FROSTBURG STATE COLLEGE

May 6, 1971

Residence hall goes coed

By Dorothea L. Stefen

With the approval and support of the Board of Trustees, Frostburg will open its first coeducational residence hall this fall. The male and female dorms will remain, however we now have a choice as to how we choose to live. Those who occupy the hall will have adjustments to make, but they will surely come from the experience with a greater respect for, and understanding of, the opposite sex.

It should be stressed that only 302 spaces will be available in the new hall. There will be 120 spaces

reserved for juniors and seniors, 120 for sophomores, and 60 for freshmen.

Students under 21 who wish to live in the coed hall need the signature and consent of a parent. For those parents who are hesitant a program is being offered on May 1st, during Parents' weekend, to further understanding of coed residence halls.

The new hall is being built in clusters of four or five student rooms surrounding a bath. These units will be self contained; rooms will open to a cluster hallway, and the cluster hallway will

open to a main corridor. In the six-story building, floors two through six will have six clusters to a floor, three for men and three for women. The "commons" will be a snack room, lounge, and laundry room, with the usual trash and storage areas. The first floor will have three clusters plus the main lounge, recreation area, TV room, hall office, and an office for the Coordinator of Residence Halls. Each cluster will be able to maintain its own privacy and may set its own visitation rules (within limits set for all residence halls).

The new hall will cost \$25.00 more per semester, however the luxury of individually controlled heat and air-conditioning, two elevators, and complete carpeting must be considered.

About May 29th, Housing Preference Forms will be sent for the '71-72 academic year. On this indicate your choice of roommate, halls, and rooms or clusters. Mutual roommate choices will always be honored. Cluster choices will be honored where possible. You must request the coed hall to be considered for residence. Forms must be returned to Resident Assistants during the first

(Continued On Page Four)

Tekes paint fence

Public Service Weekend is a traditional community help project sponsored by about 290 active chapters of the international fraternity Tau Kappa Epsilon. Annually, each chapter reaches out to create harmonious feelings between the college town and the college students. This year on April 23 and 24, Frostburg's local TKE chapter, Theta Chi did their part by painting green the fence which guards St. Michael's parish in uptown Frostburg.

The Theta Chi TKE's haven't limited their community activities to just one weekend however.

If you've seen little boys running around Gunter Hall on Saturday mornings, it's because they're meeting with a group of TKE fraters in organization

room two for arts, crafts, and sports. The money to buy materials and T-shirts for the twenty-six participating boys comes from chapter dues. During first semester, the fraters took the boys on a tour of Washington which included visits to the Washington Monument, the Capitol building, and the zoo. To cap the day's activities, the boys stopped by John Espinosa's house for a cook-out. On May 9th, the fraters are taking the boys to Memorial Stadium for a Baltimore Oriole game. Dick Schnell, Whitey Dawson, Tom Thrasher, John Espinosa, and Tom Golding along with many other TKE's believe that every weekend can be Public Service Weekend.

Tekes paint the town green!

Plant Potted Pines

What do you do with an old strip mine in your back yard? The students and faculty of Frostburg State College are giving the strip mine at the rear of the campus a new spring coat of Virginia Pine.

2000 young trees, donated by Westvaco, will be planted on the strip mine on Saturday, May 8, starting at 10 A.M. Refreshments will be served by the FSC Student Association.

The new Virginia Pines were prepared for planting on Saturday, April 17. Each tree was placed with soil and fertilizer into a milk carton. The cartons for the "potting" were donated by Potomac Farms Dairy, and about 100 students and faculty turned out for the task. Though the

weather was far from perfect, the potters had gotten to know each other better and felt united in their common cause by the time the trees were settled in their temporary homes.

The tree plant on this Saturday promises to be even more rewarding. Members of the Student Association and the Faculty Anti-Pollution Committee who have organized the "Plant-In" have issued a call for volunteers, not only from the college, but also from the surrounding communities. Hopefully, pollution abatement in our area will be aided and all participants will get to know each other better.

For more information on the Tree Plant, contact Jon Sticklen at 689-6621, Ext. 316.

Special! A one week course?

A special one week course titled "International Interpretation of Movement" will be presented this summer at Frostburg State College under the direction of an internationally-renowned physical education instructor.

The course will have as its principal instructor Professor Liselott Diem and will be conducted July 19-24 under the sponsorship of the college's department of health and physical education.

Professor Diem, who teaches physical education at the Deutsche Sporthochschule in Cologne, Germany, has served as a lecturer and visiting instructor in 24 foreign countries and is the author of numerous publications and producer of several methodical films on physical education.

Assisting Professor Diem at the Frostburg State College pro-

gram will be Renate Scholtz-methner, also of the Deutsche Sporthochschule faculty.

The course at Frostburg State may be taken for two hours of credit or may be audited on either the graduate or undergraduate level. Class presentations will include films, slides, demonstrations and discussions with emphasis on elementary curriculum, motor development and remedial gymnastics.

According to Dr. Harold J. Crofts, head of the college's department of health and physical education, the course will provide a valuable and extraordinary experience for those who enroll in the one-week session.

Individuals interested in enrolling in the program for audit or credit should contact the college's Summer Session Office for additional information.

Greek Council elects Thrasher president

Tommy Thrasher was elected president of Greek Council for the school year of 1971-1972. Other officers elected were Jessie Smith, vice-president; Janet Perzinski, secretary; and Melody Hardesty, treasurer.

"Greek Council has been an extremely weak organization on campus with no power," stated Tommy. "I hope to get the Greek organization to work together and stir interest among the Greeks."

Tommy has many suggestions and ideas for next year's Greek Council. Tommy hopes that Greek Council will initiate an open-rush system for men, where there will be no formal rush week with smokers. Each fraternity will decide when and how to entertain prospective pledges. All pledging periods do not necessarily have to begin at the same time.

Another suggestion to be ap-

proved by Greek Council is the possibility of a Fall Greek Week and a Spring Greek Week. There would be a songfest both weeks, but the Spring Greek Week would sponsor a dance with a name band for the entire college.

Tommy has discussed with Dean Manicur the possibility of an office for the Greek council in the new College Center building.

Plans to revamp the Greek council constitution will begin next fall. Tommy plans to visit other colleges and universities in his vicinity this summer to obtain ideas for strengthening the Council.

"I feel that the Greek Council should have a governing function, but it should also act as an advisory board for all fraternities and sororities," Tommy emphasized.

Next year's officers for the social fraternities and sororities are as follows:

Alpha Delta Chi: Jim Haynie, president; Gary Blank, vice-president; Morris Willey, recording secretary; James Knable, treasurer; LeRoy Creswell, pledge trainer; Gary Frace, chaplain; Gary Bowen, Sergeant-at-arms; Ken Pride, corresponding secretary; Gary Sheppard, rush chairman.

Alpha Xi Delta: Carmella Vito, president; Lin Bass, vice-president; Brenda Bowen, recording secretary; Penny Kelly, treasurer; Cindy McClenney, membership chairman; Brenda Hurbanis, pledge trainer; Barbara Wright, corresponding secretary; Barbara Liedke, marshal; Sharon Lowe, chaplain.

Lambda Phi Delta: Cathy Ven-

etta, president; Robin Bradford, vice-president; Kay Rayston, recording secretary; Jackie McCawley, treasurer; Mary Ann Busch, corresponding secretary; Sherry Miller, pledge trainer; Dee Messick, historian; Ellen Payne, chaplain.

Tau Kappa Epsilon: Dick Schnell, president; Jack Hughes, vice-president; Tom Thrasher, secretary; Tom Herbert, treasurer; Gene Popiolek, chaplain; Tom Golding, historian; John Williams, sergeant-at-arms; Whitey Dawson, pledge trainer.

Theta Delta Pi: Linda Schoenbrodt, president; Sharon Smith, vice-president; Debbie Smith, recording secretary; Janice Hiedel, treasurer; Maurita Stiep, corresponding secretary; Sheila Bark, historian; Connie Mick, sergeant-at-arms; Debbie Plunkert, chaplain.

Sigma Tau Gamma's officers were not available at the time of this printing.

Sing your heart out!!

Beginning this coming fall FSC students will have the opportunity to sing in three different choral organizations. The Music Department has revised and enlarged the choral program to meet the increased vocal needs of the music major and to respond to the requests of the general college student and the community singer who wish to participate in a choral group.

The CONCERT CHOIR directed by James Pierce will serve the department and the college as the major performing choral organization. Their programs will be

Jive To Jazz

The entry of Frostburg State College into the American College Jazz Festival has added a special excitement to the concert being presented by the Frostburg State College Jazz Ensemble, led by Mr. Jon Bauman, and the Madrigal Singers, directed by Mr. Charles I. Sager, at 8:15 P.M. on May 8, 1971 in Compton Auditorium.

Every known college jazz group including both big bands and combos has been invited along with Frostburg State's Jazz Ensemble to participate in the Festival by performing a concert on campus. The American College Jazz Festival is a national program of the John F. Kennedy

Editorial Comment

The answer to the question

We feel an overwhelming sense of frustration. We have pushed our rights as citizens of a democracy to a breaking point. We have worked to make our freedom work for us. We have consistently used our rights to gather in groups to demonstrate and to lobby; we have made full use of our freedom of speech and of press. We have done all this in an attempt to prove that we, in a never-ending search for life, liberty and the pursuit of happiness demand one more right — the universal right of peace.

This April 24, an elaboration of the 1970 moratoriums, the march on the capitol took place. The media estimated the crowd at 200,000. 500,000 is probably a better estimate. The anti-war movements of April proved that the quest for peace is no longer only in the hands of the young, the radicals, the freaks, and the "liberals." A war that won't end, and a government that won't listen has shaken thousands of lethargic Americans from all walks of life into active dissent. When war veterans throw aside their medals of "disgust and shame" to denounce the war, the middle-aged women parade the streets with posters reading "Stop the Slaughter in Indochina. Set the Date for Total Withdrawal in 1971!", it is obvious that our nation, like the historical Liberty Bell, is ready to crack.

What or who will break first — the huge machine of the government which has proven without a doubt its remoteness and impersonal feelings toward its governed, or the people, who pitifully and in vain, try to protect and augment their precious freedoms?

Perhaps the ominous answer lies in the results of April 24th. On April 24th thousands flocked to Washington, many in Vietnam were sent to their graves, and Richard Nixon hid like a mole in depths of Camp David.

Manicur makes Dean's list

Dr. Alice R. Manicur, dean of students at Frostburg State College, has been appointed as a member at large of the executive committee of the National Association of Student Personnel Administrators.

Dean Manicur, who was named to the post at the association's national meeting in St. Louis, is the first woman to be appointed to the board of NASPA in its 53-year history.

The primary function of deans and administrators of student affairs is to foster the maximum personal development of students as individuals and as members of society.

Membership in the association includes some 2,900 deans and administrators from over 900 colleges and universities.

Dr. Manicur has served as dean of students at Frostburg State College since 1960. She holds active membership in several national organizations and locally is a member of the American Association of University Women, of which she is a past president. Dr. Manicur is also a member of the regional chapter of Delta Kappa Gamma, a professional educational sorority, and the League of Women Voters.

She also served as chairman of the Maryland Student Personnel Workers for eight years.

A graduate of Berea College, Miss Manicur received her advanced degrees from Indiana University.

VISTA (Volunteers In Service To America) representatives will visit Frostburg State College on Monday, May 10, 1971 to seek qualified candidates. The representatives will recruit those individuals who basically see themselves as catalysts in helping the poor to identify the elements of a problem, determine a course of action and initiate it. The VISTA representatives will be available for interviews and answering questions at Gunter Lobby.

Volunteers serving with VISTA help to counter the ignorance, apathy and prejudice which have dominated the poor in this country. Volunteers serve throughout the United States and its territories, working in the heart of decaying urban ghettos or in the depression and misery of rural areas: Indian reservations and

migrant camps. VISTA workers spend long, hard hours with these people. Their job is a simple one—find out what the poor need and want and try to respond. It is a job that must be done for Americans.

VISTA workers are volunteers for one year. That isn't a very long time. They can't expect to solve the problems of the disadvantaged in that amount of time, but perhaps they can help the poor work their own way out. VISTA isn't another give away program, another hand out. The only hand out involved is the hand extended from one human being to another, from one individual willing to share with others.

The representatives will emphasize VISTA's current need for skills that meet the needs of the

poor—doctors for clinics, lawyers to work in legal aid programs in poverty areas, advocate architects to design self-help housing projects which reflect community needs, teachers to instruct Head Start, business consultants to help low income persons obtain loans at a reasonable rate, and senior volunteers to reach millions of the forgotten poor, the elderly.

Area residents who would like more information or applications for VISTA are invited to meet with the representatives in Gunter Lobby or write: VISTA Recruitment, 910-17th Street, N.W., Room 917, Washington, D.C. 20006

Bitch

By Buddy Muse

About a month ago an article appeared in this paper about the problems which beset the library and its administration. In the interim students have been given the opportunity to voice their opinions and suggestions through a suggestion box located at the circulation desk. Some of the main questions and their answers follow here:

Q: Can the library be open later on Friday and Saturday?

A: Due to a cramped budget, this is not possible. Also students should realize that there is more to it than just having someone "open" up the library. It would mean increased bills.

Q: Is there any way of quieting down those who come to the library to fool around?

A: No official way but there is a lounge (reading room) for those who are bothering others.

Q: Can the record room be used on Saturday afternoon?

A: Yes—the schedule is on the door.

Q: Is there any way of getting a special book in?

A: Yes, by filling out a green order card at the circulation desk.

Some decisions have been made recently in reference to the library's future use. During exams it will be open on Friday and Saturday until 10 PM and Sunday from 1 to 11 PM. Another change designed to make it easier for students is the card catalog has been divided so that author-title cards are in one section and subject cards in another. Bitch ain't it!

LECTURES

Next week's issue of
STATE-TO-DATE

will be the last issue of the 1970-71 school year.

SO

if you've got something to say — say it now!!

No news!?!?

Word has been received from E. Nelson James, Executive Secretary, Sigma Tau Delta, National English Honor Society, that the Frostburg State College chapter has been recognized by the National Board of Directors as the Epsilon Lambda Chapter of that society. The chapter president elect for academic 1971-72 is Wanda Trimnal. Membership in the Epsilon Lambda Chapter requires junior standing, a minimal 3.0 average in at least 12 English credit hours, and English majority. Associate membership is open to non English majors.

Selective Service

In all probability the two-year extension of the Selective Service Act will be passed by the Congress and signed into law by the President effective June 30, 1971.

There is every indication that when this happens that President Nixon by executive order will end all future student deferments.

Those students who presently hold a 2S deferment will probably continue to be deferred until graduation.

If there are any male students on campus who have not requested a 2-S deferment and wish to be protected they should do so at once and certainly before June 30, 1971. Also if there are any male students on campus who graduated from high school in June 1967 or earlier and are not graduating this June and wish to continue their 2-S beyond

June they should see Mr. Allison at their earliest opportunity.

Summer Jobs

Mr. Allison has announced that the Maryland Dept. of Employment and Social Services, 239 N. Mechanic St. Cumberland, is accepting applications for summer employment at Ocean City. They are also accepting applications for summer jobs in Pennsylvania (Wayne, Monroe, and Pike Counties) Camps. They are interested in inexperienced counselors as well as experienced counselors. Some positions are for service and maintenance positions.

Summer School

Catalogs listing course offerings this summer at George Washington University, Frostburg State College, the Johns Hopkins University, Loyola College, Frederick Junior College, the University of Baltimore, Salisbury State College, Hagerstown Junior College, Howard University, Anne Arundel Community College, Towson State College, Charles County Community College, Montgomery College, Prince George's Community College, Morgan State College, the Maryland Institute of Art and Georgetown University, are available in Mr. Allison's Office in Gunter.

Last chance to sow

Sunday, May 9th at 8:00, The Mustard Seed will hold its final coffeehouse of the semester, in case of rain, the coffee house will be relocated at the Mustard Seed across from Harper's.

The Program will consist of jazz, rock and folk music. Jazz will be provided by Plain Brown Bag (Linda Brown, Steve Lafevre, Doug Hurt, Sandy Sherwood and Walt Truxon). Rock music will be provided by Eddie Troy, John Koorey, Chris Dixon and Tom Klisurick. Robin Wilson and Tom Klisurick will provide folk music.

There will also be a jam session. In addition to those mentioned above, many of the people who have been performing during the semester will also be on hand. So, Bring Your Blanket on down to the Fine Arts Plaza Sunday night.

Tennis Teams Triumph

Looking at the women's tennis team they are off to a good start. In their first home match they defeated Fairmont State College.

This past weekend they traveled to Madison and Bridgewater Colleges in Virginia. On Friday, Madison took the match winning 6-3. Winning singles for FSC were Linda Tucker, Sue Amos, and Debbie Krueger.

The team met Bridgewater Saturday morning and defeated them 5-4. It was a close match and due to the win of Pat Harris and Becky Jackson they were able to take the match.

Winning singles that day were: Sue Amos, Debbie Krueger, Sue Funary, and Pat Dickinson. Winning doubles were: Pat Harris

and Becky Jackson; Sue Amos and Joan Brooks.

The team has two more matches with Maryland University and Towson State College.

Frostburg State took three of the top four positions yesterday in the Potomac Intercollegiate Conference Tennis championships at Baltimore, scoring 24 points to beat George Mason (15), St. Mary's (13), Bowie State (6), Gallaudet (5), D.C. Teachers (1) and Coppin State (0).

Lee Maytubby took number one singles, Ken Seewald took number two singles, beating both opponents in straight sets, and Joel Curran and Pete Shepherd won in number one doubles, also in straight sets over opponents.

Frank Wastler and Waskow took third place in number two doubles.

SINGLES
Maytubby (FSC) beat Gsell (Gall.) 6-1, 6-2 and Johnson (GM) 5-7, 6-4, 6-1.
Seewald (FSC) beat Dubsky (SM) 6-1, 6-4 and Kroner (GM) 6-2, 6-2.

DOUBLES
Shipland and Curran (FSC) beat Boyd and Gnagy (Gall.) 6-0, 6-0 and Pennell and Guy (SM) 6-4, 6-1.
Wastler and Waskow (FSC) lost to Koker and Mikulis (Bowie) and beat Norris and Sedano (Gall.) 6-2, 0-6, 6-3.

1971 FALL SPORTS SCHEDULE

FOOTBALL

September
11—St. Paul's (Lawrenceville, Va.), 2 p.m., home.

18—Lock Haven State, 3 p.m., away.

October
6—Towson State, 1 p.m., home.

Thinclads

Win some — lose some!

Frostburg's thinclads won eight out of ten running events but lost in a dual meet to the Western Maryland Terrors in a thriller 79-66 last Saturday on the victors' track. The loss dropped the streaking Bobcats to a 4-2 overall dual meet record.

Leading the Cats in their loss to the Terrors were double winners Bob Lieberman and Damien Howell. Lieberman won the 100 and 220 dashes, and Howell finished first in the mile and two-mile runs. Lieberman also sparkled by scoring 11½ points, which led the day and opposition.

Throughout the meet it was evident that the Bobcats were lacking in strength in the field events. Discus thrower Charley Minear had a toss at 128', which placed second in the event, for Frostburg's only good showing in the field.

In winning Western Maryland won its seventh dual meet in eight starts. The Terrors crushed the Cats in the field as Don

Hougen and Jim Zucco won two events each for the Green Terrors.

In a dual meet held last Wednesday at Salisbury State, the Bobcat tracksters overwhelmed the Seagulls by a score of 107-39, again proving hard to overcome in the running events.

Lieberman and Howell again turned in outstanding performances as Lieberman was a double winner in the 100 and 220 runs, and he also anchored the winning 440 relay team. Howell put in a time at 2:06.4 in the 880, the best ever for a school record and also scored a high of 13 points in leading the Cats. Stan Soper broke the long standing long jump record with a leap of 20' 4".

The Cat thinclads will meet cross state rival Towson State this Tuesday in a spirited head-to-head battle hook-up. The following day the Bobcat runners will turn their hopes as they compete in the NAIA District 18 track meet at Indiana, Pennsylvania.

The Old Reliable

S. J. Little
Jewelry Co.

BALTIMORE ST. NEAR
CENTRE — CUMBERLAND

Send a letter to North Vietnam.

Right now hundreds of Americans are being held captive in North Vietnam.

A few prisoners have made it back. They talk about bamboo cages. Vicious beatings. Malnutrition. Humiliation.

But the North Vietnamese will tell us nothing. And it's this silence that makes our appeal more urgent.

For the families at home, there is no word on who's alive. Who's dead. Or even who's being held. There is nothing. Except the anguish of not knowing.

Maybe you can change this. By writing to the one man who *can* change it: The President of North Vietnam.

Ask him to release the names of prisoners, allow them to write to their families, and let the Red Cross inspect the prisons to

insure proper medical treatment and living conditions.

Remind him that he is bound by the 1949 Geneva Convention which his country signed. And by the Istanbul resolution.

North Vietnamese leaders do care about American public opinion. And if they think they can gain something by bowing to it, they will.

But one letter won't do it. Or a thousand. Maybe it will take millions. So we've got to write now. All of us. And often.

Write a letter tonight. And send it to: Office of the President, Democratic Republic of Vietnam, Hanoi, North Vietnam.

It'll cost you a quarter. But it might save a life.

THE AMERICAN RED CROSS ✚

Maybe they'll open it.

Diamond men whip and slip

Last Wednesday, the Bobcat diamond men did their own thing again as they whipped St. Francis of Loretto, Pennsylvania in both ends of a doubleheader 16-3 and 10-3. In winning, the Cats swept their ninth twinbill in 10 tries and upped its record to 24-3.

Lefty Chip Gateau was the main show and attraction as the junior hurled a no-hitter in the second game for his second victory of the season. Providing power at the plate for Gateau was first-base man Joe Steiner who capped an 8 for 8 day by banging out 5 hits in 5 attempts, while knocking in 5 runs in the process.

In the opener Hank Hanburger recorded his sixth straight win, by limiting the Friars to 4 hits and 3 runs, while striking out 8 and walking 3. Phil Collins and Steiner gave the Bobcats the needed hitting as Collins socked two round-trippers as Steiner went 3 for 3.

Last Saturday in front of a Parents' Day crowd, the Bobcats were not as lucky and split a doubleheader with Point Park College of Pittsburgh, Pennsylvania by scores of 3-2 and 5-4.

Bob Well's Chargers won the opener 3-2 behind the five-hit pitching of lefty John Helmick. Helmick won his sixth decision

in 7 attempts, while limiting the Pioneers to only 5 base runners. Supporting Helmick at the plate was third socker Jim Carli's 2 for 3 day and 2 RBI's.

In the nightcap, Point Park reversed the scene and edged FSC 5-4 on some fine relief pitching by fireballer Joe O'Grodnik and a pair of costly Frostburg errors. Steve Mills went 3 for 3 belting 2 homers while scoring 2 runs. The Bobcats got 6 hits compared to PPC 10 safeties. George Moraz, who took over for starter Dick Schnell in the second was tagged with the loss, which was his third. In winning and losing, FSC's record now stands at 25-4.

Bobcat stickmen get in some practice for up and coming games against Bowie State and Maryland.

Speaking of Sports . . .

with Jim McCarthy

Joe Steiner's bat is about as hot as it can get. In going 8-8 against St. Francis last week, Joe raised his 'low average' of .398 to a whopping .446.

If FSC's 27-4 baseball team does not make the NAIA District 18 finals, then something is wrong somewhere.

Spring football has been in the air for the past couple of weeks here at FSC and it will all come to head this Saturday in a full inter-squad scrimmage. Jim Crawley's chargers have really been working hard, hoping to improve on last years 7-1 record.

On May 11th, the athletic department will sponsor the 1st annual Spring Sports Banquet. Athletes from all spring sports will be honored and tickets can be purchased from the PE department for anyone interested.

Newcomers to this year's soccer schedule are Indiana, Pa., UMBC and Point Park College from Pittsburgh, Pa. For strange reasons, unknown, powerhouse Davis and Elkins will not appear. Oscar Lewis, the little Cat speedster, sustained an ankle injury while playing against St. Francis last week and probably will not finish the season. Lewis was in the top ten, nationally (NAIA) in stolen bases until the untimely accident occurred.

Presently, Frostburg is trying to get into the newly-formed

Presidents Conference, since the Bobcats have finally cut the ties with the PIC — It seems the PIC lacks the competition and sports involvement which the Presidents Conference has to offer.

FSC last week won the PIC golf championship with a team score of 726 for 27 holes. Galludet placed second with 739 points and St. Mary's third with 802. Bobcat Bob McVay was low medalist with 37-38-36 for a score of 111.

The men's lacrosse team has really improved after losing 4 straight. The Cat stickmen have won 3 in a row, owning victories over Catonsville Community College, West Virginia University and last week's 6-5 avenged triumph over Mt. St. Mary's.

Did you hear about the treatment our baseball players received from the Shepherd crowd when Shepherd and Frostburg played last week? It is too bad athletics is becoming a place for fans to show their frustrations etc. . . . It is great when you have a keen rivalry, but this is getting ridiculous.

It is astonishing that this year's track team is setting so many new school records, it must be the weather.

It looks like the Red Sox are challenging the super Orioles for the pennant. Some people, like myself, get tired of seeing the same team always in first place. So go you Bosox!

Join a new choral group

(Continued From Page One) composed of the finest compositions in choral literature ranging from the 16th to the 20th century and will be both accompanied and a capella. The concert choir will perform at least two concerts on the campus and will give special concerts about the state in the spring. Rehearsal time will be M W F at 2:00 and, since the size of the group must be limited, an audition is necessary.

The COLLEGIUM MUSICUM, also directed by James Pierce will serve a dual purpose in the choral program. It will serve as a workshop for choral majors within the department and it will also provide other interested college students with an opportunity to sing in a small one-on-a-part ensemble. The literature will include madrigals, trios, quartets and similar ensemble material. Performances will take place monthly in the Wednesday afternoon Music Department recitals. Rehearsal time will be T,TH at 6:30 P.M. The size of the organization must be limited so audition will be necessary.

The CHORAL UNION under the direction of Charles Sager is a new organization designed to provide an opportunity for the maximum number of FSC students and community singers to participate in a choral group. This large choral class will concentrate on the larger choral forms such as oratorio and operatic choruses. They will perform an oratorio or other large work in the spring. This organization, like similar groups on many other college campuses will provide an opportunity for members of the greater college community to participate in choral activity. Faculty members, faculty wives and members of the Tri-State area are welcome to join as well as FSC students. Rehearsal will be held on Monday evenings from 6:30 to 8:10.

Those present members of the student body who wish to participate in any of the choral groups next year should see the respective directors before the freshman class arrives so that they may be assured a place in the group of their choice.

Jazzed Up

(Continued From Page One) Center and is sponsored by American Airlines and American Express. Executive Producer for the Festival Finals is Willis Conover, noted jazz authority. The Festival's Jazz Advisory Panel consists of Julian (Cannonball) Adderly, David Baker, Topper Carew, Stanley Euell, John Lewis, Tahir Sur, and Clark Terry.

A year from this Spring the Finals will be held at the Kennedy Center, the national cultural center scheduled to open September, 1971. As a catalyst for the Festival, the JFK Center, even before it opens its doors, is playing a vital role in stimulating jazz around the country. Campuses now have the opportunity to share their musical efforts with each other, thereby arousing new interest, and their best endeavors are showcased nationally.

The American College Jazz Festival is the second such program of the John F. Kennedy Center, patterned after its American College Theater Festival now in its third year. The objective is to build interest in all the performing arts.

Winning With Lacrosse

By George Miller

Last week the Bobcat stickmen continued to rebound from four early season losses by winning two games. On Wednesday they clawed the West Virginia University Mountaineers by a 15-4 score. Dave Booz scoring 5 goals to lead all scorers. Rich Minear, Bob Booz, Bob Evans, and Marty Musella were the other big guns for Frostburg in this game. Mark English took over the goal this game and did an excellent job. This game was very important to the young team, as it enabled the reserves to play and gain valuable experience.

On Saturday the Bobcats set out to gain revenge for an earlier loss to Mount St. Mary's. This was done by 6-5 score. The Mounts scored 2 early goals but could not hold off the surging Bobcats who rallied for the win on a backhand shot by Rich Minear. In this game Dave Booz and Bob Evans had one apiece. Bob Bennet continued his fine job in the goal making many difficult saves. An inspired defense of John Ellinger, Chilly Orme, and Steve Krabill continued to mature as a unit looking especially good on clearing the ball to the attack. The midfielders were very aggressive on defense as well as offense with their most success coming from dominating faceoffs.

The Cats recent success can be contributed to the team finally working as a unit. With two games remaining the team could end the season with a five game winning streak and a 5-4 record. On Saturday, May 8th they host Bowie Lacrosse club at 2 o'clock on the lower athletic field. Following this game they will play

Western Maryland college at home on Tuesday May 11th. This is not only the final game, but also the toughest for the team as Western Maryland will be appreciated when the Bobcats send two more losers home to Baltimore, the so-called home of Lacrosse.

By Nila Toribio

The women's lacrosse teams are off on their winning season. In their first two home games they defeated Penn State 10-3, and Catonsville Community College, 6-4.

This past weekend the Bobkittens traveled to Virginia. In Friday afternoon they met Madison College in hopes to revenge their loss of last year. Since 1969, the Kittens have had only one defeat to a college team and this was to Madison College. Friday's game was highly contested; at half time the score was 7-4. Madison controlled an aerial game and beat the Kittens 12-6.

Higher scorer was Sharon Feldhiem with 4 goals and goalie Nancy Gise had a good game with 16 saves.

Saturday morning the Kittens played and defeated Bridgewater College 9-7. The game went back and forth with goals scored and at half time the Kittens were down by one goal 5-4. At the start of the second half, Bridgewater scored and the Kittens trailed by 2 goals. With 8 minutes left the Kittens scored two goals and tied the score. In the last three minutes the Kittens scored two more goals and defeated Bridgewater 9-7. High scores of the game were Katy Clement and Dee Mullineaux with 3 goals and goalie, Nancy Gise had 5 saves.

The Kittens will conclude their season with a trip to Maryland University and Towson State this weekend, May 7th and 8th. On Saturday they will also play Trenton State College and the Women's Baltimore Lacrosse Association.

Go Co-ed!!

(Continued From Page One) week of May. Hall assignments will be made during May, and Housing Contracts, with your hall assignment, will be sent June 1st. Room assignments will be given shortly before the halls open in the fall.

If there are questions about the Coed hall, direct them to any Housing Staff member.
