STATEMENT OF

The Expenses

OF WICOMICO COUNTY

FOR THE

Year Ending June 8, 1880.

State of Maryland, Wicomico Co., to wit:

At a meeting of the County Commissioners

of the aforesaid county, held in their office in

Salisbury, at which were present:

Clement M. Wright, President,

William H. Coulbourn, Treasurer,

Daniel Hollaway,

Levin J. Gale,

William T. Williams, Commissioners,

A. J. Wood, Clerk,

It was ascertained that the lawful and nec-

essary expenses of the county for the said

year, together with certain contingent ex-

penses yet to accrue for the ensuing year,

were as follows, to wit:

Circuit Court.

County Clerk's fee for office 170 45

LOCAL NEWS.

Apples are ripening.
Wheat is worth about \$1.10 in
the market.
Water terrapin now tickle the
taste of the aesthetes.
Your best attention call at
established office of Dr. Bell.
You are troubled with rheumatism
Kendall's Spavin Cure. See
the editor accounts for
small amount of original matter in
this week.
The city markets are flooded with
fishes and prices are low. Salisbury
best market to sell in.
The road way across Wicomico Falls
is a thing of the past.
It is just now the study of the age to
grow many weeds can be crowded on
square inch of postal card.
Harvest is about over, and thresh-
ing machines will take the place of the
wheats, and the golden grain is now
the market.
Nothing stupefying or dangerous,
Morphia, no Opium, enters into the
composition of that famed remedy, Dr.
J. B. S. S. Price 25 cts.
A young man that works for his
hard, no matter what honest labor he
performs, has no reason for shame. A
young man who eats the bread of idleness,
no matter how much he has, is
 disgraced.
Lost—On Monday evening, June 28th,
Child's Gold Neck Chain. The finder
will be liberally rewarded by leaving the
same at the store of Brewington & Dorman,
L. W. Dorman.

Blacks—Messrs. Foskey, German &
Elliot, Delmar, Del., have just turned a
film of first-class bricks of all kinds,
which they are ready to deliver on short
notice.

OUR FIRE DEPARTMENT.—The Show
Mill fire was a big advertisement for the
department, as all the prominent papers
of the Eastern Cities copied our report
of the personnel of the organization.

COW KILLED.—A bull-tarrier dog killed
a cow in front of M. E. Church early
Wednesday morning. A suit for damages
is talked of, our advice is to leave
law severely alone and let those interested
settle the matter among themselves.

MARRIED.—At the residence of the
bride's father, near Kingston, Md., on
Wednesday last, by Rev. Mr. Holmes,
Capt. E. J. Adams, to Mrs. Miranda
Taylor, the former of Somerset, the
sister formerly of Wicomico county.

DISTRICT CONFERENCE.—The District
Conference of the Methodist Church
South is in session here at this time, and
has among its membership many distinguished
divines. That branch of the
church has always been remarkable for
its men of fine ability.

POPULATION OF SHARTOWN.—According
to the last census the village of
Shartown, Wicomico county, contains
within its limits 413 people; and the district
outside 448, making altogether 861
inhabitants, in Shartown or 10th election
district.

NOTICE.—Notice is hereby given, that
the term for which the members of the
graded schools in Salisbury were appointed,
has expired, and that applications
for the same positions will be received
until August 1st, next. By order of
Board, H. Laird Todd, Chairman.

COUNTERFEIT.—A \$100 bill, counterfeit,
is spoken of as being in circulation.
Well, we don't have any "dinks" of that
amount, so we are not very uneasy, but
some of our friends might not be so
lucky, so we say to them, scan your
money closely.

SERIOUSLY INJURED.—While going
home on Monday last, the team of Mr.
John Hearn, frightened by another
team attempting to pass, ran away. Mr.
Hearn was thrown out, and by some
misadventure caught in the wheel. His
injuries are supposed to be serious.

NOTICE.—Since the Forenoon of the
Steamer company has become a Bened-
dict, the Forenoon of No. 2 Hose and
the Hook and Ladder company have de-
termined to follow suit. Propositions
will be received from good looking young
ladies of ample capital.

FIRE.—On Monday afternoon last the
woods and a portion of the fence around
the field near Middle Neck railroad
bridge was discovered to be on fire, but
by timely assistance it was put out. be-
fore much damage was done. It was
supposed to have originated from a spark
from the locomotive.

FOR OCEAN CITY.—Some twenty-five
or thirty people from Baltimore went
over to Ocean City on Thursday morn-
ing, among whom we note Mr. Edward
Johnson, wife, two children and nurse.
Mr. J. is a son of the late Hon. Beverly
Johnson. Also among the number was
Mr. B. Gieske, wife, children and nurse;
Mr. H. Koidel, wife, five children and
nurse; Dr. W. Simon, wife and child.
All found comfortable quarters at the
Atlantic Hotel.

New Book.—Mr. Edward Catlin, of
Taskin, is the agent for the sale of
"Rahwa's History of the United States."
This is a beautifully illustrated work,
and comprises a large number of beau-
tiful cuts reciting the events of the
times from the first settlement to the
present time. Price \$3.00 and \$5.00, ac-
cording to binding.

ANOTHER SNAKE STORY.—A boy
named Bayfield, at Crisfield, caught a
garter snake last week and put it in a
bottle. In two or three days a large
number of snake eggs were seen with
the snake. Sure enough, the snake had
deposited its latter in the bottle, and
the boy thinks he will raise his own
snakes in the future.

GALA DAY AT SHAD POINT.—The
Sunday School of the Methodist Epis-
copal Church South held a picnic at Shad-
Point on Thursday afternoon last, at
which time speeches were made by sev-
eral persons, and all spent a very pleasant
afternoon. Several young gentlemen
and ladies from this town were in at-
tendance.

STEAM MILL BURNED.—The steam
mill belonging to Mr. Levin S. Hastings,
situated about two miles above Delmar,
Del., together with about ten thousand
feet of lumber was totally destroyed by
fire Wednesday afternoon last. The loss
is estimated at about \$2,000. We have
not heard whether it was insured or not.
The origin of the fire is unknown.

CELEBRATION AT FRUITLAND.—There
will be a grand celebration at Fruit-
land on Tuesday evening next, July 6th,
at which time there will be a mag-
nificent display of fireworks. The
ladies and gentlemen of Salisbury are
cordially invited, and all who desire to
spend a pleasant time. Refreshments
in abundance.

STATE SCHOOL FUND.—The distribu-
tion of the State School fund, among the
Eastern Shore counties, is as follows:
Caroline, white \$1,404.99, black \$579.09;
Dorchester, \$2,719.58, \$1,147.80; Queen
Anne's, \$2,017.57, \$995.49; Somerset,
\$5,389.04, \$1,115.36; Talbot, \$1,988.19,
\$833.48; Wicomico, \$2,169.08, \$713.42;
Worcester, \$2,868.78, \$899.32; Kent, \$2,
153.18, \$1,108.24; Cecil, \$2,652.48, \$542.97.

PERSONAL.—Mr. E. Jackson, head
of the firm of that name, is in town this
week with his family, attending the Dis-
trict Conference of the M. E. Church
South. Mr. J. was one of the Delegates
from this State to Cincinnati, and says
it was the most harmonious convention
he ever saw, and that Hancock is going
to be elected. Mr. Jackson will remain
in town for several days.

AT THE SEA SIDE.—Mrs. Dymock, for-
merly of the Salisbury Hotel, has gone
to Ocean City, where she will take
charge of the ladies' department of the
Sea Side Hotel. All who know Mrs. D.
will agree with us when we say that the
Sea Side will be a large gainer both in
success and popularity in consequence.
Mrs. D. is one of the best of managers
of the catering department of a first-
class hotel, we beseech for the Sea Side
a good run and successful season.

DELINQUENCIES.—A paper in New
Haven, Conn., used a man for forty-
three dollars, due for papers furnished.
The defendant set up the plea that he
had several times ordered the paper
discontinued, but the court held that,
under the laws of the State and of the
United States, a publisher is bound to
send his paper until all delinquencies
were settled up, and that the parties to
whom the papers are sent are liable for
all copies so sent, and judgment was
rendered for the amount and costs.

KILLED.—A colored man named Wil-
liam Wright was run over and killed
while asleep on the rail road bridge, at
the county line of Somerset and Wicomico
counties, on Tuesday morning last
by the early train, up on the Eastern
Shore Railroad. The engineer saw
something lying on the bridge and
thought it was a dog, until it was too
late to reverse his engine. Wright had
been drinking at the time. No blame is
attached to the engineer or any one else
for the accident but Wright, who ought
to have had more sense than to have
laid himself down on the railroad track,
especially as he well knew the train
would soon be along.

CLEANING UP.—A few hours of work
by the farmer, his boys and hired help
devoted to cleaning up about the house,
cellars and outhouses will make every-
thing in neat and healthful.
There is always plenty of time, even at
the busy season of plowing and seeding, for
this necessary and beautifying work.
This work is more important than most
farmers seem to think. It should be
done even at a considerable cost of time.
Our own plan is to devote rainy days
and odd hours when men come to hand
during the season for it. One of the rainy
days recently we gathered up all the old
brooms about the place, and set all the
hands to sweeping down the dust and
cobwebs in the stables, and the next day
of the same sort we find on our hands,
we shall give them a coat of whiteness,
in which a little carbolic acid has been
mixed.

SHARTOWN DOINGS.—Our correspond-
ent "Dun" sends us the following
items from Shartown:
Business here is very good, consider-
ing the failure of the berry crop.

Messrs. Wood & Wiley are driving a
large business at the marine railway.
Several vessels are on the ways, going
through a course of repairs, while others
are waiting their turn.

The young ladies of this town held a
festival in the railway grove on the 18th
and 19th of June, for the benefit of the
Wicomico Cornet Band, of this place,
and I am glad to learn that the untiring
efforts of these fair sex were crowned
with success, realizing a net cash of \$40.
Before closing I must boast a little on
our band being the only organized Cornet
band in the county, and they are under
the instruction of Prof. Scull, of Philadel-
phia, and are progressing rapidly.

THE SHIRMAN ORGAN CO.—The com-
pany was started less than two years
ago, yet in that brief period there comes
letters from purchasers in nearly every
town on the Peninsula, testifying in the
highest terms to the merits of their
organs. They are evidently a first-class
instrument, and while they do not com-
plete in price with the cheap and almost
worthless goods that the country has

lately been flooded with, they are sold
at figures within the reach of all. Mr.
W. L. Shirman, who stands at the head
of the firm, is well known in business
circles to be an honest, upright and re-
liable man, ever ready and willing to
make good all his obligations. The busi-
ness affairs are under the management
of Mr. W. A. C. Williams, whose long
experience fully justify him for the posi-
tion. It should be an inducement to
those wanting to buy to patronize a
home company, where they may feel as-
sured they will be protected and honestly
dealt with.

The District Conference. The
District Conference of the M. E. Church
South, composed of thirteen pas-
toral charges on the lower portion of the
Eastern Shore, assembled in this town
yesterday morning, presided over by
Rev. G. H. Ray, President of the District.
It was expected that Bishop
Whiteman, of Charleston, S. C., would
be present and preside, but unexpectedly
was prevented by other official duties.
Nearly all the charges on the District
are represented by both clerical and lay
representatives, and the business of the
Conference will probably be conducted to-
day, but the members will remain
in town over Sunday, and preaching by
members of the Conference is announ-
ced for the following churches:
Presbyterian—Rev. W. W. Bennett,
D. D., President of Randolph Macon
College, 10:30 a. m.; Rev. J. D. Hank, 8
p. m.
Methodist Episcopal—Rev. J. Carson
Watson, 10:30 a. m.; Rev. J. L. Clark, 8
p. m.
Methodist Protestant—Rev. J. L. Spen-
cer, 10:30 a. m.; Rev. J. W. S. Robbins, 8
p. m.
M. E. Church South—Rev. J. W. Hild-
rup, 10:30 a. m.; Rev. W. W. Royat, 8
p. m. Love Feast at 9 a. m., and Sab-
bath School meeting, with address by
members of the Conference, at 9 p. m.

The Democratic Primaries.
The Primaries will be held this day
week in all the election districts of the
county, for the purpose of sending 2 de-
legates each to a county convention
which meets on the following Tuesday,
13th inst., for the purpose of appointing
3 delegates to the Congressional Con-
vention, which meets here September 1st.
We hope that every Democratic voter
in Wicomico county who can take the
time will attend the Primaries next
Saturday, and show by his presence that
he intends to express a preference for
somebody, and not delegate the power
of choosing delegates to a few men, who
always have some motive in all they do,
other than the public good. If you are
not for Malone, go for Rider. If you are
for neither, go for good, honest men
for delegates, who will seek the best man
in the district but go for him. Do not
fail to go to the Primary meetings, as
show by your conduct that you are a
man, and have rights which you are bold
enough to vindicate. We love to see a
man have sentiments, and be brave
enough to express them, either by word
or act, and stand by them so long as he
is sure he is right. It is cowardly for a
man to stay away from the Primaries,
and then complain that the delegates ap-
pointed do not represent the sentiments
of the people.

Death of Col. Levin Handy.
Departed this life, in this town, on
Thursday the 24th instant, Col. Levin
Handy. He was born in Princess Anne,
December, 1804, and consequently at the
time of his death was in the seventy-
third year of his age. He was during
his long and useful life, as widely and
favorably known as any man of his
generation. During his life, he occupied
several positions of honor and trust,
having been deputy clerk of the Court
under his brother, the late Gen. George
Handy, and afterwards, Clerk himself
and buying field a position in the Bal-
timore Custom House during one of the
later democratic administrations. He
was for many years Clerk to the board
of Commissioners for Somerset County.
In every position the Colonel occupied,
he showed himself to be a man of intelli-
gence and sterling integrity. Col. Handy
was a lawyer by profession, but gave up
the practice early in life to enter the
Clerk's office, in which he was acting as
deputy under Mr. Lankford, at the time
of his death. He will be greatly missed
by the community, generally. His re-
mains were interred in the Presbyter-
ian burying ground on Friday, at 6
o'clock P. M. —Somerset Herald.

Health in Summer.
The danger from sunstroke or exau-
stion is not very great for persons of or-
dinary health, but any physician will
agree the statement that too great care
cannot be exercised to ward off those
diseases which inevitably follow impru-
dence during the heated term. Too
many people observe the same rules of
living in the dog days that they do in
the bracing atmosphere of fall or win-
ter, and, as a rule, they pay for their
imprudence. Even in the matter of
clothing but little care is taken to
provide against sudden changes of tem-
perature, or during periods of intense
heat to reduce the temperature of the
body. Many persons also expose them-
selves to the sun in the most reckless
manner, while others are equally im-
prudent as to the kind and quality of
their food. The latter is a most impor-
tant consideration. The simpler and
how few restrict themselves or yet how
few discriminate in selecting the
supplies for their tables during the sum-
mer months. Frequent bathing, mod-
erate exercise, abstention as far as
possible from all excitement, rigid sup-
pression of drainage, cleanliness not
only in the living room, but in the
obscure places about the premises these
are safeguards which no person, how-
ever robust his health, can afford to
disregard. The list of ills that follow
the neglect of these ordinary precau-
tions is very long, and all are serious in
their effect upon the human frame.

State and Peninsula Cleanings.
ITEMS GATHERED FROM THE ADVERTIS-
ER'S EXCHANGES.
Milford has about 2,300 of a popula-
tion.
The population of Dover, as just taken,
looks up about 3,900.
Wilmington will sport a Sunday paper,
commencing July 4th.
Gen. Garfield is a relative by marriage
of Mr. F. A. Ellis, of Elkton.
Three-fourths of a peach crop is ex-
pected from the region of Easton.

Cecil county will probably have an
annual county fair this year.
The colored people of Port Deposit
have organized a Garfield and Arthur
club.
The census of New Castle is quoted
at about 3,500, nearly double what it
was in 1870.
The tomato canny of Delaware City
will handle about 100 acres of tomatoes
this year.
Louis Boulden, of Cecil county, re-
cently had a \$800 horse gored to death
by an infuriated bull.
By the death of a rich uncle, a Mr.
Ruth, a carpenter, of Centerville, Md.,
becomes possessed of \$7,000.
The peach crop on Kent Island is very
fine and apple crop promises to be un-
precedented both in yield and quality.
The dogs killed 157 rats at the stable
of the Messrs. Tygart, at Smyrna, on
Tuesday. The slain filled two peach
baskets.
The postmaster at Chestertown now
gets \$1,200 a year, quite a good office for
some Democrat to fill after Hancock is
inaugurated.
The Rising Sun, Cecil County, Bank-
ing Company will shortly organize un-
der the National banking law as the
National Bank of Rising Sun.
Joseph Phillips, who died at Dagsbor-
ough hundred, Sussex county, the other
day, had hoarded in his house \$11,000,
being miserably and altogether afraid to
trust the banks.
The Cecil Democrat is authority for
the statement that a thirteen-month
heifer, owned by a Cherry Hill man,
gives a quart of milk daily, though she
has never had a calf.
The centennial of Methodism in Dor-
chester county is to be celebrated at
Cambridge, Aug. 18, on which occasion
some of the leading ministers of the
church will be present.
A weasel killed forty chickens in one
night for Mrs. Thomas J. Sammons,
near Milford, and when found Tuesday
morning asleep, the weasel was surround-
ed by nine dead chickens.
The Citizens of Oxford are circulating
a petition for signatures, requesting the
Post-Office Department to extend the
mail contract over the Delaware and
Chesapeake Railways, to Oxford.
J. F. Mancha, formerly of Dover, has
purchased a large tract of land on the
James river, known as the "Claremont"
estate, where he is settling a colony. He
already has 100 inhabitants there, estab-
lished a newspaper &c.
Among the curiosities shown visitors
to Chincoteague is the skeleton of a
whale 75 feet long, that was stranded on
the coast some years since. The jaw
bone measures 18 feet in length, while
the ribs, 12 feet in length, look like great
crooked fence rails.
The Milford Basket Company have
suspended work on small fruit packages,
and are making arrangements to place
in their building a scroll saw, a planing
lathe and a moulding machine. The
machinery is ordered and will be in op-
eration in about a month.
Chestertown according to the late cen-
sus, has a population of 2,300, an increase
of 400 since 1870. There are 418 houses,
and 444 families. We learn from the
Transcript that the enumerator was as-
tonished to find such a large number of
young ladies who were just seventeen.
The Greenwood, Del., correspondent
of the Wilmington Daily News writes:
Some days ago a young lady of this place,
despite the entreaties and commands of
her parents, eloped with the man on
whom her affections were centered. Her
departure was made in such haste that
she went barefoot, carrying her shoes
under her arm, and even the shoes were
not mated, one belonging to a younger
sister. The couple is supposed to have
gone into Maryland and been married.
A correspondent of the Marylander
tells a marvelous yarn about a snake
which has been looting around Dame's
Quarter, Somerset county, for the past
ten years. It was a big snake that long
ago and has grown steadily ever since.
When last seen, about two weeks ago,
he was about 25 feet long and as big
around as stavepipe hat. The snake is
of a dark brown or black color and has
a white throat. As a rule those who have
met him did not stay long enough to
make very accurate measurements.

At the regular monthly meeting of
the teachers of the M. E. Sunday school,
held at the Parsonage, June 30th., a
committee appointed at a previous meet-
ing to draft resolutions respecting the
death of Dr. Wm. T. Smith submitted
the following report, which was adopt-
ed.
WHEREAS, It has pleased an inscrutable
but all-wise Providence to remove
from our midst Dr. Wm. T. Smith, who
for many years has been identified
with the M. E. Church, having been
formerly held for a long while the posi-
tion of Superintendent efficiently and
acceptably, and being a teacher at the
time of his death, therefore,
Resolved, That while we bow in meek
submission to the divine will we never-
theless tender our sincere and sorrowful
removal from us.
Resolved, That we rejoice in that trust
in God which has been the result of his
painful illness and which gave him
the victory even in death.
Resolved, That we hereby tender our
heartfelt sympathy to his afflicted
family, and invoke upon them the divine
blessing in their bereavement.
Resolved, That a copy of these resolu-
tions be sent to each of the County papers
for publication, and a copy of them to the
family of the deceased, with address by
members of the Conference, at 9 p. m.

...analysis report...
...animal is...
...importance. He is one of the best...
...servants to man. As remarked by a...
...contemporary, he is a patient, faithful...
...animal, whose fidelity to duty and...
...kindness of disposition, would seem to...
...appeal to his keeper and driver for...
...consideration and kindness. We would...
...never have a man upon our premises...
...who would abuse a horse. The men who...
...ever worked for us were instructed not...
...only to spare the lash, but to spare the...
...tongue. Rough language is pretty near...
...as abusive as actual beating. A horse...
...cannot be screamed at and cursed with...
...out becoming less valuable in every...
...particular. The reach the highest de...
...gree of value, the animal should be per...
...fectly gentle, and always reliable; but if...
...it expects every moment that it is in...
...harness to be "jaded" at and struck, it...
...will be in a constant state of nervousness...
...and its excitement is liable, through...
...fear, to do something which is not ex...
...pected as to go along doing what you...
...started it to do. It is possible to train a...
...horse to be governed by the word of...
...mouth almost as completely as it is to...
...train a child, and in such training the...
...horse reaches his highest value. When...
...a horse is soothed by the gentle hands...
...of his driver—and we have seen him calmed...
...down from great excitement by no other...
...means—it may be fairly concluded that...
...he is a valuable animal for practical...
...purposes, and it may be certainly con...
...cluded that the man who has such power...
...over him, is a humane man and a sensi...
...ble one. But all this simply means that...
...the man must secure the animal's con...
...fidence. In exceptional instances is a...
...horse stubborn or vicious. If he un...
...derstands his surroundings, and what...
...is required of him, he gives no trouble...
...As almost every reader must know, if...
...the animal when frightened can be...
...brought to up the object, he will become...
...calm. The reason is that he understands...
...there is nothing to fear. So he must be...
...taught to have confidence in the man...
...who handles him, and then this power...
...ful animal, which usually a man could...
...not handle, if it were disposed to be vi...
...cious, will give no trouble. The very...
...best rule, therefore, which we would lay...
...down for the management of any horse...
...is gentleness and good sense on the part...
...of the driver. Bad drivers make bad...
...horses usually.

In the next place, there is a limit to...
equine endurance, although some peo...
ple seem by their actions to seriously...
dispute it. We sometimes find men who...
are preoccupied because they have...
nearly worked their horses to death. The...
are stiff in the joints, full of aches and...
pains, and about good for nothing. They...
are worn out before they have nearly ac...
complished the work of life. So will the...
horse wear out. The man who works a...
horse all day, and drives him all night...
or even part of the night, or works him...
all the week and drives him on Sunday...
will have an old horse in less than some...
time before his teeth indicate old age...
and horse-flesh is too valuable to be...
thrown away in that manner. The second...
rule we would lay down, therefore, is to...
be reasonable in your draft upon the...
strength and muscle of the animal.—
Baltimore American.

To increase the Value of a Cow.
Everyone who owns a cow can see at...
a glance that it would be profitable to...
increase the value of her, but everyone...
can not tell how to do it. If a cow is...
kept for butter, it would certainly add...
to her value if the butter-making prop...
erties of her milk should be improved. In...
summer or winter this can be improv...
ed just as the yield of a cultivated crop...
can be improved by what is fed to it...
each; and it is simply a question of in...
put in manuring the one and feeding...
the other. Indian corn will add to the...
quantity and quality of the butter to a...
sensible degree; and it is simply a ques...
tion of solution by experiment whether...
it will add to the profit of the butter...
maker to buy corn at one or two cents a...
pound and convert a portion of it into...
butter at twenty-five cents a pound, or...
whatever the market price of corn and...
butter may be, and another portion of it...
into fat, another portion of it into manure...
for that is the natural result of the...
chemical change produced in the labora...
tory of the cow's stomach. The same...
result will follow if it is fed with clo...
ver. Good pastures will produce an...
excellent milk, often as much as the...
cow can carry; but it does not follow...
that even then it will not be profitable...
to feed her with some more oleaginous...
food to increase the quality of the but...
ter, just as it sometimes proves profit...
able to feed her with corn to enable her...
to store more milk.

It certainly does appear to me that the...
value of a cow, feeding upon ordinary...
winter food, may be increased by giving...
her food suitable for the purpose of in...
creasing the quality of milk, if that is...
the purpose for which the cows are kept...
Farmers generally demand that they can...
convert corn into beef, pork and lam...
lard, and some of them know exactly at...
what price per bushel it pays to convert...
it into these substances; but does any...
one know at what rate it will pay to con...
vert corn or any other grain into butter...
or any other kind of feed in the dairy...
products? Is the whole business a hap...
chance one? Some persons know that they...
can increase the salable value of butter...
by adding the coloring matter of car...
rots to it. Does any person know the...
value of a bushel of carrots, and to a...
cow, to increase her value as a butter...
producing laboratory? Experimental...
proof upon this point would be far more...
work of agriculture than it is to see...
to see who can show the largest spots;...
for by a few carefully conducted experi...
ments we should be able to increase the...
value of a cow almost at pleasure.

To DYE BLUE—A very beautiful blue...
may be produced in an hour by the fol...
lowing process: For each pound of ma...
terial take two and a half ounces of alum...
and one and a half cream tartar. Boil...
them together in a brass or copper ket...
tle for about an hour. Take sufficient...
warm water to cover the goods and color...
it to the shade you may desire with...
chemie blue. Put all into the copper...
pot and boil for a short time, taking care...
to keep it stirred all the time; remove...
the goods, wash in clear cold water and...
hang up to dry.

MISCELLANEOUS.

Poetical.

GIVE THEM NOW.

If you have gentle words and looks, my

friends, To spare for me—if you have tears to shed

Until I hear not, see not, being dead.

If you have flowers to give—fair lily buds,

White roses, daisies (now—where do they

Make mine own dear namesake—let them smile

The air, while yet I breathe it, sweet for me

For loving looks, though fraught with ten-

derness, And kindly tears, though they fall thick

And words of praise, alas! less naught avail

To lift the shadows from a life that's past.

And rarest blossoms, what can they suffice,

Offered to one who can no longer gaze

Upon their beauty? 'Tis in the coffin laid

Impart no sweetness to departed days.

Select Reading.

ONLY A LETTER.

"I am prepared for, and expect the

worst, so do not pity me if your pride

and judgment decide that we must part.

I have told you that I can bear it. My

arrangements are made for leaving Ben-

ton the coming week, and if I must leave

you also, do not let me look upon you

again. It would not be wise. I know

well what your position demands, and I

accept my duty. God bless you all

ways. Adieu!"

Thus ended my answer to David Wool-

sey's proposals for my hand. He had

never asked me to tell him of my former

life, and I might have evaded it with

him as I had with others; but I

scorned to do that, so I sat down and

coolly and deliberately told him—how

that poverty had followed me with a

relentless hand, and forced me into the

not and stifling factory when I was but

eight years old—would his pride cringe

when he read that? I thought so—how

that two years more found me working

as a servant girl, and so, step by step, I

wrote down for him the whole of my

strangely checkered life.

I was not disappointed when the week

went by without his coming—I should

certainly have been had it been other-

wise; and it was with a steady and de-

termined hand that I finished my pre-

parations for leaving. I was going to

Briarwood Brent as governess. My

present needs would be supplied. That

was some satisfaction, and if David

Woolsey chose to take another for his

bride, as I expected he would, all I could

ask of him was to keep her away from

me.

I stood out of doors the night before I

left, looking over the dear old hills which

had almost become a part of myself since

my stay in Ben-ton, and was bidding each

a silent, tearful farewell, when I saw

David Woolsey riding slowly by. I did

not wait to think; but, raising my finger

for him to stop, ran down through the

yard in the street, and reached up my

hand to his.

"Go in the morning, David. Good-

bye."

"Have you nothing more for me?"

His face grew whiter than the paper I

am writing on while he spoke. I hardly

understood him, but answered:

"Nothing more. May God keep you,

David Woolsey."

He bent down until his breath reached

over my face; looked full into my eyes

as though it were the last time—as in-

deed it was for many a day—then, with

a look of love in his body, he turned,

his horse's head and galloped away.

If I had parted friends I believe I

could have borne it better, though I did

not hate him for his scorn. It was not

possible for me to love for him was too

full and perfect for that. I had told

him that I could bear it, and should I

allow the burden to crush me now?

God knows I was very weak.

I found Briarwood Brent a quiet home.

It was a quaint, curious place, with its

wide verandas, its odd-looking wings

and its high and sharply-pointed arches.

I had two pupils both little girls, daugh-

ters of Mr. Bethel, my employer. De-

tails are tedious, and I will not dwell

upon them. Enough to know that I

rejoiced to keep the past away from my

mind and turned my attention to the

present.

I had been there about six months

when one evening there came a call for

me. It was an unusual thing, for a

governess has few acquaintances and

fewer friends; but I did not stop to think

who it was. If I had I should, I sup-

pose, have concluded that it was some

one to see me on business, perhaps to

hire a governess, or something of the

sort. I went directly to the parlor and

found a Mr. Clayton there. I knew

him, by reputation, as an honorable and

influential man, but never spoke to him.

Mrs. Bethel met me at the door, intro-

duced us and left us alone. He com-

menced the conversation by saying:

GENERAL GARFIELD
General Garfield was one of the stockholders in the Credit Mobilier Swindle. Don't forget that.
General Garfield received \$5,000 for his agency in consummating the De Golyer paying job. Remember this.
General Garfield was up to his eyes and ears in the electoral frauds, which counted in Hayes. Let this even be held in remembrance.
General Garfield swore positively that he never owned any credit mobilier stock, and never received any dividends on any such stock. The evidence proved that he swore falsely. Don't fail to recollect this.
General Garfield's friends say, his complicity in the Credit Mobilier swindle was without "guilty intent." They admit he owned the stock, but forget that he swore he didn't. How's that for high?
Is a convicted perjurer and bribe taker, and a "salary grabber" the right kind of a man for President? Who will venture to say so?

PRIMARY MEETINGS!
The Democrats of Wisconsin County are requested to meet in their several Election Districts on Saturday, July 10th, 1880, at 2 o'clock, P. M., to appoint two (2) delegates each, to meet at the Court House on Tuesday July 13th, at the hour of 11 o'clock, A. M. to nominate three (3) delegates to the Convention which meets in Salisbury on the 1st day of September, to nominate a candidate for Congress from the First Congressional District of Maryland, to represent the district in the Congress of the United States. By order of HUMPHREY HUMPHREYS, ANDREW J. CRAWFORD, ELIHU E. JACKSON, Dem. Central Com.
June 26, '80.

"The electoral frauds," says the Buffalo Herald, "though they cannot be punished at least be punished in the eyes of the Chicago nominee."

JUST THINK OF IT. Andrew Jackson wasn't a statesman, but he made an awfully "strong man" for the Democrats. "Old Hickory" is hard to match, but we imagine Hancock will fill the bill.

"Hancock has no ideas." True, he never ventilated many. Those he did trot out, however, read like the Declaration of Independence, on which John Hancock put his name pretty legibly, and Jefferson would not be ashamed of them.

THE RECORD won't bring De Golyer Garfield is wasteful of eloquence in giving his days in blue. Now that Hancock is to lick, he will probably be glad that honors are easy in game.

Don't understand government. He is a halter for, and the document called the manliness to when he could have it in the fire. He is just our

GEN. T. ALFRED PEARSON, chairman of the Republican City Committee of Pittsburgh and one of the most prominent Republicans in Western Pennsylvania, has announced his intention of supporting Gen. Hancock. As Gen. Hancock is said to be a warm friend of the Republican ticket, it begins to look as if the Republican opposition to the Democratic ticket in the Keystone State will be back-bone.

THE DEMOCRATIC assembly held at Indianapolis on Tuesday night to ratify the choice of Hancock for President, was a scene of English. Hendricks, Voorhees, Donald and Landers made rousing speeches in support of the ticket, and called upon all to work for success in the State in October. There are the strongest assurances of Landers' success as Governor. His victory will swell the ranks of the Democratic party.

THE FAMILY OF Nicholas Gwynn, whose daughter married Russell Hancock, the son of Gen. Winfield S. Hancock, is an old family of this State noted for their great hospitality. He they moved from Prince George's county many years ago.

THE FAMILY OF Nicholas Gwynn, whose daughter married Russell Hancock, the son of Gen. Winfield S. Hancock, is an old family of this State noted for their great hospitality. He they moved from Prince George's county many years ago.

General Garfield
General Garfield was one of the stockholders in the Credit Mobilier Swindle. Don't forget that.
General Garfield received \$5,000 for his agency in consummating the De Golyer paying job. Remember this.
General Garfield was up to his eyes and ears in the electoral frauds, which counted in Hayes. Let this even be held in remembrance.
General Garfield swore positively that he never owned any credit mobilier stock, and never received any dividends on any such stock. The evidence proved that he swore falsely. Don't fail to recollect this.
General Garfield's friends say, his complicity in the Credit Mobilier swindle was without "guilty intent." They admit he owned the stock, but forget that he swore he didn't. How's that for high?
Is a convicted perjurer and bribe taker, and a "salary grabber" the right kind of a man for President? Who will venture to say so?

IN AN INTERVIEW with a New York Herald reporter Hon. Abram S. Hewitt demolished the cool announcement contained in the Chicago platform, that the Republicans have built up the public credit since the close of the war. Good harvests, not good management, in Mr. Hewitt's judgment, brought about the resumption of specie payments, and it would have been as idle for the Republicans to have ordered resumption without favorable conditions of nature and trade as it would have been for them to have commanded the sea to encroach no farther. In point of fact Republican "management" reached its climax at a time when the country was suffering the most extreme prostration, and only what the return of the Democratic party to power came the advent of better times. As to the "resumption" of specie payments on which the Republican party felicitates itself, Mr. Hewitt justly regards it as little better than a mockery as long as the greenbacks instead of being retired are kept in active circulation.

WE DO NOT take any stock in the rumor that the Republicans are seriously contemplating the removal of General Garfield from their ticket. Things are pretty gloomy in their camp, we admit, and the shrewdest of them now see what a terrible blunder it was to nominate such a man. It would, however, be a still greater mistake to take him out of the field just now, because, under all circumstances, it is extremely dangerous to swap horses in crossing a stream. Moreover, we do not think it would make a particle of difference in the general result, inasmuch as this year the Republicans cannot elect any candidate, and General Garfield will do to be beaten as well as anybody else. As Senator Cameron very sensibly remarked, in view of this whole subject, the Republicans made their own bed at Chicago and they must lie in it.

HANCOCK AND ENGLISH will certainly receive the 138 electoral votes of the Southern States. They will also probably get the vote of the following Northern and Western States: Connecticut, 6; New York, 35; New Jersey, 9; Pennsylvania, 20; Indiana, 15; California, 6; Oregon, 3; making, with the 138 votes from the Southern States, 241. This would leave the Republican candidate 128 votes, giving the Democrats a majority of 113. Nobody need borrow any trouble about the way of counting these votes. They will be counted by the two House of Congress, according to the Constitution. No Electoral Commission will interfere.

J. RANDOLPH TUCKER, JR., private secretary for Speaker Randall, died in Richmond on Monday night. He was a son of Colonel Beverly Tucker and a nephew of John Randolph Tucker. Mr. Tucker was ill when he returned to Richmond after the adjournment of Congress and continued to grow worse until his death.

THE FAMILY OF Nicholas Gwynn, whose daughter married Russell Hancock, the son of Gen. Winfield S. Hancock, is an old family of this State noted for their great hospitality. He they moved from Prince George's county many years ago.

Announcement.
LIFE OF GENERAL WINFIELD SCOTT HANCOCK.

We are glad to know the well known publishing house of Hubbard Bros. of Philadelphia, have in preparation and will soon issue the "Life of Gen. Hancock," written by his old-time friend, Hon. John W. Forney. The career of the brilliant soldier who is soon to be transferred to the White House furnishes material for a volume which, in deep and thrilling interest, has rarely been equaled in the annals of American biography. It is fortunate that its preparation has been assigned to Col. Forney, who for twenty-five years has been known as one of the ablest editors and most brilliant writers in America. His known ability, and his personal intimacy with Gen. Hancock, are a sufficient guarantee that the book will be full, complete and authoritative—a volume of permanent value, and in this respect widely different from ordinary campaign literature. It will be sold only by subscription, and must meet with a very large sale.

General Garfield received \$5,000 for his agency in consummating the De Golyer paying job. Remember this.
General Garfield was up to his eyes and ears in the electoral frauds, which counted in Hayes. Let this even be held in remembrance.
General Garfield swore positively that he never owned any credit mobilier stock, and never received any dividends on any such stock. The evidence proved that he swore falsely. Don't fail to recollect this.
General Garfield's friends say, his complicity in the Credit Mobilier swindle was without "guilty intent." They admit he owned the stock, but forget that he swore he didn't. How's that for high?
Is a convicted perjurer and bribe taker, and a "salary grabber" the right kind of a man for President? Who will venture to say so?

IN AN INTERVIEW with a New York Herald reporter Hon. Abram S. Hewitt demolished the cool announcement contained in the Chicago platform, that the Republicans have built up the public credit since the close of the war. Good harvests, not good management, in Mr. Hewitt's judgment, brought about the resumption of specie payments, and it would have been as idle for the Republicans to have ordered resumption without favorable conditions of nature and trade as it would have been for them to have commanded the sea to encroach no farther. In point of fact Republican "management" reached its climax at a time when the country was suffering the most extreme prostration, and only what the return of the Democratic party to power came the advent of better times. As to the "resumption" of specie payments on which the Republican party felicitates itself, Mr. Hewitt justly regards it as little better than a mockery as long as the greenbacks instead of being retired are kept in active circulation.

WE DO NOT take any stock in the rumor that the Republicans are seriously contemplating the removal of General Garfield from their ticket. Things are pretty gloomy in their camp, we admit, and the shrewdest of them now see what a terrible blunder it was to nominate such a man. It would, however, be a still greater mistake to take him out of the field just now, because, under all circumstances, it is extremely dangerous to swap horses in crossing a stream. Moreover, we do not think it would make a particle of difference in the general result, inasmuch as this year the Republicans cannot elect any candidate, and General Garfield will do to be beaten as well as anybody else. As Senator Cameron very sensibly remarked, in view of this whole subject, the Republicans made their own bed at Chicago and they must lie in it.

HANCOCK AND ENGLISH will certainly receive the 138 electoral votes of the Southern States. They will also probably get the vote of the following Northern and Western States: Connecticut, 6; New York, 35; New Jersey, 9; Pennsylvania, 20; Indiana, 15; California, 6; Oregon, 3; making, with the 138 votes from the Southern States, 241. This would leave the Republican candidate 128 votes, giving the Democrats a majority of 113. Nobody need borrow any trouble about the way of counting these votes. They will be counted by the two House of Congress, according to the Constitution. No Electoral Commission will interfere.

J. RANDOLPH TUCKER, JR., private secretary for Speaker Randall, died in Richmond on Monday night. He was a son of Colonel Beverly Tucker and a nephew of John Randolph Tucker. Mr. Tucker was ill when he returned to Richmond after the adjournment of Congress and continued to grow worse until his death.

THE FAMILY OF Nicholas Gwynn, whose daughter married Russell Hancock, the son of Gen. Winfield S. Hancock, is an old family of this State noted for their great hospitality. He they moved from Prince George's county many years ago.

Announcement.
LIFE OF GENERAL WINFIELD SCOTT HANCOCK.

We are glad to know the well known publishing house of Hubbard Bros. of Philadelphia, have in preparation and will soon issue the "Life of Gen. Hancock," written by his old-time friend, Hon. John W. Forney. The career of the brilliant soldier who is soon to be transferred to the White House furnishes material for a volume which, in deep and thrilling interest, has rarely been equaled in the annals of American biography. It is fortunate that its preparation has been assigned to Col. Forney, who for twenty-five years has been known as one of the ablest editors and most brilliant writers in America. His known ability, and his personal intimacy with Gen. Hancock, are a sufficient guarantee that the book will be full, complete and authoritative—a volume of permanent value, and in this respect widely different from ordinary campaign literature. It will be sold only by subscription, and must meet with a very large sale.

LOCAL NEWS.

THE SALISBURY ADVERTISER FOR THE CAMPAIGN For 50 Cents?

The campaign now opened will decide whether the right of each State in this Union to self-government shall remain inviolate. The Republican party, which aims at the creation and maintenance of a centralized despotism, will battle for its very existence. In this crisis the duty of every Democrat and every man who loves the Republic is plain. Every man in Wisconsin county or elsewhere who wishes to keep posted on the issues and movements of the campaign can have THE ADVERTISER sent to him from now till the end of the year by sending us his address and FIFTY CENTS. THE ADVERTISER will be kept abreast with the great tidal wave of Democracy which is fast setting in, and will give full reports of the great preliminary battles of September and October, and of the final grand struggle in November. The sooner you subscribe the more you get for your money. Send in your names at once; but be careful to send the hard cash in each instance. Remember, the Campaign ADVERTISER for Fifty Cents.

Hancock and English is all the talk.
Subscribe for the Campaign ADVERTISER.

Don't fail to attend the Primaries to-day.

Our mills are now running on Wednesday.

Another delightful run on Wednesday.

The hotels at Ocean City are filling up rapidly.

Local Laws of Wisconsin county for sale at this office. Price 5 cents.

Buy "Kendall's Treatise on Horse." For sale at this office. Price 25 cents.

Don't fail to take the Campaign ADVERTISER at 50 cts. for advance of the year.

A Hancock and English flag has been flying on the breeze opposite the Court House.

Elder Silas H. Durand will preach in the O. S. Baptist meeting-house tomorrow (Sunday) morning and night.

Mrs. T. J. Prettymore, of Stockton, Md., is now on a visit to her relations in Dorchester county, Md.

We understand there is soon to be organized a Hancock and English Club in this town. Let the good work go on.

It takes letters longer to reach Salisbury or Ocean City, from Franklin, Va., than it takes them to go to Canada from here.

In this town, on the 5th inst., entered into the world, Ernest Williams, son of Marcellus and Anna Magers, in the 3rd year of his age.

Dr. Dennis has taken up his residence for the season at Ocean City, and Mrs. Humphreys and Slemmons will attend to his patients in his absence.

Always keep Kendall's Sperm Cure in your house. If your druggist will not get it for you send to the proprietors, B. J. Kendall & Co., Enosburgh Falls, Vt.

The State Teachers' Association met at Ocean City this week. Our reporter was on the ground, but has not yet sent in his report. Will give it next week.

Our Mail arrangements have been changed again, papers not reaching us till next day in some instances. The fault is on the Delaware R. R. The messengers let them go by.

Children cry for it, but they stop crying at once, after they have taken a single dose, as Dr. Bull's Baby Syrup cures all the pains our little ones are subject to. Price 25 cents a bottle.

OCEAN CITY.—The hotels at Ocean City are filling up with guests from many parts of the country. Politicians not a few, are to be found there at all times. It has become the political headquarters for the Peninsula.

LECTURE.—There will be a lecture at the Baptist Church on Tuesday evening, July 13th, by Rev. Franklin Pierce. Subject: "The Women for the People." Proceeds for the benefit of the church. Admission, adults, 15 cents; children 10 cents. Doors open at 7. Lecture begins at 8.

COMPLIMENTARY.—Among the hands which furnished music at Georgetown, Md., on Saturday last was the Laurel Brass Band, led by E. Bacon, Esq.

It is understood that the Laurel Band has pronounced the best on the ground. We are pleased to hear so good a report from our neighbors.

A COLORED MAN SHOT.—On Monday last the colored population of this town held a picnic in Jersey. During the evening a quarrel arose between Leonard and James Redden. It was found that Redden was occupying one of the swings and Leonard wanted it. Leonard refused to do, and a quarrel ensued. During the melee Jim John, the charge taking effect in the shoulder of the latter. There is no word of death, so say their colored friends. Jim is now in the "Red Bird." There is no telling where the matter will or how badly somebody is hurt.

ACCIDENTALLY SHOT.—Mr. Theodore Griffin, who carelessly handling a loaded pistol of Tuesday last, was shot in the left hand by the discharge of the load, the ball passing through the hand. Dr. Truitt dressed the wound, and pronounced it not at all dangerous.

Pic-Nic.—The picnic at Fruitland on Tuesday was a success. The Sunday School showed great proficiency in their recitations of pieces committed, and the whole affair was one of pleasurable pastime. Many persons were on the ground from distant neighborhoods, and not a few from Salisbury.

IMPROVEMENT.—Mr. Wm. H. Jackson has erected a beautiful iron railing around his burial ground in the M. E. churchyard, also a monument of Tennessee marble over the remains of his departed wife. The improvement adds much to the appearance of the premises. Mr. Tuckstone, of Port Deposit, this State, did the work.

FIRE.—An alarm of fire was sounded on Thursday afternoon, caused by some shavings taking fire at Jackson's mill. In two minutes from the time the alarm was sounded the engine and hose were going down the street, but were met by the intelligence that the fire was all out. Our boys can get to a fire in double quick time.

LOW RATES.—The following schedule of low rates for around trip tickets to Ocean City, from the several Stations on the Eastern Shore Railroad, good for ten days, took effect July 1, 1880: Crisfield, \$2.30; Hopewell, \$2.20; Marion, \$2.10; Kingston, \$2.00; Westover, \$1.90; N. Junction, \$1.80; Princess Anne, \$1.70; Eden, \$1.60; Fruitland, \$1.40; Delmar, \$1.40.

FRACAS AT DELMAR.—On Saturday last there was a celebration at Delmar, and a large crowd of people were in attendance. Everything went on smoothly until some fellows, who had imbibed a little too freely in "bug juice," began quarreling, which soon culminated in a general fight, during which some of those connected with the affair were brutally knocked and kicked about, being slightly injured.

FOURTH OF JULY.—The Fourth of July this year falls on Sunday, a happening that will not repeat itself again until 1887. The Fourth occurs only on Sunday when the Dominical or Sunday letter for July happens to be C, which takes place on the second, eighth, thirteenth and nineteenth years of each solar cycle. This cycle is a period of twenty-eight years, during which the days of the month of each year return to the same day of the week in a corresponding year. It is observed that the changes of the day of the week in passing from one year to the next. It is true that the same day of the month falls on the same day of the week four times during this cycle, but the same regular session, is not preserved in the intervening years. Hence the entire period of twenty-eight years is required to regulate the calendar. A cycle commences in 1860, and the Fourth of July falls on Sunday in 1868, 1896, 1924, and 1952.

THE DISTRICT CONFERENCE OF THE Methodist Episcopal Church South, held at Ocean City, July 1, 1880. The District Conference of the Methodist Episcopal Church South, held at Ocean City, July 1, 1880. The District Conference of the Methodist Episcopal Church South, held at Ocean City, July 1, 1880.

PRIZE FIGHT.—The boys, for the sake of a little fun, made up a prize fight on Monday evening. The victor was to have \$1. A ring was made, and the man who stayed in the longest was pronounced the victor. Berry succeeded in outwitting Major, and carried off the change. They are two small colored men, or big boys, and somewhat comical in appearance, who make a great deal of sport for the boys who are at leisure.

AN ALL DAY PIC-NIC.—The M. E. Sunday School, of Salisbury, is holding an all-day picnic on the grounds at the church, at Parsonsburg, on Saturday, the 24th inst., beginning at 9 o'clock A. M. Persons will bring their dinner in picnic style. Refreshments will be provided for the children. A pavilion for refreshments such as ice cream, lemonade, confectionery, &c., will be on the ground for the comfort and accommodation of visitors. Speeches will be made by eminent persons, with vocal and instrumental music. Come one, come all. By order of the Committee.

ST DOWN TO WORK.—All women should economize their strength as much as possible while they are young and healthy, and still more if they are aged and feeble. One way to do this is to rest one's muscles by the use of a good support. Begin early in the morning by sitting down to your work before becoming tired, and you will hold out better through the day. Place a light box in a chair to make it high enough to sit at the table to work. You can iron, wash dishes, mix bread, roll out pie crust, and many other things with ease and comfort by the use of a good support. It cannot keep on their feet very long at a time without injury to their health.

BE PROMPT.—Those of our citizens who subscribed five cents per week towards defraying the expense of lighting our streets with the new Gas Lamps will confer a favor upon both the Lamp Superintendent and Town Commissioners by being prompt in paying the amount when called upon. Our light has proved to be all that was promised, and we are sure the services of Mr. Thos. Disharoon, the Superintendent, will be appreciated by our people, and he will not be compelled to call twice for so small amount as five cents. Leave word with any one that may be "at home" to hand the nickel over on Monday morning, and you will save a faithful officer much trouble.

RELIEF FOR SALESMEN.—On a subject now exercising the English medical periodicals, we publish in another column a letter from Messrs. Strawbridge and Clothier. It refers to the matter of requiring the salesmen in large stores and shops to remain on foot during the hours of business. The writers of the letter, like some other merchants of our city, are entitled to the credit of behaving with humanity to their salesmen and girls, as these are allowed to take seats at all times when not actually engaged in their duties at the counter. Those who have thus departed from a custom which was both severe and physically injurious are furnishing examples to be encouraged until the old custom shall have gone entirely out of use.

ANDREWS' BAZAR FOR JULY.—It is at hand and fully equals any of its former brilliant numbers. In the present number is given a series of valuable articles, entitled "Lessons in the Art of Drawing," also a new serial story, "Nathalie Bey," which promises to be the most striking production of its talented author, Geo. L. Catlin, U. S. Consul at Stuttgart, Germany. The little folks will find a feast in the charming fairy story, "The Pink Pansy," by popular young authoress, Fannie Palmer. Aside from its literary contents, this number is peculiarly rich in fashion intelligence; the styles of Andrews' Bazar are always in good taste. This splendid family journal is published at the low price of One Dollar per Annum, and every subscriber is presented, free with 50 cents worth of Andrews' Pinned Paper Fashions. Those of our readers who are unacquainted with this excellent magazine, should send 10 cents for sample copy to W. R. Andrews, Publisher Tribune Building, New York.

ANDREWS' BAZAR FOR JULY.—It is at hand and fully equals any of its former brilliant numbers. In the present number is given a series of valuable articles, entitled "Lessons in the Art of Drawing," also a new serial story, "Nathalie Bey," which promises to be the most striking production of its talented author, Geo. L. Catlin, U. S. Consul at Stuttgart, Germany. The little folks will find a feast in the charming fairy story, "The Pink Pansy," by popular young authoress, Fannie Palmer. Aside from its literary contents, this number is peculiarly rich in fashion intelligence; the styles of Andrews' Bazar are always in good taste. This splendid family journal is published at the low price of One Dollar per Annum, and every subscriber is presented, free with 50 cents worth of Andrews' Pinned Paper Fashions. Those of our readers who are unacquainted with this excellent magazine, should send 10 cents for sample copy to W. R. Andrews, Publisher Tribune Building, New York.

FOURTH OF JULY ON SUNDAY.—The Fourth of July this year falls on Sunday, a happening that will not repeat itself again until 1887. The Fourth occurs only on Sunday when the Dominical or Sunday letter for July happens to be C, which takes place on the second, eighth, thirteenth and nineteenth years of each solar cycle. This cycle is a period of twenty-eight years, during which the days of the month of each year return to the same day of the week in a corresponding year. It is observed that the changes of the day of the week in passing from one year to the next. It is true that the same day of the month falls on the same day of the week four times during this cycle, but the same regular session, is not preserved in the intervening years. Hence the entire period of twenty-eight years is required to regulate the calendar. A cycle commences in 1860, and the Fourth of July falls on Sunday in 1868, 1896, 1924, and 1952.

THE DISTRICT CONFERENCE OF THE Methodist Episcopal Church South, held at Ocean City, July 1, 1880. The District Conference of the Methodist Episcopal Church South, held at Ocean City, July 1, 1880. The District Conference of the Methodist Episcopal Church South, held at Ocean City, July 1, 1880.

PRIZE FIGHT.—The boys, for the sake of a little fun, made up a prize fight on Monday evening. The victor was to have \$1. A ring was made, and the man who stayed in the longest was pronounced the victor. Berry succeeded in outwitting Major, and carried off the change. They are two small colored men, or big boys, and somewhat comical in appearance, who make a great deal of sport for the boys who are at leisure.

AN ALL DAY PIC-NIC.—The M. E. Sunday School, of Salisbury, is holding an all-day picnic on the grounds at the church, at Parsonsburg, on Saturday, the 24th inst., beginning at 9 o'clock A. M. Persons will bring their dinner in picnic style. Refreshments will be provided for the children. A pavilion for refreshments such as ice cream, lemonade, confectionery, &c., will be on the ground for the comfort and accommodation of visitors. Speeches will be made by eminent persons, with vocal and instrumental music. Come one, come all. By order of the Committee.

ST DOWN TO WORK.—All women should economize their strength as much as possible while they are young and healthy, and still more if they are aged and feeble. One way to do this is to rest one's muscles by the use of a good support. Begin early in the morning by sitting down to your work before becoming tired, and you will hold out better through the day. Place a light box in a chair to make it high enough to sit at the table to work. You can iron, wash dishes, mix bread, roll out pie crust, and many other things with ease and comfort by the use of a good support. It cannot keep on their feet very long at a time without injury to their health.

BE PROMPT.—Those of our citizens who subscribed five cents per week towards defraying the expense of lighting our streets with the new Gas Lamps will confer a favor upon both the Lamp Superintendent and Town Commissioners by being prompt in paying the amount when called upon. Our light has proved to be all that was promised, and we are sure the services of Mr. Thos. Disharoon, the Superintendent, will be appreciated by our people, and he will not be compelled to call twice for so small amount as five cents. Leave word with any one that may be "at home" to hand the nickel over on Monday morning, and you will save a faithful officer much trouble.

RELIEF FOR SALESMEN.—On a subject now exercising the English medical periodicals, we publish in another column a letter from Messrs. Strawbridge and Clothier. It refers to the matter of requiring the salesmen in large stores and shops to remain on foot during the hours of business. The writers of the letter, like some other merchants of our city, are entitled to the credit of behaving with humanity to their salesmen and girls, as these are allowed to take seats at all times when not actually engaged in their duties at the counter. Those who have thus departed from a custom which was both severe and physically injurious are furnishing examples to be encouraged until the old custom shall have gone entirely out of use.

ANDREWS' BAZAR FOR JULY.—It is at hand and fully equals any of its former brilliant numbers. large school filled with clothing and other articles. The instruments for the Milford Brass Band, valued at \$340 were also destroyed.

It was impossible to save the baggage or the car, as the flames when discovered had burst through the top and end of the car next to the mail car, which was badly scorched before the car containing the baggage could be uncoupled. It was fortunate that the baggage car was at the rear of the train, and that no serious damage might have occurred. The fire was undoubtedly caused by a spark from the locomotive which fell into the car and soon kindled to a flame. The train was about 3 miles from Milford and had not left Harrington over 10 minutes, when the fire was discovered.

The train left Harrington late and was running at a rapid rate to make up time and owing to the fact, that there was no bell rope connection with the engine, the train ran a full mile, and perhaps further before it could be stopped.

As is usual on such occasions, there were many theories advanced as to how the fire originated, while some thought a spark from the locomotive was the cause, others said it was an explosion of fireworks, which were stowed away in some one of the trucks. There were also many suggestions as to how the accident could have been prevented, but they of course were not practicable at the time. We looked upon the occurrence as a common accident, and would not ascribe any particular one was to blame.—B. Light.

COMMUNICATED.
"The Times" and Garfield.
Two weeks ago the editor of the Times in referring to Garfield's connection with the credit Mobilier and De Golyer scandals said he had been elected by increased majorities ever since that was made public.

Let us see:
In 1872 Garfield's majority was 10,994; in 1874 Garfield's majority was 12,891; in 1876 Garfield's majority was 12,891; in 1878 Garfield's majority was 12,891; in 1880 Garfield's majority was 12,891; in 1882 Garfield's majority was 12,891; in 1884 Garfield's majority was 12,891; in 1886 Garfield's majority was 12,891; in 1888 Garfield's majority was 12,891; in 1890 Garfield's majority was 12,891; in 1892 Garfield's majority was 12,891; in 1894 Garfield's majority was 12,891; in 1896 Garfield's majority was 12,891; in 1898 Garfield's majority was 12,891; in 1900 Garfield's majority was 12,891; in 1902 Garfield's majority was 12,891; in 1904 Garfield's majority was 12,891; in 1906 Garfield's majority was 12,891; in 1908 Garfield's majority was 12,891; in 1910 Garfield's majority was 12,891; in 1912 Garfield's majority was 12,891; in 1914 Garfield's majority was 12,891; in 1916 Garfield's majority was 12,891; in 1918 Garfield's majority was 12,891; in 1920 Garfield's majority was 12,891; Washington Market.
May 2-3. New York.

GEORGE BOYCE,
WHOLESALE PRODUCE
Commission Merchant,
27 and 29 Country Row,
W. Wash. Market, New York.

MISCELLANEOUS.

Clothing.

There is in Philadelphia a clothing-house that began a good many years ago to do a peculiar business. It marked goods in plain figures, and described them in plain letters; its prices were absolute, its descriptions were true. People had full knowledge of what they were buying there, and yet if afterward they were sorry they had bought, they could go back the next day and exchange for something else, or, if they liked, get their money back. It was a safe place to get clothes; it was a safe place to leave money. People liked that house.

It grew, and grew, and grew, until it became a great house. To-day it is the largest clothing-house anywhere; and it keeps up the old practices: no secrets about what its clothes are made of, one price, and the money back if the buyer wants it. Of course, it uses all grades of cloths that are worth using, and makes all grades of clothing that are worth making; for it serves all sorts of people.

Those at all familiar with Philadelphia already know that we are speaking of OAK HALL, the original of the WANAMAKER STORES. There has been great improvement in ready-made clothing in nineteen years; and OAK HALL has taken the lead equally in economy, reliability, and rapidity of production; in the quality of finished work; and in the development of a method of business having for its first object the satisfaction of customers.

It is worth your while to know that who, wherever and wherever you are, can get your clothing to better advantage there than anywhere else. If too far away to go, write. You will receive in reply samples of cloths, and prices of ready-made suits from them, with a diagram and instructions for measuring. The rest is plain.

Now they all knew that Uncle George was shot in a neighbor's sheep pen three years ago, but Mustapha was not that it was so, and he was sleepy, and only talked to fill up the time. And then they talked politics to him, and he talked politics. So about 1 o'clock in the morning they sent him to bed.

Now the spare room wherein he slept was right under the roof, and there were ears and bundles of ears of seed corn hung from the rafters, and he bunged his eye with the same, and he hooked his chin in festoons of dried apples, and shook dried herbs and seeds down his back as he walked along, for it was dark. And when he sat up in bed in the night he saw a snake in his ear.

And it was, that the four boys slept with him, for the bed was wide. And they were restless and slumbered crosswise and kicked, so that Mustapha slept not a wink that night, neither closed his eyes.

And about the fourth hour after midnight his Uncle Ben smote him on the back, and spoke unto him, saying:

"Awake, arise, rustle out of this and wash your face, for the liver and bacon is fried, and the breakfast waiteth. You will find the well down at the other end of the cow lot. Take a towel with you." When they had eaten his Uncle Ben spoke unto him, saying: "Come, let us stroll around the farm."

And they walked about eleven miles. And his Uncle Ben sat him upon a wagon and taught him how to load hay. Then they drove into the barn, and he taught him to unload it. Then they girded up their loins and walked four miles, even into the forest, and his Uncle Ben taught him how to chop wood, and they walked back to supper. And the morning and the evening were the first day, and Mustapha wished he were dead.

And after supper his Uncle Ben spoke once more and said: "Come, let us have some fun." And so they hooked up a team and drove nine miles down to Belcher's Ranch, where there was a shop. And they danced until the second hour in the morning.

When the next day came, which wasn't long, for already the night was far spent, his Uncle Ben took him out and taught him how to make rail fence.

Poetical.

THE END.

The course of the western river,
Ends in the great gray sea;
The acorn, forever and ever,
Strives upward to the tree.
The rainbow, the sky adorning,
Shines promise through the storm;
The glimmer of coming morning
Through the dark of dawn will form.
By time all knots are riven,
Complex although they be,
And peace will at last be given.
Dear, brother, to you and to me.

Then thought the path may be dreary,
Look onward to the goal,
Though the heart and the head be weary,
Let faith inspire the soul.
Seek the right though the wrong be tempting,
Speak truth at any cost,
Vain is all work exempting
When once the goal is lost.
Let strong hand and keen eye be ready,
For plain and ambushéd foes;
Thought earned, and fancy steady
Lead us into the close.

The heavy clouds may be raining
But with evening comes the light;
Through the dark of gloom complaining
Yet the sunrise glows the height;
And love has his hidden treasure
For the patient and the true;
And time gives his fullest measure
To the workers who endure;
And the word that no law has shaken
Is the future peace-supply;
For we know that when we "awaken"
We shall be "satisfied."

Select Reading.

Mustapha.

Now in the sixth month in the reign of the good Caliph, it was so that Mustapha said: "I am weary with much work; thought, care and worry have worn me out; I need repose, for the hand of exhaustion is upon me, and death even now lieth at the door." And he called his physician, who felt of his pulse and looked upon his tongue and said:

"Two dolahs!" (For this was the oath by which all physicians swore.) "Of a verity thou must have rest. Flee unto the valley of quiet, and close thine eyes in dreamful rest; hold back thy brain from thought, and thy hand from labor, or you will be a candidate for the asylum in three weeks."

And he heard him and went out and put the business in the hands of the clerk, and went away to rest in the valley of quiet. And he went to his Uncle Ben, whom he had not seen for so long fourteen years. Now his Uncle Ben was a farmer, and abode in the valley of rest, and the mountains of repose round about him. And he was rich and well favored, and strong as an ox, and healthy as an onion crop. Ofttimes he boasted unto his neighbors that there was not a lay boy in his body, and he swore that he hated a lay boy.

And Mustapha was not that it was so. But when he reached his Uncle Ben's, they received him with great joy, and placed before him a supper of homely viands, well cooked, and piled up on his plate like the wreck of a box-car. And when he could not eat it all, they laughed him to scorn.

And after supper they sat up with him and talked about relatives whereof he had never, in all his life, so much as heard. And he answered their questions, and lied unto them, professing to know Uncle Ezra and Aunt Bethesda, and once he said he had a letter from Uncle George last week.

Now they all knew that Uncle George was shot in a neighbor's sheep pen three years ago, but Mustapha was not that it was so, and he was sleepy, and only talked to fill up the time. And then they talked politics to him, and he talked politics. So about 1 o'clock in the morning they sent him to bed.

Now the spare room wherein he slept was right under the roof, and there were ears and bundles of ears of seed corn hung from the rafters, and he bunged his eye with the same, and he hooked his chin in festoons of dried apples, and shook dried herbs and seeds down his back as he walked along, for it was dark. And when he sat up in bed in the night he saw a snake in his ear.

And it was, that the four boys slept with him, for the bed was wide. And they were restless and slumbered crosswise and kicked, so that Mustapha slept not a wink that night, neither closed his eyes.

And about the fourth hour after midnight his Uncle Ben smote him on the back, and spoke unto him, saying:

"Awake, arise, rustle out of this and wash your face, for the liver and bacon is fried, and the breakfast waiteth. You will find the well down at the other end of the cow lot. Take a towel with you." When they had eaten his Uncle Ben spoke unto him, saying: "Come, let us stroll around the farm."

And they walked about eleven miles. And his Uncle Ben sat him upon a wagon and taught him how to load hay. Then they drove into the barn, and he taught him to unload it. Then they girded up their loins and walked four miles, even into the forest, and his Uncle Ben taught him how to chop wood, and they walked back to supper. And the morning and the evening were the first day, and Mustapha wished he were dead.

And after supper his Uncle Ben spoke once more and said: "Come, let us have some fun." And so they hooked up a team and drove nine miles down to Belcher's Ranch, where there was a shop. And they danced until the second hour in the morning.

When the next day came, which wasn't long, for already the night was far spent, his Uncle Ben took him out and taught him how to make rail fence.

Secrets of the Printing Office.

ONE CLASS OF MEN WHO WERE NEVER KNOWN TO BETRAY PROFESSIONAL CONFIDENCE.

Printers have never, we think, received due appreciation for the honorable confidence which they have preserved to regard to the secrets with which they have necessarily been entrusted. Such a case as this often happens. An article in a newspaper or magazine makes what is called a "sensation." It is entirely anonymous, and public curiosity is excited to the utmost to discover the name of its author. The writer may be a cabinet minister, a high official, a courtier, or any of the thousand and one persons who, if he were suspected of writing for the press, would at once lose his position, his office—perhaps his reputation.

On the other hand, the writer may be a struggling author, a hard-working journalist, or a mere literary amateur. In any case his secret is preserved; his anonymity is safe as long as it is confined to the printer.

Some years ago there was a great stir made about a book entitled "Ecco Homo." It was a clever work, and had an unexampled success. "Who is the author?" was the question on everybody's lips. Some scores of persons were named, and they repudiated their participation in it. All sorts of conjectures were hazarded, and no doubt large sums would have been paid by several conductors of journals for authentic information as to the name of the author. Yet that name was known to a master printer, his overseer, and at least to some of the compositors, but it was never revealed. When the name was published, it was not through the instrumentality of the printers, but entirely independent of them. They had faithfully kept the secret.

There is another species of secrecy—that relating to the careful supervision of confidential public documents, books printed for secret societies, and the authorship of articles or pamphlets, as already referred to, which has been most honorably maintained. When treaties are prematurely published in newspapers the copy is obtained from some lady or vernal official, and not from any of the printers who set up or work off the original. A case of this kind occurred a year or two ago, wherein a convention between this country and another power was revealed to one of the evening newspapers. In the foreign office, at Whitehall, there is a regular staff of printers always at work, and if these men liked they might let out secrets of the most momentous kind, any of which would, peremptory in these days of journalistic competition, be worth a few hundred pounds. But such a dereliction of duty has never yet occurred; it was a clerk, and not a compositor, who betrayed his trust.

Most honorable to the profession is the story of Harding, the printer, who bravely bore imprisonment rather than reveal the authorship of the celebrated "Drapier's Letters." The printer set in his cell calmly refusing the entreaties of his friends to divulge the name of the writer, Dean Swift, a church magnate, and a great wit, who dressed himself in the disguise of a low Irish peasant, and sat by, listening to the noble refusal, and the tender importunities only anxious that no word or glance from the unfortunate printer should reveal the secret. Swift was lent solely upon securing his own safety at the expense of the printer; he hovered before the legal danger which he bravely confronted. The world has equally allotted the meed of fame to the two combatants. The wit and the printer both fought the battle for the liberty of the press, until the sense of an outraged community released the typographer from the peril he so nobly encountered.

A thousand other instances of similar fidelity have been exhibited. In short, it is part of the professional honor of a printer not to disclose, either wantonly or from venal motives, the secrets of any writer in this way. The examination papers, printed so extensively in London, are of the most tremendous importance to certain classes, who would pay almost any sum to obtain the roughest proof of the night before. An instance of this kind occurred recently. "A printer was got at," and promised a considerable amount of money for a rough proof. What was his course of action? He simply informed the authorities, and the tempter was punished. It was another and a creditable example of how well and honorably kept are the secrets of the printing office.

Learn to Swim.

As the warm season advances, the desire for recreation and enjoyment to a great many, it may be well to recommend to the recalcitrant of those who have not learned to swim, a few plain directions which may be found advantageous in preserving life. Men are drowned by raising their arms, the unbowed weight of which depresses the head. Animals have neither motion nor ability to act in a similar manner, and therefore swim naturally. When a man falls into deep water he will rise to the surface and will continue there if he does not elevate his hands. "If he moves his hands under the water, in any way he pleases, his head will rise to the surface, and he will be able to breathe, and if he will use his legs, as if in the act of walking, or rather walking up stairs, his shoulders will rise above the water. The weight of the human body and the weight of the water differ so little that the least exertion in the proper direction, and above all, presence of mind, is sufficient to meet any immediate danger from drowning.

Canoing in the United States.

When John Macgregor, of the Inner Temple, published his entertaining account of the Rob Roy's thousand-mile voyage on the lakes and rivers of Europe, he established canoeing as a summer pastime. The idea was not new; it was older than authentic history; but he gave it an overhauling and brushing up that brought it out in a form that was wonderfully attractive. The Rob Roy was so diminutive that her captain was able to transport her on horseback, but what she accomplished made her quite as famous as any ship in her Majesty's navy. The English canoe fleet was numbered by hundreds. The crank Rob Roy was superseded, as a sailing canoe, by the Nautilus, and many voyages, under an endless variety of conditions, have since been accomplished. Canoe clubs were organized, and in an incredibly brief time canoeing became in Great Britain a national pastime.

The introduction of canoeing in the United States may be said to have taken place in 1870, when the New York Canoe Club was founded by William L. Alden. The Indian birch and dug-out, it is true, belong to the canoe group, but they are, at best, rude craft, unfit for general cruising, and had long before gone into disuse, and come to be valued only as relics of an uncivilized condition. Americans have enthusiastically adopted the pastime, and it is only a question of time when canoes will be as frequently seen on our lakes, rivers and streams as sail and row boats. Besides our long coastline, we have an immense system of inland waters, a great part of which is yet unexplored, and can not for years be explored by any other craft than the light and easily portaged canoe. There is no one of the States in which long cruises may not be made.

It has been stated, upon authority, that summer cruises may be made upon the waters of Wisconsin alone for thirty years without retracing or exhausting the territory. In the northern portion of the State there are almost numberless unexplored lakes, some of large size, that are connected by rivers and smaller streams. A canoe may, for instance, be launched upon Pewaukee Lake, a beautiful sheet of water about twenty miles west of Milwaukee, and then follow a winding course through a delightful country, through lake to rivulet, and from rivulet to lake, the lakes varying in length from three to eight miles, and in width from one to four miles. Leaving the lakes, the canoe may follow Rock River, and passing many beautiful towns and villages, strike the Mississippi at Rock Island, Illinois. Many of the Western, (notably Minnesota and Michigan) Eastern and Middle States offer equally attractive fields for summer cruising. Canada is as yet almost unexplored. Twenty-five miles to the northward of Quebec the exploring canoeist is beyond the bounds of civilization, and at the entrance to a region of picturesque lakes, that, with their connecting streams, form a chain of most unbroken, save by rapids and falls, to either the Hudson Bay country or the Saguenay; and the little-known territory still to the northward.

Long cruises have been made by Americans. The *Kleine Fyde* (A. H. Siegfried) has followed the course of the Mississippi from the extreme headwaters to Rock Island, Illinois; the *Maria Theresa* (N. H. Bishop) has cruised by inland waters from Lansingburg, New York, to the mouth of the Suwannee River; the *Bubble* (C. E. Chase) in 1873 cruised from New York to Quebec by connecting waterways, thence by portage through the valley of the Chaudiere, to the head waters of and down the Connecticut River, to and through Long Island Sound, to New York. Mr. H. C. Furman has recently completed a Canadian voyage embracing the Saguenay, its tributaries, and other water-courses. In 1870 Mr. Frank Zihler made a cruise of about 1200 miles, from Racine, Wis., to New Orleans. Many less extended cruises have been made, and clubs have been organized in the larger cities. L. E. CRANE, in *Harper's Magazine* for Aug.

Fashion Notes.

Little girls wear their hair loose and flowing down the back, not braided or curled.

Rich and substantial fabrics are necessary when plain untrimmed suits are preferred.

Almond, drab and biscuit colors prevail in de beige, bunting and other light all-wool suits.

When imitation pearl beads are used for embroideries they should be very fine to look real.

Sunsh silk comes in all shades of color, including those of red, yellow, heliotrope and violet.

The new gold threads introduced into laces and embroideries are not tarnished by washing.

The favorite colors for figured lawn dresses are heliotrope, pale blue, pale rose and old gold.

Black, white and cream-tinted, Sarah silks are all used as linings, as well as the brighter colors.

The eury goods of this summer are of a darker and richer shade than those of previous seasons.

Breton lace plaques in many rows cover one side of some of the dressiest Japanese fans.

New Lisle thread gloves are in all the new shades of almond, biscuit, drab, gray and wood color.

Low shoes are worn, a great deal this summer above the colors and embroideries as stockings.

Fashionable stockings are embroidered in rosebuds, forget-me-nots, lilies, tulips and polka dots.

Sunset colored linings under red paragon frames gain favor with ladies who affect the picturesque in dress.

Odd and Ends.

The little peach catches the early market.

The earthquake was the original Shaker.

Marriage makes the man; the woman was made before.

The motto of the Irish pedestrian "Face at any price."

Pride hath two seasons—a forward spring and an early fall.

We know not the worth of water till the well is dry.

They are never alone that are accompanied with noble thoughts.

In refraining from being mean to others you are good to yourself.

Mean souls, like mean pictures, are often found in good looking frames.

There are sixty-three cheese factories in Crawford county, Pa.

Leopold, Victoria's youngest son, is on a visit to the United States.

Miss Annie Louise Cary intends to spend the coming year in Europe.

The school children are opposed to a third term this spring.

"What is needed in the Nursery" more mothers and less nurse.

He that cannot forgive others breaks the bridge over which he must pass himself.

We commence by being in love with our own thoughts, and follow by seeking to make others worship them.

Why have you omitted I like being jilted? Well, one reason is that it makes a maid mad.

Never kiss the hired girl in the dark. You might make a fatal mistake and kiss your wife.

Many men claim to be firm in their principles, when really they are only obstinate in their prejudices.

There is one kind of canned goods that goes off quicker than any other—gunpowder.

City cousins do not finish their education until they come to the country and find out which end a wasp uses to introduce itself.

It is astonishing how much misery some people contrive to get out of the Fourth of July, and how much they are willing to pay for it, too.

Seaside hotels have all ordered heavy invoices of wooden toothpicks, and are therefore fully prepared for a large rush of guests.

Rev. Louis Wazwanayana is a De Kola clergyman. He has one satisfaction, however. Nobody opens his letters by mistake.

You look good enough to eat," said he, looking over her shoulder into the mirror. "Food for reflection," she replied, without a smile.

"Grace—I am going to see Clara to-day. Have you any message?" Charlotte—"I wonder how you can visit that dreadful girl. Give her my love."

Of course it's wrong to "use a big D," but when you discover that your wife has been using your razor to cut her toe nails, what else can you say? We leave it to a candid public.

Dr. Tanner says he can live forty days on cold water, and is now trying the fast, in New York. He must have learnt how to do that at a "first-class" summer hotel.

The school boy will gloat for half a day on the enigmas in a puzzle column, but when he comes to getting his regular arithmetic lesson he considers it the greatest bore on earth.

HOW TO GET almost Everything.

Do you know how to get

in the easiest way and to best

advantage what you want for

dress and house-furnishing?

First, how: Write for a

catalogue; see what you can

learn from it about the things

you want. If samples can be

useful to you, ask for them

and state your wants so

plainly that exactly the right

samples can be sent.

Second, where: The place

where goods are kept in the

greatest variety; where they

are sold for what they really

are in respect to quality;

where most care is taken

to serve customers accept-

ably; and where you have

the right to return whatever

is not satisfactory.

There—no matter where

you are—if you make your

wants known and avail your-

self of your privileges, you

will get the best things in

the best way, promptly and

without trouble or risk;

sometimes by mail, some-

times by express, almost

always at less cost for car-

riage than the money you

save in the price.

John Wanamaker,

Bone phosphate..... 10 to 12 per cent.

Poetical.

No Ringsters Need Apply.

The people want a President,

And soon will choose the man,

But not by fraud and forgery,

Nor ought Imperial plans.

One simple rule they will enforce,

With purpose stern and high;

That short and simple rule is this:

No ringsters need apply.

It matters not that any man

Was trained to drive a whip,

Or that a pulpit he has filled,

Or taught a country school;

If he betrayed the people's trust,

They mean to pass him by,

Enforcing thus the simple rule:

No ringsters need apply.

No servant of the swindling Rings,

No spavined party hack,

Though backed by the name, can win

Upon the honest rack;

For when he calls a bribe a fee,

The people mark the lie,

And when he seizes the claims of men,

With clear and searching eye,

He will enforce this simple rule:

No ringsters need apply.

A brave, clear-headed, truthful man,

Honest and clean and fair,

Will be the people's choice to fill

The Presidential chair;

And when he seizes the claims of men,

With clear and searching eye,

He will enforce this simple rule:

No ringsters need apply.

Select Reading.

JUDGE YELLOTT AND THE COURT

OF APPEALS.

We are somewhat surprised at the

reticence of the press in Maryland in

regard to the singular attitude assumed by

our Court of Appeals as to Judge Yel-

lott's construction of the habeas corpus

Act passed by the last Legislature. With

but few exceptions the rural newspapers

have taken no notice whatever of this

remarkably important matter, while the

Baltimore dailies have contented them-

selves with senseless jeers at Judge

Yellott, or with stupid and blind ac-

ceptance of the mere dictum of the

Court of Appeals.

But notwithstanding this reprehensi-

ble attitude on the part of the press, we

are gratified to know that intelligent peo-

ple of the State have taken hold of the

subject in a manner that betokens the very

great interest felt by them in it, and that

shows them to be fully alive to its im-

Salisbury Advertiser

AND EASTERN SHOREMAN.

LEMUEL MALONE,
EDITOR AND PROPRIETOR.

PUBLISHED EVERY SATURDAY MORNING,
AT 11.00 PER ANNUM, IN ADVANCE.

RATES OF ADVERTISING:

\$1.00 Per Square, (one inch) for the First Insertion; 25 Cents Per Square for each Additional One.

Special Rates for Three Months or Yearly Advertisements.

This Paper has double the circulation of any paper on the Lower Peninsula.

SATURDAY MORNING, JULY 24, 1880.

Post-Office Hours:

MAILS CLOSE. MAILS OPEN.

Office open from 6:30 A. M. to 6:30 P. M.

NOTE.—All Original Matter for the paper must be sent in by THURSDAY MORNING, except late news items not sooner known.

TOWN AND COUNTY ITEMS.

WATERMELONS are plentiful.

COUNTRY butter is very scarce.

GREEN corn is plenty in our markets.

Only a few peaches coming to market.

CORN looking excellent in this county.

BERRY shipments are nearly done for the season.

HEAVY rains are reported all over the county this week.

LARGE quantities of potatoes are being brought to our market.

ANOTHER delightful shower visited this section last Tuesday night.

QUITE a party of Salisburyans went over to Ocean City on Thursday morning.

TALK politics if you want to, but don't get excited about it. Hancock stock is rising.

WHAT is it that men call for when they have a lame horse? Kendall's Spavin Cure.

MR. WM. JACKSON is having a substantial brick pavement put down in front of his burial ground.

MR. WM. H. JACKSON and family have been spending several weeks at the Atlantic Hotel, Ocean City.

READ the advertisement of David Z. Holloway in another column. He is offering trees, plants, etc., at low prices.

DON'T drive a lame horse when you can get Kendall's Spavin Cure for \$1.—It is worth \$3. Read their advertisement.

THE impression amongst some of the thoughtful seems to be that Maryland will give the Hancock ticket 30,000 majority.

We learn that one or two of our schooners will begin loading with melons next week, which they will carry to New York.

MOTHERS, you can relieve your baby of its discomfort, without administering opium, that deadly drug, by using Dr. Bull's Baby Syrup.

ON Sunday last our town was completely filled with smoke, which was caused by a large sawmill on fire a few miles east of Salisbury.

THE advertisement of the Conference Academy, Dover, Del., will be found in another column. The Fall term will begin September 1st.

ADVISES from different parts of the State report thunder storms of unusual severity, and the damage done by lightning has been alarming.

IMMENSE quantities of watermelons are ripe and ready for shipment in this county. A great many are being carried to Baltimore and Washington.

A SEVERE rain storm passed over this part of the Peninsula on Thursday, accompanied with heavy thunder, but fortunately the wind did not blow hard.

As the congregation of the A. M. E. church are without edifice at present to worship in, they are holding meetings in the woods around Salisbury.

Now late turnip seed at once, or within ten days. They will spend some time by the sea side. They are stopping at Congress Hall.

Now is the time to have your job work done. We have a fine assortment of printing material and job type on hand, and are doing work below city prices. Send in your work immediately.

We have been informed that the camping at Crisfield will be held over to-morrow (Sunday) and that the train will run from Salisbury, stopping at that station, as it did last Sunday.

Our young friend, John E. Brewington, formerly a resident of Salisbury, but now residing in Jersey City, N. J., has been visiting our town this week.

AN excursion train was run on the Eastern Shore Railroad to the Crisfield camping on Sunday morning last. A few persons went from this town.

MR. A. S. TAYLOR, of Rockaway, has our thanks for a delicious watermelon of the "Gorgonzola" variety.—Mr. Taylor raises good melons, and we can recommend them from experience.

To kill saffron bushes, cut them on the full of the moon in August. If more than a year's work cut the day before, the day of and the day after, but be sure to cut them off just then. Do not dig them up, only cut them off.

REV. FRANKLIN PIERCE will preach at Ebenezer to-morrow (Sunday) afternoon at 3 o'clock; at Delmar, Thursday night, 28th; at Quantico, Sunday morning, August 1st, at 10 o'clock, in the M. P. Church. Preaching in the Baptist Church in this town next Sunday morning and evening. Subject for Sabbath evening, August 1st, "The Christian's responsibility for the work of missions."

THE readings by Miss Menier, which were advertised to have taken place at Seaford on Thursday night, was prevented in consequence of the unfavorable weather. Will take place at Russum on night.

SEVERAL letters have been received by parties here from those who went on the fishing excursion. On Wednesday they were at Old Point, and Thursday at Norfolk. They will visit other places of interest before they return.

THE lumber business seems to be very brisk in this place at present. On Thursday last we noticed a large number of wagons standing in the lumber yard of Messrs. Humphreys & Tilghman waiting to be unloaded, while several hands were measuring lumber from others.

"WILL it do no harm?" This is the question often asked, and the answer is, "It can not," for Dr. Bull's Baby Syrup is an innocent remedy, warranted to contain neither opium, morphia or anything injurious. Price 25 cents a bottle.

THE Eastern Virginia came to us this week filled with an unusual amount of good and interesting reading matter. We congratulate Brother Marshall on its improved appearance as well as enhanced value. He can get out a good paper, and no mistake.

How to kill snail: Cut them up with green, rake them up in a pile and cover with earth. They will decompose in four or five days, so they will never come up again next spring. This should be attended to at once. They are a great pest, and should be destroyed.

"PUMPERN" New American Hotel, Philadelphia, is fast getting back its old patrons, who wonder at the marvelous price, \$2.50 per day. It was reserved to a live yankee to restore the ancient prestige of this once favorite hotel.

AN excursion train will be run to Ocean City to-morrow (Sunday) leaving this depot at 8 A. M., and stopping at all intermediate stations, arriving at Ocean City at 3:30 P. M. We leave Ocean City on return at 6:30 P. M. Fare from Salisbury \$1.00 round trip.

ON our fourth page will be found the advertisement of the Old Dominion Steamship Company. This line has now the new and elegant steamship Breakwater, plying between Lewes and New York. Persons who desire to visit the Metropolis will find this the cheapest and most pleasant way.

WE had the pleasure this week of visiting Ulmar's Hotel, a new and comfortable establishment, and sampling their excellent beer, which is the best on the shore. It is bottled fresh every day, and is ice cold. You need only to taste it to be convinced of its excellence. They also keep a heavy stock of the best liquors.

THE schooner *Thos. B. Taylor*, Capt. Hillman, with a party of between twenty and thirty, left for New York harbor at 2 o'clock Monday morning last, for an excursion of about ten days, during which time they will visit several of the principal points on the Bay. We are sure they will have a very pleasant trip.

"JOHN," the old horse, which belonged to Mr. E. L. Wallis, whose death we announced last week, was a horse of great sagacity. For many years he worked at the ship in the bark mill at the yard, and when the noon whistle blew he would stop, and go no further until after he got his dinner, and no amount of whipping would suffice to make him break this rule. He served the family faithfully for 23 years.

FOR the benefit of the mosquito-infested towns of the Peninsula, it is suggested that a tincture of Persian insect powder be recommended to a sure remedy against mosquitoes and all other noxious insects. The success of the preparation depends, however, upon the way it is applied. The tincture must be prepared with alcohol of full strength, and not diluted. It should be used with an atomizer, and employed in this manner will effectively rid a room of insects of all kinds in a very short time.

HIS EXCELLENCY, Governor Hamilton, and family, have been to Ocean City this week. The Governor is much pleased with the improvements since his first and last visit to the beach. There was not a house where Ocean City now stands when the Governor last visited the place. He was a liberal subscriber to the Atlantic Hotel Company's fund, and is identified with its interests. The Governor is a genial, good man, and desires the welfare and prosperity of all our people.

A TERRIFIC thunder storm passed over this town on Thursday afternoon last, which lasted about one hour. The lightning was unusually vivid and the thunder heavy. During the progress of the storm the lightning struck an old store-house belonging to Mr. Milton Parsons, just over the Pivot Bridge. The electric fluid passed down the western corner, wrecking it considerably, and came out the eastern end, tearing off the corner board and weather-vane, making a ugly hole, but fortunately did not set fire to the building.

LIST OF LETTERS remaining in the Salisbury, Worcester County, Md., post-office July 23, 1880.

E. Atkins, Miss Martha Burrows, Miss Salie Bledworth, Rev. James McBrewington, Capt. Jas. Crouch, Miss Mary Cook, Miss Annie Elliott, Miss Mary E. Fooks, Ezekiel Hitchens, Thomas Lemon, Silas Mitchell, James P. Morris, Geo. E. Mitchell, Miss Eliza E. Malone, Mrs. P. Parsons, David Smiling, Miss Laura Wainwright, Miss Mary Vincent, Miss Grace Upcher.

Persons calling for any of the above named letters will please say they are advertised. W. H. CATHELL, P. M.

THE friends of Dr. A. C. Heaton will be pleased to learn that he has received the appointment as Principal of the Salisbury High School, and will be in charge of the school on Monday next. He has also been employed by Prof. Drexel, a New York capitalist, to preach every Sunday at Kieje Grange, a new settlement in Worcester county. The Salisbury High School will open in September, at which time Mr. Heaton will take charge.—*Somerset Herald.*

WE copy the above from the *Herald*, which is not exactly true. Dr. Heaton is an applicant for the place, as well as Lee D. Barnes, of Baltimore, J. Hope Caldwell, of Wilmington, R. Williams, of Virginia, and Jay Williams, of this county. The appointment will be made on Tuesday, August 3rd, after which time we shall be able to give the name of the successful applicant.

ABOUT 5,000 people have visited Ocean City thus far during the present season, and it is probable that twice as many more will do so before the end of the season.

"dog days." Ample preparations are made now to house and feed two or three thousand at a time, and it is to be hoped that in the not distant future accommodations will be provided for ten times as many. What is wanted is co-operation on the part of the railroad and steamboat managers, hotel keepers, cottages and lot owners, fishermen, fishermen, as well as farmers in the vicinity. All must and ought to unite to make Ocean City a grand success. The strangers who visit the place must not be compelled to reach it through great tribulation. They must have fast boats, fast trains, well ventilated cars, kind and careful handling of baggage, politeness on the part of officers and employees on boats, railroads and hotels. Producers must make good butter, good fruit and vegetables, good beef, poultry, etc. In fact, a vast improvement in all these things is demanded, and will, if accomplished, have a wonderfully good effect upon strangers and others visiting Ocean City, and cause each one to be a walking advertisement of the place.

THE High School report of the three in the Senior Class, and of the five in the Junior Class, who ranked highest in the work of the Spring Term:

Senior Class—Numbering Six.

1. James D. Cannon, 998

2. John H. Dulaney, 978

3. Mary J. Thorngood, 942

Middle Class—Numbering Eight.

1. Nannie R. Fulton, 990

2. Frank E. Williams, 985

3. Anna M. Byrd, 974

Junior Class—Numbering Fifteen.

1. George H. Wallis, 996

2. Willie Moore, 981

3. U. B. Corkran, 979

4. M. Jennie Ward, 968

5. Woodland I. Todd, 956

REPORT OF ANNUAL EXAMINATION.

Senior Class.

1. James D. Cannon, 990

2. John H. Dulaney, 978

3. Mary J. Thorngood, 942

Middle Class.

1. Nannie R. Fulton, 945

2. Frank E. Williams, 906

3. Anna M. Byrd, 880

Junior Class.

1. U. G. Corkran, 985

2. George H. Wallis, 974

3. Willie Moore, 979

4. Woodland I. Todd, 920

5. M. Jennie Ward, 916

Full reports of Spring Term have already been forwarded parents, and all written matter of the Annual Examination, showing the value of each separate answer, has been returned to the pupils, who may judge for themselves, or consult whom they like, as to whether or not they have received full credit for their work. T. H. WILLIAMS, P. M.

STATE AND PENINSULA ITEMS.

NEW sweet potatoes were shipped from Oceanock, June 28th.

SEAFORD has a population of 1,500, according to the census.

FOUR prisoners are confined in Denton jail, all charged with larceny.

THE Dead's Island camp will commence August 6th.

ST. GEORGE'S Hundred has a fine prospect for a big corn crop.

A HANCOCK and English club has been organized at New Castle.

THE population of Calvert county is 10,456, against 9,935 in 1870.

THE population of Snow Hill is 1,232; of Snow Hill election district, 3,425.

THE population of East New Market, according to the recent enumeration, is 418.

THE Middle town Fall will be held on September 21, 22 and 23. \$5,000 in premiums are offered.

SEVERAL persons in the neighborhood of Oceanock have recently lost cattle from some unknown disease.

ROBERT H. NOBLE, son of the late Dr. Noble of Dorset, now represents the Eastern Shore at West Point.

THERE are said to be two men in St. Michaels who will support Gen. Weaver the Greenback candidate for president.

LEVI VOSHELL, of Talbot county, raised 1,800 bushels of wheat from 71 seeds.

MANY of the pastors of the Methodist churches of the peninsula are being granted seasons for rest and recuperation.

THE population of Queen Anne's county is 19,488, while that of Kent is 10,456, against 9,935 in 1870.

THE county commissioners of Worcester county have fixed the county levy at 65 cents on the \$100.

THE Republicans of Wilmington have rented "Institute Hall," which will be used for political purposes during the campaign.

THE Queen Anne's & Kent Railroad have purchased a locomotive from the P. & W. & B. Railroad, and named it Isaac Hinckley.

A MIDDLEFORD woman laid her infant on the back porch while she went over to a neighbors last Sunday. While she was gone a pig in the sty near at hand broke out and ate off both the babe's feet.

THE town of Frederica will on August 2nd have its Post-office made a postal money order office. This has been long needed want to the people of that vicinity.

THE establishment of a boot and shoe factory in Centerville—to manufacture on a large scale by machinery—is projected by Wm. A. Elliott of that place and Pel & Son of Baltimore.

THE Dover fruit-cannery are buying the fruit at 50 cents a basket. Whole orchards are bought at a time, many preferring to sell at 50 cents rather than run the risk of an uncertain market.

THE *Smyrna Times* says that a lady of that town has a candy bird that has the freedom of the house and of the trees outside. It comes at her call, and performs such pleasant offices as kissing its mistress, when bid.

THE American Rides, of Wilmington, have accepted an invitation from the Cape City Guards, of Atlantic City, to be present at the laying of the corner-stone of Memorial Hall, in Atlantic, on October 18.

A RICE convention is to be held at Elkton on Tuesday, August 3rd. The local people of Cecil county are thoroughly organized and confident of carrying the county against license, in November.

RACHEL Turner, of Middleford, Sussex, is proven by the census to be the oldest person on the Peninsula. She is a colored woman, in the possession of her faculties. Her age is 115 years, the youngest of her twenty-one children being 63.

DIED on the 16th inst., at the Parsonage of the M. E. Church South, Oceanock, Va., after an illness of one week, William Jeter, son of Rev. J. O. Oason, and Mrs. Hattie Jeter Watson, aged twenty months and eleven days.

A STRONG mineral spring running at the rate of six gallons per minute, has been discovered at Oxford, the terminus of the Delaware and Chesapeake railroad. The water is supposed to be impregnated with alum.

CAPTAIN Elissa Thomas, of St. Michaels, has been paid \$1,685 for arrears of pensions due to the loss of his son Charles H. M. Thomas, who was killed at Charleston, Va., in 1863, and is awarded \$8 per month during his life.

OCEAN CITY travel by way of the Eastern Shore Steamboat Company's boats from Baltimore is rapidly on the increase. We advise our city friends to take this route for their summer vacation. It is the cheapest and most pleasurable.

IT is probable that Prof. Baird, Fish Commission, will establish a permanent hatching station for Spanish mackerel near Crisfield. Previous experiments have shown that they can be propagated with great success in the Chesapeake Bay.

A DOCKMASTER constable looked up two prisoners in his smoke-house for safe-keeping, a few nights ago, but on going to look for them in the next morning he found they had torn off a board, stolen two hams and left for parts unknown.

CAMP Meetings on the Peninsula will this season be as follows: Asbury (M. P. Church), Crisfield, July 1st; 17th Camden (Del.) July 28th; Oakland, July 28th; Woodland Aug. 10th; Brandywine Summit, Aug. 18th; Wye, Aug. 4th.

A CHANNELED crab was recently caught near St. Michaels which had an oyster growing in the corner of one of its eyes. The oyster is very small, but it has entered the cavity and displaced the eye, which protrudes so that the crab cannot draw it in.

SOME wheat crops in Queen Anne's county yielded as follows: Wm. B. Shaw, on 15 acres, sowed 18 bushels, and got 420; Wm. H. Cecil sowed 116 and got 2,040; John Collins sowed 90 and got 1,146; Capt. A. J. Mason sowed 108 and got 1,800; Robt. E. Cathall sowed 180 and got 2,000. These are only a few of the crops threshed.

IN 1830 there were twelve newspapers published on the Peninsula. There are about fifty. Cecil has 4, Kent 3, Queen Anne's 2, Talbot 4, Caroline 2, Dorchester 4, Somerset 4, Wicomico 2, Worcester 4, Accomac, Va., 1, Sussex 5, Kent 4, New Castle, including the city of Wilmington, 9. But four of these are dailies, and are published in the city of Wilmington. All the rest are weekly publications.

THE Old Dominion Steamship Co. is building a steamer wharf at Blood-god's Landing, on Chincoteague Bay, about two miles from Hornorton, and not at Chincoteague Island, as stated in the Georgetown Inquirer. The Co. have long had a fine wharf at the Island. The new wharf will be largely added to the traffic on the Worcester route and its connections.—*Messenger.*

THE report which has been going the rounds of the Peninsula press for the past two months, to the effect that there would be no excursions run over the Delaware Railroad to Ocean City this summer, on account of the unsafe condition of the Wicomico and Pocomoke Roads, are entirely untrue. The latter road, in excellent condition, and perfectly safe. Glad to hear it.

MISS LILLIE MENIER gave a reading at Seaford, Del., on Thursday evening, and at Delmar last night, which were well attended. Miss M. will read at Russum to-night, and her readings will be interspersed with vocal and instrumental music. The readings will be by Prof. Ellis, on one of the fine Sirmon Organs, and will be a rare treat to all present in addition to the very excellent readings of Miss Menier. We hope the entertainment may be a success.

JONATHAN CAREY, a farmer, living at Selbyville, near Berlin, Md., committed suicide on Sunday morning last by jumping from the top of his barn. He was standing at the well when the cook went for water in the morning. She asked him how he was, and he said not very well. Soon after she returned to the well and saw his feet just above water. He was drowned. He leaves a widow and four children, and a fortune of \$800. No cause is assigned.

THE Wilmington News has taken a census of church members of that city. It finds that among the 43,000 inhabitants 17,500 belong to church. Of the 17,500, 1,500 are colored. The Catholic congregations have an aggregate membership of 8,000. There are 7,881 white Protestants. Of these, 2,988 are members of the Methodist Episcopal Church; 1,338 of the Baptist church; 1,230 of the Presbyterian church; 678 of the Protestant Episcopal church; 587 of the Congregation of Friends, and the remaining 917 of the various other Protestant denominations in the city.

A few weeks ago, as a young lady of Salisbury was getting into a carriage, a note was handed her by a man who also had some of the ladies, others at Congress Hall and the Sea Side.

WHERE TO BUY.

FINE PROPERTY FOR SALE.

My residence, known as "Maple Hill," is now for sale. This property is situated in one of the most beautiful and desirable places in Salisbury. Its surroundings are good, making it healthy and a most desirable place to live. It can be bought on very reasonable terms. For further particulars apply to J. W. PENNELL, Salisbury, Md.

The latest styles of gentlemen's neck wear at King's.

A DISPATCH from Wilmington, Del., to the Philadelphia Press says: "Three thousand German emigrants are being formed into a body by J. Thomas Budd, land agent, of this city. They are without resources, frugal, sober, and are of the most desirable class. They come from the banks of the Volga and other parts of Southern Germany, and they are to be brought here direct from a port in Germany and in many places inundated with water, are converted into fruitful farms. There is at present one colony which is situated near Snow Hill, Md., established by philanthropic individuals of New York, which is an acknowledged success. These colonies as soon as brought here will be fostered by the railroad companies and other corporations, and every effort will be made to make the enterprise a success."

JUDGE Bond, of the United States Circuit Court, yesterday filed his opinion and decision in the case of Humphreys and Tilghman and Malone, owners of the *Ridle*, of Salisbury, vs. Malster & Reaney, on appeal from a verdict and judgment of the District Court in favor of the libellants for \$2,300 on account of damages to the schooner done by the defendants in launching the United States propeller *Arbutus*. Judge Bond sustains the decision of the lower court. The agreed facts as recited in the opinion of Judge Bond are that on July 1, 1879, James Malster and Reaney launched the propeller *Arbutus* in Baltimore harbor after public notice had been given in the newspapers by the local reporters that the launch would be at 4 o'clock P. M. A flag was upon the vessel, but the launch did not take place until 5 P. M. The schooner *Ridle* beat over the harbor and crossed the line of the launch, when the accident occurred. The men engaged on the launch hallooed and the tug blew her whistle, but too late to prevent the accident. The question to be decided was one of negligence in not giving proper notice. Judge Bondsays: "The court finds the fact to be that there was no sufficient notice upon the part of the respondents (Messrs. Malster & Reaney) and that the collision was occasioned by negligence. That when a ship-builder is about to launch a vessel and shoot her with the rapidity of a cannonball across a crowded harbor, as that is an extraordinary and unusual proceeding, he is required to take extraordinary care, and exercise the highest caution to prevent damage to those who are navigating that harbor. If the steaming in this instance had been steaming about to notify sailing vessels not to cross the probable line the *Arbutus* would take when she was launched there would have been no collision. The court finds the facts, as applicable to the facts found, is that where a collision occurs only by the fault of a party, he alone must bear the loss and be responsible for the damages which occur." A final decree was entered for \$2,334, with interest from November 1, 1879. Of this sum, Humphreys and Tilghman are to receive \$1,037 for damage to cargo, and Messrs. Humphreys, Tilghman and Peter Maldefans \$830 for damage to the vessel, and Messrs. Savage & Semmes and Archibald Stirling, Jr., for defendants.

THE *Arbutus* was launched on the 1st inst. at 4 o'clock P. M. The launch was a fine one, and the vessel was launched with great success. The launch was a fine one, and the vessel was launched with great success.

THE *Arbutus* was launched on the 1st inst. at 4 o'clock P. M. The launch was a fine one, and the vessel was launched with great success. The launch was a fine one, and the vessel was launched with great success.

MISCELLANEOUS.

HOW TO GET almost Everything.

Do you know how to get

in the easiest way and to best

advantage what you want for

dress and house-furnishing?

First, how: Write for a

catalogue; see what you can

learn from it about the things

you want. If samples can be

useful to you, ask for them

and state your wants so

plainly that exactly the right

samples can be sent.

Second, where: The place

where goods are kept in the

greatest variety; where they

are sold for what they really

are in respect to quality;

where prices are lowest;

where most care is taken

to serve customers accept-

ably; and where you have

the right to return whatever

is not satisfactory.

There—no matter where

you are—if you make your

wants known and avail your-

self of your privileges, you

will get the best things in

the best way, promptly and

without trouble or risk;

sometimes by mail, some-

times by express, almost

always at less cost for car-

riage than the money you

save in the price.

AND EASTERN SHOREMAN.

LEMUEL MALONE,
EDITOR AND PROPRIETOR.

SALISBURY, MD.,
SATURDAY MORNING, JULY 31, 1880.

DEMOCRATIC CONSERVATIVE TICKET.

FOR PRESIDENT:

Gen. Winfield Scott Hancock,

OF PENNSYLVANIA.

FOR VICE-PRESIDENT:

Hon. William H. English,

OF INDIANA.

THE SALISBURY ADVERTISER

FOR THE CAMPAIGN

For 50 Cents.

The campaign now opened will decide

whether the right of each State in this

Union to self-government shall remain

inviolate. The Republican party, which

aims at the creation and maintenance of

a centralized despotism, will battle for

its very existence. In this crisis the

duty of every Democrat and every man

who loves the Republic is plain. Every

man in Wisconsin county or elsewhere

who wishes to keep posted on the issues

and movements of the campaign can

have THE ADVERTISER sent to him

from now till the end of the year by

sending us his address and FIFTY CENTS.

THE ADVERTISER will be kept abreast

with the great tidal wave of Democracy

which is fast setting in, and will give

full reports of the great preliminary bat-

tles of September and October, and of

the final grand struggle in November.

The sooner you subscribe the more you

get for your money. Send in your names

at once; but be careful to send the hard

cash in each instance. Remember, the

Campaign ADVERTISER for Fifty Cents.

GEN. C. S. HAMILTON, late United

States marshal for Wisconsin, has writ-

ten a letter predicting the election of

Hancock, and announcing his purpose

to support him.

THE DEMOCRATS of Missouri have

nominated a Federal General for Gov-

ernor. The Republicans, not to be out-

done, have nominated a Confederate

Brigadier. And yet they say the war is

not over nor its results settled. Truly

the ways of man are strange.

THE PRIMARIES and conventions have

been held in Dorchester and Cecil this

week, and has created some little ex-

citement in both counties. In Cecil the

ring was beaten overwhelmingly, but in

Dorchester the Chronicle says Mr.

Henry handed over the county to the

managers contrary to the wishes of the

people; and the district delegates, who

gave him power to choose his own dele-

gates. If this be true, we may expect

some lively things to be said and done

here on the first day of September, be-

fore the county is handed over to Mr.

Gibson, in pursuance to the arrange-

ment and direction of the managers.

THE REPUBLICAN campaign manag-

ers seem disappointed because of the

lack of material or ammunition against

the Democratic party furnished by the

federal officials in the South. They seem

to have relied upon political outrages

and resistance to the internal revenue

officers in the mountainous sections of

the South, where illicit whiskey is man-

ufactured contrary to law, to give life

to the Republican canvass in the North.

From all sections of the South come

only the most peaceable reports regarding

the intention of the people to obey the

Republicans as at a standstill and a loss

to know what it all means. There are no

outrages to stir up the Northern heart,

and the political managers at the repub-

lican headquarters have run short of

political thunder.

SENSIBLE REPUBLICANS cannot but

admit that the prospect for Garfield's

carrying New York is rather slender.

The Campaign Opened.

A grand ratification meeting of the national Democracy was held last Wednesday night in New York, at which 25,000 people participated. Mr. Tilden presided, and speeches were made by Gen. Ewing, J. Randolph Tucker and Senator Jones, of Florida. The meeting was the most enthusiastic which has been held in this country perhaps for many years, and showed how terribly in earnest the people are in the coming conflict for the restoration of republican government in this land, where the so-called Republican party has well nigh choked it out of existence. The speakers told the people of Gotham why it was the South was solid; why it was they could have no sympathy with the usurping party now conducting the administration; why the people could not vote for Garfield; why he could not have any claims upon the law-abiding citizens of the South. He had voted to suspend the writ of habeas corpus in the South; he had voted to subject the people to military rule and trial, instead of giving them the right of trial by jury, and now he asked them to vote for him, that he might again have them at his mercy. But the answer will come up from all parts of this broad land, no more military rule, no subjecting the civil authority to the dictum and control of the soldiery. The people must rule this country at the ballot box. The Constitution must be their guide, and the law their rule of action.

They Were Deceived.

Many of our friends complain that they were deceived at the Primaries, and that the delegates from certain districts concealed their intentions, or they would not have been sent to the County Convention. In reply to these complaints we have only to say, that "to the vigilant belong the spoils of victory." If our friends were indifferent they and we must suffer by that indifference. They should not blame those who were on the ground in force attending to their business. We regret as much as they do the indifference manifested by the people, and admit, as everyone knows, that the fight was between the ring-leaders and ourselves—it may be called a fight. But in some of the districts it could not be called a respectable fight, and if the county has been carried contrary to the wishes of the majority, they only have themselves to blame. We have no respect for the spirit that prompts a man to complain of a thing that happens in consequence of his neglect, when he was timely warned of what would happen if he neglected his duty. So the best thing for such is to profit by their experience.

Who It Will Be.

In our next issue we expect to be able to give our readers a pretty fair guess as to who is likely to be the nominee of the Salisbury Convention for Congress. By that time all the Primaries will have been held and the complexion of the delegates scanned. At this writing it is doubtful which wing of the party will be on top. The majority of the people are opposed to the managers, but they are organized, and have shown great vigilance thus far, but it is evident that they are greatly alarmed. They have carried one or two counties by strategy and in opposition to the wishes of the people, which may rebound upon them at an unfavorable time. If it does they will be beaten at their little game. The question involved in this controversy is whether A. P. Gorman, George Colton and Jesse K. Hines shall displace the patronage of the Eastern Shore, or shall the great Democratic party have some say about it?

Hard Work Needed.

It does not follow necessarily because Gen. Hancock's nomination has fired the popular heart that the Democratic ticket is absolutely certain of success. If the spontaneous choice of the people could be obtained there would be no doubt about the matter, but it should be remembered that between the expression of the popular will and its actual execution is interposed a powerful machine which has been used before to reverse or else to seriously modify it, and which can be just as effectively used again. To be sure, there were indications at first of mutiny on the part of those in charge, but having enforced their own terms, they will run the machine at high pressure again this fall, and do all that lies in their power to secure Republican success. It will not do to underestimate the probable effect of their efforts, and while their failure seems assured in view of the unpopularity of Garfield and the great enthusiasm which Hancock's nomination has aroused, it would be the height of folly on the part of the Democratic organization to regard their defeat as a matter of certainty. The chances are all in favor of the Democracy, but it must be borne in mind that their opponents have the advantage of position in the possession of the executive branch of the government and of its vast ramifying patronage. No effort will be spared by their opponents to retain these places. Money will be poured out freely; fraud will be resorted to wherever there is any hope of success, and nothing will, in short, be neglected to prevent the Democrats from ousting them. They can be beaten—in our judgment they will be beaten—but not even the great popularity of Hancock and English will suffice to accomplish this result without hard and unremitting work in every important State.—*Baltimore Gazette.*

Major General W. S. Hancock, United States army, in addition to his present duties, has been assigned to the command of the department of the South during the temporary absence of Brigadier General C. C. Anger, United States army, on detached service in Washington.

A Suit with a Romance.

A WOMAN SEEKING A SUIT FOR FIFTY YEARS—MILLIONS OF DOLLARS INVOLVED—A MARYLAND FAMILY CONNECTION WITH THE CASE.

There is now pending in the courts of Ohio a suit involving several millions of dollars in real estate, and which, besides bringing some of the most prominent men in the country, including President Hayes, Chief Justice Waite, Judge Tilden and others, forward as contestants, has an intensely romantic history connected with it, in which a Maryland family constitute the principal characters. The story goes that some time in the year 1812 a Captain Ford, of this city, was married to one Lovey Burskirt, a widow, formerly Miss Lovey Ward, of Somerset county, Md. Shortly after his marriage Capt. Ford is said to have left Baltimore in command of a privateer, which was captured by the British, Captain Ford was taken captive and placed in Dartmouth prison, where he remained for some time, but finally escaped by tunneling his way out. He went to Sweden, and after the close of the war returned to this city, having been gone about three years. On his return he found his wife living in good style. He also found that there was an addition to his household in the person of a lovely little girl, whom his neighbors said was the captain's and Mrs. Ford's child, but whom some of the most intimate acquaintances, it is alleged, declared was an illegitimate child. The captain, and his wife, however, claimed the child as his own offspring. Capt. Ford did not long remain inactive, but soon after his return fitted out a slave and made several trips to Africa, landing his living cargoes in this country at Charleston, Savannah, and sometimes in Cuba. Returning home again his wife is said to have become jealous of him. Capt. Ford then left the house, and went West, where he located a number of land warrants, among which was one at the mouth of the Maumee river, then (1817) a wilderness, now the site of the city of Toledo. It is over the ownership of this property that the suits are pending. Captain Ford, after an absence of three years, came to Baltimore, but finding his wife determined not to let anything to do with him, he left, going to Mexico, where he entered the navy of that country, and served as a lieutenant until 1822, when he died intestate. His only kinspeople, so far as known, were his wife, Lovey, his mother and sisters, living in one of the New England States, and his so-called child, the little girl, whose name was Emeline.

In 1833 or 1834 persons from the West came here and commenced a search for the heirs of Capt. Ford. To these persons it was alleged that Mrs. Burskirt, or Ford, represented that Emeline was the legitimate and only child of Capt. Ford, and selling her dowry interest in the Toledo land to her, she caused Emeline to convey the fee, receding her to a small sum of money. There was living with Mrs. Burskirt a sister named Elizabeth Ward, who, it is claimed, begged Mrs. Burskirt to undeceive Emeline and to tell her whose child she really was, so that a fraud upon the purchasers of the property might be prevented.

Meanwhile, another party, observing the growing importance of Toledo, inquired as to the title of Ford's property, then vacant and unenclosed. After investigating to some extent Capt. Ford's life, this second party came to the conclusion that the captain had left no legitimate children, and so purchased the title of the property from Capt. Ford's mother and sisters. In the course of time it happened that Ben. Wade got an interest in the property, and some of his agents here to it that the title was clear. These agents found the marriage record of Capt. Ford and Lovey Burskirt in old St. Paul's parish record. After a great deal of fighting in the Ohio courts and between the owners of the two titles, and case was finally decided in favor of the Baltimore title, depositions having been returned to the court alleging that Emeline Ward had sworn that Emeline was the legitimate daughter of Capt. Ford and his wife Lovey.

About a year afterwards, however, Elizabeth Ward, who was then married to a man named Johnson, and was living near Marion, a few miles from Crisfield, Somerset county, Md., saw an account of the decision in a Baltimore paper, and was heard to declare that a great wrong had been committed, and that she and she alone could right it. To Mr. John H. Handy, of this city, and Mr. Hyman, a Western lawyer, who called to see her, she refused to disclose anything as to who the real parents of the child were, but persisted in saying that she had never said Emeline was the daughter of her sister, whereupon Mr. Hyman filed a petition to set aside the decree on the ground that it was obtained by forged and fraudulent testimony.

A NEW RAILROAD MOVE.—It is reported this morning that the Philadelphia, Baltimore and Annapolis Railroad Company either has leased or is about to lease the Eastern Shore railroad, and is also making preliminary arrangements looking towards the building of a branch line from the latter to extend down through Northampton and Accomac counties, Virginia. The report could not be verified this morning, but it was learned that about a dozen leading stockholders of the company went down to Crisfield yesterday, and it is understood that the object of the visit is to examine the Eastern Shore railroad thoroughly, and perhaps close the negotiations for its lease.—*Every Evening*, July 28.

A book entitled "A Treatise on the Horse and his Diseases," has been received from the author, B. J. Kendall, M. D. of Enochburg, Falls, Vt., and after a careful examination, we feel justified in commending it as a book that should be in the hands of every farmer, or horse owner. It is the work of one who knows what he is writing about, and contains a number of valuable receipts, and the price, 25 cents, places it in the reach of everybody.—*The Weekly Press* (Mich.) For sale at this office.

Items of Interest.

The Wool Clip of this year, says the United States Economist, will not exceed 235,000,000 pounds. The same authority gives the following estimate for preceding years: 1870, 232,000,000 pounds; 1871, 411,000,000; 1872, 206,225,000.—President and Mrs. Hayes have rooms for ten days in August at Manchester Beach. A number of distinguished soldiers of the Union met in New York and organized a Hancock Veteran Association.—Philadelphia Democrats, who have been split up into two hostile factions for several years, have just perfected a consolidation which promises to bear valuable fruit.—The Republican campaign in Ohio will open formally on August 23, and will be kept up with great animation till election day.—Clark, Morrison & Co.'s extensive planing mill, at Warren, Pa., was destroyed by fire on Monday with its contents. The loss is \$300,000; insurance \$100,000.—Thirty dollars per week is asked and easily obtained for board at some of the cottages at Long Branch.—Gen. Grant has accepted an invitation and is going to Boston on the last of September as the guest of the Middlesex Club.—The New Orleans Picayune says: "Mr. Charles Nathan has left for Spain to select some 100 or 200 laboring families in the northern part of that country and bring them to Louisiana to be employed on certain sugar and cotton plantations." The cotton crops of this country for 1879 and 1880 were the largest ever raised. The ten crops from 1855 to 1881, raised by slave labor, numbered 34,905,440 bales; the ten crops from 1870 to 1879 raised by free labor, numbered 41,454,743 bales.—The rice crop on the Ashpore, Cooper and Conners is represented to be in most unsatisfactory condition. The drought has been fearful, and although some heavy rains have fallen during the last two or three weeks, without more abundant showers the crops are likely to be very seriously damaged.—The estate of the late Dr. George B. Wood, of Philadelphia, an old trustee of the University of Pennsylvania, has been audited by Judge Penrose, and the consequence of the discovery that it is insufficient to pay all the bequests made, the legacies bequeathed to the university will be decreased fully \$100,000.

MISTAKING HIS WIFE FOR A DOG.—Ephraim Miller of Hampton Pa., has a great terror of dogs. Recently his wife was returning home from a neighbor's after spending the evening there. The night was very dark. Miller stopped to put up the bars of a fence around his yard. Mrs. Miller walked on toward the house. She wore a white apron. When her husband started to follow her he saw what he supposed was a big white dog running along ahead of her. He shouted to his wife to look out for the dog. She became frightened, and turned and ran back toward her husband. He could only see her white apron, which he had taken for a dog. As this came rapidly toward him he supposed the dog was about to attack him. He drew his revolver and fired. He killed his wife.

THE ALLEGED SPANISH OUTRAGE.—The owners of the American schooner Ethel A. Merritt, which was recently fired upon at sea by a Spanish war vessel, have, in reply to a request from the State Department at Washington for information as to the distance from shore at which the firing took place, forwarded affidavits of Capt. R. and first mate Barr. The affidavits state that on the 30th of May last the gunboat was seen between the schooner and the Cuban coast, towards which they were heading. The vessels continued to approach each other for about three-quarters of an hour before the gunboat reached the schooner. The captain and mate are positive that when they were first upon the water more than six miles from the Cuban coast. The Enrica P. Newcomb was least twelve miles from shore when reached by the gunboat.

A CONVENTION is to be held in October next for the purpose of taking into consideration the means of reviving American shipping. There are two methods proposed. The proper method is to remove all the legal disabilities under which ships are bought and sold and sailed, and to take the tariff of material used in shipbuilding. The improper method is to subsidize lines of steamers owned by great monopolies, so that what they lose in competition with untaxed foreign rivals shall be made up to them out of the pockets of the American people. Both these methods have influential advocates. One party desires to restore the commercial prestige of the United States; the other party desires to line its own pockets.

A NEW RAILROAD MOVE.—It is reported this morning that the Philadelphia, Baltimore and Annapolis Railroad Company either has leased or is about to lease the Eastern Shore railroad, and is also making preliminary arrangements looking towards the building of a branch line from the latter to extend down through Northampton and Accomac counties, Virginia. The report could not be verified this morning, but it was learned that about a dozen leading stockholders of the company went down to Crisfield yesterday, and it is understood that the object of the visit is to examine the Eastern Shore railroad thoroughly, and perhaps close the negotiations for its lease.—*Every Evening*, July 28.

A book entitled "A Treatise on the Horse and his Diseases," has been received from the author, B. J. Kendall, M. D. of Enochburg, Falls, Vt., and after a careful examination, we feel justified in commending it as a book that should be in the hands of every farmer, or horse owner. It is the work of one who knows what he is writing about, and contains a number of valuable receipts, and the price, 25 cents, places it in the reach of everybody.—*The Weekly Press* (Mich.) For sale at this office.

FROM DR. S. J. BELL, Baltimore, Md. I have prescribed Colman's Liable Liquid Extract of Root and Tonic in various cases, and cheerfully state that it has met my most sanguine expectations, giving to patients long enfeebled by chronic disease, debility, weakness, loss of appetite and indigestion, the needed nutrition and nerve food. Sold by all druggists.

DR. TANNER, who has started out to do for four days, entered his thirty-fourth day to-day at noon.

News of the Day.

Col. Charles Glanz, a leading citizen of Eastern, Pa., and president of the General Hancock and English Club, of that city, died Sunday last. He was Consul of Stettin under the Buchanan administration, and during the war commanded the 18th Pennsylvania regiment.

The greatest pigeon flying on record in this country was done Sunday, a New Jersey bird having made the distance between Columbus, Ohio, and Jersey City Heights in less than five hours, the distance being five hundred miles. The best railway engineer on the same route must acknowledge himself beaten.

The Spanish Bull fighters, who propose giving in New York at an early day specimens of bull-fighting as conducted in Spain visited the stock yards at Long Island last week and selected and purchased six Texan steers, who were put through a course of trial and proved to have all the savage elements necessary to illustrate the favorite Spanish amusement for the entertainment of the expectant New Yorkers.

In his speech at the Democratic meeting held at Staunton, Va., on Monday, Senator Hampton expressed himself strongly in favor of consolidation of the Democracy under the Hancock and English banner. He had nothing to say of the local disputes of Virginians, but appealed to them as Democrats to see to it that the vote of Virginia was not cast for Garfield through differences in the Democracy.

A large number of the peach orchards on the peninsula have been sold to speculators at from 30 to 40 cents per basket, delivered at the nearest station along the Delaware river, and a some of the growing the year varieties have disposed of them at 60 cents to owners of canning establishments. A number of new drying or evaporating buildings have been erected along the line of the road, and it is expected that the demand from them will prevent the loss of fruit which becomes too ripe to ship.

The colored vote in the South seems to be losing its cohesiveness. A case in point is the democratic primary election at Augusta, Ga., last Friday, for delegates to the Democratic State Convention, in which 595 colored men cast their ballots after pledging themselves to vote for the democratic nominees for State officers, who were they might be. Of these 595 colored voters, 575 voted for the ticket pledged in favor of the renomination of Gov. Colquhoun, who is a great favorite with the colored people. In Alabama there are many colored democratic clubs, numbering several hundred each, pledged to vote the democratic ticket.

The New York park commissioners have failed to take any positive steps in regard to designating a site for the Egyptian obelisk, and it remains on the Desouk, the vessel which brought it across the water. Col. Stedman, who was largely instrumental in securing the obelisk for New York, is very much displeased with the dilatory action of the park commissioners. He has selected as a site a rocky knoll in Central Park, surrounded with trees, between the last drive and the old reservoir wall. It is claimed by Col. Stedman that if action is much longer delayed the Desouk may be ordered to Washington and the obelisk turned over to the United States authorities there.

The New York Tribune pays a handsome compliment to Mr. John Kelly. It says: "He is a strong partisan and a thorough believer in democratic methods of dividing spoils; yet he is unquestionably honest in administering the duties of his office. There has been no scandal in the controller's office while he has been at the head of it, and no one has charged him with dishonesty. This is a democratic city, and we must submit to have our city and county finances in the control of the party." The New York Commercial Advertiser, also republican, indorses the Tribune's compliment, pronouncing Mr. Kelly "a man of high character and firmness, and expressing the opinion that "the taxpayers might have cause for regret if a change were made in the Tammany Hall Boss."

The secret meetings of the Democratic and Greenback State committees of Maine, Tuesday, resulted in a determination to fuse as far as possible. The following Greenback electors were nominated: Solon Chase, of Turner; Benjamin Bunker, of Ellsworth; J. T. Turner, of Portland; and Charles R. Whidden, of Calais. The State is to be flooded with speakers. A large amount of money is to be raised and expended and an aggressive campaign will be fought. The Democratic committee voted to have Samuel Watts, of Thomaston, withdraw as a candidate for elector. Mr. Watts is not present and another meeting will be held, at which he will be formally requested to resign or accept the alternative of being abandoned.

An alarming accident occurred at State Tobacco Warehouse No. 2, on Frederick-street, Baltimore, Monday morning, by which five men were severely injured. It appears that James F. Kershaw, No. 235 Gough street; John Denton, Fourth Gilman, street; Carl Weismann, Tom Alton, J. Trotter and John Fowler, the last named four from Calvert county, were descending from the fourth floor on an elevator on which there was a hoisthead of tobacco. They found that they were going down too rapidly and tried to stop the elevator, but the brake would not work and they were precipitated to the ground floor with great violence. Weismann saved himself from injury by jumping off to the floor, but the others were all more or less injured. Denton had his lower teeth driven into his upper jaw, and Kershaw was badly out about the head. The injuries of the other men were severe but not serious. Dr. Wilbur was sent for and rendered medical assistance, after which the men were sent to their homes, those from Calvert county to their boarding-house on Sharp street.

Political Notes.

Hon. W. A. Guthrie, a leading North Carolina Republican, has declared for Hancock.

Several Republican organizations in Boston have left Gen. Arthur's name off their banners to express their disapproval of his nomination.

Giles B. Jackson, a well-known colored politician of Richmond, Va., has taken the stump for Hancock and English.

The Charleston News compares the result of republican rule in South Carolina with that of the Democrats. "The average yearly State taxation from 1868 to 1876 was \$1,298,506; from 1876 to 1879, \$490,884.

Mr. George Wilkes, editor of Wilkes's Spirit of the Times, and a Republican since the organization of that party, says he "will take pleasure in voting for Hancock as a man without stain and equal to the presidential station."

John T. Long, of St. Louis, one of the most intimate friends of Gen. Grant in the West, and a leading Republican, says he shall vote for Hancock, and that he has many political friends who will do the same.

All along the line the intelligence comes that the Democrats are closing up their ranks. Tammany has laid down the hatchet; peace has been patched up in Philadelphia, and in Massachusetts amicable overtures have been tendered which are expected to bring most satisfactory results, and everywhere personal prejudices are being sunk for the general good of the party.

A CARD.—To all who are suffering from the terrors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you. Free of Charge. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. Joseph T. Inman, Station D, New York City. 1-241-y.

NEW ADVERTISEMENTS.

TRUSTEE'S SALE
—OF—
Valuable Land!!

BY VIRTUE OF A Deed of Trust from Jas. W. T. Phillips and Elizabeth Phillips, his wife, I will sell on

Saturday, August 28th, 1880,
AT 2 O'CLOCK, P. M.,
In front of the Peninsula Hotel, in Salisbury.

ALL THAT LAND
situated in Wetpaw Neck, Wicomico Co., Maryland, belonging to and occupied by the said James and Elizabeth Phillips, containing

175 ACRES OF LAND.
The land is sold free of all incumbrances.

TERMS OF SALE.—\$500 cash, balance in 6 and 12 months, with note and security endorsed to the satisfaction of

HUTTON-HUMPHREYS,
July 31-18
Trustee.

Trustee's Sale
—OF—
PERSONAL & REAL ESTATE.

BY VIRTUE OF an order of the Circuit Court for Wicomico county, the undersigned as Trustee of George D. A. Traversa, deceased, will offer at Public Sale at the

Residence of the said Traversa, in Tyaskin District, Wicomico Co. Md.,
On Wednesday, August 11, 1880,
AT 2 O'CLOCK, P. M.,

The Personal Property
belonging to G. A. D. Traversa, consisting of
3 Horses, 1 Four-Wheel Buggy, 1 Horse Cart, 1 Reaper, Sheep, Hogs Farming Utensils, &c.

On conclusion of the sale of the personal property the Trustee will then offer at public sale at the same place,

THE FARM
where the said Traversa is now living, containing

Mails Open: 1:15 P. M. North, 2:30 P. M. South.
Office open from 8:15 A. M. to 6:15 P. M.

NOTE.—All Original Matter for the paper must be sent in by THURSDAY MORNING, except late news items not sooner known.

TOWN AND COUNTY ITEMS.

We have had a sufficiency of rain at last.

WATERMELONS are plentiful and cheap.

A GREAT many strangers have been visiting Salisbury this week.

Two vessels will leave here next Saturday for Deal Island camp.

Two new street lamps have been put up in California, which was badly needed.

BUY Dr. Kendall's Treatise on the Horse. For sale at this office. Price 25 cts.

HORSE owners cannot afford to overlook the wonderful success of Kendall's Spavin Cure.

ONE of the heaviest rains that has visited this section for sometime fell on Sunday last.

JUDGE WILSON arrived in this town on Sunday evening last, en route for Cambridge Court.

TO-DAY is the last day the School Board will receive applications for Principal of the High School.

We would call attention to the new advertisement of Humphreys & Tilghman in another column.

The puny Wagner, Capt. Wm. Stenon, left on Wednesday night last for New York, loaded with melons.

The schooners Humphreys and Elliott arrived this week, loaded with coal for Messrs. Humphreys & Tilghman.

MR. W. M. TARR, a native of this town, but recently employed on the Cape May River, is now home on a visit.

MISS DARY HARRIS, of Philadelphia, has returned to her home after a pleasant visit to her friends in Salisbury.

MISS L. O. MONROE, of Alexandria, Va., has been on a visit to Miss E. McCallister, of Salisbury, for two weeks.

ANTON keeping a horse will find it to his advantage to buy a bottle of Kendall's Spavin Cure. Read advertisement.

COL. LEVIN WOOLFORD, State Tax Commissioner, was in Salisbury yesterday, and paid a call to our Sunbeam.

He is looking well.

His fellow who broke the State got over in Dorset last Monday, and it is feared that he may send his boomerang around in Somerset soon.

EVERY man in the land should know the value of Dr. Bull's Baly Syrup, and never be without it. It is free from opiates. Price 25 cts a bottle.

MOUNT VERNON district, in Somerset county, has but two land renters in it, although persons own their houses. This is a degree of independence rarely found.

MARRIED at Nanticoke Point, Tyasick district, on the 14th inst., by the Rev. E. H. Hyson, Mr. Sydney S. Street and Miss Maggie T. Lewis, both of this county.

COL. SAMUEL HAMBLETON, of Talbot county, Maryland, returned home from Ocean City this week. He is much pleased with the place and its improvements.

OUR young friend William P. Bradley, formerly employed in this office, but now of the Times Printing House, Philadelphia, has been on a visit to our town this week.

UNITED in marriage on the 14th inst., at the M. E. Parsonage, at Fruitland, by the Rev. W. L. P. Bowen, Mr. William Jones and Miss Jennie Hopkins, all of this county.

THERE will be a picnic held at Silom M. E. Church, Fruitland Circuit, on Tuesday, August 3rd, the net proceeds to be applied to enclosing the church. All are invited.

WE received a call last week from the celebrated trumpeter Jack McGinty, otherwise known as "Texas Jack," who has gone through every State in the Union.

DR. RUDOLPH B. BROWN, of Baltimore city, has been visiting Salisbury this week, stopping with F. Jackson and lady at the house of Mrs. T. B. Smith, on Walnut street.

WE again remind our friends that a bushel of good wheat pays for the ADVERTISER one year, and as many of our delinquents have wheat they will please bear this in mind.

THE man who has more brains than Daniel Webster (A. F. Merick) has been sojourning in town this week. It takes an 18 inch hat to cover the head of Frank, and he is no fool, either.

THE schooner T. B. Taylor returned on Monday evening after a week's cruise down the Chesapeake. The excursionists had a glorious time, only a little wet. It rained five days out of eight, but Norfolk is a good place to keep dry.

CAPT. ADOLPHUS G. BROWN, of the schooner Little D. Eberton, will take passengers from Salisbury to the Deal Island camp, leaving Salisbury at 7 o'clock A. M., Saturday morning, August 7th. Passage round trip \$1.00. Passengers on the Wilmington river will be taken on board by signaling the schooner. This will afford our people a pleasant trip on the mills.

If your baby is sick, suffering and crying with pain of cutting teeth, soothe it with Dr. Bull's Baby Syrup, which does not contain opium or anything injurious. Price 25 cts a bottle.

J. A. WRIGHT, M. D., desires to inform the people of this county that he has located at Quantico for the practice of his profession. He graduated at the University of Maryland School of Medicine, and will promptly attend to all calls.

COL. L. SHAW, of Worcester county, invited a number of gentlemen out to his mansion, about a mile from Ocean City, one day last week to dine with him, among whom were Governor Wm. T. Hamilton, Hon. Wm. Walsh and others.

SEVERAL of our young people are anxious to attend some of the hops at Ocean City, and will do so, provided the train will remain at Ocean City to return them to Salisbury after the hop is over. If the arrangement can be perfected we have no doubt that many will avail themselves of the opportunity.

A PORTION of the wharf belonging to Mr. Sydney Parsons, near the Pivot Bridge, gave way on Sunday last. During the main on that day the large quantity of water running down our streets and settling upon the wharf loosened the sand and caused it to move several feet from its position. The damage done is about \$200.00.

ONE more unfortunate being found a home in our jail on Wednesday last. John Stewart, colored, while swearing at a fearful rate on the street, was arrested by Bailiff Kennedy, taken before a Justice of the Peace and fined \$3, for which, in default of payment, he was incarcerated in jail. This is the first case we have heard of under the new law.

SEVERAL of our people were disappointed on Tuesday last. There was a rumor about the early part of the week that an excursion train would be run from Salisbury to Ocean City Thursday, remaining at the latter place until 10 o'clock P. M. Several of our people made preparation to go, but were disappointed.

LEVIN GRAY, colored, who lives just outside the incorporate limits of this town, was lodged in our jail on Tuesday last. It appears that he accused some persons of entering his watermelon patch, which they denied, whereupon he assaulted them. He was taken before a Justice of Peace, found guilty and fined and upon a failure to pay it was sent to jail.

LIST OF LETTERS remaining in the Salisbury, Wicomico County, Md., post-office July 30, 1880.

M. W. Bailey, John W. Carey, Thaddeus W. Dykes, N. S. Fifer, Mrs. Margaret Gordy, Wm. W. Herron, Miss Rita Hastings, Jacob W. Nickols, Mrs. Maggie Smith, Mrs. Sallie E. Scott.

Persons calling for any of the above named letters will please say they are advertised. W. H. CATHELL, P. M.

It was once said that the men who stayed at home made men worth seeing. Our townsman, Frederick Hastings, (better known as Hard Times) ought to have a beautiful place, inasmuch as he is 63 years old and has never been forty miles from home. He never saw a stream of water larger than the Wicomico or Nanticoke, never sailed on board a steamship, and for all this he is sometimes called Frederick the Great.

LAST Saturday was a gala day for the people of Parsonsburg and vicinity. It was the day appointed by the Sunday School for their picnic, and many hearts were filled with sadness and disappointment when they saw how hard it was raining early in the morning. The shower did not last long, however, and the sun shined forth brightly. Soon after the people began to gather in the woods, and in the afternoon it was estimated that there were at least six hundred persons on the ground. Rev. S. T. Gardner, of Delmar, made an excellent speech, and amply repaid all for going: The Delmar brass band was on hand to furnish music, with which the people were delighted. Everything passed off pleasantly besides leaving a surplus of money in the treasury of the Sunday School.

A LITTLE excitement occurred on Main street last Saturday night, occasioned by a difficulty between Charles Parsons and Thomas Byrd, both colored. It seems that Byrd had tried several times during the evening to provoke Parsons sufficiently to cause him to fight, which Charlie refused to do, and Byrd struck him several times and attempted to cut him. At last, patience ceasing to be a virtue, Charlie stooped down, and picking up something from the gutter, dealt Byrd a powerful blow upon the side of the head, which felled him to the pavement senseless, when he was at last taken up and carried to his home. The wound was a very ugly one and bled profusely. On Monday they were arraigned before Justice Fooks, and Byrd was fined \$2 and costs, which, upon a failure to pay, he was taken to jail.

IN our walks around town yesterday our attention was called to an examination of a monument at the marble yard of Messrs. Ellis & Doward, of this town, just completed, and to be taken to Cambridge, Md. It is of Italian marble, 12 feet high, 3 feet 4 inches square at base. On the sub-base in large letters the name "Radcliffe" appears. Higher up on a beautifully polished die the words follow: "James S. Radcliffe, born March 28th, 1793, died August 18, 1851." "Margaret Radcliffe, born March 11th, 1798, died February 7, 1879." On the reverse side the following inscription occurs: "Jas. H. born January 27th, 1829, died March 17, 1864." "Geo. W. born January 22nd, 1828, died May 29, 1864, sons of James S. and Margaret Radcliffe." "This monument is a fine specimen of art, and does great credit to our townsmen, Ellis & Doward."

THE crops in Wicomico this season are as good, and perhaps better, all things considered, than they have been for many years before. The wheat crop was more than an average one, and the corn bids fair to be the heaviest for many years. The melon crop is an abundant one, while prices are quite low. The berry crop was short, but commanded good prices. The potato and pea crops were short, yet some money was realized from both. The hay crop, which is always short, was perhaps more so this year; perhaps more noticed because more was sown than usual. Oats were a failure, yet altogether the general yield of the soil of Wicomico for 1880 has been a good and bountiful one. We have great cause to be grateful to a kind Providence for His abundant goodness.

A SERIES of conjunctions of planets with the moon are now taking place. Last Tuesday night Jupiter was in conjunction with the moon, Wednesday night Saturn was in conjunction with the same heavenly body, and on Thursday night was followed in turn by Neptune. This was a most interesting astronomical spectacle. Jupiter is the fifth planet in order of distance from the sun, and by far the largest and most massive of all the members of the solar system. As compared with all the other planets Jupiter is not merely first in mass, but he more than outweighs them taken all together. The planet Saturn is the sixth in order of distance from the sun, and the third of the superior planets. In volume he exceeds the earth 700 times. Neptune, so far as is yet known, is the most remote from the sun of all the members of the solar system.

STATE AND PENINSULA ITEMS.

Cecil county reports a big wheat yield.

The political pot is bubbling on the Eastern Shore.

Fruit evaporators will be very plentiful in and around Smyrna this season.

CORN is about all laid by now and cutting bushes and ditching are now in order.

Caroline county, Md., is said to be filling up with Northern settlers, who are buying farms.

A HANCOCK and English flag will be "fired" to the breeze in Crisfield ere many days.

PROF. T. H. BREWER has been elected Principal of Cambridge Male Academy. A good selection.

It is stated that Walter Dixon, Esq., will receive the appointment of Principal of Crisfield High School.

THERE was a heavy hail storm in Caroline county, Maryland, last week which flattened down whole fields of corn.

A COLORED Camp-meeting will be held in Holland's Woods, near Marion Station commencing August 6th and ending August 14th.

PREVIOUS to the rains of this week Cecil county mill ponds were so low that many mills could not run more than one or two days of a week.

It is believed that the tramp law, passed at the last session of the Legislature, has had a tendency to keep many vagabond wanderers out of Delaware.

THE Greenbackers of Sussex county are lighting their camp-fires along the line. Meetings are being held, and addresses made by prominent speakers.

Tux Junction and Breakwater Railroad is prepared to pay all claims for baggage destroyed in the car recently burned as soon as a proper adjustment can be made.

ONE hundred and forty-four tents are erected on the Camden camp grounds, and about the weather been good there is no doubt that there would have been many more, but the heavy rains have deterred many from tenting.

EASTON's paper mill is being erected. When completed it will give employment to 40 hands, and consumed all the surplus straw of the neighborhood. This is a good move, and if more of the money men would back up enterprises of this kind, this Peninsula would soon blossom.

THE Governor has appointed Hon. John Merryman and General Edmund L. F. Hardeste commissioners, and Hon. John Ridgely and Henry McShane alternate commissioners, to represent this State at the United States International Exhibition to be held at New York in 1883.

THIS annual pony penning will take place on Chincoteague Island on Friday, August 6th, at which time sales will be made, both at private sale and public auction. Some good ponies will change hands. Fishing and gunning will also be indulged in. This occasion draws to the Island many people from abroad.

THE contest for the Democratic nomination for Sheriff in Sussex county is becoming warm. Messrs. J. M. Houston and John W. Short, both of Dagoboro, and bitterly opposed to each other, are candidates for the nomination and are making an active canvass for it. Beyond their bitter contest some other man will probably slip in and carry off the contested prize.

THE republicans of Dorchester are to have a ratification meeting on a grand scale in Cambridge on the 24th of August. J. Morrison Harris, Creswell and other distinguished men of their party are to be here, and also an excursion from Baltimore on that day will bring down the celebrated Blues' band. They expect to have a rousing time, but Dorchester will remain for Hancock all the same.—News.

DR. GEO. W. MAULL, of Georgetown, has been practicing his profession in and about that village for the past fifty years, and it is estimated that he has ridden over 100,000 miles of country road, while discharging the duties of his profession. On the completion of the half century, Dr. Richards presented his old friend and professional brother with a handsome physician's pocket case of the latest pattern.

PROF. R. A. EARLE, agent for collecting fish statistics along the Atlantic coast for the census and Fish Commission, has completely succeeded with his experiments in hatching the spawn of Spanish mackerel, discovered by him recently in Mobjack Bay and in great abundance on the Oriskany side of the Chesapeake, and will now a full and complete report of his work to Professor Baird, of the Smithsonian Institution, and Fish Commission. It is probable that one hundred million young fish will be placed in the Chesapeake next fall, and a permanent hatching station established at Crisfield.

As Judge Levi D. Travers, of Taylor's Island, was on his way to Cambridge last Tuesday morning, when about a mile beyond Tobacco Creek, several pistol shots were fired at his carriage from the rear by some unknown party or parties. It was raining at the time, and the carriage being closely curtained, the Judge was unable to discover his assailants, and thought it better to hurry on rather than stop to ferret out the matter, he being totally unarmed at the time. For the sake of law and order in our county let us indulge the hope that there may be some mistake about this matter, and that there was no real intention to injure Mr. Travers.—Cambridge News.

THE Rev. Mr. Chalney, pastor of the First Unitarian Church, in Cambridge, Mass., becoming infected with rationalistic views, recently startled his congregation by a declaration that he had lost his faith in God; that public prayer by him was mockery; that the hymn-books of the church would serve a better purpose, if sold for waste paper, and that, if he continued his ministry, it must be on that basis of belief. Mr. Chalney was a member of Reed Mason Lodge, and for some years was its chaplain. He was arranged before the lodge, his sermons were placed in evidence, and he was well known for "un-Masonic conduct," in "uttering false theories, doubts and opinions." Two other Masons who indulged expressions of like belief are expecting to be expelled, and one has already been summoned for trial.

A Tag democratic congressional convention met in Cambridge, Dorchester county, on Monday last, and adopted the following resolutions by acclamation:

"First, That the Hon. Daniel M. Henry is the unanimous choice of this convention for Congress."

"Second, That Hon. Daniel M. Henry be and he is authorized to select the delegates to represent this county in the congressional convention."

Thereupon Mr. Henry named the following delegates: Edward W. Leecombe, Henry Lloyd, Thomas C. Ross, George P. Jones, Wm. S. Sherman, Wm. T. Johnson, George J. Meekin, and Samuel W. Woolford. This delegation was selected by acclamation. There are rumors of dissatisfaction in regard to the manner of selecting the delegation.

A DISASTROUS fire has been burning in a cypress swamp this week which for miles around has enveloped the country in smoke. The flames spread over a tract of timber land 7 miles long by 3 wide, the property to Mary Sue Gum and John Mumford, and consumed in addition to the standing trees about 50,000 cedar stumps. The rails belonged to the heirs of Elisha Long. A large tract of pine timber, belonging to Elisha Hudson, was also burned, and a maple thicket of 75 acres, the property of Manassah Gum, was destroyed. The loss on the last mentioned tract is estimated at \$30 per acre. A large number of hogs and cattle were burned to death and a dwelling house and several out buildings were more or less damaged. The turf for eighteen months lies on the surface in the burned territory is still on fire.—Georgetown Inquirer.

The democratic convention to send delegates to the congressional convention for the second district of Maryland, which assembled at Westminster the 9th of September, met at Elkton, Cecil county, on Tuesday. The convention organized by selecting Henry S. Couden chairman and Henry L. Physick secretary. Colonel John M. Miller, B. F. Chambers, Dr. James A. Mearns and Dr. R. R. Crothers were chosen delegates.

THIS closes one of the hottest political contests ever witnessed in this county. Mr. W. S. Evans's candidacy was supported by Senator Groomer, ex-Speaker Hiram McCullough, ex-State Senator Knight, together with a number of local politicians. The opposing candidate, Mr. Henry S. Couden, was secured a solid defeat, having carried six of the nine districts of the county.

THE Peninsular editors will meet at Ocean City on Wednesday, August 11th. It is desired that there be a full attendance, as new officers are to be elected, and other business of importance transacted. We should like to see the association placed upon a more solid foundation than it is at present, and we hope this coming annual meeting will bring out at least one representative from every newspaper on the Peninsula. We believe there are fifty papers published between the bays, and if a reasonable amount of interest was taken in the association it could be made to take rank with other press associations that are, in many ways, of much advantage to those composing them. Let us take a fresh hold, as it were, and let this annual meeting of 1880 be the beginning of new life and vigor in the history of the Peninsular Press Association.—Middleton Transcript.

A FREDERICK correspondent speaks of Barrett's chapel, near that place, as follows: "Built in 1780, in the stormy days of the Revolution, when the fate of the struggling colonies was still trembling in the balance, it is said to be the first Methodist church built on the Peninsula; certainly the first below Wilmington. It was here, according to tradition, that the triumvirate of celebrated divines, Wesley Asbury and Whitcomb, met and embraced each other. This old church was once a great landmark of Maryland. The stately meetings were like camp meetings of the present day; the people came for miles around, and the church being unable to hold the immense throng, hastily improvised stands were erected or wagons utilized in the adjoining grove and often as many as three sermons were going on at the same time. But now other churches have been built, and the membership, its glory has departed, and it is mainly hallowed for its association and for the country where repose the remains of the ancestors and loved ones of the present generation for many miles around."—Milford News.

ON Thursday last George Callahan, aged about 15 years, and son of G. W. Callahan, who resides upon the land of Mrs. Washington Rhodes, near Queens-town, in this county, went to Miss Sallie Harris' mill with a wagon. While waiting for it to be ground he went up stairs, and was least of sight by the miller, who was busily engaged attending to his duties. In the upper part of the mill is a post with a cog-wheel at the upper end, which revolves at the rate of about 120 revolutions to the minute. Close to the post is a boxed-up arrangement for screenings to run through. The boy, apparently not aware of the dangerous undertaking, attempted to climb the revolving post, and in doing so got his clothing entangled in or wrapped around it. The motion was so rapid that he became giddy and let go for the purpose of sliding down to the floor, but instead of doing this the post whirled him against the box "thrash, thrash," repeatedly, smashing his skull and brains upon the floor and surrounding objects. The miller, who was below, heard the thrashing of the boy as he was being hurled against the box, stopped the mill, and hurried up stairs, but before reaching the boy he was met by some other boys who had witnessed the horrible accident and informed him of it. When he reached the boy he found him prostrate upon the

floor a horribly mangled and disfigured corpse. His body was taken up and his parents informed of the unfortunate calamity. The community was horrified at the sickening details, the boy being quite well known and favorably regarded by his neighbors.—Cambridge Over-

THE VOICE OF THE PEOPLE.

MR. VERNON, MD., July 27, 1880.

MR. EDITOR:

One of the most terrific storms within the knowledge of our oldest inhabitants visited this place on Thursday of last week, which swept everything in its range. It either capsize or blew on shore every vessel, boat or canoe at or near the mouth of the Wicomico river, which caused considerable loss. On the land it tore up the growing crops, fences and trees to a fearful extent.

The storm seemed to centre with its greatest fury at California. It struck the store-house of J. S. Webster, a structure 40x24 feet, blowing down every tree around it, and then commenced on the house by taking off the flag staff and both chimneys, and hurled out every window in the upper story, breaking out both sash and glass, and the drop doors in the roof. Several families left their houses and fled before the fury of the storm. It blew down one house owned by Mr. Wm. Sims, and a chimney for Capt. Blake, with numerous other casualties, while on the river it capsize the schooner "Virginia Kate" and "Ben Franklin" and many large canoes, all at anchor, and landed on the shore every other vessel in that part of the river. It also reached Dame's Quarter, and capsize several vessels and boats. Strangers to say, there was no wind at Nanticoke Point, only a few miles to windward, nor did it reach up to the hills. It looked like a wave of water sweeping over the earth, and was attended with constant thunder and lightning. All the fruit trees that were not blown down had all the fruit blown off. We don't know what to call it, either gale, storm, hurricane, typhoon or cyclone.

V.

WHERE TO BUY.

THE PROPERTY FOR SALE.

My residence known as "Maple Hill," is now for sale. This property is situated in front of the depot, and is one of the most desirable places in Salisbury. Its surroundings are good, making it healthy and a most desirable place to live in. It can be bought on very reasonable terms. For further particulars apply to J. W. Pennell, Salisbury, Md.

A visit to the cheap boot and shoe store of H. S. Brewington would pay our visitors for their trouble. A few persons are not aware of this low priced good store as kept here. We advise all our readers to call and examine prices before buying goods in this line. E. H. Smith.

NEW ADVERTISEMENTS.

Sheriff's Sale!

BY VIRTUE of writs of fieri facias issued under the authority of the Hon. the Circuit Court of the United States for the District of Maryland, one at the suit of E. Stanley Toddvin and John T. Hammond, against the estate of the late William Toddvin, one at the suit of E. E. Jackson, Adm. of the estate of the late William Toddvin, and against the goods and chattels, lands and tenements of JAMES R. BOUNDS, and to me directed, I have levied upon, seized and taken in execution all the right, title, interest and estate of the said JAMES R. BOUNDS, in and to the following property, to-wit: A Tract of Land called

"BOWER HILL,"

Containing 253 Acres of Land,

Also "Bower Hill" No. 2, 55 Acres, and Improvements, & Interest of Grist Mill Seat, known as "Restawick Mills,"

1 Horse, 1 Pair of Mules, 2 Cows, 1 Yoke of Oxen, 10 Sheep, 10 Hogs, 1 Carriage, 1 Ox Cart, 1 Horse Cart, 1 Timber Cart, 1 Wagon, 1 Thresher, 4 Beds, Household and Kitchen Furniture.

As the property of the defendant.

And thereby give notice that on Saturday, August 14th, 1880, at 10 O'CLOCK, P. M., at the Court House Door in Salisbury, I shall proceed to sell the above property in execution FOR CASH, to satisfy said writ and costs.

JOSHUA H. TRADER, Late Sheriff.

ORDER NISI.

Mary E. Williams and Others, vs. Belle Williams and Others.
