon. Those present were: Mrs. S. D. Matthews, Mr. and Mrs. Algie Wimbrow, Mr. Lillie Wimbrow, Mrs. Elizabeth Wimbrow, Misses Ruth Wimbrow, Priscilla Wimbrow, Maude Wimbrow, Marian Wimbrow, Eva Matthews and Sallie Laws.

On Tuesday evening, February 14, Mr. and Mrs. Algie Wimbrow and two children, Florence and Samuel, corded a party given as a surprise to Mrs. Wimbrow's parents, Mr. and Mrs. Minna Oliphant of Zion, in honor of Mr. Oliphant's birthday who was seventy-five years old the preceding Sunday. About seventy-five relatives and friends assembled and spent a very pleasant evening. Refreshments were served at a late hour.

WHITE HAVEN

Mr. and Mrs. L. T. McLain returned Friday after spending the week in Salisbury where they attended the Ulmen-Leatherbury wedding on Wednesday.

We are sorry to report Mr. G. H. Larmore and Miss Susie Hopkins Catlin on the sick list at this writing.

Mr. and Mrs. M. F. Evans spent Thursday and Friday with Mrs. Evans' parents, Mr. and Mrs. George Robertson at Rockawalkin.

The St. Valentine's Day Social held at White Haven, Tuesday evening proved quite a success, the net proceeds amounting to nearly \$20. The girls wore white middie with dark skirts and wore on their heads bands decorated with ornamental hearts and darts. All those who dared the bad roads and damp weather and came, reported a grand time.

We are glad to see Mrs. W. A. Anderson out again after being confined to the house for the past two weeks with a severe cold.

Mr. Arthur Somers of Waterview, visited friends here on Saturday and Sunday.

Rev. T. N. Given visited Mr. George H. Messick at Clara Sunday. Mr. Messick has returned to his home much improved in health owing to the skillful hand of Dr. Dandy of the Johns Hopkins Hospital, Baltimore, where Mr. Messick underwent an operation.

Owing to a slight snow drift, the people of this community and neighboring community failed to receive any mail Thursday and Friday via a Princess Anne route. The driver came Saturday morning bringing only the mail of the two preceding days.

Mr. and Mrs. Stephen Dolbey, Miss Ella Wainwright and Master Boyd Dolbey were the guests of Mr. and Mrs. Norman Dolbey for dinner last Sunday.

FRUITLAND

Rev. Vaughn S. Collins preached an excellent sermon on Sunday night at the St. John's M. E. Church.

Mrs. Amanda Hayman, who was reported very ill last week, is slightly improved.

Mrs. Edgar S. Ballard of Bristol, Tenn., is spending some time with her mother, Mrs. Amanda Hayman.

Mrs. Louis W. McGrath of Capron, Va., is spending the week with her father, Mr. P. J. Hobbs and other relatives.

Mr. H. James Bounds has been appointed postmaster to succeed Mr. Guy E. Long who has served faithfully for several years.

Mr. George D. Insley recently purchased the site of the old postoffice, on Main street, next to the Railroad, from the Long Bros.

Mr. J. V. McGrath has been in for several days with a severe cold.

The Women's Home Missionary of St. John M. E. Church will not hold its regular monthly meeting Wednesday night, February 22, but will meet with Mrs. James D. Brown on Feb. 28.

We are glad to report that Mrs. Grace Layfield was able to be out Sunday after an illness of several weeks.

Mrs. Ralph O. Dalany, chairman of the Young People's Department of the Sunday School of Wicomico County called a meeting at the Y. M. C. A. at Salisbury, Sunday afternoon which was well attended. Much interest was manifested. Representatives will be sent to every Sunday School of every denomination, in Wicomico County. The aim of these representatives is to explain the purpose and method of The Young People's Convention which is to be held at Ashbury M. E. Church, Salisbury, on March 11.

PARSONSBURG

The J. O. A. M. have decided to buy a piano and rug for the lodge room. This will add much to the attractiveness of the hall, and is very necessary as we understand the hall will be used in the future as a community hall, at such times as the public wishes to hold social or business meetings.

Mr. and Mrs. Herman White are visiting friends at Greenbackville, Va.

Mr. O. B. Parker of Delmar has been visiting his family here for the past week.

Mr. and Mrs. Louis Owens and family visited friends at Marlboro on Sunday.

Miss Lela Parker entertained quite a number of her friends at a Valentine Party the 14th of February.

The Fourth Quarterly Conference of the M. E. Church will be held next Saturday evening at 7:30 in Parsonsburg Church.

Millinery of Distinction, Cor. Division and Water Sts., Salisbury, Maryland</

Our Neighbors

Woman Missing

Mystery surrounds the disappearance of Mrs. Mary Smythe, 19 years old, and her year-old daughter, Geneva, who vanished between Millsboro and Philadelphia on January 22.

George Smythe, the husband, believes his wife and daughter have met their fate. He has no definite theory as to what happened to them, but is certain his wife did not elope. He has shown the police several of her letters, which he says belie any possibility of her leaving him.

\$2,500,000 For Roads

The sum of \$2,500,000 will be expended on State highways and in State aid for county roads in Delaware, during the coming spring and summer, C. D. Buck, State Highway Engineer, informed members of the State, county and city engineering department, at a meeting in Wilmington.

He described plans for further completion of the network of highway throughout the State and said approximately 60 miles of new roads would be constructed this year.

State Road Route

There is considerable feeling over the proposition to build the balance of the Easton-Claiborne road with a new route starting at Kirkham and following the shore of Miles River to a point adjacent to Heikes' gate.

The plan proposed is to start on the river side of the road at Kirkham and follow a route alongside of the railroad through the lands of the Cox heirs, S. E. Shannahan, John H. Murphy, John H. Straw, S. A. Nevius, and then across Oak Creek, requiring a concrete bridge of about 600 feet or more, to Royal Oak station, and then through the lands of the Royal Oak Packing Company and A. Buley to the county road at the right of the railroad crossing just beyond Royal Oak.

Firemen Elect

The Snow Hill firemen held a monthly business meeting on Monday night and elected delegates to the annual meeting of the State Fireman's Association to be held in Frostburg in June.

Delegates: E. J. Lashell, E. S. Mills, J. S. Goodman, G. E. Dryden, P. K. Sturgis. Alternates: Harry Bradford, George W. Vincent, James I. Conner, W. T. Williams and Dorsey B. Carmean.

Found Old Canoe

The muskrat hunters around Sharp town this season, who are hunting in every nook and corner for rats, have discovered on what has for years been known as the "Calamus Bed," a real Indian canoe, roughly dug out and part of it in a fair state of preservation.

About one-half of the canoe is deeply embedded in the mud, and from what is to be seen of it the length is estimated to be about 14 feet. The bed of hard bottom was the landing place of the Indians, crossing the Nanticoke in their travels from the Choptank to Mardela Springs. It was here that three roughly hewn bark tubs were found after the Nanticoke Indians left this section. The tubs were kept in a state of preservation for many years.

Princess Anne Boasts Radio

Edward Fitzgerald, a junior at the Washington High School and a son of Mrs. Edward P. Fitzgerald, has put in a radio outfit with which he is already able to get in touch with the Arlington station and receive time signals and broadcasts, and hopes soon to be able to receive reports from other stations farther away. The work was done entirely by "Ned" and some of his friends in the high school, most of the apparatus being made in the Manual Training room there.

Development Planned

Plans for the development of Crisfield's wonderful resources, as a transportation center, are being formulated by the Rotary Club, in an effort to meet the opportunity for commercial advancement which is offered by the new steamboat line to the Western Shore, and other transportation changes of an equally important nature. At the Rotary Club's weekly luncheon on Wednesday last, port developments were discussed at considerable length and definite steps were taken for improved harbor and transportation facilities.

Wilson Foundation

Dorchester's quota of \$500 for the Wilson Foundation Fund has been easily raised and it now seems likely that there will be an over-subscription of at least \$50 as small sums continue to come in for the fund. No large subscription was sought, but rather it was desired to let everyone contribute, it being preferable to raise the quota by many small contributions rather than by a few large ones, the idea gained in popularity quickly with the result that amount was absorbed and the fund paid in within a very few days after the announcement was made.

Hopewell Island was the banner district of the county, subscribing twice as much as its quota, the amount being very in with the assurance that as much more could be raised if it were desired.

Gospel Crusade A Success

Sunday was the closing day of the three week, revival conducted by the Rev. George W. Pike and his associates, the Rev. Fred Vreeland, both from New York. This series of meetings has been among the most successful ever conducted in this place and has had the stirring of the Christian people in the community there have been many accessions to the churches.

Conference in Chestertown

The next session of the Maryland Annual conference of the Methodist Episcopal Church will be held in Chestertown, beginning on the first Wednesday of April. This will be a most interesting local event. The membership, including ministers and lay members about two hundred and fifty.

KANSAS SENATOR BATTLES FOR RIGHTS OF FARMER

ARTHUR CAPPER

Packers To Operate

Within the next few weeks it is believed the Kansas Anti-corn packers will be making definite offers for both peas and tomatoes, and the indications are that practically every canning house will be operated during the coming season. This week was generally understood that the prevailing price for peas would be \$30 a ton as compared with \$30 last season. The contract price for tomatoes a year ago was \$9 a ton, but it is believed practically certain that the price this year will be about \$15. There is a possibility that some contracts may be written at \$15.

Organize Chamber

Due to considerable agitation on the part of the business men of Cape Charles a movement is on foot to organize a Chamber of Commerce to further the interests of Cape Charles, to make it attractive to strangers and build a larger town by united effort. Practically all leading business men are behind this movement.

Feeling Runs Strong

The town commissioners of Federalburg, starting to cut down several splendid 60-year-old trees on what was formerly the Senator Edward Goslin estate, to make way for a new street and triangular public park, met with opposition from adjacent property holders, who assumed a "woodman" spare that tree attitude. At the commissioners continued to cut down the stately old trees a committee brought the matter to the attention of the State Board of Forestry, which sent a representative to make measurements and ascertain if the trees interfered with the curbing of the new road, as stated by the town commissioners.

Virginia Prices

The average retail price of sirloin steak in Norfolk, Richmond, and Washington on December 15, 1921, which are the latest figures available was 47.4 cents per pound, which is a decrease of 11 percent from December 15, 1920, but 54 percent greater than in 1919. On the other hand the average farm price of beef cattle on December 15, 1921 was 53 cents per pound, representing a decline of 27 percent during the past year, and 10 percent less than in 1919. That is, the consumer is paying 54 percent more for his steak than in 1919, while the farmer is actually getting 10 percent less for his cattle than he did in 1919. In other words, the retail price of sirloin steak in 1919 was slightly more than 4 times the farm price of beef cattle, in 1920 the retail price was nearly 6 times the farm price, and in 1921 slightly over 7 times.

Safe Cracker At Large

Sometime during Tuesday night of last week the office of the Stafford, Albany, Co., Easton, was entered through the door which must have been left unlocked, for there is no evidence of an entrance being forced. When Mr. Albry, on Wednesday morning, attempted to open the safe he found the combination would not work. Upon closer examination he discovered it had been battered up with a metal chisel. The manner of work leaves some doubt as to whether it was the work of a professional or amateur who had attempted to force the lock. It is not known who made the thief give up the attempt but it is a fact that the safe has been tampered with. No clue to the burglar has been discovered.

Financial Signs

The fact that his supposedly adored daughter was returning home from college had day had been carefully watched from ten-year-old Tommy until he came back from school. "Tommy," said his mother, "after her younger son had gone up stairs to wash his face and the elder had been concealed in the pantry, 'I have a big surprise for you.' 'I know what it is,' replied Tommy unhesitatingly. 'Brother's back.' 'Why, how did you guess that?' 'Cause my bank won't rattle any more.' The American Legion Week.

AGED DELMARIAN DIES

Daniel H. O'Neal, age seventy-two, died at his home on East Street, Delmar, about eight o'clock Wednesday evening, February 15, after being a sufferer for several years from cancer. He is survived by three sisters, Mrs. Sallie A. Collins of Laurel, Mrs. M. S. Williams of Wilmington, and Mrs. L. A. Windsor of Baltimore. Funeral services were conducted by Rev. E. H. Jones and interment was made in the Methodist Episcopal cemetery.

CHURCH ANNOUNCEMENTS

Notices of changes in the Church Calendar must be at the News office not later than Tuesday morning, otherwise the calendar of the previous week will be repeated.

Financial Signs

The fact that his supposedly adored daughter was returning home from college had day had been carefully watched from ten-year-old Tommy until he came back from school. "Tommy," said his mother, "after her younger son had gone up stairs to wash his face and the elder had been concealed in the pantry, 'I have a big surprise for you.' 'I know what it is,' replied Tommy unhesitatingly. 'Brother's back.' 'Why, how did you guess that?' 'Cause my bank won't rattle any more.' The American Legion Week.

AGED DELMARIAN DIES

Daniel H. O'Neal, age seventy-two, died at his home on East Street, Delmar, about eight o'clock Wednesday evening, February 15, after being a sufferer for several years from cancer. He is survived by three sisters, Mrs. Sallie A. Collins of Laurel, Mrs. M. S. Williams of Wilmington, and Mrs. L. A. Windsor of Baltimore. Funeral services were conducted by Rev. E. H. Jones and interment was made in the Methodist Episcopal cemetery.

Fashion Forecast--Dresses

Lengthen the waistline, emphasize the sleeves, and you will have gone far toward achieving the new Spring silhouette.

Our new dresses (arrived this week) show snug little bodices, flying panels, "boatline necks" and many other new Fashion features.

Satins and taffetas predominate, sometimes in two colors, some heavily beaded, with beads that stay on. Cropped too, come in for their share in the showing. And color, color everywhere! Vivid! Gorgeous! They are the sort of dresses that one sees on Fifth Avenue, where one goes to New York—at restaurants—everywhere that fashionable women gather in the afternoon. Moreover, there are so many styles, the dresses have a distinctiveness all their own. Be among the first to see—to wear.

We invite you to inspect them at an early date.

According to Dr. Jayne's Almanac, February 1922 is going to be different from any other February ever known before, in that it is to have 28 days. If those having the Almanac will look at the bottom of the page for February, they will see that February 28-31 are to have cloudy weather. Yet some people say there is nothing new under the sun.

Mr. Robert G. Robertson was taken quite ill early Tuesday morning with what was at first thought to be acute indigestion, it has since developed into pneumonia. At the present writing Mr. Robertson is somewhat improved.

Rev. G. W. Correll has been substituting for Miss Blanche Owens the past week. Miss Blanche is so much improved that she expects to resume her duties soon.

Miss Hester Bounds has been substituting in the Primary room for Miss Lulu Bounds.

Miss Eva Taylor, Wilmer, Army, & Floyd (Cath) are all ill with mild cases of scarlet fever.

Miss Edna Owens and Miss Doris Wilkinson were compelled to spend the night in Hebron on Thursday owing to the Transit breaking down beyond the Spring Hill Church. They returned home on the train Friday morning.

Mr. and Mrs. Frank Walker were entertained at supper on Tuesday evening by Miss Katie and Clarence Evans.

Miss Bessie Bounds is able to be out again after her recent illness. Mr. Levator Bennett, Mrs. Percy Gilbert and Mrs. Banks have all been troubled with the grippe for the past week or more.

The Sons and Daughters of Liberty initiated three candidates last Monday night.

Mr. Riley of Elkridge, was a guest at the home of Mr. Albert Bounds on Thursday. Mr. Riley was on his way home from Pocomoke but on account of the snow was not able to go any farther than Mardele.

Mr. Melvin Tondine was taken ill on Friday morning. He seems somewhat improved at this writing.

Rev. G. W. Correll was the speaker at the High School, Wednesday morning.

The interior of the school building has been improved with a coat of paint. Bookcases have been built in the Principal's office and a sand table added to the equipment of the Primary.

Mrs. I. N. Cooper is spending several days visiting relatives in Pocomoke.

Mr. and Mrs. Harlan Robertson, of Pocomoke, spent Sunday in town.

CLARA

Mrs. P. D. Mezick and daughter Elizabeth, returned home Sunday afternoon after an extended visit with friends in Baltimore, Washington and Mobile.

Mr. and Mrs. H. W. Travers made a business trip to Salisbury, Wednesday.

Mr. H. W. Roberts, of Annapolis, and Mr. E. J. Taylor, Tuesday.

Mr. and Mrs. G. H. Messick returned home Friday after an extended visit in Baltimore. While away Mr. Messick underwent a wonderful operation at Johns Hopkins, having a tumor removed from his brain.

Mr. Harry Messick, of Salisbury, the week-end with his parents, Mr. and Mrs. G. H. Messick.

Mr. G. W. Timmons was in Salisbury Wednesday.

Mr. Ruth Taylor was a week-end here.

We were unable to get any mail from Wednesday until Saturday because of the snow storm during the last week.

Mr. J. F. Phillips and Mrs. Clara Owens, of Baltimore, are visiting here. Mr. Phillips is a member of the M. E. Church, South, of which church Mr. George Messick Sunday.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are almost most effective. Chamberlain's Cough Remedy acts on this plan. It soothes the cough, relieves the lungs, expectation, opens the secretory and aids nature in restoring the system to a healthy condition. Those who have testified to its good quality. Try it when you have a cough.

TRINITY

Mrs. George Moore returned home last week after spending the past two months with her son, Mr. Willie Moore of Felton, Del.

Mr. Wm. K. Dennis, who is now employed in Annapolis, spent the week-end with his family here.

Roads in this section were blocked at the week-end due to the heavy snowfall Thursday and Friday.

One of the Rev. E. B. Taylor is spending a few days out of town.

Mr. and Mrs. Charles Hill, Mrs. Albert Perdue and mother, all of Snow Hill, made a flying trip to our town Monday.

OPPOSES 8 HOUR BILL

Supported by the chairman of the State Board of Labor and Statistics, Charles J. Fix, officials of the Western Union Telegraph Company appeared before the House committee on Labor and opposed the eight-hour work day for women. They said that while their employees seldom worked so long, it might at times be necessary and the provisions of such a bill would then be a handicap.

The Cash Bird

The bluebird brings happiness, but the stork brings a \$200 tax exemption—Buffalo News.

BY MAIL IS A NEW PLAN

School Board Preparing Now For Incoming Classes For The Next School Session.

Mr. C. H. Cardrey, principal of Wilcomico High School, has been instructed by the Board of Education to be prepared various forms to be used for the registration of children who wish to be admitted to the school here next fall. These forms will be sent out all over the County, it is understood, and will be returned, properly filled out, by mail.

This move, it is said, will enable the school authorities to make whatever plans may be necessary for the coming session. While nothing definite was said, it is probable that many children next year will be unable to attend school on account of the lack of facilities, and the new plan of registering by mail will enable the School Board to establish limits for the incoming classes.

In case part of the children are unable to enter, the disposition that will be made of them cannot yet be learned. It seems to be generally conceded that the High School cannot be run again as it has been this year and the only salvation, should funds not be provided, would be to cut off part of the children entirely, or put them all on part time.

Worst Storm In Many Years For Phone Co.

Five Hundred Stations Out; 235 Poles Broken Off; And 172 Sections Of Wire Down.

The severe snow and sleet storm was very destructive to the Telephone Company's lines all over the Eastern Shore of Maryland and Virginia, and especially in the northwestern section which comprises Queen Anne, Kent, Caroline and Talbot Counties. In these three counties the Telephone Company reports that there were 500 subscribers' stations out of order; 89 long distance lines; 235 poles broken down and 172 sections of wire down.

This was one of the most destructive storms the Company has ever experienced in this section for many years. The Telephone Company's employees have been working constantly endeavoring to restore the service promptly to avoid interruption of the service, and while they have endured many hardships due to the severe weather, their loyalty to duty has been noticed not only by the officials of the company but by the public.

THE SEAMEN AT "SEA"

The proposal to return the 1922 class of midshipmen to civil life has been countered with a proposal to give them commissions in the Army, which is in need of officers. Probably the highest consideration is given to the Navy and others offered a choice between the Army and civil life.

CLASSIFIED ADVERTISING

OBITUARY

Mr. George W. Payne.

Mr. George W. Payne, age 73, died at his home on Tuesday, Feb. 14, at 5 o'clock A. M. Mr. Payne had been a great sufferer for nearly two years, he being operated on in July 1920 and had been almost an invalid until his death. He had been confined to his bed for more than six months. Funeral services were held on Wednesday at his home, conducted by Rev. J. B. Peters of the Trinity M. E. Church, South, of which church Mr. Payne was a member, and assisted by Rev. R. L. Shipley of the M. P. Church, burial in Newark cemetery.

He leaves to mourn their loss his widow and six children, Mrs. Nellie Hall, Mrs. Matelle Lankford, Mr. Ira Payne of Salisbury, Mrs. John Hall of Snow Hill, Mr. Burlyss Payne of Harshey, Va., and Mr. Herbert Payne of Philadelphia, Pa., ten grandchildren and one great grandchild, three sisters, and several nieces and nephews.

Mr. Payne was a good christian man, a loving husband and devoted father and was loved by all who knew him. Had he lived until March he would have been married 50 years, but God in his wisdom knew best and took him home out of his suffering.

Test: J. W. Dashiell, Reg. of Wills. T-156

CARDS OF THANKS

A CARD OF THANKS

WE HEREBY wish to extend our sincere thanks to our kind neighbors and friends who so kindly assisted us during our recent fire, and for all kindness shown us in every way since our serious loss. Mr. and Mrs. S. J. Lowe and Family. T-173

BOAT LINE IS TO START ON THE FIRST OF APRIL

Eastern Shore Delegation Receives Enthusiastic Welcome On Northern Neck.

Leaving Baltimore in a smother of snow that preceded the real storm, Charles M. Freeman, secretary of the local Chamber of Commerce, Mr. Fred Thornton, representing the Crisfield Chamber, and two officials of the B. C. & A. Railroad Company, arrived in Irvington, Virginia, only to find the roads there blocked in every direction by more than a foot of snow.

Despite the weather, a mass meeting attended by 150 Virginians was staged at Kilmarnock on Wednesday afternoon and plans for the operation of the new boat line were fully discussed. It was unanimously agreed to request the Railroad officials to start the boat on the first of April.

Enthusiasm was the keynote of the meeting and the weather permits pressed his intention of getting behind the new line with all power. A larger party will visit the Northern Neck as soon as the weather permits.

Odd Fellows Meeting Was A Great Success

Estimated That Five Hundred Or More Had Supper At The "Y" Tuesday Night.

One of the most successful public suppers given here in a long time was that of the Odd Fellows on Tuesday afternoon and night. It is estimated that more than five hundred guests were served in the Y. M. C. A. auditorium where the festive board was spread.

At eight o'clock, members of Newton Lodge had the pleasure of hearing an excellent address by Judge Duncan on the practical application of Odd Fellow principles. More than a hundred Odd Fellows were in the lodge room and were greatly stimulated by the talk. Judge Duncan illuminated his talk with experiences from his juvenile court in Baltimore.

Owing to business, Grand Master Praeger was unable to be present. Past Grand Master John B. Spence of Baltimore was present and gave an interesting talk on plans for the Odd Fellows home at Frederick.

PROTESTS ROUTE

Citizens of Royal Oak, through their spokesman, Mr. Wm. H. Valiant, have entered a protest against the construction of a new State Road from St. Michael's to Kirkham. The protest is based on the fact that that route is chosen, 50 per cent of the traffic would have to use the old road.

Building Inspector Matter Is Postponed

Council Receives Delegation From Fire Department Asking For Appointment. No Action.

Requesting the appointment of a building inspector for Salisbury, a delegation from the Fire Department appeared before the City Council on Monday night to give the reasons why such an appointment should be made. The city fathers considered the matter but will not make an appointment at the present time.

Councilman Hitch, City Engineer Dryden, and two members of the Fire Department were appointed a committee to investigate the matter of providing some means for a water supply in California sufficient to protect that portion of the city in case of fire.

Authorization was granted to have necessary repairs made to the ten feet of wharf belonging to the city on the north branch of the Wicomico river, and several street lights were ordered placed under the direction of Councilman Nelson.

HARRISON BILL TO GIVE STATE CONTROL OF ROADS

County Commissioners And State Would Spend Money Jointly—Counties Don't Lose Control.

Practically all public roads and bridges in the State will be put under the control of the State Roads Commission if Senator Harrison's bill is favorably acted upon. Counties having a road engineer are exempted from the provisions of the bill, which also gives to boards of county commissioners the exclusive right to select roads to be altered or improved. Incorporated cities and towns are exempted from the provisions of the bill.

Senator Harrison proposes that under his measure it shall be the duty of county commissioners to submit to the State Roads Commission by the first of October of each year recommendations for changes and improvements. The Commission may adopt or revise the recommendation, but cannot make any change that would cost more than that proposed by the county commissioners. The counties are to bear the cost of everything except engineering.

County commissioners are also to report the amount of taxes levied for road purposes, the money from which is to be deposited in approved banks subject to checks signed by the county commissioners and countersigned by the State Roads Commission.

A further feature of the bill provides that where a majority of the property holders along a given road agree to haul free of charge all materials from the quarries or the station, the building of that road shall have first consideration over the building of any other lateral roads.

Sec'y. Denby Hear's Reports by Wireless

When radiophone wireless stations of the East recently started sending out daily market and weather reports even Uncle Sam's cabinet officers could no longer resist the radio "bug." This new picture shows Secretary of Navy Denby at his desk, carrying on government business. Extensive news, educational and entertaining programs are featured daily for amateurs by broadcasting stations in the East.

Legion Census Every man will be urged to carry government insurance.

Denby Watson Charges American soldiers had specific orders to shoot "on the spot" any person advising surrender during battle. This fact is brought to light by William E. Moore, writing in the American Legion Weekly.

The shock which Americans received on the publication recently of testimony produced by Senator Watson, (Georgia) moved Moore—a former captain in the Signal Corps—to dig from war records in Washington the account of General Bullard's G-3 Order No. 56, containing the phrase "he should be killed on the spot" and to counter Watson's generalizations.

During the operations of the Third Army Corps around Chateau Thierry, the story goes, rumors of Germans in American uniforms began to be heard. The matter came to a head at Fismettes on August 27, when, in the midst of sharp fighting, a man wearing the uniform of a U. S. A. Army officer ordered a detachment of American troops to surrender themselves. One hundred and forty soldiers were betrayed and fell into the hands of the enemy. No one had ever seen the officer before and no one in the American Army ever saw him again.

The G-3 order No. 56 appeared following an investigation. "In a battle," the order stated, "there is no time to inquire into the identity or motives of persons who create panic, disorganization, or surrender."

Moore cites the Fismettes incident as a precedent for shooting at sight, but flatly denies that instances have been substantiated in the Senatorial hearings. "The fact is," he concludes, "the whole battle record of the A. E. F. is inspiring in its refutation of such charges as Senator Watson made."

Soldier's Families To Get Aid Widows, mothers, and orphans of men who died in the service during the world war will receive vocational training, if Congress acts favorably on legislation now being pressed by the American Legion.

At present the next of kin of a soldier who lost his life receives \$25 a month from the government. Investigation has shown that hundreds have been thrown on their own resources, having no trade, profession, or business experience with which to meet the competition of the business world, and with no aid other than the relatively small compensation payment to keep them going.

A bill sponsored by the Legion providing a training program to cover the situation passed the Senate during the last session, but died in the House. Its resurrection and passage will be persistently urged by its supporters in the present Congress.

In the more than three years which have elapsed since the signing of the armistice no steps have thus far been taken by the government to lend assistance to the dependents of the war dead in fitting themselves to earn a livelihood, the Legion declares.

It is estimated that there are approximately 15,000 widows and children dependents, many of whom are now in distress.

An Insult To Soldiers

Exception to the W. C. T. U.'s plagiarizing of the world war service star flag to designate places where liquor is "prohibited" is taken by an American Legion post composed of newspaper writers in San Francisco. The journalists term such usage as "an insult to those for whom the star stood."

Legion Members

Among the well known men who have signed up with the American Legion in New York for 1922, are Jack London, Andrea Carnegie, George Washington, John Philip Sousa, A. J. Drexel Biddle, Jr., Fredrick Wilhelm, A. Kaiser, Rupert Hughes, and King Albert of Belgium.

Don't Want Cash

Questionnaires sent out by Kansas posts of the American Legion show that but 35 per cent of the state's ex-service men would elect the cash payment provision of the five option adjusted compensation (bonus) bill. More than 65 per cent declared for paid up insurance with farm and home and a second best bet.

National Archives Building

Rough plans have already been prepared by the Fine Arts Commission for a national archives building, in which valuable government documents and the military records of all men who served in the war will have a safe resting place. A bill providing for an appropriation is before Congress.

The thousands of Civil War cases still being brought up demonstrates the necessity of preserving the military records of soldiers from the menace of fire and decay. The archives building is sought by the American Legion, the national Historical Association, and other organizations to whom war documents are vital.

At present, official records are stored about the national capital in various structures, many of which have been declared unsafe. Anxiety for the safety of their own records has served to arouse veterans of the Legion to take steps toward the erection of a permanent archives building.

An item of \$500,000 to acquire a site for the proposed structure is included in an appropriation recently passed by the Senate. Preliminary steps toward the erection of the building will be taken if the House assents to the appropriation.

Built Their Club House

With forest logs hewn and hauled by their own hands, American Legion men at Stigler, Okla., have erected an "overgrown cabin" for a club house, where, before two roaring wood fires, they can gather on wintry nights to fight the war over again in comfort.

Button Beggars

Prisoners in the Los Angeles county jail have been borrowing American Legion buttons to obtain sympathy in the courts on the ground of "war record." Investigation has shown that one button and one war record has served for a whole handful of prisoners.

Favors Compensation

The American Federation of Labor favors the adjusted compensation bill for ex-soldiers. Daniel J. Tobin, treasurer of the Federation, has informed the American Legion. But it does not favor a sales tax as a means of raising the money.

Legion Convention

The American Legion has set October 16, 17, 18, 19 and 20 as the dates for its fourth national convention to be held in New Orleans. The city will raise \$150,000 for entertainment.

SERVE WITHOUT PAY

Despite the assertions of State Treasurer John M. Dennis that they should be paid for their services, two members of the State Roads Commission have, it is said, expressed their willingness to work without compensation. The commissioners are Messrs. O. D. Crothers of Elkton and D. C. Weinberger of Frederick.

ANNOUNCEMENT

Subject to the Democratic Primaries to be held in April, I hereby announce that I will be a candidate for Mayor of Salisbury.

I have been a life long Democrat, and have been the successful nominee of my party, and have served in the public office.

If nominated and elected, I will devote all my efforts toward the growth and prosperity of our city and the welfare of its citizens.

Very truly yours,

CHARLES I. DICKERSON

11-296

A SHORTER NAME But A BROADER SERVICE

"Economic Makes Happy HOMES AND SOUND NATIONS."

Back in 1887, the Salisbury Permanent Building and Loan Association was organized for the purpose of assisting the citizens of this community to secure homes.

So rapidly did the institution grow that it was found necessary in 1902 to enlarge its capacities and at that time a Banking Department was added.

That growth has continued until today it has become necessary to make another change. On March first, the Mortgage Department of the Association will be separated from the Banking Department, and the latter will continue to function under the name of "The Central Bank."

"The Central Bank" will take over the Banking Department of the Association in a strictly and a broad-service view of the convenience of patrons and public.

"The Central Bank" stands for more than a name. It stands for an established banking house in the center of the city. It will be a center of financial activity and courteous service. It is located on the most popular corner in Salisbury and is accessible to everyone.

While its banking service in the past has been such as to meet with widespread approval, that service in the future will be made broader, so that the service will at all times be adequate to the needs of the community.

"The Central Bank" cordially invites you to make it your financial headquarters and assures you of safety and service.

The operation of the Building and Loan, or Mortgage Departments, will not be in any way curtailed.

The Bank will open for business under its new name on Wednesday morning, March first. Your account will be sincerely welcomed.

"The Institution FOR THE PEOPLE, BY THE PEOPLE, FOR THE PEOPLE."

THE CENTRAL BANK

Successor to the Banking Department of

AUTOMOTIVE SHOW Edition

COPYRIGHT 1922 BY AUTO-CARSTERS ASSN.

THREE MAKES EXHIBITED BY D. W. PERDUE

Overland, Oakland, and Willys-Knight Will Be Placed In Armory For Auto Show.

ATTRACTIVE DISPLAY PLANNED FOR MODELS

Everything Possible Being Done To Make Display One Of The Most Attractive At The Show—D. W. Perdue Auto Company Carries Three Well Known Lines.

OAKLAND

The Oakland Six Sport Car meets definite and long-standing automobile need—the need for a real four-passenger, light weight, six-cylinder, all-purpose car of proven merit and genuine value.

This new Oakland model is a car of very moderate price which will efficiently serve every business and general utility purpose, yet which possesses true Sport Car Beauty, speed and power.

This new Sport Model 34-D is above all a practical car. It is soundly built and both durable and dependable.

Almost as light as a roadster and correspondingly easy to handle in economical operation, this car has seating capacity for two additional passengers—or abundant space for luggage or for carrying business equipment.

Its appearance is a business asset as well as a Sport Car requirement. It is superlatively good-looking, so that you enjoy an honest pride in owning it, but it is not freakish.

After serving you faithfully all day long, the Oakland Six Sport Car is equally ready to take you and your friends on a week-end outing or a vacation trip.

The ordinary car that is suitable for business use has neither the room nor the good looks to make it desirable for use outside of business hours. Sport Cars heretofore have not been practical machines for general use because of high price and prohibitive operating cost.

This new Oakland Six combines the desirable features of both business and pleasure cars.

WILLYS-KNIGHT

Willys-Knight owners proudly tell that their car is a stranger to repairs. They point to these advanced features which keep the car running continuously on the road.

Under the high-pressure lubrication, the crankshaft turns on a heavy coat of oil, resulting in practically no wear on the main or connecting rod bearings under thousands of miles of operation.

The sleeve valves are lowered and closed positively by rods connected to eccentric shaft. No valves need to be opened or closed to weaken the Willys-Knight sleeve valve action—positive and must always remain.

The timing of the opening and closing of the valves cannot vary at any time the car is driven. Therefore, a permanent adjustment of valves is unnecessary. No intricate small parts in the motor to wear out or to get out of order. No working parts of a motor are exposed to air or dust.

The chassis, so sturdily braced with its members, is so perfectly balanced and so substantial, it provides perfect setting for the motor and is free from mechanical troubles. Simplicity and freedom from vibration and delay of repairs have given the Willys-Knight motor an international reputation for economy and dependability. Its owners know it as a motor that always runs.

OVERLAND

Overland 4 is a new type of car. It is a new standard for light car comfort. Its three-point suspension Triple springs are undoubtedly the most important improvement in motor car riding quality.

The introduction of pneumatic tires not only make riding easy, but guard equally the mechanism of the car from the shocks of the road, prolonging the car's life and greatly reducing the cost of wear and tear of tires. By thus shielding the mechanism, they make possible very light construction, permitting high speed in every part without excessive cost. Light weight in turn gives great economy of fuel and

Fair Association Fixes 1922 Dates

Meeting In Salisbury For Setting Of Dates And Election Of Officers.

The annual meeting of the peninsula fairs and racing circuit was held in the Chamber of Commerce rooms Tuesday and dates were fixed for the various fairs for the year. The meeting followed a luncheon. William M. Cooper, Salisbury; Senator C. D. Murphy, Harrington, Del.; Joseph Davidson, Wilmington, Del.; Norris G. Temple, West Chester, Pa.; Alfred Raughey, Harrington, Del.; W. T. Wright, Tisbury, Va.; and S. King White, Salisbury, spoke.

J. M. Crockett, Pocomoke City, president, and D. J. Ward, Salisbury, secretary and treasurer, were elected. The dates of each of the fairs this year were set as follows:

Harrington, July 25 to 29; Cambridge, August 1 to 4; Tisbury, August 1 to 11; Pocomoke City, August 15 to 18; Salisbury, August 22 to 25; West Chester, Pa., August 30 to September 4; Delaware State Fair, Wilmington, September 4 to 8.

A motion that each association remain as a member of the National Trotting Association was carried. No association of the circuit will offer or pay a higher purse than \$500 for each race. The rule of the National Trotting Association compelling horsemen to name the horse on or before 5 o'clock of the day preceding the race will be enforced.—Balt. Sun.

REMARKABLE ADVANCE MADE IN TELEPHONES

Looked Upon As Plaything Only Forty-Five Years Ago—Today Wire-less Phones Are Common.

Forty-five years ago, the telephone was looked upon as a plaything. Alexander Graham Bell was exhibiting his model, but had not attracted serious attention. It took him a long time to convince people that his invention was worth-while.

When he did, there began an era that has been marked by epoch-making advances in the telephone art. Invention and improvements have placed the telephone in the position of being one of the world's greatest utilities. The United States has fostered most of this growth and today has the greatest telephone system in the world.

Some of the notable achievements: The development of the "switchboard," without which no intercommunicating group of telephones would be possible. This was the beginning of the telephone exchange system. The discovery of the process of arduous copper wire and its application to telephone circuits, improving transmission and making long distance circuits possible.

The substitution of a pair of wires for a single wire with rounded circuit. The metallic circuit is a great improvement over transmission by contact with the earth.

The multiple switchboard, making it possible for each operator to reach any subscriber in the exchange, without interfering with other operators is another advance.

BETTING BILL HELD

Because the House Judiciary Committee refused to report out the anti-betting bill, W. P. Hall, committee chairman, stated that he would call out the bill by petition. The majority of the members, it is said, feel that it should be given more consideration.

VETERANS IN DRY ARMY

Out of a total of 2,886 people employed by the Prohibition Commission, more than 15 per cent rendered war service. Thirty per cent of the field prohibition forces are ex-soldiers, and sixty per cent of the appointments made under Mr. Haynes have been in favor of service men.

Next, you can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. He prepared. Thousands rely on Dr. Thomas' Electric Oil. Your druggist sells it. 30c and 60c. Adv.

Remarkable way the comfort and luxury of the heavy expensive car with the economy and convenience of the light weight car. Its springbase is 130 inches, yet its wheelbase is only 100 inches. It turns round in 33 1/2 feet. It rides well on any road. Its equipment is complete from demountable rims to Auto-Lite starter, lights, and horn.

Its extraordinary qualities were tried and proved by two years of tests covering more than 250,000 miles under every extreme climate, altitude, and road condition.

NEW CLOSED CAR PLANT FOR DODGE BROTHERS

Immense Facilities For Sedan And Coupe Production Provided By Dodge Brothers.

A definite expectation of an unusually heavy demand for the sedan and coupe throughout the year is indicated by Dodge Brothers recent completion of an immense new closed body plant. The production capacity is said to have been practically doubled and dealers are being assured that the factory will do its utmost to keep pace with the usual rush of spring and summer orders.

Despite the most strenuous efforts, such as a greatly enlarged working force and long night shifts, it was impossible to catch up with the demand for several months after the improved type of sedan and coupe made their appearance last fall. From this enthusiastic reception of the improved cars it was evident that much greater facilities would be required, with the natural result that the new closed body plant was hurried to completion in ample time to meet the combined emergency brought about by spring and a sharp price reduction.

With the straight sweeping body lines, disc wheels and custom windows in the improved sedan, Dodge Brothers seem to have considered the motorist's every desire in design and in comfort features. Cleanly chiseled body lines, which flow squarely backward from the cowl, strike the observer with their simple beauty. The car is not only a masterpiece of further enhance the straight, graceful silhouette of the body. Considerably lower, the whole ensemble in its outward appearance immediately impresses one with its dignity and harmony of design.

The disc wheels are done in black enamel with cream stripe and hide from view the springs and other underneath parts. The disc wheels may be removed with facility and are easily cleaned. The brilliant lustre of the sedan's exterior finish is familiar to all owners of Dodge Brothers motor cars.

In the interior appointments, the sedan leaves little to be desired. Delicately striped mohair velvet is used in upholstering the wide, commodious rear seat. In front is a deep, wide, solid seat with rounded sides, also trimmed in the striped material. The four doors, which permit easy entrance and exit from any part of the sedan, are upholstered with plain mohair velvet in a soft fawn-gray. Combined with the heavily nicked handles by which the windows are easily raised or lowered, this adds a richness of tone which can hardly be adequately described.

The windows in the doors and body are garnished with natural black walnut and are of polished plate glass. The body of the car is equipped with Yale locks, affording additional protection against theft and insuring safekeeping of valuables and other articles when shopping. Handy side pockets, arm rests and windshield cleaner are other conveniences of the improved Dodge Brothers sedan.

Other notable refinements are weather strips inside the doors, as an extra protection in unpleasant weather, anti-rattles on the windows and a body heater connected with the exhaust.

Unknown Disease Ends Young Man's Suffering

Ray Insley Succumbs To Strange Malady After Eight Years Of Illness And Pain.

H. Ray Insley, age thirty-one, the son of Mr. and Mrs. John H. Insley, died at the home of his parents in Bixville after an eight year illness on Thursday about eight-thirty o'clock in the evening. Funeral services were held on Sunday afternoon with Rev. L. E. Haddaway officiating and Olive Branch Lodge No. 104 L. O. F. participating in the ceremonies at the grave.

Deceased was a member of the Odd Fellows Lodge and of the M. P. Church, at which he was a most faithful attendant. He is survived by his father and mother, three brothers, Clyde, Howard and Clark, and one sister, Miss Sadie Insley. For the past eight years he had been unable to work and though he had sought relief from many sources he never found it.

SHOULD YOU BUY AN AUTOMOBILE?

There Are Many Reasons Why You Can Not Afford Not To Buy A Car.

You may say: "I am not going to buy an automobile this year." But you may be wrong. Look at them first, then make up your mind. You may say: "The times are not good; this is not the time for spending money on an automobile." The answer is that the right time to buy an automobile is whenever you have got the money and can afford it. And, very often, the best time to buy an automobile is when you have the money or can get it, and think that you can't afford it.

The man who hesitates about getting a car for himself, his business and his family, if he possibly can get it, has not thought the matter over very carefully or completely.

Suppose you saw standing on the ice at the south pole one of those penguins—you know what they are—big birds that stand up straight like a policeman, tiny wings with which they can not fly. Sailors walk up to them, knock them on the head and they are practically extinct. They would be alive in millions today if they had good wings. What would you think of a penguin if he saw a sailor approaching with a club and refused to buy a pair of first-class wings at any reasonable price? You would say he was foolish. Suppose he said to you: "Times are bad, I must husband my resources. This is not the time for me to buy wings, or indulge in any foolishness." You would say: "When times are bad, you need wings more than ever."

What the approaching sailor with the club is to the penguin, bad times are to the citizen. The best thing for him to do is to get a car, if he can possibly manage it—the best kind that he can afford. There are many kinds—cars costing less than a good horse and buggy that would do a hundred times as much as any horse. There are cars that look like a palace cut down to limousine size, costing and worth as much as a good house.

Remember there is no such thing as a "pleasure car." Every car, of course, gives pleasure, really. The workman whom you see driving the big five-ton truck, instead of lashing a team of suffering horses, takes pleasure in the truck, its power and usefulness. The automobile that carries passengers is no more a "pleasure car," correctly speaking, than is the five-ton truck with a load of coal or steel barrels.

The automobile is to human beings that wings are to a bird. You can't say that an eagle has pleasure wings, or that a bird of paradise has pleasure wings. They have wings that give them pleasure, wings that save them time, wings that make them healthier and safer and carry them where they want to go. That is just what a car does for the human being and the human family.

The only thing you have in the world is time. An automobile multiplies it by three. If you are worth something, then a machine that can make you three times what you are is certainly worth having, and you can afford it if you have the money to buy it, or can get the money. The man who says truly, "I don't need an automobile," also says truly, "My time doesn't amount to much."

Sues Dixie Governor For \$100,000

Miss Francis Birkhead started Southern political circles when she filed suit for \$100,000 damages against Gov. Lee W. Russell of Mississippi. She alleges that while she was sojourning to him, her confidence was betrayed.

OLDSMOBILE MAKES AN EXTRAORDINARY RECORD

Averages 71 Miles An Hour For 1000 Without Having The Hood Lifted One Time For Trouble.

One thousand miles in 899 minutes without the slightest particle of trouble is the record of the Oldsmobile Model 47, according to Mr. A. Brewington the Dealer dealer who will display this car at the Salisbury Automobile Show next week. Let him tell the story.

"Without once lifting the bonnet, a Model 47 eight-cylinder Oldsmobile recently traveled an even thousand miles in 899 consecutive minutes—under official observation of the California press.

"This grueling test of the car's speed, power and, above all, its stamina, was made on the 30th of October, 1921, on the Cotati Speedway, San Francisco, by the J. W. Leavitt Company, Oldsmobile distributors for California.

"The average speed for the total elapsed time was 63.23 miles per hour. This means that the car had to average over 71 miles per hour for its actual running time.

POULTRY NOTES

BY H. W. RICKEY

Incubators have not reached that state of development where it can be said of them that they take the place of the hen in every particular.

The success of artificial incubation depends upon many factors, which are primarily under the control of the operator, such as the selection of the type or make of the incubator, its environment, the quality of eggs set, the method of handling the eggs, the matter of temperature and moisture and the operation of the incubator.

There is no great difference in efficiency of the standard makes of well tested incubators. But the difference in environment or location of the machine in operation has great influence upon the results obtained.

Hot-air and hot-water incubators hatch equally well under conditions particularly favorable to the requirements of each type of machine. Under normal conditions of our atmosphere, however, it may safely be said that hot-water machines hatch somewhat better than those of the hot-air type, unless additional moisture be supplied to the air surrounding the eggs within the egg chamber of the hot-air machine. The difference in methods of ventilation is mainly responsible for this condition.

The fresh air which is so necessary for the growth of the embryo is drawn into the egg chamber of the hot-air incubator through a section of the heater around the lamp; there it is superheated and some of the moisture driven off, while with the incubator heated with hot water, the fresh air with its normal moisture content enters the egg chamber direct through vents in the side or bottom. This method of ventilation is used in all mammoth incubators.

Examination of the air under sitting hens resulted in the finding of excess moisture, and for a time there seemed to be no satisfactory explanation for this apparent phenomenon. It was known that there were no sweat glands or pores in the skin of the fowl through which moisture could escape from its body, and the popular theory that the hen carried moisture from the wet grass to the eggs was clearly shown to be false. But the specialists at the Canadian University again came to the front with the explanation that there was constant circulation of air under the sitting hen, sufficient moisture came from the eggs through the pores in the shells to maintain a constant moist condition. When in the incubator it was found that owing to the large air space and a proportionately great amount of air surrounding the eggs there was not sufficient moisture to meet the requirements.

Stress has been placed upon this question of moisture, as its presence is one of the most important factors governing successful incubation. Many incubators are furnished by the manufacturers with moisture pans or trays, to be filled with wet sand and placed under the eggs during the process of incubation. This wet sand makes the best evaporating surface known. Much better than water alone. Sand trays are of no special use when the incubator is operated in a very moist place. A well ventilated, damp cellar or one with a concrete floor kept flooded with water will usually furnish all additional moisture required.

Pails or tubs of water placed under the incubator do not answer the purpose. While some operators sprinkle the eggs daily throughout the period of incubation, or during the last few days only, this practice is of comparatively little value because the distribution of the moisture is not even or constant.

Directions for operating the incubator and handling the eggs during incubation are furnished with each incubator by the manufacturer, but there are certain principles involved in the turning and the cooling of the eggs, the ventilation of the incubator and in the supply of moisture to which I have already referred, which are common to all makes of machines.

The usual method of handling the eggs in the incubator during incubation is to turn the eggs for the first time on the third day and cool first on the fifth or seventh day, then continue to cool to blood temperature once and turn twice each day until the end of the eighteenth day. At that time the incubator door is closed and not opened again until the hatch is completed.

The setting hen, however, does not wait until the third day to turn the eggs, nor does she wait until the fifth or seventh day before she leaves her nest for feed, neither does she stop turning or cooling on the eighteenth day, and there seems to be no logical reason for not imitating the hen. Eggs are turned in order to prevent the embryo from resting in one spot and sticking to the shell and then dying, which often occurs quite early in the incubation, and the turning should begin soon after the eggs are thoroughly heated through; we find that this can be done 36 hours after incubation starts.

The reason for cooling has never been definitely ascertained. Several theories for it have been advanced, one of which is that the changing of temperature of the egg content stimulates the activity of growth of the embryo; another is that the egg content contracts under the lower temperature, and thus draws in through the pores of the shell greater quantities of fresh air, but whatever the principle, cooling is beneficial, and I would recommend that it start on the third day and be continued until the eggs begin to pip, just before the

shells are broken open and before the inner membrane covering the chick is exposed to the air. This is done up on the supposition that if cooling is beneficial on the seventeenth and eighteenth days, and the growing chicks need the change of temperature and that fresh air at that time, they need the same on the nineteenth and possibly the twentieth day, when they are preparing and storing up energy to undergo extraordinary exertion in their efforts to break through the shells.

While the chicks are hatching the best practice is to keep the door closed. Quantities of moisture are thrown off from the wet chicks at this time, which seems to be of benefit. If the incubator door is opened during this period the moist air escapes from the egg chamber and the dryer air takes its place, and the soft, pliable membrane covering the chicks becomes so hard and tough that the chicks are unable to break through. When a good hatch is coming off drops of moisture will often be so numerous on the glass door that the eggs and chicks on the tray can be seen only with difficulty, but this need cause no uneasiness.

A covering of heavy paper or cloth over the glass front of the incubator will give the chicks the same rest and quiet that they would get under the hen.

Study the machine, its mechanism and its peculiarities, each one has an individuality of its own. Do the work required, methodically and carefully with a definite and regular time for everything. It is advisable to turn the eggs early in the morning and late in the afternoon, and cool in the morning.

Fill the lamp with high-test kerosene in the afternoon, so that there will always be a good supply of fuel during the night. Look at the thermometer at regular intervals each day. After the regulator, or thermostat, is properly adjusted use the lamp flame as much as possible to correct any variations in temperature. Always have a full, even flame and never permit a point of flame to stick from a corner of the burner, as this is almost certain to char the chimney and cause the lamp to smoke which will often extinguish the blaze. Do not allow any great variations in temperature, though slight variations do no harm. And never overlook the fact that one oversight may result in a complete failure.

H. W. Rickey.

CHILD TRAINING AT HOME

This is No. 64 of the fourth series of articles issued by the National Kindergarten Association, 8 West 40th St., New York, City. They are appearing weekly in these columns.

PLAY PLACES IN THE HOUSE

By Katherine Beebe.

During the many days and hours when children can not be told to "run out and play" they must play in the house as a matter of necessity. Where the abode is a spacious one there is of course no problem, but the majority of families live in small houses and, alas, apartments. Time and again it has been my lot to spend visiting sessions in houses where to all intents and purposes the only play places were under the visitor's feet, on the arms and rockers of chairs and entirely in the vicinity of the grown people who were going through the various forms of conference or conversation. The usual apologies were always forthcoming: "The weather is so bad!" "The house is so small!" "The children are so full of life!" "They love so to be with mother!" and so on.

Now an A B C application of or-

They Appeal To Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. Many such, however, have been completely restored to health by the use of Chamberlain's Tablets. These tablets strengthen the stomach, invigorate the liver and improve the digestion. They also cause a gentle movement of the bowels. When you have any trouble with your stomach, give them a trial.—Advt.

SLOAN'S RELIEVES NEURALGIC ACES

FOR forty years Sloan's Liniment has been the quickest relief for neuralgia, sciatica and rheumatism, tired muscles, lame backs, sprains and strains, aches and pains.

Keep Sloan's handy and apply freely, without rubbing, at the first twinge. It eases and brings comfort surely and readily. You'll find it clean and non-skin-staining.

Sloan's Liniment is pain's enemy. Ask your neighbor.

At all druggists—35c, 70c, \$1.40.

Sloan's Liniment (Pain's enemy)

Stops itching skin troubles. The torture of skin itch will quickly be relieved by applying before retiring. Sloan's Liniment. One of Dr. Hobson's Family Remedies.

Dr. Hobson's Eczema Ointment

inary sense would make it plain to that mother that consideration for her guest, for her own comfort, for her children's good, demands some other play place, and a little ingenuity would make one possible. Play is so vital a part of a child's life that a place for it, both indoors and out, is a necessity, not a luxury.

One mother whom it is my privilege to know, following the modern custom of opening windows at night, has several little beds in a row in one room,—the smaller one, a larger one being reserved for the necessarily bureau, play space and playthings.

In another home the dining room is the play place, and the very fact that it must be put in order before meal times is giving one group of little folks invaluable lessons in neatness, order, consideration and helpfulness.

But the ideal play place is the attic, and there often is one of some sort. Such a space kept reasonably clean, and having its windows protected, would solve many a household problem. The fact that the attic is cold is in its favor rather than otherwise. Indeed while the children are playing there the upper sash of the windows should be open. There is no reason why with coats, sweaters, caps and even mittens on, the children should not be told to "run up and play" at such times as rain or cold make outdoor sport impossible. There being no occasion for putting on the despised and clumsy rubbers is also an advantage. Wise parents would see to it that such an attic contained an old mattress for "jumping on," a ladder, a clothesline, some odds and ends of discarded furniture, wooden boxes, a trestle or two, boards, hammers and nails, an old tarpaulin or other cloth for tent-making enterprises, together with such toys as the children choose to take with them.

I have seen many porches which would make fine play places on wet days and wondered why none of them was in use. I suppose mothers consider the weather "too damp." But when I remember a neighbor's healthy brood of children, who, equipped with rubber boots, coats and caps, played out of doors every day in the year, except when the thermometer was twenty below and a wind blowing, I am of the opinion that a few hours in damp fresh air would be much less fraught with dangerous possibilities than whole days in furnace-heated rooms.

Accidents will happen, but the best regulated families keep Dr. Thomas' Eclectic Oil for such emergencies. Two sizes, 30c and 60c at all stores.—Advt.

NASH MODELS DISPLAYED BY GUNBY COMPANY

Del-Mar-Va Nash Motors Com-
pany Will Have Excellent
Exhibit At The Show.

SURE TO WIN APPROVAL
IS OPINION OF DEALERS

Nash Two-Passenger Cab Will At-
tract Unusual Attention—Coupe
And Handsome New Sport Model
Will Win Their Share Of Approval
—New Six And Four Cylinder Cars.

Outspoken admiration will be ac-
corded the new Nash line of six and
four cylinder cars at their new low
prices by those who see the Nash
exhibit at the Automobile Show. With
new air-line bodies, lowered tops,
lowered windshields, new ignition sys-
tem, perfected valve-in-head motor
and new and easy riding springs,
these cars, the crowning achievement
of C. W. Nash, will win instant
acceptance as the outstanding motor
car values at the show.

"The public's verdict is an over-
whelming endorsement of this line of
fine automobiles," said C. B. Voorhis,
vice-president and general sales-
manager of The Nash Motors Com-
pany. "We are deeply appreciative of
the frank approval expressed by those
who have visited the Nash booth at
other shows and we are genuinely
pleased that the endorsement was so
spontaneous."

The Nash factories at Kenosha and
Milwaukee offer every facility for the
production of fine motor cars on a
volume basis. The new line reflects
in every detail the acknowledged
leadership of C. W. Nash whose manu-
facturing experience covers a period
of more than twenty-eight years.

Appearance, power, comfort and eco-
nomy of operation are perhaps the
outstanding features that have been
embodied in the new Nash six and
four cylinder car series.

Their appearance is in keeping with
that good taste which has always
characterized products of The Nash
Motors Company; bodies are of the
air-line type and colors are deep Nash
blue with blue wheels, with the ex-
ception of the six cylinder sport model
which is finished in deep maroon.

Unusual power and flexibility are
provided by the Nash perfected valve-
in-head motor, the four cylinder motor
being almost identical in design
to that of the famous Nash Six. Both
the four and the six cylinder motors
have been refined insuring longer life
to the engine, smoother performance
and a minimum of vibration.

Comfort is provided in generous
room, wide and well upholstered
seats and in the new Nash easy riding
springs. These springs are revolu-
tionary in design as well as in the
effect of riding qualities. The spring
consists of fifteen long, thin leaves,
a rebound leaf that does the work of
shock absorber, a master leaf and
thirteen thinner flexible leaves. The
rebound plate, acting as a snubber,
checks the recoil, in going over bumps
or rough roads, the shock is absorbed
and the car rides smoothly, holding
the road under perfect control.

In addition to affording riding com-
fort heretofore unknown, except in
cars of the most expensive type, the
new Nash spring results in a very
considerable saving in gasoline, oil,
tire wear and car life.

Economy of operation is assured in
the well balanced construction of
these Nash cars and in the fact that
they are built of the finest materials
obtainable. In this connection, it is
pointed out, that the Nash organiza-
tion, because of its large factories,
builds its cars ninety-three per cent
complete within its own factory walls.

This means that every important op-
eration is conducted under Nash con-
trol and supervision which in turn
means a product both economical in
first cost, and because of its sound
construction, economical to maintain.

The handsome new Nash sport model
at a low price is one of the most
attractive of cars of the season.
Enthusiasts are unanimous in the
opinion that this Nash four passenger
car will be one of the most attractive
motor cars ever exhibited at any auto
mobile show. Its striking appearance
is dignified and in perfect keeping
with that good taste which distin-
guishes Nash products.

The car is built on a chassis
of 121 inch wheel base. Its handsome
body is finished in deep maroon with
a color of oak interior. It is
fitted with large head lamps of bar-
ometric design, and small
parking lamps of similar design.
The upholstery is of Spanish leather
and the seats are broad, deep and firm.

ful. Doors are wide, making entrance
and exit easy and natural. There is
ample room in both front and rear
compartments for freedom of move-
ment.

The car is fitted with weather-
proof curtains, the windows of
which run lengthwise, thus making
vision clear. The curtains open with
the doors and they are so constructed
as to make adjustment easy, a fact
appreciated by the motorist who has
encountered sudden showers or other
quick weather changes.

The instrument board is clean-cut
in appearance, the instruments being
finished in bright nickel. On this
board is an accurate gasoline gauge,
a convenience much appreciated by
the driver who at a glance can tell
just how much gasoline he has in the
tank.

In no other Nash model are the
smoothness and power of the Nash
perfected valve-in-head motor more
appreciated than in the sport model.
Its easy riding new type Nash
springs, emphasize the perfect bal-
ance of the car, and make for ease
of travel over paved city streets or
rough country roads.

These are some of the reasons why
the Nash Model will be the subject of
so much comment and the object of
such unusual admiration at the
Show.

The Nash cab for two passengers,
exhibited by L. W. Gunby Co.,—the
newest design in body construction at
the Automobile Show, will attract un-
usual attention at the Nash booth. The
cab which has just been brought out
by The Nash Motors Company rounds
out the new four-cylinder car line.

Physicians, salesman and others
who require a light enclosed car are
frank in their approval of the utility,
comfort and appearance of the Nash
Cab; it fills they say, a long-felt need.

"We are genuinely pleased and
deeply appreciative of the splendid re-
ception accorded the Nash Cab," said
C. B. Voorhis, vice-president and gen-
eral salesmanager of The Nash Mo-
tors Company. "In designing the Cab
we had in mind the requirements of
that large field of professional men,
salesmen and others who have need of
a good-looking, light four-cylinder
enclosed car. How well we have ful-
filled this need in the Nash Four Cab
is indicated by the enthusiasm shown
in this car at the Nash exhibit."

The Nash Cab has all the advan-
tages of the coupe with the business-
like utility of an open model. The
seat is broad and deep with an abun-
dant of room for two; the cushions
are mounted on the same reinforced
type of spiral upholstery springs as
used on all Nash models.

The all-leather top is smart in ap-
pearance; the side windows may be
adjusted to any position desired. The
doors are wide, making entrance and
exit easy.

Under the rear deck is a large
and roomy compartment, the door of
which is sufficiently broad so that
articles of baggage may be put in and
taken out without jamming or crowd-
ing. This compartment is fitted with
a lock. There is a compartment also
in the back of the seat for small
parcels.

All In A Nutshell
Elijah Johnson, sage of a small
Alabama town, was trying to make
clear in the mind of a friend just what
constitutes oratory.
"It's jest dis," he elucidated. "Ef
you says black am white, dat's foolish.
But ef you says black AM white, and
bellers like a bull and pounds de table
with hofe yo' fiststee, dat am oratory!"
—American Legion Weekly.

THIRD NIGHT

MAZY MININGSTOCK—VAMPIRE

"Ha, Ha! It makes me laugh and
shout
To hear the brand of gloom
That you old boys hand out each night
In this directors' room."

And while the walls still echoed as
Her mocking laughter rang,
A female Gnome dashed forward and
Upon the table sprang.

At first appearance she displayed
Some beauty of a kind;
But closer scrutiny would cause
A rapid change of mind.

For rouge and paint could not con-
ceal
That she had gone the pace,
Or cover up the lines that marked
Indelibly her face.

Her eyes were bold and piercing, but
Withal were cold and hard
The eyes you see in men who stake
Their fortunes on a card.

The startled company sat up
And stared in blank amazement,
While thus she wildly flouted them,
Indifferent to their gaze.

"You make me sick; you talk just like
A lot of preaching dubs.
I guess you all have dropped your
pile—
That's where the leather rubs.

Why don't you know, in high finance,
That everything is fair?
The motto is—'Get all you can—
Let buyers each beware!'

The Tool and money quickly part—
He likes to see it go.
It's up to me to get it first,
Or others will, you know!

I have no conscience or remorse—
Don't prate of widows' weeds;
The very least of all my cares
Are these and orphans' needs.

The fiercest passion known, for which
Mankind is bought and sold
Is that to which I most appeal—
Cupidity for gold.

The elements of chance and gain
Are my whole stock in trade.
Just drop a nickel in my hand,
And see your fortune made.

I sing about the millionaires
Made by some paying mines.
The sort of propositions which
The public seldom finds.

NASH

presents
new models
new prices

New Nash Six

SERIES 691

\$1390

f. o. b. Kenosha

New Nash Four

SERIES 41

\$985

f. o. b. Milwaukee

Once again the great Nash organization demon-
strates its ability to produce the leading cars in its field and
turn back profits to the car buyer in a finer product for less money.

Here in this new model
691 Nash Six is the greatest car
C. W. Nash ever produced in all his years of fine
motor car manufacturing—finer in beauty,
comfort, power, economy and endurance than
any former Nash.

Nash prices are at the
lowest level. These prices are based
not only on today's lower material market.
They also anticipate all possible lower pro-
duction costs for many months to come.

Nash values now are at
the highest level ever attained by
the great Nash organization.

At the Show see these new Nash models—a complete line and wide
range of selection of cars. There are eleven new and distinct body styles

No less remarkable is the
recent reduction of the great, new
Nash Four to \$985—a car whose value was
striking even at its introductory figure of \$1395.

Today it assumes its un-
challenged place as value leader
among light cars—the quality car at a popular
car price.

In the difficult, highly
competitive, ability-testing four and
a half years just past, Nash has risen from 24th
to 8th place in the industry in volume of busi-
ness—so widespread and sustained has been
the public's demand for Nash values.

Nash Leads the Show in Motor Car Value

COMMENT OF COUNTY AGENT COBB ON AGRICULTURAL HAPPENINGS

This is the opinion of our county agent, Mr. Cobb, on the agricultural happenings of the past year.

The following is a letter from our friend, cooperator and advisor and we are sure appreciate it—no comments are necessary as the letter explains itself.

(Letter from Salisbury, Md., February 17, 1922.)

Dear Mr. Cobb: I noticed on the Agricultural Page of the Wicomico News of last week where you quoted Dr. J. C. Lipman of New Jersey, showing where certain fertilizer materials when mixed with poultry manure made a satisfactory mixture for potatoes and garden crops.

Having had quite some experience both in growing farm crops and in making up formula of Plant Food for growing different crops, I hope you will pardon me for making a few comments on Mr. Lipman's mixture and at the same time offering a few suggestions as to using properly cured Poultry Manure in a mixture that will insure plant growth until maturity of the crop.

In the first place Poultry Manure should be stored in a dry place in boxes or bins with an equal amount of 10% Acid Phosphate so as to condition the material and prevent the escape of any nitrogen or ammonia. In the second place Poultry Manure being a very quick acting source of ammonia I do not think it should be used in connection with other quick acting and short lived Ammoniates such as Sulphate Ammonia and Nitrate Soda, for if it is the Plant is sure to fail for want of Plant Food before maturity of crop. I am often asked to make formula for farmers in which they use their Poultry Manure and this is my idea of a well balanced Plant Food Mixture:

Poultry Manure and 10% Acid Phosphate equal parts..... 1200 lbs.
Nitrate Soda..... 200 lbs.
Dissolved Bone 2% Ammonia..... 400 lbs.
and 8% A. P. Acid..... 400 lbs.
Muriate Potash..... 200 lbs.

20000 lbs. Making a 1 ton mixture containing about 3 1/2% Ammonia, 6% Phos. Acid and 5% Potash, at a cost to the farmer at present market price of materials, not counting Poultry Manure \$18.00.

This is a very good mixture for Potatoes, Tomatoes and Sweet Potatoes, and the Dissolved Bone, a slow acting Ammoniate, will carry the crop to maturity.

A few words in reference to Clover "Sick Soils." There is no such thing as a Soil getting so sick that it would not grow Clover. The proper definition for a piece of soil that has grown Clover successfully for a number of years and then gets in a state where it will not grow Clover, is that it is unbalanced in Plant Food. Clover, as well as all other legumes, is a heavy feeder on the Mineral elements contained in the Soil such as Phosphorus, Potash and Lime and if it put back in the Soil in the same proportion as that taken out by the Clover crop, the soil at once becomes rich in Nitrogen and deficient in Phosphorus, Potash and Lime, hence Clover fails to grow. I have noticed three soils that are growing less Clover each year, grow larger and taller corn stalks with a smaller ear of corn, which shows conclusively that the trouble is the land has become unbalanced in Plant Food and must have Phos. Potash and Lime.

W. P. WARD. We have gathered the following exact points from so many sources that we cannot remember from where they came and thus cannot give credit here.

W. E. Oakley beds between March 20 and April 1, uses no manure and places potato plants in corn stalks in bottom of bed. He is using glass now but says that he would just as soon use canvas. He also tells us that four boxes of 100 hampers are placed in cement floor. We know that Mr. Oakley gets earlier sprouts than a great many growers. In place of manure he uses a 200 pound bag of fertilizer to every 100 bushel bedded. Light ends, brown and gives clean to 100 potatoes and potatoes that will grow well.

J. Raymond Parker also believes that a sandy soil is best for sweet potatoes. He is a believer in broadcasting the manure rather than putting it in the drill. Mr. Parker wants the land well prepared, for any crop that he grows, and for sweet potatoes he uses the following: 100 lbs. crushed barley and manure, disc harrow and then make rows with disc harrow.

The general opinion among our growers is that when manure is used that 8 to 12 tons should be used per acre. It is a question whether or not the quality of manure being bought recently will have any lasting effect. Ray Fussy doubts that this so-called New York manure will last more than one crop and many more are of the same opinion.

J. M. Insley and Willie Gilliss know that sweet potatoes grown on heavy clay land will keep well in storage. We saw proof of that in some potato trees that were grown on Mr. Gilliss' farm, and put in Mr. Insley's potato house, October 24, 1920. We saw these potatoes October 4, 1921 which was practically a year from the date they were housed.

Many of our growers treated their sweet potatoes last year with gratifying results and from talks we have had so far this year we are convinced that there will be many more growers follow the practice before bedding this spring.

Chas. Wilkins and Arthur Holloway got their yield of 3802 hampers on ten acres last year with the aid of 1500 pounds per acre of a 2-8-10 mixture. Other growers used this same formula with good success, and nowhere did we see any apparent lack of ammonia.

John Royce says that sprouts pulled from the bed about July 1st will develop better "slip seed" than that grown from vine cuttings. At this time of course the sprouts are large and after pulling the "roots" are cut off about an inch up on the stem and these sprouts are set out in the same manner as vine cuttings.

So many of our own growers and friends in Delaware and Virginia hauled pine shavings on their potato fields this winter that we haven't room here to list them all. There appears to be some danger in this practice on some types, and if spread too thickly.

A popular fertilizer mixture among growers in the River Road section is:

Acid Phosphate..... 1000 lbs.
Fish Chum..... 350 "
Dry Fish..... 350 "
Muriate of Potash..... 300 "

In New Jersey a general formula would be one that supplies 20 pounds of nitrogen, 50 pounds of phosphoric acid and 80 pounds of potash. The famous vineland sweets get 60-140-240 pounds of nitrogen, phosphoric acid and potash respectively. In Georgia they furnish 25, 50 and 80 pounds of the above ingredients per acre; in Worcester County 60, 160 and 200 pounds while several of our southern states use a formula analyzing 3-8-5.

According to chemists a 200 bushel crop of sweet potatoes will remove the following amount of plant food from the soil:

30 pounds of Nitrogen.
10 pounds of Phosphoric Acid.
45 pounds of Potash.

Probably 90 per cent of our growers, if not 100 per cent, agree that sweets do better when grown on the same land for several years unless some disease breaks out. Sweets followed by Rye, lime, manure and fertilizer applied for sweets again, is a very popular practice.

In speaking of sweet potatoes on the same land for several years we want to emphasize the fact that this is only practical and profitable when diseases are absent. We do not know just how many years Mr. Fennell Aikins has had sweets in the piece of land next to the stone road but we do know that it has been planted to sweets for several years in succession and he has a pretty patch every year. We came across several cases this year where diseases were present and we expect those growers to rotate starting this year.

W. C. Mitchell, so far as we have observed, always has pretty sweet potatoes with practically no sign of disease. His crop, last year, was good enough to be certified by our State Pathologist. Mr. Mitchell treats the seed potatoes, disinfects the frame work of the bed and either uses new soil or disinfects the old soil so as to kill the disease germs. Theodore Hearn and M. W. Oliphant were two other growers who had crops of sweets that were certified last year. Both of these growers treat their seed potatoes before bedding.

Chas. Bacon, Joe Lowe, Glen Catlin and many more of our friends in the Marlboro section also treated their seed last year before bedding. We have already mentioned the splendid results Joseph Parker got from treating his seed last year. The method is so simple and inexpensive that we wonder why every grower does not fall in line.

The following notes came from our good friend Chas. F. Gordy—500 to 1000 pounds of a 3-8-5 fertilizer per acre—uses builders sand and top soil from pine woods in beds—beds only on a sunshine day and waters thoroughly right after bedding—allows the potatoes to dry off somewhat and then puts on one inch of builders sand—as the sprouts grow he puts on another inch. Waters the beds at night and watches the ventilation very carefully. After first pulling the potatoes are firm down in the bed and a top dressing of a 4-8-4 fertilizer or applied—waters the bed thoroughly and spreads about a 1 1/2 inch layer of sand. Mr. Gordy has improved his strain of potatoes both in shape and freedom from disease by slip seeding every other year.

We rather like our friend W. H. Parker's rotation and we want to repeat it again. He grows 6 crops in 4 years and produces enough long feed for 15 head of live stock in addition to truck crops. First year, rye cut for grain and land seeded to cowpeas to be cut for hay, peas cut for hay and rye sown same fall—second year, rye turned under green for sweets (plus about 1200 lbs. of a 2-12-4 mixture broadcasted). Third year, cantaloupes and cukes followed by wheat and clover for hay. Fourth year, clover and wheat cut for hay and planted to corn—followed by rye as start of new rotation.

We have been having some real pleasant and instructive days and nights during the last three weeks. We have been down to Willards with Harry Dean and "Tall" Richardson, Murray Dennis, Henry Beauchamp and other good friends of ours in that section. In Pittsville with Larry Farrow, Southerly, Leland and Thomas Truitt, Manlius Morris, etc., at Fruitland with John Prier and John Fry or, Lafe Hobbs, Clarence Dashiell, John Ryall, Noah White, Frank Cat-hell and many more of our friends and advisors. At Marlboro with "Uncle Bob" Robertson, John Hatton, John R. Wright, Geo. Majors, Joe Lowe, A. S. Venables, etc. We spent one day learning how to grade and pack sweet potatoes with Will Oakley, Will and Sam Wheatley, "Jerry" Townsend and Grant Sexton. Another day we were in the Mt. Hermon section learning a whole lot of things from Tom and Denis Tilghman, Carl Twilley and G. S. Parsons. We are going to write a book on "Truck Farming" some day and dedicate it to the "Growers of Wicomico County"—"They Know How."

The editor says that we can't have any more space this week—sorry, as we had lots more growers to write about.

George R. Robb

DOES YOUR BACK ACHE?

It's usually a sign of sick kidneys, especially if the kidneys action is disordered, passages scanty or too frequent. Don't wait for more serious troubles. Begin using Doan's Kidney Pills. Read this Salisbury testimony. Ardie Goswellen, 407 Martin St., says: "I was troubled with a bad case of kidney disorder and backache. Mornings when I would get up it was hard for me to stoop over to tie my shoes and when I would try to straighten up, my back would feel as though it were cut in two. My kidneys acted frequently and I would have to get up during the night to pass the kidney secretions. I learned of Doan's Kidney Pills and got a box at White & Leonard's Drug Store. Before finishing one box I was entirely relieved of the trouble." (Statement given July 20, 1915).

On January 8, 1921, Mr. Goswellen said: "I gladly confirm all I said in favor of Doan's. If I have any return of the trouble I know I can depend on Doan's."

MARTIN-SENOUR MONARCH PAINT
100% PURE

The Power of Paint
Nobody questions the power of paint to protect property from decay and ruin.

When you place insurance you look into the resources of the Company. When you buy paint look into the ingredients that determine its power of service.

Few people ask for adulterated White Lead when they want to paint. Ask for Pure White Lead more conveniently prepared and ground with a proper amount of Zinc in Pure Linseed Oil—this is Monarch Paint.

Zinc will make it last longer and hold its color. The spreading quality of Martin-Senour Monarch Paint 100% Pure is remarkable.

Synopsis Of Activities At Annapolis

The Senate.
The Senate met at noon, Feb. 14, 27 members answering the roll call.
Bills introduced:
By Mr. McDaniel—Authorizing \$25,000 improvement loan for Eastern. Select committee, Senators McDaniel, Legg and Russell.
By Mr. Frick—To amend the charter of Maryland Historical Society. Judicial Proceedings.
By same—Uniform Proof Statute laws. Judicial Proceedings.
By same—Amending marriage laws. Judicial Proceedings.
By same—Repeal Conditional Sales act. Judicial Proceedings.
By same—Amending divorce laws. Judicial Proceedings.
By same—Relating to taking of depositions. Judicial Proceedings.
Bills passed:
Senate Bill, No. 52—Providing penalty for failing to obtain licenses.
Senate Bill, No. 102—Hagerstown bond issue.
Senate Bill, No. 123—Bond issue for Allegany county.
House Bill, No. 118—Cumberland bond issue.
Resolutions passed:
Senate Joint Resolution, No. 5—Requesting Congress to amend migratory bird law.
House Joint Resolution, No. 5—To re-establish Indian Head proving ground.
Recommending stabilization of sundry basic farm products.
At 2:15 P. M. the Senate adjourned.

The House.
The House assembled at 12 noon, 103 members responding to the roll call.
Bills introduced:
By Mr. Taylor—For direct inheritance taxes. Ways and Means.
By Mr. Houck—To require union label on State printing. Labor.
By Mr. Grannan—Providing for payments to prisoners. Judiciary.
By Mr. Keefe—To give Marylanders preference under Merit System. Judiciary.
By same—To make operation of slot machines illegal. Judiciary.
Bills killed on second reading:
House Bill, No. 262—To impose liability for injuries to school pupils. Unfavorably reported by Judiciary.
House Bill, No. 117—To exempt farm tractors from license requirement under certain conditions. Unfavorably reported by Ways and Means.
Bills passed third reading:
No. 66—Providing for removal of criminal insane.
No. 108—Sabbath breaking.
No. 125—Testamentary law.
No. 137—Marrying unlawfully.
No. 148—Changing name of Maryland Industrial Training School for Girls.
Senate Bill, No. 65—Relating to Wicomico County Commissioners.
No. 75—Vicinity county loan.
The House adjourned at 1:20 P. M.

The Senate.
The Senate met at noon, Feb. 15, 27 members answering the roll call.
Petitions introduced:
By President—From Washington Camp, Patriotic Order Sons of America, urging passage of bills, providing for popular election of School Commissioners. Education.
By same—From Amalgamated Clothing Workers of America opposing State Police Bill. Judicial Proceedings.
By Mr. Goodell—From Men's Bible Class of Frederick Methodist Episcopal Church urging passage of enforcement Bill. Judicial Proceedings.
Bills passed:
Senate Bill No. 77—Amending election laws.
House Bill No. 11—Relating to justices of the peace.
At 1:15 P. M. the Senate adjourned.

The House.
The House assembled at 12:15 P. M., 104 members responding to the roll call.
Several petitions relating to enforcement bill, soldiers' bonus, militia bill, race-track gambling, etc., received and referred to proper committees.
Bills introduced:
By Mr. Joseph—Amending motor vehicle laws. Judiciary.
By Mr. Hall—Requiring public accountants to have certificates. Judiciary.
By Mr. Miller—Authorizing Rock Hall bond issue. Kent delegation and Mr. Mattingly.
By Mr. Baker (by request)—Restricting experiments on dogs. Judiciary.
By Mr. Naylor—Providing closed season for deer. Game and Fish.
Bills killed on second reading:
House Bill No. 89—Providing for revocation of motor vehicle licenses. Unfavorably reported by Judiciary Committee.
At 1:55 P. M. the House adjourned.

The Senate.
The Senate met at noon, February 16, 27 members answering the roll call.
Sundry petitions were introduced opposing the race tracks, favoring the Prohibition Enforcement bill, and advocating the amendment of the marriage laws.
Bills introduced:
By same—Amending Motor Vehicle License law. Judicial Proceedings.
By Mr. Tydings—Four bills amending election laws. Elections.
By Mr. Harrison—Road bill. Roads and Highways.
Bills passed:
House Bill No. 104—Authorizing new bridge in Wicomico county.
House Bill No. 162—Amending Salisbury local laws.
House Bill No. 153—Relating to record laws of Salisbury.
At 1:10 the Senate adjourned.

The House.
The House assembled at 12:20 P. M., 104 members present.
Petitions introduced:
Several petitions relating to bonus, schools, race-track betting and prohibition enforcement. Referred to proper committees.
Bills introduced:
By Mr. Murphy—Providing for protection of fish in Dorchester county. Game and Fish.
By Mr. Latimer—Increased penalty for robbery and burglary. Judiciary.
Bills killed on second reading:
House Bill 42—Changing the open season for hunting squirrels. Unfavorably reported by Game and Fish.
Bills passed third reading:
House Bill 10—Increasing compensation of jurors.
House Bill 106—Relating to fees of justices of the peace.
House Bill 100—Increasing duties of County Commissioners.
House adjourned at 2:15 P. M.

The Senate.
The Senate met at 11:05 A. M., 103 members present.
Bills introduced:
By Mr. Joseph—Providing for payment of counsel fees under certain conditions. Judiciary.
By Mr. Hall—To increase guarantee funds required at savings banks. Judiciary.
Bills killed on second reading:
House Bill No. 212—to restrict allotment of State funds to institutions. Unfavorably reported by Committee on Education.
H. B. No. 267—Providing for election of members of county boards of education. Unfavorably reported by Committee on Education.
House adjourned at 11:45 A. M.

will be necessary for them to make affidavit before a Justice of the Peace or Notary Public certifying as to when and where said hawk or hawks were killed, and then forward the affidavit to this office for reimbursement. Then again they can make affidavit before any of our District Game Wardens, since each County has a salaried officer. In all cases the body and head must be produced to the Justice, Notary Public, or District Warden intact. The Wardens are empowered to pay the bounty on presentation with satisfactory proof. If the farmers, their children and sportsmen of this State would erect a steel trap on poles on their property, a large number of hawks could be caught and destroyed. During the month of December, \$176.00 was paid out.

Everybody knows the Hawk is most destructive to game, especially bobwhite, quail or partridge, pheasants and other insectivorous and song birds. Attention has been called to numerous reports concerning persons shooting wild fowl especially from blinds erected on the waters of this State, since January 31st. The public is informed that the Federal Law which supercedes our State Law, opens the season on wild fowl November 1 and closes January 31, therefore, the sportsmen must govern themselves accordingly. Field Wardens will apprehend the guilty parties, and turn them over to the Department of Justice for trial before the Federal Court in Maryland. A Law should be enacted requiring every owner of a booby, brush or a blind of any description to remove the brush and boards above the water within 5 days after the close of the wild fowl season. This would decrease violations of the Wild Fowl Law to a great extent.

Constipation causes headache, indigestion, dizziness, drowsiness. For a mild, opening medicine, use Doan's Regulets. 25c a box at all stores—Advt.

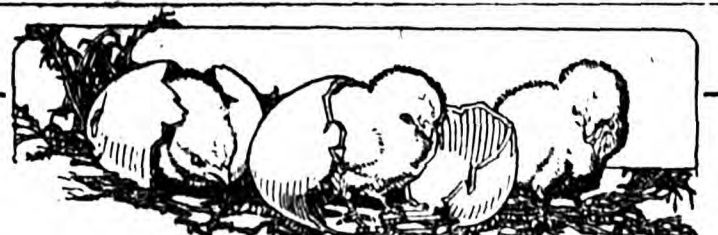

When baby suffers with eczema or some itching skin trouble, use Doan's Ointment. A little of it goes a long way and it is safe for children. 50c a box at all stores—Advt.

BOUNTY FOR HAWKS PAID BY THE STATE

State Game Warden Informs Public Of Money Available For Killing Chicken Hawks.
The Acts of 1920, Chapter 720, Section 70, provides: "That the State Game Warden pay the sum of 50 cents for each Bird or Chicken Hawk actually killed in this State, to persons producing satisfactory proof of having killed said hawk or hawks within this State." This bounty is paid out of the fund derived through the sale of the State Game Protection Fund.
This Bounty applies to all sections in the State of Maryland. In order for the claimants to obtain same, it

THE LURE OF MUSIC

Did you know that Offenbach spent his last days alone with his dog, despairing because he realized that he would never hear his own music again?

Now you can hear the Lure of Music, a collection of his most beautiful music, in a new series of Columbia records.

New Columbia records on sale at all Columbia Dealers the 10th and 20th of every month.

OWN YOUR OWN HOME

"Every normal man desires a house of his own. He does not merely want a roof above him and a chair below him; he wants an objective and visible kingdom; a fire at which he can cook the food he likes, a door he can open to the friends he chooses. This is the normal appetite of man."

—GILBERT CHESTERTON

THERE is not one of us who has not anticipated the pleasure of planning and building his own home. But that forever "put-it-off" caution has kept us waiting and waiting for a "more favorable season."

There never will be a more favorable season than **NOW**, favorable from all standpoints—**AS AN INVESTMENT—AS AN OPPORTUNITY TO GET FULL VALUE—AS A MEANS TO LOCAL PROSPERITY** which will mean greater prosperity to you.

We urge you to build from an investment standpoint because the home you build will add permanent value to the town and be a part of its natural and healthful expansion. You will help yourself, help to relieve the housing situation, and aid in a general lowering of taxation.

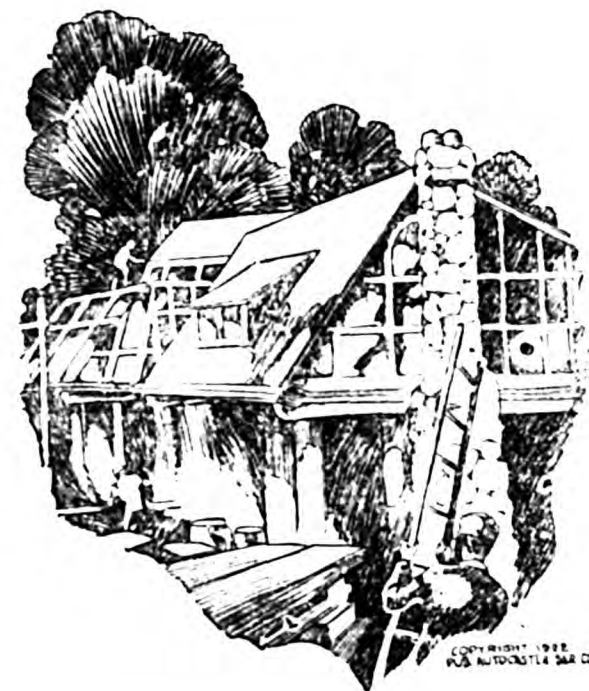

Let's make our community slogan—"A GOOD HOME FOR EVERY FAMILY IN SALISBURY."

BUILD NOW!

PRICES are down! Don't follow an elusive will-of-the-wisp and wait longer for bottom prices. **BOTTOM PRICES** are here—in Realty—Building Materials—and Labor.

The "turn" is here and past. America is awake. America is at work again. Salisbury cannot afford to be left in the rear.

You can't estimate in dollars and cents alone the value of owning your own home. You must add satisfaction and contentment for both yourself and wife—and that makes for a happy household.

BUY!

BUILD!

REMODEL!
