

Good morning,

You are invited to attend a webinar on Thursday, November 5, 2-3pm, in PH 358, "Web Accessibility: A Campuswide Approach."

Description of the webinar:

Web Accessibility: A Campuswide Approach

A University Business Web Seminar

An estimated 11 percent of undergraduate students on campuses today have a disability. Ensuring that these students have equal access to technology is a complex challenge, requiring a coordinated effort across campus departments. Universities must maintain compliance with the Web Content Accessibility Guidelines (WCAG) 2.0 AA, which is considered the standard for measuring web accessibility.

Attend this web seminar to learn from administrators at Michigan State and Northern Virginia Community College about how to take a campuswide approach to develop proactive web accessibility strategies. Learn how to share resources, take advantage of new tools that enhance accessibility and improve workflow, and ensure that your campus is WCAG 2.0 compliant and meeting the needs of students with disabilities.

This event is sponsored by Onix.

If you would like to attend, please RSVP to both me and Susan Griisser (sagriisser@salisbury.edu).

Thank you.
